- (5) During each consecutive year of employment, staff members must complete 12 hours of training in children's mental health issues.

c. Consumer-specific information. The following information must be written, current, and accessible to the respite provider during service provision:

- (1) The consumer's legal and preferred name, birth date, and age, and the address and telephone number of the consumer's usual residence.
- (2) The consumer's typical schedule.
- (3) The consumer's preferences in activities and foods or any other special concerns.
- (4) The consumer's crisis intervention plan.

d. Written notification of injury. The respite provider shall inform the parent, guardian or usual caregiver that written notification must be given to the respite provider of any recent injuries or illnesses that have occurred before respite provision.

e. Medication dispensing. Respite providers shall develop policies and procedures for the dispensing, storage, and recording of all prescription and nonprescription medications administered during respite provision. Home health agencies must follow Medicare regulations regarding medication dispensing.

f. Support of crisis intervention plan. As a condition of providing services under the children's mental health waiver, a respite provider shall develop and implement policies and procedures for maintaining the integrity of the individualized crisis intervention plan as defined in 441—24.1(225C) that is developed by each consumer's interdisciplinary team. The policies and procedures shall address:

(1) Sharing with the case manager and the interdisciplinary team information pertinent to the development of the consumer's crisis intervention plan.

(2) Training staff before service provision, in cooperation with the consumer's parents or legal guardian, regarding the consumer's individual mental health needs and individualized supports as identified in the crisis intervention plan.

(3) Ensuring that all staff have access to a written copy of the most current crisis intervention plan during service provision.

(4) Ensuring that the plan contains current and accurate information by updating the case manager within 24 hours regarding any circumstance or issue that would have an impact on the consumer's mental health or change the consumer's crisis intervention plan.

g. Service documentation. Documentation of respite care shall be made available to the consumer, parents, guardian, or usual caregiver upon request.

h. Capacity. A facility providing respite care under this subrule shall not exceed the facility's licensed capacity, and services shall be provided in a location and for a duration consistent with the facility's licensure.

i. Service provided outside home or facility. For respite care to be provided in a location other than the consumer's home or the provider's facility:

(1) The care must be approved by the parent, guardian or usual caregiver;

(2) The care must be approved by the interdisciplinary team in the consumer's service plan;

(3) The care must be consistent with the way the location is used by the general public; and

(4) Respite care in these locations shall not exceed 72 continuous hours.

This rule is intended to implement Iowa Code section 249A.4 and 2005 Iowa Acts, chapter 167, section 13, and chapter 117, section 3.

¹ December 15, 2002, effective date of 77.37(14)“e”(2) and 77.39(13)“e” delayed 70 days by the Administrative Rules Review Committee at its meeting held December 10, 2002; at its meeting held February 21, 2003, the Committee delayed the effective date until adjournment of the 2003 Session of the General Assembly.

CHAPTER 78
AMOUNT, DURATION AND SCOPE OF
MEDICAL AND REMEDIAL SERVICES

[Prior to 7/1/83, Social Services[770] Ch 78]

[Prior to 2/11/87, Human Services[498]]

441—78.1(249A) Physicians' services. Payment will be approved for all medically necessary services and supplies provided by the physician including services rendered in the physician's office or clinic, the home, in a hospital, nursing home or elsewhere.

Payment shall be made for all services rendered by a doctor of medicine or osteopathy within the scope of this practice and the limitations of state law subject to the following limitations and exclusions:

78.1(1) Payment will not be made for:

a. Drugs dispensed by a physician or other legally qualified practitioner (dentist, podiatrist, therapeutically certified optometrist, physician assistant, or advanced registered nurse practitioner) unless it is established that there is no licensed retail pharmacy in the community in which the legally qualified practitioner's office is maintained. Payment will not be made for biological supplies and drugs provided free of charge to practitioners by the state department of public health. Rate of payment shall be established as in subrule 78.2(2), but no professional fee shall be paid.

b. Routine physical examinations. Rescinded IAB 8/1/07, effective 8/1/07.

c. Treatment of certain foot conditions as specified in 78.5(2) "a," "b," and "c."

d. Acupuncture treatments.

e. Rescinded 9/6/78.

f. Unproven or experimental medical and surgical procedures. The criteria in effect in the Medicare program shall be utilized in determining when a given procedure is unproven or experimental in nature.

g. Charges for surgical procedures on the "Outpatient/Same Day Surgery List" produced by the Iowa Foundation for Medical Care or associated inpatient care charges when the procedure is performed in a hospital on an inpatient basis unless the physician has secured approval from the hospital's utilization review department prior to the patient's admittance to the hospital. Approval shall be granted only when inpatient care is deemed to be medically necessary based on the condition of the patient or when the surgical procedure is not performed as a routine, primary, independent procedure. The "Outpatient/Same Day Surgery List" shall be published by the department in the provider manuals for hospitals and physicians. The "Outpatient/Same Day Surgery List" shall be developed by the Iowa Foundation for Medical Care, and shall include procedures which can safely and effectively be performed in a doctor's office or on an outpatient basis in a hospital. The Iowa Foundation for Medical Care may add, delete, or modify entries on the "Outpatient/Same Day Surgery List."

78.1(2) Drugs and supplies may be covered when prescribed by a legally qualified practitioner as provided in this rule.

a. Drugs are covered as provided by rule 441—78.2(249A).

b. Medical supplies are payable when ordered by a legally qualified practitioner for a specific rather than incidental use, subject to the conditions specified in rule 441—78.10(249A). When a member is receiving care in a nursing facility or residential care facility, payment will be approved only for the following supplies when prescribed by a legally qualified practitioner:

(1) Colostomy and ileostomy appliances.

(2) Colostomy and ileostomy care dressings, liquid adhesive and adhesive tape.

(3) Disposable irrigation trays or sets.

(4) Disposable catheterization trays or sets.

(5) Indwelling Foley catheter.

(6) Disposable saline enemas.

(7) Diabetic supplies including needles and syringes, blood glucose test strips, and diabetic urine test supplies.

c. Prescription records are required for all drugs as specified in Iowa Code sections 124.308, 155A.27 and 155A.29. For the purposes of the medical assistance program, prescriptions for medical supplies are required and shall be subject to the same provisions.

d. Rescinded IAB 1/30/08, effective 4/1/08.

e. All physicians who administer vaccines which are available through the vaccines for children program to Medicaid members shall enroll in the vaccines for children program. Vaccines available through the vaccines for children program shall be obtained from the department of public health for Medicaid members. Physicians shall, however, receive reimbursement for the administration of these vaccines to Medicaid members.

f. Nonprescription drugs. Rescinded IAB 1/30/08, effective 4/1/08.

78.1(3) Payment will be approved for injections provided they are reasonable, necessary, and related to the diagnosis and treatment of an illness or injury. When billing for an injection, the legally qualified practitioner must specify the brand name of the drug and the manufacturer, the strength of the drug, the amount administered, and the charge of each injection. When the strength and dosage of the drug is not included, payment will be made based on the customary dosage. The following exclusions are applicable.

a. Payment will not be approved for injections when they are considered by standards of medical practice not to be specific or effective treatment for the particular condition for which they are administered.

b. Payment will not be approved for an injection when administered for a reason other than the treatment of a particular condition, illness, or injury. When injecting an amphetamine or legend vitamin, prior approval must be obtained as specified in 78.1(2)“a”(3).

c. Payment will not be approved when injection is not an indicated method of administration according to accepted standards of medical practice.

d. Allergenic extract materials provided the patient for self-administration shall not exceed a 90-day supply.

e. Payment will not be approved when an injection is determined to fall outside of what is medically reasonable or necessary based on basic standards of medical practice for the required level of care for a particular condition.

f. Payment will not be approved for vaccines which are available through the vaccines for children program. In lieu of payment, vaccines available through the vaccines for children program shall be accessed from the department of public health.

g. Payment will not be approved for injections of “covered Part D drugs” as defined by 42 U.S.C. Section 1395w-102(e)(1)-(2) for any “Part D eligible individual” as defined in 42 U.S.C. Section 1395w-101(a)(3)(A), including an individual who is not enrolled in a Part D plan.

78.1(4) For the purposes of this program, cosmetic, reconstructive, or plastic surgery is surgery which can be expected primarily to improve physical appearance or which is performed primarily for psychological purposes or which restores form but which does not correct or materially improve the bodily functions. When a surgical procedure primarily restores bodily function, whether or not there is also a concomitant improvement in physical appearance, the surgical procedure does not fall within the provisions set forth in this subrule. Surgeries for the purpose of sex reassignment are not considered as restoring bodily function and are excluded from coverage.

a. Coverage under the program is generally not available for cosmetic, reconstructive, or plastic surgery. However, under certain limited circumstances payment for otherwise covered services and supplies may be provided in connection with cosmetic, reconstructive, or plastic surgery as follows:

- (1) Correction of a congenital anomaly; or
- (2) Restoration of body form following an accidental injury; or
- (3) Revision of disfiguring and extensive scars resulting from neoplastic surgery.

(4) Generally, coverage is limited to those cosmetic, reconstructive, or plastic surgery procedures performed no later than 12 months subsequent to the related accidental injury or surgical trauma. However, special consideration for exception will be given to cases involving children who may require a growth period.

b. Cosmetic, reconstructive, or plastic surgery performed in connection with certain conditions is specifically excluded. These conditions are:

- (1) Dental congenital anomalies, such as absent tooth buds, malocclusion, and similar conditions.
- (2) Procedures related to transsexualism, hermaphroditism, gender identity disorders, or body dysmorphic disorders.
- (3) Cosmetic, reconstructive, or plastic surgery procedures performed primarily for psychological reasons or as a result of the aging process.
- (4) Breast augmentation mammoplasty, surgical insertion of prosthetic testicles, penile implant procedures, and surgeries for the purpose of sex reassignment.

c. When it is determined that a cosmetic, reconstructive, or plastic surgery procedure does not qualify for coverage under the program, all related services and supplies, including any institutional costs, are also excluded.

d. Following is a partial list of cosmetic, reconstructive, or plastic surgery procedures which are not covered under the program. This list is for example purposes only and is not considered all inclusive.

- (1) Any procedure performed for personal reasons, to improve the appearance of an obvious feature or part of the body which would be considered by an average observer to be normal and acceptable for the patient's age or ethnic or racial background.
- (2) Cosmetic, reconstructive, or plastic surgical procedures which are justified primarily on the basis of a psychological or psychiatric need.
- (3) Augmentation mammoplasties.
- (4) Face lifts and other procedures related to the aging process.
- (5) Reduction mammoplasties, unless there is medical documentation of intractable pain not amenable to other forms of treatment as the result of increasingly large pendulous breasts.
- (6) Panniculectomy and body sculpture procedures.
- (7) Repair of sagging eyelids, unless there is demonstrated and medically documented significant impairment of vision.
- (8) Rhinoplasties, unless there is evidence of accidental injury occurring within the past six months which resulted in significant obstruction of breathing.
- (9) Chemical peeling for facial wrinkles.
- (10) Dermabrasion of the face.
- (11) Revision of scars resulting from surgery or a disease process, except disfiguring and extensive scars resulting from neoplastic surgery.
- (12) Removal of tattoos.
- (13) Hair transplants.
- (14) Electrolysis.
- (15) Sex reassignment.
- (16) Penile implant procedures.
- (17) Insertion of prosthetic testicles.

e. Coverage is available for otherwise covered services and supplies required in the treatment of complications resulting from a noncovered incident or treatment, but only when the subsequent complications represent a separate medical condition such as systemic infection, cardiac arrest, acute drug reaction, or similar conditions. Coverage shall not be extended for any subsequent care or procedure related to the complication that is essentially similar to the initial noncovered care. An example of a complication similar to the initial period of care would be repair of facial scarring resulting from dermabrasion for acne.

78.1(5) The legally qualified practitioner's prescription for medical equipment, appliances, or prosthetic devices shall include the patient's diagnosis and prognosis, the reason the item is required, and an estimate in months of the duration of the need. Payment will be made in accordance with rule 78.10(249A).

78.1(6) Payment will be approved for the examination to establish the need for orthopedic shoes in accordance with rule 78.15(249A).

78.1(7) No payment shall be made for the services of a private duty nurse.

78.1(8) Payment for mileage shall be the same as that in effect in part B of Medicare.

78.1(9) Payment will be approved for visits to patients in nursing facilities subject to the following conditions:

a. Payment will be approved for only one visit to the same patient in a calendar month. Payment for further visits will be made only when the need for the visits is adequately documented by the physician.

b. When only one patient is seen in a single visit the allowance shall be based on a follow-up home visit. When more than one patient is seen in a single visit, payment shall be based on a follow-up office visit. In the absence of information on the claim, the carrier will assume that more than one patient was seen, and payment approved on that basis.

c. Payment will be approved for mileage in connection with nursing home visits when:

- (1) It is necessary for the physician to travel outside the home community, and
- (2) There are not physicians in the community in which the nursing home is located.

d. Payment will be approved for tasks related to a resident receiving nursing facility care which are performed by a physician's employee who is a nurse practitioner, clinical nurse specialist, or physician assistant as specified in subrule 81.13(13) "e." On-site supervision of the physician is not required for these services.

78.1(10) Payment will be approved in independent laboratory when it has been certified as eligible to participate in Medicare.

78.1(11) Rescinded, effective 8/1/87.

78.1(12) Payment will be made on the same basis as in Medicare for services associated with treatment of chronic renal disease including physician's services, hospital care, renal transplantation, and hemodialysis, whether performed on an inpatient or outpatient basis. Payment will be made for deductibles and coinsurance for those persons eligible for Medicare.

78.1(13) Payment will be made to the physician for services rendered by auxiliary personnel employed by the physician and working under the direct personal supervision of the physician, when such services are performed incident to the physician's professional service.

a. Auxiliary personnel are nurses, physician's assistants, psychologists, social workers, audiologists, occupational therapists and physical therapists.

b. An auxiliary person is considered to be an employee of the physician if the physician:

- (1) Is able to control the manner in which the work is performed, i.e., is able to control when, where and how the work is done. This control need not be actually exercised by the physician.
- (2) Sets work standards.
- (3) Establishes job description.
- (4) Withholds taxes from the wages of the auxiliary personnel.

c. Direct personal supervision in the office setting means the physician must be present in the same office suite, not necessarily the same room, and be available to provide immediate assistance and direction.

Direct personal supervision outside the office setting, such as the member's home, hospital, emergency room, or nursing facility, means the physician must be present in the same room as the auxiliary person.

Advanced registered nurse practitioners certified under board of nursing rules 655—Chapter 7 performing services within their scope of practice are exempt from the direct personal supervision requirement for the purpose of reimbursement to the employing physicians. In these exempted circumstances, the employing physicians must still provide general supervision and be available to provide immediate needed assistance by telephone. Advanced registered nurse practitioners who prescribe drugs and medical devices are subject to the guidelines in effect for physicians as specified in rule 441—78.1(249A).

A physician assistant licensed under board of physician assistants' professional licensure rules in 645—Chapter 325 is exempt from the direct personal supervision requirement but the physician must still provide general supervision and be available to provide immediate needed assistance by telephone.

Physician assistants who prescribe drugs and medical devices are subject to the guidelines in effect for physicians as specified in rule 441—78.1(249A).

d. Services incident to the professional services of the physician means the service provided by the auxiliary person must be related to the physician's professional service to the member. If the physician has not or will not perform a personal professional service to the member, the clinical records must document that the physician assigned treatment of the member to the auxiliary person.

78.1(14) Payment will be made for persons aged 20 and under for nutritional counseling provided by a licensed dietitian employed by or under contract with a physician for a nutritional problem or condition of a degree of severity that nutritional counseling beyond that normally expected as part of the standard medical management is warranted. For persons eligible for the WIC program, a WIC referral is required. Medical necessity for nutritional counseling services exceeding those available through WIC shall be documented.

78.1(15) The certification of inpatient hospital care shall be the same as that in effect in part A of Medicare. The hospital admittance record is sufficient for the original certification.

78.1(16) No payment will be made for sterilization of an individual under the age of 21 or who is mentally incompetent or institutionalized. Payment will be made for sterilization performed on an individual who is aged 21 or older at the time the informed consent is obtained and who is mentally competent and not institutionalized when all the conditions in this subrule are met.

a. The following definitions are pertinent to this subrule:

(1) Sterilization means any medical procedure, treatment, or operation performed for the purpose of rendering an individual permanently incapable of reproducing and which is not a necessary part of the treatment of an existing illness or medically indicated as an accompaniment of an operation on the genital urinary tract. Mental illness or retardation is not considered an illness or injury.

(2) Hysterectomy means a medical procedure or operation to remove the uterus.

(3) Mentally incompetent individual means a person who has been declared mentally incompetent by a federal, state or local court of jurisdiction for any purpose, unless the individual has been declared competent for purposes which include the ability to consent to sterilization.

(4) Institutionalized individual means an individual who is involuntarily confined or detained, under a civil or criminal statute, in a correctional or rehabilitative facility, including a mental hospital or other facility for the care and treatment of mental illness, or an individual who is confined under a voluntary commitment in a mental hospital or other facility for the care and treatment of mental illness.

b. The sterilization shall be performed as the result of a voluntary request for the services made by the person on whom the sterilization is performed.

c. The person shall be advised prior to the receipt of consent that no benefits provided under the medical assistance program or other programs administered by the department may be withdrawn or withheld by reason of a decision not to be sterilized.

d. The person shall be informed that the consent can be withheld or withdrawn any time prior to the sterilization without prejudicing future care and without loss of other project or program benefits.

e. The person shall be given a complete explanation of the sterilization. The explanation shall include:

(1) A description of available alternative methods and the effect and impact of the proposed sterilization including the fact that it must be considered to be an irreversible procedure.

(2) A thorough description of the specific sterilization procedure to be performed and benefits expected.

(3) A description of the attendant discomforts and risks including the type and possible effects of any anesthetic to be used.

(4) An offer to answer any inquiries the person to be sterilized may have concerning the procedure to be performed. The individual shall be provided a copy of the informed consent form in addition to the oral presentation.

f. At least 30 days and not more than 180 days shall have elapsed following the signing of the informed consent except in the case of premature delivery or emergency abdominal surgery which occurs not less than 72 hours after the informed consent was signed. The informed consent shall have

been signed at least 30 days prior to the expected delivery date for premature deliveries. Consent shall be obtained on Form 470-0835 or 470-0835(S), Consent Form, and shall be attached to the claim for payment.

g. The information in paragraphs “*b*” through “*f*” shall be effectively presented to a blind, deaf, or otherwise handicapped individual and an interpreter shall be provided when the individual to be sterilized does not understand the language used on the consent form or used by the person obtaining consent. The individual to be sterilized may have a witness of the individual’s choice present when consent is obtained.

h. Form 470-0835 or 470-0835(S), Consent Form, shall be signed by the individual to be sterilized, the interpreter, when one was necessary, the physician, and the person who provided the required information.

i. Informed consent shall not be obtained while the individual to be sterilized is:

- (1) In labor or childbirth, or
- (2) Seeking to obtain or obtaining an abortion, or
- (3) Under the influence of alcohol or other substance that affects the individual’s state of awareness.

j. Payment will be made for a medically necessary hysterectomy only when it is performed for a purpose other than sterilization and only when one or more of the following conditions is met:

(1) The individual or representative has signed an acknowledgment that she has been informed orally and in writing from the person authorized to perform the hysterectomy that the hysterectomy will make the individual permanently incapable of reproducing, or

(2) The individual was already sterile before the hysterectomy, the physician has certified in writing that the individual was already sterile at the time of the hysterectomy and has stated the cause of the sterility, or

(3) The hysterectomy was performed as a result of a life-threatening emergency situation in which the physician determined that prior acknowledgment was not possible and the physician includes a description of the nature of the emergency.

78.1(17) Abortions. Payment for an abortion or related service is made when Form 470-0836 is completed for the applicable circumstances and is attached to each claim for services. Payment for an abortion is made under one of the following circumstances:

a. The physician certifies that the pregnant woman’s life would be endangered if the fetus were carried to term.

b. The physician certifies that the fetus is physically deformed, mentally deficient or afflicted with a congenital illness and the physician states the medical indication for determining the fetal condition.

c. The pregnancy was the result of rape reported to a law enforcement agency or public or private health agency which may include a family physician within 45 days of the date of occurrence of the incident. The report shall include the name, address, and signature of the person making the report. Form 470-0836 shall be signed by the person receiving the report of the rape.

d. The pregnancy was the result of incest reported to a law enforcement agency or public or private health agency including a family physician no later than 150 days after the date of occurrence. The report shall include the name, address, and signature of the person making the report. Form 470-0836 shall be signed by the person receiving the report of incest.

78.1(18) Payment and procedure for obtaining eyeglasses, contact lenses, and visual aids, shall be the same as described in 441—78.6(249A). (Cross-reference 78.28(3))

78.1(19) Preprocedure review by the Iowa Foundation for Medical Care (IFMC) will be required if payment under Medicaid is to be made for certain frequently performed surgical procedures which have a wide variation in the relative frequency the procedures are performed. Preprocedure surgical review applies to surgeries performed in hospitals (outpatient and inpatient) and ambulatory surgical centers. Approval by the IFMC will be granted only if the procedures are determined to be necessary based on the condition of the patient and the published criteria established by the IFMC and the department. If not so approved by the IFMC, payment will not be made under the program to the physician or to the facility in which the surgery is performed. The criteria are available from IFMC, 6000 Westown Parkway, Suite 350E, West Des Moines, Iowa 50265-7771, or in local hospital utilization review offices.

The “Preprocedure Surgical Review List” shall be published by the department in the provider manuals for physicians, hospitals, and ambulatory surgical centers. The “Preprocedure Surgical Review List” shall be developed by the department with advice and consultation from the IFMC and appropriate professional organizations and will list the procedures for which prior review is required and the steps that must be followed in requesting such review. The department shall update the “Preprocedure Surgical Review List” annually. (Cross-reference 78.28(1)“e.”)

78.1(20) Transplants.

a. Payment will be made only for the following organ and tissue transplant services:

(1) Kidney, cornea, skin, and bone transplants.

(2) Allogeneic bone marrow transplants for the treatment of aplastic anemia, severe combined immunodeficiency disease, Wiskott-Aldrich syndrome, or the following types of leukemia: acute myelocytic leukemia in relapse or remission, chronic myelogenous leukemia, and acute lymphocytic leukemia in remission.

(3) Autologous bone marrow transplants for treatment of the following conditions: acute leukemia in remission with a high probability of relapse when there is no matched donor; resistant non-Hodgkin’s lymphomas; lymphomas presenting poor prognostic features; recurrent or refractory neuroblastoma; or advanced Hodgkin’s disease when conventional therapy has failed and there is no matched donor.

(4) Liver transplants for persons with extrahepatic biliary artesia or any other form of end-stage liver disease, except that coverage is not provided for persons with a malignancy extending beyond the margins of the liver.

Liver transplants require preprocedure review by the Iowa Foundation for Medical Care. (Cross-reference 78.1(19) and 78.28(1)“f.”)

Covered liver transplants are payable only when performed in a facility that meets the requirements of 78.3(10).

(5) Heart transplants. Artificial hearts and ventricular assist devices, either as a permanent replacement for a human heart or as a temporary life-support system until a human heart becomes available for transplants, are not covered. Heart-lung transplants are covered where bilateral or unilateral lung transplantation with repair of a congenital cardiac defect is contraindicated.

Heart transplants and heart-lung transplants described above require preprocedure review by the Iowa Foundation for Medical Care. (Cross-reference 78.1(19) and 78.28(1)“f.”) Covered heart transplants are payable only when performed in a facility that meets the requirements of 78.3(10).

(6) Lung transplants. Lung transplants for persons having end-stage pulmonary disease. Lung transplants require preprocedure review by the Iowa Foundation for Medical Care. (Cross-reference 78.1(19) and 78.28(1)“f.”) Covered transplants are payable only when performed in a facility that meets the requirements of 78.3(10). Heart-lung transplants are covered consistent with criteria in subparagraph (5) above.

(7) Pancreas transplants for persons with type I diabetes mellitus, as follows:

1. Simultaneous pancreas-kidney transplants and pancreas after kidney transplants are covered.

2. Pancreas transplants alone are covered for persons exhibiting any of the following:

- A history of frequent, acute, and severe metabolic complications (e.g., hypoglycemia, hyperglycemia, or ketoacidosis) requiring medical attention.

- Clinical problems with exogenous insulin therapy that are so severe as to be incapacitating.

- Consistent failure of insulin-based management to prevent acute complications.

The pancreas transplants listed under this subparagraph require preprocedure review by the Iowa Foundation for Medical Care. (Cross-reference 78.1(19) and 78.28(1)“f.”)

Covered transplants are payable only when performed in a facility that meets the requirements of 78.3(10).

Transplantation of islet cells or partial pancreatic tissue is not covered.

b. Donor expenses incurred directly in connection with a covered transplant are payable. Expenses incurred for complications that arise with respect to the donor are covered only if they are directly and immediately attributed to surgery. Expenses of searching for a donor are not covered.

c. All transplants must be medically necessary and meet other general requirements of this chapter for physician and hospital services.

d. Payment will not be made for any transplant not specifically listed in paragraph “*a.*”

78.1(21) Utilization review. Utilization review shall be conducted of Medicaid members who access more than 24 outpatient visits in any 12-month period from physicians, advanced registered nurse practitioners, federally qualified health centers, other clinics, and emergency rooms. For the purposes of utilization review, the term “physician” does not include a psychiatrist. Refer to rule 441—76.9(249A) for further information concerning the member lock-in program.

78.1(22) Risk assessments. Risk assessments, using Form 470-2942, Medicaid Prenatal Risk Assessment, shall be completed twice during a Medicaid member’s pregnancy. If the risk assessment reflects a high-risk pregnancy, referral shall be made for enhanced services. Enhanced services include care coordination, health education, social services, nutrition education, and a postpartum home visit. Additional reimbursement shall be provided for obstetrical services related to a high-risk pregnancy. (See description of enhanced services at subrule 78.25(3).)

78.1(23) EPSDT care coordination. Payment for EPSDT care coordination services outlined in 78.18(6)“*b*”(2)“1” to “7” is available to MediPASS eligible providers as defined in rule 441—88.41(249A) who accept responsibility for providing EPSDT care coordination services to the MediPASS members under the age of 21 assigned to them on a monthly basis. All MediPASS providers shall be required to complete Form 470-3183, Care Coordination Agreement, to reflect acceptance or denial of EPSDT care coordination responsibility. When the MediPASS provider does not accept the responsibility, the MediPASS members assigned to the MediPASS provider are automatically referred to the designated department of public health EPSDT care coordination agency in the member’s geographical area. Acknowledgment of acceptance of the EPSDT care coordination responsibility shall be for a specified period of time of no less than six months. MediPASS providers who identify MediPASS EPSDT members in need of transportation assistance beyond that available according to rule 441—78.13(249A) shall be referred to the designated department of public health agency assigned to the geographical area of the member’s residence.

78.1(24) Topical fluoride varnish. Payment shall be made for application of an FDA-approved topical fluoride varnish, as defined by the Current Dental Terminology, Third Edition (CDT-3), for the purpose of preventing the worsening of early childhood caries in children aged 0 to 36 months of age, when rendered by physicians acting within the scope of their practice, licensure, and other applicable state law, subject to the following provisions and limitations:

a. Application of topical fluoride varnish must be provided in conjunction with an early and periodic screening, diagnosis, and treatment (EPSDT) examination which includes a limited oral screening.

b. Separate payment shall be available only for application of topical fluoride varnish, which shall be at the same rate of reimbursement paid to dentists for providing this service. Separate payment for the limited oral screening shall not be available, as this service is already part of and paid under the EPSDT screening examination.

c. Parents, legal guardians, or other authorized caregivers of children receiving application of topical fluoride varnish as part of an EPSDT screening examination shall be informed by the physician or auxiliary staff employed by and under the physician’s supervision that this application is not a substitute for comprehensive dental care.

d. Physicians rendering the services under this subrule shall make every reasonable effort to refer or facilitate referral of these children for comprehensive dental care rendered by a dental professional.

This rule is intended to implement Iowa Code section 249A.4.

441—78.2(249A) Prescribed outpatient drugs. Payment will be made for “covered outpatient drugs” as defined in 42 U.S.C. Section 1396r-8(k)(2)-(4) subject to the conditions and limitations specified in this rule.

78.2(1) *Qualified prescriber.* All drugs are covered only if prescribed by a legally qualified practitioner (physician, dentist, podiatrist, therapeutically certified optometrist, physician assistant, or advanced registered nurse practitioner).

78.2(2) *Prescription required.* As a condition of payment for all drugs, including “nonprescription” or “over-the-counter” drugs that may otherwise be dispensed without a prescription, a prescription shall be transmitted as specified in Iowa Code sections 124.308 and 155A.27, subject to the provisions of Iowa Code section 155A.29 regarding refills. All prescriptions shall be available for audit by the department.

78.2(3) *Qualified source.* All drugs are covered only if marketed by manufacturers that have signed a Medicaid rebate agreement with the Secretary of Health and Human Services in accordance with Public Law 101-508 (Omnibus Budget Reconciliation Act of 1990).

78.2(4) *Prescription drugs.* Drugs that may be dispensed only upon a prescription are covered subject to the following limitations.

a. Prior authorization is required as specified in the preferred drug list published by the department pursuant to Iowa Code section 249A.20A. For drugs requiring prior authorization, reimbursement will be made for a 72-hour supply dispensed in an emergency when a prior authorization request cannot be submitted.

b. Payment is not made for:

(1) Drugs whose prescribed use is not for a medically accepted indication as defined by Section 1927(k)(6) of the Social Security Act.

(2) Drugs used to cause anorexia, weight gain, or weight loss, except for lipase inhibitor drugs prescribed for weight loss with prior authorization as provided in paragraph “a.”

(3) Drugs used for cosmetic purposes or hair growth.

(4) Drugs used to promote smoking cessation, except for varenicline with prior authorization as provided in paragraph “a” above and generic, sustained-release bupropion products that are indicated for smoking cessation by the U.S. Food and Drug Administration.

(5) Otherwise covered outpatient drugs if the manufacturer seeks to require as a condition of sale that associated tests or monitoring services be purchased exclusively from the manufacturer or the manufacturer’s designee.

(6) Drugs described in Section 107(c)(3) of the Drug Amendments of 1962 and identical, similar, or related drugs (within the meaning of Section 310.6(b)(1) of Title 21 of the Code of Federal Regulations (drugs identified through the Drug Efficacy Study Implementation (DESI) review)).

(7) “Covered Part D drugs” as defined by 42 U.S.C. Section 1395w-102(e)(1)-(2) for any “Part D eligible individual” as defined by 42 U.S.C. Section 1395w-101(a)(3)(A), including a member who is not enrolled in a Medicare Part D plan.

(8) Drugs prescribed for fertility purposes, except when prescribed for a medically accepted indication other than infertility, as defined in subparagraph (1).

(9) Drugs used for the treatment of sexual or erectile dysfunction, except when used to treat a condition other than sexual or erectile dysfunction for which the drug has been approved by the U.S. Food and Drug Administration.

(10) Prescription drugs for which the prescription was executed in written (and nonelectronic) form unless the prescription was executed on a tamper-resistant pad, as required by Section 1903(i)(23) of the Social Security Act (42 U.S.C. Section 1396b(i)(23)).

78.2(5) *Nonprescription drugs.* The following drugs that may otherwise be dispensed without a prescription are covered subject to the prior authorization requirements stated below and as specified in the preferred drug list published by the department pursuant to Iowa Code section 249A.20A:

Acetaminophen tablets 325 mg, 500 mg

Acetaminophen elixir 160 mg/5 ml

Acetaminophen solution 100 mg/ml

Acetaminophen suppositories 120 mg

Artificial tears ophthalmic solution

Artificial tears ophthalmic ointment

Aspirin tablets 325 mg, 650 mg, 81 mg (chewable)

Aspirin tablets, enteric coated 325 mg, 650 mg, 81 mg
Aspirin tablets, buffered 325 mg
Bacitracin ointment 500 units/gm
Benzoyl peroxide 5%, gel, lotion
Benzoyl peroxide 10%, gel, lotion, wash
Calcium carbonate chewable tablets 1250 mg (500 mg elemental calcium)
Calcium carbonate suspension 1250 mg/5 ml
Calcium carbonate tablets 600 mg
Calcium carbonate-vitamin D tablets 500 mg-200 units
Calcium carbonate-vitamin D tablets 600 mg-200 units
Calcium citrate tablets 950 mg (200 mg elemental calcium)
Calcium gluconate tablets 650 mg
Calcium lactate tablets 650 mg
Chlorpheniramine maleate tablets 4 mg
Clotrimazole vaginal cream 1%
Diphenhydramine hydrochloride capsules 25 mg
Diphenhydramine hydrochloride elixir, liquid, and syrup 12.5 mg/5 ml
Ferrous sulfate tablets 300 mg, 325 mg
Ferrous sulfate elixir 220 mg/5 ml
Ferrous sulfate drops 75 mg/0.6 ml
Ferrous gluconate tablets 300 mg, 325 mg
Ferrous fumarate tablets 325 mg
Guaifenesin 100 mg/5 ml with dextromethorphan 10 mg/5 ml liquid
Ibuprofen suspension 100 mg/5 ml
Ibuprofen tablets 200 mg
Insulin
Lactic acid (ammonium lactate) lotion 12%
Loperamide hydrochloride liquid 1 mg/5 ml
Loperamide hydrochloride tablets 2 mg
Loratadine tablets 10 mg
Magnesium hydroxide suspension 400 mg/5 ml
Magnesium oxide capsule 140 mg (85 mg elemental magnesium)
Magnesium oxide tablets 400 mg
Meclizine hydrochloride tablets 12.5 mg, 25 mg oral and chewable
Miconazole nitrate cream 2% topical and vaginal
Miconazole nitrate vaginal suppositories, 100 mg
Multiple vitamin and mineral products with prior authorization
Neomycin-bacitracin-polymyxin ointment
Niacin (nicotinic acid) tablets 25 mg, 50 mg, 100 mg, 250 mg, 500 mg
Nicotine gum 2 mg, 4 mg
Nicotine patch 7 mg/day, 14 mg/day and 21 mg/day
Omeprazole magnesium delayed-release tablets 20 mg (base equivalent)
Pediatric oral electrolyte solutions
Permethrin liquid 1%
Pseudoephedrine hydrochloride tablets 30 mg, 60 mg
Pseudoephedrine hydrochloride liquid 30 mg/5 ml
Pseudoephedrine/dextromethorphan 15 mg/7.5 mg/5 mL liquid
Pseudoephedrine/dextromethorphan 20 mg/10 mg/5 mL liquid
Pseudoephedrine/dextromethorphan 30 mg/15 mg/5 mL liquid
Pseudoephedrine/dextromethorphan 20 mg/10 mg/5 mL elixir
Pseudoephedrine/dextromethorphan 15 mg/5 mg/5 mL syrup
Pseudoephedrine/dextromethorphan 15 mg/7.5 mg/5 mL syrup

Pseudoephedrine/dextromethorphan 30 mg/15 mg/5 mL syrup
 Pseudoephedrine/dextromethorphan 7.5 mg/2.5 mg/0.8 mL solution
 Pyrethrins-piperonyl butoxide liquid 0.33-4%
 Pyrethrins-piperonyl butoxide shampoo 0.3-3%
 Pyrethrins-piperonyl butoxide shampoo 0.33-4%
 Salicylic acid liquid 17%
 Senna tablets 187 mg
 Sennosides-docusate sodium tablets 8.6 mg-50 mg
 Sennosides granules 15 mg/5 ml
 Sennosides tablets 187 mg
 Sodium bicarbonate tablets 325 mg
 Sodium bicarbonate tablets 650 mg
 Sodium chloride hypertonic ophthalmic ointment 5%
 Sodium chloride hypertonic ophthalmic solution 5%
 Sodium chloride solution 0.9% for inhalation with metered dispensing valve 90 ml, 240 ml
 Tolnaftate 1% cream, solution, powder

Other nonprescription drugs listed as preferred in the preferred drug list published by the department pursuant to Iowa Code section 249A.20A.

78.2(6) *Quantity prescribed and dispensed.*

a. When it is not therapeutically contraindicated, the legally qualified practitioner shall prescribe a quantity of prescription medication sufficient for up to a 31-day supply. Oral contraceptives may be prescribed in 90-day quantities.

b. Oral solid forms of covered nonprescription items shall be prescribed and dispensed in a minimum quantity of 100 units per prescription or the currently available consumer package size except when dispensed via a unit-dose system.

78.2(7) *Lowest cost item.* The pharmacist shall dispense the lowest cost item in stock that meets the requirements of the practitioner as shown on the prescription.

78.2(8) *Consultation.* In accordance with Public Law 101-508 (Omnibus Budget Reconciliation Act of 1990), a pharmacist shall offer to discuss information regarding the use of the medication with each Medicaid member or the caregiver of a member presenting a prescription. The consultation is not required if the person refuses the consultation. Standards for the content of the consultation shall be found in rules of the Iowa board of pharmacy.

This rule is intended to implement Iowa Code section 249A.4.

441—78.3(249A) Inpatient hospital services. Payment for inpatient hospital admission is approved when it meets the criteria for inpatient hospital care as determined by the Iowa Foundation for Medical Care (IFMC). All cases are subject to random retrospective review and may be subject to a more intensive retrospective review if abuse is suspected. In addition, transfers, outliers, and readmissions within 31 days are subject to random review. Readmissions to the same facility due to premature discharge shall not be paid a new DRG. Selected admissions and procedures are subject to a 100 percent review before the services are rendered. Medicaid payment for inpatient hospital admissions and continued stays are approved when the admissions and continued stays are determined to meet the criteria for inpatient hospital care. (Cross-reference 78.28(5)) The criteria are available from IFMC, 6000 Westown Parkway, Suite 350E, West Des Moines, Iowa 50265-7771, or in local hospital utilization review offices. No payment will be made for waiver days.

See rule 441—78.31(249A) for policies regarding payment of hospital outpatient services.

If the recipient is eligible for inpatient or outpatient hospital care through the Medicare program, payment will be made for deductibles and coinsurance as set out in 441—subrule 79.1(22).

The DRG payment calculations include any special services required by the hospital, including a private room.

78.3(1) Payment for Medicaid-certified physical rehabilitation units will be approved for the day of admission but not the day of discharge or death.

78.3(2) No payment will be approved for private duty nursing.

78.3(3) Certification of inpatient hospital care shall be the same as that in effect in part A of Medicare. The hospital admittance records are sufficient for the original certification.

78.3(4) Services provided for intestinal or gastric bypass surgery for treatment of obesity requires prior approval, which must be obtained by the attending physician before surgery is performed.

78.3(5) Payment will be approved for drugs provided inpatients subject to the same provisions specified in 78.2(1) and 78.2(4) "b"(1) to (10) except for 78.2(4) "b"(7). The basis of payment for drugs administered to inpatients is through the DRG reimbursement.

a. Payment will be approved for drugs and supplies provided outpatients subject to the same provisions specified in 78.2(1) through 78.2(4) except for 78.2(4) "b"(7). The basis of payment for drugs provided outpatients is through a combination of Medicaid-determined fee schedules and ambulatory payment classification, pursuant to 441—subrule 79.1(16).

b. Hospitals that wish to administer vaccines which are available through the vaccines for children program to Medicaid members shall enroll in the vaccines for children program. In lieu of payment, vaccines available through the vaccines for children program shall be accessed from the department of public health for Medicaid members.

78.3(6) Payment for nursing care provided by a hospital shall be made to those hospitals which have been certified by the department of inspections and appeals as meeting the standards for a nursing facility.

78.3(7) Payment for inpatient hospital tests for purposes of diagnosis and treatment shall be made only when the tests are specifically ordered for the diagnosis and treatment of a particular patient's condition by the attending physician or other licensed practitioner acting within the scope of practice as defined by law, who is responsible for that patient's diagnosis or treatment.

78.3(8) Rescinded IAB 2/6/91, effective 4/1/91.

78.3(9) Payment will be made for sterilizations in accordance with 78.1(16).

78.3(10) Payment will be approved for organ and tissue transplant services, as specified in subrule 78.1(20). Kidney, cornea, skin, bone, allogeneic bone marrow, autologous bone marrow, heart, liver, and lung transplants are covered as specified in subrule 78.1(20). Lung transplants are payable at Medicare-designated lung transplant centers only. Heart and liver transplants are payable when performed at facilities that meet the following criteria:

a. Recipient selection and education.

(1) *Selection.* The transplant center must have written criteria based on medical need for transplantation for final facility selection of recipients. These criteria should include an equitable, consistent and practical protocol for selection of recipients. The criteria must be at least as strict as those specified by Medicare.

(2) *Education.* The transplant center will provide a written plan for recipient education. It shall include educational plans for recipient, family and significant others during all phases of the program. These phases shall include:

Intake.

Preparation and waiting period.

Preadmission.

Hospitalization.

Discharge planning.

Follow-up.

b. Staffing and resource commitment.

(1) *Transplant surgeon.* The transplant center must have on staff a qualified transplant surgeon.

The surgeon must have received at least one year of training at a transplant center approved by the American Society of Transplant Surgeons under the direction of an experienced transplant surgeon and must have had at least two years of experience in all facets of transplant surgery specific to the surgeon's specialty. This experience must include management of recipients' presurgical and postsurgical care and actual experience as a member of a transplant team at the institution. The transplant surgeon will have an understanding of the principles of and demonstrated expertise in the use of immunosuppressive therapy.

The transplant surgeon will be certified by the American Board of Thoracic Surgery or equivalent for heart transplants and the American Board of Surgery or equivalent for liver transplants.

The transplant surgeon will be the defined leader of a stable, established transplant team that has a strong commitment to the transplant program.

(2) *Transplant team.* The transplant team will be clearly defined with leadership and corresponding responsibilities of all team members identified.

The team should consist of:

A surgeon director.

A board-certified internist or pediatrician with training and expertise in organ transplantation medicine and clinical use of immunosuppressive regimens.

The transplant center will assume responsibility for initial training and continuing education of the transplant team and ancillary personnel. The center will maintain records that demonstrate competency in achieving, maintaining and improving skills in the distinct areas of expertise of each of the team members.

(3) *Physicians.* The transplant center will have on staff or available for consultation physicians with the following areas of expertise:

Anesthesiology.

Cardiology.

Dialysis.

Gastroenterology.

Hepatology.

Immunology.

Infectious diseases.

Nephrology.

Neurology.

Pathology.

Pediatrics.

Psychiatry.

Pulmonary medicine.

Radiology.

Rehabilitation medicine.

Liaison with the recipient's permanent physician is established for the purpose of providing continuity and management of the recipient's long-term care.

(4) *Support personnel and resources.* The center must have a commitment of sufficient resources and planning for implementation and operation of the transplant program. Indicators of the commitment will include the following:

Persons with expertise in the following areas available at the transplant center:

Anesthesiology.

Blood bank services.

Cardiology.

Cardiovascular surgery.

Dialysis.

Dietary services.

Gastroenterology.

Infection control.

Laboratory services (pathology, microbiology, immunology, tissue typing, and monitoring of immunosuppressive drugs).

Legal counsel familiar with transplantation laws and regulations.

Nursing service department with staff available who have expertise in the care of transplant recipients, especially in managing immunosuppressed patients and hemodynamic support.

Respiratory therapy.

Pharmaceutical services.

Physical therapy.

Psychiatry.

Psycho-social.

The center will have active cardiovascular, medical, and surgical programs with the ability and willingness to perform diagnostic and evaluative procedures appropriate to transplants on an emergency and ongoing basis.

The center will have designated an adequate number of intensive care and general service beds to support the transplant center.

(5) *Laboratory.* Each transplant center must have direct local 24-hour per day access to histocompatibility testing facilities. These facilities must meet the Standards for Histocompatibility Testing set forth by the Committee on Quality Assurance and Standards of the American Society for Histocompatibility and Immunogenetics (ASHI). As specified by ASHI, the director of the facility shall hold a doctoral degree in biological science, or be a physician, and subsequent to graduation shall have had four years' experience in immunology, two of which were devoted to formal training in human histocompatibility testing, documented to be professionally competent by external measures such as national proficiency testing, participation in national or international workshops or publications in peer-reviewed journals. The laboratory must successfully participate in a regional or national testing program.

c. Experience and survival rates.

(1) *Experience.* Centers will be given a minimum volume requirement of 12 heart or 12 liver transplants that should be met within one year. Due to special considerations such as patient case mix or donor availability, an additional one year conditional approval may be given if the minimum volume is not met the first year.

For approval of an extrarenal organ transplant program it is highly desirable that the institution: 1. has available a complete team of surgeons, physicians, and other specialists with specific experience in transplantation of that organ, or 2. has an established approved renal transplant program at that institution and personnel with expertise in the extrarenal organ system itself.

(2) *Survival rates.* The transplant center will achieve a record of acceptable performance consistent with the performance and outcomes at other successful designated transplant centers. The center will collect and maintain recipient and graft survival and complication rates. A level of satisfactory success and safety will be demonstrated with bases for substantial probability of continued performance at an acceptable level.

To encourage a high level of performance, transplant programs must achieve and maintain a minimum one-year patient survival rate of 70 percent for heart transplants and 50 percent for liver transplants.

d. Organ procurement. The transplant center will participate in a nationwide organ procurement and typing network.

Detailed plans must exist for organ procurement yielding viable transplantable organs in reasonable numbers, meeting established legal and ethical criteria.

The transplant center must be a member of the National Organ Procurement and Transplant Network.

e. Maintenance of data, research, review and evaluation.

(1) *Maintenance of data.* The transplant center will collect and maintain data on the following:

Risk and benefit.

Morbidity and mortality.

Long-term survival.

Quality of life.

Recipient demographic information.

These data should be maintained in the computer at the transplant center monthly.

The transplant center will submit the above data to the United Network of Organ Sharing yearly.

(2) *Research.* The transplant center will have a plan for and a commitment to research.

Ongoing research regarding the transplanted organs is required.

The transplant center will have a program in graduate medical education or have a formal agreement with a teaching institution for affiliation with a graduate medical education program.

(3) *Review and evaluation.* The transplant center will have a plan for ongoing evaluation of the transplantation program.

The transplant center will have a detailed plan for review and evaluation of recipient selection, preoperative, operative, postoperative and long-term management of the recipient.

The transplant center will conduct concurrent ongoing studies to ensure high quality services are provided in the transplantation program.

The transplant center will provide information to members of the transplant team and ancillary staff regarding the findings of the quality assurance studies. This information will be utilized to provide education geared toward interventions to improve staff performance and reduce complications occurring in the transplant process.

The transplant center will maintain records of all quality assurance and peer review activities concerning the transplantation program to document identification of problems or potential problems, intervention, education and follow-up.

f. Application procedure. A Medicare-designated heart, liver, or lung transplant facility needs only to submit evidence of this designation to the Iowa Medicaid enterprise provider services unit. The application procedure for other heart and liver facilities is as follows:

(1) An original and two copies of the application must be submitted on 8½ by 11 inch paper, signed by a person authorized to do so. The facility must be a participating hospital under Medicaid and must specify its provider number, and the name and telephone number of a contact person should there be questions regarding the application.

(2) Information and data must be clearly stated, well organized and appropriately indexed to aid in its review against the criteria specified in this rule. Each page must be numbered.

(3) To the extent possible, the application should be organized into five sections corresponding to each of the five major criteria and addressing, in order, each of the subcriteria identified.

(4) The application should be mailed to the Iowa Medicaid enterprise provider services unit.

g. Review and approval of facilities. An organized review committee will be established to evaluate performance and survival statistics and make recommendations regarding approval as a designated transplant center based on acceptable performance standards established by the review organization and approved by the Medicaid agency.

There will be established protocol for the systematic evaluation of patient outcome including survival statistics.

Once a facility applies for approval and is approved as a heart or liver transplant facility for Medicaid purposes, it is obliged to report immediately to the department any events or changes which would affect its approved status. Specifically, a facility must report any significant decrease in its experience level or survival rates, the transplantation of patients who do not meet its patient selection criteria, the loss of key members of the transplant team, or any other major changes that could affect the performance of heart or liver transplants at the facility. Changes from the terms of approval may lead to withdrawal of approval for Medicaid coverage of heart or liver transplants performed at the facility.

78.3(11) Payment will be approved for inpatient hospital care rendered a patient in connection with dental treatment only when the mental, physical, or emotional condition of the patient prevents the dentist from providing this necessary care in the office.

78.3(12) Payment will be approved for an assessment fee as specified in 441—paragraphs 79.1(16)“a” and “r” to determine if a medical emergency exists.

Medical emergency is defined as a sudden or unforeseen occurrence or combination of circumstances presenting a substantial risk to an individual’s health unless immediate medical treatment is given.

The determination of whether a medical emergency exists will be based on the patient’s medical condition including presenting symptoms and medical history prior to treatment or evaluation.

78.3(13) Payment for patients in acute hospital beds who are determined by IFMC to require the skilled nursing care level of care shall be made at an amount equal to the sum of the direct care rate component limit for Medicare-certified hospital-based nursing facilities pursuant to 441—subparagraph

81.6(16)“f”(3) plus the non-direct care rate component limit for Medicare-certified hospital-based nursing facilities pursuant to 441—subparagraph 81.6(16)“f”(3), with the rate component limits being revised July 1, 2001, and every second year thereafter. This rate is effective (a) as of the date of notice by IFMC that the lower level of care is required or (b) for the days IFMC determines in an outlier review that the lower level of care was required.

78.3(14) Payment for patients in acute hospital beds who are determined by IFMC to require nursing facility level of care shall be made at an amount equal to the sum of the direct care rate component limit for Medicaid nursing facilities pursuant to 441—subparagraph 81.6(16)“f”(1) plus the non-direct care rate component limit for Medicaid nursing facilities pursuant to 441—subparagraph 81.6(16)“f”(1), with the rate component limits being revised July 1, 2001, and every second year thereafter. This rate is effective (a) as of the date of notice by IFMC that the lower level of care is required or (b) for the days IFMC determines in an outlier review that the lower level of care was required.

78.3(15) Payment for inpatient hospital charges associated with surgical procedures on the “Outpatient/Same Day Surgery List” produced by the Iowa Foundation for Medical Care shall be made only when attending physician has secured approval from the hospital’s utilization review department prior to admittance to the hospital. Approval shall be granted when inpatient care is deemed to be medically necessary based on the condition of the patient or when the surgical procedure is not performed as a routine, primary, independent procedure. The “Outpatient/Same Day Surgery List” shall be published by the department in the provider manuals for hospitals and physicians. The “Outpatient/Same Day Surgery List” shall be developed by the Iowa Foundation for Medical Care, and shall include procedures which can safely and effectively be performed in a doctor’s office or on an outpatient basis in a hospital. The Iowa Foundation for Medical Care may add, delete or modify entries on the “Outpatient/Same Day Surgery List.”

78.3(16) Payment will be made for medically necessary skilled nursing care when provided by a hospital participating in the swing-bed program certified by the department of inspections and appeals and approved by the U.S. Department of Health and Human Services. Payment shall be at an amount equal to the sum of the direct care rate component limit for Medicare-certified hospital-based nursing facilities pursuant to 441—subparagraph 81.6(16)“f”(3) and the non-direct care rate component limit for Medicare-certified hospital-based nursing facilities pursuant to 441—subparagraph 81.6(16)“f”(3), with the rate component limits being revised July 1, 2001, and every second year thereafter.

78.3(17) Rescinded IAB 8/9/89, effective 10/1/89.

78.3(18) Preprocedure review by the IFMC is required if hospitals are to be reimbursed for certain frequently performed surgical procedures as set forth under subrule 78.1(19). Criteria are available from IFMC, 6000 Westown Parkway, Suite 350E, West Des Moines, Iowa 50265-7771, or in local hospital utilization review offices. (Cross-reference 78.28(5))

78.3(19) Rescinded IAB 10/8/97, effective 12/1/97.

This rule is intended to implement Iowa Code section 249A.4.

441—78.4(249A) Dentists. Payment will be made for medical and surgical services furnished by a dentist to the extent these services may be performed under state law either by doctors of medicine, osteopathy, dental surgery or dental medicine and would be covered if furnished by doctors of medicine or osteopathy. Payment will also be made for the following dental procedures subject to the exclusions for services to adults 21 years of age and older set forth in subrule 78.4(14):

78.4(1) Preventive services. Payment shall be made for the following preventive services:

a. Oral prophylaxis, including necessary scaling and polishing, is payable only once in a six-month period except for persons who, because of physical or mental disability, need more frequent care. Documentation supporting the need for oral prophylaxis performed more than once in a six-month period must be maintained.

b. Topical application of fluoride is payable once in a six-month period except for people who need more frequent applications because of physical or mental disability. (This does not include the use of fluoride prophylaxis paste as fluoride treatment.)

c. Pit and fissure sealants are payable for placement on deciduous and permanent posterior teeth only. Reimbursement for sealants is restricted to work performed on members through 18 years of age and on members who have a physical or mental disability that impairs their ability to maintain adequate oral hygiene. Replacement sealants are covered when medically necessary, as documented in the patient record.

78.4(2) Diagnostic services. Payment shall be made for the following diagnostic services:

a. A comprehensive oral evaluation is payable once per patient per dentist in a three-year period when the patient has not seen that dentist during the three-year period.

b. A periodic oral examination is payable once in a six-month period.

c. A complete mouth radiograph survey consisting of a minimum of 14 periapical films and bite-wing films is a payable service once in a five-year period, except when medically necessary to evaluate development, and to detect anomalies, injuries and diseases. Complete mouth radiograph surveys are not payable under the age of six. A panoramic-type radiography with bitewings is considered the same as a complete mouth radiograph survey.

d. Supplemental bitewing films are payable only once in a 12-month period.

e. Single periapical films are payable when necessary.

f. Intraoral radiograph, occlusal.

g. Extraoral radiograph.

h. Posterior-anterior and lateral skull and facial bone radiograph, survey film.

i. Temporomandibular joint radiograph.

j. Cephalometric film.

k. Diagnostic casts are payable only for orthodontic cases or when requested by the Iowa Medicaid enterprise medical services unit's dental consultant.

78.4(3) Restorative services. Payment shall be made for the following restorative services:

a. Treatment of dental caries is payable in those areas which require immediate attention. Restoration of incipient or nonactive carious lesions are not payable. Carious activity may be considered incipient when there is no penetration of the dento-enamel junction as demonstrated in diagnostic radiographs.

b. Amalgam alloy and composite resin-type filling materials are reimbursable only once for the same restoration in a two-year period.

c. Rescinded IAB 5/1/02, effective 7/1/02.

d. Two laboratory-fabricated crowns using nonprecious materials, other than stainless steel, are payable per patient in a 12-month period. Additional laboratory-fabricated crowns using nonprecious materials, other than stainless steel, are payable when prior authorization has been obtained. Noble metals are payable for crowns when recipients are allergic to all other restorative materials. Stainless steel crowns are payable when a more conservative procedure would not be serviceable. (Cross-reference 78.28(2) "e")

e. Cast post and core, steel post and composite or amalgam in addition to a crown is payable when a tooth is functional and the integrity of the tooth would be jeopardized by no post support.

f. Payment as indicated will be made for the following restorative procedures:

(1) Amalgam or acrylic buildups are considered part of the preparation for the completed restoration.

(2) One, two, or more restorations on one surface of a tooth shall be paid as a one-surface restoration, i.e., mesial occlusal pit and distal occlusal pit of a maxillary molar or mesial and distal occlusal pits of a lower bicuspid.

(3) Occlusal lingual groove of a maxillary molar that extends from the distal occlusal pit and down the distolingual groove will be paid as a two-surface restoration. This restoration and a mesial occlusal pit restoration on the same tooth will be paid as one, two-surface restoration.

(4) Rescinded IAB 5/1/02, effective 7/1/02.

(5) A two-surface anterior composite restoration will be payable as a one-surface restoration if it involved the lingual surface.

(6) Tooth preparation, temporary restorations, cement bases, pulp capping, impressions, local anesthesia and inhaled anesthesia are included in the restorative fee and may not be billed separately.

(7) Pin retention will be paid on a per-tooth basis and in addition to the final restoration.

(8) More than four surfaces on an amalgam restoration will be reimbursed as a “four-surface” amalgam.

(9) An amalgam restoration is not payable following a sedative filling in the same tooth unless the sedative filling was placed more than 30 days previously.

78.4(4) Periodontal services. Payment may be made for the following periodontal services:

a. Full-mouth debridement to enable comprehensive periodontal evaluation and diagnosis is payable once every 24 months. This procedure is not payable on the same date of service when other prophylaxis or periodontal services are performed.

b. Periodontal scaling and root planing is payable when prior approval has been received. A request for approval must be accompanied by a plan for treatment, a completed copy of a periodontal probe chart that exhibits pocket depths, history and radiograph(s). Payment for periodontal scaling and root planing will be approved when interproximal and subgingival calculus is evident in X-rays or when justified and documented that curettage, scaling or root planing is required in addition to routine prophylaxis. (Cross-reference 78.28(2)“a”(1))

c. Periodontal surgical procedures which include gingivoplasty, osseous surgery, and osseous allograft are payable services when prior approval has been received. A request for approval must be accompanied by a plan for treatment, a completed copy of a periodontal probe chart that exhibits pocket depths, history and radiograph(s). Payment for these surgical procedures will be approved after periodontal scaling and root planing has been provided, a reevaluation examination has been completed, and the patient has demonstrated reasonable oral hygiene, unless the patient is unable to demonstrate reasonable oral hygiene because of physical or mental disability or in cases which demonstrate gingival hyperplasia resulting from drug therapy. (Cross-reference 78.28(2)“a”(2))

d. Pedicle soft tissue graft and free soft tissue graft are payable services with prior approval based on a written narrative describing medical necessity. (Cross-reference 78.28(2)“a”(3))

e. Periodontal maintenance therapy which includes oral prophylaxis, measurement of pocket depths and limited root planing and scaling is a payable service when prior approval has been received. A request for approval must be accompanied by a periodontal treatment plan, a completed copy of a periodontal probe chart which exhibits pocket depths, periodontal history and radiograph(s). Payment for periodontal maintenance therapy may be approved after periodontal scaling and root planing or periodontal surgical procedures have been provided. Periodontal maintenance therapy may be approved once per three-month interval for moderate to advanced cases if the condition would deteriorate without treatment. (Cross-reference 78.28(2)“a”(4))

f. Payment as indicated will be made for the following periodontal services:

(1) Periodontal scaling and root planing, gingivoplasty, osseous surgery will be paid per quadrant.

(2) Gingivoplasty will be paid per tooth.

(3) Osseous allograft will be paid as a single site if one site is involved, or if more than one site is involved, payment will be made for multiple sites.

78.4(5) Endodontic services. Payment shall be made for the following endodontic services:

a. Root canal treatments on permanent anterior and posterior teeth when extensive posttreatment restorative procedures are not necessary and when missing teeth do not jeopardize the integrity or function of the dental arches.

b. Vital pulpotomies. Cement bases, pulp capping, and insulating liners are considered part of the restoration and may not be billed separately.

c. Surgical endodontic treatment is payable when prior approval has been received. Payment for an apicoectomy, performed as a separate surgical procedure; an apicoectomy, performed in conjunction with endodontic procedure; an apical curettage; a root resection; or excision of hyperplastic tissue will be approved when nonsurgical treatment has been attempted and a reasonable time has elapsed after which failure has been demonstrated. Surgical endodontic procedures may be indicated when:

(1) Conventional root canal treatment cannot be successfully completed because canals cannot be negotiated, debrided or obturated due to calcifications, blockages, broken instruments, severe curvatures, and dilacerated roots.

(2) Correction of problems resulting from conventional treatment including gross underfilling, perforations, and canal blockages with restorative materials. (Cross-reference 78.28(2)“d”)

d. Endodontic retreatment when prior authorization has been received. Authorization for retreatment of a tooth with previous endodontic treatment shall be granted when the conventional treatment has been completed, a reasonable time has elapsed, and failure has been demonstrated with a radiograph and narrative history.

78.4(6) Oral surgery—medically necessary. Payment shall be made for medically necessary oral surgery services furnished by dentists to the extent that these services may be performed under state law either by doctors of medicine, osteopathy, dental surgery or dental medicine and would be covered if furnished by doctors of medicine or osteopathy, as defined in rule 441—78.1(249A). These services will be reimbursed in a manner consistent with the physician’s reimbursement policy. The following surgical procedures are also payable when performed by a dentist:

a. Extractions, both surgical and nonsurgical.
b. Impaction (soft tissue impaction, upper or lower) that requires an incision of overlying soft tissue and the removal of the tooth.

c. Impaction (partial bony impaction, upper or lower) that requires incision of overlying soft tissue, elevation of a flap, removal of bone and removal of the tooth.

d. Impaction (complete bony impaction, upper or lower) that requires incision of overlying soft tissue, elevation of a flap, removal of bone and section of the tooth for removal.

e. Root recovery (surgical removal of residual root).

f. Oral antral fistula closure (or antral root recovery).

g. Surgical exposure of impacted or unerupted tooth for orthodontic reasons, including ligation when indicated.

h. Surgical exposure of impacted or unerupted tooth to aid eruption.

i. General anesthesia, intravenous sedation, and non-intravenous conscious sedation are payable services when the extensiveness of the procedure indicates it or there is a concomitant disease or impairment which warrants its use.

j. Routine postoperative care is considered part of the fee for surgical procedures and may not be billed separately.

k. Payment may be made for postoperative care where need is shown to be beyond normal follow-up care or for postoperative care where the original service was performed by another dentist.

78.4(7) Prosthetic services. Payment may be made for the following prosthetic services:

a. An immediate denture and a first-time complete denture including six months’ postdelivery care. An immediate denture and a first-time complete denture are payable when the denture is provided to establish masticatory function. An immediate denture or a first-time complete denture is payable only once following the removal of teeth it replaces. A complete denture is payable only once in a five-year period except when the denture is broken beyond repair, lost or stolen, or no longer fits due to growth or changes in jaw structure and is required to prevent significant dental problems. Replacement of complete dentures due to resorption in less than a five-year period is not payable.

b. A removable partial denture replacing anterior teeth, including six months’ postdelivery care. A removable partial denture replacing anterior teeth is payable only once in a five-year period unless the removable partial denture is broken beyond repair, lost or stolen, or no longer fits due to growth or changes in jaw structure and is required to prevent significant dental problems. Replacement of a removable partial denture replacing anterior teeth due to resorption in less than a five-year period is not payable.

c. A removable partial denture replacing posterior teeth including six months’ postdelivery care when prior approval has been received. A removable partial denture replacing posterior teeth shall be approved when the recipient has fewer than eight posterior teeth in occlusion or the recipient has a full denture in one arch, and a partial denture replacing posterior teeth is required in the opposing arch to

balance occlusion. When one removable partial denture brings eight posterior teeth in occlusion, no additional removable partial denture will be approved. A removable partial denture replacing posterior teeth is payable only once in a five-year period unless the removable partial denture is broken beyond repair, lost or stolen, or no longer fits due to growth or changes in jaw structure and is required to prevent significant dental problems. Replacement of a removable partial denture replacing posterior teeth due to resorption in less than a five-year period is not payable. (Cross-reference 78.28(2)“c”(1))

d. A fixed partial denture (including an acid etch fixed partial denture) replacing anterior teeth when prior approval has been received. A fixed partial denture (including an acid etch fixed partial denture) replacing anterior teeth shall be approved for recipients whose medical condition precludes the use of a removable partial denture. High noble or noble metals shall be approved only when the recipient is allergic to all other restorative materials. A fixed partial denture replacing anterior teeth is payable only once in a five-year period unless the fixed partial denture is broken beyond repair. (Cross-reference 78.28(2)“c”(2))

e. A fixed partial denture (including an acid etch fixed partial denture) replacing posterior teeth when prior approval has been received. A fixed partial denture (including an acid etch fixed partial denture) replacing posterior teeth shall be approved for the recipient whose medical condition precludes the use of a removable partial denture and who has fewer than eight posterior teeth in occlusion or if the recipient has a full denture in one arch and a partial denture replacing posterior teeth is required in the opposing arch to balance occlusion. When one fixed partial denture brings eight posterior teeth in occlusion, no additional fixed partial denture will be approved. High noble or noble metals will be approved only when the recipient is allergic to all other restorative materials. A fixed partial denture replacing posterior teeth is payable only once in a five-year period unless the fixed partial denture is broken beyond repair. (Cross-reference 78.28(2)“c”(3))

f. Obturator for surgically excised palatal tissue or deficient velopharyngeal function of cleft palate patients.

g. Chairside relines are payable only once per prosthesis every 12 months.

h. Laboratory processed relines are payable only once per prosthesis every 12 months.

i. Tissue conditioning is a payable service twice per prosthesis in a 12-month period.

j. Two repairs per prosthesis in a 12-month period are payable.

k. Adjustments to a complete or removable partial denture are payable when medically necessary after six months' postdelivery care. An adjustment consists of removal of acrylic material or adjustment of teeth to eliminate a sore area or to make the denture fit better. Warming dentures and massaging them for better fit or placing them in a sonic device does not constitute an adjustment.

l. Dental implants and related services when prior authorization has been received. Prior authorization shall be granted when the member is missing significant oral structures due to cancer, traumatic injuries, or developmental defects such as cleft palate and cannot use a conventional denture.

78.4(8) Orthodontic procedures. Payment may be made for the following orthodontic procedures:

a. When prior approval has been given for orthodontic services to treat the most handicapping malocclusions in a manner consistent with “Handicapping Malocclusion Assessment to Establish Treatment Priority,” by J.A. Salzmann, D.D.S., American Journal of Orthodontics, October 1968.

A handicapping malocclusion is a condition that constitutes a hazard to the maintenance of oral health and interferes with the well-being of the patient by causing impaired mastication, dysfunction of the temporomandibular articulation, susceptibility to periodontal disease, susceptibility to dental caries, and impaired speech due to malpositions of the teeth. Treatment of handicapping malocclusions will be approved only for the severe and the most handicapping. Assessment of the most handicapping malocclusion is determined by the magnitude of the following variables: degree of malalignment, missing teeth, angle classification, overjet and overbite, openbite, and crossbite.

A request to perform an orthodontic procedure must be accompanied by an interpreted cephalometric radiograph and study models trimmed so that the models simulate centric occlusion of the patient. A written plan of treatment must accompany the diagnostic aids. Posttreatment records must be furnished upon request of the Iowa Medicaid enterprise.

Approval may be made for eight units of a three-month active treatment period. Additional units may be approved by the Iowa Medicaid enterprise's orthodontic consultant if found to be medically necessary. (Cross-reference 78.28(2)“d”)

b. Space management services shall be payable when there is too little dental ridge to accommodate either the number or the size of teeth and if not corrected significant dental disease will result.

c. Tooth guidance for a limited number of teeth or interceptive orthodontics is a payable service when extensive treatment is not required. Pretreatment records are not required.

78.4(9) *Treatment in a hospital.* Payment will be approved for dental treatment rendered a hospitalized patient only when the mental, physical, or emotional condition of the patient prevents the dentist from providing necessary care in the office.

78.4(10) *Treatment in a nursing facility.* Payment will be approved for dental treatment provided in a nursing facility. When more than one patient is examined during the same nursing home visit, payment will be made by the Medicaid program for only one visit to the nursing home.

78.4(11) *Office visit.* Payment will be approved for an office visit for care of injuries or abnormal conditions of the teeth or supporting structure when treatment procedures or exams are not billed for that visit.

78.4(12) *Office calls after hours.* Payment will be approved for office calls after office hours in emergency situations. The office call will be paid in addition to treatment procedures.

78.4(13) *Drugs.* Payment will be made for drugs dispensed by a dentist only if there is no licensed retail pharmacy in the community where the dentist's office is located. If eligible to dispense drugs, the dentist should request a copy of the Prescribed Drugs Manual from the Iowa Medicaid enterprise provider services unit. Payment will not be made for writing prescriptions.

78.4(14) *Services to adults 21 years of age and older.* Effective May 10, 2002, the following dental services are not covered for adults 21 years of age and older:

- a.* Crowns, posts, and cores on anterior teeth that have not received endodontic treatment and on posterior teeth.
- b.* Periodontal services.
- c.* Endodontic services on posterior teeth.
- d.* Orthodontic procedures.

This rule is intended to implement Iowa Code section 249A.4.

441—78.5(249A) Podiatrists. Payment will be approved only for certain podiatric services.

78.5(1) Payment will be approved for the following orthotic appliances and treatment of nail pathologies:

- a.* Durable plantar foot orthotic.
- b.* Plaster impressions for foot orthotic.
- c.* Molded digital orthotic.
- d.* Shoe padding when appliances are not practical.
- e.* Custom molded space shoes for rheumatoid arthritis, congenital defects and deformities, neurotropic, diabetic and ischemic intractable ulcerations and deformities due to injuries.
- f.* Rams horn (hypertrophic) nails.
- g.* Onychomycosis (mycotic) nails.

78.5(2) Payment will be made for the same scope of podiatric services available through Part B of Title XVIII (Medicare) except as listed below:

a. Treatment of flatfoot. The term “flatfoot” is defined as a condition in which one or more arches have flattened out.

b. Treatment of subluxations of the foot are defined as partial dislocations or displacements of joint surfaces, tendons, ligaments, or muscles of the foot. Surgical or nonsurgical treatments undertaken for the sole purpose of correcting a subluxated structure in the foot as an isolated entity are not covered.

Reasonable and necessary diagnosis of symptomatic conditions that result from or are associated with partial displacement of foot structures is a covered service. Surgical correction in the subluxated

foot structure that is an integral part of the treatment of a foot injury or is undertaken to improve the function of the foot or to alleviate an induced or associated symptomatic condition is a covered service.

c. Routine foot care. Routine foot care includes the cutting or removal of corns or callouses, the trimming of nails and other hygienic and preventive maintenance care in the realm of self-care such as cleaning and soaking the feet, the use of skin creams to maintain skin tone of both ambulatory and bedfast patients and any services performed in the absence of localized illness, injury, or symptoms involving the foot.

d. Orthopedic shoes. Payment will not be made for orthopedic shoes or for any device to be worn in or attached to orthopedic shoes or other types of shoes when provided by the podiatrist. Payment will be made to the podiatrist for the examination including tests to establish the need for orthopedic shoes.

78.5(3) Prescriptions are required for drugs and supplies as specified in rule 78.1(2) "c." Payment shall be made for drugs dispensed by a podiatrist only if there is no licensed retail pharmacy in the community where the podiatrist's office is located. If eligible to dispense drugs, the podiatrist should request a copy of the Prescribed Drugs Manual from the Iowa Medicaid enterprise provider services unit. Payment will not be made for writing prescriptions.

This rule is intended to implement Iowa Code section 249A.4.

441—78.6(249A) Optometrists. Payment will be approved for medically necessary services and supplies provided by the optometrist within the scope of practice of optometry and the limitations of state law, subject to the following limitations and exclusions. Covered optometric services include a professional component and materials.

78.6(1) Payable professional services are:

a. Eye examinations. The coverage of eye examinations depends on the purpose of the examination. Services are covered if the examination is the result of a complaint or symptom of an eye disease or injury. Routine eye examinations are covered once in a 12-month period. These services are rendered in the optometrist's office or clinic, the home, a nursing facility, or other appropriate setting. Payment for mileage shall be subject to the same approval and payment criteria as those in effect for Medicare Part B. The following levels of service are recognized for optometric examinations:

(1) Intermediate examination. A level of optometric or ophthalmological services pertaining to medical examination and evaluation, with initiation or continuation of a diagnostic and treatment program.

(2) Comprehensive examination. A level of optometric or ophthalmological services pertaining to medical examination and evaluation, with initiation or continuation of a diagnostic and treatment program, and a general evaluation of the complete visual system.

b. Medical services. Payment will be approved for medically necessary services and supplies within the scope of practice of the optometrist, including services rendered in the optometrist's office or clinic, the home, a nursing facility, or other appropriate setting. Payment for mileage shall be subject to the same approval and payment criteria as those in effect for Medicare Part B.

c. Auxiliary procedures. The following auxiliary procedures and special tests are payable when performed by an optometrist. Auxiliary procedures and special tests are reimbursed as a separate procedure only when warranted by case history or diagnosis.

(1) Serial tonometry. Single tonometry is part of the intermediate and comprehensive exams and is not payable as a separate procedure as is serial tonometry.

(2) Gonioscopy.

(3) Extended ophthalmoscopy. Routine ophthalmoscopy is part of the intermediate and comprehensive examination and is not payable as a separate procedure. Generally, extended ophthalmoscopy is considered to be part of the comprehensive examination and, if performed in conjunction with that level of service, is not payable as a separate procedure.

(4) Visual fields. Gross visual field testing is part of general optometric services and is not reported separately.

(5) External photography.

(6) Fundus photography.

- (7) Retinal integrity evaluation.
- d. Single vision and multifocal lens service, verification and subsequent service. When lenses are necessary, the following enumerated professional and technical optometric services are to be provided:
- (1) When lenses are necessary, the following enumerated professional and technical optometric services are to be provided:
1. Ordering of corrective lenses.
 2. Verification of lenses after fabrication.
 3. Adjustment and alignment of completed lens order.
- (2) New lenses are subject to the following limitations:
1. Up to three times for children up to one year of age.
 2. Up to four times per year for children one through three years of age.
 3. Once every 12 months for children four through seven years of age.
 4. Once every 24 months after eight years of age when there is a change in the prescription.
- (3) Protective lenses are allowed for:
1. Children through seven years of age.
 2. Recipients with vision in only one eye.
 3. Recipients with a diagnosis-related illness or disability where regular lenses would pose a safety risk.
- e. Rescinded IAB 4/3/02, effective 6/1/02.
- f. Frame service.
- (1) When a new frame is necessary, the following enumerated professional and technical optometric services are to be provided:
1. Selection and styling.
 2. Sizing and measurements.
 3. Fitting and adjustment.
 4. Readjustment and servicing.
- (2) New frames are subject to the following limitations:
1. One frame every six months is allowed for children through three years of age.
 2. One frame every 12 months is allowed for children four through six years of age.
 3. When there is a prescribed lens change and the new lenses cannot be accommodated by the current frame.
- (3) Safety frames are allowed for:
1. Children through seven years of age.
 2. Recipients with a diagnosis-related disability or illness where regular frames would pose a safety risk.
- g. Rescinded IAB 4/3/02, effective 6/1/02.
- h. Repairs or replacement of frames, lenses or component parts. Payment shall be made for service in addition to materials. The service fee shall not exceed the dispensing fee for a replacement frame. Payment shall be made for replacement of glasses when the original glasses have been lost or damaged beyond repair. Replacement of lost or damaged glasses is limited to once every 12 months for adults aged 21 and over, except for people with a mental or physical disability.
- i. Fitting of contact lenses when required following cataract surgery, documented keratoconus, aphakia, or for treatment of acute or chronic eye disease. Up to eight pairs of contact lenses are allowed for children up to one year of age with aphakia. Up to four pairs of contact lenses per year are allowed for children one to three years of age with aphakia.
- 78.6(2) Ophthalmic materials.** Ophthalmic materials which are provided in connection with any of the foregoing professional optometric services shall provide adequate vision as determined by the optometrist and meet the following standards:
- a. Corrected curve lenses, unless clinically contraindicated, manufactured by reputable American manufacturers.
 - b. Standard plastic, plastic and metal combination, or metal frames manufactured by reputable American manufacturers, if available.

c. Prescription standards according to the American National Standards Institute (ANSI) standards and tolerance.

78.6(3) Reimbursement. The reimbursement for allowed ophthalmic material is subject to a fee schedule established by the department or to actual laboratory cost as evidenced by an attached invoice.

a. Materials payable by fee schedule are:

- (1) Lenses, single vision and multifocal.
- (2) Frames.
- (3) Case for glasses.

b. Materials payable at actual laboratory cost as evidenced by an attached invoice are:

- (1) Contact lenses.
- (2) Schroeder shield.
- (3) Ptosis crutch.
- (4) Protective lenses and safety frames.
- (5) Subnormal visual aids.

78.6(4) Prior authorization. Prior authorization is required for the following:

a. A second lens correction within a 24-month period for recipients eight years of age and older. Approval shall be given when the recipient's vision has at least a five-tenths diopter of change in sphere or cylinder or ten-degree change in axis in either eye.

b. Visual therapy may be authorized when warranted by case history or diagnosis for a period of time not greater than 90 days. Should continued therapy be warranted, the prior approval process shall be reaccomplished, accompanied by a report showing satisfactory progress. Approved diagnoses are convergence insufficiency and amblyopia. Visual therapy is not covered when provided by opticians.

c. Subnormal visual aids where near visual acuity is better than 20/100 at 16 inches, 2M print. Prior authorization is not required if near visual acuity as described above is less than 20/100. Subnormal visual aids include, but are not limited to, hand magnifiers, loupes, telescopic spectacles, or reverse Galilean telescope systems. Payment shall be actual laboratory cost as evidenced by an attached invoice.

(Cross-reference 78.28(3))

78.6(5) Noncovered services. Noncovered services include, but are not limited to, the following services:

- a. Glasses with cosmetic gradient tint lenses or other eyewear for cosmetic purposes.
- b. Glasses for protective purposes including glasses for eye safety, sunglasses, or glasses with photogray lenses. An exception to this is in 78.6(3) "b"(4).
- c. A second pair of glasses or spare glasses.
- d. Cosmetic surgery and experimental medical and surgical procedures.
- e. Contact lenses if vision is correctable with noncontact lenses except as found at paragraph 78.6(1) "i."

78.6(6) Therapeutically certified optometrists. Therapeutically certified optometrists may provide services and employ pharmaceutical agents in accordance with Iowa Code chapter 154 regulating the practice of optometry. A therapeutically certified optometrist is an optometrist who is licensed to practice optometry in this state and who is certified by the board of optometry examiners to employ the agents and perform the procedures provided by the Iowa Code.

This rule is intended to implement Iowa Code section 249A.4.

441—78.7(249A) Opticians. Payment will be approved only for certain services and supplies provided by opticians when prescribed by a physician (MD or DO) or an optometrist. Payment and procedure for obtaining services and supplies shall be the same as described in rule 441—78.6(249A). (Cross-reference 78.28(3))

78.7(1) to 78.7(3) Rescinded IAB 4/3/02, effective 6/1/02.

This rule is intended to implement Iowa Code section 249A.4.

441—78.8(249A) Chiropractors. Payment will be made for the same chiropractic procedures payable under Title XVIII of the Social Security Act (Medicare).

78.8(1) Covered services. Chiropractic manipulative therapy (CMT) eligible for reimbursement is specifically limited by Medicaid to the manual manipulation (i.e., by use of the hands) of the spine for the purpose of correcting a subluxation demonstrated by X-ray. Subluxation means an incomplete dislocation, off-centering, misalignment, fixation, or abnormal spacing of the vertebrae.

78.8(2) Indications and limitations of coverage.

a. The subluxation must have resulted in a neuromusculoskeletal condition set forth in the table below for which CMT is appropriate treatment. The symptoms must be directly related to the subluxation that has been diagnosed. The mere statement or diagnosis of “pain” is not sufficient to support the medical necessity of CMT. CMT must have a direct therapeutic relationship to the patient’s condition. No other diagnostic or therapeutic service furnished by a chiropractor is covered under the Medicaid program.

	847.3 Sprains and strains, sacrum	
	847.4 Sprains and strains, coccyx	

b. The neuromusculoskeletal conditions listed in the table in paragraph “a” generally require short-, moderate-, or long-term CMT. A diagnosis or combination of diagnoses within Category I generally requires short-term CMT of 12 per 12-month period. A diagnosis or combination of diagnoses within Category II generally requires moderate-term CMT of 18 per 12-month period. A diagnosis or combination of diagnoses within Category III generally requires long-term CMT of 24 per 12-month period. For diagnostic combinations between categories, 28 CMTs are generally required per 12-month period. If the CMT utilization guidelines are exceeded, documentation supporting the medical necessity of additional CMT must be submitted with the Medicaid claim form or the claim will be denied for failure to provide information.

c. CMT is not a covered benefit when:

- (1) The maximum therapeutic benefit has been achieved for a given condition.
- (2) There is not a reasonable expectation that the continuation of CMT would result in improvement of the patient’s condition.
- (3) The CMT seeks to prevent disease, promote health and prolong and enhance the quality of life.

78.8(3) Documenting X-ray. An X-ray must document the primary regions of subluxation being treated by CMT.

a. The documenting X-ray must be taken at a time reasonably proximate to the initiation of CMT. An X-ray is considered to be reasonably proximate if it was taken no more than 12 months prior to or 3 months following the initiation of CMT. X-rays need not be repeated unless there is a new condition

and no payment shall be made for subsequent X-rays, absent a new condition, consistent with paragraph “c” of this subrule. No X-ray is required for pregnant women and for children aged 18 and under.

b. The X-ray films shall be labeled with the patient’s name and date the X-rays were taken and shall be marked right or left. The X-ray shall be made available to the department or its duly authorized representative when requested. A written and dated X-ray report, including interpretation and diagnosis, shall be present in the patient’s clinical record.

c. Chiropractors shall be reimbursed for documenting X-rays at the physician fee schedule rate. Payable X-rays shall be limited to those Current Procedural Terminology (CPT) procedure codes that are appropriate to determine the presence of a subluxation of the spine. Criteria used to determine payable X-ray CPT codes may include, but are not limited to, the X-ray CPT codes for which major commercial payors reimburse chiropractors. The Iowa Medicaid enterprise shall publish in the Chiropractic Services Provider Manual the current list of payable X-ray CPT codes. Consistent with CPT, chiropractors may bill the professional, technical, or professional and technical components for X-rays, as appropriate. Payment for documenting X-rays shall be further limited to one per condition, consistent with the provisions of paragraph “a” of this subrule. A claim for a documenting X-ray related to the onset of a new condition is only payable if the X-ray is reasonably proximate to the initiation of CMT for the new condition, as defined in paragraph “a” of this subrule. A chiropractor is also authorized to order a documenting X-ray whether or not the chiropractor owns or possesses X-ray equipment in the chiropractor’s office. Any X-rays so ordered shall be payable to the X-ray provider, consistent with the provisions in this paragraph.

This rule is intended to implement Iowa Code section 249A.4.

441—78.9(249A) Home health agencies. Payment shall be approved for medically necessary home health agency services prescribed by a physician in a plan of home health care provided by a Medicare-certified home health agency.

The number of hours of home health agency services shall be reasonable and appropriate to meet an established medical need of the recipient that cannot be met by a family member, significant other, friend, or neighbor. Services must be medically necessary in the individual case and be related to a diagnosed medical impairment or disability.

The recipient need not be homebound to be eligible for home health agency services; however, the services provided by a home health agency shall only be covered when provided in the recipient’s residence with the following exception. Private duty nursing and personal care services for persons aged 20 and under as described at 78.9(10) “a” may be provided in settings other than the recipient’s residence when medically necessary.

Medicaid recipients of home health agency services need not first require skilled nursing care to be entitled to home health aide services.

Further limitations related to specific components of home health agency services are noted in subrules 78.9(3) to 78.9(10).

Payment shall be made on an encounter basis. An encounter is defined as separately identifiable hours in which home health agency staff provide continuous service to a recipient.

Payment for supplies shall be approved when the supplies are incidental to the patient’s care, e.g., syringes for injections, and do not exceed \$15 per month. Dressings, durable medical equipment, and other supplies shall be obtained from a durable medical equipment dealer or pharmacy. Payment of supplies may be made to home health agencies when a durable medical equipment dealer or pharmacy is not available in the recipient’s community.

Payment may be made for restorative and maintenance home health agency services.

Payment may be made for teaching, training, and counseling in the provision of health care services.

Treatment plans for these services shall additionally reflect: to whom the services are to be provided (patient, family member, etc.); prior teaching training, or counseling provided; medical necessity for the rendered service; identification of specific services and goals; date of onset of the teaching, training, or counseling; frequency of services; progress of recipient in response to treatment; and estimated length of time these services will be needed.

The following are not covered: services provided in the home health agency office, homemaker services, well child care and supervision, and medical equipment rental or purchase.

Services shall be authorized by a physician, evidenced by the physician's signature and date on a plan of treatment.

78.9(1) Treatment plan. A plan of treatment shall be completed prior to the start of care and at a minimum reviewed every 62 days thereafter. The plan of care shall support the medical necessity and intensity of services to be provided by reflecting the following information:

- a. Place of service.
- b. Type of service to be rendered and the treatment modalities being used.
- c. Frequency of the services.
- d. Assistance devices to be used.
- e. Date home health services were initiated.
- f. Progress of recipient in response to treatment.
- g. Medical supplies to be furnished.
- h. Recipient's medical condition as reflected by the following information, if applicable:
 - (1) Dates of prior hospitalization.
 - (2) Dates of prior surgery.
 - (3) Date last seen by a physician.
 - (4) Diagnoses and dates of onset of diagnoses for which treatment is being rendered.
 - (5) Prognosis.
 - (6) Functional limitations.
 - (7) Vital signs reading.
 - (8) Date of last episode of instability.
 - (9) Date of last episode of acute recurrence of illness or symptoms.
 - (10) Medications.
- i. Discipline of the person providing the service.
- j. Certification period (no more than 62 days).
- k. Estimated date of discharge from the hospital or home health agency services, if applicable.
- l. Physician's signature and date. The date of the signature shall be within the certification period.

78.9(2) Supervisory visits. Payment shall be made for supervisory visits two times a month when a registered nurse acting in a supervisory capacity provides supervisory visits of services provided by a home health aide under a home health agency plan of treatment or when services are provided by an in-home health care provider under the department's in-home health-related care program as set forth in 441—Chapter 177.

78.9(3) Skilled nursing services. Skilled nursing services are services that when performed by a home health agency require a licensed registered nurse or licensed practical nurse to perform. Situations when a service can be safely performed by the recipient or other nonskilled person who has received the proper training or instruction or when there is no one else to perform the service are not considered a "skilled nursing service." Skilled nursing services shall be available only on an intermittent basis. Intermittent services for skilled nursing services shall be defined as a medically predictable recurring need requiring a skilled nursing service at least once every 60 days, not to exceed five days per week (except as provided below), with an attempt to have a predictable end. Daily visits (six or seven days per week) that are reasonable and necessary and show an attempt to have a predictable end shall be covered for up to three weeks. Coverage of additional daily visits beyond the initial anticipated time frame may be appropriate for a short period of time, based on the medical necessity of service. Medical documentation shall be submitted justifying the need for continued visits, including the physician's estimate of the length of time that additional visits will be necessary. Daily skilled nursing visits or multiple daily visits for wound care or insulin injections shall be covered when ordered by a physician and included in the plan of care. Other daily skilled nursing visits which are ordered for an indefinite period of time and designated as daily skilled nursing care do not meet the intermittent definition and shall be denied.

Skilled nursing services shall be evaluated based on the complexity of the service and the condition of the patient.

Private duty nursing for persons aged 21 and over is not a covered service. See subrule 78.9(10) for guidelines for private duty nursing for persons aged 20 or under.

78.9(4) *Physical therapy services.* Payment shall be made for physical therapy services when the services relate directly to an active written treatment plan, follow a treatment plan established by the physician after any needed consultation with the qualified physical therapist, are reasonable and necessary to the treatment of the patient's illness or injury, and meet the guidelines defined for restorative, maintenance, or trial therapy as set forth in subrule 78.19(1), paragraphs "a" and "b."

For physical therapy services, the treatment plan shall additionally reflect goals, modalities of treatment, date of onset of conditions being treated, restorative potential, and progress notes.

78.9(5) *Occupational therapy services.* Payment shall be made for occupational therapy services when the services relate directly to an active written treatment plan, follow a treatment plan established by the physician, are reasonable and necessary to the treatment of the patient's illness or injury, and meet the guidelines defined for restorative, maintenance, or trial therapy as set forth in subrule 78.19(1), paragraphs "a" and "c."

For occupational therapy services, the treatment plan shall additionally reflect goals, modalities of treatment, date of onset of conditions being treated, restorative potential, and progress notes.

78.9(6) *Speech therapy services.* Payment shall be made for speech therapy services when the services relate directly to an active written treatment plan, follow a treatment plan established by the physician, are reasonable and necessary to the treatment of the patient's illness or injury, and meet the guidelines defined for restorative, maintenance, or trial therapy as set forth in subrule 78.19(1), paragraphs "a" and "d."

For speech therapy services, the treatment plan shall additionally reflect goals, modalities of treatment, date of onset of conditions being treated, restorative potential, and progress notes.

78.9(7) *Home health aide services.* Payment shall be made for unskilled services provided by a home health aide if the following conditions are met:

a. The service as well as the frequency and duration are stated in a written plan of treatment established by a physician. The home health agency is encouraged to collaborate with the recipient, or in the case of a child with the child's caregiver, in the development and implementation of the plan of treatment.

b. The recipient requires personal care services as determined by a registered nurse or other appropriate therapist. The services shall be given under the supervision of a registered nurse, physical, speech, or occupational therapist and the registered nurse or therapist shall assign the aide who will provide the care.

c. Services shall be provided on an intermittent basis. "Intermittent basis" for home health agency services is defined as services that are usually two to three times a week for two to three hours at a time. Services provided for four to seven days per week, not to exceed 28 hours per week, when ordered by a physician and included in a plan of care shall be allowed as intermittent services. Increased services provided when medically necessary due to unusual circumstances on a short-term basis of two to three weeks may also be allowed as intermittent services when the home health agency documents the need for the excessive time required for home health aide services.

Home health aide daily care may be provided for persons employed or attending school whose disabling conditions require the persons to be assisted with morning and evening activities of daily living in order to support their independent living.

Personal care services include the activities of daily living, e.g., helping the recipient to bathe, get in and out of bed, care for hair and teeth, exercise, and take medications specifically ordered by the physician, but ordinarily self-administered, and retraining the recipient in necessary self-help skills.

Certain household services may be performed by the aide in order to prevent or postpone the recipient's institutionalization when the primary need of the recipient for home health aide services furnished is for personal care. If household services are incidental and do not substantially increase the time spent by the aide in the home, the entire visit is considered a covered service. Domestic or housekeeping services which are not related to patient care are not a covered service if personal care is not rendered during the visit.

For home health aide services, the treatment plan shall additionally reflect the number of hours per visit and the living arrangement of the recipient, e.g., lives alone or with family.

78.9(8) Medical social services.

a. Payment shall be made for medical social work services when all of the following conditions are met and the problems are not responding to medical treatment and there does not appear to be a medical reason for the lack of response. The services:

- (1) Are reasonable and necessary to the treatment of a recipient's illness or injury.
- (2) Contribute meaningfully to the treatment of the recipient's condition.
- (3) Are under the direction of a physician.
- (4) Are provided by or under the supervision of a qualified medical or psychiatric social worker.
- (5) Address social problems that are impeding the recipient's recovery.

b. Medical social services directed toward minimizing the problems an illness may create for the recipient and family, e.g., encouraging them to air their concerns and providing them with reassurance, are not considered reasonable and necessary to the treatment of the patient's illness or injury.

78.9(9) Home health agency care for maternity patients and children. The intent of home health agency services for maternity patients and children shall be to provide services when the recipients are unable to receive the care outside of their home and require home health care due to a high-risk factor. Routine prenatal, postpartum, or child health care is a covered service in a physician's office or clinic and, therefore, is not covered by Medicaid when provided by a home health agency.

Treatment plans for maternity patients and children shall identify the potential risk factors, the medical factor or symptom which verifies the child is at risk, the reason the recipient is unable to obtain care outside of the home, and the medically related task of the home health agency. If the home health agency is assisting the family to cope with socioeconomic and medical problems, the plan of care shall indicate the involvement of the department's county office and document that the department and the home health agency have agreed that services are in the best interest of the child and are needed to supplement the intervention of the department social worker.

The plan of treatment shall document along with the high-risk factors, the diagnosis, specific services and goals, and the medical necessity for the services to be rendered. A single high-risk factor does not provide sufficient documentation of the need for services.

a. The following list of potential high-risk factors may indicate a need for home health services to prenatal maternity patients:

- (1) Aged 16 or under.
- (2) First pregnancy for a woman aged 35 or over.
- (3) Previous history of prenatal complications such as fetal death, eclampsia, C-section delivery, psychosis, or diabetes.
- (4) Current prenatal problems such as hypertensive disorders of pregnancy, diabetes, cardiac disease, sickle cell anemia, low hemoglobin, mental illness, or drug or alcohol abuse.
- (5) Sociocultural or ethnic problems such as language barriers, lack of family support, insufficient dietary practices, history of child abuse or neglect, or single mother.
- (6) Preexisting disabilities such as sensory deficits, or mental or physical disabilities.
- (7) Second pregnancy in 12 months.
- (8) Death of a close family member or significant other within the previous year.

b. The following list of potential high-risk factors may indicate a need for home health services to postpartum maternity patients:

- (1) Aged 16 or under.
- (2) First pregnancy for a woman aged 35 or over.
- (3) Major postpartum complications such as severe hemorrhage, eclampsia, or C-section delivery.
- (4) Preexisting mental or physical disabilities such as deaf, blind, hemaplegic, activity-limiting disease, sickle cell anemia, uncontrolled hypertension, uncontrolled diabetes, mental illness, or mental retardation.
- (5) Drug or alcohol abuse.
- (6) Symptoms of postpartum psychosis.

(7) Special sociocultural or ethnic problems such as lack of job, family problems, single mother, lack of support system, or history of child abuse or neglect.

(8) Demonstrated disturbance in maternal and infant bonding.

(9) Discharge or release from hospital against medical advice before 36 hours postpartum.

(10) Insufficient antepartum care by history.

(11) Multiple births.

(12) Nonhospital delivery.

c. The following list of potential high-risk factors may indicate a need for home health services to infants:

(1) Birth weight of five pounds or under or over ten pounds.

(2) History of severe respiratory distress.

(3) Major congenital anomalies such as neonatal complications which necessitate planning for long-term follow-up such as postsurgical care, poor prognosis, home stimulation activities, or periodic development evaluation.

(4) Disabling birth injuries.

(5) Extended hospitalization and separation from other family members.

(6) Genetic disorders, such as Down's syndrome, and phenylketonuria or other metabolic conditions that may lead to mental retardation.

(7) Noted parental rejection or indifference toward baby such as never visiting or calling the hospital about the baby's condition during the infant's extended stay.

(8) Family sociocultural or ethnic problems such as low education level or lack of knowledge of child care.

(9) Discharge or release against medical advice before 36 hours of age.

(10) Nutrition or feeding problems.

d. The following list of potential high-risk factors may indicate a need for home health services to preschool or school-age children:

(1) Child or sibling victim of child abuse or neglect.

(2) Mental retardation or other physical disabilities necessitating long-term follow-up or major readjustments in family lifestyle.

(3) Failure to complete the basic series of immunizations by 18 months, or boosters by 6 years.

(4) Chronic illness such as asthma, cardiac, respiratory or renal disease, diabetes, cystic fibrosis, or muscular dystrophy.

(5) Malignancies such as leukemia or carcinoma.

(6) Severe injuries necessitating treatment or rehabilitation.

(7) Disruption in family or peer relationships.

(8) Suspected developmental delay.

(9) Nutritional deficiencies.

78.9(10) *Private duty nursing or personal care services for persons aged 20 and under.* Payment for private duty nursing or personal care services for persons aged 20 and under shall be approved if determined to be medically necessary. Payment shall be made on an hourly unit of service.

a. Definitions.

(1) Private duty nursing services are those services which are provided by a registered nurse or a licensed practical nurse under the direction of the recipient's physician to a recipient in the recipient's place of residence or outside the recipient's residence, when normal life activities take the recipient outside the place of residence. Place of residence does not include nursing facilities, intermediate care facilities for the mentally retarded, or hospitals.

Services shall be provided according to a written plan of care authorized by a licensed physician. The home health agency is encouraged to collaborate with the recipient, or in the case of a child with the child's caregiver, in the development and implementation of the plan of treatment. These services shall exceed intermittent guidelines as defined in subrule 78.9(3). Private duty nursing and personal care services shall be inclusive of all home health agency services personally provided to the recipient. Enhanced payment under the interim fee schedule shall be made available for services to children who

are technology dependent, i.e., ventilator dependent or whose medical condition is so unstable as to otherwise require intensive care in a hospital.

Private duty nursing or personal care services do not include:

1. Respite care, which is a temporary intermission or period of rest for the caregiver.
2. Nurse supervision services including chart review, case discussion or scheduling by a registered nurse.
3. Services provided to other members of the recipient's household.
4. Services requiring prior authorization that are provided without regard to the prior authorization process.
5. Transportation services.
6. Homework assistance.

(2) Personal care services are those services provided by a home health aide or certified nurse's aide and which are delegated and supervised by a registered nurse under the direction of the recipient's physician to a recipient in the recipient's place of residence or outside the recipient's residence, when normal life activities take the recipient outside the place of residence. Place of residence does not include nursing facilities, intermediate care facilities for the mentally retarded, or hospitals. Payment for personal care services for persons aged 20 and under that exceed intermittent guidelines may be approved if determined to be medically necessary as defined in subrule 78.9(7). These services shall be in accordance with the recipient's plan of care and authorized by a physician. The home health agency is encouraged to collaborate with the recipient, or in the case of a child with the child's caregiver, in the development and implementation of the plan of treatment.

Medical necessity means the service is reasonably calculated to prevent, diagnose, correct, cure, alleviate or prevent the worsening of conditions that endanger life, cause pain, result in illness or infirmity, threaten to cause or aggravate a disability or chronic illness, and no other equally effective course of treatment is available or suitable for the recipient requesting a service.

b. Requirements.

(1) Private duty nursing or personal care services shall be ordered in writing by a physician as evidenced by the physician's signature on the plan of care.

(2) Private duty nursing or personal care services shall be authorized by the department or the department's designated review agent prior to payment.

(3) Prior authorization shall be requested at the time of initial submission of the plan of care or at any time the plan of care is substantially amended and shall be renewed with the department or the department's designated review agent. Initial request for and request for renewal of prior authorization shall be submitted to the department's designated review agent. The provider of the service is responsible for requesting prior authorization and for obtaining renewal of prior authorization.

The request for prior authorization shall include a nursing assessment, the plan of care, and supporting documentation. The request for prior authorization shall include all items previously identified as required treatment plan information and shall further include: any planned surgical interventions and projected time frame; information regarding caregiver's desire to become involved in the recipient's care, to adhere to program objectives, to work toward treatment plan goals, and to work toward maximum independence; and identify the types and service delivery levels of all other services to the recipient whether or not the services are reimbursable by Medicaid. Providers shall indicate the expected number of private duty nursing RN hours, private duty nursing LPN hours, or home health aide hours per day, the number of days per week, and the number of weeks or months of service per discipline. If the recipient is currently hospitalized, the projected date of discharge shall be included.

Prior authorization approvals shall not be granted for treatment plans that exceed 16 hours of home health agency services per day. (Cross-reference 78.28(9))

78.9(11) Vaccines. Home health agencies which wish to administer vaccines which are available through the vaccines for children program to Medicaid recipients shall enroll in the vaccines for children program. In lieu of payment, vaccines available through the vaccines for children program shall be accessed from the department of public health for Medicaid recipients. Home health agencies may

provide vaccines for children clinics and be reimbursed for vaccine administration to provide vaccines for children program vaccines to Medicaid children in other than the home setting.

This rule is intended to implement Iowa Code section 249A.4.

441—78.10(249A) Durable medical equipment (DME), prosthetic devices and medical supplies.

78.10(1) General payment requirements. Payment will be made for items of DME, prosthetic devices and medical supplies, subject to the following general requirements and the requirements of subrule 78.10(2), 78.10(3), or 78.10(4), as applicable:

a. DME, prosthetic devices, and medical supplies must be required by the member because of the member's medical condition.

b. The item shall be necessary and reasonable either for the treatment of an illness or injury, or to improve the functioning of a malformed body part. Determination will be made by the Iowa Medicaid enterprise medical services unit.

(1) An item is necessary when it can be expected to make a meaningful contribution to the treatment of a specific illness or injury or to the improvement in function of a malformed body part.

(2) Although an item may be necessary, it must also be a reasonable expenditure for the Medicaid program. The following considerations enter into the determination of reasonableness: Whether the expense of the item to the program would be clearly disproportionate to the therapeutic benefits which could ordinarily be derived from use of the item; whether the item would be substantially more costly than a medically appropriate and realistically feasible alternative pattern of care; and whether the item serves essentially the same purpose as an item already available to the beneficiary.

c. A physician's (doctor of medicine, osteopathy, or podiatry), physician assistant's, or advanced registered nurse practitioner's prescription is required to establish medical necessity. The prescription shall state the diagnosis, prognosis, and length of time the item is to be required.

For items requiring prior approval, a request shall include a physician's, physician assistant's, or advanced registered nurse practitioner's written order or prescription and sufficient medical documentation to permit an independent conclusion that the requirements for the equipment or device are met and the item is medically necessary and reasonable. A request for prior approval is made on Form 470-0829, Request for Prior Authorization. See rule 441—78.28(249A) for prior approval requirements.

d. Nonmedical items will not be covered. These include but are not limited to:

(1) Physical fitness equipment, e.g., an exercycle, weights.

(2) First-aid or precautionary-type equipment, e.g., preset portable oxygen units.

(3) Self-help devices, e.g., safety grab bars, raised toilet seats.

(4) Training equipment, e.g., speech teaching machines, braille training texts.

(5) Equipment used for environmental control or to enhance the environmental setting, e.g., room heaters, air conditioners, humidifiers, dehumidifiers, and electric air cleaners.

(6) Equipment which basically serves comfort or convenience functions, or is primarily for the convenience of a person caring for the patient, e.g., elevators, stairway elevators and posture chairs.

e. The amount payable is based on the least expensive item which meets the patient's medical needs. Payment will not be approved for duplicate items.

f. Consideration will be given to rental or purchase based on the price of the item and the length of time it would be required. The decision on rental or purchase shall be made by the Iowa Medicaid enterprise, and be based on the most reasonable method to provide the equipment.

(1) The provider shall monitor rental payments up to 150 percent of the purchase price. At the point that total rent paid equals 150 percent of the purchase allowance, the recipient will be considered to own the item and no further rental payments will be made to the provider.

(2) Payment may be made for the purchase of an item even though rental payments may have been made for prior months. The rental of the equipment may be necessary for a period of time to establish that it will meet the identified need before the purchase of the equipment. When a decision is made to purchase after renting an item, all of the rental payments will be applied to the purchase allowance.

(3) EXCEPTION: Ventilators will be maintained on a rental basis for the duration of use.

g. Payment may be made for necessary repair, maintenance, and supplies for recipient-owned equipment. No payment may be made for repairs, maintenance, or supplies when the recipient is renting the item.

h. Replacement of recipient-owned equipment is covered in cases of loss or irreparable damage or when required because of a change in the patient's condition.

i. No allowance will be made for delivery, freight, postage, or other provider operating expenses for DME, prosthetic devices or medical supplies.

78.10(2) Durable medical equipment. DME is equipment which can withstand repeated use, is primarily and customarily used to serve a medical purpose, is generally not useful to a person in the absence of an illness or injury, and is appropriate for use in the home.

a. Durable medical equipment will not be provided in a hospital, nursing facility, or intermediate care facility for the mentally retarded except when a Medicaid-eligible resident of a nursing facility medically needs oxygen for 12 or more hours per day for at least 30 days or more. Medicaid will provide payment to medical equipment and supply dealers to provide oxygen services in a nursing facility when all of the following requirements and conditions have been met:

(1) A physician's, physician assistant's, or advanced registered nurse practitioner's prescription documents that a resident of a nursing facility requires oxygen for 12 hours or more per day and the provider and physician, physician assistant, or advanced registered nurse practitioner jointly submit Certificate of Medical Necessity, Form CMS-484, from Medicare or a reasonable facsimile to the Iowa Medicaid enterprise with the monthly billing. The documentation submitted must contain the following:

1. The number of hours oxygen is required per day;
2. The diagnosis of the disease requiring continuous oxygen, prognosis, and length of time the oxygen will be needed;
3. The oxygen flow rate and concentration; the type of system ordered, i.e., cylinder gas, liquid gas, or concentrator;
4. A specific estimate of the frequency and duration of use; and
5. The initial reading on the time meter clock on each concentrator, where applicable.

Oxygen prescribed "PRN" or "as necessary" is not allowed.

(2) The maximum Medicaid payment shall be based on the least costly method of oxygen delivery.

(3) Medicaid payment shall be made for the rental of equipment only. All accessories and disposable supplies related to the oxygen delivery system, servicing and repairing of equipment are included in the Medicaid payment.

(4) Oxygen logs must be maintained by the provider. When random postpayment review of these logs indicates less than an average of 12 hours per day of oxygen was provided over a 30-day period, recoupment of the overpayment may occur.

(5) Payment will be made for only one mode of oxygen even if the physician's, physician assistant's, or advanced registered nurse practitioner's prescription allows for multiple modes of delivery.

(6) Payment will not be made for oxygen that is not documented according to department of inspections and appeals 481—subrule 58.21(8).

b. Only the following types of durable medical equipment can be covered through the Medicaid program:

Alternating pressure pump.

Automated medication dispenser. See 78.10(2) "d" for prior authorization requirements.

Bedpan.

Blood pressure cuffs.

Cane.

Cardiorespiratory monitor (rental and supplies).

Commode.

Commode pail.

Crutches.

Decubitus equipment.

Dialysis equipment.
Diaphragm (contraceptive device).
Enclosed bed. See 78.10(2) “d” for prior authorization requirements.
Enuresis alarm system (bed-wetting alarm device) for recipients five years of age or older.
Hospital bed.
Hospital bed accessories.
Inhalation equipment.
Insulin infusion pump. See 78.10(2) “d” for prior authorization requirements.
Lymphedema pump.
Neuromuscular stimulator.
Oximeter.
Oxygen, subject to the limitations in 78.10(2) “a” and 78.10(2) “c.”
Patient lift (Hoyer).
Phototherapy bilirubin light.
Pressure unit.
Protective helmet.
Respirator.
Resuscitator bags and pressure gauge.
Seat lift chair.
Suction machine.
Traction equipment.
Urinal (portable).
Vaporizer.
Ventilator.
Vest airway clearance system. See 78.10(2) “d” for prior authorization requirements.
Walker.
Wheelchair—standard and adaptive.
Whirlpool bath.

c. Coverage of home oxygen equipment and oxygen will be considered reasonable and necessary only for recipients with significant hypoxemia, as shown by medical documentation. The physician’s, physician assistant’s, or advanced registered nurse practitioner’s prescription shall document that other forms of treatment have been tried and have not been successful, and that oxygen therapy is required.

(1) To identify the medical necessity for oxygen therapy, the supplier and a physician, physician assistant, or advanced registered nurse practitioner shall jointly submit Medicare Form B-7401, Physician’s Certification for Durable Medical Equipment, or a reasonable facsimile. The following information is required:

1. A diagnosis of the disease requiring home use of oxygen;
2. The oxygen flow rate and concentration;
3. The type of system ordered, i.e., cylinder gas, liquid gas, or concentrator;
4. A specific estimate of the frequency and duration of use; and
5. The initial reading on the time meter clock on each concentrator, where applicable.

Oxygen prescribed “PRN” or “as necessary” is not allowed.

(2) If the patient’s condition or need for oxygen services changes, the attending physician, physician assistant, or advanced registered nurse practitioner must adjust the documentation accordingly.

(3) A second oxygen system is not covered by Medicaid when used as a backup for oxygen concentrators or as a standby in case of emergency. Recipients may be provided with a portable oxygen system to complement a stationary oxygen system, or to be used by itself, with documentation from the physician (doctor of medicine or osteopathy), physician assistant, or advanced registered nurse practitioner of the medical necessity for portable oxygen for specific activities.

(4) Payment for concentrators shall be made only on a rental basis.

(5) All accessories, disposable supplies, servicing, and repairing of concentrators are included in the monthly Medicaid payment for concentrators.

d. Prior authorization is required for the following medical equipment and supplies (Cross-reference 78.28(1)):

(1) Enclosed beds. Payment for an enclosed bed will be approved when prescribed for a patient who meets all of the following conditions:

1. The patient has a diagnosis-related cognitive or communication impairment that results in risk to safety.

2. The patient's mobility puts the patient at risk for injury.

3. The patient has suffered injuries when getting out of bed.

4. The patient has had a successful trial with an enclosed bed.

(2) External insulin infusion pumps. Payment will be approved according to Medicare coverage criteria.

(3) Vest airway clearance systems. Payment will be approved for a vest airway clearance system when prescribed by a pulmonologist for a patient with a diagnosis of a lung disorder if all of the following conditions are met:

1. Pulmonary function tests for the 12 months before the initiation of the vest demonstrate an overall significant decrease of lung function.

2. The patient resides in an independent living situation or has a medical condition that precludes the caregiver from administering traditional chest physiotherapy.

3. Treatment by flutter device failed or is contraindicated.

4. Treatment by intrapulmonary percussive ventilation failed or is contraindicated.

5. All other less costly alternatives have been tried.

(4) Automated medication dispenser. Payment will be approved for an automated medication dispenser when prescribed for a member who meets all of the following conditions:

1. The member has a diagnosis indicative of cognitive impairment or age-related factors that affect the member's ability to remember to take medications.

2. The member is on two or more medications prescribed to be administered more than one time a day.

3. The availability of a caregiver to administer the medications or perform setup is limited or nonexistent.

4. Less costly alternatives, such as medisets or telephone reminders, have failed.

78.10(3) Prosthetic devices. Prosthetic devices mean replacement, corrective, or supportive devices prescribed by a physician (doctor of medicine, osteopathy or podiatry), physician assistant, or advanced registered nurse practitioner within the scope of practice as defined by state law to artificially replace a missing portion of the body, prevent or correct a physical deformity or malfunction, or support a weak or deformed portion of the body. This does not require a determination that there is no possibility that the patient's condition may improve sometime in the future.

a. Prosthetic devices are not covered when dispensed to a patient prior to the time the patient undergoes a procedure which will make necessary the use of the device.

b. Only the following types of prosthetic devices shall be covered through the Medicaid program:

Artificial eyes.

Artificial limbs.

Augmentative communications systems provided for members unable to communicate their basic needs through oral speech or manual sign language. Payment will be made for the most cost-effective item that meets basic communication needs commensurate with the member's cognitive and language abilities. See 78.10(3) "c" for prior approval requirements.

Enteral delivery supplies and products. See 78.10(3) "c" for prior approval requirements.

Hearing aids. See rule 441—78.14(249A).

Oral nutritional products. See 78.10(3) "c" for prior approval requirements.

Orthotic devices. See 78.10(3) "d" for limitations on coverage of cranial orthotic devices.

Ostomy appliances.

Parenteral delivery supplies and products. Daily parenteral nutrition therapy is considered necessary and reasonable for a member with severe pathology of the alimentary tract that does not allow

absorption of sufficient nutrients to maintain weight and strength commensurate with the member's general condition.

Prosthetic shoes. See rule 441—78.15(249A).

Tracheotomy tubes.

Vibrotactile aids. Vibrotactile aids are payable only once in a four-year period unless the original aid is broken beyond repair or lost. (Cross-reference 78.28(8))

c. Prior approval is required for the following prosthetic devices:

(1) Augmentative communication systems. Form 470-2145, Augmentative Communication System Selection, completed by a speech pathologist and a physician's, physician assistant's, or advanced registered nurse practitioner's prescription for a particular device shall be submitted to the Iowa Medicaid enterprise medical services unit to request prior approval. Information requested on the prior approval form includes a medical history, diagnosis, and prognosis completed by a physician, physician assistant, or advanced registered nurse practitioner. In addition, a speech or language pathologist needs to describe current functional abilities in the following areas: communication skills, motor status, sensory status, cognitive status, social and emotional status, and language status. Also needed from the speech or language pathologist is information on educational ability and needs, vocational potential, anticipated duration of need, prognosis regarding oral communication skills, prognosis with a particular device, and recommendations. The department's consultants with expertise in speech pathology will evaluate the prior approval requests and make recommendations to the department. (Cross-reference 78.28(1) "c")

(2) Enteral products and enteral delivery pumps and supplies. Daily enteral nutrition therapy shall be approved as medically necessary only for a recipient who either has a metabolic or digestive disorder that prevents the recipient from obtaining the necessary nutritional value from usual foods in any form and cannot be managed by avoidance of certain food products or has a severe pathology of the body that does not allow ingestion or absorption of sufficient nutrients from regular food to maintain weight and strength commensurate with the recipient's general condition.

A request for prior approval shall include a physician's, physician assistant's, or advanced registered nurse practitioner's written order or prescription and documentation to establish the medical necessity for enteral products and enteral delivery pumps and supplies pursuant to the above standards. The documentation shall include:

1. A statement of the recipient's total medical condition that includes a description of the recipient's metabolic or digestive disorder or pathology.

2. Documentation of the medical necessity for commercially prepared products. The information submitted must identify other methods attempted to support the recipient's nutritional status and indicate that the recipient's nutritional needs were not or could not be met by regular food in pureed form.

3. Documentation of the medical necessity for an enteral pump, if the request includes an enteral pump. The information submitted must identify the medical reasons for not using a gravity feeding set.

Examples of conditions that will not justify approval of enteral nutrition therapy are: weight-loss diets, wired-shut jaws, diabetic diets, milk or food allergies (unless the recipient is under five years of age and coverage through the Women, Infant and Children's program is not available), and the use of enteral products for convenience reasons when regular food in pureed form would meet the medical need of the recipient.

Basis of payment for nutritional therapy supplies shall be the least expensive method of delivery that is reasonable and medically necessary based on the documentation submitted.

(3) Oral nutritional products. Payment for oral nutritional products shall be approved as medically necessary only when the member is not able to ingest or absorb sufficient nutrients from regular food due to a metabolic, digestive, or psychological disorder or pathology, to the extent that supplementation is necessary to provide 51 percent or more of the daily caloric intake, or when the use of oral nutritional products is otherwise determined medically necessary in accordance with evidence-based guidelines for treatment of the member's condition.

A request for prior approval shall include a physician's, physician assistant's, or advanced registered nurse practitioner's written order or prescription and documentation to establish the medical necessity for oral supplementation pursuant to these standards. The documentation shall include:

1. A statement of the recipient's total medical condition that includes a description of the recipient's metabolic, digestive, or psychological disorder or pathology.
2. Documentation of the medical necessity for commercially prepared products. The information submitted must identify other methods attempted to support the recipient's nutritional status and indicate that the recipient's nutritional needs were not or could not be met by regular food in pureed form.
3. Documentation to support the fact that regular foods will not provide sufficient nutritional value to the recipient.

Examples of conditions that will not justify approval of oral supplementation are: weight-loss diets, wired-shut jaws, diabetic diets, milk or food allergies (unless the recipient is under five years of age and coverage through the Women, Infant and Children's program is not available), supplementation to boost calorie or protein intake by less than 51 percent of the daily intake, and the absence of severe pathology of the body or psychological pathology or disorder.

d. Cranial orthotic device. Payment shall be approved for cranial orthotic devices when the device is medically necessary for the postsurgical treatment of synostotic plagiocephaly. Payment shall also be approved when there is photographic evidence supporting moderate to severe nonsynostotic positional plagiocephaly and either:

- (1) The member is between 3 and 5 months of age and has failed to respond to a two-month trial of repositioning therapy; or
- (2) The member is between 6 and 18 months of age and there is documentation of either of the following conditions:

1. Cephalic index at least two standard deviations above the mean for the member's gender and age; or
2. Asymmetry of 12 millimeters or more in the cranial vault, skull base, or orbitotragial depth.

78.10(4) Medical supplies. Medical supplies are nondurable items consumed in the process of giving medical care, for example, nebulizers, gauze, bandages, sterile pads, adhesive tape, and sterile absorbent cotton. Medical supplies are payable for a specific medicinal purpose. This does not include food or drugs. Medical supplies are not to be dispensed at any one time for quantities exceeding a three-month supply. After the initial dispensing of medical supplies, the provider must document a refill request from the Medicaid member or the member's caregiver for each refill.

a. Only the following types of medical supplies and supplies necessary for the effective use of a payable item can be purchased through the medical assistance program:

- Catheter (indwelling Foley).
- Colostomy and ileostomy appliances.
- Colostomy and ileostomy care dressings, liquid adhesive, and adhesive tape.
- Diabetic supplies (needles and syringes, blood glucose test strips and diabetic urine test supplies).
- Dialysis supplies.
- Diapers (for recipients aged four and above).
- Disposable catheterization trays or sets (sterile).
- Disposable irrigation trays or sets (sterile).
- Disposable saline enemas (e.g., sodium phosphate type).
- Disposable underpads.
- Dressings.
- Elastic antiembolism support stocking.
- Enema.
- Hearing aid batteries.
- Respirator supplies.
- Surgical supplies.
- Urinary collection supplies.

b. Only the following types of medical supplies will be approved for payment for members receiving care in a nursing facility or an intermediate care facility for the mentally retarded when prescribed by the physician, physician assistant, or advanced registered nurse practitioner:

Catheter (indwelling Foley).

Colostomy and ileostomy appliances.

Colostomy and ileostomy care dressings, liquid adhesive and adhesive tape.

Diabetic supplies (needles and syringes, blood glucose test strips and diabetic urine test supplies).

Disposable catheterization trays or sets (sterile).

Disposable irrigation trays or sets (sterile).

Disposable saline enemas (e.g., sodium phosphate type).

This rule is intended to implement Iowa Code sections 249A.3, 249A.4 and 249A.12.

441—78.11(249A) Ambulance service. Payment will be approved for ambulance service if it is required by the recipient's condition and the recipient is transported to the nearest hospital with appropriate facilities or to one in the same locality, from one hospital to another, to the patient's home or to a nursing facility. Payment for ambulance service to the nearest hospital for outpatient service will be approved only for emergency treatment. Ambulance service must be medically necessary and not merely for the convenience of the patient.

78.11(1) Partial payment may be made when an individual is transported beyond the destinations specified, and is limited to the amount that would have been paid had the individual been transported to the nearest institution with appropriate facilities. When transportation is to the patient's home, partial payment is limited to the amount that would have been paid from the nearest institution with appropriate facilities. When a recipient who is a resident of a nursing care facility is hospitalized and later discharged from the hospital, payment will be made for the trip to the nursing care facility where the recipient resides even though it may not in fact be the nearest nursing care facility.

78.11(2) The Iowa Medicaid enterprise medical services unit shall determine that the ambulance transportation was medically necessary and that the condition of the patient precluded any other method of transportation. Payment can be made without the physician's confirmation when:

a. The individual is admitted as a hospital inpatient or in an emergency situation.

b. Previous information on file relating to the patient's condition clearly indicates ambulance service was necessary.

78.11(3) When a patient is transferred from one nursing home to another because of the closing of a facility or from a nursing home to a custodial home because the recipient no longer requires nursing care, the conditions of medical necessity and the distance requirements shall not be applicable. Approval for transfer shall be made by the local office of the department of human services prior to the transfer. When such a transfer is made, the following rate schedule shall apply:

One patient - normal allowance

Two patients - 3/4 normal allowance per patient

Three patients - 2/3 normal allowance per patient

Four patients - 5/8 normal allowance per patient

78.11(4) Transportation of hospital inpatients. When an ambulance service provides transport of a hospital inpatient to a provider and returns the recipient to the same hospital (the recipient continuing to be an inpatient of the hospital), the ambulance service shall bill the hospital for reimbursement as the hospital's DRG reimbursement system includes all costs associated with providing inpatient services as stated in 79.1(5) "j."

78.11(5) In the event that more than one ambulance service is called to provide ground ambulance transport, payment shall be made only to one ambulance company. When a paramedic from one ambulance service joins a ground ambulance company already in transport, coverage is not available for the services and supplies provided by the paramedic.

This rule is intended to implement Iowa Code section 249A.4.

441—78.12(249A) Remedial services. Payment will be made for remedial services not otherwise covered under this chapter that are designed to minimize or, if possible, eliminate the symptoms or causes of a psychological disorder, subject to the limitations in this rule.

78.12(1) Covered services. Medicaid covers the following remedial services:

a. Community psychiatric supportive treatment, which offers intensive interventions to modify psychological, behavioral, emotional, cognitive, and social factors affecting a member's functioning when less intensive remedial services do not meet the member's needs.

(1) Interventions must focus on the member's remedial needs to minimize or eliminate psychological barriers to a member's ability to effectively manage symptoms associated with a psychological disorder in an age-appropriate manner.

(2) Interventions may assist the member in skills such as conflict resolution, problem solving, social skills, interpersonal relationship skills, and communication.

(3) Community psychiatric supportive treatment is covered only for Medicaid members who are aged 20 or under.

(4) Community psychiatric supportive treatment is not intended for members in congregate care.

(5) Community psychiatric supportive treatment is not intended to be provided in a group.

b. Crisis intervention to de-escalate situations in which a risk to self, others, or property exists.

(1) Services shall assist a member to regain self-control and reestablish effective management of behavioral symptoms associated with a psychological disorder in an age-appropriate manner.

(2) Crisis intervention is covered only for Medicaid members who are aged 20 or under and shall be provided as outlined in a written treatment plan.

c. Health or behavior intervention, used to modify the psychological, behavioral, emotional, cognitive, and social factors affecting a member's functioning.

(1) Interventions may address the following skills for effective functioning with family, peers, and community: conflict resolution skills, problem-solving skills, social skills, interpersonal relationship skills, and communication skills.

(2) The purpose of intervention shall be to minimize or eliminate psychological barriers to the member's ability to effectively manage symptoms associated with a psychological disorder in an age-appropriate manner.

(3) Health or behavior intervention is covered only for Medicaid members aged 20 or under.

d. Rehabilitation program, which consists of interventions to enhance a member's independent living, social, and communication skills; to minimize or eliminate psychological barriers to a member's ability to effectively manage symptoms associated with a psychological disorder; and to maximize the member's ability to live and participate in the community.

(1) Interventions may address the following skills for effective functioning with family, peers, and community: communication skills, conflict resolution skills, problem-solving skills, social skills, interpersonal relationship skills, and employment-related skills.

(2) Rehabilitation program services are covered only for Medicaid members who are aged 18 or over.

e. Skills training and development, which consists of interventions to enhance independent living, social, and communication skills; to minimize or eliminate psychological barriers to a member's ability to effectively manage symptoms associated with a psychological disorder; and to maximize a member's ability to live and participate in the community.

(1) Interventions may include the following skills for effective functioning with family, peers, and community: communication skills, conflict resolution skills, problem-solving skills, social skills, interpersonal relationship skills, and employment-related skills.

(2) Skills training and development services are covered only for Medicaid members aged 18 or over.

78.12(2) Excluded services. Services that are habilitative in nature are not covered as remedial services. For purposes of this subrule, "habilitative services" means services that are designed to assist individuals in acquiring skills that they never had, as well as associated training to acquire self-help, socialization, and adaptive skills necessary to reside successfully in a home or community setting.

78.12(3) Coverage requirements. Medicaid covers remedial services only when the following conditions are met:

a. A licensed practitioner of the healing arts acting within the practitioner's scope of practice under state law has diagnosed the member with a psychological disorder. For example, licensed practitioners of the healing arts include physicians (M.D. or D.O.), advanced registered nurse practitioners (ARNP), psychologists (Ph.D. or Psy.D.), independent social workers (LISW), marital and family therapists (LMFT), and mental health counselors (LMHC). For purposes of this rule, the licensed practitioner of the healing arts must be:

- (1) Enrolled in the Iowa Plan pursuant to 441—Chapter 88, Division IV; and
- (2) Qualified to provide clinical assessment services under the Iowa Plan pursuant to 441—Chapter 88, Division IV (Current Procedural Terminology code 90801).

b. The licensed practitioner of the healing arts has recommended the remedial services as part of a plan of treatment designed to treat the member's psychological disorder. Diagnosis and treatment plan development provided in connection with this rule for members enrolled in the Iowa Plan are covered services under the Iowa Plan pursuant to 441—Chapter 88, Division IV.

c. The remedial services provider has prepared a written remedial services implementation plan that has been approved by:

- (1) The member or the member's parent or guardian; and
- (2) The medical services unit of the Iowa Medicaid enterprise.

78.12(4) Approval of plan. The remedial services provider shall submit the treatment plan and the remedial services implementation plan to the Iowa Medicaid enterprise (IME) medical services unit for approval before providing the services.

a. Initial plan. The IME medical services unit shall approve the provider's initial remedial services implementation plan if:

- (1) The plan conforms to the medical necessity requirements in subrule 78.12(3);
- (2) The plan is consistent with the written diagnosis and treatment recommendations made by the licensed practitioner of the healing arts;
- (3) The plan is sufficient in amount, duration, and scope to reasonably achieve its purpose;
- (4) The provider can demonstrate that the provider possesses the skills and resources necessary to implement the plan, as required in rule 441—77.12(249A);
- (5) The plan does not exceed six months' duration; and
- (6) The plan requires that written progress notes be submitted no less often than every six weeks to the IME medical services unit.

b. Subsequent plans. The IME medical services unit may approve a subsequent remedial services implementation plan according to the conditions in paragraph "a" if the services are recommended by a licensed practitioner of the healing arts who has:

- (1) Reexamined the member;
- (2) Reviewed the original diagnosis and treatment plan; and
- (3) Evaluated the member's progress.

c. Quality review. The IME medical services unit will establish a quality review process. Reviews will evaluate:

- (1) The time elapsed from referral to remedial plan development;
- (2) The continuity of treatment;
- (3) The affiliation of the licensed practitioner of the healing arts with the remedial services provider;
- (4) Gaps in service;
- (5) The results achieved; and
- (6) Member satisfaction.

78.12(5) Medical necessity. Nothing in this rule shall be deemed to exempt coverage of remedial services from the requirement that services be medically necessary. "Medically necessary" means that the service is:

- a.* Consistent with the diagnosis and treatment of the member's condition;

- b.* Required to meet the medical needs of the member and is needed for reasons other than the convenience of the member or the member's caregiver;
- c.* The least costly type of service that can reasonably meet the medical needs of the member; and
- d.* In accordance with the standards of good medical practice. The standards of good practice for each field of medical and remedial care covered by the Iowa Medicaid program are those standards of good practice identified by:
 - (1) Knowledgeable Iowa clinicians practicing or teaching in the field; and
 - (2) The professional literature regarding best practices in the field.

This rule is intended to implement Iowa Code section 249A.4 and 2006 Iowa Acts, House File 2734, section 10, subsection 11.

441—78.13(249A) Transportation to receive medical care. Payment will be approved for transportation to receive services covered under the program, including transportation to obtain prescribed drugs, when all of the following conditions are met.

78.13(1) Transportation costs are reimbursable only when:

a. The source of the care is located outside the city limits of the community in which the member resides; or

b. The member resides in a rural area and must travel to a city to receive necessary care.

78.13(2) Transportation costs are reimbursable only when:

a. The type of care is not available in the community in which the member resides; or

b. The member has been referred by the attending physician to a specialist in another community.

78.13(3) Transportation costs are reimbursable only when there is no resource available to the member through which necessary transportation might be secured free of charge. EXCEPTION: Costs of transportation to obtain prescribed drugs may be reimbursed irrespective of whether free delivery is offered when the prescription drug is needed immediately.

78.13(4) Transportation is reimbursable only to the nearest institution or practitioner having appropriate facilities for the care of the member.

78.13(5) Transportation may be of any type and may be provided from any source.

a. Effective November 1, 2005, when transportation is by car, the maximum payment that may be made will be the actual charge made by the provider for transportation to and from the source of medical care, but not in excess of 30 cents per mile.

b. When public transportation is utilized, the basis of payment will be the actual charge made by the provider of transportation, not to exceed the charge that would be made by the most economical available source of public transportation.

c. In all cases where public transportation is reasonably available to or from the source of care and the member's condition does not preclude its use, public transportation must be utilized. When the member's condition precludes the use of public transportation, a statement to the effect shall be included in the case record.

78.13(6) In the case of a child too young to travel alone, or an adult or child who because of physical or mental incapacity is unable to travel alone, payment subject to the above conditions shall be made for the transportation costs of an escort. The worker is responsible for making a decision concerning the necessity of an escort and recording the basis for the decision in the case record.

78.13(7) When meals and lodging or other travel expenses are required in connection with transportation, payment will be subject to the same conditions as for a state employee and the maximum amount payable shall not exceed the maximum payable to a state employee for the same expenses in connection with official travel within the state of Iowa.

78.13(8) When the services of an escort are required subject to the conditions in subrule 78.13(6), payment may be made for the escort's meals and lodging, when required, on the same basis as for the member.

78.13(9) Payment will not be made in advance to a member or a provider of medical transportation.

78.13(10) Payment for transportation to receive medical care is made to the member with the following exceptions:

a. Payment may be made to the agency that provided transportation if the agency is certified by the department of transportation and requests direct payment. Reimbursement for transportation shall be based on a fee schedule by mile or by trip.

b. In cases where the local office has established that the member has persistently failed to reimburse a provider of medical transportation, payment may be made directly to the provider.

c. In all situations where one of the department's volunteers is the provider of transportation.

78.13(11) Form 470-0386, Medical Transportation Claim, shall be completed by the member and the medical provider and submitted to the local office for each trip for which payment is requested. All trips to the same provider in a calendar month may, at the member's option, be submitted on the same form.

78.13(12) No claim shall be paid if presented after the lapse of 365 days from its accrual unless it is to correct payment on a claim originally submitted within the required period.

This rule is intended to implement Iowa Code section 249A.4.

441—78.14(249A) Hearing aids. Payment shall be approved for a hearing aid and examinations subject to the following conditions:

78.14(1) Physician examination. The recipient shall have an examination by a physician to determine that the recipient has no condition which would contraindicate the use of a hearing aid. This report shall be made on Form 470-0361, Section A, Report of Examination for a Hearing Aid. The requirement for a physician evaluation shall be waived for recipients 18 years of age and older when the recipient has signed an informed consent statement acknowledging that the recipient:

a. Has been advised that it may be in the recipient's best health interest to receive a medical evaluation from a licensed physician prior to purchase of a hearing aid.

b. Does not wish to receive a medical evaluation prior to purchase of a hearing aid.

78.14(2) Audiological testings. A physician or an audiologist shall perform audiological testing as a part of making a determination that a recipient could benefit from the use of a hearing aid. The audiologist shall report audiological testing on Form 470-0361, Section B. The department shall cover vestibular testing performed by an audiologist only when prescribed by a physician.

78.14(3) Hearing aid evaluation. A physician or an audiologist shall perform a hearing aid evaluation to establish if a recipient could benefit from a hearing aid. The physician or audiologist shall report the hearing aid evaluation on Form 470-0828, Hearing Aid Evaluation/Selection Report. When a hearing aid is recommended for a recipient, the physician or audiologist recommending the hearing aid shall see the recipient at least one time within 30 days subsequent to purchase of the hearing aid to determine that the aid is adequate.

78.14(4) Hearing aid selection. A physician or audiologist may recommend a specific brand or model appropriate to the recipient's condition. When a physician or an audiologist makes a general hearing aid recommendation, a hearing aid dispenser may perform the tests to determine the specific brand or model appropriate to the recipient's condition. The physician, audiologists or hearing aid dispenser shall report the hearing aid selection on Form 470-0828, Hearing Aid Evaluation/Selection Report.

78.14(5) Travel. When a recipient is unable to travel to the physician or audiologist because of health reasons, the department shall make payment for travel to the recipient's place of residence or other suitable location. The department shall make payment to physicians as specified in 78.1(8) and payment to audiologists at the same rate it reimburses state employees for travel.

78.14(6) Purchase of hearing aid. The department shall make payment for the type of hearing aid recommended when purchased from an eligible licensed hearing aid dispenser pursuant to rule 441—77.13(249A). The department shall make payment for binaural amplification when:

a. A child needs the aid for speech development, or

b. The aid is needed for educational or vocational purposes, or

c. The aid is for a blind individual.

Payment for binaural amplification shall also be approved where the recipient's hearing loss has caused marked restriction of daily activities and constriction of interests resulting in seriously impaired

ability to relate to other people, or where lack of binaural amplification poses a hazard to a recipient's safety.

78.14(7) Payment for hearing aids.

a. Payment for hearing aids shall be acquisition cost plus a dispensing fee covering the fitting and service for six months. The department shall make payment for routine service after the first six months. Dispensing fees and payment for routine service shall not exceed the fee schedule appropriate to the place of service. Shipping and handling charges are not allowed.

b. Payment for ear mold and batteries shall be at the current audiologist's fee schedule.

c. Payment for repairs shall be made to the dealer for repairs made by the dealer. Payment for in-house repairs shall be made at the current fee schedule. Payment shall also be made to the dealer for repairs when the hearing aid is repaired by the manufacturer or manufacturer's depot. Payment for out-of-house repairs shall be at the amount shown on the manufacturer's invoice. Payment shall be allowed for a service or handling charge when it is necessary for repairs to be performed by the manufacturer or manufacturer's depot and this charge is made to the general public.

d. Prior approval.

(1) Payment for the replacement of a hearing aid less than four years old shall require prior approval except when the recipient is under 21 years of age. The department shall approve payment when the original hearing aid is lost or broken beyond repair or there is a significant change in the person's hearing that would require a different hearing aid. (Cross-reference 78.28(4) "a")

(2) Payment for a hearing aid costing more than \$650 shall require prior approval. The department shall approve payment for either of the following purposes (Cross-reference 78.28(4) "b"):

1. Educational purposes when the recipient is participating in primary or secondary education or in a postsecondary academic program leading to a degree and an in-office comparison of an analog aid and a digital aid matched (+/- 5dB) for gain and output shows a significant improvement in either speech recognition in quiet or speech recognition in noise or an in-office comparison of two aids, one of which is single channel, shows significantly improved audibility.

2. Vocational purposes when documentation submitted indicates the necessity, such as varying amounts of background noise in the work environment and a need to converse in order to do the job, and an in-office comparison of an analog aid and a digital aid matched (+/- 5dB) for gain and output shows a significant improvement in either speech recognition in quiet or speech recognition in noise or an in-office comparison of two aids, one of which is single channel, shows significantly improved audibility.

This rule is intended to implement Iowa Code section 249A.4.

441—78.15(249A) Orthopedic shoes. Payment shall be approved only for depth or custom-molded orthopedic shoes, inserts, and modifications, subject to the following definitions and conditions.

78.15(1) Definitions.

"*Custom-molded shoe*" means a shoe that:

1. Has been constructed over a cast or model of the recipient's foot;
2. Is made of leather or another suitable material of equal quality;
3. Has inserts that can be removed, altered, or replaced according to the recipient's conditions and needs; and
4. Has some form of closure.

"*Depth shoe*" means a shoe that:

1. Has a full length, heel-to-toe filler that when removed provides a minimum of 3/16 inch of additional depth used to accommodate custom-molded or customized inserts;
2. Is made from leather or another suitable material of equal quality;
3. Has some form of closure; and
4. Is available in full and half sizes with a minimum of three widths, so that the sole is graded to the size and width of the upper portions of the shoe according to the American Standard last sizing schedule or its equivalent.

"*Insert*" means a foot mold or orthosis constructed of more than one layer of a material that:

1. Is soft enough and firm enough to take and hold an impression during use, and
2. Is molded to the recipient's foot or is made over a model of the foot.

78.15(2) Prescription. The recipient shall present to the provider a written prescription by a physician, a podiatrist, a physician assistant, or an advanced registered nurse practitioner that includes all of the following:

1. The date.
2. The patient's diagnosis.
3. The reason orthopedic shoes are needed.
4. The probable duration of need.
5. A specific description of any required modification of the shoes.

78.15(3) Diagnosis. The recipient shall have a diagnosis of an orthopedic, neuromuscular, vascular, or insensate foot condition, supported by applicable codes from the current version of the International Classification of Diseases (ICD). A diagnosis of flat feet is not covered.

a. A recipient with diabetes must meet the Medicare criteria for therapeutic depth and custom-molded shoes.

b. Custom-molded shoes are covered only when the recipient has a foot deformity and the provider has documentation of all of the following:

- (1) The reasons the recipient cannot be fitted with a depth shoe.
- (2) Pain.
- (3) Tissue breakdown or a high probability of tissue breakdown.
- (4) Any limitation on walking.

78.15(4) Frequency. Only two pairs of orthopedic shoes are allowed per recipient in a 12-month period unless documentation of change in size or evidence of excessive wear is submitted. EXCEPTION: School-aged children under the age of 21 may obtain athletic shoes in addition to the two pairs of shoes in a 12-month period.

This rule is intended to implement Iowa Code section 249A.4.

441—78.16(249A) Community mental health centers. Payment will be approved for all reasonable and necessary services provided by a psychiatrist on the staff of a community mental health center. Payment will be approved for services provided by a clinical psychologist, social worker or psychiatric nurse on the staff of the center, subject to the following conditions:

78.16(1) Payment to a community mental health center will be approved for reasonable and necessary services provided to medical assistance recipients by a psychiatrist, psychologist, social worker or psychiatric nurse on the staff of the center under the following conditions:

a. Services must be rendered under the supervision of a board eligible or board certified psychiatrist. All services must be performed under the supervision of a board eligible or board certified psychiatrist subject to the conditions set forth in 78.16(1)“*b*” with the following exceptions:

- (1) Services by staff psychiatrists, or
- (2) Services rendered by psychologists meeting the requirements of the National Register of Health Service Providers in Psychology, or
- (3) Services provided by a staff member, listed in this subrule, performing the preliminary diagnostic evaluation of medical assistance recipients for voluntary admission to one of the state mental health institutes.

b. Supervisory process.

(1) Each patient shall have an initial evaluation completed which shall include at least one personal evaluation interview with a mental health professional, as defined under Iowa Code section 228.1. If the evaluation interview results indicate a need for an interview with a board-eligible or board-certified psychiatrist, then such referral shall be made. This must be accomplished before submission of the first claim for services rendered to that patient.

(2) Ongoing review and assessment of patients' treatment needs, treatment plans, and the appropriateness of services rendered shall be assured through the peer review process in effect for community mental health centers, as directed by 2002 Iowa Acts, chapter 1120, section 13.

(3) and (4) Rescinded IAB 2/5/03, effective 2/1/03.

78.16(2) The treatment plans for and services rendered to patients of the center shall be evaluated and revised as necessary and appropriate, consistent with the standards of the peer review process described in subparagraph 78.16(1)“b”(1).

78.16(3) The peer review process and related activities, as described under subparagraph 78.16(1)“b”(1), are not payable as separate services under the Medicaid program. The center shall maintain the results of and information related to the peer review process, and these records shall be subject to audit by the department of human services or department designees, as necessary and appropriate.

78.16(4) Clinical records of medical assistance patients shall be available to the carrier on request. All these records shall be held confidential.

78.16(5) At the time of application for participation in the program the center will be provided with a form on which to list its professional staff. The center shall report acquisitions or losses of professional staff to the carrier within ten days.

78.16(6) Payment to a community mental health center will be approved for day treatment services for persons aged 21 or over if the center is certified by the department for day treatment services, the services are provided on the premises of the community mental health center or satellite office of the community mental health center, and the services meet the standards outlined herein.

a. Community mental health centers providing day treatment services for persons aged 21 or over shall have available a written narrative providing the following day treatment information:

(1) Documented need for day treatment services for persons aged 21 and over in the area served by the program, including studies, needs assessments, and consultations with other health care professionals.

(2) Goals and objectives of the day treatment program for persons aged 21 and over that meet the day treatment program guidelines noted in 78.16(6)“b.”

(3) Organization and staffing including how the day treatment program for persons aged 21 and over fits with the rest of the community mental health center, the number of staff, staff credentials, and the staff’s relationship to the program, e.g., employee, contractual, or consultant.

(4) Policies and procedures for the program including admission criteria, patient assessment, treatment plan, discharge plan, postdischarge services, and the scope of services provided.

(5) Any accreditations or other types of approvals from national or state organizations.

(6) The physical facility and any equipment to be utilized.

b. Day treatment services for persons aged 21 and over shall be structured, long-term services designed to assist in restoring, maintaining or increasing levels of functioning, minimizing regression, and preventing hospitalization.

(1) Service components include training in independent functioning skills necessary for self-care, emotional stability and psychosocial interactions and training in medication management.

(2) Services are structured with an emphasis on program variation according to individual need.

(3) Services are provided for a period of three to five hours per day, three or four times per week.

c. Payment will be approved for day treatment services provided by or under the general supervision of a mental health professional as defined in rule 441—33.1(225C,230A). When services are provided by an employee or consultant of the community mental health center who is not a mental health professional, the employee or consultant shall be supervised by a mental health professional who gives professional direction and active guidance to the employee or consultant and who retains responsibility for consumer care. The supervision shall be timely, regular, and documented. The employee or consultant shall meet the following minimum requirements:

(1) Have a bachelor’s degree in a human services related field from an accredited college or university; or

(2) Have an Iowa license to practice as a registered nurse with two years of experience in the delivery of nursing or human services.

d. Persons aged 18 through 20 with chronic mental illness as defined by rule 441—24.1(225C) can receive day treatment services under this subrule or subrule 78.16(7).

78.16(7) Payment to a community mental health center will be approved for day treatment services for persons aged 20 or under if the center is certified by the department for day treatment services and the services are provided on the premises of the community mental health center or satellite office of the community mental health center. Exception: Field trips away from the premises are a covered service when the trip is therapeutic and integrated into the day treatment program's description and milieu plan.

Day treatment coverage will be limited to a maximum of 15 hours per week. Day treatment services for persons aged 20 or under shall be outpatient services provided to persons who are not inpatients in a medical institution or residents of a group care facility licensed under 441—Chapter 114.

a. Program documentation. Community mental health centers providing day treatment services for persons aged 20 or under shall have available a written narrative which provides the following day treatment program information:

(1) Documented need for day treatment services for persons aged 20 or under in the area served by the program, including studies, needs assessments, and consultations with other health care professionals.

(2) Goals and objectives of the day treatment program for persons aged 20 or under that meet the guidelines noted in paragraphs "c" to "h" below.

(3) Organization and staffing including how the day treatment program for persons aged 20 or under fits with the rest of the community mental health center, the number of staff, staff credentials, and the staff's relationship to the program, e.g., employee, contractual, or consultant.

(4) Policies and procedures for the program including admission criteria, patient assessment, treatment plan, discharge plan, postdischarge services, and the scope of services provided.

(5) Any accreditations or other types of approvals from national or state organizations.

(6) The physical facility and any equipment to be utilized.

b. Program standards. Medicaid day treatment program services for persons aged 20 and under shall meet the following standards:

(1) Staffing shall:

1. Be sufficient to deliver program services and provide stable, consistent, and cohesive milieu with a staff-to-patient ratio of no less than one staff for each eight participants. Clinical, professional, and paraprofessional staff may be counted in determining the staff-to-patient ratio. Professional or clinical staff are those staff who are either mental health professionals as defined in rule 441—33.1(225C,230A) or persons employed for the purpose of providing offered services under the supervision of a mental health professional. All other staff (administrative, adjunctive, support, nonclinical, clerical, and consulting staff or professional clinical staff) when engaged in administrative or clerical activities shall not be counted in determining the staff-to-patient ratio or in defining program staffing patterns. Educational staff may be counted in the staff-to-patient ratio.

2. Reflect how program continuity will be provided.

3. Reflect an interdisciplinary team of professionals and paraprofessionals.

4. Include a designated director who is a mental health professional as defined in rule 441—33.1(225C,230A). The director shall be responsible for direct supervision of the individual treatment plans for participants and the ongoing assessment of program effectiveness.

5. Be provided by or under the general supervision of a mental health professional as defined in rule 441—33.1(225C,230A). When services are provided by an employee or consultant of the community mental health center who is not a mental health professional, the employee or consultant shall be supervised by a mental health professional who gives direct professional direction and active guidance to the employee or consultant and who retains responsibility for consumer care. The supervision shall be timely, regular and documented. The employee or consultant shall have a bachelor's degree in a human services related field from an accredited college or university or have an Iowa license to practice as a registered nurse with two years of experience in the delivery of nursing or human services. Exception: Other certified or licensed staff, such as certified addiction counselors or certified occupational and recreational therapy assistants, are eligible to provide direct services under the general supervision of a mental health professional, but they shall not be included in the staff-to-patient ratio.

(2) There shall be written policies and procedures addressing the following: admission criteria; patient assessment; patient evaluation; treatment plan; discharge plan; community linkage with other

psychiatric, mental health, and human service providers; a process to review the quality of care being provided with a quarterly review of the effectiveness of the clinical program; postdischarge services; and the scope of services provided.

(3) The program shall have hours of operation available for a minimum of three consecutive hours per day, three days or evenings per week.

(4) The length of stay in a day treatment program for persons aged 20 or under shall not exceed 180 treatment days per episode of care, unless the rationale for a longer stay is documented in the patient's case record and treatment plan every 30 calendar days after the first 180 treatment days.

(5) Programming shall meet the individual needs of the patient. A description of services provided for patients shall be documented along with a schedule of when service activities are available including the days and hours of program availability.

(6) There shall be a written plan for accessing emergency services 24 hours a day, seven days a week.

(7) The program shall maintain a community liaison with other psychiatric, mental health, and human service providers. Formal relationships shall exist with hospitals providing inpatient programs to facilitate referral, communication, and discharge planning. Relationships shall also exist with appropriate school districts and educational cooperatives. Relationships with other entities such as physicians, hospitals, private practitioners, halfway houses, the department, juvenile justice system, community support groups, and child advocacy groups are encouraged. The provider's program description will describe how community links will be established and maintained.

(8) Psychotherapeutic treatment services and psychosocial rehabilitation services shall be available. A description of the services shall accompany the application for certification.

(9) The program shall maintain a distinct clinical record for each patient admitted. Documentation, at a minimum, shall include: the specific services rendered, the date and actual time services were rendered, who rendered the services, the setting in which the services were rendered, the amount of time it took to deliver the services, the relationship of the services to the treatment regimen described in the plan of care, and updates describing the patient's progress.

c. Program services. Day treatment services for persons aged 20 or under shall be a time-limited, goal-oriented active treatment program that offers therapeutically intensive, coordinated, structured clinical services within a stable therapeutic milieu. Time-limited means that the patient is not expected to need services indefinitely or lifelong, and that the primary goal of the program is to improve the behavioral functioning or emotional adjustment of the patient in order that the service is no longer necessary. Day treatment services shall be provided within the least restrictive therapeutically appropriate context and shall be community-based and family focused. The overall expected outcome is clinically adaptive behavior on the part of the patient and the family.

At a minimum, day treatment services will be expected to improve the patient's condition, restore the condition to the level of functioning prior to onset of illness, control symptoms, or establish and maintain a functional level to avoid further deterioration or hospitalization. Services are expected to be age-appropriate forms of psychosocial rehabilitation activities, psychotherapeutic services, social skills training, or training in basic care activities to establish, retain or encourage age-appropriate or developmentally appropriate psychosocial, educational, and emotional adjustment.

Day treatment programs shall use an integrated, comprehensive and complementary schedule of therapeutic activities and shall have the capacity to treat a wide array of clinical conditions.

The following services shall be available as components of the day treatment program. These services are not separately billable to Medicaid, as day treatment reimbursement includes reimbursement for all day treatment components.

(1) Psychotherapeutic treatment services (examples would include individual, group, and family therapy).

(2) Psychosocial rehabilitation services. Active treatment examples include, but are not limited to, individual and group therapy, medication evaluation and management, expressive therapies, and theme groups such as communication skills, assertiveness training, other forms of community skills training, stress management, chemical dependency counseling, education, and prevention, symptom recognition

and reduction, problem solving, relaxation techniques, and victimization (sexual, emotional, or physical abuse issues).

Other program components may be provided, such as personal hygiene, recreation, community awareness, arts and crafts, and social activities designed to improve interpersonal skills and family mental health. Although these other services may be provided, they are not the primary focus of treatment.

(3) Evaluation services to determine need for day treatment prior to program admission. For persons for whom clarification is needed to determine whether day treatment is an appropriate therapy approach, or for persons who do not clearly meet admission criteria, an evaluation service may be performed. Evaluation services shall be individual and family evaluation activities made available to courts, schools, other agencies, and individuals upon request, who assess, plan, and link individuals with appropriate services. This service must be completed by a mental health professional. An evaluation from another source performed within the previous 12 months or sooner if there has not been a change may be substituted. Medicaid will not make separate payment for these services under the day treatment program.

(4) Assessment services. All day treatment patients will receive a formal, comprehensive biopsychosocial assessment of day treatment needs including, if applicable, a diagnostic impression based on the current Diagnostic and Statistical Manual of Mental Disorders. An assessment from another source performed within the previous 12 months may be used if the symptomatology is the same as 12 months ago. If not, parts of the assessment which reflect current functioning may be used as an update. Using the assessment, a comprehensive summation will be produced, including the findings of all assessments performed. The summary will be used in forming a treatment plan including treatment goals. Indicators for discharge planning, including recommended follow-up goals and provision for future services, should also be considered, and consistently monitored.

(5) The day treatment program may include an educational component as an additional service. The patient's educational needs shall be served without conflict from the day treatment program. Hours in which the patient is involved in the educational component of the day treatment program are not included in the day treatment hours billable to Medicaid.

d. Admission criteria. Admission criteria for day treatment services for persons aged 20 or under shall reflect the following clinical indicators:

(1) The patient is at risk for exclusion from normative community activities or residence.

(2) The patient exhibits psychiatric symptoms, disturbances of conduct, decompensating conditions affecting mental health, severe developmental delays, psychological symptoms, or chemical dependency issues sufficiently severe to bring about significant or profound impairment in day-to-day educational, social, vocational, or interpersonal functioning.

(3) Documentation is provided that the traditional outpatient setting has been considered and has been determined not to be appropriate.

(4) The patient's principal caretaker (family, guardian, foster family or custodian) must be able and willing to provide the support and monitoring of the patient, to enable adequate control of the patient's behavior, and must be involved in the patient's treatment. Persons aged 20 or under who have reached the age of majority, either by age or emancipation, are exempt from family therapy involvement.

(5) The patient has the capacity to benefit from the interventions provided.

e. Individual treatment plan. Each patient receiving day treatment services shall have a treatment plan prepared. A preliminary treatment plan should be formulated within 3 days of participation after admission, and replaced within 30 calendar days by a comprehensive, formalized plan utilizing the comprehensive assessment. This individual treatment plan should reflect the patient's strengths and weaknesses and identify areas of therapeutic focus. The treatment goals which are general statements of consumer outcomes shall be related to identified strengths, weaknesses, and clinical needs with time-limited, measurable objectives. Objectives shall be related to the goal and have specific anticipated outcomes. Methods that will be used to pursue the objectives shall be stated. The plan should be reviewed and revised as needed, but shall be reviewed at least every 30 calendar days. The treatment plan shall be developed or approved by a board-eligible or board-certified psychiatrist, a staff

psychiatrist, physician, or a psychologist registered either on the “National Register of Health Service Providers in Psychology” or the “Iowa Register of Health Service Providers for Psychology.” Approval will be evidenced by a signature of the physician or health service provider.

f. Discharge criteria. Discharge criteria for the day treatment program for persons aged 20 or under shall incorporate at least the following indicators:

(1) In the case of patient improvement:

1. The patient’s clinical condition has improved as shown by symptom relief, behavioral control, or indication of mastery of skills at the patient’s developmental level. Reduced interference with and increased responsibility with social, vocational, interpersonal, or educational goals occurs sufficient to warrant a treatment program of less supervision, support, and therapeutic intervention.

2. Treatment goals in the individualized treatment plan have been achieved.

3. An aftercare plan has been developed that is appropriate to the patient’s needs and agreed to by the patient and family, custodian, or guardian.

(2) If the patient does not improve:

1. The patient’s clinical condition has deteriorated to the extent that the safety and security of inpatient or residential care is necessary.

2. Patient, family, or custodian noncompliance with treatment or with program rules exists.

g. Coordination of services. Programming services shall be provided in accordance with the individual treatment plan developed by appropriate day treatment staff, in collaboration with the patient and appropriate caretaker figure (parent, guardian, or principal caretaker), and under the supervision of the program director, coordinator, or supervisor.

The program for each patient will be coordinated by primary care staff of the community mental health center. A coordinated, consistent array of scheduled therapeutic services and activities shall comprise the day treatment program. These may include counseling or psychotherapy, theme groups, social skills development, behavior management, and other adjunctive therapies. At least 50 percent of scheduled therapeutic program hours exclusive of educational hours for each patient shall consist of active treatment that specifically addresses the targeted problems of the population served. Active treatment shall be defined as treatment in which the program staff assume significant responsibility and often intervene.

Family, guardian, or principal caretaker shall be involved with the program through family therapy sessions or scheduled family components of the program. They will be encouraged to adopt an active role in treatment. Medicaid will not make separate payment for family therapy services. Persons aged 20 or under who have reached the age of majority, either by age or emancipation, are exempt from family therapy involvement.

Therapeutic activities will be scheduled according to the needs of the patients, both individually and as a group.

Scheduled therapeutic activities, which may include other program components as described above, shall be provided at least 3 hours per week up to a maximum of 15 hours per week.

h. Stable milieu. The program shall formally seek to provide a stable, consistent, and cohesive therapeutic milieu. In part this will be encouraged by scheduling attendance such that a stable core of patients exists as much as possible. The milieu will consider the developmental and social stage of the participants such that no patient will be significantly involved with other patients who are likely to contribute to retardation or deterioration of the patient’s social and emotional functioning. To help establish a sense of program identity, the array of therapeutic interventions shall be specifically identified as the day treatment program. Program planning meetings shall be held at least quarterly to evaluate the effectiveness of the clinical program. In the program description, the provider shall state how milieu stability will be provided.

i. Chronic mental illness. Persons aged 18 through 20 with chronic mental illness as defined by rule 441—24.1(225C) can receive day treatment services under this subrule or subrule 78.16(6).

This rule is intended to implement Iowa Code section 249A.4.

441—78.17(249A) Physical therapists. Payment will be approved for the same services payable under Title XVIII of the Social Security Act (Medicare).

This rule is intended to implement Iowa Code section 249A.4.

441—78.18(249A) Screening centers. Payment will be approved for health screening as defined in subrule 84.1(1) for individuals under 21 years of age who are eligible for medical assistance.

78.18(1) Screening centers which wish to administer vaccines which are available through the vaccines for children program to Medicaid recipients shall enroll in the vaccines for children program. In lieu of payment, vaccines available through the vaccines for children program shall be accessed from the department of public health for Medicaid recipients. Screening centers shall receive reimbursement for the administration of vaccines to Medicaid recipients.

78.18(2) Payment will be approved for necessary laboratory service related to an element of screening when performed by the screening center and billed as a separate item.

78.18(3) Periodicity schedules for health, hearing, vision, and dental screenings.

a. Payment will be approved for health, vision, and hearing screenings as follows:

- (1) Six screenings in the first year of life.
- (2) Four screenings between the ages of 1 and 2.
- (3) One screening a year at ages 3, 4, 5, and 6.
- (4) One screening a year at ages 8, 10, 12, 14, 16, 18, and 20.

b. Payment for dental screenings will be approved in conjunction with the health screenings up to age 12 months. Screenings will be approved at ages 12 months and 24 months and thereafter at six-month intervals up to age 21.

c. Interperiodic screenings will be approved as medically necessary.

78.18(4) When it is established by the periodicity schedule in 78.18(3) that an individual is in need of screening the individual will receive a notice that screening is due.

78.18(5) When an individual is screened, a member of the screening center shall complete a medical history. The medical history shall become part of the individual's medical record.

78.18(6) Payment will be approved for early and periodic screening, diagnosis and treatment (EPSDT) targeted case management services (hereinafter referred to as EPSDT information and care coordination) for persons under age 21.

EXCEPTION: Payment will not be approved for persons under age 21 who are medically needy recipients as defined at 441—subrule 75.1(35) who are subject to spenddown, or enrolled in a health maintenance organization or foster care.

a. Information and care coordination services shall be provided by a registered nurse or persons with at least a bachelor's degree in health education, social work, counseling, sociology, or psychology. A licensed practical nurse or a paraprofessional may provide the service if the licensed practical nurse or paraprofessional works under the direct supervision of a health professional, such as a registered nurse or person with at least a bachelor's degree in health education, social work, counseling, sociology, or psychology. Payment for information services shall be provided only to designated department of public health agencies.

b. EPSDT information and care coordination services are as follows:

(1) Information activities which are face-to-face visits (including home visits), telephone contacts or written correspondence made for the purpose of promoting preventive health care. Information activities shall be provided to guardians or custodians within 60 days of a determination of Medicaid eligibility for persons under age 21. Activities shall utilize accepted methods for informing guardians or custodians who are illiterate, blind, deaf, or cannot understand the English language. Information activities include:

1. An explanation of the benefits of preventive health care and EPSDT information and care coordination services.

2. A description of services provided in periodic exams.

3. A summary of the periodicity schedule.

4. Information on how EPSDT services can be obtained.

5. Information on the available health resources in the community.

6. Information about other programs which may be of assistance such as head start, child health specialty clinics, women, infants and children (WIC) services, local and area education agencies, local parenting programs, mental health services and social service agencies.

7. A determination of whether the eligible child or youth's legal guardian, and in some cases custodian, wants to participate in care coordination services. At a minimum if the guardian or custodian chooses not to receive the initial screen, the care coordinator will document the decision and recontact the guardian or custodian in a year. If there are children under the age of two, the care coordinator will document the decision and recontact the guardian or custodian within six months if the first decision is not to receive the initial screen.

(2) Care coordination services are defined as ongoing activities which can be face-to-face visits (including home visits), telephone contacts or written correspondence which ensure that EPSDT services are received by children and youth participating in the EPSDT program. Ongoing activities include:

1. Providing the assistance needed to receive early and periodic screenings, and diagnostic and treatment services. Assistance may include, but is not limited to, explaining the necessity for the service, locating needed health care services, scheduling an appointment, arranging transportation, or child care. Arranging transportation or child care does not mean the care coordinator has to transport the recipient or pay for transportation or provide or pay for child care.

2. Authorizing transportation not covered under rule 441—78.13(249A). Payment will be approved for in-town transportation authorized by the EPSDT care coordinator for EPSDT screens, follow-up diagnosis, or treatment services which are not eligible for payment under rule 441—78.13(249A).

3. Establishing and maintaining community linkages with other preventive health care providers in the community such as dentists, primary care physicians, child health centers, WIC, head start, child health specialty clinics, and local and area education agencies must be included in care coordination services.

4. Monitoring to determine that screening and medically necessary diagnostic and treatment services have been received.

5. Maintaining documentation of the care coordination services, including all contacts with and on behalf of recipients; date of care coordination service; name of agency providing care coordination; staff person providing the service; nature, extent, or units of service; and place of service delivery.

6. Notifying the guardian or custodian when the next screening is due.

7. Providing ongoing information about other programs which may be of assistance such as head start; child health specialty clinics; women, infants and children (WIC) services; local and area education agencies; local parenting programs; mental health services and social service agencies.

78.18(7) Payment will be made for persons aged 20 and under for nutritional counseling provided by a licensed dietitian employed by or under contract with a screening center for a nutritional problem or condition of a degree of severity that nutritional counseling beyond that normally expected as part of the standard medical management is warranted. For persons eligible for the WIC program, a WIC referral is required. Medical necessity for nutritional counseling services exceeding those available through WIC shall be documented.

78.18(8) Payment shall be made for dental services provided by a dental hygienist employed by or under contract with a screening center.

This rule is intended to implement Iowa Code section 249A.4.

441—78.19(249A) Rehabilitation agencies.

78.19(1) Coverage of services.

a. General provisions regarding coverage of services.

(1) Services are provided in the recipient's home or in a care facility (other than a hospital) by a speech therapist, physical therapist, or occupational therapist employed by or contracted by the agency. Services provided a recipient residing in a nursing facility or residential care facility are payable when a statement is submitted signed by the facility that the facility does not have these services available.

The statement need only be submitted at the start of care unless the situation changes. Payment will not be made to a rehabilitation agency for therapy provided to a recipient residing in an intermediate care facility for the mentally retarded since these facilities are responsible for providing or paying for services required by recipients.

(2) All services must be determined to be medically necessary, reasonable, and meet a significant need of the recipient that cannot be met by a family member, friend, medical staff personnel, or other caregiver; must meet accepted standards of medical practice; and must be a specific and effective treatment for a patient's medical or disabling condition.

(3) In order for a service to be payable, a licensed therapist must complete a plan of treatment every 30 days and indicate the type of service required. The plan of treatment must contain the information noted in subrule 78.19(2).

(4) There is no specific limitation on the number of visits for which payment through the program will be made so long as that amount of service is medically necessary in the individual case, is related to a diagnosed medical impairment or disabling condition, and meets the current standards of practice in each related field. Documentation must be submitted with each claim to support the need for the number of services being provided.

(5) Payments will be made both for restorative service and also for maintenance types of service. Essentially, maintenance services means services to a patient whose condition is stabilized and who requires observation by a therapist of conditions defined by the physician as indicating a possible deterioration of health status. This would include persons with long-term illnesses or a disabling condition whose status is stable rather than posthospital. Refer to 78.19(1) "b"(7) and (8) for guidelines under restorative and maintenance therapy.

(6) Restorative or maintenance therapy sessions must meet the following criteria:

1. There must be face-to-face patient contact interaction.

2. Services must be provided primarily on an individual basis. Group therapy is covered, but total units of service in a month shall not exceed total units of individual therapy. Family members receiving therapy may be included as part of a group.

3. Treatment sessions may be no less than 15 minutes of service and no more than 60 minutes of service per date unless more than 60 minutes of service is required for a treatment session due to the patient's specific condition. If more than 60 minutes of service is required for a treatment session, additional documentation of the specific condition and the need for the longer treatment session shall be submitted with the claim. A unit of treatment shall be considered to be 15 minutes in length.

4. Progress must be documented in measurable statistics in the progress notes in order for services to be reimbursed. Refer to 78.19(1) "b"(7) and (8) for guidelines under restorative and maintenance therapy.

(7) Payment will be made for an appropriate period of diagnostic therapy or trial therapy (up to two months) to determine a patient's rehabilitation potential and establish appropriate short-term and long-term goals. Documentation must be submitted with each plan to support the need for diagnostic or trial therapy. Refer to 78.19(1) "b"(16) for guidelines under diagnostic or trial therapy.

b. Physical therapy services.

(1) To be covered under rehabilitation agency services, physical therapy services must relate directly and specifically to an active written treatment plan, follow a treatment plan established by the licensed therapist after consultation with the physician, be reasonable and necessary to the treatment of the person's illness, injury, or disabling condition, be specific and effective treatment for the patient's medical or disabling condition, and be of such a level of complexity and sophistication, or the condition of the patient must be such that the services required can be safely and effectively performed only by a qualified physical therapist or under the supervision of the therapist.

(2) A qualified physical therapist assistant may provide any restorative services performed by a licensed physical therapist under supervision of the therapist as set forth in the department of public health, professional licensure division, 645—subrule 200.20(7).¹

(3) The initial physical therapy evaluation must be provided by a licensed physical therapist.

(4) There must be an expectation that there will be a significant, practical improvement in the patient's condition in a reasonable amount of time based on the patient's restorative potential assessed by the physician.

(5) It must be demonstrated there is a need to establish a safe and effective maintenance program related to a specific disease state, illness, injury, or disabling condition.

(6) The amount, frequency, and duration of the services must be reasonable.

(7) Restorative therapy must be reasonable and necessary to the treatment of the patient's injury or disabling condition. The expected restorative potential must be practical and in relation to the extent and duration of the treatment. There must be an expectation that the patient's medical or disabling condition will show functional improvement in a reasonable period of time. Functional improvement means that demonstrable measurable increases have occurred in the patient's level of independence outside the therapeutic environment.

(8) Generally, maintenance therapy means services to a patient whose condition is stabilized and who requires observation by a therapist of conditions defined by the physician as indicating a possible deterioration of health status. This includes persons with long-term illnesses or disabling conditions whose status is stable rather than posthospital. Maintenance therapy is also appropriate for individuals whose condition is such that a professionally established program of activities, exercises, or stimulation is medically necessary to prevent deterioration or maintain present functioning levels.

Where a maintenance program is appropriate, the initial evaluation and the instruction of the patient, family members, home health aides, facility personnel, or other caregivers to carry out the program are considered a covered physical therapy service. Payment shall be made for a maximum of three visits to establish a maintenance program and instruct the caregivers. Payment for supervisory visits to monitor the program is limited to two per month for a maximum period of 12 months. The plan of treatment must specify the anticipated monitoring activity of the supervisor.

Beyond evaluation, instruction, and monitoring, maintenance therapy is not reimbursable.

After 12 months of maintenance therapy, a reevaluation is a covered service, if medically necessary. A reevaluation will be considered medically necessary only if there is a significant change in residential or employment situation or the patient exhibits an increase or decrease in functional ability or motivation, clearing of confusion, or the remission of some other medical condition which previously contraindicated restorative therapy. A statement by the interdisciplinary team of a person with developmental disabilities recommending a reevaluation and stating the basis for medical necessity will be considered as supporting the necessity of a reevaluation and may expedite approval.

(Restorative and maintenance therapy definitions also apply to speech and occupational therapy.)

When a patient is under a restorative physical therapy program, the patient's condition is regularly reevaluated and the program adjusted by the physical therapist. It is expected that prior to discharge, a maintenance program has been designed by the physical therapist. Consequently, where a maintenance program is not established until after the restorative program has been completed, it would not be considered reasonable and necessary to the treatment of the patient's condition and would be excluded from coverage.

(9) Hot packs, hydrocollator, infrared treatments, paraffin baths, and whirlpool baths do not ordinarily require the skills of a qualified physical therapist. These are covered when the patient's condition is complicated by other conditions such as a circulatory deficiency or open wounds or if the service is an integral part of a skilled physical therapy procedure.

(10) Gait training and gait evaluation and training constitute a covered service if the patient's ability to walk has been impaired by a neurological, muscular or skeletal condition or illness. The gait training must be expected to significantly improve the patient's ability to walk or level of independence.

Repetitious exercise to increase endurance of weak or unstable patients can be safely provided by supportive personnel, e.g., aides, nursing personnel. Therefore, it is not a covered physical therapy service.

(11) Ultrasound, shortwave, and microwave diathermy treatments are considered covered services.

(12) Range of motion tests must be performed by a qualified physical therapist. Range of motion exercises require the skills of a qualified physical therapist only when they are part of the active treatment of a specific disease or disabling condition which has resulted in a loss or restriction of mobility.

Documentation must reflect the degree of motion lost, the normal range of motion, and the degree to be restored.

Range of motion to unaffected joints only does not constitute a covered physical therapy service.

(13) Reconditioning programs after surgery or prolonged hospitalization are not covered as physical therapy.

(14) Therapeutic exercises would constitute a physical therapy service due either to the type of exercise employed or to the condition of the patient.

(15) Use of isokinetic or isotonic type equipment in physical therapy is covered when normal range of motion of a joint is affected due to bone, joint, ligament or tendon injury or postsurgical trauma. Billing can only be made for the time actually spent by the therapist in instructing the patient and assessing the patient's progress.

(16) When recipients do not meet restorative or maintenance therapy criteria, diagnostic or trial therapy may be utilized. When the initial evaluation is not sufficient to determine whether there are rehabilitative goals that should be addressed, diagnostic or trial therapy to establish goals shall be considered appropriate. Diagnostic or trial therapy may be appropriate for recipients who need evaluation in multiple environments in order to adequately determine their rehabilitative potential. Diagnostic or trial therapy consideration may be appropriate when there is a need to assess the patient's response to treatment in the recipient's environment.

When during diagnostic or trial therapy a recipient has been sufficiently evaluated to determine potential for restorative or maintenance therapy, or lack of therapy potential, diagnostic or trial therapy ends. When as a result of diagnostic or trial therapy, restorative or maintenance therapy is found appropriate, claims shall be submitted noting restorative or maintenance therapy (instead of diagnostic or trial therapy).

At the end of diagnostic or trial therapy, the rehabilitation provider shall recommend continuance of services under restorative therapy, recommend continuance of services under maintenance therapy, or recommend discontinuance of services. Continuance of services under restorative or maintenance therapy will be reviewed based on the criteria in place for restorative or maintenance therapy.

Trial therapy shall not be granted more often than once per year for the same issue. If the recipient has a previous history of rehabilitative services, trial therapy for the same type of services generally would be payable only when a significant change has occurred since the last therapy. Requests for subsequent diagnostic or trial therapy for the same issue would require documentation reflecting a significant change. See number 4 below for guidelines under a significant change. Further diagnostic or trial therapy for the same issue would not be considered appropriate when progress was not achieved, unless the reasons which blocked change previously are listed and the reasons the new diagnostic or trial therapy would not have these blocks are provided.

The number of diagnostic or trial therapy hours authorized in the initial treatment period shall not exceed 12 hours per month. Documentation of the medical necessity and the plan for services under diagnostic trial therapy are required as they will be reviewed in the determination of the medical necessity of the number of hours of service provided.

Diagnostic or trial therapy standards also apply to speech and occupational therapy.

The following criteria additionally must be met:

1. There must be face-to-face interaction with a licensed therapist. (An aide's services will not be payable.)

2. Services must be provided on an individual basis. (Group diagnostic or trial therapy will not be payable.)

3. Documentation of the diagnostic therapy or trial therapy must reflect the provider's plan for therapy and the recipient's response.

4. If the recipient has a previous history of rehabilitative services, trial therapy for the same type of services generally would be payable only when a significant change has occurred since the last therapy.

A significant change would be considered as having occurred when any of the following exist: new onset, new problem, new need, new growth issue, a change in vocational or residential setting that requires a reevaluation of potential, or surgical intervention that may have caused new rehabilitative potentials.

5. For persons who received previous rehabilitative treatment, consideration of trial therapy generally should occur only if the person has incorporated any regimen recommended during prior treatment into the person's daily life to the extent of the person's abilities.

6. Documentation should include any previous attempts to resolve problems using nontherapy personnel (i.e., residential group home staff, family members, etc.) and whether follow-up programs from previous therapy have been carried out.

7. Referrals from residential, vocational or other rehabilitation personnel that do not meet present evaluation, restorative or maintenance criteria shall be considered for trial therapy. Documentation of the proposed service, the medical necessity and the current medical or disabling condition, including any secondary rehabilitative diagnosis, will need to be submitted with the claim.

8. Claims for diagnostic or trial therapy shall reflect the progress being made toward the initial diagnostic or trial therapy plan.

c. Occupational therapy services.

(1) To be covered under rehabilitation agency services, occupational therapy services must be included in a plan of treatment, improve or restore practical functions which have been impaired by illness, injury, or disabling condition, or enhance the person's ability to perform those tasks required for independent functioning, be prescribed by a physician under a plan of treatment, be performed by a qualified licensed occupational therapist or a qualified licensed occupational therapist assistant under the general supervision of a qualified licensed occupational therapist as set forth in the department of public health, professional licensure division, rule 645—201.9(148B),* and be reasonable and necessary for the treatment of the person's illness, injury, or disabling condition.

(2) Restorative therapy is covered when an expectation exists that the therapy will result in a significant practical improvement in the person's condition.

However, in these cases where there is a valid expectation of improvement met at the time the occupational therapy program is instituted, but the expectation goal is not realized, services would only be covered up to the time one would reasonably conclude the patient would not improve.

The guidelines under restorative therapy, maintenance therapy, and diagnostic or trial therapy for physical therapy in 78.19(1) "b"(7), (8), and (16) apply to occupational therapy.

(3) Maintenance therapy, or any activity or exercise program required to maintain a function at the restored level, is not a covered service. However, designing a maintenance program in accordance with the requirements of 78.19(1) "b"(8) and monitoring the progress would be covered.

(4) The selection and teaching of tasks designed to restore physical function are covered.

(5) Planning and implementing therapeutic tasks, such as activities to restore sensory-integrative functions are covered. Other examples include providing motor and tactile activities to increase input and improve responses for a stroke patient.

(6) The teaching of activities of daily living and energy conservation to improve the level of independence of a patient which require the skill of a licensed therapist and meet the definition of restorative therapy is covered.

(7) The designing, fabricating, and fitting of orthotic and self-help devices are considered covered services if they relate to the patient's condition and require occupational therapy. A maximum of 13 visits is reimbursable.

(8) Vocational and prevocational assessment and training are not payable by Medicaid. These include services which are related solely to specific employment opportunities, work skills, or work settings.

d. Speech therapy services.

(1) To be covered by Medicaid as rehabilitation agency services, speech therapy services must be included in a plan of treatment established by the licensed, skilled therapist after consultation with the physician, relate to a specific medical diagnosis which will significantly improve a patient's practical,

functional level in a reasonable and predictable time period, and require the skilled services of a speech therapist. Services provided by a speech aide are not reimbursable.

(2) Speech therapy activities which are considered covered services include: restorative therapy services to restore functions affected by illness, injury, or disabling condition resulting in a communication impairment or to develop functions where deficiencies currently exist. Communication impairments fall into the general categories of disorders of voice, fluency, articulation, language, and swallowing disorders resulting from any condition other than mental impairment. Treatment of these conditions is payable if restorative criteria are met.

(3) Aural rehabilitation, the instruction given by a qualified speech pathologist in speech reading or lip reading to patients who have suffered a hearing loss (input impairment), constitutes a covered service if reasonable and necessary to the patient's illness or injury. Group treatment is not covered. Audiological services related to the use of a hearing aid are not reimbursable.

(4) Teaching a patient to use sign language and to use an augmentative communication device is reimbursable. The patient must show significant progress outside the therapy sessions in order for these services to be reimbursable.

(5) Where a maintenance program is appropriate, the initial evaluation, the instruction of the patient and caregivers to carry out the program, and supervisory visits to monitor progress are covered services. Beyond evaluation, instruction, and monitoring, maintenance therapy is not reimbursable. However, designing a maintenance program in accordance with the requirements of maintenance therapy and monitoring the progress are covered.

(6) The guidelines and limits on restorative therapy, maintenance therapy, and diagnostic or trial therapy for physical therapy in 78.19(1) "b"(7), (8), and (16) apply to speech therapy. If the only goal of prior rehabilitative speech therapy was to learn the prerequisite speech components, then number "5" under 78.19(1) "b"(16) will not apply to trial therapy.

78.19(2) General guidelines for plans of treatment.

a. The minimum information to be included on medical information forms and treatment plans includes:

(1) The patient's current medical condition and functional abilities, including any disabling condition.

(2) The physician's signature and date (within the certification period).

(3) Certification period.

(4) Patient's progress in measurable statistics. (Refer to 78.19(1) "b"(16).)

(5) The place services are rendered.

(6) Dates of prior hospitalization (if applicable or known).

(7) Dates of prior surgery (if applicable or known).

(8) The date the patient was last seen by the physician (if available).

(9) A diagnosis relevant to the medical necessity for treatment.

(10) Dates of onset of any diagnoses for which treatment is being rendered (if applicable).

(11) A brief summary of the initial evaluation or baseline.

(12) The patient's prognosis.

(13) The services to be rendered.

(14) The frequency of the services and discipline of the person providing the service.

(15) The anticipated duration of the services and the estimated date of discharge (if applicable).

(16) Assistive devices to be used.

(17) Functional limitations.

(18) The patient's rehabilitative potential and the extent to which the patient has been able to apply the skills learned in the rehabilitation setting to everyday living outside the therapy sessions.

(19) The date of the last episode of instability or the date of the last episode of acute recurrence of illness or symptoms (if applicable).

(20) Quantitative, measurable, short-term and long-term functional goals.

(21) The period of time of a session.

(22) Prior treatment (history related to current diagnosis) if available or known.

b. The information to be included when developing plans for teaching, training, and counseling include:

- (1) To whom the services were provided (patient, family member, etc.).
- (2) Prior teaching, training, or counseling provided.
- (3) The medical necessity of the rendered services.
- (4) The identification of specific services and goals.
- (5) The date of the start of the services.
- (6) The frequency of the services.
- (7) Progress in response to the services.
- (8) The estimated length of time the services are needed.

This rule is intended to implement Iowa Code section 249A.4.

¹ Proposed rule 645—201.6(272C), ARC 0990B, IAB 10/3/01.

² Proposed rule 645—206.6(272C), ARC 0989B, IAB 10/3/01.

441—78.20(249A) Independent laboratories. Payment will be made for medically necessary laboratory services provided by laboratories that are independent of attending and consulting physicians' offices, hospitals, and critical access hospitals and that are certified to participate in the Medicare program.

This rule is intended to implement Iowa Code section 249A.4.

441—78.21(249A) Rural health clinics. Payment will be made to rural health clinics for the same services payable under the Medicare program (Title XVIII of the Social Security Act). Payment will be made for sterilization in accordance with 78.1(16).

78.21(1) Utilization review. Utilization review shall be conducted of Medicaid recipients who access more than 24 outpatient visits in any 12-month period from physicians, advanced registered nurse practitioners, federally qualified health centers, other clinics, and emergency rooms. Refer to rule 441—76.9(249A) for further information concerning the recipient lock-in program.

78.21(2) Risk assessments. Risk assessments, using Form 470-2942, Medicaid Prenatal Risk Assessment, shall be completed twice during a Medicaid recipient's pregnancy. If the risk assessment reflects a high-risk pregnancy, referral shall be made for enhanced services. See description of enhanced services at subrule 78.25(3).

Rural health clinics which wish to administer vaccines which are available through the vaccines for children program to Medicaid recipients shall enroll in the vaccines for children program. In lieu of payment, vaccines available through the vaccines for children program shall be accessed from the department of public health for Medicaid recipients.

78.21(3) EPSDT care coordination. Payment for EPSDT care coordination services outlined in 78.18(6)"b"(2)"1" to "7" is available to MediPASS eligible providers as defined in rule 441—88.41(249A) who accept responsibility for providing EPSDT care coordination services to the MediPASS recipients under the age of 21 assigned to them on a monthly basis. All MediPASS providers shall be required to complete Form 470-3183, Care Coordination Agreement, to reflect acceptance or denial of EPSDT care coordination responsibility. When the MediPASS provider does not accept the responsibility, the MediPASS patients assigned to the MediPASS provider are automatically referred to the designated department of public health EPSDT care coordination agency in the recipient's geographical area. Acknowledgment of acceptance of the EPSDT care coordination responsibility shall be for a specified period of time of no less than six months. MediPASS providers who identify MediPASS EPSDT recipients in need of transportation assistance beyond that available according to rule 441—78.13(249A) shall be referred to the designated department of public health agency assigned to the geographical area of the recipient's residence.

This rule is intended to implement Iowa Code section 249A.4.

441—78.22(249A) Family planning clinics. Payments will be made on a fee schedule basis for services provided by family planning clinics. Payment will be made for sterilization in accordance with 78.1(16). Family planning clinics which wish to administer vaccines for Medicaid recipients who receive family planning services at the family planning clinic shall enroll in the vaccines for children program. In lieu of payment, vaccines available through the vaccines for children program shall be accessed from the department of public health for Medicaid recipients. Family planning clinics shall receive reimbursement for the administration of vaccines to Medicaid recipients.

This rule is intended to implement Iowa Code section 249A.4.

441—78.23(249A) Other clinic services. Payment will be made on a fee schedule basis to facilities not part of a hospital, funded publicly or by private contributions, which provide medically necessary treatment by or under the direct supervision of a physician or dentist to outpatients. Payment will be made for sterilization in accordance with 78.1(16).

Utilization review shall be conducted of Medicaid recipients who access more than 24 outpatient visits in any 12-month period from physicians, advanced registered nurse practitioners, federally qualified health centers, other clinics, and emergency rooms. Refer to rule 441—76.9(249A) for further information concerning the recipient lock-in program.

Risk assessments, using Form 470-2942, Medicaid Prenatal Risk Assessment, shall be completed twice during a Medicaid recipient's pregnancy. If the risk assessment reflects a high-risk pregnancy, referral shall be made for enhanced services. See description of enhanced services at subrule 78.25(3).

Clinics that wish to administer vaccines which are available through the vaccines for children program to Medicaid recipients shall enroll in the vaccines for children program. In lieu of payment, vaccines available through the vaccines for children program shall be accessed from the department of public health for Medicaid recipients. Clinics shall receive reimbursement for the administration of vaccines to Medicaid recipients.

This rule is intended to implement Iowa Code section 249A.4.

441—78.24(249A) Psychologists. Payment will be approved for services authorized by state law when they are provided by the psychologist in the psychologist's office, a hospital, nursing facility, or residential care facility.

78.24(1) Payment for covered services provided by the psychologist shall be made on a fee for service basis.

- a. Payment shall be made only for time spent in face-to-face consultation with the client.
- b. Time spent with clients shall be rounded to the quarter hour.

78.24(2) Payment will be approved for the following psychological procedures:

- a. Individual outpatient psychotherapy or other psychological procedures not to exceed one hour per week or 40 hours in any 12-month period, or
- b. Couple, marital, family, or group outpatient therapy not to exceed one and one-half hours per week or 60 hours in any 12-month period, or
- c. A combination of individual and group therapy not to exceed the cost of 40 individual therapy hours in any 12-month period.
- d. Psychological examinations and testing for purposes of evaluation, placement, psychotherapy, or assessment of therapeutic progress, not to exceed eight hours in any 12-month period.
- e. Mileage at the same rate as in 78.1(8) when the following conditions are met:
 - (1) It is necessary for the psychologist to travel outside of the home community, and
 - (2) There is no qualified mental health professional more immediately available in the community, and
 - (3) The recipient has a medical condition which prohibits travel.
- f. Covered procedures necessary to maintain continuity of psychological treatment during periods of hospitalization or convalescence for physical illness.
- g. Procedures provided within a licensed hospital, residential treatment facility, day hospital, or nursing home as part of an approved treatment plan and a psychologist is not employed by the facility.

78.24(3) Payment will not be approved for the following services:

- a. Psychological examinations performed without relationship to evaluations or psychotherapy for a specific condition, symptom, or complaint.
- b. Psychological examinations covered under Part B of Medicare, except for the Part B Medicare deductible and coinsurance.
- c. Psychological examinations employing unusual or experimental instrumentation.
- d. Individual and group psychotherapy without specification of condition, symptom, or complaint.
- e. Sensitivity training, marriage enrichment, assertiveness training, growth groups or marathons, or psychotherapy for nonspecific conditions of distress such as job dissatisfaction or general unhappiness.

78.24(4) Rescinded IAB 10/12/94, effective 12/1/94.

78.24(5) The following services shall require review by a consultant to the department.

- a. Protracted therapy beyond 16 visits. These cases shall be reviewed following the sixteenth therapy session and periodically thereafter.
- b. Any service which does not appear necessary or appears to fall outside the scope of what is professionally appropriate or necessary for a particular condition.

This rule is intended to implement Iowa Code sections 249A.4 and 249A.15.

441—78.25(249A) Maternal health centers. Payment will be made for prenatal and postpartum medical care, care coordination, health education, and transportation to receive prenatal and postpartum services. Payment will be made for enhanced perinatal services for persons determined high risk. These services include additional health education services, nutrition counseling, social services, additional care coordination services, and one postpartum home visit. Maternal health centers shall provide trimester and postpartum reports to the referring physician. Risk assessments using Form 470-2942, Medicaid Prenatal Risk Assessment, shall be completed twice during a Medicaid recipient's pregnancy.

Maternal health centers which wish to administer vaccines which are available through the vaccines for children program to Medicaid recipients shall enroll in the vaccines for children program. In lieu of payment, vaccines available through the vaccines for children program shall be accessed from the department of public health for Medicaid recipients. Maternal health centers shall receive reimbursement for the administration of vaccines to Medicaid recipients.

78.25(1) Provider qualifications.

- a. Prenatal and postpartum medical services shall be provided by a physician, a physician assistant, or a nurse practitioner employed by or on contract with the center. Medical services performed by maternal health centers shall be performed under the supervision of a physician. Nurse practitioners and physician assistants performing under the supervision of a physician must do so within the scope of practice of that profession, as defined by Iowa Code chapters 152 and 148C, respectively.
- b. Care coordination services shall be provided by a registered nurse; a person with at least a bachelor's degree in social work, counseling, sociology, family and community services, health or human development, health education, individual and family studies, or psychology; a person with a degree in dental hygiene; a licensed practical nurse; or a paraprofessional working under the direct supervision of a health professional.
- c. Education services and postpartum home visits shall be provided by a registered nurse.
- d. Nutrition services shall be provided by a licensed dietitian.
- e. Psychosocial services shall be provided by a person with at least a bachelor's degree in social work, counseling, sociology, psychology, family and community services, health or human development, health education, or individual and family studies.

78.25(2) Services covered for all pregnant women. Services provided may include:

- a. Prenatal and postpartum medical care.
- b. Health education, which shall include:
 - (1) Importance of continued prenatal care.
 - (2) Normal changes of pregnancy including both maternal changes and fetal changes.
 - (3) Self-care during pregnancy.
 - (4) Comfort measures during pregnancy.

(5) Danger signs during pregnancy.
(6) Labor and delivery including the normal process of labor, signs of labor, coping skills, danger signs, and management of labor.

(7) Preparation for baby including feeding, equipment, and clothing.

(8) Education on the use of over-the-counter drugs.

(9) Education about HIV protection.

c. Care coordination services, which shall include:

(1) Presumptive eligibility.

(2) Referral to WIC.

(3) Referral for dental services.

(4) Referral to physician or midlevel practitioners.

(5) Risk assessment.

(6) Arrangements for delivery, as appropriate.

(7) Arrangements for prenatal classes.

(8) Departmental multiprogram application.

(9) Hepatitis screen.

(10) Referral for eligible services.

d. Transportation to receive prenatal and postpartum services that is not payable under rule 441—78.11(249A) or 441—78.13(249A).

e. Dental hygiene services within the scope of practice as defined by the board of dental examiners at 650—paragraph 10.5(3)“b.”

78.25(3) *Enhanced services covered for women with high-risk pregnancies.* Enhanced perinatal services may be provided to a patient who has been determined to have a high-risk pregnancy as documented by Form 470-2942, Medicaid Prenatal Risk Assessment. An appropriately trained physician or advanced registered nurse practitioner must be involved in staffing the patients receiving enhanced services.

Enhanced services are as follows:

a. Care coordination, the coordination of comprehensive prenatal services, which shall include:

(1) Developing an individual plan of care based on the client’s needs, including pregnancy and personal and interpersonal issues. This package includes counseling (such as coaching, supporting, educating, listening, encouraging, and feedback), referral, and assistance for other specified services such as mental health.

(2) Ensuring that the client receives all components as appropriate (medical, education, nutrition, psychosocial, and postpartum home visit).

(3) Risk tracking.

b. Education, which shall include as appropriate education about the following:

(1) High-risk medical conditions.

(2) High-risk sexual behavior.

(3) Smoking cessation.

(4) Alcohol usage education.

(5) Drug usage education.

(6) Environmental and occupational hazards.

c. Nutrition assessment and counseling, which shall include:

(1) Initial assessment of nutritional risk based on height, current and prepregnancy weight status, laboratory data, clinical data, and self-reported dietary information.

(2) Ongoing nutritional assessment.

(3) Development of an individualized nutritional care plan.

(4) Referral to food assistance programs if indicated.

(5) Nutritional intervention.

d. Psychosocial assessment and counseling, which shall include:

(1) A psychosocial assessment including: needs assessment, profile of client demographic factors, mental and physical health history and concerns, adjustment to pregnancy and future parenting, and environmental needs.

(2) A profile of the client's family composition, patterns of functioning and support systems.

(3) An assessment-based plan of care, risk tracking, counseling and anticipatory guidance as appropriate, and referral and follow-up services.

e. A postpartum home visit within two weeks of the child's discharge from the hospital, which shall include:

(1) Assessment of mother's health status.

(2) Physical and emotional changes postpartum.

(3) Family planning.

(4) Parenting skills.

(5) Assessment of infant health.

(6) Infant care.

(7) Grief support for unhealthy outcome.

(8) Parenting of a preterm infant.

(9) Identification of and referral to community resources as needed.

This rule is intended to implement Iowa Code section 249A.4.

441—78.26(249A) Ambulatory surgical center services. Ambulatory surgical center services are those services furnished by an ambulatory surgical center in connection with a covered surgical procedure or a covered dental procedure.

Covered surgical procedures shall be those medically necessary procedures that are eligible for payment as physicians' services, under the circumstances specified in rule 441—78.1(249A) and performed on an eligible recipient, that can safely be performed in an outpatient setting as determined by the department upon advice from the department's utilization review and quality assurance firm.

Covered dental procedures are those medically necessary procedures that are eligible for payment as dentists' services, under the circumstances specified in rule 441—78.4(249A) and performed on an eligible recipient, that can safely be performed in an outpatient setting for Medicaid recipients whose mental, physical, or emotional condition necessitates deep sedation or general anesthesia.

The covered services provided by the ambulatory surgical center in connection with a Medicaid-covered surgical or dental procedure shall be those nonsurgical and nondental services covered by the Medicare program as ambulatory surgical center services in connection with Medicare-covered surgical procedures.

78.26(1) Abortion procedures are covered only when criteria in subrule 78.1(17) are met.

78.26(2) Sterilization procedures are covered only when criteria in subrule 78.1(16) are met.

78.26(3) Preprocedure review by the Iowa Foundation for Medical Care (IFMC) is required if ambulatory surgical centers are to be reimbursed for certain frequently performed surgical procedures as set forth under subrule 78.1(19). Criteria are available from IFMC, 3737 Woodland Avenue, Suite 500, West Des Moines, Iowa 50265, or in local hospital utilization review offices. (Cross-reference 78.28(6))

This rule is intended to implement Iowa Code section 249A.4.

441—78.27(249A) Home- and community-based habilitation services.

78.27(1) Definitions.

"Adult" means a person who is 18 years of age or older.

"Assessment" means the review of the current functioning of the member using the service in regard to the member's situation, needs, strengths, abilities, desires, and goals.

"Case management" means case management services accredited under 441—Chapter 24 and provided according to 441—Chapter 90.

"Comprehensive service plan" means an individualized, goal-oriented plan of services written in language understandable by the member using the service and developed collaboratively by the member and the case manager.

“*Department*” means the Iowa department of human services.

“*Emergency*” means a situation for which no approved individual program plan exists that, if not addressed, may result in injury or harm to the member or to other persons or in significant amounts of property damage.

“*HCBS*” means home- and community-based services.

“*Interdisciplinary team*” means a group of persons with varied professional backgrounds who meet with the member to develop a comprehensive service plan to address the member’s need for services.

“*ISIS*” means the department’s individualized services information system.

“*Member*” means a person who has been determined to be eligible for Medicaid under 441—Chapter 75.

“*Program*” means a set of related resources and services directed to the accomplishment of a fixed set of goals for qualifying members.

78.27(2) Member eligibility. To be eligible to receive home- and community-based habilitation services, a member shall meet the following criteria:

a. Risk factors. The member has at least one of the following risk factors:

(1) The member has undergone or is currently undergoing psychiatric treatment more intensive than outpatient care (e.g., emergency services, alternative home care, partial hospitalization, or inpatient hospitalization) more than once in the member’s life; or

(2) The member has a history of psychiatric illness resulting in at least one episode of continuous, professional supportive care other than hospitalization.

b. Need for assistance. The member has a need for assistance demonstrated by meeting at least two of the following criteria on a continuing or intermittent basis for at least two years:

(1) The member is unemployed, is employed in a sheltered setting, or has markedly limited skills and a poor work history.

(2) The member requires financial assistance for out-of-hospital maintenance and is unable to procure this assistance without help.

(3) The member shows severe inability to establish or maintain a personal social support system.

(4) The member requires help in basic living skills such as self-care, money management, housekeeping, cooking, and medication management.

(5) The member exhibits inappropriate social behavior that results in a demand for intervention.

c. Income. The countable income used in determining the member’s Medicaid eligibility does not exceed 150 percent of the federal poverty level.

d. Needs assessment. The member’s case manager has completed an assessment of the member’s need for service, and, based on that assessment, the Iowa Medicaid enterprise medical services unit has determined that the member is in need of home- and community-based habilitation services. A member who is not eligible for Medicaid case management services under 441—Chapter 90 shall receive case management as a home- and community-based habilitation service. The designated case manager shall:

(1) Complete a needs-based evaluation that meets the standards for assessment established in 441—subrule 24.4(2) before services begin and annually thereafter.

(2) Use the evaluation results to develop a comprehensive service plan as specified in subrule 78.27(4).

e. Plan for service. The department has approved the member’s plan for home- and community-based habilitation services. A service plan that has been validated through ISIS shall be considered approved by the department. Home- and community-based habilitation services provided before department approval of a member’s eligibility for the program cannot be reimbursed.

(1) The member’s comprehensive service plan shall be completed annually according to the requirements of subrule 78.27(4). A service plan may change at any time due to a significant change in the member’s needs.

(2) The member shall receive at least one billable unit of service other than case management per calendar quarter.

(3) The member’s habilitation services shall not exceed the maximum number of units established for each service in 441—subrule 79.1(2).

(4) The cost of the habilitation services shall not exceed unit expense maximums established in 441—subrule 79.1(2).

78.27(3) Application for services. The case manager shall apply for services on behalf of a member by entering a program request for habilitation services in ISIS.

a. Assignment of payment slot. The number of persons who may be approved for home- and community-based habilitation services is subject to a yearly total to be served. The total is set by the department based on available funds and is contained in the Medicaid state plan approved by the federal Centers for Medicare and Medicaid Services. The limit is maintained through the awarding of payment slots to members applying for services.

(1) The case manager shall contact the Iowa Medicaid enterprise through ISIS to determine if a payment slot is available for each member applying for home- and community-based habilitation services.

(2) When a payment slot is assigned, the case manager shall give written notice to the member.

(3) The department shall hold the assigned payment slot for the member as long as reasonable efforts are being made to arrange services and the member has not been determined to be ineligible for the program. If services have not been initiated and reasonable efforts are no longer being made to arrange services, the slot shall revert for use by the next applicant on the waiting list, if applicable. The member must reapply for a new slot.

b. Waiting list for payment slots. When the number of applications exceeds the number of members specified in the state plan and there are no available payment slots to be assigned, the member's application for habilitation services shall be denied. The department shall issue a notice of decision stating that the member's name will be maintained on a waiting list.

(1) The Iowa Medicaid enterprise shall enter the member on a waiting list based on the date and time when the member's request for habilitation services was entered into ISIS. In the event that more than one application is received at the same time, members shall be entered on the waiting list on the basis of the month of birth, January being month one and the lowest number.

(2) When a payment slot becomes available, the Iowa Medicaid enterprise shall notify the member's case manager, based on the member's order on the waiting list. The case manager shall give written notice to the member within five working days.

(3) The department shall hold the payment slot for 20 calendar days to allow the case manager to reapply for habilitation services by entering a program request through ISIS. If a request for habilitation services has not been entered within 20 calendar days, the slot shall revert for use by the next member on the waiting list, if applicable. The member assigned the slot must reapply for a new slot.

(4) The case manager shall notify the Iowa Medicaid enterprise within five working days of the withdrawal of an application.

c. Notice of decision. The department shall issue a notice of decision to the applicant when financial eligibility, determination of needs-based eligibility, and approval of the service plan have been completed.

78.27(4) Comprehensive service plan. Individualized, planned, and appropriate services shall be guided by a member-specific comprehensive service plan developed with the member in collaboration with an interdisciplinary team, as appropriate. Medically necessary services shall be planned for and provided at the locations where the member lives, learns, works, and socializes.

a. Development. A comprehensive service plan shall be developed for each member receiving home- and community-based habilitation services based on the member's current assessment and shall be reviewed on an annual basis.

(1) The case manager shall establish an interdisciplinary team for the member. The team shall include the case manager and the member and, if applicable, the member's legal representative, the member's family, the member's service providers, and others directly involved.

(2) With the interdisciplinary team, the case manager shall identify the member's services based on the member's needs, the availability of services, and the member's choice of services and providers.

(3) The comprehensive service plan development shall be completed at the member's home or at another location chosen by the member.

(4) The interdisciplinary team meeting shall be conducted before the current comprehensive service plan expires.

(5) The comprehensive service plan shall reflect desired individual outcomes.

(6) Services defined in the comprehensive service plan shall be appropriate to the severity of the member's problems and to the member's specific needs or disabilities.

(7) Activities identified in the comprehensive service plan shall encourage the ability and right of the member to make choices, to experience a sense of achievement, and to modify or continue participation in the treatment process.

(8) For members receiving home-based habilitation in a licensed residential care facility of 16 or fewer beds, the service plan shall address the member's opportunities for independence and community integration.

b. Service goals and activities. The comprehensive service plan shall:

(1) Identify observable or measurable individual goals.

(2) Identify interventions and supports needed to meet those goals with incremental action steps, as appropriate.

(3) Identify the staff persons, businesses, or organizations responsible for carrying out the interventions or supports.

(4) List all Medicaid and non-Medicaid services received by the member and identify:

1. The name of the provider responsible for delivering the service;

2. The funding source for the service; and

3. The number of units of service to be received by the member.

(5) Identify for a member receiving home-based habilitation:

1. The member's living environment at the time of enrollment;

2. The number of hours per day of on-site staff supervision needed by the member; and

3. The number of other members who will live with the member in the living unit.

(6) Include a separate, individualized, anticipated discharge plan that is specific to each service the member receives.

c. Rights restrictions. Any rights restrictions must be implemented in accordance with 441—subrule 77.25(4). The comprehensive service plan shall include documentation of:

(1) Any restrictions on the member's rights, including maintenance of personal funds and self-administration of medications;

(2) The need for the restriction; and

(3) Either a plan to restore those rights or written documentation that a plan is not necessary or appropriate.

d. Emergency plan. The comprehensive service plan shall include a plan for emergencies and identification of the supports available to the member in an emergency. Emergency plans shall be developed as follows:

(1) The member's interdisciplinary team shall identify in the comprehensive service plan any health and safety issues applicable to the individual member based on information gathered before the team meeting, including a risk assessment.

(2) The interdisciplinary team shall identify an emergency backup support and crisis response system to address problems or issues arising when support services are interrupted or delayed or the member's needs change.

(3) Providers of applicable services shall provide for emergency backup staff.

e. Plan approval. Services shall be entered into ISIS based on the comprehensive service plan. A service plan that has been validated and authorized through ISIS shall be considered approved by the department. Services must be authorized in ISIS as specified in paragraph 78.27(2) "e."

78.27(5) Requirements for services. Home- and community-based habilitation services shall be provided in accordance with the following requirements:

a. The services shall be based on the member's needs as identified in the member's comprehensive service plan.

b. The services shall be delivered in the least restrictive environment appropriate to the needs of the member.

c. The services shall include the applicable and necessary instruction, supervision, assistance, and support required by the member to achieve the member's life goals.

d. Service components that are the same or similar shall not be provided simultaneously.

e. Service costs are not reimbursable while the member is in a medical institution, including but not limited to a hospital or nursing facility.

f. Reimbursement is not available for room and board.

g. Services shall be billed in whole units.

h. Services shall be documented. Each unit billed must have corresponding financial and medical records as set forth in rule 441—79.3(249A).

78.27(6) Case management. Case management assists members in gaining access to needed home- and community-based habilitation services, as well as medical, social, educational, and other services, regardless of the funding source for the services.

a. Scope. Case management services shall be provided as set forth in rule 441—90.5(249A). The case manager shall be responsible for the following activities:

(1) Explaining the member's right to freedom of choice.

(2) Ensuring that all unmet needs of the member are identified in the service plan.

(3) Retaining the comprehensive service plan, as specified in rule 441—79.3(249A).

(4) Explaining to the member what abuse is, and how to report abuse.

(5) Explaining to the member how to make a complaint about the member's services or providers.

(6) Monitoring the service plan, with review occurring regularly.

(7) Meeting with the member face to face at least quarterly.

(8) Assessing and revising the service plan at least annually to determine achievement, continued need, or changes in goals or intervention methods. The review shall include the member using the service and shall involve the interdisciplinary team.

(9) Notifying the member of any changes in the service plan by sending the member a notice of decision. When the change is an adverse action such as a reduction in services, the notice shall be sent ten days before the change and shall include appeal rights.

b. Exclusion. Payment shall not be made for case management provided to a member who is eligible for case management services under 441—Chapter 90.

78.27(7) Home-based habilitation. "Home-based habilitation" means individually tailored supports that assist with the acquisition, retention, or improvement of skills related to living in the community.

a. Scope. Home-based habilitation services are individualized supportive services provided in the member's home and community that assist the member to reside in the most integrated setting appropriate to the member's needs. Services are intended to provide for the daily living needs of the member and shall be available as needed during any 24-hour period. The specific support needs for each member shall be determined necessary by the interdisciplinary team and shall be identified in the member's comprehensive service plan. Covered supports include:

(1) Adaptive skill development;

(2) Assistance with activities of daily living;

(3) Community inclusion;

(4) Transportation;

(5) Adult educational supports;

(6) Social and leisure skill development;

(7) Personal care; and

(8) Protective oversight and supervision.

b. Exclusions. Home-based habilitation payment shall not be made for the following:

(1) Room and board and maintenance costs, including the cost of rent or mortgage, utilities, telephone, food, household supplies, and building maintenance, upkeep, or improvement.

(2) Service activities associated with vocational services, day care, medical services, or case management.

- (3) Transportation to and from a day program.
- (4) Services provided to a member who lives in a licensed residential care facility of more than 16 persons.
- (5) Services provided to a member who lives in a facility that provides the same service as part of an inclusive or “bundled” service rate, such as a nursing facility or an intermediate care facility for persons with mental retardation.

(6) Personal care and protective oversight and supervision may be a component part of home-based habilitation services but may not comprise the entirety of the service.

78.27(8) Day habilitation. “Day habilitation” means assistance with acquisition, retention, or improvement of self-help, socialization, and adaptive skills.

a. Scope. Day habilitation activities and environments are designed to foster the acquisition of skills, appropriate behavior, greater independence, and personal choice. Services focus on enabling the member to attain or maintain the member’s maximum functional level and shall be coordinated with any physical, occupational, or speech therapies in the comprehensive service plan. Services may serve to reinforce skills or lessons taught in other settings. Services must enhance or support the member’s:

- (1) Intellectual functioning;
- (2) Physical and emotional health and development;
- (3) Language and communication development;
- (4) Cognitive functioning;
- (5) Socialization and community integration;
- (6) Functional skill development;
- (7) Behavior management;
- (8) Responsibility and self-direction;
- (9) Daily living activities;
- (10) Self-advocacy skills; or
- (11) Mobility.

b. Setting. Day habilitation shall take place in a nonresidential setting separate from the member’s residence. Services shall not be provided in the member’s home. When the member lives in a residential care facility of more than 16 beds, day habilitation services provided in the facility are not considered to be provided in the member’s home if the services are provided in an area apart from the member’s sleeping accommodations.

c. Duration. Day habilitation services shall be furnished for four or more hours per day on a regularly scheduled basis for one or more days per week or as specified in the member’s comprehensive service plan. Meals provided as part of day habilitation shall not constitute a full nutritional regimen (three meals per day).

d. Exclusions. Day habilitation payment shall not be made for the following:

- (1) Vocational or prevocational services.
- (2) Services that duplicate or replace education or related services defined in Public Law 94-142, the Education of the Handicapped Act.
- (3) Compensation to members for participating in day habilitation services.

78.27(9) Prevocational habilitation. “Prevocational habilitation” means services that prepare a member for paid or unpaid employment.

a. Scope. Prevocational habilitation services include teaching concepts such as compliance, attendance, task completion, problem solving, and safety. Services are not oriented to a specific job task, but instead are aimed at a generalized result. Services shall be reflected in the member’s comprehensive service plan and shall be directed to habilitative objectives rather than to explicit employment objectives.

b. Setting. Prevocational habilitation services may be provided in a variety of community-based settings based on the individual need of the member. Meals provided as part of these services shall not constitute a full nutritional regimen (three meals per day).

c. Exclusions. Prevocational habilitation payment shall not be made for the following:

(1) Services that are available under a program funded under Section 110 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.). Documentation that funding is not available for the service under these programs shall be maintained in the file of each member receiving prevocational habilitation services.

(2) Services that duplicate or replace education or related services defined in Public Law 94-142, the Education of the Handicapped Act.

(3) Compensation to members for participating in prevocational services.

78.27(10) Supported employment habilitation. “Supported employment habilitation” means services associated with maintaining competitive paid employment.

a. Scope. Supported employment habilitation services are intensive, ongoing supports that enable members to perform in a regular work setting. Services are provided to members who need support because of their disabilities and who are unlikely to obtain competitive employment at or above the minimum wage absent the provision of supports. Covered services include:

(1) Activities to obtain a job. Covered services directed to obtaining a job must be provided to or on behalf of a member for whom competitive employment is reasonably expected within less than one year. Services must be focused on job placement, not on teaching generalized employment skills or habilitative goals. Three conditions must be met before services are provided. First, the member and the interdisciplinary team described in subrule 78.27(4) must complete the form that Iowa vocational rehabilitation services uses to identify the supported employment services appropriate to meet a person’s employment needs. Second, the member’s interdisciplinary team must determine that the identified services are necessary. Third, the Iowa Medicaid enterprise medical services unit must approve the services. Available components of activities to obtain a job are as follows:

1. Job development services. Job development services are directed toward obtaining competitive employment. A unit of service is a job placement that the member holds for 30 consecutive calendar days or more. Payment is available once the service is authorized in the member’s service plan. A member may receive two units of job development services during a 12-month period. The activities provided to the member may include job procurement training, including grooming and hygiene, application, résumé development, interviewing skills, follow-up letters, and job search activities; job retention training, including promptness, coworker relations, transportation skills, disability-related supports, job benefits, and an understanding of employee rights and self-advocacy; and customized job development services specific to the member.

2. Employer development services. The focus of employer development services is to support employers in hiring and retaining members in their workforce and to communicate expectations of the employers to the interdisciplinary team described in subrule 78.27(4). Employer development services may be provided only to members who are reasonably expected to work for no more than 10 hours per week. A unit of service is one job placement that the member holds for 30 consecutive calendar days or more. Payment for this service may be made only after the member holds the job for 30 days. A member may receive two units of employer development services during a 12-month period if the member is competitively employed for 30 or more consecutive calendar days and the other conditions for service approval are met. The services provided may include: developing relationships with employers and providing leads for individual members when appropriate; job analysis for a specific job; development of a customized training plan identifying job-specific skill requirements, employer expectations, teaching strategies, time frames, and responsibilities; identifying and arranging reasonable accommodations with the employer; providing disability awareness and training to the employer when it is deemed necessary; and providing technical assistance to the employer regarding the training progress as identified on the member’s customized training plan.

3. Enhanced job search activities. Enhanced job search activities are associated with obtaining initial employment after job development services have been provided to the member for a minimum of 30 days or with assisting the member in changing jobs due to layoff, termination, or personal choice. The interdisciplinary team must review and update the Iowa vocational rehabilitation services supported employment readiness analysis form to determine if this service remains appropriate for the member’s employment goals. A unit of service is an hour. A maximum of 26 units may be provided in a 12-month

period. The services provided may include: job opening identification with the member; assistance with applying for a job, including completion of applications or interviews; and work site assessment and job accommodation evaluation.

(2) Supports to maintain employment, including the following services provided to or on behalf of the member:

1. Individual work-related behavioral management.
2. Job coaching.
3. On-the-job or work-related crisis intervention.
4. Assistance in the use of skills related to sustaining competitive paid employment, including assistance with communication skills, problem solving, and safety.

5. Assistance with time management.

6. Assistance with appropriate grooming.

7. Employment-related supportive contacts.

8. On-site vocational assessment after employment.

9. Employer consultation.

b. Setting. Supported employment may be conducted in a variety of settings, particularly work sites where persons without disabilities are employed.

(1) The majority of coworkers at any employment site with more than two employees where members seek, obtain, or maintain employment must be persons without disabilities.

(2) In the performance of job duties at any site where members seek, obtain, or maintain employment, the member must have daily contact with other employees or members of the general public who do not have disabilities, unless the absence of daily contact with other employees or the general public is typical for the job as performed by persons without disabilities.

(3) When services for maintaining employment are provided to members in a teamwork or "enclave" setting, the team shall include no more than eight people with disabilities.

c. Service requirements. The following requirements shall apply to all supported employment services:

(1) All supported employment services shall provide individualized and ongoing support contacts at intervals necessary to promote successful job retention.

(2) The provider shall provide employment-related adaptations required to assist the member in the performance of the member's job functions as part of the service.

(3) Community transportation options (such as carpools, coworkers, self or public transportation, families, volunteers) shall be attempted before the service provider provides transportation. When no other resources are available, employment-related transportation between work and home and to or from activities related to employment may be provided as part of the service.

(4) Members may access both services to maintain employment and services to obtain a job for the purpose of job advancement or job change. A member may receive a maximum of three job placements in a 12-month period and a maximum of 40 units per week of services to maintain employment.

d. Exclusions. Supported employment habilitation payment shall not be made for the following:

(1) Services that are available under a program funded under Section 110 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.). Documentation that funding is not available under these programs shall be maintained in the file of each member receiving supported employment services.

(2) Incentive payments made to an employer to encourage or subsidize the employer's participation in a supported employment program.

(3) Subsidies or payments that are passed through to users of supported employment programs.

(4) Training that is not directly related to a member's supported employment program.

(5) Services involved in placing or maintaining members in day activity programs, work activity programs, or sheltered workshop programs.

(6) Supports for volunteer work or unpaid internships.

(7) Tuition for education or vocational training.

(8) Individual advocacy that is not member-specific.

78.27(11) Adverse service actions.

a. Denial. Services shall be denied when the department determines that:

- (1) A payment slot is not available to the member pursuant to paragraph 78.27(3)“a.”
- (2) The member is not eligible for or in need of home- and community-based habilitation services.
- (3) The service is not identified in the member’s comprehensive service plan.
- (4) Needed services are not available or received from qualifying providers, or no qualifying providers are available.
- (5) The member’s service needs exceed the unit or reimbursement maximums for a service as set forth in 441—subrule 79.1(2).

(6) Completion or receipt of required documents for the program has not occurred.

b. Reduction. A particular home- and community-based habilitation service may be reduced when the department determines that continued provision of service at its current level is not necessary.

c. Termination. A particular home- and community-based habilitation service may be terminated when the department determines that:

(1) The member’s income exceeds the allowable limit, or the member no longer meets other eligibility criteria for the program established by the department.

(2) The service is not identified in the member’s comprehensive service plan.

(3) Needed services are not available or received from qualifying providers, or no qualifying providers are available.

(4) The member’s service needs are not being met by the services provided.

(5) The member has received care in a medical institution for 30 consecutive days in any one stay. When a member has been an inpatient in a medical institution for 30 consecutive days, the department will issue a notice of decision to inform the member of the service termination. If the member returns home before the effective date of the notice of decision and the member’s condition has not substantially changed, the decision shall be rescinded, and eligibility for home- and community-based habilitation services shall continue.

(6) The member’s service needs exceed the unit or reimbursement maximums for a service as established by the department.

(7) Duplication of services provided during the same period has occurred.

(8) The member or the member’s legal representative, through the interdisciplinary process, requests termination of the service.

(9) Completion or receipt of required documents for the program has not occurred, or the member refuses to allow documentation of eligibility as to need and income.

d. Appeal rights. The department shall give notice of any adverse action and the right to appeal in accordance with 441—Chapter 7. The member is entitled to have a review of the determination of needs-based eligibility by the Iowa Medicaid enterprise medical services unit by sending a letter requesting a review to the medical services unit. If dissatisfied with that decision, the member may file an appeal with the department.

78.27(12) County reimbursement. The county board of supervisors of the member’s county of legal settlement shall reimburse the department for all of the nonfederal share of the cost of home- and community-based habilitation services provided to an adult member with a chronic mental illness as defined in 441—Chapter 90. The department shall notify the county’s central point of coordination administrator through ISIS of the approval of the member’s service plan.

This rule is intended to implement Iowa Code section 249A.4.

441—78.28(249A) List of medical services and equipment requiring prior approval, preprocedure review or preadmission review.

78.28(1) Services, procedures, and medications prescribed by a physician (M.D. or D.O.) which are subject to prior approval or preprocedure review are as follows or as specified in the preferred drug list published by the department pursuant to Iowa Code Supplement section 249A.20A:

a. Drugs require prior authorization as specified in the preferred drug list published by the department pursuant to Iowa Code section 249A.20A. For drugs requiring prior authorization,

reimbursement will be made for a 72-hour supply dispensed in an emergency when a prior authorization request cannot be submitted.

b. Automated medication dispenser. (Cross-reference 78.10(2) “*b*”) Payment will be approved for an automated medication dispenser when prescribed for a member who meets all of the following conditions:

(1) The member has a diagnosis indicative of cognitive impairment or age-related factors that affect the member’s ability to remember to take medications.

(2) The member is on two or more medications prescribed to be administered more than one time a day.

(3) The availability of a caregiver to administer the medications or perform setup is limited or nonexistent.

(4) Less costly alternatives, such as medisets or telephone reminders, have failed.

c. Enteral products and enteral delivery pumps and supplies require prior approval. Daily enteral nutrition therapy shall be approved as medically necessary only for a recipient who either has a metabolic or digestive disorder that prevents the recipient from obtaining the necessary nutritional value from usual foods in any form and cannot be managed by avoidance of certain food products or has a severe pathology of the body that does not allow ingestion or absorption of sufficient nutrients from regular food to maintain weight and strength commensurate with the recipient’s general condition. (Cross-reference 78.10(3) “*c*”(2))

(1) A request for prior approval shall include a physician’s, physician assistant’s, or advanced registered nurse practitioner’s written order or prescription and documentation to establish the medical necessity for enteral products and enteral delivery pumps and supplies pursuant to the above standards. The documentation shall include:

1. A statement of the recipient’s total medical condition that includes a description of the recipient’s metabolic or digestive disorder or pathology.

2. Documentation of the medical necessity for commercially prepared products. The information submitted must identify other methods attempted to support the recipient’s nutritional status and indicate that the recipient’s nutritional needs were not or could not be met by regular food in pureed form.

3. Documentation of the medical necessity for an enteral pump, if the request includes an enteral pump. The information submitted must identify the medical reasons for not using a gravity feeding set.

(2) Examples of conditions that will not justify approval of enteral nutrition therapy are: weight-loss diets, wired-shut jaws, diabetic diets, milk or food allergies (unless the recipient is under five years of age and coverage through the Women, Infant and Children’s program is not available), and the use of enteral products for convenience reasons when regular food in pureed form would meet the medical need of the recipient.

(3) Basis of payment for nutritional therapy supplies shall be the least expensive method of delivery that is reasonable and medically necessary based on the documentation submitted.

d. Rescinded IAB 5/11/05, effective 5/1/05.

e. Augmentative communication systems, which are provided to persons unable to communicate their basic needs through oral speech or manual sign language, require prior approval. Form 470-2145, Augmentative Communication System Selection, completed by a speech pathologist and a physician’s prescription for a particular device shall be submitted to request prior approval. (Cross-reference 78.10(3) “*c*”(1))

(1) Information requested on the prior authorization form includes a medical history, diagnosis, and prognosis completed by a physician. In addition, a speech or language pathologist needs to describe current functional abilities in the following areas: communication skills, motor status, sensory status, cognitive status, social and emotional status, and language status.

(2) Also needed from the speech or language pathologist is information on educational ability and needs, vocational potential, anticipated duration of need, prognosis regarding oral communication skills, prognosis with a particular device, and recommendations.

(3) The department’s consultants with an expertise in speech pathology will evaluate the prior approval requests and make recommendations to the department.

f. Preprocedure review by the Iowa Foundation for Medical Care (IFMC) will be required if payment under Medicaid is to be made for certain frequently performed surgical procedures which have a wide variation in the relative frequency the procedures are performed. Preprocedure surgical review applies to surgeries performed in hospitals (outpatient and inpatient) and ambulatory surgical centers. Approval by IFMC will be granted only if the procedures are determined to be necessary based on the condition of the patient and on the published criteria established by the department and the IFMC. If not so approved by the IFMC, payment will not be made under the program to the physician or to the facility in which the surgery is performed. The criteria are available from IFMC, 3737 Woodland Avenue, Suite 500, West Des Moines, Iowa 50265, or in local hospital utilization review offices.

The "Preprocedure Surgical Review List" shall be published by the department in the provider manuals for physicians, hospitals, and ambulatory surgical centers. (Cross-reference 78.1(19))

g. Prior authorization is required for enclosed beds. (Cross-reference 78.10(2)"c") The department shall approve payment for an enclosed bed when prescribed for a patient who meets all of the following conditions:

(1) The patient has a diagnosis-related cognitive or communication impairment that results in risk to safety.

(2) The patient's mobility puts the patient at risk for injury.

(3) The patient has suffered injuries when getting out of bed.

(4) The patient has had a successful trial with an enclosed bed.

h. Prior authorization is required for external insulin infusion pumps and is granted according to Medicare coverage criteria. (Cross-reference 78.10(2)"c")

i. Prior authorization is required for oral nutritional products. (Cross-reference 78.10(2)"c") The department shall approve payment for oral nutritional products when the member is not able to ingest or absorb sufficient nutrients from regular food due to a metabolic, digestive, or psychological disorder or pathology to the extent that supplementation is necessary to provide 51 percent or more of the daily caloric intake, or when the use of oral nutritional products is otherwise determined medically necessary in accordance with evidence-based guidelines for treatment of the member's condition.

(1) A request for prior approval shall include a written order or prescription from a physician, physician assistant, or advanced registered nurse practitioner and documentation to establish the medical necessity for oral nutritional products pursuant to these standards. The documentation shall include:

1. A statement of the member's total medical condition that includes a description of the member's metabolic, digestive, or psychological disorder or pathology.

2. Documentation of the medical necessity for commercially prepared products. The information submitted must identify other methods attempted to support the member's nutritional status and indicate that the member's nutritional needs were not or could not be met by regular food in pureed form.

3. Documentation to support the fact that regular foods will not provide sufficient nutritional value to the member, if the request includes oral supplementation of a regular diet.

(2) Examples of conditions that will not justify approval of oral nutritional products are: weight-loss diets, wired-shut jaws, diabetic diets, and milk or food allergies (unless the member is under five years of age and coverage through the Special Supplemental Nutrition Program for Women, Infants, and Children is not available).

j. Prior authorization is required for vest airway clearance systems. (Cross-reference 78.10(2)"c") The department shall approve payment for a vest airway clearance system when prescribed by a pulmonologist for a patient with a medical diagnosis related to a lung disorder if all of the following conditions are met:

(1) Pulmonary function tests for the 12 months before initiation of the vest demonstrate an overall significant decrease of lung function.

(2) The patient resides in an independent living situation or has a medical condition that precludes the caregiver from administering traditional chest physiotherapy.

(3) Treatment by flutter device failed or is contraindicated.

(4) Treatment by intrapulmonary percussive ventilation failed or is contraindicated.

(5) All other less costly alternatives have been tried.

78.28(2) Dental services. Dental services which require prior approval are as follows:

a. The following periodontal services:

(1) Payment for periodontal scaling and root planing will be approved when interproximal and subgingival calculus is evident in X-rays or when justified and documented that curettage, scaling or root planing is required in addition to routine prophylaxis. (Cross-reference 78.4(4)“*b*”)

(2) Payment for pedicle soft tissue graft and free soft tissue graft will be approved when the written narrative describes medical necessity. Payment for other periodontal surgical procedures will be approved after periodontal scaling and root planing has been provided, a reevaluation examination has been completed, and the patient has demonstrated reasonable oral hygiene, unless the patient is unable to demonstrate reasonable oral hygiene because of physical or mental disability or in cases which demonstrate gingival hyperplasia resulting from drug therapy. (Cross-reference 78.4(4)“*c*”)

(3) Payment for pedicle soft tissue graft and free soft tissue graft will be approved when the written narrative describes medical necessity. (Cross-reference 78.4(4)“*d*”)

(4) Payment for periodontal maintenance therapy may be approved after periodontal scaling and root planing or periodontal surgical procedures have been provided. Periodontal maintenance therapy may be approved once per three-month interval for moderate to advanced cases if the condition would deteriorate without treatment. (Cross-reference 78.4(4)“*e*”)

b. Surgical endodontic treatment which includes an apicoectomy, performed as a separate surgical procedure; an apicoectomy, performed in conjunction with endodontic procedure; an apical curettage; a root resection; or excision of hyperplastic tissue will be approved when nonsurgical treatment has been attempted and a reasonable time has elapsed after which failure has been demonstrated. Surgical endodontic procedures may be indicated when:

(1) Conventional root canal treatment cannot be successfully completed because canals cannot be negotiated, debrided or obturated due to calcifications, blockages, broken instruments, severe curvatures, and dilacerated roots.

(2) Correction of problems resulting from conventional treatment including gross underfilling, perforations, and canal blockages with restorative materials. (Cross-reference 78.4(5)“*c*”)

c. The following prosthetic services:

(1) A removable partial denture replacing posterior teeth will be approved when the recipient has fewer than eight posterior teeth in occlusion or the recipient has a full denture in one arch, and a partial denture replacing posterior teeth is required in the opposing arch to balance occlusion. When one removable partial denture brings eight posterior teeth in occlusion, no additional removable partial denture will be approved. A removable partial denture replacing posterior teeth is payable only once in a five-year period unless the removable partial denture is broken beyond repair, lost or stolen, or no longer fits due to growth or changes in jaw structure, and is required to prevent significant dental problems. Replacement of a removable partial denture replacing posterior teeth due to resorption in less than a five-year period is not payable. (Cross-reference 78.4(7)“*c*”)

(2) A fixed partial denture (including an acid etch fixed partial denture) replacing anterior teeth will be approved for recipients whose medical condition precludes the use of a removable partial denture. High noble or noble metals will be approved only when the recipient is allergic to all other restorative materials. A fixed partial denture replacing anterior teeth is payable only once in a five-year period unless the fixed partial denture is broken beyond repair. (Cross-reference 78.4(7)“*d*”)

(3) A fixed partial denture (including an acid etch fixed partial denture) replacing posterior teeth will be approved for recipients whose medical condition precludes the use of a removable partial denture and who have fewer than eight posterior teeth in occlusion or if the recipient has a full denture in one arch and a partial denture replacing posterior teeth is required in the opposing arch to balance occlusion. When one fixed partial denture brings eight posterior teeth in occlusion, no additional fixed partial denture will be approved. High noble or noble metals will be approved only when the recipient is allergic to all other restorative materials. A fixed partial denture replacing posterior teeth is payable only once in a five-year period unless the fixed partial denture is broken beyond repair. (Cross-reference 78.4(7)“*e*”)

(4) Dental implants and related services will be authorized when the member is missing significant oral structures due to cancer, traumatic injuries, or developmental defects such as cleft palate and cannot use a conventional denture.

d. Orthodontic services will be approved when it is determined that a patient has the most handicapping malocclusion. This determination is made in a manner consistent with the “Handicapping Malocclusion Assessment to Establish Treatment Priority,” by J. A. Salzman, D.D.S., American Journal of Orthodontics, October 1968.

(1) A handicapping malocclusion is a condition that constitutes a hazard to the maintenance of oral health and interferes with the well-being of the patient by causing impaired mastication, dysfunction of the temporomandibular articulation, susceptibility to periodontal disease, susceptibility to dental caries, and impaired speech due to malpositions of the teeth. Treatment of handicapping malocclusions will be approved only for the severe and the most handicapping. Assessment of the most handicapping malocclusion is determined by the magnitude of the following variables:

1. Degree of malalignment;
2. Missing teeth;
3. Angle classification;
4. Overjet and overbite;
5. Openbite; and
6. Crossbite.

(2) A request to perform an orthodontic procedure must be accompanied by an interpreted cephalometric radiograph and study models trimmed so that the models simulate centric occlusion of the patient. A written plan of treatment must accompany the diagnostic aids. Posttreatment records must be furnished upon request of the Iowa Medicaid enterprise medical services unit.

(3) Approval may be made for eight units of a three-month active treatment period. Additional units may be approved by the department’s orthodontic consultant if the additional units are found to be medically necessary. (Cross-reference 78.4(8) “a”)

e. More than two laboratory-fabricated crowns will be approved in a 12-month period for anterior teeth that cannot be restored with a composite or amalgam restoration and for posterior teeth that cannot be restored with a composite or amalgam restoration or stainless steel crown. (Cross-reference 78.4(3) “d”)

f. Endodontic retreatment of a tooth will be authorized when the conventional treatment has been completed, a reasonable time has elapsed, and failure has been demonstrated with a radiograph and narrative history.

78.28(3) Optometric services and ophthalmic materials which must be submitted for prior approval are as follows:

a. A second lens correction within a 24-month period for recipients eight years of age and older. Payment shall be made when the recipient’s vision has at least a five-tenths diopter of change in sphere or cylinder or ten-degree change in axis in either eye.

b. Visual therapy may be authorized when warranted by case history or diagnosis for a period of time not greater than 90 days. Should continued therapy be warranted, the prior approval process should be reaccomplished, accompanied by a report showing satisfactory progress. Approved diagnoses are convergence insufficiency and amblyopia. Visual therapy is not covered when provided by opticians.

c. Subnormal visual aids where near visual acuity is better than 20/100 at 16 inches, 2M print. Prior authorization is not required if near visual acuity as described above is less than 20/100. Subnormal aids include, but are not limited to, hand magnifiers, loupes, telescopic spectacles or reverse Galilean telescope systems.

For all of the above, the optometrist shall furnish sufficient information to clearly establish that these procedures are necessary in terms of the visual condition of the patient. (Cross-references 78.6(4), 441—78.7(249A), and 78.1(18))

78.28(4) Hearing aids that must be submitted for prior approval are:

a. Replacement of a hearing aid less than four years old (except when the recipient is under 21 years of age). The department shall approve payment when the original hearing aid is lost or broken

beyond repair or there is a significant change in the person's hearing that would require a different hearing aid. (Cross-reference 78.14(7) "d"(1))

b. A hearing aid costing more than \$650. The department shall approve payment for either of the following purposes (Cross-reference 78.14(7) "d"(2)):

(1) Educational purposes when the recipient is participating in primary or secondary education or in a postsecondary academic program leading to a degree and an in-office comparison of an analog aid and a digital aid matched (+/- 5dB) for gain and output shows a significant improvement in either speech recognition in quiet or speech recognition in noise or an in-office comparison of two aids, one of which is single channel, shows significantly improved audibility.

(2) Vocational purposes when documentation submitted indicates the necessity, such as varying amounts of background noise in the work environment and a need to converse in order to do the job and an in-office comparison of an analog aid and a digital aid matched (+/- 5dB) for gain and output shows a significant improvement in either speech recognition in quiet or speech recognition in noise or an in-office comparison of two aids, one of which is single channel, shows significantly improved audibility.

78.28(5) Hospital services which must be subject to prior approval, preprocedure review or preadmission review are:

a. Any medical or surgical procedure requiring prior approval as set forth in Chapter 78 is subject to the conditions for payment set forth although a request form does not need to be submitted by the hospital as long as the approval is obtained by the physician. (Cross-reference 441—78.1(249A))

b. All inpatient hospital admissions are subject to preadmission review. Payment for inpatient hospital admissions is approved when it meets the criteria for inpatient hospital care as determined by the IFMC or its delegated hospitals. Criteria are available from IFMC, 6000 Westown Parkway, Suite 350E, West Des Moines, Iowa 50265-7771, or in local hospital utilization review offices. (Cross-reference 441—78.3(249A))

c. Preprocedure review by the IFMC is required if hospitals are to be reimbursed for the inpatient and outpatient surgical procedures set forth in subrule 78.1(19). Approval by the IFMC will be granted only if the procedures are determined to be necessary based on the condition of the patient and the criteria established by the department and IFMC. The criteria are available from IFMC, 6000 Westown Parkway, Suite 350E, West Des Moines, Iowa 50265-7771, or in local hospital utilization review offices.

78.28(6) Ambulatory surgical centers are subject to prior approval and preprocedure review as follows:

a. Any medical or surgical procedure requiring prior approval as set forth in Chapter 78 is subject to the conditions for payment set forth although a request form does not need to be submitted by the ambulatory surgical center as long as the prior approval is obtained by the physician.

b. Preprocedure review by the IFMC is required if ambulatory surgical centers are to be reimbursed for surgical procedures as set forth in subrule 78.1(19). Approval by the IFMC will be granted only if the procedures are determined to be necessary based on the condition of the patient and criteria established by the IFMC and the department. The criteria are available from IFMC, 6000 Westown Parkway, Suite 350E, West Des Moines, Iowa 50265-7771, or in local hospital utilization review offices.

78.28(7) Rescinded IAB 6/4/08, effective 5/15/08.

78.28(8) Rescinded IAB 1/3/96, effective 3/1/96.

78.28(9) Private duty nursing or personal care services provided by a home health agency provider for persons aged 20 or under require prior approval and shall be approved if determined to be medically necessary. Payment shall be made on an hourly unit of service.

a. Definitions.

(1) Private duty nursing services are those services which are provided by a registered nurse or a licensed practical nurse under the direction of the recipient's physician to a recipient in the recipient's place of residence or outside the recipient's residence, when normal life activities take the recipient outside the place of residence. Place of residence does not include nursing facilities, intermediate care facilities for the mentally retarded, or hospitals.

Services shall be provided according to a written plan of care authorized by a licensed physician. The home health agency is encouraged to collaborate with the recipient, or in the case of a child with the child's caregiver, in the development and implementation of the plan of treatment. These services shall exceed intermittent guidelines as defined in subrule 78.9(3). Private duty nursing and personal care services shall be inclusive of all home health agency services personally provided to the recipient.

Private duty nursing services do not include:

1. Respite care, which is a temporary intermission or period of rest for the caregiver.
2. Nurse supervision services including chart review, case discussion or scheduling by a registered nurse.
3. Services provided to other members of the recipient's household.
4. Services requiring prior authorization that are provided without regard to the prior authorization process.

(2) Personal care services are those services provided by a home health aide or certified nurse's aide and which are delegated and supervised by a registered nurse under the direction of the recipient's physician to a recipient in the recipient's place of residence or outside the recipient's residence, when normal life activities take the recipient outside the place of residence. Place of residence does not include nursing facilities, intermediate care facilities for the mentally retarded, or hospitals. Payment for personal care services for persons aged 20 and under that exceed intermittent guidelines may be approved if determined to be medically necessary as defined in subrule 78.9(7). These services shall be in accordance with the recipient's plan of care and authorized by a physician. The home health agency is encouraged to collaborate with the recipient, or in the case of a child with the child's caregiver, in the development and implementation of the plan of treatment.

Medical necessity means the service is reasonably calculated to prevent, diagnose, correct, cure, alleviate or prevent the worsening of conditions that endanger life, cause pain, result in illness or infirmity, threaten to cause or aggravate a disability or chronic illness, and no other equally effective course of treatment is available or suitable for the recipient requesting a service.

b. Requirements.

(1) Private duty nursing or personal care services shall be ordered in writing by a physician as evidenced by the physician's signature on the plan of care.

(2) Private duty nursing or personal care services shall be authorized by the department or the department's designated review agent prior to payment.

(3) Prior authorization shall be requested at the time of initial submission of the plan of care or at any time the plan of care is substantially amended and shall be renewed with the department or the department's designated review agent. Initial request for and request for renewal of prior authorization shall be submitted to the department's designated review agent. The provider of the service is responsible for requesting prior authorization and for obtaining renewal of prior authorization.

The request for prior authorization shall include a nursing assessment, the plan of care, and supporting documentation. The request for prior authorization shall include all items previously identified as required treatment plan information and shall further include: any planned surgical interventions and projected time frame; information regarding caregiver's desire to become involved in the recipient's care, to adhere to program objectives, to work toward treatment plan goals, and to work toward maximum independence; and identify the types and service delivery levels of all other services to the recipient whether or not the services are reimbursable by Medicaid. Providers shall indicate the expected number of private duty nursing RN hours, private duty nursing LPN hours, or home health aide hours per day, the number of days per week, and the number of weeks or months of service per discipline. If the recipient is currently hospitalized, the projected date of discharge shall be included.

Prior authorization approvals shall not be granted for treatment plans that exceed 16 hours of home health agency services per day. (Cross-reference 78.9(10))

78.28(10) Replacement of vibrotactile aids less than four years old shall be approved when the original aid is broken beyond repair or lost. (Cross-reference 78.10(3) "b")

This rule is intended to implement Iowa Code section 249A.4.

441—78.29(249A) Nurse-midwives. Rescinded IAB 10/15/03, effective 12/1/03.

441—78.30(249A) Birth centers. Payment will be made for prenatal, delivery, and postnatal services. Risk assessments, using Form 470-2942, Medicaid Prenatal Risk Assessment, shall be completed twice during a Medicaid recipient's pregnancy. If the risk assessment reflects a high-risk pregnancy, referral shall be made for enhanced services. (See description of enhanced services at subrule 78.25(3).)

Birth centers which wish to administer vaccines which are available through the vaccines for children program to Medicaid eligibles shall enroll in the vaccines for children program. In lieu of payment, vaccines available through the vaccines for children program shall be accessed from the department of public health for Medicaid eligibles. Birth centers shall receive reimbursement for the administration of vaccines to Medicaid recipients.

This rule is intended to implement Iowa Code section 249A.4.

441—78.31(249A) Hospital outpatient services.

78.31(1) Covered hospital outpatient services. Payment will be approved only for the following outpatient hospital services and medical services when provided on the licensed premises of the hospital or pursuant to subrule 78.31(5). Hospitals with alternate sites approved by the department of inspections and appeals are acceptable sites. All outpatient services listed in paragraphs "g" to "m" are subject to a random sample retrospective review for medical necessity by the Iowa Foundation for Medical Care. All services may also be subject to a more intensive retrospective review if abuse is suspected. Services in paragraphs "a" to "f" shall be provided in hospitals on an outpatient basis and are subject to no further limitations except medical necessity of the service.

Services listed in paragraphs "g" to "m" shall be provided by hospitals on an outpatient basis and must be certified by the department before payment may be made. Other limitations apply to these services.

- a. Emergency service.
- b. Outpatient surgery.
- c. Laboratory, X-ray and other diagnostic services.
- d. General or family medicine.
- e. Follow-up or after-care specialty clinics.
- f. Physical medicine and rehabilitation.
- g. Alcoholism and substance abuse.
- h. Eating disorders.
- i. Cardiac rehabilitation.
- j. Mental health.
- k. Pain management.
- l. Diabetic education.
- m. Pulmonary rehabilitation.
- n. Nutritional counseling for persons aged 20 and under.

78.31(2) Requirements for all outpatient services.

a. Need for service. It must be clearly established that the service meets a documented need in the area served by the hospital. There must be documentation of studies completed, consultations with other health care facilities and health care professionals in the area, community leaders, and organizations to determine the need for the service and to tailor the service to meet that particular need.

b. Professional direction. All outpatient services must be provided by or at the direction and under the supervision of a medical doctor or osteopathic physician except for mental health services which may be provided by or at the direction and under the supervision of a medical doctor, osteopathic physician, or certified health service provider in psychology.

c. Goals and objectives. The goals and objectives of the program must be clearly stated. Paragraphs "d" and "f" and the organization and administration of the program must clearly contribute to the fulfillment of the stated goals and objectives.

d. Treatment modalities used. The service must employ multiple treatment modalities and professional disciplines. The modalities and disciplines employed must be clearly related to the condition or disease being treated.

e. Criteria for selection and continuing treatment of patients. The condition or disease which is proposed to be treated must be clearly stated. Any indications for treatment or contraindications for treatment must be set forth together with criteria for determining the continued medical necessity of treatment.

f. Length of program. There must be established parameters that limit the program either in terms of its overall length or in terms of number of visits, etc.

g. Monitoring of services. The services provided by the program must be monitored and evaluated to determine the degree to which patients are receiving accurate assessments and effective treatment.

The monitoring of the services must be an ongoing plan and systematic process to identify problems in patient care or opportunities to improve patient care.

The monitoring and evaluation of the services are based on the use of clinical indicators that reflect those components of patient care important to quality.

h. Hospital outpatient programs that wish to administer vaccines which are available through the vaccines for children program to Medicaid members shall enroll in the vaccines for children program. In lieu of payment, vaccines available through the vaccines for children program shall be accessed from the department of public health for Medicaid members. Hospital outpatient programs receive payment via the APC reimbursement for the administration of vaccines to Medicaid members.

78.31(3) *Application for certification.* Hospital outpatient programs listed in subrule 78.31(1), paragraphs “g” to “m,” must submit an application to the Iowa Medicaid enterprise provider services unit for certification before payment will be made. The provider services unit will review the application against the requirements for the specific type of outpatient service and notify the provider whether certification has been approved.

Applications will consist of a narrative providing the following information:

a. Documented need for the program including studies, needs assessments, and consultations with other health care professionals.

b. Goals and objectives of the program.

c. Organization and staffing including how the program fits with the rest of the hospital, the number of staff, staff credentials, and the staff’s relationship to the program, e.g., hospital employee, contractual consultant.

d. Policies and procedures including admission criteria, patient assessment, treatment plan, discharge plan and postdischarge services, and the scope of services provided, including treatment modalities.

e. Any accreditations or other types of approvals from national or state organizations.

f. The physical facility and any equipment to be utilized, and whether the facility is part of the hospital license.

78.31(4) *Requirements for specific types of service.*

a. Alcoholism and substance abuse.

(1) Approval by joint commission or substance abuse commission. In addition to certification by the department, alcoholism and substance abuse programs must also be approved by either the joint commission on the accreditation of hospitals or the Iowa substance abuse commission.

(2) General characteristics. The services must be designed to identify and respond to the biological, psychological and social antecedents, influences and consequences associated with the recipient’s dependence.

These needed services must be provided either directly by the facility or through referral, consultation or contractual arrangements or agreements.

Special treatment needs of recipients by reason of age, gender, sexual orientation, or ethnic origin are evaluated and services for children and adolescents (as well as adults, if applicable) address the special needs of these age groups, including but not limited to, learning problems in education, family involvement, developmental status, nutrition, and recreational and leisure activities.

(3) Diagnostic and treatment staff. Each person who provides diagnostic or treatment services shall be determined to be competent to provide the services by reason of education, training, and experience.

Professional disciplines which must be represented on the diagnostic and treatment staff, either through employment by the facility (full-time or part-time), contract or referral, are a physician (M.D. or D.O.), a licensed psychologist and a substance abuse counselor certified by the Iowa board of substance abuse certification. Psychiatric consultation must be available and the number of staff should be appropriate to the patient load of the facility.

(4) Initial assessment. A comprehensive assessment of the biological, psychological, social, and spiritual orientation of the patient must be conducted which shall include:

A history of the use of alcohol and other drugs including age of onset, duration, patterns, and consequences of use; use of alcohol and drugs by family members and types of and responses to previous treatment.

A comprehensive medical history and physical examination including the history of physical problems associated with dependence.

Appropriate laboratory screening tests based on findings of the history and physical examination and tests for communicable diseases when indicated.

Any history of physical abuse.

A systematic mental status examination with special emphasis on immediate recall and recent and remote memory.

A determination of current and past psychiatric and psychological abnormality.

A determination of any degree of danger to self or others.

The family's history of alcoholism and other drug dependencies.

The patient's educational level, vocational status, and job performance history.

The patient's social support networks, including family and peer relationships.

The patient's perception of the patient's strengths, problem areas, and dependencies.

The patient's leisure, recreational, or vocational interests and hobbies.

The patient's ability to participate with peers and in programs and social activities.

Interview of family members and significant others as available with the patient's written or verbal permission.

Legal problems, if applicable.

(5) Admission criteria. Both of the first two criteria and one additional criterion from the following list must be present for a patient to be accepted for treatment.

Alcohol or drugs taken in greater amounts over a longer period than the person intended.

Two or more unsuccessful efforts to cut down or control use of alcohol or drugs.

Continued alcohol or drug use despite knowledge of having a persistent or recurrent family, social, occupational, psychological, or physical problem that is caused or exacerbated by the use of alcohol or drugs.

Marked tolerance: the need for markedly increased amounts of alcohol or drugs (i.e., at least a 50 percent increase) in order to achieve intoxication or desired effect or markedly diminished effect with continued use of same amount.

Characteristic withdrawal symptoms.

Alcohol or drugs taken often to relieve or avoid withdrawal symptoms.

(6) Plan of treatment. For each patient there is a written comprehensive and individualized description of treatment to be undertaken. The treatment plan is based on the problems and needs identified in the assessment and specifies the regular times at which the plan will be reassessed.

The patient's perception of needs and, when appropriate and available, the family's perception of the patient's needs shall be documented.

The patient's participation in the development of the treatment plan is sought and documented.

Each patient is reassessed to determine current clinical problems, needs, and responses to treatment. Changes in treatment are documented.

(7) Discharge plan. For each patient before discharge, a plan for discharge is designed to provide appropriate continuity of care which meets the following requirements:

The plan for continuing care must describe and facilitate the transfer of the patient and the responsibility for the patient's continuing care to another phase or modality of the program, other programs, agencies, persons or to the patient and the patient's personal support system.

The plan is in accordance with the patient's reassessed needs at the time of transfer.

The plan is developed in collaboration with the patient and, as appropriate and available, with the patient's written verbal permission with family members.

The plan is implemented in a manner acceptable to the patient and the need for confidentiality.

Implementation of the plan includes timely and direct communication with and transfer of information to the other programs, agencies, or persons who will be providing continuing care.

(8) Restrictions and limitations on payment. Medicaid will reimburse for a maximum of 28 treatment days. Payment beyond 28 days is made when documentation indicates that the patient has not reached an exit level.

If an individual has completed all or part of the basic 28-day program, a repeat of the program will be reimbursed with justification. The program will include an aftercare component meeting weekly for at least one year without charge.

b. Eating disorders.

(1) General characteristics. Eating disorders are characterized by gross disturbances in eating behavior. Eating disorders include anorexia nervosa, bulimia, or bulimarexia. Compulsive overeaters are not acceptable for this program.

(2) Diagnostic and treatment staff. Each person who provides diagnostic or treatment services shall be determined to be competent to provide the services by reason of education, training, and experience.

Professional disciplines which must be represented on the diagnostic and treatment staff, either through employment by a facility (full-time or part-time), contract or referral, are a physician (M.D. or D.O.), a licensed psychologist, a counselor with a master's or bachelor's degree and experience, a dietitian with a bachelor's degree and registered dietitian's certificate, and a licensed occupational therapist. The number of staff should be appropriate to the patient load of the facility.

(3) Initial assessment. A comprehensive assessment of the biological, psychological, social, and family orientation of the patient must be conducted. The assessment must include a weight history and a history of the patient's eating and dieting behavior, including binge eating, onset, patterns, and consequences. The assessment shall include the following:

A family history as well as self-assessment regarding chronic dieting, obesity, anorexia, bulimia, drug abuse, alcohol problems, depression, hospitalization for psychiatric reasons, and threatened or attempted suicide.

A history of purging behavior including frequency and history of vomiting, use of laxatives, history and frequency of use of diuretics, history and frequency of use of diet pills, ipecac, or any other weight control measures, and frequency of eating normal meals without vomiting.

A history of exercise behavior, including type, frequency, and duration.

A complete history of current alcohol and other drug use.

Any suicidal thoughts or attempts.

Sexual history, including sexual preference and activity. Sexual interest currently as compared to prior to the eating disorder is needed.

History of experiencing physical or sexual (incest or rape) abuse.

History of other counseling experiences.

Appropriate psychological assessment, including psychological orientation to the above questions.

A medical history, including a physical examination, covering the information listed in subparagraph (4) below.

Appropriate laboratory screening tests based on findings of the history and physical examination and tests for communicable diseases when indicated.

The patient's social support networks, including family and peer relationships.

The patient's educational level, vocational status, and job or school performance history, as appropriate.

The patient's leisure, recreational, or vocational interests and hobbies.

The patient's ability to participate with peers and programs and social activities.

Interview of family members and significant others as available with the patient's written or verbal permission as appropriate.

Legal problems, if applicable.

(4) Admission criteria. In order to be accepted for treatment, the patient shall meet the diagnostic criteria for anorexia nervosa or bulimia as established by the DSM III R (Diagnostic and Statistical Manual, Third Edition, Revised).

In addition to the diagnostic criteria, the need for treatment will be determined by a demonstrable loss of control of eating behaviors and the failure of the patient in recent attempts at voluntary self-control of the problem. Demonstrable impairment, dysfunction, disruption or harm of physical health, emotional health (e.g., significant depression withdrawal, isolation, suicidal ideas), vocational or educational functioning, or interpersonal functioning (e.g., loss of relationships, legal difficulties) shall have occurred.

The need for treatment may be further substantiated by substance abuse, out-of-control spending, incidence of stealing to support habit, or compulsive gambling.

The symptoms shall have been present for at least six months and three of the following criteria must be present:

Medical criteria including endocrine and metabolic factors (e.g., amenorrhea, menstrual irregularities, decreased reflexes, cold intolerance, hypercarotenemia, parotid gland enlargement, lower respiration rate, hair loss, abnormal cholesterol or triglyceride levels).

Other cardiovascular factors including hypotension, hypertension, arrhythmia, ipecac poisoning, fainting, or bradycardia.

Renal considerations including diuretic abuse, dehydration, elevated BUN, renal calculi, edema, or hypokalemia.

Gastrointestinal factors including sore throats, mallery-weiss tears, decreased gastric emptying, constipation, abnormal liver enzymes, rectal bleeding, laxative abuse, or esophagitis.

Hematologic considerations including anemia, leukopenia, or thrombocytopenia.

Ear, nose, and throat factors including headaches or dizziness.

Skin considerations including lanugo or dry skin.

Aspiration pneumonia, a pulmonary factor.

The presence of severe symptoms and complications as evaluated and documented by the medical director may require a period of hospitalization to establish physical or emotional stability.

(5) Plan of treatment. For each patient there is a written comprehensive and individualized description of treatment to be undertaken. The treatment plan is based on problems and needs identified in the assessment and specifies the regular times at which the plan will be reassessed.

The patient's perceptions of needs and, when appropriate and available, the family's perceptions of the patient's needs shall be documented.

The patient's participation in the development of the treatment plans is sought and documented.

Each patient is reassessed to determine current clinical problems, needs, and responses to treatment. Changes in treatment are documented.

(6) Discharge plan. Plans for discharge shall meet the requirements for discharge plans for alcohol and substance abuse patients in subrule 78.31(3), paragraph "a," subparagraph (6).

(7) Restriction and limitations on payment. Medicaid will pay for a maximum of 30 days of a structured outpatient treatment program. Payment beyond 30 days is made when documentation indicates that the patient has not reached an exit level.

Eating disorder programs will include an aftercare component meeting weekly for at least one year without charge.

Family counseling groups held in conjunction with the eating disorders program will be part of the overall treatment charge.

c. Cardiac rehabilitation.

(1) General characteristics. Cardiac rehabilitation programs shall provide a supportive educational environment in which to facilitate behavior change with respect to the accepted cardiac risk factors,

initiate prescribed exercise as a mode of facilitating the return of the patient to everyday activities by improving cardiovascular functional capacity and work performance, and promote a long-term commitment to lifestyle changes that could positively affect the course of the cardiovascular disease process.

(2) Treatment staff. Professional disciplines who must be represented on the treatment staff, either by employment by the facility (full-time or part-time), contract or referral, are as follows:

At least one physician responsible for responding to emergencies must be physically present in the hospital when patients are receiving cardiac rehabilitation services. The physician must be trained and certified at least to the level of basic life support.

A medical consultant shall oversee the policies and procedures of the outpatient cardiac rehabilitation area. The director shall meet with the cardiac rehabilitation staff on a regular basis to review exercise prescriptions and any concerns of the team.

A cardiac rehabilitation nurse shall carry out the exercise prescription after assessment of the patient. The nurse shall be able to interpret cardiac dysrhythmia and be able to initiate emergency action if necessary. The nurse shall assess and implement a plan of care for cardiac risk factor modification. The nurse shall have at least one year of experience in a coronary care unit.

A physical therapist shall offer expertise in unusual exercise prescriptions where a patient has an unusual exercise problem.

A dietitian shall assess the dietary needs of persons and appropriately instruct them on their prescribed diets.

A social worker shall provide counseling as appropriate and facilitate a spouse support group. A licensed occupational therapist shall be available as necessary.

(3) Admission criteria. Candidates for the program must be referred by the attending physician. The following conditions are eligible for the program:

Postmyocardial infarction (within three months postdischarge).

Postcardiac surgery (within three months postdischarge).

Poststreptokinase.

Postpercutaneous transluminal angioplasty (within three months postdischarge).

Patient with severe angina being treated medically because of client or doctor preference or inoperable cardiac disease.

(4) Physical environment and equipment. A cardiac rehabilitation unit must be an autonomous physical unit specifically equipped with the necessary telemetry monitoring equipment, exercise equipment, and appropriate equipment and supplies for cardiopulmonary resuscitation (CPR). The exercise equipment must have the capacity to measure the intensity, speed, and length of the exercises. The equipment must be periodically inspected and maintained in accordance with the hospital's preventive maintenance program.

(5) Medical records. Medical records for each cardiac rehabilitation patient shall consist of at least the following:

Referral form.

Physician's orders.

Laboratory reports.

Electrocardiogram reports.

History and physical examination.

Angiogram report, if applicable.

Operative report, if applicable.

Preadmission interview.

Exercise prescription.

Rehabilitation plan, including participant's goals.

Documentation for exercise sessions and progress notes.

Nurse's progress reports.

Discharge instructions.

(6) Discharge plan. The patient will be discharged from the program when the physician, staff, and patient agree that the work level is functional for them and little benefit could be derived from further continuation of the program, dysrhythmia disturbances are resolved, and appropriate cardiovascular response to exercise is accomplished.

(7) Monitoring of services. The program should be monitored by the hospital on a periodic basis using measuring criteria for evaluating cardiac rehabilitation services provided.

(8) Restrictions and limitations. Payment will be made for a maximum of three visits per week for a period of 12 weeks. Payment beyond 12 weeks is made when documentation indicates that the patient has not reached an exit level.

d. Mental health.

(1) General characteristics. To be covered, mental health services must be prescribed by a physician or certified health service provider in psychology, provided under an individualized treatment plan and reasonable and necessary for the diagnosis or treatment of the patient's condition. This means the services must be for the purpose of diagnostic study or the services must reasonably be expected to improve the patient's condition.

(2) Individualized treatment plan. The individualized written plan of treatment shall be established by a physician or certified health service provider in psychology after any needed consultation with appropriate staff members. The plan must state the type, amount, frequency and duration of the services to be furnished and indicate the diagnoses and anticipated goals. (A plan is not required if only a few brief services will be furnished.)

(3) Supervision and evaluation. Services must be supervised and periodically evaluated by a physician, certified health service provider in psychology, or both within the scopes of their respective practices if clinically indicated to determine the extent to which treatment goals are being realized. The evaluation must be based on periodic consultation and conference with therapists and staff. The physician or certified health service provider in psychology must also provide supervision and direction to any therapist involved in the patient's treatment and see the patient periodically to evaluate the course of treatment and to determine the extent to which treatment goals are being realized and whether changes in direction or services are required.

(4) Reasonable expectation of improvement. Services must be for the purpose of diagnostic study or reasonably be expected to improve the patient's condition. The treatment must at a minimum be designed to reduce or control the patient's psychiatric or psychological symptoms so as to prevent relapse or hospitalization and improve or maintain the patient's level of functioning.

It is not necessary that a course of therapy have as its goal restoration of the patient to the level of functioning exhibited prior to the onset of the illness although this may be appropriate for some patients. For many other patients, particularly those with long-term chronic conditions, control of symptoms and maintenance of a functional level to avoid further deterioration or hospitalization is an acceptable expectation of improvement. "Improvement" in this context is measured by comparing the effect of continuing versus discontinuing treatment. Where there is a reasonable expectation that if treatment services were withdrawn, the patient's condition would deteriorate, relapse further, or require hospitalization, this criterion would be met.

(5) Diagnostic and treatment staff. Each person who provides diagnostic or treatment services shall be determined to be competent to provide the services by reason of education, training, and experience. The number of the above staff employed by the facility must be appropriate to the facility's patient load. The staff may be employees of the hospital, on contract, or the service may be provided through referral.

The diagnostic and treatment staff shall consist of a physician, a psychologist, social workers or counselors meeting the requirements for "mental health professionals" as set forth in rule 441—33.1(225C,230A).

(6) Initial assessment. A comprehensive assessment of the biological, psychological, social, and spiritual orientation of the patient must be conducted, which shall include:

A history of the mental health problem, including age of onset, duration, patterns of symptoms, consequences of symptoms, and responses to previous treatment.

A comprehensive clinical history, including the history of physical problems associated with the mental health problem. Appropriate referral for physical examination for determination of any communicable diseases.

Any history of physical abuse.

A systematic mental health examination, with special emphasis on any change in cognitive, social or emotional functioning.

A determination of current and past psychiatric and psychological abnormality.

A determination of any degree of danger to self or others.

The family's history of mental health problems.

The patient's educational level, vocational status, and job performance history.

The patient's social support network, including family and peer relationship.

The patient's perception of the patient's strengths, problem areas, and dependencies.

The patient's leisure, recreational or vocational interests and hobbies.

The patient's ability to participate with peers in programs and social activities.

Interview of family members and significant others, as available, with the patient's written or verbal permission.

Legal problems if applicable.

(7) Covered services. Services covered for the treatment of psychiatric conditions are:

1. Individual and group therapy with physicians, psychologists, social workers, counselors, or psychiatric nurses.

2. Occupational therapy services if the services require the skills of a qualified occupational therapist and must be performed by or under the supervision of a licensed occupational therapist or by an occupational therapy assistant.

3. Drugs and biologicals furnished to outpatients for therapeutic purposes only if they are of the type which cannot be self-administered and are not "covered Part D drugs" as defined by 42 U.S.C. Section 1395w-102(e)(1)-(2) for a "Part D eligible individual" as defined in 42 U.S.C. Section 1395w-101(a)(3)(A), including an individual who is not enrolled in a Part D plan.

4. Activity therapies which are individualized and essential for the treatment of the patient's condition. The treatment plan must clearly justify the need for each particular therapy utilized and explain how it fits into the patient's treatment.

5. Family counseling services are covered only if the primary purpose of the counseling is the treatment of the patient's condition.

6. Partial hospitalization and day treatment services to reduce or control a person's psychiatric or psychological symptoms so as to prevent relapse or hospitalization, improve or maintain the person's level of functioning and minimize regression. These services include all psychiatric services needed by the patient during the day.

Partial hospitalization services means an active treatment program that provides intensive and structured support that assists persons during periods of acute psychiatric or psychological distress or during transition periods, generally following acute inpatient hospitalization episodes.

Service components may include individual and group therapy, reality orientation, stress management and medication management.

Services are provided for a period for four to eight hours per day.

Day treatment services means structured, long-term services designed to assist in restoring, maintaining or increasing levels of functioning, minimizing regression and preventing hospitalization.

Service components include training in independent functioning skills necessary for self-care, emotional stability and psychosocial interactions, and training in medication management.

Services are structured with an emphasis on program variation according to individual need.

Services are provided for a period of three to five hours per day, three or four times per week.

7. Partial hospitalization and day treatment for persons aged 20 or under. Payment to a hospital will be approved for day treatment services for persons aged 20 or under if the hospital is certified by the department for hospital outpatient mental health services. All conditions for the day treatment program for persons aged 20 or under as outlined in subrule 78.16(7) for community mental health centers shall

apply to hospitals. All conditions of the day treatment program for persons aged 20 or under as outlined in subrule 78.16(7) for community mental health centers shall be applicable for the partial hospitalization program for persons aged 20 or under with the exception that the maximum hours shall be 25 hours per week.

(8) Restrictions and limitations on coverage. The following are generally not covered except as indicated:

Activity therapies, group activities, or other services and programs which are primarily recreational or diversional in nature. Outpatient psychiatric day treatment programs that consist entirely of activity therapies are not covered.

Geriatric day-care programs, which provide social and recreational activities to older persons who need some supervision during the day while other family members are away from home. These programs are not covered because they are not considered reasonable and necessary for a diagnosed psychiatric disorder.

Vocational training. While occupational therapy may include vocational and prevocational assessment of training, when the services are related solely to specific employment opportunities, work skills, or work setting, they are not covered.

(9) Frequency and duration of services. There are no specific limits on the length of time that services may be covered. There are many factors that affect the outcome of treatment. Among them are the nature of the illness, prior history, the goals of treatment, and the patient's response. As long as the evidence shows that the patient continues to show improvement in accordance with the individualized treatment plan and the frequency of services is within acceptable norms of medical practice, coverage will be continued.

(10) Documentation requirements. The provider shall develop and maintain sufficient written documentation to support each medical or remedial therapy, service, activity, or session for which billing is made. All outpatient mental health services shall include:

1. The specific services rendered.
2. The date and actual time the services were rendered.
3. Who rendered the services.
4. The setting in which the services were rendered.
5. The amount of time it took to deliver the services.
6. The relationship of the services to the treatment regimen described in the plan of care.
7. Updates describing the patient's progress.

For services that are not specifically included in the patient's treatment plan, a detailed explanation of how the services being billed relate to the treatment regimen and objectives contained in the patient's plan of care and the reason for the departure from the plan shall be given.

e. Pain management.

(1) Approval by commission on accreditation of rehabilitation facilities. In addition to certification by the department, pain management programs must also be approved by the commission on accreditation of rehabilitation facilities (CARF).

(2) General characteristics. A chronic pain management program shall provide coordinated, goal-oriented, interdisciplinary team services to reduce pain, improve quality of life, and decrease dependence on the health care system for persons with pain which interferes with physical, psychosocial, and vocational functioning.

(3) Treatment staff. Each person who provides treatment services shall be determined to be competent to provide the services by reason of education, training, and experience. Professional disciplines which must be represented on the treatment staff, either through employment by the facility (full-time or part-time), contract or referral, are a physician (M.D. or D.O.), a registered nurse, a licensed physical therapist and a licensed clinical psychologist or psychiatrist. The number of staff should be appropriate to the patient load of the facility.

(4) Admission criteria. Candidates for the program shall meet the following guidelines:

The person must have had adequate medical evaluation and treatment in the months preceding admission to the program including an orthopedic or neurological consultation if the problem is back pain or a neurological evaluation if the underlying problem is headaches.

The person must be free of any underlying psychosis or severe neurosis.

The person cannot be toxic on any addictive drugs.

The person must be capable of self-care; including being able to get to meals and to perform activities of daily living.

(5) Plan of treatment. For each patient there is a written comprehensive and individualized description of treatment to be undertaken. The treatment plan is based on the problems and needs identified in the assessment and specifies the times at which the plan will be reassessed.

The patient's perception of needs and, when appropriate and available, the family's perception of the patient's needs shall be documented.

The patient's participation in the development of the treatment plan is sought and documented.

Each patient is reassessed to determine current clinical problems, needs, and responses to treatment. Changes in treatment are documented.

(6) Discharge plan. For each patient before discharge, a plan for discharge is designed to provide appropriate continuity of care which meets the following requirements:

The plan for continuing care must describe and facilitate the transfer of the patient and the responsibility for the patient's continuing care to another phase or modality of the program, other programs, agencies, persons or to the patient and the patient's personal support system.

The plan is in accordance with the patient's reassessed needs at the time of transfer.

The plan is developed in collaboration with the patient and, as appropriate and available, with the patient's written verbal permission with the family members.

The plan is implemented in a manner acceptable to the patient and the need for confidentiality.

Implementation of the plan includes timely and direct communication with and transfer of information to the other programs, agencies, or persons who will be providing continuing care.

(7) Restrictions and limitations on payment. Medicaid will pay for a maximum of three weeks of a structured outpatient treatment program. When documentation indicates that the patient has not reached an exit level, coverage may be extended an extra week.

A repeat of the entire program for any patient will be covered only if a different disease process is causing the pain or a significant change in life situation can be demonstrated.

f. Diabetic education.

(1) Certification by department of public health. In addition to certification by the department for Medicaid, diabetic education programs must also be certified by the department of public health. (See department of public health rules 641—Chapter 9.)

(2) General characteristics. An outpatient diabetes self-management education program shall provide instruction which will enable people with diabetes and their families to understand the diabetes disease process and the daily management of diabetes. People with diabetes must learn to balance their special diet and exercise requirements with drug therapy (insulin or oral agents). They must learn self-care techniques such as monitoring their own blood glucose. And often, they must learn to self-treat insulin reactions, protect feet that are numb and have seriously compromised circulation, and accommodate their regimen to changes in blood glucose because of stress or infections.

(3) Program staff. Each person who provides services shall be determined to be competent to provide the services by reason of education, training and experience. Professional disciplines which must be represented on the staff, either through employment by the facility (full-time or part-time), contract or referral, are a physician (M.D. or D.O.), a registered nurse, a registered dietitian and a licensed pharmacist. The number of staff should be appropriate to the patient load of the facility.

(4) Admission criteria. Candidates for the program shall meet the following guidelines:

The person must have Type I or Type II diabetes.

The person must be referred by the attending physician.

The person shall demonstrate an ability to follow through with self-management.

(5) Health assessment. An individualized and documented assessment of needs shall be developed with the patient's participation. Follow-up assessments, planning and identification of problems shall be provided.

(6) Restrictions and limitations on payment. Medicaid will pay for a diabetic self-management education program. Diabetic education programs will include follow-up assessments at 3 and 12 months without charge. A complete diabetic education program is payable once in the lifetime of a recipient.

g. Pulmonary rehabilitation.

(1) General characteristics. Pulmonary rehabilitation is an individually tailored, multidisciplinary program through which accurate diagnosis, therapy, emotional support, and education stabilizes or reverses both the physio- and psychopathology of pulmonary diseases and attempts to return the patient to the highest possible functional capacity allowed by the pulmonary handicap and overall life situation.

(2) Diagnostic and treatment staff. Each person who provides diagnostic or treatment services shall be determined to be competent to provide the services by reason of education, training, and experience.

Professional disciplines which must be represented by the diagnostic and treatment staff, either through employment by the facility (full-time or part-time), contract, or referral, are a physician (doctor of medicine or osteopathy), a respiratory therapist, a licensed physical therapist, and a registered nurse.

(3) Initial assessment. A comprehensive assessment must occur initially, including:

A diagnostic workup which entails proper identification of the patient's specific respiratory ailment, appropriate pulmonary function studies, a chest radiograph, an electrocardiogram and, when indicated, arterial blood gas measurements at rest and during exercise, sputum analysis and blood theophylline measurements.

Behavioral considerations include emotional screening assessments and treatment or counseling when required, estimating the patient's learning skills and adjusting the program to the patient's ability, assessing family and social support, potential employment skills, employment opportunities, and community resources.

(4) Admission criteria. Criteria include a patient's being diagnosed and symptomatic of chronic obstructive pulmonary disease (COPD), having cardiac stability, social, family, and financial resources, ability to tolerate periods of sitting time; and being a nonsmoker for six months, or if a smoker, willingness to quit and a physician's order to participate anyway.

Factors which would make a person ineligible include acute or chronic illness that may interfere with rehabilitation, any illness or disease state that affects comprehension or retention of information, a strong history of medical noncompliance, unstable cardiac or cardiovascular problems, and orthopedic difficulties that would prohibit exercise.

(5) Plan of treatment. Individualized long- and short-term goals will be developed for each patient. The treatment goals will be based on the problems and needs identified in the assessment and specify the regular times at which the plan will be reassessed.

The patients and their families need to help determine and fully understand the goals, so that they realistically approach the treatment phase.

Patients are reassessed to determine current clinical problems, needs, and responses to treatment. Changes in treatment are documented.

Components of pulmonary rehabilitation to be included are physical therapy and relaxation techniques, exercise conditioning or physical conditioning for those with exercise limitations, respiratory therapy, education, an emphasis on the importance of smoking cessation, and nutritional information.

(6) Discharge plan. Ongoing care will generally be the responsibility of the primary care physician. Periodic reassessment will be conducted to evaluate progress and allow for educational reinforcement.

(7) Restrictions and limitations on payment. Medicaid will pay for a maximum of 25 treatment days. Payment beyond 25 days is made when documentation indicates that the patient has not reached an exit level.

h. Nutritional counseling. Payment will be made for persons aged 20 and under for nutritional counseling provided by a licensed dietitian employed by or under contract with a hospital for a nutritional problem or condition of a degree of severity that nutritional counseling beyond that normally expected

as part of the standard medical management is warranted. For persons eligible for the WIC program, a WIC referral is required. Medical necessity for nutritional counseling services exceeding those available through WIC shall be documented.

78.31(5) *Services rendered by advanced registered nurse practitioners certified in family, pediatric, or psychiatric mental health specialties and employed by a hospital.* Rescinded IAB 10/15/03, effective 12/1/03.

This rule is intended to implement Iowa Code section 249A.4.

441—78.32(249A) Area education agencies. Payment will be made for physical therapy, occupational therapy, psychological evaluations and counseling, psychotherapy, speech-language therapy, and audiological, nursing, and vision services provided by an area education agency (AEA). Services shall be provided directly by the AEA or through contractual arrangement with the AEA.

This rule is intended to implement Iowa Code section 249A.4.

441—78.33(249A) Case management services. Payment on a monthly payment per enrollee basis will be approved for the case management functions required in 441—Chapter 90.

78.33(1) Payment will be approved for MR/CMI/DD case management services pursuant to 441—Chapter 90 to:

- a. Recipients 18 years of age or over with a primary diagnosis of mental retardation, developmental disabilities, or chronic mental illness as defined in rule 441—90.1(249A).
- b. Rescinded IAB 1/8/03, effective 1/1/03.
- c. Recipients under 18 years of age receiving HCBS MR waiver or HCBS children's mental health waiver services.

78.33(2) Payment for services pursuant to 441—Chapter 90 to recipients under age 18 who have a primary diagnosis of mental retardation or developmental disabilities as defined in rule 441—90.1(249A) and are residing in a child welfare decategorization county shall be made when the following conditions are met:

- a. The child welfare decategorization county has entered into an agreement with the department certifying that the state match for case management is available within funds allocated for the purpose of decategorization.
- b. The child welfare decategorization county has executed an agreement to remit the nonfederal share of the cost of case management services to the enhanced mental health, mental retardation and developmental disabilities services fund administered by the department.
- c. The child welfare decategorization county has certified that the funds remitted for the nonfederal share of the cost of case management services are not federal funds.

78.33(3) Rescinded IAB 10/12/05, effective 10/1/05.

This rule is intended to implement Iowa Code section 249A.4.

441—78.34(249A) HCBS ill and handicapped waiver services. Payment will be approved for the following services to clients eligible for HCBS ill and handicapped waiver services as established in 441—Chapter 83. Services must be billed in whole units.

78.34(1) Homemaker services. Homemaker services are those services provided when the client lives alone or when the person who usually performs these functions for the client needs assistance with performing the functions. A unit of service is one hour. Components of the service are directly related to the care of the client and include:

- a. Essential shopping: shopping for basic need items such as food, clothing or personal care items, or drugs.
- b. Limited housecleaning: maintenance cleaning such as vacuuming, dusting, scrubbing floors, defrosting refrigerators, cleaning stoves, cleaning medical equipment, washing and mending clothes, washing personal items used by the client, and dishes.
- c. Rescinded IAB 9/30/92, effective 12/1/92.
- d. Meal preparation planning and preparing balanced meals.

78.34(2) Home health services. Home health services are personal or direct care services provided to the client which are not payable under Medicaid as set forth in rule 441—78.9(249A). A unit of service is a visit.

a. Components of the service include, but are not limited to:

- (1) Observation and reporting of physical or emotional needs.
- (2) Helping a client with bath, shampoo, or oral hygiene.
- (3) Helping a client with toileting.
- (4) Helping a client in and out of bed and with ambulation.
- (5) Helping a client reestablish activities of daily living.
- (6) Assisting with oral medications ordered by the physician which are ordinarily self-administered.
- (7) Performing incidental household services which are essential to the client's health care at home and are necessary to prevent or postpone institutionalization in order to complete a full unit of service.
- (8) Accompaniment to medical services or transport to and from school.

b. In some cases, a nurse may provide home health services if the health of the client is such that the agency is unable to place an aide in that situation due to limitations by state law or in the event that the agency's Medicare certification requirements prohibit the aide from providing the service. It is not permitted for the convenience of the provider.

c. Skilled nursing care is not covered.

78.34(3) Adult day care services. Adult day care services provide an organized program of supportive care in a group environment to persons who need a degree of supervision and assistance on a regular or intermittent basis in a day care center. A unit of service is a half day (1 to 4 hours), a full day (4 to 8 hours), or an extended day (8 to 12 hours). Components of the service are as set forth in rule 441—171.6(234) or the department of elder affairs rule 321—24.7(231).

78.34(4) Nursing care services. Nursing care services are services which are included in the plan of treatment approved by the physician and which are provided by licensed nurses to consumers in the home and community. The services shall be reasonable and necessary to the treatment of an illness or injury and include all nursing tasks recognized by the Iowa board of nursing. A unit of service is a visit.

78.34(5) Respite care services. Respite care services are services provided to the consumer that give temporary relief to the usual caregiver and provide all the necessary care that the usual caregiver would provide during that time period. The purpose of respite care is to enable the consumer to remain in the consumer's current living situation.

a. Services provided outside the consumer's home shall not be reimbursable if the living unit where respite is provided is reserved for another person on a temporary leave of absence.

b. Staff-to-consumer ratios shall be appropriate to the individual needs of the consumer as determined by the consumer's interdisciplinary team.

c. A unit of service is one hour.

d. Respite care is not to be provided to persons during the hours in which the usual caregiver is employed except when the consumer is attending a camp. Respite cannot be provided to a consumer whose usual caregiver is a consumer-directed attendant care provider for the consumer.

e. The interdisciplinary team shall determine if the consumer will receive basic individual respite, specialized respite, or group respite as defined in rule 441—83.1(249A).

f. A maximum of 14 consecutive days of 24-hour respite care may be reimbursed.

g. Respite services provided for a period exceeding 24 consecutive hours to three or more individuals who require nursing care because of a mental or physical condition must be provided by a health care facility licensed as described in Iowa Code chapter 135C.

78.34(6) Counseling services. Counseling services are face-to-face mental health services provided to the client and caregiver by a mental health professional as defined in rule 441—24.61(225C,230A) to facilitate home management of the client and prevent institutionalization. Counseling services are nonpsychiatric services necessary for the management of depression, assistance with the grief process, alleviation of psychosocial isolation and support in coping with a disability or illness, including terminal illness. Counseling services may be provided both for the purpose of training the client's family or other caregiver to provide care, and for the purpose of helping the client and those caring for the client to

adjust to the client's disability or terminal condition. Counseling services may be provided to the client's caregiver only when included in the case plan for the client.

Payment will be made for individual and group counseling. A unit of individual counseling for the waiver client or the waiver client and the client's caregiver is 15 minutes. A unit of group counseling is one hour. Payment for group counseling is based on the group rate divided by six, or, if the number of persons who comprise the group exceeds six, the actual number of persons who comprise the group.

78.34(7) Consumer-directed attendant care service. Consumer-directed attendant care services are service activities performed by a person to help a consumer with self-care tasks which the consumer would typically do independently if the consumer were otherwise able.

a. The service activities may include helping the consumer with any of the following nonskilled service activities:

- (1) Dressing.
- (2) Bath, shampoo, hygiene, and grooming.
- (3) Access to and from bed or a wheelchair, transferring, ambulation, and mobility in general. It is recommended that the provider receive certification of training and return demonstration for transferring. Certification for this is available through the area community colleges.
- (4) Toilet assistance, including bowel, bladder, and catheter assistance. It is recommended that the provider receive certification of training and return demonstration for catheter assistance. Certification for this is available through the area community colleges.
- (5) Meal preparation, cooking, eating and feeding but not the cost of meals themselves.
- (6) Housekeeping services which are essential to the consumer's health care at home.
- (7) Medications ordinarily self-administered including those ordered by a physician or other qualified health care provider. It is recommended the provider successfully complete a medication aide course administered by an area community college.
- (8) Wound care.
- (9) Assistance needed to go to or return from a place of employment and assistance with job-related tasks while the consumer is on the job site. The cost of transportation for the consumer and assistance with understanding or performing the essential job functions are not included in consumer-directed attendant care services.
- (10) Cognitive assistance with tasks such as handling money and scheduling.
- (11) Fostering communication through interpreting and reading services as well as assistive devices for communication.
- (12) Assisting or accompanying a consumer in using transportation essential to the health and welfare of the consumer. The cost of the transportation is not included.

b. The service activities may include helping the consumer with any of the following skilled services under the supervision of a licensed nurse or licensed therapist working under the direction of a physician. The licensed nurse or therapist shall retain accountability for actions that are delegated. The licensed nurse or therapist shall ensure appropriate assessment, planning, implementation, and evaluation. The licensed nurse or therapist shall make on-site supervisory visits every two weeks with the provider present. The cost of the supervision provided by the licensed nurse or therapist shall be paid from private insurance and other third-party payment sources, Medicare, the regular Medicaid program, or the early periodic screening diagnosis and treatment program before accessing the HCBS waiver.

- (1) Tube feedings of consumers unable to eat solid foods.
- (2) Intravenous therapy administered by a registered nurse.
- (3) Parenteral injections required more than once a week.
- (4) Catheterizations, continuing care of indwelling catheters with supervision of irrigations, and changing of Foley catheters when required.
- (5) Respiratory care including inhalation therapy and tracheotomy care or tracheotomy care and ventilator.
- (6) Care of decubiti and other ulcerated areas, noting and reporting to the nurse or therapist.
- (7) Rehabilitation services including, but not limited to, bowel and bladder training, range of motion exercises, ambulation training, restorative nursing services, reteaching the activities of daily

living, respiratory care and breathing programs, reality orientation, reminiscing therapy, remotivation, and behavior modification.

(8) Colostomy care.

(9) Care of medical conditions out of control which includes brittle diabetes and comfort care of terminal conditions.

(10) Postsurgical nursing care.

(11) Monitoring medications requiring close supervision because of fluctuating physical or psychological conditions, e.g., antihypertensives, digitalis preparations, mood-altering or psychotropic drugs, or narcotics.

(12) Preparing and monitoring response to therapeutic diets.

(13) Recording and reporting of changes in vital signs to the nurse or therapist.

c. A unit of service is 1 hour, or one 8- to 24-hour day provided by an individual or an agency. Each service shall be billed in whole units.

d. The consumer, parent, guardian, or attorney in fact under a durable power of attorney for health care shall be responsible for selecting the person or agency who will provide the components of the attendant care services to be provided.

e. The consumer, parent, guardian, or attorney in fact under a durable power of attorney for health care shall determine the components of the attendant care services to be provided with the person who is providing the services to the consumer.

f. The service activities may not include parenting or child care for or on behalf of the consumer.

g. The consumer, parent, guardian, or attorney in fact under a durable power of attorney for health care and the provider shall complete and sign Form 470-3372, HCBS Consumer-Directed Attendant Care Agreement. A copy of the completed agreement shall be attached to the service plan, which is signed by the service worker prior to the initiation of services, and kept in the consumer's and department's records.

h. If the consumer has a guardian or attorney in fact under a durable power of attorney for health care, the care plan shall address how consumer-directed attendant care services will be monitored to ensure the consumer's needs are being adequately met. If the guardian or attorney in fact is the service provider, the service plan shall address how the service worker or case manager shall oversee service provision.

i. If the consumer has a guardian or attorney in fact under a durable power of attorney for health care, the guardian or attorney in fact shall sign the claim form in place of the consumer, indicating that the service has been provided as presented on the claim.

j. The frequency or intensity of services shall be indicated in the service plan.

k. Consumer-directed attendant care services may not be simultaneously reimbursed with any other HCBS waiver services.

l. Consumer-directed attendant care services may be provided to a recipient of in-home health-related care services, but not at the same time.

m. Services may be provided in the absence of a parent or guardian if the parent or guardian has given advanced direction for the service provision.

78.34(8) Interim medical monitoring and treatment services. Interim medical monitoring and treatment services are monitoring and treatment of a medical nature requiring specially trained caregivers beyond what is normally available in a day care setting. The services must be needed to allow the consumer's usual caregivers to be employed or, for a limited period of time, for academic or vocational training of a usual caregiver; due to the hospitalization, treatment for physical or mental illness, or death of a usual caregiver; or during a search for employment by a usual caregiver.

a. Service requirements. Interim medical monitoring and treatment services shall:

(1) Provide experiences for each consumer's social, emotional, intellectual, and physical development;

(2) Include comprehensive developmental care and any special services for a consumer with special needs; and

(3) Include medical assessment, medical monitoring, and medical intervention as needed on a regular or emergency basis.

b. Interim medical monitoring and treatment services may include supervision to and from school.

c. Limitations.

(1) A maximum of 12 one-hour units of service is available per day.

(2) Covered services do not include a complete nutritional regimen.

(3) Interim medical monitoring and treatment services may not duplicate any regular Medicaid or waiver services provided under the state plan.

(4) Interim medical monitoring and treatment services may be provided only in the consumer's home, in a registered group child care home, in a registered family child care home, in a licensed child care center, or during transportation to and from school.

(5) The staff-to-consumer ratio shall not be less than one to six.

d. A unit of service is one hour.

78.34(9) Home and vehicle modifications. Covered home and vehicle modifications are those physical modifications to the consumer's home or vehicle listed below that directly address the consumer's medical or remedial need. Covered modifications must be necessary to provide for the health, welfare, or safety of the consumer and enable the consumer to function with greater independence in the home or vehicle.

a. Modifications that are necessary or desirable without regard to the consumer's medical or remedial need and that would be expected to increase the fair market value of the home or vehicle, such as furnaces, fencing, roof repair, or adding square footage to the residence, are excluded except as specifically included below. Repairs are also excluded.

b. Only the following modifications are covered:

(1) Kitchen counters, sink space, cabinets, special adaptations to refrigerators, stoves, and ovens.

(2) Bathtubs and toilets to accommodate transfer, special handles and hoses for shower heads, water faucet controls, and accessible showers and sink areas.

(3) Grab bars and handrails.

(4) Turnaround space adaptations.

(5) Ramps, lifts, and door, hall and window widening.

(6) Fire safety alarm equipment specific for disability.

(7) Voice-activated, sound-activated, light-activated, motion-activated, and electronic devices directly related to the consumer's disability.

(8) Vehicle lifts, driver-specific adaptations, remote-start systems, including such modifications already installed in a vehicle.

(9) Keyless entry systems.

(10) Automatic opening device for home or vehicle door.

(11) Special door and window locks.

(12) Specialized doorknobs and handles.

(13) Plexiglas replacement for glass windows.

(14) Modification of existing stairs to widen, lower, raise or enclose open stairs.

(15) Motion detectors.

(16) Low-pile carpeting or slip-resistant flooring.

(17) Telecommunications device for the deaf.

(18) Exterior hard-surface pathways.

(19) New door opening.

(20) Pocket doors.

(21) Installation or relocation of controls, outlets, switches.

(22) Air conditioning and air filtering if medically necessary.

(23) Heightening of existing garage door opening to accommodate modified van.

(24) Bath chairs.

c. A unit of service is the completion of needed modifications or adaptations.

d. All modifications and adaptations shall be provided in accordance with applicable federal, state, and local building and vehicle codes.

e. Services shall be performed following department approval of a binding contract between the enrolled home and vehicle modification provider and the consumer.

f. The contract shall include, at a minimum, the work to be performed, cost, time frame for work completion, and assurance of liability and workers' compensation coverage.

g. Service payment shall be made to the enrolled home and vehicle modification provider. If applicable, payment will be forwarded to the subcontracting agency by the enrolled home and vehicle modification provider following completion of the approved modifications. Payment of up to \$6,060 per year may be made to certified providers upon satisfactory completion of the service. The service worker shall encumber up to \$500 per month within the monthly dollar cap allowed for the consumer until the amount of the modification is reached within the 12-month period.

h. Services shall be included in the consumer's service plan and shall exceed the Medicaid state plan services.

78.34(10) *Personal emergency response system.* A personal emergency response system is an electronic device that transmits a signal to a central monitoring station to summon assistance in the event of an emergency when the consumer is alone.

a. The required components of the system are:

- (1) An in-home medical communications transmitter and receiver.
- (2) A remote, portable activator.
- (3) A central monitoring station with backup systems staffed by trained attendants at all times.
- (4) Current data files at the central monitoring station containing response protocols and personal, medical, and emergency information for each consumer.

b. The service shall be identified in the consumer's service plan.

c. A unit of service is a one-time installation fee or one month of service.

d. Maximum units per state fiscal year shall be the initial installation and 12 months of service.

78.34(11) *Home-delivered meals.* Home-delivered meals means meals prepared elsewhere and delivered to a waiver recipient at the recipient's residence. Each meal shall ensure the recipient receives a minimum of one-third of the daily recommended dietary allowance as established by the Food and Nutrition Board of the National Research Council of the National Academy of Sciences. The meal may also be a liquid supplement that meets the minimum one-third standard. When a restaurant provides the home-delivered meal, the recipient is required to have a nutritional consultation. The nutritional consultation includes contact with the restaurant to explain the dietary needs of the client and what constitutes the minimum one-third daily dietary allowance.

A maximum of 14 meals is allowed per week. A unit of service is a meal.

78.34(12) *Nutritional counseling.* Nutritional counseling services may be provided for a nutritional problem or condition of such a degree of severity that nutritional counseling beyond that normally expected as part of the standard medical management is warranted. A unit of service is 15 minutes.

78.34(13) *Consumer choices option.* The consumer choices option provides a consumer with a flexible monthly individual budget that is based on the consumer's service needs. With the individual budget, the consumer shall have the authority to purchase goods and services and may choose to employ providers of services and supports. Components of this service are set forth below.

a. *Agreement.* As a condition of participating in the consumer choices option, a consumer shall sign Form 470-4289, HCBS Consumer Choices Informed Consent and Risk Agreement, to document that the consumer has been informed of the responsibilities and risks of electing the consumer choices option.

b. *Individual budget amount.* A monthly individual budget amount shall be set for each consumer. The consumer's department service worker or case manager shall determine the amount of each consumer's individual budget, based on the services and supports authorized in the consumer's service plan. The consumer shall be informed of the individual budget amount during the development of the service plan.

(1) Services that may be included in determining the individual budget amount for a consumer in the HCBS ill and handicapped waiver are:

1. Consumer-directed attendant care (unskilled).
2. Home and vehicle modification.
3. Home-delivered meals.
4. Homemaker service.
5. Basic individual respite care.

(2) The department shall determine an average unit cost for each service selected under subparagraph (1) based on actual unit costs from the previous fiscal year plus a cost-of-living adjustment.

(3) In aggregate, costs for individual budget services shall not exceed the current costs of waiver program services. In order to maintain cost neutrality, the department shall apply a utilization adjustment factor to the amount of service authorized in the consumer's service plan before calculating the value of that service to be included in the individual budget amount.

(4) The department shall compute the utilization adjustment factor for each service by dividing the net costs of all claims paid for the service by the total of the authorized costs for that service, using at least 12 consecutive months of aggregate service data. The utilization adjustment factor shall be no lower than 60 percent. The department shall analyze and adjust the utilization adjustment factor at least annually in order to maintain cost neutrality.

(5) Anticipated costs for home and vehicle modification are not subject to the average cost in subparagraph (2) or the utilization adjustment factor in subparagraph (3). Costs for home and vehicle modification may be released in a one-time payment.

(6) The individual budget amount may be changed only at the first of the month and shall remain fixed for the entire month.

c. Required service components. To participate in the consumer choices option, a consumer must hire an independent support broker and must work with a financial management service that is enrolled as a Medicaid HCBS ill and handicapped waiver services provider.

(1) Before hiring the individual support broker, the consumer shall receive the results of the background check conducted pursuant to 441—subrule 77.30(14).

(2) If the consumer chooses to hire a person who has a criminal record or founded abuse report, the consumer assumes the risk for this action and shall acknowledge this information on Form 470-4289, HCBS Consumer Choices Informed Consent and Risk Agreement.

d. Optional service components. A consumer who elects the consumer choices option may purchase the following services and supports, which shall be provided in the consumer's home or at an integrated community setting:

(1) Self-directed personal care services. Self-directed personal care services are services or goods that provide a range of assistance in activities of daily living and incidental activities of daily living that help the consumer remain in the home and community.

(2) Self-directed community supports and employment. Self-directed community supports and employment are services that support the consumer in developing and maintaining independence and community integration.

(3) Individual-directed goods and services. Individual-directed goods and services are services, equipment, or supplies not otherwise provided through the Medicaid program that address a need identified in the consumer's service plan. The item or service shall decrease the consumer's need for other Medicaid services, promote the consumer's inclusion in the community, or increase the consumer's safety in the community.

e. Development of the individual budget. The individual support broker shall assist the consumer in developing and implementing the consumer's individual budget. The individual budget shall include:

(1) The costs of the financial management service.

(2) The costs of the independent support broker. The independent support broker may be compensated for up to 6 hours of service for assisting with the implementation of the initial individual budget. After the initial implementation, the independent support broker shall not be paid for more than 20 hours of service during a 12-month period without prior approval by the department.

(3) The costs of any services and supports chosen by the consumer as described in paragraph “d.”
f. Budget authority. The consumer shall have authority over the individual budget authorized by the department to perform the following tasks:

(1) Contract with entities to provide services and supports as described in this subrule.
(2) Determine the amount to be paid for services with the exception of the independent support broker and the financial management service. Reimbursement rates for the independent support broker and the financial management service are subject to the limits in 441—subrule 79.1(2).

(3) Schedule the provision of services.
(4) Authorize payment for waiver goods and services identified in the individual budget. Consumers shall not use the individual budget to purchase room and board, sheltered workshop services, child care, or personal entertainment items.

(5) Reallocate funds among services included in the budget.
g. Delegation of budget authority. The consumer may delegate responsibility for the individual budget to a representative in addition to the independent support broker.

(1) The representative must be at least 18 years old.
(2) The representative shall not be a current provider of service to the consumer.
(3) The consumer shall sign a consent form that designates who the consumer has chosen as a representative and what responsibilities the representative shall have.

(4) The representative shall not be paid for this service.
h. Employer authority. The consumer shall have the authority to be the common-law employer of employees providing services and support under the consumer choices option. A common-law employer has the right to direct and control the performance of the services. The consumer may perform the following functions:

(1) Recruit employees.
(2) Select employees from a worker registry.
(3) Verify employee qualifications.
(4) Specify additional employee qualifications.
(5) Determine employee duties.
(6) Determine employee wages and benefits.
(7) Schedule employees.
(8) Train and supervise employees.

i. Employment agreement. Any person employed by the consumer to provide services under the consumer choices option shall sign an employment agreement with the consumer that outlines the employee’s and consumer’s responsibilities.

j. Responsibilities of the independent support broker. The independent support broker shall perform the following services:

(1) Assist the consumer with developing the consumer’s initial and subsequent individual budgets and with making any changes to the individual budget.
(2) Have monthly contact with the consumer for the first four months of implementation of the initial individual budget and have quarterly contact thereafter.

(3) Complete the required employment packet with the financial management service.
(4) Assist with interviewing potential employees and entities providing services and supports if requested by the consumer.

(5) Assist the consumer with determining whether a potential employee meets the qualifications necessary to perform the job.

(6) Assist the consumer with obtaining a signed consent from a potential employee to conduct background checks if requested by the consumer.

(7) Assist the consumer with negotiating with entities providing services and supports if requested by the consumer.

(8) Assist the consumer with contracts and payment methods for services and supports if requested by the consumer.

(9) Assist the consumer with developing an emergency backup plan. The emergency backup plan shall also address any health and safety concerns.

(10) Review expenditure reports from the financial management service to ensure that services and supports in the individual budget are being provided.

(11) Document in writing on the independent support broker timecard every contact the broker has with the consumer. Contact documentation shall include information on the extent to which the consumer's individual budget has addressed the consumer's needs and the satisfaction of the consumer.

k. Responsibilities of the financial management service. The financial management service shall perform all of the following services:

(1) Receive Medicaid funds in an electronic transfer.

(2) Process and pay invoices for approved goods and services included in the individual budget.

(3) Enter the individual budget into the Web-based tracking system chosen by the department and enter expenditures as they are paid.

(4) Provide real-time individual budget account balances for the consumer, the independent support broker, and the department, available at a minimum during normal business hours (9 a.m. to 5 p.m., Monday through Friday).

(5) Conduct criminal background checks on potential employees, if requested.

(6) Verify for the consumer an employee's citizenship or alien status.

(7) Assist the consumer with fiscal and payroll-related responsibilities. Key employer-related tasks include:

1. Verifying that hourly wages comply with federal and state labor rules.

2. Collecting and processing timecards.

3. Withholding, filing, and paying federal, state and local income taxes, Medicare and Social Security (FICA) taxes, and federal (FUTA) and state (SUTA) unemployment and disability insurance taxes, as applicable.

4. Computing and processing other withholdings, as applicable.

5. Processing all judgments, garnishments, tax levies, or other withholding on an employee's pay as may be required by federal, state, or local laws.

6. Preparing and issuing employee payroll checks.

7. Preparing and disbursing IRS Forms W-2 and W-3 annually.

8. Processing federal advance earned income tax credit for eligible employees.

9. Refunding over-collected FICA, when appropriate.

10. Refunding over-collected FUTA, when appropriate.

(8) Purchase from the individual budget workers' compensation or other forms of insurance, as applicable or if requested by the consumer.

(9) Assist the consumer in completing required federal, state, and local tax and insurance forms.

(10) Establish and manage documents and files for the consumer and the consumer's employees.

(11) Monitor timecards, receipts, and invoices to ensure that they are consistent with the individual budget. Keep records of all timecards and invoices for each consumer for a total of five years.

(12) Provide monthly and quarterly status reports for the department, the independent support broker, and the consumer that include a summary of expenditures paid and amount of budget unused.

(13) Establish an accessible customer service system and a method of communication for the consumer and the individual support broker that includes alternative communication formats.

(14) Establish a customer services complaint reporting system.

(15) Develop a policy and procedures manual that is current with state and federal regulations and update as necessary.

(16) Develop a business continuity plan in the case of emergencies and natural disasters.

(17) Provide to the department an annual independent audit of the financial management service.

(18) Assist in implementing the state's quality management strategy related to the financial management service.

This rule is intended to implement Iowa Code section 249A.4.

441—78.35(249A) Certified registered nurse anesthetists. Rescinded IAB 10/15/03, effective 12/1/03.

441—78.36(249A) Hospice services.

78.36(1) General characteristics. A hospice is a public agency or private organization or a subdivision of either that is primarily engaged in providing care to terminally ill individuals. A hospice provides palliative and supportive services to meet the physical, psychosocial, social and spiritual needs of a terminally ill individual and the individual's family or other persons caring for the individual regardless of where the individual resides. Hospice services are those services to control pain and provide support to individuals to continue life with as little disruption as possible.

a. Covered services. Covered services shall include, in accordance with Medicare guidelines, the following:

- (1) Nursing care.
- (2) Medical social services.
- (3) Physician services.
- (4) Counseling services provided to the terminally ill individual and the individual's family members or other persons caring for the individual at the individual's place of residence, including bereavement, dietary, and spiritual counseling.
- (5) Short-term inpatient care provided in a participating hospice inpatient unit or a participating hospital or nursing facility that additionally meets the special hospice standards regarding staffing and patient areas for pain control, symptom management and respite purposes.
- (6) Medical appliances and supplies, including drugs and biologicals, as needed for the palliation and management of the individual's terminal illness and related conditions, except for "covered Part D drugs" as defined by 42 U.S.C. Section 1395w-102(e)(1)-(2) for a "Part D eligible individual" as defined in 42 U.S.C. Section 1395w-101(a)(3)(A), including an individual who is not enrolled in a Part D plan.
- (7) Homemaker and home health aide services.
- (8) Physical therapy, occupational therapy and speech-language pathology unless this provision has been waived under the Medicare program for a specific provider.
- (9) Other items or services specified in the resident's plan that would otherwise be paid under the Medicaid program.

Nursing care, medical social services, and counseling are core hospice services and must routinely be provided directly by hospice employees. The hospice may contract with other providers to provide the remaining services. Bereavement counseling, consisting of counseling services provided after the individual's death to the individual's family or other persons caring for the individual, is a required hospice service but is not reimbursable.

b. Noncovered services.

- (1) Covered services not related to the terminal illness. In accordance with Medicare guidelines, all medical services related to the terminal illness are the responsibility of the hospice. Services unrelated to the terminal illness are to be billed separately by the respective provider.
- (2) Administrative duties performed by the medical director, any hospice-employed physician, or any consulting physician are included in the normal hospice rates. Patient care provided by the medical director, hospice-employed physician, attending physician, or consulting physician is separately reimbursable. Payment to the attending or consulting physician includes other partners in practice.
- (3) Hospice care provided by a hospice other than the hospice designated by the individual unless provided under arrangements made by the designated hospice.
- (4) AZT (Retrovir) and other curative antiviral drugs targeted at the human immunodeficiency virus for the treatment of AIDS.

78.36(2) Categories of care. Hospice care entails the following four categories of daily care. Guidelines for core and other services must be adhered to for all categories of care.

a. Routine home care is care provided in the place of residence that is not continuous.

b. Continuous home care is provided only during a period of crisis when an individual requires continuous care which is primarily nursing care to achieve palliation or management of acute medical

symptoms. Nursing care must be provided by either a registered nurse or a licensed practical nurse and a nurse must be providing care for more than half of the period of care. A minimum of eight hours of care per day must be provided during a 24-hour day to qualify as continuous care. Homemaker and aide services may also be provided to supplement the nursing care.

c. Inpatient respite care is provided to the individual only when necessary to relieve the family members or other persons caring for the individual at home. Respite care may be provided only on an occasional basis and may not be reimbursed for more than five consecutive days at a time. Respite care may not be provided when the individual is a resident of a nursing facility.

d. General inpatient care is provided in periods of acute medical crisis when the individual is hospitalized or in a participating hospice inpatient unit or nursing facility for pain control or acute or chronic symptom management.

78.36(3) Residence in a nursing facility. For purposes of the Medicaid hospice benefit, a nursing facility can be considered the residence of a beneficiary. When the person does reside in a nursing facility, the requirement that the care of a resident of a nursing facility must be provided under the immediate direction of either the facility or the resident's personal physician does not apply if all of the following conditions are met:

a. The resident is terminally ill.

b. The resident has elected to receive hospice services under the Medicaid program from a Medicaid-enrolled hospice program.

c. The nursing facility and the Medicaid-enrolled hospice program have entered into a written agreement under which the hospice program takes full responsibility for the professional management of the resident's hospice care and the facility agrees to provide room and board to the resident.

78.36(4) Approval for hospice benefits. Payment will be approved for hospice services to individuals who are certified as terminally ill, that is, the individuals have a medical prognosis that their life expectancy is six months or less if the illness runs its normal course, and who elect hospice care rather than active treatment for the illness.

a. *Physician certification process.* The hospice must obtain certification that an individual is terminally ill in accordance with the following procedures:

(1) The hospice may obtain verbal orders to initiate hospice service from the medical director of the hospice or the physician member of the hospice interdisciplinary group and by the individual's attending physician (if the individual has an attending physician). The verbal order shall be noted in the patient's record. The verbal order must be given within two days of the start of care and be followed up in writing no later than eight calendar days after hospice care is initiated. The certification must include the statement that the individual's medical prognosis is that the individual's life expectancy is six months or less if the illness runs its normal course.

(2) When verbal orders are not secured, the hospice must obtain, no later than two calendar days after hospice care is initiated, written certification signed by the medical director of the hospice or the physician member of the hospice interdisciplinary group and by the individual's attending physician (if the individual has an attending physician). The certification must include the statement that the individual's medical prognosis is that the individual's life expectancy is six months or less, if the illness runs its normal course.

(3) Hospice care benefit periods consist of up to two periods of 90 days each and an unlimited number of subsequent 60-day periods as elected by the individual. The medical director or a physician must recertify at the beginning of each benefit period that the individual is terminally ill.

b. *Election procedures.* Individuals who are dually eligible for Medicare and Medicaid must receive hospice coverage under Medicare.

(1) Election statement. An individual, or individual's representative, elects to receive the hospice benefit by filing an election statement, Form 470-2618, Election of Medicaid Hospice Benefit, with a particular hospice. The hospice may provide the individual with another election form to use provided the form includes the following information:

1. Identification of the hospice that will provide the care.
2. Acknowledgment that the recipient has been given a full understanding of hospice care.

3. Acknowledgment that the recipient waives the right to regular Medicaid benefits, except for payment to the regular physician and treatment for medical conditions unrelated to the terminal illness.
 4. Acknowledgment that recipients are not responsible for copayment or other deductibles.
 5. The recipient's Medicaid number.
 6. The effective date of election.
 7. The recipient's signature.
- (2) Change of designation. An individual may change the designation of the particular hospice from which the individual elects to receive hospice care one time only.
- (3) Effective date. An individual may designate an effective date for the hospice benefit that begins with the first day of the hospice care or any subsequent day of hospice care, but an individual may not designate an effective date that is earlier than the date that the election is made.
- (4) Duration of election. The election to receive hospice care will be considered to continue until one of the following occurs:
1. The individual dies.
 2. The individual or the individual's representative revokes the election.
 3. The individual's situation changes so that the individual no longer qualifies for the hospice benefit.
 4. The hospice elects to terminate the recipient's enrollment in accordance with the hospice's established discharge policy.
- (5) Revocation. Form 470-2619, Revocation of Medicaid Hospice Benefit, is completed when an individual or the individual's representative revokes the hospice benefit allowed under Medicaid. When an individual revokes the election of Medicaid coverage of hospice care, the individual resumes Medicaid coverage of the benefits waived when hospice care was elected.

This rule is intended to implement Iowa Code section 249A.4.

441—78.37(249A) HCBS elderly waiver services. Payment will be approved for the following services to consumers eligible for the HCBS elderly waiver services as established in 441—Chapter 83. The consumer shall have a billable waiver service each calendar quarter. Services must be billed in whole units.

78.37(1) Adult day care services. Adult day care services provide an organized program of supportive care in a group environment to persons who need a degree of supervision and assistance on a regular or intermittent basis in a day care center. A unit of service is a half day (1 to 4 hours), a full day (4 to 8 hours), or an extended day (8 to 12 hours). Components of the service are set forth in rule 441—171.6(234) or as indicated in the Iowa department of elder affairs Annual Service and Fiscal Reporting Manual.

78.37(2) Emergency response system. The emergency response system allows a person experiencing a medical emergency at home to activate electronic components that transmit a coded signal via digital equipment over telephone lines to a central monitoring station. The necessary components of a system are:

- a. An in-home medical communications transceiver.
- b. A remote, portable activator.
- c. A central monitoring station with backup systems staffed by trained attendants 24 hours per day, seven days per week.
- d. Current data files at the central monitoring station containing preestablished response protocols and personal, medical, and emergency information for each client.

78.37(3) Home health aide services. Home health aide services are personal or direct care services provided to the client which are not payable under Medicaid as set forth in rule 441—78.9(249A). A unit of service is a visit. Components of the service include:

- a. Observation and reporting of physical or emotional needs.
- b. Helping a client with bath, shampoo, or oral hygiene.
- c. Helping a client with toileting.
- d. Helping a client in and out of bed and with ambulation.

- e. Helping a client reestablish activities of daily living.
- f. Assisting with oral medications ordinarily self-administered and ordered by a physician.
- g. Performing incidental household services which are essential to the client's health care at home and are necessary to prevent or postpone institutionalization in order to complete a full unit of service.

78.37(4) Homemaker services. Homemaker services are those services provided when the client lives alone or when the person who usually performs these functions for the client is incapacitated or occupied providing direct care to the client. A unit of service is one hour. Components of the service include:

- a. Essential shopping: shopping for basic need items such as food, clothing or personal care items, or drugs.
- b. Limited housecleaning: maintenance cleaning such as vacuuming, dusting, scrubbing floors, defrosting refrigerators, cleaning stoves, and washing and mending clothes.
- c. Accompaniment to medical or psychiatric services.
- d. Meal preparation: planning and preparing balanced meals.
- e. Bathing and dressing for self-directing recipients.

78.37(5) Nursing care services. Nursing care services are services provided by licensed agency nurses to clients in the home which are ordered by and included in the plan of treatment established by the physician. The services are reasonable and necessary to the treatment of an illness or injury and include: observation; evaluation; teaching; training; supervision; therapeutic exercise; bowel and bladder care; administration of medications; intravenous, hypodermoclysis, and enteral feedings; skin care; preparation of clinical and progress notes; coordination of services and informing the physician and other personnel of changes in the patient's condition and needs.

A unit of service is one visit. Nursing care service can pay for a maximum of eight nursing visits per month for intermediate level of care persons. There is no limit on the maximum visits for skilled level of care persons.

78.37(6) Respite care services. Respite care services are services provided to the consumer that give temporary relief to the usual caregiver and provide all the necessary care that the usual caregiver would provide during that time period. The purpose of respite care is to enable the consumer to remain in the consumer's current living situation.

- a. Services provided outside the consumer's home shall not be reimbursable if the living unit where respite is provided is reserved for another person on a temporary leave of absence.
- b. Staff-to-consumer ratios shall be appropriate to the individual needs of the consumer as determined by the consumer's interdisciplinary team.
- c. A unit of service is one hour.
- d. The interdisciplinary team shall determine if the consumer will receive basic individual respite, specialized respite or group respite as defined in rule 441—83.21(249A).
- e. When respite care is provided, the provision of, or payment for, other duplicative services under the waiver is precluded.
- f. A maximum of 14 consecutive days of 24-hour respite care may be reimbursed.
- g. Respite services provided for a period exceeding 24 consecutive hours to three or more individuals who require nursing care because of a mental or physical condition must be provided by a health care facility licensed as described in Iowa Code chapter 135C.
- h. Respite care is not to be provided to persons during the hours in which the usual caregiver is employed except when the consumer is attending a camp. Respite cannot be provided to a consumer whose usual caregiver is a consumer-directed attendant care provider for the consumer.

78.37(7) Chore services. Chore services include the following services: window and door maintenance, such as hanging screen windows and doors, replacing windowpanes, and washing windows; minor repairs to walls, floors, stairs, railings and handles; heavy cleaning which includes cleaning attics or basements to remove fire hazards, moving heavy furniture, extensive wall washing, floor care or painting and trash removal; and yard work such as mowing lawns, raking leaves and shoveling walks. A unit of service is one-half hour.

78.37(8) Home-delivered meals. Home-delivered meals means meals prepared elsewhere and delivered to a waiver recipient at the recipient's residence. Each meal shall ensure the recipient receives a minimum of one-third of the daily recommended dietary allowance as established by the Food and Nutrition Board of the National Research Council of the National Academy of Sciences. The meal may also be a liquid supplement which meets the minimum one-third standard. When a restaurant provides the home-delivered meal, the recipient is required to have a nutritional consultation. The nutritional consultation includes contact with the restaurant to explain the dietary needs of the client and explain what constitutes the minimum one-third daily dietary allowance.

A maximum of 14 meals is allowed per week. A unit of service is a meal.

78.37(9) Home and vehicle modification. Covered home and vehicle modifications are those physical modifications to the consumer's home or vehicle listed below that directly address the consumer's medical or remedial need. Covered modifications must be necessary to provide for the health, welfare, or safety of the consumer and enable the consumer to function with greater independence in the home or vehicle.

a. Modifications that are necessary or desirable without regard to the consumer's medical or remedial need and that would be expected to increase the fair market value of the home or vehicle, such as furnaces, fencing, roof repair, or adding square footage to the residence, are excluded except as specifically included below. Repairs are also excluded.

b. Only the following modifications are covered:

- (1) Kitchen counters, sink space, cabinets, special adaptations to refrigerators, stoves, and ovens.
- (2) Bathtubs and toilets to accommodate transfer, special handles and hoses for shower heads, water faucet controls, and accessible showers and sink areas.
- (3) Grab bars and handrails.
- (4) Turnaround space adaptations.
- (5) Ramps, lifts, and door, hall and window widening.
- (6) Fire safety alarm equipment specific for disability.
- (7) Voice-activated, sound-activated, light-activated, motion-activated, and electronic devices directly related to the consumer's disability.
- (8) Vehicle lifts, driver-specific adaptations, remote-start systems, including such modifications already installed in a vehicle.
- (9) Keyless entry systems.
- (10) Automatic opening device for home or vehicle door.
- (11) Special door and window locks.
- (12) Specialized doorknobs and handles.
- (13) Plexiglas replacement for glass windows.
- (14) Modification of existing stairs to widen, lower, raise or enclose open stairs.
- (15) Motion detectors.
- (16) Low-pile carpeting or slip-resistant flooring.
- (17) Telecommunications device for the deaf.
- (18) Exterior hard-surface pathways.
- (19) New door opening.
- (20) Pocket doors.
- (21) Installation or relocation of controls, outlets, switches.
- (22) Air conditioning and air filtering if medically necessary.
- (23) Heightening of existing garage door opening to accommodate modified van.
- (24) Bath chairs.

c. A unit of service is the completion of needed modifications or adaptations.

d. All modifications and adaptations shall be provided in accordance with applicable federal, state, and local building and vehicle codes.

e. Services shall be performed following department approval of a binding contract between the enrolled home and vehicle modification provider and the consumer.

f. The contract shall include, at a minimum, the work to be performed, cost, time frame for work completion, and assurance of liability and workers' compensation coverage.

g. Service payment shall be made to the enrolled home and vehicle modification provider. If applicable, payment will be forwarded to the subcontracting agency by the enrolled home and vehicle modification provider following completion of the approved modifications.

h. Services shall be included in the consumer's service plan and shall exceed the Medicaid state plan services.

78.37(10) *Mental health outreach.* Mental health outreach services are services provided in a recipient's home to identify, evaluate, and provide treatment and psychosocial support. The services can only be provided on the basis of a referral from the consumer's interdisciplinary team established pursuant to 441—subrule 83.22(2). A unit of service is 15 minutes.

78.37(11) *Transportation.* Transportation services may be provided for recipients to conduct business errands, essential shopping, to receive medical services not reimbursed through medical transportation, and to reduce social isolation. A unit of service is per mile, per trip, or rate established by area agency on aging.

78.37(12) *Nutritional counseling.* Nutritional counseling services may be provided for a nutritional problem or condition of such a degree of severity that nutritional counseling beyond that normally expected as part of the standard medical management is warranted. A unit of service is 15 minutes.

78.37(13) *Assistive devices.* Assistive devices means practical equipment products to assist persons with activities of daily living and instrumental activities of daily living to allow the person more independence. They include, but are not limited to: long-reach brush, extra long shoehorn, nonslip grippers to pick up and reach items, dressing aids, shampoo rinse tray and inflatable shampoo tray, double-handled cup and sipper lid. A unit is an item.

78.37(14) *Senior companion.* Senior companion services are nonmedical care supervision, oversight, and respite. Companions may assist with such tasks as meal preparation, laundry, shopping and light housekeeping tasks. This service cannot provide hands-on nursing or medical care. A unit of service is one hour.

78.37(15) *Consumer-directed attendant care service.* Consumer-directed attendant care services are service activities performed by a person to help a consumer with self-care tasks which the consumer would typically do independently if the consumer were otherwise able.

a. The service activities may include helping the consumer with any of the following nonskilled service activities:

(1) Dressing.

(2) Bath, shampoo, hygiene, and grooming.

(3) Access to and from bed or a wheelchair, transferring, ambulation, and mobility in general. It is recommended that the provider receive certification of training and return demonstration for transferring. Certification for this is available through the area community colleges.

(4) Toilet assistance, including bowel, bladder, and catheter assistance. It is recommended that the provider receive certification of training and return demonstration for catheter assistance. Certification for this is available through the area community colleges.

(5) Meal preparation, cooking, eating and feeding but not the cost of meals themselves.

(6) Housekeeping services which are essential to the consumer's health care at home.

(7) Medications ordinarily self-administered including those ordered by a physician or other qualified health care provider. It is recommended the provider successfully complete a medication aide course administered by an area community college.

(8) Wound care.

(9) Assistance needed to go to or return from a place of employment and assistance with job-related tasks while the consumer is on the job site. The cost of transportation for the consumer and assistance with understanding or performing the essential job functions are not included in consumer-directed attendant care services.

(10) Cognitive assistance with tasks such as handling money and scheduling.

(11) Fostering communication through interpreting and reading services as well as assistive devices for communication.

(12) Assisting or accompanying a consumer in using transportation essential to the health and welfare of the consumer. The cost of the transportation is not included.

b. The service activities may include helping the consumer with any of the following skilled services under the supervision of a licensed nurse or licensed therapist working under the direction of a physician. The licensed nurse or therapist shall retain accountability for actions that are delegated. The licensed nurse or therapist shall ensure appropriate assessment, planning, implementation, and evaluation. The licensed nurse or therapist shall make on-site supervisory visits every two weeks with the provider present. The cost of the supervision provided by the licensed nurse or therapist shall be paid from private insurance and other third-party payment sources, Medicare, the regular Medicaid program, or the early periodic screening diagnosis and treatment program before accessing the HCBS waiver.

(1) Tube feedings of consumers unable to eat solid foods.

(2) Intravenous therapy administered by a registered nurse.

(3) Parenteral injections required more than once a week.

(4) Catheterizations, continuing care of indwelling catheters with supervision of irrigations, and changing of Foley catheters when required.

(5) Respiratory care including inhalation therapy and tracheotomy care or tracheotomy care and ventilator.

(6) Care of decubiti and other ulcerated areas, noting and reporting to the nurse or therapist.

(7) Rehabilitation services including, but not limited to, bowel and bladder training, range of motion exercises, ambulation training, restorative nursing services, reteaching the activities of daily living, respiratory care and breathing programs, reality orientation, reminiscing therapy, remotivation, and behavior modification.

(8) Colostomy care.

(9) Care of medical conditions out of control which includes brittle diabetes and comfort care of terminal conditions.

(10) Postsurgical nursing care.

(11) Monitoring medications requiring close supervision because of fluctuating physical or psychological conditions, e.g., antihypertensives, digitalis preparations, mood-altering or psychotropic drugs, or narcotics.

(12) Preparing and monitoring response to therapeutic diets.

(13) Recording and reporting of changes in vital signs to the nurse or therapist.

c. A unit of service provided by an individual or an agency, other than an assisted living program, is 1 hour, or one 8- to 24-hour day. When provided by an assisted living program, a unit of service is one calendar month. If services are provided by an assisted living program for less than one full calendar month, the monthly reimbursement rate shall be prorated based on the number of days service is provided. Except for services provided by an assisted living program, each service shall be billed in whole units.

d. The consumer, parent, guardian, or attorney in fact under a durable power of attorney for health care shall be responsible for selecting the person or agency who will provide the components of the attendant care services to be provided.

e. The consumer, parent, guardian, or attorney in fact under a durable power of attorney for health care shall determine the components of the attendant care services to be provided with the person who is providing the services to the consumer.

f. The service activities may not include parenting or child care for or on behalf of the consumer.

g. The consumer, parent, guardian, or attorney in fact under a durable power of attorney for health care and the provider shall complete and sign Form 470-3372, HCBS Consumer-Directed Attendant Care Agreement. A copy of the completed agreement shall be attached to the service plan, which is signed by the service worker prior to the initiation of services, and kept in the consumer's and department's records.

h. If the consumer has a guardian or attorney in fact under a durable power of attorney for health care, the care plan shall address how consumer-directed attendant care services will be monitored to ensure the consumer's needs are being adequately met. If the guardian or attorney in fact is the service provider, the service plan shall address how the service worker or case manager shall oversee service provision.

i. If the consumer has a guardian or attorney in fact under a durable power of attorney for health care, the guardian or attorney in fact shall sign the claim form in place of the consumer, indicating that the service has been provided as presented on the claim.

j. The frequency or intensity of services shall be indicated in the service plan.

k. Consumer-directed attendant care services may not be simultaneously reimbursed with any other HCBS waiver services.

l. Consumer-directed attendant care services may be provided to a recipient of in-home health-related care services, but not at the same time.

m. Services may be provided in the absence of a parent or guardian if the parent or guardian has given advanced direction for the service provision.

78.37(16) Consumer choices option. The consumer choices option provides a consumer with a flexible monthly individual budget that is based on the consumer's service needs. With the individual budget, the consumer shall have the authority to purchase goods and services and may choose to employ providers of services and supports. Components of this service are set forth below.

a. Agreement. As a condition of participating in the consumer choices option, a consumer shall sign Form 470-4289, HCBS Consumer Choices Informed Consent and Risk Agreement, to document that the consumer has been informed of the responsibilities and risks of electing the consumer choices option.

b. Individual budget amount. A monthly individual budget amount shall be set for each consumer. The consumer's department service worker or Medicaid targeted case manager shall determine the amount of each consumer's individual budget, based on the services and supports authorized in the consumer's service plan. The consumer shall be informed of the individual budget amount during the development of the service plan.

(1) Services that may be included in determining the individual budget amount for a consumer in the HCBS elderly waiver are:

1. Assistive devices.
2. Chore service.
3. Consumer-directed attendant care (unskilled).
4. Home and vehicle modification.
5. Home-delivered meals.
6. Homemaker service.
7. Basic individual respite care.
8. Senior companion.
9. Transportation.

(2) The department shall determine an average unit cost for each service listed in subparagraph (1) based on actual unit costs from the previous fiscal year plus a cost-of-living adjustment.

(3) In aggregate, costs for individual budget services shall not exceed the current costs of waiver program services. In order to maintain cost neutrality, the department shall apply a utilization adjustment factor to the amount of service authorized in the consumer's service plan before calculating the value of that service to be included in the individual budget amount.

(4) The department shall compute the utilization adjustment factor for each service by dividing the net costs of all claims paid for the service by the total of the authorized costs for that service, using at least 12 consecutive months of aggregate service data. The utilization adjustment factor shall be no lower than 60 percent. The department shall analyze and adjust the utilization adjustment factor at least annually in order to maintain cost neutrality.

(5) Anticipated costs for home and vehicle modification are not subject to the average cost in subparagraph (2) or the utilization adjustment factor in subparagraph (3). Costs for home and vehicle modification may be released in a one-time payment.

(6) The individual budget amount may be changed only at the first of the month and shall remain fixed for the entire month.

c. Required service components. To participate in the consumer choices option, a consumer must hire an independent support broker and must work with a financial management service that is enrolled as a Medicaid HCBS elderly waiver services provider.

(1) Before hiring the individual support broker, the consumer shall receive the results of the background check conducted pursuant to 441—subrule 77.30(14).

(2) If the consumer chooses to hire a person who has a criminal record or founded abuse report, the consumer assumes the risk for this action and shall acknowledge this information on Form 470-4289, HCBS Consumer Choices Informed Consent and Risk Agreement.

d. Optional service components. A consumer who elects the consumer choices option may purchase the following services and supports, which shall be provided in the consumer's home or at an integrated community setting:

(1) Self-directed personal care services. Self-directed personal care services are services or goods that provide a range of assistance in activities of daily living and incidental activities of daily living that help the consumer remain in the home and community.

(2) Self-directed community supports and employment. Self-directed community supports and employment are services that support the consumer in developing and maintaining independence and community integration.

(3) Individual-directed goods and services. Individual-directed goods and services are services, equipment, or supplies not otherwise provided through the Medicaid program that address a need identified in the consumer's service plan. The item or service shall decrease the consumer's need for other Medicaid services, promote the consumer's inclusion in the community, or increase the consumer's safety in the community.

e. Development of the individual budget. The individual support broker shall assist the consumer in developing and implementing the consumer's individual budget. The individual budget shall include:

(1) The costs of the financial management service.

(2) The costs of the independent support broker. The independent support broker may be compensated for up to 6 hours of service for assisting with the implementation of the initial individual budget. After the initial implementation, the independent support broker shall not be paid for more than 20 hours of service during a 12-month period without prior approval by the department.

(3) The costs of any services and supports chosen by the consumer as described in paragraph "d."

f. Budget authority. The consumer shall have authority over the individual budget authorized by the department to perform the following tasks:

(1) Contract with entities to provide services and supports as described in this subrule.

(2) Determine the amount to be paid for services with the exception of the independent support broker and the financial management service. Reimbursement rates for the independent support broker and the financial management service are subject to the limits in 441—subrule 79.1(2).

(3) Schedule the provision of services.

(4) Authorize payment for waiver goods and services identified in the individual budget. Consumers shall not use the individual budget to purchase room and board, sheltered workshop services, child care, or personal entertainment items.

(5) Reallocate funds among services included in the budget.

g. Delegation of budget authority. The consumer may delegate responsibility for the individual budget to a representative in addition to the independent support broker.

(1) The representative must be at least 18 years old.

(2) The representative shall not be a current provider of service to the consumer.

(3) The consumer shall sign a consent form that designates who the consumer has chosen as a representative and what responsibilities the representative shall have.

(4) The representative shall not be paid for this service.

h. Employer authority. The consumer shall have the authority to be the common-law employer of employees providing services and support under the consumer choices option. A common-law employer has the right to direct and control the performance of the services. The consumer may perform the following functions:

- (1) Recruit employees.
- (2) Select employees from a worker registry.
- (3) Verify employee qualifications.
- (4) Specify additional employee qualifications.
- (5) Determine employee duties.
- (6) Determine employee wages and benefits.
- (7) Schedule employees.
- (8) Train and supervise employees.

i. Employment agreement. Any person employed by the consumer to provide services under the consumer choices option shall sign an employment agreement with the consumer that outlines the employee's and consumer's responsibilities.

j. Responsibilities of the independent support broker. The independent support broker shall perform the services specified in 78.34(13) "j."

k. Responsibilities of the financial management service. The financial management service shall perform all of the services specified in 78.34(13) "k."

78.37(17) Case management services. Case management services are services that assist a consumer in gaining access to medical, social, and other appropriate services needed for the consumer to remain in the consumer's home. Case management is provided at the direction of the consumer and the interdisciplinary team established pursuant to 441—subrule 83.22(2).

a. Case management services shall include:

- (1) A comprehensive assessment of the consumer's needs, which must be made within 30 days of referral to case management.
- (2) Development and implementation of a service plan to meet those needs.
- (3) Coordination, authorization, and monitoring of all services.
- (4) A face-to-face meeting by the case manager with the consumer at least quarterly.
- (5) Monitoring of the consumer's health, safety, and welfare.
- (6) Evaluation of outcomes.
- (7) Periodic reassessment and revision of the service plan as needed but at least annually.
- (8) Assurance that consumers have a choice of providers.

b. Case management shall not include the provision of direct services by the case managers.

c. Payment for case management shall not be made until the consumer is enrolled in the waiver. Payment shall be made only for case management activity performed on behalf of the consumer during a month when the consumer is enrolled.

d. A unit of service is one month.

This rule is intended to implement Iowa Code section 249A.4.

441—78.38(249A) HCBS AIDS/HIV waiver services. Payment will be approved for the following services to clients eligible for the HCBS AIDS/HIV waiver services as established in 441—Chapter 83. Services must be billed in whole units.

78.38(1) Counseling services. Counseling services are face-to-face mental health services provided to the client and caregiver by a mental health professional as defined in rule 441—24.61(225C,230A) to facilitate home management of the client and prevent institutionalization. Counseling services are nonpsychiatric services necessary for the management of depression, assistance with the grief process, alleviation of psychosocial isolation and support in coping with a disability or illness, including terminal illness. Counseling services may be provided both for the purpose of training the client's family or other caregiver to provide care, and for the purpose of helping the client and those caring for the client to

adjust to the client's disability or terminal condition. Counseling services may be provided to the client's caregiver only when included in the case plan for the client.

Payment will be made for individual and group counseling. A unit of individual counseling for the waiver client or the waiver client and the client's caregiver is 15 minutes. A unit of group counseling is one hour. Payment for group counseling is based on the group rate divided by six, or, if the number of persons who comprise the group exceeds six, the actual number of persons who comprise the group.

78.38(2) Home health aide services. Home health aide services are personal or direct care services provided to the client which are not payable under Medicaid as set forth in rule 441—78.9(249A). A unit of service is a visit. Components of the service are:

- a. Observation and reporting of physical or emotional needs.
- b. Helping a client with bath, shampoo, or oral hygiene.
- c. Helping a client with toileting.
- d. Helping a client in and out of bed and with ambulation.
- e. Helping a client reestablish activities of daily living.
- f. Assisting with oral medications ordinarily self-administered and ordered by a physician.
- g. Performing incidental household services which are essential to the client's health care at home and are necessary to prevent or postpone institutionalization in order to complete a full unit of service.

78.38(3) Homemaker services. Homemaker services are those services provided when the client lives alone or when the person who usually performs these functions for the client needs assistance with performing the functions. A unit of service is one hour. Components of the service are directly related to the care of the client and are:

- a. Essential shopping: shopping for basic need items such as food, clothing or personal care items, or drugs.
- b. Limited housecleaning: maintenance cleaning such as vacuuming, dusting, scrubbing floors, defrosting refrigerators, cleaning stoves, cleaning medical equipment, washing and mending clothes, washing personal items used by the client, and dishes.
- c. Accompaniment to medical or psychiatric services or for children aged 18 and under to school.
- d. Meal preparation: planning and preparing balanced meals.

78.38(4) Nursing care services. Nursing care services are services provided by licensed agency nurses to clients in the home which are ordered by and included in the plan of treatment established by the physician. The services shall be reasonable and necessary to the treatment of an illness or injury and include: observation; evaluation; teaching; training; supervision; therapeutic exercise; bowel and bladder care; administration of medications; intravenous and enteral feedings; skin care; preparation of clinical and progress notes; coordination of services; and informing the physician and other personnel of changes in the patient's conditions and needs. A unit of service is a visit.

78.38(5) Respite care services. Respite care services are services provided to the consumer that give temporary relief to the usual caregiver and provide all the necessary care that the usual caregiver would provide during that time period. The purpose of respite care is to enable the consumer to remain in the consumer's current living situation.

a. Services provided outside the consumer's home shall not be reimbursable if the living unit where respite is provided is otherwise reserved for another person on a temporary leave of absence.

b. Staff-to-consumer ratios shall be appropriate to the individual needs of the consumer as determined by the consumer's interdisciplinary team.

c. A unit of service is one hour.

d. The interdisciplinary team shall determine if the consumer will receive basic individual respite, specialized respite or group respite as defined in rule 441—83.41(249A).

e. When respite care is provided, the provision of, or payment for, other duplicative services under the waiver is precluded.

f. A maximum of 14 consecutive days of 24-hour respite care may be reimbursed.

g. Respite services provided for a period exceeding 24 consecutive hours to three or more individuals who require nursing care because of a mental or physical condition must be provided by a health care facility licensed as described in Iowa Code chapter 135C.

h. Respite care is not to be provided to persons during the hours in which the usual caregiver is employed except when the consumer is attending a camp. Respite cannot be provided to a consumer whose usual caregiver is a consumer-directed attendant care provider for the consumer.

78.38(6) *Home-delivered meals.* Home-delivered meals means meals prepared elsewhere and delivered to a waiver recipient at the recipient's residence. Each meal shall ensure the recipient receives a minimum of one-third of the daily recommended dietary allowance as established by the Food and Nutrition Board of the National Research Council of the National Academy of Sciences. The meal may also be a liquid supplement which meets the minimum one-third standard. A maximum of 14 meals is allowed per week. A unit of service is a meal.

78.38(7) *Adult day care services.* Adult day care services provide an organized program of supportive care in a group environment to persons who need a degree of supervision and assistance on a regular or intermittent basis in a day care center. A unit of service is a half day (1 to 4 hours), a full day (4 to 8 hours), or an extended day (8 to 12 hours). Components of the service are as set forth in rule 441—171.6(234) or the department of elder affairs rule 321—24.7(231).

78.38(8) *Consumer-directed attendant care service.* Consumer-directed attendant care services are service activities performed by a person to help a consumer with self-care tasks which the consumer would typically do independently if the consumer were otherwise able.

a. The service activities may include helping the consumer with any of the following nonskilled service activities:

- (1) Dressing.
- (2) Bath, shampoo, hygiene, and grooming.
- (3) Access to and from bed or a wheelchair, transferring, ambulation, and mobility in general. It is recommended that the provider receive certification of training and return demonstration for transferring. Certification for this is available through the area community colleges.
- (4) Toilet assistance, including bowel, bladder, and catheter assistance. It is recommended that the provider receive certification of training and return demonstration for catheter assistance. Certification for this is available through the area community colleges.
- (5) Meal preparation, cooking, eating and feeding but not the cost of meals themselves.
- (6) Housekeeping services which are essential to the consumer's health care at home.
- (7) Medications ordinarily self-administered including those ordered by a physician or other qualified health care provider. It is recommended the provider successfully complete a medication aide course administered by an area community college.
- (8) Wound care.
- (9) Assistance needed to go to or return from a place of employment and assistance with job-related tasks while the consumer is on the job site. The cost of transportation for the consumer and assistance with understanding or performing the essential job functions are not included in consumer-directed attendant care services.
- (10) Cognitive assistance with tasks such as handling money and scheduling.
- (11) Fostering communication through interpreting and reading services as well as assistive devices for communication.
- (12) Assisting or accompanying a consumer in using transportation essential to the health and welfare of the consumer. The cost of the transportation is not included.

b. The service activities may include helping the consumer with any of the following skilled services under the supervision of a licensed nurse or licensed therapist working under the direction of a physician. The licensed nurse or therapist shall retain accountability for actions that are delegated. The licensed nurse or therapist shall ensure appropriate assessment, planning, implementation, and evaluation. The licensed nurse or therapist shall make on-site supervisory visits every two weeks with the provider present. The cost of the supervision provided by the licensed nurse or therapist shall be paid from private insurance and other third-party payment sources, Medicare, the regular Medicaid program, or the early periodic screening diagnosis and treatment program before accessing the HCBS waiver.

- (1) Tube feedings of consumers unable to eat solid foods.
- (2) Intravenous therapy administered by a registered nurse.

- (3) Parenteral injections required more than once a week.
 - (4) Catheterizations, continuing care of indwelling catheters with supervision of irrigations, and changing of Foley catheters when required.
 - (5) Respiratory care including inhalation therapy and tracheotomy care or tracheotomy care and ventilator.
 - (6) Care of decubiti and other ulcerated areas, noting and reporting to the nurse or therapist.
 - (7) Rehabilitation services including, but not limited to, bowel and bladder training, range of motion exercises, ambulation training, restorative nursing services, reteaching the activities of daily living, respiratory care and breathing programs, reality orientation, reminiscing therapy, remotivation, and behavior modification.
 - (8) Colostomy care.
 - (9) Care of medical conditions out of control which includes brittle diabetes and comfort care of terminal conditions.
 - (10) Postsurgical nursing care.
 - (11) Monitoring medications requiring close supervision because of fluctuating physical or psychological conditions, e.g., antihypertensives, digitalis preparations, mood-altering or psychotropic drugs, or narcotics.
 - (12) Preparing and monitoring response to therapeutic diets.
 - (13) Recording and reporting of changes in vital signs to the nurse or therapist.
- c.* A unit of service is 1 hour, or one 8- to 24-hour day provided by an individual or an agency. Each service shall be billed in whole units.
- d.* The consumer, parent, guardian, or attorney in fact under a durable power of attorney for health care shall be responsible for selecting the person or agency who will provide the components of the attendant care services to be provided.
- e.* The consumer, parent, guardian, or attorney in fact under a durable power of attorney for health care shall determine the components of the attendant care services to be provided with the person who is providing the services to the consumer.
- f.* The service activities may not include parenting or child care for or on behalf of the consumer.
- g.* The consumer, parent, guardian, or attorney in fact under a durable power of attorney for health care and the provider shall complete and sign Form 470-3372, HCBS Consumer-Directed Attendant Care Agreement. A copy of the completed agreement shall be attached to the service plan, which is signed by the service worker prior to the initiation of services, and kept in the consumer's and department's records.
- h.* If the consumer has a guardian or attorney in fact under a durable power of attorney for health care, the care plan shall address how consumer-directed attendant care services will be monitored to ensure the consumer's needs are being adequately met. If the guardian or attorney in fact is the service provider, the service plan shall address how the service worker or case manager shall oversee service provision.
- i.* If the consumer has a guardian or attorney in fact under a durable power of attorney for health care, the guardian or attorney in fact shall sign the claim form in place of the consumer, indicating that the service has been provided as presented on the claim.
- j.* The frequency or intensity of services shall be indicated in the service plan.
- k.* Consumer-directed attendant care services may not be simultaneously reimbursed with any other HCBS waiver services.
- l.* Consumer-directed attendant care services may be provided to a recipient of in-home health-related care services, but not at the same time.
- m.* Services may be provided in the absence of a parent or guardian if the parent or guardian has given advanced direction for the service provision.

78.38(9) Consumer choices option. The consumer choices option provides a consumer with a flexible monthly individual budget that is based on the consumer's service needs. With the individual budget, the consumer shall have the authority to purchase goods and services and may choose to employ providers of services and supports. Components of this service are set forth below.

a. Agreement. As a condition of participating in the consumer choices option, a consumer shall sign Form 470-4289, HCBS Consumer Choices Informed Consent and Risk Agreement, to document that the consumer has been informed of the responsibilities and risks of electing the consumer choices option.

b. Individual budget amount. A monthly individual budget amount shall be set for each consumer. The consumer's department service worker or Medicaid targeted case manager shall determine the amount of each consumer's individual budget, based on the services and supports authorized in the consumer's service plan. The consumer shall be informed of the individual budget amount during the development of the service plan.

(1) Services that may be included in determining the individual budget amount for a consumer in the HCBS AIDS/HIV waiver are:

1. Consumer-directed attendant care (unskilled).
2. Home-delivered meals.
3. Homemaker service.
4. Basic individual respite care.

(2) The department shall determine an average unit cost for each service listed in subparagraph (1) based on actual unit costs from the previous fiscal year plus a cost-of-living adjustment.

(3) In aggregate, costs for individual budget services shall not exceed the current costs of waiver program services. In order to maintain cost neutrality, the department shall apply a utilization adjustment factor to the amount of service authorized in the consumer's service plan before calculating the value of that service to be included in the individual budget amount.

(4) The department shall compute the utilization adjustment factor for each service by dividing the net costs of all claims paid for the service by the total of the authorized costs for that service, using at least 12 consecutive months of aggregate service data. The utilization adjustment factor shall be no lower than 60 percent. The department shall analyze and adjust the utilization adjustment factor at least annually in order to maintain cost neutrality.

(5) The individual budget amount may be changed only at the first of the month and shall remain fixed for the entire month.

c. Required service components. To participate in the consumer choices option, a consumer must hire an independent support broker and must work with a financial management service that is enrolled as a Medicaid HCBS AIDS/HIV waiver services provider.

(1) Before hiring the individual support broker, the consumer shall receive the results of the background check conducted pursuant to 441—subrule 77.30(14).

(2) If the consumer chooses to hire a person who has a criminal record or founded abuse report, the consumer assumes the risk for this action and shall acknowledge this information on Form 470-4289, HCBS Consumer Choices Informed Consent and Risk Agreement.

d. Optional service components. A consumer who elects the consumer choices option may purchase the following services and supports, which shall be provided in the consumer's home or at an integrated community setting:

(1) Self-directed personal care services. Self-directed personal care services are services or goods that provide a range of assistance in activities of daily living and incidental activities of daily living that help the consumer remain in the home and community.

(2) Self-directed community supports and employment. Self-directed community supports and employment are services that support the consumer in developing and maintaining independence and community integration.

(3) Individual-directed goods and services. Individual-directed goods and services are services, equipment, or supplies not otherwise provided through the Medicaid program that address a need identified in the consumer's service plan. The item or service shall decrease the consumer's need for other Medicaid services, promote the consumer's inclusion in the community, or increase the consumer's safety in the community.

e. Development of the individual budget. The individual support broker shall assist the consumer in developing and implementing the consumer's individual budget. The individual budget shall include:

- (1) The costs of the financial management service.
- (2) The costs of the independent support broker. The independent support broker may be compensated for up to 6 hours of service for assisting with the implementation of the initial individual budget. After the initial implementation, the independent support broker shall not be paid for more than 20 hours of service during a 12-month period without prior approval by the department.
- (3) The costs of any services and supports chosen by the consumer as described in paragraph “d.”
 - f. Budget authority.* The consumer shall have authority over the individual budget authorized by the department to perform the following tasks:
 - (1) Contract with entities to provide services and supports as described in this subrule.
 - (2) Determine the amount to be paid for services with the exception of the independent support broker and the financial management service. Reimbursement rates for the independent support broker and the financial management service are subject to the limits in 441—subrule 79.1(2).
 - (3) Schedule the provision of services.
 - (4) Authorize payment for waiver goods and services identified in the individual budget. Consumers shall not use the individual budget to purchase room and board, sheltered workshop services, child care, or personal entertainment items.
 - (5) Reallocate funds among services included in the budget.
 - g. Delegation of budget authority.* The consumer may delegate responsibility for the individual budget to a representative in addition to the independent support broker.
 - (1) The representative must be at least 18 years old.
 - (2) The representative shall not be a current provider of service to the consumer.
 - (3) The consumer shall sign a consent form that designates who the consumer has chosen as a representative and what responsibilities the representative shall have.
 - (4) The representative shall not be paid for this service.
 - h. Employer authority.* The consumer shall have the authority to be the common-law employer of employees providing services and support under the consumer choices option. A common-law employer has the right to direct and control the performance of the services. The consumer may perform the following functions:
 - (1) Recruit employees.
 - (2) Select employees from a worker registry.
 - (3) Verify employee qualifications.
 - (4) Specify additional employee qualifications.
 - (5) Determine employee duties.
 - (6) Determine employee wages and benefits.
 - (7) Schedule employees.
 - (8) Train and supervise employees.
 - i. Employment agreement.* Any person employed by the consumer to provide services under the consumer choices option shall sign an employment agreement with the consumer that outlines the employee’s and consumer’s responsibilities.
 - j. Responsibilities of the independent support broker.* The independent support broker shall perform the services specified in 78.34(13) “j.”
 - k. Responsibilities of the financial management service.* The financial management service shall perform all of the services specified in 78.34(13) “k.”

This rule is intended to implement Iowa Code section 249A.4.

441—78.39(249A) Federally qualified health centers. Payment shall be made for services as defined in Section 1905(a)(2)(C) of the Social Security Act.

78.39(1) Utilization review. Utilization review shall be conducted of Medicaid recipients who access more than 24 outpatient visits in any 12-month period from physicians, advanced registered nurse practitioners, federally qualified health centers, other clinics, and emergency rooms. Refer to rule 441—76.9(249A) for further information concerning the recipient lock-in program.

78.39(2) Risk assessments. Risk assessments, using Form 470-2942, Medicaid Prenatal Risk Assessment, shall be completed twice during a Medicaid recipient's pregnancy. If the risk assessment reflects a high-risk pregnancy, referral shall be made for enhanced services. See description of enhanced services at subrule 78.25(3).

Federally qualified health centers which wish to administer vaccines which are available through the vaccines for children program to Medicaid recipients shall enroll in the vaccines for children program. In lieu of payment, vaccines available through the vaccines for children program shall be accessed from the department of public health for Medicaid recipients.

78.39(3) EPSDT care coordination. Payment for EPSDT care coordination services outlined in 78.18(6)“b”(2)“1” to “7” is available to MediPASS eligible providers as defined in rule 441—88.41(249A) who accept responsibility for providing EPSDT care coordination services to the MediPASS recipients under the age of 21 assigned to them on a monthly basis. All MediPASS providers shall be required to complete Form 470-3183, Care Coordination Agreement, to reflect acceptance or denial of EPSDT care coordination responsibility. When the MediPASS provider does not accept the responsibility, the MediPASS patients assigned to the MediPASS provider are automatically referred to the designated department of public health EPSDT care coordination agency in the recipient's geographical area. Acknowledgment of acceptance of the EPSDT care coordination responsibility shall be for a specified period of time of no less than six months. MediPASS providers who identify MediPASS EPSDT recipients in need of transportation assistance beyond that available according to rule 441—78.13(249A) shall be referred to the designated department of public health agency assigned to the geographical area of the recipient's residence.

This rule is intended to implement Iowa Code section 249A.4.

441—78.40(249A) Advanced registered nurse practitioners. Payment shall be approved for services provided by advanced registered nurse practitioners within their scope of practice and the limitations of state law, with the exception of services not payable to physicians under rule 441—78.1(249A) or otherwise not payable under any other applicable rule.

78.40(1) Direct payment. Payment shall be made to advanced registered nurse practitioners directly, without regard to whether the advanced registered nurse practitioner is employed by or associated with a physician, hospital, birth center, clinic or other health care provider recognized under state law. An established protocol between a physician and the advanced registered nurse practitioner shall not cause an advanced registered nurse practitioner to be considered auxiliary personnel of a physician, or an employee of a hospital, birth center, or clinic.

78.40(2) Location of service. Payment shall be approved for services rendered in any location in which the advanced registered nurse practitioner is legally authorized to provide services under state law. The nurse practitioner shall have promptly available the necessary equipment and personnel to handle emergencies.

78.40(3) Utilization review. Utilization review shall be conducted of Medicaid recipients who access more than 24 outpatient visits in any 12-month period from physicians, advanced registered nurse practitioners, other clinics, and emergency rooms. Refer to rule 441—76.9(249A) for further information concerning the recipient lock-in program.

78.40(4) Vaccine administration. Advanced registered nurse practitioners who wish to administer vaccines which are available through the vaccines for children program to Medicaid recipients shall enroll in the vaccines for children program. In lieu of payment, vaccines available through the vaccines for children program shall be accessed from the department of public health for Medicaid recipients. Advanced registered nurse practitioners shall receive reimbursement for the administration of vaccines to Medicaid recipients.

78.40(5) Prenatal risk assessment. Risk assessments, using Form 470-2942, Medicaid Prenatal Risk Assessment, shall be completed twice during a Medicaid recipient's pregnancy. If the risk assessment reflects a high-risk pregnancy, referral shall be made for enhanced services. (See description of enhanced services at subrule 78.25(3).)

This rule is intended to implement Iowa Code section 249A.4.

441—78.41(249A) HCBS MR waiver services. Payment will be approved for the following services to consumers eligible for the HCBS MR waiver services as established in 441—Chapter 83 and as identified in the consumer’s service plan. All services include the applicable and necessary instruction, supervision, assistance and support as required by the consumer in achieving the consumer’s life goals. The services, amount and supports provided under the HCBS MR waiver shall be delivered in the least restrictive environment and in conformity with the consumer’s service plan.

Reimbursement shall not be available under the waiver for any services that the consumer can obtain through the Medicaid state plan.

All services shall be billed in whole units.

78.41(1) Supported community living services. Supported community living services are provided by the provider within the consumer’s home and community, according to the individualized consumer need as identified in the service plan pursuant to rule 441—83.67(249A).

a. Available components of the service are personal and home skills training services, individual advocacy services, community skills training services, personal environment support services, transportation, and treatment services.

(1) Personal and home skills training services are those activities which assist a consumer to develop or maintain skills for self-care, self-directedness, and care of the immediate environment.

(2) “Individual advocacy services” means the act or process of representing the individual’s rights and interests in order to realize the rights to which the individual is entitled and to remove barriers to meeting the individual’s needs.

(3) “Community skills training services” means activities which assist a person to develop or maintain skills allowing better participation in the community. Services shall focus on the following areas as they are applicable to individuals being served:

1. Personal management skills training services are activities which assist a person to maintain or develop skills necessary to sustain oneself in the physical environment and are essential to the management of one’s personal business and property. This includes self-advocacy skills. Examples of personal management skills are the ability to maintain a household budget; plan and prepare nutritional meals; ability to use community resources such as public transportation, libraries, etc., and ability to select foods at the grocery store.

2. Socialization skills training services are those activities which assist a consumer to develop or maintain skills which include self-awareness and self-control, social responsiveness, community participation, social amenities, and interpersonal skills.

3. Communication skills training services are activities which assist a person to develop or maintain skills including expressive and receptive skills in verbal and nonverbal language and the functional application of acquired reading and writing skills.

(4) “Personal and environmental support services” means activities and expenditures provided to or on behalf of a person in the areas of personal needs in order to allow the person to function in the least restrictive environment.

(5) “Transportation services” means activities and expenditures designed to assist the person to travel from one place to another to obtain services or carry out life’s activities. The service excludes transportation to and from work.

(6) “Treatment services” means activities designed to assist the person to maintain or improve physiological, emotional and behavioral functioning and to prevent conditions that would present barriers to a person’s functioning. Treatment services include physical or physiological treatment and psychotherapeutic treatment.

1. Physiological treatment means activities including medication regimens designed to prevent, halt, control, relieve, or reverse symptoms or conditions which interfere with the normal functioning of the human body. The activities shall be provided by or under the supervision of a health care professional certified or licensed to provide the treatment activity specified.

2. Psychotherapeutic treatment means activities provided to assist a person in the identification or modification of beliefs, emotions, attitudes, or behaviors in order to maintain or improve the person’s functioning in response to the physical, emotional, and social environment.

b. The supported community living services are intended to provide for the daily living needs of the consumer and shall be available as needed during any 24-hour period. Activities do not include those associated with vocational services, academics, day care, medical services, Medicaid case management or other case management. Services are individualized supportive services provided in a variety of community-based, integrated settings.

(1) Supported community living services shall be available at a daily rate to consumers living outside the home of their family, legal representative, or foster family and for whom a provider has primary responsibility for supervision or structure during the month. This service will provide supervision or structure in identified time periods when another resource is not available.

(2) Supported community living services shall be available at an hourly rate to consumers for whom a daily rate is not established.

c. Services may be provided to a child or an adult. A maximum of three consumers receiving community-supported alternative living arrangements or HCBS MR services may reside in a living unit except providers meeting requirements set forth in 441—paragraph 77.37(14) “e.”

(1) Consumers may live within the home of their family or legal representative or within other types of typical community living arrangements.

(2) Consumers of services living with families or legal representatives are not subject to the maximum of three consumers in a living unit.

(3) Consumers may not live in licensed medical or health care facilities or in settings required to be licensed as medical or health care facilities.

(4) Consumers aged 17 or under living within the home of their family, legal representative, or foster families shall receive services based on development of adaptive, behavior, or health skills. Duration of services shall be based on age appropriateness and individual attention span.

d. Rescinded IAB 2/5/03, effective 2/1/03.

e. Transportation to and from a day program is not a reimbursable service. Maintenance and room and board costs are not reimbursable.

f. Provider budgets shall reflect all staff-to-consumer ratios and shall reflect costs associated with consumers’ specific support needs for travel and transportation, consulting, instruction, and environmental modifications and repairs, as determined necessary by the interdisciplinary team for each consumer. The specific support needs must be identified in the Medicaid case manager’s service plan, the total costs shall not exceed \$1570 per consumer per year, and the provider must maintain records to support the expenditures. A unit of service is:

(1) One full calendar day when a consumer residing in the living unit receives on-site staff supervision for 14 or more hours per day as an average over a 7-day week and the consumer’s individual comprehensive plan or case plan identifies and reflects the need for this amount of supervision.

(2) One hour when subparagraph (1) does not apply.

g. The maximum number of units available per consumer is as follows:

(1) 365 daily units per state fiscal year except a leap year when 366 daily units are available.

(2) 5,110 hourly units are available per state fiscal year except a leap year when 5,124 hourly units are available.

h. The service shall be identified in the consumer’s individual comprehensive plan.

i. Services shall not be simultaneously reimbursed with other residential services, HCBS MR respite, Medicaid or HCBS MR nursing, or Medicaid or HCBS MR home health aide services.

78.41(2) Respite services. Respite care services are services provided to the consumer that give temporary relief to the usual caregiver and provide all the necessary care that the usual caregiver would provide during that time period. The purpose of respite care is to enable the consumer to remain in the consumer’s current living situation.

a. Services provided outside the consumer’s home shall not be reimbursable if the living unit where the respite is provided is reserved for another person on a temporary leave of absence.

b. Staff-to-consumer ratios shall be appropriate to the individual needs of the consumer as determined by the consumer’s interdisciplinary team.

c. A unit of service is one hour.

- d. Payment for respite services shall not exceed \$7,050 per the consumer's waiver year.
- e. The service shall be identified in the consumer's individual comprehensive plan.
- f. Respite services shall not be simultaneously reimbursed with other residential or respite services, HCBS MR waiver supported community living services, Medicaid or HCBS MR nursing, or Medicaid or HCBS MR home health aide services.
- g. Respite care is not to be provided to persons during the hours in which the usual caregiver is employed except when the consumer is attending a camp. Respite cannot be provided to a consumer whose usual caregiver is a consumer-directed attendant care provider for the consumer.
- h. The interdisciplinary team shall determine if the consumer will receive basic individual respite, specialized respite or group respite as defined in rule 441—83.60(249A).
- i. A maximum of 14 consecutive days of 24-hour respite care may be reimbursed.
- j. Respite services provided for a period exceeding 24 consecutive hours to three or more individuals who require nursing care because of a mental or physical condition must be provided by a health care facility licensed as described in Iowa Code chapter 135C.

78.41(3) *Personal emergency response system.* The personal emergency response system is an electronic component that transmits a coded signal via digital equipment to a central monitoring station. The electronic device allows a person to access assistance in the event of an emergency when alone.

- a. The necessary components of the system are:
 - (1) An in-home medical communications transceiver.
 - (2) A remote, portable activator.
 - (3) A central monitoring station with backup systems staffed by trained attendants 24 hours per day, seven days per week.
 - (4) Current data files at the central monitoring station containing response protocols and personal, medical and emergency information for each consumer.
- b. The service shall be identified in the consumer's individual comprehensive plan.
- c. A unit is a one-time installation fee or one month of service.
- d. Maximum units per state fiscal year are the initial installation and 12 months of service.

78.41(4) *Home and vehicle modifications.* Covered home and vehicle modifications are those physical modifications to the consumer's home or vehicle listed below that directly address the consumer's medical or remedial need. Covered modifications must be necessary to provide for the health, welfare, or safety of the consumer and enable the consumer to function with greater independence in the home or vehicle.

a. Modifications that are necessary or desirable without regard to the consumer's medical or remedial need and that would be expected to increase the fair market value of the home or vehicle, such as furnaces, fencing, roof repair, or adding square footage to the residence, are excluded except as specifically included below. Repairs are also excluded.

- b. Only the following modifications are covered:
 - (1) Kitchen counters, sink space, cabinets, special adaptations to refrigerators, stoves, and ovens.
 - (2) Bathtubs and toilets to accommodate transfer, special handles and hoses for shower heads, water faucet controls, and accessible showers and sink areas.
 - (3) Grab bars and handrails.
 - (4) Turnaround space adaptations.
 - (5) Ramps, lifts, and door, hall and window widening.
 - (6) Fire safety alarm equipment specific for disability.
 - (7) Voice-activated, sound-activated, light-activated, motion-activated, and electronic devices directly related to the consumer's disability.
 - (8) Vehicle lifts, driver-specific adaptations, remote-start systems, including such modifications already installed in a vehicle.
 - (9) Keyless entry systems.
 - (10) Automatic opening device for home or vehicle door.
 - (11) Special door and window locks.
 - (12) Specialized doorknobs and handles.

- (13) Plexiglas replacement for glass windows.
- (14) Modification of existing stairs to widen, lower, raise or enclose open stairs.
- (15) Motion detectors.
- (16) Low-pile carpeting or slip-resistant flooring.
- (17) Telecommunications device for the deaf.
- (18) Exterior hard-surface pathways.
- (19) New door opening.
- (20) Pocket doors.
- (21) Installation or relocation of controls, outlets, switches.
- (22) Air conditioning and air filtering if medically necessary.
- (23) Heightening of existing garage door opening to accommodate modified van.
- (24) Bath chairs.

c. A unit of service is the completion of needed modifications or adaptations.

d. All modifications and adaptations shall be provided in accordance with applicable federal, state, and local building and vehicle codes.

e. Services shall be performed following department approval of a binding contract between the enrolled home and vehicle modification provider and the consumer.

f. The contract shall include, at a minimum, the work to be performed, cost, time frame for work completion, and assurance of liability and workers' compensation coverage.

g. Service payment shall be made to the enrolled home and vehicle modification provider. If applicable, payment will be forwarded to the subcontracting agency by the enrolled home and vehicle modification provider following completion of the approved modifications.

h. Services shall be included in the consumer's service plan and shall exceed the Medicaid state plan services.

78.41(5) *Nursing services.* Nursing services are individualized in-home medical services provided by licensed nurses. Services shall exceed the Medicaid state plan services and be included in the consumer's individual comprehensive plan.

a. A unit of service is one hour.

b. A maximum of ten units are available per week.

78.41(6) *Home health aide services.* Home health aide services are personal or direct care services provided to the consumer which are not payable under Medicaid as set forth in rule 441—78.9(249A). Services shall include unskilled medical services and shall exceed those services provided under HCBS MR supported community living. Instruction, supervision, support or assistance in personal hygiene, bathing, and daily living shall be provided under supported community living.

a. Services shall be included in the consumer's individual comprehensive plan.

b. A unit is one hour.

c. A maximum of 14 units are available per week.

78.41(7) *Supported employment services.* Supported employment services are individualized services associated with obtaining and maintaining competitive paid employment in the least restrictive environment possible, provided to individuals for whom competitive employment at or above minimum wage is unlikely and who, because of their disability, need intense and ongoing support to perform in a work setting. Individual placements are the preferred service model. Covered services are those listed in paragraphs "*a*" and "*b*" that address the disability-related challenges to securing and keeping a job.

a. Activities to obtain a job. Covered services directed to obtaining a job must be provided to or on behalf of a consumer for whom competitive employment is reasonably expected within less than one year. Services must be focused on job placement, not on teaching generalized employment skills or rehabilitative goals. Three conditions must be met before services are provided. First, the consumer and the interdisciplinary team described in 441—subrule 83.67(1) must complete the form that Iowa vocational rehabilitation services uses to identify the supported employment services appropriate to meet a person's employment needs. Second, the consumer's interdisciplinary team must determine that the identified services are necessary. Third, the consumer's case manager must approve the services. Available components of activities to obtain a job are as follows:

(1) Job development services. Job development services are directed toward obtaining competitive employment. A unit of service is a job placement that the consumer holds for 30 consecutive calendar days or more. Payment is available once the service is authorized in the member's service plan. A consumer may receive two units of job development services during a 12-month period. The activities provided to the consumer may include:

1. Job procurement training, including grooming and hygiene, application, résumé development, interviewing skills, follow-up letters, and job search activities.

2. Job retention training, including promptness, coworker relations, transportation skills, disability-related supports, job benefits, and an understanding of employee rights and self-advocacy.

3. Customized job development services specific to the consumer.

(2) Employer development services. The focus of employer development services is to support employers in hiring and retaining consumers in their workforce and to communicate expectations of the employers to the interdisciplinary team described in 441—subrule 83.67(1). Employer development services may be provided only to consumers who are reasonably expected to work for no more than 10 hours per week. A unit of service is one job placement that the consumer holds for 30 consecutive calendar days or more. Payment for this service may be made only after the consumer holds the job for 30 days. A consumer may receive two units of employer development services during a 12-month period if the consumer is competitively employed for 30 or more consecutive calendar days and the other conditions for service approval are met. The services provided may include:

1. Developing relationships with employers and providing leads for individual consumers when appropriate.

2. Job analysis for a specific job.

3. Development of a customized training plan identifying job-specific skill requirements, employer expectations, teaching strategies, time frames, and responsibilities.

4. Identifying and arranging reasonable accommodations with the employer.

5. Providing disability awareness and training to the employer when it is deemed necessary.

6. Providing technical assistance to the employer regarding the training progress as identified on the consumer's customized training plan.

(3) Enhanced job search activities. Enhanced job search activities are associated with obtaining initial employment after job development services have been provided for a minimum of 30 days or with assisting the consumer in changing jobs due to layoff, termination, or personal choice. The interdisciplinary team must review and update the Iowa vocational rehabilitation services supported employment readiness analysis form to determine if this service remains appropriate for the consumer's employment goals. A unit of service is an hour. A maximum of 26 units may be provided in a 12-month period. The services provided may include:

1. Job opening identification with the consumer.

2. Assistance with applying for a job, including completion of applications or interviews.

3. Work site assessment and job accommodation evaluation.

- b. Supports to maintain employment.

(1) Covered services provided to or on behalf of the consumer associated with maintaining competitive paid employment are the following:

1. Individual work-related behavioral management.

2. Job coaching.

3. On-the-job or work-related crisis intervention.

4. Assisting the consumer to use skills related to sustaining competitive paid employment, including assistance with communication skills, problem solving, and safety.

5. Consumer-directed attendant care services as defined in subrule 78.41(8).

6. Assistance with time management.

7. Assistance with appropriate grooming.

8. Employment-related supportive contacts.

9. Employment-related transportation between work and home and to or from activities related to employment and disability. Other forms of community transportation (including car pools, coworkers,

self or public transportation, families, and volunteers) must be attempted before transportation is provided as a supported employment service.

10. On-site vocational assessment after employment.
11. Employer consultation.

(2) Services for maintaining employment may include services associated with sustaining consumers in a team of no more than eight individuals with disabilities in a teamwork or “enclave” setting.

- (3) A unit of service is one hour.
- (4) A maximum of 40 units may be received per week.

c. The following requirements apply to all supported employment services:

(1) Employment-related adaptations required to assist the consumer within the performance of the consumer’s job functions shall be provided by the provider as part of the services.

(2) Employment-related transportation between work and home and to or from activities related to employment and disability shall be provided by the provider as part of the services. Other forms of community transportation (car pools, coworkers, self or public transportation, families, volunteers) must be attempted before the service provider provides transportation.

(3) The majority of coworkers at any employment site with more than two employees where consumers seek, obtain, or maintain employment must be persons without disabilities. In the performance of job duties at any site where consumers seek, obtain, or maintain employment, the consumer must have daily contact with other employees or members of the general public who do not have disabilities, unless the absence of daily contact with other employees or the general public is typical for the job as performed by persons without disabilities.

(4) All supported employment services shall provide individualized and ongoing support contacts at intervals necessary to promote successful job retention. Each provider contact shall be documented.

(5) Documentation that services provided are not currently available under a program funded under the Rehabilitation Act of 1973 or Public Law 94-142 shall be maintained in the provider file of each consumer.

(6) All services shall be identified in the consumer’s service plan maintained pursuant to rule 441—83.67(249A).

(7) The following services are not covered:

1. Services involved in placing or maintaining consumers in day activity programs, work activity programs or sheltered workshop programs;
2. Supports for volunteer work or unpaid internships;
3. Tuition for education or vocational training; or
4. Individual advocacy that is not consumer specific.

(8) Services to maintain employment shall not be provided simultaneously with day activity programs, work activity programs, sheltered workshop programs, other HCBS services, or other Medicaid services. However, services to obtain a job and services to maintain employment may be provided simultaneously for the purpose of job advancement or job change.

78.41(8) Consumer-directed attendant care service. Consumer-directed attendant care services are service activities performed by a person to help a consumer with self-care tasks which the consumer would typically do independently if the consumer were otherwise able.

a. The service activities may include helping the consumer with any of the following nonskilled service activities:

- (1) Dressing.
- (2) Bath, shampoo, hygiene, and grooming.
- (3) Access to and from bed or a wheelchair, transferring, ambulation, and mobility in general. It is recommended that the provider receive certification of training and return demonstration for transferring. Certification for this is available through the area community colleges.

(4) Toilet assistance, including bowel, bladder, and catheter assistance. It is recommended that the provider receive certification of training and return demonstration for catheter assistance. Certification for this is available through the area community colleges.

(5) Meal preparation, cooking, eating and feeding but not the cost of meals themselves.
(6) Housekeeping services which are essential to the consumer's health care at home.
(7) Medications ordinarily self-administered including those ordered by a physician or other qualified health care provider. It is recommended the provider successfully complete a medication aide course administered by an area community college.

(8) Wound care.

(9) Assistance needed to go to or return from a place of employment and assistance with job-related tasks while the consumer is on the job site. The cost of transportation for the consumer and assistance with understanding or performing the essential job functions are not included in consumer-directed attendant care services.

(10) Cognitive assistance with tasks such as handling money and scheduling.

(11) Fostering communication through interpreting and reading services as well as assistive devices for communication.

(12) Assisting or accompanying a consumer in using transportation essential to the health and welfare of the consumer. The cost of the transportation is not included.

b. The service activities may include helping the consumer with any of the following skilled services under the supervision of a licensed nurse or licensed therapist working under the direction of a physician. The licensed nurse or therapist shall retain accountability for actions that are delegated. The licensed nurse or therapist shall ensure appropriate assessment, planning, implementation, and evaluation. The licensed nurse or therapist shall make on-site supervisory visits every two weeks with the provider present. The cost of the supervision provided by the licensed nurse or therapist shall be paid from private insurance and other third-party payment sources, Medicare, the regular Medicaid program, or the early periodic screening diagnosis and treatment program before accessing the HCBS waiver.

(1) Tube feedings of consumers unable to eat solid foods.

(2) Intravenous therapy administered by a registered nurse.

(3) Parenteral injections required more than once a week.

(4) Catheterizations, continuing care of indwelling catheters with supervision of irrigations, and changing of Foley catheters when required.

(5) Respiratory care including inhalation therapy and tracheotomy care or tracheotomy care and ventilator.

(6) Care of decubiti and other ulcerated areas, noting and reporting to the nurse or therapist.

(7) Rehabilitation services including, but not limited to, bowel and bladder training, range of motion exercises, ambulation training, restorative nursing services, reteaching the activities of daily living, respiratory care and breathing programs, reality orientation, reminiscing therapy, remotivation, and behavior modification.

(8) Colostomy care.

(9) Care of medical conditions out of control which includes brittle diabetes and comfort care of terminal conditions.

(10) Postsurgical nursing care.

(11) Monitoring medications requiring close supervision because of fluctuating physical or psychological conditions, e.g., antihypertensives, digitalis preparations, mood-altering or psychotropic drugs, or narcotics.

(12) Preparing and monitoring response to therapeutic diets.

(13) Recording and reporting of changes in vital signs to the nurse or therapist.

c. A unit of service is 1 hour, or one 8- to 24-hour day provided by an individual or an agency. Each service shall be billed in whole units.

d. The consumer, parent, guardian, or attorney in fact under a durable power of attorney for health care shall be responsible for selecting the person or agency who will provide the components of the attendant care services to be provided.

e. The consumer, parent, guardian, or attorney in fact under a durable power of attorney for health care shall determine the components of the attendant care services to be provided with the person who is providing the services to the consumer.

f. The service activities may not include parenting or child care for or on behalf of the consumer.

g. The consumer, parent, guardian, or attorney in fact under a durable power of attorney for health care and the provider shall complete and sign Form 470-3372, HCBS Consumer-Directed Attendant Care Agreement. A copy of the completed agreement shall be attached to the service plan, which is signed by the service worker or case manager prior to the initiation of services, and kept in the consumer's and department's records.

h. If the consumer has a guardian or attorney in fact under a durable power of attorney for health care, the care plan shall address how consumer-directed attendant care services will be monitored to ensure the consumer's needs are being adequately met. If the guardian or attorney in fact is the service provider, the service plan shall address how the service worker or case manager shall oversee service provision.

i. If the consumer has a guardian or attorney in fact under a durable power of attorney for health care, the guardian or attorney in fact shall sign the claim form in place of the consumer, indicating that the service has been provided as presented on the claim.

j. The frequency or intensity of services shall be indicated in the service plan.

k. Consumer-directed attendant care services may not be simultaneously reimbursed with any other HCBS waiver services.

l. Consumer-directed attendant care services may be provided to a recipient of in-home health-related care services, but not at the same time.

m. Services may be provided in the absence of a parent or guardian if the parent or guardian has given advanced direction for the service provision.

78.41(9) *Interim medical monitoring and treatment services.* Interim medical monitoring and treatment services are monitoring and treatment of a medical nature requiring specially trained caregivers beyond what is normally available in a day care setting. The services must be needed to allow the consumer's usual caregivers to be employed or, for a limited period of time, for academic or vocational training of a usual caregiver; due to the hospitalization, treatment for physical or mental illness, or death of a usual caregiver; or during a search for employment by a usual caregiver.

a. Service requirements. Interim medical monitoring and treatment services shall:

(1) Provide experiences for each consumer's social, emotional, intellectual, and physical development;

(2) Include comprehensive developmental care and any special services for a consumer with special needs; and

(3) Include medical assessment, medical monitoring, and medical intervention as needed on a regular or emergency basis.

b. Interim medical monitoring and treatment services may include supervision to and from school.

c. Limitations.

(1) A maximum of 12 one-hour units of service is available per day.

(2) Covered services do not include a complete nutritional regimen.

(3) Interim medical monitoring and treatment services may not duplicate any regular Medicaid or waiver services provided under the state plan.

(4) Interim medical monitoring and treatment services may be provided only in the consumer's home, in a registered group child care home, in a registered family child care home, in a licensed child care center, or during transportation to and from school.

(5) The staff-to-consumer ratio shall not be less than one to six.

d. A unit of service is one hour.

78.41(10) *Residential-based supported community living services.* Residential-based supported community living services are medical or remedial services provided to children under the age of 18 while living outside their home in a residential-based living environment furnished by the residential-based supported community living service provider. The services eliminate barriers to family reunification or develop self-help skills for maximum independence.

a. Allowable service components are the following:

(1) Daily living skills development. These are services to develop the child's ability to function independently in the community on a daily basis, including training in food preparation, maintenance of living environment, time and money management, personal hygiene, and self-care.

(2) Social skills development. These are services to develop a child's communication and socialization skills, including interventions to develop a child's ability to solve problems, resolve conflicts, develop appropriate relationships with others, and develop techniques for controlling behavior.

(3) Family support development. These are services necessary to allow a child to return to the child's family or another less restrictive service environment. These services must include counseling and therapy sessions that involve both the child and the child's family at least 50 percent of the time and that focus on techniques for dealing with the special care needs of the child and interventions needed to alleviate behaviors that are disruptive to the family or other group living unit.

(4) Counseling and behavior intervention services. These are services to halt, control, or reverse stress and social, emotional, or behavioral problems that threaten or have negatively affected the child's stability. Activities under this service include counseling and behavior intervention with the child, including interventions to ameliorate problem behaviors.

b. Residential-based supported community living services must also address the ordinary daily-living needs of the child, excluding room and board, such as needs for safety and security, social functioning, and other medical care.

c. Residential-based supported community living services do not include services associated with vocational needs, academics, day care, Medicaid case management, other case management, or any other services that the child can otherwise obtain through Medicaid.

d. Room and board costs are not reimbursable as residential-based supported community living services.

e. The scope of service shall be identified in the child's service plan pursuant to 441—paragraph 77.37(23)“d.”

f. Residential-based supported community living services shall not be simultaneously reimbursed with other residential services provided under an HCBS waiver or otherwise provided under the Medicaid program.

g. A unit of service is a day.

h. The maximum number of units of residential-based supported community living services available per child is 365 daily units per state fiscal year, except in a leap year when 366 daily units are available.

78.41(11) *Transportation.* Transportation services may be provided for consumers to conduct business errands and essential shopping, to receive medical services when not reimbursed through medical transportation, to travel to and from work or day programs, and to reduce social isolation. A unit of service is either per mile, per trip, or the unit established by an area agency on aging. Transportation may not be reimbursed simultaneously with HCBS MR waiver supported community living service.

78.41(12) *Adult day care services.* Adult day care services provide an organized program of supportive care in a group environment to persons who need a degree of supervision and assistance on a regular or intermittent basis. A unit of service is a full day (4 to 8 hours) or a half-day (1 to 4 hours) or an extended day (8 to 12 hours).

78.41(13) *Prevocational services.* Prevocational services are services that are aimed at preparing a consumer eligible for the HCBS MR waiver for paid or unpaid employment, but are not job-task oriented. These services include teaching the consumer concepts necessary as job readiness skills, such as following directions, attending to tasks, task completion, problem solving, and safety and mobility training.

a. Prevocational services are intended to have a more generalized result as opposed to vocational training for a specific job or supported employment. Services include activities that are not primarily directed at teaching specific job skills but at more generalized habilitative goals, and are reflected in a habilitative plan that focuses on general habilitative rather than specific employment objectives.

b. Prevocational services do not include:

(1) Services defined in Section 4(a)(4) of the 1975 amendments to the Education of the Handicapped Act (20 U.S.C. 1404(16) and (17)) that are otherwise available to the consumer through a state or local education agency.

(2) Vocational rehabilitation services that are otherwise available to the consumer through a program funded under Section 110 of the Rehabilitation Act of 1973 (29 U.S.C. 730).

78.41(14) Day habilitation services.

a. Scope. Day habilitation services are services that assist or support the consumer in developing or maintaining life skills and community integration. Services must enable or enhance the consumer's intellectual functioning, physical and emotional health and development, language and communication development, cognitive functioning, socialization and community integration, functional skill development, behavior management, responsibility and self-direction, daily living activities, self-advocacy skills, or mobility.

b. Family training option. Day habilitation services may include training families in treatment and support methodologies or in the care and use of equipment. Family training may be provided in the consumer's home. The unit of service is an hour. The units of services payable are limited to a maximum of 10 hours per month.

c. Unit of service. Except as provided in paragraph "b," the unit of service may be an hour, a half-day (1 to 4 hours), or a full day (4 to 8 hours).

d. Exclusions.

(1) Services shall not be provided in the consumer's home, except as provided in paragraph "b." For this purpose, services provided in a residential care facility where the consumer lives are not considered to be provided in the consumer's home.

(2) Services shall not include vocational or prevocational services and shall not involve paid work.

(3) Services shall not duplicate or replace education or related services defined in Public Law 94-142, the Education of the Handicapped Act.

(4) Services shall not be provided simultaneously with other Medicaid-funded services.

78.41(15) Consumer choices option. The consumer choices option provides a consumer with a flexible monthly individual budget that is based on the consumer's service needs. With the individual budget, the consumer shall have the authority to purchase goods and services and may choose to employ providers of services and supports. Components of this service are set forth below.

a. Agreement. As a condition of participating in the consumer choices option, a consumer shall sign Form 470-4289, HCBS Consumer Choices Informed Consent and Risk Agreement, to document that the consumer has been informed of the responsibilities and risks of electing the consumer choices option.

b. Individual budget amount. A monthly individual budget amount shall be set for each consumer. The consumer's department service worker or Medicaid targeted case manager shall determine the amount of each consumer's individual budget, based on the services and supports authorized in the consumer's service plan. The consumer shall be informed of the individual budget amount during the development of the service plan.

(1) Services that may be included in determining the individual budget amount for a consumer in the HCBS mental retardation waiver are:

1. Consumer-directed attendant care (unskilled).
2. Day habilitation.
3. Home and vehicle modification.
4. Prevocational services.
5. Basic individual respite care.
6. Supported community living.
7. Supported employment.
8. Transportation.

(2) The department shall determine an average unit cost for each service listed in subparagraph (1) based on actual unit costs from the previous fiscal year plus a cost-of-living adjustment.

(3) In aggregate, costs for individual budget services shall not exceed the current costs of waiver program services. In order to maintain cost neutrality, the department shall apply a utilization adjustment factor to the amount of service authorized in the consumer's service plan before calculating the value of that service to be included in the individual budget amount.

(4) The department shall compute the utilization adjustment factor for each service by dividing the net costs of all claims paid for the service by the total of the authorized costs for that service, using at least 12 consecutive months of aggregate service data. The utilization adjustment factor shall be no lower than 60 percent. The department shall analyze and adjust the utilization adjustment factor at least annually in order to maintain cost neutrality.

(5) Anticipated costs for home and vehicle modification are not subject to the average cost in subparagraph (2) or the utilization adjustment factor in subparagraph (3). Costs for home and vehicle modification may be released in a one-time payment.

(6) The individual budget amount may be changed only at the first of the month and shall remain fixed for the entire month.

c. Required service components. To participate in the consumer choices option, a consumer must hire an independent support broker and must work with a financial management service that is enrolled as a Medicaid HCBS mental retardation waiver services provider.

(1) Before hiring the individual support broker, the consumer shall receive the results of the background check conducted pursuant to 441—subrule 77.30(14).

(2) If the consumer chooses to hire a person who has a criminal record or founded abuse report, the consumer assumes the risk for this action and shall acknowledge this information on Form 470-4289, HCBS Consumer Choices Informed Consent and Risk Agreement.

d. Optional service components. A consumer who elects the consumer choices option may purchase the following services and supports, which shall be provided in the consumer's home or at an integrated community setting:

(1) Self-directed personal care services. Self-directed personal care services are services or goods that provide a range of assistance in activities of daily living and incidental activities of daily living that help the consumer remain in the home and community.

(2) Self-directed community supports and employment. Self-directed community supports and employment are services that support the consumer in developing and maintaining independence and community integration.

(3) Individual-directed goods and services. Individual-directed goods and services are services, equipment, or supplies not otherwise provided through the Medicaid program that address a need identified in the consumer's service plan. The item or service shall decrease the consumer's need for other Medicaid services, promote the consumer's inclusion in the community, or increase the consumer's safety in the community.

e. Development of the individual budget. The individual support broker shall assist the consumer in developing and implementing the consumer's individual budget. The individual budget shall include:

(1) The costs of the financial management service.

(2) The costs of the independent support broker. The independent support broker may be compensated for up to 6 hours of service for assisting with the implementation of the initial individual budget. After the initial implementation, the independent support broker shall not be paid for more than 20 hours of service during a 12-month period without prior approval by the department.

(3) The costs of any services and supports chosen by the consumer as described in paragraph "d."

f. Budget authority. The consumer shall have authority over the individual budget authorized by the department to perform the following tasks:

(1) Contract with entities to provide services and supports as described in this subrule.

(2) Determine the amount to be paid for services with the exception of the independent support broker and the financial management service. Reimbursement rates for the independent support broker and the financial management service are subject to the limits in 441—subrule 79.1(2).

(3) Schedule the provision of services.

(4) Authorize payment for waiver goods and services identified in the individual budget. Consumers shall not use the individual budget to purchase room and board, sheltered workshop services, child care, or personal entertainment items.

(5) Reallocate funds among services included in the budget.

g. Delegation of budget authority. The consumer may delegate responsibility for the individual budget to a representative in addition to the independent support broker.

(1) The representative must be at least 18 years old.

(2) The representative shall not be a current provider of service to the consumer.

(3) The consumer shall sign a consent form that designates who the consumer has chosen as a representative and what responsibilities the representative shall have.

(4) The representative shall not be paid for this service.

h. Employer authority. The consumer shall have the authority to be the common-law employer of employees providing services and support under the consumer choices option. A common-law employer has the right to direct and control the performance of the services. The consumer may perform the following functions:

(1) Recruit employees.

(2) Select employees from a worker registry.

(3) Verify employee qualifications.

(4) Specify additional employee qualifications.

(5) Determine employee duties.

(6) Determine employee wages and benefits.

(7) Schedule employees.

(8) Train and supervise employees.

i. Employment agreement. Any person employed by the consumer to provide services under the consumer choices option shall sign an employment agreement with the consumer that outlines the employee's and consumer's responsibilities.

j. Responsibilities of the independent support broker. The independent support broker shall perform the services specified in 78.34(13) "j."

k. Responsibilities of the financial management service. The financial management service shall perform all of the services specified in 78.34(13) "k."

This rule is intended to implement Iowa Code section 249A.4.

¹ Effective date of December 15, 2002, delayed 70 days by the Administrative Rules Review Committee at its meeting held December 10, 2002; at its meeting held February 21, 2003, the Committee delayed the effective date until adjournment of the 2003 Session of the General Assembly.

441—78.42(249A) Rehabilitative treatment services. Rescinded IAB 8/1/07, effective 9/5/07.

441—78.43(249A) HCBS brain injury waiver services. Payment shall be approved for the following services to consumers eligible for the HCBS brain injury services as established in 441—Chapter 83 and as identified in the consumer's service plan. All services shall include the applicable and necessary instructions, supervision, assistance and support as required by the consumer in achieving the goals written specifically in the service plan. The services, amount and supports provided under the HCBS brain injury waiver shall be delivered in the least restrictive environment and in conformity with the consumer's service plan.

Reimbursement shall not be available under the waiver for any services that the consumer can obtain through regular Medicaid.

All services shall be billed in whole units.

78.43(1) Case management services. Individual case management services means activities provided, using an interdisciplinary process, to persons with a brain injury to ensure that the consumer has received a comprehensive evaluation and diagnosis, to give assistance to the consumer in obtaining appropriate services and living arrangements, to coordinate the delivery of services, and to provide

monitoring to ensure the continued appropriate provision of services and the appropriateness of the selected living arrangement.

The service is to be delivered in such a way as to enhance the capabilities of consumers and their families to exercise their rights and responsibilities as citizens in the community. The goal is to enhance the ability of the consumer to exercise choice, make decisions, take risks which are a typical part of life, and fully participate as members of the community. It is essential that the case manager develop a relationship with the consumer so that the abilities, needs and desires of the consumer can be clearly identified and communicated and the case manager can help to ensure that the system and specific services are responsive to the needs of the individual consumers. Those who are at the ICF/MR level of care where the county has voluntarily chosen to participate in the HCBS brain injury waiver are eligible for targeted case management and, therefore, are not eligible for case management as a waiver service.

Case management services shall consist of the following components:

a. Intake, which includes ensuring that there is sufficient information to identify all areas of need for services and appropriate living arrangements.

b. Assurance that a service plan is developed which addresses the consumer's total needs for services and living arrangements.

c. Assistance to the consumer in obtaining the services and living arrangements identified in the service plan.

d. Coordination and facilitation of decision making among providers to ensure consistency in the implementation of the service plan.

e. Monitoring of the services and living arrangements to ensure their continued appropriateness for the consumer.

f. Crisis assistance to facilitate referral to the appropriate providers to resolve the crisis. The intent and purpose of the individual case services are to facilitate the consumer's access to the service system and to enable consumers and their families to make decisions on their own behalf by providing:

(1) Information necessary for decision making.

(2) Assistance with decision making and participation in the decision-making process affecting the consumer.

(3) Assistance in problem solving.

(4) Assistance in exercising the consumer's rights.

78.43(2) Supported community living services. Supported community living services are provided by the provider within the consumer's home and community, according to the individualized consumer need as identified in the individual comprehensive plan (ICP) or department case plan. Intermittent service shall be provided as defined in rule 441—83.81(249A).

a. The basic components of the service may include, but are not limited to, personal and home skills training services, individual advocacy services, community skills training services, personal environment support services, transportation, and treatment services.

(1) Personal and home skills training services are those activities which assist a consumer to develop or maintain skills for self-care, self-directedness, and care of the immediate environment.

(2) Individual advocacy is the act or process of representing the individual's rights and interests in order to realize the rights to which the individual is entitled and to remove barriers to meeting the individual's needs.

(3) Community skills training services are those activities which assist a person to develop or maintain skills allowing better participation in the community. Services shall focus on the following areas as they are applicable to individuals being served:

1. Personal management skills training services are activities which assist a person to maintain or develop skills necessary to sustain oneself in the physical environment and are essential to the management of one's personal business and property. This includes self-advocacy skills. Examples of personal management skills are the ability to maintain a household budget, plan and prepare nutritional meals, use community resources such as public transportation and libraries, and select foods at the grocery store.

2. Socialization skills training services are those activities which assist a consumer to develop or maintain skills which include self-awareness and self-control, social responsiveness, community participation, social amenities, and interpersonal skills.

3. Communication skills training services are activities which assist a person to develop or maintain skills including expressive and receptive skills in verbal and nonverbal language and the functional application of acquired reading and writing skills.

(4) Personal and environmental support services are those activities and expenditures provided to or on behalf of a person in the areas of personal needs in order to allow the person to function in the least restrictive environment.

(5) Transportation services are those activities and expenditures designed to assist the consumer to travel from one place to another to obtain services or carry out life's activities. The service excludes transportation to and from work or day programs.

(6) Treatment services are those activities designed to assist the person to maintain or improve physiological, emotional and behavioral functioning and to prevent conditions that would present barriers to a person's functioning. Treatment services include physical or physiological treatment and psychotherapeutic treatment.

Physiological treatment means activities including medication regimens designed to prevent, halt, control, relieve, or reverse symptoms or conditions which interfere with the normal functioning of the human body. The activities shall be provided by or under the supervision of a health care professional certified or licensed to provide the treatment activity specified.

Psychotherapeutic treatment means activities provided to assist a person in the identification or modification of beliefs, emotions, attitudes, or behaviors in order to maintain or improve the person's functioning in response to the physical, emotional, and social environment.

b. The supported community living services are intended to provide for the daily living needs of the consumer and shall be available as needed during any 24-hour period. Activities do not include those associated with vocational services, academics, day care, medical services, Medicaid case management or other case management. Services are individualized supportive services provided in a variety of community-based, integrated settings.

(1) Supported community living services shall be available at a daily rate to consumers living outside the home of their family, legal representative, or foster family and for whom a provider has primary responsibility for supervision or structure during the month. This service shall provide supervision or structure in identified time periods when another resource is not available.

(2) Supported community living services shall be available at an hourly rate to consumers for whom a daily rate is not established.

(3) Intermittent service shall be provided as defined in rule 441—83.81(249A).

¹*c.* Services may be provided to a child or an adult. Children must first access all other services for which they are eligible and which are appropriate to meet their needs before accessing the HCBS brain injury waiver services. A maximum of three consumers may reside in a living unit, except when the provider meets the requirements set forth in 441—paragraph 77.39(13) "e."

(1) Consumers may live in the home of their family or legal representative or in other types of typical community living arrangements.

(2) Consumers of services living with families or legal representatives are not subject to the maximum of three consumers in a living unit.

¹(3) Consumers may not live in licensed medical or health care facilities or in settings required to be licensed as medical or health care facilities.

(4) Consumers aged 17 or under living in the home of their family, legal representative, or foster families shall receive services based on development of adaptive, behavior, or health skills. Duration of services shall be based on age appropriateness and individual attention span.

d. Rescinded IAB 2/5/03, effective 2/1/03.

e. Provider budgets shall reflect all staff-to-consumer ratios and shall reflect costs associated with consumers' specific support needs for travel and transportation, consulting, instruction, and environmental modifications and repairs, as determined necessary by the interdisciplinary team for each

consumer. The specific support needs must be identified in the Medicaid case manager's service plan, the total costs shall not exceed \$1570 per consumer per year, and the provider must maintain records to support the expenditures. A unit of service is:

(1) One full calendar day when a consumer residing in the living unit receives on-site staff supervision for 19 or more hours during a 24-hour calendar day and the consumer's individual comprehensive plan identifies and reflects the need for this amount of supervision.

(2) One hour when subparagraph (1) does not apply.

f. The maximum numbers of units available per consumer are as follows:

(1) 365 daily units per state fiscal year except a leap year, when 366 daily units are available.

(2) 8,395 hourly units are available per state fiscal year except a leap year, when 8,418 hourly units are available.

g. The service shall be identified in the consumer's individual comprehensive plan.

h. Services shall not be simultaneously reimbursed with other residential services, HCBS brain injury waiver respite, transportation or personal assistance services, Medicaid nursing, or Medicaid home health aide services.

78.43(3) Respite services. Respite care services are services provided to the consumer that give temporary relief to the usual caregiver and provide all the necessary care that the usual caregiver would provide during that time period. The purpose of respite care is to enable the consumer to remain in the consumer's current living situation.

a. Services provided outside the consumer's home shall not be reimbursable if the living unit where respite is provided is reserved for another person on a temporary leave of absence.

b. Staff-to-consumer ratios shall be appropriate to the individual needs of the consumer as determined by the consumer's interdisciplinary team.

c. A unit of service is one hour.

d. Respite care is not to be provided to persons during the hours in which the usual caregiver is employed except when the consumer is attending a camp. Respite cannot be provided to a consumer whose usual caregiver is a consumer-directed attendant care provider for the consumer.

e. Respite services shall not be simultaneously reimbursed with other residential or respite services, HCBS brain injury waiver supported community living services, Medicaid nursing, or Medicaid home health aide services.

f. The interdisciplinary team shall determine if the consumer will receive basic individual respite, specialized respite or group respite as defined in rule 441—83.81(249A).

g. A maximum of 14 consecutive days of 24-hour respite care may be reimbursed.

h. Respite services provided for a period exceeding 24 consecutive hours to three or more individuals who require nursing care because of a mental or physical condition must be provided by a health care facility licensed as described in Iowa Code chapter 135C.

78.43(4) Supported employment services. Supported employment services are individualized services associated with obtaining and maintaining competitive paid employment in the least restrictive environment possible, provided to individuals for whom competitive employment at or above minimum wage is unlikely and who, because of their disability, need intense and ongoing support to perform in a work setting. Individual placements are the preferred service model. Covered services are those listed in paragraphs "a" and "b" that address the disability-related challenges to securing and keeping a job.

a. Activities to obtain a job. Covered services directed to obtaining a job must be provided to or on behalf of a consumer for whom competitive employment is reasonably expected within less than one year. Services must be focused on job placement, not on teaching generalized employment skills or habilitative goals. Three conditions must be met before services are provided. First, the consumer and the interdisciplinary team described in rule 441—83.87(249A) must complete the form that Iowa vocational rehabilitation services uses to identify the supported employment services appropriate to meet the consumer's employment needs. Second, the consumer's interdisciplinary team must determine that the identified services are necessary. Third, the consumer's case manager must approve the services. Available components of activities to obtain a job are as follows:

(1) Job development services. Job development services are directed toward obtaining competitive employment. A unit of service is a job placement that the consumer holds for 30 consecutive calendar days or more. Payment is available once the service is authorized in the member's service plan. A consumer may receive two units of job development services during a 12-month period. The activities provided to the consumer may include:

1. Job procurement training, including grooming and hygiene, application, résumé development, interviewing skills, follow-up letters, and job search activities.

2. Job retention training, including promptness, coworker relations, transportation skills, disability-related supports, job benefits, and an understanding of employee rights and self-advocacy.

3. Customized job development services specific to the consumer.

(2) Employer development services. The focus of employer development services is to support employers in hiring and retaining consumers in their workforce and to communicate expectations of the employers to the interdisciplinary team described in rule 441—83.87(249A). Employer development services may be provided only to consumers who are reasonably expected to work for no more than 10 hours per week. A unit of service is one job placement that the consumer holds for 30 consecutive calendar days or more. Payment for this service may be made only after the consumer holds the job for 30 days. A consumer may receive two units of employer development services during a 12-month period if the consumer is competitively employed for 30 or more consecutive calendar days and the other conditions for service approval are met. The services provided may include:

1. Developing relationships with employers and providing leads for individual consumers when appropriate.

2. Job analysis for a specific job.

3. Development of a customized training plan identifying job-specific skill requirements, employer expectations, teaching strategies, time frames, and responsibilities.

4. Identifying and arranging reasonable accommodations with the employer.

5. Providing disability awareness and training to the employer when it is deemed necessary.

6. Providing technical assistance to the employer regarding the training progress as identified on the consumer's customized training plan.

(3) Enhanced job search activities. Enhanced job search activities are associated with obtaining initial employment after job development services have been provided to the consumer for a minimum of 30 days or with assisting the consumer in changing jobs due to layoff, termination, or personal choice. The interdisciplinary team must review and update the Iowa vocational rehabilitation services supported employment readiness analysis form to determine if this service remains appropriate for the consumer's employment goals. A unit of service is an hour. A maximum of 26 units may be provided in a 12-month period. The services provided may include:

1. Job opening identification with the consumer.

2. Assistance with applying for a job, including completion of applications or interviews.

3. Work site assessment and job accommodation evaluation.

- b. Supports to maintain employment.

(1) Covered services provided to or on behalf of the consumer associated with maintaining competitive paid employment are the following:

1. Individual work-related behavioral management.

2. Job coaching.

3. On-the-job or work-related crisis intervention.

4. Assisting the consumer to use skills related to sustaining competitive paid employment, including assistance with communication skills, problem solving, and safety.

5. Consumer-directed attendant care services as defined in subrule 78.43(13).

6. Assistance with time management.

7. Assistance with appropriate grooming.

8. Employment-related supportive contacts.

9. Employment-related transportation between work and home and to or from activities related to employment and disability. Other forms of community transportation (including car pools, coworkers,

self or public transportation, families, and volunteers) must be attempted before transportation is provided as a supported employment service.

10. On-site vocational assessment after employment.
11. Employer consultation.

(2) Services for maintaining employment may include services associated with sustaining consumers in a team of no more than eight individuals with disabilities in a teamwork or “enclave” setting.

- (3) A unit of service is one hour.
- (4) A maximum of 40 units may be received per week.

c. The following requirements apply to all supported employment services:

(1) Employment-related adaptations required to assist the consumer within the performance of the consumer’s job functions shall be provided by the provider as part of the services.

(2) Employment-related transportation between work and home and to or from activities related to employment and disability shall be provided by the provider as part of the services. Other forms of community transportation (car pools, coworkers, self or public transportation, families, volunteers) must be attempted before the service provider provides transportation.

(3) The majority of coworkers at any employment site with more than two employees where consumers seek, obtain, or maintain employment must be persons without disabilities. In the performance of job duties at any site where consumers seek, obtain, or maintain employment, the consumer must have daily contact with other employees or members of the general public who do not have disabilities, unless the absence of daily contact with other employees or the general public is typical for the job as performed by persons without disabilities.

(4) All supported employment services shall provide individualized and ongoing support contacts at intervals necessary to promote successful job retention. Each provider contact shall be documented.

(5) Documentation that services provided are not currently available under a program funded under the Rehabilitation Act of 1973 or Public Law 94-142 shall be maintained in the provider file of each consumer.

(6) All services shall be identified in the consumer’s service plan maintained pursuant to rule 441—83.67(249A).

(7) The following services are not covered:

1. Services involved in placing or maintaining consumers in day activity programs, work activity programs or sheltered workshop programs;
2. Supports for volunteer work or unpaid internships;
3. Tuition for education or vocational training; or
4. Individual advocacy that is not consumer specific.

(8) Services to maintain employment shall not be provided simultaneously with day activity programs, work activity programs, sheltered workshop programs, other HCBS services, or other Medicaid services. However, services to obtain a job and services to maintain employment may be provided simultaneously for the purpose of job advancement or job change.

78.43(5) Home and vehicle modifications. Covered home and vehicle modifications are those physical modifications to the consumer’s home or vehicle listed below that directly address the consumer’s medical or remedial need. Covered modifications must be necessary to provide for the health, welfare, or safety of the consumer and enable the consumer to function with greater independence in the home or vehicle.

a. Modifications that are necessary or desirable without regard to the consumer’s medical or remedial need and that would be expected to increase the fair market value of the home or vehicle, such as furnaces, fencing, roof repair, or adding square footage to the residence, are excluded except as specifically included below. Repairs are also excluded.

b. Only the following modifications are covered:

- (1) Kitchen counters, sink space, cabinets, special adaptations to refrigerators, stoves, and ovens.
- (2) Bathtubs and toilets to accommodate transfer, special handles and hoses for shower heads, water faucet controls, and accessible showers and sink areas.

- (3) Grab bars and handrails.
- (4) Turnaround space adaptations.
- (5) Ramps, lifts, and door, hall and window widening.
- (6) Fire safety alarm equipment specific for disability.
- (7) Voice-activated, sound-activated, light-activated, motion-activated, and electronic devices directly related to the consumer's disability.
- (8) Vehicle lifts, driver-specific adaptations, remote-start systems, including such modifications already installed in a vehicle.
- (9) Keyless entry systems.
- (10) Automatic opening device for home or vehicle door.
- (11) Special door and window locks.
- (12) Specialized doorknobs and handles.
- (13) Plexiglas replacement for glass windows.
- (14) Modification of existing stairs to widen, lower, raise or enclose open stairs.
- (15) Motion detectors.
- (16) Low-pile carpeting or slip-resistant flooring.
- (17) Telecommunications device for the deaf.
- (18) Exterior hard-surface pathways.
- (19) New door opening.
- (20) Pocket doors.
- (21) Installation or relocation of controls, outlets, switches.
- (22) Air conditioning and air filtering if medically necessary.
- (23) Heightening of existing garage door opening to accommodate modified van.
- (24) Bath chairs.

c. A unit of service is the completion of needed modifications or adaptations.

d. All modifications and adaptations shall be provided in accordance with applicable federal, state, and local building and vehicle codes.

e. Services shall be performed following department approval of a binding contract between the enrolled home and vehicle modification provider and the consumer.

f. The contract shall include, at a minimum, the work to be performed, cost, time frame for work completion, and assurance of liability and workers' compensation coverage.

g. Service payment shall be made to the enrolled home and vehicle modification provider. If applicable, payment will be forwarded to the subcontracting agency by the enrolled home and vehicle modification provider following completion of the approved modifications. Payment of up to \$6,060 per year may be made to certified providers upon satisfactory completion of the service. The service worker shall encumber up to \$500 per month within the monthly dollar cap allowed for the consumer until the amount of the modification is reached within the 12-month period.

h. Services shall be included in the consumer's service plan and shall exceed the Medicaid state plan services.

78.43(6) *Personal emergency response system.* The personal emergency response system allows a consumer experiencing a medical emergency at home to activate electronic components that transmit a coded signal via digital equipment over telephone lines to a central monitoring station. The necessary components of a system are:

- a. An in-home medical communications transceiver.
- b. A remote, portable activator.
- c. A central monitoring station with backup systems staffed by trained attendants 24 hours per day, seven days per week.
- d. Current data files at the central monitoring station containing response protocols and personal, medical and emergency information for each consumer.
- e. The service shall be identified in the consumer's individual and comprehensive plan.
- f. A unit is a one-time installation fee or one month of service.
- g. Maximum units per state fiscal year are the initial installation and 12 months of service.

78.43(7) *Transportation.* Transportation services may be provided for consumers to conduct business errands and essential shopping, to receive medical services when not reimbursed through medical transportation, to travel to and from work or day programs, and to reduce social isolation. A unit of service is either per mile, per trip, or the unit established by an area agency on aging. Transportation may not be reimbursed simultaneously with HCBS brain injury waiver supported community living service.

78.43(8) *Specialized medical equipment.* Specialized medical equipment shall include medically necessary items for personal use by consumers with a brain injury which provide for health and safety of the consumer which are not ordinarily covered by Medicaid, and are not funded by educational or vocational rehabilitation programs, and are not provided by voluntary means. This includes, but is not limited to: electronic aids and organizers, medicine dispensing devices, communication devices, bath aids, and noncovered environmental control units. This includes repair and maintenance of items purchased through the waiver in addition to the initial purchase cost.

a. Consumers may receive specialized medical equipment once per month until a maximum yearly usage of \$6,060 has been reached.

b. The need for specialized medical equipment shall be documented by a health care professional as necessary for the consumer's health and safety and identified in the consumer's individual comprehensive plan.

78.43(9) *Adult day care services.* Adult day care services provide an organized program of supportive care in a group environment to persons who need a degree of supervision and assistance on a regular or intermittent basis in a day care center. A unit of service is a full day (4 to 8 hours) or a half day (1 to 4 hours) or an extended day (8 to 12 hours). Components of the service are set forth in rule 441—171.6(234).

78.43(10) *Family counseling and training services.* Family counseling and training services are face-to-face mental health services provided to the consumer and the family with whom the consumer lives, or who routinely provide care to the consumer to increase the consumer's or family members' capabilities to maintain and care for the consumer in the community. Counseling may include helping the consumer or the consumer's family members with crisis, coping strategies, stress reduction, management of depression, alleviation of psychosocial isolation and support in coping with the effects of a brain injury. It may include the use of treatment regimes as specified in the ITP. Periodic training updates may be necessary to safely maintain the consumer in the community.

Family may include spouse, children, friends, or in-laws of the consumer. Family does not include individuals who are employed to care for the consumer.

78.43(11) *Prevocational services.* Prevocational services are services aimed at preparing a consumer eligible for the HCBS brain injury waiver for paid or unpaid employment, but which are not job task oriented. These services include teaching the consumer concepts necessary as job readiness skills, such as following directions, attending to tasks, task completion, problem solving, and safety and mobility training. Prevocational services are intended to have a more generalized result as opposed to vocational training for a specific job or supported employment. Services include activities which are not primarily directed at teaching specific job skills but more generalized habilitative goals and are reflected in a habilitative plan which focuses on general habilitative rather than specific employment objectives.

Prevocational services do not include services defined in Section 4(a)(4) of the 1975 amendments to the Education of the Handicapped Act (20 U.S.C. 1404(16) and (17)) which are otherwise available to the individual through a state or local education agency or vocational rehabilitation services which are otherwise available to the individual through a program funded under Section 110 of the Rehabilitation Act of 1973 (29 U.S.C. 730).

78.43(12) *Behavioral programming.* Behavioral programming consists of individually designed strategies to increase the consumer's appropriate behaviors and decrease the consumer's maladaptive behaviors which have interfered with the consumer's ability to remain in the community. Behavioral programming includes:

a. A complete assessment of both appropriate and maladaptive behaviors.

b. Development of a structured behavioral intervention plan which should be identified in the ITP.

- c. Implementation of the behavioral intervention plan.
- d. Ongoing training and supervision to caregivers and behavioral aides.
- e. Periodic reassessment of the plan.

Types of appropriate behavioral programming include, but are not limited to, clinical redirection, token economies, reinforcement, extinction, modeling, and over-learning.

78.43(13) Consumer-directed attendant care service. Consumer-directed attendant care services are service activities performed by a person to help a consumer with self-care tasks which the consumer would typically do independently if the consumer were otherwise able.

a. The service activities may include helping the consumer with any of the following nonskilled service activities:

- (1) Dressing.
- (2) Bath, shampoo, hygiene, and grooming.
- (3) Access to and from bed or a wheelchair, transferring, ambulation, and mobility in general. It is recommended that the provider receive certification of training and return demonstration for transferring. Certification for this is available through the area community colleges.
- (4) Toilet assistance, including bowel, bladder, and catheter assistance. It is recommended that the provider receive certification of training and return demonstration for catheter assistance. Certification for this is available through the area community colleges.
- (5) Meal preparation, cooking, eating and feeding but not the cost of meals themselves.
- (6) Housekeeping services which are essential to the consumer's health care at home.
- (7) Medications ordinarily self-administered including those ordered by a physician or other qualified health care provider. It is recommended the provider successfully complete a medication aide course administered by an area community college.
- (8) Wound care.
- (9) Assistance needed to go to or return from a place of employment and assistance with job-related tasks while the consumer is on the job site. The cost of transportation for the consumer and assistance with understanding of performing the essential job functions are not included in consumer-directed attendant care services.
- (10) Cognitive assistance with tasks such as handling money and scheduling.
- (11) Fostering communication through interpreting and reading services as well as assistive devices for communication.
- (12) Assisting or accompanying a consumer in using transportation essential to the health and welfare of the consumer. The cost of the transportation is not included.

b. The service activities may include helping the consumer with any of the following skilled services under the supervision of a licensed nurse or licensed therapist working under the direction of a physician. The licensed nurse or therapist shall retain accountability for actions that are delegated. The licensed nurse or therapist shall ensure appropriate assessment, planning, implementation, and evaluation. The licensed nurse or therapist shall make on-site supervisory visits every two weeks with the provider present. The cost of the supervision provided by the licensed nurse or therapist shall be paid from private insurance and other third-party payment sources, Medicare, the regular Medicaid program, or the early periodic screening diagnosis and treatment program before accessing the HCBS waiver.

- (1) Tube feedings of consumers unable to eat solid foods.
- (2) Intravenous therapy administered by a registered nurse.
- (3) Parenteral injections required more than once a week.
- (4) Catheterizations, continuing care of indwelling catheters with supervision of irrigations, and changing of Foley catheters when required.
- (5) Respiratory care including inhalation therapy and tracheotomy care or tracheotomy care and ventilator.
- (6) Care of decubiti and other ulcerated areas, noting and reporting to the nurse or therapist.
- (7) Rehabilitation services including, but not limited to, bowel and bladder training, range of motion exercises, ambulation training, restorative nursing services, reteaching the activities of daily

living, respiratory care and breathing programs, reality orientation, reminiscing therapy, remotivation, and behavior modification.

(8) Colostomy.

(9) Care of medical conditions out of control which includes brittle diabetes and comfort care of terminal conditions.

(10) Postsurgical nursing care.

(11) Monitoring medications requiring close supervision because of fluctuating physical or psychological conditions, e.g., antihypertensives, digitalis preparations, mood-altering or psychotropic drugs, or narcotics.

(12) Preparing and monitoring response to therapeutic diets.

(13) Recording and reporting of changes in vital signs to the nurse or therapist.

c. A unit of service is 1 hour, or one 8- to 24-hour day provided by an individual or an agency. Each service shall be billed in whole units.

d. The consumer, parent, guardian, or attorney in fact under a durable power of attorney for health care shall be responsible for selecting the person or agency who will provide the components of the attendant care services to be provided.

e. The consumer, parent, guardian, or attorney in fact under a durable power of attorney for health care shall determine the components of the attendant care services to be provided with the person who is providing the services to the consumer.

f. The service activities may not include parenting or child care for or on behalf of the consumer.

g. The consumer, parent, guardian, or attorney in fact under a durable power of attorney for health care and the provider shall complete and sign Form 470-3372, HCBS Consumer-Directed Attendant Care Agreement. A copy of the completed agreement shall be attached to the service plan, which is signed by the service worker or case manager prior to the initiation of services, and kept in the consumer's and department's records.

h. If the consumer has a guardian or attorney in fact under a durable power of attorney for health care, the care plan shall address how consumer-directed attendant care services will be monitored to ensure the consumer's needs are being adequately met. If the guardian or attorney in fact is the service provider, the service plan shall address how the service worker or case manager shall oversee service provision.

i. If the consumer has a guardian or attorney in fact under a durable power of attorney for health care, the guardian or attorney in fact shall sign the claim form in place of the consumer, indicating that the service has been provided as presented on the claim.

j. The frequency or intensity of services shall be indicated in the service plan.

k. Consumer-directed attendant care services may not be simultaneously reimbursed with any other HCBS waiver services.

l. Consumer-directed attendant care services may be provided to a recipient of in-home health-related care services, but not at the same time.

m. Services may be provided in the absence of a parent or guardian if the parent or guardian has given advanced direction for the service provision.

78.43(14) Interim medical monitoring and treatment services. Interim medical monitoring and treatment services are monitoring and treatment of a medical nature requiring specially trained caregivers beyond what is normally available in a day care setting. The services must be needed to allow the consumer's usual caregivers to be employed or, for a limited period of time, for academic or vocational training of a usual caregiver; due to the hospitalization, treatment for physical or mental illness, or death of a usual caregiver; or during a search for employment by a usual caregiver.

a. Service requirements. Interim medical monitoring and treatment services shall:

(1) Provide experiences for each consumer's social, emotional, intellectual, and physical development;

(2) Include comprehensive developmental care and any special services for a consumer with special needs; and

(3) Include medical assessment, medical monitoring, and medical intervention as needed on a regular or emergency basis.

b. Interim medical monitoring and treatment services may include supervision to and from school.

c. Limitations.

(1) A maximum of 12 one-hour units of service is available per day.

(2) Covered services do not include a complete nutritional regimen.

(3) Interim medical monitoring and treatment services may not duplicate any regular Medicaid or waiver services provided under the state plan.

(4) Interim medical monitoring and treatment services may be provided only in the consumer's home, in a registered group child care home, in a registered family child care home, in a licensed child care center, or during transportation to and from school.

(5) The staff-to-consumer ratio shall not be less than one to six.

d. A unit of service is one hour.

78.43(15) Consumer choices option. The consumer choices option provides a consumer with a flexible monthly individual budget that is based on the consumer's service needs. With the individual budget, the consumer shall have the authority to purchase goods and services and may choose to employ providers of services and supports. Components of this service are set forth below.

a. Agreement. As a condition of participating in the consumer choices option, a consumer shall sign Form 470-4289, HCBS Consumer Choices Informed Consent and Risk Agreement, to document that the consumer has been informed of the responsibilities and risks of electing the consumer choices option.

b. Individual budget amount. A monthly individual budget amount shall be set for each consumer. The consumer's department service worker or Medicaid targeted case manager shall determine the amount of each consumer's individual budget, based on the services and supports authorized in the consumer's service plan. The consumer shall be informed of the individual budget amount during the development of the service plan.

(1) Services that may be included in determining the individual budget amount for a consumer in the HCBS brain injury waiver are:

1. Consumer-directed attendant care (unskilled).
2. Day habilitation.
3. Home and vehicle modification.
4. Prevocational services.
5. Basic individual respite care.
6. Specialized medical equipment.
7. Supported community living.
8. Supported employment.
9. Transportation.

(2) The department shall determine an average unit cost for each service listed in subparagraph (1) based on actual unit costs from the previous fiscal year plus a cost-of-living adjustment.

(3) In aggregate, costs for individual budget services shall not exceed the current costs of waiver program services. In order to maintain cost neutrality, the department shall apply a utilization adjustment factor to the amount of service authorized in the consumer's service plan before calculating the value of that service to be included in the individual budget amount.

(4) The department shall compute the utilization adjustment factor for each service by dividing the net costs of all claims paid for the service by the total of the authorized costs for that service, using at least 12 consecutive months of aggregate service data. The utilization adjustment factor shall be no lower than 60 percent. The department shall analyze and adjust the utilization adjustment factor at least annually in order to maintain cost neutrality.

(5) Anticipated costs for home and vehicle modification are not subject to the average cost in subparagraph (2) or the utilization adjustment factor in subparagraph (3). Costs for home and vehicle modification may be released in a one-time payment.

(6) The individual budget amount may be changed only at the first of the month and shall remain fixed for the entire month.

c. Required service components. To participate in the consumer choices option, a consumer must hire an independent support broker and must work with a financial management service that is enrolled as a Medicaid HCBS brain injury waiver services provider.

(1) Before hiring the individual support broker, the consumer shall receive the results of the background check conducted pursuant to 441—subrule 77.30(14).

(2) If the consumer chooses to hire a person who has a criminal record or founded abuse report, the consumer assumes the risk for this action and shall acknowledge this information on Form 470-4289, HCBS Consumer Choices Informed Consent and Risk Agreement.

d. Optional service components. A consumer who elects the consumer choices option may purchase the following services and supports, which shall be provided in the consumer's home or at an integrated community setting:

(1) Self-directed personal care services. Self-directed personal care services are services or goods that provide a range of assistance in activities of daily living and incidental activities of daily living that help the consumer remain in the home and community.

(2) Self-directed community supports and employment. Self-directed community supports and employment are services that support the consumer in developing and maintaining independence and community integration.

(3) Individual-directed goods and services. Individual-directed goods and services are services, equipment, or supplies not otherwise provided through the Medicaid program that address a need identified in the consumer's service plan. The item or service shall decrease the consumer's need for other Medicaid services, promote the consumer's inclusion in the community, or increase the consumer's safety in the community.

e. Development of the individual budget. The individual support broker shall assist the consumer in developing and implementing the consumer's individual budget. The individual budget shall include:

(1) The costs of the financial management service.

(2) The costs of the independent support broker. The independent support broker may be compensated for up to 6 hours of service for assisting with the implementation of the initial individual budget. After the initial implementation, the independent support broker shall not be paid for more than 20 hours of service during a 12-month period without prior approval by the department.

(3) The costs of any services and supports chosen by the consumer as described in paragraph "d."

f. Budget authority. The consumer shall have authority over the individual budget authorized by the department to perform the following tasks:

(1) Contract with entities to provide services and supports as described in this subrule.

(2) Determine the amount to be paid for services with the exception of the independent support broker and the financial management service. Reimbursement rates for the independent support broker and the financial management service are subject to the limits in 441—subrule 79.1(2).

(3) Schedule the provision of services.

(4) Authorize payment for waiver goods and services identified in the individual budget. Consumers shall not use the individual budget to purchase room and board, sheltered workshop services, child care, or personal entertainment items.

(5) Reallocate funds among services included in the budget.

g. Delegation of budget authority. The consumer may delegate responsibility for the individual budget to a representative in addition to the independent support broker.

(1) The representative must be at least 18 years old.

(2) The representative shall not be a current provider of service to the consumer.

(3) The consumer shall sign a consent form that designates who the consumer has chosen as a representative and what responsibilities the representative shall have.

(4) The representative shall not be paid for this service.

h. Employer authority. The consumer shall have the authority to be the common-law employer of employees providing services and support under the consumer choices option. A common-law employer

has the right to direct and control the performance of the services. The consumer may perform the following functions:

- (1) Recruit employees.
- (2) Select employees from a worker registry.
- (3) Verify employee qualifications.
- (4) Specify additional employee qualifications.
- (5) Determine employee duties.
- (6) Determine employee wages and benefits.
- (7) Schedule employees.
- (8) Train and supervise employees.

i. Employment agreement. Any person employed by the consumer to provide services under the consumer choices option shall sign an employment agreement with the consumer that outlines the employee's and consumer's responsibilities.

j. Responsibilities of the independent support broker. The independent support broker shall perform the services specified in 78.34(13) "j."

k. Responsibilities of the financial management service. The financial management service shall perform all of the services specified in 78.34(13) "k."

This rule is intended to implement Iowa Code section 249A.4.

¹ Effective date of December 15, 2002, delayed 70 days by the Administrative Rules Review Committee at its meeting held December 10, 2002; at its meeting held February 21, 2003, the Committee delayed the effective date until adjournment of the 2003 Session of the General Assembly.

441—78.44(249A) Lead inspection services. Payment shall be approved for lead inspection services. This service shall be provided for children who have had two venous blood lead levels of 15 to 19 micrograms per deciliter or one venous level greater than or equal to 20 micrograms per deciliter. This service includes, but is not limited to, X-ray fluorescence analyzer (XRF) readings, visual examination of paint, preventive education of the resident and homeowner, health education about lead poisoning, and a written report to the family, homeowner, medical provider, and local childhood lead poisoning prevention program.

This rule is intended to implement Iowa Code section 249A.4.

441—78.45(249A) Teleconsultive services. Rescinded IAB 9/6/00, effective 11/1/00.

441—78.46(249A) Physical disability waiver service. Payment shall be approved for the following services to consumers eligible for the HCBS physical disability waiver established in 441—Chapter 83 when identified in the consumer's service plan. All services shall include the applicable and necessary instructions, supervision, assistance and support as required by the consumer in achieving the goals written specifically in the service plan and those delineated in Form 470-3372, HCBS Consumer-Directed Attendant Care Agreement. The service shall be delivered in the least restrictive environment consistent with the consumer's needs and in conformity with the consumer's service plan.

Reimbursement shall not be available under the waiver for any services that the consumer can obtain through regular Medicaid or from any other funding source.

All services shall be billed in whole units as specified in the following subrules.

78.46(1) Consumer-directed attendant care service. Consumer-directed attendant care services are service activities listed below performed by a person to help a consumer with self-care tasks which the consumer would typically do independently if the consumer were otherwise able. The services must be cost-effective and necessary to prevent institutionalization.

Providers must demonstrate proficiency in delivery of the services in the consumer's plan of care. Proficiency must be demonstrated through documentation of prior training or experience or a certificate of formal training. All training or experience will be detailed on Form 470-3372, HCBS Consumer-Directed Attendant Care Agreement, which must be reviewed and approved by the service worker for appropriateness of training or experience prior to the provision of services. Form 470-3372

becomes an attachment to and part of the case plan. Consumers shall give direction and training for activities which are not medical in nature to maintain independence. Licensed registered nurses and therapists must provide on-the-job training and supervision to the provider for skilled activities listed below and described on Form 470-3372. The training and experience must be sufficient to protect the health, welfare and safety of the consumer.

a. Nonskilled service activities covered are:

- (1) Help with dressing.
- (2) Help with bath, shampoo, hygiene, and grooming.
- (3) Help with access to and from bed or a wheelchair, transferring, ambulation, and mobility in general. Certification for this is available through the area community colleges.
- (4) Toilet assistance, including bowel, bladder, and catheter assistance which includes emptying the catheter bag, collecting a specimen and cleaning the external area around the catheter. Certification of training which includes demonstration of competence for catheter assistance is available through the area community colleges.
- (5) Meal preparation, cooking, eating and feeding assistance but not the cost of meals themselves.
- (6) Housekeeping services which are essential to the consumer's health care at home.
- (7) Help with medications ordinarily self-administered including those ordered by a physician or other qualified health care provider. Certification of training in a medication aide course is available through the area community colleges.
- (8) Minor wound care which does not require skilled nursing care.
- (9) Assistance needed to go to or return from a place of employment and assistance with job-related tasks while the consumer is on the job site. The cost of transportation for the consumer and assistance with understanding or performing the essential job functions are not included in consumer-directed attendant care services.
- (10) Cognitive assistance with tasks such as handling money and scheduling.
- (11) Fostering communication through interpreting and reading services as well as assistance in use of assistive devices for communication.
- (12) Assisting and accompanying a consumer in using transportation essential to the health and welfare of the consumer, but not the cost of the transportation.

b. Skilled service activities covered are the following performed under the supervision of a licensed nurse or licensed therapist working under the direction of a licensed physician. The licensed nurse or therapist shall retain accountability for actions that are delegated. The licensed nurse or therapist shall ensure appropriate assessment, planning, implementation, and evaluation. The licensed nurse or therapist shall make on-site supervisory visits every two weeks with the provider present. The cost of the supervision provided by the licensed nurse or therapist shall not be included in the reimbursement for consumer-directed attendant care services.

- (1) Tube feedings of consumers unable to eat solid foods.
- (2) Assistance with intravenous therapy which is administered by a registered nurse.
- (3) Parenteral injections required more than once a week.
- (4) Catheterizations, continuing care of indwelling catheters with supervision of irrigations, and changing of Foley catheters when required.
- (5) Respiratory care including inhalation therapy and tracheotomy care or tracheotomy care and ventilator.
- (6) Care of decubiti and other ulcerated areas, noting and reporting to the nurse or therapist.
- (7) Rehabilitation services including bowel and bladder training, range of motion exercises, ambulation training, restorative nursing services, reteaching the activities of daily living, respiratory care and breathing programs, reality orientation, reminiscing therapy, remotivation, and behavior modification.
- (8) Colostomy care.
- (9) Care of medical conditions such as brittle diabetes and comfort care of terminal conditions.
- (10) Postsurgical nurse-delegated activities under the supervision of the registered nurse.

(11) Monitoring medication reactions requiring close supervision because of fluctuating physical or psychological conditions, e.g., antihypertensives, digitalis preparations, mood altering or psychotropic drugs or narcotics.

(12) Preparing and monitoring response to therapeutic diets.

(13) Recording and reporting of changes in vital signs to the nurse or therapist.

c. A unit of service is 1 hour for up to 7 hours per day or one 8- to 24-hour day provided by an individual or an agency. Each service shall be billed in whole units.

d. The consumer, parent, guardian, or attorney in fact under a durable power of attorney for health care shall be responsible for selecting the person or agency who will provide the components of the attendant care services to be provided.

e. The consumer, parent, guardian, or attorney in fact under a durable power of attorney for health care shall determine the components of the attendant care services to be provided with the person who is providing the services to the consumer.

f. The service activities may not include parenting or child care on behalf of the consumer.

g. The consumer, parent, guardian, or attorney in fact under a durable power of attorney for health care and the provider shall complete and sign Form 470-3372, HCBS Consumer-Directed Attendant Care Agreement. A copy of the completed agreement shall be attached to the service plan, which is signed by the service worker prior to the initiation of services, and kept in the consumer's and department's records.

h. If the consumer has a guardian or attorney in fact under a durable power of attorney for health care, the care plan shall address how consumer-directed attendant care services will be monitored to ensure the consumer's needs are being adequately met. If the guardian or attorney in fact is the service provider, the service plan shall address how the service worker or case manager shall oversee service provision.

i. If the consumer has a guardian or attorney in fact under a durable power of attorney for health care, the guardian or attorney in fact shall sign the claim form in place of the consumer, indicating that the service has been provided as presented on the claim.

j. The frequency or intensity of services shall be indicated in the service plan.

k. Consumer-directed attendant care services may not be simultaneously reimbursed with any other HCBS waiver services.

l. Consumer-directed attendant care services may be provided to a recipient of in-home health-related care services, but not at the same time.

m. Services may be provided in the absence of a parent or guardian if the parent or guardian has given advanced direction for the service provision.

78.46(2) Home and vehicle modifications. Covered home and vehicle modifications are those physical modifications to the consumer's home or vehicle listed below that directly address the consumer's medical or remedial need. Covered modifications must be necessary to provide for the health, welfare, or safety of the consumer and enable the consumer to function with greater independence in the home or vehicle.

a. Modifications that are necessary or desirable without regard to the consumer's medical or remedial need and that would be expected to increase the fair market value of the home or vehicle, such as furnaces, fencing, roof repair, or adding square footage to the residence, are excluded except as specifically included below. Repairs are also excluded.

b. Only the following modifications are covered:

(1) Kitchen counters, sink space, cabinets, special adaptations to refrigerators, stoves, and ovens.

(2) Bathtubs and toilets to accommodate transfer, special handles and hoses for shower heads, water faucet controls, and accessible showers and sink areas.

(3) Grab bars and handrails.

(4) Turnaround space adaptations.

(5) Ramps, lifts, and door, hall and window widening.

(6) Fire safety alarm equipment specific for disability.

(7) Voice-activated, sound-activated, light-activated, motion-activated, and electronic devices directly related to the consumer's disability.

(8) Vehicle lifts, driver-specific adaptations, remote-start systems, including such modifications already installed in a vehicle.

(9) Keyless entry systems.

(10) Automatic opening device for home or vehicle door.

(11) Special door and window locks.

(12) Specialized doorknobs and handles.

(13) Plexiglas replacement for glass windows.

(14) Modification of existing stairs to widen, lower, raise or enclose open stairs.

(15) Motion detectors.

(16) Low-pile carpeting or slip-resistant flooring.

(17) Telecommunications device for the deaf.

(18) Exterior hard-surface pathways.

(19) New door opening.

(20) Pocket doors.

(21) Installation or relocation of controls, outlets, switches.

(22) Air conditioning and air filtering if medically necessary.

(23) Heightening of existing garage door opening to accommodate modified van.

(24) Bath chairs.

c. A unit of service is the completion of needed modifications or adaptations.

d. All modifications and adaptations shall be provided in accordance with applicable federal, state, and local building and vehicle codes.

e. Services shall be performed following department approval of a binding contract between the enrolled home and vehicle modification provider and the consumer.

f. The contract shall include, at a minimum, the work to be performed, cost, time frame for work completion, and assurance of liability and workers' compensation coverage.

g. Service payment shall be made to the enrolled home and vehicle modification provider. If applicable, payment will be forwarded to the subcontracting agency by the enrolled home and vehicle modification provider following completion of the approved modifications. Payment of up to \$6,060 per year may be made to certified providers upon satisfactory completion of the service. The service worker shall encumber up to \$500 per month within the monthly dollar cap allowed for the consumer until the amount of the modification is reached within the 12-month period.

h. Services shall be included in the consumer's service plan and shall exceed the Medicaid state plan services.

78.46(3) *Personal emergency response system.* The personal emergency response system allows a consumer experiencing a medical emergency at home to activate electronic components that transmit a coded signal via digital equipment over telephone lines to a central monitoring station. The service shall be identified in the consumer's service plan. A unit is a one-time installation fee or one month of service. Maximum units per state fiscal year are the initial installation and 12 months of service. The necessary components of a system are:

a. An in-home medical communications transceiver.

b. A remote, portable activator.

c. A central monitoring station with backup systems staffed by trained attendants 24 hours per day, seven days a week.

d. Current data files at the central monitoring station containing response protocols and personal, medical, and emergency information for each consumer.

78.46(4) *Specialized medical equipment.* Specialized medical equipment shall include medically necessary items for personal use by consumers with a physical disability which provide for the health and safety of the consumer that are not covered by Medicaid, are not funded by vocational rehabilitation programs, and are not provided by voluntary means. This includes, but is not limited to: electronic aids and organizers, medicine-dispensing devices, communication devices, bath aids and noncovered

environmental control units. This includes repair and maintenance of items purchased through the waiver in addition to the initial costs.

a. Consumers may receive specialized medical equipment once a month until a maximum yearly usage of \$6,060 has been reached.

b. The need for specialized medical equipment shall be documented by a health care professional as necessary for the consumer's health and safety and shall be identified in the consumer's service plan.

78.46(5) Transportation. Transportation services may be provided for consumers to conduct business errands and essential shopping, to receive medical services when not reimbursed through Medicaid as medical transportation, to travel to and from work or day programs, and to reduce social isolation. A unit of service is either per mile, per trip, or the unit established by an area agency on aging.

78.46(6) Consumer choices option. The consumer choices option provides a consumer with a flexible monthly individual budget that is based on the consumer's service needs. With the individual budget, the consumer shall have the authority to purchase goods and services and may choose to employ providers of services and supports. Components of this service are set forth below.

a. Agreement. As a condition of participating in the consumer choices option, a consumer shall sign Form 470-4289, HCBS Consumer Choices Informed Consent and Risk Agreement, to document that the consumer has been informed of the responsibilities and risks of electing the consumer choices option.

b. Individual budget amount. A monthly individual budget amount shall be set for each consumer. The consumer's department service worker or Medicaid targeted case manager shall determine the amount of each consumer's individual budget, based on the services and supports authorized in the consumer's service plan. The consumer shall be informed of the individual budget amount during the development of the service plan.

(1) Services that may be included in determining the individual budget amount for a consumer in the HCBS physical disability waiver are:

1. Consumer-directed attendant care (unskilled).
2. Home and vehicle modification.
3. Specialized medical equipment.
4. Transportation.

(2) The department shall determine an average unit cost for each service listed in subparagraph (1) based on actual unit costs from the previous fiscal year plus a cost-of-living adjustment.

(3) In aggregate, costs for individual budget services shall not exceed the current costs of waiver program services. In order to maintain cost neutrality, the department shall apply a utilization adjustment factor to the amount of service authorized in the consumer's service plan when calculating the value of that service to be included in the individual budget.

(4) The department shall compute the utilization adjustment factor for each service by dividing the net costs of all claims paid for the service by the total of the authorized costs for that service, using at least 12 consecutive months of aggregate service data. The utilization adjustment factor shall be no lower than 60 percent. The department shall analyze and adjust the utilization adjustment factor at least annually in order to maintain cost neutrality.

(5) Anticipated costs for home and vehicle modification are not subject to the average cost in subparagraph (2) or the utilization adjustment factor in subparagraph (3). Costs for home and vehicle modification may be released in a one-time payment.

(6) The individual budget amount may be changed only at the first of the month and shall remain fixed for the entire month.

c. Required service components. To participate in the consumer choices option, a consumer must hire an independent support broker and must work with a financial management service that is enrolled as a Medicaid HCBS physical disability waiver services provider.

(1) Before hiring the individual support broker, the consumer shall receive the results of the background check conducted pursuant to 441—subrule 77.30(14).

(2) If the consumer chooses to hire a person who has a criminal record or founded abuse report, the consumer shall acknowledge this information on Form 470-4289, HCBS Consumer Choices Informed Consent and Risk Agreement.

d. Optional service components. A consumer who elects the consumer choices option may purchase the following services and supports, which shall be provided in the consumer's home or at an integrated community setting:

(1) Self-directed personal care services. Self-directed personal care services are services or goods that provide a range of assistance in activities of daily living and incidental activities of daily living that help the consumer remain in the home and community.

(2) Self-directed community supports and employment. Self-directed community supports and employment are services that support the consumer in developing and maintaining independence and community integration.

(3) Individual-directed goods and services. Individual-directed goods and services are services, equipment, or supplies not otherwise provided through the Medicaid program that address a need identified in the consumer's service plan. The item or service shall decrease the consumer's need for other Medicaid services, promote the consumer's inclusion in the community, or increase the consumer's safety in the community.

e. Development of the individual budget. The individual support broker shall assist the consumer in developing and implementing the consumer's individual budget. The individual budget shall include:

(1) The costs of the financial management service.

(2) The costs of the independent support broker. The independent support broker may be compensated for up to 6 hours of service for assisting with the implementation of the initial individual budget. After the initial implementation, the independent support broker shall not be paid for more than 20 hours of service during a 12-month period without prior approval by the department.

(3) The costs of any services and supports chosen by the consumer as described in paragraph "d."

f. Budget authority. The consumer shall have authority over the individual budget authorized by the department to perform the following tasks:

(1) Contract with entities to provide services and supports as described in this subrule.

(2) Determine the amount to be paid for services with the exception of the independent support broker and the financial management service. Reimbursement rates for the independent support broker and the financial management service are subject to the limits in 441—subrule 79.1(2).

(3) Schedule the provision of services.

(4) Authorize payment for waiver goods and services identified in the individual budget. Consumers shall not use the individual budget to purchase room and board, sheltered workshop services, child care, or personal entertainment items.

(5) Reallocate funds among services included in the budget.

g. Delegation of budget authority. The consumer may delegate responsibility for the individual budget to a representative in addition to the independent support broker.

(1) The representative must be at least 18 years old.

(2) The representative shall not be a current provider of service to the consumer.

(3) The consumer shall sign a consent form that designates who the consumer has chosen as a representative and what responsibilities the representative shall have.

(4) The representative shall not be paid for this service.

h. Employer authority. The consumer shall have the authority to be the common-law employer of employees providing services and support under the consumer choices option. A common-law employer has the right to direct and control the performance of the services. The consumer may perform the following functions:

(1) Recruit employees.

(2) Select employees from a worker registry.

(3) Verify employee qualifications.

(4) Specify additional employee qualifications.

(5) Determine employee duties.

- (6) Determine employee wages and benefits.
- (7) Schedule employees.
- (8) Train and supervise employees.

i. Employment agreement. Any person employed by the consumer to provide services under the consumer choices option shall sign an employment agreement with the consumer that outlines the employee's and consumer's responsibilities.

j. Responsibilities of the independent support broker. The independent support broker shall perform the services specified in 78.34(13) "j."

k. Responsibilities of the financial management service. The financial management service shall perform all of the services specified in 78.34(13) "k."

This rule is intended to implement Iowa Code section 249A.4.

441—78.47(249A) Pharmaceutical case management services. Payment will be approved for pharmaceutical case management services provided by an eligible physician and pharmacist for Medicaid recipients determined to be at high risk for medication-related problems. These services are designed to identify, prevent, and resolve medication-related problems and improve drug therapy outcomes.

78.47(1) Medicaid recipient eligibility. Patients are eligible for pharmaceutical case management services if they have active prescriptions for four or more regularly scheduled nontopical medications, are ambulatory, do not reside in a nursing facility, and have at least one of the eligible disease states of congestive heart disease, ischemic heart disease, diabetes mellitus, hypertension, hyperlipidemia, asthma, depression, atrial fibrillation, osteoarthritis, gastroesophageal reflux, or chronic obstructive pulmonary disease.

78.47(2) Provider eligibility. Physicians and pharmacists shall meet the following criteria to provide pharmaceutical case management services.

a. Physicians and pharmacists must be enrolled in the Iowa Medicaid program, have an Iowa Medicaid provider number, and receive training under the direction of the department regarding the provision of pharmaceutical case management services under the Iowa Medicaid program.

A copy of pharmaceutical case management records, including documentation of services provided, shall be maintained on file in each provider's facility and be made available for audit by the department on request.

b. Physicians shall be licensed to practice medicine.

c. Pharmacists shall present to the department evidence of competency including state licensure, submit five acceptable patient care plans, and have successfully completed professional training on patient-oriented, medication-related problem prevention and resolution. Pharmacists shall also maintain problem-oriented patient records, provide a private patient consultation area, and submit a statement indicating that the submitted patient care plans are representative of the pharmacists' usual patient care plans.

Acceptable professional training programs are:

(1) A doctor of pharmacy degree program.

(2) The Iowa Center for Pharmaceutical Care (ICPC) training program, which is a cooperative training initiative of the University of Iowa College of Pharmacy, Drake University College of Pharmacy and Health Sciences, and the Iowa Pharmacy Foundation.

(3) Other programs containing similar coursework and supplemental practice site evaluation and reengineering, approved by the department with input from a peer review advisory committee.

78.47(3) Services. Eligible patients may choose whether to receive the services. If patients elect to receive the services, they must receive the services from any eligible physician and pharmacist acting as a pharmaceutical case management (PCM) team. Usually the eligible physician and pharmacist will be the patient's primary physician and pharmacist. Pharmaceutical case management services are to be value-added services complementary to the basic medical services provided by the primary physician and pharmacist.

The PCM team shall provide the following services:

a. Initial assessment. The initial assessment shall consist of:

- (1) A patient evaluation by the pharmacist, including:
 1. Medication history;
 2. Assessment of indications, effectiveness, safety, and compliance of medication therapy;
 3. Assessment for the presence of untreated illness; and
 4. Identification of medication-related problems such as unnecessary medication therapy, suboptimal medication selection, inappropriate compliance, adverse drug reactions, and need for additional medication therapy.

- (2) A written report and recommendation from the pharmacist to the physician.

- (3) A patient care action plan developed by the PCM team with the patient's agreement and implemented by the PCM team. Specific components of the action plan will vary based on patient needs and conditions but may include changes in medication regimen, focused patient or caregiver education, periodic assessment for changes in the patient's condition, periodic monitoring of the effectiveness of medication therapy, self-management training, provision of patient-specific educational and informational materials, compliance enhancement, and reinforcement of healthy lifestyles. An action plan must be completed for each initial assessment.

b. New problem assessments. These assessments are initiated when a new medication-related problem is identified. The action plan is modified and new components are implemented to address the new problem. This assessment may occur in the interim between scheduled follow-up assessments.

c. Problem follow-up assessments. These assessments are based on patient need and a problem identified by a prior assessment. The patient's status is evaluated at an appropriate interval. The effectiveness of the implemented action plan is determined and modifications are made as needed.

d. Preventive follow-up assessments. These assessments occur approximately every six months when no current medication-related problems have been identified in prior assessments. The patient is reassessed for newly developed medication-related problems and the action plan is reviewed.

This rule is intended to implement Iowa Code section 249A.4 and 2000 Iowa Acts, chapter 1228, section 9.

441—78.48(249A) Rehabilitation services for adults with chronic mental illness. Rescinded IAB 8/1/07, effective 9/5/07.

441—78.49(249A) Infant and toddler program services. Subject to the following subrules, payment shall be made for medical services provided to Medicaid eligible children by infant and toddler program providers under the infants and toddlers with disabilities program administered by the Iowa Child Health Specialty Clinics and the departments of education, public health, and human services.

78.49(1) Covered services. Covered services include, but are not limited to, audiology, psychological evaluation and counseling, health and nursing services, nutrition services, occupational therapy services, physical therapy services, developmental services, speech-language services, vision services, and medical transportation.

78.49(2) Coordination services. Payment shall also be approved for infant and toddler coordination services, subject to the following requirements:

a. Payable coordination services must consist of activities to assist and enable a child and family to receive infant and toddler program services and must serve as the point of contact in assisting parents to obtain the services and assistance needed. This must include, but is not limited to:

- (1) Explaining the infants and toddlers with disabilities program, including parental rights and procedural safeguards.

- (2) Identifying the family's concerns related to the child's needs.

- (3) Coordinating the evaluations and assessments needed by the child.

- (4) Facilitating and participating in the development, review and evaluation of individualized family service plans (IFSP) pursuant to rule 281—41.5(256B,34CFR300). This must include identifying the people to participate in the development of the service plan and face-to-face or telephone contacts with others for the purpose of developing, reviewing, and revising the IFSP.

(5) Assisting parents in gaining access to the infant and toddler program services and other services identified in the IFSP. This must include face-to-face or telephone contacts with the child and family for the purpose of assessing or reassessing needs.

(6) Assisting families in identifying available service providers and funding resources. This must include documentation of unmet needs and gaps in services.

(7) Coordinating and monitoring the delivery of services, informing families of the availability of advocacy services, coordinating with medical and health providers, and periodic observation of services to ensure that quality services are being provided and are effectively meeting the needs of the child.

(8) Facilitating the timely delivery of services.

(9) Continuously seeking the appropriate services for the duration of the child's eligibility.

(10) Arranging or authorizing payment for medical transportation.

(11) Keeping records, including preparing reports, updating service plans, making notes about IFSP activities in the recipient's record, and preparing and responding to correspondence with the child, family, and others.

b. A face-to-face contact between the service coordinator and the child and family is required:

(1) Within the first 30 days of service;

(2) Every three months thereafter.

c. In months in which there is no face-to-face contact, a telephone contact between the service coordinator and the family is required.

78.49(3) *Child's eligibility.* Payable services must be provided to a child under the age of 36 months who is experiencing developmental delay or who has a condition that is known to have a high probability of resulting in developmental delay at a later date.

78.49(4) *Delivery of services.* Services must be delivered directly by the infant and toddler program provider or by a practitioner under contract with the infant and toddler program provider.

78.49(5) *Remission of nonfederal share of costs.* Payment for services shall be made only when the following conditions are met:

a. Rescinded IAB 5/10/06, effective 7/1/06.

b. The infant and toddler program provider has executed an agreement to remit the nonfederal share of the cost to the department.

c. The infant and toddler program provider shall sign and return Form 470-3816, Medicaid Billing Remittance, along with the funds remitted for the nonfederal share of the costs of the services specified on the form.

This rule is intended to implement Iowa Code section 249A.4.

441—78.50(249A) Local education agency services. Subject to the following subrules, payment shall be made for medical services provided by local education agency services providers to Medicaid-eligible individuals under the age of 21.

78.50(1) *Covered services.* Covered services include, but are not limited to, audiology services, behavior services, consultation services, medical transportation, nursing services, nutrition services, occupational therapy services, personal assistance, physical therapy services, psychologist services, speech-language services, social work services, vision services, and school-based clinic visit services.

Vaccines available through the Vaccines for Children program under Section 1928 of the Social Security Act are not covered as local education agency services. However, the administration of vaccines is a covered service.

Payment for supplies shall be approved when the supplies are incidental to the patient's care, e.g., syringes for injections, and do not exceed \$25 per month. Durable medical equipment and other supplies are not covered as local education agency services.

78.50(2) *Coordination services.* Payment shall also be approved for local education agency services coordination, subject to the following requirements:

a. Service coordination must consist of activities to assist and enable a child to receive local education agency services and must serve as the point of contact in assisting parents to obtain the services and assistance needed. This must include, but is not limited to:

- (1) Coordinating the evaluations and assessments needed by the child.
- (2) Facilitating and participating in the development and review of the initial and annual individual education plan (IEP) or individual health plan (IHP) pursuant to 281—Chapter 41, Division VIII, or 281—subrule 41.96(1).
- (3) Conducting triennial reviews.
- (4) Providing ongoing service coordination.
- (5) Facilitating the timely delivery of needed services.
- (6) Keeping records, including preparing reports, updating service plans, making notes about IEP/IHP activities in the child's record, and maintaining face-to-face contact as required in 78.50(2) "b."
 - b. A minimum of one face-to-face contact per quarter between the service coordinator and the child and family is required for payment of local education agency coordination services.

78.50(3) *Delivery of services.* Services must be delivered directly by the local education agency services providers or by a practitioner under contract with the local education agency services provider.

78.50(4) *Remission of nonfederal share of costs.* Payment for services shall be made only when the following conditions are met:

- a. Rescinded IAB 5/10/06, effective 7/1/06.
- b. The local education agency services provider has executed an agreement to remit the nonfederal share of the cost to the department.
- c. The local education agency provider shall sign and return Form 470-3816, Medicaid Billing Remittance, along with the funds remitted for the nonfederal share of the costs of the services as specified on the form.

This rule is intended to implement Iowa Code section 249A.4.

441—78.51(249A) Indian health service 638 facility services. Payment shall be made for all medically necessary services and supplies provided by a licensed practitioner at an Indian health service 638 facility, as defined at rule 441—77.45(249A), within the practitioner's scope of practice and subject to the limitations and exclusions set forth in subrule 78.1(1).

This rule is intended to implement Iowa Code section 249A.4.

441—78.52(249A) HCBS children's mental health waiver services. Payment will be approved for the following services to consumers eligible for the HCBS children's mental health waiver as established in 441—Chapter 83. All services shall be provided in accordance with the general standards in subrule 78.52(1), as well as standards provided specific to each waiver service in subrules 78.52(2) through 78.52(5).

78.52(1) *General service standards.* All children's mental health waiver services shall be provided in accordance with the following standards:

a. Services must be based on the consumer's needs as identified in the consumer's service plan developed pursuant to 441—83.127(249A).

(1) Services must be delivered in the least restrictive environment consistent with the consumer's needs.

(2) Services must include the applicable and necessary instruction, supervision, assistance and support as required by the consumer to achieve the consumer's goals.

b. Payment for services shall be made only upon departmental approval of the services. Waiver services provided before approval of the consumer's eligibility for the waiver shall not be paid.

c. Services or service components must not be duplicative.

(1) Reimbursement shall not be available under the waiver for any services that the consumer may obtain through the Iowa Medicaid program outside of the waiver.

(2) Reimbursement shall not be available under the waiver for any services that the consumer may obtain through natural supports or community resources.

(3) Services may not be simultaneously reimbursed for the same period as nonwaiver Medicaid services or other Medicaid waiver services.

(4) Costs for waiver services are not reimbursable while the consumer is in a medical institution.

78.52(2) Environmental modifications and adaptive devices.

a. Environmental modifications and adaptive devices include items installed or used within the consumer's home that address specific, documented health, mental health, or safety concerns.

b. A unit of service is one modification or device.

c. For each unit of service provided, the case manager shall maintain in the consumer's case file a signed statement from a mental health professional on the consumer's interdisciplinary team that the service has a direct relationship to the consumer's diagnosis of serious emotional disturbance.

78.52(3) Family and community support services. Family and community support services shall support the consumer and the consumer's family by the development and implementation of strategies and interventions that will result in the reduction of stress and depression and will increase the consumer's and the family's social and emotional strength.

a. Dependent on the needs of the consumer and the consumer's family members individually or collectively, family and community support services may be provided to the consumer, to the consumer's family members, or to the consumer and the family members as a family unit.

b. Family and community support services shall be provided under the recommendation and direction of a mental health professional who is a member of the consumer's interdisciplinary team pursuant to 441—83.127(249A).

c. Family and community support services shall incorporate recommended support interventions and activities, which may include the following:

(1) Developing and maintaining a crisis support network for the consumer and for the consumer's family.

(2) Modeling and coaching effective coping strategies for the consumer's family members.

(3) Building resilience to the stigma of serious emotional disturbance for the consumer and the family.

(4) Reducing the stigma of serious emotional disturbance by the development of relationships with peers and community members.

(5) Modeling and coaching the strategies and interventions identified in the consumer's crisis intervention plan as defined in 441—24.1(225C) for life situations with the consumer's family and in the community.

(6) Developing medication management skills.

(7) Developing personal hygiene and grooming skills that contribute to the consumer's positive self-image.

(8) Developing positive socialization and citizenship skills.

d. Family and community support services may include an amount not to exceed \$1500 per consumer per year for transportation within the community and purchase of therapeutic resources. Therapeutic resources may include books, training materials, and visual or audio media.

(1) The interdisciplinary team must identify the transportation or therapeutic resource as a support need.

(2) The annual amount available for transportation and therapeutic resources must be listed in the consumer's service plan.

(3) The consumer's parent or legal guardian shall submit a signed statement that the transportation or therapeutic resource cannot be provided by the consumer or the consumer's family or legal guardian.

(4) The consumer's Medicaid targeted case manager shall maintain a signed statement that potential community resources are unavailable and shall list the community resources contacted to fund the transportation or therapeutic resource.

(5) The transportation or therapeutic resource must not be otherwise eligible for Medicaid reimbursement.

(6) Family and community support services providers shall maintain records to:

1. Ensure that the transportation and therapeutic resources provided do not exceed the maximum amount authorized; and

2. Support the annual reporting requirements in 441—subparagraph 79.1(15)“a”(1).

e. The following components are specifically excluded from family and community support services:

- (1) Vocational services.
- (2) Prevocational services.
- (3) Supported employment services.
- (4) Room and board.
- (5) Academic services.
- (6) General supervision and consumer care.

f. A unit of family and community support services is one hour.

78.52(4) *In-home family therapy.* In-home family therapy provides skilled therapeutic services to the consumer and family that will increase their ability to cope with the effects of serious emotional disturbance on the family unit and the familial relationships. The service must support the family by the development of coping strategies that will enable the consumer to continue living within the family environment.

a. The goal of in-home family therapy is to maintain a cohesive family unit.

b. In-home family therapy is exclusive of and cannot serve as a substitute for individual therapy, family therapy, or other mental health therapy that may be obtained through the Iowa Plan or other funding sources.

c. A unit of in-home family therapy service is one hour. Any period less than one hour shall be prorated.

78.52(5) *Respite care services.* Respite care services are services provided to the consumer that give temporary relief to the usual caregiver and provide all the necessary care that the usual caregiver would provide during that period. The "usual caregiver" means a person or persons who reside with the consumer and are available on a 24-hour-per-day basis to assume responsibility for the care of the consumer.

a. Respite care shall not be provided to consumers during the hours in which the usual caregiver is employed, except when the consumer is attending a camp.

b. The usual caregiver cannot be absent from the home for more than 14 consecutive days during respite provision.

c. Staff-to-consumer ratios shall be appropriate to the individual needs of the consumer as determined by the consumer's interdisciplinary team. The team shall determine the type of respite care to be provided according to these definitions:

(1) Basic individual respite is provided on a ratio of one staff to one consumer. The consumer does not have specialized medical needs that require the direct services of a registered nurse or licensed practical nurse.

(2) Specialized respite is provided on a ratio of one or more nursing staff to one consumer. The consumer has specialized medical needs that require the direct services of a registered nurse or licensed practical nurse.

(3) Group respite is provided on a ratio of one staff to two or more consumers receiving respite. These consumers do not have specialized medical needs that require the direct services of a registered nurse or licensed practical nurse.

d. Respite services provided for a period exceeding 24 consecutive hours to three or more consumers who require nursing care because of a mental or physical condition must be provided by a health care facility licensed under Iowa Code chapter 135C.

e. Respite services provided outside the consumer's home shall not be reimbursable if the living unit where respite care is provided is reserved for another person on a temporary leave of absence.

f. A unit of service is one hour.

This rule is intended to implement Iowa Code section 249A.4 and 2005 Iowa Acts, chapter 167, section 13, and chapter 117, section 3.

[◇] Two or more ARCs

¹ Effective date of 78.3 and 78.31 delayed 70 days by the Administrative Rules Review Committee at its January 1, 1988 meeting.

² Effective date of 4/1/91 delayed until adjournment of the 1991 session of the General Assembly by the Administrative Rules Review Committee at its meeting held February 12, 1991.

³ Effective date of 3/1/92 delayed until adjournment of the 1992 General Assembly by the Administrative Rules Review Committee at its meeting held February 3, 1992.

⁴ At a special meeting held January 24, 2002, the Administrative Rules Review Committee voted to delay until adjournment of the 2002 Session of the General Assembly the effective date of amendments published in the February 6, 2002, Iowa Administrative Bulletin as **ARC 1365B**.

CHAPTER 79
OTHER POLICIES RELATING TO PROVIDERS OF
MEDICAL AND REMEDIAL CARE

[Prior to 7/1/83, Social Services[770] Ch 79]

441—79.1(249A) Principles governing reimbursement of providers of medical and health services. The basis of payment for services rendered by providers of services participating in the medical assistance program is either a system based on the provider's allowable costs of operation or a fee schedule. Generally, institutional types of providers such as hospitals and nursing facilities are reimbursed on a cost-related basis, and practitioners such as physicians, dentists, optometrists, and similar providers are reimbursed on the basis of a fee schedule. Payments to health care providers that are owned or operated by Iowa state or non-state government entities shall not exceed the provider's cost of providing services to Medicaid members. Providers of service must accept reimbursement based upon the department's methodology without making any additional charge to the member.

79.1(1) Types of reimbursement.

a. Prospective cost-related. Providers are reimbursed on the basis of a per diem rate calculated prospectively for each participating provider based on reasonable and proper costs of operation. The rate is determined by establishing a base year per diem rate to which an annual index is applied.

b. Retrospective cost-related. Providers are reimbursed on the basis of a per diem rate calculated retrospectively for each participating provider based on reasonable and proper costs of operation with suitable retroactive adjustments based on submission of financial and statistical reports by the provider. The retroactive adjustment represents the difference between the amount received by the provider during the year for covered services and the amount determined in accordance with an accepted method of cost apportionment (generally the Medicare principles of apportionment) to be the actual cost of service rendered medical assistance recipients.

c. Fee schedules. Fees for the various procedures involved are determined by the department with advice and consultation from the appropriate professional group. The fees are intended to reflect the amount of resources (time, training, experience) involved in each procedure. Individual adjustments will be made periodically to correct any inequity or to add new procedures or eliminate or modify others. If product cost is involved in addition to service, reimbursement is based either on a fixed fee, wholesale cost, or on actual acquisition cost of the product to the provider, or product cost is included as part of the fee schedule. Providers on fee schedules are reimbursed the lower of:

- (1) The actual charge made by the provider of service.
- (2) The maximum allowance under the fee schedule for the item of service in question.

Payment levels for fee schedule providers of service will be increased on an annual basis by an economic index reflecting overall inflation as well as inflation in office practice expenses of the particular provider category involved to the extent data is available. Annual increases will be made beginning July 1, 1988.

There are some variations in this methodology which are applicable to certain providers. These are set forth below in subrules 79.1(3) to 79.1(9) and 79.1(15).

Fee schedules in effect for the providers covered by fee schedules can be obtained from the department's Web site at: http://www.ime.state.ia.us/Reports_Publications/FeeSchedules.html.

d. Monthly fee for service with cost settlement. Providers of MR/CMI/DD case management services are reimbursed on the basis of a payment for a month's provision of service for each client enrolled in an MR/CMI/DD case management program for any portion of the month based on reasonable and proper costs for service provision. The fee will be determined by the department with advice and consultation from the appropriate professional group and will reflect the amount of resources involved in service provision.

Providers are reimbursed throughout each fiscal year on the basis of a projected monthly rate for each participating provider, based on reasonable and proper costs of operation, pursuant to federally accepted reimbursement principles (generally Medicare or OMB A-87 principles) with annual retrospective cost settlement based on submission of actual costs of operation and service utilization data by the provider

on financial and statistical reports. The cost settlement represents the difference between the amount received by the provider during the year for covered services and the amount supported by the actual costs of doing business, determined in accordance with an accepted method of cost appointment.

The methodology for determining the reasonable and proper cost for service provision assumes the following:

- (1) The indirect administrative costs shall be limited to 20 percent of other costs.
- (2) Mileage shall be reimbursed at a rate no greater than the state employee rate.
- (3) The rates a provider may charge are subject to limits established at 79.1(2).
- (4) Costs of operation shall include only those costs which pertain to the provision of services which are authorized under rule 441—90.3(249A).

e. Retrospectively limited prospective rates. Providers are reimbursed on the basis of a rate for a unit of service calculated prospectively for each participating provider (and, for supported community living daily rates, for each consumer or site) based on projected or historical costs of operation, subject to the maximums listed in subrule 79.1(2) and to retrospective adjustment based on actual, current costs of operation so as not to exceed reasonable and proper costs by more than 2.5 percent.

The prospective rates for new providers who have not submitted six months of cost reports will be based on a projection of the provider's reasonable and proper costs of operation until the provider has submitted an annual cost report that includes a minimum of six months of actual costs. The prospective rates paid established providers who have submitted an annual report with a minimum of a six-month history are based on reasonable and proper costs in a base period and are adjusted annually for inflation. The prospective rates paid to both new and established providers are subject to the maximums listed in subrule 79.1(2) and to retrospective adjustment based on the provider's actual, current costs of operation as shown by financial and statistical reports submitted by the provider, so as not to exceed reasonable and proper costs actually incurred by more than 2.5 percent.

f. Contractual rate. Providers are reimbursed on a basis of costs incurred pursuant to a contract between the provider and subcontractor.

g. Retrospectively adjusted prospective rates. Critical access hospitals are reimbursed prospectively, with retrospective adjustments based on annual cost reports submitted by the hospital at the end of the hospital's fiscal year. The retroactive adjustment equals the difference between the reasonable costs of providing covered services to eligible fee-for-service Medicaid members (excluding members in managed care), determined in accordance with Medicare cost principles, and the Medicaid reimbursement received. Amounts paid that exceed reasonable costs shall be recovered by the department. See paragraphs 79.1(5) "aa" and 79.1(16) "h."

h. Indian health service 638 facilities. Indian health service 638 facilities as defined at rule 441—77.45(249A) are paid a special daily base encounter rate for all Medicaid-covered services rendered to American Indian or Alaskan native persons who are Medicaid-eligible. This rate is updated periodically and published in the Federal Register after being approved by the Office of Management and Budget. Indian health service 638 facilities may bill only one charge per patient per day for services provided to American Indians or Alaskan natives, which shall include all services provided on that day.

Services provided to Medicaid recipients who are not American Indians or Alaskan natives will be paid at the fee schedule allowed by Iowa Medicaid for the services provided and will be billed separately by CPT code on the CMS-1500 Health Insurance Claim Form. Claims for services provided to Medicaid recipients who are not American Indians or Alaskan natives must be submitted by the individual practitioner enrolled in the Iowa Medicaid program, but may be paid to the facility if the provider agreement so stipulates.

79.1(2) Basis of reimbursement of specific provider categories.

<u>Provider category</u>	<u>Basis of reimbursement</u>	<u>Upper limit</u>
Advanced registered nurse practitioners	Fee schedule	Fee schedule in effect 6/30/08 plus 1%.
Ambulance	Fee schedule	Ground ambulance: Fee schedule in effect 6/30/08 plus 1%. Air ambulance: Fee schedule in effect 6/30/08 plus 1%.
Ambulatory surgical centers	Base rate fee schedule as determined by Medicare. See 79.1(3)	Fee schedule in effect 6/30/08 plus 1%.
Area education agencies	Fee schedule	Fee schedule in effect 6/30/00 plus 0.7%.
Audiologists	Fee schedule	Fee schedule in effect 6/30/08 plus 1%.
Birth centers	Fee schedule	Fee schedule in effect 6/30/08 plus 1%.
Chiropractors	Fee schedule	Fee schedule in effect 6/30/08 plus 1%.
Clinics	Fee schedule	Maximum physician reimbursement rate.
Community mental health centers and providers of mental health services to county residents pursuant to a waiver approved under Iowa Code section 225C.7(3)	Retrospective cost-related. See 79.1(25)	100% of reasonable Medicaid cost as determined by Medicare cost reimbursement principles.
Dentists	Fee schedule	Fee schedule in effect 6/30/08 plus 1%.
Durable medical equipment, prosthetic devices and medical supply dealers	Fee schedule. See 79.1(4)	Fee schedule in effect 6/30/08 plus 1%.
Family planning clinics	Fee schedule	Fee schedule in effect 6/30/08 plus 1%.
Federally qualified health centers	Retrospective cost-related. See 441—88.14(249A)	1. Prospective payment rate as required by the Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act of 2000 (BIPA 2000) or an alternative methodology allowed thereunder, as specified in “2” below. 2. 100% of reasonable cost as determined by Medicare cost reimbursement principles. 3. In the case of services provided pursuant to a contract between an FQHC and a managed care organization (MCO), reimbursement from the MCO shall be supplemented to achieve “1” or “2” above.
HCBS waiver service providers, including:		Except as noted, limits apply to all waivers that cover the named provider.

<u>Provider category</u>	<u>Basis of reimbursement</u>	<u>Upper limit</u>
1. Adult day care	Fee schedule	For AIDS/HIV, brain injury, elderly, and ill and handicapped waivers: Veterans Administration contract rate or \$22.12 per half day, \$44.03 per full day, or \$66.03 per extended day if no Veterans Administration contract. For mental retardation waiver: County contract rate or, in the absence of a contract rate, \$29.47 per half day, \$58.83 per full day, or \$75.00 per extended day.
2. Emergency response system	Fee schedule	Initial one-time fee \$49.53. Ongoing monthly fee \$38.52.
3. Home health aides	Retrospective cost-related	For AIDS/HIV, elderly, and ill and handicapped waivers: Lesser of maximum Medicare rate in effect 6/30/08 plus 1% or maximum Medicaid rate in effect 6/30/08 plus 1%. For mental retardation waiver: Lesser of maximum Medicare rate in effect 6/30/08 plus 1% or maximum Medicaid rate in effect 6/30/08 plus 1%, converted to an hourly rate.
4. Homemakers	Fee schedule	Maximum of \$19.81 per hour.
5. Nursing care	For elderly and mental retardation waivers: Fee schedule as determined by Medicare. For AIDS/HIV and ill and handicapped waivers: Agency's financial and statistical cost report and Medicare percentage rate per visit.	For elderly waiver: \$82.92 per visit. For mental retardation waiver: Lesser of maximum Medicare rate in effect 6/30/08 plus 1% or maximum Medicaid rate in effect 6/30/08 plus 1%, converted to an hourly rate. For AIDS/HIV and ill and handicapped waivers: Cannot exceed \$82.92 per visit.
6. Respite care when provided by: Home health agency:		

<u>Provider category</u>	<u>Basis of reimbursement</u>	<u>Upper limit</u>
Specialized respite	Cost-based rate for nursing services provided by a home health agency	Lesser of maximum Medicare rate in effect 6/30/08 plus 1% or maximum Medicaid rate in effect 6/30/08 plus 1%. converted to an hourly rate, not to exceed \$296.94 per day.
Basic individual respite	Cost-based rate for home health aide services provided by a home health agency	Lesser of maximum Medicare rate in effect 6/30/08 plus 1% or maximum Medicaid rate in effect 6/30/08 plus 1%, converted to an hourly rate, not to exceed \$296.94 per day.
Group respite	Retrospectively limited prospective rates. See 79.1(15)	\$13.12 per hour not to exceed \$296.94 per day.
Home care agency:		
Specialized respite	Retrospectively limited prospective rates. See 79.1(15)	\$33.75 per hour not to exceed \$296.94 per day.
Basic individual respite	Retrospectively limited prospective rates. See 79.1(15)	\$18.01 per hour not to exceed \$296.94 per day.
Group respite	Retrospectively limited prospective rates. See 79.1(15)	\$13.12 per hour not to exceed \$296.94 per day.
Nonfacility care:		
Specialized respite	Retrospectively limited prospective rates. See 79.1(15)	\$33.75 per hour not to exceed \$296.94 per day.
Basic individual respite	Retrospectively limited prospective rates. See 79.1(15)	\$18.01 per hour not to exceed \$296.94 per day.
Group respite	Retrospectively limited prospective rates. See 79.1(15)	\$13.12 per hour not to exceed \$296.94 per day.
Facility care:		
Hospital or nursing facility providing skilled care	Fee schedule	\$13.12 per hour not to exceed daily per diem for skilled nursing facility level of care.
Nursing facility	Fee schedule	\$13.12 per hour not to exceed daily per diem for nursing facility level of care.
Camps	Retrospectively limited prospective rates. See 79.1(15)	\$13.12 per hour not to exceed \$296.94 per day.
Adult day care	Fee schedule	\$13.12 per hour not to exceed rate for regular adult day care services.
Intermediate care facility for the mentally retarded	Fee schedule	\$13.12 per hour not to exceed daily per diem for ICF/MR level of care.
Residential care facilities for persons with mental retardation	Fee schedule	\$13.12 per hour not to exceed contractual daily per diem.
Foster group care	Fee schedule	\$13.12 per hour not to exceed daily per diem rate for child welfare services.
Child care facilities	Fee schedule	\$13.12 per hour not to exceed contractual daily per diem.
7. Chore service	Fee schedule	\$7.71 per half hour.

<u>Provider category</u>	<u>Basis of reimbursement</u>	<u>Upper limit</u>
8. Home-delivered meals	Fee schedule	\$7.71 per meal. Maximum of 14 meals per week.
9. Home and vehicle modification	Fee schedule	For elderly waiver: \$1010 lifetime maximum. For mental retardation waiver: \$5050 lifetime maximum. For brain injury, ill and handicapped and physical disability waivers: \$6060 per year.
10. Mental health outreach providers	Fee schedule	On-site Medicaid reimbursement rate for center or provider. Maximum of 1440 units per year.
11. Transportation	Fee schedule	County contract rate or, in the absence of a contract rate, the rate set by the area agency on aging.
12. Nutritional counseling	Fee schedule	\$8.25 per unit.
13. Assistive devices	Fee schedule	\$110.05 per unit.
14. Senior companion	Fee schedule	\$6.59 per hour.
15. Consumer-directed attendant care provided by:		
Agency (other than an elderly waiver assisted living program)	Fee agreed upon by consumer and provider	\$20.20 per hour not to exceed the daily rate of \$116.72 per day.
Assisted living program (for elderly waiver only)	Fee agreed upon by consumer and provider	For elderly waiver only: \$1,117 per calendar month. Rate must be prorated per day for a partial month, at a rate not to exceed \$36.71 per day.
Individual	Fee agreed upon by consumer and provider	\$13.47 per hour not to exceed the daily rate of \$78.56 per day.
16. Counseling		
Individual:	Fee schedule	\$10.79 per unit.
Group:	Fee schedule	\$43.14 per hour.
17. Case management	Fee schedule	For brain injury waiver: \$598.68 per month. For elderly waiver: \$70 per month.
18. Supported community living	Retrospectively limited prospective rates. See 79.1(15)	\$34.98 per hour, \$78.88 per day not to exceed the maximum daily ICF/MR per diem.

<u>Provider category</u>	<u>Basis of reimbursement</u>	<u>Upper limit</u>
19. Supported employment:		
Activities to obtain a job:		
Job development	Fee schedule	\$909 per unit (job placement). Maximum of two units per 12 months.
Employer development	Fee schedule	\$909 per unit (job placement). Maximum of two units per 12 months.
Enhanced job search	Retrospectively limited prospective rates. See 79.1(15)	Maximum of \$34.98 per hour and 26 hours per 12 months.
Supports to maintain employment	Retrospectively limited prospective rates. See 79.1(15)	Maximum of \$34.98 per hour for all activities other than personal care and services in an enclave setting. Maximum of \$19.81 per hour for personal care. Maximum of \$6.19 per hour for services in an enclave setting. Total not to exceed \$2,883.71 per month. Maximum of 40 units per week.
20. Specialized medical equipment	Fee schedule	\$6060 per year.
21. Behavioral programming	Fee schedule	\$10.79 per 15 minutes.
22. Family counseling and training	Fee schedule	\$43.14 per hour.
23. Prevocational services	Fee schedule	For the brain injury waiver: \$37.44 per day. For the mental retardation waiver: County contract rate or, in absence of a contract rate, \$48.22 per day.
24. Interim medical monitoring and treatment:		
Home health agency (provided by home health aide)	Cost-based rate for home health aide services provided by a home health agency	Lesser of maximum Medicare rate in effect 6/30/08 plus 1% or maximum Medicaid rate in effect 6/30/08 plus 1%, converted to an hourly rate.
Home health agency (provided by nurse)	Cost-based rate for nursing services provided by a home health agency	Lesser of maximum Medicare rate in effect 6/30/08 plus 1% or maximum Medicaid rate in effect 6/30/08 plus 1%, converted to an hourly rate.
Child development home or center	Fee schedule	\$13.12 per hour.
25. Residential-based supported community living	Retrospectively limited prospective rates. See 79.1(15)	The maximum daily per diem for ICF/MR.

<u>Provider category</u>	<u>Basis of reimbursement</u>	<u>Upper limit</u>
26. Day habilitation	Fee schedule	County contract rate or, in the absence of a contract rate, \$13.21 per hour, \$32.15 per half-day, or \$64.29 per day.
27. Environmental modifications and adaptive devices	Fee schedule	\$6060 per year.
28. Family and community support services	Retrospectively limited prospective rates. See 79.1(15)	\$34.98 per hour.
29. In-home family therapy	Fee schedule	\$93.63 per hour.
30. Financial management services	Fee schedule	\$65.65 per enrolled consumer per month.
31. Independent support broker	Rate negotiated by consumer	\$15.15 per hour.
32. Self-directed personal care	Rate negotiated by consumer	Determined by consumer's individual budget.
33. Self-directed community supports and employment	Rate negotiated by consumer	Determined by consumer's individual budget.
34. Individual-directed goods and services	Rate negotiated by consumer	Determined by consumer's individual budget.
Hearing aid dispensers	Fee schedule plus product acquisition cost	Fee schedule in effect 6/30/08 plus 1%.
Home- and community-based habilitation services:		
1. Case management	Fee schedule based on MR/CMI/DD case management rates as set under 79.1(1) "d."	\$598.68 per month.
2. Home-based habilitation	Retrospective cost-related. See 79.1(24)	\$46.70 per hour or \$105.97 per day.
3. Day habilitation	Retrospective cost-related. See 79.1(24)	\$13.21 per hour, \$33.16 per half-day, or \$64.29 per day.
4. Prevocational habilitation	Retrospective cost-related. See 79.1(24)	\$9.91 per hour, \$24.11 per half-day, or \$48.22 per day.
5. Supported employment:		
Activities to obtain a job:		
Job development	Fee schedule	\$909 per unit (job placement). Maximum of two units per 12 months.
Employer development	Fee schedule	\$909 per unit (job placement). Maximum of two units per 12 months.
Enhanced job search	Retrospective cost-related. See 79.1(24)	Maximum of \$34.98 per hour and 26 hours per 12 months.
Supports to maintain employment	Retrospective cost-related. See 79.1(24)	\$6.19 per hour for services in an enclave setting; \$19.81 per hour for personal care; and \$34.98 per hour for all other services. Total not to exceed \$2,883.71 per month. Maximum of 40 units per week.

<u>Provider category</u>	<u>Basis of reimbursement</u>	<u>Upper limit</u>
Home health agencies		
1. Skilled nursing, physical therapy, occupational therapy, home health aide, and medical social services; home health care for maternity patients and children	Retrospective cost-related	Lesser of maximum Medicare rate in effect 6/30/08 plus 1% or maximum Medicaid rate in effect 6/30/08 plus 1%.
2. Private duty nursing and personal care for persons aged 20 or under	Interim fee schedule with retrospective cost settlement	Medicaid rate in effect 6/30/08 plus 1%.
3. Administration of vaccines	Physician fee schedule	Physician fee schedule rate.
Hospices	Fee schedule as determined by Medicare	Medicare cap. (See 79.1(14) "d")
Hospitals (Critical access)	Retrospectively adjusted prospective rates. See 79.1(1) "g" and 79.1(5)	The reasonable cost of covered services provided to medical assistance recipients or the upper limits for other hospitals, whichever is greater.
Hospitals (Inpatient)	Prospective reimbursement. See 79.1(5)	Reimbursement rate in effect 6/30/08 plus 1%.
Hospitals (Outpatient)	Prospective reimbursement or hospital outpatient fee schedule. See 79.1(16) "c"	Ambulatory payment classification rate or hospital outpatient fee schedule rate in effect on 7/01/08.
Independent laboratories	Fee schedule. See 79.1(6)	Medicare fee schedule. See 79.1(6)
Indian health service 638 facilities	1. Base rate as determined by the United States Office of Management and Budget for outpatient visits for American Indian and Alaskan native members. 2. Fee schedule for service provided for all other Medicaid members.	1. Office of Management and Budget rate published in the Federal Register for outpatient visit rate. 2. Fee schedule.
Infant and toddler program providers	Fee schedule	Fee schedule.
Intermediate care facilities for the mentally retarded	Prospective reimbursement. See 441—82.5(249A)	Eightieth percentile of facility costs as calculated from annual cost reports.
Lead inspection agency	Fee schedule	Fee schedule in effect 6/30/08 plus 1%.
Local education agency services providers	Fee schedule	Fee schedule.
Maternal health centers	Reasonable cost per procedure on a prospective basis as determined by the department based on financial and statistical data submitted annually by the provider group	Fee schedule in effect 6/30/08 plus 1%.
MR/CMI/DD case management providers	Monthly fee for service with cost settlement. See 79.1(1) "d"	Retrospective cost-settled rate.

<u>Provider category</u>	<u>Basis of reimbursement</u>	<u>Upper limit</u>
Nursing facilities: 1. Nursing facility care	Prospective reimbursement. See 441—subrule 81.10(1) and 441—81.6(249A). The percentage of the median used to calculate the direct care excess payment allowance ceiling under 441—81.6(16)“d”(1)“1” and (2)“1” is 95% of the patient-day-weighted median. The percentage of the difference used to calculate the direct care excess payment allowance is 0%. The percentage of the median used to calculate the direct care excess payment allowance limit is 10% of the patient-day-weighted median. The percentage of the median used to calculate the non-direct care excess payment allowance ceiling under 441—81.6(16)“d”(1)“2” and (2)“2” is 96% of the patient-day-weighted median. The percentage of the difference used to calculate the non-direct care excess payment allowance limit is 0%. The percentage of the median used to calculate the non-direct care excess payment allowance limit is 8% of the patient-day-weighted median.	See 441—subrules 81.6(4) and 81.6(14) and paragraph 81.6(16)“f.” The direct care rate component limit under 441—81.6(16)“f”(1) and (2) is 120% of the patient-day-weighted median. The non-direct care rate component limit under 441—81.6(16)“f”(1) and (2) is 110% of the patient-day-weighted median.
2. Hospital-based, Medicare-certified nursing care	Prospective reimbursement. See 441—subrule 81.10(1) and 441—81.6(249A). The percentage of the median used to calculate the direct care excess payment allowance ceiling under 441—81.6(16)“d”(3)“1” is 95% of the patient-day-weighted median. The percentage of the difference used to calculate the direct care excess payment allowance is 0%. The percentage of the median used to calculate the direct care excess payment allowance limit is 10% of the patient-day-weighted median. The percentage of the median used to calculate the non-direct care excess payment allowance ceiling under 441—81.6(16)“d”(3)“2” is 96% of the patient-day-weighted median. The percentage of the difference used to calculate the non-direct care excess payment allowance limit is 0%. The percentage of the median used to calculate the	See 441—subrules 81.6(4) and 81.6(14) and paragraph 81.6(16)“f.” The direct care rate component limit under 441—81.6(16)“f”(3) is 120% of the patient-day-weighted median. The non-direct care rate component limit under 441—81.6(16)“f”(3) is 110% of the patient-day-weighted median.

<u>Provider category</u>	<u>Basis of reimbursement</u>	<u>Upper limit</u>
	non-direct care excess payment allowance limit is 8% of the patient-day-weighted median.	
Opticians	Fee schedule. Fixed fee for lenses and frames; other optical materials at product acquisition cost	Fee schedule in effect 6/30/08 plus 1%.
Optometrists	Fee schedule. Fixed fee for lenses and frames; other optical materials at product acquisition cost	Fee schedule in effect 6/30/08 plus 1%.
Orthopedic shoe dealers	Fee schedule	Fee schedule in effect 6/30/08 plus 1%.
Pharmaceutical case management	Fee schedule. See 79.1(18)	Refer to 79.1(18).
Physical therapists	Fee schedule	Fee schedule in effect 6/30/08 plus 1%.
Physicians (doctors of medicine or osteopathy)	Fee schedule. See 79.1(7)“a”	Fee schedule in effect 6/30/08 plus 1%.
Anesthesia services	Fee schedule	Fee schedule in effect 6/30/08 plus 1%.
Podiatrists	Fee schedule	Fee schedule in effect 6/30/08 plus 1%.
Prescribed drugs	See 79.1(8)	\$4.57 dispensing fee. (See 79.1(8)“a,” “b,” and “e.”)
Psychiatric medical institutions for children		
1. Inpatient	Prospective reimbursement	Rate based on actual costs on 6/30/07, not to exceed a maximum of \$167.19 per day.
2. Outpatient day treatment	Fee schedule	Fee schedule in effect 6/30/08 plus 1%.
Psychologists	Fee schedule	Fee schedule in effect 6/30/08 plus 1%.
Rehabilitation agencies	Fee schedule	Medicare fee schedule; refer to 79.1(21).
[Provider categories of “rehabilitation services for adults with a chronic mental illness” and “rehabilitative treatment services” rescinded IAB 8/1/07, effective 9/5/07; removed from IAC 10/10/07]		
Remedial services	Retrospective cost-related plus 1%. See 79.1(23)	110% of average cost.

<u>Provider category</u>	<u>Basis of reimbursement</u>	<u>Upper limit</u>
Rural health clinics	Retrospective cost-related See 441—88.14(249A)	<ol style="list-style-type: none"> 1. Prospective payment rate as required by the Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act of 2000 (BIPA 2000) or an alternative methodology allowed thereunder, as specified in “2” below. 2. 100% of reasonable cost as determined by Medicare cost reimbursement principles. 3. In the case of services provided pursuant to a contract between an RHC and a managed care organization (MCO), reimbursement from the MCO shall be supplemented to achieve “1” or “2” above.
Screening centers	Fee schedule	Reimbursement rate for center in effect 6/30/08 plus 1%.
State-operated institutions	Retrospective cost-related	

79.1(3) Ambulatory surgical centers. Payment is made for facility services on a fee schedule determined by Medicare. These fees are grouped into eight categories corresponding to the difficulty or complexity of the surgical procedure involved. Procedures not classified by Medicare shall be included in the category with comparable procedures.

Services of the physician or the dentist are reimbursed on the basis of a fee schedule (see paragraph 79.1(1) “c”). This payment is made directly to the physician or dentist.

79.1(4) Durable medical equipment, prosthetic devices, medical supply dealers. Fees for durable medical appliances, prosthetic devices and medical supplies are developed from several pricing sources and are based on pricing appropriate to the date of service; prices are developed using prior calendar year price information. The average wholesale price from all available sources is averaged to determine the fee for each item. Payment for used equipment will be no more than 80 percent of the purchase allowance. For supplies, equipment, and servicing of standard wheelchairs, standard hospital beds, enteral nutrients, and enteral and parenteral supplies and equipment, the fee for payment shall be the lowest price for which the devices are widely and consistently available in a locality.

79.1(5) Reimbursement for hospitals.

a. Definitions.

“Adolescent” shall mean a Medicaid patient 17 years or younger.

“Adult” shall mean a Medicaid patient 18 years or older.

“Average daily rate” shall mean the hospital’s final payment rate multiplied by the DRG weight and divided by the statewide average length of stay for a DRG.

“Base year cost report,” for rates effective October 1, 2005, shall mean the hospital’s cost report with fiscal year end on or after January 1, 2004, and before January 1, 2005, except as noted in 79.1(5) “x.” Cost reports shall be reviewed using Medicare’s cost reporting and cost reimbursement principles for those cost reporting periods.

“Blended base amount” shall mean the case-mix-adjusted, hospital-specific operating cost per discharge associated with treating Medicaid patients, plus the statewide average case-mix-adjusted operating cost per Medicaid discharge, divided by two. This base amount is the value to which payments for inflation and capital costs are added to form a final payment rate. The costs of hospitals receiving reimbursement as critical access hospitals during any of the period included in the base-year cost report shall not be used in determining the statewide average case-mix-adjusted operating cost per Medicaid discharge.

For purposes of calculating the disproportionate share rate only, a separate blended base amount shall be determined for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children. This separate amount shall be determined using only the case-mix-adjusted operating cost per discharge associated with treating Medicaid patients in the distinct area or areas of the hospital where services are provided predominantly to children under 18 years of age.

"Blended capital costs" shall mean case-mix-adjusted hospital-specific capital costs, plus statewide average capital costs, divided by two. The costs of hospitals receiving reimbursement as critical access hospitals during any of the period of time included in the base-year cost report shall not be used in determining the statewide average capital costs.

For purposes of calculating the disproportionate share rate only, separate blended capital costs shall be determined for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using only the capital costs related to the distinct area or areas of the hospital where services are provided predominantly to children under 18 years of age.

"Capital costs" shall mean an add-on to the blended base amount, which shall compensate for Medicaid's portion of capital costs. Capital costs for buildings, fixtures and movable equipment are defined in the hospital's base year cost report, are case-mix adjusted, are adjusted to reflect 80 percent of allowable costs, and are adjusted to be no greater than one standard deviation off the mean Medicaid blended capital rate.

For purposes of calculating the disproportionate share rate only, separate capital costs shall be determined for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using only the base year cost report information related to the distinct area or areas of the hospital where services are provided predominantly to children under 18 years of age.

"Case-mix adjusted" shall mean the division of the hospital-specific base amount or other applicable components of the final payment rate by the hospital-specific case-mix index. For purposes of calculating the disproportionate share rate only, a separate case-mix adjustment shall be determined for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using the base amount or other applicable component for the distinct area or areas of the hospital where services are provided predominantly to children under 18 years of age.

"Case-mix index" shall mean an arithmetical index measuring the relative average costliness of cases treated in a hospital compared to the statewide average. For purposes of calculating the disproportionate share rate only, a separate case-mix index shall be determined for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using the average costliness of cases treated in the distinct area or areas of the hospital where services are provided predominantly to children under 18 years of age.

"Children's hospitals" shall mean hospitals with inpatients predominantly under 18 years of age. For purposes of qualifying for disproportionate share payments from the graduate medical education and disproportionate share fund, a children's hospital is defined as a duly licensed hospital that:

1. Either provides services predominantly to children under 18 years of age or includes a distinct area or areas that provide services predominantly to children under 18 years of age, and
2. Is a voting member of the National Association of Children's Hospitals and Related Institutions.

"Cost outlier" shall mean cases which have an extraordinarily high cost as established in 79.1(5) "f," so as to be eligible for additional payments above and beyond the initial DRG payment.

"Critical access hospital" or *"CAH"* means a hospital licensed as a critical access hospital by the department of inspections and appeals pursuant to rule 481—51.52(135B).

"Diagnosis-related group (DRG)" shall mean a group of similar diagnoses combined based on patient age, procedure coding, comorbidity, and complications.

"Direct medical education costs" shall mean costs directly associated with the medical education of interns and residents or other medical education programs, such as a nursing education program or allied health programs, conducted in an inpatient setting, that qualify for payment as medical education

costs under the Medicare program. The amount of direct medical education costs is determined from the hospital base year cost reports and is inflated and case-mix adjusted in determining the direct medical education rate. Payment for direct medical education costs shall be made from the graduate medical education and disproportionate share fund and shall not be added to the reimbursement for claims.

For purposes of calculating the disproportionate share rate only, separate direct medical education costs shall be determined for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using only costs associated with the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

"Direct medical education rate" shall mean a rate calculated for a hospital reporting medical education costs on the Medicare cost report (CMS 2552). The rate is calculated using the following formula: Direct medical education costs are multiplied by inflation factors. The result is divided by the hospital's case-mix index, then is further divided by net discharges.

For purposes of calculating the disproportionate share rate only, a separate direct medical education rate shall be determined for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using the direct medical education costs, case-mix index, and net discharges of the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

"Disproportionate share payment" shall mean a payment that shall compensate for treatment of a disproportionate share of poor patients. On or after July 1, 1997, the disproportionate share payment shall be made directly from the graduate medical education and disproportionate share fund and shall not be added to the reimbursement for claims with discharge dates on or after July 1, 1997.

"Disproportionate share percentage" shall mean either (1) the product of 2½ percent multiplied by the number of standard deviations by which the hospital's own Medicaid inpatient utilization rate exceeds the statewide mean Medicaid inpatient utilization rate for all hospitals, or (2) 2½ percent. (See 79.1(5) "y"(7).)

A separate disproportionate share percentage shall be determined for any hospital that qualifies for a disproportionate share payment only as a children's hospital, using the Medicaid inpatient utilization rate for children under 18 years of age at the time of admission in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age.

"Disproportionate share rate" shall mean the sum of the blended base amount, blended capital costs, direct medical education rate, and indirect medical education rate multiplied by the disproportionate share percentage.

"DRG weight" shall mean a number that reflects relative resource consumption as measured by the relative charges by hospitals for cases associated with each DRG. That is, the Iowa-specific DRG weight reflects the relative charge for treating cases classified in a particular DRG compared to the average charge for treating all Medicaid cases in all DRGs in Iowa hospitals.

"Final payment rate" shall mean the aggregate sum of the two components (the blended base amount and capital costs) that, when added together, form the final dollar value used to calculate each provider's reimbursement amount when multiplied by the DRG weight. These dollar values are displayed on the rate table listing.

"Full DRG transfer" shall mean that a case, coded as a transfer to another hospital, shall be considered to be a normal claim for recalibration or rebasing purposes if payment is equal to or greater than the full DRG payment.

"Graduate medical education and disproportionate share fund" shall mean a reimbursement fund developed as an adjunct reimbursement methodology to directly reimburse qualifying hospitals for the direct and indirect costs associated with the operation of graduate medical education programs and the costs associated with the treatment of a disproportionate share of poor, indigent, nonreimbursed or nominally reimbursed patients for inpatient services.

"Indirect medical education rate" shall mean a rate calculated as follows: The statewide average case-mix adjusted operating cost per Medicaid discharge, divided by two, is added to the statewide average capital costs, divided by two. The resulting sum is then multiplied by the ratio of the number

of full-time equivalent interns and residents serving in a Medicare-approved hospital teaching program divided by the number of beds included in hospital departments served by the interns' and residents' program, and is further multiplied by 1.159.

For purposes of calculating the disproportionate share rate only, a separate indirect medical education rate shall be determined for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using the number of full-time equivalent interns and residents and the number of beds in the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

"Inlier" shall mean those cases where the length of stay or cost of treatment falls within the actual calculated length of stay criteria, or the cost of treating a patient is within the cost boundaries of a DRG payment.

"Long stay outlier" shall mean cases which have an associated length of stay that is greater than the calculated length of stay parameters as defined within the length of stay calculations for that DRG. Payment is as established in 79.1(5) "f."

"Low-income utilization rate" shall mean the ratio of gross billings for all Medicaid, bad debt, and charity care patients, including billings for Medicaid enrollees of managed care organizations and primary care case management organizations, to total billings for all patients. Gross billings do not include cash subsidies received by the hospital for inpatient hospital services except as provided from state or local governments.

A separate low-income utilization rate shall be determined for any hospital qualifying or seeking to qualify for a disproportionate share payment as a children's hospital, using only billings for patients under 18 years of age at the time of admission in the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

"Medicaid inpatient utilization rate" shall mean the number of total Medicaid days, including days for Medicaid enrollees of managed care organizations and primary care case management organizations, both in-state and out-of-state, and Iowa state indigent patient days divided by the number of total inpatient days for both in-state and out-of-state recipients. Children's hospitals, including hospitals qualifying for disproportionate share as a children's hospital, receive twice the percentage of inpatient hospital days attributable to Medicaid patients.

A separate Medicaid inpatient utilization rate shall be determined for any hospital qualifying or seeking to qualify for a disproportionate share payment as a children's hospital, using only Medicaid days, Iowa state indigent patient days, and total inpatient days attributable to patients under 18 years of age at the time of admission in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age.

"Neonatal intensive care unit" shall mean a designated level II or level III neonatal unit.

"Net discharges" shall mean total discharges minus transfers and short stay outliers.

"Quality improvement organization" or *"QIO"* shall mean the organization that performs medical peer review of Medicaid claims, including review of validity of hospital diagnosis and procedure coding information; completeness, adequacy and quality of care; appropriateness of admission, discharge and transfer; and appropriateness of prospective payment outlier cases. These activities undertaken by the QIO may be included in a contractual relationship with the Iowa Medicaid enterprise.

"Rate table listing" shall mean a schedule of rate payments for each provider. The rate table listing is defined as the output that shows the final payment rate by hospital before being multiplied by the appropriate DRG weight.

"Rebasing" shall mean the redetermination of the blended base amount or other applicable components of the final payment rate from more recent Medicaid cost report data.

"Recalibration" shall mean the adjustment of all DRG weights to reflect changes in relative resource consumption.

"Short stay day outlier" shall mean cases which have an associated length of stay that is less than the calculated length of stay parameters as defined within the length of stay calculations. Payment rates are established in 79.1(5) "f."

b. Determination of final payment rate amount. The hospital DRG final payment amount reflects the sum of inflation adjustments to the blended base amount plus an add-on for capital costs. This blended base amount plus the add-on is multiplied by the set of Iowa-specific DRG weights to establish a rate schedule for each hospital. Federal DRG definitions are adopted except as provided below:

(1) Substance abuse units certified pursuant to 79.1(5)“r.” Three sets of DRG weights are developed for DRGs concerning rehabilitation of substance abuse patients. The first set of weights is developed from charges associated with treating adults in certified substance abuse units. The second set of weights reflects charges associated with treating adolescents in mixed-age certified substance abuse units. The third set of weights reflects charges associated with treating adolescents in designated adolescent-only certified substance abuse units.

Hospitals with these units are reimbursed using the weight that reflects the age of each patient. Out-of-state hospitals may not receive reimbursement for the rehabilitation portion of substance abuse treatment.

(2) Neonatal intensive care units certified pursuant to 79.1(5)“r.” Three sets of weights are developed for DRGs concerning treatment of neonates. One set of weights is developed from charges associated with treating neonates in a designated level III neonatal intensive care unit for some portion of their hospitalization. The second set of weights is developed from charges associated with treating neonates in a designated level II neonatal intensive care unit for some portion of their hospitalization. The third set of weights reflects charges associated with neonates not treated in a designated level II or level III setting. Hospitals are reimbursed using the weight that reflects the setting for neonate treatment.

(3) Psychiatric units. Rescinded IAB 8/29/07, effective 8/10/07.

c. Calculation of Iowa-specific weights and case-mix index. Using all applicable claims for the period January 1, 2003, through December 31, 2004, and paid through March 31, 2005, the recalibration for rates effective October 1, 2005, will use all normal inlier claims, discard short stay outliers, discard transfers where the final payment is less than the full DRG payment, include transfers where the full payment is greater than or equal to the full DRG payment, and use only the estimated charge for the inlier portion of long stay outliers and cost outliers for weighting calculations. These are referred to as trimmed claims.

(1) Iowa-specific weights are calculated from Medicaid charge data on discharge dates occurring from January 1, 2003, to December 31, 2004, and paid through March 31, 2005. Medicaid charge data for hospitals receiving reimbursement as critical access hospitals during any of the period included in the base-year cost report shall not be used in calculating Iowa-specific weights. One weight is determined for each DRG with noted exceptions. Weights are determined through the following calculations:

1. Determine the statewide geometric mean charge for all cases classified in each DRG.
2. Compute the statewide aggregate geometric mean charge for each DRG by multiplying the statewide geometric mean charge for each DRG by the total number of cases classified in that DRG.
3. Sum the statewide aggregate geometric mean charges for all DRGs and divide by the total number of cases for all DRGs to determine the weighted average charge for all DRGs.
4. Divide the statewide geometric mean charge for each DRG by the weighted average charge for all DRGs to derive the Iowa-specific weight for each DRG.
5. Normalize the weights so that the average case has a weight of one.

(2) The hospital-specific case-mix index is computed by taking each hospital’s trimmed claims that match the hospital’s 2004 fiscal year and paid through March 31, 2005, summing the assigned DRG weights associated with those claims and dividing by the total number of Medicaid claims associated with that specific hospital for that period. Case-mix indices are not computed for hospitals receiving reimbursement as critical access hospitals.

For purposes of calculating the disproportionate share rate only, a separate hospital-specific case-mix index shall be computed for any hospital that qualifies for a disproportionate share payment only as a children’s hospital, using claims and associated DRG weights only for services provided to patients under 18 years of age at the time of admission in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age.

d. Calculation of blended base amount. The DRG blended base amount reflects a 50/50 blend of statewide and hospital-specific base amounts.

(1) Calculation of statewide average case-mix-adjusted cost per discharge. The statewide average cost per discharge is calculated by subtracting from the statewide total Iowa Medicaid inpatient expenditures:

1. The total calculated dollar expenditures based on hospitals' base-year cost reports for capital costs and medical education costs, and

2. The actual payments made for additional transfers, outliers, physical rehabilitation services, psychiatric services rendered on or after October 1, 2006, and indirect medical education.

Cost report data for hospitals receiving reimbursement as critical access hospitals during any of the period of time included in the base-year cost report is not used in calculating the statewide average cost per discharge. The remaining amount (which has been case-mix adjusted and adjusted to reflect inflation if applicable) is divided by the statewide total number of Iowa Medicaid discharges reported in the Medicaid management information system (MMIS) less an actual number of nonfull DRG transfers and short stay outliers.

(2) Calculation of hospital-specific case-mix-adjusted average cost per discharge. The hospital-specific case-mix-adjusted average cost per discharge is calculated by subtracting from the lesser of total Iowa Medicaid costs or covered reasonable charges, as determined by the hospital's base-year cost report or MMIS claims system, the actual dollar expenditures for capital costs, direct medical education costs, and the payments made for nonfull DRG transfers, outliers, physical rehabilitation services, and psychiatric services rendered on or after October 1, 2006, if applicable. The remaining amount is case-mix adjusted, multiplied by inflation factors, and divided by the total number of Iowa Medicaid discharges from the MMIS claims system for that hospital during the applicable base year, less the nonfull DRG transfers and short stay outliers.

For purposes of calculating the disproportionate share rate only, a separate hospital-specific case-mix-adjusted average cost per discharge shall be calculated for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using the costs, charges, expenditures, payments, discharges, transfers, and outliers attributable to the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

(3) Calculation of the blended statewide and hospital-specific base amount. The hospital-specific case-mix adjusted average cost per discharge is added to the case-mix adjusted statewide average cost per discharge and divided by two to arrive at a 50/50 blended base amount.

e. Add-ons to the base amount.

(1) One payment for capital costs is added on to the blended base amount.

Capital costs are included in the rate table listing and added to the blended base amount before the final payment rate schedule is set. This add-on reflects a 50/50 blend of the statewide average case-mix-adjusted capital cost per discharge and the case-mix-adjusted hospital-specific base-year capital cost per discharge attributed to Iowa Medicaid patients.

Allowable capital costs are determined by multiplying the capital amount from the base-year cost report by 80 percent. Cost report data for hospitals receiving reimbursement as critical access hospitals during any of the period of time included in the base-year cost report is not used in calculating the statewide average case-mix-adjusted capital cost per discharge.

The 50/50 blend is calculated by adding the case-mix-adjusted hospital-specific per discharge capital cost to the statewide average case-mix-adjusted per discharge capital costs and dividing by two. Hospitals whose blended capital add-on exceeds one standard deviation off the mean Medicaid blended capital rate will be subject to a reduction in their capital add-on to equal the first standard deviation.

For purposes of calculating the disproportionate share rate only, a separate add-on to the base amount for capital costs shall be calculated for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using the case-mix-adjusted hospital-specific base-year capital cost per discharge attributed to Iowa Medicaid patients in the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

(2) Rescinded IAB 7/6/05, effective 7/1/05.

f. Outlier payment policy. Additional payment is made for approved cases meeting or exceeding Medicaid criteria for day and cost outliers for each DRG. Effective for claims with dates of services ending July 1, 1993, and after, 100 percent of outlier costs will be paid to facilities at the time of claim reimbursement. The QIO shall perform retrospective outlier reviews in accordance with the terms in the contract between the department and the QIO. The QIO contract is available for review at the Iowa Medicaid Enterprise, 100 Army Post Road, Des Moines, Iowa.

(1) Long stay outliers. Long stay outliers are incurred when a patient's stay exceeds the upper day limit threshold. This threshold is defined as the lesser of the arithmetically calculated average length of stay plus 23 days of care or two standard deviations above the average statewide length of stay for a given DRG, calculated geometrically. Reimbursement for long stay outliers is calculated at 60 percent of the average daily rate for the given DRG for each approved day of stay beyond the upper day limit. Payment for long stay outliers shall be paid at 100 percent of the calculated amount and made at the time the claim is originally paid.

(2) Short stay outliers. Short stay outliers are incurred when a patient's length of stay is greater than two standard deviations from the geometric mean below the average statewide length of stay for a given DRG, rounded to the next highest whole number of days. Payment for short stay outliers will be 200 percent of the average daily rate for each day the patient qualifies up to the full DRG payment. Short stay outlier claims will be subject to QIO review and payment denied for inappropriate admissions.

(3) Cost outliers. Cases qualify as cost outliers when costs of service in a given case, not including any add-on amounts for direct or indirect medical education or disproportionate share costs exceed the cost threshold. This cost threshold is determined to be the greater of two times the statewide average DRG payment for that case or the hospital's individual DRG payment for that case plus \$16,000. Costs are calculated using hospital-specific cost-to-charge ratios determined in the base-year cost reports. Additional payment for cost outliers is 80 percent of the excess between the hospital's cost for the discharge and the cost threshold established to define cost outliers. Payment of cost outlier amounts shall be paid at 100 percent of the calculated amount and made at the time the claim is paid.

Those hospitals that are notified of any outlier review initiated by the QIO must submit all requested supporting data to the QIO within 60 days of the receipt of outlier review notification, or outlier payment will be forfeited and recouped. In addition, any hospital may request a review for outlier payment by submitting documentation to the QIO within 365 days of receipt of the outlier payment. If requests are not filed within 365 days, the provider loses the right to appeal or contest that payment.

(4) Day and cost outliers. Cases qualifying as both day and cost outliers are given additional payment as cost outliers only.

g. Billing for patient transfers and readmissions.

(1) Transfers between hospitals. When a Medicaid patient is transferred the initial hospital or unit is paid 100 percent of the average daily rate of the transferring hospital's payment for each day the patient remained in that hospital or unit, up to 100 percent of the entire DRG payment. The hospital or unit that received the transferred patient receives the entire DRG payment.

(2) Substance abuse units. When a patient is discharged to or from an acute care hospital and is admitted to or from a substance abuse unit certified pursuant to paragraph 79.1(5)"r," both the discharging and admitting hospitals will receive 100 percent of the DRG payment.

(3) Physical rehabilitation hospitals or units. When a patient requiring physical rehabilitation is discharged from an acute care hospital and admitted to a rehabilitation hospital or unit certified pursuant to 79.1(5)"r," and the admission is medically appropriate, then payment for time spent in the unit is through a per diem. The discharging hospital will receive 100 percent of the DRG payment. When a patient is discharged from a certified physical rehabilitation hospital or unit and admitted to an acute care hospital, the acute care hospital will receive 100 percent of the DRG payment.

When a patient requiring physical rehabilitation is discharged from a facility other than an acute care hospital and admitted to a rehabilitation hospital or unit certified pursuant to 79.1(5)"r," and the admission is medically appropriate, then payment for time spent in the unit is based on a per diem. The other facility will receive payment in accordance with rules governing that facility. When a patient is

discharged from a certified physical rehabilitation hospital or unit and admitted to a facility other than an acute care hospital, the other facility will receive payment in accordance with rules governing that facility.

(4) Psychiatric units. When a patient is discharged to or from an acute care hospital before October 1, 2006, and is admitted to or from a psychiatric unit certified pursuant to paragraph 79.1(5) "r," both the discharging and admitting hospitals will receive 100 percent of the DRG payment.

Effective October 1, 2006, when a patient requiring psychiatric care is discharged from an acute care hospital and admitted to a psychiatric unit certified pursuant to paragraph 79.1(5) "r," and the admission is medically appropriate, then payment for time spent in the unit is through a per diem. The discharging hospital will receive 100 percent of the DRG payment. When a patient is discharged from a certified psychiatric unit and is admitted to an acute care hospital, the acute care hospital will receive 100 percent of the DRG payment.

When a patient requiring psychiatric care is discharged from a facility other than an acute care hospital on or after October 1, 2006, and is admitted to a psychiatric unit certified pursuant to paragraph 79.1(5) "r," and the admission is medically appropriate, then payment for time spent in the unit is based on a per diem. The other facility will receive payment in accordance with rules governing that facility. When a patient is discharged from a certified psychiatric unit on or after October 1, 2006, and is admitted to a facility other than an acute care hospital, the other facility will receive payment in accordance with rules governing that facility.

h. Covered DRGs. Medicaid DRGs cover services provided in acute care general hospitals, with the exception of services provided in physical rehabilitation hospitals and units certified pursuant to paragraph 79.1(5) "r," and services provided on or after October 1, 2006, in psychiatric units certified pursuant to paragraph 79.1(5) "r," which are paid per diem, as specified in paragraph 79.1(5) "i."

i. Payment for certified physical rehabilitation hospitals and units and psychiatric units. Payment for services provided by a physical rehabilitation hospital or unit certified pursuant to paragraph 79.1(5) "r" and for services provided on or after October 1, 2006, in a psychiatric unit certified pursuant to paragraph 79.1(5) "r" is prospective. The payment is based on a per diem rate calculated for each hospital by establishing a base-year per diem rate to which an annual index is applied.

(1) Per diem calculation. The base rate shall be the medical assistance per diem rate as determined by the individual hospital's base-year cost report pursuant to paragraph 79.1(5) "a." No recognition will be given to the professional component of the hospital-based physicians except as noted under paragraph 79.1(5) "j."

(2) Rescinded IAB 5/12/93, effective 7/1/93.

(3) Per diem reimbursement. Hospitals shall be reimbursed the lower of actual charges or the medical assistance cost per diem rate. The determination of the applicable rate shall be based on the hospital fiscal year aggregate of actual charges and medical assistance cost per diem rate. If an overpayment exists, the hospital will refund or have the overpayment deducted from subsequent billings.

(4) Per diem recalculation. Hospital prospective reimbursement rates shall be established as of October 1, 1987, for the remainder of the applicable hospital fiscal year. Beginning July 1, 1988, all updated rates shall be established based on the state's fiscal year.

(5) Per diem billing. The current method for submitting billing and cost reports shall be maintained. All cost reports will be subject to desk review audit and, if necessary, a field audit.

j. Services covered by DRG payments. Medicaid adopts the Medicare definition of inpatient hospital services covered by the DRG prospective payment system except as indicated herein. As a result, combined billing for physician services is eliminated unless the hospital has approval from Medicare to combine bill the physician and hospital services. Teaching hospitals having Medicare's approval to receive reasonable cost reimbursement for physician services under 42 CFR 415.58 as amended to November 25, 1991, are eligible for combined billing status if they have the Medicare approval notice on file with Iowa Medicaid as verification. Reasonable cost settlement will be made during the year-end settlement process. Services provided by certified nurse anesthetists (CRNAs)

employed by a physician are covered by the physician reimbursement. Payment for the services of CRNAs employed by the hospital are included in the hospital's reimbursement.

The cost for hospital-based ambulance transportation that results in an inpatient admission and hospital-based ambulance services performed while the recipient is an inpatient, in addition to all other inpatient services, is covered by the DRG payment. If, during the inpatient stay at the originating hospital, it becomes necessary to transport but not transfer the patient to another hospital or provider for treatment, with the patient remaining an inpatient at the originating hospital after that treatment, the originating hospital shall bear all costs incurred by that patient for the medical treatment or the ambulance transportation between the originating hospital and the other provider. The services furnished to the patient by the other provider shall be the responsibility of the originating hospital. Reimbursement to the originating hospital for all services is under the DRG payment. (See 441—subrule 78.11(4).)

k. Inflation factors, rebasing, and recalibration.

(1) Inflation factors shall be set annually at levels that ensure payments that are consistent with efficiency, economy, and quality of care and that are sufficient to enlist enough providers so that care and services are available at least to the extent that such care and services are available to the general population in the geographic area.

(2) Base amounts shall be rebased and weights recalibrated in 2005 and every three years thereafter. Cost reports used in rebasing shall be the hospital fiscal year-end Form CMS 2552, Hospital and Healthcare Complex Cost Report, as submitted to Medicare in accordance with Medicare cost report submission time lines for the hospital fiscal year ending during the preceding calendar year. If a hospital does not provide this cost report to the Iowa Medicaid enterprise provider cost audits and rate-setting unit by May 31 of a year in which rebasing occurs, the most recent submitted cost report will be used with the addition of a hospital market basket index inflation factor.

(3) The graduate medical education and disproportionate share fund shall be updated as provided in subparagraphs 79.1(5)“y”(3), (6), and (9).

(4) Hospitals receiving reimbursement as critical access hospitals shall not receive inflation of base payment amounts and shall not have base amounts rebased or weights recalibrated pursuant to this paragraph.

l. Eligibility and payment. When a client is eligible for Medicaid for less than or equal to the average length of stay for that DRG, then payment equals 100 percent of the hospital's average daily rate times the number of eligible hospital stay days up to the amount of the DRG payment. When a Medicaid client is eligible for greater than the average length of stay but less than the entire stay, then payment is treated as if the client were eligible for the entire length of stay.

Long stay outlier days are determined as the number of Medicaid eligible days beyond the outlier limits. The date of patient admission is the first date of service. Long stay outlier costs are accrued only during eligible days.

m. Payment to out-of-state hospitals. Payment made to out-of-state hospitals providing care to beneficiaries of Iowa's Medicaid program is equal to either the Iowa statewide average blended base amount plus the statewide average capital cost add-on, multiplied by the DRG weight, or blended base and capital rates calculated by using 80 percent of the hospital's submitted capital costs. Hospitals that submit a cost report no later than May 31 in the most recent rebasing year will receive a case-mix-adjusted blended base rate using hospital-specific, Iowa-only Medicaid data and the Iowa statewide average cost per discharge amount.

(1) Capital costs will be reimbursed at either the statewide average rate in place at the time of discharge, or the blended capital rate computed by using submitted cost report data.

(2) Hospitals that qualify for disproportionate share payment based on the definition established by their state's Medicaid agency for the calculation of the Medicaid inpatient utilization rate will be eligible to receive disproportionate share payments according to paragraph “y.”

(3) If a hospital qualifies for reimbursement for direct medical education or indirect medical education under Medicare guidelines, it shall be reimbursed according to paragraph “y.”

n. Preadmission, preauthorization, or inappropriate services. Medicaid adopts most Medicare QIO regulations to control increased admissions or reduced services. Exceptions to the Medicare review

practice are that the QIO reviews Medicaid short stay outliers and all Medicaid patients readmitted within 31 days. Payment can be denied if either admissions or discharges are performed without medical justification as determined by the QIO. Inpatient or outpatient services which require preadmission or preprocedure approval by the QIO are updated yearly by the department and are listed in the provider manual. Preauthorization for any of these services is transmitted directly from the QIO to the Iowa Medicaid enterprise and no additional information needs to be submitted as part of the claim filing for inpatient or outpatient services. To safeguard against these and other inappropriate practices, the department through the QIO will monitor admission practices and quality of care. If an abuse of the prospective payment system is identified, payments for abusive practices may be reduced or denied. In reducing or denying payment, Medicaid adopts the Medicare QIO regulations.

o. Hospital billing. Hospitals shall normally submit claims for DRG reimbursement to the Iowa Medicaid enterprise after a patient's discharge.

(1) Payment for outlier days or costs is determined when the claim is paid by the Iowa Medicaid enterprise, as described in paragraph "f."

(2) When a Medicaid patient requires acute care in the same facility for a period of no less than 120 days, a request for partial payment may be made. Written requests for this interim DRG payment shall be addressed to the Iowa Medicaid Enterprise, Attention: Provider Services Unit, P.O. Box 36450, Des Moines, Iowa 50315. A request for interim payment shall include:

1. The patient's name, state identification number, and date of admission;
2. A brief summary of the case;
3. A current listing of charges; and
4. A physician's attestation that the recipient has been an inpatient for 120 days and is expected to remain in the hospital for a period of no less than 60 additional days.

A departmental representative will then contact the facility to assist the facility in filing the interim claim.

p. Determination of inpatient admission. A person is considered to be an inpatient when a formal inpatient admission occurs, when a physician intends to admit a person as an inpatient, or when a physician determines that a person being observed as an outpatient in an observation or holding bed should be admitted to the hospital as an inpatient.

(1) In cases involving outpatient observation status, the determinant of patient status is not the length of time the patient was being observed, but rather that the observation period was medically necessary for the physician to determine whether a patient should be released from the hospital or admitted to the hospital as an inpatient.

(2) Outpatient observation lasting greater than a 24-hour period will be subject to review by the Iowa Medicaid Enterprise (IME) Medical Services Unit to determine the medical necessity of each case. For those outpatient observation cases where medical necessity is not established by the IME, reimbursement shall be denied for the services found to be unnecessary for the provision of that care, such as the use of the observation room.

q. Inpatient admission after outpatient services. A patient may be admitted to the hospital as an inpatient after receiving outpatient services. If the patient is admitted as an inpatient within three days of the day outpatient services were rendered, all outpatient services related to the principal diagnosis are considered inpatient services for billing purposes. The day of formal admission as an inpatient is considered as the first day of hospital inpatient services.

r. Certification for reimbursement as a special unit or physical rehabilitation hospital. Certification for Medicaid reimbursement as a substance abuse unit under subparagraph 79.1(5)"b"(1), a neonatal intensive care unit under subparagraph 79.1(5)"b"(2), a psychiatric unit under paragraph 79.1(5)"i," or a physical rehabilitation hospital or unit under paragraph 79.1(5)"i" shall be awarded as provided in this paragraph.

(1) Certification procedure. All hospital special units and physical rehabilitation hospitals must be certified by the Iowa Medicaid enterprise to qualify for Medicaid reimbursement as a special unit or physical rehabilitation hospital. Hospitals shall submit requests for certification to Iowa Medicaid Enterprise, Attention: Provider Services Unit, P.O. Box 36450, Des Moines, Iowa 50315, with

documentation that the certification requirements are met. The provider services unit will notify the facility of any additional documentation needed after review of the submitted documentation.

Upon certification, reimbursement as a special unit or physical rehabilitation hospital shall be retroactive to the first day of the month during which the Iowa Medicaid enterprise received the request for certification. No additional retroactive payment adjustment shall be made when a hospital fails to make a timely request for certification.

(2) Certification criteria for substance abuse units. An in-state substance abuse unit may be certified for Medicaid reimbursement under 79.1(5) “b”(1) if the unit’s program is licensed by the Iowa department of public health as a substance abuse treatment program in accordance with Iowa Code chapter 125 and 643—Chapter 3. In addition to documentation of the license, an in-state hospital must submit documentation of the specific substance abuse programs available at the facility with a description of their staffing, treatment standards, and population served.

An out-of-state substance abuse unit may be certified for Medicaid reimbursement under 79.1(5) “b”(1) if it is excluded from the Medicare prospective payment system as a psychiatric unit pursuant to 42 Code of Federal Regulations, Sections 412.25 and 412.27, as amended to September 1, 1994. An out-of-state hospital requesting reimbursement as a substance abuse unit must initially submit a copy of its current Medicare prospective payment system exemption notice, unless the facility had certification for reimbursement as a substance abuse unit before July 1, 1993. All out-of-state hospitals certified for reimbursement for substance abuse units must submit copies of new Medicare prospective payment system exemption notices as they are issued, at least annually.

(3) Certification criteria for neonatal intensive care units. A neonatal intensive care unit may be certified for Medicaid reimbursement under 79.1(5) “b”(2) if it is certified as a level II or level III neonatal unit and the hospital where it is located is accredited by the Joint Commission on Accreditation of Healthcare Organizations or the American Osteopathic Association. The Iowa Medicaid enterprise shall verify the unit’s certification as a level II or level III neonatal unit in accordance with recommendations set forth by the American Academy of Pediatrics for newborn care. Neonatal units in Iowa shall be certified by the Iowa department of public health pursuant to 641—Chapter 150. Out-of-state units shall submit proof of level II or level III certification.

(4) Certification criteria for psychiatric units. A psychiatric unit may be certified for Medicaid reimbursement under paragraph 79.1(5) “i” if it is excluded from the Medicare prospective payment system as a psychiatric unit pursuant to 42 Code of Federal Regulations, Sections 412.25 and 412.27 as amended to August 1, 2002.

(5) Certification criteria for physical rehabilitation hospitals and units. A physical rehabilitation hospital or unit may be certified for Medicaid reimbursement under 79.1(5) “i” if it receives or qualifies to receive Medicare reimbursement as a rehabilitative hospital or unit pursuant to 42 Code of Federal Regulations, Sections 412.600 through 412.632 (Subpart P), as amended to January 1, 2002, and the hospital is accredited by the Joint Commission on Accreditation of Healthcare Organizations or the American Osteopathic Association.

s. Cost report adjustments. Rescinded IAB 6/11/03, effective 7/16/03.

t. Limitations and application of limitations on payment. Diagnosis related group payments are subject to the upper payment limits as stated in 42 CFR 447.271 and 42 CFR 447.272 as amended to September 5, 2001.

Payment limits as stated in subparagraphs (1) and (2) below are applied in the aggregate during the cost settlement process at the completion of the hospital’s fiscal year end. The payment limit stated in subparagraph (3) is applied to aggregate Medicaid payments at the end of the state’s fiscal year.

(1) The department may not pay a provider more for inpatient hospital services under Medicaid than the provider’s customary charges to the general public for the services.

(2) Payments to a hospital that is owned or operated by state or non-state government shall not exceed the hospital’s actual medical assistance program costs. The department shall perform a cost settlement annually after the desk review or audit of the hospital’s cost report. The department shall determine the aggregate payments made to the hospital under the diagnosis-related group methodology and compare this amount to the hospital’s actual medical assistance program costs as determined from

the audit or desk review of the hospital's cost report. For purposes of this determination, payments shall include amounts received from the Medicaid program, including graduate medical education payments and outlier payments, as well as patient and third-party payments up to the Medicaid-allowed amount. If the payments exceed the hospital's actual medical assistance program costs, the amount by which payments exceed actual costs shall be requested and collected from the hospital.

(3) Aggregate payments to hospitals and state-operated hospitals may not exceed the amount that can reasonably be estimated would have been paid for those services under Medicare payment principles.

u. *Determination of payment amounts for outpatient hospitalization.* Rescinded IAB 7/6/94, effective 7/1/94.

v. *Reimbursement of malpractice costs.* Rescinded IAB 5/30/01, effective 8/1/01.

w. *Rate adjustments for hospital mergers.* When one or more hospitals merge to form a distinctly different legal entity, the base rate plus applicable add-ons will be revised to reflect this new entity. Financial information from the original cost reports and original rate calculations will be added together and averaged to form the new rate for that entity.

x. For cost reporting periods beginning on or after July 1, 1993, reportable Medicaid administrative and general expenses are allowable only to the extent that they are defined as allowable using Medicare Reimbursement Principles or Health Insurance Reimbursement Manual 15 (HIM-15). Appropriate, reportable costs are those that meet the Medicare (or HIM-15) principles, are reasonable, and are directly related to patient care. In instances where costs are not directly related to patient care or are not in accord with Medicare Principles of Reimbursement, inclusion of those costs in the cost report would not be appropriate. Examples of administrative and general costs that must be related to patient care to be included as a reportable cost in the report are:

- (1) Advertising.
- (2) Promotional items.
- (3) Feasibility studies.
- (4) Administrative travel and entertainment.
- (5) Dues, subscriptions, or membership costs.
- (6) Contributions made to other organizations.
- (7) Home office costs.
- (8) Public relations items.
- (9) Any patient convenience items.
- (10) Management fees for administrative services.
- (11) Luxury employee benefits (i.e., country club dues).
- (12) Motor vehicles for other than patient care.
- (13) Reorganization costs.

y. *Graduate medical education and disproportionate share fund.* Payment shall be made to all hospitals qualifying for direct medical education, indirect medical education, or disproportionate share payments directly from the graduate medical education and disproportionate share fund. The requirements to receive payments from the fund, the amounts allocated to the fund, and the methodology used to determine the distribution amounts from the fund are as follows:

(1) Qualifying for direct medical education. Hospitals qualify for direct medical education payments if direct medical education costs that qualify for payment as medical education costs under the Medicare program are contained in the hospital's base year cost report and in the most recent cost report submitted before the start of the state fiscal year for which payments are being made.

(2) Allocation to fund for direct medical education. Except as reduced pursuant to subparagraph 79.1(5) "y"(3), the total amount of funding that is allocated to the graduate medical education and disproportionate share fund for direct medical education related to inpatient services for July 1, 2008, through June 30, 2009, is \$8,642,112.

(3) Distribution to qualifying hospitals for direct medical education. Distribution of the amount in the fund for direct medical education shall be on a monthly basis. To determine the amount to be distributed to each qualifying hospital for direct medical education, the following formula is used:

1. Multiply the total of all DRG weights for claims paid from July 1, 2005, through June 30, 2006, for each hospital reporting direct medical education costs that qualify for payment as medical education costs under the Medicare program in the hospital's base year cost report by each hospital's direct medical education rate to obtain a dollar value.

2. Sum the dollar values for each hospital, then divide each hospital's dollar value by the total dollar value, resulting in a percentage.

3. Multiply each hospital's percentage by the amount allocated for direct medical education to determine the payment to each hospital.

Effective for payments from the fund for July 2006, the state fiscal year used as the source of DRG weights shall be updated to July 1, 2005, through June 30, 2006. Thereafter, the state fiscal year used as the source of DRG weights shall be updated by a three-year period effective for payments from the fund for July of every third year.

If a hospital fails to qualify for direct medical education payments from the fund because it does not report direct medical education costs that qualify for payment as medical education costs under the Medicare program in the most recent cost report submitted before the start of the state fiscal year for which payments are being made, the amount of money that would have been paid to that hospital shall be removed from the fund.

- (4) Qualifying for indirect medical education. Hospitals qualify for indirect medical education payments from the fund when they receive a direct medical education payment from Iowa Medicaid and qualify for indirect medical education payments from Medicare. Qualification for indirect medical education payments is determined without regard to the individual components of the specific hospital's teaching program, state ownership, or bed size.

- (5) Allocation to fund for indirect medical education. Except as reduced pursuant to subparagraph 79.1(5)"y"(6), the total amount of funding that is allocated to the graduate medical education and disproportionate share fund for indirect medical education related to inpatient services for July 1, 2008, through June 30, 2009, is \$15,174,101.

- (6) Distribution to qualifying hospitals for indirect medical education. Distribution of the amount in the fund for indirect medical education shall be on a monthly basis. To determine the amount to be distributed to each qualifying hospital for indirect medical education, the following formula is used:

1. Multiply the total of all DRG weights for claims paid from July 1, 2005, through June 30, 2006, for each hospital reporting direct medical education costs that qualify for payment as medical education costs under the Medicare program in the hospital's base year cost report by each hospital's indirect medical education rate to obtain a dollar value.

2. Sum the dollar values for each hospital, then divide each hospital's dollar value by the total dollar value, resulting in a percentage.

3. Multiply each hospital's percentage by the amount allocated for indirect medical education to determine the payment to each hospital.

Effective for payments from the fund for July 2006, the state fiscal year used as the source of DRG weights shall be updated to July 1, 2005, through June 30, 2006. Thereafter, the state fiscal year used as the source of DRG weights shall be updated by a three-year period effective for payments from the fund for July of every third year.

If a hospital fails to qualify for indirect medical education payments from the fund because it does not report direct medical education costs that qualify for payment as medical education costs under the Medicare program in the most recent cost report submitted before the start of the state fiscal year for which payments are being made, the amount of money that would have been paid to that hospital shall be removed from the fund.

- (7) Qualifying for disproportionate share. For months beginning with July 2002, hospitals qualify for disproportionate share payments from the fund when the hospital's low-income utilization rate exceeds 25 percent, when the hospital's Medicaid inpatient utilization rate exceeds one standard deviation from the statewide average Medicaid utilization rate, or when the hospital qualifies as a children's hospital under subparagraph (10).

For those hospitals that qualify for disproportionate share under both the low-income utilization rate definition and the Medicaid inpatient utilization rate definition, the disproportionate share percentage shall be the greater of (1) the product of 2½ percent multiplied by the number of standard deviations by which the hospital's own Medicaid inpatient utilization rate exceeds the statewide mean Medicaid inpatient utilization rate for all hospitals, or (2) 2½ percent.

For those hospitals that qualify for disproportionate share under the low-income utilization rate definition, but do not qualify under the Medicaid inpatient utilization rate definition, the disproportionate share percentage shall be 2½ percent.

For those hospitals that qualify for disproportionate share under the Medicaid inpatient utilization rate definition, but do not qualify under the low-income utilization rate definition, the disproportionate share percentage shall be the product of 2½ percent multiplied by the number of standard deviations by which the hospital's own Medicaid inpatient utilization rate exceeds the statewide mean Medicaid inpatient utilization rate for all hospitals.

For those hospitals that qualify for disproportionate share as a children's hospital, the disproportionate share percentage shall be the greater of (1) the product of 2½ percent multiplied by the number of standard deviations by which the Medicaid inpatient utilization rate for children under 18 years of age at the time of admission in all areas of the hospital where services are provided predominantly to children under 18 years of age exceeds the statewide mean Medicaid inpatient utilization rate for all hospitals, or (2) 2½ percent.

Information contained in the hospital's available 2004 submitted Medicare cost report is used to determine the hospital's low-income utilization rate and the hospital's Medicaid inpatient utilization rate.

Additionally, a qualifying hospital other than a children's hospital must also have at least two obstetricians who have staff privileges at the hospital and who have agreed to provide obstetric services to Medicaid-eligible persons who are in need of obstetric services. In the case of a hospital located in a rural area as defined in Section 1886 of the Social Security Act, the term "obstetrician" includes any physician with staff privileges at the hospital to perform nonemergency obstetric procedures.

Out-of-state hospitals serving Iowa Medicaid patients qualify for disproportionate share payments from the fund based on their state Medicaid agency's calculation of the Medicaid inpatient utilization rate. The disproportionate share percentage is calculated using the number of standard deviations by which the hospital's own state Medicaid inpatient utilization rate exceeds the hospital's own statewide mean Medicaid inpatient utilization rate.

Hospitals qualify for disproportionate share payments from the fund without regard to the facility's status as a teaching facility or bed size.

Hospitals receiving reimbursement as critical access hospitals shall not qualify for disproportionate share payments from the fund.

(8) Allocation to fund for disproportionate share. The total amount of funding that is allocated to the graduate medical education and disproportionate share fund for disproportionate share payments for July 1, 2008, through June 30, 2009, is \$7,253,641.

(9) Distribution to qualifying hospitals for disproportionate share. Distribution of the amount in the fund for disproportionate share shall be on a monthly basis. To determine the amount to be distributed to each qualifying hospital for disproportionate share, the following formula is used:

1. Multiply the total of all DRG weights for claims paid July 1, 2005, through June 30, 2006, for each hospital that met the qualifications during the fiscal year used to determine the hospital's low-income utilization rate and Medicaid utilization rate (or for children's hospitals, during the preceding state fiscal year) by each hospital's disproportionate share rate to obtain a dollar value. For any hospital that qualifies for a disproportionate share payment only as a children's hospital, only the DRG weights for claims paid for services rendered to patients under 18 years of age at the time of admission in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age shall be used in this calculation.

2. Sum the dollar values for each hospital, then divide each hospital's dollar value by the total dollar value, resulting in a percentage.

3. Multiply each hospital's percentage by the amount allocated for disproportionate share to determine the payment to each hospital.

Effective for payments from the fund for July 2006, the state fiscal year used as the source of DRG weights shall be updated to July 1, 2005, through June 30, 2006. Thereafter, the state fiscal year used as the source of DRG weights shall be updated by a three-year period effective for payments from the fund for July of every third year. In compliance with Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991 (Public Law 102-234) and 1992 Iowa Acts, chapter 1246, section 13, the total of disproportionate share payments from the fund and supplemental disproportionate share payments pursuant to paragraph 79.1(5) "ab" cannot exceed the amount of the federal cap under Public Law 102-234. If a hospital fails to qualify for disproportionate share payments from the fund due to closure or for any other reason, the amount of money that would have been paid to that hospital shall be removed from the fund.

(10) Qualifying for disproportionate share as a children's hospital. A licensed hospital qualifies for disproportionate share payments as a children's hospital if the hospital provides services predominantly to children under 18 years of age or includes a distinct area or areas providing services predominantly to children under 18 years of age, is a voting member of the National Association of Children's Hospitals and Related Institutions, and has Medicaid utilization and low-income utilization rates of 1 percent or greater for children under 18 years of age at the time of admission in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age.

A hospital wishing to qualify for disproportionate share payments as a children's hospital for any state fiscal year beginning on or after July 1, 2002, must provide the following information to the Iowa Medicaid enterprise provider cost audits and rate-setting unit within 20 business days of a request by the department:

1. Base year cost reports.
2. Medicaid claims data for children under the age of 18 at the time of admission to the hospital in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age.
3. Other information needed to determine a disproportionate share rate encompassing the periods used to determine the disproportionate share rate and distribution amounts.

z. Adjustments to the graduate medical education and disproportionate share fund for changes in utilization. Rescinded IAB 10/31/01, effective 1/1/02.

aa. Retrospective adjustment for critical access hospitals. Payments to critical access hospitals pursuant to paragraphs 79.1(5) "a" to "z" are subject to a retrospective adjustment equal to the difference between the reasonable costs of covered services provided to eligible fee-for-service Medicaid members (excluding members in managed care), based on the hospital's annual cost reports and Medicare cost principles, and the Medicaid fee-for-service reimbursement received pursuant to paragraphs 79.1(5) "a" to "z." Amounts paid before adjustment that exceed reasonable costs shall be recovered by the department.

(1) The base rate upon which the DRG payment is built shall be changed after any retrospective adjustment to reflect, as accurately as is possible, the reasonable costs of providing the covered service to eligible fee-for-service Medicaid members for the coming year using the most recent utilization as submitted to the Iowa Medicaid enterprise provider cost audit and rate-setting unit and Medicare cost principles.

(2) Once a hospital begins receiving reimbursement as a critical access hospital, the prospective DRG base rate is not subject to inflation factors, rebasing, or recalibration as provided in paragraph 79.1(5) "k."

ab. Enhanced disproportionate-share payments. In addition to payments from the graduate medical education and disproportionate share fund pursuant to paragraph 79.1(5) "y," payment shall be made to all Iowa hospitals qualifying for enhanced disproportionate-share payments. Interim payments based on estimated allowable costs will be paid to qualifying hospitals under this paragraph. Final payments under this paragraph will be determined as follows:

(1) Qualifying criteria for enhanced disproportionate-share payments. A hospital qualifies for enhanced disproportionate-share payments if it qualifies for payments for disproportionate share from the graduate medical education and disproportionate-share fund pursuant to paragraph 79.1(5) "y" and meets one of the following conditions:

1. Is an Iowa state-owned hospital with more than 500 beds and eight or more distinct residency specialty or subspecialty programs recognized by the American College of Graduate Medical Education.
2. Is a non-state government-owned acute-care teaching hospital located in a county with a population over 350,000.
3. Is an Iowa state-owned hospital for persons with mental illness.

(2) Amount of payment. The total amount of disproportionate-share payments from the graduate medical education and disproportionate share fund and enhanced disproportionate share shall not exceed the amount of the state's allotment under Public Law 102-234. In addition, the total amount of disproportionate-share payments from the graduate medical education and disproportionate share fund and enhanced disproportionate-share payments shall not exceed the hospital-specific disproportionate-share caps under Public Law 103-666.

The amount available for enhanced disproportionate-share payments shall be the federal allotment less disproportionate-share payments from the graduate medical education and disproportionate share fund. In the event that the disproportionate-share allotment for enhanced payments is insufficient to pay 100 percent of the cost that is eligible for disproportionate-share payments, the allotment shall be allocated among qualifying hospitals using their eligible cost as an allocation basis.

(3) Final disproportionate-share adjustment. The department's total year-end disproportionate-share obligation to a qualifying hospital shall be calculated following completion of the desk review or audit of the hospital's Form CMS 2552, Hospital and Hospital Health Care Complex Cost Report.

ac. Enhanced graduate medical education payments. In addition to payments from the graduate medical education and disproportionate share fund pursuant to paragraph 79.1(5) "y," payment shall be made to all Iowa hospitals qualifying for enhanced graduate medical education payments. Interim payments based on estimated allowable costs will be paid to qualifying hospitals under this paragraph. Final payments under this paragraph will be determined as follows:

(1) Qualifying for enhanced graduate medical education payments. A hospital shall qualify for enhanced graduate medical education payments if it qualifies to receive both direct and indirect medical education payments from the graduate medical education and disproportionate share fund pursuant to paragraph 79.1(5) "y" and meets one of the following conditions:

1. Is an Iowa state-owned hospital with more than 500 beds and eight or more distinct residency specialty or subspecialty programs recognized by the American College of Graduate Medical Education; or
2. Is a non-state government-owned acute-care teaching hospital located in a county with a population over 350,000.

(2) Amount of payment. The total amount of graduate medical education payments from the graduate medical education and disproportionate share fund and enhanced graduate medical education shall not exceed each hospital's actual medical assistance program graduate medical education costs. The amount paid to each qualifying hospital for enhanced graduate medical education payments shall be the hospital's actual medical assistance program graduate medical education costs less the graduate medical education payments from the graduate medical education and disproportionate share fund.

(3) Final graduate medical education adjustment. The department's total year-end graduate medical education obligation to a qualifying hospital shall be calculated following completion of the desk review or audit of the hospital's Form CMS 2552, Hospital and Hospital Health Care Complex Cost Report.

79.1(6) Independent laboratories. The maximum payment for clinical diagnostic laboratory tests performed by an independent laboratory will be the areawide fee schedule established by the Centers for Medicare and Medicaid Services (CMS). The fee schedule is based on the definition of laboratory procedures from the Physician's Current Procedural Terminology (CPT) published by the American

Medical Association. The fee schedules are adjusted annually by CMS to reflect changes in the Consumer Price Index for All Urban Consumers.

79.1(7) Physicians.

a. Fee schedule. The fee schedule is based on the definitions of medical and surgical procedures given in the most recent edition of Physician's Current Procedural Terminology (CPT). Refer to 441—paragraph 78.1(2)“e” for the guidelines for immunization replacement.

b. Supplemental payments. Rescinded IAB 7/6/05, effective 7/1/05.

79.1(8) Drugs. The amount of payment shall be based on several factors, subject to the upper limits in 42 CFR 447.331-332 as amended to April 18, 2002. The Medicaid program relies on information published by Medi-Span to classify drugs as brand-name or generic.

a. Effective June 25, 2005, reimbursement for covered generic prescription drugs shall be the lowest of the following, as of the date of dispensing:

(1) The estimated acquisition cost, defined as the average wholesale price as published by Medi-Span less 12 percent, plus the professional dispensing fee specified in paragraph “g.”

(2) The maximum allowable cost (MAC), defined as the upper limit for multiple source drugs established in accordance with the methodology of Centers for Medicare and Medicaid Services as described in 42 CFR 447.332, plus the professional dispensing fee specified in paragraph “g.”

(3) The state maximum allowable cost (SMAC), defined as the average wholesale acquisition cost for a drug and all equivalent products (the average price pharmacies pay to obtain drugs as evidenced by purchase records) adjusted by a multiplier of 1.4, plus the professional dispensing fee specified in paragraph “g.”

(4) The submitted charge, representing the provider's usual and customary charge for the drug.

b. Effective June 25, 2005, reimbursement for covered brand-name prescription drugs shall be the lowest of the following, as of the date of dispensing:

(1) The estimated acquisition cost, defined as the average wholesale price as published by Medi-Span less 12 percent, plus the professional dispensing fee specified in paragraph “g.”

(2) The submitted charge, representing the provider's usual and customary charge for the drug.

c. No payment shall be made for sales tax.

d. All hospitals that wish to administer vaccines which are available through the vaccines for children program to Medicaid members shall enroll in the vaccines for children program. In lieu of payment, vaccines available through the vaccines for children program shall be accessed from the department of public health for Medicaid members. Hospitals receive reimbursement for the administration of vaccines to Medicaid members through the DRG reimbursement for inpatients and APC reimbursement for outpatients.

e. The basis of payment for nonprescription drugs shall be the same as specified in paragraph “a” except that the department shall establish a maximum allowable reimbursable cost for these drugs using the average wholesale prices of the chemically equivalent products available. The department shall set the maximum allowable reimbursable cost at the median of those average wholesale prices. No exceptions for higher reimbursement will be approved.

f. An additional reimbursement amount of one cent per dose shall be added to the allowable ingredient cost of a prescription for an oral solid if the drug is dispensed to a patient in a nursing home in unit dose packaging prepared by the pharmacist.

g. For services rendered after June 30, 2008, the professional dispensing fee is \$4.57 or the pharmacy's usual and customary fee, whichever is lower.

h. For purposes of this subrule, “equivalent products” shall be those that meet therapeutic equivalent standards as published in the federal Food and Drug Administration document, “Approved Prescription Drug Products With Therapeutic Equivalence Evaluations.”

i. Pharmacies and providers that are enrolled in the Iowa Medicaid program shall make available drug acquisition cost information, product availability information, and other information deemed necessary by the department to assist the department in monitoring and revising reimbursement rates subject to 79.1(8)“a”(3) and 79.1(8)“c” and for the efficient operation of the pharmacy benefit.

(1) Pharmacies and providers shall produce and submit the requested information in the manner and format requested by the department or its designee at no cost to the department or its designee.

(2) Pharmacies and providers shall submit information to the department or its designee within 30 days following receipt of a request for information unless the department or its designee grants an extension upon written request of the pharmacy or provider.

j. Savings in Medicaid reimbursements attributable to the SMAC shall be used to pay costs associated with determination of the SMAC, before reversion to Medicaid.

79.1(9) HCBS consumer choices financial management.

a. Monthly allocation. A financial management service provider shall receive a monthly fee as established in subrule 79.1(2) for each consumer electing to work with that provider under the HCBS consumer choices option. The financial management service provider shall also receive monthly the consumer's individual budget amount as determined under 441—paragraph 78.34(13) "b," 78.37(16) "b," 78.38(9) "b," 78.41(15) "b," 78.43(15) "b," or 78.46(6) "b."

b. Cost settlement. The financial management service shall pay from the monthly allocated individual budget amount for independent support broker service, self-directed personal care services, individual-directed goods and services, and self-directed community supports and employment as authorized by the consumer. On a quarterly basis during the federal fiscal year, the department shall perform a cost settlement. The cost settlement represents the difference between the amount received for the allocated individual budget and the amount actually utilized.

c. Start-up grants. A qualifying financial management service provider may be reimbursed up to \$10,000 for the costs associated for starting the service.

(1) Start-up reimbursement shall be issued as long as funds for this purpose are available from the Robert Wood Johnson Foundation or until September 30, 2007.

(2) Funds will not be distributed until the provider meets all of the following criteria:

1. The provider shall meet the requirements to be certified to participate in an HCBS waiver program as set forth in 441—subrule 77.30(13), 77.33(16), 77.34(9), 77.37(28), 77.39(26), or 77.41(7), including successful completion of a readiness review as approved by the department.

2. The provider shall enter into an agreement with the department to provide statewide coverage for not less than one year from the date that the funds are distributed.

3. The provider shall submit to the department for approval a budget identifying the costs associated with starting financial management service.

(3) If the provider fails to continue to meet these qualifications after the funds have been distributed, the department may recoup all or part of the funds paid to the provider.

79.1(10) Prohibition against reassignment of claims. No payment under the medical assistance program for any care or service provided to a patient by any health care provider shall be made to anyone other than the providers. However with respect to physicians, dentists or other individual practitioners direct payment may be made to the employer of the practitioner if the practitioner is required as a condition of employment to turn over fees to the employer; or where the care or service was provided in a facility, to the facility in which the care or service was provided if there is a contractual arrangement between the practitioner and the facility whereby the facility submits the claim for reimbursement; or to a foundation, plan or similar organization including a health maintenance organization which furnishes health care through an organized health care delivery system if there is a contractual agreement between organization and the person furnishing the service under which the organization bills or receives payment for the person's services. Payment may be made in accordance with an assignment from the provider to a government agency or an assignment made pursuant to a court order. Payment may be made to a business agent, such as a billing service or accounting firm, which renders statements and receives payment in the name of the provider when the agent's compensation for this service is (1) reasonably related to the cost or processing the billing; (2) not related on a percentage or other basis to the dollar amounts to be billed or collected; and (3) not dependent upon the actual collection of payment. Nothing in this rule shall preclude making payment to the estate of a deceased practitioner.

79.1(11) Prohibition against factoring. Payment under the medical assistance program for any care or service furnished to an individual by providers as specified in 79.1(1) shall not be made to or through

a factor either directly or by virtue of power of attorney given by the provider to the factor. A factor is defined as an organization, collection agency, or service bureau which, or an individual who, advances money to a provider for accounts receivable which have been assigned or sold or otherwise transferred including transfer through the use of power of attorney to the organization or individual for an added fee or reduction of a portion of the accounts receivable. The term factor does not include business representatives such as billing agents or accounting firms which render statements and receive payments in the name of the individual provider provided that the compensation of the business representative for the service is reasonably related to the cost of processing the billings and is not related on a percentage or other basis to the dollar amounts to be billed or collected.

79.1(12) Reasonable charges for services, supplies, and equipment. For selected medical services, supplies, and equipment, including equipment servicing, which in the judgment of the Secretary of the Department of Health and Human Services generally do not vary significantly in quality from one provider to another, the upper limits for payments shall be the lowest charges for which the devices are widely and consistently available in a locality. For those selected services and items furnished under part B of Medicare and Medicaid, the upper limits shall be the lowest charge levels recognized under Medicare. For those selected services and items furnished only under Medicaid, the upper limits shall be the lowest charge levels determined by the department according to the Medicare reimbursement method.

a. For any noninstitutional item or service furnished under both Medicare and Medicaid, the department shall pay no more than the reasonable charge established for that item or service by the part B Medicare carrier serving part or all of Iowa. Noninstitutional services do not include practitioner's services, such as physicians, pharmacies, or out-patient hospital services.

b. For all other noninstitutional items or services furnished only under Medicaid, the department shall pay no more than the customary charge for a provider or the prevailing charges in the locality for comparable items or services under comparable circumstances, whichever is lower.

79.1(13) Copayment by member. A copayment in the amount specified shall be charged to members for the following covered services:

a. The member shall pay a copayment for each covered prescription or refill of any covered drug as follows:

(1) One dollar for generic drugs and preferred brand-name drugs. Any brand-name drug that is not subject to prior approval based on nonpreferred status on the preferred drug list published by the department pursuant to Iowa Code section 249A.20A shall be treated as a preferred brand-name drug.

(2) Rescinded IAB 7/6/05, effective 7/1/05.

(3) One dollar for nonpreferred brand-name drugs for which the cost to the state is less than \$25.

(4) Two dollars for nonpreferred brand-name drugs for which the cost to the state is \$25.01 to \$50.

(5) Three dollars for nonpreferred brand-name drugs for which the cost to the state is \$50.01 or more.

(6) For the purpose of this paragraph, the cost to the state is determined without regard to federal financial participation in the Medicaid program or to any rebates received.

b. The member shall pay \$1 copayment for total covered service rendered on a given date for podiatrists' services, chiropractors' services, and services of independently practicing physical therapists.

c. The member shall pay \$2 copayment for total covered services rendered on a given date for medical equipment and appliances, prosthetic devices and medical supplies as defined in 441—78.10(249A), orthopedic shoes, services of audiologists, services of hearing aid dealers except the hearing aid, services of optometrists, opticians, rehabilitation agencies, and psychologists, and ambulance services.

d. The member shall pay \$3 copayment for:

(1) Total covered service rendered on a given date for dental services and hearing aids.

(2) All covered services rendered in a physician office visit on a given date. For the purposes of this subparagraph, "physician" means either a doctor of allopathic medicine (M.D.) or a doctor of osteopathic medicine (D.O.), as defined under rule 441—77.1(249A).

- e.* Copayment charges are not applicable to persons under age 21.
- f.* Copayment charges are not applicable to family planning services or supplies.
- g.* Copayment charges are not applicable for a member receiving care in a hospital, nursing facility, state mental health institution, or other medical institution if the person is required, as a condition of receiving services in the institution, to spend for costs of necessary medical care all but a minimal amount of income for personal needs.
- h.* The member shall pay \$1 for each federal Medicare Part B crossover claim submitted to the Medicaid program when the services provided have a Medicaid copayment as set forth above.
- i.* Copayment charges are not applicable to services furnished pregnant women.
- j.* All providers are prohibited from offering or providing copayment related discounts, rebates, or similar incentives for the purpose of soliciting the patronage of Medicaid members.
- k.* Copayment charges are not applicable for emergency services. Emergency services are defined as services provided in a hospital, clinic, office, or other facility that is equipped to furnish the required care, after the sudden onset of a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain), that the absence of immediate medical attention could reasonably be expected to result in:
 - (1) Placing the patient's health in serious jeopardy,
 - (2) Serious impairment to bodily functions, or
 - (3) Serious dysfunction of any bodily organ or part.
- l.* Copayment charges are not applicable for services rendered by a health maintenance organization in which the member is enrolled.
- m.* No provider of service participating in the Medicaid program may deny care or services to a person eligible for care or services under the program because of the person's inability to pay a copayment. However, this rule does not change the fact that a member is liable for the charges and it does not preclude the provider from attempting to collect them.

79.1(14) Reimbursement for hospice services.

a. Medicaid hospice rates. The Medicaid hospice rates are based on the methodology used in setting Medicare rates, adjusted to disregard cost offsets attributable to Medicare coinsurance amounts, and with application of the appropriate area wage adjustments for the categories of care provided.

Hospices are reimbursed at one of four predetermined rates based on the level of care furnished to the individual for that day. Payments to a hospice for inpatient care are subject to the limitations imposed by Medicare. The levels of care into which each day of care is classified are as follows:

- (1) Routine home care.
- (2) Continuous home care.
- (3) Inpatient respite care.
- (4) General inpatient care.

b. Adjustment to hospice rates. An adjustment to hospice reimbursement is made when a recipient residing in a nursing facility elects the hospice benefit. The adjustment will be a room and board rate that is equal to the rate at which the facility is paid for reserved bed days or 95 percent of the facility's Medicaid reimbursement rate, whichever is greater. Room and board services include the performance of personal care services, including assistance in activities of daily living, socializing activities, administration of medication, maintaining the cleanliness of a resident's room and supervising and assisting in the use of durable medical equipment and prescribed therapies.

For hospice recipients entering a nursing facility the adjustment will be effective the date of entry. For persons in nursing facilities prior to hospice election, the adjustment rate shall be effective the date of election.

For individuals who have client participation amounts attributable to their cost of care, the adjustment to the hospice will be reduced by the amount of client participation as determined by the department. The hospice will be responsible for collecting the client participation amount due the hospice unless the hospice and the nursing facility jointly determine the nursing facility is to collect the client participation.

c. Payment for day of discharge. For the day of discharge from an inpatient unit, the appropriate home care rate is to be paid unless the recipient dies as an inpatient. When the recipient is discharged as deceased, the inpatient rate (general or respite) is to be paid for the discharge date.

d. Hospice cap. Overall aggregate payments made to a hospice during a hospice cap period are limited or capped. The hospice cap year begins November 1 and ends October 31 of the next year. The cap amount for each hospice is calculated by multiplying the number of beneficiaries electing hospice care from that hospice during the cap period by the base statutory amount, adjusted to reflect the percentage increase or decrease in the medical care expenditure category of the Consumer Price Index for all urban consumers published by the Bureau of Labor Statistics. Payments made to a hospice but not included in the cap include room and board payment to a nursing home. Any payment in excess of the cap must be refunded to the department by the hospice.

e. Limitation of payments for inpatient care. Payments to a hospice for inpatient care shall be limited according to the number of days of inpatient care furnished to Medicaid patients. During the 12-month period beginning November 1 of each year and ending October 31, the aggregate number of inpatient days (both for general inpatient care and inpatient respite care) shall not exceed 20 percent of the aggregate total number of days of hospice care provided to all Medicaid recipients during that same period. Medicaid recipients afflicted with acquired immunodeficiency syndrome (AIDS) are excluded in calculating this inpatient care limitation. This limitation is applied once each year, at the end of the hospices' "cap period" (November 1 to October 31). For purposes of this computation, if it is determined that the inpatient rate should not be paid, any days for which the hospice receives payment at a home care rate will not be counted as inpatient days. The limitation is calculated as follows:

(1) The maximum allowable number of inpatient days will be calculated by multiplying the total number of days of Medicaid hospice care by 0.2.

(2) If the total number of days of inpatient care furnished to Medicaid hospice patients is less than or equal to the maximum, no adjustment will be necessary.

(3) If the total number of days of inpatient care exceeded the maximum allowable number, the limitation will be determined by:

1. Calculating a ratio of the maximum allowable days to the number of actual days of inpatient care, and multiplying this ratio by the total reimbursement for inpatient care (general inpatient and inpatient respite reimbursement) that was made.

2. Multiplying excess inpatient care days by the routine home care rate.

3. Adding together the amounts calculated in "1" and "2."

4. Comparing the amount in "3" with interim payments made to the hospice for inpatient care during the "cap period."

Any excess reimbursement shall be refunded by the hospice.

f. Location of services. Claims must identify the geographic location where the service is provided (as distinct from the location of the hospice).

79.1(15) HCBS retrospectively limited prospective rates. This methodology applies to reimbursement for HCBS supported community living; HCBS family and community support services; HCBS supported employment enhanced job search activities; HCBS interim medical monitoring and treatment when provided by an HCBS-certified supported community agency; HCBS respite when provided by nonfacility providers, camps, home care agencies, or providers of residential-based supported community living; and HCBS group respite provided by home health agencies.

a. Reporting requirements.

(1) Providers shall submit cost reports for each waiver service provided using Form 470-0664, Financial and Statistical Report for Purchase of Service, and Form 470-3449, Supplemental Schedule. The cost reporting period is from July 1 to June 30. The completed cost reports shall be submitted to the IME Provider Cost Audits and Rate-Setting Unit, P.O. Box 36450, Des Moines, Iowa 50315, or by electronic mail to costaudit@dhs.state.ia.us, by September 30 of each year.

(2) If a provider chooses to leave the HCBS program or terminates a service, a final cost report shall be submitted within 60 days of termination for retrospective adjustment.

(3) Costs reported under the waiver shall not be reported as reimbursable costs under any other funding source. Costs incurred for other services shall not be reported as reimbursable costs under the waiver.

(4) Financial information shall be based on the agency's financial records. When the records are not kept on an accrual basis of accounting, the provider shall make the adjustments necessary to convert the information to an accrual basis for reporting. Providers which are multiple program agencies shall submit a cost allocation schedule, prepared in accordance with generally accepted accounting principles.

(5) Failure to maintain records to support the cost reports may result in termination of the provider's HCBS certification.

(6) The department may require that an opinion of a certified public accountant or public accountant accompany the report when adjustments made to prior reports indicate noncompliance with reporting instructions.

(7) A 30-day extension for submitting the cost reports due by September 30 may be obtained by submitting a letter to the bureau of long-term care by September 30. No extensions will be granted beyond 30 days.

(8) Failure to submit a report that meets the requirements of this paragraph by September 30 or an extended deadline granted per subparagraph (7) shall reduce payment to 76 percent of the current rate. The reduced rate shall be paid for not longer than three months, after which time no further payments will be made.

b. Home- and community-based general rate criteria.

(1) To receive reimbursement for services, a certified provider shall enter into an agreement with the department on Form 470-2918, HCBS Waiver Agreement, and have an approved service plan for the consumer.

(2) The rates a provider may charge are subject to limits established in subrule 79.1(2).

(3) Indirect administrative costs shall be limited to 20 percent of other costs.

(4) Mileage costs shall be reimbursed according to state employee rate.

(5) Consumer transportation, consumer consulting, consumer instruction, consumer environmental modification and repairs and consumer environmental furnishings shall not exceed \$1,570 per consumer per year for supported community living services.

(6) For respite care provided in the consumer's home, only the cost of care is reimbursed.

(7) For respite care provided outside the consumer's home, charges may include room and board.

(8) Transportation and therapeutic resources reimbursement shall not exceed \$1,500 per child per year for family and community support services.

c. Prospective rates for new providers other than respite.

(1) Providers who have not submitted an annual report including at least 6 months of actual, historical costs shall be paid prospective rates based on projected reasonable and proper costs of operation for a 12-month period reported in Form SS-1703-0, Financial and Statistical Report, and Form 470-3449, Supplemental Schedule.

(2) Prospective rates shall be subject to retrospective adjustment as provided in paragraph "e."

(3) After a provider has submitted an annual report including at least six months of actual, historical costs, prospective rates shall be determined as provided in paragraph "d."

d. Prospective rates for established providers other than respite.

(1) Providers who have submitted an annual report including at least six months of actual, historical costs shall be paid prospective rates based on reasonable and proper costs in a base period, as adjusted for inflation.

(2) The base period shall be the period covered by the first Form SS-1703-0, Financial and Statistical Report, and Form 470-3449, Supplemental Schedule, submitted to the department after 1997 that includes at least six months of actual, historical costs.

(3) Reasonable and proper costs in the base period shall be inflated by a percentage of the increase in the consumer price index for all urban consumers for the preceding 12-month period ending June 30, based on the months included in the base period, to establish the initial prospective rate for an established provider.

¹(4) After establishment of the initial prospective rate for an established provider, the rate will be adjusted annually, effective for the third month after the month during which the annual cost report is submitted to the department. The provider's new rate shall be the actual reconciled rate or the previously established rate adjusted by the consumer price index for all urban consumers for the preceding 12-month period ending June 30, whichever is less.

(5) Prospective rates for services other than respite shall be subject to retrospective adjustment as provided in paragraph "f."

e. Prospective rates for respite. Prospective rates for respite shall be agreed upon between the consumer, interdisciplinary team and the provider up to the maximum, subject to retrospective adjustment as provided in paragraph "f."

f. Retrospective adjustments.

(1) Retrospective adjustments shall be made based on reconciliation of provider's reasonable and proper actual service costs with the revenues received for those services as reported on Form 470-3449, Supplemental Schedule, accompanying Form SS-1703-0, Financial and Statistical Report for Purchase of Service.

(2) Revenues exceeding adjusted actual costs by more than 2.5 percent shall be remitted to the department. Payment will be due upon notice of the new rates and retrospective adjustment.

(3) Providers who do not reimburse revenues exceeding 2.5 percent of actual costs 30 days after notice is given by the department will have the revenues over 2.5 percent of the actual costs deducted from future payments.

g. Supported community living daily rate. For purposes of determining the daily rate for supported community living services, providers are treated as new providers until they have submitted an annual report including at least six months of actual costs for the same consumers at the same site with no significant change in any consumer's needs, or if there is a subsequent change in the consumers at a site or in any consumer's needs. Individual prospective daily rates are determined for each consumer. These rates may be adjusted no more than once every three months if there is a vacancy at the site for over 30 days or the consumer's needs have significantly changed. Rates adjusted on this basis will become effective the month a new cost report is submitted. Retrospective adjustments of the prospective daily rates are based on each site's average costs.

79.1(16) Outpatient reimbursement for hospitals.

a. Definitions.

"*Allowable costs*" means the costs defined as allowable in 42 CFR, Chapter IV, Part 413, as amended to October 1, 2007, except for the purposes of calculating direct medical education costs, where only the reported costs of the interns and residents are allowed. Further, costs are allowable only to the extent that they relate to patient care; are reasonable, ordinary, and necessary; and are not in excess of what a prudent and cost-conscious buyer would pay for the given service or item.

"*Ambulatory payment classification*" or "*APC*" means an outpatient service or group of services for which a single rate is set. The services or groups of services are determined according to the typical clinical characteristics, the resource use, and the costs associated with the service or services.

"*Ambulatory payment classification relative weight*" or "*APC relative weight*" means the relative value assigned to each APC.

"*Ancillary service*" means a supplemental service that supports the diagnosis or treatment of the patient's condition. Examples include diagnostic testing or screening services and rehabilitative services such as physical or occupational therapy.

"*APC service*" means a service that is priced and paid using the APC system.

"*Base-year cost report*," for rates effective July 1, 2008, shall mean the hospital's cost report with fiscal year end on or after January 1, 2006, and before January 1, 2007. Cost reports shall be reviewed using Medicare's cost-reporting and cost reimbursement principles for those cost-reporting periods.

"*Blended base APC rate*" shall mean the hospital-specific base APC rate, plus the statewide base APC rate, divided by two. The costs of hospitals receiving reimbursement as critical access hospitals during any of the period included in the base-year cost report shall not be used in determining the statewide base APC rate.

“*Case-mix index*” shall mean an arithmetical index measuring the relative average costliness of outpatient cases treated in a hospital, compared to the statewide average.

“*Cost outlier*” shall mean services provided during a single visit that have an extraordinarily high cost as established in paragraph “g” and are therefore eligible for additional payments above and beyond the base APC payment.

“*Current procedural terminology—fourth edition (CPT-4)*” is the systematic listing and coding of procedures and services provided by physicians or other related health care providers. The CPT-4 coding is maintained by the American Medical Association and is updated yearly.

“*Diagnostic service*” means an examination or procedure performed to obtain information regarding the medical condition of an outpatient.

“*Direct medical education costs*” shall mean costs directly associated with the medical education of interns and residents or other medical education programs, such as a nursing education program or allied health programs, conducted in an outpatient setting, that qualify for payment as medical education costs under the Medicare program. The amount of direct medical education costs is determined from the hospital base-year cost reports and is inflated in determining the direct medical education rate.

“*Direct medical education rate*” shall mean a rate calculated for a hospital reporting medical education costs on the Medicare cost report (CMS 2552). The rate is calculated using the following formula: Direct medical education costs are multiplied by the percentage of valid claims to total claims, further multiplied by inflation factors, then divided by outpatient visits.

“*Discount factor*” means the percentage discount applied to additional APCs when more than one APC is provided during the same visit (including the same APC provided more than once). Not all APCs are subject to a discount factor.

“*Graduate medical education and disproportionate share fund*” shall mean a reimbursement fund developed as an adjunct reimbursement methodology to directly reimburse qualifying hospitals for the direct costs of interns and residents associated with the operation of graduate medical education programs for outpatient services.

“*Healthcare common procedures coding system*” or “*HCPCS*” means the national uniform coding method that is maintained by the Centers for Medicare and Medicaid Services (CMS) and that incorporates the American Medical Association publication Physicians Current Procedural Terminology (CPT) and the three HCPCS unique coding levels I, II, and III.

“*Hospital-based clinic*” means a clinic that is owned by the hospital, operated by the hospital under its hospital license, and on the premises of the hospital.

“*International classifications of diseases—fourth edition, ninth revision (ICD-9)*” is a systematic method used to classify and provide standardization to coding practices which are used to describe the diagnosis, symptom, complaint, condition or cause of a person’s injury or illness.

“*Modifier*” means a two-character code that is added to the procedure code to indicate the type of service performed. The modifier allows the reporting hospital to indicate that a performed service or procedure has been altered by some specific circumstance. The modifier may affect payment or may be used for information only.

“*Multiple significant procedure discounting*” means a reduction of the standard payment amount for an APC to recognize that the marginal cost of providing a second APC service to a patient during a single visit is less than the cost of providing that service by itself.

“*Observation services*” means a set of clinically appropriate services, such as ongoing short-term treatment, assessment, and reassessment, that is provided before a decision can be made regarding whether a patient needs further treatment as a hospital inpatient or is able to be discharged from the hospital.

“*Outpatient hospital services*” means preventive, diagnostic, therapeutic, observation, rehabilitation, or palliative services provided to an outpatient by or under the direction of a physician, dentist, or other practitioner by an institution that:

1. Is licensed or formally approved as a hospital by the officially designated authority in the state where the institution is located; and
2. Meets the requirements for participation in Medicare as a hospital.

“*Outpatient prospective payment system*” or “*OPPS*” means the payment methodology for hospital outpatient services established by this subrule and based on Medicare’s outpatient prospective payment system mandated by the Balanced Budget Refinement Act of 1999 and the Medicare, Medicaid and SCHIP Benefits Improvement and Protection Act of 2000.

“*Outpatient visit*” shall mean those hospital-based outpatient services which are billed on a single claim form.

“*Packaged service*” means a service that is secondary to other services but is considered an integral part of another service.

“*Pass-through*” means certain drugs, devices, and biologicals for which providers are entitled to payment separate from any APC.

“*Quality improvement organization*” or “*QIO*” shall mean the organization that performs medical peer review of Medicaid claims, including review of validity of hospital diagnosis and procedure coding information; completeness, adequacy and quality of care; and appropriateness of prospective payments for outlier cases and nonemergent use of the emergency room. These activities undertaken by the QIO may be included in a contractual relationship with the Iowa Medicaid enterprise.

“*Rebasing*” shall mean the redetermination of the blended base APC rate using more recent Medicaid cost report data.

“*Significant procedure*” shall mean the procedure, therapy, or service provided to a patient that constitutes the primary reason for the visit and dominates the time and resources expended during the visit.

“*Status indicator*” or “*SI*” means a payment indicator that identifies whether a service represented by a CPT or HCPCS code is payable under the OPPS APC or another payment system. Only one status indicator is assigned to each CPT or HCPCS code.

b. Outpatient hospital services. Medicaid adopts the Medicare categories of hospitals and services subject to and excluded from the hospital outpatient prospective payment system (OPPS) at 42 CFR 419.20 through 419.22 as amended to October 1, 2007, except as indicated in this subrule.

(1) A teaching hospital that has approval from the Centers for Medicare and Medicaid Services to receive reasonable cost reimbursement for physician services under 42 CFR 415.160 through 415.162 as amended to October 1, 2007, is eligible for combined billing status if the hospital has filed the approval notice with the Iowa Medicaid enterprise provider cost audit and rate-setting unit. If a teaching hospital elects to receive reasonable cost payment for physician direct medical and surgical services furnished to Medicaid members, those services and the supervision of interns and residents furnishing the care to members are covered as hospital services and are combined with the bill for hospital service. Cost settlement for the reasonable costs related to physician direct medical and surgical services shall be made after receipt of the hospital’s financial and statistical report.

(2) A hospital-based ambulance service must be an enrolled Medicaid ambulance provider and must bill separately for ambulance services. EXCEPTION: If the member’s condition results in an inpatient admission to the hospital, the reimbursement for ambulance services is included in the hospital’s DRG reimbursement rate for the inpatient services.

(3) All psychiatric services for members who have a primary diagnosis of mental illness and are enrolled in the Iowa Plan program under 441—Chapter 88 shall be the responsibility of the Iowa Plan contractor and shall not be otherwise payable by Iowa Medicaid. The only exceptions to this policy are reference laboratory and radiology services, which will be payable by fee schedule or APC.

(4) Emergency psychiatric evaluations for members who are covered by the Iowa Plan shall be the responsibility of the Iowa Plan contractor. For members who are not covered by the Iowa Plan, services shall be payable under the APC for emergency psychiatric evaluation.

(5) Substance abuse services for persons enrolled in the Iowa Plan program under 441—Chapter 88 shall be the responsibility of the Iowa Plan contractor and shall not be otherwise payable by Iowa Medicaid. The only exceptions to this policy are reference laboratory and radiology services, which will be payable by fee schedule or APC.

c. Payment for outpatient hospital services.

(1) Outpatient hospital services shall be reimbursed according to the first of the following methodologies that applies to the service:

1. Any specific rate or methodology established by rule for the particular service.
2. The OPPS APC rates established pursuant to this subrule.
3. Fee schedule rates established pursuant to paragraph 79.1(1)“c.”

(2) Except as provided in paragraph 79.1(16)“h,” outpatient hospital services that have been assigned to an APC with an assigned weight shall be reimbursed based on the APC to which the services provided are assigned. For dates of services beginning on or after July 1, 2008, the department adopts and incorporates by reference the OPPS APCs and relative weights effective January 1, 2008, published on November 27, 2007, as final by the Centers for Medicare and Medicaid Services in the Federal Register at Volume 72, No. 227, page 66579. Relative weights shall be updated pursuant to paragraph 79.1(16)“j.”

(3) The APC payment is calculated as follows:

1. The applicable APC relative weight is multiplied by the blended base APC rate determined according to paragraph 79.1(16)“e.”

2. The resulting APC payment is multiplied by a discount factor of 50 percent and by units of service when applicable.

3. For a procedure started but discontinued before completion, the department will pay 50 percent of the APC for the service.

(4) The OPPS APC payment status indicators show whether a service represented by a CPT or HCPCS code is payable under an OPPS APC or under another payment system and whether particular OPPS policies apply to the code. The following table lists the status indicators and definitions for both services that are paid under an OPPS APC and services that are not paid under an OPPS APC.

Indicator	Item, Code, or Service	OPPS Payment Status
A	<p>Services furnished to a hospital outpatient that are paid by Medicare under a fee schedule or payment system other than OPPS, such as:</p> <ul style="list-style-type: none"> ● Ambulance services. ● Clinical diagnostic laboratory services. ● Diagnostic mammography. ● Screening mammography. ● Nonimplantable prosthetic and orthotic devices. ● Physical, occupational, and speech therapy. ● Erythropoietin for end-stage renal dialysis (ESRD) patients. ● Routine dialysis services provided for ESRD patients in a certified dialysis unit of a hospital. 	<p>If covered by Iowa Medicaid as an outpatient hospital service, the service is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)“c.”</p> <p>If not covered by Iowa Medicaid as an outpatient hospital service, the service is not paid under OPPS APC, but may be paid under the specific rate or methodology established by other rules (other than outpatient hospital).</p>
B	Codes that are not paid by Medicare on an outpatient hospital basis	<p>Not paid under OPPS APC.</p> <ul style="list-style-type: none"> ● May be paid when submitted on a bill type other than outpatient hospital. ● An alternate code that is payable when submitted on an outpatient hospital bill type (13x) may be available.
C	Inpatient procedures	<p>If covered by Iowa Medicaid as an outpatient hospital service, the service is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)“c.”</p> <p>If not covered by Iowa Medicaid as an outpatient hospital service, the service is not paid under OPPS APC. Admit the patient and bill as inpatient care.</p>

D	Discontinued codes	Not paid under OPSS APC or any other Medicaid payment system.
E	<p>Items, codes, and services:</p> <ul style="list-style-type: none"> • That are not covered by Medicare based on statutory exclusion and may or may not be covered by Iowa Medicaid; or • That are not covered by Medicare for reasons other than statutory exclusion and may or may not be covered by Iowa Medicaid; or • That are not recognized by Medicare but for which an alternate code for the same item or service may be available under Iowa Medicaid; or • For which separate payment is not provided by Medicare but may be provided by Iowa Medicaid. 	<p>If covered by Iowa Medicaid, the item, code, or service is not paid under OPSS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1) "c."</p> <p>If not covered by Iowa Medicaid, the item, code, or service is not paid under OPSS APC or any other Medicaid payment system.</p>
F	<p>Certified registered nurse anesthetist services</p> <p>Corneal tissue acquisition</p> <p>Hepatitis B vaccines</p>	<p>If covered by Iowa Medicaid, the item or service is not paid under OPSS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1) "c."</p> <p>If not covered by Iowa Medicaid, the item or service is not paid under OPSS APC or any other Medicaid payment system.</p>
G	Pass-through drugs and biologicals	<p>If covered by Iowa Medicaid, the item is not paid under OPSS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1) "c."</p> <p>If not covered by Iowa Medicaid, the item is not paid under OPSS APC or any other Medicaid payment system.</p>
H	Pass-through device categories	<p>If covered by Iowa Medicaid, the device is not paid under OPSS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1) "c."</p> <p>If not covered by Iowa Medicaid, the device is not paid under OPSS APC or any other Medicaid payment system.</p>
K	<p>Blood and blood products</p> <p>Brachytherapy sources</p> <p>Non-pass-through drugs and biologicals</p> <p>Therapeutic radiopharmaceuticals</p>	<p>If covered by Iowa Medicaid, the item is:</p> <ul style="list-style-type: none"> • Paid under OPSS APC with a separate APC payment when both an APC and an APC weight are established. • Paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1) "c" when either no APC or APC weight is established. <p>If not covered by Iowa Medicaid, the item is not paid under OPSS APC or any other Medicaid payment system.</p>

L	Influenza vaccine Pneumococcal pneumonia vaccine	If covered by Iowa Medicaid, the vaccine is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1) "c." If not covered by Iowa Medicaid, the vaccine is not paid under OPPS APC or any other Medicaid payment system.
M	Items and services not billable to the Medicare fiscal intermediary	If covered by Iowa Medicaid, the item or service is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1) "c." If not covered by Iowa Medicaid, the item or service is not paid under OPPS APC or any other Medicaid payment system.
N	Packaged services not subject to separate payment under Medicare OPPS payment criteria	Paid under OPPS APC. Payment, including outliers, is included with payment for other services; therefore, no separate payment is made.
P	Partial hospitalization	Not a covered service under Iowa Medicaid.
Q	Packaged services subject to separate payment under Medicare OPPS payment criteria	Paid under OPPS APC in a separate APC payment based on Medicare OPPS payment criteria. If criteria are not met, payment, including outliers, is packaged into payment for other services; therefore, no separate APC payment is made.
S	Significant procedure, not discounted when multiple	If covered by Iowa Medicaid, the procedure is paid under OPPS APC with separate APC payment. If not covered by Iowa Medicaid, the procedure is not paid under OPPS APC or any other Medicaid payment system.
T	Significant procedure, multiple reduction applies	If covered by Iowa Medicaid, the procedure is paid under OPPS APC with separate APC payment subject to multiple reduction. If not covered by Iowa Medicaid, the procedure is not paid under OPPS APC or any other Medicaid payment system.
V	Clinic or emergency department visit	If covered by Iowa Medicaid, the service is paid under OPPS APC with separate APC payment. If not covered by Iowa Medicaid, the service is not paid under OPPS APC or any other Medicaid payment system.
X	Ancillary services	If covered by Iowa Medicaid, the service is paid under OPPS APC with separate APC payment. If not covered by Iowa Medicaid, the service is not paid under OPPS APC or any other Medicaid payment system.

d. Calculation of case-mix indices. Hospital-specific and statewide case-mix indices shall be calculated using all applicable claims with dates of service occurring in the period July 1, 2006, through June 30, 2007, paid through September 10, 2007.

(1) Hospital-specific case-mix indices are calculated by summing the relative weights for each APC service at that hospital and dividing the total by the number of APC services for that hospital.

(2) The statewide case-mix index is calculated by summing the relative weights for each APC service for all claims and dividing the total by the statewide total number of APC services. Claims for hospitals receiving reimbursement as critical access hospitals during any of the period included in the base-year cost report are not used in calculating the statewide case-mix index.

e. Calculation of the hospital-specific base APC rates.

(1) Using the hospital's base-year cost report, hospital-specific outpatient cost-to-charge ratios are calculated for each ancillary and outpatient cost center of the Medicare cost report, Form CMS 2552-96.

(2) The cost-to-charge ratios are applied to each line item charge reported on claims with dates of service occurring in the period July 1, 2006, through June 30, 2007, paid through September 10, 2007, to calculate the Medicaid cost per service. The hospital's total outpatient Medicaid cost is the sum of the Medicaid cost per service for all line items.

(3) The following items are subtracted from the hospital's total outpatient Medicaid costs:

1. The total calculated Medicaid direct medical education cost for interns and residents based on the hospital's base-year cost report.

2. The total calculated Medicaid cost for services listed at 441—subrule 78.31(1), paragraphs “g” to “n.”

3. The total calculated Medicaid cost for ambulance services.

4. The total calculated Medicaid cost for services paid based on the Iowa Medicaid fee schedule.

(4) The remaining amount is multiplied by a factor to limit aggregate expenditures to available funding, divided by the hospital-specific case-mix index, and then divided by the total number of APC services for that hospital during the period July 1, 2006, through June 30, 2007, that were paid through September 10, 2007.

(5) Hospital-specific base APC rates are not computed for hospitals receiving reimbursement as critical access hospitals during any of the period included in the base-year cost report.

f. Calculation of statewide base APC rate.

(1) The statewide average base APC rate is calculated by summing the outpatient Medicaid cost for all hospitals and subtracting the following:

1. The total calculated Medicaid direct medical education cost for interns and residents for all hospitals.

2. The total calculated Medicaid cost for services listed at 441—subrule 78.31(1), paragraphs “g” to “n,” for all hospitals.

3. The total calculated Medicaid cost for ambulance services for all hospitals.

4. The total calculated Medicaid cost for services paid based on the Iowa Medicaid fee schedule for all hospitals.

(2) The resulting amount is multiplied by a factor to limit aggregate expenditures to available funding, divided by the statewide case-mix index, and then divided by the statewide total number of APC services for the period July 1, 2006, through June 30, 2007, that were paid through September 10, 2007.

(3) Data for hospitals receiving reimbursement as critical access hospitals during any of the period included in the base-year cost report is not used in calculating the statewide average base APC rate.

g. Cost outlier payment policy. Additional payment is made for services provided during a single visit that exceed the following Medicaid criteria of cost outliers for each APC. Outlier payments are determined on an APC-by-APC basis.

(1) An APC qualifies as a cost outlier when the cost of the service exceeds both the multiple threshold and the fixed-dollar threshold.

(2) The multiple threshold is met when the cost of furnishing an APC service exceeds 1.75 times the APC payment amount.

(3) The fixed-dollar threshold is met when the cost of furnishing an APC service exceeds the APC payment amount plus \$2,000.

(4) If both the multiple threshold and the fixed-dollar threshold are met, the outlier payment is calculated as 50 percent of the amount by which the hospital's cost of furnishing the APC service or procedure exceeds the multiple threshold.

(5) The cost of furnishing the APC service or procedure is calculated using a single overall hospital-specific cost-to-charge ratio determined from the base-year cost report. Costs appearing on a claim that are attributable to packaged APC services for which no separate payment is made are allocated to all nonpackaged APC services that appear on that claim. The amount allocated to each nonpackaged APC service is based on the proportion the APC payment rate for that APC service bears to the total APC rates for all nonpackaged APC services on the claim.

h. Payment to critical access hospitals. Initial, interim payments to critical access hospitals as defined in paragraph 79.1(5) "a" shall be the hospital's line-item charge multiplied by the hospital's Medicaid outpatient cost-to-charge ratio. These interim payments are subject to annual retrospective adjustment equal to the difference between the reasonable costs of covered services provided to eligible fee-for-service Medicaid members (excluding members in managed care) and the Medicaid reimbursement received. The department shall determine the reasonable costs of services based on the hospital's annual cost reports and Medicare cost principles. When the interim amounts paid exceed reasonable costs, the department shall recover the difference.

(1) After any retrospective adjustment, the department shall update the cost-to-charge ratio to reflect as accurately as is possible the reasonable costs of providing the covered service to eligible fee-for-service Medicaid members for the coming year. The department shall base these changes on the most recent utilization as submitted to the Iowa Medicaid enterprise provider cost audit and rate-setting unit and Medicare cost principles.

(2) Once a hospital begins receiving reimbursement as a critical access hospital, the cost-to-charge ratio is not subject to rebasing as provided in paragraph 79.1(16) "j."

i. Cost-reporting requirements. Hospitals shall prepare annual cost reports in accordance with generally accepted accounting principles as defined by the American Institute of Certified Public Accountants and in accordance with Medicare Provider Reimbursement Manual, CMS Publication 15, subject to the exceptions and limitations provided in this rule.

(1) Using electronic media, each hospital shall submit the following:

1. The hospital's Medicare cost report (Form CMS 2552-96, Hospitals and Healthcare Complex Cost Report);

2. Either Form 470-4515, Critical Access Hospital Supplemental Cost Report, or Form 470-4514, Hospital Supplemental Cost Report; and

3. A copy of the revenue code crosswalk used to prepare the Medicare cost report.

(2) The cost reports and supporting documentation shall be sent to the Iowa Medicaid Enterprise, Provider Cost Audit and Rate Setting Unit, 100 Army Post Road, P.O. Box 36450, Des Moines, Iowa 50315.

(3) The cost reports shall be submitted on or before the last day of the fifth calendar month following the close of the period covered by the report. For fiscal periods ending on a day other than the last day of the month, cost reports are due 150 days after the last day of the cost-reporting period. Extensions of the due date for filing a cost report granted by the Medicare fiscal intermediary shall be accepted by Iowa Medicaid.

j. Rebasing.

(1) Effective January 1, 2009, and annually thereafter, the department shall update the OPSS APC relative weights using the most current calendar update as published by the Centers for Medicare and Medicaid Services.

(2) Effective January 1, 2009, and every three years thereafter, blended base APC rates shall be rebased. Cost reports used in rebasing shall be the hospital fiscal year-end Form CMS 2552-96, Hospital and Healthcare Complex Cost Report, as submitted to Medicare in accordance with Medicare cost report submission time lines for the hospital fiscal year ending during the preceding calendar year. If a hospital

does not provide this cost report, including the Medicaid cost report and revenue code crosswalk, to the Iowa Medicaid enterprise provider cost audit and rate-setting unit by May 31 of a year in which rebasing occurs, the most recent submitted cost report will be used.

(3) Effective January 1, 2009, and every three years thereafter, case-mix indices shall be recalculated using valid claims most nearly matching each hospital's fiscal year end.

(4) The graduate medical education and disproportionate share fund shall be updated as provided in subparagraph 79.1(16)"v"(3).

k. Payment to out-of-state hospitals. Out-of-state hospitals providing care to members of Iowa's Medicaid program shall be reimbursed in the same manner as Iowa hospitals, except that APC payment amounts for out-of-state hospitals may be based on either the Iowa statewide base APC rate or the Iowa blended base APC rate for the out-of-state hospital.

(1) For out-of-state hospitals that submit a cost report no later than May 31 in the most recent rebasing year, APC payment amounts will be based on the blended base APC rate using hospital-specific, Iowa-only Medicaid data. For other out-of-state hospitals, APC payment amounts will be based on the Iowa statewide base APC rate.

(2) If an out-of-state hospital qualifies for reimbursement for direct medical education under Medicare guidelines, it shall qualify for such reimbursement from the Iowa Medicaid program for services to Iowa Medicaid members.

l. Preadmission, preauthorization or inappropriate services. Inpatient or outpatient services that require preadmission or preprocedure approval by the quality improvement organization (QIO) are updated yearly and are available from the QIO.

(1) The hospital shall provide the QIO authorization number on the claim form to receive payment. Claims for services requiring preadmission or preprocedure approval that are submitted without this authorization number will be denied.

(2) To safeguard against other inappropriate practices, the department, through the QIO, will monitor admission practices and quality of care. If an abuse of the prospective payment system is identified, payments for abusive practices may be reduced or denied. In reducing or denying payment, Medicaid adopts the Medicare QIO regulations.

m. Hospital billing. Rescinded IAB 07/02/08, effective 07/01/08.

n. Determination of inpatient admission. A person is considered to be an inpatient when a formal inpatient admission occurs, when a physician intends to admit a person as an inpatient, or when a physician determines that a person being observed as an outpatient in an observation or holding bed should be admitted to the hospital as an inpatient. In cases involving outpatient observation status, the determinant of patient status is not the length of time the patient was being observed, rather whether the observation period was medically necessary to determine whether a patient should be admitted to the hospital as an inpatient. Outpatient observation lasting greater than a 24-hour period will be subject to review by the QIO to determine the medical necessity of each case. For those outpatient observation cases where medical necessity is not established, reimbursement shall be denied for the services found to be unnecessary for the provision of that care, such as the use of the observation room.

o. Inpatient admission after outpatient services. If a patient is admitted as an inpatient within three days of the day in which outpatient services were rendered, all outpatient services related to the principal diagnosis are considered inpatient services for billing purposes. The day of formal admission as an inpatient is considered as the first day of hospital inpatient services. EXCEPTION: This requirement does not apply to critical access hospitals.

p. Cost report adjustments. Rescinded IAB 6/11/03, effective 7/16/03.

q. Determination of payment amounts for mental health noninpatient (NIP) services. Mental health NIP services are limited as set forth at 441—78.31(4)"d"(7) and are reimbursed on a fee schedule basis. Mental health NIP services are the responsibility of the managed mental health care and substance abuse (Iowa Plan) contractor for persons eligible for managed mental health care.

r. Payment for outpatient services delivered in the emergency room. Rescinded IAB 07/02/08, effective 07/01/08.

s. Limit on payments. Payments under the ambulatory payment classification (APC) methodology, as well as other payments for outpatient services, are subject to upper limit rules set forth in 42 CFR 447.321 as amended to September 5, 2001, and 447.325 as amended to January 26, 1993. Requirements under these sections state that, in general, Medicaid may not make payments to providers that would exceed the amount that would be payable to providers under comparable circumstances under Medicare.

t. Government-owned facilities. Payments to a hospital that is owned or operated by state or non-state government shall not exceed the hospital's actual medical assistance program costs.

(1) The department shall perform a cost settlement annually after the desk review or audit of the hospital's cost report.

(2) The department shall determine the aggregate payments made to the hospital under the APC methodology and shall compare this amount to the hospital's actual medical assistance program costs as determined from the audit or desk review of the hospital's cost report. For purposes of this determination, aggregate payments shall include amounts received from the Medicaid program, including graduate medical education payments and outlier payments, as well as patient and third-party payments up to the Medicaid-allowed amount.

(3) If the aggregate payments exceed the hospital's actual medical assistance program costs, the amount by which payments exceed actual costs shall be requested and collected from the hospital.

u. QIO review. The QIO will review a yearly random sample of hospital outpatient service cases performed for Medicaid members and identified on claims data from all Iowa and bordering state hospitals in accordance with the terms in the contract between the department and the QIO. The QIO contract is available for review at the Iowa Medicaid Enterprise Office, 100 Army Post Road, Des Moines, Iowa 50315.

v. Graduate medical education and disproportionate share fund. Payment shall be made to all hospitals qualifying for direct medical education directly from the graduate medical education and disproportionate share fund. The requirements to receive payments from the fund, the amount allocated to the fund and the methodology used to determine the distribution amounts from the fund are as follows:

(1) Qualifying for direct medical education. Hospitals qualify for direct medical education payments if direct medical education costs that qualify for payment as medical education costs under the Medicare program are contained in the hospital's base year cost report and in the most recent cost report submitted before the start of the state fiscal year for which payments are being made.

(2) Allocation to fund for direct medical education. Except as reduced pursuant to subparagraph 79.1(16)"v"(3), the total amount of funding that is allocated to the graduate medical education and disproportionate share fund for direct medical education related to outpatient services for July 1, 2008, through June 30, 2009, is \$2,922,460.

(3) Distribution to qualifying hospitals for direct medical education. Distribution of the amount in the fund for direct medical education shall be on a monthly basis. To determine the amount to be distributed to each qualifying hospital for direct medical education, the following formula is used:

1. Multiply the total count of outpatient visits for claims paid from July 1, 2005, through June 30, 2006, for each hospital reporting direct medical education costs that qualify for payment as medical education costs under the Medicare program in the hospital's base year cost report by each hospital's direct medical education rate to obtain a dollar value.

2. Sum the dollar values for each hospital, then divide each hospital's dollar value by the total dollar value, resulting in a percentage.

3. Multiply each hospital's percentage by the amount allocated for direct medical education to determine the payment to each hospital.

Effective for payments from the fund for July 2006, the state fiscal year used as the source of the count of outpatient visits shall be updated to July 1, 2005, through June 30, 2006. Thereafter, the state fiscal year used as the source of the count of outpatient visits shall be updated by a three-year period effective for payments from the fund for July of every third year.

If a hospital fails to qualify for direct medical education payments from the fund because it does not report direct medical education costs that qualify for payment as medical education costs under the Medicare program in the most recent cost report submitted before the start of the state fiscal year for which payments are being made, the amount of money that would have been paid to that hospital shall be removed from the fund.

w. Adjustments to the graduate medical education and disproportionate share fund for changes in utilization. Rescinded IAB 10/29/03, effective 1/1/04.

79.1(17) Reimbursement for home- and community-based services home and vehicle modification. Payment is made for home and vehicle modifications at the amount of payment to the subcontractor provided in the contract between the supported community living provider and subcontractor. All contracts shall be awarded through competitive bidding, shall be approved by the department, and shall be justified by the consumer's service plan. Payment for completed work shall be made to the supported community living provider.

79.1(18) Pharmaceutical case management services reimbursement. Pharmacist and physician pharmaceutical case management (PCM) team members shall be equally reimbursed for participation in each of the four services described in rule 441—78.47(249A). The following table contains the amount each team member shall be reimbursed for the services provided and the maximum number of payments for each type of assessment. Payment for services beyond the maximum number of payments shall be considered on an individual basis after peer review of submitted documentation of medical necessity.

<u>Service</u>	<u>Payment amount</u>	<u>Number of payments</u>
Initial assessment	\$75	One per patient
New problem assessment	\$40	Two per patient per 12 months
Problem follow-up assessment	\$40	Four per patient per 12 months
Preventative follow-up assessment	\$25	One per patient per 6 months

79.1(19) Reimbursement for rehabilitation services for adults with chronic mental illness. Rescinded IAB 8/1/07, effective 9/5/07.

79.1(20) Dentists. The dental fee schedule is based on the definitions of dental and surgical procedures given in the Current Dental Terminology, Third Edition (CDT-3).

79.1(21) Rehabilitation agencies. Subject to the Medicaid upper limit in 79.1(2), payments to rehabilitation agencies shall be made as provided in the areawide fee schedule established for Medicare by the Centers for Medicare and Medicaid Services (CMS). The Medicare fee schedule is based on the definitions of procedures from the physicians' Current Procedural Terminology (CPT) published by the American Medical Association. CMS adjusts the fee schedules annually to reflect changes in the consumer price index for all urban customers.

79.1(22) Medicare crossover claims for inpatient and outpatient hospital services. Subject to approval of a state plan amendment by the federal Centers for Medicare and Medicaid Services, payment for crossover claims shall be made as follows.

a. Definitions. For purposes of this subrule:

"Crossover claim" means a claim for Medicaid payment for Medicare-covered inpatient or outpatient hospital services rendered to a Medicare beneficiary who is also eligible for Medicaid. Crossover claims include claims for services rendered to beneficiaries who are eligible for Medicaid in any category, including, but not limited to, qualified Medicare beneficiaries and beneficiaries who are eligible for full Medicaid coverage.

"Medicaid-allowed amount" means the Medicaid prospective reimbursement for the services rendered (including any portion to be paid by the Medicaid beneficiary as copayment or spenddown), as determined under state and federal law and policies.

"Medicaid reimbursement" means any amount to be paid by the Medicaid beneficiary as a Medicaid copayment or spenddown and any amount to be paid by the department after application of any applicable Medicaid copayment or spenddown.

“*Medicare payment amount*” means the Medicare reimbursement rate for the services rendered in a crossover claim, excluding any Medicare coinsurance or deductible amounts to be paid by the Medicare beneficiary.

b. Reimbursement of crossover claims. Crossover claims for inpatient or outpatient hospital services covered under Medicare and Medicaid shall be reimbursed as follows.

(1) If the Medicare payment amount for a crossover claim exceeds or equals the Medicaid-allowed amount for that claim, Medicaid reimbursement for the crossover claim shall be zero.

(2) If the Medicaid-allowed amount for a crossover claim exceeds the Medicare payment amount for that claim, Medicaid reimbursement for the crossover claim shall be the lesser of:

1. The Medicaid-allowed amount minus the Medicare payment amount; or
2. The Medicare coinsurance and deductible amounts applicable to the claim.

c. Additional Medicaid payment for crossover claims uncollectible from Medicare. Medicaid shall reimburse hospitals for the portion of crossover claims not covered by Medicaid reimbursement pursuant to paragraph “b” and not reimbursable by Medicare as an allowable bad debt pursuant to 42 CFR 413.80, as amended June 13, 2001, up to a limit of 30 percent of the amount not paid by Medicaid pursuant to paragraph “b.” The department shall calculate these amounts for each provider on a calendar-year basis and make payment for these amounts by March 31 of each year for the preceding calendar year.

d. Application of savings. Savings in Medicaid reimbursements attributable to the limits on inpatient and outpatient crossover claims established by this subrule shall be used to pay costs associated with development and implementation of this subrule before reversion to Medicaid.

79.1(23) Reimbursement for remedial services. Reimbursement for remedial services shall be made on the basis of a unit rate that is calculated retrospectively for each provider, considering reasonable and proper costs of operation. The unit rate shall not exceed the established unit-of-service limit on reasonable costs pursuant to subparagraph 79.1(23)“c”(1). The unit of service may be a quarter-hour, a half-hour, an hour, a half-day, or a day, depending on the service provided.

a. Interim rate. Providers shall be reimbursed through a prospective interim rate equal to the previous year’s retrospectively calculated unit-of-service rate. On an interim basis, pending determination of remedial services provider costs, the provider may bill for and shall be reimbursed at a unit-of-service rate that the provider and the Iowa Medicaid enterprise may reasonably expect to produce total payments to the provider for the provider’s fiscal year that are consistent with Medicaid’s obligation to reimburse that provider’s reasonable costs. The interim unit-of-service rate is subject to the established unit-of-service limit on reasonable costs pursuant to subparagraph 79.1(23)“c”(1).

b. Cost reports. Reasonable and proper costs of operation shall be determined based on cost reports submitted by the provider.

(1) Financial information shall be based on the provider’s financial records. When the records are not kept on an accrual basis of accounting, the provider shall make the adjustments necessary to convert the information to an accrual basis for reporting. Failure to maintain records to support the cost report may result in termination of the provider’s Medicaid enrollment.

(2) The provider shall complete Form 470-4414, Financial and Statistical Report for Remedial Services, and submit it to the IME Provider Cost Audit and Rate Setting Unit, P.O. Box 36450, Des Moines, Iowa 50315, within three months of the end of the provider’s fiscal year.

(3) A provider may obtain a 30-day extension for submitting the cost report by sending a letter to the IME provider cost audit and rate setting unit before the cost report due date. No extensions will be granted beyond 30 days.

(4) Providers of services under multiple programs shall submit a cost allocation schedule, prepared in accordance with the generally accepted accounting principles and requirements specified in OMB Circular A-87. Costs reported under remedial services shall not be reported as reimbursable costs under any other funding source. Costs incurred for other services shall not be reported as reimbursable costs under remedial services.

(5) If a provider fails to submit a cost report that meets the requirement of this paragraph, the department shall reduce payment to 76 percent of the current rate. The reduced rate shall be paid for not longer than three months, after which time no further payments will be made.

(6) A projected cost report shall be submitted when a new remedial services provider enters the program or an existing remedial services provider adds a new service code. A prospective interim rate shall be established using the projected cost report. The effective date of the rate shall be the day the provider becomes certified as a Medicaid provider or the day the new service is added.

c. Rate determination. Cost reports as filed shall be subject to review and audit by the Iowa Medicaid enterprise to determine the actual cost of services rendered to Medicaid members, using an accepted method of cost apportionment (as specified in OMB Circular A-87).

(1) A reasonable cost for a member is one that does not exceed 110 percent of the average allowable costs reported by Iowa Medicaid providers for providing similar remedial services to members who have similar diagnoses and live in similar settings.

(2) When the reasonable and proper costs of operation are determined, a retroactive adjustment shall be made. The retroactive adjustment represents the difference between the amount received by the provider through an interim rate during the year for covered services and the reasonable and proper costs of operation determined in accordance with this subrule.

79.1(24) Reimbursement for home- and community-based habilitation services. Reimbursement for case management, job development, and employer development is based on a fee schedule developed using the methodology described in paragraph 79.1(1) "d." Reimbursement for home-based habilitation, day habilitation, prevocational habilitation, enhanced job search and supports to maintain employment is based on a retrospective cost-related rate calculated using the methodology in this subrule. All rates are subject to the upper limits established in subrule 79.1(2).

a. Units of service.

(1) A unit of case management is one month.

(2) A unit of home-based habilitation is one hour. EXCEPTIONS:

1. A unit of service is one day when a member receives direct supervision for 14 or more hours per day, averaged over a calendar month. The member's comprehensive service plan must identify and reflect the need for this amount of supervision. The provider's documentation must support the number of direct support hours identified in the comprehensive service plan.

2. When cost-effective, a daily rate may be developed for members needing fewer than 14 hours of direct supervision per day. The provider must obtain approval from the Iowa Medicaid enterprise for a daily rate for fewer than 14 hours of service per day.

(3) A unit of day habilitation is an hour, a half-day (1 to 4 hours), or a full day (4 to 8 hours).

(4) A unit of prevocational habilitation is an hour, a half-day (1 to 4 hours), or a full day (4 to 8 hours).

(5) A unit of supported employment habilitation for activities to obtain a job is:

1. One job placement for job development and employer development.

2. One hour for enhanced job search.

(6) A unit of supported employment habilitation supports to maintain employment is one hour.

b. Submission of cost reports. The department shall determine reasonable and proper costs of operation for home-based habilitation, day habilitation, prevocational habilitation, and supported employment based on cost reports submitted by the provider on Form 470-4425, Financial and Statistical Report for HCBS Habilitation Services.

(1) Financial information shall be based on the provider's financial records. When the records are not kept on an accrual basis of accounting, the provider shall make the adjustments necessary to convert the information to an accrual basis for reporting. Failure to maintain records to support the cost report may result in termination of the provider's Medicaid enrollment.

(2) For home-based habilitation, the provider's cost report shall reflect all staff-to-member ratios and costs associated with members' specific support needs for travel and transportation, consulting, and instruction, as determined necessary by the interdisciplinary team for each consumer. The specific support needs must be identified in the member's comprehensive service plan. The total costs shall not exceed \$1570 per consumer per year. The provider must maintain records to support all expenditures.

(3) The provider shall submit the complete cost report to the IME Provider Cost Audit and Rate Setting Unit, P.O. Box 36450, Des Moines, Iowa 50315, within three months of the end of the provider's

fiscal year. The submission must include a working trial balance. Cost reports submitted without a working trial balance will be considered incomplete.

(4) A provider may obtain a 30-day extension for submitting the cost report by sending a letter to the IME provider cost audit and rate setting unit before the cost report due date. No extensions will be granted beyond 30 days.

(5) A provider of services under multiple programs shall submit a cost allocation schedule, prepared in accordance with the generally accepted accounting principles and requirements specified in OMB Circular A-87. Costs reported under habilitation services shall not be reported as reimbursable costs under any other funding source. Costs incurred for other services shall not be reported as reimbursable costs under habilitation services.

(6) If a provider fails to submit a cost report that meets the requirement of paragraph 79.1(24)“b,” the department shall reduce payment to 76 percent of the current rate. The reduced rate shall be paid for not longer than three months, after which time no further payments will be made.

(7) A projected cost report shall be submitted when a new habilitation services provider enters the program or an existing habilitation services provider adds a new service code. A prospective interim rate shall be established using the projected cost report. The effective date of the rate shall be the day the provider becomes certified as a Medicaid provider or the day the new service is added.

c. Rate determination based on cost reports. Reimbursement shall be made using a unit rate that is calculated retrospectively for each provider, considering reasonable and proper costs of operation.

(1) Interim rates. Providers shall be reimbursed through a prospective interim rate equal to the previous year’s retrospectively calculated unit-of-service rate. Pending determination of habilitation services provider costs, the provider may bill for and shall be reimbursed at a unit-of-service rate that the provider and the Iowa Medicaid enterprise may reasonably expect to produce total payments to the provider for the provider’s fiscal year that are consistent with Medicaid’s obligation to reimburse that provider’s reasonable costs.

(2) Audit of cost reports. Cost reports as filed shall be subject to review and audit by the Iowa Medicaid enterprise to determine the actual cost of services rendered to Medicaid members, using an accepted method of cost apportionment (as specified in OMB Circular A-87).

(3) Retroactive adjustment. When the reasonable and proper costs of operation are determined, a retroactive adjustment shall be made. The retroactive adjustment represents the difference between the amount that the provider received during the year for covered services through an interim rate and the reasonable and proper costs of operation determined in accordance with this subrule.

79.1(25) Reimbursement for community mental health centers and providers of mental health services to county residents pursuant to a waiver approved under Iowa Code section 225C.7(3).

a. Reimbursement methodology. Effective for services rendered on or after October 1, 2006, community mental health centers and providers of mental health services to county residents pursuant to a waiver approved under Iowa Code section 225C.7(3) that provide clinic services are paid on a reasonable-cost basis as determined by Medicare reimbursement principles. Rates are initially paid on an interim basis and then are adjusted retroactively based on submission of a financial and statistical report.

(1) Until a provider that was enrolled into the Medicaid program before October 1, 2006, submits a cost report in order to develop a provider-specific interim rate, the Iowa Medicaid enterprise shall make interim payments to the provider based upon 105 percent of the greater of:

1. The statewide fee schedule for community mental health centers effective July 1, 2006, or
2. The average Medicaid managed care contracted fee amounts for community mental health centers effective July 1, 2006.

(2) For a provider that enrolls in the Medicaid program on or after October 1, 2006, until a provider-specific interim rate is developed, the Iowa Medicaid enterprise shall make interim payments based upon the average statewide interim rates for community mental health centers at the time services are rendered. A new provider may submit a projected cost report that the Iowa Medicaid enterprise will use to develop a provider-specific interim rate.

(3) Cost reports as filed are subject to review and audit by the Iowa Medicaid enterprise. The Iowa Medicaid enterprise shall determine each provider's actual, allowable costs in accordance with generally accepted accounting principles and in accordance with Medicare cost principles, subject to the exceptions and limitations in the department's administrative rules.

(4) The Iowa Medicaid enterprise shall make retroactive adjustment of the interim rate after the submission of annual cost reports. The adjustment represents the difference between the amount the provider received during the year through interim payments for covered services and the amount determined to be the actual, allowable cost of service rendered to Medicaid members.

(5) The Iowa Medicaid enterprise shall use each annual cost report to develop a provider-specific interim fee schedule to be paid prospectively. The effective date of the fee schedule change is the first day of the month following completion of the cost settlement.

b. Reporting requirements. All providers shall submit cost reports using Form 470-4419, Financial and Statistical Report. A hospital-based provider shall also submit the Medicare cost report, CMS Form 2552-96.

(1) Financial information shall be based on the provider's financial records. When the records are not kept on an accrual basis of accounting, the provider shall make the adjustments necessary to convert the information to an accrual basis for reporting. Failure to maintain records to support the cost report may result in termination of the provider's enrollment with the Iowa Medicaid program.

(2) Providers that offer multiple programs shall submit a cost allocation schedule prepared in accordance with generally accepted accounting principles and requirements as specified in OMB Circular A-87 adopted in federal regulations at 2 CFR Part 225 as amended to August 31, 2005.

(3) Costs reported for community mental health clinic services shall not be reported as reimbursable costs under any other funding source. Costs incurred for other services shall not be reported as reimbursable costs under community mental health clinic services.

(4) Providers shall submit completed cost reports to the IME Provider Cost Audit and Rate Setting Unit, P.O. Box 36450, Des Moines, Iowa 50315. A provider that is not hospital-based shall submit Form 470-4419 on or before the last day of the third month after the end of the provider's fiscal year. A hospital-based provider shall submit both Form 470-4419 and CMS Form 2552-96 on or before the last day of the fifth month after the end of the provider's fiscal year.

(5) A provider may obtain a 30-day extension for submitting the cost report by submitting a letter to the IME provider cost audit and rate setting unit before the cost report due date. No extensions will be granted beyond 30 days.

(6) If a provider fails to submit a cost report that meets the requirements of this paragraph, the Iowa Medicaid enterprise shall reduce the provider's interim payments to 76 percent of the current interim rate. The reduced interim rate shall be paid for not longer than three months, after which time no further payments will be made.

This rule is intended to implement Iowa Code section 249A.4.

¹ October 1, 2002, effective date delayed 70 days by the Administrative Rules Review Committee at its meeting held September 10, 2002. At its meeting held November 19, 2002, the Committee delayed the effective date until adjournment of the 2003 Session of the General Assembly.

441—79.2(249A) Sanctions against provider of care. The department reserves the right to impose sanctions against any practitioner or provider of care who has violated the requirements for participation in the medical assistance program.

79.2(1) Definitions.

"Affiliates" means persons having an overt or covert relationship such that any one of them directly or indirectly controls or has the power to control another.

"Iowa Medicaid enterprise" means the entity comprised of department staff and contractors responsible for the management and reimbursement of Medicaid services.

"Person" means any natural person, company, firm, association, corporation, or other legal entity.

"Probation" means a specified period of conditional participation in the medical assistance program.

“*Provider*” means an individual, firm, corporation, association, or institution which is providing or has been approved to provide medical assistance to a recipient pursuant to the state medical assistance program.

“*Suspension from participation*” means an exclusion from participation for a specified period of time.

“*Suspension of payments*” means the withholding of all payments due a provider until the resolution of the matter in dispute between the provider and the department.

“*Termination from participation*” means a permanent exclusion from participation in the medical assistance program.

“*Withholding of payments*” means a reduction or adjustment of the amounts paid to a provider on pending and subsequently submitted bills for purposes of offsetting overpayments previously made to the provider.

79.2(2) *Grounds for sanctioning providers.* Sanctions may be imposed by the department against a provider for any one or more of the following reasons:

a. Presenting or causing to be presented for payment any false or fraudulent claim for services or merchandise.

b. Submitting or causing to be submitted false information for the purpose of obtaining greater compensation than that to which the provider is legally entitled, including charges in excess of usual and customary charges.

c. Submitting or causing to be submitted false information for the purpose of meeting prior authorization requirements.

d. Failure to disclose or make available to the department or its authorized agent, records of services provided to medical assistance recipients and records of payments made for those services.

e. Failure to provide and maintain the quality of services to medical assistance recipients within accepted medical community standards as adjudged by professional peers.

f. Engaging in a course of conduct or performing an act which is in violation of state or federal regulations of the medical assistance program, or continuing that conduct following notification that it should cease.

g. Failure to comply with the terms of the provider certification on each medical assistance check endorsement.

h. Overutilization of the medical assistance program by inducing, furnishing or otherwise causing the recipient to receive services or merchandise not required or requested by the recipient.

i. Rebating or accepting a fee or portion of a fee or a charge for medical assistance patient referral.

j. Violating any provision of Iowa Code chapter 249A, or any rule promulgated pursuant thereto.

k. Submission of a false or fraudulent application for provider status under the medical assistance program.

l. Violations of any laws, regulations, or code of ethics governing the conduct of occupations or professions or regulated industries.

m. Conviction of a criminal offense relating to performance of a provider agreement with the state or for negligent practice resulting in death or injury to patients.

n. Failure to meet standards required by state or federal law for participation, for example, licensure.

o. Exclusion from Medicare because of fraudulent or abusive practices.

p. Documented practice of charging recipients for covered services over and above that paid for by the department, except as authorized by law.

q. Failure to correct deficiencies in provider operations after receiving notice of these deficiencies from the department.

r. Formal reprimand or censure by an association of the provider’s peers for unethical practices.

s. Suspension or termination from participation in another governmental medical program such as workers’ compensation, crippled children’s services, rehabilitation services or Medicare.

t. Indictment for fraudulent billing practices, or negligent practice resulting in death or injury to the provider’s patients.

79.2(3) Sanctions. The following sanctions may be imposed on providers based on the grounds specified in 79.2(2).

- a. A term of probation for participation in the medical assistance program.
- b. Termination from participation in the medical assistance program.
- c. Suspension from participation in the medical assistance program. This includes when the department is notified by the Centers for Medicare and Medicaid Services, Department of Health and Human Services, that a practitioner has been suspended from participation under the Medicare program. These practitioners shall be suspended from participation in the medical assistance program effective on the date established by the Centers for Medicare and Medicaid Services and at least for the period of time of the Medicare suspension.
- d. Suspension or withholding of payments to provider.
- e. Referral to peer review.
- f. Prior authorization of services.
- g. One hundred percent review of the provider's claims prior to payment.
- h. Referral to the state licensing board for investigation.
- i. Referral to appropriate federal or state legal authorities for investigation and prosecution under applicable federal or state laws.
- j. Providers with a total Medicaid credit balance of more than \$500 for more than 60 consecutive days without repaying or reaching written agreement to repay the balance shall be charged interest at 10 percent per year on each overpayment. The interest shall begin to accrue retroactively to the first full month that the provider had a credit balance over \$500.

Nursing facilities shall make repayment or reach agreement with the division of medical services. All other providers shall make repayment or reach agreement with the Iowa Medicaid enterprise. Overpayments and interest charged may be withheld from future payments to the provider.

79.2(4) Imposition and extent of sanction.

- a. The decision on the sanction to be imposed shall be the commissioner's or designated representative's except in the case of a provider terminated from the Medicare program.
- b. The following factors shall be considered in determining the sanction or sanctions to be imposed:
 - (1) Seriousness of the offense.
 - (2) Extent of violations.
 - (3) History of prior violations.
 - (4) Prior imposition of sanctions.
 - (5) Prior provision of provider education.
 - (6) Provider willingness to obey program rules.
 - (7) Whether a lesser sanction will be sufficient to remedy the problem.
 - (8) Actions taken or recommended by peer review groups or licensing boards.

79.2(5) Scope of sanction.

a. The sanction may be applied to all known affiliates of a provider, provided that each decision to include an affiliate is made on a case-by-case basis after giving due regard to all relevant facts and circumstances. The violation, failure, or inadequacy of performance may be imputed to a person with whom the violator is affiliated where the conduct was accomplished in the course of official duty or was effectuated with the knowledge or approval of that person.

b. Suspension or termination from participation shall preclude the provider from submitting claims for payment, whether personally or through claims submitted by any clinic, group, corporation, or other association, for any services or supplies except for those services provided before the suspension or termination.

c. No clinic, group, corporation, or other association which is the provider of services shall submit claims for payment for any services or supplies provided by a person within the organization who has been suspended or terminated from participation in the medical assistance program except for those services provided before the suspension or termination.

d. When the provisions of paragraph 79.2(5)“c” are violated by a provider of services which is a clinic, group, corporation, or other association, the department may suspend or terminate the organization, or any other individual person within the organization who is responsible for the violation.

79.2(6) Notice of sanction. When a provider has been sanctioned, the department shall notify as appropriate the applicable professional society, board of registration or licensure, and federal or state agencies of the findings made and the sanctions imposed.

79.2(7) Notice of violation. Should the department have information that indicates that a provider may have submitted bills or has been practicing in a manner inconsistent with the program requirements, or may have received payment for which the provider may not be properly entitled, the department shall notify the provider of the discrepancies noted. Notification shall set forth:

- a. The nature of the discrepancies or violations,
- b. The known dollar value of the discrepancies or violations,
- c. The method of computing the dollar value,
- d. Notification of further actions to be taken or sanctions to be imposed by the department, and
- e. Notification of any actions required of the provider. The provider shall have 15 days subsequent to the date of the notice prior to the department action to show cause why the action should not be taken.

79.2(8) Suspension or withholding of payments pending a final determination. Where the department has notified a provider of a violation pursuant to 79.2(7) or an overpayment, the department may withhold payments on pending and subsequently received claims in an amount reasonably calculated to approximate the amounts in question or may suspend payment pending a final determination. Where the department intends to withhold or suspend payments it shall notify the provider in writing.

This rule is intended to implement Iowa Code section 249A.4.

441—79.3(249A) Maintenance of records by providers of service. A provider of a service that is charged to the medical assistance program shall maintain complete and legible records as required in this rule. Failure to maintain records or failure to make records available to the department or to its authorized representative timely upon request may result in claim denial or recoupment.

79.3(1) Financial (fiscal) records.

- a. A provider of service shall maintain records as necessary to:
 - (1) Support the determination of the provider’s reimbursement rate under the medical assistance program; and
 - (2) Support each item of service for which a charge is made to the medical assistance program.These records include financial records and other records as may be necessary for reporting and accountability.

b. A financial record does not constitute a medical record.

79.3(2) Medical (clinical) records. A provider of service shall maintain complete and legible medical records for each service for which a charge is made to the medical assistance program. Required records shall include any records required to maintain the provider’s license in good standing.

a. *Definition.* “Medical record” (also called “clinical record”) means a tangible history that provides evidence of:

- (1) The provision of each service and each activity billed to the program; and
- (2) First and last name of the member receiving the service.

b. *Purpose.* The medical record shall provide evidence that the service provided is:

- (1) Medically necessary;
- (2) Consistent with the diagnosis of the member’s condition; and
- (3) Consistent with professionally recognized standards of care.

c. *Components.*

- (1) Identification. Each page or separate electronic document of the medical record shall contain the member’s first and last name. In the case of electronic documents, the member’s first and last name must appear on each screen when viewed electronically and on each page when printed. As part of the

medical record, the medical assistance identification number and the date of birth must also be identified and associated with the member's first and last name.

(2) Basis for service—general rule. General requirements for all services are listed herein. For the application of these requirements to specific services, see paragraph 79.3(2) “d.” The medical record shall reflect the reason for performing the service or activity, substantiate medical necessity, and demonstrate the level of care associated with the service. The medical record shall include the items specified below unless the listed item is not routinely received or created in connection with a particular service or activity and is not required to document the reason for performing the service or activity, the medical necessity of the service or activity, or the level of care associated with the service or activity:

1. The member's complaint, symptoms, and diagnosis.
2. The member's medical or social history.
3. Examination findings.
4. Diagnostic test reports, laboratory test results, or X-ray reports.
5. Goals or needs identified in the member's plan of care.
6. Physician orders and any prior authorizations required for Medicaid payment.
7. Medication records, pharmacy records for prescriptions, or providers' orders.
8. Related professional consultation reports.
9. Progress or status notes for the services or activities provided.
10. All forms required by the department as a condition of payment for the services provided.
11. Any treatment plan, care plan, service plan, individual health plan, behavioral intervention plan, or individualized education program.
12. The provider's assessment, clinical impression, diagnosis, or narrative, including the complete date thereof and the identity of the person performing the assessment, clinical impression, diagnosis, or narrative.

13. Any additional documentation necessary to demonstrate the medical necessity of the service provided or otherwise required for Medicaid payment.

(3) Service documentation. The record for each service provided shall include information necessary to substantiate that the service was provided and shall include the following:

1. The specific procedures or treatments performed.
2. The complete date of the service, including the beginning and ending date if the service is rendered over more than one day.
3. The complete time of the service, including the beginning and ending time if the service is billed on a time-related basis.
4. The location where the service was provided if otherwise required on the billing form or in 441—paragraph 77.30(5) “c” or “d,” 441—paragraph 77.33(6) “d,” 441—paragraph 77.34(5) “d,” 441—paragraph 77.37(15) “d,” 441—paragraph 77.39(13) “e,” 441—paragraph 77.39(14) “d,” or 441—paragraph 77.46(5) “i,” or 441—subparagraph 78.9(10) “a”(1).
5. The name, dosage, and route of administration of any medication dispensed or administered as part of the service.
6. Any supplies dispensed as part of the service.
7. The first and last name and professional credentials, if any, of the person providing the service.
8. The signature of the person providing the service, or the initials of the person providing the service if a signature log indicates the person's identity.
9. For 24-hour care, documentation for every shift of the services provided, the member's response to the services provided, and the person who provided the services.

(4) Outcome of service. The medical record shall indicate the member's progress in response to the services rendered, including any changes in treatment, alteration of the plan of care, or revision of the diagnosis.

d. Basis for service requirements for specific services. The medical record for the following services must include, but is not limited to, the items specified below (unless the listed item is not routinely received or created in connection with the particular service or activity and is not required to document the reason for performing the service or activity, its medical necessity, or the level of care

associated with it). These items will be specified on Form 470-4479, Documentation Checklist, when the Iowa Medicaid enterprise surveillance and utilization review services unit requests providers to submit records for review. (See paragraph 79.4(2) "b.")

- (1) Physician (MD and DO) services:
 1. Service or office notes or narratives.
 2. Procedure, laboratory, or test orders and results.
- (2) Pharmacy services:
 1. Prescriptions.
 2. Nursing facility physician order.
 3. Telephone order.
 4. Pharmacy notes.
 5. Prior authorization documentation.
- (3) Dentist services:
 1. Treatment notes.
 2. Anesthesia notes and records.
 3. Prescriptions.
- (4) Podiatrist services:
 1. Service or office notes or narratives.
 2. Certifying physician statement.
 3. Prescription or order form.
- (5) Certified registered nurse anesthetist services:
 1. Service notes or narratives.
 2. Preanesthesia physical examination report.
 3. Operative report.
 4. Anesthesia record.
 5. Prescriptions.
- (6) Other advanced registered nurse practitioner services:
 1. Service or office notes or narratives.
 2. Procedure, laboratory, or test orders and results.
- (7) Optometrist and optician services:
 1. Notes or narratives supporting eye examinations, medical services, and auxiliary procedures.
 2. Original prescription or updated prescriptions for corrective lenses or contact lenses.
 3. Prior authorization documentation.
- (8) Psychologist services:
 1. Service or office psychotherapy notes or narratives.
 2. Psychological examination report and notes.
- (9) Clinic services:
 1. Service or office notes or narratives.
 2. Procedure, laboratory, or test orders and results.
 3. Nurses' notes.
 4. Prescriptions.
 5. Medication administration records.
- (10) Services provided by rural health clinics or federally qualified health centers:
 1. Service or office notes or narratives.
 2. Form 470-2942, Prenatal Risk Assessment.
 3. Procedure, laboratory, or test orders and results.
 4. Immunization records.
- (11) Services provided by community mental health centers:
 1. Service referral documentation.
 2. Initial evaluation.
 3. Individual treatment plan.
 4. Service or office notes or narratives.

5. Narratives related to the peer review process and peer review activities related to a member's treatment.
6. Written plan for accessing emergency services.
- (12) Screening center services:
 1. Service or office notes or narratives.
 2. Immunization records.
 3. Laboratory reports.
 4. Results of health, vision, or hearing screenings.
- (13) Family planning services:
 1. Service or office notes or narratives.
 2. Procedure, laboratory, or test orders and results.
 3. Nurses' notes.
 4. Immunization records.
 5. Consent forms.
 6. Prescriptions.
 7. Medication administration records.
- (14) Maternal health center services:
 1. Service or office notes or narratives.
 2. Procedure, laboratory, or test orders and results.
 3. Form 470-2942, Prenatal Risk Assessment.
- (15) Birthing center services:
 1. Service or office notes or narratives.
 2. Form 470-2942, Prenatal Risk Assessment.
- (16) Ambulatory surgical center services:
 1. Service notes or narratives (history and physical, consultation, operative report, discharge summary).
 2. Physician orders.
 3. Consent forms.
 4. Anesthesia records.
 5. Pathology reports.
 6. Laboratory and X-ray reports.
- (17) Hospital services:
 1. Physician orders.
 2. Service notes or narratives (history and physical, consultation, operative report, discharge summary).
 3. Progress or status notes.
 4. Diagnostic procedures, including laboratory and X-ray reports.
 5. Pathology reports.
 6. Anesthesia records.
 7. Medication administration records.
- (18) State mental hospital services:
 1. Service referral documentation.
 2. Resident assessment and initial evaluation.
 3. Individual comprehensive treatment plan.
 4. Service notes or narratives (history and physical, therapy records, discharge summary).
 5. Form 470-0042, Case Activity Report.
 6. Medication administration records.
- (19) Services provided by skilled nursing facilities, nursing facilities, and nursing facilities for persons with mental illness:
 1. Physician orders.
 2. Progress or status notes.
 3. Service notes or narratives.

4. Procedure, laboratory, or test orders and results.
 5. Nurses' notes.
 6. Physical therapy, occupational therapy, and speech therapy notes.
 7. Medication administration records.
 8. Form 470-0042, Case Activity Report.
- (20) Services provided by intermediate care facilities for persons with mental retardation:
1. Physician orders.
 2. Progress or status notes.
 3. Preliminary evaluation.
 4. Comprehensive functional assessment.
 5. Individual program plan.
 6. Form 470-0374, Resident Care Agreement.
 7. Program documentation.
 8. Medication administration records.
 9. Nurses' notes.
 10. Form 470-0042, Case Activity Report.
- (21) Services provided by psychiatric medical institutions for children:
1. Physician orders or court orders.
 2. Independent assessment.
 3. Individual treatment plan.
 4. Service notes or narratives (history and physical, therapy records, discharge summary).
 5. Form 470-0042, Case Activity Report.
 6. Medication administration records.
- (22) Hospice services:
1. Physician certifications for hospice care.
 2. Form 470-2618, Election of Medicaid Hospice Benefit.
 3. Form 470-2619, Revocation of Medicaid Hospice Benefit.
 4. Plan of care.
 5. Physician orders.
 6. Progress or status notes.
 7. Service notes or narratives.
 8. Medication administration records.
 9. Prescriptions.
- (23) Services provided by rehabilitation agencies:
1. Physician orders.
 2. Initial certification, recertifications, and treatment plans.
 3. Narratives from treatment sessions.
 4. Treatment and daily progress or status notes and forms.
- (24) Home- and community-based habilitation services:
1. Notice of decision for service authorization.
 2. Service plan (initial and subsequent).
 3. Service notes or narratives.
- (25) Remedial services and rehabilitation services for adults with a chronic mental illness:
1. Order for services.
 2. Comprehensive treatment or service plan (initial and subsequent).
 3. Service notes or narratives.
- (26) Services provided by area education agencies and local education agencies:
1. Service notes or narratives.
 2. Individualized education program (IEP).
 3. Individual health plan (IHP).
 4. Behavioral intervention plan.
- (27) Home health agency services:

1. Plan of care or plan of treatment.
2. Certifications and recertifications.
3. Service notes or narratives.
4. Physician orders or medical orders.
- (28) Services provided by independent laboratories:
 1. Laboratory reports.
 2. Physician order for each laboratory test.
- (29) Ambulance services:
 1. Documentation on the claim or run report supporting medical necessity of the transport.
 2. Documentation supporting mileage billed.
- (30) Services of lead investigation agencies:
 1. Service notes or narratives.
 2. Child's lead level logs (including laboratory results).
 3. Written investigation reports to family, owner of building, child's medical provider, and local childhood lead poisoning prevention program.
 4. Health education notes, including follow-up notes.
- (31) Medical supplies:
 1. Prescriptions.
 2. Certificate of medical necessity.
 3. Prior authorization documentation.
 4. Medical equipment invoice or receipt.
- (32) Orthopedic shoe dealer services:
 1. Service notes or narratives.
 2. Prescriptions.
 3. Certifying physician's statement.
- (33) Case management services, including HCBS case management services:
 1. Form 470-3956, MR/CMI/DD Case Management Service Authorization Request, for services authorized before May 1, 2007.
 2. Notice of decision for service authorization.
 3. Service notes or narratives.
 4. Social history.
 5. Individual treatment plan.
 6. Reassessment of member needs.
- (34) Early access service coordinator services:
 1. Individualized family service plan (IFSP).
 2. Service notes or narratives.
- (35) Home- and community-based waiver services, other than case management:
 1. Notice of decision for service authorization.
 2. Service plan.
 3. Service logs, notes, or narratives.
 4. Mileage and transportation logs.
 5. Log of meal delivery.
 6. Invoices or receipts.
 7. Forms 470-3372, HCBS Consumer-Directed Attendant Care Agreement, and 470-4389, Consumer-Directed Attendant Care (CDAC) Service Record.
- (36) Physical therapist services:
 1. Physician order for physical therapy.
 2. Initial physical therapy certification, recertifications, and treatment plans.
 3. Treatment notes and forms.
 4. Progress or status notes.
- (37) Chiropractor services:
 1. Service or office notes or narratives.

2. X-ray results.
- (38) Hearing aid dealer and audiologist services:
 1. Physician examinations and audiological testing (Form 470-0361, Sections A, B, and C).
 2. Documentation of hearing aid evaluation and selection (Form 470-0828).
 3. Waiver of informed consent.
 4. Prior authorization documentation.
 5. Service or office notes or narratives.
- e. *Corrections.* A provider may correct the medical record before submitting a claim for reimbursement.
 - (1) Corrections must be made or authorized by the person who provided the service or by a person who has first-hand knowledge of the service.
 - (2) A correction to a medical record must not be written over or otherwise obliterate the original entry. A single line may be drawn through erroneous information, keeping the original entry legible. In the case of electronic records, the original information must be retained and retrievable.
 - (3) Any correction must indicate the person making the change and any other person authorizing the change, must be dated and signed by the person making the change, and must be clearly connected with the original entry in the record.
 - (4) If a correction made after a claim has been submitted affects the accuracy or validity of the claim, an amended claim must be submitted.

79.3(3) Maintenance requirement. The provider shall maintain records as required by this rule:

- a. During the time the member is receiving services from the provider.
- b. For a minimum of five years from the date when a claim for the service was submitted to the medical assistance program for payment.
- c. As may be required by any licensing authority or accrediting body associated with determining the provider's qualifications.

79.3(4) Availability. Rescinded IAB 1/30/08, effective 4/1/08.

This rule is intended to implement Iowa Code section 249A.4.

441—79.4(249A) Reviews and audits.

79.4(1) Definitions.

“Authorized representative,” within the context of this rule, means the person appointed to carry out audit or review procedures, including assigned auditors, reviewers or agents contracted for specific audits, reviews, or audit or review procedures.

“Claim” means each record received by the department or the Iowa Medicaid enterprise that states the amount of requested payment and the service rendered by a specific and particular Medicaid provider to an eligible member.

“Clinical record” means a legible electronic or hard-copy history that documents the criteria established for medical records as set forth in rule 441—79.3(249A). A claim form or billing statement does not constitute a clinical record.

“Confidence level” means the statistical reliability of the sampling parameters used to estimate the proportion of payment errors (overpayment and underpayment) in the universe under review.

“Customary and prevailing fee” means a fee that is both (1) the most consistent charge by a Medicaid provider for a given service and (2) within the range of usual charges for a given service billed by most providers with similar training and experience in the state of Iowa.

“Extrapolation” means that the total amount of overpayment or underpayment will be determined by using sample data meeting the confidence level requirement.

“Fiscal record” means a legible electronic or hard-copy history that documents the criteria established for fiscal records as set forth in rule 441—79.3(249A). A claim form or billing statement does not constitute a fiscal record.

“Overpayment” means any payment or portion of a payment made to a provider that is incorrect according to the laws and rules applicable to the Medicaid program and that results in a payment greater than that to which the provider is entitled.

“*Procedure code*” means the identifier that describes medical or remedial services performed or the supplies, drugs, or equipment provided.

“*Random sample*” means a statistically valid random sample for which the probability of selection for every item in the universe is known.

“*Underpayment*” means any payment or portion of a payment not made to a provider for services delivered to eligible members according to the laws and rules applicable to the Medicaid program and to which the provider is entitled.

“*Universe*” means all items or claims under review or audit during the period specified by the audit or review.

79.4(2) *Audit or review of clinical and fiscal records by the department.* Any Medicaid provider may be audited or reviewed at any time at the discretion of the department.

a. Authorized representatives of the department shall have the right, upon proper identification, to audit or review the clinical and fiscal records of the provider to determine whether:

- (1) The department has correctly paid claims for goods or services.
- (2) The provider has furnished the services to Medicaid members.
- (3) The provider has retained clinical and fiscal records that substantiate claims submitted for payment.
- (4) The goods or services provided were in accordance with Iowa Medicaid policy.

b. Requests for provider records by the Iowa Medicaid enterprise surveillance and utilization review services unit shall include Form 470-4479, Documentation Checklist, which is available at www.ime.state.ia.us/Providers/Forms.html, listing the specific records that must be provided for the audit or review pursuant to paragraph 79.3(2)“*d*” to document the basis for services or activities provided, in the following format:

Iowa Department of Human Services
 Iowa Medicaid Enterprise Surveillance and Utilization Review Services
Documentation Checklist

Date of Request: _____
 Reviewer Name & Phone Number: _____
 Provider Name: _____
 Provider Number: _____
 Provider Type: _____

Please sign this form and return it with the information requested.
 Follow the checklist to ensure that all documents requested for each patient have been copied and enclosed with this request. The documentation must support the validity of the claim that was paid by the Medicaid program.

Please send copies. Do not send original records.

If you have any questions about this request or checklist, please contact the reviewer listed above.

	[specific documentation required]
	[specific documentation required]
	[specific documentation required]
	[specific documentation required]
	[Note: number of specific documents required varies by provider type]
	Any additional documentation that demonstrates the medical necessity of the service provided or otherwise required for Medicaid payment. List additional documentation below if needed.

The person signing this form is certifying that all documentation that supports the Medicaid billed rates, units, and services is enclosed.

470-4479 (4/08)

c. Records generated and maintained by the department may be used by auditors or reviewers and in all proceedings of the department.

79.4(3) Audit or review procedures. The department will select the method of conducting an audit or review and will protect the confidential nature of the records being audited or reviewed. The provider may be required to furnish records to the department. Unless the department specifies otherwise, the provider may select the method of delivering any requested records to the department.

a. Upon a written request for records, the provider must submit all responsive records to the department or its authorized agent within 30 calendar days of the mailing date of the request, except as provided in paragraph "b."

b. Extension of time limit for submission.

(1) The department may grant an extension to the required submission date of up to 15 calendar days upon written request from the provider or the provider's designee. The request must:

1. Establish good cause for the delay in submitting the records; and
2. Be received by the department before the date the records are due to be submitted.

(2) Under exceptional circumstances, a provider may request one additional 15-calendar-day extension. The provider or the provider's designee shall submit a written request that:

1. Establishes exceptional circumstances for the delay in submitting records; and
2. Is received by the department before the expiration of the initial 15-day extension period.

(3) The department may grant a request for an extension of the time limit for submitting records at its discretion. The department shall issue a written notice of its decision.

(4) The provider may appeal the department's denial of a request to extend the time limit for submission of requested records according to the procedures in 441—Chapter 7.

c. The department may elect to conduct announced or unannounced on-site reviews or audits. Records must be provided upon request and before the end of the on-site review or audit.

(1) For an announced on-site review or audit, the department's employee or authorized agent may give as little as one day's advance notice of the review or audit and the records and supporting documentation to be reviewed.

(2) Notice is not required for unannounced on-site reviews and audits.

(3) In an on-site review or audit, the conclusion of that review or audit shall be considered the end of the period within which to produce records.

d. Audit or review procedures may include, but are not limited to, the following:

(1) Comparing clinical and fiscal records with each claim.

(2) Interviewing members who received goods or services and employees of providers.

(3) Examining third-party payment records.

(4) Comparing Medicaid charges with private-patient charges to determine that the charge to Medicaid is not more than the customary and prevailing fee.

(5) Examining all documents related to the services for which Medicaid was billed.

e. Use of statistical sampling techniques. The department's procedures for auditing or reviewing Medicaid providers may include the use of random sampling and extrapolation.

(1) A statistically valid random sample will be selected from the universe of records to be audited or reviewed. The sample size shall be selected using accepted sample size estimation methods. The confidence level of the sample size calculation shall not be less than 95 percent.

(2) Following the sample audit or review, the statistical margin of error of the sample will be computed, and a confidence interval will be determined. The estimated error rate will be extrapolated to the universe from which the sample was drawn within the computed margin of error of the sampling process.

(3) Commonly accepted statistical analysis programs may be used to estimate the sample size and calculate the confidence interval, consistent with the sampling parameters.

(4) The audit or review findings generated through statistical sampling procedures shall constitute prima facie evidence in all department proceedings regarding the number and amount of overpayments or underpayments received by the provider.

79.4(4) Preliminary report of audit or review findings. If the department concludes from an audit or review that an overpayment has occurred, the department will issue a preliminary finding of a tentative overpayment and inform the provider of the opportunity to request a reevaluation.

79.4(5) Disagreement with audit or review findings. If a provider disagrees with the preliminary finding of a tentative overpayment, the provider may request a reevaluation by the department and may present clarifying information and supplemental documentation.

a. Reevaluation request. A request for reevaluation must be submitted in writing within 15 calendar days of the date of the notice of the preliminary finding of a tentative overpayment. The request must specify the issues of disagreement.

(1) If the audit or review is being performed by the Iowa Medicaid enterprise surveillance and utilization review services unit, the request should be addressed to: IME SURS Unit, P.O. Box 36390, Des Moines, Iowa 50315.

(2) If the audit or review is being performed by any other departmental entity, the request should be addressed to: Iowa Department of Human Services, Attention: Fiscal Management Division, Hoover State Office Building, 1305 E. Walnut Street, Des Moines, Iowa 50319-0114.

b. Additional information. A provider that has made a reevaluation request pursuant to paragraph "a" of this subrule may submit clarifying information or supplemental documentation that was not previously provided. This information must be received at the applicable address within 30 calendar days of the mailing of the preliminary finding of a tentative overpayment to the provider, except as provided in paragraph "c" of this subrule.

c. Disagreement with sampling results. When the department's audit or review findings have been generated through sampling and extrapolation and the provider disagrees with the findings, the burden of proof of compliance rests with the provider. The provider may present evidence to show that the sample was invalid. The evidence may include a 100 percent audit or review of the universe of provider records used by the department in the drawing of the department's sample. Any such audit or review must:

- (1) Be arranged and paid for by the provider.
- (2) Be conducted by an individual or organization with expertise in coding, medical services, and Iowa Medicaid policy if the issues relate to clinical records.
- (3) Be conducted by a certified public accountant if the issues relate to fiscal records.
- (4) Demonstrate that bills and records that were not audited or reviewed in the department's sample are in compliance with program regulations.
- (5) Be submitted to the department with all supporting documentation within 60 calendar days of the mailing of the preliminary finding of a tentative overpayment to the provider.

79.4(6) Finding and order for repayment. Upon completion of a requested reevaluation or upon expiration of the time to request reevaluation, the department shall issue a finding and order for repayment of any overpayment and may immediately begin withholding payments on other claims to recover any overpayment.

79.4(7) Appeal by provider of care. A provider may appeal the finding and order of repayment and withholding of payments pursuant to 441—Chapter 7. However, an appeal shall not stay the withholding of payments or other action to collect the overpayment.

This rule is intended to implement Iowa Code section 249A.4.

441—79.5(249A) Nondiscrimination on the basis of handicap. All providers of service shall comply with Section 504 of the Rehabilitation Act of 1973 and Federal regulations 45 CFR Part 84, as amended to December 19, 1990, which prohibit discrimination on the basis of handicap in all Department of Health and Human Services funded programs.

This rule is intended to implement Iowa Code subsection 249A.4(6).

441—79.6(249A) Provider participation agreement. Providers of medical and health care wishing to participate in the program shall execute an agreement with the department on Form 470-2965, Agreement Between Provider of Medical and Health Services and the Iowa Department of Human Services Regarding Participation in Medical Assistance Program.

EXCEPTION: Dental providers are required to complete Form 470-3174, Addendum to Dental Provider Agreement for Orthodontia, to receive reimbursement under the early and periodic screening, diagnosis, and treatment program.

In these agreements, the provider agrees to the following:

79.6(1) To maintain clinical and fiscal records as specified in rule 79.3(249A).

79.6(2) That the charges as determined in accordance with the department's policy shall be the full and complete charge for the services provided and no additional payment shall be claimed from the recipient or any other person for services provided under the program.

79.6(3) That it is understood that payment in satisfaction of the claim will be from federal and state funds and any false claims, statements, or documents, or concealment of a material fact may be prosecuted under applicable federal and state laws.

This rule is intended to implement Iowa Code section 249A.4.

441—79.7(249A) Medical assistance advisory council.

79.7(1) Officers. Officers shall be a chairperson, and a vice-chairperson.

a. Elections will be held the first meeting after the beginning of the calendar year.
b. The term of office shall be two years. Officers shall serve no more than two terms for each office.

c. The vice-chairperson shall serve in the absence of the chairperson.

d. The chairperson and vice-chairperson shall have the right to vote on any issue before the council.

e. The chairperson shall appoint a nominating committee of not less than three members and shall appoint other committees approved by the council.

79.7(2) Alternates. Each organization represented may select one alternate as representative when the primary appointee is unable to be present. Alternates may attend any and all meetings of the council, but only one representative of each organization shall be allowed to vote.

79.7(3) Expenses. The travel expenses of the public representatives and other expenses, such as those for clerical services, mailing, telephone, and meeting place, shall be the responsibility of the department of human services. The department shall arrange for a meeting place, related services, and accommodations.

79.7(4) Meetings. The council shall meet at least four times each year. At least two of these meetings shall be with the department of human services. Additional meetings may be called by the chairperson, upon written request of at least 50 percent of the members, or by the director of the department of human services.

a. Meetings shall be held in the Des Moines, Iowa, area, unless other notification is given.

b. Written notice of council meetings shall be mailed at least two weeks in advance of such meetings. Each notice shall include an agenda for the meeting.

79.7(5) Procedures.

a. A quorum shall consist of 50 percent of the voting members.

b. Where a quorum is present, a position is carried by two-thirds of the council members present.

c. Minutes of council meetings and other written materials developed by the council shall be distributed by the department to each member and alternate and to the executive office of each organization or body represented.

d. Notice shall be made to the representing organization when the member, or alternate, has been absent from three consecutive meetings.

e. In cases not covered by these rules, Robert's Rules of Order shall govern.

79.7(6) Duties. The medical assistance advisory council shall:

a. Make recommendations on the reimbursement for medical services rendered by providers of services.

b. Assist in identifying unmet medical needs and maintenance needs which affect health.

c. Make recommendations for objectives of the program and for methods of program analysis and evaluation, including utilization review.

d. Reserved.

e. Reserved.

f. Recommend ways in which needed medical supplies and services can be made available most effectively and economically to the program recipients.

g. Advise on such administrative and fiscal matters as the commissioner of the department of human services may request.

h. Advise professional groups and act as liaison between them and the department.

i. Report at least annually to the appointing authority.

j. Perform other functions as may be provided by state or federal law or regulation.

k. Communicate information considered by the council to the member organizations and bodies.

79.7(7) Responsibilities.

a. Recommendations of the council shall be advisory and not binding upon the department of human services or the member organizations and bodies. The department will consider all advice and counsel of the council.

b. The council may choose subjects for consideration and recommendation. It shall consider all matters referred to it by the department of human services.

c. Any matter referred by a member organization or body shall be considered upon an affirmative vote of the council.

d. The department shall provide the council with reports, data, and proposed and final amendments to rules, regulations, laws, and guidelines, for its information, review, and comment.

- e.* The department shall present the annual budget for the medical assistance program for review and comment.
- f.* The department shall permit staff members to appear before the council to review and discuss specific information and problems.
- g.* The department shall maintain a current list of members and alternates on the council.

441—79.8(249A) Requests for prior authorization. When the Iowa Medicaid enterprise has not reached a decision on a request for prior authorization after 60 days from the date of receipt, the request will be approved.

79.8(1) Making the request.

a. Providers may submit requests for prior authorization for any items or procedures by mail or by facsimile transmission (fax) using Form 470-0829, Request for Prior Authorization, or electronically using the Accredited Standards Committee (ASC) X12N 278 transaction, Health Care Services Request for Review and Response. Requests for prior authorization for drugs may also be made by telephone.

b. Providers shall send requests for prior authorization to the Iowa Medicaid enterprise. The request should address the relevant criteria applicable to the particular service, medication or equipment for which prior authorization is sought, according to rule 441—78.28(249A). Copies of history and examination results may be attached to rather than incorporated in the letter.

c. If a request for prior authorization submitted electronically requires attachments or supporting clinical documentation and a national electronic attachment has not been adopted, the provider shall:

- (1) Use Form 470-3970, Prior Authorization Attachment Control, as the cover sheet for the paper attachments or supporting clinical documentation; and
- (2) Reference on Form 470-3970 the attachment control number submitted on the ASC X12N 278 electronic transaction.

79.8(2) The policy applies to services or items specifically designated as requiring prior authorization.

79.8(3) The provider shall receive a notice of approval or denial for all requests.

a. In the case of prescription drugs, notices of approval or denial will be faxed to the prescriber and pharmacy.

b. Decisions regarding approval or denial will be made within 24 hours from the receipt of the prior authorization request. In cases where the request is received during nonworking hours, the time limit will be construed to start with the first hour of the normal working day following the receipt of the request.

79.8(4) Prior authorizations approved because a decision is not timely made shall not be considered a precedent for future similar requests.

79.8(5) Approved prior authorization applies to covered services and does not apply to the recipient's eligibility for medical assistance.

79.8(6) If a provider is unsure if an item or service is covered because it is rare or unusual, the provider may submit a request for prior approval in the same manner as other requests for prior approval in 79.8(1).

79.8(7) Requests for prior approval of services shall be reviewed according to rule 441—79.9(249A) and the conditions for payment as established by rule in 441—Chapter 78. Where ambiguity exists as to whether a particular item or service is covered, requests for prior approval shall be reviewed according to the following criteria in order of priority:

- a.* The conditions for payment outlined in the provider manual with reference to coverage and duration.
- b.* The determination made by the Medicare program unless specifically stated differently in state law or rule.
- c.* The recommendation to the department from the appropriate advisory committee.
- d.* Whether there are other less expensive procedures which are covered and which would be as effective.
- e.* The advice of an appropriate professional consultant.

79.8(8) The amount, duration and scope of the Medicaid program is outlined in 441—Chapters 78, 79, 81, 82 and 85. Additional clarification of the policies is available in the provider manual distributed and updated to all participating providers.

79.8(9) The Iowa Medicaid enterprise shall issue a notice of decision to the recipient upon a denial of request for prior approval pursuant to 441—Chapter 7. The Iowa Medicaid enterprise shall mail the notice of decision to the recipient within five working days of the date the prior approval form is returned to the provider.

79.8(10) If a request for prior approval is denied by the Iowa Medicaid enterprise, the request may be resubmitted for reconsideration with additional information justifying the request. The aggrieved party may file an appeal in accordance with 441—Chapter 7.

This rule is intended to implement Iowa Code section 249A.4.

441—79.9(249A) General provisions for Medicaid coverage applicable to all Medicaid providers and services.

79.9(1) Medicare definitions and policies shall apply to services provided unless specifically defined differently.

79.9(2) The services covered by Medicaid shall:

- a. Be consistent with the diagnosis and treatment of the patient's condition.
- b. Be in accordance with standards of good medical practice.
- c. Be required to meet the medical need of the patient and be for reasons other than the convenience of the patient or the patient's practitioner or caregiver.
- d. Be the least costly type of service which would reasonably meet the medical need of the patient.
- e. Be eligible for federal financial participation unless specifically covered by state law or rule.
- f. Be within the scope of the licensure of the provider.
- g. Be provided with the full knowledge and consent of the recipient or someone acting in the recipient's behalf unless otherwise required by law or court order or in emergency situations.
- h. Be supplied by a provider who is eligible to participate in the Medicaid program. The provider must use the billing procedures and documentation requirements described in 441—Chapters 78 and 80.

79.9(3) Providers shall supply all the same services to Medicaid eligibles served by the provider as are offered to other clients of the provider.

79.9(4) Recipients must be informed before the service is provided that the recipient will be responsible for the bill if a noncovered service is provided.

79.9(5) Coverage in public institutions. Medical services provided to a person while the person is an inmate of a public jail, prison, juvenile detention center, or other public penal institution of more than four beds are not covered by Medicaid.

This rule is intended to implement Iowa Code section 249A.4.

441—79.10(249A) Requests for preadmission review. The inpatient hospitalization of Medicaid recipients is subject to preadmission review by the Iowa Medicaid enterprise (IME) medical services unit as required in rule 441—78.3(249A).

79.10(1) The patient's admitting physician, the physician's designee, or the hospital will contact the IME medical services unit to request approval of Medicaid coverage for the hospitalization, according to instructions issued to providers by the IME medical services unit and instructions in the Medicaid provider manual.

79.10(2) Medicaid payment will not be made to the hospital if the IME medical services unit denies the procedure requested in the preadmission review.

79.10(3) The IME medical services unit shall issue a letter of denial to the patient, the physician, and the hospital when a request is denied. The patient, the physician, or the hospital may request a reconsideration of the decision by filing a written request with the IME medical services unit within 60 days of the date of the denial letter.

79.10(4) The aggrieved party may appeal a denial of a request for reconsideration by the IME medical services unit according to 441—Chapter 7.

79.10(5) The requirement to obtain preadmission review is waived when the patient is enrolled in the managed health care option known as patient management and proper authorization for the admission has been obtained from the patient manager as described in 441—Chapter 88.

This rule is intended to implement Iowa Code section 249A.4.

441—79.11(249A) Requests for preprocedure surgical review. The Iowa Medicaid enterprise (IME) medical services unit conducts a preprocedure review of certain frequently performed surgical procedures to determine the necessity of the procedures and if Medicaid payment will be approved according to requirements found in 441—subrules 78.1(19), 78.3(18), and 78.26(3).

79.11(1) The physician must request approval from the IME medical services unit when the physician expects to perform a surgical procedure appearing on the department’s preprocedure surgical review list published in the Medicaid provider manual. All requests for preprocedure surgical review shall be made according to instructions issued to physicians, hospitals and ambulatory surgical centers appearing in the Medicaid provider manual and instructions issued to providers by the IME medical services unit.

79.11(2) The IME medical services unit shall issue the physician a validation number for each request and shall advise whether payment for the procedure will be approved or denied.

79.11(3) Medicaid payment will not be made to the physician and other medical personnel or the facility in which the procedure is performed, i.e., hospital or ambulatory surgical center, if the IME medical services unit does not give approval.

79.11(4) The IME medical services unit shall issue a denial letter to the patient, the physician, and the facility when the requested procedure is not approved. The patient, the physician, or the facility may request a reconsideration of the decision by filing a written request with the IME medical services unit within 60 days of the date of the denial letter.

79.11(5) The aggrieved party may appeal a denial of a request for reconsideration by the IME medical services unit in accordance with 441—Chapter 7.

79.11(6) The requirement to obtain preprocedure surgical review is waived when the patient is enrolled in the managed health care option known as patient management and proper authorization for the procedure has been obtained from the patient manager as described in 441—Chapter 88.

This rule is intended to implement Iowa Code section 249A.4.

441—79.12(249A) Advance directives. “Advance directive” means a written instruction, such as a living will or durable power of attorney for health care, recognized under state law and related to the provision of health care when the person is incapacitated. All hospitals, home health agencies, home health providers of waiver services, hospice programs, and health maintenance organizations (HMOs) participating in Medicaid shall establish policies and procedures with respect to all adults receiving medical care through the provider or organization to comply with state law regarding advance directives as follows:

79.12(1) A hospital at the time of a person’s admission as an inpatient, a home health care provider in advance of a person’s coming under the care of the provider, a hospice provider at the time of initial receipt of hospice care by a person, and a health maintenance organization at the time of enrollment of the person with the organization shall provide written information to each adult which explains the person’s rights under state law to make decisions concerning medical care, including the right to accept or refuse medical or surgical treatment and the right to formulate advance directives, and the provider’s policies regarding the implementation of these rights.

79.12(2) The provider or organization shall document in the person’s medical record whether or not the person has executed an advance directive.

79.12(3) The provider or organization shall not condition the provision of care or otherwise discriminate against a person based on whether or not the person has executed an advance directive.

79.12(4) The provider or organization shall ensure compliance with requirements of state law regarding advance directives.

79.12(5) The provider or organization shall provide for education for staff and the community on issues concerning advance directives.

Nothing in this rule shall be construed to prohibit the application of a state law which allows for an objection on the basis of conscience for any provider or organization which as a matter of conscience cannot implement an advance directive.

This rule is intended to implement Iowa Code section 249A.4.

441—79.13(249A) Requirements for enrolled Medicaid providers supplying laboratory services. Medicaid enrolled entities providing laboratory services are subject to the provisions of the Clinical Laboratory Improvement Amendments of 1988 (CLIA), Public Law 100-578, and implementing federal regulations published at 42 CFR Part 493 as amended to December 29, 2000. Medicaid payment shall not be afforded for services provided by an enrolled Medicaid provider supplying laboratory services that fails to meet these requirements. For the purposes of this rule, laboratory services are defined as services to examine human specimens for the diagnosis, prevention or treatment of any disease or impairment of, or assessment of, the health of human beings.

This rule is intended to implement Iowa Code section 249A.4.

441—79.14(249A) Provider enrollment.

79.14(1) Application request. A provider of medical or remedial services that wishes to enroll as an Iowa Medicaid provider shall begin the enrollment process by contacting the provider services unit at the Iowa Medicaid enterprise to request an application form.

a. A nursing facility shall also complete the process set forth in 441—subrule 81.13(1).

b. An intermediate care facility for persons with mental retardation shall also complete the process set forth in 441—subrule 82.3(1).

79.14(2) Submittal of application. The provider shall submit the appropriate application forms to the Iowa Medicaid enterprise provider services unit at P.O. Box 36450, Des Moines, Iowa 50315.

a. Providers of home- and community-based waiver services shall submit Form 470-2917, Medicaid HCBS Provider Application, at least 90 days before the planned service implementation date.

b. All other providers shall submit Form 470-0254, Iowa Medicaid Provider Enrollment Application.

c. The application shall include the provider's national provider identifier number or shall indicate that the provider is an atypical provider that is not issued a national provider identifier number.

79.14(3) Notification. Providers shall be notified of the decision on their application by the Iowa Medicaid enterprise provider services unit within 30 calendar days.

79.14(4) Providers not approved as the type of Medicaid provider requested shall have the right to appeal under 441—Chapter 7.

79.14(5) Effective date of approval. Applications shall be approved retroactive to the date requested by the provider or the date the provider meets the applicable participation criteria, whichever is later, not to exceed 12 months retroactive from the receipt of the application forms by the Iowa Medicaid enterprise provider services unit.

79.14(6) Providers approved for certification as a Medicaid provider shall complete a provider participation agreement as required by rule 441—79.6(249A).

79.14(7) No payment shall be made to a provider for care or services provided prior to the effective date of the department's approval of an application, unless the provider was enrolled and participating in the Iowa Medicaid program as of April 1, 1993.

79.14(8) Payment rates dependent on the nature of the provider or the nature of the care or services provided shall be based on information on the application form, together with information on claim forms, or on rates paid the provider prior to April 1, 1993.

79.14(9) Amendments to application forms shall be submitted to the Iowa Medicaid enterprise provider services unit and shall be approved or denied within 30 calendar days. Approval of an amendment shall be retroactive to the date requested by the provider or the date the provider meets all applicable criteria, whichever is later, not to exceed 30 days prior to the receipt of the amendment by

the Iowa Medicaid enterprise provider services unit. Denial of an amendment may be appealed under 441—Chapter 7.

79.14(10) Providers who have not submitted claims in the last 24 months will be sent a notice asking if they wish to continue participation. Providers failing to reply to the notice within 30 calendar days of the date on the notice will be terminated as providers. Providers who do not submit any claims in 48 months will be terminated as providers without further notification.

79.14(11) Report of changes. The provider shall inform the Iowa Medicaid enterprise of all pertinent changes to enrollment information within 60 days of the change. Pertinent changes include, but are not limited to, changes to the business entity name, individual provider name, tax identification number, mailing address, and telephone number.

a. When a provider fails to provide current information within the 60-day period, the department may terminate the provider's Medicaid enrollment upon 30 days' notice. The termination may be appealed under 441—Chapter 7.

b. When the department incurs an informational tax-reporting fine because a provider submitted inaccurate information or failed to submit changes to the Iowa Medicaid enterprise in a timely manner, the fine shall be the responsibility of the individual provider to the extent that the fine relates to or arises out of the provider's failure to keep all provider information current.

(1) The provider shall remit the amount of the fine to the department within 30 days of notification by the department that the fine has been imposed.

(2) Payment of the fine may be appealed under 441—Chapter 7.

This rule is intended to implement Iowa Code section 249A.4.

441—79.15(249A) Education about false claims recovery. The provisions in this rule apply to any entity that has received medical assistance payments totaling at least \$5 million during a federal fiscal year (ending on September 30). For entities whose payments reach this threshold, compliance with this rule is a condition of receiving payments under the medical assistance program during the following calendar year.

79.15(1) Policy requirements. Any entity whose medical assistance payments meet the threshold shall:

a. Establish written policies for all employees of the entity and for all employees of any contractor or agent of the entity, including management, which provide detailed information about:

(1) The False Claims Act established under Title 31, United States Code, Sections 3729 through 3733;

(2) Administrative remedies for false claims and statements established under Title 31, United States Code, Chapter 38;

(3) Any state laws pertaining to civil or criminal penalties for false claims and statements;

(4) Whistle blower protections under the laws described in subparagraphs (1) to (3) with respect to the role of these laws in preventing and detecting fraud, waste, and abuse in federal health care programs, as defined in Title 42, United States Code, Section 1320a-7b(f); and

(5) The entity's policies and procedures for detecting and preventing fraud, waste, and abuse.

b. Include in any employee handbook a specific discussion of:

(1) The laws described in paragraph 79.15(1)“a”;

(2) The rights of employees to be protected as whistle blowers; and

(3) The entity's policies and procedures for detecting and preventing fraud, waste, and abuse.

79.15(2) Reporting requirements.

a. Any entity whose medical assistance payments meet the specified threshold during a federal fiscal year shall provide the following information to the Iowa Medicaid enterprise by the following December 31:

(1) The name, address, and national provider identification numbers under which the entity receives payment;

(2) Copies of written or electronic policies that meet the requirements of subrule 79.15(1); and

(3) A written description of how the policies are made available and disseminated to all employees of the entity and to all employees of any contractor or agent of the entity.

b. The information may be provided by:

(1) Mailing the information to the IME Surveillance and Utilization Review Services Unit, P.O. Box 36390, Des Moines, Iowa 50315; or

(2) Faxing the information to (515)725-1354.

79.15(3) Enforcement. Any entity that fails to comply with the requirements of this rule shall be subject to sanction under rule 441—79.2(249A), including probation, suspension or withholding of payments, and suspension or termination from participation in the medical assistance program.

This rule is intended to implement Iowa Code section 249A.4 and Public Law 109-171, Section 6032.

 [Filed emergency 6/11/08 after Notice 3/12/08—published 7/2/08, effective 7/1/08]
 [Filed emergency 6/12/08—published 7/2/08, effective 7/1/08]

◊ Two or more ARCs

¹ Effective date of 79.1(2) and 79.1(5)“t” delayed 70 days by the Administrative Rules Review Committee at its January 1988, meeting.

² Effective date of 4/1/90 delayed 70 days by the Administrative Rules Review Committee at its March 12, 1990, meeting; delay lifted by this Committee, effective May 11, 1990.

³ Effective date of subrule 79.1(13) delayed until adjournment of the 1992 Sessions of the General Assembly by the Administrative Rules Review Committee at its meeting held July 12, 1991.

- ⁴ Effective date of 3/1/92 delayed until adjournment of the 1992 General Assembly by the Administrative Rules Review Committee at its meeting held February 3, 1992.
- ⁵ At a special meeting held January 24, 2002, the Administrative Rules Review Committee voted to delay until adjournment of the 2002 Session of the General Assembly the effective date of amendments published in the February 6, 2002, Iowa Administrative Bulletin as **ARC 1365B**.

CHAPTER 80
PROCEDURE AND METHOD OF PAYMENT
[Prior to 7/1/83, Social Services[770] Ch 80]

441—80.1(249A) The fiscal agent function in medical assistance. Rescinded IAB 5/25/05, effective 7/1/05.

441—80.2(249A) Submission of claims. Providers of medical and remedial care participating in the program shall submit claims for services rendered to the Iowa Medicaid enterprise on at least a monthly basis. All nursing facilities and providers of home- and community-based services shall submit claims for services after end of the calendar month in which the services are provided. Following audit of the claim, the Iowa Medicaid enterprise will make payment to the provider of care.

80.2(1) Electronic submission. Providers are encouraged to submit claims electronically whenever possible.

a. Ambulance service providers may bill electronically only when the procedures performed are identified by codes based on the ones that Medicare recognizes as emergency and support medical necessity without a review by the Iowa Medicaid enterprise.

b. When filing electronic claims, pharmacies shall use the format prescribed by the National Council for Prescription Drug Programs.

c. Claims submitted electronically after implementation of the Health Insurance Portability and Accountability Act of 1996 shall be filed on the Accredited Standards Committee (ASC) X12N 837 transaction, Health Care Claim. The department shall send all providers written notice when the Act is implemented.

(1) Providers listed as filing claims on Form CMS-1500 or on the Claim for Targeted Medical Care shall file claims on the professional version of the Health Care Claim.

(2) Providers listed as filing claims on Form CMS-1450 or on the Iowa Medicaid Long-Term Care Claim shall file the institutional version of the Health Care Claim.

(3) Dentists shall file the dental version of the Health Care Claim.

(4) Pharmacists providing drugs and injections shall use the format prescribed by the National Council for Prescription Drug Programs.

d. If a claim submitted electronically requires attachments or supporting clinical documentation and a national electronic attachment has not been adopted, the provider shall:

(1) Use Form 470-3969, Claim Attachment Control, as the cover sheet for the paper attachments or supporting clinical documentation; and

(2) Reference on Form 470-3969 the attachment control number submitted on the ASC X12N 837 electronic transaction.

80.2(2) Claim forms. Claims for payment for services provided recipients shall be submitted on Form CMS-1500, Health Insurance Claim Form, except as noted below.

a. The following providers shall submit claims on Form UB-92, CMS-1450:

(1) Home health agencies providing services other than home- and community-based services.

(2) Hospitals providing inpatient care or outpatient services, including inpatient psychiatric hospitals.

(3) Psychiatric medical institutions for children.

(4) Rehabilitation agencies.

(5) Hospice providers.

(6) Medicare-certified nursing facilities.

(7) Nursing facilities for the mentally ill.

(8) Special population nursing facilities as defined in rule 441—81.6(249A).

(9) Out-of-state nursing facilities.

b. All other nursing facilities and intermediate care facilities for the mentally retarded shall file claims on Form 470-0039, Iowa Medicaid Long-Term Care Claim.

c. Pharmacies shall submit claims on the Universal Pharmacy Claim Form when filing paper claims.

d. Dentists shall submit claims on the dental claim form approved by the American Dental Association.

e. Rescinded IAB 8/1/07, effective 9/5/07.

f. Providers of home- and community-based waiver services, including home health agencies providing home- and community-based waiver services shall submit claims on Form 470-2486, Claim for Targeted Medical Care.

g. Case management providers shall submit claims on Form 470-2486, Claim for Targeted Medical Care, for services provided pursuant to 441—Chapter 90 and on FACS-generated claims for services provided pursuant to 441—Chapter 186.

h. Providers who send an Explanation of Medicare Benefits or a crossover claim for Medicare beneficiaries to the Iowa Medicaid enterprise are exempt from filing these forms for those beneficiaries.

80.2(3) Providers shall purchase or copy their supplies of forms CMS-1450 and CMS-1500 for use in billing.

This rule is intended to implement Iowa Code section 249A.4.

441—80.3(249A) Amounts paid provider from other sources. The amount of any payment made directly to the provider of care by the recipient, relatives, or any source shall be deducted from the established cost standard for the service provided to establish the amount of payment to be made by the carrier.

441—80.4(249A) Time limit for submission of claims and claim adjustments.

80.4(1) *Submission of claims.* Payment will not be made on any claim where the amount of time that has elapsed between the date the service was rendered and the date the initial claim is received by the Iowa Medicaid enterprise exceeds 365 days. The department shall consider claims submitted beyond the 365-day limit for payment only if retroactive eligibility on newly approved cases is made that exceeds 365 days or if attempts to collect from a third-party payer delay the submission of a claim.

80.4(2) *Claim adjustments.* A provider's request for an adjustment to a paid claim must be received by the Iowa Medicaid enterprise within one year from the date the claim was paid in order to have the adjustment considered.

This rule is intended to implement Iowa Code sections 249A.3, 249A.4 and 249A.12.

441—80.5(249A) Authorization process.

80.5(1) *Identification cards.* The department shall issue Form 470-1911, Medical Assistance Eligibility Card, to members for use in securing medical and health services available under the program except as provided in 441—76.6(249A).

a. The department shall issue the Medical Assistance Eligibility Card:

(1) When the member's eligibility is initially determined.

(2) Annually thereafter.

(3) Upon the member's request for replacement of a lost, stolen, or damaged card.

b. The Medical Assistance Eligibility Card is valid only for months in which the member has established eligibility, as indicated on the department's eligibility verification system (ELVS). Payment will be made for services provided to an ineligible person when ELVS indicates that the person was eligible for the period in which the service was provided.

80.5(2) *Third-party liability.* When a third-party liability for medical expenses exists, this resource shall be utilized before payment is made by the Medicaid program unless the pay and chase provisions defined in rule 441—75.25(249A) are applicable or when otherwise authorized by the department.

441—80.6(249A) Payment to provider—exception. Payments for medical services may be made only to the provider of the services except as provided below:

80.6(1) *Medical assistance corrective payments.* Payment may be made to the client or county relief agency in accordance with rule 441—75.8(249A).

80.6(2) *Assignment.* Payment may be made in accordance with an assignment to a county for medical services received while the recipient was receiving interim assistance or while an appeal of a denial of medical assistance was pending.

80.6(3) *Business agent of provider.* Payment may be made to a business agent that furnishes statements and receives payments in the name of the provider if the agent's compensation is:

- a. Related to the cost of processing the billing.
- b. Not related on a percentage or other basis to the amount that is billed or collected.
- c. Not dependent upon the collection of the payment.

These rules are intended to implement Iowa Code section 249A.4.

CHAPTER 81
NURSING FACILITIES

[Prior to 7/1/83 Social Services[770] Ch 81]
[Prior to 2/11/87, Human Services[498]]

DIVISION I
GENERAL POLICIES

441—81.1(249A) Definitions.

“*Abuse*” means any of the following which occurs as a result of the willful or negligent acts or omissions of a nursing facility employee:

1. Physical injury to, or injury which is at a variance with the history given of the injury, or unreasonable confinement or unreasonable punishment or assault as defined in Iowa Code section 708.1 of a resident.

2. The commission of a sexual offense under Iowa Code chapter 709 or Iowa Code section 726.2 or 728.12, subsection 1, or sexual exploitation under Iowa Code chapter 235B, as a result of the acts or omissions of the facility employee responsible for the care of the resident with or against a resident.

3. Exploitation of a resident which means the act or process of taking unfair advantage of a resident or the resident’s physical or financial resources for one’s own personal or pecuniary profit without the informed consent of the resident, including theft, by the use of undue influence, harassment, duress, deception, false representation or false pretenses.

4. The deprivation of the minimum food, shelter, clothing, supervision, physical or mental health care, or other care necessary to maintain a resident’s life or health.

“*Advance directive*” means a written instruction, such as a living will or durable power of attorney for health care, recognized under state law and related to the provision of health care when the resident is incapacitated.

“*Allowable costs*” means the price a prudent, cost-conscious buyer would pay a willing seller for goods or services in an arm’s-length transaction, not to exceed the limitations set out in rules.

“*Beginning eligibility date*” means date of an individual’s admission to the facility or date of eligibility for medical assistance, whichever is the later date.

“*Case mix*” means a measure of the intensity of care and services used by similar residents in a facility.

“*Case-mix index*” means a numeric score within a specific range that identifies the relative resources used by similar residents and represents the average resource consumption across a population or sample.

“*Civil penalty*” shall mean a civil money penalty not to exceed the amount authorized under Iowa Code section 135C.36 for health care facility violations.

“*Clinical experience*” means application or learned skills for direct resident care in a nursing facility.

“*Complete replacement*” means completed construction on a new nursing facility to replace an existing licensed and certified nursing facility. The replacement facility shall have no more licensed beds than the facility being replaced and shall be located either in the same county as the facility being replaced or within 30 miles from the facility being replaced.

“*Cost normalization*” refers to the process of removing cost variations associated with different levels of resident case mix. Normalized cost is determined by dividing a facility’s per diem direct care component costs by the facility cost report period case-mix index.

“*Denial of critical care*” is a pattern of care in which the resident’s basic needs are denied or ignored to such an extent that there is imminent or potential danger of the resident suffering injury or death, or is a denial of, or a failure to provide the mental health care necessary to adequately treat the resident’s serious social maladjustment, or is a gross failure of the facility employee to meet the emotional needs of the resident necessary for normal functioning, or is a failure of the facility employee to provide for the proper supervision of the resident.

“*Department*” means the Iowa department of human services.

“*Department’s accounting firm*” means the firm on contract with the department to calculate nursing facility rates and provide other accounting services as requested.

“Direct care component” means the portion of the Medicaid reimbursement rates that is attributable to the salaries and benefits of registered nurses, licensed practical nurses, certified nursing assistants, rehabilitation nurses, and contracted nursing services.

“Discharged resident” means a resident whose accounts and records have been closed out and whose personal effects have been taken from the facility. When a resident is discharged, the facility shall notify the department via Form 470-0042, Case Activity Report.

“Facility” means a licensed nursing facility certified in accordance with the provisions of 42 CFR Part 483, as amended to September 23, 1992, to provide health services and includes hospital-based nursing facilities that are Medicare-certified and provide only skilled level of care and swing-bed hospitals unless stated otherwise.

“Facility-based nurse aide training program” means a nurse aide training program that is offered by a nursing facility and taught by facility employees or under the control of the licensee.

“Facility cost report period case-mix index” is the average of quarterly facilitywide average case-mix indices, carried to four decimal places. The quarters used in this average will be the quarters that most closely coincide with the financial and statistical reporting period. For example, a 01/01/2000-12/31/2000 financial and statistical reporting period would use the facilitywide average case-mix indices for quarters ending 03/31/00, 06/30/00, 09/30/00 and 12/31/00.

“Facilitywide average case-mix index” is the simple average, carried to four decimal places, of all resident case-mix indices based on the last day of each calendar quarter.

“Informed consent” means a resident’s agreement to allow something to happen that is based on a full disclosure of known facts and circumstances needed to make the decision intelligently, i.e., with knowledge of the risks involved or alternatives.

“Iowa Foundation for Medical Care (IFMC)” is the peer review organization on contract with the department to provide level of care determinations. The address of IFMC is 6000 Westown Parkway, West Des Moines, Iowa 50266.

“Iowa Medicaid enterprise” means the entity comprised of department staff and contractors responsible for the management and reimbursement of Medicaid services.

“Laboratory experience” means practicing care-giving skills prior to contact in the clinical setting.

“Major renovations” means new construction or facility improvements to an existing licensed and certified nursing facility in which the total depreciable asset value of the new construction or facility improvements exceeds \$1.5 million. The \$1.5 million threshold shall be calculated based on the total depreciable asset value of new construction or facility improvements placed into service during a two-year period ending on the date the last asset was placed into service. When the property costs of an asset have been included in a facility’s financial and statistical report that has already been used in a biennial rebasing, the costs of that asset shall not be considered in determining whether the facility meets the \$1.5 million threshold.

“Medicaid average case-mix index” is the simple average, carried to four decimal places, of all resident case-mix indices where Medicaid is known to be the per diem payor source on the last day of the calendar quarter.

“Minimum data set” or *“MDS”* refers to a federally required resident assessment tool. Information from the MDS is used by the department to determine the facility’s case-mix index for purposes of normalizing per diem allowable direct care costs as provided by paragraph 81.6(16)“b,” for determining the Medicaid average case-mix index to adjust the direct care component pursuant to paragraphs 81.6(16)“c” and “e,” the excess payment allowance pursuant to paragraph 81.6(16)“d,” and the limits on reimbursement components pursuant to paragraph 81.6(16)“f.” MDS is described in subrule 81.13(9).

“Minimum food, shelter, clothing, supervision, physical or mental health care, or other care” means that food, shelter, clothing, supervision, physical or mental health care, or other care which, if not provided, would constitute denial of critical care.

“Mistreatment” means any intentional act, or threat of an act, coupled with the apparent ability to execute the act, which causes or puts another person in fear of mental anguish, humiliation, deprivation or physical contact which is or will be painful, insulting or offensive. Actions utilized in providing

necessary treatment or care in accordance with accepted standards of practice are not considered mistreatment.

“New construction” means the construction of a new nursing facility that does not replace an existing licensed and certified facility and that requires the provider to obtain a certificate of need pursuant to Iowa Code chapter 135, division VI.

“Non-direct care component” means the portion of Medicaid reimbursement rates attributable to administrative, environmental, property, and support care costs reported on the financial and statistical report.

“Non-facility-based nurse aide training program” means a nurse aide training program that is offered by an organization that is not licensed to provide nursing facility services.

“Nurse aide” means any individual who is not a licensed health professional or volunteer providing nursing or nursing-related services to residents in a nursing facility.

“Nurse aide registry” means Nurse Aide Registry, Department of Inspections and Appeals, Third Floor, Lucas State Office Building, Des Moines, Iowa 50319.

“Nurse aide training and competency evaluation programs (NATCEP)” are educational programs approved by the department of inspections and appeals for nurse aide training as designated in subrule 81.16(3).

“Patient-day-weighted median cost” means the per diem cost of the nursing facility that is at the median per diem cost of all nursing facilities based on patient days provided when per diem allowable costs are ranked from low to high. A separate patient-day-weighted median cost amount shall be determined for the direct care and non-direct care components.

“Physical abuse” means any nonaccidental physical injury, or injury which is at variance with the history given of it, suffered by a resident as the result of the acts or omissions of a person responsible for the care of the resident.

“Physical injury” means damage to any bodily tissue to the extent that the tissue must undergo a healing process in order to be restored to a sound and healthy condition, or damage to any bodily tissue to the extent that the tissue cannot be restored to a sound and healthy condition, or damage to any bodily tissue which results in the death of the person who has sustained the damage.

“Poor performing facility (PPF)” is a facility designated by the department of inspections and appeals as a poor performing facility (PPF) based on surveys conducted by the department of inspections and appeals pursuant to subrule 81.13(1). A facility shall be designated a PPF if it has been cited for substandard quality of care on the current standard survey and it:

1. Has been cited for substandard quality of care or immediate jeopardy on at least one of the previous two standard surveys;
2. Has a history of substantiated complaints during the last two years;
3. Has a current deficiency for not having a quality assurance program; or
4. Does not have an effective quality assurance program as defined in paragraph 81.13(19)“o.”

“Primary instructor” means a registered nurse responsible for teaching a state-approved nurse aide training course.

“Program coordinator” means a registered nurse responsible for administrative aspects of a state-approved nurse aide training course.

“Rate determination letter” means the letter that is distributed quarterly by the Iowa Medicaid enterprise to each nursing facility notifying the facility of the facility’s Medicaid reimbursement rate calculated in accordance with this rule and of the effective date of the reimbursement rate.

“Skills performance record” means a record of major duties and skills taught which consists of, at a minimum:

1. A listing of the duties and skills expected to be learned in the program.
2. Space to record the date when the aide performs the duty or skill.
3. Space to note satisfactory or unsatisfactory performance.
4. The signature of the instructor supervising the performance.

“Special population nursing facility” refers to a nursing facility that serves the following populations:

1. One hundred percent of the residents served are aged 21 and under and require the skilled level of care.
2. Seventy percent of the residents served require the skilled level of care for neurological disorders.

“*Terminated from the Medicare or Medicaid program*” means a facility has lost the final appeal to which it is entitled.

“*Testing entity*” means a person, agency, institution, or facility approved by the department of inspections and appeals to take responsibility for obtaining, keeping secure and administering the competency test and reporting nurse aide scores to the nurse aide registry.

This rule is intended to implement Iowa Code sections 249A.2(6), 249A.3(2) “a,” and 249A.4.

441—81.2 Rescinded, effective 11/21/79.

441—81.3(249A) Initial approval for nursing facility care.

81.3(1) *Need for nursing facility care.* Residents of nursing facilities must be in need of either nursing facility care or skilled nursing care. Payment will be made for nursing facility care residents only upon certification of the need for the level of care by a licensed physician of medicine or osteopathy and approval of the level of care by the department. Initial decisions on level of care shall be made for the department by the Iowa Foundation for Medical Care (IFMC) within two working days of receipt of medical information. After notice of an adverse decision by IFMC, the Medicaid applicant or recipient, the applicant’s or recipient’s representative, the attending physician, or the nursing facility may request reconsideration by IFMC by sending a letter requesting a review to IFMC not more than 60 days after the date of the notice of adverse decision. On initial and reconsideration decisions, IFMC determines whether the level of care provided or to be provided should be approved based on medical necessity and the appropriateness of the level of care under 441—subrules 79.9(1) and 79.9(2). Adverse decisions by IFMC on reconsiderations may be appealed to the department pursuant to 441—Chapter 7.

a. If a timely request for reconsideration of an initial denial determination is made, IFMC will complete its reconsidered determination and send written notice including appeal rights to the Medicaid applicant or recipient, the applicant’s or recipient’s representative, the attending physician or the facility provider within the following time limits:

(1) Within three working days after IFMC receives the request for reconsideration and a copy of the medical record, if the initial determination was made before the Medicaid applicant or recipient was admitted to the nursing facility.

(2) Within ten working days after IFMC receives the request for reconsideration and a copy of the medical record, if the Medicaid applicant or recipient was admitted to the nursing facility when the initial determination was made and is still in the nursing facility when the request for reconsideration is received.

(3) Within 30 working days after IFMC receives the request for reconsideration and a copy of the medical record, if the Medicaid applicant or recipient was admitted to the nursing facility when the initial determination was made but is no longer in the nursing facility when the request for reconsideration is received.

b. If a copy of the medical record is not submitted with the reconsideration request, IFMC shall request a copy from the facility within two working days.

c. Written notice of the IFMC reconsidered determination shall contain the following:

(1) The basis for the reconsidered determination.

(2) A detailed rationale for the reconsidered determination.

(3) A statement explaining the Medicaid payment consequences of the reconsidered determination.

(4) A statement informing the parties of their appeal rights, including the information that must be included in the request for an administrative hearing, the locations for submitting a request for an administrative hearing, and the time period for filing a request.

d. If the request for reconsideration is mailed or delivered to IFMC within ten days of the date of the initial determination, any medical assistance payments previously approved will not be terminated

until the decision on reconsideration. If the initial decision is upheld on reconsideration, medical assistance benefits continued pursuant to this subrule will be treated as an overpayment to be repaid to the department.

81.3(2) *Skilled nursing care level of need.* Rescinded IAB 7/11/01, effective 7/1/01.

81.3(3) *Screening.* All persons, regardless of the source of payment, seeking admission to a nursing facility shall also be screened by the Iowa Foundation for Medical Care to determine if mental illness, mental retardation, or a related condition is present. The Iowa Medicaid program will cover the cost of this screening through the managed mental health contractor.

Final approval for initial admissions and continued stay of persons with mental illness, mental retardation, or a related condition is determined by the department of human services, division of mental health, mental retardation and developmental disabilities.

Nursing facility payment under the Iowa Medicaid program will be made for persons with mental illness, mental retardation, or a related condition only if it is determined by the division of mental health, mental retardation and developmental disabilities that the person's treatment needs will be or are being met.

81.3(4) *Special care level of need.* Rescinded IAB 3/20/91, effective 3/1/91.

This rule is intended to implement Iowa Code sections 249A.2(6), 249A.3(2) "a" and 249A.4.

441—81.4(249A) Arrangements with residents.

81.4(1) *Resident care agreement.* Rescinded IAB 12/6/95, effective 2/1/96.

81.4(2) *Financial participation by resident.* A resident's payment for care may include any voluntary payments made by family members toward cost of care of the resident. The resident's client participation and medical payments from a third party shall be paid toward the total cost of care for the month before any state payment is made. The state will pay the balance of the cost of care for the remainder of the month. The facility shall make arrangements directly with the resident for payment of client participation.

81.4(3) *Personal needs account.* When a facility manages the personal needs funds of a resident, it shall establish and maintain a system of accounting for expenditures from the resident's personal needs funds. (See subrule 81.13(5) "c.") The funds shall be deposited in a bank within the state of Iowa insured by FDIC. Expense for bank service charges for this account is an allowable expense under rule 441—81.6(249A) if the service cannot be obtained free of charge. The department shall charge back to the facility any maintenance item included in the computation of the audit cost that is charged to the resident's personal needs when the charge constitutes double payment. Unverifiable expenditures charged to personal needs accounts may be charged back to the facility. The accounting system is subject to audit by representatives of the department and shall meet the following criteria:

a. Upon admittance, a ledger sheet shall be credited with the resident's total incidental money on hand. Thereafter, the ledger shall be kept current on a monthly basis. The facility may combine the accounting with the disbursement section showing the date, amount given the resident, and the resident's signature. A separate ledger shall be maintained for each resident.

b. When something is purchased for the resident and is not a direct cash disbursement, each expenditure item in the ledger shall be supported by a signed, dated receipt. The receipt shall indicate the article furnished for the resident's benefit.

c. Personal funds shall only be turned over to the resident, the resident's guardian, or other persons selected by the resident. With the consent of the resident, when the resident is able and willing to give consent the administrator may turn over personal funds to a close relative or friend of the resident to purchase a particular item. A signed, dated receipt shall be required to be deposited in the resident's files.

d. The ledger and receipts for each resident shall be made available for periodic audits by an accredited department representative. Audit certification shall be made by the department's representative at the bottom of the ledger sheet. Supporting receipts may then be destroyed.

e. Upon a patient's death, a receipt shall be obtained from the next of kin, the resident's guardian, or the representative handling the funeral before releasing the balance of the personal needs funds. In

the event there is no next of kin or guardian available and there are no outstanding funeral expenses, any funds shall revert to the department. In the event that an estate is opened, the department shall turn the funds over to the estate.

81.4(4) *Safeguarding personal property.* The facility shall safeguard the resident's personal possessions. Safeguarding shall include, but is not limited to:

a. Providing a method of identification of the resident's suitcases, clothing, and other personal effects, and listing these on an appropriate form attached to the resident's record at the time of admission. These records shall be kept current. Any personal effects released to a relative of the resident shall be covered by a signed receipt.

b. Providing adequate storage facilities for the resident's personal effects.

c. Ensuring that all mail is delivered unopened to the resident to whom it is addressed, except in those cases where the resident is too confused, as documented in the person's permanent medical record, to receive it, in which case the mail is held unopened for the resident's conservator or relatives. Mail may be opened by the facility in cases where the resident or relatives or guardian have given permission in writing for mail to be opened and read to the resident.

This rule is intended to implement Iowa Code sections 249A.2, 249A.3(2) "a," and 249A.4.

441—81.5(249A) Discharge and transfer. (See subrules 81.13(2) "a" and 81.13(6) "c.")

81.5(1) *Notice.* When a public assistance recipient requests transfer or discharge, or another person requests this for the recipient, the administrator shall promptly notify the local office of the department. This shall be done in sufficient time to permit a social service worker to assist in the planning for the transfer or discharge.

81.5(2) *Case activity report.* A Case Activity Report, Form 470-0042, shall be submitted to the department whenever a Medicaid applicant or recipient enters the facility, changes level of care, or is discharged from the facility.

81.5(3) *Plan.* The administrator and staff shall assist the resident in planning for transfer or discharge through development of a discharge plan.

81.5(4) *Transfer records.* When a resident is transferred to another facility, transfer information shall be summarized from the facility's records in a copy to accompany the resident. This information shall include:

- a.* A transfer form of diagnosis.
- b.* Aid to daily living information.
- c.* Transfer orders.
- d.* Nursing care plan.
- e.* Physician's orders for care.
- f.* The resident's personal records.
- g.* When applicable, the personal needs fund record.
- h.* Resident care review team assessment.

81.5(5) *Unused client participation.* When a resident leaves the facility during the month, any unused portion of the resident's client participation shall be refunded.

This rule is intended to implement Iowa Code sections 249A.2, 249A.3(2) "a," and 249A.4.

441—81.6(249A) Financial and statistical report and determination of payment rate. With the exception of hospital-based nursing facilities that are Medicare-certified and provide only the skilled level of care, herein referred to as Medicare-certified hospital-based nursing facilities, all facilities in Iowa wishing to participate in the program shall submit a Financial and Statistical Report, Form 470-0030, to the department's accounting firm. All Medicare-certified hospital-based nursing facilities shall submit a copy of their Medicare cost report to the department's accounting firm. Costs for patient care services shall be reported, divided into the subcategories of "Direct Patient Care Costs" and "Support Care Costs." Costs associated with food and dietary wages shall be included in the "Support Care Costs" subcategory. The financial and statistical report shall be submitted in an electronic format approved by the department. These reports shall be based on the following rules.

81.6(1) *Failure to maintain records.* Failure to adequately maintain fiscal records, including census records, medical charts, ledgers, journals, tax returns, canceled checks, source documents, invoices, and audit reports by or for a facility may result in the penalties specified in subrule 81.14(1).

81.6(2) *Accounting procedures.* Financial information shall be based on that appearing in the audited financial statement. Adjustments to convert to the accrual basis of accounting shall be made when the records are maintained on other accounting bases. Facilities which are a part of a larger health facility extending short-term, intensive, or other health care not generally considered nursing care may submit a cost apportionment schedule prepared in accordance with recognized methods and procedures. A schedule shall be required when necessary for a fair presentation of expense attributable to nursing facility patients.

81.6(3) *Submission of reports.* All nursing facilities, except the Iowa Veterans Home, shall submit reports to the department's accounting firm no later than three months after the close of the facility's established fiscal year. The Iowa Veterans Home shall submit the report to the department's accounting firm no later than three months after the close of each six-month period of the facility's established fiscal year. Failure to submit a report that meets the requirements of this rule within this time shall reduce payment to 75 percent of the current rate. The reduced rate shall be paid for no longer than three months, after which time no further payments will be made.

A facility may change its fiscal year one time in any two-year period. If the facility changes its fiscal year, the facility shall notify the department's accounting firm 60 days prior to the first date of the change.

81.6(4) *Payment at new rate.*

a. Except for state-operated nursing facilities and special population nursing facilities, payment rates shall be updated July 1, 2001, and every second year thereafter with new cost report data, and adjusted quarterly to account for changes in the Medicaid average case-mix index. For nursing facilities receiving both an ICF and SNF Medicaid rate effective June 30, 2001, the June 30, 2001, Medicaid rate referenced in subparagraphs (1) and (2) below shall be the patient-day-weighted average of the ICF and SNF Medicaid rates effective June 30, 2001, excluding the case-mix transition add-on amount.

(1) The Medicaid payment rates for services rendered from July 1, 2001, through June 30, 2002, shall be 66.67 percent of the facility's Medicaid rate effective June 30, 2001, excluding the case-mix transition add-on amount, plus an inflation allowance of 6.21 percent, not to exceed \$94, and 33.33 percent of the July 1, 2001, modified price-based rate pursuant to subrule 81.6(16). In no case shall the July 1, 2001, Medicaid rate be less than the Medicaid rate effective June 30, 2001, excluding the case-mix transition add-on amount, and increased by a 6.21 percent inflation allowance.

(2) Payment rates for services rendered from July 1, 2002, through June 30, 2003, shall be 33.33 percent of the facility's Medicaid rate effective June 30, 2001, excluding the case-mix transition add-on amount, plus an inflation allowance of 6.21 percent, and an additional inflation factor based on the CMS/SNF Total Market Basket Index. However, the current system rate to be used effective July 1, 2002, shall not exceed \$94, times an inflation factor pursuant to subrule 81.6(18), and 66.67 percent of the July 1, 2002, modified price-based rate. In no case shall the July 1, 2002, Medicaid rate be less than the Medicaid rate effective June 30, 2002, plus an inflation factor pursuant to subrule 81.6(18) projected for the following 12 months.

(3) Payment rates for services rendered from July 1, 2003, and thereafter will be 100 percent of the modified price-based rate.

(4) Aggregate payments to a nursing facility that is owned or operated by state or non-state government shall not exceed the facility's actual medical assistance program costs. Aggregate payments shall include amounts received from the Medicaid program, as well as receipts from patient and other third-party payments up to the Medicaid-allowed amount.

b. The Medicaid payment rate for special population nursing facilities shall be updated annually without a quarterly adjustment.

c. The Medicaid payment rate for state-operated nursing facilities shall be updated annually without a quarterly adjustment.

81.6(5) *Accrual basis.* Facilities not using the accrual basis of accounting shall adjust recorded amounts to the accrual basis. Records of cash receipts and disbursements shall be adjusted to reflect accruals of income and expense.

81.6(6) *Census of public assistance recipients.* Census figures of public assistance recipients shall be obtained on the last day of the month ending the reporting period.

81.6(7) *Patient days.* In determining inpatient days, a patient day is that period of service rendered a patient between the census-taking hours on two successive days, the day of discharge being counted only when the patient was admitted that same day.

81.6(8) *Opinion of accountant.* The department may require that an opinion of a certified public accountant or public accountant accompany the report when adjustments made to prior reports indicate disregard of the certification and reporting instructions.

81.6(9) *Calculating patient days.* When calculating patient days, facilities shall use an accumulation method.

a. Census information shall be based on a patient's status at midnight at the end of each day.

b. When a recipient is on a reserve bed status and the department is paying on a per diem basis for the holding of a bed, or any day a bed is reserved for a public assistance or nonpublic assistance patient and a per diem rate for the bed is charged to any party, the reserved days shall be included in the total census figures for inpatient days.

81.6(10) *Revenues.* Revenues shall be reported as recorded in the general books and records. Expense recoveries credited to expense accounts shall not be reclassified in order to be reflected as revenues.

a. Routine daily services shall represent the established charge for daily care. Routine daily services are those services which include room, board, nursing services, and such services as supervision, feeding, incontinency, and similar services, for which the associated costs are in nursing service.

b. Revenue from ancillary services provided to patients shall be applied in reduction of the related expense.

c. Revenue from the sale of medical supplies, food or services to employees or nonresidents of the facility shall be applied in reduction of the related expense. Revenue from the sale to private pay residents of items or services which are included in the medical assistance per diem will not be offset.

d. Investment income adjustment is necessary only when interest expense is incurred, and only to the extent of the interest expense.

e. Laundry revenue shall be applied to laundry expense.

f. Accounts receivable charged off or provision for uncollectible accounts shall be reported as a deduction from gross revenue.

81.6(11) *Limitation of expenses.* Certain expenses that are not normally incurred in providing patient care shall be eliminated or limited according to the following rules.

a. Federal and state income taxes are not allowed as reimbursable costs.

b. Fees paid directors and nonworking officers' salaries are not allowed as reimbursable costs.

c. Bad debts are not an allowable expense.

d. Charity allowances and courtesy allowances are not an allowable expense.

e. Personal travel and entertainment are not allowable as reimbursable costs. Certain expenses such as rental or depreciation of a vehicle and expenses of travel which include both business and personal costs shall be prorated. Amounts which appear to be excessive may be limited after consideration of the specific circumstances. Records shall be maintained to substantiate the indicated charges.

(1) Commuter travel by the owner(s), owner-administrator(s), administrator, nursing director or any other employee is not an allowable cost (from private residence to facility and return to residence).

(2) The expense of one car or one van or both designated for use in transporting patients shall be an allowable cost. All expenses shall be documented by a sales slip, invoice or other document setting forth the designated vehicle as well as the charges incurred for the expenses to be allowable.

(3) Each facility which supplies transportation services as defined in Iowa Code section 601J.1, subsection 1, shall provide current documentation of compliance with or exemption from public

transit coordination requirements as found in Iowa Code chapter 601J and 820—[09,A] chapter 2 of the department of transportation rules at the time of annual contract renewal. Failure to cooperate in obtaining or in providing the required documentation of compliance or exemption after receipt from the Iowa department of transportation, public transit division shall, result in disallowance of vehicle costs and other costs associated with transporting residents.

(4) Expenses related to association business meetings, limited to individual members of the association who are members of a national affiliate, and expenses associated with workshops, symposiums, and meetings which provide administrators or department heads with hourly credits required to comply with continuing education requirements for licensing, are allowable expenses.

(5) Travel of an emergency nature required for supplies, repairs of machinery or equipment, or building is an allowable expense.

(6) Travel for which a patient must pay is not an allowable expense.

(7) Allowable expenses in subparagraphs (2) through (5) above are limited to 6 percent of total administrative expense.

f. Entertainment provided by the facility for participation of all residents who are physically and mentally able to participate is an allowable expense except that entertainment for which the patient is required to pay is not an allowable expense.

g. Loan acquisition fees and standby fees are not considered part of the current expense of patient care, but should be amortized over the life of the related loan.

h. A reasonable allowance of compensation for services of owners or immediate relatives is an allowable cost, provided the services are actually performed in a necessary function. For this purpose, the following persons are considered immediate relatives: husband and wife; natural parent, child and sibling; adopted child and adoptive parent; stepparent, stepchild, stepbrother, and stepsister; father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, and sister-in-law; grandparent and grandchild. Adequate time records shall be maintained. Adjustments may be necessary to provide compensation as an expense for nonsalaried working proprietors and partners. Members of religious orders serving under an agreement with their administrative office are allowed salaries paid persons performing comparable services. When maintenance is provided these persons by the facility, consideration shall be given to the value of these benefits and this amount shall be deducted from the amount otherwise allowed for a person not receiving maintenance.

(1) Compensation means the total benefit received by the owner or immediate relative for services rendered. It includes salary amounts paid for managerial, administrative, professional, and other services; amounts paid by the facility for the personal benefit of the proprietor or immediate relative; the cost of assets and services which the proprietor or immediate relative receives from the facility; and deferred compensation.

(2) Reasonableness requires that the compensation allowance be the same amount as would ordinarily be paid for comparable services by comparable institutions, and depends upon the facts and circumstances of each case.

(3) Necessary requires that the function be such that had the owner or immediate relative not rendered the services, the facility would have had to employ another person to perform the service, and be pertinent to the operation and sound conduct of the institution.

(4) Effective July 1, 2001, the base maximum allowed compensation for an administrator who is involved in ownership of the facility or who is an immediate relative of an owner of the facility is \$3,296 per month plus \$35.16 per month per licensed bed capacity for each bed over 60, not to exceed \$4,884 per month. An administrator is considered to be involved in ownership of a facility when the administrator has ownership interest of 5 percent or more.

On an annual basis, the maximum allowed compensation amounts for these administrators shall be increased or decreased by an annual inflation factor as specified by subrule 81.6(18).

(5) The maximum allowed compensation for an assistant administrator who is involved in ownership of the facility or who is an immediate relative of an owner of the facility in facilities having a licensed capacity of 151 or more beds is 60 percent of the amount allowed for the administrator.

An assistant administrator is considered to be involved in ownership of a facility when the assistant administrator has ownership interest of 5 percent or more.

(6) The maximum allowed compensation for a director of nursing or any employee who is involved in ownership of the facility or who is an immediate relative of an owner of the facility is 60 percent of the amount allowed for the administrator. Persons involved in ownership or relatives providing professional services shall be limited to rates prevailing in the community not to exceed 60 percent of the allowable rate for the administrator on a semiannual basis. Records shall be maintained in the same manner for an employee involved in ownership or a relative as are maintained for any other employee of the facility. Ownership is defined as an interest of 5 percent or more.

i. Management fees shall be limited on the same basis as the owner administrator's salary, but shall have the amount paid the resident administrator deducted. When the parent company can separately identify accounting costs, the costs are allowed.

j. Depreciation based upon tax cost using only the straight-line method of computation, recognizing the estimated useful life of the asset as defined in the American Hospital Association Useful Life Guide, 1983 edition, may be included as a patient cost. When accelerated methods of computation have been elected for income tax purposes, an adjustment shall be made. For change of ownership, refer to subrule 81.6(12).

k. Necessary and proper interest on both current and capital indebtedness is an allowable cost.

(1) Interest is the cost incurred for the use of borrowed funds. Interest on current indebtedness is the cost incurred for funds borrowed for a relatively short term. Interest on capital indebtedness is the cost incurred for funds borrowed for capital purposes.

(2) "Necessary" requires that the interest be incurred on a loan made to satisfy a financial need of the provider, be incurred on a loan made for a purpose reasonably related to patient care, and be reduced by investment income except where the income is from gifts and grants whether restricted or unrestricted, and which are held separate and not commingled with other funds.

(3) "Proper" requires that interest be incurred at a rate not in excess of what a prudent borrower would have had to pay in the money market on the date the loan was made, and be paid to a lender not related through control or ownership to the borrowing organization.

(4) Interest on loans is allowable as cost at a rate not in excess of the amount an investor could receive on funds invested in the locality on the date the loan was made.

(5) Interest is an allowable cost when the general fund of a provider borrows from a donor-restricted fund, a funded depreciation account of the provider, or the provider's qualified pension fund, and pays interest to the fund, or when a provider operated by members of a religious order borrows from the order.

(6) When funded depreciation is used for purposes other than improvement, replacement or expansion of facilities or equipment related to patient care, allowable interest expense is reduced to adjust for offsets not made in prior years for earnings on funded depreciation. A similar treatment will be accorded deposits in the provider's qualified pension fund where the deposits are used for other than the purpose for which the fund was established.

l. Costs applicable to supplies furnished by a related party or organization are a reimbursable cost when included at the cost to the related party or organization. The cost shall not exceed the price of comparable supplies that could be purchased elsewhere.

(1) Related means that the facility, to a significant extent, is associated with or has control of or is controlled by the organization furnishing the services, facilities, or supplies.

(2) Common ownership exists when an individual or individuals possess significant ownership or equity in the facility and the institution or organization serving the provider.

(3) Control exists where an individual or an organization has power, directly or indirectly, to significantly influence or direct the actions or policies of an organization or institution.

(4) When the facility demonstrates by convincing evidence that the supplying organization is a bona fide separate organization; that a substantial part of its business activity of the type carried on with the facility is transacted with others and there is an open competitive market for the type of services, facilities, or supplies furnished by the organization; that the services, facilities, or supplies are those which commonly are obtained by similar institutions from other organizations and are not a basic element

of patient care ordinarily furnished directly to patients by the institutions; and that the charge to the facility is in line with the charge for the services, facilities, or supplies in the open market and no more than the charge made under comparable circumstances to others by the organization for the services, facilities, or supplies, the charges by the supplier shall be allowable costs.

m. When the operator of a participating facility rents from a nonrelated party, the amount of rent expense allowable on the cost report shall be based on the cost of the facility as identified in subrule 81.6(12), paragraph “*a*,” plus the landlord’s other expenses and a reasonable rate of return, not to exceed actual rent payments.

When the operator of a participating facility rents the building from a related party, the amount of rent expense allowable on the cost report shall be no more than the amortized cost of the facility as identified in subrule 81.6(12), paragraph “*a*,” plus the landlord’s other expenses.

The landlord must be willing to provide documentation of these costs for rental arrangements.

n. Depreciation, interest and other capital costs attributable to construction of new facilities, expanding existing facilities, or the purchase of an existing facility, are allowable expenses only if prior approval has been gained through the health planning process specified in rules of the public health department, 641—Chapter 201.

o. Reasonable legal fees are an allowable cost when directly related to patient care. Legal fees related to defense against threatened state license revocation or Medicaid decertification are allowable costs only up to the date a final appeal decision is issued. However, in no case will legal fees related to Medicaid decertification be allowable costs following the decertification date.

81.6(12) Termination or change of owner.

a. A participating facility contemplating termination of participation or negotiating a change of ownership shall provide the department of human services with at least 60 days’ prior notice. A transfer of ownership or operation terminates the participation agreement. A new owner or operator shall establish that the facility meets the conditions for participation and enter into a new agreement. The person responsible for transfer of ownership or for termination is responsible for submission of a final financial and statistical report through the date of the transfer. No payment to the new owner will be made until formal notification is received. The following situations are defined as a transfer of ownership:

(1) In the case of a partnership which is a party to an agreement to participate in the medical assistance program, the removal, addition, or substitution of an individual for a partner in the association in the absence of an express statement to the contrary, dissolves the old partnership and creates a new partnership which is not a party to the previously executed agreement and a transfer of ownership has occurred.

(2) When a participating nursing facility is a sole proprietorship, a transfer of title and property to another party constitutes a change of ownership.

(3) When the facility is a corporation, neither a transfer of corporate stock nor a merger of one or more corporations with the participating corporation surviving is a transfer of ownership. A consolidation of two or more corporations resulting in the creation of a new corporate entity constitutes a change of ownership.

(4) When a participating facility is leased, a transfer of ownership is considered to have taken place. When the entire facility is leased, the total agreement with the lessor terminates. When only part of the facility is leased, the agreement remains in effect with respect to the unleased portion, but terminates with respect to the leased portion.

b. No increase in the value of property shall be allowed in determining the Medicaid rate for the new owner with any change of ownership (including lease agreements). When filing the first cost report, the new owner shall either continue the schedule of depreciation and interest established by the previous owner, or the new owner may choose to claim the actual rate of interest expense. The results of the actual rate of interest expense shall not be higher than would be allowed under the Medicare principles of reimbursement and shall be applied to the allowed depreciable value established by the previous owner, less any down payment made by the new owner.

c. Other acquisition costs of the new owner such as legal fees, accounting and administrative costs, travel costs and the costs of feasibility studies attributable to the negotiation or settlement of the sale or purchase of the property shall not be allowed.

d. In general, the provisions of Section 1861(v)(1)(0) of the Social Security Act regarding payment allowed under Medicare principles of reimbursement at the time of a change of ownership shall be followed, except that no return on equity or recapture of depreciation provisions shall be employed.

e. A new owner or lessee wishing to claim a new rate of interest expense must submit documentation which verifies the amount of down payment made, the actual rate of interest, and the number of years required for repayment with the next annual cost report. In the absence of the necessary supportive documentation, interest and other property costs for all facilities that have changed or will change ownership shall continue at the rate allowed the previous owner.

81.6(13) Facility-requested rate adjustment. A facility may request a rate adjustment for a period of time no more than 18 months prior to the facility's rate effective date. The request for adjustment shall be made to the department's accounting firm.

81.6(14) Payment to new facility. The payment to a new facility shall be the sum of the patient-day-weighted median cost for the direct care and non-direct care components pursuant to paragraph 81.6(16) "c." After the first full calendar quarter of operation, the patient-day-weighted median cost for the direct care component shall be adjusted by the facility's average Medicaid case-mix index pursuant to subrule 81.6(19). A financial and statistical report shall be submitted from the beginning day of operation to the end of the fiscal year. Following the completion of the new facility's first fiscal year, rates will be established in accordance with subrule 81.6(16). Subsequent financial and statistical reports shall be submitted annually for a 12-month period ending with the facility's fiscal year.

81.6(15) Payment to new owner. An existing facility with a new owner shall continue to be reimbursed using the previous owner's per diem rate adjusted quarterly for changes in the Medicaid average case-mix index. The facility shall submit a financial and statistical report for the period from beginning of actual operation under new ownership to the end of the facility's fiscal year. Subsequent financial and statistical reports shall be submitted annually for a 12-month period ending with the facility's fiscal year. The facility shall notify the department's accounting firm of the date its fiscal year will end.

81.6(16) Establishment of the direct care and non-direct care patient-day-weighted medians and modified price-based reimbursement rate. This subrule provides for the establishment of the modified price-based reimbursement rate. The first step in the rate calculation (paragraph "a") determines the per diem direct care and non-direct care component costs. The second step (paragraph "b") normalizes the per diem direct care component costs to remove cost variations associated with different levels of resident case mix. The third step (paragraph "c") calculates the patient-day-weighted medians for the direct care and non-direct care components that are used in subsequent steps to establish rate component limits and excess payment allowances, if any. The fourth step (paragraph "d") calculates the potential excess payment allowance. The fifth step (paragraph "e") calculates the reimbursement rate, including any applicable capital cost per diem instant relief add-on described in paragraph "h," that is further subjected to the rate component limits, including any applicable enhanced non-direct care rate component limit described in paragraph "h," in step six (paragraph "f"). The seventh step (paragraph "g") calculates the additional reimbursement based on accountability measures available beginning July 1, 2002.

a. Calculation of per diem cost. For purposes of calculating the non-state-owned nursing facility Medicaid reimbursement rate and the Medicare-certified hospital-based nursing facility Medicaid reimbursement rate, the costs shall be divided into two components, the direct care component and non-direct care component as defined in rule 441—81.1(249A). Each nursing facility's per diem allowable direct care and non-direct care cost shall be established. Effective July 1, 2001, and every second year thereafter, the per diem allowable cost shall be arrived at by dividing total reported allowable costs by total inpatient days during the reporting period. On July 1, 2001, July 1, 2003, July 1, 2004, July 1, 2005, and every second year thereafter, total reported allowable costs shall be adjusted using the inflation factor specified in subrule 81.6(18) from the midpoint of the cost report period to the beginning of the state fiscal year rate period.

(1) Non-state-owned nursing facilities. Beginning July 1, 2001, patient days for purposes of the computation of administrative, environmental, and property expenses shall be inpatient days as specified in subrule 81.6(7) or 80 percent of the licensed capacity of the facility, whichever is greater.

Beginning July 1, 2003, and thereafter, patient days for purposes of the computation of administrative, environmental, and property expenses shall be inpatient days as determined in subrule 81.6(7) or 85 percent of the licensed capacity of the facility, whichever is greater.

Patient days for purposes of the computation of all other expenses shall be inpatient days as determined in subrule 81.6(7).

(2) Medicare-certified hospital-based nursing facilities. Patient days for purposes of the computation of all expenses shall be inpatient days as determined by subrule 81.6(7).

b. Cost normalization. The per diem allowable direct care costs are normalized by dividing a facility's per diem direct care costs by the facility's cost report period case-mix index as defined in rule 441—81.1(249A) and subrule 81.6(19).

c. Calculation of patient-day-weighted medians. For each of the rate components, a patient-day-weighted median shall be established for both the non-state-owned nursing facilities and the Medicare-certified hospital-based nursing facilities, hereinafter referred to as the non-state-owned nursing facility patient-day-weighted medians and the Medicare-certified hospital-based nursing facility patient-day-weighted medians.

The per diem normalized direct care cost for each facility is arrayed from low to high to determine the direct care component patient-day-weighted median cost based on the number of patient days provided by facilities. The per diem non-direct care cost for each facility is also arrayed from low to high to determine the non-direct care component patient-day-weighted median cost based on the number of patient days provided by facilities. An array and patient-day-weighted median for each cost component is determined separately for both non-state-owned nursing facilities and the Medicare-certified hospital-based nursing facilities.

(1) For the fiscal period beginning July 1, 2001, and ending June 30, 2003, the non-state-owned nursing facility direct care and non-direct care patient-day-weighted medians and the Medicare-certified hospital-based nursing facility direct care and non-direct care patient-day-weighted medians shall be calculated using the latest financial and statistical report with a fiscal year end of December 31, 2000, or earlier, inflated from the midpoint of the cost report period to July 1, 2001, using the inflation factor specified in subrule 81.6(18).

(2) Effective July 1, 2003, and each second year thereafter, the patient-day-weighted medians used in rate setting shall be recalculated. The non-state-owned nursing facility direct care and non-direct care patient-day-weighted medians and the Medicare-certified hospital-based nursing facility direct care and non-direct care patient-day-weighted medians shall be calculated using the latest completed cost report with a fiscal year end of the preceding December 31 or earlier. When patient-day-weighted medians are recalculated, inflation is applied from the midpoint of the cost report period to the first day of the state fiscal year rate period using the inflation factor specified in subrule 81.6(18).

(3) For the fiscal period beginning July 1, 2004, and ending June 30, 2005, the non-state-owned and Medicare-certified hospital-based nursing facility direct care and the non-direct care patient-day-weighted medians calculated July 1, 2003, shall be inflated to July 1, 2004, using the inflation factor specified in subrule 81.6(18).

d. Excess payment allowance.

(1) For non-state-operated nursing facilities not located in a Metropolitan Statistical Area as defined by the Centers for Medicare and Medicaid Services (not including Medicare-certified hospital-based nursing facilities), the excess payment allowance is calculated as follows:

1. For the direct care component, subject to the limit provided below, the excess payment allowance is equal to the percentage specified in 441—subrule 79.1(2) times the difference (if greater than zero) of the following: the direct care non-state-operated nursing facility patient-day-weighted median times the percentage specified in 441—subrule 79.1(2) times the Medicaid average case-mix index pursuant to subrule 81.6(19), minus a provider's allowable normalized per patient day direct care costs pursuant to 81.6(16) "b" times the Medicaid average case-mix index pursuant to subrule 81.6(19).

In no case shall the excess payment allowance exceed the percentage specified in 441—subrule 79.1(2) times the direct care non-state-operated nursing facility patient-day-weighted median.

2. For the non-direct care component, subject to the limit provided below, the excess payment allowance is equal to the percentage specified in 441—subrule 79.1(2) times the difference (if greater than zero) of the following: the non-direct care non-state-operated nursing facility patient-day-weighted median times the percentage specified in 441—subrule 79.1(2), minus a provider's allowable per patient day non-direct care cost pursuant to paragraph 81.6(16)“a.” In no case shall the excess payment allowance exceed the percentage specified in 441—subrule 79.1(2) times the non-direct care non-state-operated nursing facility patient-day-weighted median.

(2) For non-state-operated nursing facilities located in a Metropolitan Statistical Area as defined by the Centers for Medicare and Medicaid Services (not including Medicare-certified hospital-based nursing facilities), the excess payment allowance is calculated as follows:

1. For the direct care component, subject to the limit provided below, the excess payment allowance is equal to the percentage specified in 441—subrule 79.1(2) times the difference (if greater than zero) of the following: the direct care non-state-operated nursing facility patient-day-weighted median times the percentage specified in 441—subrule 79.1(2) times the wage index factor specified below times the Medicaid average case-mix index pursuant to subrule 81.6(19), minus a provider's allowable normalized per patient day direct care costs pursuant to paragraph 81.6(16)“b” times the Medicaid average case-mix index pursuant to subrule 81.6(19). In no case shall the excess payment allowance exceed the percentage specified in 441—subrule 79.1(2) times the direct care non-state-operated nursing facility patient-day-weighted median.

The wage index factor applied July 1, 2001, through June 30, 2002, shall be 11.46 percent. Beginning July 1, 2002, and thereafter, the wage index factor shall be determined annually by calculating the average difference between the Iowa hospital-based rural wage index and all Iowa hospital-based Metropolitan Statistical Area wage indices as published by the Centers for Medicare and Medicaid Services (CMS) each July. The geographic wage index adjustment shall not exceed \$8 per patient day.

A nursing facility may request an exception to application of the geographic wage index based upon a reasonable demonstration of wages, locations, and total cost. The nursing facility shall request the exception within 30 days of receipt of notification to the nursing facility of the new reimbursement rate using the department's procedures for requesting exceptions at rule 441—1.8(17A,217).

2. For the non-direct care component, subject to the limit provided below, the excess payment allowance is equal to the percentage specified in 441—subrule 79.1(2) times the difference (if greater than zero) of the following: the non-direct care non-state-operated nursing facility patient-day-weighted median times the percentage specified in 441—subrule 79.1(2), minus a provider's allowable per patient day non-direct care cost pursuant to paragraph 81.6(16)“a.” In no case shall the excess payment allowance exceed the percentage specified in 441—subrule 79.1(2) times the non-direct care non-state-operated nursing facility patient-day-weighted median.

(3) For Medicare-certified hospital-based nursing facilities, the excess payment allowance is calculated as follows:

1. For the direct care component, subject to the limit provided below, the excess payment allowance is equal to the percentage specified in 441—subrule 79.1(2) times the difference (if greater than zero) of the following: the direct care Medicare-certified hospital-based nursing facility patient-day-weighted median times the percentage specified in 441—subrule 79.1(2) times the Medicaid average case-mix index pursuant to subrule 81.6(19), minus a provider's normalized allowable per patient day direct care costs pursuant to paragraph 81.6(16)“b” times the Medicaid average case-mix index pursuant to subrule 81.6(19). In no case shall the excess payment allowance exceed the percentage specified in 441—subrule 79.1(2) times the direct care Medicare-certified hospital-based nursing facility patient-day-weighted median.

2. For the non-direct care component, subject to the limit provided below, the excess payment allowance is equal to the percentage specified in 441—subrule 79.1(2) times the difference (if greater than zero) of the following: the non-direct care Medicare-certified hospital-based nursing facility patient-day-weighted median times the percentage specified in 441—subrule 79.1(2), minus a provider's

allowable per patient day non-direct care cost pursuant to paragraph 81.6(16) "a." In no case shall the excess payment allowance exceed the percentage specified in 441—subrule 79.1(2) times the non-direct care Medicare-certified hospital-based nursing facility patient-day-weighted median.

e. Reimbursement rate. The Medicaid reimbursement rate is based on allowable costs, updated July 1, 2001, and every second year thereafter, as specified in subparagraphs (1) and (2) below, plus a potential excess payment allowance determined by the methodology in paragraph "d," not to exceed the rate component limits determined by the methodology in paragraph "f."

(1) For non-state-owned nursing facilities and Medicare-certified hospital-based nursing facilities, direct care and non-direct care rate components are calculated as follows:

1. The direct care component is equal to the provider's normalized allowable per patient day costs times the Medicaid average case-mix index pursuant to subrule 81.6(19), plus the allowed excess payment allowance as determined by the methodology in paragraph "d."

2. The non-direct care component is equal to the provider's allowable per patient day costs, plus the allowed excess payment allowance as determined by the methodology in paragraph "d" and the allowable capital cost per diem instant relief add-on as determined by the methodology in paragraph "h."

(2) The reimbursement rate for state-operated nursing facilities and special population nursing facilities shall be the facility's average allowable per diem costs, adjusted for inflation pursuant to subrule 81.6(18), based on the most current financial and statistical report.

f. Notwithstanding paragraphs "d" and "e," in no instance shall a rate component exceed the rate component limit defined as follows:

(1) For non-state-operated nursing facilities not located in a Metropolitan Statistical Area (not including Medicare-certified hospital-based nursing facilities), the direct care and non-direct care rate component limits are calculated as follows:

1. The direct care rate component limit is the direct care non-state-operated nursing facility patient-day-weighted median times the percentage of the median specified in 441—subrule 79.1(2) times the Medicaid average case-mix index pursuant to subrule 81.6(19).

2. The non-direct care rate component limit is the non-direct care non-state-operated nursing facility patient-day-weighted median multiplied by the percentage of the median specified in 441—subrule 79.1(2) or is 120 percent of the median if the facility qualifies for the enhanced non-direct care rate component limit pursuant to paragraph "h."

(2) For non-state-operated nursing facilities located in a Metropolitan Statistical Area (not including Medicare-certified hospital-based nursing facilities), the direct care and non-direct care rate component limits are calculated as follows:

1. The direct care rate component limit is the direct care non-state-operated nursing facility patient-day-weighted median times the percentage of the median specified in 441—subrule 79.1(2) times the wage factor specified in paragraph "d" times the Medicaid average case-mix index pursuant to subrule 81.6(19).

2. The non-direct care rate component limit is the non-direct care non-state-operated nursing facility patient-day-weighted median multiplied by the percentage of the median specified in 441—subrule 79.1(2) or is 120 percent of the median if the facility qualifies for the enhanced non-direct care rate component limit pursuant to paragraph "h."

(3) For Medicare-certified hospital-based nursing facilities, the direct care and non-direct care rate component limits are calculated as follows:

1. The direct care rate component limit is the direct care Medicare-certified hospital-based nursing facility patient-day-weighted median times the percentage of the median specified in 441—subrule 79.1(2) times the Medicaid average case-mix index pursuant to subrule 81.6(19).

2. The non-direct care rate component limit is the non-direct care Medicare-certified hospital-based nursing facility patient-day-weighted median multiplied by the percentage of the median specified in 441—subrule 79.1(2) or is 120 percent of the median if the facility qualifies for the enhanced non-direct care rate component limit pursuant to paragraph "h."

(4) For special population nursing facilities enrolled on or after June 1, 1993, the upper limit on their rate is equal to the sum of the following:

1. The direct care Medicare-certified hospital-based nursing facility patient-day-weighted median times the percentage of the median specified in 441—subrule 79.1(2).

2. The non-direct care Medicare-certified hospital-based nursing facility patient-day-weighted median multiplied by the percentage of the median specified in 441—subrule 79.1(2) or 120 percent of the median if the facility qualifies for the enhanced non-direct care rate component limit pursuant to paragraph “h.”

g. Accountability measures. Additional reimbursement for non-state-owned facilities, based on accountability measures, is available beginning July 1, 2002, as provided in this paragraph. Accountability measures are nursing facility characteristics that indicate the quality of care, efficiency, or commitment to care for certain resident populations. These characteristics are objective, measurable, and, when considered in combination with each other, deemed to have a correlation to a resident’s quality of life and care. While any single measure does not ensure the delivery of quality care, a nursing facility’s achievement of multiple measures suggests that quality is an essential element in the facility’s delivery of resident care.

Additional reimbursement for accountability measures is not available to Medicare-certified hospital-based nursing facilities, state-operated nursing facilities, or special population nursing facilities. Therefore, data from these facility types shall not be used when determining eligibility for or amount of additional reimbursement based on accountability measures.

In order for a nursing facility to qualify for additional Medicaid reimbursement for accountability measures, it must achieve a minimum score of 3 points. The maximum available points are 11. Additional Medicaid reimbursement will be available in the following amounts.

0 - 2 points	No additional reimbursement
3 - 4 points	1 percent of the direct care and non-direct care cost component patient-day-weighted medians
5 - 6 points	2 percent of the direct care and non-direct care cost component patient-day-weighted medians
7 or more points	3 percent of the direct care and non-direct care cost component patient-day-weighted medians

The Iowa Medicaid enterprise shall award points based on the following ten measures:

(1) Deficiency-free survey.

1. Standard. Facilities shall be deficiency-free on the latest annual state and federal licensing and certification survey and any subsequent surveys, complaint investigations, or revisit investigations. If a nursing facility’s only scope and severity deficiencies are an “A” level pursuant to 42 CFR, Part 483, Subparts B and C, as amended to July 30, 1999, the facility shall, for purposes of this measure, be deemed to have a deficiency-free survey. Surveys are considered complete when all appeal rights have been exhausted.

2. Measurement period. The measurement period shall be the latest annual survey completed on or before December 31 of each year and any subsequent surveys, complaint investigations, or revisit investigations completed between the annual survey date and December 31.

3. Value. 2 points.

4. Source. The department shall request that the department of inspections and appeals furnish by May 1 of each year a listing of nursing facilities that have met the standard.

(2) Regulatory compliance with survey.

1. Standard. Facilities shall be considered to be in regulatory compliance if no on-site revisit is required for recertification surveys or for any substantiated complaint investigations during the measurement period.

2. Measurement period. The measurement period shall include any recertification survey or complaint investigations completed on or before December 31 of each year.

3. Value. 1 point. (A nursing facility that achieves a deficiency-free survey according to subparagraph (1) cannot also receive a point value for this standard.)

4. Source. The department shall request that the department of inspections and appeals furnish by May 1 of each year a listing of nursing facilities that have met the standard.

(3) Nursing hours provided.

1. Standard. A nursing facility's per resident day nursing hours are at or above the fiftieth percentile of per resident day nursing hours. Nursing hours include those of registered nurses, licensed practical nurses, certified nursing assistants, rehabilitation nurses and other contracted nursing services. Nursing hours shall be normalized to remove variations in staff hours associated with different levels of resident case mix. The case-mix index used to normalize nursing hours shall be the facility cost report period case-mix index.

2. Measurement period. The measurement period shall be calculated using the latest financial and statistical report with a fiscal year end of December 31 or earlier.

3. Value. 1 point for a nursing facility that falls between the fiftieth and seventy-fifth percentiles. 2 points for a nursing facility at or above the seventy-fifth percentile.

4. Source. The fiscal consultant shall calculate whether the nursing facility has met this measure from Form 470-0030, Financial and Statistical Report.

(4) Resident satisfaction.

1. Standard. A nursing facility shall be at or above the fiftieth percentile of resident satisfaction. Resident satisfaction shall be measured using Form 470-3890, Resident Opinion Survey. To be considered for this measure, a nursing facility must have a minimum survey response rate of 35 percent from its residents or their responsible parties.

2. Measurement period. For purposes of determining the July 1, 2002, rate, Form 470-3890, Resident Opinion Survey, must be completed by April 1, 2002, and Form 470-3891, Resident Opinion Survey Transmittal Report, must be submitted to the department by May 1, 2002. For purposes of determining rates for years on or after July 1, 2003, Form 470-3890, Resident Opinion Survey, may be completed anytime during the period September through December of the preceding year and the transmittal report submitted to the department by April 1 of the following year.

3. Value. 1 point.

4. Source. The nursing facility shall distribute Form 470-3890, Resident Opinion Survey, and instructions to all residents or their responsible parties. The nursing facility shall have an independent party collect and compile the results of the survey and communicate the results to the department by May 1 of 2002 and April 1 of each year thereafter on Form 470-3891, Resident Opinion Survey Transmittal Report. The department or its contractor shall calculate whether the nursing facility has met this measure.

(5) Resident advocate committee resolution rate.

1. Standard. A nursing facility shall have a resident advocate committee resolution rate of issues and grievances pursuant to 321—Chapter 9 at or above 60 percent.

2. Measurement period. For the purpose of determining the July 1, 2002, rates, the resolution rate shall be computed for the period October 1, 2001, through March 31, 2002. For the purpose of determining rates for July 1, 2003, and thereafter, the resident advocate committee resolution rate shall be computed using data from the immediately preceding calendar year.

3. Value. 1 point.

4. Source. The department shall request that the office of the long-term care ombudsman furnish by May 1 of each year a listing of nursing facilities that have met the standard.

(6) High employee retention rate.

1. Standard. A nursing facility shall have an employee retention rate at or above the fiftieth percentile.

2. Measurement period. The high employee retention rate shall be calculated using Schedule I of the latest Form 470-0030, Financial and Statistical Report, with a fiscal year end of December 31 or earlier.

3. Value. 1 point.

4. Source. The department's fiscal consultant shall calculate whether the nursing facility has met this measure from Form 470-0030, Financial and Statistical Report, Schedule I.

(7) High occupancy rate.

1. Standard. A nursing facility shall have an occupancy rate at or above 95 percent. "Occupancy rate" is defined as the percentage derived when dividing total patient days based on census logs by total bed days available based on the number of authorized licensed beds within the facility.

2. Measurement period. The high occupancy rate shall be calculated using the latest Form 470-0030, Financial and Statistical Report, with a fiscal year end of December 31 or earlier.

3. Value. 1 point.

4. Source. The department's fiscal consultant shall calculate whether the nursing facility has met this measure from Form 470-0030, Financial and Statistical Report.

(8) Low administrative costs.

1. Standard. A nursing facility's percentage of administrative costs to total costs shall be at or below the fiftieth percentile.

2. Measurement period. The low administrative costs shall be calculated using the latest Form 470-0030, Financial and Statistical Report, with a fiscal year end of December 31 or earlier.

3. Value. 1 point.

4. Source. The department's fiscal consultant shall calculate whether the nursing facility has met this measure from Form 470-0030, Financial and Statistical Report.

(9) Special licensure classification.

1. Standard. Nursing facility units shall be licensed for the care of residents with chronic confusion or a dementing illness (CCDI units).

2. Measurement period. The measurement period shall be the facility's status on December 31 of each year.

3. Value. 1 point.

4. Source. The department shall request that the department of inspections and appeals furnish the department by May 1 of each year a listing of nursing facilities that were licensed as CCDI units as of December 31.

(10) High Medicaid utilization.

1. Standard. A nursing facility shall have Medicaid utilization at or above the fiftieth percentile. Medicaid utilization is determined by dividing total nursing facility Medicaid days by total nursing facility patient days.

2. Measurement period. The Medicaid utilization rate shall be calculated using the latest Form 470-0030, Financial and Statistical Report, with a fiscal year end of December 31 or earlier.

3. Value. 1 point.

4. Source. The department's fiscal consultant shall calculate whether the nursing facility has met this measure from Form 470-0030, Financial and Statistical Report.

h. Capital cost per diem instant relief add-on and enhanced non-direct care rate component limit. Contingent upon approval from the Centers for Medicare and Medicaid Services (CMS) and to the extent that funding is appropriated by the Iowa general assembly, additional reimbursement is available for nursing facilities that have completed a complete replacement, new construction, or major renovations. Additional reimbursement under this paragraph is available for services rendered beginning on October 1, 2007, or beginning on the effective date of CMS approval if CMS approval is effective on a later date.

(1) Types of additional reimbursement. Two types of additional reimbursement are available:

1. The capital cost per diem instant relief add-on is an amount per patient day to be added to the non-direct care component of the reimbursement rate and is subject to the non-direct care rate component limit as determined in paragraph "*f.*"

2. The enhanced non-direct care rate component limit provides an increase in the percentage of the median that is applied when calculating the non-direct care rate component limit as defined in paragraph "*f.*" The percentage of the median is increased to 120 percent when the enhanced non-direct care rate component limit is granted.

(2) Eligible projects. To qualify for either the capital cost per diem instant relief add-on or the enhanced non-direct care rate component limit, a facility must have undertaken a complete replacement, new construction, or major renovations for the purpose of:

1. Rectification of a violation of Life Safety Code requirements; or
2. Development of home- and community-based waiver program services.

(3) Additional requirements for all requests. To qualify for additional reimbursement, a facility with an eligible project must also meet the following requirements:

1. The facility has Medicaid utilization at or above 40 percent for the two-month period before the request for additional reimbursement is submitted. Medicaid utilization for this purpose is calculated as total nursing facility Medicaid patient days divided by total licensed bed capacity as reported on the facility's most current financial and statistical report.

2. The facility meets the accountability measure criteria set forth in paragraph "g," subparagraph (1), deficiency-free survey, or subparagraph (2), regulatory compliance with survey, based on the most current information available when the request for additional reimbursement is submitted.

3. The facility has documented active participation in a quality of care program.

4. The facility has documented plans to facilitate person-directed care, dementia units, or specialty post-acute services.

(4) Additional requirements for waiver services. To qualify for additional reimbursement for the development of home- and community-based waiver services, the facility shall also meet the following requirements:

1. Services shall be provided in an underserved area, which may include a rural area.

2. Services shall be provided on the direct site of the facility but not as a nursing facility service.

3. Services shall meet all federal and state requirements for Medicaid reimbursement.

4. Services shall include one or more of the following: adult day care as defined by 441—subrule 78.37(1), consumer-directed attendant care as defined by 441—subrule 78.37(15) provided in an assisted living setting, day habilitation as defined by 441—subrule 78.41(14), home-delivered meals as defined by 441—subrule 78.37(8), emergency response system as defined by 441—subrule 78.37(2), and respite care as defined by 441—subrule 78.37(6).

(5) Submission of request. A facility shall submit a written request for the capital cost per diem instant relief add-on, the enhanced non-direct care rate component limit, or a preliminary evaluation of whether a project may qualify for additional reimbursement to the Iowa Medicaid Enterprise, Provider Cost Audit and Rate Setting Unit, 100 Army Post Road, Des Moines, Iowa 50315. A qualifying facility may request one or both types of additional reimbursement.

1. A request for the capital cost per diem instant relief add-on may be submitted no earlier than 30 days before the complete replacement, new construction, or major renovations are placed in service.

2. A request for the enhanced non-direct care rate component limit may be submitted with a request for a capital cost per diem instant relief add-on or within 60 days after the release of a rate determination letter reflecting a change in the non-direct care rate component limit.

3. A request for a preliminary evaluation may be submitted when a facility is preparing a feasibility projection for a construction or renovation project. A preliminary evaluation does not guarantee approval of the capital cost per diem instant relief add-on or enhanced non-direct care rate component limit upon submission of a formal request.

(6) Content of request for add-on. A facility's request for the capital cost per diem instant relief add-on shall include:

1. A description of the project for which the add-on is requested, including a list of goals for the project and a time line of the project that spans the life of the project.

2. Documentation that the facility meets the qualifications in subparagraphs (2) and (3) and, if applicable, in subparagraph (4).

3. The period during which the add-on is requested (no more than two years).

4. Whether the facility is also requesting the enhanced non-direct care rate component limit. (See subparagraph (7) for requirements.)

5. A copy of the facility's most current depreciation schedule which clearly identifies the cost of the project for which the add-on is requested if assets placed in service by that project are included on the schedule. Any removal of assets shall be clearly identifiable either on the depreciation schedule or on a separate detailed schedule, and that schedule shall include the amount of depreciation expense for removed assets that is included in the current reimbursement rate.

6. If the cost of the project is not reported on the submitted depreciation schedule, a detailed schedule of the assets to be placed in service by the project, including:

- The estimated date the assets will be placed into service;
- The total estimated depreciable value of the assets;
- The estimated useful life of the assets based upon existing Medicaid and Medicare provisions;

and

- The estimated annual depreciation expense of the assets using the straight-line method in accordance with generally accepted accounting principles.

7. The facility's estimated annual licensed bed capacity and estimated annual total patient days. If this information is not provided, estimated annual total patient days shall be determined using the most current submitted financial and statistical report.

8. If interest expense has been or will be incurred and is related to the project for which the add-on is requested, a copy of the general terms of the debt service and the estimated annual amount of interest expense shall be submitted.

9. If any debt service has been retired, a copy of the general terms of the debt service and the amount of interest expense for debt service retired that is included in the current reimbursement rate.

(7) Content of request for enhanced limit. A facility's request for the enhanced non-direct care rate component limit shall include:

1. A description of the project for which the enhanced non-direct care rate component limit is requested, including a list of goals for the project and a time line of the project that spans the life of the project.

2. Documentation that the facility meets the qualifications in subparagraphs (2) and (3) and, if applicable, in subparagraph (4).

3. Identification of any period in which the capital cost per diem instant relief add-on was previously granted and the number of times the capital cost per diem instant relief add-on and the enhanced non-direct care rate component limit have previously been granted.

(8) Content of request for preliminary evaluation. A facility's request for a preliminary evaluation of a proposed project shall include:

1. The estimated completion date of the project.

2. The estimated date when a formal request for an add-on or enhanced limit will be submitted.

3. For a preliminary evaluation for a capital cost per diem instant relief add-on, all information required in subparagraph (6).

4. For a preliminary evaluation for the enhanced non-direct care rate component limit, all information required in subparagraph (7).

(9) Calculation of capital cost per diem instant relief add-on. The capital cost per diem instant relief add-on is calculated by dividing the annual estimated property costs for the complete replacement, new construction, or major renovation project for which the add-on is granted by the facility's estimated annual total patient days.

1. Total patient days shall be determined using the most current submitted financial and statistical report or using the estimated total patient days as reported in the request for the add-on. For purposes of calculating the add-on, total patient days shall be the greater of the estimated annual total patient days or 85 percent of the facility's estimated licensed capacity.

2. The annual estimated property costs for the project are calculated as the estimated annual depreciation expense for the cost of the project, plus estimated annual interest expense for the cost of the project, less the amount of depreciation expense for assets removed that is included in the current reimbursement rate and the amount of interest expense for debt service retired that is included in the current reimbursement rate.

3. A reconciliation between the estimated amounts and actual amounts shall be completed as described in subparagraph (12).

(10) Effective date of capital cost per diem instant relief add-on. Subject to available funding and previously approved requests for capital cost per diem instant relief add-ons and enhanced non-direct care rate component limits, a capital cost per diem instant relief add-on shall be effective the first day of the calendar quarter following the placement in service of the assets associated with the add-on and receipt of all required information. The capital cost per diem instant relief add-on shall be added to the non-direct care component of the reimbursement rate, not to exceed the non-direct care rate component limit as determined in paragraph “f.”

(11) Term of capital cost per diem instant relief add-on. The period for which a facility may be granted the capital cost per diem instant relief add-on shall not exceed two years. The capital cost per diem instant relief add-on shall terminate at the time of the subsequent biennial rebasing. If the facility’s submitted annual financial and statistical report used in the subsequent biennial rebasing does not include 12 months of property costs for the assets with which the capital cost per diem instant relief add-on is associated, including interest expense, if applicable, the facility may submit a new request for the capital cost per diem instant relief add-on.

(12) Reconciliation of capital cost per diem instant relief add-on. During the period in which the capital cost per diem instant relief add-on is granted, the Iowa Medicaid enterprise shall recalculate the amount of the add-on based on actual allowable costs and patient days reported on the facility’s submitted annual financial and statistical report. A separate reconciliation shall be performed for each cost report period in which the capital cost per diem instant relief add-on was paid. The facility shall submit with the annual financial and statistical report a separate schedule reporting total patient days per calendar quarter and a current depreciation schedule identifying the assets related to the add-on.

1. For purposes of recalculating the capital cost per diem instant relief add-on, total patient days shall be based on the greater of the number of actual patient days during the period in which the add-on was paid or 85 percent of the facility’s actual licensed bed capacity during the period in which the add-on was paid.

2. The recalculated capital cost per diem instant relief add-on shall be added to the non-direct care component of the reimbursement rate for the relevant period, not to exceed the non-direct care rate component limit as determined in paragraph “f.” The facility’s quarterly rates for the relevant period shall be retroactively adjusted to reflect the recalculated non-direct care component of the reimbursement rate. All claims with dates of service during the period the capital cost per diem instant relief add-on is paid shall be repriced to reflect the recalculated capital cost per diem instant relief add-on.

(13) Effective date of enhanced non-direct care rate component limit. Subject to available funding and previously approved requests for capital cost per diem instant relief add-ons and enhanced non-direct care rate component limits, an enhanced non-direct care rate component limit shall be effective:

1. With a capital cost per diem instant relief add-on (if requested at the same time); or
2. Retroactive to the first day of the quarter in which the revised non-direct care rate component limit amount is effective. All claims with dates of service from the effective date shall be repriced.

(14) Term of enhanced non-direct care rate component limit. The period for which a facility may be granted an enhanced non-direct care rate component limit without reapplication shall not exceed two years. The total period for which a facility may be granted enhanced non-direct care rate component limits shall not exceed ten years. If the amount of the non-direct care rate component limit is revised during the period for which a facility is granted the enhanced limit, the approval shall be terminated effective the first day of the quarter in which the revised non-direct care rate component limit is effective. The facility may submit a new request for the enhanced non-direct care rate component limit.

(15) Ongoing conditions. Any capital cost per diem instant relief add-on or enhanced non-direct care rate component limit granted by the Iowa Medicaid enterprise is temporary. Additional reimbursement shall be immediately terminated if:

1. The facility does not continue to meet all of the initial qualifications for additional reimbursement; or

2. The facility does not make reasonable progress on any plans required for initial qualification;
or

3. The facility's medical assistance program or Medicare certification is revoked. A facility whose certification is revoked is not eligible to submit a subsequent request for a capital cost per diem instant relief add-on or the enhanced non-direct care rate component limit.

(16) Change of ownership. Following a change in nursing facility ownership, any capital cost per diem instant relief add-on or enhanced non-direct care rate component limit that was granted before the change in ownership shall continue under the new owner. Future reimbursement rates shall be determined pursuant to subrules 81.6(15) and 81.6(16).

81.6(17) Cost report documentation. All nursing facilities, except the Iowa Veterans Home, shall submit an annual cost report based on the closing date of the facility's fiscal year that incorporates documentation as set forth below. The Iowa Veterans Home shall submit semiannual cost reports based on the closing date of the facility's fiscal year and the midpoint of the facility's fiscal year that incorporate documentation as set forth below. The documentation incorporated in all cost reports shall include all of the following information:

a. Information on staffing costs, including the number of hours of the following provided per resident per day by all the following: nursing services provided by registered nurses, licensed practical nurses, certified nurse aides, restorative aides, certified medication aides, and contracted nursing services; other care services; administrative functions; housekeeping and maintenance; and dietary services.

b. The starting and average hourly wage for each class of employees for the period of the report.

c. An itemization of expenses attributable to the home or principal office or headquarters of the nursing facility included in the administrative cost line item.

81.6(18) Inflation factor. The department shall consider an inflation factor in determining the reimbursement rate. The inflation factor shall be based on the CMS Total Skilled Nursing Facility (CMS/SNF) Market Basket Index published by Data Resources, Inc. The CMS/SNF index listed in the latest available quarterly publication prior to the July 1 rate setting shall be used to determine the inflation factor.

81.6(19) Case-mix index calculation.

a. The Resource Utilization Groups-III (RUG-III) Version 5.12b, 34 group, index maximizer model shall be used as the resident classification system to determine all case-mix indices, using data from the minimum data set (MDS) submitted by each facility pursuant to subrule 81.13(9). Standard Version 5.12b case-mix indices developed by CMS shall be the basis for calculating the average case-mix index and shall be used to adjust the direct care costs in the determination of the direct care patient-day-weighted median and the reimbursement rate pursuant to subrule 81.6(16).

b. Each resident in the facility on the last day of each calendar quarter with a completed and submitted assessment shall be assigned a RUG-III 34 group calculated on the resident's most current assessment available on the last day of each calendar quarter. This RUG-III group shall be translated to the appropriate case-mix index referenced in paragraph "a." From the individual resident case-mix indices, two average case-mix indices for each Medicaid nursing facility shall be determined four times per year based on the last day of each calendar quarter.

The facilitywide average case-mix index is the simple average, carried to four decimal places, of all resident case-mix indices. The Medicaid average case-mix index is the simple average, carried to four decimal places, of all indices for residents where Medicaid is known to be the per diem payor source on the last day of the calendar quarter. Assessments that cannot be classified to a RUG-III group due to errors shall be excluded from both average case-mix index calculations.

81.6(20) Medicare crossover claims for nursing facility services.

a. *Definitions.* For purposes of this subrule:

"Crossover claim" means a claim for Medicaid payment for Medicare-covered nursing facility services rendered to a Medicare beneficiary who is also eligible for Medicaid. Crossover claims include claims for services rendered to beneficiaries who are eligible for Medicaid in any category including, but not limited to, qualified Medicare beneficiaries and beneficiaries who are eligible for full Medicaid coverage.

“Medicaid-allowed amount” means the Medicaid reimbursement rate for the services rendered (including any portion to be paid by the Medicaid beneficiary as client participation) multiplied by the number of Medicaid units of service included in a crossover claim, as determined under state and federal law and policies.

“Medicaid reimbursement” includes any amount to be paid by the Medicaid beneficiary as Medicaid client participation and any amount to be paid by the department after application of any applicable Medicaid client participation.

“Medicare payment amount” means the Medicare reimbursement rate for the services rendered multiplied by the number of Medicare units of service included in a crossover claim, excluding any Medicare coinsurance or deductible amounts to be paid by the Medicare beneficiary.

b. Crossover claims. Crossover claims for services covered under Medicare Part A and under Medicaid are reimbursed as set out in this paragraph.

(1) If the Medicare payment amount for a crossover claim exceeds or equals the Medicaid-allowed amount for that claim, Medicaid reimbursement for the crossover claim will be zero.

(2) If the Medicaid-allowed amount for a crossover claim exceeds the Medicare payment amount for that claim, Medicaid reimbursement for the crossover claim is the lesser of:

1. The Medicaid-allowed amount minus the Medicare payment amount; or
2. The Medicare coinsurance and deductible amounts applicable to the claim.

c. Additional Medicaid payment for crossover claims uncollectible from Medicare. Medicaid shall reimburse nursing facilities for the portion of crossover claims not covered by Medicaid reimbursement pursuant to paragraph “b” and not reimbursable by Medicare as an allowable bad debt pursuant to 42 CFR 413.80, as amended June 13, 2001, up to a limit of 30 percent of the amount not paid by Medicaid pursuant to paragraph “b.” The department shall calculate these amounts for each provider on a calendar-year basis and make payment for these amounts by March 31 of each year for the preceding calendar year or by a mutually acceptable schedule consistent with Medicare interim payment schedules.

d. Application of savings. Effective May 1, 2003, savings in Medicaid reimbursements attributable to the limits on nursing facility crossover claims established by this subrule shall be used to pay costs associated with development and implementation of this subrule before reversion to Medicaid.

81.6(21) Nursing facility quality assurance assessment and quality assurance payment. Rescinded IAB 7/6/05, effective 7/1/05.

This rule is intended to implement Iowa Code sections 249A.2(6), 249A.3(2) “a,” 249A.4, and 249A.16.

441—81.7(249A) Continued review. The Iowa Foundation for Medical Care shall review Medicaid recipients’ need of continued care in nursing facilities, pursuant to the standards and subject to the reconsideration and appeals processes in subrule 81.3(1).

This rule is intended to implement Iowa Code sections 249A.2(6) and 249A.3(2) “a.”

441—81.8(249A) Quality of care review. Rescinded IAB 8/8/90, effective 10/1/90.

441—81.9(249A) Records.

81.9(1) Content. The facility shall as a minimum maintain the following records:

a. All records required by the department of public health and the department of inspections and appeals.

b. Records of all treatments, drugs, and services for which vendors’ payments have been made or are to be made under the medical assistance program, including the authority for and the date of administration of the treatment, drugs, or services.

c. Documentation in each resident’s records which will enable the department to verify that each charge is due and proper prior to payment.

d. Financial records maintained in the standard, specified form including the facility’s most recent audited cost report.

e. All other records as may be found necessary by the department in determining compliance with any federal or state law or rule or regulation promulgated by the United States Department of Health and Human Services or by the department.

f. Census records to include the date, number of residents at the beginning of each day, names of residents admitted, and names of residents discharged.

(1) Census information shall be provided for all residents of the facility.

(2) Census figures for each type of care shall be totaled monthly to indicate the number admitted, the number discharged, and the number of patient days.

(3) Failure to maintain acceptable census records shall result in the per diem rate being computed on the basis of 100 percent occupancy and a request for refunds covering indicated recipients of nursing care which have not been properly accounted for.

g. Resident accounts.

h. In-service education program records.

i. Inspection reports pertaining to conformity with federal, state and local laws.

j. Residents' personal records.

k. Residents' medical records.

l. Disaster preparedness reports.

81.9(2) Retention. Records identified in subrule 81.9(1) shall be retained in the facility for a minimum of five years or until an audit is performed on those records, whichever is longer.

81.9(3) Change of owner. All records shall be retained within the facility upon change of ownership. This rule is intended to implement Iowa Code sections 249A.2(6) and 249A.3(2) "a."

441—81.10(249A) Payment procedures.

81.10(1) Method of payment. Except for Medicaid accountability measures payment established in paragraph 81.6(16) "g," facilities shall be reimbursed under a modified price-based vendor payment program. A per diem rate shall be established based on information submitted according to rule 441—81.6(249A). Effective July 1, 2002, the per diem rate shall include an amount for Medicaid accountability measures.

81.10(2) Authorization of payment. The department shall authorize payment for care in a facility. The authorization shall be obtained prior to admission of the resident, whenever possible. For a nursing facility to be eligible for Medicaid payment for a resident, the facility must, when applicable, exhaust all Medicare benefits.

81.10(3) Rescinded IAB 8/9/89, effective 10/1/89.

81.10(4) Periods authorized for payment.

a. Payment shall be made on a per diem basis for the portion of the month the resident is in the facility.

b. Payment will be authorized as long as the resident is certified as needing care in a nursing facility.

c. Payment will be approved for the day of admission but not the day of discharge or death.

d. Payment will be approved for periods the resident is absent overnight for purpose of visitation or vacation. The facility will be paid to hold the bed for a period not to exceed 18 days in any calendar year. Additional days shall be based upon a recommendation by the resident's physician in the plan of care that additional days would be rehabilitative.

e. Payment will be approved for a period not to exceed 10 days in any calendar month when the resident is absent due to hospitalization. Medicaid payment to the facility may not be initiated while a resident is on reserve bed days unless the person was residing in the facility as a private pay resident prior to the hospitalization and returns to the facility as a resident.

f. Payment for periods when residents are absent for a visit or hospitalization shall be made at 42 percent of the nursing facility's rate. Effective May 1, 2003, Medicaid reimbursement savings attributable to the limitation of payments to facilities for periods when residents are absent shall be used to pay costs associated with the design and implementation of that limitation before reversion to Medicaid.

g. Payment for residents determined by utilization review to require the residential level of care shall be made at the maximum state supplementary assistance rate. This rate is effective as of the date of final notice by utilization review that the lower level of care is required.

h. In-state nursing facilities serving Medicaid eligible patients who require a ventilator at least six hours every day, are inappropriate for home care, and have medical needs that require skilled care as determined by the peer review organization shall receive reimbursement for the care of these patients equal to the sum of the Medicare-certified hospital-based nursing facility direct care rate component limit plus the Medicare-certified hospital-based nursing facility non-direct care rate component limit factor pursuant to subparagraph 81.6(16) "f"(3). Facilities may continue to receive reimbursement at this rate for 30 days for any person weaned from a respirator who continues to reside in the facility and continues to meet skilled care criteria for those 30 days.

81.10(5) Supplementation. Only the amount of client participation may be billed to the resident for the cost of care and the facility must accept the combination of client participation and payment made through the Iowa Medicaid program as payment in full for the care of a resident. No additional charges shall be made to residents or family members for any supplies or services required in the facility-developed plan of care for the resident.

Residents may choose to spend their personal funds on items of personal care such as professional beauty or barber services but the facility shall not require this expenditure and shall not routinely obligate residents to any use of their personal funds.

a. Supplies or services which the facility shall provide:

(1) Nursing services, social work services, activity programs, individual and group therapy, rehabilitation or habilitation programs provided by facility staff in order to carry out the plan of care for the resident.

(2) Services related to the nutrition, comfort, cleanliness and grooming of a resident as required under state licensure and Medicaid survey regulations.

(3) Medical equipment and supplies including wheelchairs, medical supplies except for those listed in 441—paragraph 78.10(4) "b," oxygen except under circumstances specified in 441—paragraph 78.10(2) "a," and other items required in the facility-developed plan of care.

(4) Nonprescription drugs ordered by the physician except for those specified in 441—78.1(2) "f."

(5) Fees charged by medical professionals for services requested by the facility which do not meet criteria for direct Medicaid payment.

b. The facility shall arrange for transportation to receive necessary medical services outside the facility. If a family member, friend, or volunteer is not available to provide the transportation at no charge, the facility shall arrange and pay for the medically necessary transportation.

c. The Medicaid program will provide direct payment to relieve the facility of payment responsibility for certain medical equipment and services which meet the Medicare definition of medical necessity and are provided by vendors enrolled in the Medicaid programs including:

(1) Physician services.

(2) Ambulance services.

(3) Hospital services.

(4) Hearing aids, braces and prosthetic devices.

(5) Therapy services.

d. Other supplies or services for which direct Medicaid payment may be available include:

(1) Drugs covered pursuant to 441—78.1(2).

(2) Dental services.

(3) Optician and optometrist services.

(4) Repair of medical equipment and appliances which belong to the resident.

(5) Transportation to receive medical services outside the community subject to limitations specified in rule 441—78.13(249A).

(6) Other medical services specified in 441—Chapter 78.

e. The following supplementation is permitted:

(1) The resident, the resident's family, or friends may pay to hold the resident's bed in cases where a resident who is not discharged from the facility spends over 18 days per year on visits (or longer under 81.10(4) "d") or spends over 10 days per calendar month on a hospital stay. These supplementation payments shall not exceed the amount the department would pay to hold the bed under paragraph 81.10(4) "f."

When the resident is discharged, the facility may handle the holding of the bed in the same manner as for a private paying resident.

(2) Payments made by the resident's family toward cost of care of the resident shall not be considered as supplementation so long as the payments are included in client participation and are not over and above the payment made by the state for care of the resident.

(3) If a physician does not order a nonprescription drug by brand name, the facility may offer a generic. If a resident or family member requests a brand name, the resident or family member may pay for the brand-name nonprescription drug.

81.10(6) *Payment for out-of-state care.* Rescinded IAB 9/5/90, effective 11/1/90.

81.10(7) *Comparative charges between private pay and Medicaid residents.* Rescinded IAB 2/6/02, effective 4/1/02.

441—81.11(249A) Billing procedures.

81.11(1) *Claims.* Claims for service must be sent to the Iowa Medicaid enterprise after the month of service and within 365 days of the date of service. Claims may be submitted electronically on software provided by the Iowa Medicaid enterprise or in writing on Form 470-0039.

a. When payment is made, the facility will receive a copy of Form 470-0039, Iowa Medicaid Long-Term Care Claim. The white copy of the form shall be signed and returned to the Iowa Medicaid enterprise as a claim for the next month. If the claim is submitted electronically, the facility will receive remittance advice of the claims paid.

b. When there has been a new admission or a discharge, the facility shall submit Form 470-0039 with the changes noted. When a change is necessary to adjust a previously paid claim, the facility shall submit Form 470-0040, Credit/Adjustment Request. Adjustments to electronically submitted claims may be made electronically as provided for by the Iowa Medicaid enterprise. A request for an adjustment to a paid claim must be received by the Iowa Medicaid enterprise within one year from the date the claim was paid in accordance with rule 441—80.4(249A).

81.11(2) Reserved.

This rule is intended to implement Iowa Code sections 249A.2(6) and 249A.3(2) "a."

441—81.12(249A) Closing of facility. When a facility is planning on closing, the department shall be notified at least 60 days in advance of the closing. Plans for the transfer of residents receiving medical assistance shall be approved by the local office of the department.

This rule is intended to implement Iowa Code sections 249A.2(6) and 249A.3(2) "a."

441—81.13(249A) Conditions of participation for nursing facilities. All nursing facilities shall enter into a contractual agreement with the department which sets forth the terms under which they will participate in the program.

81.13(1) *Procedures for establishing health care facilities as Medicaid facilities.* All survey procedures and certification process shall be in accordance with Department of Health and Human Services publication "State Operations Manual."

a. The facility shall obtain the applicable license from the department of inspections and appeals and must be recommended for certification by the department of inspections and appeals.

b. The facility shall request an application, Form 470-0254, Iowa Medicaid Provider Enrollment Application, from the Iowa Medicaid enterprise provider services unit.

c. The Iowa Medicaid enterprise provider services unit shall transmit an application form and a copy of the nursing facility provider manual to the facility.

d. The facility shall complete its portion of the application form and submit it to the Iowa Medicaid enterprise provider services unit.

e. The Iowa Medicaid enterprise provider services unit shall review the application form and verify with the department of inspections and appeals that the facility is licensed and has been recommended for certification.

f. Prior to requesting enrollment, the facility shall contact the department of inspections and appeals to schedule a survey. The department of inspections and appeals shall schedule and complete a survey of the facility.

g. The department of inspections and appeals shall notify the facility of any deficiencies and ask for a plan for the correction of the deficiencies.

h. The facility shall submit a plan of correction within ten days after receipt of written deficiencies from the health facilities division department of inspections and appeals. This plan must be approved before the facility can be certified.

i. The department of inspections and appeals shall evaluate the survey findings and plan of correction and either recommend the facility for certification or recommend denial of certification. The date of certification will be the date of approval of the plan of corrections.

j. When certification is recommended, the department of inspections and appeals shall notify the department recommending a provider agreement.

k. Rescinded IAB 12/6/95, effective 2/1/96.

81.13(2) Medicaid provider agreements. The health care facility shall be recommended for certification by the department of inspections and appeals for participation as a nursing facility before a provider agreement may be issued. All survey procedures and certification process shall be in accordance with Department of Health and Human Services publication "Providers Certification State Operations Manual." The effective date of a provider agreement may not be earlier than the date of certification.

a. Rescinded IAB 2/3/93, effective 4/1/93.

b. Rescinded IAB 2/3/93, effective 4/1/93.

c. Rescinded IAB 2/3/93, effective 4/1/93.

d. Rescinded IAB 2/3/93, effective 4/1/93.

e. When it becomes necessary for the department to cancel or refuse to renew a Title XIX provider agreement, federal financial participation may continue for 30 days beyond the date of cancellation, if the extension is necessary to ensure the orderly transfer of residents.

f. Rescinded IAB 2/3/93, effective 4/1/93.

81.13(3) Distinct part requirement. All facilities which provide nursing facility care and also provide other types of care shall set aside a distinct or identifiable part for the provision of the nursing facility care.

a. The distinct part shall meet the following conditions:

(1) The distinct part shall meet all requirements for a nursing facility.

(2) The distinct part shall be identifiable as a unit such as a designated group of rooms, an entire ward or contiguous wards, wings, floor, or building. It shall consist of all beds and related facilities in the unit for whom payment is being made for nursing facility services. It shall be clearly identified and licensed by the department of inspections and appeals.

(3) The appropriate personnel shall be assigned to the identifiable unit and shall work regularly therein. Immediate supervision of staff shall be provided in the unit at all times by qualified personnel as required for licensure.

(4) The distinct part may share such central services and facilities as management services, dietary services, building maintenance and laundry with other units.

(5) When members of the staff share time between units of the facility, written records shall be maintained of the time assigned to each unit.

b. Hospitals participating as nursing facilities shall meet all of the same conditions applicable to freestanding nursing facilities.

c. Nothing herein shall be construed as requiring transfer of a resident within or between facilities when in the opinion of the attending physician the transfer might be harmful to the physical or mental health of the resident. The opinion of the physician shall be recorded on the resident's medical chart and stands as a continuing order unless the circumstances requiring the exception change.

81.13(4) *Civil rights.* The nursing facility shall comply with Title VI of the Civil Rights Act of 1964 in all areas of administration including admissions, records, services and physical facilities, room assignments and transfers, attending physicians' privileges and referrals. Written statements of compliance shall be available to residents, employees, attending physicians and other members of the public.

81.13(5) *Resident rights.* The resident has a right to a dignified existence, self-determination and communication with and access to persons and services inside and outside the facility. A facility shall protect and promote the rights of each resident, including each of the following rights:

a. *Exercise of rights.*

(1) The resident has the right to exercise rights as a resident of the facility and as a citizen of the United States.

(2) The resident has the right to be free of interference, coercion, discrimination, or reprisal from the facility in exercising those rights.

(3) In the case of a resident adjudged incompetent under the laws of a state, by a court of competent jurisdiction, the rights of the resident are exercised by the person appointed under state law to act on the resident's behalf.

(4) In the case of a resident who has not been adjudged incompetent by the state court, any legal-surrogate designated in accordance with state law may exercise the resident's rights to the extent provided by state law.

b. *Notice of rights and services.*

(1) The facility shall inform the resident, both orally and in writing in a language that the resident understands, of the resident's rights and all rules and regulations governing resident conduct and responsibilities during the stay in the facility. The facility shall also provide the resident with the pamphlet "Medicaid for People in Nursing Homes and Other Care Facilities," Comm. 52. This notification shall be made prior to or upon admission and during the resident's stay. Receipt of this information, and any amendments to it, must be acknowledged in writing.

(2) The resident or the resident's legal representative has the right, upon an oral or written request, to access all records pertaining to the resident including clinical records within 24 hours (excluding weekends and holidays); and after receipt of the records for inspection, to purchase at a cost not to exceed the community standard photocopies of the records or any portions of them upon request and two working days' advance notice to the facility.

(3) The resident has the right to be fully informed in language that the resident can understand of the resident's total health status, including, but not limited to, medical condition.

(4) The resident has the right to refuse treatment and to refuse to participate in experimental research.

(5) The facility shall:

1. Inform each resident who is entitled to Medicaid benefits, in writing, at the time of admission to the nursing facility or when the resident becomes eligible for Medicaid, of the items and services that are included in nursing facility services under the state plan and for which the resident may not be charged and of those other items and services that the facility offers and for which the resident may be charged, and the amount of charges for those services.

2. Inform each resident when changes are made to the items and services specified in number "1" of this subparagraph.

(6) The facility shall inform each resident before, or at the time of admission, and periodically during the resident's stay, of services available in the facility and of charges for those services, including any charges for services not covered under Medicare or by the facility's per diem rate.

(7) The facility shall furnish a written description of legal rights which includes:

1. A description of the manner of protecting personal funds.

2. A description of the requirements and procedures for establishing eligibility for Medicaid, including the right to request an assessment which determines the extent of a couple's nonexempt resources at the time of institutionalization and attributes to the community spouse an equitable share of resources which cannot be considered available for payment toward the cost of the institutionalized spouse's medical care in the resident's process of spending down to Medicaid eligibility levels.

3. A posting of names, addresses, and telephone numbers of all pertinent state client advocacy groups such as the state survey and certification agency, the state licensure office, the state ombudsman program, the protection and advocacy network, and the Medicaid fraud control unit.

4. A statement that the resident may file a complaint with the state survey and certification agency concerning resident abuse, neglect and misappropriation of resident property in the facility.

(8) The facility shall inform each resident of the name, specialty and way of contacting the physician responsible for the resident's care.

(9) The facility shall prominently display in the facility written information and provide to residents and applicants for admission oral and written information about how to apply for and use Medicare and Medicaid benefits, and how to receive refunds for previous payments covered by these benefits.

(10) Notification of changes.

1. A facility shall immediately inform the resident, consult with the resident's physician, and, if known, notify the resident's legal representative or an interested family member when there is an accident involving the resident which results in injury and has the potential for requiring physician intervention; a significant change in the resident's physical, mental, or psychosocial status (i.e., a deterioration in health, mental, or psychosocial status in either life-threatening conditions or clinical complications); a need to alter treatment significantly (i.e., a need to discontinue an existing form of treatment due to adverse consequences, or to commence a new form of treatment); or a decision to transfer or discharge the resident from the facility.

2. The facility shall also promptly notify the resident and, if known, the resident's legal representative or interested family member when there is a change in room or roommate assignment or a change in resident rights under federal or state law or regulations.

3. The facility shall record and periodically update the address and telephone number of the resident's legal representative or interested family member.

c. Protection of resident funds.

(1) The resident has the right to manage the resident's financial affairs and the facility may not require residents to deposit their personal funds with the facility.

(2) Management of personal funds. Upon written authorization of a resident, the facility shall hold, safeguard, manage and account for the personal funds of the resident deposited with the facility, as specified in subparagraphs (3) to (8) of this paragraph.

(3) Deposit of funds. The facility shall deposit any residents' personal funds in excess of \$50 in an interest-bearing account that is separate from any of the facility's operating accounts, and that credits all interest earned on the resident's funds to that account. In pooled accounts, there must be a separate accounting for each resident's share.

The facility shall maintain a resident's personal funds that do not exceed \$50 in a non-interest-bearing account, an interest-bearing account, or petty cash fund.

(4) Accounting and records. The facility shall establish and maintain a system that ensures a full and complete and separate accounting, according to generally accepted accounting principles, of each resident's personal funds entrusted to the facility on the resident's behalf.

1. The system shall preclude any commingling of resident funds with facility funds or with the funds of any person other than another resident.

2. The individual financial record shall be available through quarterly statements and on request to the resident or the resident's legal representative.

(5) Notice of certain balances. The facility shall notify each resident that receives Medicaid benefits:

1. When the amount in the resident's account reaches \$200 less than the SSI resource limit for one person.

2. That, if the amount in the account, in addition to the value of the resident's other nonexempt resources, reaches the SSI resource limit for one person, the resident may lose eligibility for Medicaid or SSI.

(6) Conveyance upon death. Upon the death of a resident with a personal fund deposited with the facility, the facility shall convey within 30 days the resident's funds, and a final accounting of those funds, to the individual or probate jurisdiction administering the resident's estate.

(7) Assurance of financial security. The facility shall purchase a surety bond, or otherwise provide assurance satisfactory to the department of inspections and appeals and the department of human services, to ensure the security of all personal funds of residents deposited with the facility.

(8) Limitation on charges to personal funds. The facility may not impose a charge against the personal funds of a resident for any item or service for which payment is made under Medicaid or Medicare.

d. Free choice. The resident has the right to:

(1) Choose a personal attending physician.

(2) Be fully informed in advance about care and treatment and of any changes in that care or treatment that may affect the resident's well-being.

(3) Unless adjudged incompetent or otherwise found to be incapacitated under the laws of the state, participate in planning care and treatment or changes in care and treatment.

e. Privacy and confidentiality. The resident has the right to personal privacy and confidentiality of personal and clinical records.

(1) Personal privacy includes accommodations, medical treatment, written and telephone communications, personal care, visits, and meetings of family and resident groups, but this does not require the facility to provide a private room.

(2) Except as provided in subparagraph (3) below, the resident may approve or refuse the release of personal and clinical records to any person outside the facility.

(3) The resident's right to refuse release of personal and clinical records does not apply when the resident is transferred to another health care institution or record release is required by law.

f. Grievances. A resident has the right to:

(1) Voice grievances without discrimination or reprisal for voicing the grievances. The grievances include those with respect to treatment which has been furnished as well as that which has not been furnished.

(2) Prompt efforts by the facility to resolve grievances the resident may have, including those with respect to the behavior of other residents.

g. Examination of survey results. A resident has the right to:

(1) Examine the results of the most recent survey of the facility conducted by federal or state surveyors and any plan of correction in effect with respect to the facility. The facility must make the results available for examination in a place readily accessible to residents, and must post a notice of their availability.

(2) Receive information from agencies acting as client advocates, and be afforded the opportunity to contact these agencies.

h. Work. The resident has the right to:

(1) Refuse to perform services for the facility.

(2) Perform services for the facility if the resident chooses, when:

1. The facility has documented the need or desire for work in the plan of care.

2. The plan specifies the nature of the services performed and whether the services are voluntary or paid.

3. Compensation for paid services is at or above prevailing rates.

4. The resident agrees to the work arrangement described in the plan of care.

5. Rescinded IAB 3/4/92, effective 4/8/92.

i. Mail. The resident has the right to privacy in written communications, including the right to send and receive mail promptly that is unopened and to have access to stationery, postage and writing implements at the resident's own expense.

j. Access and visitation rights.

(1) The resident has the right and the facility shall provide immediate access to any resident by the following:

1. Any representative of the secretary of the Department of Health and Human Services.
2. Any representative of the state.
3. The resident's individual physician.
4. The state long-term care ombudsman.
5. The agency responsible for the protection and advocacy system for developmentally disabled individuals.
6. The agency responsible for the protection and advocacy system for mentally ill individuals.
7. Immediate family or other relatives of the resident subject to the resident's right to deny or withdraw consent at any time.
8. Others who are visiting with the consent of the resident subject to reasonable restrictions and to the resident's right to deny or withdraw consent at any time.

(2) The facility shall provide reasonable access to any resident by any entity or individual that provides health, social, legal, or other services to the resident, subject to the resident's right to deny or withdraw consent at any time.

(3) The facility shall allow representatives of the state ombudsman to examine a resident's clinical records with the permission of the resident or the resident's legal representative, and consistent with state law.

k. Telephone. The resident has the right to have reasonable access to the use of a telephone where calls can be made without being overheard.

l. Personal property. The resident has the right to retain and use personal possessions, including some furnishings, and appropriate clothing, as space permits, unless to do so would infringe upon the rights or health and safety of other residents.

m. Married couples. The resident has the right to share a room with the resident's spouse when married residents live in the same facility and both spouses consent to the arrangement.

n. Self-administration of drugs. An individual resident has the right to self-administer drugs if the interdisciplinary team has determined that this practice is safe.

o. Refusal of certain transfers.

(1) A person has the right to refuse a transfer to another room within the institution, if the purpose of the transfer is to relocate a resident of a skilled nursing facility from the distinct part of the institution that is a skilled nursing facility to a part of the institution that is not a skilled nursing facility or, if a resident of a nursing facility, from the distinct part of the institution that is a nursing facility to a distinct part of the institution that is a skilled nursing facility.

(2) A resident's exercise of the right to refuse transfer under subparagraph (1) does not affect the resident's eligibility or entitlement to Medicare or Medicaid benefits.

p. Advance directives.

(1) The nursing facility, at the time of admission, shall provide written information to each resident which explains the resident's rights under state law to make decisions concerning medical care, including the right to accept or refuse medical or surgical treatment and the right to formulate advance directives and the nursing facility's policies regarding the implementation of these rights.

(2) The nursing facility shall document in the resident's medical record whether or not the resident has executed an advance directive.

(3) The nursing facility shall not condition the provision of care or otherwise discriminate against a resident based on whether or not the resident has executed an advance directive.

(4) The nursing facility shall ensure compliance with requirements of state law regarding advance directives.

(5) The nursing facility shall provide for education for staff and the community on issues concerning advance directives.

Nothing in this paragraph shall be construed to prohibit the application of a state law which allows for an objection on the basis of conscience for any nursing facility which as a matter of conscience cannot implement an advance directive.

81.13(6) *Admission, transfer and discharge rights.*

a. Transfer and discharge.

(1) Definition: Transfer and discharge includes movement of a resident to a bed outside of the certified facility whether that bed is in the same physical plant or not. Transfer and discharge does not refer to movement of a resident to a bed within the same certified facility.

(2) Transfer or discharge requirements. The facility shall permit each resident to remain in the facility, and not transfer or discharge the resident from the facility unless:

1. The transfer or discharge is necessary for the resident's welfare and the resident's needs cannot be met in the facility.

2. The transfer or discharge is appropriate because the resident's health has improved sufficiently so the resident no longer needs the services provided by the facility.

3. The safety of persons in the facility is endangered.

4. The health of persons in the facility would otherwise be endangered.

5. The resident has failed, after reasonable and appropriate notice, to pay for (or to have paid under Medicare or Medicaid) a stay at the facility. For a resident who becomes eligible for Medicaid after admission to a facility, the facility may charge a resident only allowable charges under Medicaid.

6. The facility ceases to operate.

(3) Documentation. When the facility transfers or discharges a resident under any of the circumstances specified in subparagraph (2), numbers 1 through 5 above, the resident's clinical record shall be documented. The documentation shall be made by:

1. The resident's physician when transfer or discharge is necessary under subparagraph (2), number 1 or 2.

2. A physician when transfer or discharge is necessary under subparagraph (2), number 4.

(4) Notice before transfer. Before a facility transfers or discharges a resident, the facility shall:

1. Notify the resident and, if known, a family member or legal representative of the resident of the transfer or discharge and the reasons for the move in writing and in a language and manner they understand.

2. Record the reasons in the resident's clinical record.

3. Include in the notice the items in subparagraph (6) below.

(5) Timing of the notice. The notice of transfer or discharge shall be made by the facility at least 30 days before the resident is transferred or discharged except that notice shall be made as soon as practicable before transfer or discharge when:

1. The safety of persons in the facility would be endangered.

2. The health of persons in the facility would be endangered.

3. The resident's health improves sufficiently to allow a more immediate transfer or discharge.

4. An immediate transfer or discharge is required by the resident's urgent medical needs.

5. A resident has not resided in the facility for 30 days.

(6) Contents of the notice. The written notice shall include the following:

1. The reason for transfer or discharge.

2. The effective date of transfer or discharge.

3. The location to which the resident is transferred or discharged.

4. A statement that the resident has the right to appeal the action to the department.

5. The name, address, and telephone number of the state long-term care ombudsman.

6. The mailing address and telephone number of the agency responsible for the protection and advocacy of developmentally disabled individuals for residents with developmental disabilities.

7. The mailing address and telephone number of the agency responsible for the protection and advocacy of mentally ill individuals for residents who are mentally ill.

(7) Orientation for transfer or discharge. A facility shall provide sufficient preparation and orientation to residents to ensure safe and orderly transfer or discharge from the facility.

b. Notice of bed-hold policy and readmission.

(1) Notice before transfer. Before a facility transfers a resident to a hospital or allows a resident to go on therapeutic leave, the facility shall provide written information to the resident and a family member or legal representative that specifies:

1. The duration of the bed-hold policy under the state plan during which the resident is permitted to return and resume residence in the facility.

2. The facility's policies regarding bed-hold periods, which shall be consistent with subparagraph (3) below, permitting a resident to return.

(2) Notice upon transfer. At the time of transfer of a resident to a hospital or for therapeutic leave, a nursing facility shall provide written notice to the resident and a family member or legal representative, which specifies the duration of the bed-hold policy described in subparagraph (1) above.

(3) Permitting resident to return to facility. A nursing facility shall establish and follow a written policy under which a resident, whose hospitalization or therapeutic leave exceeds the bed-hold period under the state plan, is readmitted to the facility immediately upon the first availability of a bed in a semiprivate room if the resident requires the services provided by the facility and is eligible for Medicaid nursing facility services.

c. Equal access to quality care.

(1) A facility shall establish and maintain identical policies and practices regarding transfer, discharge, and the provision of services under the state plan for all persons regardless of source of payment.

(2) The facility may charge any amount for services furnished to non-Medicaid residents consistent with the notice requirement in 81.13(1) "a"(5).

(3) The state is not required to offer additional services on behalf of a resident other than services provided in the state plan.

d. Admissions policy.

(1) The facility shall not require residents or potential residents to:

1. Waive their rights to Medicare or Medicaid; or

2. Give oral or written assurance that they are not eligible for, or will not apply for, Medicare or Medicaid benefits. However, a continuing care retirement community or a life care community that is licensed, registered, certified, or the equivalent by the state, including a nursing facility that is part of such a community, may require in its contract for admission that before a resident applies for medical assistance, the resources that the resident declared for the purposes of admission must be spent on the resident's care, subject to 441—subrule 75.5(3), 441—paragraph 75.5(4) "a," and 441—subrule 75.16(2).

(2) The facility shall not require a third-party guarantee of payment to the facility as a condition of admission or expedited admission, or continued stay in the facility. However, the facility may require a person who has legal access to a resident's income or resources available to pay for facility care to sign a contract, without incurring personal financial liability, to provide facility payment from the resident's income or resources.

(3) In the case of a person eligible for Medicaid, a nursing facility must not charge, solicit, accept, or receive, in addition to any amount otherwise required to be paid under the state plan, any gift, money, donation, or other consideration as a precondition of admission, expedited admission or continued stay in the facility. However:

1. A nursing facility may charge a resident who is eligible for Medicaid for items and services the resident has requested and received, and that are not specified in the state plan as included in the term "nursing facility services" so long as the facility gives proper notice of the availability and cost of these services to residents and does not condition the resident's admission or continued stay on the request for and receipt of these additional services.

2. A nursing facility may solicit, accept, or receive a charitable, religious, or philanthropic contribution from an organization or from a person unrelated to a Medicaid-eligible resident or potential resident, but only to the extent that the contribution is not a condition of admission, expedited admission, or continued stay in the facility for a Medicaid-eligible resident.

(4) States or political subdivisions may apply stricter admission standards under state or local laws than are specified in these rules, to prohibit discrimination against persons entitled to Medicaid.

81.13(7) Resident behavior and facility practices.

a. Restraints. The resident has the right to be free from any physical or chemical restraints imposed for purposes of discipline or convenience and not required to treat the resident's medical symptoms.

b. Abuse. The resident has the right to be free from verbal, sexual, physical, or mental abuse, corporal punishment, and involuntary seclusion.

c. Staff treatment of residents. The facility shall develop and implement written policies and procedures that prohibit mistreatment, neglect, and abuse of residents and misappropriation of resident property.

* (1) Facility staff shall not use verbal, mental, sexual, or physical abuse, including corporal punishment, or involuntary seclusion of residents. The facility shall not employ persons who have been found guilty by a court of law of abusing, neglecting or mistreating residents or who have had a finding entered into the state nurse aide registry concerning abuse, neglect, mistreatment of residents or misappropriation of their property.

The facility shall report any knowledge it has of actions by a court of law against an employee, which would indicate unfitness for service as a nurse aide or other facility staff to the state nurse aide registry or licensing authorities.

*See Objection filed 8/25/92 published herein at end of 441—Chapter 81.

(2) The facility shall ensure that all alleged violations involving mistreatment, neglect or abuse including injuries of unknown source and misappropriation of resident property, are reported immediately to the administrator of the facility or to other officials (including the department of inspections and appeals) in accordance with state law through established procedures.

(3) The facility shall have evidence that all alleged violations are thoroughly investigated and shall prevent further potential abuse while the investigation is in progress.

(4) The results of all investigations conducted by facility staff shall be reported to the administrator or the administrator's designated representative or to other officials (including the department of inspections and appeals) in accordance with state law within five working days of the incident and if the alleged violation is verified, take appropriate corrective action.

81.13(8) Quality of life. A facility shall care for its residents in a manner and in an environment that promotes maintenance or enhancement of each resident's quality of life.

a. Dignity. The facility shall promote care for residents in a manner and in an environment that maintains or enhances each resident's dignity and respect in full recognition of the resident's individuality.

b. Self-determination and participation. The resident has the right to:

(1) Choose activities, schedules, and health care consistent with the resident's interests, assessments and plans of care.

(2) Interact with members of the community both inside and outside the facility.

(3) Make choices about aspects of life in the facility that are significant to the resident.

c. Participation in resident and family groups.

(1) A resident has the right to organize and participate in resident groups in the facility.

(2) A resident's family has the right to meet in the facility with the families of other residents in the facility.

(3) The facility shall provide a resident or family group, if one exists, with private space.

(4) Staff or visitors may attend meetings at the group's invitation.

(5) The facility shall provide a designated staff person responsible for providing assistance and responding to written requests that result from group meetings.

(6) When a resident or family group exists, the facility shall listen to the views and act upon the grievances and recommendations of residents and families concerning proposed policy and operational decisions affecting resident care and life in the facility.

d. Participation in other activities. A resident has the right to participate in social, religious, and community activities that do not interfere with the rights of other residents in the facility.

e. Accommodation of needs. A resident has the right to:

(1) Reside and receive services in the facility with reasonable accommodation of individual needs and preferences, except when the health or safety of the individual or other residents would be endangered.

(2) Receive notice before the resident's room or roommate in the facility is changed.

f. Activities.

(1) The facility shall provide for an ongoing program of activities designed to meet, in accordance with the comprehensive assessment, the interests and the physical, mental, and psychosocial well-being of each resident.

(2) The activities program shall be directed by a qualified professional who meets one of the following criteria:

1. Is a qualified therapeutic recreation specialist or an activities professional who is eligible for certification as a therapeutic recreation specialist or as an activities professional by a recognized accrediting body on or after October 1, 1990.

2. Has two years of experience in a social or recreational program within the last five years, one of which was full-time in a patient activities program in a health care setting.

3. Is a qualified occupational therapist or occupational therapy assistant.

4. Has completed a training course approved by the state.

g. Social services.

(1) The facility shall provide medically related social services to attain or maintain the highest practicable physical, mental, or psychosocial well-being of each resident.

(2) A facility with more than 120 beds shall employ a qualified social worker on a full-time basis.

(3) Qualifications of social worker. A qualified social worker is a person who meets both of the following criteria:

1. A bachelor's degree in social work or a bachelor's degree in a human services field including, but not limited to, sociology, special education, rehabilitation, counseling and psychology.

2. One year of supervised social work experience in a health care setting working directly with individuals.

h. Environment. The facility shall provide:

(1) A safe, clean, comfortable and homelike environment, allowing the resident to use personal belongings to the extent possible.

(2) Housekeeping and maintenance services necessary to maintain a sanitary, orderly and comfortable interior.

(3) Clean bed and bath linens that are in good condition.

(4) Private closet space in each resident room.

(5) Adequate and comfortable lighting levels in all areas.

(6) Comfortable and safe temperature levels. Facilities initially certified after October 1, 1990, shall maintain a temperature range of 71 to 81 degrees Fahrenheit.

(7) For the maintenance of comfortable sound levels.

81.13(9) Resident assessment. The facility shall conduct initially and periodically a comprehensive, accurate, standardized, reproducible assessment of each resident's functional ability.

a. Admission orders. At the time each resident is admitted, the facility shall have physician orders for the resident's immediate care.

b. Comprehensive assessments.

(1) The facility shall make a comprehensive assessment of a resident's needs which is based on the minimum data set (MDS) specified by the department of inspections and appeals, which describes the resident's capability to perform daily life functions and significant impairments in functional capacity.

(2) The assessment process shall include direct observation and communication with the resident, as well as communication with licensed and nonlicensed direct care staff members on all shifts. The comprehensive assessment shall include at least the following information:

1. Identification and demographic information.
 2. Customary routine.
 3. Cognitive patterns.
 4. Communication.
 5. Vision.
 6. Mood and behavior patterns.
 7. Psychosocial well-being.
 8. Physical functioning and structural problems.
 9. Continence.
 10. Disease diagnoses and health conditions.
 11. Dental and nutritional status.
 12. Skin condition.
 13. Activity pursuit.
 14. Medications.
 15. Special treatments and procedures.
 16. Discharge potential.
 17. Documentation of summary information regarding the additional assessment performed through the resident assessment protocols.
 18. Documentation of participation in assessment.
 19. Additional specification relating to resident status as required in Section S of the MDS.
- (3) Frequency. Assessments shall be conducted:
1. Within 14 calendar days after admission or readmission, excluding readmissions in which there is no significant change in the resident's physical or mental condition. "Readmission" means a return to the facility following a temporary absence for hospitalization or for therapeutic leave.
 2. Within 14 calendar days after the facility determines, or should have determined, that there has been a significant change in the resident's physical or mental condition. A "significant change" means a major decline or improvement in the resident's status that will not normally resolve itself without further intervention by staff or by implementing standard disease-related clinical interventions, that has an impact on more than one area of the resident's health status, and that requires either interdisciplinary review, revision of the care plan, or both.
 3. In no case less often than once every 12 months.
- (4) Review of assessments. The facility shall examine each resident no less than once every three months, and as appropriate, revise the resident's assessment to ensure the continued accuracy of the assessment.
- (5) Maintenance and use. A facility shall maintain all resident assessments completed within the previous 15 months in the resident's active record and use the results to develop, review and revise the resident's comprehensive plan of care.
- (6) Coordination. The facility shall coordinate assessments with any state-required preadmission screening program to the maximum extent practicable to avoid duplicative testing and effort.
- (7) Automated data processing requirement.
1. Entering data. Within seven days after a facility completes a resident's assessment, a facility shall enter the following information for the resident into a computerized format that meets the specifications defined in numbered paragraphs "2" and "4" below.
 - Admission assessment.
 - Annual assessment updates.
 - Significant change in status assessments.
 - Quarterly review assessments.
 - A subset of items upon a resident's transfer, reentry, discharge, and death.
 - Background (face sheet) information, if there is no admission assessment.
 2. Transmitting data. Within seven days after a facility completes a resident's assessment, a facility shall be capable of transmitting to the state each resident's assessment information contained in the MDS in a format that conforms to standard record layouts and data dictionaries and that passes edits that ensure

accurate and consistent coding of the MDS data as defined by the Centers for Medicare and Medicaid Services (CMS) and the department of human services or the department of inspections and appeals.

3. Monthly transmittal requirements. On at least a monthly basis, a facility shall input and electronically transmit accurate and complete MDS data for all assessments conducted during the previous month, including the following:

- Admission assessment.
- Annual assessment.
- Significant correction of prior full assessment.
- Significant correction of prior quarterly assessment.
- Quarterly review.
- A subset of items upon a resident's transfer, reentry, discharge, and death.
- Background (face sheet) information, for an initial transmission of MDS data on a resident who does not have an admission assessment.

4. The facility must transmit MDS data in the ASCII format specified by CMS.

(8) Resident-identifiable information. A facility shall not release information that is resident-identifiable to the public. The facility may release information that is resident-identifiable to an agent only in accordance with a contract under which the agent agrees not to use or disclose the information except to the extent the facility itself is permitted to do so.

c. Accuracy of assessments. The assessment shall accurately reflect the resident's status.

(1) Coordination. Each assessment shall be conducted or coordinated with the appropriate participation of health professionals. Each assessment shall be conducted or coordinated by a registered nurse.

(2) Certification. Each person who completes a portion of the assessment shall sign and certify the accuracy of that portion of the assessment. A registered nurse shall sign and certify that the assessment is completed.

(3) Penalty for falsification. An individual who willfully and knowingly certifies a material and false statement in a resident assessment is subject to a civil money penalty of not more than \$1,000 for each assessment. An individual who willfully and knowingly causes another individual to certify a material and false statement in a resident assessment is subject to a civil money penalty of not more than \$5,000 for each assessment.

Clinical disagreement does not constitute a material and false statement.

(4) Use of independent assessors. If the department of human services or the department of inspections and appeals determines, under a survey or otherwise, that there has been a knowing and willful certification of false statements under subparagraph (3) above, the department of human services or the department of inspections and appeals may require that resident assessments under this paragraph be conducted and certified by individuals who are independent of the facility and who are approved by the department of human services or the department of inspections and appeals for a period specified by the agency.

d. Comprehensive care plans.

(1) The facility shall develop a comprehensive care plan for each resident that includes measurable objectives and timetables to meet a resident's medical, nursing, and mental and psychosocial needs that are identified in the comprehensive assessment.

The care plan shall describe the following:

1. The services that are to be furnished to attain or maintain the resident's highest practicable physical, mental, and psychosocial well-being as required under subrule 81.13(10).

2. Any services that would otherwise be required under subrule 81.13(10), but are not provided due to the resident's exercise of rights under subrule 81.13(5), including the right to refuse treatment under subrule 81.13(5), paragraph "b," subparagraph (4).

(2) A comprehensive care plan shall be developed within seven days after completion of the comprehensive assessment by an interdisciplinary team and with the participation of the resident, the resident's family or legal representative to the extent practicable, and shall be periodically reviewed and revised by a team of qualified persons after each assessment.

The interdisciplinary team shall include the attending physician, a registered nurse with responsibility for the resident, and other appropriate staff in disciplines as determined by the resident's needs.

(3) The services provided or arranged by the facility shall meet professional standards of quality and be provided by qualified persons in accordance with each resident's written plan of care.

e. Discharge summary. When the facility anticipates discharges, a resident shall have a discharge summary that includes:

(1) A recapitulation of the resident's stay.

(2) A final summary of the resident's status to include items in paragraph "b," subparagraph (2) above, at the time of the discharge that is available for release to authorized persons and agencies, with the consent of the resident or legal representative.

(3) A postdischarge plan of care developed with the participation of the resident and resident's family which will assist the resident to adjust to a new living environment.

f. Preadmission screening for mentally ill individuals and individuals with mental retardation.

(1) A nursing facility shall not admit a new resident with mental illness or mental retardation unless the division of mental health, mental retardation, and developmental disabilities has approved the admission, based on an independent physical and mental health evaluation. This evaluation shall be reviewed by the Iowa Foundation for Medical Care prior to admission to determine whether the individual requires the level of services provided by the facility because of the physical and mental condition of the individual. If the individual requires nursing facility level of services, the individual shall receive specialized services for mental illness or mental retardation.

(2) Definition. For purposes of this rule:

1. An individual is considered to have "mental illness" if the individual has a primary or secondary diagnosis of mental disorder (as defined in the Diagnostic and Statistical Manual of Mental Disorders, 3rd edition) and does not have a primary diagnosis of dementia (including Alzheimer's disease or a related disorder).

2. An individual is considered to be "mentally retarded" if the individual is mentally retarded or a person with a related condition as described in 42 CFR 435.1009.

g. Preadmission resident assessment. The facility shall conduct prior to admission a resident assessment of all persons seeking nursing facility placement. The assessment information gathered shall be similar to the data in the minimum data set (MDS) resident assessment tool.

81.13(10) Quality of care. Each resident shall receive and the facility shall provide the necessary care and services to attain or maintain the highest practicable physical, mental and psychosocial well-being, in accordance with the comprehensive assessment and plan of care.

a. Activities of daily living. Based on the comprehensive assessment of a resident, the facility shall ensure that:

(1) A resident's abilities in activities of daily living do not diminish unless circumstances of the individual's clinical condition demonstrate that diminution was unavoidable. This includes the resident's ability to bathe, dress and groom; transfer and ambulate; toilet; eat, and to use speech, language or other functional communication systems.

(2) A resident is given the appropriate treatment and services to maintain or improve the resident's abilities specified in subparagraph (1) above.

(3) A resident who is unable to carry out activities of daily living receives the necessary services to maintain good nutrition, grooming, and personal and oral hygiene.

b. Vision and hearing. To ensure that residents receive proper treatment and assistive devices to maintain vision and hearing abilities, the facility shall, if necessary, assist the resident:

(1) In making appointments.

(2) By arranging for transportation to and from the office of a medical practitioner specializing in the treatment of vision or hearing impairment or the office of a professional specializing in the provision of vision or hearing assistive devices.

c. Pressure sores. Based on the comprehensive assessment of a resident, the facility shall ensure that:

(1) A resident who enters the facility without pressure sores does not develop pressure sores unless the individual's clinical condition demonstrates that they were unavoidable.

(2) A resident having pressure sores receives necessary treatment and services to promote healing, prevent infection and prevent new sores from developing.

d. Urinary incontinence. Based on the resident's comprehensive assessment, the facility shall ensure that:

(1) A resident who enters the facility without an indwelling catheter is not catheterized unless the resident's clinical condition demonstrates that catheterization was necessary.

(2) A resident who is incontinent of bladder receives appropriate treatment and services to prevent urinary tract infections and to restore as much normal bladder function as possible.

e. Range of motion. Based on the comprehensive assessment of a resident, the facility shall ensure that:

(1) A resident who enters the facility without a limited range of motion does not experience reduction in range of motion unless the resident's clinical condition demonstrates that a reduction in range of motion is unavoidable.

(2) A resident with a limited range of motion receives appropriate treatment and services to increase range of motion to prevent further decrease in range of motion.

f. Mental and psychosocial functioning. Based on the comprehensive assessment of a resident, the facility shall ensure that:

(1) A resident who displays mental or psychosocial adjustment difficulty receives appropriate treatment and services to correct the assessed problem.

(2) A resident whose assessment did not reveal a mental or psychosocial adjustment difficulty does not display a pattern of decreased social interaction or increased withdrawn, angry or depressive behaviors, unless the resident's clinical condition demonstrates that such a pattern was unavoidable.

g. Naso-gastric tubes. Based on the comprehensive assessment of a resident, the facility shall ensure that:

(1) A resident who has been able to eat enough alone or with assistance is not fed by naso-gastric tube unless the resident's clinical condition demonstrates that use of a naso-gastric tube was unavoidable.

(2) A resident who is fed by a naso-gastric or gastrostomy tube receives the appropriate treatment and services to prevent aspiration pneumonia, diarrhea, vomiting, dehydration, metabolic abnormalities, and nasopharyngeal ulcers and to restore, if possible, normal eating skills.

h. Accidents. The facility shall ensure that:

(1) The resident environment remains as free of accident hazards as is possible.

(2) Each resident receives adequate supervision and assistive devices to prevent accidents.

i. Nutrition. Based on a resident's comprehensive assessment, the facility shall ensure that a resident:

(1) Maintains acceptable parameters of nutritional status, such as body weight and protein levels, unless the resident's clinical condition demonstrates that this is not possible.

(2) Receives a therapeutic diet when there is a nutritional problem.

j. Hydration. The facility shall provide each resident with sufficient fluid intake to maintain proper hydration and health.

k. Special needs. The facility shall ensure that residents receive proper treatment and care for the following special services:

(1) Injections.

(2) Parenteral and enteral fluids.

(3) Colostomy, ureterostomy or ileostomy care.

(4) Tracheostomy care.

(5) Tracheal suctioning.

(6) Respiratory care.

(7) Foot care.

(8) Prostheses.

l. Unnecessary drugs.

(1) General. Each resident's drug regimen shall be free from unnecessary drugs. An unnecessary drug is any drug when used:

1. In excessive dose including duplicate drug therapy; or
2. For excessive duration; or
3. Without adequate monitoring; or
4. Without adequate indications for its use; or
5. In the presence of adverse consequences which indicate the dose should be reduced or discontinued; or
6. Any combinations of the reasons above.

(2) Antipsychotic drugs. Based on a comprehensive assessment of a resident, the facility shall ensure that:

1. Residents who have not used antipsychotic drugs are not given these drugs unless antipsychotic drug therapy is necessary to treat a specific condition as diagnosed and documented in the clinical record.
2. Residents who use antipsychotic drugs receive gradual dose reductions and behavioral programming, unless clinically contraindicated in an effort to discontinue these drugs.

m. Medication errors. The facility shall ensure that:

- (1) It is free of significant medication error rates of 5 percent or greater.
- (2) Residents are free of any significant medication errors.

81.13(11) Nursing services. The facility shall have sufficient nursing staff to provide nursing and related services to attain or maintain the highest practicable physical, mental, and psychosocial well-being of each resident, as determined by resident assessments and individual plans of care.

a. Sufficient staff.

(1) The facility shall provide services by sufficient numbers of each of the following types of personnel on a 24-hour basis to provide nursing care to all residents in accordance with resident care plans:

1. Except when waived under paragraph "c," licensed nurses.
 2. Other nursing personnel.
- (2) Except when waived under paragraph "c," the facility shall designate a licensed nurse to serve as a charge nurse on each tour of duty.

b. Registered nurse.

(1) Except when waived under paragraph "c," the facility shall use the services of a registered nurse for at least eight consecutive hours a day, seven days a week.

(2) Except when waived under paragraph "c," the facility shall designate a registered nurse to serve as the director of nursing on a full-time basis.

(3) The director of nursing may serve as a charge nurse only when the facility has an average daily occupancy of 60 or fewer residents.

c. Nursing facilities. Waiver of requirement to provide licensed nurses on a 24-hour basis. A facility may request a waiver from either the requirement that a nursing facility provide a registered nurse for at least eight consecutive hours a day, seven days a week, as specified in paragraph "b," or the requirement that a nursing facility provide licensed nurses on a 24-hour basis, including a charge nurse as specified in paragraph "a," if the following conditions are met:

(1) The facility demonstrates to the satisfaction of the state that the facility has been unable, despite diligent efforts (including offering wages at the community prevailing rate for nursing facilities), to recruit appropriate personnel.

(2) The department of inspections and appeals determines that a waiver of the requirement will not endanger the health or safety of individuals staying in the facility.

(3) The department of inspections and appeals finds that, for any periods in which licensed nursing services are not available, a registered nurse or a physician is obligated to respond immediately to telephone calls from the facility.

(4) A waiver granted under the conditions listed in paragraph "c" is subject to annual department of inspections and appeals review.

(5) In granting or renewing a waiver, a facility may be required by the department of inspections and appeals to use other qualified, licensed personnel.

(6) The department of inspections and appeals shall provide notice of a waiver granted under this paragraph to the state long-term care ombudsman established under Section 307(a)(12) of the Older Americans Act of 1965 and the protection and advocacy system in the state for the mentally ill and mentally retarded.

(7) The nursing facility that is granted a waiver under this paragraph shall notify residents of the facility or, where appropriate, the guardians or legal representatives of the residents and members of their immediate families of the waiver.

81.13(12) Dietary services. The facility shall provide each resident with a nourishing, palatable, well-balanced diet that meets the daily nutritional and special dietary needs of each resident.

a. Staffing. The facility shall employ a qualified dietitian either full-time, part-time or on a consultant basis.

(1) If a qualified dietitian is not employed full-time, the facility shall designate a person to serve as the director of food services who receives frequently scheduled consultation from a qualified dietitian.

(2) A qualified dietitian is one who is licensed by the state according to Iowa Code chapter 152A.

b. Sufficient staff. The facility shall employ sufficient support personnel competent to carry out the functions of the dietary service.

c. Menus and nutritional adequacy. Menus shall:

(1) Meet the nutritional needs of residents in accordance with the recommended dietary allowances of the Food and Nutrition Board of the National Research Council, National Academy of Sciences.

(2) Be prepared in advance.

(3) Be followed.

d. Food. Each resident receives and the facility provides:

(1) Food prepared by methods that conserve nutritive value, flavor and appearances.

(2) Food that is palatable, attractive and at the proper temperature.

(3) Food prepared in a form designed to meet individual needs.

(4) Substitutes offered of similar nutritive value to residents who refuse food served.

e. Therapeutic diets. Therapeutic diets shall be prescribed by the attending physician.

f. Frequency of meals.

(1) Each resident receives and the facility provides at least three meals daily, at regular times comparable to normal mealtimes in the community.

(2) There shall be no more than 14 hours between a substantial evening meal and breakfast the following day, except as provided in subparagraph (4) below.

(3) The facility shall offer snacks at bedtime daily.

(4) When a nourishing snack is provided at bedtime, up to 16 hours may elapse between a substantial evening meal and breakfast the following day if a resident group agrees to this meal span.

g. Assistive devices. The facility shall provide special eating equipment and utensils for residents who need them.

h. Sanitary conditions. The facility shall:

(1) Procure food from sources approved or considered satisfactory by federal, state or local authorities.

(2) Store, prepare, distribute and serve food under sanitary conditions.

(3) Dispose of garbage and refuse properly.

81.13(13) Physician services. A physician shall personally approve in writing a recommendation that an individual be admitted to a facility. Each resident shall remain under the care of a physician.

a. Physician supervision. The facility shall ensure that:

(1) The medical care of each resident is supervised by a physician.

(2) Another physician supervises the medical care of residents when their attending physician is unavailable.

b. Physician visits. The physician shall:

(1) Review the resident's total program of care, including medications and treatments, at each visit required by paragraph "c" below.

(2) Write, sign and date progress notes at each visit.

(3) Sign and date all orders.

c. Frequency of physician visits.

(1) The resident shall be seen by a physician at least once every 30 days for the first 90 days after admission, and at least once every 60 days thereafter.

(2) A physician visit is considered timely if it occurs not later than ten days after the date the visit was required.

(3) Except as provided in paragraph "e," all required physician visits shall be made by the physician personally.

d. Availability of physicians for emergency care. The facility shall provide or arrange for the provision of physician services 24 hours a day, in case of an emergency.

e. Performance of physician tasks in nursing facilities. Any required physician task in a nursing facility (including tasks which the rules specify must be performed personally by the physician) may also be satisfied when performed by a nurse practitioner, clinical nurse specialist, or physician assistant who is not an employee of the facility, but who is working in collaboration with a physician except where prohibited by state law.

81.13(14) Specialized rehabilitative services.

a. Provision of services. If specialized rehabilitative services such as, but not limited to, physical therapy, speech-language pathology, occupational therapy, and mental health rehabilitative services for mental illness and mental retardation, are required in the resident's comprehensive plan of care, the facility shall:

(1) Provide the required services; or

(2) Obtain the required services from an outside provider of specialized rehabilitative services.

b. Qualifications. Specialized rehabilitative services shall be provided under the written order of a physician by qualified personnel.

81.13(15) Dental services. The facility shall assist residents in obtaining routine and 24-hour emergency dental care. The facility shall:

a. Provide or obtain from an outside resource the following dental services to meet the needs of each resident:

(1) Routine dental services to the extent covered under the state plan.

(2) Emergency dental services.

b. If necessary, assist the resident in making appointments; and by arranging for transportation to and from the dentist's office.

c. Promptly refer residents with lost or damaged dentures to a dentist.

81.13(16) Pharmacy services. The facility shall provide routine and emergency drugs and biologicals to its residents or obtain them under an agreement. The nursing facility may permit a certified medication aide to administer drugs, but only under the general supervision of a licensed nurse.

a. Procedures. A facility shall provide pharmaceutical services (including procedures that ensure the accurate acquiring, receiving, dispensing, and administering of all drugs and biologicals) to meet the needs of each resident.

b. Service consultation. The facility shall employ or obtain the services of a licensed pharmacist who:

(1) Provides consultation on all aspects of the provision of pharmacy services in the facility.

(2) Establishes a system of records of receipt and disposition of all controlled drugs in sufficient detail to enable an accurate reconciliation.

(3) Determines that drug records are in order and that an account of all controlled drugs is maintained and periodically reconciled.

c. Drug regimen review.

(1) The drug regimen of each resident shall be reviewed at least once a month by a licensed pharmacist.

(2) The pharmacist shall report any irregularities to the attending physician and the director of nursing, and these reports shall be acted upon.

d. Labeling of drugs and biologicals. Drugs and biologicals used in the facility shall be labeled in accordance with currently accepted professional principles, and include the appropriate accessory and cautionary instructions, and the expiration date when applicable.

e. Storage of drugs and biologicals.

(1) In accordance with state and federal laws, the facility shall store all drugs and biologicals in locked compartments under proper temperature controls and permit only authorized personnel to have access to the keys.

(2) The facility shall provide separately locked, permanently affixed compartments for storage of controlled drugs listed in Schedule II of the Comprehensive Drug Abuse Prevention and Control Act of 1976 and other drugs subject to abuse, except when the facility uses single unit package drug distribution systems in which the quantity stored is minimal and a missing dose can be readily detected.

f. Consultant pharmacists. When the facility does not employ a licensed pharmacist, it shall have formal arrangements with a licensed pharmacist to provide consultation on methods and procedures for ordering, storage, administration and disposal and record keeping of drugs and biologicals. The formal arrangements with the licensed pharmacist shall include separate written contracts for pharmaceutical vendor services and consultant pharmacist services. The consultant's visits are scheduled to be of sufficient duration and at a time convenient to work with nursing staff on the resident care plan, consult with the administrator and others on developing and implementing policies and procedures, and planning in-service training and staff development for employees. The consultant shall provide monthly drug regimen review reports. The facility shall provide reimbursement for consultant pharmacists based on fair market value. Documentation of consultation shall be available for review in the facility.

81.13(17) Infection control. The facility shall establish and maintain an infection control program designed to provide a safe, sanitary, and comfortable environment in which residents reside and to help prevent the development and transmission of disease and infection.

a. Infection control program. The facility shall establish an infection control program under which it:

- (1) Investigates, controls and prevents infections in the facility.
- (2) Decides what procedures, such as isolation, should be applied to an individual resident.
- (3) Maintains a record of incidents and corrective actions related to infections.

b. Preventing spread of infection.

(1) When the infection control program determines that a resident needs isolation to prevent the spread of infection, the facility shall isolate the resident.

(2) The facility shall prohibit employees with a communicable disease or infected skin lesions from direct contact with residents or their food, if direct contact will transmit the disease.

(3) The facility shall require staff to wash their hands after each direct resident contact for which handwashing is indicated by accepted professional practice.

c. Linens. Personnel shall handle, store, process, and transport linens so as to prevent the spread of infection.

81.13(18) Physical environment. The facility shall be designed, constructed, equipped and maintained to protect the health and safety of residents, personnel and the public.

a. Life safety from fire. Except as provided in subparagraph (1) or (3) below, the facility shall meet the applicable provisions of the 1985 edition of the Life Safety Code of the National Fire Protection Association.

(1) A facility is considered to be in compliance with this requirement as long as the facility:

1. On November 26, 1982, complied with or without waivers with the requirements of the 1967 or 1973 editions of the Life Safety Code and continues to remain in compliance with those editions of the code; or

2. On May 9, 1988, complied, with or without waivers, with the 1981 edition of the Life Safety Code and continues to remain in compliance with that edition of the Code.

(2) When Medicaid nursing facilities and Medicaid distinct part nursing facility providers request a waiver of Life Safety Code requirements in accordance with Subsection 1919(d)(2)(B)(i) of the Social Security Act, the department of inspections and appeals shall forward the requests to the Centers for Medicare and Medicaid Services Regional Office for review and approval.

(3) The provisions of the Life Safety Code do not apply in a state where the Centers for Medicare and Medicaid Services finds that a fire and safety code imposed by state law adequately protects patients, residents and personnel in long-term care facilities.

b. Emergency power.

(1) An emergency electrical power system shall supply power adequate at least for lighting all entrances and exits, equipment to maintain the fire detection, alarm and extinguishing systems, and life support systems in the event the normal electrical supply is interrupted.

(2) When life support systems are used that have no nonelectrical backup, the facility shall provide emergency electrical power with an emergency generator, as defined in NFPA 99, Health Care Facilities, that is located on the premises.

c. Space and equipment. The facility shall:

(1) Provide sufficient space and equipment in dining, health services, recreation, and program areas to enable staff to provide residents with needed services as required by these standards and as identified in each resident's plan of care.

(2) Maintain all essential mechanical, electrical, and patient care equipment in safe operating condition.

d. Resident rooms. Resident rooms shall be designed and equipped for adequate nursing care, comfort and privacy of residents.

(1) Bedrooms shall:

1. Accommodate no more than four residents.

2. Measure at least 80 square feet per resident in multiple resident bedrooms, and at least 100 square feet in single resident rooms.

3. Have direct access to an exit corridor.

4. Be designed or equipped to ensure full visual privacy for each resident.

5. In facilities initially certified after March 31, 1992, except in private rooms, each bed shall have ceiling-suspended curtains, which extend around the bed to provide total visual privacy, in combination with adjacent walls and curtains.

6. Have at least one window to the outside.

7. Have a floor at or above grade level.

(2) The facility shall provide each resident with:

1. A separate bed of proper size and height for the convenience of the resident.

2. A clean, comfortable mattress.

3. Bedding appropriate to the weather and climate.

4. Functional furniture appropriate to the resident's needs and individual closet space in the resident's bedroom with clothes racks and shelves accessible to the resident.

(3) The department of inspections and appeals may permit variations in requirements specified in paragraph "d," subparagraph (1), numbers 1 and 2 above relating to rooms in individual cases when the facility demonstrates in writing that the variations are required by the special needs of the residents and will not adversely affect residents' health and safety.

e. Toilet facilities. Each resident room shall be equipped with or located adjacent to toilet facilities unless a waiver is granted by the department of inspections and appeals. Additionally, each resident room shall be equipped with or located adjacent to bathing facilities.

f. Resident call system. The nurse's station shall be equipped to receive resident calls through a communication system from:

(1) Resident rooms.

(2) Toilet and bathing facilities.

g. Dining and resident activities. The facility shall provide one or more rooms designated for resident dining and activities. These rooms shall:

- (1) Be well lighted.
- (2) Be well ventilated, with nonsmoking areas identified.
- (3) Be adequately furnished.
- (4) Have sufficient space to accommodate all activities.

h. Other environmental conditions. The facility shall provide a safe, functional, sanitary and comfortable environment for residents, staff and the public. The facility shall:

- (1) Establish procedures to ensure that water is available to essential areas when there is a loss of normal water supply.
- (2) Have adequate outside ventilation by means of windows or mechanical ventilation or a combination of the two.
- (3) Equip corridors with firmly secured handrails on each side.
- (4) Maintain an effective pest control program so that the facility is free of pests and rodents.

81.13(19) Administration. A facility shall be administered in a manner that enables it to use its resources effectively and efficiently to attain or maintain the highest practicable physical, mental and psychosocial well-being of each resident.

a. Licensure. A facility shall be licensed under applicable state and federal law.

b. Compliance with federal, state and local laws and professional standards. The facility shall operate and provide services in compliance with all applicable federal, state, and local laws, regulations and codes, and with accepted professional standards and principles that apply to professionals providing services in such a facility.

c. Relationship to other Department of Health and Human Services (HHS) regulations. In addition to compliance with these rules, facilities shall meet the applicable provisions of other HHS regulations, including, but not limited to, those pertaining to nondiscrimination on the basis of race, color, or national origin, nondiscrimination on the basis of handicap, nondiscrimination on the basis of age, protection of human subjects of research, and fraud and abuse. Although these regulations are not in themselves considered requirements under these rules, their violation may result in the termination or suspension of, or the refusal to grant or continue payment with federal funds.

d. Governing body.

- (1) The facility shall have a governing body, or designated persons functioning as a governing body, that is legally responsible for establishing and implementing policies regarding the management and operation of the facility.
- (2) The governing body appoints the administrator who is:
 1. Licensed by the state.
 2. Responsible for management of the facility.

e. Required training of nurse aides.

- (1) Definitions.

“*Licensed health professional*” means a physician; physician assistant; nurse practitioner; physical, speech or occupational therapist; registered professional nurse; licensed practical nurse; or licensed or certified social worker.

“*Nurse aide*” means any person providing nursing or nursing-related services to residents in a facility who is not a licensed health professional, a registered dietitian, or someone who volunteers to provide these services without pay.

(2) General rule. A facility shall not use any person working in the facility as a nurse aide for more than four months, on a permanent basis, unless:

1. That person is competent to provide nursing and nursing-related services.
2. That person has completed a training and competency evaluation program or a competency evaluation program approved by the department of inspections and appeals; or that person has been deemed or determined competent by the department of inspections and appeals.

(3) Nonpermanent employees. A facility shall not use on a temporary, per diem, leased, or any basis other than a permanent employee any person who does not meet the requirements in subparagraph (2).

(4) Competency. A facility shall not use any person who has worked less than four months as a nurse aide in that facility unless the person:

1. Is a permanent employee and is in a nurse aide training and competency evaluation program approved by the department of inspections and appeals;

2. Has demonstrated competence through satisfactory participation in a nurse aide training and competency evaluation program or competency evaluation program approved by the department of inspections and appeals; or

3. Has been deemed or determined competent by the department of inspections and appeals.

(5) Registry verification. Before allowing a person to serve as a nurse aide, a facility shall receive registry verification that the person has met competency evaluation requirements unless:

1. The person is a permanent employee and is in a training and competency evaluation program approved by the department of inspections and appeals; or

2. The person can prove that the person has recently successfully completed a training and competency evaluation program or competency evaluation program approved by the department of inspections and appeals and has not yet been included in the registry. Facilities shall follow up to ensure that such a person actually becomes registered.

(6) Multistate registry verification. Before allowing a person to serve as a nurse aide, a facility shall seek information from every state registry the facility believes will include information on the person.

(7) Required retraining. If since October 1, 1990, there has been a continuous period of 24 consecutive months during none of which the person provided nursing or nursing-related services for monetary compensation, the person shall complete a new training and competency evaluation program or a new competency evaluation program.

(8) Regular in-service education. The facility shall complete a performance review of every nurse aide at least once every 12 months and shall provide regular in-service education based on the outcome of these reviews. The in-service training shall:

1. Be sufficient to ensure the continuing competencies of nurse aides, but shall be no less than 12 hours per year.

2. Address areas of weakness as determined in nurse aides' performance reviews and may address the special needs of residents as determined by the facility staff.

3. For nurse aides providing services to persons with cognitive impairments, also address the care of the cognitively impaired.

f. Proficiency of nurse aides. The facility shall ensure that nurse aides are able to demonstrate competency in skills and technique necessary to care for residents' needs, as identified through resident assessments, and described in the plan of care.

g. Staff qualifications.

(1) The facility shall employ on a full-time, part-time, or consultant basis those professionals necessary to carry out the provisions of these conditions of participation.

(2) Professional staff shall be licensed, certified or registered in accordance with applicable state laws.

h. Use of outside resources.

(1) If the facility does not employ a qualified professional person to furnish a specific service to be provided by the facility, the facility shall have that service furnished to residents by a person or agency outside the facility under an arrangement described in Section 1861(w) of the Omnibus Budget Reconciliation Act of 1987 or an agreement described in subparagraph (2) below.

(2) Arrangements or agreements pertaining to services furnished by outside resources shall specify in writing that the facility assumes responsibility for obtaining services that meet professional standards and principles that apply to professionals providing services in such a facility and for the timeliness of the services.

i. Medical director.

(1) The facility shall designate a physician to serve as medical director.

(2) The medical director is responsible for implementation of resident care policies and the coordination of medical care in the facility.

j. Laboratory services.

(1) The facility shall provide or obtain clinical laboratory services to meet the needs of its residents. The facility is responsible for the quality and timeliness of the services.

1. If the facility provides its own laboratory services, the services shall meet the applicable conditions for coverage of the services furnished by laboratories specified in 42 CFR Part 493 as amended to October 1, 1990.

2. If the facility provides blood bank and transfusion services, it shall meet the requirements for laboratories specified in 42 CFR Part 493 as amended to October 1, 1990.

3. If the laboratory chooses to refer specimens for testing to another laboratory, the referral laboratory shall be approved or licensed to test specimens in the appropriate specialties or subspecialties of service in accordance with 42 CFR Part 493 as amended to October 1, 1990.

4. If the facility does not provide laboratory services on site, it shall have an agreement to obtain these services only from a laboratory that meets the requirements of 42 CFR Part 493 as amended to October 1, 1990, or from a physician's office.

(2) The facility shall:

1. Provide or obtain laboratory services only when ordered by the attending physician.

2. Promptly notify the attending physician of the findings.

3. Assist the resident in making transportation arrangements to and from the source of service, if the resident needs assistance.

4. File in the resident's clinical record signed and dated reports of clinical laboratory services.

k. Radiology and other diagnostic services.

(1) The facility shall provide or obtain radiology and other diagnostic services to meet the needs of its residents. The facility is responsible for the quality and timeliness of the services.

1. If the facility provides its own diagnostic services, the services shall meet the applicable conditions of participation for hospitals.

2. If the facility does not provide its own diagnostic services, it shall have an agreement to obtain these services from a provider or supplier that is approved to provide these services under Medicare.

(2) The facility shall:

1. Provide or obtain radiology and other diagnostic services only when ordered by the attending physician.

2. Promptly notify the attending physician of the findings.

3. Assist the resident in making transportation arrangements to and from the source of service, if the resident needs assistance.

4. File in the resident's clinical record signed and dated reports of X-ray and other diagnostic services.

l. Clinical records.

(1) The facility shall maintain clinical records on each resident in accordance with accepted professional standards and practices that are complete, accurately documented, readily accessible, and systematically organized.

(2) Clinical records shall be retained for:

1. The period of time required by state law.

2. Five years from the date of discharge when there is no requirement in state law.

3. For a minor, three years after a resident reaches legal age under state law.

(3) The facility shall safeguard clinical record information against loss, destruction, or unauthorized use.

(4) The facility shall keep confidential all information contained in the resident's records, regardless of the form or storage method of the records, except when release is required by:

1. Transfer to another health care institution.

2. Law.

3. Third-party payment contract.

4. The resident.

(5) The clinical record shall contain:

1. Sufficient information to identify the resident.
2. A record of the resident's assessments.
3. The plan of care and services provided.
4. The results of any preadmission screening conducted by the state.
5. Progress notes.

m. Disaster and emergency preparedness.

(1) The facility shall have detailed written plans and procedures to meet all potential emergencies and disasters, such as fire, severe weather, and missing residents.

(2) The facility shall train all employees in emergency procedures when they begin to work in the facility, periodically review the procedures with existing staff, and carry out staff drills using those procedures.

n. Transfer agreement.

(1) The facility shall have in effect a written transfer agreement with one or more hospitals approved for participation under the Medicare and Medicaid programs that reasonably ensures that:

1. Residents will be transferred from the facility to the hospital and ensured of timely admission to the hospital when transfer is medically appropriate as determined by the attending physician.

2. Medical and other information needed for care and treatment of residents, and, when the transferring facility deems it appropriate, for determining whether the residents can be adequately cared for in a less expensive setting than either the facility or the hospital, will be exchanged between the institutions.

(2) The facility is considered to have a transfer agreement in effect if the facility has attempted in good faith to enter into an agreement with a hospital sufficiently close to the facility to make transfer feasible.

o. Quality assessment and assurance.

(1) A facility shall maintain a quality assessment and assurance committee consisting of the director of nursing services, a physician designated by the facility, and at least three other members of the facility's staff.

(2) The quality assessment and assurance committee:

1. Meets at least quarterly to identify issues with respect to which quality assessment and assurance activities are necessary.

2. Develops and implements appropriate plans of action to correct identified quality deficiencies.

(3) The state or the Secretary of the Department of Health and Human Services may not require disclosure of the records of the committee except insofar as the disclosure is related to the compliance of the committee with the requirements of this paragraph.

(4) Good faith attempts by the committee to identify and correct quality deficiencies will not be used as a basis for sanctions.

p. Disclosure of ownership.

(1) The facility shall comply with the disclosure requirements of 42 CFR 420.206 and 455.104.

(2) The facility shall provide written notice to the department of inspections and appeals at the time of change, if a change occurs in:

1. Persons with an ownership or control interest.

2. The officers, directors, agents, or managing employees.

3. The corporation, association, or other company responsible for the management of the facility.

4. The facility's administrator or director of nursing.

(3) The notice specified in subparagraph (2) above shall include the identity of each new individual or company.

This rule is intended to implement Iowa Code sections 249A.2, 249A.3(2) "a," and 249A.4.

441—81.14(249A) Audits.

81.14(1) Audit of financial and statistical report. Authorized representatives of the department or the Department of Health and Human Services shall have the right, upon proper identification, to audit, using generally accepted auditing procedures, the general financial records of a facility to determine if

expenses reported on the Financial and Statistical Report, Form 470-0030, are reasonable and proper according to the rules set forth in 441—81.6(249A). The aforementioned audits may be done either on the basis of an on-site visit to the facility, their central accounting office, or office(s) of their agent(s).

a. When a proper per diem rate cannot be determined, through generally accepted and customary auditing procedures, the auditor shall examine and adjust the report to arrive at what appears to be an acceptable rate and shall recommend to the department that the indicated per diem should be reduced to 75 percent of the established payment rate for the ensuing six-month period and if the situation is not remedied on the subsequent Financial and Statistical Report, Form 470-0030, the health facility shall be suspended and eventually canceled from the nursing facility program, or

b. When a health facility continues to include as an item of cost an item or items which had in a prior audit been removed by an adjustment in the total audited costs, the auditor shall recommend to the department that the per diem be reduced to 75 percent of the current payment rate for the ensuing six-month period. The department may, after considering the seriousness of the exception, make the reduction.

81.14(2) *Audit of proper billing and handling of patient funds.*

a. Field auditors of the department of inspections and appeals, or representatives of Health and Human Services, upon proper identification, shall have the right to audit billings to the department and receipts of client participation, to ensure the facility is not receiving payment in excess of the contractual agreement and that all other aspects of the contractual agreement are being followed, as deemed necessary.

b. Field auditors of the department of inspections and appeals or representatives of Health and Human Services, upon proper identification, shall have the right to audit records of the facility to determine proper handling of patient funds in compliance with subrule 81.4(3).

c. The auditor shall recommend and the department shall request repayment by the facility to either the department or the resident(s) involved, any sums inappropriately billed to the department or collected from the resident.

d. The facility shall have 60 days to review the audit and repay the requested funds or present supporting documentation which would indicate that the requested refund amount, or part thereof, is not justified.

e. When the facility fails to comply with paragraph “*d*,” the requested refunds may be withheld from future payments to the facility. The withholding shall not be more than 25 percent of the average of the last six monthly payments to the facility. The withholding shall continue until the entire requested refund amount is recovered. If in the event the audit results indicate significant problems, the audit results may be referred to the attorney general’s office for whatever action may be deemed appropriate.

f. When exceptions are taken during the scope of an audit which are similar in nature to the exceptions taken in a prior audit, the auditor shall recommend and the department may, after considering the seriousness of the exceptions, reduce payment to the facility to 75 percent of the current payment rate.

This rule is intended to implement Iowa Code sections 249A.2, 249A.3(2) “*a*” and 249A.4.

441—81.15(249A) Nurse aide training and testing programs. Rescinded IAB 12/9/92, effective 2/1/93.

441—81.16(249A) Nurse aide requirements and training and testing programs.

81.16(1) *Deemed meeting of requirements.* A nurse aide is deemed to satisfy the requirement of completing a training and competency evaluation approved by the department of inspections and appeals if the nurse aide successfully completed a training and competency evaluation program before July 1, 1989. The aide would have satisfied this requirement if:

a. At least 60 hours were substituted for 75 hours; and

b. The aide has made up at least the difference in the number of hours in the program the aide completed and 75 hours in supervised practical nurse aide training or in regular in-service nurse education; or

c. The person was found to be competent (whether or not by the state) after completion of a nurse aide training of at least 100 hours' duration; or

d. The person can demonstrate that the person served as a nurse aide at one or more facilities of the same employer in Iowa for at least 24 consecutive months before December 19, 1989; or

e. The person completed, before July 1, 1989, a nurse aide training and competency evaluation program that the department of inspections and appeals determines would have met the requirements for approval at the time it was offered.

81.16(2) *State review and approval of nurse aide training and competency evaluation programs or competency evaluation programs.*

a. The department of inspections and appeals shall, in the course of all surveys, determine whether the nurse aide training and evaluation requirements of 81.13(19) "e" and 81.16(1) are met.

b. Requirements for approval of programs.

(1) Before the department of inspections and appeals approves a nurse aide training and competency evaluation program or competency evaluation program, the department of inspections and appeals shall determine whether:

1. A nurse aide training and competency evaluation program meets the course requirements of 81.16(3).

2. A nurse aide competency evaluation program meets the requirements of 81.16(4).

(2) Except as provided by paragraph 81.16(2) "f," the department of inspections and appeals shall not approve a nurse aide training and competency evaluation program or competency evaluation program offered by or in a facility which, in the previous two years:

1. Has operated under a nurse staffing waiver for a period in excess of 48 hours per week; or

2. Has been subject to an extended or partial extended survey; or

3. Has been assessed a civil money penalty of not less than \$5,000; or

4. Has operated under temporary management appointed to oversee the operation of the facility and to ensure the health and safety of the facility's residents; or

5. Pursuant to state action, was closed or had its residents transferred; or

6. Has been terminated from participation in the Medicaid or Medicare program; or

7. Has been denied payment under subrule 81.40(1) or 81.40(2).

(3) Rescinded IAB 10/7/98, effective 12/1/98.

c. Application process. Applications shall be submitted to the department of inspections and appeals before a new program begins and every two years thereafter on Form 427-0517, Application for Nurse Aide Training. The department of inspections and appeals shall, within 90 days of the date of a request or receipt of additional information from the requester:

(1) Advise the requester whether or not the program has been approved; or

(2) Request additional information from the requesting entity.

d. Duration of approval. The department of inspections and appeals shall not grant approval of a nurse aide training and competency evaluation program for a period longer than two years. A program shall notify the department of inspections and appeals and the department of inspections and appeals shall review that program when there are substantive changes made to that program within the two-year period.

e. Withdrawal of approval.

(1) The department of inspections and appeals shall withdraw approval of a nurse aide training and competency evaluation program or nurse aide competency evaluation program offered by or in a facility described in 81.16(2) "b"(2).

(2) The department of inspections and appeals may withdraw approval of a nurse aide training and competency evaluation program or nurse aide competency evaluation program if the department of inspections and appeals determines that any of the applicable requirements for approval or registry, as set out in subrule 81.16(3) or 81.16(4), are not met.

(3) The department of inspections and appeals shall withdraw approval of a nurse aide training and competency evaluation program or a nurse aide competency evaluation program if the entity providing the program refuses to permit unannounced visits by the department of inspections and appeals.

(4) If the department of inspections and appeals withdraws approval of a nurse aide training and competency evaluation program or competency evaluation program, the department of inspections and appeals shall notify the program in writing, indicating the reasons for withdrawal of approval of the program. Students who have started a training and competency evaluation program from which approval has been withdrawn shall be allowed to complete the course.

f. An exception to subparagraph 81.16(2)“*b*”(2) may be granted by the department of inspections and appeals (DIA) for 75-hour nurse aide training courses offered in (but not by) a facility under the following conditions:

(1) The facility has submitted Form 470-3494, Nurse Aide Education Program Waiver Request, to the DIA to request a waiver for each 75-hour nurse aide training course to be offered in (but not by) the facility.

(2) The 75-hour nurse aide training is offered in a facility by an approved nurse aide training and competency evaluation program (NATCEP).

(3) No other NATCEP program is offered within 30 minutes' travel from the facility, unless the facility can demonstrate the distance or program would create a hardship for program participants.

(4) The facility is in substantial compliance with the federal requirements related to nursing care and services.

(5) The facility is not a poor performing facility.

(6) Employees of the facility do not function as instructors for the program unless specifically approved by DIA.

(7) The NATCEP sponsoring the 75-hour nursing aide training course is responsible for program administration and for ensuring that program requirements are met.

(8) The NATCEP has submitted an evaluation to the DIA indicating that an adequate teaching and learning environment exists for conducting the course.

(9) The NATCEP has developed policies for communicating and resolving problems encountered during the course, including notice by the facility to the program instructor and students on how to contact the DIA to register any concerns encountered during the course.

(10) The NATCEP shall require the program instructor and students to complete an evaluation of the course. The instructor shall return the completed evaluations to the NATCEP which shall return the evaluations to DIA.

81.16(3) *Requirements for approval of a nurse aide training and competency evaluation program.* The department has designated the department of inspections and appeals to approve required nurse aide training and testing programs. Policies and procedures governing approval of the programs are set forth in these rules.

a. For a nurse aide training and competency evaluation program to be approved by the department of inspections and appeals, it shall, at a minimum:

(1) Consist of no less than 75 clock hours of training.

(2) Include at least the subjects specified in 81.16(3).

(3) Include at least 15 hours of laboratory experience, 30 hours of classroom instruction (the first 16 hours of which must occur before the nurse aide has resident contact) and 30 hours of supervised clinical training. Supervised clinical training means training in a setting in which the trainee demonstrates knowledge while performing tasks on a resident under the general supervision of a registered nurse or licensed practical nurse.

(4) Ensure that students do not independently perform any services for which they have not been trained and found proficient by the instructor. It shall also ensure that students who are providing services to residents are under the general supervision of a licensed nurse or a registered nurse.

(5) Meet the following requirements for instructors who train nurse aides:

1. The training of nurse aides shall be performed by or under the general supervision of a registered nurse who possesses a minimum of two years of nursing experience, at least one year of which shall be in the provision of long-term care facility services.

2. Instructors shall be registered nurses and shall have completed a course in teaching adults or have experience teaching adults or supervising nurse aides.

3. In a facility-based program, when the director of nursing is a registered nurse, the training of nurse aides may be performed under the general supervision of the director of nursing for the facility. The director of nursing is prohibited from performing the actual training.

4. Other personnel from the health professions may supplement the instructor. Supplemental personnel shall have at least one year of experience in their fields.

5. The ratio of qualified trainers to students shall not exceed one instructor for every ten students in the clinical setting.

(6) Contain information regarding competency evaluation through written or oral and skills testing.

b. The curriculum of the nurse aide training program shall include:

(1) At least a total of 16 hours of training in the following areas prior to any direct contact with a resident:

1. Communication and interpersonal skills.
2. Infection control.
3. Safety and emergency procedures including the Heimlich maneuver.
4. Promoting residents' independence.
5. Respecting residents' rights.

(2) Basic nursing skills:

1. Taking and recording vital signs.
2. Measuring and recording height and weight.
3. Caring for the residents' environment.
4. Recognizing abnormal changes in body functioning and the importance of reporting these changes to a supervisor.

5. Caring for residents when death is imminent.

(3) Personal care skills, including, but not limited to:

1. Bathing.
2. Grooming, including mouth care.
3. Dressing.
4. Toileting.
5. Assisting with eating and hydration.
6. Proper feeding techniques.
7. Skin care.
8. Transfers, positioning, and turning.

(4) Mental health and social service needs:

1. Modifying aide's behavior in response to residents' behavior.
2. Awareness of developmental tasks associated with the aging process.
3. How to respond to resident behavior.
4. Allowing the resident to make personal choices, providing and reinforcing other behavior consistent with the resident's dignity.

5. Using the resident's family as a source of emotional support.

(5) Care of cognitively impaired residents:

1. Techniques for addressing the unique needs and behaviors of persons with dementia (Alzheimer's and others).

2. Communicating with cognitively impaired residents.
3. Understanding the behavior of cognitively impaired residents.
4. Appropriate responses to the behavior of cognitively impaired residents.
5. Methods of reducing the effects of cognitive impairments.

(6) Basic restorative services:

1. Training the resident in self-care according to the resident's ability.
2. Use of assistive devices in transferring, ambulation, eating and dressing.
3. Maintenance of range of motion.
4. Proper turning and positioning in bed and chair.
5. Bowel and bladder training.

6. Care and use of prosthetic and orthotic devices.
 - (7) Residents' rights:
 1. Providing privacy and maintenance of confidentiality.
 2. Promoting the residents' rights to make personal choices to accommodate their needs.
 3. Giving assistance in resolving grievances and disputes.
 4. Providing needed assistance in getting to and participating in resident and family groups and other activities.
 5. Maintaining care and security of residents' personal possessions.
 6. Promoting the residents' rights to be free from abuse, mistreatment, and neglect and the need to report any instances of this type of treatment to appropriate facility staff.
 7. Avoiding the need for restraints in accordance with current professional standards.
 - c. Prohibition of charges.
 - (1) No nurse aide who is employed by, or who has received an offer of employment from, a facility on the date on which the aide begins a nurse aide training and competency evaluation program or competency evaluation program may be charged for any portion of the program including any fees for textbooks or other required evaluation or course materials.
 - (2) If a person who is not employed, or does not have an offer to be employed, as a nurse aide becomes employed by, or receives an offer of employment from, a facility not later than 12 months after completing a nurse aide training and competency evaluation program or competency evaluation program, the facility shall reimburse the nurse aide for costs incurred in completing the program or competency evaluation on a pro rata basis during the period in which the person is employed as a nurse aide. The formula for paying the nurse aides on a pro rata basis shall be as follows:
 1. Add all costs incurred by the aides for the course, books, and tests.
 2. Divide the total arrived at in No.1 above by 12 to prorate the costs over a one-year period and establish a monthly rate.
 3. The aide shall be reimbursed the monthly rate each month the aide works at the facility until one year from the time the aide completed the course.
 - d. Setting and equipment. The classroom shall have appropriate equipment, be of adequate size, and not interfere with resident activities.
 - e. Records and reports. Nurse aide education programs approved by the department of inspections and appeals shall:
 - (1) Notify the department of inspections and appeals:
 1. Of dates of classroom and clinical sessions as well as location of classrooms and clinical practice sites before each course begins and if the course is canceled.
 2. When a facility or other training entity will no longer be offering nurse aide training courses.
 3. Whenever the person coordinating the training program is hired or terminates employment.
 - (2) Keep a list of faculty members and their qualifications available for department review.
 - (3) Provide each nurse aide a record of skills for which the nurse aide has been found competent during the course and which may be performed before completion of the competency evaluation.
 - (4) Complete a lesson plan for each unit which includes behavioral objectives, a topic outline and student activities and experiences.
 - (5) Provide the student, within 30 days of the last class period, evidence of having successfully completed the course.
- 81.16(4) Nurse aide competency evaluation.** A competency evaluation program shall contain a written or oral portion and a skills demonstration portion.
- a. Notification to person. The department of inspections and appeals shall advise in advance any person who takes the competency evaluation that a record of the successful completion of the evaluation will be included in the state's nurse aide registry.
 - b. Content of the competency evaluation program.
 - (1) Written or oral examinations. The competency evaluation shall:
 1. Allow an aide to choose between a written and oral examination.
 2. Address each of the course requirements listed in 81.16(3) "b."

3. Be developed from a pool of test questions, only a portion of which is used in any one examination.

4. Use a system that prevents disclosure of both the pool of questions and the individual competency evaluations.

5. If oral, be read from a prepared text in a neutral manner.

6. Be tested for reliability and validity using a nationally recognized standard as determined by the department of education.

7. Be in English, unless the prevailing language used in the facility where a nurse aide will be working is other than English.

(2) Demonstration of skills. The skills demonstration evaluation shall consist of a demonstration of randomly selected items drawn from a pool consisting of tasks generally performed by nurse aides. This pool of skills shall include all of the personal care skills listed in 81.16(3) "b"(3).

c. Administration of the competency evaluation.

(1) The competency examination shall be administered and evaluated only by an entity approved by the department of inspections and appeals, which is neither a skilled nursing facility that participates in Medicare nor a nursing facility that participates in Medicaid.

(2) Charging nurse aides for competency testing is prohibited in accordance with 81.16(3) "c."

(3) The skills demonstration part of the evaluation shall be performed in a facility or laboratory setting comparable to the setting in which the person will function as a nurse aide and shall be administered and evaluated by a registered nurse with at least one year's experience in providing care for the elderly or the chronically ill of any age.

d. Facility proctoring of the competency evaluation.

(1) The competency evaluation may, at the nurse aide's option, be conducted at the facility in which the nurse aide is or will be employed unless the facility is prohibited from being a competency evaluation site.

(2) The department of inspections and appeals may permit the competency evaluation to be proctored by facility personnel if the department of inspections and appeals finds that the procedure adopted by the facility ensures that the competency evaluation program:

1. Is secure from tampering.

2. Is standardized and scored by a testing, educational, or other organization approved by the department of inspections and appeals.

3. Requires no scoring by facility personnel.

(3) The department of inspections and appeals shall retract the right to proctor nurse aide competency evaluations from facilities in which the department of inspections and appeals finds any evidence of impropriety, including evidence of tampering by facility staff.

e. Successful completion of the competency evaluation program.

(1) A score of 70 percent or above is passing for both the written or oral and skills demonstration parts of the test.

(2) A record of successful completion of the competency evaluation shall be included in the nurse aide registry within 30 days of the date the person is found to be competent.

(3) The competency testing entity shall inform the nurse aide of the test score within 30 calendar days of the completion of the test and shall inform the nurse aide registry of the nurse aide's scores within 20 calendar days after the test is administered.

f. Unsuccessful completion of the competency evaluation program.

(1) If the person does not complete the evaluation satisfactorily, the person shall be advised in writing within ten working days after the test is scored:

1. Of the areas which the person did not pass.

2. That the person has three opportunities to take the evaluation.

(2) Each person shall have three opportunities to pass each part of the test. If one part of the test is failed, only that part need be taken a second or third time. If either part of the test is failed three times, the 75-hour course shall be taken or retaken before the test can be taken again.

g. Storage of evaluation instrument. The person responsible for administering a competency evaluation shall provide secure storage of the evaluation instruments when they are not being administered or processed.

h. Application process. Entities wishing to secure approval for a competency evaluation program shall submit a copy of the evaluation plan and procedures to the department of inspections and appeals. The department of inspections and appeals shall notify the applicant of its decision within 90 days of receipt of the application. The notification shall include the reason for not giving approval if approval is denied and the applicable rule citation.

81.16(5) Registry of nurse aides.

a. Establishment of registry. The department of inspections and appeals shall establish and maintain a registry of nurse aides that meets the following requirements. The registry:

(1) Shall include, at a minimum, the information required in 81.16(5) "c."

(2) Shall be sufficiently accessible to meet the needs of the public and health care providers promptly.

(3) Shall provide that any response to an inquiry that includes a finding of abuse, neglect, mistreatment of a resident or misappropriation of property also include any statement made by the nurse aide which disputes the finding.

b. Registry operation.

(1) Only the department of inspections and appeals may place on the registry findings of abuse, neglect, mistreatment of a resident or misappropriation of property.

(2) The department of inspections and appeals shall determine which persons:

1. Have successfully completed a nurse aide training and competency evaluation program or nurse aide competency evaluation program.

2. Have been deemed as meeting these requirements.

3. Do not qualify to remain on the registry because they have performed no nursing or nursing-related services for monetary compensation during a period of 24 consecutive months.

(3) The department of inspections and appeals shall not impose any charges related to registration on persons listed in the registry.

(4) The department of inspections and appeals shall provide information on the registry promptly.

c. Registry content.

(1) The registry shall contain at least the following information on each person who has successfully completed a nurse aide training and competency evaluation program or competency evaluation program which was approved by the department of inspections and appeals or who may function as a nurse aide because of having been deemed competent:

1. The person's full name.

2. Information necessary to identify each person.

3. The date the person became eligible for placement in the registry through successfully completing a nurse aide training and competency evaluation program or competency evaluation or by being deemed competent.

4. The following information on any finding by the department of inspections and appeals of abuse, neglect, mistreatment of residents or misappropriation of property by the person: documentation of the department of inspections and appeals' investigation, including the nature of the allegation and the evidence that led the department of inspections and appeals to conclude that the allegation was valid; the date of the hearing, if the person chose to have one, and its outcome; and a statement by the person disputing the allegation, if the person chooses to make one. This information must be included in the registry within ten working days of the finding and shall remain in the registry permanently, unless the finding was made in error, the person was found not guilty in a court of law, or the department of inspections and appeals is notified of the person's death.

5. A record of known convictions by a court of law of a person convicted of abuse, neglect, mistreatment or misappropriation of resident property.

(2) The registry shall remove entries for persons who have performed no nursing or nursing-related services for monetary compensation for a period of 24 consecutive months unless the person's registry

entry includes documented findings or convictions by a court of law of abuse, neglect, mistreatment or misappropriation of property.

d. Disclosure of information. The department of inspections and appeals shall:

(1) Disclose all of the information listed in 81.16(5) “c”(1), (3), and (4) to all requesters and may disclose additional information it deems necessary.

(2) Promptly provide persons with all information contained in the registry about them when adverse findings are placed on the registry and upon request. Persons on the registry shall have sufficient opportunity to correct any misstatements or inaccuracies contained in the registry.

e. Placement of names on nurse aide registry. The facility shall ensure that the name of each person employed as a nurse aide in a Medicare- or Medicaid-certified nursing facility in Iowa is submitted to the registry. The telephone number of the registry is (515)281-4963. The address is Nurse Aide Registry, Lucas State Office Building, Des Moines, Iowa 50319-0083.

(1) Persons employed as nurse aides shall complete Form 427-0496, Nurse Aide Registry Application, within the first 30 days of employment. This form shall be submitted to the department of inspections and appeals. Form 427-0496 may be obtained by calling or writing the nurse aide registry.

(2) A nurse aide who is not employed may apply for inclusion on the registry by submitting a copy of completed Form 427-0496 to the nurse aide registry.

(3) When the registry has received a signed application and entered the required training and testing information on the registry, a letter will be sent to the nurse aide that includes all the information the registry has on the nurse aide. A nurse aide may obtain a copy of the information on the registry by writing the nurse aide registry and requesting the information. The letter requesting the information must include the nurse aide’s social security number, current or last facility of employment, date of birth and current mailing address and must be signed by the nurse aide.

81.16(6) Hearing. When there is an allegation of abuse against a nurse aide, the department of inspections and appeals shall investigate that allegation. When the investigation by the department of inspections and appeals makes a finding of an act of abuse, the nurse aide named will be notified of this finding and the right to a hearing. The nurse aide shall have 30 days to request a hearing. The request shall be in writing and shall be sent to the department of inspections and appeals. The hearing shall be held pursuant to department of inspections and appeals rules 481—Chapter 10. After 30 days, if the nurse aide fails to appeal, or when all appeals are exhausted, the nurse aide registry will include a notation that the nurse aide has a founded abuse report on record if the final decision indicates the nurse aide performed an abusive act.

81.16(7) Appeals. Adverse decisions made by the department of inspections and appeals in administering these rules may be appealed pursuant to department of inspections and appeals rules 481—Chapter 10.

This rule is intended to implement Iowa Code section 249A.4.

441—81.17(249A) Termination procedures. Rescinded IAB 5/10/95, effective 7/1/95.

441—81.18(249A) Sanctions.

81.18(1) Penalty for falsification of a resident assessment. An individual, who willfully and knowingly certifies a material and false statement in a resident assessment, is subject to a civil money penalty of not less than \$100 or more than \$1,000 for each falsified assessment. An individual who willfully and knowingly causes another individual to certify a material and false statement in a resident assessment is subject to a civil money penalty of not less than \$500 nor more than \$5,000 for each falsified assessment. These fines shall be administratively assessed by the department of inspections and appeals.

a. Factors determining the size of fine. In determining the monetary amount of the penalty, the director of the department of inspections and appeals or the director’s designee may consider evidence of the circumstances surrounding the violation, including, but not limited to, the following factors:

(1) The number of assessments willingly and knowingly falsified.

(2) The history of the individual relative to previous assessment falsifications.

(3) The intent of the individual who falsifies an assessment or causes an assessment to be falsified.
(4) The areas of assessment falsified or caused to be falsified and the potential for harm to the resident.

(5) The relationship of the falsification of assessment to falsification of other records at the time of the visit.

b. Notification of a fine imposed for falsification of assessments or causing another individual to falsify an assessment shall be served upon the individual personally or by certified mail.

c. Appeals of fines. Notice of intent to formally contest the fine shall be given to the department of inspections and appeals in writing and be postmarked within 20 working days after receipt of the notification of the fine. An administrative hearing will be conducted pursuant to Iowa Code chapter 17A and department of inspections and appeals rules 481—Chapter 10. An individual who has exhausted all administrative remedies and is aggrieved by the final action of the department of inspections and appeals may petition for judicial review in the manner provided by Iowa Code chapter 17A.

81.18(2) *Use of independent assessors.* If the department of inspections and appeals determines that there has been a knowing and willful certification of false assessments, or the causation of knowing and willful false assessments, the department of inspections and appeals may require that resident assessments be conducted and certified by individuals independent of the facility and who are approved by the state.

a. Criteria used to determine the need for independent assessors shall include:

(1) The involvement of facility management in the falsification of or causing resident assessments to be falsified.

(2) The facility's response to the falsification of or causing resident assessments to be falsified.

(3) The method used to prepare facility staff to do resident assessments.

(4) The number of individuals involved in the falsification.

(5) The number of falsified resident assessments.

(6) The extent of harm to residents caused by the falsifications.

b. The department of inspections and appeals will specify the length of time that these independent assessments will be conducted and when they will begin. This determination will be based on the extent of assessments and reassessments needed and the plan submitted by the facility to ensure falsifications will not occur in the future.

c. The individuals or agency chosen by the facility to conduct the independent assessments shall be approved by the department of inspections and appeals before conducting any assessments. The approval will be based on the ability of the individual or agency to conduct resident assessments in accordance with the applicable rules. Any costs incurred shall be the responsibility of the facility.

d. Notice of the requirement to obtain independent assessments will be in writing and sent to the facility by certified mail or personal service. The notice shall include the date independent assessors are to begin assessments, information on how independent assessors are to be approved and the anticipated length of time independent assessors will be needed.

e. Criteria for removal of the requirement for independent assessors.

(1) Independent assessors shall be utilized until all residents assessed by the disciplines involved have been reassessed by the independent assessor.

(2) The facility shall submit a plan to the department of inspections and appeals for completing its own assessments.

(3) The department of inspections and appeals will evaluate the facility's proposal for ensuring assessments will not be falsified in the future.

f. Appeal procedures.

(1) A written notice to appeal shall be postmarked or personally served to the department of inspections and appeals within five working days after receipt of the notice requiring independent assessors.

(2) An evidentiary hearing shall be held pursuant to department of inspections and appeals rules 481—Chapter 10 no later than 15 working days after receipt of the appeal.

(3) The written decision shall be rendered no later than ten working days after the hearing.

(4) The decision rendered is a proposed decision which may be appealed to the director of the department of inspections and appeals pursuant to department of inspections and appeals rules 481—Chapter 50.

(5) A notice of appeal stays the effective date of the requirement for independent assessments pending a final agency decision.

(6) Final agency action may be appealed pursuant to Iowa Code chapter 17A.

81.18(3) *Penalty for notification of time or date of survey.* Any individual who notifies, or causes to be notified, a nursing facility of the time or date on which a survey is scheduled to be conducted shall be subject to a fine not to exceed \$2,000.

81.18(4) *Failure to meet requirements for participation.* Rescinded IAB 5/10/95, effective 7/1/95. This rule is intended to implement Iowa Code section 249A.4.

441—81.19(249A) Criteria related to the specific sanctions. Rescinded IAB 5/10/95, effective 7/1/95.

441—81.20(249A) Out-of-state facilities. Payment will be made for care in out-of-state nursing facilities. Out-of-state facilities shall abide by the same policies as in-state facilities with the following exceptions:

81.20(1) *Out-of-state providers.* Except for Medicare-certified hospital-based nursing facilities and special population nursing facilities, out-of-state providers shall be reimbursed at the same nursing facility rate they would receive from the Medicaid program in their state of residence or an amount equal to the sum of the Iowa non-state-operated nursing facility direct care rate component limit pursuant to subparagraph 81.6(16)“f”(1) plus the non-direct care rate limit pursuant to subparagraph 81.6(16)“f”(1), whichever is lower.

a. Medicare-certified hospital-based nursing facilities providing skilled care in other states shall be reimbursed at an amount equal to the sum of the Iowa Medicare-certified hospital-based nursing facility direct care rate component limit pursuant to subparagraph 81.6(16)“f”(3) plus the non-direct care rate component limit pursuant to subparagraph 81.6(16)“f”(3) if one of the following criteria is met:

(1) The placement is recommended because moving the resident back to Iowa would endanger the resident’s health, because services are not readily available in Iowa, or because the out-of-state placement is cost-effective.

(2) The placement is temporary until services are available to the resident in Iowa or until the program of treatment is completed.

b. Special population nursing facilities shall be reimbursed at the same nursing facility rate they would receive from Medicaid in their state of residence or, if not participating in the Medicaid program in their state, they shall be reimbursed pursuant to subparagraph 81.6(16)“e”(2), if one of the following criteria is met:

(1) The placement is recommended because moving the resident back to Iowa would endanger the resident’s health, because services are not readily available in Iowa, or because the out-of-state placement is cost-effective.

(2) The placement is temporary until services are available to the resident in Iowa or until the program of treatment is completed.

81.20(2) Out-of-state facilities shall not submit financial and statistical reports as required in rule 441—81.6(249A).

81.20(3) Payment for periods when residents are absent for visitation or hospitalization will be made to out-of-state facilities at 75 percent of the rate paid to the facility by the Iowa Medicaid program.

81.20(4) Rescinded IAB 3/20/91, effective 3/1/91.

This rule is intended to implement Iowa Code section 249A.4.

441—81.21(249A) Outpatient services. Medicaid outpatient services provided by certified skilled nursing facilities are defined in the same way as the Medicare program.

This rule is intended to implement Iowa Code section 249A.4 and 1991 Iowa Acts, House File 479, section 132, subsection 1, paragraph “i.”

441—81.22(249A) Rates for Medicaid eligibles.

81.22(1) *Maximum client participation.* A nursing facility may not charge more client participation for Medicaid-eligible clients as determined in rule 441—75.16(249A) than the maximum monthly allowable payment for their facility as determined according to subrule 79.1(9) or rule 441—81.6(249A). When the department makes a retroactive increase in the maximum daily rate, the nursing facility can charge the client the increased amount for the retroactive period.

81.22(2) *Beginning date of payment.* When a resident becomes eligible for Medicaid payments for facility care, the facility shall accept Medicaid rates effective when the resident's Medicaid eligibility begins. A nursing facility is required to refund any payment received from a resident or family member for any period of time during which the resident is determined to be eligible for Medicaid.

Any refund owing shall be made no later than 15 days after the nursing facility first receives Medicaid payment for the resident for any period of time. Facilities may deduct the resident's client participation for the month from a refund of the amount paid for a month of Medicaid eligibility.

The beginning date of eligibility is given on the Facility Card, Form 470-0371. When the beginning Medicaid eligibility date is a future month, the facility shall accept the Medicaid rate effective the first of that future month.

This rule is intended to implement Iowa Code section 249A.4.

441—81.23(249A) State-funded personal needs supplement. A Medicaid member living in a nursing facility who has countable income for purposes of rule 441—75.16(249A) of less than \$50 per month shall receive a state-funded payment from the department for the difference between that countable income and \$50 if the legislature has appropriated funding specifically for this purpose. This payment shall not be considered a benefit under Title XIX of the Social Security Act.

This rule is intended to implement Iowa Code Supplement section 249A.30A.

441—81.24 to 81.30 Reserved.

DIVISION II
ENFORCEMENT OF COMPLIANCE

PREAMBLE

These rules specify remedies that may be used when a nursing facility is not in substantial compliance with the requirements for participation in the Medicaid program. These rules also provide for ensuring prompt compliance and specify that these remedies are in addition to any others available under state or federal law.

441—81.31(249A) Definitions.

“*CMS*” means the Centers for Medicare and Medicaid Services of the federal Department of Health and Human Services.

“*Deficiency*” means a nursing facility's failure to meet a participation requirement.

“*Department*” means the Iowa department of human services.

“*Immediate jeopardy*” means a situation in which immediate corrective action is necessary because the provider's noncompliance with one or more requirements of participation has caused, or is likely to cause, serious injury, harm, impairment, or death to a resident.

“*New admission*” means a resident who is admitted to the facility on or after the effective date of a denial of payment remedy and, if previously admitted, has been discharged before that effective date. Residents admitted before the effective date of the denial of payment, and taking temporary leave, are not considered new admissions, nor are they subject to the denial of payment.

“*Noncompliance*” means any deficiency that causes a facility to not be in substantial compliance.

“*Plan of correction*” means a plan developed by the facility and approved by the department of inspections and appeals which describes the actions the facility shall take to correct deficiencies and specifies the date by which those deficiencies shall be corrected.

“*Standard survey*” means a periodic, resident-centered inspection which gathers information about the quality of service furnished in a facility to determine compliance with the requirements for participation.

“*Substandard quality of care*” means one or more deficiencies related to the participation requirements for resident behavior and facility practices, quality of life, or quality of care which constitute either immediate jeopardy to resident health or safety; a pattern of or widespread actual harm that is not immediate jeopardy; or a widespread potential for more than minimal harm, but less than immediate jeopardy, with no actual harm.

“*Substantial compliance*” means a level of compliance with the requirements of participation such that any identified deficiencies pose no greater risk to resident health or safety than the potential for causing minimal harm.

“*Temporary management*” means the temporary appointment by the department of inspections and appeals of a substitute facility manager or administrator with authority to hire, terminate or reassign staff, obligate facility funds, alter facility procedures, and manage the facility to correct deficiencies identified in the facility’s operation.

441—81.32(249A) General provisions.

81.32(1) Purpose of remedies. The purpose of remedies is to ensure prompt compliance with program requirements.

81.32(2) Basis for imposition and duration of remedies. The department of inspections and appeals, as the state survey agency under contract with the department, determines the remedy to be applied for noncompliance with program requirements. When the department of inspections and appeals chooses to apply one or more remedies specified in rule 441—81.34(249A), the remedies are applied on the basis of noncompliance found during surveys conducted by the department of inspections and appeals.

81.32(3) Number of remedies. The department of inspections and appeals may apply one or more remedies for each deficiency constituting noncompliance or for all deficiencies constituting noncompliance.

81.32(4) Plan of correction requirement.

a. Except as specified in paragraph “b,” regardless of which remedy is applied, each facility that has deficiencies with respect to program requirements shall submit a plan of correction for approval by the department of inspections and appeals.

b. A facility is not required to submit a plan of correction when the department of inspections and appeals determines the facility has deficiencies that are isolated and have a potential for minimal harm, but no actual harm has occurred.

81.32(5) Disagreement regarding remedies. If the department of inspections and appeals and CMS disagree on the decision to impose a remedy, the disagreement shall be resolved in accordance with rule 441—81.55(249A).

81.32(6) Notification requirements.

a. The department of inspections and appeals shall give the provider written notice of remedy, including the:

- (1) Nature of the noncompliance.
- (2) Which remedy is imposed.
- (3) Effective date of the remedy.
- (4) Right to appeal the determination leading to the remedy.

b. Except for civil money penalties and state monitoring imposed when there is immediate jeopardy, for all remedies specified in rule 441—81.34(249A) imposed when there is immediate jeopardy, the notice shall be given at least two calendar days before the effective date of the enforcement action.

c. Except for civil money penalties and state monitoring, notice shall be given at least 15 calendar days before the effective date of the enforcement action in situations where there is no immediate jeopardy.

d. The 2- and 15-day notice periods begin when the facility receives the notice, but in no event will the effective date of the enforcement action be later than 20 calendar days after the notice is sent.

e. For civil money penalties, the notices shall be given in accordance with rules 441—81.48(249A) and 441—81.51(249A).

f. For state monitoring imposed when there is immediate jeopardy, no prior notice is required.

81.32(7) Informal dispute resolution.

a. Opportunity to refute survey findings.

(1) For nonfederal surveys, the department of inspections and appeals (DIA) shall offer a facility an informal opportunity, at the facility's request, to dispute survey findings upon the facility's receipt of the official statement of deficiencies.

(2) For a federal survey, the Centers for Medicare and Medicaid Services (CMS) offers a facility an informal opportunity, at the facility's request, to dispute survey findings upon the facility's receipt of the official statement of deficiencies.

b. Delay of enforcement action.

(1) Failure of DIA or CMS, as appropriate, to complete informal dispute resolution timely cannot delay the effective date of any enforcement action against the facility.

(2) A facility may not seek a delay of any enforcement action against it on the grounds that informal dispute resolution has not been completed before the effective date of the enforcement action.

c. If a provider is subsequently successful, during the informal dispute resolution process, at demonstrating that deficiencies should not have been cited, the deficiencies are removed from the statement of deficiencies and any enforcement actions imposed solely as a result of those cited deficiencies are rescinded.

d. Notification. DIA shall provide the facility with written notification of the informal dispute resolution process.

441—81.33(249A) Factors to be considered in selecting remedies.

81.33(1) Initial assessment. In order to select the appropriate remedy, if any, to apply to a facility with deficiencies, the department of inspections and appeals shall determine the seriousness of the deficiencies.

81.33(2) Determining seriousness of deficiencies. To determine the seriousness of the deficiency, the department of inspections and appeals shall consider at least the following factors:

a. Whether a facility's deficiencies constitute:

- (1) No actual harm with a potential for minimal harm.
- (2) No actual harm with a potential for more than minimal harm, but not immediate jeopardy.
- (3) Actual harm that is not immediate jeopardy.
- (4) Immediate jeopardy to resident health or safety.

b. Whether the deficiencies:

- (1) Are isolated.
- (2) Constitute a pattern.
- (3) Are widespread.

81.33(3) Other factors which may be considered in choosing a remedy within a remedy category. Following the initial assessment, the department of inspections and appeals may consider other factors, which may include, but are not limited to, the following:

a. The relationship of the one deficiency to other deficiencies resulting in noncompliance.

b. The facility's prior history of noncompliance in general and specifically with reference to the cited deficiencies.

441—81.34(249A) Available remedies. In addition to the remedy of termination of the provider agreement, the following remedies are available:

1. Temporary management.
2. Denial of payment for all new admissions.
3. Civil money penalties.

4. State monitoring.
5. Closure of the facility in emergency situations or transfer of residents, or both.
6. Directed plan of correction.
7. Directed in-service training.

441—81.35(249A) Selection of remedies.

81.35(1) Categories of remedies. Remedies specified in rule 441—81.34(249A) are grouped into categories and applied to deficiencies according to the severity of noncompliance.

81.35(2) Application of remedies. After considering the factors specified in rule 441—81.33(249A), if the department of inspections and appeals applies remedies, as provided in paragraphs 81.35(3)“a,” 81.35(4)“a,” and 81.35(5)“a,” for facility noncompliance, instead of, or in addition to, termination of the provider agreement, the department of inspections and appeals shall follow the criteria set forth in 81.35(3)“b,” 81.35(4)“b,” and 81.35(5)“b,” as applicable.

81.35(3) Category 1.

a. Category 1 remedies include the following:

- (1) Directed plan of correction.
- (2) State monitoring.
- (3) Directed in-services training.

b. The department of inspections and appeals shall apply one or more of the remedies in Category 1 when there:

- (1) Are isolated deficiencies that constitute no actual harm with a potential for more than minimal harm but not immediate jeopardy; or
- (2) Is a pattern of deficiencies that constitutes no actual harm with a potential for more than minimal harm but not immediate jeopardy.

c. Except when the facility is in substantial compliance, the department of inspections and appeals may apply one or more of the remedies in Category 1 to any deficiency.

81.35(4) Category 2.

a. Category 2 remedies include the following:

- (1) Denial of payment for new admissions.
- (2) Civil money penalties of \$50 to \$3,000 per day.

b. The department of inspections and appeals shall apply one or more of the remedies in Category 2 when there are:

- (1) Widespread deficiencies that constitute no actual harm with a potential for more than minimal harm but not immediate jeopardy; or
- (2) One or more deficiencies that constitute actual harm that is not immediate jeopardy.

c. Except when the facility is in substantial compliance, the department of inspections and appeals may apply one or more of the remedies in Category 2 to any deficiency.

81.35(5) Category 3.

a. Category 3 remedies include the following:

- (1) Temporary management.
- (2) Immediate termination.
- (3) Civil money penalties of \$3,050 to \$10,000 per day.

b. When there is one or more deficiencies that constitute immediate jeopardy to resident health or safety, one or both of the following remedies shall be applied:

- (1) Temporary management.
- (2) Termination of the provider agreement.

In addition the department of inspections and appeals may impose a civil money penalty of \$3,050 to \$10,000 per day.

c. When there are widespread deficiencies that constitute actual harm that is not immediate jeopardy, the department of inspections and appeals may impose temporary management, in addition to Category 2 remedies.

81.35(6) Plan of correction.

a. Except as specified in paragraph “b,” each facility that has a deficiency with regard to a requirement for long-term care facilities shall submit a plan of correction for approval by the department of inspections and appeals, regardless of:

- (1) Which remedies are applied.
- (2) The seriousness of the deficiencies.

b. When there are only isolated deficiencies that the department of inspections and appeals determines constitute no actual harm with a potential for minimal harm, the facility need not submit a plan of correction.

81.35(7) Appeal of a determination of noncompliance.

a. A facility may request a hearing on a determination of noncompliance leading to an enforcement remedy. The affected nursing facility, or its legal representative or other authorized official, shall file the request for hearing in writing to the department of inspections and appeals within 60 days from receipt of the notice of the proposed denial, termination, or nonrenewal of participation, or imposition of a civil money penalty or other remedies.

(1) A request for a hearing shall be made in writing to the department of inspections and appeals within 60 days from receipt of the notice.

(2) Hearings shall be conducted pursuant to department of inspections and appeals rules 481—Chapter 10 and rule 481—50.6(10A), with an administrative law judge appointed as the presiding officer and with the department of inspections and appeals as the final decision maker, with subject matter jurisdiction.

b. A facility may not appeal the choice of remedy, including the factors considered by the department of inspections and appeals in selecting the remedy.

c. A facility may not challenge the level of noncompliance found by the department of inspections and appeals, except that in the case of a civil money penalty, a facility may challenge the level of noncompliance found by the department of inspections and appeals only if a successful challenge on this issue would affect the range of civil money penalty amounts that the department could collect.

d. Except when a civil remedy penalty is imposed, the imposition of a remedy shall not be stayed pending an appeal hearing.

441—81.36(249A) Action when there is immediate jeopardy.

81.36(1) Terminate agreement or appoint temporary manager. If there is immediate jeopardy to resident health or safety, the department of inspections and appeals shall appoint a temporary manager to remove the immediate jeopardy or the provider agreement shall be terminated within 23 calendar days of the last date of the survey.

The rules for appointment of a temporary manager in an immediate jeopardy situation are as follows:

a. The department of inspections and appeals shall notify the facility that a temporary manager is being appointed.

b. If the facility fails to relinquish control to the temporary manager, the provider agreement shall be terminated within 23 calendar days of the last day of the survey if the immediate jeopardy is not removed. In these cases, state monitoring may be imposed pending termination.

c. If the facility relinquishes control to the temporary manager, the department of inspections and appeals shall notify the facility that, unless it removes the immediate jeopardy, its provider agreement shall be terminated within 23 calendar days of the last day of the survey.

d. The provider agreement shall be terminated within 23 calendar days of the last day of survey if the immediate jeopardy has not been removed.

81.36(2) Other remedies. The department of inspections and appeals may also impose other remedies, as appropriate.

81.36(3) Notification of CMS. In a nursing facility or dually participating facility, if the department of inspections and appeals finds that a facility’s noncompliance poses immediate jeopardy to resident health or safety, the department of inspections and appeals shall notify CMS of the finding.

81.36(4) *Transfer of residents.* The department shall provide for the safe and orderly transfer of residents when the facility is terminated from participation.

81.36(5) *Notification of physicians and state board of examiners.* If the immediate jeopardy is also substandard quality of care, the department of inspections and appeals shall notify attending physicians and the Iowa board of examiners for nursing home administrators of the finding of substandard quality of care.

441—81.37(249A) Action when there is no immediate jeopardy.

81.37(1) *Termination of agreement or limitation of participation.* If a facility's deficiencies do not pose immediate jeopardy to residents' health or safety, and the facility is not in substantial compliance, the facility's provider agreement may be terminated or the facility may be allowed to continue to participate for no longer than six months from the last day of the survey if:

- a. The department of inspections and appeals finds that it is more appropriate to impose alternative remedies than to terminate the facility's provider agreement;
- b. The department of inspections and appeals has submitted a plan of correction approved by CMS; and
- c. The facility agrees to repay payments received after the last day of the survey that first identified the deficiencies if corrective action is not taken in accordance with the approved plan of correction and posts bond acceptable to the department to guarantee the repayment.

81.37(2) *Termination.* If a facility does not meet the criteria for continuation of payment under subrule 81.37(1), the facility's provider agreement shall be terminated.

81.37(3) *Denial of payment.* Payment shall be denied for new admissions when the facility is not in substantial compliance three months after the last day of the survey.

81.37(4) *Failure to comply.* The provider agreement shall be terminated and all payments stopped to a facility for which participation was continued under subrule 81.37(1) if the facility is not in substantial compliance within six months of the last day of the survey.

441—81.38(249A) Action when there is repeated substandard quality of care.

81.38(1) *General.* If a facility has been found to have provided substandard quality of care on the last three consecutive standard surveys, regardless of other remedies provided:

- a. Payment for all new admissions shall be denied, as specified in rule 441—81.40(249A).
- b. The department of inspections and appeals shall impose state monitoring, as specified in rule 441—81.42(249A) until the facility has demonstrated to the satisfaction of the department of inspections and appeals that it is in substantial compliance with all requirements and will remain in substantial compliance with all requirements.

81.38(2) *Repeated noncompliance.* For purposes of this rule, repeated noncompliance is based on the repeated finding of substandard quality of care and not on the basis that the substance of the deficiency or the exact deficiency was repeated.

81.38(3) *Standard surveys to which this provision applies.* Standard surveys completed by the department of inspections and appeals on or after October 1, 1990, are used to determine whether the threshold of three consecutive standard surveys is met.

81.38(4) *Program participation.*

a. The determination that a certified facility has repeated instances of substandard quality of care is made without regard to any variances in the facility's program participation (that is, any standard survey completed for Medicare, Medicaid or both programs will be considered).

b. Termination would allow the count of repeated substandard quality of care surveys to start over.

c. Change of ownership.

(1) A facility may not avoid a remedy on the basis that it underwent a change of ownership.

(2) In a facility that has undergone a change of ownership, the department of inspections and appeals may not restart the count of repeated substandard quality of care surveys unless the new owner can demonstrate to the department of inspections and appeals that the poor past performance no longer is a factor due to the change in ownership.

81.38(5) Compliance. Facility alleges corrections or achieves compliance after repeated substandard quality of care is identified.

a. If a penalty is imposed for repeated substandard quality of care, it will continue until the facility has demonstrated to the satisfaction of the department of inspections and appeals that it is in substantial compliance with the requirements and that it will remain in substantial compliance for a period of time specified by the department of inspections and appeals.

b. A facility will not avoid the imposition of remedies or the obligation to demonstrate that it will remain in compliance when it:

- (1) Alleges correction of the deficiencies cited in the most recent standard survey; or
- (2) Achieves compliance before the effective date of the remedies.

441—81.39(249A) Temporary management. The department of inspections and appeals may appoint a temporary manager from qualified applicants.

81.39(1) Qualifications. The temporary manager must:

a. Be qualified to oversee correction of deficiencies on the basis of experience and education, as determined by the department of inspections and appeals.

b. Not have been found guilty of misconduct by any licensing board or professional society in any state.

c. Have, or a member of the manager's immediate family have, no financial ownership interest in the facility.

d. Not currently serve or, within the past two years, have served as a member of the staff of the facility.

81.39(2) Payment of salary. The temporary manager's salary:

a. Is paid directly by the facility while the temporary manager is assigned to that facility.

b. Shall be at least equivalent to the sum of the following:

(1) The prevailing salary paid by providers for positions of this type in the facility's geographic area.

(2) Additional costs that would have reasonably been incurred by the provider if the person had been in an employment relationship.

(3) Any other transportation and lodging costs incurred by the person in furnishing services under the arrangement up to the maximum per diem for state employees.

c. May exceed the amount specified in paragraph "b" if the department of inspections and appeals is otherwise unable to attract a qualified temporary manager.

81.39(3) Failure to relinquish authority to temporary management.

a. If a facility fails to relinquish authority to the temporary manager, the provider agreement shall be terminated in accordance with rule 441—81.57(249A).

b. A facility's failure to pay the salary of the temporary manager is considered a failure to relinquish authority to temporary management.

81.39(4) Duration of temporary management. Temporary management ends when the facility meets any of the conditions specified in subrule 81.56(3).

441—81.40(249A) Denial of payment for all new admissions.

81.40(1) Optional denial of payment. Except as specified in subrule 81.40(2), the denial of payment for all new admissions may be imposed when a facility is not in substantial compliance with the requirements.

81.40(2) Required denial of payment. Payment for all new admissions shall be denied when:

a. The facility is not in substantial compliance three months after the last day of the survey identifying the noncompliance; or

b. The department of inspections and appeals has cited a facility with substandard quality of care on the last three consecutive standard surveys.

81.40(3) Resumption of payments. Repeated instances of substandard quality of care. When a facility has repeated instances of substandard quality of care, payments to the facility resume on the date that:

a. The facility achieves substantial compliance as indicated by a revisit or written credible evidence acceptable to the department of inspections and appeals.

b. The department of inspections and appeals determines that the facility is capable of remaining in substantial compliance.

81.40(4) Resumption of payments. No repeated instances of substandard quality of care. When a facility does not have repeated instances of substandard quality of care, payments to the facility resume prospectively on the date that the facility achieves substantial compliance, as indicated by a revisit or written credible evidence acceptable to the department of inspections and appeals.

81.40(5) Restriction. No payments to a facility are made for the period between the date that the denial of payment remedy is imposed and the date the facility achieves substantial compliance, as determined by the department of inspections and appeals.

441—81.41(249A) Secretarial authority to deny all payments.

81.41(1) CMS option to deny all payment. If a facility has not met a requirement, in addition to the authority to deny payment for all new admissions as specified in rule 441—81.40(249A), CMS may deny any further payment to the state for all Medicaid residents in the facility. When CMS denies payment to the state, the department shall deny payment to the facility.

81.41(2) Resumption of payment. When CMS resumes payment to the state, the department shall also resume payment to the facility. The department shall make payments to the facility for the same periods for which payment is made to the state.

441—81.42(249A) State monitoring.

81.42(1) State monitor. A state monitor:

a. Oversees the correction of deficiencies specified by the department of inspections and appeals at the facility site and protects the facility's residents from harm.

b. Is an employee or a contractor of the department of inspections and appeals.

c. Is identified by the department of inspections and appeals as an appropriate professional to monitor cited deficiencies.

d. Is not an employee of the facility.

e. Does not function as a consultant to the facility.

f. Does not have an immediate family member who is a resident of the facility to be monitored.

81.42(2) Use of state monitor. A state monitor shall be used when the department of inspections and appeals has cited a facility with substandard quality of care deficiencies on the last three consecutive standard surveys.

81.42(3) Discontinuance of state monitor. State monitoring is discontinued when:

a. The facility has demonstrated that it is in substantial compliance with the requirement, and it will remain in compliance for a period of time specified by the department of inspections and appeals.

b. Termination procedures are completed.

NOTE: Editorial correction IAC 5/11/05

441—81.43(249A) Directed plan of correction. The department of inspections and appeals or the temporary manager (with department of inspections and appeals' approval) may develop a plan of correction and require a facility to take action within specified time frames.

441—81.44(249A) Directed in-service training.

81.44(1) Required training. The department of inspections and appeals may require the staff of a facility to attend an in-service training program if:

a. The facility has a pattern of deficiencies that indicate noncompliance; and

b. Education is likely to correct the deficiencies.

81.44(2) Action following training. After the staff has received in-service training, if the facility has not achieved substantial compliance, the department of inspections and appeals may impose one or more other remedies.

81.44(3) Payment. The facility is responsible for the payment for the directed in-service training.

441—81.45(249A) Closure of a facility or transfer of residents, or both.

81.45(1) Closure during an emergency. In an emergency, the department and the department of inspections and appeals have the authority to:

a. Transfer Medicaid and Medicare residents to another facility; or

b. Close the facility and transfer the Medicaid and Medicare residents to another facility.

81.45(2) Required transfer in immediate jeopardy situations. When a facility's provider agreement is terminated for a deficiency that constitutes immediate jeopardy, the department arranges for the safe and orderly transfer of all Medicaid and Medicare residents to another facility.

81.45(3) All other situations. Except for immediate jeopardy situations, as specified in subrule 81.45(2), when a facility's provider agreement is terminated, the department arranges for the safe and orderly transfer of all Medicare and Medicaid residents to another facility.

441—81.46(249A) Civil money penalties—basis for imposing penalty. The department of inspections and appeals may impose a civil money penalty for the number of days a facility is not in substantial compliance with one or more participation requirements, regardless of whether or not the deficiencies constitute immediate jeopardy.

The department of inspections and appeals may impose a civil money penalty for the number of days of past noncompliance since the last standard survey, including the number of days of immediate jeopardy.

441—81.47(249A) Civil money penalties—when penalty is collected.

81.47(1) When facility requests a hearing.

a. A facility shall request a hearing on the determination of the noncompliance that is the basis for imposition of the civil money penalty within the time limit specified in subrule 81.35(7).

b. If a facility requests a hearing within the time specified in subrule 81.35(7), the department of inspections and appeals initiates collection of the penalty when there is a final administrative decision that upholds the department of inspections and appeals' determination of noncompliance after the facility achieves substantial compliance or is terminated.

81.47(2) When facility does not request a hearing. If a facility does not request a hearing, in accordance with subrule 81.47(1), the department of inspections and appeals initiates collection of the penalty when the facility:

a. Achieves substantial compliance; or

b. Is terminated.

81.47(3) When facility waives a hearing. If a facility waives its right to a hearing in writing, as specified in rule 441—81.49(249A), the department of inspections and appeals initiates collection of the penalty when the facility:

a. Achieves substantial compliance; or

b. Is terminated.

81.47(4) Accrual and computation of penalties. Accrual and computation of penalties for a facility that:

a. Requests a hearing or does not request a hearing as specified in rule 441—81.50(249A);

b. Waives its right to a hearing in writing, as specified in subrule 81.49(2) and rule 441—81.50(249A).

81.47(5) Collection. The collection of civil money penalties is made as provided in rule 441—81.52(249A).

441—81.48(249A) Civil money penalties—notice of penalty. The department of inspections and appeals shall notify the facility of intent to impose a civil money penalty in writing. The notice shall include, at a minimum, the following information:

1. The nature of the noncompliance.
2. The statutory basis for the penalty.
3. The amount of penalty per day of noncompliance.
4. Any factors specified in subrule 81.50(6) that were considered when determining the amount of the penalty.
5. The date on which the penalty begins to accrue.
6. When the penalty stops accruing.
7. When the penalty is collected.
8. Instructions for responding to the notice, including a statement of the facility's right to a hearing, and the implication of waiving a hearing, as provided in rule 441—81.49(249A).

441—81.49(249A) Civil money penalties—waiver of hearing, reduction of penalty amount.

81.49(1) Waiver of a hearing. The facility may waive the right to a hearing, in writing, within 60 days from the date of the notice of intent to impose the civil money penalty.

81.49(2) Reduction of penalty amount.

a. If the facility waives its right to a hearing, the department of inspections and appeals reduces the civil money penalty amount by 35 percent.

b. If the facility does not waive its right to a hearing, the civil money penalty is not reduced by 35 percent.

441—81.50(249A) Civil money penalties—amount of penalty.

81.50(1) Amount of penalty. The penalties are within the following ranges, set at \$50 increments:

a. Upper range—\$3,050 to \$10,000. Penalties in the range of \$3,050 to \$10,000 per day are imposed for deficiencies constituting immediate jeopardy, as specified in 81.50(4) "b."

b. Lower range—\$50 to \$3,000. Penalties in the range of \$50 to \$3,000 per day are imposed for deficiencies that do not constitute immediate jeopardy, but either caused actual harm, or caused no actual harm, but have the potential for more than minimal harm.

81.50(2) Basis for penalty amount. The amount of penalty is based on the department of inspections and appeals' assessment of factors listed in subrule 81.50(6).

81.50(3) Decreased penalty amounts. Except as specified in 81.50(4) "b," if immediate jeopardy is removed, but the noncompliance continues, the department of inspections and appeals shall shift the penalty amount to the lower range.

81.50(4) Increased penalty amounts.

a. Before the hearing, the department of inspections and appeals may propose to increase the penalty amount for facility noncompliance which, after imposition of a lower level penalty amount, becomes sufficiently serious to pose immediate jeopardy.

b. The department of inspections and appeals shall increase the penalty amount for any repeated deficiencies for which a lower level penalty amount was previously imposed, regardless of whether the increased penalty amount would exceed the range otherwise reserved for nonimmediate jeopardy deficiencies.

c. Repeated deficiencies are deficiencies in the same regulatory grouping of requirements found at the last survey, subsequently corrected, and found again at the next survey.

81.50(5) Review of the penalty. When an administrative law judge (or director of the department of inspections and appeals) finds that the basis for imposing a civil money penalty exists, the administrative law judge (or director) may not:

a. Set a penalty of zero or reduce a penalty to zero.

b. Review the exercise of discretion by the department of inspections and appeals to impose a civil money penalty.

c. Consider any factors in reviewing the amount of the penalty other than those specified in subrule 81.50(6).

81.50(6) Factors affecting the amount of penalty. In determining the amount of penalty, the department of inspections and appeals shall take into account the following factors:

- a. The facility's history of noncompliance, including repeated deficiencies.
- b. The facility's financial condition.
- c. The factors specified in rule 441—81.33(249A).
- d. The facility's degree of culpability. Culpability includes, but is not limited to, neglect, indifference, or disregard for resident care, comfort or safety. The absence of culpability is not a mitigating circumstance in reducing the amount of the penalty.

441—81.51(249A) Civil money penalties—effective date and duration of penalty.

81.51(1) When penalty begins to accrue. The civil money penalty may start accruing as early as the date the facility was first out of compliance, as determined by the department of inspections and appeals.

81.51(2) Duration of penalty. The civil money penalty is computed and collectible, as specified in rules 441—81.47(249A) and 441—81.52(249A), for the number of days of noncompliance until the date the facility achieves substantial compliance or, if applicable, the date of termination when:

- a. The department of inspections and appeals' decision of noncompliance is upheld after a final administrative decision;
- b. The facility waives its right to a hearing in accordance with rule 441—81.49(249A); or
- c. The time for requesting a hearing has expired and the department of inspections and appeals has not received a hearing request from the facility.

81.51(3) Penalty due. The entire accrued penalty is due and collectible, as specified in the notice sent to the provider under subrules 81.51(4) and 81.54(5).

81.51(4) Notice after facility achieves compliance. When a facility achieves substantial compliance, the department of inspections and appeals shall send a separate notice to the facility containing:

- a. The amount of penalty per day;
- b. The number of days involved;
- c. The total amount due;
- d. The due date of the penalty; and
- e. The rate of interest assessed on the unpaid balance beginning on the due date, as provided in rule 441—81.52(249A).

81.51(5) Notice to terminated facility. In the case of a terminated facility, the department of inspections and appeals shall send this penalty information after the:

- a. Final administrative decision is made;
- b. Facility has waived its right to a hearing in accordance with rule 441—81.49(249A); or
- c. Time for requesting a hearing has expired and the department of inspections and appeals has not received a hearing request from the facility.

81.51(6) Accrual of penalties when there is no immediate jeopardy.

a. In the case of noncompliance that does not pose immediate jeopardy, the daily accrual of civil money penalties is imposed for the days of noncompliance prior to the notice specified in rule 441—81.48(249A) and an additional period of no longer than six months following the last day of the survey.

b. After the period specified in paragraph "a," if the facility has not achieved substantial compliance, the provider agreement may be terminated.

81.51(7) Accrual of penalties when there is immediate jeopardy.

a. When a facility has deficiencies that pose immediate jeopardy, the provider agreement shall be terminated within 23 calendar days after the last day of the survey if the immediate jeopardy remains.

b. The accrual of the civil money penalty stops on the day the provider agreement is terminated.

81.51(8) Documenting substantial compliance.

a. If an on-site revisit is necessary to confirm substantial compliance and the provider can supply documentation acceptable to the department of inspections and appeals that substantial compliance was

achieved on a date preceding the revisit, penalties only accrue until that date of correction for which there is written credible evidence.

b. If an on-site revisit is not necessary to confirm substantial compliance, penalties only accrue until the date of correction for which the department of inspections and appeals receives and accepts written credible evidence.

441—81.52(249A) Civil money penalties—due date for payment of penalty.

81.52(1) *When payments are due.*

a. A civil money penalty payment is due 15 days after a final administrative decision is made when:

- (1) The facility achieves substantial compliance before the final administrative decision; or
- (2) The effective date of termination occurs before the final administrative decision.

b. A civil money penalty is due 15 days after the time period for requesting a hearing has expired and a hearing request was not received when:

- (1) The facility achieves substantial compliance before the hearing request was due; or
- (2) The effective date of termination occurs before the hearing request was due.

c. A civil money penalty payment is due 15 days after receipt of the written request to waive a hearing when:

(1) The facility achieved substantial compliance before the department of inspections and appeals received the written waiver of hearing; or

(2) The effective date of termination occurs before the department of inspections and appeals received the written waiver of hearing.

d. A civil money penalty payment is due 15 days after substantial compliance is achieved when:

- (1) The final administrative decision is made before the facility came into compliance;
- (2) The facility did not file a timely hearing request before it came into substantial compliance; or
- (3) The facility waived its right to a hearing before it came into substantial compliance.

e. A civil money penalty payment is due 15 days after the effective date of termination, if before the effective date of termination:

- (1) The final administrative decision was made;
- (2) The time for requesting a hearing has expired and the facility did not request a hearing; or
- (3) The facility waived its right to a hearing.

f. In the cases specified in paragraph “*d.*,” the period of noncompliance may not extend beyond six months from the last day of the survey.

81.52(2) *Deduction of penalty from amount owed.* The amount of the penalty, when determined, may be deducted from any sum then or later owing by the department to the facility.

81.52(3) *Interest.* Interest of 10 percent per year is assessed on the unpaid balance of the penalty, beginning on the due date.

81.52(4) *Penalties collected by the department.*

a. Civil money penalties collected by the department shall be applied to the protection of the health or property of residents of facilities that the department of inspections and appeals finds deficient, such as:

- (1) Payment for the cost of relocating residents to other facilities;
 - (2) State costs related to the operation of a facility pending correction of deficiencies or closure;
- and

(3) Reimbursement of residents for personal funds or property lost at a facility as a result of actions by the facility or by individuals used by the facility to provide services to residents.

b. Reserved.

441—81.53(249A) Civil money penalties—settlement of penalties. The department of inspections and appeals has the authority to settle cases at any time prior to the evidentiary hearing decision.

441—81.54(249A) Continuation of payments to a facility with deficiencies.**81.54(1) Criteria.**

a. The department may continue payments to a facility that is not in substantial compliance for the periods specified in subrule 81.54(3) if the following criteria are met:

(1) The department of inspections and appeals finds that it is more appropriate to impose alternative remedies than to terminate the facility;

(2) The department of inspections and appeals has submitted a plan and timetable for corrective action approved by CMS; and

(3) The facility agrees to repay the department for all payments received under this provision if corrective action is not taken in accordance with the approved plan and timetable for corrective action and posts a bond acceptable to the department to guarantee agreement to repay.

b. The facility provider agreement may be terminated before the end of the correction period if the criteria in 81.54(1)“a” are not met.

81.54(2) Cessation of payments. If termination is not sought, either by itself or along with another remedy or remedies, or any of the criteria in 81.54(1)“a” are not met or agreed to by either the facility or the department, the facility shall receive no payments, as applicable, from the last day of the survey.

81.54(3) Period of continued payments. If the conditions in 81.54(1)“a” are met, the department may continue payments to a facility with noncompliance that does not constitute immediate jeopardy for up to six months from the last day of the survey.

81.54(4) Failure to achieve substantial compliance. If the facility does not achieve substantial compliance by the end of the period specified in subrule 81.54(3), the provider agreement for the facility may be terminated.

441—81.55(249A) State and federal disagreements involving findings not in agreement when there is no immediate jeopardy. This rule applies when CMS and the department of inspections and appeals disagree over findings of noncompliance or application of remedies.

81.55(1) Disagreement over whether facility has met requirements.

a. The department of inspections and appeals’ finding of noncompliance takes precedence when:

(1) CMS finds the facility is in substantial compliance with the participation requirements; and

(2) The department of inspections and appeals finds the facility has not achieved substantial compliance.

b. CMS’s findings of noncompliance take precedence when:

(1) CMS finds that a facility has not achieved substantial compliance; and

(2) The department of inspections and appeals finds the facility is in substantial compliance with the participation requirements.

c. When CMS’s survey findings take precedence, CMS may:

(1) Impose any of the alternative remedies specified in rule 441—81.34(249A);

(2) Terminate the provider agreement subject to the applicable conditions of rule 441—81.54(249A); and

(3) Stop federal financial participation to the department for a nursing facility.

81.55(2) Disagreement over decision to terminate.

a. CMS’s decision to terminate the participation of a facility takes precedence when:

(1) Both CMS and the department of inspections and appeals find that the facility has not achieved substantial compliance; and

(2) CMS, but not the department of inspections and appeals, finds that the facility’s participation should be terminated. CMS will permit continuation of payment during the period prior to the effective date of termination, not to exceed six months, if the applicable conditions of rule 441—81.54(249A) are met.

b. The department of inspections and appeals’ decision to terminate a facility’s participation and the procedures for appealing the termination take precedence when:

(1) The department of inspections and appeals, but not CMS, finds that a facility’s participation should be terminated; and

(2) The department of inspections and appeals' effective date for the termination of the nursing facility's provider agreement is no later than six months after the last day of survey.

81.55(3) *Disagreement over timing of termination of facility.* The department of inspections and appeals' timing of termination takes precedence if it does not occur later than six months after the last day of the survey when both CMS and the department of inspections and appeals find that:

- a. A facility is not in substantial compliance; and
- b. The facility's participation should be terminated.

81.55(4) *Disagreement over remedies.*

a. When CMS or the department of inspections and appeals, but not both, establishes one or more remedies, in addition to or as an alternative to termination, the additional or alternative remedies will also apply when:

(1) Both CMS and the department of inspections and appeals find that a facility has not achieved substantial compliance; and

(2) Both CMS and the department of inspections and appeals find that no immediate jeopardy exists.

b. When CMS and the department of inspections and appeals establish one or more remedies, in addition to or as an alternative to termination, only the CMS remedies apply when both CMS and the department of inspections and appeals find that a facility has not achieved substantial compliance.

81.55(5) *One decision.* Regardless of whether CMS's or the department of inspections and appeals' decision controls, only one noncompliance and enforcement decision is applied to the Medicaid agreement, and for a dually participating facility, that same decision will apply to the Medicare agreement.

441—81.56(249A) Duration of remedies.

81.56(1) *Remedies continue.* Except as specified in subrule 81.56(2), alternative remedies continue until:

a. The facility has achieved substantial compliance as determined by the department of inspections and appeals based upon a revisit or after an examination of credible written evidence that it can verify without an on-site visit; or

b. The provider agreement is terminated.

81.56(2) *State monitoring.* In the cases of state monitoring and denial of payment imposed for repeated substandard quality of care, remedies continue until:

a. The department of inspections and appeals determines that the facility has achieved substantial compliance and is capable of remaining in substantial compliance; or

b. The provider agreement is terminated.

81.56(3) *Temporary management.* In the case of temporary management, the remedy continues until:

a. The department of inspections and appeals determines that the facility has achieved substantial compliance and is capable of remaining in substantial compliance;

b. The provider agreement is terminated; or

c. The facility which has not achieved substantial compliance reassumes management control. In this case, the department of inspections and appeals initiates termination of the provider agreement and may impose additional remedies.

81.56(4) *Facility in compliance.* If the facility can supply documentation acceptable to the department of inspections and appeals that it was in substantial compliance, and was capable of remaining in substantial compliance, if necessary, on a date preceding that of the revisit, the remedies terminate on the date that the department of inspections and appeals can verify as the date that substantial compliance was achieved.

441—81.57(249A) Termination of provider agreement.

81.57(1) *Effect of termination.* Termination of the provider agreement ends payment to the facility and any alternative remedy.

81.57(2) Basis of termination.

a. A facility's provider agreement may be terminated if a facility:

(1) Is not in substantial compliance with the requirements of participation, regardless of whether or not immediate jeopardy is present; or

(2) Fails to submit an acceptable plan of correction within the time frame specified by the department of inspections and appeals.

b. A facility's provider agreement shall be terminated if a facility:

(1) Fails to relinquish control to the temporary manager, if that remedy is imposed by the department of inspections and appeals; or

(2) Does not meet the eligibility criteria for continuation of payment as set forth in 81.37(1) "a."

81.57(3) Notice of termination. Before a provider agreement is terminated, the department of inspections and appeals shall notify the facility and the public:

a. At least two calendar days before the effective date of termination for a facility with immediate jeopardy deficiencies; and

b. At least 15 calendar days before the effective date of termination for a facility with nonimmediate jeopardy deficiencies that constitute noncompliance.

These rules are intended to implement Iowa Code section 249A.4.

 [Filed 4/10/08, Notice 1/30/08—published 5/7/08, effective 7/1/08]

¹ Effective date of 81.16(4) delayed 30 days by the Administrative Rules Review Committee at its September 12, 1990, meeting; at the October 9, 1990, meeting the delay was extended to 70 days. Amendment effective 12/1/90 superseded the 70-day delay.

² Effective date of 81.10(5) delayed until adjournment of the 1991 session of the General Assembly by the Administrative Rules Review Committee at its November 13, 1990, meeting.

³ Effective date of 81.13(7) "c"(1) delayed 70 days by the Administrative Rules Review Committee at its meeting held July 14, 1992; delay lifted by the Committee at its meeting held August 11, 1992, effective August 12, 1992.

- ⁴ Effective date of 81.6(3), first unnumbered paragraph, delayed 70 days by the Administrative Rules Review Committee at its meeting held April 5, 1993.
- ⁵ At a special meeting held January 24, 2002, the Administrative Rules Review Committee voted to delay until adjournment of the 2002 Session of the General Assembly the effective date of amendments published in the February 6, 2002, Iowa Administrative Bulletin as **ARC 1365B**.

OBJECTION

At its meeting held August 11, 1992, the Administrative Rules Review Committee voted to object to the amendments published in **ARC 3069A** on the grounds the amendments are unreasonable. This filing is published in IAB Vol. XIV No. 253 (06-10-92). It is codified as an amendment to paragraph 441 IAC 81.13(7)“c”(1).

In brief, this filing provides that care facilities shall not employ persons who have been found guilty in a court of law of abusing, neglecting or mistreating facility residents, or who have had a “finding” entered into the state nurse aide registry concerning abuse, neglect, mistreatment of residents or misappropriation of their property. Additionally, the filing eliminates a previous provision which allowed the Department of Inspections and Appeals some discretion in deciding whether the lifetime ban on employment should be applied.

This language originated in the federal government which mandated that the department adopt these provisions or possibly face sanctions. The Committee does not believe these amendments are an improvement to Iowa’s system and has the following objection. The Committee believes that the amendments published in **ARC 3069A** are unreasonable because of the inconsistency in the burdens of proof and the levels of procedural safeguards in the two proceedings. A facility employee may either be found guilty in a court of law or have an administrative finding entered into the registry. In either case the result is the same, the employee is permanently banned from further employment in a care facility; however, the two paths to the result are significantly different. The first proceeding is a criminal tribunal in which the burden of proof is “beyond a reasonable doubt.” The second proceeding is a simple administrative hearing in which the burden is “preponderance of the evidence.” The two proceedings also differ in the level of many other due process protections accorded to the individual. A criminal proceeding provides the accused with the opportunity for a trial by jury, competent legal counsel, strict rules of evidence and many procedural protections not present in administrative hearings. It should also be noted that the penalty in this situation—a lifetime ban on employment—is more serious than is usually imposed in contested cases. In licensee discipline cases, a license can be revoked, but the possibility of reinstatement exists; under this new rule no reinstatement is allowed, the facility employee is banned from employment no matter how serious or minor the offense or how far in the past it occurred. Because of the magnitude of this penalty, the Committee believes that the accused should be provided with greater procedural protections than are generally found in administrative hearings.

The Committee also believes this filing is unreasonable because it eliminates the discretion accorded to the Department of Inspections and Appeals to not apply the lifetime ban on employment. Under the previous rule, the department’s discretion in applying the employment ban acted as a safeguard against unjust results. It recognized that a person would make amends for past offenses and earn a second chance. The provision was a genuine improvement in the process; it recognized that flexibility was needed in government decision making and that some decisions should be made on a case-by-case basis. There does not appear to be any rational basis to justify the elimination of this safeguard and, therefore, the Committee believes this action to be unreasonable.

CHAPTER 82
INTERMEDIATE CARE FACILITIES FOR THE MENTALLY RETARDED

[Prior to 7/1/83, Social Services[770] Ch 82]

[Prior to 2/11/87, Human Services[498]]

441—82.1(249A) Definition.

“*Department*” means the Iowa department of human services.

This rule is intended to implement Iowa Code section 249A.12.

441—82.2(249A) Licensing and certification. In order to participate in the program, a facility shall be licensed as a hospital, nursing facility, or an intermediate care facility for the mentally retarded by the department of inspections and appeals under the department of inspections and appeals rules 481—Chapter 64. The facility shall meet the following conditions of participation:

82.2(1) Governing body and management.

a. Governing body. The facility shall identify an individual or individuals to constitute the governing body of the facility. The governing body shall:

- (1) Exercise general policy, budget, and operating direction over the facility.
- (2) Set the qualifications (in addition to those already set by state law) for the administrator of the facility.
- (3) Appoint the administrator of the facility.

b. Compliance with federal, state, and local laws. The facility shall be in compliance with all applicable provisions of federal, state and local laws, regulations and codes pertaining to health, safety, and sanitation.

c. Client records.

(1) The facility shall develop and maintain a record-keeping system that includes a separate record for each client and that documents the clients’ health care, active treatment, social information, and protection of the client’s rights.

(2) The facility shall keep confidential all information contained in the clients’ records, regardless of the form or storage method of the records.

(3) The facility shall develop and implement policies and procedures governing the release of any client information, including consents necessary from the client or parents (if the client is a minor) or legal guardian.

(4) Any individual who makes an entry in a client’s record shall make it legibly, date it, and sign it.

(5) The facility shall provide a legend to explain any symbol or abbreviation used in a client’s record.

(6) The facility shall provide each identified residential living unit with appropriate aspects of each client’s record.

d. Services provided under agreements with outside sources.

(1) If a service required under this rule is not provided directly, the facility shall have a written agreement with an outside program, resource, or service to furnish the necessary service, including emergency and other health care.

(2) The agreement shall:

1. Contain the responsibilities, functions, objectives, and other terms agreed to by both parties.

2. Provide that the facility is responsible for ensuring that the outside services meet the standards for quality of services contained in this rule.

(3) The facility shall ensure that outside services meet the needs of each client.

(4) If living quarters are not provided in a facility owned by the ICF/MR, the ICF/MR remains directly responsible for the standards relating to physical environment that are specified in subrule 82.2(7), paragraphs “a” to “g,” “j,” and “k.”

e. Disclosure of ownership. The facility shall supply to the licensing agency full and complete information, and promptly report any changes which would affect the current accuracy of the information, as to identify:

(1) Each person having a direct or indirect ownership interest of 5 percent or more in the facility and the owner in whole or in part of any property or assets (stock, mortgage, deed of trust, note or other obligation) secured in whole or in part by the facility.

(2) Each officer and director of the corporation, if the facility is organized as a corporation.

(3) Each partner, if the facility is organized as a partnership.

82.2(2) Client protections.

a. Protection of clients' rights. The facility shall ensure the rights of all clients. Therefore, the facility shall:

(1) Inform each client, parent (if the client is a minor), or legal guardian of the client's rights and the rules of the facility.

(2) Inform each client, parent (if the child is a minor), or legal guardian, of the client's medical condition, developmental and behavioral status, attendant risks of treatment, and of the right to refuse treatment.

(3) Allow and encourage individual clients to exercise their rights as clients of the facility, and as citizens of the United States, including the right to file complaints and the right to due process.

(4) Allow individual clients to manage their financial affairs and teach them to do so to the extent of their capabilities.

(5) Ensure that clients are not subjected to physical, verbal, sexual, or psychological abuse or punishment.

(6) Ensure that clients are free from unnecessary drugs and physical restraints and are provided active treatment to reduce dependency on drugs and physical restraints.

(7) Provide each client with the opportunity for personal privacy and ensure privacy during treatment and care of personal needs.

(8) Ensure that clients are not compelled to perform services for the facility and ensure that clients who do work for the facility are compensated for their efforts at prevailing wages and commensurate with their abilities.

(9) Ensure clients the opportunity to communicate, associate and meet privately with individuals of their choice, and to send and receive unopened mail.

(10) Ensure that clients have access to telephones with privacy for incoming and outgoing local and long distance calls except as contraindicated by factors identified within their individual program plans.

(11) Ensure clients the opportunity to participate in social, religious, and community group activities.

(12) Ensure that clients have the right to retain and use appropriate personal possessions and clothing, and ensure that each client is dressed in the client's own clothing each day.

(13) Permit a husband and wife who both reside in the facility to share a room.

b. Client finances.

(1) The facility shall establish and maintain a system that ensures a full and complete accounting of clients' personal funds entrusted to the facility on behalf of clients and precludes any commingling of client funds with facility funds or with the funds of any person other than another client.

(2) The client's financial record shall be available on request to the client, parents (if the client is a minor), or legal guardian.

c. Communication with clients, parents, and guardians. The facility shall:

(1) Promote participation of parents (if the client is a minor) and legal guardians in the process of providing active treatment to a client unless their participation is unobtainable or inappropriate.

(2) Answer communications from clients' families and friends promptly and appropriately.

(3) Promote visits by individuals with a relationship to the client (such as family, close friends, legal guardians and advocates) at any reasonable hour, without prior notice, consistent with the right of that client's and other clients' privacy, unless the interdisciplinary team determines that the visit would not be appropriate.

(4) Promote visits by parents or guardians to any area of the facility that provides direct client care services to the client, consistent with the right of that client's and other clients' privacy.

(5) Promote frequent and informal leaves from the facility for visits, trips, or vacations.

(6) Notify promptly the client's parents or guardian of any significant incidents or changes in the client's condition including, but not limited to, serious illness, accident, death, abuse, or unauthorized absence.

d. Staff treatment of clients.

(1) The facility shall develop and implement written policies and procedures that prohibit mistreatment, neglect or abuse of the client.

1. Staff of the facility shall not use physical, verbal, sexual or psychological abuse or punishment.

2. Staff shall not punish a client by withholding food or hydration that contributes to a nutritionally adequate diet.

3. The facility shall prohibit the employment of individuals with a conviction or prior employment history of child or client abuse, neglect or mistreatment.

(2) The facility shall ensure that all allegations of mistreatment, neglect or abuse, as well as injuries of unknown source, are reported immediately to the administrator or to other officials in accordance with state law through established procedures.

(3) The facility shall have evidence that all alleged violations are thoroughly investigated and shall prevent further potential abuse while the investigation is in progress.

(4) The results of all investigations shall be reported to the administrator or designated representative or to other officials in accordance with state law within five working days of the incident, and, if the alleged violation is verified, appropriate corrective action shall be taken.

82.2(3) Facility staffing.

a. Qualified mental retardation professional. Each client's active treatment program shall be integrated, coordinated and monitored by a qualified mental retardation professional who has at least one year of experience working directly with persons with mental retardation or other developmental disabilities and is one of the following:

(1) A doctor of medicine or osteopathy.

(2) A registered nurse.

(3) An individual who holds at least a bachelor's degree in a professional category specified in 82.2(3) "b"(5).

b. Professional program services.

(1) Each client shall receive the professional program services needed to implement the active treatment program defined by each client's individual program plan. Professional program staff shall work directly with clients and with paraprofessional, nonprofessional and other professional program staff who work with clients.

(2) The facility shall have available enough qualified professional staff to carry out and monitor the various professional interventions in accordance with the stated goals and objectives of every individual program plan.

(3) Professional program staff shall participate as members of the interdisciplinary team in relevant aspects of the active treatment process.

(4) Professional program staff shall participate in ongoing staff development and training in both formal and informal settings with other professional, paraprofessional, and nonprofessional staff members.

(5) Professional program staff shall be licensed, certified, or registered, as applicable, to provide professional services by the state in which the staff practices. Those professional program staff who do not fall under the jurisdiction of state licensure, certification, or registration requirements shall meet the following qualifications:

1. To be designated as an occupational therapist, an individual shall be eligible for certification as an occupational therapist by the American Occupational Therapy Association or another comparable body.

2. To be designated as an occupational therapy assistant, an individual shall be eligible for certification as an occupational therapy assistant by the American Occupational Therapy Association or another comparable body.

3. To be designated as a physical therapist, an individual shall be eligible for certification as a physical therapist by the American Physical Therapy Association or another comparable body.

4. To be designated as a physical therapy assistant, an individual shall be eligible for registration as a physical therapy assistant by the American Physical Therapy Association or be a graduate of a two-year college-level program approved by the American Physical Therapy Association or another comparable body.

5. To be designated as a psychologist, an individual shall have at least a master's degree in psychology from an accredited school.

6. To be designated as a social worker, an individual shall hold a graduate degree from a school of social work accredited or approved by the Council on Social Work Education or another comparable body or hold a bachelor of social work degree from a college or university accredited or approved by the Council on Social Work Education or another comparable body.

7. To be designated as a speech-language pathologist or audiologist, an individual shall be eligible for a Certificate of Clinical Competence in Speech-Language Pathology or Audiology granted by the American Speech-Language Hearing Association or another comparable body or meet the educational requirements for certification and be in the process of accumulating the supervised experience required for certification.

8. To be designated as a professional recreation staff member, an individual shall have a bachelor's degree in recreation or in a specialty area such as art, dance, music or physical education.

9. To be designated as a professional dietitian, an individual shall be eligible for registration by the American Dietetics Association.

10. To be designated as a human services professional, an individual shall have at least a bachelor's degree in a human services field (including, but not limited to, sociology, special education, rehabilitation counseling and psychology).

(6) If the client's individual program plan is being successfully implemented by facility staff, professional program staff meeting the qualifications of 82.2(3)"b"(5) are not required except for qualified mental retardation professionals who must meet the requirements set forth in 82.2(3)"a."

c. Facility staffing.

(1) The facility shall not depend upon clients or volunteers to perform direct care services for the facility.

(2) There shall be responsible direct care staff on duty and awake on a 24-hour basis, when clients are present, to take prompt, appropriate action in case of injury, illness, fire or other emergency, in each defined residential living unit housing: clients for whom a physician has ordered a medical care plan; clients who are aggressive, assaultive or security risks; more than 16 clients; or fewer than 16 clients within a multi-unit building.

(3) There shall be a responsible direct care staff person on duty on a 24-hour basis, when clients are present, to respond to injuries and symptoms of illness, and to handle emergencies, in each defined residential living unit housing: clients for whom a physician has not ordered a medical care plan; clients who are not aggressive, assaultive or security risks; and 16 or fewer clients.

(4) The facility shall provide sufficient support staff so that direct care staff are not required to perform support services to the extent that these duties interfere with the exercise of their primary direct client care duties.

d. Direct care (residential living unit) staff.

(1) The facility shall provide sufficient direct care staff to manage and supervise clients in accordance with their individual program plans.

(2) Direct care staff are defined as the present on-duty staff calculated over all shifts in a 24-hour period for each defined residential living unit.

(3) Direct care staff shall be provided by the facility in the following minimum ratios of direct care staff to clients:

1. For each defined residential living unit serving children under the age of 12, severely and profoundly retarded clients, clients with severe physical disabilities, or clients who are aggressive,

assaultive, or security risks, or who manifest severely hyperactive or psychotic-like behavior, the staff-to-client ratio is 1 to 3.2.

2. For each defined residential living unit serving moderately retarded clients, the staff-to-client ratio is 1 to 4.

3. For each defined residential living unit serving clients who function within the range of mild retardation, the staff-to-client ratio is 1 to 6.4.

4. When there are no clients present in the living unit, a responsible staff member must be available by telephone.

e. Staff training program.

(1) The facility shall provide each employee with initial and continuing training that enables the employee to perform the employee's duties effectively, efficiently, and competently.

(2) For employees who work with clients, training shall focus on skills and competencies directed toward clients' developmental, behavioral, and health needs.

(3) Staff shall be able to demonstrate the skills and techniques necessary to administer interventions to manage the inappropriate behavior of clients.

(4) Staff shall be able to demonstrate the skills and techniques necessary to implement the individual program plans for each client for whom they are responsible.

82.2(4) Active treatment services.

a. Active treatment.

(1) Each client shall receive a continuous active treatment program, which includes aggressive, consistent implementation of a program of specialized and generic training, treatment, health services and related services described in this paragraph, that is directed toward: the acquisition of the behaviors necessary for the client to function with as much self-determination and independence as possible; and the prevention or deceleration of regression or loss of current optimal functional status.

(2) Active treatment does not include services to maintain generally independent clients who are able to function with little supervision or in the absence of a continuous active treatment program.

b. Admissions, transfers, and discharge.

(1) Clients who are admitted by the facility shall be in need of and receiving active treatment services.

(2) Admission decisions shall be based on a preliminary evaluation of the client that is conducted or updated by the facility or by outside sources.

(3) A preliminary evaluation shall contain background information as well as currently valid assessments of functional developmental, behavioral, social, health and nutritional status to determine if the facility can provide for the client's needs and if the client is likely to benefit from placement in the facility.

(4) If a client is to be either transferred or discharged, the facility shall have documentation in the client's record that the client was transferred or discharged for good cause, and shall provide a reasonable time to prepare the client and the client's parents or guardian for the transfer or discharge (except in emergencies).

(5) At the time of the discharge, the facility shall develop a final summary of the client's developmental, behavioral, social, health and nutritional status and, with the consent of the client, parents (if the client is a minor) or legal guardian, provide a copy to authorized persons and agencies, and shall provide a post-discharge plan of care that will assist the client to adjust to the new living environment.

c. Individual program plan.

(1) Each client shall have an individual program plan developed by an interdisciplinary team that represents the professions, disciplines or service areas that are relevant to identifying the client's needs, as described by the comprehensive functional assessments required in 82.2(4) "c"(3), and designing programs that meet the client's needs.

(2) Appropriate facility staff shall participate in interdisciplinary team meetings. Participation by other agencies serving the client is encouraged. Participation by the client, the client's parents (if the

client is a minor), or the client's legal guardian is required unless that participation is unobtainable or inappropriate.

(3) Within 30 days after admission, the interdisciplinary team shall perform accurate assessments or reassessments as needed to supplement the preliminary evaluation conducted prior to admission. The comprehensive functional assessment shall take into consideration the client's age (for example, child, young adult, elderly person) and the implications for active treatment at each stage, as applicable, and shall:

1. Identify the presenting problems and disabilities and, where possible, their causes.
2. Identify the client's specific developmental strengths.
3. Identify the client's specific developmental and behavioral management needs.
4. Identify the client's need for services without regard to the actual availability of the services needed.
5. Include physical development and health, nutritional status, sensorimotor development, affective development, speech and language development and auditory functioning, cognitive development, social development, adaptive behaviors or independent living skills necessary for the client to be able to function in the community, and, as applicable, vocational skills.

(4) Within 30 days after admission, the interdisciplinary team shall prepare for each client an individual program plan that states the specific objectives necessary to meet the client's needs, as identified by the comprehensive assessment required by 82.2(4) "c"(3), and the planned sequence for dealing with those objectives. These objectives shall:

1. Be stated separately, in terms of a single behavioral outcome.
2. Be assigned projected completion dates.
3. Be expressed in behavioral terms that provide measurable indices of performance.
4. Be organized to reflect a developmental progression appropriate to the individual.
5. Be assigned priorities.

(5) Each written training program designed to implement the objectives in the individual program plan shall specify:

1. The methods to be used.
2. The schedule for use of the method.
3. The person responsible for the program.
4. The type of data and frequency of data collection necessary to be able to assess progress toward the desired objectives.
5. The inappropriate client behaviors, if applicable.
6. Provision for the appropriate expression of behavior and the replacement of inappropriate behavior, if applicable, with behavior that is adaptive or appropriate.

(6) The individual program plan shall also:

1. Describe relevant interventions to support the individual toward independence.
2. Identify the location where program strategy information (which shall be accessible to any person responsible for implementation) can be found.
3. Include, for those clients who lack them, training in personal skills essential for privacy and independence (including, but not limited to, toilet training, personal hygiene, dental hygiene, self-feeding, bathing, dressing, grooming, and communication of basic needs), until it has been demonstrated that the client is developmentally incapable of acquiring them.
4. Identify mechanical supports, if needed, to achieve proper body position, balance, or alignment. The plan shall specify the reason for each support, the situations in which each is to be applied, and a schedule for the use of each support.
5. Provide that clients who have multiple disabling conditions spend a major portion of each waking day out of bed and outside the bedroom area, moving about by various methods and devices whenever possible.
6. Include opportunities for client choice and self-management.

(7) A copy of each client's individual program plan shall be made available to all relevant staff, including staff of other agencies who work with the client, and to the client, parents (if the client is a minor) or legal guardian.

d. Program implementation.

(1) As soon as the interdisciplinary team has formulated a client's individual program plan, each client shall receive a continuous active treatment program consisting of needed interventions and services in sufficient number and frequency to support the achievement of the objectives identified in the individual program plan.

(2) The facility shall develop an active treatment schedule that outlines the current active treatment program and that is readily available for review by relevant staff.

(3) Except for those facets of the individual program plan that must be implemented only by licensed personnel, each client's individual program plan shall be implemented by all staff who work with the client, including professional, paraprofessional and nonprofessional staff.

e. Program documentation.

(1) Data relative to accomplishment of the criteria specified in client individual program plan objectives shall be documented in measurable terms.

(2) The facility shall document significant events that are related to the client's individual program plan and assessments and that contribute to an overall understanding of the client's ongoing level and quality of functioning.

f. Program monitoring and change.

(1) The individual program plan shall be reviewed at least by the qualified mental retardation professional and revised as necessary, including, but not limited to, situations in which the client:

1. Has successfully completed an objective or objectives identified in the individual program plan.
2. Is regressing or losing skills already gained.
3. Is failing to progress toward identified objectives after reasonable efforts have been made.
4. Is being considered for training toward new objectives.

(2) At least annually, the comprehensive functional assessment of each client shall be reviewed by the interdisciplinary team for relevancy and updated as needed, and the individual program plan shall be revised, as appropriate, repeating the process set forth in 82.2(4) "c."

(3) The facility shall designate and use a specially constituted committee or committees consisting of members of facility staff, parents, legal guardians, clients (as appropriate), qualified persons who have either experience or training in contemporary practices to change inappropriate client behavior, and persons with no ownership or controlling interest in the facility to:

1. Review, approve, and monitor individual programs designed to manage inappropriate behavior and other programs that, in the opinion of the committee, involve risks to client protection and rights.
2. Ensure that these programs are conducted only with the written informed consent of the client, parent (if the client is a minor), or legal guardian.
3. Review, monitor and make suggestions to the facility about its practices and programs as they relate to drug usage, physical restraints, time-out rooms, application of painful or noxious stimuli, control of inappropriate behavior, protection of client rights and funds, and any other area that the committee believes needs to be addressed.

(4) The provisions of 82.2(4) "f"(3) may be modified only if, in the judgment of the department of inspections and appeals, court decrees, state law or regulations provide for equivalent client protection and consultation.

82.2(5) Client behavior and facility practices.

a. Facility practices—conduct toward clients.

(1) The facility shall develop and implement written policies and procedures for the management of conduct between staff and clients. These policies and procedures shall:

1. Promote the growth, development and independence of the client.
2. Address the extent to which client choice will be accommodated in daily decision making, emphasizing self-determination and self-management, to the extent possible.
3. Specify client conduct to be allowed or not allowed.

4. Be available to all staff, clients, parents of minor children, and legal guardians.
- (2) To the extent possible, clients shall participate in the formulation of these policies and procedures.
- (3) Clients shall not discipline other clients, except as part of an organized system of self-government, as set forth in facility policy.
- b. Management of inappropriate client behavior.*
 - (1) The facility shall develop and implement written policies and procedures that govern the management of inappropriate client behavior. These policies and procedures shall be consistent with the provisions of 82.2(5) "a." These procedures shall:
 1. Specify all facility-approved interventions to manage inappropriate client behavior.
 2. Designate these interventions on a hierarchy to be implemented ranging from most positive or least intrusive to least positive or most intrusive.
 3. Ensure, prior to the use of more restrictive techniques, that the client's record documents that programs incorporating the use of less intrusive or more positive techniques have been tried systematically and have been demonstrated to be ineffective.
 4. Address the use of time-out rooms, the use of physical restraints, the use of drugs to manage inappropriate behavior, the application of painful or noxious stimuli, the staff members who may authorize the use of specified interventions, and a mechanism for monitoring and controlling the use of these interventions.
 - (2) Interventions to manage inappropriate client behavior shall be employed with sufficient safeguards and supervision to ensure that the safety, welfare and civil and human rights of clients are adequately protected.
 - (3) Techniques to manage inappropriate client behavior shall never be used for disciplinary purposes, for the convenience of staff or as a substitute for an active treatment program.
 - (4) The use of systematic interventions to manage inappropriate client behavior shall be incorporated into the client's individual program plan, in accordance with 82.2(4) "c"(4) and (5).
 - (5) Standing or as-needed programs to control inappropriate behavior are not permitted.
- c. Time-out rooms.*
 - (1) A client may be placed in a room from which egress is prevented only if the following conditions are met:
 1. The placement is a part of an approved systematic time-out program as required by 82.2(5) "b."
 2. The client is under the direct constant visual supervision of designated staff.
 3. The door to the room is held shut by staff or by a mechanism requiring constant physical pressure from a staff member to keep the mechanism engaged.
 - (2) Placement of a client in a time-out room shall not exceed one hour.
 - (3) Clients placed in time-out rooms shall be protected from hazardous conditions including, but not limited to, presence of sharp corners and objects, uncovered light fixtures, unprotected electrical outlets.
 - (4) A record of time-out activities shall be kept.
- d. Physical restraints.*
 - (1) The facility may employ physical restraint only:
 1. As an integral part of an individual program plan that is intended to lead to less restrictive means of managing and eliminating the behavior for which the restraint is applied.
 2. As an emergency measure, but only if absolutely necessary to protect the client or others from injury.
 3. As a health-related protection prescribed by a physician, but only if absolutely necessary during the conduct of a specific medical or surgical procedure, or only if absolutely necessary for client protection during the time that a medical condition exists.
 - (2) Authorizations to use or extend restraints as an emergency shall be in effect no longer than 12 consecutive hours and shall be obtained as soon as the client is restrained or stable.
 - (3) The facility shall not issue orders for restraint on a standing or as-needed basis.

(4) A client placed in restraint shall be checked at least every 30 minutes by staff trained in the use of restraints, shall be released from the restraint as quickly as possible, and a record of these checks and usage shall be kept.

(5) Restraints shall be designated and used so as not to cause physical injury to the client and so as to cause the least possible discomfort.

(6) Opportunity for motion and exercise shall be provided for a period of not less than ten minutes during each two-hour period in which restraint is employed, and a record of the activity shall be kept.

(7) Barred enclosures shall not be more than three feet in height and shall not have tops.

e. Drug usage.

(1) The facility shall not use drugs in doses that interfere with the individual client's daily living activities.

(2) Drugs used for control of inappropriate behavior shall be approved by the interdisciplinary team and be used only as an integral part of the client's individual program plan that is directed specifically toward the reduction and eventual elimination of the behaviors for which the drugs are employed.

(3) Drugs used for control of inappropriate behavior shall not be used until it can be justified that the harmful effects of the behavior clearly outweigh the potentially harmful effects of the drugs.

(4) Drugs used for control of inappropriate behavior shall be monitored closely, in conjunction with the physician and the drug regimen review requirement at 82.2(6) "j," for desired responses and adverse consequences by facility staff, and shall be gradually withdrawn at least annually in a carefully monitored program conducted in conjunction with the interdisciplinary team, unless clinical evidence justifies that this is contraindicated.

82.2(6) Health care services.

a. Physician services.

(1) The facility shall ensure the availability of physician services 24 hours a day.

(2) The physician shall develop, in coordination with licensed nursing personnel, a medical care plan of treatment for a client if the physician determines that an individual client requires 24-hour licensed nursing care. This plan shall be integrated in the individual program plan.

(3) The facility shall provide or obtain preventive and general medical care as well as annual physical examinations of each client that at a minimum include the following:

1. Evaluation of vision and hearing.

2. Immunizations, using as a guide the recommendations of the Public Health Service Advisory Committee on Immunization Practices or of the Committee on the Control of Infectious Diseases of the American Academy of Pediatrics.

3. Routine screening laboratory examinations as determined necessary by the physician, and special studies when needed.

4. Tuberculosis control, appropriate to the facility's population, and in accordance with the recommendations of the American College of Chest Physicians or the section of diseases of the chest of the American Academy of Pediatrics, or both.

(4) To the extent permitted by state law, the facility may utilize physician assistants and nurse practitioners to provide physician services as described in this subrule.

b. Physician participation in the individual program plan. A physician shall participate in:

(1) The establishment of each newly admitted client's initial individual program plan.

(2) If appropriate, physicians shall participate in the review and update of an individual program plan as part of the interdisciplinary team process either in person or through written report to the interdisciplinary team.

c. Nursing services. The facility shall provide clients with nursing services in accordance with their needs. These services shall include:

(1) Participation as appropriate in the development, review, and update of an individual program plan as part of the interdisciplinary team process.

(2) The development, with a physician, of a medical care plan of treatment for a client when the physician has determined that an individual client requires such a plan.

(3) For those clients certified as not needing a medical care plan, a review of their health status which shall:

1. Be by a direct physical examination.
2. Be by a licensed nurse.
3. Be on a quarterly or more frequent basis depending on client need.
4. Be recorded in the client's record.
5. Result in any necessary action including referral to a physician to address client health problems.

(4) Other nursing care as prescribed by the physician or as identified by client needs.

(5) Implementing, with other members of the interdisciplinary team, appropriate protective and preventive health measures that include, but are not limited to:

1. Training clients and staff as needed in appropriate health and hygiene methods.
2. Control of communicable diseases and infections, including the instruction of other personnel in methods of infection control.
3. Training direct care staff in detecting signs and symptoms of illness or dysfunction, first aid for accidents or illness, and basic skills required to meet the health needs of the clients.

d. Nursing staff.

(1) Nurses providing services in the facility shall have a current license to practice in the state.

(2) The facility shall employ or arrange for licensed nursing services sufficient to care for clients' health needs including those clients with medical care plans.

(3) The facility shall utilize registered nurses as appropriate and required by state law to perform the health services specified in this subrule.

(4) If the facility utilizes only licensed practical or vocational nurses to provide health services, it shall have a formal arrangement with a registered nurse to be available for verbal or on-site consultation with the licensed practical or vocational nurse.

(5) Nonlicensed nursing personnel who work with clients under a medical care plan shall do so under the supervision of licensed persons.

e. Dental services.

(1) The facility shall provide or make arrangements for comprehensive diagnostic and treatment services for each client from qualified personnel, including licensed dentists and dental hygienists, either through organized dental services in-house or through arrangement.

(2) If appropriate, dental professionals shall participate in the development, review and update of an individual program plan as part of the interdisciplinary process either in person or through written report to the interdisciplinary team.

(3) The facility shall provide education and training in the maintenance of oral health.

f. Comprehensive dental diagnostic services. Comprehensive dental diagnostic services include:

(1) A complete extraoral and intraoral examination, using all diagnostic aids necessary to properly evaluate the client's oral condition, not later than one month after admission to the facility unless the examination was completed within 12 months before admission.

(2) Periodic examination and diagnosis performed at least annually, including radiographs when indicated and detection of manifestations of systemic disease.

(3) A review of the results of examination and entry of the results in the client's dental record.

g. Comprehensive dental treatment. The facility shall ensure comprehensive dental treatment services that include:

(1) The availability for emergency dental treatment on a 24-hour-a-day basis by a licensed dentist.

(2) Dental care needed for relief of pain and infections, restoration of teeth and maintenance of dental health.

h. Documentation of dental services.

(1) If the facility maintains an in-house dental service, the facility shall keep a permanent dental record for each client, with a dental summary maintained in the client's living unit.

(2) If the facility does not maintain an in-house dental service, the facility shall obtain a dental summary of the results of dental visits and maintain the summary in the client's living unit.

i. Pharmacy services. The facility shall provide or make arrangements for the provision of routine and emergency drugs and biologicals to its clients. Drugs and biologicals may be obtained from community or contract pharmacists or the facility may maintain a licensed pharmacy.

j. Drug regimen review.

(1) A pharmacist with input from the interdisciplinary team shall review the drug regimen of each client at least quarterly.

(2) The pharmacist shall report any irregularities in clients' drug regimens to the prescribing physician and interdisciplinary team.

(3) The pharmacist shall prepare a record of each client's drug regimen reviews and the facility shall maintain that record.

(4) An individual medication administration record shall be maintained for each client.

(5) As appropriate, the pharmacist shall participate in the development, implementation, and review of each client's individual program plan either in person or through written report to the interdisciplinary team.

k. Drug administration. The facility shall have an organized system for drug administration that identifies each drug up to the point of administration. The system shall ensure that:

(1) All drugs are administered in compliance with the physician's orders.

(2) All drugs, including those that are self-administered, are administered without error.

(3) Unlicensed personnel are allowed to administer drugs only if state law permits.

(4) Clients are taught how to administer their own medications if the interdisciplinary team determines that self-administration of medications is an appropriate objective, and if the physician does not specify otherwise.

(5) The client's physician is informed of the interdisciplinary team's decision that self-administration of medications is an objective for the client.

(6) No client self-administers medications until the client demonstrates the competency to do so.

(7) Drugs used by clients while not under the direct care of the facility are packaged and labeled in accordance with state law.

(8) Drug administration errors and adverse drug reactions are recorded and reported immediately to a physician.

l. Drug storage and record keeping.

(1) The facility shall store drugs under proper conditions of sanitation, temperature, light, humidity, and security.

(2) The facility shall keep all drugs and biologicals locked except when being prepared for administration. Only authorized persons may have access to the keys to the drug storage area. Clients who have been trained to self-administer drugs in accordance with 82.2(6) "k"(4) may have access to keys to their individual drug supply.

(3) The facility shall maintain records of the receipt and disposition of all controlled drugs.

(4) The facility shall, on a sample basis, periodically reconcile the receipt and disposition of all controlled drugs in Schedules II through IV (drugs subject to the Comprehensive Drug Abuse Prevention and Control Act of 1970, 21 U.S.C. 801 et seq.).

(5) If the facility maintains a licensed pharmacy, the facility shall comply with the regulations for controlled drugs.

m. Drug labeling.

(1) Labeling of drugs and biologicals shall be based on currently accepted professional principles and practices, and shall include the appropriate accessory and cautionary instructions, as well as the expiration date, if applicable.

(2) The facility shall remove from use outdated drugs and drug containers with worn, illegible, or missing labels.

(3) Drugs and biologicals packaged in containers designated for a particular client shall be immediately removed from the client's current medication supply if discontinued by the physician.

n. Laboratory services.

(1) For purposes of this subrule, “laboratory” means an entity for the microbiological, serological, chemical, hematological, radiobioassay, cytological, immunohematological, pathological or other examination of materials derived from the human body, for the purpose of providing information for the diagnosis, prevention, or treatment of any disease or assessment of a medical condition.

(2) If a facility chooses to provide laboratory services, the laboratory shall meet the management requirements specified in 42 CFR 493.1407 and provide personnel to direct and conduct the laboratory services.

The laboratory director shall be technically qualified to supervise the laboratory personnel and test performance and shall meet licensing or other qualification standards established by the state with respect to directors of clinical laboratories.

The laboratory director shall provide adequate technical supervision of the laboratory services and ensure that tests, examinations and procedures are properly performed, recorded and reported.

The laboratory director shall ensure that the staff has appropriate education, experience, and training to perform and report laboratory tests promptly and proficiently; is sufficient in number for the scope and complexity of the services provided; and receives in-service training appropriate to the type of complexity of the laboratory services offered.

The laboratory technologists shall be technically competent to perform test procedures and report test results promptly and proficiently.

(3) The laboratory shall meet the proficiency testing requirements specified in 42 CFR 493.801.

(4) The laboratory shall meet the quality control requirements specified in 42 CFR 493.1501.

(5) If the laboratory chooses to refer specimens for testing to another laboratory, the referral laboratory shall be an approved Medicare laboratory.

82.2(7) Physical environment.

a. Client living environment.

(1) The facility shall not house clients of grossly different ages, developmental levels, and social needs in close physical or social proximity unless the housing is planned to promote the growth and development of all those housed together.

(2) The facility shall not segregate clients solely on the basis of their physical disabilities. It shall integrate clients who have ambulation deficits or who are deaf, blind, or have seizure disorders with others of comparable social and intellectual development.

b. Client bedrooms.

(1) Bedrooms shall:

1. Be rooms that have at least one outside wall.

2. Be equipped with or located near toilet and bathing facilities.

3. Accommodate no more than four clients unless granted a variance under 82.2(7)“b”(3).

4. Measure at least 60 square feet per client in multiple-client bedrooms and at least 80 square feet in single-client bedrooms.

5. In all facilities initially certified or in buildings constructed or with major renovations or conversions, have walls that extend from floor to ceiling.

(2) If a bedroom is below grade level, it shall have a window that is usable as a second means of escape by the client occupying the rooms and shall be no more than 44 inches measured to the windowsill above the floor unless the facility is surveyed under the Health Care Occupancy Chapter of the Life Safety Code, in which case the window must be no more than 36 inches measured to the windowsill above the floor.

(3) The department of inspections and appeals may grant a variance from the limit of four clients per room only if a physician who is a member of the interdisciplinary team and who is a qualified mental retardation professional certifies that each client to be placed in a bedroom housing more than four persons is so severely medically impaired as to require direct and continuous monitoring during sleeping hours and documents the reasons why housing in a room of only four or fewer persons would not be medically feasible.

(4) The facility shall provide each client with:

1. A separate bed of proper size and height for the convenience of the client.

2. A clean, comfortable mattress.
3. Bedding appropriate to the weather and climate.
4. Functional furniture appropriate to the client's needs, and individual closet space in the client's bedroom with clothes racks and shelves accessible to the client.

c. Storage space in bedroom. The facility shall provide:

(1) Space and equipment for daily out-of-bed activity for all clients who are not yet mobile, except those who have a short-term illness or those few clients for whom out-of-bed activity is a threat to health and safety.

(2) Suitable storage space, accessible to clients, for personal possessions such as televisions, radios, prosthetic equipment and clothing.

d. Client bathrooms. The facility shall:

(1) Provide toilet and bathing facilities appropriate in number, size, and design to meet the needs of the clients.

(2) Provide for individual privacy in toilets, bathtubs, and showers.

(3) In areas of the facility where clients who have not been trained to regulate water temperature are exposed to hot water, ensure that the temperature of the water does not exceed 110 degrees Fahrenheit.

e. Heating and ventilation.

(1) Each client bedroom in the facility shall have at least one window to the outside and direct outside ventilation by means of windows, air conditioning, or mechanical ventilation.

(2) The facility shall maintain the temperature and humidity within a normal comfort range by heating, air conditioning or other means and ensure that the heating apparatus does not constitute a burn or smoke hazard to clients.

f. Floors. The facility shall have:

(1) Floors that have a resilient, nonabrasive, and slip-resistant surface.

(2) Nonabrasive carpeting, if the area used by clients is carpeted and serves clients who lie on the floor or ambulate with parts of their bodies, other than feet, touching the floor.

(3) Exposed floor surfaces and floor coverings that promote mobility in areas used by clients, and promote maintenance of sanitary conditions.

g. Space and equipment. The facility shall:

(1) Provide sufficient space and equipment in dining, living, health services, recreation, and program areas (including adequately equipped and sound treated areas for hearing and other evaluations if they are conducted in the facility) to enable staff to provide clients with needed services as required by this rule and as identified in each client's individual program plan.

(2) Furnish, maintain in good repair, and teach clients to use and to make informed choices about the use of dentures, eyeglasses, hearing and other communications aids, braces, and other devices identified by the interdisciplinary team as needed by the client.

(3) Provide adequate clean linen and dirty linen storage areas.

h. Emergency plan and procedures.

(1) The facility shall develop and implement detailed written plans and procedures to meet all potential emergencies and disasters such as fire, severe weather, and missing clients.

(2) The facility shall communicate, periodically review, make the plan available, and provide training to the staff.

i. Evacuation drills.

(1) The facility shall hold evacuation drills at least quarterly for each shift of personnel and under varied conditions to ensure that all personnel on all shifts are trained to perform assigned tasks; ensure that all personnel on all shifts are familiar with the use of the facility's fire protection features; and evaluate the effectiveness of emergency and disaster plans and procedures.

(2) The facility shall actually evacuate clients during at least one drill each year on each shift; make special provisions for the evacuation of clients with physical disabilities; file a report and evaluation on each evacuation drill; and investigate all problems with evacuation drills, including accidents, and take corrective action. During fire drills, clients may be evacuated to a safe area in facilities certified under the Health Care Occupancies Chapter of the Life Safety Code.

(3) Facilities shall meet the requirements of 82.2(7) "i"(1) and (2) for any live-in and relief staff they utilize.

j. Fire protection.

(1) General.

1. Except as specified in 82.2(7) "i"(2), the facility shall meet the applicable provisions of either the Health Care Occupancies Chapters or the Residential Board and Care Occupancies Chapter of the Life Safety Code (LSC) of the National Fire Protection Association, 1985 edition, which is incorporated by reference.

2. The department of inspections and appeals may apply a single chapter of the LSC to the entire facility or may apply different chapters to different buildings or parts of buildings as permitted by the LSC.

3. A facility that meets the LSC definition of a residential board and care occupancy and that has 16 or fewer beds shall have its evacuation capability evaluated in accordance with the Evacuation Difficulty Index of the LSC (Appendix F).

(2) Exceptions.

1. For facilities that meet the LSC definition of a health care occupancy, the Centers for Medicare and Medicaid Services may waive, for a period it considers appropriate, specific provisions of the LSC if the waiver would not adversely affect the health and safety of the clients and rigid application of specific provisions would result in an unreasonable hardship for the facility.

The department of inspections and appeals may apply the state's fire and safety code instead of the LSC if the Secretary of the Department of Health and Human Services finds that the state has a code imposed by state law that adequately protects a facility's clients.

Compliance on November 28, 1982, with the 1967 edition of the LSC or compliance on April 18, 1986, with the 1981 edition of the LSC, with or without waivers, is considered to be compliance with this standard as long as the facility continues to remain in compliance with that edition of the code.

2. For facilities that meet the LSC definition of a residential board and care occupancy and that have more than 16 beds, the department of inspections and appeals may apply the state's fire and safety code as specified above.

k. Paint. The facility shall:

(1) Use lead-free paint inside the facility.

(2) Remove or cover interior paint or plaster containing lead so that it is not accessible to clients.

l. Infection control.

(1) The facility shall provide a sanitary environment to avoid sources and transmission of infections. There shall be an active program for the prevention, control, and investigation of infection and communicable diseases.

(2) The facility shall implement successful corrective action in affected problem areas.

(3) The facility shall maintain a record of incidents and corrective actions related to infections.

(4) The facility shall prohibit employees with symptoms or signs of a communicable disease from direct contact with clients and their food.

82.2(8) *Dietetic services.*

a. Food and nutrition services.

(1) Each client shall receive a nourishing, well-balanced diet including modified and specially prescribed diets.

(2) A qualified dietitian shall be employed either full-time, part-time or on a consultant basis at the facility's discretion.

(3) If a qualified dietitian is not employed full-time, the facility shall designate a person to serve as the director of food services.

(4) The client's interdisciplinary team, including a qualified dietitian and physician, shall prescribe all modified and special diets including those used as a part of a program to manage inappropriate client behavior.

(5) Foods proposed for use as a primary reinforcement of adaptive behavior are evaluated in light of the client's nutritional status and needs.

(6) Unless otherwise specified by medical needs, the diet shall be prepared at least in accordance with the latest edition of the recommended dietary allowances of the Food and Nutrition Board of the National Research Council, National Academy of Sciences, adjusted for age, sex, disability and activity.

b. Meal services.

(1) Each client shall receive at least three meals daily, at regular times comparable to normal mealtimes in the community with:

1. Not more than 14 hours between a substantial evening meal and breakfast of the following day, except on weekends and holidays when a nourishing snack is provided at bedtime, 16 hours may elapse between a substantial evening meal and breakfast.

2. Not less than 10 hours between breakfast and the evening meal of the same day, except as provided under 82.2(8)“b”(1)“1.”

(2) Food shall be served:

1. In appropriate quantity.
2. At appropriate temperature.
3. In a form consistent with the developmental level of the client.
4. With appropriate utensils.

(3) Food served to clients individually and uneaten shall be discarded.

c. Menus.

(1) Menus shall:

1. Be prepared in advance.
2. Provide a variety of foods at each meal.
3. Be different for the same days of each week and adjusted for seasonal change.
4. Include the average portion sizes for menu items.

(2) Menus for food actually served shall be kept on file for 30 days.

d. Dining areas and service. The facility shall:

(1) Serve meals for all clients, including persons with ambulation deficits, in dining areas, unless otherwise specified by the interdisciplinary team or a physician.

(2) Provide table service for all clients who can and will eat at a table, including clients in wheelchairs.

(3) Equip areas with tables, chairs, eating utensils, and dishes designed to meet the developmental needs of each client.

(4) Supervise and staff dining rooms adequately to direct self-help dining procedure, to ensure that each client receives enough food and to ensure that each client eats in a manner consistent with the client's developmental level.

(5) Ensure that each client eats in an upright position, unless otherwise specified by the interdisciplinary team or physician.

This rule is intended to implement Iowa Code section 249A.12.

441—82.3(249A) Conditions of participation for intermediate care facilities for the mentally retarded. All intermediate care facilities for the mentally retarded must enter into a contractual agreement with the department which sets forth the terms under which they will participate in the program.

82.3(1) Procedures for establishing health care facilities as Title XIX facilities. All survey procedures and the certification process shall be in accordance with Department of Health and Human Services publication “Providers Certification State Operations Manual.”

a. The facility shall obtain the applicable license from the department of inspections and appeals.

b. The facility shall request an application, Form 470-0254, Iowa Medicaid Provider Enrollment Application, from the Iowa Medicaid enterprise provider services unit.

c. The department shall transmit an application form and copies of standards to the facility.

d. The facility shall complete its portion of the application form and submit it to the department.

e. The department shall review the application form and forward it to the department of inspections and appeals.

- f.* The department of inspections and appeals shall schedule and complete a survey of the facility.
- g.* The department of inspections and appeals shall notify the facility of any deficiencies and ask for a plan for the correction of the deficiencies.
- h.* The facility shall submit a plan of correction within ten days after receipt of written deficiencies from the health facilities division, department of inspections and appeals. This plan must be approved before the facility can be certified.
- i.* The department of inspections and appeals shall evaluate the survey findings and plan of correction and either recommend the facility for certification or recommend denial of certification. The date of certification will be the date of approval of the plan of corrections.
- j.* When certification is recommended, the department of inspections and appeals shall notify the department recommending terms and conditions of a provider agreement.
- k.* The department shall review the certification data and:
 - (1) Transmit the provider agreement as recommended, or
 - (2) Transmit the provider agreement for a term less than recommended by the department of inspections and appeals or elect not to execute an agreement for reasons of good cause as defined in 82.3(2) "c."

82.3(2) Title XIX provider agreements. The health care facility must be recommended for certification by the Iowa department of inspections and appeals for participation as an intermediate care facility for the mentally retarded before a provider agreement may be issued. All survey procedures and certification processes shall be in accordance with Department of Health and Human Services publication "Providers Certification State Operations Manual." The effective date of a provider agreement may not be earlier than the date of certification.

- a.* Terms of the agreement for facilities without deficiencies are as follows:
 - (1) The provider agreement shall be issued for a period not to exceed 12 months.
 - (2) The provider agreement shall be for the term of and in accordance with the provisions of certification, except that for good cause, the department may elect to execute an agreement for a term less than the period of certification, elect not to execute an agreement for reasons of good cause, or cancel an agreement.
- b.* Terms of the agreement for facilities with deficiencies are as follows:
 - (1) A new provider agreement may be executed for a period not to exceed 60 days from the time required to correct deficiencies up to a period of 12 months.
 - (2) A new provider agreement may be issued for a period of up to 12 months subject to automatic cancellation 60 days following the scheduled date for correction unless required corrections have been completed or unless the survey agency finds and notifies the department that the facility has made substantial progress in correcting the deficiencies and has resubmitted in writing a new plan of correction acceptable to the survey agency.
 - (3) There will be no new agreement when the facility continues to be out of compliance with the same standard(s) at the end of the term of agreement.
- c.* The department may, for good cause, elect not to execute an agreement. Good cause shall be defined as a continued or repeated failure to operate an intermediate care facility for the mentally retarded in compliance with rules and regulations of the program.
- d.* The department may at its option extend an agreement with a facility for two months under either of the following conditions:
 - (1) The health and safety of the residents will not be jeopardized thereby and the extension is necessary to prevent irreparable harm to the facility or hardship to the resident.
 - (2) It is impracticable to determine whether the facility is complying with the provisions and requirements of the provider agreement.
- e.* When it becomes necessary for the department to cancel or refuse to renew a Title XIX provider agreement, federal financial participation may continue for 30 days beyond the date of cancellation if the extension is necessary to ensure the orderly transfer of residents.
- f.* When the department of inspections and appeals survey indicates deficiencies in the areas of the Life Safety Code (LSC) or environment and sanitation, a timetable detailing corrective measures shall be

submitted to the department of inspections and appeals before a provider agreement can be issued. This timetable shall not exceed two years from the date of initial certification and shall detail corrective steps to be taken and when corrections will be accomplished. The following shall apply in these instances.

(1) The department of inspections and appeals shall determine that the facility can make corrections within the two-year period.

(2) During the period allowed for corrections, the facility shall be in compliance with existing state fire safety and sanitation codes and regulations.

(3) The facility shall be surveyed at least semiannually until corrections are completed. The facility must have made substantial effort and progress in its plan of correction as evidenced by work orders, contracts, or other evidence.

82.3(3) Appeals of decertification. A facility may appeal a decertification action according to 441—subrule 81.13(28).

This rule is intended to implement Iowa Code section 249A.12.

441—82.4 Rescinded, effective March 1, 1987.

441—82.5(249A) Financial and statistical report. All facilities wishing to participate in the program shall submit a Financial and Statistical Report, Form 470-0030, to the department. These reports shall be based on the following rules.

82.5(1) Failure to maintain records. Failure to maintain and submit adequate accounting or statistical records shall result in termination or suspension of participation in the program.

82.5(2) Accounting procedures. Financial information shall be based on that appearing in the audited financial statement. Adjustments to convert to the accrual basis of accounting shall be made when the records are maintained on other accounting bases. Facilities which are a part of a larger health facility extending short-term, intensive, or other health care not generally considered nursing care may submit a cost apportionment schedule prepared in accordance with recognized methods and procedures. The schedule shall be required when necessary for a fair presentation of expense attributable to intermediate care facility patients.

82.5(3) Submission of reports. The facility's cost report shall be submitted to the department no later than September 30 each year except as described in subrule 82.5(14). Failure to submit the report within this time shall reduce payment to 75 percent of the current rate. The reduced rate shall be paid for no longer than three months, after which time no further payments will be made.

82.5(4) Payment at new rate. When a new rate is established, payment at the new rate shall be effective with services rendered as of the first day of the month in which the report is postmarked, or if the report was personally delivered, the first day of the month in which the report was received by the department. Adjustments shall be included in the payment the third month after the receipt of the report.

82.5(5) Accrual basis. Facilities not using the accrual basis of accounting shall adjust recorded amounts to the accrual basis. Expenses which pertain to an entire year shall be properly amortized by month in order to be properly recorded for the annual fiscal year report. Records of cash receipts and disbursements shall be adjusted to reflect accruals of income and expense.

82.5(6) Census of public assistance recipients. Census figures of public assistance recipients shall be obtained on the last day of the month ending the reporting period.

82.5(7) Patient days. In determining in-patient days, a patient day is that period of service rendered a patient between the census-taking hours on two successive days, the day of discharge being counted only when the patient was admitted that same day.

82.5(8) Opinion of accountant. The department may require that an opinion of a certified public accountant or public accountant accompany the report when adjustments made to prior reports indicate disregard of the certification and reporting instructions.

82.5(9) Calculating patient days. When calculating patient days, facilities shall use an accumulation method.

a. Census information shall be based on a patient status at midnight each day. A patient whose status changes from one class to another shall be shown as discharged from the previous status and admitted to the new status on the same day.

b. When a recipient is on a reserve bed status and the department is paying on a per diem basis for the holding of a bed, or any day a bed is reserved for a public assistance or nonpublic assistance patient and a per diem rate for the bed is charged to any party, the reserved days shall be included in the total census figures for in-patient days.

82.5(10) Revenues. Revenues shall be reported as recorded in the general books and records. Expense recoveries credited to expense accounts shall not be reclassified in order to be reflected as revenues.

a. Routine daily services shall represent the established charge for daily care. Routine daily services are those services which include room, board, nursing services, and such services as supervision, feeding, incontinency, and similar services, for which the associated costs are in nursing service.

b. Revenue from ancillary services provided to patients shall be applied in reduction of the related expense.

c. Revenue from the sale of medical supplies, food or services to employees or nonresidents of the facility shall be applied in reduction of the related expense. Revenue from the sale to private-pay residents of items or services which are included in the medical assistance per diem will not be offset.

d. Investment income adjustment is necessary only when interest expense is incurred, and only to the extent of the interest expense.

e. Laundry revenue shall be applied to laundry expense.

f. Accounts receivable charged off or provision for uncollectible accounts shall be reported as a deduction from gross revenue.

82.5(11) Limitation of expenses. Certain expenses that are not normally incurred in providing patient care shall be eliminated or limited according to the following rules.

a. Federal and state income taxes are not allowed as reimbursable costs. These taxes are considered in computing the fee for services for proprietary institutions.

b. Fees paid directors and nonworking officer's salaries are not allowed as reimbursable costs.

c. Personal travel and entertainment are not allowed as reimbursable costs. Certain expenses such as rental or depreciation of a vehicle and expenses of travel which include both business and personal shall be prorated. Amounts that appear excessive may be limited after considering the specific circumstances. Records shall be maintained to substantiate the indicated charges.

d. Loan acquisition fees and standby fees are not considered part of the current expense of patient care, but should be amortized over the life of the related loan.

e. A reasonable allowance of compensation for services of owners or immediate relatives is an allowable cost, provided the services are actually performed in a necessary function. For this purpose, the following persons are considered immediate relatives: husband and wife; natural parent, child and sibling; adopted child and adoptive parent; stepparent, stepchild, stepbrother and stepsister; father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, and sister-in-law; grandparent and grandchild. Adequate time records shall be maintained. Adjustments may be necessary to provide compensation as an expense for nonsalaried working proprietors and partners. Members of religious orders serving under an agreement with their administrative office are allowed salaries paid persons performing comparable services. When maintenance is provided these persons by the facility, consideration shall be given to the value of these benefits and this amount shall be deducted from the amount otherwise allowed for a person not receiving maintenance.

(1) Compensation means the total benefit received by the owner or immediate relative for services rendered. It includes salary amounts paid for managerial, administrative, professional, and other services; amounts paid by the facility for the personal benefit of the proprietor or immediate relative; the cost of assets and services which the proprietor or immediate relative receives from the facility; and deferred compensation.

(2) Reasonableness—requires that the compensation allowance be such an amount as would ordinarily be paid for comparable services by comparable institutions, and depends upon the facts and circumstances of each case.

(3) Necessary—requires that the function be such that had the owner or immediate relative not rendered the services, the facility would have had to employ another person to perform the service, and be pertinent to the operation and sound conduct of the institution.

(4) The base maximum allowed compensation for an administrator who is involved in ownership of the facility or who is an immediate relative of an owner of the facility is \$1,926 per month plus \$20.53 per month per licensed bed capacity for each bed over 60, not to exceed \$2,852 per month. An administrator is considered to be involved in ownership of a facility when the administrator has ownership interest of 5 percent or more.

On a semiannual basis, the maximum allowed compensation amounts for these administrators shall be increased or decreased by the inflation factor applied to facility rates.

(5) The maximum allowed compensation for an assistant administrator who is involved in ownership of the facility or who is an immediate relative of an owner of the facility in facilities having a licensed capacity of 151 or more beds is 60 percent of the amount allowed for the administrator. An assistant administrator is considered to be involved in ownership of a facility when the assistant administrator has ownership interest of 5 percent or more.

(6) The maximum allowed compensation for a director of nursing or any employee who is involved in ownership of the facility or who is an immediate relative of an owner of the facility is 60 percent of the amount allowed for the administrator. Persons involved in ownership or relatives providing professional services shall be limited to rates prevailing in the community not to exceed 60 percent of the allowable rate for the administrator on a semiannual basis. Records shall be maintained in the same manner for an employee involved in ownership as are maintained for any employee of the facility. Ownership is defined as an interest of 5 percent or more.

f. Management fees and home office costs shall be allowed only to the extent that they are related to patient care and replace or enhance but do not duplicate functions otherwise carried out in a facility.

g. Depreciation based upon tax cost using only the straight-line method of computation, recognizing the estimated useful life of the asset as defined in the American Hospital Association Useful Life Guide, may be included as a patient cost. When accelerated methods of computation have been elected for income tax purposes, an adjustment shall be made. For change of ownership, refer to subrule 82.5(12).

h. Necessary and proper interest on both current and capital indebtedness is an allowable cost.

(1) Interest is the cost incurred for the use of borrowed funds. Interest on current indebtedness is the cost incurred for funds borrowed for a relatively short term. Interest on capital indebtedness is the cost incurred for funds borrowed for capital purposes.

(2) “Necessary” requires that the interest be incurred on a loan made to satisfy a financial need of the provider, be incurred on a loan made for a purpose reasonably related to patient care, and be reduced by investment income except where the income is from gifts and grants whether restricted or unrestricted, and which are held separate and not commingled with other funds.

(3) “Proper” requires that interest be incurred at a rate not in excess of what a prudent borrower would have had to pay in the money market on the date the loan was made, and be paid to a lender not related through control or ownership to the borrowing organization.

(4) Interest on loans is allowable as cost at a rate not in excess of the amount an investor could receive on funds invested in the locality on the date the loan was made.

(5) Interest is an allowable cost when the general fund of a provider borrows from a donor-restricted fund, a funded depreciation account of the provider, or the provider’s qualified pension fund, and pays interest to the fund, or when a provider operated by members of a religious order borrows from the order.

(6) When funded depreciation is used for purposes other than improvement, replacement or expansion of facilities or equipment related to patient care, allowable interest expense is reduced to adjust for offsets not made in prior years for earnings on funded depreciation. A similar treatment will

be accorded deposits in the provider's qualified pension fund where the deposits are used for other than the purpose for which the fund was established.

i. Costs applicable to supplies furnished by a related party or organization are a reimbursable cost when included at the cost to the related party or organization. The cost shall not exceed the price of comparable supplies that could be purchased elsewhere.

(1) Related means that the facility, to a significant extent, is associated with or has control of or is controlled by the organization furnishing the services, facilities, or supplies.

(2) Common ownership exists when an individual or individuals possess significant ownership or equity in the facility and the institution or organization serving the provider.

(3) Control exists where an individual or an organization has power, directly or indirectly, to significantly influence or direct the actions or policies of an organization or institution.

(4) When the facility demonstrates by convincing evidence that the supplying organization is a bona fide separate organization; that a substantial part of its business activity of the type carried on with the facility is transacted with others and there is an open competitive market for the type of services, facilities, or supplies furnished by the organization; that the services, facilities, or supplies are those which commonly are obtained by similar institutions from other organizations and are not a basic element of patient care ordinarily furnished directly to patients by the institutions; and that the charge to the facility is in line with the charge for services, facilities, or supplies in the open market and no more than the charge made under comparable circumstances to others by the organization for the services, facilities, or supplies, the charges by the supplier shall be allowable costs.

j. A facility entering into a new or renewed rent or lease agreement on or after June 1, 1994, shall be subject to the provisions of this paragraph.

When the operator of a participating facility rents from a nonrelated party, the amount of rent expense allowable on the cost report shall be the lesser of the actual rent payments made under the terms of the lease or an annual reasonable rate of return applied to the cost of the facility. The cost of the facility shall be determined as the historical cost of the facility in the hands of the owner when the facility first entered the Iowa Medicaid program. Where the facility has previously participated in the program, the cost of the facility shall be determined as the historical cost of the facility, as above, less accumulated depreciation claimed for cost reimbursement under the program. The annual reasonable rate of return shall be defined as one and one-half times the annualized interest rate of 30-year Treasury bonds as reported by the Federal Reserve Board on a weekly-average basis, at the date the lease was entered into.

When the operator of a participating facility rents the building from a related party, the amount of rent expense allowable on the cost report shall be limited to the lesser of the actual rent payments made under the terms of the lease or the amount of property costs that would otherwise have been allowable under the Iowa Medicaid program to an owner-provider of that facility.

The lessee shall submit a copy of the lease agreement, documentation of the cost basis used and a schedule demonstrating that the limitations have been met with the first cost report filed for which lease costs are claimed.

k. Each facility which supplies transportation services as defined in Iowa Code section 324A.1, subsection 1, shall provide current documentation of compliance with or exemption from public transit coordination requirements as found in Iowa Code chapter 324A and department of transportation rules 761—Chapter 910 at the time of annual contract renewal. Failure to cooperate in obtaining or in providing the required documentation of compliance or exemption after receipt from the Iowa department of transportation, public transit division, shall result in disallowance of vehicle costs and other costs associated with transporting residents.

l. Depreciation, interest and other capital costs attributable to construction of new facilities, expanding existing facilities, or the purchase of an existing facility, are allowable expenses only if prior approval has been gained through the health planning process specified in rules of the public health department, 641—Chapter 201.

m. Reasonable legal fees are an allowable cost when directly related to patient care. Legal fees related to defense against threatened state license revocation or Medicaid decertification are allowable

costs only up to the date a final appeal decision is issued. However, in no case will legal fees related to Medicaid decertification be allowable costs for more than 120 days following the decertification date.

82.5(12) Termination or change of owner.

a. A participating facility contemplating termination of participation or negotiating a change of ownership shall provide the department with at least 60 days' prior notice. A transfer of ownership or operation terminates the participation agreement. A new owner or operator shall establish that the facility meets the conditions for participation and enter into a new agreement. The person responsible for transfer of ownership or for termination is responsible for submission of a final financial and statistical report through the date of the transfer. No payment to the new owner will be made until formal notification is received. The following situations are defined as a transfer of ownership:

(1) In the case of a partnership which is a party to an agreement to participate in the medical assistance program, the removal, addition, or substitution of an individual for a partner in the association, in the absence of an express statement to the contrary, dissolves the old partnership and creates a new partnership which is not a party to the previously executed agreement and a transfer of ownership has occurred.

(2) When a participating nursing home is a sole proprietorship, a transfer of title and property to another party constitutes a change of ownership.

(3) When the facility is a corporation, neither a transfer of corporate stock nor a merger of one or more corporations with the participating corporation surviving is a transfer of ownership. A consolidation of two or more corporations resulting in the creation of a new corporate entity constitutes a change of ownership.

(4) When a participating facility is leased, a transfer of ownership is considered to have taken place. When the entire facility is leased, the total agreement with the lessor terminates. When only part of the facility is leased, the agreement remains in effect with respect to the unleased portion, but terminates with respect to the leased portion.

b. No increase in the value of the property shall be allowed in determining the Medicaid rate for the new owner with any change of ownership (including lease agreements). When filing the first cost report, the new owner shall either continue the schedule of depreciation and interest established by the previous owner, or the new owner may choose to claim the actual rate of interest expense. The results of the actual rate of interest expense shall not be higher than would be allowed under the Medicare principles of reimbursement and shall be applied to the allowed depreciable value established by the previous owner, less any down payment made by the new owner.

c. Other acquisition costs of the new owner such as legal fees, accounting and administrative costs, travel costs and the costs of feasibility studies attributable to the negotiation or settlement of the sale or purchase of the property shall not be allowed.

d. In general, the provisions of Section 1861(v)(1)(0) of the Social Security Act regarding payment allowed under Medicare principles of reimbursement at the time of a change of ownership shall be followed, except that no return on equity or recapture of depreciation provisions shall be employed.

e. A new owner or lessee wishing to claim a new rate of interest expense must submit documentation which verifies the amount of down payment made, the actual rate of interest, and the number of years required for repayment with the next semiannual cost report. In the absence of the necessary supportive documentation, interest and other property costs for all facilities which have changed or will change ownership shall continue at the rate allowed the previous owner.

82.5(13) Assessed fee. The fee assessed pursuant to 441—Chapter 36 shall be an allowable cost for cost reporting and audit purposes.

a. For the purpose of implementing the assessment for facilities operated by the state, Medicaid reimbursement rates shall be recalculated effective October 1, 2003, as provided in paragraph "*b.*"

b. For purposes of determining rates paid for services rendered after October 1, 2003, each state-operated facility's annual costs for periods before implementation of the assessment shall be increased by an amount equal to 6 percent of the facility's annual revenue for the preceding fiscal year.

82.5(14) Payment to new facility. A facility receiving Medicaid ICF/MR certification on or after July 1, 1992, shall be subject to the provisions of this subrule.

a. A facility receiving initial Medicaid certification for ICF/MR level of care shall submit a budget for six months of operation beginning with the month in which Medicaid certification is given. The budget shall be submitted at least 30 days in advance of the anticipated certification date. The Medicaid per diem rate for a new facility shall be based on the submitted budget subject to review by the accounting firm under contract with the department. The rate shall be subject to a maximum set at the eightieth percentile of all participating community-based Iowa ICFs/MR with established base rates. The eightieth percentile maximum rate shall be adjusted July 1 of each year. The state hospital schools shall not be included in the compilation of facility costs. The beginning rates for a new facility shall be effective with the date of Medicaid certification.

b. Following six months of operation as a Medicaid-certified ICF/MR, the facility shall submit a report of actual costs. The rate computed from this cost report shall be adjusted to 100 percent occupancy plus the annual percentage increase of the Consumer Price Index for all urban consumers, U.S. city average. Business start-up and organization costs shall be accounted for in the manner prescribed by the Medicare and Medicaid standards.

Any costs that are properly identifiable as start-up costs, organization costs or capitalizable as construction costs must be appropriately classified as such.

(1) Start-up costs. In the period of developing a provider's ability to furnish patient care services, certain costs are incurred. The costs incurred during this time of preparation are referred to as start-up costs. Since these costs are related to patient care services rendered after the time of preparation, the costs must be capitalized as deferred charges and amortized over a five-year period.

Start-up costs include, for example, administrative and program staff salaries, heat, gas and electricity, taxes, insurance, mortgage and other interest, employee training costs, repairs and maintenance, and housekeeping.

(2) Organization costs. Organization costs are those costs directly related to the creation of a corporation or other form of business. These costs are an intangible asset in that they represent expenditures for rights and privileges which have a value to the enterprise. The services inherent in organization costs extend over more than one accounting period and affect the costs of future periods of operation. Organization costs must be amortized over a five-year period.

1. Allowable organization costs. Allowable organization costs include, but are not limited to, legal fees incurred in establishing the corporation or other organization (such as drafting the corporate charter and bylaws, legal agreements, minutes of organization meetings, terms of original stock certificates), necessary accounting fees, expenses of temporary directors and organizational meetings of directors and stockholders, and fees paid to states for incorporation.

2. Unallowable organization costs. The following types of costs are not considered allowable organization costs: costs relating to the issuance and sale of shares of capital stock or other securities, such as underwriters' fees and commissions, accountant's or lawyer's fees; costs of qualifying the issues with the appropriate state or federal authorities; and stamp taxes.

c. Standardization of cost reporting period for new facilities.

(1) Facilities receiving initial certification between July 1 and December 31 (inclusive) shall submit three successive six-month cost reports covering their first 18 months of operation. The fourth six-month cost report shall cover the January 1 to June 30 period. Thereafter, the facility shall submit a cost report on an annual basis of July 1 to June 30.

(2) Facilities receiving initial certification between January 1 and June 30 (inclusive) shall submit two successive six-month cost reports covering the first 12 months of operation. The third six-month cost report shall cover the January 1 to June 30 period. Thereafter, the facility shall submit a cost report on an annual basis of July 1 to June 30.

(3) All facilities shall comply with the requirements of subrule 82.5(3) when submitting reports.

d. Completion of 12 months of operation. Following the first 12 months of operation as a Medicaid-certified ICF/MR as described in subrule 82.5(14), the facility shall submit a cost report for the second six months of operation and an on-site audit of facility costs shall be performed by the accounting firm under contract with the department. Based on the audited cost report, a rate shall be established for the facility. This rate shall be considered the base rate until rebasing of facility costs

shall occur. A new maximum allowable base cost will be calculated each year by increasing the prior year's maximum allowable base by the annual percentage increase of the Consumer Price Index for all urban consumers, U.S. city average (hereafter referred to as the Consumer Price Index). Each year's maximum allowable base cost represents the maximum amount that could be reimbursed.

e. Maximum rate. Facilities shall be subject to a maximum rate set at the eightieth percentile of the total per diem cost of all participating community-based ICFs/MR with established base rates. The eightieth percentile maximum rate shall be adjusted July 1 of each year using cost reports on file December 31 of the previous year.

f. Incentive factor. New facilities which complete the second annual period of operation that have an annual per unit cost percentage increase of less than the percentage increase of the Consumer Price Index, as described in 82.5(14) "d," shall be given their actual percentage increase plus one-half the difference of their actual percentage increase compared to the allowable maximum percentage increase. This percentage difference times the actual per diem cost for the annual period just completed is the incentive factor. The incentive factor will be added to the new reimbursement base rate to be used as the per diem rate for the next annual period of operation.

Facilities whose annual per unit cost decreased from the prior year shall be given their actual per unit cost plus one and one-half the percentage increase in the Consumer Price Index as an incentive for cost containment.

g. Reimbursement for first annual period. The reimbursement for the first annual period will be determined by taking the per diem rate calculated for the base period and then multiplying it by the Consumer Price Index Urban Consumers U.S. City Average and adding it to the base rate. The projected reimbursement for each period thereafter (until rebasing) will be calculated by taking the lower of the prior year's actual or the projected reimbursement per diem times the Consumer Price Index and adding it to the lower of the two. If a facility experiences an increase in actual costs that exceeds both the actual reimbursement and the maximum allowable base cost as determined for that annual period, it shall receive in the following period the maximum allowable base as calculated as reimbursement. All calculated per diem rates shall be subject to the prevailing maximum rate.

82.5(15) Payment to new owner. An existing facility with a new owner shall continue with the previous owner's per diem rate until a new financial and statistical report has been submitted and a new rate established according to subrule 82.5(16). The facility may submit a report for the period of July 1 to June 30 or may submit two cost reports within the fiscal year provided the second report covers a period of at least six months ending on the last day of the fiscal year. The facility shall notify the department of the reporting option selected.

82.5(16) Payment to existing facilities. The following reimbursement limits shall apply to all non-state-owned ICFs/MR:

a. Each facility shall file a cost report covering the period from January 1, 1992, to June 30, 1992. This cost report shall be used to establish a reimbursement rate to be paid to the facility and shall be used to establish the base allowable cost per unit to be used in future reimbursement rate calculations. Subsequent cost reports shall be filed annually by each facility covering the 12 months from July 1 to June 30.

b. The reimbursement rate established based on the report covering January 1, 1992, to June 30, 1992, shall be calculated using the method in place prior to July 1, 1992, including inflation and incentive factors.

c. The audited per unit cost from the January 1, 1992, to June 30, 1992, cost report shall become the initial allowable base cost. A new maximum allowable base cost will be calculated each year as described in 82.5(14) "d."

d. Facilities which have an annual per unit cost percentage increase of less than the percentage increase of the Consumer Price Index shall be given their actual percentage increase plus one-half the difference of their actual percentage increase compared to the allowable maximum percentage increase. This percentage difference times the actual per diem costs for the annual period just completed is the incentive factor. The incentive factor will be added to the new reimbursement base rate to be used as the per diem rate for the following annual period.

Facilities whose annual per unit cost decreased from the prior year shall receive their actual per unit cost plus the percentage increase in the Consumer Price Index plus, as an incentive for cost containment, one-half the percentage increase in the Consumer Price Index.

e. Administrative costs shall not exceed 18 percent of total facility costs. Administrative costs are comprised of those costs incurred in the general management and administrative functions of the facility. Administrative costs include, but are not necessarily limited to, the administrative portion of the following:

- (1) Administrator's salary.
- (2) Assistant administrator's salary.
- (3) Bookkeeper's salary.
- (4) Other accounting and bookkeeping costs.
- (5) Other clerical salaries and clerical costs.
- (6) Administrative payroll taxes.
- (7) Administrative unemployment taxes.
- (8) Administrative group insurance.
- (9) Administrative general liability and worker's compensation insurance.
- (10) Directors' and officers' insurance or salaries.
- (11) Management fees.
- (12) Indirect business expenses and other costs related to the management of the facility including home office and other organizational costs.
- (13) Legal and professional fees.
- (14) Dues, conferences and publications.
- (15) Postage and telephone.
- (16) Administrative office supplies and equipment, including depreciation, rent, repairs, and maintenance as documented by a supplemental schedule which identifies the portion of repairs and maintenance, depreciation, and rent which applies to office supplies and equipment.
- (17) Data processing and bank charges.
- (18) Advertising.
- (19) Travel, entertainment and vehicle expenses not directly involving residents.

f. Facility rates shall be rebased using the cost report for the year covering state fiscal year 1996 and shall subsequently be rebased each four years. The department shall consider allowing special rate adjustments between rebasing cycles if:

- (1) An increase in the minimum wage occurs.
- (2) A change in federal regulations occurs which necessitates additional staff or expenditures for capital improvements, or a change in state or federal law occurs, or a court order with force of law mandates program changes which necessitate the addition of staff or other resources.
- (3) A decision is made by a facility to serve a significantly different client population or to otherwise make a dramatic change in program structure (documentation and verification will be required).
- (4) A facility increases or decreases licensed bed capacity by 20 percent or more.

g. Total patient days for purposes of the computation shall be inpatient days as determined in subrule 82.5(7) or 80 percent of the licensed capacity of the facility, whichever is greater. The reimbursement rate shall be determined by dividing total reported patient expenses by total patient days during the reporting period. This cost per day will be limited by an inflation increase which shall not exceed the percentage change in the Consumer Price Index for all urban consumers, U.S. City Average.

h. State-owned ICFs/MR shall submit semiannual cost reports and shall receive semiannual rate adjustments based on actual costs of operation inflated by the percentage change in the Consumer Price Index, All Urban Consumers, U.S. City Average.

i. The projected reimbursement for the first annual period will be determined by taking the per diem rate calculated for the base period and then multiplying it by the Consumer Price Index and adding it to the base rate. The projected reimbursement for each period thereafter (until rebasing) will be calculated by taking the lower of the prior year's actual or the projected reimbursement per diem times the Consumer Price Index and adding it to the lower of the two. If a facility experiences an increase in actual costs

that exceeds both the actual reimbursement and the maximum allowable base cost as determined for that annual period, it shall receive in the following period the maximum allowable base as calculated as reimbursement.

This rule is intended to implement Iowa Code sections 249A.12 and 249A.16.

441—82.6(249A) Eligibility for services.

82.6(1) *Interdisciplinary team.* The initial evaluation for admission shall be conducted by an interdisciplinary team. The team shall consist of a physician, a social worker, and other professionals. At least one member of the team shall be a qualified mental retardation professional.

82.6(2) *Evaluation.* The evaluation shall include a comprehensive medical, social, and psychological evaluation. The comprehensive evaluation shall include:

a. Diagnoses, summaries of present medical, social and where appropriate, developmental findings, medical and social family history, mental and physical functional capacity, prognoses, range of service needs, and amounts of care required.

b. An evaluation of the resources available in the home, family, and community.

c. An explicit recommendation with respect to admission or in the case of persons who make application while in the facility, continued care in the facility. Where it is determined that intermediate care facility for the mentally retarded services are required by an individual whose needs might be met through the use of alternative services which are currently unavailable, this fact shall be entered in the record, and plans shall be initiated for the active exploration of alternatives.

d. An individual plan for care shall include diagnosis, symptoms, complaints or complications indicating the need for admission, a description of the functional level of the resident; written objective; orders as appropriate for medications, treatments, restorative and rehabilitative services, therapies, diet, activities, social services, and special procedures designed to meet the objectives; and plans for continuing care, including provisions for review and necessary modifications of the plan, and discharge.

e. Written reports of the evaluation and the written individual plan of care shall be delivered to the facility and entered in the individual's record at the time of admission or, in the case of individuals already in the facility, immediately upon completion.

82.6(3) *Certification statement.* Eligible individuals may be admitted to an intermediate care facility for the mentally retarded upon the certification of a physician that there is a necessity for care at the facility. Eligibility shall continue as long as a valid need for the care exists.

82.6(4) Rescinded IAB 4/9/97, effective 6/1/97.

This rule is intended to implement Iowa Code section 249A.12.

441—82.7(249A) Initial approval for ICF/MR care.

82.7(1) *Referral through targeted case management.* Persons seeking ICF/MR placement shall be referred through targeted case management. The case management program shall identify any appropriate alternatives to the placement and shall inform the person of the alternatives. A referral shall be made by targeted case management to the central point of coordination having financial responsibility for the person. The department is the central point of coordination for persons with state case status.

82.7(2) *Approval of ICF/MR placement by central point of coordination.* The central point of coordination shall approve ICF/MR placement, offer a home- or community-based alternative, or refer the person back to the targeted case management program for further consideration of service needs within 30 days of receipt of a referral. Initial placement must be approved by the central point of coordination with responsibility for the person. Once approved, the eligible person, or the person's representative, is free to seek placement in the facility of the person's or the person's representative's choice.

82.7(3) *Approval by Iowa Foundation for Medical Care.* Medicaid payment shall be made for intermediate care facility for the mentally retarded care upon certification of need for this level of care by a licensed physician of medicine or osteopathy and approval by the Iowa Foundation for Medical Care which is designated as the professional standards review organization for the state.

The Iowa Foundation for Medical Care shall review ICF/MR admissions and transfers only when documentation is provided which verifies a referral from targeted case management which includes an approval by the central point of coordination.

82.7(4) Appeal rights. Notice of adverse action and right to appeal shall be given in accordance with 441—Chapter 7. The applicant or consumer is entitled to have a review of the level of care determination by the Iowa Foundation for Medical Care by sending a letter requesting a review to the foundation. If dissatisfied with that decision, the applicant or consumer may file an appeal with the department.

The applicant or consumer for whom the county has legal payment responsibility shall be entitled to a review of adverse decisions by the county by appealing to the county pursuant to 441—paragraph 25.13(2) “j.” If dissatisfied with the county’s decision, the applicant or consumer may file an appeal with the department.

This rule is intended to implement Iowa Code section 249A.12.

441—82.8(249A) Determination of need for continued stay. Certification of need for continued stay shall be made according to procedures established by the Iowa Foundation for Medical Care.

This rule is intended to implement Iowa Code section 249A.12.

441—82.9(249A) Arrangements with residents.

82.9(1) Resident care agreement. The ICF/MR Resident Care Agreement, Form 470-0374, shall be used as a three-party contract among the facility, the resident, and the department to spell out the duties, rights, and obligation of all parties.

82.9(2) Financial participation by resident. A resident’s payment for care may include any voluntary payments made by family members toward cost of care of the resident. The resident’s client participation and medical payments from a third party shall be paid toward the total cost of care for the month before any state payment is made. The state will pay the balance of the cost of care for the remainder of the month. The facility shall make arrangements directly with the resident for payment of client participation.

82.9(3) Personal needs account. When a facility manages the personal needs funds of a resident, it shall establish and maintain a system of accounting for expenditures from the resident’s personal needs funds. The department shall charge back to the facility any maintenance item included in the computation of the audit cost that is charged to the resident’s personal needs account when the charge constitutes double payment. Unverifiable expenditures charged to personal needs accounts may be charged back to the facility. The accounting system is subject to audit by representatives of the department of inspections and appeals and shall meet the following criteria:

a. Upon admittance, a ledger sheet shall be credited with the resident’s total incidental money on hand. Thereafter, the ledger shall be kept current on a monthly basis. The facility may combine the accounting with the disbursement section showing the date, amount given the resident, and the resident’s signature. A separate ledger shall be maintained for each resident.

b. When something is purchased for the resident and is not a direct cash disbursement, each expenditure item in the ledger shall be supported by a signed, dated receipt. The receipt shall indicate the article furnished for the resident’s benefit.

c. Personal funds shall only be turned over to the resident, the resident’s guardian, or other persons selected by the resident. With the consent of the resident, when the resident is able and willing to give consent, the administrator may turn over personal funds to a close relative or friend of the resident to purchase a particular item. A signed, itemized, dated receipt shall be required to be deposited in the resident’s files.

d. The receipts for each resident shall be kept until canceled by auditors.

e. The ledger and receipts for each resident shall be made available for periodic audits by an accredited department of inspections and appeals representative. Audit certification shall be made by the department’s representative at the bottom of the ledger sheet. Supporting receipts may then be destroyed.

f. Upon a patient’s death, a receipt shall be obtained from the next of kin or the resident’s guardian before releasing the balance of the personal needs funds. When the recipient has been receiving a grant

from the department for all or part of the personal needs, any funds shall revert to the department. The department shall turn the funds over to the resident's estate.

82.9(4) *Safeguarding personal property.* The facility shall safeguard the resident's personal possessions. Safeguarding shall include, but is not limited to:

a. Providing a method of identification of the resident's suitcases, clothing, and other personal effects, and listing these on an appropriate form attached to the resident's record at the time of admission. These records shall be kept current. Any personal effects released to a relative of the resident shall be covered by a signed receipt.

b. Providing adequate storage facilities for the resident's personal effects.

c. Ensuring that the resident is accorded privacy and uncensored communication with others by mail and telephone and with persons of the resident's choice except when therapeutic or security reasons dictate otherwise. Any limitations or restrictions imposed shall be approved by the administrator and the reasons noted shall be made a part of the resident's record.

This rule is intended to implement Iowa Code section 249A.12.

441—82.10(249A) Discharge and transfer.

82.10(1) *Notice.* When a public assistance recipient requests transfer or discharge, or another person requests this for the recipient, the administrator shall promptly notify the county office of the department. This shall be done in sufficient time to permit a social service worker to assist in the decision and planning for the transfer or discharge.

82.10(2) *Case activity report.* A Case Activity Report, Form 470-0042, shall be submitted to the department whenever a Medicaid applicant or recipient enters the facility, changes level of care, or is discharged from the facility.

82.10(3) *Plan.* The administrator and staff shall assist the resident in planning for transfer or discharge through development of a discharge plan.

82.10(4) *Transfer records.* When a resident is transferred to another facility, transfer information shall be summarized from the facility's records in a copy to accompany the resident. This information shall include:

a. A transfer form of diagnosis.

b. Aid to daily living information.

c. Transfer orders.

d. Nursing care plan.

e. Physician's or qualified mental retardation professional's orders for care.

f. The resident's personal records.

g. When applicable, the personal needs fund record.

82.10(5) *Income refund.* When a resident leaves the facility during the month, any unused portion of the resident's income shall be refunded.

This rule is intended to implement Iowa Code section 249A.12.

441—82.11(249A) Continued stay review. The Iowa Foundation for Medical Care shall be responsible for reviews of each resident's need for continuing care in intermediate care facilities for the mentally retarded.

This rule is intended to implement Iowa Code section 249A.12.

441—82.12(249A) Quality of care review. The Iowa Foundation for Medical Care shall carry out the quality of care studies in intermediate care facilities for the mentally retarded.

This rule is intended to implement Iowa Code section 249A.12.

441—82.13(249A) Records.

82.13(1) *Content.* The facility shall as a minimum maintain the following records:

a. All records required by the department of public health and the department of inspections and appeals.

- b.* Medical records as required by Section 1902(a)(31) of Title XIX of the Social Security Act.
- c.* Records of all treatments, drugs and services for which vendors' payments have been made or are to be made under the medical assistance program, including the authority for and the date of administration of the treatment, drugs, or services.
- d.* Documentation in each resident's records which will enable the department to verify that each charge is due and proper prior to payment.
- e.* Financial records maintained in the standard, specified form including the facility's most recent audited cost report.
- f.* All other records as may be found necessary by the department in determining compliance with any federal or state law or rule or regulation promulgated by the United States Department of Health and Human Services or by the department.
- g.* Census records to include the date, number of residents at the beginning of each day, names of residents admitted, and names of residents discharged.
 - (1) Census information shall be provided for residents in skilled, intermediate, and residential care.
 - (2) Census figures for each type of care shall be totaled monthly to indicate the number admitted, the number discharged, and the number of patient days.
 - (3) Failure to maintain acceptable census records shall result in the per diem rate being computed on the basis of 100 percent occupancy and a request for refunds covering indicated recipients of nursing care which have not been properly accounted for.
- h.* Resident accounts.
- i.* Inservice education program records.
- j.* Inspection reports pertaining to conformity with federal, state, and local laws.
- k.* Residents' personal records.
- l.* Residents' medical records.
- m.* Disaster preparedness reports.

82.13(2) Retention. Records shall be retained in the facility for a minimum of five years or until an audit is performed on those records, whichever is longer.

82.13(3) Change of owner. All records shall be retained within the facility upon change of ownership.

This rule is intended to implement Iowa Code section 249A.12.

441—82.14(249A) Payment procedures.

82.14(1) Method of payment. Facilities shall be reimbursed under a cost-related vendor payment program. A per diem rate shall be established based on information submitted according to rule 441—82.5(249A).

82.14(2) Payment responsibility. The department shall send the resident's county of legal settlement Form 470-0375, ICF/MR Placement Statement, notifying them of the resident's entry into the facility.

82.14(3) Rescinded IAB 8/9/89, effective 10/1/89.

82.14(4) Periods authorized for payment.

- a.* Payment shall be made on a per diem basis for the portion of the month the resident is in the facility.
- b.* Payment will be authorized as long as the resident is certified as needing care in an intermediate care facility for the mentally retarded.
- c.* Payment will be approved for the day of admission but not the day of discharge or death.
- d.* Payment will be approved for periods the resident is absent to visit home for a maximum of 30 days annually. Additional days may be approved for special programs of evaluation, treatment or habilitation outside the facility. Documentation as to the appropriateness and therapeutic value of resident visits and outside programming, signed by a physician or qualified mental retardation professional, shall be maintained at the facility.
- e.* Payment will be approved for a period not to exceed ten days in any calendar month when the resident is absent due to hospitalization. Medicaid payment to the facility may not be initiated while a

resident is on reserve bed days unless the person was residing in the facility as a private pay resident prior to the hospitalization and returns to the facility as a resident.

f. Payment for periods when residents are absent for visitation or hospitalization from facilities with more than 15 beds will be made at 80 percent of the allowable audited costs for those beds. Facilities with 15 or fewer beds will be reimbursed at 95 percent of the allowable audited costs for those beds.

82.14(5) Supplementation. Only the amount of client participation may be billed to the resident for the cost of care. No supplementation of the state payment shall be made by any person.

EXCEPTION: The resident, the resident's family or friends may pay to hold the resident's bed in cases where a resident spends over 30 days on yearly visitation or spends over 10 days on a hospital stay. When the resident is not discharged from the facility, the payments shall not exceed 80 percent of the allowable audited costs for the facility, not to exceed the maximum reimbursement rate. When the resident is discharged, the facility may handle the holding of the reserved bed in the same manner as a private paying resident.

82.14(6) Payment for out-of-state care. Rescinded IAB 9/5/90, effective 11/1/90.

This rule is intended to implement Iowa Code section 249A.12.

441—82.15(249A) Billing procedures.

82.15(1) Claims. Claims for service must be sent to the Iowa Medicaid enterprise after the month of service and within 365 days of the date of service. Claims may be submitted electronically on software provided by the Iowa Medicaid enterprise or in writing on Form 470-0039, Iowa Medicaid Long-Term Care Claim.

a. When payment is made, the facility will receive a copy of Form 470-0039. The white copy of the original shall be returned as a claim for the next month. If the claim is submitted electronically, the facility will receive a remittance statement of the claims paid.

b. When there has been a new admission, a discharge, a correction, or a claim for a reserved bed, the facility shall submit Form 470-0039 with the changes noted. Adjustments to electronically submitted claims may be made electronically as provided for by the Iowa Medicaid enterprise.

82.15(2) Reserved.

This rule is intended to implement Iowa Code section 249A.12.

441—82.16(249A) Closing of facility. When a facility is planning on closing, the department shall be notified at least 60 days in advance of the closing. Plans for the transfer of residents receiving Medicaid shall be approved by the county office of the department.

This rule is intended to implement Iowa Code section 249A.12.

441—82.17(249A) Audits.

82.17(1) Audits of financial and statistical report. 441—82.5(249A) Authorized representatives of the department or the Department of Health and Human Services shall have the right, upon proper identification, to audit, using generally accepted auditing procedures, the general financial records of a facility to determine if expenses reported on the Financial and Statistical Report, Form 470-0030, are reasonable and proper according to the rules set forth in 441—82.5(249A). These audits may be done either on the basis of an on-site visit to the facility, their central accounting office, or office(s) of their agents.

a. When a proper per diem rate cannot be determined, through generally accepted auditing procedures, the auditor shall examine and adjust the report to arrive at what appears to be an acceptable rate and shall recommend to the department that the indicated per diem should be reduced to 75 percent of the established payment rate for the ensuing fiscal period and if the situation is not remedied on the subsequent Financial and Statistical Report, Form 470-0030, the facility shall be suspended and eventually canceled from the intermediate care facility program, or

b. When a facility continues to include as an item of cost an item or items which had in a prior audit been removed by an adjustment in the total audited costs, the auditor shall recommend to the department

that the per diem be reduced to 75 percent of the current payment rate for the ensuing fiscal period. The department may, after considering the seriousness of the exception, make the reduction.

82.17(2) Auditing of proper billing and handling of patient funds.

a. Field auditors of the department of inspections and appeals or representatives of Health and Human Services, upon proper identification, shall have the right to audit billings to the department and receipts of client participation, to ensure that the facility is not receiving payment in excess of the contractual agreement and that all other aspects of the contractual agreement are being followed, as deemed necessary.

b. Field auditors of the department of inspections and appeals or representatives of Health and Human Services, upon proper identification, shall have the right to audit records of the facility to determine proper handling of patient funds in compliance with subrule 82.9(3).

c. The auditor shall recommend and the department shall request repayment by the facility to either the department or the resident(s) involved, such sums inappropriately billed to the department or collected from the resident.

d. The facility shall have 60 days to review the audit and repay the requested funds or present supporting documentation which would indicate that the requested refund amount, or part thereof, is not justified.

e. When the facility fails to comply with paragraph “*d*” the requested refunds may be withheld from future payments to the facility. The withholding shall not be more than 25 percent of the average of the last six monthly payments to the facility. The withholding shall continue until the entire requested refund amount is recovered. If in the event the audit results indicate significant problems, the audit results may be referred to the attorney general’s office for whatever action may be deemed appropriate.

f. When exceptions are taken during the scope of an audit which are similar in nature to the exceptions taken in a prior audit, the auditor shall recommend and the department may, after considering the seriousness of the exceptions, reduce payment to the facility to 75 percent of the current payment rate.

This rule is intended to implement Iowa Code section 249A.12.

441—82.18(249A) Out-of-state facilities. Payment will be made for care in out-of-state intermediate care facilities for the mentally retarded. Out-of-state facilities shall abide by the same policies as in-state facilities with the following exceptions:

82.18(1) Out-of-state providers will be reimbursed at the same intermediate care facility rate they are receiving for their state of residence.

82.18(2) Out-of-state facilities shall not submit financial and statistical reports as required in rule 441—81.6(249A).

82.18(3) Payment for periods when residents are absent for visitation or hospitalization will be made to out-of-state facilities at 80 percent of the rate paid to the facility by the Iowa Medicaid program. Out-of-state facilities with 15 or fewer beds shall be reimbursed at 95 percent of the rate paid to the facility by the Iowa Medicaid program.

This rule is intended to implement Iowa Code section 249A.12.

441—82.19(249A) State-funded personal needs supplement. A Medicaid member living in an intermediate care facility for persons with mental retardation who has countable income for purposes of rule 441—75.16(249A) of less than \$50 per month shall receive a state-funded payment from the department for the difference between that countable income and \$50 if the legislature has appropriated funding specifically for this purpose. This payment shall not be considered a benefit under Title XIX of the Social Security Act.

This rule is intended to implement Iowa Code Supplement section 249A.30A.

CHAPTER 83
MEDICAID WAIVER SERVICES

PREAMBLE

Medicaid waiver services are services provided to maintain persons in their own homes or communities who would otherwise require care in medical institutions. Provision of these services must be cost-effective. Services are limited to certain targeted client groups for whom a federal waiver has been requested and approved. Services provided through the waivers are not available to other Medicaid recipients as the services are beyond the scope of the Medicaid state plan.

DIVISION I—HCBS ILL AND HANDICAPPED WAIVER SERVICES

441—83.1(249A) Definitions.

“Attorney in fact under a durable power of attorney for health care” means an individual who is designated by a durable power of attorney for health care, pursuant to Iowa Code chapter 144B, as an agent to make health care decisions on behalf of an individual and who has consented to act in that capacity.

“Basic individual respite” means respite provided on a staff-to-consumer ratio of one to one or higher to individuals without specialized needs requiring the care of a licensed registered nurse or licensed practical nurse.

“Blind individual” means an individual who has a central visual acuity of 20/200 or less in the better eye with the use of corrective lens or visual field restriction to 20 degrees or less.

“Client participation” means the amount of the recipient income that the person must contribute to the cost of ill and handicapped waiver services exclusive of medical vendor payments before Medicaid will participate.

“Deeming” means the specified amount of parental or spousal income and resources considered in determining eligibility for a child or spouse according to current supplemental security income guidelines.

“Disabled person” means an individual who is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which has lasted or is expected to last for a continuous period of not less than 12 months. A child under the age of 18 is considered disabled if the child suffers a medically determinable physical or mental impairment of comparable severity.

“Financial participation” means client participation and medical payments from a third party including veterans’ aid and attendance.

“Group respite” is respite provided on a staff-to-consumer ratio of less than one to one.

“Guardian” means a guardian appointed in probate court.

“Intermittent homemaker service” means homemaker service provided from one to three hours a day for not more than four days per week.

“Intermittent respite service” means respite service provided from one to three times a week.

“Medical assessment” means a visual and physical inspection of the consumer, noting deviations from the norm, and a statement of the consumer’s mental and physical condition that can be amendable to or resolved by appropriate actions of the provider.

“Medical institution” means a nursing facility or an intermediate care facility for the mentally retarded which has been approved as a Medicaid vendor.

“Medical intervention” means consumer care in the areas of hygiene, mental and physical comfort, assistance in feeding and elimination, and control of the consumer’s care and treatment to meet the physical and mental needs of the consumer in compliance with the plan of care in areas of health, prevention, restoration, and maintenance.

“Medical monitoring” means observation for the purpose of assessing, preventing, maintaining, and treating disease or illness based on the consumer’s plan of care.

“*Service plan*” means a written consumer-centered, outcome-based plan of services developed using an interdisciplinary process, which addresses all relevant services and supports being provided. It may involve more than one provider.

“*Specialized respite*” means respite provided on a staff-to-consumer ratio of one to one or higher to individuals with specialized medical needs requiring the care, monitoring or supervision of a licensed registered nurse or licensed practical nurse.

“*Substantial gainful activity*” means productive activities which add to the economic wealth, or produce goods or services to which the public attaches a monetary value.

“*Third-party payments*” means payments from an attorney, individual, institution, corporation, or public or private agency which is liable to pay part or all of the medical costs incurred as a result of injury, disease or disability by or on behalf of an applicant or a past or present recipient of medical assistance.

“*Usual caregiver*” means a person or persons who reside with the consumer and are available on a 24-hour-per-day basis to assume responsibility for the care of the consumer.

441—83.2(249A) Eligibility. To be eligible for ill and handicapped waiver services a person must meet certain eligibility criteria and be determined to need a service(s) allowable under the program.

83.2(1) Eligibility criteria.

a. The person must be under the age of 65 and blind or disabled as determined by the receipt of social security disability benefits or by a disability determination made through the department. Disability determinations are made according to supplemental security income guidelines under Title XVI of the Social Security Act.

b. The person must be ineligible for Supplemental Security Income (SSI) if the person is 21 years of age or older, except that persons who are receiving ill and handicapped waiver services upon reaching the age of 21 may continue to be eligible regardless of SSI eligibility until they reach the age of 25.

c. Persons shall meet the eligibility requirements of the supplemental security income program except for the following:

(1) The person is under 18 years of age, unmarried and not the head of a household and is ineligible for supplemental security income because of the deeming of the parent's(s') income.

(2) The person is married and is ineligible for supplemental security income because of the deeming of the spouse's income or resources.

(3) The person is ineligible for supplemental security income due to excess income and the person's income does not exceed 300 percent of the maximum monthly payment for one person under supplemental security income.

(4) The person is under 18 years of age and is ineligible for supplemental security income because of excess resources.

d. The person must be certified as being in need of nursing facility or skilled nursing facility level of care or as being in need of care in an intermediate care facility for the mentally retarded. The IME medical services unit shall be responsible for approval of the certification of the level of care.

Ill and handicapped waiver services will not be provided when the individual is an inpatient in a medical institution.

e. To be eligible for interim medical monitoring and treatment services the consumer must be:

(1) Under the age of 21;

(2) Currently receiving home health agency services under rule 441—78.9(249A) and require medical assessment, medical monitoring, and regular medical intervention or intervention in a medical emergency during those services. (The home health aide services for which the consumer is eligible must be maximized before the consumer accesses interim medical monitoring and treatment.);

(3) Residing in the consumer's family home or foster family home; and

(4) In need of interim medical monitoring and treatment as ordered by a physician.

f. The person must meet income and resource guidelines for Medicaid as if in a medical institution pursuant to 441—Chapter 75. When a husband and wife who are living together both apply for the waiver, income and resource guidelines as specified at paragraphs 441—75.5(2) “b” and 441—75.5(4) “c” shall be applied.

g. The person must have service needs that can be met by this waiver program. At a minimum a person must receive one billable unit of service under the waiver per calendar quarter.

h. To be eligible for the consumer choices option as set forth in 441—subrule 78.34(13), a person cannot be living in a residential care facility.

83.2(2) Need for services.

a. The consumer shall have a service plan approved by the department which is developed by the service worker identified by the county of residence. This service plan must be completed prior to services provision and annually thereafter.

The service worker shall establish the interdisciplinary team for the consumer and, with the team, identify the consumer's need for service based on the consumer's needs and desires as well as the availability and appropriateness of services using the following criteria:

(1) This service plan shall be based, in part, on information in the completed Home- and Community-Based Services Assessment or Reassessment, Form 470-0659. Form 470-0659 is completed annually, or more frequently upon request or when there are changes in the consumer's condition. The service worker shall have a face-to-face visit with the consumer at least annually.

(2) Service plans for persons aged 20 or under shall be developed to reflect use of all appropriate nonwaiver Medicaid services and so as not to replace or duplicate those services. The service worker shall list all nonwaiver Medicaid services in the service plan.

(3) Service plans for persons aged 20 or under that include home health or nursing services shall not be approved until a home health agency has made a request to cover the consumer's service needs through nonwaiver Medicaid services.

b. Except as provided below, the total monthly cost of the ill and handicapped waiver services shall not exceed the established aggregate monthly cost for level of care as follows:

<u>Skilled level of care</u>	<u>Nursing level of care</u>	<u>ICF/MR</u>
\$2,631	\$904	\$3,203

(1) For consumers eligible for SSI who remain eligible for ill and handicapped waiver services until the age of 25 because they are receiving ill and handicapped waiver services upon reaching the age of 21, these amounts shall be increased by the cost of services for which the consumer would be eligible under 441—subrule 78.9(10) if still under 21 years of age.

(2) If more than \$500 is paid for home and vehicle modification services, the service worker shall encumber up to \$500 per month within the monthly dollar cap allowed for the consumer until the total amount of the modification is reached within a 12-month period.

c. Interim medical monitoring and treatment services must be needed because all usual caregivers are unavailable to provide care due to one of the following circumstances:

(1) Employment. Interim medical monitoring and treatment services are to be received only during hours of employment.

(2) Academic or vocational training. Interim medical monitoring and treatment services provided while a usual caregiver participates in postsecondary education or vocational training shall be limited to 24 periods of no more than 30 days each per caregiver as documented by the service worker. Time spent in high school completion, adult basic education, GED, or English as a second language does not count toward the limit.

(3) Absence from the home due to hospitalization, treatment for physical or mental illness, or death of the usual caregiver. Interim medical monitoring and treatment services under this subparagraph are limited to a maximum of 30 days.

(4) Search for employment.

1. Care during job search shall be limited to only those hours the usual caregiver is actually looking for employment, including travel time.

2. Interim medical monitoring and treatment services may be provided under this paragraph only during the execution of one job search plan of up to 30 working days in a 12-month period, approved by the department service worker or targeted case manager pursuant to 441—subparagraph 170.2(2) "b"(5).

3. Documentation of job search contacts shall be furnished to the department service worker or targeted case manager.

441—83.3(249A) Application.

83.3(1) *Application for HCBS ill and handicapped waiver services.* The application process as specified in rules 441—76.1(249A) to 441—76.6(249A) shall be followed.

83.3(2) *Application and services program limit.* The number of persons who may be approved for the HCBS ill and handicapped waiver shall be subject to the number of consumers to be served as set forth in the federally approved HCBS ill and handicapped waiver. The number of consumers to be served is set forth at the time of each five-year renewal of the waiver or in amendments to the waiver approved by the Centers for Medicare and Medicaid Services (CMS). When the number of applicants exceeds the number of consumers specified in the approved waiver, the applicant's name shall be placed on a waiting list maintained by the bureau of long-term care.

a. The county department office shall contact the bureau of long-term care for all applicants for the waiver to determine if a payment slot is available.

(1) For applicants not currently receiving Medicaid, the county department office shall contact the bureau by the end of the fifth working day after receipt of a completed Form 470-2927 or 470-2927(S), Health Services Application, or within five working days after receipt of disability determination, whichever is later.

(2) For current Medicaid recipients, the county department office shall contact the bureau by the end of the fifth working day after receipt of either Form 470-0659, Home- and Community-Based Services Assessment or Reassessment, with the choice of HCBS waiver indicated by signature of the consumer or a written request signed and dated by the consumer.

(3) A payment slot shall be assigned to the applicant upon confirmation of an available slot.

(4) Once a payment slot is assigned, the county department office shall give written notice to the applicant. The department shall hold the payment slot for the applicant as long as reasonable efforts are being made to arrange services and the applicant has not been determined to be ineligible for the program. If services have not been initiated and reasonable efforts are no longer being made to arrange services, the slot shall revert for use by the next person on the waiting list, if applicable. The applicant originally assigned the slot must reapply for a new slot.

b. If no payment slot is available, the bureau of long-term care shall enter persons on a waiting list according to the following:

(1) Consumers not currently eligible for Medicaid shall be entered on the waiting list on the basis of the date a completed Form 470-2927 or 470-2927(S), Health Services Application, is date-stamped in the county department office or upon the county department office's receipt of disability determination, whichever is later.

(2) Consumers currently eligible for Medicaid shall be added to the waiting list on the basis of the date a request as specified in 83.3(2) "a"(2) is date-stamped in the county department office.

(3) In the event that more than one application is received at one time, persons shall be entered on the waiting list on the basis of the month of birth, January being month one and the lowest number.

(4) Applicants who do not fall within the available slots shall have their application rejected, and their names shall be maintained on the waiting list. They shall be contacted to reapply as slots become available based on their order on the waiting list so that the number of approved persons on the program is maintained. The bureau of long-term care shall contact the county department office when a slot becomes available.

(5) Once a payment slot is assigned, the county department office shall give written notice to the person within five working days. The department shall hold the payment slot for 30 days for the person to file a new application. If an application has not been filed within 30 days, the slot shall revert for use by the next person on the waiting list, if applicable. The person originally assigned the slot must reapply for a new slot.

c. The county department office shall notify the bureau of long-term care within five working days of the receipt of an application and of any action on or withdrawal of an application.

83.3(3) Approval of application.

a. Applications for the HCBS ill and handicapped waiver program shall be processed in 30 days unless one or more of the following conditions exist:

(1) An application has been filed and is pending for federal supplemental security income benefits.

(2) The application is pending because the department has not received information which is beyond the control of the client or the department.

(3) The application is pending due to the disability determination process performed through the department.

(4) The application is pending because a level of care determination has not been made although the completed assessment, Form 470-0659, Home- and Community-Based Services Assessment or Reassessment, has been submitted to the IME medical services unit.

(5) The application is pending because the assessment, Form 470-0659, or the service plan has not been completed. When a determination is not completed 90 days from the date of application due to the lack of a completed assessment, Form 470-0659, or service plan, the application shall be denied. The consumer shall have the right to appeal.

b. Decisions shall be mailed or given to the applicant on the date when income maintenance eligibility and level of care determinations and the client case plan are completed.

c. A consumer must be given the choice between HCBS ill and handicapped waiver services and institutional care. The income maintenance or service worker shall have the consumer, parent, guardian, or attorney in fact under a durable power of attorney for health care complete and sign Form 470-0659, Home- and Community-Based Services Assessment or Reassessment, indicating the consumer's choice of home- and community-based services or institutional care.

d. Waiver services provided prior to approval of eligibility for the waiver cannot be paid.

e. A consumer may be enrolled in only one waiver program at a time. Costs for waiver services are not reimbursable while the consumer is in a medical institution (hospital or nursing facility) or residential facility. Services may not be simultaneously reimbursed for the same time period as Medicaid or other Medicaid waiver services.

83.3(4) Effective date of eligibility.

a. Deeming of parental or spousal income and resources ceases and eligibility shall be effective on the date the income and resource eligibility and level of care determinations and the case plan are completed, but shall not be earlier than the first of the month following the date of application.

b. The effective date of eligibility for the ill and handicapped waiver for persons who qualify for Medicaid due to eligibility for the waiver services and to whom paragraphs "a" and "c" of this subrule do not apply is the date on which the income eligibility and level of care determinations and the case plan are completed.

c. Eligibility for persons covered under subrule 83.2(1) "c"(3) shall exist on the date the income and resource eligibility and level of care determinations and case plan are completed, but shall not be earlier than the first of the month following the date of application.

d. Eligibility continues until the consumer has been in a medical institution for 30 consecutive days for other than respite care. Consumers who are inpatients in a medical institution for 30 or more consecutive days for other than respite care shall be terminated from ill and handicapped waiver services and reviewed for eligibility for other Medicaid coverage groups. The consumer will be notified of that decision through Form 470-0602, Notice of Decision. If the consumer returns home before the effective date of the notice of decision and the consumer's condition has not substantially changed, the denial may be rescinded and eligibility may continue.

83.3(5) Attribution of resources. For the purposes of attributing resources as provided in rule 441—75.5(249A), the date on which the waiver applicant met the level of care criteria in a medical institution as established by the peer review organization shall be used as the date of entry to the medical institution. Only one attribution of resources shall be completed per person. Attributions completed for prior institutionalizations shall be applied to the waiver application.

441—83.4(249A) Financial participation. Persons must contribute their predetermined financial participation to the cost of ill and handicapped waiver services or other Medicaid services, as applicable.

83.4(1) Maintenance needs of the individual. The maintenance needs of the individual shall be computed by deducting an amount which is 300 percent of the maximum monthly payment for one person under supplemental security income (SSI) from the client's total income.

83.4(2) Limitation on payment. If the sum of the third-party payment and client participation equals or exceeds the reimbursement established by the service worker for ill and handicapped waiver services, Medicaid shall make no payments to ill and handicapped waiver service providers. However, Medicaid shall make payments to other medical vendors, as applicable.

83.4(3) Maintenance needs of spouse and other dependents. Rescinded IAB 4/9/97, effective 6/1/97.

441—83.5(249A) Redetermination. A complete redetermination of eligibility for the ill and handicapped waiver shall be completed at least once every 12 months or when there is significant change in the person's situation or condition.

A redetermination of continuing eligibility factors shall be made in accordance with rules 441—76.7(249A) and 441—83.2(249A). A redetermination shall include verification of the existence of a current case plan meeting the requirements listed in rule 441—83.7(249A).

441—83.6(249A) Allowable services. Services allowable under the ill and handicapped waiver are homemaker, home health, adult day care, respite care, nursing, counseling, consumer-directed attendant care, interim medical monitoring and treatment, home and vehicle modification, personal emergency response system, home-delivered meals, nutritional counseling, financial management, independent support brokerage, self-directed personal care, self-directed community supports and employment, and individual-directed goods and services as set forth in rule 441—78.34(249A).

441—83.7(249A) Service plan. A service plan shall be prepared for ill and handicapped waiver consumers in accordance with rule 441—130.7(234) except that service plans for both children and adults shall be completed every 12 months or when there is significant change in the person's situation or condition.

83.7(1) The service plan shall include the frequency of the ill and handicapped waiver services and the types of providers who will deliver the services.

83.7(2) The service plan shall indicate whether the consumer has elected the consumer choices option. If the consumer has elected the consumer choices option, the service plan shall identify:

- a. The independent support broker selected by the consumer; and
- b. The financial management service selected by the consumer.

83.7(3) The service plan shall also list all nonwaiver Medicaid services.

83.7(4) The service plan shall identify a plan for emergencies and the supports available to the consumer in an emergency.

441—83.8(249A) Adverse service actions.

83.8(1) Denial. An application for services shall be denied when it is determined by the department that:

- a. The client is not eligible for or in need of services.
- b. Needed services are not available or received from qualified providers.
- c. Service needs exceed the aggregate monthly costs established in 83.2(2) "b," or are not met by the services provided.
- d. Needed services are not available or received from qualifying providers.

83.8(2) Termination. A particular service may be terminated when the department determines that:

- a. The provisions of 130.5(2) "a," "b," "c," "g," or "h" apply.
- b. The costs of the ill and handicapped waiver service for the person exceed the aggregate monthly costs established in 83.2(2) "b."

c. The client receives care in a hospital, nursing facility, or intermediate care facility for the mentally retarded for 30 days in any one stay for purposes other than respite care.

d. The client receives ill and handicapped waiver services and the physical or mental condition of the client requires more care than can be provided in the client's own home as determined by the service worker.

e. Service providers are not available.

83.8(3) Reduction of services shall apply as in subrule 130.5(3), paragraphs "a" and "b."

441—83.9(249A) Appeal rights. Notice of adverse action and right to appeal shall be given in accordance with 441—Chapter 7 and rule 441—130.5(234). The applicant or recipient is entitled to have a review of the level of care determination by the IME medical services unit by sending a letter requesting a review to the IME medical services unit. If dissatisfied with that decision, the applicant or recipient may file an appeal with the department.

441—83.10(249A) County reimbursement. Rescinded IAB 4/9/97, effective 6/1/97.

441—83.11(249A) Conversion to the X-PERT system. Rescinded IAB 8/7/02, effective 10/1/02.

These rules are intended to implement Iowa Code sections 249A.3 and 249A.4.

441—83.12 to 83.20 Reserved.

DIVISION II—HCBS ELDERLY WAIVER SERVICES

441—83.21(249A) Definitions.

"Attorney in fact under a durable power of attorney for health care" means an individual who is designated by a durable power of attorney for health care, pursuant to Iowa Code chapter 144B, as an agent to make health care decisions on behalf of an individual and who has consented to act in that capacity.

"Basic individual respite" means respite provided on a staff-to-consumer ratio of one to one or higher to individuals without specialized needs requiring the care of a licensed registered nurse or licensed practical nurse.

"Client participation" means the amount of the recipient income that the person must contribute to the cost of elderly waiver services exclusive of medical vendor payments before Medicaid will participate.

"Group respite" is respite provided on a staff-to-consumer ratio of less than one to one.

"Guardian" means a guardian appointed in probate court.

"Interdisciplinary team" means a collection of persons with varied professional backgrounds who develop one plan of care to meet a client's need for services.

"Medical institution" means a nursing facility which has been approved as a Medicaid vendor.

"Service plan" means a written consumer-centered, outcome-based plan of services developed using an interdisciplinary process, which addresses all relevant services and supports being provided. It may involve more than one provider.

"Specialized respite" means respite provided on a staff-to-consumer ratio of one to one or higher to individuals with specialized medical needs requiring the care, monitoring or supervision of a licensed registered nurse or licensed practical nurse.

"Third-party payments" means payments from an individual, institution, corporation, or public or private agency which is liable to pay part or all of the medical costs incurred as a result of injury, disease or disability by or on behalf of an applicant or a past or present recipient of medical assistance.

"Usual caregiver" means a person or persons who reside with the consumer and are available on a 24-hour-per-day basis to assume responsibility for the care of the consumer.

441—83.22(249A) Eligibility. To be eligible for elderly waiver services a person must meet certain eligibility criteria and be determined to need a service(s) allowable under the program.

83.22(1) Eligibility criteria. All of the following criteria must be met. The person must be:

- a. Sixty-five years of age or older.
- b. A resident of the state of Iowa.
- c. Eligible for Medicaid as if in a medical institution pursuant to 441—Chapter 75. When a husband and wife who are living together both apply for the waiver, income and resource guidelines as specified at 441—paragraphs 75.5(2) “b” and 75.5(4) “c” shall be applied.
- d. Certified as being in need of the intermediate or skilled level of care. The IME medical services unit shall be responsible for approval of the certification of the level of care.
Elderly waiver services will not be provided when the person is an inpatient in a medical institution.
- e. Determined to need services as described in subrule 83.22(2).
- f. Rescinded IAB 10/11/06, effective 10/1/06.
- g. For the consumer choices option as set forth in rule 441—subrule 78.37(16), residing in a living arrangement other than a residential care facility.

83.22(2) Need for services, service plan, and cost.

a. *Case management.* As a condition of eligibility, all consumers under the elderly waiver shall receive case management services from a provider qualified pursuant to 441—subrule 77.33(21). The case manager shall be responsible for doing the following:

- (1) Making a comprehensive assessment of the consumer’s needs within 30 days of referral to case management.
- (2) Initiating development and review of the service plan as required by this subrule.
- (3) Ensuring that the consumer exhausts all services available under the state Medicaid plan before accessing the waiver.
- (4) Ensuring that all unmet needs of the consumer are identified in the service plan.
- (5) Explaining the following to the consumer:
 1. What abuse is and how to report abuse.
 2. How to file a complaint about the consumer’s services or providers.
 3. The consumer’s right to freedom of choice.
- (6) Verifying that providers of consumer-directed attendant care are adequately skilled to meet the needs of the consumer.

b. *Interdisciplinary team.* The case manager shall establish an interdisciplinary team for the consumer.

(1) *Composition.* The interdisciplinary team shall include the case manager and the consumer and, if appropriate, the consumer’s legal representative, family, service providers, and others directly involved in the consumer’s care.

(2) *Role.* The team shall identify:

1. The consumer’s need for services based on the consumer’s needs and desires.
2. Available and appropriate services to meet the consumer’s needs.
3. Health and safety issues for the consumer that indicate the need for an emergency plan, based on a risk assessment conducted before the team meeting.
4. Emergency backup support and a crisis response system to address problems or issues arising when support services are interrupted or delayed or when the consumer’s needs change.

c. *Service plan.* An applicant for elderly waiver services shall have a service plan developed by a qualified provider of case management services under the elderly waiver.

(1) Services included in the service plan shall be appropriate to the problems and specific needs or disabilities of the consumer.

(2) Services must be the least costly available to meet the service needs of the consumer. The total monthly cost of the elderly waiver services exclusive of case management services shall not exceed the established monthly cost of the level of care. Aggregate monthly costs are limited as follows:

Skilled level of care

\$2,631

Nursing level of care

\$1,117

- (3) The service plan must be completed before services are provided.
- (4) The service plan must be reviewed at least annually and when there is any significant change in the consumer's needs.

d. Content of service plan. The service plan shall include the following information based on the consumer's current assessment and service needs:

- (1) Observable or measurable individual goals.
- (2) Interventions and supports needed to meet those goals.
- (3) Incremental action steps, as appropriate.
- (4) The names of staff, people, businesses, or organizations responsible for carrying out the interventions or supports.
- (5) The desired individual outcomes.
- (6) The identified activities to encourage the consumer to make choices, to experience a sense of achievement, and to modify or continue participation in the service plan.
- (7) Description of any restrictions on the consumer's rights, including the need for the restriction and a plan to restore the rights. For this purpose, rights include maintenance of personal funds and self-administration of medications.

(8) A list of all Medicaid and non-Medicaid services that the consumer received at the time of waiver program enrollment that includes:

- 1. The name of the service provider responsible for providing the service.
 - 2. The funding source for the service.
 - 3. The amount of service that the consumer is to receive.
- (9) Indication of whether the consumer has elected the consumer choice option and, if so, the independent support broker and the financial management service that the consumer has selected.
- (10) The determination that the services authorized in the service plan are the least costly.
- (11) A plan for emergencies that identifies the supports available to the consumer in situations for which no approved service plan exists and which, if not addressed, may result in injury or harm to the consumer or other persons or in significant amounts of property damage. Emergency plans shall include:
- 1. The consumer's risk assessment and the health and safety issues identified by the consumer's interdisciplinary team.
 - 2. The emergency backup support and crisis response system identified by the interdisciplinary team.
 - 3. Emergency, backup staff designated by providers for applicable services.

83.22(3) Providers—standards. Rescinded IAB 10/11/06, effective 10/1/06.

441—83.23(249A) Application.

83.23(1) Application for HCBS elderly waiver. The application process as specified in rules 441—76.1(249A) to 441—76.6(249A) shall be followed.

83.23(2) Application for services. Rescinded IAB 12/6/95, effective 2/1/96.

83.23(3) Approval of application.

a. Applications for the elderly waiver program shall be processed in 30 days unless the worker can document difficulty in locating and arranging services or circumstances beyond the worker's control. In these cases a decision shall be made as soon as possible.

b. Decisions shall be mailed or given to the applicant on the date when both service and income maintenance eligibility determinations are completed.

c. An applicant must be given the choice between elderly waiver services and institutional care. The consumer, guardian, or attorney in fact under a durable power of attorney for health care shall sign the service plan indicating the consumer's choice of caregiver.

d. Waiver services provided prior to approval of eligibility for the waiver cannot be paid.

83.23(4) Effective date of eligibility.

a. The effective date of eligibility cannot precede the date the case manager signs the case plan.

b. Eligibility for persons whose income exceeds supplemental security income guidelines shall not exist until the persons require care in a medical institution for a period of 30 consecutive days and shall be effective no earlier than the first day of the month in which the 30-day period begins.

c. Eligibility continues until the consumer has been in a medical institution for 30 consecutive days for other than respite care or fails to meet eligibility criteria listed in rule 441—83.22(249A). Consumers who are inpatients in a medical institution for 30 or more consecutive days for other than respite care shall be terminated from elderly waiver services and reviewed for eligibility for other Medicaid coverage groups. The consumer will be notified of that decision through Form 470-0602, Notice of Decision. If the consumer returns home before the effective date of the notice of decision and the consumer's condition has not substantially changed, the denial may be rescinded and eligibility may continue.

83.23(5) Attribution of resources. For the purposes of attributing resources as provided in rule 441—75.5(249A), the date on which the waiver applicant met the level of care criteria in a medical institution as established by the peer review organization shall be used as the date of entry to the medical institution. Only one attribution of resources shall be completed per person. Attributions completed for prior institutionalizations shall be applied to the waiver application.

441—83.24(249A) Client participation. Persons must contribute their predetermined client participation to the cost of elderly waiver services.

83.24(1) Computation of client participation. Client participation shall be computed by deducting an amount for the maintenance needs of the individual which is 300 percent of the maximum SSI grant for an individual from the client's total income.

83.24(2) Limitation on payment. If the sum of the third-party payment and client participation equals or exceeds the reimbursement established by the service worker, Medicaid will make no payments for elderly waiver service providers. However, Medicaid will make payments to other medical vendors.

441—83.25(249A) Redetermination. A complete redetermination of eligibility for elderly waiver services shall be done at least once every 12 months.

A redetermination of continuing eligibility factors shall be made when a change in circumstances occurs that affects eligibility in accordance with rule 441—83.22(249A). A redetermination shall contain the components listed in rule 441—83.27(249A).

441—83.26(249A) Allowable services. Services allowable under the elderly waiver are case management, adult day care, emergency response system, homemaker, home health aide, nursing, respite care, chore, home-delivered meals, home and vehicle modification, mental health outreach, transportation, nutritional counseling, assistive devices, senior companions, consumer-directed attendant care, financial management, independent support brokerage, self-directed personal care, self-directed community supports and employment, and individual-directed goods and services as set forth in rule 441—78.37(249A).

441—83.27(249A) Service plan. The service plan shall be completed jointly by the consumer, the elderly waiver case manager, and any other person identified by the consumer.

83.27(1) The service plan shall indicate whether the consumer has elected the consumer choices option. If the consumer has elected the consumer choices option, the service plan shall identify:

- a. The independent support broker selected by the consumer; and
- b. The financial management service selected by the consumer.

83.27(2) The service plan shall identify a plan for emergencies and the supports available to the consumer in an emergency.

441—83.28(249A) Adverse service actions.

83.28(1) Denial. An application for services shall be denied when it is determined by the department that:

- a. The client is not eligible for or in need of services.
- b. Except for respite care, the elderly waiver services are not needed on a regular basis.

c. Service needs exceed the aggregate monthly costs established in 83.22(2) “*b*,” or are not met by services provided.

d. Needed services are not available or received from qualifying providers.

e. Rescinded IAB 3/2/94, effective 3/1/94.

83.28(2) Termination. A particular service may be terminated when the department determines that:

a. The provisions of 441—subrule 130.5(2), paragraph “*a*,” “*b*,” “*c*,” “*d*,” “*g*,” or “*h*” apply.

b. The costs of the elderly waiver services for the person exceed the aggregate monthly costs established in 83.22(2) “*b*.”

c. The client receives care in a hospital or nursing facility for 30 days in any one stay for purposes other than respite care.

d. The client receives elderly waiver services and the physical or mental condition of the client requires more care than can be provided in the client’s own home as determined by the case manager and the interdisciplinary team.

e. Service providers are not available.

83.28(3) Reduction of services shall apply as in 441—subrule 130.5(3), paragraphs “*a*” and “*b*.”

441—83.29(249A) Appeal rights. Notice of adverse action and right to appeal shall be given in accordance with 441—Chapter 7 and rule 441—130.5(234). The applicant or recipient is entitled to have a review of the level of care determination by the IME medical services unit by sending a letter requesting a review to the IME medical services unit. If dissatisfied with that decision, the applicant or recipient may file an appeal with the department.

441—83.30(249A) Enhanced services. When a household has one person receiving service in accordance with rules set forth in 441—Chapter 24 and another receiving elderly waiver services, the persons providing case management shall cooperate to make the best plan for both clients. When a person is eligible for services as set forth in 441—Chapter 24 and eligible for services under the elderly waiver, the person’s primary diagnosis will determine which services shall be used.

441—83.31(249A) Conversion to the X-PERT system. Rescinded IAB 8/7/02, effective 10/1/02.

These rules are intended to implement Iowa Code sections 249A.3 and 249A.4.

441—83.32 to 83.40 Reserved.

DIVISION III—HCBS AIDS/HIV WAIVER SERVICES

441—83.41(249A) Definitions.

“*AIDS*” means a medical diagnosis of acquired immunodeficiency syndrome based on the Centers for Disease Control “Revision of the CDC Surveillance Case Definition for Acquired Immunodeficiency Syndrome,” August 14, 1987, Vol. 36, No. 1S issue of “Morbidity and Mortality Weekly Report.”

“*Attorney in fact under a durable power of attorney for health care*” means an individual who is designated by a durable power of attorney for health care, pursuant to Iowa Code chapter 144B, as an agent to make health care decisions on behalf of an individual and who has consented to act in that capacity.

“*Basic individual respite*” means respite provided on a staff-to-consumer ratio of one to one or higher to individuals without specialized needs requiring the care of a licensed registered nurse or licensed practical nurse.

“*Client participation*” means the amount of the recipient’s income that the person must contribute to the cost of AIDS/HIV waiver services exclusive of medical vendor payments before Medicaid will participate.

“*Deeming*” means the specified amount of parental or spousal income and resources considered in determining eligibility for a child or spouse according to current supplemental security income guidelines.

“*Financial participation*” means client participation and medical payments from a third party including veterans’ aid and attendance.

“*Group respite*” is respite provided on a staff-to-consumer ratio of less than one to one.

“*Guardian*” means a guardian appointed in probate court.

“*HIV*” means a medical diagnosis of human immunodeficiency virus infection based on a positive HIV-related test.

“*Medical institution*” means a nursing facility or hospital which has been approved as a Medicaid vendor.

“*Service plan*” means a written consumer-centered, outcome-based plan of services developed using an interdisciplinary process, which addresses all relevant services and supports being provided. It may involve more than one provider.

“*Specialized respite*” means respite provided on a staff-to-consumer ratio of one to one or higher to individuals with specialized medical needs requiring the care, monitoring or supervision of a licensed registered nurse or licensed practical nurse.

“*Third-party payments*” means payments from an attorney, individual, institution, corporation, or public or private agency which is liable to pay part or all of the medical costs incurred as a result of injury, disease or disability by or on behalf of an applicant or a past or present recipient of medical assistance.

“*Usual caregiver*” means a person or persons who reside with the consumer and are available on a 24-hour-per-day basis to assume responsibility for the care of the consumer.

441—83.42(249A) Eligibility. To be eligible for AIDS/HIV waiver services a person must meet certain eligibility criteria and be determined to need a service(s) allowable under the program.

83.42(1) Eligibility criteria. All of the following criteria must be met. The person must:

- a. Be diagnosed by a physician as having AIDS or HIV infection.
- b. Be certified in need of the level of care that, but for the waiver, would otherwise be provided in a nursing facility or hospital. The IME medical services unit shall be responsible for approval of the certification of the level of care. AIDS/HIV waiver services shall not be provided when the person is an inpatient in a medical institution.
- c. Be eligible for medical assistance under SSI, SSI-related, FMAP, or FMAP-related coverage groups; medically needy at hospital level of care; or a special income level (300 percent group); or become eligible through application of the institutional deeming rules.
- d. Require, and use at least quarterly, one service available under the waiver as determined through an evaluation of need described in subrule 83.42(2).
- e. Have service needs such that the costs of the waiver services are not likely to exceed the costs of care that would otherwise be provided in a medical institution.
- f. Have income which does not exceed 300 percent of the maximum monthly payment for one person under supplemental security income.
- g. For the consumer choices option as set forth in 441—subrule 78.38(9), not be living in a residential care facility.

83.42(2) Need for services.

a. The county social worker shall perform an assessment of the person’s need for waiver services and determine the availability and appropriateness of services. This assessment shall be based, in part, on information in the completed Home- and Community-Based Services Assessment or Reassessment, Form 470-0659. Form 470-0659 shall be completed annually.

b. The total monthly cost of the AIDS/HIV waiver services shall not exceed the established aggregate monthly cost for level of care. The monthly cost of AIDS/HIV waiver services cannot exceed the established limit of \$1,751.

441—83.43(249A) Application.

83.43(1) Application for HCBS AIDS/HIV waiver services. The application process as specified in rules 441—76.1(249A) to 441—76.6(249A) shall be followed.

83.43(2) Application for services. Rescinded IAB 12/6/95, effective 2/1/96.

83.43(3) Approval of application.

a. Applications for the HCBS AIDS/HIV waiver program shall be processed in 30 days unless one or more of the following conditions exist:

(1) The application is pending because the department has not received information, which is beyond the control of the client or the department.

(2) The application is pending because a level of care determination has not been made or pended although the completed assessment, Form 470-0659, has been submitted to the IME medical services unit.

(3) Rescinded IAB 3/7/01, effective 5/1/01.

b. Decisions shall be mailed or given to the applicant on the date when income maintenance eligibility and level of care determinations and the consumer service plan are completed.

c. A consumer must be given the choice between HCBS AIDS/HIV waiver services and institutional care. The income maintenance or service worker shall have the consumer, parent, guardian, or attorney in fact under a durable power of attorney for health care complete and sign Form 470-0659, Home- and Community-Based Services Assessment or Reassessment, indicating the consumer's choice of home- and community-based services or institutional care.

d. Waiver services provided prior to approval of eligibility for the waiver cannot be paid.

83.43(4) Effective date of eligibility.

a. The effective date of eligibility for the AIDS/HIV waiver for persons who are already determined eligible for Medicaid is the date on which the income and resource eligibility and level of care determinations and the service plan are completed.

b. The effective date of eligibility for the AIDS/HIV waiver for persons who qualify for Medicaid due to eligibility for the waiver services and to whom 441—subrule 75.1(7) and rule 441—75.5(249A) do not apply is the date on which income and resource eligibility and level of care determinations and the service plan are completed.

c. Eligibility for the waiver continues until the recipient has been in a medical institution for 30 consecutive days for other than respite care or fails to meet eligibility criteria listed in rule 441—83.42(249A). Recipients who are inpatients in a medical institution for 30 or more consecutive days for other than respite care shall be reviewed for eligibility for other Medicaid coverage groups and terminated from AIDS/HIV waiver services if found eligible under another coverage group. The recipient will be notified of that decision through Form 470-0602, Notice of Decision. If the consumer returns home before the effective date of the notice of decision and the person's condition has not substantially changed, the denial may be rescinded and eligibility may continue.

d. The effective date of eligibility for the AIDS/HIV waiver for persons who qualify for Medicaid due to eligibility for the waiver services and to whom the eligibility factors set forth in 441—subrule 75.1(7) and, for married persons, in rule 441—75.5(249A) have been satisfied is the date on which the income eligibility and level of care determinations and the service plan are completed, but shall not be earlier than the first of the month following the date of application.

83.43(5) Attribution of resources. For the purposes of attributing resources as provided in rule 441—75.5(249A), the date on which the waiver applicant met the level of care criteria in a medical institution as established by the peer review organization shall be used as the date of entry to the medical institution. Only one attribution of resources shall be completed per person. Attributions completed for prior institutionalizations shall be applied to the waiver application.

441—83.44(249A) Financial participation. Persons must contribute their predetermined financial participation to the cost of AIDS/HIV waiver services or other Medicaid services, as applicable.

83.44(1) Maintenance needs of the individual. The maintenance needs of the individual shall be computed by deducting an amount which is 300 percent of the maximum monthly payment for one person under supplemental security income (SSI) from the client's total income.

83.44(2) Limitation on payment. If the amount of the financial participation equals or exceeds the reimbursement established by the service worker for AIDS/HIV services, Medicaid will make no

payments to AIDS/HIV waiver service providers. Medicaid will, however, make payments to other medical vendors.

83.44(3) Maintenance needs of spouse and other dependents. Rescinded IAB 4/9/97, effective 6/1/97.

441—83.45(249A) Redetermination. A complete redetermination of eligibility for AIDS/HIV waiver services shall be completed at least once every 12 months or when there is significant change in the person's situation or condition. A redetermination of continuing eligibility factors shall be made in accordance with rules 441—76.7(249A) and 441—83.42(249A). A redetermination shall include the components listed in rule 441—83.47(249A).

441—83.46(249A) Allowable services. Services allowable under the AIDS/HIV waiver are counseling, home health aide, homemaker, nursing care, respite care, home-delivered meals, adult day care, consumer-directed attendant care, financial management, independent support brokerage, self-directed personal care, self-directed community supports and employment, and individual-directed goods and services as set forth in rule 441—78.38(249A).

441—83.47(249A) Service plan. A service plan shall be prepared for AIDS/HIV waiver consumers in accordance with rule 441—130.7(234) except that service plans for both children and adults shall be completed every 12 months or when there is significant change in the person's situation or condition.

83.47(1) The service plan shall include the frequency of the AIDS/HIV waiver services and the types of providers who will deliver the services.

83.47(2) The service plan shall indicate whether the consumer has elected the consumer choices option. If the consumer has elected the consumer choices option, the service plan shall identify:

- a. The independent support broker selected by the consumer; and
- b. The financial management service selected by the consumer.

83.47(3) Service plans for consumers aged 20 or under must be developed to reflect use of all appropriate nonwaiver Medicaid services so as not to replace or duplicate those services.

83.47(4) The service plan shall identify a plan for emergencies and the supports available to the consumer in an emergency.

441—83.48(249A) Adverse service actions.

83.48(1) Denial. An application for services shall be denied when it is determined by the department that:

- a. The client is not eligible for or in need of services.
- b. Except for respite care, the AIDS/HIV waiver services are not needed on a regular basis.
- c. Service needs exceed the aggregate monthly costs established in 83.42(2) "b" or cannot be met by the services provided under the waiver.
- d. Needed services are not available from qualified providers.

83.48(2) Termination. Participation in the AIDS/HIV waiver program may be terminated when the department determines that:

- a. The provisions of 441—subrule 130.5(2), paragraph "a," "b," "c," "d," "g," or "h" apply.
- b. The costs of the AIDS/HIV waiver services for the person exceed the aggregate monthly costs established in 83.42(2) "b."
- c. The client receives care in a hospital or nursing facility for 30 days or more in any one stay for purposes other than respite care.
- d. The client receives AIDS/HIV waiver services and the physical or mental condition of the client requires more care than can be provided in the client's own home as determined by the service worker.
- e. Service providers are not available.

83.48(3) Reduction of services shall apply as in 441—subrule 130.5(3), paragraphs "a" and "b."

441—83.49(249A) Appeal rights. Notice of adverse action and right to appeal shall be given in accordance with 441—Chapter 7 and rule 441—130.5(234). The applicant or recipient is entitled to

have a review of the level of care determination by the IME medical services unit by sending a letter requesting a review to the IME medical services unit. If dissatisfied with that decision, an appeal may be filed with the department.

441—83.50(249A) Conversion to the X-PERT system. Rescinded IAB 8/7/02, effective 10/1/02.

These rules are intended to implement Iowa Code section 249A.4.

441—83.51 to 83.59 Reserved.

DIVISION IV—HCBS MR WAIVER SERVICES

441—83.60(249A) Definitions.

“Adaptive” means age-appropriate skills related to taking care of one’s self and one’s ability to relate to others in daily living situations. These skills include limitations that occur in the areas of communication, self-care, home-living, social skills, community use, self-direction, safety, functional activities of daily living, leisure or work.

“Adult” means a person with mental retardation aged 18 or over.

“Appropriate” means that the services or supports or activities provided or undertaken by the organization are relevant to the consumer’s needs, situation, problems, or desires.

“Assessment” means the review of the consumer’s current functioning in regard to the consumer’s situation, needs, strengths, abilities, desires and goals.

“Attorney in fact under a durable power of attorney for health care” means an individual who is designated by a durable power of attorney for health care, pursuant to Iowa Code chapter 144B, as an agent to make health care decisions on behalf of an individual and who has consented to act in that capacity.

“Basic individual respite” means respite provided on a staff-to-consumer ratio of one to one or higher to individuals without specialized needs requiring the care of a licensed registered nurse or licensed practical nurse.

“Behavior” means skills related to regulating one’s own behavior including coping with demands from others, making choices, controlling impulses, conforming conduct to laws, and displaying appropriate sociosexual behavior.

“Case management services” means those services established pursuant to Iowa Code chapter 225C.

“Child” means a person with mental retardation aged 17 or under.

“Client participation” means the posteligibility amount of the consumer’s income that persons eligible through a special income level must contribute to the cost of the home and community-based waiver service.

“Counseling” means face-to-face mental health services provided to the consumer and caregiver by a qualified mental retardation professional (QMRP) to facilitate home management of the consumer and prevent institutionalization.

“Deemed status” means acceptance of certification or licensure of a program or service by another certifying body in place of certification based on review and evaluation.

“Department” means the Iowa department of human services.

“Direct service” means services involving face-to-face assistance to a consumer such as transporting a consumer or providing therapy.

“Fiscal accountability” means the development and maintenance of budgets and independent fiscal review.

“Group respite” is respite provided on a staff-to-consumer ratio of less than one to one.

“Guardian” means a guardian appointed in probate court.

“Health” means skills related to the maintenance of one’s health including eating; illness identification, treatment and prevention; basic first aid; physical fitness; regular physical checkups and personal habits.

“Immediate jeopardy” means circumstances where the life, health, or safety of a person will be severely jeopardized if the circumstances are not immediately corrected.

“Intermediate care facility for the mentally retarded (ICF/MR)” means an institution that is primarily for the diagnosis, treatment, or rehabilitation of persons who are mentally retarded or persons with related conditions and that provides, in a protected residential setting, ongoing evaluation, planning, 24-hour supervision, coordination and integration of health or related services to help each person function at the greatest ability and is an approved Medicaid vendor.

“Intermittent supported community living service” means supported community living service provided not more than 52 hours per month.

“Maintenance needs” means costs associated with rent or mortgage, utilities, telephone, food and household supplies.

“Managed care” means a system that provides the coordinated delivery of services and supports that are necessary and appropriate, delivered in the least restrictive settings and in the least intrusive manner. Managed care seeks to balance three factors:

1. Achieving high-quality outcomes for participants.
2. Coordinating access.
3. Containing costs.

“Medical assessment” means a visual and physical inspection of the consumer, noting deviations from the norm, and a statement of the consumer’s mental and physical condition that can be amendable to or resolved by appropriate actions of the provider.

“Medical institution” means a nursing facility, intermediate care facility for the mentally retarded, or hospital which has been approved as a Medicaid vendor.

“Medical intervention” means consumer care in the areas of hygiene, mental and physical comfort, assistance in feeding and elimination, and control of the consumer’s care and treatment to meet the physical and mental needs of the consumer in compliance with the plan of care in areas of health, prevention, restoration, and maintenance.

“Medical monitoring” means observation for the purpose of assessing, preventing, maintaining, and treating disease or illness based on the consumer’s plan of care.

“Mental retardation” means a diagnosis of mental retardation under this division which shall be made only when the onset of the person’s condition was prior to the age of 18 years and shall be based on an assessment of the person’s intellectual functioning and level of adaptive skills. The diagnosis shall be made by a person who is a psychologist or psychiatrist who is professionally trained to administer the tests required to assess intellectual functioning and to evaluate a person’s adaptive skills. A diagnosis of mental retardation shall be made in accordance with the criteria provided in the Diagnostic and Statistical Manual of Mental Disorders, Fourth Edition, published by the American Psychiatric Association.

“Natural supports” means services and supports identified as wanted or needed by the consumer and provider by persons not for pay (family, friends, neighbors, coworkers, and others in the community) and organizations or entities that serve the general public.

“Organization” means the entity being certified.

“Organizational outcome” means a demonstration by the organization of actions taken by the organization to provide for services or supports to consumers.

“Outcome” means an action or event that follows as a result or consequence of the provision of a service or support.

“Person with a related condition” means an individual who has a severe, chronic disability that meets all the following conditions:

1. It is attributable to cerebral palsy, epilepsy, or any other condition, other than mental illness, found to be closely related to mental retardation because the condition results in impairment of general intellectual functioning or adaptive behavior similar to that of a mentally retarded person and requires treatment or services similar to those required for a mentally retarded person.
2. It is manifested before the age of 22.
3. It is likely to continue indefinitely.

4. It results in substantial functional limitations in three or more of the following areas of major life activity:

- Self-care.
- Understanding and use of language.
- Learning.
- Mobility.
- Self-direction.
- Capacity for independent living.

“Procedures” means the steps to be taken to implement a policy.

“Process” means service or support provided by an agency to a consumer that will allow the consumer to achieve an outcome. This can include a written, formal, consistent trackable method or an informal process that is not written but is trackable.

“Program” means a set of related resources and services directed to the accomplishment of a fixed set of goals and objectives for the population of a specified geographic area or for special target populations. It can mean an agency, organization, or unit of an agency, organization or institution.

“Qualified mental retardation professional” means a person who has at least one year of experience working directly with persons with mental retardation or other developmental disabilities and who is one of the following:

1. A doctor of medicine or osteopathy.
2. A registered nurse.
3. An occupational therapist eligible for certification as an occupational therapist by the American Occupational Therapy Association or another comparable body.
4. A physical therapist eligible for certification as a physical therapist by the American Physical Therapy Association or another comparable body.
5. A speech-language pathologist or audiologist eligible for certification of Clinical Competence in Speech-Language Pathology or Audiology by the American Speech-Language Hearing Association or another comparable body or who meets the educational requirements for certification and who is in the process of accumulating the supervised experience required for certification.
6. A psychologist with a master’s degree in psychology from an accredited school.
7. A social worker with a graduate degree from a school of social work, accredited or approved by the Council on Social Work Education or another comparable body or who holds a bachelor of social work degree from a college or university accredited or approved by the Council of Social Work Education or another comparable body.
8. A professional recreation staff member with a bachelor’s degree in recreation or in a specialty area such as art, dance, music or physical education.
9. A professional dietitian who is eligible for registration by the American Dietetics Association.
10. A human services professional who must have at least a bachelor’s degree in a human services field including, but not limited to, sociology, special education, rehabilitation counseling and psychology.

“Service plan” means a written consumer-centered, outcome-based plan of services developed using an interdisciplinary process, which addresses all relevant services and supports being provided. It may involve more than one provider.

“Specialized respite” means respite provided on a staff-to-consumer ratio of one to one or higher to individuals with specialized medical needs requiring the care, monitoring or supervision of a licensed registered nurse or licensed practical nurse.

“Staff” means a person under the direction of the organization to perform duties and responsibilities of the organization.

“Third-party payments” means payments from an attorney, individual, institution, corporation, insurance company, or public or private agency which is liable to pay part or all of the medical costs incurred as a result of injury, disease or disability by or on behalf of an applicant or a past or present recipient of Medicaid.

“Usual caregiver” means a person or persons who reside with the consumer and are available on a 24-hour-per-day basis to assume responsibility for the care of the consumer.

441—83.61(249A) Eligibility. To be eligible for HCBS MR waiver services a person must meet certain eligibility criteria and be determined to need a service(s) available under the program.

83.61(1) Eligibility criteria. All of the following criteria must be met. The person must:

a. Have a diagnosis of mental retardation or, for residential-based supported community living services only, be a person with a related condition as defined in rule 441—83.60(249A). Those eligible based on a primary diagnosis of mental retardation must have the diagnosis initially established and recertified as follows:

Age	Initial application to HCBS MR waiver program	Recertification for persons with an IQ range of 54 or below, moderate range of MR or below	Recertification for persons with an IQ range of 55 or above, diagnosis of mild or unspecified range of MR
0 through 17 years	Psychological documentation within three years of the application date substantiating a diagnosis of mental retardation or mental disability equivalent to mental retardation	After the initial psychological evaluation which listed the consumer in this range, substantiate a diagnosis of mental retardation or a diagnosis of mental disability equivalent to mental retardation every six years and when a significant change occurs	After the initial psychological evaluation which listed the consumer in this range, substantiate a diagnosis of mental retardation or mental disability equivalent to mental retardation every three years and when a significant change occurs
18 through 21 years	<ul style="list-style-type: none"> • Psychological documentation substantiating diagnosis of mental retardation or a diagnosis of mental disability equivalent to mental retardation within three years prior to age 18, or • Diagnosis of mental retardation or mental disability equivalent to mental retardation made before age 18 and current psychological documentation substantiating a diagnosis of mental retardation or a diagnosis of mental disability equivalent to mental retardation 	Psychological documentation substantiating a diagnosis of mental retardation or a diagnosis of mental disability equivalent to mental retardation every ten years and whenever a significant change occurs	Psychological documentation substantiating a diagnosis of mental retardation or a diagnosis of mental disability equivalent to mental retardation every five years and whenever a significant change occurs
22 years and above	Diagnosis made before age 18 and current psychological documentation substantiating a diagnosis of mental retardation or a diagnosis of mental disability equivalent to mental retardation, if the last testing date was (1) more than five years ago for consumers with an IQ range of 55 or above or with a diagnosis of mild mental retardation, or (2) more than ten years ago for consumers with an IQ range of 54 or below or with a diagnosis of moderate MR or below	Psychological documentation substantiating a diagnosis of mental retardation or a diagnosis of mental disability equivalent to mental retardation every ten years and whenever a significant change occurs	Psychological documentation substantiating a diagnosis of mental retardation or a diagnosis of mental disability equivalent to mental retardation every five years and whenever a significant change occurs

b. Be eligible for Medicaid under SSI, SSI-related, FMAP, or FMAP-related coverage groups; eligible under the special income level (300 percent) coverage group; or become eligible through application of the institutional deeming rules or would be eligible for Medicaid if in a medical institution.

c. Be certified as being in need for long-term care that, but for the waiver, would otherwise be provided in an ICF/MR. The IME medical services unit shall be responsible for annual approval of the certification of the level of care based on the data collected by the case manager and interdisciplinary team on a tool designated by the department.

- (1) to (3) Rescinded IAB 3/7/01, effective 5/1/01.
- d.* Be a recipient of the Medicaid case management services or be identified to receive Medicaid case management services immediately following program enrollment.
- e.* Have service needs that can be met by this waiver program. At a minimum, a consumer must receive one billable unit of service per calendar quarter under this program.
- f.* Have a service plan completed annually and approved by the department in accordance with rule 441—83.67(249A).
- g.* For supported employment services:
- (1) Be at least age 16.
 - (2) Rescinded IAB 7/1/98, effective 7/1/98.
 - (3) Not be eligible for supported employment service funding under Public Law 94-142 or for the Rehabilitation Act of 1973.
 - (4) Not reside in a medical institution.
- h.* Choose HCBS MR waiver services rather than ICF MR services.
- i.* To be eligible for interim medical monitoring and treatment services the consumer must be:
- (1) Under the age of 21;
 - (2) Currently receiving home health agency services under rule 441—78.9(249A) and require medical assessment, medical monitoring, and regular medical intervention or intervention in a medical emergency during those services. (The home health aide services for which the consumer is eligible must be maximized before the consumer accesses interim medical monitoring and treatment.);
 - (3) Residing in the consumer's family home or foster family home; and
 - (4) In need of interim medical monitoring and treatment as ordered by a physician.
- j.* Be assigned an HCBS MR payment slot pursuant to subrule 83.61(4).
- k.* For residential-based supported community living services, meet all of the following additional criteria:
- (1) Be less than 18 years of age.
 - (2) Be preapproved as appropriate for residential-based supported community living services by the bureau of long-term care. Requests for approval shall be submitted in writing to the DHS Bureau of Long-Term Care, 1305 East Walnut Street, Des Moines, Iowa 50319-0114, and shall include the following:
 1. Social history;
 2. Case history that includes previous placements and service programs;
 3. Medical history that includes major illnesses and current medications;
 4. Current psychological evaluations and consultations;
 5. Summary of all reasonable and appropriate service alternatives that have been tried or considered;
 6. Any current court orders in effect regarding the child;
 7. Any legal history;
 8. Whether the child is at risk of out-of-home placement or the proposed placement would be less restrictive than the child's current placement for services;
 9. Whether the proposed placement would be safe for the child and for other children living in that setting; and
 10. Whether the interdisciplinary team is in agreement with the proposed placement.
 - (3) Either:
 1. Be residing in an ICF/MR;
 2. Be at risk of ICF/MR placement, as documented by an interdisciplinary team assessment pursuant to paragraph 83.61(2)"a"; or
 3. Be a child whose long-term placement outside the home is necessary because continued stay in the home would be a detriment to the health and welfare of the child or the family, and all service options to keep the child in the home have been reviewed by an interdisciplinary team, as documented in the service file.
 - l.* For day habilitation, be 16 years of age or older.

m. For the consumer choices option as set forth in 441—subrule 78.41(5), not be living in a residential care facility.

83.61(2) Need for services.

a. Consumers currently receiving Medicaid case management or services of a department-qualified mental retardation professional (QMRP) shall have the applicable coordinating staff and other interdisciplinary team members complete the Functional Assessment Tool, Form 470-3073, and identify the consumer's needs and desires as well as the availability and appropriateness of the services.

b. Consumers not receiving services as set forth in paragraph "a" who are applying for the HCBS MR waiver service shall have a department service worker or a case manager paid by the county without Medicaid funds complete the Functional Assessment Tool, Form 470-3073, for the initial level of care determination; establish an initial interdisciplinary team for HCBS MR services; and, with the initial interdisciplinary team, identify the consumer's needs and desires as well as the availability and appropriateness of services.

c. Persons meeting other eligibility criteria who do not have a Medicaid case manager shall be referred to a Medicaid case manager.

d. Services shall not exceed the number of maximum units established for each service.

e. The cost of services shall not exceed unit expense maximums. Requests shall only be reviewed for funding needs exceeding the supported community living service unit cost maximum. Requests require special review by the department and may be denied as not cost-effective.

f. The service worker, department QMRP, or Medicaid case manager shall complete the Functional Assessment Tool, Form 470-3073, for the initial level of care determination within 30 days from the date of the HCBS application unless the worker can document difficulty in locating information necessary for completion of Form 470-3073 or other circumstances beyond the worker's control.

g. At initial enrollment the service worker, department QMRP, case manager paid by the county without Medicaid funds, or Medicaid case manager shall establish an HCBS MR interdisciplinary team for each consumer and, with the team, identify the consumer's need for service based on the consumer's needs and desires as well as the availability and appropriateness of services. The Medicaid case manager shall complete an annual review thereafter. The following criteria shall be used for the initial and ongoing assessments:

(1) The assessment shall be based, in part, on information on the completed Functional Assessment Tool, Form 470-3073.

(2) Service plans must be developed or reviewed to reflect use of all appropriate nonwaiver Medicaid services so as not to replace or duplicate those services.

(3) Rescinded IAB 3/7/01, effective 5/1/01.

(4) Service plans for consumers aged 20 or under which include supported community living services beyond intermittent shall be approved (signed and dated) by the designee of the bureau of long-term care or the designee of the county board of supervisors. The service worker, department QMRP, or Medicaid case manager shall attach a written request for a variance from the maximum for intermittent supported community living with a summary of services and service costs. The written request for the variance shall provide a rationale for requesting supported community living beyond intermittent. The rationale shall contain sufficient information for the designee to make a decision regarding the need for supported community living beyond intermittent.

h. Interim medical monitoring and treatment services must be needed because all usual caregivers are unavailable to provide care due to one of the following circumstances:

(1) Employment. Interim medical monitoring and treatment services are to be received only during hours of employment.

(2) Academic or vocational training. Interim medical monitoring and treatment services provided while a usual caregiver participates in postsecondary education or vocational training shall be limited to 24 periods of no more than 30 days each per caregiver as documented by the service worker. Time spent in high school completion, adult basic education, GED, or English as a second language does not count toward the limit.

(3) Absence from the home due to hospitalization, treatment for physical or mental illness, or death of the usual caregiver. Interim medical monitoring and treatment services under this subparagraph are limited to a maximum of 30 days.

(4) Search for employment.

1. Care during job search shall be limited to only those hours the usual caregiver is actually looking for employment, including travel time.

2. Interim medical monitoring and treatment services may be provided under this paragraph only during the execution of one job search plan of up to 30 working days in a 12-month period, approved by the department service worker or targeted case manager pursuant to 441—subparagraph 170.2(2)“b”(5).

3. Documentation of job search contacts shall be furnished to the department service worker or targeted case manager.

83.61(3) HCBS MR program limit. The number of persons receiving HCBS MR waiver services in the state shall be limited to the number of payment slots provided in the HCBS MR waiver approved by the Centers for Medicare and Medicaid Services (CMS). The department shall make a request to CMS to adjust the program limit annually to be effective each July 1 based upon the county management plans submitted by the state and counties. The department shall also submit a request to CMS for changes to the program limit to be effective January 1 if requested by a county during the month of September.

a. The payment slots are on a county basis for adults with legal settlement in a county and are on a statewide basis for children and adults without a county of legal settlement. These slots shall be available on a first-come, first-served basis.

b. When services are denied because the limit is reached, a notice of decision denying service based on the limit and stating that the person’s name will be put on a waiting list shall be sent to the person by the department.

83.61(4) Securing a payment slot.

a. The county department office shall contact the bureau of long-term care for state cases and children or the central point of coordination administrator for the county of legal settlement for adults to determine if a payment slot is available for all new applications for the HCBS MR program.

(1) For applicants not currently receiving Medicaid, the county department office shall contact the bureau or the county by the end of the fifth working day after receipt of a completed Form 470-2927 or 470-2927(S), Health Services Application, or within five working days after receipt of disability determination, whichever is later.

(2) For current Medicaid recipients, the county department office shall contact the bureau or the county by the end of the fifth working day after receipt of either Form 470-0659, Home- and Community-Based Services Assessment or Reassessment, with the choice of HCBS waiver indicated by signature of the consumer or a written request signed and dated by the consumer.

(3) A payment slot is assigned to the applicant upon confirmation of an available slot.

(4) Once a payment slot is assigned, the county department office shall give written notice to the applicant. The department shall hold the payment slot for the applicant as long as reasonable efforts are being made to arrange services and the applicant has not been determined to be ineligible for the program. If services have not been initiated and reasonable efforts are no longer being made to arrange services, the slot shall revert for use by the next person on the waiting list, if applicable. The applicant originally assigned the slot must reapply for a new slot.

b. If no payment slot is available, the bureau of long-term care shall enter persons on a waiting list according to the following:

(1) Consumers not currently eligible for Medicaid shall be entered on the waiting list on the basis of the date a completed Form 470-2927 or 470-2927(S), Health Services Application, is date-stamped in the county department office or upon county department office receipt of disability determination, whichever is later.

(2) Consumers currently eligible for Medicaid shall be added to the waiting list on the basis of the date the request as specified in 83.61(4)“a”(2) is date-stamped in the county department office.

(3) In the event that more than one application is received at one time, persons shall be entered on the waiting list on the basis of the month of birth, January being month one and the lowest number.

(4) Applicants who do not fall within the available slots shall have their application rejected, and their names shall be maintained on the waiting list. As slots become available, persons shall be selected from the waiting list to maintain the number of approved persons on the program based on their order on the waiting list. The county central point of coordination administrator (for adults) and the bureau of long-term care (for children and for adults with state case status) shall contact the county department office when a slot becomes available.

(5) Once a payment slot is assigned, the county department office shall give written notice to the person within five working days. The department shall hold the payment slot for 30 days for the person to file a new application. If an application has not been filed within 30 days, the slot shall revert for use by the next person on the waiting list, if applicable. The person originally assigned the slot must reapply for a new slot.

c. The county department office shall notify the bureau of long-term care for state cases and children or the central point of coordination administrator for the county of legal settlement for adults within five working days of the receipt of an application and of any action on or withdrawal of an application.

441—83.62(249A) Application.

83.62(1) *Application for HCBS MR waiver services.* The application process as specified in rules 441—76.1(249A) to 441—76.6(249A) shall be followed.

83.62(2) Rescinded IAB 6/5/96, effective 8/1/96.

83.62(3) *Approval of application.*

a. Applications for the HCBS MR waiver program shall be processed in 30 days unless the case manager or worker can document difficulty in locating and arranging services or other circumstance beyond the worker's control. In these cases a decision shall be made as soon as possible.

b. Decisions shall be mailed or given to the applicant on the date when both service and income maintenance eligibility determinations are completed.

c. An applicant shall be given the choice between HCBS waiver services and ICF/MR care. The case manager or worker shall have the consumer or legal representative complete and sign Part A of Form 470-3073, Mental Retardation Functional Assessment Tool, indicating the consumer's choice of care.

d. HCBS MR waiver services provided before eligibility for the waiver is approved shall not be reimbursed by the HCBS waiver program.

e. Services provided when the person is a consumer of group foster care services or is an inpatient in a medical institution shall not be reimbursed.

f. HCBS MR waiver services are not available in conjunction with other Medicaid waiver services or group foster care services.

g. Children who were receiving rehabilitative treatment and supportive services under the group care program pursuant to 441—Chapter 185, division V, who were placed with a rehabilitative treatment and supportive service provider as a result of a delinquency or CINA adjudication will be ineligible unless a the department service area manager or the service area manager's designee determines that the child would have been eligible and the services covered aside from the adjudication. The service area manager or designee shall base an approval or denial on documentation regarding the child's individual situation. This documentation shall include, but is not limited to, the following:

(1) The reason for the adjudication.

(2) The existence of mental retardation or a related condition and the role of the child's mental retardation or related condition in the adjudication.

(3) Other possible placements suitable for the child that would meet the child's needs.

83.62(4) *Effective date of eligibility.*

a. Deeming of parental income and resources ceases the month following the month in which a person requires care in a medical institution.

b. The effective date of eligibility for the waiver for persons who are already determined eligible for Medicaid is the date on which the person is determined to meet the criteria set forth in rule 441—83.61(249A).

c. The effective date of eligibility for the waiver for persons who qualify for Medicaid due to eligibility for the waiver services is the date on which the person is determined to meet criteria set forth in rule 441—83.61(249A) and when the eligibility factor set forth in 441—subrule 75.1(7) and for married persons, in rule 441—75.5(249A) have been satisfied.

d. Eligibility continues until the consumer fails to meet eligibility criteria listed in rule 441—83.61(249A). Consumers who are inpatients in a medical institution for 30 consecutive days shall receive a review by the interdisciplinary team to determine additional inpatient needs for possible termination from the HCBS program. Consumers shall be reviewed for eligibility under other Medicaid coverage groups. The consumer or legal representative shall participate in the review and receive formal notification of that decision through Form 470-0602, Notice of Decision.

If the consumer returns home before the effective date of the notice of decision and the consumer's needs can still be met by the HCBS waiver services, the denial may be rescinded and eligibility may continue.

e. Eligibility and service reimbursement are effective through the last day of the month of the previous annual service plan staffing meeting and the corresponding long-term care need determination.

83.62(5) Attribution of resources. For the purposes of attributing resources as provided in rule 441—75.5(249A), the date on which the waiver applicant met the level of care criteria in a medical institution as established by the peer review organization shall be used as the date of entry to the medical institution. Only one attribution of resources shall be completed per person. Attributions completed for prior institutionalizations shall be applied to the waiver application.

441—83.63(249A) Client participation. Persons who are eligible under the 300 percent group must contribute a predetermined client participation amount to the costs of the services.

83.63(1) Computation of client participation. Client participation shall be computed by deducting an amount for the maintenance needs of the individual which is 300 percent of the maximum SSI grant for an individual from the client's total income.

83.63(2) Limitation on payment. If the sum of the third-party payment and client participation equals or exceeds the reimbursement for the specific HCBS waiver service, Medicaid will make no payments for the HCBS waiver service. However, Medicaid will make payments to other medical vendors.

441—83.64(249A) Redetermination. A redetermination of eligibility for HCBS MR waiver services shall be completed at least once every 12 months.

A redetermination of continuing eligibility factors shall be made when a change in circumstances occurs that affects eligibility in accordance with rule 441—83.61(249A).

441—83.65(249A) Rescinded IAB 6/5/96, effective 8/1/96.

441—83.66(249A) Allowable services. Services allowable under the HCBS MR waiver are supported community living, respite, personal emergency response system, nursing, home health aide, home and vehicle modification, supported employment, consumer-directed attendant care, interim medical monitoring and treatment, transportation, adult day care, day habilitation, prevocational services, financial management, independent support brokerage, self-directed personal care, self-directed community supports and employment, and individual-directed goods and services as set forth in rule 441—78.41(249A).

441—83.67(249A) Service plan. A service plan shall be prepared for each HCBS MR waiver consumer.

83.67(1) Development. The service plan shall be developed by the interdisciplinary team, which includes the consumer, and, if appropriate, the legal representative, consumer's family, case manager or service worker, service providers, and others directly involved.

83.67(2) Retention. The service plan shall be stored by the case manager for a minimum of three years.

83.67(3) Interdisciplinary team meeting. The interdisciplinary team meeting shall be conducted before the current service plan expires.

83.67(4) Information in plan. The plan shall be in accordance with 441—subrule 24.4(3) and shall additionally include the following information to assist in evaluating the program:

- a. A listing of all services received by a consumer at the time of waiver program enrollment.
- b. For supported community living:
 - (1) The consumer's living environment at the time of waiver enrollment.
 - (2) The number of hours per day of on-site staff supervision needed by the consumer.
 - (3) The number of other waiver consumers who will live with the consumer in the living unit.
- c. An identification and justification of any restriction of the consumer's rights including, but not limited to:
 - (1) Maintenance of personal funds.
 - (2) Self-administration of medications.
- d. The name of the service provider responsible for providing each service.
- e. The service funding source.
- f. The amount of the service to be received by the consumer.
- g. Whether the consumer has elected the consumer choices option and, if so:
 - (1) The independent support broker selected by the consumer; and
 - (2) The financial management service selected by the consumer.
- h. A plan for emergencies and identification of the supports available to the consumer in an emergency.

83.67(5) Documentation. The Medicaid case manager shall ensure that the consumer's case file contains the consumer's service plan and documentation supporting the diagnosis of mental retardation.

83.67(6) Approval of plan. The plan shall be approved through the Individualized Services Information System (ISIS). Services shall be entered into ISIS based on the service plan.

- a. Services must be authorized and entered into ISIS before the plan implementation date.
- b. The department or county has 15 working days after receipt of the summary and service costs in which to approve the services and service cost or request modification of the service plan unless the parties mutually agree to extend that time frame.
- c. If the department or county and service worker or case manager are unable to agree on the terms of the services or service cost within 10 days, the department or county has final authority regarding the services and service cost.
- d. If a notice of decision is not received from a county within 30 days from the date of request for services, the request shall be sent to the department of human services with documentation verifying the original submission of the request to the county. The department shall send a letter to the county central point of coordination and county board of supervisors requesting a response within 10 days. If no response is received within 10 days, the department will make the decision, as stated in paragraph "b."

441—83.68(249A) Adverse service actions.

83.68(1) Denial. An application for services shall be denied when it is determined by the department that:

- a. The applicant is not eligible for the services.
- b. Service needs exceed the service unit or reimbursement maximums.
- c. Service needs are not met by the services provided.
- d. Needed services are not available or received from qualifying providers.
- e. The HCBS MR service is not identified in the applicant's service plan.
- f. There is another community resource available to provide the service or a similar service free of charge to the applicant that will meet the applicant's needs.

g. Completion or receipt of required documents by the department for the HCBS program applicant has not occurred.

83.68(2) Reduction. A particular service may be reduced when the department determines that the provisions of 441—subrule 130.5(3), paragraph “a” or “b,” apply.

83.68(3) Termination. A particular service may be terminated when the department determines that:

- a. The provisions of 441—subrule 130.5(2), paragraph “d,” “g,” or “h,” apply.
- b. Needed services are not available or received from qualifying providers.
- c. The HCBS MR service is not identified in the consumer’s annual service plan.
- d. Service needs are not met by the services provided.
- e. Services needed exceed the service unit or reimbursement maximums.
- f. Completion or receipt of required documents by the department for the HCBS program consumer has not occurred.
- g. The consumer receives services from other Medicaid waiver programs.
- h. The consumer or legal representative through the interdisciplinary process requests termination from the services.

441—83.69(249A) Appeal rights. Notice of adverse action and right to appeal shall be given in accordance with 441—Chapter 7 and rule 441—130.5(234). The applicant or consumer is entitled to have a review of the level of care determination by the IME medical services unit by sending a letter requesting a review to the IME medical services unit. If dissatisfied with that decision, the applicant or consumer may file an appeal with the department.

The applicant or consumer for whom the county has legal payment responsibility shall be entitled to a review of adverse decisions by the county by appealing to the county pursuant to 441—paragraph 25.13(2) “j.” If dissatisfied with the county’s decision, the applicant or consumer may file an appeal with the department pursuant to rule 441—83.69(249A).

441—83.70(249A) County reimbursement. The county board of supervisors of the consumer’s county of legal settlement shall reimburse the department for all the nonfederal share of the HCBS MR waiver service expenses to adults. The county shall enter into a payment agreement with the department for reimbursement of the nonfederal share of the cost of service provided to HCBS MR waiver adults by input through the Individualized Services Information System (ISIS).

83.70(1) County agreement. The county shall enter into the agreement using the criteria in subrules 83.61(2) and 83.62(1).

83.70(2) Continuation of services for HCBS MR consumers. The county shall continue to provide HCBS MR services to consumers with mental retardation who are enrolled in the HCBS MR program on August 1, 1996. The county shall continue to provide HCBS MR services to children who are enrolled in the HCBS MR program after the children turn 18. The state slot for a child in the HCBS MR program will transfer to the county of legal settlement when the child turns 18.

83.70(3) Continuation of services for children receiving residential-based supported community living services. The county of legal settlement shall be given the option to continue to provide funding for appropriate services to a child 18 to 21 years of age who is receiving residential-based supported community living services after the child turns 18. The case manager shall notify the county of legal settlement when the child in placement turns 16. For children placed after the age of 16, the case manager shall notify the county of legal settlement at the time of placement.

441—83.71(249A) Conversion to the X-PERT system. Rescinded IAB 8/7/02, effective 10/1/02.

441—83.72(249A) Rent subsidy program. Recipients of the HCBS MR waiver program may be eligible for a rent subsidy program. See 441—Chapter 53.

These rules are intended to implement Iowa Code sections 249A.3 and 249A.4.

441—83.73 to 83.80 Reserved.

DIVISION V—BRAIN INJURY WAIVER SERVICES

441—83.81(249A) Definitions.

“Adaptive” means age appropriate skills related to taking care of one’s self and the ability to relate to others in daily living situations. These skills include limitations that occur in the areas of communication, self-care, home living, social skills, community use, self-direction, safety, functional academics, leisure and work.

“Adult” means a person with a brain injury aged 18 years or over.

“Appropriate” means that the services or supports or activities provided or undertaken by the organization are relevant to the consumer’s needs, situation, problems, or desires.

“Assessment” means the review of the consumer’s current functioning in regard to the consumer’s situation, needs, strengths, abilities, desires and goals.

“Attorney in fact under a durable power of attorney for health care” means an individual who is designated by a durable power of attorney for health care, pursuant to Iowa Code chapter 144B, as an agent to make health care decisions on behalf of an individual and who has consented to act in that capacity.

“Basic individual respite” means respite provided on a staff-to-consumer ratio of one to one or higher to individuals without specialized needs requiring the care of a licensed registered nurse or licensed practical nurse.

“Behavior” means skills related to regulating one’s own behavior including coping with demands from others, making choices, conforming conduct to laws, and displaying appropriate sociosexual behavior.

“Brain injury” means clinically evident damage to the brain resulting directly or indirectly from trauma, infection, anoxia, vascular lesions or tumor of the brain, not primarily related to degenerative or aging processes, which temporarily or permanently impairs a person’s physical, cognitive, or behavioral functions. The person must have a diagnosis from the following list:

- Malignant neoplasms of brain, cerebrum.
- Malignant neoplasms of brain, frontal lobe.
- Malignant neoplasms of brain, temporal lobe.
- Malignant neoplasms of brain, parietal lobe.
- Malignant neoplasms of brain, occipital lobe.
- Malignant neoplasms of brain, ventricles.
- Malignant neoplasms of brain, cerebellum.
- Malignant neoplasms of brain, brain stem.
- Malignant neoplasms of brain, other part of brain, includes midbrain, peduncle, and medulla oblongata.
- Malignant neoplasms of brain, cerebral meninges.
- Malignant neoplasms of brain, cranial nerves.
- Secondary malignant neoplasm of brain.
- Secondary malignant neoplasm of other parts of the nervous system, includes cerebral meninges.
- Benign neoplasm of brain and other parts of the nervous system, brain.
- Benign neoplasm of brain and other parts of the nervous system, cranial nerves.
- Benign neoplasm of brain and other parts of the nervous system, cerebral meninges.
- Encephalitis, myelitis and encephalomyelitis.
- Intracranial and intraspinal abscess.
- Anoxic brain damage.
- Subarachnoid hemorrhage.
- Intracerebral hemorrhage.
- Other and unspecified intracranial hemorrhage.
- Occlusion and stenosis of precerebral arteries.
- Occlusion of cerebral arteries.
- Transient cerebral ischemia.

Acute, but ill-defined, cerebrovascular disease.

Other and ill-defined cerebrovascular diseases.

Fracture of vault of skull.

Fracture of base of skull.

Other and unqualified skull fractures.

Multiple fractures involving skull or face with other bones.

Concussion.

Cerebral laceration and contusion.

Subarachnoid, subdural, and extradural hemorrhage following injury.

Other and unspecified intracranial hemorrhage following injury.

Intracranial injury of other and unspecified nature.

Poisoning by drugs, medicinal and biological substances.

Toxic effects of substances.

Effects of external causes.

Drowning and nonfatal submersion.

Asphyxiation and strangulation.

Child maltreatment syndrome.

Adult maltreatment syndrome.

"Case management services" means those services established pursuant to Iowa Code chapter 225C.

"Child" means a person with a brain injury aged 17 years or under.

"Client participation" means the amount of the consumer's income that the person must contribute to the cost of brain injury waiver services, exclusive of medical vendor payments, before Medicaid will provide additional reimbursement.

"Deemed status" means acceptance of certification or licensure of a program or service by another certifying body in place of certification based on review and evaluation.

"Department" means the Iowa department of human services.

"Direct service" means services involving face-to-face assistance to a consumer such as transporting a consumer or providing therapy.

"Fiscal accountability" means the development and maintenance of budgets and independent fiscal review.

"Group respite" is respite provided on a staff-to-consumer ratio of less than one to one.

"Guardian" means a guardian appointed in probate court.

"Health" means skills related to the maintenance of one's health including eating; illness identification, treatment and prevention; basic first aid; physical fitness; regular physical checkups and personal habits.

"Immediate jeopardy" means circumstances where the life, health, or safety of a person will be severely jeopardized if the circumstances are not immediately corrected.

"Intermittent supported community living service" means supported community living service provided from one to three hours a day for not more than four days a week.

"Medical assessment" means a visual and physical inspection of the consumer, noting deviations from the norm, and a statement of the consumer's mental and physical condition that can be amendable to or resolved by appropriate actions of the provider.

"Medical institution" means a nursing facility, a skilled nursing facility, intermediate care facility for the mentally retarded, or hospital which has been approved as a Medicaid vendor.

"Medical intervention" means consumer care in the areas of hygiene, mental and physical comfort, assistance in feeding and elimination, and control of the consumer's care and treatment to meet the physical and mental needs of the consumer in compliance with the plan of care in areas of health, prevention, restoration, and maintenance.

"Medical monitoring" means observation for the purpose of assessing, preventing, maintaining, and treating disease or illness based on the consumer's plan of care.

“*Natural supports*” means services and supports identified as wanted or needed by the consumer and provider by persons not for pay (family, friends, neighbors, coworkers, and others in the community) and organizations or entities that serve the general public.

“*Organization*” means the entity being certified.

“*Organizational outcome*” means a demonstration by the organization of actions taken by the organization to provide for services or supports to consumers.

“*Outcome*” means an action or event that follows as a result or consequence of the provision of a service or support.

“*Procedures*” means the steps to be taken to implement a policy.

“*Process*” means service or support provided by an agency to a consumer that will allow the consumer to achieve an outcome. This can include a written, formal, consistent trackable method or an informal process that is not written but is trackable.

“*Program*” means a set of related resources and services directed to the accomplishment of a fixed set of goals and objectives for the population of a specified geographic area or for special target populations. It can mean an agency, organization, or unit of an agency, organization or institution.

“*Qualified brain injury professional*” means one of the following who meets the educational and licensure or certification requirements for the profession as required in the state of Iowa and who has two years’ experience working with people living with a brain injury: a psychologist; psychiatrist; physician; registered nurse; certified teacher; social worker; mental health counselor; physical, occupational, recreational, or speech therapist; or a person with a bachelor of arts or science degree in psychology, sociology, or public health or rehabilitation services.

“*Service coordination*” means activities designed to help individuals and families locate, access, and coordinate a network of supports and services that will allow them to live a full life in the community.

“*Service plan*” means a written consumer-centered, outcome-based plan of services developed using an interdisciplinary process, which addresses all relevant services and supports being provided. It may involve more than one provider.

“*Specialized respite*” means respite provided on a staff-to-consumer ratio of one to one or higher to individuals with specialized medical needs requiring the care, monitoring or supervision of a licensed registered nurse or licensed practical nurse.

“*Staff*” means a person under the direction of the organization to perform duties and responsibilities of the organization.

“*Third-party payments*” means payments from an individual, institution, corporation, or public or private provider which is liable to pay part or all of the medical costs incurred as a result of injury or disease on behalf of a consumer of medical assistance.

“*Usual caregiver*” means a person or persons who reside with the consumer and are available on a 24-hour-per-day basis to assume responsibility for the care of the consumer.

441—83.82(249A) Eligibility. To be eligible for brain injury waiver services a consumer must meet eligibility criteria and be determined to need a service allowable under the program.

83.82(1) Eligibility criteria. All of the following criteria must be met. The person must:

- a. Have a diagnosis of brain injury.
- b. Be eligible for Medicaid under SSI, SSI-related, FMAP, or FMAP-related coverage groups or be eligible under the special income level (300 percent) coverage group consistent with a level of care in a medical institution.
- c. Be aged 1 month to 64 years.
- d. Be a U.S. citizen and Iowa resident.
- e. Rescinded IAB 7/11/01, effective 7/1/01.
- f. Be determined by the IME medical services unit as in need of intermediate care facility for the mentally retarded (ICF/MR), skilled nursing, or ICF level of care.
- g. Be assessed by the IME medical services unit as able to live in a home- or community-based setting where all medically necessary service needs can be met within the scope of this waiver.
- h. At a minimum, receive a waiver service each quarter in addition to case management.

- i.* Choose HCBS.
- j.* To be eligible for interim medical monitoring and treatment services the consumer must be:
 - (1) Under the age of 21;
 - (2) Currently receiving home health agency services under rule 441—78.9(249A) and require medical assessment, medical monitoring, and regular medical intervention or intervention in a medical emergency during those services. (The home health aide services for which the consumer is eligible must be maximized before the consumer accesses interim medical monitoring and treatment.);
 - (3) Residing in the consumer’s family home or foster family home; and
 - (4) In need of interim medical monitoring and treatment as ordered by a physician.
- k.* Receive services in a community, not an institutional, setting.
- l.* Be assigned a state payment slot within the yearly total approved by the Centers for Medicare and Medicaid Services.
- m.* For the consumer choices option as set forth in rule 441—subrule 78.43(15), not be living in a residential care facility.

83.82(2) Need for services.

a. The consumer shall have a service plan approved by the department that is developed by the certified case manager for this waiver as identified by the county of residence. This must be completed prior to services provision and annually thereafter.

The case manager shall establish the interdisciplinary team for the consumer and, with the team, identify the consumer’s “need for service” based on the consumer’s needs and desires as well as the availability and appropriateness of services using the following criteria:

- (1) The assessment shall be based, in part, on information provided to the IME medical services unit.
- (2) Service plans must be developed to reflect use of all appropriate nonwaiver Medicaid state services so as not to replace or duplicate those services.
- (3) Service plans for consumers aged 20 or under which include supported community living services beyond intermittent shall not be approved until a home health provider has made a request to cover the service through all nonwaiver Medicaid services.
- (4) Service plans for consumers aged 20 or under which include supported community living services beyond intermittent must be approved (signed and dated) by the designee of the bureau of long-term care. The Medicaid case manager must request in writing more than intermittent supported community living with a summary of services and service costs, and submit a written justification with the service plan. The rationale must contain sufficient information for the bureau’s designee, or for a consumer at the ICF/MR level of care, the designee of the county of legal settlement’s board of supervisors, to make a decision regarding the need for supported community living beyond intermittent.

b. Interim medical monitoring and treatment services must be needed because all usual caregivers are unavailable to provide care due to one of the following circumstances:

- (1) Employment. Interim medical monitoring and treatment services are to be received only during hours of employment.
- (2) Academic or vocational training. Interim medical monitoring and treatment services provided while a usual caregiver participates in postsecondary education or vocational training shall be limited to 24 periods of no more than 30 days each per caregiver as documented by the service worker. Time spent in high school completion, adult basic education, GED, or English as a second language does not count toward the limit.
- (3) Absence from the home due to hospitalization, treatment for physical or mental illness, or death of the usual caregiver. Interim medical monitoring and treatment services under this subparagraph are limited to a maximum of 30 days.
- (4) Search for employment.
 - 1. Care during job search shall be limited to only those hours the usual caregiver is actually looking for employment, including travel time.

2. Interim medical monitoring and treatment services may be provided under this paragraph only during the execution of one job search plan of up to 30 working days in a 12-month period, approved by the department service worker or targeted case manager pursuant to 441—subparagraph 170.2(2) “b”(5).

3. Documentation of job search contacts shall be furnished to the department service worker or targeted case manager.

c. The consumer shall access, if a child, all other services for which the person is eligible and which are appropriate to meet the person’s needs as a precondition of eligibility for the HCBS BI waiver.

d. The total cost of brain injury waiver services shall not exceed \$2,812 per month. If more than \$500 is paid for home and vehicle modification services, the service worker shall encumber up to \$500 per month within the monthly dollar cap allowed for the consumer until the total amount of the modification is reached within a 12-month period.

83.82(3) *HCBS brain injury (BI) waiver program limit for persons requiring the ICF/MR level of care.* Rescinded IAB 7/11/01, effective 7/1/01.

83.82(4) *Securing a state payment slot.*

a. The county department office shall contact the bureau of long-term care to determine if a payment slot is available for all new applications for the HCBS BI waiver program. For new applications for people who require the ICF/MR level of care when the county of legal settlement has payment responsibility pursuant to rule 441—83.90(249A), the county department office shall inform the county of legal settlement of the application.

(1) For applicants not currently receiving Medicaid, the county department office shall contact the bureau and notify the county of those applicants for whom the county has payment responsibility by the end of the second working day after receipt of a completed Form 470-2927 or 470-2927(S), Health Services Application.

(2) For current Medicaid recipients, the county department office shall contact the bureau and notify the county of those persons for whom the county has payment responsibility by the end of the second working day after receipt of either Form 470-3349, Brain Injury Functional Assessment, with the choice of the HCBS waiver indicated by the consumer’s signature, or a written request signed and dated by the consumer.

b. On the third day after the receipt of the completed Form 470-2927 or 470-2927(S), if no payment slot is available, the bureau of long-term care shall enter the consumer on a waiting list according to the following:

(1) Consumers not currently eligible for Medicaid shall be entered on the waiting list on the basis of the date a completed Form 470-2927 or 470-2927(S), Health Services Application, is date-stamped in the county department office. Consumers currently eligible for Medicaid shall be added to the waiting list on the basis of the date the consumer requests HCBS BI program services as documented by the date of the consumer’s signature on Form 470-2927 or 470-2927(S). In the event that more than one application is received at one time, consumers shall be entered on the waiting list on the basis of the month of birth, January being month one and the lowest number.

(2) Persons who do not fall within the available slots shall have their applications rejected but their names shall be maintained on the waiting list. As slots become available, persons shall be selected from the waiting list to maintain the number of approved persons on the program based on their order on the waiting list.

The county shall have financial responsibility for the state share of the costs of services for these consumers as stated in rule 441—83.90(249A). The county shall include these ICF/MR level of care brain-injured consumers in their annual county management plan which is approved by the state.

441—83.83(249A) Application.

83.83(1) *Application for financial eligibility.* The application process as specified in rules 441—76.1(249A) to 441—76.6(249A) shall be followed.

83.83(2) *Approval of application for eligibility.*

a. Applications for the determination of ability of the consumer to have all medically necessary service needs met within the scope of this waiver shall be initiated on behalf of the consumer and with

the consumer's consent or with the consent of the consumer's legal representative by the discharge planner of the medical facility where the consumer resides at the time of application or the case manager. The discharge planner or case manager shall provide to the IME medical services unit all appropriate information needed regarding all the medically necessary service needs of the consumer. After completing the determination of ability to have all medically necessary service needs met within the scope of this waiver, the IME medical services unit shall inform the discharge planner or case manager on behalf of the consumer or the consumer's legal representative and send to the income maintenance worker a copy of the decision as to whether all of the consumer's service needs can be met in a home- or community-based setting.

b. Eligibility for the HCBS BI waiver shall be effective as of the date when both the service eligibility and financial eligibility have been completed. Decisions shall be mailed or given to the consumer or the consumer's legal representative on the date when each eligibility determination is completed.

c. A consumer shall be given the choice between waiver services and institutional care. The consumer or legal representative shall complete and sign Form 470-3349, Brain Injury Functional Assessment, indicating the consumer's choice of caregiver. This shall be arranged by the medical facility discharge planner or case manager.

d. The medical facility discharge planner, if there is one involved, shall contact the appropriate case manager for the consumer's county of residence to initiate development of the consumer's service plan and initiation of waiver services.

e. HCBS BI waiver services provided prior to both approvals of eligibility for the waiver cannot be paid.

f. HCBS BI waiver services are not available in conjunction with other HCBS waiver programs or group foster care services.

g. The Medicaid case manager shall establish an HCBS BI waiver interdisciplinary team for each consumer and, with the team, identify the consumer's "need for service" based on the consumer's needs and desires as well as the availability and appropriateness of services.

83.83(3) *Effective date of eligibility.*

a. The effective date of eligibility for the waiver for persons who are already determined eligible for Medicaid is the date on which the person is determined to meet all of the criteria set forth in rule 441—83.82(249A).

b. The effective date of eligibility for the waiver for persons who qualify for Medicaid due to eligibility for the waiver services is the date on which the person is determined to meet all of the criteria set forth in rule 441—83.82(249A) and when the eligibility factors set forth in 441—subrule 75.1(7) and for married persons, in rule 441—75.5(249A), have been satisfied.

c. Eligibility for the waiver continues until the consumer fails to meet eligibility criteria listed in rule 441—83.82(249A). Consumers who return to inpatient status in a medical institution for more than 30 consecutive days shall be reviewed by the IME medical services unit to determine additional inpatient needs for possible termination from the brain injury waiver. The consumer shall be reviewed for eligibility under other Medicaid coverage groups in accordance with rule 441—76.11(249A). The consumer shall be notified of that decision through Form 470-0602, Notice of Decision.

If the consumer returns home before the effective date of the notice of decision and the consumer's condition has not substantially changed, the denial may be rescinded and eligibility may continue.

83.83(4) *Attribution of resources.* For the purposes of attributing resources as provided in rule 441—75.5(249A), the date on which the waiver consumer meets the level of care criteria in a medical institution as established by the peer review organization shall be used as the date of entry to the medical institution. Only one attribution of resources shall be completed per person. Attributions completed for prior institutionalizations shall be applied to the waiver application.

441—83.84(249A) *Client participation.* Consumers who are financially eligible under 441—subrule 75.1(7) (the 300 percent group) must contribute a predetermined participation amount to the cost of brain injury waiver services.

83.84(1) *Computation of client participation.* Client participation shall be computed by deducting an amount for the maintenance needs of the consumer which is 300 percent of the maximum SSI grant for an individual from the consumer's total income. For a couple, client participation is determined as if each person were an individual.

83.84(2) *Limitation on payment.* If the sum of the third-party payment and client participation equals or exceeds the reimbursement for the specific brain injury waiver service, Medicaid shall make no payments for the waiver service. However, Medicaid shall make payments to other medical providers.

441—83.85(249A) *Redetermination.* A complete financial redetermination of eligibility for brain injury waiver shall be completed at least once every 12 months. A redetermination of continuing eligibility factors shall be made when a change in circumstances occurs that affects eligibility in accordance with rule 441—83.82(249A). A redetermination shall contain the components listed in rule 441—83.82(249A).

441—83.86(249A) *Allowable services.* Services allowable under the brain injury waiver are case management, respite, personal emergency response, supported community living, behavioral programming, family counseling and training, home and vehicle modification, specialized medical equipment, prevocational services, transportation, supported employment, adult day care, consumer-directed attendant care, interim medical monitoring and treatment, financial management, independent support brokerage, self-directed personal care, self-directed community supports and employment, and individual-directed goods and services as set forth in rule 441—78.43(249A).

441—83.87(249A) *Service plan.* A service plan shall be prepared and utilized for each HCBS BI waiver consumer. The service plan shall be developed by an interdisciplinary team, which includes the consumer, and, if appropriate, the legal representative, consumer's family, case manager, providers, and others directly involved. The service plan shall be stored by the case manager for a minimum of three years. The service plan staffing shall be conducted before the current service plan expires.

83.87(1) *Information in plan.* The plan shall be in accordance with 441—subrule 24.4(3) and shall additionally include the following information to assist in evaluating the program:

- a. A listing of all services received by a consumer at the time of waiver program enrollment.
- b. For supported community living:
 - (1) The consumer's living environment at the time of waiver enrollment.
 - (2) The number of hours per day of on-site staff supervision needed by the consumer.
 - (3) The number of other waiver consumers who will live with the consumer in the living unit.
- c. An identification and justification of any restriction of a consumer's rights including, but not limited to:
 - (1) Maintenance of personal funds.
 - (2) Self-administration of medications.
- d. The names of all providers responsible for providing all services.
- e. All service funding sources.
- f. The amount of the service to be received by the consumer.
- g. Whether the consumer has elected the consumer choices option and, if so:
 - (1) The independent support broker selected by the consumer; and
 - (2) The financial management service selected by the consumer.
- h. A plan for emergencies and identification of the supports available to the consumer in an emergency.

83.87(2) *Use of nonwaiver services.* Service plans must be developed to reflect use of all appropriate nonwaiver Medicaid services and so as not to replace or duplicate those services.

Service plans for consumers aged 20 or under which include supported community living services beyond intermittent must be approved (signed and dated) by the designee of the bureau of long-term care, or when a county voluntarily chooses to participate, by the county board of supervisors' designee

or the bureau's designee. The Medicaid case manager shall attach a written request for a variance from the limitation on supported community living to intermittent.

83.87(3) Annual assessment. The IME medical services unit shall assess the consumer annually and certify the consumer's need for long-term care services. The IME medical services unit shall be responsible for determining the level of care based on the completed Brain Injury Waiver Functional Assessment, Form 470-3283, and supporting documentation as needed.

83.87(4) Service file. The Medicaid case manager must ensure that the consumer service file contains the consumer's service plan.

a. to d. Rescinded IAB 8/7/02, effective 10/1/02.

441—83.88(249A) Adverse service actions.

83.88(1) Denial. An application for services shall be denied when it is determined by the department that:

- a.* The consumer is not eligible for the services because all of the medically necessary service needs cannot be met in a home- or community-based setting.
- b.* Service needs exceed the service unit or reimbursement maximums.
- c.* Service needs are not met by the services provided.
- d.* Needed services are not available or received from qualifying providers.
- e.* The brain injury waiver service is not identified in the consumer's service plan.
- f.* There is another community resource available to provide the service or a similar service free of charge to the consumer that will meet the consumer's needs.
- g.* The consumer receives services from other Medicaid waiver providers.
- h.* The consumer or legal representative through the interdisciplinary process requests termination from the services.

83.88(2) Reduction. A particular service may be reduced when the department determines that the provisions of 441—subrule 130.5(3), paragraph "a" or "b," apply.

83.88(3) Termination. A particular service may be terminated when the department determines that:

- a.* The provisions of 441—subrule 130.5(2), paragraph "d," "g," or "h," apply.
- b.* Needed services are not available or received from qualifying providers.
- c.* The brain injury waiver service is not identified in the consumer's annual service plan.
- d.* Service needs are not met by the services provided.
- e.* Services needed exceed the service unit or reimbursement maximums.
- f.* Completion or receipt of required documents by the department or the medical facility discharge planner for the brain injury waiver service consumer has not occurred.
- g.* The consumer receives services from other Medicaid providers.
- h.* The consumer or legal representative through the interdisciplinary process requests termination from the services.

441—83.89(249A) Appeal rights. Notice of adverse actions and right to appeal shall be given in accordance with 441—Chapter 7 and rule 441—130.5(234). The applicant or consumer is entitled to have a review of the level of care determination by the IME medical services unit by sending a letter requesting a review to the IME medical services unit. If dissatisfied with that decision, the applicant or consumer may file an appeal with the department.

The applicant or consumer for whom the county has legal payment responsibility shall be entitled to a review of adverse decisions by the county by appealing to the county pursuant to 441—paragraph 25.13(2) "j." If dissatisfied with the county's decision, the applicant or consumer may file an appeal with the department pursuant to rule 441—83.69(249A).

441—83.90(249A) County reimbursement. The county board of supervisors of the consumer's county of legal settlement shall reimburse the department for all the nonfederal share of the cost of brain injury waiver services to consumers at the ICF/MR level of care with legal settlement in the county who are coming onto the waiver from an ICF/MR facility or who have been receiving other services for which

the county has been financially responsible or would become liable due to the person's reaching the age of majority. The county shall enter into a payment agreement with the department for reimbursement of the nonfederal share of the cost of services provided to adults who meet the criteria stated above by input through the Individualized Services Information System (ISIS). Waiver slots for these persons shall be identified in the county management plan submitted to the department pursuant to 441—Chapter 25.

The county shall enter into the agreement using the criteria in subrule 83.82(2).

441—83.91(249A) Conversion to the X-PERT system. Rescinded IAB 8/7/02, effective 10/1/02.

These rules are intended to implement Iowa Code sections 249A.3 and 249A.4.

441—83.92 to 83.100 Reserved.

DIVISION VI—PHYSICAL DISABILITY WAIVER SERVICES

441—83.101(249A) Definitions.

“Adaptive” means age-appropriate skills related to taking care of one's self and the ability to relate to others in daily living situations. These skills include limitations that occur in the areas of communication, self-care, home living, social skills, community use, self-direction, safety, functional academics, leisure and work.

“Adult” means a person with a physical disability aged 18 years to 64 years.

“Appropriate” means that the services or supports or activities provided or undertaken by the organization are relevant to the consumer's needs, situation, problems, or desires.

“Assessment” means the review of the consumer's current functioning in regard to the consumer's situation, needs, strengths, abilities, desires and goals.

“Attorney in fact under a durable power of attorney for health care” means an individual who is designated by a durable power of attorney for health care, pursuant to Iowa Code chapter 144B, as an agent to make health care decisions on behalf of an individual and who has consented to act in that capacity.

“Behavior” means skills related to regulating one's own behavior including coping with demands from others, making choices, controlling impulses, conforming conduct to laws, and displaying appropriate sociosexual behavior.

“Client participation” means the amount of the consumer's income that the person must contribute to the cost of physical disability waiver services, exclusive of medical vendor payments, before Medicaid will provide additional reimbursement.

“Department” means the Iowa department of human services.

“Guardian” means a guardian appointed in probate court for an adult.

“Medical institution” means a nursing facility, a skilled nursing facility, intermediate care facility for the mentally retarded, or hospital which has been approved as a Medicaid vendor.

“Physical disability” means a severe, chronic condition that is attributable to a physical impairment that results in substantial limitations of physical functioning in three or more of the following areas of major life activities: self-care, receptive and expressive language, learning, mobility, self-direction, capacity for independent living, and economic self-sufficiency.

“Service plan” means a written consumer-centered, outcome-based plan of services developed using an interdisciplinary process which addresses all relevant services and supports being provided. It may involve more than one provider.

“Third-party payments” means payments from an individual, institution, corporation, or public or private provider which is liable to pay part or all of the medical costs incurred as a result of injury or disease on behalf of a consumer of medical assistance.

“Waiver year” means a 12-month period commencing on April 1 of each year.

441—83.102(249A) Eligibility. To be eligible for physical disability waiver services, a consumer must meet eligibility criteria set forth in subrule 83.102(1) and be determined to need a service allowable under the program per subrule 83.102(2).

83.102(1) Eligibility criteria. All of the following criteria must be met. The person must:

- a. Have a physical disability.
- b. Be blind or disabled as determined by the receipt of social security disability benefits or by a disability determination made through the department. Disability determinations are made according to supplemental security income guidelines under Title XVI of the Social Security Act or the disability guidelines for the Medicaid employed people with disabilities coverage group.
- c. Be ineligible for the HCBS MR waiver.
- d. Have the ability to hire, supervise, and fire the provider as determined by the service worker, and be willing to do so, or have a parent or guardian named by probate court, or attorney in fact under a durable power of attorney for health care who will take this responsibility on behalf of the consumer.
- e. Be eligible for Medicaid under 441—Chapter 75.
- f. Be aged 18 years to 64 years.
- g. Rescinded IAB 2/7/01, effective 2/1/01.
- h. Be in need of skilled nursing or intermediate care facility level of care. Initial decisions on level of care shall be made for the department by the IME medical services unit within two working days of receipt of medical information. After notice of an adverse decision by the IME medical services unit, the Medicaid applicant or recipient or the applicant's or recipient's representative may request reconsideration by the IME medical services unit pursuant to subrule 83.109(2). On initial and reconsideration decisions, the IME medical services unit determines whether the level of care requirement is met based on medical necessity and the appropriateness of the level of care under 441—subrules 79.9(1) and 79.9(2). Adverse decisions by the IME medical services unit on reconsiderations may be appealed to the department pursuant to 441—Chapter 7 and rule 441—83.109(249A).
- i. Choose HCBS.
- j. Use a minimum of one unit of service per calendar quarter under this program.
- k. For the consumer choices option as set forth in 441—subrule 78.46(6), not be living in a residential care facility.

83.102(2) Need for services.

- a. The consumer shall have a service plan which is developed by the consumer and a department service worker. This must be completed and approved prior to service provision and at least annually thereafter.

The service worker shall identify the need for service based on the needs of the consumer as well as the availability and appropriateness of services.

- b. The total cost of physical disability waiver services shall not exceed \$659 per month. If more than \$500 is paid for home and vehicle modification services, the service worker shall encumber up to \$500 per month within the monthly dollar cap allowed for the consumer until the total amount of the modification is reached within a 12-month period.

83.102(3) Slots. The total number of persons receiving HCBS physical disability waiver services in the state shall be limited to the number provided in the waiver approved by the Secretary of the U.S. Department of Health and Human Services. These slots shall be available on a first-come, first-served basis.

83.102(4) County payment slots for persons requiring the ICF/MR level of care. Rescinded IAB 10/6/99, effective 10/1/99.

83.102(5) Securing a slot.

- a. The county department office shall contact the bureau of long-term care for all cases to determine if a slot is available for all new applications for the HCBS physical disability waiver program.

- (1) For applicants not currently receiving Medicaid, the county department office shall contact the bureau by the end of the second working day after receipt of a completed Form 470-2927 or 470-2927(S), Health Services Application, submitted on or after April 1, 1999.

- (2) For current Medicaid recipients, the county department office shall contact the bureau by the end of the second working day after receipt of Form 470-3502, Physical Disability Waiver Assessment

Tool, with the choice of HCBS waiver indicated by the signature of the consumer or a written request signed and dated by the consumer.

b. On the third day after the receipt of the completed Form 470-2927 or 470-2927(S), Health Services Application, if no slot is available, the bureau of long-term care shall enter consumers on the HCBS physical disabilities waiver waiting list according to the following:

(1) Consumers not currently eligible for Medicaid shall be entered on the basis of the date a completed Form 470-2927 or 470-2927(S), Health Services Application, is submitted on or after April 1, 1999, and date-stamped in the county department office. Consumers currently eligible for Medicaid shall be added on the basis of the date the consumer requests HCBS physical disability program services as documented by the date of the consumer's signature on Form 470-2927 or 470-2927(S). In the event that more than one application is received on the same day, consumers shall be entered on the waiting list on the basis of the day of the month of their birthday, the lowest number being first on the list. Any subsequent tie shall be decided by the month of birth, January being month one and the lowest number.

(2) Persons who do not fall within the available slots shall have their applications rejected but their names shall be maintained on the waiting list. As slots become available, persons shall be selected from the waiting list to maintain the number of approved persons on the program based on their order on the waiting list.

83.102(6) *Securing a county payment slot.* Rescinded IAB 10/6/99, effective 10/1/99.

83.102(7) *HCBS physical disability waiver waiting list.* When services are denied because the limit on the number of slots is reached, a notice of decision denying service based on the limit and stating that the person's name shall be put on a waiting list shall be sent to the person by the department.

441—83.103(249A) Application.

83.103(1) *Application for financial eligibility.* The application process as specified in rules 441—76.1(249A) to 441—76.6(249A) shall be followed. Applications for this program may only be filed on or after April 1, 1999.

83.103(2) *Approval of application for eligibility.*

a. Applications for this waiver shall be initiated on behalf of the applicant who is a resident of a medical institution with the applicant's consent or with the consent of the applicant's legal representative by the discharge planner of the medical facility where the applicant resides at the time of application. The discharge planner shall complete Form 470-3502, Physical Disability Waiver Assessment Tool, and submit it to the IME medical services unit. After completing the determination of the level of care needed by the applicant, the IME medical services unit shall inform the income maintenance worker and the discharge planner of the IME medical services unit's decision.

b. Applications for this waiver shall be initiated by the applicant, the applicant's parent or legal guardian, or the applicant's attorney in fact under a durable power of attorney for health care on behalf of the applicant who is residing in the community. The applicant, the applicant's parent, the applicant's legal guardian, or the applicant's attorney in fact under a durable power of attorney for health care shall complete Form 470-3502, Physical Disability Waiver Assessment Tool, and submit it to the IME medical services unit. After completing the determination of the level of care needed by the applicant, the IME medical services unit shall inform the income maintenance worker and the applicant, the applicant's parent or legal guardian, or the applicant's attorney in fact under a durable power of attorney for health care.

c. Eligibility for this waiver shall be effective as of the date when both the eligibility criteria in subrule 83.102(1) and need for services in subrule 83.102(2) have been established. Decisions shall be mailed or given to the applicant, the applicant's parent or legal guardian, or the applicant's attorney in fact under a durable power of attorney for health care on the date when each eligibility determination is completed.

d. An applicant shall be given the choice between waiver services and institutional care. The applicant or the applicant's parent, legal guardian, or attorney in fact under a durable power of attorney for health care shall sign Form 470-3502, Physical Disability Waiver Assessment Tool, indicating the applicant's choice of caregiver.

e. The applicant, the applicant's parent or guardian, or the applicant's attorney in fact under a durable power of attorney for health care shall cooperate with the service worker in the development of the service plan, which must be approved by the department service worker prior to the start of services.

f. HCBS physical disability waiver services provided prior to both approvals of eligibility for the waiver cannot be paid.

g. HCBS physical disability waiver services are not available in conjunction with other HCBS waiver programs. The consumer may also receive in-home health-related care service if eligible for that program.

83.103(3) Effective date of eligibility.

a. The effective date of eligibility for the waiver for persons who are already determined eligible for Medicaid is the date on which the person is determined to meet all of the criteria set forth in rule 441—83.102(249A).

b. The effective date of eligibility for the waiver for persons who qualify for Medicaid due to eligibility for the waiver services is the date on which the person is determined to meet all of the criteria set forth in rule 441—83.102(249A) and when the eligibility factors set forth in 441—subrule 75.1(7) and, for married persons, in rule 441—75.5(249A), have been satisfied.

c. Eligibility for the waiver continues until the consumer fails to meet eligibility criteria listed in rule 441—83.102(249A). Consumers who return to inpatient status in a medical institution for more than 30 consecutive days shall be reviewed by the IME medical services unit to determine additional inpatient needs for possible termination from the physical disability waiver. The consumer shall be reviewed for eligibility under other Medicaid coverage groups in accordance with rule 441—76.11(249A). The consumer shall be notified of that decision through Form 470-0602, Notice of Decision.

If the consumer returns home before the effective date of the notice of decision and the consumer's condition has not substantially changed, the denial may be rescinded and eligibility may continue.

83.103(4) Attribution of resources. For the purposes of attributing resources as provided in rule 441—75.5(249A), the date on which the waiver consumer meets the institutional level of care requirement as determined by the IME medical services unit or an appeal decision shall be used as the date of entry to the medical institution. Only one attribution of resources shall be completed per person. Attributions completed for a prior institutionalization shall be applied to the waiver application.

441—83.104(249A) Client participation. Consumers who are financially eligible under 441—subrule 75.1(7) (the 300 percent group) must contribute a client participation amount to the cost of physical disability waiver services.

83.104(1) Computation of client participation. Client participation shall be computed by deducting a maintenance needs allowance equal to 300 percent of the maximum SSI grant for an individual from the consumer's total income. For a couple, client participation is determined as if each person were an individual.

83.104(2) Limitation on payment. If the sum of the third-party payment and client participation equals or exceeds the reimbursement for the specific physical disability waiver service, Medicaid shall make no payments for the waiver service. However, Medicaid shall make payments to other medical providers.

441—83.105(249A) Redetermination. A complete financial redetermination of eligibility for the physical disability waiver shall be completed at least once every 12 months. A redetermination of continuing eligibility factors shall be made when a change in circumstances occurs that affects eligibility in accordance with rule 441—83.102(249A). A redetermination shall contain the components listed in rule 441—83.102(249A).

441—83.106(249A) Allowable services. The services allowable under the physical disability waiver are consumer-directed attendant care, home and vehicle modification, personal emergency response system, transportation, specialized medical equipment, financial management, independent support brokerage,

self-directed personal care, self-directed community supports and employment, and individual-directed goods and services as set forth in rule 441—78.46(249A).

441—83.107(249A) Individual service plan. An individualized service plan shall be prepared and used for each HCBS physical disability waiver consumer. The service plan shall be developed and approved by the consumer and the DHS service worker prior to services beginning and payment being made to the provider. The plan shall be reviewed by the consumer and the service worker annually, and the current version approved by the service worker.

83.107(1) Information in plan. The plan shall be in accordance with 441—subrule 24.4(3) and shall additionally include the following information to assist in evaluating the program:

- a. A listing of all services received by a consumer at the time of waiver program enrollment.
- b. The name of all providers responsible for providing all services.
- c. All service funding sources.
- d. The amount of the service to be received by the consumer.
- e. Whether the consumer has elected the consumer choices option and, if so:
 - (1) The independent support broker selected by the consumer; and
 - (2) The financial management service selected by the consumer.
- f. A plan for emergencies and identification of the supports available to the consumer in an emergency.

83.107(2) Annual assessment. The IME medical services unit shall review the consumer's need for continued care annually and recertify the consumer's need for long-term care services, pursuant to the standards and subject to the reconsideration and appeal processes at paragraph 83.102(1) "h" and rule 441—83.109(249A), based on the completed Form 470-3502, Physical Disability Waiver Assessment Tool, and supporting documentation as needed. Form 470-3502 is completed by the service worker at the time of recertification.

83.107(3) Case file. Rescinded IAB 8/7/02, effective 10/1/02.

441—83.108(249A) Adverse service actions.

83.108(1) Denial. An application for services shall be denied when it is determined by the department that:

- a. All of the medically necessary service needs cannot be met in a home- or community-based setting.
- b. Service needs exceed the reimbursement maximums.
- c. Service needs are not met by the services provided.
- d. Needed services are not available or received from qualifying providers.
- e. The physical disability waiver service is not identified in the consumer's service plan.
- f. There is another community resource available to provide the service or a similar service free of charge to the consumer that will meet the consumer's needs.
- g. The consumer receives services from other Medicaid waiver providers.
- h. The consumer or legal representative requests termination from the services.

83.108(2) Reduction. A particular service may be reduced when the department determines that the provisions of 441—subrule 130.5(3), paragraph "a" or "b," apply.

83.108(3) Termination. A particular service may be terminated when the department determines that:

- a. The provisions of 441—subrule 130.5(2), paragraph "d," "g," or "h," apply.
- b. Needed services are not available or received from qualifying providers.
- c. The physical disability waiver service is not identified in the consumer's annual service plan.
- d. Service needs are not met by the services provided.
- e. Services needed exceed the service unit or reimbursement maximums.
- f. Completion or receipt of required documents by the consumer for the physical disability waiver service has not occurred.
- g. The consumer receives services from other Medicaid providers.

h. The consumer or legal representative requests termination from the services.

441—83.109(249A) Appeal rights. Notice of adverse actions and right to appeal shall be given in accordance with 441—Chapter 7 and rule 441—130.5(234).

83.109(1) Appeal to county. Rescinded IAB 2/7/01, effective 2/1/01.

83.109(2) Reconsideration request to IME medical services unit. After notice of an adverse decision by the IME medical services unit on the level of care requirement pursuant to paragraph 83.102(1)“*h*,” the Medicaid applicant or recipient or the applicant’s or recipient’s representative may request reconsideration by the IME medical services unit by sending a letter requesting a review to the IME medical services unit not more than 60 days after the date of the notice of adverse decision. Adverse decisions by the IME medical services unit on reconsiderations may be appealed to the department pursuant to 441—Chapter 7.

a. If a timely request for reconsideration of an initial denial determination is made, the IME medical services unit shall complete the reconsideration determination and send written notice including appeal rights to the Medicaid applicant or recipient and the applicant’s or recipient’s representative within ten working days after the IME medical services unit receives the request for reconsideration and a copy of the medical record.

b. If a copy of the medical record is not submitted with the reconsideration request, the IME medical services unit will request a copy from the facility within two working days.

c. The notice to parties. Written notice of the IME medical services unit’s reconsidered determination will contain the following:

- (1) The basis for the reconsidered determination.
- (2) A detailed rationale for the reconsidered determination.
- (3) A statement explaining the Medicaid payment consequences of the reconsidered determination.
- (4) A statement informing the parties of their appeal rights, including the information that must be included in the request for hearing, the locations for submitting a request for an administrative hearing, and the time period for filing a request.

d. If the request for reconsideration is mailed or delivered to the IME medical services unit within ten days of the date of the initial determination, any medical assistance payments previously approved will not be terminated until the decision on reconsideration. If the initial decision is upheld on reconsideration, medical assistance benefits continued pursuant to this rule will be treated as an overpayment to be paid back to the department.

441—83.110(249A) County reimbursement. Rescinded IAB 10/6/99, effective 10/1/99.

441—83.111(249A) Conversion to the X-PERT system. Rescinded IAB 8/7/02, effective 10/1/02.

These rules are intended to implement Iowa Code sections 249A.3 and 249A.4.

441—83.112 to 83.120 Reserved.

DIVISION VII—HCBS CHILDREN’S MENTAL HEALTH WAIVER SERVICES

441—83.121(249A) Definitions.

“*Assessment*” means the review of the consumer’s current functioning in regard to the consumer’s situation, needs, abilities, desires, and goals.

“*Case manager*” means the person designated to provide Medicaid targeted case management services for the consumer.

“*CMS*” means the Centers for Medicare and Medicaid Services, a division of the U.S. Department of Health and Human Services.

“*Consumer*” means an individual up to the age of 18 who is included in a Medicaid coverage group listed in 441—75.1(249A) and is a recipient of children’s mental health waiver services.

“*Deeming*” means considering parental or spousal income or resources as income or resources of a consumer in determining eligibility for a consumer according to Supplemental Security Income program guidelines.

“*Department*” means the Iowa department of human services.

“*Guardian*” means a parent of a consumer or a legal guardian appointed by the court.

“*HCBS*” means home- and community-based services provided under a Medicaid waiver.

“*IME*” means the Iowa Medicaid enterprise.

“*IME medical services unit*” means the contracted entity in the Iowa Medicaid enterprise that determines level of care for consumers initially applying for or continuing to receive children’s mental health waiver services.

“*Interdisciplinary team*” means the consumer, the consumer’s family, and persons of varied professional and nonprofessional backgrounds with knowledge of the consumer’s needs, as designated by the consumer and the consumer’s family, who meet to develop a service plan based on the individualized needs of the consumer.

“*ISIS*” means the department’s individualized services information system.

“*Local office*” means a department of human services office as described in 441—subrule 1.4(2).

“*Medical institution*” means a nursing facility, an intermediate care facility for the mentally retarded, a psychiatric hospital or psychiatric medical institution for children, or a state mental health institute that has been approved as a Medicaid vendor.

“*Mental health professional*” means a person who meets all of the following conditions:

1. Holds at least a master’s degree in a mental health field including, but not limited to, psychology, counseling and guidance, psychiatric nursing and social work; or is a doctor of medicine or osteopathic medicine; and
2. Holds a current Iowa license when required by the Iowa professional licensure laws (such as a psychiatrist, a psychologist, a marital and family therapist, a mental health counselor, an advanced registered nurse practitioner, a psychiatric nurse, or a social worker); and
3. Has at least two years of postdegree experience supervised by a mental health professional in assessing mental health problems, mental illness, and service needs and in providing mental health services.

“*Serious emotional disturbance*” means a diagnosable mental, behavioral, or emotional disorder that (1) is of sufficient duration to meet diagnostic criteria for the disorder specified by the Diagnostic and Statistical Manual of Mental Disorders, Fourth Edition (DSM-IV-TR), published by the American Psychiatric Association; and (2) has resulted in a functional impairment that substantially interferes with or limits a consumer’s role or functioning in family, school, or community activities. “Serious emotional disturbance” shall not include developmental disorders, substance-related disorders, or conditions or problems classified in DSM-IV-TR as “other conditions that may be a focus of clinical attention” (V codes), unless these conditions co-occur with another diagnosable serious emotional disturbance.

“*Service plan*” means a written, consumer-centered, outcome-based plan of services developed by the consumer’s interdisciplinary team that addresses all relevant services and supports being provided. The service plan may involve more than one provider.

“*Skill development*” means that the service provided is habilitative and is intended to impart an ability or capacity to the consumer. Supervision without habilitation is not skill development.

“*Targeted case management*” means Medicaid case management services accredited under 441—Chapter 24 and provided according to 441—Chapter 90 for consumers eligible for the children’s mental health waiver.

“*Waiver year*” for the children’s mental health waiver means a 12-month period commencing on July 1 of each year.

441—83.122(249A) Eligibility. To be eligible for children’s mental health waiver services, a consumer must meet all of the following requirements:

83.122(1) Age. The consumer must be under 18 years of age.

83.122(2) Diagnosis. The consumer must be diagnosed with a serious emotional disturbance.

a. Initial certification. For initial application to the HCBS children's mental health waiver program, psychological documentation that substantiates a mental health diagnosis of serious emotional disturbance as determined by a mental health professional must be current within the 12-month period before the application date.

b. Ongoing certification. A mental health professional must complete an annual evaluation that substantiates a mental health diagnosis of serious emotional disturbance.

83.122(3) Level of care. The consumer must be certified as being in need of a level of care that, but for the waiver, would be provided in a psychiatric hospital serving children under the age of 21. The IME medical services unit shall certify the consumer's level of care annually based on Form 470-4211, Children's Mental Health Waiver Assessment.

83.122(4) Financial eligibility. The consumer must be eligible for Medicaid as follows:

- a.* Be eligible for Medicaid under an SSI, SSI-related, FMAP, or FMAP-related coverage group; or
- b.* Be eligible under the special income level (300 percent) coverage group; or
- c.* Become eligible through application of the institutional deeming rules; or
- d.* Would be eligible for Medicaid if in a medical institution. For this purpose, deeming of parental or spousal income or resources ceases in the month after the month of application.

83.122(5) Choice of program. The consumer must choose HCBS children's mental health waiver services over institutional care, as indicated by the signature of the consumer's parent or legal guardian on Form 470-4211, Children's Mental Health Waiver Assessment.

83.122(6) Need for service. The consumer must have service needs that can be met under the children's mental health waiver program, as documented in the service plan developed in accordance with rule 441—83.12(249A).

- a.* The consumer must be a recipient of targeted case management services or be identified to receive targeted case management services immediately following program enrollment.
- b.* The total cost of children's mental health waiver services needed to meet the consumer's needs may not exceed \$1,873 per month.
- c.* At a minimum, each consumer must receive one billable unit of a children's mental health waiver service per calendar quarter.
- d.* A consumer may not receive children's mental health waiver services and any of the following services at the same time:
- (1) Rehabilitative treatment services under 441—Chapter 185; or
 - (2) Family foster care under 441—Chapter 202.
- e.* A consumer may be enrolled in only one HCBS waiver program at a time.

441—83.123(249A) Application. The Medicaid application process as specified in rules 441—76.1(249A) to 441—76.6(249A) shall be followed for an application for HCBS children's mental health waiver services.

83.123(1) Program limit. The number of persons who may be approved for the HCBS children's mental health waiver shall be subject to the number of consumers to be served as set forth in the federally approved HCBS children's mental health waiver. When the number of applicants exceeds the number of consumers specified in the approved waiver, the consumer's application shall be rejected and the consumer's name shall be placed on a waiting list.

a. The local office shall determine if a payment slot is available by the end of the fifth working day after receipt of:

- (1) A completed Form 470-2297, Health Services Application, from a consumer who is not currently a Medicaid member;
- (2) Form 470-4211, Children's Mental Health Waiver Assessment, with HCBS waiver choice indicated by signature of a Medicaid member's parent or legal guardian; or
- (3) A written request signed and dated by a Medicaid member's parent or legal guardian.

b. When a payment slot is available, the local office shall enter the application into ISIS to begin the waiver approval process.

(1) The department shall hold the payment slot for the consumer as long as reasonable efforts are being made to arrange services and the consumer has not been determined to be ineligible for the program.

(2) If services have not been initiated and reasonable efforts are no longer being made to arrange services, the slot shall revert for use by the next consumer on the waiting list, if applicable. The consumer must reapply for a new slot.

c. If no payment slot is available, the department shall enter the names of persons on a waiting list according to the following:

(1) The names of consumers not currently eligible for Medicaid shall be entered on the waiting list on the basis of the date a completed Form 470-2927 or 470-2927(S), Health Services Application, is submitted and date-stamped in the local office;

(2) The names of Medicaid members shall be added to the waiting list on the date Form 470-4211, Children's Mental Health Waiver Assessment, or a written request as specified in 83.123(2) "a"(3) is date-stamped in the local office.

(3) In the event that more than one application is received at one time, the names of consumers shall be entered on the waiting list on the basis of the month of birth, January being month one and the lowest number.

d. Consumers whose names are on the waiting list shall be contacted to reapply as slots become available, based on the order of the waiting list, so that the number of approved consumers on the program is maintained.

(1) Once a payment slot is assigned, the department shall give written notice to the consumer within five working days.

(2) The department shall hold the payment slot for 30 days for the consumer to file a new application.

(3) If an application has not been filed within 30 days, the slot shall revert for use by the next consumer on the waiting list, if applicable. The consumer originally assigned the slot must reapply for a new slot.

83.123(2) Approval of waiver eligibility.

a. Time limit. Applications for the HCBS children's mental health waiver program shall be processed within 30 days unless one or more of the following conditions exist:

(1) An application has been filed and is pending for federal Supplemental Security Income (SSI) benefits.

(2) The application is pending because the department has not received information for a reason that is beyond the control of the consumer or the department.

(3) The application is pending because the assessment or the service plan has not been completed. When a determination is not completed 90 days after the date of application due to the lack of a service plan, the application shall be denied.

b. Notice of decisions. The department shall mail or give decisions to the applicant on the dates when eligibility and level-of-care determinations and the consumer's service plan are completed.

83.123(3) Effective date of eligibility. The effective date of a consumer's eligibility for children's mental health waiver services shall be the first date that all of the following conditions exist:

a. All eligibility requirements are met;

b. Eligibility and level-of-care determinations have been made; and

c. The service plan has been completed.

441—83.124(249A) Financial participation. A consumer must contribute to the cost of children's mental health waiver services to the extent of the consumer's total income less 300 percent of the maximum monthly payment for one person under the federal Supplemental Security Income (SSI) program.

441—83.125(249A) Redetermination. The department shall redetermine a consumer's eligibility for the children's mental health waiver at least once every 12 months or when there is significant change in the consumer's situation or condition.

83.125(1) *Eligibility review.* Every 12 months, the local office shall review a consumer's eligibility in accordance with procedures in rule 441—76.7(249A). The review shall verify:

- a. Continuing eligibility factors as specified in rule 441—83.122(249A).
- b. The existence of a current service plan meeting the requirements listed in rule 441—83.125(249A).

83.125(2) *Continuation of eligibility.* A consumer's waiver eligibility shall continue until one of the following conditions occurs.

- a. The consumer fails to meet eligibility criteria listed in rule 441—83.122(249A).
- b. The consumer is an inpatient of a medical institution for 30 or more consecutive days.
 - (1) After the consumer has spent 30 consecutive days in a medical institution, the local office shall terminate the consumer's waiver eligibility and review the consumer for eligibility under other Medicaid coverage groups. The local office shall notify the consumer and the consumer's parents or legal guardian through Form 470-0602, Notice of Decision.
 - (2) If the consumer returns home after 30 consecutive days but no more than 60 days, the consumer must reapply for children's mental health waiver services, and the IME medical services unit must redetermine the consumer's level of care.
- c. The consumer does not reside at the consumer's natural home for a period of 60 consecutive days. After the consumer has resided outside the home for 60 consecutive days, the local office shall terminate the consumer's waiver eligibility and review the consumer for eligibility under other Medicaid coverage groups. The local office shall notify the consumer and the consumer's parents or legal guardian through Form 470-0602, Notice of Decision.

83.125(3) *Payment slot.* When a consumer loses waiver eligibility, the consumer's assigned payment slot shall revert for use to the next consumer on the waiting list.

441—83.126(249A) Allowable services. Services allowable under the children's mental health waiver shall be provided as set forth in rule 441—78.52(249A) and shall include:

1. Environmental modifications, adaptive devices and therapeutic resources;
2. Family and community support services;
3. In-home family therapy; and
4. Respite care.

441—83.127(249A) Service plan. The consumer's case manager shall prepare an individualized service plan for each consumer that meets the requirements set for case plans in rule 441—130.7(234).

83.127(1) The service plan shall be developed through an interdisciplinary team process.

83.127(2) The service plan shall be developed annually or when there is significant change in the consumer's situation or condition.

83.127(3) The service plan shall be based on information in Form 470-4211, Children's Mental Health Waiver Assessment.

83.127(4) The service plan shall specify the type and frequency of the waiver services and the providers that will deliver the services.

83.127(5) The service plan shall identify and justify any restriction of the consumer's rights.

441—83.128(249A) Adverse service actions.

83.128(1) *Denial.* An application for children's mental health waiver services shall be denied when the department determines that:

- a. The consumer is not eligible for or in need of waiver services.
- b. Needed services are not available or received from qualified providers.
- c. Service needs exceed the limit on aggregate monthly costs established in 83.122(6) "c" or are not met by the services provided.

83.128(2) *Termination.* A consumer's participation in the children's mental health waiver program may be terminated when the department determines that:

- a. The provisions of 441—paragraph 130.5(2) "a," "b," "c," "g," or "h" apply.

b. The costs of the children's mental health waiver services for the consumer exceed the aggregate monthly costs established in 83.122(6) "c."

c. The consumer receives care in a hospital, nursing facility, psychiatric hospital serving children under the age of 21, or psychiatric medical institution for children for 30 days in any one stay.

d. The physical or mental condition of the consumer requires more care than can be provided in the consumer's own home, as determined by the consumer's case manager.

e. Service providers are not available.

83.128(3) Reduction. Reduction of services shall apply as specified in 441—paragraphs 130.5(3) "a" and "b."

441—83.129(249A) Appeal rights. Notice of adverse action and right to appeal shall be given in accordance with 441—Chapter 7 and rule 441—130.5(234). An applicant or consumer may obtain a review of the IME medical services unit's level-of-care determination by sending a letter requesting a review to the IME Medical Services Unit, P.O. Box 36478, Des Moines, Iowa 50315. If dissatisfied with the IME medical services unit's review decision, the applicant or consumer may file an appeal with the department in accordance with 441—Chapter 7.

These rules are intended to implement Iowa Code section 249A.4 and 2005 Iowa Acts, chapter 167, section 13, and chapter 117, section 3.

CHAPTER 84
EARLY AND PERIODIC SCREENING, DIAGNOSIS, AND TREATMENT

[Prior to 7/1/83, Social Services [770] Ch 84]

[Prior to 2/11/87, Human Services[498]]

PREAMBLE

This chapter defines and structures the early and periodic screening, diagnosis and treatment services provided under the Medicaid program to eligible children under the age of 21. As further described in these rules, services include physical and mental health screenings (including hearing and vision), laboratory tests, immunizations, and health education. Services are provided in compliance with federal regulations at Title 42, Part 441, Subpart B, as amended to November 16, 1984.

441—84.1(249A) Definitions.

“*Diagnosis*” is the determination of the nature of physical or mental disease or abnormality.

“*Interperiodic screen*” means a screen that occurs between the times stated in the periodicity schedule in 441—subrule 78.18(3).

“*Screening*” is the use of quick, simple procedures to sort out apparently well persons from those who may have a disease or abnormality and to identify those in need of more definitive study. These services shall be provided in accordance with reasonable standards of medical and dental practice.

441—84.2(249A) Eligibility. All persons eligible for medical assistance under age 21 are eligible for early and periodic screening, diagnosis, and treatment.

441—84.3(249A) Screening services. Screening may be done by a screening center or other qualified providers. Other qualified providers are physicians, advanced registered nurse practitioners, rural health centers, federally qualified health centers, clinics, and dentists. Screening services shall include all of the following services:

84.3(1) A comprehensive health and developmental history including an assessment of both physical and mental health development. This includes:

- a. A developmental assessment.
- b. An assessment of nutritional status.

84.3(2) A comprehensive unclothed physical examination. This includes:

- a. Physical growth.
- b. A physical inspection including ear, nose, mouth, throat, teeth, and all organ systems such as pulmonary, cardiac, and gastrointestinal.

84.3(3) Appropriate immunizations according to age and health history as recommended through the vaccines for children program, except that “covered Part D drugs” as defined by 42 U.S.C. Section 1395w-102(e)(1)-(2) are not covered for any “Part D eligible individual” as defined in 42 U.S.C. Section 1395w-101(a)(3)(A), including an individual who is not enrolled in a Part D plan.

84.3(4) Health education including anticipatory guidance. See 441—subparagraph 78.18(6) “b”(1) for a description of the information services.

84.3(5) Hearing and vision screening.

84.3(6) Appropriate laboratory tests. These shall include:

- a. Hematocrit or hemoglobin.
- b. Rapid urine screening.
- c. Lead toxicity screening for all children aged 12 to 72 months.
- d. Tuberculin test, when appropriate.
- e. Hemoglobinopathy screening.
- f. Serology, when appropriate.

84.3(7) Direct dental referral for children over age 12 months.

441—84.4(249A) Referral.

84.4(1) The availability of early and periodic screening shall be discussed with the payee for any Medicaid-eligible child under the age of 21 at the time of application and periodically thereafter in compliance with federal regulations at Title 42, Part 441, Subpart B, as amended to November 16, 1984.

84.4(2) Screening shall be offered to each eligible individual according to the periodicity schedule in 441—subrule 78.18(3) when screening has been accepted, or on at least an annual basis when screening has been rejected. Interperiodic screens may be furnished when medically necessary to determine whether a child has a physical or mental illness or condition that may require further assessment, diagnosis, or treatment.

441—84.5(249A) Follow up. Follow-up services shall be provided when a referral for screening was accepted, but 60 days have elapsed and no screening examination has been performed, and when a screening examination discloses a possible abnormal condition and a referral was made for further diagnosis or treatment and such diagnosis or treatment has not been received within a period of 60 days from the date of the screening examination.

These rules are intended to implement Iowa Code section 249A.4.

CHAPTER 85
SERVICES IN PSYCHIATRIC INSTITUTIONS

PREAMBLE

Inpatient psychiatric services are provided in three types of psychiatric facilities in addition to general hospitals with psychiatric units: acute care psychiatric hospitals, psychiatric medical institutions for children, and nursing facilities for the mentally ill. Except for services in the state mental health institutes, Medicaid covers only persons under the age of 21 and persons aged 65 and older in acute care psychiatric hospitals. Medicaid covers only persons under the age of 21 in psychiatric medical institutions for children, and only persons aged 65 and older in nursing facilities for the mentally ill. These rules establish conditions of participation for providers, record-keeping requirements, reimbursement methodologies, and client eligibility requirements.

DIVISION I
PSYCHIATRIC HOSPITALS

441—85.1(249A) Acute care in psychiatric hospitals. These rules do not apply to general hospitals with psychiatric units.

85.1(1) *Psychiatric hospitals serving persons aged 21 and older.* A psychiatric hospital serving persons aged 21 and older shall meet the federal criteria for an institution for mental disease and shall be licensed pursuant to department of inspections and appeals rule 481—51.36(135B). An out-of-state facility shall be licensed as a psychiatric hospital, shall meet the federal criteria for an institution for mental disease, and shall be certified to participate in the Medicare program. An institution is an institution for mental disease only if its overall character is that of a facility established and maintained primarily for the care and treatment of persons with mental diseases. The following guidelines are used by the department in evaluating the overall character of a facility. These guidelines are all useful in identifying institutions for mental disease; however, no single guideline is necessarily determinative in any given case.

a. The facility:

- (1) Is licensed as a psychiatric facility for the care and treatment of persons with mental diseases.
- (2) Advertises or holds itself out as a facility for the care and treatment of persons with mental diseases.
- (3) Is accredited as a psychiatric facility by the Joint Commission on the Accreditation of Health Care Organizations or by any other federally recognized accrediting organization that has comparable standards or surveys and is approved by the department of inspections and appeals.

(4) Specializes in providing psychiatric or psychological care and treatment. This may be ascertained through review of patients' records. It may also be indicated by the fact that an unusually large proportion of the staff has specialized psychiatric or psychological training or that a large proportion of the patients are receiving psychopharmacological drugs.

(5) Is under the jurisdiction of the division of behavioral, developmental, and protective services for families, adults, and children of the department.

b. More than 50 percent of all the patients in the facility have mental diseases which require inpatient treatment according to the patient's medical records.

c. A large proportion of the patients in the facility has been transferred from a state mental institution for continuing treatment of their mental disorders.

d. Independent review teams report a preponderance of mental illness in the diagnoses of the patients in the facility.

e. The average patient age is significantly lower than that of a typical nursing home.

f. Part or all of the facility consists of locked wards.

85.1(2) *Psychiatric hospitals serving persons under the age of 21.* A psychiatric hospital serving persons under the age of 21 shall be licensed pursuant to department of inspections and appeals rule 481—51.36(135B) or shall be licensed in another state as a hospital, shall be accredited by the Joint

Commission on the Accreditation of Health Care Organizations, the Commission of Accreditation of Rehabilitation Facilities, the Council on Accreditation of Services for Families and Children, or by any other federally recognized accrediting organization that has comparable standards or surveys and is approved by the department of inspections and appeals, and shall meet federal service requirements.

441—85.2(249A) Out-of-state placement. Placement in an out-of-state psychiatric hospital for acute care requires prior approval by the bureau of managed care and clinical services and shall be approved only if special services are not available in Iowa facilities as determined by the division of behavioral, developmental, and protective services for families, adults, and children.

441—85.3(249A) Eligibility of persons under the age of 21.

85.3(1) Age. To be eligible for payment for the cost of care provided by a psychiatric hospital, the person shall be under 21 years of age. When treatment in the hospital is provided immediately preceding the person's twenty-first birthday, coverage continues to be available until the twenty-second birthday or until service is no longer required, whichever is earlier.

85.3(2) Period of eligibility. The person is considered to be an inpatient until unconditionally discharged. Coverage extends until the last day of the month of the discharge or the twenty-second birthday. While on inpatient status the eligible person is entitled to the full scope of Medicaid benefits.

85.3(3) Certification of need for care. For persons eligible for Medicaid prior to admission, an independent team shall certify that ambulatory care resources available in the community do not meet the treatment needs of the recipient, that proper treatment of the recipient's psychiatric condition requires services on an inpatient basis under the direction of a physician, and that the services can reasonably be expected to improve the recipient's condition or prevent further regression so that the services will no longer be needed. Team members are independent when they are not employees of or consultants to the facility. Form 470-2780, Certification of Need for Inpatient Psychiatric Services, may be used to document these criteria.

a. For persons eligible for Medicaid prior to admission, this preadmission certification shall be performed within 45 days prior to the proposed date for admission to the facility by an independent team that includes a physician who has competence in diagnosis and treatment of mental illness, preferably in child psychiatry, and who has knowledge of the person's situation. If a social worker is a part of the team, the social worker may be from the county office of the department of human services.

The evaluation shall be submitted to the facility on or prior to the date of the patient's admission.

b. When a person makes application for Medicaid subsequent to admission or has an application in process at the time of admission, a certification by the team responsible for the plan of care shall be provided within 14 days after admission and shall cover any period prior to application for which claims are to be made.

c. For emergency admissions, a certification shall be provided by the team responsible for the plan of care within 14 days after admission.

85.3(4) Financial eligibility for persons under the age of 21. To be eligible for payments for the cost of care provided by a psychiatric facility, persons under the age of 21 must be eligible under one of the coverage groups listed in rule 441—75.1(249A).

441—85.4(249A) Eligibility of persons aged 65 and over. To be eligible for payment for the cost of care provided by an institution for mental disease, persons must be aged 65 or over and be eligible under one of the coverage groups listed in rule 441—75.1(249A).

441—85.5(249A) Client participation.

85.5(1) Before July 2005. For months before July 2005, the resident shall be liable to pay client participation toward the cost of care on a monthly basis. The state will pay the balance of the cost of care for the month. The facility shall make arrangements directly with the resident for payment of client participation. Client participation is determined according to rule 441—75.16(249A).

85.5(2) *July 2005 and after.* Effective with the month of July 2005, the resident shall not be liable to pay client participation toward the cost of care, and no client participation amount shall be deducted from the state payment to the hospital.

441—85.6(249A) Responsibilities of hospitals.

85.6(1) *Medical record requirements.* The medical records maintained by the psychiatric hospital shall permit determination of the degree and intensity of the treatment provided to persons who are furnished services in the hospital.

a. Development of assessment and diagnostic data. Medical records shall stress the psychiatric components of the record, including history of findings and treatment provided for the psychiatric condition for which the patient is hospitalized.

(1) The identification data shall include the patient's legal status.

(2) A provisional or admitting diagnosis shall be made on every patient at the time of admission, and shall include the diagnoses of intercurrent diseases as well as the psychiatric diagnoses.

(3) The reasons for admission shall be clearly documented as stated by the patient or others significantly involved.

(4) The social service records, including reports of interviews with patients, family members, and others, shall provide an assessment of home plans and family attitudes and community resource contacts, as well as a social history.

(5) When indicated, a complete neurological examination shall be recorded at the time of the admission physical examination.

b. Psychiatric evaluation. Each patient shall receive a psychiatric evaluation that shall:

(1) Be completed within 60 hours of admission.

(2) Include a medical history.

(3) Contain a record of mental status.

(4) Note the onset of illness and the circumstances leading to admission.

(5) Describe attitudes and behavior.

(6) Estimate intellectual functioning, memory functioning, and orientation.

(7) Include an inventory of the patient's assets in descriptive, not interpretive, fashion.

c. Treatment plan.

(1) Each patient shall have an individual comprehensive treatment plan that shall be based on an inventory of the patient's strengths and disabilities. The written plan shall include a substantiated diagnosis, short-term and long-range goals, the specific treatment modalities utilized, the responsibilities of each member of the treatment team, and adequate documentation to justify the diagnosis and the treatment and rehabilitation activities carried out.

(2) The treatment received by the patient shall be documented in a way to ensure that all active therapeutic efforts are included.

d. Recording progress. Progress notes shall be recorded by the doctor of medicine or osteopathy responsible for the care of the patient, nurse, social worker and, when appropriate, others significantly involved in active treatment modalities. The frequency of progress notes is determined by the condition of the patient but shall be recorded at least weekly for the first two months and at least once a month thereafter and shall contain recommendations for revisions in the treatment plan as indicated, as well as precise assessment of the patient's progress in accordance with the original or revised treatment plan.

e. Discharge planning and discharge summary. The record of each patient who has been discharged shall have a discharge summary that includes a recapitulation of the patient's hospitalization and recommendations from appropriate services concerning follow-up or aftercare, as well as a brief summary of the patient's condition on discharge.

f. The facility shall obtain a professional review organization (PRO) determination that the person requires acute psychiatric care when a person applying or eligible for Medicaid enters the facility, returns from an acute care general hospital, or enters the facility after 30 consecutive days of visitation.

85.6(2) Fiscal records.

a. A Case Activity Report, Form 470-0042, shall be submitted to the department whenever a Medicaid applicant or recipient enters the facility, changes level of care, is hospitalized in a general hospital, leaves for visitation, or is discharged from the facility.

b. The facility shall bill after each calendar month for the previous month's services.

85.6(3) Additional requirements. Additional requirements are mandated for persons under the age of 21.

a. *Active treatment.* Inpatient psychiatric services shall involve active treatment. Active treatment means implementation of a professionally developed and supervised individual plan of care that is developed and implemented by an interdisciplinary team no later than 14 days after admission and is designed to achieve the recipient's discharge from inpatient status at the earliest possible time.

b. *Individual plan of care.* An individual plan of care is a written plan developed for each recipient to improve the recipient's condition to the extent that inpatient care is no longer necessary. The plan shall be reviewed every 30 days by the team to determine that services being provided are or were required on an inpatient basis and to recommend changes in the plan as indicated by the recipient's overall adjustment as an inpatient. The plan of care shall:

(1) Be based on a diagnostic evaluation that includes examination of the medical, psychological, social, behavioral and developmental aspects of the recipient's situation and reflects the need for inpatient psychiatric care.

(2) Be developed by a team of professionals, as specified in paragraph "c" below, in consultation, if possible, with the recipient and the recipient's parents, legal guardians or others in whose care the recipient will be released after discharge.

(3) State the treatment objectives.

(4) Prescribe an integrated program of therapies, activities and experiences designed to meet the objectives.

(5) Include, at an appropriate time, postdischarge plans and coordination of inpatient services with partial discharge plans and related community services to ensure continuity of care with the recipient's family, school and community upon discharge.

c. *Interdisciplinary team.* The individual plan of care shall be developed by an interdisciplinary team of physicians and other personnel who are employed by the facility or who provide services to patients in the facility.

(1) Based on education and experience, preferably including competence in child psychiatry, the team shall be capable of assessing the recipient's immediate and long-range therapeutic needs, developmental priorities, and personal strengths and liabilities; assessing the potential resources of the recipient's family; setting treatment objectives; and prescribing therapeutic modalities to achieve the plan's objectives.

(2) The team shall include, as a minimum, either a board-eligible or board-certified psychiatrist, a clinical psychologist who has a doctoral degree and a physician licensed to practice in medicine or osteopathy, or a physician licensed to practice medicine or osteopathy with specialized training and experience in the diagnosis and treatment of mental diseases and a psychologist who has a master's degree in clinical psychology and has been licensed by the state.

(3) The team shall also include one of the following: a social worker with a master's degree in social work with specialized training or one year's experience in treating persons with mental illness, a registered nurse with specialized training or one year's experience in treating persons with mental illness, an occupational therapist who is licensed and who has specialized training or one year of experience in treating persons with mental illness, or a psychologist who has a master's degree in clinical psychology or who has been licensed by the state.

441—85.7(249A) Psychiatric hospital reimbursement.

85.7(1) Reimbursement formula. Acute care in psychiatric hospitals shall be reimbursed on a per diem rate based on Medicare principles.

a. The reimbursement principles follow and comply with the retrospective Principles of Medicare reimbursement found in Title 18 of the Social Security Act and amendments to that Act, Medicare regulations found in the Health Insurance Regulation Manual (HIRM-1), and General Instructions-Health Insurance Manual sections 10, 11, 12 and 15 when applicable.

b. Allowable costs are those defined as allowable in 42 CFR, Subpart A, Sections 413.5 and 413.9, as amended to December 2, 1996, and 42 CFR 447.250 as amended to September 23, 1992. Only those costs are considered in calculating the Medicaid inpatient reimbursement.

c. Medicare and Medicaid principles of reimbursement require hospitals to be paid at the lower of customary charges or reasonable cost and to adhere to all Medicare cost principles in the calculation of the facility rates.

d. Payment for inpatient hospital care for recipients for whom the PRO has determined that the level of care that is medically necessary is only that of skilled care or nursing care will be made at a rate equal to the statewide average Medicaid skilled nursing facility rate or the average state nursing facility rate. Periodic PRO determinations of the need for continuing care are also required.

e. Each participating Medicaid provider shall file a CMS 2552 Medicare Cost Report or a substitute accepted by the Centers for Medicare and Medicaid Services. In addition, supplemental information sheets are furnished to all Medicaid providers to be filed with the annual cost report. This report must be filed with the Iowa Medicaid enterprise provider audits and rate-setting unit for Iowa within 150 days after the close of the hospital's fiscal year.

f. Compensation for a disproportionate share of indigent patients is determined as described in 441—subrule 79.1(5).

g. Medicaid reimbursement shall be reduced by any payments from a third party toward the cost of a patient's care.

85.7(2) Medical necessity. The medical necessity of admission and continued stay will be determined by the PRO. Payment shall not be made for admissions which are determined not to be medically necessary nor will payment be approved for stays beyond the time at which inpatient specialized hospital care at the acute level has been determined not to be medically necessary.

85.7(3) Reserve bed day payment. No reserve bed day payments are made to acute care psychiatric hospitals.

85.7(4) Outpatient services. No coverage is available for outpatient psychiatric hospital services. These rules are intended to implement Iowa Code section 249A.4.

441—85.8(249A,81GA,ch167) Eligibility of persons aged 21 through 64.

85.8(1) Facility. Acute care in a psychiatric hospital is covered for persons aged 21 through 64 only at the state mental health institutes at Cherokee, Clarinda, Independence, and Mount Pleasant.

85.8(2) Basis of eligibility. To be eligible for payment for the cost of care provided by one of the covered facilities, a person aged 21 through 64 must be either:

a. Eligible for one of the coverage groups listed in 441—75.1(249A); or

b. Eligible under the IowaCare program pursuant to 441—Chapter 92.

85.8(3) Period of eligibility. A person is considered to be an inpatient until unconditionally discharged. Coverage extends until the last day of the month of discharge.

85.8(4) Extent of eligibility.

a. While on inpatient status, a person eligible under a coverage group listed in 441—75.1(249A) is entitled to the full scope of Medicaid benefits.

b. While on inpatient status, a person eligible under the IowaCare program is entitled to the services listed at 441—92.8(249A,81GA,ch167).

441—85.9 to 85.20 Reserved.

DIVISION II
PSYCHIATRIC MEDICAL INSTITUTIONS FOR CHILDREN

441—85.21(249A) Conditions for participation. Psychiatric medical institutions for children shall be issued a license by the department of inspections and appeals under Iowa Code chapter 135H and shall hold either a license from the department of human services under Iowa Code section 237.3, subsection 2, paragraph “a,” subparagraph (3) or, for facilities which provide substance abuse treatment, a license from the department of public health under Iowa Code section 125.13.

This rule is intended to implement Iowa Code sections 135H.4 and 249A.4.

441—85.22(249A) Eligibility of persons under the age of 21.

85.22(1) Age. To be eligible for payment for the cost of care provided by a psychiatric medical institution for children, the person shall be under 21 years of age. When treatment in the facility is provided immediately preceding the individual’s twenty-first birthday, coverage continues to be available until the twenty-second birthday or until service is no longer required, whichever is earlier.

85.22(2) Period of eligibility. The person is considered to be an inpatient until unconditionally discharged. Coverage extends until the last day of the month of the discharge or the twenty-second birthday. While on inpatient status, the eligible individual is entitled to the full scope of Medicaid benefits.

85.22(3) Certification for need for care. For persons eligible for Medicaid prior to admission, an independent team shall certify that ambulatory care resources available in the community do not meet the treatment needs of the recipient, that proper treatment of the recipient’s psychiatric condition requires services on an inpatient basis under the direction of a physician, and that the services can reasonably be expected to improve the recipient’s condition or prevent further regression so that the services will no longer be needed. Team members are independent when they are not employees of or consultants to the facility. Form 470-2780, Certification of Need for Inpatient Psychiatric Services, may be used to document these criteria.

a. For persons determined eligible for Medicaid prior to admission, this preadmission certification shall be performed within 45 days prior to the proposed date for admission to the facility by an independent team that includes a physician who has competence in diagnosis and treatment of mental illness, preferably in child psychiatry, and who has knowledge of the person’s situation. If a social worker is a part of the team, the social worker may be from the county office of the department of human services.

The evaluation shall be submitted to the facility on or prior to the date of the patient’s admission.

b. When a person makes application for Medicaid subsequent to admission or has an application in process at the time of admission, a certification by the team responsible for the plan of care shall be provided within 14 days after admission and shall cover any period prior to application for which claims are to be made.

c. For emergency admissions, a certification shall be provided by the team responsible for the plan of care within 14 days after admission.

85.22(4) Financial eligibility for persons under the age of 21. To be eligible for payments for the cost of care provided by psychiatric medical institutions, persons under the age of 21 shall be eligible under one of the coverage groups listed in rule 441—75.1(249A), except medically needy.

441—85.23(249A) Client participation. The resident’s client participation and medical payments from a third party shall be paid toward the total cost of care on a monthly basis. The state will pay the balance of the cost of care for the month. The facility shall make arrangements directly with the resident for payment of client participation. Client participation is determined according to rule 441—75.16(249A).

441—85.24(249A) Responsibilities of facilities.

85.24(1) Medical record requirements. The medical records maintained by psychiatric medical institutions for children shall permit determination of the degree and intensity of the treatment provided to persons who are furnished services in the facility.

a. Development of assessment and diagnostic data. Medical records shall stress the psychiatric components of the record, including history of findings and treatment provided for the psychiatric condition for which the patient is admitted.

(1) The identification data shall include the patient's legal status.

(2) A provisional or admitting diagnosis shall be made on every patient at the time of admission, and shall include the diagnoses of intercurrent diseases as well as the psychiatric diagnoses.

(3) The reasons for admission shall be clearly documented as stated by the patient or others significantly involved.

(4) The social service records, including reports of interviews with patients, family members, and others, shall provide an assessment of home plans and family attitudes and community resource contacts, as well as a social history.

(5) When indicated, a complete neurological examination shall be recorded at the time of the admission physical examination.

b. Psychiatric evaluation. Each patient shall receive a psychiatric evaluation that shall:

(1) Be completed within seven days of admission.

(2) Include a medical history.

(3) Contain a record of mental status.

(4) Note the onset of illness and the circumstances leading to admission.

(5) Describe attitudes and behavior.

(6) Estimate intellectual functioning, memory functioning, and orientation.

(7) Include an inventory of the patient's assets in descriptive, not interpretive, fashion.

c. Treatment plan.

(1) Each patient shall have an individual comprehensive treatment plan that shall be based on an inventory of the patient's strengths and disabilities. The written plan shall include a substantiated diagnosis, short-term and long-range goals, the specific treatment modalities utilized, the responsibilities of each member of the treatment team, and adequate documentation to justify the diagnosis and the treatment and rehabilitation activities carried out.

(2) The treatment received by the patient shall be documented in a way to ensure that all active therapeutic efforts are included.

d. Recording progress. Progress notes shall be recorded by the doctor of medicine or osteopathy responsible for the care of the patient, nurse, social worker and, when appropriate, others significantly involved in active treatment modalities. The frequency of progress notes is determined by the condition of the patient but shall be recorded at least weekly for the first two months and at least once a month thereafter and shall contain recommendations for revisions in the treatment plan as indicated, as well as precise assessment of the patient's progress in accordance with the original or revised treatment plan.

e. Discharge planning and discharge summary. The record of each patient who has been discharged shall have a discharge summary that includes a recapitulation of the patient's stay at the facility and recommendations from appropriate services concerning follow-up or aftercare, as well as a brief summary of the patient's condition on discharge.

f. The facility shall obtain a professional review organization (PRO) determination that the person requires psychiatric medical institution level of care when a person applying or eligible for Medicaid enters the facility, returns from an acute care hospital stay longer than 10 days, or enters the facility after 30 consecutive days of visitation. Periodic PRO determinations of the need for continuing care are also required.

85.24(2) Fiscal records.

a. A Case Activity Report, Form 470-0042, shall be submitted to the department whenever a Medicaid applicant or recipient enters the facility, changes level of care, is hospitalized, leaves for visitation, or is discharged from the facility.

b. The facility shall bill after each calendar month for the previous month's services.

85.24(3) Additional requirements. Additional requirements are mandated for persons under the age of 21.

a. Active treatment. Inpatient psychiatric services shall involve active treatment. Active treatment means implementation of a professionally developed and supervised individual plan of care that is developed and implemented by an interdisciplinary team no later than 14 days after admission and is designed to achieve the recipient's discharge from inpatient status at the earliest possible time.

b. Individual plan of care. An individual plan of care is a written plan developed for each recipient to improve the recipient's condition to the extent that inpatient care is no longer necessary. The plan shall be reviewed every 30 days by the team to determine that services being provided are or were required on an inpatient basis and to recommend changes in the plan as indicated by the recipient's overall adjustment as an inpatient. The plan of care shall:

(1) Be based on a diagnostic evaluation that includes examination of the medical, psychological, social, behavioral and developmental aspects of the recipient's situation and reflects the need for inpatient psychiatric care.

(2) Be developed by a team of professionals, as specified in paragraph "c" below, in consultation, if possible, with the recipient and the recipient's parents, legal guardians or others in whose care the recipient will be released after discharge.

(3) State the treatment objectives.

(4) Prescribe an integrated program of therapies, activities and experiences designed to meet the objectives.

(5) Include, at an appropriate time, postdischarge plans and coordination of inpatient services with partial discharge plans and related community services to ensure continuity of care with the recipient's family, school and community upon discharge.

c. Interdisciplinary team. The individual plan of care shall be developed by an interdisciplinary team of physicians and other personnel who are employed by the facility or who provide services to patients in the facility. Membership in the interdisciplinary plan of care team includes those physicians and other professionals who are involved in the direct provision of treatment services, involved in the organization of the plan of care, or involved in consulting with or supervising those professionals involved in the direct provision of care.

(1) Based on education and experience, preferably including competence in child psychiatry, the team shall be capable of assessing the recipient's immediate and long-range therapeutic needs, developmental priorities, and personal strengths and liabilities; assessing the potential resources of the recipient's family; setting treatment objectives; and prescribing therapeutic modalities to achieve the plan's objectives.

(2) The team shall include, as a minimum, either a board-eligible or board-certified psychiatrist, a clinical psychologist who has a doctoral degree and a physician licensed to practice in medicine or osteopathy, or a physician licensed to practice medicine or osteopathy with specialized training and experience in the diagnosis and treatment of mental diseases and a psychologist who has a master's degree in clinical psychology and has been licensed by the state.

(3) The team shall also include one of the following: a social worker with a master's degree in social work with specialized training or one year's experience in treating persons with mental illness, a registered nurse with specialized training or one year's experience in treating persons with mental illness, an occupational therapist who is licensed and who has specialized training or one year of experience in treating persons with mental illness, or a psychologist who has a master's degree in clinical psychology or who has been licensed by the state.

441—85.25(249A) Reimbursement to psychiatric medical institutions for children.

85.25(1) Computation of inpatient rate. Facilities are paid at a per diem rate based on the facility's cost for the service not to exceed the upper limit as provided in 441—subrule 79.1(2).

a. Rates for new facilities are based on historical costs submitted on Form SS-1703-0, Financial and Statistical Report, if the institution is established and has the historical data. If the institution is newly established, the rate shall be based on a proposed budget submitted on Form SS-1703-0. A Form SS-1703-0 with actual cost data shall be submitted after at least six months of participation in the program for a new rate adjustment.

b. After the initial cost report period, the institution shall submit Form SS-1703-0 annually within three months of the close of the facility's fiscal year. Failure to submit the report within this time shall reduce payment to 75 percent of the current rate. The reduced rate shall be paid for no longer than three months, after which time no further payments will be made.

85.25(2) Reserve bed payments.

a. Reserve bed day payment for days a resident of a psychiatric medical institution for children is absent from the facility for hospitalization in an acute care general hospital is paid in accordance with the following policies:

(1) The intent of the department and the facility shall be for the resident to return to the facility after the hospitalization.

(2) Staff from the psychiatric medical institution shall be available to provide support to the child and family during the hospitalization.

(3) Payment for reserve bed days shall be canceled and payment returned if the facility refuses to accept the child back except when the department and the facility agree that the return would not be in the child's best interests. If the department and the facility agree that the return would not be in the child's best interests, payment shall be canceled effective the day after the joint decision not to return the child.

(4) Payment will not be authorized for over ten days per calendar month and will not be authorized for over ten days for any continuous hospital stay.

b. Reserve bed days for visitation shall be made for days a resident is absent from a psychiatric medical institution for children at the time of a nightly census for the purpose of visitation when the absence is in accordance with the following policies:

(1) The visits are consistent with the child's case permanency plan and the facility's individual case plan.

(2) The intent of the department and the facility shall be for the child to return to the facility after the visitation.

(3) Staff from the psychiatric medical institution shall be available to provide support to the child and family during the visit.

(4) Payment for reserve bed days shall be canceled and payments returned if the facility refuses to accept the child back except when the department and the facility agree that the return would not be in the child's best interests. If the department and the facility agree that the return would not be in the child's best interests, payment shall be canceled effective the day after the joint decision not to return the child.

(5) Payment for reserve bed days shall be canceled effective the day after a decision not to return the child is made by the court or, in a voluntary placement, by the parent.

(6) Payment for reserve bed days shall not exceed 14 consecutive days or 30 days per year, except upon written approval of the regional administrator. In no case shall payment exceed 60 days per year for visitation or other absences.

c. Reserve bed payment shall be made for days a resident is absent from a psychiatric medical institution for children at the time of the nightly census for reasons such as detention, shelter care, or running away when the absence is in accordance with the following policies:

(1) The intent of the department and the psychiatric medical institution for children shall be for the child to return to the facility after the absence.

(2) Payment for reserve bed days shall be canceled and payments returned if the facility refuses to accept the child back except when the department and the facility agree that the return would not be in the child's best interests. If the department and the facility agree that the return would not be in the child's best interests, payment shall be canceled effective the day after the joint decision not to return the child.

(3) Payment for reserve bed days shall be canceled effective the day after a decision is made not to return the child by the court or, in a voluntary placement, by the parent.

(4) Payment for reserve bed days shall not exceed 14 consecutive days or 30 days per year, except upon written approval of the regional administrator. In no case shall payment exceed 60 days per year for visitation or other absences.

(5) Reserve bed day payment is not available until the child has been physically admitted to the psychiatric medical institution.

(6) The psychiatric medical institution shall notify the department social worker within 24 hours after the child is out of the facility for running away or other unplanned reasons.

85.25(3) Day treatment rates. Outpatient day treatment services are paid on a fixed fee basis.

441—85.26(249A) Outpatient day treatment for persons aged 20 or under. Payment to a psychiatric medical institution for children will be approved for day treatment services for persons aged 20 or under if the psychiatric medical institution for children is certified by the department of inspections and appeals for day treatment services and the services are provided on the licensed premises of the psychiatric medical institution for children.

EXCEPTION: Field trips away from the premises are a covered service when the trip is therapeutic and integrated into the day treatment program's description and milieu plan. All conditions for the day treatment program for persons aged 20 or under as outlined in 441—subrule 78.16(7) for community mental health centers shall apply to psychiatric medical institutions for children.

These rules are intended to implement Iowa Code section 249A.4.

441—85.27 to 85.40 Reserved.

DIVISION III
NURSING FACILITIES FOR PERSONS WITH MENTAL ILLNESS

441—85.41(249A) Conditions of participation. A nursing facility for persons with mental illness shall be licensed pursuant to department of inspections and appeals rules 481—Chapter 65, or, if the facility is a distinct part of a hospital, pursuant to department of inspections and appeals rule 481—51.33(135B). A distinct part of a general hospital may be considered a psychiatric institution. In addition, the facility shall be certified to participate in the Iowa Medicaid program as a nursing facility pursuant to 441—Chapter 81 and shall be 16 beds or more. The facility shall also meet the criteria set forth in subrule 85.1(1).

441—85.42(249A) Out-of-state placement. Placement in out-of-state nursing facilities for persons with mental illness is not payable.

441—85.43(249A) Eligibility of persons aged 65 and over. To be eligible for payment for the cost of care provided by nursing facilities for persons with mental illness, persons must be aged 65 or over and be eligible under one of the coverage groups listed in rule 441—75.1(249A), except for medically needy.

441—85.44(249A) Client participation. The resident's client participation and medical payments from a third party shall be paid toward the total cost of care on a monthly basis. The state will pay the balance of the cost of care for the month. The facility shall make arrangements directly with the resident for payment of client participation. Client participation is determined according to rule 441—75.16(249A).

441—85.45(249A) Responsibilities of nursing facility.

85.45(1) Medical record requirements. The facility shall obtain a PRO determination that the person requires psychiatric care when a person applying or eligible for Medicaid enters the facility, returns from an acute care hospital stay longer than 10 days, or enters the facility after 30 consecutive days of visitation. Periodic PRO determinations of the need for continuing care are also required.

85.45(2) Fiscal records.

a. A Case Activity Report, Form 470-0042, shall be submitted to the department whenever a Medicaid applicant or recipient enters the facility, changes level of care, is hospitalized, leaves for visitation, or is discharged from the facility.

b. The facility shall bill after each calendar month for the previous month's services.

441—85.46(249A) Policies governing reimbursement. Cost reporting, reserve bed day payment, and reimbursement shall be the same for nursing facilities for persons with mental illness as for nursing facilities as set forth in 441—Chapter 81.

441—85.47(249A) State-funded personal needs supplement. A Medicaid member living in an intermediate care facility for persons with mental illness who has countable income for purposes of rule 441—75.16(249A) of less than \$50 per month shall receive a state-funded payment from the department for the difference between that countable income and \$50 if the legislature has appropriated funding specifically for this purpose. This payment shall not be considered a benefit under Title XIX of the Social Security Act.

This rule is intended to implement Iowa Code Supplement section 249A.30A.

These rules are intended to implement Iowa Code section 249A.4.

CHAPTER 86
HEALTHY AND WELL KIDS IN IOWA (HAWK-I) PROGRAM

PREAMBLE

These rules define and structure the department of human services healthy and well kids in Iowa (HAWK-I) program. The purpose of this program is to provide transitional health care coverage to uninsured children who are ineligible for Title XIX (Medicaid) assistance. The program is implemented and administered in compliance with Title XXI of the federal Social Security Act. The rules establish requirements for the third-party administrator responsible for the program administration and for the participating health plans that will be delivering services to the enrollees.

441—86.1(514I) Definitions.

“Applicant” shall mean all parents, spouses, and children under the age of 19 who are counted in the HAWK-I family size and who are listed on the application or renewal form.

“Benchmark benefit package” shall mean any of the following:

1. The standard Blue Cross Blue Shield preferred provider option service benefit plan, described in and offered under 5 U.S.C. Section 8903(1).
2. A health benefits coverage plan that is offered and generally available to state employees in this state.
3. The plan of a health maintenance organization, as defined in 42 U.S.C. Section 300e, with the largest insured commercial, nonmedical assistance enrollment of covered lives in the state.

“Capitation rate” shall mean the fee the department pays monthly to a participating health plan for each enrollee for the provision of covered medical services whether or not the enrollee received services during the month for which the fee is intended.

“Contract” shall mean the contract between the department and the person or entity selected as the third-party administrator or the contract between the department and the participating health plan for the provision of medical services to HAWK-I enrollees for whom the participating health plans assume risk.

“Cost sharing” shall mean the payment of a premium or copayment as provided for by Title XXI of the federal Social Security Act and Iowa Code section 514I.10.

“Covered services” shall mean all or a part of those medical and health services set forth in rule 441—86.14(514I).

“Department” shall mean the Iowa department of human services.

“Director” shall mean the director of the Iowa department of human services.

“Eligible child” shall mean an individual who meets the criteria for participation in the HAWK-I program as set forth in rule 441—86.2(514I).

“Emergency medical condition” shall mean a medical condition manifesting itself by acute symptoms of sufficient severity, including severe pain, such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in one of the following:

1. Placing the health of the person or, with respect to a pregnant woman, the health of the woman and her unborn child, in serious jeopardy,
2. Serious impairment to bodily functions, or
3. Serious dysfunction of any bodily organ or part.

“Emergency services” shall mean, with respect to an individual enrolled with a plan, covered inpatient and outpatient services which are furnished by a provider qualified to furnish these services and which are needed to evaluate and stabilize an emergency medical condition.

“Enrollee” shall mean a child who has been determined eligible for the program and who has been enrolled with a participating health plan.

“Family” shall mean all parents, spouses, and children under the age of 19 who are counted in the HAWK-I family size.

“Federal poverty level” shall mean the poverty income guidelines revised annually and published in the Federal Register by the United States Department of Health and Human Services.

“*Good cause*” shall mean the family has demonstrated that one or more of the following conditions exist:

1. There was a serious illness or death of the enrollee or a member of the enrollee’s family.
2. There was a family emergency or household disaster, such as a fire, flood, or tornado.
3. There was a reason beyond the enrollee’s control.
4. There was a failure to receive the third-party administrator’s request for a reason not attributable to the enrollee. Lack of a forwarding address is attributable to the enrollee.

“*HAWK-I board*” or “*board*” shall mean the entity that adopts rules, establishes policy, and directs the department regarding the HAWK-I program.

“*HAWK-I program*” or “*program*” shall mean the healthy and well kids in Iowa program implemented in this chapter to provide health care coverage to eligible children.

“*Health insurance coverage*” shall mean health insurance coverage as defined in 42 U.S.C. Section 300gg(c).

“*Institution for mental diseases*” shall mean a hospital, nursing facility, or other institution of more than 16 beds that is primarily engaged in providing diagnosis, treatment, or care of persons with mental diseases, including medical attention, nursing care and related services as defined at 42 CFR Section 435.1009 as amended November 10, 1994.

“*Nonmedical public institution*” shall mean an institution that is the responsibility of a governmental unit or over which a governmental unit exercises administrative control as defined in 42 CFR Section 435.1009 as amended November 10, 1994.

“*Participating health plan*” shall mean any entity licensed by the division of insurance of the department of commerce to provide health insurance in Iowa or an organized delivery system licensed by the director of public health that has contracted with the department to provide health insurance coverage to eligible children under this chapter.

“*Physician*” shall be defined as provided in Iowa Code subsection 135.1(4).

“*Provider*” shall mean an individual, firm, corporation, association, or institution that is providing or has been approved to provide medical care or services to an enrollee pursuant to the HAWK-I program.

“*Regions*” shall mean the six regions of the state as follows:

- Region 1: Lyon, Osceola, Dickinson, Emmet, Sioux, O’Brien, Clay, Palo Alto, Plymouth, Cherokee, Buena Vista, Woodbury, Ida, Sac, Monona, Crawford, and Carroll.
- Region 2: Kossuth, Winnebago, Worth, Mitchell, Howard, Hancock, Cerro Gordo, Floyd, Pocahontas, Humboldt, Wright, Franklin, Calhoun, Webster, Hamilton, Hardin, Greene, Boone, Story, Marshall, and Tama.
- Region 3: Winneshiek, Allamakee, Chickasaw, Fayette, Clayton, Butler, Bremer, Grundy, Black Hawk, Buchanan, Delaware, Dubuque, Jones, Jackson, Cedar, Clinton, and Scott.
- Region 4: Harrison, Shelby, Audubon, Pottawattamie, Cass, Mills, Montgomery, Fremont, and Page.
- Region 5: Guthrie, Dallas, Polk, Jasper, Adair, Madison, Warren, Marion, Adams, Union, Clarke, Lucas, Taylor, Ringgold, Decatur, and Wayne.
- Region 6: Benton, Linn, Poweshiek, Iowa, Johnson, Muscatine, Mahaska, Keokuk, Washington, Louisa, Monroe, Wapello, Jefferson, Henry, Des Moines, Appanoose, Davis, Van Buren, and Lee.

“*Third-party administrator*” shall mean the person or entity with which the department contracts to provide administrative services for the HAWK-I program.

441—86.2(514I) Eligibility factors. The decision with respect to eligibility shall be based primarily on information furnished by the applicant, the enrollee, or a person acting on behalf of the applicant or enrollee. A child must meet the following eligibility factors to participate in the HAWK-I program.

86.2(1) Age. The child shall be under 19 years of age. Eligibility for the program ends the first day of the month following the month of the child’s nineteenth birthday.

86.2(2) Income. Countable income shall not exceed 200 percent of the federal poverty level for a family of the same size when determining initial and ongoing eligibility for the program.

a. Countable income. When determining initial and ongoing eligibility for the HAWK-I program, all earned and unearned income, unless specifically exempted, shall be countable.

(1) Earned income. The earned income of all parents, spouses, and children under the age of 19 who are not students who are living together shall be countable. Income shall be countable earned income when an individual produces it as a result of the performance of services. Earned income is income in the form of a salary, wages, tips, bonuses, and commissions earned as an employee, or net profit from self-employment.

1. Earned income from employment. Earned income from employment means total gross income.

2. Earned income from self-employment. Earned income from self-employment means the net profit determined by comparing gross income with the allowable costs of producing the income. The allowable costs of producing self-employment income shall be determined by the costs allowed for income tax purposes. Additionally, the cost of depreciation of capital assets identified for income tax purposes shall be allowed as a cost of doing business for self-employed persons. Losses from a self-employment enterprise may not be used to offset income from any other source. A person is considered self-employed when any of the following conditions exist. The person:

- Is not required to report to the office regularly except for specific purposes such as sales training meetings, administrative meetings, or evaluation sessions; or
- Establishes the person's own working hours, territory, and methods of work; or
- Files quarterly reports of earnings, withholding payments, and FICA payments to the Internal Revenue Service.

3. Earned income deduction. Each person in the household whose nonexempt income, earned as an employee or from self-employment, is considered in determining HAWK-I eligibility is entitled to a 20 percent earned income deduction. The deduction is intended to include work-related expenses other than child care. These expenses may include taxes, transportation, meals, uniforms and other work-related expenses.

(2) Unearned income. The unearned income of all parents, spouses, and children under the age of 19 who are living together in accordance with subrule 86.2(3) shall be counted. Unearned income is any income in cash that is not gained by labor or service. The available unearned income shall be the amount remaining after the withholding of taxes (Federal Insurance Contribution Act, state and federal income taxes). Examples of unearned income include, but are not limited to:

1. Social security benefits. Social security income is the amount of the entitlement before withholding of a Medicare premium.
2. Child support and alimony payments received for a member of the family.
3. Unemployment compensation.
4. Veterans benefits.

(3) Recurring lump sum income. Earned and unearned lump sum income that is received on a regular basis shall be counted and prorated over the time it is intended to cover. These payments may include, but are not limited to:

1. Annual bonuses.
2. Lottery winnings that are paid out annually.

b. Exempt income. The following shall not be counted toward the income limit when establishing eligibility for the HAWK-I program.

(1) Nonrecurring lump sum income. Nonrecurring lump sum income is income that is not expected to be received more than once. These payments may include, but are not limited to:

1. An inheritance.
2. A one-time bonus.
3. Lump sum lottery winnings.
4. Other one-time payments.

(2) Food reserves from home-produced garden products, orchards, domestic animals, and the like, when used by the household for its own consumption.

(3) The value of the coupon allotment in the Food Stamp Program.

(4) The value of the United States Department of Agriculture donated foods (surplus commodities).

- (5) The value of supplemental food assistance received under the Child Nutrition Act and the special food service program for children under the National School Lunch Act.
- (6) Any benefits received under Title III-C, Nutrition Program for the Elderly, of the Older Americans Act.
- (7) Benefits paid to eligible households under the Low Income Home Energy Assistance Act of 1981.
- (8) Any payment received under Title II of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the Federal-Aid Highway Act of 1968.
- (9) Interest and dividend income.
- (10) Any judgment funds that have been or will be distributed per capita or held in trust for members of any Indian tribe.
- (11) Payments to volunteers participating in the Volunteers in Service to America (VISTA) program.
- (12) Payments for supporting services or reimbursement of out-of-pocket expenses received by volunteers in any of the programs established under Titles II and III of the Domestic Volunteer Services Act.
- (13) Tax-exempt portions of payments made pursuant to the Alaskan Native Claims Settlement Act.
- (14) Experimental housing allowance program payments.
- (15) The income of a Supplemental Security Income (SSI) recipient.
- (16) Income of an ineligible child if the family chooses not to include the child in the eligibility determination in accordance with the provisions of paragraph 86.2(3)“c.”
- (17) Income in kind.
- (18) Family support subsidy program payments.
- (19) All earned and unearned educational funds of an undergraduate or graduate student or a person in training. However, any additional amount of educational funds received for the person’s dependents that are in the eligible group shall be considered as nonexempt income.
- (20) Bona fide loans.
- (21) Payments made from the Agent Orange Settlement Fund or any other fund established pursuant to the settlement in the In re Agent Orange product liability litigation, M.D.L. No. 381 (E.D.N.Y.).
- (22) Payment for major disaster and emergency assistance provided under the Disaster Relief Act of 1974 as amended by Public Law 100-707, the Disaster Relief and Emergency Assistance Amendments of 1988.
- (23) Payments made to certain United States citizens of Japanese ancestry and resident Japanese aliens under Section 105 of Public Law 100-383, and payments made to certain eligible Aleuts under Section 206 of Public Law 100-383 entitled Wartime Relocation of Civilians.
- (24) Payments received from the Radiation Exposure Compensation Act.
- (25) Reimbursements from a third party or from an employer for job-related expenses.
- (26) Payments received for providing foster care when the family is operating a licensed foster home.
- (27) Any payments received as a result of an urban renewal or low-cost housing project from any governmental agency.
- (28) Retroactive corrective payments.
- (29) The training allowance issued by the division of vocational rehabilitation, department of education.
- (30) Payments from the PROMISE JOBS program.
- (31) The training allowance issued by the department for the blind.
- (32) Payments from passengers in a car pool.
- (33) Compensation in lieu of wages received by a child under the Job Training Partnership Act of 1982.
- (34) Any amount for training expenses included in a payment issued under the Job Training Partnership Act of 1982.
- (35) Earnings of a child under the age of 19 who is a full-time student as defined at 441—75.54(1)“b”(1) and (2).

(36) Incentive payments received from participation in the adolescent pregnancy prevention programs.

(37) Payments received from the comprehensive child development program, funded by the Administration for Children, Youth, and Families, provided the payments are considered complementary assistance by federal regulations.

(38) Incentive allowance payments received from the work force investment project, provided the payments are considered complementary assistance by federal regulation.

(39) Honorarium income and all moneys paid to an eligible family in connection with the welfare reform longitudinal study.

(40) Family investment program (FIP) benefits.

(41) Moneys received through pilot self-sufficiency grants or diversion programs.

(42) Income that has ended as of the date of application.

(43) Any income restricted by law or regulation that is paid to a representative payee living outside the home, other than to a parent who is the applicant or recipient, unless the income is actually made available to the applicant or recipient by the representative payee.

(44) A federal or state earned income tax credit, regardless of whether the payment is received with the regular paycheck or as a lump sum with the federal or state income tax refund.

(45) All earnings received by temporary workers from the U.S. Bureau of the Census.

c. Verification of income. Income shall be verified using the best information available. For example, earnings from the 30 days before the date of application may be used to verify earned income if it is representative of the income expected in future months.

(1) Pay stubs, tip records, tax records and employers' statements are acceptable forms of verification of earned income.

(2) Unearned income shall be verified through data matches when possible, award letters, warrant copies, or other acceptable means of verification.

(3) Self-employment income shall be verified using business records or income tax returns from the previous year if they are representative of anticipated earnings.

(4) When a child who has been determined ineligible for Medicaid is referred to the HAWK-I program, the third-party administrator shall use the income amount used by the Medicaid program unless rules in this chapter require the income to be treated differently.

d. Changes in income. Once initial eligibility is established, changes in income during the 12-month enrollment period shall not affect the child's eligibility to participate in the HAWK-I program. However, if income has decreased, the family may request a review of their income to establish whether they are required to continue paying a premium in accordance with rule 441—86.8(514I).

86.2(3) Family size. For purposes of establishing initial and ongoing eligibility under the HAWK-I program, the family size shall consist of all persons living together who are children under the age of 19 or who are parents of those children as defined below.

EXCEPTION: Persons who are receiving Supplemental Security Income (SSI) under Title XVI of the Social Security Act or who are voluntarily excluded in accordance with the provisions of paragraph "c" below are not considered in determining family size.

a. Children. A child under the age of 19 and any siblings under the age of 19 of whole or half blood or adoptive shall be considered together unless the child is emancipated due to marriage, in which case, the emancipated child is not included in the family size unless the marriage has been annulled. Emancipated children, their spouses, and children who live with parents or siblings of the emancipated child shall be considered as a separate family when establishing eligibility for the HAWK-I program.

b. Parents. Any parent living with the child under the age of 19 shall be included in the family size. This includes the biological parent, stepparent, or adoptive parent of the child and is not dependent upon whether the parents are married to each other. In situations where the parents do not live together but share joint physical custody of the children, the family size shall be based on the household in which the child spends the majority of time. If both parents share physical custody equally, either parent may apply on behalf of the child and the family size shall be based on the household of the applying parent.

c. Persons who may be excluded when determining family size. If including a child in the family size causes siblings to be ineligible, the family may choose not to count the child in the family size. However, this rule shall not apply when the child is receiving Supplemental Security Income (SSI) benefits because SSI recipients are not counted in determining family size for the purposes of HAWK-I eligibility.

d. Temporary absence from the home. The following policies shall be applied to any person who would be counted in the family size in accordance with paragraphs “a” and “b” who is temporarily absent from the home.

(1) When a person is absent from the home to secure education or training (e.g., the person is attending college), the person shall be included when establishing the size of the family at home and, if otherwise eligible, shall be covered under the program.

(2) When a person is absent from the home to secure medical care, the person shall be included when establishing the size of the family at home and, if otherwise eligible, shall be covered under the program when the reason for the absence is expected to last less than 12 months.

(3) When a person is absent from the home because the person is an inmate in a nonmedical public institution (e.g., a penal institution) in accordance with the provisions of subrule 86.2(9), the person shall be included when establishing the size of the family at home if the absence is expected to be less than three months. However, when the person is a child under the age of 19, coverage under the program shall not be provided pursuant to subrule 86.2(10) until the child returns to the home.

(4) When a child is absent from the home because the child is in foster care, the child shall not be included when establishing the size of the family at home.

(5) When a child is absent from the home for a vacation or a visit to an absent parent, for example, the child shall be included in establishing the size of the family at home and, if otherwise eligible, shall be covered under the program if the absence is expected to be less than three months.

86.2(4) Uninsured status. The child must be uninsured.

a. A child who is currently enrolled in an individual or group health plan is not eligible to participate in the HAWK-I program. However, a child who is enrolled in a plan shall not be considered insured for purposes of the HAWK-I program if:

(1) The plan provides coverage only for a specific disease or service (such as a vision, dental, or cancer policy), or

(2) The child does not have reasonable geographic access to care under that plan. “Reasonable geographic access” means that the plan or an option available under the plan does not have service area limitations or, if the plan has service area limitations, the child lives within 30 miles or 30 minutes of a network primary care provider.

b. Rescinded IAB 7/9/03, effective 7/1/03.

c. American Indian and Alaska Native. American Indian and Alaska Native children are eligible for the HAWK-I program on the same basis as other children in the state, regardless of whether or not they may be eligible for or served by Indian Health Services-funded care.

86.2(5) Ineligibility for Medicaid. The child shall not be receiving Medicaid or eligible to receive Medicaid if application were made except when the child would be required to meet a spenddown under the medically needy program in accordance with the provisions of 441—subrule 75.1(35).

a. A child who would be eligible for Medicaid except for the parent’s failure or refusal to cooperate in establishing initial or ongoing eligibility shall not be eligible for coverage under the HAWK-I program.

b. Children who are excluded from the Medicaid household due to the income or resources of the child may participate in the HAWK-I program if otherwise eligible.

86.2(6) Iowa residency. The child shall be a resident of the state of Iowa. A resident of Iowa is a person:

a. Who is living in Iowa voluntarily with the intention of making that person’s home in Iowa and not for a temporary purpose; or

b. Who, at the time of application, is not receiving assistance from another state and entered Iowa with a job commitment or to seek employment or who is living with parents or guardians who entered Iowa with a job commitment or to seek employment.

86.2(7) *Citizenship and alien status.* The child shall be a citizen or lawfully admitted alien. The criteria established under 8 U.S.C. Section 1612(a)(2)(A) and the Balanced Budget Act of 1997, subsection 5302, shall be followed when determining whether a lawfully admitted alien child is eligible to participate in the HAWK-I program. The citizenship or alien status of the parents or other responsible person shall not be considered when determining the eligibility of the child to participate in the program.

86.2(8) *Dependents of state of Iowa employees.* The child shall not be eligible for the HAWK-I program if the child is eligible for health insurance coverage as a dependent of a state of Iowa employee unless the state contributes only a nominal amount toward the cost of dependent coverage. “Nominal amount” shall mean \$10 or less per month.

86.2(9) *Inmates of nonmedical public institutions.* The child shall not be an inmate of a nonmedical public institution as defined at 42 CFR Section 435.1009 as amended November 10, 1994.

86.2(10) *Inmates of institutions for mental disease.* At the time of application or annual review of eligibility, the child shall not be an inmate of an institution for mental disease as defined at 42 CFR Section 435.1009 as amended November 10, 1994.

86.2(11) *Preexisting medical conditions.* The child shall not be denied eligibility based on the presence of a preexisting medical condition.

86.2(12) *Furnishing a social security number.* Rescinded IAB 10/20/99, effective 12/1/99.

441—86.3(514I) Application process.

86.3(1) *Who may apply.* Each person wishing to do so shall have the opportunity to apply without delay. When the request is made in person, the requester shall immediately be given an application form. When a request is made that the application form be mailed, it shall be sent in the next outgoing mail.

a. Child lives with parents. When the child lives with the child’s parents, including stepparents and adoptive parents, the parent shall file the application on behalf of the child unless the parent is unable to do so.

If the parent is unable to act on the child’s behalf because the parent is incompetent or physically disabled, another person may file the application on behalf of the child. The responsible person shall be a family member, friend or other person who has knowledge of the family’s financial affairs and circumstances and a personal interest in the child’s welfare or a legal representative such as a conservator, guardian, executor or someone with power of attorney. The responsible person shall sign the application form and assume the responsibilities of the incompetent or disabled parent in regard to the application process and ongoing eligibility determinations.

b. Child lives with someone other than a parent. When the child lives with someone other than a parent (e.g., another relative, friend, guardian), the person who has assumed responsibility for the care of the child may apply on the child’s behalf. This person shall sign the application form and assume responsibility for providing all information necessary to establish initial and ongoing eligibility for the child.

c. Child lives independently or is married. When a child under the age of 19 lives in an independent living situation or is married, the child may apply on the child’s own behalf, in which case, the child shall be responsible for providing all information necessary to establish initial and ongoing eligibility. If the child is married, both the child and the spouse shall sign the application form.

86.3(2) *Application form.* An application for the HAWK-I program shall be submitted on Comm. 156, HAWK-I Application, or on Form 470-4016, HAWK-I Electronic Application Summary and Signature, unless the family applies for the Medicaid program first.

a. When an application has been filed for the Medicaid program in accordance with the provisions of rule 441—76.1(249A) and Medicaid eligibility does not exist in accordance with the provisions of rule 441—75.1(249A), or the family must meet a spenddown in accordance with the provisions of 441—subrule 75.1(35) before the child can attain eligibility, the Medicaid application shall be used to establish eligibility for the HAWK-I program in lieu of the HAWK-I Application, Comm. 156, or Form 470-4016, HAWK-I Electronic Application Summary and Signature.

b. Applications may be obtained by telephoning the toll-free telephone number of the third-party administrator or by accessing the Web site at www.hawk-i.org.

86.3(3) *Place of filing.* An application for the HAWK-I program shall be filed with the third-party administrator responsible for making the eligibility determination. Any local or area office of the department of human services, disproportionate share hospital, federally qualified health center, other facilities in which outstationing activities are provided, school nurse, Head Start, maternal and child health center, WIC office, or other entity may accept the application. However, all applications shall be forwarded to the third-party administrator.

86.3(4) *Date and method of filing.* The application is considered filed on the date an identifiable application is received by the third-party administrator or the department. An identifiable application is an application containing a legible name, address, and signature.

a. Medicaid applications referred to the HAWK-I program. When the family has applied for Medicaid first and the department local office makes a referral to the third-party administrator, the date the Medicaid application was originally filed with the department shall be the filing date.

b. Electronic applications. When an application is submitted electronically to the third-party administrator, the application is considered filed on the date the third-party administrator receives Form 470-4016, HAWK-I Electronic Application Summary and Signature, containing a legible signature.

86.3(5) *Right to withdraw application.* After an application has been filed, the applicant may withdraw the application at any time prior to the eligibility determination. Requests for voluntary withdrawal of the application shall be documented, and the applicant shall be sent a notice of decision confirming the request.

86.3(6) *Application not required.*

a. An application shall not be required when a child becomes ineligible for Medicaid and the local office of the department makes a referral to the HAWK-I program.

(1) A referral to the HAWK-I program pursuant to subrule 86.4(3) or 86.4(4) shall be accepted in lieu of an application.

(2) The original Medicaid application or the last review form that is on file in the local office of the department, whichever is more current, shall suffice to meet the signature requirements.

b. A new application shall not be required when an eligible child is added to an existing HAWK-I eligible group.

86.3(7) *Information and verification procedure.* The decision with respect to eligibility shall be based primarily on information furnished by the applicant, enrollee, or person acting on behalf of the applicant or enrollee.

a. The third-party administrator shall notify the applicant, enrollee, or person acting on behalf of the applicant or enrollee in writing of additional information or verification that is required to establish eligibility. The third-party administrator shall provide this notice personally, by mail, or by facsimile.

b. Failure to supply the information or verification or refusal to authorize the third-party administrator to secure the information shall serve as a basis for rejection of the application or cancellation of coverage.

c. The applicant, enrollee, or person acting on behalf of the applicant or enrollee shall have ten working days to supply the information or verification requested by the third-party administrator. The third-party administrator may extend the deadline for a reasonable period when the applicant, enrollee, or person acting on behalf of the applicant or enrollee is making every effort but is unable to secure the required information or verification from a third party.

86.3(8) *Time limit for decision.* The third-party administrator shall make a decision regarding the applicant's eligibility to participate in the HAWK-I program within ten working days from the date of receiving the completed application and all necessary information and verification unless the application cannot be processed within the period for a reason that is beyond the control of the third-party administrator.

a. EXCEPTION: When the application is referred for a Medicaid eligibility determination and Medicaid eligibility is denied, the third-party administrator shall determine HAWK-I eligibility no later than ten working days from the date the administrator receives the notice of Medicaid denial unless additional verification is needed.

b. “Day one” of the ten-day period shall mean the first working day following the date of receipt of a completed application and all necessary information and verification.

86.3(9) Applicant cooperation. An applicant must cooperate with the third-party administrator in the application process, which may include providing verification or signing documents. Failure to cooperate with the application process shall serve as basis for a denial of the application.

86.3(10) Waiting lists. When the department has established that all of the funds appropriated for this program are obligated, the third-party administrator shall deny all subsequent applications for HAWK-I coverage unless Medicaid eligibility exists.

a. The third-party administrator shall mail a notice of decision. The notice shall state that:

(1) The applicant meets the eligibility requirements but that no funds are available and that the applicant will be placed on a waiting list, or

(2) The person does not meet eligibility requirements. In which case, the applicant shall not be put on a waiting list.

b. Prior to an applicant’s being denied or placed on the waiting list, the third-party administrator shall refer the application to the Medicaid program for an eligibility determination. If Medicaid eligibility exists, the department shall approve the child for Medicaid coverage in accordance with 441—86.4(514I).

c. The third-party administrator shall enter applicants on the waiting list on the basis of the date an identifiable application form specified in subrule 86.3(2) is date-stamped by the third-party administrator. An identifiable application is an application containing a legible name, address, and signature.

(1) In the event that more than one application is received on the same day, the third-party administrator shall enter applicants on the waiting list on the basis of the day of the month of the oldest child’s birthday, the lowest number being first on the list.

(2) The third-party administrator shall decide any subsequent ties by the month of birth of the oldest child, January being month one and the lowest number.

d. If funds become available, the third-party administrator shall select applicants from the waiting list based on the order in which their names appear on the list and shall notify them of their selection.

e. After being notified of the availability of funding, the applicant shall have 15 working days to confirm the applicant’s continued interest in applying for the program and to provide any information necessary to establish eligibility. If the applicant does not confirm continued interest in applying for the program and does not provide any additional information necessary to establish eligibility within 15 working days, the third-party administrator shall delete the applicant’s name from the waiting list and shall contact the next applicant on the waiting list.

86.3(11) Falsification of information. A person is guilty of falsification of information if that person, with the intent to gain HAWK-I coverage for which that person is not eligible, knowingly makes or causes to be made a false statement or representation or knowingly fails to report to the third-party administrator or the department any change in circumstances affecting that person’s eligibility for HAWK-I coverage in accordance with rule 441—86.2(514I) and rule 441—86.10(514I).

In cases of founded falsification of information, the department may proceed with disenrollment in accordance with rule 441—86.7(514I) and require repayment in accordance with 441—Chapter 11 for the amount that was paid to a health plan by the department.

86.3(12) Applications pended due to unavailability of a plan. When there is no participating health plan in the applicant’s county of residence, the application shall be held until a plan is available. The application shall be processed when a plan becomes available and coverage shall be effective the first day of the month the plan becomes available.

441—86.4(514I) Coordination with Medicaid.

86.4(1) HAWK-I applicant appears eligible for Medicaid. At the time of initial application, if it appears the child may be eligible for Medicaid in accordance with the provisions of rule 441—75.1(249A), with the exception of meeting a spenddown under the medically needy program at 441—subrule 75.1(35), a referral shall be made by the third-party administrator to the department for a determination of Medicaid eligibility as follows:

a. The original Healthy and Well Kids in Iowa (HAWK-I) Application, Form 470-3526, or Form 470-4016, HAWK-I Electronic Application Summary and Signature Page, and copies of any accompanying information and verification shall be forwarded to the department within 24 hours, or the next working day, whichever is sooner. The third-party administrator shall maintain a copy of all documentation sent to the department and a log to track the disposition of all referrals.

b. The third-party administrator shall notify the family that the referral has been made. The third-party administrator shall return to the family any original verification and information that was submitted with the application and retain a copy in the file record.

c. The referral shall be considered an application for Medicaid in accordance with the provisions of rule 441—76.1(249A). The time limit for processing the referred application begins with the date the Healthy and Well Kids in Iowa (HAWK-I) Application, Form 470-3526, or Form 470-4016, HAWK-I Electronic Application Summary and Signature Page, is date-stamped as being received by the third-party administrator.

86.4(2) *HAWK-I enrollee appears eligible for Medicaid.* At the time of the annual review, if it appears the child may be eligible for Medicaid in accordance with the provisions of rule 441—75.1(249A), with the exception of meeting a spenddown under the medically needy program at 441—subrule 75.1(35), the third-party administrator shall make a referral to the department for a determination of Medicaid eligibility as stated in subrule 86.4(1) above. However, the child shall remain eligible for the HAWK-I program pending the Medicaid eligibility determination unless the 12-month certification period expires first.

86.4(3) *Medicaid applicant not eligible.* If a child is not eligible for Medicaid under the provisions of rule 441—75.1(249A), with the exception of meeting a spenddown under the medically needy program at 441—subrule 75.1(35), or is voluntarily excluded from the Medicaid eligible group under the provisions of 441—75.59(249A) and meets the criteria specified at 86.2(5), the department shall make a referral to the third-party administrator for an eligibility determination under the HAWK-I program as follows:

a. The department worker shall submit an electronic referral to the HAWK-I program or complete Form 470-3563, Referral to HAWK-I, and send the form and a copy of the Medicaid notice of decision to the third-party administrator.

b. The third-party administrator shall date-stamp Form 470-3563 with the date the completed form is received.

c. The third-party administrator shall notify the family of the referral and proceed with an eligibility determination under the HAWK-I program.

d. The period for processing the referral begins with the day on which:

(1) Form 470-3563, Referral to HAWK-I, is date-stamped as received by the third-party administrator; or

(2) The third-party administrator receives the electronic referral file.

86.4(4) *Medicaid member becomes ineligible.* If a child becomes ineligible for Medicaid under the provisions of rule 441—75.1(249A), with the exception of meeting a spenddown under the medically needy program at 441—subrule 75.1(35), or is voluntarily excluded from the Medicaid eligible group under the provisions of rule 441—75.59(249A) and meets the criteria specified at subrule 86.2(5), the department shall make a referral to the third-party administrator for an eligibility determination under the HAWK-I program as follows:

a. The department worker shall submit an electronic referral to the HAWK-I program or complete Form 470-3563, Referral to HAWK-I, and send the form and a copy of the Medicaid notice of decision to the third-party administrator.

b. The third-party administrator shall:

(1) Date-stamp Form 470-3563 with the date the completed form is received;

(2) Notify the family of the referral; and

(3) Proceed with an eligibility determination under the HAWK-I program.

c. The period for processing the referral begins with the day on which:

(1) Form 470-3563, Referral to HAWK-I, is date-stamped as received by the third-party administrator; or

- (2) The third-party administrator receives the electronic referral file.

441—86.5(514I) Effective date of coverage.

86.5(1) Initial application. Coverage for children who are determined eligible for the HAWK-I program on the basis of an initial application for either HAWK-I or Medicaid shall be effective the first day of the month following the month in which the application is filed, regardless of the day of the month the application is filed, or when a plan becomes available in the applicant's county of residence.

86.5(2) Referrals from Medicaid.

a. Cancellation of Medicaid. Coverage for children who are determined eligible for the HAWK-I program on the basis of a referral from Medicaid due to cancellation of Medicaid benefits shall be effective the first day of the month after Medicaid eligibility is lost, regardless of the date of the referral, in order to ensure that there is no break in coverage. However, when such a child does not meet the provisions of subrule 86.2(4), coverage shall be effective the first day of the month following the month in which health insurance coverage is lost.

b. Denial of Medicaid. Coverage for children who are determined eligible for the HAWK-I program on the basis of a referral from Medicaid due to denial of Medicaid benefits shall be effective no earlier than the first day of the month following the month in which the Medicaid application was received in accordance with 441—subrule 76.1(2). However, when such a child does not meet the provisions of subrule 86.2(4), coverage shall be effective the first day of the month following the month in which health insurance coverage is lost.

441—86.6(514I) Selection of a plan. At the time of initial application, if there is more than one participating plan available in the child's county of residence, the applicant shall select the plan in which the applicant wishes to enroll as part of the eligibility process. The enrollee may change plans only at the time of the annual review unless the provisions of subrule 86.7(1) or paragraph 86.6(2) "a" apply. The applicant may designate the plan choice verbally or in writing. Form 470-3574, Selection of Plan, may be used for this purpose but is not required.

86.6(1) Coverage in another county's plan. If a child traditionally travels to another county to receive medical care, the applicant may choose to participate in the plan available in the county in which the child receives medical care.

86.6(2) Period of enrollment. Once enrolled in a plan, the child shall remain enrolled in the selected plan for a period of 12 months unless:

a. There is a substantial change in the provider panel of the health plan originally chosen, as determined by the board. A substantial change means, but is not limited to, loss of a contracted hospital or provider group. When there is another participating health plan available in the child's county of residence, the child may disenroll from the current plan and enroll in the other health plan.

b. The child is disenrolled in accordance with the provisions of rule 441—86.7(514I). If a child is disenrolled from the plan and subsequently reapplies before the end of the original 12-month enrollment period, the child shall be enrolled in the plan from which the child was originally disenrolled unless the provisions of subrule 86.7(1) apply.

86.6(3) Failure to select a plan. When more than one plan is available, if the applicant fails to select a plan within ten working days of the written request to make a selection, the third-party administrator shall select the plan and notify the family of the enrollment. The third-party administrator shall select the plan on a rotating basis to ensure an equitable distribution between participating plans.

If the third-party administrator has assigned a child a plan, the family has 30 days to request enrollment into another participating plan. All changes shall be made prospectively and shall be effective on the first day of the month following the month of the request. If the family has not requested a change of enrollment into another available plan within 30 days, the provisions of 86.6(2) shall apply.

441—86.7(514I) Disenrollment. The child shall be disenrolled from the selected plan prior to the end of the 12-month enrollment period for any of the following:

86.7(1) *Child moves from the service area.* The child may be disenrolled from the plan when the child moves to an area of the state in which the plan does not have a provider network established. If the child is disenrolled, the child shall be enrolled in a participating plan in the new location. The period of enrollment shall be the number of months remaining in the original certification period.

86.7(2) *Age.* The child shall be disenrolled from the plan and canceled from the HAWK-I program as of the first day of the month following the month in which the child attained the age of 19.

86.7(3) *Nonpayment of premiums.* The child shall be disenrolled from the plan and canceled from the program as of the first day of the month in which premiums are not paid in accordance with the provisions of subrules 86.8(3) and 86.8(5).

86.7(4) *Iowa residence abandoned.* The child shall be disenrolled from the plan and canceled from the program as of the first day of the month following the month in which the child relocated to another state. A child shall not be disenrolled when the child is temporarily absent from the state in accordance with the provisions of subrule 86.2(6).

86.7(5) *Eligible for Medicaid.* The child shall be disenrolled from the plan and canceled from the program as of the first day of the month following the month in which the third-party administrator is notified of Medicaid eligibility. If there are months during which the child is covered by both the Medicaid and HAWK-I programs, the HAWK-I program shall be the primary payor and Medicaid shall be the payor of last resort.

86.7(6) *Enrolled in other health insurance coverage.* The child shall be disenrolled from the plan as of the first day of the month following the month in which the third-party administrator is notified that the child has other health insurance coverage. If there are months during which the child is covered by both another insurance plan and the HAWK-I program, the other insurance plan shall be the primary payor and HAWK-I shall be the payor of last resort.

86.7(7) *Admission to a nonmedical public institution.* The child shall be disenrolled from the plan and canceled from the program as of the first day of the month following the month in which the child enters a nonmedical public institution unless the temporary absence provisions of paragraph 86.2(3) “d” apply.

86.7(8) *Admission to an institution for mental disease.* The child shall be disenrolled from the plan and canceled from the program if the child is a patient in an institution for mental disease at the time of annual review.

86.7(9) *Employment with the state of Iowa.* The child shall be disenrolled from the plan and canceled from the HAWK-I program as of the first day of the month in which the child’s parent became eligible to participate in a health plan available to state of Iowa employees.

441—86.8(514I) Premiums and copayments.

86.8(1) *Income limit.* No premium shall be assessed when countable income is less than 150 percent of the federal poverty level for a family of the same size. When countable income is equal to or greater than 150 percent of the federal poverty level for a family of the same size, participation in the program is contingent upon the payment of a monthly premium.

EXCEPTION: No cost sharing shall be imposed on eligible American Indian or Alaskan Native children regardless of family income.

86.8(2) *Premium amount.* The premium amount shall be \$10 per month per child up to a maximum of \$20 per month per family.

86.8(3) *Due date.*

a. Initial premium. When the third-party administrator notifies the applicant that the applicant is eligible to participate in the program, the applicant shall pay any premiums due within ten working days. No premiums shall be assessed for months of coverage before, and including, the month of decision.

(1) All premiums due must be paid before the child will be enrolled for coverage. When the premium is received, the third-party administrator shall notify the plan of the enrollment.

(2) At the request of the family, the initial premium due date may be extended once for no more than ten calendar days. The request must be made on or before the due date.

(3) A premium received by the third-party administrator after the due date shall be considered as paid timely when the envelope is postmarked on or before the due date.

(4) An application shall be denied when the third-party administrator receives a premium postmarked after the due date.

b. Ongoing premiums. After the initial month of coverage, premiums are due by the tenth day of each month for the next month's coverage and must be postmarked no later than the last day of the month before the month of coverage.

(1) Failure to pay the premium by the last day of the month before the month of coverage shall result in disenrollment from the plan.

(2) Premiums may be paid in advance (e.g., on a quarterly or semiannual basis) rather than a monthly basis.

86.8(4) Reinstatement. A child may be reinstated once per enrollment period when the family fails to pay the premium by the last day of the month before the month of coverage. However, the premium must be paid or postmarked within the calendar month following the month of nonpayment and the premium must be paid in full in order for reinstatement to occur.

86.8(5) Method of premium payment. Premiums may be submitted in the form of cash, personal checks, automatic bank account withdrawals, or other methods established by the third-party administrator.

86.8(6) Failure to pay premium. Failure to pay the premium in accordance with subrules 86.8(3) and 86.8(5) shall result in disenrollment from the plan and cancellation from the program unless the reinstatement provisions of subrule 86.8(4) apply. Once a child is disenrolled and canceled from the program due to nonpayment of premiums, the family must reapply for coverage.

86.8(7) Copayment. There shall be a \$25 copayment for each emergency room visit if the child's medical condition does not meet the definition of emergency medical condition.

EXCEPTION: A copayment shall not be imposed when family income is less than 150 percent of the federal poverty level for a family of the same size or when the child is an eligible American Indian or Alaskan Native.

441—86.9(514I) Annual reviews of eligibility. All eligibility factors shall be reviewed at least every 12 months to establish ongoing eligibility for the program. "Month one" shall be the first month in which coverage is provided.

86.9(1) Review form. The third-party administrator shall send the family Form 470-3526, Healthy and Well Kids in Iowa (HAWK-I) Application, on which the answers, except for income, have been completed based on the information on file. The family shall review the completed information for accuracy and fill in the income section of the form. The family shall be required to provide verification of current income and sign and date the form attesting to its accuracy as part of the review process.

86.9(2) Failure to provide information. The child shall not be enrolled for the next 12-month period if the family fails to provide information and verification of income or otherwise fails to cooperate in the annual review process.

86.9(3) Change in plan. At the time of the annual review of eligibility, if more than one plan is available, the child may be enrolled in another plan. The plan choice may be designated verbally or in writing. Form 470-3574, Selection of Plan, may be used for this purpose. The child shall remain enrolled in the current plan if the family does not notify the third-party administrator, either verbally or in writing, of a new plan choice by the end of the current 12-month enrollment period.

441—86.10(514I) Reporting changes. Changes that may affect eligibility shall be reported timely to the third-party administrator. "Timely" shall mean no later than ten working days after the change occurred. "Day one" of the ten-day period shall mean the first working day following the date of the change. The parent, guardian, or other adult responsible for the child shall report the change. If the child is emancipated, married, or otherwise in an independent living situation, the child shall be responsible for reporting the change.

86.10(1) Pregnancy. The pregnancy of a child shall be reported when the pregnancy is diagnosed.

86.10(2) *Entry to a nonmedical public institution.* The entry of a child into a nonmedical public institution, such as a penal institution, shall be reported following entry to the institution.

86.10(3) *Iowa residence is abandoned.* The abandonment of Iowa residence shall be reported following the move from the state.

86.10(4) *Other insurance coverage.* Enrollment of the child in other health insurance coverage shall be reported.

86.10(5) *Employment with the state of Iowa.* The employment of the child's parent with the state of Iowa shall be reported.

86.10(6) *Decrease in income.* If the family reports a decrease in income, the third-party administrator shall ascertain whether the change affects the premium obligation of the family. If the change is such that the family is no longer required to pay a premium in accordance with the provisions of rule 441—86.8(514I), premiums will no longer be charged beginning with the month following the month of the report of the change.

86.10(7) *Failure to report changes.* Any benefits paid during a period of time in which the child was ineligible due to unreported changes will be subject to recoupment in accordance with 441—Chapter 11.

86.10(8) *Information reported by a third party.* Information reported by a third party shall not be acted upon until the information is verified in accordance with subrule 86.3(7).

86.10(9) *Cooperation.* The provisions of subrule 86.3(7) shall apply when a request for information or verification is made due to a change. In addition, failure of the enrollee or of the person acting on behalf of the enrollee to provide requested information or verification that may affect eligibility for the program shall result in cancellation and recoupment of all payments made by the department on behalf of the enrollee during the period in question.

86.10(10) *Effective date of change in eligibility.*

a. When a change in circumstances has a positive effect on eligibility, the change in eligibility shall be effective no earlier than the month following the month in which the change in circumstances was reported, regardless of when the change was reported.

b. When a change in circumstances has an adverse effect on eligibility, the change in eligibility shall be effective no earlier than the month following the issuance of a timely notification, in accordance with the provisions of rule 441—86.11(514I). When the change in circumstances was not reported timely, as defined in this rule, benefits shall be recouped beginning with the month following the month in which the change occurred.

c. When an anticipated change in circumstances is reported before the change occurs, no action shall be taken until the change actually occurs and is verified in accordance with the provisions of subrule 86.3(7).

441—86.11(514I) Notice requirements. The applicant shall be provided an adequate written notice of the decision of the third-party administrator regarding the applicant's eligibility for the HAWK-I program. The enrollee shall be notified in writing of any decision that adversely affects the enrollee's eligibility or the amount of benefits. The notice shall be timely and adequate as provided in 441—subrule 7.7(1).

441—86.12(514I) Appeals and fair hearings. If the applicant or enrollee disputes a decision by the third-party administrator to reduce, cancel or deny participation in the HAWK-I program, the applicant or enrollee may appeal the decision in accordance with 441—Chapter 7.

441—86.13(514I) Third-party administrator. The third-party administrator shall have the following responsibilities:

86.13(1) *Determination of eligibility.* The third-party administrator shall determine eligibility in accordance with the provisions of rule 441—86.2(514I).

86.13(2) *Dissemination of application forms and information.* The third-party administrator shall disseminate the following:

a. Rescinded IAB 10/17/01, effective 12/1/01.

b. Outreach materials, application forms, or other materials developed and produced by the department to any organization or individual making a request for the materials. If the request is for quantities exceeding ten, the third-party administrator shall forward the request to Iowa prison industries for dissemination.

c. Participating health plan information.

d. Other materials as specified by the department.

86.13(3) Toll-free dedicated customer services line. The third-party administrator shall maintain a toll-free multilingual dedicated customer service line in accordance with the requirements of the department.

86.13(4) HAWK-I program web site. The third-party administrator shall work in cooperation with the department to maintain a web site providing information about the HAWK-I program.

86.13(5) Application process. The third-party administrator shall process applications in accordance with the provisions of rule 441—86.3(514I).

a. Processing applications and mailing of approvals and denials shall be completed within ten working days of receipt of the application and all necessary information and verification unless the application cannot be processed within this period for a reason beyond the control of the third-party administrator.

b. Original verification information shall be returned to the applicant or enrollee upon completion of review.

86.13(6) Tracking of applications. The third-party administrator shall track and maintain applications. This includes, but is not limited to, the following procedures:

a. Date-stamping all applications with the date of receipt.

b. Screening applications for completeness and requesting in writing any additional information or verification necessary to establish eligibility. All information or verification of information attained shall be logged.

c. Entering all applications received into the data system with an identifier status of pending, approved, or denied.

d. Referring applications to the county office of the department, when appropriate, and receiving application referrals from the department.

e. Rescinded IAB 7/9/03, effective 7/1/03.

f. Notifying the plans when the number of enrollees who speak the same non-English language equals or exceeds 10 percent of the number of enrollees in the plan.

86.13(7) Effective date of coverage. The third-party administrator shall establish effective date of coverage in accordance with the provisions of rule 441—86.5(514I).

86.13(8) Selection of plan. The third-party administrator shall provide participating health plan information to families of eligible children by telephone or mail and, if necessary, offer unbiased assistance in the selection of a plan in accordance with the provisions of rule 441—86.6(514I).

86.13(9) Enrollment. The third-party administrator shall notify participating health plans of enrollments.

86.13(10) Disenrollments. The third-party administrator shall disenroll an enrollee in accordance with the provisions of rule 441—86.7(514I). The third-party administrator shall notify the participating health plan when an enrollee is disenrolled.

86.13(11) Annual reviews of eligibility. The third-party administrator shall annually review eligibility in accordance with the provisions of rules 441—86.2(514I) and 86.9(514I).

86.13(12) Acting on reported changes. The third-party administrator shall ensure that all changes reported by the HAWK-I enrollee in accordance with rule 441—86.10(514I) are acted upon no later than ten working days from the date the change is reported.

86.13(13) Premiums. The third-party administrator shall:

a. Calculate premiums in accordance with the provisions of rule 441—86.8(514I).

b. Collect HAWK-I premium payments. The funds shall be deposited into an interest-bearing account maintained by the department for periodic transmission of the funds and any accrued interest to the HAWK-I trust fund in accordance with state accounting procedures.

- c. Track the status of the enrollee premium payments and provide the data to the department.
- d. Mail a reminder notice to the family if the premium is not received by the due date.

86.13(14) Notices to families. The third-party administrator shall develop and provide timely and adequate approval, denial, and cancellation notices to families that clearly explain the action being taken in regard to an application or an existing enrollment. Denial and cancellation notices shall clearly explain the appeal rights of the applicant or enrollee. All notices shall be available in English and Spanish.

86.13(15) Records. The third-party administrator shall at a minimum maintain the following records:

- a. All records required by the department and the department of inspections and appeals.
- b. Records which identify transactions with or on behalf of each enrollee by social security number or other unique identifier.
- c. Application, case and financial records.
- d. All other records as required by the department in determining compliance with any federal or state law or rule or regulation promulgated by the United States Department of Health and Human Services or by the department.

86.13(16) Confidentiality. The third-party administrator shall protect and maintain the confidentiality of HAWK-I applicants and enrollees in accordance with 441—Chapter 9.

86.13(17) Reports to the department. The third-party administrator shall submit reports as required by the department.

86.13(18) Systems. The third-party administrator shall maintain data files that are compatible with the department's and the health plans' data files and shall make the system accessible to department staff.

441—86.14(514I) Covered services. The benefits provided under the HAWK-I program shall meet a benchmark, benchmark equivalent, or benefit plan that complies with Title XXI of the federal Social Security Act.

86.14(1) Required services. The participating health plan shall cover at a minimum the following medically necessary services:

- a. Inpatient hospital services (including medical, surgical, intensive care unit, mental health, and substance abuse services).
- b. Physician services (including surgical and medical, and including office visits, newborn care, well-baby and well-child care, immunizations, urgent care, specialist care, allergy testing and treatment, mental health visits, and substance abuse visits).
- c. Outpatient hospital services (including emergency room, surgery, lab, and x-ray services and other services).
- d. Ambulance services.
- e. Physical therapy.
- f. Nursing care services (including skilled nursing facility services).
- g. Speech therapy.
- h. Durable medical equipment.
- i. Home health care.
- j. Hospice services.
- k. Prescription drugs.
- l. Dental services (including restorative and preventative services).
- m. Hearing services.
- n. Vision services (including corrective lenses).

86.14(2) Abortion. Payment for abortion shall only be made under the following circumstances:

- a. The physician certifies that the pregnant enrollee suffers from a physical disorder, physical injury, or physical illness, including a life-endangering physical condition caused by or arising from the pregnancy itself, that would place the enrollee in danger of death unless an abortion is performed.
- b. The pregnancy was the result of an act of rape or incest.

441—86.15(514I) Participating health plans.

86.15(1) *Licensure.* The participating health plan must be licensed by the division of insurance of the department of commerce to provide health care coverage in Iowa or be an organized delivery system licensed by the director of public health to provide health care coverage.

86.15(2) *Services.* The participating health plan shall provide health care coverage for the services specified in rule 441—86.14(514I) to all children determined eligible by the third-party administrator.

a. The participating health plan shall make services it provides to HAWK-I enrollees at least as accessible to the enrollees (in terms of timeliness, duration and scope) as those services are accessible to other commercial enrollees in the area served by the plan.

b. Participating health plans shall ensure that emergency services (inpatient and outpatient) are available for treatment of an emergency medical condition 24 hours a day, seven days a week, either through the health plan's own providers or through arrangements with other providers.

c. If a participating plan does not provide statewide coverage, the plan shall participate in every county within the region in which the plan has contracted to provide services in which it is licensed and in which a provider network has been established. Regions are specified in rule 441—86.1(514I).

86.15(3) *Premium tax.* Premiums paid to participating health plans by the third-party administrator are exempt from premium tax.

86.15(4) *Provider network.* The participating health plan shall establish a network of providers. Providers contracting with the participating health plan shall comply with HAWK-I requirements, which shall include collecting copayments, if applicable.

86.15(5) *Medical cards.* Medical identification cards shall be issued by the participating health plan to the enrollees for use in securing covered services.

86.15(6) *Marketing.*

a. Participating health plans may not distribute directly or through an agent or independent contractor any marketing materials.

b. All marketing materials require prior approval from the department.

c. At a minimum, participating health plans must provide the following material in writing or electronically:

(1) A current member handbook that fully explains the services available, how and when to obtain them, and special factors applicable to the HAWK-I enrollees. At a minimum the handbook shall include covered services, network providers, exclusions, emergency services procedures, 24-hour toll-free number for certification of services, daytime number to call for assistance, appeal procedures, enrollee rights and responsibilities, and definitions of terms.

(2) All plan literature and brochures shall be available in English and any other language when enrollment in the plan by enrollees who speak the same non-English language equals or exceeds 10 percent of all enrollees in the plan and shall be made available to the third-party administrator for distribution.

d. All health plan literature and brochures shall be approved by the department.

e. The participating health plans shall not, directly or indirectly, conduct door-to-door, telephonic, or other "cold-call" marketing.

f. The participating health plan may make marketing presentations at the discretion of the department.

86.15(7) *Appeal process.* The participating health plan shall have a written procedure by which enrollees may appeal issues concerning the health care services provided through providers contracted with the plan and which:

a. Is approved by the department prior to use.

b. Acknowledges receipt of the appeal to the enrollee.

c. Establishes time frames which ensure that appeals be resolved within 60 days, except for appeals which involve emergency medical conditions, which shall be resolved within time frames appropriate to the situations.

d. Ensures the participation of persons with authority to take corrective action.

- e. Ensures that the decision be made by a physician or clinical peer not previously involved in the case.
- f. Ensures the confidentiality of the enrollee.
- g. Ensures issuance of a written decision to the enrollee for each appeal which shall contain an adequate explanation of the action taken and the reason for the decision.
- h. Maintains a log of the appeals which is made available to the department at its request.
- i. Ensures that the participating health plan's written appeal procedures be provided to each newly covered enrollee.
- j. Requires that the participating health plan make quarterly reports to the department summarizing appeals and resolutions.

86.15(8) *Appeals to the department.* Rescinded IAB 1/13/99, effective 1/1/99.

86.15(9) *Records and reports.* The participating health plan shall maintain records and reports as follows:

a. The plan shall comply with the provisions of rule 441—79.3(249A) regarding maintenance and retention of clinical and fiscal records and shall file a letter with the commissioner of insurance as described in Iowa Code section 228.7. In addition, the plan or subcontractor of the plan, as appropriate, must maintain a medical records system that:

- (1) Identifies each medical record by HAWK-I enrollee identification number.
- (2) Maintains a complete medical record for each enrollee.
- (3) Provides a specific medical record on demand.
- (4) Meets state and federal reporting requirements applicable to the HAWK-I program.
- (5) Maintains the confidentiality of medical records information and releases the information only in accordance with established policy below:

1. All medical records of the enrollee shall be confidential and shall not be released without the written consent of the enrollee or responsible party.

2. Written consent is not required for the transmission of medical records information to physicians, other practitioners, or facilities that are providing services to enrollees under a subcontract with the plan. This provision also applies to specialty providers who are retained by the plan to provide services which are infrequently used, which provide a support system service to the operation of the plan, or which are of an unusual nature. This provision is also intended to waive the need for written consent for department staff and the third-party administrator assisting in the administration of the program, reviewers from the peer review organization (PRO), monitoring authorities from the Centers for Medicare and Medicaid Services (CMS), the plan itself, and other subcontractors which require information as described under numbered paragraph "5" below.

3. Written consent is not required for the transmission of medical records information to physicians or facilities providing emergency care pursuant to paragraph 86.15(2) "b."

4. Written consent is required for the transmission of the medical records information of a former enrollee to any physician not connected with the plan.

5. The extent of medical records information to be released in each instance shall be based upon a test of medical necessity and a "need to know" on the part of the practitioner or a facility requesting the information.

6. Medical records maintained by subcontractors shall meet the requirements of this rule.

EXCEPTION: Written consent is required for the transmission of medical records relating to substance abuse, HIV, or mental health treatment in accordance with state and federal laws.

b. Each plan shall provide at a minimum reports and plan information to the third-party administrator as follows:

- (1) A list of providers of medical services under the plan.
- (2) Rescinded IAB 10/17/01, effective 12/1/01.
- (3) Rescinded IAB 10/17/01, effective 12/1/01.
- (4) Rescinded IAB 10/17/01, effective 12/1/01.
- (5) Encounter data on a monthly basis as required by the department.
- (6) Rescinded IAB 10/17/01, effective 12/1/01.

(7) Other information as directed by the department.

c. Each plan shall at a minimum provide reports and plan information to the department as follows:

(1) Information regarding the plan's appeal process.

(2) A plan for a health improvement program.

(3) Periodic financial, utilization and statistical reports as required by the department.

(4) Time-specific reports which define activity for child health care, appeals and other designated activities which may, at the department's discretion, vary among plans, depending on the services covered or other differences.

(5) Other information as directed by the department.

86.15(10) Systems. The participating health plan shall maintain data files that are compatible with the department's and third-party administrator's systems.

86.15(11) Payment to the participating health plan.

a. In consideration for all services rendered by a plan, the plan shall receive a payment each month for each enrollee. This capitation rate represents the total obligation of the department with respect to the costs of medical care and services provided to the enrollees.

b. The capitation rate shall be actuarially determined by the department July of 2000 and each fiscal year thereafter using statistics and data assumptions and relevant experience derived from similar populations.

c. The capitation rate does not include any amounts for the recoupment of losses suffered by the plan for risks assumed under the current or any previous contract. The plan accepts the rate as payment in full for the contracted services. Any savings realized by the plan due to lower utilization from a less frequent incidence of health problems among the enrolled population shall be wholly retained by the plan.

d. If an enrollee has third-party coverage or a responsible party other than the HAWK-I program available for purposes of payment for medical expenses, it is the right and responsibility of the plan to investigate these third-party resources and attempt to obtain payment. The plan shall retain all funds collected through third-party sources. A complete record of all income from these sources must be maintained and made available to the department.

86.15(12) Quality assurance. The plan shall have in effect an internal quality assurance system.

441—86.16(5141) Clinical advisory committee. Members of the clinical advisory committee established in accordance with the provisions of 441—paragraph 1.10(2) "c" shall be appointed to three-year terms. Members may be appointed for more than one term. No more than one-third of the membership of the committee shall rotate off the committee in any given calendar year.

441—86.17(5141) Use of donations to the HAWK-I program. If an individual or other entity makes a monetary donation to the HAWK-I program, the department shall deposit the donation into the HAWK-I trust fund. The department shall track all donations separately and shall not commingle the donations with other moneys in the trust fund. The department shall report the receipt of all donations to the HAWK-I board.

86.17(1) If the donor specifically identifies the purpose of the donation, regardless of the amount, the donation shall be used as specified by the donor as long as the identified purpose is permissible under state and federal law.

86.17(2) If the donation is less than \$5,000 and the donor does not specifically identify how it is to be used, the department shall use the moneys in the following order:

a. For the direct benefit of enrollees (e.g., premium payments).

b. For outreach activities.

c. For other purposes as determined by the HAWK-I board.

86.17(3) If the donation is more than \$5,000 and the donor does not specify how the funds are to be used, the HAWK-I board shall determine how the funds are to be used.

441—86.18(505) Health insurance data match program. All carriers, as defined in Iowa Code section 514C.13, shall enter into an agreement with the department to provide data necessary to allow the department to comply with the mandate of Iowa Code section 505.25. Each carrier shall either:

1. Enter into and maintain an agreement with the department on Form 470-4435, HAWK-I Data Use Agreement; or

2. Provide proof of an existing agreement with the department or the department's designee.

These rules are intended to implement Iowa Code chapter 514I.

CHAPTER 87
MEDICAID PROVIDER AUDITS
[Prior to 2/11/87, Human Services[498]]
Rescinded IAB 1/30/08, effective 4/1/08

CHAPTER 88
MANAGED HEALTH CARE PROVIDERS

[Prior to 2/11/87, Human Services[498]]

PREAMBLE

This chapter contains rules governing the delivery of managed health care under the Medicaid program. These rules make provision for the following managed health care options: health maintenance organizations (HMOs), prepaid health plans (PHPs), patient management, known as Medicaid Patient Access to Service System (MediPASS), and the managed care plan for the delivery of mental health and substance abuse services (Iowa Plan for Behavioral Health). The rules cover eligibility of a provider to participate, reimbursement methodologies, record-keeping requirements, grievance procedures and recipient enrollment and disenrollment procedures. Services covered or requiring authorization and recipient access to services are specified.

DIVISION I
HEALTH MAINTENANCE ORGANIZATION

441—88.1(249A) Definitions.

“*Capitation rate*” shall mean the fee the department pays monthly to an HMO for each enrolled recipient for the provision of covered medical and health services whether or not the enrolled recipient received services during the month for which the fee is intended.

“*Contract*” shall mean a contract between the department and an HMO for the provision of medical and health services to Medicaid recipients in which the HMO assumes a risk as defined in the contract. These contracts shall meet the requirements of the Code of Federal Regulations, Title 42, Part 434 as amended to December 31, 1996.

“*Covered services*” shall mean all or a part of those medical and health services set forth in 441—Chapter 78 and covered in the contract between the department and an HMO.

“*Department*” shall mean the Iowa department of human services.

“*Emergency care*” shall mean those medical services rendered for an emergent medical condition or protection of the public health.

“*Emergent medical condition*” shall mean a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect it to result in:

1. Placing the health of the person (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy,
2. Serious impairment to bodily functions, or
3. Serious dysfunction of any bodily organ or part.

The determination of whether an emergent medical condition exists shall be decided by a medical professional and shall be based on the patient’s medical condition, including presenting symptoms and medical history (as related to severe pain) prior to treatment.

In cases where the above criteria are satisfied, no prior authorization procedures are allowed.

“*Enrolled recipient*” shall mean a Medicaid recipient who is eligible for HMO enrollment as defined at subrule 88.2(4) and has been enrolled with an HMO as defined at subrule 88.3(2) or 88.3(7).

“*Enrollment area*” shall mean the county or counties or region or regions in which an HMO is licensed to operate by the state of Iowa and in which service capability exists as defined by the department and set forth in the contract. An enrollment area shall not be less than an entire county but may be less than a region. Regions shall be established by the department and outlined in the contract with the HMO.

“*Extended-participation program*” shall mean a mandatory six-month enrollment period with a managed care entity.

“*Federally qualified HMO*” shall mean an HMO qualified under Section 1315(a) of the Public Health Service Act as determined by the U.S. Public Health Service.

“*Grievance*” shall mean an incident, complaint, or concern which cannot be resolved in a manner satisfactory to enrolled recipients by the immediate response, verbal or otherwise, of the HMO staff member receiving the complaint or any complaint received in writing.

“*Health maintenance organization (HMO)*” shall mean a public or private organization which is licensed as an HMO under commerce department rules 191—Chapter 40.

“*Managed care entity*” shall mean either a managed care organization licensed by the department of insurance (e.g., HMO or PHP) or a primary care case management program (i.e., MediPASS).

“*Managed health care*” shall mean any one of the alternative deliveries of regular fee-for-service Medicaid such as defined in subrules dealing with health maintenance organizations (HMOs), prepaid health plans (PHPs), or Medicaid Patient Access to Service System (MediPASS).

“*Managed health care review committee*” shall mean a committee composed of representatives from the department. The committee shall review and render a decision on all requests for disenrollment which are not automatically approvable.

“*Mandatory enrollment*” shall mean mandatory participation in managed health care as specified in subrule 88.3(3).

“*Mandatory project county*” shall mean a county where the department has contracts with more than one managed care entity, one of which may be primary care case management (MediPASS) in cases where the number of MediPASS providers willing to serve as patient managers is sufficient to meet the needs and makeup of the recipient population in the county, or where the department has implemented the MediPASS program alone in the county.

“*Noncovered services*” shall mean services covered under Medicaid which are not included in the HMO’s contract with the department. Payment for these services will be made under regular Medicaid procedures.

“*Participating providers*” shall mean the providers of covered medical and health services who subcontract with or who are employed by an HMO.

“*Recipient*” shall mean any person determined by the department to be eligible for Medicaid and for HMO enrollment. See subrule 88.2(4) for a list of Medicaid eligibles who are not eligible for HMO enrollment.

“*Region*” shall mean an area consisting of two or more contiguous counties, as established by the department and specified in contracts with health maintenance organizations.

“*Routine care*” shall mean medical care which is not urgent or emergent in nature and can wait for a regularly scheduled physician appointment without risk of permanent damage to the patient’s life or health status. The condition requiring routine care is not likely to substantially worsen without immediate clinical intervention.

“*Urgent care*” shall mean those medical services rendered for an urgent medical condition or protection of the public health.

“*Urgent medical condition*” shall mean a medical condition manifesting itself by acute symptoms that are of lesser severity (including severe pain) than that recognized for an emergent medical condition, such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the illness or injury to result in:

1. Placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in jeopardy.
2. Impairment to bodily functions, or
3. Dysfunction of any bodily organ or part.

441—88.2(249A) Participation.

88.2(1) Contracts with HMOs. The department shall enter into contracts for the scope of services specified in 441—Chapter 78, or a part thereof, with an HMO licensed under the provisions of commerce department rules 191—Chapter 40.

a. The department must determine that the HMO meets the following additional requirements:

(1) It shall make the services it provides to its Medicaid enrollees at least as accessible to them (in terms of timeliness, duration and scope) as those services are accessible to nonenrolled Medicaid recipients in the area served by the HMO.

(2) It shall provide satisfaction to the department against the risk of insolvency and assure that Medicaid recipients shall not be responsible for its debts if it does become insolvent. Compliance

shall exist with commerce department rules regarding deposit requirements at 191—40.12(514B) and reporting requirements at 191—40.14(514B).

(3) For any contract executed or extended to be in effect on or after July 1, 2002, an HMO must have accreditation by the National Committee on Quality Assurance (NCQA) or the Joint Commission on Accreditation of Healthcare Organizations (JCAHO).

b. The contract shall meet the following minimum requirements. The contract shall:

- (1) Be in writing.
- (2) Be renewable by mutual consent for a period of up to three years.
- (3) List the services covered.
- (4) Describe information access and disclosure.
- (5) List conditions for nonrenewal, termination, suspension, and modification.
- (6) Specify the method and rate of reimbursement.
- (7) Provide for disclosure of ownership and subcontractor relationship.
- (8) Be made with the licensee by the department.
- (9) Specify the enrollment area which shall be at least a county and effective July 1, 1998, a region of two or more contiguous counties.

c. Any protests to the award of contracts shall be in writing and submitted to the director of the department. Prior to termination or suspension of a contract, the department shall send a notice to cure to the HMO, specifying the number of days the HMO has to correct the problems. Failure to correct the problems in the time given shall then result in termination or suspension. The HMO may appeal the decision of the department in writing to the director of the department or to the federal Department of Health and Human Services, Centers for Medicare and Medicaid Services, if the appeal documents state violations of federal law or regulation.

88.2(2) *Method of selection of HMO.* In those counties served by a single HMO, the department shall attempt to negotiate a contract. In those counties served by two or more HMOs, the department shall initiate communication and attempt to negotiate as many contracts as are cost-effective and administratively feasible. The department reserves the right to contract with more than one HMO serving any enrollment area.

a. *Request for proposal.* Rescinded IAB 11/10/93, effective 11/1/93.

b. *Minimum contract requirements.* Rescinded IAB 11/10/93, effective 11/1/93.

88.2(3) *Termination of contract.* The department and an HMO may by mutual consent terminate a contract by either party giving 60 days' written notice to the other party. The department may terminate or suspend a contract if the contract is determined by the department to be inconsistent with the overall goals and objectives of the Medicaid program. The determination shall be based on factors including, but not limited to, the following:

a. The HMO's delivery system does not ensure Medicaid recipients adequate access to medical services.

b. The HMO's delivery system does not ensure the availability of all services covered under the contract.

c. There are not proper assurances of financial solvency on the part of the HMO.

d. There is not substantial compliance with all provisions of the contract.

e. The HMO has discriminated against persons eligible to be covered under the contract on the basis of age, race, sex, religion, national origin, creed, color, physical or mental disability, political belief, health status, or the need for health services.

88.2(4) *Recipients eligible to enroll.* Any Medicaid-eligible recipient is eligible to enroll in a contracting HMO except for the following:

a. Recipients who are medically needy as defined at 441—subrule 75.1(35).

b. Recipients over the age of 65 and under the age of 21 in psychiatric institutions as defined at 441—Chapter 85.

c. Recipients who are supplemental security income-related case members.

d. Rescinded IAB 10/3/01, effective 12/1/01.

- e.* Recipients whose eligibility is in the process of automatic redetermination as defined at rule 441—76.11(249A).
- f.* Recipients who are foster care and subsidized adoption-related case members.
- g.* Recipients who are Medicare beneficiaries.
- h.* Recipients who are pregnant women and who are deemed to be presumptively eligible as defined at 441—subrule 75.1(30).
- i.* Recipients who are Native American Indians or Alaskan natives.
- j.* Recipients who are receiving services from a Title V provider.

441—88.3(249A) Enrollment.

88.3(1) *Enrollment area.* Counties in an HMO enrollment area shall be designated as either voluntary or mandatory. In voluntary counties enrollment is not required but eligible recipients may choose to join the HMO. See subrule 88.3(2) for information about voluntary enrollment. In mandatory counties enrollment is required for eligible recipients. See subrule 88.3(3) for information about mandatory enrollment.

88.3(2) *Voluntary enrollment.* When only one HMO in any county has a contract with the department, and the county is not a mandatory project county for Medicaid Patient Management (MediPASS) under subrule 88.43(1), enrollment by Medicaid recipients in the HMO is voluntary. The state encourages recipients to enroll in an HMO. Applicants and recipients eligible for HMO enrollment as set forth in subrule 88.2(4) are offered the option of HMO enrollment. Persons who enroll with the HMO shall have the right to request disenrollment at any time as defined at subrule 88.4(3).

Applicants or recipients can designate their choices on a form designated by the managed health care contractor or in writing to or with a verbal request to the Medicaid managed health care contractor. The form shall be available through the county office, provider offices, the HMO office, the managed health care contractor, or other locations at the department's discretion. If the HMO (or any entity listed above other than the managed health care contractor) receives the form, it shall be forwarded to the managed health care contractor within three working days.

Recipients shall be accepted by the HMO in the order in which they enroll without restrictions.

Recipients who choose not to enroll in an HMO shall be covered under regular Medicaid.

88.3(3) *Mandatory enrollment.* Participation in managed health care, if available, is required as specified in this subrule for covered eligibles who reside in a mandatory project county. The department shall require, whenever administratively feasible, that all eligible recipients enroll with a managed care entity. Administrative feasibility is determined by whether a freedom-of-choice waiver or state plan amendment has been approved by the Centers for Medicare and Medicaid Services and whether the managed care entities demonstrate sufficient access to and quality of services.

88.3(4) *Effective date.* The effective date of enrollment shall be no later than the first day of the second month subsequent to the date on which the managed health care contractor receives the designated managed health care choice form or written or verbal request except as defined at 88.4(4) "b." The recipients shall be entitled to regular Medicaid until the effective date of HMO enrollment which shall always be the first day of the month. The effective date shall be earlier than the second subsequent month where computer cutoff allows.

88.3(5) *Identification card.* The HMO may issue an appropriate identification card to the enrollee or request the department to do it on its behalf. The identification card shall be issued so the recipient receives it prior to the effective date of enrollment.

88.3(6) *Limitations on enrollment.* Contracting managed care entities may specify in a contract a limit to the number of recipients who can be assigned under subrule 88.3(7). If a limit is specified, the contracting entity must still provide services to all enrolled recipients who voluntarily select enrollment in that option. If a specified limitation is reached, the remaining assignment needs in that county shall be met by the other managed care entities who are contracting with the department in that county.

88.3(7) *Enrollment procedures.* In mandatory enrollment counties, recipients shall be required to choose their managed care entity. When no choice is made by the recipient, the recipient shall be assigned to a contracting health maintenance organization (HMO) serving the recipient's county of residence

when an HMO is available or to a MediPASS patient manager on a rotating basis to ensure an equitable distribution between the HMO and MediPASS programs based on the number of managed health care options (MediPASS and HMOs) available in the county. In the event there is no contracting HMO serving the recipient's county of residence in a mandatory enrollment county, the recipient shall be assigned to a MediPASS patient manager.

Within the MediPASS option, recipients shall be assigned according to age appropriateness. Whenever possible, family units shall be assigned to the same provider that an enrolled family member has selected, if that provider is appropriate according to age parameters. If not, the household shall be assigned to another physician. MediPASS patient managers shall not be assigned more recipients than their self-imposed maximum or the maximum described in subrule 88.46(5), whichever is lower.

Recipients who are assigned a managed care entity as described in this subrule shall have at least ten days in which to request enrollment in a different available entity. The change is subject to provisions in subrule 88.4(2) dealing with the effective date.

a. Timely notice. Recipients shall be sent timely notice of the managed care entity assignment. The recipient shall have a minimum of ten days in which a change to the assigned managed care entity can be made. The notice shall include the name of the managed care entity to whom the recipient shall be assigned if the recipient does not make a different selection by the date specified in the notice. If the covered eligible does not make a selection before the due date, the recipient shall be enrolled with the managed care entity listed on the notice.

b. Enrollment. Enrollment in managed health care shall be discussed during the face-to-face interview with all applicants for Medicaid under covered categories of assistance in mandatory or voluntary enrollment areas. The applicant shall be shown an informational videotape and encouraged to make a selection of a managed care entity. Applicants in mandatory enrollment areas shall be informed that should the applicant become eligible for a managed health care selection, one shall be assigned. Covered eligibles who are not enrolled shall be sent a notice of their managed health care assignment when the recipient:

- (1) Attains initial eligibility for a covered category of service in a mandatory project county.
- (2) Changes from an excluded category of assistance to a covered category of assistance in a mandatory project county.
- (3) Is receiving a covered category of assistance and moves from a county where no managed health care is available or from a voluntary project county to a mandatory project county.
- (4) Reattains eligibility.
- (5) Has a new member of the household receiving a covered category of assistance.

c. Selection of a managed health care provider. A list of health care providers participating in managed care entities serving the county shall be available to recipients for use in selecting a provider. If the recipient wishes to request an exception to the list of available managed health care providers, the managed health care review committee shall make a determination on the exception request. While the determination is being made, the recipient's enrollment shall be placed in a pending status.

d. Request to change enrollment. An enrolled recipient may, within 90 days from timely notice, request to change enrollment from one managed health care provider to another or one managed care entity to another. The request may be made on a choice form designated by the department, in writing, or by telephone call to the toll-free recipient managed health care telephone line maintained by the department. Changes are subject to the provisions of subrule 88.4(2) dealing with effective date.

e. Managed care entity extended-participation program (EPP). After the initial 90 days from timely notice, recipients will remain enrolled with the chosen entity for the following six months, with three exceptions:

- (1) A request for disenrollment by recipient for good cause pursuant to paragraph 88.4(3) "a."
- (2) A request for disenrollment by provider for good cause pursuant to paragraph 88.4(3) "b."
- (3) Availability of a new, previously unavailable, managed care entity. In this instance recipients will be allowed to select that entity for the remainder of the current EPP period.

f. Enrollment cycle. Prior to the end of any EPP period, recipients shall be notified of their ability to enroll with a different managed care option. A change in enrollment or failure to change enrollment will begin a new EPP enrollment period at the end of the current EPP.

441—88.4(249A) Disenrollment.

88.4(1) Disenrollment request. Rescinded IAB 5/6/98, effective 7/1/98.

88.4(2) Effective date. Disenrollment will be effective no later than the first day of the second calendar month after the month in which the department receives a request for disenrollment. The recipient will remain enrolled in the HMO and the HMO will be responsible for services covered under the contract until the effective date of disenrollment which will always be the first day of a month.

88.4(3) Disenrollment process. The recipient may complete the form designated by the managed health care contractor which can be obtained through the locations described in subrule 88.3(2). The recipient may also make a verbal or written request through the managed health care contractor. If the HMO or any other entity described in subrule 88.3(2) receives a request to disenroll from the recipient, the request shall be forwarded to the Medicaid managed health care contractor office within three working days. If the recipient must show good cause for disenrollment or if the HMO is requesting disenrollment, the determination as to whether disenrollment shall occur shall be made by the managed health care review committee within 30 days. If the recipient or HMO disagrees with the decision of the review committee, an appeal may be filed under the provisions of 441—Chapter 7. The HMO may request disenrollment of a recipient by showing good cause and completing Form 470-2169, Managed Health Care Provider Request for Disenrollment. If the county office receives a completed Form 470-2169 from the managed health care provider, the county office shall forward the form to the managed health care review committee within three days.

a. Request for disenrollment by the recipient. The enrolled recipient may request disenrollment by completing a choice form designated by the managed health care contractor, in writing or by telephone call to the toll-free recipient managed health care telephone line maintained by the department at any time prior to enrollment with a managed health care entity and within the 90 days from timely notice date. After this time period, a recipient may be disenrolled for good cause when the recipient can demonstrate that services were untimely, inaccessible, of insufficient quality or inadequately provided. In a mandatory county, a disenrollment request must be accompanied by a choice for another managed health care provider.

b. Request for disenrollment by the HMO. With prior approval of the DHS/HMO Review Committee a recipient may be disenrolled when:

(1) There is evidence of fraud or forgery in the use of HMO services or in the application for HMO coverage.

(2) There is evidence of unauthorized use of the HMO identification card.

(3) Upon documentation that the HMO has been unable after reasonable efforts to establish or maintain a satisfactory physician-patient relationship with the recipient. Examples include, but are not limited to, repeated failure to follow a prescribed treatment plan, disruptive or abusive behavior with office or clinic staff, documented pattern of missed appointments or “drop-in” requests for service without making appointments.

88.4(4) Disenrollments by the department. Disenrollments will occur when:

a. The contract between the department and the HMO is terminated.

b. The recipient becomes ineligible for Medicaid. If the recipient becomes ineligible and is later reinstated to Medicaid, enrollment in the HMO will also be reinstated.

c. The recipient permanently moves outside the HMO’s enrollment area.

d. The recipient transfers to an eligibility group excluded from HMO enrollment. See definition of recipient in rule 441—88.1(249A).

e. The department has determined that participation in the HIPP (Health Insurance Premium Payment) program as described in rule 441—75.21(249A) is more cost-effective than enrollment in managed health care.

f. The department has determined that the recipient's enrollment in the recipient lock-in program, as defined in rule 441—76.9(249A), would be more cost-effective for the department.

88.4(5) *No disenrollment for health reasons.* No recipient will be disenrolled from an HMO because of an adverse change in health status.

441—88.5(249A) Covered services.

88.5(1) *Amount, duration, and scope of services.* Except as provided for in the contract, HMOs shall cover as a minimum all services covered by the Medicaid program as set forth in 441—Chapter 78.

a. The recipient shall be issued Form 470-1911, Medical Assistance Eligibility Card, and information about those services not covered by the HMO.

b. To the maximum extent possible, the HMO shall make enrolled recipients aware of alternate providers for services not covered by the HMO.

88.5(2) *Required services.*

a. The HMO shall cover as a minimum the following services:

- (1) Inpatient hospital services.
- (2) Outpatient hospital services.
- (3) Physician services.
- (4) Family planning services.
- (5) Home health agency services.
- (6) Early periodic screening, diagnosis and treatment for individuals under the age of 21.
- (7) Laboratory and X-ray services.
- (8) Rural health clinic services (where available).
- (9) Advanced registered nurse practitioners.
- (10) Optometric and ophthalmology services.
- (11) Clinic services.
- (12) Ambulance services.
- (13) Rescinded IAB 11/5/97, effective 1/1/98.
- (14) Other practitioner services (e.g., speech therapy, audiology, physical therapy, and occupational therapy).
- (15) Rehabilitation agencies.

b. HMOs shall attempt to subcontract with all local family planning clinics funded by Title X moneys and maternal and child health centers funded by Title V moneys. The attempt to contract by the HMO is expected to be a reasonable and good faith effort. The determination of whether or not a good faith effort was made shall be completed by the department.

88.5(3) *Excluded services.* Unless specifically included in the contract, HMOs will not be required to cover:

- a.* Long-term care (skilled nursing facilities, intermediate care facilities, residential care facilities, state hospital schools, or intermediate care facilities for the mentally retarded).
- b.* Inpatient psychiatric care provided at state-administered mental health institutes.
- c.* Services provided by the area education agencies.
- d.* Services provided at psychiatric medical institutions for children.
- e.* Dental services.
- f.* Hospice services.
- g.* Mental health services as defined in rule 441—88.65(249A).
- h.* Rescinded IAB 8/1/07, effective 9/5/07.
- i.* Psychiatric services.
- j.* Infant and toddler program services.
- k.* Local education agency services.

Reimbursement to recipients for nonemergency medical transportation as described at rule 441—78.13(249A) will not be covered by the HMO. The department will continue to reimburse as it currently does for this service.

88.5(4) Restrictions and limitations. If the HMO covers a type of service which is also covered under Medicaid, the HMO shall offer the same scope of procedures available under regular Medicaid as described in the provisions at 441—Chapter 78. The HMO may not impose limitations on days of service or length of stay not pertinent to regular Medicaid. The HMO may, however, require the use of certain providers, as defined in subrule 88.5(5); require preauthorization for services other than those meeting the definition of emergency, as defined in rule 441—88.1(249A); direct enrollees to the appropriate level of care for receipt of covered services; and deny payment if these enrollment requirements are not met by the enrollee. The HMO may at its discretion offer services to recipients beyond the scope of Medicaid as defined in 441—Chapter 78.

88.5(5) Recipient use of HMO services. A recipient enrolled in an HMO must use HMO providers of service, unless the HMO has authorized a referral to a provider outside the HMO for provision of a service or treatment plan. Payment shall be denied by the HMO on claims for services provided by non-HMO providers if the same service is covered by the HMO under its contract with the department except as provided in rule 441—88.6(249A), as allowed for by a referral to a non-HMO provider, or as an additional service permitted by subrule 88.5(4).

441—88.6(249A) Emergency and urgent care services.

88.6(1) Availability of services. The HMO shall ensure that emergency services are available on an emergency basis 24 hours a day, seven days a week, either through the HMO's own providers or through arrangements with other providers. In addition the HMO must provide payment to nonparticipating providers within 60 days of receipt of the bill for all contracted services furnished by providers which do not have arrangements with the HMO to provide services but were provided because they were needed immediately as defined at rule 441—88.1(249A) and in which cases the medical emergency does not permit a choice of provider.

88.6(2) HMO payment liability. HMO payment liability on account of injury or emergency illness is limited to emergency care as defined in rule 441—88.1(249A). If an ambulance is medically necessary to transport the recipient to follow-up treatment the HMO shall be financially liable. The HMO may require that follow-up treatment to an emergency be provided by HMO-participating providers.

If a recipient is injured or becomes ill and receives emergency services while temporarily outside the HMO's enrollment area, the HMO shall pay the facility or person who rendered the emergency care for emergency medical services and medical services, for inpatient hospital services in a general hospital as a result of the emergency, and for emergency ambulance service.

88.6(3) Notification and claim filing time spans. The HMO may set notification and claim filing time limitations in the event of the provision of care by nonparticipating providers. However, failure to give notice or file claims within those time limitations will not invalidate any claim if it can be shown not to have been reasonably possible to give such notice and that notice was in fact given as soon as was reasonably possible.

88.6(4) Provision of urgent care. If the recipient is assigned to a patient manager by the HMO, the patient manager shall arrange for urgent care within 24 hours by either providing it or referring to and authorizing another appropriate provider to provide care.

441—88.7(249A) Access to service.

88.7(1) Choice of provider. Recipients will have the opportunity to choose their health care professionals to the extent possible and medically appropriate from any of the HMO providers participating in the Medicaid project.

88.7(2) Medical service delivery sites. Medical service delivery sites must have the following specific characteristics:

- a. Be located within 30 miles of and accessible from the personal residences of enrolled recipients.
- b. Have sufficient staff resources to adequately provide the medical services contracted for by the site including physicians with privileges at one or more participating acute care hospitals.
- c. Have arrangements for services to be provided by other providers where in-house capability to serve specific medical needs does not exist.

- d. Meet the applicable standards for participating in the Medicaid program.
- e. Be in compliance with all applicable local, state, and federal standards related to the service provided as well as those for fire and safety.

88.7(3) Adequate appointment system. The HMO shall have procedures for the scheduling of patient appointments which are appropriate to the reason for the visit as follows:

- a. Patients with urgent symptoms shall be seen within one day of contacting their HMO provider at an HMO medical service delivery site.
- b. Patients with persistent symptoms shall be seen within 48 hours of reporting of the onset of the persistent symptoms.
- c. Patient routine visits shall be scheduled within four to six weeks of the date the patient requests the appointment.
- d. Scheduling of appointments shall be by specific time intervals and not on a block basis.

88.7(4) Adequate after hours call-in coverage. The HMO must have in effect the following arrangements which provide for adequate after hours call-in coverage.

- a. Twenty-four-hour-a-day phone coverage shall exist.
- b. If a physician does not respond to the initial telephone call there must be a written protocol specifying when a physician must be consulted. Calls requiring a medical decision shall be forwarded to the on-call physician and a response to each call which requires a medical decision must be provided by the physician within 30 minutes.
- c. Notations shall be made in the patient's medical record of relevant information related to an after-hours call.

88.7(5) Adequate referral system. The HMO must effect the following arrangements which provide for an adequate referral system:

- a. A network of referral sources for all services which are covered in the contract and not provided by the HMO directly.
- b. Procedures for the return of relevant medical information from referral sources including review of information by the referring physician, entry of information into the patient's medical record, and arrangements for periodic reports from ongoing referral arrangements.
- c. A notation for hospitalized patients in the medical record indicating the reason, date, and duration of hospitalization and entry of pertinent reports from the hospitalization and discharge planning in the medical record.

441—88.8(249A) Grievance procedures.

88.8(1) Written procedure. The HMO must have a written procedure by which enrolled recipients may express grievances, complaints, concerns, or recommendations, either individually or as a class and which:

- a. Is approved by the department prior to use.
- b. Acknowledges receipt of a grievance to the grievant.
- c. Sets time frames for resolution including emergency procedures which are appropriate to the nature of the grievance and which require that all grievances shall be resolved within 30 days.
- d. Ensures the participation of persons with authority to require corrective action.
- e. Includes at least one level of appeal.
- f. Ensures the confidentiality of the grievant.
- g. Ensures issuance of a departmentally approved notice of decision for each adverse action and for each decision on requests for HMO reconsideration. These notices shall contain the enrollee's appeal rights with the department and shall contain an adequate explanation of the action taken and the reason for the decision.

88.8(2) Written record. All grievances, including informal or verbal complaints, which must be referred or researched for resolution must be recorded in writing. A log of the grievances must be maintained and made available at the time of audit and must include progress notes and resolutions.

88.8(3) Information concerning grievance procedures. The HMO's written grievance procedure must be provided to each newly covered recipient not later than the effective date of coverage.

88.8(4) Appeals to the department. A recipient shall exhaust the established grievance procedure of the HMO before appealing the issue to the department under the provisions of 441—Chapter 7. The HMO appeal process shall not be more stringent in requirements and time frames than the department's appeal process. The HMO shall issue a written notice stating the outcome of all appeals.

88.8(5) Periodic report to the department. The HMO must make quarterly reports to the department summarizing grievances and resolutions as specified in the contract.

441—88.9(249A) Records and reports.

88.9(1) Medical records system. The HMO shall comply with the provisions of rule 441—79.3(249A) regarding maintenance and retention of clinical and fiscal records and shall file a letter with the commissioner of insurance as described in Iowa Code section 228.7. In addition the HMO must maintain a medical records system which:

- a. Identifies each medical record by state identification number.
- b. Identifies the location of every medical record.
- c. Places medical records in a given order and location.
- d. Provides a specific medical record on demand.
- e. Maintains the confidentiality of medical records information and releases the information only in accordance with established policy pursuant to subrule 88.9(3).
- f. Maintains inactive medical records in a specific place.
- g. Permits effective professional review in medical audit processes.
- h. Facilitates an adequate system for follow-up treatment including monitoring and follow-up of off-site referrals and inpatient stays.
- i. Meets state and federal reporting requirements applicable to HMOs.

88.9(2) Content of individual medical record. The HMO must have in effect arrangements which provide for an adequate medical record-keeping system which includes a complete medical record for each enrolled recipient in accordance with provisions set forth in the contract.

88.9(3) Confidentiality of records. HMOs must maintain the confidentiality of medical record information and release the information only in the following manner:

- a. All medical records of enrolled recipients shall be confidential and shall not be released without the written consent of the enrolled recipients or responsible party.
- b. Written consent is not required for the transmission of medical record information to physicians, other practitioners, or facilities who are providing services to enrolled recipients under a subcontract with the HMO. This provision also applies to specialty providers who are retained by the HMO to provide services which are infrequently used, provide a support system service to the operation of the HMO, or are of an unusual nature. This provision is also intended to waive the need for written consent for department staff assisting in the administration of the program, reviewers from the peer review organization (PRO), monitoring authorities from the Centers for Medicare and Medicaid Services (CMS), the HMO itself, and other subcontractors which require information as described under paragraph "e" of this subrule.
- c. Written consent is not required for the transmission of medical record information to physicians or facilities providing emergency care pursuant to rule 441—88.6(249A).
- d. Written consent is required for the transmission of the medical record information of a former enrolled recipient to any physician not connected with the HMO.
- e. The extent of medical record information to be released in each instance shall be based upon tests of medical necessity and a "need to know" on the part of the practitioner or a facility requesting the information.
- f. Medical records maintained by subcontractors must meet the requirements of this rule.

88.9(4) Reports to the department. Each HMO shall submit reports to the department as follows:

- a. Annual audited financial statements no later than 120 days after the close of the HMO's fiscal year or other additional terms as specified by the contract.
- b. Periodic financial, utilization, and statistical reports as required by the department under the contract.

c. Time-specific reports required by the contract which define activity for child health care, grievances, and other designated activities which may, at the department's discretion, vary among HMOs, depending on the services covered and other contractual differences.

88.9(5) Audits. The department or its designee and the U.S. Department of Health and Human Services (HHS) may evaluate through inspections or other means the quality, appropriateness, and timeliness of services performed by the HMO. The department or HHS may audit and inspect any records of an HMO, or the subcontractor of the HMO that pertain to services performed and the determination of amounts paid under the contract. These records will be made available at times, places, and in a manner as authorized representatives of the department, its designee or HHS may request.

441—88.10(249A) Marketing.

88.10(1) General requirements. An HMO may not distribute directly or through any agent or independent contractor any marketing materials, without the prior approval of the department, and may not distribute marketing materials that contain false or materially misleading information.

a. *Service market.* An HMO shall distribute any marketing materials to its entire service area or region.

b. *Prohibition of tie-ins.* An HMO, or any agency of the entity, may not seek to influence an individual's enrollment with the HMO in conjunction with the sale of any other insurance.

c. *Prohibiting marketing fraud.* Each HMO shall comply with the procedures and conditions the department prescribes in the contract in order to ensure that, before an individual is enrolled with the HMO, the individual is provided accurate oral and written information sufficient to make an informed decision whether or not to enroll.

d. *Prohibition of "cold-call" marketing.* HMOs shall not, directly or indirectly, conduct door-to-door, telephonic, or other "cold-call" marketing of enrollment.

88.10(2) Marketing representatives. Marketing representatives utilized to market Medicaid recipients must be sufficiently trained and capable of performing marketing activities within the requirements of the contract. The HMO's marketing representatives must represent the HMO in an honest and straightforward manner. In its marketing presentations the HMO must include information which ensures that the marketing representative is not mistaken for a state or county employee.

88.10(3) Marketing presentations. The HMO may make marketing presentations in the local offices of the department or otherwise include the department in their marketing efforts at the discretion of the department.

88.10(4) Marketing materials. Written material must include a marketing brochure or a member handbook that fully explains the services available, how and when to obtain them, and special factors applicable to Medicaid recipients as specified in the contract.

441—88.11(249A) Patient education.

88.11(1) Health education procedures. The HMO will have written procedures for health education designed to prepare patients for participation in and reaction to specific medical procedures and to instruct patients in self-management of medical problems and in disease prevention. This service may be provided by any health practitioner or by any other person approved by the HMO.

88.11(2) Use of services. The HMO will have procedures in effect to orient covered persons in the use of all services provided. This includes but is not limited to written instructions regarding appropriate use of the referral system, grievance procedure, after hours call-in system, and provisions for emergency treatment.

88.11(3) Patient rights and responsibilities. The HMO shall have in effect a written statement of patient rights and responsibilities which is available to patients upon request and which is sent to all new enrolled recipients. The rights of the recipient to request disenrollment shall be included.

441—88.12(249A) Reimbursement.

88.12(1) Capitation rate. In consideration for all services rendered by an HMO under a contract with the department, the HMO will receive a payment each month for each enrolled recipient. This

capitation rate represents the total obligation of the department with respect to the costs of medical care and services provided to enrolled recipients under the contract.

A portion of any increase in capitation payments may be reserved for an incentive payment to be paid based on the percentage of counties in a region included in an HMO's enrollment area. Incentive payments shall be made retroactively to the beginning of a state fiscal year if an HMO increases the percentage of counties in a region included in its enrollment area.

88.12(2) *Determination of rate.* The capitation rate is actuarially determined for the beginning of each new fiscal year using statistics and data about Medicaid fee-for-service expenses for HMO-covered services to a similar population during a base fiscal year. The capitation rate shall not exceed the cost to the department of providing the same services on a fee-for-service basis to an actuarially equivalent nonenrolled population group. HMOs electing to share risk with the department shall have their payment rates reduced by an amount reflecting the department's experience for high cost fee-for-service recipients.

88.12(3) *Amounts not included in rate.* The capitation rate does not include any amounts for the recoupment of losses suffered by the HMO for risks assumed under the contract or any previous risk contract. Any savings realized by the HMO due to the expenditure for necessary health services by the enrolled population being less than the capitation rate paid by the department will be wholly retained by the HMO.

88.12(4) *Third-party liability.* If an enrolled recipient has health insurance coverage or a responsible party other than the Medicaid program available for payment of medical expenses it is the right and responsibility of the HMO to investigate these third-party resources and attempt to obtain payment. The HMO will retain all funds collected for third-party resources. A complete record of all income from these sources must be maintained and made available to the department on request.

441—88.13(249A) *Quality assurance.* The HMO shall have in effect an internal quality assurance system that meets the requirements of 42 CFR 434.44 as amended to December 31, 1996, and a system of periodic medical audits meeting the requirements of 42 CFR 434.53 as amended to December 13, 1990.

441—88.14(249A) *Contracts with federally qualified health centers (FQHCs) and rural health clinics (RHCs).* In the case of services provided pursuant to a contract between an FQHC or RHC and a managed care organization, the organization shall provide payment to the FQHC or RHC that is not less than the amount of payment that it would make for the services if furnished by a provider other than an FQHC or RHC. The payment from the managed care organization to the FQHC or RHC shall be supplemented by a direct payment from the department to the FQHC or RHC to provide reimbursement at 100 percent of reasonable cost as determined by Medicare cost reimbursement principles. FQHCs and RHCs shall be required to submit Form 470-3495, Managed Care Wraparound Payment Request Form, to the Iowa Medicaid enterprise provider audits and rate-setting unit to document Medicaid encounters and differences between payments by the managed care organization and 100 percent of reasonable cost as determined by Medicare cost reimbursement principles.

441—88.15 to 88.20 Reserved.

DIVISION II
PREPAID HEALTH PLANS

441—88.21(249A) *Definitions.*

"Capitation rate" shall mean the fee the department pays monthly to a PHP for each enrolled recipient for the provision of covered medical services whether or not the enrolled recipient received services during the month for which the fee is intended.

"Contract" shall mean a contract between the department and a PHP for the provision of medical services to enrolled Medicaid recipients for whom the PHP assumes a risk as defined in the contract. These contracts shall meet the requirements of the Code of Federal Regulations, Title 42, Part 434 as amended to December 31, 1996.

“*Department*” shall mean the Iowa department of human services.

“*Emergency service*” shall mean those medical services rendered under unforeseen conditions which require hospitalization for the treatment of accidental injury and relief of acute pain, which, if not immediately diagnosed and treated, would result in risk of permanent danger to the patient’s health.

“*Enrollment area*” shall mean the county or counties which the PHP has capability to serve and is defined in the contract with the department. An enrollment area shall not be less than an entire county.

“*Grievance*” shall mean an incident, complaint, or concern which cannot be resolved in a manner satisfactory to enrolled recipients by the immediate response, verbal or otherwise, of the PHP staff member receiving the complaint or any complaint received in writing.

“*Managed health care*” shall mean any one of the alternative deliveries of regular, fee-for-service Medicaid such as defined in subrules dealing with health maintenance organizations (HMOs), or prepaid health plans (PHPs), or Medicaid Patient Access to Service System (MediPASS).

“*Managed health care review committee*” shall mean a committee composed of representatives from the department. The committee shall review and render a decision on all requests for disenrollment which are not automatically approvable.

“*Managed services*” shall mean all or part of those medical services set forth in 441—Chapter 78 and covered in the contract between the department and a PHP.

“*Nonmanaged services*” shall mean medical services covered under regular Medicaid, but which are not covered in the PHP’s contract with the department. Payment for nonmanaged services incurred by an enrolled recipient shall be made under regular Medicaid procedures.

“*Participating providers*” shall mean the providers of covered medical services who subcontract with or who are employed by the PHP.

“*Prepaid health plan (PHP)*” shall mean an entity defined in Section 1903(m)(2)(B)(iii) of the Social Security Act and considered to be a PHP by the department based upon criteria set forth in the Code of Federal Regulations at Title 42, Part 434.20(a)(3) as amended to March 31, 1991.

“*Recipient*” shall mean any person determined by the department to be eligible for Medicaid and for PHP enrollment. See subrule 88.22(4) for a list of Medicaid eligibles who are not eligible for PHP enrollment.

“*Routine care*” shall mean medical care which is not urgent or emergent in nature and can wait for a regularly scheduled physician appointment without risk of permanent damage to the patient’s life or health status. The condition requiring routine care is not likely to substantially worsen without immediate clinical intervention.

“*Urgent, nonemergency need*” shall mean the existence of conditions due to an illness or injury which are not life threatening but which require expeditious treatment because of the prospect of the condition worsening without immediate clinical intervention.

441—88.22(249A) Participation.

88.22(1) Contracts with PHPs. The department shall enter into contracts for the scope of services specified in 441—Chapter 78, or a part thereof, with a PHP which has verified to the department that the criteria set forth in the Social Security Act have been met. This verification shall be reviewed by Centers for Medicare and Medicaid Services (CMS) staff to ensure that the status of PHP is rightfully conferred.

a. The department shall also determine that the PHP meets the following additional requirements:

(1) The PHP shall make the services it provides to enrolled recipients at least as accessible (in terms of timeliness, duration, and scope) to them as those services are accessible to recipients in the enrollment area who are not enrolled.

(2) The PHP shall provide satisfaction to the department that insolvency is not likely to occur and that enrolled Medicaid recipients shall not be responsible for its debts if the PHP should become insolvent.

b. The contract shall meet the following minimum requirements. The contract shall:

(1) Be in writing.

(2) Be renewable by mutual consent for a period of up to three years.

(3) List the services covered.

- (4) Describe information access and disclosure.
- (5) List conditions for nonrenewal, termination, suspension, and modification.
- (6) Specify the method and rate of reimbursement.
- (7) Provide for disclosure of ownership and subcontractor relationship.
- (8) Be made with the licensee by the department.

c. Any protests to the award of contracts shall be in writing and submitted to the director of the department. Prior to termination or suspension of a contract, the department shall send a notice to cure to the PHP, specifying the number of days the PHP has to correct the problems. Failure to correct the problems in the time given shall then result in termination or suspension. The PHP may appeal the decision of the department in writing to the director of the department or to the federal Department of Health and Human Services, Centers for Medicare and Medicaid Services, if the appeal documents state violations of federal law or regulation.

88.22(2) Method of selection of PHP. In counties served by a single prospective PHP, the department shall attempt to negotiate directly with the PHP. In counties where two or more prospective PHPs exist, the department shall initiate communication and attempt to negotiate as many contracts as are administratively feasible.

88.22(3) Termination of contract. Either party may, by mutual consent, terminate a contract. Either party may give 60 days written notice to the other party. The effective date of termination must be the first day of a month. The department may terminate or suspend a contract if the contract is determined by the department to be inconsistent with the overall goals and objectives of the Medicaid program. The determination shall be based upon, but not limited to, the following:

- a. The PHP's delivery system does not ensure enrolled recipients adequate access to medical services.
- b. The PHP's delivery system does not ensure the availability of all services covered under the contract.
- c. There are not proper assurances of solvency on the part of the PHP.
- d. There is not substantial compliance with all provisions of the contract.
- e. The PHP has discriminated against persons eligible to be covered under the contract on the basis of age, race, sex, religion, national origin, creed, color, physical or mental disability, political belief, health status, or the need for health services.

88.22(4) Recipients eligible to enroll. Any Medicaid-eligible recipient is eligible to enroll in a contracting PHP except for the following:

- a. Recipients who are medically needy as defined at 441—subrule 75.1(35).
- b. Recipients over the age of 65 and under the age of 21 in psychiatric institutions as defined at 441—Chapter 85.
- c. Recipients who are supplemental security income-related case members.
- d. Rescinded IAB 10/3/01, effective 12/1/01.
- e. Recipients whose eligibility is in the process of automatic redetermination as defined at rule 441—76.11(249A).
- f. Recipients who are foster care and subsidized adoption-related case members.
- g. Recipients who are Medicare beneficiaries.
- h. Recipients who are pregnant women and who are deemed to be presumptively eligible as defined at 441—subrule 75.1(30).
- i. Recipients who are Native American Indians or Alaskan natives.
- j. Recipients who are receiving services from a Title V provider.

441—88.23(249A) Enrollment.

88.23(1) Enrollment area. Counties in a PHP enrollment area shall be designated as voluntary or mandatory. In voluntary counties, enrollment is not required but eligible recipients may choose to join the PHP. Recipients not excluded in rule 441—88.21(249A) may volunteer to enroll in the PHP. In mandatory counties, enrollment in managed health care is required for eligible recipients.

88.23(2) *Voluntary enrollment.* When only one managed health care option is providing service in a county, enrollment by recipients is voluntary. The department encourages recipients to enroll in a managed health care option. Applicants and recipients are offered the option of managed health care enrollment or regular Medicaid coverage. Applicants and recipients who do not choose one option or the other shall be assigned to a managed health care provider as defined in subrule 88.23(6). These persons shall have the right to request disenrollment at any time as defined in subrule 88.24(3).

Applicants or recipients may designate their choices of providers on a form designated by the managed health care contractor or in writing to or through a verbal request to the managed health care contractor. The form shall be available through the county office, the PHP office, provider offices, the managed health care contractor, or other locations at the department's discretion. If the PHP (or any entity listed above other than the managed health care contractor) receives the form, it shall be forwarded to the managed health care contractor within three working days.

Recipients shall be accepted by the PHP as they are enrolled by the department unless a maximum limit has been specified in the contract.

Recipients who choose not to enroll in a PHP shall be covered under regular Medicaid.

88.23(3) *Mandatory enrollment.* In a county where the department has a contract with more than one PHP, HMO, or other managed health care provider, the department shall require whenever it is administratively feasible that all eligible recipients enroll with a managed health care provider of their own choosing. Administrative feasibility is determined by whether the managed health care providers have the capacity to adequately serve all potential enrolled recipients. Recipients may enroll by completing the choice form designated by the managed health care contractor, in writing to or through verbal request to the managed health care offices. Recipients may also contact the managed health care contractor by the publicized toll-free telephone number for enrollment assistance.

88.23(4) *Effective date.* The effective date of enrollment shall be no later than the first day of the second month subsequent to the date on which the managed health care contractor receives the form designated by the managed health care contractor.

88.23(5) *Identification card.* The PHP may issue an appropriate identification card to the enrolled recipient or request the department to do so on its behalf. The identification card shall be issued so that the recipient receives it prior to the effective date of enrollment.

88.23(6) *Assignment methodology.* When no choice is made, the recipient shall be systematically assigned to, between, or among the contracting managed health care providers.

a. Notification. Recipients who are assigned to a managed health care provider shall receive notification of the assignment and the name of the provider in a timely fashion prior to the effective date of enrollment.

b. Limitations. Contracting providers may specify in the contract a limit to the number of recipients who can be assigned under this subrule. If a specified limitation is attained, the remaining assignment needs in that county shall be met by the other managed health care providers who are contracting with the department in that county.

c. Household member enrollment. Inasmuch as persons within a household are allowed to make individual decisions about choosing enrollment in managed health care, it is possible that a case may exist where some household members have made a choice and some have not (so that assignment is required). In these instances, a systematic search of household member choices regarding managed health care option shall be completed. Assignment of those who have made no choice shall be made whenever possible to the managed health care provider with whom the first household member is already enrolled.

d. Assigned recipients who desire another choice. Recipients who are assigned to a managed health care provider as described in this subrule shall have at least 30 days in which to request enrollment in a different available managed health care plan. The change of plan is subject to provisions in subrules 88.23(4) and 88.24(2) dealing with effective date.

441—88.24(249A) Disenrollment.

88.24(1) *Disenrollment request.* An enrolled recipient may request disenrollment at any time. In voluntary counties, this request shall be approved and acted upon within ten days of receipt without

requiring the recipient to demonstrate good cause. In mandatory counties as defined at subrule 88.23(3), the disenrollment shall not be acted upon by the health care contractor unless the request includes an alternate choice of managed health care.

88.24(2) *Effective date.* Disenrollment will be effective no later than the first day of the second calendar month after the month in which the department receives a request for disenrollment. The recipient will remain enrolled in the PHP and the PHP will be responsible for services covered under the contract until the effective date of disenrollment which will always be the first day of a month.

88.24(3) *Disenrollment process.* If the recipient is requesting disenrollment, the recipient shall complete the choice form designated by the managed health care contractor which can be obtained through the PHP, the county office, or the managed health care contractor. If the PHP receives a request from the recipient, the PHP shall forward the form to the managed health care contractor within three working days. If the recipient must show good cause for disenrollment, the determination as to whether disenrollment shall occur shall be made by the managed health care review committee within 30 days. If the recipient or the PHP disagrees with the decision of the review committee, an appeal may be filed under the provisions of 441—Chapter 7. If the PHP is requesting disenrollment, the PHP shall complete Form 470-2169, Managed Health Care Provider Request for Disenrollment. If the county office receives a completed Form 470-2169 from the managed health care provider, the county office shall forward the form to the managed health care review committee within three working days.

a. Request for disenrollment by the recipient. In voluntary counties, the request shall be approved and acted upon within ten days of receipt by the managed health care contractor. In mandatory counties, a request for disenrollment shall be denied unless a choice of another managed health care provider is requested simultaneously or good cause can be demonstrated to the review committee. Examples of good cause include services received which were untimely, inaccessible, of insufficient quality, or inadequately provided by all of the contracting managed health care providers in the recipient's county of residence. If the recipient has not experienced the above conditions in all the other available managed health care programs, enrollment in one of the alternative managed health care programs shall be a condition of approving disenrollment.

b. Request for disenrollment by the PHP. With prior approval of the managed health care review committee, a request for disenrollment of an enrolled recipient may be approved when:

- (1) There is evidence of fraud or forgery in the use of PHP services or in the choice for PHP services.
- (2) There is evidence of unauthorized use of the PHP identification card.
- (3) Upon documentation, the PHP has been unable after reasonable efforts to establish or maintain a satisfactory physician-patient relationship with the recipient.

88.24(4) *Disenrollments by the department.* Disenrollments will occur when:

- a.* The contract between the department and the PHP is terminated.
- b.* The recipient becomes ineligible for Medicaid. If the recipient becomes ineligible and is later reinstated to Medicaid, enrollment in the PHP will also be reinstated.
- c.* The recipient permanently moves outside the PHP's enrollment area.
- d.* The recipient transfers to an eligibility group excluded from PHP enrollment. See definition of recipient in rule 441—88.21(249A).
- e.* The department has determined that participation in the HIPP (Health Insurance Premium Payment) program as described in rule 441—75.21(249A) is more cost-effective than enrollment in managed health care.

88.24(5) *No disenrollment for health reasons.* No recipient shall be disenrolled from a PHP because of an adverse change in health status.

441—88.25(249A) Covered services.

88.25(1) *Amount, duration, and scope of services.* Except as provided for in the contract, PHPs shall cover as a minimum all services covered by the Medicaid program as set forth in 441—Chapter 78.

88.25(2) *Mandatory services.*

a. Although the contract may specify additional services covered (with the exception of those defined in 88.25(3)), the PHP shall cover as a minimum the following services:

- (1) Inpatient hospital services.
- (2) Outpatient hospital services.
- (3) Physician services.
- (4) Family planning services.
- (5) Home health agency services.
- (6) Laboratory and X-ray services.
- (7) Early periodic screening, diagnosis and treatment for persons under age 21.
- (8) Rural health clinic services (where available).
- (9) Advanced registered nurse practitioners.

b. PHPs shall attempt to subcontract with all local family planning clinics funded by Title X moneys and all maternal and child health centers funded by Title V moneys.

c. According to the Consolidated Omnibus Budget Reconciliation Act of 1985, Public Law 99-272, recipients enrolled in managed health care options (including PHPs) may seek family planning services anywhere without referral, even if they are minors. The PHP must pay any claims submitted by a provider of family planning services when the service has been provided to a recipient in a month for which a capitation rate has been paid on the recipient's behalf to the PHP by the department.

88.25(3) Excluded services. Unless specifically included in the contract, PHPs will not be required to cover long-term care (skilled nursing facilities, intermediate care facilities, residential care facilities, state resource centers, or intermediate care facilities for the mentally retarded), inpatient psychiatric care provided at the state-administered mental health institutes, services provided by the area education agencies, services provided at specialized adolescent psychiatric facilities, day treatment and partial hospitalization services for persons aged 20 or under, or the enhanced services provided to certain eligible recipients. Reimbursement to recipients for nonemergency medical transportation as described at rule 441—78.13(249A) will not be covered by the PHP; the department will continue to reimburse through its fee-for-service methodology for this service.

88.25(4) Restrictions and limitations. If the PHP covers a type of service which is also covered under Medicaid, the PHP may not impose any restrictions or limitations on that service more stringent than those applicable in Medicaid according to the provisions at 441—Chapter 78. The PHP may, at its discretion, offer services to its enrolled recipients beyond the scope of Medicaid as defined at 441—Chapter 78.

88.25(5) Recipient use of PHP services. An enrolled recipient must utilize PHP participating providers of service. No payment by the PHP will be made for services provided by non-PHP providers if the same type of service is available through the PHP under its contract with the department except as provided in subrule 88.25(2) "c," and rule 441—88.26(249A).

441—88.26(249A) Emergency services.

88.26(1) Availability of services. The PHP will ensure that the services of a primary care physician are available on an emergency basis 24 hours a day, seven days a week, either through the PHP's own providers or through arrangements with other providers. In addition, the PHP must provide payment to nonparticipating providers within 60 days of receipt of the bill for all contracted services furnished by providers which do not have contractual arrangements with the PHP to provide services but which were needed immediately because of an injury or illness and in which case the illness or injury did not permit a choice of provider.

88.26(2) PHP payment liability. PHP payment liability on account of injury or emergency illness is limited to emergency care required before the recipient can, without medically harmful consequences, return to the enrollment area or to the care of a provider with whom the PHP has arrangements to provide services. If an ambulance is necessary to transport the recipient to follow-up treatment, the PHP shall be financially liable. Benefits for continuing the follow-up treatment are provided only in the PHP's enrollment area.

If an enrolled recipient is injured or becomes ill and receives emergency services outside the PHP's enrollment area, the PHP shall pay the facility or person who provided the emergency care for emergency

medical services and medical services, for inpatient hospital services in a general hospital as a result of the emergency, and for emergency ambulance service.

88.26(3) Notification and claim filing time span. The PHP may set notification and claim filing time limitations in the event of the provision of care by nonparticipating providers. However, failure to give notice or to file claims within those time limitations will not invalidate any claim if it can be shown that it was not reasonably possible to give the notice and that notice was, in fact, given as soon as was reasonably possible.

441—88.27(249A) Access to service.

88.27(1) Choice of provider. Recipients will have the opportunity to choose their health care professionals to the extent possible and medically appropriate from any of the PHP providers participating in the Medicaid contract.

88.27(2) Medical service delivery sites. Medical service delivery sites shall have the following specific characteristics:

a. Be located within 30 miles of and be accessible from the personal residences of enrolled recipients.

b. Have sufficient staff resources to adequately provide the medical services for which the contract is in effect including physicians with privileges at one or more acute care hospitals.

c. Have arrangements for services to be provided by other providers where in-house capability to serve specific medical needs does not exist.

d. Meet the applicable standards for participating in the Medicaid program.

e. Be in compliance with all applicable local, state, and federal standards related to the service provided as well as those for fire and safety.

88.27(3) Adequate appointment system. The PHP shall have procedures for the scheduling of patient appointments which are appropriate to the reason for the visit as follows:

a. Patients with urgent nonemergency needs shall be seen within one hour of presentation at a PHP medical service delivery site.

b. Patients with persistent symptoms shall be seen within 48 hours of reporting of the onset of the persistent symptoms.

c. Patient routine visits shall be scheduled within four to six weeks of the date the patient requests the appointment.

d. Scheduling of appointments shall be by specific time intervals and not on a block basis.

88.27(4) Adequate after hours call-in coverage. The PHP must have in effect the following arrangements which provide for adequate after hours call-in coverage:

a. Twenty-four-hour-a-day telephone coverage shall exist.

b. If a physician does not respond to the initial telephone call, there must be a written protocol specifying when a physician must be consulted. Calls requiring a medical decision shall be forwarded to the on-call physician and a response to each call which requires a medical decision must be provided within 30 minutes.

c. Notations shall be made in the patient's medical record of relevant information related to an after-hours call.

88.27(5) Adequate referral system. The PHP must effect the following arrangements which provide for an adequate referral system:

a. A network of referral sources for all services which are covered in the contract, but not directly provided by the PHP.

b. Procedures for the return of relevant medical information from referral sources including review of information by the referring physicians, entry of information into the patient's medical record, and arrangements for periodic reports from ongoing referral arrangements.

c. A notation in the medical record for hospitals' patients indicating the reason, date, and duration of hospitalization and entry of pertinent reports from the hospitalization and discharge planning in the medical record.

441—88.28(249A) Grievance procedures.

88.28(1) *Written procedure.* The PHP must have a written procedure by which enrolled recipients may express grievances, complaints, or recommendations, either individually or as a class and which:

- a. Is approved by the department prior to use.
- b. Acknowledges receipt of a grievance to the grievant.
- c. Sets time frames for resolution including emergency procedures which are appropriate to the nature of the grievance and which require that all grievances shall be resolved within 30 days.
- d. Ensures the participation of persons with authority to require corrective action.
- e. Includes at least one level of appeal.
- f. Ensures the confidentiality of the grievant.

88.28(2) *Written record.* All grievances, including all informal or verbal complaints, which must be referred or researched for resolution must be recorded in writing. A log of the grievances must be retained and made available at the time of audit and must include progress notes and method of resolution.

88.28(3) *Information concerning grievance procedures.* The PHP's written grievance procedure must be provided to each newly enrolled recipient not later than the effective date of coverage.

88.28(4) *Appeals to the department.* A recipient who has exhausted the grievance procedure of the PHP may appeal the issue to the department under the provisions of 441—Chapter 7. Instances where the substance of the grievance relates to department policy shall be appealed directly to the department.

88.28(5) *Periodic report to the department.* The PHP shall make quarterly reports to the department summarizing grievances and resolutions as specified in the contract.

441—88.29(249A) Records and reports.

88.29(1) *Medical records system.* The PHP shall comply with the provisions of rule 441—79.3(249A) regarding maintenance and retention of clinical and fiscal records and, in addition, the PHP must maintain a medical record system which:

- a. Identifies each medical record by the departmentally assigned state identification number.
- b. Identifies the location of every medical record.
- c. Places medical records in a given order and location.
- d. Provides a specific medical record on demand.
- e. Maintains the confidentiality of medical records information and releases the information only in accordance with established policy pursuant to subrule 88.29(3).
- f. Maintains inactive medical records in a specific place.
- g. Permits effective professional review in medical audit processes.
- h. Facilitates an adequate system for follow-up treatment including monitoring and follow-up of off-site referrals and inpatient stays.
- i. Meets state and federal reporting requirements applicable to PHPs.

88.29(2) *Content of individual medical record.* The PHP must have in effect arrangements which provide for an adequate medical record-keeping system which includes a complete medical record for each enrolled recipient in accordance with provisions set forth in the contract.

88.29(3) *Confidentiality of records.* PHPs must maintain the confidentiality of medical record information and release the information only in the following manner:

- a. All medical records of enrolled recipients shall be confidential and shall not be released without the written consent of the enrolled recipients or the responsible party acting on behalf of the enrolled recipient.
- b. Written consent is not required for the transmission of medical record information to physicians, other practitioners, or facilities which are providing services to enrolled recipients under a subcontract with the PHP. This provision also applies to specialty providers who are retained by the PHP to provide services which are infrequently used or are of an unusual nature.
- c. Written consent is not required for the transmission of medical record information to physicians or facilities providing emergency care pursuant to rule 441—89.26(249A).
- d. Written consent is required for the transmission of medical record information of a former enrolled recipient to any medical provider not connected with the PHP.

e. The extent of medical record information to be released in each instance shall be based upon tests of medical necessity and a “need to know” on the part of the practitioner or facility requesting the information.

f. Medical records maintained by subcontracting providers must meet the requirements of this rule.

88.29(4) Reports to the department. Each PHP shall submit reports to the department as follows:

a. Annual audited financial statements no later than 120 days after the close of the PHP’s fiscal year.

b. Periodic financial, utilization, and statistical reports as required by the department under the contract.

88.29(5) Audits. The department or its designee and the U.S. Department of Health and Human Services (HHS) may evaluate through inspections or other means, the quality, appropriateness, and timeliness of services performed by the PHP. The department or HHS may audit and inspect any records of a PHP, or the subcontractors of a PHP, which pertain to services performed and the determination of amounts paid under the contract. These records will be made available at times, places, and in a manner as authorized representatives of the department, its designee, or HHS may request.

441—88.30(249A) Marketing.

88.30(1) Marketing procedures. All marketing plans, procedures, and materials used by the PHP must be approved in writing by the department prior to use. Random door-to-door marketing of low-income families or the offering of financial incentives will not be approved.

88.30(2) Marketing representatives. Marketing representatives utilized to market Medicaid recipients must be sufficiently trained and capable of performing marketing activities within the requirements of the contract. The PHP’s marketing representatives must represent the PHP in an honest and straightforward manner. In its marketing presentations, the PHP must include information which ensures that the representative is not mistaken for a department employee. Marketing presentations which intentionally belittle or maliciously downplay the benefit package, services, or providers of another participating managed health care option will not be approved.

88.30(3) Marketing presentations. The PHP may make marketing presentations in the local office(s) of the department or otherwise include the department in marketing efforts at the discretion of the department.

88.30(4) Marketing materials. Written material must include a marketing brochure or a member handbook which fully explains the services available, how and when to obtain them, and special factors applicable to enrolled recipients as specified in the contract.

441—88.31(249A) Patient education.

88.31(1) Use of services. The PHP shall have procedures in effect to orient enrolled recipients in the use of services the PHP is contracting to provide. This includes what to do if the recipient requires medical care while out of the enrollment area, a 24-hour-a-day telephone number, appropriate use of the referral system, grievance procedures, and how emergency treatment is to be provided.

88.31(2) Patient rights and responsibilities. The PHP shall have in effect a written statement of patient rights and responsibilities which is available upon request as well as issued to all new enrolled recipients. This statement may be part of an informational brochure provided to all new enrollees. The right of the enrolled recipient to request disenrollment must be included.

441—88.32(249A) Payment to the PHP.

88.32(1) Capitation rate. In consideration for all services rendered by a PHP under a contract with the department, the PHP will receive a payment each month for each enrolled recipient. This capitation rate represents the total obligation of the department with respect to the costs of medical care and services provided to enrolled recipients under the contract.

88.32(2) Determination of rate. The capitation rate is actuarially determined by the department for the beginning of the new fiscal year using statistics and data about Medicaid fee-for-service expenses for

PHP-covered services to a similar population during the preceding fiscal year. (For example, fiscal year 1990 rates are predicted with fiscal year 1988 dates of service for Medicaid fee-for-service expenditures.) The capitation rate may not exceed the cost to the department of providing the same services on a fee-for-service basis to an actuarially equivalent nonenrolled population group. A 1 percent incentive will be available to PHPs who contract to cover all services except those specified in subrule 88.25(3). PHPs electing to share risk with the department will have their payment rates reduced by an amount reflecting the department's experience for high cost fee-for-service recipients.

88.32(3) Amounts not included in rate. The capitation rate does not include any amounts for the recoupment of losses suffered by the PHP for risks assumed under the current or any previous contract. The PHP accepts the rate as payment in full for the contracted services. Any savings realized by the PHP due to lower utilization from a less frequent incidence of health problems among the enrolled population shall be wholly retained by the PHP.

88.32(4) Third-party liability. If an enrolled recipient has health coverage or a responsible party other than the Medicaid program available for purposes of payment for medical expenses, it is the right and responsibility of the PHP to investigate these third-party resources and attempt to obtain payment. The PHP shall retain all funds collected through third-party sources. A complete record of all income from these sources must be maintained and made available to the department.

441—88.33(249A) Quality assurance. The PHP shall have in effect an internal quality assurance system that meets the requirements of 42 CFR 434.44 as amended to December 31, 1996, and a system of periodic medical audits meeting the requirements of 42 CFR 434.53 as amended to December 13, 1990.

441—88.34 to 88.40 Reserved.

DIVISION III
MEDICAID PATIENT MANAGEMENT

441—88.41(249A) Definitions.

“Contract” shall mean a contract between the department and a Medicaid-participating provider or clinic as specified in rule 441—88.44(249A) and subrule 88.45(1) for the purpose of providing patient management to enrolled recipients.

“Covered eligibles” shall mean those groups of Medicaid-eligible recipients specified in subrule 88.42(1) who are eligible to receive services under patient management.

“Department” shall mean the Iowa department of human services.

“Designee” shall mean an organization designated by the department of human services to act on behalf of the department in the administration of Medicaid managed health care.

“Eligible providers” shall mean those providers specified in rule 441—88.44(249A) and subrule 88.45(1) with whom the department may contract to be patient managers.

“Emergency care” shall mean those medical services rendered for an emergent medical condition or protection of the public health.

“Emergent medical condition” shall mean a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect it to result in:

1. Placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy,
2. Serious impairment to bodily functions, or
3. Serious dysfunction of any bodily organ or part.

The determination of whether an emergent medical condition exists shall be decided by a medical professional and shall be based on the patient's medical condition including presenting symptoms and medical history (as related to severe pain) prior to treatment.

In cases where the above criteria are satisfied, no prior authorization procedures are allowed.

“Enrolled recipient” shall mean a covered eligible who has been enrolled with a patient manager according to procedures set forth in rule 441—88.46(249A).

“Extended-participation program” shall mean mandatory six-month enrollment period with a managed care entity.

“Grievance” shall mean a complaint expressed verbally or in writing by an enrolled recipient or provider relative to services under patient management. A grievance at the informal level is one which can be resolved by short-term intervention on the part of the department or its designee via the toll-free managed health care telephone line or through informational correspondence. A formal grievance is one which must be taken to another level for quality of care or policy determination.

“Managed care entity” shall mean either a managed care organization licensed by the department of insurance (e.g., HMO or PHP) or a primary care case management program (i.e., MediPASS).

“Managed health care” shall mean any of the options for alternative delivery of Medicaid services that provides coordinated delivery of health care. The current options offered by the department are Medicaid patient management, known as MediPASS, health maintenance organization (HMO) enrollment and prepaid health plan (PHP) enrollment.

“Managed health care review committee” shall mean a committee composed of representatives from the department and its designee. The committee shall review and render decisions on all requests for disenrollment from managed health care that are not automatically approvable, all requests for exception to eligible provider provisions, and other exceptions to managed health care procedures.

“Mandatory enrollment” shall mean a mandatory participation in managed health care as specified in subrule 88.46(1).

“Mandatory project county” shall mean a county where the department has contracts with more than one managed care entity, one of which may be primary care case management (MediPASS) in cases where the number of MediPASS providers willing to serve as patient managers is sufficient to meet the needs and makeup of the recipient population in the county, or where the department has implemented the MediPASS program alone in the county.

“Managed services” shall mean services as specified in subrule 88.48(1) that require preauthorization from the patient manager in order to be payable by Medicaid.

“Medical service area” means a geographic area within which recipients must reside in order to enroll in the managed health care MediPASS option.

“MediPASS” shall mean Medicaid patient access to service system and shall be the acronym used to identify the Medicaid patient management program.

“Nonmanaged services” shall mean services as specified in subrule 88.48(2) that do not require authorization by the patient manager in order to be payable by Medicaid.

“Patient management” shall mean the provision of services to enrolled recipients by a patient manager in accordance with the contract.

“Patient manager” shall mean an eligible provider who has signed a contract with the department to perform patient management for enrolled recipients.

“Urgent care” shall mean those medical services rendered for an urgent medical condition or protection of the public health.

“Urgent medical condition” shall mean a medical condition manifesting itself by acute symptoms that are of lesser severity (including severe pain) than that recognized for an emergent medical condition, such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the illness or injury to result in:

1. Placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in jeopardy,
2. Impairment to bodily functions, or
3. Dysfunction of any bodily organ or part.

If the recipient is assigned to a patient manager (e.g., MediPASS or HMO), the patient manager shall arrange for necessary care within 24 hours by either providing it or referring and authorizing another appropriate provider to provide care.

441—88.42(249A) Eligible recipients.

88.42(1) *Included categories of assistance.* All categories of Medicaid-eligible recipients except those specified as excluded in subrule 88.42(2) are required to participate in Medicaid managed health care if they reside in a mandatory project county as described in subrule 88.43(1). Recipients who reside in a voluntary project county as described in subrule 88.43(2) may participate if they so choose.

A choice to enroll in any other form of Medicaid managed health care available in the recipient's county of residence shall fulfill the requirements to participate in mandatory project counties.

88.42(2) *Excluded categories of assistance.* The following categories of Medicaid-eligible recipients shall not be allowed to participate in Medicaid patient management in either mandatory or voluntary project counties:

- a. Medically needy recipients as defined in 441—subrule 75.1(35).
- b. Recipients over age 65 and under age 21 in psychiatric institutions as defined in 441—Chapter 85.
- c. Recipients who are supplemental security income-related case members.
- d. Rescinded IAB 10/3/01, effective 12/1/01.
- e. Automatic redetermination recipients as defined in rule 441—76.11(249A).
- f. Recipients who are foster care and subsidized adoption-related case members.
- g. Recipients who are Medicare beneficiaries.
- h. Pregnant women who are determined presumptively eligible in accordance with provisions in 441—subrule 75.1(30).
- i. Recipients who are Native American Indians or Alaskan natives.
- j. Recipients who are receiving services from a Title V provider.

441—88.43(249A) Project area.

88.43(1) *Designation as a mandatory project county.* The department shall designate mandatory enrollment counties included in the project. In order for a county to be considered a mandatory project county, the number of MediPASS providers willing to serve as patient managers shall be sufficient to meet the needs of the size and makeup of the recipient population in the county, and the county shall be included in the department's freedom of choice waiver from the Centers for Medicare and Medicaid Services.

88.43(2) *Voluntary project counties.* The department shall designate voluntary enrollment counties included in the project. A county may be voluntary where provider participation is not sufficient to be designated mandatory but providers may choose to participate on a voluntary enrollment basis.

88.43(3) *Expansion to other counties.* Rescinded IAB 11/10/93, effective 11/1/93.

441—88.44(249A) Eligible providers.

88.44(1) *Specialties allowed.* Providers shall be allowed to contract with the department to provide patient management to enrolled recipients as long as the provider:

- a. Is a licensed doctor of medicine or osteopathy or an advanced registered nurse practitioner licensed pursuant to Iowa Code chapter 152 and possessing evidence of certification pursuant to board of nursing rules under 655—Chapter 7 in a specialty area listed in paragraph 88.44(1)“d.”
- b. Is otherwise eligible to enroll as an Iowa Medicaid provider.
- c. Is a provider in good standing with the Medicaid agency as defined in subrule 88.45(1).
- d. Is practicing in one of the following specialties in the medical services area:
 - (1) Family practice.
 - (2) General practice.
 - (3) Pediatrics.
 - (4) Internal medicine.
 - (5) Obstetrics and gynecology.

88.44(2) *Clinic or group practice participation.* A provider may participate as an individual practitioner or as a partner or employee of a clinic or group practice. The clinic or group shall be the contractor. Federally qualified health centers and rural health clinics that employ providers in the

specialties specified in subrule 88.44(1) may contract. However, each provider participating within the clinic, group, federally qualified health center, or rural health clinic shall sign and be bound by the terms of the clinic or group contract as if the provider was in individual practice.

88.44(3) Exceptions. Other providers licensed as doctors of medicine or osteopathy or as advanced registered nurse practitioners may request exception to subrule 88.44(1) for specific individual patients in accordance with the procedures set forth in this subrule.

a. If the request is being made in order to allow a different type of specialist to be a patient manager, or to allow a provider practicing outside the recipient's medical service area to serve the recipient, the provider shall make a written request to the department.

(1) The request shall identify the provider by name, address, telephone number, specialty, and Medicaid provider number, indicating the practice location, or date of application to be a Medicaid provider. The request shall specify the members in question and state agreement to provide primary care and patient management as specified in subrule 88.45(2) to those members.

(2) If the request comes initially from the recipients as specified in paragraph 88.46(2) "c," the department shall contact the provider in question to offer the provider the opportunity to request the exception.

b. Rescinded IAB 11/10/93, effective 11/1/93.

c. Rescinded IAB 11/10/93, effective 11/1/93.

d. The managed health care review committee shall consider the request and respond within ten working days of receipt of the request. If the request is approved, a contract will be forwarded to the physician and procedures for contracting with a physician as specified in rule 441—88.45(249A) shall be followed.

e. The following factors shall be taken into account when considering the physician's request:

- (1) Mutual agreement between physician and patient regarding the arrangement.
- (2) Existence of an already established physician-patient relationship.
- (3) Transportation barriers, if requesting a patient manager outside the medical service area.
- (4) Customary practice by the specialist to provide primary care.
- (5) A new medical condition which necessitates the proposed physician-patient relationship.

441—88.45(249A) Contracting for the provision of patient management.

88.45(1) Eligibility to contract. Only Medicaid-participating providers and clinics in good standing shall be eligible to contract with the department to provide patient management.

88.45(2) Contract provisions. The department shall enter into a contract arrangement with all providers who are eligible as specified in rule 441—88.44(249A) and who wish to provide patient management. Form 470-2615, Agreement for Participation as a Primary Care Physician Patient Manager in the Medicaid Patient Access to Service System, shall be the form designated as the contract. At a minimum, the contract shall include provisions as follows:

a. The patient manager shall provide managed health care to enrolled recipients by providing primary health care and providing or referring the patient appropriately and authorizing payment for all other care covered under the program as specified in subrule 88.48(1). The patient manager is also responsible for monitoring and coordinating all covered care.

b. The patient manager shall provide or arrange for 24-hour-per-day, seven-day-per-week provider availability to enrolled recipients.

c. The patient manager shall maintain records that at a minimum:

(1) Identify the patient as a patient management recipient.

(2) Document all authorizations for medical services provided by other providers and the extent of those authorizations.

(3) Contain the name, state identification number, age, sex and address of the patient.

(4) Document services provided and where and by whom they are provided.

(5) Contain medical diagnosis, treatment, therapy and drugs prescribed or administered.

(6) Contain the name of the person making the entry and the date of the contact.

d. The patient manager shall review and take action upon periodic utilization review reports, according to instructions that the department will provide each patient manager.

e. The department shall specify the fees and method of payment to patient managers.

f. The department shall specify the manner in which providers shall be notified of the recipients enrolled with them.

88.45(3) *Contract compliance.* The department shall put into place procedures for the monitoring of contract compliance on the part of patient managers to ensure appropriate access to adequate quality care. Those procedures may include, but are not limited to, on-site review of medical records by appropriate professional medical personnel and review of utilization patterns of participating patient managers. The procedures shall also include establishment of a grievance procedure defined in rule 441—88.49(249A).

88.45(4) *Corrective action and sanctions.* The department shall establish procedures for corrective action and sanctions when monitoring activities reveal possible contract noncompliance.

88.45(5) *Termination of contract.* The contract may be terminated in any of the following ways:

a. The patient manager may terminate the contract or a clinic may remove a provider from a clinic contract by providing the department with written notice of the desire to terminate the contract 60 days in advance of the desired date of termination in order to allow the department or its designee time to disenroll and reenroll the MediPASS patients with other patient managers.

(1) In no situation shall the provider stop providing patient management or primary care to the patient until the patient can be reenrolled with another provider except as specified in subrule 88.48(4).

(2) Failure to provide the specified period of notice or failure to continue providing patient management or primary care before the reenrollment shall result in forfeiture of all remaining patient management fees that would otherwise have been due the patient manager.

b. The department may terminate the contract with the patient manager with 60 days' advance notice for any of the following reasons:

(1) The department has imposed any sanction described at 441—subrule 79.2(3).

(2) Recommendations of contract termination made in accordance with the procedures described in rule 441—88.51(249A), after opportunity for corrective action has been unsuccessful or rejected by the patient manager in question.

Sixty days' advance notice is not required for situations described in subrule 88.48(4).

c. Any patient manager who has had a contract terminated by the department shall have the right to appeal the termination as provided in 441—Chapter 7.

441—88.46(249A) Enrollment and changes in enrollment.

88.46(1) *Mandatory enrollment.* Participation in managed health care, if available, is required for covered eligibles as specified in subrule 88.42(1) who reside in a mandatory project county. The department shall require, whenever administratively feasible, that all eligible recipients enroll with a managed care entity. Administrative feasibility is determined by whether a freedom-of-choice waiver or state plan amendment has been approved by the Centers for Medicare and Medicaid Services and whether the managed care entities demonstrate sufficient access to and quality of services.

88.46(2) *Enrollment procedures.* In mandatory enrollment counties, recipients shall be required to choose their managed health care provider. When no choice is made by the recipient, the recipient will be assigned to a contracting health maintenance organization (HMO) serving the recipient's county of residence when an HMO is available or to a MediPASS patient manager on a rotating basis to ensure an equitable distribution between the HMO and MediPASS programs based on the number of managed health care options (MediPASS and HMOs) available in the county. In the event there is no contracting HMO serving the recipient's county of residence in a mandatory enrollment county, the recipient shall be assigned to a MediPASS patient manager.

Within the MediPASS option, recipients shall be assigned according to age appropriateness. Whenever possible, family units shall be assigned to the same provider that an enrolled family member has selected, if that provider is appropriate according to age parameters. MediPass patient managers shall not be assigned more recipients than their self-imposed maximum or the maximum described in subrule 88.46(5), whichever is lower.

Recipients who are assigned a managed care entity as described in this subrule shall have at least ten days in which to request enrollment in a different available entity. The change is subject to provisions in subrule 88.46(4) dealing with the effective date.

a. Timely notice. Recipients shall be sent timely notice of the managed health care assignment. The recipient shall have a minimum of ten days in which a change to the assigned managed care entity can be made. The notice shall include the name of the managed care entity to whom the recipient shall be assigned if the recipient does not make a different selection by the date specified in the notice. If the covered eligible does not make a selection before the due date, the recipient shall be enrolled with the managed care entity listed on the notice.

b. Enrollment. Enrollment in managed health care shall be discussed during the face-to-face interview with all applicants for Medicaid under covered categories of assistance in mandatory or voluntary enrollment areas. The applicant shall be shown an informational videotape and encouraged to make a selection of a managed care entity. Applicants in mandatory enrollment areas shall be informed that should the applicant become eligible for a managed health care selection, one shall be assigned. Covered eligibles who are not enrolled shall be sent a notice of their managed health care assignment when the recipient:

- (1) Attains initial eligibility for a covered category of service in a mandatory project county.
- (2) Changes from an excluded category of assistance to a covered category of assistance in a mandatory project county.
- (3) Is receiving a covered category of assistance and moves from a county where no managed health care is available or voluntary project county to a mandatory project county.
- (4) Reattains eligibility.
- (5) Has a new member of the household receiving a covered category of assistance.

If the covered eligible in a mandatory project county does not make another selection before the due date specified in the notice, the covered eligible shall be enrolled with the managed health care provider listed on the notice.

c. Selection of a managed health care provider. A list of managed health care providers participating in managed care entities serving the county shall be available to recipients for use in selecting a provider. If the recipient wishes to request an exception to the list of available managed health care providers as described in subrule 88.44(3), the managed health care review committee shall make a determination on the exception request. While the determination is being made, the recipient's enrollment shall be placed in a pending status.

d. Rescinded IAB 5/7/97, effective 7/1/97.

e. Request to change enrollment. An enrolled recipient may, within 90 days from timely notice, request to change enrollment from one managed health care provider to another or one managed care entity to another. The request shall be made on a choice form designated by the department, in writing, or by telephone call to the toll-free recipient managed health care telephone line maintained by the department. Changes are subject to the provisions of subrule 88.46(3) dealing with effective date.

f. Managed care entity extended-participation program (EPP). After the initial 90 days from timely notice, recipients will remain enrolled with the chosen provider for the following six months, with three exceptions:

- (1) A request for disenrollment by recipient for good cause pursuant to paragraph 88.4(3) "a."
- (2) A request for disenrollment by provider for good cause pursuant to paragraph 88.4(3) "b."
- (3) Availability of a new, previously unavailable, managed care entity. In this instance recipients will be allowed to select that entity for the remainder of the current EPP period.

g. Enrollment cycle. Prior to the end of any extended-participation program (EPP) period, recipients will be notified of their ability to enroll with a different managed care option. A change in enrollment or failure to change enrollment will begin a new EPP enrollment period at the end of the current EPP.

88.46(3) Voluntary enrollment procedures. Voluntary enrollment procedures shall be the same guidelines as mandatory enrollment procedures except:

- a.* Recipients shall not be informed at the face-to-face interview that enrollment is required.

- b. Notice to recipient shall not include assignment language.
- c. Recipients shall not be assigned if no selection is made voluntarily.
- d. A managed health care provider must be available for enrollment.

88.46(4) Effective date. Enrollment or changes in enrollment shall always be effective on the first day of a month. The effective date of enrollment shall be no later than the first day of the second month subsequent to the date the department or its designee receives a choice as specified in subrules 88.46(1) and 88.46(2) or the deadline given a recipient to indicate the recipient's managed health care choice, whichever is applicable. The effective date shall be earlier where computer cutoff allows.

88.46(5) Identification card. The department shall issue Form 470-1911, Medical Assistance Eligibility Card, to all enrolled recipients.

Providers of medical services shall access the department's eligibility verification system (ELVS) via telephone or access the department's secure Web site at the time of service in order to establish that the patient is Medicaid-eligible and whether the services being provided require the authorization of the patient manager.

88.46(6) Enrollment limits.

a. Unless one or more of the following special situations exist, enrollment shall be limited to 1500 enrollees per full-time patient manager with an additional 300 enrollees allowed for each full-time nurse practitioner or physician's assistant employed by the MediPASS provider or clinic:

(1) The provider treats a disproportionate share of Medicaid patients in the provider's current practice.

(2) A special group practice arrangement exists with a demonstrated ability to manage a large number of enrollees.

(3) Other exceptional situations may be considered as special demonstration projects on a case-by-case basis.

b. Patient managers wishing to receive consideration for one of these special situations must make a request for consideration in writing to the department and provide sufficient documentation that they fit one or more of the special situations.

c. Providers or clinics may set a lower self-imposed maximum number of enrollees at the time they sign the initial contract and may revise that number by notifying the department or its designee in writing.

(1) If the patient manager decreases the patient manager's own maximum to a number below which the patient manager currently has enrolled, the patient manager must continue to serve those recipients until normal disenrollments put the provider below the provider's new maximum.

(2) No minimum number of enrollees shall be required.

88.46(7) Reinstatement of patient management status. When an enrolled recipient loses Medicaid eligibility and is subsequently reinstated before the effective date of cancellation, the enrollment in patient management will also be reinstated.

441—88.47(249A) Disenrollment.

88.47(1) Disenrollment request. An enrolled recipient may be disenrolled from a patient manager in one of three ways:

a. The enrolled recipient may request disenrollment by completing a choice form designated by the department, in writing, or by telephone call to the toll-free recipient managed health care telephone line maintained by the department at any time prior to enrollment with a managed health care entity and within the 90 days from the date of the enrollment notice. After this time period, a recipient may be disenrolled for good cause when the recipient can demonstrate that services were untimely, inaccessible, of insufficient quality, or inadequately provided. If the recipient is a covered eligible specified in subrule 88.42(1) as a mandatory participant, the recipient's disenrollment request shall not be approved until another patient manager or managed health care option is chosen.

b. The patient manager may request that an enrolled recipient be disenrolled by completing Form 470-2169, Managed Health Care Provider Request for Recipient Disenrollment.

(1) Disenrollment may be approved for good cause, such as but not limited to inability after reasonable effort to establish or maintain a satisfactory provider-patient relationship with the recipient. Documentation of the reason for disenrollment shall be included with or attached to the disenrollment request.

(2) The department shall respond within 30 days as to whether the disenrollment request is approved.

(3) If the request is approved, the patient manager shall continue to serve a mandatory recipient until the recipient can be enrolled with another patient manager or another managed health care option. In no case shall that time exceed 60 days from the date of receipt of the form.

c. The department may disenroll an enrolled recipient in the following situations:

(1) The contract with the patient manager is terminated.

(2) The patient manager dies, retires or leaves the medical service area.

(3) The recipient loses Medicaid eligibility. If the recipient regains eligibility as specified in subrule 88.46(7), the enrollment to patient management will be automatically reinstated.

(4) The recipient moves to a nonproject county.

(5) The recipient's eligibility changes to a category of assistance as specified in subrule 88.42(2) that is excluded from participation in patient management.

(6) The department has determined that participation in the HIPP (Health Insurance Premium Payment) program as described in rule 441—75.21(249A) is more cost-effective than enrollment in managed health care.

(7) The department has determined that the recipient's enrollment in the recipient lock-in program, as defined in 441—Chapter 76, would be more cost-effective for the department.

The department shall request that recipients whose participation is mandatory as specified in subrule 88.42(1) select a new patient manager or other managed health care option if disenrollment is for reasons listed in 88.47(1) "c" (1) or (2). If the recipient does not make the selection the recipient will be assigned a new patient manager by the department.

88.47(2) *Effective date.* Disenrollment shall always be effective on the first day of a month. The effective date of disenrollment shall be no later than the first day of the second month subsequent to the date the department or its designee receives an enrollment change request as specified in subrule 88.47(1) or the date the department approves a disenrollment request from a physician or the date the department becomes aware of an event which causes the department to disenroll an enrolled recipient, whichever is applicable. The effective date shall be earlier whenever possible.

441—88.48(249A) Services.

88.48(1) *Managed services.* Provision of the following services by any provider other than the patient manager requires authorization from the patient manager in order to be payable by Medicaid except that mental health and substance abuse services for all managed health care recipients are provided under the Iowa Plan program and do not require authorization (see rule 441—88.61(249A)):

a. Inpatient hospital.

b. Outpatient hospital.

c. Home health.

d. Physician (except services provided by an ophthalmologist).

e. Clinic (rural health clinic, federally qualified health center, maternal health center, ambulatory surgical center, birthing center).

f. Laboratory, X-ray.

g. Medical supplies.

h. Physical therapy, audiology, rehabilitation agency, advanced registered nurse practitioner.

i. Rescinded IAB 11/5/97, effective 1/1/98.

j. Podiatric.

These services require authorization even if the need for the service is considered urgent. However, in case of urgent medical conditions, the patient manager shall arrange for necessary care within 24 hours by either providing it or referring to and authorizing another appropriate provider to provide care.

88.48(2) *Nonmanaged services.* Provision of any services not listed in subrule 88.48(1) does not require authorization from the patient manager in order to be payable by Medicaid.

88.48(3) *Authorizing managed services.* The patient manager may make referrals to another provider for specialty care or for primary care during the patient manager's absence or nonavailability.

a. No special authorization or referral form is required, and referrals should occur in accordance with accepted practice in the medical community. To ensure that payment is made for properly authorized services, the patient manager shall provide the specialist or other provider with the patient manager's Medicaid provider number (the national provider identifier number or Iowa-specific provider identifier number), which must be entered on the billing form to signify that the service has been authorized.

b. After the patient manager's initial referral of a patient to a specialist for ongoing treatment, the specialist shall not be required to receive further specific authorizations for the duration of the illness, or at the discretion of the patient manager, for a period of time specified by the patient manager.

c. The referral shall include necessary services rendered by the specialist and referrals for related services made by the specialist. With the patient manager's approval, the patient manager's number may be relayed by the referred specialist to other providers considered necessary for proper treatment of the patient. All authorizations and referrals shall be documented by both the patient manager and the referred-to provider in the patient's medical record.

d. Emergency services are excluded from the authorization requirement, even though these services may be ones customarily requiring authorization under patient management. Urgent care requires authorization in order for Medicaid services to be paid. The unauthorized use of a patient manager's authorization number shall be considered to be a false or fraudulent claim submission and may subject the provider to recoupment or to sanctions described at 441—subrule 79.2(3).

88.48(4) *Special authorizations.* Special authorization for the provision of managed services shall be given to providers by the department in situations such as, but not limited to, the death of the enrolled recipient's patient manager, the patient manager has left medical practice, moved from the medical service area or has been removed as a Medicaid provider and the department has not yet been able to establish a new patient manager or other managed health care option for the recipient. The procedure for obtaining this special authorization shall be specified in the provider handbook. The special authorization procedures shall only be used until the department is able to enroll the recipient with another patient manager or managed health care option. Additionally, special authorizations may be given when contracting patient managers fail to comply with contract provisions such as, but not limited to, failure to maintain 24-hour access as specified in subrule 88.45(2), paragraph "b."

441—88.49(249A) *Grievance procedure.* The department shall establish a procedure whereby enrolled recipients or providers may express complaints or concerns either verbally or in writing specific to managed health care services.

88.49(1) *Written record.* The department or its designee shall maintain a written record of all grievances. A log shall be maintained that includes the date of the grievance, member name and state identification number, provider name and national provider identifier number or Iowa-specific provider identifier number, nature of complaint, resolution and date of resolution.

88.49(2) *Formal grievance resolution and response.* The department or its designee shall record the facts involved in all grievances. Pertinent facts shall be obtained, as necessary and appropriate, from interviews with involved parties, on-site visits and consultation with professional medical consultants or an education and review committee. The department or its designee shall respond to all grievances within 15 working days of receipt. The response shall be in writing and copies shall be provided to the recipient, the provider and to the department's patient manager file. Appeal rights shall be included in the response.

88.49(3) *Repeated grievances.* Providers or recipients who file repeated grievances, or providers or recipients against whom repeated grievances are filed, will be reviewed in-depth and a possible on-site visit will be made to resolve any misunderstandings as to patient management policies and procedures.

88.49(4) *Quality of care grievances.* In grievances involving quality of care, the case shall be referred to appropriate persons or agencies, including the board of medical examiners for investigation.

88.49(5) Information concerning grievance procedures. The department grievance procedure shall be published on appropriate forms and brochures for the information of recipients and in provider handbooks for the information of patient managers and other providers.

88.49(6) Appeals to the department. A recipient who has exhausted the formal grievance procedure may appeal the issue to the department under the provisions of 441—Chapter 7.

441—88.50(249A) Payment.

88.50(1) Fee. Patient managers shall be paid a monthly fee of \$2 per enrolled recipient for the provision of patient management, including referrals. Payment for other services rendered shall be reimbursed in accordance with rules governing Medicaid payment. Providers such as federally qualified health centers who are reimbursed on a 100 percent of cost basis are not eligible to receive patient management fees separate from other reimbursement.

88.50(2) Basis for payment. Payment shall be based on the number of recipients enrolled with the patient manager as of automated benefit calculation system cutoff day in the month for which payment is being calculated.

88.50(3) Mode of payment. The provider shall be paid individually unless a clinic or group practice elects to receive payment for all providers participating under the clinic or group contract. The same mode of payment must be used for both patient management and regular Medicaid claims.

88.50(4) Payment limit. Payment shall be limited to \$3000 per month per patient manager no matter how many recipients are enrolled with the patient manager.

441—88.51(249A) Utilization review and quality assessment. Patient managers shall be monitored to ensure that recipients are able to access quality care and that utilization patterns and costs fall within acceptable standards. If overutilization or underutilization is apparent or quality of management service is inadequate, efforts shall be made to determine the reason and resolve problems, as necessary.

88.51(1) Measured services. Cost and units of service data will be reviewed for selected categories of service. This data shall be used to monitor overall utilization patterns and compare peer utilization patterns.

88.51(2) Reports to patient managers. Utilization information shall be provided on a periodic basis to patient managers to enable them to review their own utilization patterns and to review utilization by their enrollees. Patient managers will be responsible for reporting any discrepancies detected in this information to the department. The patient manager will be responsible for attempting to correct utilization behavior of recipients who appear from utilization reports to be inappropriate utilizers of medical services.

88.51(3) Managed health care advisory committee. Participating managed health care providers will be invited to assist the department or its agent in establishing and assessing goals of the state's Medicaid managed health care program. The department shall form a managed health care advisory committee made up of persons deemed appropriate by the department to review, advise and plan managed care goals with the department. Members may include representatives of MediPASS providers, HMO providers, FQHC providers, RHC providers, association representatives, and other public agencies as deemed appropriate by the department. The committee's functions may include, but are not limited to, the following:

a. Assist the department in developing procedures and parameters for utilization review and conduct further review of the utilization of patient managers whose pattern of utilization falls outside established parameters.

b. Assist the department in establishing options for managed health care quality assessment.

c. Assist the department in reviewing and making recommendations for action on quality of service-related grievances under the grievance procedure outlined in rule 441—88.49(249A).

d. Assist the department in developing corrective action steps and recommendations for managed health care providers who have identifiable utilization or quality of management service deficiencies.

e. Assist the department in developing standards and procedures for managed health care providers to use in performing review functions.

f. Prepare or provide educational or informative articles to be used for patient education and health promotion.

441—88.52(249A) Marketing. A MediPASS provider may not distribute directly or through any agent or independent contractor marketing materials without the prior approval of the department, and may not distribute marketing materials that contain false or materially misleading information.

88.52(1) Service market. A MediPASS provider shall distribute any marketing materials to the entire service area or region.

88.52(2) Prohibition of “cold-call” marketing. MediPASS providers shall not, directly or indirectly, conduct door-to-door, telephonic, or other “cold-call” marketing of enrollment.

441—88.53 to 88.60 Reserved.

DIVISION IV
IOWA PLAN FOR BEHAVIORAL HEALTH

441—88.61(249A) Definitions.

“*Accredited*” shall mean an entity approved by the division of mental health and disability services of the department to provide mental health services.

“*Appeal*” shall mean the process defined in 441—Chapter 7 by which a Medicaid member, or the member’s designee, may request review of a certain decision made by the department or the contractor.

“*ASAM-PPC-2R*” shall mean the American Society of Addiction Medicine Patient Placement Criteria for the Treatment of Substance Related Disorders, Second Edition Revised, published by the American Society of Addiction Medicine in 2001.

“*Assertive community treatment (ACT) program*” shall mean a program of comprehensive outpatient services provided in the community directed toward the amelioration of symptoms and the rehabilitation of behavioral, functional, and social deficits of persons with severe and persistent mental disorders and persons with complex symptomatology who require multiple mental health and supportive services to live in the community.

“*Capitation rate*” shall mean the fee the department pays monthly to the contractor for each enrolled Medicaid member for the provision of covered, required, and optional services, whether or not the enrollee received services during the month for which the fee is paid.

“*Certification*” shall mean the process of determining that a facility, equipment or an individual meets the requirements of federal or state law.

“*Clinical decision review*” shall mean the process by which enrollees and participating and nonparticipating providers may request a review by the contractor of a decision made by an employee of the contractor regarding the prior authorization, denial, or payment for services.

“*Contract*” shall mean the contract between the department and the entity or entities selected by the department to implement the Iowa Plan. Contract sections related to Medicaid-funded services shall be interpreted to meet the requirements of the Code of Federal Regulations, Title 42, Part 434 as amended to December 31, 1996. The department of public health also shall be party to the contracts in relationship to the provision of substance abuse services to non-Medicaid persons served through the Iowa Plan.

“*Contractor*” shall mean each entity with whom the department contracts to provide covered, required and optional services for those members enrolled in the Iowa Plan.

“*Coverage group*” shall mean a category of members who meet certain common eligibility requirements.

“*Covered services*” shall mean mental health and substance abuse treatment services reimbursable based on provisions of the Medicaid state plan and paid through the fee-for-service payment system administered by the Iowa Medicaid enterprise.

“*Department*” shall mean the Iowa department of human services acting in cooperation with the department of public health for governance of the contract.

“*Designee*” shall mean an organization, person, or group of persons designated by the director to act on behalf of the department in the review or evaluation of services provided through the Iowa Plan.

“*Director*” shall mean the director of the Iowa department of human services.

“*Disenrollment*” shall mean the removal of an enrollee from the contractor’s enrollment list either through loss of eligibility or some other cause.

“*Emergency services*” shall mean those services required to meet the needs of an enrollee who is experiencing an acute crisis of a level of severity requiring immediate treatment where a failure to treat could result in death, injury, or lasting harm to the enrollee or serious danger to others.

“*Encounter data*” shall mean information reflecting a face-to-face meeting or other billable service furnished by a provider to a person served through the Iowa Plan. Medicaid encounter data must be submitted by the contractor to the department in an electronic format specified by the department.

“*Enrollee*” shall mean any Medicaid member who is enrolled in the Iowa Plan in accordance with the provisions of the contract.

“*Enrollment*” shall mean the inclusion of a Medicaid member on a contractor’s Medicaid enrollment file.

“*Enrollment area*” shall mean the geographical area in which the enrollees that are assigned by the department to the contractor reside.

“*Fee-for-service*” shall mean the method of making payment for Medicaid services reimbursable under the Medicaid state plan in which reimbursement is based on fees set by the department for defined services. Payment of the fee is based upon delivery of the defined services and is done through the Iowa Medicaid enterprise.

“*Grievance*” shall mean a nonclinical incident, nonclinical complaint, or nonclinical concern which is received verbally and which cannot be resolved in a manner satisfactory to enrollees or participating or nonparticipating providers by the immediate response of the contractor’s staff member or a nonclinical incident, nonclinical complaint, or nonclinical concern which is received in writing.

“*Insolvency*” shall mean a financial condition that exists when an entity is unable to pay its debts as they become due in the usual course of business, or when the liabilities of the entity exceed its assets.

“*Integrated mental health services and supports*” shall mean individualized mental health services and supports planned jointly by the contractor, the enrollee, and others significant to the enrollee as appropriate, which are not regularly defined services otherwise offered by the contractor.

“*Iowa Plan*” shall mean the Iowa Plan for Behavioral Health, established by this division as the managed care plan to provide mental health and substance abuse treatment.

“*Licensed*” shall mean a facility, equipment, individual or entity that has formally met state requirements for licensure and has been granted a license.

“*Member*” shall mean a person determined eligible for Medicaid.

“*Mental health services*” shall mean those clinical, rehabilitative, or supportive services provided by an individual, agency, or other entity that is licensed, accredited, certified, or otherwise approved as required by law to treat any mental disorder listed in the International Classification of Diseases—Ninth Edition (ICD-9). At a minimum, covered disorders include the following ranges of the ICD-9: 290-302.9; 306-309.9; and 311-314.9. Additional code ranges may be included in the contract. Mental health services shall include, but not be limited to, those services listed at subrule 88.65(3).

“*MHI*” shall mean a state mental health institute operated by the department.

“*Open panel*” shall mean that the contractor shall subcontract with all providers who are appropriately licensed, certified, or accredited to provide covered, required, or optional services, and who meet the credentialing criteria, agree to the standard contract terms, and wish to participate.

“*Participating providers*” shall mean the providers of mental health and substance abuse services who subcontract with the contractor.

“*Prepaid health plan (PHP)*” shall mean an entity defined at Section 1903(m)(2)(B)(iii) of the Social Security Act and determined to be a PHP by the department based upon criteria set forth in the Code of Federal Regulations at Title 42, Part 434.20(a)(3), as amended to March 13, 1991.

“*Prior authorization*” shall mean the process by which an enrollee or a provider obtains approval prior to the initiation or continuation of a service as to the appropriateness of a service. The contractor may require prior authorization as a condition of payment. Prior authorization of a mental health service

shall be based on psychosocial necessity. Prior authorization of a substance abuse service shall be based on service necessity.

“Psychosocial necessity” shall mean that clinical, rehabilitative, or supportive mental health services meet all of the following conditions. The services shall be:

1. Appropriate and necessary to the symptoms, diagnoses or treatment of a covered mental health diagnosis.
2. Provided for the diagnosis or direct care and treatment of a mental disorder.
3. Within standards of good practice for mental health treatment.
4. Required to meet the mental health needs of the enrollee and not primarily for the convenience of the enrollee, the provider, or the contractor.
5. The most appropriate type of service which would reasonably meet the needs of the enrollee in the least costly manner.

The determination of psychosocial necessity shall be made after consideration of the enrollee’s clinical history, including the impact of previous treatment and service interventions; services being provided concurrently by other delivery systems; the potential for services and supports to avert the need for more intensive treatment; the potential for services and supports to allow the enrollee to maintain functioning improvement attained through previous treatment; unique circumstances which may impact the accessibility or appropriateness of particular services for an individual enrollee (e.g., availability of transportation, lack of natural supports including a place to live); and the enrollee’s choice of provider or treatment location.

“Required services” shall mean mental health and substance abuse treatment services and supports which are not reimbursable through the Iowa Medicaid fee-for-service program but which are the contractual responsibility of the contractor.

“Retroactive eligibility” shall mean the period of time consisting of the three months preceding the month in which an application for Medicaid is filed, during which the person may be eligible for Medicaid coverage as determined by the department.

“Routine care” shall mean those clinical, rehabilitative, or supportive mental health or substance abuse services which are typically arranged through regular, scheduled appointments with a provider. Conditions requiring routine care are not likely to substantially worsen or cause damage or disruption to the recipient’s life without immediate intervention.

“Service necessity” shall mean that substance abuse services for the treatment of conditions related to substance abuse meet the following requirements according to the criteria of the ASAM-PPC-2R. The services shall be:

1. Appropriate and necessary to the symptoms, diagnoses or treatment of a covered substance abuse diagnosis.
2. Provided for the diagnosis or direct care and treatment of a substance abuse disorder.
3. Within standards of good practice for substance abuse treatment.
4. Required to meet the substance abuse treatment needs of the enrollee and not primarily for the convenience of the enrollee, the provider, or the contractor.
5. The most appropriate type of service which would reasonably meet the needs of the enrollee in the least costly manner.

“Substance abuse licensed PMIC” shall mean a psychiatric medical institution for children (PMIC) which also is licensed in accordance with Iowa Code chapter 125 to provide substance abuse treatment services.

“Substance abuse services” shall mean those clinical, rehabilitative, supportive and other services provided in response to and to alleviate the symptoms of any substance abuse disorder listed in the International Classification of Diseases—Ninth Edition (ICD-9), disorders 303 through 305.9, provided by an individual, agency, or other entity that is licensed, accredited, certified, or otherwise approved as required by law to treat any of these substance abuse disorders. Services include, but are not limited to, services listed at subrule 88.65(4).

“*Targeted case management services*” shall mean MR/CMI/DD case management services targeted to adults with a primary diagnosis of chronic mental illness as defined at rule 441—90.1(249A), with standards set forth in 441—Chapter 24 and Medicaid requirements set forth in 441—Chapter 90.

“*Third party*” shall mean an individual, entity, or program, excluding Medicaid, that is, may be, could be, should be, or has been liable for all or part of the cost of mental health and substance abuse services related to any medical assistance covered by Medicaid.

“*Urgent, nonemergency care*” shall mean those clinical, rehabilitative, or supportive services provided for conditions which, although they do not present immediate risk of death, injury, or lasting harm, may risk significant damage or disruption to the recipient’s life or require expeditious treatment to alleviate the prospect that the condition will substantially worsen without immediate intervention.

441—88.62(249A) Participation.

88.62(1) Contract. The department may enter into a contract for the provision of mental health and substance abuse services specified in 441—Chapter 78, or any portion thereof, with a prepaid health plan.

a. The department shall also determine that the contractor meet the following additional requirements:

(1) The contractor shall make the services it provides to enrollees at least as accessible as those services were to members prior to the implementation of the Iowa Plan.

(2) The contractor shall comply with insolvency requirements established by the department in the contract and shall ensure that neither Medicaid enrollees nor the state shall be responsible for its debts if the contractor should become insolvent.

(3) The contractor shall be licensed by the department of commerce, division of insurance, as a limited service organization.

b. The contract shall meet the following minimum requirements. The contract shall:

(1) Be in writing.

(2) Specify the duration of the contract period.

(3) List the services which must and may be covered.

(4) Describe information access and disclosure.

(5) List conditions for nonrenewal, termination, suspension, and modification.

(6) Specify the method and rate of reimbursement.

(7) Provide for disclosure of ownership and subcontractor relationships.

(8) Specify that all subcontracts shall be in writing, shall comply with the provisions of the contract between the department and the contractor, and shall include any general requirements of the contract that are appropriate to the service or activity covered by the subcontract.

88.62(2) Assessment of penalties. Penalties shall be assessed according to terms of the contract for failure to perform in either of the following areas:

a. Substantial failure to provide necessary covered and required services included in this contract when the failure has seriously and adversely affected an enrollee.

b. Failure to comply with any provision of the contract.

441—88.63(249A) Enrollment.

88.63(1) Enrollment area. The enrollment area shall be set forth in the contract between the department and the contractor. The department has determined that all counties of the state will be covered by the Iowa Plan, whether by a single statewide contractor or by multiple regional contractors.

88.63(2) Members subject to enrollment. All Medicaid members shall be subject to mandatory enrollment in the Iowa Plan.

a. Members who are enrolled in the Iowa Plan are notified of enrollment and the effective date of the enrollment.

b. When a coverage group is included in or excluded from Iowa Plan enrollment, the department and the contractor shall jointly notify members and participating and nonparticipating Medicaid

providers before implementation of the change. The department shall implement a transition plan to ensure continuity of services to members.

88.63(3) *Others to be served.* The department may include other recipients of mental health and substance abuse services in the Iowa Plan. The department shall specify in the contract the services, persons to be served, and reimbursement methodology when other recipients are included.

88.63(4) *Voluntary enrollment.* There will be no voluntary enrollment in the Iowa Plan.

88.63(5) *Effective date.* For new members, the effective date of enrollment with the contractor shall be the first day of the month the Medicaid application was filed in the county office. Members under the age of 21 served at an MHI and members served at a substance abuse licensed PMIC will be enrolled for months of retroactive eligibility for Medicaid when the member resided in a substance abuse licensed PMIC or MHI during those months.

For current members who are no longer in an eligibility group excluded from the Iowa Plan, the effective date of enrollment shall be the first day of the month following the month they leave the excluded group.

88.63(6) *Medical card.* The department shall issue Form 470-1911, Medical Assistance Eligibility Card, to each member. Before delivering mental health or substance abuse services, the provider shall access the department's eligibility verification system (ELVS) to verify the member's enrollment in the Iowa Plan.

441—88.64(249A) Disenrollment.

88.64(1) *Disenrollments by the department.* Disenrollments shall occur when:

a. The enrollee becomes ineligible for Medicaid. If the enrollee becomes ineligible and is later reinstated to Medicaid, enrollment in the Iowa Plan shall also be reinstated.

b. The enrollee is transferred to a coverage group excluded from the Iowa Plan.

c. The enrollee dies.

88.64(2) *Effective date.* Disenrollment shall be effective the first day of the month following the month of disenrollment.

88.64(3) *No disenrollment for health reasons.* No enrollee shall be disenrolled from the Iowa Plan because of an adverse change in health status, including mental health and substance abuse status.

441—88.65(249A) Covered services.

88.65(1) *Amount, duration, and scope of services.* The contractor may not impose limitations on the amount, duration, or scope of services provided which are not allowable under the Medicaid state plan. The contractor may, however, require the use of participating providers, require prior authorization for services other than emergency services as set forth in rule 441—88.66(249A), and direct enrollees to the appropriate level of care for receipt of those services which are the responsibility of the contractor.

88.65(2) *Enrollee use of Iowa Plan services.* Enrollees shall receive all Medicaid-funded covered, required, and optional mental health and substance abuse services only through the Iowa Plan. An enrollee shall use only participating providers of service unless the contractor has authorized a referral to a nonparticipating provider for provision of a service or treatment plan. Payment shall be denied under Medicaid fee-for-service on claims for covered, required, and optional mental health and substance abuse services provided to enrollees. The contractor shall implement policies to ensure that no participating or nonparticipating provider bills an enrollee for all or any part of the cost of a covered, required, or optional service.

88.65(3) *Covered, required and optional mental health services.*

a. The contractor shall ensure, arrange, monitor and reimburse, at a minimum, the following covered mental health services:

(1) Ambulance services for psychiatric conditions.

(2) Emergency room services for psychiatric conditions available 24 hours per day, 365 days per year.

(3) Inpatient hospital care for psychiatric conditions.

(4) Outpatient hospital care for psychiatric conditions including intensive outpatient services.

- (5) Partial hospitalization.
 - (6) Day treatment.
 - (7) Psychiatric physician services including consultations requested for enrollees receiving treatment for other medical conditions.
 - (8) Services of a licensed psychologist for testing, evaluation and treatment of mental illness.
 - (9) Services in state MHIs for enrollees under the age of 21 or through the age of 22 if the enrollee is hospitalized on the enrollee's twenty-first birthday.
 - (10) Services provided through a community mental health center.
 - (11) Targeted case management services to persons with chronic mental illness.
 - (12) Medication management.
 - (13) Psychiatric nursing services by a home health agency.
 - (14) Psychiatric or psychological screenings required subsequent to evaluations for persons applying for admission to nursing homes.
 - (15) Mental health services determined necessary subsequent to an EPSDT screening meeting the Omnibus Budget Reconciliation Act of 1989, Public Law 101-239, requirements.
 - b.* The contractor shall ensure, arrange, monitor and reimburse the following required mental health services which are not reimbursable by Medicaid fee-for-service:
 - (1) Concurrent substance abuse and mental health services for those diagnosed with both chronic substance abuse and chronic mental illness.
 - (2) Services of a licensed social worker for treatment of mental illness.
 - (3) Mobile crisis services.
 - (4) Mobile counseling services.
 - (5) Integrated mental health services and supports.
 - (6) Psychiatric rehabilitation services.
 - (7) Peer support services for persons with chronic mental illness.
 - (8) Community support services.
 - (9) Periodic assessment of the level of functioning for each enrollee who meets the criteria of either a child with a serious emotional disability or a person with serious and persistent mental illness. The assessment is to be conducted by appropriately credentialed participating providers.
 - (10) Programs of assertive community treatment.
 - c.* The contractor may develop optional services and supports to address the mental health needs of enrollees. These optional services and supports shall be implemented only after approval by the department. Optional services and supports shall be provided by or under the supervision of qualified mental health professionals or appropriately accredited agencies.
 - d.* The department may require the coverage of other mental health services and supports under the terms of the contract.
- 88.65(4) Covered and required substance abuse services.** The contractor shall ensure, arrange, monitor and reimburse the following services for the treatment of substance abuse:
- a.* Outpatient services (all Level I services according to the ASAM-PPC-2R).
 - b.* Intensive outpatient and partial hospitalization services (all Level II services according to the ASAM-PPC-2R).
 - c.* Residential or inpatient services (all Level III services according to the ASAM-PPC-2R).
 - d.* Medically managed intensive inpatient services (all Level IV services according to the ASAM-PPC-2R).
 - e.* Detoxification.
 - f.* PMIC substance abuse treatment services.
 - g.* Emergency room services for substance abuse conditions available 24 hours a day, 365 days a year.
 - h.* Ambulance services for substance abuse conditions.
 - i.* Substance abuse treatment services determined necessary subsequent to an EPSDT screening meeting the Omnibus Budget Reconciliation Act of 1989, Public Law 101-239, requirements.

j. Intake, assessment, evaluation and diagnostic services, including testing for alcohol and drugs, to determine a substance abuse diagnosis.

88.65(5) Covered diagnoses. Services for a covered diagnosis cannot be denied solely on the basis of an individual's also having a noncovered diagnosis. Mental health services, including inpatient care, cannot be denied solely on the basis of an individual's having no Axis I diagnosis. The contractor will be responsible for ensuring, arranging, monitoring, and reimbursing services necessary for the behavioral care and treatment of the covered diagnoses for Iowa Plan enrollees who are diagnosed with a covered diagnosis and a noncovered diagnosis.

The services defined at subrules 88.65(3) and 88.65(4) shall be provided to all Iowa Plan enrollees who meet the diagnostic criteria for the following disorders listed in the International Classification of Diseases—Ninth Edition (ICD-9):

1. Mental health: 290-302.9; 306-309.9; 311-314.9.
2. Substance abuse: 303-305.9.

88.65(6) Excluded services. Unless the service is specifically included in the contract, the contractor shall not be required to provide long-term care (e.g., residential care facilities, nursing facilities, state resource centers, or intermediate care facilities for persons with mental retardation) or remedial services.

441—88.66(249A) Emergency services.

88.66(1) Availability of services. The contractor shall ensure that emergency services for covered diagnoses are available 24 hours a day, seven days a week, either through participating providers or through arrangements with other providers.

88.66(2) Payment for emergency room services. Emergency room services for covered diagnoses shall be reimbursed for enrollees regardless of whether authorized in advance or whether the provider of service is a participating provider.

a. For emergency room services provided to an Iowa Plan enrollee by a participating or a nonparticipating provider when covered diagnoses are the primary condition, the contractor may:

- (1) Establish policies requiring notification of the provision of emergency room service within a stated time frame which shall be no less than 48 hours.
- (2) Require authorization of any services beyond those provided in the emergency room.

b. For emergency room services provided to an Iowa Plan enrollee by a participating or a nonparticipating provider when covered diagnoses are the primary condition, the contractor shall:

- (1) Provide a minimum triage fee to the emergency room, regardless of whether the facility notifies the contractor. The triage fee shall be no less than is paid under payment mechanisms established for the Medicaid fee-for-service program.

- (2) Reimburse the emergency room for emergency room services provided, contingent upon the facility's compliance with notification policies. Reimbursement to nonparticipating providers shall be no less than the average payment which would be made to a participating provider.

88.66(3) Contractor payment liability. The contractor's payment liability for the provision of emergency mental health and substance abuse services by nonparticipating providers is limited to emergency mental health and substance abuse services provided before the enrollee can, without danger or harmful consequences to the enrollee or others, return to the care of a participating provider. If transportation is necessary to transport the enrollee from a nonparticipating provider to a participating provider, the contractor shall be financially liable for the transportation. In reimbursing nonparticipating providers, the contractor's liability is limited to the average reimbursement which the contractor would pay to a participating provider for the same services.

88.66(4) Notification and claim filing time spans. The contractor may set notification and claim filing time limitations in the event of the provision of care by nonparticipating providers and shall notify enrollees of these provisions. However, failure to give notice or to file claims within those time limitations shall not invalidate any claim if it can be shown that it was not reasonably possible to give the notice and that notice was, in fact, given as soon as was reasonably possible. In addition, the contractor shall provide payment for emergency services to nonparticipating providers within 60 days of receipt of a bill which complies with all billing requirements established by the contractor's policies.

441—88.67(249A) Access to service.

88.67(1) *Choice of provider.* Enrollees shall have the opportunity to choose their mental health care and substance abuse treatment professionals and service providers from any of the participating providers to the extent clinically appropriate.

88.67(2) *Open panel requirement.* The contractor shall establish and implement policies to ensure an open panel approach to the recruitment of participating providers.

88.67(3) *Requirements for participating provider panel.* The contractor shall develop and maintain a panel of participating providers which meets the following requirements. The panel shall:

a. Have sufficient staff resources to adequately provide mental health and substance abuse services to meet the needs of enrollees or have arrangements for services to be provided by other providers where capability of participating providers to serve specific mental health and substance abuse needs does not exist.

b. Maintain treatment sites in compliance with all applicable local, state, and federal standards related to the services provided as well as those for fire and safety.

88.67(4) *Adequate appointment system.* The contractor shall require that participating providers have procedures for the scheduling of enrollee appointments, which are appropriate to the reason for the service, as follows:

a. Enrollees with emergency needs shall be seen within 15 minutes of presentation at a service delivery site.

b. Persons with urgent nonemergency needs shall be seen within 1 hour of presentation at a service delivery site or within 24 hours of telephone contact with provider or contractor.

c. Persons with persistent symptoms shall be seen within 48 hours of reporting symptoms.

d. Persons with need for routine services shall be seen within three weeks of the request for appointment.

88.67(5) *Adequate after-hours call-in coverage.* The contractor shall ensure crisis counseling and referral are available 24 hours a day, 365 days per year via a toll-free telephone line, the number for which is regularly made available to all enrollees.

88.67(6) *Adequate referral system.* The contractor shall have in effect arrangements which provide for an adequate referral system for any specialty mental health and substance abuse treatment services not available through participating providers.

88.67(7) *Discharge planning.* The contractor shall implement policies to ensure that no enrollee who has been receiving services in a 24-hour setting funded by the contractor is discharged from that setting until a discharge plan has been developed which provides appropriate follow-up care and treatment which is accessible to that enrollee.

88.67(8) *Lack of discharge plan.* When a discharge plan as described in subrule 88.67(7) has not been developed or cannot be implemented, the following shall apply:

a. If the contractor is not required to pay for services at the 24-hour level of care as set forth in subrule 88.73(2) because the services do not meet the criteria of psychosocial necessity or service necessity, the contractor is required (keep kids safe policy) to authorize up to 14 calendar days of additional funding on an administrative basis for enrollees under the age of 18 if a safe and appropriate living arrangement is not available because:

(1) A court order is in effect that must be modified to allow the placement of the child into that living arrangement;

(2) A court order is required to allow placement of the child into the appropriate living arrangement;

(3) A bed is not available in the level of care which has been determined as clinically appropriate for the child; or

(4) Services and support must be arranged to assist the natural family, foster family, or other living arrangement to become ready to assist the enrollee after the enrollee's return to that environment.

b. If 24-hour services provided through the Iowa Plan are being decertified, payment is limited in accordance with subrule 88.73(2) except as provided in paragraph 88.67(8) "a."

441—88.68(249A) Review of contractor decisions and actions.

88.68(1) *Clinical decision review.* The contractor shall have written procedures by which enrollees and participating and nonparticipating providers may request a clinical decision review. The clinical decision review, when requested, shall be conducted by staff other than the person or persons who made the original clinical care decision. All policies related to clinical decision review shall be approved by the department prior to implementation. The contractor's clinical decision review policies shall further:

a. Require acknowledgment of the receipt of a request for a clinical decision review to the enrollee and to the provider if applicable within three working days.

b. Allow for participation by the enrollee and the provider.

c. Set time frames for resolution including emergency procedures which are appropriate to the nature of the clinical decision under review.

d. Require that 95 percent of all clinical decision reviews be resolved within 14 days of receipt of all required documentation and that 100 percent of all clinical decision reviews be resolved within 90 days of the receipt of all required documentation.

e. Ensure the participation of contractor staff with authority to require corrective action.

f. Include at least one level of internal review.

g. Ensure the confidentiality of the enrollee.

88.68(2) *Appeal to department.* Enrollees may appeal clinical care decisions in accordance with the appeal process available to all persons receiving Medicaid-funded services as set forth in 441—Chapter 7 if the enrollee is not satisfied with the final decision rendered by the contractor through the contractor's clinical decision review process.

88.68(3) *Review of nonclinical decisions.* The contractor shall have available to all enrollees and other persons who do business with the contractor a process for the review of any complaints or grievances concerning nonclinical matters. All policies related to the review of nonclinical decisions shall be approved by the department prior to implementation. Policies regarding the process for the review of nonclinical decisions shall incorporate the following:

a. Allow initiation both verbally and in writing.

b. Require a review conducted by someone other than the person who made the original decision.

c. Require written notice acknowledging the receipt of a complaint or grievance.

d. Require resolution of 95 percent of all complaints or grievances within 14 days of the receipt of all required documentation and resolution of 100 percent within 90 days of the receipt of all required documentation.

88.68(4) *Written record.* All requests for review of contractor decisions and actions, including all informal or verbal complaints which must be referred or researched for resolution, shall be recorded in writing. A log shall be retained and made available at the request of the department. The log shall include progress notes and method of resolution to allow determination of compliance with subrules 88.68(1) and 88.68(3).

88.68(5) *Information concerning procedures relating to the review of contractor decisions and actions.* The contractor's written procedures for the review of contractor decisions and actions shall be provided to each new enrollee, to participating providers in a provider manual, and to nonparticipating providers upon request.

88.68(6) *Periodic reports to the department.* The contractor shall make reports to the department summarizing the review of contractor decisions and actions and resolutions to the reviews at a frequency specified in the contract.

441—88.69(249A) Records and reports.

88.69(1) *Records system.* The contractor shall document and maintain clinical and fiscal records throughout the course of the contract. The record system shall:

a. Identify transactions with or on behalf of each enrollee by the state identification number assigned to the enrollee by the department.

b. Provide a rationale for and documentation of clinical care decisions made by the contractor based upon psychosocial necessity for mental health services and service necessity for substance abuse services.

c. Permit effective professional review for medical audit processes.

d. Facilitate an adequate system for monitoring treatment reimbursed by the contractor including follow-up of the implementation of discharge plans and referral to other providers.

e. Meet contract reporting requirements and federal reporting requirements applicable to prepaid health plans.

88.69(2) *Content of individual treatment record.* The contractor shall have contractual requirements with participating providers which ensure an adequate record-keeping system, including documentation of all Iowa Plan services provided to each enrollee, in compliance with the provisions of rule 441—79.3(249A).

88.69(3) *Confidentiality of mental health information.* The contractor shall protect and maintain the confidentiality of mental health information by implementing policies for staff and through contract terms with participating providers which allow release of mental health information only as allowed by Iowa Code chapter 228.

88.69(4) *Confidentiality of substance abuse information.* The contractor shall protect and maintain the confidentiality of substance abuse information by implementing policies for staff and through contract terms with participating providers which allow release of substance abuse information only in compliance with policies set forth in the Code of Federal Regulations at Title 42, Part 2, as amended to May 5, 1995, and other applicable state and federal law and regulations.

88.69(5) *Reports to the department.* The contractor shall submit reports to the department as follows:

a. Encounter data on a monthly basis.

b. Annual audited financial statements no later than 180 days after the close of each contract year.

c. Periodic financial, utilization, and statistical reports as required by the department in the contract.

d. Other reporting requirements as specified in the contract.

88.69(6) *Audits.* The department or its designee and the U.S. Department of Health and Human Services (HHS) may evaluate through inspections or other means the quality, appropriateness, and timeliness of services performed by the contractor, participating providers, nonparticipating providers, and subcontractors pertaining to services performed and reimbursed under the contract. The department or its designee or HHS may audit and inspect any records of the contractor, participating providers, nonparticipating providers and subcontractors of the contractor, pertaining to services performed and the determination of amounts paid under the contract. These records shall be made available at times, places, and in a manner as authorized representatives of the department, its designee, or HHS may request.

441—88.70(249A) *Marketing.* The marketing of Iowa Plan services is prohibited.

441—88.71(249A) *Enrollee education.*

88.71(1) *Use of services.* The contractor shall provide written information to all enrollees on the use of services the contractor is responsible to ensure, arrange, monitor, and reimburse. Information must include services covered; how to access services; providers participating; explanation of the process for the review of contractor decisions and actions, including the enrollee's right to a fair hearing under 441—Chapter 7 and how to access that fair hearing process; provision of after-hours and emergency care; procedures for notifying enrollees of a change in benefits or office sites; how to request a change in providers; statement of consumer rights and responsibilities; out-of-area use of service; availability of toll-free telephone information and crisis assistance; appropriate use of the referral system; and the method of accessing Medicaid-funded services not covered by the Iowa Plan, especially pharmacy services.

88.71(2) *Outreach to members with special needs.* The contractor shall provide enhanced outreach to members with special needs including, but not limited to, persons with psychiatric disabilities, mental

retardation or other cognitive impairments, homeless persons, illiterate persons, non-English-speaking persons and persons with visual or hearing impairments.

88.71(3) Patient rights and responsibilities. The contractor shall have in effect a written statement of patient rights and responsibilities which is available upon request as well as issued to all new enrollees. This statement shall be part of enrollment information provided to all new enrollees.

441—88.72(249A) Payment to the contractor.

88.72(1) Capitation rate. In consideration for all services rendered by the contractor under a Medicaid contract with the department, the contractor shall receive a payment each month for each enrollee. This Medicaid capitation rate represents the total obligation of the department with respect to the costs of Medicaid mental health and substance abuse services provided to enrollees under the contract. The contractor accepts the rate as payment in full for the Medicaid-contracted services.

88.72(2) Determination of rate. The Medicaid capitation rates shall be established in the contract and shall not exceed the cost to the department of providing the same covered services on a fee-for-service basis to the same group of Medicaid members eligible for the plan.

88.72(3) Payment for services to other recipients. When the department chooses to include mental or substance abuse services for recipients other than enrollees, the department shall establish rates and reimbursement procedures in the contract.

88.72(4) Third-party liability. If an enrollee has health coverage or a responsible party other than the Medicaid program available for purposes of payment for mental health and substance abuse expenses, it is the right and responsibility of the contractor to investigate these third-party resources and attempt to obtain payment. The contractor may retain all funds collected through third-party sources. A complete record of third-party liability shall be maintained and made available to the department at the end of each contract year.

441—88.73(249A) Claims payment.

88.73(1) Claims payment by contractor. The contractor shall meet the following time lines for the payment of all claims for covered, required and optional mental health and substance abuse services submitted which meet the contractor's requirements for claim submission:

a. For at least 85 percent of claims submitted, payment shall be mailed or claims shall be denied within 14 days of the date the claim is received by the contractor.

b. For at least 90 percent of claims submitted, payment shall be mailed or claims shall be denied within 30 days of the date the claim is received by the contractor.

c. For 100 percent of claims submitted, payment shall be mailed or claims shall be denied within 90 days of the date the claim is received by the contractor.

88.73(2) Limits on payment responsibility for services.

a. The contractor is not required to reimburse providers for the provision of mental health services that do not meet the criteria of psychosocial necessity.

b. The contractor is not required to reimburse providers for the provision of substance abuse services that do not meet the criteria of service necessity.

c. The contractor is not required to reimburse providers for the provision of MR/CMI/DD case management services that do not meet the criteria and requirements set forth in 441—Chapter 90.

d. The contractor has the right to require prior authorization of covered, required and optional services and to deny reimbursement to providers who do not comply with such requirements.

e. Payment responsibilities for emergency room services are as provided at subrule 88.66(2).

f. Payment responsibility for services provided under the "keep kids safe" policy is set forth at subrule 88.67(8).

88.73(3) Payment to nonparticipating providers. In reimbursing nonparticipating providers, the contractor is obligated to pay no more than the average rate of reimbursement which the contractor pays to participating providers for the same service.

88.73(4) Payment of crossover and copayments. Rescinded IAB 1/9/02, effective 3/1/02.

441—88.74(249A) Quality assurance. The contractor shall have in effect an internal quality assurance system which meets the requirements of 42 CFR, Part 434.34 as amended to March 12, 1984, and complies with all other requirements specified in the contract.

441—88.75(249A) Iowa Plan advisory committee. The department shall appoint an advisory committee to advise the department in the implementation and operation of the Plan and to provide for ongoing public input in its operation.

These rules are intended to implement Iowa Code section 249A.4.

² Effective date of 4/1/90 delayed 70 days by the Administrative Rules Review Committee at its March 12, 1990, meeting; delay lifted by this Committee, effective May 11, 1990.

CHAPTER 89
DEBTS DUE FROM TRANSFERS OF ASSETS

PREAMBLE

This chapter provides for the establishment of a debt for medical assistance due to a transfer of assets for less than fair market value. These rules allow the department to establish a debt against a person who receives the transferred assets from a Medicaid applicant or recipient within five years prior to an application for medical assistance if the applicant is approved for Medicaid. The debt is established against the transferee in an amount equal to the medical assistance provided, but not in excess of the fair market value of the assets transferred.

441—89.1(249F) Definitions.

“Department” shall mean the department of human services.

“Dwelling” shall mean real property in which a person has an ownership interest and which serves as the person’s principal place of residence. Real property shall include the shelter in which the person lives, the land on which the shelter is located and related buildings on the land.

“Fair market value” shall mean the price for which property or an item could have been sold on the open market at the time of transfer.

“Medical assistance” shall mean “medical assistance,” “additional medical assistance,” “discretionary medical assistance” or “Medicare cost sharing” as each is defined in Iowa Code section 249A.2 which is provided to a person pursuant to Iowa Code chapter 249A and Title XIX of the federal Social Security Act.

“Property” shall mean anything of value, including both tangible and intangible property, real property and personal property.

“Transfer” shall mean the disposal of property for less than fair market value through gifting, sale or any transfer or assignment of a legal or equitable interest in property.

“Transferee” shall mean the person who receives a transfer or assignment of a legal or equitable interest in property for less than fair market value.

“Transferor” shall mean the person who makes a transfer of a legal or equitable interest in property for less than fair market value.

441—89.2(249F) Creation of debt.

89.2(1) *Transfer of property.* Except as provided in rule 441—89.3(249F), any transfer of property for less than fair market value creates a debt due and owing to the department from the transferee if:

a. The transfer is made while the transferor is receiving medical assistance or within five years prior to application for medical assistance and on or after July 1, 1993.

b. The transfer is made with the intent on the part of the transferee of enabling the transferor to obtain or maintain eligibility for medical assistance.

89.2(2) *Amount of debt.* The amount of the debt is the lesser of:

a. An amount equal to the medical assistance provided to or on behalf of the transferor on or after the date of the transfer.

b. The difference between the fair market value of the property at the time of transfer and the value of any consideration received.

441—89.3(249F) Exceptions. Notwithstanding rule 441—89.2(249F), exceptions for transfers that occur between July 1, 1993, and June 30, 1996, are in accordance with the rules during that time period. Notwithstanding rule 441—89.2(249F), the following exceptions apply to transfers that occur on or after July 1, 1996. The following transfers do not create a debt to the department:

1. Transfers to or for the sole benefit of the transferor’s spouse, including a transfer to a spouse by an institutionalized spouse pursuant to Section 1924(f)(1) of the federal Social Security Act.

2. Transfers to or for the sole benefit of the transferor’s child who is blind or disabled, as defined in Section 1614 of the federal Social Security Act.

3. Transfer of a dwelling, which serves as the transferor's home as defined in 20 CFR Section 416.1212, as amended to August 23, 1994, to a child of the transferor under 21 years of age.

4. Transfer of a dwelling, which serves as the transferor's home as defined in 20 CFR Section 416.1212, as amended to August 23, 1994, after the transferor is institutionalized, to either of the following:

- A sibling of the transferor who has an equity interest in the dwelling and who was residing in the dwelling for a period of at least one year immediately prior to the date the transferor became institutionalized.

- A child of the transferor who was residing in the dwelling for a period of at least two years immediately prior to the date the transferor became institutionalized and who provided care to the transferor which permitted the transferor to reside at the dwelling rather than in an institution or facility.

5. Transfers of less than \$2,000. All transfers by the same transferor during the five-year period prior to the application for medical assistance by the transferor shall be aggregated. If a transferor transfers property to more than one transferee during the five-year period prior to application for medical assistance by the transferor, the \$2,000 exemption shall be divided equally between the transferees for the five-year period prior to application for medical assistance.

6. Transfers that would, at the time of the transferor's application for medical assistance, have been exempt from consideration as a resource if they had been retained by the transferor, pursuant to 42 U.S.C. Section 1382(b)(a).

7. Transfers to a trust established solely for the benefit of the transferor's child who is blind or permanently and totally disabled as defined in Section 1614 of the federal Social Security Act.

8. Transfers to a trust established solely for the benefit of a person under 65 years of age who is disabled, as defined in Section 1614 of the federal Social Security Act.

9. Rescinded IAB 11/29/00, effective 1/3/01.

441—89.4(249F) Presumption of intent. Any transfer of property for less than fair market consideration made while the transferor is receiving medical assistance or within five years prior to an application for medical assistance is presumed to be made with the intent, on the part of the transferee, of enabling the transferor to obtain or maintain eligibility for medical assistance. This presumption can be rebutted only by clear and convincing evidence that the transferor's eligibility or potential eligibility for medical assistance was no part of the transferee's reason for accepting the transfer of property.

441—89.5(249F) Notice of debt. The department may issue a notice establishing and demanding payment of an accrued or accruing debt due and owing to the department as provided in rule 441—89.2(249F). The notice shall be sent by restricted certified mail, as defined in Iowa Code section 618.15, to the transferee at the transferee's last-known address. If service of the notice is unable to be completed by restricted certified mail, the notice shall be served upon the transferee in accordance with the Iowa Rules of Civil Procedure. The notice shall include all of the following:

89.5(1) Amount of debt. The amount of medical assistance provided to the transferor to date which creates the debt.

89.5(2) Computation of debt. A computation of the debt due and owing.

89.5(3) Demand for payment. A demand for immediate payment of the debt.

89.5(4) Request for conference.

a. A statement that if the transferee desires to discuss the notice, the transferee may contact the department and request an informal conference.

b. A statement that, if a conference is requested, the transferee has until 10 days after the date set for the conference or until 20 days after the date of service of the original notice, whichever is later, to send a written request for a hearing to the department.

c. A statement that after the conference, the department may issue a new notice to be sent to the transferee or the transferee's attorney.

d. A statement that if the department issues a new notice the transferee has until 10 days after the date of mailing of the new notice or until 20 days after the date of service of the original notice to send a written request for a hearing to the department.

89.5(5) Request for hearing without conference. A statement that the transferee has until 20 days after the date of service of the original notice to send a written response setting forth any objections and requesting a hearing to the department.

89.5(6) Hearing in district court. A statement that if a timely written request for a hearing is received by the department, the transferee has the right to a hearing to be held in district court; and if no timely written request for hearing is received, the department shall enter an order in accordance with the latest notice.

89.5(7) Collection action. A statement that as soon as the order is entered the property of the transferee is subject to collection action including, but not limited to, wage withholding, garnishment, attachment of a lien, issuance of a distress warrant, or execution.

89.5(8) Responsibilities of transferee. A statement that the transferee must give the department written notice of any change of address or employment.

89.5(9) Questions. A statement that if the transferee has any questions regarding the transfer of assets, the transferee should contact the department or consult an attorney.

89.5(10) Other information. Other information as the department finds appropriate.

441—89.6(249F) No timely request of a hearing.

89.6(1) Entering of order. If a timely written request for hearing is not received by the department, the department may enter an order in accordance with the latest notice. The order is final, and action by the department to enforce and collect upon the order may be taken from the date of the issuance of the order.

89.6(2) Order. The transferee shall be sent a copy of the order by first-class mail addressed to the transferee at the transferee's last known address or, if applicable, to the transferee's attorney at the last known address of the transferee's attorney. The order shall specify:

- a. The amount to be paid with directions as to the manner of payment.
- b. The amount of the debt accrued and accruing in favor of the department.
- c. Notice that the property of the transferee is subject to collection action including, but not limited to, wage withholding, garnishment, attachment of a lien, issuance of a distress warrant, and execution.

441—89.7(249F) Timely request for a hearing. If a timely written request for a hearing is received by the department, the department shall certify the matter for hearing to the district court where the transferee resides or to the district court where the transferor resides if the transferee is not an Iowa resident. If neither the transferor nor the transferee resides in Iowa, the order may be filed in any county in which the transferor formerly resided.

The certification shall include true copies of the original notice, the return of service, any request for an informal conference, if applicable, any subsequent notices, the written request for hearing, and true copies of any administrative orders previously entered.

441—89.8(249F) Department-requested hearing. The department may also request a hearing on its own motion regarding the determination of a debt at any time prior to entry of an administrative order.

441—89.9(249F) Filing and docketing of the order. A true copy of an order entered by the department, pursuant to this chapter, along with a true copy of the return of service, if applicable, may be filed in the office of the clerk of the district court in the county in which the transferee resides or, if the transferee resides in another state, in the office of the district court in the county in which the transferor resides. The department's order shall be presented, ex parte, to the district court for review and approval.

441—89.10(249F) Exemption from Iowa Code chapter 17A. Actions initiated under Iowa Code chapter 249F are not subject to Iowa Code chapter 17A. Review by the district court shall be an original hearing before the district court.

These rules are intended to implement Iowa Code chapter 249F as amended by 2000 Iowa Acts, chapter 1060.

CHAPTER 90
CASE MANAGEMENT FOR PEOPLE WITH MENTAL RETARDATION,
CHRONIC MENTAL ILLNESS, OR DEVELOPMENTAL DISABILITIES

PREAMBLE

These rules define and structure medical assistance case management services provided in accordance with Iowa Code section 225C.20 for consumers with mental retardation (MR), chronic mental illness (CMI), or a developmental disability (DD) and consumers eligible for the HCBS children's mental health waiver. Provider accreditation standards are set forth in 441—Chapter 24.

Case management is a method to manage multiple resources effectively for the benefit of Medicaid consumers. The service is designed to help consumers gain access to appropriate and necessary medical services and interrelated social and educational services. Case management ensures that necessary evaluations are conducted; individual service and treatment plans are developed, implemented, and monitored; and reassessment of consumer needs and services occurs on an ongoing and regular basis.

441—90.1(249A) Definitions.

“Adult” means a person 18 years of age or older.

“Child” means a person under 18 years of age.

“Chronic mental illness” means the condition present in adults who have a persistent mental or emotional disorder that seriously impairs their functioning relative to such primary aspects of daily living as personal relations, living arrangements, or employment.

People with chronic mental illness typically meet at least one of the following criteria:

1. They have undergone psychiatric treatment more intensive than outpatient care more than once in a lifetime (e.g., emergency services, alternative home care, partial hospitalization, or inpatient hospitalization).
2. They have experienced at least one episode of continuous, structured supportive residential care other than hospitalization.

In addition, people with chronic mental illness typically meet at least two of the following criteria on a continuing or intermittent basis for at least two years:

1. They are unemployed, or employed in a sheltered setting, or have markedly limited skills and a poor work history.
2. They require financial assistance for out-of-hospital maintenance and may be unable to procure this assistance without help.
3. They show severe inability to establish or maintain a personal social support system.
4. They require help in basic living skills.
5. They exhibit inappropriate social behavior that results in demand for intervention by the mental health or judicial system.

In atypical instances, a person who varies from these criteria could still be considered to be a person with chronic mental illness.

For purposes of this chapter, people with mental disorders resulting from Alzheimer's disease or substance abuse shall not be considered chronically mentally ill.

“Department” means the department of human services.

“Developmental disability” means a severe, chronic disability that:

1. Is attributable to a mental or physical impairment or combination of mental and physical impairments;
2. Is manifested before the age of 22;
3. Is likely to continue indefinitely;
4. Results in substantial functional limitations in three or more of the following areas of major life activity: self-care, receptive and expressive language, learning, mobility, self-direction, capacity for independent living, and economic self-sufficiency; and

5. Reflects the person's need for a combination and sequence of special, interdisciplinary, or generic services, individualized supports, or other forms of assistance that are of lifelong or extended duration and are individually planned and coordinated.

"Medical institution" means an institution that is organized, staffed, and authorized to provide medical care as set forth in 42 Code of Federal Regulations 435.1009, as amended to October 1, 2001. A residential care facility is not a medical institution.

"Mental retardation" means a diagnosis of mental retardation which:

1. Is made only when the onset of the person's condition was before the age of 18 years;
2. Is based on an assessment of the person's intellectual functioning and level of adaptive skills;
3. Is made by a psychologist or psychiatrist who is professionally trained to administer the tests required to assess intellectual functioning and to evaluate a person's adaptive skills; and
4. Is made in accordance with the criteria provided in the Diagnostic and Statistical Manual of Mental Disorders, Fourth Edition, published by the American Psychiatric Association.

"MR/CMI/DD case management" means a service provided under the medical assistance program designed to assist eligible individuals with mental retardation, chronic mental illness or developmental disabilities and children eligible for the HCBS children's mental health waiver in gaining access to appropriate and necessary medical services and interrelated social and educational services. MR/CMI/DD case management is intended to manage multiple resources and to ensure that necessary evaluations are conducted; that individual service and treatment plans are developed, implemented, and monitored; and that reassessment of consumer needs and services occurs on an ongoing and regularly scheduled basis. MR/CMI/DD case management does not include direct services.

"Targeted population" means people who meet one of the following criteria:

1. An adult who is identified with a primary diagnosis of mental retardation, chronic mental illness or developmental disability; or
2. A child who is eligible to receive HCBS mental retardation waiver or HCBS children's mental health waiver services according to 441—Chapter 83; or
3. A child who has a primary diagnosis of mental retardation or developmental disability, resides in a child welfare decategorization county, and is likely to become eligible to receive HCBS mental retardation waiver services.

441—90.2(249A) Eligibility. A person who meets all of the following criteria shall be eligible for MR/CMI/DD case management:

90.2(1) The person is eligible for Medicaid or is conditionally eligible under 441—subrule 75.1(35).

90.2(2) The person is a member of the targeted population.

90.2(3) The person does not reside in a medical institution or is within 30 days of discharge from a medical institution.

90.2(4) The person has applied for MR/CMI/DD case management in accordance with the policies of the provider.

90.2(5) The person has been authorized for MR/CMI/DD case management in accordance with rule 441—90.3(249A).

¹ Effective date of January 1, 2003, delayed 70 days by the Administrative Rules Review Committee at a special meeting held December 19, 2002.

***441—90.3(249A) Authorization and need for service.**

90.3(1) *Authorization required.* Assessment of the need for MR/CMI/DD case management is required at least annually as a condition of payment under the medical assistance program. The department will authorize up to 12 months of service when it has determined that the consumer has a need for service.

a. For applicants who have not received MR/CMI/DD case management within the 12 months before application, the department may include up to 4 prior months in the authorized period for the provider to complete the assessment, intake, and enrollment of the consumer.

b. For applicants who have received MR/CMI/DD case management within the previous 12 months, the provider shall obtain authorization before providing services.

c. For ongoing services, the provider shall obtain authorization before the previous authorization expires.

d. A service authorization may be suspended when a consumer loses eligibility for no more than two consecutive months but is expected to regain eligibility during the two-month period. A consumer who regains eligibility within those two months may resume services for the time remaining under the previous authorization. If the previous authorization expires during the two-month period, the provider shall obtain a new authorization before resuming services.

Payment will not be made for MR/CMI/DD case management provided when the authorization is suspended. MR/CMI/DD case management services will be canceled for consumers who do not regain eligibility by the end of the two-month period.

90.3(2) *Need for service.* The department shall determine the initial and ongoing need for service based on evidence presented by the MR/CMI/DD case management provider, including diagnostic reports, documentation of provision of services, and information supplied by the consumer and other appropriate sources. The evidence shall demonstrate that all of the following criteria are met:

a. The consumer has a need for MR/CMI/DD case management to manage multiple resources pertaining to medical and interrelated social and educational services for the benefit of the consumer.

b. The consumer has functional limitations and lacks the ability to independently access and sustain involvement in necessary services.

c. The consumer is not receiving other paid benefits under the medical assistance program or under a Medicaid managed health care plan that serve the same purpose as MR/CMI/DD case management.

90.3(3) *Managed health care.* For consumers receiving MR/CMI/DD case management under a Medicaid managed health care plan as described in 441—Chapter 88, Division IV, the department delegates authorization and determination of need for service to the managed health care contractor. The managed health care contractor shall authorize services according to the criteria and procedures set forth in this chapter.

90.3(4) *Transition authorization.* In order to ensure that consumers with a need for MR/CMI/DD case management continue to receive service, consumers receiving MR/CMI/DD case management on January 1, 2003, shall be considered authorized for MR/CMI/DD case management for up to 12 consecutive months, beginning with January 2003.

a. During the period of time covered by the transition authorization, the department or, for services under a managed health care plan, the managed health care contractor may implement a determination of the need for service in accordance with subrule 90.3(2).

b. Based on the determination of need, the department or the managed health care contractor may authorize additional months of service or terminate payment.

c. If the outcome of the determination of need results in notice of termination of payment, and the consumer appeals that decision in accordance with rule 441—90.6(249A), then the consumer is entitled to continuation of services in accordance with rule 441—7.9(17A) for the duration of the transition authorization or until the appeal decision becomes final, whichever comes first.

441—90.4(249A) *Application.* The provider shall process an application for MR/CMI/DD case management no later than 30 days after receipt of the application. The provider shall refer the applicant to the department's service unit if other services are needed or requested.

90.4(1) *Application record.* The application shall include the consumer's name, the nature of the request for services, and a summary of any evaluation activities completed. The provider shall maintain this documentation for at least five years.

90.4(2) Application decision. The provider shall inform the applicant or the applicant's legally authorized representative of any decision to approve, deny, or delay the service in accordance with notification requirements at 441—subrule 7.7(1).

90.4(3) Delayed services. The application shall be approved and the consumer put on the referral list for assignment to a case manager when MR/CMI/DD case management cannot begin immediately because there is no opening on a caseload. The provider shall notify the applicant or the applicant's legally authorized representative in writing of approval and placement on the referral list. If an applicant is on a referral list for more than 90 days from the date of application, this shall be considered a denial of service.

90.4(4) Denying applications. The provider shall deny applications for service when:

- a. The applicant is not currently eligible for Medicaid; or
- b. The applicant does not meet the eligibility criteria in rule 441—90.2(249A); or
- c. The applicant or the applicant's legally authorized representative withdraws the application; or
- d. The applicant does not provide information required to process the application; or
- e. The applicant is receiving MR/CMI/DD case management from another Medicaid provider; or
- f. The applicant does not have a need for MR/CMI/DD case management.

441—90.5(249A) Services.

90.5(1) Covered services. MR/CMI/DD case management shall include the following:

- a. Assessment of need for case management, intake, and enrollment into case management and coordination of needed interdisciplinary diagnostic and evaluation services.
- b. Development, implementation, and maintenance of a current and appropriate treatment plan that directly involves those concerned with the consumer, including the consumer, the consumer's legal representative, and the consumer's family. Other participants may include the case manager, service providers, and others whose appropriateness is identified through the evaluation, diagnostic, or reevaluation process.
- c. Linkage of the consumer's needs to required treatments and services without restricting the consumer's choice of service providers in violation of Section 1902(a)(23) of the Social Security Act.
- d. Coordination and facilitation of decision making according to the consumer's needs and abilities.
- e. Monitoring of overall service delivery.
- f. Crisis assistance planning and intervention.

90.5(2) Excluded services.

- a. MR/CMI/DD case management is not a direct service. No direct treatment services are covered.
- b. Medicaid payment for services to consumers who are conditionally eligible under 441—subrule 75.1(35) shall be made only when the consumer has met the spenddown requirements for the certification period.

The consumer is responsible for paying for services used to meet spenddown. The consumer shall be notified of this responsibility and shall acknowledge that the provider must be paid within 30 days of the date on the second invoice or MR/CMI/DD case management will be terminated.

90.5(3) Service contacts. Providers of MR/CMI/DD case management shall:

- a. Make at least one contact per month with the consumer, the consumer's legal representative, the consumer's family, service providers, or another person, as necessary to develop or monitor the treatment plan; and
- b. Make a face-to-face contact with the consumer at least once every three months.

90.5(4) Service requirements. MR/CMI/DD case management shall be implemented and provided in consultation with the consumer, the parents (if the consumer is a child), the consumer's legal representative, the consumer's family members, and others requested by the consumer and shall include the following:

- a. Report of diagnostic category and consumer's county of legal settlement using Form 471-2464, Report for Enhanced Services.

b. A social history which contains current and historical information and is updated annually, in accordance with 441—subrule 24.4(1).

c. Assessment, in accordance with 441—subrule 24.4(2).

d. Individual service plan, in accordance with 441—subrule 24.4(3). The plan shall be based on the consumer's assessed needs, abilities, situation and desires and shall include the following:

(1) Reference to all provided services, including identification of providers and time frames for services.

(2) Documentation of the need for MR/CMI/DD case management as it corresponds with the goals and objectives.

(3) Crisis plan for emergencies.

(4) Discharge plan.

(5) Documentation of the parties involved with the development of the plan.

(6) Schedules for case monitoring and client reassessment.

(7) Plan for communication by the case manager to all providers to ensure coordination and planning.

e. Documentation of service provision in accordance with 441—subrule 24.4(4), including documentation of service contacts as described in subrule 90.5(3).

f. Incident reports in accordance with 441—subrule 24.4(5).

g. An annual report documenting the need for MR/CMI/DD case management, the appropriateness of service interventions, the goals and objectives, and the consumer's progress.

h. Documentation that the case manager has developed and, no less than quarterly, has carried out a process for determining the client's progress toward achieving the goals and objectives identified in the individual service plan.

90.5(5) Consumer rights. Consumer rights may be limited or restricted only with the consent of the consumer or the consumer's legally authorized representative, and only if:

a. The limited right is explained; and

b. A service activity to address the limitation is developed and documented in the service plan with an explanation that describes how the consumer will work toward having the restriction removed; and

c. Periodic evaluations of the limit are conducted to determine continued need.

441—90.6(249A) Terminating services.

90.6(1) MR/CMI/DD case management shall be terminated when:

a. The consumer does not meet eligibility criteria under rule 441—90.2(249A); or

b. The consumer has achieved all goals and objectives of the service; or

c. The consumer has no current need for MR/CMI/DD case management; or

d. The consumer receiving MR/CMI/DD case management based on eligibility under an HCBS waiver is no longer eligible for the waiver; or

e. The consumer or the consumer's legally authorized representative requests termination; or

f. The consumer is unwilling or unable to accept further services; or

g. The consumer or the consumer's legally authorized representative fails to provide access to information necessary for the development of the service plan or implementation of MR/CMI/DD case management.

90.6(2) The provider shall notify the consumer or the consumer's legally authorized representative in writing of the termination of MR/CMI/DD case management, in accordance with 441—subrule 7.7(1).

441—90.7(249A) Appeal rights.

90.7(1) Appeal to the provider. After notice of an adverse decision by the provider of MR/CMI/DD case management, the consumer or the consumer's representative may request an appeal as provided in the appeal process established by the provider agency.

90.7(2) Appeal to the department. After notice of an adverse decision by the department pertaining to authorization and need for service, the consumer or the consumer's representative may request

reconsideration by the department by sending a letter to the department not more than 30 days after the date of the notice of adverse decision. The consumer or the consumer's representative may appeal an adverse reconsideration decision by the department as provided in 441—Chapter 7.

90.7(3) *Appeal to the managed health care contractor.* After notice of an adverse decision by a managed health care plan, the consumer or the consumer's representative may request a review as provided in rule 441—88.68(249A).

These rules are intended to implement Iowa Code sections 249A.4, 249A.26, and 249A.27.

CHAPTER 91
MEDICARE DRUG SUBSIDY

PREAMBLE

Public Law 108-173, the Medicare Modernization Act of 2003, created a prescription drug benefit for Medicare beneficiaries (Medicare Part D) and a subsidy to reduce or eliminate costs associated with the Medicare drug benefit for persons with limited income and resources. The Act requires both the federal Social Security Administration and state Medicaid agencies to accept and adjudicate subsidy applications. The Social Security Administration refers to the subsidy as “extra help for Medicare prescription drug costs.” This chapter implements procedures for the department of human services, the state Medicaid agency in Iowa, to carry out these duties.

441—91.1(249A) Definitions. As used in this chapter:

“*Applicant*” means a person applying for a Medicare drug subsidy through the department and includes a responsible person or authorized representative acting for an applicant, except for the purposes of subrule 91.2(2).

“*Application*” or “*Medicare drug subsidy application*” means the federal Social Security Administration’s Form SSA-1020B-OCR-SM, Application for Help with Medicare Prescription Drug Plan Costs, accompanied by the department’s Form 470-4159, Authorization for Department to Process.

“*Authorized representative*” means a person representing an applicant or recipient as described in 441—paragraph 76.1(7)“*b.*”

“*Department*” means the Iowa department of human services and includes any local office of the department.

“*Local office*” means a department office as described in 441—subrule 1.4(2).

“*Recipient*” means a person receiving a Medicare drug subsidy based on an application filed with the department and includes a responsible person or authorized representative acting for a recipient, except for the purposes of subrule 91.2(2).

“*Responsible person*” means a person acting on an applicant’s or recipient’s behalf as described at 441—paragraph 76.1(7)“*a.*”

441—91.2(249A) Application. Any person may apply for the Medicare drug subsidy through the department.

91.2(1) Date, method, and place of filing. An application is considered filed on the date an identifiable signed application is received and date-stamped in any local office.

a. When an application is delivered to a closed local office, the application will be considered received on the first day that is not a weekend or state holiday following the day that the office was last open.

b. A copy of an application received by fax shall be given the same effect as the original application.

91.2(2) Identifiable application and signature.

a. An identifiable application is an application that contains:

(1) The legible name and address of the applicant; and

(2) The signature of the applicant, a responsible person, or an authorized representative on both Form SSA-1020B-OCR-SM, Application for Help with Medicare Prescription Drug Plan Costs, and Form 470-4159, Authorization for Department to Process.

b. If an authorized representative signed the application forms on behalf of an applicant, the applicant or a responsible person must also sign the application forms before the application can be approved.

91.2(3) Right to withdraw. After an application has been filed, the applicant may withdraw the application at any time before the eligibility determination.

a. The applicant may request that the application be withdrawn entirely or may, before the date the application is processed, request withdrawal for any month covered by the application.

b. The local office shall send a Notice of Decision, Form 470-0485, 470-0486, 470-0486(S), or 470-0490, to the applicant confirming the request to withdraw the application.

441—91.3(249A) Eligibility determination. The department shall determine eligibility for the Medicare drug subsidy pursuant to Section 1860D-14 of the Social Security Act and implementing federal regulations at 20 CFR Part 418. The department shall base decisions with respect to initial and ongoing eligibility primarily on information furnished by the applicant or recipient.

91.3(1) Cooperation. An applicant must cooperate with the department in the application process. Cooperation may include providing additional information or verification of information, participating in an interview, or signing documents. Failure to cooperate in the application process shall be a basis for denial of an application.

91.3(2) Additional information and verification. The department shall notify the applicant or recipient in writing of any additional information or verification that is required to maintain or establish eligibility. This notice shall be delivered to the applicant or recipient by personal delivery, mail, or facsimile transmission.

a. The applicant or recipient shall have five working days to supply the information or verification requested by the department. The local office may extend the deadline for a reasonable period when the applicant or recipient is making every effort to secure the required information or verification from a third party but has been unable to do so.

b. Failure of the applicant or recipient to supply the information or verification, or refusal by the applicant or recipient to authorize the department to secure the information or verification from other sources, shall serve as a basis for denial of an application or cancellation or reduction of the Medicare drug subsidy.

91.3(3) Interviews. At the discretion of the local office, an interview with the applicant or recipient may be required when processing the initial application or at the time of any review of eligibility.

a. The department shall notify the applicant or recipient in writing of the date, time, and method of any required interview. This notice shall be delivered to the applicant or recipient by personal delivery, mail, or facsimile transmission. Interviews may be rescheduled at the request of the applicant or recipient without written notice.

b. Failure of the applicant or recipient to participate in a scheduled interview shall serve as a basis for denial of an application or cancellation or reduction of the Medicare drug subsidy.

441—91.4(249A) Notice of decision. The department shall notify the applicant or recipient in writing of any decision regarding the applicant's or recipient's subsidy eligibility or level of subsidy.

91.4(1) The department shall issue a written notice of decision to an applicant by the next working day following a determination of subsidy eligibility and level of subsidy.

91.4(2) The department shall give a recipient timely and adequate written notice as provided in 441—subrule 7.7(1) when any decision or action is taken that adversely affects subsidy eligibility or the level of subsidy.

91.4(3) In the circumstances described in 441—subrule 7.7(2), the department may dispense with timely notice but shall send adequate notice no later than the effective date of action.

441—91.5(249A) Effective date. A Medicare prescription drug subsidy shall be effective beginning with the first day of the month of application or the first day of the first month in which all eligibility requirements are met, whichever is later, but no earlier than January 1, 2006.

441—91.6(249A) Changes in circumstances.

91.6(1) Responsibility to report changes. A Medicare drug subsidy applicant or recipient shall timely report to the department any changes in the following circumstances:

- a. Care of dependents.
- b. Household composition.
- c. Household income.

- d. Household resources.
- e. Marital status.
- f. Medicare eligibility or enrollment.
- g. Place of residence.

91.6(2) *Timely report.* A report shall be considered timely when received in the local office within ten days from the date the change is known to a recipient and within five days from the date the change is known to an applicant.

91.6(3) *Effective date of change.* Changes in eligibility or level of subsidy shall be effective the month following the month in which the change is reported.

441—91.7(249A) *Reinvestigation.* The department shall reinvestigate eligibility as often as the recipient's circumstances indicate, but in no instance shall the period between reinvestigations exceed 12 months.

91.7(1) *Application requested.* When requested to do so by the department, the recipient shall complete the Medicare drug subsidy application as part of the reinvestigation process. The application shall be completed within five working days from the date a written request is issued. Failure to complete the application shall be a basis for cancellation or reduction of the subsidy.

91.7(2) *Additional information requested.* The recipient shall supply additional information needed to establish eligibility or level of subsidy within five working days from the date a written request is issued.

a. The recipient shall give written permission for the release of information when the recipient is unable to furnish information needed to establish eligibility.

b. Failure to supply requested information or authorize the department to secure the information from other sources shall be a basis for cancellation or reduction of the subsidy.

441—91.8(249A) *Appeals.* An applicant or recipient shall have the right to appeal any adverse action by the department regarding the Medicare drug subsidy, pursuant to 441—Chapter 7.

These rules are intended to implement Iowa Code sections 217.6 and 249A.4 and Section 1935(a) of the Social Security Act (42 U.S.C. § 1396u-5).

CHAPTER 92
IOWACARE

PREAMBLE

This chapter defines and structures the IowaCare program administered by the department pursuant to Iowa Code Supplement chapter 249J. It is the department's intent that all state expenditures under the IowaCare program shall qualify for federal financial participation under Title XIX of the Social Security Act (Medical Assistance or Medicaid), as allowed by waivers of Title XIX requirements granted by the Secretary of the U.S. Department of Health and Human Services pursuant to Section 1115 of the Social Security Act (42 U.S.C. §1315). Therefore, this chapter shall remain in effect only as long as such waivers are effective. Further, this chapter shall be construed to comply with the requirements of Title XIX or with the terms of any applicable waiver of Title XIX requirements. To the extent that these rules may be found to be inconsistent with any applicable requirement of Title XIX or the terms of any applicable waiver, the requirements of Title XIX or the terms of the waiver shall prevail.

441—92.1(249A,249J) Definitions.

"Applicant" means an individual who applies for medical assistance under the IowaCare program described in this chapter.

"Clean claim" means a claim that can be adjudicated in the Medicaid claims payment system to result in either a paid or denied status.

"Department" means the Iowa department of human services.

"Dependent child" means the child or stepchild of an applicant or member who is living in the applicant's or member's home and is under the age of 18 or is 18 years of age and will graduate from high school or an equivalent level of vocational or technical school or training leading to a certificate or diploma before reaching the age of 19. Correspondence school is not an allowable program of study. "Dependent child" shall also include a child attending college or a school of higher learning beyond high school if the parents will claim the child as a dependent on their state or federal income tax return.

"Enrollment period" means the entire period that a member receives IowaCare without a break, which may include multiple certification periods.

"Federal poverty level" means the poverty income guidelines revised annually and published in the Federal Register by the U.S. Department of Health and Human Services.

"Group health insurance" means any plan of or contributed by an employer (including a self-insured plan) to provide health care (directly or otherwise) to the employer's employees, former employees, or the families of the employees or former employees.

"Initial application" means the first application for IowaCare or an application that is filed after a break in assistance of one month or more.

"IowaCare" means the medical assistance program explained in this chapter.

"Medical expansion services" means the services described in Iowa Code Supplement section 249J.6.

"Member" means an individual who is receiving assistance under the IowaCare program described in this chapter.

"Newborn" means an infant born to a woman as defined in paragraph 92.2(1) "b."

441—92.2(249A,249J) Eligibility. IowaCare eligibility shall be determined according to the requirements of rules 441—75.2(249A) to 441—75.4(249A), 441—75.7(249A), 441—75.10(249A), and 441—75.12(249A) and the provisions of this rule.

92.2(1) Persons covered. Medical assistance under IowaCare shall be available to the following people as provided in this chapter:

a. Persons 19 through 64 years of age who:

(1) Are not eligible for medical assistance under 441—subrules 75.1(1) through 75.1(40) or 75.1(42), including persons unable to meet spenddown under 441—subrule 75.1(35); and

(2) Have countable income at or below 200 percent of the federal poverty level.

b. Pregnant women whose:

- (1) Gross countable income is below 300 percent of the federal poverty level; and
- (2) Allowable medical expenses reduce their countable income to 200 percent of the federal poverty level or below.

c. Newborn children born to women defined in paragraph “*b.*”

92.2(2) Citizenship. To be eligible for IowaCare benefits, a person must meet the requirements in 441—paragraph 75.11(2)“*a.*” A person who claims a qualified alien status shall provide documentation of this status.

92.2(3) Other disqualification. A person who has been disqualified from Medicaid for reasons other than excess income, excess resources, or lack of categorical eligibility is not eligible for IowaCare benefits.

92.2(4) Group health insurance. A person who has access to group health insurance is not eligible for IowaCare. An applicant or member shall not be considered to have access to group health insurance if any of the following conditions exist:

a. The applicant or member is not enrolled in the available group health plan and states that:

- (1) The coverage is unaffordable; or
- (2) Exclusions for preexisting conditions apply; or
- (3) The needed services are not services covered by the plan.

b. The applicant or member is enrolled in a group health plan but states that:

- (1) Exclusions for preexisting conditions apply; or
- (2) The needed services are not covered by the plan; or
- (3) The limits of benefits under the plan have been reached; or
- (4) The plan includes only catastrophic health care coverage.

92.2(5) Payment of assessed premiums. As a condition of eligibility for IowaCare, an applicant or member must pay premiums in accordance with 441—92.7(249A,249J). Premiums incurred and unpaid from a previous certification period must be paid in full before an applicant can establish new eligibility under this chapter.

92.2(6) Availability of funds. Eligibility for IowaCare shall not be approved when the department has determined that there are insufficient funds available to pay for additional enrollment, in accordance with 441—92.14(249A,249J).

441—92.3(249A,249J) Application. Medicaid application policies in 441—76.1(249A) and 441—76.8(249A) apply to IowaCare except as follows:

92.3(1) An application for IowaCare may also be submitted on Comm. 239, IowaCare Application, or Form 470-4364, IowaCare Renewal Application. An applicant who submits an application on another form allowed under 441—76.1(249A) shall also sign Form 470-4194, IowaCare Premium Agreement.

92.3(2) A new application is required for each 12-month certification period.

441—92.4(249A,249J) Application processing. Department staff shall process IowaCare applications. The department shall base eligibility decisions primarily on information declared by the applicant. A face-to-face interview is not required.

92.4(1) Verification. Applicants seeking eligibility under 92.2(1)“*b.*” shall provide verification of medical expenses as required under 92.5(5)“*b.*” IowaCare applicants shall not be required to provide verification of income, household members, disability, social security number, age, HAWK-I premium, group health insurance, or pregnancy, unless the verification is specifically requested in writing.

a. The department shall notify the person in writing of any further verification requested. The person shall have five working days to supply the requested information. The local office may extend the deadline for a reasonable period when the person is making every effort but is unable to secure the required information or verification from a third party.

b. Failure of the person to supply requested information or refusal by the person to authorize the department to secure the information from other sources shall serve as a basis for denial of an application or cancellation of IowaCare benefits.

92.4(2) Screening for full Medicaid. The department shall screen each application for eligibility under coverage groups listed in 441—75.1(249A). If the applicant is eligible under another coverage group, the IowaCare application shall be considered an application for that coverage group.

92.4(3) Time limit for decision. The department shall make a determination of approval or denial as soon as possible, but no later than three working days after the filing date of the application, unless:

- a. One or more conditions listed in 441—subrule 76.3(1), 76.3(3), 76.3(4), or 76.3(6) exist; or
- b. The application is being processed for Medicaid eligibility under a coverage group listed in 441—75.1(249A).

441—92.5(249A,249J) Determining income eligibility. The department shall determine the income of an applicant's household as of the date of decision. To be eligible, the household's income minus allowable deductions shall not exceed 200 percent of the federal poverty level for the household size.

92.5(1) Household size. The household size shall include the applicant and the applicant's dependent or unborn children and spouse living in the same home, except when a dependent child or spouse has elected to receive supplemental security income under Title XVI of the Social Security Act. A person who is absent from the home shall not be included in the household size, unless the absence is temporary.

a. An applicant's spouse shall not be considered absent from the home when:

(1) The spouse's absence is due solely to a pattern of employment, including active duty in the uniformed services of the United States.

(2) The spouse is a convicted offender but is permitted to live at home while serving a court-imposed sentence by performing unpaid public work or unpaid community service during the workday.

b. The conditions described in 441—paragraph 75.53(4) "b" shall be applied to determine whether a person's absence is temporary.

92.5(2) Self-declaration of income. Applicants shall self-declare the household's future unearned and earned income based on their best estimate.

a. Applicants who receive income on a regular basis shall declare their household's monthly income as described at 92.5(3) and 92.5(4).

b. Applicants who are self-employed, receive their income on an irregular basis, or are not currently employed shall declare their household's anticipated yearly income as described in 92.5(3) and 92.5(4).

92.5(3) Earned income. All earned income as defined in this subrule that is received by a person included in the household size shall be counted except for the earnings of a child who is a full-time student as defined in 441—subparagraphs 75.54(1) "b"(1), (2), and (3). Earned income shall include income in the form of a salary, wages, tips, or profit from self-employment.

a. For income from salary, wages, or tips, earned income shall mean the total gross amount of income irrespective of the expenses of employment.

b. For self-employment income, earned income shall mean the net profit from self-employment, defined as gross income less the costs of producing the income.

c. Gross income from providing child care in the applicant's or member's own home shall include the total payments received for the service and any payment received due to the Child Nutrition Amendments of 1978 for the cost of providing meals to children.

(1) In determining the net profit counted as earned income from providing child care services in the applicant's or member's own home, 40 percent of the total gross income received shall be deducted to cover the costs of producing the income, unless the applicant or member requests to have actual expenses in excess of the 40 percent considered.

(2) When the applicant or member verifies expenses in excess of 40 percent of the total gross income received, the net profit counted as earned income shall be determined in the same manner as specified at paragraph 92.5(3) "b."

92.5(4) Unearned income. Unearned income of all household members shall be counted unless exempted as income by:

a. 441—subrule 75.57(6), paragraph “b,” “c,” “d,” “e,” “f,” “g,” “h,” “i,” “j,” “k,” “l,” “m,” “p,” “q,” “r,” “t,” “u,” “v,” “w,” “x,” “y,” “z,” or “aa”; or

b. 441—subrule 75.57(7), paragraph “a,” “b,” “c,” “d,” “e,” “f,” “g,” “h,” “i,” “j,” “k,” “l,” “m,” or “q.”

92.5(5) Deductions. The department shall determine a household’s countable income by deducting the following from the household’s self-declared income:

a. Twenty percent of the household’s self-declared earned income.

b. For women applying under 92.2(1) “b,” medical expenses incurred for a person included in the household size that are unpaid and not subject to payment by a third party. Verification of the unpaid expenses must be provided in order to receive the deduction. The medical expenses that can be deducted are:

- (1) Health insurance premiums, deductibles, or coinsurance charges; and
- (2) Medical and dental expenses.

92.5(6) Disregard of changes. A person found to be income-eligible upon application or recertification of eligibility shall remain income-eligible for 12 months regardless of any change in income or household size.

92.5(7) Unearned nonrecurring lump-sum income. All unearned nonrecurring lump-sum income shall be disregarded.

92.5(8) Earned lump-sum income. Anticipated earned lump-sum income shall be prorated over the period for which the income is received.

441—92.6(249A,249J) Effective date. The department shall issue Form 470-4164, IowaCare Medical Card, to persons enrolled in the IowaCare program.

92.6(1) Certification period. IowaCare eligibility shall be effective on the first day of the month of application or the first day of the month all eligibility requirements are met, whichever is later. The certification period shall continue for 12 consecutive months or, for women and newborns eligible under 92.2(1) “b” or “c,” until 60 days after the birth of the child.

92.6(2) Retroactive eligibility. IowaCare benefits shall also be available for the month preceding the month in which the application is filed if during that preceding month:

a. The applicant received Medicaid expansion services from a provider within the Medicaid expansion network; and

b. The applicant would have been eligible for IowaCare if application had been made.

92.6(3) Care provided before eligibility. No payment shall be made for medical care received before the effective date of eligibility.

441—92.7(249A,249J) Financial participation. In addition to the copayments required by 441—subrule 79.1(13), IowaCare members, with the exception of newborns eligible pursuant to 92.2(1) “c,” shall be assessed a sliding-scale monthly premium. No premium shall be assessed at the time of initial application for months of eligibility before and including the month of decision, including the retroactive month. A member shall be responsible for paying the premium for the first month after the month of decision and for the following three months, regardless of continued enrollment during the four-month period or during previous months, and for each month of continued enrollment after the required four months. If there is a break in enrollment of one month or more, a new four-month period of mandatory premiums shall be assessed, beginning with the month following the month of decision.

92.7(1) Premium amount. The monthly premium amount shall be established for a 12-month period beginning with the first month of eligibility, based on projected monthly income for the 12-month period.

a. The monthly premium amount is based on the household’s countable monthly income as a percentage of the federal poverty level for a household of that size. Effective April 1, 2008, premium amounts based on this percentage are as follows:

When the household's income is at or below: Each member's premium amount is:

100% of federal poverty level	\$ 0
110% of federal poverty level	\$43
120% of federal poverty level	\$47
130% of federal poverty level	\$52
140% of federal poverty level	\$56
150% of federal poverty level	\$60
160% of federal poverty level	\$64
170% of federal poverty level	\$69
180% of federal poverty level	\$73
190% of federal poverty level	\$77
200% of federal poverty level	\$82

b. The listed premium amount is calculated based on the lowest income level in each 10 percent increment for a one-person household. Households with income at or below 100 percent of the poverty level are not subject to a premium. Premiums for households with income over 100 percent of the poverty level are 5 percent of the applicable income level. The department will update these amounts annually on April 1 using the latest federal poverty level guidelines.

c. The cost of premiums paid for HAWK-I shall be deducted from the premium assessed according to this subrule.

d. The monthly premium established for a 12-month certification period shall not be increased due to an increase in income or a change in household size.

e. The premium may be reduced prospectively during the 12-month certification period if the member declares a reduction in projected average monthly income or an increase in household size or is granted a hardship exemption.

92.7(2) Billing and payment. Form 470-4165, IowaCare Billing Statement, shall be used for billing and collection.

a. Method of payment. Members shall submit premium payments to the following address: Iowa Medicaid Enterprise, IowaCare Premiums, P.O. Box 10391, Des Moines, Iowa 50306-9013. Members may also submit premium payments to the Broadlawns Medical Center or other designated office that makes arrangements for armored delivery of the payments to the department's agent for receiving payments.

b. Due date. When the department notifies the member of the amount of the premiums, the member shall pay any premiums due as follows:

(1) The premium for each month is due the last calendar day of the month the premium is to cover. EXCEPTION: The premiums for the months covered in the initial billing are due the last calendar day of the following month.

(2) If the last calendar day falls on a weekend or a state or federal holiday, payment is due the first working day following the holiday or weekend.

c. Application of payment. The department shall apply premium payments received to the oldest unpaid month forward. When premiums for all months have been paid, the department shall hold any excess and apply it to any months for which eligibility is subsequently established.

92.7(3) Hardship exemption. A member who submits a written statement indicating that payment of the monthly premium will be a financial hardship shall be exempted from premium payment for that month, except as provided in paragraph "c." If the statement is not postmarked by the premium due date, the member shall be obligated to pay the premium.

a. A partial payment submitted with a written statement indicating that full payment of the monthly premium will be a financial hardship that is postmarked or received on or before the end of the month for which the premium is due shall be considered a request for a hardship exemption. The exemption shall be granted for the balance owed for that month.

b. If the postmark is illegible, the date that the hardship declaration is initially received by the department or the department's designee shall be considered the date of the request.

c. A member shall not be exempted from premium payment for a month in which the member misrepresented the household's circumstances.

92.7(4) Failure to pay premium. If the member fails to pay the assessed premium or to declare a hardship by the date the premium is due, the department shall cancel IowaCare benefits effective the last day of the next calendar month. A member whose IowaCare benefits are canceled due to nonpayment of premiums must reapply to establish IowaCare eligibility.

92.7(5) Refund of premium. When a member's IowaCare coverage is canceled due to a circumstance listed in paragraph "a," premiums paid for any period after the cancellation date shall be refunded.

a. The premium obligation is reduced to zero when a member's IowaCare coverage is canceled because the member:

- (1) Is determined eligible for medical assistance under 441—subrules 75.1(1) through 75.1(40);
- (2) Has access to group health insurance coverage as defined in subrule 92.2(4);
- (3) Reaches age 65;
- (4) Dies; or
- (5) No longer meets program requirements after the four mandatory premium months.

b. The amount of the refund shall be offset by any outstanding premiums owed.

c. Any excess premium received for an individual not receiving IowaCare benefits shall be refunded after two calendar months unless an application or reapplication is pending or upon the individual's request.

d. Any excess premium received for an IowaCare member shall be refunded after two calendar months of a zero premium or upon the member's request.

441—92.8(249A,249J) Benefits. Under IowaCare, payment will be made only for services and providers as specified in this rule. No payment will be made for any service provided elsewhere or by another provider.

92.8(1) Provider network. Except as provided in subrules 92.8(3) and 92.8(4), IowaCare members shall have medical assistance only for services provided to the member by:

- a. The University of Iowa Hospitals and Clinics; or
- b. Broadlawns Medical Center in Des Moines; or
- c. A state mental health institute, exclusive of the units providing substance abuse treatment, services to gero-psychiatric patients, or treatment for sexually violent predators; or
- d. Any physician, advanced registered nurse practitioner, or physician assistant who is part of a medical institution listed in this subrule. Physician assistants are able to render covered services as auxiliary personnel pursuant to 441—subrule 78.1(13).

92.8(2) Covered services. Services shall be limited to the services covered by the Iowa Medicaid program pursuant to 441—Chapter 78, 441—79.9(249A), and 441—Chapter 85, Division I. All conditions of service provision shall apply in the same manner as under the regular Iowa Medicaid program and pursuant to 441—Chapter 78, 441—79.3(249A), 441—79.5(249A), 441—79.6(249A), 441—79.8(249A) through 441—79.14(249A), and applicable provider manuals. These conditions include, but are not limited to, prior authorization requirements and exclusions for cosmetic procedures or those otherwise determined not to be required to meet the medical need of the patient.

92.8(3) Obstetric and newborn coverage. IowaCare members who qualify under 92.2(1) "b" or "c" are also eligible for the services specified in paragraph "a" or "b" from the providers specified in paragraph "c" or "d."

a. Covered services for pregnant women shall be limited to:

- (1) Inpatient hospital services when the diagnosis-related group (DRG) submitted for payment is between 370 and 384 and the primary or secondary diagnosis code is V22 through V24.9.
- (2) Obstetrical services provided in an outpatient hospital setting when the primary or secondary diagnosis code is V22 through V24.9.

(3) Services from another provider participating in Medicaid if the claim form reflects that the primary or secondary diagnosis code is V22 through V24.9.

b. Newborns will be eligible while hospitalized and for a period not to exceed 60 days from the date of birth.

(1) Inpatient hospital services shall be payable when the diagnosis-related group (DRG) submitted for payment is between 385 and 391.7.

(2) Services provided by a health care provider other than a hospital shall be covered as provided in subrule 92.8(2).

c. For persons who reside in Cedar, Clinton, Iowa, Johnson, Keokuk, Louisa, Muscatine, Scott, or Washington County, the services listed in this subrule are covered only when provided by the University of Iowa Hospitals and Clinics.

d. Persons who do not live in Cedar, Clinton, Iowa, Johnson, Keokuk, Louisa, Muscatine, Scott, or Washington County may obtain the services listed in this subrule from any provider that participates in Iowa Medicaid.

92.8(4) Routine preventive medical examinations. A routine preventive medical examination is one that is performed without relationship to treatment or diagnosis for a specific illness, symptom, complaint, or injury.

a. IowaCare members who qualify under paragraph 92.2(1)“b” or “c” are eligible to receive routine preventive medical examinations from:

(1) Any provider specified under subrule 92.8(1), or

(2) Any physician, advanced registered nurse practitioner, or physician assistant who participates in Iowa Medicaid, including but not limited to providers available through a free clinic, a rural health clinic, or a federally qualified health center. Physician assistants are able to render covered services as auxiliary personnel pursuant to 441—subrule 78.1(13).

b. A provider that bills IowaCare for a routine preventive medical examination shall use diagnosis code V70 and evaluation and management CPT code 99202, 99203, 99204, 99212, 99213, or 99214, as appropriate to the level of service provided. Basic laboratory work may also be billed in association with the medical examination, as appropriate and necessary.

441—92.9(249A,249J) Claims. Claims for Medicaid expansion services provided to IowaCare members shall be submitted to the Iowa Medicaid Enterprise, P.O. Box 150001, Des Moines, Iowa 50315, as required by 441—Chapter 80. To facilitate tracking of expenditures, clean claims for IowaCare services shall be submitted to the Iowa Medicaid enterprise within 20 days from ending date of service.

441—92.10(249A,249J) Reporting changes.

92.10(1) Reporting requirements. A member shall report any of the following changes no later than ten calendar days after the change takes place:

a. The member enters a nonmedical institution, including but not limited to a penal institution.

b. The member abandons Iowa residency.

c. The member obtains other health insurance coverage.

92.10(2) Untimely report. When a change is not timely reported, any incorrect program expenditures shall be subject to recovery in accordance with 441—92.13(249A,249J).

92.10(3) Effective date of change. After assistance has been approved, changes reported during the month that affect the member’s eligibility or premium amount shall be effective the first day of the next calendar month unless:

a. Timely notice of adverse action is required as specified in 441—subrule 7.7(1); or

b. The certification has expired.

441—92.11(249A,249J) Reapplication. A new application is required when a member’s 12-month certification period has expired or a member is seeking to regain eligibility after cancellation.

92.11(1) *Reapplication at least three days before end of certification period.* When a member submits an application before the last three working days of the member's current certification period, the department shall approve or deny the application by the last working day of the current certification period unless a condition described at 92.4(3) "a" or "b" applies.

92.11(2) *Reapplication within three days of end of certification period or later.* When a member submits an application during the last three working days of the member's current certification period or after the certification period ends, the department shall approve or deny the application as described at 92.4(3).

441—92.12(249A,249J) Terminating eligibility. IowaCare eligibility shall end when any of the following occur:

1. The certification period ends.
2. The member begins receiving medical assistance in a coverage group under 441—subrules 75.1(1) through 75.1(40).
3. The member does not pay premiums as required by 441—92.7(249A,249J).
4. The member no longer meets the nonfinancial eligibility requirements under 441—92.2(249A,249J).
5. The member is found to have been ineligible at the time the eligibility determination was made due to member misrepresentation or member or agency error.
6. The member dies.

441—92.13(249A,249J) Recovery. The department shall recover from a member all Medicaid funds incorrectly expended on behalf of the member in accordance with 441—76.12(249A).

92.13(1) The department shall recover Medicaid funds expended on behalf of a member from the member's estate in accordance with 441—76.12(249A).

92.13(2) Any funds recovered from third parties, including Medicare, by a provider other than a state mental health institute shall be submitted to the Iowa Medicaid enterprise, and an adjustment shall be made to a previously submitted claim.

441—92.14(249A,249J) Discontinuance of the program. IowaCare is operated statewide and is funded on a fiscal-year basis (from July through June). When funds are expected to be expended before the end of the fiscal year, enrollment of new members into the program will be discontinued or limited to a reduced scope of services until funding is received for the next fiscal year.

92.14(1) *Suspension of enrollment.* To ensure equitable treatment, applications shall be approved on a first-come, first-served basis and enrollment will be suspended when the likely costs of caring for those already enrolled will exhaust the available funding during the year. "First-come, first-served" status is determined by the date the application is approved for eligibility and entered into the computer system.

92.14(2) *Enrollment for limited services.* Eligibility or payment for services received cannot be approved beyond the amount of funds available. Because funds are limited, applications may be approved for a reduced scope of services.

441—92.15(249A,249J) Right to appeal. Decisions and actions by the department regarding eligibility or services provided under this chapter may be appealed pursuant to 441—Chapter 7. However, households will not be entitled to an appeal hearing if the sole basis for denying or limiting services is due to discontinuance or limitation of the program pursuant to 441—92.14(249A,249J).

These rules are intended to implement Iowa Code chapter 249J.

TITLE IX
WORK INCENTIVE DEMONSTRATION
 CHAPTER 93
 PROMISE JOBS PROGRAM
 [Prior to 7/1/89, see 441—Chapters 55, 59 and 90]

DIVISION I
 FAMILY INVESTMENT PROGRAM—CONTROL GROUP
 [Rescinded IAB 2/12/97, effective 3/1/97]

441—93.1 to 93.100 Reserved.

DIVISION II
 FAMILY INVESTMENT PROGRAM—TREATMENT GROUP
 [Prior to 10/13/93, 441—93.1(249C) to 93.52(249C)]

PREAMBLE

This chapter implements the PROMISE JOBS* program which is designed to increase the availability of employment and training opportunities to family investment program (FIP) recipients. It implements the family investment agreement (FIA) as directed in legislation passed by the Seventy-fifth General Assembly and signed by the governor on May 4, 1993, and approved under federal waiver August 13, 1993. The program also implements the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA), Title I—Block Grants for Temporary Assistance for Needy Families (TANF).

The program assigns responsibility for the provision of services to the Iowa department of workforce development (IWD) and IWD's subcontractors as appropriate. In addition, the bureau of refugee services (BRS) of the department of human services is assigned the responsibility of providing program services, to the extent compatible with resources available, to all refugees.

PROMISE JOBS services, which are also FIA options, include but are not limited to orientation, assessment, job-seeking skills training, group and individual job search, classroom training programs ranging from basic education to postsecondary education opportunities, entrepreneurial training, PROMISE JOBS on-the-job training, work experience, unpaid community service, parenting skills training, life skills training, monitored employment, referral for family planning counseling, and FaDSS or other family development services. In addition, applicants and participants have access to all services offered by IWD and its subcontractor provider agencies. Persons in other work and training programs outside of PROMISE JOBS or not approvable by PROMISE JOBS can use those as FIA options as rules allow.

441—93.101(239B) Program area. The department of human services shall administer an employment and training program known as PROMISE JOBS. The PROMISE JOBS program shall include the family investment agreement (FIA). The program shall be available statewide. If the department determines that sufficient funds are not available to offer on-location services in each county, it shall prioritize the availability of services in those counties having the largest FIP populations.

441—93.102(249C) Agency responsibility for provision of each service. Rescinded IAB 12/8/93, effective 1/1/94.

441—93.103(239B) Contracts with provider agencies for provision of services. The department of human services shall contract with the department of workforce development to provide PROMISE JOBS and FIA services.

93.103(1) Services shall include, but are not limited to, orientation, assessment, job-seeking skills training, group and individual job search, job placement and job development, high school completion,

*See definition in 441—40.21(239B)

adult basic education (ABE), general educational development (GED), English as a second language (ESL), vocational classroom training, postsecondary education including entrepreneurial training, PROMISE JOBS on-the-job training (OJT), work experience, unpaid community service, parenting skills training, life skills training, monitored employment, FaDSS or other family development services, and referral for family planning counseling.

93.103(2) The bureau of refugee services shall provide PROMISE JOBS services, to the extent compatible with resources available, to persons who entered the United States with refugee status until such time as they obtain United States citizenship.

93.103(3) Only persons applying for or receiving FIP assistance are eligible for PROMISE JOBS services. PROMISE JOBS staff shall accept Form 470-3826, Request for FIP Beyond 60 Months, as described at 441—subrule 41.30(3).

441—93.104(239B) Registration and referral requirements. An application for assistance constitutes a registration for the PROMISE JOBS program and the FIA for all members of the FIP case and all other persons responsible for the FIA as specified at 441—41.24(239B) unless the county office determines a person is exempt as specified in 441—subrule 41.24(2).

93.104(1) Rescinded IAB 7/21/04, effective 9/1/04.

93.104(2) Rescinded IAB 7/21/04, effective 9/1/04.

93.104(3) Applicants in a limited benefit plan who must complete significant contact with or action in regard to PROMISE JOBS for FIP eligibility to be considered, as described at 441—paragraphs 41.24(8)“a” and “d,” are eligible for expense allowances for the 20 hours of activity. Applicants are eligible for PROMISE JOBS services and allowances under the circumstances described at 441—subrule 41.30(3). However, PROMISE JOBS services and allowances are only available when it appears the applicant will otherwise be eligible for FIP.

93.104(4) FIP applicants who are responsible for the FIA shall complete and sign an FIA as a condition of FIP eligibility. FIP participants who lose their exempt status shall contact the appropriate PROMISE JOBS office to schedule an appointment for PROMISE JOBS orientation within ten calendar days of notice that exempt status is lost and FIA responsibility has begun.

93.104(5) Registrants are exempt from referral when they qualify for exemption as specified in 441—subrule 41.24(1).

93.104(6) Rescinded IAB 7/11/01, effective 9/1/01.

441—93.105(239B) Priority of service.

93.105(1) Federal requirements. Federal law, the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA), Title I—Temporary Assistance for Needy Families, Section 407, contains mandatory work requirements expressed as participation rate requirements:

a. Rescinded IAB 12/3/97, effective 2/1/98.

b. Federal law requires that each state shall achieve a minimum participation rate for all families as described in PRWORA, Title I, Section 407.

c. Federal law requires that each state shall achieve a minimum participation rate for two-parent families as described in PRWORA, Title I, Section 407.

93.105(2) Service upon referral.

a. FIP applicants, including those who are in a limited benefit plan, who are referred to PROMISE JOBS shall be scheduled for and attend PROMISE JOBS orientation within ten calendar days of the date of the notice that FIA responsibility has begun, as required under 441—paragraph 41.24(10)“g,” or the family’s application for FIP shall be denied.

b. FIP participants who are referred to PROMISE JOBS shall initiate service for PROMISE JOBS orientation by contacting the appropriate PROMISE JOBS office within ten calendar days of the mailing date of the notice that exempt status has been lost and FIA responsibility has begun, as required under 441—subrule 41.24(5).

c. PROMISE JOBS provider agencies shall schedule FIA orientation and assessment appointments:

(1) At the earliest available times for FIP applicants but no later than ten calendar days from the date of referral.

(2) At the earliest available times for FIP participants who lose exempt status and who contact the appropriate PROMISE JOBS office within the ten days except when the department exercises administrative authority to require prioritization of orientation services to ensure that specific groups receive services in order to achieve self-sufficiency in the shortest possible time, to meet federal minimum participation rate requirements and other TANF requirements.

d. PROMISE JOBS staff may waive orientation services before writing an FIA when developing an FIA that meets the conditions of 441—paragraph 41.30(3) “*e.*”

e. Applicants who are in a limited benefit plan are referred to PROMISE JOBS and shall be scheduled to begin PROMISE JOBS services with the appropriate PROMISE JOBS office as described at 441—subrule 41.24(1). The applicants who communicate the desire to engage in PROMISE JOBS activities shall be scheduled at the earliest available time and no later than ten calendar days from the date of referral to begin or resume the family investment agreement process.

f. The department reserves the authority to prioritize orientation and other services to FIP applicants and participants in whatever order best fits the needs of applicants and participants and the PROMISE JOBS program.

g. Applicants and participants who are participating in the food assistance employment and training program at the time of referral shall be allowed to use the employment and training component in which they are currently enrolled as the first step in the FIA.

93.105(3) *Waiting lists.* Because of state and federal budgetary limitations, federal mandatory work requirements and minimum participation rate requirements, and other TANF requirements on the PROMISE JOBS program, the department shall have the administrative authority to determine agency and geographical breakdowns for service, to designate specific groups for priority services, or to designate specific PROMISE JOBS components or supportive service levels for a waiting list. Persons shall be removed from these waiting lists and placed in components at the discretion of state-level PROMISE JOBS administrators in order to help participants achieve self-sufficiency in the shortest possible time, meet budgetary limitations, enable participants to make maximum use of other programs, fulfill the federal minimum participation rate requirements and meet other TANF requirements.

a. and *b.* Rescinded IAB 12/3/97, effective 2/1/98.

c. Persons who are participating in a component who are canceled from FIP are not eligible for PROMISE JOBS services while FIP is canceled. However, the person can regain immediate eligibility for PROMISE JOBS services and shall not be placed on a postsecondary classroom training waiting list if the period of FIP ineligibility does not exceed four consecutive months and the participant is still satisfactorily participating in approvable training at the time that FIP eligibility is regained.

441—93.106(239B) Orientation for PROMISE JOBS and the FIA. Every person who schedules and keeps an orientation appointment as described at subrule 93.105(2) shall receive orientation services.

93.106(1) *Requirements of orientation.* During orientation, each person shall receive a full explanation of the advantages of employment under the family investment program (FIP), services available under PROMISE JOBS, a review of participant rights and responsibilities under the FIA and PROMISE JOBS, a review of the LBP as described at 441—subrule 41.24(8), an explanation of the benefits of cooperation with the child support recovery unit, and an explanation of the other programs available through PROMISE JOBS, specifically the transitional Medicaid and child care assistance programs.

a. Each person shall sign Form 470-3104, Your FIA Rights and Responsibilities, acknowledging that information described above has been provided.

b. Orientation participants are required to complete a current workforce development registration form as described at 877—subrule 8.2(3) when requested by PROMISE JOBS staff.

c. Orientation may also include completing self-assessment instruments.

d. The PROMISE JOBS worker shall meet with each orientation participant, or family if appropriate when two parents or children who are mandatory PROMISE JOBS participants are

involved, to determine readiness to participate, establish expenses and a payment schedule and to discuss child care needs.

93.106(2) *Beginning PROMISE JOBS participation.* An individual becomes a PROMISE JOBS participant when that person has signed a family investment agreement as described at rule 441—93.109(239B) and is a current FIP recipient.

441—93.107(239B) *Medical examinations.* A person shall secure and provide written documentation signed by a licensed health practitioner, licensed in Iowa or adjoining states, to verify a claimed illness or disability within 45 days of a written request by staff.

441—93.108(239B) *Self-initiated training.* Registrants who have attended one or more days of training prior to participating in a PROMISE JOBS orientation are considered to be self-initiated. For registrants who at time of call-up for PROMISE JOBS orientation are in self-initiated classroom training, including government-sponsored training programs, PROMISE JOBS staff shall determine whether the training program meets acceptable criteria as prescribed for the classroom training component at rule 441—93.114(239B).

93.108(1) *Nonapprovable training.* When it is determined that the self-initiated training does not meet the criteria of rule 441—93.114(239B), the registrant has the option to participate in other PROMISE JOBS options or to use the nonapprovable training to meet the obligations of the FIA, under the other education and training component, as long as the training can still be reasonably expected to result in self-sufficiency. PROMISE JOBS expense allowances are not available for persons in nonapprovable training.

93.108(2) *Approvable training.* When a self-initiated training program meets PROMISE JOBS program standards, the participant shall be enrolled in the classroom training component in order to be eligible for child care and transportation assistance. Eligibility for payment of transportation and child care allowances as described at 441—subrule 93.111(2) shall begin for that month, or part thereof, in which the training plan is approved or the participant is removed from a waiting list as described at 93.105(3), whichever is later. Self-initiated participants are not eligible for expense allowances to pay for tuition, fees, books, or supplies.

441—93.109(239B) *The family investment agreement (FIA).* As a FIP eligibility factor, families and individuals eligible for FIP shall, through any persons referred to PROMISE JOBS, enter into and carry out the activities of an FIA. In two-parent families, both parents shall participate in the development and signing of an FIA. When an adult is incompetent or incapacitated, someone acting responsibly on the adult's behalf may participate in the interview.

Failure to develop or sign an FIA shall result in denial of the family's application for public assistance, as described at 441—paragraph 41.24(4) "c." Participants who choose not to enter into an FIA or who choose not to continue its activities after signing an FIA shall enter into the limited benefit plan (LBP) as described at 441—subrule 41.24(8). Those who choose not to enter into the FIA and who have filed Form 470-3826, Request for FIP Beyond 60 Months, shall be denied FIP as described at 441—paragraph 41.30(3) "e."

93.109(1) *FIA-responsible persons.*

a. All parents who are not exempt from PROMISE JOBS shall be responsible for signing and carrying out the activities of the FIA.

b. In addition, any other adults or a minor nonparental specified relative whose needs are included in the FIP grant shall be responsible for the FIA.

c. Rescinded IAB 7/21/04, effective 9/1/04.

d. When the FIP-eligible group holds a minor parent living with a parent or needy specified relative who receives FIP, as described at 441—paragraph 41.28(2) "b"(2), and both are referred to PROMISE JOBS, each parent or needy specified relative is responsible for a separate FIA.

e. When the FIP-eligible group holds a parent or parents or needy specified relative and a child or children who are all mandatory PROMISE JOBS participants, each parent or needy specified relative

and each child would not have a separate FIA. All would be asked to sign one FIA with the family and to carry out the activities of that FIA. Copies of the FIA would be placed in individual case files.

f. When the FIP-eligible group holds a parent or parents or needy specified relative who is exempt from PROMISE JOBS and a child or children who are mandatory PROMISE JOBS participants, each child is responsible for completing a separate FIA.

93.109(2) FIA requirements. Except when developing the six-month FIA described at 441—paragraph 41.30(3)“e,” the FIA shall be developed during the orientation and assessment process through discussion between FIP applicants and participants and PROMISE JOBS staff of coordinating PROMISE JOBS provider agencies, using Form 470-3095, Family Investment Agreement, and Form 470-3096, FIA Steps to Achieve Self-Sufficiency. FIAs may include further assessment services. The FIAs described at 441—paragraph 41.30(3)“e” may include orientation and assessment services.

a. The FIA shall require the FIA-responsible persons and family members who are referred to PROMISE JOBS to choose participation in one or more activities which are described below. The level of participation in one or more of the options shall be equivalent to the level of commitment required for full-time employment or shall be significant so as to move toward that level.

(1) The options of the FIA shall include, but are not limited to, all of the following: assessment, self-directed job search, job-seeking skills training, group and individual job search, high school completion activities, GED, ABE, ESL, postsecondary classroom training including entrepreneurial training, work experience, PROMISE JOBS on-the-job training, unpaid community service, parenting skills training, life skills training, monitored part-time or full-time employment, referral for family planning counseling, and participation in FaDSS or other family development programs.

(2) The following are additional FIA options:

1. Participants have access to all services offered by the provider agencies.

2. Persons in work and training programs below a graduate degree which do not lead to a professional degree and which are funded outside of PROMISE JOBS and are approvable by PROMISE JOBS can use those as FIA options.

3. Persons in work and training programs not leading to a degree beyond a bachelor’s degree which are funded outside of PROMISE JOBS and are not approvable by PROMISE JOBS can use those as FIA options only when the participant is active in the nonapprovable program at the time of PROMISE JOBS orientation.

4. Rescinded IAB 7/21/04, effective 9/1/04.

(3) It is expected that employment shall be the principal activity of the FIA or shall be combined with other FIA options whenever it is possible for the participant to do so as part of the plan to achieve self-sufficiency.

(4) Participants who are placed on a waiting list, as described at 93.105(3), for a PROMISE JOBS component or supportive service shall include employment in the FIA unless family circumstances indicate that employment is not appropriate.

b. The FIA shall reflect, to the maximum extent possible, the goals of the family, subject to program rules, funding, the capability, experience and aptitudes of family members, and the potential market for the job skills currently possessed or to be developed.

(1) The FIA shall include the goals of the family for achieving self-sufficiency and shall establish a time frame, with a specific ending date, during which the FIA family expects to become self-sufficient, after which FIP benefits will be terminated. For individuals and families with acknowledged barriers, the family’s plan may be written in one or more incremental FIAs.

(2) The FIA shall outline the expectations of the PROMISE JOBS program and of the family, clearly establishing interim goals necessary to reach the long-term goals and self-sufficiency.

1. It shall identify barriers to participation so that the FIA may include a plan, appropriate referrals, and supportive services necessary to eliminate the barriers.

2. It shall stipulate specific services to be provided by the PROMISE JOBS program, including child care assistance, transportation assistance, family development services, and other supportive services.

(3) The FIA shall record participant response to the option of referral for family planning counseling. Participants who desire to do so may include family planning counseling in the steps of the FIA. It is not acceptable for the FIA to have family planning counseling as the only step of the FIA. Policies regarding family planning and the LBP are described at rule 441—93.118(239B).

(4) Parents aged 19 and younger shall include parenting skills training as described at rule 441—93.116(239B) in the FIA.

(5) Unmarried parents aged 17 and younger who do not live with a parent or legal guardian, with good cause as described at 441—subrule 41.22(16), shall include FaDSS, as described at 441—Chapter 165, or other family development services, as described at rule 441—93.119(239B), in the FIA. The FaDSS or other family development services shall continue after the parent is aged 18 only when the participant and the family development worker believe that the services are needed for the family to reach self-sufficiency.

c. The FIA may incorporate a self-sufficiency plan which the family has developed with another agency or person, such as, but not limited to, Head Start, public housing authorities, child welfare workers, and FaDSS grantees, so long as that self-sufficiency plan meets the requirements of these rules and is deemed by PROMISE JOBS staff to be appropriate to the family circumstances. Participants shall authorize PROMISE JOBS to obtain the self-sufficiency plan and to arrange coordination with the manager of the self-sufficiency plan by signing Form 470-0429, Consent to Obtain and Release Information.

d. The FIA shall contain a provision for extension of the time frames and amendment of the FIA if funding for PROMISE JOBS components included in the FIA or required supportive services is not available.

e. The FIA shall be signed by the FIA-responsible person or persons and other family members who are referred to PROMISE JOBS, the PROMISE JOBS worker, and the project supervisor, before the FIA is considered to be completed.

f. If the FIA-responsible person demonstrates effort and is carrying out the steps of the FIA but is unable to achieve self-sufficiency within the time frame specified in the FIA, the FIA shall be renegotiated, the time frame shall be extended and the FIA shall be amended to describe the new plan for self-sufficiency.

g. Participants who choose not to cooperate in the renegotiation process shall be considered to have chosen the LBP.

h. Responsibility for carrying out the steps of the FIA ends at the point that FIP assistance is not provided to the participant.

i. When a participant who has signed an FIA loses FIP eligibility and the participant has not become exempt from PROMISE JOBS at the time of FIP reapplication, the contents of the FIA and the participant's responsibility for carrying out the steps of that FIA may be reinstated when the steps of the FIA fit the family's current circumstances. The FIA shall be renegotiated and amended if needed to accommodate changed family circumstances.

441—93.110(239B) Arranging for services. Staff is responsible for providing or helping the participant to arrange for employment-oriented services, as required, to facilitate the registrants' successful participation, including client assessment or case management, employment education, transportation, child care, referral for medical examination, and supportive services under the family development and self-sufficiency program described in 441—Chapter 165 or other family development programs, described in rule 441—93.119(239B). PROMISE JOBS funds shall be used to pay costs of obtaining a birth certificate when the birth certificate is needed in order for the registrant to complete the employment service registration process described in rule 441—93.106(239B). PROMISE JOBS funds may also be used to pay expenses for clients enrolled in Workforce Investment Act (WIA)-funded components when those expenses are allowable under these rules. Clients shall submit Form 470-0510, Estimate of Cost, to initiate allowances or change the amount of payment for expenses other than child care.

Payment for child care, if required for participation in any PROMISE JOBS component other than orientation, not specifically prohibited elsewhere in these rules, and not available from any other source, shall be provided for participants after service has been received as described at 441—Chapter 170.

93.110(1) to 93.110(5) Rescinded IAB 6/30/99, effective 7/1/99.

93.110(6) Transportation allowances. Participants may receive a transportation allowance for each day of participation if transportation is required for participation in a PROMISE JOBS activity, but shall not receive a transportation allowance for orientation or for assessment activities that occur on the same day as orientation or for employment. The transportation allowance shall be paid monthly at the start of each month of participation or when participation begins, whichever is earlier. Persons employed shall be entitled to the work expense deduction described at 441—paragraph 41.27(2) “a.”

Transportation allowances shall be developed individually according to the circumstances of each participant. Allowances shall cover transportation for the participant and child, if necessary, from the participant’s home to the child care provider, if necessary, and to the PROMISE JOBS site or activity.

a. For those who use public transportation, the allowance shall be based on the normally scheduled days of participation in the PROMISE JOBS activity for the period covered by the payment, using the rate schedules of the local transit authority to the greatest advantage, including use of weekly and monthly passes or other rate reduction opportunities.

b. Effective November 1, 2005, for participants who use a motor vehicle they operate themselves or who hire private transportation, the transportation allowance shall be based on a formula which uses the normally scheduled days of participation in the PROMISE JOBS activity for the period covered by the allowance times the participant’s anticipated daily round-trip miles times the mileage rate of 30 cents per mile.

c. Transportation allowances for the assessment component shall be issued in advance in weekly increments as described in 93.110(6) “a” or 93.110(6) “b,” with payments for the second or third week of assessment being issued as soon as it is determined that the participant will be required to participate in the second or third week of the component.

d. Monthly transportation allowances for each full calendar month of participation shall be issued in advance in the amount determined by the formula described in 93.110(6) “a” or 93.110(6) “b.”

(1) Allowances for the third and subsequent months of an ongoing activity shall not be authorized prior to receipt of time and attendance verification, as described at subrule 93.135(2), for the month previous to the issuance month. (For example, a transportation allowance for December, normally issued after November 15 to be available to the participant by December 1, will not be authorized until time and attendance verification for the month of October has been received in the PROMISE JOBS office.)

(2) The amounts of allowances for the third and subsequent months of an ongoing activity shall be adjusted by subtracting from normally scheduled days any number of days which represent a difference between the number of normally scheduled days in the month previous to the issuance month and the number of actual days attended in the month previous to the issuance month. (For example, a transportation allowance based on 16 normally scheduled days of participation is authorized for October, issued in September. If ten days of participation are normally scheduled in December, and the participant did not attend two days of the PROMISE JOBS activity in October, the December transportation allowance, issued in November for December, shall be calculated using eight days.) Because this adjustment is not possible in the last two months of an ongoing activity, transportation allowances for the last two months of an ongoing activity shall be subject to transportation overpayment provisions of 93.110(8) “b.”

e. Persons who require, due to a mental or physical disability, a mode of transportation other than a vehicle they operate themselves shall be eligible for payment of a supplemental transportation allowance when documented actual transportation costs are greater than transportation allowances provided under these rules and transportation is not available from a nonreimbursable source. Costs of transportation by a public or private agency shall be allowed for the actual costs. Costs of transportation provided by private automobile shall be allowed for the actual charge up to a maximum of the rate per mile as described in 93.110(6) “b.”

(1) Medical evidence of disability or incapacity shall be obtained from either an independent physician or psychologist or the state rehabilitation agency.

(2) The client's need for a mode of transportation other than a vehicle operated by the client due to disability or incapacity shall be verified by either an independent physician or psychologist or the state rehabilitation agency.

(3) The evidence may be submitted either by letter from the physician or on Form 470-0447, Report on Incapacity. When an examination is required and other resources are not available to meet the expense of the examination, the physician shall be authorized to make the examination and submit claim for payment on Form 470-0502, Authorization for Examination and Claim for Payment. A finding of eligibility for social security benefits or supplemental security income benefits based on disability or blindness is acceptable proof of disability.

f. In those instances where a PROMISE JOBS participant is enrolled in high school, a transportation allowance shall not be allowed if transportation is available from a nonreimbursable source such as when transportation is provided by the school district, or the school district has deemed it unnecessary due to the proximity of the participant's home to the school. If child care needs make it impossible for the participant to use transportation provided by the school district, a transportation allowance shall be authorized.

93.110(7) Expense allowances during a month of FIP suspension. Payment for expenses shall be made for a month of FIP suspension if the client chooses to participate during that month in a PROMISE JOBS component or other FIA activity for which expense allowance payment is allowable under these rules and to which the client has been previously assigned.

93.110(8) Transportation overpayment. Payment for transportation shall be considered an overpayment subject to recovery in accordance with rule 441—93.151(239B) in the following instances:

a. When the participant attends none of the scheduled days of participation in a PROMISE JOBS activity, the entire transportation allowance shall be considered an overpayment. Recovery of the overpayment shall be initiated when it becomes clear that subsequent participation in the activity is not possible for reasons such as, but not limited to, family investment program ineligibility, establishment of a limited benefit plan or exemption from PROMISE JOBS participation requirements.

b. When the participant fails to attend 75 percent of the normally scheduled days of participation in either of the last two months of an ongoing PROMISE JOBS activity or in any transportation allowance period of an activity which has not been used for allowance adjustment as described at 93.110(6)“*d*,” an overpayment is considered to have occurred. The amount to recover shall be the difference between the amount for the actual number of days attended and the amount for 75 percent of normally scheduled days. However, a transportation allowance overpayment does not occur for any month in which the participant leaves the PROMISE JOBS activity in order to enter employment.

441—93.111(239B) Assessment and assignment to other activities and components. PROMISE JOBS components and FIA options include, but are not limited to, assessment, job-seeking skills training, job search activities, monitored employment, basic education services, PROMISE JOBS OJT, work experience, unpaid community service, parenting skills training, life skills training, postsecondary classroom training including entrepreneurial training, and FaDSS or other family development services.

93.111(1) Assessment. The purpose of assessment is to provide for a thorough self-evaluation of the FIP applicant or participant family that furnishes a basis for PROMISE JOBS staff to determine employability potential and to determine the services that will be needed to achieve self-sufficiency through PROMISE JOBS and the FIA. Assessment shall be conducted so as to ensure that participants can make well-informed choices and PROMISE JOBS workers can provide appropriate guidance as they complete the FIA to achieve the earliest possible self-sufficiency for the FIP family. Assessment services shall be provided through coordination among PROMISE JOBS provider agencies.

Assessment services shall be delivered through options known as assessment I, assessment II, and assessment III. These options may be provided as separate services, delivered at appropriate times during the duration of the FIA, or as steps in the FIA up to the level necessary to provide the assessment needed for participant and PROMISE JOBS worker decisions for development or amendment of the FIA.

a. Assessment I shall be provided for all referred FIP applicants. PROMISE JOBS staff shall meet individually with FIP applicants or recipients who are referred to PROMISE JOBS and who choose to develop the FIA. This assessment meeting, at a minimum, shall assess the family's financial situation, family profile and goals, employment background, educational background, housing needs, child care needs, transportation needs, health care needs, family-size assessment and participant wishes regarding referral to family planning counseling, and other barriers which may require referral to entities other than PROMISE JOBS for services.

(1) Assessment I may be the level of assessment appropriate for persons for whom: a part-time job has the potential to become full-time; there is an expectation of securing immediate employment; there are obvious literacy or other basic education barriers; family responsibilities limit the time that can be dedicated toward achieving self-sufficiency; there are transportation barriers; or there are multiple barriers which indicate that FaDSS, other family development services, or other social services are appropriate before other significant steps can be taken toward self-sufficiency.

(2) Persons in these circumstances may, based on the results of assessment I, complete the FIA to participate in activities such as, but not limited to, monitored part-time or full-time employment, job search, PROMISE JOBS OJT, unpaid community service, parenting skills training, referral for family planning counseling, FaDSS or other family development services, other social services, or basic or remedial education, perhaps in conjunction with other services.

(3) The services of assessment I shall be provided in one individual session before the FIA is signed.

(4) Applicants and participants shall have the option of substituting for assessment I assessment information which they have completed with another agency or person such as, but not limited to, the department of workforce development, Head Start, public housing authorities, child welfare workers, and family development services. Participants shall authorize PROMISE JOBS to obtain these assessment results by signing Form 470-0429, Consent to Obtain and Release Information. To be used in place of assessment I, the assessment results must contain all or nearly all of the items from paragraph 93.111(1) "a" and must have been completed within the past 12 months.

(5) Participants shall have the option to supplement assessment I with information in the manner as described in subparagraph (4) above and to establish communication between PROMISE JOBS staff and other agencies or persons in order to ensure that the family investment agreement activities do not conflict with any case plans which have already been established for the family. Authorizing this communication is not mandatory under the FIA but PROMISE JOBS staff shall have the authority to ask for verification of activities planned under another case plan when the participant reports conflicts.

b. Assessment II services shall be provided for those who, during assessment I, have no barriers to limit participation, have no specific career goal or plan, and need further assessment services to complete the FIA; and for those who are ready to advance to other components after completing a PROMISE JOBS activity or other services which were determined after assessment I and are part of the FIA.

(1) The services of assessment II may include, but are not limited to, literacy and aptitude testing, educational level and basic skills assessment, self-esteem building, interest assessment, exposure to nontraditional jobs, exposure to job-retention skills, goal setting, motivational exercises, exposure to job-seeking skills, and exposure to role models.

(2) Persons who complete assessment II may complete the FIA to participate in FIA activities such as, but not limited to, parenting skills training, referral for family counseling, job club or other job search activities, PROMISE JOBS OJT, work experience placement, or referral for entrepreneurial training.

(3) Assessment III services shall be provided for those who, during assessment I or II, request postsecondary classroom training as part of the FIA; or those whose previous participation indicates a need for and a likelihood of success in postsecondary classroom training.

c. Services of assessment III shall provide occupational specific assessment or guidance before completing the FIA for postsecondary classroom training. These services may be provided by PROMISE JOBS staff or other entities as arranged locally.

It is expected that assessment II and assessment III activities shall be provided in a maximum of 20 hours per week for each option unless the PROMISE JOBS worker documents a need for additional time.

d. FIP participants who previously participated in assessment options and then were canceled from FIP or entered an LBP may be required to participate in any assessment option again when the PROMISE JOBS worker determines that updated assessment is needed for development or amendment of the FIA.

e. FaDSS participants who have completed assessment in the past may be required to complete assessment again when the FaDSS grantee approves assignment to other PROMISE JOBS activities if the PROMISE JOBS worker believes that extended assessment is necessary to reassess the participant's abilities and circumstances.

f. Except for assessment activities which occur on the same day as orientation, persons participating in assessment options are eligible for allowances for transportation and child care needed to allow the scheduled participation. Persons who miss any portion of scheduled assessment services may be required to make up the missed portion of the sessions, based on worker judgment and participant needs. When make-up sessions are required, the participant shall not receive an additional transportation allowance, but necessary child care shall be paid.

g. A participant who has completed assessment I and who wishes to include postsecondary classroom training in the FIA shall be required to participate in assessment II and assessment III unless the participant is not required to do so because:

(1) Rescinded IAB 7/21/04, effective 9/1/04.

(2) The person is already involved in approvable self-initiated training at the time of PROMISE JOBS orientation.

(3) Participation in assessment II and assessment III would interfere with training initiated by the participant after orientation and the training is approvable under PROMISE JOBS. Participants who initiate training after orientation are not considered self-initiated but are otherwise treated in accordance with rule 441—93.108(239B) or in accordance with 93.111(2).

93.111(2) *Assessment-related restrictions on expense allowance assistance for self-initiated training.* When persons described at 93.111(1)“g” are still within the first quarter or semester of involvement with the training program that they have chosen, expense allowance assistance through PROMISE JOBS cannot be approved, even if the training is otherwise approvable, until the persons have completed the assessment II and assessment III options or have successfully completed the first quarter or semester of the training program in accordance with the requirements of the educational institution being attended. Persons involved in training programs where quarters or semesters are not used must successfully complete four months of the training program before assistance can begin. Assistance shall be approved effective with the second quarter or semester, or with the fifth month of participation in the training program, as applicable to the client's situation.

93.111(3) *Requirements for persons aged 19 or younger.* Assessment and development of FIA options shall follow these guidelines for persons under the age of 20.

a. Parents under the age of 16 who have not completed high school shall be expected to use enrollment or continued attendance in high school completion as a first step in the FIA.

b. Persons aged 16 or 17 who have not completed high school shall be expected to participate in educational activities to obtain a high school diploma or the equivalent as a first step in the FIA. Persons deemed incapable of participating in these activities by the local education agency shall choose other FIA options.

c. Persons aged 18 or 19 who have not completed high school shall be expected to participate in educational activities to obtain a high school diploma or the equivalent as a first step in the FIA if assessment indicates the person is capable of completing regular high school or an equivalent program. Persons deemed incapable of participating in these activities shall choose other FIA options.

d. For parents aged 19 and younger, the FIA shall include parenting skills training as described at rule 441—93.116(239B) or the case file shall include documentation that this requirement has been fulfilled.

e. For unmarried parents aged 17 and younger, who do not live with a parent or legal guardian, with good cause as described at 441—subrule 41.22(16), the FIA shall include FaDSS, as described at 441—Chapter 165, or other family development services, as described at rule 441—93.119(239B). The FaDSS or other family development services shall continue after the parent is aged 18 only when both

the participant and the family development worker believe that the services are needed for the family to reach self-sufficiency.

93.111(4) *Participation after completion of appropriate assessment.* After completion of the appropriate assessment level, participants shall be referred for the PROMISE JOBS component services or supportive services which are designated in the completed FIA.

93.111(5) *Retention of a training slot.* Once a person has been assigned a PROMISE JOBS training slot, that person retains that training slot until FIP eligibility is lost for more than four consecutive months or an LBP is in effect.

441—93.112(239B) *Job search options.* Employment is an emphasis of the FIA as described at rule 441—93.109(239B). PROMISE JOBS applicants and participants shall have several options to search for work: job club, individual job search, and self-directed job search. The applicant or participant and the PROMISE JOBS worker shall incorporate into the self-sufficiency plan the job search option which is appropriate for the previous work history, skill level, and life circumstances of the applicant or participant. Job search contacts shall be documented by PROMISE JOBS staff or by participants, as appropriate. Participant documentation shall be provided as described at 93.135(3). For job search planning and reporting purposes, each in-person job search contact documented by the participant shall be considered to require one hour of participation.

93.112(1) *Job club.* Job club consists of one week of job-seeking skills training and two weeks of group job search. It is expected that job clubs will be designed to require at least 20 hours a week of participation in each week. However, less than 20 hours a week may be scheduled based on local office need and resources. Participants who choose job club shall receive a child care allowance, if required, and an allowance as described at 93.110(6) to cover costs of transportation, if required. The transportation allowance shall be paid in full at the start of participation.

Job-seeking skills training includes, but is not limited to: self-esteem building, goal attainment planning, résumé development, grooming, letters of application and follow-up letters, job application completion, job-retention skills, motivational exercises, identifying and eliminating employment barriers, positive impressions and self-marketing, finding job leads, obtaining interviews, use of telephones, interviewing skills development and practice interviewing.

a. All participants who choose the job club option shall receive one week of job-seeking skills training. Daily attendance during the one week of job-seeking skills training is necessary. Participants who miss any portion of the job-seeking skills training shall repeat the entire week of training.

(1) Participants who must repeat the job-seeking skills training because of absence due to reasons as described at rule 441—93.133(239B) shall receive an additional transportation allowance as described at 93.110(6) and required child care payment shall be made.

(2) Participants who must repeat job-seeking skills training for absence due to reasons other than those described at rule 441—93.133(239B) shall not receive an additional transportation allowance. Required child care payment shall be allowed.

b. Participants shall then take part in a structured employment search activity for a period not to exceed two weeks. Scheduled activities and required hours of participation shall reflect proven job search techniques and the employment environment of the community of the local office and may be varied due to the resources available and the needs of the participants.

Participants who choose job club shall make up absences which occur during the two-week job search period. Additional transportation allowances shall not be paid to these persons. Required child care payments shall be allowed.

c. Job club participants who obtain employment of 86 or more but less than 129 hours per month may discontinue job club if part-time employment was the FIA goal.

d. Job club participants who, during participation, obtain part-time employment of less than 86 hours per month shall continue job club unless the scheduled job club hours conflict with the scheduled hours of employment. PROMISE JOBS participation shall be scheduled to occur during those hours where no conflict with work hours exists.

e. Rescinded IAB 11/1/00, effective 1/1/01.

f. Participants who do not complete the number of job searches required in the period of the job club have chosen the limited benefit plan. Policies at 441—93.132(239B), 441—93.133(239B) and 441—93.134(239B) and subrule 93.138(3) apply.

93.112(2) Individual job search. The individual job search component shall be available to applicants and participants for whom job club is not appropriate or not available, such as, but not limited to, applicants or participants who have completed training or have recent ties with the work force. The total period for each episode of individual job search shall not exceed 12 weeks or three calendar months.

a. The applicant or participant shall, in consultation with PROMISE JOBS staff, design and provide a written plan of the individual job search activities. The plan shall contain a designated period of time, not to exceed four weeks or a calendar month, and the specific locations of the job search. It shall also contain, but not be limited to, information as specific as possible pertaining to, for example, areas of employment interest and employers to be contacted.

b. Participants who choose individual job search shall receive a child care allowance, if required, and an allowance as described at 93.110(6) to cover costs of transportation, if required.

(1) Payment for required child care shall be limited to 20 hours per week.

(2) The transportation allowance shall be paid in full at the start of each designated time period of the individual job search. The anticipated days for job search shall be included in the written plan so as to provide the most effective use of transportation funds. Transportation allowances for any missed days of job search activity shall be subject to transportation overpayment policies as described at 93.110(8).

c. Participants who do not complete the steps of the written plan of the individual job search have chosen the limited benefit plan. Policies at 441—93.132(239B), 441—93.133(239B) and 441—93.134(239B) and subrule 93.138(3) apply.

93.112(3) Self-directed job search. PROMISE JOBS applicants or participants who indicate during assessment I a desire to complete a short-term FIA or who have achieved an FIA interim goal which should lead to employment shall be provided the option of first engaging in self-directed job search activities before beginning other FIA options. This option does not apply to parents under the age of 20 who are required to participate in high school completion activities.

a. The applicant or participant shall, in consultation with PROMISE JOBS staff, design and provide a written plan of job search activities. The plan shall contain a designated period of time, not to exceed four weeks or a calendar month, and the specific locations of the job search. It shall also contain, but not be limited to, information as specific as possible pertaining to, for example, areas of employment interest and employers to be contacted.

b. The participant shall not be required to provide documentation of the job search activities.

c. Transportation and child care allowances are not available for this job search option.

441—93.113(239B) Monitored employment. Employment leading to self-sufficiency is the goal of the FIA. Full-time employment or part-time employment is an option under the FIA. Employment shall be the primary activity of the FIA whenever compatible with the self-sufficiency goal. Employment leading to better employment shall be an acceptable option under the FIA. Anticipated and actual hours of employment shall be verified by the participant, when not available from any other source, and documented in the case file. Transportation allowances are not paid through PROMISE JOBS but are covered by FIP earned income deductions. Required child care payments shall be allowed.

93.113(1) Full-time employment. Persons who become employed 30 or more hours per week (129 hours per month) while participating in PROMISE JOBS shall meet the obligations of the FIA by continuing in that employment if FIP eligibility continues and the end date of the FIA has not been reached. Persons who have not achieved self-sufficiency through full-time employment before the end date of the FIA may have the FIA extended. Persons who choose not to enter into the renegotiation process to extend the FIA shall be considered to have chosen the LBP.

93.113(2) Part-time employment. Persons who are employed less than 30 hours per week (129 hours per month) shall meet the obligations of the FIA by continuing employment at that level as long as that employment is part of the FIA. In order to move to self-sufficiency at the earliest possible time, the FIA

shall most often include part-time employment in combination with participation in other PROMISE JOBS activities including additional part-time employment.

441—93.114(239B) Assignment to vocational classroom training. Applicants and participants who demonstrate capability and who express a desire to participate shall be considered for enrollment in the PROMISE JOBS classroom training component. This component shall also be used to fund the costs of ABE, GED, or ESL and other high school completion activities described in these rules.

93.114(1) Classroom training means any academic or vocational training course of study which enables a participant to complete high school or improve one's ability to read and speak English, or which prepares the individual for a specific professional or vocational area of employment. A training plan shall be based on occupational evaluation and assessment as obtained in accordance with the assessment processes described at rule 441—93.111(239B).

a. The plan shall be approved for training facilities which are approved or registered with the state or accredited by an appropriate accrediting agency. Institutional training can be provided by both public and private agencies.

b. In addition, PROMISE JOBS workers may approve training from community action program agencies, churches, or other agencies providing training, if in the worker's judgment, the training is adequate and leads to the completion of the goal outlined in the employability plan.

c. Training from a particular training facility, community action program agency, church or other agency shall be approved when the worker determines that the training provider possesses appropriate and up-to-date equipment, has qualified instructors, adequate facilities, a complete curriculum, acceptable grade point requirements, a good job-placement history and demonstrates expenses of training that are reasonable and comparable to the costs of similar programs.

d. A participant's request for classroom training services shall be denied when it is determined through assessment that the participant will be unlikely to successfully complete the requested program. Form 470-0602, Notice of Decision: Services, shall be issued to the participant to inform the participant that the request for training is denied.

93.114(2) All family members who meet classroom training eligibility criteria shall be eligible for all program benefits, even when two or more family members are simultaneously participating and even if participation is at the same training facility and in the same program.

93.114(3) Academic workload requirements. With the exceptions noted below, participants are expected to maintain a full-time academic workload and to complete training within the minimum time frames specified for a given training program as established by the training facility. The time frames specified are maximums. Months required to complete the training plan cannot exceed these limits, whether full-time or part-time.

a. Months spent in ABE, GED, or ESL program do not count toward the time limits described below.

b. For purposes of the following participation limitations a month of participation is defined as a fiscal month or part thereof starting with the month PROMISE JOBS classroom training services begin. A fiscal month shall generally have starting and ending dates falling within two calendar months but shall only count as one month of participation.

c. Months of participation need not be consecutive.

d. Participants who are not in subsidized employment shall be allowed to maintain less than a full-time training workload provided that the months required to complete the training plan would not exceed 30 fiscal months for two-year degree programs and other vocational programs or 40 fiscal months for three- or four-year degree programs.

e. Rescinded IAB 11/1/00, effective 1/1/01.

f. Participants who are in unsubsidized employment and in a classroom training component simultaneously for a total of 24 hours per week or more shall be allowed to maintain less than a full-time, but at least a half-time, training workload provided that the months required to complete the training plan would not exceed 40 fiscal months for two-year degree programs and other vocational programs or 50 fiscal months for three- or four-year degree programs.

93.114(4) Clients enrolled in ABE, GED, or ESL programs must be able to complete training in the time determined by testing unless the PROMISE JOBS worker and, if appropriate, the client's academic advisor or instructor agree that additional time should be allowed. Under no circumstances, however, shall more than six additional months be allowed. Additional time shall not be allowed if, as a result, months required to complete training would exceed 24 for ABE or GED or 12 months for ESL.

93.114(5) Clients who have not completed a high school education may be required to do so before other vocational training courses may be arranged. GED or high school training courses and vocational training may run concurrently. Unless under the age of 18, clients may be approved to return to regular high school only when they can graduate within one year of their normal graduation date.

93.114(6) Testing and grade transcripts before training plan approval. Prior to training plan approval and as part of the continuing assessment process described at rule 441—93.111(239B), staff may require that clients take nationally recognized vocational tests, including the general aptitude test battery, as well as provide grade transcripts from previous training.

93.114(7) Testing before plan approval. Before plan approval for a client requesting GED, adult basic education, or English as a second language training, testing shall be conducted, when available, to determine a projected length of time for which the plan shall be approved. In regard to GED testing, a transportation allowance as described at subrule 93.110(6) and child care expenses shall be allowed if required in order for the client to participate.

93.114(8) Academic achievement requirements. Clients shall maintain the minimum cumulative grade point average required by the training facility which the client attends. If at the end of any term, a client's cumulative grade point average drops to less than that required by the training facility, the client shall be placed on probation for the next term when the counselor or the lead instructor in the educational program verifies in writing that the student's capability to complete the program has been demonstrated through regular class participation, practical application of course content, or successful work in other courses so that there is an excellent likelihood the student will raise the grade point to the acceptable level in the next semester, that the student will be able to raise the grade point average to the acceptable level through successful completion of the remaining coursework and tests, and that the student can still be expected to complete the program satisfactorily within the maximum participation period as required by subrule 93.114(3). This rule does not apply to parents under the age of 18 who are attending high school completion programs.

93.114(9) Clients are expected to maintain a full-time workload as defined by the training facility unless the department or designee has given approval to carry fewer hours in accordance with other requirements of these rules, for example, subrule 93.114(3). A half-time workload shall also be defined by the training facility when this is needed under other provisions of these rules, as in paragraph 93.114(3) "f."

93.114(10) Client responsibilities for plan approval. In order to have a plan approved, clients have the following responsibilities:

- a. Rescinded IAB 5/13/92, effective 7/1/92.
- b. A client must provide all information required to approve a Family Investment Agreement, Form 470-3095, and FIA Steps to Achieve Self-Sufficiency, Form 470-3096, which include vocational classroom training as an interim goal.
- c. Rescinded IAB 10/8/97, effective 11/12/97.

93.114(11) Approvable training plans. In order to have a plan approved, the plan must meet certain criteria:

- a. Training plans shall include a specific goal, that is, high school completion, improved English skills, development of specific academic or vocational skills, completion of which shall not exceed a maximum of 24 months of participation to complete high school, GED, or adult basic education, a maximum of 12 months to complete English as a second language classes, or shall not exceed the maximum participation limits for postsecondary classroom training as described in subrule 93.114(3). Up to an additional 12 months of ESL training may be allowed when need is determined by PROMISE JOBS staff. If the client is under the age of 18, the 24-month maximum to complete high school activities does not apply.

b. Training may be approved for high school completion activities, adult basic education, GED, English as a second language, and postsecondary education up to and including a baccalaureate degree program. In addition, the following training may be approved:

(1) Previously completed courses or training only when intended as a brush up.

(2) Correspondence courses only when the courses are required but not offered by a training facility attended by the client.

(3) Out-of-state training only when similar training is not available in-state, when required relocation to attend an in-state facility would be unnecessary by attending an out-of-state facility, or the only in-state facilities within commuting distance are private schools where tuition charges are higher than an out-of-state facility which is within commuting distance.

(4) College programs which lead to an associate of arts. Baccalaureate degree programs for clients not first pursuing an associate of arts degree may be approved only when the client has already earned all freshman credits and can enter the training facility as a sophomore.

(5) Continuing advanced training in the same vocational area, providing this training combined with previously completed training under this program does not exceed the maximum participation limits as described in subrule 93.114(3).

(6) Clients who complete a PROMISE JOBS-funded training program or who participate in PROMISE JOBS-funded training for the maximum participation limit as described in subrule 93.114(3) without completing the training program shall be considered for a new maximum participation period of training in a different vocational area only when a minimum of five years has elapsed since training was completed or the maximum participation period ended, unless labor market statistics document that employment is not available in the field in which the original training was received or the client has been unable to find employment in that field, despite a good faith effort, within two years of completing the training program or within two years of the end of the maximum participation period. Clients who drop out of a training program within the maximum participation period as described in subrule 93.114(3) and later reapply for classroom training shall be entitled only to any remaining months in the original maximum participation period.

(7) Prerequisite courses when they are required by a specific training program. Clients who fail to earn required grades for admission to a chosen program will not be approved to repeat these courses.

(8) Remedial coursework for one term when need is determined by testing conducted by the training facility.

(9) Summer school only when it does not result in additional PROMISE JOBS expenditures over those of a normal academic year unless required classes are only available during summer session, participation reduces the total length of time required to complete training, or summer attendance is required to maintain normal academic progress as defined elsewhere in these rules.

(10) College coursework, other than for an advanced degree, for clients already possessing a baccalaureate degree in order to obtain a teaching certificate.

(11) Continuing education units for clients only when needed to be recertified or retrained to reenter a field in which they were previously trained or employed.

c. No plan shall be approved for the following:

(1) The duration of the plan exceeds the known length of time during which the client will remain eligible for family investment program assistance.

(2) When available labor market statistics for a local area indicate low employment potential. Exceptions may be made when the client has a job offer prior to entering the training or if a client is willing to relocate after training to an area where there is employment potential. Clients willing to relocate must provide documentation from the department of workforce development, private employment agencies, or employers that jobs paying at least minimum wage for which training is being requested are available in the locale specified by the client.

(3) Jobs paying less than minimum wage.

(4) College coursework for a client who possesses a baccalaureate degree unless coursework is to obtain a teaching certificate or complete continuing education units in accordance with policy elsewhere in these rules.

(5) Plans containing requests for rings, pins, pictures, rental of graduation gowns, elective courses which require, in addition to books, expenditures for special equipment, for example, photography or art supplies, or field trips; and other items that are not required to complete training for a vocational goal.

(6) It is intended that clients shall become employed immediately after completing training. A training plan shall therefore be denied when a client states no intent of pursuing employment after training is completed.

(7) The course or training is one which the client has previously completed.

(8) The client was previously unable to maintain the cumulative grade point average required by the training facility in the same training for which application is now being made. This rule does not apply to parents under the age of 18 who are enrolled in high school completion activities.

(9) Training may be denied in any vocational area where PROMISE JOBS classroom training statistics or statistics from the former individual education and training plan program, based on statistics for the 24-month period prior to the date of application, document that the training completion rate or the entry to employment rate is less than 25 percent.

d. When a person described at 93.111(1)“g”(2) and (3) is still within the first quarter or semester of involvement in the person’s chosen training program, expense allowances cannot be approved, even if the training is otherwise approvable, until the person has completed assessment or has successfully completed the first quarter or semester of the training program in accordance with the requirements of the educational institution. Persons involved in training programs where quarters or semesters are not used must successfully complete four months of the training program before assistance can begin.

Assistance shall be approved effective with the second quarter or semester, or with the fifth month of participation in the training program, as applicable to the client’s situation.

93.114(12) Participation allowances. An allowance shall be made for certain expenses of training. Participants enrolled in high school completion, GED, ABE, ESL, or an approvable postsecondary vocational classroom training plan shall be eligible for payment for the following expenses of training when required for participation: child care; transportation; enrollment, school testing or school application fees; educational grant or scholarship application fees; certification and testing fees, travel costs required for certification or testing; and certain practicum expenses as described in 93.114(12)“a”(4).

In addition, participants enrolled in high school completion, GED, ABE, ESL, or short-term training programs of 29 weeks or less shall be eligible for consideration of payment for any direct education costs. Direct education costs are tuition, books, fees including graduation, basic school supplies, specific supplies related to obtaining credit for a course and required of all students in a course, and required uniforms.

PROMISE JOBS is authorized to provide payment for expenses allowable under these rules to the training facility for the educational expenses of tuition and fees and books and supplies which are provided by the facility and billed to the PROMISE JOBS participant. Payment may also be made to the client in those situations where this is determined to be appropriate by the PROMISE JOBS worker.

a. PROMISE JOBS allowances for classroom training are limited as follows:

(1) Rescinded IAB 10/8/97, effective 11/12/97.

(2) Tuition allowances for all other programs (high school completion, GED, ABE, ESL, or short-term training programs of 29 weeks or less) shall not exceed the rate charged by the state of Iowa area school located nearest to the participant’s residence which offers a course program comparable to the one in which the participant plans to enroll. If an area school in Iowa does not offer a comparable program, the maximum tuition rate payment shall not exceed the Iowa resident rate charged by the area school located nearest to the participant’s residence.

(3) A standard allowance of \$10 per term or actual cost, whichever is higher, for basic school supplies shall be allowed for those participants who request it. A claim for actual costs higher than \$10 must be verified by receipts.

(4) A per diem allowance of \$10 for living costs during a practicum shall be allowed when the practicum is required by the curriculum of the training facility, would require a round-trip commuting time of three hours or more per day, and is not available closer to the client’s home. If practicum earnings

or any nonreimbursable assistance is available to meet practicum living costs, no allowance shall be made.

(5) Allowances may also be authorized to meet the costs of travel required for certification and testing, not to exceed the transportation allowance as described at 93.110(6) and the current state employee reimbursement rate for meals and lodging.

(6) No allowance shall be made for any item that is being paid for through earnings that are diverted for that purpose.

(7) Funds may not be used to purchase supplies to enable a participant to begin a private business.

b. Participants shall submit Form 470-0510, Estimate of Cost, to initiate allowances or change the amount of payment for expenses other than child care. Participants shall use PROMISE JOBS allowances which they receive to pay authorized expenses. Participants are eligible for child care assistance, as described at 441—Chapter 170, if child care is required for participation in any PROMISE JOBS component other than orientation.

c. Participants shall furnish receipts for expenditures which they pay, except for transportation allowances. Failure to provide receipts will preclude additional payments.

d. Receipts may be requested for allowances paid directly to the training provider if the PROMISE JOBS worker determines it is appropriate.

93.114(13) Payment of allowances.

a. Participant eligibility for payment of transportation and child care allowances shall commence for that month, or part thereof, that the participant begins training under an approved plan or is removed from a waiting list as described at 93.105(3), whichever is later, and shall be terminated when training is terminated.

b. PROMISE JOBS responsibility for financial assistance begins with that month, or part thereof, during which the participant begins training under an approved plan or is removed from a waiting list as described at 93.105(3), whichever is later.

c. Retroactive payments of transportation and allowable direct education costs shall only be allowed under the following conditions:

(1) If plan approval or removal from a waiting list as described at 93.105(3), whichever is later, occurs after the start of the term due to administrative delay or worker delay, payments shall be approved retroactive to the start of the term for which the plan is approved or removal from the waiting list is authorized. If costs were already paid by the participant with private resources, the participant shall be reimbursed.

(2) If plan approval or removal from a waiting list as described at 93.105(3), whichever is later, is delayed due to the suspension of FIP benefits, retroactive payments for the month of suspension shall be made. If costs were already paid by the participant with private resources, the participant shall be reimbursed.

(3) If plan approval is delayed due to the fault of the participant, payment eligibility shall begin with the first day of the month during which the plan is approved or the month in which the participant is removed from a waiting list as described at 93.105(3), whichever is later. In this instance, there shall be no reimbursement for costs already paid by the participant.

d. Rescinded IAB 1/1/97, effective 3/1/97.

e. When a participant receives transportation payments from another program which equals or exceeds that possible under PROMISE JOBS, transportation shall not be paid by PROMISE JOBS for any month covered by the other program. When the amount received from another program is less than that possible under PROMISE JOBS, a supplemental payment may be made as long as the combined payment does not exceed that normally paid by PROMISE JOBS.

f. Payments shall not exceed the rate that the provider would charge a private individual.

93.114(14) Completion or termination of a training plan.

a. Participants who successfully complete their training plans may keep any books or supplies, including tools, which were purchased with PROMISE JOBS funds.

b. Participants who do not complete their training program and do not obtain training-related employment within 60 days of leaving training shall return all reusable supplies, including books and tools, but not clothing, purchased by PROMISE JOBS.

(1) Staff are authorized to donate to nonprofit organizations any items which they determine are unusable by the program.

(2) When tools are not returned, the amount of the PROMISE JOBS payment shall be considered an overpayment unless the participant verifies theft of the tools through documentation of timely report to a law enforcement agency.

c. Rescinded IAB 7/21/04, effective 9/1/04.

d. A worker shall terminate a training plan and offer the participant the opportunity to renegotiate and amend the FIA when the participant, after a school term of probation as described in subrule 93.114(8), is unable to achieve the cumulative grade point average required by the training facility. This paragraph does not apply to parents under the age of 18 who are enrolled in high school completion activities.

e. A worker may terminate a training plan and offer the opportunity to renegotiate and amend the FIA when it can be documented that the participant's continuation in the training program is detrimental to family functioning. This paragraph does not apply to parents under the age of 18 who are enrolled in high school completion activities.

f. Classroom training participants who do not follow the requirements of a training plan are considered to have chosen the limited benefit plan as described in 441—subrule 41.24(8). Before issuing a notice of decision to impose the limited benefit plan, PROMISE JOBS staff shall send one written reminder or letter to attempt to resolve the issue. The reminder or letter shall identify the participation issue, clarify expectations, attempt to identify barriers to participation, explain the consequences of the LBP, and offer supervisory intervention. LBP resolution policies at subrules 93.138(2) and 93.138(3) apply when the classroom training participant chooses the LBP in the following situations:

(1) The participant fails to appear for two consecutive scheduled appointments with the worker without good cause. The client shall have been notified of the appointments in writing. The written notice to schedule the second appointment shall remind the client of the need to participate and attempt to resolve the issue as previously described in this paragraph.

(2) Rescinded IAB 2/6/02, effective 4/1/02.

(3) The participant states that there is no intent to become employed after completing training.

(4) The participant fails to cooperate in providing information concerning grades, academic progress, financial resources, change of address, change of telephone number, or change of family composition.

(5) The participant fails to provide verification, as described at subrule 93.135(2), of hours of attendance in an educational program.

(6) The participant misuses expense allowances to the extent that the training plan is no longer achievable.

(7) The participant knowingly provides receipts or any other written statements which have been altered, forged, or, in any way, are not authentic.

(8) The participant withdraws from courses or from the training program without prior PROMISE JOBS approval.

Policies at rules 441—93.133(239B) and 441—93.134(239B) apply to all of the above. When a situation described in subparagraphs (3) through (8) above occurs, participation is an issue at the first occurrence unless the person is experiencing problems or barriers to participation as described at rules 441—93.133(239B) and 441—93.134(239B). To attempt to resolve the issue, PROMISE JOBS staff shall send a letter as previously described in this paragraph.

g. When it becomes apparent that the participant cannot complete the training plan within the maximum participation limit, as described at 93.114(3), the PROMISE JOBS worker shall determine whether termination of the training plan is appropriate.

(1) When the participant cannot complete the training plan within the maximum participation limit as described at subrule 93.114(3), the worker shall continue the plan and pay expenses, if appropriate, up

to the limit of the maximum participation limit when the counselor or lead instructor in the educational program verifies in writing that the student's progress or achievement meets the grade-point requirement, and the student's interest and participation indicate there is likelihood of successful completion of the program, and the remaining coursework could be completed within the additional six-month period of time. In addition, the student must be able to demonstrate access to financial resources which will enable completion of the program during the additional six months.

(2) In addition, when it is determined that the participant can complete the training plan within six months after the expiration of the maximum participation limit described at 93.114(3), the worker shall waive participation in other components after the end of the maximum participation period as long as the participant is attending the training facility.

(3) The PROMISE JOBS worker shall terminate the training plan at the point in time when it becomes obvious that the participant cannot complete the training plan within six months after expiration of the maximum participation period described at 93.114(3).

h. Rescinded IAB 9/11/96, effective 11/1/96.

i. Participants who choose the LBP as described at subparagraphs 93.114(14)“*f*”(6) and (7), or participants who fail to return supplies, when required, shall not be eligible for future classroom training services for a period of two years. The two-year period shall begin with the effective date of the LBP or the effective date of a notice of decision which cancels the classroom training plan, whichever is appropriate.

(1) In addition, future classroom training services shall not be approved unless receipts for previous allowances are provided; PROMISE JOBS-funded items, when required, are returned; or the value of the items is refunded.

(2) When the amount of the PROMISE JOBS payment for tools has been considered an overpayment as described in 93.114(14)“*b*”(2), the participant may refund the claim balance as recorded in the Overpayment Recovery System to meet this requirement.

93.114(15) *Maximum limit on PROMISE JOBS funding.* Notwithstanding subrules 93.114(1) through 93.114(14), any participant who develops one or more FIAs on or after July 1, 1996, that include approvable postsecondary vocational classroom training shall be eligible for consideration for PROMISE JOBS expenses allowable under these rules for no more than 24 months within a 48-consecutive-month period. Except for this funding limit, all other policies at subrules 93.114(1) to 93.114(14) apply, including the established time frames described in 93.114(3) and 93.114(14)“*g*,” for including postsecondary vocational classroom training in the FIA, without requiring other FIA activities.

a. For purposes of this subrule, an FIA is considered to be developed when it is signed by a FIP participant who has never before signed an FIA or who must sign another FIA because FIP eligibility has been reestablished after FIP reapplication with a break in FIP assistance of more than one month.

b. The period of 48 consecutive months begins with the first month that the participant is eligible for consideration for PROMISE JOBS expense allowances. It is not altered by breaks in FIP assistance or breaks from the postsecondary vocational classroom training activity.

c. The period of 24 months of eligibility for PROMISE JOBS expense allowances under these rules begins with the first month that the participant is eligible for consideration for PROMISE JOBS expense allowances. A month is considered funded even if no allowance is issued because the client has no expense in a month.

441—93.115(239B) Unpaid community service. Unpaid community service shall provide participants with opportunities to establish or reestablish contact with the work force in a nonthreatening environment while providing services which are of direct benefit to the community.

93.115(1) *Unpaid community service work sites.* Unpaid community service work sites shall be public or private nonprofit organizations.

a. When an applicant or participant and the PROMISE JOBS worker agree that an unpaid community service placement is appropriate, the participant is responsible for locating and making arrangements with the work site.

b. The PROMISE JOBS provider agencies shall develop local listings of potential unpaid community service work sites which participants can use when selecting a work site.

c. Work site organizations which provide unpaid community service work sites shall receive a written explanation of the following placement criteria. The placement shall:

- (1) Not be related to political, electoral or partisan activities.
- (2) Not be developed in response to or in any way associated with the existence of a strike, lockout or other bona fide labor dispute.
- (3) Not violate any existing labor agreement between employees and employer.
- (4) Comply with applicable state and federal health and safety standards.
- (5) Not be used by work site organizations to displace current employees or to infringe on their promotional opportunities, shall not be used in place of hiring staff for established vacant positions, and shall not result in placement of a participant in a position when any other person is on layoff from the same or an equivalent position in the same unit.

93.115(2) *Appropriate use of unpaid community service.* The unpaid community service component is expected to be used by participants for whom more intensive efforts toward self-sufficiency are not appropriate at the moment. Participants may combine this activity with another such as, but not limited to, GED or other high school completion, ESL, FaDSS or other family development services, and parenting skills training. It is expected that the unpaid community service work site will be less demanding than work experience placements and specific skills-training tasks are not required.

93.115(3) *Participation requirements.*

a. Formal interviews are not required to establish the relationship between the participant and the work site organization.

b. The length of the work site assignment and the weekly hours of participation will be determined through agreement among the work site organization, the participant, and the PROMISE JOBS worker.

c. The director (or designee) of the work site organization shall be asked to verify the monthly hours of participation using Form 470-3097, Unpaid Community Service Monthly Report, provided by the PROMISE JOBS provider agencies.

93.115(4) *Allowances for unpaid community service placement.* Unpaid community service work sites may offer on-site child care and other participant-friendly services. A child care allowance and a transportation allowance for each month of participation or part thereof, as described at subrule 93.110(6), shall be paid if these services are not provided by the work site organization and are required for participation.

441—93.116(239B) Parenting skills training.

93.116(1) *Parents aged 20 and over.* For parents aged 20 and over when the FIA is signed, activities which strengthen the participant's ability to be a better parent can be approvable training under PROMISE JOBS and may be included in the FIA as long as the participant is active in at least one other PROMISE JOBS component. Parents aged 20 and over who do not carry out the parenting skills training described in the FIA have chosen the LBP, unless family circumstances warrant renegotiation and amendment of the FIA.

93.116(2) *Parents aged 19 and younger.* Parents aged 19 and younger when the FIA is signed are required to include parenting skills training in the FIA.

a. The FIA shall be written or renegotiated and amended to include specific plans for parenting skills training, with provider name and beginning and ending date. The scheduled training may be in the future to accommodate availability of provider resources. However, it shall occur as soon as is compatible with the circumstances of the family, the other activities in the FIA, and the availability of provider resources, except as specified at subrule 93.105(3).

b. Parents aged 19 and younger are not required to be active in another PROMISE JOBS component to be eligible for parenting skills training. Other PROMISE JOBS components are included in the FIA according to policies at rule 441—93.109(239B).

c. Parents aged 19 and younger who do not include parenting skills training in the FIA or do not carry out the parenting skills training described in the FIA have chosen the LBP. Policies

regarding problems with participation, rule 441—93.133(239B), and barriers to participation, rule 441—93.134(239B), apply.

d. Parents who sign the FIA while the age of 19 and younger shall honor the duration of the parenting skills training as arranged under policies in subrule 93.116(6) when they become the age of 20 before the training is completed, as long as their FIA responsibility continues.

93.116(3) Expense allowances. For participants described in subrules 93.116(1) and 93.116(2), a child care allowance and a transportation allowance for each month of participation, or part thereof, as described at subrule 93.110(6), shall be paid if these services are not provided by any other entity and are required for participation. Payment for tuition, fees, or books and supplies shall be paid only when parenting skills training is not available from a nonreimbursable source in the SDR.

a. PROMISE JOBS shall not pay allowances for any of these expenses which can be covered by student financial aid in postsecondary educational institutions as provided elsewhere in these rules.

b. If the participant chooses to continue with the parenting skills training program beyond the designated period of participation described in subrule 93.116(6), PROMISE JOBS responsibility for payment of expense allowances shall not extend beyond the designated period unless completion is delayed by problems with participation or barriers to participation.

93.116(4) Approvable providers. The following sources are approvable providers for parenting skills training:

a. High school departments of family and consumer sciences which offer child development, family relationships, or parenting classes and alternative high school programs for pregnant and parenting teens.

b. Community colleges, other associate-degree institutions, and baccalaureate-degree institutions which offer child development, family relationships, or parenting classes.

c. Area education agencies; child abuse prevention programs; child and adult food program sponsors; child care resource and referral agencies; family resource centers; maternal and child health centers; Family Development and Self-Sufficiency program grantees and other family development providers; Head Start, Head Start Parent and Child Centers, and Early Head Start programs; Iowa State University Extension services such as, but not limit to, the “Best Beginnings” program; rehabilitative treatment services such as family-centered services, and family preservation as described in 441—Chapter 185; private nonprofit social service agencies, and young parent support and information organizations.

93.116(5) Other approvable providers. Other providers of parenting skills training are approvable as long as they offer training within the time frames described at subrule 93.116(6) and have five of these six elements: child growth and development, child health and nutrition, child safety, positive discipline, relationships, and life skills.

93.116(6) Duration for parenting skills training.

a. The planned duration of the parenting skills training shall be determined by agreement between the participant and the training provider within the limits described in paragraph “*b.*” In consultation with PROMISE JOBS staff, the participant and the provider shall design a written agreement and provide a copy to PROMISE JOBS. The agreement shall designate the period of time during which the mandatory parenting skills training requirement will be fulfilled. A notice of decision from the department regarding rehabilitative treatment services such as family-centered services, and family preservation, as described in 441—Chapter 185, which contains a specific time period of service may be used in lieu of the agreement. The period of time in the agreement or notice of decision shall be included in the FIA. Participants who fail to carry out this step in the FIA shall be choosing the LBP.

b. The planned mandatory duration of training by providers shall be limited as follows:

(1) Services from providers described in paragraph 93.116(4) “*a.*” shall be limited to a minimum of one semester and a maximum of two semesters.

(2) Services from providers described in paragraph 93.116(4) “*b.*” shall be limited to one semester or two quarters.

(3) Services from providers described in paragraph 93.116(4) “c” and in subrule 93.116(5) shall be limited to a minimum of six contact hours or six weeks, whichever comes first, and to a maximum of 26 contact hours or six calendar months, whichever comes first.

93.116(7) Other policies specific to parents aged 19 or younger.

a. Parents aged 19 or younger who have satisfactorily completed parenting skills training before signing the FIA may be excused from the requirement when documentation of the successful completion is provided before the FIA is signed.

b. Parents aged 19 or younger who are participating in a parenting skills training program at the time the FIA is signed shall be allowed to continue in that program, if they choose, as long as the provider appears in subrule 93.116(4) or meets the requirements of subrule 93.116(5) and documentation of enrollment is provided. An agreement as described in paragraph 93.116(6) “a,” or the time period of rehabilitative services included in a notice of decision from the department, shall be used to determine the remaining training time to be included in the FIA.

c. In any month, PROMISE JOBS shall give priority for orientation or assessment services to parents who are already the age of 19 in order to establish their responsibility for parenting classes before they are the age of 20. This applies to those who are scheduled for orientation, still in assessment, and to those who have an FIA which must be renegotiated and amended.

93.116(8) Training phase-in. PROMISE JOBS shall phase in the inclusion of parenting skills training into the FIAs of parents aged 19 or younger who are current PROMISE JOBS participants and are in PROMISE JOBS assessment or who already have an FIA on November 1, 1996.

a. PROMISE JOBS shall, before February 1, 1997, complete the process of including parenting skills training in the FIA for all parents aged 19 or younger who were referred to PROMISE JOBS before November 1, 1996.

b. Each FIA shall be written or renegotiated and amended to include specific plans, with provider name and beginning and ending date, for parenting skills training. The training shall begin as soon as is compatible with the circumstances of the family, the other activities in the FIA, and the availability of provider resources, except as specified at subrule 93.105(3), but no later than September 1, 1997. If the parent does not participate in the renegotiation and amendment process, this is considered choosing the LBP.

441—93.117(239B) Health and safety. The PROMISE JOBS staff may require a person to complete a physical examination prior to including a particular PROMISE JOBS component or other activity in the FIA when a participant specifies or exhibits any physical conditions which might jeopardize successful participation in the program.

93.117(1) Physician’s report. The physician should indicate to the best of the physician’s knowledge that the person is capable of completing the FIA activity or continuing with appropriate employment.

93.117(2) Rescinded IAB 12/8/93, effective 1/1/94.

93.117(3) Safety precautions. If the FIA activity is so hazardous that safety glasses, hard hats, and so forth are needed, participation shall not be arranged or approved unless these safety precautions are available.

441—93.118(239B) Family planning. Referral for family planning is an optional service which shall be offered to each applicant or participant. It is not a component of PROMISE JOBS. LBP policies do not apply to participants who choose not to include family planning counseling in the FIA Steps to Self-Sufficiency or who do not carry out the steps of family planning counseling.

PROMISE JOBS staff shall discuss orally and in writing the financial implications of newly born children on the participant’s family during PROMISE JOBS assessment, using Form 470-0806, Self-Assessment, or other form approved by the department which includes analysis of changes in family expenses due to additions to the family. In addition, PROMISE JOBS staff shall review information about the basics of family planning and provide a listing of resources in the participant’s county of residence or the SDR.

The FIA shall record participant response to the option of referral for family planning counseling. It is not acceptable for the FIA to have family planning counseling as the only step of the FIA.

Participants referred to PROMISE JOBS before the effective date of this policy shall be given the opportunity to choose whether to include family planning counseling in the FIA. Those who desire to do so shall include family planning counseling in the FIA at the next PROMISE JOBS office visit required to review FIA progress or to renegotiate and amend the FIA for other reasons.

441—93.119(239B) PROMISE JOBS family development. PROMISE JOBS family development services are support services, other than FaDSS, for PROMISE JOBS families at risk of long-term dependency on public assistance. The services are designed to promote, empower, and nurture the family to self-sufficiency and healthy reintegration into the community. PROMISE JOBS family development services shall be provided by a family development specialist certified by the University of Iowa College of Social Work, National Resource Center on Family-Based Services, or provided under a plan that has been approved by the family development and self-sufficiency council of the department of human services.

PROMISE JOBS may arrange for family development services from entities that meet one of the above criteria wherever these are available.

Acceptance of family development services by participants is voluntary except as described at subparagraph 93.109(2)“b”(5).

441—93.120(249C) Completion or termination of a plan. Rescinded IAB 12/8/93, effective 1/1/94.

441—93.121(239B) Assignment to work experience.

93.121(1) Work experience requirements. Work experience shall combine work site assignment and job search activities.

a. Applicants or participants who choose work experience placement shall be assigned to work sites on a schedule which uses eight hours per day, between the hours of 8 a.m. and 6 p.m., Monday through Friday, unless the participant agrees to another schedule. The number of days per week shall be determined by agreement among the participant, the sponsor, and the PROMISE JOBS worker, with a maximum of four days and a minimum of one day. The number of days, the scheduled hours, and the length of the assignment shall reflect the assessed needs of the participant and the needs of the sponsor, using the standard that participation shall be equivalent to the level of commitment required for full-time employment or shall be significant so as to move toward that level.

b. Work experience placements may be combined with monitored employment or with participation in other PROMISE JOBS activities such as, but not limited to, GED or other high school completion activities, parenting skills training, postsecondary classroom training, or placement on a PROMISE JOBS waiting list for postsecondary classroom training.

c. In addition to work experience placement, participants shall also engage in job-seeking activities one day per week unless they are also participating in classroom training activities.

Job-seeking activities for work experience participants shall include contacting a minimum of five employers per week unless fewer are specified by staff. Job search contacts shall be documented as described at 93.135(3).

d. Each work experience assignment shall not exceed six months in duration. Persons who complete a work experience assignment may move to another option as provided under the FIA, be assigned to a different work site, or be reassigned to the same work site, whichever is appropriate under the FIA.

e. Participants who are assigned to work experience may move to another component to facilitate regular employment before completing the months of the assignment when it is felt that sufficient work experience has been gained.

93.121(2) Work sites shall provide participants with work experience and on-the-job training opportunities while providing services which are of direct benefit to the community. Work sites shall be limited to public and nonprofit agencies. Participants may be placed at work sites with religious

institutions only when work performed is nonsectarian and not in support of sectarian activities. Participants may not be used to replace regular employees in the performance of nonsectarian work for the purpose of enabling regular employees to engage in sectarian activities.

93.121(3) Employers who participate in the work experience program shall be referred to as sponsors. Sponsors who request work experience participant placements shall complete Form 470-0809, Sponsor's Request for Work Experience (WEP) Participant, for each type of position which they wish to fill and shall include a complete job description specifying all tasks to be performed by the participant. Work experience positions must contain the same job description and performance requirements that would exist if the sponsor were hiring an individual for the same position. PROMISE JOBS has final authority to determine suitability of any work experience position offered by a sponsor. Work experience positions must meet additional criteria as follows:

- a. Shall not be related to political, electoral or partisan activities.
- b. Shall not be developed in response to or in any way associated with the existence of a strike, lockout or other bona fide labor dispute.
- c. Shall not violate any existing labor agreement between employees and employer.
- d. Shall comply with applicable state and federal health and safety standards.
- e. Shall not be used by sponsors to displace current employees or to infringe on their promotional opportunities, shall not be used in place of hiring staff for established vacant positions, and shall not result in placement of a participant in a position when any other person is on layoff from the same or an equivalent position in the same unit.

93.121(4) Vocational skills and interests which the registrant possesses shall be matched as closely as possible with the job description and skills requirement specified by the sponsor.

93.121(5) Participants shall interview for and accept positions offered by work experience sponsors. Participants shall present Form 470-0810, Referral for Work Experience (WEP) Placement, to the sponsor at the interview. The form shall be completed by the sponsor and returned to PROMISE JOBS.

93.121(6) Although sponsors are expected to accept for placement work experience referrals made by PROMISE JOBS, sponsors may refuse any referrals they deem inappropriate for the position which they have available. Sponsors shall not discriminate because of race, color, religion, sex, age, creed, physical or mental disability, political affiliation or national origin against any program participant. Sponsors who refuse a referral must notify PROMISE JOBS staff in writing of the reason for the refusal.

93.121(7) Sponsors shall complete and provide a monthly evaluation of the participant's performance using Form 470-0805, Work Experience Participant Evaluation, to PROMISE JOBS and the participant.

93.121(8) Sponsors shall complete Form 470-0805, Work Experience Participant Evaluation, at the time of termination for each work experience participant. When termination occurs at sponsor request, the sponsor shall specify the reason for termination and identify those areas of unsatisfactory performance. For participants who leave to accept regular employment or reach their work experience placement time limit, the sponsor's evaluation shall indicate whether or not a positive job reference would be provided if the participant requested one.

93.121(9) Allowances for work experience placements. Participants assigned to work experience shall receive a child care allowance, if required, and a transportation allowance for each month or part thereof as described at subrule 93.110(6). The portion of the transportation allowance for job-seeking activities shall be determined by including the day of the job search obligation in the normally scheduled days used in the formulas described at subrule 93.110(6).

93.121(10) Required clothing and equipment. Clothing, shoes, gloves, and health and safety equipment for the performance of work at a work site under the program, which the participant does not already possess, shall be provided by the entity responsible for the work site or, in the case of safety equipment which the work site entity does not normally provide to employees, through PROMISE JOBS expense allowances. Under no circumstances shall participants be required to use their assistance or their income or resources to pay any portion of their participation costs.

a. Items which are provided by the entity responsible for the work site shall remain the property of the entity responsible for the work site, unless the participant and the entity agree to a different arrangement.

b. Safety equipment which the entity responsible for the work site does not normally provide to employees, including, but not limited to, steel-toed shoes, may be provided through PROMISE JOBS expense allowances up to a limit of \$100 per participant per work site assignment. Participants who complete the FIA activity keep the safety equipment. Participants who choose the limited benefit plan shall return all reusable safety equipment, excluding clothing.

441—93.122(239B) FIP-UP work program. Rescinded IAB 11/1/00, effective 1/1/01.

441—93.123(239B) PROMISE JOBS on-the-job training (OJT). Under OJT, a PROMISE JOBS participant shall be hired by a private or public employer and, while engaged in productive work, receive training that provides knowledge or skills essential to the full and adequate performance of that job.

93.123(1) PROMISE JOBS OJT participants. PROMISE JOBS participants eligible for OJT shall be hard-to-place participants such as, but not limited to, those who lack work skills, have outdated skills, or have demonstrated difficulty in finding employment.

93.123(2) PROMISE JOBS OJT contracts. PROMISE JOBS staff shall enter into a contract with the OJT employer for providing training and additional supervision to the participant, using a contract format established by the department or PROMISE JOBS provider agency designee which contains these requirements:

a. The participant is hired by the OJT employer after the contract is signed and is to be retained by the employer as a regular employee at the end of the OJT.

b. The job is full-time, defined as 30 or more hours per week.

c. The participant will engage in productive work.

d. The specific knowledge or skills to be gained through the training are described in detail.

e. The length of the training period is established as provided in subrule 93.123(4).

f. The participant is compensated by the employer at the same rates, including benefits and periodic increases, as similarly situated employees or trainees and in accordance with applicable law, but in no event less than the federal or Iowa minimum wage, whichever is higher.

g. The employer shall provide training and additional supervision, if needed, to enable the participant to gain knowledge and skills essential to the job.

h. The rate and time of the compensation to reimburse the employer for training and additional supervision are established as described at subrule 93.123(3).

i. Qualitative and quantitative measures are established which the OJT employer, the PROMISE JOBS participant, and the department (through the PROMISE JOBS staff as designees) shall use to determine whether the participant is making good or satisfactory progress in gaining the knowledge or skills described in the specific contract and whether the training shall continue.

j. An employer is required to provide a monthly report on good or satisfactory progress using Form 470-2617, PROMISE JOBS Time and Attendance, or other form which contains all of the elements of Form 470-2617, allowing reporting of good or satisfactory progress under the qualitative and quantitative measures included in the contract, and is approved by the department or the PROMISE JOBS provider agencies as designees.

93.123(3) PROMISE JOBS OJT employer reimbursement. The department shall have the administrative authority to establish the statewide standard for the rate and time of reimbursement to be included in the OJT contract, subject to state and federal budgetary limitations.

a. The department shall establish a statewide standard for rate and time of reimbursement.

(1) The methodology for establishing the statewide reimbursement rate shall be determined each time that the statewide rate is established. It may include, but is not limited to, a payment rate for units of training time such as hours or weeks, or a payment rate based on an average of a specified percent of the wages paid to the participant during the training period.

(2) No matter what methodology is used to establish the statewide rate, the payments shall never exceed an average of 50 percent of the wages paid by the employer to the participant during the period of training.

b. The amount of the reimbursements per participant shall be based on the standard established rate and the duration of the OJT as provided at subrule 93.123(4).

c. The time of the reimbursements shall be related to the ending date of the OJT or the date the OJT participant leaves the OJT before the training is completed.

d. PROMISE JOBS staff shall require the OJT employer to document the claim for reimbursement using a claim format which contains the following elements:

- (1) Employer name, address, and federal employer ID number.
- (2) Participant name and social security number.
- (3) Beginning and ending dates of the claim period.
- (4) Wage paid per hour.
- (5) Total hours worked in the claim period and total wages paid in the claim period.
- (6) Day-by-day record of daily hours of employment in the claim period.

93.123(4) *Duration of PROMISE JOBS OJT training period.* PROMISE JOBS OJT is limited to occupational training which can be completed within six months. PROMISE JOBS staff shall use guidance from the U.S. Department of Labor to establish appropriate durations for occupational training which can be completed within the six-month limit.

93.123(5) *OJT participant eligibility for PROMISE JOBS.* If a participant in OJT becomes ineligible for FIP due to income policies as described at 441—subrule 41.27(2), the participant shall remain a PROMISE JOBS participant for the purpose of managing and tracking the OJT. The participant in these circumstances is eligible for the supportive services which are available to any other employed PROMISE JOBS participant.

93.123(6) *Wages paid to a PROMISE JOBS OJT participant.* Wages paid to participants in OJT are considered to be earned income for purposes of any provision. OJT is not considered subsidized employment.

441—93.124(249C) Referral for UP-CWEP services. Rescinded IAB 3/3/93, effective 5/1/93.

441—93.125(249C) JTPA UP-CWEP responsibilities. Rescinded IAB 3/3/93, effective 5/1/93.

441—93.126(249C) UP-CWEP provider agency responsibilities. Rescinded IAB 3/3/93, effective 5/1/93.

441—93.127(249C) Assignment to UP-CWEP work sites. Rescinded IAB 3/3/93, effective 5/1/93.

441—93.128(249C) UP-CWEP relationship with job search activities. Rescinded IAB 3/3/93, effective 5/1/93.

441—93.129(239B) Nonparticipation by volunteers. Rescinded IAB 7/21/04, effective 9/1/04.

441—93.130(249C) Sanctions for mandatory participants aged 16 or 17 who are required to participate in high school completion activities. Rescinded IAB 12/8/93, effective 1/1/94.

441—93.131(239B) Failure to participate in classroom training.

93.131(1) Rescinded IAB 9/11/96, effective 11/1/96.

93.131(2) *Participants aged 17 or younger.* A participant aged 17 or younger who chooses not to participate in high school completion activities shall be considered to have chosen the LBP. The participant may choose other FIA options only if the local education agency will not allow a participant to enroll in high school completion activities.

441—93.132(239B) Participation issues for FIA-responsible persons. PROMISE JOBS participants who do not carry out the responsibilities of the FIA are considered to have chosen the limited benefit plan, as described at 441—subrule 41.24(8).

The participation issues in this rule are those which are important for effective functioning in the workplace or training facility and to the completion of the FIA.

When PROMISE JOBS staff send a written reminder, request, or other notification as specified below in the descriptions of the participant issues that apply to this rule, the notification shall identify the participation issue, clarify expectations, attempt to identify barriers to participation, explain the consequences of the LBP, and offer supervisory intervention.

Participants who, for reasons other than those described at rule 441—93.133(239B), do not resolve these issues shall be considered to have chosen the limited benefit plan, unless participant circumstances are revealed which indicate that a barrier to participation exists which should be addressed in the FIA.

Those who may be considered to have chosen the limited benefit plan are:

1. Participants who are more than 15 minutes late for a third time within three months of the first lateness, after receiving one written reminder at the time the second lateness occurred.
2. Participants who do not, for a second time after receiving one written reminder at the first occurrence, appear for scheduled appointments, participate in appraisal activities, complete required forms, or take required vocational or aptitude tests, or are absent from activities designated in the FIA or other self-sufficiency plan.
3. Participants who do not, for a second time after receiving one written reminder at the first occurrence, notify work experience sponsors or PROMISE JOBS staff of absence within one hour of the time at which they are due to appear.
4. Participants who exhibit disruptive behavior for a second time after receiving one written reminder at the first occurrence. Disruptive behavior means the participant hinders the performance of other participants or staff, refuses to follow instructions, uses abusive language, or is under the influence of alcohol or drugs.
5. Participants who fail to secure physical examinations after one written request to do so.
6. Participants whose performance continues to be unsatisfactory after they have been notified by program or provider agency staff of unacceptable performance and what is necessary to make performance acceptable. Notification of unsatisfactory performance may be oral initially, but shall be documented to the participant in writing.
7. Participants who make physical threats to other participants or staff. A physical threat is defined as having a dangerous weapon in one's possession and either threatening with or using the weapon or committing assault.
8. Participants who do not accept work experience assignments when the work experience option is part of the FIA.
9. Participants who do not, for a second time after receiving a written reminder at the first occurrence, appear for work experience interviews.
10. Participants who do not follow up on job referrals, refuse offers of employment or terminate employment, or who are discharged from employment due to misconduct. For the purposes of these rules, "misconduct" is defined as a deliberate act or omission by a worker which constitutes a material breach of the duties and obligations arising out of the worker's contract of employment. To be considered "misconduct," the employee's conduct must demonstrate deliberate violation or disregard of standards of behavior that the employer has the right to expect of employees. Mere inefficiency, unsatisfactory conduct, failure to perform well due to inability or incapacity, ordinary negligence in isolated instances, or good-faith errors in judgement or discretion are not to be deemed misconduct for the purpose of these rules.
11. Participants who do not secure adequate child care when registered or licensed facilities are available.
12. Participants for whom child care, transportation, or educational services become unavailable as a result of failure to use PROMISE JOBS funds or child care assistance funds to pay the provider or failure to provide required receipts.

13. FIA-responsible persons who are required to participate in high school completion activities and who fail to provide grade transcripts or reports.

When a situation as described in numbered paragraph “7,” “8,” “10,” “11,” “12,” or “13” above occurs, participation is an issue at the first occurrence unless the participant is experiencing problems or barriers to participation as described at rules 441—93.133(239B) and 93.134(239B). Before issuing a notice of decision to impose the limited benefit plan, PROMISE JOBS staff shall send one letter that includes the elements described earlier in this rule to attempt to resolve the issue. When a situation as described in numbered paragraph “7” above occurs, the letter shall give the participant an opportunity to provide written documentation from a doctor, licensed psychologist, probation officer, or law enforcement official to resolve the participation issue. The documentation must verify that the act was caused by either a temporary problem or a serious problem or barrier that needs to be included in the FIA. The documentation must also provide reasonable assurance that the threatening behavior will not occur again.

441—93.133(239B) Problems with participation of a temporary or incidental nature. Problems with participation as described below shall be considered to be of a temporary or incidental nature when participation can be easily resumed. These problems are acceptable instances when a participant is excused from participation or for refusing or quitting a job or limiting or reducing hours or for discharge from employment due to misconduct as described at rule 441—93.132(239B).

93.133(1) *Acceptable instances when a person is excused from participation.*

a. Illness. When a participant is ill more than three consecutive days or if illness is habitual, staff may require medical documentation of the illness.

b. Required in the home due to illness of another family member. Staff may require medical documentation for the same reasons as when a participant is ill.

c. Family emergency, using reasonable standards of an employer.

d. Bad weather, using reasonable standards of an employer.

e. Absent or late due to participant’s or spouse’s job interview. When possible, the participant shall provide notice of the interview at least 24 hours in advance including the name and address of the employer conducting the interview. When 24-hour notice is not possible, notice must be given as soon as possible and prior to the interview.

f. Leave due to the birth of a child. When a child is born after referral, necessary absence shall be determined in accordance with the Family Leave Act of 1993.

93.133(2) *Acceptable instances when a person is excused from participation or for refusing or quitting a job or limiting or reducing hours or for discharge from employment due to misconduct as described at rule 441—93.132(239B).*

a. Required travel time from home to the job or available work experience or unpaid community service site exceeds one hour each way. This includes additional travel time necessary to take a child to a child care provider.

b. Except as described in 441—subrule 41.25(5), work offered is at a site subject to a strike or lockout, unless the strike has been enjoined under Section 208 of the Labor-Management Relations Act (29 U.S.C. 78A) (commonly known as the Taft-Hartley Act), or unless an injunction has been issued under Section 10 of the Railway Labor Act (45 U.S.C. 160).

c. Violates applicable state or federal health and safety standards or workers’ compensation insurance is not provided.

d. Job is contrary to the participant’s religious or ethical beliefs.

e. The participant is required to join, resign from or refrain from joining a legitimate labor organization.

f. Work requirements are beyond the mental or physical capabilities as documented by medical evidence or other reliable sources.

g. Discrimination by an employer based on age, race, sex, color, handicap, religion, national origin or political beliefs.
