

PHARMACY BOARD[657]

[Prior to 2/10/88, see Pharmacy Examiners, Board of [620], renamed Pharmacy Examiners Board[657]
under the “umbrella” of Public Health Department by 1986 Iowa Acts, ch 1245; renamed by 2007 Iowa Acts, Senate File 74]

CHAPTER 1

PURPOSE AND ORGANIZATION

- 1.1(17A) Board mission
- 1.2(17A,147,272C) Description and organization of board
- 1.3(17A,272C) Responsibilities
- 1.4(17A,272C) Submission of complaints and requests
- 1.5(17A,21) Meetings
- 1.6(124,147,155A) Fee for returned check
- 1.7(124,124B,147,155A) Overpayment of fees

CHAPTER 2

PHARMACIST LICENSES

- 2.1(147,155A) Licensure by examination
- 2.2(155A) Application for examination—requirements
- 2.3(147,155A) Examination fee
- 2.4(155A) Internship requirements
- 2.5(155A) College graduate certification
- 2.6(147) Reexamination applications and fees
- 2.7(147) Examination results
- 2.8(155A) Transfer of examination scores
- 2.9(147,155A) Licensure by license transfer/reciprocity
- 2.10(155A) Foreign pharmacy graduates
- 2.11(147,155A) License expiration and renewal
- 2.12(272C) Continuing education requirements
- 2.13(272C) Active and inactive license status
- 2.14(155A) Fees for additional license certificates
- 2.15(155A) Notifications to the board
- 2.16(235B,272C) Mandatory training for identifying and reporting abuse
- 2.17(272C) Continuing professional development portfolio

CHAPTER 3

PHARMACY TECHNICIANS

- 3.1(155A) Definitions
- 3.2(155A) Purpose of registration
- 3.3(155A) Registration required
- 3.4 Reserved
- 3.5(155A) Certification of pharmacy technicians
- 3.6 and 3.7 Reserved
- 3.8(155A) Application form
- 3.9(155A) Registration term and renewal
- 3.10(155A) Registration fee
- 3.11(155A) Late applications and fees
- 3.12(155A) Registration certificates
- 3.13(155A) Notifications to the board
- 3.14 to 3.16 Reserved
- 3.17(155A) Training and utilization of pharmacy technicians
- 3.18(147,155A) Identification of pharmacy technician
- 3.19 Reserved

3.20(155A)	Responsibility of supervising pharmacist
3.21(155A)	Delegation of functions
3.22(155A)	Technical functions
3.23(155A)	Tasks a pharmacy technician shall not perform
3.24(155A)	New prescription drug orders or medication orders
3.25 to 3.27	Reserved
3.28(147,155A)	Unethical conduct or practice
3.29(155A)	Denial of registration
3.30(155A)	Discipline of pharmacy technicians

CHAPTER 4 PHARMACIST-INTERNS

4.1(155A)	Definitions
4.2(155A)	Goal and objectives of internship
4.3(155A)	1500-hour requirements
4.4(155A)	Iowa colleges of pharmacy clinical internship programs
4.5(155A)	Out-of-state internship programs
4.6(155A)	Registration, reporting, and authorized functions
4.7(155A)	Foreign pharmacy graduates
4.8(155A)	Fees
4.9(155A)	Preceptor requirements
4.10(155A)	Denial of pharmacist-intern registration
4.11(155A)	Discipline of pharmacist-interns

CHAPTER 5 PHARMACY SUPPORT PERSONS

5.1(155A)	Definitions
5.2(155A)	Purpose of registration
5.3	Reserved
5.4(155A)	Registration required
5.5(155A)	Exempt from registration
5.6	Reserved
5.7(155A)	Registration application form
5.8	Reserved
5.9(155A)	Registration fee
5.10(155A)	Registration renewal
5.11(155A)	Late application
5.12	Reserved
5.13(155A)	Registration certificates
5.14(155A)	Notifications to the board
5.15(155A)	Identification of pharmacy support person
5.16	Reserved
5.17(155A)	Tasks a pharmacy support person shall not perform
5.18(155A)	Nontechnical pharmacy support tasks
5.19	Reserved
5.20(155A)	Training and utilization of pharmacy support persons
5.21(155A)	Responsibility of supervising pharmacist
5.22(155A)	Delegation of nontechnical functions
5.23	Reserved
5.24(155A)	Denial of registration
5.25(147,155A)	Unethical conduct or practice
5.26(155A)	Discipline of pharmacy support persons

CHAPTER 6
GENERAL PHARMACY PRACTICE

6.1(155A)	Purpose and scope
6.2(155A)	Pharmacist in charge
6.3(155A)	Reference library
6.4(155A)	Exemption from duplicate requirements
6.5 and 6.6	Reserved
6.7(124,155A)	Security
6.8(124,155A)	Prescription processing documentation
6.9(124,155A)	Transfer of prescription
6.10(126,155A)	Prescription label requirements
6.11 and 6.12	Reserved
6.13(155A)	Patient record system
6.14(155A)	Patient counseling and instruction
6.15(124,126)	Return of drugs and other items
6.16(124,155A)	Records

CHAPTER 7
HOSPITAL PHARMACY PRACTICE

7.1(155A)	Purpose and scope
7.2(155A)	Pharmacist in charge
7.3(155A)	Reference library
7.4 and 7.5	Reserved
7.6(124,155A)	Security
7.7(155A)	Verification by remote pharmacist
7.8(124,126,155A)	Drug distribution and control
7.9(124,155A)	Drug information
7.10(124,155A)	Ensuring rational drug therapy
7.11(124,126,155A)	Outpatient services
7.12(124,126,155A)	Drugs in the emergency department
7.13(124,155A)	Records

CHAPTER 8
UNIVERSAL PRACTICE STANDARDS

8.1(155A)	Purpose and scope
8.2(155A)	Pharmaceutical care
8.3(155A)	Responsible parties
8.4(155A)	Pharmacist identification and staff logs
8.5(155A)	Environment and equipment requirements
8.6(155A)	Health of personnel
8.7(155A)	Procurement, storage, and recall of drugs and devices
8.8(124,155A)	Out-of-date drugs or devices
8.9(124,155A)	Records
8.10	Reserved
8.11(147,155A)	Unethical conduct or practice
8.12(126,147)	Advertising
8.13(135C,155A)	Personnel histories
8.14(155A)	Training and utilization of pharmacy technicians or pharmacy support persons
8.15(155A)	Delivery of prescription drugs and devices
8.16(124,155A)	Confidential information
8.17 and 8.18	Reserved
8.19(124,126,155A)	Manner of issuance of a prescription drug or medication order

8.20(155A)	Valid prescriber/patient relationship
8.21(155A)	Prospective drug use review
8.22 to 8.25	Reserved
8.26(155A)	Continuous quality improvement program
8.27 to 8.30	Reserved
8.31(135,147A)	Opioid antagonist dispensing by pharmacists by standing order
8.32(124,155A)	Individuals qualified to administer
8.33(155A)	Vaccine administration by pharmacists
8.34(155A)	Collaborative drug therapy management
8.35(155A)	Pharmacy license
8.36 to 8.39	Reserved
8.40(155A,84GA,ch63)	Pharmacy pilot or demonstration research projects

CHAPTER 9
AUTOMATED MEDICATION DISTRIBUTION SYSTEMS AND
TELEPHARMACY SERVICES

9.1(155A)	Purpose and scope
9.2(147,155A)	Definitions
9.3(147,155A)	Responsibilities
9.4	Reserved
9.5(124,155A)	General requirements for telepharmacy
9.6(155A)	Duties of pharmacist in telepharmacy practice
9.7 to 9.9	Reserved
9.10(147,155A)	Quality assurance and performance improvement
9.11(147,155A)	Policies and procedures
9.12(147,155A)	System, site, and process requirements
9.13(147,155A)	Records
9.14	Reserved
9.15(147,155A)	Decentralized unit dose AMDS
9.16(147,155A)	Centralized unit dose AMDS
9.17(147,155A)	Outpatient AMDS
9.18(124,155A)	Remote dispensing site operations
9.19	Reserved
9.20(124,155A)	Drugs at a remote dispensing site
9.21(124,155A)	Record keeping

CHAPTER 10
CONTROLLED SUBSTANCES

10.1(124)	Purpose and definitions
10.2(124)	Application forms
10.3(124)	Registration and renewal
10.4(124)	Exemptions—registration fee
10.5(124)	Separate registration for independent activities; coincident activities
10.6(124)	Separate registrations for separate locations; exemption from registration
10.7 to 10.9	Reserved
10.10(124,147,155A)	Inspection
10.11(124)	Modification or termination of registration
10.12(124)	Denial, modification, suspension, or revocation of registration
10.13 and 10.14	Reserved
10.15(124,155A)	Security requirements
10.16(124)	Report of theft or loss
10.17(124)	Accountability of stock supply

10.18(124)	Disposal of registrant stock
10.19(124)	Disposal of previously dispensed controlled substances
10.20	Reserved
10.21(124,126,155A)	Prescription requirements
10.22(124)	Schedule II emergency prescriptions
10.23(124)	Schedule II prescriptions—partial filling
10.24(124)	Schedule II medication order
10.25(124)	Schedule II—issuing multiple prescriptions
10.26	Reserved
10.27(124,155A)	Facsimile transmission of a controlled substance prescription
10.28(124,155A)	Schedule III, IV, or V refills
10.29(124,155A)	Schedule III, IV, or V partial fills
10.30(124,155A)	Schedule III, IV, and V medication order
10.31(124,155A)	Dispensing Schedule V controlled substances without a prescription
10.32(124,155A)	Dispensing products containing ephedrine, pseudoephedrine, or phenylpropanolamine without a prescription
10.33(124,155A)	Schedule II perpetual inventory in pharmacy
10.34(124,155A)	Records
10.35(124,155A)	Physical count and record of inventory
10.36(124)	Samples and other complimentary packages—records
10.37(124,126)	Revision of controlled substances schedules
10.38(124)	Temporary designation of controlled substances
10.39(124,126)	Excluded substances
10.40(124,126)	Anabolic steroid defined

CHAPTER 11

DRUGS IN EMERGENCY MEDICAL SERVICE PROGRAMS

11.1(124,147A,155A)	Definitions
11.2(124,147A,155A)	Responsibility
11.3(124,147A,155A)	Registration required
11.4(124,147A,155A)	Written agreement
11.5(124,147A,155A)	Termination of agreement
11.6 and 11.7	Reserved
11.8(124,147A,155A)	Identification
11.9	Reserved
11.10(124,147A,155A)	Ownership of prescription drugs
11.11(124,147A,155A)	Policies and procedures
11.12	Reserved
11.13(124,147A,155A)	Storage
11.14(124,147A,155A)	Protocols
11.15(124,147A,155A)	Administration of drugs beyond the limits of a written protocol
11.16(124,147A,155A)	Administration of Schedule II controlled substances—pharmacy-based service program
11.17 and 11.18	Reserved
11.19(124,147A,155A)	Patient care reports
11.20(124,147A,155A)	Prescription drugs in service programs
11.21	Reserved
11.22(124,147A,155A)	Return of drugs
11.23(124,147A,155A)	Out-of-date drugs or devices
11.24(124,147A,155A)	Product recall
11.25	Reserved
11.26(124,147A,155A)	Controlled substances records

- 11.27(124,147A,155A) Ordering Schedule II controlled substances—medical director-based service programs
- 11.28 Reserved
- 11.29(124,147A,155A) Schedule II controlled substances perpetual inventory
- 11.30(124,147A,155A) Controlled substances annual inventory
- 11.31 Reserved
- 11.32(124,147A,155A) Disposition of controlled substances
- 11.33(124,147A,155A) Report of loss or theft of controlled substance
- 11.34(124,147A,155A) Records

CHAPTER 12 PRECURSOR SUBSTANCES

- 12.1(124B) Precursor substance identified
- 12.2(124B) Reports required
- 12.3(124B) Form of reports
- 12.4(124B) Monthly reporting option
- 12.5(124B) Exemptions
- 12.6(124B) Identification of purchaser or other recipient
- 12.7(124B) Permits
- 12.8(124B) Denial, modification, suspension, or revocation of permit

CHAPTER 13 TELEPHARMACY PRACTICE

- 13.1(155A) Purpose and scope
- 13.2(155A) Definitions
- 13.3(124,155A) Written agreement
- 13.4(155A) Responsible parties
- 13.5 to 13.7 Reserved
- 13.8(124,155A) General requirements for telepharmacy site
- 13.9(155A) General requirements for managing pharmacy
- 13.10(155A) General requirements for verifying pharmacist
- 13.11(155A) General requirements for telepharmacy technician
- 13.12 to 13.15 Reserved
- 13.16(124,155A) Telepharmacy site—initial application
- 13.17(124,155A) Changes to telepharmacy site or managing pharmacy
- 13.18(155A) Opening of traditional pharmacy
- 13.19 and 13.20 Reserved
- 13.21(124,155A) Policies and procedures
- 13.22(155A) Reports to the board
- 13.23(124,155A) Records

CHAPTER 14 PUBLIC INFORMATION AND INSPECTION OF RECORDS

- 14.1(22,124,155A) Definitions
- 14.2(22,124,155A) Purpose and scope
- 14.3(22,124,155A) Requests for access to records
- 14.4(22,124,155A) Access to confidential records
- 14.5(22,124,155A) Requests for treatment of a record as a confidential record and its withholding from examination
- 14.6(22,124,155A) Procedure by which additions, dissents, or objections may be entered into certain records
- 14.7(22,124,155A) Consent to disclosure by the subject of a confidential record
- 14.8(22,124,155A) Notice to suppliers of information

14.9(22,124,155A)	Disclosures without the consent of the subject
14.10(22,124,155A)	Routine use
14.11(22,124,155A)	Consensual disclosure of confidential records
14.12(22,124,155A)	Release to subject
14.13(22,124,155A)	Availability of records
14.14(22,124,155A)	Personally identifiable information
14.15(22,124,155A)	Other groups of records
14.16(22,124,155A)	Computer

CHAPTER 15

CORRECTIONAL PHARMACY PRACTICE

15.1(155A)	Purpose and scope
15.2(126,155A)	Definitions
15.3(155A)	Responsibilities
15.4(155A)	Reference library
15.5(124,155A)	Security
15.6	Reserved
15.7(124,126,155A)	Training and utilization of pharmacy technicians or pharmacy support persons
15.8(124,126,155A)	Drug distribution and dispensing controls
15.9	Reserved
15.10(124,126,155A)	Policies and procedures

CHAPTER 16

NUCLEAR PHARMACY PRACTICE

16.1(155A)	Purpose and scope
16.2(155A)	Definitions
16.3(155A)	General requirements for qualified nuclear pharmacist
16.4(155A)	General requirements for pharmacies providing radiopharmaceutical services
16.5(155A)	Library
16.6(155A)	Minimum equipment requirements
16.7(155A)	Training and utilization of pharmacy support persons

CHAPTER 17

WHOLESALE DRUG LICENSES

17.1(155A)	Definitions
17.2	Reserved
17.3(155A)	Wholesale drug license
17.4(155A)	Minimum qualifications
17.5(155A)	Personnel
17.6(155A)	Responsibility for conduct
17.7(124,155A)	Distribution to authorized licensees
17.8(124,155A)	Written policies and procedures
17.9(155A)	Facilities
17.10(124,155A)	Security
17.11(155A)	Storage
17.12	Reserved
17.13(155A)	Drugs in possession of representatives
17.14(155A)	Examination of materials
17.15(155A)	Returned, damaged, and outdated prescription drugs
17.16(124,155A)	Record keeping
17.17(124,155A)	Compliance with federal, state, and local laws
17.18(155A)	Discipline

CHAPTER 18

CENTRALIZED PRESCRIPTION FILLING AND PROCESSING

18.1(155A)	Purpose and scope
18.2(155A)	Definitions
18.3(155A)	General requirements
18.4	Reserved
18.5(155A)	Patient notification and authorization
18.6 to 18.9	Reserved
18.10(155A)	Policy and procedures
18.11 to 18.14	Reserved
18.15(155A)	Records

CHAPTER 19

NONRESIDENT PHARMACY PRACTICE

19.1(155A)	Definitions
19.2(155A)	Nonresident pharmacy license
19.3(155A)	Registered pharmacist in charge
19.4(124,155A)	Applicability of board rules
19.5 and 19.6	Reserved
19.7(155A)	Confidential data
19.8(124,155A)	Storage and shipment of drugs and devices
19.9(155A)	Patient record system, prospective drug use review, and patient counseling
19.10(155A)	Reporting discipline and criminal convictions
19.11(155A)	Discipline

CHAPTER 20

COMPOUNDING PRACTICES

20.1(124,126,155A)	Purpose and scope
20.2(124,126,155A)	Definitions
20.3(124,126,155A)	Nonsterile compounding
20.4(124,126,155A)	Sterile compounding
20.5(126,155A)	Delayed compliance
20.6(126,155A)	Compounding standards for outsourcing facilities
20.7 and 20.8	Reserved
20.9(124,155A)	Prescriber/patient/pharmacist relationship
20.10(126,155A)	Anticipatory compounding
20.11(126,155A)	Prohibition on resale of compounded preparations
20.12(126,155A)	Compounding copies of an approved drug
20.13(124,126,155A)	Use of flavoring agents
20.14	Reserved
20.15(124,126,155A)	Compounding for office use
20.16(124,126,155A)	Compounding for hospital use
20.17 and 20.18	Reserved
20.19(124,126,155A)	Labeling
20.20(126,155A)	Labeling for batch preparation compounding
20.21 and 20.22	Reserved
20.23(124,126,155A)	Records

CHAPTER 21

ELECTRONIC DATA IN PHARMACY PRACTICE

21.1(124,155A)	Definitions
21.2(124,155A)	System security and safeguards

- 21.3(124,155A) Verifying authenticity of an electronically prepared or electronically or fax transmitted prescription
- 21.4(124,155A) Automated data processing system
- 21.5(124,155A) Pharmacist verification of controlled substance refills—daily printout or logbook
- 21.6 Reserved
- 21.7(124,155A) Electronically prepared prescriptions
- 21.8(124,155A) Electronic transmission of a prescription
- 21.9(124,155A) Facsimile transmission (fax) of a prescription
- 21.10 and 21.11 Reserved
- 21.12(124,155A) Prescription drug orders for Schedule II controlled substances
- 21.13(124,155A) Facsimile transmission of a prescription for Schedule II controlled substances—emergency situations
- 21.14(124,155A) Facsimile transmission of a prescription for Schedule II narcotic substances—parenteral
- 21.15(124,155A) Facsimile transmission of Schedule II controlled substances—long-term care facility patients
- 21.16(124,155A) Facsimile transmission of Schedule II controlled substances—hospice patients

CHAPTER 22

UNIT DOSE, ALTERNATIVE PACKAGING, AND EMERGENCY BOXES

- 22.1(155A) Unit dose dispensing systems
- 22.2 Reserved
- 22.3(126) Prepackaging
- 22.4 Reserved
- 22.5(126,155A) Patient med paks
- 22.6 Reserved
- 22.7(124,155A) Emergency/first dose drug supply
- 22.8 Reserved
- 22.9(155A) Home health agency/hospice emergency drugs

CHAPTER 23

LONG-TERM CARE PHARMACY PRACTICE

- 23.1(155A) Definitions
- 23.2(124,155A) Applicability of rules
- 23.3(124,155A) Freedom of choice
- 23.4(124,155A) Responsibilities
- 23.5(124,155A) Emergency drugs
- 23.6(124,155A) Space, equipment, and supplies
- 23.7(124,155A) Policies and procedures
- 23.8 Reserved
- 23.9(124,155A) Medication orders
- 23.10(124,155A) Stop orders
- 23.11(124,155A) Drugs dispensed—general requirements
- 23.12 Reserved
- 23.13(124,155A) Labeling drugs under special circumstances
- 23.14(124,155A) Labeling of biologicals and other injectables supplied to a facility
- 23.15(124,155A) Return and reuse of drugs and devices
- 23.16(124,155A) Destruction of outdated and improperly labeled drugs
- 23.17(124,155A) Accountability of controlled substances
- 23.18(124,155A) Schedule II orders
- 23.19(124,155A) Dispensing Schedule II controlled substances

- 23.20(124,155A) Partial filling of Schedule II controlled substances
 23.21(124,155A) Disposal of previously dispensed controlled substances

CHAPTER 24
 PHARMACY INTERNET SITES

- 24.1(155A) Purpose and scope
 24.2(155A) Definitions

CHAPTER 1
PURPOSE AND ORGANIZATION
[Prior to 2/10/88, see Pharmacy Examiners[620] Ch 9]

657—1.1(17A) Board mission. The board of pharmacy promotes, preserves, and protects the public health, safety, and welfare by fostering the provision of pharmaceutical care to all Iowans through the effective regulation of the practice of pharmacy, the operation of pharmacies, the appropriate utilization of pharmacy technicians and pharmacy support persons, the distribution of prescription drugs and devices, and the education and training of pharmacists.

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—1.2(17A,147,272C) Description and organization of board. The board is comprised of five pharmacist members and two representatives of the general public, all appointed by the governor. An administrative staff headed by a board-appointed executive director assists board members.

The board's authority for regulating the practice of pharmacy and the legal distribution and dispensing of prescription drugs and devices and of precursor substances in the state of Iowa is found in Iowa Code chapters 124, 124A, 124B, 126, 147, 155A, 205, and 272C.

657—1.3(17A,272C) Responsibilities. The responsibilities of the board include but are not limited to:

1. Licensing of qualified applicants for the practice of pharmacy, by examination, renewal, and reciprocity under the provisions of Iowa Code chapters 147 and 155A.

2. Administering a continuing education program to ensure continued competency of individuals licensed by the board to practice pharmacy. Authority for this function comes from Iowa Code chapter 272C.

3. Regulating the legal distribution of prescription drugs through the licensing of pharmacies and wholesalers under the authority of Iowa Code chapter 155A.

4. Regulating the legal distribution of controlled substances through the registration of authorized persons and entities engaged in the manufacture and distribution of controlled substances throughout the state under the authority of Iowa Code chapter 124.

5. Registering pharmacist-interns and administering an internship program to prepare individuals for the practice of pharmacy pursuant to the authority of Iowa Code chapter 155A.

6. Registering pharmacy technicians assisting in the technical functions of the practice of pharmacy pursuant to the authority of Iowa Code chapter 155A.

7. Performing compliance investigations and audits of all persons or entities registered pursuant to Iowa Code chapter 124 and compliance inspections and investigations of any persons or entities licensed or registered pursuant to Iowa Code chapter 155A. These investigations and audits are conducted to ensure accountability for all controlled substances and to ensure compliance with laws regulating the practice of pharmacy and the distribution of prescription drugs and devices in Iowa.

8. Regulating the legal distribution of precursor substances through the issuance of permits to vendors and recipients of precursor substances throughout the state under the authority of Iowa Code chapter 124B.

9. Instituting disciplinary actions, hearing contested cases, issuing decisions and orders, and enforcing the terms of disciplinary orders filed against licensees, registrants, or permit holders for grounds provided in Iowa Code sections 124.303, 124.304, 124B.12, 147.55, 155A.6, 155A.12, 155A.13A, 155A.15, and 155A.17, as appropriate.

10. Registering pharmacy support persons assisting in the nontechnical functions of the practice of pharmacy pursuant to the authority of Iowa Code chapter 155A.

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—1.4(17A,272C) Submission of complaints and requests. Members of the general public may obtain information or submit requests or complaints relative to the practice of pharmacy, continuing education for pharmacists, the legal distribution and dispensing of prescription drugs, or any other matters relating to the function and authority of the board. Correspondence should be submitted

to the Executive Director, Board of Pharmacy, 400 S.W. Eighth Street, Suite E, Des Moines, Iowa 50309-4688. Communication may also be submitted via the board's Web site at www.state.ia.us/ibpe.

657—1.5(17A,21) Meetings. All meetings of the board shall be open and public, and all members of the public shall be permitted to attend any meeting unless Iowa Code section 21.5 or another provision of law authorizes a closed session. Closed session shall only be by affirmative public vote of either two-thirds of the members of the board or all of the members present at the meeting.

1.5(1) Where held. Meetings of the board shall be held in Des Moines, Iowa, except as designated otherwise by the chairperson.

1.5(2) Meeting schedule and public notice. The board shall set the dates of its meetings at the first meeting following May 1 of each fiscal year. Notices of meetings shall be routinely posted in the space set aside for that purpose in the office of the board and on the board's Web site at www.state.ia.us/ibpe. Members of the general public may obtain the dates, times, and locations of board meetings by submitting a request to the Executive Director, Board of Pharmacy, 400 S.W. Eighth Street, Suite E, Des Moines, Iowa 50309-4688, or by accessing the board's Web site.

1.5(3) Special meetings. Special meetings of the board may be called by the chairperson or upon written request of four of its members.

a. The reason for calling a special meeting shall be recorded in the minutes.

b. Special meetings shall be open to the public except as otherwise provided by statute.

1.5(4) Minutes of meetings. The executive secretary shall keep a record of all minutes of the board, and these minutes, except as otherwise provided by statute, shall be open to the public for inspection.

1.5(5) Quorum. A majority of the members of the board shall constitute a quorum.

Rules 657—1.1(17A) through 657—1.5(17A,21) are intended to implement Iowa Code sections 17A.3, 21.3 through 21.5, 124.301, 147.14, 147.76, 155A.2, 272C.3, and 272C.4.

657—1.6(124,147,155A) Fee for returned check. A fee of \$20 may be charged for a check returned for any reason. If a license, registration, or permit has been issued by the board office based on a check for the payment of fees and the check is later returned by the bank, the board shall request payment by certified check, cashier's check, or money order. If the fees, including the fee for a returned check, are not paid within 15 calendar days of notification of the returned check, the license, registration, or permit is no longer in effect and the status reverts to what it would have been had the license, registration, or permit not been issued. Late payment penalties will be assessed, as provided in board rules, for subsequent requests to renew or reissue the license, registration, or permit.

657—1.7(124,124B,147,155A) Overpayment of fees. "Overpayment" refers to the payment of any license, registration, permit, or service fee in excess of the required amount of the fee. Overpayment of \$10 or less received by the board shall not be refunded.

These rules are intended to implement Iowa Code sections 124.301, 124B.11, 147.96, 155A.6, 155A.11, 155A.13, 155A.13A, 155A.14, and 155A.17.

CHAPTER 2
PHARMACIST LICENSES

[Prior to 2/10/88, see Pharmacy Examiners[620] Chs 1, 5]

657—2.1(147,155A) Licensure by examination. The board of pharmacy, in conjunction with the National Association of Boards of Pharmacy (NABP), shall provide for the administration of pharmacist licensure examinations.

2.1(1) Components. Applicants shall take and pass the following components: the North American Pharmacist Licensure Examination (NAPLEX); the Multistate Pharmacy Jurisprudence Examination (MPJE), Iowa Edition. A total scaled score of no less than 75 is required to pass each examination.

2.1(2) Timeliness. To be eligible for a license by examination, the candidate shall pass all components in Iowa within a period of one year beginning with the date the candidate passed an initial component. A candidate may request waiver or variance from this deadline pursuant to the procedures and requirements of 657—Chapter 34.

657—2.2(155A) Application for examination—requirements. Application for examination shall be on forms provided by the board, and all requested information shall be provided on or with such application. An applicant shall complete the NABP Computerized Examination Registration Form to apply for registration to take the NAPLEX. An applicant shall complete an additional registration form to apply for registration to take the MPJE, Iowa Edition.

2.2(1) Required information. The application for examination shall require that the applicant provide, at a minimum, the following: name; address; telephone number; date of birth; social security number; name and location of college of pharmacy and date of graduation; one current photograph of a quality at least similar to a passport photograph; and internship experience. Each applicant shall also declare the following: history of prior pharmacist licensure examinations and record of offenses including but not limited to charges, convictions, and fines which relate to the profession or that may affect the licensee's ability to practice pharmacy.

2.2(2) Sworn statement. The application for examination shall be made as a sworn statement before a notary public, and the notary public shall witness the signature of the applicant.

657—2.3(147,155A) Examination fee. The fee for examination shall consist of the biennial license fee, a processing fee, administration fees, and examination registration fees.

2.3(1) Fees to the board. The biennial license fee shall be the fee established by rule 657—2.11(147,155A), including surcharge. The processing fee shall be \$72. No refunds of the processing fee shall be made for cancellation or withdrawal of applications. The license fee and processing fee shall be payable to the Iowa Board of Pharmacy and may be remitted in the form of personal check, money order, cashier's check, or certified check. No refund of fees shall be made for failure to complete all licensure requirements within the period specified in subrule 2.1(2).

2.3(2) Fees to NABP. The examination registration and administration fees shall be amounts determined by NABP, shall be payable to the National Association of Boards of Pharmacy, and shall be in the form of a certified check or money order. Refunds of fees paid to NABP shall be at the discretion of NABP.

2.3(3) Submission of forms and fees. The biennial license fee including surcharge, the processing fee, the administration fees, and the examination registration fees shall accompany the applications and registration forms and shall be submitted to the Board of Pharmacy, 400 S.W. Eighth Street, Suite E, Des Moines, Iowa 50309-4688, or as otherwise directed by the board.

[ARC 0504C, IAB 12/12/12, effective 1/16/13]

657—2.4(155A) Internship requirements. Each applicant shall furnish to the board evidence certifying completion of satisfactory internship experience. The board will not certify an applicant eligible to take any of the examination components prior to receipt of evidence of satisfactory completion of internship experience. Internship experience shall comply with the requirements in 657—Chapter 4. Internship experience completed in compliance with the requirements in 657—Chapter 4 shall be

valid for application for licensure in Iowa by examination or score transfer for a period of three years following graduation from an approved college of pharmacy or as otherwise approved by the board on a case-by-case basis.

657—2.5(155A) College graduate certification. Each applicant shall furnish a certificate from a recognized college of pharmacy stating that the applicant has successfully graduated from a school or college of pharmacy with either a bachelor of science degree in pharmacy or a doctor of pharmacy (Pharm.D.) degree. Certification shall be completed by an individual authorized by the college on a form provided by the board. A recognized college of pharmacy is a United States institution that meets the minimum standards of the Accreditation Council on Pharmaceutical Education and appears on its list of accredited colleges of pharmacy published by the council as of July 1 of each year.

[Editorial change: IAC Supplement 2/6/13]

657—2.6(147) Reexamination applications and fees. A candidate who fails to pass either the NAPLEX or the MPJE, Iowa Edition, once shall be allowed to schedule a time to retake the examination as provided in this rule. To ensure the integrity of the examinations, no waiver or variance of the specified waiting period between reexaminations will be granted.

2.6(1) NAPLEX. A candidate who fails to pass the NAPLEX once shall be allowed to schedule a time to retake the examination no less than 45 days following administration of the failed examination. The candidate may be approved to retake the NAPLEX no more than three times in a 12-month period.

2.6(2) MPJE, Iowa Edition. A candidate who fails to pass the MPJE, Iowa Edition, once shall be allowed to schedule a time to retake the examination no less than 30 days following administration of the failed examination.

2.6(3) Reexamination after two or more attempts. A candidate who fails to pass either examination following a second or subsequent examination may petition the board for permission to take the examination again. Determination of a candidate's eligibility to take an examination more than two times shall be at the discretion of the board.

2.6(4) Applications and fees. Each applicant for reexamination shall file an application on forms provided by the board. A processing fee of \$36 will be charged for each NAPLEX or MPJE, Iowa Edition, reexamination and shall be paid to the board as provided in subrule 2.3(1). In addition, candidates will be required to complete the appropriate examination registration application as provided in rule 657—2.2(155A) and to pay to NABP the registration and administration fees for each examination as provided in subrule 2.3(2). All applications, registration forms, and fees shall be submitted as provided in subrules 2.3(2) and 2.3(3).

[ARC 0504C, IAB 12/12/12, effective 1/16/13; ARC 3099C, IAB 6/7/17, effective 7/12/17]

657—2.7(147) Examination results. Examination scores and original license certificates shall be provided to each new licensee as soon after the examinations as possible.

657—2.8(155A) Transfer of examination scores. The board of pharmacy participates in the NAPLEX score transfer program offered by NABP. This program allows candidates for pharmacist licensure to take the standardized NAPLEX in one state and have the score from that examination transferred to other participant states in which the candidate is seeking licensure. MPJE scores cannot be transferred.

2.8(1) Score transfer application. The NAPLEX Score Transfer Form must be completed and submitted with the proper fee to NABP prior to, or postmarked no later than, the date on which the candidate takes the NAPLEX. The fee to NABP for score transfer is determined by NABP. Payment shall be made in the form of a money order or certified check payable to the National Association of Boards of Pharmacy. NABP makes no refunds of score transfer fees.

2.8(2) Requirements and deadline. Score transfer candidates shall meet the requirements established in rules 657—2.1(147,155A) through 657—2.5(155A) within 12 months of the date of transfer. No refund of fees paid to the board will be made for failure to complete all licensure requirements within this one-year period.

2.8(3) Fees. In addition to the score transfer fee identified in subrule 2.8(1), fees for licensure pursuant to the NABP score transfer program shall consist of the fees identified in rule 657—2.3(147,155A) excluding the NAPLEX examination registration and administration fees.

657—2.9(147,155A) Licensure by license transfer/reciprocity. An applicant for license transfer/reciprocity must be a pharmacist licensed by examination in a state or territory of the United States with which Iowa has a reciprocal agreement, and the license by examination upon which the transfer is based must be in good standing at the time of the application and license transfer. All candidates shall take and pass the MPJE, Iowa Edition, as provided in subrule 2.1(1). Any candidate who fails to pass the examination shall be eligible for reexamination as provided in rule 657—2.6(147).

2.9(1) Eligibility. Each applicant for license transfer to this state who obtains the applicant's original license after January 1, 1980, must have passed the NABP Licensure Examination (NABPLEX), the NAPLEX, or an equivalent examination as determined by NABP.

a. Preliminary application. Each applicant for license transfer/reciprocity to Iowa shall complete and submit to NABP, with the appropriate fee as indicated on the application, the NABP Preliminary Application for Transfer of Pharmaceutic Licensure. Refunds of fees paid to NABP shall be at the discretion of NABP.

b. Foreign pharmacy graduates. If the applicant is a graduate of a school or college of pharmacy located outside the United States that has not been recognized and approved by the board, proof of qualifications shall include certification from the FPGEC pursuant to subrule 2.10(1).

2.9(2) Application requirements. Application to the board shall consist of the final application for license transfer prepared by NABP pursuant to the NABP license transfer program. A foreign pharmacy graduate shall submit certification from the FPGEC as provided in subrule 2.10(1). Applications, together with other required information and fees, shall be submitted as provided in subrule 2.3(3).

2.9(3) MPJE required. An applicant shall also be required to submit the registration application for MPJE, Iowa Edition, as provided in rule 657—2.2(155A). The form and fees shall be submitted as provided in subrules 2.3(2) and 2.3(3).

2.9(4) Fees. The fee for license transfer shall consist of the biennial license fee established by rule 657—2.11(147,155A) including surcharge and a processing fee of \$90. No refunds of the processing fee shall be made for cancellation or withdrawal of an application. The license fee and processing fee shall be payable to the Iowa Board of Pharmacy and may be remitted in the form of personal check, money order, cashier's check, or certified check.

2.9(5) Timeliness. A final application for license transfer is valid for 12 months following the date of issuance by NABP. A candidate for license transfer shall complete, within that one-year period, all licensure requirements established by this rule. No refund of fees will be made for failure to complete all licensure requirements within this one-year period.

[ARC 0504C, IAB 12/12/12, effective 1/16/13; ARC 1031C, IAB 9/18/13, effective 10/23/13]

657—2.10(155A) Foreign pharmacy graduates.

2.10(1) Education equivalency. Any applicant who is a graduate of a school or college of pharmacy located outside the United States that has not been recognized and approved by the board shall be deemed to have satisfied the requirements of Iowa Code section 155A.8, subsection 1, by certification by the Foreign Pharmacy Graduate Examination Committee (FPGEC). Each applicant shall have successfully passed the Foreign Pharmacy Graduate Equivalency Examination (FPGEE) given by the FPGEC established by the NABP. The FPGEE is hereby recognized and approved by the board. Each applicant shall also demonstrate proficiency in written English by passing the Test of English as a Foreign Language (TOEFL) and proficiency in spoken English by passing the Test of Spoken English (TSE) or proficiency in basic English language skills by passing the Internet Based TOEFL (TOEFL iBT). The TOEFL, TOEFL iBT, and TSE are hereby recognized and approved by the board. Certification by the FPGEC shall be evidence of the applicant's successfully passing the FPGEE, TSE, and TOEFL, or the FPGEE and TOEFL iBT, and certification is a prerequisite to taking the licensure examinations required in subrule 2.1(1).

2.10(2) Internship. A foreign pharmacy graduate applicant shall also be required to obtain internship experience in one or more board-licensed community or hospital pharmacies as provided in rule 657—4.7(155A). Internship requirements shall, in all other aspects, meet the requirements established in 657—Chapter 4.

657—2.11(147,155A) License expiration and renewal. A license to practice pharmacy shall expire on the second thirtieth day of June following the date of issuance of the license, with the exception that a new pharmacist license issued between April 1 and June 29 shall expire on the third thirtieth day of June following the date of issuance. The license renewal certificate shall be issued upon completion of the renewal application and timely payment of a \$180 fee plus applicable surcharge pursuant to 657—30.8(155A).

2.11(1) Late payment penalty. Failure to renew the license before July 1 following expiration shall require payment of the renewal fee, a penalty fee of \$180, and applicable surcharge pursuant to 657—30.8(155A). Failure to renew the license before August 1 following expiration shall require payment of the renewal fee, a penalty fee of \$270, and applicable surcharge pursuant to 657—30.8(155A). Failure to renew the license before September 1 following expiration shall require payment of the renewal fee, a penalty fee of \$360, and applicable surcharge pursuant to 657—30.8(155A). Failure to renew the license before October 1 following expiration may require an appearance before the board and shall require payment of the renewal fee, a penalty fee of \$450, and applicable surcharge pursuant to 657—30.8(155A). In no event shall the combined fee and penalty fee for late renewal of the license exceed \$630 plus applicable surcharge pursuant to 657—30.8(155A). The provisions of Iowa Code section 147.11 shall apply to a license that is not renewed within five months of the expiration date.

2.11(2) Delinquent license. If a license is not renewed before its expiration date, the license is delinquent and the licensee may not practice pharmacy in the state of Iowa until the licensee reactivates the delinquent license. Reactivation of a delinquent license shall include submission of a completed application and appropriate fees and may include requirements relating to the reactivation of an inactive license pursuant to subrule 2.13(2). A pharmacist who continues to practice pharmacy in Iowa without a current license may be subject to disciplinary sanctions pursuant to the provisions of 657—subrule 36.1(4).

[ARC 0504C, IAB 12/12/12, effective 1/16/13]

657—2.12(272C) Continuing education requirements. Pharmacists shall complete continuing education for license renewal pursuant to the requirements of this rule. For purposes of this rule, “continuing education” means a structured educational activity that is applicable to the practice of pharmacy, that promotes problem solving and critical thinking, and that is designed or intended to support the continuing development of pharmacists to maintain and enhance their competence in the practice of pharmacy. Nothing in these rules precludes the board from requiring an applicant for renewal to submit to a relicensure examination.

2.12(1) Continuing education unit required. The nationally accepted measurement of continuing education is referred to as CEU (continuing education unit), and the board employs that measurement. Ten contact hours of approved continuing education are equivalent to one CEU.

a. The board will require 3.0 CEUs each renewal period except as provided in subrule 2.12(5) or rule 657—2.17(272C). For purposes of this rule, “renewal period” means the 27-month period commencing April 1 prior to the previous license expiration and ending June 30, the date of current license expiration.

b. A pharmacist who fails to complete the required CEUs within the renewal period shall be required to complete one and one-half times the number of delinquent CEUs prior to reactivation of the license.

c. CEUs that are used to satisfy the continuing education requirement for one renewal period shall not be used to satisfy the requirement for a subsequent renewal period.

d. Failure to receive a license renewal application or notice of license renewal shall not relieve the pharmacist of the responsibility of meeting continuing education requirements.

2.12(2) Continuing education activity completion. Continuing education activities that carry the seal of an Accreditation Council for Pharmacy Education (ACPE)-accredited provider will automatically qualify for continuing education credit. Successful completion and record of continuing education activities in CPE Monitor is mandated in order for a pharmacist to receive credit for ACPE-accredited provider continuing education activities.

a. *Non-ACPE provider activity.* A maximum of 1.3 CEUs (13 contact hours) of the total 3.0 CEUs of continuing education credits required pursuant to subrule 2.12(4) may be obtained through completion of non-ACPE provider activities if such activities are provided by an accredited health-professional continuing education provider, such as a continuing medical education (CME) provider, and if the activity content directly relates to the pharmacist's professional practice. Non-ACPE provider activity completion shall be recorded, evaluated, and reported pursuant to the provisions of rule 657—2.17(272C) regarding continuing professional development.

(1) The pharmacist is responsible for ensuring that the activity content directly relates to the pharmacist's professional practice.

(2) If one or more non-ACPE provider activities are intended to fulfill the requirement in paragraph 2.12(4) "c," the pharmacist is responsible for ensuring the activity content relates to patient or medication safety.

(3) If the non-ACPE provider is not able to transmit the activity record to CPE Monitor, the provider shall provide to the pharmacist a statement of credit that indicates the pharmacist's participation in and successful completion of the continuing education activity. The statement of credit shall include all information identified in subrule 2.12(3), except for the pharmacist's CPE Monitor e-profile identification number.

b. *Exemption for health-related graduate studies.* A pharmacist who is continuing formal education in a health-related graduate program, including participation in a pharmacy residency program, may be exempted from meeting the continuing education requirements during the period of such enrollment or participation. As an alternative to requesting exemption from meeting the continuing education requirements, the pharmacist may complete a CPD portfolio pursuant to rule 657—2.17(272C).

(1) An applicant for this exemption shall petition the board, as soon as possible following enrollment in the qualifying graduate program or commencement of the pharmacy residency program and prior to completion of the qualifying program, on forms provided by the board office.

(2) At the discretion of the board, exemption during part-time or short-term enrollment in a health-related graduate program may be prorated for the actual period of such enrollment.

2.12(3) Continuing education activity record of credit. An ACPE-accredited provider will be required to transmit to CPE Monitor information regarding an individual pharmacist's participation in and successful completion of a continuing education activity. The record shall be accessible to the board and shall include the following information:

- a. Pharmacist's full name and CPE Monitor e-profile identification number.
- b. Number of contact hours or CEUs awarded for activity completion.
- c. Date of live activity or date of completion of home study activity.
- d. Name of accredited provider.
- e. Activity title and universal activity number.

2.12(4) Continuing education activity topics. Each pharmacist is required to obtain continuing education by completing activities in the topics specified in this subrule.

a. *Drug therapy.* A minimum of 1.5 CEUs (15 contact hours) of the pharmacist's required 3.0 CEUs shall be in ACPE-accredited provider activities dealing with drug therapy. Activities qualifying for the drug therapy requirement will include the ACPE topic designator "01" or "02" followed by the letter "P" at the end of the universal activity number.

b. *Pharmacy law.* A minimum of 0.2 CEUs (2 contact hours) of the pharmacist's required 3.0 CEUs shall be in ACPE-accredited provider activities dealing with pharmacy law. Activities qualifying

for the pharmacy law requirement will include the ACPE topic designator “03” followed by the letter “P” at the end of the universal activity number.

c. Patient or medication safety. A minimum of 0.2 CEUs (2 contact hours) of the pharmacist’s required 3.0 CEUs shall be in activities dealing with patient or medication safety. Activities completed to fulfill this requirement may be ACPE-accredited provider activities, in which case the universal activity number will end with the ACPE topic designator “05” followed by the letter “P.” A pharmacist may complete non-ACPE provider activities as provided in paragraph 2.12(2)“a” to fulfill this topic requirement.

2.12(5) *New license holders licensed by examination.* After the initial license is issued by examination, the new license holder is exempt from meeting continuing education requirements for the first license renewal. However, if the licensee qualifies as a mandatory abuse reporter, the licensee shall not be exempt from mandatory training for identifying and reporting abuse pursuant to rule 657—2.16(235B,272C). Regardless of when the license is first issued, the new license holder will be required to obtain, prior to the second renewal, 30 contact hours (3.0 CEUs) of continuing education pursuant to subrules 2.12(1) through 2.12(4) or to complete a CPD portfolio pursuant to rule 657—2.17(272C).

2.12(6) *New license holders licensed by license transfer/reciprocity.* After the initial license is issued by license transfer, the new license holder will be required to obtain, prior to the first license renewal, 30 contact hours (3.0 CEUs) of continuing education credits pursuant to subrules 2.12(1) through 2.12(4) or to complete a CPD portfolio pursuant to rule 657—2.17(272C).

2.12(7) *Reporting continuing education credits.*

a. A pharmacist shall provide or report to the board, in the format specified on or with the pharmacist license renewal application, evidence that the continuing education requirements have been met.

b. The board may require a pharmacist to submit activity statements of credit or other documented evidence of successful completion of the activities reported as fulfilling the continuing education requirements.

2.12(8) *Physical disability or illness.* The board may, in individual cases involving physical disability or illness, grant waivers of the minimum continuing education requirements or extensions of time within which to fulfill the same or make the required reports. No waiver or extension of time shall be granted unless written application is made and signed by the licensee and the licensee’s physician. The board may grant waivers of the minimum continuing education requirements for physical disability or illness for any period of time not to exceed one renewal period. In the event that the physical disability or illness upon which a waiver has been granted continues beyond the period of the waiver, the licensee must reapply for an extension of the waiver. The board may, as a condition of any waiver granted, require the licensee to make up all or any portion of the waived continuing education requirements by any method prescribed by the board.

[ARC 8672B, IAB 4/7/10, effective 5/12/10; ARC 9406B, IAB 3/9/11, effective 4/13/11; ARC 9782B, IAB 10/5/11, effective 11/9/11; ARC 0595C, IAB 2/6/13, effective 3/13/13]

657—2.13(272C) Active and inactive license status.

2.13(1) *Active license.* Active license status applies to a pharmacist who has submitted the renewal application and fee and has met Iowa requirements for continuing education or has completed a CPD portfolio pursuant to rule 657—2.17(272C). Active license status also applies to a pharmacist who has submitted the renewal application and fee and who is a resident of another state, is licensed to practice pharmacy in that state, and has met the continuing education requirements of that state. A pharmacist who meets the continuing education requirements of another state shall provide documentation on the renewal application of the pharmacist’s license status in that state. An Iowa licensee actively practicing in a state that does not require continuing education for license renewal shall be required to meet Iowa continuing education or CPD requirements.

2.13(2) *Inactive license.* Failure of a pharmacist to comply with the continuing education or CPD requirements during the renewal period shall result in the issuance of a renewal card marked “inactive”

upon submission of the renewal application and fee. Reactivation of an inactive pharmacist license shall be accomplished by the appropriate method described below. Internship, in each instance where internship is mentioned below, shall be in a pharmacy approved by the board. The pharmacist may be required to obtain a pharmacist-intern registration, including payment of the appropriate registration fee, and be issued an intern registration certificate.

a. An inactive pharmacist who wishes to become active and who has been actively practicing pharmacy during the last five years in any state or states which required continuing education during that five-year period shall submit proof of continued licensure in good standing in the state or states of such practice.

b. An inactive pharmacist who wishes to become active and who has been actively practicing pharmacy during the last five years in a state which does not require continuing education shall submit proof of continued licensure in good standing in the state or states of such practice. The pharmacist shall also complete one of the following options:

- (1) Take and successfully pass the MPJE, Iowa Edition, as provided in subrule 2.1(1);
- (2) Complete 160 hours of internship for each year the pharmacist was on inactive status (not to exceed 1,000 hours);
- (3) Obtain one and one-half times the number of continuing education credits required under subrule 2.12(1) for each renewal period the pharmacist was inactive; or
- (4) Complete a CPD portfolio pursuant to rule 657—2.17(272C) identifying a minimum of 45 learning outcomes for each renewal period the pharmacist was inactive.

c. An inactive pharmacist who wishes to become active and who has not been actively practicing pharmacy during the past five years, and whose license has been inactive for not more than five years, shall complete one of the following options:

- (1) Successfully pass all components of the licensure examination as required in rule 657—2.1(147,155A);
- (2) Complete 160 hours of internship for each year the pharmacist was on inactive status;
- (3) Obtain one and one-half times the number of continuing education credits required under subrule 2.12(1) for each renewal period the pharmacist was inactive; or
- (4) Complete a CPD portfolio pursuant to rule 657—2.17(272C) identifying a minimum of 45 learning outcomes for each renewal period the pharmacist was inactive.

d. An inactive pharmacist who wishes to become active and who has not been actively practicing pharmacy for more than five years shall petition the board for reactivation of the license to practice pharmacy under one or more of the following options:

- (1) Successfully pass all components of the licensure examination as required in rule 657—2.1(147,155A);
- (2) Complete 160 hours of internship for each year the pharmacist was on inactive status (not to exceed 1,000 hours);
- (3) Obtain one and one-half times the number of continuing education credits required under subrule 2.12(1) for each renewal period the pharmacist was inactive; or
- (4) Complete a CPD portfolio pursuant to rule 657—2.17(272C) identifying a minimum of 45 learning outcomes for each renewal period the pharmacist was inactive.

[ARC 0595C, IAB 2/6/13, effective 3/13/13]

657—2.14(155A) Fees for additional license certificates. Only original license certificates issued by the board of pharmacy for licensed pharmacists are valid. Additional original license certificates for licensed pharmacists may be obtained from the board of pharmacy for a prepaid fee of \$20 each. The fee shall be considered a repayment receipt as defined in Iowa Code section 8.2.

657—2.15(155A) Notifications to the board. A pharmacist shall report to the board within ten days a change of the pharmacist's name, address, or pharmacy employment.

657—2.16(235B,272C) Mandatory training for identifying and reporting abuse. “Mandatory training for identifying and reporting abuse” means training on identifying and reporting child abuse or dependent adult abuse required of a pharmacist who qualifies as a mandatory abuse reporter under Iowa Code section 232.69 or 235B.16. A licensed pharmacist shall be responsible for determining whether or not, by virtue of the pharmacist’s practice or employment, the pharmacist qualifies as a mandatory abuse reporter under either or both of these sections.

2.16(1) Training required. A licensed pharmacist who qualifies as a mandatory abuse reporter shall have completed approved abuse education training as follows.

a. Mandatory reporter of child abuse. A pharmacist who qualifies as a mandatory reporter of child abuse shall have completed two hours of training in child abuse identification and reporting within the previous five years.

b. Mandatory reporter of dependent adult abuse. A pharmacist who qualifies as a mandatory reporter of dependent adult abuse shall have completed two hours of training in dependent adult abuse identification and reporting within the previous five years.

c. Mandatory reporter of child abuse and dependent adult abuse. A pharmacist who qualifies as a mandatory reporter of child abuse and dependent adult abuse may complete separate courses pursuant to paragraphs “a” and “b” or may complete, within the previous five years, one combined two-hour course that includes curricula for identifying and reporting child abuse and dependent adult abuse.

2.16(2) Persons exempt from training requirements. The requirements of this rule shall not apply to a pharmacist during periods that the pharmacist serves honorably on active duty in the military or during periods that the pharmacist resides outside Iowa and does not practice pharmacy in Iowa.

2.16(3) Mandatory training records. A pharmacist subject to the requirements of this rule shall maintain documentation of completion of the mandatory training for identifying and reporting abuse, including dates, subjects, duration of programs, and proof of participation, for five years following the date of the training. The board may audit this information at any time within the five-year period.

2.16(4) Approved programs. “Approved abuse education training” means a training program using a curriculum approved by the abuse education review panel of the Iowa department of public health.

657—2.17(272C) Continuing professional development portfolio. A pharmacist may complete and submit with the pharmacist’s license renewal a continuing professional development (CPD) portfolio to fulfill the continuing education requirements in rule 657—2.12(272C). For purposes of these rules, “CPD” means a self-directed, ongoing, systematic, and outcomes-focused approach to learning and professional development including active participation in learning activities that assist a pharmacist in developing and maintaining continuing competence in the practice of pharmacy, enhancing the pharmacist’s professional practice, and supporting achievement of the pharmacist’s career goals. Definitions and descriptions of the terms “continuing education,” “CEU,” and “renewal period” included in rule 657—2.12(272C) shall apply to those terms as used in this rule.

2.17(1) Declaration of intent. A pharmacist shall declare on or with the previous license renewal, or shall notify the board no later than January 1 of the year the pharmacist’s license is scheduled for renewal, of the pharmacist’s intent to complete a CPD portfolio for the next license renewal.

a. The pharmacist’s declaration of intent shall be in writing. Oral declaration of intent to complete a CPD portfolio will not be accepted.

b. A declaration of intent may be delivered to the board office via e-mail, facsimile transmission, or alternate hard-copy delivery.

2.17(2) Prerequisite. A pharmacist, prior to submitting the pharmacist’s initial CPD portfolio, shall complete an ACPE-accredited provider activity regarding the objectives and processes relating to CPD. Record of the pharmacist’s participation in this prerequisite activity shall be included in the pharmacist’s initial CPD portfolio.

2.17(3) CPD portfolio requirements. A pharmacist shall combine traditional continuing education activities with professional development activities. The pharmacist shall incorporate the record of completion and evaluation of any traditional continuing education activities into the CPD portfolio.

a. The pharmacist is responsible for ensuring that the activity content identified in the CPD portfolio directly relates to the pharmacist's professional practice and career goals.

b. The pharmacist is responsible for ensuring that the activities identified in the CPD portfolio comply with the continuing education topic requirements identified in subrules 2.12(4) and 2.17(4).

2.17(4) CPD portfolio content. In addition to the record of completion of the one-time prerequisite activity identified in subrule 2.17(2), a completed CPD portfolio shall include or identify the following:

a. A minimum of 30 documented learning outcomes in the form of completed learning statements. The learning statement form or format shall be provided by the board.

b. Documented learning outcomes shall include a minimum of two outcomes relating to patient or medication safety, two outcomes relating to pharmacy law, and 15 outcomes relating to drug therapy.

c. Documented learning outcomes shall include any number of continuing education activities that carry the seal of an ACPE-accredited provider. Successful completion and record of these continuing education activities in CPE Monitor as provided in subrule 2.12(2), in addition to the documented CPD learning outcomes, is required for the pharmacist to receive credit for these activities.

d. Documented learning outcomes shall include any continuing education activities provided by non-ACPE, accredited, health-professional continuing education providers pursuant to subrule 2.12(2).

2.17(5) CPD portfolio review. The board shall review or may contract for peer review of CPD portfolios submitted for pharmacist license renewal. The board shall respond to a submitting pharmacist with comments, suggestions, and recommendations regarding the pharmacist's CPD portfolio and processes.

CHAPTER 3
PHARMACY TECHNICIANS

[Prior to 9/4/02, see 657—Ch 22]

657—3.1(155A) Definitions. For the purposes of this chapter, the following definitions shall apply:

“*Board*” means the Iowa board of pharmacy.

“*Cashier*” means a person whose duties within the pharmacy are limited to accessing finished, packaged prescription orders and processing payments for and delivering such orders to the patient or the patient’s representative.

“*Certified pharmacy technician*” or “*certified technician*” means an individual who holds a valid current national certification and who has registered with the board as a certified pharmacy technician.

“*Delivery*” means the transport and conveyance of a finished, securely packaged prescription order to the patient or the patient’s caregiver.

“*Nationally accredited program*” means a program and examination for the certification of pharmacy technicians that is accredited by the NCCA.

“*NCCA*” means the National Commission for Certifying Agencies.

“*Pharmacy support person*” means a person, other than a licensed pharmacist, a registered pharmacist-intern, or a registered pharmacy technician, who may perform nontechnical duties assigned by the pharmacist under the pharmacist’s responsibility and supervision pursuant to 657—Chapter 5.

“*Pharmacy technician*” or “*technician*” means a person who is employed in Iowa by a licensed pharmacy under the responsibility of an Iowa-licensed pharmacist to assist in the technical functions of the practice of pharmacy, as provided in rules 657—3.22(155A) through 657—3.24(155A), and includes a certified pharmacy technician and a pharmacy technician trainee.

“*Pharmacy technician certification*” or “*national certification*” means a certificate issued by a national pharmacy technician certification authority accredited by the NCCA attesting that the technician has successfully completed the requirements of the certification program. The term includes evidence of renewal of the national certification.

“*Pharmacy technician trainee*” or “*technician trainee*” means an individual who is in training to become a pharmacy technician and who is in the process of acquiring national certification as a pharmacy technician as provided in rule 657—3.5(155A).

“*Pharmacy technician training*” or “*technician training*” means education or experience acquired for the purpose of qualifying for and preparing for national certification.

“*Supervising pharmacist*” means an Iowa-licensed pharmacist who is on duty in a licensed pharmacy in Iowa and who is responsible for the actions of a pharmacy technician or other supportive personnel.

[ARC 8673B, IAB 4/7/10, effective 6/1/10; ARC 9009B, IAB 8/11/10, effective 7/23/10; ARC 1785C, IAB 12/10/14, effective 1/14/15]

657—3.2(155A) Purpose of registration. A registration program for pharmacy technicians is established for the purposes of determining the competency of a pharmacy technician or of an applicant for registration as a certified pharmacy technician or pharmacy technician trainee and for the purposes of identification, tracking, and disciplinary action for violations of federal or state pharmacy or drug laws or regulations.

[ARC 9009B, IAB 8/11/10, effective 7/23/10; ARC 1785C, IAB 12/10/14, effective 1/14/15]

657—3.3(155A) Registration required. Any person employed in Iowa as a pharmacy technician, except a pharmacist-intern whose pharmacist-intern registration is in good standing with the board, shall obtain and maintain during such employment a current registration as a certified pharmacy technician or pharmacy technician trainee pursuant to these rules. An individual accepting employment as a pharmacy technician in Iowa who fails to register as a certified pharmacy technician or pharmacy technician trainee as provided by these rules may be subject to disciplinary sanctions. A certified pharmacy technician accepting employment as a certified pharmacy technician in Iowa who fails to register as a certified pharmacy technician or who fails to maintain national certification may be subject to disciplinary sanctions.

3.3(1) Licensed health care provider. Except as provided in this rule, a licensed health care provider whose registration or license is in good standing with and not subject to current disciplinary sanctions or practice restrictions imposed by the licensee's professional licensing board and who assists in the technical functions of the practice of pharmacy shall be required to register as a certified pharmacy technician or pharmacy technician trainee pursuant to these rules.

3.3(2) Original application required. Any person not currently registered with the board as a pharmacy technician shall complete the appropriate application for registration within 30 days of accepting employment in an Iowa pharmacy as a pharmacy technician. Such application shall be received in the board office before the expiration of this 30-day period.

3.3(3) Technician training. A person who is enrolled in a college-based or American Society of Health-System Pharmacists (ASHP)-accredited technician training program shall obtain a pharmacy technician trainee registration prior to beginning on-site practical experience. A person who is employed in a pharmacy and who is receiving pharmacy technician training through work experience shall obtain a pharmacy technician trainee registration within 30 days of the commencement of pharmacy technician training.

3.3(4) Registration number. Each pharmacy technician registered with the board will be assigned a unique registration number.

[ARC 9009B, IAB 8/11/10, effective 7/23/10; ARC 9407B, IAB 3/9/11, effective 4/13/11; ARC 1785C, IAB 12/10/14, effective 1/14/15]

657—3.4 Reserved.

657—3.5(155A) Certification of pharmacy technicians. Except as provided in subrule 3.5(1), all pharmacy technicians shall be required to be nationally certified as provided by this rule. National certification acquired through successful completion of any NCCA-accredited pharmacy technician certification program and examination fulfills the requirement for national certification. National certification does not replace the need for licensed pharmacist control over the performance of delegated functions, nor does national certification exempt the pharmacy technician from registration pursuant to these rules. A certified pharmacy technician shall maintain the technician's national certification, in addition to the technician's Iowa registration, during any period of employment in an Iowa pharmacy as a certified pharmacy technician.

3.5(1) Pharmacy technician trainee. A person who is in the process of acquiring national certification as a pharmacy technician shall register with the board as a pharmacy technician trainee. The registration shall be issued for a period of one year and shall not be renewed.

3.5(2) Certified pharmacy technician. All applicants for a new pharmacy technician registration except as provided by subrule 3.5(1), and all applicants for renewal of a pharmacy technician registration, shall provide proof of current national pharmacy technician certification and shall complete the application for certified pharmacy technician registration.

[ARC 8673B, IAB 4/7/10, effective 6/1/10; ARC 9009B, IAB 8/11/10, effective 7/23/10; ARC 9407B, IAB 3/9/11, effective 4/13/11; ARC 1785C, IAB 12/10/14, effective 1/14/15]

657—3.6(155A) Extension of deadline for national certification. Rescinded ARC 1785C, IAB 12/10/14, effective 1/14/15.

657—3.7 Reserved.

657—3.8(155A) Application form.

3.8(1) Required information. The application for a certified pharmacy technician registration or pharmacy technician trainee registration shall include the following:

- a. Information sufficient to identify the applicant including, but not limited to, name, address, date of birth, gender, and social security number;
- b. Educational background;
- c. Work experience;
- d. Current place or places of employment;

e. Any other information deemed necessary by the board and as provided by this rule.

3.8(2) Declaration of current impairment or limitations. The applicant shall declare any current use of drugs, alcohol, or other chemical substances that in any way impairs or limits the applicant's ability to perform the duties of a pharmacy technician with reasonable skill and safety.

3.8(3) History of felony or misdemeanor crimes. The applicant shall declare any history of being charged, convicted, found guilty of, or entering a plea of guilty or no contest to a felony or misdemeanor crime (other than minor traffic violations with fines under \$100).

3.8(4) History of disciplinary actions. The applicant shall declare any history of disciplinary actions or practice restrictions imposed by a state health care professional or technician licensure or registration authority.

3.8(5) Additional information. The following additional information shall be required from an applicant for the specified registration.

a. Pharmacy technician trainee. The applicant for pharmacy technician trainee registration shall identify the source of pharmacy technician training, the anticipated date of completion of training, and the anticipated date of national certification.

b. Certified pharmacy technician. The applicant for certified pharmacy technician registration shall provide proof of current national pharmacy technician certification. The applicant shall also identify all current pharmacy employers including pharmacy name, license number, address, and average hours worked per week.

c. Licensed health care provider. In addition to the additional information required by paragraph "a" or "b" as applicable, a licensed health care provider shall provide evidence that the licensee's professional license or registration is current and in good standing and is not subject to current disciplinary sanctions or practice restrictions imposed by the licensee's professional licensing authority.

3.8(6) Sworn signature. The applicant shall sign the application under penalty of perjury and shall submit the application to the board with the appropriate fees pursuant to rule 657—3.10(155A).

[ARC 9009B, IAB 8/11/10, effective 7/23/10; ARC 1785C, IAB 12/10/14, effective 1/14/15]

657—3.9(155A) Registration term and renewal. A pharmacy technician registration shall expire as provided in this rule for the specified registration. The board shall not require continuing education for renewal of a pharmacy technician registration.

3.9(1) Certified pharmacy technician registration. A certified pharmacy technician registration shall expire on the second last day of the birth month following initial registration, with the exception that a new certified pharmacy technician registration issued within the two months immediately preceding the applicant's birth month shall expire on the third last day of the birth month following initial registration.

3.9(2) Pharmacy technician trainee registration. A registration for a pharmacy technician who is in the process of acquiring national certification (technician trainee) shall expire on the last day of the registration month 12 months following the date of registration or 12 months following the date registration was required pursuant to subrule 3.3(3).

a. National certification completed. When the registered pharmacy technician trainee completes national certification, and no later than the date of expiration of the pharmacy technician trainee registration, the pharmacy technician trainee shall complete and submit an application for certified pharmacy technician registration. A successful application shall result in issuance of a new certified pharmacy technician registration as provided in subrule 3.9(1).

b. Voluntary cancellation of registration. A registered pharmacy technician trainee who fails to complete national certification prior to expiration of the pharmacy technician trainee registration shall notify the board that the pharmacy technician trainee registration should be canceled and that the individual has ceased practice as a pharmacy technician.

c. Failure to notify the board. If a pharmacy technician trainee fails to notify the board prior to the expiration date of the pharmacy technician trainee registration regarding the individual's intentions as provided in paragraph "a" or "b," the pharmacy technician trainee registration shall be canceled and the individual shall cease practice as a pharmacy technician.

[ARC 9009B, IAB 8/11/10, effective 7/23/10; ARC 1785C, IAB 12/10/14, effective 1/14/15]

657—3.10(155A) Registration fee. The following fees for initial registration and registration renewal shall apply to the specified registration applications filed within the following time frames. The appropriate fee shall be submitted with the registration application in the form of a personal check, certified check or cashier's check, or a money order payable to the Iowa Board of Pharmacy.

3.10(1) Certified pharmacy technician registration. The fee for obtaining an initial certified pharmacy technician registration or for biennial renewal of a certified pharmacy technician registration shall be \$40 plus applicable surcharge pursuant to rule 657—30.8(155A).

3.10(2) Technician trainee registration. The fee for a one-year pharmacy technician trainee registration shall be \$20 plus applicable surcharge pursuant to rule 657—30.8(155A).

[ARC 9009B, IAB 8/11/10, effective 7/23/10; ARC 0504C, IAB 12/12/12, effective 1/16/13; ARC 1785C, IAB 12/10/14, effective 1/14/15]

657—3.11(155A) Late applications and fees.

3.11(1) Initial registration. An application for initial registration that is not received within the applicable period specified in subrule 3.3(2) or 3.3(3) shall be delinquent, and the applicant shall be assessed a late payment fee. The late payment fee shall be equal to the amount of the fee for initial registration. A delinquent initial registration shall include payment of the initial registration fee, applicable surcharge pursuant to rule 657—30.8(155A), and late payment fee.

3.11(2) Registration renewal. A technician registration that is not renewed before its expiration date shall be delinquent, and the registrant shall not continue employment as a pharmacy technician until the registration is reactivated. An individual who continues employment as a pharmacy technician without a current registration, in addition to the pharmacy and the pharmacist in charge that allow the individual to continue practice as a pharmacy technician, may be subject to disciplinary sanctions.

a. A person who is required to renew a registration pursuant to these rules and who fails to renew the registration before the first day of the month following expiration shall pay the renewal fee, a penalty fee equal to the amount of the renewal fee, plus the applicable surcharge pursuant to rule 657—30.8(155A).

b. A person who is required to renew a registration pursuant to these rules and who fails to renew the registration before the first day of the second month following expiration shall pay the renewal fee, a penalty fee equal to the amount of the renewal fee, the applicable surcharge pursuant to rule 657—30.8(155A), plus an additional penalty fee of \$10 for each additional month, not to exceed three additional months, that the registration is delinquent. The maximum combined fee payment for reactivation of a delinquent registration shall not exceed an amount equal to twice the renewal fee plus \$30 plus the applicable surcharge pursuant to rule 657—30.8(155A).

c. A late payment fee shall not be assessed on an expired registration if the person was not employed as a pharmacy technician during the period following expiration of the registration.

[ARC 0504C, IAB 12/12/12, effective 1/16/13]

657—3.12(155A) Registration certificates. The certificate of pharmacy technician registration issued by the board to a certified pharmacy technician or pharmacy technician trainee is the property of and shall be maintained by the registered pharmacy technician. The certificate or a copy of the certificate shall be maintained in each pharmacy where the pharmacy technician works. Each pharmacy utilizing pharmacy technicians shall be responsible for verifying that all pharmacy technicians working in the pharmacy are registered, that pharmacy technician registrations remain current and active, and that a certified pharmacy technician's national certification remains current and active.

[ARC 9009B, IAB 8/11/10, effective 7/23/10; ARC 9407B, IAB 3/9/11, effective 4/13/11; ARC 1785C, IAB 12/10/14, effective 1/14/15]

657—3.13(155A) Notifications to the board. A pharmacy technician shall report to the board within ten days a change of the technician's name, address, or pharmacy employment status.

[ARC 9009B, IAB 8/11/10, effective 7/23/10]

657—3.14 to 3.16 Reserved.

657—3.17(155A) Training and utilization of pharmacy technicians. All licensed pharmacies located in Iowa that utilize pharmacy technicians shall develop, implement, and periodically review written policies and procedures for the training and utilization of pharmacy technicians appropriate to the practice of pharmacy. Pharmacy policies shall specify the frequency of review. Pharmacy technician training shall be documented and maintained by the pharmacy for the duration of employment. Policies and procedures and documentation of pharmacy technician training shall be available for inspection and copying by the board or an agent of the board.

[ARC 1785C, IAB 12/10/14, effective 1/14/15]

657—3.18(147,155A) Identification of pharmacy technician.

3.18(1) Identification badge. A pharmacy technician shall wear a visible identification badge while on duty that clearly identifies the person as a pharmacy technician and that includes at least the technician's first name.

3.18(2) Misrepresentation prohibited. A pharmacy technician shall not represent himself or herself in any manner as a pharmacist or pharmacist-intern. A pharmacy technician shall not represent himself or herself in any manner as a certified pharmacy technician unless the technician has attained national pharmacy technician certification.

[ARC 9009B, IAB 8/11/10, effective 7/23/10]

657—3.19 Reserved.

657—3.20(155A) Responsibility of supervising pharmacist. The ultimate responsibility for the actions of a pharmacy technician shall remain with the supervising pharmacist.

[ARC 9009B, IAB 8/11/10, effective 7/23/10]

657—3.21(155A) Delegation of functions.

3.21(1) Technical dispensing functions. A pharmacist may delegate technical dispensing functions to an appropriately trained and registered pharmacy technician, but only if the pharmacist is on site and available to supervise the pharmacy technician when delegated functions are performed, except as provided in 657—subrule 6.7(2) or 657—subrule 7.6(2), as appropriate, or as provided for telepharmacy in 657—Chapter 9. Except as provided for an approved tech-check-tech program pursuant to 657—Chapter 40, the pharmacist shall provide and document the final verification for the accuracy, validity, completeness, and appropriateness of the patient's prescription or medication order prior to the delivery of the medication to the patient or the patient's representative. A pharmacy technician shall not delegate technical functions to a pharmacy support person.

3.21(2) Nontechnical functions. A pharmacist may delegate nontechnical functions to a pharmacy technician or a pharmacy support person only if the pharmacist is present to supervise the pharmacy technician or pharmacy support person when delegated nontechnical functions are performed, except as provided in 657—subrule 6.7(2) or 657—subrule 7.6(2), as appropriate, or as provided for telepharmacy in 657—Chapter 9.

[ARC 8673B, IAB 4/7/10, effective 6/1/10; ARC 9783B, IAB 10/5/11, effective 11/9/11]

657—3.22(155A) Technical functions. At the discretion of the supervising pharmacist, the following technical functions, in addition to any of the functions authorized for a pharmacy support person pursuant to 657—Chapter 5, may be delegated to a pharmacy technician as specified in the following subrules.

3.22(1) Certified pharmacy technician. Under the supervision of a pharmacist, a certified pharmacy technician may perform technical functions delegated by the supervising pharmacist including, but not limited to, the following:

- a. Perform packaging, manipulative, or repetitive tasks relating to the processing of a prescription or medication order in a licensed pharmacy.
- b. Accept prescription refill authorizations communicated to a pharmacy by a prescriber or by the prescriber's agent.
- c. Contact prescribers to obtain prescription refill authorizations.

- d. Process pertinent patient information, including information regarding allergies and disease state.
- e. Enter prescription and patient information into the pharmacy computer system.
- f. Inspect drug supplies provided and controlled by an Iowa-licensed pharmacy but located or maintained outside the pharmacy department, including but not limited to drug supplies maintained in an ambulance or other emergency medical service vehicle, a long-term care facility, a hospital patient care unit, or a hospice facility.
- g. Affix required prescription labels upon any container of drugs sold or dispensed pursuant to the prescription of an authorized prescriber.
- h. Prepackage or label multi-dose and single-dose packages of drugs as provided in 657—Chapter 22.
- i. Perform drug compounding processes as provided in 657—Chapter 20.
- j. As provided in rule 657—3.24(155A), accept new prescription drug orders or medication orders communicated to the pharmacy by a prescriber or by the prescriber's agent.

3.22(2) Pharmacy technician trainee. Under the supervision of a pharmacist, a pharmacy technician trainee may perform only the following technical functions delegated by the supervising pharmacist:

- a. Perform packaging, manipulative, or repetitive tasks relating to the processing of a prescription or medication order in a licensed pharmacy.
- b. Accept prescription refill authorizations communicated to a pharmacy by a prescriber or by the prescriber's agent.
- c. Contact prescribers to obtain prescription refill authorizations.
- d. Process pertinent patient information, including information regarding allergies and disease state.
- e. Enter prescription and patient information into the pharmacy computer system.
- f. Affix required prescription labels upon any container of drugs sold or dispensed pursuant to the prescription of an authorized prescriber.
- g. Prepackage or label multi-dose and single-dose packages of drugs as provided in 657—Chapter 22.
- h. Under the supervision of a pharmacist who provides training and evaluates and monitors trainee competence in the compounding processes, perform drug compounding processes as provided in 657—Chapter 20.

[ARC 8673B, IAB 4/7/10, effective 6/1/10; ARC 9009B, IAB 8/11/10, effective 7/23/10; ARC 9502B, IAB 5/18/11, effective 6/22/11; ARC 1785C, IAB 12/10/14, effective 1/14/15; ARC 2194C, IAB 10/14/15, effective 11/18/15]

657—3.23(155A) Tasks a pharmacy technician shall not perform. A pharmacy technician shall not be authorized to perform any of the following judgmental tasks:

1. Except for a certified pharmacy technician participating in an approved tech-check-tech program pursuant to 657—Chapter 40, provide the final verification for the accuracy, validity, completeness, or appropriateness of a filled prescription or medication order;
2. Conduct prospective drug use review or evaluate a patient's medication record for purposes identified in rule 657—8.21(155A);
3. Provide patient counseling, consultation, or patient-specific drug information, tender an offer of patient counseling on behalf of a pharmacist, or accept a refusal of patient counseling from a patient or patient's agent;
4. Make decisions that require a pharmacist's professional judgment, such as interpreting prescription drug orders or applying information;
5. Transfer a prescription drug order to another pharmacy or receive the transfer of a prescription drug order from another pharmacy;
6. Delegate technical functions to a pharmacy support person.

[ARC 8673B, IAB 4/7/10, effective 6/1/10; ARC 9009B, IAB 8/11/10, effective 7/23/10; ARC 9783B, IAB 10/5/11, effective 11/9/11]

657—3.24(155A) New prescription drug orders or medication orders. At the discretion of the supervising pharmacist, a certified pharmacy technician may be allowed to accept new prescription

drug orders or medication orders communicated to the pharmacy by a prescriber or by the prescriber's agent if the certified pharmacy technician has received appropriate training pursuant to the pharmacy's policies and procedures. The supervising pharmacist shall remain responsible for ensuring the accuracy, validity, and completeness of the information received by the certified pharmacy technician. The pharmacist shall contact the prescriber to resolve any questions, inconsistencies, or other issues relating to the information received by the certified pharmacy technician that involve a pharmacist's professional judgment.

[ARC 9009B, IAB 8/11/10, effective 7/23/10]

657—3.25(155A) Delegation of nontechnical functions. Rescinded IAB 4/7/10, effective 6/1/10.

657—3.26 and 3.27 Reserved.

657—3.28(147,155A) Unethical conduct or practice. Violation by a pharmacy technician of any of the provisions of this rule shall constitute unethical conduct or practice and may be grounds for disciplinary action as provided in rule 657—3.30(155A).

3.28(1) Misrepresentative deeds. A pharmacy technician shall not make any statement tending to deceive, misrepresent, or mislead anyone, or be a party to or an accessory to any fraudulent or deceitful practice or transaction in pharmacy or in the operation or conduct of a pharmacy.

3.28(2) Confidentiality. In the absence of express written authorization from the patient or written order or direction of a court, except where the best interests of the patient require, a pharmacy technician shall not divulge or reveal to any person other than the patient or the patient's authorized representative, the prescriber or other licensed practitioner then caring for the patient, a licensed pharmacist, a person duly authorized by law to receive such information, or as otherwise provided in rule 657—8.16(124,155A), any of the following:

a. A patient's name, address, social security number, or any information that could be used to identify a patient;

b. The contents of any prescription drug order or medication order or the therapeutic effect thereof, or the nature of professional pharmaceutical services rendered to a patient;

c. The nature, extent, or degree of illness suffered by any patient; or

d. Any medical information furnished by the prescriber or the patient.

3.28(3) Discrimination. It is unethical to unlawfully discriminate between patients or groups of patients for reasons of religion, race, creed, color, gender, gender identity, sexual orientation, marital status, age, national origin, physical or mental disability, or disease state when providing pharmaceutical services.

3.28(4) Unethical conduct or behavior. A pharmacy technician shall not exhibit unethical behavior in connection with the technician's pharmacy employment. Unethical behavior shall include, but is not limited to, the following acts: verbal or physical abuse, coercion, intimidation, harassment, sexual advances, threats, degradation of character, indecent or obscene conduct, and theft.

[ARC 9009B, IAB 8/11/10, effective 7/23/10]

657—3.29(155A) Denial of registration. The executive director or designee may deny an application for registration as a certified pharmacy technician or pharmacy technician trainee for any violation of the laws of this state, another state, or the United States relating to prescription drugs, controlled substances, or nonprescription drugs or for any violation of Iowa Code chapter 124, 124A, 124B, 126, 147, 155A, or 205 or any rule of the board.

An individual whose application for registration as a certified pharmacy technician or pharmacy technician trainee is denied pursuant to this rule may, within 30 days after issuance of the notice of denial, appeal to the board for reconsideration of the application.

[ARC 9009B, IAB 8/11/10, effective 7/23/10; ARC 1785C, IAB 12/10/14, effective 1/14/15]

657—3.30(155A) Discipline of pharmacy technicians.

3.30(1) Violations. The board may impose discipline for any violation of the laws of this state, another state, or the United States relating to prescription drugs, controlled substances, or nonprescription drugs, or for any violation of Iowa Code chapter 124, 124A, 124B, 126, 147, 155A, or 205 or any rule of the board.

3.30(2) Sanctions. The board may impose the following disciplinary sanctions:

- a. Revocation of a certified pharmacy technician or pharmacy technician trainee registration.
- b. Suspension of a certified pharmacy technician or pharmacy technician trainee registration until further order of the board or for a specified period.
- c. Nonrenewal of a certified pharmacy technician registration.
- d. Prohibition, permanently, until further order of the board, or for a specified period, from engaging in specified procedures, methods, or acts.
- e. Probation.
- f. The ordering of a physical or mental examination.
- g. The imposition of civil penalties not to exceed \$25,000.
- h. Issuance of a citation and warning.
- i. Such other sanctions allowed by law as may be appropriate.

[ARC 9009B, IAB 8/11/10, effective 7/23/10; ARC 1785C, IAB 12/10/14, effective 1/14/15]

These rules are intended to implement Iowa Code sections 147.72, 147.107, 155A.6A, 155A.23, 155A.33, and 155A.39.

[Filed 2/27/97, Notice 1/1/97—published 3/26/97, effective 4/30/97]

CHAPTER 4
PHARMACIST-INTERNS

[Prior to 2/10/88, see Pharmacy Examiners[620] Ch 3]

657—4.1(155A) Definitions.

“*Board*” means the Iowa board of pharmacy.

“*Pharmacist-intern*” or “*intern*” means a person enrolled in a college of pharmacy or actively pursuing a pharmacy degree, or as otherwise provided by the board, who is registered with the board for the purpose of obtaining instruction in the practice of pharmacy from a preceptor pursuant to Iowa Code section 155A.6. “Pharmacist-intern” includes a graduate of an approved college of pharmacy, or a foreign graduate who has established educational equivalency pursuant to the requirements of rule 657—4.7(155A), who is registered with the board for the purpose of obtaining practical experience as a requirement for licensure as a pharmacist in Iowa. “Pharmacist-intern” may include an individual participating in a residency or fellowship program in Iowa, whether or not the individual is licensed as a pharmacist in another state.

“*Pharmacist preceptor*” or “*preceptor*” means a pharmacist licensed to practice pharmacy whose license is current and in good standing. Preceptors shall meet the conditions and requirements of rule 657—4.9(155A). No pharmacist shall serve as a preceptor while the pharmacist’s license to practice pharmacy is the subject of disciplinary sanction by a pharmacist licensing authority.

[ARC 9784B, IAB 10/5/11, effective 11/9/11; ARC 1406C, IAB 4/2/14, effective 5/7/14]

657—4.2(155A) Goal and objectives of internship.

4.2(1) Goal. The goal of internship is for the pharmacist-intern, over a period of time, to attain and build upon the knowledge, skills, responsibilities, and ability to safely, efficiently, and effectively practice pharmacy under the laws and rules of the state of Iowa.

4.2(2) Objectives. The objectives of internship are as follows:

a. Managing drug therapy to optimize patient outcomes. The pharmacist-intern shall evaluate the patient and patient information to determine the presence of a disease or medical condition, to determine the need for treatment or referral, and to identify patient-specific factors that affect health, pharmacotherapy, or disease management; ensure the appropriateness of the patient’s specific pharmacotherapeutic agents, dosing regimens, dosage forms, routes of administration, and delivery systems; and monitor the patient and patient information and manage the drug regimen to promote health and ensure safe and effective pharmacotherapy.

b. Ensuring the safe and accurate preparation and dispensing of medications. The pharmacist-intern shall perform calculations required to compound, dispense, and administer medication; select and dispense medications; and prepare and compound extemporaneous preparations and sterile products.

c. Providing drug information and promoting public health. The pharmacist-intern shall access, evaluate, and apply information to promote optimal health care; educate patients and health care professionals regarding prescription medications, nonprescription medications, and medical devices; and educate patients and the public regarding wellness, disease states, and medical conditions.

d. Adhering to professional and ethical standards. The pharmacist-intern shall comply with professional, legal, moral, and ethical standards relating to the practice of pharmacy and the operation of the pharmacy.

e. Understanding the management of pharmacy operations. The pharmacist-intern shall develop a general understanding of the business procedures of a pharmacy and develop knowledge concerning the employment and supervision of pharmacy employees.

657—4.3(155A) 1500-hour requirements. Internship credit may be obtained only after internship registration with the board and commencement of the first professional year in a college of pharmacy. Internship shall consist of a minimum of 1500 hours, all of which may be a college-based clinical program approved or accepted by the board. Programs shall be structured to provide experience in community, institutional, and clinical pharmacy practices. A pharmacist-intern may acquire additional

hours under the supervision of one or more preceptors in a traditional licensed general or hospital pharmacy, at a rate of no more than 48 hours per week, where the goal and objectives of internship in rule 657—4.2(155A) apply. Credit toward any additional hours will be allowed, at a rate not to exceed 10 hours per week, for an internship served concurrent with academic training and outside a college-based clinical program. “Concurrent time” means internship experience acquired while the person is a full-time student carrying, in a given school term, at least 75 percent of the average number of credit hours per term needed to graduate and receive an entry-level degree in pharmacy. Recognized academic holiday periods, such as spring break and winter break, shall not be considered “concurrent time.” The competencies in subrule 4.2(2) and the concurrent time limitations of this rule shall not apply to college-based clinical programs.

[ARC 1406C, IAB 4/2/14, effective 5/7/14]

657—4.4(155A) Iowa colleges of pharmacy clinical internship programs. The board shall periodically review the clinical component of internship programs of the colleges of pharmacy located in Iowa. The board reserves the right to set conditions relating to the approval of such programs.

657—4.5(155A) Out-of-state internship programs. Candidates enrolled in out-of-state colleges of pharmacy who complete the internship requirements of that state shall be deemed to have satisfied Iowa’s internship requirements. Candidates shall submit documentation from the out-of-state internship program certifying completion of that state’s requirements. Candidates enrolled in colleges of pharmacy located in states with no formal internship training program shall submit documentation from that state’s board of pharmacy or college of pharmacy certifying that the candidate has completed all prelicensure training requirements.

657—4.6(155A) Registration, reporting, and authorized functions. Every person shall register with the board before beginning the person’s internship experience, whether or not for the purpose of fulfilling the requirements of rule 657—4.3(155A). Registration is required of all students enrolled in Iowa colleges of pharmacy upon commencement of the first professional year in the college of pharmacy. Colleges of pharmacy located in Iowa shall annually certify to the board the names of students who are enrolled in the first professional year in the college of pharmacy. Colleges of pharmacy located in Iowa shall, within two weeks of any change, certify to the board the names of students who have withdrawn from the college of pharmacy.

4.6(1) Application for registration—required information. Application for registration as a pharmacist-intern shall be on forms provided by the board, and all requested information shall be provided on or with such application. The application shall require that the applicant provide, at a minimum, the following: name; address; telephone number; date of birth; social security number or individual tax identification number (ITIN); and name and location of college of pharmacy and anticipated month and year of graduation. The college of pharmacy shall certify the applicant’s eligibility to practice as a pharmacist-intern.

4.6(2) Supervision and authorized functions. A licensed pharmacist shall be on duty in the pharmacy and shall be responsible for the actions of a pharmacist-intern during all periods of internship training. At the discretion of the supervising pharmacist, the following judgmental functions, usually restricted to a pharmacist, may be delegated to pharmacist-interns registered by the board:

- a. Verification of the accuracy, validity, and appropriateness of the filled prescription or medication order;
- b. Review and assessment of patient records for purposes identified in rule 657—8.21(155A);
- c. Patient counseling;
- d. Administration of vaccines pursuant to rule 657—8.33(155A).

4.6(3) Term of registration. Registration shall remain in effect as long as the board is satisfied that the intern is pursuing a degree in pharmacy in good faith and with reasonable diligence. A pharmacist-intern may request that the intern’s registration be extended beyond the automatic termination of the registration pursuant to the procedures and requirements of 657—Chapter 34. Except as provided by the definition

of pharmacist-intern in rule 657—4.1(155A), registration shall automatically terminate upon the earliest of any of the following:

- a. Licensure to practice pharmacy in any state;
- b. Lapse in the pursuit of a degree in pharmacy; or
- c. One year following graduation from the college of pharmacy.

4.6(4) Identification, reports, and notifications. Credit for internship time will not be granted unless registration and other required records or affidavits are completed.

a. The pharmacist-intern shall be so designated in all relationships with the public and health professionals. While on duty in the pharmacy, the intern shall wear visible to the public a name badge including the designation “pharmacist-intern” or “pharmacy student.”

b. Registered interns shall notify the board office within ten days of a change of name or address.

c. Notarized affidavits of experience in non-college-sponsored programs shall be filed with the board office after the successful completion of the internship. These affidavits shall certify only the number of hours and dates of training obtained outside a college-based clinical program as provided in rule 657—4.3(155A). An individual registered as a pharmacist-intern while participating in an Iowa residency or fellowship program shall not be required to file affidavits of experience.

4.6(5) No credit prior to registration. Credit will not be given for internship experience obtained prior to the individual’s registration as a pharmacist-intern. Credit for Iowa college-based clinical programs will not be granted unless registration is issued before the student begins the program.

4.6(6) Nontraditional internship. Internship training at any site which is not licensed as a general or hospital pharmacy is considered nontraditional internship.

a. *Application.* Prior to beginning a period of nontraditional internship, the intern shall submit a written application, on forms provided by the board, for approval of the objectives of the nontraditional internship. The application shall identify objectives consistent with the unique learning experiences of the intern and consistent with the goal and objectives of internship in rule 657—4.2(155A).

b. *Preceptor.* A preceptor supervising a pharmacist-intern in a nontraditional internship shall be a currently licensed pharmacist in the state where the internship is served, and the requirements of rule 657—4.9(155A) shall apply to all preceptors.

c. *Certification, not credit.* Hours obtained in nontraditional internship shall not be credited toward the total 1500 hours required pursuant to rule 657—4.3(155A) prior to licensure to practice pharmacy in Iowa. The board may, however, certify hours obtained in one or more approved nontraditional internships in recognition of the pharmacist-intern’s training outside the scope of traditional pharmacy practice. Certification shall not be granted for experience obtained in a nontraditional internship unless the board, prior to the intern’s beginning the period of internship, approved the objectives of the internship.

[**ARC 9784B**, IAB 10/5/11, effective 11/9/11; **ARC 1406C**, IAB 4/2/14, effective 5/7/14; **ARC 1786C**, IAB 12/10/14, effective 1/14/15; **ARC 2405C**, IAB 2/17/16, effective 3/23/16]

657—4.7(155A) Foreign pharmacy graduates. Foreign pharmacy graduates who are candidates for licensure in Iowa will be required to obtain a minimum of 1500 hours of internship in a licensed pharmacy or other board-approved location.

4.7(1) Registration. Candidates shall register with the board as provided in rule 657—4.6(155A). Internship credit will not be granted until the candidate has been issued an intern registration. Applications for registration shall be accompanied by certification from the Foreign Pharmacy Graduate Examination Committee (FPGEC) as provided in 657—subrule 2.10(1).

4.7(2) Certification of hours. Following completion of any period of internship, internship hours shall be certified to the board by submission of notarized affidavits of experience as provided in paragraph 4.6(4) “c.”

4.7(3) Credit for foreign pharmacy practice. The board may grant credit to a foreign pharmacy graduate, based on the candidate’s experience in the practice of pharmacy, for all or any portion of the required 1500 hours of internship training. The candidate shall provide detailed information regarding the candidate’s experience in the practice of pharmacy. The board shall determine, on a case-by-case

basis, whether and to what extent the candidate's experience meets the goals and objectives established in rule 657—4.2(155A).

[ARC 1406C, IAB 4/2/14, effective 5/7/14]

657—4.8(155A) Fees. The fee for registration as a pharmacist-intern is \$30, plus applicable surcharge pursuant to 657—30.8(155A), which shall be payable with the application.

657—4.9(155A) Preceptor requirements.

4.9(1) Licensed pharmacist. A preceptor shall be a licensed pharmacist in good standing in the state where the internship is to be served pursuant to the definition of pharmacist preceptor in rule 657—4.1(155A).

4.9(2) Affidavits. A preceptor shall be responsible for completing the affidavit certifying the number of hours and the dates of each internship training period under the supervision of the preceptor for any period of internship completed outside a college-based clinical program.

4.9(3) Number of interns. A preceptor may supervise no more than two pharmacist-interns concurrently.

4.9(4) Responsibility. A preceptor shall be responsible for all functions performed by a pharmacist-intern.

[ARC 1406C, IAB 4/2/14, effective 5/7/14]

657—4.10(155A) Denial of pharmacist-intern registration. The board may deny an application for registration as a pharmacist-intern for any violation of the laws of this state, another state, or the United States relating to prescription drugs, controlled substances, or nonprescription drugs, or for any violation of Iowa Code chapter 124, 124A, 124B, 126, 147, 155A or 205, or any rule of the board.

657—4.11(155A) Discipline of pharmacist-interns.

4.11(1) Grounds for discipline. The board may impose discipline for any violation of the laws of this state, another state, or the United States relating to prescription drugs, controlled substances, or nonprescription drugs or for any violation of Iowa Code chapter 124, 124A, 124B, 126, 147, 155A, or 205, or any rule of the board.

4.11(2) Sanctions. The board may impose the following disciplinary sanctions:

- a. Revocation of a pharmacist-intern registration.
- b. Suspension of a pharmacist-intern registration until further order of the board or for a specified period.
- c. Prohibit permanently, until further order of the board, or for a specified period, the engaging in specified procedures, methods, or acts.
- d. Such other sanctions allowed by law as may be appropriate.

These rules are intended to implement Iowa Code section 155A.6.

CHAPTER 5
PHARMACY SUPPORT PERSONS

657—5.1(155A) Definitions. For purposes of this chapter, the following definitions shall apply:

“*Board*” means the Iowa board of pharmacy.

“*Delivery*” means the transport and conveyance of a finished, securely packaged prescription order to the patient or the patient’s agent.

“*Direct access*” means physical access, without direct supervision by a pharmacist, to opened, unpackaged, or unsecured stock containers or prescription vials containing prescription drugs.

“*Pharmacy clerk*” means a person whose duties within the pharmacy department include accessing filled prescription orders and processing payments for and delivering such orders to the patient or the patient’s agent under the supervision of a pharmacist.

“*Pharmacy support person*” means a person, other than a licensed pharmacist, a registered pharmacist-intern, or a registered pharmacy technician, who may perform nontechnical duties assigned by a supervising pharmacist under the pharmacist’s responsibility and supervision.

“*Pharmacy technician*” or “*technician*” means a person who is employed in Iowa by a licensed pharmacy under the responsibility of an Iowa-licensed pharmacist to assist in the technical functions of the practice of pharmacy, and who is registered pursuant to 657—Chapter 3, and includes a certified pharmacy technician, a pharmacy technician trainee, and an uncertified pharmacy technician.

“*Secure package*” means the prescription order is enclosed in tamper-evident packaging. An IV bag is considered tamper-evident packaging.

“*Supervising pharmacist*” means an Iowa-licensed pharmacist who is on duty in an Iowa-licensed pharmacy and who is responsible for assigning and supervising the duties performed by a pharmacy support person.

[ARC 8673B, IAB 4/7/10, effective 6/1/10; ARC 9009B, IAB 8/11/10, effective 7/23/10]

657—5.2(155A) Purpose of registration. A registration program for pharmacy support persons is established for the purposes of identification, tracking, and disciplinary action. The registration shall not include any determination of the competency of the registered individual. The use of pharmacy support persons to assist the pharmacist with nontechnical duties associated with the practice of pharmacy enables the pharmacist to provide pharmaceutical care to the patient.

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—5.3 Reserved.

657—5.4(155A) Registration required.

5.4(1) Effective date. Beginning June 1, 2010, a pharmacy support person shall register with the board pursuant to the requirements of this chapter.

5.4(2) Registration number. Each pharmacy support person registered with the board will be assigned a unique registration number.

5.4(3) Original application required. Any person required to register and not previously registered with the board as a pharmacy support person shall complete an application for registration within 30 days of accepting employment in an Iowa pharmacy as a pharmacy support person. Such application shall be received in the board office before the expiration of this 30-day period.

5.4(4) Employment terminated. A registered pharmacy support person who discontinues employment as a pharmacy support person shall not be required to maintain a registration and shall request cancellation of the registration as provided in rule 657—5.14(155A).

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—5.5(155A) Exempt from registration. Unless a person has direct access to prescription drugs, the following shall be exempt from registration as a pharmacy support person:

1. Delivery person.
2. Billing clerk, including a person who processes claims for third-party payments.

3. Data processing support, maintenance, or programming personnel.
 4. Facility maintenance personnel including but not necessarily limited to cleaning, sanitation, structural, and mechanical maintenance personnel. Facility maintenance personnel deemed exempt from registration shall be directly supervised by a pharmacist or a certified pharmacy technician who is responsible for the maintenance person's activities within the pharmacy department to ensure medication security and patient privacy.
 5. Any person not directly employed by or under contract to the pharmacy, and not under the direct supervision of a pharmacist, who provides data processing, billing, maintenance, or administrative support functions outside the pharmacy department.
 6. A registered pharmacist-intern or a registered pharmacy technician.
- [ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—5.6 Reserved.

657—5.7(155A) Registration application form.

5.7(1) Required information. The application form for a pharmacy support person registration shall require the following:

- a. Information sufficient to identify the applicant including, but not limited to, name, address, date of birth, gender, and social security number;
- b. Educational background;
- c. Work experience;
- d. Current place or places of employment;
- e. Any other information deemed necessary by the board.

5.7(2) Declaration of current impairment or limitations. The applicant shall declare any current use of drugs, alcohol, or other chemical substances that in any way impairs or limits the applicant's ability to perform the duties of a pharmacy support person with reasonable skill and safety.

5.7(3) History of felony or misdemeanor crimes. The applicant shall declare any history of being charged, convicted, found guilty of, or entering a plea of guilty or no contest to a felony or misdemeanor crime (other than minor traffic violations with fines under \$100).

5.7(4) History of disciplinary actions. The applicant shall declare any history of disciplinary actions or practice restrictions imposed by a state health care professional, licensure, or registration authority.

5.7(5) Sworn signature. The applicant shall sign the application under penalty of perjury and shall submit the application to the board with the appropriate fees pursuant to rules 657—5.9(155A) and 657—5.11(155A).

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—5.8 Reserved.

657—5.9(155A) Registration fee.

5.9(1) Initial fee. The fee for obtaining an initial registration shall be \$25.

5.9(2) Renewal fee. The renewal fee for obtaining a biennial registration shall be \$25.

5.9(3) Timeliness. Fees shall be paid at the time the new application or the renewal application is submitted for filing.

5.9(4) Form of payment. Fee payment shall be in the form of a personal check, certified or cashier's check, or money order payable to Iowa Board of Pharmacy.

[ARC 8673B, IAB 4/7/10, effective 6/1/10; ARC 0504C, IAB 12/12/12, effective 1/16/13]

657—5.10(155A) Registration renewal. A pharmacy support person registration shall expire on the second last day of the birth month following initial registration. Registration shall not require continuing education for renewal.

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—5.11(155A) Late application.

5.11(1) Fee. A person required to register or to renew the person's registration who files a late application shall pay an additional \$25 late payment fee.

5.11(2) Timeliness of initial application. An application for initial registration shall be assessed a late payment fee if not received within the applicable period specified in rule 657—5.4(155A).

5.11(3) Timeliness of renewal application. An application for registration renewal shall be assessed a late payment fee if not received by the expiration date of the registration. A late payment fee shall not be assessed on an expired registration if the person was not employed as a pharmacy support person during the period following expiration of the registration.

[ARC 8673B, IAB 4/7/10, effective 6/1/10; ARC 0504C, IAB 12/12/12, effective 1/16/13]

657—5.12 Reserved.

657—5.13(155A) Registration certificates. The original registration certificate issued by the board to a pharmacy support person shall be maintained by the pharmacy support person. Verification of current registration shall be maintained in each pharmacy where the pharmacy support person is employed in that capacity and shall be available for inspection by the board.

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—5.14(155A) Notifications to the board. A pharmacy support person shall report to the board within ten days a change of name, address, place of employment, or employment status.

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—5.15(155A) Identification of pharmacy support person.

5.15(1) Name badge. A pharmacy support person shall wear a name badge or other form of identification while on duty which clearly identifies the person as a pharmacy support person.

5.15(2) Misrepresentation prohibited. A pharmacy support person shall not, in any manner, represent himself or herself as a pharmacist, a pharmacist-intern, or a pharmacy technician.

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—5.16 Reserved.

657—5.17(155A) Tasks a pharmacy support person shall not perform. A pharmacy support person shall not perform any of the following judgmental or technical functions. Performance of any of these tasks by a pharmacy support person shall constitute the practice of pharmacy without a license in violation of Iowa Code section 155A.7. A pharmacy support person shall not:

1. Provide the final verification for the accuracy, validity, completeness, or appropriateness of a filled prescription or medication order.

2. Conduct prospective drug use review or evaluate a patient's medication record for purposes identified in rule 657—8.21(155A).

3. Provide patient counseling, consultation, or patient-specific drug information; make an offer of patient counseling on behalf of the pharmacist; or accept a refusal of patient counseling from a patient or patient's agent.

4. Make decisions that require a pharmacist's professional judgment, such as interpreting or applying information.

5. Accept by oral communication any new or refill prescription authorizations communicated to a pharmacy by a prescriber or by the prescriber's office or contact a prescriber to obtain prescription refill authorizations.

6. Provide a prescription or drug to a patient without a pharmacist's verification as to the accuracy of the dispensed medication and without the physical presence of a pharmacist.

7. Package, pour, or place in a container for dispensing, sale, distribution, transfer, vending, or barter any drug which, under federal or state laws, may be sold or dispensed only pursuant to the prescription of a practitioner authorized to prescribe drugs. This prohibited task includes the addition of water or other liquid for reconstitution of oral antibiotic liquids. A pharmacy support person may place

a prescription container into a bag or sack for delivery to the patient as part of the sales transaction after the accuracy of the prescription has been verified by the pharmacist.

8. Affix required prescription labels upon any container of drugs sold or dispensed pursuant to the prescription of an authorized prescriber.

9. Process or enter pertinent patient or prescription information, including entry of that information into the pharmacy computer system, except as provided in rule 657—5.18(155A).

10. Prepackage or label multidose and single-dose packages of drugs, including dose picks for unit dose cart fills for hospital or long-term care facility patients.

11. Check or inspect drug supplies provided and controlled by an Iowa-licensed pharmacy but located or maintained outside the pharmacy department, including but not limited to drug supplies maintained in an ambulance or other emergency medical service vehicle, a long-term care facility, a hospital nursing unit, or a hospice facility.

12. Reconstitute prefabricated noninjectable medication, prepare parenteral products, or compound sterile or nonsterile drug products.

13. Communicate, transmit, or receive patient or prescription information to or from the pharmacy for the purpose of transferring a patient's prescription between pharmacies.

14. Assist with or witness the destruction or wastage of controlled substances pursuant to 657—subrule 10.18(2).

15. Perform any of the duties identified in 657—Chapter 3 as technical functions that may be delegated to a pharmacy technician.

[ARC 8673B, IAB 4/7/10, effective 6/1/10; ARC 9785B, IAB 10/5/11, effective 11/9/11]

657—5.18(155A) Nontechnical pharmacy support tasks. An appropriately trained and registered pharmacy support person may perform any of the following nontechnical functions that have been delegated to the pharmacy support person by the supervising pharmacist:

1. Perform the duties of a pharmacy clerk. The duties of a pharmacy clerk may include placing a prescription container into a bag or sack for delivery to the patient as part of the sales transaction after the accuracy of the prescription has been verified by the pharmacist.

2. Process wholesale drug orders, including the submission of orders, the receipt and processing of drug deliveries from drug wholesalers, reconciling products received with packing slips or invoices, and affixing appropriate inventory or price stickers to drug stock bottles or containers.

3. Perform routine clerical duties, such as filing processed, hard-copy prescriptions and other pharmacy records.

4. Update or change patient demographic information, excluding allergies and disease state information, in the pharmacy computer system or patient profile.

5. Receive from a patient the patient's request for a prescription refill, excluding the processing of the refill request.

6. Perform pharmacy drug inventory control duties, including checking pharmacy stock shelves for outdated drugs and assisting with annual inventory counts.

7. Deliver drugs to patient care areas, long-term care facilities, patient residences, or patient employment locations, excluding the restocking of automated medication distribution system components.

8. Perform any routine clerical or pharmacy support function not prohibited in rule 657—5.17(155A).

9. In nuclear pharmacy practice, perform nonjudgmental tasks under the direct supervision of a nuclear pharmacist pursuant to 657—Chapter 16.

[ARC 8673B, IAB 4/7/10, effective 6/1/10; ARC 9785B, IAB 10/5/11, effective 11/9/11]

657—5.19 Reserved.

657—5.20(155A) Training and utilization of pharmacy support persons. All Iowa-licensed pharmacies utilizing pharmacy support persons shall develop, implement, and periodically review written policies and procedures for the training and utilization of pharmacy support persons. Pharmacy

policies shall specify the frequency of review. Pharmacy support person training shall be documented and maintained by the pharmacy for the duration of employment. Such policies and procedures and documentation of pharmacy support person training shall be available for inspection by the board or an agent of the board.

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—5.21(155A) Responsibility of supervising pharmacist. The ultimate responsibility for the actions of a pharmacy support person working under a supervising pharmacist shall remain with the supervising pharmacist.

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—5.22(155A) Delegation of nontechnical functions. A pharmacist may delegate nontechnical functions to an appropriately trained and registered pharmacy support person, but only if the pharmacist is present to supervise the pharmacy support person when delegated functions are performed, except as provided in 657—subrule 6.7(2) or 657—subrule 7.6(2), as appropriate.

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—5.23 Reserved.

657—5.24(155A) Denial of registration. The board may deny an application for registration as a pharmacy support person for any violation of the laws of this state, another state, or the United States relating to prescription drugs, controlled substances, or nonprescription drugs or for any violation of Iowa Code chapter 124, 124A, 124B, 126, 147, 155A, or 205 or any rule of the board.

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—5.25(147,155A) Unethical conduct or practice. Violation by a pharmacy support person of any of the provisions of this rule shall constitute unethical conduct or practice and may be grounds for disciplinary action as provided in rule 657—5.26(155A).

5.25(1) Misrepresentative deeds. A pharmacy support person shall not make any statement tending to deceive, misrepresent or mislead anyone, or be a party to or an accessory to any fraudulent or deceitful practice or transaction in pharmacy or in the operation or conduct of a pharmacy.

5.25(2) Confidentiality. In the absence of express consent from the patient or order or direction of a court, except where the best interests of the patient require, a pharmacy support person shall not divulge or reveal to any person other than the patient or the patient's authorized representative, the prescriber or other licensed practitioner then caring for the patient, a licensed pharmacist, or a person duly authorized by law to receive such information the contents of any prescription or the therapeutic effect thereof or the nature of professional pharmaceutical services rendered to a patient; the nature, extent, or degree of illness suffered by any patient; or any medical information furnished by the prescriber.

5.25(3) Discrimination. It is unethical for a pharmacy support person to unlawfully discriminate between patients or groups of patients for reasons of religion, race, creed, color, sex, sexual orientation, gender identity, age, national origin, or disease state when providing pharmaceutical services.

5.25(4) Unethical conduct or behavior. A pharmacy support person shall not exhibit unethical behavior in connection with the pharmacy support person's pharmacy employment. Unethical behavior shall include, but is not limited to, the following acts: verbal abuse, coercion, intimidation, harassment, sexual advances, threats, degradation of character, indecent or obscene conduct, and theft.

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—5.26(155A) Discipline of pharmacy support persons.

5.26(1) Violations. The board may impose discipline for any violation of the laws of this state, another state, or the United States relating to prescription drugs, controlled substances, or nonprescription drugs or for any violation of Iowa Code chapter 124, 124A, 124B, 126, 147, 155A, or 205 or any rule of the board.

5.26(2) Sanctions. The board may impose the following disciplinary sanctions:

a. Revocation of a pharmacy support person registration.

- b.* Suspension of a pharmacy support person registration until further order of the board or for a specified period.
- c.* Nonrenewal of a pharmacy support person registration.
- d.* Prohibition, permanently, until further order of the board, or for a specified period, from engaging in specified procedures, methods, or acts.
- e.* Probation.
- f.* Imposition of civil penalties not to exceed \$25,000.
- g.* Issuance of citation and warning.
- h.* Such other sanctions allowed by law as may be appropriate.

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

These rules are intended to implement Iowa Code sections 147.55, 155A.3, 155A.18 and 155A.23 and 2009 Iowa Code Supplement section 155A.6B.

CHAPTER 6
GENERAL PHARMACY PRACTICE
[Prior to 2/10/88, see Pharmacy Examiners[620] Ch 2]

657—6.1(155A) Purpose and scope. A general pharmacy is a location where a pharmacist provides pharmaceutical services or dispenses pharmaceutical products to patients in accordance with pharmacy laws. This chapter does not apply to a hospital pharmacy as defined in 657—Chapter 7. The requirements of these rules for general pharmacy practice are in addition to the requirements of 657—Chapter 8 and other rules of the board relating to services provided by the pharmacy.

657—6.2(155A) Pharmacist in charge. One professionally competent, legally qualified pharmacist in charge in each pharmacy shall be responsible for, at a minimum, the responsibilities identified in rule 657—8.3(155A).

[ARC 8673B, IAB 4/7/10, effective 6/1/10; ARC 0501C, IAB 12/12/12, effective 1/16/13; ARC 1961C, IAB 4/15/15, effective 5/20/15]

657—6.3(155A) Reference library. References may be printed or computer-accessed. A reference library shall be maintained which includes, at a minimum, one current reference from each of the following categories, including access to current periodic updates.

1. A reference including all pertinent Iowa laws, rules, and regulations that impact the pharmacy's practice.

2. A patient information reference that includes or provides patient information in compliance with rule 657—6.14(155A).

3. A reference on drug interactions.

4. A general information reference.

5. A drug equivalency reference.

6. A reference on natural or herbal medicines.

7. The readily accessible telephone number of a poison control center that serves the area.

8. Additional references as may be necessary for the pharmacist to adequately meet the needs of the patients served.

[ARC 2196C, IAB 10/14/15, effective 11/18/15]

657—6.4(155A) Exemption from duplicate requirements. A pharmacy established in the same location as another licensed pharmacy and with direct and immediate access to required references, patient counseling area, refrigerator, or sink with hot and cold running water may utilize the references, counseling area, refrigerator, or sink of the other pharmacy to satisfy the requirements of rule 657—6.3(155A), subrule 6.14(3), or rule 657—8.5(155A), paragraphs "1" and "2."

657—6.5 and 6.6 Reserved.

657—6.7(124,155A) Security. While on duty, each pharmacist shall be responsible for the security of the prescription department and of the provisions for effective control against theft of, diversion of, or unauthorized access to prescription drugs, including those collected through an authorized collection program, records for such drugs and authorized collection program activities, and patient records as provided in 657—Chapters 10 and 21 and federal regulations for authorized controlled substance collection programs, which can be found at http://deادiversion.usdoj.gov/drug_disposal/.

6.7(1) Department locked. The prescription department shall be locked by key or combination so as to prevent access when a pharmacist is not on site except as provided in subrule 6.7(2).

6.7(2) Temporary absence of pharmacist. In the temporary absence of the pharmacist, only the pharmacist in charge may designate pharmacy technicians or pharmacy support persons who may be present in the prescription department to perform technical or nontechnical functions, respectively, designated by the pharmacist in charge. Activities identified in subrule 6.7(3) may not be performed during such temporary absence of the pharmacist. A temporary absence is an absence of short duration not to exceed two hours.

a. In the absence of the pharmacist, the pharmacy shall be secured from public access and the pharmacy shall notify the public that the pharmacist is temporarily absent and that no prescriptions will be dispensed until the pharmacist returns. If the pharmacist in charge has authorized the presence in the pharmacy of a pharmacy technician or a pharmacy support person to perform designated functions when the pharmacy is closed, the pharmacy technician or the pharmacy support person may not dispense or deliver any drug, chemical, device, or prepared prescription to a patient or patient's agent.

b. A pharmacy technician or a pharmacy support person who is present in the pharmacy when the pharmacy is closed shall prepare and maintain in the pharmacy a log identifying each period of time that the pharmacy technician or pharmacy support person worked in the pharmacy while the pharmacy was closed and identifying each activity performed during that time period. Each entry shall be dated, and each daily record shall be signed by the pharmacy technician or pharmacy support person who prepared the record. The log shall be periodically reviewed by the pharmacist in charge.

6.7(3) *Activities prohibited in absence of pharmacist.* Activities which shall not be designated and shall not be performed during the temporary absence of the pharmacist include:

- a. Dispensing or distributing any prescription drugs or devices to patients or others.
- b. Providing the final verification for the accuracy, validity, completeness, or appropriateness of a filled prescription or medication order.
- c. Conducting prospective drug use review or evaluating a patient's medication record for purposes identified in rule 657—8.21(155A).
- d. Providing patient counseling, consultation, or drug information.
- e. Making decisions that require a pharmacist's professional judgment such as interpreting or applying information.
- f. Transferring prescriptions to or from other pharmacies.

[ARC 8673B, IAB 4/7/10, effective 6/1/10; ARC 1308C, IAB 2/5/14, effective 3/12/14; ARC 2408C, IAB 2/17/16, effective 3/23/16]

657—6.8(124,155A) Prescription processing documentation. All prescriptions shall be dated and assigned a unique identification number that shall be recorded on the original prescription. The original prescription, whether transmitted orally, electronically, or in writing, shall be retained by the pharmacy filling the prescription. Refill documentation shall include date of refill and the initials or other unique identification of the pharmacist. The name, strength, and either the manufacturer's name or the National Drug Code (NDC) of the actual drug product dispensed shall be maintained and be readily retrievable.

657—6.9(124,155A) Transfer of prescription. The transmission of a prescription drug order from a pharmacy to a pharmacy engaged in centralized prescription filling or processing on behalf of the originating pharmacy pursuant to the requirements of 657—Chapter 18 shall not constitute the transfer of a prescription. Upon the request of a patient or the patient's caregiver, a pharmacy shall transfer original prescription drug order information and prescription refill information to a pharmacy designated by the patient or the patient's caregiver, central fill or processing pharmacies excepted, subject to the following requirements:

6.9(1) *Schedule III, IV, or V prescriptions.* The transfer of original prescription drug order information for controlled substances listed in Schedule III, IV, or V is permissible between pharmacies on a one-time basis except as provided in subrule 6.9(9).

6.9(2) *Noncontrolled substances prescriptions.* The transfer of original prescription drug order information for noncontrolled prescription drugs between pharmacies is permissible as long as the number of transfers does not exceed the number of originally authorized refills and the original prescription is still valid.

6.9(3) *Communication.* The transfer is communicated directly between pharmacists, directly between pharmacist-interns under the direct supervision of pharmacists at the respective pharmacies, directly between a pharmacist and a pharmacist-intern under the direct supervision of a pharmacist, or as authorized in subrule 6.9(9). Following direct communication between authorized individuals as provided herein, the transferring pharmacist or pharmacist-intern may transmit the prescription and transfer information required under subrule 6.9(5) from the transferring pharmacy via facsimile. The

receiving pharmacist or pharmacist-intern shall ensure the prescription transfer record maintained in the receiving pharmacy contains all of the information required under subrule 6.9(8).

6.9(4) *Prescriptions maintained.* Both the original and the transferred prescription drug orders are maintained for a period of two years from the date of last refill.

6.9(5) *Record of transfer out.* The pharmacist or pharmacist-intern transferring the prescription drug order information shall:

- a. Invalidate the prescription drug order;
- b. Record on or with the invalidated prescription drug order the following information:
 - (1) The name, address, and, for a controlled substance, the DEA registration number of the pharmacy to which such prescription is transferred;
 - (2) The name of the pharmacist or pharmacist-intern receiving the prescription drug order information;
 - (3) The name of the pharmacist or pharmacist-intern transferring the prescription drug order information; and
 - (4) The date of the transfer.

6.9(6) *Original prescription status.* The original prescription drug order shall be invalidated in the data processing system for purposes of filling or refilling, but shall be maintained in the data processing system for refill history purposes.

6.9(7) *Controlled substance prescription status.* The data processing system shall have a mechanism to prohibit the transfer or refilling of controlled substance prescription drug orders that have been previously transferred.

6.9(8) *Record of transfer received.* The pharmacist or pharmacist-intern receiving the transferred prescription drug order information shall:

- a. Indicate that the prescription drug order has been transferred;
- b. Record on or with the transferred prescription drug order the following information:
 - (1) Original date of issuance and date of dispensing, if different from date of issuance;
 - (2) Original prescription number;
 - (3) Number of valid refills remaining, the date of last refill, and, for a controlled substance, the dates and locations of all previous refills;
 - (4) Name, address, and, for a controlled substance, the DEA registration number of the pharmacy from which such prescription drug order information is transferred;
 - (5) The date of the transfer;
 - (6) Name of the pharmacist or pharmacist-intern receiving the prescription drug order information;
 - (7) Name of the pharmacist or pharmacist-intern transferring the prescription drug order information; and
 - (8) If transferring a controlled substance prescription from a pharmacy utilizing a shared electronic database system as described in subrule 6.9(9) to a pharmacy outside that shared system, the pharmacy name, location, DEA registration number, and prescription number from which the prescription was originally filled.

6.9(9) *Electronic transfer between pharmacies.* Pharmacies electronically accessing the same prescription drug order records via a real-time, on-line database may electronically transfer prescription information, including controlled substance prescription information, up to the maximum refills permitted by law and the prescriber's authorization, if the following requirements are met.

- a. The data processing system shall have a mechanism to send the transferring pharmacy a message containing the following information:
 - (1) The fact that the prescription drug order was transferred;
 - (2) The unique identification number of the prescription drug order transferred;
 - (3) The name, address, and DEA registration number of the pharmacy to which the prescription drug order was transferred and the name of the pharmacist or pharmacist-intern receiving the prescription information; and
 - (4) The date and time of transfer.

b. A pharmacist or pharmacist-intern under the direct supervision of a pharmacist in the transferring pharmacy shall review the message and document the review by signing and dating a hard copy of the message or logbook containing the information required on the message, or by a notation in the electronic message that includes the unique identification of the pharmacist or pharmacist-intern and the date of review, as soon as practical, but in no event more than 72 hours from the time of such transfer.

c. For transfers of controlled substance prescriptions, all information requirements included in subrules 6.9(1) and 6.9(3) through 6.9(8) shall be satisfied in the electronic system. Transfers of controlled substance prescriptions shall also identify the pharmacy name, address, DEA registration number, and prescription number from which the prescription was originally filled.

[ARC 7634B, IAB 3/11/09, effective 4/15/09; ARC 8169B, IAB 9/23/09, effective 10/28/09; ARC 0343C, IAB 10/3/12, effective 11/7/12]

657—6.10(126,155A) Prescription label requirements.

6.10(1) Required information. The label affixed to or on the dispensing container of any prescription drug or device dispensed by a pharmacy pursuant to a prescription drug order shall bear the following:

- a. Serial number (a unique identification number of the prescription);
- b. The name, telephone number, and address of the pharmacy;
- c. Except as provided in 657—subrule 8.19(7) for epinephrine auto-injectors, the name of the patient or, if such drug is prescribed for an animal, the species of the animal and the name of its owner;
- d. The name of the prescribing practitioner;
- e. The date the prescription is dispensed;
- f. The directions or instructions for use, including precautions to be observed;
- g. Unless otherwise directed by the prescriber, the label shall bear the name, strength, and quantity of the drug dispensed.

(1) If a pharmacist selects an equivalent drug product for a brand name drug product prescribed by a practitioner, the prescription container label shall identify the generic drug and may identify the brand name drug for which the selection is made, such as “(generic name) Generic for (brand name product).”

(2) If a pharmacist selects a brand name drug product for a generic drug product prescribed by a practitioner, the prescription container label shall identify the brand name drug product dispensed and may identify the generic drug product ordered by the prescriber, such as “(brand name product) for (generic name)”;

h. The initials or other unique identification of the dispensing pharmacist.

6.10(2) Exceptions. The requirements of subrule 6.10(1) do not apply to unit dose dispensing systems, 657—22.1(155A), and patient med paks, 657—22.5(126,155A).

[ARC 2194C, IAB 10/14/15, effective 11/18/15; ARC 2414C, IAB 2/17/16, effective 3/23/16]

657—6.11 and 6.12 Reserved.

657—6.13(155A) Patient record system.

6.13(1) Information required. A patient record system shall be maintained by all pharmacies for patients for whom prescription drug orders are dispensed. The patient record system shall provide for the immediate retrieval of information necessary for the dispensing pharmacist to identify previously dispensed drugs at the time a prescription drug order is presented for dispensing. The pharmacist shall be responsible for obtaining, recording, and maintaining the following information:

- a. Full name of the patient for whom the drug is intended;
- b. Address and telephone number of the patient;
- c. Patient’s age or date of birth;
- d. Patient’s gender;
- e. Known allergies;
- f. Significant patient information including a list of all prescription drug orders dispensed by the pharmacy during the two years immediately preceding the most recent entry showing the name of the

drug or device, prescription number, name and strength of the drug, the quantity and date received, and the name of the prescriber; and

g. Pharmacist comments relevant to the individual's drug therapy, including:

- (1) Known drug reactions,
- (2) Identified idiosyncrasies,
- (3) Known chronic conditions or disease states of the patient,
- (4) The identity of any other drugs, over-the-counter drugs, herbals, other alternative medications, or devices currently being used by the patient that may relate to prospective drug review.

6.13(2) *Record retained.* A patient record shall be maintained for a period of not less than two years from the date of the last entry in the patient record. This record may be a hard copy or a computerized form.

6.13(3) *Confidential.* Information in the patient record shall be deemed to be confidential and may be released only as provided in rule 657—8.16(124,155A).

657—6.14(155A) Patient counseling and instruction. Every general pharmacy located in Iowa shall post in every prescription pickup area, including in every drive-through prescription pickup lane, in a manner clearly visible to patients, a notice that Iowa law requires the pharmacist to discuss with the patient any new prescriptions dispensed to the patient. The board shall provide a general pharmacy with the required signage. A pharmacy that provides no direct patient access to the pharmacy department, commonly referred to as a “closed-door pharmacy,” shall not be required to post the counseling notice.

6.14(1) *Counseling required.* Upon receipt of a new prescription drug order, or upon receipt of a change in drug therapy including but not limited to a change of dose, directions, or drug formulation, and following a prospective drug use review pursuant to 657—8.21(155A), a pharmacist shall counsel each patient or patient's caregiver. An offer to counsel shall not fulfill the requirements of this rule. Patient counseling shall be on matters which, in the pharmacist's professional judgment, will enhance or optimize drug therapy. Appropriate elements of patient counseling may include:

- a. The name and description of the drug;
- b. The dosage form, dose, route of administration, and duration of drug therapy;
- c. Intended use of the drug, if known, and expected action;
- d. Special directions and precautions for preparation, administration, and use by the patient;
- e. Common severe side effects or adverse effects or interactions and therapeutic contraindications that may be encountered, including their avoidance, and the action required if they occur;
- f. Techniques for self-monitoring drug therapy;
- g. Proper storage;
- h. Prescription refill information;
- i. Action to be taken in the event of a missed dose;
- j. Pharmacist comments relevant to the individual's drug therapy including any other information peculiar to the specific patient or drug.

6.14(2) *Instruction.* A pharmacist may instruct patients and demonstrate procedures for self-monitoring of medical conditions and for self-administration of drugs.

6.14(3) *Counseling area.* A pharmacy shall contain an area which is suitable for confidential patient counseling. Such area shall:

- a. Be easily accessible to both patient and pharmacists and not allow patient access to prescription drugs;
- b. Be designed to maintain the confidentiality and privacy of the pharmacist/patient communication.

6.14(4) *Oral counseling not practicable.* If in the pharmacist's professional judgment oral counseling is not practicable, the pharmacist may use alternative forms of patient information. “Not practicable” refers to patient variables including, but not limited to, the absence of the patient or patient's caregiver, the patient's or caregiver's hearing impairment, or a language barrier. “Not practicable” does not include pharmacy variables such as inadequate staffing, technology failure, or high prescription volume. Alternative forms of patient information may include written information leaflets, pictogram

labels, video programs, or information generated by electronic data processing equipment. When used in place of oral counseling, alternative forms of patient information shall advise the patient or caregiver that the pharmacist may be contacted for consultation in person at the pharmacy by toll-free telephone or collect telephone call. A combination of oral counseling and alternative forms of counseling is encouraged.

6.14(5) Exception. Patient counseling, as described above, shall not be required for inpatients of an institution where other licensed health care professionals are authorized to administer the drugs.

6.14(6) Refusal of consultation. A pharmacist shall not be required to counsel a patient or caregiver when the patient or caregiver refuses such consultation. A patient's or caregiver's refusal of consultation shall be documented by the pharmacist. The absence of any record of a refusal of the pharmacist's attempt to counsel shall be presumed to signify that the offer was accepted and that counseling was provided.

[ARC 8540B, IAB 2/24/10, effective 4/1/10; ARC 9910B, IAB 12/14/11, effective 1/18/12]

657—6.15(124,126) Return of drugs and other items. For the protection of the public health and safety, prescription drugs and devices, controlled substances, and items of personal contact nature may be returned to the pharmacy for reuse or resale only as herein provided:

6.15(1) Integrity maintained. Prescription drugs and devices may be returned, exchanged, or resold only if, in the professional judgment of the pharmacist, the integrity of the prescription drug has not in any way been compromised.

6.15(2) Controlled substances. Under no circumstances shall pharmacy personnel accept from a patient or a patient's agent any controlled substances for return, exchange, or resale except to the same patient.

6.15(3) Unit dose returns. Prescription drugs dispensed in unit dose packaging, excluding controlled substances, may be returned and reused as authorized in 657—subrule 22.1(6).

6.15(4) Personal contact items. Pharmacy personnel shall not accept for reuse or resale any items of personal contact nature that have been removed from the original package or container after sale.

657—6.16(124,155A) Records. Every inventory or other record required to be kept under Iowa Code chapters 124 and 155A or rules of the board shall be kept by the pharmacy and be available for inspection and copying by the board or its representative for at least two years from the date of the inventory or record except as specifically identified by law or rule. Controlled substances records shall be maintained in a readily retrievable manner in accordance with federal requirements and 657—Chapter 10. Original hard-copy prescription and other pharmacy records more than 12 months old may be maintained in a secure storage area outside the licensed pharmacy department unless such remote storage is prohibited under federal law. A remote storage area shall be located within the same physical structure containing the licensed pharmacy department.

6.16(1) Combined records. If controlled substances, prescription drugs, or nonprescription drug items are listed on the same record, the controlled substances shall be asterisked, red-lined, or in some other manner made readily identifiable from all other items appearing on the records.

6.16(2) Prescriptions maintained. The original prescription drug order shall be maintained for a period of two years following the date of last activity on the prescription.

6.16(3) Number imprinted. The original hard-copy prescription shall be imprinted with the prescription or control number assigned to the prescription drug order.

6.16(4) Alternative data retention system. Records, except when specifically required to be maintained in original or hard-copy form, may be maintained in an alternative data retention system, such as a data processing system or direct imaging system provided:

a. The records maintained in the alternative system contain all of the information required on the manual record;

b. The data processing system is capable of producing a hard copy of the record, within two business days, upon the request of the board, its representative, or other authorized local, state, or federal law enforcement or regulatory agencies; and

c. The information maintained in the alternative system is not obscured or rendered illegible due to security features of the original hard-copy record.

CHAPTER 7
HOSPITAL PHARMACY PRACTICE
[Prior to 2/10/88, see Pharmacy Examiners[620] Ch 12]

657—7.1(155A) Purpose and scope. Hospital pharmacy means and includes a pharmacy licensed by the board and located within any hospital, health system, institution, or establishment which maintains and operates organized facilities for the diagnosis, care, and treatment of illnesses to which patients may or may not be admitted for overnight stay at the facility. A hospital is a facility licensed pursuant to Iowa Code chapter 135B. This chapter does not apply to a pharmacy located within such a facility for the purpose of providing outpatient prescriptions. A pharmacy providing outpatient prescriptions is and shall be licensed as a general pharmacy subject to the requirements of 657—Chapter 6. The requirements of these rules for hospital pharmacy practice apply to all hospitals, regardless of size or type, and are in addition to the requirements of 657—Chapter 8 and other rules of the board relating to services provided by the pharmacy.

[ARC 9911B, IAB 12/14/11, effective 1/18/12]

657—7.2(155A) Pharmacist in charge. One professionally competent, legally qualified pharmacist in charge in each pharmacy shall be responsible for, at a minimum, the responsibilities identified in rule 657—8.3(155A). Where 24-hour operation of the pharmacy is not feasible, a pharmacist shall be available on an “on call” basis.

[ARC 8673B, IAB 4/7/10, effective 6/1/10; ARC 1961C, IAB 4/15/15, effective 5/20/15]

657—7.3(155A) Reference library. References may be printed or computer-accessed. A reference library shall be maintained which includes, at a minimum, one current reference from each of the following categories, including access to current periodic updates.

1. A reference including all pertinent Iowa laws, rules, and regulations that impact the pharmacy’s practice.
2. A patient information reference that includes or provides patient information in compliance with rule 657—6.14(155A).
3. A reference on drug interactions.
4. A general information reference.
5. A drug equivalency reference.
6. An injectable-drug compatibility reference.
7. A drug identification reference to enable identification of drugs brought into the facility by patients.
8. The readily accessible telephone number of a poison control center that serves the area.
9. Additional references as may be necessary for the pharmacist to adequately meet the needs of the patients served. For example, the treatment of pediatric patients and oncology patients would require additional references unique to those specialties.

[ARC 2196C, IAB 10/14/15, effective 11/18/15]

657—7.4 and 7.5 Reserved.

657—7.6(124,155A) Security. The pharmacy shall be located in an area or areas that facilitate the provision of services to patients and shall be integrated with the facility’s communication and transportation systems. The following conditions must be met to ensure appropriate control over drugs and chemicals in and under the control of the pharmacy:

7.6(1) Pharmacist responsibility. Each pharmacist, while on duty, shall be responsible for the security of the pharmacy area, including provisions for effective control against theft of, diversion of, or unauthorized access to drugs or devices, controlled substances, records for such drugs, and patient records as provided in 657—Chapter 21. Policies and procedures shall identify the minimum amount of time that a pharmacist is available at the hospital pharmacy.

7.6(2) Access when pharmacist absent. When the pharmacist is absent from the facility, the pharmacy is closed and shall be secured from public access. Policies and procedures shall be established

that identify who will have access to the pharmacy when the pharmacy is closed and the procedures to be followed for obtaining drugs, devices, and chemicals to fill an emergent need during the pharmacist's absence.

a. The pharmacist in charge may designate pharmacy technicians or pharmacy support persons who may be present in the pharmacy to perform technical or nontechnical functions, respectively, designated by the pharmacist in charge. Activities identified in paragraph “*d*” of this subrule may not be performed when the pharmacy is closed.

b. If the pharmacist in charge has authorized the presence in the pharmacy of a pharmacy technician or a pharmacy support person to perform designated functions when the pharmacy is closed, only a certified pharmacy technician may assist another authorized, licensed health care professional to locate a drug or device pursuant to an emergent need. The pharmacy technician or the pharmacy support person may not dispense or deliver the drug, chemical, or device to the licensed health care professional. The licensed health care professional shall comply with established policies and procedures for obtaining drugs, devices, and chemicals when the pharmacy is closed. The licensed health care professional shall not ask or expect the pharmacy technician or the pharmacy support person to verify that the appropriate drug, chemical, or device has been obtained from the pharmacy.

c. A pharmacy technician or a pharmacy support person who is present in the pharmacy when the pharmacy is closed shall prepare and maintain in the pharmacy a log identifying each period of time that the pharmacy technician or pharmacy support person worked in the pharmacy while the pharmacy was closed and identifying each activity performed during that time period. Each entry shall be dated and each daily record shall be signed by the pharmacy technician or pharmacy support person who prepared the record. The log shall be periodically reviewed by the pharmacist in charge.

d. Activities which shall not be performed by a pharmacy technician or a pharmacy support person when the pharmacist is absent from the facility include:

(1) Dispensing, delivering, or distributing any prescription drugs or devices to patients or others, including health care professionals, prior to pharmacist verification. Verification by a nurse or other licensed health care professional shall not supplant verification by a pharmacist.

(2) Providing the final verification for the accuracy, validity, completeness, or appropriateness of a filled prescription or medication order.

(3) Conducting prospective drug use review or evaluating a patient's medication record for purposes identified in rule 657—8.21(155A).

(4) Providing patient counseling, consultation, or drug information.

(5) Making decisions that require a pharmacist's professional judgment such as interpreting or applying information.

(6) Preparing compounded drug products for immediate administration by other hospital staff or health care professionals without verification by a pharmacist.

7.6(3) *Locked areas.* All pharmacy areas where drugs or devices are maintained or stored and where a pharmacist is not continually present shall be locked.

7.6(4) *Verification by pharmacist.* When the pharmacy is open, patient-specific drugs or devices shall not be distributed prior to the pharmacist's final verification and approval.

7.6(5) *Drugs or devices in patient care areas.* Drugs or devices maintained or stored in patient care areas shall be in locked storage unless the patient care unit is staffed by health care personnel and the medication area is visible to staff at all times.

7.6(6) *Authorized collection program.* Receptacles that are located in the hospital for the authorized collection of controlled substances shall be secured pursuant to 657—Chapter 10 and federal regulations for disposal of controlled substances. Federal regulations regarding disposal of controlled substances can be found at http://deaddiversion.usdoj.gov/drug_disposal/.

[ARC 8673B, IAB 4/7/10, effective 6/1/10; ARC 9408B, IAB 3/9/11, effective 4/13/11; ARC 1308C, IAB 2/5/14, effective 3/12/14; ARC 2408C, IAB 2/17/16, effective 3/23/16]

657—7.7(155A) *Verification by remote pharmacist.* A hospital pharmacy may contract with another pharmacy for remote pharmacist preview and verification of patient-specific drugs or devices ordered for

a patient. Contracted services may include pharmacist order entry pursuant to subrule 7.8(3). Pharmacies entering into a contract or agreement pursuant to this rule shall comply with the following requirements:

7.7(1) *Nonsupplanting service.* A contract or agreement for remote pharmacist services shall not relieve the hospital pharmacy from employing or contracting with a pharmacist to provide routine pharmacy services within the facility. The activities authorized by this rule are intended to supplement on-site hospital pharmacy services and are not intended to eliminate the need for an on-site hospital pharmacy or pharmacist. The activities authorized by this rule are intended to increase the availability of the pharmacist for involvement in cognitive and patient care activities when the pharmacy is open. The hospital pharmacy shall maintain records that demonstrate the directing of pharmacist activities to additional cognitive and patient care activities, and those records shall be available for inspection by the board or an agent of the board.

7.7(2) *Hospital-staff pharmacist.* Nothing in this rule shall prohibit a pharmacist employed by or contracting with a hospital pharmacy for on-site services from also providing remote preview and verification of patient-specific drugs or devices ordered for a patient when the hospital pharmacy is closed. A pharmacist previewing and verifying drug or device orders from a remote location shall have access to patient information pursuant to subrule 7.7(4) or 7.7(5), shall have access to the prescriber as provided in subrule 7.7(6), and shall be identified on the drug or device order as provided in subrule 7.7(7).

7.7(3) *Licenses required.* A pharmacy contracting with a hospital pharmacy to provide services pursuant to this rule shall maintain with the board a current Iowa pharmacy license. A remote pharmacist providing pharmacy services as an employee or agent of a contracting pharmacy pursuant to this rule shall be licensed to practice pharmacy in Iowa.

7.7(4) *Electronic access to patient information.* The remote pharmacist shall have secure electronic access to the hospital pharmacy's patient information system and to all other electronic systems that the on-site pharmacist has access to when the pharmacy is open. The remote pharmacist shall receive training in the use of the hospital's electronic systems.

7.7(5) *Nonelectronic patient information.* If a hospital's patient information is not maintained in an electronic data system or if the hospital pharmacy is not able to provide remote electronic access to the patient information system, the hospital pharmacy may petition for a waiver of subrule 7.7(4) pursuant to 657—Chapter 34 and this subrule. In addition to the information required pursuant to 657—Chapter 34, the petition for waiver shall identify the hospital pharmacy's alternative to the electronic sharing of patient information, shall explain in detail how the alternative method will ensure timely provision of patient information necessary for the remote pharmacist to effectively review the patient's drug regimen and history, and shall detail the processes involved in the alternative proposal including identification of all individuals involved in each of those processes.

7.7(6) *Access to prescriber.* The remote pharmacist shall be able to contact the prescriber to discuss any concerns identified during the pharmacist's review of the patient's information.

7.7(7) *Pharmacist identified.* The record of each patient-specific drug or device order processed pursuant to this rule shall identify, by name or other unique identifier, each pharmacist involved in the preview and verification of the order. The record of each patient-specific drug or device visually verified pursuant to this rule shall identify, by name or other unique identifier, each pharmacist involved in the visual verification of the product.

[ARC 9408B, IAB 3/9/11, effective 4/13/11; ARC 0502C, IAB 12/12/12, effective 1/16/13]

657—7.8(124,126,155A) Drug distribution and control. Policies and procedures governing drug distribution and control shall be established pursuant to rule 657—8.3(155A) with input from other involved hospital staff such as physicians and nurses, from committees such as the pharmacy and therapeutics committee or its equivalent, and from any related patient care committee. It is essential that the pharmacist in charge or designee routinely be available to or on all patient care areas to establish rapport with the personnel and to become familiar with and contribute to medical and nursing procedures relating to drugs.

7.8(1) Drug preparation. Control and adequate quality assurance procedures needed to ensure that patients receive the correct drugs at the proper times shall be established pursuant to rule 657—8.3(155A).

a. Hospitals shall utilize a unit dose dispensing system pursuant to rule 657—22.1(155A). All drugs dispensed by the pharmacy for administration to patients shall be in single unit or unit dose packages if practicable unless the dosage form or drug delivery device makes it impracticable to package the drug in a unit dose or single unit package.

(1) Established policies and procedures shall identify situations when drugs may be dispensed in other than unit dose or single unit packages outside the unit dose dispensing system.

(2) The need for nurses to manipulate drugs prior to their administration shall be minimized.

b. Pharmacy personnel shall, except as specified in policies and procedures, prepare all sterile products in conformance with 657—Chapter 20.

c. Pharmacy personnel shall compound or prepare drug formulations, strengths, dosage forms, and packages useful in the care of patients.

7.8(2) Drug formulary. Established policies and procedures shall include a current formulary of drug products approved for use in the institution and shall include specifications for those drug products.

7.8(3) Medication orders. Except as provided in subrule 7.8(14) or this subrule, a pharmacist shall receive a copy of an original written medication order for review except when the prescriber directly enters the medication order into an electronic medical record system or when the prescriber issues a verbal medication order directly to a registered nurse or pharmacist who then enters the order into an electronic medical record system.

a. Verbal order. The use of verbal orders shall be minimized. All verbal orders shall be read back to the prescriber, and the read back shall be documented with or on the order.

b. Written order not entered by prescriber. If an individual other than the prescriber enters a medication order into an electronic medical record system from an original written medication order, the pharmacist shall review and verify the entry against the original written order before the drug is dispensed except for emergency use, when the pharmacy is closed, or as provided in rule 657—7.7(155A).

c. Order entered when pharmacy closed. When the pharmacy is closed, a registered nurse or pharmacist may enter a medication order into an electronic medical record system for the purpose of creating an electronic medication administration record and a pharmacist shall verify the entry against the original written medication order, if such written order exists, as soon as practicable.

d. System security. Hospitalwide and pharmacy stand-alone computer systems shall be secure against unauthorized entry. System login or access credentials issued to an authorized system user shall not be shared or disclosed to any other individual.

e. Abbreviations and chemical symbols on orders. The use of abbreviations and chemical symbols on medication orders shall be discouraged but, if used, shall be limited to abbreviations and chemical symbols approved by the appropriate patient care committee.

7.8(4) Stop order. A written policy or other system concerning stop orders shall be established to ensure that medication orders are not inappropriately continued.

7.8(5) Emergency drug supplies and floor stock. Supplies of drugs for use in medical emergencies shall be immediately available at each nursing unit or service area as specified in policies and procedures. Authorized stocks shall be periodically reviewed in a multidisciplinary manner. All drug storage areas within the hospital shall be routinely inspected to ensure that no outdated or unusable items are present and that all stock items are properly labeled and stored.

7.8(6) Disaster services. The pharmacy shall be prepared to provide drugs and pharmaceutical services in the event of a disaster affecting the availability of drugs or internal access to drugs or access to the pharmacy.

7.8(7) Drugs brought into the institution. Established policies and procedures shall determine those circumstances when patient-owned drugs brought into the institution may be administered to a hospital patient and shall identify procedures governing the use and security of drugs brought into the institution. Procedures shall address identification of the drug and methods for ensuring the integrity of the product

prior to permitting its use by the patient. The use of patient-owned drugs shall be minimized to the greatest extent possible.

7.8(8) *Samples.* The use of drug samples within the institution shall be eliminated to the extent possible. Sample use is prohibited for hospital inpatient use. If the use of drug samples is permitted for hospital outpatients, that use of samples shall be controlled and the samples shall be distributed through the pharmacy or through a process developed in cooperation with the pharmacy and the institution's appropriate patient care committee, subject to oversight by the pharmacy.

7.8(9) *Investigational drugs.* If investigational drugs are used in the institution:

- a. A pharmacist shall be a member of the institutional review board.
- b. The pharmacy shall be responsible, in cooperation with the principal investigator, for providing information about investigational drugs used in the institution and for the distribution and control of those drugs.

7.8(10) *Hazardous drugs and chemicals.* Policies and procedures for handling drugs and chemicals that are known occupational hazards shall be established pursuant to rule 657—8.3(155A). The procedures shall maintain the integrity of the drug or chemical and protect hospital personnel.

7.8(11) *Leave meds.* Labeling of prescription drugs for a patient on leave from the facility for a period in excess of 24 hours shall comply with 657—subrule 6.10(1). The dispensing pharmacist shall be responsible for packaging and labeling leave meds in compliance with this subrule.

7.8(12) *Discharge meds.* Drugs authorized for a patient being discharged from the facility shall be labeled in compliance with 657—subrule 6.10(1) before the patient removes those drugs from the facility premises. The dispensing pharmacist shall be responsible for packaging and labeling discharge meds in compliance with this subrule.

7.8(13) *Own-use outpatient prescriptions.* If the hospital pharmacy dispenses own-use outpatient prescriptions, the pharmacist shall comply with all requirements of 657—Chapter 6 except rule 657—6.1(155A).

7.8(14) *Influenza and pneumococcal vaccines.* As authorized by federal law, a written or verbal patient-specific medication administration order shall not be required prior to administration to an adult patient of influenza and pneumococcal vaccines pursuant to physician-approved hospital policy and after the patient has been assessed for contraindications. Administration shall be recorded in the patient's medical record.

[ARC 8170B, IAB 9/23/09, effective 10/28/09; ARC 9911B, IAB 12/14/11, effective 1/18/12; ARC 1961C, IAB 4/15/15, effective 5/20/15; ARC 2194C, IAB 10/14/15, effective 11/18/15; ARC 2197C, IAB 10/14/15, effective 11/18/15]

657—7.9(124,155A) Drug information. Established policies and procedures shall include the provision to the institution's staff and patients of accurate, comprehensive information about drugs and their use. The pharmacy shall serve as the institution's center for drug information.

7.9(1) *Staff education.* The pharmacist shall keep the institution's staff well informed about the drugs used in the institution and their various dosage forms and packagings.

7.9(2) *Patient education.* The pharmacist shall help ensure that all patients are given adequate information about the drugs that they receive. This is particularly important for ambulatory, home care, and discharged patients. These patient education activities shall be coordinated with the nursing and medical staffs and patient education department, if any.

[ARC 1961C, IAB 4/15/15, effective 5/20/15]

657—7.10(124,155A) Ensuring rational drug therapy. An important aspect of pharmaceutical services is that of maximizing rational drug use. Policies and procedures for ensuring the quality of drug therapy shall be established pursuant to rule 657—8.3(155A).

7.10(1) *Patient profile.* Sufficient patient information shall be collected, maintained, and reviewed by the pharmacist to ensure meaningful and effective participation in patient care. This requires that a drug profile be maintained for each patient receiving care at the hospital. A pharmacist-conducted drug history from patients may be useful in this regard.

- a. Appropriate clinical information about patients shall be available and accessible to the pharmacist for use in daily practice.

b. The pharmacist shall review each patient's current drug regimen and directly communicate any suggested changes to the prescriber.

7.10(2) Adverse drug events. Established policies and procedures shall include a mechanism for the reporting and review, by the committee or other appropriate medical group, of adverse drug events. The pharmacist shall be informed of all reported adverse drug events occurring in the facility. Adverse drug events include but need not be limited to adverse drug reactions and medication errors.

[ARC 1961C, IAB 4/15/15, effective 5/20/15]

657—7.11(124,126,155A) Outpatient services. No prescription drugs shall be dispensed to patients in a hospital outpatient setting. If a need is established for the dispensing of a prescription drug to an outpatient, a prescription drug order shall be provided to the patient to be filled at a pharmacy of the patient's choice.

7.11(1) Definitions. For the purposes of this rule, the following definitions shall apply:

"Emergency department patient" means an individual who is examined and evaluated in the emergency department.

"Outpatient" means an individual examined and evaluated by a prescriber who determined the individual's need for the administration of a drug or device, which individual presents to the hospital outpatient setting with a prescription or order for administration of a drug or device. "Outpatient" does not include an emergency department patient.

"Outpatient medication order" means a written order from a prescriber or an oral or electronic order from a prescriber or the prescriber's authorized agent for administration of a drug or device. An outpatient medication order may authorize continued or periodic administration of a drug or device for a period of time and frequency determined by the prescriber or by hospital policy, not to exceed legal limits for the refilling of a prescription drug order.

7.11(2) Administration in the outpatient setting. Drugs shall be administered only to outpatients who have been examined and evaluated by a prescriber who determined the patient's need for the drug therapy ordered.

a. *Accountability.* Established policies and procedures shall include a system of drug control and accountability in the outpatient setting. The system shall ensure accountability of drugs incidental to outpatient nonemergency therapy or treatment. Drugs shall be administered only in accordance with the system.

b. *Controlled substances.* Controlled substances maintained in the outpatient setting are kept for use by or at the direction of prescribers for the nonemergency therapy or treatment of outpatients. In order to receive a controlled substance, a patient shall be examined in the outpatient setting or in an alternate practice setting or office by a prescriber who shall determine the patient's need for the drug. If the patient is examined in a setting outside the outpatient setting, the prescriber shall provide the patient with a written prescription or order to be presented at the hospital outpatient setting.

c. *Outpatient medication orders.* A prescriber may authorize, by outpatient medication order, the periodic administration of a drug to an outpatient.

(1) Schedule II controlled substance. An outpatient medication order for administration of a Schedule II controlled substance shall be written and, except as provided in rule 657—10.25(124) regarding the issuance of multiple Schedule II prescriptions, may authorize the administration of an appropriate amount of the prescribed substance for a period not to exceed 90 days from the date ordered.

(2) Schedule III, IV, or V controlled substance. An outpatient medication order for administration of a Schedule III, IV, or V controlled substance shall be written and may be authorized for a period not to exceed six months from the date ordered.

(3) Noncontrolled substance. An outpatient medication order for administration of a noncontrolled prescription drug may be authorized for a period not to exceed 18 months from the date ordered.

[ARC 8909B, IAB 6/30/10, effective 8/4/10; ARC 0243C, IAB 8/8/12, effective 9/12/12; ARC 1961C, IAB 4/15/15, effective 5/20/15]

657—7.12(124,126,155A) Drugs in the emergency department. Drugs maintained in the emergency department are kept for use by or at the direction of prescribers in the emergency department. Drugs shall be administered or dispensed only to emergency department patients. For the purposes of this rule,

“emergency department patient” means an individual who is examined and evaluated in the emergency department.

7.12(1) *Accountability.* Established policies and procedures shall include a system of drug control and accountability in the emergency department. The system shall identify drugs of the nature and type to meet the immediate needs of emergency department patients. Drugs shall be administered or dispensed only in accordance with the system.

7.12(2) *Controlled substances.* Controlled substances maintained in the emergency department are kept for use by or at the direction of prescribers in the emergency department.

a. In order to receive a controlled substance, a patient shall be examined in the emergency department by a prescriber who shall determine the need for the drug. It is not permissible under state and federal regulations for a prescriber to see a patient outside the emergency department setting, or talk to the patient on the telephone, and then proceed to call the emergency department and order the administration of a stocked controlled substance upon the patient’s arrival at the emergency department except as provided in paragraph 7.12(2) “*c*” or “*d*.”

b. A prescriber may authorize, without again examining the patient, the administration of additional doses of a previously authorized drug to a patient presenting to the emergency department within 24 hours of the patient’s examination and treatment in the emergency department.

c. In an emergency situation when a health care practitioner authorized to prescribe controlled substances is not available on site, and regardless of the provisions of paragraph 7.12(2) “*a*,” the emergency department nurse may examine the patient in the emergency department and contact the on-call prescriber. The on-call prescriber may then authorize the nurse to administer a controlled substance to the patient pending the arrival of the prescriber at the emergency department. As soon as possible, the prescriber shall examine the patient in the emergency department and determine the patient’s further treatment needs.

d. In an emergency situation when a health care practitioner authorized to prescribe controlled substances examines a patient in the prescriber’s office and determines a need for the administration of a controlled substance, and regardless of the provisions of paragraph 7.12(2) “*a*,” the prescriber may direct the patient to present to the emergency department, with a valid written prescription or order for the administration of the controlled substance. As soon as possible, the prescriber shall examine the patient in the emergency department and determine the patient’s further treatment needs.

7.12(3) *Drug dispensing.* In those facilities with 24-hour pharmacy services, only a pharmacist or prescriber may dispense any drugs to an emergency department patient. In those facilities located in an area of the state where 24-hour outpatient or 24-hour on-call pharmacy services are not available within 15 miles of the hospital, and which facilities are without 24-hour outpatient pharmacy services, the provisions of this rule shall apply.

a. Responsibility. Pursuant to rule 657—8.3(155A), the accuracy and labeling of prepackaged drugs shall be ensured and accurate records of dispensing of drugs from the emergency department shall be maintained.

(1) *Prepackaging.* Except as provided in subrule 7.12(4), drugs dispensed to an emergency department patient in greater than a 24-hour supply may be dispensed only in prepackaged quantities not to exceed a 72-hour supply or the minimum prepackaged quantity in suitable containers, except that a seven-day supply of doxycycline provided through the department of public health pursuant to the crime victim compensation program of the Iowa department of justice may be dispensed for the treatment of a victim of sexual assault. Prepackaged drugs shall be prepared pursuant to the requirements of rule 657—22.3(126).

(2) *Labeling.* Drugs dispensed pursuant to this paragraph shall be appropriately labeled as required in paragraph 7.12(3) “*b*,” including necessary auxiliary labels.

b. Prescriber responsibility. Except as provided in subrule 7.12(4), a prescriber who authorizes dispensing of a prescription drug to an emergency department patient is responsible for the accuracy of the dispensed drug and for the accurate completion of label information pursuant to this paragraph.

(1) Labeling. Except as provided in subrule 7.12(4), at the time of delivery of the drug the prescriber shall appropriately complete the label such that the dispensing container bears a label with at least the following information:

1. Name and address of the hospital;
2. Date dispensed;
3. Name of prescriber;
4. Name of patient;
5. Directions for use;
6. Name and strength of drug.

(2) Delivery of drug to patient. Except as provided in subrule 7.12(4), the prescriber, or a licensed nurse under the supervision of the prescriber, shall give the appropriately labeled, prepackaged drug to the patient or patient's caregiver. The prescriber, or a licensed nurse under the supervision of the prescriber, shall explain the correct use of the drug and shall explain to the patient that the dispensing is for an emergency or starter supply of the drug. If additional quantities of the drug are required to complete the needed course of treatment, the prescriber shall provide the patient with a prescription for the additional quantities.

7.12(4) Use of InstyMeds dispensing system. A hospital located in an area of the state where 24-hour outpatient pharmacy services are not available within 15 miles of the hospital may implement the InstyMeds dispensing system in the hospital emergency department only as provided by this subrule.

a. Persons with access to the dispensing machine for the purposes of stocking, inventory, and monitoring shall be limited to pharmacists, pharmacy technicians, and pharmacist-interns.

b. The InstyMeds dispensing system shall be used only in the hospital emergency department for the benefit of patients examined or treated in the emergency department.

c. The dispensing machine shall be located in a secure and professionally appropriate environment.

d. The stock of drugs maintained and dispensed utilizing the InstyMeds dispensing system shall be limited to acute care drugs provided in appropriate quantities for a 72-hour supply or the minimum commercially available package size, except that antimicrobials may be dispensed in a quantity to provide the full course of therapy.

e. Drugs dispensed utilizing the InstyMeds dispensing system shall be appropriately labeled as provided in 657—subrule 6.10(1), paragraphs “a” through “g.”

f. Prior to authorizing the dispensing of a drug utilizing the InstyMeds dispensing system, the prescriber shall offer the patient the option of being provided a prescription that may be filled at the pharmacy of the patient's choice.

g. When appropriate for an acute condition, the prescriber shall provide to the patient or the patient's caregiver a prescription for the remainder of drug therapy beyond the supply available utilizing the InstyMeds dispensing system. During consultation with the patient or the patient's caregiver, the prescriber shall clearly explain the appropriate use of the drug supplied, the need to have a prescription for any additional supply of the drug filled at a pharmacy of the patient's choice, and the need to complete the full course of drug therapy.

h. The pharmacy shall, in conjunction with the hospital emergency department, implement policies and procedures to ensure that a patient utilizing the InstyMeds dispensing system has been positively identified.

i. The hospital pharmacist shall review the printout of drugs provided utilizing the InstyMeds dispensing system within 24 hours unless the pharmacy is closed, in which case the printout shall be reviewed during the first day the pharmacy is open following the provision of the drugs. The purpose of the review is to identify any dispensing errors, to determine dosage appropriateness, and to complete a retrospective drug use review of any antimicrobials dispensed in a quantity greater than a 72-hour supply. Any discrepancies found shall be addressed by the pharmacy's continuous quality improvement program.

[ARC 8909B, IAB 6/30/10, effective 8/4/10; ARC 1961C, IAB 4/15/15, effective 5/20/15]

657—7.13(124,155A) Records. Every inventory or other record required to be kept under this chapter or other board rules or under Iowa Code chapters 124 and 155A shall be kept by the pharmacy and be available for inspection and copying by the board or its representative for at least two years from the date of such inventory or record unless a longer retention period is specified for the particular inventory or record.

7.13(1) Medication order information. Each original medication order contained in inpatient records shall bear the following information:

- a. Patient name and identification number;
- b. Drug name, strength, and dosage form;
- c. Directions for use;
- d. Date ordered;
- e. Practitioner's signature or electronic signature or that of the practitioner's authorized agent.

7.13(2) Medication order maintained. The original medication order shall be maintained with the medication administration record in the medical records of the patient following discharge.

7.13(3) Documentation of drug administration. Each dose of medication administered shall be properly recorded in the patient's medical record.

These rules are intended to implement Iowa Code sections 124.301, 124.303, 124.306, 126.10, 126.11, 155A.6, 155A.13, 155A.27, 155A.28, 155A.31, and 155A.33 through 155A.36.

CHAPTER 8
UNIVERSAL PRACTICE STANDARDS
[Prior to 2/10/88, see Pharmacy Examiners[620] Ch 6]

657—8.1(155A) Purpose and scope. The requirements of these rules apply to all Iowa-licensed pharmacists and to all pharmacies providing the services addressed in this chapter to patients in Iowa and are in addition to rules of the board relating to specific types of pharmacy licenses issued by the board.

657—8.2(155A) Pharmaceutical care. Pharmaceutical care is a comprehensive, patient-centered, outcomes-oriented pharmacy practice in which the pharmacist accepts responsibility for assisting the prescriber and the patient in optimizing the patient's drug therapy plan and works to promote health, to prevent disease, and to optimize drug therapy. Pharmaceutical care does not include the prescribing of drugs without the consent of the prescribing practitioner.

8.2(1) Drug therapy problems. In providing pharmaceutical care, the pharmacist shall strive to identify, resolve, and prevent drug therapy problems.

8.2(2) Drug therapy plan. In providing pharmaceutical care, the pharmacist shall access and evaluate patient-specific information, identify drug therapy problems, and utilize that information in a documented plan of therapy that assists the patient or the patient's caregiver in achieving optimal drug therapy. In concert with the patient, the patient's prescribing practitioner, and the patient's other health care providers, the pharmacist shall assess, monitor, and suggest modifications of the plan as appropriate.

8.2(3) Eligibility. Any Iowa-licensed pharmacist may practice pharmaceutical care.

657—8.3(155A) Responsible parties.

8.3(1) Pharmacist in charge. One professionally competent, legally qualified pharmacist in charge in each pharmacy shall work cooperatively with the pharmacy, by and through its owner or license holder, and with all staff pharmacists to ensure the legal operation of the pharmacy, including meeting all inspection and other requirements of state and federal laws, rules, and regulations governing the practice of pharmacy. A part-time pharmacist in charge has the same obligations and responsibilities as a full-time pharmacist in charge.

8.3(2) Pharmacy. Each pharmacy, by and through its owner or license holder, shall work cooperatively with the pharmacist in charge and with all staff pharmacists to ensure the legal operation of the pharmacy, including meeting all inspection and other requirements of state and federal laws, rules, and regulations governing the practice of pharmacy. The pharmacy, by and through its owner or license holder, shall be responsible for employing a professionally competent, legally qualified pharmacist in charge.

8.3(3) Pharmacy and pharmacist in charge. The pharmacist in charge and the pharmacy, by and through its owner or license holder, shall share responsibility for, at a minimum, the following:

a. Ensuring that the pharmacy employs an adequate number of qualified personnel commensurate with the size and scope of services provided by the pharmacy.

b. Ensuring the availability of any equipment and references necessary for the particular practice of pharmacy.

c. Ensuring that there is adequate space within the prescription department or a locked room not accessible to the public for the storage of prescription drugs, including controlled substances, devices, and pharmacy records, and to support the operations of the pharmacy.

8.3(4) Pharmacist in charge and staff pharmacists. The pharmacist in charge and staff pharmacists shall share responsibility for, at a minimum, the following:

a. Ensuring that a pharmacist performs prospective drug use review as specified in rule 657—8.21(155A).

b. Ensuring that a pharmacist provides patient counseling as specified in rule 657—6.14(155A).

- c. Dispensing drugs to patients, including the packaging, preparation, compounding, and labeling functions performed by pharmacy personnel.
- d. Delivering drugs to the patient or the patient's agent.
- e. Ensuring that patient medication records are maintained as specified in rule 657—6.13(155A).
- f. Training and supervising pharmacist-interns, pharmacy technicians, pharmacy support persons, and other pharmacy employees.
- g. Procuring and storing prescription drugs and devices and other products dispensed from the pharmacy.
- h. Distributing and disposing of drugs from the pharmacy.
- i. Maintaining records of all transactions of the pharmacy necessary to maintain accurate control over and accountability for all drugs as required by applicable state and federal laws, rules, and regulations.
- j. Ensuring the legal operation of the pharmacy, including meeting all inspection and other requirements of state and federal laws, rules, and regulations governing the practice of pharmacy.

8.3(5) *Pharmacy, pharmacist in charge, and staff pharmacists.* The pharmacy, by and through its owner or license holder, the pharmacist in charge, and all staff pharmacists shall share responsibility for, at a minimum, the following:

- a. Establishing and periodically reviewing (by the pharmacy and the pharmacist in charge), implementing (by the pharmacist in charge), and complying (by the pharmacist in charge and staff pharmacists) with policies and procedures for all operations of the pharmacy. The policies and procedures shall identify the frequency of review.
- b. Establishing and maintaining effective controls against the theft or diversion of prescription drugs, including controlled substances, and records for such drugs.
- c. Establishing (by the pharmacy and the pharmacist in charge), implementing (by the pharmacist in charge), and utilizing (by the pharmacist in charge and staff pharmacists) an ongoing, systematic program of continuous quality improvement for achieving performance enhancement and ensuring the quality of pharmaceutical services.

8.3(6) *Practice functions.* The pharmacist is responsible for all functions performed in the practice of pharmacy. The pharmacist maintains responsibility for any and all delegated functions including functions delegated to pharmacist-interns, pharmacy technicians, and pharmacy support persons.

8.3(7) *Pharmacist-documented verification.* The pharmacist shall provide, document, and retain a record of the final verification for the accuracy, validity, completeness, and appropriateness of the patient's prescription or medication order prior to the delivery of the medication to the patient or the patient's representative.

[ARC 8673B, IAB 4/7/10, effective 6/1/10; ARC 1576C, IAB 8/20/14, effective 9/24/14; ARC 1961C, IAB 4/15/15, effective 5/20/15]

657—8.4(155A) Pharmacist identification and staff logs.

8.4(1) *Display of pharmacist license.* During any period the pharmacist is working in a pharmacy, each pharmacist shall display, in a position visible to the public, an original license to practice pharmacy. A current license renewal certificate, which may be a photocopy of an original renewal certificate, shall be displayed with the original license.

8.4(2) *Identification codes.* A permanent log of the initials or identification codes identifying by name each dispensing pharmacist, pharmacist-intern, pharmacy technician, and pharmacy support person shall be maintained for a minimum of two years and shall be available for inspection and copying by the board or its representative. The initials or identification code shall be unique to the individual to ensure that each pharmacist, pharmacist-intern, pharmacy technician, and pharmacy support person can be identified.

8.4(3) *Temporary or intermittent pharmacy staff.* The pharmacy shall maintain a log of all pharmacists, pharmacist-interns, pharmacy technicians, and pharmacy support persons who have worked at that pharmacy and who are not regularly staffed at that pharmacy. Such log shall include the dates and shifts worked by each pharmacist, pharmacist-intern, pharmacy technician, and pharmacy

support person and shall be available for inspection and copying by the board or its representative for a minimum of two years following the date of the entry.

8.4(4) Identification badge. A pharmacist shall wear a visible identification badge while on duty that clearly identifies the person as a pharmacist and includes at least the pharmacist's first name.

[ARC 8673B, IAB 4/7/10, effective 6/1/10; ARC 9409B, IAB 3/9/11, effective 4/13/11]

657—8.5(155A) Environment and equipment requirements. There shall be adequate space, equipment, and supplies for the professional and administrative functions of the pharmacy pursuant to rule 657—8.3(155A). Space and equipment in an amount and type to provide secure, environmentally controlled storage of drugs shall be available.

8.5(1) Refrigeration. The pharmacy shall maintain one or more refrigeration units. The temperature of the refrigerator shall be maintained within a range compatible with the proper storage of drugs requiring refrigeration, and a thermometer shall be maintained in the refrigerator to verify the temperature.

8.5(2) Sink. The pharmacy shall have a sink with hot and cold running water located within the pharmacy department and available to all pharmacy personnel; the sink shall be maintained in a sanitary condition.

8.5(3) Secure barrier. A pharmacy department shall be closed and secured in the absence of the pharmacist except as provided in rule 657—6.7(124,155A) or 657—7.6(124,155A). To ensure that secure closure, the pharmacy department shall be surrounded by a physical barrier capable of being securely locked to prevent entry when the department is closed. A secure barrier may be constructed of other than a solid material with a continuous surface if the openings in the material are not large enough to permit removal of items from the pharmacy department by any means. Any material used in the construction of the barrier shall be of sufficient strength and thickness that it cannot be readily or easily removed, penetrated, or bent. The plans and specifications of the barrier shall be submitted to the board for approval at least 30 days prior to the start of construction. The pharmacy may be subject to inspection as provided in subrule 8.5(4).

8.5(4) Remodel or relocation—inspection. A pharmacy planning to remodel or relocate a licensed pharmacy department on or within the premises currently occupied by the pharmacy department, or a pharmacy intending to remodel or install a sterile compounding facility or equipment, shall provide written notification to the board at least 30 days prior to commencement of the remodel, pharmacy relocation, or sterile compounding installation. The board may require on-site inspection of the facility, equipment, or pharmacy department prior to or during the pharmacy's remodel, relocation, or opening. The board may also require on-site inspection of a temporary pharmacy location intended to be utilized during the remodel, construction, or relocation of the pharmacy department.

8.5(5) Orderly and clean. The pharmacy shall be arranged in an orderly fashion and kept clean. All required equipment shall be in good operating condition and maintained in a sanitary manner. Animals shall not be allowed within a licensed pharmacy unless that pharmacy is exclusively providing services for the treatment of animals or unless the animal is a service dog or assistive animal as defined in Iowa Code subsection 216C.11(1).

8.5(6) Light, ventilation, temperature, and humidity. The pharmacy shall be properly lighted and ventilated. The temperature and humidity of the pharmacy shall be maintained within a range compatible with the proper storage of drugs.

8.5(7) Other equipment. The pharmacist in charge and the pharmacy, by and through its owner or license holder, shall share the responsibility for ensuring the availability of any other equipment necessary for the particular practice of pharmacy and to meet the needs of the patients served by the pharmacy.

8.5(8) Bulk counting machines. Unless bar-code scanning is required and utilized to verify the identity of each stock container of drugs utilized to restock a counting machine cell or bin, a pharmacist shall verify the accuracy of the drugs to be restocked prior to filling the counting machine cell or bin. A record identifying the individual who verified the drugs to be restocked, the individual who restocked the counting machine cell or bin, and the date shall be maintained. Established policies and procedures

shall include a method to calibrate and verify the accuracy of the counting device. The pharmacy shall, at least quarterly, verify the accuracy of the device and maintain a dated record identifying the individual who performed the quarterly verification.

8.5(9) Authorized collection program. A pharmacy that is registered with the United States Department of Justice, Drug Enforcement Administration, to administer an authorized collection program shall provide adequate space, equipment, and supplies for such collection program pursuant to 657—Chapter 10 and federal regulations for authorized collection programs, which can be found at http://deadiversion.usdoj.gov/drug_disposal/.

[ARC 8671B, IAB 4/7/10, effective 5/12/10; ARC 0503C, IAB 12/12/12, effective 1/16/13; ARC 1961C, IAB 4/15/15, effective 5/20/15; ARC 2408C, IAB 2/17/16, effective 3/23/16]

657—8.6(155A) Health of personnel. Only personnel authorized by the responsible pharmacist shall be in the immediate vicinity of the drug dispensing, preparation, compounding, or storage areas. Any person shown, either by medical examination or pharmacist determination, to have an apparent illness or open lesions that may adversely affect the quality or safety of a drug product or another individual shall be excluded from direct contact with components, bulk drug substances, drug product containers, closures, in-process materials, drug products, and patients until the condition is corrected or determined by competent medical personnel not to jeopardize the quality or safety of drug products or patients. All personnel who normally assist the pharmacist shall be instructed to report to the pharmacist any health conditions that may have an adverse effect on drug products or may pose a health or safety risk to others.

657—8.7(155A) Procurement, storage, and recall of drugs and devices.

8.7(1) Source. Procurement of prescription drugs and devices shall be from a drug wholesaler licensed by the board to distribute to Iowa pharmacies or, on a limited basis, from another licensed pharmacy or licensed practitioner located in the United States.

8.7(2) Sufficient stock. A pharmacy shall maintain sufficient stock of drugs and devices to fulfill the foreseeable needs of the patients served by the pharmacy.

8.7(3) Manner of storage. Drugs and devices shall be stored in a manner to protect their identity and integrity.

8.7(4) Storage temperatures. All drugs and devices shall be stored at the proper temperature, as defined by the following terms:

a. “Controlled room temperature” means temperature maintained thermostatically between 15 degrees and 30 degrees Celsius (59 degrees and 86 degrees Fahrenheit);

b. “Cool” means temperature between 8 degrees and 15 degrees Celsius (46 degrees and 59 degrees Fahrenheit). Drugs and devices may be stored in a refrigerator unless otherwise specified on the labeling;

c. “Refrigerate” means temperature maintained thermostatically between 2 degrees and 8 degrees Celsius (36 degrees and 46 degrees Fahrenheit); and

d. “Freeze” means temperature maintained thermostatically between -20 degrees and -10 degrees Celsius (-4 degrees and 14 degrees Fahrenheit).

8.7(5) Product recall. There shall be a system for removing from use, including unit dose, any drugs and devices subjected to a product recall.

657—8.8(124,155A) Out-of-date drugs or devices. Any drug or device bearing an expiration date shall not be dispensed for use beyond the expiration date of the drug or device. Outdated drugs or devices shall be removed from dispensing stock and shall be quarantined until such drugs or devices are properly disposed of.

657—8.9(124,155A) Records. Every inventory or other record required to be maintained by a pharmacy pursuant to board rules or Iowa Code chapters 124 and 155A shall be maintained and be available for inspection and copying by the board or its representative for at least two years from the date of such inventory or record unless a longer retention period is specified for the particular record or inventory. Original hard-copy prescription and other pharmacy records more than 12 months old may

be maintained in a secure storage area outside the licensed pharmacy department unless such remote storage is prohibited under federal law. A remote storage area shall be located within the same physical structure containing the licensed pharmacy department. The following records shall be maintained for at least two years.

8.9(1) *Drug supplier invoices.* All pharmacies shall maintain supplier invoices of prescription drugs and controlled substances upon which the actual date of receipt of the controlled substances by the pharmacist or other responsible individual is clearly recorded.

8.9(2) *Drug supplier credits.* All pharmacies shall maintain supplier credit memos for controlled substances and prescription drugs.

[ARC 8539B, IAB 2/24/10, effective 4/1/10]

657—8.10 Reserved.

657—8.11(147,155A) Unethical conduct or practice. The provisions of this rule apply to licensed pharmacies, licensed pharmacists, registered pharmacy technicians, registered pharmacy support persons, and registered pharmacist-interns.

8.11(1) *Misrepresentative deeds.* A pharmacist, technician, support person, or pharmacist-intern shall not make any statement intended to deceive, misrepresent or mislead anyone, or be a party to or an accessory to any fraudulent or deceitful practice or transaction in pharmacy or in the operation or conduct of a pharmacy.

8.11(2) *Undue influence.*

a. A pharmacist shall not accept professional employment or share or receive compensation in any form arising out of, or incidental to, the pharmacist's professional activities from a prescriber of prescription drugs or any other person or corporation in which one or more such prescribers have a proprietary or beneficial interest sufficient to permit them to directly or indirectly exercise supervision or control over the pharmacist in the pharmacist's professional responsibilities and duties or over the pharmacy wherein the pharmacist practices.

b. A prescriber may employ a pharmacist to provide nondispensing, drug information, or other cognitive services.

8.11(3) *Lease agreements.* A pharmacist shall not lease space for a pharmacy under any of the following conditions:

a. From a prescriber of prescription drugs or a group, corporation, association, or organization of such prescribers on a percentage of income basis;

b. From a group, corporation, association, or organization in which prescribers have majority control or have directly or indirectly a majority beneficial or proprietary interest on a percentage of income basis; or

c. If the rent is not reasonable according to commonly accepted standards of the community in which the pharmacy will be located.

8.11(4) *Nonconformance with law.* A pharmacist, technician, support person, or pharmacist-intern shall not knowingly serve in a pharmacy which is not operated in conformance with law, or which engages in any practice which if engaged in by a pharmacist would be unethical conduct.

8.11(5) *Freedom of choice/solicitation/kickbacks/fee-splitting and imprinted prescription blanks or forms.* A pharmacist or pharmacy shall not enter into any agreement which negates a patient's freedom of choice of pharmacy services. A purchasing pharmacist or pharmacy shall not engage in any activity or include in any agreement with a selling pharmacist or pharmacy any provision that would prevent or prohibit the prior notifications required in subrule 8.35(7). A pharmacist or pharmacy shall not participate in prohibited agreements with any person in exchange for recommending, promoting, accepting, or promising to accept the professional pharmaceutical services of any pharmacist or pharmacy. "Person" includes an individual, corporation, partnership, association, firm, or other entity. "Prohibited agreements" includes an agreement or arrangement that provides premiums, "kickbacks," fee-splitting, or special charges as compensation or inducement for placement of business or solicitation of patronage with any pharmacist or pharmacy. "Kickbacks" includes, but is not limited to, the

provision of medication carts, facsimile machines, any other equipment, or preprinted forms or supplies for the exclusive use of a facility or practitioner at no charge or billed below reasonable market rate. A pharmacist shall not provide, cause to be provided, or offer to provide to any person authorized to prescribe prescription blanks or forms bearing the pharmacist's or pharmacy's name, address, or other means of identification, except that a hospital may make available to hospital staff prescribers, emergency department prescribers, and prescribers granted hospital privileges for the prescribers' use during practice at or in the hospital generic prescription blanks or forms bearing the name, address, or telephone number of the hospital pharmacy.

8.11(6) *Discrimination.* It is unethical to unlawfully discriminate between patients or groups of patients for reasons of religion, race, creed, color, gender, gender identity, sexual orientation, marital status, age, national origin, physical or mental disability, or disease state when providing pharmaceutical services.

8.11(7) *Claims of professional superiority.* A pharmacist shall not make a claim, assertion, or inference of professional superiority in the practice of pharmacy which cannot be substantiated, or claim an unusual, unsubstantiated capacity to supply a drug or professional service to the community.

8.11(8) *Unprofessional conduct or behavior.* A pharmacist shall not exhibit unprofessional behavior in connection with the practice of pharmacy or refuse to provide reasonable information or answer reasonable questions for the benefit of the patient. Unprofessional behavior shall include, but not be limited to, the following acts: verbal abuse, coercion, intimidation, harassment, sexual advances, threats, degradation of character, indecent or obscene conduct, and theft.

[ARC 9526B, IAB 6/1/11, effective 7/6/11]

657—8.12(126,147) Advertising. Prescription drug price and nonprice information may be provided to the public by a pharmacy so long as the information is not false or misleading and is not in violation of any federal or state laws applicable to the advertisement of such articles generally and if all of the following conditions are met:

1. All charges for services to the consumer must be stated.
2. The effective dates for the prices listed shall be stated.
3. No reference shall be made to controlled substances listed in Schedules II through V of the latest revision of the Iowa uniform controlled substances Act and the rules of the Iowa board of pharmacy.

657—8.13(135C,155A) Personnel histories. Pursuant to the requirements of Iowa Code section 135C.33, the provisions of this rule shall apply to any pharmacy employing any person to provide patient care services in a patient's home. For the purposes of this rule, "employed by the pharmacy" shall include any individual who is paid to provide treatment or services to any patient in the patient's home, whether the individual is paid by the pharmacy or by any other entity such as a corporation, a temporary staffing agency, or an independent contractor. Specifically excluded from the requirements of this rule are individuals such as delivery persons or couriers who do not enter the patient's home for the purpose of instructing the patient or the patient's caregiver in the use or maintenance of the equipment, device, or drug being delivered, or who do not enter the patient's home for the purpose of setting up or servicing the equipment, device, or drug used to treat the patient in the patient's home.

8.13(1) *Applicant acknowledgment.* The pharmacy shall ask the following question of each person seeking employment in a position that will provide in-home services: "Do you have a record of founded child or dependent adult abuse or have you ever been convicted of a crime, in this state or any other state?" The applicant shall also be informed that a criminal history and dependent adult abuse record check will be conducted. The applicant shall indicate, by signed acknowledgment, that the applicant has been informed that such record checks will be conducted.

8.13(2) *Criminal history check.* Prior to the employment of any person to provide in-home services as described by this rule, the pharmacy shall submit to the department of public safety a form specified by the department of public safety and receive the results of a criminal history check.

8.13(3) *Abuse history checks.* Prior to the employment of any person to provide in-home services as described by this rule, the pharmacy shall submit to the department of human services a form specified

by the department of human services and receive the results of a dependent adult abuse record check. The pharmacy may submit to the department of human services a form specified by the department of human services to request a child abuse history check.

a. A person who has a criminal record, founded dependent adult abuse report, or founded child abuse report shall not be employed by a pharmacy to provide in-home services unless the department of human services has evaluated the crime or founded abuse report, has concluded that the crime or founded abuse does not merit prohibition from such employment, and has notified the pharmacy that the person may be employed to provide in-home services.

b. The pharmacy shall keep copies of all record checks and evaluations for a minimum of two years following receipt of the record or for a minimum of two years after the individual is no longer employed by the pharmacy, whichever is greater.

657—8.14(155A) Training and utilization of pharmacy technicians or pharmacy support persons. Pursuant to rule 657—8.3(155A), all Iowa-licensed pharmacies utilizing pharmacy technicians or pharmacy support persons shall have written policies and procedures for the training and utilization of pharmacy technicians and pharmacy support persons appropriate to the practice of pharmacy at that licensed location. Pharmacy technician and pharmacy support person training shall be documented and maintained by the pharmacy for the duration of employment. Policies and procedures and documentation of pharmacy technician and pharmacy support person training shall be available for inspection by the board or an agent of the board.

[ARC 8673B, IAB 4/7/10, effective 6/1/10; ARC 1961C, IAB 4/15/15, effective 5/20/15]

657—8.15(155A) Delivery of prescription drugs and devices. Prescription drug orders, prescription devices, and completed prescription drug containers may be delivered, in compliance with all laws, rules, and regulations relating to the practice of pharmacy, to patients at any place of business licensed as a pharmacy.

8.15(1) *Alternative methods.* A licensed pharmacy may, by means of its employee or by use of a common carrier, pick up or deliver prescriptions to the patient or the patient's caregiver as follows:

a. At the office or home of the prescriber.

b. At the residence of the patient or caregiver.

c. At the hospital or medical care facility in which a patient is confined.

d. At an outpatient medical care facility where the patient receives treatment only pursuant to the following requirements:

(1) The pharmacy shall obtain and maintain the written authorization of the patient or patient's caregiver for receipt or delivery at the outpatient medical care facility;

(2) The prescription shall be delivered directly to or received directly from the patient, the caregiver, or an authorized agent identified in the written authorization;

(3) A prescription authorized by a prescriber not treating the patient at the outpatient medical care facility may be transmitted to the pharmacy by the authorized agent via facsimile provided that the means of transmission does not obscure or render the prescription information illegible due to security features of the paper utilized by the prescriber to prepare the prescription and provided that the original written prescription is delivered to the pharmacy prior to delivery of the filled prescription to the patient; and

(4) The outpatient medical care facility shall store the patient's filled prescriptions in a secure area pending delivery to the patient.

e. At the patient's or caregiver's place of employment only pursuant to the following requirements:

(1) The pharmacy shall obtain and maintain the written authorization of the patient or patient's caregiver for receipt or delivery at the place of employment;

(2) The prescription shall be delivered directly to or received directly from the patient, the caregiver, the prescriber, or an authorized agent identified in the written authorization; and

(3) The pharmacy shall ensure the security of confidential information as defined in subrule 8.16(1).

8.15(2) *Policies and procedures required.* Pursuant to rule 657—8.3(155A), every pharmacy shipping or otherwise delivering prescription drugs or devices to Iowa patients shall have policies and

procedures to ensure accountability, safe delivery, and compliance with temperature requirements as defined by subrule 8.7(4).

[ARC 7636B, IAB 3/11/09, effective 4/15/09; ARC 1961C, IAB 4/15/15, effective 5/20/15]

657—8.16(124,155A) Confidential information.

8.16(1) Definition. “Confidential information” means information accessed or maintained by the pharmacy in the patient’s records which contains personally identifiable information that could be used to identify the patient. This includes but is not limited to patient name, address, telephone number, and social security number; prescriber name and address; and prescription and drug or device information such as therapeutic effect, diagnosis, allergies, disease state, pharmaceutical services rendered, medical information, and drug interactions, regardless of whether such information is communicated to or from the patient, is in the form of paper, is preserved on microfilm, or is stored on electronic media.

8.16(2) Release of confidential information. Confidential information in the patient record may be released only as follows:

- a. Pursuant to the express written authorization of the patient or the order or direction of a court.
- b. To the patient or the patient’s authorized representative.
- c. To the prescriber or other licensed practitioner then caring for the patient.
- d. To another licensed pharmacist when the best interests of the patient require such release.
- e. To the board or its representative or to such other persons or governmental agencies duly authorized by law to receive such information.

A pharmacist shall utilize the resources available to determine, in the professional judgment of the pharmacist, that any persons requesting confidential patient information pursuant to this rule are entitled to receive that information.

8.16(3) Exceptions. Nothing in this rule shall prohibit pharmacists from releasing confidential patient information as follows:

- a. Transferring a prescription to another pharmacy upon the request of the patient or the patient’s authorized representative.
- b. Providing a copy of a nonrefillable prescription to the person for whom the prescription was issued which is clearly marked as a copy and not to be filled.
- c. Providing drug therapy information to physicians or other authorized prescribers for their patients.
- d. Disclosing information necessary for the processing of claims for payment of health care operations or services.
- e. Transferring, subject to the provisions of subrule 8.35(7), prescription and patient records of a pharmacy that discontinues operation as a pharmacy to another licensed pharmacy that is held to the same standards of confidentiality and that agrees to act as custodian of the transferred records.

8.16(4) System security and safeguards. To maintain the integrity and confidentiality of patient records and prescription drug orders, any system or computer utilized shall have adequate security including system safeguards designed to prevent and detect unauthorized access, modification, or manipulation of patient records and prescription drug orders.

8.16(5) Record disposal. Disposal of any materials containing or including patient-specific or confidential information shall be conducted in a manner to preserve patient confidentiality.

[ARC 9526B, IAB 6/1/11, effective 7/6/11]

657—8.17 and 8.18 Reserved.

657—8.19(124,126,155A) Manner of issuance of a prescription drug or medication order. A prescription drug order or medication order may be transmitted from a prescriber or a prescriber’s agent to a pharmacy in written form, orally including telephone voice communication, by facsimile transmission as provided in rule 657—21.9(124,155A), or by electronic transmission in accordance with applicable federal and state laws, rules, and regulations. Any prescription drug order or medication order provided to a patient in written or printed form shall include the original, handwritten signature of the prescriber except as provided in rule 657—21.7(124,155A).

8.19(1) Requirements for a prescription. A valid prescription drug order shall be based on a valid patient-prescriber relationship except as provided in subrule 8.19(7) for epinephrine auto-injectors and in subrule 8.19(8) for opioid antagonists.

a. Written, electronic, or facsimile prescription. In addition to the electronic prescription application and pharmacy prescription application requirements of this rule, a written, electronic, or facsimile prescription shall include:

- (1) The date issued.
- (2) The name and address of the patient except as provided in subrule 8.19(7) for epinephrine auto-injectors.
- (3) The name, strength, and quantity of the drug or device prescribed.
- (4) The name and address of the prescriber and, if the prescription is for a controlled substance, the prescriber's DEA registration number.
- (5) The written or electronic signature of the prescriber.

b. Written prescription. In addition to the requirements of paragraph 8.19(1)“a,” a written prescription shall be manually signed, with ink or indelible pencil, by the prescriber. The requirement for manual signature shall not apply when an electronically prepared and signed prescription for a noncontrolled substance is printed on security paper as provided in 657—paragraph 21.7(3)“b.”

c. Facsimile prescription. In addition to the requirements of paragraph 8.19(1)“a,” a prescription transmitted via facsimile shall include:

- (1) The identification number of the facsimile machine used to transmit the prescription to the pharmacy.
- (2) The time and date of transmission of the prescription.
- (3) The name, address, telephone number, and facsimile number of the pharmacy to which the prescription is being transmitted.
- (4) If the prescription is for a controlled substance and in compliance with DEA regulations, the manual signature of the prescriber.

d. Electronic prescription. In addition to the requirements of paragraph 8.19(1)“a,” an electronically prepared prescription for a controlled or noncontrolled prescription drug or device that is electronically transmitted to a pharmacy shall include the prescriber's electronic signature.

- (1) An electronically prepared prescription for a controlled substance that is printed out or faxed by the prescriber or the prescriber's agent shall be manually signed by the prescriber.
- (2) The prescriber shall ensure that the electronic prescription application used to prepare and transmit the electronic prescription complies with applicable state and federal laws, rules, and regulations regarding electronic prescriptions.
- (3) The prescriber or the prescriber's agent shall provide verbal verification of an electronic prescription upon the request of the pharmacy.

8.19(2) Verification. The pharmacist shall exercise professional judgment regarding the accuracy, validity, and authenticity of any prescription drug order or medication order consistent with federal and state laws, rules, and regulations. In exercising professional judgment, the prescribing practitioner and the pharmacist shall take adequate measures to guard against the diversion of prescription drugs and controlled substances through prescription forgeries.

8.19(3) Transmitting agent. The prescribing practitioner may authorize an agent to transmit to the pharmacy a prescription drug order or medication order orally, by facsimile transmission, or by electronic transmission provided that the first and last names and title of the transmitting agent are included in the order.

a. New order. A new written or electronically prepared and transmitted prescription drug or medication order shall be manually or electronically signed by the prescriber. If transmitted by the prescriber's agent, the first and last names and title of the transmitting agent shall be included in the order. If the prescription is for a controlled substance and is written or printed from an electronic prescription application, the prescription shall be manually signed by the prescriber prior to delivery of the prescription to the patient or prior to facsimile transmission of the prescription to the pharmacy. An electronically prepared prescription shall not be electronically transmitted to the pharmacy if the

prescription has been printed prior to the electronic transmission. An electronically prepared and electronically transmitted prescription that is printed following the electronic transmission shall be clearly labeled as a copy, not valid for dispensing.

b. Refill order or renewal order. An authorization to refill a prescription drug or medication order, or to renew or continue an existing drug therapy, may be transmitted to a pharmacist through oral communication, in writing, by facsimile transmission, or by electronic transmission initiated by or directed by the prescriber.

(1) If the transmission is completed by the prescriber's agent and the first and last names and title of the transmitting agent are included in the order, the prescriber's signature is not required on the fax or alternate electronic transmission.

(2) If the order differs in any manner from the original order, such as a change of the drug strength, dosage form, or directions for use, the prescriber shall sign the order as provided by paragraph 8.19(3) "a."

8.19(4) Receiving agent. Regardless of the means of transmission to a pharmacy, only a pharmacist, a pharmacist-intern, or a certified pharmacy technician shall be authorized to receive a new prescription drug or medication order from a practitioner or the practitioner's agent. In addition to a pharmacist, a pharmacist-intern, and a certified pharmacy technician, a technician trainee or an uncertified pharmacy technician may receive a refill or renewal order from a practitioner or the practitioner's agent if the technician's supervising pharmacist has authorized that function.

8.19(5) Legitimate purpose. The pharmacist shall ensure that the prescription drug or medication order, regardless of the means of transmission, has been issued for a legitimate medical purpose by an authorized practitioner acting in the usual course of the practitioner's professional practice. A pharmacist shall not dispense a prescription drug if the pharmacist knows or should have known that the prescription was issued solely on the basis of an Internet-based questionnaire, an Internet-based consultation, or a telephonic consultation and without a valid preexisting patient-practitioner relationship except as provided in subrule 8.19(7) for epinephrine auto-injectors.

8.19(6) Refills. A refill is one or more dispensings of a prescription drug or device that result in the patient's receipt of the quantity authorized by the prescriber for a single fill as indicated on the prescription drug order.

a. Noncontrolled prescription drug or device. A prescription for a prescription drug or device that is not a controlled substance may authorize no more than 12 refills within 18 months following the date on which the prescription is issued.

b. Controlled substance. A prescription for a Schedule III, IV, or V controlled substance may authorize no more than 5 refills within 6 months following the date on which the prescription is issued.

8.19(7) Epinephrine auto-injector prescription issued to school or facility. A physician, an advanced registered nurse practitioner, or a physician assistant may issue a prescription for one or more epinephrine auto-injectors in the name of a facility as defined in Iowa Code subsection 135.185(1), a school district, or an accredited nonpublic school. The prescription shall comply with all requirements of subrule 8.19(1) as applicable to the form of the prescription except that the prescription shall be issued in the name and address of the facility, the school district, or the accredited nonpublic school in lieu of the name and address of a patient. Provisions requiring a preexisting patient-prescriber relationship shall not apply to a prescription issued pursuant to this subrule.

a. The pharmacy's patient profile and record of dispensing of a prescription issued pursuant to this subrule shall be maintained in the name of the facility, school district, or accredited nonpublic school to which the prescription was issued and the drug was dispensed.

b. The label affixed to an epinephrine auto-injector dispensed pursuant to this subrule shall identify the name of the facility, school district, or accredited nonpublic school to which the prescription is dispensed.

8.19(8) Opioid antagonist prescription issued to law enforcement, fire department, or service program. A physician, an advanced registered nurse practitioner, or a physician assistant may issue a prescription for one or more opioid antagonists in the name of a law enforcement agency, fire department, or service program pursuant to Iowa Code section 147A.18 and rule 657—8.31(135,147A).

The prescription shall comply with all requirements of subrule 8.19(1) as applicable to the form of the prescription except that the prescription shall be issued in the name and address of the law enforcement agency, fire department, or service program in lieu of the name and address of a patient. Provisions requiring a preexisting patient-prescriber relationship shall not apply to a prescription issued pursuant to this subrule.

a. The pharmacy's patient profile and record of dispensing of an opioid antagonist pursuant to this subrule shall be maintained in the name of the law enforcement agency, fire department, or service program to which the prescription was issued and the drug was dispensed.

b. The label affixed to an opioid antagonist dispensed pursuant to this subrule shall identify the name of the law enforcement agency, fire department, or service program to which the prescription is dispensed and shall be affixed such that the expiration date of the drug is not rendered illegible.

[ARC 8171B, IAB 9/23/09, effective 10/28/09; ARC 9912B, IAB 12/14/11, effective 1/18/12; ARC 2414C, IAB 2/17/16, effective 3/23/16; ARC 2827C, IAB 11/23/16, effective 11/3/16]

657—8.20(155A) Valid prescriber/patient relationship. Prescription drug orders and medication orders shall be valid as long as a prescriber/patient relationship exists. Once the prescriber/patient relationship is broken and the prescriber is no longer available to treat the patient or oversee the patient's use of a prescription drug, the order loses its validity and the pharmacist, on becoming aware of the situation, shall cancel the order and any remaining refills. The pharmacist shall, however, exercise prudent judgment based upon individual circumstances to ensure that the patient is able to obtain a sufficient amount of the prescribed drug to continue treatment until the patient can reasonably obtain the service of another prescriber and a new order can be issued.

657—8.21(155A) Prospective drug use review. For purposes of promoting therapeutic appropriateness and ensuring rational drug therapy, a pharmacist shall review the patient record, information obtained from the patient, and each prescription drug or medication order to identify:

1. Overutilization or underutilization;
2. Therapeutic duplication;
3. Drug-disease contraindications;
4. Drug-drug interactions;
5. Incorrect drug dosage or duration of drug treatment;
6. Drug-allergy interactions;
7. Clinical abuse/misuse;
8. Drug-prescriber contraindications.

Upon recognizing any of the above, the pharmacist shall take appropriate steps to avoid or resolve the problem and shall, if necessary, include consultation with the prescriber. The review and assessment of patient records shall not be delegated to staff assistants but may be delegated to registered pharmacist-interns under the direct supervision of the pharmacist.

657—8.22 to 8.25 Reserved.

657—8.26(155A) Continuous quality improvement program. Pursuant to rule 657—8.3(155A), each pharmacy licensed to provide pharmaceutical services to patients in Iowa shall implement or participate in a continuous quality improvement program (CQI program). The CQI program is intended to be an ongoing, systematic program of standards and procedures to detect, identify, evaluate, and prevent medication errors, thereby improving medication therapy and the quality of patient care. A pharmacy that participates as an active member of a hospital or corporate CQI program that meets the objectives of this rule shall not be required to implement a new program pursuant to this rule.

8.26(1) Reportable program events. For purposes of this rule, a reportable program event or program event means a preventable medication error resulting in the incorrect dispensing of a prescribed drug received by or administered to the patient and includes but is not necessarily limited to:

- a.* An incorrect drug;
- b.* An incorrect drug strength;

- c. An incorrect dosage form;
- d. A drug received by the wrong patient;
- e. Inadequate or incorrect packaging, labeling, or directions; or
- f. Any incident related to a prescription dispensed to a patient that results in or has the potential to result in serious harm to the patient.

8.26(2) Responsibility. The pharmacist in charge may delegate program administration and monitoring, but the pharmacist in charge maintains ultimate responsibility for the validity and consistency of program activities.

8.26(3) Policies and procedures. Pursuant to rule 657—8.3(155A), each pharmacy shall have written policies and procedures for the operation and management of the pharmacy's CQI program. A copy of the pharmacy's CQI program description and policies and procedures shall be maintained and readily available to all pharmacy personnel. The policies and procedures shall address, at a minimum, a planned process to:

- a. Train all pharmacy personnel in relevant phases of the CQI program;
- b. Identify and document reportable program events;
- c. Minimize the impact of reportable program events on patients;
- d. Analyze data collected to assess the causes and any contributing factors relating to reportable program events;
- e. Use the findings to formulate an appropriate response and to develop pharmacy systems and workflow processes designed to prevent and reduce reportable program events; and
- f. Periodically, but at least annually, meet with appropriate pharmacy personnel to review findings and inform personnel of changes that have been made to pharmacy policies, procedures, systems, or processes as a result of CQI program findings.

8.26(4) Event discovery and notification. As provided by the procedures of the CQI program, the pharmacist in charge or appropriate designee shall be informed of and review all reported and documented program events. All pharmacy personnel shall be trained to immediately inform the pharmacist on duty of any discovered or suspected program event. When the pharmacist on duty determines that a reportable program event has occurred, the pharmacist shall ensure that all reasonably necessary steps are taken to remedy any problems or potential problems for the patient and that those steps are documented. Necessary steps include, but are not limited to, the following:

- a. Notifying the patient or the patient's caregiver and the prescriber or other members of the patient's health care team as warranted;
- b. Identifying and communicating directions or processes for correcting the error; and
- c. Communicating instructions for minimizing any negative impact on the patient.

8.26(5) CQI program records. All CQI program records shall be maintained on site at the pharmacy or shall be accessible at the pharmacy and be available for inspection and copying by the board or its representative for at least two years from the date of the record. When a reportable program event occurs or is suspected to have occurred, the program event shall be documented in a written or electronic storage record created solely for that purpose. Records of program events shall be maintained in an orderly manner and shall be filed chronologically by date of discovery.

a. The program event shall initially be documented as soon as practicable but no more than three days following discovery of the event by the staff member who discovers the event or is informed of the event.

b. Program event documentation shall include a description of the event that provides sufficient information to permit categorization and analysis of the event and shall include:

- (1) The date and time the program event was discovered and the name of the staff person who discovered the event; and
- (2) The names of the individuals recording and reviewing or analyzing the program event information.

8.26(6) Program event analysis and response. The pharmacist in charge or designee shall review each reportable program event and determine if follow-up is necessary. When appropriate, information and data collected and documented shall be analyzed, individually and collectively, to assess the cause

and any factors contributing to the program event. The analysis may include, but is not limited to, the following:

a. A consideration of the effects on the quality of the pharmacy system related to workflow processes, technology utilization and support, personnel training, and both professional and technical staffing levels;

b. Any recommendations for remedial changes to pharmacy policies, procedures, systems, or processes; and

c. The development of a set of indicators that a pharmacy will utilize to measure its program standards over a designated period of time.

[ARC 1961C, IAB 4/15/15, effective 5/20/15; ARC 2413C, IAB 2/17/16, effective 3/23/16]

657—8.27 to 8.29 Reserved.

657—8.30(126,155A) Sterile products. Rescinded IAB 6/6/07, effective 7/11/07.

657—8.31(135,147A) Opioid antagonist dispensing by pharmacists by standing order. An authorized pharmacist may dispense an opioid antagonist pursuant to a standing order established by the department, which standing order can be found via the board's Web site, or pursuant to a standing order authorized by an individual licensed health care professional in compliance with the requirements of this rule. An authorized pharmacist may only delegate the dispensing of an opioid antagonist to an authorized pharmacist-intern under the direct supervision of an authorized pharmacist. Nothing in this rule prohibits a prescriber or facility from establishing and implementing standing orders or protocols under the authority granted to the prescriber or facility.

8.31(1) Definitions. For the purposes of this rule, the following definitions shall apply:

"Authorized pharmacist" means an Iowa-licensed pharmacist who has completed the training requirements of this rule. "Authorized pharmacist" also includes an Iowa-registered pharmacist-intern who has completed the training requirements of this rule and is working under the direct supervision of an authorized Iowa-licensed pharmacist.

"Department" means the Iowa department of public health.

"First responder" means an emergency medical care provider, a registered nurse staffing an authorized service program under Iowa Code section 147A.12, a physician assistant staffing an authorized service program under Iowa Code section 147A.13, a fire fighter, or a peace officer as defined in Iowa Code section 801.4 who is trained and authorized to administer an opioid antagonist.

"Licensed health care professional" means a person licensed under Iowa Code chapter 148 to practice medicine and surgery or osteopathic medicine and surgery, an advanced registered nurse practitioner licensed under Iowa Code chapter 152 or 152E and registered with the board of nursing, or a physician assistant licensed to practice under the supervision of a physician as authorized in Iowa Code chapters 147 and 148C.

"Opioid antagonist" means the same as defined in Iowa Code section 147A.1 as amended by 2016 Iowa Acts, Senate File 2218.

"Opioid-related overdose" means the same as defined in Iowa Code section 147A.1 as amended by 2016 Iowa Acts, Senate File 2218.

"Person in a position to assist" means a family member, friend, caregiver, health care provider, employee of a substance abuse treatment facility, or other person who may be in a position to render aid to a person at risk of experiencing an opioid-related overdose.

"Recipient" means an individual at risk of an opioid-related overdose or a person in a position to assist an individual at risk of an opioid-related overdose.

"Standing order" means a preauthorized medication order with specific instructions from the licensed health care professional to dispense a medication under clearly defined circumstances.

8.31(2) Authorized pharmacist training. An authorized pharmacist shall document successful completion of an ACPE-approved continuing education program of at least one-hour duration related to opioid antagonist utilization prior to dispensing opioid antagonists pursuant to a standing order.

8.31(3) Additional supply. Notwithstanding a standing order to the contrary, an authorized pharmacist shall only dispense an opioid antagonist after completing an eligibility assessment and providing training and education to the recipient.

8.31(4) Assessment. An authorized pharmacist shall assess an individual for eligibility to receive an opioid antagonist pursuant to a standing order. In addition to the criteria identified in a standing order, an authorized pharmacist shall also take into consideration the following criteria to determine the eligibility of the recipient to receive and possess an opioid antagonist:

a. The person at risk of an opioid-related overdose for which the opioid antagonist is intended to be administered has no known sensitivity or allergy to naloxone, unless the person at risk is not known to the recipient, including but not limited to a first responder or member of law enforcement.

b. The recipient is oriented to person, place, and time and able to understand and learn the essential components of opioid-related overdose, appropriate response, and opioid antagonist administration.

8.31(5) Recipient training and education. Upon assessment and determination that an individual is eligible to receive and possess an opioid antagonist pursuant to a standing order, an authorized pharmacist shall, prior to dispensing an opioid antagonist pursuant to a standing order, provide training and education to the recipient that includes, but is not limited to, the information identified in this subrule. An authorized pharmacist shall require the recipient to attest that, if the product will be accessible to any other individual for administration, the recipient will make available to such individual all received training and education materials. An authorized pharmacist may provide to the recipient written materials that include, but may not be limited to, the information identified in this subrule, but it shall not be in lieu of direct pharmacist consultation with the recipient.

a. The signs and symptoms of opioid-related overdose as described in the standing order.

b. The importance of calling 911 as soon as possible and the potential need for rescue breathing.

c. The appropriate use and directions for administration of the opioid antagonist to be dispensed pursuant to the standing order.

d. Adverse reactions of the opioid antagonist as well as reactions resulting from opioid withdrawal following administration.

e. The proper storage conditions, including temperature excursions, of the opioid antagonist being dispensed.

f. The expiration date of the opioid antagonist being dispensed and the appropriate disposal of the opioid antagonist upon expiration.

g. The prohibition of the recipient from further distributing the opioid antagonist to another individual, unless that individual has received appropriate training and education.

h. Information about substance abuse or behavioral health treatment programs.

8.31(6) Labeling. Upon the determination that a recipient is eligible to receive and possess an opioid antagonist, an authorized pharmacist shall label the product pursuant to rule 657—6.10(126,155A) and subrule 8.19(8). An authorized pharmacist shall ensure that the labeling does not render the expiration date of the product illegible. The medication shall be dispensed in the name of the eligible recipient.

8.31(7) Reporting. A copy of the assessment form shall be submitted to the department as provided on the assessment form within seven days of the dispensing of the opioid antagonist or within seven days of a denial of eligibility.

8.31(8) Records. An authorized pharmacist shall create and maintain an original record of each individual assessment on forms provided by the board, regardless of the eligibility determination following assessment, and dispensing of opioid antagonists pursuant to a standing order. These records shall be available for inspection and copying by the board or its authorized agent for at least two years. [ARC 2827C, IAB 11/23/16, effective 11/3/16]

657—8.32(124,155A) Individuals qualified to administer. The board designates the following as qualified individuals to whom a practitioner may delegate the administration of prescription drugs. Any person specifically authorized under pertinent sections of the Iowa Code to administer prescription drugs shall construe nothing in this rule to limit that authority.

1. Persons who have successfully completed a medication administration course.

2. Licensed pharmacists.

657—8.33(155A) Vaccine administration by pharmacists. An authorized pharmacist may administer vaccines pursuant to protocols established by the CDC in compliance with the requirements of this rule. An authorized pharmacist may only delegate the administration of a vaccine to an authorized pharmacist-intern under the direct supervision of the authorized pharmacist.

8.33(1) Definitions. For the purposes of this rule, the following definitions shall apply:

“ACIP” means the CDC Advisory Committee on Immunization Practices.

“ACPE” means the Accreditation Council for Pharmacy Education.

“Authorized pharmacist” means an Iowa-licensed pharmacist who has met the requirements identified in subrule 8.33(2).

“Authorized pharmacist-intern” means an Iowa-registered pharmacist-intern who has met the requirements for an authorized pharmacist identified in paragraphs 8.33(2) “a” and “c.”

“CDC” means the United States Centers for Disease Control and Prevention.

“Immunization” shall have the same meaning as, and shall be interchangeable with, the term “vaccine.”

“Protocol” means a standing order for a vaccine to be administered by an authorized pharmacist.

“Vaccine” means a specially prepared antigen administered to a person for the purpose of providing immunity.

8.33(2) Authorized pharmacist training and continuing education. An authorized pharmacist shall document successful completion of the requirements in paragraph 8.33(2) “a” and shall maintain competency by completing and maintaining documentation of the continuing education requirements in paragraph 8.33(2) “b.”

a. Initial qualification. An authorized pharmacist shall have successfully completed an organized course of study in a college or school of pharmacy or an ACPE-accredited continuing education program on vaccine administration that:

(1) Requires documentation by the pharmacist of current certification in the American Heart Association or the Red Cross Basic Cardiac Life Support Protocol for health care providers.

(2) Is an evidence-based course that includes study material and hands-on training and techniques for administering vaccines, requires testing with a passing score, complies with current CDC guidelines, and provides instruction and experiential training in the following content areas:

1. Standards for immunization practices;
2. Basic immunology and vaccine protection;
3. Vaccine-preventable diseases;
4. Recommended immunization schedules;
5. Vaccine storage and management;
6. Informed consent;
7. Physiology and techniques for vaccine administration;
8. Pre- and post-vaccine assessment, counseling, and identification of contraindications to the vaccine;
9. Immunization record management; and
10. Management of adverse events, including identification, appropriate response, documentation, and reporting.

b. Continuing education. During any pharmacist license renewal period, an authorized pharmacist who engages in the administration of vaccines shall complete and document at least one hour of continuing education related to vaccines.

c. Certification maintained. During any period within which the pharmacist may engage in the administration of vaccines, the pharmacist shall maintain current certification in the American Heart Association or the Red Cross basic cardiac life support protocol for health care providers.

8.33(3) Protocol requirements. A pharmacist may administer vaccines pursuant to CDC protocols. A protocol shall be unique to a pharmacy. The prescriber who signs a protocol shall identify within the protocol, by name or category, those pharmacists or other qualified health professionals that the

prescriber is authorizing to administer vaccines pursuant to the protocol. Links to CDC protocols shall be provided on the board's Web site at www.iowa.gov/ibpe. A protocol:

- a. Shall be signed by a licensed Iowa prescriber practicing in Iowa.
- b. Shall expire no later than one year from the effective date of the signed protocol.
- c. Shall be effective for patients who wish to receive a vaccine administered by an authorized pharmacist, who meet the CDC recommended criteria, and who have no contraindications as published by the CDC.
- d. Shall require the authorized pharmacist to notify the prescriber who signed the protocol within 24 hours of a serious complication and shall submit a Vaccine Advisory Event Reporting System (VAERS) report.
- e. Shall specifically indicate whether the authorizing prescriber agrees that the administration of vaccines may be delegated by the authorized pharmacist to an authorized pharmacist-intern under the direct supervision of the authorized pharmacist.

8.33(4) *Influenza and other emergency vaccines.* An authorized pharmacist shall only administer via protocol, to patients six years of age and older, influenza vaccines and other emergency vaccines in response to a public health emergency.

8.33(5) *Other adult vaccines.* An authorized pharmacist shall only administer via protocol, to patients 18 years of age and older, the following vaccines:

- a. A vaccine on the ACIP-approved adult vaccination schedule.
- b. A vaccine recommended by the CDC for international travel.

8.33(6) *Vaccines administered via prescription.* An authorized pharmacist may administer any vaccine pursuant to a prescription or medication order for an individual patient. In case of serious complications, the authorized pharmacist shall notify the prescriber who authorized the prescription within 24 hours and shall submit a VAERS report.

8.33(7) *Verification and reporting.* The requirements of this subrule do not apply to influenza and other emergency vaccines administered via protocol pursuant to subrule 8.33(4). An authorized pharmacist shall:

- a. Prior to administering a vaccine identified in subrule 8.33(5) or subrule 8.33(6), consult the statewide immunization registry or health information network.
- b. Within 30 days following administration of a vaccine identified in subrule 8.33(5) or subrule 8.33(6), report the vaccine administration to the statewide immunization registry or health information network and to the patient's primary health care provider, if known.

[ARC 1030C, IAB 9/18/13, effective 9/1/13; ARC 1786C, IAB 12/10/14, effective 1/14/15]

657—8.34(155A) Collaborative drug therapy management. An authorized pharmacist may only perform collaborative drug therapy management pursuant to protocol with a physician pursuant to the requirements of this rule. The physician retains the ultimate responsibility for the care of the patient. The pharmacist is responsible for all aspects of drug therapy management performed by the pharmacist.

8.34(1) *Definitions.*

"Authorized pharmacist" means an Iowa-licensed pharmacist whose license is in good standing and who meets the drug therapy management criteria defined in this rule.

"Board" means the board of pharmacy.

"Collaborative drug therapy management" means participation by an authorized pharmacist and a physician in the management of drug therapy pursuant to a written community practice protocol or a written hospital practice protocol.

"Collaborative practice" means that a physician may delegate aspects of drug therapy management for the physician's patients to an authorized pharmacist through a community practice protocol. "Collaborative practice" also means that a P&T committee may authorize hospital pharmacists to perform drug therapy management for inpatients and hospital clinic patients through a hospital practice protocol.

"Community practice protocol" means a written, executed agreement entered into voluntarily between an authorized pharmacist and a physician establishing drug therapy management for one or

more of the pharmacist's and physician's patients residing in a community setting. A community practice protocol shall comply with the requirements of subrule 8.34(2).

"Community setting" means a location outside a hospital inpatient, acute care setting or a hospital clinic setting. A community setting may include, but is not limited to, a home, group home, assisted living facility, correctional facility, hospice, or long-term care facility.

"Drug therapy management criteria" means one or more of the following:

1. Graduation from a recognized school or college of pharmacy with a doctor of pharmacy (Pharm.D.) degree;
2. Certification by the Board of Pharmaceutical Specialties (BPS);
3. Certification by the Commission for Certification in Geriatric Pharmacy (CCGP);
4. Successful completion of a National Institute for Standards in Pharmacist Credentialing (NISPC) disease state management examination and credentialing by the NISPC;
5. Successful completion of a pharmacy residency program accredited by the American Society of Health-System Pharmacists (ASHP); or
6. Approval by the board of pharmacy.

"Hospital clinic" means an outpatient care clinic operated and affiliated with a hospital and under the direct authority of the hospital's P&T committee.

"Hospital pharmacist" means an Iowa-licensed pharmacist who meets the requirements for participating in a hospital practice protocol as determined by the hospital's P&T committee.

"Hospital practice protocol" means a written plan, policy, procedure, or agreement that authorizes drug therapy management between hospital pharmacists and physicians within a hospital and the hospital's clinics as developed and determined by the hospital's P&T committee. Such a protocol may apply to all pharmacists and physicians at a hospital or the hospital's clinics or only to those pharmacists and physicians who are specifically recognized. A hospital practice protocol shall comply with the requirements of subrule 8.34(3).

"IBM" means the Iowa board of medicine.

"P&T committee" means a committee of the hospital composed of physicians, pharmacists, and other health professionals that evaluates the clinical use of drugs within the hospital, develops policies for managing drug use and administration in the hospital, and manages the hospital drug formulary system.

"Physician" means a person who is currently licensed in Iowa to practice medicine and surgery, osteopathic medicine and surgery, or osteopathy. A physician who executes a written protocol with an authorized pharmacist shall supervise the pharmacist's activities involved in the overall management of patients receiving medications or disease management services under the protocol. The physician may delegate only drug therapies that are in areas common to the physician's practice.

"Therapeutic interchange" means an authorized exchange of therapeutic alternate drug products in accordance with a previously established and approved written protocol.

8.34(2) Community practice protocol.

a. An authorized pharmacist shall engage in collaborative drug therapy management with a physician only under a written protocol that has been identified by topic and has been submitted to the board or a committee authorized by the board. A protocol executed after July 1, 2008, will no longer be required to be submitted to the board; however, written protocols executed or renewed after July 1, 2008, shall be made available upon request of the board or the IBM.

b. The community practice protocol shall include:

(1) The name, signature, date, and contact information for each authorized pharmacist who is a party to the protocol and is eligible to manage the drug therapy of a patient. If more than one authorized pharmacist is a party to the agreement, the pharmacists shall work for a single licensed pharmacy and a principal authorized pharmacist shall be designated in the protocol.

(2) The name, signature, date, and contact information for each physician who may prescribe drugs and is responsible for supervising a patient's drug therapy management. The physician who initiates a protocol shall be considered the main caregiver for the patient respective to that protocol and shall be noted in the protocol as the principal physician.

(3) The name and contact information of the principal physician and the principal authorized pharmacist who are responsible for development, training, administration, and quality assurance of the protocol.

(4) A detailed written protocol pursuant to which the authorized pharmacist will base drug therapy management decisions for patients. The protocol shall authorize one or more of the following:

1. Prescription drug orders. The protocol may authorize therapeutic interchange or modification of drug dosages based on symptoms or laboratory or physical findings defined in the protocol. The protocol shall include information specific to the dosage, frequency, duration, and route of administration of the drug authorized by the patient's physician. The protocol shall not authorize the pharmacist to change a Schedule II drug or to initiate a drug not included in the established protocol.

2. Laboratory tests. The protocol may authorize the pharmacist to obtain or to conduct specific laboratory tests as long as the tests relate directly to the drug therapy management.

3. Physical findings. The protocol may authorize the pharmacist to check certain physical findings, e.g., vital signs, oximetry, or peak flows, that enable the pharmacist to assess and adjust the drug therapy, detect adverse drug reactions, or determine if the patient should be referred back to the patient's physician for follow-up.

4. Patient activities. The protocol may authorize the pharmacist to monitor specific patient activities.

(5) Procedures for securing the patient's written consent. If the patient's consent is not secured by the physician, the authorized pharmacist shall secure such and notify the patient's physician within 24 hours.

(6) Circumstances that shall cause the authorized pharmacist to initiate communication with the physician including but not limited to the need for new prescription orders and reports of the patient's therapeutic response or adverse reaction.

(7) A detailed statement identifying the specific drugs, laboratory tests, and physical findings upon which the authorized pharmacist shall base drug therapy management decisions.

(8) A provision for the collaborative drug therapy management protocol to be reviewed, updated, and reexecuted or discontinued at least every two years.

(9) A description of the method the pharmacist shall use to document the pharmacist's decisions or recommendations for the physician.

(10) A description of the types of reports the authorized pharmacist is to provide to the physician and the schedule by which the pharmacist is to submit these reports. The schedule shall include a time frame within which a pharmacist shall report any adverse reaction to the physician.

(11) A statement of the medication categories and the type of initiation and modification of drug therapy that the physician authorizes the pharmacist to perform.

(12) A description of the procedures or plan that the pharmacist shall follow if the pharmacist modifies a drug therapy.

(13) Procedures for record keeping, record sharing, and long-term record storage.

(14) Procedures to follow in emergency situations.

(15) A statement that prohibits the authorized pharmacist from delegating drug therapy management to anyone other than another authorized pharmacist who has signed the applicable protocol.

(16) A statement that prohibits a physician from delegating collaborative drug therapy management to any unlicensed or licensed person other than another physician or an authorized pharmacist.

(17) A description of the mechanism for the pharmacist and the physician to communicate with each other and for documentation by the pharmacist of the implementation of collaborative drug therapy.

c. Collaborative drug therapy management is valid only when initiated by a written protocol executed by at least one authorized pharmacist and at least one physician.

d. The collaborative drug therapy protocol must be filed with the board, kept on file in the pharmacy, and be made available upon request of the board or the IBM. After July 1, 2008, protocols shall no longer be filed with the board but shall be maintained in the pharmacy and made available to the board and the IBM upon request.

e. A physician may terminate or amend the collaborative drug therapy management protocol with an authorized pharmacist if the physician notifies, in writing, the pharmacist and the board. Notification shall include the name of the authorized pharmacist, the desired change, and the proposed effective date of the change. After July 1, 2008, the physician shall no longer be required to notify the board of changes in a protocol but the written notification shall be maintained in the pharmacy and made available upon request of the board or the IBM.

f. The physician or pharmacist who initiates a protocol with a patient is responsible for securing a patient's written consent to participate in drug therapy management and for transmitting a copy of the consent to the other party within 24 hours. The consent shall indicate which protocol is involved. Any variation in the protocol for a specific patient shall be communicated to the other party at the time of securing the patient's consent. The patient's physician shall maintain the patient consent in the patient's medical record.

8.34(3) Hospital practice protocol.

a. A hospital's P&T committee shall determine the scope and extent of collaborative drug therapy management practices that may be conducted by the hospital's pharmacists.

b. Collaborative drug therapy management within a hospital setting or the hospital's clinic setting is valid only when approved by the hospital's P&T committee.

c. The hospital practice protocol shall include:

(1) The names or groups of pharmacists and physicians who are authorized by the P&T committee to participate in collaborative drug therapy management.

(2) A plan for development, training, administration, and quality assurance of the protocol.

(3) A detailed written protocol pursuant to which the hospital pharmacist shall base drug therapy management decisions for patients. The protocol shall authorize one or more of the following:

1. Medication orders and prescription drug orders. The protocol may authorize therapeutic interchange or modification of drug dosages based on symptoms or laboratory or physical findings defined in the protocol. The protocol shall include information specific to the dosage, frequency, duration, and route of administration of the drug authorized by the physician. The protocol shall not authorize the hospital pharmacist to change a Schedule II drug or to initiate a drug not included in the established protocol.

2. Laboratory tests. The protocol may authorize the hospital pharmacist to obtain or to conduct specific laboratory tests as long as the tests relate directly to the drug therapy management.

3. Physical findings. The protocol may authorize the hospital pharmacist to check certain physical findings, e.g., vital signs, oximetry, or peak flows, that enable the pharmacist to assess and adjust the drug therapy, detect adverse drug reactions, or determine if the patient should be referred back to the physician for follow-up.

(4) Circumstances that shall cause the hospital pharmacist to initiate communication with the patient's physician including but not limited to the need for new medication orders and prescription drug orders and reports of a patient's therapeutic response or adverse reaction.

(5) A statement of the medication categories and the type of initiation and modification of drug therapy that the P&T committee authorizes the hospital pharmacist to perform.

(6) A description of the procedures or plan that the hospital pharmacist shall follow if the hospital pharmacist modifies a drug therapy.

(7) A description of the mechanism for the hospital pharmacist and the patient's physician to communicate and for the hospital pharmacist to document implementation of the collaborative drug therapy.

657—8.35(155A) Pharmacy license. A pharmacy license issued by the board is required for all sites where prescription drugs are offered for sale or dispensed under the supervision of a pharmacist. A pharmacy license issued by the board is also required for all sites where drug information or other cognitive pharmacy services, including but not limited to drug use review and patient counseling, are provided by a pharmacist. The board may issue any of the following types of pharmacy licenses: a general pharmacy license, a hospital pharmacy license, a special or limited use pharmacy license, or

a nonresident pharmacy license. Nonresident pharmacy license applicants shall comply with board rules regarding nonresident pharmacy practice except when specific exemptions have been granted. Applicants for general or hospital pharmacy practice shall comply with board rules regarding general or hospital pharmacy practice except when specific exemptions have been granted. Any pharmacy located within Iowa that dispenses controlled substances must also register pursuant to 657—Chapter 10.

8.35(1) Exemptions. Applicants who are granted exemptions shall be issued a “general pharmacy license with exemption,” a “hospital pharmacy license with exemption,” a “nonresident pharmacy license with exemption,” or a “limited use pharmacy license with exemption” and shall comply with the provisions set forth by that exemption. A written petition for exemption from certain licensure requirements shall be submitted pursuant to the procedures and requirements of 657—Chapter 34 and will be determined on a case-by-case basis.

8.35(2) Limited use pharmacy license. Limited use pharmacy license may be issued for nuclear pharmacy practice, correctional facility pharmacy practice, telepharmacy practice, and veterinary pharmacy practice. Applications for limited use pharmacy license for these and other limited use practice settings shall be determined on a case-by-case basis.

8.35(3) Application form. Application for licensure and license renewal shall be on forms provided by the board. The application for a pharmacy license shall require an indication of the pharmacy ownership classification. If the owner is a sole proprietorship (100 percent ownership), the name and address of the owner shall be indicated. If the owner is a partnership or limited partnership, the names and addresses of all partners shall be listed or attached. If the owner is a corporation, the names and addresses of the officers and directors of the corporation shall be listed or attached. Any other pharmacy ownership classification shall be further identified and explained on the application. The application form shall require the name, signature, and license number of the pharmacist in charge. The names and license numbers of all pharmacists engaged in practice in the pharmacy, the names and registration numbers of all pharmacy technicians and pharmacy support persons working in the pharmacy, and the average number of hours worked by each pharmacist, pharmacy technician, and pharmacy support person shall be listed or attached. Additional information may be required of specific types of pharmacy license applicants. The application shall be signed by the pharmacy owner or the owner’s, partnership’s, or corporation’s authorized representative.

8.35(4) License expiration and renewal. General pharmacy licenses, hospital pharmacy licenses, special or limited use pharmacy licenses, and nonresident pharmacy licenses shall be renewed before January 1 of each year. The fee for a new or renewal license shall be \$135.

a. Late payment penalty. Failure to renew the pharmacy license before January 1 following expiration shall require payment of the renewal fee and a penalty fee of \$135. Failure to renew the license before February 1 following expiration shall require payment of the renewal fee and a penalty fee of \$225. Failure to renew the license before March 1 following expiration shall require payment of the renewal fee and a penalty fee of \$315. Failure to renew the license before April 1 following expiration shall require payment of the renewal fee and a penalty fee of \$405 and may require an appearance before the board. In no event shall the combined renewal fee and penalty fee for late renewal of a pharmacy license exceed \$540.

b. Delinquent license. If a license is not renewed before its expiration date, the license is delinquent and the licensee may not operate or provide pharmacy services to patients in the state of Iowa until the licensee renews the delinquent license. A pharmacy that continues to operate in Iowa without a current license may be subject to disciplinary sanctions pursuant to the provisions of 657—subrule 36.1(4).

8.35(5) Inspection of new pharmacy location. If the new pharmacy location within Iowa was not a licensed pharmacy immediately prior to the proposed opening of the new pharmacy, the pharmacy location shall require an on-site inspection by a pharmacy board inspector prior to the issuance of the pharmacy license. The purpose of the inspection is to determine compliance with requirements pertaining to space, library, equipment, security, temperature control, and drug storage safeguards. Inspection may be scheduled anytime following submission of necessary license and registration applications and prior

to opening for business as a pharmacy. Prescription drugs, including controlled substances, may not be delivered to a new pharmacy location prior to satisfactory completion of the opening inspection.

8.35(6) Pharmacy license changes. When a pharmacy changes its name, location, ownership, or pharmacist in charge, a new pharmacy license application with a license fee as provided in subrule 8.35(4) shall be submitted to the board office. Upon receipt of the fee and properly completed application, the board will issue a new pharmacy license certificate. The old license certificate shall be returned to the board office within ten days of the change of name, location, ownership, or pharmacist in charge.

a. Location. A change of pharmacy location in Iowa shall require an on-site inspection of the new location as provided in subrule 8.35(5) if the new location was not a licensed pharmacy immediately prior to the relocation.

b. Ownership. A change of ownership of a currently licensed Iowa pharmacy, or a change of pharmacy location to another existing Iowa pharmacy location, shall not require on-site inspection pursuant to subrule 8.35(5). A new pharmacy license is required as provided in this subrule. A change of ownership effectively consists of a closing pharmacy, which is subject to the requirements for a closing pharmacy, and of a new pharmacy, which is subject to the requirements of a new pharmacy, with the possible exception of the on-site inspection as provided by this paragraph. In those cases in which the pharmacy is owned by a corporation, the sale or transfer of all stock of the corporation does not constitute a change of ownership provided the corporation that owns the pharmacy continues to exist and continues to own the pharmacy following the stock sale or transfer.

c. Pharmacist in charge. A change of pharmacist in charge shall require completion and submission of the application and fee for a new pharmacy license.

(1) If a permanent pharmacist in charge has not been identified by the time of the vacancy, a temporary pharmacist in charge shall be identified. Written notification identifying the temporary pharmacist in charge shall be submitted to the board by the pharmacy owner or the pharmacy owner's authorized representative and by the temporary pharmacist in charge within 10 days following the vacancy.

(2) Within 90 days following the vacancy, a permanent pharmacist in charge shall be identified, and an application for pharmacy license, including the license fee as provided in subrule 8.35(4), shall be submitted to the board office.

8.35(7) Closing pharmacy. A closing pharmacy shall ensure that all patient and prescription records are transferred to another pharmacy that is held to the same standards of confidentiality as the closing pharmacy and that agrees to act as custodian of the records for the appropriate retention period for each record type as required by federal or state laws, rules, or regulations. A pharmacy shall not execute a sale or closing of a pharmacy unless there exists an adequate period of time prior to the pharmacy closing for delivery of the notifications to the pharmacist in charge, the board, the Drug Enforcement Administration (DEA), and pharmacy patients as required by this subrule. However, the provisions of this subrule regarding prior notifications to the board, the DEA, and patients shall not apply in the case of a board-approved emergency or unforeseeable closure, including but not limited to emergency board action, foreclosure, fire, or natural disaster.

a. Pharmacist in charge notification. At least 40 days prior to the effective date of the sale of a pharmacy, the pharmacist in charge of the closing pharmacy, if that individual is not an owner of the closing pharmacy, shall be notified of the proposed sale. The owner of the closing pharmacy may direct the pharmacist in charge to maintain information regarding the pending closure of the pharmacy confidential until public notifications are required 30 days prior to the pharmacy closing. The pharmacist in charge of the closing pharmacy shall provide input and direction to the pharmacy owner regarding the responsibilities of the closing pharmacy, including the notifications, deadlines, and time lines established by this subrule. The pharmacist in charge of the closing pharmacy shall prepare patient notifications pursuant to paragraph 8.35(7)“d.” At least 30 days prior to the effective date of the sale of a pharmacy, the pharmacist in charge of the purchasing or receiving pharmacy, if that individual is not an owner of the pharmacy, shall be notified of the pending transaction.

b. Board and DEA notifications. At least 30 days prior to the closing of a pharmacy, including a closing by sale of a pharmacy, a written notice shall be sent to the board and to the Drug Enforcement

Administration (DEA) notifying those agencies of the intent to discontinue business or to sell the pharmacy and including the anticipated date of closing. These prior notifications shall include the name, address, DEA registration number, Iowa pharmacy license number, and Iowa controlled substances Act (CSA) registration number of the closing pharmacy and of the pharmacy to which prescription drugs will be transferred. Notifications shall also include the name, address, DEA registration number, Iowa pharmacy license number, and CSA registration number of the location at which prescription files, patient profiles, and controlled substance receipt and disbursement records will be maintained.

c. Terms of sale or purchase. If the closing is due to the sale of the pharmacy, a copy of the sale or purchase agreement, not including information regarding the monetary terms of the transaction, shall be submitted to the board upon the request of the board. The agreement shall include a written assurance from the closing pharmacy to the purchasing pharmacy that the closing pharmacy has given or will be giving notice to its patients as required by this subrule.

d. Patient notification. At least 30 days prior to closing, a closing pharmacy shall make a reasonable effort to notify all patients who had a prescription filled by the closing pharmacy within the last 18 months that the pharmacy intends to close, including the anticipated closing date.

(1) Written notification shall identify the pharmacy that will be receiving the patient's prescriptions and records. The notification shall advise patients that if they have any questions regarding their prescriptions and records that they may contact the closing pharmacy. If the closing pharmacy receives no contact from the patient within the 30-day notification period prior to the pharmacy closing, all patient information will be transferred to the receiving pharmacy. The notification shall also advise patients that after the date of closing patients may contact the pharmacy to which the prescriptions and records have been transferred.

(2) Written notification shall be delivered to each patient at the patient's last address on file with the closing pharmacy by direct mail or personal delivery and also by public notice. Public notice refers to the display, in a location and manner clearly visible to patients, of signs in pharmacy pickup locations including drive-through prescription pickup lanes, on pharmacy or retail store entry and exit doors, or at pharmacy prescription counters. In addition, notice may be posted on the pharmacy's Web site, displayed on a marquee or electronic sign, communicated via automated message on the pharmacy's telephone system, or published in one or more local newspapers or area shopper publications.

e. Patient communication by receiving pharmacy. A pharmacy receiving the patient records of another pharmacy shall not contact the patients of the closing pharmacy until after the transfer of those patient records from the closing pharmacy to the receiving pharmacy and after the closure of the closing pharmacy.

f. Prescription drug inventory. A complete inventory of all prescription drugs being transferred shall be taken as of the close of business. The inventory shall serve as the ending inventory for the closing pharmacy as well as a record of additional or starting inventory for the pharmacy to which the drugs are transferred. A copy of the inventory shall be included in the records of each licensee.

(1) DEA Form 222 is required for transfer of Schedule II controlled substances.

(2) The inventory of controlled substances shall be completed pursuant to the requirements in 657—10.35(124,155A).

(3) The inventory of all noncontrolled prescription drugs may be estimated.

(4) The inventory shall include the name, strength, dosage form, and quantity of all prescription drugs transferred.

(5) Controlled substances requiring destruction or other disposal shall be transferred in the same manner as all other drugs. The new owner is responsible for the disposal of these substances as provided in rule 657—10.18(124).

g. Surrender of certificates and forms. The pharmacy license certificate and CSA registration certificate of the closing or selling pharmacy shall be returned to the board office within ten days of closing or sale. The DEA registration certificate and all unused DEA Forms 222 shall be returned to the DEA within ten days of closing. All authorizations to utilize the DEA's online controlled substances ordering system (CSOS) and all digital certificates issued for the purpose of ordering controlled substances for the closing pharmacy shall be canceled or revoked within ten days of closing.

h. Signs at closed pharmacy location. A location that no longer houses a licensed pharmacy shall not display any sign, placard, or other notification, visible to the public, which identifies the location as a pharmacy. A sign or other public notification that cannot feasibly be removed shall be covered so as to conceal the identification as a pharmacy. Nothing in this paragraph shall prohibit the display of a public notice to patients, as required in paragraph 8.35(7) “d,” for a reasonable period not to exceed six months following the pharmacy closing.

8.35(8) Failure to complete licensure. An application for a pharmacy license, including an application for registration pursuant to 657—Chapter 10, if applicable, will become null and void if the applicant fails to complete the licensure process within six months of receipt by the board of the required applications. The licensure process shall be complete upon the pharmacy’s opening for business at the licensed location following an inspection rated as satisfactory by an agent of the board if such an inspection is required pursuant to this rule. When an applicant fails to timely complete the licensure process, fees submitted with applications will not be transferred or refunded.

[ARC 8673B, IAB 4/7/10, effective 6/1/10; ARC 9526B, IAB 6/1/11, effective 7/6/11 (See Delay note at end of chapter); ARC 9693B, IAB 9/7/11, effective 8/11/11; ARC 0504C, IAB 12/12/12, effective 1/16/13; ARC 1962C, IAB 4/15/15, effective 5/20/15; ARC 3236C, IAB 8/2/17, effective 9/6/17]

657—8.36 to 8.39 Reserved.

657—8.40(155A,84GA,ch63) Pharmacy pilot or demonstration research projects. The purpose of this rule is to specify the procedures to be followed in applying for approval of a pilot or demonstration research project for innovative applications in the practice of pharmacy as authorized by 2011 Iowa Acts, chapter 63, section 36, as amended by 2012 Iowa Acts, House File 2464, section 31. In reviewing projects, the board will consider only projects that expand pharmaceutical care services that contribute to positive patient outcomes. The board will not consider any project intended only to provide a competitive advantage to a single applicant or group of applicants.

8.40(1) Definitions. For the purposes of this rule, the following definitions shall apply:

“Act” means Iowa Code chapter 155A, the Iowa pharmacy practice Act.

“Board” means the Iowa board of pharmacy.

“Practice of pharmacy” means the practice of pharmacy as defined in Iowa Code section 155A.3(34).

“Project” means a pilot or demonstration research project as described in this rule.

8.40(2) Scope of project. A project may not expand the definition of the practice of pharmacy. A project may include therapeutic substitution or substitution of medical devices used in patient care if such substitution is included under a collaborative drug therapy management protocol established pursuant to rule 657—8.34(155A).

8.40(3) Board approval of a project. Board approval of a project may include the grant of an exception to or a waiver of rules adopted under the Act or under any law relating to the authority of prescription verification and the ability of a pharmacist to provide enhanced patient care in the practice of pharmacy. Project approval, including exception to or waiver of board rules, shall initially be for a specified period of time not exceeding 18 months from commencement of the project. The board may approve the extension or renewal of a project following consideration of a petition that clearly identifies the project, that includes a report similar to the final project report described in paragraph 8.40(6) “a,” that describes and explains any proposed changes to the originally approved and implemented project, and that justifies the need for extending or renewing the term of the project.

8.40(4) Applying for approval of a project. A person who wishes the board to consider approval of a project shall submit to the board a petition for approval that contains at least the following information:

a. Responsible pharmacist. Name, address, telephone number, and pharmacist license number of each pharmacist responsible for overseeing the project.

b. Location of project. Name, address, and telephone number of each specific location and, if a location is a pharmacy, the pharmacy license number where the proposed project will be conducted.

c. Project summary. A detailed summary of the proposed project that includes at least the following information:

- (1) The goals, hypothesis, and objectives of the proposed project.
- (2) A full explanation of the project and how it will be conducted.
- (3) The time frame for the project including the proposed start date and length of study. The time frame may not exceed 18 months from the proposed start date of the project.
- (4) Background information or literature review to support the proposed project.
- (5) The rule or rules to be waived in order to complete the project and a request to waive the rule or rules.
- (6) Procedures to be used during the project to ensure that the public health and safety are not compromised as a result of the waiver.

8.40(5) *Review and approval or denial of a proposed project.*

a. Staff review. Upon receipt of a petition for approval of a project, board staff shall initially review the petition for completeness and appropriateness. If the petition is incomplete or inappropriate for board consideration, board staff shall return the petition to the requestor with a letter explaining the reason the petition is being returned. A petition that has been returned pursuant to this paragraph may be amended or supplemented as necessary and submitted for reconsideration.

b. Board review. Upon review by the board of a petition for approval of a project, the board shall either approve or deny the petition. If the board approves the petition, the approval:

- (1) Shall be specific for the project requested;
- (2) Shall approve the project for a specific time period; and
- (3) May include conditions or qualifications applicable to the project.

c. Inspection. The project site and project documentation shall be available for inspection and review by the board or its representative at any time during the project review and the approval or denial processes and, if a project is approved, throughout the approved term of the project.

d. Documentation maintained. Project documentation shall be maintained and available for inspection, review, and copying by the board or its representative for at least two years following completion or termination of the project.

8.40(6) *Presentation of reports.* The pharmacist responsible for overseeing a project shall be responsible for submitting to the board any reports required as a condition of a project, including the final project report.

a. Final project report. The final project report shall include a written summary of the results of the project and the conclusions drawn from those results. The final project report shall be submitted to the board within three months after completion or termination of the project.

b. Board review. The board shall receive and review any report regarding the progress of a project and the final project report at a regularly scheduled meeting of the board. The report shall be an item on the open session agenda for the meeting.

CHAPTER 9
AUTOMATED MEDICATION DISTRIBUTION SYSTEMS AND
TELEPHARMACY SERVICES

657—9.1(155A) Purpose and scope. The purposes of this chapter are to provide standards for the utilization of automated medication distribution systems in the practice of pharmacy and to provide standards for the provision of telepharmacy services to patients in areas of Iowa without local pharmacy services. These rules provide for pharmacy services at a remote dispensing site utilizing an automated pharmacy system that is linked to a managing pharmacy. Both the remote dispensing site and the managing pharmacy shall be located within Iowa and appropriately licensed by the board.

657—9.2(147,155A) Definitions. For the purposes of this chapter, the following definitions shall apply:

“Automated medication distribution system” or *“AMDS”* includes, but is not limited to, an automated device or series of devices operated by an electronic interface with one or more computers that is used to prepare, package, or dispense specified dosage units of drugs for administration or dispensing to a patient or the ultimate user. *“AMDS”* includes a device that prepares and packages a drug for unit dose dispensing, that prepares and packages a drug into outpatient prescription vials, and that dispenses prepackaged drugs.

“Automated pharmacy system” means a system that utilizes an automated medication distribution system to monitor and control the dispensing of prescription drugs and that provides for related drug use review and patient counseling via an electronic method that includes the use of linked computer, audio, and video communication technologies between a managing pharmacy and a remote dispensing site.

“Board” means the board of pharmacy.

“Centralized unit dose AMDS” means an AMDS located within the pharmacy department where automated technology is utilized in the dispensing of patient-specific unit dose drugs.

“Component” means any single physical or electronic storage or access device that, in combination with other devices, makes up the AMDS.

“DEA” means the Drug Enforcement Administration of the U.S. Department of Justice.

“Decentralized unit dose AMDS” means an AMDS where automated technology is utilized in the dispensing of unit dose drugs for administration to patients in an institutional setting and drug-dispensing components are maintained within the institution but outside the pharmacy department.

“Drug access” means the physical entry into any component of the AMDS for the purpose of stocking or removing drugs.

“Drug bin” means a compartment in an AMDS component that is designed to contain one specific drug.

“Emergency drugs” means those drugs critical for patient care and approved by the institution’s pharmacy and therapeutics committee or equivalent committee. Drugs critical for patient care include drugs requiring administration within minutes or within less time than the pharmacy can be practically expected to respond, such as the administration of naloxone for treatment of an opioid overdose.

“Floor-stock drugs” means those drugs consisting of emergency drugs and controlled substances which are routinely maintained on patient care units and accessible by nursing staff for patient administration.

“Information access” means the entry into a record-keeping component of the AMDS, by electronic or other means, for the purpose of adding, updating, or retrieving any patient record or drug record or data.

“Managing pharmacy” means a licensed community pharmacy providing telepharmacy services at one or more licensed remote dispensing sites.

“Outpatient AMDS” means an AMDS where automated technology is utilized in the dispensing of prescriptions for ambulatory patients and includes an AMDS located at a remote dispensing site.

“Qualified certified pharmacy technician” or *“technician”* means a pharmacy technician registered in good standing with the board who has obtained and maintains current certification by a national technician certification authority approved by the board pursuant to 657—Chapter 3.

“*Remote dispensing site*” or “*remote site*” means a licensed pharmacy staffed by one or more qualified certified pharmacy technicians at which telepharmacy services are provided through a licensed managing pharmacy.

“*Telepharmacy*” means the provision of pharmaceutical care services, including the storage and dispensing of prescription drugs, drug regimen review, and patient counseling, at a remote dispensing site using an automated pharmacy system.

657—9.3(147,155A) Responsibilities.

9.3(1) AMDS. In any pharmacy utilizing an AMDS, the following responsibilities, which are in addition to the responsibilities required by all applicable federal and state laws, rules and regulations and the responsibilities described in rule 657—8.3(155A), shall be assigned as follows:

a. The pharmacy and the pharmacist in charge shall share responsibility for establishing, the pharmacist in charge shall be responsible for implementing, and the pharmacist in charge and staff pharmacists shall share responsibility for utilizing an ongoing quality assurance program the purpose of which is to monitor and improve performance of each AMDS as provided in rule 657—9.10(147,155A).

b. The pharmacist in charge shall be responsible for assigning, discontinuing, or changing drug and information access to the AMDS.

c. The pharmacist in charge and staff pharmacists shall share responsibility for:

(1) Ensuring that drug access, including access to controlled substances, is in compliance with state and federal laws, rules and regulations.

(2) Ensuring that each AMDS component is filled or stocked accurately and in accordance with established, written policies and procedures.

(3) Ensuring that each AMDS component is in good working order and performs its designated tasks, including ensuring the correct strength, dosage form, and quantity of the prescribed drug.

(4) Ensuring that confidentiality of patient-specific information is maintained.

(5) Ensuring that all personnel utilizing or accessing the AMDS or any component of the AMDS have been appropriately trained.

d. The pharmacist in charge, staff pharmacists, and the pharmacy, by and through its owner or license holder, shall share responsibility for ensuring that the AMDS has adequate security safeguards regarding drug and information access.

e. The pharmacy shall provide the board with written notice at least 30 days prior to an installation, removal, or upgrade that significantly changes the operation of an AMDS. The notice shall include:

(1) The name, address, and license number of the pharmacy;

(2) The location of the automated equipment;

(3) Identification of the pharmacist in charge;

(4) The name, manufacturer, and model of the system;

(5) A description of the change or upgrade, if applicable, and a description of the intended use of the equipment; and

(6) If a new or significantly changed AMDS will be installed or upgraded, a copy of the quality assurance plan.

9.3(2) Telepharmacy. The pharmacist in charge of the managing pharmacy shall also serve as the pharmacist in charge of the remote dispensing site. In addition to other responsibilities assigned under federal and state laws and regulations, including the responsibilities identified in rule 657—6.2(155A), the pharmacist in charge shall be responsible for, at a minimum, the following:

a. Submitting for board approval the operational plan for the telepharmacy service, including identification of the managing pharmacy; identification of the remote dispensing site; the names and titles of key personnel at both locations; the quality assurance and improvement plan; policies and procedures as provided in rule 9.11(147,155A); identification of the AMDS as provided in subrule 9.3(1), paragraph “j”; justification of the need for the telepharmacy service as provided in subrule 9.5(2); and a copy of the proposed contract between the managing pharmacy and the remote dispensing site.

b. Maintaining all licenses and registrations required of the managing pharmacy and of the remote dispensing site.

c. Ensuring that the practice of telepharmacy performed at a remote dispensing site, including the utilization of an automated pharmacy system and the supervision of one or more qualified certified pharmacy technicians, complies with these rules and other applicable rules of the board.

d. Ensuring that the managing pharmacy and the remote dispensing site have entered into a written contract as provided by subrule 9.5(6).

e. Ensuring that the automated pharmacy system is in good working order and that the AMDS accurately dispenses the correct strength, dosage form, and quantity of the prescribed drug and accurately prints the prescription label, while maintaining appropriate record-keeping and security safeguards.

f. Ensuring that all pharmacists, pharmacist-interns, and pharmacy technicians authorized to engage in telepharmacy services at the managing pharmacy or the remote site maintain current licensure or registration with the board and are trained in the operation of the automated pharmacy system and familiar with policies and procedures relating to the telepharmacy practice.

g. Ensuring that a pharmacist completes and documents monthly inspections of each remote site pursuant to subrule 9.5(8).

[ARC 1961C, IAB 4/15/15, effective 5/20/15]

657—9.4 Reserved.

657—9.5(124,155A) General requirements for telepharmacy. The pharmacist in charge of the managing pharmacy shall ensure that the managing pharmacy and the remote site have obtained all necessary licenses, registrations, and authorizations prior to engaging in the practice of telepharmacy at the remote dispensing site. Regardless of the fact that both the managing pharmacy and the remote site are required to be licensed, the remote site is considered an extension of the managing pharmacy.

9.5(1) License requirements.

a. *Managing pharmacy.* A managing pharmacy shall maintain a license issued by the board pursuant to 657—8.35(155A). The license shall be a general pharmacy license. A managing pharmacy engaged in the dispensing of controlled substances shall maintain registrations with the DEA and the board.

b. *Remote dispensing site.* A remote site shall maintain a license issued by the board pursuant to 657—8.35(155A). The application for initial licensure shall include the information identified in subrules 9.5(2) and 9.5(6). The license shall be a limited use pharmacy license. If controlled substances are maintained at or dispensed from the remote site, the remote site shall maintain registrations with the DEA and the board that authorize the stocking and dispensing of controlled substances from the remote site.

9.5(2) Need for remote dispensing site. Prior to engaging in the practice of telepharmacy with a remote dispensing site, the managing pharmacy shall demonstrate to the board that there is limited access to pharmacy services in the community where the remote site is located.

a. Information justifying the need for the remote dispensing site shall be submitted to the board with the initial application for licensure of the remote site as a limited use pharmacy.

b. The board shall consider the availability of pharmacists in the community, whether the request is for availability of patient care in a critical access area or is solely for the benefit of the managing pharmacy, whether any benefit to the managing pharmacy will balance the benefit to the patients of the remote dispensing site, the population of the community to be served by the remote site, and the need for the service.

c. The board shall not approve a remote dispensing site if a general pharmacy that dispenses prescription drug orders to outpatients is located within the same community as the proposed remote site or is located within 15 miles of the proposed remote dispensing site.

9.5(3) Reference library. A managing pharmacy shall comply with the requirements for a reference library found at 657—6.3(155A); a remote site shall be exempt from complying with the requirements for a reference library.

9.5(4) Patient notification. A remote site shall display a sign, easily visible to the public, that informs patients that the location is a remote dispensing site providing telepharmacy services supervised by a

pharmacist located in another pharmacy, that identifies the city where the managing pharmacy is located, and that informs patients that a pharmacist is required to speak with the patient over an audiovisual link each time a prescription drug is delivered to the patient at the remote site.

9.5(5) *Environment and equipment.* A managing pharmacy and a remote site shall comply with the requirements for environment and equipment found at 657—8.5(155A) except that a remote site that does not dispense drugs requiring refrigeration shall be exempt from complying with the requirements of 657—subrule 8.5(1).

9.5(6) *Written contract.* A managing pharmacy and a remote dispensing site, unless jointly owned, shall enter into a written contract that outlines the services to be provided and the responsibilities and accountability of each party in fulfilling the terms of the contract in compliance with federal and state laws and regulations.

a. A copy of the contract shall be submitted to the board for approval with the initial application for licensure of the remote site as a limited use pharmacy and at any time there is a substantial change in any of the terms of the contract.

b. The contract shall be maintained by the managing pharmacy and shall be available for inspection or copying by the board or an agent of the board for a minimum of two years following expiration or other termination of the contract.

9.5(7) *Changes relating to remote dispensing site.* Pursuant to the requirements of 657—8.35(155A), a managing pharmacy shall notify the board of a change of name, change of location, change of ownership, change of pharmacist in charge, discontinuance of service, or closure of a remote dispensing site operated by the managing pharmacy. A managing pharmacy shall also notify the board of any change of qualified certified pharmacy technician staffing at a remote dispensing site.

9.5(8) *Monthly inspection.* A pharmacist shall complete and document the monthly inspection of a remote dispensing site. Inspection criteria shall be identified in the policies and procedures for the remote site, and inspection reports shall be maintained and available to the board or an agent of the board for review and copying for a minimum of 12 months from the date of the monthly inspection or until the next board inspection, whichever period is longer.

657—9.6(155A) Duties of pharmacist in telepharmacy practice. The following activities shall be performed only by a pharmacist at the managing pharmacy or at the remote dispensing site. These activities may not be delegated to a pharmacy technician at a remote site.

1. Receiving an oral prescription drug order from a prescriber or the prescriber's agent for dispensing to a patient at the remote site.
2. Interpreting a prescription drug order.
3. Verifying the accuracy of prescription data entry.
4. Interpreting the patient's drug record and conducting a drug use review.
5. Authorizing the AMDS to dispense a prescription drug and print a prescription label at the remote site.
6. Performing the final verification of a dispensed prescription as specified in subrule 9.18(7) to ensure that the prescription drug order has been accurately dispensed as prescribed.
7. Counseling the patient or the patient's caregiver as specified in subrule 9.18(8).
8. Completing and documenting the monthly inspection of the remote site pursuant to subrule 9.5(8).

657—9.7 to 9.9 Reserved.

657—9.10(147,155A) Quality assurance and performance improvement. The goal of any AMDS is the accurate dispensing of drugs. In all dispensing activities, the pharmacy shall strive for 100 percent accuracy. Quality assurance data shall be utilized to monitor and improve systems.

9.10(1) *AMDS.* Pharmacies utilizing an AMDS shall have a written quality assurance and monitoring plan pursuant to rule 657—9.3(147,155A) prior to implementation of the AMDS. The

quality assurance plan shall target the preparation, delivery, and verification of AMDS unit contents during fill and refill processes and shall include, but not be limited to, the following:

- a. Requiring continuous monitoring of the system.
- b. Establishing mechanisms and procedures to test the accuracy of the system.
- c. Establishing a protocol for measuring the effectiveness of the system.
- d. Requiring the pharmacy to report to the board each recurring error of the system.

9.10(2) Telepharmacy. In addition to the requirements of subrule 9.10(1), a managing pharmacy that provides telepharmacy services at a remote dispensing site shall operate according to a written program for quality assurance that includes, but is not limited to, the following:

- a. Requiring continuous supervision of the remote dispensing site at all times when the remote site is open to provide telepharmacy services.
- b. Requiring a pharmacist at the managing pharmacy to be accessible to respond to inquiries or requests pertaining to drugs that are dispensed by utilizing the automated pharmacy system located at the remote dispensing site.

- c. Establishing procedures to test the operation of all aspects of the automated pharmacy system, including all electronic audio and video communication components, at a minimum of every six months and whenever any upgrade or change is made to the system, and to document the testing of each system.

- d. Establishing a written plan for recovery from a failure of the automated pharmacy system or any component of the system pursuant to subrule 9.10(3).

9.10(3) Recovery from failure of the automated pharmacy system. The written plan for recovery from an event that interrupts the ability of a pharmacist to electronically supervise the automated pharmacy system and the dispensing of drugs at the remote dispensing site shall include, at a minimum, the following:

- a. A statement that drugs shall not be dispensed at the remote dispensing site if a pharmacist is not available or able to electronically supervise such dispensing, including the utilization of audio and video communication, or if a pharmacist is not on site at the remote dispensing site to personally dispense the drugs.

- b. Procedures for response when the automated pharmacy system is experiencing downtime.

- c. Procedures for the maintenance and testing of the written plan for recovery.

- d. Procedures for notifying the board and other appropriate agencies or organizations of a disaster affecting the ability of the pharmacy to provide services for an extended period of time, including the date on which the pharmacy expects to recommence services.

9.10(4) Records. All records and documentation of quality assurance and monitoring, performance improvement projects, and recovery from system failure shall be maintained by the managing pharmacy and be available for inspection and copying by the board or its representative for a minimum of two years from the date of the record.

[ARC 1961C, IAB 4/15/15, effective 5/20/15]

657—9.11(147,155A) Policies and procedures. Notwithstanding rule 657—8.3(155A), policies and procedures for an AMDS shall be required pursuant to this chapter. All policies and procedures shall be in writing and shall be maintained in the pharmacy responsible for the AMDS or, if a telepharmacy practice, shall be maintained at both the managing pharmacy and the remote site. All policies and procedures shall be reviewed at least annually and revised as necessary, and the review shall be documented. Additions, deletions, amendments, and other changes to policies and procedures shall be signed or initialed by the pharmacist in charge, shall include the date on which the change was approved, and shall be maintained for a minimum of two years following the date of the change. The policy and procedure manual and retained changes shall be available for inspection and copying by the board or an agent of the board.

9.11(1) AMDS. Pursuant to rule 657—8.3(155A) and this chapter, a pharmacy shall have policies and procedures for an AMDS that provide, at a minimum, the following:

- a. Type of equipment, system components, and location of each system component including:

- (1) Name and address of the pharmacy, including identification of the specific location within an institution but outside the pharmacy where any component of the AMDS is being used;

- (2) Name and address of any remote dispensing site where a component of the AMDS is being used; and
- (3) Manufacturer's name and model of each system component.
 - b. Drug access and information access procedures.
 - c. Security and confidentiality of records in compliance with 657—8.16(124,155A) and 657—21.2(124,155A).
 - d. Description of how each component is being utilized, including processes for dispensing and distributing drugs.
 - e. Staff education and training.
 - f. Review, including prospective drug use review, of medication orders and prescriptions in accordance with federal and state laws and regulations.
 - g. Patient counseling on outpatient prescriptions.
 - h. Quality assurance and quality improvement.
 - i. Downtime or system failure procedures.
 - j. Periodic system maintenance and preventive maintenance.
 - k. Drug security and control including:
 - (1) Drug loading, storage, and records.
 - (2) Drugs removed from system components but not used.
 - (3) Inventory.
 - (4) Cross contamination.
 - (5) Lot number control.
 - (6) Wasted or discarded drugs.
 - (7) Controlled substances.

9.11(2) Telepharmacy. In addition to other requirements for policies and procedures relating to pharmacy practices and the requirements of subrule 9.11(1) relating to policies and procedures for utilization of the AMDS, pharmacies engaging in telepharmacy shall develop, implement, and adhere to policies and procedures that address, at a minimum, the following:

- a. Security, including identification by name of the personnel designated by the pharmacist in charge to have access to drug storage and dispensing areas at the remote dispensing site and to receive drugs delivered to the remote dispensing site.
- b. Operation of the automated pharmacy system, including identification by name of the personnel designated by the pharmacist in charge to operate the system from the remote site or from the managing pharmacy, and identification by name of the individuals responsible for daily and periodic testing of the automated pharmacy system.
- c. Identification of duties that may be performed only by a pharmacist.
- d. Sanitation.
- e. Storage of drugs and devices at the remote site.
- f. Dispensing and delivery of drugs and devices from the remote site.
- g. Supervision of remote site personnel.
- h. Procurement, receipt, and delivery of drugs and devices to the remote site and into AMDS components.
- i. Records.
- j. Monthly pharmacist inspection of the remote dispensing site, including documentation of inspection.
- k. The frequency of review of the policy and procedure manual and required documentation of that periodic review.

[ARC 1961C, IAB 4/15/15, effective 5/20/15]

657—9.12(147,155A) System, site, and process requirements. An AMDS may be utilized on site by licensed pharmacies or in board-approved remote dispensing sites engaged in the practice of telepharmacy. Each AMDS shall comply with the following minimum requirements:

- 9.12(1) System access.**

- a. The AMDS shall automatically and electronically record drug access.
- b. Drug access and information access records shall include, at a minimum, the date the AMDS was accessed, the identity of the individual who accessed the system, the type of transaction completed, and the identity of the accessed component.
- c. Information access for the purpose of retrieving or reviewing any patient or drug record or data, when the access does not permit change or addition to the record or data, shall be exempt from the access record requirements of paragraph “b” of this subrule.
- d. The AMDS shall include the ability to assign, discontinue, and change an individual’s access to drugs and information in the AMDS.
- e. A licensed pharmacist or appropriately trained pharmacy technician under the oversight of a licensed pharmacist shall fill and stock drugs into AMDS components.
- f. A record of drugs filled or stocked into an AMDS component shall be maintained and shall include identification of the person filling or stocking the system and, if applicable, the person checking for accuracy.

9.12(2) *Dispensing and distributing.*

- a. All containers of drugs stored in each AMDS shall be packaged and labeled in compliance with federal and state laws and regulations.
- b. All aspects of handling controlled substances dispensed utilizing an AMDS shall be in compliance with the requirements of all state and federal laws and regulations.
- c. Each centralized or decentralized AMDS shall provide a mechanism for securing and accounting for drugs removed from and subsequently returned to the system. Drugs removed from a system component but not administered to a patient shall be returned to the pharmacy or maintained in a manner that would prevent access to the returned drugs except for the purpose of returning the drugs to the pharmacy. The provisions of this paragraph regarding preventing access to returned drugs except for return to the pharmacy shall not apply, for a decentralized unit dose AMDS, to items that are too large or bulky to be inserted into the system’s return bin, to items requiring refrigeration, or to limited critical care items whose inaccessibility would compromise patient care. The provisions of this paragraph shall not apply to an AMDS utilized in telepharmacy.
- d. Each centralized or decentralized AMDS shall provide a mechanism for securing and accounting for wasted or discarded drugs in compliance with federal and state laws and regulations. The provisions of this paragraph shall not apply to an AMDS utilized in telepharmacy.
- e. An AMDS utilized in telepharmacy shall not permit the wasting or discarding of drugs. The automated pharmacy system shall provide that any drugs removed from the AMDS component but not delivered to the patient shall be maintained in a manner that prevents access to the drugs except for the purpose of returning the drugs to the managing pharmacy. The technician at a remote dispensing site shall not accept drugs returned by a patient or patient’s agent.

9.12(3) *Security and confidentiality.* An AMDS shall include system safeguards designed to prevent and detect unauthorized drug access, including access to controlled substances. System safeguards shall also be designed to prevent and detect unauthorized access to information for the purpose of modification or manipulation of patient records and prescription drug orders.

- a. An AMDS shall be capable of generating reports of all drug access activity. Reports shall include, at a minimum for each drug access record, the following:
 - (1) Identification of the person accessing the drug or drug bin.
 - (2) The date and, preferably, the time.
 - (3) Identification of the specific drug or drug bin.
 - (4) Whether the drug access involved stocking, dispensing, wasting, or returning the drug.
 - (5) The quantity of the drug.
 - (6) The accessed component.
- b. An AMDS shall maintain confidential patient records and information in compliance with rules 657—8.16(124,155A) and 657—21.2(124,155A).

657—9.13(147,155A) Records. All records required pursuant to these rules, unless otherwise specifically identifying a different retention period, shall be available to the board or its authorized agents for two years following the recorded activity.

657—9.14 Reserved.

657—9.15(147,155A) Decentralized unit dose AMDS. Components of a decentralized unit dose AMDS utilized for the storage and dispensing of drugs in an institutional setting may be restocked with drugs by an appropriately trained pharmacy technician following pharmacist verification in the pharmacy of each dose of the drug to be restocked. The provisions of either subrule 9.15(1) or 9.15(2) shall also apply based on whether or not bar coding or other technology-based verification is utilized to check the accuracy of drug dose placement in the AMDS component.

9.15(1) *No technology-based verification is available or used.* When bar coding or other technology-based verification is not utilized to check the accuracy of drug doses stocked in a dispensing component, a pharmacist shall check each drug dose prior to releasing the drugs from the pharmacy.

a. Following restocking of drug doses into the AMDS component, a pharmacist or a nurse shall verify that 100 percent of all drug doses are accurately placed in each drug bin of each dispensing component.

b. Policies, procedures, and safeguards shall be developed and implemented that control, while ensuring availability and access to needed drugs, utilization of drugs added to the dispensing component prior to pharmacist or nurse verification of the addition. Policies and procedures shall also provide for documentation identifying the individual who provides verification of drugs stocked in dispensing components.

9.15(2) *Bar coding or technology-based verification is available and used.* When bar coding or other technology-based verification is utilized to check the accuracy of drug doses stocked in a dispensing component and a nonpharmacist fills the component, a pharmacist shall check each drug dose prior to releasing the drugs from the pharmacy. The quality assurance plan shall provide for random verification by a pharmacist utilizing one of the methods described in paragraphs “a” and “b” below. A pharmacy may petition the board pursuant to 657—Chapter 34 for a variance for an alternate pharmacist verification process.

a. One day each month, all drug doses or bins contained in 5 percent of the components utilized within the system shall be verified by a pharmacist.

b. One day each month, 5 percent of the drug doses or bins contained in each component utilized within the system shall be verified by a pharmacist. If, however, the system includes fewer than five components, a pharmacist shall, one day each month, verify all drug doses or bins contained in one component utilized within the system.

9.15(3) *Errors identified.* All identified errors shall be logged as provided by the quality assurance and monitoring plan developed pursuant to rule 9.10(147,155A) and shall be categorized as follows:

- a.* Incorrect drug;
- b.* Incorrect dose;
- c.* Incorrect dosage form;
- d.* Other errors. All errors categorized as “other errors” shall include additional notation identifying the error.

657—9.16(147,155A) Centralized unit dose AMDS. The quality assurance plan shall provide for pharmacist verification of all drug doses dispensed for a minimum of 60 days following implementation of the AMDS.

9.16(1) *Errors logged.* All identified errors shall be logged as provided by the quality assurance and monitoring plan developed pursuant to rule 9.10(147,155A) and shall be categorized as follows:

- a.* Computer order entry error;
- b.* Incorrect drug;
- c.* Incorrect dose;

- d. Incorrect quantity — extra dose(s);
- e. Incorrect quantity — short dose(s);
- f. Incorrect dosage form;
- g. Other errors. All errors categorized as “other errors” shall include additional notation identifying the error.

9.16(2) *Initial report to the board.* The first quarterly report to the board shall summarize identified errors by category and shall include the total number of errors identified, the reasons for the errors, the corrective actions taken to prevent the recurrence of those errors, and the average accuracy (correct doses over total doses) determined for all AMDS-dispensed drugs during the first quarter following implementation.

9.16(3) *Random verification.* If the average accuracy of the AMDS during the initial 60-day period is at least 99.7 percent for all drug doses dispensed, the quality assurance plan shall provide for random verification by a pharmacist. The plan shall provide that 5 percent of all drug doses dispensed daily utilizing the AMDS be verified by a pharmacist, or it shall provide that 100 percent of all drug doses dispensed on a specific day each month be verified by a pharmacist. A pharmacy may petition the board pursuant to 657—Chapter 34 for a variance for an alternate pharmacist verification process. Errors shall continue to be identified and logged as provided by the quality assurance and monitoring plan developed pursuant to rule 9.10(147,155A) and shall be categorized as provided in subrule 9.16(1).

If the average accuracy of the AMDS during the initial 60-day period is not at least 99.7 percent for all drug doses dispensed, the pharmacy shall continue pharmacist verification of all drug doses dispensed utilizing the AMDS until the average accuracy for 60 consecutive days is at least 99.7 percent.

9.16(4) *Reports during first year.* For a minimum of one year following implementation of the AMDS, written quarterly reports shall be submitted to the board. Reports shall summarize identified errors by category and shall include the total number of errors identified, the reasons for the errors, the corrective actions taken to prevent the recurrence of those errors, and the average accuracy (correct doses over total verified doses) for all drug doses verified during the preceding quarter.

9.16(5) *Accuracy.* Any random verification disclosing accuracy of less than 99.7 percent for all drug doses verified shall require that a pharmacist again verify all drug doses dispensed utilizing the AMDS until the average accuracy equals or exceeds 99.7 percent for all drug doses dispensed for three consecutive days.

9.16(6) *Continued verification.* The quality assurance plan shall provide for continuation, as long as the pharmacy utilizes the AMDS, of random verification by the pharmacist of AMDS-dispensed drug doses as provided in subrules 9.16(3) and 9.16(5).

9.16(7) *Reports after one year.* Following the one-year period and within 30 days of determining by random verification that the accuracy of AMDS drug fills is less than 99.7 percent for all drug doses verified, a written report shall be submitted to the board. The report shall summarize the identified errors by category and shall include the reasons for the errors, the corrective actions taken to prevent the recurrence of those errors, and the low accuracy rate prompting the report.

657—9.17(147,155A) Outpatient AMDS.

9.17(1) *Verification.* All outpatient prescriptions prepared for dispensing utilizing an AMDS shall be verified, prior to being dispensed, by a pharmacist in the pharmacist’s physical presence unless a waiver is approved pursuant to subrule 9.17(2) or as provided in these rules for telepharmacy.

9.17(2) *Waiver.* A pharmacy may request waiver or variance from subrule 9.17(1) pursuant to the procedures and requirements of 657—Chapter 34. In addition to the requirements for the petition for waiver or variance identified in 657—Chapter 34, applications for waiver shall specify and include justification for the requested waiver, the methods to be used to ensure patient counseling is provided on new prescriptions pursuant to 657—8.20(155A), a quality assurance plan, and written policies and procedures for utilization of the AMDS.

a. ***Quarterly reports.*** The quality assurance plan shall provide for submission of written quarterly reports to the board. All reports shall summarize identified errors by category and shall include the

reasons for the errors, the corrective actions taken to resolve and prevent recurrence of the errors, and the average accuracy for the specified period.

b. Verification. The quality assurance plan shall provide for verification processes for all AMDS-dispensed prescriptions.

c. Identification of errors. The quality assurance plan shall require that all identified errors be logged as provided by the quality assurance and monitoring plan developed pursuant to rule 9.10(147,155A) and shall be categorized as follows:

- (1) Incorrect drug;
- (2) Incorrect quantity;
- (3) Incorrect dose;
- (4) Incorrect dosage form;
- (5) Incorrect directions for use;
- (6) Incorrect patient name;
- (7) Other incorrect label information;
- (8) Computer order entry error;
- (9) Other errors. All errors categorized as “other errors” shall include additional notation identifying each error.

d. Accuracy. The performance improvement plan shall identify actions to be taken in the event that any drug error is identified.

657—9.18(124,155A) Remote dispensing site operations.

9.18(1) Automated pharmacy system. On any day when the remote site is opened and prior to providing telepharmacy services, the managing pharmacy shall perform a test of the automated pharmacy system with the remote site to ensure proper operation. A log shall be created and maintained that includes the date and the test results and that identifies the individual performing the test.

9.18(2) Remote site staffing. A remote dispensing site shall be staffed by one or more qualified certified pharmacy technicians under the continuous supervision of a pharmacist at the managing pharmacy at all times that the remote site is open to provide telepharmacy services. Continuous supervision does not require the pharmacist to be physically present at the remote dispensing site, but the pharmacist shall supervise telepharmacy operations electronically through the automated pharmacy system.

9.18(3) Supervising pharmacists. The managing pharmacy shall have a sufficient number of pharmacists on duty to ensure that a pharmacist is able to provide all services offered by the managing pharmacy and to ensure appropriate supervision of all telepharmacy services. The board may limit the number of remote dispensing sites under the management of a single managing pharmacy.

9.18(4) Prescription drug orders. A remote dispensing site may receive written or electronic prescription drug orders or refill requests in accordance with the policies and procedures designated by the pharmacist in charge. As provided in policies and procedures, the qualified certified pharmacy technician at the remote site shall either transmit the prescription drug order or refill request to the managing pharmacy or input the prescription drug order or refill request so that the pharmacist at the managing pharmacy may perform a prospective drug use review and verify the prescription information prior to authorizing dispensing at the remote site. A pharmacy technician at a remote site shall not receive oral prescription drug orders from a prescriber or prescriber’s agent. Oral prescription drug orders shall be communicated directly to a pharmacist.

9.18(5) Drug use review. A pharmacist at the managing pharmacy shall conduct a drug use review as specified in 657—8.21(155A) prior to authorizing delivery of the prescription to the patient or the patient’s caregiver at the remote dispensing site.

9.18(6) Prescription label. A prescription dispensed at a remote site shall be labeled with the following information:

- a.* Serial number (a unique identification number of the prescription) which shall, in some manner, identify the remote site that dispensed the prescription.
- b.* The name and address of the remote dispensing site.

- c. The name, address, and telephone number of the managing pharmacy.
- d. The name of the patient or, if such drug is prescribed for an animal, the species of the animal and the name of the owner.
- e. The name of the prescribing practitioner.
- f. The date on which the prescription is dispensed.
- g. The directions or instructions for use, including precautions to be observed.
- h. The initials or other unique identification of the supervising pharmacist at the managing pharmacy and of the technician who dispenses the prescription at the remote dispensing site.
- i. The name, strength, and quantity of the drug dispensed.

(1) If a pharmacist selects an equivalent drug product for a brand name drug product prescribed by a practitioner, the prescription container label shall identify the generic drug and may identify the brand name drug for which the selection is made, such as “(generic name) Generic for (brand name product).”

(2) If a pharmacist selects a brand name drug product for a generic drug product prescribed by a practitioner, the prescription container label shall identify the brand name drug product dispensed and may identify the generic drug product ordered by the prescriber, such as “(brand name product) for (generic name).”

9.18(7) *Verification prior to dispensing.* A pharmacist at the managing pharmacy shall approve each prescription before it leaves the remote site. If the qualified certified pharmacy technician at the remote site enters original or new prescription information into the automated pharmacy system, the pharmacist at the managing pharmacy shall, prior to approving dispensing of the drug via the AMDS, verify the information entered against an electronic or video image of the original prescription. The technician may transmit the prescription to the pharmacist by scanning the prescription into the automated pharmacy system provided that the means of scanning, transmitting, or storing the image shall not obscure the prescription information or render the prescription information illegible due to security features of the paper utilized by the prescriber to prepare the original prescription. Alternatively, the technician may make the original prescription available to the pharmacist by placing the prescription in an appropriate position to facilitate viewing of the original prescription with video communication between the remote site and the managing pharmacy. Using the video communication component of the automated pharmacy system, the pharmacist shall verify the accuracy of the drug dispensed and shall check the prescription label for accuracy. The dispensing record, the patient profile, and the prescription label shall identify both the pharmacist who approved dispensing the prescription and the certified pharmacy technician who completed the dispensing and delivery of the prescription to the patient.

9.18(8) *Patient counseling.* A remote dispensing site shall contain an appropriate area for patient counseling. The area shall be readily accessible to patients and be designed to maintain the confidentiality and privacy of a patient’s conversation with the pharmacist. A pharmacist at the managing pharmacy shall utilize the video and audio components of the automated pharmacy system to counsel each patient or the patient’s caregiver on all new prescriptions pursuant to 657—6.14(155A). As provided in subrule 9.5(4), a sign shall be posted at the remote site to ensure that all patients are informed that a pharmacist will provide counseling regarding any prescription dispensed from the remote site. A nonpharmacist may not extend an offer to counsel or ask questions of a patient or the patient’s caregiver if such offer is intended to screen or limit the patient’s interaction with a pharmacist.

[ARC 7636B, IAB 3/11/09, effective 4/15/09]

657—9.19 Reserved.

657—9.20(124,155A) *Drugs at a remote dispensing site.* Policies and procedures of the managing pharmacy shall establish criteria for the delivery and storage of drugs at the remote dispensing site including but not limited to the provisions of this rule. If controlled substances are maintained or dispensed from the remote dispensing site, the transfer of those controlled substances from the managing pharmacy to the remote site shall comply with federal and state requirements for the sale or transfer of controlled substances between registrants, including the use of DEA Form 222 for the transfer of Schedule II controlled substances.

9.20(1) *Drug delivery and verification.* Drugs shall only be delivered to the remote dispensing site in a sealed container with a list identifying the drugs, including drug strength and quantities, included in the container. Drugs shall not be delivered to the remote site unless a remote site staff member designated by the pharmacist in charge to receive and check the drugs is present at the remote site to accept delivery and verify that the drugs sent were actually received. The designated individual who receives and checks the order shall document the verification by signing and dating the list of drugs delivered.

9.20(2) *Limited drug inventory.* A remote dispensing site may maintain a limited drug inventory for the purpose of restocking the AMDS. The pharmacist at the managing pharmacy shall ensure, through use of the electronic audio and video communications system or bar code technology, that the qualified certified pharmacy technician has accurately and correctly restocked drugs into AMDS components.

9.20(3) *Drug storage.* Drugs at a remote dispensing site shall be stored in a manner to protect their identity and integrity including the requirements of 657—Chapter 8 relating to environment, temperature, and handling of outdates. Drugs shall be stored in a secure area, and access to any drugs maintained at a remote site shall be limited to pharmacists from the managing pharmacy and qualified certified pharmacy technicians who have been so authorized, in writing, by the pharmacist in charge.

657—9.21(124,155A) Record keeping. In addition to records identified elsewhere in state and federal laws and regulations, the following records of a managing pharmacy and a remote dispensing site shall be maintained as provided herein.

9.21(1) *Electronic records.* All electronic records shall be available to, and accessible from, both the managing pharmacy and the remote dispensing site.

9.21(2) *Receipt, dispensing, and distribution records.* Except as provided in this subrule, a managing pharmacy shall maintain a record of all drugs received, dispensed, and distributed from the managing pharmacy and from each remote dispensing site.

a. Records of the receipt, dispensing, and distribution of controlled substances from a remote dispensing site, including controlled substances inventory records for the remote site, that are required by the DEA to be maintained at the registered location shall be maintained at the remote site.

b. Records of the managing pharmacy and of each remote dispensing site shall be maintained separately from each other.

These rules are intended to implement Iowa Code sections 147.107, 155A.13, and 155A.33.

CHAPTER 10
CONTROLLED SUBSTANCES
[Prior to 2/10/88, see Pharmacy Examiners[620] Ch 8]

657—10.1(124) Purpose and definitions. Any person or business located in Iowa that manufactures, distributes, dispenses, prescribes, imports or exports, conducts research or instructional activities, or conducts chemical analysis with controlled substances in the state of Iowa, or that proposes to engage in such activities with controlled substances in the state, shall obtain and maintain a registration issued by the board unless exempt from registration pursuant to rule 657—10.6(124). A person or business required to be registered shall not engage in any activity for which registration is required until the application for registration is granted and the board has issued a certificate of registration to such person or business.

10.1(1) Who shall register: Manufacturers, distributors, reverse distributors, importers and exporters, individual practitioners (M.D., D.O., D.D.S., D.V.M., D.P.M., O.D., P.A., resident physician, advanced registered nurse practitioner), pharmacies, hospitals and animal shelters, care facilities, researchers and dog trainers, analytical laboratories, and teaching institutions shall register on forms provided by the board office. To be eligible to register, individual practitioners must hold a current, active license in good standing, issued by the appropriate Iowa professional licensing board, to practice their profession in Iowa.

10.1(2) Definitions. For the purpose of this chapter, the following definitions shall apply:

“Authorized collection program” means a program administered by a registrant that has modified its registration with DEA to collect controlled substances for the purpose of disposal. Federal regulations for such programs can be found at http://deadiversion.usdoj.gov/drug_disposal/. Modification to the registrant’s Iowa Controlled Substances Act registration shall not be required.

“DEA” means the United States Department of Justice, Drug Enforcement Administration.

[ARC 2408C, IAB 2/17/16, effective 3/23/16]

657—10.2(124) Application forms. Application forms may be obtained from the Board of Pharmacy, 400 S.W. Eighth Street, Suite E, Des Moines, Iowa 50309-4688. Forms are also available on the board’s Web site, www.state.ia.us/ibpe. Registration renewal forms will be mailed to each registrant approximately 60 days before the expiration date of the registration. A registrant who has not received a renewal form 45 days before the expiration date of the registration is responsible for contacting the board to request an application.

10.2(1) Signature requirements. Each application, attachment, or other document filed as part of an application shall be signed by the applicant as follows:

a. If the applicant is an individual practitioner, the practitioner shall sign the application and supporting documents.

b. If the applicant is a business, the application and supporting documents shall be signed by the person ultimately responsible for the security and maintenance of controlled substances at the registered location.

10.2(2) Submission of multiple applications. Any person or business required to obtain more than one registration may submit all applications in one package. Each application shall be complete and shall not refer to any accompanying application or any attachment to an accompanying application for required information.

657—10.3(124) Registration and renewal. For each registration or timely renewal of a registration to manufacture, distribute, dispense, prescribe, import or export, conduct research or instructional activities, or conduct chemical analysis with controlled substances listed in Schedules I through V of Iowa Code chapter 124, registrants shall pay a biennial fee of \$90.

10.3(1) Time and method of payment. Registration and renewal fees shall be paid at the time the application for registration or renewal is submitted. Payment should be made in the form of a personal, certified, or cashier’s check or a money order made payable to the Iowa Board of Pharmacy. Payments made in the form of foreign currency or third-party endorsed checks will not be accepted.

10.3(2) *Late renewal.* Any registered person or business may apply, on forms provided by the board office, for registration renewal not more than 60 days prior to the expiration of the registration. Failure to renew a registration prior to the first day of the month following expiration shall require payment of the renewal fee and a penalty fee of \$90. Payment shall be made as specified in subrule 10.3(1).

[ARC 0504C, IAB 12/12/12, effective 1/16/13]

657—10.4(124) Exemptions—registration fee. The registration fee is waived for federal, state, and local law enforcement agencies and for the following federal and state institutions: hospitals, health care or teaching institutions, and analytical laboratories authorized to possess, manufacture, distribute, and dispense controlled substances in the course of official duties.

10.4(1) *Law enforcement officials.* In order to enable law enforcement agency laboratories to obtain and transfer controlled substances for use as standards in chemical analysis, such laboratories shall maintain a registration to conduct chemical analysis. Such laboratories shall be exempt from payment of a fee for registration.

10.4(2) *Registration and duties not exempt.* Exemption from payment of a registration or registration renewal fee as provided in this rule does not relieve the agency or institution of registration or of any other requirements or duties prescribed by law.

657—10.5(124) Separate registration for independent activities; coincident activities. The following activities are deemed to be independent of each other and shall require separate registration. Any person or business engaged in more than one of these activities shall be required to separately register for each independent activity, provided, however, that registration in an independent activity shall authorize the registrant to engage in activities identified coincident with that independent activity.

10.5(1) *Manufacturing controlled substances.* A person or business registered to manufacture controlled substances in Schedules I through V may distribute any substances for which registration to manufacture was issued. A person or business registered to manufacture controlled substances in Schedules II through V may conduct chemical analysis and preclinical research, including quality control analysis, with any substances listed in those schedules for which the person or business is registered to manufacture.

10.5(2) *Distributing controlled substances.* This independent activity includes the delivery, other than by administering or dispensing, of controlled substances listed in Schedules I through V. No coincident activities are authorized.

10.5(3) *Dispensing or instructing with controlled substances.* This independent activity includes, but is not limited to, prescribing by individual practitioners, dispensing by pharmacies and hospitals, and conducting instructional activities with controlled substances listed in Schedules II through V. A person or business registered for this independent activity may conduct research and instructional activities with those substances for which the person or business is registered to the extent authorized under state law.

10.5(4) *Conducting research with controlled substances listed in Schedule I.* A researcher may manufacture or import the substances for which registration was issued provided that such manufacture or import is permitted under the federal Drug Enforcement Administration (DEA) registration. A researcher may distribute the substances for which registration was issued to persons or businesses registered or authorized to conduct research with that class of substances or registered or authorized to conduct chemical analysis with controlled substances.

10.5(5) *Conducting research with controlled substances listed in Schedules II through V.* A researcher may conduct chemical analysis with controlled substances in those schedules for which registration was issued, may manufacture such substances if and to the extent such manufacture is permitted under the federal DEA registration, and may import such substances for research purposes. A researcher may distribute controlled substances in those schedules for which registration was issued to persons registered or authorized to conduct chemical analysis, instructional activities, or research with such substances, and to persons exempt from registration pursuant to Iowa Code subsection 124.302(3), and may conduct instructional activities with controlled substances.

10.5(6) *Conducting chemical analysis with controlled substances.* A person or business registered to conduct chemical analysis with controlled substances listed in Schedules I through V may manufacture and import controlled substances for analytical or instructional activities; may distribute such substances to persons registered or authorized to conduct chemical analysis, instructional activities, or research with such substances and to persons exempt from registration pursuant to Iowa Code subsection 124.302(3); may export such substances to persons in other countries performing chemical analysis or enforcing laws relating to controlled substances or drugs in those countries; and may conduct instructional activities with controlled substances.

10.5(7) *Importing or exporting controlled substances.* A person or business registered to import controlled substances listed in Schedules I through V may distribute any substances for which such registration was issued.

657—10.6(124) *Separate registrations for separate locations; exemption from registration.* A separate registration is required for each principal place of business or professional practice location where controlled substances are manufactured, distributed, imported, exported, dispensed, or collected for the purpose of disposal unless the person or business is exempt from registration pursuant to Iowa Code subsection 124.302(3), this rule, or federal regulations.

10.6(1) *Warehouse.* A warehouse where controlled substances are stored by or on behalf of a registered person or business shall be exempt from registration except as follows:

a. Registration of the warehouse shall be required if such controlled substances are distributed directly from that warehouse to registered locations other than the registered location from which the substances were delivered to the warehouse.

b. Registration of the warehouse shall be required if such controlled substances are distributed directly from that warehouse to persons exempt from registration pursuant to Iowa Code subsection 124.302(3).

10.6(2) *Sales office.* An office used by agents of a registrant where sales of controlled substances are solicited, made, or supervised shall be exempt from registration. Such office shall not contain controlled substances, except substances used for display purposes or for lawful distribution as samples, and shall not serve as a distribution point for filling sales orders.

10.6(3) *Prescriber's office.* An office used by a prescriber who is registered at another location and where controlled substances are prescribed but where no supplies of controlled substances are maintained shall be exempt from registration. However, a prescriber who practices at more than one office location where controlled substances are administered or otherwise dispensed as a regular part of the prescriber's practice shall register at each location wherein the prescriber maintains supplies of controlled substances.

10.6(4) *Prescriber in hospital.* A prescriber who is registered at another location and who treats patients and may order the administration of controlled substances in a hospital other than the prescriber's registered practice location shall not be required to obtain a separate registration for the hospital.

10.6(5) *Affiliated interns, residents, or foreign physicians.* An individual practitioner who is an intern, resident, or foreign physician may dispense and prescribe controlled substances under the registration of the hospital or other institution which is registered and by whom the registrant is employed provided that:

a. The hospital or other institution by which the individual practitioner is employed has determined that the practitioner is permitted to dispense or prescribe drugs by the appropriate licensing board;

b. Such individual practitioner is acting only in the scope of employment in the hospital or institution;

c. The hospital or other institution authorizes the intern, resident, or foreign physician to dispense or prescribe under the hospital registration and designates a specific internal code number, letters, or combination thereof which shall be appended to the institution's DEA registration number, preceded by a hyphen (e.g., AP1234567-10 or AP1234567-12); and

d. The hospital or institution maintains a current list of internal code numbers identifying the corresponding individual practitioner, available for the purpose of verifying the authority of the prescribing individual practitioner.

[ARC 2408C, IAB 2/17/16, effective 3/23/16]

657—10.7 to 10.9 Reserved.

657—10.10(124,147,155A) Inspection. The board may inspect, or cause to be inspected, the establishment of an applicant or registrant. The board shall review the application for registration and other information regarding an applicant or registrant in order to determine whether the applicant or registrant has met the applicable standards of Iowa Code chapter 124 and these rules.

657—10.11(124) Modification or termination of registration. A registered individual or business may apply to modify a current registration as provided by this rule.

10.11(1) Change of substances authorized. Any registrant may apply to modify the substances authorized by the registration by submitting a written request to the board. The request shall include the registrant's name, address, telephone number, registration number, and the substances or schedules to be added to or removed from the registration and shall be signed by the same person who signed the most recent application for registration or registration renewal. No fee shall be required for the modification.

10.11(2) Change of address of registered location.

a. *Individual practitioner, researcher, analytical laboratory, or teaching institution.* An entity registered under these classifications may apply to change the address of the registered location by submitting a written request to the board. The request shall include the registrant's name, current address, new address, telephone number, effective date of the address change, and registration number, and shall be signed by the registered individual practitioner or the same person who signed the most recent application for registration or registration renewal. No fee shall be required for the modification.

b. *Pharmacy, hospital, care facility, manufacturer, distributor, importer, or exporter.* An entity registered under these classifications shall apply to change the address of the registered location by submitting a completed application for registration. Applications may be obtained and shall be submitted as provided in rule 657—10.2(124). The registration fee as provided in rule 657—10.3(124) shall accompany each completed application.

10.11(3) Change of registrant's name.

a. *Individual practitioner, researcher, analytical laboratory, or teaching institution.* An entity registered under these classifications may apply to change the registrant's name by submitting a written request to the board. The request shall include the registrant's current name, the new name, address, telephone number, effective date of the name change, and registration number, and shall be signed by the registered individual practitioner or the same person who signed the most recent application for registration or registration renewal. No fee shall be required for the modification. Change of name, as used in this paragraph, refers to a change of the legal name of the registrant and does not authorize the transfer of a registration issued to an individual practitioner or researcher to another individual practitioner or researcher.

b. *Pharmacy, hospital, care facility, manufacturer, distributor, importer, or exporter.* An entity registered under these classifications shall apply to change the registrant name by submitting a completed application for registration. Applications may be obtained and shall be submitted as provided in rule 657—10.2(124). The registration fee as provided in rule 657—10.3(124) shall accompany each completed application.

10.11(4) Change of ownership of registered business entity. A change of immediate ownership of a pharmacy, hospital, care facility, manufacturer, distributor, analytical laboratory, teaching institution, importer, or exporter shall require the completion of an application for registration. Applications may be obtained and shall be submitted as provided in rule 657—10.2(124). The registration fee as provided in rule 10.3(124) shall accompany each completed application.

10.11(5) *Change of responsible individual.* Any registrant, except an individual practitioner, a researcher, a hospital, or a pharmacy, may apply to change the responsible individual authorized by the registration by submitting a written request to the board. The request shall include the registrant's name, address, telephone number, the name and title of the current responsible individual and of the new responsible individual, the effective date of the change, and the registration number, and shall be signed by the new responsible individual. No fee shall be required for the modification.

a. Individual practitioners and researchers. Responsibility under a registration issued to an individual practitioner or researcher shall remain with the named individual practitioner or researcher. The responsible individual under such registration may not be changed.

b. Pharmacies and hospitals. The responsible pharmacist may execute a power of attorney for DEA order forms to change responsibility under the registration issued to the pharmacy or hospital. The power of attorney shall include the name, address, DEA registration number, and Iowa uniform controlled substances Act (CSA) registration number of the registrant. The power of attorney shall identify the current and new responsible individuals and shall authorize the new responsible individual to execute applications and official DEA order forms to requisition Schedule II controlled substances. The power of attorney shall be signed by both individuals, shall be witnessed by two adults, and shall be maintained by the registrant and available for inspection or copying by representatives of the board or other state or federal authorities.

10.11(6) *Termination of registration.* A registration issued to an individual shall terminate upon the death of the individual. A registration issued to an individual or business shall terminate when the registered individual or business ceases legal existence, discontinues business, or discontinues professional practice.

657—10.12(124) Denial, modification, suspension, or revocation of registration.

10.12(1) *Grounds for suspension or revocation.* The board may suspend or revoke any registration upon a finding that the registrant:

a. Has furnished false or fraudulent material information in any application filed under this chapter;

b. Has had the registrant's federal registration to manufacture, distribute, or dispense controlled substances suspended or revoked;

c. Has been convicted of a public offense under any state or federal law relating to any controlled substance. For the purpose of this rule only, a conviction shall include a plea of guilty, a forfeiture of bail or collateral deposited to secure a defendant's appearance in court which forfeiture has not been vacated, or a finding of guilt in a criminal action even though entry of the judgment or sentence has been withheld and the individual has been placed on probation;

d. Has committed such acts as would render the registrant's registration under Iowa Code section 124.303 inconsistent with the public interest as determined by that section; or

e. Has been subject to discipline by the registrant's respective professional licensing board and the discipline revokes, suspends, or modifies the registrant's authority regarding controlled substances (including, but not limited to, limiting or prohibiting the registrant from prescribing or handling controlled substances). A certified copy of the record of licensee discipline or a copy of the licensee's surrender of the professional license shall be conclusive evidence.

10.12(2) *Limited suspension or revocation.* If the board finds grounds to suspend or revoke a registration, the board may limit revocation or suspension of the registration to the particular controlled substance with respect to which the grounds for revocation or suspension exist. If the revocation or suspension is limited to a particular controlled substance or substances, the registrant shall be given a new certificate of registration for all substances not affected by revocation or suspension; no fee shall be required for the new certificate of registration. The registrant shall deliver the old certificate of registration to the board.

10.12(3) *Denial of registration or registration renewal.* If upon examination of an application for registration or registration renewal, including any other information the board has or receives regarding the applicant, the board determines that the issuance of the registration would be inconsistent with the

public interest, the board shall serve upon the applicant an order to show cause why the registration should not be denied.

10.12(4) Considerations in denial of registration. In determining the public interest, the board shall consider all of the following factors:

- a. Maintenance of effective controls against diversion of controlled substances into other than legitimate medical, scientific, or industrial channels.
- b. Compliance with applicable state and local law.
- c. Any convictions of the applicant under any federal and state laws relating to any controlled substance.
- d. Past experience in the manufacture or distribution of controlled substances, and the existence in the applicant's establishment of effective controls against diversion.
- e. Furnishing by the applicant of false or fraudulent material in any application filed under this chapter.
- f. Suspension or revocation of the applicant's federal registration to manufacture, distribute, or dispense controlled substances as authorized by federal law.
- g. Any other factors relevant to and consistent with the public health and safety.

10.12(5) Order to show cause. Before denying, modifying, suspending, or revoking a registration, the board shall serve upon the applicant or registrant an order to show cause why the registration should not be denied, modified, revoked, or suspended. The order to show cause shall contain a statement of the basis therefor and shall call upon the applicant or registrant to appear before an administrative law judge or the board at a time and place not less than 30 days after the date of service of the order. The order to show cause shall also contain a statement of the legal basis for such hearing and for the denial, revocation, or suspension of registration and a summary of the matters of fact and law asserted. If the order to show cause involves the possible denial of registration renewal, the order shall be served not later than 30 days before the expiration of the registration. Proceedings to refuse renewal of registration shall not abate the existing registration, which shall remain in effect pending the outcome of the administrative hearing unless the board issues an order of immediate suspension pursuant to subrule 10.12(9).

10.12(6) Hearing requested. If an applicant or registrant who has received an order to show cause desires a hearing on the matter, the applicant or registrant shall file a request for a hearing within 30 days after the date of service of the order to show cause. If a hearing is requested, the board shall hold a hearing pursuant to 657—Chapter 35 at the time and place stated in the order and without regard to any criminal prosecution or other proceeding. Unless otherwise ordered by the board, an administrative law judge employed by the department of inspections and appeals shall be assigned to preside over the case and to render a proposed decision for the board's consideration.

10.12(7) Waiver of hearing. If an applicant or registrant entitled to a hearing on an order to show cause fails to file a request for hearing, or if the applicant or registrant requests a hearing but fails to appear at the hearing, the applicant or registrant shall be deemed to have waived the opportunity for a hearing unless the applicant or registrant shows good cause for such failure.

10.12(8) Final board order when hearing waived. If an applicant or registrant entitled to a hearing waives or is deemed to have waived the opportunity for a hearing, the executive director of the board may cancel the hearing and issue, on behalf of the board, the board's final order on the order to show cause.

10.12(9) Order of immediate suspension. The board may suspend any registration simultaneously with the service upon the registrant of an order to show cause why such registration should not be revoked or suspended if it finds there is an imminent danger to the public health or safety that warrants such action. If the board suspends a registration simultaneously with the service of the order to show cause upon the registrant, it shall serve an order of immediate suspension containing a statement of its findings regarding the danger to public health or safety upon the registrant with the order to show cause. The suspension shall continue in effect until the conclusion of the proceedings, including judicial review thereof, under the provisions of the Iowa administrative procedure Act, unless sooner withdrawn by the board or dissolved by the order of the district court or an appellate court.

10.12(10) *Disposition of controlled substances.* If the board suspends or revokes a registration, the registrant shall promptly return the certificate of registration to the board. Also, upon service of the order of the board suspending or revoking the registration, the registrant shall deliver all affected controlled substances in the registrant's possession to the board or authorized agent of the board. Upon receiving the affected controlled substances from the registrant, the board or its authorized agent shall place all such substances under seal and retain the sealed controlled substances pending final resolution of any appeals or until a court of competent jurisdiction directs otherwise. No disposition may be made of the substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application, orders the sale of perishable substances and the deposit of proceeds of the sale with the court. Upon a revocation order's becoming final, all such controlled substances may be forfeited to the state.

10.12(11) *Notifications.* The board shall promptly notify the DEA and the Iowa department of public safety of all orders suspending or revoking registration and all forfeitures of controlled substances.

657—10.13 and 10.14 Reserved.

657—10.15(124,155A) *Security requirements.* All applicants and registrants shall provide effective controls and procedures to guard against theft and diversion of controlled substances. In order to determine whether a person has provided effective controls against diversion, the board shall use the security requirements set forth in these rules as standards for the physical security controls and operating procedures necessary to prevent diversion.

10.15(1) *Physical security.* Physical security controls shall be commensurate with the schedules and quantity of controlled substances in the possession of the registrant in normal business operation. A registrant shall periodically review and adjust security measures based on rescheduling of substances or changes in the quantity of substances in the possession of the registrant.

a. Controlled substances listed in Schedule I shall be stored in a securely locked, substantially constructed cabinet.

b. Controlled substances listed in Schedules II through V may be stored in a securely locked, substantially constructed cabinet. However, pharmacies and hospitals may disperse these substances throughout the stock of noncontrolled substances in a manner so as to obstruct the theft or diversion of the controlled substances.

c. Controlled substances collected via an authorized collection program for the purpose of disposal shall be stored pursuant to federal regulations, which can be found at http://deadiversion.usdoj.gov/drug_disposal/.

10.15(2) *Factors in evaluating physical security systems.* In evaluating the overall security system of a registrant or applicant necessary to maintain effective controls against theft or diversion of controlled substances, the board may consider any of the following factors it deems relevant to the need for strict compliance with the requirements of this rule:

- a.* The type of activity conducted;
- b.* The type, form, and quantity of controlled substances handled;
- c.* The location of the premises and the relationship such location bears to security needs;
- d.* The type of building construction comprising the facility and the general characteristics of the building or buildings;
- e.* The type of vault, safe, and secure enclosures available;
- f.* The type of closures on vaults, safes, and secure enclosures;
- g.* The adequacy of key control systems or combination lock control systems;
- h.* The adequacy of electric detection and alarm systems, if any;
- i.* The adequacy of supervision over employees having access to controlled substances, to storage areas, or to manufacturing areas;
- j.* The extent of unsupervised public access to the facility, including the presence and characteristics of perimeter fencing, if any;

k. The procedures for handling business guests, visitors, maintenance personnel, and nonemployee service personnel;

l. The availability of local police protection or of the registrant's or applicant's security personnel; and

m. The adequacy of the registrant's or applicant's system for monitoring the receipt, manufacture, distribution, and disposition of controlled substances.

10.15(3) *Manufacturing and compounding storage areas.* Raw materials, bulk materials awaiting further processing, and finished products which are controlled substances listed in any schedule shall be stored pursuant to federal laws and regulations.

[ARC 2408C, IAB 2/17/16, effective 3/23/16]

657—10.16(124) Report of theft or loss. A registrant shall report to the board and the DEA any theft or significant loss of controlled substances when the loss is attributable to other than inadvertent error. Thefts or other losses of controlled substances shall be reported whether or not the controlled substances are subsequently recovered or the responsible parties are identified and action taken against them.

10.16(1) *Immediate notice to board.* If the theft was committed by a registrant or licensee of the board, or if there is reason to believe that the theft was committed by a registrant or licensee of the board, the registrant from whom the controlled substances were stolen shall notify the board immediately upon discovery of the theft and shall identify to the board the registrant or licensee suspected of the theft.

10.16(2) *Immediate notice to DEA.* A registrant shall deliver notice, immediately upon discovery of a reportable theft or loss of controlled substances, to the Des Moines DEA field office via telephone, facsimile, or a brief written message explaining the circumstances of the theft or loss.

10.16(3) *Timely report submission.* Within 14 calendar days of discovery of the theft or loss, a registrant shall submit directly to the DEA a Form 106 or alternate required form via the DEA Web site at <http://www.deadiversion.usdoj.gov/>. A copy of the report that was completed and submitted to the DEA shall be immediately submitted to the board via facsimile, e-mail attachment, or personal or commercial delivery.

10.16(4) *Record maintained.* A copy of the report shall be maintained in the registrant's files for a minimum of two years following the date the report was completed.

[ARC 1787C, IAB 12/10/14, effective 1/14/15]

657—10.17(124) Accountability of stock supply. An individual who administers a controlled substance from a non-patient-specific, stock supply in an institutional setting shall personally document on a separate readily retrievable record system each dose administered, wasted, or returned to the pharmacy. Such documentation shall not be delegated to another individual. Wastage documentation shall include the signature or unique electronic signature or identification of a witnessing licensed health care practitioner.

Distribution records for non-patient-specific, floor-stocked controlled substances shall bear the following information:

1. Patient's name;
2. Prescriber who ordered drug;
3. Name of drug, dosage form, and strength;
4. Time and date of administration to patient and quantity administered;
5. Signature or unique electronic signature of individual administering controlled substance;
6. Returns to the pharmacy;
7. Waste, which is required to be witnessed and cosigned by another licensed health care practitioner.

[ARC 9912B, IAB 12/14/11, effective 1/18/12]

657—10.18(124) Disposal of registrant stock. Any persons legally authorized to possess controlled substances in the course of their professional practice or the conduct of their business shall dispose of such drugs pursuant to the procedures and requirements of this rule. Disposal records shall be maintained by the registrant.

10.18(1) *Registrant stock supply.* Pharmacy personnel, registrants, and registrant staff shall remove from current inventory and dispose of controlled substances by one of the following procedures.

a. The responsible individual shall utilize the services of a DEA-registered and Iowa-licensed disposal firm.

b. The board may authorize and instruct the registrant to dispose of the controlled substances in one of the following manners:

(1) By delivery to an agent of the board or to the board office;

(2) By destruction of the drugs in the presence of a board officer, agent, inspector, or other authorized individual; or

(3) By such other means as the board may determine to ensure that drugs do not become available to unauthorized persons.

10.18(2) *Waste.* Except as otherwise specifically provided by federal or state law or rules of the board, the unused portion of a controlled substance resulting from administration to a patient from a registrant's stock or emergency supply or resulting from drug compounding operations may be destroyed or otherwise disposed of by the registrant or a pharmacist in witness of one other licensed health care provider or a registered pharmacy technician 18 years of age or older pursuant to this subrule. A written record of the wastage shall be made and maintained by the registrant for a minimum of two years following the destruction or other disposal. The record shall include the signatures of the individual destroying or otherwise disposing of the waste controlled substance and of the witnessing licensed health care provider or registered pharmacy technician and shall identify the following:

a. The controlled substance wasted;

b. The date of destruction or other disposition;

c. The quantity or estimated quantity of the wasted controlled substance;

d. The source of the controlled substance, including identification of the patient to whom the substance was administered or the drug compounding process utilizing the controlled substance; and

e. The reason for the waste.

[ARC 0749C, IAB 5/29/13, effective 7/3/13; ARC 2408C, IAB 2/17/16, effective 3/23/16]

657—10.19(124) Disposal of previously dispensed controlled substances. A registrant may not dispose of previously dispensed controlled substances unless the registrant has modified its registration with DEA to administer an authorized collection program. A registrant shall not take possession of a previously dispensed controlled substance except for reuse for the same patient.

[ARC 2408C, IAB 2/17/16, effective 3/23/16]

657—10.20 Reserved.

657—10.21(124,126,155A) Prescription requirements. All prescriptions for controlled substances shall be dated as of, and signed on, the day issued. Controlled substances prescriptions shall be valid for six months following date of issue. A prescription for a Schedule III, IV, or V controlled substance may include authorization to refill the prescription no more than five times within the six months following date of issue. A prescription for a Schedule II controlled substance shall not be refilled.

10.21(1) *Form of prescription.* All prescriptions shall bear the full name and address of the patient; the drug name, strength, dosage form, quantity prescribed, and directions for use; and the name, address, and DEA registration number of the prescriber. All prescriptions issued by individual prescribers shall include the legibly preprinted, typed, or hand-printed name of the prescriber as well as the prescriber's written or electronic signature. When an oral order is not permitted, or when a prescriber is unable to prepare and transmit an electronic prescription in compliance with DEA requirements for electronic prescriptions, prescriptions shall be written with ink, indelible pencil, or typed print and shall be manually signed by the prescriber. If the prescriber utilizes an electronic prescription application that meets DEA requirements for electronic prescriptions, the prescriber may electronically prepare and transmit a prescription for a controlled substance to a pharmacy that utilizes a pharmacy prescription application that meets DEA requirements for electronic prescriptions. A prescriber's agent may prepare a prescription for the review, authorization, and manual or electronic signature of the prescriber but the

prescribing practitioner is responsible for the accuracy, completeness, and validity of the prescription. An electronic prescription for a controlled substance shall not be transmitted to a pharmacy except by the prescriber in compliance with DEA regulations. A prescriber shall securely maintain the unique authentication credentials issued to the prescriber for utilization of the electronic prescription application and authentication of the prescriber's electronic signature. Unique authentication credentials issued to any individual shall not be shared with or disclosed to any other prescriber, agent, or individual. A corresponding liability rests upon the pharmacist who fills a prescription not prepared in the form prescribed by this rule.

10.21(2) *Verification by pharmacist.* The pharmacist shall verify the authenticity of the prescription with the individual prescriber or the prescriber's agent in each case when a written or oral prescription for a Schedule II controlled substance is presented for filling and neither the prescribing individual practitioner issuing the prescription nor the patient or patient's agent is known to the pharmacist. The pharmacist shall verify the authenticity of the prescription with the individual prescriber or the prescriber's agent in any case when the pharmacist questions the validity of, including the legitimate medical purpose for, the prescription. The pharmacist is required to record the manner by which the prescription was verified and include the pharmacist's name or unique identifier.

10.21(3) *Intern, resident, foreign physician.* An intern, resident, or foreign physician exempt from registration pursuant to subrule 10.6(5) shall include on all prescriptions issued the hospital's registration number and the special internal code number assigned by the hospital in lieu of the prescriber's registration number required by this rule. Each prescription shall include the stamped or legibly printed name of the intern, resident, or foreign physician as well as the prescriber's signature.

10.21(4) *Valid prescriber/patient relationship.* Once the prescriber/patient relationship is broken and the prescriber is no longer available to treat the patient or to oversee the patient's use of the controlled substance, a prescription shall lose its validity. A prescriber/patient relationship shall be deemed broken when the prescriber dies, retires, or moves out of the local service area or when the prescriber's authority to prescribe is suspended, revoked, or otherwise modified to exclude authority for the schedule in which the prescribed substance is listed. The pharmacist, upon becoming aware of the situation, shall cancel the prescription and any remaining refills. However, the pharmacist shall exercise prudent judgment based upon individual circumstances to ensure that the patient is able to obtain a sufficient amount of the drug to continue treatment until the patient can reasonably obtain the service of another prescriber and a new prescription can be issued.

10.21(5) *Schedule II prescriptions.* With appropriate verification, a pharmacist may add information provided by the patient or patient's agent, such as the patient's address, to a Schedule II controlled substance prescription. A pharmacist shall never change the patient's name, the controlled substance prescribed except for generic substitution, or the name or signature of the prescriber. After consultation with the prescriber or the prescriber's agent and documentation of such consultation, a pharmacist may change or add the following information on a Schedule II controlled substance prescription:

- a. The drug strength;
- b. The dosage form;
- c. The drug quantity;
- d. The directions for use;
- e. The date the prescription was issued; and
- f. The prescriber's address or DEA registration number.

[ARC 9912B, IAB 12/14/11, effective 1/18/12]

657—10.22(124) Schedule II emergency prescriptions.

10.22(1) *Emergency situation defined.* For the purposes of authorizing an oral or facsimile transmission of a prescription for a Schedule II controlled substance listed in Iowa Code section 124.206, the term "emergency situation" means those situations in which the prescribing practitioner determines that all of the following apply:

- a. Immediate administration of the controlled substance is necessary for proper treatment of the intended ultimate user.

b. No appropriate alternative treatment is available, including administration of a drug that is not a Schedule II controlled substance.

c. It is not reasonably possible for the prescribing practitioner to provide a manually signed written prescription to be presented to the pharmacy before the pharmacy dispenses the controlled substance or the prescribing practitioner is unable to provide a DEA-compliant electronic prescription to the pharmacy before the pharmacy dispenses the controlled substance.

10.22(2) Requirements of emergency prescription. In the case of an emergency situation as defined in subrule 10.22(1), a pharmacist may dispense a controlled substance listed in Schedule II pursuant to a facsimile transmission or upon receiving oral authorization of a prescribing individual practitioner provided that:

a. The quantity prescribed and dispensed is limited to the smallest available quantity to meet the needs of the patient during the emergency period. Dispensing beyond the emergency period requires a written prescription manually signed by the prescribing individual practitioner or a DEA-compliant electronic prescription.

b. If the pharmacist does not know the prescribing individual practitioner, the pharmacist shall make a reasonable effort to determine that the authorization came from an authorized prescriber. The pharmacist shall record the manner by which the authorization was verified and include the pharmacist's name or unique identification.

c. The pharmacist shall prepare a temporary written record of the emergency prescription. The temporary written record shall consist of a hard copy of the facsimile transmission or a written record of the oral transmission authorizing the emergency dispensing. A written record is not required to consist of a handwritten record and may be a printed facsimile or a print of a computer-generated record of the prescription if the printed record includes all of the required elements for the prescription. If the emergency prescription is transmitted by the practitioner's agent, the record shall include the first and last names and title of the individual who transmitted the prescription.

d. If the emergency prescription is transmitted via facsimile transmission, the means of transmission shall not obscure or render the prescription information illegible due to security features of the paper utilized by the prescriber to prepare the written prescription, and the hard-copy record of the facsimile transmission shall not be obscured or rendered illegible due to such security features.

e. Within seven days after authorizing an emergency prescription, the prescribing individual practitioner shall cause a written prescription for the emergency quantity prescribed to be delivered to the dispensing pharmacist. In addition to conforming to the requirements of 657—10.21(124,126,155A), the prescription shall have written on its face "Authorization for Emergency Dispensing" and the date of the emergency order. The written prescription may be delivered to the pharmacist in person or by mail, but if delivered by mail it must be postmarked within the seven-day period. The written prescription shall be attached to and maintained with the temporary written record prepared pursuant to paragraph "c."

f. The pharmacist shall notify the board and the DEA if the prescribing individual fails to deliver a written prescription. Failure of the pharmacist to so notify the board and the DEA, or failure of the prescribing individual to deliver the required written prescription as herein required, shall void the authority conferred by this subrule.

[ARC 7636B, IAB 3/11/09, effective 4/15/09; ARC 9410B, IAB 3/9/11, effective 4/13/11; ARC 9912B, IAB 12/14/11, effective 1/18/12]

657—10.23(124) Schedule II prescriptions—partial filling. The partial filling of a prescription for a controlled substance listed in Schedule II is permitted as provided in this rule.

10.23(1) Insufficient supply on hand. If the pharmacist is unable to supply the full quantity called for in a prescription and makes a notation of the quantity supplied on the prescription record, a partial fill of the prescription is permitted. The remaining portion of the prescription must be filled within 72 hours of the first partial filling. If the remaining portion is not or cannot be filled within the 72-hour period, the pharmacist shall so notify the prescriber. No further quantity may be supplied beyond 72 hours without a new prescription.

10.23(2) Long-term care or terminally ill patient. A prescription for a Schedule II controlled substance written for a patient in a long-term care facility (LTCF) or for a patient with a medical diagnosis documenting a terminal illness may be filled in partial quantities to include individual dosage units as provided by this subrule.

a. If there is any question whether a patient may be classified as having a terminal illness, the pharmacist shall contact the practitioner prior to partially filling the prescription. Both the pharmacist and the practitioner have a corresponding responsibility to ensure that the controlled substance is for a terminally ill patient.

b. The pharmacist shall record on the prescription whether the patient is “terminally ill” or an “LTCF patient.” For each partial filling, the dispensing pharmacist shall record on the back of the prescription, or on another appropriate uniformly maintained and readily retrievable record, the date of the partial filling, the quantity dispensed, the remaining quantity authorized to be dispensed, and the identification of the dispensing pharmacist.

c. The total quantity of Schedule II controlled substances dispensed in all partial fillings shall not exceed the total quantity prescribed. Schedule II prescriptions for patients in a LTCF or patients with a medical diagnosis documenting a terminal illness shall be valid for a period not to exceed 60 days from the issue date unless sooner terminated by the discontinuance of the drug.

d. Information pertaining to current Schedule II prescriptions for patients in a LTCF or for patients with a medical diagnosis documenting a terminal illness may be maintained in a computerized system pursuant to rule 657—21.4(124,155A).

657—10.24(124) Schedule II medication order. Schedule II controlled substances may be administered or dispensed to institutionalized patients pursuant to a medication order as provided in 657—subrule 7.13(1) or rule 657—23.18(124,155A), as applicable.

657—10.25(124) Schedule II—issuing multiple prescriptions. An individual prescriber may issue multiple prescriptions authorizing the patient to receive a total of up to a 90-day supply of a Schedule II controlled substance pursuant to the provisions and limitations of this rule.

10.25(1) Refills prohibited. The issuance of refills for a Schedule II controlled substance is prohibited. The use of multiple prescriptions for the dispensing of Schedule II controlled substances, pursuant to this rule, ensures that the prescriptions are treated as separate dispensing authorizations and not as refills of an original prescription.

10.25(2) Legitimate medical purpose. Each separate prescription issued pursuant to this rule shall be issued for a legitimate medical purpose by an individual prescriber acting in the usual course of the prescriber’s professional practice.

10.25(3) Dates and instructions. Each prescription issued pursuant to this rule shall be dated as of and manually signed by the prescriber on the day the prescription is issued. Each separate prescription, other than the first prescription if that prescription is intended to be filled immediately, shall contain written instructions indicating the earliest date on which a pharmacist may fill each prescription.

10.25(4) Authorized fill date unalterable. Regardless of the provisions of subrule 10.21(5), when a prescription contains instructions from the prescriber indicating that the prescription shall not be filled before a certain date, a pharmacist shall not fill the prescription before that date. The pharmacist shall not contact the prescriber for verbal authorization to fill the prescription before the fill date originally indicated by the prescriber pursuant to this rule.

10.25(5) Number of prescriptions and authorized quantity. An individual prescriber may issue for a patient as many separate prescriptions, to be filled sequentially pursuant to this rule, as the prescriber deems necessary to provide the patient with adequate medical care. The cumulative effect of the filling of each of these separate prescriptions shall result in the receipt by the patient of a quantity of the Schedule II controlled substance not exceeding a 90-day supply.

10.25(6) Prescriber’s discretion. Nothing in this rule shall be construed as requiring or encouraging an individual prescriber to issue multiple prescriptions pursuant to this rule or to see the prescriber’s patients only once every 90 days when prescribing Schedule II controlled substances. An individual

prescriber shall determine, based on sound medical judgment and in accordance with established medical standards, how often to see patients and whether it is appropriate to issue multiple prescriptions pursuant to this rule.

[ARC 8172B, IAB 9/23/09, effective 10/28/09]

657—10.26 Reserved.

657—10.27(124,155A) Facsimile transmission of a controlled substance prescription. With the exception of an authorization for emergency dispensing as provided in rule 657—10.22(124), a prescription for a controlled substance may be transmitted via facsimile from a prescriber to a pharmacy as provided in rule 657—21.9(124,155A).

10.27(1) Schedule II prescription. A prescription for a Schedule II controlled substance may be transmitted via facsimile to the pharmacy only as provided in rules 657—21.12(124,155A) to 657—21.16(124,155A).

10.27(2) Schedule III, IV, or V prescription. A prescription for a Schedule III, IV, or V controlled substance may be transmitted via facsimile to the pharmacy only as provided in rule 657—21.9(124,155A).

[ARC 9912B, IAB 12/14/11, effective 1/18/12]

657—10.28(124,155A) Schedule III, IV, or V refills. No prescription for a controlled substance listed in Schedule III, IV, or V shall be filled or refilled more than six months after the date on which it was issued nor be refilled more than five times.

10.28(1) Record. Each filling and refilling of a prescription shall be entered on the prescription or on another uniformly maintained and readily retrievable record.

a. The following information shall be retrievable by the prescription number: the name and dosage form of the controlled substance, the date filled or refilled, the quantity dispensed, the unique identification of the dispensing pharmacist for each refill, and the total number of refills authorized for that prescription.

b. If the pharmacist merely initials or affixes the pharmacist's unique identifier and dates the back of the prescription, it shall be deemed that the full face amount of the prescription has been dispensed.

10.28(2) Oral refill authorization. The prescribing practitioner may authorize additional refills of Schedule III, IV, or V controlled substances on the original prescription through an oral refill authorization transmitted to the pharmacist provided the following conditions are met:

a. The total quantity authorized, including the amount of the original prescription, does not exceed five refills nor extend beyond six months from the date of issuance of the original prescription.

b. The pharmacist who obtains the oral authorization records from the prescriber who issued the original prescription records on or with the original prescription the date, the quantity of each refill, the number of additional refills authorized, and the pharmacist's unique identification.

c. The quantity of each additional refill is equal to or less than the quantity authorized for the initial filling of the original prescription.

d. The prescribing practitioner must execute a new and separate prescription for any additional quantities beyond the five-refill, six-month limitation.

10.28(3) Automated data processing record system. An automated data processing record system may be used for the storage and retrieval of Schedule III, IV, and V controlled substance prescription fill and refill information subject to the conditions and requirements of rules 657—21.4(124,155A) and 657—21.5(124,155A).

657—10.29(124,155A) Schedule III, IV, or V partial fills. The partial filling of a prescription for a controlled substance listed in Schedule III, IV, or V is permissible provided that each partial fill is recorded in the same manner as a refill. The total quantity dispensed in all partial fills shall not exceed the total quantity prescribed. No dispensing shall occur later than six months after the date on which the prescription was issued.

657—10.30(124,155A) Schedule III, IV, and V medication order. A Schedule III, IV, or V controlled substance may be administered or dispensed to institutionalized patients pursuant to a medication order as provided in 657—subrule 7.13(1) or rule 657—23.9(124,155A), as applicable.

657—10.31(124,155A) Dispensing Schedule V controlled substances without a prescription. A controlled substance listed in Schedule V, which substance is not a prescription drug as determined under the federal Food, Drug and Cosmetic Act, and excepting products containing ephedrine, pseudoephedrine, or phenylpropanolamine, may be dispensed or administered without a prescription by a pharmacist to a purchaser at retail pursuant to the conditions of this rule.

10.31(1) Who may dispense. Dispensing shall be by a licensed Iowa pharmacist or by a registered pharmacist-intern under the direct supervision of a pharmacist preceptor. This subrule does not prohibit, after the pharmacist has fulfilled the professional and legal responsibilities set forth in this rule and has authorized the dispensing of the substance, the completion of the actual cash or credit transaction or the delivery of the substance by a nonpharmacist.

10.31(2) Frequency and quantity. Dispensing at retail to the same purchaser in any 48-hour period shall be limited to no more than one of the following quantities of a Schedule V controlled substance:

- a. 240 cc (8 ounces) of any controlled substance containing opium.
- b. 120 cc (4 ounces) of any other controlled substance.
- c. 48 dosage units of any controlled substance containing opium.
- d. 24 dosage units of any other controlled substance.

10.31(3) Age of purchaser. The purchaser shall be at least 18 years of age.

10.31(4) Identification. The pharmacist shall require every purchaser under this rule not known by the pharmacist to present a government-issued photo identification, including proof of age when appropriate.

10.31(5) Record. A bound record book (i.e., with pages sewn or glued to the spine) for dispensing of Schedule V controlled substances pursuant to this rule shall be maintained by the pharmacist. The book shall contain the name and address of each purchaser, the name and quantity of controlled substance purchased, the date of each purchase, and the name or unique identification of the pharmacist or pharmacist-intern who approved the dispensing of the substance to the purchaser.

10.31(6) Prescription not required under other laws. No other federal or state law or regulation requires a prescription prior to distributing or dispensing a Schedule V controlled substance.

657—10.32(124,155A) Dispensing products containing ephedrine, pseudoephedrine, or phenylpropanolamine without a prescription. A product containing ephedrine, pseudoephedrine, or phenylpropanolamine, which substance is a Schedule V controlled substance and is not listed in another controlled substance schedule, may be dispensed or administered without a prescription by a pharmacist, pharmacist-intern, or pharmacy technician to a purchaser at retail pursuant to the conditions of this rule.

10.32(1) Who may dispense. Dispensing shall be by a licensed Iowa pharmacist, by a registered pharmacist-intern under the direct supervision of a pharmacist preceptor, or by a registered pharmacy technician under the direct supervision of a pharmacist, except as authorized in 657—Chapter 100. This subrule does not prohibit, after the pharmacist, pharmacist-intern, or pharmacy technician has fulfilled the professional and legal responsibilities set forth in this rule and has authorized the dispensing of the substance, the completion of the actual cash or credit transaction or the delivery of the substance by another pharmacy employee.

10.32(2) Packaging of nonliquid forms. A nonliquid form of a product containing ephedrine, pseudoephedrine, or phenylpropanolamine includes gel caps. Nonliquid forms of these products to be sold pursuant to this rule shall be packaged either in blister packaging with each blister containing no more than two dosage units or, if blister packs are technically infeasible, in unit dose packets or pouches.

10.32(3) Frequency and quantity. Dispensing at retail to the same purchaser within any 30-day period shall be limited to products collectively containing no more than 7,500 mg of ephedrine,

pseudoephedrine, or phenylpropanolamine; dispensing at retail to the same purchaser within a single calendar day shall not exceed 3,600 mg.

10.32(4) *Age of purchaser.* The purchaser shall be at least 18 years of age.

10.32(5) *Identification.* The pharmacist, pharmacist-intern, or pharmacy technician shall require every purchaser under this rule to present a current government-issued photo identification, including proof of age when appropriate. The pharmacist, pharmacist-intern, or pharmacy technician shall be responsible for verifying that the name on the identification matches the name provided by the purchaser and that the photo image depicts the purchaser.

10.32(6) *Record.* Purchase records shall be recorded in the real-time electronic pseudoephedrine tracking system (PTS) established and administered by the governor's office of drug control policy pursuant to 657—Chapter 100. If the real-time electronic repository is unavailable for use, the purchase record shall be recorded in an alternate format and submitted to the PTS as provided in 657—subrule 100.3(4).

a. Alternate record contents. The alternate record shall contain the following:

- (1) The name, address, and signature of the purchaser.
- (2) The name and quantity of the product purchased, including the total milligrams of ephedrine, pseudoephedrine, or phenylpropanolamine contained in the product.
- (3) The date and time of the purchase.
- (4) The name or unique identification of the pharmacist, pharmacist-intern, or pharmacy technician who approved the dispensing of the product.

b. Alternate record format. The record shall be maintained using one of the following options:

- (1) A hard-copy record.
- (2) A record in the pharmacy's electronic prescription dispensing record-keeping system that is capable of producing a hard-copy printout of a record.
- (3) A record in an electronic data collection system that captures each of the data elements required by this subrule and that is capable of producing a hard-copy printout of a record.

c. PTS records retrieval. Pursuant to 657—subrule 100.4(6), the pharmacy shall be able to produce a hard-copy printout of transactions recorded in the PTS by the pharmacy for one or more specific products for a specified period of time upon request by the board or its representative or to such other persons or governmental agencies authorized by law to receive such information.

10.32(7) *Notice required.* The pharmacy shall ensure that the following notice is provided to purchasers of ephedrine, pseudoephedrine, or phenylpropanolamine products and that the notice is displayed with or on the electronic signature device or is displayed in the dispensing area and visible to the public:

“WARNING: Section 1001 of Title 18, United States Code, states that whoever, with respect to the logbook, knowingly and willfully falsifies, conceals, or covers up by any trick, scheme, or device a material fact, or makes any materially false, fictitious, or fraudulent statement or representation, or makes or uses any false writing or document knowing the same to contain any materially false, fictitious, or fraudulent statement or entry, shall be fined not more than \$250,000 if an individual or \$500,000 if an organization, imprisoned not more than five years, or both.”

[ARC 8892B, IAB 6/30/10, effective 9/1/10; ARC 3100C, IAB 6/7/17, effective 7/12/17]

657—10.33(124,155A) Schedule II perpetual inventory in pharmacy. Each pharmacy located in Iowa that dispenses Schedule II controlled substances shall maintain a perpetual inventory system for all Schedule II controlled substances pursuant to the requirements of this rule. All records relating to the perpetual inventory shall be maintained by the pharmacy and shall be available for inspection and copying by the board or its representative for a period of two years from the date of the record.

10.33(1) *Record format.* The perpetual inventory record may be maintained in a manual or an electronic record format. Any electronic record shall provide for hard-copy printout of all transactions recorded in the perpetual inventory record for any specified period of time and shall state the current inventory quantities of each drug at the time the record is printed.

10.33(2) Information included. The perpetual inventory record shall identify all receipts for and disbursements of Schedule II controlled substances by drug or by national drug code (NDC) number. The record shall be updated to identify each prescription filled and each shipment received. The record shall also include incident reports and reconciliation records pursuant to subrules 10.33(3) and 10.33(4).

10.33(3) Changes to a record. If a perpetual inventory record is able to be changed, the individual making a change to the record shall complete an incident report documenting the change. The incident report shall identify the specific information that was changed including the information before and after the change, shall identify the individual making the change, and shall include the date and the reason the record was changed. If the electronic record system documents within the perpetual inventory record all of the information that must be included in an incident report, a separate report is not required.

10.33(4) Reconciliation. The pharmacist in charge shall be responsible for reconciling the physical inventory of all Schedule II controlled substances with the perpetual inventory balance on a periodic basis but no less frequently than annually. In case of any discrepancies between the physical inventory and the perpetual inventory, the pharmacist in charge shall determine the need for further investigation, and significant discrepancies shall be reported to the board pursuant to rule 657—10.16(124) and to the DEA pursuant to federal DEA regulations. Periodic reconciliation records shall be maintained and available for review and copying by the board or agents of the board for a period of two years from the date of the record. The reconciliation process may be completed using either of the following procedures or a combination thereof:

a. The dispensing pharmacist verifies that the physical inventory matches the perpetual inventory following each dispensing and documents that reconciliation in the perpetual inventory record. If controlled substances are maintained on the patient care unit, the nurse or other responsible licensed health care provider verifies that the physical inventory matches the perpetual inventory following each dispensing and documents that reconciliation in the perpetual inventory record. All discrepancies shall be reported to the pharmacist in charge. If any Schedule II controlled substances in the pharmacy's current inventory have been dispensed and verified in this manner within the year, and there are no discrepancies noted, no additional reconciliation action is required. A drug that has had no activity within the year shall be reconciled pursuant to paragraph "b" of this subrule.

b. A physical count of each Schedule II controlled substance stocked by the pharmacy shall be completed at least once each year, and that count shall be reconciled with the perpetual inventory record balance. The physical count and reconciliation may be completed over a period of time not to exceed one year in a manner that ensures that the perpetual inventory and the physical inventory of Schedule II controlled substances are annually reconciled. The individual performing the reconciliation shall record the date, the time, the individual's initials or unique identification, and any discrepancies between the physical inventory and the perpetual inventory. Any discrepancies between the physical inventory and the perpetual inventory shall be reported to the pharmacist in charge.

657—10.34(124,155A) Records. Every inventory or other record required to be kept under this chapter or under Iowa Code chapter 124 shall be kept by the registrant and be available for inspection and copying by the board or its representative for at least two years from the date of such inventory or record except as otherwise required in these rules. Controlled substances records shall be maintained in a readily retrievable manner that establishes the receipt and distribution of all controlled substances. Original hard-copy prescription and other pharmacy records more than 12 months old may be maintained in a secure storage area outside the licensed pharmacy department unless such remote storage is prohibited under federal law. A remote storage area shall be located within the same physical structure containing the licensed pharmacy department.

10.34(1) Schedule I and II records. Inventories and records of controlled substances listed in Schedules I and II shall be maintained separately from all other records of the registrant.

10.34(2) Schedule III, IV, and V records. Inventories and records of controlled substances listed in Schedules III, IV, and V shall be maintained either separately from all other records of the registrant or in such form that the required information is readily retrievable from the ordinary business records of the registrant.

10.34(3) *Date of record.* The date on which a controlled substance is actually received, imported, distributed, exported, disposed of, or otherwise transferred shall be used as the date of receipt, importation, distribution, exportation, disposal, or transfer.

10.34(4) *Receipt and disbursement records.* Each record of receipt or disbursement of controlled substances, unless otherwise provided in these rules or pursuant to federal law, shall include the following:

- a. The name of the substance;
- b. The strength and dosage form of the substance;
- c. The number of units or commercial containers acquired from other registrants, including the date of receipt and the name, address, and DEA registration number of the registrant from whom the substances were acquired;
- d. The number of units or commercial containers distributed to other registrants, including the date of distribution and the name, address, and DEA registration number of the registrant to whom the substances were distributed; and
- e. The number of units or commercial containers disposed of in any other manner, including the date and manner of disposal and the name, address, and DEA registration number of the registrant to whom the substances were distributed for disposal, if appropriate.

10.34(5) *Dispensing records.* Each record of dispensing of controlled substances to a patient or research subject shall include the following information:

- a. The name and address of the person to whom dispensed;
- b. The date of dispensing;
- c. The name of the substance;
- d. The quantity of the substance dispensed; and
- e. The name or unique identification of the individual who dispensed or administered the substance.

10.34(6) *Ordering or distributing Schedule I or II controlled substances - DEA Form 222.* Except as otherwise provided by subrule 10.34(7) and under federal law, a DEA Form 222 is required for each distribution of a Schedule I or II controlled substance. An order form may be executed only on behalf of the registrant named on the order form and only if the registrant's DEA and Iowa registrations for the substances being purchased have not expired or been revoked or suspended by the issuing agency.

a. Order forms shall be obtained, executed, and filled pursuant to DEA requirements. Each form shall be complete, legible, and properly prepared, executed, and endorsed and shall contain no alteration, erasure, or change of any kind.

b. The purchaser shall submit Copy 1 and Copy 2 of the order form to the supplier.

c. The purchaser shall maintain Copy 3 of the order form in the files of the registrant. Upon receipt of the substances from the supplier, the purchaser shall record on Copy 3 of the order form the quantity of each substance received, and the date of receipt, and shall initial each line identifying a substance received.

d. The supplier shall record on Copy 1 and Copy 2 of the order form the quantity of each substance distributed to the purchaser and the date on which the shipment is made. The supplier shall maintain Copy 1 of the order form in the files of the supplier and shall forward Copy 2 of the order form to the DEA district office.

e. Order forms shall be maintained separately from all other records of the registrant.

f. Each unaccepted, defective, or otherwise "void" order form and any attached statement or other documents relating to any order form shall be maintained in the files of the registrant.

g. If the registration of any purchaser of Schedule I or II controlled substances is terminated for any reason, or if the name or address of the registrant as shown on the registration is changed, the registrant shall return all unused order forms to the DEA district office.

10.34(7) *Ordering or distributing Schedule I or II controlled substances - electronic ordering system.* A registrant authorized to order or distribute Schedule I or II controlled substances via the DEA Controlled Substances Ordering System (CSOS) shall comply with the requirements of the DEA

relating to that system, including the maintenance and security of digital certificates, signatures, and passwords and all record-keeping and reporting requirements.

a. For an electronic order to be valid, the purchaser shall sign the electronic order with a digital signature issued to the purchaser or the purchaser's agent by the DEA.

b. An electronic order may include controlled substances that are not in Schedules I and II and may also include noncontrolled substances.

c. A purchaser shall submit an order to a specific wholesale distributor appropriately licensed to distribute in Iowa.

d. Prior to filling an order, a supplier shall verify the integrity of the signature and the order, verify that the digital certificate has not expired, check the validity of the certificate, and verify the registrant's authority to order the controlled substances.

e. The supplier shall retain an electronic record of every order, including a record of the number of commercial or bulk containers furnished for each item and the date on which the supplier shipped the containers to the purchaser. The shipping record shall be linked to the electronic record of the order. Unless otherwise provided under federal law, a supplier shall ship the controlled substances to the registered location associated with the digital certificate used to sign the order.

f. If an order cannot be filled for any reason, the supplier shall notify the purchaser and provide a statement as to the reason the order cannot be filled. When a purchaser receives such a statement from a supplier, the purchaser shall electronically link the statement of nonacceptance to the original electronic order. Neither a purchaser nor a supplier may correct a defective order; the purchaser must issue a new order for the order to be filled.

g. When a purchaser receives a shipment, the purchaser shall create a record of the quantity of each item received and the date received. The record shall be electronically linked to the original order and shall identify the individual reconciling the order. A purchaser shall, for each order filled, retain the original signed order and all linked records for that order for two years. The purchaser shall also retain all copies of each unfilled or defective order and each linked statement.

h. A supplier shall retain each original order filled and all linked records for two years. A supplier shall, for each electronic order filled, forward to the DEA within two business days either a copy of the electronic order or an electronic report of the order in a format specified by the DEA.

i. Records of CSOS electronic orders and all linked records shall be maintained by a supplier and a purchaser for two years following the date of shipment or receipt, respectively. Records may be maintained electronically or in hard-copy format. Records that are maintained electronically shall be readily retrievable from all other records, shall be easily readable or easily rendered into a readable format, shall be readily retrievable at the registered location, and shall be made available to the board, to the board's agents, or to the DEA upon request. Records maintained in hard-copy format shall be maintained in the same manner as DEA Form 222.

[ARC 8539B, IAB 2/24/10, effective 4/1/10; ARC 2408C, IAB 2/17/16, effective 3/23/16]

657—10.35(124,155A) Physical count and record of inventory. Responsibility for ensuring that a required inventory is timely completed shall rest with the registrant or, in the case of a registered business, shall rest with the owner of the business. A registrant or owner of a registered business may delegate the actual taking of any inventory. The person or persons responsible for taking the inventory shall sign the completed inventory record.

10.35(1) Record and procedure. Each inventory record, except the periodic count and reconciliation required pursuant to subrule 10.33(4), shall comply with the requirements of this subrule and shall be maintained for a minimum of two years from the date of the inventory.

a. Each inventory shall contain a complete and accurate record of all controlled substances on hand on the date and at the time the inventory is taken.

b. Each inventory shall be maintained in a handwritten, typewritten, or electronically printed form at the registered location. An inventory of Schedule II controlled substances shall be maintained separately from an inventory of all other controlled substances.

c. Controlled substances shall be deemed to be on hand if they are in the possession of or under the control of the registrant. These shall include prescriptions prepared for dispensing to a patient but not yet delivered to the patient, substances maintained in emergency medical services programs or care facility emergency supplies, outdated or adulterated substances pending destruction, and substances stored in a warehouse on behalf of the registrant. Controlled substances obtained through an authorized collection program for the purpose of disposal shall not be examined, inspected, counted, sorted, inventoried, or otherwise handled.

d. A separate inventory shall be made for each registered location and for each independent activity registered except as otherwise provided under federal law.

e. The inventory shall be taken either prior to opening or following the close of business on the inventory date, and the inventory record shall identify either opening or close of business.

f. The inventory record, unless otherwise provided under federal law, shall include the following information:

- (1) The name of the substance;
- (2) The strength and dosage form of the substance;
- (3) The quantity of the substance; and
- (4) Information required of authorized collection programs pursuant to federal regulations for such collection programs.

g. For all substances listed in Schedule I or II, and for all solid oral and injectable hydrocodone-containing products, the quantity shall be an exact count or measure of the substance.

h. For all substances listed in Schedule III, IV, or V, except for hydrocodone-containing products identified in paragraph "g" herein, the quantity may be an estimated count or measure of the substance unless the container has been opened and originally held more than 100 dosage units. If the opened commercial container originally held more than 100 dosage units, an exact count of the contents shall be made. Liquid oral hydrocodone-containing products packaged in incremented containers shall be measured to the nearest increment; products packaged in nonincremented containers may be estimated to the nearest one-fourth container.

10.35(2) Initial inventory. A new registrant shall take an inventory of all stocks of controlled substances on hand on the date the new registrant first engages in the manufacture, distribution, or dispensing of controlled substances. If the registrant commences business or the registered activity with no controlled substances on hand, the initial inventory shall record that fact.

10.35(3) Annual inventory. After the initial inventory is taken, a registrant shall take a new inventory of all stocks of controlled substances on hand at least annually. The annual inventory may be taken on any date that is within one year or seven days after the date of the previous annual inventory.

10.35(4) Change of ownership. Both the current owner and the prospective owner shall be responsible for ensuring that an inventory of all controlled substances is timely completed whenever there is a change of ownership of any pharmacy or drug wholesaler licensed pursuant to Iowa Code section 155A.13 or 155A.17, respectively. The inventory shall be taken following the close of business the last day under terminating ownership and prior to opening for business the first day under the new ownership. The inventory shall serve as the ending inventory for the terminating owner as well as a record of beginning inventory for the new owner.

10.35(5) Change of pharmacist in charge (PIC). An inventory of all controlled substances shall be completed whenever there is a change of PIC. The inventory shall be taken following the close of business the last day of the terminating PIC's employment and prior to opening for business the first day of the new PIC's employment. A single inventory shall be sufficient if there is no lapse between employment of the terminating PIC and the new PIC.

10.35(6) Change of registered location. A registrant shall take an inventory of all controlled substances whenever there is a change of registered location. The inventory shall be taken following the close of business the last day at the location being vacated. This inventory shall serve as the ending inventory for the location being vacated as well as a record of beginning inventory for the new location.

10.35(7) Discontinuing registered activity. A registrant shall take an inventory of controlled substances at the close of business the last day the registrant is engaged in registered activities. If

the registrant is selling or transferring the remaining controlled substances to another registrant, this inventory shall serve as the ending inventory for the registrant discontinuing business as well as a record of additional or starting inventory for the registrant to whom the substances are transferred.

10.35(8) *Newly controlled substances.* On the effective date of the addition of a previously noncontrolled substance to any schedule of controlled substances, any registrant who possesses the newly controlled substance shall take an inventory of all stocks of the substance on hand. That initial inventory record shall be maintained with the most recent controlled substances inventory record. Thereafter, the newly controlled substance shall be included in each inventory made by the registrant. [ARC 1575C, IAB 8/20/14, effective 9/24/14; ARC 2408C, IAB 2/17/16, effective 3/23/16]

657—10.36(124) Samples and other complimentary packages—records. Complimentary packages and samples of controlled substances may be distributed to practitioners pursuant to federal and state law only if the person distributing the items leaves with the practitioner a specific written list of the items delivered.

10.36(1) *Distribution record.* The record form for the distribution of complimentary packages of controlled substances shall contain the following information:

- a. The name, address, and DEA registration number of the supplier;
- b. The name, address, and DEA registration number of the practitioner;
- c. The name, strength, and quantity of the specific controlled substances delivered; and
- d. The date of delivery.

10.36(2) *Reports to the board.* Any person who distributes controlled substances pursuant to this rule shall report all such distributions to the board. Reports shall:

- a. Include the information identified in subrule 10.36(1). Reports may consist of copies of those distribution records or may be computer-generated listings identifying those distributions.
- b. Be submitted as soon as practicable after distribution to the practitioner but no less often than once each calendar quarter.

10.36(3) *Practitioner records.* A practitioner who regularly administers or dispenses controlled substances shall keep records of the receipt and disbursement of such drugs, including complimentary packages and samples. Records shall be filed in a readily retrievable manner in accordance with federal requirements and shall be made available for inspection and copying by agents of the board or other authorized individuals for at least two years from the date of the record.

657—10.37(124,126) Revision of controlled substances schedules.

10.37(1) *Application for exception.* Any person seeking to have any compound, mixture, or preparation containing any depressant or stimulant substance listed in any of the schedules in Iowa Code chapter 124 excepted from the application of all or any part of that chapter may apply to the board for such exception.

- a. An application for an exception under this rule shall provide evidence that an exception has been granted under the federal Controlled Substances Act.
- b. The board shall permit any interested person to file written comments on or objections to the proposal for exception and shall designate the time during which such filings may be made. After consideration of the application and any comments on or objections to the proposal for exception, the board shall issue its findings on the application.

10.37(2) *Designation of new controlled substance.* The board may designate any new substance as a controlled substance to be included in any of the schedules in Iowa Code chapter 124 no sooner than 30 days following publication in the Federal Register of a final order so designating the substance under federal law. Designation of a new controlled substance under this subrule shall be temporary as provided in Iowa Code section 124.201, subsection 4.

10.37(3) *Objection to designation of a new controlled substance.* The board may object to the designation of any new substance as a controlled substance within 30 days following publication in the Federal Register of a final order so designating the substance under federal law. The board shall file objection to the designation of a substance as controlled, shall afford all interested parties an

opportunity to be heard, and shall issue the board's decision on the new designation as provided in Iowa Code section 124.201, subsection 4.

657—10.38(124) Temporary designation of controlled substances.

10.38(1) Amend Iowa Code subsection 124.204(9) by adding the following new paragraphs “g,” “h,” “i,” and “j”:

g. N-(1-amino-3-methyl-1-oxobutan-2-yl)-1-(cyclohexylmethyl)-1H-indazole-3-carboxamide, its optical, positional, and geometric isomers, (salts, and salts of isomers. Other names: AB-CHMINACA.

h. N-(1-amino-3-methyl-1-oxobutan-2-yl)-1-pentyl-1H-indazole-3-carboxamide, its optical, positional, and geometric isomers, (salts, and salts of isomers. Other names: AB-PINACA.

i. [1-(5-fluoropentyl)-1H-indazol-3-yl](naphthalen-1-yl)methanone, its optical, positional, and geometric isomers, (salts, and salts of isomers. Other names: THJ-2201.

j. N-(1-phenethylpiperidin-4-yl)-N-phenylacetamide, its optical, positional, and geometric isomers, (salts, and salts of isomers. Other names: acetyl fentanyl.

10.38(2) Amend Iowa Code subsection 124.206(2), paragraph “a,” introductory paragraph, as follows:

a. Opium and opiate, and any salt, compound, derivative, or preparation of opium or opiate, excluding apomorphine, thebaine-derived butorphanol, dextroprhan, nalbuphine, nalmefene, naloxegol, naloxone, and naltrexone, and their respective salts, but including the following:

[ARC 7906B, IAB 7/1/09, effective 6/22/09; ARC 8411B, IAB 12/30/09, effective 12/1/09; ARC 8989B, IAB 8/11/10, effective 7/21/10; ARC 9091B, IAB 9/22/10, effective 8/30/10; ARC 0893C, IAB 8/7/13, effective 7/9/13; ARC 1408C, IAB 4/2/14, effective 3/13/14; ARC 1787C, IAB 12/10/14, effective 1/14/15; ARC 2407C, IAB 2/17/16, effective 3/23/16]

657—10.39(124,126) Excluded substances. The Iowa board of pharmacy hereby excludes from all schedules the current list of “Excluded Nonnarcotic Products” identified in Title 21, CFR Part 1308, Section 22. Copies of the list of excluded products may be obtained by written request to the board office at 400 S.W. Eighth Street, Suite E, Des Moines, Iowa 50309-4688.

657—10.40(124,126) Anabolic steroid defined. Anabolic steroid, as defined in Iowa Code section 126.2, paragraph 2, includes any substance identified as such in Iowa Code section 124.208, paragraph 6, or in Iowa Code section 126.2, paragraph 2.

657—10.41(124A) Designation of imitation controlled substances. Rescinded ARC 2195C, IAB 10/14/15, effective 11/18/15.

These rules are intended to implement Iowa Code sections 124.201, 124.301 to 124.308, 124.402, 124.403, 124.501, 126.2, 126.11, 147.88, 155A.13, 155A.17, 155A.26, 155A.37, and 205.3.

CHAPTER 11
DRUGS IN EMERGENCY MEDICAL SERVICE PROGRAMS
[Prior to 2/10/88, see Pharmacy Examiners[620] Ch 11]

657—11.1(124,147A,155A) Definitions. For the purpose of this chapter, the following definitions shall apply:

“*Adulterated*” means any drug or device that consists in whole or in part of any filthy, putrid, or decomposed substance.

“*Ambulance service*” means any privately or publicly owned service program that utilizes ambulances, including air transport vehicles, in order to provide patient transportation and emergency medical services.

“*Authorized prescriber*” means any provider who has prescriptive authority in the state of Iowa.

“*Board*” means the board of pharmacy.

“*Bureau*” means the Iowa department of public health, bureau of emergency and trauma services (BETS).

“*Controlled substance*” means any drug that is identified in Schedules I through V of Iowa Code chapter 124, the Iowa uniform controlled substances Act.

“*CSA registration*” means a registration issued by the board pursuant to Iowa Code chapter 124, the Iowa uniform controlled substances Act.

“*DEA*” means the U.S. Department of Justice, Drug Enforcement Administration.

“*DEA registration*” means a registration issued by the DEA pursuant to 21 CFR Part 1301.

“*Department*” means the Iowa department of public health.

“*Drug*” means a substance as defined in Iowa Code section 155A.3(13) but does not include nonmedicated intravenous solutions such as saline.

“*Emergency medical care provider*” means an emergency medical care provider as defined in 641—131.1(147A).

“*Emergency medical services*” or “*EMS*” means an integrated medical care delivery system to provide emergency and nonemergency medical care.

“*Emergency medical technician*” or “*EMT*” means any emergency medical technician or EMT as defined in 641—131.1(147A).

“*Medical direction*” means direction, advice, or orders provided, in accordance with written parameters and protocols, to emergency medical care personnel by a medical director, supervising physician, or physician designee.

“*Medical director*” means any physician licensed under Iowa Code chapter 148, 150, or 150A who shall be responsible for overall medical direction of the service program and who has completed a medical director workshop, sponsored by the department, within one year of assuming duties.

“*Medical director-based*” means that ownership of the drugs maintained in and used by the service program remains with the medical director.

“*Patient care report*” means a computerized or written report that documents the assessment and management of the patient by the emergency medical care provider.

“*Pharmacy-based*” means that ownership of the drugs maintained in and used by the service program remains with the pharmacy.

“*Physician*” means any individual licensed under Iowa Code chapter 148, 150, or 150A.

“*Physician assistant*” or “*PA*” means any individual licensed under Iowa Code chapter 148C.

“*Primary program site*” means the physical location from which the service program is operated and at which stock supplies of prescription drugs may be maintained and distributed to a program vehicle and a program substation.

“*Program substation*” means the physical location from which a service program is operated as a branch or extension of a primary program site, at which an emergency kit or supply of prescription drugs is maintained, and at which a stock supply of prescription drugs is not maintained.

“*Protocols*” means written direction and orders, consistent with the department’s standard of care, that are to be followed by an emergency medical care provider in emergency and nonemergency

situations. Protocols shall be approved by the service program's medical director and shall address the care of both adult and pediatric patients.

"Responsible individual" means the individual who maintains legal responsibility of the prescription drugs and devices. "Responsible individual" includes the medical director in a medical director-based service program or the pharmacist in charge in a pharmacy-based service program.

"Service" or *"service program"* means any medical care ambulance service or nontransport service that has received authorization from the department.

"Service director" means the individual who is responsible for the operation and administration of a service program.

"Supervising physician" means any physician licensed under Iowa Code chapter 148, 150, or 150A who supervises and is responsible for medical direction of emergency medical care personnel when such personnel are providing emergency medical care.

[ARC 9786B, IAB 10/5/11, effective 11/9/11; ARC 0342C, IAB 10/3/12, effective 11/7/12; ARC 3101C, IAB 6/7/17, effective 7/12/17]

657—11.2(124,147A,155A) Responsibility. Each service program shall appoint a service director at the primary program site and shall have a responsible individual who is responsible for ensuring that the management of all prescription drugs complies with federal and state laws and regulations. In service programs that maintain both a pharmacy-based service program agreement and a medical director-based service program agreement, the responsible individual for each service program agreement shall be responsible for ensuring the management of drugs under that individual's ownership. If more than one pharmacy enters into an agreement with a pharmacy-based service program, the pharmacist in charge at each pharmacy is responsible for the rules and laws pertaining to the specific prescription drugs, including controlled substances, that each pharmacy provides to the service program.

[ARC 9786B, IAB 10/5/11, effective 11/9/11; ARC 3101C, IAB 6/7/17, effective 7/12/17]

657—11.3(124,147A,155A) Registration required. In any service program which intends to provide services in or into Iowa that include the administration of controlled substances, the responsible individual shall ensure that each primary program site, regardless of location, is registered with the board pursuant to this rule. The current registration certificate shall be available at the primary program site for inspection and copying by the board, its representative, or any other authorized individual.

11.3(1) Medical director-based service program. In a medical director-based service program, CSA and DEA registrations shall be obtained for each primary program site. CSA and DEA registrations shall be obtained prior to procurement of any controlled substances for use in the service program. Separate registrations for program substations shall not be required. In a medical director-based service program, the CSA and DEA registrations shall be issued in the name of the service program, shall secondarily name the medical director, and shall be issued for the address of the service program's primary program site.

11.3(2) Pharmacy-based service program. In a pharmacy-based service program, the CSA registration shall be issued in the name of the service program and shall secondarily name the provider pharmacy. The CSA registration shall be issued for the address of the service program's primary program site and shall identify the pharmacist in charge of the provider pharmacy as the individual responsible for the controlled substances at the service program.

11.3(3) Combination pharmacy-based and medical director-based service program. In a service program that is a combination of pharmacy-based and medical director-based and both the pharmacy and medical director provide controlled substances, each provider of controlled substances shall maintain a CSA registration with the board as provided by this rule. A medical director-based program shall also maintain a federal DEA registration as provided by this rule.

11.3(4) Change of address of registered primary program site. A registrant may apply to change the address of the registered primary program site by submitting a written request as provided in 657—subrule 10.11(2). The board and the DEA shall be notified in writing prior to a change of address of a registered primary program site.

11.3(5) Discontinuation of medical director in a medical director-based service program. If a medical director intends to terminate a written agreement with a service program pursuant to rule

657—11.5(124,147A,155A), the medical director shall provide written notification to the board at 400 S.W. Eighth Street, Suite E, Des Moines, Iowa 50309, pursuant to 657—subrule 10.11(6), to cancel the registration, including the effective date of the termination of the agreement. The registration certificate shall be returned to the board no later than ten days following the effective date of the termination of the agreement.

[ARC 9786B, IAB 10/5/11, effective 11/9/11; ARC 3101C, IAB 6/7/17, effective 7/12/17]

657—11.4(124,147A,155A) Written agreement. A signed, written agreement for the service program shall be maintained at the primary program site and be available for inspection and copying by the board, its representative, or any other authorized individual.

11.4(1) Pharmacy-based service programs. An Iowa-licensed pharmacy may enter into an agreement with a service program located in the state. The agreement with the service program shall establish that the service program is operating as an extension of the pharmacy with respect to the prescription drugs the pharmacy provides to the service program. The agreement shall be signed by the pharmacist in charge and the service director at the primary program site. A copy of this agreement shall be maintained at both the pharmacy and the primary program site while the agreement is in effect. Nothing in this rule prohibits more than one pharmacy from entering into an agreement with a service program provided that each pharmacy complies with all rules and regulations for a pharmacy-based service program, including maintenance of all required records specific to each pharmacy's drugs.

11.4(2) Medical director-based service programs. An Iowa-licensed physician may enter into an agreement with a service program located in the state. The agreement shall be signed by the medical director and the service director and be maintained at the primary program site while the agreement is in effect. The agreement shall include an attestation that the medical director agrees to abide by these rules.

[ARC 9786B, IAB 10/5/11, effective 11/9/11; ARC 3101C, IAB 6/7/17, effective 7/12/17]

657—11.5(124,147A,155A) Termination of agreement. A written agreement may be terminated at the discretion of either the service program or the party or parties responsible for providing drugs to the service program. Written notification of such termination shall be provided to the other party at least 30 days prior to termination of the agreement.

11.5(1) Pharmacy-based service programs. Immediately upon discontinuation of a written agreement, all controlled substances shall be jointly inventoried by the pharmacist in charge of the pharmacy that owns the drugs and the service director or their respective designees. A record of this inventory shall be maintained at the pharmacy for two years from the date of the inventory and shall be available for inspection and copying by the board, its representative, or any other authorized individual. All drugs and devices that are the property of the pharmacy shall be immediately returned to the pharmacy.

11.5(2) Medical director-based service programs. Immediately upon discontinuation of a written agreement, all controlled substances shall be jointly inventoried by the medical director and the service director or their respective designees. A record of this inventory shall be maintained by the medical director for two years from the date of the inventory and shall be available for inspection and copying by the board, its representative, or any other authorized individual. All drugs and devices that are the property of the medical director shall be immediately returned to the medical director.

11.5(3) Transfer of ownership. If drugs in a service program are to be maintained under the ownership of a new pharmacy or medical director, such transfer of ownership shall be in compliance with 657—Chapter 10, 657—Chapter 17, and federal laws and regulations. Pursuant to rule 657—10.34(124,155A), the transfer of Schedule II controlled substances shall require an executed DEA Form 222.

[ARC 9786B, IAB 10/5/11, effective 11/9/11; ARC 0342C, IAB 10/3/12, effective 11/7/12; ARC 3101C, IAB 6/7/17, effective 7/12/17]

657—11.6(124,147A,155A) Registration required. Rescinded ARC 3101C, IAB 6/7/17, effective 7/12/17.

[ARC 9786B, IAB 10/5/11, effective 11/9/11]

657—11.7 Reserved.

657—11.8(124,147A,155A) Identification. A log of employees who have access to prescription drugs and to records regarding procurement, storage, and administration of prescription drugs at the service program shall be maintained for two years and be available for inspection and copying by the board, its representative, or any other authorized individual. This log shall include each employee's printed name and signature, printed and signed initials or other unique identification used in service program records, and the employee's level of certification. A service program may maintain an electronic record of employee identification, including the employee's name, signature, unique identification used in the service program records, and level of certification. Such log shall be maintained at the primary program site for at least two years from the date of the employee's last date of employment with the service program and shall be available for inspection and copying by the board, its representative, or any other authorized individual.

[ARC 9786B, IAB 10/5/11, effective 11/9/11; ARC 3101C, IAB 6/7/17, effective 7/12/17]

657—11.9 Reserved.

657—11.10(124,147A,155A) Ownership of prescription drugs. All prescription drugs obtained for use in a service program shall be owned either by a pharmacy or by the medical director of the service program.

11.10(1) Pharmacy-based service programs. If the drugs are owned by a pharmacy or more than one pharmacy pursuant to these rules, the service program shall be considered a pharmacy-based service program and shall comply with these rules as they pertain to a pharmacy-based service program.

11.10(2) Medical director-based service programs. If the drugs are owned by the medical director, the service program shall be considered a medical director-based service program and shall comply with these rules as they pertain to a medical director-based service program.

11.10(3) Combination pharmacy-based and medical director-based service programs. If the service program has entered into both pharmacy-based and medical director-based service program agreements, both the pharmacy and the medical director shall retain separate ownership of the prescription drugs supplied and shall comply with these rules as applicable. The primary program site shall maintain a list that identifies which prescription drugs are owned and supplied by each responsible individual.

11.10(4) Transfer of ownership. Any transfer of ownership of prescription drugs and devices in a service program shall be in compliance with 657—Chapter 10, 657—Chapter 17, and federal laws and regulations.

[ARC 9786B, IAB 10/5/11, effective 11/9/11; ARC 3101C, IAB 6/7/17, effective 7/12/17]

657—11.11(124,147A,155A) Policies and procedures.

11.11(1) The service director, the medical director, and the responsible individual shall develop, implement, and adhere to written policies and procedures for the operation and management of the service program with respect to prescription drugs and devices in accordance with these rules. These policies and procedures shall be available for inspection and copying by the board, its representative, or any other authorized individual. The policies and procedures shall be periodically reviewed by the responsible individual, the medical director, and the service director and shall identify the frequency of the review. Documentation of the review shall be maintained.

11.11(2) The policies and procedures shall address, at a minimum, the following:

a. Storage of drugs at the primary program site and any program substations, including appropriate temperature controls, temperature monitoring and response when drugs are exposed to extreme temperatures pursuant to rule 657—11.13(124,147A,155A).

b. Storage of drugs at the primary program site and any program substations, including adequate security to prevent diversion and unauthorized access to drugs and records pursuant to rule 657—11.13(124,147A,155A).

c. Protocols for administration of drugs pursuant to rule 657—11.14(124,147A,155A).

d. Administration of drugs outside the parameters of written protocols pursuant to rule 657—11.15(124,147A,155A).

e. Service program personnel matters including, but not limited to:

(1) Access to prescription drugs and records, identifying level of access based upon employee certification level and scope of practice.

(2) Authority to administer drugs based upon employee certification level and scope of practice.

(3) Authority to order, receive, and distribute prescription drugs and devices.

(4) Initial training and periodic review of the medication policies and procedures.

(5) Identification of registered nurses not employed by the service program who are authorized by the medical director pursuant to Iowa Code section 147A.12 and pursuant to rules of the board of nursing to provide emergency care under the service program's protocol.

f. Process for the return of drugs pursuant to rule 657—11.22(124,147A,155A).

g. Out-of-date and adulterated drugs pursuant to rule 657—11.23(124,147A,155A).

h. Drug and device recalls pursuant to rule 657—11.24(124,147A,155A).

i. Monthly inspections pursuant to rule 657—11.20(124,147A,155A).

j. Record retention as described in rule 657—11.34(124,147A,155A) and other applicable rules of the board.

[ARC 9786B, IAB 10/5/11, effective 11/9/11; ARC 0342C, IAB 10/3/12, effective 11/7/12; ARC 3101C, IAB 6/7/17, effective 7/12/17]

657—11.12 Reserved.

657—11.13(124,147A,155A) Storage. Prescription drugs at primary program sites and program substations shall be stored in designated secure areas that are clean and free of debris, where temperature is appropriately controlled, and in a manner to protect identity and integrity.

11.13(1) Temperature. Each drug shall be stored within the temperature range required in the manufacturer labeling. The service program shall utilize a method to provide continuous temperature control or monitoring, such as a temperature indicator, which at a minimum identifies when the drugs have been exposed to extreme temperatures. The service program shall regularly, but at least weekly, verify and document verification that the drugs have not been exposed to extreme temperatures. Drugs that are subjected to extreme temperatures shall not be administered to patients and shall be quarantined and returned to the responsible individual for disposition. Extreme temperatures shall be defined as excessive heat greater than 40 degrees Celsius (104 degrees Fahrenheit) and, if the product requires protection from freezing temperatures, excessive cold less than -10 degrees Celsius (13 degrees Fahrenheit). Disposition of unusable drugs shall be in compliance with rule 657—11.32(124,147A,155A).

11.13(2) Security. The security of prescription drugs, records for such drugs, and patient records is the responsibility of the responsible individual and shall provide for the effective control against theft of, diversion of, or unauthorized access to drugs and records. Policies shall identify procedures that will utilize or require the signature of two service employees for each disbursement to ensure accountability for controlled substances.

[ARC 9786B, IAB 10/5/11, effective 11/9/11; ARC 3101C, IAB 6/7/17, effective 7/12/17]

657—11.14(124,147A,155A) Protocols. Every service program shall utilize department protocols as the standard of care. The service program medical director may authorize an alternative protocol provided the directives are within the EMS provider's scope of practice, are within acceptable medical practice, and have been filed with the department. Prescription drugs shall be administered pursuant only to a written protocol or oral order by an authorized prescriber. A copy of the current protocol shall be provided to and maintained by the responsible individual, the service director, the primary program site and each program substation and shall be available for inspection and copying by the board, its representative, or any other authorized individual.

[ARC 9786B, IAB 10/5/11, effective 11/9/11; ARC 3101C, IAB 6/7/17, effective 7/12/17]

657—11.15(124,147A,155A) Administration of drugs beyond the limits of a written protocol. Drugs may be administered beyond the limits of a written protocol provided that medical direction from an authorized prescriber has been obtained prior to administration. The authorization shall be recorded in the patient care report documenting the identity of the authorizing prescriber. If an agent of the authorized prescriber relayed the order, the identity of the prescriber's agent, including the agent's first and last names and title, shall also be recorded. The administration of a Schedule II controlled substance in a pharmacy-based service program shall be documented pursuant to rule 657—11.16(124,147A,155A). [ARC 9786B, IAB 10/5/11, effective 11/9/11; ARC 3101C, IAB 6/7/17, effective 7/12/17]

657—11.16(124,147A,155A) Administration of Schedule II controlled substances—pharmacy-based service program. In a pharmacy-based service program, Schedule II controlled substances may be administered to patients under the care of a service program, including administration beyond the limits of a protocol when authorized pursuant to rule 657—11.15(124,147A,155A), provided that a signed order is delivered by the authorized prescriber to the pharmacy within seven days of the date administration was authorized. The signed order shall contain all of the prescription information required pursuant to Iowa Code section 155A.27. The patient care report may be accepted as the required signed order if the patient care report includes the required prescription information, including an original signature of the authorizing prescriber. [ARC 9786B, IAB 10/5/11, effective 11/9/11; ARC 3101C, IAB 6/7/17, effective 7/12/17]

657—11.17 and 11.18 Reserved.

657—11.19(124,147A,155A) Patient care reports. Patient care reports shall be maintained at the primary program site or the program substation as required by the bureau and rule 657—11.34(124,147A,155A). [ARC 9786B, IAB 10/5/11, effective 11/9/11]

657—11.20(124,147A,155A) Prescription drugs in service programs. Prescription drugs maintained by a service program shall be owned by an Iowa-licensed pharmacy or the service program's medical director.

11.20(1) Pharmacy-based service programs. The pharmacist in charge, the medical director, and the service director shall jointly develop, consistent with the service program's protocol, a list of drugs to be maintained for administration by the service program. The pharmacy shall maintain a current list of all prescription drugs including controlled substances that the pharmacy maintains at the primary program site and at any program substation.

a. Replenishment. The responsible individual, the service director, or designee may request that replenishment supplies of drugs be maintained at the primary program site provided that the pharmacy has been supplied with administration records justifying the order. Records of the administration of Schedule III, IV, and V controlled substances and noncontrolled prescription drugs provided to and maintained at the pharmacy shall include, at a minimum: the patient's name; the name, strength, dosage form, and quantity of the drug administered; and the date of administration. Records of the administration of Schedule II controlled substances provided to and maintained at the pharmacy shall consist of a written prescription including all of the prescription information required pursuant to Iowa Code section 155A.27 or the patient care report if the patient care report includes the required prescription information, including an original signature of the authorizing prescriber. A pharmacist shall verify the accuracy of every drug to be disbursed to the primary program site. Documentation of this verification shall be maintained within the pharmacy records.

b. Replenishment using automated medication distribution system (AMDS). A pharmacy utilizing an automated medication distribution system (AMDS) may authorize replenishment of the service program's drug supplies from the AMDS provided that a pharmacist verifies the drugs stocked in the AMDS component before the drugs are removed from the pharmacy. Service program personnel authorized to remove drugs from the AMDS for restocking the service program's supplies shall be assigned a unique identification and access code for the purpose of accessing the AMDS. Access by

authorized service program personnel shall be restricted to specific drug products authorized for use by the service program. A pharmacist shall, within 72 hours, review the access of and removal of drugs from the AMDS by service program personnel and shall maintain documentation of that review within the pharmacy records.

c. Inspections. The pharmacist in charge shall ensure the completion of a monthly inspection of all prescription drugs maintained by the pharmacy at the primary program site and any program substation. Inspection shall include the removal of outdated or adulterated drugs. All drugs removed from service program stock shall be returned to the pharmacy. Records of inspection shall be maintained for two years from the date of the inspection at the pharmacy. The pharmacist in charge may delegate the completion of the monthly inspection to another pharmacist, a pharmacist-intern, a certified pharmacy technician, or another designee of the pharmacist in charge.

11.20(2) Medical director-based service programs. The medical director and the service director shall jointly develop, consistent with the service program's protocol, a list of drugs to be maintained for administration by the service program. The medical director shall maintain a current list of all prescription drugs including controlled substances that the medical director maintains at the primary program site and at any program substation.

a. Replenishment. All drugs procured for administration in a medical director-based service program shall be obtained from an Iowa-licensed wholesaler, pharmacy, or authorized prescriber.

b. Inspections. The medical director shall ensure the completion of a monthly inspection of all prescription drugs maintained by the medical director at the primary program site and any program substation. Inspection shall include the removal of outdated or adulterated drugs. Records of inspection shall be maintained for two years from the date of the inspection at the primary program site or the program substation. The medical director may delegate the completion of the required inspections to the service director or other designee.

[ARC 9786B, IAB 10/5/11, effective 11/9/11; ARC 0342C, IAB 10/3/12, effective 11/7/12; ARC 1307C, IAB 2/5/14, effective 3/12/14; ARC 3101C, IAB 6/7/17, effective 7/12/17]

657—11.21 Reserved.

657—11.22(124,147A,155A) Return of drugs. Drugs that have been removed from service program stock shall be returned to the responsible individual. In a pharmacy-based service program, drugs returned from the service program to the pharmacy may be used by the pharmacy for subsequent dispensing or administration provided the drugs are not outdated or adulterated. Records of the return of prescription drugs shall be maintained by the responsible individual for two years from the date of the return.

[ARC 9786B, IAB 10/5/11, effective 11/9/11; ARC 3101C, IAB 6/7/17, effective 7/12/17]

657—11.23(124,147A,155A) Out-of-date drugs or devices. Any drug or device bearing an expiration date shall not be administered beyond the expiration date of the drug or device. Outdated drugs or devices shall be removed from service program stock and quarantined until such drugs or devices are returned to the responsible individual for disposition.

[ARC 9786B, IAB 10/5/11, effective 11/9/11; ARC 3101C, IAB 6/7/17, effective 7/12/17]

657—11.24(124,147A,155A) Product recall. Each service program shall have a procedure for removal from service program stock all drugs or devices subject to a product recall. The procedure shall include action appropriate to the direction or requirements of the recall.

[ARC 9786B, IAB 10/5/11, effective 11/9/11; ARC 3101C, IAB 6/7/17, effective 7/12/17]

657—11.25 Reserved.

657—11.26(124,147A,155A) Controlled substances records.

11.26(1) Records maintained. Every inventory or other record required to be maintained under this chapter, 657—Chapter 10, or Iowa Code chapter 124 shall be maintained at the primary program site or the program substation and by the pharmacy if the service program is pharmacy-based. All required

records shall be available for inspection and copying by the board, its representative, or any other authorized individual for at least two years from the date of such record. Controlled substances records shall be maintained in a readily retrievable manner. Schedule II controlled substances records shall be maintained separately from all other records of the registrant.

11.26(2) *Receipt and disbursement records in medical director-based service programs.* Any pharmacy or other authorized registrant that provides controlled substances for a medical director-based service program shall provide to the service program a record of the disbursement and maintain a record of the disbursement pursuant to rule 657—10.34(124,155A). The service program shall retain the record on which an authorized individual shall sign and record the actual date of receipt. The record shall include the following:

- a. The name of the substance;
- b. The strength and dosage form of the substance;
- c. The number of units or commercial containers acquired from other registrants, including the date of receipt and the name, address, and DEA registration number of the registrant from whom the substances were acquired;
- d. The number of units or commercial containers distributed to other registrants, including the date of distribution and the name, address, and DEA registration number of the registrant to whom the substances were distributed; and
- e. The number of units or commercial containers disposed of in any other manner, including the date and manner of disposal and the name, address, and DEA registration number of the registrant to whom the substances were distributed for disposal, if appropriate.

[ARC 9786B, IAB 10/5/11, effective 11/9/11; ARC 3101C, IAB 6/7/17, effective 7/12/17]

657—11.27(124,147A,155A) Ordering Schedule II controlled substances—medical director-based service programs. Except as otherwise provided by 657—subrule 10.34(7) and under federal law, a DEA Form 222, preprinted with the address of the primary program site, is required to be maintained at the primary program site for the acquisition of each supply of a Schedule II controlled substance. The order form shall be executed only by the medical director named on the order form or by an authorized signer designated pursuant to a properly executed power of attorney. A DEA Form 222 shall be dated and signed as of the date the order is submitted for filling. A medical director or authorized signer shall not pre-sign a DEA Form 222 for subsequent completion. All Schedule II order forms shall be maintained at the primary program site and shall be available for inspection and copying by the board, its representative, or any other authorized individual for a period of two years from the date of the record. [ARC 9786B, IAB 10/5/11, effective 11/9/11; ARC 3101C, IAB 6/7/17, effective 7/12/17]

657—11.28 Reserved.

657—11.29(124,147A,155A) Schedule II controlled substances perpetual inventory. Each service program located in Iowa that administers Schedule II controlled substances shall maintain a perpetual inventory for all Schedule II controlled substances pursuant to the requirements of this rule. All records relating to the perpetual inventory shall be maintained at the primary program site and shall be available for inspection and copying by the board, its representative, or any other authorized individual for a period of two years from the date of the record.

11.29(1) *Record.* The perpetual inventory record may be maintained in a hard-copy or electronic record format. Any electronic record shall provide for hard-copy printout of all transactions recorded in the perpetual inventory record for any specified period of time and shall state the current inventory quantities of each drug at the time the record is printed. A record entry, once recorded, shall not be changed; any adjustments or corrections shall require entry of a separate record as provided in subrule 11.29(3).

11.29(2) *Information included.* The perpetual inventory record shall identify all receipts and disbursements of Schedule II controlled substances by drug name or by National Drug Code (NDC), including each patient administration, wastage, and return of a drug to the responsible individual. The record of receipt shall also identify the source of the drug, the strength and dosage form, the quantity,

the date of receipt, and the name or unique identification of the individual verifying receipt of the drug. The disbursement record shall identify where or to whom the drug is disbursed or administered, the strength and dosage form, the quantity, the date of disbursement or administration, and the name or unique identification of the individual responsible for the disbursement. Receipts and disbursements shall be recorded in the perpetual inventory as soon as practicable but no later than 24 hours after the receipt, disbursement, or administration.

11.29(3) *Adjustments or corrections to the record.* Any adjustments or corrections made to the perpetual inventory shall include the identity of the person making the adjustment or correction and the reason for the adjustment or correction.

11.29(4) *Reconciliation.* The pharmacist in charge or designee in a pharmacy-based service program, or the medical director or designee in a medical director-based service program, shall be responsible for reconciling the perpetual inventory record of all Schedule II controlled substances with the physical inventory at least monthly. Any discrepancy shall be reported within 24 hours of the discovery to the responsible individual for investigation.

[ARC 9786B, IAB 10/5/11, effective 11/9/11; ARC 3101C, IAB 6/7/17, effective 7/12/17]

657—11.30(124,147A,155A) Controlled substances annual inventory. An accurate inventory shall be taken annually of all controlled substances maintained at the primary program site and program substations. Controlled substances in a pharmacy-based service program shall be included in the pharmacy's annual controlled substances inventory. The inventory record shall identify the drug name or National Drug Code (NDC) and the exact quantity under the control of the service program including drugs in replenishment stock and quarantined stock. The inventory record shall contain the date and time the inventory was taken and the printed name and signature of the individual or individuals responsible for the inventory record. Records of the inventory shall be maintained pursuant to rule 657—11.34(124,147A,155A).

[ARC 9786B, IAB 10/5/11, effective 11/9/11; ARC 3101C, IAB 6/7/17, effective 7/12/17]

657—11.31 Reserved.

657—11.32(124,147A,155A) Disposition of controlled substances. Disposition of controlled substances shall be pursuant to the requirements of this rule, rule 657—11.29(124,147A,155A), 657—Chapter 10, and federal regulations. Records shall be maintained at the primary program site and, if the service program is pharmacy-based, records shall be maintained at the pharmacy.

11.32(1) *Outdated, adulterated, or unwanted supply.* Controlled substances shall not be destroyed except as provided in subrule 11.32(2). Any drug that requires disposition shall be quarantined until the drug can be returned to the responsible individual. The responsible individual shall ensure the proper disposition of controlled substances according to the following procedures:

a. The responsible individual shall utilize the services of a DEA-registered and Iowa-licensed disposal firm (reverse distributor), or

b. The responsible individual shall utilize such other means determined and approved by the board.

11.32(2) *Administration wastage.* Except as otherwise specifically provided by federal or state law or rules of the board, the unused portion of a controlled substance resulting from administration to a patient may be destroyed or otherwise disposed of by the administering service program personnel, the medical director, or a pharmacist. Any wastage of a controlled substance shall be conducted in the presence of a responsible adult witness who is an authorized service program employee, a member of the professional or technician pharmacy staff, or a licensed health care professional. A written or electronic record of controlled substance wastage shall be created and maintained at the primary program site and, if the service program is pharmacy-based, at the pharmacy, for a minimum of two years following the disposition. The record shall include the signatures or other unique identification of the witness and of the individual destroying or otherwise disposing of the wastage of the controlled substance and shall identify the following:

a. The controlled substance wasted;

b. The date of destruction or other disposition;

- c. The quantity or estimated quantity of the wasted controlled substance;
 - d. The source of the controlled substance, including identification of the patient to whom the substance was administered; and
 - e. If either individual involved in the wastage is not identified in the service program identification log, the legibly printed first and last names and title of the individual.
- [ARC 9786B, IAB 10/5/11, effective 11/9/11; ARC 3101C, IAB 6/7/17, effective 7/12/17]

657—11.33(124,147A,155A) Report of loss or theft of controlled substance. Upon suspicion of any loss or theft of a controlled substance, the service director shall immediately notify the responsible individual. The responsible individual shall provide notice and reporting as required in rule 657—10.16(124).

[ARC 9786B, IAB 10/5/11, effective 11/9/11; ARC 3101C, IAB 6/7/17, effective 7/12/17]

657—11.34(124,147A,155A) Records. If a service program includes a primary program site and one or more program substations, each record shall identify the specific location to which it applies. Records regarding service program substation activities, including drug supply and administration records, may be maintained at the primary program site but shall clearly identify the program substation to which the records apply. All records regarding prescription drugs and devices in a service program shall be maintained for two years from the date of the activity or record and be available for inspection and copying by the board, its representative, or any other authorized individual.

[ARC 9786B, IAB 10/5/11, effective 11/9/11; ARC 3101C, IAB 6/7/17, effective 7/12/17]

These rules are intended to implement Iowa Code chapter 147A and Iowa Code sections 124.301 and 155A.13.

CHAPTER 12
PRECURSOR SUBSTANCES

657—12.1(124B) Precursor substance identified. For the purpose of this chapter, precursor substance includes all substances identified in Iowa Code section 124B.2. Additional precursor substances may be identified by listing in this rule.

657—12.2(124B) Reports required. Except as provided in rule 657—12.4(124B) or 12.5(124B), the following reports shall be filed with the board on forms provided or approved by the board. Copies of reports submitted pursuant to this rule shall be maintained for two years following the date of the report.

12.2(1) Delivery in Iowa. Any manufacturer, retailer, or other person who sells, transfers, or otherwise furnishes a precursor substance to anyone within this state shall report the transaction to the board no less than 21 days prior to delivery of the substance.

12.2(2) Receipt from out-of-state source. Any vendor, recipient, or other person who receives a precursor substance from a source outside the state shall submit to the board a report of the transaction no more than 14 days following receipt of the substance.

12.2(3) Missing quantity. Any vendor, recipient, or other person who is authorized to possess precursor substances in this state shall report to the board within seven days of discovering either of the following occurrences:

- a. Loss or theft of a precursor substance.
- b. A difference between the amount of a precursor substance shipped and the amount of a precursor substance received.

657—12.3(124B) Form of reports. All reports shall be on forms provided by the board except as provided in rule 657—12.4(124B). The following minimum information shall be completed for each required report.

12.3(1) Delivery. Each form that reports the sale, transfer, or other furnishing of a precursor substance shall contain the following information:

- a. Name of substance;
- b. Quantity of substance;
- c. Date sold, transferred, or furnished;
- d. Name and address of business or person selling, transferring, or furnishing the substance;
- e. The signature of the person or the signature of an officer, authorized agent, or authorized employee of the business selling, transferring, or furnishing the substance;
- f. Name, address, and identification information of the person or business purchasing or receiving the substance.

12.3(2) Receipt. Each form that reports the receipt of a precursor substance shall contain the following information:

- a. Name of substance;
- b. Quantity of substance;
- c. Date received;
- d. Name and address of person or business receiving the substance;
- e. The signature of the person or the signature of an officer, authorized agent, or authorized employee of a business receiving the substance;
- f. Name and address of the person or business selling, transferring, or furnishing the substance.

12.3(3) Theft or loss. Each form that reports a missing quantity of a precursor substance shall contain the following information:

- a. Name of missing substance;
- b. Quantity of substance missing;
- c. Date on which the substance was discovered to be missing;
- d. Name and address of the person or business reporting the missing quantity;
- e. The permit number of the person or business reporting the missing quantity, if applicable;

f. The signature of the person or an officer, authorized agent, or authorized employee of the business reporting the missing quantity;

g. The name and address of the person who transported the precursor substance and the date of shipment, if applicable.

657—12.4(124B) Monthly reporting option.

12.4(1) Regular repeated deliveries. Vendors who regularly transfer the same precursor substance to the same recipient may apply to the board for authorization to submit the report of those transactions on a monthly basis. Requests for monthly reporting authorization must be received at the board office at least 21 days prior to the board meeting at which the request will be considered. The board will review each request to determine if the requirements of Iowa Code chapter 124B are met and will notify the vendor of its decision and the reporting format that will be authorized.

12.4(2) Computer-generated reports. Vendors may also petition the board to accept reports on a computer-generated basis. If approved, reports may be furnished in hard copy or in board-approved data storage format. The vendor will be responsible for the accuracy of all reports and the prompt correction of any data entry or transmission errors.

12.4(3) Authorization rescinded at board's discretion. Authorization to report monthly or to use computer-generated reporting may be rescinded at the board's discretion and with 30 days' advance notice.

657—12.5(124B) Exemptions. The following are exempt from the reporting requirements of subrules 12.2(1), 12.2(2), 12.3(1), and 12.3(2) and the identification requirements of rule 657—12.6(124B):

1. A licensed pharmacist or other person authorized under Iowa Code chapter 155A to sell or furnish a precursor substance upon the prescription of a practitioner.

2. A practitioner who administers or furnishes a precursor substance to a patient.

3. A manufacturer, wholesaler, retailer, or person who holds a permit issued by the board and who sells, transfers, or otherwise furnishes a precursor substance to a practitioner or pharmacy as defined in Iowa Code section 155A.3.

4. Any retailer or person who sells, transfers, furnishes, or receives a drug containing ephedrine, phenylpropanolamine, or pseudoephedrine or a cosmetic containing a precursor substance if the drug or cosmetic is lawfully sold, transferred, or furnished over the counter without a prescription in accordance with Iowa Code chapter 126.

657—12.6(124B) Identification of purchaser or other recipient. Prior to selling, transferring, or otherwise furnishing in this state any precursor substance as defined in rule 657—12.1(124B), a vendor shall require appropriate identification of any purchaser or other recipient. Letters and other documentation required by this rule shall be maintained for two years following delivery.

12.6(1) Face-to-face transactions. Prior to furnishing any precursor substance in any face-to-face transaction, a vendor shall require and document all of the following:

a. A valid driver's license or other state-issued identification issued to the purchaser's representative. The identification shall contain the photograph and residential or mailing address, other than a post office box number, of the purchaser's representative.

b. The motor vehicle license number of the vehicle owned or operated by the purchaser or the purchaser's representative.

c. A letter of authorization from the purchaser. The letter shall include the purchaser's business license number and business address, a description that identifies how the substance will be used, the name of the purchaser's representative authorized to receive the substance, and the purchaser's signature. The purchaser's representative shall also sign the letter in the presence of the vendor and the vendor shall sign as a witness to the identification and signature of the purchaser's representative.

12.6(2) Furnishing to a person via transaction not face to face. Prior to furnishing any precursor substance to a person in a transaction that is not face to face, a vendor shall require a letter of authorization that includes all of the following:

- a. The name of the person to whom the substance is to be delivered;
- b. The person's residential or mailing address, other than a post office box number;
- c. The person's residential telephone number, including area code;
- d. The person's place of employment including employer's address and telephone number;
- e. The person's date of birth;
- f. The person's place of birth;
- g. The person's social security number;
- h. The person's signature;
- i. A description that identifies how the substance will be used.

12.6(3) *Furnishing to a business via transaction not face to face.* Prior to furnishing any precursor substance to a business in a transaction that is not face to face, a vendor shall require a letter of authorization that includes all of the following:

- a. The name of the business;
- b. The business license number;
- c. The business address and telephone number, including area code;
- d. A description that identifies how the substance will be used;
- e. The signature of an officer, authorized agent, or authorized employee of the business;
- f. The typed or printed name and title of the signatory.

657—12.7(124B) Permits. Persons or entities in this state that purchase, transfer, or otherwise receive a precursor substance as defined in rule 657—12.1(124B) from a source outside the state shall obtain a permit from the board. No person or entity required to obtain a permit shall receive a precursor substance from a source outside the state until an application for permit is approved and the board has issued a permit certificate. Permits shall expire on the last day of the calendar year in which the permit is issued.

12.7(1) *Applications.* Application forms may be obtained from and completed applications shall be submitted to the Board of Pharmacy, 400 S.W. Eighth Street, Suite E, Des Moines, Iowa 50309-4688. Permit renewal forms will be mailed to each current permit holder approximately 60 days before the expiration date of the permit. A permit holder who has not received a renewal form 45 days prior to expiration of a current permit is responsible for contacting the board to request an application for renewal.

a. Application shall be made on forms provided or approved by the board. Each application shall include all requested information, unless the item is not applicable, in which case that fact shall be indicated.

b. Each application, attachment, or other document filed as part of an application shall be signed by the applicant as follows:

- (1) If the applicant is an individual, signature shall be by that individual.
- (2) If the applicant is a partnership, signature shall be by a partner.
- (3) If the applicant is a corporation, corporate division, association, trust, or other entity, signature shall be by the chief executive officer.

12.7(2) *Initial permit, renewal, and fees.* The fee for an initial permit or permit renewal shall be paid at the time that the application for the permit or permit renewal is submitted for filing. Payment shall be made in the form of a personal, business, certified, or cashier's check or money order made payable to the Iowa Board of Pharmacy. Payments made in the form of foreign currency or third-party endorsed checks will not be accepted.

a. *Initial and renewal fees.* For each initial permit or timely renewed permit, an applicant shall pay a fee of \$180.

b. *Late application.* Failure to renew a permit prior to January 1 following the permit's expiration shall require payment of the renewal fee plus a \$180 late payment fee.

c. *Delinquent permit.* If a permit is not renewed before its expiration date, the permit is delinquent and the permit holder may not receive a precursor substance from a source outside the state until the delinquent permit is renewed. A delinquent-permit holder that continues activities for which a permit is required may be subject to disciplinary sanctions pursuant to 657—subrule 36.1(4).

12.7(3) Exemption from permit fee. The requirement for permit fee is waived for federal, state, and local law enforcement agencies and analytical laboratories. Exemption from payment of permit fees as provided in this subrule does not relieve the agency or laboratory of any requirement to obtain a permit nor of any other requirements or duties prescribed by law.

12.7(4) Exemption from permit. A permit is not required for a vendor of a drug containing ephedrine, phenylpropanolamine, or pseudoephedrine or of a cosmetic that contains a precursor substance if the drug or cosmetic is lawfully sold, transferred, or furnished either over the counter without a prescription pursuant to Iowa Code chapter 126 or with a prescription pursuant to Iowa Code chapter 155A.

12.7(5) Termination. A permit issued to an individual shall terminate upon the death of the individual. A permit issued to an individual or business shall terminate when the individual or business ceases legal existence, discontinues business, or discontinues activities for which the permit was issued. [ARC 0504C, IAB 12/12/12, effective 1/16/13]

657—12.8(124B) Denial, modification, suspension, or revocation of permit. Pursuant to 657—Chapters 35 and 36, the board may deny, suspend, revoke, or modify any permit for any period of time it determines to be justified upon the facts of the case for any violation of this chapter or Iowa Code chapter 124B.

These rules are intended to implement Iowa Code chapter 124B.

CHAPTER 13
TELEPHARMACY PRACTICE

657—13.1(155A) Purpose and scope. The purpose of this chapter is to provide standards for the provision of telepharmacy services to patients. These rules provide for pharmaceutical care services at a telepharmacy site utilizing audiovisual technologies that link the telepharmacy site with a managing pharmacy and one or more verifying pharmacists. The telepharmacy site and the managing pharmacy shall be located within Iowa and shall maintain appropriate licensure by the board.

[ARC 3236C, IAB 8/2/17, effective 9/6/17]

657—13.2(155A) Definitions. For purposes of this chapter, the following definitions shall apply:

“*Board*” means the board of pharmacy.

“*CSA*” or “*CSA registration*” means a registration issued pursuant to Iowa Code section 124.303 and 657—Chapter 10.

“*DEA*” means the Drug Enforcement Administration of the U.S. Department of Justice.

“*Managing pharmacy*” means a licensed pharmacy located in Iowa that oversees the activities of one or more telepharmacy sites.

“*Telepharmacy*” means the practice of pharmacy where pharmaceutical care services are provided using audiovisual technologies linking a telepharmacy site with the managing pharmacy.

“*Telepharmacy site*” means a licensed pharmacy that is operated by a managing pharmacy and staffed by one or more telepharmacy technicians where pharmaceutical care services, including the storage and dispensing of prescription drugs, drug utilization review, and patient counseling, are provided by a licensed pharmacist through the use of technology.

“*Verifying pharmacist*” means a remote Iowa-licensed pharmacist or pharmacists who perform any step in the prescription verification and dispensing process including but not limited to: verification of data entry; product selection, packaging, and labeling; drug utilization review; and patient counseling.

[ARC 3236C, IAB 8/2/17, effective 9/6/17]

657—13.3(124,155A) Written agreement. The managing pharmacy and the telepharmacy site shall execute and maintain a current written agreement between the pharmacies. If there is no current written agreement between the pharmacies, the telepharmacy site shall immediately notify the board and shall discontinue operations as a telepharmacy site until a current written agreement between the managing pharmacy and the telepharmacy site is executed.

13.3(1) Contents of agreement. The written agreement between the managing pharmacy and a telepharmacy site shall include, but may not be limited to, the following:

a. Staffing, to include telepharmacy technician staffing, verifying pharmacist staffing and availability, and on-site pharmacist staffing as needed.

b. Hours of operation of the telepharmacy site and hours of availability of pharmacists at the managing pharmacy.

c. Emergency contact information for the managing pharmacy and the telepharmacy site.

d. A complete description of the audiovisual technology to be utilized to link the managing pharmacy and the telepharmacy site.

e. A provision that, in the event that the telepharmacy technician is not available at the telepharmacy site, that a verifying pharmacist is not available, or that the audiovisual communication connection between the telepharmacy site and the managing pharmacy is not available, the telepharmacy site shall close pending the availability of the technician, the verifying pharmacist, and the communication link or pending the arrival at the telepharmacy site of a pharmacist to provide on-site pharmacy services.

f. Activities and services to be provided by the managing pharmacy at the telepharmacy site.

g. Identification of contact persons to receive, on behalf of the managing pharmacy and the telepharmacy site, notifications and official communications regarding the written agreement. Identification of contact persons shall include delivery addresses and preferred methods of delivery of

the written communications required by this rule and any other communications affecting the written agreement between the managing pharmacy and the telepharmacy.

h. Pharmacy locations, other than the managing pharmacy, where verifying pharmacists may be based or located.

13.3(2) Termination of agreement. A managing pharmacy shall provide written notice to the board and to the telepharmacy site 90 days in advance of the managing pharmacy's intent to terminate the agreement between the telepharmacy site and the managing pharmacy. A telepharmacy site shall provide written notice to the board and to the managing pharmacy 90 days in advance of the telepharmacy site's intent to terminate the agreement between the managing pharmacy and the telepharmacy site.

a. New agreement. A new written agreement between a managing pharmacy and the telepharmacy site, including the filing of a new pharmacy license application identifying the new pharmacist in charge, shall be executed within the 90-day advance notification period.

b. No new agreement. If the telepharmacy site is unable to contract with a new managing pharmacy, the telepharmacy site shall, 30 days prior to the expiration of the 90-day advance notification period, implement the prior notification requirements for closing a telepharmacy site as provided in subrule 13.3(3). The telepharmacy site shall cease operations and close at the end of that 30-day closing notification period unless a new written agreement is executed.

13.3(3) Closing of telepharmacy site. A telepharmacy site that intends to close the telepharmacy site shall provide written notification to the managing pharmacy and the board as provided in subrule 13.3(2). In addition, the telepharmacy site shall provide written notification to the DEA and to patients and shall comply with all requirements for closing a pharmacy as provided in 657—subrule 8.35(7).

13.3(4) Closing of managing pharmacy. A managing pharmacy that intends to close the managing pharmacy shall provide written notification to the telepharmacy site and the board as provided in subrule 13.3(2). In addition, the managing pharmacy shall provide written notification to the DEA and to patients and shall comply with all requirements for closing a pharmacy as provided in 657—subrule 8.35(7). A telepharmacy site that has been managed by the closing pharmacy shall comply with the provisions of subrules 13.3(2) and 13.3(3), as applicable.

[ARC 3236C, IAB 8/2/17, effective 9/6/17]

657—13.4(155A) Responsible parties. The responsibilities identified and assigned pursuant to rule 657—8.3(155A) shall be assigned, as appropriate, to the managing pharmacy and the telepharmacy site, by and through their respective owners or license holders, to the pharmacist in charge and to staff pharmacists, including verifying pharmacists. A telepharmacy technician shall share responsibility with the pharmacist in charge, the telepharmacy site, and the verifying pharmacist, as assigned in rule 657—8.3(155A), for all functions assigned to and performed by the telepharmacy technician.

[ARC 3236C, IAB 8/2/17, effective 9/6/17]

657—13.5 to 13.7 Reserved.

657—13.8(124,155A) General requirements for telepharmacy site. The telepharmacy site shall maintain a pharmacy license issued by the board. If the telepharmacy site plans to dispense controlled substances, the telepharmacy site shall also maintain a CSA registration and a DEA registration.

13.8(1) Located in Iowa. A telepharmacy site shall be located within the state of Iowa.

13.8(2) Pharmacist in charge. The pharmacist in charge of the telepharmacy site shall be the pharmacist in charge of the managing pharmacy.

13.8(3) Security. A telepharmacy site shall employ methods to prevent unauthorized access to prescription drugs, devices, and pharmacy and patient records. Such methods may include an alarm system and shall include other security systems and methods as provided by these rules. Alarm systems and entry system locks should be disarmed when the telepharmacy site is staffed and open for business. Minimum security methods shall include:

a. Electronic keypad or other electronic entry system into the telepharmacy site or the pharmacy department that requires and records the unique identification of the individual accessing the pharmacy,

including the date and time of access. Complete access records shall be maintained for a minimum of two years beyond the date of access.

- b. Secure storage such as a safe.
- c. Controlled access to computer records.
- d. A continuous system of video surveillance and recording of the pharmacy department that includes maintenance of recordings for a minimum of 60 days following the date of the recording.

13.8(4) Telepharmacy site signage. In addition to the patient counseling sign required pursuant to subrule 13.8(5), one or more signs, prominently posted in every prescription pick-up area and clearly visible to the public, shall inform the public that the location is a telepharmacy site supervised by a pharmacist at a remote location. Signage shall include the name, location, and telephone number of the managing pharmacy. The telepharmacy site shall also prominently post the days and times that the telepharmacy is open for business.

13.8(5) Patient counseling. Patient counseling as required by rule 657—6.14(155A) shall be provided utilizing the audiovisual technology employed between the telepharmacy site and the managing pharmacy. Every telepharmacy site shall post in every prescription pickup area, in a manner clearly visible to patients, a notice that Iowa law requires the pharmacist to discuss with the patient any new prescriptions dispensed to the patient. The board shall provide a telepharmacy site with the required signage.

13.8(6) Label requirements. In addition to the label requirements identified in 657—subrule 6.10(1), the label affixed to or on the dispensing container of any prescription drug or device dispensed by a telepharmacy site pursuant to a prescription drug order shall include, on the primary label or affixed by use of an auxiliary label, the following:

- a. The name, telephone number, and address of the telepharmacy site;
- b. The name and telephone number of the managing pharmacy.

13.8(7) Prohibited activities. In the physical absence of a pharmacist, the following activities are prohibited:

- a. Practice of pharmacist-interns or pharmacy support persons at the telepharmacy site.
- b. Advising patients regarding over-the-counter products unless that advice is communicated directly by a pharmacist to the patient.
- c. Dispensing or delivering prescription medications packaged by a technician into patient med paks unless an on-site pharmacist has verified the drugs in the patient med paks.
- d. Tech-check-tech practice.
- e. Compounding, unless an on-site pharmacist has verified the accuracy and completeness of the compounded drug product.
- f. All judgmental activities identified in rule 657—3.23(155A) that a pharmacy technician is prohibited from performing in the practice of pharmacy.

13.8(8) Continuous quality improvement. A telepharmacy site shall implement and participate in a continuous quality improvement program pursuant to rule 657—8.26(155A).

13.8(9) Technology failure. If the audiovisual technology between the telepharmacy site and the managing pharmacy or the verifying pharmacist is not operational, no prescriptions shall be dispensed from the telepharmacy site to a patient unless a pharmacist is physically present at the telepharmacy site.

13.8(10) Perpetual controlled substances inventory. A telepharmacy site that dispenses controlled substances shall maintain a perpetual inventory record of those controlled substances.

- a. The perpetual inventory record requirement shall apply to all controlled substances maintained and dispensed by the telepharmacy site and shall not be limited only to Schedule II controlled substances.
- b. The perpetual inventory record format and other requirements provided in rule 657—10.33(124,155A) shall apply to the telepharmacy site's perpetual inventory record of controlled substances, with the following exceptions:

(1) The perpetual inventory record shall contain records for all controlled substances, not just Schedule II controlled substances, and

(2) Audit of the perpetual inventory record shall be completed and the physical and perpetual inventories shall be reconciled pursuant to the requirements of 657—subrule 10.33(4) each month as part of the inspection of the telepharmacy site.

[ARC 3236C, IAB 8/2/17, effective 9/6/17]

657—13.9(155A) General requirements for managing pharmacy.

13.9(1) *Distance to telepharmacy site.* The managing pharmacy shall be located in Iowa and within a 200-mile radius of a telepharmacy site to ensure that the telepharmacy site is sufficiently supported by the managing pharmacy and that necessary personnel or supplies may be delivered to the telepharmacy site within a reasonable period of time of an identified need.

13.9(2) *Emergency preparedness plan.* A managing pharmacy shall develop and include in both the managing pharmacy's and the telepharmacy site's policies and procedures a plan for continuation of pharmaceutical services provided by the telepharmacy site in case of an emergency interruption of the telepharmacy site's services. The plan shall address the timely arrival at the telepharmacy site of necessary personnel or the delivery to the telepharmacy site of necessary supplies within a reasonable period of time following the identification of an emergency need. The plan may provide for alternate methods of continuation of the services of the telepharmacy site including, but not limited to, personal delivery of patient prescription medications from an alternate pharmacy location or on-site pharmacist staffing at the telepharmacy site.

13.9(3) *Pharmacist in charge.* The pharmacist in charge of the managing pharmacy shall be the pharmacist in charge of the telepharmacy site.

13.9(4) *Adequate audiovisual connection.* The pharmacist in charge shall ensure adequate audiovisual connection with the telepharmacy site during all periods when the telepharmacy site is open for business including ensuring confidentiality of communications in compliance with state and federal confidentiality laws.

13.9(5) *Monthly inspection.* The pharmacist in charge or delegate pharmacist shall be responsible for performing a monthly inspection of the telepharmacy site. Inspection reports shall be signed by the individual pharmacist who performed the inspection. Inspection records and reports shall be maintained at the telepharmacy site for two years following the date of the inspection. A copy of the inspection report shall be provided to and maintained at the managing pharmacy. The monthly inspection shall include, but may not be limited to, the following:

- a. Audit and reconciliation of controlled substances perpetual and physical inventories.
- b. Audit of electronic entry system and records.
- c. Verification that the video recording system is functioning properly and that the recordings are maintained and available for at least 60 days past the date of the recording.
- d. Compilation of a record of the number of prescriptions filled, the number of on-site pharmacist hours, and the number of hours the pharmacy site was open for business during the preceding month.
- e. Review of written policies and procedures and verification of compliance with those policies and procedures.
- f. Ensuring compliance with and review of records in the continuous quality improvement program, following up with responsible personnel to address issues identified by incident reports to prevent future incidents.
- g. Review of records of the receipt and disbursement of prescription drugs, including controlled substances, to ensure compliance with record-keeping requirements.
- h. Inspection of drug supplies and storage areas to ensure removal and quarantine of outdated drugs.
- i. Inspection of stock drug supplies and storage areas to ensure drugs are maintained in a manner to prevent diversion and maintain the integrity of the drugs, verifying that the temperatures of storage areas are appropriate for the stored drugs and equipment.
- j. Inspection of pharmacy and storage areas and shelves to ensure areas and shelves are clean and free of pests and other contaminants.

13.9(6) *On-site pharmacist staffing.* In an effort to promote public health, the telepharmacy site shall be staffed by a pharmacist for at least 16 hours per month. While on site, the pharmacist shall make available to the community general health care services, which may include, but not necessarily be limited to, immunizations, medication therapy management, or health screenings, as deemed necessary and appropriate by the pharmacist in charge and as provided by policies and procedures.

a. If a pharmacist will be available at the telepharmacy site to provide in-person patient services, a consistent schedule of the pharmacist's availability shall be established and published.

b. Signage identifying the days and times when a pharmacist is on site and available to patients shall be conspicuously posted at the telepharmacy site and may be published by other means, as deemed appropriate.

c. Notice that the pharmacist will not be present at the telepharmacy site during any routinely scheduled and posted on-site availability shall be provided to the public in advance of the absence except as provided in the emergency preparedness plan.

d. If the average number of prescriptions dispensed per day by the telepharmacy site exceeds 150 prescriptions, the telepharmacy site shall provide on-site pharmacist staffing 100 percent of the time the pharmacy is open for business and shall, within ten business days, apply to the board for licensure as a general pharmacy. The average number of prescriptions dispensed per day shall be determined by averaging the number of prescriptions dispensed per day over the previous 90-day period.

[ARC 3236C, IAB 8/2/17, effective 9/6/17]

657—13.10(155A) General requirements for verifying pharmacist. A verifying pharmacist shall maintain a current and active license to practice pharmacy in Iowa.

13.10(1) *Location of verifying pharmacist.* The verifying pharmacist who is performing patient counseling shall be physically located within the managing pharmacy or another pharmacy licensed to operate a pharmacy in Iowa.

13.10(2) *Adequate audiovisual connection.* The verifying pharmacist shall ensure adequate audiovisual connection with the telepharmacy site during all periods when the pharmacist is responsible for verifying telepharmacy site activities and practices, including ensuring confidentiality of communications in compliance with state and federal confidentiality laws.

13.10(3) *Verifying pharmacist training.* A verifying pharmacist shall be adequately trained on the use of the technology to ensure accurate verification and patient counseling and shall review and understand the policies and procedures of the managing pharmacy and the telepharmacy site.

13.10(4) *Patient refusal of counseling.* If a patient or patient's caregiver refuses patient counseling, the refusal shall be directly communicated by the patient or patient's caregiver to the pharmacist through audiovisual communication. A technician may not accept and communicate a refusal of patient counseling from the patient or patient's caregiver to the pharmacist.

13.10(5) *Reference library.* A verifying pharmacist shall have access to all required references applicable to the telepharmacy services provided at the telepharmacy site.

[ARC 3236C, IAB 8/2/17, effective 9/6/17]

657—13.11(155A) General requirements for telepharmacy technician. A telepharmacy technician shall maintain current national certification and registration in good standing with the board as a certified pharmacy technician.

13.11(1) *Practice experience.* Before practicing in a telepharmacy site, a telepharmacy technician shall have completed a minimum of 2,000 hours of practice experience as a certified pharmacy technician, at least 1,000 hours of which shall be practicing in an Iowa-licensed pharmacy and 160 hours of which shall be practicing in a managing pharmacy.

13.11(2) *Training.* In addition to training required of all pharmacy technicians, a telepharmacy technician shall complete the following minimum training requirements before practicing in a telepharmacy site. Records of telepharmacy technician training shall be documented and maintained by the telepharmacy site.

a. Review and understanding of the policies and procedures of the managing pharmacy.

b. Review and understanding of the policies and procedures of the telepharmacy site.

- c. Review and understanding of these rules for telepharmacy practice.
- d. Review and understanding of pharmacy technician rules, 657—Chapter 3.
- e. Understanding of the operation of the audiovisual technologies to be utilized at both pharmacies.
- f. Training at the telepharmacy site under the direct supervision of an on-site verifying pharmacist. Training shall include operation and use of the audiovisual technology and other means of communication between the telepharmacy site and the managing pharmacy and all daily operations from unlocking and opening the telepharmacy site to closing and locking the telepharmacy site at the end of the business day. If the telepharmacy site is protected by one or more alarm systems, training shall include how to disarm and engage the alarm system or systems.

13.11(3) Continuing education. Beginning with the first full two-year continuing education period for renewal of the technician's national pharmacy technician certification after beginning practice as a telepharmacy technician, and for each subsequent renewal of national certification for as long as the technician continues to practice as a telepharmacy technician, the technician shall complete two hours of continuing education in each of the following activities. These continuing education requirements shall not be in addition to the total continuing education credits required to maintain national certification.

- a. Patient safety/medication errors.
- b. Pharmacy law.

13.11(4) Identification. The telepharmacy technician shall, at all times when the technician is practicing at the telepharmacy site and the telepharmacy site is open for business, wear a name badge or tag identifying the technician. The badge or tag shall include, at a minimum, the technician's first name and title. The name badge or tag shall be so designed and worn that the technician's name and title are clearly visible to the public at all times.

13.11(5) Adequate audiovisual connection. The telepharmacy technician shall ensure adequate audiovisual connection with the managing pharmacy during all periods when the telepharmacy site is open for business, including ensuring confidentiality of communications in compliance with state and federal confidentiality laws.

[ARC 3236C, IAB 8/2/17, effective 9/6/17]

657—13.12 to 13.15 Reserved.

657—13.16(124,155A) Telepharmacy site—initial application.

13.16(1) License application. A telepharmacy site shall complete and submit to the board a limited use/telepharmacy license application and fee as provided in rule 657—8.35(155A). In addition to the application and fee, the telepharmacy site shall include the additional information identified in this rule.

13.16(2) CSA registration application. If controlled substances will be dispensed from the telepharmacy site, the telepharmacy site shall complete and submit, with the limited use/telepharmacy license application and fee, the CSA registration application and fee as provided in rule 657—10.1(124).

13.16(3) Identification of managing pharmacy. The telepharmacy site application shall include identification of the managing pharmacy, including pharmacy name, license number, address, telephone number, pharmacist in charge, and a statement from the managing pharmacy or pharmacist in charge indicating that the managing pharmacy has executed a written agreement to provide the required services and oversight to the telepharmacy site.

13.16(4) Distance to nearest general pharmacy. The telepharmacy site application shall identify the nearest licensed pharmacy that dispenses prescription drugs to outpatients and shall provide evidence identifying the total driving distance between the proposed telepharmacy site and the nearest currently licensed general pharmacy.

a. If the distance between the proposed telepharmacy site and the nearest currently licensed general pharmacy is less than ten miles, the telepharmacy site shall submit a request for waiver of the distance requirement. The process and requirements for a request for waiver are identified in subrule 13.16(8).

b. The distance requirement shall not apply under any of the following circumstances:

(1) The telepharmacy site was approved by the board and operating as a telepharmacy site prior to July 1, 2016.

(2) The proposed telepharmacy site is located within a hospital campus, and services will be limited to inpatient dispensing.

(3) The proposed telepharmacy site is located on property owned, operated, or leased by the state.

13.16(5) *Written agreement.* The telepharmacy site application shall include the written agreement between the telepharmacy site and the managing pharmacy as described in subrule 13.3(1).

13.16(6) *Key personnel.* The telepharmacy site application shall identify key personnel including the pharmacist in charge of the managing pharmacy and the telepharmacy site and the telepharmacy technician or technicians at the telepharmacy site. Identification shall include the names, the license or registration numbers, and the titles of the key personnel. Telepharmacy technician identification shall also include a copy of the telepharmacy technician's current national certification or other verification of the telepharmacy technician's current national certification.

13.16(7) *Audiovisual technology.* A description of the audiovisual technology system to be used to link the managing pharmacy and the telepharmacy site, including built-in safeguards relating to verification of the accuracy of the dispensing processes. Safeguards shall include but may not be limited to:

a. Requiring a verifying pharmacist to review and compare the electronic image of any new prescription with the data entry record of the prescription prior to authorizing the telepharmacy site's system to print a prescription label and prior to the telepharmacy technician's filling of the prescription at the telepharmacy site.

b. Requiring the technician to use barcode technology at the telepharmacy site to verify the accuracy of the drug to be dispensed.

c. Requiring remote visual confirmation by a verifying pharmacist of the drug stock bottle and the drug to be dispensed prior to the dispensing of the prescription at the telepharmacy site.

d. Ensuring that the telepharmacy site's system prevents a prescription from being sold and delivered to a patient before the verifying pharmacist has performed a final verification of the accuracy of the prescription and released the prescription for sale and delivery at the telepharmacy site.

13.16(8) *Request for distance waiver.* The board shall consider a request for waiver of the distance requirement between the proposed telepharmacy site and the nearest currently licensed pharmacy that dispenses prescription drugs to outpatients if the petitioner can demonstrate to the board that the proposed telepharmacy site is located in an area where there is limited access to pharmacy services and that there exist compelling circumstances that justify waiving the distance requirement.

a. The request for waiver shall be prepared and shall include the elements of a request for waiver or variance identified in 657—Chapter 34.

b. In addition to the requirements of 657—Chapter 34, the request for waiver shall include evidence and specific information regarding each of the following, if applicable. If an item identified below does not apply to the proposed telepharmacy site, the request for waiver shall specifically state that the item does not apply.

(1) That the nearest currently licensed pharmacy that dispenses prescription drugs to outpatients is open for business for limited hours or fewer hours than the proposed telepharmacy site.

(2) That the proposed telepharmacy site intends to provide services not available from the nearest currently licensed pharmacy that dispenses prescription drugs to outpatients.

(3) That access to the nearest currently licensed general pharmacy that dispenses prescription drugs to outpatients is limited. A description of how the proposed telepharmacy site will improve patient access to pharmacy services shall be included.

(4) That limited access to pharmacy services is affecting patient safety.

(5) That there are transportation barriers to services from the nearest currently licensed pharmacy that dispenses prescription drugs to outpatients.

(6) That the nearest currently licensed pharmacy that dispenses prescription drugs to outpatients is closing.

(7) That the proposed telepharmacy site is located in an area of the state where there is limited access to pharmacy services.

c. The board shall consider a request for waiver of the distance requirement during any open session of a meeting of the board. One or more representatives of the parties to the waiver request, including representatives of the proposed telepharmacy site, the managing pharmacy, and the nearest currently licensed general pharmacy, shall be invited and encouraged to attend the meeting at which the waiver request is scheduled for consideration to be available to respond to any questions.

d. The board's decision to grant or deny the request for waiver of the distance requirement shall be a proposed decision and shall be reviewed by the director of the department of public health.

(1) The director shall have the power to approve, modify, or veto the board's proposed decision regarding the waiver request.

(2) The director's decision on a waiver request shall be considered final agency action.

(3) The director's decision (final agency action) shall be subject to judicial review under Iowa Code chapter 17A.

[ARC 3236C, IAB 8/2/17, effective 9/6/17]

657—13.17(124,155A) Changes to telepharmacy site or managing pharmacy. Except as specifically provided by these rules, a change to a telepharmacy site shall require compliance with the licensure and notification requirements of the specific type of change identified in 657—subrules 8.35(6) and 8.35(7). A change affecting the CSA registration shall comply with the appropriate requirements of rule 657—10.11(124).

13.17(1) *Change of pharmacist in charge.* A change of pharmacist in charge shall require submission of a pharmacy license application for the managing pharmacy and the telepharmacy site as provided by 657—subrule 8.35(6).

13.17(2) *Closing or selling of pharmacy.* A telepharmacy site or managing pharmacy that intends to close or sell the pharmacy practice shall comply with all requirements for closing or selling a pharmacy found at 657—subrules 8.35(6) and 8.35(7) regarding ownership change and closing a pharmacy, including all advance notification requirements. A purchaser of a telepharmacy site shall complete and submit applications and supporting information as provided in rule 657—13.16(124,155A). A closing pharmacy shall also comply with the requirements of subrule 13.3(3) or 13.3(4), as appropriate.

13.17(3) *Location change.* A telepharmacy site that intends to move to and to provide telepharmacy services from a new location that is outside the community wherein the telepharmacy site has been located shall comply with the requirements of subrule 13.17(2) for closing a pharmacy and shall submit applications and supporting information as provided in rule 657—13.16(124,155A). A managing pharmacy that intends to move to a new location shall comply with the requirements of 657—subrules 8.35(5), 8.35(6), and 8.35(7), as appropriate.

[ARC 3236C, IAB 8/2/17, effective 9/6/17]

657—13.18(155A) Opening of traditional pharmacy. If a pharmacy licensed as a general, hospital, or limited use pharmacy opens for business within ten miles of an existing and operating telepharmacy site, the telepharmacy site may continue to operate as a telepharmacy site and shall not be required to close due to the proximity of the new pharmacy.

[ARC 3236C, IAB 8/2/17, effective 9/6/17]

657—13.19 and 13.20 Reserved.

657—13.21(124,155A) Policies and procedures. In addition to policies and procedures required for the specific services provided and identified in other chapters of board rules, both the managing pharmacy and the telepharmacy site shall develop, implement, and adhere to written policies and procedures for the operation and management of the specific pharmacy's operations.

13.21(1) *Minimum requirements.* Policies and procedures shall define the frequency of review, and written documentation of review by the pharmacist in charge shall be maintained. Policies and procedures shall address, at a minimum, the following:

a. Procedures ensuring that a record is made and retained identifying the pharmacist who verified the accuracy of the prescription including the accuracy of the data entry, the selection of the correct drug, the accuracy of the label affixed to the prescription container, and the appropriateness of the prescription container.

b. Procedures ensuring that a record is made and retained identifying the pharmacist who performed the drug utilization review as provided by rule 657—8.21(155A).

c. Procedures ensuring that a record is made and retained identifying the pharmacist who provided counseling to the patient or the patient's caregiver pursuant to rule 657—6.14(155A).

d. Procedures ensuring that a record is made and retained identifying the technician who filled the prescription.

e. Procedures ensuring adequate security to prevent unauthorized access to prescription drugs and devices and to confidential records.

f. Procedures regarding procurement of drugs and devices, including who is authorized to order or receive drugs and devices, from whom drugs and devices may be ordered and received, and the required method for documentation of the receipt of drugs and devices.

g. Procedures ensuring appropriate and safe storage of drugs at the telepharmacy site, including appropriate temperature controls.

h. Procedures identifying the elements of a monthly inspection of the telepharmacy site by the pharmacist in charge or designated pharmacist, including requirements for documentation and retention of the results of each inspection.

i. Procedures for the temporary quarantine of out-of-date and adulterated drugs from dispensing stock and the subsequent documented disposal of those drugs.

j. Procedures and documentation required in the case of return to the telepharmacy of a drug or device.

k. Procedures for drug and device recalls.

13.21(2) *Availability.* Policies and procedures shall be available for inspection and copying by the board or the board's representative at the location to which the policies and procedures apply.

[ARC 3236C, IAB 8/2/17, effective 9/6/17]

657—13.22(155A) Reports to the board. The board may periodically request information regarding the services provided by a telepharmacy site.

13.22(1) *Timeliness.* A telepharmacy site shall complete and submit the requested information in a timely manner as requested by the board. The board shall allow a reasonable amount of time for a telepharmacy site to complete and submit the requested information.

13.22(2) *Information to include.* Information requested may include, but may not necessarily be limited to, the following:

a. The number of prescriptions dispensed from the telepharmacy site over a specified period of time.

b. The number of hours a pharmacist was physically present at the telepharmacy site over a specified period of time.

c. The number of hours the telepharmacy site was open for business over a specified period of time.

[ARC 3236C, IAB 8/2/17, effective 9/6/17]

657—13.23(124,155A) Records. Every inventory or other record required to be kept under Iowa Code chapters 124 and 155A or rules of the board shall be kept by the telepharmacy site and be available for inspection and copying by the board or its representative for at least two years from the date of the inventory or record except as specifically identified by law or rule. Controlled substances records shall be maintained in a readily retrievable manner in accordance with federal requirements and 657—Chapter 10.

13.23(1) *Dispensing record.* As provided in rule 657—13.21(124,155A), a written or electronic record identifying the pharmacist who verified the prescription, the pharmacist who provided counseling

to the patient or the patient's caregiver, and the pharmacy technician who filled the prescription shall be maintained for every prescription fill dispensed by the telepharmacy site.

13.23(2) *On-site pharmacist staffing.* A written or electronic record of the number of prescriptions filled, the number of on-site pharmacist hours, and the number of hours the telepharmacy site was open for business each month shall be maintained by the telepharmacy site.

13.23(3) *Pharmacy access.* Records identifying, by unique identification of the individual accessing the pharmacy department, including the date and time of access, shall be maintained for two years beyond the date of access.

13.23(4) *Monthly inspection.* Reports of the monthly inspection of the telepharmacy site shall be maintained at the telepharmacy site for two years following the date of the inspection. A copy of the inspection report shall be provided to and maintained at the managing pharmacy for two years following the date of the inspection.

[ARC 3236C, IAB 8/2/17, effective 9/6/17]

These rules are intended to implement Iowa Code sections 124.301, 147.107, 155A.3, 155A.6A, 155A.13, 155A.14, 155A.19, 155A.28, 155A.31, 155A.33, and 155A.41.

[Filed ARC 3236C (Notice ARC 3037C, IAB 4/26/17), IAB 8/2/17, effective 9/6/17]

CHAPTER 14
PUBLIC INFORMATION AND INSPECTION OF RECORDS

657—14.1(22,124,155A) Definitions. As used in this chapter:

“*Board*” means the Iowa board of pharmacy examiners.

“*Confidential record*” means a record which is not available as a matter of right for examination and copying by members of the public under applicable provisions of law. Confidential records include records or information contained in records that the board is prohibited by law from making available for examination by members of the public, and records or information contained in records that are specified as confidential by Iowa Code section 22.7 or other provision of law, but that may be disclosed upon order of a court, order of the lawful custodian of the record, or order of another person duly authorized to release the record. Mere inclusion in a record of information declared confidential by an applicable provision of law does not necessarily make that entire record a confidential record.

“*Custodian*” means the executive secretary/director of the board.

“*Open record*” means a record other than a confidential record.

“*Personally identifiable information*” means information about or pertaining to an individual or business entity in a record which identifies the individual or entity and which is contained in a record system.

“*Record*” means the whole or a part of a “public record,” as defined in Iowa Code section 22.1, that is owned by or in the physical possession of the board.

“*Record system*” means any group of records under the control of the board from which a record may be retrieved by a personal identifier such as the name of an individual or business entity, number, symbol, or other unique retriever assigned to an individual or business entity.

657—14.2(22,124,155A) Purpose and scope. The purpose of this chapter is to facilitate broad public access to open records. It seeks to facilitate rational board determinations with respect to the handling of confidential records and the implementation of the fair information practices Act. Board staff shall cooperate with members of the public in implementing the provisions of this chapter.

This chapter does not:

1. Require the board to index or retrieve records that contain information about individuals by that person’s name or other personal identifier.
2. Make available to the general public records that would otherwise not be available under Iowa Code chapter 22.
3. Govern the maintenance or disclosure of, notification of or access to records in the possession of the board that are governed by rules of another board or agency.
4. Apply to grantees, including local governments or subdivisions, administering state-funded programs, unless otherwise provided by law or agreement.
5. Make available records compiled by the board in reasonable anticipation of court litigation or formal administrative proceedings. Applicable legal and constitutional principles, statutes, rules of discovery, evidentiary privileges, and rules of the board shall govern the availability of the records to the general public or to any subject individual or party to litigation or proceedings.

657—14.3(22,124,155A) Requests for access to records.

14.3(1) Location of record. A request for access to a record should be directed to Executive Secretary/Director, Iowa Board of Pharmacy Examiners, 400 S.W. Eighth Street, Suite E, Des Moines, Iowa 50309-4688.

14.3(2) Office hours. Open records shall be made available during all customary office hours, which are 8 a.m. to 4:30 p.m. daily, excluding Saturdays, Sundays, and official state holidays.

14.3(3) Request for access. Requests for access to open records shall be made in writing. Requests shall identify the particular records sought, by name or description, in order to facilitate determining the location of the record. All requests shall include the name, address, and telephone number of the person requesting the information.

14.3(4) *Response to requests.* Access to an open record shall be provided in a timely manner upon request. If the size or nature of the request for access to an open record requires time for processing, the custodian shall comply with the request as soon as feasible. Access to an open record may be delayed for one of the purposes authorized by Iowa Code section 22.8(4) or 22.10(4). The custodian shall promptly give notice to the requester of the reason for any delay in access to an open record and an estimate of the length of that delay and, upon request, shall promptly provide that notice to the requester in writing.

The custodian of a record may deny access to the record by members of the public only on the grounds that such a denial is warranted under Iowa Code section 22.8(4) or 22.10(4), or that it is a confidential record, or that its disclosure is prohibited by a court order. Access by members of the public to a confidential record is limited by law and, therefore, may generally be provided only in accordance with the provisions of rule 657—14.4(22,124,155A) and other applicable provisions of law.

14.3(5) *Security of record.* No unauthorized person may search or remove any record from board files. The custodian or a designee of the custodian shall supervise examination and copying of board records. The integrity of board records shall not be compromised during such examination or handling.

14.3(6) *Copying.* A reasonable number of copies of an open record may be made in the board office.

14.3(7) *Fees.*

a. Copying and postage costs. Price schedules for published materials and for photocopies of records supplied by the board shall be prominently posted in the board office. Copies of records may be made by or for members of the public on board photocopy machines or from electronic storage systems at cost as determined by the custodian and posted in the board office. When the mailing of copies of records is requested, the costs of such mailing may also be charged to the requester.

b. Supervisory and retrieval fees. An hourly fee may be charged for board expenses in supervising the examination of and for the copying of requested records, or for the search and retrieval of such records, when the time required exceeds 15 minutes. The custodian shall prominently post in the board office the hourly fees to be assessed. Hourly fees shall not be in excess of the compensation rate of a board employee who ordinarily would be appropriate and suitable to perform the function.

c. Advance payments. The custodian may require payment of assessed or estimated fees before the custodian processes a request.

657—14.4(22,124,155A) Access to confidential records. Under Iowa Code section 22.7 or other applicable provisions of law, the lawful custodian may disclose certain confidential records to one or more members of the public. Other provisions of law authorize or require the custodian to release specified confidential records under certain circumstances or to particular persons. In requesting the custodian to permit the examination and copying of such a confidential record, the following procedures apply and are in addition to those specified for requests for access to records in rule 657—14.3(22,124,155A).

14.4(1) *Proof of identity.* A person requesting access to a confidential record shall be required to provide proof of identity or authority to secure access to the record.

14.4(2) *Requests.* The custodian shall require that a request to examine and copy a confidential record be in writing. A person requesting access to such a record shall be required to sign a certified statement or affidavit enumerating the specific reasons justifying access to the confidential record and to provide any proof necessary to establish relevant facts.

14.4(3) *Notice to subject of record and opportunity to obtain injunction.* If the custodian receives a request for access to a confidential record, the custodian may make reasonable efforts to notify any person who is the subject of the record, who is identified in the record, or whose address or telephone number is contained in the record about the request. If it is practicable and in the public interest to delay releasing the information, the custodian may, before releasing the record, give the notified persons an opportunity to seek a court order under Iowa Code section 22.8 or other applicable provision of law prohibiting the custodian from releasing the confidential information. If the custodian gives a notified person this opportunity, the custodian shall give the notified person a specific deadline to obtain a court order prohibiting release of the confidential information and shall not release the confidential information during that time. If the deadline passes and the notified person has not obtained a court order prohibiting

the custodian from releasing the confidential information, the custodian shall release the information to the requester.

14.4(4) *Request denied.* When the custodian denies a request for access to a confidential record, the custodian shall promptly notify the requester. If the requester indicates to the custodian that a written notification of the denial is desired, the custodian shall promptly provide such a notification. Written notification shall be signed by the custodian and shall include:

- a. The name and title of the custodian responsible for the denial;
- b. A citation to the provision of law vesting authority in the custodian to deny disclosure of the record; and
- c. A brief statement of the reasons the requester is being denied access to the record.

14.4(5) *Request granted.* When the custodian grants a request for access to a confidential record to a particular person, the custodian shall notify that person and indicate any lawful restrictions imposed by the custodian on that person's examination and copying of the record.

657—14.5(22,124,155A) Requests for treatment of a record as a confidential record and its withholding from examination. The custodian may treat a record as a confidential record and withhold it from examination only to the extent that the custodian is authorized, by Iowa Code section 22.7, another applicable provision of law, or a court order, to refuse to disclose that record to members of the public.

14.5(1) *Persons who may request.* Any person who would be aggrieved or adversely affected by disclosure of a record, and who identifies a provision of law or court order that authorizes the treatment of the record as a confidential record, may request that the custodian treat the record as such and withhold it from public inspection.

14.5(2) *Request.* A request that a record be treated as a confidential record shall be in writing and shall be filed with the custodian. The request shall set forth the legal and factual basis justifying such confidential record treatment for that record, and the name, address, and telephone number of the person authorized to respond to any inquiry or action of the custodian concerning the request. A person requesting treatment of a record as a confidential record shall also be required to sign a certified statement or affidavit enumerating the specific reasons justifying the treatment of that record as a confidential record and to provide any proof necessary to establish relevant facts. Requests for treatment of a record as a confidential record for a limited time period shall also specify the precise period of time for which that treatment is requested.

A person filing a request for treatment of a record or a portion of a record as a confidential record shall, if possible, accompany the request with a copy of that record from which those portions for which confidential record treatment is being requested have been deleted. If the original record is being submitted to the board by the person requesting confidential treatment at the time the request is filed, the person shall conspicuously indicate on the original record that all or portions of the record are confidential.

14.5(3) *Failure to request.* Failure of a person to request confidential record treatment for a record does not preclude the custodian from treating it as a confidential record. However, if a person who submits business information to the board does not request that it be withheld from public inspection under Iowa Code section 22.7(3) or 22.7(6), the custodian may assume that the person has no objection to disclosure of the record to members of the public.

14.5(4) *Timing of decision.* A decision by the custodian with respect to disclosure of a record to members of the public may be made when a request for its treatment as a confidential record is filed or upon receipt of a request for access to the record by a member of the public.

14.5(5) *Request granted or deferred.* If a request for confidential record treatment is granted or if action on a request is deferred, a copy of the record from which the matter in question has been deleted and a copy of the decision to grant or defer action on the request will be made available for public inspection in lieu of the original record. If the custodian subsequently receives a request for access to the original record, the custodian will make reasonable and timely efforts to notify any person who has filed a request for its treatment as a confidential record of the pendency of that subsequent request.

14.5(6) *Request denied and opportunity to seek injunction.* If the custodian denies a request to treat a record as confidential and to withhold it from public inspection, the custodian shall notify the requester in writing of the denial and the reasons for the denial. If the requester asks, the custodian may delay allowing examination of the record if the delay is reasonable and in good faith, to permit the requester to seek a court order under the provisions of Iowa Code section 22.8 or other applicable provision of law prohibiting public inspection of the record. The custodian shall notify the requester in writing of the deadline for obtaining such a court order. The custodian may continue to delay allowing public inspection only if no request for examination of the record has been received, if the court directs the custodian not to allow public inspection of the record, or to the extent permitted by another applicable provision of law and with the consent of the party requesting access. However, the custodian shall not withhold the record from public inspection for any period of time if the custodian determines the requester has no reasonable grounds to justify treatment of the record as confidential.

657—14.6(22,124,155A) Procedure by which additions, dissents, or objections may be entered into certain records. Except as otherwise provided by law, a person may file a request with the custodian to review, and to have a written statement of additions, dissents, or objections entered into, a record containing personally identifiable information pertaining to that person. This does not authorize a person who is a subject of such a record to alter the original copy of that record or to expand the official record of any board proceeding. A requester shall send the request to review such a record or the written statement of additions, dissents, or objections to Executive Secretary/Director, Iowa Board of Pharmacy Examiners, 400 S.W. Eighth Street, Suite E, Des Moines, Iowa 50309-4688. A request to review such a record or the written statement of additions, dissents, or objections to the record shall be dated and signed by the requester and shall include the current address and telephone number of the requester or the requester's representative.

657—14.7(22,124,155A) Consent to disclosure by the subject of a confidential record. To the extent permitted by any applicable provision of law, a person who is the subject of a confidential record may have a copy of the portion of that record concerning the subject disclosed to a third party. A request for such a disclosure shall be in writing and shall identify the particular record or records that may be disclosed, the particular person or class of persons to whom the record may be disclosed, and any applicable time period during which the record may be disclosed. The person who is the subject of the record and, where applicable, the person to whom the record is to be disclosed shall be required to provide proof of identity. Appearance of counsel before the board on behalf of a person who is the subject of a confidential record is deemed to constitute consent for the board to disclose records about that person to the person's attorney. This rule does not authorize the subject of a record that is confidential under Iowa Code section 272C.6(4) to consent to the release of the record.

657—14.8(22,124,155A) Notice to suppliers of information. When the board requests that a person supply information about that person, the board shall notify the person of the use that will be made of the information, which persons outside the board may routinely be provided this information, which parts of the requested information are required and which are optional, and the consequences of failure to provide the requested information. This notice may be given in these rules, on the written form used to collect the information, on a separate fact sheet or letter, in brochures, in formal agreements, in contracts, in handbooks, in manuals, verbally, or by other appropriate means.

657—14.9(22,124,155A) Disclosures without the consent of the subject.

14.9(1) Open records are routinely disclosed without the consent of the subject.

14.9(2) To the extent allowed by law, disclosure of confidential records may occur without the consent of the subject. Following are instances when disclosure, if lawful, will generally occur without notice to the subject:

a. For a routine use as defined in rule 657—14.10(22,124,155A) or in the notice for a particular record system.

b. To a recipient who has provided the board with advance written assurance that the record will be used solely as a statistical research or reporting record, provided that the record is transferred in a form that does not identify the subject.

c. To another government agency or to an instrumentality of any governmental jurisdiction within or under the control of the United States for a civil or criminal law enforcement activity if the activity is authorized by law. An authorized representative of the government agency or instrumentality shall have submitted a written request to the board specifying the record desired and the law enforcement activity for which the record is sought.

d. To an individual pursuant to a showing of compelling circumstances affecting the health or safety of any individual, provided a notice of the disclosure is transmitted to the last-known address of the subject.

e. To the legislative services agency as provided in Iowa Code section 2A.3.

f. In the course of employee disciplinary proceedings.

g. In response to a court order or subpoena.

657—14.10(22,124,155A) Routine use. “Routine use” means the disclosure of a record without the consent of the subject or subjects, for a purpose that is compatible with the purpose for which the record was collected, and includes disclosures required to be made by statute other than the public records law, Iowa Code chapter 22.

To the extent allowed by law, the following uses are considered routine uses of all board records:

1. Disclosure to those officers, employees, investigators, members, and agents of the board who have a need for the record in the performance of their duties. The custodian of the record may, upon request of any officer, employee, investigator, member, or agent of the board or on the custodian’s own initiative, determine what constitutes legitimate need to use confidential records.

2. Disclosure of information that indicates an apparent violation of law to appropriate law enforcement authorities for investigation and possible criminal prosecution, civil court action, or regulatory order.

3. Disclosure to the attorney general’s office for use in performing its official function.

4. Transfers of information among board staff and members; to other state agencies, boards, and departments; to federal agencies; to agencies in other states; to the National Association of Boards of Pharmacy; or to local units of government as appropriate to carry out the board’s statutory authority.

5. Information released to the staff of federal or state entities for audit purposes or for purposes of determining whether the board is lawfully operating a program.

6. Any disclosure specifically authorized by the statute under which the record was collected or maintained.

657—14.11(22,124,155A) Consensual disclosure of confidential records.

14.11(1) Consent to disclosure by a subject individual. To the extent permitted by law, the subject may consent in writing to board disclosure of confidential records as provided in rule 657—14.7(22,124,155A).

14.11(2) Complaints to public officials. A letter from a subject of a confidential record to a public official that seeks the official’s intervention on behalf of the subject in a matter involving the board may, to the extent permitted by law, be treated as an authorization to release to the official sufficient information about the subject to resolve the matter.

657—14.12(22,124,155A) Release to subject.

14.12(1) The subject of a confidential record may file a written request to review confidential records about that person as provided in rule 657—14.6(22,124,155A). However, the board need not release the following records to the subject:

a. The identity of a person providing information to the board need not be disclosed directly or indirectly to the subject of the information when the information is authorized to be held confidential pursuant to Iowa Code section 22.7(18) or other provision of law.

b. Records need not be disclosed to the subject when they are the work product of an attorney or are otherwise privileged.

c. Peace officers' investigative reports may be withheld from the subject, except as required by the Iowa Code. See Iowa Code section 22.7(5).

d. All information in licensee complaint and investigation files maintained by the board for the purposes of licensee discipline are required to be withheld from the subject prior to the filing of formal charges and the notice of hearing in a licensee disciplinary action.

e. As otherwise authorized by law.

14.12(2) When a record has multiple subjects with interest in the confidentiality of the record, the board may take reasonable steps to protect confidential information relating to another subject.

657—14.13(22,124,155A) Availability of records.

14.13(1) *Open records.* Board records are open for public inspection and copying unless otherwise provided by rule or law.

14.13(2) *Confidential records.* The following records may be withheld from public inspection. Records are listed by category, according to the legal basis for withholding them from public inspection.

a. Tax records made available to the board (Iowa Code sections 422.20 and 422.72);

b. All information in complaint and investigation files maintained by the board for purposes of licensee discipline, except that the information may be released to the licensee once a licensee disciplinary proceeding has been initiated by the filing of formal charges and a notice of hearing (Iowa Code section 272C.6(4));

c. Records of controlled substances disposed of or destroyed (Iowa Code section 124.506);

d. Criminal history or prior misconduct of an applicant for licensure (Iowa Code section 147.21(1));

e. Information relating to the contents of an examination for licensure (Iowa Code section 147.21(2));

f. Information relating to the results of an examination for licensure, other than final score, except that information about the results of an examination may be provided to the person who took the examination (Iowa Code section 147.21(3));

g. Information contained in investigative reports relating to the abuse of controlled substances (Iowa Code section 124.504);

h. Minutes of closed meetings of the board (Iowa Code section 21.5(4));

i. Records of closed-session board disciplinary hearings (Iowa Code sections 272C.6(1) and 21.5(4));

j. Information or records received from a restricted source and any other information or records made confidential by law;

k. Identifying details in final orders, decisions, and opinions to the extent required to prevent a clearly unwarranted invasion of personal privacy or trade secrets under Iowa Code section 17A.3(1)“d”;

l. Those portions of board staff manuals, instructions, or other statements issued by the board that set forth criteria or guidelines to be used by board staff in conducting audits, making inspections, negotiating settlements, or selecting or handling cases. This includes operational tactics or allowable tolerances or criteria for the defense, prosecution, or settlement of cases, when disclosure of these statements would:

(1) Enable law violators to avoid detection;

(2) Facilitate disregard of requirements imposed by law; or

(3) Give a clearly improper advantage to persons who are in an adverse position to the board (Iowa Code sections 17A.2 and 17A.3);

m. Personal information in personnel files including, but not limited to, evaluations, discipline, social security number, home address, gender, birth date, and medical and psychological evaluations;

n. Any other records made confidential by law.

14.13(3) *Authority to release confidential records.* The board may in its discretion disclose some confidential records that the board is authorized to refuse to disclose under Iowa Code section 22.7 or

other discretionary provision of law. Any person may request permission to inspect such records. If the board determines that it will release such records, the board may, where appropriate, notify interested parties before releasing the records and withhold the records from inspection as provided in subrule 14.4(3).

657—14.14(22,124,155A) Personally identifiable information. This rule describes the nature and extent of personally identifiable information which is collected, maintained, and retrieved by the board by personal identifier in record systems as defined in rule 657—14.1(22,124,155A). For each record system, this rule describes the legal authority for the collection of that information and the means of storage of that information. Indication that information in a record system is stored in or on more than one media format should not be interpreted to mean that all information is stored in all such formats. Some information comprising a record may be maintained in or on one type of media while other related information is maintained in or on another. The description also indicates whether the record system contains any confidential information, and includes the legal authority for confidentiality. The record systems maintained by the board are:

14.14(1) *Records of board disciplinary hearings.* These records contain information about licensees, permit holders, and registrants who are the subject of a board disciplinary proceeding or other action. This information is collected by the board pursuant to the authority granted in Iowa Code chapters 17A, 124, 155A, and 272C and is stored electronically, in computer, and on paper. The information contained in “closed session” board hearing records is confidential in whole or in part pursuant to Iowa Code sections 21.5(4) and 272C.6(1).

14.14(2) *Complaint reports.* Complaint and investigative files maintained by the board for purposes of licensee discipline contain information about licensees, permit holders, registrants, and the persons that they serve. This information is collected by the board pursuant to the authority granted in Iowa Code chapters 124 and 155A and is stored electronically, in computer, and on paper. The information contained in these records is confidential in whole or in part pursuant to Iowa Code sections 22.7(18) and 272C.6(4).

14.14(3) *Continuing pharmaceutical education records.* These records contain educational information about pharmacists licensed by the board. This information is collected pursuant to the authority granted in Iowa Code chapter 272C and is stored on paper only.

14.14(4) *Controlled drug samples records.* These records contain information about controlled substance registrants who receive samples of controlled drugs from drug manufacturers. The records include the name, strength, and quantity of controlled drugs received by the registrant, and the identity of the manufacturer or distributor. This information is collected by the board pursuant to the authority granted in Iowa Code chapter 124 and is stored on paper.

14.14(5) *Controlled substance registration records.* These records contain information about pharmacies; individual practitioners including doctors of medicine and surgery, osteopathic medicine and surgery, dentistry, veterinary medicine, podiatry, and optometry; physician assistants; advanced registered nurse practitioners; drug manufacturers, distributors, importers, and exporters; researchers; hospitals and clinics; other health care facilities such as long-term care and nursing care facilities; analytical laboratories; and teaching institutions. This information is collected by the board pursuant to the authority granted in Iowa Code chapter 124 and is stored on paper and in computer.

14.14(6) *Controlled drug destruction reports.* These records contain information about the disposal or destruction of controlled substances in the possession of registrants. The records include the name, strength, quantity, and form of all controlled substances disposed of or destroyed, and the identity of the registrant. This information is collected by the board pursuant to the authority granted in Iowa Code chapter 124 and is stored in computer and on paper. The information contained in these records is confidential pursuant to Iowa Code section 124.506.

14.14(7) *Examination records.* These records contain information about applicants for any of the following examinations: National Association of Boards of Pharmacy Licensure Examination, North American Pharmacist Licensure Examination, Multistate Pharmacy Jurisprudence Examination, Federal Drug Law Examination, and Iowa Drug Law Examination. These records may also contain information

about applicants licensed or pursuing licensure by reciprocity, score transfer, or other means. This information is collected by the board pursuant to the authority granted in Iowa Code chapters 147 and 155A and is stored on paper, electronically, and in computer. The information contained in these records is confidential in part pursuant to Iowa Code sections 147.21, 22.7(1), and 22.7(19).

14.14(8) *Pharmacist-intern records.* These records contain information about pharmacist-interns and their preceptors. This information is collected by the board pursuant to the authority granted in Iowa Code section 155A.6 and is stored on paper, electronically, and in computer. The information contained in these records may be confidential in part pursuant to Iowa Code section 22.7(1).

14.14(9) *Investigative reports.* These records contain information about the subjects of board investigations and the activities of board investigators. The records include a variety of attachments such as interviews, drug audits, medical records, pharmacy records, exhibits, police reports, incident reports, and investigators' observations. This information is collected by the board pursuant to the authority granted in Iowa Code chapters 124, 126, 147, and 155A and is stored electronically, in computer, and on paper. The information contained in these records is confidential pursuant to Iowa Code sections 22.7(2), 22.7(5), 22.7(6), 22.7(9), and 22.7(19); 147.21(1); 124.504; and 272C.6(4).

14.14(10) *Licensure records.* These records contain information about pharmacists, pharmacies, and wholesalers that are licensed by the board. This information is collected by the board pursuant to the authority granted in Iowa Code chapters 126, 147, and 155A and is stored electronically, on paper, in computer, and in the state archives.

14.14(11) *Personnel records.* These records contain personal information about board members and staff. This information is stored on paper and microfiche. The personal information contained in these records may be confidential in whole or in part pursuant to Iowa Code section 22.7(11).

14.14(12) *Nonlicensee investigation files.* These records contain information about nonlicensees, nonregistrants, or non-permit holders. This information is a public record except to the extent that certain information may be exempt from disclosure under Iowa Code section 22.7 or other provision of law.

14.14(13) *Routine inspection reports.* These records contain information about pharmacies, controlled substance registrant offices, manufacturers and distributors, and wholesalers that are inspected by agents of the board to determine compliance with state and federal law. This information is collected by the board pursuant to the authority granted in Iowa Code chapters 124 and 155A and is stored on paper, in computer, and electronically.

14.14(14) *Notifications to the board.* These records contain reports of theft or loss of controlled substances; of pharmacy or drug wholesaler openings, closings, and changes of ownership, location, or responsible person; of the sale or transfer of prescription drugs including controlled substances; of disasters, accidents, or emergencies affecting drugs; and of pharmacists', pharmacist-interns', pharmacy technicians', and pharmacy support persons' names, addresses, or employment changes. This information is collected by the board pursuant to the authority granted in Iowa Code sections 155A.6, 155A.6A and 155A.19 and 2009 Iowa Code Supplement section 155A.6B and is stored on paper, electronically, and in computer.

14.14(15) *Precursor substances permit and distribution records.* These records contain information about precursor substances handlers, both vendors and recipients, and information about the distribution, disposal, or destruction of precursor substances. This information is collected by the board pursuant to the authority granted in Iowa Code chapter 124B and is stored in computer and on paper.

14.14(16) *Pharmacy technician records.* These records contain information about pharmacy technicians who are registered by the board. This information is collected by the board pursuant to the authority granted in Iowa Code chapter 155A and is stored on paper and in computer.

14.14(17) *Pharmacy support person records.* These records contain information about pharmacy support persons who are registered with the board. This information is collected by the board pursuant to the authority granted in Iowa Code chapter 155A and is stored on paper, electronically, and in computer. [ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—14.15(22,124,155A) Other groups of records. This rule describes groups of records maintained by the board other than record systems as defined in rule 657—14.1(22,124,155A). These records are

routinely available to the public and may be accessible via the Internet. The board's files of these records do not contain confidential information except where indicated. These records may contain information about individuals and include:

14.15(1) *Board calendars, agenda, news releases, statistical reports and compilations, newsletters, publications, correspondence, and other information intended for the public.* These records may contain information about individuals, including board members and staff, and are stored on paper, electronically, and in computer.

14.15(2) *Minutes of open meetings of the board.* These records contain information about people who participate in board meetings. This information is collected pursuant to Iowa Code section 21.3 and is stored electronically, in computer, and on paper, and may be accessed via the Internet.

14.15(3) *Records of board rule-making proceedings.* These records may contain information about individuals making written or oral comments on rules proposed by the board. This information is collected pursuant to Iowa Code section 17A.4 and is stored electronically, in computer, and on paper. Information may be accessible via the Internet.

14.15(4) *Board decisions, findings of fact, final orders, advisory opinions, declaratory orders, and other statements of law or policy issued by the board in the performance of its function.* These records are open to the public pursuant to Iowa Code section 272C.6(4), except for information that is confidential, and are stored on paper, electronically, and in computer.

657—14.16(22,124,155A) Computer. The board uses an in-house network of file and print servers and personal computers. This network system permits the comparison of personally identifiable information in one computerized record system with personally identifiable information in another computerized record system.

These rules are intended to implement Iowa Code section 22.11.

CHAPTER 15
CORRECTIONAL PHARMACY PRACTICE

657—15.1(155A) Purpose and scope. It is the intent of these rules to authorize the department of corrections to distribute prescription drugs to patients in correctional facilities from one or more correctional pharmacies. Each correctional pharmacy shall be responsible for the provision of pharmacy services for a specific number of correctional facilities. The correctional pharmacies may be located on the grounds of a correctional facility or may be located off site from all facilities. The correctional pharmacies shall be licensed by the board with limited-use pharmacy licenses designated as correctional pharmacy licenses. Pharmacists shall be responsible for any delegated act performed by supportive personnel under the pharmacists' supervision. The requirements of these rules for correctional pharmacy practice are in addition to the requirements of 657—Chapter 8 and other rules of the board relating to the services provided by the pharmacies.

[ARC 8670B, IAB 4/7/10, effective 5/12/10]

657—15.2(126,155A) Definitions. For purposes of this chapter, the following definitions shall apply:

“*Board*” means the Iowa board of pharmacy.

“*Department*” means the Iowa department of corrections.

“*Emergency/first dose drug supply*” means a limited inventory of drugs stored outside the correctional pharmacy and accessible to designated health care staff for the purpose of initiating emergency or first dose prescription drug orders issued during periods when the pharmacist is unavailable.

“*Medication administration record*” means the record of the administration of drugs to patients.

“*Med-pak*” means a customized patient medication package prepared for a specific patient which comprises a series of immediate containers containing prescribed solid oral dosage forms, each container being labeled with the time or the appropriate period for the patient to take its contents.

“*Prescription drug order*” means an order that is for a drug or device for a patient in custody status in a correctional facility, that is originated by a practitioner authorized to prescribe, and that meets the information requirements for a prescription drug order but is recorded, distributed, and administered as though it were a medication order.

“*Qualified individual*” means a pharmacist, a person who has successfully completed a medication administration course, or a person specifically authorized under pertinent sections of the Iowa Code to administer prescription drugs.

“*Single unit package*” means a package that contains one discrete pharmaceutical dosage form.

“*Unit dose dispensing system*” means a drug distribution system utilizing single unit, unit dose, or unit of issue packaging in a manner that helps reduce or remove traditional drug stocks from resident care areas and enables the selection and distribution of drugs to be pharmacy-based and controlled.

“*Unit dose package*” means a package that contains that particular dose of a drug ordered for the patient for one administration time. A unit dose package is not always a single unit package.

“*Unit of issue package*” means a package that provides multiple units or doses attached to each other but separated in a card or specifically designed container.

[ARC 8670B, IAB 4/7/10, effective 5/12/10]

657—15.3(155A) Responsibilities. In any correctional pharmacy, the following responsibilities, which are in addition to the responsibilities required by all applicable federal and state laws, rules and regulations and the responsibilities as described in rule 657—8.3(155A), shall be assigned as follows:

1. The pharmacist in charge or designee shall ensure that a quarterly inspection of all pharmaceuticals located at the correctional facility, including any emergency/first dose drug supply located outside the confines of the pharmacy, is completed and documented.

2. The pharmacist in charge or a pharmacist shall provide drug information to other health professionals, to other caregivers, and to patients as required or requested.

[ARC 8670B, IAB 4/7/10, effective 5/12/10; ARC 1961C, IAB 4/15/15, effective 5/20/15]

657—15.4(155A) Reference library. References may be printed or computer-accessed. Each correctional pharmacy shall have on site, at a minimum, one current reference from each of the following categories, including access to current periodic updates.

1. A reference including all pertinent Iowa laws, rules, and regulations that impact the pharmacy's practice.
2. A patient information reference that includes or provides patient information in compliance with rule 657—6.14(155A).
3. A reference on drug interactions.
4. A general information reference.
5. A drug equivalency reference.
6. A reference on natural or herbal medicines.
7. The readily accessible telephone number of a poison control center that serves the area.
8. Additional references as may be necessary for the pharmacist to adequately meet the needs of the patients served.

[ARC 8670B, IAB 4/7/10, effective 5/12/10; ARC 2196C, IAB 10/14/15, effective 11/18/15]

657—15.5(124,155A) Security. The pharmacy shall be located in an area or areas that provide for effective control against theft of, diversion of, and unauthorized access to prescription drugs and pharmacy records. The following conditions shall be met to ensure appropriate control over drugs and chemicals in the pharmacy:

15.5(1) Locked areas. All areas occupied by the correctional pharmacy or where drugs or devices are maintained or stored shall be lockable by a key, combination, or electronic device so as to prevent access by unauthorized personnel and shall be locked when unoccupied or unattended.

15.5(2) Access when pharmacist absent. Pursuant to rule 657—8.3(155A), the pharmacy shall have policies and procedures for the security of the correctional pharmacy. Policies and procedures shall identify who will have access to the pharmacy, what areas may be accessed, and the procedures to be followed for obtaining drugs and chemicals when the pharmacist is absent from the pharmacy.

15.5(3) Pharmacist responsibility. Each pharmacist, while on duty, shall be responsible for the security of the correctional pharmacy. This responsibility includes provisions for effective control against theft of, diversion of, or unauthorized access to prescription drugs or devices, controlled substances, records for such drugs and devices, and patient records as provided in 657—Chapter 21 and rule 657—8.16(124,155A). Policies and procedures shall identify the days and hours the pharmacy shall be open. A pharmacist shall be on site during all times that the pharmacy is open.

15.5(4) Drugs in the correctional facility. All drugs distributed from the pharmacy to areas of the correctional facility for subsequent administration to patients shall be kept in locked storage when not in use. Policies and procedures shall identify the qualified individuals who are authorized to access these drugs and the process to be followed for their removal.

[ARC 8670B, IAB 4/7/10, effective 5/12/10; ARC 1961C, IAB 4/15/15, effective 5/20/15]

657—15.6 Reserved.

657—15.7(124,126,155A) Training and utilization of pharmacy technicians or pharmacy support persons. Pharmacy technician and pharmacy support person training shall be documented and maintained by the pharmacy for the duration of employment. Policies and procedures and documentation of pharmacy technician and pharmacy support person training shall be available for inspection by the board or an agent of the board.

[ARC 8670B, IAB 4/7/10, effective 5/12/10; ARC 1961C, IAB 4/15/15, effective 5/20/15]

657—15.8(124,126,155A) Drug distribution and dispensing controls. Prescription drugs shall be distributed or dispensed only from the original or a properly verified prescription drug order. There shall be no transcribing of prescription drug orders by nursing staff or clerical staff except for their own records.

15.8(1) Required information. Prescription drug orders written in patient health records shall include the following information:

- a. Patient name, identification number, and correctional facility location;
- b. Drug name, strength, dosage form, and quantity or duration;
- c. Directions for use of the drug;
- d. Date the prescription drug order is authorized;
- e. Prescriber's name, signature, and office address;
- f. Prescriber's DEA number for controlled substances.

15.8(2) Original maintained. The original prescription drug order and the medication administration record shall be maintained for a minimum of two years in the patient's health record.

15.8(3) Effect upon transfer of patient. Current prescription drug orders remain in effect when a patient is transferred to another correctional facility.

15.8(4) Unit dose dispensing. Drugs dispensed in a unit dose dispensing system for subsequent administration by nurses or other qualified individuals shall be packaged and labeled by pharmacy staff in compliance with the provisions of rule 657—22.1(155A). Policies and procedures shall be implemented that include, but are not limited to, the following:

- a. Return and reuse of drugs;
- b. Expiration dating;
- c. Record keeping.

15.8(5) Med-pak dispensing. Drugs may be dispensed in med-pak dispensing systems for subsequent administration by nurses or other qualified individuals. Policies and procedures shall be implemented that are in accordance with rule 657—22.5(155A) and include, but are not limited to, the following:

- a. Return and reuse of containers;
- b. Expiration dating;
- c. Record keeping.

15.8(6) Drug administration. Only a licensed health care professional authorized to administer drugs or a qualified individual shall administer to a patient prepackaged drugs from the supply distributed by the pharmacy. Documentation of administration shall be recorded in the medication administration record. The single unit, unit dose, or med-pak packaging shall remain intact to the point of administration.

15.8(7) Dispensing for patient self-administration. Drugs dispensed for self-administration by a patient shall be packaged and labeled in accordance with rule 657—6.10(126,155A).

15.8(8) Labeling of drugs under special circumstances.

a. *Insulin, ophthalmics, otic preparations, inhalers, nasal sprays, topicals, and other similarly packaged drugs.* A label shall be affixed to the immediate container showing at least the patient's name and ID number. A label that complies with 657—subrule 6.10(1) shall be affixed to the outer container.

b. *Leave and release drugs.* Labeling of prescription drugs for patients leaving the correctional facility for temporary absences in excess of 24 hours, such as court appearances, and for patients being released from custody shall comply with 657—subrule 6.10(1) before the drug is removed from the facility. The dispensing pharmacy shall be responsible for packaging and labeling leave and release drugs in compliance with this paragraph.

15.8(9) Drug product selection. Correctional pharmacies shall be exempt from the patient notification requirements of Iowa Code section 155A.32 when exercising drug product selection.

15.8(10) Emergency/first dose drug supply. An emergency/first dose drug supply of prescription drugs may be supplied to a correctional facility for use by authorized personnel pursuant to rule 657—22.7(124,155A). Only pharmacists, pharmacist-interns, and pharmacy technicians may restock, replace, or return drugs to the emergency/first dose drug supply. A drug shall be removed from the emergency/first dose drug supply only pursuant to a valid prescription drug order. The pharmacy shall be notified of the removal and administration of a drug from the emergency/first dose drug supply. The pharmacist shall perform drug use review prior to the administration of a second dose. All drugs removed from the emergency/first dose drug supply that are not administered, including any wastage,

shall be returned to the pharmacy. A written or electronic record shall be made of all removals from the emergency/first dose drug supply. The record shall include the following information:

- a. Patient's name and identification number;
- b. Prescriber;
- c. Name, strength, dosage form, and quantity of the drug removed;
- d. Signature, unique identification, or initials of the authorized person removing the drug;
- e. Date and time the drug was removed;
- f. Returns of unused drugs to the pharmacy.

[ARC 8670B, IAB 4/7/10, effective 5/12/10]

657—15.9 Reserved.

657—15.10(124,126,155A) Policies and procedures. Pharmacy policies and procedures, established, implemented, and complied with pursuant to rule 657—8.3(155A), shall address, but not be limited to, the following:

1. Controlled substances;
2. Formulary or drug list;
3. Stop orders;
4. Drug sample use and distribution;
5. Drug recalls;
6. Outdated drugs;
7. Patient records;
8. Inspection of drug inventories;
9. Adverse reaction reports;
10. Leave and release drugs;
11. Emergency/first dose drug supply;
12. Drugs brought into the facility;
13. Medication administration and records;
14. Drug compounding;
15. Sterile products;
16. Access to the pharmacy in the absence of the pharmacist;
17. Transfers of drugs between facilities and correctional pharmacies;
18. Transfers of prescription drug orders between correctional pharmacies;
19. Delivery of drugs;
20. Notification when a drug or device is not available;
21. Drug destruction within the pharmacy;
22. Return of unused drugs.

[ARC 8670B, IAB 4/7/10, effective 5/12/10; ARC 1961C, IAB 4/15/15, effective 5/20/15]

CHAPTER 16
NUCLEAR PHARMACY PRACTICE
[Prior to 12/14/88, see Pharmacy Examiners Board 657—8.8(155A)]

657—16.1(155A) Purpose and scope. It is unlawful to receive, possess or transfer radioactive drugs except in accordance with the provisions of Iowa Code chapter 155A. It is also unlawful for any person to provide radiopharmaceutical services unless the person is a pharmacist or a person acting under the direct supervision of a pharmacist acting in accordance with the provisions of Iowa Code chapter 155A, board rules and rules of the environmental protection commission. It is not unlawful for a medical practitioner to receive, possess, or transfer radioactive drugs for administration to patients as provided in Iowa Code chapter 148. No person may receive, acquire, possess, use, transfer, or dispose of any radioactive material except in accordance with the conditions set forth by the environmental protection commission pursuant to the provisions of Iowa Code chapter 455B. The requirements of these nuclear pharmacy rules are in addition to and not in substitution for 657—Chapter 8 and other applicable provisions of rules of the board and the environmental protection commission or the public health department.

657—16.2(155A) Definitions.

“*Authentication of product history*” means, but is not limited to, identifying the purchasing source, the ultimate fate, and any intermediate handling of any component of a radiopharmaceutical.

“*Board*” means the Iowa board of pharmacy examiners.

“*Internal test assessment*” means, but is not limited to, conducting those tests of quality assurance necessary to ensure the integrity of the test.

“*Nuclear pharmacy*” means a pharmacy providing radiopharmaceutical services.

“*Qualified nuclear pharmacist*” means a person currently licensed to practice pharmacy in Iowa who meets the qualifications established by rule 657—16.3(155A).

“*Radiopharmaceutical quality assurance*” means, but is not limited to, the performance of appropriate chemical, biological and physical tests on potential radiopharmaceuticals and the interpretation of the resulting data to determine the radiopharmaceuticals’ suitability for use in humans and animals, including internal test assessment authentication of product history and the keeping of proper records.

“*Radiopharmaceutical service*” means, but is not limited to, the preparation, dispensing, labeling and delivery of radiopharmaceuticals; the compounding of radiopharmaceuticals; the participation in radiopharmaceutical selection and radiopharmaceutical utilization reviews; the proper and safe storage and distribution of radiopharmaceuticals; the maintenance of radiopharmaceutical quality assurance; the responsibility for advising, as necessary or required, of the therapeutic values, hazards and use of radiopharmaceuticals; and the offering or performing of those acts, services, operations, or transactions necessary in the conduct, operation, management and control of a nuclear pharmacy.

657—16.3(155A) General requirements for qualified nuclear pharmacist. A qualified nuclear pharmacist shall meet all requirements of either alternative one or alternative two established in subrules 16.3(1) and 16.3(2), respectively.

16.3(1) Alternative one. A qualified nuclear pharmacist shall:

- a. Meet minimum standards of training for medical uses of radioactive materials; and
- b. Be a currently licensed pharmacist in the state of Iowa; and
- c. Submit an affidavit of experience and training to the board; and
- d. Have completed one of the following nuclear pharmacy training alternatives:

(1) Received a minimum of 90 contact hours of didactic instruction in nuclear pharmacy from an accredited college of pharmacy. In addition, the pharmacist shall have attained a minimum of 160 hours of clinical nuclear pharmacy training under the supervision of a qualified nuclear pharmacist in a nuclear pharmacy that provides nuclear pharmacy services or in a structured clinical nuclear pharmacy training program of an accredited college of pharmacy.

(2) Successfully completed a nuclear pharmacy residency accredited by the American Society of Health-System Pharmacists (ASHP).

(3) Successfully completed a certificate program in nuclear pharmacy accredited by the Accreditation Council on Pharmaceutical Education (ACPE).

16.3(2) *Alternative two.* A qualified nuclear pharmacist shall:

- a. Be a currently licensed pharmacist in the state of Iowa; and
- b. Be certified by the Board of Pharmaceutical Specialties as a board-certified nuclear pharmacist (BCNP); and
- c. Submit an affidavit of BCNP credentials to the board.

657—16.4(155A) General requirements for pharmacies providing radiopharmaceutical services.

16.4(1) *Qualified nuclear pharmacist.* A license to operate a pharmacy providing radiopharmaceutical services shall be issued only to a qualified nuclear pharmacist who shall be the pharmacist in charge of the pharmacy. The pharmacist in charge shall be responsible for, at a minimum, the requirements in rule 657—6.2(155A). All personnel performing tasks in the preparation and distribution of radioactive drugs shall be under the direct personal supervision of a qualified nuclear pharmacist. A qualified nuclear pharmacist is responsible for all operations of the pharmacy and, except in emergency situations, shall be in personal attendance at all times that the pharmacy is open for business.

16.4(2) *Space requirements.* Nuclear pharmacies shall have adequate space, commensurate with the scope of services required and provided. The nuclear pharmacy area shall be separate from the pharmacy areas for nonradioactive drugs and shall be secured from unauthorized personnel. All pharmacies handling radiopharmaceuticals shall provide a radioactive storage and product decay area, occupying at least 25 square feet of space, separate from and exclusive of the hot laboratory, compounding, dispensing, quality assurance, and office areas.

16.4(3) *Personnel appropriately trained.* The pharmacist in charge shall be responsible for ensuring that all pharmacy personnel have been appropriately and adequately trained for their assigned tasks.

16.4(4) *Pharmacy support persons.* A pharmacy support person shall register with the board pursuant to the registration requirements of 657—Chapter 5. Alternatively, a pharmacy support person may register with the board as a pharmacy technician pursuant to the registration and national certification requirements of 657—Chapter 3.

16.4(5) *Records required.* Nuclear pharmacies shall maintain records of acquisition and disposition of all radioactive drugs in accordance with rules of the board and the environmental protection commission.

16.4(6) *Compliance with laws.* Nuclear pharmacies shall comply with all applicable laws and regulations of federal and state agencies, including those laws and regulations governing nonradioactive drugs.

16.4(7) *Prescription and office use.* Radioactive drugs shall be dispensed only upon a prescription order from a licensed medical practitioner authorized to possess, use and administer radiopharmaceuticals. A nuclear pharmacy may also furnish radiopharmaceuticals to practitioners for office use.

16.4(8) *Outer-container label.* In addition to any of the board's labeling requirements for nonradioactive drugs, the immediate outer container of a radioactive drug to be dispensed shall also be labeled with:

- a. The standard radiation symbol;
- b. The words "Caution — Radioactive Material";
- c. The name of the radionuclide;
- d. The chemical form;
- e. The amount of radioactive material contained, in millicuries or microcuries;
- f. If the radioactive drug is a liquid, the volume in cubic centimeters;
- g. The requested calibration time for the amount of radioactivity contained.

16.4(9) *Immediate-container label.* The immediate container shall be labeled with:

- a. The standard radiation symbol;
- b. The words “Caution — Radioactive Material”;
- c. The name of the pharmacy; and
- d. The prescription number.

16.4(10) Radioactivity. The amount of radioactivity for each individual preparation shall be determined by radiometric methods immediately prior to dispensing.

16.4(11) Redistribution. A nuclear pharmacy may redistribute to another nuclear pharmacy or authorized party radioactive drugs that are the subject of an approved new drug application if the pharmacy does not process the radioactive drugs in any manner or violate the product packaging.

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—16.5(155A) Library. Each nuclear pharmacy shall have access to the following references. References may be printed or computer-accessed and shall be current editions or revisions.

1. United States Pharmacopoeia/National Formulary, with supplements;
2. A reference including all pertinent Iowa laws, rules, and regulations that impact the pharmacy’s practice;
3. State rules and federal regulations governing the use of applicable radioactive materials;
4. Additional references as may be necessary for the pharmacist to adequately meet the needs of the patients served.

[ARC 2196C, IAB 10/14/15, effective 11/18/15]

657—16.6(155A) Minimum equipment requirements. Each nuclear pharmacy shall maintain the following equipment for use in the provision of radiopharmaceutical services:

1. Laminar flow hood;
2. Dose calibrator;
3. Refrigerator;
4. Single-channel scintillation counter;
5. Microscope;
6. Autoclave, or access to one;
7. Incubator, or access to one;
8. Radiation survey meter;
9. Other equipment necessary for the radiopharmaceutical services provided as required by the board.

A pharmacy may request waiver or variance from a provision of this rule pursuant to the procedures and requirements of 657—Chapter 34.

657—16.7(155A) Training and utilization of pharmacy support persons. Nuclear pharmacies utilizing pharmacy support persons shall develop, implement, and periodically review written policies and procedures for the training and utilization of pharmacy support persons. Pharmacy policies shall specify the frequency of review. Pharmacy support person training shall be documented and maintained by the pharmacy for the duration of employment. Such policies and procedures and documentation of pharmacy support person training shall be available for inspection by the board or an agent of the board.

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

These rules are intended to implement Iowa Code sections 155A.4, 155A.13, 155A.28, and 155A.31.

CHAPTER 17
WHOLESALE DRUG LICENSES

657—17.1(155A) Definitions.

“*Authorized collection program*” means a program administered by a registrant that has modified its registration with DEA to collect controlled substances for the purpose of disposal. Federal regulations for such programs can be found at http://deadiversion.usdoj.gov/drug_disposal/. Modification to the registrant’s Iowa controlled substances Act registration shall not be required.

“*Blood*” means whole blood collected from a single donor and processed either for transfusion or further manufacturing.

“*Blood component*” means that part of blood separated by physical or mechanical means.

“*Board*” means the Iowa board of pharmacy.

“*DEA*” means the United States Department of Justice, Drug Enforcement Administration.

“*Distribute*” means the delivery of a prescription drug or device.

“*Drug sample*” means a drug that is distributed without monetary consideration to a pharmacist or practitioner. “Drug sample” does not include drugs intended for patients who would otherwise not receive needed drugs due to their inability to pay.

“*Manufacturer*” means a person or business engaged in the production, preparation, propagation, conversion, or processing of a drug or device, either directly or indirectly, by extraction from substances of natural origin or independently by means of chemical or biological synthesis and includes packaging or repackaging of the substances or labeling or relabeling of the substances’ containers.

“*Prescription drug*” means any of the following:

1. A substance for which federal or state law requires a prescription before it may be legally dispensed to the public.
2. A drug or device that under federal law is required, prior to being dispensed or delivered, to be labeled with one of the following statements:
 - Caution: Federal law prohibits dispensing without a prescription.
 - Caution: Federal law restricts this drug to use by or on the order of a licensed veterinarian.
 - Rx only.
3. A drug or device that is required by any applicable federal or state law or regulation to be dispensed on prescription only or is restricted to use by a practitioner only.

“*Proprietary medicine*” or “*over-the-counter (OTC) medicine*” means a nonnarcotic drug or device that may be sold without a prescription and that is labeled and packaged in compliance with applicable state or federal law.

“*Reverse distribution*” means the receipt of prescription drugs including controlled substances, whether received from Iowa locations or shipped to Iowa locations, for the purposes of destroying the drugs or returning the drugs to their original manufacturers or distributors.

“*Wholesale distribution*” means distribution of prescription drugs to persons other than a consumer or patient, but does not include:

1. The sale, purchase, or trade of a drug or an offer to sell, purchase or trade a drug for emergency medical reasons. For purposes of this chapter, “emergency medical reasons” includes transfers of prescription drugs by a pharmacy to another pharmacy to alleviate a temporary shortage;
2. The sale, purchase or trade of a drug, an offer to sell, purchase or trade a drug, or the dispensing of a drug pursuant to a prescription;
3. The lawful distribution of drug samples by manufacturers’ representatives or wholesale salespersons;
4. The sale, purchase or trade of blood and blood components intended for transfusion; or
5. Intracompany sales.

“*Wholesale distributor*” or “*wholesaler*” means a person or business operating or maintaining, either within or outside this state, a manufacturing plant, wholesale distribution center, wholesale business, or any other business in which prescription drugs, medicinal chemicals, medicines, or poisons are sold, manufactured, dispensed, stocked, exposed, or offered for sale at wholesale in this

state. “Wholesaler” includes, but is not limited to, manufacturers; repackers; own-label distributors; private-label distributors; jobbers; brokers; warehouses including manufacturers’ and distributors’ warehouses, chain drug warehouses, and wholesale drug warehouses; independent wholesale drug traders; reverse distributors; and pharmacies that conduct wholesale distributions exceeding 5 percent of gross annual sales of prescription drugs. “Wholesaler” does not include those wholesalers who sell only OTC medicines or manufacturers’ representatives lawfully distributing drug samples to authorized practitioners.

“*Wholesale salesperson*” or “*manufacturer’s representative*” means an individual who takes purchase orders on behalf of a wholesaler for prescription drugs, medicinal chemicals, medicines, or poisons. “*Manufacturer’s representative*” also means a person designated by a pharmaceutical manufacturer to lawfully distribute drug samples to authorized practitioners.

[ARC 2408C, IAB 2/17/16, effective 3/23/16]

657—17.2 Reserved.

657—17.3(155A) Wholesale drug license. Every wholesaler as defined in rule 657—17.1(155A), wherever located, that engages in wholesale distribution into, out of, or within this state must be licensed by the board in accordance with the laws and rules of Iowa before engaging in wholesale distribution of prescription drugs. Where operations are conducted at more than one location by a single wholesaler, each such location shall be separately licensed in Iowa. A wholesaler located within Iowa that engages in wholesale distribution of or collection via an authorized collection program of controlled substances shall also register pursuant to 657—Chapter 10.

17.3(1) Application form. Application for licensure and license renewal shall be on forms provided by the board. Application for wholesale drug licensure shall require an indication of the type of wholesale operation and the wholesaler ownership classification. If the owner is a sole proprietorship (100 percent ownership), the name and address of the owner shall be indicated. If the owner is a partnership or limited partnership, the names and addresses of all partners shall be listed or attached. If the owner is a corporation, the names and addresses of the officers and directors of the corporation shall be listed or attached. Any other wholesaler ownership classification shall be further identified and explained on the application. The name, address, and telephone numbers of at least one contact person for the licensed facility shall be identified. A list of all states in which the wholesaler is licensed and all trade or business names used by the wholesaler shall be included on or with the application. The application shall identify, if the wholesaler is located outside Iowa, applicable home state license information and DEA and FDA license or registration information. The application shall also provide information regarding any past criminal convictions or adverse actions against licenses or registrations held by the licensee or facility managers.

17.3(2) License expiration and renewal. A wholesale drug license shall be renewed before January 1 of each year. The fee for a new or renewal license shall be \$270.

a. Late payment penalty. Failure to renew the license before January 1 shall require payment of the renewal fee and a penalty fee of \$270. Failure to renew the license before February 1 following expiration shall require payment of the renewal fee and a penalty fee of \$360. Failure to renew the license before March 1 following expiration shall require payment of the renewal fee and a penalty fee of \$450. Failure to renew the license before April 1 following expiration shall require payment of the renewal fee and a penalty fee of \$540 and may require an appearance before the board. In no event shall the combined renewal fee and penalty fee for late renewal of a wholesale drug license exceed \$810.

b. Delinquent license. If a license is not renewed before its expiration date, the license is delinquent and the licensee may not operate or do business in Iowa until the licensee renews the delinquent license. A drug wholesaler who continues to do business in Iowa without a current license may be subject to disciplinary sanctions pursuant to the provisions of 657—subrule 36.1(4).

17.3(3) Inspection of new wholesale drug distribution facility. If a new wholesale drug distribution location within Iowa was not a licensed wholesale drug distribution site immediately prior to the proposed opening of the new wholesale facility, the location shall require an on-site inspection by

a pharmacy board inspector prior to the issuance of the wholesale drug license. The purpose of the inspection is to determine compliance with requirements pertaining to space, equipment, drug storage safeguards, and security. Inspection may be scheduled anytime following submission of necessary license and registration applications and prior to beginning wholesale drug distribution. Prescription drugs, including controlled substances, may not be delivered to a new wholesale drug distribution facility prior to satisfactory completion of the opening inspection.

17.3(4) Wholesale drug license changes.

a. Ownership change. When ownership of a licensed drug wholesaler changes, the licensee shall submit to the board written notification including the name, address, and license number of the wholesaler and the effective date of the change. Notification shall also identify the new ownership classification and the owners, partners, or corporate officers as indicated in subrule 17.3(1). In those cases in which the wholesaler is owned by a corporation, the sale or transfer of all stock of the corporation does not constitute a change of ownership provided the corporation that owns the wholesaler continues to exist following the stock sale or transfer. A new license shall not be required for a change of ownership.

b. Name or location change. When a licensed drug wholesaler changes its name or location, a new wholesale drug license application with a license fee as provided in 17.3(2) shall be submitted to the board office. Upon receipt of the fee and properly completed application, the board will issue a new license certificate. The old license certificate shall be returned to the board office within ten days of the change of name or location. A change of wholesaler location within Iowa, if the new location was not a licensed drug wholesaler immediately prior to the relocation, shall require an on-site inspection of the new location as provided in subrule 17.3(3).

17.3(5) Drug wholesaler closing. A licensee discontinuing wholesale distribution of prescription drugs in or into Iowa shall submit to the board, with the current wholesale drug license certificate, written notification indicating the effective date of closing or discontinuing business in Iowa. If the drug wholesaler had been engaged in the distribution of controlled substances in Iowa, the written notification shall identify by name, address, and appropriate license numbers the facility or facilities to which controlled substances records and any final inventory of controlled substances have been transferred.

17.3(6) Failure to complete licensure process. An application for a wholesale drug license, including an application for registration pursuant to 657—Chapter 10, if applicable, will become null and void if the applicant fails to complete the licensure process within six months of receipt by the board of the required applications. The licensure process shall be complete upon the wholesaler's opening for business at the licensed location following an inspection rated as satisfactory by an agent of the board if such an inspection is required pursuant to this rule. When an applicant fails to timely complete the licensure process, fees submitted with applications will not be transferred or refunded.

[ARC 0504C, IAB 12/12/12, effective 1/16/13; ARC 2408C, IAB 2/17/16, effective 3/23/16]

657—17.4(155A) Minimum qualifications. The board will consider the following factors in determining eligibility for licensure of persons or businesses that engage in the wholesale distribution of prescription drugs:

1. Any convictions of the applicant under federal, state, or local laws relating to drug samples, wholesale or retail drug distribution, or distribution of controlled substances;
2. Any felony convictions of the applicant under federal, state, or local laws;
3. The applicant's past experience in the manufacture or distribution of prescription drugs, including controlled substances;
4. The furnishing by the applicant of false or fraudulent material in any application made in connection with drug manufacturing or distribution;
5. Suspension or revocation by federal, state, or local government of any license currently or previously held by the applicant for the manufacture or distribution of any drugs, including controlled substances;
6. Compliance with licensing requirements under previously granted licenses, if any;

7. Compliance with the requirements to maintain or make available to the board, its agents or authorized personnel, or to federal, state, or local law enforcement officials those records required to be maintained by wholesalers; and

8. Any other factors or qualifications the board considers relevant to and consistent with public health and safety.

657—17.5(155A) Personnel. Licensed wholesalers shall establish and maintain lists of officers, directors, managers, and other persons in charge of wholesale drug distribution, storage, and handling, including a description of their duties and a summary of their qualifications. The wholesaler shall employ personnel with the education or experience appropriate to the responsibilities of the position held by the individual.

657—17.6(155A) Responsibility for conduct. A licensed drug wholesaler shall be held responsible for actions of the wholesaler's managerial agent when the conduct of the agent may fairly be assumed to represent the policy of the wholesaler. "Managerial agent" includes, but is not necessarily limited to, an officer or director of a corporation or an association or a partner of a partnership, and includes a person having management responsibility for submissions to the FDA regarding the development or approval of any drug product; the production, quality assurance, or quality control of any drug product; or research and development of any drug product.

17.6(1) *Misrepresentative deeds.* A managerial agent shall not make any statement intended to deceive, misrepresent, or mislead anyone, or be a party to or an accessory to any fraudulent or deceitful practice or transaction in the manufacture, distribution, or marketing of prescription drugs.

17.6(2) *Unethical conduct or behavior.* A managerial agent shall not exhibit unethical behavior in connection with the manufacture, distribution, or marketing of prescription drugs or refuse to provide reasonable information or answer reasonable questions for the benefit of a health professional or a patient. Unethical behavior shall include, but not be limited to, the following acts: verbal abuse, coercion, intimidation, harassment, sexual advances, threats, degradation of character, indecent or obscene conduct, and theft.

657—17.7(124,155A) Distribution to authorized licensees. A wholesaler shall be responsible for verifying, prior to the distribution of a prescription drug, the authority of the person or business to whom the distribution is intended. Such verification may include, but is not limited to, obtaining a copy of the license under which the person or business claims authority to possess the prescription drug or contacting the appropriate licensing authority for verification of the licensee's authority to possess the prescription drug.

657—17.8(124,155A) Written policies and procedures. Wholesalers shall establish, maintain, and adhere to written policies and procedures for the receipt, security, storage, inventory, and distribution of prescription drugs, including policies and procedures for identifying, recording, and reporting losses or thefts and for correcting all errors and inaccuracies in inventories. Wholesalers shall also include in their written policies and procedures the following:

17.8(1) *Oldest stock distributed first.* A procedure whereby the oldest approved stock of a prescription drug product is distributed first. The procedure may permit deviation from this requirement if such deviation is temporary and appropriate.

17.8(2) *Recalls and market withdrawals.* A procedure to be followed for handling recalls and withdrawals of prescription drugs. Such procedure shall be adequate to deal with recalls and withdrawals due to:

a. Any action initiated at the request of the Food and Drug Administration or other federal, state, or local law enforcement agency or other government agency, including the board;

b. Any voluntary action by the manufacturer to remove defective or potentially defective drugs from the market; or

c. Any action undertaken to promote public health and safety by replacing existing merchandise with an improved product or new package design.

17.8(3) *Emergency and disaster plan.* A procedure to ensure that wholesalers prepare for, protect against, and handle any crisis that affects security or operation of any facility in the event of strike, fire, flood, or other natural disaster, or other situations of local, state, or national emergency.

17.8(4) *Outdated drugs.* A procedure to ensure that any outdated prescription drugs shall be segregated from other drugs and either returned to the manufacturer or destroyed. This procedure shall provide for written documentation of the disposition of outdated prescription drugs.

17.8(5) *Exception.* The procedure required by subrule 17.8(1) does not apply to reverse distribution operations. All other procedures addressed in this rule are required of reverse distribution operations.

17.8(6) *Drugs supplied to salesperson/representative.* If supplying drugs to wholesale salespersons or manufacturers' representatives, a procedure directing that the security, storage, and record-keeping requirements contained in these rules shall be maintained by those wholesale salespersons or manufacturers' representatives.

657—17.9(155A) Facilities. All facilities at which prescription drugs are stored, warehoused, handled, held, offered, marketed, or displayed shall:

1. Be of suitable size and construction to facilitate cleaning, maintenance, and proper operations;
2. Have storage areas designed to provide adequate lighting, ventilation, temperature, sanitation, humidity, space, equipment, and security conditions;
3. Have a quarantine area for storage of outdated, damaged, unsafe, deteriorated, misbranded, or adulterated prescription drugs; for drugs that are in immediate or sealed outer or sealed secondary containers that have been opened; for drugs that have been identified as being defective or are believed to be defective; and for drugs that do not meet the FDA-approved criteria for the product;
4. Be maintained in a clean and orderly condition;
5. Be free from infestation by insects, rodents, birds, or vermin of any kind.

657—17.10(124,155A) Security.

17.10(1) *Secure from unauthorized entry.* All facilities used for wholesale drug distribution shall be secure from unauthorized entry.

- a. Access from outside the premises shall be kept to a minimum and be well controlled.
- b. The outside perimeter of the premises shall be well lighted.
- c. Entry into areas where prescription drugs are held shall be limited to authorized personnel.

17.10(2) *Alarm.* All facilities shall be equipped with an alarm system to deter entry after hours.

17.10(3) *Security system.* All facilities shall be equipped with a security system that will provide suitable protection against theft and diversion. When appropriate, the security system shall provide protection against theft or diversion that is facilitated or hidden by tampering with computers or electronic records.

17.10(4) *Authorized collection program.* Licensees that are authorized to administer a controlled substances collection program shall provide security pursuant to 657—Chapter 10 and federal regulations.

[ARC 2408C, IAB 2/17/16, effective 3/23/16]

657—17.11(155A) Storage. All prescription drugs shall be stored at appropriate temperatures and under appropriate conditions in accordance with requirements, if any, in the labeling of such drugs or with requirements in the current edition of an official compendium.

17.11(1) *Controlled room temperature.* If no storage requirements are established for a prescription drug, the drug may be held at "controlled room temperature" to help ensure that its identity, strength, quality, and purity are not adversely affected. "Controlled room temperature" means the room temperature is maintained thermostatically between 15 degrees and 30 degrees Celsius (59 degrees and 86 degrees Fahrenheit).

17.11(2) Documentation. Appropriate manual, electromechanical, or electronic temperature and humidity recording equipment, devices, or logs shall be utilized to document proper storage of prescription drugs.

17.11(3) Exception. The storage requirements of this rule do not apply to reverse distribution operations.

657—17.12 Reserved.

657—17.13(155A) Drugs in possession of representatives. If a wholesaler is supplying samples or other forms of prescription drugs to wholesale salespersons or manufacturers' representatives, the wholesaler shall be responsible for ensuring that those representatives maintain distribution records and maintain the drugs under appropriate security and storage conditions pursuant to the requirements of these rules.

657—17.14(155A) Examination of materials.

17.14(1) Receipt shipment. Upon receipt, each outside shipping container shall be visually examined for identity and to prevent the acceptance of contaminated prescription drugs or prescription drugs that are otherwise unfit for distribution. This examination shall be adequate to reveal container damage that would suggest possible contamination or other damage to the contents.

17.14(2) Outgoing shipment. Each outgoing shipment shall be carefully inspected for identity of the prescription drug products and to ensure that there is no delivery of prescription drugs that have been damaged in storage or held under improper conditions.

17.14(3) Type of inspection. Examination or inspection shall be completed in a manner to ensure the stated intent of this rule. Inspection may be completed by use of electronic surveillance or personal examination.

17.14(4) Authorized collection program. Substances, including controlled substances, collected through an authorized collection program shall not be examined, inspected, counted, sorted, inventoried, or otherwise handled.

[ARC 2408C, IAB 2/17/16, effective 3/23/16]

657—17.15(155A) Returned, damaged, and outdated prescription drugs.

17.15(1) Quarantine required. Prescription drugs that are outdated, damaged, deteriorated, misbranded, or adulterated shall be quarantined and physically separated from other prescription drugs until they are destroyed or returned to the supplier.

17.15(2) Seal opened. Any prescription drugs whose immediate or sealed outer or sealed secondary containers have been opened or used shall be identified as such and shall be quarantined and physically separated from other prescription drugs until they are either destroyed or returned to the supplier.

17.15(3) Drug safety, purity uncertain. Unless examination, testing, or other investigation proves that a drug meets appropriate standards of safety, identity, strength, quality, and purity, a prescription drug that has been returned under conditions that cast doubt on the drug's safety, identity, strength, quality, or purity shall be destroyed or returned to the supplier. In determining whether the conditions under which a drug has been returned cast doubt on the drug's safety, identity, strength, quality, or purity, the wholesaler shall consider, among other things, the conditions under which the drug has been held, stored, or shipped before or during its return and the conditions of the drug and its container, carton, or labeling as a result of storage or shipping.

17.15(4) Exception. The requirements of this rule do not apply to reverse distribution operations.

657—17.16(124,155A) Record keeping. Wholesalers shall establish and maintain inventories and records of all transactions regarding the receipt and distribution or other disposition of prescription drugs, including outdated, damaged, deteriorated, misbranded, or adulterated prescription drugs.

17.16(1) Transaction records. Transaction records shall include the following information:

a. The source of the drugs, including the name and principal address of the seller or transferor and the address of the location from which the drugs were shipped;

- b. The identity and quantity of the drugs received and distributed or disposed of;
- c. The dates of receipt and distribution or other disposition of the drugs; and
- d. If a distribution transaction, the recipient of the drugs, including the name and principal address of the purchaser or transferee and the address to which the drugs were shipped.

17.16(2) *Records maintained.* Inventories and records shall be made available for inspection and photocopying by any authorized official of the board or of any governmental agency charged with enforcement of these rules for a period of two years following disposition of the drugs. The annual inventory of controlled substances shall be maintained for a minimum of two years from the date of the inventory.

17.16(3) *Inspection of records.* Records described in this rule that are kept at the inspection site or that can be immediately retrieved by computer or other electronic means shall be readily available for authorized inspection during the retention period. Records kept at a central location apart from the inspection site and not electronically retrievable shall be available for inspection within two working days of a request by an authorized official of the board or of any governmental agency charged with enforcement of these rules.

17.16(4) *Confidentiality of patient information.* A wholesaler shall obtain and maintain patient-specific data only as necessary for the health and safety of the patient. Any patient-specific information in the possession of a wholesaler shall be maintained in compliance with the patient confidentiality and security requirements of rules 657—8.16(124,155A) and 657—21.2(124,155A).

17.16(5) *Authorized collection program.* A licensee that is authorized to administer a collection program shall maintain all records and inventories as required by 657—Chapter 10, this chapter, and federal regulations.

[ARC 8669B, IAB 4/7/10, effective 5/12/10; ARC 2408C, IAB 2/17/16, effective 3/23/16]

657—17.17(124,155A) *Compliance with federal, state, and local laws.* Wholesalers shall operate in compliance with applicable federal, state, and local laws, rules, and regulations.

17.17(1) *Access by authorized officials.* Wholesalers shall permit the board and authorized federal, state, and local law enforcement officials to enter and inspect their premises and delivery vehicles and to audit their records and written operating procedures, at reasonable times and in a reasonable manner, to the extent authorized by law. Such officials shall be required to show appropriate identification prior to being permitted access to wholesalers' premises and delivery vehicles.

17.17(2) *Controlled substance registrations.* Wholesalers that deal in controlled substances shall register with the appropriate state controlled substance authority and with the Drug Enforcement Administration (DEA) and shall comply with all applicable federal, state, and local laws, rules, and regulations.

657—17.18(155A) *Discipline.* Pursuant to 657—Chapters 35 and 36, the board may deny, suspend, or revoke a wholesale drug license for any violation of Iowa Code chapter 124, 124A, 124B, 126, 155A, or 205 or a rule of the board promulgated thereunder.

These rules are intended to implement Iowa Code sections 124.301 through 124.303, 124.306, 155A.4, and 155A.17.

CHAPTER 18
CENTRALIZED PRESCRIPTION FILLING AND PROCESSING

657—18.1(155A) Purpose and scope. The purpose of this chapter is to provide standards for centralized prescription drug order filling or centralized prescription processing by a pharmacy. Any facility established for the purpose of filling or processing prescription drug orders on behalf of other pharmacies shall be licensed as a pharmacy and shall hold all necessary registrations. A hospital pharmacy may participate in centralized prescription filling only of prescription drug orders for noncontrolled substances pursuant to these rules. A hospital pharmacy may engage in centralized prescription processing pursuant to the requirements of rule 657—7.7(155A). Except as specifically identified in the rules, the requirements of these rules for centralized prescription filling or centralized prescription processing are in addition to the requirements of 657—Chapters 6, 7, and 8, and other rules of the board relating to services provided by pharmacies.

657—18.2(155A) Definitions. For the purposes of this chapter, the following definitions shall apply:

“Central fill pharmacy” means a pharmacy contracting with an originating pharmacy, or having the same owner as an originating pharmacy, that provides centralized prescription drug order filling on behalf of the originating pharmacy pursuant to these rules.

“Centralized prescription drug order filling” or *“centralized filling”* means the filling of a prescription drug order by a pharmacy on behalf of another pharmacy. “Centralized filling” does not include the processing or dispensing of a prescription drug order but may include any of the following filling functions:

1. Receiving prescription drug orders from the originating pharmacy;
2. Interpreting or clarifying prescription drug orders;
3. Entering prescription drug order information into a pharmacy’s prescription record system;
4. Selecting, counting, and placing the prescribed drug into an appropriate prescription container;
5. Affixing the prescription label, including any auxiliary labels, to the prescription container;
6. Obtaining refill and substitution authorizations;
7. Verifying all filling processes performed by the central fill pharmacy.

“Centralized prescription drug order processing” or *“centralized processing”* means the processing of a prescription drug order by a pharmacy on behalf of another pharmacy. “Centralized processing” does not include the filling or dispensing of a prescription drug order but may include any of the following processing functions:

1. Interpreting or clarifying prescription drug orders;
2. Entering prescription drug order information into a pharmacy’s prescription record system;
3. Interpreting clinical data for prior authorization for dispensing;
4. Performing formulary-directed therapeutic interchange.

“Central processing pharmacy” means a pharmacy contracting with an originating pharmacy, or having the same owner as an originating pharmacy, that provides centralized prescription drug order processing on behalf of the originating pharmacy pursuant to these rules.

“DEA” means the U.S. Department of Justice, Drug Enforcement Administration.

“Dispense” means the delivery of a prescription drug or device to an ultimate user or the ultimate user’s agent by or pursuant to the lawful order of a practitioner. “Dispense” includes:

1. Receiving the prescription drug order from the patient, the patient’s agent, or the prescriber;
2. Delivering the filled prescription to the patient or the patient’s agent;
3. Providing drug information concerning a patient’s drug therapy;
4. Providing patient counseling;
5. Providing medication therapy management.

“Hospital” means a facility licensed pursuant to Iowa Code chapter 135B.

“Hospital pharmacy” means and includes a pharmacy licensed by the board and located within any hospital, health system, institution, or establishment which maintains and operates organized facilities

for the diagnosis, care, and treatment of human illnesses to which persons may or may not be admitted for overnight stay at the facility.

“Mail order pharmacy” means a pharmacy located within a United States jurisdiction whose primary business is to dispense a prescription drug or device pursuant to a valid prescription drug order and to deliver the drug or device to a patient, including a patient in this state, via the United States Postal Service, a common carrier, or a delivery service. *“Mail order pharmacy”* includes a pharmacy that does business via the Internet or other electronic media.

“Medication therapy management” means the review of drug therapy regimens of a patient by a pharmacist for the purpose of evaluating and rendering advice to a practitioner, or for the purpose of evaluating and modifying the drug regimen in accordance with a collaborative drug therapy management protocol pursuant to rule 657—8.34(155A).

“Originating pharmacy” means a pharmacy that receives a prescription drug order from a patient, the patient’s agent, or a prescriber, outsources prescription filling or processing functions to another pharmacy, and ultimately dispenses the prescription drug or device to the patient or the patient’s agent.

657—18.3(155A) General requirements.

18.3(1) Essential qualifications. An originating pharmacy may outsource prescription drug filling to a central fill pharmacy or prescription drug order processing to a central processing pharmacy provided the pharmacies:

a. Have the same owner or have entered into a written contract or agreement that outlines the services to be provided and the responsibilities and accountabilities of each pharmacy in compliance with federal and state laws, rules, and regulations; and

b. Share a common electronic file or have appropriate technology to allow access to sufficient information necessary or required to perform the contracted functions.

18.3(2) Legal compliance. An originating pharmacy, a central fill pharmacy, and a central processing pharmacy shall comply with all provisions applicable to the pharmacy contained in federal and state laws, rules, and regulations to the extent applicable for the specific filling or processing activity and these rules, including but not limited to the following:

a. Each pharmacy located within Iowa shall maintain Iowa pharmacy licensure and, if the pharmacy dispenses controlled substances, the pharmacy shall maintain DEA and Iowa controlled substances registrations.

b. Each pharmacy located outside Iowa shall maintain Iowa nonresident pharmacy licensure in addition to the licensure requirements of the pharmacy’s home state.

c. Each pharmacist providing centralized prescription drug order processing or filling functions as an employee or agent of a central processing or central fill pharmacy located within Iowa shall maintain active licensure to practice pharmacy in Iowa.

d. Pharmacies shall comply with Iowa board rules relating to the duties that must be performed by a pharmacist.

e. Pharmacies shall comply with Iowa requirements for supervision of pharmacy technicians and pharmacy support persons.

18.3(3) Originating pharmacy responsibility. Except as specifically provided by this subrule, the originating pharmacy shall be responsible for all dispensing functions as the term “dispense” is defined in rule 18.2(155A). An originating pharmacy contracting only for centralized filling shall retain responsibility for all processing functions, and an originating pharmacy contracting only for centralized processing shall retain responsibility for all filling functions.

a. A mail order pharmacy engaged in the centralized filling of prescription drug orders may deliver a filled prescription directly to the patient and shall not be required to return the filled prescription to the originating pharmacy.

b. A central fill or a central processing pharmacy that shares a common central processing unit with the originating pharmacy may perform prospective drug use review (DUR) pursuant to rule 657—8.21(155A). Only a pharmacist shall perform the DUR; the review shall not be delegated to a pharmacy technician, registered nurse, or other pharmacy support person. The pharmacist performing

the DUR shall document in the shared patient record all concerns, recommendations, observations, and comments resulting from that review. The pharmacist at the originating pharmacy shall utilize the DUR notes in counseling the patient pursuant to rule 657—6.14(155A).

18.3(4) Central fill label requirements. The label affixed to the prescription container filled by a central fill pharmacy on behalf of an originating pharmacy shall include the following:

- a. A unique identifier indicating that the prescription was filled at the central fill pharmacy;
- b. Serial number (a unique identification number of the prescription) as assigned by the originating pharmacy;
- c. The name, address, and telephone number of the originating pharmacy;
- d. The name of the patient or, if such drug is prescribed for an animal, the species of the animal and the name of its owner;
- e. The name of the prescribing practitioner;
- f. The date the prescription is filled by the central fill pharmacy;
- g. The directions or instructions for use, including precautions to be observed;
- h. Unless otherwise directed by the prescriber, the name, strength, and quantity of the drug dispensed.

(1) If a pharmacist selects an equivalent drug product for a brand name drug product prescribed by a practitioner, the prescription container label shall identify the generic drug and may identify the brand name drug for which the selection is made, such as “(generic name) Generic for (brand name product)”.

(2) If a pharmacist selects a brand name drug product for a generic drug product prescribed by a practitioner, the prescription container label shall identify the brand name drug product dispensed and may identify the generic drug product ordered by the prescriber, such as “(brand name product) for (generic name)”;

i. The initials or other unique identification of the pharmacist in the originating pharmacy who performed drug use review and transmitted the prescription drug order to the central fill pharmacy.

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—18.4 Reserved.

657—18.5(155A) Patient notification and authorization.

18.5(1) Prior notification and authorization. A pharmacy that outsources prescription drug order filling or prescription drug order processing to another pharmacy shall, prior to outsourcing a patient’s prescription:

a. Notify the patient or the patient’s agent that prescription filling or processing may be outsourced to another pharmacy.

b. Provide the name of the pharmacy that will be filling or processing the prescription or, if the pharmacy is part of a network of pharmacies under common ownership and any of the network pharmacies may fill or process the prescription, the patient shall be notified of this fact. Notification shall be provided through a notice to the patient or the patient’s agent by means of a sign prominently displayed in the originating pharmacy and through written notice provided to the patient or the patient’s agent prior to implementation of the program or upon commencement of services to a new patient, as applicable.

c. If a patient provides the originating pharmacy with notification that the patient no longer authorizes the originating pharmacy to outsource the patient’s prescription drug orders, the originating pharmacy shall discontinue outsourcing the filling or processing of the patient’s prescription drug orders.

18.5(2) Exception. The provisions of this rule do not apply to a patient in a facility, such as a hospital or long-term care facility, where Iowa law requires that drugs be administered to the patient by a health care professional.

657—18.6 to 18.9 Reserved.

657—18.10(155A) Policy and procedures.

18.10(1) Manual maintained. Pursuant to rule 657—8.3(155A), a policy and procedure manual relating to centralized filling or centralized processing activities shall be maintained at all pharmacies involved in centralized filling or centralized processing and shall be available for inspection and copying by the board or an agent of the board.

18.10(2) Manual contents. The manual shall:

- a. Outline the responsibilities of each of the pharmacies;
 - b. Include a list of the names, addresses, telephone numbers, and all license and registration numbers of the pharmacies involved in centralized filling or centralized processing;
 - c. Include evidence that all licenses and registrations have been verified to be current and in good standing, identifying the individual verifying license and registration status and the method used to verify status; and
 - d. Include, but not necessarily be limited to, policies and procedures for:
 - (1) Protecting the confidentiality and integrity of patient information;
 - (2) Protecting each patient's freedom of choice of pharmacy services;
 - (3) Maintaining appropriate records to identify the name, the initials or unique identification code, and the specific activities of each pharmacist or pharmacy technician who performed any centralized filling or centralized processing function;
 - (4) Complying with federal and state laws, rules, and regulations;
 - (5) Operating a continuous quality improvement program for pharmacy services designed to objectively and systematically monitor and evaluate the quality and appropriateness of patient care, pursue opportunities to improve patient care, and resolve identified problems; and
 - (6) Reviewing, at least annually, the written policies and procedures and documenting that review.
- [ARC 1961C, IAB 4/15/15, effective 5/20/15]

657—18.11 to 18.14 Reserved.

657—18.15(155A) Records. Central fill or central processing pharmacies shall maintain appropriate records that identify, by prescription drug order, the name and initials or unique identification code of each pharmacist or pharmacy technician who performs a centralized filling or centralized processing function for a prescription drug order. Originating pharmacies shall maintain appropriate records that identify, by prescription drug order, the name and initials or unique identification code of the pharmacist who performed drug use review and the pharmacist who transmitted the prescription drug order to the central fill or central processing pharmacy. These records may be maintained separately by each pharmacy or in a common electronic file as long as the data processing system is capable of producing a printout that lists the functions performed by each pharmacy and pharmacist or technician and identifies the pharmacist or technician who performed each function.

These rules are intended to implement Iowa Code sections 124.301, 124.306, 124.308, 155A.13, and 155A.28.

CHAPTER 19
NONRESIDENT PHARMACY PRACTICE

657—19.1(155A) Definitions.

“*Board*” means the Iowa board of pharmacy.

“*FDA*” means the United States Food and Drug Administration.

“*Home state*” means the state in which a pharmacy is located.

“*Nonresident pharmacy*” means a pharmacy, including an Internet-based pharmacy, located outside the state of Iowa that delivers, dispenses, or distributes, by any method, prescription drugs, devices, or pharmacy services to an ultimate user physically located in this state.

“*Nonresident pharmacy license*” means a pharmacy license issued to a nonresident pharmacy.

“*Pharmacy services*” includes, but is not limited to, nonproduct services provided by an Iowa-licensed pharmacist or a pharmacist practicing at an Iowa-licensed nonresident pharmacy, such as patient counseling and drug information, pharmaceutical care, and assessment of health risks.

“*Registered pharmacist in charge*” means the pharmacist in charge at the nonresident pharmacy who is registered with the board and is legally responsible for the operation of the nonresident pharmacy with respect to the provision of prescription drugs, devices, or pharmacy services to patients located in Iowa. [ARC 3237C, IAB 8/2/17, effective 9/6/17]

657—19.2(155A) Nonresident pharmacy license. A nonresident pharmacy shall apply for and obtain, pursuant to provisions of rule 657—8.35(155A), a nonresident pharmacy license from the board prior to providing prescription drugs, devices, or pharmacy services to an ultimate user in this state. All requirements of rule 657—8.35(155A) regarding licensure are applicable to nonresident pharmacies unless otherwise provided in this rule. Any pharmacy that dispenses controlled substances to Iowa residents shall also register pursuant to 657—Chapter 10.

19.2(1) Inspection requirements. In lieu of the inspection requirement identified in 657—subrule 8.35(5), a nonresident pharmacy submitting any application for licensure, except when related to a change in location, shall submit with its application and fee an inspection report that satisfies the following requirements:

- a. Less than two years have passed since the date of the inspection and the inspection report is the most recent inspection report available that satisfies the requirements of these rules.
- b. The inspection occurred while the pharmacy was in operation. An inspection prior to the initial opening of the pharmacy shall not satisfy this requirement.
- c. The inspection report addresses all aspects of the pharmacy’s business that will be utilized in Iowa.
- d. The inspection was performed by or on behalf of the home state licensing authority, if available.

19.2(2) Qualified inspector. If the home state licensing authority has not conducted an inspection satisfying the inspection requirements, the nonresident pharmacy shall submit an inspection report issued by one of the following:

- a. The verified pharmacy program offered by the National Association of Boards of Pharmacy®.
- b. Another qualified entity if the entity is preapproved by the board.
- c. An authorized agent of the board. The board may recover from a nonresident pharmacy, prior to the issuance of a nonresident pharmacy license, the costs associated with conducting an inspection.

19.2(3) Corrective action. The nonresident pharmacy shall submit evidence of corrective action taken to satisfy any deficiency identified in the inspection report and of compliance with all legal directives of the home state licensing authority.

19.2(4) Nonresident pharmacy license changes. A nonresident pharmacy shall submit a completed application and fee pursuant to 657—subrule 8.35(6) except as provided in this rule.

- a. *Name.* A change of the pharmacy name which is provided to patients shall require submission of a pharmacy license application and fee within ten days after issuance by the home state regulatory authority of a license bearing the new name.

b. Location. A change of pharmacy location shall require submission of a pharmacy license application, with the exception of the inspection requirements pursuant to subrule 19.2(1), and fee within ten days after issuance by the home state regulatory authority of a license bearing the new address.

c. Pharmacist in charge. A change in the pharmacist in charge shall require submission of a pharmacy license application and fee within ten days of the identification of a permanent pharmacist in charge pursuant to 657—subrule 8.35(6). If a temporary pharmacist in charge is identified, written notification shall be provided to the board pursuant to 657—paragraph 8.35(6)“c.” The temporary pharmacist in charge shall not be required to be registered pursuant to rule 657—19.3(155A).

19.2(5) Closing pharmacy or discontinuation of services. If a nonresident pharmacy is closing, the pharmacy shall comply with the requirements in 657—subrule 8.35(7). If a nonresident pharmacy is discontinuing provision of pharmacy services to Iowa, but not closing, the pharmacy shall comply with the requirements in the introductory paragraph of 657—subrule 8.35(7) as it relates to transferring patient records to another Iowa-licensed pharmacy and 657—paragraphs 8.35(7)“b” and “d.” The notice requirements of this rule shall not apply in the case of a board-approved emergency or unforeseeable closure, including but not limited to emergency board action, foreclosure, fire, or natural disaster. The nonresident pharmacy shall return to the board the nonresident pharmacy license certificate and, if registered, the Iowa controlled substances Act registration certificate within ten days following the closure or discontinuation of service.

[ARC 3237C, IAB 8/2/17, effective 9/6/17]

657—19.3(155A) Registered pharmacist in charge. The permanent pharmacist in charge of the nonresident pharmacy shall be designated as such on the nonresident pharmacy license application. Beginning January 1, 2018, the pharmacist in charge shall be registered with the board. The pharmacist in charge shall submit a completed application and a registration fee of \$75. The registration shall expire on December 31 following the date of issuance of the registration. An initial registration issued between November 1 and December 31 shall not require renewal until the following calendar year.

19.3(1) Registered pharmacist in charge application. The pharmacist in charge of an Iowa-licensed nonresident pharmacy who is not currently actively licensed to practice pharmacy in Iowa shall be registered with the board. The pharmacist in charge shall submit to the board an application that includes the following information:

- a.* The pharmacist’s name and contact information.
- b.* The pharmacist’s license or registration number in the state in which the nonresident pharmacy is located.
- c.* The pharmacist’s current place of employment.
- d.* Verification that the pharmacist’s license in the state in which the nonresident pharmacy is located is current and in good standing.
- e.* Documentation that the applicant has successfully completed the most current educational training module approved by the board regarding the board’s rules as they relate to nonresident pharmacy practice.
- f.* Criminal and disciplinary history information.

19.3(2) Registration changes and voluntary cancellation. A registered pharmacist in charge of a nonresident pharmacy shall notify the board in writing within ten days of any change of information included on the registration application, including the pharmacist’s name, contact information, home state license or registration information or status, and place of employment. If a registered pharmacist in charge ceases to be the pharmacist in charge of an Iowa-licensed nonresident pharmacy, the pharmacist may voluntarily request that the registration be canceled and the pharmacist shall not be subject to the inactive registration and reactivation procedure as identified in paragraph 19.3(3)“b.”

19.3(3) Registration renewal. The registration of a pharmacist in charge at a nonresident pharmacy shall be renewed or canceled prior to January 1 of each year. The pharmacist in charge shall submit a completed application and fee as required in this rule.

a. Delinquent registration grace period. If the registration of a pharmacist in charge has not been renewed or canceled prior to expiration, but the pharmacist is in the process of renewing the registration, the registration becomes delinquent on January 1. A pharmacist in charge who submits a completed registration renewal application, application fee, and late penalty fee of \$75 postmarked or delivered to the board office by January 31 shall not be subject to disciplinary action for continuing to serve as pharmacist in charge without a current registration in the month of January.

b. Delinquent license reactivation beyond grace period. If the registration of a pharmacist in charge has not been renewed prior to the expiration of the one-month grace period identified in paragraph 19.3(3)“a,” the nonresident pharmacy may not continue to provide services to Iowa patients. A nonresident pharmacy that continues to provide services to Iowa patients without a currently registered pharmacist in charge may be subject to disciplinary sanctions. A pharmacist in charge without a current registration may apply for reactivation by submitting a registration application for reactivation and a \$300 reactivation fee. As part of the reactivation application, the nonresident pharmacy shall disclose the services, if any, that were provided to Iowa patients while the registration of the pharmacist in charge was delinquent.

[ARC 3237C, IAB 8/2/17, effective 9/6/17]

657—19.4(124,155A) Applicability of board rules. A nonresident pharmacy shall comply with all requirements of this chapter, 657—Chapter 8, and any other board rules relating to the services that are provided by the pharmacy to patients in Iowa.

19.4(1) Type of pharmacy practice. A nonresident pharmacy, based on the principal type of pharmacy practice, shall comply with board rules as follows:

a. A “general pharmacy” as described in rule 657—6.1(155A) shall comply with all requirements of 657—Chapter 6.

b. A “hospital pharmacy” as described in rule 657—7.1(155A), excepting licensure pursuant to Iowa Code chapter 135B, shall comply with all requirements of 657—Chapter 7.

c. A “limited use pharmacy” as described in 657—subrule 8.35(2) shall comply with all requirements of the limited use pharmacy practice.

d. An “outsourcing facility” as described in rule 657—41.2(155A) shall comply with all requirements of 657—Chapters 41 and 20.

19.4(2) Controlled substances. A nonresident pharmacy providing prescription drugs identified as controlled substances under Iowa Code chapter 124 shall register with the board and comply with all requirements of 657—Chapter 10.

19.4(3) Compounding. A nonresident pharmacy engaged in the compounding of drug products as defined in rule 657—20.2(124,126,155A) shall comply with all requirements of 657—Chapter 20.

19.4(4) Long-term care services. A nonresident pharmacy providing services to Iowa patients in a long-term care facility as defined in 657—Chapter 23 shall comply with all requirements of 657—Chapters 22 and 23.

19.4(5) Electronic data. A nonresident pharmacy utilizing any electronic data processing or transmission devices or services shall comply with all requirements of 657—Chapter 21.

[ARC 3237C, IAB 8/2/17, effective 9/6/17]

657—19.5 and 19.6 Reserved.

657—19.7(155A) Confidential data. Pursuant to rule 657—8.3(155A), each nonresident pharmacy shall have policies and procedures to ensure patient confidentiality and to protect patient identity and patient-specific information from inappropriate or nonessential access, use, or distribution pursuant to the requirements of rule 657—8.16(124,155A).

[ARC 3237C, IAB 8/2/17, effective 9/6/17]

657—19.8(124,155A) Storage and shipment of drugs and devices. Pursuant to rule 657—8.3(155A), each nonresident pharmacy shall have policies and procedures to ensure compliance with rules 657—8.7(155A) and 657—8.15(155A). Policies and procedures shall provide for the shipment of

controlled substances via a secure and traceable method, and all records of such shipment and delivery to Iowa patients shall be maintained for a minimum of two years from the date of delivery.

[ARC 3237C, IAB 8/2/17, effective 9/6/17]

657—19.9(155A) Patient record system, prospective drug use review, and patient counseling.

19.9(1) Patient record system. A patient record system shall be maintained pursuant to rule 657—6.13(155A) for Iowa patients for whom prescription drug orders are dispensed.

19.9(2) Prospective drug use review. A pharmacist shall, pursuant to the requirements of rule 657—8.21(155A), review the patient record and each prescription drug order before dispensing.

19.9(3) Patient counseling. Pursuant to rule 657—8.3(155A), each nonresident pharmacy shall have policies and procedures to ensure that Iowa patients receive appropriate counseling pursuant to the requirements of rule 657—6.14(155A).

[ARC 3237C, IAB 8/2/17, effective 9/6/17]

657—19.10(155A) Reporting discipline and criminal convictions. A nonresident pharmacy or registered pharmacist in charge shall provide notice to the board of any discipline imposed by any licensing authority on any license or registration held by the pharmacy or pharmacist in charge no later than 30 days after the final action. Discipline may include, but is not limited to, fine or civil penalty, citation or reprimand, probationary period, suspension, revocation, and voluntary surrender. A nonresident pharmacy or pharmacist in charge shall provide written notice to the board of any criminal conviction of the pharmacy, of any pharmacy owner, or of the pharmacist in charge that is related to prescription drugs or related to the operation of the pharmacy no later than 30 days after the conviction. The term “criminal conviction” includes instances when the judgment of conviction or sentence is deferred.

[ARC 3237C, IAB 8/2/17, effective 9/6/17]

657—19.11(155A) Discipline. Pursuant to 657—Chapter 36, the board may fine, suspend, revoke, or impose other disciplinary sanctions on a nonresident pharmacy license or pharmacist in charge registration for any of the following:

1. Any violation of the Federal Food, Drug, and Cosmetic Act or federal regulations promulgated under the Act. A warning letter issued by the FDA shall be conclusive evidence of a violation.

2. Any conviction of a crime related to prescription drugs or the practice of pharmacy committed by the nonresident pharmacy, pharmacist in charge, or individual owner, or if the pharmacy is an association, joint stock company, partnership, or corporation, by any managing officer.

3. Refusal of access to the pharmacy or pharmacy records to an agent of the board for the purpose of conducting an inspection or investigation.

4. Employing or continuing to employ a pharmacist in charge without a current and active registration pursuant to rule 657—19.3(155A).

5. Any violation of Iowa Code chapter 124, 124A, 124B, 126, 155A, or 205 or any rule of the board.

[ARC 3237C, IAB 8/2/17, effective 9/6/17]

These rules are intended to implement Iowa Code sections 124.301, 124.306, 155A.13, 155A.13A, 155A.13C, 155A.19, and 155A.35.

[Filed 3/12/92, Notice 1/8/92—published 4/1/92, effective 5/6/92]

[Filed 11/30/94, Notice 10/12/94—published 12/21/94, effective 1/25/95]

[Filed 2/27/97, Notice 1/1/97—published 3/26/97, effective 4/30/97]

CHAPTER 20
COMPOUNDING PRACTICES

657—20.1(124,126,155A) Purpose and scope. The requirements of this chapter apply to compounded preparations that are dispensed, distributed, or administered to an ultimate user in the state of Iowa, regardless of the location of the pharmacy or outsourcing facility where the preparation was compounded. This chapter applies to compounded preparations intended for humans and animals. In addition to the requirements in this chapter, all pharmacies and outsourcing facilities engaged in compounding shall comply with all applicable federal laws and regulations governing compounding and all applicable state laws, rules and regulations governing the practice of pharmacy. In the event the requirements in this chapter directly conflict with any federal law or regulation, the federal law or regulation shall supersede the requirements in this chapter. The requirements of 657—Chapter 16 apply to the compounding of radiopharmaceuticals. The requirements of 657—Chapter 41 apply to outsourcing facilities.

[ARC 2194C, IAB 10/14/15, effective 11/18/15; ARC 3238C, IAB 8/2/17, effective 9/6/17]

657—20.2(124,126,155A) Definitions. For purposes of this chapter, the following definitions apply:

“*Anticipatory compounding*” means the compounding of preparations in advance of the pharmacy’s receipt of patient-specific prescriptions.

“*Batch preparation compounding*” means anticipatory compounding, compounding preparations intended for multiple disbursements, or compounding preparations in a multiple-dose container for administration to more than one patient.

“*Beyond-use date*” means the date after which a compounded preparation should not be used, determined from the date that the preparation is compounded.

“*Bulk drug substance*” means any substance that is represented for use in a drug and that, when used in the manufacturing, processing, or packaging of a drug, becomes an active ingredient or a finished dosage form of the drug. The term does not include intermediates used in the synthesis of such substances.

“*Compounding*” means the combining, mixing, diluting, pooling, flavoring, or otherwise altering of a drug or bulk drug substance to create a drug. Compounding includes the preparation of drugs or devices in which all bulk drug substances and components are nonprescription products. Compounding does not include the use of a flavoring agent to flavor a drug pursuant to rule 657—20.13(124,126,155A), nor does it include mixing or reconstituting a drug according to the product’s manufacturer label.

“*FDA*” means the Food and Drug Administration of the U.S. Department of Health and Human Services.

“*Flavoring agent*” means a therapeutically inert, nonallergenic substance consisting of inactive ingredients that is added to a drug to improve the drug’s taste and palatability.

“*Office use*” means that a compounded product has been prepared and distributed to a practitioner for administration to a patient by the practitioner in the course of the practitioner’s professional practice. A compounded product distributed to a practitioner for “office use” shall not require a patient-specific prescription and may not be further distributed to another practitioner or dispensed to a patient for self-administration.

“*Outsourcing facility*” or “*facility*” means any compounding facility that is registered as an outsourcing facility, as defined in 21 U.S.C. Section 353b, that distributes sterile compounded human drug products without a patient-specific prescription to an authorized agent or practitioner in this state.

“*USP*” means United States Pharmacopeia.

[ARC 2194C, IAB 10/14/15, effective 11/18/15; ARC 2559C, IAB 6/8/16, effective 7/13/16; ARC 3238C, IAB 8/2/17, effective 9/6/17]

657—20.3(124,126,155A) Nonsterile compounding. Iowa-licensed pharmacies that compound nonsterile preparations for ultimate users in the state of Iowa shall follow the current revision of USP Chapter 795 standards. Additional USP chapters incorporated by reference into USP Chapter 795 shall also be followed.

[ARC 2194C, IAB 10/14/15, effective 11/18/15]

657—20.4(124,126,155A) Sterile compounding. Iowa-licensed pharmacies that compound sterile preparations for ultimate users in the state of Iowa shall follow the current revision of USP Chapter 797 standards. Additional USP chapters incorporated by reference into USP Chapter 797 shall also be followed.

[ARC 2194C, IAB 10/14/15, effective 11/18/15]

657—20.5(126,155A) Delayed compliance. A pharmacy that cannot meet the requirements for full compliance with these rules, including applicable USP chapters, and that has not obtained from the board a waiver of the specific requirement or requirements shall not engage in compounding until the pharmacy is in full compliance with all requirements or the board has approved a waiver of the specific requirement or requirements.

[ARC 2194C, IAB 10/14/15, effective 11/18/15; ARC 3238C, IAB 8/2/17, effective 9/6/17]

657—20.6(126,155A) Compounding standards for outsourcing facilities. An FDA-registered outsourcing facility shall be properly licensed in Iowa pursuant to 657—Chapter 41 and shall follow the FDA's current good manufacturing practices (cGMPs) for outsourcing facilities when compounding preparations for use in Iowa.

[ARC 2194C, IAB 10/14/15, effective 11/18/15; ARC 3238C, IAB 8/2/17, effective 9/6/17]

657—20.7 and 20.8 Reserved.

657—20.9(124,155A) Prescriber/patient/pharmacist relationship. All compounded preparations shall be dispensed pursuant to a patient-specific prescription unless the compounded preparation is distributed pursuant to rule 657—20.15(124,126,155A) or 657—20.16(124,126,155A). A prescription for a compounded preparation shall be authorized by the prescriber for a specific patient. Prescriptions for all compounded preparations shall be maintained on file at the dispensing pharmacy.

[ARC 2194C, IAB 10/14/15, effective 11/18/15]

657—20.10(126,155A) Anticipatory compounding.

20.10(1) Outsourcing facilities. Outsourcing facilities are authorized to engage in anticipatory compounding. Outsourcing facilities are not required to obtain patient-specific prescriptions in order to distribute compounded preparations.

20.10(2) Pharmacies. Pharmacies may engage in anticipatory compounding only if the anticipatory compounding is based on a history of receiving valid prescriptions generated solely within an established prescriber/patient/pharmacist relationship, so long as each compounded preparation is dispensed pursuant to a patient-specific prescription.

[ARC 2194C, IAB 10/14/15, effective 11/18/15]

657—20.11(126,155A) Prohibition on resale of compounded preparations. The sale of compounded preparations to other pharmacies, prescribers, or entities, except as explicitly authorized by this chapter, is considered manufacturing.

[ARC 2194C, IAB 10/14/15, effective 11/18/15; ARC 3238C, IAB 8/2/17, effective 9/6/17]

657—20.12(126,155A) Compounding copies of an approved drug. A pharmacy or outsourcing facility may only compound preparations that are essentially copies of approved drugs if the compounded preparation is changed to produce for an individual patient a clinically significant difference to meet a medical need as determined and authorized by the prescriber. A pharmacy or outsourcing facility may compound a preparation that is essentially a copy of an approved drug if the approved drug is identified as currently in shortage on the FDA drug shortages database published on the FDA Web site, <http://www.accessdata.fda.gov/scripts/drugshortages/default.cfm>.

20.12(1) Essentially a copy. The board may consider the existence of the following factors as an indication that a compounded preparation is essentially a copy of an approved drug:

a. The compounded preparation has the same active pharmaceutical ingredient(s) as the commercially available drug product;

b. The active pharmaceutical ingredient(s) has the same, similar, or an easily substitutable dosage strength; and

c. The commercially available drug product can be used by the same route of administration as prescribed for the compounded preparation.

20.12(2) Clinically significant difference. The prescription for a compounded preparation that is essentially a copy of an approved drug shall clearly indicate the relevant change and the significant clinical difference produced for the patient. A prescription that identifies only a patient name and compounded preparation formulation is insufficient documentation for a pharmacy or outsourcing facility to rely upon to conclude that the prescriber made a determination regarding a clinically significant difference.

[ARC 2194C, IAB 10/14/15, effective 11/18/15; ARC 3238C, IAB 8/2/17, effective 9/6/17]

657—20.13(124,126,155A) Use of flavoring agents. A flavoring agent may be added to a drug at the discretion of the pharmacist or upon the request of the prescriber, the patient, or the patient's agent. The pharmacist may add flavoring agents not to exceed 5 percent of the total volume of the drug to which the flavoring agents are added. The pharmacist shall label the flavored drug with a beyond-use date no greater than 14 days past the date the flavoring agent is added if the drug is required to be stored in a refrigerator. A different beyond-use date or alternate storage conditions may be indicated if such variation is supported by peer-reviewed medical literature. The pharmacist shall electronically or manually document that a flavoring agent was added to a drug, and such documentation shall be made available for inspection and copying upon the request of the board or an agent of the board.

[ARC 2194C, IAB 10/14/15, effective 11/18/15]

657—20.14 Reserved.

657—20.15(124,126,155A) Compounding for office use.

20.15(1) Human compounded preparations. Only an FDA-registered outsourcing facility properly licensed in Iowa pursuant to 657—Chapter 41 may distribute to a practitioner for office use human compounded preparations without a patient-specific prescription.

20.15(2) Veterinary compounded preparations. Veterinary compounded preparations may be sold to a practitioner for office use if the preparations are compounded by an Iowa-licensed pharmacy or outsourcing facility and sold directly to the practitioner by the pharmacy or outsourcing facility.

20.15(3) Office use. Compounded preparations distributed for office use pursuant to subrule 20.15(1) or 20.15(2) and in accordance with the labeling requirements of subrule 20.15(4) do not require a patient-specific prescription but do require that the compounded preparation be administered to a patient in the course of the practitioner's professional practice. Compounded preparations distributed for office use pursuant to this rule shall not be further distributed to other practitioners or dispensed to a patient for self-administration.

20.15(4) Labeling. Compounded preparations for office use, in addition to the labeling requirements specified in rule 657—20.19(124,126,155A), shall include on the prescription label the practitioner's name in place of the patient's name. The label shall state "For Office Use Only—Not for Resale." If the sterility or integrity of the compounded preparation cannot be maintained after the initial opening of the container, the label shall state "Single-Dose Only."

[ARC 2194C, IAB 10/14/15, effective 11/18/15; ARC 2559C, IAB 6/8/16, effective 7/13/16; ARC 3238C, IAB 8/2/17, effective 9/6/17]

657—20.16(124,126,155A) Compounding for hospital use. Compounded preparations distributed or dispensed to a hospital or hospital pharmacy pursuant to this rule shall be administered to an individual patient in the hospital.

20.16(1) By an FDA-registered outsourcing facility. Only an FDA-registered outsourcing facility properly licensed in Iowa pursuant to 657—Chapter 41 may distribute human compounded preparations to a hospital or hospital pharmacy in the absence of a patient-specific prescription. The compounded preparation shall be labeled in compliance with subrule 20.19(3).

20.16(2) *By a pharmacy that is not an FDA-registered outsourcing facility.* Human compounded preparations that are not compounded at an FDA-registered outsourcing facility may be dispensed to a hospital or hospital pharmacy by an Iowa-licensed pharmacy pursuant to a prescriber's authorization for administration to a specific patient. The compounded preparation shall be labeled in compliance with subrule 20.19(2).
[ARC 2194C, IAB 10/14/15, effective 11/18/15; ARC 3238C, IAB 8/2/17, effective 9/6/17]

657—20.17 and 20.18 Reserved.

657—20.19(124,126,155A) Labeling. The label, or attached auxiliary labeling if necessary, affixed to the container of any compounded preparation dispensed or distributed into or within Iowa shall contain at least the information identified in one of the following subrules, as applicable.

20.19(1) General pharmacy or outpatient dispensing. The label shall meet the labeling requirements of 657—subrule 6.10(1) and shall include the following additional information:

- a. The name and concentration of each active ingredient.
- b. The date that the preparation was compounded.
- c. The beyond-use date of the compounded preparation.
- d. Special storage and handling instructions, if applicable.
- e. The statement “COMPOUNDED PREPARATION” or a reasonable comparable alternative statement that prominently identifies the drug as a compounded preparation.
- f. If the compounded preparation is sterile, the word “STERILE.”
- g. If the compounded preparation was prepared from batch preparation compounding, the batch identification or control number.

20.19(2) Hospital pharmacy or inpatient administration. The label shall meet the labeling requirements of 657—subrule 22.1(3) and shall include the following additional information:

- a. The name and concentration of each active ingredient.
- b. The date that the preparation was compounded.
- c. The beyond-use date of the compounded preparation.
- d. If the compounded preparation was prepared from batch preparation compounding, the batch identification or control number.
- e. Special storage and handling instructions, if applicable.

20.19(3) Outsourcing facility distribution or dispensing. The label, or auxiliary labeling if necessary, shall include the following information:

- a. The statement “THIS IS A COMPOUNDED DRUG” or a reasonable comparable alternative statement that prominently identifies the drug as a compounded preparation.
- b. The name, address, and telephone number of the outsourcing facility that compounded the preparation.
- c. The established name of the preparation.
- d. The dosage form and strength.
- e. The quantity of the preparation.
- f. The date that the preparation was compounded.
- g. The beyond-use date of the compounded preparation.
- h. Storage and handling instructions.
- i. The lot or batch identification or control number.
- j. The national drug code number, if available.
- k. The statement “Not for resale” and, if the preparation is dispensed or distributed other than pursuant to a patient-specific prescription, the statement “OFFICE USE ONLY.”
- l. The following additional information, which can be included on the labeling of a container (such as a plastic bag containing individual product syringes) from which individual units of the drug are removed for dispensing or for administration if there is not space on the label for such information:
 - (1) Directions for use including, as appropriate, dosage and administration;

(2) A list of the active and inactive ingredients, identified by established name and quantity or proportion of each ingredient;

(3) FDA contact information (www.fda.gov/medwatch and 1-800-FDA-1088 or successor Web site or telephone number) to facilitate adverse event reporting.

m. If the preparation is compounded pursuant to a prescription for a specific patient, the label shall also include the label requirements in 657—subrule 6.10(1).

n. If the preparation is compounded for office use, the label shall also include the label requirements in subrule 20.15(4).

[ARC 2194C, IAB 10/14/15, effective 11/18/15; ARC 3238C, IAB 8/2/17, effective 9/6/17]

657—20.20(126,155A) Labeling for batch preparation compounding. Compounded preparations resulting from batch preparation compounding shall be labeled with the following information until such time as the preparations are labeled pursuant to rule 657—20.19(124,126,155A) for distribution to hospitals or practitioners or for dispensing or administration to patients:

1. The date that the preparation was compounded.
2. Compounded preparation name or formula.
3. Dosage form.
4. Strength.
5. Quantity per container.
6. Unique internal batch identification or control number.
7. Beyond-use date.
8. Special storage and handling instructions, if applicable.

[ARC 2194C, IAB 10/14/15, effective 11/18/15]

657—20.21 and 20.22 Reserved.

657—20.23(124,126,155A) Records. All records required by this chapter shall be retained as original records of the pharmacy or outsourcing facility and shall be readily available for inspection and photocopying by agents of the board or other authorized authorities for at least two years following the date of the record. Records shall allow for the identification of all ingredients used in compounding, all personnel involved in compounding, and all personnel involved in reviewing compounded preparations. The pharmacy or outsourcing facility shall maintain records documenting the disbursements from each batch of a compounded preparation.

[ARC 2194C, IAB 10/14/15, effective 11/18/15]

These rules are intended to implement Iowa Code sections 124.302, 124.303, 124.306, 124.308, 124.501, 126.9, 126.10, 126.18, 155A.2, 155A.13, 155A.13C, 155A.28, 155A.33, and 155A.35.

CHAPTER 21
ELECTRONIC DATA IN PHARMACY PRACTICE

657—21.1(124,155A) Definitions. For the purpose of this chapter, the following definitions shall apply:

“*Application service provider*” means an entity that sells electronic prescription or pharmacy prescription applications as a hosted service where the entity controls access to the application and maintains the software and records on its servers.

“*DEA*” means the U.S. Department of Justice, Drug Enforcement Administration.

“*Electronically prepared prescription*” means a prescription that is generated utilizing an electronic prescription application.

“*Electronic prescription*” means an electronically prepared prescription that is authorized and transmitted from the prescriber to the pharmacy by means of electronic transmission.

“*Electronic prescription application*” means software that is used to create electronic prescriptions and that is intended to be installed on a prescriber’s computers and servers where access and records are controlled by the prescriber.

“*Electronic signature*” means a confidential personalized digital key, code, number, or other method used for secure electronic data transmissions which identifies a particular person as the source of the message, authenticates the signatory of the message, and indicates the person’s approval of the information contained in the transmission.

“*Electronic transmission*” means the transmission of an electronic prescription, formatted as an electronic data file, from a prescriber’s electronic prescription application to a pharmacy’s computer, where the data file is imported into the pharmacy prescription application.

“*Facsimile transmission*” or “*fax transmission*” means the transmission of a digital image of a prescription from the prescriber or the prescriber’s agent to the pharmacy. “Facsimile transmission” includes but is not limited to transmission of a written prescription between the prescriber’s fax machine and the pharmacy’s fax machine; transmission of an electronically prepared prescription from the prescriber’s electronic prescription application to the pharmacy’s fax machine, computer, or printer; or transmission of an electronically prepared prescription from the prescriber’s fax machine to the pharmacy’s fax machine, computer, or printer.

“*Intermediary*” means any technology system that receives and transmits an electronic prescription between the prescriber and the pharmacy.

“*Pharmacy prescription application*” means software that is used to process prescription information, is installed on a pharmacy’s computers or servers, and is controlled by the pharmacy.

“*Prescription drug order*” or “*prescription*” means a lawful order of a practitioner for a drug or device for a specific patient that is communicated to a pharmacy, regardless of whether the communication is oral, electronic, facsimile, or in printed form.

“*Readily retrievable*” means that records kept by automatic data processing applications or other electronic or mechanized record-keeping systems can be separated out from all other records within a reasonable time not to exceed 48 hours of a request from the board or other authorized agent or that hard-copy records are kept on which certain items are asterisked, redlined, or in some other manner visually identifiable apart from other items appearing on the records.

“*Written prescription*” means a prescription that is created on paper, a prescription that is electronically prepared and printed, or a prescription that is electronically prepared and transmitted from the prescriber’s electronic device to a pharmacy via facsimile. A written prescription for a controlled substance shall be manually signed by the prescriber in compliance with federal and state laws, rules, and regulations.

[ARC 9912B, IAB 12/14/11, effective 1/18/12]

657—21.2(124,155A) System security and safeguards. To maintain the integrity and confidentiality of patient records and prescription drug orders, any system or computer utilized shall have adequate security including system safeguards designed to prevent and detect unauthorized access, modification, or manipulation of patient records and prescription drug orders. Authentication credentials shall be

securely maintained by the individual to whom the credentials are issued and shall not be shared with or disclosed to any other individual. Once a drug or device has been dispensed, any alterations in either the prescription drug order data or the patient record shall be documented and shall include the identification of all pharmacy personnel who were involved in making the alteration as well as the responsible pharmacist. A pharmacy prescription application used for the receipt and processing of electronic transmissions from a prescriber's electronic prescription application shall comply with DEA requirements relating to electronic prescriptions and shall be certified compliant with DEA regulations. [ARC 9912B, IAB 12/14/11, effective 1/18/12]

657—21.3(124,155A) Verifying authenticity of an electronically prepared or electronically or fax transmitted prescription. The pharmacist shall ensure the validity of the prescription as to its source of origin.

21.3(1) Authentication measures. Measures to be considered in authenticating prescription drug orders received via electronic transmission or fax transmission, or signed utilizing an electronic signature include but may not be limited to:

- a. Maintenance of a practitioner number reference or electronic signature file.
- b. Verification of the telephone number of the originating facsimile equipment or oral communication device.
- c. Telephone verification with the practitioner's office that the prescription was both issued by the practitioner and transmitted by the practitioner or the practitioner's authorized agent.
- d. Use of authentication processes approved by the DEA for controlled substances prescriptions.
- e. Other efforts which, in the professional judgment of the pharmacist, may be necessary to ensure that the transmission was initiated by the prescriber.

21.3(2) Prescription originally electronically transmitted. When a pharmacist receives a written or oral prescription that indicates the prescription was originally electronically transmitted to a pharmacy, the pharmacist shall check with the pharmacy to which the prescription was originally electronically transmitted to determine whether the prescription was received and dispensed.

a. If the pharmacy that received the original electronic prescription dispensed the original prescription, the pharmacist receiving the written prescription shall mark the written prescription as void and shall not dispense the written prescription.

b. If the pharmacy that received the original electronic prescription has not dispensed the prescription, the pharmacy receiving the original electronic prescription shall mark the electronic prescription as void and shall not dispense the electronic prescription. The pharmacy that received the written or oral prescription shall dispense the prescription.

[ARC 9912B, IAB 12/14/11, effective 1/18/12]

657—21.4(124,155A) Automated data processing system. An automated data processing system may be used, subject to the requirements contained in this rule, for the storage and retrieval of original and refill information for prescription orders.

21.4(1) On-line retrieval of prescription information. Any computerized system shall provide on-line retrieval (via CRT display and hard-copy printout) of original prescription order information and refill history information. This shall include, but is not limited to, the following:

- a. Original prescription number;
- b. Date of issuance of the original prescription order by the practitioner;
- c. Date and quantity of initial fill;
- d. Date and quantity of each refill or partial fill, if applicable, and the total number of refills dispensed to date;
- e. Full name and address of the patient;
- f. Name, address, and, if a controlled substance, DEA registration number of the prescriber;
- g. Name, strength, dosage form, quantity of the drug or device prescribed, and the total number of refills authorized by the prescribing practitioner; and
- h. For each fill or refill, the identification code, name, or initials of the dispensing pharmacist.

21.4(2) *Printout of prescription fill data.* Any computerized system shall have the capability of producing a printout of any prescription fill data the user pharmacy is responsible for maintaining or producing under state and federal laws, rules and regulations. This would include a refill-by-refill audit trail for any specified strength and dosage form of any prescription drug by brand or generic name or both. Records maintained or provided in electronic format shall be sortable by prescriber name, patient name, drug dispensed, and date filled. Any computerized system employed by a user pharmacy shall be capable of providing at the pharmacy a printout or electronic file of the records in a format that is readily understandable to the board or other authorized agents. A pharmacy may contract with an application service provider, or the pharmacy may maintain computer servers at a remote location, but all required records shall be readily retrievable at the pharmacy if requested by the board or other authorized agent. The printout or electronic record shall include the following:

- a. Name of the prescribing practitioner;
- b. Name and address of the patient;
- c. Quantity dispensed on each fill;
- d. Date of dispensing for each fill;
- e. Name or identification code of the dispensing pharmacist; and
- f. The number of the original prescription order.

21.4(3) *Auxiliary procedure for system downtime.* In the event that a pharmacy utilizing a computerized system experiences system downtime, the pharmacy shall have an auxiliary procedure that will be used for documentation of fills and refills of prescription orders. This auxiliary procedure shall ensure that refills are authorized by the original prescription order, that the maximum number of refills has not been exceeded, and that all of the appropriate data is retained for online data entry when the computer system is again available for use. As soon as reasonably possible upon resuming use of the computerized system, entry of all appropriate data accumulated during the system downtime shall be completed.

21.4(4) *Prescription notations.* When a pharmacist fills an electronic prescription that would require the pharmacist to make a notation on the prescription if the prescription were a written prescription, the pharmacist shall make the same notation electronically and shall retain the annotation electronically in the prescription record or in linked files.

21.4(5) *Records for electronic prescriptions for controlled substances.* A pharmacy that processes electronic prescriptions for controlled substances shall use a pharmacy prescription application that complies with DEA requirements relating to electronic prescriptions and that has been certified compliant with DEA regulations. When a prescription is received electronically from a prescriber's electronic prescription application into the pharmacy prescription application, the prescription and all required annotations shall be retained electronically.

[ARC 9912B, IAB 12/14/11, effective 1/18/12]

657—21.5(124,155A) Pharmacist verification of controlled substance refills—daily printout or logbook. The individual pharmacist who makes use of the pharmacy prescription application shall provide documentation of the fact that the refill information entered into the pharmacy prescription application each time the pharmacist refills an original written, fax, or oral prescription order for a controlled substance is correct. If the pharmacy prescription application provides a hard-copy printout of each day's controlled substance prescription order refill data, that printout shall be verified, dated, and signed by each individual pharmacist who refilled a controlled substance prescription order. Each individual pharmacist must verify that the data indicated is correct and sign this document in the same manner as the pharmacist would sign a check or legal document (e.g., J. H. Smith or John H. Smith). This document shall be maintained in a separate file at that pharmacy for a period of two years from the dispensing date. This printout of the day's controlled substance prescription order refill data shall be generated by and available at each pharmacy using a computerized pharmacy prescription application within 48 hours of the date on which the refill was dispensed. The printout shall be verified and signed by each pharmacist involved with such dispensing.

In lieu of preparing and maintaining printouts as provided above, the pharmacy may maintain a bound logbook or separate file. The logbook or file shall include a statement signed each day by each individual pharmacist involved in each day's dispensing that attests to the fact that the refill information entered into the pharmacy prescription application that day has been reviewed by the pharmacist and is correct as shown. Pharmacist statements shall be signed in the manner previously described. The logbook or file shall be maintained at the pharmacy for a period of two years after the date of dispensing the appropriately authorized refill.

[ARC 9912B, IAB 12/14/11, effective 1/18/12]

657—21.6 Reserved.

657—21.7(124,155A) Electronically prepared prescriptions. A prescriber may initiate and authorize a prescription drug order utilizing a computer or other electronic communication or recording device. The prescription drug order shall contain all information required by Iowa Code section 155A.27. The receiving pharmacist shall be responsible for verifying the authenticity of an electronically transmitted prescription or of an electronic signature as provided by rule 657—8.19(124,126,155A) or 657—21.3(124,155A).

21.7(1) Controlled substances. A prescription for a controlled substance prepared pursuant to this rule may be transmitted to a pharmacy via facsimile transmission as provided by rule 657—21.9(124,155A) or rules 657—21.12(124,155A) through 657—21.16(124,155A). The transmitted prescription shall include the prescriber's original signature or electronic signature. A prescription for a controlled substance may be transmitted by a prescriber to a pharmacy via electronic transmission pursuant to DEA requirements for electronic prescribing of controlled substances. Both the prescriber's electronic prescription application and the pharmacy prescription application shall be certified compliant with DEA regulations for electronic prescriptions. An electronically prepared prescription shall not be electronically transmitted to the pharmacy if the prescription has been printed prior to the electronic transmission. An electronically prepared and electronically transmitted prescription that is printed following the electronic transmission shall be clearly labeled as a copy only, not valid for dispensing.

21.7(2) Noncontrolled prescription drugs. A prescription for a noncontrolled prescription drug prepared pursuant to this rule may be transmitted to a pharmacy via electronic transmission as provided in rule 657—21.8(124,155A) or via facsimile transmission as provided in rule 657—21.9(124,155A). The transmitted prescription shall include the prescriber's original signature or electronic signature.

21.7(3) Printed (hard-copy) prescriptions. A prescription prepared pursuant to this rule may be printed by the prescriber or prescriber's agent for delivery to a pharmacy. An electronically prepared and electronically transmitted prescription that is printed following the electronic transmission shall be clearly labeled as a copy, not valid for dispensing.

a. A prescription for a controlled substance shall include the prescriber's original signature.

b. If the prescriber authenticates a prescription for a noncontrolled prescription drug utilizing an electronic signature, the printed prescription shall be printed on security paper that is designed to prevent photocopying or other duplication of the printed prescription by prominently disclosing the word "void" or "copy" on the duplication or by including a watermark or background that will not appear on duplication. If a watermark or background is used, the prescription shall include a statement that unless the watermark or background appears, the prescription is not valid. Security paper that complies with the security requirements of the U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services, shall be deemed to comply with the security requirements of this paragraph.

c. When a prescription prepared pursuant to this subrule is transmitted to a pharmacy via facsimile, or when a prescription prepared pursuant to this subrule is scanned into an electronic record system, the watermark or background will not appear or the word "void" or "copy" will appear. The means of transmission via facsimile and the means of scanning into an electronic record system shall ensure that prescription information is not obscured or rendered illegible due to security features of the paper utilized by the prescriber to prepare the prescription. It is the responsibility of the pharmacist to verify the validity of the prescription as provided by rule 657—8.19(124,126,155A) or 657—21.3(124,155A).

[ARC 7636B, IAB 3/11/09, effective 4/15/09; ARC 9912B, IAB 12/14/11, effective 1/18/12]

657—21.8(124,155A) Electronic transmission of a prescription. Prescription drug orders may be communicated directly from a prescriber's computer or other electronic device utilizing an electronic prescription application to a pharmacy prescription application by electronic transmission. The receiving pharmacist shall be responsible for verifying the authenticity of an electronically transmitted prescription or of an electronic signature as provided by rule 657—8.19(124,126,155A) or 657—21.3(124,155A). The authenticity of a prescription transmitted via electronic transmission between a DEA-certified electronic prescription application and a DEA-certified electronic pharmacy prescription application shall be deemed verified by virtue of the security processes included in those applications.

21.8(1) *Secure transmission and patient's choice.* Orders shall be sent only to the pharmacy of the patient's choice, and no intermediary shall change the content of the prescription drug order or compromise its confidentiality during the transmission process. The electronic format of the prescription drug order may be changed by the intermediary to facilitate the transmission between electronic applications as long as the content of the prescription drug order remains unchanged. This subrule does not prohibit the receiving pharmacist from amending or adding to the content of a prescription as necessary in compliance with federal and state laws, rules, or regulations.

21.8(2) *Information required.* In addition to the information requirements for a prescription, an electronically transmitted prescription drug order shall identify the transmitter's telephone number for verbal confirmation, the time and date of transmission, and the pharmacy intended to receive the transmission as well as any other information required by federal or state laws, rules, or regulations.

21.8(3) *Who may transmit.* Orders shall be initiated and authorized only by a prescriber licensed and authorized under state law to prescribe the drug or device identified in the prescription and shall include the prescriber's electronic signature. An order for a controlled substance shall include the prescriber's DEA registration number. Orders may be transmitted by the prescriber or the prescriber's agent. An order transmitted by the prescriber's agent shall include the agent's first and last names and title.

21.8(4) *Original prescription.* The electronic transmission shall be deemed the original prescription drug order provided it meets the requirements of this rule. The electronic transmission of a prescription drug order for a controlled substance shall meet all requirements of the DEA for electronic prescribing. An electronically prepared and transmitted prescription shall be maintained electronically in the prescriber's electronic prescription application and the pharmacy prescription application for a minimum period of two years following the date of last activity on that prescription record.

21.8(5) *Failure of electronic transmission.* If the transmission of an electronic prescription fails, the intermediary shall notify the prescriber of that transmission failure and the prescriber may print the prescription, manually sign the printed prescription, and deliver the prescription to the pharmacy via facsimile transmission. The faxed prescription shall indicate that it was originally transmitted to the named pharmacy, the date and time of the original electronic transmission, and the fact that the original transmission failed.

[ARC 9912B, IAB 12/14/11, effective 1/18/12; ARC 2639C, IAB 8/3/16, effective 9/7/16]

657—21.9(124,155A) Facsimile transmission (fax) of a prescription. A pharmacist may dispense noncontrolled and controlled drugs, excluding Schedule II controlled substances, pursuant to a prescription faxed to the pharmacy by the prescribing practitioner or the practitioner's agent. A pharmacist may dispense a Schedule II controlled substance to fill an emergency prescription authorization pursuant to the requirements of rule 657—10.22(124). The means of transmission via facsimile shall ensure that prescription information is not obscured or rendered illegible due to security features of the paper utilized by the prescriber to prepare a written prescription. The faxed prescription drug order shall serve as the original prescription, shall be maintained for a minimum of two years from the date of last fill or refill, and shall contain all information required by Iowa Code section 155A.27, including the prescriber's signature or electronic signature. The faxed prescription drug order, if transmitted by the practitioner's agent, shall identify the transmitting agent by first and last names and title and shall include the prescriber's signature or electronic signature. A prescription for a controlled substance shall include the prescriber's manual signature. If the controlled substance

prescription is not manually signed by the prescriber, the pharmacist shall orally verify the authenticity and the content of the prescription by contacting the prescriber or the prescriber's agent via telephone. The receiving pharmacist shall be responsible for verifying the authenticity of an electronically transmitted prescription or of an electronic signature as provided by rule 657—8.19(124,126,155A) or 657—21.3(124,155A). This rule shall not apply to a prescription drug order transmitted pursuant to 657—paragraph 8.15(1)“d.”

[ARC 7636B, IAB 3/11/09, effective 4/15/09; ARC 8171B, IAB 9/23/09, effective 10/28/09; ARC 9912B, IAB 12/14/11, effective 1/18/12]

657—21.10 and 21.11 Reserved.

657—21.12(124,155A) Prescription drug orders for Schedule II controlled substances. A pharmacist may dispense Schedule II controlled substances pursuant to an electronic transmission to the pharmacy of an electronically prepared prescription if both the prescriber's electronic prescription application and the pharmacy prescription application have been certified to comply with DEA requirements for electronic prescribing of controlled substances. Records of electronically prepared and transmitted prescriptions shall be maintained electronically. A pharmacist may dispense Schedule II controlled substances pursuant to facsimile transmission to the pharmacy of a written, signed prescription from the prescribing practitioner or the practitioner's agent provided that the original written, signed prescription is received by the pharmacist prior to the actual dispensing of the controlled substance. An emergency authorization transmitted to the pharmacy by the practitioner's agent shall include the first and last names and title of the individual who transmitted the prescription. The means of transmission shall ensure that prescription information is not obscured or rendered illegible due to security features of the paper utilized by the prescriber to prepare a written prescription. The original prescription shall be verified against the transmission at the time the substance is actually dispensed, shall be properly annotated, and shall be retained with the electronic transmission for filing.

[ARC 7636B, IAB 3/11/09, effective 4/15/09; ARC 9912B, IAB 12/14/11, effective 1/18/12]

657—21.13(124,155A) Facsimile transmission of a prescription for Schedule II controlled substances—emergency situations. A pharmacist may in an emergency situation as defined in 657—subrule 10.22(1) dispense Schedule II controlled substances pursuant to a facsimile transmission to the pharmacy of a written, signed prescription from the prescribing practitioner or the practitioner's agent pursuant to the requirements of 657—10.22(124). The facsimile or a print of the facsimile transmission shall serve as the temporary written record required by 657—subrule 10.22(2).

[ARC 9912B, IAB 12/14/11, effective 1/18/12]

657—21.14(124,155A) Facsimile transmission of a prescription for Schedule II narcotic substances—parenteral. A prescription for a nonoral dosage unit of a Schedule II narcotic substance to be compounded for the direct administration to a patient by parenteral, intravenous, intramuscular, subcutaneous, or intraspinal infusion may be transmitted by a practitioner or the practitioner's agent to the pharmacy via facsimile. If the prescription is transmitted by the practitioner's agent, the transmission shall include the first and last names and title of the individual who transmitted the prescription. The means of transmission shall ensure that prescription information is not obscured or rendered illegible due to security features of the paper utilized by the prescriber to prepare a written prescription. The facsimile serves as the original written prescription.

[ARC 7636B, IAB 3/11/09, effective 4/15/09; ARC 9912B, IAB 12/14/11, effective 1/18/12]

657—21.15(124,155A) Facsimile transmission of Schedule II controlled substances—long-term care facility patients. A prescription for any Schedule II controlled substance for a resident of a long-term care facility may be transmitted by the practitioner or the practitioner's agent to the dispensing pharmacy via facsimile. If the prescription is transmitted by the practitioner's agent, the transmission shall include the first and last names and title of the individual who transmitted the prescription. The means of transmission shall ensure that prescription information is not obscured or rendered illegible due to security features of the paper utilized by the prescriber to prepare a written prescription.

21.15(1) Original prescription. The facsimile serves as the original written prescription.

21.15(2) Information required. The patient's address on the prescription shall indicate that the address location is a long-term care facility.

[ARC 7636B, IAB 3/11/09, effective 4/15/09; ARC 9912B, IAB 12/14/11, effective 1/18/12]

657—21.16(124,155A) Facsimile transmission of Schedule II controlled substances—hospice patients. A prescription for a Schedule II controlled substance for a patient enrolled in a hospice care program licensed pursuant to Iowa Code chapter 135J or a program certified or paid for by Medicare under Title XVIII may be transmitted via facsimile by the practitioner or the practitioner's agent to the dispensing pharmacy. If the prescription is transmitted by the practitioner's agent, the transmission shall include the first and last names and title of the individual who transmitted the prescription. The means of transmission shall ensure that prescription information is not obscured or rendered illegible due to security features of the paper utilized by the prescriber to prepare a written prescription.

21.16(1) Original prescription. The facsimile serves as the original written prescription.

21.16(2) Information required. The practitioner or the practitioner's agent shall note on the prescription that the patient is a hospice patient.

[ARC 7636B, IAB 3/11/09, effective 4/15/09; ARC 9912B, IAB 12/14/11, effective 1/18/12]

These rules are intended to implement Iowa Code sections 124.301, 124.306, 124.308, 155A.27, and 155A.35.

CHAPTER 22
UNIT DOSE, ALTERNATIVE PACKAGING, AND EMERGENCY BOXES

657—22.1(155A) Unit dose dispensing systems.

22.1(1) Definitions. For the purpose of this rule, the following definitions shall apply:

“*Single unit package*” means a package that contains one discrete pharmaceutical dosage form.

“*Unit dose dispensing system*” means a drug distribution system utilizing single unit, unit dose, or unit of issue packaging in a manner that helps reduce or remove traditional drug stocks from resident care areas and enables the selection and distribution of drugs to be pharmacy-based and controlled.

“*Unit dose package*” means a package that contains that particular dose of a drug ordered for the patient for one administration time. A unit dose package is not always a single unit package. “Unit dose package” does not include a strip pack prepared utilizing an automated medication distribution system (AMDS). A strip pack is a patient med pak subject to the requirements of rule 657—22.5(126,155A).

“*Unit of issue package*” means a package that provides multiple units or doses attached to each other but separated in a card or specifically designed container.

22.1(2) General procedures. The following will apply when a unit dose dispensing system is employed:

a. The pharmacist shall be responsible for determining the classification for containers, as set by USP General Chapter 671, used by the pharmacy to repackage nonsterile drugs into single unit, unit dose, or unit of issue packaging. This classification shall be used to determine maximum expiration dating for repackaging set forth in subrule 22.1(4).

b. Established written policies and procedures shall be available in the pharmacy for inspection by the board or its agents which specify the drug categories, specific drugs, or dosage forms which will not be dispensed under the particular unit dose dispensing system employed.

c. Those drugs not dispensed under a unit dose dispensing system shall be dispensed in accordance with the packaging requirements of the federal Food and Drug Administration (FDA).

22.1(3) Labeling requirements.

a. Labeling for single unit or unit dose packaging shall comply with the following:

(1) Doses packaged by the manufacturer or distributor shall be properly labeled according to federal Food and Drug Administration (FDA) requirements.

(2) Doses packaged by the pharmacy for use beyond a 24-hour period shall be labeled and packaged according to the prepackaging requirements established in subrule 22.3(2).

b. Labeling for unit of issue packages shall contain the following information:

(1) Name, strength, and expiration date of drug when the packages are utilized for floor stock in an institutional setting.

(2) Name and room or bed number of patient, the name of prescribing practitioner, the name and strength of drug, directions for use, and name and address of the dispensing pharmacy, when the packages are utilized for patients in an institutional setting. Room or bed number, the name of prescribing practitioner, and the name and address of the dispensing pharmacy are not required if this information appears on a medication administration record used by the institution.

(3) Unit of issue packages dispensed to patients on an outpatient basis or in a noninstitutional setting shall be considered prescription containers and shall be labeled in accordance with 657—subrule 6.10(1).

c. If a pharmacist selects a generically equivalent drug product for a brand name drug product prescribed by a practitioner, the label must identify the generic drug and may identify the brand name drug for which the selection is made. The dual identification allowed under this paragraph must take the form of the following statement on the label: “(generic name) Generic for (brand name product)”.

d. The labeling requirements of paragraphs “*a*” and “*b*” of this subrule shall not apply to the special circumstances identified in rule 657—23.13(124,155A).

e. Those drugs not dispensed under a unit dose dispensing system shall be labeled in accordance with the requirements of subrule 22.5(5) or 657—subrule 6.10(1) as appropriate.

22.1(4) Expiration dating. Expiration dating for nonsterile drugs repackaged by the pharmacy into single unit, unit dose, or unit of issue packages shall meet the following conditions:

- a. Not exceed 90 days from the date of repackaging except as provided in paragraph 22.1(4) “c.”
- b. Not exceed the manufacturer’s original expiration date.
- c. May exceed 90 days from the date of repackaging provided that each of the following conditions is met:

(1) The container is classified according to USP General Chapter 671 as being Class A or Class B for oral solid dosage forms or is a tight container for liquid dosage forms.

(2) The container is light resistant when the manufacturer has labeled the product “sensitive to light.”

(3) The expiration date is not greater than 12 months.

d. Drugs or dosage forms having known stability problems are assigned an expiration date of less than 90 days or are not repackaged as determined by policies developed by the pharmacy.

22.1(5) Packaging requirements. Packaging for all nonsterile drugs stored and dispensed in single unit, unit dose, or unit of issue packages shall:

a. Preserve and protect the identity and integrity of the drug from the point of packaging to the point of patient administration.

b. When packaged by the manufacturer or distributor, be in accordance with federal Food and Drug Administration (FDA) requirements.

c. When in single unit and unit dose packages prepackaged by the pharmacy for use beyond 24 hours, be in accordance with rule 657—22.3(126).

d. Be clean and free of extraneous matter.

22.1(6) Return of drugs. Under no circumstances shall a pharmacist accept for reuse, except to the same patient, any previously dispensed controlled substances. Drugs, excluding controlled substances, dispensed in single unit, unit dose, or unit of issue packaging in compliance with subrules 22.1(2) to 22.1(5) may be returned to the pharmacy stock and reissued provided that:

a. The expiration dating information is retrievable and identifiable.

b. Drugs returned from unit of issue packaging are kept separate according to manufacturer’s lot number and the repackaged expiration date assigned pursuant to subrule 22.1(4). If, however, the pharmacy’s recall policy states that all lots of a drug shall be considered part of the recall due to unknown manufacturer’s lot numbers, drugs returned to stock from unit of issue packaging shall be kept separate according to the pharmacy’s repackaged expiration date.

c. The drugs were stored under proper storage conditions.

d. The drugs are returned to the pharmacy in the original packaging as when dispensed.

e. The pharmacy includes in written policies and procedures the manner in which returned drugs will be recorded or identified.

This rule is intended to implement Iowa Code section 155A.36.

[ARC 1309C, IAB 2/5/14, effective 3/12/14]

657—22.2 Reserved.

657—22.3(126) Prepackaging.

22.3(1) Control record. Pharmacies may prepackage and label drugs in convenient quantities for subsequent labeling and dispensing. Such drugs shall be prepackaged by or under the direct supervision of a pharmacist. The supervising pharmacist shall be responsible for the preparation and maintenance of a packaging control record containing the following information:

a. Date.

b. Identification of drug.

(1) Name of drug.

(2) Dosage form.

(3) Manufacturer.

(4) Manufacturer’s lot number.

(5) Strength.

(6) Expiration date.

- c. Container specification.
- d. Copy of a sample label.
- e. Initials or unique identification of the packager.
- f. Initials or unique identification of the supervising pharmacist.
- g. Quantity per container.
- h. Internal control number or date.

22.3(2) Label information. Each prepackaged container shall bear a label containing the following information:

- a. Name of drug.
- b. Strength.
- c. Internal control number or date.
- d. Expiration date consistent with USP standards.
- e. Auxiliary labels, as needed.

22.3(3) Labeling for delivery. Prior to the delivery of a prepackaged drug to a patient, an appropriate label shall be affixed to the drug container pursuant to the labeling requirements of the appropriate pharmacy practice rules.

This rule is intended to implement Iowa Code sections 126.10 and 126.11.

657—22.4 Reserved.

657—22.5(126,155A) Patient med paks. In lieu of dispensing prescribed drug products in conventional prescription containers, a pharmacist may, with the consent of the patient, the patient's caregiver, or the prescriber, provide a customized patient medication package (patient med pak) pursuant to the requirements of this rule.

22.5(1) Definition. A patient med pak is a customized patient medication package prepared for a specific patient which comprises a series of immediate containers containing prescribed solid oral dosage forms, each container being labeled with the time or the appropriate period for the patient to take its contents. A patient med pak includes but is not limited to a strip pack prepared utilizing an automated medication distribution system (AMDS).

22.5(2) General procedures. The following shall apply when patient med paks are employed:

a. The pharmacist shall be responsible for determining the classification, as directed by USP General Chapter 671, for containers used by the pharmacy to repackage nonsterile drugs into patient med paks.

b. Packaging for all nonsterile solid oral dosage forms stored and dispensed in patient med paks shall:

(1) Preserve and protect the identity and integrity of the drug from the point of packaging to the point of administration, and

(2) Be clean and free of extraneous matter when the drugs are placed into the package.

c. Drugs dispensed in patient med paks to patients may not be returned to the pharmacy stock and reissued except to the same patient as provided in subrule 22.5(4).

d. There is no special exemption for patient med paks from the requirements of the Poison Prevention Packaging Act. Thus, the patient med pak, if it does not meet child-resistant standards, shall be placed in an outer package that does comply, or the necessary consent of the purchaser or physician to dispense in a container not intended to be child-resistant shall be obtained.

22.5(3) Reuse of containers. Notwithstanding requirements that all prescription drugs be dispensed in a new container conforming with standards established in the official compendia, a pharmacist may dispense and refill a prescription for nonliquid oral products in a clean patient med pak provided:

a. A patient med pak is reused only for the same patient; and

b. No more than a one-month supply is dispensed at one time.

22.5(4) Repackaging of patient med paks. In the event a drug is added to or discontinued from a patient's drug regimen, the pharmacist may repackage the patient's med pak and either add to or remove from the patient's drugs packaged as ordered by the prescriber. Drugs returned by the patient

for repackaging may be reused by the pharmacist in the design of the new patient med pak, and any drug removed from the new drug regimen shall either be disposed of in compliance with board rules or returned, properly labeled, to the patient. Under no circumstances shall a drug within a container of a patient med pak be returned to the pharmacy stock or returned to an automated medication distribution system (AMDS) component unless the drug was dispensed as a single dose and was not commingled with other patient medications in a single package or container.

22.5(5) Labeling requirements.

- a. Except as provided in subrule 22.5(6), the patient med pak shall be labeled with the following:
- (1) The name of the patient;
 - (2) The unique identification number for the patient med pak itself and a separate unique identification number for each of the prescription drug orders for each of the drug products contained therein;
 - (3) The name, strength, dosage form, and total quantity of each drug product contained therein;
 - (4) The directions for use for each drug product contained therein;
 - (5) The name of the prescriber of each drug product;
 - (6) The date of preparation of the patient med pak and the beyond-use date assigned to the patient med pak;
 - (7) The name, address, and telephone number of the pharmacy; and
 - (8) The initials or unique identification of the responsible pharmacist.
- b. The patient med pak shall be accompanied by a patient package insert, in the event that any drug contained therein is required to be dispensed with such insert as accompanying labeling. Alternatively, such required information may be incorporated into a single, overall educational insert provided by the pharmacist for the total patient med pak.
- c. If the patient med pak allows for the removal or separation of the intact containers therefrom, each individual container shall bear a label identifying the patient, the unique identification number for the patient med pak, and the name and telephone number of the dispensing pharmacy.
- d. If a pharmacist selects a generically equivalent drug product for a brand-name drug product prescribed by a practitioner, the label must identify the generic drug and may identify the brand-name drug for which the selection is made. The dual identification allowed under this paragraph must take the form of the following statement on the label: “(generic name) Generic for (brand-name product)”.

22.5(6) Alternate labeling. If the patient med pak container is not of sufficient size to accommodate the label information as required in subrule 22.5(5) in a legible font, a patient package insert shall be prepared and delivered with the patient med pak. The patient package insert shall contain all label information required in subrule 22.5(5). In such case, the label affixed to the patient med pak shall minimally include:

- a. The name of the patient;
- b. The unique identification number for the patient med pak;
- c. The beyond-use date assigned to the patient med pak;
- d. A statement directing the patient or patient’s caregiver to the patient package insert; and
- e. The name and telephone number of the dispensing pharmacy.

22.5(7) Expiration/beyond-use dating. Beyond-use date or period of time shall be not longer than the shortest recommended beyond-use date for any dosage form included therein or not longer than 60 days from the date of preparation of the patient med pak, whichever is shorter. In no event shall the beyond-use date exceed the shortest expiration date on the original manufacturer’s bulk containers for the dosage forms included in the patient med pak. Alternatively, the package label shall state the date of the prescriptions or the date of preparation of the patient med pak, provided the package is accompanied by a record indicating the start date and the beyond-use date.

22.5(8) Record keeping. The record of each patient med pak shall contain, at a minimum:

- a. The name and address of the patient;
- b. The unique identification number for each of the current prescription drug orders for each of the drug products contained therein;
- c. A unique identification number for the patient med pak;

- d. Information identifying or describing the design, characteristics, or specifications of the patient med pak sufficient to allow subsequent preparation of an identical patient med pak for the patient;
- e. The date of preparation of the patient med pak and the beyond-use date that was assigned;
- f. Any special labeling instructions; and
- g. The name, unique identification, or initials of the responsible pharmacist.

This rule is intended to implement Iowa Code sections 126.10, 126.11, and 155A.28.
[ARC 1309C, IAB 2/5/14, effective 3/12/14; ARC 2406C, IAB 2/17/16, effective 3/23/16]

657—22.6 Reserved.

657—22.7(124,155A) Emergency/first dose drug supply. In any facility registered with the board under Iowa Code chapter 124 that does not have an institutional pharmacy, drugs may be supplied in one or more emergency/first dose drug supply containers located at the facility, provided that the emergency/first dose drug supply meets the requirements of this rule. The use of drugs from the emergency/first dose drug supply shall be limited to authorized personnel. The pharmacy supplying the emergency/first dose drug supply is responsible for verifying the qualifications of the facility.

22.7(1) Emergency/first dose drug supplies. Contents of the emergency/first dose drug supply shall be provided by a primary provider pharmacy designated by the facility, and the drug supply shall be available to meet the needs of all patients of the facility, without penalty or discrimination. If the primary provider pharmacy does not supply or is unable to supply all drugs and products needed for the emergency care of facility patients, a second provider pharmacy may provide an emergency/first dose drug supply consisting only of drugs and products not stocked or available from the primary provider pharmacy including, but not limited to, parenteral or compounded drug products. The provider pharmacies shall be properly registered with the federal Drug Enforcement Administration (DEA) and the board and shall be currently licensed by the board. The provider pharmacist or pharmacists, the consultant pharmacist, the director of nursing of the facility, and the medical director of the facility, or their respective designees, shall jointly determine and prepare a list of drugs necessary for prompt use in patient care that will be available in each emergency/first dose drug supply. Drugs shall be listed by identity and quantity, shall be limited to drugs necessary to meet the emergency needs of the patients served, and shall be periodically reviewed pursuant to policy. Careful patient planning should be a cooperative effort between the pharmacies and the facility to make drugs available, and emergency/first dose drug supplies shall only be used for emergency or unanticipated needs. The intent of the emergency/first dose drug supply is not to relieve a pharmacy of the responsibility for timely provision of a patient's routine drug needs and is not intended to relieve any provider pharmacy from the provider pharmacy's responsibility to provide 24-hour services to facility patients; the intent is to ensure that a supply of drugs is available to each patient in case of urgent need. The drugs in emergency/first dose drug supplies are the responsibility of the respective provider pharmacy and, therefore, shall not be used or altered in any way except as provided in this rule.

22.7(2) Storage. The emergency/first dose drug supply shall be stored in an area suitable to prevent unauthorized access and to ensure a proper environment for preservation of drugs contained therein as required in official compendia. The provider pharmacist is responsible for establishing procedures to maintain the security of the emergency/first dose drug supply.

22.7(3) Labeling—exterior. The exterior of an emergency/first dose drug supply shall be labeled clearly and shall unmistakably indicate that it is an emergency/first dose drug supply. Such label shall also contain a listing of the name, strength, and quantity of each drug contained therein and an expiration date of the supply based upon the earliest expiration date of any drug contained in the supply.

22.7(4) Labeling—interior. All drugs contained in the emergency/first dose drug supply shall be labeled in accordance with subrule 22.3(2) or 22.1(3), as appropriate.

22.7(5) Removal of drugs. A drug shall be removed from the emergency/first dose drug supply only pursuant to a valid prescription order and by authorized personnel or by the provider pharmacist. The patient's dispensing pharmacy shall be notified, prior to the administration of a second dose, that a drug was administered to a specific patient. Upon notification, the dispensing pharmacist shall perform

drug use review to assess the appropriateness of the drug therapy for the patient. If the emergency/first dose drug supply contains a multidose package of a drug product that is removed from the supply for administration of one or more doses of the product to a patient and if following that administration the package contains one or more additional doses of the drug product and if the prescriber authorizes continuation of the drug product for that patient, the provider pharmacy shall complete either of the following processes.

a. Prepare and affix to the multidose package a label in compliance with rule 657—23.11(124,155A). The label shall be prepared and affixed to the package within 24 hours of administration of the emergency dose or doses.

b. Dispense, pursuant to a valid prescription order and in compliance with rule 657—23.11(124,155A), an appropriately labeled supply of the drug for the patient. The new prescription shall be delivered to the facility within 24 hours of administration of the emergency dose or doses.

22.7(6) Notifications. Whenever an emergency/first dose drug supply is opened or has expired, the provider pharmacy shall be notified and the pharmacist shall be responsible for replacing the drug within 72 hours to prevent risk of harm to patients. Pursuant to rule 657—8.3(155A), established policies and procedures shall address notification, record keeping, and documentation procedures for use of the supply.

22.7(7) Procedures.

a. The pharmacy, in communication with the director of nursing of the facility and the medical director of the facility, or their respective designees, and as provided in rule 657—8.3(155A), shall have written policies and procedures to ensure compliance with this rule.

b. The provider pharmacy shall keep a record of each prescription drug stored in the emergency/first dose drug supply and the number of doses provided.

c. The facility shall keep a complete record of the use of prescription drugs from the emergency/first dose drug supply for two years following such use. The record shall include the patient's name, the date of use, the name of the drug used, the strength of the drug, the number of doses used, the name of the prescriber authorizing the administration, and the initials or unique identification of the person administering the dose.

d. The drugs maintained in the emergency/first dose drug supply shall be available for the emergency pharmaceutical care of all facility patients, without penalty or discrimination. If a service charge is assessed for the administration of a drug from the emergency/first dose drug supply, the same reasonable service charge shall be assessed to each patient to whom a drug from the emergency/first dose drug supply is administered, regardless of the patient's choice of pharmacy for pharmaceutical services.

This rule is intended to implement Iowa Code sections 124.301, 124.306, 155A.13, and 155A.15.
[ARC 0749C, IAB 5/29/13, effective 7/3/13; ARC 1961C, IAB 4/15/15, effective 5/20/15]

657—22.8 Reserved.

657—22.9(155A) Home health agency/hospice emergency drugs. Recognizing the emergency and unanticipated need for drugs to be available to qualified individuals authorized to administer drugs and employed by a home health agency or hospice, an Iowa-licensed pharmacy may provide an emergency drug supply pursuant to this rule. Such qualified individuals may carry the emergency drug supply. An inpatient hospice facility may have an emergency drug supply provided by an Iowa-licensed pharmacy pursuant to rule 657—22.7(124,155A), which supply may be maintained within the facility.

22.9(1) Contract. A written contract shall exist between the home health agency or hospice and the pharmacist in charge of the Iowa-licensed pharmacy. This contract shall be available for review by the board or its authorized agent upon request.

22.9(2) Ownership retained. The drugs included in this emergency supply shall remain the property of and under the responsibility of the Iowa-licensed provider pharmacy.

a. The pharmacist shall ensure that each portable container of emergency drugs is sealed in such a manner that a tamperproof seal must be broken to gain access to the drugs.

b. Each portable container of emergency drugs shall be labeled on the outside of the container with a list of the contents and the earliest expiration date.

22.9(3) Removal of drugs. All drugs shall be administered only on prior prescribers' order or by protocol approved by the agency's medical director or appropriate committee. Drugs administered from the emergency supply shall be replaced by submitting a prescription or medication order for the used item to the provider pharmacy within a reasonable time of administration.

22.9(4) Records. All records of drugs administered from the emergency supply shall be maintained as required by law. If a container of an injectable product is opened and partially used, any unused portion shall be immediately discarded and appropriately documented.

22.9(5) Drugs included. The provider pharmacist and the director of the home health agency or hospice, or their respective designees, shall jointly determine a list of drugs necessary for prompt use in the care of patients served by the home health agency or hospice and that will be available in the emergency drug supply. Drugs shall be listed by identity and quantity and shall be periodically reviewed in accordance with policy.

22.9(6) Policies and procedures. The pharmacy, pursuant to rule 657—8.3(155A) and in coordination with the home health agency or hospice, shall have policies and procedures to address storage conditions and security for drugs and kit maintenance. Outdated, expired drugs shall be properly disposed of by the pharmacy.

22.9(7) Responsibility for compliance. The pharmacist in charge and staff pharmacists shall share responsibility for compliance with this rule, and any abuse or misuse of the intent of this rule shall be immediately reported to the board.

This rule is intended to implement Iowa Code sections 155A.4, 155A.13, and 155A.15.

CHAPTER 23
LONG-TERM CARE PHARMACY PRACTICE

657—23.1(155A) Definitions. For the purposes of this chapter, the following definitions shall apply:

“Authorized collection program” means a program administered by a registrant that has modified its registration with DEA to collect controlled substances for the purpose of disposal. Federal regulations for such programs can be found at http://deadiversion.usdoj.gov/drug_disposal/.

“Consultant pharmacist” in a long-term care facility means a pharmacist licensed to engage in the practice of pharmacy in this state who is responsible for developing, coordinating, and supervising pharmaceutical services in a long-term care facility on a regularly scheduled basis. A consultant pharmacist:

1. Reviews the distribution and storage of drugs and devices and assists facilities in establishing the policies and procedures for the distribution and storage of drugs and devices and makes appropriate recommendations to the facility and the provider pharmacist;

2. Monitors the therapeutic response and utilization of all drugs and devices prescribed for each resident. The following shall be used as minimum guidelines supplementing the pharmacist’s professional expertise:

- Regulations and interpretive guidelines of the Centers for Medicare and Medicaid Services, if applicable;

- Rules of the Iowa department of inspections and appeals; and

- Other state rules and regulations;

3. Serves as a resource for pharmacy-related education services within the facility;

4. Participates in quality management of resident care in the facility;

5. Communicates with the provider pharmacist regarding areas of mutual concern and resolution thereof.

“DEA” means the United States Department of Justice, Drug Enforcement Administration.

“Long-term care facility” or *“facility”* means:

1. A facility licensed by the Iowa department of inspections and appeals under Iowa Code chapter 135C or Iowa Code chapter 135H;

2. A hospital-based long-term care unit certified under 42 CFR, Part 483, Subpart B;

3. An inpatient hospice certified under 42 CFR, Part 418;

4. A group living facility wherein health care related services are provided by the facility; or

5. A health care facility registered with the board under Iowa Code chapter 124.

“Long-term care pharmacy” or *“provider pharmacy”* means a hospital pharmacy, a general pharmacy, a limited use pharmacy, or a nonresident pharmacy in which drugs, chemicals, or poisons are prepared, compounded, dispensed, vended, distributed, or sold on a regular and recurring basis to or for the use of residents of a long-term care facility and from which related pharmacy services are delivered.

“Medication order,” as used in these rules, means a written order from a practitioner or an oral order from a practitioner or the practitioner’s authorized agent for administration of a drug or device. For purposes of this chapter, “medication order” includes a prescription.

“Provider pharmacist” means a pharmacist licensed to engage in the practice of pharmacy who is employed by or contracted to a long-term care pharmacy or a provider pharmacy and who is responsible for supervising the accurate dispensing and proper delivery of drugs and devices to a long-term care facility located within this state. These services shall include, at a minimum, proper medication labeling, storage, transport, record keeping, and prospective drug utilization review in compliance with all federal and state laws and regulations.

“Single unit package” means a package that contains one discrete pharmaceutical dosage form.

“Unit dose dispensing system” means a drug distribution system utilizing single unit, unit dose, or unit of issue packaging in a manner that helps reduce or remove traditional drug stocks from resident care areas and enables the selection and distribution of drugs to be pharmacy-based and controlled.

“Unit dose package” means a package that contains that particular dose of a drug ordered for a resident for one administration time. A unit dose package is not always a single unit package.

“*Unit of issue package*” means a package that provides multiple units or doses attached to each other but separated in a card or specifically designed container.

[ARC 2408C, IAB 2/17/16, effective 3/23/16]

657—23.2(124,155A) Applicability of rules. Nothing in these rules shall be deemed to constitute a waiver or abrogation of any of the provisions of board rules or other applicable provisions of state and federal laws and rules, nor should these rules be construed as authorizing or permitting any person not licensed as a pharmacist to engage in the practice of pharmacy.

657—23.3(124,155A) Freedom of choice. Pursuant to 657—subrule 8.11(5), no pharmacist or pharmacy shall participate in any agreement or plan that infringes on any resident’s right to freedom of choice as to the provider of pharmacy services. A resident in a long-term care facility shall have a choice of long-term care pharmacy so long as the pharmacy’s drug delivery system provides for the timely delivery of drugs compatible with the established system currently used by the facility. Determination of compatibility may consider medication administration, accessibility, and payment system.

657—23.4(124,155A) Responsibilities. The pharmacist in charge and staff pharmacists in any pharmacy providing pharmaceutical services to long-term care facility patients shall share responsibility for:

1. Providing drugs pursuant to a medication order for an individual resident, properly labeled for that resident, as addressed in rule 657—22.1(155A) or 657—23.13(124,155A).
2. Dispensing drugs for residents of long-term care facilities consistent with the drug distribution system described in the facility’s policies and procedures.
3. Affixing labels to each container of drugs for residents in long-term care facilities, in compliance with rule 657—22.1(155A), 657—23.13(124,155A), or 657—23.14(124,155A).
4. Maintaining records of all transactions of the long-term care pharmacy as may be required by law and maintaining accurate control over and accountability for all drugs and prescription devices.
5. Complying with a drug recall procedure, established pursuant to rule 657—8.3(155A), that protects the health and safety of residents including immediate discontinuation of any recalled drug or device and subsequent notification of the prescriber and director of nursing of the facility.
6. Providing 24-hour emergency service either directly or by contract with another pharmacy.
7. Reviewing patient profiles to ensure the appropriateness of therapy for that resident and the compatibility of the drug and dosage for that resident when processing new medication orders.
8. Providing sufficient and accurate information to facility staff regarding the appropriate administration and use of all dispensed drugs and devices.
9. Communicating with the consultant pharmacist and the facility regarding concerns and resolution thereof.

[ARC 1961C, IAB 4/15/15, effective 5/20/15]

657—23.5(124,155A) Emergency drugs. A supply of emergency drugs may be provided by one or more long-term care provider pharmacies to the facility pursuant to rule 657—22.7(124,155A).

23.5(1) Emergency medication order—pharmacist review. When an emergency drug is provided pursuant to rule 657—22.7(124,155A), the medication order shall be reviewed by the resident’s dispensing pharmacist prior to the administration of a second dose.

23.5(2) Other emergency drugs and devices. In addition to one or more emergency boxes or stat drug boxes, a long-term care facility staffed by one or more persons licensed to administer drugs may maintain a stock of intravenous fluids, irrigation fluids, heparin flush kits, medicinal gases, sterile water and saline, and prescription devices. Such stock shall be limited to a listing to be determined by the provider pharmacist in consultation with the consultant pharmacist and the medical director and director of nursing of the facility.

[ARC 0749C, IAB 5/29/13, effective 7/3/13]

657—23.6(124,155A) Space, equipment, and supplies. Pursuant to rule 657—8.3(155A), each pharmacy serving a long-term care facility shall have adequate space, equipment, and supplies for the professional and administrative functions of the pharmacy and to meet the needs of the residents served. The pharmacy shall also comply with all reference, environment, and equipment requirements contained in rules 657—6.3(155A) and 657—8.5(155A).
[ARC 1961C, IAB 4/15/15, effective 5/20/15]

657—23.7(124,155A) Policies and procedures. Pursuant to rule 657—8.3(155A), each pharmacy shall have policies and procedures related to all aspects of the pharmacy's packaging and dispensing responsibilities to the residents of the long-term care facility. The policies and procedures shall be maintained at the provider pharmacy and shall be available to the facility and the consultant pharmacist. Policies and procedures shall include, at a minimum:

1. Methods used to dispense and deliver drugs and devices to the facility in a timely fashion;
2. Proper notification to the facility when a drug or device is not readily available;
3. Proper labeling requirements to meet the needs of the facility and which are consistent with state and federal laws and regulations;
4. Appropriate drug destruction or return of unused drugs, or both, consistent with state and federal laws and regulations.

[ARC 1961C, IAB 4/15/15, effective 5/20/15]

657—23.8 Reserved.

657—23.9(124,155A) Medication orders. Drugs and prescription devices may be dispensed only upon orders of an authorized prescriber.

23.9(1) Requirements. New orders transmitted to the pharmacy for drugs for residents of the facility shall, at a minimum, contain resident name, drug name and strength, directions for use, date of order, and name of prescriber. Orders for Schedule II controlled substances shall comply with the requirements of rule 657—23.18(124,155A).

23.9(2) Abbreviations. Abbreviations or chemical symbols utilized in medication orders shall be only those abbreviations or symbols that are customarily used in the practice of medicine and pharmacy or those on a list of approved abbreviations developed by the appropriate committee or representative of the facility.

23.9(3) Who may transmit medication orders. An authorized prescriber or prescriber's agent or any person who is employed by a long-term care facility and who is authorized by the facility's policies and procedures may transmit to the long-term care pharmacy a medication order lawfully ordered by a practitioner authorized to prescribe drugs and devices. An order transmitted by the prescriber's agent shall include the agent's first and last names and title.

23.9(4) Influenza and pneumococcal vaccines. As authorized by federal law, a written or verbal patient-specific medication administration order shall not be required prior to administration to an adult patient of influenza and pneumococcal vaccines pursuant to physician-approved facility policy and after the patient has been assessed for contraindications. Administration shall be recorded in the patient's record. The facility shall submit to the provider pharmacy a listing of those residents or staff members who have been immunized utilizing vaccine from each vial supplied by the provider pharmacy.

[ARC 9912B, IAB 12/14/11, effective 1/18/12; ARC 2197C, IAB 10/14/15, effective 11/18/15]

657—23.10(124,155A) Stop orders. To ensure that drug orders are not continued inappropriately, the pharmacy's policies and procedures, established pursuant to rule 657—8.3(155A) and in consultation with the medical director and the appropriate committee or representative of the facility, shall include an automatic stop order policy. Drugs not specifically limited when ordered as to duration of therapy or number of doses shall be controlled by the automatic stop order policy in accordance with the status of the patient.

[ARC 1961C, IAB 4/15/15, effective 5/20/15]

657—23.11(124,155A) Drugs dispensed—general requirements.

23.11(1) Labeling. All prescription containers, other than those dispensed pursuant to rule 657—22.1(155A), 657—23.13(124,155A), or 657—23.14(124,155A), shall be properly labeled in accordance with 657—subrule 6.10(1).

a. If a label change is required to reflect a change in directions, the pharmacy shall be responsible for affixing the correct label to the container. Long-term care facility personnel shall not be authorized to affix such a label to the drug container.

b. Direction change labels that notify long-term care facility personnel that a change in directions for the drug has taken place may be used and affixed to the container by facility personnel so as not to deface the original label.

23.11(2) Medication order required. Dispensing of all drugs to the facility shall be pursuant to a medication order for an individual resident except as provided in rules 657—23.5(124,155A) and 657—23.14(124,155A) and in subrule 23.9(4).

23.11(3) Prescription containers. All prescription containers, including but not limited to single unit, unit dose, and unit of issue containers utilized for distribution within a long-term care facility, shall meet minimum requirements as established by the United States Pharmacopoeia. When applicable, light-resistant packaging shall be used.

23.11(4) Floor stock. Prescription drugs, as defined by Iowa Code section 155A.3(37), shall not be floor-stocked in a long-term care facility except as provided in this subrule or in subrule 23.5(2). Bulk supplies of nonprescription drugs may be maintained as provided in subrule 23.13(3). Any pharmacy that utilizes a floor stock distribution system pursuant to this subrule shall develop and implement procedures to accurately establish proof of use of prescription drugs and shall maintain a perpetual inventory, whether by electronic or manual means, of all prescription drugs so dispensed. A floor stock distribution system for prescription drugs may be permitted only under the following circumstances:

a. A licensed pharmacy under the direct supervision and control of a pharmacist is established in the facility; or

b. The facility and the hospital wherein the licensed pharmacy is located are both licensed under Iowa Code chapter 135B with a single hospital license.

[ARC 2408C, IAB 2/17/16, effective 3/23/16]

657—23.12 Reserved.

657—23.13(124,155A) Labeling drugs under special circumstances.

23.13(1) Insulin, ophthalmics, otic preparations, biologicals, and other injectables for individual patients. These drugs shall be dispensed with a label affixed to the immediate container showing at least the resident's name and location.

23.13(2) Legend solutions—irrigation and infusion. Legend irrigation solutions and infusion solutions supplied by a licensed pharmacy may be stored in the locked medication area of a long-term care facility provided that:

a. The facility uses the solution only within the confines of the facility and under the orders of an authorized prescriber;

b. Upon use, the container is identified by resident name and is used exclusively for that resident;

c. The container is dated and initialed upon opening;

d. The solution is stored appropriately after opening according to facility policy.

23.13(3) Floor-stocked, nonprescription drug containers. All such nonprescription drugs intended for use within the facility shall be in appropriate containers and adequately labeled to identify, at a minimum, brand name or generic name and manufacturer, strength, lot number, and expiration date. An internal code that centrally references manufacturer and lot number may be utilized.

23.13(4) Leave meds. Labeling of prescription drugs for residents on leave from the facility for a period in excess of 24 hours shall comply with 657—subrule 6.10(1). The dispensing pharmacist shall be responsible for packaging and labeling leave meds in compliance with this subrule.

23.13(5) Discharge meds. Drugs authorized for a resident being discharged from the facility shall be labeled in compliance with 657—subrule 6.10(1) before the resident removes those drugs from the facility premises. The dispensing pharmacist shall be responsible for packaging and labeling discharge meds in compliance with this subrule.

[ARC 1961C, IAB 4/15/15, effective 5/20/15]

657—23.14(124,155A) Labeling of biologicals and other injectables supplied to a facility. Labeling of biologicals and other injectables supplied to a facility for a health immunization or ongoing screening program, such as influenza vaccine, tuberculin skin test, or hepatitis-B, and intended for use in the facility, shall include the following information in addition to the manufacturer's label. The pharmacy label shall be affixed so as not to obscure the manufacturer's label.

1. Identification of pharmacy;
2. Name of facility;
3. Name of biological or drug;
4. Route of administration when necessary for clarification;
5. Strength of biological or drug;
6. Auxiliary labels as needed;
7. Date dispensed.

657—23.15(124,155A) Return and reuse of drugs and devices. Pharmacists and pharmacies shall not accept from residents or their agents for reuse or resale any drugs, prescribed drugs, chemicals, poisons or medical devices unless, in the professional judgment of the pharmacist, the integrity of the prescription drug has not in any way been compromised. Under no circumstances shall a pharmacist accept from a patient or patient's agent any controlled substances for return, exchange, or resale except to the same patient. Prescription drugs, excluding controlled substances, dispensed in unit dose, unit of issue, or single unit packaging pursuant to 657—22.1(155A) may, however, be returned and reused as authorized in 657—subrule 22.1(6). No items of a personal contact nature which have been removed from the original package or container after sale shall be accepted for return, exchanged, or resold by any pharmacist.

657—23.16(124,155A) Destruction of outdated and improperly labeled drugs. The pharmacy, pursuant to rule 657—8.3(155A) and in consultation with a facility representative, shall have written policies and procedures to ensure that all discontinued, outdated, deteriorated, or improperly labeled drugs and all containers with worn, illegible or missing labels are destroyed or disposed of so as to render them unusable. Drugs shall be destroyed by means that will ensure protection against unauthorized possession or use.

[ARC 1961C, IAB 4/15/15, effective 5/20/15]

657—23.17(124,155A) Accountability of controlled substances.

23.17(1) Proof of use. Documentation of use of Schedule II controlled substances shall be upon proof-of-use forms. A committee or representative of the facility may also require that Schedule III, IV, or V controlled substances or any other drugs be accounted for on proof-of-use forms. Proof-of-use forms shall specify at a minimum:

- a. Name of drug;
- b. Dose;
- c. Name of ordering prescriber;
- d. Name of resident;
- e. Date and time of administration to resident;
- f. Identification of individual administering;
- g. Documentation of destruction, return to the pharmacy, or other disposition of all unused portions of single doses including the signatures of two individuals, at least one of whom is a licensed health care professional.

23.17(2) Container requirement. Any drug required to be counted and accounted for with proof-of-use forms shall be dispensed in a container that allows visual verification of quantity. Containers for solid oral doses must allow visual identification of individual doses and individual accountability.

657—23.18(124,155A) Schedule II orders. This rule shall not apply to Schedule II controlled substances orders in facilities that utilize a floor stock distribution system as provided in subrule 23.11(4). Schedule II controlled substances in all other facilities shall be dispensed only upon receipt of an electronic prescription prepared, transmitted, and received in compliance with DEA regulations for electronic prescriptions or an original written order signed by the prescribing individual practitioner or upon receipt of a facsimile transmission of an original written order signed by the prescribing individual practitioner pursuant to rule 657—21.15(124,155A). In emergency situations as defined in 657—subrule 10.22(1), Schedule II controlled substances may be dispensed in compliance with the requirements of rule 657—10.22(124) or rule 657—21.13(124,155A), as applicable. In all cases, any order for a Schedule II controlled substance shall specify the total quantity authorized by the prescriber. [ARC 9912B, IAB 12/14/11, effective 1/18/12]

657—23.19(124,155A) Dispensing Schedule II controlled substances. A pharmacy that dispenses Schedule II controlled substances shall advise facility personnel that federal and state laws and regulations governing such drugs require that accurate records be kept of their administration or their ultimate disposition in compliance with rule 657—23.17(124,155A). The pharmacy shall further advise facilities that stored Schedule II substances shall be double-locked in accordance with rules of the Iowa department of inspections and appeals. The requirement for double-locking Schedule II controlled substances shall not apply to periods during which drugs are being administered to residents; however, these substances shall be secured during such administration periods.

657—23.20(124,155A) Partial filling of Schedule II controlled substances. A medication order for a Schedule II controlled substance for a resident in a long-term care facility (LTCF) may be filled in partial quantities to include individual dosage units. The pharmacist shall record on the written or electronic medication order that the patient is an “LTCF patient.” A medication order that is partially filled and does not contain the notation “LTCF patient” shall be deemed to have been filled in violation of the controlled substances Act.

23.20(1) Partial filling record. For each partial filling, the dispensing pharmacist shall record on the back of the medication order (or on another appropriate record, uniformly maintained, and readily retrievable) the date of the partial filling, quantity dispensed, remaining quantity authorized to be dispensed, and the identification of the dispensing pharmacist.

23.20(2) Total dispensed. The total quantity of Schedule II controlled substances dispensed in all partial fillings shall not exceed the total quantity prescribed.

23.20(3) Duration. Schedule II medication orders for residents in a long-term care facility shall be valid for a period not to exceed 60 days from the issue date unless sooner terminated by the discontinuance of the drug.

23.20(4) Requirements of computerized system. Information pertaining to current Schedule II medication orders for residents in a long-term care facility may be maintained in a computerized system if this system has the capability to permit:

a. Output (display and printout) of the original prescription number, date of issue, identification of prescribing individual practitioner, identification of resident, address of the long-term care facility, identification of the drug authorized (to include dosage form, strength and quantity), listing of the partial fillings that have been dispensed under each medication order, and the information required in this rule.

b. Immediate (real-time) updating of the medication order record each time a partial filling of the medication order is conducted.

c. Retrieval of partially filled Schedule II medication order information as required in rule 657—21.4(124,155A).

[ARC 9912B, IAB 12/14/11, effective 1/18/12]

657—23.21(124,155A) Disposal of previously dispensed controlled substances. Controlled substances dispensed to a resident in a long-term care facility and subsequently requiring disposal due to discontinuance of the drug, death of the resident, or other reasons necessitating disposal shall be disposed of by one of the following methods. Controlled substances shall not be returned to a pharmacy for disposal.

23.21(1) Disposal in the facility. In facilities staffed by one or more persons licensed to administer drugs, a licensed health care professional (pharmacist, registered nurse, licensed practical nurse) may dispose of controlled substances in witness of one other responsible adult. The professional disposing of the drug shall prepare and maintain a readily retrievable record of the disposition which shall be clearly marked to indicate the disposition of resident drugs. The record shall include, at a minimum, the following:

- a. Resident name and unique identification or number assigned by the dispensing pharmacy to the prescription;
- b. The name, strength, and dosage form of the substance;
- c. The quantity disposed of;
- d. The date the substance is disposed of;
- e. The signature or uniquely identifying initials or other unique identification of the professional and the witness;
- f. The name and address of the dispensing pharmacy or the dispensing practitioner.

23.21(2) Authorized collection program within a facility. Registrants registered with DEA to administer an authorized collection program may install and maintain a collection receptacle in a long-term care facility for the purpose of disposal of prescription drugs, including controlled substances, pursuant to federal regulations, which can be found at http://deadiversion.usdoj.gov/drug_disposal/.
[ARC 0749C, IAB 5/29/13, effective 7/3/13; ARC 2408C, IAB 2/17/16, effective 3/23/16]

These rules are intended to implement Iowa Code sections 124.301, 124.306, 124.308, 155A.2, 155A.13, 155A.15, 155A.21, 155A.27, 155A.28, 155A.33, 155A.35, and 155A.36.

CHAPTER 24
PHARMACY INTERNET SITES

657—24.1(155A) Purpose and scope. In the interests of public information, health, and safety, and pursuant to the provisions of Iowa Code section 155A.13B, this chapter establishes requirements for the Internet sale of prescription drugs by pharmacies and for VIPPS accreditation. This chapter identifies specific information that must be displayed on a pharmacy Internet site and establishes requirements for site registration. The requirements of this chapter apply to any Internet pharmacy and pharmacy Internet site as defined in rule 657—24.2(155A).

[ARC 9913B, IAB 12/14/11, effective 2/1/12]

657—24.2(155A) Definitions. For the purposes of this chapter, the following definitions shall apply:

“*Board*” means the Iowa board of pharmacy.

“*DEA*” means the U.S. Department of Justice, Drug Enforcement Administration.

“*Electronic mail*” or “*e-mail*” means any message transmitted through the Internet, including but not limited to messages transmitted from or to any address affiliated with an Internet site.

“*Internet*” means the federated international system that is composed of allied electronic communication networks linked by telecommunication channels, that uses standardized protocols, and that facilitates electronic communication services, including but not limited to use of the World Wide Web; the transmission of electronic mail or messages; the transfer of files and data or other electronic information; and the transmission of voice, image, and video.

“*Internet broker*” means an entity that serves as an agent or intermediary or other capacity that causes the Internet to be used to bring together a buyer and seller.

“*Internet pharmacy*” means a pharmacy that delivers, distributes, or dispenses, by means of an Internet sale pursuant to a prescription drug order, a prescription product to a patient located in Iowa, whether the patient is human or animal. “Internet pharmacy” does not include a pharmacy that maintains an Internet site for the convenience of the pharmacy’s patients to request a prescription refill or to request or retrieve drug information but requires that the filled prescription be delivered to the patient from the licensed physical location of the pharmacy.

“*Internet sale*” means a transaction, initiated via an Internet site, which includes the order of and the payment for a prescription drug product.

“*Internet site*” means a specific location on the Internet that is determined by Internet protocol numbers, by a domain name, or by both, including but not limited to domain names that use the designations “.com”, “.edu”, “.gov”, “.org”, and “.net”.

“*Iowa PMP*” means the prescription monitoring program established pursuant to 657—Chapter 37.

“*NABP*” means the National Association of Boards of Pharmacy.

“*Prescription product*” means any prescription drug or device, including any controlled substance, as those terms are defined in Iowa Code section 155A.3.

“*Vet-VIPPS accreditation*” means that a pharmacy which dispenses prescription products for companion and non-food-producing animals has been evaluated by NABP and has been determined to be properly licensed and in compliance with federal and state laws, rules and regulations regarding the operation of a veterinary pharmacy.

“*VIPPS*” means verified Internet pharmacy practice site.

“*VIPPS accreditation*” means that a pharmacy has been evaluated by NABP and has been determined to be in compliance with federal and state laws, rules and regulations regarding the operation of a pharmacy and with NABP evaluation criteria. “VIPPS accreditation” includes Vet-VIPPS accreditation.

“*VIPPS seal*” means the symbol provided by NABP to a pharmacy for display on the pharmacy’s Internet site evidencing the pharmacy’s VIPPS accreditation.

[ARC 9913B, IAB 12/14/11, effective 2/1/12]

657—24.3(155A) General requirements for Internet pharmacy. A pharmacy operating within or outside Iowa shall not provide any prescription product to any patient within Iowa through an Internet site or e-mail unless the pharmacy is in compliance with the provisions of this chapter.

24.3(1) Pharmacy license. A pharmacy, prior to providing any prescription drug, including any controlled substance, to any patient within Iowa, shall apply for, obtain, and maintain a pharmacy license pursuant to the provisions of rule 657—8.35(155A).

24.3(2) Pharmacist license. A pharmacist practicing in a pharmacy that provides any prescription drug, including any controlled substance, to any patient within Iowa shall be licensed by the pharmacist licensing authority in the state wherein the pharmacist practices.

24.3(3) Iowa PMP. A pharmacy, wherever located, that provides any controlled substance included in Schedules II through IV of Iowa Code chapter 124 to any patient within Iowa, unless the pharmacy is exempt from reporting pursuant to 657—subrule 37.3(1), shall report those dispensed prescriptions to the Iowa PMP as provided in rule 657—37.3(124).

24.3(4) VIPPS accreditation. An Internet pharmacy that provides any prescription drugs, including controlled substances, to any patient within Iowa shall obtain and maintain VIPPS accreditation and shall include evidence of such VIPPS accreditation on any Internet site identifying the pharmacy as provided in rule 657—24.7(155A).

[ARC 9913B, IAB 12/14/11, effective 2/1/12; ARC 0242C, IAB 8/8/12, effective 1/1/13]

657—24.4 and 24.5 Reserved.

657—24.6(155A) Prescription requirements. A prescription drug order issued by an authorized prescriber shall comply with the requirements for a prescription identified in Iowa Code section 155A.27. No prescription product may be delivered, distributed, or dispensed by means of, through, or on behalf of an Internet site or by means of an e-mail communication without a valid prescription drug order.

24.6(1) Prescriber licensed. A prescriber who authorizes a prescription drug order through an Internet site or e-mail for a patient located in Iowa shall:

- a. Be licensed by the licensing authority of the state in which the prescriber practices,
- b. Be in compliance with all applicable federal and state laws, rules and regulations relating to the prescriber's practice, and
- c. If the prescription drug order authorizes the dispensing of a controlled substance, be registered to prescribe controlled substances by the DEA and, if required, by the appropriate state agency or board.

24.6(2) Pharmacist responsibility. A licensed pharmacist practicing within or outside Iowa shall not fill a prescription drug order for a patient located in Iowa if the pharmacist knows or reasonably should have known that the prescription drug order was issued under both of the following conditions:

- a. Solely on the basis of an Internet questionnaire, an Internet consultation, or a telephonic consultation, and
- b. Without a valid patient-practitioner relationship.

[ARC 9913B, IAB 12/14/11, effective 2/1/12]

657—24.7(155A) Internet site registration. An Internet site that intends to display, advertise, or solicit the Internet sale of prescription products to patients in Iowa shall apply for, obtain, and maintain a pharmacy Internet site registration through the board. A pharmacy Internet site registration shall be issued to the Internet site by the domain name and the owner of the Internet site.

24.7(1) Application for registration. Application for registration and registration renewal shall be on forms provided by the board. The application form shall include the following information:

- a. The common or searchable name, if such name exists, of the Internet site.
- b. The domain name including "dot" extension of the Internet site.
- c. The Internet protocol number of the Internet site.
- d. The name and address of the owner or owners of the Internet site. If the owner is a corporation, the names and addresses of the officers and directors of the corporation shall be included. If the owner is a partnership or limited partnership, the names and addresses of all partners shall be included.

e. The name, address, and Iowa pharmacy license number of each Internet pharmacy that will be identified on the Internet site.

f. The signature of the owner of the Internet site or the signature of the owner's, partnership's or corporation's authorized representative and the date the application is signed.

24.7(2) *Timeliness of application.* An application for pharmacy Internet site registration or registration renewal shall be timely submitted to the board.

a. Existing Internet site. If the application is for registration of a pharmacy Internet site that is operational on or before February 1, 2012, the application and registration fee shall be due no later than May 1, 2012.

b. New Internet site. If the application is for registration of a new pharmacy Internet site that was not operational on or before February 1, 2012, the application and registration fee shall be due no less than 30 days prior to implementation of the Internet site.

c. Renewal. If the application is for renewal of an existing pharmacy Internet site registration, the application and registration fee shall be due prior to expiration of the current registration.

24.7(3) *Renewal of registration.* A pharmacy Internet site registration shall be annually renewed prior to expiration of the registration on December 31. Registration renewal shall require the completion of a renewal application form provided by the board. A completed application shall include payment of the renewal fee and any applicable late payment penalty fee. A registration that is not timely renewed shall be delinquent unless previously canceled by written notification to the board. If a pharmacy Internet site registration is canceled or delinquent, the Internet site shall discontinue association with any Internet pharmacy and shall discontinue the display, advertising, or solicitation of the Internet sale of prescription products to patients in Iowa.

24.7(4) *Fees and term of registration.* The following fees, as applicable, shall accompany an application for pharmacy Internet site registration or registration renewal:

a. Initial registration. The fee for initial registration of a pharmacy Internet site shall be \$135. All registrations shall expire annually on December 31.

b. Registration renewal. The fee for renewal of a pharmacy Internet site registration shall be \$135. Failure to renew a registration prior to expiration shall require payment of a late payment fee in the amount of \$135 in addition to the renewal fee. Failure to renew a registration within 30 days following expiration shall require payment of a late payment fee in the amount of \$225 in addition to the renewal fee. Failure to renew a registration within 60 days following expiration shall require payment of a late payment fee in the amount of \$315 in addition to the renewal fee. Failure to renew a registration within 90 days following expiration shall require payment of a late payment fee in the amount of \$405 in addition to the renewal fee. The total renewal and late payment fee shall not exceed \$540. Failure to timely renew a registration may subject the registrant to disciplinary action.

24.7(5) *Internet site registration changes.* The board shall be notified as provided in this subrule within ten days of any of the following:

a. Change of domain name or Internet protocol number. Change of domain name or Internet protocol number requires completion and submission of a new registration application and payment of the registration fee within ten days.

b. Change of ownership. Change of ownership requires completion and submission of a new registration application and payment of the registration fee within ten days. The sale or transfer of all or a portion of the stock of a corporation, or a change of the individual partners comprising a partnership, shall not constitute a change of ownership provided the corporation or partnership that owns the Internet site continues to exist as the owner of the Internet site following the transaction.

c. Discontinuation of the registered pharmacy Internet site. Prior to discontinuation of a registered pharmacy Internet site but no later than 30 days prior to removal of the pharmacy Internet site from public access, written notification shall be provided to the board. The written notice shall include the domain name and the Internet protocol number of the Internet site, the registration number issued by the board to the pharmacy Internet site, the date the Internet site will be removed from Internet access, the reason for discontinuation of the Internet site, the date of the notice, and the signature of the owner or the owner's

authorized representative. If discontinuation of the Internet site also involves the sale or closing of a licensed pharmacy, the closing pharmacy shall comply with all requirements of 657—subrule 8.35(7). [ARC 9913B, IAB 12/14/11, effective 2/1/12; ARC 0504C, IAB 12/12/12, effective 1/16/13]

657—24.8(155A) Internet site information. A pharmacy Internet site shall display on the home page of the Internet site or on a page directly linked to the home page the information identified in this rule. If the information is displayed on a page directly linked to the home page, the link on the home page shall be visible and clearly and conspicuously identified.

24.8(1) Registration number. The Internet site registration number shall be displayed. Display shall consist of the following statement or a statement substantially equivalent to the following statement: “In compliance with Iowa Code section 155A.13B and 657 IAC Chapter 24, this internet site is registered with the Iowa Board of Pharmacy, registration number ____.”

24.8(2) Pharmacy identification. The following information shall be displayed for each pharmacy that delivers, distributes, or dispenses prescription drugs pursuant to orders made on, through, or on behalf of the Internet site:

- a. The name of the pharmacy.
- b. The address of the licensed physical location of the pharmacy.
- c. The telephone number of the pharmacy.
- d. The pharmacy license number issued to the pharmacy by the board.

24.8(3) VIPPS accreditation. The VIPPS seal shall be prominently displayed. The following links to information regarding the VIPPS accreditation maintained by each Internet pharmacy associated with the Internet site shall also be displayed.

- a. A link to the NABP’s VIPPS accreditation verification site.
- b. A link to the certification issued by NABP which identifies the individual Internet pharmacy as a VIPPS-accredited site.

24.8(4) DEA requirements relating to controlled substances. A pharmacy Internet site identifying any pharmacy that dispenses controlled substances through the Internet site shall, in addition to the requirements of this rule for the posting of Internet site information, comply with DEA disclosure requirements found at 21 CFR 1304.45. [ARC 9913B, IAB 12/14/11, effective 2/1/12]

657—24.9 and 24.10 Reserved.

657—24.11(155A) Records. Records regarding the operation of a pharmacy and the dispensing of prescription products to patients within Iowa shall be maintained by each Internet pharmacy pursuant to the requirements of federal and state laws, rules and regulations. Required pharmacy and inventory records shall be available for inspection and copying by the board or its representative for at least two years from the date of the record or inventory unless a longer retention period is specified for a particular record or inventory.

[ARC 9913B, IAB 12/14/11, effective 2/1/12]

657—24.12(155A) Pharmacy liability. An Internet pharmacy shall not disclaim, limit, or waive any liability to which the pharmacy otherwise is subject under law for the act or practice of selling, dispensing, distributing, or delivering prescription products to any patient in Iowa based on the patient’s submission of the purchase order or refill request for the prescription product through an Internet site or by e-mail. [ARC 9913B, IAB 12/14/11, effective 2/1/12]

657—24.13(155A) Application denial.

24.13(1) The executive director or designee may deny an application for registration or renewal of a registration as a pharmacy Internet site for any violation of the laws of this state, another state, or the United States relating to prescription products, Internet pharmacy practices, or the distribution of prescription products utilizing the Internet or e-mail or for any violation of Iowa Code chapter 124, 124A, 124B, 126, 147, 155A, or 205 or any rule of the board.

24.13(2) An applicant whose application has been denied pursuant to this rule may, within 30 days after issuance of the notice of denial, appeal to the board for reconsideration of the application.
[ARC 9913B, IAB 12/14/11, effective 2/1/12]

657—24.14(155A) Discipline.

24.14(1) *Internet site.* The board may impose discipline for any violation of the laws of this state, another state, or the United States relating to prescription products, Internet pharmacy practices, or the distribution of prescription products utilizing the Internet or e-mail or for any violation of Iowa Code chapter 124, 124A, 124B, 126, 147, 155A, or 205 or any rule of the board. The board may impose on the pharmacy Internet site registrant any disciplinary sanctions allowed by law as may be appropriate including, but not limited to, revocation of the registration, suspension of the registration for a specified period or until further order of the board, nonrenewal of a registration, the imposition of civil penalties not to exceed \$25,000, or issuance of a citation and warning.

24.14(2) *Pharmacy, pharmacist, and other pharmacy staff.* The board may impose discipline for any violation of the laws of this state, another state, or the United States relating to prescription products, Internet pharmacy practices, or the distribution of prescription products utilizing the Internet or e-mail or for any violation of Iowa Code chapter 124, 124A, 124B, 126, 147, 155A, or 205 or any rule of the board. The board may impose on the pharmacy, pharmacist, or other registered pharmacy staff any disciplinary sanctions allowed by law as may be appropriate or as may be identified in Iowa law or rules of the board regarding sanctions that may be imposed on the specific license or registration.
[ARC 9913B, IAB 12/14/11, effective 2/1/12]

These rules are intended to implement Iowa Code section 155A.13B.

CHAPTER 25
CHILD SUPPORT NONCOMPLIANCE

657—25.1(252J) Definitions. For the purpose of this chapter the following definitions shall apply:

“*Act*” means Iowa Code chapter 252J.

“*Board*” means the Iowa board of pharmacy examiners.

“*Certificate*” means a document known as a certificate of noncompliance which is provided by the child support unit certifying that the named licensee is not in compliance with a support order or with a written agreement for payment of support entered into by the child support unit and the licensee.

“*Child support unit*” means the child support recovery unit of the Iowa department of human services.

“*Denial notice*” means a board notification denying an application for the issuance or renewal of a license as required by the Act.

“*License*” means a license to practice pharmacy, a registration to practice as a pharmacist-intern, a registration to practice as a pharmacy technician, a registration to practice as a pharmacy support person, or a registration to possess, prescribe, dispense, administer, distribute, or otherwise handle controlled substances under Iowa Code chapter 124.

“*Licensee*” means an individual to whom a license has been issued or who is seeking the issuance of a license.

“*Revocation or suspension notice*” means a board notification suspending a license for an indefinite or specified period of time or a notification revoking a license as required by the Act.

“*Withdrawal certificate*” means a document known as a withdrawal of a certificate of noncompliance provided by the child support unit certifying that the certificate is withdrawn and that the board may proceed with issuance, reinstatement, or renewal of a license.

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—25.2(252J) Issuance or renewal of license—denial. The board shall deny the issuance or renewal of a license upon the receipt of a certificate from the child support unit. This rule shall apply in addition to the procedures set forth in the Act.

25.2(1) *Service of denial notice.* Notice shall be served upon the licensee by certified mail, return receipt requested; by personal service; or through authorized counsel.

25.2(2) *Effective date of denial.* The effective date of the denial of issuance or renewal of a license, as specified in the notice, shall be 60 days following service of the notice upon the licensee.

25.2(3) *Preparation and service of denial notice.* The executive secretary/director of the board is authorized to prepare and serve the notice upon the licensee.

25.2(4) *Licensee responsible to inform board.* Licensees shall keep the board informed of all court actions and all child support unit actions taken under or in connection with the Act and shall provide the board with copies, within seven days of filing or issuance, of all applications filed with the district court pursuant to the Act, all court orders entered in such actions, and any withdrawal certificates issued by the child support unit.

25.2(5) *Reinstatement following license denial.* All board fees required for application, license renewal, or license reinstatement shall be paid by licensees before a license will be issued, renewed, or reinstated after the board has denied the issuance or renewal of a license pursuant to the Act.

25.2(6) *Effect of filing in district court.* In the event a licensee files a timely district court action following service of a notice, the board shall continue with the intended action described in the notice upon the receipt of a court order lifting the stay, dismissing the action, or otherwise directing the board to proceed. For purposes of determining the effective date of the denial of the issuance or renewal of a license, the board shall count the number of days before the action was filed and the number of days after the action was disposed of by the court.

25.2(7) *Final notification.* The board shall notify the licensee in writing through regular first-class mail, or such other means as the board determines appropriate in the circumstances, within ten days

of the effective date of the denial of the issuance or renewal of a license and shall similarly notify the licensee if the license is issued or renewed following the board's receipt of a withdrawal certificate.

657—25.3(252J) Suspension or revocation of a license. The board shall suspend or revoke a license upon the receipt of a certificate from the child support unit according to the procedures set forth in the Act. This rule shall apply in addition to the procedures set forth in the Act.

25.3(1) Service of revocation or suspension notice. Revocation or suspension notice shall be served upon the licensee by certified mail, return receipt requested; by personal service; or through authorized counsel.

25.3(2) Effective date of revocation or suspension. The effective date of the suspension or revocation of a license, as specified in the revocation or suspension notice, shall be 60 days following service of the revocation or suspension notice upon the licensee.

25.3(3) Preparation and service of revocation or suspension notice. The executive secretary/director of the board is authorized to prepare and serve the revocation or suspension notice upon the licensee and is directed to notify the licensee that the license will be suspended unless the license is already suspended on other grounds. In the event that the license is on suspension, the executive secretary/director shall notify the licensee of the board's intention to revoke the license.

25.3(4) Licensee responsible to inform board. The licensee shall keep the board informed of all court actions and all child support unit action taken under or in connection with the Act and shall provide the board with copies, within seven days of filing or issuance, of all applications filed with the district court pursuant to the Act, all court orders entered in such actions, and any withdrawal certificates issued by the child support unit.

25.3(5) Reinstatement following license suspension, revocation, or denial of renewal. A licensee shall pay all board fees required for license renewal or license reinstatement, and all continuing education requirements shall be met, before a license will be reinstated after the board has suspended a license pursuant to the Act. A licensee whose license to practice pharmacy has been revoked shall complete the examination components as indicated in rule 657—2.10(155A) and shall pay all required examination fees pursuant to rule 657—2.2(147). A licensee whose registration to practice as a pharmacist-intern, as a pharmacy technician, or as a pharmacy support person or whose registration to handle controlled substances under Iowa Code chapter 124 has been revoked shall complete application and pay all board fees required for new registration.

25.3(6) Effect of filing in district court. In the event a licensee files a timely district court action pursuant to the Act and following service of a revocation or suspension notice, the board shall continue with the intended action described in the revocation or suspension notice upon the receipt of a court order lifting the stay, dismissing the action, or otherwise directing the board to proceed. For purposes of determining the effective date of the suspension or revocation, the board shall count the number of days before the action was filed and the number of days after the action was disposed of by the court.

25.3(7) Final notification. The board shall notify the licensee in writing through regular first-class mail, or such other means as the board determines appropriate in the circumstances, within ten days of the effective date of the suspension or revocation of a license and shall similarly notify the licensee if a license is reinstated following the board's receipt of a withdrawal certificate.

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—25.4(17A,22,252J) Share information. Notwithstanding any statutory confidentiality provision, the board may share information with the child support unit through manual or automated means for the sole purpose of identifying applicants or licensees subject to enforcement under the Act.

These rules are intended to implement Iowa Code chapter 252J.

[Filed 5/1/96, Notice 1/3/96—published 5/22/96, effective 6/26/96]

[Filed 2/22/99, Notice 10/21/98—published 3/10/99, effective 4/14/99]

[Filed ARC 8673B (Notice ARC 8380B, IAB 12/16/09), IAB 4/7/10, effective 6/1/10]

CHAPTER 26
PETITIONS FOR RULE MAKING

657—26.1(17A) Petition for rule making. Any person, association, agency, or political subdivision may file a petition for rule making with the board at 400 S.W. Eighth Street, Suite E, Des Moines, Iowa 50309-4688. A petition is deemed filed when received by that office. The board shall provide the petitioner with a file-stamped copy of the petition if the petitioner provides the board an extra copy for this purpose. The petition must be typewritten, machine printed, or legibly handwritten in ink and must substantially conform to the following form:

BOARD OF PHARMACY EXAMINERS

Petition by (Name of Petitioner) for the (adoption, amendment, or repeal) of rules relating to (state subject matter).	}	PETITION FOR RULE MAKING
--	---	-----------------------------

The petition shall include the following information:

1. A statement of the specific rule-making action sought by the petitioner including the text or a summary of the contents of the proposed rule or amendment to a rule and, if it is a petition to amend or repeal a rule, a citation and the relevant language to the particular portion or portions of the rule proposed to be amended or repealed.
2. A citation to any law deemed relevant to the board's authority to take the action urged or to the desirability of that action.
3. A brief summary of petitioner's arguments in support of the action urged in the petition.
4. A brief summary of any data supporting the action urged in the petition.
5. The names and addresses of other persons, or a description of any class of persons, known by petitioner to be affected by or interested in, the proposed action which is the subject of the petition.
6. Any request by petitioner for a meeting provided for by rule 26.4(17A).
7. Original signature of petitioner and date signed.

657—26.2(17A) Briefs. The petitioner may attach a brief to the petition in support of the action urged in the petition. The board may request a brief from the petitioner or from any other person concerning the substance of the petition.

657—26.3(17A) Inquiries. Inquiries concerning the status of a petition for rule making may be made to Executive Secretary/Director, Iowa Board of Pharmacy Examiners, 400 S.W. Eighth Street, Suite E, Des Moines, Iowa 50309-4688, or via electronic mail to lloyd.jessen@ibpe.state.ia.us.

657—26.4(17A) Board consideration.

26.4(1) Initial activities. Within 14 days after the filing of a petition, the board shall submit a copy of the petition and any accompanying brief to the administrative rules coordinator and to the administrative rules review committee. Upon request by petitioner in the petition, the board shall schedule a brief and informal meeting between the petitioner and the board, a member of the board, or a member of the staff of the board to discuss the petition. The board may request that the petitioner submit additional information or argument concerning the petition. The board may also solicit comments from any person on the substance of the petition. Any person may submit to the board comments on the substance of the petition.

26.4(2) Decision issued. Within 60 days after the filing of the petition, or within any longer period agreed to by the petitioner, the board shall, in writing, deny the petition, and notify petitioner of its action and the specific grounds for the denial, or grant the petition and notify petitioner that it has instituted rule-making proceedings on the subject of the petition. Petitioner shall be deemed notified of the denial or grant of the petition on the date when the board mails or delivers the required notification to petitioner.

26.4(3) *Denial for nonconformity.* Denial of a petition because it does not substantially conform to the required form does not preclude the filing of a new petition on the same subject that seeks to eliminate the grounds for the board's rejection of the original petition.

These rules are intended to implement Iowa Code section 17A.7.

[Filed 1/21/92, Notice 10/16/91—published 2/19/92, effective 3/25/92]

[Filed emergency 10/6/99—published 11/3/99, effective 10/11/99]

[Filed 10/24/02, Notice 7/24/02—published 11/13/02, effective 12/18/02]

CHAPTER 27
DECLARATORY ORDERS

657—27.1(17A) Petition for declaratory order. Any person may file a petition with the board of pharmacy examiners, hereinafter referred to as “the board,” for a declaratory order as to the applicability to specified circumstances of a statute, rule, or order within the primary jurisdiction of the Iowa Board of Pharmacy Examiners at 400 S.W. Eighth Street, Suite E, Des Moines, Iowa 50309-4688. A petition is deemed filed when it is received by that office. The board shall provide the petitioner with a file-stamped copy of the petition if the petitioner provides the board an extra copy for this purpose. The petition shall be typewritten or legibly handwritten in ink and shall substantially conform to the following form:

IOWA BOARD OF PHARMACY EXAMINERS

Petition by (Name of Petitioner) for a
Declaratory Order on (Cite provisions of law
involved).

PETITION FOR
DECLARATORY ORDER

The petition shall provide the following information:

1. A clear and concise statement of all relevant facts on which the order is requested.
2. A citation and the relevant language of the specific statutes, rules, policies, decisions, or orders, whose applicability is questioned, and any other relevant law.
3. The questions petitioner wants answered, stated clearly and concisely.
4. The answers to the questions desired by the petitioner and a summary of the reasons urged by the petitioner in support of those answers.
5. The reasons for requesting the declaratory order and disclosure of the petitioner’s interest in the outcome.
6. A statement indicating whether the petitioner is currently a party to another proceeding involving the questions at issue and whether, to the petitioner’s knowledge, those questions have been decided by, are pending determination by, or are under investigation by, any governmental entity.
7. The names and addresses of other persons, or a description of any class of persons, known by petitioner to be affected by, or interested in, the questions presented in the petition.
8. Any request by petitioner for a meeting provided for by 657—27.7(17A).

The petition shall be dated and signed by the petitioner or the petitioner’s representative. It shall also include the name, mailing address, and telephone number of the petitioner and petitioner’s representative and a statement indicating the person to whom communications concerning the petition should be directed.

657—27.2(17A) Notice of petition. Within 15 days after receipt of a petition for a declaratory order, the board shall give notice of the petition to all persons not served by the petitioner pursuant to 657—27.6(17A) to whom notice is required by any provision of law. The board may also give notice to any other persons.

657—27.3(17A) Intervention.

27.3(1) Persons who qualify under any applicable provision of law as an intervenor and who file a petition for intervention within 20 days of the filing of a petition for declaratory order shall be allowed to intervene in a proceeding for a declaratory order.

27.3(2) Any person who files a petition for intervention at any time prior to the issuance of an order may be allowed to intervene in a proceeding for a declaratory order at the discretion of the board.

27.3(3) A petition for intervention shall be filed at the board office at 400 S.W. Eighth Street, Suite E, Des Moines, Iowa 50309-4688. Such a petition is deemed filed when it is received by that office. The board will provide the petitioner with a file-stamped copy of the petition for intervention if the

petitioner provides an extra copy for this purpose. A petition for intervention shall be typewritten or legibly handwritten in ink and shall substantially conform to the following form:

IOWA BOARD OF PHARMACY EXAMINERS

Petition by (Name of Original Petitioner) for a Declaratory Order on (Cite provisions of law cited in original petition).	}	PETITION FOR INTERVENTION
--	---	------------------------------

The petition for intervention shall provide the following information:

1. Facts supporting the intervenor's standing and qualifications for intervention.
2. The answers urged by the intervenor to the question or questions presented and a summary of the reasons urged in support of those answers.
3. Reasons for requesting intervention and disclosure of the intervenor's interest in the outcome.
4. A statement indicating whether the intervenor is currently a party to any proceeding involving the questions at issue and whether, to the intervenor's knowledge, those questions have been decided by, are pending determination by, or are under investigation by, any governmental entity.
5. The names and addresses of any additional persons, or a description of any additional class of persons, known by the intervenor to be affected by, or interested in, the questions presented.
6. Whether the intervenor consents to be bound by the determination of the matters presented in the declaratory order proceeding.

The petition shall be dated and signed by the intervenor or the intervenor's representative. It shall also include the name, mailing address, and telephone number of the intervenor and intervenor's representative, and a statement indicating the person to whom communications should be directed.

657—27.4(17A) Briefs. The petitioner or any intervenor may file a brief in support of the position urged. The board may request a brief from the petitioner, any intervenor, or any other person concerning the questions raised.

657—27.5(17A) Inquiries. Inquiries concerning the status of a declaratory order proceeding may be made to the Iowa Board of Pharmacy Examiners, 400 S.W. Eighth Street, Suite E, Des Moines, Iowa 50309-4688.

657—27.6(17A) Service and filing of petitions and other papers.

27.6(1) When service required. Except where otherwise provided by law, every petition for declaratory order, petition for intervention, brief, or other paper filed in a proceeding for a declaratory order shall be served upon each of the parties of record to the proceeding, and on all other persons identified in the petition for declaratory order or petition for intervention as affected by or interested in the questions presented, simultaneously with their filing. The party filing a document is responsible for service on all parties and other affected or interested persons.

27.6(2) Filing—when required. All petitions for declaratory orders, petitions for intervention, briefs, or other papers in a proceeding for a declaratory order shall be filed with the Iowa Board of Pharmacy Examiners, 400 S.W. Eighth Street, Suite E, Des Moines, Iowa 50309-4688. All petitions, briefs, or other papers that are required to be served upon a party shall be filed simultaneously with the board.

27.6(3) Method of service, time of filing, and proof of mailing. Method of service, time of filing, and proof of mailing shall be as provided by 657—35.11(17A,272C).

657—27.7(17A) Consideration. Upon request by petitioner, the board shall schedule a brief and informal meeting between the original petitioner, all intervenors, and the board, a member of the board, or a member of the staff of the board, to discuss the questions raised. The board may solicit comments from any person on the questions raised. Also, comments on the questions raised may be submitted to the board by any person.

657—27.8(17A) Action on petition.

27.8(1) Within the time allowed by 1998 Iowa Acts, chapter 1202, section 13(5), after receipt of a petition for a declaratory order, the executive secretary/director or designee shall take action on the petition as required by 1998 Iowa Acts, chapter 1202, section 13(5).

27.8(2) The date of issuance of an order or of a refusal to issue an order is as defined in 657—35.2(17A,272C).

657—27.9(17A) Refusal to issue order.

27.9(1) The board shall not issue a declaratory order where prohibited by 1998 Iowa Acts, chapter 1202, section 13(1), and may refuse to issue a declaratory order on some or all questions raised for the following reasons:

1. The petition does not substantially comply with the required form.
2. The petition does not contain facts sufficient to demonstrate that the petitioner will be aggrieved or adversely affected by the failure of the board to issue an order.
3. The board does not have jurisdiction over the questions presented in the petition.
4. The questions presented by the petition are also presented in a current rule making, contested case, or other board or judicial proceeding, that may definitively resolve them.
5. The questions presented by the petition would more properly be resolved in a different type of proceeding or by another body with jurisdiction over the matter.
6. The facts or questions presented in the petition are unclear, overbroad, insufficient, or otherwise inappropriate as a basis upon which to issue an order.
7. There is no need to issue an order because the questions raised in the petition have been settled due to a change in circumstances.
8. The petition is not based upon facts calculated to aid in the planning of future conduct but is, instead, based solely upon prior conduct in an effort to establish the effect of that conduct or to challenge a board decision already made.
9. The petition requests a declaratory order that would necessarily determine the legal rights, duties, or responsibilities of other persons who have not joined in the petition, intervened separately, or filed a similar petition and whose position on the questions presented may fairly be presumed to be adverse to that of petitioner.
10. The petitioner requests the board to determine whether a statute is unconstitutional on its face.

27.9(2) A refusal to issue a declaratory order shall indicate the specific grounds for the refusal and constitutes final board action on the petition.

27.9(3) Refusal to issue a declaratory order pursuant to this provision does not preclude the filing of a new petition that seeks to eliminate the grounds for the refusal to issue an order.

657—27.10(17A) Contents of declaratory order—effective date. In addition to the order itself, a declaratory order shall contain the date of its issuance, the name of petitioner and all intervenors, the specific statutes, rules, policies, decisions, or orders involved, the particular facts upon which it is based, and the reasons for its conclusion. A declaratory order is effective on the date of issuance.

657—27.11(17A) Copies of orders. A copy of all orders issued in response to a petition for a declaratory order shall be mailed promptly to the original petitioner and all intervenors.

657—27.12(17A) Effect of a declaratory order. A declaratory order has the same status and binding effect as a final order issued in a contested case proceeding. It is binding on the board, the petitioner, and any intervenors and is applicable only in circumstances where the relevant facts and the law involved are indistinguishable from those on which the order was based. As to all other persons, a declaratory order serves only as precedent and is not binding on the board. The issuance of a declaratory order constitutes final board action on the petition.

These rules are intended to implement Iowa Code section 17A.9 as amended by 1998 Iowa Acts, chapter 1202, section 13.

CHAPTER 28
AGENCY PROCEDURE FOR RULE MAKING

657—28.1(17A) Applicability. Except to the extent otherwise expressly provided by statute, all rules adopted by the board of pharmacy examiners, hereinafter referred to as “board,” are subject to the provisions of Iowa Code chapter 17A, the Iowa administrative procedure Act, and the provisions of this chapter.

657—28.2(17A) Advice on possible rules before notice of proposed rule adoption. In addition to seeking information by other methods, the board may, before publication of a Notice of Intended Action under Iowa Code section 17A.4(1) “a,” solicit comments from the public on a subject matter of possible rule making by the board by causing notice to be published in the Iowa Administrative Bulletin of the subject matter and indicating where, when, and how persons may comment.

657—28.3(17A) Public rule-making docket.

28.3(1) Docket maintained. The board shall maintain a current public rule-making docket.

28.3(2) Anticipated rule making. The rule-making docket shall list each anticipated rule-making proceeding. A rule-making proceeding is deemed “anticipated” from the time a draft of proposed rules is distributed for internal discussion within the board. For each anticipated rule-making proceeding the docket shall contain a listing of the precise subject matter which may be submitted for consideration by the board for subsequent proposal under the provisions of Iowa Code section 17A.4(1) “a,” the name and address of board personnel with whom persons may communicate with respect to the matter, and an indication of the present status within the board of that possible rule. The board may also include in the docket other subjects upon which public comment is desired.

28.3(3) Pending rule-making proceedings. The rule-making docket shall list each pending rule-making proceeding. A rule-making proceeding is pending from the time it is commenced, by publication in the Iowa Administrative Bulletin of a Notice of Intended Action pursuant to Iowa Code section 17A.4(1) “a,” to the time it is terminated, by publication of a Notice of Termination in the Iowa Administrative Bulletin, or the rule becoming effective. For each rule-making proceeding, the docket shall indicate:

- a. The subject matter of the proposed rule;
- b. A citation to all published notices relating to the proceeding;
- c. Where written submissions on the proposed rule may be inspected;
- d. The time during which written submissions may be made;
- e. The names of persons who have made written requests for an opportunity to make oral presentations on the proposed rule, where those requests may be inspected, and where and when oral presentations may be made;
- f. Whether a written request for the issuance of a regulatory analysis or a concise statement of reasons has been filed, whether such an analysis or statement or a fiscal impact statement has been issued, and where any such written request, analysis, or statement may be inspected;
- g. The current status of the proposed rule and any board determinations with respect thereto;
- h. Any known timetable for board decisions or other action in the proceeding;
- i. The date of the rule’s adoption;
- j. The date of the rule’s filing, indexing, and publication;
- k. The date on which the rule will become effective; and
- l. Where the rule-making record may be inspected.

657—28.4(17A) Notice of proposed rule making.

28.4(1) Contents. At least 35 days before the adoption of a rule the board shall cause Notice of Intended Action to be published in the Iowa Administrative Bulletin. The Notice of Intended Action shall include:

- a. A brief explanation of the purpose of the proposed rule;

- b. The specific legal authority for the proposed rule;
- c. Except to the extent impracticable, the text of the proposed rule;
- d. Where, when, and how persons may present their views on the proposed rule; and
- e. Where, when, and how persons may demand an oral proceeding on the proposed rule if the notice does not already provide for one.

Where inclusion of the complete text of a proposed rule in the Notice of Intended Action is impracticable, the board shall include in the notice a statement fully describing the specific subject matter of the omitted portion of the text of the proposed rule, the specific issues to be addressed by that omitted text of the proposed rule, and the range of possible choices being considered by the board for the resolution of each of those issues.

28.4(2) *Incorporation by reference.* A proposed rule may incorporate other materials by reference only if it complies with all of the requirements applicable to the incorporation by reference of other materials in an adopted rule that are contained in subrule 28.12(2) of this chapter.

28.4(3) *Copies of notices.* Persons desiring to receive copies of future Notices of Intended Action by subscription shall file with the board a written request indicating the name and address to which such notices should be sent. Within seven days after submission of a Notice of Intended Action to the administrative rules coordinator for publication in the Iowa Administrative Bulletin, the board shall mail or electronically transmit a copy of that notice to subscribers who have filed a written request for either mailing or electronic transmittal with the board for Notices of Intended Action. The written request shall be accompanied by payment of the subscription price which may cover the full cost of the subscription service, including its administrative overhead and the cost of copying and mailing the Notices of Intended Action for a period of one year.

657—28.5(17A) Public participation.

28.5(1) *Written comments.* For at least 20 days after publication of the Notice of Intended Action, persons may submit argument, data, and views, in writing, on the proposed rule. Such written submissions shall identify the proposed rule to which they relate and shall be submitted to the Iowa Board of Pharmacy Examiners, 400 S.W. Eighth Street, Suite E, Des Moines, Iowa 50309-4688, or the person designated in the Notice of Intended Action.

28.5(2) *Oral proceedings.* The board may, at any time, schedule an oral proceeding on a proposed rule. The board shall schedule an oral proceeding on a proposed rule if, within 20 days after the published Notice of Intended Action, a written request for an opportunity to make oral presentations is submitted to the board by the administrative rules review committee, a governmental subdivision, an agency, an association having not less than 25 members, or at least 25 persons. That request shall also contain the following additional information:

- a. A request by one or more individual persons shall be signed by each of them and include the address and telephone number of each of them.
- b. A request by an association shall be signed by an officer or designee of the association and shall contain a statement that the association has at least 25 members and the address and telephone number of the person signing that request.
- c. A request by an agency or governmental subdivision shall be signed by an official having authority to act on behalf of the entity and shall contain the address and telephone number of the person signing that request.

28.5(3) *Conduct of oral proceedings.*

a. *Applicability.* This subrule applies only to those oral rule-making proceedings in which an opportunity to make oral presentations is authorized or required by Iowa Code section 17A.4(1) "b" as amended by 1998 Iowa Acts, chapter 1202, section 8, or subrule 28.5(2).

b. *Scheduling and notice.* An oral proceeding on a proposed rule may be held in one or more locations and shall not be held earlier than 20 days after notice of its location and time is published in the Iowa Administrative Bulletin. That notice shall also identify the proposed rule by ARC number and citation to the Iowa Administrative Bulletin.

c. Presiding officer. The board, a member of the board, or another person designated by the board who will be familiar with the substance of the proposed rule, shall preside at the oral proceeding on a proposed rule. If the board does not preside, the presiding officer shall prepare a memorandum for consideration by the board summarizing the contents of the presentations made at the oral proceeding unless the board determines that such a memorandum is unnecessary because the board will personally listen to or read the entire transcript of the oral proceeding.

d. Conduct of proceeding. At an oral proceeding on a proposed rule, persons may make oral statements and make documentary and physical submissions, which may include data, views, comments or arguments concerning the proposed rule. Persons wishing to make oral presentations at such a proceeding are encouraged to notify the board at least one business day prior to the proceeding and indicate the general subject of their presentations. At the proceeding, those who participate shall indicate their names and addresses, identify any persons or organizations they may represent, and provide any other information relating to their participation deemed appropriate by the presiding officer. Oral proceedings shall be open to the public and shall be recorded by stenographic or electronic means.

(1) At the beginning of the oral proceeding, the presiding officer shall give a brief synopsis of the proposed rule, a statement of the statutory authority for the proposed rule, and the reasons for the board decision to propose the rule. The presiding officer may place time limitations on individual oral presentations when necessary to ensure the orderly and expeditious conduct of the oral proceeding. To encourage joint oral presentations and to avoid repetition, additional time may be provided for persons whose presentations represent the views of other individuals as well as their own views.

(2) Persons making oral presentations are encouraged to avoid restating matters which have already been submitted in writing.

(3) To facilitate the exchange of information, the presiding officer may, where time permits, open the floor to questions or general discussion.

(4) The presiding officer shall have the authority to take any reasonable action necessary for the orderly conduct of the meeting.

(5) Physical and documentary submissions presented by participants in the oral proceeding shall be submitted to the presiding officer. Such submissions become the property of the board.

(6) The oral proceeding may be continued by the presiding officer to a later time without notice other than by announcement at the hearing.

(7) Participants in an oral proceeding shall not be required to take an oath or to submit to cross-examination. However, the presiding officer in an oral proceeding may question participants and permit the questioning of participants by other participants about any matter relating to that rule-making proceeding, including any prior written submissions made by those participants in that proceeding; but no participant shall be required to answer any question.

(8) The presiding officer in an oral proceeding may permit rebuttal statements and request the filing of written statements subsequent to the adjournment of the oral presentations.

28.5(4) Additional information. In addition to receiving written comments and oral presentations on a proposed rule according to the provisions of this rule, the board may obtain information concerning a proposed rule through any other lawful means deemed appropriate under the circumstances.

28.5(5) Accessibility. The board shall schedule oral proceedings in rooms accessible to and functional for persons with physical disabilities. Persons who have special requirements should contact the board of pharmacy examiners, telephone (515)281-5944, in advance to arrange access or other needed services.

657—28.6(17A) Regulatory analysis.

28.6(1) Definition of small business. A “small business” is defined in 1998 Iowa Acts, chapter 1202, section 10(7).

28.6(2) Mailing list. Small businesses or organizations of small businesses may be registered on the board’s small business impact list by making a written application addressed to the Iowa Board of Pharmacy Examiners, 400 S.W. Eighth Street, Suite E, Des Moines, Iowa 50309-4688. The application for registration shall state:

- a. The name of the small business or organization of small businesses;
- b. Its address;
- c. The name of a person authorized to transact business for the applicant;
- d. A description of the applicant's business or organization. An organization representing 25 or more persons who qualify as a small business shall indicate that fact.
- e. Whether the registrant desires copies of Notices of Intended Action at cost, or desires advance notice of the subject of all or some specific category of proposed rule making affecting small business.

The board may at any time request additional information from the applicant to determine whether the applicant is qualified as a small business or as an organization of 25 or more small businesses. The board may periodically send a letter to each registered small business or organization of small businesses asking whether that business or organization wishes to remain on the registration list. The name of a small business or organization of small businesses will be removed from the list if a negative response is received or if no response is received within 30 days after the letter is sent.

28.6(3) *Time of mailing.* Within seven days after submission of a Notice of Intended Action to the administrative rules coordinator for publication in the Iowa Administrative Bulletin, the board shall mail to all registered small businesses or organizations of small businesses, in accordance with their request, either a copy of the Notice of Intended Action or notice of the subject of that proposed rule making. In the case of a rule that may have an impact on small business adopted in reliance upon Iowa Code section 17A.4(2), the board shall mail notice of the adopted rule to registered businesses or organizations prior to the time the adopted rule is published in the Iowa Administrative Bulletin.

28.6(4) *Qualified requesters for regulatory analysis— economic impact.* The board shall issue a regulatory analysis of a proposed rule that conforms to the requirements of 1998 Iowa Acts, chapter 1202, section 10(2a), after a proper request from:

- a. The administrative rules coordinator or
- b. The administrative rules review committee.

28.6(5) *Qualified requesters for regulatory analysis— business impact.* The board shall issue a regulatory analysis of a proposed rule that conforms to the requirements of 1998 Iowa Acts, chapter 1202, section 10(2b), after a proper request from:

- a. The administrative rules review committee;
- b. The administrative rules coordinator;
- c. At least 25 or more persons who sign the request provided that each represents a different small business;
- d. An organization representing at least 25 small businesses. That organization shall list the name, address, and telephone number of not less than 25 small businesses it represents.

28.6(6) *Time period for analysis.* Upon receipt of a timely request for a regulatory analysis the board shall adhere to the time lines described in 1998 Iowa Acts, chapter 1202, section 10(4).

28.6(7) *Contents of request.* A request for a regulatory analysis is made when it is mailed or delivered to the board. The request shall be in writing and satisfy the requirements of 1998 Iowa Acts, chapter 1202, section 10(1).

28.6(8) *Contents of concise summary.* The contents of the concise summary shall conform to the requirements of 1998 Iowa Acts, chapter 1202, section 10(4,5).

28.6(9) *Publication of a concise summary.* The board shall make available, to the maximum extent feasible, copies of the published summary in conformance with 1998 Iowa Acts, chapter 1202, section 10(5).

28.6(10) *Regulatory analysis contents—rules review committee or rules coordinator.* When a regulatory analysis is issued in response to a written request from the administrative rules review committee or the administrative rules coordinator, the regulatory analysis shall conform to the requirements of 1998 Iowa Acts, chapter 1202, section 10(2a), unless a written request expressly waives one or more of the items listed in the section.

28.6(11) *Regulatory analysis contents—substantial impact on small business.* When a regulatory analysis is issued in response to a written request from the administrative rules review committee, the administrative rules coordinator, at least 25 persons signing that request who each qualify as a small

business, or by an organization representing at least 25 small businesses, the regulatory analysis shall conform to the requirements of 1998 Iowa Acts, chapter 1202, section 10(2b).

657—28.7(17A,25B) Fiscal impact statement.

28.7(1) A proposed rule that mandates additional combined expenditures exceeding \$100,000 by all affected political subdivisions or agencies and entities which contract with political subdivisions to provide services shall be accompanied by a fiscal impact statement outlining the costs associated with the rule. A fiscal impact statement shall satisfy the requirements of Iowa Code section 25B.6.

28.7(2) If the board determines at the time it adopts a rule that the fiscal impact statement upon which the rule is based contains errors, the board shall, at the same time, issue a corrected fiscal impact statement and publish the corrected fiscal impact statement in the Iowa Administrative Bulletin.

657—28.8(17A) Time and manner of rule adoption.

28.8(1) *Time of adoption.* The board shall not adopt a rule until the period for making written submissions and oral presentations has expired. Within 180 days after the later of the publication of the Notice of Intended Action, or the end of oral proceedings thereon, the board shall adopt a rule pursuant to the rule-making proceeding or terminate the proceeding by publication of a notice to that effect in the Iowa Administrative Bulletin.

28.8(2) *Consideration of public comment.* Before the adoption of a rule, the board shall consider fully all of the written submissions and oral submissions received in that rule-making proceeding, or any memorandum summarizing such oral submissions, and any regulatory analysis or fiscal impact statement issued in that rule-making proceeding.

28.8(3) *Reliance on board expertise.* Except as otherwise provided by law, the board may use its own experience, technical competence, specialized knowledge, and judgment in the adoption of a rule.

657—28.9(17A) Variance between adopted rule and published notice of proposed rule adoption.

28.9(1) The board shall not adopt a rule that differs from the rule proposed in the Notice of Intended Action on which the rule is based unless:

- a. The differences are within the scope of the subject matter announced in the Notice of Intended Action and are in character with the issues raised in that notice; and
- b. The differences are a logical outgrowth of the contents of that Notice of Intended Action and the comments submitted in response thereto; and
- c. The Notice of Intended Action provided fair warning that the outcome of that rule-making proceeding could be the rule in question.

28.9(2) In determining whether the Notice of Intended Action provided fair warning that the outcome of that rule-making proceeding could be the rule in question, the board shall consider the following factors:

- a. The extent to which persons who will be affected by the rule should have understood that the rule-making proceeding on which it is based could affect their interests;
- b. The extent to which the subject matter of the rule or the issues determined by the rule are different from the subject matter or issues contained in the Notice of Intended Action; and
- c. The extent to which the effects of the rule differ from the effects of the proposed rule contained in the Notice of Intended Action.

28.9(3) The board shall commence a rule-making proceeding within 60 days of its receipt of a petition for rule making seeking the amendment or repeal of a rule that differs from the proposed rule contained in the Notice of Intended Action upon which the rule is based, unless the board finds that the differences between the adopted rule and the proposed rule are so insubstantial as to make such a rule-making proceeding wholly unnecessary. A copy of any such finding and the petition to which it responds shall be sent to petitioner, the administrative rules coordinator, and the administrative rules review committee, within three days of its issuance.

28.9(4) Concurrent rule-making proceedings. Nothing in this rule disturbs the discretion of the board to initiate, concurrently, several different rule-making proceedings on the same subject with several different published Notices of Intended Action.

657—28.10(17A) Exemptions from public rule-making procedures.

28.10(1) *Omission of notice and comment*. To the extent the board for good cause finds that public notice and participation are unnecessary, impracticable, or contrary to the public interest in the process of adopting a particular rule, the board may adopt that rule without publishing advance Notice of Intended Action in the Iowa Administrative Bulletin and without providing for written or oral public submissions prior to its adoption. The board shall incorporate the required finding and a brief statement of its supporting reasons in each rule adopted in reliance upon this subrule.

28.10(2) *Categories exempt*. The following narrowly tailored categories of rules are exempt from the usual public notice and participation requirements because those requirements are unnecessary, impracticable, or contrary to the public interest with respect to each and every member of the defined class:

a. Temporary designation of controlled substances consistent with federal Drug Enforcement Administration action to add a substance to a drug schedule or to change the schedule within which a substance is controlled under the Controlled Substances Act.

b. Amend references to the Iowa Code, the Iowa Administrative Code, or the Code of Federal Regulations where such references change or are otherwise incorrect.

c. Change the name, address, or telephone number of the board of pharmacy examiners or an authorized contact person.

28.10(3) *Public proceedings on rules adopted without them*. The board may, at any time, commence a standard rule-making proceeding for the adoption of a rule that is identical or similar to a rule it adopts in reliance upon subrule 28.10(1). Upon written petition by a governmental subdivision, the administrative rules review committee, an agency, the administrative rules coordinator, an association having not less than 25 members, or at least 25 persons, the board shall commence a standard rule-making proceeding for any rule specified in the petition that was adopted in reliance upon subrule 28.10(1). Such a petition shall be filed within one year of the publication of the specified rule in the Iowa Administrative Bulletin as an adopted rule. The rule-making proceeding on that rule shall be commenced within 60 days of the receipt of such a petition. After a standard rule-making proceeding commenced pursuant to this subrule, the board may either readopt the rule it adopted without benefit of all usual procedures on the basis of subrule 28.10(1), or may take any other lawful action, including the amendment or repeal of the rule in question, with whatever further proceedings are appropriate.

657—28.11(17A) Concise statement of reasons.

28.11(1) *General*. When requested by a person, either prior to the adoption of a rule or within 30 days after its publication in the Iowa Administrative Bulletin as an adopted rule, the board shall issue a concise statement of reasons for the rule. Requests for such a statement shall be in writing and be delivered to the Iowa Board of Pharmacy Examiners, 400 S.W. Eighth Street, Suite E, Des Moines, Iowa 50309-4688. The request shall indicate whether the statement is sought for all or only a specified part of the rule. Requests will be considered made on the date received.

28.11(2) *Contents*. The concise statement of reasons shall contain:

a. The reasons for adopting the rule;

b. An indication of any change between the text of the proposed rule contained in the published Notice of Intended Action and the text of the rule as finally adopted, with the reasons for any such change;

c. The principal reasons urged in the rule-making proceeding for and against the rule, and the board's reasons for overruling the arguments made against the rule.

28.11(3) *Time of issuance*. After a proper request, the board shall issue a concise statement of reasons by the later of the time the rule is adopted or 35 days after receipt of the request.

657—28.12(17A) Contents, style, and form of rule.

28.12(1) Contents. Each rule adopted by the board shall contain the text of the rule and, in addition:

- a. The date the board adopted the rule;
- b. A brief explanation of the principal reasons for the rule-making action if such reasons are required by 1998 Iowa Acts, chapter 1202, section 8, or the board in its discretion decides to include such reasons;
- c. A reference to all rules repealed, amended, or suspended by the rule;
- d. A reference to the specific statutory or other authority authorizing adoption of the rule;
- e. Any findings required by any provision of law as a prerequisite to adoption or effectiveness of the rule;
- f. A brief explanation of the principal reasons for the failure to provide for waivers to the rule if no waiver provision is included and a brief explanation of any waiver or special exceptions provided in the rule if such reasons are required by 1998 Iowa Acts, chapter 1202, section 8, or the board in its discretion decides to include such reasons; and
- g. The effective date of the rule.

28.12(2) Incorporation by reference. The board may incorporate by reference in a proposed or adopted rule, and without causing publication of the incorporated matter in full, all or any part of a code, standard, rule, or other matter if the board finds that the incorporation of its text in the board proposed or adopted rule would be unduly cumbersome, expensive, or otherwise inexpedient. The reference in the board proposed or adopted rule shall fully and precisely identify the incorporated matter by location, title, citation, date, and edition, if any; shall briefly indicate the precise subject and the general contents of the incorporated matter; and shall state that the proposed or adopted rule does not include any later amendments or editions of the incorporated matter. The board may incorporate such matter by reference in a proposed or adopted rule only if the board makes copies of it readily available to the public. The rule shall state how and where copies of the incorporated matter may be obtained at cost from the board, and how and where copies may be obtained from the agency of the United States, this state, another state, or the organization, association, or persons, originally issuing that matter. The board shall retain permanently a copy of any materials incorporated by reference in a rule of the board.

If the board adopts standards by reference to another publication, it shall provide a copy of the publication containing the standards to the administrative rules coordinator for deposit in the state law library and may make the standards available electronically.

28.12(3) References to materials not published in full. When the administrative code editor decides to omit the full text of a proposed or adopted rule because publication of the full text would be unduly cumbersome, expensive, or otherwise inexpedient, the board shall prepare and submit to the administrative code editor for inclusion in the Iowa Administrative Bulletin and Iowa Administrative Code a summary statement describing the specific subject matter of the omitted material. This summary statement shall include the title and a brief description sufficient to inform the public of the specific nature and subject matter of the proposed or adopted rules and of significant issues involved in these rules. The summary statement shall also describe how a copy of the full text of the proposed or adopted rule, including any unpublished matter and any matter incorporated by reference, may be obtained from the board. The board will provide a copy of that full text, at actual cost upon request, and shall make copies of the full text available for review at the state law library and may make the standards available electronically.

At the request of the administrative code editor, the board shall provide a proposed statement explaining why publication of the full text would be unduly cumbersome, expensive, or otherwise inexpedient.

28.12(4) Style and form. In preparing its rules, the board shall follow the uniform numbering system, form, and style prescribed by the administrative rules coordinator.

657—28.13(17A) Board rule-making record.

28.13(1) Requirement. The board shall maintain an official rule-making record for each rule it proposes by publication in the Iowa Administrative Bulletin of a Notice of Intended Action or adopts. The rule-making record and materials incorporated by reference shall be available for public inspection.

28.13(2) Contents. The board rule-making record shall contain:

a. Copies of all publications in the Iowa Administrative Bulletin with respect to the rule or the proceeding upon which the rule is based and any file-stamped copies of board submissions to the administrative rules coordinator concerning that rule or the proceeding upon which it is based;

b. Copies of any portions of the board's public rule-making docket containing entries relating to the rule or the proceeding upon which the rule is based;

c. All written petitions, requests, and submissions received by the board, and all other written materials of a factual nature as distinguished from opinion that are relevant to the merits of the rule and that were created or compiled by the board and considered by the board, in connection with the formulation, proposal, or adoption of the rule or the proceeding upon which the rule is based, except to the extent the board is authorized by law to keep them confidential; provided, however, that when any such materials are deleted because they are authorized by law to be kept confidential, the board shall identify in the record the particular materials deleted and state the reasons for that deletion;

d. Any official transcript of oral presentations made in the proceeding upon which the rule is based or, if not transcribed, the stenographic record or electronic recording of those presentations, and any memorandum prepared by a presiding officer summarizing the contents of those presentations;

e. A copy of any regulatory analysis or fiscal impact statement prepared for the proceeding upon which the rule is based;

f. A copy of the rule and any concise statement of reasons prepared for that rule;

g. All petitions for amendment of, or repeal or suspension of, the rule;

h. A copy of any objection to the issuance of that rule without public notice and participation that was filed pursuant to Iowa Code section 17A.4(2) by the administrative rules review committee, the governor, or the attorney general;

i. A copy of any objection to the rule filed by the administrative rules review committee, the governor, or the attorney general pursuant to Iowa Code section 17A.4(4), and any board response to that objection;

j. A copy of any significant written criticism of the rule, including a summary of any petitions for waiver of the rule; and

k. A copy of any executive order concerning the rule.

28.13(3) Effect of record. Except as otherwise required by a provision of law, the board rule-making record required by this rule need not constitute the exclusive basis for board action on that rule.

28.13(4) Maintenance of record. The board shall maintain the rule-making record for a period of not less than five years from the later of the date the rule to which it pertains became effective or the date of the Notice of Intended Action. The board shall maintain a record of significant written criticism as described in 28.13(2), paragraphs "g," "h," "i," or "j," for a period of not less than five years from the date of the written criticism.

657—28.14(17A) Filing of rules. The board shall file each rule it adopts in the office of the administrative rules coordinator. The filing shall be executed as soon after adoption of the rule as is practicable. At the time of filing, each rule shall have attached to it any fiscal impact statement and any concise statement of reasons that was issued with respect to that rule. If a fiscal impact statement or statement of reasons for that rule was not issued until a time subsequent to the filing of that rule, the note or statement shall be attached to the filed rule within five working days after the note or statement is issued. In filing a rule, the board shall use the standard form prescribed by the administrative rules coordinator.

657—28.15(17A) Effectiveness of rules prior to publication.

28.15(1) *Grounds.* The board may make a rule effective after its filing at any stated time prior to 35 days after its indexing and publication in the Iowa Administrative Bulletin if it finds that a statute so provides, the rule confers a benefit or removes a restriction on some segment of the public, or that the effective date of the rule is necessary to avoid imminent peril to the public health, safety, or welfare. The board shall incorporate the required finding and a brief statement of its supporting reasons in each rule adopted in reliance upon this subrule.

28.15(2) *Special notice.* When the board makes a rule effective prior to its indexing and publication in reliance upon the provisions of Iowa Code section 17A.5(2)“b”(3), the board shall employ all reasonable efforts to make its contents known to the persons who may be affected by that rule prior to the rule’s indexing and publication. The term “all reasonable efforts” requires the board to employ the most effective and prompt means of notice rationally calculated to inform potentially affected parties of the effectiveness of the rule that is justified and practical under the circumstances considering the various alternatives available for this purpose, the comparative costs to the board of utilizing each of those alternatives, and the harm suffered by affected persons from any lack of notice concerning the contents of the rule prior to its indexing and publication. The means that may be used for providing notice of such rules prior to their indexing and publication include, but are not limited to, any one or more of the following means: radio, newspaper, television, signs, mail, telephone, personal notice, electronic transmission, newsletter, or other timely publication.

A rule made effective prior to its indexing and publication in reliance upon the provisions of Iowa Code section 17A.5(2)“b”(3) shall include in that rule a statement describing the reasonable efforts that will be used to comply with the requirements of this subrule.

657—28.16(17A) General statements of policy.

28.16(1) *Compilation, indexing, public inspection.* The board shall maintain an official, current, and dated compilation that is indexed by subject containing all of its general statements of policy within the scope of Iowa Code section 17A.2(10)“a,” “c,” “f,” “g,” “h,” and “k.” Each addition to, change in, or deletion from the official compilation shall also be dated, indexed, and a record maintained. Except for those portions containing rules governed by Iowa Code section 17A.2(7)“f,” or otherwise authorized by law to be kept confidential, the compilation shall be made available for public inspection and copying.

28.16(2) *Enforcement of requirements.* A general statement of policy subject to the requirements of this rule shall not be relied on by the board to the detriment of any person who does not have actual, timely knowledge of the contents of the statement until the requirements of subrule 28.16(1) are satisfied. This provision is inapplicable to the extent necessary to avoid imminent peril to the public health, safety, or welfare.

657—28.17(17A) Review by board of rules.

28.17(1) Any interested person, association, agency, or political subdivision may submit a written request to the administrative rules coordinator requesting the board to conduct a formal review of a specified rule. Upon approval of that request by the administrative rules coordinator, the board shall conduct a formal review of a specified rule to determine whether a new rule should be adopted or the rule should be amended or repealed. The board may refuse to conduct a review if it has conducted such a review of the specified rule within five years prior to the filing of the written request.

28.17(2) In conducting the formal review, the board shall prepare, within a reasonable time, a written report summarizing its findings, its supporting reasons, and any proposed course of action. The report shall include a concise statement of the board’s findings regarding the rule’s effectiveness in achieving its objectives, including a summary of any available supporting data. The report shall also concisely describe significant written criticisms of the rule received during the previous five years, including a summary of any petitions for waiver of the rule received by the board or granted by the board. The report shall describe alternative solutions to resolve the criticisms of the rule, the reasons any were rejected, and any changes made in the rule in response to the criticisms as well as the reasons for the changes. A copy

of the board's report shall be sent to the administrative rules review committee and the administrative rules coordinator. The report shall also be available for public inspection.

These rules are intended to implement Iowa Code sections 17A.3 to 17A.7 as amended by 1998 Iowa Acts, chapter 1202.

[Filed 4/22/99, Notice 3/10/99—published 5/19/99, effective 6/23/99]

[Filed emergency 10/6/99—published 11/3/99, effective 10/11/99]

CHAPTER 29
SALES OF GOODS AND SERVICES

657—29.1(68B) Selling of goods or services by members of the board. The board members shall not sell, either directly or indirectly, any goods or services to individuals, associations, or corporations that are subject to the regulatory authority of the board of pharmacy examiners except as authorized by these rules.

657—29.2(68B) Conditions of consent for board members. Consent shall be given by a majority of the members of the board. Consent shall not be given to a board member to sell goods or services to an individual, association, or corporation regulated by the board unless all of the following conditions are met:

29.2(1) The board member requesting consent does not have authority to determine whether consent should be given.

29.2(2) The board member's duties or functions are not related to the board's regulatory authority over the individual, association, or corporation to whom the goods and services are being sold, or the selling of the good or service does not affect the board member's duties or functions.

29.2(3) The selling of the good or service does not include acting as an advocate on behalf of the individual, association, or corporation to the board.

29.2(4) The selling of the good or service does not result in the board member selling a good or service to the board on behalf of the individual, association, or corporation.

657—29.3(68B) Authorized sales.

29.3(1) A member of the board may sell goods or services to any individual, association, or corporation regulated by any division within the department of public health, other than the board of pharmacy examiners. This consent is granted because the sale of such goods or services does not affect the board member's duties or functions on the board.

29.3(2) A member of the board may sell goods or services to any individual, association, or corporation regulated by the board of pharmacy examiners if those goods or services are routinely provided to the public as part of that person's regular professional practice. This consent is granted because the sale of such goods or services does not affect the board member's duties or functions on the board. In the event an individual, association, or corporation to whom a board member sells goods or services is directly involved in any matter pending before the board, including a disciplinary matter, that board member shall not participate in any deliberation or decision concerning that matter. In the event a complaint is filed with the board concerning the services provided by the board member to a member of the public, that board member is otherwise prohibited by law from participating in any discussion or decision by the board in that case.

29.3(3) Individual application and approval are not required for the sales authorized by this rule unless there are unique facts surrounding a particular sale which would cause the sale to affect the board member's duties or functions, would give the buyer an advantage in dealing with the board, or would otherwise present a conflict of interest.

657—29.4(68B) Application for consent. Prior to selling a good or service to an individual, association, or corporation subject to the regulatory authority of the board of pharmacy examiners, a board member must obtain prior written consent unless the sale is specifically allowed in rule 29.3(68B). The request for consent must be in writing, signed by the board member requesting consent. The application must provide a clear statement of all relevant facts concerning the sale. The application should identify the parties to the sale and the amount of compensation. The application should also explain why the sale should be allowed.

657—29.5(68B) Limitation of consent. Consent shall be in writing and shall be valid only for the activities and the time period specifically described in the consent. Consent can be revoked at any time by a majority vote of the members of the board upon written notice to the board member. A consent

provided under these rules does not constitute authorization for any activity which is a conflict of interest under common law or which would violate any other statute or rule.

It is the responsibility of the board member requesting consent to ensure compliance with all other applicable laws and rules.

These rules are intended to implement Iowa Code section 68B.4.

[Filed 6/24/94, Notice 4/13/94—published 7/20/94, effective 8/24/94]

CHAPTER 30
IOWA MONITORING PROGRAM FOR PHARMACY PROFESSIONALS

657—30.1(272C) Iowa monitoring program for pharmacy professionals committee. Pursuant to the authority of Iowa Code section 272C.3(1) “k,” the board establishes the committee for the Iowa monitoring program for pharmacy professionals. The purpose of the committee is to provide a program to support the evaluation and monitoring of licensees who are impaired as a result of alcohol or drug abuse, dependency, or addiction, or by any mental or physical disorder or disability, while protecting the health, safety and welfare of the public.

[ARC 2834C, IAB 12/7/16, effective 1/11/17]

657—30.2(272C) Definitions. For purposes of these rules, the following definitions shall apply:

“*Board*” means the Iowa board of pharmacy.

“*Committee*” means the Iowa monitoring program for pharmacy professionals committee.

“*Contract*” means the written document executed by an applicant or licensee and the committee after the committee receives a report from an approved treatment provider, which establishes the terms for participation in the program.

“*Impairment*” means an inability, or significant potential for inability, to practice with reasonable safety and skill as a result of a diagnosed substance use disorder or any diagnosed mental or physical health condition.

“*Initial agreement*” means the written document establishing the initial terms for participation in the program.

“*Licensee*” means a pharmacist licensed by the board, a pharmacist-intern registered with the board, or a pharmacy technician registered with the board.

“*Participant*” means an applicant or licensee who does any of the following: self-reports an impairment to the program, is referred to the program by the board, signs an initial agreement with the committee, or signs a contract with the committee.

“*Program*” means the Iowa monitoring program for pharmacy professionals.

“*Self-report*” means that an applicant or licensee provides written notification to the program that the applicant or licensee has been, is, or may be impaired. Information related to impairment or a potential impairment which is provided on a license application or renewal form may be considered a self-report.

[ARC 2834C, IAB 12/7/16, effective 1/11/17]

657—30.3(272C) Organization of the committee. The board shall appoint the members of the Iowa monitoring program for pharmacy professionals committee.

30.3(1) Membership. The membership of the committee includes, but is not limited to:

- a. The executive director of the board or the director’s designee from board staff;
- b. One representative from the Drake University College of Pharmacy and Health Sciences;
- c. One representative from the University of Iowa College of Pharmacy;
- d. One board of pharmacy licensee who has maintained sobriety for a period of no less than two years following successful completion of a recovery program;
- e. One health care professional with expertise in substance use disorders;
- f. One health care professional with expertise in mental health; and
- g. One public member.

30.3(2) Officers. At the last meeting of each calendar year, the committee shall elect a chairperson and a vice chairperson, each of whom will begin serving a one-year term on January 1.

a. The chairperson is responsible for offering guidance and direction to staff between regularly scheduled committee meetings, including guidance and direction concerning program descriptions, interim restrictions on practice, and negotiation and execution of initial agreements and contracts on behalf of the committee. The committee retains authority to review all interim decisions at its discretion.

b. The vice chairperson is responsible for providing guidance and direction to staff between regularly scheduled committee meetings if the chairperson is unavailable or unable to assist in a particular matter.

30.3(3) Terms. Committee members, except the executive director or designee, shall be appointed for three-year terms and shall serve for a maximum of three terms. Each term shall expire on December 31 of the third year of the term.

[ARC 2834C, IAB 12/7/16, effective 1/11/17]

657—30.4(272C) Eligibility.

30.4(1) Self-report. An applicant or a licensee shall self-report an impairment or potential impairment directly to the program.

30.4(2) Board referral. The board may refer an applicant or licensee to the program if a complaint or investigation reveals an impairment or potential impairment and the board determines that the applicant or licensee is an appropriate candidate for review by the committee. The board may refer a licensee to the program in a public disciplinary order or other public order.

30.4(3) Review by the committee. The committee will determine on a case-by-case basis whether an applicant or licensee who self-reports or is referred by the board is an appropriate candidate for participation in the program. Several factors may lead to the committee's determination that an applicant or licensee is ineligible to participate in the program, including but not limited to if the committee finds sufficient evidence that the applicant or licensee:

- a. Diverted drugs for distribution to third parties or for personal profit;
- b. Adulterated, misbranded, or otherwise tampered with drugs intended for a patient;
- c. Provided inaccurate, misleading, or fraudulent information or failed to fully cooperate with the committee;
- d. Participated in the program, or a similar program offered by another state, without success; or
- e. Failed to sign an initial agreement or a contract when offered by the committee.

30.4(4) Discretion. Eligibility of a person to participate in the program is at the sole discretion of the committee. No person is entitled to participate in the program.

30.4(5) Authority and jurisdiction. Participation in the program does not divest the board of its authority or jurisdiction over the participant. A participant with an impairment or potential impairment may be eligible to participate in the program while being subject to investigation or discipline by the board for matters other than the alleged impairment.

[ARC 2834C, IAB 12/7/16, effective 1/11/17]

657—30.5(272C) Terms of participation. A participant shall agree to comply with the program terms of participation established in the initial agreement and the contract. Participants will be responsible for all expenses incurred to comply with the terms imposed by the program. Terms of participation specified in the contract shall include, but not be limited to:

30.5(1) Duration. The length of time a participant may participate in the program shall be determined by the committee in accordance with the following:

a. Participation in the program for participants impaired as a result of a substance use disorder is set at a minimum of three years. The committee may offer a contract with a shorter duration to a participant who can demonstrate successful participation in another state's monitoring program, who can document similar experience, or who, as a board referral, has successfully completed a portion of the monitoring period established in the board order.

b. Length of participation in the program for participants with impairments resulting from mental or physical conditions will vary depending upon the recommendations provided by health care providers and the determination of the committee following review of all relevant information.

30.5(2) Requirements. The committee shall establish terms of participation designed to meet the specific needs of a participant. The committee shall determine the type of recovery, rehabilitation, or maintenance program required to treat the participant's impairment. The contract shall provide a detailed description of the goals of the program, the requirements for successful participation, and the participant's obligations therein. The committee may establish terms of participation specific to a participant's impairment including, but not limited to, the following: treatment, aftercare, worksite monitoring, chemical screening, further evaluations, structured recovery meetings, therapy, and medication management.

30.5(3) Practice restrictions. The committee may impose restrictions on the license to practice as a term of the initial agreement or contract until such time as the committee receives a report from an approved evaluator, and the committee determines, based on all relevant information, that the participant is capable of practicing with reasonable skill and safety. As a condition of participation in the program, a licensee is required to agree to restricted practice in accordance with the terms specified in the initial agreement or contract. In the event the licensee refuses to agree to or comply with the practice restrictions, the committee shall refer the licensee to the board for appropriate action.

30.5(4) Noncompliance. Noncompliance is the failure to adhere to the terms of the initial agreement or contract. Participants shall promptly notify the committee of any instances of noncompliance, including relapse. Any instances of significant noncompliance shall be reported by the committee to the board. The report shall include a description of the noncompliance and the committee's recommendation as to whether the participant should remain in the program.

[ARC 2834C, IAB 12/7/16, effective 1/11/17]

657—30.6(272C) Confidentiality. Information in the possession of the board or the committee shall be subject to the confidentiality requirements of Iowa Code section 272C.6. Information about participants in the program shall not be disclosed except as provided in this rule.

30.6(1) The committee is authorized, pursuant to Iowa Code section 272C.6(4), to communicate information about a current or former program participant to the applicable regulatory authorities or licensee monitoring programs in the state of Iowa and in any jurisdiction of the United States or foreign nations in which the participant is currently licensed or in which the participant seeks licensure. Program participants must report their participation to the applicable monitoring program or licensing authority in any state in which the participant is currently licensed or in which the participant seeks licensure.

30.6(2) The committee is authorized to communicate information about a program participant to any person assisting in the participant's treatment, recovery, rehabilitation, monitoring, or maintenance for the duration of the contract.

30.6(3) The committee is authorized to communicate information about a program participant to the board in the event a participant does not comply with the terms of the contract as set forth in rule 657—30.5(272C). The committee may provide the board with a participant's program file in the event the participant does not comply with the terms of the contract and the committee refers the case to the board for the filing of formal disciplinary charges or other appropriate action. If the board initiates disciplinary action against a licensee for noncompliance with the terms of the contract, the board may include in the public disciplinary documents information about a licensee's participation in the program. The committee is also authorized to communicate information about a participant to the board in the event that the participant is under investigation by the board.

30.6(4) The committee is authorized to communicate information about a current or former program participant to the board if reliable information held by the committee reasonably indicates that a significant risk to the public exists. If the board initiates disciplinary action based upon this information, the board may include in the public disciplinary documents information about a licensee's participation if necessary to address impairment issues related to the violations which are the subject of the disciplinary action.

[ARC 2834C, IAB 12/7/16, effective 1/11/17]

657—30.7(28E) Authority for 28E agreements. The committee may enter into 28E agreements with other health professional licensing boards to evaluate, assist, and monitor impaired licensees from other health professions who self-report and to report to those professional licensing boards regarding the compliance of individual licensees. In the event of noncompliance, the licensee may be referred to the appropriate licensing board for appropriate disciplinary action.

[ARC 2834C, IAB 12/7/16, effective 1/11/17]

These rules are intended to implement Iowa Code section 272C.3(1) "k."

CHAPTER 31
STUDENT LOAN DEFAULT OR NONCOMPLIANCE
WITH AGREEMENT FOR PAYMENT OF OBLIGATION

657—31.1(261) Definitions. For the purpose of this chapter, the following definitions shall apply:

“*Act*” means Iowa Code sections 261.121 to 261.127.

“*Board*” means the Iowa board of pharmacy examiners.

“*Certificate*” means a document known as a certificate of noncompliance from the college student aid commission certifying that the named licensee is not in compliance with the terms of an agreement for payment of a student loan obligation.

“*Commission*” means the college student aid commission.

“*Denial notice*” means a board notification denying an application for the issuance or renewal of a license as required by the Act.

“*License*” means a license to practice pharmacy, a registration to practice as a pharmacist-intern, a registration to practice as a pharmacy technician, a registration to practice as a pharmacy support person, or a registration to possess, prescribe, dispense, administer, distribute, or otherwise handle controlled substances under Iowa Code chapter 124.

“*Licensee*” means an individual to whom a license has been issued or who is seeking the issuance of a license.

“*Revocation or suspension notice*” means a board notification suspending a license for an indefinite or specified period of time or a notification revoking a license as required by the Act.

“*Withdrawal certificate*” means a document known as a withdrawal of a certificate of noncompliance provided by the commission certifying that the certificate is withdrawn and that the board may proceed with issuance, reinstatement, or renewal of a license.

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—31.2(261) Issuance or renewal of a license—denial. The board shall deny the issuance or renewal of a license upon receipt of a certificate from the commission according to the procedures set forth in Iowa Code sections 261.121 to 261.127.

31.2(1) Service of denial notice. Notice shall be served upon the licensee by restricted certified mail, return receipt requested, or by personal service in accordance with the Iowa Rules of Civil Procedure. Alternatively, the licensee may accept service personally or through authorized counsel.

31.2(2) Effective date of denial. The effective date of the denial of issuance or renewal of a license, as specified in the notice, shall be 60 days following service of the notice upon the licensee.

31.2(3) Preparation and service of denial notice. The executive secretary/director of the board is authorized to prepare and serve the notice upon the licensee.

31.2(4) Licensee responsible to inform board. Licensees shall keep the board informed of all court actions and all commission actions taken under or in connection with the Act and shall provide the board copies, within seven days of filing or issuance, of all applications filed with the district court pursuant to Iowa Code section 261.127, all court orders entered in such actions, and any withdrawal certificates issued by the commission.

31.2(5) Reinstatement following license denial. All board fees required for application, license renewal, or license reinstatement shall be paid by licensees, and all continuing education requirements shall be met, before a license will be issued, renewed, or reinstated after the board has denied the issuance or renewal of a license pursuant to the Act.

31.2(6) Effect of filing in district court. In the event a licensee timely files a district court action following service of a board notice pursuant to Iowa Code sections 261.126 and 261.127, the board shall continue with the intended action described in the notice upon the receipt of a court order lifting the stay, dismissing the action, or otherwise directing the board to proceed. For purposes of determining the effective date of the denial of the issuance or renewal of a license, the board shall count the number of days before the action was filed and the number of days after the action was disposed by the court.

31.2(7) Final notification. The board shall notify the licensee in writing through regular first-class mail, or such other means as the board deems appropriate in the circumstances, within ten days of the effective date of the denial of the issuance or renewal of a license and shall similarly notify the licensee when the license is issued or renewed following the board's receipt of a withdrawal certificate.

657—31.3(261) Suspension or revocation of a license. The board shall suspend or revoke a license upon receipt of a certificate from the commission according to the procedures set forth in the Act. This rule shall apply in addition to the procedures set forth in the Act.

31.3(1) Service of revocation or suspension notice. Notice shall be served upon the licensee by restricted certified mail, return receipt requested, or by personal service in accordance with the Iowa Rules of Civil Procedure. Alternatively, the licensee may accept service personally or through authorized counsel.

31.3(2) Effective date of revocation or suspension. The effective date of the revocation or suspension of a license, as specified in the notice, shall be 60 days following service of the notice upon the licensee.

31.3(3) Preparation and service of revocation or suspension notice. The executive secretary/director of the board is authorized to prepare and serve the notice upon the licensee and is directed to notify the licensee that the license will be suspended unless the license is already suspended on other grounds. In the event that the license is on suspension, the executive secretary/director shall notify the licensee of the board's intention to revoke the license.

31.3(4) Licensee responsible to inform board. Licensees shall keep the board informed of all court actions and all commission actions taken under or in connection with the Act and shall provide the board copies, within seven days of filing or issuance, of all applications filed with the district court pursuant to Iowa Code section 261.127, all court orders entered in such actions, and any withdrawal certificates issued by the commission.

31.3(5) Reinstatement following license suspension, revocation, or denial of renewal. All board fees required for license renewal or license reinstatement shall be paid by licensees, and all continuing education requirements shall be met, before a license will be renewed or reinstated after the board has suspended a license pursuant to the Act. A licensee whose license to practice pharmacy has been revoked shall complete the examination components as indicated in rule 657—2.10(155A) and shall pay all required examination fees pursuant to rule 657—2.2(147). A licensee whose registration to practice as a pharmacist-intern, as a pharmacy technician, or as a pharmacy support person or whose registration to handle controlled substances under Iowa Code chapter 124 has been revoked shall complete application and pay all board fees required for new registration.

31.3(6) Effect of filing in district court. In the event a licensee timely files a district court action following service of a board notice pursuant to Iowa Code sections 261.126 and 261.127, the board shall continue with the intended action described in the notice upon the receipt of a court order lifting the stay, dismissing the action, or otherwise directing the board to proceed. For purposes of determining the effective date of the suspension or revocation of a license, the board shall count the number of days before the action was filed and the number of days after the action was disposed by the court.

31.3(7) Final notification. The board shall notify the licensee in writing through regular first-class mail, or such other means as the board deems appropriate in the circumstances, within ten days of the effective date of the suspension or revocation of a license and shall similarly notify the licensee when the license is reinstated following the board's receipt of a withdrawal certificate.

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—31.4(17A,22,261) Share information. Notwithstanding any statutory confidentiality provision, the board may share information with the commission through manual or automated means for the sole purpose of identifying applicants or licensees subject to enforcement under the Act.

These rules are intended to implement Iowa Code sections 261.121 to 261.127.

[Filed 2/22/99, Notice 10/21/98—published 3/10/99, effective 4/14/99]

[Filed ARC 8673B (Notice ARC 8380B, IAB 12/16/09), IAB 4/7/10, effective 6/1/10]

CHAPTER 32
NONPAYMENT OF STATE DEBT

657—32.1(272D) Definitions. For the purpose of this chapter, the following definitions shall apply:

“*Act*” means Iowa Code chapter 272D.

“*Board*” means the Iowa board of pharmacy.

“*Certificate*” means a document known as a certificate of noncompliance provided by the unit certifying that the named licensee has outstanding liability placed with the unit and has not entered into an approved payment plan to pay the liability.

“*Denial notice*” means a board notification denying an application for the issuance or renewal of a license as required by the Act.

“*Liability*” means a debt or obligation placed with the unit for collection that is greater than \$1000. For purposes of this chapter, “liability” does not include support payments collected pursuant to Iowa Code chapter 252J.

“*License*” means a license to practice pharmacy, a registration to practice as a pharmacist-intern, a registration to practice as a pharmacy technician, a registration to practice as a pharmacy support person, or a registration to possess, prescribe, dispense, administer, distribute, or otherwise handle controlled substances under Iowa Code chapter 124.

“*Licensee*” means an individual to whom a license has been issued or who is seeking the issuance of a license.

“*Revocation or suspension notice*” means a board notification suspending a license for an indefinite or specified period of time or a notification revoking a license as required by the Act.

“*Unit*” means the centralized collection unit of the department of revenue.

“*Withdrawal certificate*” means a document known as a withdrawal of a certificate of noncompliance provided by the unit certifying that the certificate is withdrawn and that the board may proceed with issuance, reinstatement, or renewal of a license.

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—32.2(272D) Issuance or renewal of a license—denial. The board shall deny the issuance or renewal of a license upon receipt of a certificate from the unit according to the procedures set forth in the Act.

32.2(1) Service of denial notice. Notice shall be served upon the licensee by restricted certified mail, return receipt requested, or by personal service in accordance with the Iowa Rules of Civil Procedure. Alternatively, the licensee may accept service personally or through authorized counsel.

32.2(2) Effective date of denial. The effective date of the denial of issuance or renewal of a license, as specified in the notice, shall be 60 days following service of the notice upon the licensee.

32.2(3) Preparation and service of denial notice. The executive director of the board is authorized to prepare and serve the notice upon the licensee.

32.2(4) Licensee responsible to inform board. Licensees shall keep the board informed of all court actions and all unit actions taken under or in connection with the Act and shall provide the board copies, within seven days of filing or issuance, of all applications filed with the district court pursuant to Iowa Code section 272D.9, all court orders entered in such actions, and any withdrawal certificates issued by the unit.

32.2(5) Reinstatement following license denial. All board fees required for application, license renewal, or license reinstatement shall be paid by the licensee and all continuing education requirements shall be met before a license will be issued, renewed, or reinstated after the board has denied the issuance or renewal of a license pursuant to the Act.

32.2(6) Effect of filing in district court. In the event a licensee timely files a district court action following service of a board notice pursuant to Iowa Code sections 272D.8 and 272D.9, the board shall continue with the intended action described in the notice upon the receipt of a court order lifting the stay, dismissing the action, or otherwise directing the board to proceed. For purposes of determining the

effective date of the denial of the issuance or renewal of a license, the board shall count the number of days before the action was filed and the number of days after the action was disposed of by the court.

32.2(7) *Final notification.* The board shall notify the licensee in writing through regular first-class mail, or such other means as the board deems appropriate in the circumstances, within ten days of the effective date of the denial of the issuance or renewal of a license and shall similarly notify the licensee when the license is issued or renewed following the board's receipt of a withdrawal certificate.

657—32.3(272D) Suspension or revocation of a license. The board shall suspend or revoke a license upon receipt of a certificate from the unit according to the procedures set forth in the Act. This rule shall apply in addition to the procedures set forth in the Act.

32.3(1) *Service of revocation or suspension notice.* Notice shall be served upon the licensee by restricted certified mail, return receipt requested, or by personal service in accordance with the Iowa Rules of Civil Procedure. Alternatively, the licensee may accept service personally or through authorized counsel.

32.3(2) *Effective date of revocation or suspension.* The effective date of the revocation or suspension of a license, as specified in the notice, shall be 60 days following service of the notice upon the licensee.

32.3(3) *Preparation and service of revocation or suspension notice.* The executive director of the board is authorized to prepare and serve the notice upon the licensee and is directed to notify the licensee that the license will be suspended unless the license is already suspended on other grounds. In the event that the license is on suspension, the executive director shall notify the licensee of the board's intention to revoke the license.

32.3(4) *Licensee responsible to inform board.* Licensees shall keep the board informed of all court actions and all unit actions taken under or in connection with the Act and shall provide the board copies, within seven days of filing or issuance, of all applications filed with the district court pursuant to Iowa Code section 272D.9, all court orders entered in such actions, and any withdrawal certificates issued by the unit.

32.3(5) *Reinstatement following license suspension, revocation, or denial of renewal.* All board fees required for license renewal or license reinstatement shall be paid by the licensee and all continuing education requirements shall be met before a license will be renewed or reinstated after the board has suspended a license pursuant to the Act. A licensee whose license to practice pharmacy has been revoked shall complete the examination components as indicated in rule 657—2.10(155A) and shall pay all required examination fees pursuant to rule 657—2.2(155A). A licensee whose registration to practice as a pharmacist-intern, as a pharmacy technician, or as a pharmacy support person or whose registration to handle controlled substances under Iowa Code chapter 124 has been revoked shall complete application and pay all board fees required for new registration.

32.3(6) *Effect of filing in district court.* In the event a licensee timely files a district court action following service of a board notice pursuant to Iowa Code sections 272D.8 and 272D.9, the board shall continue with the intended action described in the notice upon the receipt of a court order lifting the stay, dismissing the action, or otherwise directing the board to proceed. For purposes of determining the effective date of the suspension or revocation of a license, the board shall count the number of days before the action was filed and the number of days after the action was disposed of by the court.

32.3(7) *Final notification.* The board shall notify the licensee in writing through regular first-class mail, or such other means as the board deems appropriate in the circumstances, within ten days of the effective date of the suspension or revocation of a license and shall similarly notify the licensee when the license is reinstated following the board's receipt of a withdrawal certificate.

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—32.4(17A,22,272D) Share information. Notwithstanding any statutory confidentiality provision, the board may share information with the unit through manual or automated means for the sole purpose of identifying applicants or licensees subject to enforcement under the Act.

These rules are intended to implement Iowa Code chapter 272D.

[Filed 11/24/08, Notice 10/8/08—published 12/17/08, effective 1/21/09]

[Filed ARC 8673B (Notice ARC 8380B, IAB 12/16/09), IAB 4/7/10, effective 6/1/10]

CHAPTER 33
MILITARY SERVICE AND VETERAN RECIPROCITY

657—33.1(85GA,ch1116) Definitions. For the purposes of this chapter, the following definitions shall apply:

“Military service” means honorably serving on federal active duty, state active duty, or national guard duty, as defined in Iowa Code section 29A.1; in the military services of other states, as provided in 10 U.S.C. Section 101(c); or in the organized reserves of the United States, as provided in 10 U.S.C. Section 10101.

“Military service applicant” means an individual requesting credit toward licensure or registration requirements for education, training, or service obtained or completed in military service.

“Veteran” means an individual who meets the definition of “veteran” in Iowa Code section 35.1(2). [ARC 1789C, IAB 12/10/14, effective 1/14/15]

657—33.2(85GA,ch1116) Military education, training, and service credit. A military service applicant may apply for credit for verified military education, training, or service toward any experiential or educational requirement for pharmacist licensure, pharmacist-intern registration, or technician registration by submitting a military service credit application form to the board office. The board shall make available an application for military service credit.

33.2(1) Military service credit application. A military service credit application may be submitted with an application for licensure, examination, or registration or may be submitted prior to the submission of an application for licensure, examination, or registration. No fee is required with submission of a military service credit application.

33.2(2) Credit identified. The applicant shall identify the experiential or educational licensure or registration requirement to which the credit would be applied if granted. Credit shall not be applied to an examination requirement.

33.2(3) Submission of verification documentation. The applicant shall provide documents, military transcripts, a certified affidavit, or forms that verify completion of the relevant military education, training, or service, which may include, when applicable, the applicant’s Certificate of Release or Discharge from Active Duty (DD Form 214) or Verification of Military Experience and Training (VMET) (DD Form 2586).

33.2(4) Credit determination. Upon receipt of a completed military service credit application, the board shall promptly determine whether the verified military education, training, or service will satisfy all or any part of the identified experiential or educational qualifications for licensure or registration.

33.2(5) Granting of credit. The board shall grant credit requested in the application in whole or in part if the board determines that the verified military education, training, or service satisfies all or part of the experiential or educational qualifications for licensure or registration.

33.2(6) Notification of credit determination. The board shall inform the military service applicant in writing of the credit, if any, given toward an experiential or educational qualification for licensure or registration or explain why no credit was granted. The applicant may request reconsideration of the board’s determination upon submission of additional documentation or information.

33.2(7) Consideration of applications. The board shall grant or deny the military service credit application prior to ruling on the application for licensure, examination, or registration. The applicant shall not be required to submit any fees in connection with the license or registration application until the board issues a determination on the military service credit application. If the board does not grant the military service credit application, the applicant may withdraw any license or registration application and application fee, if submitted, or the applicant may request that the application be placed in pending status. The withdrawal of a license or registration application and fee shall not preclude subsequent applications supported by additional documentation or information.

[ARC 1789C, IAB 12/10/14, effective 1/14/15]

657—33.3(85GA,ch1116) Veteran licensure or registration. A veteran with an unrestricted pharmacist license in another jurisdiction may apply for pharmacist licensure in Iowa by license transfer/reciprocity

pursuant to rule 657—2.9(147,155A) and this chapter. A veteran must pass any required examinations to be eligible for pharmacist licensure by license transfer/reciprocity. A veteran may submit an application for pharmacist-intern registration pursuant to 657—Chapter 4 and this chapter. A veteran may submit an application for technician registration pursuant to 657—Chapter 3 and this chapter. A veteran may submit an application for pharmacy support person registration pursuant to 657—Chapter 5 and this chapter.

33.3(1) *Priority application status.* A fully completed application for licensure or registration submitted by a veteran under this chapter shall be given priority status and shall be expedited.

33.3(2) *Application requirements.* Such an application shall contain all of the information required of all applicants for licensure or registration who hold unrestricted licenses or registrations in other jurisdictions and who are applying for licensure or registration, including, but not limited to, completion of all required forms, payment of applicable fees, disclosure of criminal or disciplinary history, and, if applicable, a criminal history background check. In addition, the applicant shall provide such documentation as is reasonably needed to verify the applicant's status as a veteran under Iowa Code section 35.1(2).

33.3(3) *Equivalency determination.* Upon receipt of a fully completed application for licensure or registration, the board shall promptly determine if the requirements for licensure or registration of the jurisdiction where the veteran is licensed or registered are substantially equivalent to the requirements for licensure or registration in Iowa. The board may consider the following factors in determining substantial equivalence: scope of practice, education and coursework, degree requirements, and post-graduate experiences.

33.3(4) *Licensure or registration approval.* The board shall promptly grant a license or registration, as appropriate, to the veteran if the veteran is licensed or registered in another jurisdiction whose licensure or registration requirements are substantially equivalent to those required in Iowa, unless the applicant is ineligible for licensure or registration based on other grounds, for example, the applicant's disciplinary or criminal background.

33.3(5) *Notification of additional requirements and provisional licensure or registration.* If the board determines that the veteran is licensed or registered in another jurisdiction whose licensure or registration requirements are not substantially equivalent to those required in Iowa, the board shall promptly inform the veteran of the additional experience, education, or examinations required for licensure or registration in Iowa. Unless the applicant is ineligible for licensure or registration based on other grounds, such as disciplinary or criminal background, the following shall apply:

a. If a veteran has not passed the required examination(s) for licensure or registration, the applicant may request that the application be placed in pending status.

b. If additional experience or education is required in order for the applicant's qualifications to be considered substantially equivalent, the applicant may request that the board issue a provisional license or registration for a specified period of time upon such conditions as the board deems reasonably necessary to protect the health, welfare, and safety of the public unless the board determines that the deficiency is of a character that the public health, welfare, or safety will be adversely affected if a provisional license or registration is granted.

c. If a request for a provisional license or registration is denied, the board shall issue an order fully explaining the decision and shall inform the applicant of the steps the applicant may take in order to receive a provisional license or registration.

d. If a provisional license or registration is issued, the application for full licensure or registration shall be placed in pending status until the necessary experience or education has been successfully completed or the provisional license or registration expires, whichever occurs first. The board may extend a provisional license or registration on a case-by-case basis for good cause.

[ARC 1789C, IAB 12/10/14, effective 1/14/15]

657—33.4(85GA,ch1116) Request for contested case. A military service applicant or a veteran who is aggrieved by the board's decision to deny all or part of the military service credit application, a request for a license transfer/reciprocal license, a request for a registration, or a request for provisional license

or registration, or is aggrieved by the terms under which a provisional license or registration will be granted, may request a contested case (administrative hearing) and may participate in a contested case by telephone. A request for a contested case shall be made within 30 days of issuance of the board's decision pursuant to 657—subrule 35.26(1). There shall be no fees or costs assessed against the veteran in connection with a contested case conducted pursuant to this chapter.

[ARC 1789C, IAB 12/10/14, effective 1/14/15]

These rules are intended to implement 2014 Iowa Acts, chapter 1116, section 34.

[Filed ARC 1789C (Notice ARC 1641C, IAB 10/1/14), IAB 12/10/14, effective 1/14/15]

CHAPTER 34
RULES FOR WAIVERS AND VARIANCES

657—34.1(17A) Definition. For purposes of this chapter, a “waiver” or “variance” means action by the board which suspends, in whole or in part, the requirements or provisions of a rule as applied to an identified person or business on the basis of the particular circumstances of that person or business. For simplicity, the term “waiver” shall include both a waiver and a variance and the term “person” shall include both a person and a business.

657—34.2(17A,124,126,147,155A,205,272C) Scope of chapter. This chapter outlines generally applicable standards and a uniform process for the granting of individual waivers from rules adopted by the board in situations when no other more specifically applicable law provides for waivers. To the extent another more specific provision of law governs the issuance of a waiver from a particular rule, the more specific provision shall supersede this chapter with respect to any waiver from that rule.

657—34.3(17A,124,126,147,155A,205,272C) Applicability of chapter. The board may grant a waiver from a rule only if the board has jurisdiction over the rule and the requested waiver is consistent with applicable statutes, constitutional provisions, or other provisions of law. The board may not waive requirements created or duties imposed by statute.

657—34.4(17A) Criteria for waiver or variance. In response to a petition completed pursuant to rule 34.6(17A), the board may in its sole discretion issue an order waiving in whole or in part the requirements of a rule if the board finds, based on clear and convincing evidence, all of the following:

1. The application of the rule would impose an undue hardship on the person for whom the waiver is requested;
2. The waiver from the requirements of the rule in the specific case would not prejudice the substantial legal rights of any person;
3. The provisions of the rule subject to the petition for a waiver are not specifically mandated by statute or another provision of law; and
4. Substantially equal protection of public health, safety, and welfare will be afforded by a means other than that prescribed in the particular rule for which the waiver is requested.

657—34.5(17A,124,126,147,155A,205,272C) Filing of petition. A petition for a waiver shall be submitted in writing to the board as follows:

34.5(1) License, registration, or permit application. If the petition relates to a license, registration, or permit application, the petition shall be made in accordance with the application requirements for the license, registration, or permit in question.

34.5(2) Contested cases. If the petition relates to a pending contested case, the petition shall be filed in the contested case proceeding, using the caption of the contested case.

34.5(3) Other. If the petition does not relate to a license, registration, or permit application or to a pending contested case, the petition may be submitted to the board’s executive secretary/director.

657—34.6(17A) Content of petition. A petition for waiver shall include the following information where applicable and known to the petitioner:

1. The name, address, and telephone number of the person for whom a waiver is requested and the case number of any related contested case.
2. A description and citation of the specific rule from which a waiver is requested.
3. The specific waiver requested, including the precise scope and duration.
4. The relevant facts that the petitioner believes would justify a waiver under each of the four criteria described in rule 34.4(17A). This shall include a signed statement from the petitioner attesting to the accuracy of the facts provided in the petition and a statement of reasons that the petitioner believes will justify a waiver.

5. A history of any prior contacts between the board and the petitioner relating to the regulated activity, license, registration, or permit affected by the proposed waiver. This history shall include a description of each affected license, registration, or permit held by the petitioner and any notices of violation, contested case hearings, or investigative reports relating to the regulated activity, license, registration, or permit within the last five years.

6. Any information known to the petitioner regarding the board's treatment of similar cases.

7. The name, address, and telephone number of any public agency or political subdivision which also regulates the activity in question or which might be affected by the granting of the waiver.

8. The name, address, and telephone number of any person who would be adversely affected by the granting of a petition for waiver.

9. The name, address, and telephone number of any person with knowledge of facts relevant to the proposed waiver.

10. Signed releases authorizing persons with knowledge regarding the request to furnish the board with information relevant to the proposed waiver.

657—34.7(17A) Additional information. Prior to issuing an order granting or denying a waiver, the board may request additional information from the petitioner relative to the petition and surrounding circumstances. If the petition was not filed in a contested case, the board may, on its own motion or at the petitioner's request, schedule a telephonic or in-person meeting between the petitioner and the board's executive secretary/director, a committee of the board, or a quorum of the board.

657—34.8(17A) Notice. The board shall acknowledge a petition upon receipt. The board shall ensure that, within 30 days of the receipt of the petition, notice of the pendency of the petition and a concise summary of its contents have been provided to all persons to whom notice is required by any provision of law. In addition, the board may give notice to other persons. To accomplish this notice provision, the board may require the petitioner to serve the notice on all persons to whom notice is required by any provision of law and provide a written statement to the board attesting that notice has been provided.

657—34.9(17A) Hearing procedures. The provisions of Iowa Code sections 17A.10 through 17A.18A regarding contested case hearings shall apply to any petition for a waiver filed within a contested case. Those provisions shall otherwise apply to agency proceedings for a waiver only when the board so provides by rule or order or is required to do so by statute.

657—34.10(17A) Ruling. An order granting or denying a waiver shall be in writing and shall contain a reference to the particular person and rule or portion thereof to which the order pertains. The order shall include a statement of the relevant facts and reasons upon which the action is based and a description of the precise scope and duration of the waiver if one is issued.

34.10(1) Board discretion. The final decision on whether the circumstances justify the granting of a waiver shall be made at the sole discretion of the board upon consideration of all relevant factors. The board shall evaluate each petition for a waiver based on the unique, individual circumstances set out in the petition.

34.10(2) Burden of persuasion. The burden of persuasion rests with the petitioner to demonstrate by clear and convincing evidence that the board should exercise its discretion to grant a waiver from a board rule.

34.10(3) Narrowly tailored exception. A waiver, if granted, shall provide the narrowest exception possible to the provisions of a rule.

34.10(4) Administrative deadlines. When the rule from which a waiver is sought establishes administrative deadlines, the board shall balance the special individual circumstances of the petitioner with the overall goal of uniform treatment of all similarly situated persons.

34.10(5) Conditions. The board may place any condition on a waiver that the board finds desirable to protect the public health, safety, and welfare.

34.10(6) *Time period of waiver.* A waiver shall not be permanent unless the petitioner can show that a temporary waiver would be impracticable. If a temporary waiver is granted, there is no automatic right to renewal. At the sole discretion of the board, a waiver may be renewed if the board finds that grounds for the waiver continue to exist.

34.10(7) *Time for ruling.* The board shall grant or deny a petition for a waiver as soon as practicable but, in any event, shall do so within 120 days of its receipt, unless the petitioner agrees to a later date. However, if a petition is filed in a contested case, the board shall grant or deny the petition no later than the time at which the final decision in that contested case is issued.

34.10(8) *When deemed denied.* Failure of the board to grant or deny a petition within the required time period shall be deemed a denial of that petition by the board. However, the board shall remain responsible for issuing an order denying a waiver.

34.10(9) *Service of order.* Within seven days of its issuance, any order issued under these rules shall be transmitted to the petitioner or the person to whom the order pertains and to any other person entitled to such notice by any provision of law.

657—34.11(17A,22) Public availability. All orders granting or denying a waiver petition shall be indexed, filed, and made available for public inspection as provided in Iowa Code section 17A.3. Petitions for waiver and orders granting or denying waiver petitions are public records under Iowa Code chapter 22. Some petitions or orders may contain information the board is authorized or required to keep confidential. The board may accordingly redact confidential information from petitions or orders prior to public inspection.

657—34.12(17A) Summary reports. The board shall semiannually prepare a summary report identifying the rules for which a waiver has been granted or denied, the number of times a waiver was granted or denied for each rule, and a citation to the statutory provisions implemented by these rules. The report shall include a general summary of the reasons justifying the board's actions on waiver requests and, if practicable, shall detail the extent to which the granting of a waiver has affected the general applicability of the rule itself. Copies of this report shall be available for public inspection and shall be provided semiannually to the administrative rules coordinator and the administrative rules review committee.

657—34.13(17A) Cancellation of a waiver. A waiver issued by the board pursuant to this chapter may be withdrawn, canceled, or modified if, after appropriate notice and hearing, the board issues an order finding any of the following:

1. That the petitioner or the person who was the subject of the waiver order withheld or misrepresented material facts relevant to the propriety or desirability of the waiver; or
2. That the alternative means for ensuring adequate protection of the public health, safety and welfare after issuance of the waiver order have been demonstrated to be insufficient; or
3. That the subject of the waiver order has failed to comply with all conditions contained in the order.

657—34.14(17A,124,126,147,155A,205,272C) Violations. Violation of a condition in a waiver order shall be treated as a violation of the particular rule for which the waiver was granted. As a result, the recipient of a waiver under this chapter who violates a condition of the waiver may be subject to the same remedies or penalties as a person who violates the rule at issue.

657—34.15(17A,124,126,147,155A,205,272C) Defense. After the board issues an order granting a waiver, the order is a defense for the person to whom the order pertains, within the terms and the specific facts indicated therein, in any proceeding in which the rule in question is sought to be invoked.

657—34.16(17A) Judicial review. Judicial review of a board's decision to grant or deny a waiver petition may be taken in accordance with Iowa Code chapter 17A.

These rules are intended to implement Iowa Code sections 17A.9A, 17A.22, 22.2, 124.301, 126.17, 147.76, 155A.2, 205.11, 205.13, 272C.3, and 272C.4.

[Filed 2/7/01, Notice 10/18/00—published 3/7/01, effective 4/11/01]

CHAPTER 35
CONTESTED CASES
[Prior to 5/19/99, see 657—Ch 9]

657—35.1(17A,124,124B,126,147,155A,205,272C) Scope and applicability. This chapter applies to contested case proceedings, including licensee, registrant, or permittee discipline, conducted by the board of pharmacy.

[ARC 9412B, IAB 3/9/11, effective 4/13/11]

657—35.2(17A,272C) Definitions. Except where otherwise specifically defined by law:

“*Board*” means the Iowa board of pharmacy.

“*Contested case*” means a proceeding defined by Iowa Code section 17A.2(5) and includes any matter defined as a no factual dispute contested case under 1998 Iowa Acts, chapter 1202, section 14.

“*Issuance*” means the date of mailing of a decision or order or date of delivery if service is by other means unless another date is specified in the order.

“*Party*” means each person or agency named or admitted as a party or properly seeking and entitled as of right to be admitted as a party.

“*Presiding officer*” means members of the board of pharmacy or the administrative law judge assigned to preside over the case pursuant to rule 657—35.6(17A,272C).

“*Proposed decision*” means the presiding officer’s recommended findings of fact, conclusions of law, decision, and order in a contested case in which the board did not preside. If the contested case involves licensee or registrant discipline, “proposed decision” means the decision of the panel of the board when the hearing is held before a panel of the board rather than the full board.

[ARC 9412B, IAB 3/9/11, effective 4/13/11]

657—35.3(17A) Time requirements.

35.3(1) Computation. Time shall be computed as provided in Iowa Code subsection 4.1(34).

35.3(2) Changing time to take action. For good cause, the presiding officer may extend or shorten the time to take any action, except as precluded by statute or by rule. Except for good cause stated in the record, before extending or shortening the time to take any action, the presiding officer shall afford all parties an opportunity to be heard or to file written arguments.

657—35.4 Reserved.

657—35.5(17A,124B,126,147,155A,205,272C) Notice of hearing.

35.5(1) Delivery. Delivery of the notice of hearing constitutes the commencement of the contested case proceeding. To the degree practicable, the board shall select the procedure for providing written notice that best ensures prompt, reliable delivery. Delivery may be executed by:

- a. Personal delivery;
- b. Certified mail, return receipt requested, to the last address on file with the board;
- c. Certified mail to the last address on file with the board;
- d. First-class mail to the last address on file with the board;
- e. Facsimile. Facsimile transmission may be used as the sole method of delivery if the party to be served has filed a written request that board communications be sent by facsimile and has provided a facsimile telephone number for that purpose;
- f. Other electronic transmission. Other electronic transmission, such as E-mail, may be used as the sole method of delivery if the party to be served has filed a written request that board communications be sent by such other electronic transmission and has provided an address for that purpose; or
- g. Publication, as provided in the Iowa Rules of Civil Procedure.

35.5(2) Contents. The notice of hearing shall contain the following information:

- a. A statement of the time, place, and nature of the hearing;
- b. A statement of the legal authority and jurisdiction under which the hearing is to be held;
- c. A reference to the particular sections of the statutes and rules involved;

- d.* A short and plain statement of the matters asserted. If the board or other party is unable to state the matters in detail at the time the notice is served, the initial notice may be limited to a statement of the issues involved. Thereafter, upon application, a more definite and detailed statement shall be furnished;
- e.* Identification of all parties including the name, address and telephone number of the person who will act as advocate for the board or the state and of parties' counsel where known;
- f.* Reference to the procedural rules governing conduct of the contested case proceeding;
- g.* Reference to the procedural rules governing informal settlement;
- h.* Identification of the presiding officer, if known. If not known, a description of who will serve as presiding officer (e.g., members of the board, administrative law judge from the department of inspections and appeals); and
- i.* Notification of the time period in which a party may request, pursuant to Iowa Code section 17A.11 and rule 35.6(17A,272C), that the presiding officer be an administrative law judge.
[ARC 9412B, IAB 3/9/11, effective 4/13/11]

657—35.6(17A,272C) Presiding officer for nondisciplinary hearings.

35.6(1) Request for administrative law judge. Any party may request that an administrative law judge employed by the department of inspections and appeals be assigned to render a proposed decision in a nondisciplinary hearing. The written request shall be filed with the executive director within 20 days after service of a notice of hearing identifying or describing the presiding officer as the members of the board.

35.6(2) Grounds for denial. The executive director may deny the request only upon a finding that one or more of the following apply:

- a.* Neither the board nor any member of the board, under whose authority the contested case is to take place, is a named party to the proceeding or a real party in interest to that proceeding.
- b.* There is a compelling need to expedite issuance of a final decision in order to protect the public health, safety, or welfare.
- c.* The contested case involves the discipline of a licensee or registrant and therefore must be decided by the board as required by Iowa Code section 272C.6.
- d.* The case involves significant policy issues of first impression that are inextricably intertwined with the factual issues presented.
- e.* The demeanor of the witnesses is likely to be dispositive in resolving the disputed factual issues.
- f.* Funds are unavailable to pay the costs of an administrative law judge and an interagency appeal.
- g.* The request was not timely filed.
- h.* The request is not consistent with a specified statute.

35.6(3) Written ruling. The executive director shall issue a written ruling specifying the grounds for the decision within 20 days after a request for an administrative law judge is filed.

35.6(4) Appeals to board. Except as provided otherwise by another provision of law, all rulings by an administrative law judge acting as presiding officer are subject to appeal to the board. A party shall seek any available intra-agency appeal in order to exhaust adequate administrative remedies.

35.6(5) Review of proposed decision. Unless otherwise provided by law, members of the board, when reviewing a proposed decision upon intra-agency appeal, shall have the powers of and shall comply with the provisions of this chapter which apply to presiding officers.

[ARC 9412B, IAB 3/9/11, effective 4/13/11]

657—35.7(17A,124B,147,155A,272C) Waiver of procedures. Unless otherwise precluded by law, the parties in a contested case proceeding may waive any provision of this chapter. However, the board in its discretion may refuse to give effect to such a waiver when it deems the waiver to be inconsistent with the public interest.

657—35.8(17A,272C) Telephone or network proceedings. The presiding officer may resolve preliminary procedural motions by telephone conference or by a conference on the Iowa Communications Network (ICN) in which all parties have an opportunity to participate. Other telephone or network proceedings, including the hearing for the contested case proceeding, may be held when

appropriate under the circumstances. The presiding officer will determine the location of the parties and witnesses for telephone or network hearings. The convenience of the witnesses or parties, as well as the nature of the case, will be considered when location is chosen.

657—35.9(17A) Disqualification.

35.9(1) *Reasons for withdrawal from participation.* A presiding officer or other person shall withdraw from participation in the making of any proposed or final decision in a contested case if that person:

- a. Has a personal bias or prejudice concerning a party or a representative of a party;
- b. Has personally investigated, prosecuted or advocated in connection with that case, the specific controversy underlying that case, another pending factually related contested case, or a pending factually related controversy that may culminate in a contested case involving the same parties;
- c. Is subject to the authority, direction or discretion of any person who has personally investigated, prosecuted or advocated in connection with that contested case, the specific controversy underlying that contested case, or a pending factually related contested case or controversy involving the same parties;
- d. Has acted as counsel to any person who is a private party to that proceeding within the past two years;
- e. Has a personal financial interest in the outcome of the case or any other significant personal interest that could be substantially affected by the outcome of the case;
- f. Has a spouse or relative within the third degree of relationship that:
 - (1) Is a party to the case, or an officer, director or trustee of a party;
 - (2) Is a lawyer in the case;
 - (3) Is known to have an interest that could be substantially affected by the outcome of the case; or
 - (4) Is likely to be a material witness in the case; or
- g. Has any other legally sufficient cause to withdraw from participation in the decision making in that case.

35.9(2) *“Personally investigated” defined.* The term “personally investigated” means taking affirmative steps to interview witnesses directly or to obtain documents or other information directly. The term “personally investigated” does not include general direction and supervision of assigned investigators, unsolicited receipt of information which is relayed to assigned investigators, review of another person’s investigative work product in the course of determining whether there is probable cause to initiate a proceeding, or exposure to factual information while performing other board functions, including fact gathering for purposes other than investigation of the matter which culminates in a contested case. Factual information relevant to the merits of a contested case received by a person who later serves as presiding officer in that case shall be disclosed if required by Iowa Code section 17A.17(3) and subrules 35.9(3) and 35.22(9).

35.9(3) *Determination that withdrawal is not necessary.* In a situation where a presiding officer or other person knows of information which might reasonably be deemed to be a basis for disqualification and decides voluntary withdrawal is unnecessary, that person shall submit by affidavit for the record the relevant information and shall provide for the record a statement of the reasons for the determination that withdrawal is unnecessary.

35.9(4) *Motion for disqualification.* If a party asserts disqualification on any appropriate ground, including those listed in subrule 35.9(1), the party shall file a motion supported by an affidavit pursuant to Iowa Code section 17A.17. The motion shall be filed as soon as practicable after the reason alleged in the motion becomes known to the party. If, during the course of the hearing, a party first becomes aware of evidence of bias or other grounds for disqualification, the party may move for disqualification but must establish the grounds by the introduction of evidence into the record.

If the presiding officer determines that disqualification is appropriate, the presiding officer or other person shall withdraw. If the presiding officer determines that withdrawal is not required, the presiding officer shall enter an order to that effect. A party asserting disqualification may seek an interlocutory appeal under rule 35.24(17A) and seek a stay under rule 35.28(17A,272C).

657—35.10(17A,272C) Consolidation—severance.

35.10(1) Consolidation. The presiding officer may consolidate any or all matters at issue in two or more contested case proceedings where:

- a. The matters at issue involve common parties or common questions of fact or law;
- b. Consolidation would expedite and simplify consideration of the issues involved; and
- c. Consolidation would not adversely affect the rights of any of the parties to those proceedings.

35.10(2) Severance. The presiding officer may, for good cause shown, order any contested case proceedings or portions thereof severed.

657—35.11(17A,272C) Service and filing of pleadings and other papers.

35.11(1) Service—when required. Except where otherwise provided by law, every pleading, motion, document, or other paper filed in a contested case proceeding and every paper relating to discovery in such a proceeding shall be served upon each of the parties of record to the proceeding, including the person designated as advocate or prosecutor for the state or the board, simultaneously with their filing. Except for the original notice of hearing and an application for rehearing as provided in Iowa Code section 17A.16(2), the party filing a document is responsible for service on all parties.

35.11(2) Service—how made. Service upon a party represented by an attorney shall be made upon the attorney unless otherwise ordered. Service is made by delivery or by mailing a copy to the person's last-known address. Service by mail is complete upon mailing, except where otherwise specifically provided by statute, rule, or order.

35.11(3) Filing—when required. After the notice of hearing, all pleadings, motions, documents or other papers in a contested case proceeding shall be filed with the Iowa Board of Pharmacy, 400 S.W. Eighth Street, Suite E, Des Moines, Iowa 50309-4688. All pleadings, motions, documents or other papers that are required to be served upon a party shall be filed simultaneously with the board.

35.11(4) Filing—when made. Except where otherwise provided by law, a document is deemed filed at the time it is delivered to the board, delivered to an established courier service for immediate delivery to the board office, or mailed by first-class mail or state interoffice mail to the board office, so long as there is proof of mailing.

35.11(5) Proof of mailing. Proof of mailing includes one of the following:

- a. A legible United States Postal Service postmark on the envelope;
- b. A certificate of service;
- c. A notarized affidavit; or
- d. A certification in substantially the following form:

I certify under penalty of perjury and pursuant to the laws of Iowa that, on (date of mailing), I mailed copies of (describe document) addressed to the Iowa Board of Pharmacy, 400 S.W. Eighth Street, Suite E, Des Moines, Iowa 50309-4688, and to the names and addresses of the parties listed below by depositing the same in (a United States post office mailbox with correct postage properly affixed or state interoffice mail).

[ARC 9412B, IAB 3/9/11, effective 4/13/11]

657—35.12(17A,272C) Discovery.

35.12(1) Procedures. Discovery procedures applicable in civil actions are applicable in contested cases. Unless lengthened or shortened by these rules or by order of the presiding officer, time periods for compliance with discovery shall be as provided in the Iowa Rules of Civil Procedure.

35.12(2) Motions. Any motion relating to discovery shall allege that the moving party has previously made a good-faith attempt to resolve the discovery issues involved with the opposing party. The presiding officer shall rule on motions in regard to discovery. Opposing parties shall be afforded the opportunity to respond within ten days of the filing of the motion unless the time is shortened as provided in subrule

35.12(1). The presiding officer may rule on the basis of the written motion and any response, or may order argument on the motion.

35.12(3) Admissibility of evidence. Evidence obtained in discovery may be used in the contested case proceeding if that evidence would otherwise be admissible in that proceeding.

657—35.13(17A,272C) Subpoenas.

35.13(1) Issuance of investigatory subpoenas.

a. The board's executive director or designee may, upon the written request of a board investigator or on the executive director's own initiative, subpoena books, papers, records, and other real evidence which the executive director determines are necessary for the board to decide whether to institute a contested case proceeding. In the case of a subpoena for mental health records, each of the following conditions shall be satisfied prior to the issuance of the subpoena:

- (1) The nature of the complaint reasonably justifies the issuance of a subpoena;
- (2) Adequate safeguards have been established to prevent unauthorized disclosure;
- (3) An express statutory mandate, articulated public policy, or other recognizable public interest favors access; and
- (4) The patient was notified and an attempt was made to secure an authorization from the patient for release of the records at issue.

b. A written request for a subpoena or the executive director's written memorandum in support of the issuance of a subpoena shall contain the following:

- (1) The name and address of the person to whom the subpoena will be directed;
- (2) A specific description of the books, papers, records or other real evidence requested;
- (3) An explanation of why the documents sought to be subpoenaed are necessary for the board to determine whether it should institute a contested case proceeding; and
- (4) In the case of a subpoena request for mental health records, confirmation that the conditions described in subrule 35.13(1), paragraph "a," have been satisfied.

c. Each subpoena shall contain:

- (1) The name and address of the person to whom the subpoena is directed;
- (2) A description of the books, papers, records or other real evidence requested;
- (3) The date, time, and location for production or inspection and copying;
- (4) The time within which a motion to quash or modify the subpoena must be filed;
- (5) The signature, address and telephone number of the executive director or designee;
- (6) The date of issuance;
- (7) A return of service.

d. Any person who is aggrieved or adversely affected by compliance with the subpoena who desires to challenge the subpoena shall, within 14 days after service of the subpoena or before the time specified for compliance if such time is less than 14 days, file with the board a motion to quash or modify the subpoena. The motion shall describe the legal reasons why the subpoena should be quashed or modified and may be accompanied by legal briefs or factual affidavits.

e. Upon receipt of a timely motion to quash or modify a subpoena, the board may request an administrative law judge to hold an argument and issue a decision, or the board may hold the argument and issue a decision. The administrative law judge or the board may quash or modify the subpoena, deny the motion, or issue an appropriate protective order.

f. A person aggrieved by a ruling of an administrative law judge who desires to challenge the ruling shall appeal the ruling to the board in accordance with the procedure applicable to intra-agency appeals of proposed decisions set forth in rule 35.26(17A,124B,126,147,155A,205, 272C), provided that all of the time frames are reduced by one-half.

g. If the person contesting the subpoena is not the person under investigation, the board's decision is final for purposes of judicial review. If the person contesting the subpoena is the person under investigation, the board's decision is not final for purposes of judicial review until either the

person is notified the investigation has been concluded with no formal action or there is a final decision in the contested case.

35.13(2) Issuance of subpoenas in a contested case.

a. Subpoenas issued in a contested case may compel the attendance of witnesses at depositions or hearing and may compel the production of books, papers, records, and other real evidence. A command to produce evidence or to permit inspection may be joined with a command to appear at deposition or hearing or may be issued separately. Upon written request, the executive director or designee shall issue subpoenas. A request for a subpoena of patient records must confirm the conditions described in subrule 35.13(1), paragraph “*a*,” prior to the issuance of the subpoena.

b. A request for a subpoena shall include the following information, as applicable, unless the subpoena is requested to compel testimony or documents for rebuttal or impeachment purposes:

- (1) The name, address, and telephone number of the person requesting the subpoena;
- (2) The name and address of the person to whom the subpoena shall be directed;
- (3) The date, time, and location at which the person shall be commanded to attend and give testimony;
- (4) Whether the testimony is requested in connection with a deposition or hearing;
- (5) A description of the books, papers, records, or other real evidence requested;
- (6) The date, time, and location for production or inspection and copying; and
- (7) In the case of a subpoena request for mental health records, confirmation that the conditions described in subrule 35.13(1), paragraph “*a*,” have been satisfied.

c. Each subpoena shall contain, as applicable:

- (1) The caption of the case;
- (2) The name, address, and telephone number of the person who requested the subpoena;
- (3) The name and address of the person to whom the subpoena is directed;
- (4) The date, time, and location at which the person is commanded to appear;
- (5) Whether the testimony is commanded in connection with a deposition or hearing;
- (6) A description of the books, papers, records or other real evidence the person is commanded to produce;
- (7) The date, time, and location for production or inspection and copying;
- (8) The time within which a motion to quash or modify the subpoena must be filed;
- (9) The signature, address, and telephone number of the executive director or designee;
- (10) The date of issuance;
- (11) A return of service.

d. Unless a subpoena is requested to compel testimony or documents for rebuttal or impeachment purposes, the executive director or designee shall mail copies of all subpoenas to the parties to the contested case. The person who requested the subpoena is responsible for serving the subpoena upon the subject of the subpoena.

e. Any person who is aggrieved or adversely affected by compliance with the subpoena, or any party to the contested case who desires to challenge the subpoena, shall, within 14 days after service of the subpoena or before the time specified for compliance if such time is less than 14 days, file with the board a motion to quash or modify the subpoena. The motion shall describe the legal reasons why the subpoena should be quashed or modified, and may be accompanied by legal briefs or factual affidavits.

f. Upon receipt of a timely motion to quash or modify a subpoena, the board may request an administrative law judge to hold an argument and issue a decision, or the board may hold the argument and issue a decision. The administrative law judge or the board may quash or modify the subpoena, deny the motion, or issue an appropriate protective order.

g. A person aggrieved by a ruling of an administrative law judge who desires to challenge the ruling shall appeal the ruling to the board in accordance with the procedure applicable to intra-agency appeals of proposed decisions set forth in rule 35.26(17A,124B,126,147,155A,205,272C), provided that all of the time frames are reduced by one-half.

h. If the person contesting the subpoena is not the person under investigation, the board’s decision is final for purposes of judicial review. If the person contesting the subpoena is the person

under investigation, the board's decision is not final for purposes of judicial review until there is a final decision in the contested case.

35.13(3) *Refusal to obey subpoena.* In the event of a refusal to obey a subpoena, the board may petition the district court for its enforcement. Upon proper showing, the district court shall order the person to obey the subpoena and, if the person fails to obey the order of the court, the person may be found guilty of contempt of court.

[ARC 9412B, IAB 3/9/11, effective 4/13/11]

657—35.14(17A,272C) Motions.

35.14(1) *Form.* No technical form for motions is required. However, prehearing motions must be in writing, state the grounds for relief, and state the relief sought.

35.14(2) *Timely response.* Any party may file a written response to a motion within ten days after the motion is served, unless the time period is extended or shortened by rules of the board or the presiding officer. The presiding officer may consider a failure to respond within the required time period in ruling on a motion.

35.14(3) *Oral argument.* The presiding officer may schedule oral argument on any motion.

35.14(4) *Timely filing.* Motions pertaining to the hearing, except motions for summary judgment, shall be filed and served at least ten days prior to the date of hearing unless there is good cause for permitting later action or the time for such action is lengthened or shortened by rule of the board or an order of the presiding officer.

657—35.15(17A,272C) Prehearing conference.

35.15(1) *Request or order for conference.* Any party may request a prehearing conference. A written request for prehearing conference or an order for prehearing conference on the presiding officer's own motion shall be filed not less than seven days prior to the hearing date. A prehearing conference shall be scheduled not less than three business days prior to the hearing date.

Written notice of the prehearing conference shall be given by the executive director to all parties. For good cause the presiding officer may permit variances from this rule.

35.15(2) *Witness and exhibit lists.* Each party shall bring to the prehearing conference:

a. A final list of the witnesses who the party anticipates will testify at hearing. Witnesses not listed may be excluded from testifying unless there was good cause for the failure to include their names; and

b. A final list of exhibits that the party anticipates will be introduced at hearing. Exhibits other than rebuttal exhibits that are not listed may be excluded from admission into evidence unless there was good cause for the failure to include them.

c. Witness or exhibit lists may be amended subsequent to the prehearing conference within the time limits established by the presiding officer at the prehearing conference. Any such amendments must be served on all parties.

35.15(3) *Effect of conference.* In addition to the requirements of subrule 35.15(2), the parties at a prehearing conference may:

a. Enter into stipulations of law or fact;

b. Enter into stipulations on the admissibility of exhibits;

c. Identify matters that the parties intend to request be officially noticed;

d. Enter into stipulations for waiver of any provision of law; and

e. Consider any additional matters that will expedite the hearing.

35.15(4) *Conducted by telephone.* Prehearing conferences shall be conducted by telephone unless otherwise ordered. Parties shall exchange and receive witness and exhibit lists in advance of a prehearing conference.

[ARC 9412B, IAB 3/9/11, effective 4/13/11]

657—35.16(17A,272C) Continuances. Unless otherwise provided, applications for continuances shall be made to the presiding officer or, in the case of a licensee or registrant disciplinary hearing, to the executive director.

35.16(1) *Requirements of application.* A written application for a continuance shall:

- a. Be made at the earliest possible time and no less than seven days before the hearing except in case of unanticipated emergencies;
- b. State the specific reasons for the request; and
- c. Be signed by the requesting party or the party's representative.

An oral application for a continuance may be made if the presiding officer, or in a disciplinary hearing the executive director, waives the requirement for a written motion. However, a party making such an oral application for a continuance must confirm that request by written application within five days after the oral request unless that requirement is waived by the presiding officer or, in a disciplinary hearing, by the executive director. No application for continuance shall be made or granted without notice to all parties except in an emergency where notice is not feasible. The board may waive notice of such requests for a particular case or an entire class of cases.

35.16(2) Consideration of application. In determining whether to grant a continuance, the presiding officer, or in a disciplinary hearing the executive director, may consider:

- a. Prior continuances;
- b. The interests of all parties;
- c. The likelihood of informal settlement;
- d. The existence of an emergency;
- e. Any objection;
- f. Any applicable time requirements;
- g. The existence of a conflict in the schedules of counsel, parties, or witnesses;
- h. The timeliness of the request; and
- i. Other relevant factors.

The presiding officer, or in a disciplinary hearing the executive director, may require documentation of any grounds for continuance.

[ARC 9412B, IAB 3/9/11, effective 4/13/11]

657—35.17(17A) Withdrawals. A party requesting a contested case proceeding may withdraw that request prior to the hearing only in accordance with board rules. Unless otherwise provided, a withdrawal shall be with prejudice.

657—35.18 Reserved.

657—35.19(17A,124B,126,147,155A,205,272C) Hearing procedures in contested cases.

35.19(1) Presiding officer. The presiding officer presides at the hearing and may rule on motions, require briefs, issue a proposed decision, and issue such orders and rulings as will ensure the orderly conduct of the proceedings.

35.19(2) Objections. All objections shall be timely made and stated on the record.

35.19(3) Right of participation or representation. Parties have the right to participate or to be represented in all hearings or prehearing conferences related to their case. Partnerships, corporations, or associations may be represented by any member, officer, director, or duly authorized agent. An attorney or another person authorized by law may represent any party.

35.19(4) Rights of all parties. Subject to terms and conditions prescribed by the presiding officer, parties have the right to introduce evidence on issues of material fact, cross-examine witnesses present at the hearing as necessary for a full and true disclosure of the facts, present evidence in rebuttal, and submit briefs and engage in oral argument.

35.19(5) Disorderly conduct. The presiding officer shall maintain the decorum of the hearing and may refuse to admit or may expel anyone whose conduct is disorderly.

35.19(6) Sequestering witnesses. Witnesses may be sequestered during the hearing.

35.19(7) Conduct of hearing. The presiding officer shall conduct the hearing in the following manner:

- a. The presiding officer shall give an opening statement briefly describing the nature of the proceedings;

- b. The parties shall be given an opportunity to present opening statements;
- c. Parties shall present their cases in the sequence determined by the presiding officer;
- d. Each witness shall be sworn or affirmed by the presiding officer or the court reporter, and be subject to examination and cross-examination. The presiding officer may limit questioning in a manner consistent with law;
- e. When all parties and witnesses have been heard, parties may be given the opportunity to present final arguments.

35.19(8) *Administrative law judge.* A license disciplinary hearing shall be conducted by a qualified administrative law judge and either a quorum of the board or a panel of not less than three pharmacist members of the board. The administrative law judge's duties shall include:

- a. Opening the record and receiving appearances.
- b. Administering oaths.
- c. Entering notice of the hearing into the record.
- d. Receiving testimony and exhibits presented by the parties.
- e. At the administrative law judge's discretion, interrogating witnesses.
- f. Making initial rulings on objections and motions.
- g. Closing the hearing.
- h. Participating in board or panel deliberations and preparing an order containing findings of fact and conclusions of law in accordance with the board's or panel's decisions.

35.19(9) *Written decision.* In a license disciplinary hearing, the administrative law judge shall prepare in writing the proposed decision of the panel or the final decision of the board, as applicable. Such decisions shall:

- a. Be in writing and signed by the board chairperson or the chairperson's designee.
- b. Set forth the issues, a brief history of the case, findings of fact, the reasons for the decision, and the actual decision.
- c. Be based upon the kind of evidence on which reasonably prudent persons are accustomed to rely for the conduct of their serious affairs.
- d. Be delivered to the licensee, permittee, or registrant by one of the methods provided for in subrule 35.5(1).

35.19(10) *Hearings open to the public.* License, permit, or registration disciplinary hearings shall be open to the public except as provided in Iowa Code section 272C.6 and Iowa Code chapter 21.

35.19(11) *Decisions available for public inspection.* Copies of all decisions of the board shall be kept on file for public inspection at the office of the board pursuant to 657—Chapter 14.

35.19(12) *Proceedings recorded.* Oral proceedings in connection with a hearing in a contested case shall be recorded either by mechanized means or by certified shorthand reporters. These records shall be kept in the board office for a period of five years following the date of the hearing.

35.19(13) *Board chairperson.* The chairperson of the board shall have the right to vote in all administrative hearings.

35.19(14) *Final decision.* When a quorum of the board presides over the reception of the evidence at the hearing, its decision is a final decision.

[ARC 9412B, IAB 3/9/11, effective 4/13/11]

657—35.20(17A,272C) Evidence.

35.20(1) *Ruling on admissibility.* The presiding officer shall rule on admissibility of evidence and may, where appropriate, take official notice of facts in accordance with all applicable requirements of law.

35.20(2) *Stipulation.* Stipulation of facts is encouraged. The presiding officer may make a decision based on stipulated facts.

35.20(3) *Issues limited.* Evidence in the proceeding shall be confined to the issues as to which the parties received notice prior to the hearing unless the parties waive their right to such notice or the presiding officer determines that good cause justifies expansion of the issues. If the presiding officer decides to admit evidence on issues outside the scope of the notice over the objection of a party who

did not have actual notice of those issues, that party, upon timely request, shall receive a continuance sufficient to amend pleadings and to prepare on the additional issue.

35.20(4) *Admissible evidence.* Irrelevant, immaterial, and unduly repetitious evidence should be excluded. A finding will be based upon the kind of evidence upon which reasonably prudent persons are accustomed to rely for the conduct of their serious affairs, and may be based upon such evidence even if it would be inadmissible in a jury trial.

35.20(5) *Exhibits.* The party seeking admission of an exhibit must provide opposing parties with an opportunity to examine the exhibit prior to the ruling on its admissibility. Copies of documents should normally be provided to opposing parties. All exhibits admitted into evidence shall be appropriately marked and be made part of the record.

35.20(6) *Objection.* Any party may object to specific evidence or may request limits on the scope of any examination or cross-examination. A brief statement of the grounds upon which it is based shall accompany the objection. The objection, the ruling on the objection, and the reasons for the ruling shall be noted in the record. The presiding officer may rule on the objection at the time it is made or may reserve a ruling until the written decision.

35.20(7) *Offer of proof.* Whenever evidence is ruled inadmissible, the party offering that evidence may submit an offer of proof on the record. The party making the offer of proof for excluded oral testimony shall briefly summarize the testimony or, with permission of the presiding officer, present the testimony. If the excluded evidence consists of a document or exhibit, it shall be marked as part of an offer of proof and inserted in the record.

35.20(8) and 35.20(9) Rescinded IAB 11/13/02, effective 12/18/02.

657—35.21(17A,272C) Default.

35.21(1) *Failure to appear.* If a party fails to appear or participate in a contested case proceeding after proper service of notice, the presiding officer may, if no adjournment is granted, enter a default decision or proceed with the hearing and render a decision in the absence of the party.

35.21(2) *Motion for default.* Where appropriate and not contrary to law, any party may move for default against a party who has requested the contested case proceeding and has failed to file a required pleading or has failed to appear after proper service.

35.21(3) *Motion to vacate.* A default decision or a decision rendered on the merits after a party has failed to appear or participate in a contested case proceeding shall become final board action unless within 15 days after the date of notification or mailing of the decision a motion to vacate is filed and served on all parties or unless an appeal of a decision on the merits is timely initiated within the time provided by rule 35.26(17A,124B,126,147,155A,205,272C). A motion to vacate must state all facts relied upon by the moving party which establish that good cause existed for that party's failure to appear or participate at the contested case proceeding. Each fact so stated must be substantiated by at least one sworn affidavit of a person with personal knowledge of each such fact, which affidavit(s) must be attached to the motion.

35.21(4) *Appeal.* The time for further appeal of a decision for which a timely motion to vacate has been filed is stayed pending a decision on the motion to vacate.

35.21(5) *Proof of good cause.* Properly substantiated and timely filed motions to vacate shall be granted only for good cause shown. The burden of proof as to good cause is on the moving party. Adverse parties shall have ten days to respond to a motion to vacate. Adverse parties shall be allowed to conduct discovery as to the issue of good cause and to present evidence on the issue prior to a decision on the motion if a request to do so is included in that party's response.

35.21(6) *"Good cause" defined.* "Good cause," for purposes of this rule, shall have the same meaning as "good cause" for setting aside a default judgment under Iowa Rule of Civil Procedure 1.977.

35.21(7) *Appeal of decision on motion to vacate.* A decision denying a motion to vacate is subject to further appeal within the time limit allowed for further appeal of a decision on the merits in the contested case proceeding. A decision granting a motion to vacate is subject to interlocutory appeal by the adverse party pursuant to rule 35.24(17A,272C).

35.21(8) *Notice of hearing.* If a motion to vacate is granted and no timely interlocutory appeal has been taken, the presiding officer shall issue another notice of hearing and the contested case shall proceed accordingly.

35.21(9) *Default decision.* A default decision may award any relief consistent with the request for relief made in the petition and embraced in its issues but, unless the defaulting party has appeared, it cannot exceed the relief demanded.

35.21(10) *Default decision effective.* A default decision may provide either that the default decision is to be stayed pending a timely motion to vacate or that the default decision is to take effect immediately, subject to a request for stay under rule 35.28(17A,272C).

657—35.22(17A,272C) *Ex parte communication.*

35.22(1) *Prohibited communications.* Unless required for the disposition of ex parte matters specifically authorized by statute, following issuance of the notice of hearing there shall be no communication, directly or indirectly, between the presiding officer and any party or representative of any party or any other person with a direct or indirect interest in such case in connection with any issue of fact or law in the case except upon notice and opportunity for all parties to participate. This does not prohibit persons jointly assigned such tasks from communicating with each other. Nothing in this provision is intended to preclude the presiding officer from communicating with members of the board or seeking the advice or help of persons other than those with a personal interest in, or those engaged in personally investigating as defined in subrule 35.9(2), prosecuting, or advocating in, either the case under consideration or a pending factually related case involving the same parties as long as those persons do not directly or indirectly communicate to the presiding officer any ex parte communications they have received of a type that the presiding officer would be prohibited from receiving or that furnish, augment, diminish, or modify the evidence in the record.

35.22(2) *Duration of prohibition.* Prohibitions on ex parte communications commence with the issuance of the notice of hearing in a contested case and continue for as long as the case is pending.

35.22(3) *“Ex parte” defined.* Written, oral, or other forms of communication are “ex parte” if made without notice and opportunity for all parties to participate.

35.22(4) *Authorized communications.* To avoid prohibited ex parte communications, notice must be given in a manner reasonably calculated to give all parties a fair opportunity to participate. Notice of written communications shall be provided in compliance with rule 35.11(17A,272C) and may be supplemented by telephone, facsimile, electronic mail, or other means of notification. Where permitted, oral communications may be initiated through conference telephone call including all parties or their representatives.

35.22(5) *Communications between presiding officers.* Persons who jointly act as presiding officers in a pending contested case may communicate with each other without notice or opportunity for parties to participate.

35.22(6) *Others authorized to communicate with presiding officer.* The executive director or other persons may be present in deliberations or otherwise advise the presiding officer without notice or opportunity for parties to participate as long as they are not disqualified from participating in the making of a proposed or final decision under any provision of law and they comply with subrule 35.22(1).

35.22(7) *Communications not prohibited.* Communications with the presiding officer involving uncontested scheduling or procedural matters do not require notice or opportunity for parties to participate. Parties should notify other parties prior to initiating such contact with the presiding officer when feasible and shall notify other parties when seeking to continue hearings or other deadlines pursuant to rule 35.16(17A,272C).

35.22(8) *Disclosure of prohibited communications received during pendency of case.* A presiding officer who receives a prohibited ex parte communication during the pendency of a contested case must initially determine if the effect of the communication is so prejudicial that the presiding officer should be disqualified.

a. If the presiding officer determines that disqualification is warranted, a copy of any prohibited written communication, all written responses to the communication, a written summary stating the

substance of any prohibited oral or other communication not available in written form for disclosure, all responses made, and the identity of each person from whom the presiding officer received a prohibited ex parte communication shall be submitted for inclusion in the record under seal by protective order.

b. If the presiding officer determines that disqualification is not warranted, such documents shall be submitted for inclusion in the record and served on all parties.

c. Any party desiring to rebut the prohibited communication must be allowed the opportunity to do so upon written request filed within ten days after notice of the communication.

35.22(9) *Disclosure of prohibited communications received prior to assignment as presiding officer.* Promptly after being assigned to serve as presiding officer at any stage in a contested case proceeding, a presiding officer shall disclose to all parties material factual information received through ex parte communication prior to such assignment unless the factual information has already been or shortly will be disclosed pursuant to Iowa Code section 17A.13(2) or through discovery. Factual information contained in an investigative report or similar document need not be separately disclosed by the presiding officer as long as such documents have been or will shortly be provided to the parties.

35.22(10) *Sanctions for violation.* The presiding officer may render a proposed or final decision imposing appropriate sanctions for violations of this rule, including default, a decision against the offending party, censure, or suspension or revocation of the privilege to practice before the board. Violation of ex parte communication prohibitions by board personnel shall be reported to the executive director for possible sanctions including censure, suspension, dismissal, or other disciplinary action.
[ARC 9412B, IAB 3/9/11, effective 4/13/11]

657—35.23(17A,272C) Recording costs. Upon request, the board shall provide a copy of the whole or any portion of the record at cost. The requesting party shall pay the cost of preparing a copy of the record or of transcribing the hearing record. Parties who request that a hearing be recorded by certified shorthand reporters rather than by electronic means shall bear the cost of that recordation, unless otherwise provided by law.

657—35.24(17A,272C) Interlocutory appeals. If the board is not serving as the presiding officer, upon written request of a party or on its own motion, the board may review an interlocutory order of the presiding officer. In determining whether to do so, the board shall weigh the extent to which its granting the interlocutory appeal would expedite final resolution of the case and the extent to which review of that interlocutory order by the board at the time it reviews the proposed decision of the presiding officer would provide an adequate remedy. Any request for interlocutory review must be filed within 14 days of issuance of the challenged order, but no later than the time for compliance with the order or the date of hearing, whichever is first.

657—35.25(17A) Final decision.

35.25(1) *Presiding officer—board.* When a quorum of the board presides over the reception of evidence at the hearing, the board's decision is a final decision.

35.25(2) *Presiding officer—not the board.* When the board does not preside at the reception of evidence, the presiding officer shall make a proposed decision. The proposed decision becomes the final decision of the board without further proceedings unless there is an appeal to, or review on motion of, the board within the time provided in rule 35.26(17A,124B,126,147,155A,205,272C).

657—35.26(17A,124B,126,147,155A,205,272C) Appeals and review.

35.26(1) *Appeal by party.* Any adversely affected party may appeal a proposed decision to the board within 30 days after issuance of the proposed decision.

35.26(2) *Review.* The board may initiate review of a proposed decision on its own motion at any time within 30 days following the issuance of such a decision.

35.26(3) *Notice of appeal.* An appeal of a proposed decision is initiated by filing a timely notice of appeal with the board. The appealing party or a representative of that party shall sign the notice of appeal and shall include a certificate of service. The notice shall specify:

a. The parties initiating the appeal;

- b. The proposed decision or order appealed from;
- c. The specific findings or conclusions to which exception is taken and any other exceptions to the decision or order;
- d. The relief sought;
- e. The grounds for relief.

35.26(4) Requests to present additional evidence. A party may request the taking of additional evidence only by establishing that the evidence is material, that good cause existed for the failure to present the evidence at the hearing, and that the party has not waived the right to present the evidence. A written request to present additional evidence must be filed with the notice of appeal or, by a non-appealing party, within 14 days of service of the notice of appeal. The board may remand a case to the presiding officer for further hearing or may itself preside at the taking of additional evidence.

35.26(5) Scheduling. The board shall issue a schedule for consideration of the appeal.

35.26(6) Briefs and arguments. Unless otherwise ordered, within 20 days of the notice of appeal or order for review, each appealing party may file exceptions and briefs. Within 20 days thereafter, any party may file a responsive brief. Briefs shall cite any applicable legal authority and specify relevant portions of the record in that proceeding. Written requests to present oral argument shall be filed with the briefs. The board may resolve the appeal on the briefs or provide an opportunity for oral argument. The board may shorten or extend the briefing period as appropriate.

[ARC 9412B, IAB 3/9/11, effective 4/13/11]

657—35.27(17A,124B,126,147,155A,205,272C) Applications for rehearing.

35.27(1) By whom filed. Any party to a contested case proceeding may file an application for rehearing from a final order.

35.27(2) Content of application. The application for rehearing shall state on whose behalf it is filed, the specific grounds for rehearing, and the relief sought. In addition, the application shall state whether the applicant desires reconsideration of all or part of the board decision on the existing record and whether, on the basis of the grounds enumerated in subrule 35.26(4), the applicant requests an opportunity to submit additional evidence.

35.27(3) Time of filing. The application shall be filed with the board within 20 days after issuance of the final decision.

35.27(4) Notice to other parties. A copy of the application shall be timely mailed by the applicant to all parties of record not joining therein. If the application does not contain a certificate of service, the board shall serve copies on all parties.

35.27(5) Disposition. Any application for a rehearing shall be deemed denied unless the board grants the application within 20 days after its filing.

[ARC 9412B, IAB 3/9/11, effective 4/13/11]

657—35.28(17A,272C) Stays of board actions.

35.28(1) When available.

a. Any party to a contested case proceeding may petition the board for a stay of an order issued in that proceeding or for other temporary remedies, pending review by the board. The petition shall be filed with the notice of appeal and shall state the reasons justifying a stay or other temporary remedy. The board may rule on the stay or authorize the presiding officer to do so.

b. Any party to a contested case proceeding may petition the board for a stay or other temporary remedies, pending judicial review of all or part of that proceeding. The petition shall state the reasons justifying a stay or other temporary remedy.

35.28(2) When granted. In determining whether to grant a stay, the presiding officer or board shall consider the following factors:

- a. The extent to which the applicant is likely to prevail when the court finally disposes of the matter;
- b. The extent to which the applicant will suffer irreparable injury if relief is not granted;
- c. The extent to which the grant of relief to the applicant will substantially harm other parties to the proceedings;

d. The extent to which the public interest relied on by the board is sufficient to justify the board's action in the circumstances.

35.28(3) Vacation. The issuing authority may vacate a stay upon application of the board or any other party.

[ARC 9412B, IAB 3/9/11, effective 4/13/11]

657—35.29(17A,272C) No factual dispute contested cases. If the parties agree that no dispute of material fact exists as to a matter that would be a contested case if such a dispute of fact existed, the parties may present all relevant admissible evidence either by stipulation or otherwise as agreed by the parties, without necessity for the production of evidence at an evidentiary hearing. If such agreement is reached, a jointly submitted schedule detailing the method and timetable for submission of the record, briefs and oral argument should be submitted to the presiding officer for approval as soon as practicable.

657—35.30(17A,124B,126,147,155A,205,272C) Emergency adjudicative proceedings.

35.30(1) Necessary emergency action. To the extent necessary to prevent or avoid immediate danger to the public health, safety, or welfare, and consistent with the Constitution and other provisions of law, the board may issue a written order in compliance with Iowa Code section 17A.18 to suspend a license, registration, or permit in whole or in part, order the cessation of any continuing activity, order affirmative action, or take other action within the jurisdiction of the board by emergency adjudicative order. Before issuing an emergency adjudicative order, the board shall consider factors including, but not limited to, the following:

a. Whether there has been a sufficient factual investigation to ensure that the board is proceeding on the basis of reliable information;

b. Whether the specific circumstances that pose immediate danger to the public health, safety, or welfare have been identified and determined to be continuing;

c. Whether the person required to comply with the emergency adjudicative order may continue to engage in other activities without posing immediate danger to the public health, safety, or welfare;

d. Whether imposition of monitoring requirements or other interim safeguards would be sufficient to protect the public health, safety, or welfare; and

e. Whether the specific action contemplated by the board is necessary to avoid the immediate danger.

35.30(2) Issuance of order.

a. An emergency adjudicative order shall contain findings of fact, conclusions of law, and policy reasons to justify the determination of an immediate danger in the agency's decision to take immediate action.

b. The written emergency adjudicative order shall be immediately delivered to persons who are required to comply with the order by utilizing one or more of the following procedures:

(1) Personal delivery;

(2) Certified mail, return receipt requested, to the last address on file with the board;

(3) Certified mail to the last address on file with the board;

(4) First-class mail to the last address on file with the board;

(5) Facsimile. Facsimile transmission may be used as the sole method of delivery if the person required to comply with the order has filed a written request that board orders be sent by facsimile and has provided a facsimile telephone number for that purpose; or

(6) Other electronic transmission. Other electronic transmission, such as E-mail, may be used as the sole method of delivery if the party to be served has filed a written request that board communications be sent by such other electronic transmission and has provided an address for that purpose.

c. To the degree practicable, the board shall select the procedure for providing written notice that best ensures prompt, reliable delivery.

35.30(3) Oral notice. Unless the written emergency adjudicative order is provided by personal delivery on the same day that the order issues, the board shall make reasonable immediate efforts to contact by telephone the persons who are required to comply with the order.

35.30(4) Completion of proceedings. After the issuance of an emergency adjudicative order, the board shall proceed as quickly as feasible to complete any proceedings that would be required if the matter did not involve an immediate danger.

Issuance of a written emergency adjudicative order shall include notification of the date on which board proceedings are scheduled for hearing. After issuance of an emergency adjudicative order, continuance of further board proceedings to a later date will be granted only in compelling circumstances upon application in writing.

CHAPTER 36
DISCIPLINE**657—36.1(147,155A,272C) Authority and grounds for discipline.**

36.1(1) *Jurisdiction of the board.* The board has the authority to impose discipline for any violations of Iowa Code chapters 124, 124A, 124B, 126, 147, 155A, 205, and 272C or the rules promulgated thereunder.

36.1(2) *Disciplinary sanctions.* The board has the authority to impose the following disciplinary sanctions:

- a. Revocation of a registration, a permit, or a license issued by the board.
- b. Suspension of a registration, a permit, or a license issued by the board until further order of the board or for a specified period.
- c. Nonrenewal of a registration, a permit, or a license issued by the board.
- d. Prohibit permanently, until further order of the board, or for a specified period, the engaging in specified procedures, methods or acts.
- e. Probation.
- f. Require a pharmacist or a pharmacist-intern to complete additional education or training.
- g. Require a pharmacist to successfully complete any reexamination for licensure.
- h. Order a pharmacist, pharmacist-intern, pharmacy technician, or pharmacy support person to undergo a physical or mental examination.
- i. Impose civil penalties not to exceed \$25,000.
- j. Issue citation and warning.
- k. Such other sanctions allowed by law as may be appropriate.

36.1(3) *Considerations in determining sanctions.* The board may consider the following factors in determining the nature and severity of the disciplinary sanction to be imposed:

- a. The relative seriousness of the violation as it relates to assuring the citizens of this state a high standard of professional care.
- b. The facts of the particular violation.
- c. Any extenuating circumstances or other countervailing considerations.
- d. Number of prior violations or complaints.
- e. Seriousness of prior violations or complaints.
- f. Whether remedial action has been taken.
- g. Any other factors as may reflect upon the competency, ethical standards, and professional conduct of the licensee, registrant, or permittee.

36.1(4) *Grounds for discipline.* The board may impose any of the disciplinary sanctions set out in subrule 36.1(2) when the board determines that the licensee, registrant, or permittee is guilty of the following acts or offenses:

a. Fraud in procuring a license. Fraud in procuring a license includes but is not limited to an intentional perversion of the truth in making application for a license to practice pharmacy, to operate a pharmacy doing business in this state, or to operate as a wholesale drug distributor doing business in this state, or in making application for a registration to practice as a pharmacist-intern, a pharmacy technician, or a pharmacy support person. It includes false representations of a material fact, whether by word or conduct, by false or misleading allegations, or by concealment of that which should have been disclosed when making application, or attempting to file or filing with the board any false or forged diploma, certificate, affidavit, identification, or qualification in making application for a license or registration in this state.

b. Professional incompetency. Professional incompetency includes but is not limited to:

(1) A substantial lack of knowledge or ability to discharge professional obligations within the scope of the pharmacist's practice.

(2) A substantial deviation by a pharmacist from the standards of learning or skill ordinarily possessed and applied by other pharmacists in the state of Iowa acting in the same or similar circumstances.

(3) A failure by a pharmacist to exercise in a substantial respect that degree of care which is ordinarily exercised by the average pharmacist in the state of Iowa acting under the same or similar circumstances.

(4) A willful or repeated departure from, or the failure to conform to, the minimal standard or acceptable and prevailing practice of pharmacy in the state of Iowa.

c. Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of pharmacy or engaging in unethical conduct or practice harmful or detrimental to the public. Proof of actual injury need not be established.

d. Habitual intoxication or addiction to the use of drugs. Habitual intoxication or addiction to the use of drugs includes, but is not limited to:

(1) The inability of a licensee or registrant to practice with reasonable skill and safety by reason of the excessive use of alcohol on a continuing basis.

(2) The excessive use of drugs which may impair a licensee's or registrant's ability to practice with reasonable skill or safety.

e. Conviction of a felony related to the profession or occupation of the licensee or registrant, or a conviction of a felony that would affect the licensee's or registrant's ability to practice within the licensee's or registrant's profession. A copy of the record of conviction or a plea of guilty shall be conclusive evidence.

f. Fraud in representations as to skill or ability. Fraud in representations as to skill or ability includes, but is not limited to, a pharmacist having made deceptive or untrue representations as to competency to perform professional services which the pharmacist is not qualified to perform by virtue of training or experience.

g. Use of untrue or improbable statements in advertisements.

h. Distribution of drugs for other than lawful purposes. The distribution of drugs for other than lawful purposes includes, but is not limited to, the disposition of drugs in violation of Iowa Code chapters 124, 126, and 155A.

i. Willful or repeated violations of the provisions of Iowa Code chapter 147 or Iowa Code chapter 272C. Willful or repeated violations of these Acts include, but are not limited to, a pharmacist's, pharmacist-intern's, pharmacy technician's, or pharmacy support person's intentionally or repeatedly violating a lawful rule or regulation promulgated by the board of pharmacy or the state department of public health, violating a lawful order of the board in a disciplinary hearing, or violating the provisions of Title IV (Public Health) of the Code of Iowa.

j. Violating a statute or law of this state, another state, or the United States, without regard to its designation as either a felony or misdemeanor, which statute or law relates to the practice of pharmacy or the distribution of controlled substances, prescription drugs, or nonprescription drugs.

k. Failure to notify the board within 30 days after a final decision entered by the licensing authority of another state, territory, or country which decision resulted in a license or registration revocation, suspension, or other disciplinary sanction.

l. Knowingly aiding, assisting, procuring, or advising another person to unlawfully practice pharmacy or to unlawfully perform the functions of a pharmacist-intern, a pharmacy technician, or a pharmacy support person.

m. Inability of a licensee or registrant to practice with reasonable skill and safety by reason of mental or physical impairment or chemical abuse.

n. Being adjudged mentally incompetent by a court of competent jurisdiction. Such adjudication shall automatically suspend a license or registration for the duration of the license or registration unless the board otherwise orders.

o. Submission of a false report of continuing education, submission of a false certification of completion of continuing education, or failure to submit biennial reports of continuing education as directed by the board.

p. Failure to notify the board within 30 days after occurrence of any judgment or settlement of a malpractice court claim or action.

- q.* Failure to file the reports required by subrule 36.2(3) concerning acts or omissions committed by another licensee or registrant.
- r.* Willful or repeated malpractice.
- s.* Willful or gross negligence.
- t.* Obtaining any fee by fraud or misrepresentation.
- u.* Violating any of the grounds for revocation or suspension of a license or registration listed in Iowa Code section 147.55, Iowa Code chapter 155A, or any of the rules of the board.
- v.* Practicing pharmacy without an active and current Iowa pharmacist license, operating a pharmacy without a current pharmacy license, operating a prescription drug wholesale facility without a current wholesale drug license, practicing as a pharmacist-intern without a current pharmacist-intern registration, assisting a pharmacist with technical functions associated with the practice of pharmacy without a current pharmacy technician registration except as provided in rule 657—3.3(155A), introductory paragraph, or assisting a pharmacist with nontechnical functions associated with the practice of pharmacy without a current pharmacy support person registration.
- w.* Attempting to circumvent the patient counseling requirements, or discouraging patients from receiving patient counseling concerning their prescription drug orders.
- x.* Noncompliance with a child support order or with a written agreement for payment of child support as evidenced by a certificate of noncompliance issued pursuant to Iowa Code chapter 252J.
- y.* Student loan default or noncompliance with the terms of an agreement for payment of a student loan obligation as evidenced by a certificate of noncompliance issued pursuant to Iowa Code chapter 261 or default on a repayment or service obligation under any federal or state educational loan or service-conditional scholarship program upon certification by the program of such a default.
- z.* Engaging in any conduct that subverts or attempts to subvert a board investigation.
- aa.* Employing or continuing to employ as a practicing pharmacist any person whose Iowa pharmacist license is not current and active, employing or continuing to employ a person to assist a pharmacist with technical functions associated with the practice of pharmacy who is not currently registered as a pharmacy technician except as provided in rule 657—3.3(155A), introductory paragraph, or employing or continuing to employ a person to assist a pharmacist with nontechnical functions associated with the practice of pharmacy who is not currently registered as a pharmacy support person.
- ab.* Retaliatory action. Retaliating against a pharmacist, pharmacist-intern, pharmacy technician, or pharmacy support person for making allegations of illegal or unethical activities, making required reports to the board, or cooperating with a board investigation or survey.
- ac.* Failing to create and maintain complete and accurate records as required by state or federal law, regulation, or rule of the board.
- ad.* Violating the pharmacy or drug laws or rules of another state while under the jurisdiction of that state.
- ae.* Having a license to practice pharmacy issued by another state canceled, revoked, or suspended for conduct substantially equivalent to any of the grounds for disciplinary action in Iowa. A copy of the record from the state taking the disciplinary action shall be conclusive evidence of the action taken by that state.
- af.* Failure to comply with mandatory child or dependent adult abuse reporter training requirements.
- ag.* Failure to timely provide to the board or a representative of the board prescription fill data or other required pharmacy or controlled substances records.
- ah.* Nonpayment of a state debt as evidenced by a certificate of noncompliance issued pursuant to Iowa Code chapter 272D.
- ai.* Failure to notify the board of a criminal conviction relating to the practice of pharmacy or to the distribution of drugs within 30 days of the action, regardless of the jurisdiction where it occurred.
- aj.* Obtaining, possessing, or attempting to obtain or possess prescription drugs without lawful authority.
- ak.* Diverting prescription drugs from a pharmacy for personal use or for distribution.
- al.* Practicing pharmacy, or assisting in the practice of pharmacy, while under the influence of alcohol or illicit substances.

am. Practicing pharmacy, or assisting in the practice of pharmacy, while under the influence of prescription drugs or substances for which the licensee or registrant does not have a lawful prescription or while impaired by the use of legitimately prescribed pharmacological agents, drugs, or substances.

an. Forging or altering a prescription.

ao. Practicing outside the scope of the profession.

ap. Dispensing, or contributing to the dispensing of, an incorrect prescription, which includes, but is not limited to, the incorrect drug, the incorrect strength, the incorrect patient or prescriber, or the incorrect or incomplete directions.

aq. Failing to comply with a confidential order for evaluation.

[ARC 8673B, IAB 4/7/10, effective 6/1/10; ARC 1963C, IAB 4/15/15, effective 5/20/15]

657—36.2(155A,272C) Investigations.

36.2(1) General. The board may, upon receipt of a written or verbal complaint or upon its own motion pursuant to other evidence received by the board, review and investigate alleged acts or omissions that the board reasonably believes constitute cause under applicable law or administrative rules for licensee, registrant, or permittee discipline.

36.2(2) Reporting of judgments or settlements. Each licensee or registrant shall report to the board every adverse judgment in a malpractice action to which the pharmacy, pharmacist, pharmacist-intern, pharmacy technician, or pharmacy support person is a party, and every settlement of a claim alleging malpractice. The report must be filed within 30 days from the date of the judgment or settlement.

36.2(3) Reporting of acts or omissions. Each licensee or registrant having firsthand knowledge of acts or omissions set forth in subrule 36.1(4) shall report to the board within 30 days of initially acquiring the information those acts or omissions committed by another person licensed to practice pharmacy or registered to practice as a pharmacist-intern, as a pharmacy technician, or as a pharmacy support person. The report shall include the name and other available information identifying the licensee or registrant and the date, time, and place of the incident.

36.2(4) Confidentiality of investigative files. Complaint files, investigation files, and all other investigation reports and investigative information in the possession of the board or its employees or agents that relate to licensee, permittee, or registrant discipline shall be privileged and confidential pursuant to Iowa Code section 272C.6(4).

36.2(5) Investigation of allegations. In order to determine if probable cause exists for a disciplinary hearing, the board, the executive director, or someone designated by the executive director shall cause an investigation to be made into the allegations of the complaint. The licensee, registrant, or permittee who is the subject of the complaint shall be given the opportunity to present to the investigator a position or defense respecting the allegations of the complaint prior to the commencement of a contested case.

36.2(6) Investigatory subpoena powers. The board is authorized by law to subpoena books, papers, records, and any other real evidence, whether or not privileged or confidential under law, to help determine whether a contested case proceeding (hearing) should be commenced.

36.2(7) Investigative report. Upon completion of the investigation, the investigator(s) shall prepare a report for the board's consideration. The report may contain the position or defense of the respondent, discuss jurisdiction, and set forth any legal arguments and authorities that appear applicable to the case.

36.2(8) Board consideration. The board shall review all investigations. Participation in the review shall not bar any board member from participating in any subsequent disciplinary proceeding.

a. Board action. After reviewing an investigation, the board may either institute a disciplinary proceeding by filing one or more statements of charges, send a confidential letter of education or administrative warning to the licensee, registrant or permittee, request additional investigation, or close the case without further investigation.

b. Confidential action. If the board determines that formal disciplinary action is not warranted, the board may send a confidential letter of education or administrative warning to the licensee, registrant or permittee. The purpose of a confidential letter of education or administrative warning is to alert the licensee, registrant or permittee to possible violations of Iowa law or board rules so that the licensee, registrant or permittee may address the issues. Confidential letters of education and administrative

warnings do not constitute formal disciplinary action and are not public records. The board shall maintain a copy of the confidential letter of education or administrative warning in the confidential investigative file regarding the licensee, registrant or permittee. Confidential letters of education and administrative warnings may be used as evidence against a licensee, registrant or permittee in future administrative hearings.

[ARC 8673B, IAB 4/7/10, effective 6/1/10; ARC 9412B, IAB 3/9/11, effective 4/13/11]

657—36.3(147,272C) Peer review committees.

36.3(1) *Establish committee.* The board may establish and register peer review committees.

36.3(2) *Referral to committee.* The board shall determine which complaints or other matters shall be referred to a peer review committee for investigation, review, and report to the board.

36.3(3) *Services to committee.* The board may provide investigatory and related services to a peer review committee upon request.

36.3(4) *Investigation by committee.* A peer review committee may determine the method to be used in making its investigation, or that it is unable to investigate the report upon a complaint and return the complaint, together with an explanation, to the board.

36.3(5) *Confidentiality.* A peer review committee shall observe the requirements of confidentiality imposed by Iowa Code section 272C.6.

36.3(6) *Immunity from civil liability.* Members of a peer review committee shall not be liable for acts, omissions, or decisions made in connection with service on a peer review committee. However, immunity from civil liability shall not apply if the act is done with malice.

36.3(7) *Committee procedures.* A peer review committee shall submit to the board for approval the procedures to be used for review, investigation, and handling of all complaints.

657—36.4(17A,124,124B,126,147,155A,272C) Disciplinary proceedings. The proceeding for revocation, suspension, or other disciplinary sanctions against a pharmacy license, a wholesale drug license, a pharmacy technician registration, a pharmacy support person registration, a pharmacist-intern registration, or a license to practice pharmacy, or the denial of or refusal to issue or renew a license or registration, or the suspension, denial, or revocation of a permit to handle precursor substances shall be substantially in accordance with the procedures set forth in 657—Chapter 35 and these rules, which are in addition to the procedures stated in Iowa Code chapter 17A and Iowa Code section 155A.16.

[ARC 8673B, IAB 4/7/10, effective 6/1/10; ARC 9412B, IAB 3/9/11, effective 4/13/11]

657—36.5(17A,124,124B,126,147,155A,272C) Notice of disciplinary hearing.

36.5(1) *Preparation of notice.* The executive director shall prepare the notice of hearing upon direction to do so by the board upon a probable cause determination.

36.5(2) *Contents.* The notice of hearing shall contain the information set forth in 657—subrule 35.5(2).

36.5(3) *Delivery.* Delivery of the notice shall constitute the commencement of the contested case proceeding, and delivery may be executed by one of the methods provided for in 657—subrule 35.5(1).

36.5(4) *Timely service – denial of renewal.* Notice of a hearing involving denial of license, permit, or registration renewal shall be served no later than 30 days before the expiration of the license, permit, or registration.

36.5(5) *Timely service – revocation or suspension.* Notice of a hearing involving revocation or suspension of a license, permit, or registration shall be served no less than 30 days before the time set for the hearing.

[ARC 9412B, IAB 3/9/11, effective 4/13/11]

657—36.6(17A,124B,147,155A,272C) Informal settlement.

36.6(1) *Negotiating parties.*

a. A contested case may be resolved by informal settlement. The respondent or the board may initiate negotiation of an informal settlement.

b. The board chairperson may designate the executive director or one or more board members with authority to negotiate on behalf of the board.

36.6(2) Waiver of notice and opportunity to be heard. The decision to enter into informal settlement negotiations is voluntary on the part of the respondent. By entering into informal settlement negotiations, the respondent waives the right to seek disqualification of a board member pursuant to Iowa Code section 17A.17 and 657—35.9(17A) based on that board member's participation in the settlement negotiations. Upon initiation of negotiation, the assistant attorney general is authorized to discuss informal settlement with the board's designee. Consent to negotiation by the respondent also constitutes a waiver of notice and opportunity to be heard pursuant to Iowa Code section 17A.17 during informal settlement negotiation.

36.6(3) Board approval. All informal settlements are subject to approval of a majority of the full board. If the board fails to approve an informal settlement, it shall be of no force or effect to either party.

36.6(4) Participation of designee. A board member who is designated to act in negotiation of an informal settlement may review investigative material in the course of conducting the negotiation. The designated board member is not disqualified from participating in the adjudication of the contested case by virtue of reviewing the investigative material or having participated in negotiation discussions.

[ARC 9412B, IAB 3/9/11, effective 4/13/11]

657—36.7(272C) Appearance. The respondent shall have the right to appear before the board in person or by attorney at the respondent's expense.

657—36.8(17A,124B,147,155A,272C) Order of proceedings. Before testimony is presented, the record shall show the identity of any board members present, the presiding hearing officer, the primary parties and their representatives, and the fact that all testimony is being recorded.

Hearings before the board generally follow the order established by this rule.

1. The presiding officer may read the specification of charges and the answer thereto, or other responsive pleading, filed by the respondent prior to the hearing.

2. The assistant attorney general representing the public interest before the board may make an opening statement.

3. Each respondent shall be offered the opportunity to make an opening statement. A respondent may elect to reserve an opening statement until just prior to the presentation of evidence by the respondent.

4. Evidence is presented on behalf of the public.

5. Evidence is presented on behalf of the respondent(s).

6. Rebuttal evidence is presented on behalf of the public.

7. Rebuttal evidence is presented on behalf of the respondent(s).

8. The parties are offered the opportunity to make closing arguments, first on behalf of the public, then on behalf of the respondent, and then on behalf of the public.

657—36.9(272C) Confidentiality. At no time prior to the release of the final decision by the board shall any portion or the whole thereof be made public or be distributed to any persons other than the parties.

657—36.10(17A,272C) Notification of decision. All parties to a proceeding hereunder shall be promptly furnished with a copy of any final decision or order by one of the methods provided for in 657—subrule 35.5(1), or by telephone if necessary to ensure that the parties learn of the decision or order first.

[ARC 9412B, IAB 3/9/11, effective 4/13/11]

657—36.11(272C) Board decision. The board's decision and order to discipline a licensee, registrant, or permittee, or to revoke or suspend a license to practice pharmacy, a wholesale drug license, a license to operate a pharmacy, a registration to practice as a pharmacist-intern, a pharmacy technician, or a pharmacy support person, or a permit to handle precursor substances, shall remain in force and effect

until the appeal is finally determined and disposed of upon its merit unless the board grants a stay of its decision as provided for in rule 657—35.28(17A).

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—36.12(17A,272C) Publication of decisions. Final decisions of the board relating to disciplinary proceedings are public records subject to Iowa Code chapter 22, examination of public records, and may be transmitted to the appropriate professional association and a newspaper of general circulation to be selected by the board.

657—36.13(17A,124B,147,155A,272C) Reinstatement. Any person whose license to practice pharmacy or to operate a pharmacy or whose wholesale drug license or permit to handle precursor substances or whose pharmacist-intern registration, pharmacy technician registration, or pharmacy support person registration has been revoked or suspended shall meet the following eligibility requirements for reinstatement:

36.13(1) Prerequisites. The individual shall satisfy all terms of the order of revocation or suspension or court proceedings as they apply to that revocation or suspension. If the order of revocation or suspension did not establish terms and conditions upon which reinstatement might occur, or if the license, registration, or permit was voluntarily surrendered, an initial application for reinstatement may not be made until one year has elapsed from the date of the board's order or the date of voluntary surrender.

36.13(2) Pharmacist license revoked or surrendered—examinations required. A person whose license to practice pharmacy was revoked or voluntarily surrendered must successfully pass the North American Pharmacist Licensure Examination (NAPLEX) or an equivalent examination as determined by NABP and the Multistate Pharmacy Jurisprudence Examination (MPJE), Iowa Edition.

36.13(3) Proceedings. The respondent shall initiate all proceedings for reinstatement by filing with the board an application for reinstatement of the license, registration, or permit. The application shall be docketed in the original case in which the license, registration, or permit was revoked, suspended, or surrendered. All proceedings upon petition for reinstatement, including all matters preliminary and ancillary thereto, shall be subject to the same rules of procedure as other cases before the board. The board and the respondent may informally settle the issue of reinstatement. The respondent may choose to have an informal reinstatement conference before the board, as provided in rule 657—36.14(17A,124B,147,155A,272C).

36.13(4) Burden of proof. An application for reinstatement shall allege facts which, if established, will be sufficient to enable the board to determine that the basis for the revocation or suspension no longer exists and that it will be in the public interest for the license, registration, or permit to be reinstated. The burden of proof to establish such facts shall be on the respondent.

36.13(5) Order. An order for reinstatement shall be based upon a decision that incorporates findings of facts and conclusions of law and shall be based upon the affirmative vote of a quorum of the board. This order shall be available to the public as provided in 657—Chapter 14.

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—36.14(17A,124B,147,155A,272C) Informal reinstatement conference.

36.14(1) Request. Upon written request of the respondent and approval by the executive director of the board, an informal reinstatement conference may be held before the board.

36.14(2) Confidentiality. The conference shall be open to the public except as provided in Iowa Code chapter 21 and Iowa Code section 272C.6. Material submitted to the board regarding a licensee, registrant, or permittee subject to suspension or revocation and received prior to the filing of an application for reinstatement shall be deemed to be investigatory in nature and therefore confidential. If a request for an informal settlement conference is made and approved, all material submitted by the respondent to the board for its consideration shall be deemed public records and is not confidential. Upon filing a request for an informal reinstatement conference, the respondent consents to the provision of relevant materials to board members prior to the time of the informal reinstatement conference.

36.14(3) Disposition. After conducting an informal reinstatement conference, the board may issue a proposed order for reinstatement, may issue a proposed order denying reinstatement, or may order a formal hearing on the application.

36.14(4) Appeal—formal hearing. Upon appeal of a proposed order or upon the board's order for formal hearing, application for reinstatement shall be set for formal hearing subject to the same rules of procedure as other cases before the board. By consenting to the informal settlement conference, respondent waives any objection to any board member participating in a formal hearing by virtue of the board member's participation at the informal settlement conference. All materials submitted and statements made by the respondent at the informal settlement conference shall be admissible at a subsequent formal hearing.

36.14(5) Final order. A proposed order resulting from an informal reinstatement conference becomes the final decision of the board without further proceedings unless there is an appeal to, or review on motion of, the board within the time provided in rule 657—35.26(17A,124B,126,147,155A,205,272C).

[ARC 9412B, IAB 3/9/11, effective 4/13/11]

657—36.15(17A,124B,147,155A,272C) Voluntary surrender of a license, permit, or registration. The voluntary surrender of a license to practice pharmacy, a license to operate a pharmacy, a wholesale drug license, a permit to handle precursor substances, a pharmacy technician registration, a pharmacy support person registration, or a pharmacist-intern registration shall be considered a revocation of license, permit, or registration. A request for reinstatement shall be handled under the terms established by rule 657—36.13(17A,124B,147,155A,272C).

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—36.16(17A,124B,147,155A,272C) License, permit, or registration denial. Any request for a hearing before the board concerning the denial of a license, permit, or registration shall be submitted by the applicant in writing to the board by certified mail, return receipt requested, within 30 days of a mailing of a notice of denial of license, permit, or registration.

657—36.17(155A,272C) Order for mental or physical examination. A pharmacist, pharmacist-intern, pharmacy technician, or pharmacy support person who is licensed or registered by the board is, as a condition of licensure or registration, under a duty to submit to a mental or physical examination within a time period specified by order of the board. Such examination may be ordered upon a showing of probable cause and shall be at the expense of the pharmacist, pharmacist-intern, pharmacy technician, or pharmacy support person.

36.17(1) Content of order. A board order for mental or physical examination shall include the following items:

a. A description of the type of examination to which the pharmacist, pharmacist-intern, pharmacy technician, or pharmacy support person must submit.

b. The name and address of the examiner or treatment facility that the board has identified to perform the examination on the pharmacist, pharmacist-intern, pharmacy technician, or pharmacy support person.

c. The time period in which the pharmacist, pharmacist-intern, pharmacy technician, or pharmacy support person must schedule the required examination.

d. The amount of time in which the pharmacist, pharmacist-intern, pharmacy technician, or pharmacy support person is required to complete the examination.

e. A requirement that the pharmacist, pharmacist-intern, pharmacy technician, or pharmacy support person cause a report of the examination results to be provided to the board within a specified period of time.

f. A requirement that the pharmacist, pharmacist-intern, pharmacy technician, or pharmacy support person communicate with the board regarding the status of the examination.

g. A provision allowing the pharmacist, pharmacist-intern, pharmacy technician, or pharmacy support person to request additional time to schedule or complete the examination or to request that

the board approve an alternative examiner or treatment facility. The board shall, in its sole discretion, determine whether to grant such a request.

36.17(2) *Objection to order.* A licensee or registrant who is the subject of a board order and who objects to the order may file a request for hearing. The request for hearing shall specifically identify the factual and legal issues upon which the licensee or registrant bases the objection. The hearing shall be considered a contested case proceeding and shall be governed by the provisions of 657—Chapter 35. A contested case involving an objection to an examination order will be captioned in the name of Jane or John Doe in order to maintain the licensee’s or registrant’s confidentiality.

36.17(3) *Closed hearing.* Any hearing on an objection to the board order shall be closed pursuant to Iowa Code section 272C.6(4).

36.17(4) *Order and reports—confidential.* An examination order and any subsequent examination reports issued in the course of a board investigation are confidential investigative information pursuant to Iowa Code section 272C.6(4).

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—36.18(272C) Disciplinary hearings—fees and costs.

36.18(1) *Definitions.* As used in this chapter in relation to a formal disciplinary action filed by the board against a licensee or registrant:

“*Deposition*” means the testimony of a person pursuant to subpoena or at the request of the state of Iowa taken in a setting other than a hearing.

“*Expenses*” means costs incurred by persons appearing pursuant to subpoena or at the request of the state of Iowa for purposes of providing testimony on the part of the state of Iowa in a hearing or other official proceeding and shall include mileage reimbursement at the rate specified in Iowa Code section 70A.9 or, if commercial air or ground transportation is used, the actual cost of transportation to and from the proceeding. Also included are actual costs incurred for meals and necessary lodging.

“*Medical examination fees*” means actual costs incurred by the board in a physical, mental, chemical abuse, or other impairment-related examination or evaluation of a licensee or registrant when the examination or evaluation is conducted pursuant to an order of the board.

“*Transcript*” means a printed verbatim reproduction of everything said on the record during a hearing or other official proceeding.

“*Witness fees*” means compensation paid by the board to persons appearing pursuant to subpoena or at the request of the state of Iowa, for purposes of providing testimony on the part of the state of Iowa. For the purposes of this rule, compensation shall be the same as outlined in Iowa Code section 622.69 or 622.72 as the case may be.

36.18(2) *Hearing fee and recoverable costs.* The board may charge a fee not to exceed \$75 for conducting a disciplinary hearing that results in disciplinary action taken by the board against the license or registration. In addition to the fee, the board may recover from the licensee or registrant costs for the following procedures and personnel:

- a. Transcript.
- b. Witness fees and expenses.
- c. Depositions.
- d. Medical examination fees incurred relating to a person licensed or registered under Iowa Code chapter 147 or 169.

36.18(3) *Fees, costs are part of disciplinary order.* Fees and costs assessed by the board pursuant to subrule 36.18(2) shall be calculated by the board’s executive director and shall be entered as part of the board’s final disciplinary order. The board’s final disciplinary order shall specify the time period in which the licensee or registrant shall pay the assessed fees and costs.

36.18(4) *Board treatment of collected fees, costs.* Fees and costs collected by the board pursuant to subrule 36.18(2) shall be allocated to the expenditure category of the board in which the hearing costs were incurred. The fees and costs shall be considered repayment receipts as defined in Iowa Code section 8.2.

36.18(5) *Failure to pay assessed fees, costs.* Failure of a licensee or registrant to pay the fees and costs assessed herein within the time period specified in the board's final disciplinary order shall constitute a violation of a lawful order of the board.

CHAPTER 37
IOWA PRESCRIPTION MONITORING PROGRAM

657—37.1(124) Purpose. These rules establish a prescription monitoring program that compiles a central database of reportable prescriptions dispensed to patients in Iowa. An authorized health care practitioner may, but is not required to, access prescription monitoring program (PMP) information regarding the practitioner's patient to assist in determining appropriate treatment options and to improve the quality of patient care. The PMP is intended to provide a health care practitioner with a resource for information regarding a patient's use of controlled substances. This database will assist the practitioner in identifying any potential diversion, misuse, or abuse of controlled substances without impeding the appropriate medical use of controlled substances.

[ARC 7903B, IAB 7/1/09, effective 8/5/09]

657—37.2(124) Definitions. As used in this chapter:

"Board" means the Iowa board of pharmacy.

"Controlled substance" means a drug, substance, or immediate precursor in Schedules I through V set forth in Iowa Code chapter 124, division II.

"Council" means the PMP advisory council established pursuant to Iowa Code section 124.555 to provide oversight and to co-manage PMP activities with the board.

"Database information" or *"PMP information"* means information submitted to and maintained by the PMP database.

"DEA number" means the registration number issued to an individual or pharmacy by the U.S. Department of Justice, Drug Enforcement Administration (DEA) authorizing the individual or pharmacy to engage in the prescribing, dispensing, distributing, or procuring of a controlled substance.

"Dispenser" means a person who delivers to the ultimate user a substance required to be reported to the PMP database. "Dispenser" includes a pharmacy located outside the state of Iowa that is licensed by the board with a nonresident pharmacy license authorizing the pharmacy to dispense prescription drugs to patients physically located in Iowa. "Dispenser" does not include a person exempt from reporting pursuant to subrule 37.3(1).

"Electronic health record system" or *"EHRS"* means a real-time, patient-centered health record system that makes patient health information and other health care tools and resources readily and securely available to authorized providers in a digital format capable of being shared with other providers across one or more health care organizations or facilities.

"Electronic pharmacy information system" or *"e-pharmacy system"* means a real-time electronic patient prescription record system that includes, at a minimum, patient profiles and prescription dispensing information and that may enable shared access to included information by multiple pharmacies, such as a chain of pharmacies using the same e-pharmacy system.

"Electronic system" means an electronic health record system, an electronic pharmacy information system, or a health information exchange. "Electronic systems" refers to a combination of two or more of these types of systems.

"Health care professional" means a person who, by education, training, certification, or licensure, is qualified to provide and is engaged in providing health care to patients. "Health care professional" does not include clerical or administrative staff. "Health care professional," other than a licensed prescriber or pharmacist, may include, but is not limited to, a certified pharmacy technician or a registered technician trainee, a nurse, a certified medical assistant, or a pharmacist-intern.

"Health information exchange" or *"HIE"* means a system that allows health care professionals to appropriately access and securely share a patient's vital medical information and records as that electronic information is instantly updated and simultaneously available to each of the health care professionals across organizations, often within a region, community, or health care system.

"National drug code" or *"NDC number"* means the universal product identifier used in the United States to identify a specific human drug product.

“*Patient*” means the person or animal that is the ultimate user of a drug for whom a prescription is issued or for whom a drug is dispensed.

“*Patient's agent*” means a person legally authorized to make health care decisions or gain access to health care records on behalf of the patient for purposes of directing the patient’s care.

“*Patients rights committee*” or “*committee*” means the physician and pharmacist members of the council responsible for monitoring and ensuring protection and preservation of patients’ rights as provided in Iowa Code section 124.555(3)“*e.*”

“*PMP administrator*” means the board staff person or persons designated to manage and administer the PMP under the direction and oversight of the board and the council.

“*Practitioner*” means a prescriber or a pharmacist.

“*Practitioner's agent*” means a health care professional who is employed by or under the direct supervision of a PMP-registered practitioner and who is authorized by the practitioner to access PMP information as provided in subrule 37.4(1).

“*Prescriber*” means a licensed health care professional with the authority to prescribe prescription drugs including controlled substances.

“*Prescription monitoring program*” or “*PMP*” means the program established pursuant to these rules for the collection and maintenance of PMP information and for the provision of PMP information to authorized individuals, including health care providers, for use in treatment of their patients.

“*Prescription monitoring program database*” or “*PMP database*” means a centralized database of reportable controlled substance prescriptions dispensed to patients and includes data access logs, security tracking information, and records of each individual who requests PMP information.

“*Reportable prescription*” means the record of a Schedule II, III, or IV controlled substance dispensed by a pharmacy to a patient pursuant to a prescriber-authorized prescription. “Reportable prescription” does not include those records excluded in subrule 37.3(1).

“*Schedule II, III, and IV controlled substances*” means those substances that are identified and listed as Schedule II, III, or IV substances in Iowa Code sections 124.205 through 124.210 or in the federal Controlled Substances Act (21 U.S.C. Section 812).

[ARC 7903B, IAB 7/1/09, effective 8/5/09; ARC 0056C, IAB 4/4/12, effective 7/1/12; ARC 0242C, IAB 8/8/12, effective 1/1/13; ARC 3102C, IAB 6/7/17, effective 7/12/17]

657—37.3(124) Requirements for the PMP. Each dispenser, unless identified as exempt from reporting and who has applied for and been granted an exemption from reporting to the PMP pursuant to subrule 37.3(1), shall submit to the PMP administrator either a record of each reportable prescription dispensed during a reporting period or a zero report pursuant to subrule 37.3(5), as appropriate. A dispenser located outside the state of Iowa, unless identified as exempt from reporting and who has applied for and been granted an exemption from reporting to the PMP pursuant to subrule 37.3(1), shall submit to the PMP administrator either a record of each reportable prescription dispensed during a reporting period to a patient located in Iowa or a zero report pursuant to subrule 37.3(5), as appropriate.

37.3(1) Exemptions. The dispensing of a controlled substance as described in this subrule shall not be considered a reportable prescription. A dispenser engaged in the distribution of controlled substances solely pursuant to one or more of the practices identified in paragraph 37.3(1)“*a,*” 37.3(1)“*b,*” or 37.3(1)“*c,*” or that is not registered to handle controlled substances as described in paragraph 37.3(1)“*d,*” may apply for an exemption from reporting to the PMP. A dispenser claiming exemption pursuant to this subrule shall certify to the board, on a form provided by the board, the basis for exemption from reporting to the PMP. The PMP administrator is hereby authorized to approve or deny the pharmacy’s request for exemption from reporting to the PMP.

a. A licensed hospital pharmacy shall not be required to report the dispensing of a controlled substance for the purposes of inpatient hospital care, the dispensing of a prescription for a starter supply of a controlled substance at the time of a patient’s discharge from such a facility, or the dispensing of a prescription for a controlled substance in a quantity adequate to treat the patient for a maximum of 72 hours. A hospital pharmacy claiming exemption from reporting pursuant to this paragraph shall certify to the board that the hospital pharmacy dispenses only as provided by this paragraph.

b. A licensed pharmacy shall not be required to report the dispensing of a controlled substance for a patient residing in a long-term care facility or for a patient residing in an inpatient hospice facility. A pharmacy claiming exemption from reporting pursuant to this paragraph shall certify to the board that the pharmacy dispenses only to patients residing in a long-term care facility or to patients residing in an inpatient hospice facility.

c. A nonresident pharmacy that does not distribute controlled substances to patients located in Iowa shall not be required to report to the PMP. A nonresident pharmacy claiming exemption from reporting pursuant to this paragraph shall certify to the board that the nonresident pharmacy does not dispense controlled substances to patients located in Iowa.

d. A licensed pharmacy that does not handle controlled substances and that is not registered to handle controlled substances with the federal DEA shall not be required to report to the PMP. A pharmacy claiming exemption from reporting pursuant to this paragraph shall certify to the board that the pharmacy does not dispense controlled substances.

e. A prescriber or other authorized person who administers or dispenses a controlled substance, including samples of a controlled substance, for the purposes of outpatient care shall not be required to report such administration or dispensing. A prescriber shall not be required to submit a form or notification claiming exemption from reporting to the PMP. This exception shall not apply to a pharmacist who administers a controlled substance, as directed by the prescriber, pursuant to a prescription.

f. A wholesale distributor of a controlled substance shall not be required to report the wholesale distribution of such a substance. A wholesale distributor shall not be required to submit a form or notification claiming exemption from reporting to the PMP.

37.3(2) *Data elements.* The information submitted for each prescription shall include, at a minimum, the following items:

- a.* Dispenser DEA number.
- b.* Date the prescription is filled.
- c.* Prescription number.
- d.* Indication as to whether the prescription is new or a refill.
- e.* NDC number for the drug dispensed.
- f.* Quantity of the drug dispensed.
- g.* Number of days of drug therapy provided by the drug as dispensed.
- h.* Patient first and last names.
- i.* Patient address including street address, city, state, and ZIP code.
- j.* Patient date of birth.
- k.* Patient gender.
- l.* Prescriber DEA number.
- m.* Date the prescription was issued by the prescriber.
- n.* Method of payment.

37.3(3) *Reporting periods.* A record of each reportable prescription dispensed shall be submitted by each dispenser at least weekly. Records may be submitted with greater frequency than required by this subrule. Records of reportable prescriptions dispensed between Sunday and Saturday each week shall be submitted no later than the following Wednesday. However, a pharmacy that is currently submitting prescription dispensing records to another state's PMP on an alternative weekly reporting schedule may request authority to submit records to the Iowa PMP pursuant to that established schedule. The request shall be submitted in writing via e-mail, fax, or regular mail to the PMP administrator. The request shall identify the pharmacy by name, address, and Iowa pharmacy license number and shall define the alternative reporting period and the reason for the requested alternative reporting period. The PMP administrator is hereby authorized to approve or deny the pharmacy's alternative weekly reporting schedule.

37.3(4) *Transmission methods.* Prescription information shall be transmitted using one of the following methods:

- a.* Data upload to a reporting Web site via a secure Internet connection or by utilizing the secure FTP procedure. The PMP administrator or designee will provide dispensers with initial secure login and

password information. Dispensers will be required to register on the reporting Web site prior to initial data upload.

b. Electronic media including CD-ROM, DVD, or diskette, accompanied by a transmittal form identifying the dispenser submitting the electronic media, the number of prescription records included on the media, and the individual submitting the media as directed by the PMP administrator or designee.

c. If a dispenser does not have an automated record-keeping system capable of producing an electronic report as provided in this rule, the dispenser may submit prescription information on the industry standard universal claim form. The dispenser may complete and submit the claim form on the reporting Web site or, if the dispenser does not have Internet access, the completed paper claim form may be submitted as directed by the PMP administrator or designee.

d. Chain pharmacies and pharmacies under shared ownership may submit combined data transmissions on behalf of all facilities by utilizing the secure FTP procedure. Combined data transmissions shall identify the specific pharmacy that dispensed each individual prescription record included in the combined data transmission.

37.3(5) Zero reports. If a dispenser has not been identified as exempt from reporting to the PMP and the dispenser did not dispense any reportable prescriptions during a reporting period, the dispenser shall submit a zero report via the established reporting Web site or secure FTP procedure. The schedule identified in subrule 37.3(3) shall determine timely submission of zero reports.

[ARC 7903B, IAB 7/1/09, effective 8/5/09; ARC 0242C, IAB 8/8/12, effective 1/1/13; ARC 3102C, IAB 6/7/17, effective 7/12/17]

657—37.4(124) Access to database information. All information contained in the PMP database, including prescription information submitted for inclusion in the PMP database, communications or notifications to PMP users and dispensers via the database, and records of requests for PMP information, shall be privileged and strictly confidential and not subject to public or open records laws. The board, council, and PMP administrator shall maintain procedures to ensure the privacy and confidentiality of patients, prescribers, dispensers, practitioners, practitioners' agents, and patient information collected, recorded, transmitted, and maintained in the PMP database and to ensure that program information is not disclosed to persons except as provided in this rule.

37.4(1) Prescribers and pharmacists. A health care practitioner authorized to prescribe or dispense controlled substances may obtain PMP information regarding the practitioner's patient, or a patient seeking treatment from the practitioner, for the purpose of providing patient health care. A practitioner may authorize no more than six health care professionals to act as the practitioner's agents for the purpose of requesting PMP information regarding a practitioner's patients. A practitioner's agent shall be licensed, registered, certified, or otherwise credentialed as a health care professional in a manner that permits verification of the health care professional's credentials.

a. Prior to being granted access to PMP information, a practitioner or a practitioner's agent shall submit an individual request for registration and program access. The PMP administrator shall take reasonable steps to verify the identity of a practitioner or practitioner's agent and to verify a practitioner's or practitioner's agent's credentials prior to providing a practitioner or practitioner's agent with a secure login and initial password.

(1) A practitioner shall register via a secure Web site established by the board for that purpose.

(2) A practitioner's agent shall register for access to PMP information on behalf of the supervising practitioner by completing and submitting a hard-copy registration form, provided by the board, that requires the signatures of both the supervising practitioner and the practitioner's agent.

b. Each practitioner or practitioner's agent registered to access PMP information shall securely maintain and use the login and password assigned to the individual practitioner or practitioner's agent. Except in an emergency when the patient would be placed in greater jeopardy by restricting PMP information access to the practitioner or practitioner's agent, a registered practitioner shall not share the practitioner's secure login and password information and shall not delegate PMP information access to another health care practitioner or to an unregistered agent. A registered practitioner's agent shall not delegate PMP information access to another individual.

c. A practitioner or practitioner's agent may submit a request for PMP information via a secure Web site established by the board for that purpose. The requested information shall be provided to the requesting practitioner or practitioner's agent in a format established by the board and shall be delivered via the secure Web site.

d. A practitioner or practitioner's agent who requests and receives PMP information consistent with the requirements and intent of these rules may provide that information to another practitioner who is involved in the care of the patient who is the subject of the information. Information from the PMP database remains privileged and strictly confidential. Such disclosures among practitioners shall be consistent with these rules and federal and state laws regarding the confidentiality of patient information. The information shall be used for medical or pharmaceutical care purposes.

e. A practitioner or practitioner's agent shall not provide the patient with a copy of a report generated by the PMP. A patient may receive a report of the patient's own prescription history pursuant to subrule 37.4(4).

37.4(2) *Regulatory agencies and boards.* Professional licensing boards and regulatory agencies that supervise or regulate a health care professional or that provide payment for health care services shall be able to access information from the PMP database only pursuant to an order, subpoena, or other means of legal compulsion relating to a specific investigation of a specific individual and supported by a determination of probable cause. The board may charge a fee for the preparation and release of PMP information and reports as provided in rule 657—37.5(124).

a. Prior to accepting and processing a request for PMP database information from the director or director's designee of a licensing board or other authorized regulatory agency, the director or director's designee shall complete and submit a hard-copy registration form, provided by the board, that requires the signatures of both the director and the director's designee, as appropriate. The PMP administrator shall take reasonable steps to verify the identity of the director or director's designee prior to providing a director or director's designee with a secure login and initial password.

b. A director of a licensing board with jurisdiction over a health care professional, or the director's designee, who seeks access to PMP information for an investigation shall submit to the PMP administrator in a format established by the board a written request via mail, e-mail, facsimile, or personal delivery. The request shall be signed by the director or the director's designee and shall be accompanied by an order, subpoena, or other form of legal compulsion establishing that the request is supported by a determination of probable cause.

c. A director of a regulatory agency with jurisdiction over a health care professional or with jurisdiction over a person receiving health care services pursuant to one or more programs provided by the agency, or the director's designee, who seeks access to PMP information for an investigation shall submit to the PMP administrator in a format established by the board a written request via mail, facsimile, e-mail, or personal delivery. The request shall be signed by the director or the director's designee and shall be accompanied by an order, subpoena, or other form of legal compulsion establishing that the request is supported by a determination of probable cause.

d. The requested information shall be provided to the requesting director or director's designee in a format established by the board and shall be delivered via the secure Web site or by an alternate delivery method determined by the PMP administrator to be appropriate.

37.4(3) *Law enforcement agencies.* Local, state, and federal law enforcement or prosecutorial officials engaged in the administration, investigation, or enforcement of any state or federal law relating to controlled substances shall be able to access information from the PMP database by order, subpoena, or other means of legal compulsion relating to a specific investigation of a specific individual and supported by a determination of probable cause. The board may charge a fee for the preparation and release of PMP information and reports as provided in rule 657—37.5(124).

a. Prior to accepting and processing a request for PMP database information from a law enforcement officer, the officer shall complete and submit a hard-copy registration form, provided by the board, that requires the signatures of both the officer and the officer's direct superior. The PMP administrator shall take reasonable steps to verify the identity of the officer and the officer's direct superior prior to providing the officer with a secure login and initial password.

b. A law enforcement officer shall submit to the PMP administrator in a format established by the board a written request via mail, e-mail, facsimile, or personal delivery. The request shall be signed by the requesting officer or the officer's superior. The request shall be accompanied by an order, subpoena, or warrant issued by a court or legal authority that requires a determination of probable cause and shall be processed by the PMP administrator.

c. A report identifying PMP information relating to the specific individual identified by the order, subpoena, or warrant shall be delivered to the law enforcement officer via the secure Web site or by an alternate delivery method determined by the PMP administrator to be appropriate.

37.4(4) Patients. A patient or the patient's agent may request and receive PMP information regarding prescriptions reported to have been dispensed to the patient.

a. A patient may submit a signed, written request for records of the patient's prescriptions dispensed during a specified period of time. The board shall provide the patient with a request form requiring identification of the patient by name, including any aliases used by the patient, and the patient's date of birth and gender. The request form shall also require any address where the patient resided during the time period of the request and the patient's current address and daytime telephone number. A patient may personally deliver the completed request to the PMP administrator or designee at the offices of the board located at 400 S.W. Eighth Street, Suite E, Des Moines, Iowa 50309-4688. The patient will be required to present current government-issued photo identification at the time of delivery of the request. A copy of the patient's identification and request shall be maintained in the records of the PMP.

b. A patient who is unable to personally deliver the request to the board offices may submit a request via mail or commercial delivery service. The request shall comply with all provisions of paragraph "a" above, and the signature of the requesting patient shall be witnessed and the patient's identity shall be attested to by a currently registered notary public. In addition to the notary's signature and assurance of the patient's identity, the notary shall certify a copy of the patient's government-issued photo identification and that certified copy shall be submitted with the written request. The request shall be submitted to the Iowa Board of Pharmacy at the address identified in paragraph "a."

c. In the case of a patient whose health care decisions have been legally transferred to the patient's agent, the patient's agent may submit a request on behalf of the patient pursuant to the appropriate procedure in paragraph "a" or "b." In addition to the patient's information, the patient's agent shall be identified by name, current address, and telephone number. In lieu of the patient's signature and identification, the patient's agent shall sign the request and the government-issued photo identification shall identify the patient's agent. The patient's agent shall include a certified copy of the legal document that transferred control over decisions regarding the patient's health care to the patient's agent.

d. A report prepared pursuant to this subrule shall be delivered to the patient or the patient's agent, as appropriate, by personal delivery or via mail or alternate secure delivery.

37.4(5) Court orders and subpoenas. The PMP administrator shall provide PMP information in response to court orders and county attorney or other subpoenas issued by a court upon a determination of probable cause. The board may charge a fee for the preparation and release of PMP information and reports as provided in rule 657—37.5(124).

37.4(6) Statistical data. The PMP administrator or designee may provide summary, statistical, or aggregate data to public or private entities for statistical, public research, public policy, or educational purposes. Prior to the release of any such data, the PMP administrator or designee shall remove any personal identifying information or verify that any personal identifying information that could be used to identify an individual patient, prescriber, dispenser, practitioner, or other person who is identified in the PMP information or data has been removed from the PMP information or data. The board may charge a fee for the preparation and release of statistical data as provided in rule 657—37.5(124).

37.4(7) PMP administrator access. Other than statistical data as described in subrule 37.4(6) and technical, error, and administrative function reports and information needed by PMP support staff to determine that records are received and maintained in good order or to review or resolve issues of reported or suspected erroneous data as provided in rule 657—37.7(124), any other reports concerning the information received from dispensers shall only be prepared at the direction of the board, the

council, or the PMP administrator. The board and the council may compile statistical reports from PMP information for use in determining the advisability of continuing the PMP and for use in preparing required reports to the governor and the legislature. The reports shall not include information that would identify any patient, prescriber, dispenser, practitioner, practitioner's agent, or other person who is identified in the PMP information or data.

37.4(8) *Electronic health and pharmacy information systems.* The board may contract with electronic health record systems, health information exchanges, and electronic pharmacy information systems to securely integrate into those electronic systems access to patient prescription histories and other PMP information available to authorized practitioners and practitioners' agents. Institutional users may be established to identify the facilities and contracted electronic systems and to facilitate secure access by the prescribing practitioners and pharmacists authorized to access PMP information by and through the electronic systems.

a. EHRs, HIE, and e-pharmacy system integration contracts or agreements shall ensure protection of confidential information contained in and received from the PMP.

b. EHRs, HIE, and e-pharmacy system integration contracts or agreements shall restrict access to PMP information to authorized practitioners and practitioner agents as provided by these rules except that individual user registration with the PMP may not be required if the identity of the specific individual receiving or requesting information from the PMP, including a record of the patient whose record is requested, is logged and maintained in an alternate record and is available to the PMP administrator upon request.

c. PMP and electronic system integration may require a separate contract or agreement with a third-party interface or translation service provider to facilitate integration of the PMP into the electronic system. The contract with the service provider shall provide that translation, transmission, or other data integration services provided under the contract are accomplished via a secure encrypted channel that ensures the confidentiality of all information exchanged between the PMP and the electronic system.

[ARC 7903B, IAB 7/1/09, effective 8/5/09; ARC 0056C, IAB 4/4/12, effective 7/1/12; ARC 3102C, IAB 6/7/17, effective 7/12/17]

657—37.5(124) Fees. The board may charge a fee and recover costs incurred for the provision of PMP information, including statistical data, except that no fees or costs shall be assessed to a dispenser for reporting to the PMP or to a practitioner or practitioner's agent for querying the PMP regarding a practitioner's patient. Any fees or costs assessed by the board shall be considered repayment receipts as defined in Iowa Code section 8.2.

[ARC 7903B, IAB 7/1/09, effective 8/5/09; ARC 3102C, IAB 6/7/17, effective 7/12/17]

657—37.6(124) PMP information retained. All dispenser records of prescriptions reported to the PMP shall be retained by the PMP for a period of four years following the date of the record. All records of access to or query of PMP information shall be retained by the PMP for a period of four years following the date of the record. At least semiannually, all PMP information identified as exceeding that four-year period shall be deleted from the PMP and discarded in a manner to maintain the confidentiality of the PMP information and data. Statistical data and reports from which all personally identifiable information has been removed or which do not contain personally identifiable information as provided in subrules 37.4(6) and 37.4(7) may be retained by the PMP for historical purposes.

[ARC 7903B, IAB 7/1/09, effective 8/5/09]

657—37.7(124) Information errors. Any person who believes that PMP information about that person is false or in error shall submit a written statement to the PMP administrator. The statement shall identify the information the person believes to be false or in error and the reason the individual believes the information to be false or in error. The PMP administrator may examine the information identified in the statement and may request the assistance of the board's compliance staff to determine whether or not the PMP information is accurate. Prior to initiating any action to correct, delete, or amend any PMP information, the PMP administrator shall submit the statement and the resulting report to the patients rights committee for review and approval of the recommended action. If correction, deletion, or amendment of any PMP information is authorized, that action shall be accomplished by the PMP

administrator within 72 hours of the committee's decision. The PMP administrator shall respond, in writing, to the person who submitted the statement charging that the PMP information was false or in error. The response shall identify the action approved by the committee.

[ARC 7903B, IAB 7/1/09, effective 8/5/09]

657—37.8(124) Dispenser and practitioner records. Nothing in these rules shall apply to records created or maintained in the regular course of business of a pharmacy or health care practitioner. All information, documents, or records otherwise available from pharmacies or health care practitioners shall not be construed as immune from discovery or use in any civil proceedings merely because the information contained in those records was reported to the PMP in accordance with these rules.

[ARC 7903B, IAB 7/1/09, effective 8/5/09]

657—37.9(124) Prohibited acts. The PMP administrator shall report to the licensing board of a dispenser, a practitioner, or a practitioner's agent any known violation of the confidentiality provisions or the reporting requirements of the law and these rules for which the dispenser, practitioner, or practitioner's agent is subject to disciplinary action.

37.9(1) Confidentiality. A pharmacy, pharmacist, practitioner, or practitioner's agent who knowingly fails to comply with the confidentiality provisions of the law or these rules or who delegates PMP information access to another individual, except as provided in paragraph 37.4(1) "b," is subject to disciplinary action by the appropriate professional licensing board. The PMP administrator or a member of the program staff who knowingly fails to comply with the confidentiality provisions of the law or these rules is subject to disciplinary action by the board. In addition to any disciplinary action or sanctions imposed by a professional licensing board, a pharmacy, pharmacist, practitioner, practitioner's agent, PMP administrator, or member of the PMP program staff who knowingly accesses, uses, or discloses program information in violation of Iowa law or these rules is subject to criminal prosecution as provided in Iowa Code section 124.558.

37.9(2) Dispenser reporting. A dispenser or a pharmacist who fails to comply with the reporting requirements of the law or these rules may be subject to disciplinary action by the board.

[ARC 7903B, IAB 7/1/09, effective 8/5/09; ARC 0056C, IAB 4/4/12, effective 7/1/12; ARC 3102C, IAB 6/7/17, effective 7/12/17]

These rules are intended to implement Iowa Code sections 124.550 to 124.558.

CHAPTER 40
TECH-CHECK-TECH PROGRAMS

657—40.1(155A) Purpose and scope. The board may authorize a hospital pharmacy to participate in a tech-check-tech program. The board may authorize a general pharmacy providing pharmaceutical services to patients in a long-term care facility as defined herein to participate in a tech-check-tech (TCT) program for dispensing only to patients in the long-term care facility. The purpose of the tech-check-tech program is to authorize certified pharmacy technicians to review the work of other certified pharmacy technicians in connection with the filling of floor stock, including automated medication distribution systems (AMDS) and unit dose dispensing systems for institutionalized patients whose orders have previously been reviewed and approved by a licensed pharmacist, for the purpose of redirecting and optimizing pharmacist patient care services. Implementation of a tech-check-tech program is not intended to reduce pharmacist staffing levels but is intended to increase the availability of the pharmacist for involvement in cognitive and patient care activities.

[ARC 9783B, IAB 10/5/11, effective 11/9/11]

657—40.2(155A) Definitions. For the purposes of this chapter, the following definitions shall apply:

“Automated medication distribution system” or *“AMDS”* includes, but is not limited to, an automated device or series of devices operated by an electronic interface with one or more computers that is used to prepare, package, or dispense specified dosage units of drugs for administration or dispensing to a patient or the ultimate user. *“AMDS”* includes a device that prepares and packages a drug for unit dose dispensing, that prepares and packages a drug into outpatient prescription vials, and that dispenses prepackaged drugs.

“Board” means the board of pharmacy.

“Certified medication aide” means an individual who has successfully completed a medication aide course approved by the Iowa department of inspections and appeals or who has passed a medication aide challenge examination approved by the Iowa department of inspections and appeals and administered by an area community college. A *“certified medication aide”* is not a *“licensed health care professional”* as that term is used herein.

“Certified pharmacy technician” means an individual who holds a valid current national certification and who has registered with the board as a certified pharmacy technician pursuant to 657—Chapter 3.

“Checking technician” means a certified pharmacy technician who has been authorized by the pharmacist in charge to participate in a TCT program by checking the work of other certified pharmacy technicians.

“Component” means any single physical or electronic storage or access device that, in combination with other devices, makes up an AMDS.

“Drug bin” means a compartment in an AMDS component that is designed to contain one specific drug.

“Floor stock” means a supply of drugs consisting of emergency drugs and controlled substances that are routinely maintained on patient care units and accessible by nursing staff for patient administration.

“Hospital pharmacy” means a pharmacy licensed by the board pursuant to 657—Chapter 7 and located within a facility which is primarily engaged in providing, by or under the supervision of physicians, concentrated medical and nursing care on a 24-hour basis to inpatients and which maintains and operates organized facilities for the diagnosis, care, and treatment of human illnesses.

“Long-term care facility” means a nursing home, retirement care, mental care, or other facility or institution which provides extended health care to resident patients and which is registered by the board for controlled substances under Iowa Code chapter 124.

“Medication order” means a written or electronic order from a practitioner or an oral order from a practitioner or the practitioner’s authorized agent for administration of a drug or device and, for purposes of this chapter, includes a prescription drug order.

“TCT program” means a board-approved tech-check-tech program implemented and formally established pursuant to these rules by the pharmacist in charge who has determined that one or more

certified pharmacy technicians are qualified to safely check the work of other certified pharmacy technicians and thereby provide final verification of drugs which are dispensed for subsequent administration to patients in an institutional setting.

“*Unit dose dispensing system*” means a drug distribution system utilizing single unit, unit dose, or unit of issue packaging in a manner that helps reduce or remove traditional drug stocks from patient care areas, enables the selection and distribution of drugs to be pharmacy-based and controlled, and improves accountability and accuracy.

[ARC 9783B, IAB 10/5/11, effective 11/9/11]

657—40.3(155A) General requirements. To participate in a TCT program, a hospital pharmacy shall be located in Iowa and provide pharmaceutical services to patients receiving treatment in a hospital located in Iowa. To participate in a TCT program, a general pharmacy shall be located in Iowa, and a TCT program shall only be implemented to provide pharmaceutical services to patients in a long-term care facility located in Iowa.

40.3(1) Site-specific. A TCT program shall be specific to the site at which implementation of the program is proposed and shall include a site-specific training program tailored to the patient population and the drug distribution system utilized.

40.3(2) Plan approval. At least 90 days prior to anticipated implementation of a TCT program, the pharmacist in charge shall submit the program plan, consistent with the requirements of these rules, for board approval. A pharmacy shall not implement a TCT program prior to receipt of notification that the board has approved the submitted TCT program plan.

40.3(3) Technician utilization plan. The pharmacy technician utilization plan shall specifically identify the individual certified pharmacy technicians authorized to participate in the TCT program and shall identify in detail the types of work that the certified pharmacy technicians may perform and check. The pharmacy shall include participation in the TCT program in the defined duties of any certified pharmacy technician authorized to participate in the TCT program, and if the certified pharmacy technician is authorized to check the work of other certified pharmacy technicians, that function shall be clearly identified in the checking technician’s duties.

40.3(4) Certified pharmacy technician participation. All of the following shall apply to a certified pharmacy technician authorized to participate in a TCT program.

a. National certification. The certified pharmacy technician’s national certification shall be current and in good standing.

b. Iowa registration. The certified pharmacy technician’s registration with the board shall be current, in good standing, and not currently subject to disciplinary charges or sanctions.

c. Prior experience. The checking technician shall be working at the pharmacy full- or part-time and shall have met the experience requirement for a checking technician as specified in policies and procedures and in the TCT program plan.

d. Training. The certified pharmacy technician shall complete site-specific training in the TCT program and the functions to be performed by the certified pharmacy technician as part of the TCT program.

e. Specialized training for checking technician. A certified pharmacy technician who is a checking technician shall receive specialized and advanced training as provided in policies and procedures, including training in the prevention, identification, and classification of medication errors. The training program for a checking technician shall be didactic in nature and shall include successful completion of a competency test.

40.3(5) Responsible individuals. The pharmacist in charge may designate one pharmacist to be responsible for meeting TCT program training and validation requirements and may designate one or more pharmacists to supervise the activities of certified pharmacy technicians authorized to participate in the TCT program. A pharmacist supervising TCT program activities shall provide program plan evaluation information to the responsible pharmacist or the pharmacist in charge for collection and analysis. Each individual involved in the TCT program shall be responsible for the activities performed by that individual and for ensuring that those activities adhere to the TCT program policies and

procedures and comply with board rules. The pharmacist in charge shall be ultimately responsible for TCT program activities and for development and implementation of TCT program policies and procedures.

40.3(6) Policies and procedures. Parameters for supervising the activities of certified pharmacy technicians participating in the TCT program, including but not limited to specialized and advanced training for checking technicians, shall be specified in policies and procedures regarding the utilization of pharmacy technicians. Policies and procedures shall provide for continuous evaluation of certified pharmacy technicians authorized to participate in the TCT program, shall identify benchmarks and sentinel events, shall define an excessive overall error rate, shall address certified pharmacy technician retraining procedures, and shall address pharmacy staffing.

40.3(7) Staffing. Pharmacy staffing shall be adequate to ensure consistent and safe implementation of the TCT program and to optimize pharmacist patient care services.

40.3(8) Pharmacist review. Except in an emergency, when the pharmacy is closed, or when the prescriber is directly supervising and overseeing the administration of the drug to the patient, a pharmacist shall review all orders against a medication profile as required by rule 657—8.21(155A). A pharmacist shall be on site and available to certified pharmacy technicians during any period that TCT functions are being performed.

40.3(9) Additional drug check prior to administration. The drug distribution system shall be structured so that at least one additional check of dispensed drugs, following dispensing and checking by a checking technician, is completed by a licensed health care professional in the facility prior to administration of the drug to the patient. A licensed health care professional or certified medication aide shall administer the drug to the patient. The TCT program plan shall identify the individuals authorized to administer the drug to the patient. The identification of these individuals may consist of a description of the classification of the authorized individuals, such as “registered nurse,” “licensed practical nurse,” or “certified medication aide,” or the identification may specifically identify the authorized individuals by name and title. Alternatively, the identification may reference an existing facility policy or procedure that identifies or specifies the individuals authorized to administer a drug to a patient.

40.3(10) Program evaluation. Implementation of a TCT program shall result in the redirection of the pharmacist from distributive tasks to cognitive and patient care activities. As part of an ongoing program review and evaluation as provided in subrule 40.4(5), the pharmacist in charge or designee shall document the specific cognitive and patient care activities, and a summary of the approximate amount of time pharmacists spend on those activities, as a result of implementation of the TCT program. Program review and evaluation records shall be available for inspection and copying by the board or its representatives and any other authorized agencies for two years following the date of the record.

[ARC 9783B, IAB 10/5/11, effective 11/9/11]

657—40.4(155A) TCT program requirements. A TCT program shall be conducted in compliance with the following requirements.

40.4(1) Training of checking technician. No certified pharmacy technician shall be designated or authorized by the pharmacist in charge or responsible pharmacist to perform, nor shall a certified pharmacy technician perform, the function of checking the work of another certified pharmacy technician without having received and satisfactorily completed the specialized and advanced training provided for in the pharmacy’s policies and procedures. The specialized training shall include the prevention, identification, and classification of medication errors. Training requirements shall include provisions for retraining of a checking technician who fails to maintain the level of competence necessary for the performance of authorized duties as demonstrated by the technician’s failure to satisfactorily meet ongoing evaluation and competency audits.

40.4(2) Authorized checking functions. A certified pharmacy technician authorized by the pharmacist in charge or responsible pharmacist to check the work of another certified pharmacy technician may check activities relating to the filling of floor stock, unit dose distribution systems, proprietary bag and vial systems or manufactured premix intravenous products, and AMDS components for hospital and long-term care facility patients. Medication orders shall have previously been reviewed

by a licensed pharmacist against the patient's medication profile, and the prepared drugs shall be checked by at least one additional licensed health care professional in the facility at the time the drugs are administered to a patient. The checking function performed by the checking technician shall be limited to those types of drugs identified in the written TCT program plan, and the TCT program plan shall specifically describe the method for verifying cassette or drug bin fills.

40.4(3) *Certified pharmacy technician evaluation.* The responsible pharmacist shall conduct continuous monitoring and evaluation of each certified pharmacy technician authorized to participate in the TCT program in order to ensure the continued competency of the certified pharmacy technicians and the safety of patients. As a component of the pharmacy's continuous quality improvement program and except as otherwise specifically provided by these rules, errors shall be identified and records maintained as provided in rule 657—8.26(155A).

a. Periodic review and pharmacist check. Evaluation shall include periodic review and checking by the pharmacist of work checked by the checking technician and identification and documentation of all errors not identified and corrected by the checking technician.

b. Review of errors identified by pharmacist or checking technician. The responsible pharmacist shall review with all certified pharmacy technicians involved any errors identified during the evaluation and shall discuss procedures to ensure the errors are not repeated.

c. Review of errors identified following release by checking technician. The responsible pharmacist shall receive, evaluate, and review with all certified pharmacy technicians involved any errors identified by a health care professional, a certified medication aide, a patient, or any other individual following release of a drug by the checking technician.

40.4(4) *Records.* The pharmacist in charge shall maintain in the pharmacy department a record for each certified pharmacy technician authorized by the pharmacist in charge or responsible pharmacist to participate in the TCT program. The record shall be available for inspection and copying by the board or its representatives and any other authorized agencies for two years beyond the term of the certified pharmacy technician's employment. The record shall include:

a. The name of the certified pharmacy technician.

b. The date on which the certified pharmacy technician completed the site-specific training for participation in the TCT program.

c. The date on which the certified pharmacy technician was authorized to participate in the TCT program and the specific TCT program functions and tasks the certified pharmacy technician is authorized to perform.

d. If the certified pharmacy technician is authorized to check the work of other certified pharmacy technicians, the date on which the checking technician completed the specialized and advanced training as provided in policies and procedures.

e. The dates and results of all competency evaluations.

f. The dates of and reasons for any suspension or revocation of the certified pharmacy technician's TCT program authorization, identification of corrective action or retraining completed, and the date of the subsequent reinstatement of the certified pharmacy technician's TCT program authorization.

g. The dates of and reasons for any disciplinary action taken against the certified pharmacy technician in connection with the certified pharmacy technician's performance of duties relating to the TCT program.

40.4(5) *TCT program evaluation.* The pharmacist in charge shall maintain in the pharmacy department program evaluation records that demonstrate the redirection of pharmacist activities from distributive tasks to cognitive and patient care activities. The approximate amount of time each pharmacist spent on specific distributive tasks and on specific cognitive and patient care activities prior to implementation of the TCT program shall be documented in the program evaluation records and shall be maintained for the duration of the TCT program. Program evaluation records shall identify the specific cognitive and patient care activities and a summary of the approximate amount of time pharmacists spend on those activities as a result of implementation of the TCT program. TCT program evaluation records shall be updated at least semiannually and shall be available for inspection and

copying by the board or its representatives and any other authorized agencies for two years following the date of the record.

[ARC 9783B, IAB 10/5/11, effective 11/9/11]

These rules are intended to implement Iowa Code sections 147.107, 155A.6A, and 155A.33.

[Filed ARC 9783B (Notice ARC 9557B, IAB 6/15/11), IAB 10/5/11, effective 11/9/11]

CHAPTER 41
OUTSOURCING FACILITIES

657—41.1(155A) Purpose and scope. The purpose of this chapter is to establish the minimum standard of practice for outsourcing facilities that intend to provide compounding services in or into Iowa. The requirements of these rules, in addition to any other board rules applicable to the facility's operation, apply to all Iowa-licensed outsourcing facilities that provide compounded medications in or into Iowa whether pursuant to a patient-specific prescription or not.

[ARC 3238C, IAB 8/2/17, effective 9/6/17]

657—41.2(155A) Definitions. For the purposes of this chapter, the following definitions shall apply:

“*Board*” means the Iowa board of pharmacy.

“*FDA*” means the United States Food and Drug Administration.

“*Home state*” means the state in which an outsourcing facility is located.

“*Outsourcing facility*” or “*facility*” means any compounding facility that is registered as an outsourcing facility, as defined in 21 U.S.C. Section 353b, that distributes sterile compounded human drug products without a patient-specific prescription to an authorized agent or practitioner in this state.

[ARC 3238C, IAB 8/2/17, effective 9/6/17]

657—41.3(155A) Outsourcing facility license. Beginning January 1, 2018, an outsourcing facility shall apply for and obtain an outsourcing facility license from the board prior to providing non-patient-specific compounded human drug products in this state. The applicant shall submit a completed application along with an application fee of \$400. An outsourcing facility that intends to distribute controlled substances in or into Iowa shall also, prior to distributing such substances in or into Iowa, apply for and obtain an Iowa controlled substances Act registration pursuant to 657—Chapter 10.

41.3(1) Application requirements. The application shall require demographic information about the facility; ownership information; the name, signature and home state license number for the supervising pharmacist; an attestation that the supervising pharmacist has read and understands the laws and rules relating to sterile compounding in Iowa; information about the entity's registered agent; criminal and disciplinary history information; and a description of the scope of services to be provided in Iowa. As part of the application process, the applicant shall also:

a. Submit evidence of possession of a valid registration with the FDA as an outsourcing facility.

b. If one or more inspections have been conducted by the FDA in the five-year period immediately preceding the application, submit a copy of any correspondence from the FDA as a result of the inspection, including but not limited to any form 483s, warning letters, or formal responses, and all correspondence from the applicant to the FDA related to such inspections, including but not limited to formal responses and corrective action plans. In addition, the applicant shall submit evidence of correction of all deficiencies discovered in such inspections and evidence of compliance with all directives from the FDA.

c. Submit evidence that the supervising pharmacist, as described in 21 U.S.C. Section 353b(a), holds a valid pharmacist license in the state in which the facility is located and that such license is in good standing.

d. Submit information to facilitate a national criminal history record check.

41.3(2) Provision of patient-specific prescriptions. If an outsourcing facility intends to dispense prescription drugs pursuant to patient-specific prescriptions to individual patients in Iowa, the outsourcing facility shall also obtain and maintain a valid Iowa pharmacy license. If the pharmacy is located in Iowa, the pharmacy shall obtain and maintain a valid Iowa pharmacy license pursuant to 657—Chapter 8; if the pharmacy is located outside Iowa, the pharmacy shall, prior to dispensing prescriptions to patients located in Iowa, obtain and maintain a valid Iowa nonresident pharmacy license pursuant to 657—Chapter 19.

41.3(3) License renewal. The outsourcing facility license shall be renewed by January 1 of each year. The facility shall submit the license application and fee as provided in this rule. An outsourcing facility may renew its license beginning November 1 prior to license expiration. An initial outsourcing facility

license issued between November 1 and December 31 shall not require renewal until the following calendar year. The fee for license renewal shall be \$400.

a. Delinquent license grace period. If an outsourcing facility license has not been renewed or canceled prior to expiration, but the facility is in the process of renewing the license, the license becomes delinquent on January 1. An outsourcing facility that submits a completed license renewal application, application fee, and late penalty fee of \$400 postmarked or delivered to the board office by January 31 shall not be subject to disciplinary action for continuing to provide services to Iowa customers in the month of January.

b. Delinquent license reactivation beyond grace period. If an outsourcing facility license has not been renewed prior to the expiration of the one-month grace period identified in paragraph 41.3(3)“a,” the facility may not continue to provide services to Iowa customers. An outsourcing facility that continues to provide services to Iowa customers without a current license may be subject to disciplinary sanctions. An outsourcing facility without a current license may apply for reactivation by submitting an application for license reactivation and a \$1,600 reactivation fee. As part of the reactivation application, the facility shall disclose the services, if any, that were provided to Iowa customers while the license was delinquent.

41.3(4) License changes. If an outsourcing facility has a change of name, ownership, location or supervising pharmacist, the facility shall submit to the board an outsourcing facility license application and applicable fee within ten days of the FDA’s issuance of an updated registration. Following processing of the completed license application and fee, the board shall issue a new license certificate that reflects the change or changes.

41.3(5) License cancellation. If an outsourcing facility ceases to be registered as an outsourcing facility with the FDA, the facility shall immediately cease distribution of non-patient-specific compounded drug products in or into this state and shall return its Iowa outsourcing facility license to the board within ten days of such occurrence. Upon receipt, the board shall administratively cancel the outsourcing facility license. If an outsourcing facility intends to discontinue business in this state, the facility shall notify the board in writing of its intent at least 30 days in advance of the discontinuation of services and request that the license be administratively canceled. To the extent possible to avoid unnecessary delays in obtaining product for patients, an outsourcing facility that intends to discontinue services in Iowa should provide advance notice to its customers of the date that the outsourcing facility intends to cease distributing products in this state. The notice requirements of this rule shall not apply in the case of a board-approved emergency or unforeseeable closure, including but not limited to emergency board action, foreclosure, fire, or natural disaster.

[ARC 3238C, IAB 8/2/17, effective 9/6/17]

657—41.4(155A) Applicability of board rules. An outsourcing facility shall comply with all requirements of this chapter, 657—Chapter 20, and any other board rules relating to the services that are provided to Iowa customers.

41.4(1) Controlled substances. An outsourcing facility providing prescription drugs identified as controlled substances under Iowa Code chapter 124 to Iowa customers or patients shall comply with all requirements of 657—Chapter 10.

41.4(2) Electronic data. An outsourcing facility utilizing any electronic data processing or transmission devices or services shall comply with all requirements of 657—Chapter 21.

41.4(3) Patient-specific prescriptions. An outsourcing facility that also provides patient-specific compounded medications pursuant to a prescription shall comply with all requirements of 657—Chapters 8, 19, and 20.

[ARC 3238C, IAB 8/2/17, effective 9/6/17]

657—41.5(155A) Reporting discipline and criminal convictions. An outsourcing facility shall provide written notice to the board of any disciplinary or enforcement action imposed by any licensing or regulatory authority on any license or registration held by the facility. Written notice shall be received no later than 30 days after the final action. Discipline may include, but is not limited to, fine or civil penalty, citation or reprimand, probationary period, suspension, revocation, and voluntary surrender. An

outsourcing facility shall provide written notice to the board of any criminal conviction of the facility or of any owner that is related to the operation of the facility no later than 30 days after the conviction. The term “criminal conviction” includes instances when the judgment of conviction or sentence is deferred.
[ARC 3238C, IAB 8/2/17, effective 9/6/17]

657—41.6(155A) Discipline. Pursuant to 657—Chapter 36, the board may fine, suspend, revoke, or impose other disciplinary sanctions on an outsourcing facility license for any of the following:

1. Any violation of the Federal Food, Drug, and Cosmetic Act or federal regulations promulgated under the Act. A warning letter issued by the FDA shall be conclusive evidence of a violation.
2. Any conviction of a crime related to prescription drugs or the practice of pharmacy committed by the outsourcing facility, supervising pharmacist, or individual owner, or if the outsourcing facility is an association, joint stock company, partnership, or corporation, by any managing officer.
3. Refusing access to the outsourcing facility or facility records to an agent of the board for the purpose of conducting an inspection or investigation.
4. Failure to maintain licensure pursuant to 657—Chapter 8 or 657—Chapter 19 when dispensing compounded drugs pursuant to patient-specific prescriptions into the state.
5. Any violation of Iowa Code chapter 155A, 124, 124A, 124B, 126, or 205 or any rule of the board, including the disciplinary grounds set forth in 657—Chapter 36.

[ARC 3238C, IAB 8/2/17, effective 9/6/17]

These rules are intended to implement Iowa Code sections 124.301 and 155A.13C.

CHAPTER 100
IOWA REAL-TIME ELECTRONIC PSEUDOEPHEDRINE
TRACKING SYSTEM

657—100.1(124) Purpose and scope. Iowa Code section 124.212B directs the governor's office of drug control policy to establish a real-time electronic repository to monitor and control the sale of Schedule V products that are not listed in another controlled substance schedule and that contain any detectible amount of pseudoephedrine, its salts, or optical isomers, or salts of optical isomers; ephedrine; or phenylpropanolamine. All pharmacies dispensing such products without a prescription shall electronically report all such sales to the repository. The real-time electronic repository shall be under the control of and administered by the governor's office of drug control policy. Both the governor's office of drug control policy and the board of pharmacy are directed to adopt rules relating to the real-time electronic repository and have jointly adopted these rules. These rules establish the pseudoephedrine tracking system (PTS).

[ARC 8893B, IAB 6/30/10, effective 9/1/10; ARC 3100C, IAB 6/7/17, effective 7/12/17]

657—100.2(124) Definitions. As used in this chapter:

"Attempted purchase" means a proposed transaction for the dispensing of a product that is entered by a dispenser into the electronic pseudoephedrine tracking system, which transaction is not completed because the system recommends that the transaction be denied pursuant to the quantity limits established in Iowa Code section 124.213.

"Board" means the board of pharmacy.

"Dispenser" means a licensed Iowa pharmacist, a registered pharmacist-intern under the direct supervision of a pharmacist preceptor, or a registered pharmacy technician under the direct supervision of a pharmacist, except as authorized in 657—Chapter 13.

"Law enforcement officer" means all of the following:

1. State police officer.
2. City or county police officer.
3. Sheriff or deputy sheriff.
4. State or public university safety and security officer.
5. Department of natural resources officer.
6. Certified or full-time peace officer of this or another state.
7. Federal peace officer.
8. Criminal analyst assigned to a law enforcement agency.
9. Probation or parole officer.

"Office" means the governor's office of drug control policy.

"Product" means a Schedule V drug product that is not listed in another controlled substance schedule and that contains any detectible amount of pseudoephedrine, its salts, or optical isomers, or salts of optical isomers; ephedrine; or phenylpropanolamine.

"Pseudoephedrine tracking system" or *"PTS"* means the real-time electronic repository established to monitor and control the sale of products and administered by the governor's office of drug control policy.

"Purchaser" means an individual 18 years of age or older who purchases or attempts to purchase a product.

[ARC 8893B, IAB 6/30/10, effective 9/1/10; ARC 0153C, IAB 6/13/12, effective 7/18/12; ARC 3100C, IAB 6/7/17, effective 7/12/17]

657—100.3(124) Electronic pseudoephedrine tracking system (PTS). Unless granted an exemption by the office pursuant to these rules, all pharmacies dispensing products as defined in rule 657—100.2(124) without a prescription are required to participate in the PTS pursuant to Iowa Code section 124.212B.

100.3(1) Reporting elements. The record of a completed purchase or attempted purchase of a product without a prescription shall contain the following:

- a. The name and address of the purchaser.

- b. A current government-issued photo identification number.
- c. The electronic signature of the purchaser. If a pharmacy is not able to secure or record an electronic signature, a hard-copy signature logbook shall be utilized and maintained by the pharmacy. Each record in the logbook shall include the purchaser's signature and shall identify the purchase by transaction number.
- d. Date and time of purchase.
- e. The name and quantity of the product purchased, including the total milligrams of ephedrine, pseudoephedrine, or phenylpropanolamine contained in the product.
- f. The name or unique identification of the pharmacist, pharmacist-intern, or pharmacy technician who approved the dispensing of the product.

100.3(2) *Frequency and quantity.* Dispensing at retail to the same purchaser within any 30-day period shall be limited to products collectively containing no more than 7,500 mg of ephedrine, pseudoephedrine, or phenylpropanolamine; dispensing at retail to the same purchaser within a single calendar day shall not exceed 3,600 mg.

100.3(3) *Denial of transactions and overrides.*

- a. If an individual attempts to purchase a product in violation of these rules, the PTS shall:
 - (1) Notify the dispenser at the time of sale; and
 - (2) Recommend that the dispenser deny the transaction.
- b. The PTS shall provide an override feature for use by a dispenser to allow completion of the sale. For security purposes and to ensure the integrity of the PTS, use of the override feature shall be restricted to authorized dispensers and may not be delegated to a pharmacy technician trainee or a pharmacy support person. A dispenser utilizing the override feature shall document the reason that, in the professional judgment of the dispenser, it is necessary to override the recommendation of the PTS to deny the transaction.

100.3(4) *Availability of electronic PTS.* If the electronic PTS is unavailable for use, the dispenser shall maintain a written record of each transaction pursuant to 657—subrule 10.32(6). The dispenser shall enter the information from the written record into the PTS within 72 hours of the time the PTS is again available and shall include in the electronic record that the record is a delayed entry.

[ARC 8893B, IAB 6/30/10, effective 9/1/10; ARC 0153C, IAB 6/13/12, effective 7/18/12; ARC 3100C, IAB 6/7/17, effective 7/12/17]

657—100.4(124) Access to database information and confidentiality. Information collected in the PTS is confidential unless otherwise ordered by a court or released by the office pursuant to state or federal law. Information may not be released except as provided by this rule.

100.4(1) *PTS administrators.* PTS administrators shall be provided access to the PTS for the purpose of searching and retrieving reports only by articulating reasonable suspicion or providing a case number or reference number for an ongoing investigation. PTS administrators shall also be provided information on purchasers directly from the PTS. This information may be sent directly to law enforcement officers pursuant to paragraph 100.4(2)“e” for purposes of investigation.

100.4(2) *Law enforcement release.* PTS reports may be provided to a law enforcement officer pursuant to rule 657—100.4(124).

- a. A law enforcement officer shall register with the PTS prior to requesting reports. To ensure the identity of the officer and to maintain confidentiality of PTS information, the officer's identity shall be verified and registration shall be approved by the office or the administrator for the officer's agency.

- b. Law enforcement officers shall be given direct access to all data from the PTS pursuant to the federal Combat Methamphetamine Epidemic Act and 21 CFR § 1314.45.

- c. If a law enforcement officer requests PTS information directly from the PTS, the law enforcement officer shall enter the purpose of the request into the PTS and shall certify the request is part of the officer's official duties.

100.4(3) *Statistical data.* The PTS administrator, following establishment of confidentiality, may provide summary, statistical, or aggregate data to public or private entities for statistical, research, or educational purposes. Prior to release of any such data, the administrator shall remove any information

that could be used to identify an individual patient, dispenser, or other person who is the subject of or identified in the PTS information or data.

100.4(4) Patients. A patient may request and receive information regarding products reported to have been purchased by the patient.

a. A patient may submit a signed, written request for records of the patient's purchases and attempted purchases during a specified period of time. The request shall identify the patient by name, including any aliases used by the patient, and shall include the patient's date of birth and gender. The request shall also include any address where the patient resided during the time period of the request and the patient's current address and daytime telephone number. A patient may personally deliver the request to the PTS administrator or authorized staff member of the office located at Oran Pape State Office Building, 215 East 7th Street, Fifth Floor, Des Moines, Iowa 50319. The patient shall be required to present current government-issued photo identification at the time of delivery of the request. A copy of the patient's identification shall be maintained in the records of the PTS.

b. A patient who is unable to personally deliver the request to the office may submit a request via mail or commercial delivery service. The request shall comply with all provisions of paragraph "a" above, and the signature of the requesting patient shall be witnessed and the patient's identity shall be attested to by a currently registered notary public. In addition to the notary's signature and assurance of the patient's identity, the notary shall certify a copy of the patient's current government-issued photo identification, and that certified copy shall be submitted with the written request. The request shall be submitted to the governor's office of drug control policy at the address identified in paragraph 100.4(4) "a."

100.4(5) Regulatory officers. Regulatory agencies that supervise or regulate a health care practitioner shall be able to access information from the PTS only pursuant to an order, subpoena, or other means of legal compulsion relating to a specific investigation of a specific individual and supported by a determination of probable cause. A director of a regulatory agency with jurisdiction over a practitioner, or the director's designee, who seeks access to PTS information for an investigation shall submit to the PTS administrator in a format established by the office a written request via mail, facsimile, or personal delivery. The request shall be signed by the director or the director's designee and shall be accompanied by an order, subpoena, or other form of legal compulsion establishing that the request is supported by a determination of probable cause.

100.4(6) Pharmacy administrators. A pharmacy, an authorized employee of a pharmacy, or a licensed pharmacist shall be provided access to the stored PTS information only for the limited purpose of determining the sales made by the pharmacy. A pharmacy shall be able to print the pharmacy's sales records for any product during any specified period of time upon the request of the board or an agent of the board.

100.4(7) Court orders and subpoenas. The PTS administrator shall provide database information in response to a court order or a county attorney subpoena or other subpoena issued by a court upon a determination of probable cause.

[ARC 8893B, IAB 6/30/10, effective 9/1/10; ARC 9161B, IAB 10/20/10, effective 9/30/10; ARC 0153C, IAB 6/13/12, effective 7/18/12; ARC 3100C, IAB 6/7/17, effective 7/12/17]

657—100.5(124) Violations. Violations of provisions of these rules or Iowa Code section 124.212A, 124.212B, or 124.213 may subject the violator to criminal prosecution.

[ARC 8893B, IAB 6/30/10, effective 9/1/10; ARC 3100C, IAB 6/7/17, effective 7/12/17]

These rules are intended to implement Iowa Code sections 124.212, 124.212A, 124.212B, and 124.213.
