[**ARC 9106C**, IAB 4/16/25, effective 3/28/25]

481—506.33(17A,272C) License denial. An applicant may appeal a preliminary notice of denial of license by filing a written notice of appeal and request for hearing with the board within 30 days of the date that the preliminary notice of denial of license was mailed or emailed by the board. The hearing is a contested case conducted in accordance with this chapter.

[**ARC 9106C**, IAB 4/16/25, effective 3/28/25]

481—506.34(272C) Disciplinary hearings—fees and costs.

506.34(1) *Definitions.* As used in this rule in relation to formal disciplinary action filed by the board against a licensee, the following definitions apply:

"Deposition" means the testimony of a person taken pursuant to subpoena or at the request of the state of Iowa taken in a setting other than a hearing.

"Evaluation fees" means actual costs incurred by the board in a physical, mental, chemical abuse, other impairment-related examination or evaluation or clinical competency evaluation of a licensee when the examination or evaluation is conducted pursuant to an order of the board.

"Expenses" means costs incurred by persons appearing pursuant to a subpoena or at the request of the state of Iowa for purposes of providing testimony on the part of the state of Iowa in a hearing or other official proceeding and includes mileage reimbursement at the rate specified in Iowa Code section 70A.9 or, if commercial air or ground transportation is used, the actual cost of transportation to and from the proceeding. Also included are actual costs incurred for meals and necessary lodging.

"Transcript" means a printed verbatim reproduction of everything said on the record during a hearing or other official proceeding.

"Witness fees" means compensation paid by the board to persons appearing pursuant to subpoena or at the request of the state of Iowa for purposes of providing testimony on the part of the state of Iowa. For the purposes of this rule, compensation is the same as outlined in Iowa Code section 622.69 or 622.72, as applicable.

506.34(2) *Disciplinary hearing fee and related hearing costs.* As set forth in Iowa Code section 272C.6(6), a board created pursuant to Iowa Code chapter 147, 154A, 155, 169, 542, 542B, 543B, 543D, 544A, or 544B may charge a fee not to exceed $75 for conducting a disciplinary hearing that results in disciplinary action taken against the licensee by the board. The board may also recover from the licensee the costs for transcripts, witness fees and expenses, depositions, and medical examination fees incurred relating to a person licensed under Iowa Code chapter 147, 154A, 155, or 169. An order assessing a fee will be included as part of the board's final decision and will direct the licensee to deliver payment directly to the board. The allocation of fees and costs collected pursuant to this subrule is in accordance with Iowa Code section 272C.6(6)*"b."* The board may assess these costs in the manner it deems most equitable in accordance with the following:

a. Transcript costs. The board may recover the costs for the court reporter and assess the transcript costs against the licensee pursuant to Iowa Code section 272C.6(6), if applicable, or against the requesting party pursuant to Iowa Code section 17A.12(7).

(1) The cost of the transcript includes the transcript of the original contested case hearing before the board, as well as transcripts of any other formal proceedings before the board that occur after the notice of the contested case hearing is filed.

(2) In the event of an appeal to the full board from a proposed decision, the appealing party shall timely request and pay for the transcript necessary for use in the agency appeal process.

b. Witness fees and expenses. The parties in a contested case are responsible for any witness fees and expenses incurred by witnesses appearing at the contested case hearing. In addition, the board may assess the licensee the witness fees and expenses incurred by the witnesses called to testify on behalf of the state of Iowa, provided that the costs are calculated as follows:

(1) The costs for lay witnesses are determined in accordance with Iowa Code section 622.69. For purposes of calculating the mileage expenses allowed under that section, the provisions of Iowa Code section 625.2 do not apply.

(2) The costs for expert witnesses are determined in accordance with Iowa Code section 622.72. For purposes of calculating the mileage expenses allowed under that section, the provisions of Iowa Code section 625.2 do not apply.

(3) The provisions of Iowa Code section 622.74 regarding advance payment of witness fees and the consequences for failure to make such payment are applicable with regard to witnesses who are subpoenaed by either party to testify at the hearing.

(4) The board may assess as costs the meal and lodging expenses necessarily incurred by witnesses testifying at the request of the state of Iowa. Meal and lodging costs shall not exceed the reimbursement employees of the state of Iowa receive for these expenses under the department of revenue guidelines.

c. Deposition costs. Deposition costs for purposes of allocating costs against a licensee include only those deposition costs incurred by the state of Iowa. The licensee is directly responsible for the payment of deposition costs incurred by the licensee.

(1) The costs for depositions include the cost of transcripts, the daily charge of the court reporter for attending and transcribing the deposition, and all mileage and travel time charges of the court reporter for traveling to and from the deposition that are charged in the ordinary course of business.

(2) If the deposition is of an expert witness, the deposition cost includes a reasonable fee for an expert witness. This fee will not exceed the expert's customary hourly or daily fee and shall include the time reasonably and necessarily spent in connection with such deposition, including the time spent in travel to and from the deposition, but excluding time spent in preparation for that deposition.

d. Medical examination fees. All costs of physical or mental examinations or substance abuse evaluations or drug screening or clinical competency evaluations ordered by the board pursuant to Iowa Code section 272C.9(1) as part of an investigation of a pending complaint or as a sanction following a contested case shall be paid directly by the licensee.

506.34(3) *Certification of reimbursable costs.* The board administrator or designee will certify any reimbursable costs incurred by the board. The board administrator will calculate the specific costs, certify the cost calculated, and file the certification as part of the record in the contested case. A copy of the certification shall be served on the party responsible for payment of the certified costs at the time of the filing.

506.34(4) *Assessment of fees and costs.* A final decision of the board imposing disciplinary action against a licensee shall include the amount of any disciplinary hearing fee assessed. If the board also assesses reimbursable costs against the licensee, the board will file a certification of reimbursable costs that includes a statement of costs delineating each category of costs and the amount assessed. The board will specify the time period in which the fees and costs must be paid by the licensee.

a. Prior to seeking judicial review, a party shall file an objection to any fees or costs imposed by the board in order to exhaust administrative remedies. An objection shall be filed in the form of an application for rehearing pursuant to Iowa Code section 17A.16(2).

b. The application will be resolved by the board consistent with the procedures for ruling on an application for rehearing. Any dispute regarding the calculation of any fees or costs to be assessed may be resolved by the board upon receipt of the parties' written objections.

506.34(5) *Payment of fees and costs.* All fees and costs assessed pursuant to this rule shall be made in the form of a check or money order made payable to the board and delivered to the board office.

506.34(6) *Failure to make payment.* Failure of a licensee to pay any fees and costs within the time specified in the board order constitutes a violation of an order of the board and may be grounds for disciplinary action.

[**ARC 9106C**, IAB 4/16/25, effective 3/28/25]

481—506.35(17A,272C) Settlement agreements.

506.35(1) Upon a determination by the board that probable cause exists to take public disciplinary action, the board and the licensee may enter into a combined statement of charges and settlement agreement or consent order. Entering into a combined statement of charges and settlement agreement or consent order is voluntary, and no licensee is entitled to be offered a combined statement of charges and settlement agreement or consent order. The combined statement of charges and settlement agreement or consent order shall include a brief statement of the charges, the circumstances that led to the charges, and the terms of settlement. Execution of a combined statement of charges and settlement agreement or consent order constitutes the commencement and resolution of a contested case proceeding. By electing to sign a combined statement of charges and settlement agreement, the licensee waives the right to a contested case hearing on the matter and waives the right to receive the investigative file. A combined statement of charges and settlement agreement is a public record open for inspection pursuant to Iowa Code chapter 22.

506.35(2) Any contested case may be resolved by settlement agreement or consent order. Settlement negotiations may be initiated by any party at any stage of a contested case. No party is required to participate in the settlement process. The assistant attorney general representing the state of Iowa or approved department personnel are authorized to negotiate on behalf of the board.

506.35(3) The full board will not be involved in negotiations until a written proposed settlement is submitted to the full board for approval unless both parties waive this prohibition.

506.35(4) Consent to negotiation by the respondent during settlement negotiations constitutes a waiver of notice and opportunity to be heard during settlement negotiation pursuant to Iowa Code section 17A.17. Thereafter, the prosecuting attorney is authorized to discuss settlement with the board chairperson or designee or approved department personnel. By signing the proposed consent order, the respondent authorizes the prosecuting attorney or executive officer to have ex parte communications with the board related to the terms of settlement. A board member who is designated to act in negotiation of settlement is not disqualified from participating in the contested case should the case proceed to hearing.

506.35(5) Settlement agreements shall be completed at least seven days prior to the date scheduled for hearing whenever possible.

506.35(6) All settlements are subject to approval by the majority of the board. If the board fails to approve the settlement, it will be of no force or effect to either party and will not be admissible at hearing. Upon rejecting a proposed consent order, the board may suggest alternative terms of settlement that the respondent is free to accept or reject.

506.35(7) A settlement agreement is a public record open for inspection pursuant to Iowa Code chapter 22.

506.35(8) The board may accept the voluntary surrender of a license if it is accompanied by a written statement of intention. A voluntary surrender, when accepted in connection with a disciplinary proceeding, has the same force and effect as an order of revocation.

[**ARC 9106C**, IAB 4/16/25, effective 3/28/25]

481—506.36(17A) Waiver of procedures. Unless otherwise precluded by law, the parties in a contested case proceeding may waive any provision of this chapter. However, the board in its discretion may refuse to give effect to such a waiver if it deems the waiver to be inconsistent with the public interest.

[**ARC 9106C**, IAB 4/16/25, effective 3/28/25]

These rules are intended to implement Iowa Code chapters 17A and 272C.

CHAPTER 507
PROFESSIONAL LICENSING DIVISION FEES
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 5]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/31/29

481—507.1(147,152D) Athletic training license fees. All fees are nonrefundable.

507.1(1) License fee for license to practice athletic training is $120.

507.1(2) Temporary license fee for license to practice athletic training is $120.

507.1(3) Biennial license renewal fee for each biennium is $120.

507.1(4) Late fee for failure to renew before expiration is $60.

507.1(5) Reactivation fee is $180.

507.1(6) Duplicate or reissued license certificate fee is $20.

507.1(7) Verification of license fee is $20.

507.1(8) Returned check fee is $25.

507.1(9) Disciplinary hearing fee is a maximum of $75.

This rule is intended to implement Iowa Code chapters 17A, 147, 152D and 272C.

[**ARC 8078C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—507.2 Reserved.

481—507.3(147,154D) Behavioral science license fees. All fees are nonrefundable.

507.3(1) License fee for license to practice marital and family therapy or mental health counseling is $120.

507.3(2) Temporary license fee for license to practice marital and family therapy or mental health counseling is $120.

507.3(3) License fee for license to practice as a behavior analyst or assistant behavior analyst is $120. Behavior analyst and assistant behavior analyst licenses issued for less than one year shall not be subject to a renewal fee for the first renewal.

507.3(4) Biennial license renewal fee for each biennium is $120.

507.3(5) Late fee for failure to renew before expiration is $60.

507.3(6) Reactivation fee is $180.

507.3(7) Duplicate or reissued license certificate fee is $20.

507.3(8) Verification of license fee is $20.

507.3(9) Returned check fee is $25.

507.3(10) Disciplinary hearing fee is a maximum of $75.

This rule is intended to implement Iowa Code section 147.8 and chapters 17A, 154D and 272C.

[**ARC 8078C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—507.4(151) Chiropractic license fees. All fees are nonrefundable.

507.4(1) License fee for license to practice chiropractic is $270.

507.4(2) Fee for issuance of annual temporary certificate is $120.

507.4(3) Biennial license renewal fee is $120.

507.4(4) Late fee for failure to renew before the expiration date is $60.

507.4(5) Reactivation fee is $180.

507.4(6) Duplicate or reissued license certificate fee is $20.

507.4(7) Fee for verification of license is $20.

507.4(8) Returned check fee is $25.

507.4(9) Disciplinary hearing fee is a maximum of $75.

This rule is intended to implement Iowa Code chapters 17A, 151 and 272C.

[**ARC 8078C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—507.5(147,157) Barbering and cosmetology arts and sciences license fees. All fees are nonrefundable.

507.5(1) License fee for license to practice barbering and cosmetology arts and sciences, license by endorsement, license by reciprocity, or an instructor's license is $60.

507.5(2) Biennial license renewal fee for each license for each biennium is $60.

507.5(3) Late fee for failure to renew before expiration is $60.

507.5(4) Reactivation fee for applicants licensed to practice barbering and cosmetology arts and sciences is $120; for establishments, $144; and for schools, $330.

507.5(5) Duplicate or reissued license certificate fee is $20.

507.5(6) Fee for verification of license is $20.

507.5(7) Returned check fee is $25.

507.5(8) Disciplinary hearing fee is a maximum of $75.

507.5(9) Fee for license to conduct a school teaching barbering and cosmetology arts and sciences is $600.

507.5(10) Fee for renewal of a school license is $270 annually.

507.5(11) Establishment license fee is $80.

507.5(12) Biennial license renewal fee for each establishment license for each biennium is $80.

507.5(13) Demonstrator and not-for-profit temporary permit fee is $42 for the first day and $12 for each day thereafter that the permit is valid.

507.5(14) An initial fee or a reactivation fee for certification to administer microdermabrasion or utilize a certified laser product or an intense pulsed light (IPL) device is $25 for each type of procedure or certified laser product or IPL device.

507.5(15) An initial fee or a reactivation fee for certification of barbers and cosmetologists to perform shaving for hair removal or administer chemical peels is $25.

507.5(16) An initial fee and renewal fee for the one-year permit allowing limited services outside of a licensed establishment as outlined in rules 481—943.16(157) and 481—943.22(157) is $40.

This rule is intended to implement Iowa Code section 147.80 and chapter 157.

[**ARC 8078C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—507.6(147,152A) Dietetics license fees. All fees are nonrefundable.

507.6(1) License fee for license to practice dietetics, license by endorsement, or license by reciprocity is $120.

507.6(2) Biennial license renewal fee for each biennium is $120.

507.6(3) Late fee for failure to renew before expiration is $60.

507.6(4) Reactivation fee is $180.

507.6(5) Duplicate or reissued license certificate fee is $20.

507.6(6) Verification of license fee is $20.

507.6(7) Returned check fee is $25.

507.6(8) Disciplinary hearing fee is a maximum of $75.

This rule is intended to implement Iowa Code section 147.8 and chapters 17A, 152A and 272C.

[**ARC 8078C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—507.7(147,154A) Hearing aid specialists license fees. All fees are nonrefundable.

507.7(1) Application fee for a license to practice by examination, endorsement, or reciprocity is $156.

507.7(2) Renewal of license fee is $60.

507.7(3) Temporary permit fee is $42.

507.7(4) Late fee is $60.

507.7(5) Reactivation fee is $120.

507.7(6) Duplicate or reissued license certificate fee is $20.

507.7(7) Verification of license fee is $20.

507.7(8) Returned check fee is $25.

507.7(9) Disciplinary hearing fee is a maximum of $75.

This rule is intended to implement Iowa Code chapter 154A.

[**ARC 8078C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—507.8(147) Massage therapy license fees. All fees are nonrefundable.

507.8(1) License fee for license to practice massage therapy is $120.

507.8(2) Biennial license renewal fee for each biennium is $60.

507.8(3) Temporary license fee for up to one year is $120.

507.8(4) Late fee for failure to renew before expiration is $60.

507.8(5) Reactivation fee is $120.

507.8(6) Duplicate or reissued license certificate fee is $20.

507.8(7) Verification of license fee is $20.

507.8(8) Returned check fee is $25.

507.8(9) Disciplinary hearing fee is a maximum of $75.

507.8(10) Initial application fee for approval of massage therapy education curriculum is $120.

This rule is intended to implement Iowa Code chapters 17A, 147 and 272C.

[**ARC 8078C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—507.9(147,156) Mortuary science license fees. All fees are nonrefundable.

507.9(1) License fee for license to practice funeral directing is $120.

507.9(2) Biennial funeral director's license renewal fee for each biennium is $120.

507.9(3) Late fee for failure to renew before expiration is $60.

507.9(4) Reactivation fee for a funeral director is $180 and for a funeral establishment or cremation establishment is $150.

507.9(5) Duplicate or reissued license certificate fee is $20.

507.9(6) Verification of license fee is $20.

507.9(7) Returned check fee is $25.

507.9(8) Disciplinary hearing fee is a maximum of $75.

507.9(9) Funeral establishment or cremation establishment fee is $90.

507.9(10) Three-year renewal fee of funeral establishment or cremation establishment is $90.

This rule is intended to implement Iowa Code section 147.8 and chapters 17A, 156 and 272C.

[**ARC 8078C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—507.10(147,155) Nursing home administrators license fees. All fees are nonrefundable.

507.10(1) License fee for license to practice nursing home administration is $120.

507.10(2) Biennial license renewal fee for each license for each biennium is $60.

507.10(3) Late fee for failure to renew before expiration is $60.

507.10(4) Reactivation fee is $120.

507.10(5) Duplicate or reissued license certificate fee is $20.

507.10(6) Verification of license fee is $20.

507.10(7) Returned check fee is $25.

507.10(8) Disciplinary hearing fee is a maximum of $75.

507.10(9) Provisional license fee is $120.

This rule is intended to implement Iowa Code section 147.80 and chapter 155.

[**ARC 8078C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—507.11(147,148B) Occupational therapy license fees. All fees are nonrefundable.

507.11(1) License fee for an occupational therapist or occupational therapist assistant license to practice occupational therapy is $120.

507.11(2) Biennial license renewal fee to practice occupational therapy is $60.

507.11(3) Biennial license renewal fee for an occupational therapy assistant is $60.

507.11(4) Late fee for failure to renew before expiration is $60.

507.11(5) Reactivation fee is $120.

507.11(6) Duplicate or reissued license certificate fee is $20.

507.11(7) Verification of license fee is $20.

507.11(8) Returned check fee is $25.

507.11(9) Disciplinary hearing fee is a maximum of $75.

This rule is intended to implement Iowa Code section 147.8 and chapters 17A, 148B and 272C.

[**ARC 8078C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—507.12(147,154) Optometry license fees. All fees are nonrefundable.

507.12(1) License fee for license to practice optometry, license by endorsement, or license by reciprocity is $300.

507.12(2) Biennial license renewal fee for each biennium is $144.

507.12(3) Late fee for failure to renew before expiration date is $60.

507.12(4) Reactivation fee is $204.

507.12(5) Duplicate or reissued license certificate fee is $20.

507.12(6) Verification of license fee is $20.

507.12(7) Returned check fee is $25.

507.12(8) Disciplinary hearing fee is a maximum of $75.

This rule is intended to implement Iowa Code chapters 17A, 147, 154 and 272C.

[**ARC 8078C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—507.13(147,148A) Physical therapy license fees. All fees are nonrefundable.

507.13(1) License fee for license to practice physical therapy or as a physical therapist assistant is $120.

507.13(2) Biennial license renewal fee for a physical therapist is $60.

507.13(3) Biennial license renewal fee for a physical therapist assistant is $60.

507.13(4) Late fee for failure to renew before expiration is $60.

507.13(5) Reactivation fee is $120.

507.13(6) Duplicate or reissued license certificate fee is $20.

507.13(7) Verification of license fee is $20.

507.13(8) Returned check fee is $25.

507.13(9) Disciplinary hearing fee is a maximum of $75.

This rule is intended to implement Iowa Code section 147.8 and chapters 17A, 148A and 272C.

[**ARC 8078C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—507.14(148C) Physician associates license fees. All fees are nonrefundable.

507.14(1) Application fee for a license is $120.

507.14(2) Fee for a temporary license is $120.

507.14(3) Renewal of license fee is $120.

507.14(4) Late fee for failure to renew before expiration is $60.

507.14(5) Reactivation fee is $180.

507.14(6) Duplicate or reissued license certificate fee is $20.

507.14(7) Fee for verification of license is $20.

507.14(8) Returned check fee is $25.

507.14(9) Disciplinary hearing fee is a maximum of $75.

This rule is intended to implement Iowa Code section 147.8 and chapters 17A, 148C and 272C.

[**ARC 8078C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24; Editorial change: IAC Supplement 6/10/26]

481—507.15(147,148F,149) Podiatry license fees. All fees are nonrefundable.

507.15(1) License fee for license to practice podiatry, license by endorsement, or license by reciprocity is $400.

507.15(2) License fee for temporary license to practice podiatry is $200.

507.15(3) The fee for a license to practice orthotics, prosthetics, or pedorthics received on or before July 1, 2015, shall be $600. The fee for a license to practice orthotics, prosthetics, or pedorthics received after July 1, 2015, shall be $400.

507.15(4) Biennial license renewal fee is $400 for each biennium.

507.15(5) Reactivation fee is $460.

507.15(6) Temporary license renewal fee is $200.
507.15(7) Late fee for failure to renew before expiration is $60.
507.15(8) Duplicate or reissued license certificate fee is $20.
507.15(9) Verification of license fee is $20.
507.15(10) Returned check fee is $25.
507.15(11) Disciplinary hearing fee is a maximum of $75.

This rule is intended to implement Iowa Code section 147.8 and chapters 17A, 148F, 149 and 272C.

[**ARC 8078C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—507.16(147,154B) Psychology license fees. All fees are nonrefundable.

507.16(1) License fee for license to practice psychology is $120.
507.16(2) Biennial license renewal fee is $170.
507.16(3) Late fee for failure to renew before expiration is $60.
507.16(4) Reactivation fee is $230.
507.16(5) Duplicate or reissued license certificate fee is $20.
507.16(6) Verification of license fee is $20.
507.16(7) Returned check fee is $25.
507.16(8) Disciplinary hearing fee is a maximum of $75.
507.16(9) Processing fee for exemption to licensure is $60.
507.16(10) Certification fee for a health service provider is $60.
507.16(11) Biennial renewal fee for certification as a certified health service provider in psychology is $60.
507.16(12) Reactivation fee for certification as a certified health service provider in psychology is $60.
507.16(13) Provisional license fee is $120.
507.16(14) Provisional license renewal fee is $170.

This rule is intended to implement Iowa Code sections 147.80 and 154B.6 and chapters 17A, 154B and 272C.

[**ARC 8078C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—507.17(147,152B) Respiratory care and polysomnography license fees. All fees are nonrefundable.

507.17(1) Initial license fee.

a. The initial license fee for a respiratory care practitioner license is $75, plus the cost for evaluation of the fingerprint packet and the criminal history background checks by the Iowa division of criminal investigation (DCI) and the Federal Bureau of Investigation (FBI).

b. The initial license fee for a polysomnographic technologist license is $75, plus the cost for evaluation of the fingerprint packet and the criminal history background checks by the Iowa DCI and the FBI.

c. The initial license fee for a respiratory care and polysomnography practitioner license is $90, plus the cost for evaluation of the fingerprint packet and the criminal history background checks by the Iowa DCI and the FBI.

507.17(2) Biennial license renewal fee for each biennium.

a. The biennial license renewal fee for each biennium for a respiratory care practitioner license is $75.

b. The biennial license renewal fee for each biennium for a polysomnographic technologist license is $75.

c. The biennial license renewal fee for each biennium for a respiratory care and polysomnography practitioner license is $90.

507.17(3) Late fee for failure to renew before expiration is $60.
507.17(4) Reactivation fee.

a. The reactivation fee to practice respiratory care is $135, plus the cost for evaluation of the fingerprint packet and the criminal history background checks by the Iowa DCI and the FBI if the license has been on inactive status for two or more years.

b. The reactivation fee to practice as a polysomnographic technologist is $135, plus the cost for evaluation of the fingerprint packet and the criminal history background checks by the Iowa DCI and the FBI if the license has been on inactive status for two or more years.

c. The reactivation fee to practice respiratory care and polysomnography is $150, plus the cost for evaluation of the fingerprint packet and the criminal history background checks by the Iowa DCI and the FBI if the license has been on inactive status for two or more years.

507.17(5) Duplicate or reissued license certificate fee is $20.

507.17(6) Verification of license fee is $20.

507.17(7) Returned check fee is $25.

507.17(8) Disciplinary hearing fee is a maximum of $75.

This rule is intended to implement Iowa Code section 147.8 and chapters 17A, 152B and 272C.

[**ARC 8078C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—507.18(147,154E) Sign language interpreters and transliterators license fees. All fees are nonrefundable.

507.18(1) License fee for license to practice interpreting or transliterating is $120.

507.18(2) License fee for temporary license to practice interpreting or transliterating is $120.

507.18(3) Biennial license renewal fee for each biennium is $120.

507.18(4) Late fee for failure to renew before expiration is $60.

507.18(5) Duplicate or reissued license certificate fee is $20.

507.18(6) Verification of license fee is $20.

507.18(7) Returned check fee is $25.

507.18(8) Disciplinary hearing fee is a maximum of $75.

507.18(9) Reactivation fee is $180.

This rule is intended to implement Iowa Code chapters 17A, 147, 154E and 272C.

[**ARC 8078C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—507.19(147,154C) Social work license fees. All fees are nonrefundable.

507.19(1) License fee for license to practice social work is $120.

507.19(2) Biennial license renewal fee for a license at the bachelor's level is $72; at the master's level, $120; and at the independent level, $144.

507.19(3) Late fee for failure to renew before expiration is $60.

507.19(4) Reactivation fee for a license at the bachelor's level is $132; at the master's level, $180; and at the independent level, $204.

507.19(5) Duplicate or reissued license certificate fee is $20.

507.19(6) Verification of license fee is $20.

507.19(7) Returned check fee is $25.

507.19(8) Disciplinary hearing fee is a maximum of $75.

This rule is intended to implement Iowa Code section 147.80 and chapters 17A, 154C and 272C.

[**ARC 8078C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—507.20(147) Speech pathology and audiology license fees. All fees are nonrefundable.

507.20(1) License fee for license to practice speech pathology or audiology, temporary clinical license, license by endorsement, or license by reciprocity is $120.

507.20(2) Biennial license renewal fee for each biennium is $96.

507.20(3) Late fee for failure to renew before expiration is $60.

507.20(4) Reactivation fee is $156.

507.20(5) Duplicate or reissued license certificate fee is $20.

507.20(6) Verification of license fee is $20.

507.20(7) Returned check fee is $25.

507.20(8) Disciplinary hearing fee is a maximum of $75.

507.20(9) Temporary clinical license renewal fee is $60.

507.20(10) Temporary permit fee is $30.

This rule is intended to implement Iowa Code chapters 17A, 147 and 272C.

BOARD OF PHARMACY

CHAPTER 550
DEFINITIONS

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/11/30

481—550.1(124,147,155A,272C) Definitions. For the purposes of 481—Chapter 550 through Chapter 557, and in addition to the definitions found in Iowa Code sections 124.101 and 155A.3, the following definitions apply:

"3PL" means third-party logistics.

"ACPE" means the Accreditation Council for Pharmacy Education.

"AMDS" means an automated medication dispensing system.

"Board" means the board of pharmacy.

"Certified pharmacy technician" or *"certified technician"* means an individual who holds a valid current national certification and who has registered with the board as a certified pharmacy technician.

"CFR" means the United States Code of Federal Regulations.

"CGMP" means current good manufacturing practices.

"Change of ownership" occurs when the owner listed on the pharmacy's most recent application changes.

"Continuing education" means a structured educational activity that is applicable to the practice of pharmacy, that promotes problem solving and critical thinking, and that is designed or intended to support the continuing development of pharmacists while maintaining and enhancing their competence in the practice of pharmacy.

"CSA" means the Iowa controlled substances Act.

"DEA" means the United States Drug Enforcement Administration.

"DSCSA" means the federal Drug Supply Chain Security Act, Part II of the Drug Quality and Security Act, as codified in 21 U.S.C. §360eee-1 and 360eee-2 as created November 27, 2013.

"EMS program" means an emergency medical services program that is licensed with the bureau of emergency and trauma services.

"FDA" means the United States Food and Drug Administration.

"FPGEC" means the Foreign Pharmacy Graduate Examination Committee.

"NABP" means the National Association of Boards of Pharmacy.

"NAPLEX" means the North American Pharmacist Licensure Examination.

"National pharmacy technician certification" means documentation of the successful completion of a program and examination, including renewal, for the certification of pharmacy technicians that is accredited by the National Commission for Certifying Agencies.

"NCDQS" means the National Coalition for Drug Quality and Security.

"NDC" means National Drug Code.

"Office use" means the utilization of a compounded preparation from an outsourcing facility for direct patient administration by a health care practitioner in the normal course of professional practice or for dispensing by a health care practitioner or a pharmacy pursuant to a patient-specific prescription for patient self-administration.

"PMP" means the Iowa prescription monitoring program.

"Preceptor" means an Iowa-licensed pharmacist in good standing.

"U.S.C." means the United States Code.

"USP" means the United States Pharmacopoeia.

This rule is intended to implement Iowa Code sections 124.302, 147.76 and 147.80 and chapters 155A and 272C.

[**ARC 9337C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

[Filed ARC 9337C (Notice ARC 8420C, IAB 11/27/24), IAB 6/11/25, effective 7/16/25][1]

[1] July 16, 2025, effective date of Chapter 550 **[ARC 9337C]** delayed 70 days by the Administrative Rules Review Committee at its meeting held July 14, 2025; delay lifted at the meeting held August 11, 2025.

CHAPTER 551
LICENSES, REGISTRATIONS, AND PERMITS

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/11/30

481—551.1(124,147,155A,272C) Definitions. The definitions found in 481—Chapter 550 are incorporated by reference into these rules.

[**ARC 9337C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—551.2(124,124B,147,155A,272C) General requirements.

551.2(1) *Issuance.* The board will issue or renew a license, registration or permit upon receipt of a completed application and determination that the applicant has satisfied the requirements of applicable statutes and any additional criteria specified by these rules. A license or registration is necessary prior to engaging in the authorized activity into, out of, or within this state. A permit is necessary prior to engaging in the authorized activity in this state. Except as provided in these rules, the expiration date for any newly issued license, registration or permit will be extended by one year when the initial license, registration or permit is issued within two months of the standard expiration date.

551.2(2) *Board forms.* Initial applications, renewal applications, and other forms used for licensure, registration, or other purposes will be on board forms unless specified in these rules.

551.2(3) *Fees.*

a. Fees are nonrefundable and nontransferable and will be considered a repayment receipt as defined in Iowa Code section 8.2.

b. Fees apply to applications submitted for initial, changed and renewed licenses, registrations or permits or for a criminal history background check, when applicable.

c. A license, registration or permit will be invalidated when the method of payment is returned or rejected.

551.2(4) *Fee table.*

License/ Registration	Application Fee	Background Check Fee	Renewal Period	Renewal Fee	Delinquent Renewal Fee	Reactivation Fee
Pharmacist	$180	$45	2 years	$180	$360	$630
Pharmacist-Intern	$30	N/A	N/A	N/A	N/A	N/A
Technician Trainee	$20	N/A	1 year	$20	$40	$80
Certified Pharmacy Technician	$20	N/A	2 years	$40	$80	$160
Pharmacy Support Person	$25	N/A	2 years	$25	$50	$100
CSA—Individual	$90	N/A	2 years	$90	$180	$360
CSA—Business	$90	N/A	2 years	$90	$180	$360
Nonresident Pharmacist in Charge	$75	N/A	1 year	$75	$150	$300
Pharmacy	$135	N/A	1 year	$135	$270	$540
Wholesale Distributor	$750	$45	1 year	$750	$1,500	$2,000
3PL Provider	$750	$45	1 year	$750	$1,500	$2,000
Limited Distributor	$175	N/A	1 year	$175	$350	$500
Outsourcing Facility	$400	$45	1 year	$400	$800	$1,600
Precursor Substances	$180	N/A	1 year	$180	$360	$360

551.2(5) *Criminal history background check.* The fee for a criminal history background check is $45 and, in accordance with Iowa Code section 155A.40, is necessary for:

a. Pharmacists.

b. Outsourcing facility supervising pharmacists, except as provided in subparagraph 551.14(2)*"a"*(1).

c. Wholesale distributor and 3PL facility managers, except as provided in paragraphs 551.13(3)*"a"* and 551.16(3)*"a."*

551.2(6) *Separate locations.* Each separate business location wherein activities occur that require a license, registration or permit will be separately licensed, registered or permitted.

551.2(7) *Complete applications.* An application is considered complete when all application information and fees are submitted to the board.

551.2(8) *Incomplete applications.* Applications that remain incomplete after six months from the date of initial board receipt will expire, except that applications for pharmacist licensure will expire:

a. After one year for an application for license transfer.

b. After two years for an application for license by examination or score transfer.

551.2(9) *Inspections.*

a. Prior to the issuance of a new license, registration or permit for any business that will maintain prescription drugs or for any individual CSA registrant who will maintain controlled substances, an inspection will be required, except as provided for limited distributors pursuant to subrule 551.15(1).

b. Any CSA registrant that does not maintain stocks of controlled substances will provide notice to the board at least 30 days prior to procuring controlled substances, and an inspection will be required prior to storage of controlled substances at the registered location.

551.2(10) *Denial of license, registration or permit.*

a. Grounds for denial. The board or authorized delegate may deny the issuance or renewal of a license, registration or permit for:

(1) Any violation of the laws of this state, another state, or the United States by the applicant relating to prescription drugs, controlled substances, or nonprescription drugs or for a violation of any rule of the board.

(2) The receipt of a certificate of noncompliance from child support services of the department of health and human services or the centralized collection unit of the department of revenue.

(3) The furnishing of false or fraudulent information in the application process.

(4) Noncompliance with licensing or practice standards under previously granted licenses, registrations or permits.

(5) Any other factors or qualifications the board considers relevant to and consistent with public health and safety.

b. Appeal of denial. An individual whose application is denied may, within 30 days after issuance of the notice of denial, appeal to the board for reconsideration of the application.

551.2(11) *Renewals.* Renewal applications will be submitted to the board in accordance with Iowa Code section 147.10.

551.2(12) *Untimely renewals or change applications.* Any licensee, registrant or permittee that fails to timely apply for renewal or change is provided a 30-day grace period to submit an application. The applicant may continue engaging in the authorized activity while the application is pending. Untimely applications will be subject to a late penalty fee that is equal to the application fee.

551.2(13) *Expired licenses, registrations or permits—reactivation.* Any licensee, registrant or permittee that fails to apply for renewal or change within the 30-day grace period may not engage in the authorized activity until the license, registration or permit is reactivated. An application will be subject to a fee of four times the application fee, except as provided herein.

a. A reactivation fee will not be assessed when the applicant voluntarily canceled the license, registration or permit when the applicant discontinued the authorized activity.

b. The reactivation fee for a wholesale distributor or 3PL provider license is $2,000.

c. The reactivation fee for a pharmacist license is $630.

d. The reactivation fee for a limited distributor license is $500.

e. The reactivation fee for a precursor substances permit is $360.

551.2(14) *Termination of licenses, registrations or permits.*

a. A business license, registration or permit will terminate when the business ceases to legally exist or discontinues business.

b. An individual license or registration will automatically terminate upon the death of the individual or upon the issuance of a superseding license or registration (e.g., issuance of a pharmacist license will result in the termination of the individual's intern registration).

c. When a license or registration was issued by the board based on an underlying license, certificate or other credential and the underlying license, certificate or credential expires or is suspended or revoked, the board may take action to suspend or revoke the license or registration. Board action will not be taken against a pharmacist license issued by license transfer when the pharmacist's original license upon which license transfer was granted expires.

551.2(15) *Voluntary cancellations.*

a. Businesses and CSA registrants who stock controlled substances.

(1) A licensee, registrant or permittee may voluntarily request cancellation via written notice to the board at least 30 days prior to the discontinuation of business. The notice will include the following information: the licensee, registrant or permittee name and address; the license, registration or permit number; the anticipated date of business discontinuation; and, if applicable, the identification of the licensee, registrant or permittee to whom drugs and records will be transferred. A canceled license, registration or permit is not subject to expired status or reactivation requirements.

(2) A business that has dispensed or distributed prescription or nonprescription products in the previous 18 months will provide written notice, which may include electronic communication, to its customers at least 30 days prior to the discontinuation of business that will include the anticipated date of business discontinuation and the identification of the licensee, registrant or permittee to whom the customers' records will be transferred.

b. Individuals. An individual licensee or registrant may voluntarily request cancellation via written notice to the board. Except as provided herein for pharmacists, a licensee or registrant who requests voluntary cancellation is not subject to expired status or reactivation requirements. A pharmacist who voluntarily surrenders a license is subject to the reinstatement requirements pursuant to 481—Chapter 506.

551.2(16) *Grounds for discipline.* In addition to the grounds for discipline identified in 481—Chapter 504, the board may take disciplinary action against a license or registration for the following:

a. Distribution of drugs for other than lawful purposes, which includes but is not limited to the distribution of counterfeit drugs and the disposition of drugs in violation of Iowa Code chapters 124, 126, and 155A.

b. Obtaining, diverting, possessing, or attempting to obtain or possess prescription drugs without lawful authority, including but not limited to forging or altering a prescription for personal use or for distribution.

c. Practicing pharmacy, or assisting in the practice of pharmacy, while under the influence of alcohol, illicit substances, or prescription drugs or substances for which the licensee does not have a lawful prescription or while impaired by the use of legitimately prescribed prescription drugs.

d. Noncompliance with a child support order or with a written agreement for payment of child support as evidenced by a certificate of noncompliance issued pursuant to Iowa Code chapter 252J.

551.2(17) *Agency rules adopted by reference.* The board adopts by reference the following agency rules:

a. Military service, veteran reciprocity, and spouses of active-duty service members as found in 481—Chapter 7.

b. Contested cases and informal settlement as found in 481—Chapter 506.

c. Discipline as found in 481—Chapter 504.

d. Licensing and child support noncompliance, student loan repayment noncompliance, and nonpayment of state debt as found in 481—Chapter 8.

e. Use of criminal convictions in eligibility determinations and initial licensing decisions as found in 481—Chapter 502.

[**ARC 9337C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—551.3(124,124B,147,155A,272C) Notifications to the board.

551.3(1) *Criminal convictions and pleas.* Within 30 days of adjudication, any conviction of or entry of a plea of guilty, nolo contendere, or no contest to a crime, other than a minor traffic offense, including if the judgment of conviction or sentence is deferred, will be reported to the board. Notification will include an unredacted copy of the final order of judgment. The notification requirement applies to:

a. An individual licensee or registrant.

b. A business licensee, registrant or permittee or any owner, supervising pharmacist or facility manager when the conviction is related to the practice of pharmacy or the distribution of drugs.

551.3(2) *Disciplinary action.* Any disciplinary action in another state or federal jurisdiction of a licensee, registrant or permittee or an owner, supervising pharmacist or facility manager of a license, registration or permit relating to the practice of pharmacy or the distribution of drugs will be reported to the board within 30 days of adjudication. Notification will include an unredacted copy of the action or order. Disciplinary action includes but is not limited to citations; reprimands; fines; restrictions; probation; or surrender, suspension or revocation of the license, registration, or permit.

551.3(3) *Individual licensee or registration changes.* Within 30 days of a change to the following, the licensee or registrant will provide the updated information to the board via written notice or via the board's online licensing database:

a. Address.

b. Email address.

c. Telephone number.

d. Pharmacy of employment, if applicable.

e. Name, of which a written notice will include evidence of the legal name change.

[**ARC 9337C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—551.4(147,155A,272C) Pharmacists.

551.4(1) *License by examination or score transfer.* An applicant for licensure by examination or score transfer will satisfy the requirements of Iowa Code sections 155A.8 and 155A.9 and do the following:

a. Graduate from an ACPE-accredited college of pharmacy within the United States, or, if a graduate of a foreign college of pharmacy, submit FPGEC certification and preceptor affidavit(s) of satisfactory completion of internship in accordance with subrule 551.6(3).

b. Pass the following examinations:

(1) NAPLEX. NAPLEX score transfers are accepted for one year from the date of the examination.

(2) A board-approved jurisprudence examination.

551.4(2) *License transfer—general requirements.* An applicant is eligible for license transfer when the applicant:

a. Holds a current and unencumbered license in a state or territory of the United States; and

b. Passes a board-approved jurisprudence examination.

551.4(3) *License fee and duration.* The license fee is $180, and the license will expire on June 30 two years after initial licensure.

551.4(4) *Renewal standard.*

a. Continuing education. Except for the first renewal following licensure by examination, a pharmacist will complete at least 30 hours of continuing education (CE) since the date of issuance or last renewal of the license, except as provided by Iowa Code section 272C.2(2)*"h,"* as a condition for license renewal. The type of CE completed shall be sufficient to meet the standard of care for the pharmacist's specific practice setting and be provided by an accredited CE provider. The following will be deemed compliant with the CE hours:

(1) Active-duty military personnel serving honorably during the renewal period.

(2) Nonresident pharmacists who are actively licensed in the state in which they live and who do not practice in Iowa.

b. Child and dependent adult abuse training. A pharmacist who, in the course of employment or professional practice, examines, attends, counsels, or treats a minor or dependent adult will provide evidence of completion of training relating to the identification and reporting of child abuse or dependent adult abuse in accordance with Iowa Code section 232.69(3)*"b"* or 235B.16(5)*"b,"* respectively.
[**ARC 9337C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—551.5(155A) Nonresident pharmacists in charge. Unless currently licensed as a pharmacist in Iowa, the pharmacist in charge of an Iowa-licensed nonresident pharmacy will be registered.

551.5(1) *Registration fee and duration.* The registration fee is $75, and the registration will expire annually on December 31.

551.5(2) *Change.* Within 30 days of a change to the home state license or registration information or status, the registrant will provide written notice of the change to the board.
[**ARC 9337C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—551.6(155A) Pharmacist-interns.

551.6(1) *Registration required.* Unless currently licensed as a pharmacist in Iowa, an individual completing an internship, fellowship, or residency experience will be registered.

551.6(2) *Registration fee and duration.* The registration fee is $30, and the registration will expire one year following graduation from a college of pharmacy, following completion of a residency or fellowship, upon withdrawal from a college of pharmacy, or upon pharmacist licensure in Iowa, whichever occurs first.

551.6(3) *Internship credit.* Credit for internship hours completed in Iowa will only be granted for the pharmacy practice experience completed under the supervision of a preceptor during the period the pharmacist-intern was registered. Internship hours will remain valid for application for licensure by examination or score transfer pursuant to rule 481—551.4(147,155A,272C) for three years from the earlier of the date of graduation from an ACPE-accredited college of pharmacy or the expiration of the pharmacist-intern registration.
[**ARC 9337C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—551.7(155A) Pharmacy technicians. Prior to engaging in technical functions in an Iowa pharmacy, an individual will register pursuant to this rule.

551.7(1) *Technician trainee.* An individual who does not hold current and active national pharmacy technician certification will register as a technician trainee. The registration fee is $20, and the registration will expire one year after initial registration. When necessary due to exceptional circumstances, a technician trainee will be limited to one renewal.

551.7(2) *Certified pharmacy technician.* An individual who holds current and active national pharmacy technician certification will register as a technician. The registration fee is $20 per annum, and the registration will expire on the date that the technician's national certification expires.
[**ARC 9337C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—551.8(155A) Pharmacy support persons. The registration fee is $25, and the registration will expire the last day of the birth month the second year after initial registration.
[**ARC 9337C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—551.9(124) CSA—individuals.

551.9(1) *Registration for independent activities.* A separate registration will be necessary for each separate independent activity as provided in 21 CFR §1301.13 as amended on April 11, 2022.

551.9(2) *Registration for separate locations—exemption.* Notwithstanding subrule 551.2(6), a registered prescriber will not be required to obtain a separate registration for each additional location where the prescriber prescribes or administers controlled substances but does not procure or maintain stocks of controlled substances under the prescriber's registration.

551.9(3) *Registration fee and duration.*

a. Researchers. The registration fee is $90, and the registration will expire the last day of the month the second year after initial registration.

b. *Practitioners.* The registration fee is $45 per annum, and the registration will expire on the date that the practitioner's Iowa professional license expires.

551.9(4) *Exempt from registration.* An individual practitioner who meets the conditions of 21 CFR §1301.22(c) amended to March 24, 1997, is exempt from registration.

551.9(5) *Changes.* Within 30 days of a change to the registered location or substances authorized, the registrant will provide the updated information to the board via written notice or via the board's online licensing database.

[**ARC 9337C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter; Editorial change: IAC Supplement 2/18/26]

481—551.10(124,155A) Pharmacies.

551.10(1) *License types.* Licensed pharmacy types include:

a. General pharmacy.

b. Hospital pharmacy.

c. Telepharmacy.

d. Limited-use pharmacy.

e. Nonresident pharmacy.

551.10(2) *License fee and duration.* The license fee is $135, and the license will expire annually on December 31.

551.10(3) *Changes.*

a. *Written notice.* Within 30 days of a change, except as provided herein, the pharmacy will provide the following updated information to the board via a board form.

(1) Pharmacist in charge, except that notification of a change of pharmacist in charge of a nonresident pharmacy will be submitted within ten days of the change.

(2) Ownership.

b. *Application.* A licensee will seek modification of the pharmacy license for the following changes via submission of a completed application and fee prior to the effective date of the change, except as provided herein. A resident licensee will submit the application at least 30 days prior to the anticipated change, and, except as provided, a nonresident licensee will submit the application within 30 days of the licensee's receipt of an updated license from the home state regulatory authority, if applicable, reflecting the change.

(1) Name.

(2) Location, except for a temporary relocation of limited duration due to an exceptional circumstance. An application will be submitted at least 30 days prior to the anticipated relocation.

(3) License type. An application will be submitted at least 30 days prior to the anticipated change.

[**ARC 9337C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—551.11(124) CSA—businesses.

551.11(1) *Registration for independent activities.* A separate registration will be necessary for each separate independent activity as provided in 21 CFR §1301.13 amended to April 11, 2022.

551.11(2) *Separate registrations for separate locations.*

a. A separate registration will be necessary for each location where controlled substances are manufactured, distributed, imported, exported, dispensed, stored, or collected for the purpose of disposal unless exempt from registration pursuant to Iowa Code section 124.302(2) or as provided in 21 CFR §1301.12 amended to February 28, 2024.

b. A separate registration for a pharmacy will not be required when providing an emergency kit of limited drug quantities to an entity authorized to administer such emergency drugs, such as a care facility or EMS program.

551.11(3) *Registration fee, duration, and exemptions.*

a. The registration fee is $45 per annum and will expire on the second-last day of the month following initial registration, except that the expiration may be aligned with the entity's underlying business license, if applicable.

b. The registration fee is waived for federal, state, and local law enforcement agencies and the following federal and state institutions: hospitals; health care or teaching institutions; and analytical

laboratories authorized to possess, manufacture, distribute, and dispense controlled substances in the course of official duties.

551.11(4) *Changes.*

a. Written notification. Within 30 days of a change to the following, the registrant will provide the updated information to the board via a board form or via the board's online licensing database:

(1) Substances authorized.

(2) Responsible individual, except as required in subparagraph 551.11(4)*"b"*(2).

(3) Ownership.

b. Application. A CSA—business registrant will seek modification of the registration for the following changes via submission of an application and fee within 30 days of the change, except as provided herein:

(1) Location. For an in-state registrant, an application will be submitted at least 30 days prior to the change of location.

(2) Responsible individual for outsourcing facilities, 3PL providers, and wholesale distributors.

(3) Name.

[**ARC 9337C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—551.12(124B) Precursor substances.

551.12(1) *Permit fee and duration.* The permit fee is $180, and the permit will expire annually on December 31.

551.12(2) *Exemptions.* A permit is not required for the distribution of exempt chemical mixtures or for transactions deemed excluded by 21 CFR Part 1310 as amended on October 31, 2023.

[**ARC 9337C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—551.13(155A) Wholesale distributors.

551.13(1) *License standards.*

a. To be eligible for licensure as a wholesale distributor, each application will include evidence of:

(1) Surety bond or equivalent security pursuant to the DSCSA.

(2) Current drug distributor accreditation by NABP, NCDQS, or another accreditation body approved by the board. New applicants located in Iowa that undergo an opening inspection will not be obligated to provide evidence of accreditation for initial licensure.

b. In the event the requirements in paragraph 551.13(1)*"a"* directly conflict with any federal law or regulation, the federal law or regulation will supersede the requirements in paragraph 551.13(1)*"a."*

551.13(2) *License fee and duration.* The license fee is $750, and the license will expire annually on December 31.

551.13(3) *License changes.*

a. Written notice. A licensee will provide written notice to the board within 30 days of:

(1) The designation of a temporary facility manager who will not be subject to a criminal history background check.

(2) A change of business type.

(3) A change of ownership.

b. Application. A licensee will seek modification of the license for the following changes via submission of an application and fee. A resident licensee will submit the application at least 30 days prior to the anticipated change, and, except as provided, a nonresident licensee will submit the application within 30 days of the licensee's receipt of an updated license from the home state regulatory authority, if applicable, reflecting the change.

(1) Name.

(2) Location.

(3) Permanent facility manager. A licensee will submit an application within 30 days of the identification of a new permanent facility manager and within 90 days of the initial vacancy.

[**ARC 9337C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—551.14(155A) Outsourcing facilities.

551.14(1) *License fee and duration.* The license fee is $400, and the license will expire annually on December 31.

551.14(2) *License changes.*

a. Written notice. A licensee will provide written notice to the board via a board form within 30 days of:

(1) The designation of a temporary supervising pharmacist who will not be subject to a criminal history background check.

(2) A change of ownership.

b. Application. A licensee will seek modification of the license for the following changes via submission of an application and fee. Except as provided herein, a resident licensee will submit the application at least 30 days prior to the anticipated change and a nonresident licensee will submit the application within 30 days of the change to the FDA registration or home state license, if applicable, reflecting the change.

(1) Name.

(2) Location.

(3) Permanent supervising pharmacist. A licensee will submit an application identifying the new permanent supervising pharmacist within 30 days of the identification of the permanent supervising pharmacist and within 90 days of the initial vacancy.

[**ARC 9337C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—551.15(155A) Limited distributors.

551.15(1) *Self-inspection.* Each application for a limited distributor license will include a completed self-inspection.

551.15(2) *License fee and duration.* The license fee is $175, and the license will expire annually on December 31.

551.15(3) *License changes.*

a. Written notice. The licensee will provide written notice within 30 days of a change of:

(1) Facility manager.

(2) Business type.

(3) Ownership.

b. Application. Modification of the license for the following changes will be pursuant to the submission of an application and fee at least 30 days prior to the change, except as provided herein, for a resident licensee and within 30 days of the change to the home state license for a nonresident licensee, if applicable, reflecting the change.

(1) Name.

(2) Location.

[**ARC 9337C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—551.16(155A) Third-party logistics providers.

551.16(1) *License standards.*

a. To be eligible for licensure, each application will include evidence of current drug distributor accreditation by NABP, NCDQS, or another accreditation body approved by the board. New applicants located in Iowa that undergo an opening inspection will not be obligated to provide evidence of accreditation for initial licensure.

b. In the event the requirements in this subrule directly conflict with any federal law or regulation, the federal law or regulation will supersede the requirements herein.

551.16(2) *License fee and duration.* The license fee is $750, and the license will expire annually on March 31.

551.16(3) *License changes.*

a. Written notice. A licensee will provide written notice to the board within 30 days of:

(1) The designation of a temporary facility manager who will not be subject to a criminal history background check.

(2) A change of ownership.

b. Application. A licensee will seek modification of the license for the following changes via submission of an application and fee. A resident licensee will submit the application at least 30 days prior to the anticipated change, and, except as provided, a nonresident licensee will submit the application within 30 days of the licensee's receipt of an updated license from the home state regulatory authority, if applicable, reflecting the change.

(1) Name.

(2) Location.

(3) Permanent facility manager. A licensee will submit an application within 30 days of the identification of a new permanent facility manager and within 90 days of the initial vacancy.

[**ARC 9337C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

These rules are intended to implement Iowa Code sections 124.302, 147.76 and 147.80 and chapters 155A and 272C.

[Filed ARC 9337C (Notice ARC 8420C, IAB 11/27/24), IAB 6/11/25, effective 7/16/25][1]

[Editorial change: IAC Supplement 2/18/26]

[1] July 16, 2025, effective date of Chapter 551 **[ARC 9337C]** delayed 70 days by the Administrative Rules Review Committee at its meeting held July 14, 2025; delay lifted at the meeting held August 11, 2025.

CHAPTER 552
STANDARDS—PRACTICE OF PHARMACY

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/11/30

481—552.1(124,155A) Definitions. The definitions found in 481—Chapter 550 are incorporated by reference into these rules.
[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.2(155A) Pharmacy department.

552.2(1) *Standards.* Each pharmacy will maintain:

a. Adequate drug storage areas to ensure that drug products are maintained under sanitary conditions and in accordance with package labeling standards.

b. References and drug information as needed to meet the needs of the patients served.

c. Policies and procedures for all aspects of the pharmacy's operation that ensure that all drugs and patient records are secure from unauthorized access, maintain accountability and protect patient confidentiality.

d. Equipment as needed to meet the needs of the patients served that is maintained in accordance with manufacturer recommendations.

e. Drug storage and handling areas in compliance with USP General Chapter 800 (2019) for hazardous drug handling.

f. When open to the public and a pharmacist is working on site, the current pharmacist license certificate posted within view of the public.

552.2(2) *Notice of remodel.* A pharmacy will provide written notice to the board at least 30 days prior to any remodel involving a change to or addition of a primary engineering device or cleanroom suite.
[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.3(155A) Security.

552.3(1) *Physical security.* Each pharmacy will maintain adequate security to ensure the confidentiality of patient information and to prevent theft of, diversion of, or unauthorized access to prescription drugs or records, including when prescription drugs or records are stored outside the pharmacy department pursuant to federal law or regulation or these rules. Pharmacy staff personal items allowed in the pharmacy will be stored away from drug storage areas and monitored. Security will include a basic alarm system and video surveillance system unless the pharmacy is located within a facility that provides equivalent monitoring.

552.3(2) *Processing systems security.* Each pharmacy will maintain adequate security of any electronic device or system that is used to maintain or process patient, practitioner, drug, or prescription records to prevent and detect unauthorized access, modification, or manipulation of such records. Authentication credentials will be securely maintained by the individual to whom the credentials are issued and cannot be shared with or disclosed to any other individual.

552.3(3) *Access when pharmacy department is closed.* When the pharmacist is absent from the facility, the pharmacy department will be closed and secured to prevent unauthorized access. Policies and procedures will identify individuals, by title or designation, who are authorized to access the pharmacy department and the specific activities that are authorized.
[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.4(155A) Pharmacy personnel standards.

552.4(1) *Pharmacy personnel.* Each pharmacy will employ personnel who:

a. Are licensed or registered pursuant to 481—Chapter 551.

b. Have documented training or education for the activities within their scope of practice.

552.4(2) *Identification.* When the pharmacy is open to the public, pharmacy personnel will wear visible identification to provide the individual's first name and title.

552.4(3) *Telepharmacy certified pharmacy technicians.* Prior to working in a telepharmacy under remote pharmacist supervision, a certified pharmacy technician will have:

a. Worked at least 1,000 hours in an Iowa-licensed pharmacy.

b. Completed at least 160 hours of training in a managing pharmacy, at another pharmacy using the same audiovisual technology system, or at the telepharmacy site under the direct supervision of an on-site pharmacist.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.5(155A) Standard of care. Each licensee and registrant will provide the accepted standard of care within the individual's scope of practice that would be provided in a similar setting by a reasonable and prudent licensee or registrant with similar education, training and experience.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.6(155A) Patient confidentiality. In the absence of express consent from the patient or an order or direction of a court, except where the best interests of the patient require, pharmacy personnel will not divulge or reveal to any person other than the patient or the patient's authorized representative, the prescriber or other licensed practitioner then caring for the patient, a licensed pharmacist, or a person duly authorized by law to receive such information any information contained in a patient's record relating to any prescription for, medical information about, or pharmacy service provided to the patient.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.7(155A) Pharmacist-interns. An internship will include no fewer than 1,500 hours of pharmacy practice experience that, at a minimum, includes community, institutional and clinical pharmacy practice settings that are licensed in the state in which they are located. A student who has been awarded a pharmacy degree from an ACPE-accredited college of pharmacy located in the United States is deemed to have satisfied this requirement.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.8(155A) Supervision of nonpharmacist personnel.

552.8(1) *Temporary absence of pharmacist.*

a. Pharmacist is not on site. Pharmacy policies and procedures may designate pharmacy personnel who may be present in the pharmacy department to perform delegated functions in accordance with subrule 552.3(3), with the exception of dispensing filled prescriptions, when the pharmacy is closed and, excluding institutional practice settings, when a pharmacist is not on site for a period of time not to exceed two hours.

b. Pharmacist is on site and absent from the pharmacy department. Pharmacy policies and procedures may designate pharmacy personnel who may be present in the pharmacy department to perform delegated functions.

552.8(2) *Remote supervision.* Pharmacist supervision of certified pharmacy technicians performing delegated functions at a location other than the licensed location will ensure that:

a. Patient information is secure and confidential.

b. The pharmacist has real-time access to the system used or record processed.

c. The technician has real-time access to the pharmacist.

552.8(3) *Telepharmacy.* Notwithstanding subrules 552.8(1) and 552.8(2), a pharmacist may provide remote supervision of pharmacy personnel in a licensed telepharmacy.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.9(155A) Delegation of functions.

552.9(1) *Technicians and pharmacy support persons.* A supervising pharmacist may delegate any nonclinical function to a pharmacy technician or pharmacy support person in accordance with the individual's registration, training, and education.

552.9(2) *Pharmacist-interns.* A preceptor or supervising pharmacist is responsible for the professional oversight of a pharmacist-intern and may delegate any task in accordance with the education and training of the pharmacist-intern.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.10(155A) Technician product verification. A pharmacy may establish a technician product verification program in accordance with this rule for the purpose of redirecting pharmacist time to clinical services.

552.10(1) *Policies and procedures.* A pharmacy will establish policies and procedures prior to initiation of a program that will include but not be limited to:

a. Utilization of barcode scanning and prohibition of technician overrides,

b. Training of checking technicians and pharmacists,

c. Authorization of checking technicians,

d. Exclusion of certain medications from the program, and

e. Documentation of each technician involved in filling or verifying prescriptions in the program.

552.10(2) *Quality assurance.* A pharmacy utilizing a technician product verification program will establish and utilize a quality assurance program to ensure ongoing compliance with its policies and procedures.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.11(155A) Unprofessional conduct. Acts or practices that constitute unprofessional conduct contrary to public interest include but are not limited to:

552.11(1) Unethical conduct that includes but is not limited to fraud, misrepresentation, negligence, concealment, negating the patient's freedom of choice for pharmacy services, or breaching the public trust with respect to the practice of pharmacy.

552.11(2) Discrimination against a patient or group of patients.

552.11(3) Unprofessional behavior that includes but is not limited to verbal abuse, coercion, intimidation, harassment, sexual advances, threats, degradation of character, indecent or obscene conduct, theft, or refusal to provide reasonable information or answer reasonable questions for the benefit of a patient.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.12(155A) Manner of issuance of prescriptions.

552.12(1) *Legitimate purpose.* Prescriptions will be valid when issued for a legitimate medical purpose by a prescriber acting in the usual course of the prescriber's professional practice to a patient within an established prescriber/patient relationship, except when issued in accordance with Iowa Code section 135.185, 135.190, 139A.41, 147A.18, or 280.16A.

552.12(2) *Security paper.* A prescription for a noncontrolled substance that is authenticated with an electronic signature and printed will be printed on security paper that ensures the prescription information is not obscured or rendered illegible during fax transmission or scanning into an electronic record system.

552.12(3) *Inaccessibility of prescriber.*

a. Once the prescriber/patient relationship is broken and the prescriber is no longer available to treat the patient or oversee the patient's use of the medication, a prescription loses its validity. Upon becoming aware of the situation, the pharmacist will cancel the prescription and any remaining refills but may exercise prudent judgment in individual circumstances to ensure sufficient patient access to continued treatment until the patient can reasonably obtain the service of another prescriber.

b. In the event that a pharmacist is unable to obtain a response from a prescriber after reasonable attempts, the pharmacist may refill a patient's prescription, excluding controlled substances, when, in the pharmacist's judgment, the patient may experience undue harm due to the lapse in therapy.

552.12(4) *Therapeutic substitution.*

a. The patient record will include the originally prescribed medication as well as the therapeutic substitution made by the pharmacist.

b. For noninstitutionalized patients, the pharmacist will obtain patient consent prior to substitution and notify the prescriber of the therapeutic substitution within three business days following dispensing.

c. For institutionalized patients, the pharmacist will follow institutional policies and procedures for therapeutic substitution and documentation.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.13(124,155A) Electronic transmission mandate—exemptions and petition.

552.13(1) *Exemptions.* In addition to the exemptions identified in Iowa Code sections 124.308 and 155A.27, the following prescriptions will be exempt from the electronic transmission requirement:

a. A prescription issued pursuant to Iowa Code section 280.16A.

b. A prescription issued in an emergency to meet the immediate care need of a patient when a prescriber is unable to access electronic prescribing capabilities. Such prescription will be limited to a quantity sufficient to meet the acute need of the patient with no authorized refills.

552.13(2) *Form.* An exemption from the electronic transmission mandate provided in Iowa Code sections 124.308 and 155A.27 may be requested on a form provided by the board.

552.13(3) *Criteria for board consideration.* Except for petitions citing the exceptional circumstances listed herein, which will be administratively reviewed for approval, each petition will be reviewed on a case-by-case basis.

a. A free or low-income clinic where health care is provided at no cost or at a reduced cost to the patient without reimbursement from a third-party payer that requests an exemption for noncontrolled substances only.

b. A licensed prescriber who issues no more than 50 noncontrolled substance prescriptions per year who requests an exemption for noncontrolled substances only.

c. The department of veterans affairs for prescriptions that are not filled at a veterans affairs pharmacy.

d. A prescriber at a student health center based at a college or university, for noncontrolled substances only.

e. A dentist seeking an exemption for prescriptions limited to toothpastes and mouthwashes.

f. A compounding pharmacy that dispenses no more than 50 prescriptions for commercially available prescription medications per year that requests an exemption for noncontrolled substances only.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.14(155A) Manner of issuance of medication orders.

552.14(1) *Required elements.* Each medication order for a hospital patient or for a noncontrolled substance for a care facility or correctional facility patient will include:

a. Patient name.

b. Drug name, strength, and dosage form.

c. Instructions for use.

d. Date of authorization.

e. Prescriber name and signature.

552.14(2) *Pharmacist verification.* Except as provided in facility policies, a pharmacist will review the entry of a new medication order completed by a nonpharmacist prior to the administration of the medication.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.15(155A) Prospective drug use review.

552.15(1) *Prior to dispensing.* Except for prescriptions issued in accordance with Iowa Code section 135.185, 135.190, 139A.41, 147A.18, or 280.16A, a pharmacist will perform a drug utilization review for each prescription dispensed.

552.15(2) *Prior to second administration from stock or emergency supply.* A pharmacist will perform a drug utilization review prior to the administration of a second dose of a new medication order when administered from a stock or emergency supply for an institutional patient.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.16(155A) Transfer of prescriptions. Transfers of prescriptions will be at the request of the patient or the patient's caregiver. Individuals authorized to transfer prescriptions include a pharmacist and, except for transfers of controlled substance prescriptions, a certified pharmacy technician and a pharmacist-intern.

552.16(1) *Limitations.* Transfers of controlled substance prescriptions are limited in accordance with 21 CFR Part 1306 as amended on August 28, 2023.

552.16(2) *Documentation.*

a. Controlled substances for initial filling. Documentation of transfers of electronic controlled substance prescriptions for initial filling will be in accordance with 21 CFR 1306.08 as amended on August 28, 2023.

b. Controlled substances for refilling. Documentation of transfers of controlled substance prescriptions for refilling will be in accordance with 21 CFR 1306.25 as amended on August 28, 2023.

c. Noncontrolled substances. Documentation of transfers of noncontrolled substance prescriptions will include the required elements identified in 21 CFR 1306.25 as amended on August 28, 2023, except for the date of original dispensing, location(s) of previous refill(s), and DEA registration numbers of the pharmacies party to the transfer.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.17(155A) Contract pharmacy services. A pharmacy may, via an executed agreement between the entities or through common ownership, utilize the services of another Iowa-licensed pharmacy for prescription processing, filling, or dispensing when:

552.17(1) The entities involved have real-time electronic access to the prescription in process that is secure from unauthorized access and maintains patient confidentiality.

552.17(2) Any prescription processing system utilized documents the identification of each individual involved in each step or function of prescription processing, filling or dispensing.

552.17(3) Patient counseling is provided by a pharmacist or pharmacist-intern in a professional setting that can maintain patient privacy.

552.17(4) The pharmacy that maintains the original prescription record maintains ultimate responsibility to ensure compliance with all laws and rules.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.18(155A) Telepharmacy.

552.18(1) *Managing pharmacy requirement.* Only an Iowa-licensed and Iowa-located pharmacy can serve as a managing pharmacy for a telepharmacy site located in Iowa.

552.18(2) *Agreement.* An agreement between a telepharmacy and a managing pharmacy will include:

a. The services to be provided by the managing pharmacy, including adequate on-site pharmacist presence to meet the needs of the pharmacy that is no less than 16 hours per month.

b. The conditions under which the telepharmacy may be operational.

552.18(3) *Requirements.* Notwithstanding other rules of the board, a telepharmacy site will:

a. Maintain a perpetual inventory system in accordance with 481—subrule 553.6(1) for all controlled substances at the telepharmacy site.

b. Maintain documentation of a monthly inspection at the telepharmacy site conducted by an on-site pharmacist in accordance with subrule 552.18(4).

552.18(4) *Monthly inspection.* The monthly inspection will include:

a. Audit and reconciliation of controlled substance perpetual and physical inventories.

b. Verification that the video recording system is functioning properly and that the recordings are available for at least 60 days beyond the recording date.

c. Compilation of data from the previous month to include the number of prescriptions filled, the number of on-site pharmacist hours, and the number of hours the telepharmacy site was open for business.

552.18(5) *Conversion to general pharmacy.* If the average number of prescriptions dispensed per day, calculated as the average number of prescriptions dispensed per day over the previous 90-day period, exceeds 150 prescriptions, the telepharmacy site will provide on-site pharmacist staffing 100 percent of the time the telepharmacy is open for business and will, within 30 days, submit an application for licensure as a general pharmacy.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.19(155A) Packaging. Medications will be packaged to ensure that:

552.19(1) The packaging is appropriate for the medication.

552.19(2) The packaging can be appropriately labeled in accordance with rule 481—552.21(155A).

552.19(3) An assigned beyond-use date is appropriate for the medication and packaging used.

552.19(4) Medications that were comingled with other medications or any medication for which storage conditions and product integrity cannot be verified, as described in pharmacy policies and procedures, will not be returned to pharmacy stock.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.20(155A) AMDS.

552.20(1) *Stocking AMDS.* Drug products will be loaded into an AMDS or component via barcode scanning by pharmacy personnel, except pharmacy support persons, as delegated by the supervising pharmacist.

552.20(2) *Pharmacist verification of AMDS-dispensed drugs.*

a. Prepackaged medications that were verified by a pharmacist prior to being stocked in the AMDS and that are not further manipulated will not require additional verification prior to dispensing to a patient.

b. Except as provided in paragraph 552.20(3)*"b,"* a pharmacist will document final verification of any medication manipulated by the AMDS (such as counting or packaging) prior to dispensing to a patient.

552.20(3) *Placement of AMDS.*

a. Except as provided in paragraph 552.20(3)*"b,"* an AMDS may only be placed outside a pharmacist's direct supervision when utilized in an approved telepharmacy or when the AMDS dispenses pharmacist-verified packages in compliance with paragraph 552.20(2)*"a."*

b. A pharmacy may place and maintain an AMDS in an Iowa-licensed institution for administration to institution patients pursuant to policies and procedures.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.21(155A) Labeling.

552.21(1) *Ambulatory prescription labeling.* The required labeling elements for a prescription dispensed for an ambulatory patient include:

a. Patient name, except as provided by the Iowa Code.

b. Prescriber name.

c. Pharmacy name, address, and telephone number.

d. Product name, strength, dosage form, and quantity.

e. Instructions for use.

f. Dispense date.

g. Unique serial number.

h. Manufacturer name or NDC.

552.21(2) *Institutional patient-specific prescription labeling.* The required labeling elements for a patient-specific supply of prescription medication dispensed for an institutional patient include:

a. On the immediate container:

(1) Patient name.

(2) Drug name, strength, and dosage form.

b. On outer packaging, if not present on the immediate container:

(1) Instructions for use.

(2) Pharmacy name, address, and telephone number unless the pharmacy is located within the institutional facility.

(3) Dispense date.

(4) Unique serial number.

(5) Beyond-use date.

552.21(3) *Non-patient-specific drug labeling.* The required labeling elements for a non-patient-specific supply of prescription medication include:

a. Drug name, strength, and dosage form.

b. Drug manufacturer or NDC.

c. Expiration or beyond-use date.

552.21(4) *Compounded patient-specific preparation labeling.* In addition to the required labeling identified in subrule 552.21(1) or 552.21(2), as applicable, a label for a compounded preparation will also include:

a. The name and concentration of each active ingredient.

b. The date that the preparation was compounded.

c. Special storage and handling instructions, if applicable.

d. Except in institutional settings, the statement "THIS IS A COMPOUNDED DRUG" or a similar statement identifying the product as a compounded preparation, including the term "STERILE" when applicable.

e. The batch identification or control number from which the preparation was dispensed, if applicable.

f. Beyond-use date.

552.21(5) *Compounded non-patient-specific preparation labeling—batch compounding or veterinary office supply.* The required labeling elements for a non-patient-specific supply of a compounded preparation include:

a. Preparation name, strength, dosage form, and quantity.

b. Name and concentration of each active ingredient.

c. Pharmacy name, address, and telephone number, except when batch compounding.

d. Preparation date.

e. Beyond-use date.

f. Storage and handling instructions.

g. Lot or batch identification or control number, if applicable.

h. The statement "THIS IS A COMPOUNDED DRUG" or a similar statement identifying the product as a compounded preparation, including the term "STERILE" when applicable, except for use within an institutional setting.

i. The statement "NOT FOR REDISTRIBUTION" or a similar statement to ensure that use of the compounded preparation is limited to direct patient administration or dispensing pursuant to a patient-specific prescription.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.22(155A) Compounding.

552.22(1) *USP standards—pharmacies.* Preparations compounded pursuant to 21 U.S.C. §353a (Food, Drug, and Cosmetic Act §503A) as amended November 27, 2013, will be prepared in accordance with the standards of USP General Chapter 795 (2023) for nonsterile compounds and USP General Chapter 797 (2023) for sterile compounds.

552.22(2) *Compounding copies of an approved drug.*

a. The compounding of a preparation that is essentially a copy of an FDA-approved drug is prohibited unless:

(1) The compounded preparation is changed to produce for an individual patient a clinically significant difference to meet a medical need as documented by the prescriber, or

(2) The FDA-approved product is identified as currently in shortage on the FDA drug shortages database.

b. The factors that indicate that a compounded preparation is essentially a copy of an approved drug include:

(1) The compounded preparation has the same active pharmaceutical ingredient(s) as the commercially available drug product;

(2) The active pharmaceutical ingredients have the same, a similar, or an easily substitutable dosage strength; and

(3) The commercially available drug product can be used by the same route of administration as prescribed for the compounded preparation.

c. A prescription issued for a compounded preparation that is essentially a copy of an approved drug will clearly document the relevant change and the significant clinical difference produced for the patient.

552.22(3) *Compounding for veterinary office use.* A pharmacy may compound preparations for distribution to a veterinarian for office use, which may include direct patient administration or dispensing pursuant to a patient-specific prescription.

552.22(4) *Reporting.* Annually, prior to April 1, each licensed pharmacy located in Iowa that dispensed compounded preparations for human use interstate in the previous calendar year will report compounding data to the NABP information-sharing network.

552.22(5) *Exemptions.* The combining of commercially manufactured, ready-to-use products is exempt from USP General Chapter 795 (2023) compounding standards under the following conditions:

a. No more than four commercially manufactured, ready-to-use products (that have not been manipulated) are used.

b. Compounding is not done in anticipation of medication orders.

c. Preparations are assigned beyond-use dates in accordance with USP General Chapter 795 (2023).

d. The use of commercially manufactured, ready-to-use flavoring agents does not exceed 5 percent of the total volume of the drug to which the flavoring agents are added.

e. The prescription label will comply with USP General Chapter 795 (2023) and subrule 552.21(4).

552.22(6) *Records.* A record for each compounded preparation will be prepared and maintained and will include:

a. All ingredients used in the preparation, including manufacturer or NDC, lot number, and expiration date.

b. The compounding steps involved in the preparation.

c. All personnel involved in compounding and reviewing the preparation.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.23(155A) Patient counseling.

552.23(1) *Counseling required.* Except for institutionalized patients, prior to dispensing a prescription that is a new or changed therapy, a pharmacist or pharmacist-intern will counsel the patient or the patient's caregiver on matters that, in the pharmacist's professional judgment, will enhance or optimize drug therapy. An offer to counsel will not satisfy this requirement.

552.23(2) *Counseling area.* Each pharmacy located in Iowa will maintain an area for patient counseling that is accessible to patients and the pharmacist, prevents patient access to prescription drugs, and ensures the confidentiality and privacy of the pharmacist/patient communication.

552.23(3) *Alternative methods.* If, in the pharmacist's professional judgment or following reasonable attempts, oral counseling is not practicable, the pharmacist may utilize an alternative method for providing prescription educational materials to the patient or the patient's caregiver, including a toll-free mechanism for the patient to contact the pharmacist. "Not practicable" does not include issues relating to pharmacy staffing, prescription volume, or manner of dispensing (by mail or courier).

552.23(4) *Refusal of counseling.* A patient's refusal for counseling will be documented by the pharmacist.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.24(155A) Provision of emergency kits. A pharmacy may provide one or more emergency kits to facilities licensed and authorized to administer medications to patients pursuant to established policies and procedures, ensuring that the drugs are stored in a location that is secure from unauthorized access and maintains product integrity. Each emergency kit will be labeled with the name, strength, and quantity of drugs contained in the kit. A pharmacy will maintain documentation of the contents of each kit provided to an authorized facility as well as the expiration dates of all drugs contained in each kit.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.25(155A) Continuous quality improvement program. Each pharmacy will utilize a continuous quality improvement or similar program to timely detect, identify, evaluate and prevent medication errors.

552.25(1) *Reportable program events.* Medication errors resulting in the incorrect dispensing of a prescribed drug received by or administered to a patient that require documentation include but are not limited to:

a. An incorrect drug strength or dosage form.

b. A drug received by the wrong patient.

c. Inadequate or incorrect packaging, labeling or directions.

d. Any error that results in or has the potential to result in serious patient harm.

552.25(2) *Documentation.* Events will be documented, with the program record to be initiated within three days following the discovery of the event, and the documentation will include:

a. A description of the event.

b. The dates of the event and its discovery.

c. The names of individuals involved in the event, the discovery, and the event review.

d. The root cause of and contributing factors to the event.

e. Remediation to prevent similar future events.

f. Review of events with all pharmacy personnel.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.26(155A) Statewide protocols. To the extent authorized in Iowa Code section 155A.46, a pharmacist may, pursuant to statewide protocols developed by the board in consultation with the department of health and human services and available on the board's website at dial.iowa.gov, order and dispense medications pursuant to the requirements identified in the statewide protocols. For the purpose of this rule, an order constitutes a prescription.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.27(155A) Collaborative pharmacy practice.

552.27(1) *Agreement.* A pharmacist or pharmacy may engage in collaborative pharmacy practice under a collaborative pharmacy practice agreement with one or more practitioners who are authorized to independently prescribe, or as established by a health system pharmacy and therapeutics committee, to provide patient care and drug therapy management services to one or more patients.

552.27(2) *Standards.*

a. A collaborative pharmacy practice agreement will be reviewed and updated as necessary by all parties every two years and will include:

(1) The identification of the parties to the agreement, including the name(s) or category of the pharmacist(s), including registered pharmacist-intern(s) under the supervision of a pharmacist, who are authorized to perform delegated activities under the agreement and the name(s) or category of the practitioner(s) who are delegating activities under the agreement;

(2) The establishment of the delegating practitioner's scope of practice authorized in the agreement and a description of the permitted activities and decisions to be performed by the pharmacist(s);

(3) The protocol, formulary, or clinical guidelines that describe or limit the pharmacist's authority to perform the patient care or drug therapy management services and, as applicable, the drug name, class or category provided under drug therapy management;

(4) A description of the process to monitor compliance with the agreement and clinical outcomes of patients;

(5) The effective date;

(6) A provision addressing termination of the agreement; and

(7) The signatures of the parties to the agreement and dates of signing unless established by a health system pharmacy and therapeutics committee.

b. Any agreement will be maintained by the pharmacist(s) or pharmacy and be available upon request or inspection.

c. Prior to engaging in activities provided by the agreement, each pharmacist will document attestation that the pharmacist has read and understands the agreement.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.28(155A) Pharmacy pilot or demonstration research projects. In accordance with Iowa Code section 155A.47, a pharmacy may submit a pilot or demonstration research project ("pilot project") to the board for approval.

552.28(1) *Petition.* A petition for a pilot project, including for renewal of a previously approved project, will include:

a. The name, email address, and pharmacist license number of each pharmacist responsible for overseeing the project.

b. The name, address, and telephone number of each specific location, including the pharmacy license number if the location is a pharmacy where the project will be conducted.

c. A detailed summary of the pilot project that includes:

(1) The goals, hypothesis, and objective(s) of the pilot project.

(2) An explanation of the project, including background information or a literature review to support the project, and how it will be conducted.

(3) The time frame for the project, including the start date and study length.

(4) The rule(s) to be waived for the project and a petition for waiver of the rule(s).

(5) Procedures to be used during the project to ensure that public health and safety are not compromised.

552.28(2) *Board decision.* Upon review of a petition for a pilot project, the board may approve or deny a petition. Project approval:

a. Will be specific for the project requested.

b. Will identify a time period for the project.

c. May include conditions to be satisfied.

552.28(3) *Final project report.* A final project report will include a written summary of the result(s) of the project and the conclusion(s) drawn from the result(s), which will be submitted to the board within three months of the conclusion or termination of the project.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.29(155A) Nuclear pharmacy.

552.29(1) *Personnel and training.*

a. An authorized nuclear pharmacist will meet all applicable requirements of the United States Nuclear Regulatory Commission pursuant to 10 CFR (2023).

b. Notwithstanding rule 481—552.9(155A), pharmacy personnel registered as a pharmacy support person trained in nuclear pharmacy operations may engage in technical functions as delegated by an authorized nuclear pharmacist.

552.29(2) *Supervision.* An authorized nuclear pharmacist is responsible for all operations of the pharmacy and, except in emergency situations, will be on site during the pharmacy's hours of operation.

552.29(3) *Preparation standards.* Radiopharmaceuticals will be prepared in accordance with the standards identified in USP General Chapter 825 (2020). Compounded radiopharmaceuticals will be prepared in accordance with the standards identified in USP Chapter 795 (2023) for nonsterile preparations or USP Chapter 797 (2023) for sterile preparations, as applicable.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—552.30(155A) Records.

552.30(1) *Types of records.* Each pharmacy will maintain the following records, if applicable to the pharmacy's operation:

a. Patient records, including demographic information, prescription or medication order information and all information needed to conduct drug utilization review pursuant to rule 481—552.15(155A).

b. Prescriber records, including demographic and prescription information.

c. Prescription or medication order records, including the unique identification number assigned, information about each fill including product NDC, and identification of the individuals(s) responsible for prescription preparation and product verification.

d. Prescription drug inventory records, including transaction records for the receipt and distribution of prescription drugs.

e. Documentation of the current license or registration of each pharmacy staff member working in the pharmacy.

f. Documentation of the initials or unique credentials used in pharmacy records and systems for each pharmacy employee.

g. Documentation of temporary pharmacy staffing, including the individual's name, license or registration number, and unique credentials used in pharmacy records and systems; the date worked; and the shift worked.

h. Documentation of pharmacy personnel training for delegated functions within the individual's scope of practice.

552.30(2) *Retention of records.*

a. Security. Records will be maintained in a secure fashion, ensuring that the records protect patient confidentiality and prevent unauthorized access.

b. Duration. All records will be retained for at least two years from the date of the last activity on the record.

c. Method. When not prohibited by federal law or regulation, records may be maintained as follows:

(1) At an alternate site in compliance with paragraph 552.30(2)*"a"* if a legible electronic copy is immediately available for inspection and copying by the board or its authorized agent.

(2) Via legible electronic copy if immediately available for inspection and copying by the board or its authorized agent.

552.30(3) *Provision of records.* Records will be provided to the board or its authorized agent within three business days of a request.

[**ARC 9338C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

These rules are intended to implement Iowa Code sections 124.302 and 147.76 and chapter 155A.

[Filed ARC 9338C (Notice ARC 8417C, IAB 11/27/24; Amended Notice ARC 8978C, IAB 3/5/25), IAB 6/11/25, effective 7/16/25][1]

[1] July 16, 2025, effective date of Chapter 552 **[ARC 9338C]** delayed 70 days by the Administrative Rules Review Committee at its meeting held July 14, 2025; delay lifted at the meeting held August 11, 2025.

CHAPTER 553
CONTROLLED AND PRECURSOR SUBSTANCES

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/11/30

481—553.1(124,124B) Definitions. The definitions found in 481—Chapter 550 are incorporated by reference into these rules.

[**ARC 9339C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—553.2(124,124B) General requirements.

553.2(1) *Federal regulations.* Registrants will comply with applicable federal laws and regulations relating to controlled substances, scheduled listed chemical products, and listed chemicals. 21 CFR Chapter 2 as amended on September 19, 2023, is incorporated herein by reference.

553.2(2) *Records.*

a. Retention. All records relating to controlled and precursor substances will be maintained at the registered or permitted location for at least two years from the last date of the record or entry to the record.

b. Accessibility. Electronic records will be capable of producing a hard-copy printout of transactions or entries for any specific date or range of dates requested. All records will be available for inspection and copying by the board or its authorized agent.

c. Storage. Original records more than 12 months old may be maintained in a secure remote storage area unless such remote storage is prohibited by federal law or regulation. Records maintained in remote storage locations will be retrievable within three business days of a request by the board or its authorized agent.

d. Receipt. In addition to the elements found in 21 CFR §1304.21 and 21 CFR §1304.22, each record of the receipt of controlled substances, including the receipt of complementary packages, will include the signature of the individual responsible for receiving the substances.

e. Dispensing. In addition to the elements found in Iowa Code section 124.306 and 21 CFR §1304.22, each registrant will maintain a record of controlled substances dispensed to a patient or research subject that includes:

(1) The name and NDC number, strength, dosage form, and quantity of the substance dispensed.

(2) The name of the prescriber, unless dispensed by the prescriber.

(3) The unique identification of each technician, pharmacist, pharmacist-intern, prescriber, or prescriber's agent involved in dispensing.

(4) The serial number or unique identification number of the prescription.

553.2(3) *Inspections.* Pursuant to Iowa Code section 124.302(5), the board may inspect the premises of a registrant, and the inspection may:

a. Be conducted at any time during the registrant's normal operating hours without advance notification to the registrant.

b. Include the review of any record relating to the registered activity.

[**ARC 9339C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—553.3(124,124B) Security. All registrants and permittees will provide effective controls and procedures to guard against theft and diversion of controlled and precursor substances and records. Physical security controls will be commensurate with the schedules and quantities of such substances in the possession of the registrant or permittee in normal business operation and in accordance with 21 CFR Part 1301. The registrant or permittee maintains ultimate responsibility for the accountability of the controlled and precursor substances and records maintained under the registration or permit.

[**ARC 9339C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—553.4(124) Policies and procedures. Each registrant will have policies and procedures that identify, at a minimum:

553.4(1) Adequate storage to ensure security and proper storage conditions in accordance with product package labeling.

553.4(2) Access to controlled substances and records by employees of the registrant.

553.4(3) Proper disposition of controlled substances.

553.4(4) To the extent possible, the separation of duties related to the purchasing, receiving, stocking, dispensing, and reconciling of controlled substance inventory.

553.4(5) The reconciliation of controlled substances in Schedule II pursuant to subrule 553.6(3).

553.4(6) The accountability measures for controlled substances in Schedules III through V pursuant to subrule 553.6(2).

553.4(7) A controlled substance accountability program to document the review of controlled substance inventory adjustments, to review patterns of controlled substance loss, and to create an action plan following a report of theft or loss pursuant to subrule 553.7(3).

[**ARC 9339C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—553.5(124) Physical count and record of inventory. In addition to the inventory requirements found in 21 CFR §1301.52 and 21 CFR §1304.11, each registrant will document a physical count of all on-hand stocks of controlled substances in accordance with 21 CFR §1304.11, except as provided herein.

553.5(1) *Exact quantities.* Each inventory will include the exact count or measure of all controlled substances and may not be an estimated count or measure, except for liquid products packaged in nonincremented containers, which may be estimated to the nearest one-fourth container.

553.5(2) *Annual inventory.* After the initial inventory is taken, a registrant will take a new inventory of all stocks of controlled substances on hand at least annually. The inventory may be taken on any date that is within one year and one week after the date of the previous annual inventory.

553.5(3) *Change of registered location.* An inventory will be taken following the close of business on the last day at the location being vacated that will serve as the ending inventory of the location being vacated as well as the beginning inventory at the new location.

[**ARC 9339C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—553.6(124) Controlled substance accountability. Registrants located in Iowa will ensure accountability of all controlled substances under their control in accordance with this rule.

553.6(1) *Perpetual inventory.* Each registrant will maintain a perpetual inventory that accurately reflects the on-hand inventory of all Schedule II substances at all times. A perpetual inventory may be maintained to accurately reflect the on-hand inventory of all Schedules III through V substances in addition to or in lieu of the measures identified in subrule 553.6(2). The perpetual inventory record will include the following elements, including by supplement or reference, at a minimum, for each substance:

a. Drug name and NDC number.

b. Each receipt and disbursement.

c. Current balance.

d. Incident reports pursuant to subrule 553.6(5).

e. Reconciliation reports pursuant to subrule 553.6(3).

553.6(2) *Accountability measures to ensure accountability of Schedule III through V substances.* In lieu of or in addition to a perpetual inventory pursuant to subrule 553.6(1), registrants will utilize one or more of the measures herein to ensure accountability of all Schedules III through V substances under their control.

a. Documented audit and reconciliation of all substances every six months pursuant to paragraph 553.6(3)*"b."*

b. Routine documented cycle counts, so long as all substances are counted every 90 days and reconciled pursuant to paragraph 553.6(3)*"b."*

c. Other measures preapproved by the board.

553.6(3) *Reconciliation.*

a. Perpetual inventory. Individuals responsible for a disbursement will verify that the physical inventory matches the perpetual inventory following each transaction. At least annually, the registrant will verify that the physical inventory matches the perpetual inventory for any substance that was not disbursed in the year. Reconciliation will be documented in the perpetual inventory record to include, at a minimum, the date, the initials or unique identification of the individual, and any discrepancies identified.

b. Schedules III through V reconciliation. In accordance with paragraph 553.6(2)*"a"* or *"b,"* the registrant will verify that the physical inventory matches the expected inventory and will document the reconciliation to include the date, the initials or unique identification of the individual, and any discrepancies identified.

553.6(4) *Discrepancies.* Any discrepancy discovered will be investigated and reported to the registrant or responsible individual immediately but no later than one business day following the discovery. The registrant will determine the need for further investigation, and significant losses will be reported to the board pursuant to rule 481—553.7(124) and to the DEA pursuant to 21 CFR Part 1301.

553.6(5) *Incident reports.* In any instance where a controlled substance inventory record is changed, the individual making the change will complete an incident report to document the change. An electronic record system that documents and maintains the required elements is deemed compliant with this subrule. The report will include, at a minimum:

a. The specific information that was changed, including the information before and after the change.

b. The identity of the individual making the change.

c. The date of the change.

d. A detailed explanation for the change.

[**ARC 9339C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—553.7(124) Report of theft or significant loss—controlled substances. In addition to the notification requirements found in 21 CFR §1301.74 and 21 CFR §1301.76, registrants will submit notice and reports of theft or significant loss as determined by the factors provided in 21 CFR §1301.76(b) amended June 22, 2023, of controlled substances as provided herein.

553.7(1) *Immediate notice to board.* Upon determination of theft or significant loss, a registrant will provide immediate notice to the board. The notice will include the identification of the licensee or registrant who is responsible, or believed to be responsible, for the theft or significant loss, if applicable.

553.7(2) *DEA Form 106 Report of theft or loss.* A copy of the DEA Form 106 or alternate required form will be submitted to the board via facsimile, email attachment, or personal or commercial delivery within 45 calendar days of the determination of the theft or significant loss. A copy of the report will be maintained in the registrant's files in accordance with subrule 553.2(2).

553.7(3) *Action plan following loss.* Within seven days following the report of theft or significant loss, a registrant will develop and initiate implementation of an action plan to address the conditions that contributed to the theft or significant loss. The action plan will include any directives provided by a board compliance officer, including but not limited to inventory counts, audits, and perpetual inventory counts.

[**ARC 9339C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—553.8(124,124B) Disposal of registrant stock.

553.8(1) *Destruction.* Registrants will maintain documentation of disposal of controlled substances pursuant to 21 CFR §1317.05 and 21 CFR §1317.95.

553.8(2) *Administration waste.* Registrants will document disposal of controlled substance administration waste pursuant to 21 CFR §1304.22.

[**ARC 9339C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—553.9(124) Prescription requirements—valid prescriber-patient relationship. In addition to the elements identified in Iowa Code sections 124.308 and 155A.27 and 21 CFR Parts 1306 and 1311, a prescription is based upon a valid prescriber-patient relationship. Once the prescriber-patient relationship is broken and the prescriber is no longer available to treat the patient or oversee the patient's use of the controlled substance, a prescription loses its validity. Upon becoming aware of the situation, the pharmacist will cancel the prescription and any remaining refills but may exercise prudent judgment in individual circumstances to ensure sufficient patient access to continued treatment until the patient can reasonably obtain the service of another prescriber.

[**ARC 9339C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—553.10(124) Schedule II prescription changes.

553.10(1) *Changes prohibited.* The following elements may not be added or changed on a Schedule II controlled substance prescription:

a. The patient's name.

b. The substance prescribed, except for generic substitution.

c. The prescriber's name or signature.

553.10(2) *Changes authorized.* Except as prohibited in subrule 553.10(1), elements on a Schedule II controlled substance prescription may be added or amended upon consultation with the prescriber.

[**ARC 9339C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—553.11(124) Dispensing scheduled listed chemical products without a prescription. Pursuant to 21 U.S.C. §830 as amended on October 17, 2000, 21 CFR Part 1314, and Iowa Code section 124.212A, registrants will record the retail sales of scheduled listed chemical products. If the real-time electronic pseudoephedrine tracking system (PTS) is unavailable for use, the purchase will be recorded in an alternate format and submitted to the PTS in accordance with subrule 553.11(3).

553.11(1) *Age restriction.* Sales of scheduled listed chemical products are limited to persons aged 18 and older.

553.11(2) *Reporting elements.* In addition to the identified elements in 21 U.S.C. §830, 21 CFR Part 1314, and Iowa Code section 124.212A, the following information will be recorded:

a. The purchaser's current government-issued photo identification number.

b. The total milligrams of the scheduled listed chemical contained in the product.

c. The name or unique identification of the individual who approved the sale.

d. If applicable, the reason that a PTS recommendation to deny the transaction was overridden.

553.11(3) *Alternate record format.* If needed, an alternate record will be maintained using one of the following options:

a. A hard-copy record.

b. A record in the pharmacy's electronic prescription dispensing system that is capable of producing a hard-copy printout of the record.

c. A record in an electronic data collection system that captures each of the required data elements and that is capable of producing a hard-copy printout of the record.

553.11(4) *Delayed submission to the PTS.* Sales of scheduled listed chemical products that are documented in an alternate record due to the inaccessibility of the PTS will be submitted to the PTS within 72 hours of the PTS being accessible, and such record will identify that it is a delayed entry.

[**ARC 9339C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—553.12(124) PTS access. Information collected in the PTS is confidential unless otherwise ordered by a court or released by the governor's office of drug control policy (office) pursuant to state or federal law. Information may not be released except as provided herein.

553.12(1) *PTS administrators.* PTS administrator access to PTS database information will be pursuant only to reasonable suspicion or an ongoing investigation and only directly from the PTS database. PTS administrators may share PTS database information with law enforcement for purposes of investigation.

553.12(2) *Law enforcement.* Law enforcement officer access to PTS database information will be pursuant to the officer's official duties, which will be provided as part of a request for information from the PTS. Prior to requesting information from the PTS, a law enforcement officer will register with the PTS, which will require verification of the officer's identity and approval by the office or the officer's agency administrator.

553.12(3) *Statistical data.* The PTS administrator, following establishment of confidentiality, may provide summary, statistical or aggregate data to public or private entities for statistical, research or educational purposes. Prior to release of any such data, the administrator will remove any personally identifiable information.

553.12(4) *Patients.* A patient may request and receive information regarding products reported to have been purchased by the patient. A request for a patient's purchases and attempted purchases will be

submitted to the office located at Oran Pape State Office Building, 215 East Seventh Street, Fifth Floor, Des Moines, Iowa 50319, and will include:

a. Patient name, including any aliases used by the patient; date of birth; gender; current address; and daytime phone number.

b. Any address where the patient resided during the requested time period.

c. Current government-issued photo identification, which the PTS administrator will copy and maintain in the PTS records. If the request is submitted other than in person, a copy of the patient's photo identification will be certified by a notary.

d. Patient signature. If the request is submitted other than in person, the patient's signature will be notarized.

553.12(5) *Regulatory agencies.* A regulatory agency may access PTS database information only pursuant to an order, subpoena, or other means of legal compulsion and following submission of a request on a form provided by the office.

553.12(6) *Pharmacy administrators.* A pharmacy or its authorized employees may only access PTS database information relating to the pharmacy's sales, which may be provided to the board upon request of the board or its authorized agent.

553.12(7) *Court orders and subpoenas.* The PTS administrator will provide database information in response to a court order or subpoena issued by a county attorney or a court upon a determination of probable cause.

[**ARC 9339C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—553.13(124,124B) Temporary designation of controlled and precursor substances.

553.13(1) For cannabis-derived products, the board will modify the schedule of controlled substances in accordance with Iowa Code section 124.201A.

553.13(2) Amend Iowa Code section 124.204(2) by adding the following new paragraphs:

cq. 2-methyl-N-(1-phenethylpiperidin-4-yl)-N-phenylbutanamide. Other name: alpha'-Methyl butyryl fentanyl.

cr. N-(1-(2,5-dimethoxyphenethyl)piperidin-4-yl)-N-phenylpropionamide. Other name: 2',5'-Dimethoxyfentanyl.

cs. N-(1-phenethylpiperidin-4-yl)-N-phenylfuran-3-carboxamide. Other name: 3-Furanyl fentanyl.

ct. 3-methyl-N-(1-phenethylpiperidin-4-yl)-N-phenylbutanamide. Other name: Isovaleryl fentanyl.

cu. N-(3-fluorophenyl)-N-(1-phenethylpiperidin-4-yl)propionamide. Other name: meta-Fluorofentanyl.

cv. N-(3-fluorophenyl)-N-(1-phenethylpiperidin-4-yl)isobutyramide. Other name: meta-Fluoroisobutyryl fentanyl.

cw. N-(2-fluorophenyl)-N-(1-phenethylpiperidin-4-yl)furan-2-carboxamide. Other name: ortho-Fluorofuranyl fentanyl.

cx. N-(4-methoxyphenyl)-N-(1-phenethylpiperidin-4-yl)furan-2-carboxamide. Other name: para-Methoxyfuranyl fentanyl.

cy. N-(4-methylphenyl)-N-(1-phenethylpiperidin-4-yl)cyclopropanecarboxamide. Other name: para-Methylcyclopropyl fentanyl.

cz. 1-(2-methyl-4-(3-phenylprop-2-en-1-yl)piperazin-1-yl)butan-1-one. Other name: 2-Methyl AP-237.

553.13(3) Amend Iowa Code section 124.204(4) by adding the following new paragraphs:

cn. N-(1-amino-3,3-dimethyl-1-oxobutan-2-yl)-1-butyl-1H-indazole-3-carboxamide. Other name: ADB—BUTINACA.

co. 4-methyl-1-phenyl-2-(pyrrolidin-1-yl)pentan-1-one. Other name: alpha-PiHP.

cp. 2-(methylamino)-1-(3-methylphenyl)propan-1-one. Other names: 3—MMC; 3-methylmethcathinone.

553.13(4) Amend Iowa Code section 124.204(9) by adding the following new paragraphs:

o. Methyl 3,3-dimethyl-2-(1-(pent-4-en-1-yl)-1H-indazole-3-carboxamido)butanoate. Other name: MDMB—4en—PINACA.

p. Methyl 2-[[1-(4-fluorobutyl)indole-3-carbonyl]amino]-3,3-dimethyl-butanoate. Other names: 4F—MDMB—BUTICA; 4F—MDMB—BICA.

q. N-(1-amino-3,3-dimethyl-1-oxobutan-2-yl)-1-(pent-4-en-1-yl)-1H-indazole-3-carboxamide. Other name: ADB—4en—PINACA.

r. 5-Pentyl-2-(2-phenylpropan-2-yl)pyrido[4,3-b]indol-1-one. Other names: CUMYL—PEGACLONE; SGT—151.

s. Ethyl 2-[[1-(5-fluoropentyl)indole-3-carbonyl]amino]-3,3-dimethyl-butanoate. Other names: 5F—EDMB—PICA; 5F—EDMB—2201.

t. Methyl 2-(1-(4-fluorobenzyl)-1H-indole-3-carboxamido)-3-methyl butanoate. Other name: MMB—FUBICA.

u. N-ethyl-2-(2-(4-isopropoxybenzyl)-5-nitro-1H-benzimidazol-1-yl)ethan-1-amine, its isomers, esters, ethers, salts, and salts of isomers, esters and ethers. Other name: N-desethyl isotonitazene.

v. 2-(4-ethoxybenzyl)-5-nitro-1-(2-piperidin-1-yl)-1H-benzimidazole, its isomers, esters, ethers, salts, and salts of isomers, esters and ethers. Other names: N-piperidinyl etonitazene; etonitazepipne.

553.13(5) Amend Iowa Code section 124.210(3) by adding the following new paragraph:

bh. Zuranolone.

[**ARC 9339C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—553.14(124) Excluded and exempt substances.

553.14(1) *Excluded nonnarcotic products.* The board hereby excludes from all schedules the current list of excluded nonnarcotic products identified in 21 CFR §1308.22.

553.14(2) *Exempt substances.* With the exception of listed butalbital products, the board hereby excludes from all schedules the current list of exempted prescription products identified in 21 CFR §1308.32.

[**ARC 9339C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—553.15(124B) Precursor substances—reports. Reports relating to the delivery, receipt, or theft or loss of precursor substances will be in accordance with the requirements identified in Iowa Code chapter 124B and this rule.

553.15(1) *Receipt from out-of-state source.* A report of the receipt of a precursor substance from a source outside the state will be submitted no more than 14 days following such receipt.

553.15(2) *Report elements—receipts and deliveries.* In addition to the elements identified in Iowa Code section 124B.7(1), a report will include the signature of the person or the signature of an officer, authorized agent, or authorized employee of the business receiving or selling, transferring, or furnishing the substance.

553.15(3) *Report elements—theft or loss.* In addition to the elements identified in Iowa Code section 124B.7(1), a report will include the following relating to the missing quantity:

a. The permit number of the reporting person or business.

b. The signature of the reporting person or an officer, authorized agent, or authorized employee of the reporting business.

c. The name and address of the person who transported the substance and the date of the shipment, if applicable.

553.15(4) *Alternative reporting options.* Pursuant to Iowa Code section 124B.7(2), the board may consider requests from permittees to submit reports monthly or via electronic or computer-generated submission.

a. A request to submit transaction reports on a monthly basis or via electronic or computer-generated means will be submitted to the board at least 21 days prior to the board meeting at which the request will be considered.

b. The board will notify the permittee of its decision and identify the reporting format that is authorized. The permittee will be responsible for the accuracy of all reports and the prompt correction of any data entry or transmission errors.

c. Authorization to report monthly or via electronic or computer-generated means is at the board's discretion and may be rescinded with 30 days' advance notice.

553.15(5) *Exemptions.* Reports are not required for the distribution of exempt chemical mixtures or for transactions deemed excluded by 21 CFR Part 1310 as amended on October 31, 2023.

[**ARC 9339C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—553.16(124B) Precursor substances—identification of purchaser or other recipient.

553.16(1) *Face-to-face transactions.* In addition to the elements identified in Iowa Code section 124B.3(2)*"c,"* a letter of authorization will include:

a. The name of the purchaser's representative authorized to receive the substance.

b. The signature of the purchaser's representative, completed in the presence of the permittee.

553.16(2) *Non-face-to-face transactions.* Prior to furnishing any precursor substance via a transaction that is not face-to-face, the permittee will require a letter of authorization that includes all of the following:

a. The entity name, address, telephone number, and license number.

b. A description that identifies how the substance will be used.

c. The signature of an officer, authorized agent, or authorized employee of the entity.

d. The typed or printed name and title of the signatory.

[**ARC 9339C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

These rules are intended to implement Iowa Code section 124.301 and chapter 124B.

[Filed ARC 9339C (Notice ARC 8428C, IAB 11/27/24), IAB 6/11/25, effective 7/16/25][1]

[1] July 16, 2025, effective date of Chapter 553 **[ARC 9339C]** delayed 70 days by the Administrative Rules Review Committee at its meeting held July 14, 2025; delay lifted at the meeting held August 11, 2025.

CHAPTER 554
OPERATIONAL STANDARDS—DISTRIBUTION AND DRUG SUPPLY CHAIN

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/11/30

481—554.1(124,124B) Definitions. The definitions found in 481—Chapter 550 are incorporated by reference into these rules.
[**ARC 9340C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—554.2(155A) Compliance with federal laws and regulations.

554.2(1) *Distribution of finished drug products.* Licensees will comply with applicable federal laws and regulations relating to the distribution of products as defined in 21 U.S.C. §360eee. 21 U.S.C. Chapter 9, Subchapter V, Part H, as enacted November 27, 2013, is incorporated herein by reference.

554.2(2) *Distribution of compounded preparations.* Licensees will comply with applicable federal laws and regulations relating to the distribution of compounded preparations as found in 21 U.S.C. §353b (Food, Drug, and Cosmetic Act §503B), as enacted November 27, 2013.
[**ARC 9340C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—554.3(155A) Policies and procedures. Licensees will establish, maintain, and adhere to written policies and procedures that address, at a minimum:

554.3(1) Receipt, security, storage, inventory, and distribution of prescription drugs and devices, including for drugs and devices supplied to a salesperson or representative or dispensed pursuant to patient-specific prescriptions.

554.3(2) Identification, record, and report of a theft or loss of prescription drugs and devices.

554.3(3) Correction of all errors and inaccuracies in inventories.

554.3(4) Recalls and market withdrawals, except for returns processors.

554.3(5) Emergency and disaster plan.

554.3(6) Outdated, adulterated, or suspect drugs and devices.

554.3(7) Personnel education and experience requirements.

554.3(8) Storage and security of records.

554.3(9) Drug and device diversion prevention and detection.

554.3(10) Routine environmental monitoring of drug storage areas, except for returns processors.

554.3(11) Source verification.
[**ARC 9340C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—554.4(155A) Records.

554.4(1) *Retention.* All records relating to distribution will be maintained at the licensed location for at least two years from the date of the record or entry to the record.

554.4(2) *Accessibility.* Electronic records will be capable of producing a hard-copy printout of transactions or entries for any specific date or range of dates requested. All records will be available for inspection and copying by the board or its authorized agent.

554.4(3) *Storage.* Original records more than 12 months old may be maintained in a secure remote storage area unless such remote storage is prohibited by federal law or regulation. Records maintained in remote storage locations will be retrievable within three business days of a request by the board or its authorized agent.
[**ARC 9340C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—554.5(155A) Facilities. Facilities involved in the distribution of prescription drugs will:

554.5(1) Be of suitable size and construction to facilitate cleaning, maintenance, and proper operations.

554.5(2) Have adequate lighting, ventilation, temperature, sanitation, humidity, space, equipment, and security conditions.

554.5(3) Except for returns processors, have a quarantine area for storage of outdated, damaged, unsafe, deteriorated, misbranded, or adulterated prescription drugs; for drugs that are in immediate or

sealed outer or sealed secondary containers that have been opened; for drugs that have been identified as being defective or are believed to be defective; and for drugs that do not meet the FDA-approved criteria for the product.

554.5(4) Be secure from unauthorized entry, facilitated by an alarm and security system, including video surveillance.

[**ARC 9340C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—554.6(155A) Standards for outsourcing facilities.

554.6(1) *Preparation standards.* Compounded preparations will be prepared in accordance with the standards of CGMP in accordance with 21 CFR Part 210 as amended on December 10, 2009, and Part 211 as amended on November 18, 2016.

554.6(2) *Labeling standards.* Labels for compounded preparations will include:

a. The statement "This is a compounded drug" or a reasonable comparable alternative statement that prominently identifies the drug as a compounded preparation.

b. The statement "Not for distribution or resale."

c. The name, address, and telephone number of the outsourcing facility that compounded the preparation.

d. The established name, strength, dosage form, and quantity of the preparation.

e. The date the preparation was compounded.

f. The beyond-use date of the preparation.

g. Storage and handling instructions.

h. The lot or batch identification or control number.

i. The national drug code number, if applicable.

j. The following additional information, which can be included on the labeling of a container from which individual units of the preparation are removed for administration or dispensing:

(1) Directions for use, including, as appropriate, dosage and administration;

(2) A list of the active and inactive ingredients, identified by established name and quantity or proportion of each ingredient;

(3) FDA contact information (www.fda.gov/medwatch and 1.800.FDA.1088 or successor website or telephone number) to facilitate adverse event reporting; and

(4) The name of the practitioner or pharmacy to which the preparation is distributed.

[**ARC 9340C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—554.7(155A) Standards for limited distributors.

554.7(1) *Examination of materials.* Limited distributors will ensure, upon receipt and prior to distribution, that a drug or device is suitable for distribution.

554.7(2) *Verification.* Orders will be verified, prior to distribution, to ensure that the drug or device being distributed matches the order.

554.7(3) *Instructions for use.* When a drug or device is distributed pursuant to a prescription order, the patient or patient's caregiver will be provided adequate instructions for use.

554.7(4) *Transaction records.* Each party to a transaction for the transfer of prescription drugs or devices will maintain documentation that includes the:

a. Source of the drugs or devices, including the name and address of the seller and the address of the location from which the drugs or devices were distributed.

b. Identity and quantity of the drugs or devices distributed. Medical gas prescriptions are valid for no more than 13 months.

c. Date of distribution.

d. Identity of the purchaser, including the name and address of the purchaser and the address of the location to which the drugs or devices were distributed.

554.7(5) *Prescription order records.* Each prescription for which a prescription drug or device is distributed will be maintained in the original format received.

554.7(6) *Patient confidentiality.* Any patient information in the possession of a limited distributor will be maintained in a secure and confidential manner.

[**ARC 9340C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

These rules are intended to implement Iowa Code sections 155A.13C, 155A.17, 155A.17A, 155A.19, 155A.24 and 155A.42.

[Filed ARC 9340C (Notice ARC 8421C, IAB 11/27/24), IAB 6/11/25, effective 7/16/25][1]

[1] July 16, 2025, effective date of Chapter 554 **[ARC 9340C]** delayed 70 days by the Administrative Rules Review Committee at its meeting held July 14, 2025; delay lifted at the meeting held August 11, 2025.

CHAPTER 555
STANDARDS—DRUGS IN EMERGENCY MEDICAL SERVICES PROGRAMS

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/11/30

481—555.1(124,155A) Definitions. The definitions found in 481—Chapter 550 are incorporated by reference into these rules.
[**ARC 9341C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—555.2(124) Registration required. Pursuant to Iowa Code section 124.302, an EMS program that intends to administer controlled substances in or into Iowa will obtain a controlled substances Act registration in accordance with rule 481—551.11(124). The registration will secondarily identify the medical director or pharmacy that owns the controlled substances used at the EMS program, if applicable.
[**ARC 9341C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—555.3(124,155A) Identification.

555.3(1) A log of EMS program personnel who have access to prescription drugs and records will be maintained and include personnel name, unique identification used in program records, and level of certification.

555.3(2) EMS program personnel who are authorized to access replenishment drugs from an AMDS will access the AMDS using unique identification credentials.
[**ARC 9341C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—555.4(124,155A) Policies and procedures. Each EMS program will, in collaboration with the medical director or pharmacy that owns the drugs used at the EMS program, establish and follow policies and procedures for the handling and utilization of prescription drugs and the storage and security of program and drug records.
[**ARC 9341C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—555.5(124,155A) Storage.

555.5(1) *Environmental standards.* Prescription drugs in the EMS program will be stored in a manner that ensures the drugs are maintained within the environmental requirements provided in the drug labeling. Storage temperatures will be monitored and documented to prevent and detect exposure to extreme temperatures that render the drugs unusable, as determined by the drugs' manufacturer.

555.5(2) *Security.* The EMS program will ensure security of prescription drugs and records to prevent and detect unauthorized access.
[**ARC 9341C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—555.6(124,155A) Removal of drugs from program stock.

555.6(1) Prescription drugs will not be administered beyond the labeled expiration date and, no later than the expiration date, will be removed from EMS program stock.

555.6(2) Prescription drugs subject to a product recall will be removed from EMS program stock.

555.6(3) Prescription drugs removed from EMS program stock will be returned to the owner of the drugs, as applicable, for return to stock or for disposal, as appropriate.
[**ARC 9341C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—555.7(124,155A) Administration wastage.

555.7(1) The unused portion of a controlled substance resulting from patient administration may be destroyed by the administering EMS program personnel, the medical director, or a pharmacist pursuant to EMS program policies and procedures.

555.7(2) Documentation of the administration wastage will include:

a. The signatures or unique identifications of the individual wasting and the witness,

b. The name, strength, and quantity of the substance wasted,

c. The date and manner of the wastage,

d. The identification of the patient to whom the substance was partially administered, and

e. The legibly printed first and last name(s) and title(s) of the individual(s) involved who are not identified in the EMS program identification log.

[**ARC 9341C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—555.8(124,155A) Monthly inspections. The medical director or pharmacy that owns the prescription drugs used in the EMS program will ensure the completion and documentation of a monthly inspection of all such drugs maintained at the EMS program and any program substation. Inspection will include the removal of outdated or adulterated drugs. If the drugs are owned by the medical director, the monthly inspection will be conducted by the medical director, or another individual designated by the medical director, and documentation of the inspection will be maintained at the EMS program. If the drugs are owned by the pharmacy, the inspection will be conducted by a pharmacist, or another individual designated by the pharmacist, and documentation of the inspection will be maintained at the pharmacy.

[**ARC 9341C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—555.9(124,155A) Records. Records required by 481—Chapter 553 and these rules will be maintained for at least two years from the date of the record or the last date of employment for personnel records and will be available for inspection and copying by the board or its authorized agent.

[**ARC 9341C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

These rules are intended to implement Iowa Code sections 124.302 and 147.76 and chapter 155A.

[Filed ARC 9341C (Notice ARC 8419C, IAB 11/27/24), IAB 6/11/25, effective 7/16/25][1]

[1] July 16, 2025, effective date of Chapter 555 **[ARC 9341C]** delayed 70 days by the Administrative Rules Review Committee at its meeting held July 14, 2025; delay lifted at the meeting held August 11, 2025.

CHAPTER 556
IOWA PRESCRIPTION MONITORING PROGRAM

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/11/30

481—556.1(124,155A) Definitions. The definitions found in 481—Chapter 550 are incorporated by reference into these rules.
[**ARC 9342C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—556.2(124) PMP advisory committee.

556.2(1) *Membership.* The members of the PMP advisory committee will include prescribing practitioners as identified in Iowa Code section 124.555(1) and may include a multidisciplinary coalition of authorized users who routinely interact with the PMP and one member of the public who is not eligible to register with the PMP.

556.2(2) *Term of appointment.* Committee members will be appointed by the board for a three-year term and may be reappointed by the board for no more than two additional terms. Each term will expire on June 30 of the third year of the term.

556.2(3) *Quorum.* A quorum will be a majority of the appointed members.

556.2(4) *Termination of appointment.* A committee member who is no longer eligible or able to serve on the committee will submit a written resignation to the board. A committee member who fails to attend three consecutive regular committee meetings is deemed to have resigned.
[**ARC 9342C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—556.3(124) Registration.

556.3(1) *Registration.* Authorized access to PMP information pursuant to Iowa Code section 124.553 will be available only to registered users, except as provided herein.

556.3(2) *Registration not needed.* Individuals seeking their own individual prescription records need not register with the PMP.

556.3(3) *Practitioner's delegates.* A practitioner may authorize an adequate number of credentialed health care professionals, not exceeding 30, who are directly involved in the care of the patient to access PMP information. The practitioner is responsible for the PMP information access of the delegates.
[**ARC 9342C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—556.4(124) Reporting requirements.

556.4(1) *Reportable data.* The following will be reported to the PMP in accordance with Iowa Code sections 124.551, 124.552, and 124.554(1)*"g"*:

a. Controlled substances dispensed to a patient for self-administration.

b. Opioid antagonists dispensed or administered by a practitioner, including:

(1) To an emergency department patient, and

(2) To a patient upon discharge from a hospital, correctional facility or care facility.

c. If the pharmacy did not dispense or administer any reportable prescriptions during a reporting period, a zero report.

556.4(2) *Required data elements.*

a. In addition to the information required in Iowa Code section 124.552(1), the following elements will be reported:

(1) Form of transmission of prescription origin.

(2) Refill number.

(3) Number of refills authorized.

b. In an exceptional circumstance, a practitioner may request an extension of time for transmitting program information.

556.4(3) *Exemptions—practitioners.* The following are exempt from reporting controlled substances:

a. A licensed veterinarian in the normal course of professional practice.

b. A DEA-registered narcotic treatment program that is subject to the recordkeeping provisions of 21 CFR 1304.24 as amended on June 28, 2021.

556.4(4) *Board notification.* A pharmacy that does not engage in any reportable dispensing or administration will notify the board at the time of licensure.

556.4(5) *Submission format.* Data will be transmitted via the PMP's current version of data upload or electronic submission.

556.4(6) *Submission errors.* Upon notification of a potential error in program information, the reporting practitioner will promptly correct the error.

[**ARC 9342C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—556.5(124) Security.

556.5(1) *Board.* The board will collect, store, and disseminate program information using technology that utilizes encryption as defined in Iowa Code section 715C.1.

556.5(2) *Integrated systems.* A practitioner, pharmacy, or health care system utilizing an integrated system to connect its electronic health record or data processing system with the PMP will:

a. Ensure the maintenance of user access logs for four years from the date of access, including the identification of the practitioner for which a delegate accessed program information.

b. Ensure the maintenance of adequate security to prevent unauthorized access, disclosure, or theft of program information.

c. Notify the board within 72 hours of any breach in the electronic health record or data processing system that may have included program information.

[**ARC 9342C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

481—556.6(124) Access to and reporting of PMP information.

556.6(1) *Patient requests.* An individual patient or a patient's authorized representative may request the patient's own prescription history report via submission of a completed PMP patient request form via personal, mail, or commercial delivery. A patient's authorized representative includes an individual with medical power of attorney for the patient, the patient's attorney, an executor of the patient's estate, or the patient's next of kin as defined in Iowa Code section 523A.102.

556.6(2) *Authorized user requests.* An individual authorized to receive program information may request program information pursuant to and in accordance with Iowa Code section 124.553 via the program platform, which request will include verification of the requestor's authorization to receive the information.

556.6(3) *Statistical data.* The board or its designee may provide summary, statistical, or aggregate data to public or private entities for statistical, public research, public policy, or educational purposes.

556.6(4) *Prescriber activity reports.* At least annually, the board will electronically issue to each prescriber whose prescribed controlled substances were reported to the program during the preceding reporting period an activity report in accordance with Iowa Code section 124.554(3)*"a."*

556.6(5) *Proactive notifications.* When a patient meets or exceeds the criteria and thresholds determined by the board and the advisory committee, the board will issue a notification to a practitioner that the patient may be at risk of abusing or misusing a controlled substance and suggest review of the patient's program information.

[**ARC 9342C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter]

These rules are intended to implement Iowa Code chapter 124, subchapter VI.

[Filed ARC 9342C (Notice ARC 8423C, IAB 11/27/24; Amended Notice ARC 8979C, IAB 3/5/25), IAB 6/11/25, effective 7/16/25][1]

[1] July 16, 2025, effective date of Chapter 556 **[ARC 9342C]** delayed 70 days by the Administrative Rules Review Committee at its meeting held July 14, 2025; delay lifted at the meeting held August 11, 2025.

CHAPTER 557
BOARD OF PHARMACY OPERATIONS

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/11/30

481—557.1(17A,147,155A,272C) Board of pharmacy operations.

557.1(1) *Authority.* The board's authority for regulating the practice of pharmacy and the legal distribution and dispensing of prescription drugs and devices, including controlled substances, in the state of Iowa is found in Iowa Code chapters 124, 124B, 126, 147, 155A, 205 and 272C.

557.1(2) *Responsibilities.* The responsibilities of the board include but are not limited to:

a. Licensing of individuals. Licensing or registering qualified individuals in the practice of pharmacy and the handling or prescribing of controlled substances.

b. Licensing of practice locations. Licensing or registering authorized entities engaged in the legal distribution or dispensing of prescription drugs, devices and controlled substances within or into Iowa.

c. Conducting compliance inspections, audits and investigations of any persons or entities licensed or registered with the board.

d. Instituting disciplinary actions, hearing contested cases, issuing decisions and orders, and enforcing the terms of filed disciplinary orders.

557.1(3) *Meetings.* All meetings of the board will be open to the public except as authorized by the Iowa Code. Meeting notices will be routinely posted on the department of inspections, appeals, and licensing's website.

557.1(4) *Administrative fees.* The following nonrefundable fees will be assessed for the following administrative services:

a. Written license or registration verification: $15.

b. Provision of licensee data files: variable, $35 minimum.

c. Returned payment: $20.

d. Original pharmacist license certificate: $20.

e. Certification of pharmacist-intern internship hours: $15.

f. Petition for eligibility determination: $25.

557.1(5) *Overpayment of fees.* Payment for any administrative service or license fee in excess of the required fee amount of $10 or less will not be refunded.

557.1(6) *Adoption of agency rules by reference.* The board adopts by reference the following rules of the department:

a. Public records and fair information practices as found in 7—Chapter 2505.

b. Petitions for rulemaking as found in 7—Chapter 2502.

c. Declaratory orders as found in 7—Chapter 2503.

d. Agency procedure for rulemaking as found in 7—Chapter 2501.

e. Sales of goods and services as found in rule 481—1.5(10A,68B).

f. Licensee review committee as found in 481—Chapter 505.

g. Waivers as found in 7—Chapter 2504.

h. Model rules for board administrative processes as found in 481—Chapter 500.

i. Model rules for complaints and investigations as found in 481—Chapter 503.

This rule is intended to implement Iowa Code chapters 17A, 21, 124, 124B, 155A and 272C and section 147.80.

[**ARC 9343C**, IAB 6/11/25, effective 7/16/25; see Delay note at end of chapter; Editorial change: IAC Supplement 2/18/26; Editorial change: IAC Supplement 8/5/26]

[Filed ARC 9343C (Notice ARC 8424C, IAB 11/27/24), IAB 6/11/25, effective 7/16/25][1]

[Editorial change: IAC Supplement 2/18/26]

[Editorial change: IAC Supplement 8/5/26]

[1] July 16, 2025, effective date of Chapter 557 **[ARC 9343C]** delayed 70 days by the Administrative Rules Review Committee at its meeting held July 14, 2025; delay lifted at the meeting held August 11, 2025.

CHAPTERS 558 to 569

DENTAL BOARD

CHAPTER 570
DENTAL BOARD ADMINISTRATION

Chapter rescission date pursuant to Iowa Code section 17A.7: 4/9/30

481—570.1(153) Definitions. As used in these rules:

"ACC" means the anesthesia credentials committee of the board.

"Accredited school" means a dental, dental hygiene, or dental assisting education program accredited by the American Dental Association Commission on Dental Accreditation.

"Active patient" means a person whom the licensee has examined, treated, cared for, or otherwise consulted with during the previous two years.

"ASA" refers to the American Society of Anesthesiologists Patient Physical Status Classification System. Category I means normal healthy patients, and category II means patients with mild systemic disease. Category III means patients with severe systemic disease, and category IV means patients with severe systemic disease that is a constant threat to life.

"Authorized delegate" means a licensed or registered health care professional who has obtained prescription monitoring program (PMP) log-in credentials. A dental assistant trainee cannot serve as an authorized delegate.

"Board" means the dental board.

"Capnography" means the monitoring of the concentration of exhaled carbon dioxide in order to assess physiologic status or determine the adequacy of ventilation during anesthesia.

"Chapter" means Iowa Code chapter 153.

"Clinical training" means training that includes patient experiences.

"Contested case" means a proceeding defined by Iowa Code section 17A.2(5) and includes any matter defined as a no factual dispute contested case under Iowa Code section 17A.10A.

"Continuing dental education" consists of education activities designed to review and update concepts, techniques, and knowledge on advances in dental and medical sciences. The objective of continuing dental education is to improve the knowledge, skills, and ability of the individual to deliver the highest quality of service to the public and professions. Continuing dental education programs should make it possible for practitioners to adapt dental practice to new knowledge as it becomes available. All continuing dental education should strengthen judgment and professional technique.

"Controlled substance" means a drug, substance, or immediate precursor in schedules I through V listed in subchapter II of Iowa Code chapter 124.

"Coronal polish" means an adjunctive procedure that must also include removal of any calculus, if present, by a dentist or dental hygienist. Coronal polishing of teeth using only a rotary instrument and a rubber cup or brush for such purpose, when performed at the direction of and under the supervision of a licensed dentist, is deemed not to be the giving of prophylactic treatment.

"DAANCE" means the dental anesthesia assistant national certification examination as offered by the American Association of Oral and Maxillofacial Surgeons (AAOMS).

"Deep sedation" means drug-induced depression of consciousness during which patients cannot be easily aroused but respond purposefully following repeated painful stimulation. The ability to independently maintain ventilatory function may be impaired. Patients may require assistance in maintaining a patent airway, and spontaneous ventilation may be inadequate. Cardiovascular function is usually maintained.

"Dental assistant" means any person who, under the supervision of a dentist, performs any extraoral services including infection control or the use of hazardous materials or performs any intraoral services on patients. The term "dental assistant" does not include persons otherwise actively licensed in Iowa to practice dental hygiene or nursing who are engaged in the practice of said profession.

"Dental assistant trainee" means any person who is engaging in on-the-job training to meet the requirements for registration in accordance with Iowa Code section 153.39 and who is practicing in accordance with 481—Chapter 575.

"Dental hygiene committee" means the same as described in Iowa Code section 153.33A.

"Dental laboratory technician" as used in these rules includes a person other than a licensed dentist, dental hygienist or registered dental assistant who fabricates, constructs, makes, or repairs oral prosthetic appliances solely and exclusively for a licensed dentist and under a dentist's supervision or direction. A dental laboratory technician who performs any of the duties of a dental assistant, as defined in this chapter, must be registered with the board as a dental assistant.

"Dental public health" is the science and system of preventing and controlling dental diseases and promoting dental health through organized community efforts. It is that form of dental practice in which the community serves as the patient rather than the individual. It is concerned with the dental health education of the public, applied dental research, the administration of group dental care programs, and the prevention and control of dental diseases.

"Dental radiography" means the application of X-radiation to human teeth and supporting structures for diagnostic purposes only.

"Department" means the department of inspections, appeals, and licensing.

"Deposition" means the testimony of a person pursuant to subpoena or at the request of the state of Iowa taken in a setting other than a hearing.

"Didactic training" means educational instruction.

"Direct supervision" means that the dentist is present in the treatment facility, but it is not required that the dentist be physically present in the treatment room, or the dentist is not present in the treatment facility but is able to appear using live video upon request with a response time similar to what would be expected if the dentist were present in the treatment facility.

"Expenses" means costs incurred by persons appearing pursuant to subpoena or at the request of the state of Iowa for purposes of providing testimony on the part of the state of Iowa in a hearing or other official proceeding. Mileage shall be reimbursed in accordance with Iowa Code section 70A.9 or, if commercial air or ground transportation is used, the actual cost of transportation to and from the proceeding. Also included are actual costs incurred for meals and necessary lodging.

"Fabrication" means the construction or creation of an impression, occlusal registration, provisional restoration or denture, as defined in this chapter.

"Facility" means any dental office or clinic where sedation is used in the practice of dentistry. The term "facility" does not include a hospital.

"Fee" means the amount charged for the services described in this chapter.

"General anesthesia" means a drug-induced loss of consciousness during which patients are not arousable, even by painful stimulation. The ability to independently maintain ventilatory function is often impaired. Patients often require assistance in maintaining a patent airway, and positive pressure ventilation may be required because of depressed spontaneous ventilation or drug-induced depression of neuromuscular function. Cardiovascular function may be impaired.

"General supervision" means that a dentist has examined the patient, prior-prescribed in the patient record, and delegated the services to be provided because the dentist will be neither present in the facility nor available by live video. Patients or their legal guardians must be informed prior to the appointment that no dentist will be present and therefore no examination will be conducted at that appointment. The dental assistant or dental hygienist must consent to the arrangement and be capable of implementing basic emergency procedures, which have been established.

"Hour of continuing education" means one unit of credit granted for each hour of instruction.

"Issuance" means, for the purposes of contested cases, the date of mailing of a decision or order or date of delivery if service is by other means unless another date is specified in the order.

"Knowledge" means any information or evidence acquired from personal observation, from a reliable or authoritative source, or under circumstances that cause the licensee or registrant to believe that there exists a substantial likelihood that an act or omission may have occurred.

"Laboratory training" means training that is hands-on, that may include simulation, and that prepares a dental hygienist or dental assistant for patient experiences. Laboratory training can be done with an approved training provider or with a supervising dentist as part of an approved course.

"Lapsed license," "lapsed permit," or *"lapsed registration"* means a license, permit, or registration that a person has failed to renew as required or the license, permit, or registration of a person who failed to meet stated obligations for renewal within a stated time. A person whose license, permit, or registration has lapsed continues to hold the privilege of licensure or registration in Iowa but may not practice dentistry, dental hygiene, or dental radiography or as a registered dental assistant until the license, permit, or registration is reinstated.

"License" means a certificate issued to a person to practice as a dentist or dental hygienist under the laws of this state.

"Licensed sedation provider" means a physician anesthesiologist currently licensed by the board of medicine or a certified registered nurse anesthetist (CRNA) currently licensed by the board of nursing.

"Licensee" means a person who has been issued a certificate to practice as a dentist or dental hygienist under the laws of this state.

"Medical examination fees" means actual costs incurred by the board in a physical, mental, chemical abuse, or other impairment-related examination or evaluation of a licensee when the examination or evaluation is conducted pursuant to an order of the board.

"Minimal sedation" means a minimally depressed level of consciousness produced by a pharmacological method that retains the patient's ability to independently and continuously maintain an airway and respond normally to tactile stimulation and verbal command. Although cognitive function and coordination may be modestly impaired, ventilatory and cardiovascular functions are unaffected. A patient whose only response reflex is withdrawal from repeated painful stimuli is not considered to be in a state of minimal sedation.

"Moderate sedation" means a drug-induced depression of consciousness, either by enteral or parenteral means, during which patients respond purposefully to verbal commands, either alone or accompanied by light tactile stimulation. No interventions are required to maintain a patent airway, and spontaneous ventilation is adequate. Cardiovascular function is usually maintained. A patient whose only response reflex is withdrawal from a painful stimulus is not considered to be in a state of moderate sedation.

"Monitoring nitrous oxide inhalation analgesia" means continually observing the patient receiving nitrous oxide and recognizing and notifying the dentist of any adverse reactions or complications.

"MRD" means the manufacturer's maximum recommended dose of a drug as printed in FDA-approved labeling.

"Nitrous oxide inhalation analgesia" refers to the administration by inhalation of a combination of nitrous oxide and oxygen producing an altered level of consciousness that retains the patient's ability to independently and continuously maintain an airway and respond appropriately to physical stimulation or verbal command.

"Observational supervision" is intended for expanded function training purposes only and means that the dentist is physically present in the treatment room to oversee and direct all services being provided as part of clinical training.

"Opioid" means a drug that produces an agonist effect on opioid receptors and is indicated or used for the treatment of pain.

"Overpayment" means payment in excess of the required fee. Overpayment shall result in the return of the original request and payment, prior to processing, with a clarification of the total amount due.

"Party" means the state or the respondent for the purposes of contested cases.

"Patient experiences" are procedures that are performed on a patient during the course of clinical training. For the purposes of expanded function training, patient experiences will be completed under the observational supervision of a dentist.

"Patient monitor" means a dental assistant, dental hygienist, nurse or dentist whose primary responsibility is to continuously monitor a patient receiving moderate sedation, deep sedation or general anesthesia until the patient meets the criteria to be discharged to the recovery area.

"Pediatric" means patients aged 12 or under.

"Peer review" is defined in Iowa Code section 272C.1(7).

"Permit holder" means an Iowa licensed dentist who has been issued a moderate sedation or general anesthesia permit by the board.

"Personal supervision" means a licensee or registrant is physically present in the room to oversee and instruct all services of the dental assistant trainee as delegated by a licensed dentist.

"Practice of dentistry," as defined in Iowa Code section 153.13, includes persons who publicly claim to be dentists, dental surgeons, or skilled in the science of dentistry and are deemed to be practicing dentistry. Performance of, or assistance with, any of the following also constitutes the practice of dentistry: examination, diagnosis, treatment, or attempted correction of any disease, condition, disorder, lesion, injury, deformity, or defect of the oral cavity and maxillofacial area, or any phase of any operation incident to tooth whitening, including the instruction or application of tooth whitening materials or procedures. "Tooth whitening" is any process to whiten or lighten the appearance of human teeth by the application of chemicals, whether or not in conjunction with a light source.

"Prescription drug" means a drug, as classified by the United States Food and Drug Administration, that is required to be prescribed or administered to a patient by a practitioner prior to dispensation.

"Prescription monitoring program" or *"PMP"* means the program administered by the board of pharmacy for the collection and provision of information related to drug prescribing and dispensing.

"Presiding officer" means the dental board or a panel of the board. In a contested case proceeding, the board may request that an administrative law judge make initial rulings on prehearing matters and assist and advise the board in presiding at the disciplinary contested case hearing. Pursuant to Iowa Code section 272C.6, the board may delegate the hearing of contested cases to an administrative law judge.

"Proposed decision" means recommended findings of fact, conclusions of law, decision, and order in a contested case issued by an administrative law judge or hearing panel and for which the full board did not preside.

"Prosthetic" means, for the purposes of expanded function training, any provisional or permanent restoration intended to replace a tooth or teeth.

"Provisional restoration" means, for the purposes of expanded function training, a restoration or appliance that is formed or preformed for temporary purposes, used over a limited period of time.

"Public health settings" means schools; Head Start programs; programs affiliated with the early childhood Iowa (ECI) initiative authorized by Iowa Code chapter 256I; child care centers (excluding home-based child care centers); federally qualified health centers; public health dental vans; free clinics; nonprofit community health centers; nursing facilities; the armed forces; and federal, state, or local public health programs.

"Public health supervision" means that a licensed dentist has entered into a written supervision agreement with a licensed dental hygienist or registered dental assistant and authorized and delegated the services to be provided in a public health setting. Services provided under public health supervision may be rendered without the patient's first being examined by a licensed dentist. Additionally, the supervising dentist is not required to provide future dental treatment to patients served under public health supervision.

"Radiography qualification" means authorization to engage in dental radiography issued by the board.

"Registered dental assistant" means any person who has met the requirements for registration and has been issued a certificate of registration.

"Registrant" means a person who has been issued a certificate to practice as a dental assistant under the laws of this state.

"Registration" means a certificate issued to a person to practice as a dental assistant under the laws of this state.

"Reportable act or omission" means any conduct that may constitute a basis for disciplinary action under the rules or statutory provisions governing the practice of dentistry, dental hygiene, or dental assisting in Iowa.

"Self-study activities" means, for the purposes of continuing education, the study of something by oneself, without direct supervision or attendance in a class. Self-study activities include Internet-based coursework, video programs, correspondence work, research, or programs that are interactive and require participation and decision making on the part of the viewer. Webinars that include instruction in real time and allow for real-time communication with the instructor are not construed to be self-study activities.

"Service charge" means the amount charged for making a service available online and is in addition to the actual fee for a service itself.

"Sponsor" means a person, educational institution, or organization sponsoring continuing education activities. All continuing education activities of such person or organization are deemed approved provided the content complies with the requirements of 481—Chapter 573.

"Time-oriented anesthesia record" means documentation at appropriate time intervals of drugs, doses and physiologic data obtained during patient monitoring.

"Trainee status expiration date" means 12 months from the date of employment as a dental assistant trainee.

"Transcript" means a printed verbatim reproduction of everything said on the record during a hearing or other official proceeding.

"Witness fees" means compensation paid by the board to persons appearing pursuant to subpoena or at the request of the state of Iowa for purposes of providing testimony on the part of the state of Iowa. For the purposes of this rule, compensation shall be the same as outlined in Iowa Code section 622.69 or 622.72, as the case may be.

This rule is intended to implement Iowa Code chapters 147, 153, and 272C.

[**ARC 8984C**, IAB 3/5/25, effective 4/9/25; **ARC 0247D**, IAB 4/29/26, effective 6/3/26]

481—570.2(17A,147,153,272C) Purpose of the board. The purpose of the board is to protect public health, safety, and welfare by administering, interpreting, and enforcing the provisions of law that relate to the practice of dentistry, dental hygiene, and dental assisting. In pursuit of this mission, the board performs these primary functions:

570.2(1) Administers examinations for the testing of dentists, dental hygienists, and dental assistants;

570.2(2) Issues licenses, registrations, certificates, and permits to qualified practitioners;

570.2(3) Sets standards for license, registration, and permit renewal and continuing education;

570.2(4) Enforces Iowa laws regulating the practice of dentistry, dental hygiene, and dental assisting;

570.2(5) Investigates complaints concerning violations of the dental practice Act and rules;

570.2(6) Conducts disciplinary hearings and monitors the compliance of licensees or registrants with board orders; and

570.2(7) Adopts rules and establishes standards for practitioners pursuant to its authority under the Iowa Code and administrative rules.

[**ARC 8984C**, IAB 3/5/25, effective 4/9/25]

481—570.3(17A,147,153) Organization of the board.

570.3(1) The board shall be composed in accordance with Iowa Code sections 147.14(1)*"c"* and 147.19.

570.3(2) A simple majority of the members of the board shall constitute a quorum for the purpose of conducting business.

570.3(3) The board and dental hygiene committee shall elect chairpersons. The board shall also elect officers and should consist of a chairperson, vice chairperson, and other officers as deemed appropriate. Officers will assume their duties immediately following their election.

[**ARC 8984C**, IAB 3/5/25, effective 4/9/25]

481—570.4(153) Organization of the dental hygiene committee.

570.4(1) The dental hygiene committee is composed in accordance with Iowa Code sections 147.14(1)*"c"* and 153.33A. A simple majority of the members of the committee constitutes a quorum for the purpose of conducting business.

570.4(2) Pursuant to Iowa Code section 153.33A, the committee:

a. Has authority to and may adopt recommendations in regard to matters pertaining to the practice, discipline, education, examination, and licensure of dental hygienists and shall carry out other duties as assigned by the board. Recommendations by the committee will be reported to the board. The board shall review and ratify all committee recommendations unless the board makes a specific finding that the recommendation exceeds the jurisdiction of the committee, expands the scope of the committee beyond the authority granted in subrule 1.4(4), creates an undue financial impact, or is not supported by the record.

The board may not amend a committee recommendation without the concurrence of the majority of the members of the committee; and

b. Does not have regulatory or disciplinary authority with regard to dentists, dental assistants, dental lab technicians, or other auxiliary dental personnel.

570.4(3) Pursuant to Iowa Code section 153.33A, this rule will not be construed as impacting or changing the scope of practice of the profession of dental hygiene or authorizing the independent practice of dental hygiene.

This rule is intended to implement Iowa Code sections 147.14, 153.33 and 153.33A.

[**ARC 8984C**, IAB 3/5/25, effective 4/9/25]

481—570.5(153) Committees of the board.

570.5(1) Pursuant to Iowa Code chapter 272C and section 153.33, the board may establish and utilize ad hoc advisory committees to conduct business. The board chairperson may appoint committee members and chairpersons.

a. The board should annually review its committees to determine ongoing needs and compliance with the following:

(1) The committees may not constitute a quorum of the board; and

(2) Appointments to a standing committee of the board specified in subrule 1.5(2) are subject to board approval.

b. Committee appointments will be for 12 months unless specified otherwise at the time of appointment. Pursuant to Iowa Code section 153.33(1)*"f,"* committee members may be reimbursed for actual expenses.

c. Committees may hold meetings as needed to conduct the duties authorized by the board.

570.5(2) The standing committees of the board may include the executive committee, anesthesia credentials committee, and licensure and registration committee.

a. The executive committee may include up to four members of the board. The committee should be composed of the chairperson, vice-chairperson and other members as elected by the board.

b. The anesthesia credentials committee should include but not be limited to a dentist member of the board, two members who hold a moderate sedation permit, and two members who hold a general anesthesia permit issued in accordance with 481—Chapter 579. The committee may perform the following duties:

(1) Review and take action on all applications for moderate sedation or general anesthesia permits;

(2) Review and take action on requests for approval of courses that provide training in the administration of moderate sedation, deep sedation, general anesthesia, or a combination thereof for the purposes of qualifying a licensee for a sedation permit in accordance with 481—Chapter 579;

(3) Perform peer reviews or evaluations as deemed necessary and report to the board; and

(4) Other duties authorized by the board.

c. The license registration committee should include three members of the board, two of which are dentists.

(1) The license registration committee may review applications for licensure, registration and permit and take action as authorized by the board; and

(2) Perform other duties authorized by the board.

[**ARC 8984C**, IAB 3/5/25, effective 4/9/25]

481—570.6(17A,21,147,153) Meetings.

570.6(1) The board and dental hygiene committee may hold meetings as needed or as requested by the chairperson, the vice chairperson, or a majority of the board or committee.

570.6(2) Written notices stating the time and place of the meetings shall be provided consistent with Iowa Code chapter 21. Except as otherwise provided by statute, all board meetings shall be open and the public shall be permitted to attend.

570.6(3) Dates and locations of board and committee meetings may be obtained from the department's website.

[**ARC 8984C**, IAB 3/5/25, effective 4/9/25]

481—570.7(17A,272C) Adoption of uniform and model rules. The board hereby adopts by reference the following:

570.7(1) Uniform Rules on Agency Procedure, 7—Chapters 2501 through 2505.

570.7(2) Military Service, Veteran Reciprocity, and Spouses of Active-Duty Service Members, 481—Chapter 7.

570.7(3) Licensing and Child Support Noncompliance, Student Loan Repayment Noncompliance, and Nonpayment of State Debt, 481—Chapter 8.

570.7(4) Model Rules for Use of Criminal Convictions in Eligibility Determinations and Initial Licensing Decisions, 481—Chapter 502.

570.7(5) Model Rules for Contested Cases Before Licensing Boards, 481—Chapter 506.

570.7(6) Model Rules for Licensee Review Committee, 481—Chapter 505.

[**ARC 8984C**, IAB 3/5/25, effective 4/9/25; Editorial change: IAC Supplement 8/5/26]

These rules are intended to implement Iowa Code chapter 21 and sections 17A.3, 147.14(1)*"c,"* 147.22, and 153.33A(1).

[Filed ARC 8984C (Notice ARC 8504C, IAB 12/11/24), IAB 3/5/25, effective 4/9/25]

[Filed ARC 0247D (Amended Notice ARC 0071D, IAB 2/18/26; Notice ARC 9785C, IAB 12/10/25), IAB 4/29/26, effective 6/3/26]

[Editorial change: IAC Supplement 8/5/26]

CHAPTER 571
DENTAL BOARD FEES

Chapter rescission date pursuant to Iowa Code section 17A.7: 4/9/30

481—571.1(147,153) Establishment of fees. The board is self-supporting through the collection of fees and does not receive an appropriation from the general fund. Pursuant to Iowa Code section 147.80, the department is required to annually prepare an estimate of projected revenues and expenses to ensure that there are sufficient funds to cover projected expenses. The department shall establish fees by rule in accordance with Iowa Code section 147.80.

571.1(1) In addition to the fees specified in this rule, an applicant shall incur a service charge for submitting payments online.

571.1(2) All fees are nonrefundable.

[**ARC 8985C**, IAB 3/5/25, effective 4/9/25]

481—571.2(153) Application fees.

571.2(1) *Dental licensure.* The fees for a dental license are as follows:

a. The application fee for a dental license on the basis of examination is $200.

b. The application fee for a dental license on the basis of credentials is $550.

c. The application fee for a dental license on the basis of verification is $550.

571.2(2) *Dental hygiene licensure.* The fees for a dental hygiene license are as follows:

a. The application fee for a dental hygiene license on the basis of examination is $100.

b. The application fee for a dental hygiene license on the basis of credentials is $200.

c. The application fee for a dental hygiene license on the basis of verification is $200.

571.2(3) *Resident license.* The application fee for a resident license is $120.

571.2(4) *Faculty permit.* The application fee for a faculty permit is $200.

571.2(5) *Fingerprint packet and criminal history check.* The fee for evaluation of a fingerprint packet and criminal history background check is $46.

571.2(6) *Dental assistant registration and radiography qualification.* The fees for registration and qualification are as follows:

a. The application fee for a registered dental assistant is $40.

b. The fee for a combined application as a registered dental assistant with a radiography qualification is $60.

c. The application fee for a radiography qualification is $40.

571.2(7) *Anesthesia and sedation permits.* The fees for an anesthesia or sedation permit are as follows:

a. The application fee for a local anesthesia permit is $70.

b. The application fee for a moderate sedation permit is $500.

c. The application fee for a general anesthesia permit is $500.

571.2(8) *Temporary permit—urgent need or educational services.* The fee for an application for a temporary permit to serve an urgent need or provide educational services is $100.

[**ARC 8985C**, IAB 3/5/25, effective 4/9/25]

481—571.3(153) Renewal fees. Biennial renewal fees are as follows:

571.3(1) *Dental license.* The renewal fee for a dental license is $315.

571.3(2) *Dental hygiene license.* The renewal fee for a dental hygiene license is $150.

571.3(3) *General anesthesia permit.* The renewal fee for a general anesthesia permit is $125.

571.3(4) *Moderate sedation permit.* The renewal fee for a moderate sedation permit is $125.

571.3(5) *Local anesthesia permit.* The renewal fee for a local anesthesia permit is $25.

571.3(6) *Dental assistant registration.* The renewal fee for registration as a registered dental assistant is $75.

571.3(7) *Combined dental assistant registration and qualification in radiography.* The renewal fee for both a registration as a registered dental assistant and a radiography qualification is $115.

571.3(8) *Dental assistant qualification in radiography.* The renewal fee for a qualification in dental radiography is $40.

571.3(9) *Faculty permit.* The renewal fees for a faculty permit are as follows:

a. The renewal fee for a dental faculty permit is $315.

b. The renewal fee for a dental hygiene faculty permit is $150.

571.3(10) *Resident license extension.* The fee for extension of a resident license is $40.

[**ARC 8985C**, IAB 3/5/25, effective 4/9/25]

481—571.4(153) Late renewal fees. A licensee, registrant or permit holder who fails to renew a license, registration or permit by the expiration date is subject to late renewal fees as described in this rule.

571.4(1) *Dental or dental hygiene license or faculty permit.*

a. Renewals completed between September 1 and September 30 are subject to a late fee of $100, in addition to the renewal fee.

b. Renewals completed between October 1 and October 31 are subject to a late fee of $150, in addition to the renewal fee.

571.4(2) *Dental assistant registration or dental radiography qualification.*

a. Renewals completed between September 1 and September 30 are subject to a late fee of $20, in addition to the renewal fee.

b. Renewals completed between October 1 and October 31 are subject to a late fee of $40, in addition to the renewal fee.

[**ARC 8985C**, IAB 3/5/25, effective 4/9/25]

481—571.5(147,153) Reinstatement fees. Licensees, registrants or permit holders who make an application for reinstatement are subject to fees as described in this rule.

571.5(1) *Reinstatement application fees.* The application fees for reinstatement are as follows:

a. The reinstatement application fee for a dental license is $150.

b. The reinstatement application fee for a dental hygiene license is $100.

c. The reinstatement application fee for a dental assistant registration is $50.

d. The reinstatement application fee for a qualification in dental radiography without registration is $40.

571.5(2) *Past due renewal fees.* In addition to the application fee for reinstatement specified in this rule, the applicant must pay the additional fees as follows:

a. The past due renewal fee for a dental license is $315.

b. The past due renewal fee for a dental hygiene license is $150.

c. The past due renewal fee for a dental assistant registration is $75.

d. The past due renewal fee for a dental assistant registration and qualification in dental radiography without registration is $115.

e. The past due renewal fee for a qualification in dental radiography without registration is $40.

[**ARC 8985C**, IAB 3/5/25, effective 4/9/25]

481—571.6(153) Miscellaneous fees. Fees for additional requests are as follows:

571.6(1) *Duplicates.* The fee for issuance of a hard-copy duplicate license, permit or registration certificate or current renewal is $25. Electronic copies are provided at no cost.

571.6(2) *Certification or verification.* The fee for a written certification or written verification of an Iowa license, permit or registration is $25. Results of an online licensee search are available at no cost.

571.6(3) *Iowa practitioner review committee (IPRC) monitoring.* The monitoring fee for compliance with an IPRC agreement is $100 per quarter, unless otherwise stated in the health practitioner contract entered into pursuant to 481—Chapter 505.

571.6(4) *Monitoring for compliance with board orders.* The monitoring fee for compliance with a board order is $300 per quarter, unless otherwise stated in the board order.

[**ARC 8985C**, IAB 3/5/25, effective 4/9/25]

481—571.7(153) Contested case hearings—fees and costs. The board may request reimbursement of certain costs associated with contested case hearings.

571.7(1) *Hearing fee.* The board may charge a fee not to exceed $75 for conducting a contested case hearing that results in action being taken against the licensee or registrant.

571.7(2) *Procedure and personnel costs.* The board may recover from the licensee or registrant costs for the following:

a. Court reporter and transcript.

b. Witness fees and expenses. The parties in a contested case shall be responsible for any witness fees and expenses incurred by witnesses appearing at the contested case hearing and may also include witness fees and expenses incurred by witnesses called to testify on behalf of the state of Iowa.

c. Depositions. Deposition costs, for the purposes of allocating costs against a licensee, include only those deposition costs incurred by the state of Iowa. The licensee or registrant is directly responsible for the payment of deposition costs incurred by the licensee or registrant.

d. Medical examination fees incurred relating to a person licensed under Iowa Code chapter 147. All costs of physical or mental examinations, substance abuse evaluations or drug screening, or clinical competency evaluations ordered by the board pursuant to Iowa Code section 272C.9(1) as part of an investigation or pending complaint or as a sanction following a contested case shall be paid directly by the licensee or registrant.

571.7(3) *Certification of reimbursable costs.* The executive director or designee shall calculate and certify any reimbursable costs incurred by the board.

571.7(4) *Assessment of fees and costs.* A final decision of the board imposing action against a licensee or registrant shall include the amount of any contested case hearing fee assessed pursuant to 481—Chapter 11. If the board also assesses reimbursable costs against the licensee or registrant, the board shall file a certification of reimbursable costs that includes a statement of costs delineating each category of costs and the amount assessed. Fees and costs that cannot be calculated at the time of the issuance of the board's final order may be invoiced at a later time, provided the board's final order states that the fees and costs will be invoiced at a later date. The board order will specify the time period in which the fees and costs must be paid.

571.7(5) *Failure to pay assessed fees, costs.* Failure of a licensee or registrant to pay the fees and costs assessed herein within the time period specified in the board's final order shall constitute a violation of an order of the board and may be grounds for disciplinary action.

[**ARC 8985C**, IAB 3/5/25, effective 4/9/25]

481—571.8(153) Facility inspection fee. The actual costs for an on-site evaluation of a dental facility at which moderate sedation, deep sedation, or general anesthesia is authorized pursuant to 481—Chapter 579 will not exceed $500 per facility per inspection.

[**ARC 8985C**, IAB 3/5/25, effective 4/9/25]

481—571.9(22,147,153) Public records. Public records are available according to 7—Chapter 2505. The department will release the records upon receipt of payment.

571.9(1) Copies of public records will be calculated at $0.25 per page plus labor.

571.9(2) A $16 per hour fee may be charged for labor in excess of one-half hour for searching, retrieving, and copying documents.

571.9(3) No additional fee will be charged for delivery of the records.

571.9(4) The department will not require payment when the fees for the request would be less than $5 total.

[**ARC 8985C**, IAB 3/5/25, effective 4/9/25; Editorial change: IAC Supplement 8/5/26]

481—571.10(22,147,153) Data or mailing lists.

571.10(1) The department will provide data and mailing lists in electronic format following receipt of payment.

a. The standard mailing list includes active licensees, registrants, and resident licensees and faculty permit holders when applicable.

b. The standard data list includes the mailing address, license, registration or permit number, status, original issue date, expiration date, specialty (if applicable), and whether disciplinary action has been

taken. The standard data list includes active licensees, registrants, and resident licensees and faculty permit holders when applicable.

571.10(2) Data and mailing list fees.

a. The fee for a standard mailing list is $35 per profession requested.

b. The fee for a standard data list is $45 per profession requested.

c. Additional data elements, programming or sorting increases the fees by $25 per profession.

[**ARC 8985C**, IAB 3/5/25, effective 4/9/25]

481—571.11(147,153) Returned checks. The department shall charge a fee of $39 for a check returned for any reason. The department will request payment by certified check or money order. If the fees are not paid within two weeks of notification of the returned check by certified mail, the licensee or registrant may be subject to disciplinary action for noncompliance with board rules.

[**ARC 8985C**, IAB 3/5/25, effective 4/9/25]

481—571.12(147,153,272C) Copies of the laws and rules. Copies of laws and rules pertaining to the practice of dentistry, dental hygiene, or dental assisting are available as follows:

1. Iowa Code and Iowa Administrative Code access, no fee, available at www.legis.iowa.gov/law/administrativeRules/agencies.
2. Printed copies of the Iowa Code chapters that pertain to the practice of dentistry, $10.
3. Printed copies of dental board rules in the Iowa Administrative Code, $15.

[**ARC 8985C**, IAB 3/5/25, effective 4/9/25]

481—571.13(17A,147,153,272C) Waiver prohibited. Rules in this chapter are not subject to waiver pursuant to 7—Chapter 2504 or any other provision of law.

[**ARC 8985C**, IAB 3/5/25, effective 4/9/25; Editorial change: IAC Supplement 8/5/26]

These rules are intended to implement Iowa Code sections 147.10, 147.80 and 153.22.

[Filed ARC 8985C (Notice ARC 8476C, IAB 12/11/24), IAB 3/5/25, effective 4/9/25]

[Editorial change: IAC Supplement 8/5/26]

CHAPTER 572
DENTAL LICENSURE, REGISTRATION, RENEWAL, REACTIVATION AND REINSTATEMENT

Chapter rescission date pursuant to Iowa Code section 17A.7: 4/9/30

481—572.1(147,153) Applicant responsibilities. Applicants for licensure, permit, registration or qualification, including applicants for renewal, reactivation and reinstatement, bear full responsibility for complying with the provisions of this rule.

572.1(1) Applicants will make application on forms provided by the department and submit the required information and documentation, which includes the following:

a. Paying all applicable fees required by this chapter pursuant to 481—Chapter 571, which may also include fees charged by other agencies, organizations, or institutions to provide the information required to complete an application;

b. Providing evidence of current certification in cardiopulmonary resuscitation (CPR) that included a hands-on component unless exempted by rule;

c. Providing a detailed statement disclosing and explaining any disciplinary actions, investigations, complaints, malpractice claims, judgments, settlements, or criminal charges;

d. Providing accurate, up-to-date, and truthful information, including but not limited to prior professional experience, education, training, examination scores, and disciplinary history; and

e. Signing and verifying the application as to the truth of the statements contained therein.

572.1(2) An application for a dental or dental hygiene license or faculty permit, including reactivation of a license, may be considered complete prior to completion of the criminal history background check on the applicant conducted by the division of criminal investigation (DCI) or Federal Bureau of Investigation (FBI) for purposes of review and consideration by the executive director, the committee, or the board. However, an applicant is required to submit an additional completed fingerprint packet and fee within 30 days of a request by the department if an earlier fingerprint submission has been determined to be unacceptable by the DCI or FBI.

572.1(3) If an applicant for license, permit, registration, or qualification applies within four months of the date of expiration, the applicant may pay the renewal fee in addition to the applicable application fees specified in 481—Chapter 571. Payment of the renewal fee at the time of application will result in the renewal of the license, permit, registration or qualification upon issuance.

572.1(4) Applicants must ensure that an application for initial license, permit, registration or qualification, or for reinstatement or reactivation of the same, is completed within 180 days from the date the application is received.

a. For purposes of establishing timely filing, the postmark on a paper submittal will be used, and for applications submitted online, the electronic timestamp of the date of payment will be deemed the date of filing. If the applicant does not submit all required materials within this time period, or if the applicant does not meet the requirements for the license, permit, registration, reinstatement or reactivation, the application will be considered incomplete.

b. If an application is considered incomplete, the applicant will need to submit a new application and pay all applicable fees for further consideration.

This rule is intended to implement Iowa Code sections 147.2, 147.11, 272C.12 and 272C.12A and chapter 153.

[**ARC 8986C**, IAB 3/5/25, effective 4/9/25]

481—572.2(147,153) Review of applications.

572.2(1) Upon receipt of a completed application, the executive director as authorized by the board has discretion to:

a. Require additional information relating to the character, education, and experience of the applicant.

b. Authorize the issuance of the license, permit, or registration.

c. Refer the application to the committee for review and consideration for matters including but not limited to prior criminal history pursuant to Iowa Code section 272C.15, chemical dependence, competency, physical or psychological illness, malpractice claims or settlements, or professional disciplinary history that are relevant in determining the applicant's qualifications.

572.2(2) Following review and consideration of an application referred by the executive director, the committee may:

a. Authorize the executive director to issue the license, permit, registration, or qualification.

b. Forward the application to the board for further review and consideration.

572.2(3) Following board review and consideration of an application, the board will:

a. Authorize the issuance of the license, permit, registration or qualification; or

b. Initiate other action in accordance with rule 481—572.22(147,153,272C).

572.2(4) The committee or board may require an applicant to appear for an interview as part of the application process.

572.2(5) The committee or board may defer final decision making on an application if there is a pending investigation or disciplinary action against an applicant who may otherwise meet the requirements for license, permit, registration or qualification, until such time as the matter has been resolved.

This rule is intended to implement Iowa Code chapters 147, 153 and 272C.

[**ARC 8986C**, IAB 3/5/25, effective 4/9/25]

481—572.3(147,153) Licensure.

572.3(1) Applicants for licensure to practice dentistry or dental hygiene in this state who meet the requirements of this rule may be eligible for a license on the basis of examination or credentials.

a. Applicants who have held a license issued in another state, district or territory for one year or longer must apply for licensure by credentials.

b. Applicants who are licensed in another jurisdiction and who are unable to satisfy the requirements for licensure by examination or credentials may be eligible for licensure by verification pursuant to rule 481—572.7(272C).

572.3(2) Applications for licensure on the basis of examination or credentials must include the following:

a. Satisfactory evidence of graduation from an accredited dental or dental hygiene school.

(1) Applicants for dental license must have been issued a doctor of dental surgery (DDS) or doctor of medicine in dentistry (DMD) degree.

(2) Graduates of foreign dental schools who have not obtained a DDS or DMD degree from an accredited dental school shall also satisfy the requirements of rule 481—572.4(153).

b. Certification by an authorized representative of the school that the applicant was a student in good standing while attending that school.

c. Evidence of successful passage of the examination administered by the Joint Commission on National Dental Examinations (JCNDE). Applicants who have lawfully practiced dentistry or dental hygiene in another state, district or territory for five or more years are exempt from presenting this evidence.

d. Evidence of successful passage of a board-approved clinical examination pursuant to rule 481—572.14(147,153) and a statement of all other clinical examinations taken by the applicant with an indication of pass/fail for each.

(1) Applicants on the basis of examination must have successfully completed the clinical examination within five years of the date of application.

(2) Applicants who have lawfully practiced dentistry or dental hygiene in another state, district or territory for five or more years may be exempt from presenting this evidence.

e. Certification of all licenses issued to the applicant. The certification should include, at a minimum, the name, license number, status, expiration date, and an indication of whether the applicant has been subject to disciplinary action.

f. The applicable application fees, including the background check fee, as specified in 481—Chapter 571.

g. A completed packet to facilitate a criminal history background check by the DCI and FBI.

h. Evidence of successful completion of a jurisprudence examination pursuant to rule 481—572.15(147,153).

572.3(3) Applicants on the basis of credentials must also submit the following:

a. Pursuant to Iowa Code section 153.21, evidence that the applicant has met at least one of the following:

(1) Holds a license in another state, district, or territory under requirements substantially similar to those of this state, and has three consecutive years of lawful practice immediately prior to the date of application; or

(2) Has less than three consecutive years of practice immediately prior to the filing of the application and evidence of successful passage within the previous five-year period of a board-approved clinical examination pursuant to rule 481—572.14(147,153).

b. Results of a self-query of the National Practitioner Data Bank (NPDB).

572.3(4) The board or committee may also require such examinations as may be necessary to evaluate the applicant for licensure by credentials.

This rule is intended to implement Iowa Code section 272C.12 and chapters 147 and 153.

[**ARC 8986C**, IAB 3/5/25, effective 4/9/25]

481—572.4(153) Graduates of foreign dental schools. If a graduate of a foreign dental school does not meet the educational requirements for a license by examination or credentials, and does not qualify for licensure by verification pursuant to Iowa Code section 272C.12, the applicant must meet the requirements of this rule in addition to meeting the other requirements for licensure specified in rule 481—572.3(147,153).

572.4(1) Applications for licensure of graduates of foreign dental schools shall include the following:

a. Evidence of successful completion of dental education that is substantially equivalent to a DDS or DMD degree issued by an accredited school. The applicant may demonstrate this by meeting one of the following requirements:

(1) Successful completion of an undergraduate supplemental dental education program of at least two academic years at an accredited dental school and receipt of a dental diploma, degree or certificate substantially equivalent to a DDS or DMD degree;

(2) Successful completion of a postgraduate general practice residency program of at least one academic year at an accredited dental college; or

(3) Results of a formal evaluation of the applicant's foreign dental education by a board-approved professional credentialing organization. The results of the evaluation must indicate that the nonaccredited dental education completed was substantially equivalent to that of an accredited dental school.

b. A final, official transcript verifying graduation from the foreign dental school at which the applicant originally obtained a dental degree. If the transcript is written in a language other than English, an original, official translation will also be submitted.

c. Verification, when applicable, from the appropriate governmental authority that the applicant was licensed or otherwise authorized by law to practice dentistry in another country and that no adverse action was taken against the license.

d. The applicant will demonstrate to the satisfaction of the board an ability to read, write, speak, understand, and be understood in the English language. The applicant may demonstrate English proficiency by achieving a score sufficient to be rated in the highest level of ability on each section of the Test of English as a Foreign Language (TOEFL) as administered by the Educational Testing Service (ETS), or other evidence approved by the board.

572.4(2) An applicant for licensure who is a graduate of a foreign dental school shall comply with one of the following:

a. Has practiced dentistry in another state, district, territory or country within three years of the date of application; or

b. Has successfully completed a clinical examination or assessment within three years of the date of application to demonstrate ongoing clinical competency.

This rule is intended to implement Iowa Code section 272C.12 and chapters 147 and 153.

[**ARC 8986C**, IAB 3/5/25, effective 4/9/25]

481—572.5(153) Dental assistant registration.

572.5(1) Applications for dental assistant registration must include the following:

a. Evidence of board-approved education and training. Education and clinical training may be satisfied by meeting one of the following:

(1) Clinical experience as a dental assistant trainee until competency is achieved as determined by the supervising dentist;

(2) Clinical experience as a dental assistant in another state, district or territory within five years prior to the date of application and competency is verified by the supervising dentist; or

(3) Graduation from an accredited dental assisting program.

b. The application fee as specified in 481—Chapter 571.

c. Evidence of successful completion of board-approved examination in the areas of infection control, hazardous materials, and jurisprudence as specified in rules 481—572.15(147,153) and 481—572.16(147,153), and dental radiography, if the applicant is also applying for a qualification in dental radiography.

d. Evidence of meeting the requirements of rule 481—572.6(136C,153) if the applicant intends to engage in dental radiography.

572.5(2) A dental assistant who is licensed or registered in another jurisdiction but who is unable to satisfy the requirements for registration in this rule may be eligible to apply for registration by verification pursuant to rule 481—572.7(272C).

This rule is intended to implement Iowa Code sections 147.34, 153.39 and 272C.12.

[**ARC 8986C**, IAB 3/5/25, effective 4/9/25]

481—572.6(136C,153) Dental radiography qualification.

572.6(1) Applicants for a radiography qualification must also be a dental assistant pursuant to Iowa Code chapter 153 or hold an active license issued by the board of nursing.

572.6(2) Applications for dental radiography qualification must include the following:

a. Evidence of successful completion, within the previous five years, of education and clinical training in the area of dental radiography. The education and clinical training may be satisfied by meeting one of the following:

(1) Completion of on-the-job training in dental radiography until competency is achieved as determined by the supervising dentist;

(2) Practice as a dental assistant in another state that included clinical experience taking dental radiographs within the previous five years;

(3) Graduation from an accredited dental assisting program; or

(4) Certification from the Dental Assisting National Board (DANB) that includes dental radiography and was issued within five years of the date of application.

b. The application fee as specified in 481—Chapter 571.

c. Evidence of successful completion a board-approved examination in the area of dental radiography in accordance with rule 481—572.16(147,153).

This rule is intended to implement Iowa Code sections 136C.3 and 153.39.

[**ARC 8986C**, IAB 3/5/25, effective 4/9/25; **ARC 0247D**, IAB 4/29/26, effective 6/3/26]

481—572.7(272C) Licensure or registration by verification. Applicants may be eligible for licensure or registration by verification pursuant to Iowa Code section 272C.12. Applicants are required to hold a current license or registration in the same profession in at least one other jurisdiction that has a scope or practice that is substantially similar to that of Iowa.

572.7(1) Applications must include the following:

a. The applicable application fees, including the background check fee for applicants of a dental or dental hygiene license, as specified in 481—Chapter 571.

b. For dental or dental hygiene applicants, a completed packet to facilitate a criminal history background check.

c. A verification form, completed by the licensing authority in the jurisdiction that issued the applicant's license or registration, verifying that the applicant's license or registration in that jurisdiction

complies with the requirements of Iowa Code section 272C.12. The completed verification form must be sent directly from the licensing authority to the board.

d. Evidence of successful completion of a board-approved jurisprudence examination, pursuant to rule 481—572.15(147,153).

e. Copies of a complete criminal record, if the applicant has a criminal history.

f. A copy of the relevant disciplinary documents, if another jurisdiction has taken disciplinary action against the applicant.

g. A written statement from the applicant detailing the scope of practice in the other state.

h. Copies of relevant laws setting forth the scope of practice in the other state.

572.7(2) If another jurisdiction has taken disciplinary action against an applicant, the board will determine whether the cause for the disciplinary action has been corrected and the matter has been resolved. If the board determines the disciplinary matter has not been resolved, the board will neither issue nor deny a license or registration until the matter is resolved. A person who has had a license or registration revoked, or voluntarily surrendered a license or registration, in another jurisdiction is ineligible for licensure or registration by verification.

572.7(3) If an applicant is currently the subject of a complaint, allegation, or investigation relating to unprofessional conduct pending before any regulating entity in another jurisdiction, the board will neither issue nor deny a license or registration until the complaint, allegation, or investigation is resolved.

572.7(4) Applicants who satisfy all requirements for a license or registration under this rule except for passing the jurisprudence examination may be issued a temporary license or registration in accordance with the following:

a. A temporary license or registration is valid for a period of three months.

b. A temporary license or registration may be renewed once for an additional period of three months if the applicant has not failed the jurisprudence examination.

c. A temporary licensee or registrant shall display the board-issued license or registration renewal card that indicates the license or registration is temporary, which will satisfy the requirements in rule 481—574.2(147,153).

d. The temporary licensee or registrant must submit proof of passing the jurisprudence examination before the temporary license or registration expires. When the temporary licensee or registrant submits proof of passing the jurisprudence examination, the temporary license or registration will convert to a standard license or registration and be assigned an expiration date consistent with standard licenses or registrations.

e. If the temporary licensee or registrant does not submit proof of passing the jurisprudence examination prior to the expiration of the temporary license or registration, the temporary licensee or registrant must cease practice until a standard license or registration is issued.

This rule is intended to implement Iowa Code section 272C.12.

[**ARC 8986C**, IAB 3/5/25, effective 4/9/25]

481—572.8(153) Resident license.

572.8(1) A dentist or dental hygienist seeking permission to practice as a resident, intern or graduate student at an accredited teaching or educational institution offering advanced education courses may apply for a resident license in lieu of a permanent license.

572.8(2) Applicants for a resident license are exempt from providing evidence of current CPR certification. Applications for resident license must include the following:

a. Evidence from the dean or designated administrative officer of the accredited school confirming enrollment as a resident, intern or graduate student.

b. A signed written statement that includes the anticipated date of completion of the program from a dentist who holds an active Iowa license or faculty permit, who proposes to exercise supervision and direction over said applicant.

c. Satisfactory evidence of graduation from an accredited school of dentistry, dental hygiene, or other school approved by the board or license registration committee as authorized by the board.

d. The appropriate fee as specified in 481—Chapter 571.

e. Clinical experience or assessment as evidenced by one of the following:

(1) The applicant has practiced clinically in another state, district, territory or country within three years of the date of application; or

(2) The applicant has successfully completed a clinical examination or assessment within three years of the date of application to demonstrate ongoing clinical competency.

572.8(3) If approved, a resident license shall allow the licensee to serve as a resident, intern, or graduate student under the supervision of a licensed or permitted faculty member at an accredited school or program approved by the board.

a. A resident license will expire on the expected date of completion of the resident training program as reported on the application.

b. If a licensee leaves the institution during the anticipated term of the resident license, the license shall be considered null and void. The director of the resident training program should notify the board within 30 days of the licensee's terminating from the program.

c. A resident license may be extended past the original expected completion date of the training program at the discretion of the board or the license and registration committee as authorized by the board. A licensee who wishes to extend the expiration date of the license shall submit an extension application that includes the following:

(1) A statement explaining the need for an extension;

(2) The fee in the amount specified in 481—Chapter 571; and

(3) A statement from the director of the resident training program attesting to the progress of the resident; the new expected date of completion; and whether any warnings have been issued, investigations conducted or disciplinary actions taken, whether by voluntary agreement or formal action.

d. The director of the resident training program should report any warnings that have been issued, investigations conducted or disciplinary actions taken, whether by voluntary agreement or formal action.

e. A resident licensee who changes resident training programs, including the pursuit of another postgraduate degree, shall apply for a new resident license and include a statement from the program director documenting the applicant's progress.

572.8(4) No examination or continuing education will be required for this license.

This rule is intended to implement Iowa Code section 153.22.

[**ARC 8986C**, IAB 3/5/25, effective 4/9/25]

481—572.9(153) Dental college and dental hygiene program faculty permits.

572.9(1) The board may issue a faculty permit entitling the holder to practice dentistry or dental hygiene as a faculty member within an accredited school or program and affiliated teaching facilities in lieu of a permanent license.

572.9(2) Applications for a faculty permit shall include the following:

a. Evidence from the dean or designated administrative officer of the accredited school confirming the employment of the applicant as faculty member who is not licensed to practice dentistry or dental hygiene in Iowa.

b. The nonrefundable application fees, including the fingerprint packet and background check fee as specified in 481—Chapter 571.

c. Information regarding the professional qualifications and background of the applicant, including evidence of having graduated from an accredited school or other program approved by the board or the license and registration committee as authorized by the board.

d. A completed packet to facilitate the criminal history background check by the DCI and FBI.

e. If the applicant is licensed by another jurisdiction, the applicant shall furnish evidence from the licensing board of that jurisdiction that the applicant is licensed in good standing and has not been the subject of final or pending disciplinary action.

f. The results of a self-query of the NPDB.

g. Evidence of successful completion of a jurisprudence examination pursuant to rule 481—572.15(147,153).

h. Clinical experience or assessment as evidenced by one of the following:

(1) The applicant has practiced clinically in another state, district, territory or country within three years of the date of application; or

(2) The applicant has successfully completed a clinical examination or assessment within three years of the date of application to demonstrate ongoing clinical competency.

572.9(3) A faculty permit shall expire on August 31 of every even-numbered year and may be renewed on a biennial basis. The faculty permit will be valid so long as the holder remains a faculty member at an accredited school in Iowa.

572.9(4) A faculty permit may be renewed in accordance with rule 481—572.20(147,153,272C) and 481—Chapter 573.

This rule is intended to implement Iowa Code section 153.37.

[**ARC 8986C**, IAB 3/5/25, effective 4/9/25]

481—572.10(147,153) Requirements for issuance and renewal of a local anesthesia permit. To administer local anesthesia, a dental hygienist shall hold a current permit pursuant to 481—Chapter 576.

572.10(1) Applicants for local anesthesia permits are exempt from providing evidence of current CPR certification. Applications for a local anesthesia permit must include the following:

a. The fee for a local anesthesia permit as specified in 481—Chapter 571; and

b. Evidence that the applicant meets one of the following requirements:

(1) Successful completion, within the previous 36 months, of formal training in the administration of local anesthesia that includes training in block and infiltration anesthesia at an accredited school or other training program approved by the dental hygiene committee;

(2) Successful completion, within the previous 36 months, of a clinical examination in the administration of local anesthesia by a testing center approved by the board in accordance with rule 481—572.14(147,153); or

(3) For applicants who completed training or examination more than 36 months prior to application, evidence of formal training in the administration of local anesthesia and a statement attesting to ongoing practice within the previous 36 months in the administration of local anesthesia in another state or jurisdiction that authorizes a dental hygienist to administer local anesthesia.

572.10(2) The permit shall expire on August 31 of every odd-numbered year. To renew the permit, the dental hygienist must submit a timely application for renewal with evidence of holding an active Iowa dental hygiene license and submit the renewal fee as specified in 481—Chapter 571.

572.10(3) Failure to meet the requirements for renewal prior to November 1 following the permit's expiration will cause the permit to lapse and become invalid.

572.10(4) A permit that has lapsed may be reactivated upon the permit holder's application for reactivation, payment of the reactivation fee as specified in 481—Chapter 571, and evidence of a current Iowa dental hygiene license. A permit that has been lapsed for more than 36 months may be reinstated if the applicant also submits evidence of satisfying the requirements of paragraph 572.10(1)*"b."*

This rule is intended to implement Iowa Code sections 147.10 and 147.80 and chapter 153.

[**ARC 8986C**, IAB 3/5/25, effective 4/9/25; Editorial change: IAC Supplement 1/7/26]

481—572.11(153) Requirements for issuance or renewal of a moderate sedation or general anesthesia permit. Pursuant to 481—Chapter 579, dentists who wish to utilize moderate sedation, deep sedation, or general anesthesia in Iowa must possess a current permit issued by the board.

572.11(1) Applications for moderate sedation or general anesthesia permits must include the following:

a. The fee specified in 481—Chapter 571.

b. To qualify for a moderate sedation permit, evidence of having successfully completed approved education and training, which includes the following:

(1) A minimum of 60 hours of instruction and management of at least 20 patients, or an accredited residency program that includes formal training and clinical experience in moderate sedation;

(2) Rescuing patients from a deeper level of sedation than intended, including managing the airway, intravascular or intraosseous access, and reversal medications;

(3) For a dentist who intends to administer moderate sedation to pediatric or American Society of Anesthesiologists (ASA) III or IV patients, an accredited residency program that includes formal training in anesthesia and clinical experience in managing pediatric or ASA III or IV patients; and

(4) Current Advanced Cardiac Life Support (ACLS) or Pediatric Advanced Life Support (PALS) certification.

c. To qualify for a general anesthesia permit, evidence of having successfully completed the following education and training:

(1) An accredited advanced education program that provides training in moderate sedation, deep sedation and general anesthesia;

(2) A minimum of one year of advanced training in anesthesiology and related academic subjects beyond the undergraduate dental school level at an accredited advanced education program;

(3) Formal training in airway management; and

(4) Current ACLS certification.

572.11(2) Prior to issuance of a new permit, all facilities where the applicant intends to provide sedation services must have passed inspection by the board or designated agent pursuant to 481—Chapter 579.

572.11(3) The applicant may be required to complete a peer review evaluation or comply with any additional requirements deemed necessary to determine competency in the administration of moderate sedation, deep sedation, or general anesthesia, if requested by the board or the Anesthesia Credentials Committee (ACC), prior to issuance of a permit.

572.11(4) Applications for a moderate sedation or general anesthesia permit will be reviewed by the ACC or the board as deemed necessary to ensure compliance with this rule and 481—Chapter 579. Following review of an application, the ACC or the board may take action, in accordance with rule 481—572.22(147,153,272C).

572.11(5) Moderate sedation and general anesthesia permits will expire on August 31 of every even-numbered year. A permit may be renewed by submitting an application for renewal, maintaining an active Iowa dental license or faculty permit, and complying with the following:

a. Payment of the renewal fee as specified in 481—Chapter 571;

b. Evidence of current ACLS or PALS certification; and

c. Evidence of a minimum of six hours of continuing education in the area of sedation. These hours may also be applied toward the renewal of a dental license or faculty permit.

572.11(6) Failure to renew the permit prior to November 1 following its expiration will cause the permit to lapse and become invalid for practice. Permits that have lapsed may be reactivated upon submission of a new application in compliance with this rule. Applications for reactivation of a lapsed permit within six months may be administratively approved, so long as the application satisfies the requirements of this rule.

This rule is intended to implement Iowa Code sections 147.10, 147.11 and 272C.3 and chapter 153.

[**ARC 8986C**, IAB 3/5/25, effective 4/9/25]

481—572.12(153) Temporary permit.

572.12(1) The board may issue a temporary permit authorizing the permit holder to practice dentistry or dental hygiene on a short-term basis in Iowa at a specific location or locations to fulfill an urgent need, serve an educational purpose, or provide volunteer services. A temporary permit is not meant as a way to practice before a permanent license is granted or as a means to practice because the applicant does not fulfill the requirements for permanent licensure. A temporary permit may be granted on a case-by-case basis.

a. The board may issue a temporary permit for a specified period up to six months.

b. A person may be issued no more than two temporary permits to fulfill an urgent need or serve an educational purpose unless the request is prior-approved by the board.

c. If the permit expires, the need changes or the permit holder wishes to continue in short-term assignments in other Iowa locations, the permit holder will be required to apply for a new temporary permit or seek permanent licensure, except when volunteering dental services in accordance with this rule.

d. A temporary permit to provide volunteer services is restricted to free clinics or dental clinics for nonprofit organizations as described under Section 501(c)(3) of the Internal Revenue Code. Temporary permit holders will not receive compensation for dental services provided.

572.12(2) Applications for a temporary permit to fulfill an urgent need or serve an educational purpose must include the following:

a. Satisfactory evidence of graduation with a DDS or DMD degree for applicants seeking a temporary permit to practice dentistry, or satisfactory evidence of graduation from an accredited dental hygiene school for applicants seeking a temporary permit to practice dental hygiene.

b. The fee for a temporary permit to fulfill an urgent need or serve an educational purpose as specified in 481—Chapter 571.

c. Certification from the state board of dentistry, or equivalent authority, from a state in which the applicant has been licensed and practicing for at least three years immediately preceding the date of application. Applicants who have been the subject of final or pending disciplinary action may not be eligible for a temporary permit.

d. Evidence that at least one license was issued on the basis of clinical examination.

e. A request from those individuals or organizations seeking the applicant's services that establishes, to the board's satisfaction, justification for the temporary permit, the dates the applicant's services are needed, and the location or locations where those services will be delivered.

572.12(3) Applications for temporary permits to provide volunteer services must include the following:

a. The name, address, and contact information of the applicant; the location of the free clinic or dental clinic for a nonprofit organization; and the dates on which the volunteer services will be provided.

b. A certification of license (or substantially similar document) from the appropriate licensing board of the applicant's primary jurisdiction.

c. A detailed statement disclosing any pending disciplinary actions or criminal charges against the applicant.

d. A statement from the applicant seeking the temporary permit that the applicant will practice only in a free dental clinic or dental clinic for a nonprofit organization and that the applicant will not receive compensation directly or indirectly for providing dental services.

This rule is intended to implement Iowa Code section 153.19.

[**ARC 8986C**, IAB 3/5/25, effective 4/9/25]

481—572.13(153) Retired volunteer license.

572.13(1) Upon application and qualification, the board may issue a retired volunteer license to a dentist or dental hygienist who has retired from the practice of dentistry or dental hygiene to enable the dentist or dental hygienist to provide volunteer dental or dental hygiene services without remuneration. A person holding a retired volunteer license must comply with the following:

a. Cannot charge a fee or receive compensation in any form from any person or third-party payer, including but not limited to an insurance company, health plan, or state or federal benefit program.

b. Cannot prescribe, administer, or dispense prescription drugs and all controlled substances.

c. Comply with all rules and regulations governing the practice of dentistry or dental hygiene except those related to the payment of fees, license renewal, and continuing education.

572.13(2) Applicants for a retired volunteer license are exempted from providing evidence of current CPR certification. Applications for retired volunteer licenses must include the following:

a. Satisfactory evidence that the applicant has retired from practice; and

b. Satisfactory evidence demonstrating that:

(1) The applicant has held an active dental or dental hygiene license within the previous five years; or

(2) The applicant possesses sufficient knowledge and skill to practice safely and competently if the applicant has not held an active dental or dental hygiene license within the previous five years.

572.13(3) The board will not charge an application or licensing fee for issuance of a retired volunteer license.

572.13(4) An applicant who has surrendered, resigned, converted, or allowed a license to lapse or expire as the result of or in lieu of disciplinary action is not eligible for a retired volunteer license.

572.13(5) A retired volunteer license is valid for 12 months from the date of issuance, at which time it expires and becomes invalid. A retired volunteer license holder whose license has become invalid is prohibited from the practice of dentistry or dental hygiene until a new retired volunteer license is issued.

572.13(6) A retired volunteer license is not considered to be an active license to practice dentistry or dental hygiene and cannot be converted to any regular license type.

572.13(7) A person holding an inactive Iowa dental or dental hygiene license may also hold a retired volunteer license.

572.13(8) A person holding a retired volunteer license will notify the board of any change in name or home address within seven days of the change. A copy of a certified marriage license or copy of certified court documents is required for proof of a name change.

This rule is intended to implement Iowa Code section 153.23.

[**ARC 8986C**, IAB 3/5/25, effective 4/9/25]

481—572.14(147,153) Clinical examination required for licensure.

572.14(1) Pursuant to Iowa Code section 147.34, the board and dental hygiene committee will approve examinations for the purposes of licensure. Applicants shall comply with the following:

a. Examinees must meet the requirements for testing and follow procedures established by each respective testing agency. Examinees must take all parts offered by the respective testing agency, including the periodontal scaling component for dental examinees if offered by the testing agency.

b. The examinee must attain a passing score on each clinical and written portion of the examination.

c. Applicants for licensure pursuant to rule 481—572.3(147,153) must provide evidence of successful completion of a board-approved clinical examination unless exempted by rule.

572.14(2) For the purposes of licensure, the board accepts patient-based and simulated clinical examinations administered by the testing agencies as follows:

a. Central Regional Dental Testing Service, Inc. (CRDTS);

b. CDCA-WREB-CITA, which was previously the Commission on Dental Competency Assessments (CDCA), the Western Regional Examining Board (WREB), and the Council of Interstate Testing Agencies, Inc. (CITA); and

c. The States Resources for Testing and Assessments (SRTA), previously known as the Southern Regional Testing Agency, Inc.

572.14(3) The board on its own motion may monitor or review any clinical examinations already approved by the board. Upon evidence that a clinical examination fails to satisfactorily demonstrate clinical competency to practice dentistry or dental hygiene, the board may revoke the approval of a clinical examination.

572.14(4) For the purposes of counting examination failures, the board and dental hygiene committee may utilize policies adopted by each respective testing agency. An examinee will only need to retake those parts of the examination that the examinee failed. However, an examinee who has not passed all parts of the examination within the time frame specified by the testing agency may be required to retake the entire examination at the discretion of the testing agency. The examinee should refer to the policies of the testing agency to determine applicable standards and time frames.

572.14(5) Following a second or subsequent failure, an examinee must complete additional formal education or clinical experience at an accredited school or other program approved by the board. Ongoing education and training completed by the examinee prior to graduation from an accredited school will be accepted for the purposes of remediation. The applicant will provide evidence of remediation upon request.

a. Prior to the third examination attempt, an examinee must complete additional formal education or clinical experience.

b. Prior to the fourth examination attempt, an examinee must successfully complete a minimum of 40 hours of formal education or clinical experience.

c. For subsequent examination attempts, an examinee must successfully complete a minimum of 40 hours of formal education or clinical experience following each failure.

572.14(6) If an examinee applies for an examination after having failed any other state or regional examination, the failure shall be counted for the purposes of retakes.

This rule is intended to implement Iowa Code sections 147.34, 147.36, 272C.3, 272C.9, and 272C.13 and chapter 153.

[**ARC 8986C**, IAB 3/5/25, effective 4/9/25]

481—572.15(147,153) Jurisprudence examination.

572.15(1) An applicant for a dental or dental hygiene license, faculty permit, or registration as a dental assistant must successfully complete a board-approved examination in the area of Iowa jurisprudence with a minimum score of 75 percent. An examinee may be required to meet such other requirements as may be imposed by the board's approved testing locations.

572.15(2) The following examinations are approved for the purposes of this chapter:

a. Board-approved examinations;

b. Examinations administered by accredited schools or programs located in Iowa; and

c. Board-approved continuing education courses that include a posttest examination and that have been approved by the board.

This rule is intended to implement Iowa Code sections 147.34, 147.36, 272C.3, 272C.9 and 272C.13 and chapter 153.

[**ARC 8986C**, IAB 3/5/25, effective 4/9/25]

481—572.16(147,153) Examinations for registration or qualification.

572.16(1) An applicant for dental assistant registration must successfully complete examinations as required pursuant to rule 481—572.5(153).

572.16(2) An application for radiography qualification must successfully complete the examination as required pursuant to rule 481—572.6(136C,153).

572.16(3) An applicant may complete a single comprehensive examination or complete separate board-approved examinations in the required areas.

a. The following examinations are approved for the purposes of this subrule:

(1) Board-approved examinations;

(2) The DANB's Infection Control Examination (ICE);

(3) The DANB's Radiation Health and Safety (RHS) Examination;

(4) Examinations administered by accredited schools' dental assisting programs; or

(5) Board-approved continuing education courses that include posttest examination.

b. A score of 75 percent or better on the board-approved examinations will be considered successful completion of the examination. The board also accepts the passing standard established by the DANB for applicants who take the ICE or RHS examination.

c. An examinee may be required to meet such other requirements as may be imposed by the board's approved testing locations.

This rule is intended to implement Iowa Code sections 147.34, 147.36, 272C.3, 272C.9 and 272C.13 and chapter 153.

[**ARC 8986C**, IAB 3/5/25, effective 4/9/25]

481—572.17(147,153,272C) Renewal of a license, permit, registration, or qualification.

572.17(1) To continue practicing in Iowa, a license, permit, registration, or qualification must be renewed prior to its expiration date.

a. Dental hygiene licenses, local anesthesia permits, dental assistant registrations, and dental radiography qualifications expire on August 31 of every odd-numbered year.

b. Dental licenses, faculty permits, moderate sedation permits, and general anesthesia permits expire August 31 of every even-numbered year.

572.17(2) The department will email a renewal notice to each licensee, registrant and permit holder at the most recent email address of record.

a. The licensee, registrant, or permit holder is responsible for successfully completing renewal prior to the license's, registration's or permit's expiration. Failure to receive the renewal notice does not eliminate the responsibility for submitting a timely-filed renewal in order to continue practicing in the state of Iowa.

b. Renewal applications are not considered timely and complete until received by the department and accompanied by all material required for renewal and all applicable fees. Incomplete applications will not be issued renewal.

572.17(3) Applications for renewal must include the following:

a. The appropriate fee, including a penalty for late renewal when applicable, as specified in 481—Chapter 571 must accompany the application for renewal.

b. Licensees, registrants, and permit holders are required to complete continuing education in accordance with 481—Chapter 573 unless claiming a permissible exemption.

572.17(4) Iowa-licensed nurses applying for renewal of a radiography qualification are exempt from providing evidence of current CPR certification.

This rule is intended to implement Iowa Code sections 147.10, 147.25 and 147.80 and chapters 136C, 153 and 272C.

[**ARC 8986C**, IAB 3/5/25, effective 4/9/25]

481—572.18(147,153,272C) Grounds for nonrenewal. The board may refuse to renew a license, registration, permit or qualification on the following grounds:

572.18(1) After proper notice and hearing for a violation of these rules or Iowa Code chapter 147, 153 or 272C.

572.18(2) Failure to pay required fees.

572.18(3) Failure to obtain required continuing education.

572.18(4) Failure to maintain current certification in CPR that includes a hands-on component, or ACLS or PALS certification when required by rule.

572.18(5) Receipt of a certificate of noncompliance from the child support recovery unit of the department of health and human services in accordance with 481—Chapter 8.

This rule is intended to implement Iowa Code section 153.31 and chapters 147, 252J and 272C.

[**ARC 8986C**, IAB 3/5/25, effective 4/9/25]

481—572.19(147,153,272C) Late renewal. Failure to renew a license, permit, registration or qualification prior to the expiration date will result in the assessment of a late fee in the amount specified in 481—Chapter 571 in addition to the renewal fee.

572.19(1) Failure to renew prior to September 1 following expiration will result in the assessment of a late fee in the amount specified in 481—Chapter 571 in addition to the renewal fee.

572.19(2) Failure to renew prior to October 1 following expiration will result in the assessment of a late fee in the amount specified in 481—Chapter 571 in addition to the renewal fee.

572.19(3) Failure to renew prior to November 1 following expiration will cause the license, permit, registration, or qualification to lapse and become invalid. A licensee, permit holder, or registrant whose license, permit, registration, or qualification has lapsed is prohibited from the practice of dentistry, dental hygiene, dental assisting or dental radiography until the license, permit, registration or qualification is reinstated in accordance with rule 481—571.20(147,153,272C).

This rule is intended to implement Iowa Code sections 147.10, 147.11 and 272C.2.

[**ARC 8986C**, IAB 3/5/25, effective 4/9/25]

481—572.20(147,153,272C) Reinstatement or reactivation of a lapsed license, permit, registration or qualification.

572.20(1) A lapsed license, permit, registration or qualification may be reactivated at the discretion of the board. Applications for reactivation must include the following:

a. Payment of a reactivation application fee plus one past-due renewal fee as specified in 481—Chapter 571;

b. For reactivation of a lapsed dental or dental hygiene license, a completed criminal history background packet, including the fee as specified in 481—Chapter 571, to facilitate a criminal history background check by the DCI and the FBI;

c. Evidence of completion of continuing education required for renewal in accordance with 481—Chapter 573 that has not been previously reported to the board, or evidence of the full- or part-time practice of the profession in another state, district or territory for a minimum of two years within the previous five-year period;

d. If licensed or registered in another state, district or territory, certification by the licensing authority of the license or registration status and that the licensee or registrant has not been the subject of final or pending disciplinary action;

e. A detailed statement disclosing any disciplinary actions, investigations, claims, complaints, judgments, settlements or criminal charges.

f. Pursuant to Iowa Code section 147.11, applicants for reinstatement, following the revocation, suspension, or acceptance of a voluntary surrender by this board, must comply with any additional stipulations issued by the board prior to the reactivation of the license, registration, permit or qualification.

572.20(2) The board or dental hygiene committee may require a licensee or registrant who is applying for reactivation, and who has not actively practiced clinically within five years immediately preceding the date of application, to successfully complete a board-approved examination or assessment for the purpose of ensuring that the applicant possesses sufficient knowledge and skill to practice safely.

This rule is intended to implement Iowa Code sections 147.10, 147.11 and 272C.2.

[**ARC 8986C**, IAB 3/5/25, effective 4/9/25]

481—572.21(136C,153) Reactivation of lapsed radiography qualification.

572.21(1) A registered dental assistant or licensed nurse whose radiography qualification has lapsed may have the radiography qualification reactivated at the discretion of the board. In addition to the application requirements specified in rule 481—572.20(147,153,272C), applicants for reactivation must also submit evidence of the following:

a. Current practice as a dental assistant or an Iowa nursing license; and

b. Evidence of one of the following:

(1) If the radiography qualification has been lapsed for less than five years, a minimum of two hours of continuing education in the subject area of dental radiography, taken within the previous two-year period;

(2) If the radiography qualification has been lapsed for more than five years, the applicant has retaken and successfully completed a board-approved examination in dental radiography; or

(3) Current radiography qualification issued by another state, district or territory, and a statement detailing the clinical practice in dental radiography in that jurisdiction for a minimum of two years in the previous five-year period.

572.21(2) Iowa-licensed nurses applying for reactivation of a radiography qualification are exempt from providing evidence of current CPR certification.

This rule is intended to implement Iowa Code sections 147.10, 147.25 and 147.80 and chapters 136C, 153 and 272C.

[**ARC 8986C**, IAB 3/5/25, effective 4/9/25; **ARC 0247D**, IAB 4/29/26, effective 6/3/26]

481—572.22(147,153,272C) Grounds for action against a license, permit, registration or qualification.

572.22(1) Following review of an application, including applications for reinstatement or reactivation, the board may take action against a license, permit, registration or qualification if the board finds that any of the following apply to the applicant:

a. Has been the subject of disciplinary action taken against a license or registration in another state, district, or territory, and the violations that resulted in such action would also be grounds for discipline in Iowa in accordance with 481—Chapter 581;

b. Failed to justify the need for a temporary permit;

c. Practiced outside the scope of practice as permitted by Iowa law; or

d. Found probable cause for any of the grounds for which licensure or registration may be subject to disciplinary action, including revocation or suspension, as specified in Iowa Code chapters 147, 153 and 272C and 481—Chapter 581.

572.22(2) The board may take action against an applicant for license, permit, registration or qualification as follows:

a. Impose applicable restrictions or sanctions pursuant to rule 481—581.1(147,153,272C) as a condition of licensure, permit, registration, qualification or reinstatement;

b. Issue a notice of intent to cancel a temporary permit or retired volunteer license;

c. Issue a notice of intent to deny issuance or reactivation of a license, permit, registration or qualification;

d. Initiate disciplinary action against the license, permit, registration or qualification; or

e. Initiate other confidential action as permitted by Iowa law.

572.22(3) If the board pursues formal action against an applicant pursuant to this rule, the board will promptly notify the applicant by certified mail at the applicant's last-known address or by personal service.

572.22(4) The provisions of 481—Chapter 506 shall govern a contested case proceeding.

572.22(5) The procedure for appealing a decision of the board in a contested case is set forth in 481—Chapter 506.

[**ARC 8986C**, IAB 3/5/25, effective 4/9/25]

This rule is intended to implement Iowa Code chapters 147, 153 and 272C.

[Editorial change: IAC Supplement 1/7/26]

[Filed ARC 0247D (Amended Notice ARC 0071D, IAB 2/18/26; Notice ARC 9785C, IAB 12/10/25), IAB 4/29/26, effective 6/3/26]

CHAPTER 573
DENTAL CONTINUING EDUCATION

Chapter rescission date pursuant to Iowa Code section 17A.7: 4/9/30

481—573.1(153) Continuing education requirements.

573.1(1) Prior to renewal, licensees and registrants are responsible for completing continuing education as follows unless claiming a permissible extension or exemption:

a. Each person who holds a license or faculty permit to practice dentistry: a minimum of 30 hours.

b. Each person who holds a license or faculty permit to practice dental hygiene: a minimum of 30 hours.

c. Each person registered to practice dental assisting: a minimum of 20 hours.

d. Each dental assistant or licensed nurse who holds a radiography qualification: a minimum of two hours in the area of dental radiography. These hours may also be applied toward the requirements as stipulated in paragraph 573.1(1)*"c."*

e. Pursuant to Iowa Code chapters 232 and 235B, mandatory reporter training for child abuse and dependent adult abuse. Licensees and registrants who regularly provide or assist with dental services to patients in Iowa are responsible for completing mandatory reporter training within six months of employment or prior to the expiration of a current certificate.

(1) Licensees and registrants who regularly provide dental services to children shall complete training pertaining to identifying and reporting abuse in children. Completion of this component of the mandatory reporter training results in two hours of continuing education credit.

(2) Licensees and registrants who regularly provide dental services to adults shall complete training pertaining to identifying and reporting abuse in dependent adults. Completion of this component of the mandatory reporter training results in two hours of continuing education credit.

f. Pursuant to 481—Chapter 572, cardiopulmonary certification, which results in a maximum of three hours of continuing education credit. Certification in pediatric advanced life support (PALS) or advanced cardiac life support (ACLS) results in hour-for-hour credit.

g. A minimum of one hour of continuing education in the area of infection control. The course content should focus on infection control standards, as required by the U.S. Centers for Disease Control and Prevention of the U.S. Department of Health and Human Services.

h. A minimum of one hour of continuing education in the area of Iowa jurisprudence related to the practice of dentistry, dental hygiene and dental assisting.

i. As a condition of license renewal, for a licensed dentist who has prescribed opioids to a patient during the biennium renewal period, a minimum of one hour of continuing education on opioids.

(1) This training shall include guidelines for prescribing opioids, including recommendations on limitations of dosages and the length of prescriptions, risk factors for abuse, and nonopioid and nonpharmacological therapy options. If the continuing education did not cover the U.S. Centers for Disease Control and Prevention guideline for prescribing opioids for chronic pain, the licensee shall read the guideline prior to license renewal.

(2) A licensed dentist who did not prescribe opioids during the biennium renewal period may attest that the dentist is not subject to this requirement due to the fact that the dentist did not prescribe opioids during the time period.

573.1(2) Licensees and registrants may apply completed continuing education hours that meet the requirements of paragraphs 573.1(1)*"d"* through *"h"* toward the requirements for renewal of the license or registration.

573.1(3) The continuing education compliance period shall be the 24-month period commencing September 1 and ending on August 31 of the renewal cycle, except when applying continuing education hours from the previous renewal period in accordance with this rule.

573.1(4) Licensees and registrants may obtain continuing education credit by attending and participating in continuing education activities that meet the requirements of this chapter.

573.1(5) Pursuant to Iowa Code section 272C.2(2)*"h,"* licensees and registrants who complete continuing education hours in excess of the requirements for renewal may apply up to 50 percent of the required hours to the following renewal period. Hours may be carried forward as follows:

a. Licensees and faculty permit holders may apply a maximum of 15 hours from the previous renewal period.

b. Registered dental assistants may apply a maximum of ten hours from the previous renewal period.

c. Licensees and registrants may not carry forward hours for courses in the areas of cardiopulmonary resuscitation (CPR), infection control, jurisprudence, dental radiography, or opioids completed during the previous renewal period.

[**ARC 8987C**, IAB 3/5/25, effective 4/9/25; **ARC 0247D**, IAB 4/29/26, effective 6/3/26]

481—573.2(153) Documentation of continuing education hours.

573.2(1) Licensees and registrants are responsible for obtaining evidence of successful completion for courses attended. The course sponsor should verify credit hours on the proof of attendance.

573.2(2) When applying for renewal, licensees and registrants will report the number of continuing education credit hours completed unless claiming an exemption pursuant to rule 481—573.5(153).

573.2(3) Every licensee and registrant should maintain a record of all courses attended by keeping evidence of continuing education for four years following renewal. The board reserves the right to audit the continuing education hours reported by any licensee or registrant. If selected for audit, the licensee or registrant is responsible for submitting copies of the certificates or other evidence.

[**ARC 8987C**, IAB 3/5/25, effective 4/9/25]

481—573.3(153) Acceptable programs and activities.

573.3(1) A continuing education activity is deemed to be acceptable if it meets the following criteria:

a. It constitutes an organized program of learning that contributes directly to the professional competency of the licensee or registrant and is of value to dentistry, is applicable to oral health care, or otherwise pertains to patient care;

b. It pertains to common subjects or other subject matters that relate to the practice of dentistry, dental hygiene, or dental assisting and that are intended to review or update knowledge of new or existing concepts and techniques and enhance the dental health of the public; and

c. It is developed or conducted by individuals who have sufficient education, training and experience to be knowledgeable in the subject matter. Continuing education activities that are developed or approved for continuing education credit by a nationally recognized organization, such as the American Dental Association, the Academy of General Dentistry or another dental specialty organization, would meet these criteria.

573.3(2) Types of activities acceptable for continuing dental education credit include:

a. A dental science course that includes topics that address the clinical practice of dentistry, dental hygiene, dental assisting and dental public health.

b. Courses pertaining to the practice of dentistry that include areas such as recordkeeping, medical conditions that may have an effect on oral health, ergonomics related to clinical practice, the Health Insurance Portability and Accountability Act (HIPAA), risk management, sexual boundaries, communication with patients, Occupational Safety and Health Administration (OSHA) regulations, and the discontinuation of practice related to the transition of patient care and patient records.

c. Sessions attended at a convention-type meeting that includes a variety of concurrent educational experiences directly related to the practice of dentistry. Attendees at a multiday convention may receive a maximum of 1.5 hours of credit per day with the maximum of 6 hours of credit allowed per biennium.

(1) Attendance of table clinic sessions will result in two hours of credit as verified by the sponsor, provided the subject matter conforms to this chapter.

(2) Presentation of an original table clinic session will result in four hours of continuing education credit as verified by the sponsor, provided the subject matter conforms to this chapter.

d. Postgraduate study relating to health sciences, which will result in 15 hours of continuing education per semester.

e. Successful completion of a recognized specialty examination or the Dental Assisting National Board (DANB) examination, which will result in 15 hours of continuing education credit.

f. Self-study activities, which are permitted with a maximum of 12 hours of continuing credit per renewal period.

g. Original presentation of continuing dental education courses, which will result in credit double that which is awarded to participants. Additional credit will not be granted for the repeating of presentations within the renewal period.

h. Teaching. Licensees and registrants who serve as adjunct faculty at an accredited school may claim continuing education credit for teaching that is part of the normal academic duties. Licensees and registrants may apply a maximum of six hours of credit per renewal period.

i. Publication of scientific articles in professional journals related to dentistry, dental hygiene, or dental assisting, which will result in 5 hours of continuing education credit per article with a maximum of 20 hours allowed per renewal period.

j. Delivery of volunteer dental services without compensation through a free clinic, the purpose of which is the delivery of health care services to low-income or underserved individuals. Licensees and registrants may claim one hour of continuing education credit for every three hours of volunteer dental services.

(1) The volunteer hours must be verified by the free clinic or the organization sponsoring the event where the volunteer services are provided.

(2) Licensees and faculty permit holders may apply a maximum of six hours of credit per renewal period.

(3) Registrants may apply a maximum of four hours of credit per renewal period.

573.3(3) Credit may be given for other continuing education activities upon approval by the board.

573.3(4) Continuing education courses in the areas of expanded functions or sedation must receive prior approval from the board, or committee approval as authorized, pursuant to 481—Chapter 577 and 481—subrule 572.11(1).

[**ARC 8987C**, IAB 3/5/25, effective 4/9/25]

481—573.4(153) Unacceptable programs and activities. Unacceptable subject matter and activity types for the purposes of renewal include but are not limited to personal development, business aspects of practice, business strategy, financial management, marketing, sales, practice growth, personnel management, insurance, and collective bargaining. While desirable, those subjects and activities are not applicable to dental skills, knowledge, and competence. Therefore, such courses will receive no credit toward renewal.

[**ARC 8987C**, IAB 3/5/25, effective 4/9/25]

481—573.5(153) Extensions and exemptions.

573.5(1) The board may, in individual cases involving physical disability or illness, grant an extension of the time to meet, or an exemption from, the continuing education requirements. Requests for extension or exemption should include a statement from a licensed health care professional confirming the disability or illness that resulted in the need for such a request. The board may, as a condition of the exemption, require the applicant to make up a certain portion or all of the continuing education requirements.

573.5(2) Extensions of or exemptions for continuing education requirements will be considered by the board on an individual basis. Licensees or registrants are exempt from the continuing education requirements for:

a. Periods that the person serves honorably on active duty in the military services;

b. Periods that the person practices the person's profession in another state, district, or territory that has a continuing education requirement for which the licensee or registrant meets all requirements;

c. Periods that the person is a government employee working in the person's licensed or registered specialty and assigned to duty outside the United States;

d. Other periods of active practice and absence from the state approved by the board; or

e. The first renewal period, or portion thereof, following original issuance of the license, permit or registration.

[**ARC 8987C**, IAB 3/5/25, effective 4/9/25]

481—573.6(153) Continuing education sponsors.

573.6(1) An organization or person that desires to offer continuing education courses or programs or other continuing education activities may do so provided that the sponsor complies with the requirements of this chapter. The board may request a sponsor to provide information about continuing education activities it offers, including names and qualifications of instructors.

573.6(2) The person or organization sponsoring continuing education activities is responsible for keeping a written record of the Iowa licensees or registrants in attendance, maintain the written record for a minimum of five years, and submit the record to the board upon the request. The sponsor of the continuing education activity will also provide proof of attendance and the number of credit hours awarded to the licensee or registrant who participates in the continuing education activity.

573.6(3) Programs sponsored by individuals or institutions for commercial or proprietary purposes, especially programs in which the speaker advertises or urges the use of any particular dental product or appliance should notify attendees of such. Sponsors may offer noncredit courses provided the participants are informed that no credit will be awarded.

[**ARC 8987C**, IAB 3/5/25, effective 4/9/25]

481—573.7(153) Review of programs or sponsors. The board reserves the right to monitor or review any continuing education program offered to Iowa licensees and registrants. Upon evidence of a failure to meet the requirements of this chapter, the board may deny credit for the purposes of renewal. The board may deny all or any part of the hours granted by the program. A provider that wishes to appeal the board's decision regarding continuing education credit may file an appeal within 30 days of the board's decision. A timely appeal initiates a contested case proceeding. The contested case will be conducted pursuant to Iowa Code chapter 17A and 481—Chapter 506. The written decision issued at the conclusion of a contested case hearing shall be considered final agency action.

[**ARC 8987C**, IAB 3/5/25, effective 4/9/25]

481—573.8(153) Noncompliance with continuing dental education requirements. It is the licensee's or registrant's personal responsibility to comply with these rules. Failure to comply may result in disciplinary action by the board, including nonrenewal of the license or registration.

[**ARC 8987C**, IAB 3/5/25, effective 4/9/25]

481—573.9(153) Dental hygiene continuing education. The dental hygiene committee, in its discretion, may make recommendations to the board for approval or denial of requests pertaining to dental hygiene education. The following items will be forwarded to the dental hygiene committee for review:

1. Requests by dental hygienists for waivers, extensions and exemptions of the continuing education requirements.
2. Appeals of denial of dental hygiene continuing education and conduct of hearings as necessary.

[**ARC 8987C**, IAB 3/5/25, effective 4/9/25]

These rules are intended to implement Iowa Code sections 147.10, 147.11, 153.15A and 153.39 and chapter 272C.

[Filed ARC 8987C (Notice ARC 8495C, IAB 12/11/24), IAB 3/5/25, effective 4/9/25]
[Filed ARC 0247D (Amended Notice ARC 0071D, IAB 2/18/26; Notice ARC 9785C, IAB 12/10/25), IAB 4/29/26, effective 6/3/26]

CHAPTER 574
GENERAL REQUIREMENTS AND STANDARDS OF PRACTICE

Chapter rescission date pursuant to Iowa Code section 17A.7: 4/9/30

481—574.1(153) Licensed, registered or trained personnel. In accordance with Iowa Code chapters 147 and 153, persons engaged in the practice of dentistry, dental hygiene or dental assisting in Iowa must be licensed by the board as a dentist or dental hygienist or registered or trained pursuant to Iowa Code chapter 153 as a dental assistant.

This rule is intended to implement Iowa Code chapters 147 and 153.

[**ARC 8988C**, IAB 3/5/25, effective 4/9/25; **ARC 0247D**, IAB 4/29/26, effective 6/3/26]

481—574.2(147,153) Display of current license, registration, permit or qualification. In accordance with Iowa Code section 147.7, the certificate of every license, permit, registration or qualification and evidence of current renewal must be prominently displayed at each permanent practice location.

574.2(1) Additional certificates may be obtained from the board. Evidence of renewal may be obtained from the board's online licensing database at no cost or by request to the board. The board may assess a fee for a replacement certificate or evidence of renewal pursuant to 481—Chapter 571.

574.2(2) Practice locations may display evidence of license, permit, registration or qualification by electronic means in conjunction with primary source verification.

This rule is intended to implement Iowa Code chapter 147.

[**ARC 8988C**, IAB 3/5/25, effective 4/9/25]

481—574.3(147,153,272C) Change of name or address.

574.3(1) *Change of name.* Each person licensed or registered by the board must notify the board and submit evidence of a legal name change within 60 days of such change.

574.3(2) *Change of address.* Pursuant to Iowa Code section 147.9, each person licensed or registered by the board must notify the board within 60 days of changes in email for the purpose of electronic communications from the board, primary mailing address, and all full- and part-time practice locations.

[**ARC 8988C**, IAB 3/5/25, effective 4/9/25]

481—574.4(147,153,272C) Other requirements.

574.4(1) *Child and dependent adult abuse training.* Licensees or dental assistants who regularly examine, attend, counsel or treat children or adults in Iowa must obtain mandatory training in child and dependent adult abuse identification and reporting in accordance with Iowa Code sections 232.69 and 235B.16 and 481—Chapter 573.

574.4(2) *Cardiopulmonary resuscitation.* Licensees and dental assistants may practice in Iowa if they obtain and maintain current certification in a cardiopulmonary resuscitation (CPR) course that included a hands-on component. The board reserves the right to request that licensees and registrants provide evidence of current certification.

This rule is intended to implement Iowa Code sections 232.69 and 235B.16 and chapter 153.

[**ARC 8988C**, IAB 3/5/25, effective 4/9/25; **ARC 0247D**, IAB 4/29/26, effective 6/3/26]

481—574.5(153) Use of personnel. Dentists are obligated to protect the health of their patients by assigning to qualified personnel only those duties that can be legally delegated. Dentists will supervise the work of all personnel working under their direction and control.

[**ARC 8988C**, IAB 3/5/25, effective 4/9/25]

481—574.6(153,272C) Patient acceptance. Dentists, in serving the public, may exercise reasonable discretion in accepting patients; however, pursuant to state and federal law, dentists may not discriminate against legally protected classes by refusing to accept patients into their practice or denying dental service to patients for reasons such as race, creed, sex or national origin.

[**ARC 8988C**, IAB 3/5/25, effective 4/9/25]

481—574.7(153) Emergency service. Emergency services in dentistry are deemed to be those services necessary for the relief of pain or to thwart infection and prevent its spread. When consulted in an emergency by patients, dentists shall make reasonable arrangements for emergency care.
[**ARC 8988C**, IAB 3/5/25, effective 4/9/25]

481—574.8(153) Consultation and referral.

574.8(1) Dentists are responsible for meeting the minimum standard of care and should seek consultation or referral, if possible, whenever the welfare of patients will be safeguarded or advanced by utilizing those practitioners who have special skills, knowledge and experience.

574.8(2) The specialist or consulting dentist shall comply with the following:

a. Upon completion of the consultation or specialty treatment, return the patient, unless the patient expressly states a different preference, to the referring dentist or, if none, to the dentist of record for future care.

b. When there is no referring dentist, upon completion of the treatment, inform the patient when there is a need for further dental care.

574.8(3) A dentist who has a patient referred for a second opinion regarding a diagnosis or treatment plan should render the requested second opinion in accordance with these rules. In the interest of the patient being afforded quality care, the dentist rendering the second opinion should not have a vested interest in the ensuing recommendation.
[**ARC 8988C**, IAB 3/5/25, effective 4/9/25]

481—574.9(153,272C) Patient records.

574.9(1) Patient records may be entered or retained electronically or by other means. Dentists must maintain patient records in a manner consistent with the protection of the welfare of the patient and comply with the following:

a. Preserve and maintain the confidentiality of patient records as required by state and federal law.

b. Ensure that all entries into patient records are permanent, timely, accurate, legible, and easily understandable.

c. Update and correct errors in the patient record electronically, or legibly in ink, with no erasures or white-outs. If incorrect information is placed in the record, cross out the error with a single nondeleting line and include the initials or other means of identification for the licensee or registrant who updated the record.

d. Safeguard the records from destructive elements.

e. Maintain a duplicate hard copy or use an unalterable record when electronic records are kept.

574.9(2) Dentists will create and maintain dental records for each patient that contain all of the following:

a. Patient information that includes the following:

(1) Name, date of birth, address, and, if a minor, name of parent or guardian.

(2) Name and telephone number of person to contact in case of emergency.

b. Dental and medical history information sufficient to support the recommended treatment plan from the patient or the patient's parent or guardian.

c. Patient's stated reasons related to oral health when a patient presents with a chief complaint.

d. Dental records shall include chronological entries, including dates and descriptions of the following:

(1) Clinical examination findings, tests conducted, and a summary of all pertinent diagnoses;

(2) Plan of intended treatment and treatment sequence;

(3) Services rendered and any treatment complications;

(4) All radiographs, study models, and periodontal charting, if applicable;

(5) Name, quantity, and strength of all drugs dispensed, administered, or prescribed; and

(6) Name of dentist, dental hygienist, or any other auxiliary, who performs any treatment or service or who may have contact with a patient regarding the patient's dental health.

e. Documentation, at a minimum, of informed consent that includes an overview of the discussion of proposed procedure(s), treatment options, potential complications and known risks, and patient's consent to proceed with treatment.

574.9(3) Transfer of records. Upon request of the patient or patient's legal guardian, the dentist shall furnish copies of the complete dental records, including copies of the radiographs that are of diagnostic quality.

a. The dentist may not refuse to transfer records for any reason, including but not limited to nonpayment of any fees.

b. The dentist may charge a nominal fee for duplication of records.

[**ARC 8988C**, IAB 3/5/25, effective 4/9/25]

481—574.10(153) Teledentistry. Only dentists, dental hygienists, or dental assistants currently licensed or registered by the board may use teledentistry to provide dental care to patients located in Iowa. This rule establishes the standards of practice for teledentistry.

574.10(1) "Teledentistry" means a dentist is providing or supervising dental services using technology when the patient is in another location.

574.10(2) A dentist may not provide teledentistry services to a patient based solely on the responses to an electronic questionnaire consisting of a static set of questions.

574.10(3) The standard of dental care is the same whether a patient is seen in person or through a teledentistry encounter.

a. The use of teledentistry is not an expansion of the scope of practice for dental hygienists or dental assistants.

b. A dentist may only use teledentistry if utilizing evidence-based standards of practice and practice guidelines to ensure patient safety, quality of care, and positive outcomes.

574.10(4) When teledentistry will be utilized, a dentist, in addition to the requirements of rule 481—574.8(153), is responsible for ensuring informed consent covers the following:

a. A description of the types of dental care services provided via teledentistry, including limitations on services;

b. The identity, contact information, practice location, licensure, credentials, and qualifications of all licensees and registrants involved in the patient's dental care, which should be publicly displayed on a website or provided in writing to the patient; and

c. Precautions for technological failures or emergency situations.

574.10(5) A dentist may only use teledentistry to conduct an examination for a new patient or for a new diagnosis if the examination is conducted in accordance with evidence-based standards of practice to sufficiently establish an informed diagnosis.

a. A dentist shall not conduct a dental examination using teledentistry if the standard of care necessitates an in-person dental examination.

b. Once an examination has been conducted, a dentist may delegate the services to be provided by a licensed dental hygienist or registered dental assistant. A dentist shall not delegate expanded functions when teledentistry is being utilized.

c. A dentist may only delegate services to licensees and registrants employing the levels of supervision as permitted in this chapter and 481—Chapters 570, 575, 576 and 577.

d. A supervising dentist may authorize the use of teledentistry in conjunction with public health supervision.

574.10(6) A dentist may only use teledentistry if the dentist has adequate knowledge of the nature and availability of local dental resources to provide appropriate follow-up care as needed. A dentist shall refer a patient to an acute care facility or an emergency department when necessary for the safety of the patient or in the case of emergency.

574.10(7) A teledentistry encounter shall be clearly characterized as such in a patient record.

574.10(8) All dentists, dental hygienists, and dental assistants shall ensure that the use of teledentistry complies with the privacy, breach and security requirements of the Health Insurance Portability and Accountability Act of 1996 (HIPAA), 45 CFR Part 160, Part 162, and Part 164, and any amendments of as of August 30, 2024.

[**ARC 8988C**, IAB 3/5/25, effective 4/9/25]

481—574.11(153) Public health supervision allowed. A dentist who meets the requirements of this rule may provide public health supervision to a dental hygienist or registered dental assistant if the dentist has an active Iowa license and the services are provided in public health settings as defined in rule 481—570.1(153).

574.11(1) *Minimum clinical practice required.* A licensed dental hygienist or registered dental assistant is eligible to practice under public health supervision and provide services if the hygienist or assistant has an active license or registration and a minimum of one year of clinical practice experience.

574.11(2) *Public health supervision agreements.* When working under a public health supervision relationship, a dental hygienist or dental assistant shall enter into a written agreement with a dentist that addresses and complies with the following items:

a. Specify the location or locations where the public health services will be provided.

b. Include the preferred method of contact for ongoing communication and consultation between the dental hygienist or dental assistant.

c. Have age- and procedure-specific standing orders for the performance of services. The standing orders should include consideration for medically compromised patients and medical conditions for which the standard of care would dictate that a dental evaluation occur prior to the provision of services.

d. Specify a period of time in which an examination by a dentist must occur prior to providing further services. This examination requirement does not apply to educational services, assessments, screenings, and fluoride if specified in the supervision agreement.

e. Specify whether the agreement permits the dental hygienists to apply silver diamine fluoride. The supervision agreement may include provisions for use of silver diamine fluoride if the dentist and the dental hygienist complete board-approved training and the provisions comply with board-approved protocols.

f. Specify a procedure for creating and maintaining dental records for the patients who are treated by the dental hygienist or dental assistant, including where these records are to be located.

g. Review the written agreement a minimum of once every two years, and maintain a copy of the agreement for reference.

h. File a copy of the agreement with dental and oral health program of the department of health and human services within 30 days of entering into or updating an agreement and provide a copy of the agreement to the board upon request.

574.11(3) *Dental hygiene and dental assistant services.* A dental hygienist or dental assistant may provide the services specified in the public health supervision agreement pursuant to the following:

a. A dental hygienist may provide services that fall within the scope of practice pursuant to 481—Chapter 576, except for the administration of local anesthesia or nitrous oxide inhalation analgesia.

b. A registered dental assistant providing services under public health supervision may perform all extraoral duties, take dental radiographs, assist with intraoral suctioning, use a curing light and take images using an intraoral camera.

c. Each patient shall sign a consent form that clarifies that dental public health services do not take the place of regular dental checkups at a dental office and are meant for people who otherwise would not have access to dental services.

d. After receiving dental public health services, the dental hygienist or dental assistant will provide to the patient, parent or guardian a written plan for referral to a dentist and assessment of further dental treatment needs.

574.11(4) *Reporting requirements.* Each dental hygienist or dental assistant who rendered services under public health supervision at any time during the calendar year is obligated to complete a summary report at least annually or at the completion of a program. The dental hygienist or dental assistant will file the report with the dental and oral health program of the department of health and human services to assess the impact of the program.

a. The report filed by each dental hygienist should include, at a minimum, information related to the number of patients seen and services provided.

b. The report filed by each dental assistant should include, at a minimum, information related to the number of patients seen, the services provided to patients and the infection control protocols followed at each public health location. The department will provide summary reports to the board on an annual basis.

c. The dental and oral health program should provide summary reports to the board annually or upon request.

This rule is intended to implement Iowa Code chapter 153.

[**ARC 8988C**, IAB 3/5/25, effective 4/9/25]

481—574.12(153) Representation of treatment and fees. Licensees and registrants shall not represent the care being rendered to their patients or the fees being charged for providing the care in a false or misleading manner.

574.12(1) The following billing practices are deemed to constitute deception, misrepresentation, overbilling, fraud or a combination thereof:

a. Accepting a third-party payment under a copayment plan as payment in full and not collecting the patient's portion without disclosing that to the third-party payer.

b. Increasing a fee to a patient merely because the patient has insurance.

c. Submitting a claim form to a third party and knowingly reporting incorrect treatment dates.

d. Describing a dental procedure incorrectly on a third-party claim form in order to receive a greater payment or intentionally making a noncovered procedure appear to be a covered procedure.

e. Recommending or performing unnecessary dental services or procedures.

f. Billing for services not rendered. A dentist may bill for those services that have started or been rendered, for actual costs incurred in the treatment of the patient, or for missed appointments.

g. Billing or drawing on a patient's line of credit prior to services being started or rendered. A dentist may bill or draw on a patient's line of credit for those services that have been rendered or for actual costs incurred in the treatment of the patient.

574.12(2) A dentist may allow patients to prepay for services, in whole or in part, on a voluntary basis.

574.12(3) Payments accepted by a dentist under a government-funded program, a sponsored access program, or a participating agreement entered into under a program of a third party are not considered as evidence of overbilling when determining whether a charge to a patient or to another third party on behalf of a patient not covered under any of these programs constitutes overbilling under this rule.

[**ARC 8988C**, IAB 3/5/25, effective 4/9/25]

481—574.13(153) Retention of patient records and discontinuance of practice.

574.13(1) *Retention of dental records.* A dentist shall maintain a patient's dental record for a minimum period of time as follows:

a. For adults, six years after the date of last examination, prescription, or treatment.

b. For minors, either until the patient reaches the age of nineteen, or six years after the date of last examination, prescription, or treatment, whichever is longer.

c. For study models and casts, six years after the date of completion of treatment. Alternatively, one year after completion of treatment, study models and casts may be provided to the patient for retention.

574.13(2) *Discontinuation of practice.* When a dentist intends to discontinue practice at a practice, or upon death or incapacitation, the following provisions apply to minimize disruptions in patients' access to dental care:

a. A licensee or appointed representative shall notify all active patients in writing, by making the same notification available on the website of the dental practice for no less than 30 days, or by publication once a week for three consecutive weeks in a newspaper of general circulation that the licensee intends to discontinue the practice of dentistry and include guidance for the continuance of dental care, or how to make reasonable arrangements for the transfer of patient records or complete copies thereof to the patient, patient's guardian, or succeeding licensee.

b. A dentist should appoint another Iowa licensee, representative or entity who, upon the death or incapacitation of the dentist, is able to retain the patient records and assist patients with access to their records in compliance with state and federal law.

[**ARC 8988C**, IAB 3/5/25, effective 4/9/25]

481—574.14(153) Unethical and unprofessional conduct.

574.14(1) Unethical or unprofessional conduct includes the following:

a. Taking actions that the board deems to be abusive, coercive, intimidating, harassing, untruthful or threatening in connection with the practice of dentistry.

b. Knowingly providing false or misleading information to the board or an agent of the board.

c. Knowingly interfering with a person filing a complaint with the board, or entering an agreement with a person that prohibits that person from filing a complaint with the board.

d. Failing to fully explain a treatment regimen and obtain patient authorization before treatment begins.

574.14(2) A licensee or registrant who has been diagnosed with a communicable or infectious disease shall comply with Iowa Code chapter 139A. Failure to do so constitutes unethical and unprofessional conduct and may be grounds for disciplinary action by the board.

574.14(3) Employing a licensee or registrant as an unregistered dental assistant who has been previously disciplined by the board without board approval constitutes unethical conduct and may be grounds for disciplinary action by the board.

[**ARC 8988C**, IAB 3/5/25, effective 4/9/25; **ARC 0247D**, IAB 4/29/26, effective 6/3/26]

481—574.15(153) Communications. Communications by inclusion or omission to the public must be accurate.

574.15(1) The following standards apply to the communications related to the practice of dentistry:

a. Statements, testimonials, photographs, graphics or other means of communication shall not convey false, untrue, deceptive, or misleading information.

b. Communications should not incite an individual's anxiety in an excessive or unfair way, and they should not create unjustified expectations of results.

c. Communications that refer to benefits or other attributes of dental procedures or products that involve significant risks must also include realistic assessments of the safety and efficacy of those procedures or products. Communications should also include information about alternatives where necessary to avoid deception.

d. Communications must neither misrepresent a dentist's credentials, training, experience or ability nor contain claims of superiority that cannot be substantiated.

574.15(2) Dentists are encouraged to engage in truthful, nondeceptive advertising. Dentists who engage in the types of advertising that do the following shall take care to ensure that ads are consistent with these rules:

a. Include claims that the service performed or the materials used are professionally superior to those which are deemed to be consistent with standard practice or that assert that one licensee is better than another when superiority of service or materials cannot be substantiated.

b. Reference an unearned or nonhealth degree.

c. Reference attainment of an honorary fellowship. An honorary fellowship does not include an award based on merit, study or research. The attainment of fellowship status may be indicated in scientific papers, curriculum vitae, third-party payment forms, and letterhead and stationery that is not used for the direct solicitation of patients.

d. Promote a professional service that the dentist knows or should know is beyond the dentist's ability to perform or that creates an unjustified expectation concerning the potential result of any dental treatment.

e. Include communication that is likely to intimidate or exert undue pressure or influence over a prospective patient.

f. Include a testimonial attesting to a quality of competence of a service or treatment offered by a licensee that is not reasonably verifiable.

g. Utilize statistical data or other information that creates an unjustified expectation about results that the dentist can achieve.

h. Include personally identifiable facts, data or other information about a patient without first obtaining patient consent.

i. Include any misrepresentation of a material fact.

j. Suppress, omit, or conceal any material fact or law without which the communication would be deceptive.

k. Include circumstances that indicate bait-and-switch advertising. The board may require the advertiser to furnish data or other evidence pertaining to those sales at the advertised price as well as other sales. Where the circumstances indicate deceptive advertising, the board may initiate an investigation or disciplinary action as warranted.

[**ARC 8988C**, IAB 3/5/25, effective 4/9/25]

481—574.16(153) Advertising standards. The board may request a dentist to substantiate the truthfulness of any assertion or representation of material fact in an advertisement.

574.16(1) The dentist must possess and rely upon information that, when produced, would substantiate the truthfulness of any assertion, omission, or representation of material fact in the advertisement.

574.16(2) The failure or refusal to comply with the requirements of this rule may be deemed professional misconduct.

[**ARC 8988C**, IAB 3/5/25, effective 4/9/25]

481—574.17(153) Fees. Advertising that states a fee must clearly define the professional service being offered in the advertisement. Advertised offers will be presumed to include everything ordinarily required for such a service.

[**ARC 8988C**, IAB 3/5/25, effective 4/9/25]

481—574.18(153) Public representation. All advertisements and public representations should include the name and contact information of the practitioner who placed the ad.

574.18(1) If the advertisement refers to one's practice, the ad may state either "general/family practice" or "specialist," "specializes," or "specializing." A dentist may not advertise or represent oneself as a specialist unless the dentist complies with the other provisions of this rule.

574.18(2) A dentist may advertise as a specialist if the dentist is a diplomate of, or board-eligible for, a national certifying board of a specialty recognized by the American Dental Association (ADA) or the American Board of Dental Specialties (ABDS). A dentist should consult with the ADA or ABDS for a current list of recognized specialties.

574.18(3) A certifying board may apply for a new area of specialty by submitting information regarding the area of specialty, including an explanation of how the proposed specialty is within the scope of practice of dentistry in Iowa, and proof of the following:

a. The proposed specialty is separate and distinct from any preexisting specialty recognized by the ADA or ABDS;

b. The proposed specialty is a distinct and well-defined field that requires unique knowledge and skills beyond those commonly possessed by dental school graduates;

c. The certifying board is an independent entity that is comprised of licensed dentists, whose membership is reflective of the proposed specialty, and that is incorporated and governed solely by the licensed dentists/board members;

d. The certifying board has a permanent headquarters and staff;

e. The certifying board has issued diplomate certificates to licensed dentists for at least five years;

f. The certifying board requires passing an oral and written examination based on psychometric principles that tests the applicant's knowledge and skill in the proposed specialty;

g. The certifying board requires all dentists who seek certification in the proposed specialty to have successfully completed a specified, objectively verifiable amount of post-DDS or -DMD education and experience that is appropriate for the proposed specialty area, as determined by the certifying board; and

h. The certifying board's website includes online resources for the consumer to verify the certifying board's certification requirements and a list of the names and location of the dentists who have been awarded certification.

574.18(4) The use of the terms "specialist," "specializes," "orthodontist," "oral and maxillofacial surgeon," "oral and maxillofacial radiologist," "periodontist," "pediatric dentist," "prosthodontist," "endodontist," "oral pathologist," "public health dentist," "dental anesthesiologist," or other similar terms that imply that the dentist is a specialist may only be used by a licensed dentist who meets the requirements of this rule. A dentist who advertises as a specialist must avoid any implication that other dentists associated with the same practice are specialists unless the dentists also meet the requirements of this rule.

574.18(5) The term "diplomate" or "board-certified" may only be used by a dentist who has successfully completed the qualifying examination of the appropriate certifying board of one or more of the specialties recognized by the ADA or the ABDS, or as otherwise permitted pursuant to these rules.

574.18(6) A dentist may only advertise as a specialist pursuant to these rules if the advertisement includes the name of the national certifying board and the name of the entity that recognizes the board in the advertisement.

574.18(7) A dentist may advertise the areas in which the dentist practices, including but not limited to specialty services, using other descriptive terms such as "emphasis on _____" or other similar terms as long as all other provisions of these rules regarding advertising are met.

[**ARC 8988C**, IAB 3/5/25, effective 4/9/25]

481—574.19(153) Responsibility for advertisements. Each professional who is a principal partner, officer, or licensed professional employee, acting as an agent of the firm or entity identified in the advertisement, is jointly and severally responsible for the form and content of any advertisement offering services or materials. The dentist should maintain a recording or copy of every advertisement for a period of two years that should be made available for review upon request by the board or its designee. The record should indicate the date and place of the advertisement.

[**ARC 8988C**, IAB 3/5/25, effective 4/9/25]

481—574.20(147,153,272C) Mandatory reporting requirements. Pursuant to Iowa Code chapters 147, 153 and 272C, each licensee, registrant or committee of the board shall be responsible for reporting to the board the following matters:

574.20(1) *Standards of practice.* Within 30 days of acquiring knowledge, the following:

a. Instances of gross or continually faulty treatment.

b. Acts or omissions by other licensees or registrants that may constitute a basis for disciplinary action under the rules and statutory provisions governing the practice of dentistry, dental hygiene, or dental assisting in Iowa.

574.20(2) *Immediate threats to patient safety.* Within 24 hours of acquiring knowledge of a reportable act or omission that poses an immediate threat to patient safety, information regarding that act or omission.

574.20(3) *Adverse occurrences related to nitrous oxide or sedation.* Within seven days, any mortality related to sedation or nitrous oxide or any other incident related to sedation or nitrous oxide that results in the patient receiving inpatient treatment at a hospital or clinic. The licensee must submit a detailed report and include a complete copy of the patient record. The report should include, at a minimum, the following information:

a. Description of dental procedure.

b. Description of preoperative physical condition of patient.

c. List of drugs and dosage administered.

d. Description, in detail, of techniques utilized in administering the drugs utilized.

e. Description of adverse occurrence:

(1) Description, in detail, of symptoms of any complications, to include but not be limited to onset and type of symptoms in patient.

(2) Treatment instituted on the patient.

(3) Response of the patient to the treatment.

f. Description of the patient's condition on termination of any procedures undertaken.

574.20(4) *Judgments, settlements, or disciplinary action.* Within 30 days, any of the following:

a. Any instance of disciplinary action taken by a licensing authority of another state, territory or country or another licensing authority in this state. A stay by an appellate court does not negate this requirement; however, if the disciplinary action is overturned or reversed by a court of last resort, the report will be expunged from the records of the board upon such notification;

b. Any adverse judgment in a professional malpractice action to which the licensee or registrant was a party;

c. Any settlement of a claim against the licensee or registrant alleging malpractice;

d. Any restriction of practice imposed by a hospital, clinic or other practicing setting; or

e. Being party to, or assisting in the violation of, any provision of Iowa law or rule of the board.

574.20(5) *Criminal convictions.* Within 60 days, any misdemeanor or felony conviction, excluding traffic offenses. Conviction of driving under the influence or while intoxicated is a reportable offense.

574.20(6) *Mandatory reporter information.* Mandatory reports filed with the board should include the following information:

a. Name of any licensee or registrant who committed or was involved in the act or omission;

b. Date on which the reportable offense occurred;

c. Location where the reportable offense occurred;

d. Names of patients, licensees, registrants or other parties that may have been adversely impacted by the act or omission;

e. Disposition of the judgment, action or conviction; and

f. All other applicable details.

This rule is intended to implement Iowa Code chapters 147, 153 and 272C.

[**ARC 8988C**, IAB 3/5/25, effective 4/9/25]

481—574.21(17A,147,153,272C) Waiver prohibited. Rules in this chapter, except for rules 481—574.3(147,153,272C), 481—574.4(147,153,272C), 481—574.11(153), 481—574.15(153), 481—574.16(153), 481—574.18(153), and 481—574.19(153), are not subject to waiver pursuant to 7—Chapter 2504 or any other provision of law.

[**ARC 8988C**, IAB 3/5/25, effective 4/9/25; Editorial change: IAC Supplement 8/5/26]

These rules are intended to implement Iowa Code sections 153.33 and 153.34.

[Filed ARC 8988C (Notice ARC 8496C, IAB 12/11/24), IAB 3/5/25, effective 4/9/25]

[Filed ARC 0247D (Amended Notice ARC 0071D, IAB 2/18/26; Notice ARC 9785C, IAB 12/10/25), IAB 4/29/26, effective 6/3/26]

[Editorial change: IAC Supplement 8/5/26]

CHAPTER 575
DENTAL ASSISTANTS, DENTAL RADIOGRAPHY QUALIFICATIONS, AND DENTAL LABORATORY TECHNICIANS

Chapter rescission date pursuant to Iowa Code section 17A.7: 4/9/30

481—575.1(153) Registration required. A person shall not practice dental assisting without a current registration issued by the board pursuant to rule 481—571.5(147,153). The following individuals are exempt from the requirements of this rule:

575.1(1) Students enrolled in an accredited dental, dental hygiene, or dental assisting program;

575.1(2) Dental assistant trainees who are meeting the requirements for registration pursuant to Iowa Code section 153.39;

575.1(3) Persons who are actively licensed in Iowa to practice dental hygiene or nursing and who are engaged in the practice of said profession; and

575.1(4) Persons who successfully complete a term of practical training for dental assisting to include jurisprudence and infection control under the supervision of a licensed dentist pursuant to Iowa Code section 153.39(5).

[**ARC 8989C**, IAB 3/5/25, effective 4/9/25; **ARC 0247D**, IAB 4/29/26, effective 6/3/26]

481—575.2(136C,153) Qualification required.

575.2(1) A person who is not otherwise actively licensed by the board shall not participate in dental radiography unless the person is a dental assistant or holds a nursing license and holds an active radiography qualification issued by the board and a dentist provides general supervision.

a. A student enrolled in an accredited dental, dental hygiene, or dental assisting program who, as part of the student's course of study, applies ionizing radiation is exempt from the requirements of this rule; and

b. Dental assistants or Iowa-licensed nurses who are engaging in on-the-job training in dental radiography are exempt from the requirements of this rule.

575.2(2) Any individual except a licensed dentist or a licensed dental hygienist who participates in dental radiography in violation of this chapter or Iowa Code chapter 136C may be subject to the criminal and civil penalties set forth in Iowa Code chapter 136C.

575.2(3) Any licensee who permits a person to engage in dental radiography or a dental assistant who engages in dental radiography contrary to this chapter or Iowa Code chapter 136C may be subject to discipline by the board pursuant to 481—Chapter 580.

[**ARC 8989C**, IAB 3/5/25, effective 4/9/25; **ARC 0247D**, IAB 4/29/26, effective 6/3/26]

481—575.3(153) Dental assistants.

575.3(1) Dental assistant trainees are individuals who are engaging in on-the-job training to meet the requirements for registration pursuant to Iowa Code section 153.39 and rule 481—571.5(147,153). Trainees who are 18 years of age or older may also engage in on-the-job training in dental radiography pursuant to Iowa Code chapters 136C and 153 and this chapter.

a. Dental assistant trainees should successfully complete on-the-job training and examinations in the areas of infection control, hazardous materials, and jurisprudence.

b. A dental assistant trainee shall stop work as a dental assistant trainee if the trainee fails to become registered or complete the term of practical training described in Iowa Code section 153.39(5) prior to the expiration date.

575.3(2) Registered dental assistants are individuals who have met the requirements for registration and have been issued registration. A registered dental assistant may, under direct supervision, assist a dentist in performing duties assigned by the dentist that are consistent with these rules. A registered dental assistant may take radiographs if qualified pursuant to this chapter.

575.3(3) A person may practice as a dental assistant without receiving a certificate of registration as described in Iowa Code section 153.39 if the person successfully completes a term of practical training under the supervision of a licensed dentist. A person is not eligible to practice as an unregistered dental assistant without board approval if the person has received prior discipline by the board.

[**ARC 8989C**, IAB 3/5/25, effective 4/9/25; **ARC 0247D**, IAB 4/29/26, effective 6/3/26]

481—575.4(153) Scope of practice.

575.4(1) In all instances, a dentist assumes responsibility for determining, on the basis of diagnosis, the specific treatment patients will receive and which aspects of treatment may be delegated to qualified personnel as authorized in these rules.

575.4(2) A licensed dentist may delegate to a dental assistant those procedures for which the dental assistant has received training. This delegation shall be based on the best interests of the patient and performed under the supervision of a licensed dentist and may include:

a. Placement and removal of dry socket medication;

b. Placement of periodontal dressings;

c. Testing pulp vitality;

d. Preliminary charting of existing dental restorations and teeth;

e. Glucose testing;

f. Phlebotomy;

g. Securing orthodontic wire with elastic chains, rubber bands, and ligature wire; and

h. Expanded function procedures in accordance with 481—Chapter 577.

575.4(3) The dentist will exercise supervision and is fully responsible for all acts performed by a dental assistant. A dentist may not delegate to a dental assistant any of the following, unless allowed pursuant to 481—Chapter 577:

a. Diagnosis, examination, treatment planning, or prescription, including prescription for drugs and medicaments or authorization for restorative, prosthodontic or orthodontic appliances.

b. Surgical procedures on hard and soft tissues within the oral cavity and any other intraoral procedure that contributes to or results in an irreversible alteration to the oral anatomy.

c. Administration of local anesthesia.

d. Placement of sealants.

e. Removal of any plaque, stain, or hard natural or synthetic material except by toothbrush, floss, or rubber cup coronal polish, or removal of any calculus.

f. Dental radiography, unless the assistant is qualified pursuant to this chapter.

g. Those procedures that require the professional judgment and skill of a dentist.

[**ARC 8989C**, IAB 3/5/25, effective 4/9/25]

481—575.5(153) Supervision required.

575.5(1) A licensed dentist may delegate the following services to a dental assistant under general supervision:

a. All extraoral duties.

b. Intraoral suctioning.

c. Use of a curing light.

d. Dental radiography in accordance with rule 481—575.2(136C,153).

e. Other intraoral imaging except for taking occlusal registrations or final impressions. Expanded functions may only be performed in accordance with 481—Chapter 577.

575.5(2) Dentists may delegate other services that are within the scope of practice of a dental assistant, including expanded functions pursuant to 481—Chapter 577, under direct supervision or as otherwise permitted by rule.

575.5(3) A registered dental assistant may practice under public health supervision in accordance with rule 481—574.11(153).

[**ARC 8989C**, IAB 3/5/25, effective 4/9/25; **ARC 0247D**, IAB 4/29/26, effective 6/3/26]

481—575.6(153) Continuing education. For the purposes of renewal, every dental assistant and licensed nurse who holds a dental radiography qualification will complete continuing education requirements as specified in 481—Chapter 573 unless exempted by rule.

[**ARC 8989C**, IAB 3/5/25, effective 4/9/25; **ARC 0247D**, IAB 4/29/26, effective 6/3/26]

481—575.7(153) Students enrolled in dental assisting programs. Students enrolled in an accredited dental assisting program are not considered to be engaged in the unlawful practice of dental assisting provided that such practice is in connection with their regular course of instruction and meets the following:

575.7(1) The practice of clinical skills on peers enrolled in the same program is performed under the direct supervision of a program instructor with an active Iowa dental assistant registration, dental hygiene license, faculty permit, or dental license;

575.7(2) The practice of clinical skills on members of the public is performed under the direct supervision of a dentist with an active Iowa dental license or faculty permit.

[**ARC 8989C**, IAB 3/5/25, effective 4/9/25]

481—575.8(153) Unlawful practice.

575.8(1) A dental assistant who assists a dentist in practicing dentistry in any capacity other than as a person supervised by a dentist in a dental office; who directly or indirectly procures a licensed dentist to act as nominal owner, proprietor or director of a dental office as a guise or subterfuge to enable such dental assistant to engage directly or indirectly in the practice of dentistry; or who performs dental service directly or indirectly on or for members of the public other than as a person working for a dentist shall be deemed to be practicing dentistry without a license.

575.8(2) Any dental laboratory technician who assists a dentist in practicing dentistry in any capacity other than as an employee or independent contractor; who directly or indirectly procures a licensed dentist to act as nominal owner, proprietor or director of a dental office as a guise or subterfuge to enable such dental laboratory technician to engage directly or indirectly in the practice of dentistry; or who renders dental service directly or indirectly on or for members of the public other than as an employee or independent contractor for an employing dentist shall be deemed to be practicing dentistry without a license.

[**ARC 8989C**, IAB 3/5/25, effective 4/9/25]

481—575.9(153) Advertising and soliciting of dental services prohibited. Dental assistants, dental laboratories or dental laboratory technicians shall not advertise, solicit, represent or hold themselves out in any manner to the general public that they will furnish, construct, repair or alter prosthetic, orthodontic or other appliances, with or without consideration, to be used as substitutes for or as part of natural teeth or associated structures or for the correction of malocclusions or deformities, or that they will perform or render any other dental service.

[**ARC 8989C**, IAB 3/5/25, effective 4/9/25]

These rules are intended to implement Iowa Code chapters 136C and 153.

[Filed ARC 8989C (Notice ARC 8497C, IAB 12/11/24), IAB 3/5/25, effective 4/9/25]
[Filed ARC 0247D (Amended Notice ARC 0071D, IAB 2/18/26; Notice ARC 9785C, IAB 12/10/25), IAB 4/29/26, effective 6/3/26]

CHAPTER 576
DENTAL HYGIENISTS

Chapter rescission date pursuant to Iowa Code section 17A.7: 4/9/30

481—576.1(153) Authorized practice of a dental hygienist.

576.1(1) "Practice of dental hygiene" is defined in Iowa Code section 153.15 and includes the performance of educational, therapeutic, preventive and assessment services. Dental hygienists may perform such services, except educational services, when delegated by and performed under the supervision of an Iowa-licensed dentist.

a. Educational services include assessing the need for, planning, implementing, and evaluating oral health education programs for individual patients and community groups and conducting workshops and in-service training sessions on dental health for nurses, school personnel, institutional staff, community groups and other agencies providing consultation and technical assistance for promotional, preventive and educational services.

b. Therapeutic services include identifying and evaluating factors that indicate the need for and performing the following:

(1) Oral prophylaxis, which includes supragingival and subgingival debridement of plaque, and detection and removal of calculus with instruments or other devices;

(2) Periodontal scaling and root planing;

(3) Removal and polishing of hardened excess restorative material, which may include adhesives, using nonmotorized instruments;

(4) Administration of local anesthesia with the proper permit;

(5) Administration of nitrous oxide inhalation analgesia in accordance with rule 481—579.1(153);

(6) Application and administration of medicaments prescribed by a dentist, including chemotherapeutic agents, or therapies for the treatment of periodontal disease and caries;

(7) Phlebotomy; and

(8) Expanded function procedures in accordance with 481—Chapter 577.

c. Preventive services include applying pit and fissure sealants and medications, including silver diamine fluoride; using other methods for caries and periodontal disease control; and organizing and administering fluoride rinse or sealant programs.

d. Assessment services include reviewing medical and dental health histories, performing oral inspection, indexing dental and periodontal disease, preliminary charting of existing dental restorations and teeth, making occlusal registrations for mounting study casts, testing pulp vitality, testing glucose levels, and analyzing dietary surveys.

576.1(2) The following services may only be delegated by a dentist to a dental hygienist:

a. Administration of local anesthesia;

b. Placement of sealants except as permitted by 481—Chapter 577; and

c. Removal of any plaque, stain, calculus, or hard natural or synthetic material, except when removed by toothbrush, floss, or rubber cup coronal polish.

576.1(3) Subsequent examination and monitoring of the patient, including definitive diagnosis and treatment planning, is the responsibility of the dentist and shall be carried out in a reasonable period of time in accordance with the professional judgment of the dentist based upon the individual needs of the patient.

This rule is intended to implement Iowa Code section 153.15.

[**ARC 8990C**, IAB 3/5/25, effective 4/9/25]

481—576.2(153) Scope of practice and supervision requirements.

576.2(1) In accordance with Iowa Code chapter 153, all authorized services provided by a dental hygienist, except educational services, shall be performed under the general, direct, or public health supervision of an Iowa-licensed dentist. Pursuant to 481—Chapter 577, clinical training in expanded functions requires those services to be performed under observational supervision.

576.2(2) Under the general supervision of a dentist, a dental hygienist may provide educational, therapeutic, preventive and assessment services, including screening, or data collection for the preparation

of written records for evaluation by a licensed dentist. A dentist may only delegate patient services to be performed under general supervision for patients of record.

576.2(3) Under the public health supervision of a dentist, a dental hygienist may provide educational, therapeutic, preventive and assessment services, including screening, or data collection pursuant to rule 481—574.11(153).

576.2(4) Dental hygienists may only administer local anesthesia if they hold a current permit in accordance with rule 481—572.10(147,153), or nitrous oxide inhalation analgesia in accordance with rule 481—579.1(153), and perform expanded functions in accordance with 481—Chapter 577 under the direct supervision of a dentist.

576.2(5) Dental hygienists may perform all other authorized services on a new patient under the direct or public health supervision of a dentist pursuant to rule 481—574.11(153). An examination by the dentist must take place during an initial visit by a new patient, except when hygiene services are provided under public health supervision.

576.2(6) Dentists may authorize services to be performed under direct supervision in lieu of general supervision when the dentist determines such supervision is necessary to meet the individual needs of the patient.

This rule is intended to implement Iowa Code section 153.15.

[**ARC 8990C**, IAB 3/5/25, effective 4/9/25]

481—576.3(153) Unauthorized practice of a dental hygienist.

576.3(1) A dental hygienist who renders hygiene services, except educational services, that have not been delegated by a licensed dentist or that are not performed under the supervision of a licensed dentist as provided by rule is deemed to be practicing illegally.

576.3(2) The unauthorized practice of dental hygiene means allowing a person not licensed in dentistry or dental hygiene to perform dental hygiene services or for a dental hygienist to perform services that exceed the scope of practice authorized in Iowa Code section 153.15 and this chapter.

This rule is intended to implement Iowa Code sections 147.10 and 153.15.

[**ARC 8990C**, IAB 3/5/25, effective 4/9/25]

481—576.4(153) Students enrolled in dental hygiene programs. Students enrolled in an accredited dental hygiene program are not considered to be engaged in the unlawful practice of dental hygiene provided that such practice is in connection with their regular course of instruction and complies with the following:

576.4(1) The practice of clinical skills on peers enrolled in the same program may be performed under the direct supervision of a program instructor with an active Iowa dental hygiene license, faculty permit, or dental license.

576.4(2) The practice of clinical skills on members of the public may only be performed under the general supervision of a dentist with an active Iowa dental license or faculty permit.

576.4(3) The practice of clinical skills involving the administration or monitoring of nitrous oxide or the administration of local anesthesia may only be performed under the direct supervision of a dentist with an active Iowa dental license or faculty permit.

This rule is intended to implement Iowa Code sections 153.14 and 153.15.

[**ARC 8990C**, IAB 3/5/25, effective 4/9/25]

[Filed ARC 8990C (Notice ARC 8489C, IAB 12/11/24), IAB 3/5/25, effective 4/9/25]

CHAPTER 577
EXPANDED FUNCTIONS

Chapter rescission date pursuant to Iowa Code section 17A.7: 4/9/30

481—577.1(153) Expanded function requirements and eligibility.

577.1(1) Dental hygienists or dental assistants may only perform expanded function procedures upon successful completion of a board-approved course of training. Dental assistant trainees are not eligible to receive training in or perform expanded function procedures.

a. This shall not preclude dental hygienists or dental assistants from practicing expanded function procedures for training purposes while enrolled in a board-approved course of training.

b. Expanded function procedures must be delegated by and performed under the direct supervision of a licensed dentist unless otherwise specified in this chapter.

c. Services that are therapeutic or preventive in nature and are within the scope of practice for dental hygienists are not deemed to be expanded functions.

577.1(2) To be eligible to train in expanded function procedures, dental hygienists must hold an active dental hygiene license in Iowa.

577.1(3) To be eligible to train in expanded function procedures, dental assistants must comply with one of the following:

a. Be a graduate of an accredited school;

b. Be currently certified by the Dental Assisting National Board (DANB); or

c. Have at least three months of clinical practice as a dental assistant.

577.1(4) A dentist who delegates expanded function procedures to dental hygienists or dental assistants under direct supervision must examine the patient to review the quality of work prior to the conclusion of the dental appointment. The following expanded function procedures are exempt from this requirement and may be performed under general supervision:

a. Recementation of a provisional restoration.

b. Taking occlusal registrations for purposes other than mounting study casts by dental hygienists only.

[**ARC 8991C**, IAB 3/5/25, effective 4/9/25; **ARC 0247D**, IAB 4/29/26, effective 6/3/26]

481—577.2(153) Expanded function categories. Dental hygienists and dental assistants must be issued a certificate of completion for the corresponding function in which board-approved training has been completed before performing a specific expanded function procedure. A dentist may delegate to dental hygienists or dental assistants only those expanded function procedures in which training has been successfully completed.

577.2(1) Level 1 expanded functions may be taught by board-approved training providers using curriculum prior-approved by the board.

577.2(2) Training in Level 2 expanded functions must be completed at the University of Iowa College of Dentistry or another accredited school using curriculum approved by the board. Before beginning Level 2 training, dental hygienists and dental assistants must complete all prerequisites for the Level 2 training established by the accredited school.

[**ARC 8991C**, IAB 3/5/25, effective 4/9/25]

481—577.3(153) Level 1 expanded function procedures.

577.3(1) Level 1 expanded function procedures include:

a. Taking occlusal registrations;

b. Placement and removal of gingival retraction material;

c. Fabrication, temporary cementation, and removal of provisional restorations following review of the fit and function by the supervising dentist, and temporary recementation of provisional restorations;

d. Applying cavity liners and bases and desensitizing agents;

e. Applying bonding systems, which may include the placement of the attachments used in clear aligner systems, following review of the fit and function by the supervising dentist;

f. Placement, bonding, and removal of provisional orthodontic restorations as follows:

(1) Placement or bonding of orthodontic brackets and bands or provisional orthodontic appliances following review of the fit and function by the supervising dentist; and

(2) Removal of adhesive, orthodontic brackets and bands, or provisional orthodontic appliances using nonmotorized hand instrumentation;

g. Taking final impressions for fixed restorations or dental prosthetics;

h. Placement of temporary restorative materials following preparation of the tooth by a dentist;

i. Extraoral adjustment to acrylic dentures without making any adjustments to the prosthetic teeth;

j. Tissue conditioning (soft reline only); and

k. Placement, management, and removal of an intravenous (IV) infusion line for moderate sedation, deep sedation, or general anesthesia. Placement of an IV may include the administration of saline. Placement of an IV does not include the administration of any drugs or medications.

577.3(2) The following procedures are Level 1 expanded functions only for dental assistants and are within the scope of practice for dental hygienists:

a. Monitoring of patients receiving nitrous oxide inhalation analgesia, which may include increasing oxygen levels as needed, pursuant to the following:

(1) A dentist shall induce a patient and establish the maintenance level;

(2) A dental assistant may make adjustments that decrease the nitrous oxide concentration during the administration of nitrous oxide; and

(3) A dental assistant may turn off the oxygen delivery at the completion of the dental procedure.

b. Removal of adhesives using nonmotorized hand instrumentation.

[**ARC 8991C**, IAB 3/5/25, effective 4/9/25]

481—577.4(153) Level 2 expanded function procedures for dental hygienists and dental assistants.

577.4(1) Level 2 expanded function procedures for dental hygienists and dental assistants include:

a. Placement and shaping of amalgam following preparation of a tooth by a dentist;

b. Placement and shaping of adhesive restorative materials following preparation of a tooth by a dentist;

c. Polishing of adhesive restorative material using a slow-speed handpiece; and

d. Fitting of stainless-steel crowns on primary posterior teeth and cementation after fit verification by a dentist.

577.4(2) Level 2 expanded function procedures for dental assistants include the placement of sealants. The placement of sealants is included in the scope of practice for dental hygienists and is not considered an expanded function for dental hygienists.

577.4(3) These Level 2 expanded function procedures refer to both primary and permanent teeth except as otherwise noted. Training in Level 2 expanded functions may be separated between application of the services on primary or permanent teeth as determined by the accredited training provider.

[**ARC 8991C**, IAB 3/5/25, effective 4/9/25]

481—577.5(153) Expanded function training.

577.5(1) *Approved expanded function training programs.* Training programs for Level 1 and Level 2 expanded function procedures must be board-approved. Training programs for Level 2 expanded function procedures are limited to the University of Iowa College of Dentistry or another accredited school.

577.5(2) *Certificates of completion.* All board-approved training programs are authorized and required to issue certificates to dental hygienists and dental assistants who successfully complete expanded function training. A certificate shall be issued for one or more of the expanded function procedures completed. Dental hygienists and dental assistants shall prominently display the expanded functions certificate in each dental facility where services are provided.

577.5(3) *Training.* Training may be completed in one or more of the listed expanded function procedures. Clinical training in expanded function procedures must be completed under observational supervision. Level 1 expanded function training includes the following:

a. An initial assessment to determine the base entry level of all participants;

b. Completion of the minimum standards for each function as specified in this rule; and

c. A post-course written examination at the conclusion of the training program, with a minimum of ten questions per function. A score of 75 percent or higher is deemed to be a passing score.

577.5(4) *Minimum training standards.* Every expanded function procedure requires the completion of clinical training that includes a minimum of five patient experiences per procedure under observational supervision unless stated otherwise.

a. Taking occlusal registrations. In addition to the required clinical training, a minimum of one hour of didactic training.

b. Placement and removal of gingival retraction material. In addition to the required clinical training, a minimum of two hours of didactic training and the equivalent of one hour of laboratory training that includes three experiences.

c. Fabrication, temporary cementation, temporary recementation, and removal of provisional restorations. A minimum of four hours of didactic training, the equivalent of four hours of laboratory training that includes five experiences, and clinical training that includes a minimum of ten patient experiences under observational supervision.

d. Applying cavity liners and bases and desensitizing agents. In addition to the required clinical training, a minimum of one hour of didactic training and the equivalent of one hour of laboratory training that includes a minimum of two experiences.

e. Applying bonding systems, which may include the placement of the attachments used in clear aligner systems, following review of the fit and function by the supervising dentist. In addition to the required clinical training, a minimum of two hours of didactic training and the equivalent of one hour of laboratory training that includes a minimum of two experiences.

f. Placement, bonding, and removal of orthodontic brackets and bands or provisional orthodontic appliances pursuant to paragraph 577.3(1)*"f."* For each procedure, in addition to the required clinical training, a minimum of two hours of didactic training and the equivalent of one hour of laboratory training that includes a minimum of two experiences.

g. Monitoring of patients receiving nitrous oxide inhalation analgesia, pursuant to paragraph 577.3(2)*"a."* In addition to the required clinical training, a minimum of two hours of didactic training and one hour of laboratory training in the office where the dental hygienist or dental assistant is employed.

h. Taking final impressions. A minimum of three hours of didactic training, and the equivalent of clinical training that includes a minimum of six patient experiences under observational supervision.

i. Removal of adhesives using nonmotorized hand instrumentation. In addition to the required clinical training, a minimum of one hour of didactic training.

j. Placement of temporary restorative materials following preparation of the tooth by the dentist. In addition to the required clinical training, a minimum of two hours of didactic training and the equivalent of one hour of laboratory training that includes a minimum of two experiences.

k. Extraoral adjustment to acrylic dentures without making any adjustments to the prosthetic teeth. In addition to the required clinical training, a minimum of one hour of didactic training and the equivalent of one hour of laboratory training that includes a minimum of two experiences.

l. Tissue conditioning (soft reline only). In addition to the required clinical training, a minimum of one hour of didactic training and the equivalent of one hour of laboratory training that includes a minimum of two experiences.

m. Placement, management, and removal of an IV infusion line for moderate sedation, deep sedation, or general anesthesia. A minimum of 12 hours of didactic training or current Dental Anesthesia Assistant National Certification Examination (DAANCE) certification; and eight hours of laboratory and clinical training that includes a minimum of six venipunctures, two of which are completed on human subjects. Supervision for the clinical experiences shall be completed under the supervision of a dentist with a current sedation or anesthesia permit, or a licensed sedation provider.

577.5(5) *Acceptance of previously completed board-approved training.* Any dental hygienist or dental assistant who previously completed board-approved expanded function training can continue to perform expanded function procedures for which training has been completed and documentation is available. For any expanded function procedures that are new, in whole or in part, additional training to satisfy the

minimum training requirement is required of the dental hygienist or dental assistant prior to performing the new expanded function procedure.

[**ARC 8991C**, IAB 3/5/25, effective 4/9/25]

These rules are intended to implement Iowa Code chapter 153.

[Filed ARC 8991C (Notice ARC 8478C, IAB 12/11/24), IAB 3/5/25, effective 4/9/25]

[Filed ARC 0247D (Amended Notice ARC 0071D, IAB 2/18/26; Notice ARC 9785C, IAB 12/10/25), IAB 4/29/26, effective 6/3/26]

CHAPTER 578
PRESCRIBING, ADMINISTERING, AND DISPENSING DRUGS

Chapter rescission date pursuant to Iowa Code section 17A.7: 4/9/30

481—578.1(153) Scope of authority and prescribing requirements.

578.1(1) A license to practice dentistry issued by this board permits the licensee to prescribe, administer, or dispense prescription drugs if the use is directly within the scope of the dentist-patient relationship. Registration with the federal Drug Enforcement Administration and the board of pharmacy extends this privilege to controlled substances.

578.1(2) A licensed dentist may only prescribe, administer or dispense a prescription drug for a diagnosed dental condition that is included in the treatment plan and entered into the patient record. A dental examination and medical history must be completed and entered into the patient record before a dentist prescribes, administers, or dispenses a prescription drug to a patient. Fluoride may also be dispensed under protocols approved by the dental and oral health program of the department of health and human services.

578.1(3) On each occasion when a dentist prescribes, administers, or dispenses a prescription drug to a patient, the patient's dental record will be updated to include the following information:

a. Name, quantity, and strength of the prescription drug.

b. Directions for its use.

c. Date of issuance.

d. Conditions for which the prescription drug was used.

578.1(4) A dentist may only prescribe, administer, or dispense prescription drugs in accordance with all applicable state and federal laws.

578.1(5) A dentist may only purchase, administer, or dispense controlled substances if the dentist maintains records and accountability in accordance with 481—Chapter 553 and all other applicable state and federal laws.

578.1(6) A dentist cannot self-prescribe or self-administer controlled substances.

578.1(7) A dentist may only prescribe, administer, or dispense controlled substances to members of the licensee's immediate family in the case of an acute dental condition or on an emergency basis for a dental condition after the licensee conducts an examination, establishes a patient record, and maintains proper documentation.

[**ARC 8992C**, IAB 3/5/25, effective 4/9/25]

481—578.2(153) Dispensing—requirements for containers and labeling.

578.2(1) *Containers.* A prescription drug shall be dispensed in a suitable container designed to protect its integrity in accordance with all applicable federal and state laws.

578.2(2) *Labeling.* A label shall be affixed to the container in which a prescription drug is dispensed bearing the following information:

a. Name and address of the dentist.

b. Name of the patient.

c. Date dispensed.

d. Directions for use.

e. Name, quantity, and strength of medication.

f. If the prescription drug is a Schedule II, III, or IV controlled substance, the federal transfer warning statement as follows: "Caution: Federal law prohibits the transfer of this drug to any person other than the patient for whom it was prescribed."

g. Cautionary statements, if any.

[**ARC 8992C**, IAB 3/5/25, effective 4/9/25]

481—578.3(153) Prescription requirements.

578.3(1) A dentist shall take adequate measures to prevent prescription forgery from occurring. Dentists may only transmit prescription drug orders, including prescriptions for controlled substances,

electronically unless exempted. A dentist who fails to comply with the electronic prescription mandate may be subject to a nondisciplinary administrative penalty of $250 per violation, up to a maximum of $5,000 per calendar year.

578.3(2) A dentist may delegate to a licensed dental hygienist or registered dental assistant the preparation of a prescription for the review, authorization, and manual or electronic signature of the dentist, but the dentist is responsible for the accuracy, completeness, and validity of the prescription.

578.3(3) A dentist shall securely maintain the unique authentication credentials issued to the dentist for utilization of the electronic prescription application and authentication of the dentist's electronic signature. Unique authentication credentials issued to any individual may not be shared with or disclosed to any other individual.

[**ARC 8992C**, IAB 3/5/25, effective 4/9/25]

481—578.4(153) Required use of the prescription monitoring program (PMP).

578.4(1) A dentist may only prescribe or dispense an opioid if the dentist or authorized delegate queries the PMP. The query for each patient may not be performed more than 48 hours prior to each instance of an opioid prescription being authorized, issued, or dispensed.

578.4(2) A dentist who dispenses a controlled substance is required to report the dispensing to the PMP within one business day in accordance with 481—Chapter 556.

[**ARC 8992C**, IAB 3/5/25, effective 4/9/25]

These rules are intended to implement Iowa Code section 153.20.

[Filed ARC 8992C (Notice ARC 8503C, IAB 12/11/24), IAB 3/5/25, effective 4/9/25]

CHAPTER 579
SEDATION AND NITROUS OXIDE

Chapter rescission date pursuant to Iowa Code section 17A.7: 4/9/30

481—579.1(153) Nitrous oxide inhalation analgesia.

579.1(1) A dentist may use nitrous oxide inhalation analgesia on an outpatient basis for dental patients provided the dentist has completed training and complies with the following:

a. Has adequate equipment with fail-safe features.

b. Has inspection and maintenance performed on equipment as needed to ensure its proper performance, maintains documentation of such, and provides the documentation to the board upon request.

c. Ensures the patient is continually monitored by a patient monitor while receiving nitrous oxide inhalation analgesia.

579.1(2) A dentist shall provide direct supervision of the administration and monitoring of nitrous oxide and establish a written office protocol for taking vital signs, adjusting anesthetic concentrations, and addressing emergency situations that may arise. The dentist is responsible for the dismissal of the patient following completion of the procedure.

579.1(3) A dental hygienist may administer and monitor nitrous oxide inhalation analgesia when the services have been prescribed by a dentist and the hygienist has completed board-approved training.

579.1(4) A dental assistant who has completed a board-approved expanded function course or holds a current Dental Anesthesia Assistant National Certification Examination (DAANCE) certification may monitor a patient who is receiving nitrous oxide after the dentist has induced the patient and established the maintenance level. A dental assistant may make adjustments to decrease the nitrous oxide concentration while monitoring the patient or may turn off oxygen delivery at the completion of the dental procedure.

[**ARC 8993C**, IAB 3/5/25, effective 4/9/25]

481—579.2(153) Minimal sedation standards.

579.2(1) A dentist shall evaluate a patient prior to the start of any sedative procedure. In healthy or medically stable patients (ASA I, II), the dentist should review the patient's current medical history and medication use. For a patient with significant medical considerations (ASA III, IV), a dentist may need to consult with the patient's primary care provider or consulting medical specialist. A dentist may only provide minimal sedation after obtaining informed consent from the patient or the patient's parent or legal guardian.

579.2(2) Minimal sedation for ASA I or II nonpediatric patients.

a. A dentist may prescribe or administer a single medication for minimal sedation via the enteral route that does not exceed the maximum recommended dose (MRD) for unmonitored home use. A dentist may only administer a supplemental dose of the same drug if the clinical half-life of the initial dose has passed and the total aggregate dose does not exceed 1.5 times the MRD on the day of treatment.

b. A dentist may administer a single medication for minimal sedation via the enteral route that does not exceed the MRD for monitored use on the day of treatment.

c. A dentist may utilize nitrous oxide inhalation analgesia in combination with a single enteral drug.

579.2(3) Minimal sedation for ASA III, ASA IV or pediatric patients.

a. A dentist may prescribe or administer a single medication for minimal sedation via the enteral route that does not exceed the MRD for unmonitored home use.

b. A dentist may administer a single medication for minimal sedation via the enteral route that does not exceed the MRD for monitored use on the day of treatment.

c. A dentist may only administer nitrous oxide inhalation analgesia for minimal sedation of ASA III or IV patients or pediatric patients provided the concentration does not exceed 50 percent and is not used in combination with any other drug.

[**ARC 8993C**, IAB 3/5/25, effective 4/9/25]

481—579.3(153) Shared standards for moderate sedation, deep sedation and general anesthesia.

579.3(1) A dentist may only administer moderate sedation, deep sedation or general anesthesia if the dentist holds a current moderate sedation permit or general anesthesia permit pursuant to rule 481—572.11(153).

579.3(2) A dentist administering sedation anesthesia must maintain current advanced cardiac life support (ACLS) certification. A dentist administering moderate sedation to pediatric patients may maintain current pediatric advanced life support (PALS) certification in lieu of current ACLS certification.

579.3(3) A dentist may only start a sedative procedure after evaluating a patient. A dentist should review a patient's medical history, medication(s) and NPO (nothing by mouth) status. For a patient with significant medical considerations (ASA III, IV), a dentist may need to consult with the patient's primary care provider or consulting medical specialist. The dentist should consult the body mass index as part of the preprocedural workup.

579.3(4) A dentist may only administer sedation or anesthesia if the following requirements are met:

a. Facilities are appropriately staffed to reasonably handle emergencies;

b. A patient monitor remains present in the treatment room to continually monitor the patient until the patient returns to a level of minimal sedation;

c. The dentist provides postoperative verbal and written instructions to the patient and caregiver prior to discharging the patient;

d. The dentist remains in the facility until the patient meets the criteria for discharge;

e. The dentist or another designated permit holder or licensed sedation provider is available for appropriate postoperative aftercare for a minimum of 48 hours following the administration of sedation; and

f. The dentist establishes emergency protocols that comply with the following:

(1) Establishment of a procedure for immediate access to backup emergency services;

(2) Employment of initial life-saving measures by a patient monitor in the event of an emergency, including activation of the emergency medical service (EMS) system for life-threatening complications;

(3) Avoidance of chest or airway obstruction when applying an immobilization device and allowance for the ongoing exposure of a hand or foot; and

(4) Availability of a functioning suction apparatus as well as the ability to provide >90 percent oxygen and positive-pressure ventilation, along with age- and size-appropriate rescue equipment in the recovery room for pediatric patients.

[**ARC 8993C**, IAB 3/5/25, effective 4/9/25]

481—579.4(153) Moderate sedation standards.

579.4(1) Moderate sedation for ASA I or II nonpediatric patients.

a. A dentist may prescribe or administer a single enteral drug in excess of the MRD on the day of treatment.

b. A dentist may prescribe or administer a combination of more than one enteral drug.

c. A dentist may administer nitrous oxide with more than one enteral drug.

d. A dentist may administer a medication for moderate sedation via the parenteral route in single or incremental doses.

e. A dentist may only administer drug(s) or techniques, or both, provided there is a margin of safety wide enough to render unintended loss of consciousness unlikely.

579.4(2) Moderate sedation for ASA III, ASA IV or pediatric patients. A dentist who does not meet the requirements of 481—subparagraph 572.11(1)*"b"*(3) may not administer moderate sedation, deep sedation or general anesthesia to pediatric or ASA III or IV patients. The following constitute moderate sedation:

a. The use of one or more enteral drugs in combination with nitrous oxide.

b. The administration of any intravenous drug.

579.4(3) A dentist may administer moderate sedation in a facility provided the following requirements are met:

a. Have at least one patient monitor observe the patient while the patient is under moderate sedation; and

b. Utilize capnography or a pretracheal/precordial stethoscope as stipulated below:

(1) Use capnography to monitor end-tidal carbon dioxide unless the use of capnography is precluded or invalidated by the nature of the patient, procedure or equipment.

(2) In cases where the use of capnography is precluded or invalidated for the reasons listed previously, a pretracheal or precordial stethoscope must be used to continually monitor the auscultation of breath sounds.

[**ARC 8993C**, IAB 3/5/25, effective 4/9/25]

481—579.5(153) Deep sedation or general anesthesia standards.

579.5(1) The administration of anesthetic sedative agents intended for deep sedation or general anesthesia, including but not limited to Propofol, Ketamine and Dilaudid, is deemed to constitute deep sedation or general anesthesia.

579.5(2) A dentist may administer deep sedation or general anesthesia provided the following requirements are met:

a. Have at least two patient monitors observe the patient while the patient is under deep sedation or general anesthesia;

b. Utilize capnography and a pretracheal/precordial stethoscope; and

c. If the dentist has a recovery area separate from the operatory, the recovery area has oxygen and suction equipment.

[**ARC 8993C**, IAB 3/5/25, effective 4/9/25]

481—579.6(153) Training and certification requirements for patient monitors. Patient monitors must be capable of administering emergency support and complete training as required by this rule.

579.6(1) Patient monitors who will observe patients receiving deep sedation or general anesthesia must have a current certification in ACLS, PALS, or DAANCE.

579.6(2) A patient monitor who will observe patients receiving moderate sedation may meet one of the requirements listed in subrule 579.6(1) or complete on-site training for a minimum of three hours in airway management that provides the knowledge and skills necessary to competently assist with emergencies, including but not limited to recognizing apnea and airway obstruction.

[**ARC 8993C**, IAB 3/5/25, effective 4/9/25]

481—579.7(153) Recordkeeping requirements for nitrous oxide, sedation or anesthesia. In addition to the recordkeeping requirements specified in rule 481—574.9(153,272C), the patient record must include the following information as applicable when administering nitrous oxide, sedation or anesthesia.

579.7(1) The concentration of nitrous oxide administered; dosage of medication administered, including any prescription for at-home unmonitored use, if applicable; duration of administration; and vital signs taken.

579.7(2) When administering moderate sedation, deep sedation or general anesthesia, a time-oriented anesthesia record that contains preoperative and postoperative vital signs; the names of all drugs administered, including local anesthetics and nitrous oxide, dosages, anesthesia time in minutes, and monitors used; and monitored physiological parameters, including oxygenation, ventilation, and circulation. When administering deep sedation or general anesthesia, pulse oximetry, heart rate, respiratory rate, and blood pressure must be recorded continually until the patient is fully ambulatory.

579.7(3) When administering moderate sedation, deep sedation or general anesthesia, the record should include the name of the person to whom the patient was discharged.

[**ARC 8993C**, IAB 3/5/25, effective 4/9/25]

481—579.8(153) Facility and equipment requirements for moderate sedation, deep sedation or general anesthesia.

579.8(1) A permit holder shall notify the board office in writing within 60 days of a change in location or the addition of a sedation facility.

579.8(2) A dentist may only administer moderate sedation or anesthesia in a facility that is permanently and properly equipped. A dentist is required to be trained in and maintain, at a minimum, the following equipment:

a. Electrocardiogram (EKG) monitor;
b. Positive pressure oxygen;
c. Suction;
d. Laryngoscope and blades;
e. Endotracheal tubes;
f. Magill forceps;
g. Oral airways;
h. Stethoscope;
i. Blood pressure monitoring device;
j. Pulse oximeter;
k. Emergency drugs, in accordance with subrule 579.8(3);
l. Defibrillator;
m. Capnography machine;
n. Pretracheal or precordial stethoscope;
o. Nasopharyngeal airway (nasal trumpet); and
p. Any additional equipment necessary to establish intravascular or intraosseous access, which will be available until the patient meets discharge criteria.

579.8(3) Pursuant to paragraph 579.8(2)*"k,"* a dentist providing sedation at a dental facility is required to maintain on site emergency drugs that meet the needs of the following categories. At a minimum, a dentist providing moderate sedation shall maintain emergency drugs specified in paragraphs 579.8(3)*"a"* through *"f."* A dentist providing deep sedation or general anesthesia shall maintain emergency drugs for all of the following categories:

a. Vasopressor.
b. Bronchodilator.
c. Benzodiazepine antagonist.
d. Narcotic antagonist.
e. Coronary artery vasodilator.
f. Low blood sugar medication.
g. Corticosteroid.
h. Antihistamine.
i. Antiarrhythmic.
j. Cardiopulmonary arrest IV medication.
k. Anticholinergic.
l. Neuromuscular blocker.
m. Antihypertensive.

579.8(4) The board or its designated agents may conduct facility inspections. A facility inspection may be required before a sedation permit is issued or before sedation services are provided at a new or updated facility. The actual costs associated with the on-site evaluation of the facility are the primary responsibility of the licensee. The cost to the licensee will not exceed the fee specified in 481—Chapter 571.

[**ARC 8993C**, IAB 3/5/25, effective 4/9/25]

481—579.9(153) Use of another licensed sedation provider or permit holder.

579.9(1) A dentist may only use the services of a licensed sedation provider or another permit holder to administer moderate sedation, deep sedation or general anesthesia in a dental facility if the following requirements are met:

a. The dentist holds a current moderate sedation or general anesthesia permit. A permit holder who does not meet the training requirement to administer moderate sedation to pediatric or ASA III or IV patients as stipulated in 481—subparagraph 572.11(1)*"b"*(3) may use another licensed sedation provider or qualified permit holder to administer moderate sedation to pediatric or ASA III or IV patients.

b. The dentist remains present in the treatment room for the duration of any dental treatment.

c. The facility is a permanently and properly equipped facility pursuant to the provisions of this chapter.

d. The permit holder assesses the need and patient suitability for sedation services. A permit holder may not interfere with any independent assessment performed by a licensed sedation provider.

579.9(2) When a licensed sedation provider or another permit holder is used to administer moderate sedation, deep sedation or general anesthesia, that provider constitutes one patient monitor for the purpose of complying with rule 481—579.6(153).

579.9(3) A dentist who does not hold a sedation permit is prohibited from using a licensed sedation provider or permit holder to provide moderate sedation, deep sedation or general anesthesia.

[**ARC 8993C**, IAB 3/5/25, effective 4/9/25]

481—579.10(153) Advertising. A dentist will ensure that any advertisements related to the availability of antianxiety premedication or minimal sedation clearly reflect the level of sedation provided and are not misleading.

[**ARC 8993C**, IAB 3/5/25, effective 4/9/25]

481—579.11(153) Noncompliance. Violations of the provisions of this chapter may result in disciplinary measures as deemed appropriate by the board.

[**ARC 8993C**, IAB 3/5/25, effective 4/9/25]

These rules are intended to implement Iowa Code section 153.13.

[Filed ARC 8993C (Notice ARC 8510C, IAB 12/11/24), IAB 3/5/25, effective 4/9/25]

CHAPTER 580
DENTAL BOARD COMPLAINTS AND INVESTIGATIONS

Chapter rescission date pursuant to Iowa Code section 17A.7: 4/9/30

481—580.1(147,153,272C) Complaint review. Pursuant to Iowa Code sections 147.87, 153.33, 272C.3 and 272C.4, the board shall, upon receipt of a complaint or upon its own motion, review and investigate alleged acts or omissions that the board reasonably believes constitute cause under applicable law or administrative rule for licensee or registrant discipline. Pursuant to Iowa Code section 153.33A, all complaints regarding the practice of dental hygiene will be initially directed to the dental hygiene committee.

[**ARC 8994C**, IAB 3/5/25, effective 4/9/25]

481—580.2(153) Form, content and submission of complaints.

580.2(1) Complaints should be filed with department staff associated with the board. Complaints may be filed via the board's online database or via complaint form by email, by fax, by mail, or in person. Contact information for the board is available on the department's website.

580.2(2) A written complaint should include the following facts:

a. The full name and contact information of the complainant.

b. The full name, address, or contact information of the licensee or registrant against whom the complaint is filed.

c. A statement of the facts concerning the alleged acts or omissions.

[**ARC 8994C**, IAB 3/5/25, effective 4/9/25]

481—580.3(153) Investigation. Pursuant to Iowa Code sections 147.87, 147.88, 153.33, 272C.3 and 272C.4, the board may authorize department staff to investigate the allegations of a complaint to determine whether probable cause exists.

[**ARC 8994C**, IAB 3/5/25, effective 4/9/25]

481—580.4(17A,153,272C) Investigatory subpoenas. Pursuant to Iowa Code sections 17A.13(1), 153.33(3)*"d"* and 272C.6(3), the board has the authority to issue an investigatory subpoena to compel the production of evidence deemed necessary in connection with the investigation of a complaint. A subpoena issued by the board in connection with such investigation may compel the production of evidence whether or not it is privileged or confidential under law. The board may not compel the types of evidence stipulated in Iowa Code section 272C.6(3)*"a"*(2).

580.4(1) The executive director or designee may, upon the written request of a board investigator or on the director's own initiative, issue a subpoena in accordance with Iowa Code sections 17A.13(1), 153.33(3)*"d"* and 272C.6(3). In the case of a subpoena, when seeking access to mental health records, all of the following conditions shall be satisfied prior to the issuance of the subpoena:

a. The nature of the complaint reasonably justifies the issuance of a subpoena;

b. Adequate safeguards have been established to prevent unauthorized disclosure;

c. An express statutory mandate, articulated public policy, or other recognizable public interest favors access; and

d. An attempt was made to notify the patient and to secure an authorization from the patient for release of the records at issue.

580.4(2) A written request for a subpoena or the director's written memorandum in support of the issuance of a subpoena shall contain all of the following:

a. The name and address of the person to whom the subpoena will be directed;

b. A specific description of the books, papers, records or other real evidence requested;

c. An explanation of why the documents sought to be subpoenaed are necessary for the board to determine whether it should initiate a contested case proceeding; and

d. In the case of a subpoena request for mental health records, confirmation that the conditions described in subrule 580.4(1) have been satisfied.

580.4(3) Each subpoena shall contain all of the following:

a. The name and address of the person to whom the subpoena is directed;

b. A description of the books, papers, records or other real evidence requested;

c. The date, time and location for production or inspection and copying;

d. The time within which a motion to quash or modify the subpoena must be filed;

e. The signature, address and contact information of the executive director or designee who issued the subpoena;

f. The date of issuance; and

g. A return of service attached to the subpoena.

580.4(4) Any person who is aggrieved or adversely affected by compliance with the subpoena must, within 14 days after service of the subpoena, or before the time specified for compliance if such time is less than 14 days, file with the board a motion to quash or modify the subpoena. The motion shall describe the legal reasons why the subpoena should be quashed or modified and may be accompanied by legal briefs or factual affidavits.

580.4(5) Upon receipt of a timely motion to quash or modify a subpoena, the board may conduct a hearing on the matter and issue a decision, or refer such hearing and decision to an administrative law judge to conduct a hearing and issue a decision.

a. Oral argument may be scheduled at the discretion of the board or the administrative law judge.

b. Following the conclusion of such hearing, the board or administrative law judge shall issue a decision. The administrative law judge or the board may quash or modify the subpoena, deny the motion, or issue an appropriate protective order.

580.4(6) A person aggrieved by a ruling of an administrative law judge who desires to challenge that ruling must appeal the ruling to the board by serving a notice of appeal within ten days of the date of service of the decision of the administrative law judge on the executive director, either in person or by certified mail.

580.4(7) If the person contesting the subpoena is not the person under investigation, the board's decision is final for purposes of judicial review. If the person contesting the subpoena is the person under investigation, the board's decision is not final for purposes of judicial review until either the person is notified the investigation has been concluded with no formal action or there is a final decision in the contested case.

[**ARC 8994C**, IAB 3/5/25, effective 4/9/25]

481—580.5(153) Board appearances. The board may request a licensee or registrant to appear before the board to discuss a pending investigation. By electing to participate in the board appearance, the licensee or registrant waives any objection to a board member's both participating in the appearance and later participating as a decision maker in a contested case proceeding on the grounds of a personal investigation and a combination of investigative and adjudicative functions. If the executive director or designee participates in the appearance, the licensee or registrant further waives any objection to having the executive director or designee assist the board in the contested case proceeding.

[**ARC 8994C**, IAB 3/5/25, effective 4/9/25]

481—580.6(153) Peer review. Pursuant to Iowa Code section 272C.3(1)*"i,"* the board may refer a complaint for peer review, investigation and report by another licensee, another registrant or a committee established by the board for such purpose.

580.6(1) The board shall determine which licensee, registrant, or peer review committee will review a case involving a dentist or dental assistant. The dental hygiene committee shall make such determinations in a case involving a dental hygienist. Peer reports and recommendations will be forwarded to the dental hygiene committee for further review and decision making.

580.6(2) The board or dental hygiene committee may request that the Iowa dental association, the Iowa dental hygienists' association and the Iowa dental assistants association assist in the composition of a peer review committee as needed.

580.6(3) Pursuant to Iowa Code sections 147.135, 272C.8 and 272C.9 and rule 481—580.11(147,272C), licensees or registrants who serve as peer reviewers shall not be liable for acts, omissions or decisions made in connection with such service.
[**ARC 8994C**, IAB 3/5/25, effective 4/9/25]

481—580.7(272C) Duties of peer review committees.

580.7(1) A licensee or registrant who serves as a peer reviewer shall comply with the requirements imposed by Iowa Code sections 22.7 and 272C.6 and rule 481—580.9(272C).

580.7(2) The board may provide investigative and related services to designated peer reviewers.

580.7(3) Designated peer reviewers shall thoroughly investigate a complaint as assigned and provide a written report to the board in accordance with the board's direction. The peer review shall comply with all of the following:

a. Include a peer review report that contains a statement of facts and a recommendation as to whether a violation of the standard of care occurred, with consideration given to relevant statutes, board rules, ethical standards and standards of care in making its recommendations.

b. Include in the report the signature of each peer reviewer that participated in the investigation. In the case of dissension by a peer reviewer, the dissension should be noted in the report.

c. Submit the peer review report and all investigative information to the board upon completion.
[**ARC 8994C**, IAB 3/5/25, effective 4/9/25]

481—580.8(272C) Board review. The board shall review all investigative reports and proceed pursuant to 481—Chapter 506.
[**ARC 8994C**, IAB 3/5/25, effective 4/9/25]

481—580.9(272C) Confidentiality of investigative files.

580.9(1) Complaint and investigation files, all other investigation reports and all other information in the possession of the board or peer reviewers acting under the authority of the board, its employees or its agents that relate to licensee or registrant discipline shall be subject to all of the following:

a. Are privileged and confidential;

b. Are not subject to discovery, subpoena, or other means of legal compulsion for their release to any person other than the licensee or registrant and the board, its employees and its agents that are involved in licensee or registrant discipline; and

c. Are not admissible in evidence in any judicial or administrative proceeding other than the proceeding involving licensee or registrant discipline.

580.9(2) A final written decision and finding of fact of the board in a disciplinary proceeding shall be public record.
[**ARC 8994C**, IAB 3/5/25, effective 4/9/25]

481—580.10(272C) Investigation of reports of judgments and settlements. Reports received by the board from the commissioner of insurance, insurance carriers, licensees or registrants involving adverse judgments in a professional malpractice action, and settlement of claims alleging malpractice shall be reviewed and investigated by the board in the same manner as is prescribed in these rules for the review and investigation of complaints.
[**ARC 8994C**, IAB 3/5/25, effective 4/9/25]

481—580.11(147,272C) Immunities.

580.11(1) Pursuant to Iowa Code sections 147.135, 272C.8 and 272C.6(3)*"b,"* a person shall not be civilly liable in relation to the following:

a. Filing a report or complaint with the board;

b. Disclosing to the board, its agents or employees, whether or not pursuant to a subpoena, records, documents, testimony or other forms of information that constitute privileged matter concerning a recipient of health care services or some other person;

c. Serving in connection with proceedings of a peer review; and

d. Serving in connection with other authorized duties of the board.

580.11(2) Immunity from civil liability shall not apply if the act is done with malice.

[**ARC 8994C**, IAB 3/5/25, effective 4/9/25]

These rules are intended to implement Iowa Code chapter 17A and sections 153.13, 153.33, 272C.3 and 272C.4.

[Filed ARC 8994C (Notice ARC 8511C, IAB 12/11/24), IAB 3/5/25, effective 4/9/25]

CHAPTER 581
DENTAL BOARD DISCIPLINE

Chapter rescission date pursuant to Iowa Code section 17A.7: 4/9/30

481—581.1(147,153,272C) Authority and methods of discipline.

581.1(1) The board has the authority to impose discipline pursuant to Iowa Code title IV, Iowa Code chapter 272C, Iowa Code sections 147.55 and 153.34, and the rules promulgated thereunder.

581.1(2) The board may impose one or more methods of disciplinary action in accordance with Iowa Code sections 153.34 and 272C.3(2).

[**ARC 8995C**, IAB 3/5/25, effective 4/9/25]

481—581.2(153,272C) Discretion of the board. The board may consider the following factors in determining the nature and severity of the disciplinary action to be imposed in accordance with Iowa Code section 272C.15:

1. The relative seriousness of the violation as it relates to ensuring the citizens of this state a high standard of professional care.
2. The facts of the particular violation.
3. Any extenuating circumstances or other countervailing considerations.
4. Number of prior violations or complaints.
5. Seriousness of prior violations or complaints.
6. Whether remedial action has been taken.
7. Such other factors as may reflect upon the competency, ethical standards and professional conduct of the licensee or registrant.

[**ARC 8995C**, IAB 3/5/25, effective 4/9/25]

481—581.3(147,153,272C) Grounds for discipline. Violations of the provisions of Iowa Code chapter 272C and sections 147.55, 153.32, 153.34 and 272C.15 and other applicable sections of Iowa law shall constitute grounds for the imposition by the board of disciplinary action pursuant to rule 481—581.1(147,153,272C). This rule is not subject to waiver pursuant to 7—Chapter 2504 or any other provision of law.

581.3(1) The following violations related to notification, compliance and other state laws constitute grounds for disciplinary action:

a. Failure to comply with the requirements of 481—Chapter 574, except as otherwise provided by law;

b. Failure to preserve the confidentiality of patient information or accessing any confidential patient information without authorization;

c. Practice of dentistry, dental hygiene or dental assisting beyond training;

d. Delegation of any acts to any licensee, registrant or qualified person that are beyond the training or education of the licensee, registrant or qualified person, or that are otherwise prohibited by rule;

e. Failure to comply with requirements related to prescribing, administering or dispensing any drug pursuant to Iowa Code chapter 124, the provisions of Iowa Code chapter 155A that are applicable to the practice of dentistry, and 481—Chapter 578;

f. Improper sexual contact with, or making suggestive, lewd, lascivious or improper remarks or advances to, a patient or a coworker;

g. Actions that are abusive, coercive, intimidating, harassing, untruthful or threatening in the practice of dentistry; or

h. Failure to comply with an order of the board.

581.3(2) The following violations related to infection control constitute grounds for disciplinary action:

a. Failure to maintain adequate safety and sanitary conditions for a dental office; or

b. Failure to comply with standard precautions for preventing and controlling infectious diseases and managing personnel health and safety concerns related to infection control, as required or recommended for

dentistry by the Centers for Disease Control and Prevention of the United States Department of Health and Human Services and the Iowa occupational safety and health administration.

581.3(3) Violations related to continuing education constitute grounds for disciplinary action:

a. Failure to respond to the board during a continuing education audit, or failure to submit verification of continuing education requirements within the time period provided;

b. Knowingly submitting a false report of continuing education; or

c. Failure to meet the required continuing education hours per renewal period.

581.3(4) Violations related to board investigations constitute grounds for disciplinary action:

a. Interference with, or knowingly providing false information to the board or an agent of the board related to, an inspection or investigation;

b. Failure to comply with a subpoena issued by the board;

c. Failure to fully and promptly comply with office inspections conducted at the request of the board to determine compliance with sanitation and infection control standards or sedation permit requirements;

d. Failure to cooperate with a board investigation; or

e. Retaliating against, threatening or coercing any person for filing a complaint with the board or cooperating with a board inspection or investigation.

581.3(5) The following violations may constitute grounds for disciplinary action:

a. Failure to notify the board of change of name or address within 60 days;

b. Failure to prominently display the names of all persons who are practicing dentistry, dental hygiene or dental assisting within an office; or

c. Giving or receiving cash or cash equivalents, or giving or receiving any gifts exceeding nominal value, for referral of patients.

[**ARC 8995C**, IAB 3/5/25, effective 4/9/25; Editorial change: IAC Supplement 3/4/26; **ARC 0247D**, IAB 4/29/26, effective 6/3/26; Editorial change: IAC Supplement 8/5/26]

481—581.4(272C) Prohibited grounds for discipline. The board shall not suspend or revoke the license of a person who is in default or is delinquent on repayment or a service obligation under federal or state postsecondary educational loans or public or private services-conditional postsecondary tuition assistance solely on the basis of such default or delinquency.

[**ARC 8995C**, IAB 3/5/25, effective 4/9/25]

These rules are intended to implement Iowa Code chapters 147, 153, 252J, 272C and 598.

CHAPTERS 582 to 614
Reserved

NURSING BOARD

CHAPTER 615
ADMINISTRATIVE AND REGULATORY AUTHORITY

[Prior to 8/26/87, Nursing Board[590] Ch 1]
[Prior to 6/11/25, see Nursing Board[655] Ch 1]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/4/30

481—615.1(17A,147,152,152E,272C) Description and organization of the board.

615.1(1) *Board composition.* The composition of the board is established in Iowa Code section 147.14.

615.1(2) *Board leadership and committees.* The board annually selects a chairperson and a vice chairperson from its own membership. The election of chairperson and vice chairperson, as well as standing committee assignments, is done during the first regularly scheduled meeting after May 1.

615.1(3) *Board authority.* The board's authority for regulating nursing education, nursing practice, and continuing education for nurses in the state of Iowa is found in Iowa Code chapters 147, 147A, 152, 152E, and 272C.

[**ARC 9158C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—615.2(17A,152,152E,272C) Responsibilities. The responsibilities of the board include but are not limited to:

1. Licensing qualified applicants for the practice of nursing by examination, endorsement, renewal, and compact privilege pursuant to Iowa Code chapters 147, 152, 152E, and 272C.
2. Conducting investigations and imposing discipline for violations of statutes or rules related to the practice of nursing pursuant to Iowa Code chapters 147, 152, and 272C.
3. Approving nursing education programs pursuant to Iowa Code section 152.5.
4. Collecting, analyzing, and disseminating nursing workforce data pursuant to Iowa Code section 152.4.
5. Overseeing the nursing profession through policymaking and rulemaking.

[**ARC 9158C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—615.3(17A,272) Submission of requests, obtaining information, and board office. Members of the general public may obtain information or submit requests or complaints relative to the licensure of nursing, practice of nursing, nursing education, continuing education, or any other matters relating to the function and authority of this board. Correspondence should be submitted to the executive director at the board office. The board office is located at 6200 Park Avenue, Suite 100, Des Moines, Iowa 50321.

[**ARC 9158C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—615.4(17A,21) Meetings.

615.4(1) *Quorum.* A majority of the members of the board constitutes a quorum.

615.4(2) *Meeting schedule and public notice.* The board will schedule and hold regular meetings. The date, time, and location of each meeting of the board will be made available to the public on the board's website and upon request by contacting the board office.

615.4(3) *Special meetings.* Special meetings of the board may be called by the chairperson or upon request of four board members to the chairperson or the executive director.

615.4(4) *Meeting materials.* Materials received at the board office at least three weeks prior to a scheduled board meeting may be placed on the agenda. Materials from emergency or unusual circumstances may be added to the agenda with the chairperson or executive director's approval.

615.4(5) *Public observation and comment.* The board will provide a means for members of the public to observe and, when appropriate, offer public comment during board meetings unless the board votes to hold a closed session.

a. Anyone who has submitted materials for the agenda or whose presence has been requested by the board will be given the opportunity to address the board.

b. At every regularly scheduled board meeting, time will be designated for public comment. During the time on the agenda for public comment, anyone may speak for up to two minutes per person. Requests to speak at a later time for two minutes per person when a particular topic comes before the board should be made at the time for public comment and will be granted at the discretion of the chairperson. No more than ten minutes will be allotted to public comment at any one time unless the chairperson indicates otherwise.

c. An individual who has not asked to address the board during the time for public comment may be recognized by the chairperson upon request. Acknowledgment and an opportunity to speak will be at the discretion of the chairperson.

[**ARC 9158C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—615.5(147,152,272C) Communications. The board may issue or disseminate communications as a means to provide information to licensees and the general public related to the mission and responsibilities of the board. Board communications may include but are not limited to publishing updates on its website, issuing a newsletter, and other written, audio, or video methods of communication.

[**ARC 9158C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—615.6(17A,272C) Adoption of uniform and model rules. The board hereby adopts by reference the following:

615.6(1) Uniform Rules on Agency Procedure, 7—Chapters 2501 through 2505.

615.6(2) Military service, veteran reciprocity, and spouses of active-duty service members, 481—Chapter 7.

615.6(3) Licensing and child support noncompliance, student loan repayment noncompliance, and nonpayment of state debt, 481—Chapter 8.

615.6(4) Model rules for use of criminal convictions in eligibility determinations and initial licensing decisions, 481—Chapter 502.

615.6(5) Model rules for licensee review committee, 481—Chapter 505.

615.6(6) Model rules for contested cases before licensing boards, 481—Chapter 506.

[**ARC 9158C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25; Editorial change: IAC Supplement 8/5/26]

These rules are intended to implement Iowa Code chapters 17A, 147, 152, 152E, and 272C.

CHAPTER 616
NURSING EDUCATION PROGRAMS

[Prior to 8/26/87, Nursing Board[590] Ch 2]
[Prior to 6/11/25, see Nursing Board[655] Ch 2]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/4/30

481—616.1(152) Definitions.

"Approval" means recognition status given to nursing education programs based on the programs' compliance with the criteria specified in this chapter. Approval may be granted or continued for any time period determined by the board for up to six years.

"Clinical facilities" means locations where students directly care for patients/clients under the supervision of a qualified faculty member.

"Clinical instruction" means hands-on learning situations in which students directly care for patients/clients within a relevant setting, under the supervision of a qualified faculty member.

"Content" means the subject matter in a given area of study.

"Controlling institution" means the institution that has authority over and administrative accountability for the program(s).

"Curriculum" means content, lab/simulation, observation and clinical experiences developed, implemented and evaluated by faculty to facilitate achievement of program outcomes and to meet the learning needs of students.

"Debriefing" means an activity that follows a simulation experience and that is led by a faculty member, encourages a participant's reflective thinking, and provides feedback regarding the participant's performance.

"Faculty" means the teaching staff in a nursing education program. This definition includes anyone who provides didactic, simulation, laboratory, or clinical instruction in nursing when assigned by the program to provide this instruction for courses included in the nursing curriculum. The definition applies regardless of the amount of time spent teaching, the level of payment, the type of contract, the temporary nature of the position, or the location of the learner.

"Head of program" means the dean, chairperson, director, or coordinator of the nursing education program(s) who is responsible for the administration of the program(s).

"Improvement status" means the status on which a program is placed after three consecutive years of NCLEX® results below 95 percent of the national NCLEX® passing percentage.

"Interim approval" means approval granted to a new nursing program, at which time students may be admitted into the program.

"Lab/simulation" means activities that mimic the reality of a clinical environment and that are designed to demonstrate procedures, decision-making and critical thinking through interactive experiences.

"Learning experiences" means experiences that shall include content and clinical instruction and that may include components of lab/simulation, practicum, and observation.

"Located in Iowa" means a college or university that is accredited by the Higher Learning Commission, that has made a substantial investment in a permanent Iowa campus and staff, and that offers a full range of courses leading to the degrees offered by the institution as well as a full range of student services.

"National NCLEX® passing percentage" means the percentage of first-time testers who achieve a passing score on the NCLEX® examination for licensed practical nurse or registered nurse licensure, calculated on a calendar year basis.

"NCLEX®" means the National Council Licensure Examination, the examination currently used for initial licensure as a registered nurse or licensed practical nurse.

"NCLEX® passing percentage" means the percentage of first-time testers who achieve a passing score on the NCLEX® examination for licensed practical nurse or registered nurse licensure within six months of graduation from a nursing program, calculated on a calendar year basis.

"Observation" means learning experiences in a relevant setting that meet program outcomes but do not require on-site faculty supervision and where the student does not directly care for patients/clients.

"Out-of-state program" means an approved nursing program within United States jurisdiction that provides clinical experiences in Iowa.

"Practicum" means a course of study designed especially for the preparation of nurses that involves the supervised practical application of previously studied theory.

"Preceptor" means a licensed individual who meets Iowa board of nursing qualifications as specified in this chapter, is on staff at the facility where the experience occurs, is selected by the nursing program in collaboration with the clinical facility, and is responsible for the on-site direction of the student over a period of time.

"Preceptorship" means an experience between a preceptor and a nursing student over a period of time that is congruent with program outcomes.

"Program" means a course of study by any method of instruction or delivery that leads to a nursing diploma, degree or certificate. Multiple-site programs offered by one controlling institution shall be considered one program if the philosophy and curriculum of all the sites are the same.

"Qualified nursing faculty" means individuals who meet board faculty qualifications as specified in this chapter and the qualifications of the parent institution.

[**ARC 9159C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—616.2(152) Programs eligible for board approval. Programs eligible for board approval shall include all of the following:

1. At least a one-academic-year course of study or its equivalent in theory and practice that leads to a diploma in practical nursing and to eligibility to apply for practical nurse licensure by examination as described in 481—Chapter 617.
2. At least a two-academic-year course of study or its equivalent in theory and practice that leads to a degree in nursing and to eligibility to apply for registered nurse licensure by examination as described in 481—Chapter 617.
3. A course of study for registered nurses that leads to a baccalaureate degree with a major in nursing.
4. A course of study for registered nurses that leads to a master's degree with a major in nursing.
5. A course of study for registered nurses who hold a master's degree in nursing that leads to a certificate in advanced practice nursing and eligibility for licensure as an advanced registered nurse practitioner as described in 481—Chapter 621.
6. A post-master's course of study that leads to a doctoral degree with a major in nursing.
7. A course of study that leads to a doctorate in nursing practice.

[**ARC 9159C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—616.3(152) Application for interim approval of a nursing program.

616.3(1) Before establishing a nursing program, a controlling institution shall submit a program application to the board, including:

a. Name and address of the controlling institution.

b. A written statement explaining how the college or university meets the definition of "located in Iowa."

c. Accreditation status of the controlling institution.

d. A written statement of intent to establish a nursing program, including the academic and licensure levels of the program and the primary method of instruction.

e. The establishment of an advisory committee composed of representatives of the community and nurses. Minutes of advisory committee meetings shall be kept on file.

f. Completion of a needs assessment that includes:

(1) Documentation of the present and future need for the program in the state, including the need for entry-level nurses.

(2) Potential effect on existing nursing programs.

(3) Availability of qualified head of the program and faculty.

(4) Source and description of clinical resources for the program.

(5) Evidence of potential students and anticipated enrollment.

(6) Documentation of adequate academic facilities and staff to support the nursing program.

(7) Evidence of financial resources adequate for the planning, implementation and continuation of the nursing program.

(8) Tentative time schedule for planning and implementing the nursing program and the intended date for entry of the first class into the program.

616.3(2) The proposed program shall submit the following prior to enrolling students:

a. Evidence of employment of the head of the program, including the individual's qualifications, at least six months prior to the beginning of the first nursing course.

b. Program philosophy, objectives and outcomes that reflect the proposed level of education.

c. Organizational chart of the educational institution documenting the relationship of the nursing program within the institution.

d. Curriculum plan that meets the criteria in rule 481—616.10(152).

e. Letter of intent from clinical facilities securing clinical opportunities and documentation of the facility type, size, number of beds, and type of patients.

f. Evidence of faculty employed by the controlling institution prior to the beginning of teaching assignments. Faculty members who teach nursing shall meet the qualifications outlined in subrule 616.11(2).

g. Proposed five-year budget for the nursing education program.

616.3(3) The board may conduct a site visit to the controlling institution and clinical facilities to validate information submitted in the program proposal prior to determining interim approval status.

616.3(4) Interim approval may be granted to the program based on the program proposal and a site visit.

a. The controlling institution shall publish the interim approval status of the program.

b. The program shall submit an annual report by June 30th of each year until full approval as described in rule 481—616.4(152) is granted by the board. The report shall include the following:

(1) Updated information in all areas identified in the initial proposal.

(2) Current number of admissions and enrollments.

(3) Current number of qualified faculty.

(4) New course offerings, including descriptions, credit hours, outcomes/objectives, placement of course and curriculum submitted six months prior to the offering of courses.

(5) Changes requiring board notification and approval as outlined in subrule 616.17(3).

c. Interim approval continues until the board conducts a review of program materials, completes a site visit, and grants approval to the program following graduation of the first class and submission of results of the national examination for licensure or advanced practice certification, if applicable.

d. The board may at any time seek additional program information from the controlling institution and head of the program.

616.3(5) The board may deny interim approval based on the program proposal and a site visit.

a. In order to be reconsidered, the controlling institution shall resubmit a program proposal within six months from the time of program application.

b. One year from the initial application, the controlling institution may resubmit a program application to the board in order to be reconsidered.

[**ARC 9159C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—616.4(152) Approval and reapproval of in-state nursing programs.

616.4(1) The full approval for nursing programs located in Iowa requires the following:

a. Completion of a board survey visit by board representative(s).

b. Submission of the program's systematic evaluation plan.

c. Employment of qualified faculty and head of program.

d. Annual reports.

e. Documentation supporting compliance of nursing program criteria.

616.4(2) The board provides the program with the schedule and the criteria for approval or reapproval.

616.4(3) The program provides to the board the nursing education program report and supporting documentation addressing all aspects of the program outlined in rules 481—616.8(152) through 481—616.18(152).

616.4(4) A focused site visit may happen due to any of the following:

a. Complaints from students, faculty and clinical agencies.

b. Frequent turnover of faculty and the head of the program.

c. Decreasing trends in outcomes including NCLEX® pass rates.

d. Evidence that the program does not meet the criteria for approval.

616.4(5) The board will provide a report addressing recommendations from the site visit and nursing education program report to the head of the program. The head of the program will have an opportunity to respond in writing to the recommendations.

616.4(6) The nursing education program report and the program response is submitted to the board for review.

616.4(7) The board determines the approval status of the program.

a. Full approval may be granted or continued, within any time frame determined by the board, up to six years.

b. Conditional approval may be granted as determined by the board.

[**ARC 9159C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—616.5(152) Conditional approval.

616.5(1) Conditional approval may be granted if the board determines that the program does not meet the criteria for approval at any time during the progression of the program.

616.5(2) The board:

a. Will notify the president of the academic institution and head of the nursing program, in writing, of the program's conditional approval status. The nursing program will be given a reasonable period of time to submit an action plan to correct the identified program deficiencies.

b. May request progress reports and conduct a site visit at any time during the conditional approval.

616.5(3) The program shall notify all students and prospective students of the program's conditional approval status.

616.5(4) Prior to the expiration of a program's conditional approval, representatives of the program and controlling institution shall submit a systemic evaluation plan detailing how outcomes are met. The board determines whether to grant the program full approval, extend conditional approval, or initiate proceedings to deny or withdraw approval.

[**ARC 9159C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—616.6(152) Denial or withdrawal of approval.

616.6(1) A program denied approval or given less than full approval may appeal that decision. An appeal initiates a contested case hearing governed by 481—Chapter 506.

616.6(2) If, after a contested case proceeding, the board denies or withdraws approval of a program, the program shall immediately notify all enrolled students of the denial or withdrawal of approval. Such notification must include the date of denial or withdrawal of approval and a statement that students must graduate from an approved program to be eligible for licensure. The program shall assist all enrolled students with transferring to an approved program.

[**ARC 9159C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—616.7(152) Closure of an approved program.

616.7(1) Prior to program closure, the controlling institution shall submit a written plan to the board. The plan shall include:

a. Reasons for closure and the date of closure, including when the last student graduates.

b. Provisions to continually meet the criteria for board approval and maintenance of nursing education standards during the transition to closure.

c. Arrangements for enrolled students to complete a board-approved program.

616.7(2) Prior to closure, the controlling institution shall notify the board regarding the location and maintenance of student and graduate transcripts and records.

[**ARC 9159C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—616.8(152) Organization and administration of the program.

616.8(1) The program shall meet the following criteria:

a. Authorization. Authorization for conducting a program is granted in accordance with Iowa Code chapter 261B.

b. Authority and administrative responsibility. The authority and administrative responsibility of the program is vested in the head of the program, who is responsible to the controlling institution.

c. Organizational chart. The organizational chart(s) indicates the lines of authority and communication within the program and with the central administration, other units within the controlling institution, cooperating agencies, and advisory committees.

d. Finances.

(1) The controlling institution shall allocate adequate funds to carry out the purposes of the program.

(2) The head of the program and nursing faculty shall have input for the budgeted needs of the program.

e. Ethical practices. Ethical practices and standards shall be consistent with those of the controlling institution and made available to students and prospective students.

f. Contractual agreements. Written contractual agreements shall exist between the program and the clinical facilities. The agreements shall include:

(1) Identification of responsibilities of both parties related to patient or client services.

(2) Provision for faculty control, selection and guidance of student learning experiences.

(3) Provision for termination of the agreement.

(4) Provision for annual review.

(5) Provision that the facility is in good standing with its regulatory agency.

g. Accrediting and approving agencies.

(1) The controlling institution or program shall be accredited by the Higher Learning Commission.

(2) When the program is located at a community college, the controlling institution shall be approved by the Iowa department of education.

(3) When the program is offered under the auspices of the United States armed forces, it shall be accredited by the U.S. Department of the Army.

h. Philosophy/mission and program outcomes. The faculty shall develop a philosophy or mission statement and program outcomes that shall be:

(1) Consistent with the philosophy or mission of the controlling institution.

(2) Reflective of faculty beliefs about nursing, education and professional standards.

(3) A guide in the development, implementation and evaluation of the program.

(4) Available to students and prospective students.

i. Program evaluation. A written plan shall:

(1) Outline the evaluation process for all aspects of the program.

(2) Identify the methodology, tools, responsible parties and time frame.

(3) Provide evidence of implementation reflecting achievement of program outcomes.

616.8(2) Requirements for head of program:

a. Current licensure as a registered nurse in Iowa.

b. Two years of experience in clinical nursing.

c. Two years of teaching experience in a nursing education program.

d. Academic qualifications:

(1) If employed on or before July 1, 1992, the individual is considered adequately prepared as long as that person remains in that position.

(2) If employed after July 1, 1992, the individual must have a master's or doctoral degree with a major in nursing at either level at the time of hire.

(3) If a program offers a baccalaureate or higher degree in nursing, the head of the program must have a doctoral degree at the time of hire.

e. Submission of qualifications to the board within one month of appointment.

[**ARC 9159C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—616.9(152) Resources of the controlling institution. The controlling institution is responsible for the provision of resources adequate to meet program needs and outcomes.

616.9(1) *Human resources.* Human resources shall include the following:

a. Head of program.

b. Faculty.

c. Support staff.

616.9(2) *Physical resources.* Physical resources may include the following:

a. Classrooms, conference rooms, laboratories, simulation laboratories, offices, and equipment.

b. Student facilities.

616.9(3) *Learning resources.* Learning resources include:

a. Library.

b. Print media.

c. Computer-mediated resources.

d. Laboratory/simulation laboratory equipment.

616.9(4) *Financial resources.* Adequate financial resources will be maintained to support and carry out the mission of the controlling institution.

[**ARC 9159C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—616.10(152) Curriculum.

616.10(1) The curriculum of a program:

a. Reflects current standards of nursing practice and education.

b. Is consistent with laws governing the practice of nursing.

c. Ensures sufficient preparation for the safe and effective practice of nursing.

d. Includes planned learning experiences and strategies that demonstrate integration of knowledge and attainment of the program outcomes.

e. Reflects the roles for which the student is being prepared.

f. Is evaluated on a regular basis by the faculty and reflects achievement of student outcomes as demonstrated in the program evaluation plan.

g. When offered within a college or university:

(1) Is comparable in quality and requirements to other degree programs within the college or university.

(2) Is planned in accordance with the college or university calendar.

(3) Assigns credit hours for learning experiences that are consistent with the college or university pattern.

(4) Provides a teaching/learning environment (classroom, clinical, laboratory, or simulation) that supports achievement of expected outcomes.

616.10(2) Standardized examinations may be used to supplement a program's curriculum but shall not prevent a student's academic progression or graduation.

a. The program is responsible for informing the students of the standardized examinations at the beginning of the program.

b. The program will have a process and procedure for remediation of students who do not pass the standardized examinations.

616.10(3) Prelicensure programs.

a. The curriculum of a program leading to eligibility for initial licensure as a licensed practical nurse or registered nurse includes:

(1) Content consistent with the practice of nursing as defined in Iowa Code section 152.1.

(2) Content in medical, surgical, gerontological, mental health, and nursing of childbearing families and children that reflects current nursing practice and that encompasses health needs throughout the life span.

(3) Opportunities to participate in the nursing process and to develop competencies in direct patient care, problem-solving methodologies, clinical judgment, communication, and the use of current equipment and technology.

(4) Content in nursing history and trends, including scope of practice, professional, legal, and ethical aspects.

(5) Supporting content from the natural and social sciences.

b. In addition to the requirements identified in paragraph 616.10(3)*"a,"* the curriculum of a program leading to a diploma in practical nursing and to eligibility to apply for practical nurse licensure by examination requires:

(1) Curriculum to be consistent with the scope of practice of a licensed practical nurse outlined in rules 481—620.3(152) and 481—620.6(152).

(2) Focus on supportive or restorative care provided under the supervision of a registered nurse or physician/provider pursuant to Iowa Code section 152.1(4).

(3) Learning experiences in medical, surgical and gerontological nursing.

(4) Content in nursing of childbearing families and children and mental health that is supported by one or more of the following: clinical instruction, lab/simulation, or observation experiences adequate to meet program outcomes.

c. In addition to the requirements identified in paragraph 616.10(3)*"a,"* the curriculum of a program leading to a degree in nursing and to eligibility to apply for registered nurse licensure by examination requires:

(1) Curriculum consistent with the scope of practice of a registered nurse outlined in rules 481—620.2(152) and 481—620.7(152).

(2) Focus on attaining, maintaining and regaining health and safety for individuals and groups by utilizing the principles of leadership, management, nursing informatics, and client education.

(3) Learning experiences in medical, surgical, mental health and gerontological nursing.

(4) Content in nursing of childbearing families and children that is supported by one or more of the following: clinical instruction, lab/simulation, or observation experiences adequate to meet program outcomes.

(5) When the program leads to a baccalaureate, master's or doctoral degree:

1. Content in nursing research.
2. Learning experiences in community health nursing.

616.10(4) Postlicensure programs for registered nurses who do not hold a baccalaureate degree in nursing.

a. The curriculum of a program that leads to a baccalaureate degree in nursing shall include learning experiences in nursing that will enable the student to achieve competencies comparable to outcomes of the prelicensure baccalaureate education, including content in nursing research and learning experiences in community health nursing.

b. The curriculum of a program that leads to a master's degree in nursing shall include content and learning experiences in nursing that will enable the student to achieve competencies comparable to outcomes of the prelicensure baccalaureate education and master's education, including content in nursing research and learning experiences in community health nursing.

616.10(5) Master's, post-master's, and doctoral programs for registered nurses who hold a baccalaureate degree in nursing.

a. The curriculum of a program leading to a master's or doctoral degree in nursing shall include in-depth study of:

(1) Nursing science, which includes content, practicum experiences and research.

(2) Advanced role areas in nursing.

b. The curriculum of a program leading to a master's degree or post-master's certificate in a nursing population focus, eligibility to apply for certification in the population focus by a national professional nursing organization approved by the board, and licensure as an advanced registered nurse practitioner shall:

(1) Be consistent with the scope of practice of the advanced registered nurse practitioner described in 481—Chapter 621.

(2) Include advanced learning experiences in a specialty area of nursing.

616.10(6) Nursing courses with a clinical or practicum component or both. The nursing program shall notify students and prospective students in writing that nursing courses with a clinical or practicum component may not be taken by a person:

a. Who has been denied licensure by the board.

b. Whose license is currently suspended, surrendered or revoked in any United States jurisdiction.

c. Whose license is currently suspended, surrendered or revoked in another country due to disciplinary action.

616.10(7) Nursing programs with a simulation component shall:

a. Ensure that the simulation component does not exceed 50 percent of total clinical hours in a course.

b. Demonstrate that the simulation activities are linked to program outcomes.

c. Demonstrate that simulation activities are based on evidence-based practices.

d. Have written policies and procedures regarding the method of debriefing each simulated activity and a plan for orienting faculty to simulation.

e. Have short-term and long-term plans for integration and maintenance of simulation in the curriculum.

f. Have faculty educated in the use of simulation and who demonstrate ongoing expertise and competence.

g. Evaluate simulation activities based on faculty and student feedback.

[**ARC 9159C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—616.11(152) Faculty.

616.11(1) *Program requirements.* The program shall provide:

a. A sufficient number of faculty who satisfy the requirements in subrule 616.11(2).

b. Written personnel policies and position descriptions.

c. A faculty development program that furthers the competence of individual faculty members and the faculty as a whole.

d. A written teaching-load policy.

e. A nursing faculty organization that operates according to written bylaws and that meets on a regular basis.

f. In a prelicensure program, a ratio of one faculty member to a maximum of eight students for hands-on learning situations in which students directly care for clients in a relevant setting.

616.11(2) *Faculty member requirements.* A faculty member who teaches nursing shall meet the following requirements:

a. Current licensure as a registered nurse in Iowa or a multistate license according to the current nurse licensure compact contained in Iowa Code chapter 152E prior to teaching.

b. Two years of experience in clinical nursing.

c. Academic qualifications:

(1) If employed on or before July 1, 1992, the individual is considered adequately prepared as long as that faculty member remains in that position.

(2) A faculty member who was hired to teach in a prelicensure registered nurse program shall have at least a baccalaureate degree with a major in nursing or an applicable field at the time of hire. This person shall make annual progress toward the attainment of a master's or doctoral degree with a major in nursing or an applicable field. At least one degree shall be in nursing.

1. Applicable fields include but are not limited to education, anthropology, gerontology, counseling, psychology, sociology, health education, health administration, and public health. A person who wishes to fulfill this requirement with education in an applicable field not listed may petition the board for a determination of applicability.

2. The date of hire is the first day of employment with compensation at a particular nursing education program.

3. "Annual progress" means a minimum of one course per year taken as part of an organized plan of study. A written plan of study shall be kept in the employee's file.

(3) A faculty member who was hired to teach after July 1, 1992, in a practical nursing program or at the first level of an associate degree nursing program with a ladder concept shall have a baccalaureate or higher degree in nursing or an applicable field at the time of hire.

(4) A registered nurse hired to teach in a master's program shall hold a master's or doctoral degree with a major in nursing at the time of hire. A registered nurse teaching in a population focus shall hold a master's degree with a major in nursing, advanced level certification by a national professional nursing organization approved by the board in the population focus area in which the individual teaches, and current licensure as an advanced registered nurse practitioner according to the laws of the state(s) in which the individual teaches. Faculty preparation at the doctoral or terminal degree level should be consistent with the mission of the program.

(5) A faculty member hired only to teach in the clinical setting shall be exempt from subparagraphs 2.11(2)*"c"*(1) and *"c"*(2) if the faculty member is closely supervised to ensure proper integration of didactic content into the clinical setting. If hired after July 1, 1992, a faculty member hired to teach only in the clinical setting shall have a baccalaureate degree in nursing or an applicable field or shall make annual progress toward the attainment of such a degree.

[**ARC 9159C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—616.12(152) Program responsibilities.

616.12(1) *Information about the program and controlling institution.* The program will provide the following information to prospective and current students:

a. Philosophy/mission and outcomes of the program.

b. General description of the program.

c. Curriculum plan.

d. Course descriptions.

e. Resources.

f. Faculty.

g. Tuition, fees and refund policies.

h. Ethical practices, including recruitment and advertising.

i. Official dates.

j. The program's NCLEX® passing percentage for the prior calendar year, as published by the board of nursing.

616.12(2) *Changes to program.* A nursing program may not make a change to a program during a student's academic plan of study unless the change confers the benefit to the student.

616.12(3) *Program records.* The following records shall be dated and maintained according to the policies of the controlling institution:

a. Course syllabi.

b. Minutes.

c. Faculty personnel records.

d. Catalogs and program bulletins.

e. Curriculum revisions and reports to the board.

f. Graduate nursing file, excluding the final transcript and summative performance statements.

616.12(4) *Student and graduate records.*

a. Policies shall specify methods for permanent maintenance and protection of records against loss, destruction and unauthorized use.

b. The final record shall include the official transcript that includes:

(1) Legal name of student.

(2) Dates of admission, completion of the program and graduation.

(3) Courses that were accepted for transfer.

(4) Evidence of authenticity.

(5) Degree granted.

1. The final official transcript shall be maintained permanently.

2. The summative performance statement will relate the performance of the student at the time of graduation to the program outcomes and be maintained for three years.

[**ARC 9159C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—616.13(152) Student criminal history checks.

616.13(1) The program shall initiate criminal history and child and dependent adult abuse record checks of students and prospective students to ensure a student's ability to complete the clinical education component of the program in accordance with Iowa Code sections 152.5A and 135C.33.

616.13(2) The program shall:

a. Notify all students and prospective students of the nursing program's policy and procedure concerning criminal history and child and dependent adult abuse record checks.

b. Conduct record checks in accordance with Iowa Code sections 152.5A and 135C.33 on all students:

(1) Applying for the nursing program.

(2) Returning to the clinical education component of the nursing program. Time frames between record checks may be determined by the program.

(3) Anytime during the student's enrollment in the nursing program pursuant to the program's policy and procedure.

c. Abide by the results of the evaluation performed by the department of health and human services when determining a student's ability to complete the clinical education component of a nursing program.

[**ARC 9159C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—616.14(152) Clinical facilities.

616.14(1) The clinical facilities shall provide learning experiences that meet curriculum objectives and outcomes.

616.14(2) The program provides information to the board about clinical facilities used for learning experiences, including:

a. The clinical facility's accredited/approved status and evidence of good standing by its regulatory body.

b. Evidence that student experiences are coordinated with programs that use the same facility.

[**ARC 9159C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—616.15(152) Undergraduate and non-ARNP graduate program preceptorship.

616.15(1) The nursing program, in collaboration with a clinical facility, selects preceptors to provide supportive learning experiences to meet program outcomes.

a. The nursing education program and student will work together to find an appropriate preceptor.

b. An appropriate preceptor is a licensee who has equivalent licensure as the student or practices in the same role for which the student is preparing.

616.15(2) The qualifications of a preceptor will be appropriate to support the philosophy, mission, and outcomes of the program.

a. The preceptor shall be employed by or maintain a current written agreement with the clinical facility in which a preceptorship experience occurs.

b. The preceptor shall be currently licensed as a registered nurse, licensed practical nurse, or advanced registered nurse practitioner according to the laws of the state in which the preceptor practices.

c. The preceptor functions according to written policies for selection, evaluation and reappointment developed by the program. Written qualifications, developed by the program, shall address educational preparation, experience, and clinical competence.

d. The program is responsible for informing the preceptor of the responsibilities of the preceptor, faculty and students.

e. The program retains ultimate responsibility for student learning and evaluation.

616.15(3) The program shall inform the board about the preceptorship learning experience process.

a. Written preceptorship agreements are reviewed annually by the program.

b. The board may conduct a site visit to settings in which preceptorship experiences occur.

c. The rationale for the ratio of students to preceptors shall be documented by the program.

616.15(4) An individual who is not a registered nurse or a licensed practical nurse may serve as a preceptor when appropriate to the philosophy, mission, and outcomes of the program.

[**ARC 9159C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—616.16(152) ARNP program preceptorship.

616.16(1) A preceptor is selected by the nursing program in collaboration with a clinical facility to provide supportive learning experiences consistent with program outcomes.

a. The nursing education program and student will find an appropriate preceptor.

b. The student shall have the majority of student preceptorship learning experiences happen with a preceptor who is an ARNP or physician with the same role and population focus for which the student is preparing.

c. Written preceptorship agreements shall be reviewed annually by the program.

d. The board may conduct a site visit to preceptorship sites.

e. The rationale for the ratio of students to preceptors shall be documented by the program.

616.16(2) The preceptor shall:

a. Have qualifications appropriate to support the philosophy, mission, and outcomes of the program.

b. Be employed by or maintain a current written agreement with the clinical facility in which a preceptorship experience occurs.

c. Be currently licensed as an advanced registered nurse practitioner or physician according to the laws of the state in which the preceptor practices.

d. Function according to written policies for selection, evaluation and reappointment developed by the program addressing educational preparation, experience, and clinical competence.

[**ARC 9159C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—616.17(152) Results of graduates who take the licensure examination for the first time. The program shall notify the board when the program's NCLEX® passing percentage is lower than 80 percent for one calendar year.

616.17(1) The program demonstrates that it meets the NCLEX® passing rate of 80 percent in any one of the following ways:

a. The NCLEX® pass rate for each campus or site and track is 80 percent or higher for those who take the licensure examination for the first time for the most recent calendar year (January 1 through December 31);

b. The NCLEX® pass rate for each campus or site and track is 80 percent or higher for all who take the licensure examination for the most recent calendar year (January 1 through December 31);

c. The NCLEX® pass rate for each campus or site and track is 80 percent or higher for those who take the licensure examination for the first time over the three most recent calendar years; or

d. The NCLEX® pass rate for each campus or site and track is 80 percent or higher for all who take the licensure examination over the three most recent calendar years.

For each campus or site and track, identify which of the options in paragraphs 2.17(1)*"a"* through *"d"* was used to calculate the pass rate.

616.17(2) A program whose NCLEX® passing percentage is lower than 80 percent shall submit an institutional plan and appear before the board as directed.

616.17(3) After submission of the institutional plan, for each consecutive calendar year that a program's NCLEX® passing percentage is lower than 80 percent, the program shall submit an institutional plan evaluation and appear before the board as directed.

616.17(4) Programs with an NCLEX® passing percentage that falls below 80 percent for three consecutive calendar years will be placed on improvement status after the third year.

616.17(5) A program on improvement status shall:

a. Notify all current and prospective students of the program's improvement status.

b. Submit quarterly reports and present the reports to the board as directed.

616.17(6) Board staff may conduct a site visit to the program at any time while the program is on improvement status.

616.17(7) Programs that remain on improvement status for two consecutive calendar years shall submit a revised institutional plan and appear before the board as directed. The board will:

a. Review the revised institutional plan and formulate an action plan for the program on improvement status.

b. Individualize the action plan for each program.

616.17(8) A program will be removed from improvement status when the program's NCLEX® passing percentage is above 80 percent for one calendar year.

[**ARC 9159C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—616.18(152) Reports to the board.

616.18(1) Annual reports. The head of the program shall submit an annual report to the board.

616.18(2) Reports. The program shall notify the board of the following:

a. Change of controlling institution, including official name of the program(s) and controlling institution, organizational chart of the controlling institution, and names of administrative officials.

b. Changes in administrative personnel in the program or controlling institution.

c. Opening of a new site or campus.

616.18(3) Changes requiring board notification and approval. The program shall submit one copy of a proposed change for board approval at least four weeks prior to the next scheduled board meeting when the outcome will:

a. Lengthen or shorten the plan of study.

b. Add or delete academic credit in a course required for graduation.

c. Delete a course required for graduation.

d. Add a new course. A program shall submit the following to be implemented within six months of an offering of a course:

(1) Course description.

(2) Outcomes/objectives.

(3) Placement of course.

(4) Curriculum plan.

e. Alter graduation requirements.

f. Reduce the human, physical or learning resources provided by the controlling institution to meet program needs as described in rule 481—616.9(152).

g. Substantively alter the philosophy/mission of the program.

h. Revise the predominant method of instruction or delivery, including transition from on-site to self-study or distance learning.

i. Entail delivery of a cooperative program of study with an institution that does not provide a degree in nursing.

j. Increase the number of student admissions by 20 percent or more.

616.18(4) If a program makes changes as part of a plan to improve the program's NCLEX® passing percentage pursuant to rule 481—616.17(152), such changes must also be separately submitted to the board for approval pursuant to this rule.

[**ARC 9159C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

These rules are intended to implement Iowa Code section 152.5 and chapter 152E.

CHAPTER 617
LICENSURE TO PRACTICE—REGISTERED NURSE/LICENSED PRACTICAL NURSE
[Prior to 6/11/25, see Nursing Board[655] Ch 3]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/4/30

481—617.1(17A,147,152,152E,272C) Definitions.

"Approved nursing program" means a nursing education program whose status has been recognized by the board or by a similar board in another jurisdiction that prepares individuals for licensure as a licensed practical nurse, registered nurse, or advanced registered nurse practitioner; or grants a baccalaureate, master's or doctorate degree with a major in nursing.

"CGFNS" means the Commission on Graduates of Foreign Nursing Schools.

"Inactive license" means a registered nurse or licensed practical nurse license that has been placed on inactive status because it was not renewed by the fifteenth day of the month following the expiration date or means that the board has received notification that a licensee has declared another compact state as the primary state of residency.

"Late license" means a registered nurse or licensed practical nurse license that has not been renewed by the expiration date. The time between the expiration date and the fifteenth day of the month following the expiration date is considered a grace period.

"Licensee" means a person who has been issued a license to practice as a registered nurse, licensed practical nurse or advanced registered nurse practitioner under the laws of this state.

"Multistate license" means a license to practice as a registered nurse or licensed practical nurse issued to a qualified person under Iowa Code chapter 152E that authorizes the holder to practice in all party states under a multistate licensure privilege.

"Multistate licensure privilege" means a legal authorization associated with a multistate license permitting the practice of nursing as either a registered nurse or a licensed practical nurse in a party state.

"NCSBN" means the National Council of State Boards of Nursing.

"Nurse licensure compact" means the agreement between party states, as set forth in Iowa Code chapter 152E, to allow mutual recognition of a nursing license.

"Overpayment" means payment in excess of the required fee. An overpayment less than $10 received by the board shall not be refunded.

"Party state" means any state that has adopted the nurse licensure compact.

[**ARC 9160C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—617.2(17A,147,152,152E,272C) Fees for licensure. The following fees apply for licensure of registered nurses (RN), licensed practical nurses (LPN), and advanced registered nurse practitioners (ARNP):

617.2(1) Application for an initial license based on the registered nurse examination, $93 (plus the fee for evaluation of the fingerprint cards and the criminal history background checks by the Iowa division of criminal investigation (DCI) and the Federal Bureau of Investigation (FBI)).

617.2(2) Application for an original license based on the practical nurse examination, $93 (plus the fee for evaluation of the fingerprint cards and the criminal history background checks by the Iowa DCI and the FBI).

617.2(3) Application for RN/LPN license by endorsement, $119 (plus the fee for evaluation of the fingerprint cards and the criminal history background checks by the Iowa DCI and the FBI).

617.2(4) Application for an initial license, renewal, or both of an ARNP, $81 for any period of licensure up to three years.

617.2(5) Certified statement that an RN/LPN is licensed in this state or registered as an ARNP, $25.

617.2(6) Reactivation of a license to practice as an RN/LPN, $175 for a license lasting more than 24 months up to 36 months (plus the fee for evaluation of the fingerprint cards and the criminal history background checks by the Iowa DCI and the FBI).

617.2(7) Reactivation of a license to practice as an ARNP, $81 for any licensing period up to three years.

617.2(8) Renewal of a license to practice as an RN/LPN, $99 for a three-year period.

617.2(9) Late renewal of an RN/LPN license, $50 (plus the renewal fee as specified in subrule 3.2(8)).

617.2(10) Check returned for any reason, $15. If licensure/registration has been issued by the board office based on a check for the payment of fees and the check is later returned by the bank, the board will request payment by certified check or money order.

617.2(11) Certified copy of an original document, $20.

617.2(12) Processing of the fingerprint cards and the Iowa DCI and FBI criminal history background checks, $50.

617.2(13) Petition for eligibility determination, $25.

[**ARC 9160C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—617.3(17A,147,152,272C) Mandatory licensure.

617.3(1) A person in the practice of nursing in the state of Iowa as defined in Iowa Code section 152.1, outside of caring for one's family, must have a current Iowa license, whether or not the person's employer is in Iowa and whether or not the person receives compensation. Any nurse participating in the care of a patient situated in Iowa, whether that care is provided through telephonic, electronic or in-person means, and regardless of the location of the nurse, must obtain Iowa licensure unless specifically exempted.

617.3(2) Current Iowa licensure is not mandatory when:

a. A nurse holds an active multistate license issued by a party state, pursuant to Iowa Code chapter 152E. A nurse who practices nursing in Iowa pursuant to a multistate licensure privilege is subject to the jurisdiction of the board, the courts, and the laws of Iowa.

b. A nurse holds an active license in another state and is providing services to patients in Iowa only during interstate transit.

c. A nurse holds an active license in another state and is providing emergency services in an area in which the governor of Iowa has declared a state of emergency.

617.3(3) A licensed practical nurse enrolled in an approved program for registered nurses shall hold an active licensed practical nurse license in all jurisdictions in which the licensed practical nurse provides patient care. A registered nurse who is enrolled in an approved program for advanced registered nurse practitioners shall hold an active registered nurse license in all jurisdictions in which the registered nurse provides patient care.

[**ARC 9160C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—617.4(17A,147,152,272C) Licensure qualifications for registered nurse and licensed practical nurse. Applicants for registered nurse and licensed practical nurse licenses shall meet the following requirements:

617.4(1) Graduation from an approved nursing program.

617.4(2) Successful passage of the National Council Licensure Examination (NCLEX®) or the State Board Test Pool Examination, the national examination used prior to 1982. The passing standard is that established by the testing authority at the time the test was administered.

617.4(3) If applicable, board approval of an applicant with a criminal history, pursuant to rule 481—617.11(272C), or a record of prior disciplinary action, regardless of jurisdiction.

[**ARC 9160C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—617.5(17A,147,152,272C) Licensure by examination.

617.5(1) *Board application.* A graduate of an approved nursing program seeking initial licensure as a registered nurse or licensed practical nurse shall submit the following:

a. A completed application for licensure by examination.

b. Payment of the application fee.

c. Two completed fingerprint cards and a signed waiver form to facilitate a national criminal history background check.

d. If the applicant has a criminal history, copies of all documents required by rule 481—617.11(272C).

e. An official transcript denoting the date of graduation and diploma or degree conferred, sent directly to the board from the nursing program.

617.5(2) *Test registration.* The applicant completes NCLEX® registration, including payment of applicable fees through the national test service agency.

617.5(3) *Americans with Disabilities Act accommodations.* An applicant with a disability may submit a request to the board for testing accommodations. The request must include:

a. The nature of the disability and the specific testing accommodations being requested.

b. Documentation from the applicant's health care provider describing the disability and the recommended accommodations.

c. Documentation from the applicant's nursing education program if testing accommodations were provided to the applicant during school.

The board's recommendation regarding approval of accommodation requests will be communicated to the national test service agency.

617.5(4) *Authorization to test.* An applicant will not receive an authorization to test until all of the requirements in subrules 617.5(1) and 617.5(2) are met.

a. An applicant will self-schedule the examination with an approved testing center and must test within 91 days of receiving the authorization to test. An applicant who does not test within 91 days of receiving the authorization to test is required to submit a new completed application for licensure by examination and fee to the board.

b. An applicant who does not appear for a testing appointment or does not complete the examination must follow the requirements for reexamination.

617.5(5) *Reexamination.* An applicant who fails the examination and reapplies within 12 months of submitting a prior application to the board is required to complete the requirements in paragraphs 617.5(1) *"a"* and *"b"* and subrule 617.5(2). An applicant who fails the examination and reapplies after 12 months of submitting a prior application to the board shall be required to complete all requirements in subrules 617.5(1) and 617.5(2).

617.5(6) *Licensure.* Upon satisfactory review of the documentation required by subrule 617.4(1) and proof of successful passage of the examination, the applicant will be issued a license to practice as a registered nurse or licensed practical nurse.

617.5(7) *Failure to complete the licensure process.* Once an application is initiated, the applicant has 12 months to complete the licensure process. The board reserves the right to destroy any applications and supporting documents after 12 months if the applicant has not completed the licensure process. Applicants who fail to complete the licensure process within 12 months are required to start the application process anew.

[**ARC 9160C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—617.6(17A,147,152,272C) Licensure by endorsement.

617.6(1) *Board application.* A graduate of an approved nursing program seeking licensure as a registered nurse or licensed practical nurse in Iowa who has been licensed in another state shall submit the following:

a. A completed application for licensure by endorsement.

b. Payment of the application fee.

c. Two completed fingerprint cards and a signed waiver form to facilitate a national criminal history background check.

d. If the applicant has a criminal history, copies of all documents required by rule 481—617.12(272C).

e. Copies of relevant disciplinary documents if the applicant has had disciplinary action taken by another state.

f. Verification of the license from the original state of licensure, which may be done through www.nursys.com or by using the verification form depending on the requirements of the original state of licensure.

g. Proof of active licensure in any jurisdiction within the previous five years from the date of application or proof of completion of a nurse refresher course in accordance with rule 481—617.11(152) within the 12 months prior to the date of application.

h. An official transcript denoting the date of graduation and diploma or degree conferred, sent directly to the board from the nursing program. An applicant may be excused from this requirement if the nursing program is closed and records are no longer available.

617.6(2) *Temporary license.* An applicant who has submitted all documentation described in paragraphs 617.5(1)*"a"* through *"g"* may request a temporary registered nurse or licensed practical nurse license, which authorizes the practice of nursing in Iowa for a maximum of 30 days, pending receipt of official transcripts from the nursing program. A temporarily licensed licensee will automatically be issued a permanent license upon receipt of satisfactory transcripts from the nursing program.

617.6(3) *Licensure.* Upon satisfactory review of the documentation described in subrule 617.5(1), the applicant will be issued a license to practice as a registered nurse or licensed practical nurse.

617.6(4) *Failure to complete the licensure process.* Once an application is initiated, the applicant has 12 months to complete the licensure process. The board reserves the right to destroy any applications and supporting documents after 12 months if the applicant has not completed the licensure process. Applicants who fail to complete the licensure process within 12 months are required to start the application process anew.

617.6(5) *Changing primary state of residence for multistate license.* A nurse who holds a multistate license issued by a party state and who changes the nurse's primary state of residence to Iowa must apply for licensure in Iowa pursuant to this rule. Upon issuance of a multistate license by the board, the nurse's prior multistate license will be deactivated.

[**ARC 9160C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—617.7(17A,147,152,272C) Applicants educated in a foreign country or in a U.S. territory that is not a member of NCSBN.

617.7(1) Applicant for licensure. An applicant seeking licensure in Iowa who was educated in a foreign country or in a U.S. territory that is not a member of NCSBN shall apply for licensure by examination pursuant to rule 481—617.5(17A,147,152,272C) or licensure by endorsement pursuant to rule 481—617.6(17A,147,152,272C), as applicable, but instead of submitting an official transcript, shall submit one of the following documents issued by CGFNS:

a. Credentials Evaluation Service (CES) Professional Report®.

b. VisaScreen® certificate or certificate verification letter verifying that a VisaScreen® certificate was issued.

c. CGFNS Certification Program® certificate or certificate verification letter verifying that a CGFNS Certification Program® certificate was issued.

617.7(2) An applicant shall be exempt from taking an English language proficiency test when all of the following requirements are met:

a. The nursing education was completed in a college, university, or professional school located in Australia, Barbados, Canada (except Quebec), Ireland, Jamaica, New Zealand, South Africa, Trinidad and Tobago, or the United Kingdom.

b. The language of instruction in the nursing program was English.

c. The language of the textbooks in the nursing program was English.

617.7(3) Social security number. To be eligible for a multistate license, an applicant must have a social security number. An applicant who does not have a social security number shall submit documentation of lawful presence and will only be eligible for a single state license.

[**ARC 9160C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—617.8(17A,147,152,272C) License renewal and reactivation.

617.8(1) *Name and address changes.* Licensees must notify the board of any name or address change within 30 days of the change. Licensure documents are mailed to the licensee at the address on file in the board office. There is no fee for a change of name or address in board records.

617.8(2) *Initial licenses.* The board shall issue licenses by endorsement and examination for a 24- to 36-month period. When the license is renewed, it will be placed on a three-year renewal cycle. License expiration is on the fifteenth day of the licensee's birth month.

617.8(3) *Renewal.* The licensee may renew the license beginning 60 days prior to license expiration The licensee will:

a. Attest that Iowa is the primary state of residence or that the primary state of residence is a noncompact state. The board may request evidence of residency.

b. Submit the renewal application and the renewal fee.

c. Meet the continuing education requirement as set forth in 481—Chapter 619, prior to license renewal.

d. Complete the required mandatory reporter training.

(1) The course(s) shall be the curriculum provided by the department of health and human services.

(2) A licensee who regularly examines, attends, counsels or treats children in Iowa must indicate on the renewal application completion of training in child abuse identification and reporting as required by Iowa Code section 232.69(3)*"b"* in the previous three years or condition(s) for rule suspension as identified in subparagraph 617.8(3)*"d"*(5).

(3) A licensee who regularly examines, attends, counsels or treats adults in Iowa shall indicate on the renewal application completion of training in dependent adult abuse identification and reporting as required by Iowa Code section 235B.16(5)*"b"* in the previous three years or condition(s) for rule suspension as identified in subparagraph 617.8(3)*"d"*(5).

(4) The licensee shall maintain written documentation for three years after mandatory training as identified in subparagraphs 617.8(3)*"b"*(2) and *"b"*(3), including program date(s), content, duration, and proof of participation.

(5) The requirement for mandatory training for identifying and reporting child and dependent adult abuse will be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

1. Is engaged in active duty in the military service of this state or the United States.

2. Holds a current exemption based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in 481—Chapter 619.

(6) The board may select licensees for audit of compliance with the requirements in subparagraphs 617.8(3)*"b"*(1) through *"b"*(5).

617.8(4) *Late renewal.* The license is late when the license has not been renewed by the expiration date. The licensee will be assessed a late fee as specified in rule 481—617.2(17A,147,152,152E,272C). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee before the fifteenth day of the month following the expiration date.

617.8(5) *Inactive status.* The license becomes inactive when the license has not been renewed by the fifteenth day of the month following the expiration date.

a. If the inactive license is not reactivated, it remains inactive.

b. If the licensee resides in Iowa or a noncompact state, the licensee shall not practice nursing in Iowa until the license is reactivated to active status. If the licensee is identified as engaging in the practice of nursing with an inactive license, disciplinary proceedings may be initiated.

c. The licensee is not required to obtain continuing education credit or pay fees while the license is inactive.

617.8(6) *Changing primary state of residence for multistate license.* A licensee who holds a multistate license issued by this board and who changes the licensee's primary state of residency to another party state must apply for licensure in the new party state. Once the board has been notified by the new party state that a new license has been issued, the Iowa multistate license will become inactive.

617.8(7) *Reactivation.*

a. To reactivate an inactive license, the licensee shall comply with the following:

(1) The licensee shall submit:

1. A completed reactivation application.

2. Payment of the applicable fees.

3. A completed continuing education report form and supporting continuing education certificates.

4. Two completed fingerprint cards and a signed waiver form to facilitate a national criminal history background check.

(2) The licensee shall have obtained 36 contact hours of continuing education, as specified in 481—Chapter 619, within the 36 months prior to reactivation.

(3) If a licensee has not held an active license in any jurisdiction within the previous five years, the licensee must complete a nurse refresher course in accordance with rule 481—617.11(152) within 12 months of applying for reactivation.

b. Upon receipt of all necessary materials, the licensee will be issued a license for a 24- to 36-month period. At the time of the next renewal, the license will be placed on a three-year renewal cycle. License expiration is on the fifteenth day of the licensee's birth month.

c. An applicant who fails to complete the reactivation of licensure process within 12 months from the date of initial application must reapply. All fees are nonrefundable.

[**ARC 9160C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—617.9(17A,147,152,272C) Verification. Upon written request from the licensee or another jurisdiction and payment of the verification fee as specified in rule 481—617.2(17A,147,152,152E,272C), the board will provide a certified statement to another jurisdiction or entity that the license of a registered nurse, licensed practical nurse or advanced registered nurse practitioner is active, inactive or encumbered/disciplined in Iowa.

[**ARC 9160C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—617.10(17A,272C) License denial.

617.10(1) Prior to the denial of licensure to an applicant, the board issues a preliminary notice of denial that cites the factual and legal basis for denying the application, notifies the applicant of the appeal process and specifies the date upon which the denial will become final if not appealed.

617.10(2) An applicant who has been issued a preliminary notice of denial may appeal the notice and request a hearing on the issues related to the preliminary notice of denial by serving a request for hearing upon the executive director within 30 days following the date the preliminary notice of denial was mailed. The request for hearing shall specify the factual or legal errors in the preliminary notice of denial and provide any additional written information or documents in support of the licensure.

617.10(3) All hearings held pursuant to this rule shall be held in accordance with the process outlined in 481—Chapter 506.

617.10(4) If an applicant does not appeal a preliminary notice of denial, the preliminary notice of denial automatically becomes final.

[**ARC 9160C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—617.11(152) Nurse refresher course.

617.11(1) A nurse refresher course shall meet the following requirements:

a. A minimum of 80 hours of theory, with content in basic nursing skills, pharmacology, physical assessment, intravenous (IV) therapy (registered nurse only), and legal and ethical considerations in health care; and

b. A minimum of 80 hours of hands-on supervised clinical learning experiences.

617.11(2) To participate in the clinical component of a nurse refresher course in Iowa, a licensee must have an active license to practice nursing in Iowa or a limited authorization issued by the board. A licensee shall request the limited authorization from the board prior to beginning the clinical component of a nurse refresher course.

617.11(3) To receive a certificate of completion from the nurse refresher course, a licensee must complete all requirements of the nurse refresher course to the satisfaction of the course provider. The course provider shall submit proof of the licensee's completion of the nurse refresher course directly to the board.

[**ARC 9160C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—617.12(272C) Use of criminal convictions in eligibility determinations and initial licensing decisions.

617.12(1) *Definitions.*

"Complete criminal record" includes the complaint and judgment of conviction for each offense of which the applicant has been convicted, regardless of whether the offense is classified as a felony or a misdemeanor and regardless of the jurisdiction in which the offense occurred.

"Conviction" means a finding, plea, or verdict of guilt made or returned in a criminal proceeding, even if the adjudication of guilt is deferred, withheld, or not entered. "Conviction" includes Alford pleas and pleas of nolo contendere.

"Disqualifying offense" means a conviction directly related to the duties and responsibilities of the profession. A conviction is directly related to the duties and responsibilities of the profession if either (1) the actions taken in furtherance of an offense are actions customarily performed within the scope of practice of a licensed profession, or (2) the circumstances under which an offense was committed are circumstances customary to a licensed profession.

"License" means a license issued by the board.

617.12(2) *License application.* Unless an applicant for licensure petitions the board for an eligibility determination pursuant to subrule 617.11(3), the applicant's convictions will be reviewed when the board receives a completed license application.

a. An applicant must disclose all convictions on a license application. Failure to disclose all convictions is grounds for license denial or disciplinary action following license issuance.

b. In order for the license application to be considered complete, an applicant with one or more convictions shall submit the complete criminal record for each conviction and a personal statement regarding whether each conviction directly relates to the duties and responsibilities of the profession.

c. An applicant must submit as part of the license application all evidence of rehabilitation that the applicant wishes to be considered by the board.

d. The board may deny a license if the applicant has a disqualifying offense, unless the applicant demonstrates by clear and convincing evidence that the applicant is rehabilitated pursuant to Iowa Code section 272C.15.

e. An applicant with one or more disqualifying offenses who has been found rehabilitated must still satisfy all other requirements for licensure.

f. Any application fees paid will not be refunded if the license is denied.

617.12(3) *Eligibility determination.*

a. An individual who has not yet submitted a completed license application may petition the board for a determination of whether one or more of the individual's convictions are disqualifying offenses that would render the individual ineligible for licensure. An individual with a conviction is not required to petition the board for an eligibility determination prior to applying for licensure.

b. To petition the board for an eligibility determination of whether one or more of the petitioner's convictions are disqualifying offenses, a petitioner shall submit all of the following:

(1) A completed eligibility determination form;

(2) The complete criminal record for each of the petitioner's convictions;

(3) A personal statement regarding whether each conviction directly relates to the duties and responsibilities of the profession and why the board should deem the petitioner rehabilitated;

(4) All evidence of rehabilitation that the petitioner wishes to be considered by the board; and

(5) Payment of a nonrefundable fee of $25.

617.12(4) *Appeal.* A petitioner deemed ineligible or an applicant denied a license because of a disqualifying offense may appeal the decision in the manner and time frame set forth in the board's written decision. A timely appeal will initiate a nondisciplinary contested case proceeding. The board's rules governing contested case proceedings will apply unless otherwise specified in this rule. If the petitioner or applicant fails to timely appeal, the board's written decision will become a final order.

a. An administrative law judge will serve as the presiding officer of the nondisciplinary contested case proceeding unless the board elects to serve as the presiding officer. When an administrative law judge serves as the presiding officer, the decision rendered shall be a proposed decision.

b. The contested case hearing shall be closed to the public, and the board's review of a proposed decision shall occur in closed session.

c. The office of the attorney general shall represent the board's initial ineligibility determination or license denial and shall have the burden of proof to establish that the petitioner's or applicant's convictions include at least one disqualifying offense. Upon the satisfaction of this burden by a preponderance of the evidence by the office of the attorney general, the burden of proof shall shift to the petitioner or applicant to establish rehabilitation by clear and convincing evidence.

d. A petitioner or applicant must appeal an ineligibility determination or license denial in order to exhaust administrative remedies. A petitioner or applicant may only seek judicial review of an ineligibility determination or license denial after the issuance of a final order following a contested case proceeding. Judicial review of the final order following a contested case proceeding shall be in accordance with Iowa Code chapter 17A.

617.12(5) *Future petitions or applications.* If a final order determines a petitioner is ineligible, the petitioner may not submit a subsequent petition for eligibility determination or a license application prior to the date specified in the final order. If a final order denies a license application, the applicant may not submit a subsequent license application or a petition for eligibility determination prior to the date specified in the final order.

[**ARC 9160C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/4/30

481—618.1(17A,147,152,272C) Complaints and investigations.

618.1(1) *Form and content of complaint.* The complaint will be submitted on the form deemed acceptable by the board and contain the following information:

a. The full name, address and telephone number of the complainant, except in instances in which the identity of the complainant is unknown.

b. The full name, address and telephone number, if known, of the licensee.

c. A clear and accurate statement of the facts of the allegation against the licensee.

618.1(2) *Place and time of filing complaint.* A written complaint may be delivered in person, by mail or electronically to the board office. The office address is Iowa Board of Nursing, 6200 Park Avenue, Suite 100, Des Moines, Iowa 50321.

618.1(3) *Processing complaints.* Board staff will open a complaint file upon receiving a complaint or other appropriate information or upon its own motion.

a. If the board does not have legal jurisdiction over a matter or the complaint does not allege a violation of board rule, staff may close the complaint file administratively without investigation or review by the board. All other complaints will be sent to case review.

b. A complaint file will be labeled as such and is not a public record. A complaint file is part of the licensee's history and may be shared with another licensing authority upon request.

c. When an investigation is requested on a file, the complaint file is relabeled as an investigative file. An investigative file is not public record. The investigative file becomes a part of the licensee's history and may be shared with another licensing authority, upon request.

618.1(4) *Case review.*

a. Case review is completed by the executive director, licensing division general counsel, and chief investigator.

b. The case review team will review each complaint the board has received and take one of the following actions:

(1) Request an investigation.

(2) Contact the complainant to obtain additional information and return to case review for further consideration.

(3) Recommend closure of the complaint file.

(4) Recommend the complaint file be flagged for further discussion by the board.

(5) Close the complaint file administratively.

618.1(5) *Board review.*

a. The board will take the recommendations of the case review and take one of the following actions:

(1) Close the complaint file without investigation. The board will notify the complainant and the licensee of the decision by letter.

(2) Close the investigative file that has been partially or fully investigated, with or without issuing an informal letter. The board will notify the complainant and the licensee of the decision by letter.

(3) Request further investigation.

b. The board may reconsider and reopen a closed complaint or investigative file at a later date.

618.1(6) *Investigation.* The executive director or a board investigator may conduct an investigation into the allegations of a complaint.

a. Investigative report. Upon completion of an investigation, the investigator will prepare a report for the board's consideration. The report will set forth the information obtained in the course of the investigation and the response, if any, of the licensee.

b. Investigative subpoenas. The executive director or designee may, upon the written request of a board investigator or upon the executive director's own initiative, subpoena books, papers, records, and other real evidence necessary for a board investigation.

(1) Request for subpoena. A written request for a subpoena shall contain the following:

1. The name and address of the person to whom the subpoena will be directed;
2. A specific description of the books, papers, records or other real evidence requested;
3. An explanation of why the evidence sought to be subpoenaed is necessary for the board to determine whether it should institute a contested case proceeding; and
4. In the case of a subpoena request for mental health records, confirmation that the conditions described in subparagraph 618.2(3)*"b"*(3) have been satisfied.

(2) Contents of subpoena. Each subpoena shall contain the following:

1. The name and address of the person to whom the subpoena is directed;
2. A description of the books, papers, records or other real evidence requested;
3. The date, time and location for production or inspection and copying;
4. The time within which a motion to quash or modify the subpoena must be filed;
5. The signature, address and telephone number of the executive director or designee;
6. The date of issuance; and
7. A return of service attached to the subpoena.

(3) Subpoena for mental health records. A subpoena for mental health records shall meet the requirements of subparagraph 618.1(6)*"b"*(2). The board will document the following prior to the issuance of a subpoena for mental health records:

1. The nature of the complaint reasonably justifies the issuance of a subpoena;
2. That adequate safeguards have been established to prevent unauthorized disclosure;
3. That an express statutory mandate, articulated public policy, or other recognizable public interest favors access; and
4. That an attempt was made to notify the patient and to secure an authorization from the patient for release of the records at issue.

(4) Motion to quash or modify subpoena.

1. Any person who is aggrieved or adversely affected by compliance with the subpoena and who desires to challenge the subpoena must, within 14 days after service of the subpoena, or before the time specified for compliance if such time is less than 14 days, file with the board a motion to quash or modify the subpoena. The motion shall describe the legal reasons why the subpoena should be quashed or modified and may be accompanied by legal briefs or factual affidavits.
2. Hearing on motion. Upon receipt of a timely motion to quash or modify a subpoena, the board may request an administrative law judge to hold a hearing and issue a decision, or the board may conduct a hearing and issue a decision. Oral argument may be scheduled at the discretion of the administrative law judge or the board. The administrative law judge or the board may quash or modify the subpoena, deny the motion, or issue an appropriate protective order.
3. Appeal of decision on motion. A person who is aggrieved by a ruling of an administrative law judge and who desires to challenge that ruling must appeal the ruling to the board by serving on the board's executive director, either in person or by certified mail, a notice of appeal within ten days after service of the decision of the administrative law judge.
4. Final agency action. If the person contesting the subpoena is not the person under investigation, the board's decision is final for purposes of judicial review. If the person contesting the subpoena is the person under investigation, the board's decision is not final for purposes of judicial review until either the person is notified that the investigation has been concluded with no formal action or there is a final decision in the contested case.

[**ARC 9161C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—618.2(17A,147,152,272C) Board action. When reviewing complaints and investigative material, the board will:

618.2(1) Close the case without further action. The board will notify the complainant and the licensee of the decision by letter. The board may reconsider and reopen a closed complaint or investigative file at a later date.

618.2(2) Close the case and issue an informal letter of warning or education. A letter of warning or education is an informal communication between the board and the licensee and is not formal disciplinary action or a public document. Letters of warning or education are not open for inspection under Iowa Code chapter 22. The board will maintain a copy of confidential letters of warning and education in the licensee's confidential investigative file. Confidential letters of warning and education may be used as evidence against a licensee in future contested case hearings before the board.

618.2(3) Request further investigation, including a peer review.

618.2(4) Determine the existence of probable cause and issue a notice of hearing and statement of charges or approve a combined statement of charges and settlement agreement.

618.2(5) The board or the licensee may request that the licensee appear before the board to discuss a pending investigation. The board has discretion on whether to grant a licensee's request for an appearance. By electing to participate in the appearance, the licensee waives any objection to a board member's both participating in the appearance and later participating as a decision maker in a contested case proceeding on the grounds that:

a. Board members have personally investigated the case, and

b. Board members have combined investigative and adjudicative functions.

If the executive director or licensing division general counsel participates in the appearance, the licensee further waives any objection to having the executive director or licensing division general counsel assist the board in the contested case proceeding.

618.2(6) All investigative information obtained by the board or its employees or agents, including peer reviewers acting under the authority of the board, in the investigative process is privileged and confidential. Board investigative information is not subject to discovery, subpoena, or other means of legal compulsion for its release to any person other than the licensee and the board or its employees and agents and is not admissible in evidence in any judicial or administrative proceeding other than the proceeding involving licensee discipline. However, the statement of charges, settlement agreement, or decision of the board in a contested case disciplinary proceeding is an open record.

[**ARC 9161C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—618.3(17A,147,152,272C) Peer review committee. Any case may be referred to peer review for evaluation of the professional services rendered by the licensee.

618.3(1) *Contract and case referral.* The board will enter into a contract with peer reviewers to provide peer review services. The board or board staff determine which peer reviewer(s) will review a case and what investigative information is referred to a peer reviewer.

618.3(2) *Written report.* Peer reviewers shall review the information provided and provide a written report to the board.

a. The written report shall contain a statement of facts, an opinion of the peer reviewer whether the licensee conformed to minimum standards of acceptable and prevailing practice of nursing and the rationale supporting the opinion.

b. The written report shall be signed by the peer reviewers concurring in the report.

c. If the peer reviewers find that they are unable to review the case, the investigative information shall be returned to the board.

618.3(3) *Confidentiality.* Peer reviewers shall observe the confidentiality requirements imposed by Iowa Code section 272C.6(4).

[**ARC 9161C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—618.4(17A,147,152,272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in Iowa Code section 272C.3 when the board determines that the licensee is guilty of any of the following acts or offenses or those listed in Iowa Code section 147.55:

618.4(1) Fraud in procuring a license. Fraud in procuring a license includes but is not limited to an intentional perversion of the truth in making application for a license to practice in this state, which includes the following:

a. False representations of a material fact, whether by word or by conduct, by false or misleading allegations, or by concealment of that which should have been disclosed when making application for a license in this state.

b. Falsification of the application, credentials, or records submitted to the board for licensure or license renewal.

c. Fraud, misrepresentation, or deceit in taking the licensing examination or in obtaining a license.

d. Impersonating any applicant in any examination for licensure.

618.4(2) Professional incompetence. Professional incompetence includes but is not limited to:

a. A lack of knowledge, skill, or ability to discharge professional obligations within the scope of nursing practice.

b. Deviation from the standards of learning, education, or skill ordinarily possessed and applied by other licensees in the state of Iowa acting in the same or similar circumstances.

c. Willful or repeated departure from or failure to conform to the minimum standards of acceptable and prevailing practice of nursing in the state of Iowa.

d. Willful or repeated failure to practice nursing with reasonable skill and safety.

e. Willful or repeated failure to practice within the scope of current licensure or level of preparation.

f. Mental or physical inability reasonably related to and adversely affecting the licensee's ability to practice in a safe and competent manner.

g. Being adjudged mentally incompetent by a court of competent jurisdiction.

h. Failure to meet the standards as defined in 481—Chapter 620.

i. Failure to meet the standards as defined in 481—Chapter 621.

j. Failure to comply with the requirements of Iowa Code chapter 139A.

618.4(3) Behavior that constitutes knowingly making misleading, deceptive, untrue, or fraudulent representations in the practice of a profession, including but not limited to:

a. Oral or written misrepresentation relating to degrees, credentials, licensure status, records, and applications.

b. Falsifying records related to nursing practice or knowingly permitting the use of falsified information in those records.

618.4(4) Behavior that constitutes unethical conduct or practice harmful or detrimental to the public, including but not limited to:

a. Performing nursing services beyond the authorized scope of practice for which the individual is licensed or prepared.

b. Allowing another person to use one's nursing license for any purpose.

c. Failing to comply with any rule promulgated by the board related to minimum standards of nursing.

d. Improper delegation of nursing services, functions, or responsibilities.

e. Committing an act or omission that may adversely affect the physical or psychosocial welfare of the patient or client.

f. Committing an act that causes physical, emotional, or financial injury to the patient or client.

g. Failing to report to, or leaving, a nursing assignment without properly notifying appropriate supervisory personnel and ensuring the safety and welfare of the patient or client.

h. Violating the confidentiality or privacy rights of the patient or client.

i. Discriminating against a patient or client because of age, sex, race, ethnicity, national origin, creed, illness, disability, sexual orientation, or economic or social status.

j. Failing to assess, accurately document, evaluate, or report the status of a patient or client.

k. Misappropriating or attempting to misappropriate medications, property, supplies, or equipment of the patient, client, or agency.

l. Fraudulently or inappropriately using or permitting the use of prescriptions, obtaining or attempting to obtain prescription medications under false pretenses, or assisting others to obtain or attempt to obtain prescription medication under false pretenses.

m. Practicing nursing while under the influence of alcohol, marijuana, or illicit drugs or while impaired by the use of pharmacological agents or medications, even if legitimately prescribed.

n. Obtaining, possessing, attempting to obtain or possess, or administering controlled substances without lawful authority.

o. Habitual intoxication or addiction to the use of drugs, including:

(1) The inability of a licensee to practice with reasonable skill and safety by reason of excessive use of alcohol on a continuing basis.

(2) The excessive use of drugs that may impair a licensee's ability to practice with reasonable skill or safety.

p. Engaging in behavior that is contradictory to professional decorum.

q. Failing to report suspected wrongful acts or omissions committed by a licensee of the board.

r. Failing to comply with an order of the board.

s. For an advanced registered nurse practitioner, prescribing, dispensing, administering, or distributing drugs:

(1) In an unsafe manner.

(2) Without accurately documenting it or without assessing, evaluating, or instructing the patient or client.

(3) To individuals who are not patients or who are outside of the licensee's specialty area.

t. Engaging in repeated verbal or physical conduct that interferes with another health care worker's performance or creates an intimidating, hostile, or offensive work environment.

u. Failing to properly safeguard or secure medications.

v. Failing to properly document or perform medication wastage.

618.4(5) For purposes of this subrule, "patient" is defined to include the patient and the patient's family or caretakers who are present with the patient while the patient is under the care of the licensee. Behavior that constitutes unethical conduct or practice harmful or detrimental to the public includes but is not limited to professional boundaries violations of:

a. Sexual contact with a patient, regardless of patient consent.

b. Making lewd, suggestive, demeaning, or otherwise sexual comments, regardless of patient consent.

c. Participating in, initiating, or attempting to initiate a sexual, emotional, social, or business relationship with a patient, regardless of patient consent.

d. Soliciting, borrowing, or misappropriating money or property from a patient, regardless of patient consent.

e. Repeatedly divulging personal information to a patient for nontherapeutic purposes, regardless of patient consent.

f. Engaging in a sexual, emotional, social, or business relationship with a former patient when there is a risk of exploitation or harm to the patient, regardless of patient consent.

618.4(6) Being convicted of an offense that directly relates to the duties and responsibilities of the profession. A conviction includes a guilty plea, including Alford and nolo contendere pleas, or a finding or verdict of guilt, even if the adjudication of guilt is deferred, withheld, or not entered. A copy of the guilty plea or order of conviction constitutes conclusive evidence of conviction. An offense directly relates to the duties and responsibilities of the profession if the actions taken in furtherance of the offense are actions customarily performed within the scope of practice of the profession or the circumstances under which the offense was committed are circumstances customary to the profession.

618.4(7) Fraud in representation as to skill or ability.

618.4(8) Use of untruthful or improbable statements in advertisements.

618.4(9) Willful or repeated violations of provisions of Iowa Code chapter 147, 152, or 272C.

618.4(10) Other acts or offenses as specified by board rule, including:

a. Failing to provide written notification of a change of address to the board within 30 days of the event.

b. Failing to notify the board within 30 days from the date of the final decision in a disciplinary action taken by the licensing authority of another state, territory, or country.

c. Failing to notify the board of a criminal conviction within 30 days of the action, regardless of whether the judgment of conviction or sentence was deferred, and regardless of the jurisdiction where it occurred.

d. Failing to submit an additional completed fingerprint packet as required and applicable fee, when a previous fingerprint submission has been determined to be unacceptable, within 30 days of a request made by board staff.

e. Failing to respond to the board during a board audit or submit verification of compliance with continuing education requirements, with training in child or dependent adult abuse identification and reporting, or exceptions within the time period provided.

f. Failing to respond to the board during a board audit or submit verification of compliance with the requirements for the supervision of fluoroscopy set forth in 481—subrule 621.4(5) or exceptions within the time period provided.

g. Failing to respond to or comply with a board investigation or subpoena.

h. Engaging in behavior that is threatening or harassing to the board, board staff, or agents of the board.

i. Violating an initial agreement or contract with the Iowa professional health program.

618.4(11) Engaging in the practice of nursing in Iowa prior to licensure or not pursuant to the nurse licensure compact or engaging in practice of nursing in Iowa on an inactive license.

618.4(12) In accordance with Iowa Code section 152.10(2):

a. Continuing to practice while knowingly having an infectious or contagious disease that could be harmful to a patient's welfare without taking precautions to meet the current standard of care.

b. Having a license to practice nursing as a registered nurse, licensed practical/vocational nurse, or advanced registered nurse practitioner revoked or suspended, or having other disciplinary action taken, by a licensing authority of another state, territory, or country.

c. Having a license to practice nursing as a registered nurse, licensed practical/vocational nurse, or advanced registered nurse practitioner revoked or suspended, or having other disciplinary action taken, by a licensing authority in another state that has adopted the nurse licensure compact contained in Iowa Code section 152E.1 or the advanced practice registered nurse compact contained in Iowa Code section 152E.3 and that has communicated information relating to such action pursuant to the coordinated licensure information system established by the compact. If the action taken by the licensing authority occurs in a jurisdiction that does not afford the procedural protections of Iowa Code chapter 17A, the licensee may object to the communicated information and shall be afforded the procedural protections of Iowa Code chapter 17A.

d. Knowingly aiding, assisting, procuring, advising, or allowing a person to unlawfully practice nursing.

e. Being adjudicated mentally incompetent by a court of competent jurisdiction. Such adjudication shall automatically suspend a license for the duration of the license unless the board orders otherwise.

f. Being unable to practice nursing with reasonable skill and safety by reason of illness or as a result of a mental or physical condition.

[**ARC 9161C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—618.5(17A,147,152,272C) Voluntary surrender. A voluntary surrender of licensure may be submitted to the board as resolution of a contested case or in lieu of continued compliance with a disciplinary decision of the board. A voluntary surrender, when accepted by the board, has the same force and effect as an order of revocation. A voluntary surrender of a license during the pendency of a complaint or investigation shall be considered discipline and shall have the same force and effect as an order of revocation.

[**ARC 9161C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—618.6(272C) Disciplinary hearing—fees and costs.

618.6(1) Fees and costs assessed by the board pursuant to Iowa Code section 272C.6(6)*"a"* will be calculated by the board's executive director and be entered as part of the board's final disciplinary order. The board's final disciplinary order will specify the time period in which the fees and costs shall be paid by the licensee.

618.6(2) Failure of the licensee to pay the fees and costs assessed herein in the time specified in the board's final disciplinary order may constitute a violation of a lawful order of the board.

[**ARC 9161C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

These rules are intended to implement Iowa Code chapters 17A, 147, 152, and 272C.

CHAPTER 619
CONTINUING EDUCATION

[Prior to 8/26/87, Nursing Board[590] Ch 5]
[Prior to 6/11/25, see Nursing Board[655] Ch 5]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/4/30

481—619.1(272C) Definitions. The board adopts by reference the definitions in Iowa Code section 272C.1 as well as the following:

"Academic offering" means an extension course, independent study, or other course that is offered for academic credit or audit by an accredited institution of higher education.

"Audit" means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

"Certification" means evidence of advanced credentials earned by a licensee who has met all eligibility criteria.

"Continuing education credit" means contact hours or continuing education units (CEUs) to show evidence of course attendance.

"Extended course" means an organized program of study offered in a series of sessions.

"Informal offering" means a workshop, seminar, webinar or online course, institute, conference, lecture, extended course, provider-designed self-study, or learner-designed self-study that is offered for credit in contact hours or continuing education units.

"Learner-designed self-study" means lecture development, research, preparation of articles for publication, development of patient care programs or patient education programs, or projects directed at resolving administrative problems in which the learner takes the initiative and the responsibility for assessing, planning, implementing, and evaluating an educational activity under the guidance of an Iowa approved provider.

"Practicum" means a course-related, planned and supervised clinical experience that includes clinical objectives and assignment to practice in a laboratory setting or with patients/clients/families for attainment of the objectives.

"Provider-designed self-study" means a program that the provider designs for the nurse to complete at the nurse's own pace (e.g., home study, programmed instruction).

[**ARC 9162C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—619.2(272C) Continuing education—licensees.

619.2(1) *Requirements.* License renewal requires the verifiable completion of 36 contact hours or 3.6 CEUs of credit or an exemption within the renewal period.

619.2(2) *Accumulating hours or credit.*

a. Units of measurement used for continuing education courses is as follows:

(1) One contact hour = 60 minutes of didactic instruction, work on learner-designed self-study, and clinical or laboratory practicum in an informal offering.

(2) One CEU = 10 contact hours.

(3) One academic semester hour = 15 contact hours.

(4) One academic quarter hour = 10 contact hours.

b. Up to 18 contact hours or 1.8 CEUs of credit may be carried over to a future license period if the licensee has exceeded the minimum required hours for the reporting period.

c. Approved make-up credit may only be used once.

619.2(3) *Appropriate subject matter.* Appropriate subject matter for continuing education includes:

a. Nursing practice related to health care of patients/clients/families in any setting.

b. Professional growth and development related to nursing practice roles with a health care focus.

c. Sciences upon which nursing practice, nursing education, or nursing research is based.

d. Social, economic, ethical and legal aspects of health care.

e. Management of or administration of health care, health care personnel, or health care facilities.

f. Education of patients or patients' significant others, students, or personnel in the health care field.

g. Academic offerings that meet the qualifications of appropriate subject matter, meet the requirements of a nursing education program that extends beyond the education completed for the original nursing license, or both. The licensee shall retain a transcript exhibiting a passing grade for each academic offering.

h. Current national certification or recertification related to the practice of nursing. The national certification or recertification is recognized as 36 contact hours of continuing education.

i. Completion of a board-approved nurse refresher course. Hours of participation will be recognized as contact hours of continuing education.

j. Participation as a preceptor for a nursing student or employee transitioning into a new clinical practice area, for a minimum of 60 hours as a part of an organized preceptorship program. A licensee shall maintain documentation issued by the institution supervising the student or employee demonstrating the objectives of the preceptorship and the hours completed. A preceptorship shall be recognized as 6 contact hours of continuing education.

k. Completion of a nurse residency program. A residency program is recognized as 36 contact hours of continuing education.

l. Academic offerings provided by the following entities:

(1) Community colleges.

(2) Public and private colleges and universities.

(3) Governmental academies.

619.2(4) *Documentation.* Licensees are required to keep continuing education documentation for a period of four years, including proof of attendance, licensee's name, course date, course title, awarded hours and provider approval information.

619.2(5) *Exemptions to continuing education.* A licensee may be exempt from continuing education requirements if the licensee provides proof upon request of the following:

a. Honorable active duty in the United States military during the license period.

b. Possesses a current license to practice in another state that has mandatory continuing education requirements, so long as the license is active and the licensee resides in a state other than Iowa at the time of renewal or reactivation.

c. Worked outside the United States during the renewal period as a registered nurse or licensed practical nurse for the government or foreign service or in missionary work.

d. Had a physical or mental disability or illness during the relevant time period and applied for an extension of time to complete continuing education requirements or for a medical exemption from the continuing education requirements. An application is available upon request and requires the signature of a health care provider who can attest to the existence of a disability or illness during the license period. The application form shall be submitted prior to license expiration. A licensee shall not claim an extension of time or exemption from continuing education requirements on a license renewal application pursuant to this rule unless and until the licensee has received approval.

619.2(6) *Failure to meet requirement or qualify for an exemption.* A licensee who fails to meet continuing education requirements or qualify for an exemption prior to license expiration cannot renew the license until completion of the continuing education requirements or qualification for an exemption during the late renewal period.

619.2(7) *Audit of licensees.* The board may select licensees for audit following a period of licensure.

a. The licensee must submit verification of compliance with continuing education requirements or of exemptions for the period of licensure being audited.

b. The licensee must submit proof of completion of the mandatory reporter training course(s) provided by the department of health and human services in the previous three years as specified in 481—subrule 617.7(3).

c. Verification must be submitted within 30 days after the date of the audit notification. An extension of time may be granted on an individual basis.

d. If submitted materials are incomplete or unsatisfactory, the licensee will be notified. The licensee will be given the opportunity to submit credit to cover the deficit found through the audit. The make-up credit shall not be reused for the current renewal period.

e. The board will notify the licensee of satisfactory completion of the audit.

f. Failure to complete the audit satisfactorily or falsification of information may result in disciplinary action.

g. Failure to notify the board of a current mailing address will not absolve the licensee of the audit requirement.

CHAPTER 620
NURSING PRACTICE FOR REGISTERED NURSES/LICENSED PRACTICAL NURSES
[Prior to 6/11/25, see Nursing Board[655] Ch 6]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/4/30

481—620.1(152) Definitions.

"Advanced registered nurse practitioner" or *"ARNP"* means a person who is currently licensed as a registered nurse under Iowa Code chapter 152 or 152E and who is licensed by the board as an advanced registered nurse practitioner.

"Asynchronous store-and-forward transmission" means the collection of a patient's relevant health information and the subsequent transmission of the data from an originating site to a health care provider at a distant site without the presence of the patient.

"Board" as used in this chapter means the Iowa board of nursing.

"Competence" means having sufficient knowledge, judgment, and skill to perform a specific function.

"Expanded intravenous therapy certification course" means the Iowa board of nursing course required for licensed practical nurses to perform procedures related to the expanded scope of practice of intravenous therapy.

"Initial assessment" means the systematic collection of data to determine the patient's health status and plan of care, and to identify any actual or potential health problems, which is performed upon the patient's first arrival or admission to a unit or facility, or upon any significant changes in the patient's status.

"Licensee" means an individual licensed by the board as a registered nurse or licensed practical nurse.

"Midline catheter" means a long peripheral catheter in which the distal end resides in the mid to upper arm, but the tip terminates no further than the axilla.

"Nursing diagnosis" means a judgment made by a registered nurse, following a nursing assessment of an individual or group about actual or potential responses to health problems, which forms the basis for determining effective nursing interventions.

"Nursing facility" means an institution as defined in Iowa Code chapter 135C. This term does not include acute care settings.

"Nursing process" means ongoing assessment, nursing diagnosis, planning, intervention, and evaluation.

"Peripheral intravenous catheter" means a catheter three inches or less in length.

"Peripherally inserted central catheter" or *"PICC"* means a soft flexible central venous catheter inserted into an extremity and advanced until the tip is positioned in the vena cava.

"Proximate area" means sufficiently close in time and space, within the same building, to provide timely in-person assistance.

"Supervision" means directly or indirectly observing a function or activity and taking reasonable steps to ensure the nursing care being provided is adequate and delivered appropriately.

"Telehealth" means the practice of nursing using electronic audiovisual communications and information technologies or other means, including interactive audio with asynchronous store-and-forward transmission, between a licensee in one location and a patient in another location with or without an intervening health care provider. Telehealth includes asynchronous store-and-forward technologies, remote monitoring, and real-time interactive services, including teleradiology and telepathology. Telehealth, for the purposes of this rule, does not include the provision of nursing services only through an audio-only telephone, email messages, facsimile transmissions, or U.S. mail or other parcel service, or any combination thereof.

"Unlicensed assistive personnel" or *"UAP"* is an individual who is trained to function in an assistive role to the registered nurse and licensed practical nurse in the provision of nursing care activities as delegated by the registered nurse or licensed practical nurse.

[**ARC 9163C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—620.2(152) Standards of nursing practice for registered nurses.

620.2(1) A registered nurse recognizes and understands the legal boundaries for practicing nursing within the scope of nursing practice. The scope of practice of the registered nurse is determined by the nurse's education, experience, and competency and the rules governing nursing. The scope of practice of the registered nurse does not include those practices requiring the knowledge and education of an advanced registered nurse practitioner.

620.2(2) The registered nurse demonstrates professionalism and accountability by:

a. Demonstrating honesty and integrity in nursing practice.

b. Basing nursing decisions on nursing knowledge, judgment, skills, the needs of patients, and evidence-based practices.

c. Maintaining competence through ongoing learning, application of knowledge, and applying evidence-based practices.

d. Reporting instances of unsafe nursing practices by self or others to the appropriate supervisor.

e. Being accountable for judgments, individual nursing actions, competence, decisions, and behavior in the practice of nursing.

f. Assuming responsibility for the nurse's own decisions and actions.

g. Wearing identification that clearly identifies the nurse as a registered nurse when providing direct patient care unless wearing identification creates a safety or health risk for either the nurse or the patient.

620.2(3) The registered nurse utilizes the nursing process by:

a. Conducting a thorough nursing assessment based on the patient's needs and the practice setting.

b. Applying nursing knowledge based on the biological, psychological, and sociocultural aspects of the patient's condition.

c. Detecting inaccurate or missing patient information.

d. Receiving a physician's, ARNP's, or other health care provider's orders and seeking clarification of orders when needed.

e. Formulating independent nursing decisions and nursing diagnoses by using critical thinking, objective findings, and clinical judgment.

f. Planning nursing care and nursing interventions by establishing measurable and achievable outcomes, consistent with the patient's overall health care plan.

g. Obtaining education and ensuring competence when encountering new equipment, technology, medication, procedures or any other unfamiliar care situations.

h. Implementing treatment and therapy as identified by the patient's overall health care plan.

i. Monitoring patients and attending to patients' health care needs.

j. Identifying changes in the patient's health status, as indicated by pertinent signs and symptoms, and comprehending the clinical implications of those changes.

k. Evaluating continuously the patient's response to nursing care and other therapies, including:

(1) Patient's response to interventions.

(2) Need for alternative interventions.

(3) Need to communicate and consult with other health team members.

(4) Need to revise the plan of care.

l. Documenting nursing care accurately, thoroughly, and in a timely manner.

m. Communicating and consulting with other health team members regarding the following:

(1) Patient concerns and special needs.

(2) Patient status and progress.

(3) Patient response or lack of response to interventions.

(4) Significant changes in patient condition.

(5) Interventions that are not implemented, based on the registered nurse's professional judgment, and providing:

1. A timely notification to the physician, ARNP, or other health care provider who prescribed the intervention that the order was not executed and reason(s) for not executing the order;

2. Documentation in the medical record that the physician, ARNP, or other health care provider was notified and reason(s) for not implementing the order; and

3. If appropriate, a timely notification to other persons who, based on the patient's circumstances, should be notified of any orders that were not implemented.

n. Revising plan of care as needed.

o. Providing a safe environment for the patient.

p. Providing comprehensive health care education to the patient and others, according to nursing standards and evidence-based practices.

620.2(4) The registered nurse acts as an advocate for the patient(s) by:

a. Respecting the patient's rights, confidentiality, concerns, decisions, and dignity.

b. Identifying patient needs.

c. Attending to patient concerns or requests.

d. Promoting a safe environment for the patient, others, and self.

e. Maintaining appropriate professional boundaries.

620.2(5) The registered nurse applies the delegation process when delegating to another registered nurse or licensed practical nurse by:

a. Delegating only those nursing tasks that fall within the delegatee's scope of practice, education, experience, and competence.

b. Matching the patient's needs and circumstances with the delegatee's qualifications, resources, and appropriate supervision.

c. Communicating directions and expectations for completion of the delegated activity and receiving confirmation of understanding of the communication from the delegatee.

d. Supervising the delegatee by monitoring performance, progress and outcomes and ensuring appropriate documentation is complete.

e. Evaluating patient outcomes as a result of the delegation process.

f. Intervening when problems are identified, revising plan of care when needed, and reassessing the appropriateness of the delegation.

g. Retaining accountability for properly implementing the delegation process.

h. Promoting a safe and therapeutic environment by:

(1) Providing appropriate monitoring and surveillance of the care environment.

(2) Identifying unsafe care situations.

(3) Correcting problems or referring problems to appropriate management level when needed.

620.2(6) The registered nurse shall not delegate the following intravenous therapy procedures to a licensed practical nurse:

a. Initiation and discontinuation of a midline catheter or a PICC.

b. Administration of medication by bolus or IV push except maintenance doses of analgesics via a patient-controlled analgesia pump set at a lock-out interval.

c. Administration of blood and blood products, vasodilators, vasopressors, oxytoxics, chemotherapy, colloid therapy, total parenteral nutrition, anticoagulants, antiarrhythmics, thrombolytics, and solutions with a total osmolarity of 600 or greater.

d. Provision of intravenous therapy to a patient under the age of 12 or any patient weighing less than 80 pounds, with the exception of those activities authorized in the limited scope of practice found in subrule 620.3(5).

e. Provision of intravenous therapy in any other setting except a licensed hospital, a nursing facility and a certified end-stage renal dialysis unit, with the exception of those activities authorized in the limited scope of practice found in subrule 620.3(5).

620.2(7) The registered nurse applies the delegation process when delegating to a UAP by:

a. Ensuring the UAP has the appropriate education and training and has demonstrated competency to perform the delegated task.

b. Ensuring the task does not require assessment, interpretation, and independent nursing judgment or nursing decision during the performance or completion of the task.

c. Ensuring the task does not exceed the scope of practice of a licensed practical nurse.

d. Ensuring the task is consistent with the UAP's scope of employment and can be safely performed according to clear and specific directions.

e. Verifying that, in the professional judgment of the delegating nurse, the task poses minimal risk to the patient.

f. Communicating directions and expectations for completion of the delegated activity and receiving confirmation of understanding of the communication from the UAP.

g. Supervising the UAP and evaluating the patient outcomes of the delegated task.

620.2(8) Subrule 620.2(7) does not apply to delegations to certified emergency medical care personnel who are employed by or assigned to a hospital or other entity in which health care is ordinarily provided, so long as:

a. The nurse has observed the patient;

b. The delegated task is a nonlifesaving procedure; and

c. The task is within the delegatee's job description.

620.2(9) Additional acts that may be performed by, and specific nursing practices for, registered nurses:

a. A registered nurse is permitted to practice as a diagnostic radiographer while under the supervision of a licensed practitioner provided that appropriate training standards for use of radiation-emitting equipment are met as outlined in 641—Chapter 42.

b. A registered nurse may staff an authorized ambulance, rescue, or first response service provided the registered nurse can document equivalency through education and additional skills training essential in the delivery of out-of-hospital emergency care. The equivalency is accepted when documentation has been reviewed and approved at the local level by the medical director of the ambulance, rescue, or first response service and the Iowa department of public health bureau of emergency and trauma services in accordance with the form adopted by the Iowa department of public health. An exception to this subrule is the registered nurse who accompanies and is responsible for a transfer patient.

c. A registered nurse, while circulating in the operating room, shall provide supervision only to persons in the same operating room.

This rule is intended to implement Iowa Code section 147A.12 and chapters 136C and 152.

[**ARC 9163C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—620.3(152) Standards of nursing practice for licensed practical nurses.

620.3(1) The licensed practical nurse recognizes and understands the legal boundaries for practicing nursing within the scope of nursing practice. The scope of practice of the licensed practical nurse is determined by the nurse's education, experience, and competency and the rules governing nursing.

620.3(2) The licensed practical nurse demonstrates professionalism and accountability by:

a. Demonstrating honesty and integrity in nursing practice.

b. Basing nursing decisions on nursing knowledge and skills, the needs of patients, and licensed practical nursing standards.

c. Maintaining competence through ongoing learning and application of knowledge in practical nursing practice.

d. Reporting instances of unsafe nursing practices by self or others to the appropriate supervisor.

e. Being accountable for judgments, individual nursing actions, competence, decisions, and behavior in the course of practical nursing practice.

f. Assuming responsibility for the nurse's own decisions and actions.

g. Wearing identification that clearly identifies the nurse as a licensed practical nurse when providing direct patient care unless wearing identification creates a safety or health risk for either the nurse or the patient.

620.3(3) The licensed practical nurse, practicing under the supervision of a registered nurse, ARNP, or licensed physician, consistent with the accepted and prevailing practices and practice setting, may participate in the nursing process by:

a. Participating in nursing care, health maintenance, patient teaching, evaluation and collaborative planning and rehabilitation to the extent of the licensed practical nurse's education, experience, and competency.

b. Participating in both the initial and ongoing nursing assessment of the patient's health status. The registered nurse is responsible for the plan of care, including verifying and interpreting the initial assessment data obtained by the licensed practical nurse.

c. Assisting the supervising registered nurse, ARNP, or physician in planning for patient care by identifying patient needs and goals.

d. Demonstrating attentiveness and providing patient surveillance and monitoring.

e. Seeking clarification of orders when needed.

f. Obtaining education and ensuring competence when encountering new equipment, technology, medication, procedures or any other unfamiliar care situations.

g. Implementing treatment and therapy as identified by the patient's overall health care plan.

h. Documenting nursing care accurately, thoroughly, and in a timely manner.

i. Evaluating continuously the patient's response to nursing care and other therapies, including:

(1) Patient's response to interventions.

(2) Need for alternative interventions.

(3) Need to communicate and consult with other health team members.

(4) Need to revise the plan of care.

j. Collaborating and communicating relevant and timely patient information with patients and other health team members to ensure quality and continuity of care, including:

(1) Patient concerns and special needs.

(2) Patient status and progress.

(3) Patient response or lack of response to interventions.

(4) Significant changes in patient condition.

(5) Interventions that are not implemented, based on the licensed practical nurse's professional judgment, and providing:

1. A timely notification to the physician, ARNP, registered nurse, or other health care provider who prescribed the intervention that the order was not executed and reason(s) for not executing the order;

2. Documentation in the medical record that the physician, ARNP, registered nurse, or other health care provider was notified and reason(s) for not implementing the order; and

3. If appropriate, a timely notification to other persons who, based on the patient's circumstances, should be notified of any orders that were not implemented.

k. Providing a safe environment for the patient.

l. Participating in the health care education of the patient and others, according to nursing standards and evidence-based practices.

620.3(4) A licensed practical nurse shall not perform any activity requiring the knowledge and education of a registered nurse, including but not limited to:

a. Initiating a procedure or therapy that requires the knowledge and education level of a registered nurse.

b. Performing an assessment of a procedure or therapy that requires the knowledge and education level of a registered nurse.

c. Initiating or administering blood components.

d. Initiating or administering medications requiring the knowledge and education level of a registered nurse.

620.3(5) A licensed practical nurse, under the supervision of a registered nurse, may engage in the limited scope of practice of intravenous therapy. The licensed practical nurse shall be educated and have documentation of competency in the limited scope of practice of intravenous therapy. Limited scope of practice of intravenous therapy may include:

a. Addition of intravenous solutions without adding medications to established peripheral intravenous sites.

b. Monitoring and regulating the rate of nonmedicated intravenous solutions to established peripheral intravenous sites.

c. Administration of maintenance doses of analgesics via the patient-controlled analgesia pump set at a lock-out interval to established peripheral intravenous sites.

d. Discontinuation of peripheral intravenous therapy.

e. Administration of a prefilled heparin or saline syringe flush, prepackaged by the manufacturer or premixed and labeled by a registered pharmacist or registered nurse, to an established peripheral lock, in a licensed hospital, a nursing facility or a certified end-stage renal dialysis unit.

620.3(6) In a certified end-stage renal dialysis unit, nursing tasks that may be delegated by a registered nurse to a licensed practical nurse, for the sole purpose of hemodialysis treatment, include:

a. Initiation and discontinuation of the hemodialysis treatment utilizing any of the following established vascular accesses: central line catheter, arteriovenous fistula, and graft.

b. Administration, during hemodialysis treatment, of local anesthetic prior to cannulation of the vascular access site.

c. Administration of prescribed dosages of heparin solution or saline solution utilized in the initiation and discontinuation of hemodialysis.

d. Administration, during hemodialysis treatment via the extracorporeal circuit, of the routine intravenous medications erythropoietin, Vitamin D analog, intravenous antibiotic solutions prepackaged by the manufacturer or premixed and labeled by a registered pharmacist or registered nurse, and iron, excluding any iron preparation that requires a test dose. The registered nurse shall administer the first dose of erythropoietin, Vitamin D analog, antibiotics, and iron.

620.3(7) The licensed practical nurse acts as an advocate for the patient by:

a. Always practicing under the supervision of a registered nurse, ARNP, or physician.

b. Respecting the patient's rights, confidentiality, concerns, decisions, and dignity.

c. Identifying patient needs.

d. Attending to patient concerns or requests.

e. Promoting a safe environment for the patient, others, and self.

f. Maintaining appropriate professional boundaries.

620.3(8) The licensed practical nurse applies the delegation process when delegating to another licensed practical nurse by:

a. Delegating only those nursing tasks that fall within the scope of practice of a licensed practical nurse.

b. Delegating only those nursing tasks that fall within the delegatee's scope of practice, education, experience, and competence.

c. Matching the patient's needs and circumstances with the delegatee's qualifications, resources, and appropriate supervision.

d. Communicating directions and expectations for completion of the delegated activity and receiving confirmation of the communication from the delegatee.

e. Supervising the delegatee by monitoring performance, progress and outcomes and ensuring appropriate documentation is complete.

f. Evaluating patient outcomes as a result of the delegation process.

g. Intervening when problems are identified, revising plan of care when needed, and reassessing the appropriateness of the delegation.

h. Retaining accountability for properly implementing the delegation process.

i. Promoting a safe and therapeutic environment by:

(1) Providing appropriate monitoring and surveillance of the care environment;

(2) Identifying unsafe care situations; and

(3) Correcting problems or referring problems to appropriate management level when needed.

620.3(9) The licensed practical nurse applies the delegation process when delegating to a UAP by:

a. Delegating only those nursing tasks that fall within the scope of practice of a licensed practical nurse.

b. Ensuring the UAP has the appropriate education and training and has demonstrated competency to perform the delegated task.

c. Ensuring the task does not require assessment, interpretation, and independent nursing judgment or nursing decision during the performance or completion of the task.

d. Ensuring the task is consistent with the UAP's scope of employment and can be safely performed according to clear and specific directions.

e. Verifying that, in the professional judgment of the delegating nurse, the task poses minimal risk to the patient.

f. Communicating directions and expectations for completion of the delegated activity and receiving confirmation of the communication from the UAP.

g. Supervising the UAP and evaluating the patient outcomes of the delegated task.

620.3(10) The licensed practical nurse may provide nursing care in an acute care setting so long as a registered nurse, ARNP, or physician is present in the proximate area.

620.3(11) The licensed practical nurse may provide nursing care in a non-acute care setting. However, a registered nurse, ARNP, or physician must be present in the proximate area if the licensed practical nurse provides nursing care in the following non-acute care settings and the licensed practical nurse is responsible for requesting nurse consultation as needed:

a. Community health settings, except:

(1) The licensed practical nurse is permitted to provide supportive and restorative care in the home setting under the supervision of a registered nurse or a physician.

(2) The licensed practical nurse is permitted to provide supportive and restorative care in a camp setting under the supervision of a registered nurse or a physician.

b. Schools, except:

(1) The licensed practical nurse is permitted to provide supportive and restorative care to a specific student in the school setting in accordance with the student's health plan when under the supervision of, and as delegated by, the registered nurse employed by the school district.

(2) The licensed practical nurse is permitted to provide supportive and restorative care in a Head Start program under the supervision of a registered nurse or a physician if the licensed practical nurse was in this position prior to July 1, 1985.

c. Occupational health settings.

d. Correctional facilities, except:

(1) The licensed practical nurse is permitted to provide supportive and restorative care in a county jail facility or municipal holding facility operating pursuant to Iowa Code chapter 356. The supportive and restorative care provided by the licensed practical nurse in such facilities shall be performed under the supervision of a registered nurse. The registered nurse shall be available 24 hours per day by teleconferencing equipment.

(2) Reserved.

e. Community mental health settings.

f. Health care clinics, except:

(1) The licensed practical nurse is permitted to conduct height, weight and hemoglobin screening and record responses to health questions asked in a standardized questionnaire under the supervision of a registered nurse in a Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) clinic. A registered nurse employed by or under a contract with the WIC agency will assess the competency of the licensed practical nurse to perform these functions and must be available for consultation. The licensed practical nurse is responsible for requesting registered nurse consultation as needed.

(2) The licensed practical nurse is permitted to provide care, including but not limited to dispensing medications such as methadone, buprenorphine, and naltrexone, in opioid treatment program facilities and opioid treatment medication units. A registered nurse employed by or under a contract with the opioid treatment program or opioid treatment medication unit will assess the competency of the licensed practical nurse to dispense medications and must be available for consultation at all times. The licensed practical nurse is responsible for requesting registered nurse consultation as needed.

620.3(12) A licensed practical nurse may be permitted to supervise other licensed practical nurses or unlicensed assistive personnel, pursuant to Iowa Code section 152.1(5)*"b,"* in the following practice settings, in accordance with the following:

a. A licensed practical nurse working under the supervision of a registered nurse may be permitted to supervise in an intermediate care facility for persons with an intellectual disability or in a residential health care setting.

b. A licensed practical nurse working under the supervision of a registered nurse who is in the proximate area may direct the activities of other licensed practical nurses and unlicensed assistive personnel in an acute care setting in giving care to individuals assigned to the licensed practical nurse.

c. A licensed practical nurse working under the supervision of a registered nurse may supervise in a nursing facility if the licensed practical nurse completes the National Healthcare Institute's Supervisory Course for Iowa's Licensed Practical Nurses within 90 days of employment in a supervisory role. Documentation of the completion of the course shall be maintained by the licensed practical nurse. A licensed practical nurse is entitled to supervise without completing the course if the licensed practical nurse was performing in a supervisory role on or before October 6, 1982. A licensed practical nurse who is currently enrolled as a full-time student in a registered nurse program and is scheduled to graduate within one year is not required to complete the course. If the licensed practical nurse does not obtain a registered nurse license within one year, the licensed practical nurse must take the course to continue supervisory duties.

620.3(13) A licensed practical nurse is permitted to practice as a diagnostic radiographer while under the supervision of a licensed practitioner provided that appropriate training standards for use of radiation-emitting equipment are met as outlined in 641—Chapter 42.

620.3(14) A licensed practical nurse is permitted to perform, in addition to the functions set forth in subrule 620.3(5), procedures related to the expanded scope of practice of intravenous therapy upon completion of the board-approved expanded intravenous therapy certification course and in accordance with the following:

a. To be eligible to enroll in the course, the licensed practical nurse shall:

(1) Hold a current unrestricted Iowa license or an unrestricted license in another state recognized for licensure in this state pursuant to the nurse licensure compact contained in Iowa Code chapter 152E.

(2) Have documentation of 1,040 hours of practice as a licensed practical nurse.

(3) Be practicing in a licensed hospital, a nursing facility or a certified end-stage renal dialysis unit whose policies allow the licensed practical nurse to perform procedures related to the expanded scope of practice of intravenous therapy.

b. The course must be offered by an approved Iowa board of nursing provider of nursing continuing education. Documentation of course completion shall be maintained by the licensed practical nurse and employer.

c. The board-approved course shall incorporate the responsibilities of the licensed practical nurse when providing intravenous therapy via a peripheral intravenous catheter, a midline catheter and a PICC to children, adults and elderly adults.

d. Upon completion of the course, when providing intravenous therapy, the licensed practical nurse shall be under the supervision of a registered nurse. Procedures that may be performed if delegated by the registered nurse are as follows:

(1) Initiation of a peripheral intravenous catheter for continuous or intermittent therapy using a catheter not to exceed three inches in length.

(2) Administration, via a peripheral intravenous catheter, midline catheter, and a PICC line, of premixed electrolyte solutions or premixed vitamin solutions. The first dose shall be administered by the registered nurse. The solutions must be prepackaged by the manufacturer or premixed and labeled by a registered pharmacist or registered nurse.

(3) Administration, via a peripheral intravenous catheter, midline catheter, and a PICC line, of solutions containing potassium chloride that do not exceed 40 meq per liter and that do not exceed a dose of 10 meq per hour. The first dose shall be administered by the registered nurse. The solutions must be prepackaged by the manufacturer or premixed and labeled by a registered pharmacist or registered nurse.

(4) Administration, via a peripheral intravenous catheter, midline catheter, and a PICC line, of intravenous antibiotic solutions prepackaged by the manufacturer or premixed and labeled by a registered pharmacist or registered nurse. The first dose shall be administered by the registered nurse.

(5) Maintenance of the patency of a peripheral intravenous catheter, midline catheter, and a PICC line with a prefilled heparin or saline syringe flush, prepackaged by the manufacturer or premixed by a registered pharmacist or registered nurse.

(6) Changing the dressing of a midline catheter and a PICC line per sterile technique.

e. Intravenous therapy procedures that will not be delegated by the registered nurse to the licensed practical nurse are as follows:

(1) Initiation and discontinuation of a midline catheter or a PICC.

(2) Administration of medication by bolus or IV push except maintenance doses of analgesics via a patient-controlled analgesia pump set at a lock-out interval.

(3) Administration of blood and blood products, vasodilators, vasopressors, oxytoxics, chemotherapy, colloid therapy, total parenteral nutrition, anticoagulants, antiarrhythmics, thrombolytics, and solutions with a total osmolarity of 600 or greater.

(4) Provision of intravenous therapy to a patient under the age of 12 or any patient weighing less than 80 pounds, with the exception of those activities authorized in the limited scope of practice found in subrule 620.3(5).

(5) Provision of intravenous therapy in any other setting except a licensed hospital, a nursing facility and a certified end-stage renal dialysis unit, with the exception of those activities authorized in the limited scope of practice found in subrule 620.3(5).

[**ARC 9163C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—620.4(152) Telehealth.

620.4(1) *Telehealth permitted.* A licensee may, in accordance with all applicable laws and rules, provide health care services to a patient through telehealth.

620.4(2) *License required.* A registered nurse or licensed practical nurse who provides services through telehealth to a patient physically located in Iowa must hold an active license issued by the board or have an active privilege to practice in Iowa pursuant to the nurse licensure compact.

620.4(3) *Standard of care.* A licensee who provides services through telehealth is held to the same standard of care as is applicable to in-person settings. A licensee shall not perform any service via telehealth unless the same standard of care can be achieved as if the service was performed in person.

620.4(4) *Scope of practice.* A licensee who provides services through telehealth shall ensure the services provided are consistent with the licensee's scope of practice, education, training, and experience.

620.4(5) *Technology.* A licensee providing services through telehealth shall utilize technology that is secure and compliant with the Health Insurance Portability and Accountability Act of 1996, PL 104-191, August 21, 1996, 110 Stat. 1936, and any amendments as of October 30, 2024. The technology must be of sufficient quality, size, resolution, and clarity such that the licensee can safely and effectively provide the telehealth services and abide by the applicable standard of care.

620.4(6) *Records.* A licensee who provides services through telehealth shall maintain a record of the care provided to the patient. Such records shall comply with all applicable laws, rules, and standards of care for recordkeeping, confidentiality, and disclosure of a patient's medical record.

[**ARC 9163C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

◊ Two or more ARCs

1 Effective date of 5/6/81 delayed 70 days by the Administrative Rules Review Committee [Published IAB 4/29/81].
Effective date of Chapter 6 delayed by the Administrative Rules Review Committee 45 days after convening of the next General Assembly pursuant to §17A.8(9) [Published IAB 8/5/81].

2 Effective date of 4/21/82 delayed 70 days by the Administrative Rules Review Committee [Published IAB 4/28/82]. Delay lifted by committee on June 9, 1982.

3 Amendments to 6.3(5), paragraphs *"g"* and *"h,"* and 6.6 effective 7/1/85, IAB 8/15/84.

4 Effective date delayed until adjournment of the 1993 General Assembly by the Administrative Rules Review Committee at its meeting held February 8, 1993; subrule 6.4(2) nullified by 1993 Iowa Acts, HJR 17, effective April 23, 1993.

CHAPTER 621
ADVANCED REGISTERED NURSE PRACTITIONERS
[Prior to 8/26/87, Nursing Board[590] Ch 7]
[Prior to 6/11/25, see Nursing Board[655] Ch 7]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/4/30

481—621.1(17A,124,147,152) Definitions.

"Advanced registered nurse practitioner" or *"ARNP"* means a person who is currently licensed as a registered nurse under Iowa Code chapter 152 or 152E who is licensed by the board as an advanced registered nurse practitioner.

"Asynchronous store-and-forward transmission" means the collection of a patient's relevant health information and the subsequent transmission of the data from an originating site to a health care provider at a distant site without the presence of the patient.

"Board" as used in this chapter means the Iowa board of nursing.

"Collaboration" is the process whereby an ARNP and physician jointly manage the care of a client.

"Controlled substance" means a drug in Schedules II through V of subchapter II of Iowa Code chapter 124.

"Cross-coverage" means a licensee who engages in a remote evaluation of a patient, without in-person contact, at the request of another licensed health care provider who has established a proper practitioner-patient relationship with the patient.

"Dispense" means to provide a prescription drug to a patient for self-use outside of the ARNP's practice location. "Dispense" does not include administration.

"Licensee" means an individual licensed by the board as an advanced registered nurse practitioner.

"National professional certification organization" means the American Academy of Nurse Practitioners, the American Association of Critical Care Nurses, the American Midwifery Certification Board, the American Nurses Credentialing Center, the National Board of Certification and Recertification for Nurse Anesthetists, the National Certification Corporation, and the Pediatric Nursing Certification Board.

"On call" means a licensee is available, where necessary, to attend to the urgent and follow-up needs of a patient for whom the licensee has temporarily assumed responsibility, as designated by the patient's primary care licensee or other health care provider of record.

"Opioid" means a drug that produces an agonist effect on opioid receptors and is indicated or used for the treatment of pain.

"Prescription monitoring program database" or *"PMP database"* means a centralized database of reportable controlled substance prescriptions dispensed to patients and includes data access logs, security tracking information, and records of each individual who requests prescription monitoring program (PMP) information as operated by the board of pharmacy.

"Telehealth" means the practice of nursing using electronic audiovisual communications and information technologies or other means, including interactive audio with asynchronous store-and-forward transmission, between a licensee in one location and a patient in another location with or without an intervening health care provider. Telehealth includes asynchronous store-and-forward technologies, remote monitoring, and real-time interactive services, including teleradiology and telepathology. Telehealth, for the purposes of this rule, does not include the provision of nursing services only through an audio-only telephone, email messages, facsimile transmissions, or U.S. mail or other parcel service, or any combination thereof.

[**ARC 9164C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—621.2(152) Requirements for licensure as an ARNP.

621.2(1) *Qualifications.* An applicant for an ARNP license shall:

a. Hold an active unrestricted license as a registered nurse in accordance with 481—Chapter 617.

b. Graduate from an accredited graduate or postgraduate advanced practice educational program in one of the following roles, except as provided by subrule 621.2(2):

(1) Certified nurse-midwife.
(2) Certified registered nurse anesthetist.
(3) Certified nurse practitioner.
(4) Clinical nurse specialist.

c. Hold current certification issued by a national professional certification organization as a certified nurse-midwife or certified registered nurse anesthetist, or as a certified nurse practitioner or clinical nurse specialist in at least one of the following population foci:

(1) Women's health/gender-related.
(2) Family (individual across the lifespan).
(3) Psychiatric mental health.
(4) Adult/gerontology.
(5) Pediatrics.
(6) Neonatal.

621.2(2) *Exception.* An applicant who has completed a formal advanced practice educational program but has not graduated from an accredited graduate or postgraduate advanced practice educational program may be licensed as an ARNP provided that the applicant possesses a current certification from a national professional certification organization as described in paragraph 621.2(1)*"c."* This exception is intended to allow for the grandfathering of ARNPs who completed educational programs before the board required graduation from an accredited graduate or postgraduate advanced practice educational program.
[**ARC 9164C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—621.3(17A,147,152) Application process.

621.3(1) An applicant shall submit to the board:

a. An ARNP application for each population focus.

b. A dated copy of the applicant's current advanced level certification issued by the appropriate national professional certification organization.

c. If the applicant is not licensed as a registered nurse in Iowa, verification of an active registered nurse license in another state recognized for licensure in this state pursuant to the nurse licensure compact contained in Iowa Code chapter 152E.

d. A nonrefundable license fee of $81.

621.3(2) The applicant shall request that official transcripts be sent directly to the board from the educational program verifying the coursework, date of completion of the program, and the degree conferred.

621.3(3) The executive director of the board or the executive director's designee has the authority to determine if all requirements have been met for licensure of the applicant as an ARNP. If all requirements have been met:

a. The applicant will be issued a license and a certificate to practice as an ARNP that clearly denotes the applicant's name, title, and population focus, and the expiration date of the license.

b. The expiration date of the ARNP license will be the same as the expiration date of the applicant's license to practice as a registered nurse.

621.3(4) Licensure completion. An applicant shall complete the ARNP licensure process within 12 months from the start of the application. The board reserves the right to destroy incomplete application materials after 12 months.

621.3(5) Renewal of licensure. An ARNP license may be renewed beginning 60 days prior to the license expiration date and ending 30 days after the expiration date. To renew, a licensee shall submit the information required by subrule 621.3(1). The expiration date assigned to a renewed ARNP license is the same as the expiration date of the licensee's license to practice as a registered nurse.

621.3(6) Inactive status. Failure to renew an ARNP license within 30 days after its expiration results in an inactive ARNP license.

a. Continuing to work as an ARNP with an inactive ARNP license may result in disciplinary action.

b. To reactivate the license, the licensee must reactivate the underlying license to practice as a registered nurse, if required, and complete the license renewal process for the ARNP license.

621.3(7) License denial. Rule 481—617.9(17A,272C) governs the denial of an application for an ARNP license.

[**ARC 9164C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—621.4(17A,147,152) Advanced nursing practice.

621.4(1) An ARNP shall practice within the ARNP's respective population foci and practice in accordance with the applicable standard of care as described in guidelines published by national professional associations or other reputable sources.

621.4(2) An ARNP must maintain current certification with a national professional certification organization at all times while the ARNP license is active.

621.4(3) An ARNP licensed by the board may prescribe, administer, or dispense prescription drugs or devices, including controlled substances, within the ARNP's role and population foci and consistent with applicable state and federal laws.

621.4(4) An ARNP has the authority to practice to the full extent of the ARNP's license, education, and experience in the ARNP's respective population foci. An ARNP may:

a. Assess health status;
b. Obtain a relevant health and medical history;
c. Perform physical examinations;
d. Order preventive and diagnostic procedures;
e. Formulate a differential diagnosis;
f. Develop a treatment plan;
g. Develop a patient education plan;
h. Receive third-party reimbursement;
i. Maintain hospital privileges; and
j. Promote health maintenance.

621.4(5) Supervision of fluoroscopy. An ARNP is permitted to provide direct supervision in the use of fluoroscopic X-ray equipment, as defined in rule 641—38.2(136C).

a. The ARNP shall provide direct supervision of fluoroscopy pursuant to the following provisions:

(1) Completion of an educational course including content in radiation physics, radiobiology, radiological safety and radiation management applicable to the use of fluoroscopy, and maintenance of documentation verifying successful completion.

(2) Collaboration, as needed, as defined in rule 481—621.1(17A,124,147,152).

(3) Compliance with facility policies and procedures.

b. The ARNP shall maintain documentation of the initial educational course.

c. The initial education requirements are subject to audit by the board pursuant to 481—subrule 619.2(10).

621.4(6) Only a person currently licensed as an advanced registered nurse practitioner may use that title and the letters "ARNP" after the person's name.

[**ARC 9164C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—621.5(17A,147,152) Standards of practice for treating patients. An ARNP shall follow the standards of practice for the ARNP's respective population foci. Prior to treating a patient, an ARNP shall:

621.5(1) Establish a patient-provider relationship.

621.5(2) Perform and document the following, or have access to the patient's health records where all of the following have been documented by other providers in the care team:

a. Chief complaint;
b. Pertinent health history;
c. A focused assessment;
d. Diagnosis; and
e. Plan of treatment.

[**ARC 9164C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—621.6(17A,124,147,152,272C) Standards of practice for controlled substances.

621.6(1) An ARNP who prescribes or administers a controlled substance shall:

a. Review health history, including but not limited to a personal and family substance abuse risk assessment, or the documented rationale for not performing the assessment.

b. Ensure the health record includes documentation of the presence of one or more recognized indications for the use of a controlled substance.

c. Utilize a treatment agreement if continuously prescribing one or more controlled substances.

d. Provide ongoing education of the risks of using a controlled substance, and information regarding addiction, physical dependence, substance abuse, and tolerance, or document the rationale for not providing the education.

e. Maintain an active Drug Enforcement Administration (DEA) registration and an active controlled substances Act (CSA) registration to dispense, prescribe, or administer controlled substances, when required by the DEA and the board of pharmacy.

f. Not prescribe a controlled substance to the ARNP's self or to a family member unless the prescribing occurs in a clinical setting when an emergency situation arises and when there is no other qualified practitioner available to the patient.

621.6(2) The board may discipline an ARNP for prescribing opioids in dosage amounts that exceed what would be prescribed by a reasonably prudent ARNP in a similar practice.

621.6(3) An ARNP who has prescribed opioids to a patient during the renewal cycle is required to complete a minimum of two contact hours of continuing education regarding the U.S. Centers for Disease Control and Prevention guideline for prescribing opioids for chronic pain, including recommendations on limitations on dosages and the length of prescriptions, risk factors for abuse, and nonopioid and nonpharmacologic therapy options, as a condition of license renewal every three years. These hours may count towards the 36 contact hours required for license renewal. The ARNP shall maintain documentation of these hours, which may be subject to audit.

[**ARC 9164C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—621.7(124) Use of the prescription monitoring program.

621.7(1) Prior to the prescribing or dispensing of an opioid by an ARNP, the ARNP or the ARNP's authorized delegate shall query the PMP database and the ARNP shall review the patient's information contained in the PMP database.

621.7(2) This rule does not apply to an ARNP when treating a patient who is receiving inpatient hospice care or long-term residential facility care.

621.7(3) This rule does not apply to an ARNP who issues a medication order for an opioid to be administered to a patient at a hospital or clinic.

621.7(4) An ARNP is responsible for understanding the board of pharmacy's rules governing use of the prescription monitoring program in 481—Chapter 556.

[**ARC 9164C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—621.8(152) Prescribing epinephrine auto-injectors, bronchodilator canisters, bronchodilator canisters and spacers, or opioid antagonists in the name of a facility or school.

621.8(1) An ARNP may issue a prescription for one or more epinephrine auto-injectors in the name of a facility as defined in Iowa Code section 135.185(1), a school district, or an accredited nonpublic school.

621.8(2) An ARNP may issue a prescription for one or more bronchodilator canisters or bronchodilator canisters and spacers in the name of a school district or an accredited nonpublic school.

621.8(3) An ARNP may issue a prescription for one or more opioid antagonists in the name of a school district.

621.8(4) An ARNP who prescribes epinephrine auto-injectors, bronchodilator canisters, bronchodilator canisters and spacers, or opioid antagonists in the name of an authorized facility as defined in Iowa Code section 135.185(1), a school district, or an accredited nonpublic school, to be maintained for use pursuant to Iowa Code sections 135.185, 135.190, 280.16, and 280.16A, provided the ARNP has acted reasonably and in good faith, is not be liable for any injury arising from the provision, administration,

or assistance in the administration of an epinephrine auto-injector, bronchodilator canister, bronchodilator canister and spacer, or opioid antagonist.

[**ARC 9164C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—621.9(152) Standards of practice for telehealth.

621.9(1) *Telehealth permitted.* A licensee may, in accordance with all applicable laws and rules, provide health care services to a patient through telehealth.

621.9(2) *License required.* An advanced registered nurse practitioner who provides services through telehealth to a patient physically located in Iowa must be licensed by the board. A licensee who provides services through telehealth to a patient physically located in another state shall be subject to the laws and jurisdiction of the state where the patient is physically located.

621.9(3) *Standard of care.*

a. A licensee who provides services through telehealth is held to the same standard of care as is applicable to in-person settings. A licensee shall not perform any service via telehealth unless the same standard of care can be achieved as if the service was performed in person.

b. Prior to initiating contact with a patient for the purpose of providing services to the patient using telehealth, a licensee shall:

(1) Review the patient's history and all relevant medical records; and

(2) Determine as to each unique patient encounter whether the licensee will be able to provide the same standard of care using telehealth as would be provided if the services were provided in person.

621.9(4) *Scope of practice.* A licensee who provides services through telehealth must practice within the licensee's respective population foci and ensure the services provided are consistent with the licensee's scope of practice, education, training, and experience.

621.9(5) *Practitioner-patient relationship.*

a. Prior to providing services through telehealth, the licensee shall first establish a practitioner-patient relationship. A practitioner-patient relationship is established when:

(1) The person with a health-related matter seeks assistance from the licensee;

(2) The licensee agrees to provide services; and

(3) The person agrees to be treated, or the person's legal guardian or legal representative agrees to the person's being treated, by the licensee regardless of whether there has been a previous in-person encounter between the licensee and the person.

b. A practitioner-patient relationship can be established through an in-person encounter, consultation with another licensee or health care provider, or telehealth encounter.

c. Notwithstanding paragraphs 621.9(5)*"a"* and *"b,"* services may be provided through telehealth without first establishing a practitioner-patient relationship in the following settings or circumstances:

(1) Institutional settings;

(2) Licensed or certified nursing facilities, residential care facilities, intermediate care facilities, assisted living facilities, and hospice settings;

(3) In response to an emergency or disaster;

(4) Informal consultations with another health care provider performed by a licensee outside of the context of a contractual relationship, or on an irregular or infrequent basis, without the expectation or exchange of direct or indirect compensation;

(5) Episodic consultations by a specialist located in another jurisdiction who provides consultation services upon request to a licensee;

(6) A substitute licensee acting on behalf and at the designation of an absent licensee or other health care provider in the same specialty on an on-call or cross-coverage basis; or

(7) When a sexually transmitted disease has been diagnosed in a patient, a licensee prescribes or dispenses antibiotics to the patient's named sexual partner(s) for the treatment of the sexually transmitted disease as recommended by the U.S. Centers for Disease Control and Prevention.

621.9(6) *Consent to telehealth.* Prior to providing services via telehealth, the licensee shall obtain consent from the patient, or the patient's legal guardian or legal representative, to receive services via telehealth.

621.9(7) *Technology.* A licensee providing services through telehealth shall utilize technology that is secure and compliant with the Health Insurance Portability and Accountability Act of 1996, PL 104-191, August 21, 1996, 110 Stat. 1936, and any amendments as of October 30, 2024. The technology must be of sufficient quality, size, resolution, and clarity such that the licensee can safely and effectively provide the telehealth services and abide by the applicable standard of care.

621.9(8) *Prescriptions.* A licensee providing services through telehealth may issue a prescription to a patient as long as the issuance of such prescription is consistent with the standard of care applicable to the in-person setting.

621.9(9) *Records.* A licensee who provides services through telehealth shall maintain a record of the care provided to the patient. Such records shall comply with all applicable laws, rules, standards of care for recordkeeping, confidentiality, and disclosure of a patient's medical record.

621.9(10) *Follow-up care.* A licensee who provides services through telehealth shall refer a patient for follow-up care when required by the standard of care.

CHAPTER 622
REGISTERED NURSE CERTIFYING ORGANIZATIONS/ UTILIZATION AND COST CONTROL REVIEW

[Prior to 6/11/25, see Nursing Board[655] Ch 12]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/4/30

481—622.1(509,514,514B,514F) Purpose. This chapter is promulgated for the purpose of administering the provisions of Iowa Code sections 509.3, 514.7, 514B.1 and 514F.1.

[**ARC 9166C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—622.2 Reserved.

481—622.3(509,514,514B) National certifying organizations. Eligibility requirements for certification are established by the individual national certifying organization. National certifying organizations identified by the board pursuant to Iowa Code sections 509.3, 514.7, 514B.1, and 514F.1 are as follows:

Addictions Nursing Certification Board
American Academy of Nurse Practitioners
American Association of Critical Care Nurses Certification Corporation
American Association for Marriage and Family Therapy
American Board of Medical Genetics
American Board of Neuroscience Nursing
American Board for Occupational Health Nurses, Inc.
American Board of Post Anesthesia Nursing Certification, Inc.
American Board of Urology
American Urological Association
American College of Nurse-Midwives
American Holistic Nurses' Credentialing Corporation
American Nurses' Credentialing Center
American Society of Plastic Surgical Nurses
Association of Perioperative Registered Nurses
Association for Professionals in Infection Control and Epidemiology
Association of Rehabilitation Nurses, Certification Board
Board of Certification for Emergency Nursing
Board of Nephrology Examiners Nursing and Technology
Certifying Council for Gastroenterology Clinicians, Inc.
Clinical Nutrition Certification Board
National Board of Certification and Recertification for Nurse Anesthetists
Dermatology Nurses Association
Enterostomal Therapy Nursing Certification Board
Association of Nurses in AIDS Care, HIV/AIDS Nursing Certification Board
International Association of Infant Massage
International Board of Lactation Consultant Examiners
International Nurses Society on Addictions
Infusion Nurses Certification Corporation
Lamaze International
National Board for Certification of School Nurses
Certification Board for Diabetes Care and Education
Pediatric Nurse Certification Board
National Certification Corporation for the Obstetric, Gynecologic and Neonatal Nursing Specialties
National Certifying Board for Ophthalmic Registered Nurses
National Association of Chemical Dependency Nurses
Oncology Nursing Certification Corporation

Orthopaedic Nurses Certification Board
Plastic Surgical Nursing Certification Board
Radiologic Nursing Certification Board
Society of Gastroenterology Nurses and Associates
Society of Otorhinolaryngology and Head-Neck Nurses
Society of Urological Nurses and Associates
Society for Vascular Nursing
Wound, Ostomy and Continence Nursing Certification Board

[**ARC 9166C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—622.4(514F) Utilization and cost control review (U.C.C.R.) committee. The board may establish a U.C.C.R. committee for the purpose set forth in Iowa Code section 514F.1, including questions regarding:

1. Appropriateness of levels of nursing care.
2. Documentation of the credentials of the nurse(s) offering the service(s).
3. Documentation of the care provided.
4. Documentation of the costs of nursing services provided by credentialed nurses as requested by users and payers of such services.

[**ARC 9166C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—622.5(514F) Selection and composition of the U.C.C.R. committee.

622.5(1) A U.C.C.R. committee will consist of five licensed registered nurses, three of whom shall be certified by the above. A quorum of the U.C.C.R. committee is three members. When a quorum is present, a position is carried by a majority of the committee members.

622.5(2) The chairperson of the board of nursing, upon receipt of a request for review, will appoint committee members and designate a chairperson and a secretary.

622.5(3) Members of the U.C.C.R. committee will:

a. Have been actively practicing nursing in Iowa for a period of five years immediately prior to their appointment.

b. Hold an active Iowa registered nurse license or hold a current license in another state and be recognized for licensure in Iowa pursuant to the nurse licensure compact contained in Iowa Code chapter 152E.

c. Be actively involved in nursing practice during the term of appointment.

d. Not be exempt from mandatory disclosure requirements of Iowa Code section 272C.9.

e. Not be civilly liable when functioning in their capacity of committee members in compliance with Iowa Code section 272C.8.

f. Observe the requirements of confidentiality imposed by Iowa Code section 272C.6(4).

[**ARC 9166C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—622.6(514F) Scope of review.

622.6(1) Factors to determine appropriateness of nursing care deemed medically necessary may include but are not limited to:

a. Utilization of the nursing process in establishing a nursing diagnosis.

b. Development of a nursing care plan based on documentation of client needs and standards of care for that particular clinical specialty.

c. Adequate completion of recommended nursing care plan.

d. Quality of care as measured by outcome.

e. Proper referral to specialists or physicians when conditions indicate.

622.6(2) Cost review will result in an opinion as to the fairness of charges for nursing care services based on criteria including but not be limited to:

a. The nurse’s usual charge for the service.

b. The customary charge for the service based on a review of peer group charges.

c. Reasonable variance due to degree of difficulty, skill, or judgment.

[**ARC 9166C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

481—622.7(514F) Procedures for utilization and cost control review.

622.7(1) A request for review may be made to the board by a patient, licensee, or third-party payer of health care benefits.

622.7(2) The fee for a utilization and cost control review is $50 per individual patient review, made payable to the department of inspections, appeals, and licensing.

622.7(3) A request for review may be submitted to the board by addressing the request to the board of nursing as provided in 481—Chapter 1 and on the website of the department of inspections, appeals, and licensing: dial.iowa.gov. Requests may be made on forms provided by the department. All references to identification and location of the licensee shall be deleted prior to submission.

622.7(4) The U.C.C.R. committee will present its findings and recommendations in writing to the chairperson of the board within 90 days of the committee appointment, with the parties notified of the findings thereafter.

622.7(5) If during its review the U.C.C.R. committee identifies a possible violation of Iowa Code chapter 152 or rules promulgated thereunder, the board may take further action, as appropriate.

622.7(6) Action of the U.C.C.R. committee does not constitute an action of the board.

[**ARC 9166C**, IAB 4/30/25, effective 6/4/25; Editorial change: IAC Supplement 6/11/25]

These rules are intended to implement Iowa Code sections 509.3, 514.7, 514B.1, and 514F.1.

[Filed 4/11/90, Notice 1/10/90—published 5/2/90, effective 6/6/90]

[Filed ARC 9166C (Notice ARC 8794C, IAB 1/22/25), IAB 4/30/25, effective 6/4/25]
[Editorial change: IAC Supplement 6/11/25]

CHAPTER 623
CERTIFIED PROFESSIONAL MIDWIVES
[Prior to 6/11/25, see Nursing Board[655] Ch 16]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—623.1(148I) Definitions. As used in this chapter, in addition to those listed below, definitions as stated in Iowa Code section 148I.1 apply to this chapter.

"Administer" means the same as defined in Iowa Code section 155A.3(1).

"Consultation" means discussing the aspects of an individual client's circumstance with other professionals to ensure comprehensive and quality care for the client, consistent with the objectives in the client's treatment plan or for purposes of making adjustments to the client's treatment plan. Consultation may include history-taking; examination of the client; rendering an opinion concerning diagnosis or treatment; or offering service, assistance or advice.

"Professional conduct" means behavior that adheres to the practice standards set out in rule 481—623.3(148I).

"Unprofessional conduct" means unethical conduct, including but not limited to acts or behavior that is inconsistent with Iowa Code chapter 148I or any violations of this chapter.

[**ARC 8114C**, IAB 7/10/24, effective 6/19/24; Editorial change: IAC Supplement 6/11/25]

481—623.2(148I) Licensure.

623.2(1) *Initial license.* An individual seeking initial licensure as a certified professional midwife (CPM) will submit the following:

a. A completed application for licensure.

b. Payment of the application fee.

c. A dated copy of the applicant's current certification issued by the North American Registry of Midwives or its successor organization, including the applicant's education or midwifery bridge certificate in accordance with Iowa Code section 148I.2.

d. An official transcript or certificate denoting the date of high school graduation and diploma or equivalent.

e. A dated certificate of completion of mandatory reporter training.

f. A written plan in accordance with Iowa Code section 148I.4(1)*"g."*

g. Two completed fingerprint cards and a signed waiver form to facilitate a national criminal history background check.

h. If the applicant has a criminal history, a copy of all documents required by rule 481—617.11(272C).

623.2(2) *Renewal of license.* A CPM license may be renewed beginning 60 days prior to the license expiration date and ending 30 days after the license expiration date. To renew, a licensee shall submit the following:

a. A completed application for licensure.

b. Payment of the application fee.

c. A dated copy of the applicant's current certification issued by the North American Registry of Midwives or its successor organization.

d. Attestation of fulfillment of the continuing education and peer review requirements established by the North American Registry of Midwives or its successor organization.

e. Attestation of reporting client data to the department of health and human services by way of filing the paperwork required to obtain a birth certificate in accordance with Iowa Code section 148I.4(1)*"i."*

623.2(3) *Inactive status.* Failure to renew a CPM license within 30 days after its expiration will result in an inactive CPM license.

a. Continuing to work as a CPM with an inactive CPM license may result in disciplinary action.

b. To reactivate the license, the licensee must complete the license renewal process established in subrule 623.2(2).

623.2(4) *Fees.* The following fees apply to licensure for CPMs.

a. Application fee for an initial license is $81 for a period of licensure up to three years.

b. Evaluation fee of the fingerprint cards and the criminal history background check by the Federal Bureau of Investigation (FBI) and the state division of criminal investigation (DCI) is $50.

c. Fee for renewal of license to practice as a CPM is $81.

d. Fee for late renewal of a license to practice as a CPM is $50, plus the renewal fee.

e. Fee for reactivation of a license to practice as a CPM is $81 for any period of licensure up to three years.

f. All other fees are the same as defined in rule 481—617.1(148I).

623.2(5) *Exceptions to licensure.* Exceptions to licensure are established in Iowa Code section 148I.3.

[**ARC 8114C**, IAB 7/10/24, effective 6/19/24; Editorial change: IAC Supplement 6/11/25]

481—623.3(148I) Practice standards. A CPM shall practice within the legal boundaries for certified professional midwifery as set forth in Iowa Code chapter 148I, this chapter, and any other pertinent law or regulation. A licensed CPM shall:

623.3(1) Comply with the practice standards accepted by the North American Registry of Midwives as defined by the National Association of Certified Professional Midwives (NACPM) or its successor organization, as of February 1, 2024, found at nacpm.org.

623.3(2) Demonstrate professionalism and accountability in the practice of certified professional midwifery, including:

a. Demonstrating honesty and integrity in practice.

b. Basing decisions in practice on knowledge, judgment, skills, and the needs of clients.

c. Maintaining competence through completion of the continuing education requirements in subrule 623.2(2) and application of such education in practice.

d. Reporting to appropriate authorities instances of unsafe practice by a CPM.

e. Being accountable for judgments and individual actions as a CPM and competence, decisions, and behaviors in the practice of certified professional midwifery.

623.3(3) Maintain a record of, and provide to each client orally and by written consent form, all information and consents in accordance with Iowa Code section 148I.4(1)*"h."*

623.3(4) Comply with Iowa Code sections 136A.6 and 136A.5A.

623.3(5) File a birth certificate for each birth in accordance with Iowa Code section 148I.4.

623.3(6) Consult with a licensed physician or certified nurse midwife for high-risk pregnancies and births.

a. A CPM shall consult with a licensed physician or a certified nurse midwife providing obstetrical care whenever there are significant deviations, including but not limited to abnormal laboratory results, relative to a client's pregnancy or to a neonate. If a referral to a physician is needed, the CPM shall refer the client to a physician and, if possible, remain in consultation with the physician until resolution of the concern.

b. A CPM shall consult with a licensed physician or certified nurse midwife with regard to any mother who presents with or develops the following risk factors or presents with or develops other risk factors that in the judgment of the CPM warrant consultation:

(1) Antepartum.

1. Pregnancy-induced hypertension, as evidenced by a blood pressure of at least 140/90 on two occasions greater than six hours apart.
2. Persistent, severe headaches; epigastric pain; or visual disturbances.
3. Persistent symptoms of urinary tract infection.
4. Significant vaginal bleeding before the onset of labor not associated with uncomplicated spontaneous abortion.
5. Rupture of membranes prior to the thirty-seventh week of gestation.
6. Noted abnormal decrease in or cessation of fetal movement.
7. Anemia resistant to supplemental therapy.
8. Fever of 102°F or 39°C or greater for more than 24 hours.
9. Nonvertex presentation after 38 weeks of gestation.
10. Hyperemesis or significant dehydration.

11. Isoimmunization, Rh-negative sensitized, positive titers, or any other positive antibody titer that may have a detrimental effect on mother or fetus.
12. Elevated blood glucose level unresponsive to dietary management.
13. Positive HIV antibody test.
14. Primary genital herpes infection in pregnancy.
15. Symptoms of malnutrition, anorexia, protracted weight loss or failure to gain weight.
16. Suspected deep vein thrombosis.
17. Documented placental anomaly or previa.
18. Documented low-lying placenta in a woman with a history of previous cesarean delivery.
19. Labor prior to the thirty-seventh week of gestation.
20. History of prior uterine incision.
21. Lie other than vertex at term.
22. Known fetal anomalies that may be affected by the site of birth.
23. Marked abnormal fetal heart tones.
24. Abnormal nonstress test or abnormal biophysical profile.
25. Marked or severe polyhydramnios or oligohydramnios.
26. Evidence of intrauterine growth restriction.
27. Significant abnormal ultrasound findings.
28. Gestation beyond 42 weeks by reliable confirmed dates.

(2) Intrapartum.

1. Rise in blood pressure above baseline, more than 30/15 points or greater than 140/90.
2. Persistent, severe headaches; epigastric pain; or visual disturbances.
3. Significant proteinuria or ketonuria.
4. Fever over 100.6°F or 38°C in absence of environmental factors.
5. Ruptured membranes without onset of established labor after 18 hours.
6. Significant bleeding prior to delivery or any abnormal bleeding, with or without abdominal pain; or evidence of placental abruption.
7. Lie not compatible with spontaneous vaginal delivery or unstable fetal lie.
8. Failure to progress after five hours of active labor or following two hours of active second-stage labor.
9. Signs and symptoms of maternal infection.
10. Active genital herpes at onset of labor.
11. Fetal heart tones with nonreassuring patterns.
12. Signs or symptoms of fetal distress.
13. Thick meconium or frank bleeding with birth not imminent.
14. Client or CPM desires physician consultation or transfer.

(3) Postpartum.

1. Failure to void within six hours of birth.
2. Signs or symptoms of maternal shock.
3. Febrile: 102°F or 39°C and unresponsive to therapy for 12 hours.
4. Abnormal lochia or signs or symptoms of uterine sepsis.
5. Suspected deep vein thrombosis.
6. Signs of clinically significant depression.

c. A CPM shall consult with a licensed physician or certified nurse midwife with regard to any neonate who is born with or develops the following risk factors:

(1) Apgar score of six or less at five minutes without significant improvement by ten minutes.
(2) Persistent grunting respirations or retractions.
(3) Persistent cardiac irregularities.
(4) Persistent central cyanosis or pallor.
(5) Persistent lethargy or poor muscle tone.
(6) Abnormal cry.
(7) Birth weight less than 2,300 grams.

(8) Jitteriness or seizures.
(9) Jaundice occurring before 24 hours or outside of normal range.
(10) Failure to urinate within 24 hours of birth.
(11) Failure to pass meconium within 48 hours of birth.
(12) Edema.
(13) Prolonged temperature instability.
(14) Significant signs or symptoms of infection.
(15) Significant clinical evidence of glycemic instability.
(16) Abnormal, bulging, or depressed fontanel.
(17) Significant clinical evidence of prematurity.
(18) Medically significant congenital anomalies.
(19) Significant or suspected birth injury.
(20) Persistent inability to suck.
(21) Diminished consciousness.
(22) Clinically significant abnormalities in vital signs, muscle tone or behavior.
(23) Clinically significant color abnormality, cyanotic, or pale or abnormal perfusion.
(24) Abdominal distension or projectile vomiting.
(25) Signs of clinically significant dehydration or failure to thrive.

623.3(7) Not use forceps or a vacuum extractor in accordance with Iowa Code section 148I.4.

[**ARC 8114C**, IAB 7/10/24, effective 6/19/24; Editorial change: IAC Supplement 6/11/25]

481—623.4(148I) Delegation to another CPM. The CPM shall apply the delegation process when delegating to another CPM by:

623.4(1) Delegating only those midwifery tasks that fall within the delegate's scope of practice, education, experience, and competence.

623.4(2) Matching the client's needs and circumstances with the delegate's qualifications and resources.

623.4(3) Communicating directions and expectations for completion of the delegated activity and receiving confirmation of understanding of the communication from the delegate.

623.4(4) Monitoring performance, progress and outcomes and ensuring appropriate documentation is complete.

623.4(5) Evaluating client outcomes as a result of the delegation process.

623.4(6) Intervening when problems are identified and revising plan of care when needed.

623.4(7) Retaining accountability for properly implementing the delegation process.

623.4(8) Promoting a safe and therapeutic environment by:

a. Providing appropriate monitoring of the care environment.

b. Identifying unsafe care situations.

c. Correcting problems or referring problems to a physician as described in Iowa Code section 148.1 or advanced registered nurse practitioner as defined in Iowa Code section 152.1.

[**ARC 8114C**, IAB 7/10/24, effective 6/19/24; Editorial change: IAC Supplement 6/11/25]

481—623.5(148I) Testing and drugs.

623.5(1) A licensee may:

a. Obtain and administer drugs in accordance with Iowa Code section 148I.4.

b. Obtain and administer the following drugs approved by the board of nursing:

(1) Pyridoxine (vitamin B6) IM or IV for treatment of hyperemesis;

(2) Terbutaline for cord prolapse; and

(3) Nifedipine for eclampsia.

c. Request board approval to obtain and administer other drugs, not otherwise stated in Iowa Code section 148I.4(1)*"d,"* consistent with the practice of certified professional midwifery.

d. Obtain appropriate screening and testing for clients in accordance with Iowa Code section 148I.4(1)*"c."*

e. Administer prescription drugs prescribed by a licensed health care provider to a client in accordance with Iowa Code section 148I.4(1)*"e."*

623.5(2) A licensee who dispenses or administers controlled substances must adhere to 481—Chapter 553.

623.5(3) In addition to following the standards of practice for treating a client described in rule 481—623.3(148I), a licensee who administers a controlled substance shall practice in accordance with the following:

a. The client's health history will include a personal and family substance abuse risk assessment performed by a licensed prescribing health care provider or the documented rationale for not performing the assessment.

b. The client's health record must include documentation of the presence of one or more recognized indications for the use of a controlled substance.

c. A licensee who administers any controlled substance will maintain an active Drug Enforcement Administration (DEA) registration and active controlled substances Act (CSA) registration when required by the DEA and the board of pharmacy.

[**ARC 8114C**, IAB 7/10/24, effective 6/19/24; Editorial change: IAC Supplement 6/11/25]

481—623.6(148I) Discipline. A licensee may be disciplined for failure to comply with Iowa Code chapter 148I or this chapter or for any wrongful act or omission related to the licensee's practice, licensure, or professional conduct, including but not limited to the following:

623.6(1) In accordance with Iowa Code section 147.55(1), behavior that constitutes fraud in procuring a license that may include but need not be limited to the following:

a. Falsification of the application, certification, or records submitted to the board for licensure or license renewal as a CPM.

b. Fraud, misrepresentation, or deceit in taking the licensing examination or in obtaining a license as a CPM.

623.6(2) In accordance with Iowa Code section 147.55(2), professional incompetency that may include but need not be limited to the following:

a. Lack of knowledge, skill, or ability to discharge professional obligations within the scope of the practice of midwifery.

b. Deviation by the licensee from the standards of learning, education, or skill ordinarily possessed and applied by other CPMs in the state of Iowa acting in the same or similar circumstances.

c. Willful or repeated departure from or failure to form to the minimum standards of acceptable and prevailing practice of midwifery in the state of Iowa.

623.6(3) In accordance with Iowa Code section 147.55(3), behavior (i.e., acts, knowledge, and practices) that constitutes unethical conduct or practice harmful or detrimental to the public that may include but need not be limited to the following:

a. Engaging in practice contradictory to NACPM standards of practice.

b. Performing services beyond the authorized scope of practice for which the individual is licensed or prepared.

c. Allowing another person to use one's license for any purpose.

d. Failing to comply with any rule promulgated by the board related to minimum standards of care.

e. Improper delegation of services, functions or responsibilities.

f. Committing an act or omission that may adversely affect the physical or psychosocial welfare of the client.

g. Committing an act that causes physical, emotional, or financial injury to the client.

h. Violating the confidentiality or privacy rights of the client.

i. Discriminating against a client because of age, sex, race, ethnicity, national origin, creed, illness, disability, sexual orientation, or economic or social status.

j. Failing to assess, accurately document, evaluate, or report the status of a client when necessary.

k. Misappropriating or attempting to misappropriate medications, property, supplies, or equipment of the client.

l. Fraudulently or inappropriately using or permitting the use of prescriptions, obtaining or attempting to obtain prescription medications under false pretenses, or assisting others to obtain or attempt to obtain prescription medication under false pretenses.

m. Practicing midwifery while under the influence of alcohol, marijuana, or illicit drugs or while impaired by the use of pharmacological agents or medications, even if legitimately prescribed.

n. Being involved in the unauthorized manufacture or distribution of a controlled substance.

o. Being involved in the unauthorized possession or use of a controlled substance.

p. Engaging in behavior that is contradictory to professional decorum.

q. Failing to report suspected wrongful acts or omissions committed by the licensee of the board.

r. Failing to comply with an order of the board.

s. Administering drugs:

(1) In an unsafe manner.

(2) Without accurately documenting the drug or without assessing, evaluating, or instructing the patient or client.

(3) To individuals who are not clients.

t. Failing to properly safeguard or secure medications.

u. Failing to properly document or perform medication wastage.

623.6(4) In accordance with Iowa Code section 147.55(3), behavior (i.e., acts, knowledge, and practices) that constitutes unethical conduct or practice harmful or detrimental to the public that may include but need not be limited to the professional boundaries violations in paragraphs 623.6(4)*"a"* through *"e."* For purposes of this subrule, "client" includes the client and the client's family that are present with the client while the client is under the care of the licensee.

a. Sexual contact with a client, regardless of the client's consent.

b. Making lewd, suggestive, demeaning, or otherwise sexual comments, regardless of client consent.

c. Participating in, initiating, or attempting to initiate a sexual or emotional relationship with a client, regardless of client consent.

d. Soliciting, borrowing, or misappropriating money or property from a client, regardless of client consent.

e. Engaging in a sexual, emotional, social or business relationship with a former client when there is a risk of exploitation or harm to the client, regardless of client consent.

623.6(5) In accordance with Iowa Code section 147.55(4), habitual intoxication or addiction to the use of drugs that may include but need not be limited to the following:

a. Excessive use of alcohol that may impair a licensee's ability to practice the profession with reasonable skill and safety.

b. Excessive use of drugs that may impair a licensee's ability to practice the profession with reasonable skill and safety.

623.6(6) Being convicted of an offense that directly relates to the duties and responsibilities of the profession. A conviction includes a guilty plea, including Alford and nolo contendere pleas, or a finding or verdict of guilt, even if the adjudication of guilt is deferred, withheld, or not entered. An offense directly relates to the duties and responsibilities of the profession if the actions taken in furtherance of the offense are actions customarily performed within the scope of practice of the profession or if the circumstances under which the offense was committed are circumstances customary to the profession.

623.6(7) In accordance with Iowa Code section 147.55(5), fraud in representation as to skill or ability.

623.6(8) In accordance with Iowa Code section 147.55(6), use of untruthful or improbable statements in advertisements.

623.6(9) In accordance with Iowa Code section 147.55(7), willful or repeated violations of provisions of Iowa Code chapter 147, 148I, or 272C.

623.6(10) In accordance with Iowa Code section 147.55(10), other acts or offenses as specified by board rules, including the following:

a. Failing to provide written notification of a change of address to the board within 30 days of the event.

b. Failing to notify the board within 30 days from the date of the final decision in a disciplinary action taken by the licensing authority of another state, territory, or country.

c. Failing to notify the board of a criminal conviction within 30 days of the action, regardless of whether the judgment of conviction or sentence was deferred, and regardless of the jurisdiction where it occurred.

d. Failing to submit an additional completed fingerprint packet as required and the applicable fee, when a previous fingerprint submission has been determined to be unacceptable, within 30 days of a request made by board staff.

e. Failing to respond to the board during a board audit or submit verification of compliance with continuing education requirements or exceptions within the time period provided.

f. Failing to respond to the board during a board audit or submit verification of compliance with training in child or dependent adult abuse identification and reporting or exceptions within the time period provided.

g. Failing to respond to or comply with a board investigation or subpoena.

h. Engaging in behavior that is threatening or harassing to the board, board staff, or agents of the board.

623.6(11) In accordance with Iowa Code section 147.2 or 147.10:

a. Engaging in the practice of midwifery in Iowa prior to licensure.

b. Engaging in the practice of midwifery in Iowa on an inactive license.

[**ARC 8114C**, IAB 7/10/24, effective 6/19/24; Editorial change: IAC Supplement 6/11/25]

481—623.7(148I) Telehealth.

623.7(1) *Telehealth permitted.* A CPM may, in accordance with all applicable laws and rules, provide services to a client through telehealth.

623.7(2) *License required.* A CPM who provides services through telehealth to a client physically located in Iowa must be licensed by the board. A CPM who provides services through telehealth to a client physically located in another state shall be subject to the laws and jurisdiction of the state where the client is physically located.

623.7(3) *Standard of care.*

a. A CPM who provides services through telehealth shall be held to the same standard of care as is applicable to in-person settings. A CPM shall not perform any service via telehealth unless the same standard of care can be achieved as if the service were performed in person.

b. Prior to initiating contact with a client for the purpose of providing services to the client using telehealth, a CPM shall:

(1) Review the client's history and all relevant medical records; and

(2) Determine as to each unique client encounter whether the CPM will be able to provide the same standard of care using telehealth as would be provided if the services were provided in person.

623.7(4) *Scope of practice.* A CPM who provides services through telehealth must ensure the services provided are consistent with the CPM's scope of practice, education, training and experience.

623.7(5) *CPM-client relationship.*

a. Prior to providing services through telehealth, the CPM shall first establish a CPM-client relationship. A CPM-client relationship is established when:

(1) The client seeks assistance from the CPM;

(2) The CPM agrees to provide services; and

(3) The client agrees to be treated, or the client's legal guardian or legal representative agrees to the client being treated, by the CPM regardless of whether there has been a previous in-person encounter between the CPM and the client.

b. A CPM-client relationship can be established through an in-person encounter, consultation with another CPM or health care provider, or telehealth encounter.

c. Notwithstanding paragraphs 623.7(5)*"a"* and *"b,"* services may be provided through telehealth without first establishing a CPM-client relationship in the following settings or circumstances:

(1) In response to an emergency or disaster;

(2) Via informal consultations with another health care provider performed by a CPM outside of the context of a contractual relationship, or on an irregular or infrequent basis, without the expectation or exchange of direct or indirect compensation;

(3) A substitute CPM acting on behalf and at the designation of an absent CPM in the same specialty on an on-call or cross-coverage basis.

623.7(6) *Consent to telehealth.* Prior to providing services via telehealth, the CPM shall obtain consent from the client, or the client's legal guardian or legal representative, to receive services via telehealth.

623.7(7) *Technology.* A CPM providing services through telehealth shall utilize technology that is secure and compliant with the Health Insurance Portability and Accountability Act (HIPAA), as effective June 19, 2024. The technology must be of sufficient quality, size, resolution, and clarity such that the CPM can safely and effectively provide the telehealth services and abide by the applicable standard of care.

623.7(8) *Records.* A CPM who provides services through telehealth shall maintain a record of the care provided to the client. Such records shall comply with all applicable laws, rules, and standards of care for recordkeeping, confidentiality, and disclosure of a client's medical record.

623.7(9) *Follow-up care.* A CPM who provides services through telehealth shall refer a client for follow-up care when required by the standard of care.

[**ARC 8114C**, IAB 7/10/24, effective 6/19/24; Editorial change: IAC Supplement 6/11/25]

These rules are intended to implement Iowa Code chapter 148I.

[Filed Emergency After Notice ARC 8114C (Notice ARC 7935C, IAB 5/15/24), IAB 7/10/24, effective 6/19/24]

BOARD OF MEDICINE

CHAPTER 650
ADMINISTRATIVE AND REGULATORY AUTHORITY

[Prior to 5/4/88, see 470—135.1 through 135.10]
[Prior to 6/11/25, see Medicine Board[653] Ch 1]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/21/30

481—650.1(17A,147) Definitions. The following definitions are applicable to the rules of the board of medicine:

"Acupuncture" means a form of health care developed from traditional and modern oriental medical concepts that employs oriental medical diagnosis and treatment, and adjunctive therapies and diagnostic techniques, for the promotion, maintenance, and restoration of health and the prevention of disease.

"Acupuncturist" means a person licensed to practice acupuncture in this state.

"Alternate member" means a person who is qualified under Iowa Code section 148.2A to substitute for a board member who is disqualified or becomes unavailable for a contested case hearing. An alternate board member is deemed a member of the board only for the hearing panel(s) for which the alternate board member serves.

"Board" means the board of medicine of the state of Iowa.

"Department" means the Iowa department of inspections, appeals, and licensing.

"Director" means the director of the department.

"Disciplinary proceeding" means any proceeding under the authority of the board pursuant to which licensee discipline may be imposed.

"License" means a certificate issued to a person licensed to practice medicine and surgery, osteopathic medicine and surgery, or acupuncture under the laws of the state of Iowa.

"Licensee" means a person licensed to practice medicine and surgery, osteopathic medicine and surgery, or acupuncture under the laws of the state of Iowa.

"Licensee discipline" or *"discipline"* means any sanction the board may impose upon its licensees for conduct that threatens or denies citizens of this state a high standard of professional care.

"Malpractice" means any error or omission, unreasonable lack of skill, or failure to maintain a reasonable standard of care by a physician in the practice of the physician's profession.

"Medical practice Acts" refers to Iowa Code chapters 147 and 148.

"Order" means a requirement, procedure or standard of specific or limited application adopted by the board relating to any matter the board is authorized to act upon, including the professional conduct of licensees and the examination for licensure and licensure of any person under the laws of this state.

"Peer review" means evaluation of professional services rendered by a professional practitioner.

"Peer reviewer(s)" means one or more persons acting in a peer review capacity who have been appointed by the board for such purpose.

"Physician" means a person licensed to practice medicine and surgery or osteopathic medicine and surgery under the laws of this state.

"Practice of acupuncture" means the insertion of acupuncture needles and the application of moxibustion to specific areas of the human body based upon oriental medical diagnosis as a primary mode of therapy. Adjunctive therapies within the scope of acupuncture may include manual, mechanical, thermal, electrical, and electromagnetic treatment, and the recommendation of dietary guidelines and therapeutic exercise based on traditional oriental medical concepts.

"The practice of medicine and surgery" means holding one's self out as being able to diagnose, treat, operate or prescribe for any human disease, pain, injury, deformity or physical or mental condition and who shall either offer or undertake, by any means or methods, to diagnose, treat, operate or prescribe for any human disease, pain, injury, deformity or physical or mental condition. This rule shall not apply to licensed podiatrists, chiropractors, physical therapists, nurses, dentists, optometrists, acupuncturists, pharmacists, and other licensed health professionals who are exclusively engaged in the practice of their respective professions.

"Prescription drugs" means drugs, medicine and controlled substances that by law can only be prescribed for human use by persons authorized by law.

"Profession" means medicine and surgery, osteopathic medicine and surgery, or acupuncture.

"Respondent" means a licensee charged by the board in a complaint and statement of charges with violations of statutes or rules relating to the practice of medicine and surgery, osteopathic medicine and surgery, or acupuncture.

"Rule" means a regulation, requirement, procedure, or standard of general application prescribed by the board relating to either the administration or enforcement of Iowa Code chapters 147, 148, and 148E.

[**ARC 9109C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—650.2(17A) Purpose of board. The purpose of the board is to administer and enforce the provisions of Iowa Code chapters 147, 148, 148E, and 272C with regard to the practice of medicine and surgery, osteopathic medicine and surgery, and acupuncture.

[**ARC 9109C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—650.3(17A) Organization of board.

650.3(1) The board:

a. Makes policy relative to matters involving medical and acupuncture education, licensure, practice, and discipline.

b. Conducts business according to board-approved policy.

c. Elects a chairperson, vice chairperson and a secretary from its membership at the last regular board meeting prior to May 1 or at another date in April scheduled by the board.

d. Has the authority and powers conferred in Iowa Code chapters 17A, 147, 148 and 272C and may establish committees of the board, the members of which, except for the executive committee, shall be appointed by the board chairperson and shall not constitute a quorum of the board. The board chairperson shall appoint committee chairpersons. Committees of the board may include:

(1) Executive committee. The membership is composed of the elected officers of the board and two at-large members appointed by the chairperson. At least one public member is appointed to the executive committee. The executive committee duties may include but are not limited to:

1. Guidance and supervision of the executive director.
2. Budgetary review and recommendations to the board.
3. Review and recommendations to the board on rules and legislative proposals.
4. Study and recommendations to the board on practice issues and policy.

(2) Screening committee. The committee reviews complaints and makes recommendations to the board on appropriate action including further investigation or referral to the board for closure.

(3) Licensure committee. Its duties may include:

1. Recommending appropriate action on completed applications for licensure.
2. Conducting interviews with applicants when appropriate.
3. Reviewing licensure examination matters.
4. Reviewing and recommending to the board appropriate changes in licensure application forms.
5. Reviewing and making recommendations to the board regarding volunteer physician applicants who wish to participate in the state-indemnified volunteer physician program and who are under investigation or who have or have had disciplinary action against a license in the present or in the past.
6. Making recommendations on licensure policy issues.

(4) Monitoring committee. The committee oversees the monitoring of licensees under board orders and makes recommendations to the board on these matters.

e. Establishes, in accordance with Iowa Code section 148.2A, a pool of alternate board members.

650.3(2) A majority of the members of the board shall constitute a quorum. Official action, including filing of formal charges or imposition of discipline, requires a majority vote of members present.

[**ARC 9109C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—650.4(17A) Official communications. All official communications, including submissions and requests, should be addressed to the Executive Director, Iowa Board of Medicine, 6200 Park Avenue, Suite 100, Des Moines, Iowa 50321.
[**ARC 9109C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—650.5(17A) Office hours. The office of the board is open for public business from 8 a.m. to 4:30 p.m., Monday through Friday of each week, except holidays.
[**ARC 9109C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—650.6(17A) Meetings. The board shall meet at least six times per year. Dates and location of board meetings may be obtained from the board's office or on the board's website at dial.iowa.gov. Except as otherwise provided by statute, all board meetings are open, and the public is permitted to attend the meetings.
[**ARC 9109C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—650.7(17A,272C) Adoption of uniform and model rules. The board hereby adopts by reference the following:

1. Uniform Rules on Agency Procedure, 7—Chapters 2501 through 2505.
2. Military Service, Veteran Reciprocity, and Spouses of Active-Duty Service Members, 481—Chapter 7.
3. Licensing and Child Support Noncompliance, Student Loan Repayment Noncompliance, and Nonpayment of State Debt, 481—Chapter 8.
4. Model Rules for Use of Criminal Convictions in Eligibility Determinations and Initial Licensing Decisions, 481—Chapter 502.
5. Model Rules for Licensee Review Committee, 481—Chapter 505.
6. Model Rules for Contested Cases Before Licensing Boards, 481—Chapter 506.

CHAPTER 651
FEES

[Prior to 5/30/01, see Medical Examiners Board[653] Ch 11]
[Prior to 6/11/25, see Medicine Board[653] Ch 8]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/21/30

481—651.1(147,148,272C) Definitions.

"Board" means the Iowa board of medicine.

"Online transaction fee" means a fee of $7 assessed by the board for completing an online purchase. The online transaction fee is in addition to the actual service provided.

[**ARC 9111C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—651.2(147,148,272C) Application and licensure fees for acupuncturists.

651.2(1) The fees are as follows:

a. Initial application fee for licensure as an acupuncturist, $300.

b. Reactivation of application for licensure, $100.

c. Renewal fee for licensure as an acupuncturist, $300.

d. Fee for the evaluation of the fingerprint packet and the division of criminal investigation (DCI) and Federal Bureau of Investigation (FBI) criminal history background checks, $45.

e. Fee for reapplication of an acupuncture license, $400.

f. Penalty for failure to renew before expiration, $50.

651.2(2) Upon written request and payment of the designated fee, the board shall provide the following information about the status of an acupuncturist's license or acupuncturist's past registration:

a. Certified statement that verifies the status of licensure or past registration in Iowa that requires the board seal or a letter of good standing, $25.

b. Verification of the status of licensure or past registration in Iowa that does not require a certified statement or letter, $20.

[**ARC 9111C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—651.3(147,148,272C) Interstate medical licensure compact (IMLC) fees.

651.3(1) *Service fee for an application for an IMLC letter of qualification.* The service fee is paid directly to the interstate medical licensure compact commission. The interstate commission retains a portion of this service fee and remits a portion of this service fee to the board. The service fee paid to the interstate commission includes the $45 fee for the evaluation of the fingerprint packet and the criminal history background checks by the DCI and the FBI.

651.3(2) *Licensure fee for an Iowa license issued through the IMLC.* The licensure fee is paid directly to the interstate medical licensure compact commission. An applicant shall pay a licensure fee of $450 plus a service fee retained by the interstate commission.

651.3(3) *Licensure fee for renewal of active Iowa license issued through the IMLC.* The licensure fee is paid directly to the interstate medical licensure compact commission. The licensee shall pay the licensure fee described in subparagraph 651.4(1)*"c"*(1) plus a service fee retained by the interstate commission. If the license is not renewed prior to expiration, the licensee will incur a penalty as described in paragraph 651.4(1)*"d."*

[**ARC 9111C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—651.4(147,148,272C) Application and licensure fees to practice medicine and surgery or osteopathic medicine and surgery or administrative medicine.

651.4(1) Fees for permanent licensure.

a. Initial licensure, $450 plus the $45 fee for evaluation of the fingerprint packet and the criminal history background checks by the DCI and FBI.

b. Reactivation of application for licensure, $150.

c. Renewal of an active license to practice.

(1) $550 if renewal is made via paper application, or $450 if renewal is made via online application, per biennial period or a prorated portion thereof if the current license was issued for a period of less than 24 months.

(2) No renewal fee if a physician was on active duty in the U.S. armed forces, reserves or national guard during the renewal period. "Active duty" means full-time training or active service in the U.S. armed forces, reserves or national guard.

d. Penalty for failure to renew before expiration, $100 per calendar month after the expiration date of the license up to $200.

e. Placing a license on inactive status or allowing a license to become inactive, no fee.

f. Reactivation of a license to practice one year or more after becoming inactive, $500 plus the $45 fee for the evaluation of the fingerprint packet and the DCI and FBI criminal history background checks.

g. Reactivation of a license within one year of becoming inactive, $550 except when the license in the most recent license period had been granted for less than 24 months. In that case, the reinstatement fee is prorated according to the date of issuance and the physician's month and year of birth.

651.4(2) Fees for resident physician licensure.

a. Application for a resident physician license, $100 plus the $45 fee for the evaluation of the fingerprint packet and the DCI and FBI criminal history background checks.

b. Extension of a resident physician license, $25.

c. Late fee for extension of a resident physician license, $50, to be paid in addition to the extension fee.

651.4(3) Fees for special physician licensure.

a. Application for a special physician license, $300 plus the $45 fee for the evaluation of the fingerprint packet and the DCI and FBI criminal history background checks.

b. Renewal of a special physician license, $200.

651.4(4) Fees for temporary physician licensure.

a. Application for a temporary physician license, $100 plus the $45 fee for the evaluation of the fingerprint packet and the DCI and FBI criminal history background checks.

b. Renewal of a temporary physician license, $50.

651.4(5) Fee for photocopy of a licensure application, $20.

651.4(6) Fee for the evaluation of the fingerprint packet and the DCI and FBI criminal history background checks, $45.

[**ARC 9111C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—651.5(147,148,272C) Fees for verification of physician licensure and certification of examination scores.

651.5(1) *Verification fees.*

a. Physicians shall use VeriDoc to secure a certified statement that verifies Iowa licensure status for any state medical board that accepts VeriDoc. VeriDoc is accessible at www.veridoc.org. The fee for this service is $30.

b. A physician who needs a certified statement that verifies Iowa licensure status for a state medical board that does not accept verification from VeriDoc shall make a written request for a certified statement with payment of a $30 verification fee to the board of medicine. The board shall provide a certified statement that verifies Iowa licensure status to the nonaccepting state medical board.

c. The fee for verification of Iowa licensure status that does not require a certified statement or letter is $15.

d. The board provides an electronic verification service whereby users can input the licensee's license number to learn the licensee's current licensure status. There is no fee for this service. The board shall provide a license number for an individual caller to use in the automated telephone or electronic verification service. Businesses that utilize verifications will be required to utilize the automated telephone or electronic verification service or the alternative outlined in paragraph 651.5(1)*"c."*

651.5(2) *Fees for certification of physician examination scores.* Upon request and payment of the designated fee, the board may provide certification of scores of an examination given by the board in Iowa

as permitted under Iowa Code section 147.21 and 653—paragraph 2.13(2)*"f."* The scores available from the board are those from examinees who took the state-constructed examination.

a. Certified statement of grades attained by examination, $45.

b. Certified statement of grades attained by examination including examination history or additional documentation, $55.

[**ARC 9111C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—651.6(147,148,272C) Public records.

651.6(1) *Public records available at no cost.* The following records are available at no cost to the public:

a. Public action taken by the board against a licensee may be found under the licensee's name on the board's website under "Find A Physician." Public actions are posted on the board's website within approximately one week after the board has taken action.

b. Electronic files of press releases, statements of charges, final orders and consent agreements from each board meeting are available on the board's website.

651.6(2) *Purchase of public records.* Public records are available according to 7—Chapter 2505.

[**ARC 9111C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25; Editorial change: IAC Supplement 8/5/26]

481—651.7(147,148,272C) Licensee data list. A data list of all physicians and acupuncturists includes the following information about each licensee: full name, year of birth, work address and telephone number (or other contact information on file if licensee's work address and telephone number are not available), Iowa county (if applicable), medical school (if applicable), year of graduation from medical school (if applicable), two medical specialties (if available), license issue date, license expiration date, license number, license type, license status, and an indicator of whether the board has taken any public action on the license. There is no fee for an electronic file of this list. A printed copy of the data list is available for a fee.

[**ARC 9111C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—651.8(147,148,272C) Returned checks. The board will charge a fee of $25 for a check returned for any reason. If a license had been issued by the board office based on a check that is later returned by the bank, the board shall request payment by certified check or money order. If the fees are not paid within two weeks of notification of the returned check by certified mail, the licensee shall be subject to disciplinary action for noncompliance with board rules.

[**ARC 9111C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—651.9(147,148,272C) Copies of the laws and rules. Electronic copies of laws and rules pertaining to the practice of medicine or acupuncture are available at www.legis.iowa.gov at no cost. Printed copies of these laws and rules are available for a fee.

[**ARC 9111C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—651.10(147,148,272C) Refunds. Application and licensure fees will be collected by the board and are not refundable except by board action in unusual instances.

[**ARC 9111C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—651.11(17A,147,148,272C) Waiver prohibited. Licensure and examination fees in this chapter are not subject to waiver.

[**ARC 9111C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—651.12(8,147,148,272C) Monitoring fee. The board may require payment of up to $300 per quarter to cover the board's expenses to monitor a licensee's compliance with a settlement agreement or final decision and order.

[**ARC 9111C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—651.13(147,148,272C) Application and licensure fees for genetic counselors.

651.13(1) The fees are as follows:

a. Initial application fee for licensure, $200.

b. Reactivation of application for licensure, $100.

c. Renewal of an active license, $200.

d. Penalty for failure to renew before expiration, $50.

e. Fee for the evaluation of the fingerprint packet and the DCI and FBI criminal history background checks, $45.

f. Fee for reactivation of a license, $300.

651.13(2) Upon written request and payment of the designated fee, the board shall provide the following information about the status of a genetic counselor's license:

a. Certified statement that verifies the status of licensure in Iowa that requires the board seal or a letter of good standing, $25.

b. Verification of the status of licensure in Iowa that does not require a certified statement or letter, $20.

[**ARC 9111C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

These rules are intended to implement Iowa Code sections 147.11, 147.80, 148.3, 148.5, 148.10, and 148.11.

CHAPTER 652
PERMANENT AND ADMINISTRATIVE MEDICINE PHYSICIAN LICENSURE

[Prior to 5/30/01, see Medical Examiners Board[653] Ch 11]
[Prior to 6/11/25, see Medicine Board[653] Ch 9]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/21/30

481—652.1(147,148) Definitions.

"ABMS" means the American Board of Medical Specialties.

"ACGME" means the Accreditation Council for Graduate Medical Education.

"AMA" means the American Medical Association.

"Any jurisdiction" means any state, the District of Columbia or territory of the United States of America or any other nation.

"Any United States jurisdiction" means any state, the District of Columbia or territory of the United States of America.

"AOA" means the American Osteopathic Association.

"Applicant" means a person who seeks authorization to practice medicine and surgery, osteopathic medicine and surgery, or administrative medicine in this state by making application to the board, or a physician who seeks licensure through the IMLC.

"Approved abuse education training program" means a training program using a curriculum approved by the abuse education review panel of the department of health and human services or a training program offered by a hospital, a professional organization for physicians, the department of education, an area education agency, a school district, the Iowa law enforcement academy, an Iowa college or university, or a similar state agency.

"Board" means the board of medicine.

"Board-approved resident training program" means a hospital-affiliated graduate medical education program accredited by ACGME, AOA, RCPSC, or CFPC at the time the applicant is enrolled in the program.

"Candidate" means a person who applies to sit for an examination administered by the board or its designated testing service.

"Category 1 credit" means any formal education program that is sponsored or jointly sponsored by an organization accredited for continuing medical education by the Accreditation Council for Continuing Medical Education, the Iowa Medical Society, or the Council on Continuing Medical Education of AOA. Credits designated as formal cognates by the American College of Obstetricians and Gynecologists or as prescribed credits by the American Academy of Family Physicians are accepted as equivalent to category 1 credits.

"CFPC" means the College of Family Physicians of Canada.

"COCA" means the Commission on Osteopathic College Accreditation.

"COMLEX" means the Comprehensive Osteopathic Medical Licensing Examination.

"Committee" means the licensure committee of the board.

"COMVEX-USA" means the Comprehensive Osteopathic Medical Variable-Purpose Examination for the United States of America.

"Core credentials" means those documents that demonstrate the applicant's identity, medical training and practice history.

"Current, active status" means a license that is in effect and grants the privilege of practicing administrative medicine, medicine and surgery or osteopathic medicine and surgery, as applicable.

"ECFMG" means the Educational Commission for Foreign Medical Graduates.

"Expedited license" means a full and unrestricted medical license granted by a member state to an eligible physician through the process set forth in the IMLC.

"FCVS" means the Federation Credentials Verification Service.

"FLEX" means the Federation Licensing Examination.

"Foreign medical school," also known as an "international medical school," means a medical school that is located outside of any United States jurisdiction or Canada.

"FSMB" means the Federation of State Medical Boards.

"IMLC" means the Interstate Medical Licensure Compact enacted in Iowa Code chapter 147B.

"Inactive license" means any license that is not in current, active status.

"Incidentally called into this state in consultation with a physician and surgeon licensed in this state" as set forth in Iowa Code section 148.2(5) means all of the following shall be true:

1. The consulting physician shall be involved in the care of patients in Iowa only at the request of an Iowa-licensed physician.
2. The consulting physician has a license in good standing in another United States jurisdiction.
3. The consulting physician provides expertise and acts in an advisory capacity to an Iowa-licensed physician. The consulting physician may examine the patient and advise an Iowa-licensed physician as to the care that should be provided, but the consulting physician may not personally perform procedures, write orders, or prescribe for the patient.
4. The consulting physician practices in Iowa for a period not greater than 10 consecutive days and not more than 20 total days in any calendar year. Any portion of a day counts as one day.
5. The Iowa-licensed physician requesting the consultation retains the primary responsibility for the management of the patient's care.

"Initial license" means the first permanent or administrative medicine license granted to a qualified individual.

"International medical school," also known as a "foreign medical school," means a medical school that is located outside of any United States jurisdiction or Canada.

"Interstate commission" means the interstate commission created pursuant to Iowa Code chapter 147B.

"LCME" means Liaison Committee on Medical Education.

"LMCC" means enrollment in the Canadian Medical Register as Licentiate of Medical Council of Canada with a certificate of registration as proof.

"MCCEE" means the Medical Council of Canada Evaluating Examination.

"Medical degree" means a degree of doctor of medicine and surgery or osteopathic medicine and surgery or comparable education from a foreign medical school.

"National Practitioner Data Bank" is a national data bank of disciplinary actions taken against health professionals, including physicians.

"NBME" means the National Board of Medical Examiners.

"NBOME" means the National Board of Osteopathic Medical Examiners.

"Observer" means a person who is not enrolled in an LCME- or COCA-accredited medical school or osteopathic medical school, who observes care to patients in Iowa for a defined period of time and for a noncredit experience, and who is supervised and accompanied by an Iowa-licensed physician as defined in subrule 652.2(3). An observer shall not provide or direct hands-on patient care, regardless of the observer's level of training or supervision. The supervising physician may authorize an observer to read a chart, observe a patient interview or examination, or witness procedures, including surgery. An observer shall not chart; touch a patient as part of an examination; conduct an interview; order, prescribe or administer medications; make decisions that affect patient care; direct others in providing patient care; or conduct procedures, including surgery. Any of these activities requires licensure to practice in Iowa. An unlicensed physician observer or a medical student observer who is not enrolled in an LCME- or COCA-accredited medical school may touch a patient to verify a physical finding in the immediate presence of a physician but shall not conduct a more inclusive physical examination.

An unlicensed physician observer may:

1. Participate in discussions regarding the care of individual patients, including offering suggestions about diagnosis or treatment, provided the unlicensed physician observer does not direct the care; and
2. Elicit information from a patient provided the unlicensed physician observer does not actually perform a physical examination or otherwise touch the patient.

"Permanent licensure" means licensure granted after review of the application and core credentials to determine that the individual is qualified to enter into clinical practice.

"Practice" means the practice of medicine and surgery or osteopathic medicine and surgery.

"Primary source verification" means:

1. Verification of the authenticity of documents with the original source that issued the document.
2. Original source verification by another jurisdiction's physician licensing organization.
3. Original source verification by the FSMB's Federation Credentials Verification Service.

"RCPSC" means the Royal College of Physicians and Surgeons of Canada.

"Reactivation" means the process for returning an inactive license to current, active status.

"Relinquishment" means that a person's permanent license to practice medicine and surgery, osteopathic medicine and surgery, or administrative medicine is deemed abandoned if the person fails to renew or reactivate the license within five years after its expiration. A license that has been relinquished is no longer valid or renewable. Relinquishment is not disciplinary in nature.

"Resident physician" means a physician enrolled in an internship, residency or fellowship.

"Resident training program" means a hospital-affiliated graduate medical education program that enrolls interns, residents or fellows and may be referred to as a postgraduate training program for purposes of licensure.

"Service charge" means the amount charged for making a service available online and is in addition to the actual fee for a service itself.

"SPEX" means Special Licensure Examination prepared by the Federation of State Medical Boards and administered by a licensing authority in any jurisdiction.

"Terminated license" means a nondisciplinary process by which an Iowa license issued through the Interstate Medical Licensure Compact is no longer eligible for renewal. A compact license is terminated when a licensee no longer meets the IMLC qualifications. A terminated IMLC license may not be reinstated.

"Uniform application for physician state licensure" means a web-based application that is intended to standardize and simplify the licensure application process for state medical licensure.

"USMLE" means the United States Medical Licensing Examination.

[**ARC 9112C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—652.2(147,148) General licensure provisions.

652.2(1) *Licensure required.* Licensure is required for practice in Iowa as identified in Iowa Code section 148.1; the exceptions are identified in subrule 652.2(2).

652.2(2) *Licensure not required.* The following persons are not required to obtain a license to practice in Iowa:

a. Those persons described in Iowa Code section 148.2(1) through 148.2(5). A medical student or osteopathic medical student in an international medical school may not take on the role of a medical student in the patient care setting unless the student is enrolled in the University of Iowa's Carver College of Medicine or in Des Moines University's College of Osteopathic Medicine; however, an international medical student or graduate of an international medical school not enrolled at either of these institutions may be an observer as defined in rule 481—652.1(147,148).

b. Those persons who are incidentally called into this state in consultation with a physician or surgeon licensed in this state as described in Iowa Code section 148.2(5) and as defined in rule 481—652.1(147,148).

c. Physicians and surgeons who hold a current, active license in good standing in another United States jurisdiction and who come into Iowa on a temporary basis to aid disaster victims at the time of a disaster in accordance with Iowa Code section 29C.6.

d. Physicians and surgeons who hold a current, active license in good standing in another United States jurisdiction and who come to Iowa to participate in further medical education may participate in patient care under the request and supervision of the patient's Iowa-licensed physician in charge of the education. The Iowa-licensed physician shall retain the primary responsibility for management of the patient's care.

e. Physicians and surgeons who hold a current, active license in good standing in another United States jurisdiction and who come into Iowa to serve as expert witnesses as long as they do not provide treatment.

f. Physicians and surgeons from out of state who hold a current, active license in good standing in another United States jurisdiction and who accompany one or more individuals into Iowa for the purpose of providing medical care to these individuals on a short-term basis; e.g., a team physician for an out-of-state college football team that comes into Iowa for a game.

g. Physicians and surgeons who come to Iowa to observe patient care and who do not provide or direct hands-on patient care.

h. Visiting resident physicians who come to Iowa to practice as part of their resident training program if under the supervision of an Iowa-licensed physician. An Iowa physician license is not required of a physician in training if the physician has a resident or permanent license in good standing in the home state of the resident training program. An Iowa temporary license is required of a physician in training if the physician does not hold a resident or permanent physician license in good standing in the home state of the resident training program (more information can be found in rule 481—653.5(147,148)).

652.2(3) *Supervision of an observer.* An Iowa-licensed physician who supervises an observer shall accompany the observer and solicit consent from each patient, where feasible, for the observation. The physician shall inform the patient of the observer's background; e.g., a high school student considering a medical career or a medical graduate who is working on licensure. The supervising physician ensures that the observer remains within the scope of an observer as defined in rule 481—652.1(147,148).

[**ARC 9112C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25; Editorial change: IAC Supplement 8/5/26]

481—652.3(147,148) Eligibility for licensure.

652.3(1) *Requirements.* To be eligible for permanent or administrative medicine licensure, an applicant shall:

a. Fulfill the application requirements specified in rule 481—652.4(147,148).

b. Hold a medical degree from an educational institution approved by the board at the time the applicant graduated and was awarded the degree.

(1) Educational institutions approved by the board shall be fully accredited by an accrediting agency recognized by the board as schools of instruction in medicine and surgery or osteopathic medicine and surgery and empowered to grant academic degrees in medicine.

(2) The accrediting bodies currently recognized by the board are:

1. LCME for the educational institutions granting degrees in medicine and surgery; and
2. AOA for educational institutions granting degrees in osteopathic medicine and surgery.

(3) If the applicant holds a medical degree from an educational institution not approved by the board at the time the applicant graduated and was awarded the degree, the applicant shall meet one of the following requirements:

1. Hold a valid certificate issued by ECFMG;
2. Pass the MCCEE;
3. Have successfully completed a fifth pathway program established in accordance with AMA criteria;
4. Have successfully passed either a basic science examination administered by a United States or Canadian medical licensing authority or SPEX; and have successfully completed three years of resident training in a program approved by the board; and have submitted evidence of five years of active practice without restriction as a licensee of any United States or Canadian jurisdiction; or
5. Have successfully passed either a basic science examination administered by a United States or Canadian medical licensing authority or SPEX; and hold board certification by a specialty board approved by ABMS or AOA; and submit evidence of five years of active practice without restriction as a licensee of any United States or Canadian jurisdiction.

c. Have successfully completed one year of resident training in a hospital-affiliated program approved by the board at the time the applicant was enrolled in the program. An applicant who is a graduate of an international medical school must have successfully completed 24 months of such training.

(1) For those required to have 12 months of training, the program shall have been 12 months of progressive training in not more than two specialties and in not more than two programs approved for resident training by the board. For those required to have 24 months of training, the program shall have

been 24 continuous months of progressive training in not more than two specialties and in not more than two programs approved for resident training by the board.

(2) Resident training approved by the board must be accredited by an accrediting agency recognized by the board for the purpose of accrediting resident training programs.

(3) The board approves resident training programs accredited by:

1. ACGME;
2. AOA;
3. RCPSC; and
4. CFPC.

(4) The board may accept resident training that is not accredited as specified in subparagraph 652.3(1)*"c"*(3) on a case-by-case basis. In making this determination, the board may consider any relevant factors, including but not limited to the following:

1. The length of time the program has been in existence;
2. The location of the program;
3. The institution or organization that administers the program;
4. The reason that the program is not accredited; and
5. Whether the program is accredited or recognized by any agency other than those listed in subparagraph 652.3(1)*"c"*(3).

(5) The board may accept each 12 months of practice as a special licensee as equivalent to one year of resident training in a hospital-affiliated program approved by the board.

(6) The board may accept a current, active ABMS or AOA board certification obtained through an alternate pathway as equivalent to resident training in a hospital-affiliated program approved by the board. The alternate pathway must be a minimum of 24 months completed at an institution with a program approved by the board as specified in subparagraph 652.3(1)*"c"*(3).

d. Pass one of the licensure examinations or combinations as prescribed in rule 481—652.7(147,148).

652.3(2) *Exceptions to the eligibility requirements.*

a. A military service applicant or a veteran may apply for credit for verified military education, training, or service toward any experience or educational requirement for permanent licensure under this subrule or may be eligible for permanent licensure through reciprocity as specified in 481—Chapter 7.

b. A physician who holds a valid Letter of Qualification asserting eligibility for licensure through the IMLC is eligible for a permanent Iowa medical license.

[**ARC 9112C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—652.4(147,148) Licensure application.

652.4(1) *Requirements.* To apply for licensure, an applicant shall:

a. Pay a nonrefundable initial application fee and fee for the evaluation of the fingerprint packet and the criminal history background checks by the division of criminal investigation (DCI) and the Federal Bureau of Investigation (FBI) as specified in 481—paragraph 651.4(1)*"a"*; and

b. Complete and submit the application and forms provided by the board, including required core credentials, documents, a completed fingerprint packet, and a sworn statement by the applicant attesting to the truth of all information provided by the applicant that has been signed by the applicant in the physical presence of a notary public.

c. Pass one of the examinations as prescribed in rule 481—652.7(147,148) and authorize the testing authority to verify scores.

652.4(2) *Application.* The application shall require the following information:

a. Full legal name, date and place of birth, home address, mailing address, principal business address, and personal email address regularly used by the applicant or licensee for correspondence with the board.

b. A statement listing every jurisdiction in which the applicant is or has been authorized to practice, including license numbers and dates of issuance.

c. A chronology accounting for all time periods from the date the applicant entered medical school to the date of the application.

d. A certified statement of scores on any licensure examination required in rule 481—652.7(147,148) that the applicant has taken in any jurisdiction. An official FCVS Physician Information Profile that supplies this information for the applicant is a suitable alternative.

e. A photocopy of the applicant's medical degree issued by an educational institution.

(1) A complete translation of any diploma not written in English shall be submitted. An official transcript, written in English and received directly from the school, showing graduation from medical school is a suitable alternative.

(2) An official FCVS Physician Information Profile that supplies this information for the applicant is a suitable alternative.

(3) If a copy of the medical degree cannot be provided because of extraordinary circumstances, the board may accept other reliable evidence that the applicant obtained a medical degree from a specific educational institution.

f. A sworn statement from an official of the educational institution certifying the date the applicant received the medical degree and acknowledging what, if any, derogatory comments exist in the institution's record about the applicant. If a sworn statement from an official of the educational institution cannot be provided because of extraordinary circumstances, the board may accept other reliable evidence that the applicant obtained a medical degree from a specific educational institution.

g. An official transcript, or its equivalent, received directly from the school for every medical school attended if requested by the board. A complete translation of any transcript not written in English shall be submitted if requested by the board. An official FCVS Physician Information Profile that supplies this information for the applicant is a suitable alternative.

h. If the educational institution awarding the applicant the degree has not been approved by the board, a current ECFMG status report or evidence of successful completion of a fifth pathway program in accordance with criteria established by AMA. An official FCVS Physician Information Profile that supplies this information for the applicant is a suitable alternative.

i. Documentation of successful completion of resident training approved by the board as specified in paragraph 652.3(1)*"c."* An official FCVS Physician Information Profile that supplies this information for the applicant is a suitable alternative.

j. Verification of an applicant's hospital and clinical staff privileges and other professional experience for the past five years if requested by the board.

k. A statement disclosing and explaining any informal or nonpublic actions, warnings issued, investigations conducted, or disciplinary actions taken, whether by voluntary agreement or formal action, by a medical or professional regulatory authority, an educational institution, a training or research program, or a health facility in any jurisdiction.

l. A statement disclosing and explaining the applicant's involvement in civil litigation related to practice in any jurisdiction. Copies of the legal documents may be requested if needed during the review process.

m. A statement disclosing and explaining any charge of a misdemeanor or felony involving the applicant filed in any jurisdiction, whether or not any appeal or other proceeding to have the conviction or plea set aside is pending. Copies of the legal documents may be requested if needed during the review process.

n. A completed fingerprint packet to facilitate a national criminal history background check. The fee for the evaluation of the fingerprint packet and the DCI and FBI criminal history background checks will be assessed to the applicant.

[**ARC 9112C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—652.5(272C) Licensure by verification. Licensure by verification is available in accordance with the following:

652.5(1) *Eligibility.* A person may seek licensure by verification if the person is currently licensed as a physician in at least one other jurisdiction that has a scope of practice substantially similar to that of Iowa.

652.5(2) *Board application.* The applicant must submit the following:

a. A completed application for licensure by verification.

b. A nonrefundable initial application fee and fee for the evaluation of the fingerprint packet and the criminal history background checks by the DCI and the FBI as specified in 481—paragraph 651.4(1)*"a."*

c. A completed fingerprint packet to facilitate a criminal history background check by the DCI and FBI.

d. A verification form, completed by the licensing authority in the jurisdiction that issued the applicant's license, verifying that the applicant's license in that jurisdiction complies with the requirements of Iowa Code section 272C.12. The completed verification form must be sent directly from the licensing authority to the board.

e. Proof of passing an examination as required by rule 481—652.7(147,148).

f. A copy of the complete criminal record, if the applicant has a criminal history.

g. A copy of the relevant disciplinary documents, if another jurisdiction has taken disciplinary action against the applicant.

h. A written statement from the applicant detailing the scope of practice in the other state.

i. Copies of relevant laws setting forth the scope of practice in the other state.

652.5(3) *Applicants with prior discipline.* If another jurisdiction has taken disciplinary action against an applicant, the board will determine whether the cause for the disciplinary action has been corrected and the matter has been resolved. If the board determines the disciplinary matter has not been resolved, the board will neither issue a license nor deny the application for licensure until the matter is resolved. A person who has had a license revoked, or who has voluntarily surrendered a license, in another jurisdiction is ineligible for licensure by verification.

652.5(4) *Applicants with pending licensing complaints or investigations.* If an applicant is currently the subject of a complaint, allegation, or investigation relating to unprofessional conduct pending before any regulating entity in another jurisdiction, the board will neither issue a license nor deny the application for licensure until the complaint, allegation, or investigation is resolved.

652.5(5) *Temporary licenses.* Applicants who satisfy all requirements for a license under this section except for passing a required examination specific to the laws of this state may be issued a temporary license that is valid for a period of three months and may be renewed once for an additional period of three months. The applicant must submit proof of passing the required examination before the temporary license expires.

[**ARC 9112C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—652.6(147,148) Licensure examinations.

652.6(1) *USMLE.*

a. The USMLE is a multipart examination consisting of Step 1, Step 2, and Step 3. Steps 1 and 2 are administered by NBME and ECFMG. The board contracts with FSMB for the administration of Step 3.

b. Applications are available at Department of Examination Services, FSMB, 400 Fuller Wiser Road, Suite 300, Euless, Texas 76039, or www.fsmb.org.

c. Candidates who meet the following requirements are eligible to take USMLE Step 3:

(1) Submit a completed application form and pay the required examination fee as specified in rule 481—651.3(147,148,272C).

(2) Document successful completion of USMLE Steps 1 and 2 in accordance with the requirements of NBME. Graduates of a foreign medical school shall meet the requirements of ECFMG.

(3) Document holding a medical degree from a board-approved educational institution. If a candidate holds a medical degree from an educational institution not approved by the board at the time the applicant graduated and was awarded the degree, the candidate shall meet the requirements specified in subparagraph 652.3(1)*"b"*(3).

(4) Document successful completion of a minimum of seven calendar months of resident training in a program approved by the board at the time of the application for Step 3 or enrollment in a resident training program approved by the board at the time of the application for Step 3.

d. The following conditions apply to applicants for licensure in Iowa who utilize USMLE as the licensure examination:

(1) Passing Steps 1, 2, and 3 is required within a ten-year period beginning with the date of passing either Step 1 or Step 2, whichever occurred first. If the applicant did not pass Steps 1, 2, and 3 within the

required time frame, then the requirement will be satisfied by either proof of active board certification by the ABMS or AOA or proof the delay was caused by participation in a joint M.D./Ph.D. or D.O./Ph.D. program.

(2) Step 3 may be taken and passed only after Steps 1 and 2 are passed.

(3) A score of 75 or better on each step shall constitute a passing score on that step.

(4) Successful completion of a continuous, progressive three-year resident training program is required if the applicant passes the examination after more than six attempts on Step 1 or six attempts on Step 2 CK and Step 2 CS combined or three attempts on Step 3.

652.6(2) *NBME.* Successful completion of NBME Parts I, II and III with a passing score of 75 or better on each part is required for NBME certification.

652.6(3) *FLEX.*

a. (Old) FLEX is a three-day examination administered from 1968 to 1985. Applicants who took (Old) FLEX shall provide evidence of successful achievement of at least two of the following:

(1) Certification under seal that the applicant passed FLEX with a FLEX-weighted average of 75 percent or better, as determined by the state medical licensing authority, in no more than two sittings.

(2) Verification under seal of medical licensure in the state that administered the examination.

(3) Evidence of current certification by an American specialty board approved or recognized by the Council of Medical Education of AMA, ABMS, or AOA.

b. (New) FLEX is a three-day nationally standardized examination administered from 1985 to 1994. To be eligible for licensure, the candidate must have passed both components with a FLEX score of 75 or better within a seven-year period beginning with the date of initial examination.

652.6(4) *Combination examination sequences.* The board approved the following licensing combinations of examinations for licensure only if completed prior to January 1, 2000. These combinations are now only acceptable from an applicant who already holds a license from any United States jurisdiction.

a. FLEX Component I plus USMLE Step 3 with a passing score of 75 or better on each examination;

b. NBME Part I or USMLE Step 1 plus NBME Part II or USMLE Step 2 plus FLEX Component II with a passing score of 75 or better on each examination; or

c. NBME Part I or USMLE Step 1 plus NBME Part II or USMLE Step 2 plus NBME Part III or USMLE Step 3 with a passing score of 75 or better on each examination.

652.6(5) *COMLEX.* COMLEX is a three-level examination that replaced the three-part NBOME examination. All three examinations must be successfully completed in sequential order within ten years of the successful completion of COMLEX Level 1. If the applicant did not pass Levels 1, 2, and 3 within the required time frame, then the requirement will be satisfied by either proof of active board certification by the ABMS or AOA or proof the delay was caused by participation in a joint D.O./Ph.D. or M.D./Ph.D. program.

a. A standard score of 400 on Level 1 or Level 2 is required to pass the examination. A standard score of 350 on Level 3 is required to pass the examination.

b. A candidate shall have successfully completed a minimum of seven calendar months of resident training in a program approved by the board at the time of the application for Level 3 or enrollment in a resident training program approved by the board at the time of the application for Level 3.

c. Successful completion of a continuous, progressive three-year resident training program is required if the applicant passes the examination after more than six attempts on Level 1 or six attempts on Level 2 CE and Level 2 PF combined or three attempts on Level 3.

d. Each COMLEX level must be passed individually, and individual level scores shall not be averaged to compute an overall score.

e. Level 3 may be taken and passed only after Levels 1 and 2 are passed.

f. A failure of any COMLEX level, regardless of the jurisdiction for which it was taken, shall be considered a failure of that level for the purposes of Iowa licensure.

652.6(6) *NBOME.*

a. NBOME was a three-part examination. All three parts must have been successfully completed in sequential order within seven years of the successful completion of NBOME Part 1.

b. A passing score is required on each part of the examination.

c. A candidate shall have successfully completed a minimum of seven calendar months of resident training in a program approved by the board at the time of the application for NBOME Part 3. Candidates shall have completed their resident training by the last day of the month in which the examination was taken.

d. Successful completion of a three-year resident training program is required if the applicant passes the examination after more than six attempts on Part 1 or six attempts on Part 2 or three attempts on Part 3.

e. Each NBOME part must have been passed individually, and individual part scores shall not be averaged to compute an overall score.

f. Part 3 must have been taken and passed only after Parts 1 and 2 were passed.

g. A failure of any NBOME part, regardless of the jurisdiction for which it was taken, shall be considered a failure of that part for the purposes of Iowa licensure.

652.6(7) *LMCC.* The board accepts toward Iowa licensure a verification of a licensee's registration with the Medical Council of Canada, based on passing both parts of the Medical Council of Canada Qualifying Examination.

652.6(8) *State licensing examinations.* Licensing examinations administered by the board of medicine or another U.S. jurisdiction prior to 1974 are accepted if the examination was passed according to criteria established by that state at the time and led to licensure in that state.

[**ARC 9112C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—652.7(147,148) Permanent licensure application review process. The process below is utilized to review each application. Priority is be given to processing a licensure application when a written request is received in the board office from an applicant whose practice will primarily involve provision of services to underserved populations, including but not limited to persons who are minorities or low-income or who live in rural areas.

652.7(1) An application for initial licensure will be considered open from the date the application form is received in the board office with the nonrefundable initial licensure fee.

652.7(2) After reviewing each application, board staff will notify the applicant about how to resolve any problems. An applicant shall provide additional information when requested by staff or the board.

652.7(3) If the final review indicates no questions or concerns regarding the applicant's qualifications for licensure, staff may administratively grant the license. The staff may grant the license without having received a report on the applicant from the FBI.

652.7(4) If the final review indicates questions or concerns that cannot be remedied by continued communication with the physician, the executive director, director of licensure and director of legal affairs will determine if the questions or concerns indicate any uncertainty about the applicant's current qualifications for licensure.

a. If there is no current concern, staff will administratively grant the license.

b. If any concern exists, the application will be referred to the committee.

652.7(5) Staff will refer to the committee for review matters that include but are not limited to falsification of information on the application, criminal record, malpractice, substance abuse, competency, physical or mental illness, or professional disciplinary history.

652.7(6) If the committee is able to eliminate questions or concerns without dissension from staff or a committee member, the committee may direct staff to grant the license administratively.

652.7(7) If the committee is not able to eliminate questions or concerns without dissension from staff or a committee member, the committee will recommend that the board:

a. Request an investigation;

b. Request that the applicant appear for an interview;

c. If the physician has not engaged in active clinical practice or board-approved training in the past three years in any jurisdiction of the United States or Canada, require an applicant to:

(1) Successfully pass a competency evaluation approved by the board;

(2) Successfully pass SPEX, COMVEX-USA, or another examination approved by the board;

(3) Successfully complete a retraining program arranged by the physician and approved in advance by the board; or

(4) Successfully complete a reentry to practice program or monitoring program approved by the board.

d. Grant a license;

e. Grant a license under certain terms and conditions or with certain restrictions;

f. Request that the applicant withdraw the licensure application; or

g. Deny a license.

652.7(8) The board will consider applications and recommendations from the committee and will:

a. Request further investigation;

b. Require that the applicant appear for an interview;

c. If the physician has not engaged in active clinical practice or board-approved training in the past three years in any jurisdiction of the United States or Canada, require an applicant to:

(1) Successfully pass a competency evaluation approved by the board;

(2) Successfully pass SPEX, COMVEX-USA, or another examination approved by the board;

(3) Successfully complete a retraining program arranged by the physician and approved in advance by the board; or

(4) Successfully complete a reentry to practice program or monitoring program approved by the board.

d. Grant a license;

e. Grant a license under certain terms and conditions or with certain restrictions;

f. Request that the applicant withdraw the licensure application; or

g. Deny a license. The board may deny a license for any grounds on which the board may discipline a license. The procedure for appealing a license denial is set forth in rule 481—652.17(147,148).

[**ARC 9112C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—652.8(147,148) Licensure application cycle.

652.8(1) *Failure to submit application materials.* If the applicant does not submit all materials, including a completed fingerprint packet, within 90 days of the board's initial request for further information, the application will be considered inactive.

652.8(2) *Reactivation of the application.* To reactivate the application, an applicant shall submit a nonrefundable fee for reactivation of the application as specified in 481—paragraph 651.4(1)*"b"* within 30 days. If the application is not reactivated within 30 days, the application for licensure is withdrawn and the applicant must reapply and submit a new nonrefundable application fee and a new application, documents and core credentials.

652.8(3) *Period of reactivation.* The period for reactivation of application shall extend 90 days from the date the request and fee are received in the board office. During this period, the applicant shall update core credentials and submit the remaining requested materials. If the applicant does not update core credentials or submit all materials during the 90-day period of reactivation, the application for licensure is withdrawn and the applicant must reapply and submit a new nonrefundable application fee and a new application, documents and core credentials.

[**ARC 9112C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25; Editorial change: IAC Supplement 6/11/25]

481—652.9(147,148) Discretionary board actions on licensure applications. As circumstances warrant, the board may determine that any applicant for licensure is subject to the following:

652.9(1) The board may impose limits or restrictions on the practice of any applicant in this state that are equal in force to the limits or restrictions imposed on the applicant by any jurisdiction.

652.9(2) The board may defer final action on an application for licensure if there is an investigation or disciplinary action pending against an applicant in any jurisdiction until such time as the board is satisfied that licensure of the applicant poses no risk to the health and safety of Iowans.

652.9(3) The board is not precluded from taking disciplinary action after licensure is granted related to issues that arose in the licensure application process.

[**ARC 9112C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—652.10(147,148) Issuance of a license.

652.10(1) *Issuance.* Upon the granting of permanent or administrative medicine licensure, staff will issue a license to practice that will expire on the first day of the licensee's birth month.

a. Licenses of persons born in even-numbered years shall expire in an even-numbered year, and licenses of persons born in odd-numbered years shall expire in an odd-numbered year.

b. The license shall not be issued for a period less than two months or greater than two years and two months, in accordance with the licensee's month and year of birth.

c. When a resident physician receives a permanent Iowa license, the resident physician license will immediately become inactive.

d. When a physician with a special license receives a permanent Iowa license, the special license will immediately become inactive.

e. When a physician with a permanent Iowa license receives an Iowa administrative medicine license, the permanent Iowa license will immediately become inactive.

f. A physician with an active permanent Iowa license is ineligible for an Iowa resident license.

652.10(2) *Display of license certificate.* The license certificate shall be displayed in the licensee's primary location of practice.

[**ARC 9112C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—652.11(147,148) Notification required to change the board's data system.

652.11(1) *Change of contact information.* A licensee shall notify the board of any change in the home address, the address of the place of practice, home or practice telephone number, or personal email address regularly used by the applicant or licensee for correspondence with the board within one month of the change.

652.11(2) *Change of name.* A licensee shall notify the board of any change in name within one month of making the name change. Notification requires a notarized copy of a marriage license or a notarized copy of court documents.

652.11(3) *Deceased.* A licensee file shall be closed and labeled "deceased" when the board receives a copy of the physician's death certificate or other reliable information of the licensee's death.

652.11(4) *Practice name.* A licensee shall practice under the licensee's full legal name.

[**ARC 9112C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—652.12(147,148) Renewal of a permanent or administrative medicine license.

652.12(1) *Licensee obligation.* The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice does not relieve the licensee of responsibility for renewing that license.

652.12(2) *Renewal application requirements.* A licensee seeking renewal shall submit a completed renewal application; information on continuing education, training on chronic pain management, training on end-of-life care, and training on identifying and reporting abuse; and the required fee prior to the expiration date on the current license.

a. Renewal fee.

(1) The fees for renewal are specified in 481—subparagraph 651.4(1)*"c"*(1).

(2) There is no renewal fee due for a physician who was on active duty in the U.S. armed forces, reserves or national guard during the renewal period.

(3) A physician who fails to renew before the expiration of the license is charged a penalty fee as set forth in 481—paragraph 651.4(1)*"d."*

b. The requirements for continuing education and training on identifying and reporting abuse are found in 481—Chapter 654.

652.12(3) *Issuance of a renewal.* Upon receipt of the completed renewal application, staff will administratively issue a two-year license that expires on the first day of the licensee's birth month. In the event the board receives adverse information on the renewal application, the board will issue the renewal license but may refer the adverse information for further consideration.

652.12(4) *Failure to renew.* The license will become inactive and invalid if the licensee fails to renew a license within two months following its expiration date. A licensee whose license is invalid or inactive is prohibited from practice until the license is reactivated in accordance with rule 481—652.15(147,148).

652.12(5) *Display of license.* Renewal licenses shall be displayed along with the license certificate in the primary location of practice.

[**ARC 9112C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—652.13(147,148) Inactive status of a license.

652.13(1) *Definition of inactive status.* An inactive license is any license that is not a current, active license.

a. "Inactive status" may include licenses formerly known as delinquent, lapsed, or retired.

b. A physician whose license is inactive continues to hold the privilege of licensure in Iowa but may not practice medicine under an Iowa license until the license is reactivated to current, active status. A licensee who practices under an Iowa license when the license is inactive may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, or other available legal remedies.

652.13(2) *Mechanisms for becoming inactive.* A licensee seeking to become inactive may submit a written request to the board office, or a license may become inactive by failing to renew a license by the first day of the third month after the expiration date.

[**ARC 9112C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—652.14(147,148) Reactivation of an unrestricted Iowa license.

652.14(1) *Reactivation within one year of the license's becoming inactive.* An individual whose license is in inactive status for up to one year and who wishes to reinstate the license shall submit a completed renewal application; the reinstatement fee; documentation of continuing education; and, if applicable, documentation on training on chronic pain management, end-of-life care, and identifying and reporting abuse. All of the information shall be received in the board office within one year of the license's becoming inactive for the applicant to reinstate under this subrule.

a. Fee for reactivation of an unrestricted Iowa license within one year of the license's becoming inactive. The reactivation fee is specified in 481—paragraph 651.4(1)*"g."*

b. Continuing education and training requirements. Applicants for reactivation shall provide documentation of having completed:

(1) The number of hours of category 1 credit needed for renewal in the most recent license period. None of the credits obtained in the inactive period may be carried over to a future license period; and

(2) Training on chronic pain management, end-of-life care, and identifying and reporting abuse, if applicable, within the previous five years.

c. Issuance of a reactivated license. Upon receiving the completed application, staff will administratively issue a license that expires on the renewal date that would have been in effect if the licensee had renewed the license before the license expired.

d. Reinstatement application process. The applicant who fails to submit all reinstatement information required within 365 days of the license's becoming inactive shall be required to meet the reinstatement requirements of subrule 652.15(2). For example, if a physician's license expires on January 1, the completed reinstatement application is due in the board office by December 31, in order to meet the requirements of this subrule.

652.14(2) *Reactivation of an unrestricted Iowa license that has been inactive for one year or longer.* An individual whose license is in inactive status and who has not submitted a reactivation application that was received by the board within one year of the license's becoming inactive shall follow the application cycle specified in this rule and shall satisfy the following requirements for reactivation:

a. Submit an application for reactivation to the board. The application shall require the following information:

(1) Full legal name, date and place of birth, license number, home address, mailing address, principal business address, and personal email address regularly used by the applicant or licensee for correspondence with the board;

(2) A chronology accounting for all time periods from the date of initial licensure;

(3) Every jurisdiction in which the applicant is or has been authorized to practice including license numbers and dates of issuance;

(4) Documentation of successful completion of resident training approved by the board as specified in paragraph 652.3(1)*"c"* that was completed since the time of initial licensure. An official FCVS Physician Information Profile that supplies this information for the applicant is a suitable alternative;

(5) Verification of the applicant's hospital and clinical staff privileges, and other professional experience for the past five years if requested by the board;

(6) A statement disclosing and explaining any warnings issued, investigations conducted or disciplinary actions taken, whether by voluntary agreement or formal action, by a medical or professional regulatory authority, an educational institution, training or research program, or health facility in any jurisdiction;

(7) A statement disclosing and explaining the applicant's involvement in civil litigation related to practice in any jurisdiction. Copies of the legal documents may be requested if needed during the review process;

(8) A statement disclosing and explaining any charge of a misdemeanor or felony involving the applicant filed in any jurisdiction, whether or not any appeal or other proceeding is pending to have the conviction or plea set aside. Copies of the legal documents may be requested if needed during the review process; and

(9) A completed fingerprint packet to facilitate a national criminal history background check. The fee for the evaluation of the fingerprint packet and the DCI and FBI criminal history background checks will be assessed to the applicant.

b. Pay the reactivation fee plus the fee for the evaluation of the fingerprint packet and the DCI and FBI criminal history background checks specified in 481—paragraph 651.4(1)*"f."*

c. Provide documentation of completion of 40 hours of category 1 credit within the previous two years and documentation of training on chronic pain management, end-of-life care, and identifying and reporting abuse as specified in 481—Chapter 654.

d. If the physician has not engaged in active clinical practice or board-approved training in the past three years in any jurisdiction of the United States or Canada:

(1) Successfully pass a competency evaluation approved by the board;

(2) Successfully pass SPEX, COMVEX-USA, or another examination approved by the board;

(3) Successfully complete a retraining program arranged by the physician and approved in advance by the board; or

(4) Successfully complete a reentry to practice program or monitoring program approved by the board.

e. An individual who is able to submit a letter from the board with different reactivation criteria is eligible for reactivation based on those criteria.

[**ARC 9112C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—652.15(147,148) Reinstatement of a restricted Iowa license. A physician whose license has been suspended or revoked following a disciplinary proceeding is required to seek reinstatement pursuant to 481—Chapter 663.

[**ARC 9112C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—652.16(147,148) Relinquishment of license to practice. A person's permanent license to practice medicine and surgery, osteopathic medicine and surgery, or administrative medicine shall be deemed relinquished if the person fails to apply for renewal or reactivation of the license within five years after its expiration.

652.16(1) A license will not be reinstated, reissued, or restored once it is relinquished. The person may apply for a new license pursuant to Iowa Code sections 148.3 and 148.11 and 481—Chapters 652 and 653.

652.16(2) The relinquishment of license may be stayed if, at the date of relinquishment, there is an active:

a. Evaluation order pursuant to Iowa Code section 272C.9(1) and rule 481—662.4(272);

b. Combined statement of charges and settlement agreement pursuant to Iowa Code sections 17A.10(2) and 272C.3(4) and 481—subrule 506.35(1);

c. Statement of charges pursuant to Iowa Code section 17A.12(2) and rule 481—506.5(17A);

d. Settlement agreement pursuant to Iowa Code sections 17A.10(2) and 272C.3(4) and rule 481—506.33(17A,272C);

e. Final decision pursuant to Iowa Code sections 17A.12 and 272C.6 and rule 481—506.25(17A); or

f. Application for reactivation of the license pursuant to rule 481—652.15(147,148) or 481—652.16(147,148).

[**ARC 9112C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—652.17(147,148) Administrative medicine licensure.

652.17(1) *Application.* An application for an administrative medicine license shall be made to the board of medicine pursuant to the requirements established in Iowa Code section 148.3 and this chapter. An applicant for an administrative medicine license shall be subject to all of the permanent licensure requirements established in Iowa Code section 148.3 and this chapter, except that the applicant will not be required to demonstrate that the applicant has engaged in active clinical practice in the past three years as outlined in paragraphs 652.8(7)*"c"* and 652.15(2)*"d."*

The board may issue an administrative medicine license authorizing the licensee to practice administrative medicine only, as defined by this rule. The license shall be designated "administrative medicine license."

652.17(2) *Fees.* All license and renewal fees shall be paid to the board in accordance with 481—Chapters 651 and 652.

652.17(3) *Demonstration of competence.*

a. If an applicant for initial licensure or reactivation of an administrative medicine license has not actively practiced administrative or clinical medicine in a jurisdiction of the United States or Canada in the past three years, the board may require the applicant to demonstrate competence in a method prescribed by the board in accordance with paragraphs 652.8(7)*"c"* and 652.15(2)*"d."*

b. A physician who holds an administrative medicine license and has not engaged in active clinical practice in a jurisdiction of the United States or Canada for more than three years may be required to demonstrate competence to practice clinical medicine in a method prescribed by the board.

652.17(4) *No exemptions to laws and rules.* A physician with an administrative medicine license is subject to the same laws and rules governing the practice of medicine as a person holding a permanent Iowa medical license.

652.17(5) *Interstate medical licensure compact.* A physician who holds only an administrative medicine license may not be eligible for licensure under the interstate medical licensure compact.

[**ARC 9112C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—652.18(147,147B,148) Licensure through IMLC.

652.18(1) *Requirements for seeking a Letter of Qualification from the board of medicine.* An applicant shall meet all of the following requirements:

a. Designate Iowa as state of principal license. To designate Iowa as state of principal license, the physician must possess a full, unrestricted, permanent Iowa medical license and meet one of the following requirements at the time the application for a Letter of Qualification is reviewed by board staff:

(1) Iowa is the physician's primary residence, or

(2) At least 25 percent of the physician's medical practice occurs in Iowa, or

(3) The physician's employer is located in Iowa, or

(4) If the applicant does not meet any of the requirements under subparagraph 652.18(1)*"a"*(1), *"a"*(2), or *"a"*(3), the applicant can designate Iowa as the state of principal license if Iowa is the applicant's state of residence for the purposes of federal income tax.

b. Provide evidence of the following qualifications:

(1) Graduation from a medical school accredited by the LCME, COCA, or a medical school listed in the International Medical Education Directory or its equivalent.

(2) Passage of each component of the USMLE or the COMLEX within three attempts, or any of its predecessor examinations accepted by the board as an equivalent examination for licensure purposes as prescribed in rule 481—652.7(147,148).

(3) Successful completion of graduate medical education approved by the ACGME or the AOA. "Successful completion" means participation in an ACGME or AOA postgraduate training program that achieves ABMS or AOA board eligibility status.

(4) At the time of application, hold specialty certification or a time-unlimited specialty certificate recognized by the ABMS or the AOA. The specialty certification or a time-unlimited specialty certificate does not have to be maintained once a physician is determined to be eligible for licensure through the IMLC.

(5) Has never been convicted of or received adjudication, deferred adjudication, community supervision, or deferred disposition for any criminal offense by a court of appropriate jurisdiction.

(6) Has never held a license authorizing the practice of medicine subjected to discipline by a licensing agency in any state, federal, or foreign jurisdiction, excluding any action related to nonpayment of fees related to a license.

(7) Has never had a controlled substance license or permit suspended or revoked by a state or the U.S. Drug Enforcement Administration (DEA).

(8) Is not under active investigation by a licensing agency or law enforcement authority in any state, federal, or foreign jurisdiction.

652.18(2) *Application.* A physician seeking licensure through the IMLC who is qualified to designate Iowa as state of principal license shall file an application for a Letter of Qualification with the interstate commission at www.imlcc.org and pay the nonrefundable service fee. The application shall require the following:

652.18(3) *Letter of Qualification.*

a. After evaluation of the applicant's eligibility for licensure, the board will issue a Letter of Qualification to the applicant verifying or denying the applicant's eligibility. The applicant may appeal a determination of eligibility to the board of medicine within 30 days of issuance of the Letter of Qualification according to the processes outlined in rule 481—652.22(147,148).

b. The Letter of Qualification is valid for 365 days from its date of issuance to request licensure in a member state. The physician must maintain eligibility to claim Iowa as the state of principal license or designate a new state of principal license.

652.18(4) *Expedited licensure.* Physicians who have a valid Letter of Qualification may obtain licensure in Iowa through the IMLC. To obtain a permanent Iowa license through the IMLC, a qualified physician shall:

a. Complete the application process at the IMLC's website, www.imlcc.org.

b. Pay the licensure fee specified in 481—subrule 651.3(2) and any service fees that are required by the IMLC.

c. Comply with the continuing medical education requirements of the board, including mandatory trainings specified in 481—Chapter 654.

652.18(5) *Validity of a license issued through the IMLC.* A license issued through the IMLC is valid for a period consistent with other permanent licenses issued by the board. An Iowa license issued through the IMLC shall be deemed terminated if the licensee fails to maintain a state of principal license.

652.18(6) *Disciplinary actions against licenses issued through the IMLC.*

a. Physicians holding an Iowa license issued through the IMLC are subject to the laws and rules governing the practice of medicine in Iowa.

b. Any disciplinary action taken by another member board of the IMLC against a physician licensed through IMLC shall be deemed unprofessional conduct that may be subject to discipline by the board in addition to any other violation of the board's rules deemed appropriate by the board.

c. If a license issued through the IMLC to a physician is revoked, surrendered, or relinquished in lieu of discipline, or suspended by a member board of the IMLC, then the physician's Iowa expedited license is automatically and immediately suspended, without further action needed, for a period of 90 days upon entry of an order by the board. The 90-day suspension may be terminated early by the board.

d. Disciplinary actions by out-of-state boards can be considered conclusive regarding legal and factual matters. The home board may impose similar or lesser sanctions, as long as the sanctions comply with the board's laws, or pursue separate disciplinary action.

e. If the Iowa board, as the physician's state of principal license, revokes or suspends the physician's license, or accepts a license surrender in lieu of discipline, then all licenses issued to the physician through the IMLC shall automatically be placed, without further action necessary by any member board, on the same status. If the Iowa board subsequently reinstates the physician's license, the licenses issued by the other member boards shall remain encumbered until the member boards take action to reinstate the licenses.

652.18(7) *Renewal of license issued through the IMLC.* To be eligible for renewal of a license issued through the IMLC, a licensee shall:

a. Complete an online renewal application on a form provided by the IMLC at www.imlcc.org.

b. Complete an attestation that the licensee:

(1) Maintains eligibility to designate a state as the state of principal license, pursuant to paragraph 652.21(1)*"a"*;

(2) Maintains a full and unrestricted license in the designated state of principal license;

(3) Has not been convicted of or received adjudication, deferred adjudication, community supervision, or deferred disposition for any offense by a court of appropriate jurisdiction;

(4) Has not had a license authorizing the practice of medicine subject to discipline by a licensing agency in any state, federal or foreign jurisdiction, excluding any action related to nonpayment of fees related to a license;

(5) Has not had a controlled substance license or permit suspended or revoked by a state or the U.S. DEA.

c. Pay licensure fee for the renewal of a license issued through the IMLC and pay any service fee assessed by the IMLC.

d. If audited, submit verification of completion of continuing medical education requirements set forth in 481—Chapter 654.

652.18(8) *Waivers.* The laws and rules relating to the IMLC cannot be waived.

652.18(9) *Advisory opinions.* The board will recognize advisory opinions issued by the interstate commission on the meaning or interpretation of the IMLC, its bylaws, rules and actions when determining an applicant's eligibility for licensure through the IMLC.

[**ARC 9112C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—652.19(147,148) Denial of licensure, determination of ineligibility for licensure through the IMLC, or termination of a license issued through the IMLC.

652.19(1) *Preliminary notice of denial.* Prior to the denial of licensure to an applicant, the board shall issue a preliminary notice of denial that shall be sent to the applicant by regular, first-class mail at the address provided by the applicant. The preliminary notice of denial is a public record and shall cite the factual and legal basis for denying the application, notify the applicant of the appeal process, and specify the date upon which the denial will become final if it is not appealed.

652.19(2) *Appeal procedure.* An applicant who has received a preliminary notice of licensure denial or a Letter of Qualification that asserts the board has determined that the applicant is ineligible for licensure through the IMLC, or a notice that a medical license is ineligible for renewal through the IMLC, may appeal and request a hearing on the issues related to the preliminary notice of licensure denial or ineligibility for licensure or licensure renewal through the IMLC by serving a request for hearing upon the executive director not more than 30 calendar days following the date when the notice was mailed. The applicant's current address shall be provided in the request for hearing. The request is deemed filed on the date it is received in the board office. If the request is received with a USPS nonmetered postmark, the board shall consider the postmark date as the date the request is filed. The request shall specify the factual or legal errors and that the applicant desires an evidentiary hearing, and may provide additional written information or documents in support of licensure, or a Letter of Qualification that asserts the applicant is eligible for licensure through the IMLC, or the applicant is eligible for licensure renewal through the IMLC.

652.19(3) *Hearing.* If an applicant appeals the preliminary notice of licensure denial or a determination of ineligibility for licensure or licensure renewal through the IMLC and requests a hearing, the hearing shall be a contested case and subsequent proceedings shall be conducted in accordance with rule 481—506.32(17A,272C).

a. Hearings for applicants denied licensure, or determined to be ineligible for licensure or licensure renewal through the IMLC are contested cases open to the public.

b. Either party may request issuance of a protective order in the event privileged or confidential information is submitted into evidence.

c. Evidence supporting the denial of the license or the determination of ineligibility for licensure or licensure renewal through the IMLC may be presented by an assistant attorney general.

d. While each party shall have the burden of establishing the affirmative of matters asserted, the applicant shall have the ultimate burden of persuasion as to the applicant's qualification for licensure or licensure eligibility or licensure renewal through IMLC.

e. The board, after a hearing on license denial, may grant or deny the application for licensure. The board shall state the reasons for its decision and may grant the license, grant the license with restrictions or deny the license. The final decision is a public record. After a hearing on ineligibility for licensure renewal through the IMLC, the board may uphold the termination of the license or allow the licensee to renew. The board shall state the reasons for its decision, which is a public record. After a hearing on a Letter of Qualification determination, the board may uphold the ineligible determination or issue a Letter of Qualification asserting the applicant is eligible for licensure through the IMLC. The board shall state the reasons for its decision, which is a public record.

f. Judicial review of a final order of the board denying licensure, issuing a license with restrictions, terminating a license not eligible for renewal through the IMLC, or upholding a Letter of Qualification asserting that an applicant is ineligible for licensure through the IMLC may be sought in accordance with the provisions of Iowa Code section 17A.19, which are applicable to judicial review of any agency's final decision in a contested case.

652.19(4) *Finality.* If an applicant does not appeal a preliminary notice of denial in accordance with subrule 652.17(2), the preliminary notice of denial automatically becomes final. A final denial of an application for licensure is a public record.

652.19(5) *Failure to pursue appeal.* If an applicant appeals a preliminary notice of licensure denial or a notice of ineligibility for licensure or licensure renewal through the IMLC, in accordance with subrule 652.17(2), but the applicant fails to pursue that appeal to a final decision within one year from the date of the preliminary notice of licensure denial or a notice of ineligibility for licensure or licensure renewal through the IMLC, the board may dismiss the appeal. The appeal may be dismissed only after the board sends a written notice by first-class mail to the applicant at the applicant's last-known address. The notice shall state that the appeal will be dismissed and that the preliminary notice of licensure denial or a notice of ineligibility for licensure or licensure renewal through the IMLC will become final if the applicant does not contact the board to schedule the appeal hearing within 30 days of the date the letter is mailed from the board office. Upon dismissal of an appeal, the preliminary notice of licensure denial or a notice of ineligibility for licensure or licensure renewal through the IMLC becomes final. A final decision under this rule is a public record.

[**ARC 9112C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

These rules are intended to implement Iowa Code chapters 17A, 147, 147B, 148, and 272C.

CHAPTER 653
RESIDENT, SPECIAL AND TEMPORARY PHYSICIAN LICENSURE

[Prior to 5/30/01, see Medical Examiners Board[653] Ch 11]
[Prior to 6/11/25, see Medicine Board[653] Ch 10]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/21/30

481—653.1(147,148) Definitions.

"ABMS" means the American Board of Medical Specialties.

"ACGME" means the Accreditation Council for Graduate Medical Education.

"AMA" means the American Medical Association.

"Any jurisdiction" means any state, the District of Columbia or territory of the United States of America or any other nation.

"Any United States jurisdiction" means any state, the District of Columbia or territory of the United States of America.

"AOA" means the American Osteopathic Association.

"Applicant" means a person who seeks authorization to practice medicine and surgery or osteopathic medicine and surgery in this state by making application to the board.

"Approved abuse education training program" means a training program using a curriculum approved by the abuse education review panel of the department of health and human services or a training program offered by a hospital, a professional organization for physicians, the department of health and human services, the department of education, an area education agency, a school district, the Iowa law enforcement academy, an Iowa college or university, or a similar state agency.

"Board" means board of medicine.

"Board-approved activity" means one of the following activities:

1. Covering for an Iowa-licensed physician who unexpectedly is unavailable to provide medical care to the physician's patients;
2. Demonstrating or proctoring that involves providing hands-on patient care to patients in Iowa;
3. Conducting a procedure on a patient in Iowa when the consultant's expertise in the procedure is greater than that of the Iowa-licensed physician who requested the procedure;
4. Providing medical care to patients in Iowa, if the physician is enrolled in an out-of-state resident training program and does not hold a resident or permanent license in the home state of the resident training program;
5. Serving as a camp physician;
6. Participating as a learner in a program of further medical education that allows hands-on patient care when the physician does not currently hold a license in good standing in any United States jurisdiction; or
7. Any other activity approved by the board.

"Board-approved resident training program" means a hospital-affiliated graduate medical education program accredited by the ACGME, AOA, RCPSC, or CFPC at the time the applicant is enrolled in the program.

"Category 1 credit" means any formal education program that is sponsored or jointly sponsored by an organization accredited for continuing medical education by the Accreditation Council for Continuing Medical Education, the Iowa Medical Society, or the Council on Continuing Medical Education of AOA that is of sufficient scope and depth of coverage of a subject area or theme to form an educational unit and is planned, administered and evaluated in terms of educational objectives that define a level of knowledge or a specific performance skill to be attained by the physician completing the program. Credits designated as formal cognates by the American College of Obstetricians and Gynecologists or as prescribed credits by the American Academy of Family Physicians are accepted as equivalent to category 1 credits.

"CFPC" means the College of Family Physicians of Canada.

"Committee" means the licensure committee of the board.

"ECFMG" means the Educational Commission for Foreign Medical Graduates.

"FCVS" means the Federation Credentials Verification Service.

"FSMB" means the Federation of State Medical Boards.

"Incidentally called into this state in consultation with a physician and surgeon licensed in this state" as set forth in Iowa Code section 148.2(5) means all of the following shall be true:

1. The consulting physician shall be involved in the care of patients in Iowa only at the request of an Iowa-licensed physician.
2. The consulting physician has a license in good standing in another United States jurisdiction.
3. The consulting physician provides expertise and acts in an advisory capacity to an Iowa-licensed physician. The consulting physician may examine the patient and advise an Iowa-licensed physician as to the care that should be provided, but the consulting physician will not personally perform procedures, write orders, or prescribe for the patient.
4. The consulting physician practices in Iowa for a period not greater than 10 consecutive days and not more than 20 total days in any calendar year. Any portion of a day counts as one day.
5. The Iowa-licensed physician requesting the consultation retains the primary responsibility for the management of the patient's care.

"LCME" means Liaison Committee on Medical Education.

"Medical degree" means a degree of doctor of medicine and surgery or osteopathic medicine and surgery or comparable education from an international medical school.

"Permanent licensure" means licensure granted after review of the application and credentials to determine that the individual is qualified to enter into practice.

"Postgraduate training" means graduate medical education, e.g., an internship, residency or fellowship, in a hospital-affiliated training program approved by the board at the time the applicant was enrolled in the program.

"Practice" means the practice of medicine and surgery or osteopathic medicine and surgery.

"RCPSC" means the Royal College of Physicians and Surgeons of Canada.

"Resident physician" means a physician enrolled in an internship, residency or fellowship.

"Resident training program" means a hospital-affiliated graduate medical education program that enrolls interns, residents or fellows and may be referred to as a postgraduate training program for purposes of licensure.

"Service charge" means the amount charged for making a service available online and is in addition to the actual fee for a service itself. For example, one who renews a license online will pay the license renewal fee and a service charge.

"Training for chronic pain management" means required training on chronic pain management identified in 481—Chapter 654.

"Training for end-of-life care" means required training on end-of-life care identified in 481—Chapter 654.

"Training for identifying and reporting abuse" means training on identifying and reporting child abuse or dependent adult abuse required of physicians who regularly provide primary health care to children or adults, respectively.

"Uniform application for physician state licensure" means a web-based application that is intended to standardize and simplify the licensure application process for state medical licensure.

[**ARC 9113C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—653.2(148) Licensure required. Licensure is required for practice in Iowa as identified in Iowa Code section 148.1; the exceptions are identified in 481—subrule 652.2(2).

[**ARC 9113C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—653.3(147,148) Resident physician licensure.

653.3(1) *General provisions.*

a. The resident physician license authorizes the licensee to practice as an intern, resident or fellow while under the supervision of a licensed practitioner of medicine and surgery or osteopathic medicine and surgery in a board-approved resident training program in Iowa. When the ACGME, AOA, RCPSC, or CFPC fails to offer accreditation for a fellowship or the fellowship fails to seek accreditation, the board

will approve the program if the parent program is accredited by one of the aforementioned accrediting bodies. Completion of one or more years of a program that itself lacks such accreditation does not fulfill the one-year resident training requirement for permanent licensure.

b. An Iowa resident physician license or an Iowa permanent physician license is required of any resident physician enrolled in an Iowa resident training program and practicing in Iowa.

c. A resident physician license will expire on the expected date of completion of the resident training program as indicated on the licensure application.

d. A resident physician license is valid only for practice in the program designated in the application. When the physician leaves that program, the license will immediately become inactive. The director of the resident training program must notify the board within 30 days of the licensee's terminating from the program.

e. A resident physician licensee who changes resident training programs must apply for a new resident physician license as described in subrule 653.3(3). Such changes include a transfer to a different program in the same institution, a move to a program in another institution, or becoming a fellow after completing a residency in the same core program. An individual who contracts with an institution to be in two programs from the time of application for the resident license shall not be required to apply for another resident license for the second program.

f. A visiting resident physician may come to Iowa to practice as a part of the physician's resident training program if the physician is under the supervision of an Iowa-licensed physician. An Iowa physician license is not required of a physician in training if the physician has a resident or permanent license in good standing in the home state of the resident training program. An Iowa temporary physician license is required of a physician in training if the physician does not hold a resident or permanent physician license in good standing in the home state of the resident training program (more information can be found in rule 481—653.5(147,148)).

g. An Iowa license is not required for residents when they are training in a federal facility in Iowa. An Iowa license is not required for faculty who are teaching in and employed by a federal facility in Iowa and who are licensed in another state.

h. The director of a resident training program that enrolls a resident with an Iowa resident physician license shall report annually on October 1 on the resident's progress and whether any warnings have been issued, investigations conducted, or disciplinary actions taken, whether by voluntary agreement or formal action.

i. A resident physician licensee must notify the board of any change in name within one month of making the name change. Notification requires a notarized copy of a marriage license or a notarized copy of court documents.

j. A resident physician licensee's file shall be closed and labeled "deceased" when the board receives a copy of the physician's death certificate.

653.3(2) *Resident license eligibility.* To be eligible for a resident license, an applicant must meet all of the following requirements:

a. Fulfill the application requirements specified in subrule 653.3(3).

b. Be at least 20 years of age.

c. Hold a medical degree from an educational institution approved by the board at the time the applicant graduated and was awarded the degree.

(1) Educational institutions approved by the board must be fully accredited by an accrediting agency recognized by the board as schools of instruction in medicine and surgery or osteopathic medicine and surgery and empowered to grant academic degrees in medicine.

(2) The accrediting bodies currently recognized by the board are:

1. LCME for educational institutions granting degrees in medicine and surgery; and
2. AOA for educational institutions granting degrees in osteopathic medicine and surgery.

(3) If the applicant holds a medical degree from an educational institution not approved by the board at the time the applicant graduated and was awarded the degree, the applicant must:

1. Hold a valid certificate issued by ECFMG, or

2. Have successfully completed a fifth pathway program established in accordance with AMA criteria.

d. The applicant's license is not denied by the board due to the commission of a disqualifying offense, as provided in 481—subrule 652.3(3).

653.3(3) *Resident physician licensure application.*

a. Requirements. To apply for resident physician licensure, an applicant shall:

(1) Pay a nonrefundable initial application fee and fee for the evaluation of the fingerprint packet and the criminal history background checks by the division of criminal investigation (DCI) and the Federal Bureau of Investigation (FBI) as specified in 481—paragraph 651.4(2)*"a"*; and

(2) Complete and submit forms provided by the board, including required credentials, documents, a completed fingerprint packet, and a sworn statement by the applicant attesting to the truth of all information provided by the applicant.

b. Application. The application shall require the following information:

(1) Full legal name, date and place of birth, home address, and mailing address;

(2) A statement listing every jurisdiction in which the applicant is or has been authorized to practice, including license numbers and dates of issuance;

(3) A chronology accounting for all time periods from the date the applicant entered medical school to the date of the application;

(4) A photocopy of the applicant's medical degree issued by an educational institution.

1. A complete translation shall be submitted for any diploma not written in English. An official transcript, written in English and received directly from the school, verifying graduation from medical school is a suitable alternative. An official FCVS Physician Information Profile is a suitable alternative.

2. If a copy of the medical degree cannot be provided because of extraordinary circumstances, the board may accept other reliable evidence that the applicant obtained a medical degree from a specific educational institution;

(5) If the educational institution awarding the applicant the degree has not been approved by the board, the applicant shall provide a valid ECFMG certificate or evidence of successful completion of a fifth pathway program in accordance with criteria established by the AMA. An official FCVS Physician Information Profile is a suitable alternative;

(6) A statement disclosing and explaining any warnings issued, investigations conducted, or disciplinary actions taken, whether by voluntary agreement or formal action, by a medical or professional regulatory authority, an educational institution, training or research program, or health care facility in any jurisdiction;

(7) A statement disclosing and explaining the applicant's involvement in civil litigation related to practice in any jurisdiction. Copies of the legal documents may be requested if needed during the review process;

(8) A statement disclosing and explaining any charge of a misdemeanor or felony involving the applicant filed in any jurisdiction, whether or not any appeal or other proceeding is pending to have the conviction or plea set aside; and

(9) A completed fingerprint packet to facilitate a national criminal history background check. The fee for the evaluation of the fingerprint packet and the DCI and FBI criminal history background checks will be assessed to the applicant.

653.3(4) *Resident license application review process.* The process below shall be utilized to review each application for a resident license.

a. An application shall be considered open from the date the application form is received in the board office with the nonrefundable resident licensure fee.

b. After reviewing each application, staff shall notify the applicant or designee about how to resolve any problems identified by the reviewer.

c. If the final review indicates no questions or concerns regarding the applicant's qualifications for licensure, staff may grant administratively a resident license.

d. If the final review indicates questions or concerns that cannot be remedied by continued communication with the applicant, the executive director, director of licensure and administration, and

director of legal affairs shall determine if the questions or concerns indicate any uncertainty about the applicant's current qualifications for licensure.

(1) If there is no current concern, staff shall grant administratively a resident license.

(2) If any concern exists, the application shall be referred to the committee.

e. Staff shall refer to the committee for review matters that include but are not limited to falsification of information on the application, criminal record, substance abuse, competency, physical or mental illness, or educational disciplinary history.

f. If the committee is able to eliminate questions or concerns without dissension from staff or a committee member, the committee may direct staff to grant administratively a resident license.

g. If the committee is not able to eliminate questions or concerns without dissension from staff or a committee member, the committee shall recommend that the board:

(1) Request an investigation;

(2) Request that the applicant appear for an interview;

(3) Grant a resident physician license for a particular residency program;

(4) Grant a license under certain terms and conditions or with certain restrictions;

(5) Request that the applicant withdraw the licensure application; or

(6) Deny a license.

h. The board shall consider applications and recommendations from the committee and shall:

(1) Request an investigation;

(2) Request that the applicant appear for an interview;

(3) Grant a resident physician license for a particular residency program;

(4) Grant a license under certain terms and conditions or with certain restrictions;

(5) Request that the applicant withdraw the licensure application; or

(6) Deny a license. The board may deny a license for any grounds on which the board may discipline a license. The procedure for appealing a license denial is set forth in rule 481—652.15(147,148).

653.3(5) *Resident license application cycle.* If the applicant does not submit all materials within 90 days of the board's initial request for further information, the application shall be considered inactive. An applicant must reapply and submit a new nonrefundable application fee and a new application, documents and credentials.

653.3(6) *Extension of a resident physician license.*

a. If the licensee fails to complete the program by the expiration date on the license, the licensee has a one-month grace period in which to complete the program or secure an extension from the board.

b. The resident physician licensee must apply for an extension if the licensee has not been granted permanent physician licensure and the licensee will not complete the program within the grace period. The following extension application materials are due in the board office prior to the expiration of the license:

(1) A letter requesting an extension and providing an explanation of the need for an extension;

(2) The extension fee as specified in 481—paragraph 651.4(2)*"b"*; and

(3) A statement from the director of the resident training program attesting to the new expected date of completion of the program and the individual's progress in the program and whether any warnings have been issued, investigations conducted, or disciplinary actions taken, whether by voluntary agreement or formal action.

c. Failure of the licensee to extend a license within one month following the expiration date will cause the license to become inactive and invalid.

d. To extend an inactive resident license within one year of becoming inactive, an applicant shall submit the following:

(1) A letter requesting an extension and providing an explanation of the need for an extension;

(2) The extension fee as specified in 481—paragraph 651.4(2)*"b"*; and

(3) A late fee as specified in 481—paragraph 651.4(2)*"c"*; and

(4) A statement from the director of the resident training program attesting to the new expected date of completion of the program and the individual's progress in the program and whether any warnings have been issued, investigations conducted, or disciplinary actions taken, whether by voluntary agreement or formal action.

e. If more than one year has passed since the resident license became inactive, the applicant shall apply for a new resident license as described in subrule 653.3(3).

653.3(7) *Review process for extending a resident license.* The process below shall be utilized to review each request for an extension of a resident license.

a. An extension request shall be considered open from the date the required letters and nonrefundable extension fee are received in the board office.

b. After reviewing each request for extension, staff shall notify the licensee or designee about how to resolve any problems identified by the reviewer. The applicant for license extension shall provide additional information when requested by staff or the board.

c. If the final review indicates no questions or concerns regarding the applicant's qualifications for continued licensure, staff may grant administratively an extension to a resident license.

d. If the final review indicates questions or concerns that cannot be remedied by continued communication with the applicant, the executive director, the director of licensure and administration, and the director of legal affairs shall determine if the questions or concerns indicate any uncertainty about the applicant's current qualifications for licensure.

(1) If there is no current concern, staff shall grant administratively an extension to a resident license.

(2) If any concern exists, the application shall be referred to the committee.

e. Staff shall refer to the committee for review matters that include but are not limited to falsification of information in the request, criminal record, substance abuse, competency, physical or mental illness, or educational disciplinary history.

f. If the committee is able to eliminate questions or concerns without dissension from staff or a committee member, the committee may direct staff to grant administratively an extension to a resident license.

g. If the committee is not able to eliminate questions or concerns without dissension from staff or a committee member, the committee shall recommend that the board:

(1) Request an investigation;

(2) Request that the licensee appear for an interview;

(3) Grant a license under certain terms and conditions or with certain restrictions;

(4) Request that the licensee withdraw the request for an extension; or

(5) Deny a request for an extension of the license.

h. The board shall consider applications and recommendations from the committee and shall:

(1) Request an investigation;

(2) Request that the licensee appear for an interview;

(3) Grant an extension to the resident physician license;

(4) Grant an extension to the resident physician license under certain terms and conditions or with certain restrictions;

(5) Request that the licensee withdraw the request for an extension; or

(6) Deny a request for an extension of the license. The board may deny an extension of a license for any grounds on which the board may discipline a license. The procedure for appealing a license denial of an extension is set forth in rule 481—652.15(147,148).

653.3(8) *Discipline of a resident license.* The board may discipline a license for any of the grounds for which licensure may be revoked or suspended as specified in Iowa Code section 147.55 or 148.6, Iowa Code chapter 272C, and 481—Chapter 661.

653.3(9) *Transition from a resident license to a permanent license.* When a resident physician receives a permanent Iowa license, the resident physician license shall immediately become inactive.

[**ARC 9113C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—653.4(147,148) Special licensure.

653.4(1) *General provisions.*

a. The board may grant a special license to a physician who is an academic staff member of a college of medicine or osteopathic medicine if that physician does not meet the qualifications for permanent licensure but is held in high esteem for unique contributions the individual has made to medicine and will make by practicing in Iowa. The license is not designed for physicians in regular faculty positions that

could be filled by a physician qualified for permanent licensure in Iowa or for the purpose of training the physician who receives the license. The board will consider granting and renewing a special license on a case-by-case basis.

b. A special license may be issued for a period of not more than one year and may be renewed annually prior to expiration.

c. A special license will specifically limit the licensee to practice at the medical college and at any health care facility affiliated with the medical college.

d. A special license will automatically be placed on inactive status when the licensee discontinues service on the academic medical staff for which the special license was granted.

e. The board may cancel a special license if the licensee has practiced outside the scope of this license or for any of the grounds for which licensure may be revoked or suspended as specified in Iowa Code sections 147.55, 148.6, and 272C.10 and 481—Chapter 661. When cancellation of such a license is proposed, the board shall promptly notify the licensee by sending a statement of charges and notice of hearing by certified mail to the last-known address of the licensee. This contested case proceeding shall be governed by the provisions of 481—Chapter 506.

f. A special physician licensee must notify the board of any change in home address or the address of the place of practice within one month of making an address change.

g. A special physician licensee must notify the board of any change in name within one month of making the name change. Notification requires a notarized copy of a marriage license or a notarized copy of court documents.

h. A special physician licensee file will be closed and labeled "deceased" when the board receives a copy of the physician's death certificate.

i. The board may accept each 12 months of practice as a special licensee as equivalent to one year of postgraduate training in a hospital-affiliated program approved by the board for the purposes of permanent licensure.

653.4(2) *Special license eligibility.* To be eligible for a special license, an applicant shall meet all of the following requirements:

a. Fulfill the application requirements specified in subrule 653.4(3);

b. Be at least 21 years of age;

c. Be a physician in a medical specialty;

d. Present evidence of holding a medical degree from an educational institution that is located in a jurisdiction outside the United States or Canada and that is listed in the Directory of Medical Schools published by the International Medical Education Directory;

e. Have completed at least two years of postgraduate education in any jurisdiction;

f. Have practiced for five years after postgraduate education;

g. Demonstrate proficiency in English by providing a valid ECFMG certificate or verification of a passing score on the Test of Spoken English (TSE) or the Test of English as a Foreign Language (TOEFL) examination administered by the Educational Testing Service or verification of a passing score on the OET medicine test;

h. Be licensed in a jurisdiction outside the United States or Canada and present evidence that any licenses held in any jurisdiction are unrestricted; and

i. The applicant's license is not denied by the board due to the commission of a disqualifying offense, as provided in 481—subrule 652.3(3).

653.4(3) *Special license application.*

a. Requirements. To apply for a special license, an applicant must:

(1) Pay a nonrefundable special license fee and a fee for the evaluation of the fingerprint packet and the criminal history background checks by the DCI and the FBI as specified in 481—paragraph 651.4(3) *"a"*;

(2) Complete and submit forms provided by the board, including required credentials, documents, a completed fingerprint packet, and a sworn statement by the applicant attesting to the truth of all information provided by the applicant;

(3) Provide verification of successful completion of a medical degree;

(4) Provide a valid ECFMG certificate or verification of a passing score on the TSE or TOEFL examination administered by the Educational Testing Service or verification of a passing score on the OET medicine test;

(5) Present a letter from the dean of the medical college in which the applicant will be practicing that indicates all of the following:

1. The applicant has been invited to serve on the academic staff of the medical school and in what capacity;

2. The applicant's qualifications and the unique contributions the applicant has made to the practice of medicine;

3. The unique contributions the applicant is expected to make by practicing in Iowa and how these contributions will serve the public interest of Iowans; and

(6) Present at least two letters of recommendation from universities, other educational institutions, or research facilities that indicate the applicant's noteworthy professional attainment.

b. Application. The application shall request the following information:

(1) Name, date and place of birth, home address, and mailing address;

(2) A statement listing every jurisdiction in which the applicant is or has been authorized to practice, including license numbers and dates of issuance;

(3) A chronology accounting for all time periods from the date the applicant entered medical school to the date of the application;

(4) A photocopy of the applicant's medical degree issued by an educational institution and a sworn statement from an official of the educational institution certifying the date the applicant received the medical degree and acknowledging what, if any, derogatory comments exist in the institution's record about the applicant. A complete translation of any diploma not written in English shall be submitted;

(5) A statement disclosing and explaining any warnings issued, investigations conducted, or disciplinary actions taken, whether by voluntary agreement or formal action, by a medical or professional regulatory authority, an educational institution, training or research program, or health facility in any jurisdiction;

(6) A statement disclosing and explaining the applicant's involvement in civil litigation related to practice in any jurisdiction. Copies of the legal documents may be requested if needed during the review process;

(7) A statement disclosing and explaining any charge of a misdemeanor or felony involving the applicant filed in any jurisdiction, whether or not any appeal or other proceeding is pending to have the conviction or plea set aside; and

(8) A completed fingerprint packet to facilitate a national criminal history background check. The fee for the evaluation of the fingerprint packet and the DCI and FBI criminal history background checks will be assessed to the applicant.

653.4(4) *Special license application review process.* The process below shall be utilized to review each application for a special license.

a. An application shall be considered open from the date the application form is received in the board office with the nonrefundable special licensure fee.

b. After reviewing each application, staff shall notify the applicant or the applicant's academic institution about how to resolve any problems identified by the reviewer. The applicant shall provide additional information when requested by staff or the board.

c. If the final review indicates no questions or concerns regarding the applicant's qualifications for licensure, staff may administratively grant a special license.

d. If the final review indicates questions or concerns that cannot be remedied by continued communication with the applicant, the executive director, director of licensure and administration, and director of legal affairs shall determine if the questions or concerns indicate any uncertainty about the applicant's current qualifications for licensure.

(1) If there is no current concern, staff shall administratively grant a special license.

(2) If any concern exists, the application shall be referred to the committee.

e. Staff shall refer to the committee for review matters that include but are not limited to falsification of information on the application, criminal record, substance abuse, questionable competency, physical or mental illness, or educational disciplinary history.

f. If the committee is able to eliminate questions or concerns without dissension from staff or a committee member, the committee may direct staff to grant administratively a special license.

g. If the committee is not able to eliminate questions or concerns without dissension from staff or a committee member, the committee shall recommend that the board:

(1) Request that the applicant appear for an interview;

(2) Grant a special license for practice at the medical college designated in the application;

(3) Grant a license under certain terms and conditions or with certain restrictions;

(4) Request that the applicant withdraw the licensure application; or

(5) Deny a license.

h. The board shall consider applications and recommendations from the committee and shall:

(1) Request that the applicant appear for an interview;

(2) Grant a special license for practice at the medical college designated in the application;

(3) Grant a license under certain terms and conditions or with certain restrictions;

(4) Request that the applicant withdraw the licensure application; or

(5) Deny a license. The board may deny a license for any grounds on which the board may discipline a license. The procedure for appealing a license denial is set forth in rule 481—652.15(147,148).

653.4(5) *Special license application cycle.* If the applicant does not submit all materials within 90 days of the board's initial request for further information, the application will be considered inactive. An applicant must reapply and submit a new nonrefundable application fee and a new application, documents and credentials.

653.4(6) *Renewal of a special license.*

a. If the special physician licensee has not qualified for and received a permanent license, the licensee must renew prior to expiration.

b. A special physician licensee may apply for a one-year renewal by submitting the following:

(1) A completed renewal application;

(2) The renewal fee as specified in 481—paragraph 651.4(3)*"b"*;

(3) Evidence of continuing education and training on chronic pain management, end-of-life care, and identifying and reporting abuse as specified in 481—Chapter 654; and

(4) A letter from the dean of the medical college that addresses the individual's unique contribution to the practice of medicine in Iowa, how the anticipated contribution will serve the public interest of Iowans, and the need for renewal of this license. For a licensee who received the initial special license prior to July 1, 2001, the only statement needed from the dean is verification of the academic appointment the licensee continues to hold.

c. Failure of the licensee to renew a license within one month of the expiration date will cause the license to become inactive. A licensee whose license is inactive is prohibited from practice until a new special license is granted according to subrules 653.4(3) and 653.4(4).

[**ARC 9113C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25; **ARC 0465D**, IAB 8/5/26, effective 9/9/26]

481—653.5(147,148) Temporary licensure. The board may issue a temporary license authorizing a physician to participate in a board-approved activity in Iowa. Temporary licensure is granted on a case-by-case basis and depends upon the applicant's education and training, experience and licensure status elsewhere and upon the intended use of the temporary license.

653.5(1) *General provisions.*

a. The temporary license to practice is intended for a physician to participate in a board-approved activity, as defined in rule 481—653.1(147,148), in Iowa that is short-term. Temporary licensure is not intended for locum tenens.

b. The license may be restricted to the board-approved activity, location(s) or time period of up to one year.

(1) A physician who is granted a temporary license for a board-approved activity may qualify for renewal of that license if the physician needs an extension of the license for the original purpose or to pursue more than one board-approved activity within a year.

(2) A physician who wishes to continue in a board-approved activity in Iowa for short intervals beyond one year is eligible for a temporary license each year after reapplying and qualifying on an annual basis.

c. A physician incidentally called into this state in consultation with a physician and surgeon licensed in this state, as defined in rule 481—653.1(147,148), is not required to obtain a temporary license in Iowa.

d. The board may take disciplinary action on a temporary license if the licensee has practiced outside the scope of the temporary license or for any of the grounds for which licensure may be revoked or suspended as specified in Iowa Code sections 147.55, 148.6, and 272C.10 and 481—Chapter 661. Contested case proceedings shall be governed by the provisions of 481—Chapter 506.

e. A physician who holds a temporary license must notify the board of any change in address within three days of making an address change.

f. A physician who holds a temporary license must notify the board of any change in name within one month of making the name change. Notification requires a notarized copy of a marriage license or a notarized copy of court documents.

g. The file of a physician who holds a temporary license will be closed and labeled "deceased" when the board receives a copy of the physician's death certificate.

653.5(2) *Temporary license eligibility.* To be eligible for a temporary license, an applicant must meet all of the following requirements:

a. Fulfill the requirements specified in subrules 653.5(3) and 653.5(4);

b. Be at least 21 years of age;

c. Hold a medical degree from an educational institution approved by the board (if the applicant is an international medical graduate, the educational institution must be listed in the International Medical Education Directory);

d. Hold a current active, unrestricted license to practice medicine issued by any jurisdiction;

e. Be fluent in the English language;

f. Present a letter justifying the need for temporary licensure from the organization or individual seeking the applicant's participation in a board-approved activity;

g. The applicant's license is not denied by the board due to the commission of a disqualifying offense, as provided in 481—subrule 652.3(3).

653.5(3) *Requirements for a temporary license.* To apply for a temporary license, an applicant must:

a. Pay a nonrefundable initial application fee and fee for the evaluation of the fingerprint packet and the criminal history background checks by the DCI and the FBI as specified in 481—paragraph 651.4(4)*"a."* A physician who is serving as a camp physician and who is not receiving payment other than expenses shall be exempt from the license application fee and the fee for the criminal history background check.

b. Complete and submit forms provided by the board, including required credentials, documents, a completed fingerprint packet and a sworn statement by the applicant attesting to the truth of all information provided by the applicant.

653.5(4) *Application.* The application shall require the following information:

a. The applicant's full legal name, date and place of birth, home address, mailing address and principal business address;

b. A statement listing every jurisdiction in which the applicant is or has been authorized to practice, including the applicant's license number and date of issuance of the license;

c. A chronology accounting for all time periods from the date the applicant entered medical school to the date of the application;

d. A statement by the applicant that discloses and explains any warnings issued, investigations conducted, or disciplinary actions taken, whether by voluntary agreement or formal action, by a medical or professional regulatory authority, an educational institution, training or research program, or health facility in any jurisdiction;

e. A statement disclosing and explaining the applicant's involvement in civil litigation related to practice in any jurisdiction. Copies of the legal documents may be requested if needed during the review process;

f. A statement disclosing and explaining any charge of a misdemeanor or felony involving the applicant, filed in any jurisdiction, whether or not any appeal or other proceeding is pending to have the conviction or plea set aside;

g. A statement from the applicant that justifies the need for a temporary license, including where the applicant intends to practice and the type of practice involved;

h. A letter from the Iowa organization or individual seeking the applicant's services that explains the need for the applicant's participation in the board-approved activity in Iowa, the time period involved, the scope of practice, and the exact location and facilities where the board-approved activity will occur;

i. For an international medical graduate who does not hold a license in good standing in any United States jurisdiction, a statement, which shall be submitted by the Iowa organization or individual offering the board-approved activity, identifying who the applicant's immediate supervisor will be;

j. For an international medical graduate who does not hold a license in good standing in any United States jurisdiction:

(1) Verification, which shall be submitted from the licensing authority of the country in which the physician is licensed, that the physician has a license in good standing;

(2) Evidence of fluency in the English language;

k. For a resident physician who does not hold a current, active resident or permanent license in the home state of the resident training program, a statement, which shall be submitted by the resident director or individual offering the board-approved activity, identifying who the applicant's immediate supervisor will be; and

l. A completed fingerprint packet to facilitate a national criminal history background check. The fee for the evaluation of the fingerprint packet and the DCI and FBI criminal history background checks will be assessed to the applicant.

653.5(5) *Standard application review process for a temporary license.* The standard review process shall be utilized to review each application for a temporary license, except that the process identified in subrule 653.5(6) shall be used for any international medical graduate who does not currently hold a license in good standing in any United States jurisdiction or for any physician who seeks temporary licensure for an activity not listed in paragraphs "1" through "6" of the definition of "board-approved activity" in rule 481—653.1(147,148). The standard application review process is as follows:

a. An application shall be considered open from the date the application form and the nonrefundable fees are received in the board office.

b. After reviewing each application, staff shall notify the applicant or designee about how to resolve any problems identified by the reviewer.

c. If the final review indicates no questions or concerns regarding the applicant's qualifications for temporary licensure or the need for a temporary licensee, staff may administratively grant a temporary license to the applicant for a specific activity, location(s) or specified duration based on the nature of the board-approved activity. The license shall not be granted for a period longer than one year.

d. If the final review indicates questions or concerns that cannot be remedied by continued communication with the applicant, then the executive director, the director of licensure and administration, and the director of legal affairs shall determine if the questions or concerns indicate any uncertainty about the applicant's current qualifications for temporary licensure or the organization's or requesting individual's need for a licensee with a temporary license.

(1) If there is no current concern, staff shall administratively grant a temporary license.

(2) If any concern exists, the application shall be referred to the committee.

e. Staff shall refer to the committee for review matters that include but are not limited to falsification of information on the application, criminal record, malpractice, substance abuse, competency, physical or mental illness, educational disciplinary history, or questionable need on the part of the organization.

f. If the committee is able to eliminate questions or concerns without dissension from staff or a committee member, the committee may direct staff to administratively grant a temporary license for a specific activity, location(s) or specified duration based on the nature of the board-approved activity.

g. If the committee is not able to eliminate questions or concerns without dissension from staff or a committee member, the committee shall recommend that the board:

(1) Grant a temporary license for a specific activity, location(s) or specified duration based on the nature of the board-approved activity;

(2) Grant a temporary license under certain terms and conditions or with certain restrictions;

(3) Deny a temporary license; or

(4) Request that the applicant withdraw the temporary licensure application.

h. The board shall consider applications and recommendations from the committee and shall:

(1) Grant a temporary license for a specific activity, location(s) or specified duration based on the nature of the board-approved activity;

(2) Grant a temporary license under certain terms and conditions or with certain restrictions;

(3) Request that the applicant withdraw the temporary licensure application. The request shall not imply that the applicant is ineligible for permanent licensure if that application process is pursued; or

(4) Deny a temporary license. The board may deny a temporary license for any grounds on which the board may discipline a license or for lack of need for a physician's services by the organization or individual. The procedure for appealing a license denial is set forth in rule 481—652.17(147,148).

653.5(6) *Application review process for applicants with certain exceptions.* This application process shall be used to review applications submitted by an international medical graduate who does not currently hold a license in good standing in any United States jurisdiction or by a physician seeking temporary licensure for an activity not listed in paragraphs "1" through "6" of the definition of "board-approved activity" in rule 481—653.1(147,148). Following is the application review process for applicants with exceptions:

a. An application shall be considered open from the date the application form and the nonrefundable fees are received in the board office.

b. After reviewing each application, staff shall notify the applicant or designee about how to resolve any problems identified by the reviewer.

c. If the final review indicates no questions or concerns regarding the applicant's qualifications for temporary licensure or the need for a temporary license, staff shall submit the application to the committee for review and recommendation to the board about whether to grant a temporary license to the physician and whether the license should be granted for a specific activity, location(s) or specified duration based on the nature of the board-approved activity.

d. The board shall consider applications and recommendations from the committee and shall:

(1) Grant a temporary license for a specific activity, location(s) or specified duration based on the nature of the board-approved activity;

(2) Grant a temporary license under certain terms and conditions or with certain restrictions;

(3) Request that the applicant withdraw the temporary licensure application. The request shall not imply that the applicant is ineligible for permanent licensure if that application process is pursued; or

(4) Deny a temporary license. The board may deny a temporary license for any grounds on which the board may discipline a license or for lack of need for a physician's services by the organization or individual. The procedure for appealing a license denial is set forth in rule 481—652.17(147,148).

653.5(7) *Temporary license application cycle.* If the applicant does not submit all materials within 90 days of the board's initial request for further information, the application will be considered inactive. An applicant whose application is inactive must reapply and submit new nonrefundable fees and a new application, documents and credentials if the applicant wishes to pursue temporary licensure.

653.5(8) *Renewal of a temporary license.*

a. To apply for renewal of a temporary license, the licensee shall submit the following:

(1) A request for renewal;

(2) The renewal fee as specified in 481—paragraph 651.4(4)*"b"*; and

(3) Written justification for the renewal from the organization or individual seeking the applicant.

b. Failure of the licensee to renew a license by the expiration date will cause the license to become inactive. The individual shall not practice in Iowa until securing a permanent medical license or until becoming eligible for a second temporary license.

[**ARC 9113C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—653.6(147,148,148J) Provisional licensure for foreign medical graduates.

653.6(1) *General provisions.*

a. The board may grant a provisional license to a foreign medical graduate who meets the qualifications provided in Iowa Code chapter 148J and these rules.

b. A provisional license may be issued for a period of not more than one year and may be renewed annually prior to expiration.

c. A provisional license will specifically limit the licensee to practice at the health care facility that provided the foreign medical graduate with the offer of employment as required by Iowa Code chapter 148J to qualify for this license.

d. The board may cancel a provisional license if the licensee has practiced outside the scope of this license, the licensee's employment is terminated with the health care facility who offered the licensee employment to qualify for the provisional license, or the licensee ceases to have an eligible immigration status for employment in the United States of America or for any of the grounds for which licensure may be revoked or suspended as specified in Iowa Code sections 147.55, 148.6, and 272C.10 and 481—Chapter 661. When cancellation of such license is proposed, the board will promptly notify the licensee by serving a statement of charges and notice of hearing upon the licensee pursuant to 481—Chapter 506. This contested case proceeding shall be governed by the provisions of 481—Chapter 506.

e. A provisional licensee must notify the board of any change in the licensee's home address or the address of the place of practice within one month of making an address change.

f. A provisional licensee must notify the board of any change in name within one month of making the name change. Notification requires a notarized copy of a marriage license or a notarized copy of court documents.

g. A provisional licensee file will be closed and labeled "deceased" when the board receives a copy of the physician's death certificate.

653.6(2) *Provisional license eligibility.* To be eligible for a provisional license, an applicant shall meet all of the following requirements:

a. Fulfill the application requirements specified in subrule 653.6(3);

b. Be at least 21 years of age;

c. Present evidence of holding a medical degree from an international medical program in good standing. This can be achieved in the following two ways:

(1) The international medical program the licensee successfully completed is approved by the ECFMG; or

(2) By presenting sufficient evidence to the board that the international medical program the applicant completed is substantially similar to the requirements of the LCME;

d. Be in good standing with and have no pending discipline before the licensing or regulatory institution in the foreign country;

e. Have practice in medicine and surgery or osteopathic medicine and surgery as a licensed physician for five years following the completion of a residency or substantially similar postgraduate medical training. The applicant can demonstrate the postgraduate medical training is substantially similar to a residency in the following two ways:

(1) The residency or postgraduate training is approved by the ACGME, AOA, RCPSC, or CFPC; or

(2) By presenting sufficient evidence to the board that the residency or postgraduate training is substantially similar to the requirements of one of the four agencies listed in subparagraph 653.6(2)*"e"*(1);

f. Demonstrate proficiency in English by providing a valid ECFMG certificate or verification of a passing score on the TSE or TOEFL examination administered by the Educational Testing Service or verification of a passing score on the OET medicine test;

g. Be licensed in a jurisdiction outside the United States or Canada and present evidence that any licenses held in any jurisdiction are unrestricted;

h. The applicant's license is not denied by the board due to the commission of a disqualifying offense, as provided in 481—subrule 652.3(3); and

i. Have a passing score in all steps of the USMLE.

653.6(3) *Provisional license application.*

a. Requirements. To apply for a provisional license, an applicant must:

(1) Pay a nonrefundable special license fee and a fee for the evaluation of the fingerprint packet and the criminal history background checks by the DCI and the FBI as specified in 481—paragraph 651.4(3) *"a"*;

(2) Complete and submit forms provided by the board, including required credentials, documents, a completed fingerprint packet, and a sworn statement by the applicant attesting to the truth of all the information provided by the applicant;

(3) Provide a sworn statement from the director or the director's designee of the medical licensing or regulatory institution in the individual's resident country that the applicant's license is in good standing and is not subject to any pending discipline;

(4) Provide a certified record from the national policy agency in the individual's resident country of a complete criminal history of the applicant;

(5) Provide verification of successful completion of a medical degree;

(6) Provide a valid ECFMG certificate or verification of a passing score on the TSE or TOEFL examination administered by the Educational Testing Service or verification of a passing score on the OET medicine test; and

(7) Provide a sworn statement and supporting documents from the health care facility offering employment to the provisional licensee applicant that the facility has had the applicant's immigration status reviewed by a licensed attorney of this jurisdiction and a determination was made that the applicant has proper immigration status for employment in the United States of America.

b. Application. The application shall request the following information:

(1) Name, date and place of birth, home address, and mailing address;

(2) A statement listing every jurisdiction in which the applicant is or has been authorized to practice, including license numbers and dates of issuance;

(3) A chronology accounting for all time periods from the date the applicant entered medical school to the date of the application;

(4) A photocopy of the applicant's medical degree issued by an educational institution and a sworn statement from an official of the educational institution certifying the date the applicant received the medical degree and acknowledging what, if any, derogatory comments exist in the institution's record about the applicant. A complete translation of any diploma not written in English shall be submitted;

(5) A statement disclosing and explaining any warnings issued, investigations conducted, or disciplinary actions taken, whether by voluntary agreement or formal action, by a medical or professional regulatory authority, educational institution, training or research program, or health facility in any jurisdiction;

(6) A statement disclosing and explaining the applicant's involvement in civil litigation related to practice in any jurisdiction. Copies of the legal documents may be requested if needed during the review process;

(7) A statement disclosing and explaining any charge of a misdemeanor or felony involving the applicant filed in any jurisdiction, whether or not any appeal or other proceeding is pending to have the conviction or plea set aside; and

(8) A completed fingerprint packet to facilitate a national criminal history background check. The fee for the evaluation of the fingerprint packet and the DCI and FBI criminal history background checks will be assessed to the applicant.

653.6(4) *Provisional license application review process.* The process below shall be utilized to review each application for a provisional license.

a. An application is considered open from the date the application form is received in the board office with the nonrefundable provisional licensure fee.

b. After reviewing each application, staff will notify the applicant or the health care facility offering the applicant employment about how to resolve any problems identified by the reviewer. The applicant shall provide additional information when requested by staff or the board.

c. If the final review indicates no questions or concerns regarding the applicant's qualifications for licensure, staff may administratively grant a provisional license.

d. If the final review indicates questions or concerns that cannot be remedied by continued communication with the applicant, the executive director, director of licensure and administration, and director of legal affairs will determine whether the questions or concerns indicate any uncertainty about the applicant's current qualifications for licensure.

(1) If there is no current concern, staff will administratively grant a provisional license.

(2) If any concern exists, the application will be referred to the committee.

e. Staff will refer to the committee for review matters that include but are not limited to falsification of information on the application, criminal record, substance abuse, questionable competency, physical or mental illness, or educational disciplinary history.

f. If the committee is able to eliminate questions or concerns without dissension from staff or a committee member, the committee may direct staff to administratively grant a provisional license.

g. If the committee is not able to eliminate questions or concerns without dissension from staff or a committee member, the committee will recommend that the board:

(1) Request that the applicant appear for an interview;

(2) Grant a provisional license;

(3) Grant a license under certain terms and conditions or with certain restrictions;

(4) Request that the applicant withdraw the licensure application; or

(5) Deny a license.

h. The board will consider applications and recommendations from the committee and:

(1) Request that the applicant appear for an interview;

(2) Grant a provisional license for practice at the medical college designated in the application;

(3) Grant a license under certain terms and conditions or with certain restrictions;

(4) Request that the applicant withdraw the licensure application; or

(5) Deny a license. The board may deny a license for any grounds on which the board may discipline a license. The procedure for appealing a license denial is set forth in rule 481—652.15(147,148).

653.6(5) *Provisional license application cycle.* If the applicant does not submit all materials within 90 days of the board's initial request for further information, the application will be considered inactive. An applicant must reapply and submit a new nonrefundable application fee and a new application, new documents and new credentials.

653.6(6) *Renewal of a provisional license.*

a. If the provisional licensee has not qualified for and received a permanent license, the licensee must renew prior to expiration.

b. A provisional licensee may apply for a one-year renewal by submitting the following:

(1) A completed renewal application;

(2) The renewal fee as specified in 481—paragraph 651.4(3)*"b"*;

(3) Evidence of continuing education and training on chronic pain management, end-of-life care, and identifying and reporting abuse as specified in 481—Chapter 654; and

(4) A letter from the chief medical officer for the health care facility employing the licensee that addresses the individual's fitness to the practice of medicine in Iowa, how the anticipated contribution will serve the public interest of Iowans, and the need for renewal of this license.

c. Failure of the licensee to renew a license within one month of the expiration date will cause the license to become inactive. A licensee whose license is inactive is prohibited from practice until a new provisional license is granted according to subrules 653.4(3) and 653.4(4).

653.6(7) *Conversion of a provisional license to a full license.*

a. After three consecutive years of holding a provisional license in good standing, the provisional licensee may apply to have the licensee's license converted to a full license to practice medicine and surgery or osteopathic medicine and surgery, provided the license has not been revoked pursuant to Iowa Code section 148J.2. The provisional licensee may alternatively elect to continue to renew the licensee's provisional license on a yearly basis.

b. The provisional licensee shall make application to the board for conversion of the licensee's provisional license using the application form provided by the board. The application shall include the following:

(1) A completed application;

(2) The renewal fee as specified in 481—paragraph 651.4(3)*"b"*;

(3) Evidence of continuing education and training on chronic pain management, end-of-life care, and identifying and reporting abuse as specified in 481—Chapter 654.

(4) A letter, submitted by the chief medical officer for the health care facility employing the licensee, that addresses the individual's fitness to practice medicine in Iowa, how the anticipated contribution will serve the public interest of Iowans, and the need for renewal of this license.

(5) An updated criminal background check as described in subrule 653.6(3).

(6) A statement disclosing and explaining any informal or nonpublic actions, warnings issued, investigations conducted, or disciplinary actions taken, whether by voluntary agreement or formal action, by a medical or professional regulatory authority, an educational institution, a training or research program, or a health facility in any jurisdiction.

(7) A statement disclosing and explaining the applicant's involvement in civil litigation related to the practice in any jurisdiction. Copies of the legal documents may be requested if needed during the review process.

(8) A statement disclosing and explaining any charge of a misdemeanor or felony involving the applicant filed in any jurisdiction, whether or not any appeal or other proceeding to have the conviction or plea set aside is pending. Copies of the legal documents may be requested if needed during the review process.

(9) The full legal name, date and place of birth, home address, mailing address, principal business address, and personal email address regularly used by the applicant or licensee for correspondence with the board.

(10) A statement listing every jurisdiction in which the applicant is or has been authorized to practice, including license numbers and dates of issuance.

CHAPTER 654
CONTINUING EDUCATION AND TRAINING REQUIREMENTS

[Prior to 5/4/88, see 470—135.101 through 135.110 and 470—135.501 through 135.512]
[Prior to 6/11/25, see Medicine Board[653] Ch 11]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/21/30

481—654.1(272C) Definitions.

"ABMS" means the American Board of Medical Specialties. The board recognizes specialty board certification by ABMS.

"Accredited provider" means an organization approved as a provider of category 1 credit by one of the following board-approved accrediting bodies: Accreditation Council for Continuing Medical Education, Iowa Medical Society, or the Council on Continuing Medical Education of the AOA.

"Active duty" means full-time training or active service in the U.S. armed forces, reserves or national guard.

"Active licensee" means any person licensed to practice medicine and surgery or osteopathic medicine and surgery in Iowa who has met all conditions of licensure and maintains a current license to practice in Iowa.

"AMA" means the American Medical Association.

"AOA" means the American Osteopathic Association.

"Approved abuse education training program" means a training program using a curriculum approved by the abuse education review panel of the department of health and human services or a training program offered by a hospital, a professional organization for physicians, the department of education, an area education agency, a school district, the Iowa law enforcement academy, an Iowa college or university, or a similar state agency.

"Approved program or credit" means any category 1 credit offered by an accredited provider or any other program or credit meeting the standards set forth in these rules.

"Board" means the board of medicine.

"Carryover" means hours of category 1 credit earned in excess of the required hours in a license period that may be applied to the continuing education requirement in the subsequent license period; carryover may not exceed 20 hours of category 1 credit per renewal cycle.

"Category 1 credit" means any formal education program that is sponsored by an accredited provider. Credits designated as formal cognates by the American College of Obstetricians and Gynecologists or as prescribed credits by the American Academy of Family Physicians are accepted as equivalent to category 1 credits.

"Committee" means the licensure committee of the board.

"COMVEX-USA" means the Comprehensive Osteopathic Medical Variable-Purpose Examination for the United States of America.

"Continuing education" means education that is acquired by a licensee in order to maintain or enhance skills and knowledge present at initial licensure or to develop relevant skills and knowledge.

"Hour of continuing education" means a clock hour spent by a licensee in actual attendance at or completion of an approved category 1 credit.

"Inactive license" means any license that is not a current, active license.

"Licensee" means any person licensed to practice medicine and surgery or osteopathic medicine and surgery in the state of Iowa.

"Opioid" means any FDA-approved product or active pharmaceutical ingredient classified as a controlled substance that produces an agonist effect on opioid receptors and is indicated or used for the treatment of pain.

"Service charge" means the amount charged for making a service available on line and is in addition to the actual fee for a service itself.

"SPEX" means Special Licensure Examination prepared by the Federation of State Medical Boards and administered by a licensing authority in any jurisdiction. The passing score on SPEX is 75.

"Training for identifying and reporting abuse" means training as described in Iowa Code section 232.69; the full requirements for reporting of dependent adult abuse and the training requirements are in Iowa Code section 235B.16.

[**ARC 9114C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—654.2(272C) Continuing education credit and alternatives.

654.2(1) Continuing education credit may be obtained by attending category 1 credits as defined in this chapter.

654.2(2) The board accepts the following as equivalent to 50 hours of category 1 credit: participation in an approved resident training program or board certification or recertification by an ABMS or AOA specialty board within the licensing period.

654.2(3) Each year, the board acknowledges up to ten hours of category 1 credits for physicians who served on the board or Iowa professional health committee, are actively serving alternate members, or performed peer reviews in the previous year. Recipients are notified by the board's executive director via mail in January.

[**ARC 9114C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—654.3(272C) Continuing education and training requirements for renewal or reactivation. A licensee shall meet the requirements in this rule to qualify for renewal of a permanent license, an administrative medicine license, or special license or to qualify for reactivation of a permanent license or an administrative medicine license.

654.3(1) *Continuing education and training requirements.*

a. Continuing education for permanent license or administrative medicine license renewal. Except as provided in these rules, a total of 40 hours of category 1 credit or board-approved equivalent is required for biennial renewal of a permanent license or an administrative medicine license. This may include up to 20 hours of carryover credit.

(1) To facilitate license renewal according to birth month, a licensee's first license may be issued for less than 24 months. The number of hours of category 1 credit required of a licensee whose license has been issued for less than 24 months shall be reduced on a pro-rata basis.

(2) A licensee desiring to obtain credit for carryover hours reports the carryover, not to exceed 20 hours of category 1 credit, on the renewal application.

b. Continuing education for special license renewal. A total of 20 hours of category 1 credit shall be required for annual renewal of a special license. No carryover hours are allowed.

c. Training for identifying and reporting child and dependent adult abuse for permanent or special license renewal. A licensee shall complete the training for identifying and reporting child and dependent adult abuse as part of a category 1 credit or an approved training program. The licensee may utilize category 1 credit received for this training during the license period in which the training occurred to meet continuing education requirements in paragraph 654.3(1)*"a."*

(1) Training to identify child abuse. A licensee who regularly provides primary health care to children in Iowa must complete at least two hours of training provided by the department of health and human services pursuant to Iowa Code section 232.69(3)*"c"* in child abuse identification and reporting every three years. "A licensee who regularly provides primary health care to children" means all emergency physicians, family physicians, general practice physicians, pediatricians, and psychiatrists, and any other physician who regularly provides primary health care to children.

(2) Training to identify dependent adult abuse. A licensee who regularly provides primary health care to adults in Iowa must complete at least two hours of training provided by the department of health and human services pursuant to Iowa Code section 235B.16(5)*"c"* in dependent adult abuse identification and reporting every three years. "A licensee who regularly provides primary health care to adults" means all emergency physicians, family physicians, general practice physicians, internists, obstetricians, gynecologists, and psychiatrists and any other physician who regularly provides primary health care to adults.

d. Training for chronic pain management for permanent or special license renewal. The licensee shall complete the training for chronic pain management as part of a category 1 credit. The licensee may

utilize category 1 credit received for this training during the license period in which the training occurred to meet continuing education requirements in paragraph 654.3(1)*"a."*

(1) Licensees who prescribed opioids in the prior license period must complete two hours of category 1 credit on U.S. Centers for Disease Control and Prevention (CDC) guidelines for opioid prescribing every five years. The licensee may opt out of this requirement during license renewal if the licensee did not prescribe opioids in the previous cycle.

(2) A licensee who had a permanent or special license on January 1, 2019, has until January 1, 2024, to complete the chronic pain management training and shall then complete the training once every five years thereafter.

e. Training for end-of-life care for permanent or special license renewal. The licensee shall complete the training for end-of-life care as part of a category 1 credit. The licensee may utilize category 1 credit received for this training during the license period in which the training occurred to meet continuing education requirements in paragraph 654.3(1)*"a."*

(1) A licensee who regularly provides direct patient care to actively dying patients in Iowa must complete at least two hours of category 1 credit for end-of-life care every five years.

(2) A licensee who had a permanent or special license on January 1, 2019, has until January 1, 2024, to complete the end-of-life care training and shall then complete the training once every five years thereafter.

654.3(2) *Exemptions from renewal requirements.*

a. A licensee shall be exempt from the continuing education requirements in subrule 654.3(1) when, upon license renewal, the licensee provides evidence for:

(1) Periods that the licensee served honorably on active duty in the U.S. armed forces, reserves or national guard;

(2) Periods that the licensee practiced in another state or district and did not provide medical care, including telemedicine services, to patients located in Iowa if the other state or district had continuing education requirements for the profession and the licensee met all requirements of that state or district for practice therein;

(3) Periods that the licensee was a government employee working in the licensee's specialty and assigned to duty outside the United States; or

(4) Other periods of active practice and absence from the state approved by the board.

b. The requirements for training on chronic pain management and end-of-life care for license renewal shall be suspended for a licensee who provides evidence for:

(1) Periods described in subparagraph 654.3(2)*"a"*(1), *"a"*(2), *"a"*(3), or *"a"*(4); or

(2) Periods that the licensee resided outside of Iowa and did not practice in Iowa.

654.3(3) *Extension for completion of or exemption from renewal requirements.* The board may grant an extension of time for or an exemption from completion of the renewal requirements in subrule 11.3(1) in cases of physical disability or illness.

a. A licensee requesting an extension or exemption shall complete and submit a request to the board that sets forth the reasons for the request and has been signed by the licensee and attending physician.

b. The board may grant an extension of time to fulfill the requirements in subrule 654.3(1).

c. The board may grant an exemption from the educational requirements for any period of time not to exceed one calendar year.

d. If the physical disability or illness for which an extension or exemption was granted continues beyond the period of waiver, the licensee must reapply for a continuance of the extension or exemption.

e. The board may, as a condition of any extension or exemption granted, require the applicant to make up a portion of the continuing education requirement by methods it prescribes.

654.3(4) *Reactivation requirement.* An applicant for license reactivation whose license has been inactive for one year or more shall provide proof of successful completion of 40 hours of category 1 credit completed within 24 months prior to submission of the application for reactivation or proof of successful completion of SPEX or COMVEX-USA within one year immediately prior to the submission of the application for reinstatement.

654.3(5) *Cost of continuing education and training for renewal or reinstatement.* Each licensee is responsible for all costs of continuing education and training required in 481—Chapter 654.

654.3(6) *Documentation.* A licensee shall maintain documentation of the continuing education and training, including dates, subjects, duration of programs, and proof of participation.

654.3(7) *Audits.* The board may audit continuing education and training documentation at any time. A licensee shall respond to a board audit and provide all materials requested within 30 days of a request made by board staff.

654.3(8) *Grounds for discipline.* A licensee may be subject to disciplinary action for failure to comply with continuing education and training requirements in 481—Chapter 654.

[**ARC 9114C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—654.4(272C) Failure to fulfill requirements for continuing education and training for identifying and reporting abuse.

654.4(1) Disagreement over whether material submitted fulfills the requirements specified in rule 481—654.3(272C).

a. Staff will work with a licensee or applicant to resolve any discrepancy concerning credit for renewal or reinstatement.

b. When resolution is not possible, staff will refer the matter to the committee.

(1) In the matter of a licensee seeking license renewal, staff will renew the license if all other matters are in order and inform the licensee that the matter is being referred to the committee.

(2) In the matter of an applicant seeking reactivation, staff will reactivate the license if all other matters are in order and inform the applicant that the matter is being referred to the committee.

c. The committee considers the staff's recommendation for denial of credit for continuing education or training for identifying and reporting abuse, chronic pain management, and end-of-life care.

(1) If the committee approves the credit, it will authorize the staff to inform the licensee or applicant that the matter is resolved.

(2) If the committee disapproves the credit, it will refer the matter to the board with a recommendation for resolution.

d. The board will consider the committee's recommendations.

(1) If the board approves the credit, it will authorize the staff to notify the licensee or applicant for reinstatement if all other matters are in order.

(2) If the board denies the credit, it will:

1. Close the case;
2. Send the licensee or applicant an informal, nonpublic letter of warning or education; or
3. File a statement of charges for noncompliance with the board's rules on continuing education or training and for any other violations that may exist.

654.4(2) Informal appearance for failure to complete requirements for continuing education or training.

a. The licensee or applicant may, within ten days after the date that the notification of the denial was sent by certified mail, request an informal appearance before the board.

b. At the informal appearance, the licensee or applicant will have the opportunity to present information, and the board will issue a written decision.

[**ARC 9114C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

[1] Paragraph 11.4(1)“d” rescinded by 2018 Iowa Acts, House File 2377, section 23, effective 7/1/18.

CHAPTER 655
STANDARDS OF PRACTICE AND PRINCIPLES OF MEDICAL ETHICS

[Prior to 5/4/88, see 470—135.251 through 135.402]
[Prior to 6/11/25, see Medicine Board[653] Ch 13]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/21/30

481—655.1(148,272C) Standards of practice—packaging, labeling and records of prescription drugs dispensed by a physician.

655.1(1) A physician shall dispense a prescription drug only in a container that meets the requirements of the Poison Prevention Packaging Act of 1970, 15 U.S.C. Sections 1471-1476 (2001), unless otherwise requested by the patient, and of Section 502G of the Federal Food, Drug and Cosmetic Act, 21 U.S.C. Section 301 et seq. (2001).

655.1(2) A label affixed to a container in which a prescription drug is dispensed by a physician shall include:

a. The name and address of the physician.

b. The name of the patient.

c. The date dispensed.

d. The directions for administering the prescription drug and any cautionary statement deemed appropriate by the physician.

e. The name and strength of the prescription drug in the container.

655.1(3) The provisions of subrules 655.1(1) and 655.1(2) shall not apply to packaged drug samples.

655.1(4) Physicians must document all prescription drugs dispensed to patients, including required label information. Noting such information on the patient's chart or record maintained by the physician is sufficient.

[**ARC 9115C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—655.2(124,148,272C) Standards of practice—appropriate pain management.

655.2(1) *Standards.* This rule establishes standards of practice for the management of acute and chronic pain. The board encourages the use of nonopioid pharmacologic therapy and nonpharmacologic therapy.

a. This rule is intended to encourage appropriate pain management, including the use of opioids for the treatment of pain, while stressing the need to establish safeguards to minimize the potential for substance abuse and drug diversion.

b. The goal of pain management is to treat each patient's pain in relation to the patient's overall health. At the end of life, the goals may shift to palliative care.

c. Pain management is an important part of medical practice. Unmanaged or inappropriately treated pain impacts patients' quality of life, reduces patients' ability to be productive members of society, and increases patients' use of health care services.

d. Physicians treating pain with opioids in a manner consistent with appropriate pain management practices should not fear board action. Dosage is not the sole measure of determining whether a physician has complied with appropriate pain management practices. The board recognizes the complexity of treating patients with chronic pain or a substance abuse history. Generally, the board is concerned about a pattern of improper pain management or a single occurrence of willful or gross overtreatment or undertreatment of pain.

e. Inappropriate pain management is a departure from the acceptable standard of practice in Iowa and may be grounds for disciplinary action.

655.2(2) *Definitions.* For the purposes of this rule, the following terms are defined as follows:

"Acute pain" means the normal, predicted physiological response to a noxious chemical, thermal or mechanical stimulus and typically is associated with invasive procedures, trauma and disease. Generally, acute pain is self-limited, lasting no more than a few weeks following the initial stimulus.

"Addiction" means a primary, chronic, neurobiologic disease, with genetic, psychosocial, and environmental factors influencing its development and manifestations. It is characterized by behaviors

that include the following: impaired control over drug use, craving, compulsive use, and continued use despite harm. Physical dependence and tolerance are normal physiological consequences of extended opioid therapy for pain and are not the same as addiction.

"Chronic pain" means pain that lasts longer than three months or past the time of normal tissue healing.

"Pain" means an unpleasant sensory and emotional experience associated with actual or potential tissue damage or described in terms of such damage. Pain is an individual, multifactorial experience influenced by culture, previous pain events, beliefs, mood and ability to cope.

"Physical dependence" means a state of adaptation that is manifested by drug class-specific signs and symptoms that can be produced by abrupt cessation, rapid dose reduction, decreasing blood level of the drug, or administration of an antagonist. Physical dependence, by itself, does not equate with addiction.

"Pseudoaddiction" means an iatrogenic syndrome resulting from the misinterpretation of relief-seeking behaviors as though they are drug-seeking behaviors that are commonly seen with addiction. The relief-seeking behaviors resolve upon institution of effective analgesic therapy.

"Substance abuse" means the use of a drug, including alcohol, by the patient in an inappropriate manner that may cause harm to the patient or others, or the use of a drug for an indication other than that intended by the prescribing clinician. An abuser may or may not be physically dependent on or addicted to the drug.

"Tolerance" means a physiological state resulting from regular use of a drug in which an increased dosage is needed to produce a specific effect, or a reduced effect is observed with a constant dose over time. Tolerance may or may not be evident during opioid treatment and does not equate with addiction.

"Undertreatment of pain" means the failure to properly assess, treat and manage pain or the failure to appropriately document a sound rationale for not treating pain.

655.2(3) *Laws and regulations.* Nothing in this rule relieves a physician from fully complying with applicable federal and state laws and regulations.

655.2(4) *Undertreatment of pain.* The undertreatment of pain is a departure from the acceptable standard of practice in Iowa. Undertreatment may include a failure to recognize symptoms and signs of pain, a failure to treat pain within a reasonable amount of time, a failure to allow interventions, e.g., analgesia, to become effective before invasive steps are taken, a failure to address pain needs in patients with reduced cognitive status, a failure to use opioids for terminal pain due to the physician's concern with addicting the patient, or a failure to use an adequate level of pain management.

655.2(5) *Assessment and treatment of acute and chronic pain.* Appropriate assessment of the etiology of the pain is essential to the appropriate treatment of acute and chronic pain.

a. Prescribing opioids for the treatment of acute and chronic pain should only be accomplished within an established physician-patient relationship and should be based on clearly diagnosed and documented pain. Appropriate management of acute and chronic pain should include an assessment of the mechanism, type and intensity of pain. The patient's medical record should clearly document a medical history, a pain history, a clinical examination, a medical diagnosis and a treatment plan.

b. A physician who prescribes, dispenses or administers opioids to patients for the treatment of chronic pain should become familiar with the U.S. Centers for Disease Control and Prevention (CDC) Guideline for Prescribing Opioids for Chronic Pain published on March 15, 2016.

655.2(6) *Effective management of chronic pain.* To ensure that chronic pain is properly assessed and treated, a physician who prescribes, dispenses or administers opioids to a patient for the treatment of chronic pain shall exercise sound clinical judgment and establish an effective pain management plan in accordance with the following:

a. Patient evaluation. Prior to the patient starting treatment, a patient evaluation must be conducted that includes a physical examination, a comprehensive medical history, pain assessment, and examination of physical and psychological function. This evaluation should also cover diagnostic studies, past interventions, medication and substance abuse history, and any underlying conditions. Depending on the complexity of the case and the physician's expertise, consultation or referral to specialists in pain medicine, addiction medicine, or areas associated with the patient's pain may be necessary. Interdisciplinary evaluation is recommended.

b. Treatment plan. The physician must create a tailored treatment plan addressing the patient's individual needs, outlining treatment objectives such as pain relief or improved functioning, and indicating any planned diagnostic evaluations or treatments. The plan should include other treatment modalities and rehabilitation programs used. Short- and long-term pain relief needs should be considered, along with the patient's ability to request pain relief and the patient's setting. Whenever possible, opioids should be prescribed by one physician and filled at one pharmacy.

c. Informed consent. A discussion of the risks and benefits of opioids with the patient or person representing the patient must be documented.

d. Periodic review. The physician must regularly review the patient's drug treatment course and pain source. Drug therapy should be adjusted to meet individual patient needs, based on progress toward treatment plan objectives. If reviews show treatment plan objectives are not being met or indicate diversion or substance abuse patterns, the physician should reconsider drug therapy and explore other treatment options. Long-term opioid use may lead to tolerance and abnormal pain sensitivity, meaning increasing doses may not improve pain control or function.

e. Consultation/referral. A specialty consultation, including with a physician with expertise in addiction medicine or substance abuse counseling, may be considered if there is evidence of significant adverse effects, lack of response to the medication, diversion, or a pattern of substance abuse. The board encourages a multidisciplinary approach to chronic pain management.

f. Documentation. The physician shall keep accurate, timely, and complete records that detail compliance with this subrule, including patient evaluation, diagnostic studies, treatment modalities, treatment plan, informed consent, periodic review, consultation, and any other relevant information about the patient's condition and treatment.

g. Pain management agreements. Physicians treating chronic pain with opioids should consider implementing a pain management agreement with each patient outlining medication use rules and consequences for misuse. The decision to use such an agreement should be based on individual patient evaluation, weighing risks and benefits of long-term opioid treatment. If opioid treatment exceeds 90 days for chronic pain, and there is a concern for drug abuse or diversion, a pain management agreement should be used. If a physician opts not to use a pain management agreement, reasons should be documented in the patient's medical records. Pain management agreements are not required for hospice or nursing home patients.

h. Substance abuse history or comorbid psychiatric disorder. A patient's prior history of substance abuse does not necessarily contraindicate appropriate pain management. However, treatment of patients with a history of substance abuse or with a comorbid psychiatric disorder may require extra care and communication with the patient, monitoring, documentation, and consultation with or referral to an expert in the management of such patients. The board strongly encourages a multidisciplinary approach for pain management of such patients that incorporates the expertise of other health care professionals.

i. Drug testing. A physician who prescribes opioids to a patient for more than 90 days for the treatment of chronic pain should consider utilizing drug testing to ensure that the patient is receiving appropriate therapeutic levels of prescribed medications or if the physician has reason to believe that the patient is at risk of drug abuse or diversion.

j. Termination of care. The physician should consider termination of patient care if there is evidence of noncompliance with the rules for medication use, drug diversion, or a repeated pattern of substance abuse.

655.2(7) *Pain management for terminal illness.* The provisions of this subrule apply to patients who are at the stage in the progression of cancer or other terminal illness when the goal of pain management is comfort care. When the goal of treatment shifts to comfort care rather than cure of the underlying condition, the board recognizes that the dosage level of opioids to control pain may exceed dosages recommended for chronic pain and may come at the expense of patient function. The determination of such pain management should involve the patient, if possible, and others the patient has designated for assisting in end-of-life care.

655.2(8) *Prescription monitoring program.* The board of pharmacy established a prescription monitoring program pursuant to Iowa Code sections 124.551 through 124.558 to help prescribers and

pharmacists track controlled substance prescriptions. Physicians must register for this program when applying for or renewing their controlled substance prescribing registration. Before prescribing opioids, physicians or their agents must use the program to guide treatment decisions and enhance patient care quality. However, utilization is not required for patients in inpatient hospice care or long-term residential facilities. Orders in hospital settings are not considered prescriptions under these rules, as patient safety is managed within these settings.

655.2(9) *Electronic prescriptions.* Beginning January 1, 2020, all prescriptions (controlled and noncontrolled substances) are to be transmitted electronically as electronic prescriptions pursuant to Iowa Code section 124.308. A prescription shall be transmitted to a pharmacy by the physician or the physician's authorized agent in compliance with federal law and regulation for electronic prescriptions of controlled substances.

655.2(10) *Pain management resources.* The board strongly recommends that physicians consult the following resources regarding the proper treatment of chronic pain. This list is provided for the convenience of licensees, and the publications included are not intended to be incorporated in the rule by reference.

a. American Academy of Hospice and Palliative Medicine or AAHPM is the American Medical Association-recognized specialty society of physicians who practice in hospice and palliative medicine in the United States. The mission of the AAHPM is to enhance the treatment of pain at the end of life.

b. American Academy of Pain Medicine or AAPM is the American Medical Association-recognized specialty society of physicians who practice pain medicine in the United States. The mission of the AAPM is to enhance pain medicine practice by promoting a climate conducive to the effective and efficient practice of pain medicine.

c. American Pain Society or APS is the national chapter of the International Association for the Study of Pain, an organization composed of physicians, nurses, psychologists, scientists and other professionals who have an interest in the study and treatment of pain. The mission of the APS is to serve people in pain by advancing research, education, treatment and professional practice.

d. DEA Policy Statement: Dispensing Controlled Substances for the Treatment of Pain. On August 28, 2006, the Drug Enforcement Agency (DEA) issued a policy statement establishing guidelines for practitioners who dispense controlled substances for the treatment of pain. This policy statement may be helpful to practitioners who treat pain with controlled substances.

e. Interagency Guideline on Prescribing Opioids for Pain. Developed by the Washington State Agency Medical Directors' Group in collaboration with an expert advisory panel, actively practicing providers and public stakeholders, the guideline focuses on evidence-based treatment for chronic-pain patients. The guideline was published in 2007 and updated in 2015.

f. Responsible Opioid Prescribing: A Physician's Guide. In 2007, in collaboration with author Scott Fishman, M.D., the Federation of State Medical Boards' (FSMB's) Research and Education Foundation published a book on responsible opioid prescribing based on the FSMB Model Policy for the Use of Controlled Substances for the Treatment of Pain.

g. World Health Organization: Pain Relief Ladder. Cancer pain relief and palliative care. Technical report series 804. Geneva: World Health Organization.

h. CDC Guideline for Prescribing Opioids for Chronic Pain as referenced in paragraph 655.2(4)*"b."*

655.2(11) *Grounds for discipline.* A physician may be subject to disciplinary action for violation of these rules, the rules found in 481—Chapter 661, or any of the following:

a. A physician who prescribes opioids in dosage amounts exceeding what would be prescribed by a reasonably prudent physician in the state of Iowa acting in the same or similar circumstances.

b. A physician who knowingly fails to comply with the confidentiality requirements of Iowa Code section 124.553 or who delegates program information access to another individual except as provided in Iowa Code section 124.553.

c. A physician who knowingly fails to comply with other requirements of Iowa Code chapter 124.

655.2(12) *Unlawful access, disclosure, or use of information.* A person who intentionally or knowingly accesses, uses, or discloses information from the prescription monitoring program in violation of Iowa Code section 124.553, unless otherwise authorized by law, is guilty of a class "D" felony.

This subrule shall not preclude a physician who requests and receives information from the prescription monitoring program consistent with the requirements of Iowa Code section 124.553 from otherwise lawfully providing that information to any other person for medical care purposes.
[**ARC 9115C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—655.3(147,148) Standards of practice—chelation therapy. Chelation therapy or disodium ethylene diamine tetra acetic acid (EDTA) may only be used for the treatment of heavy metal poisoning or in the clinical setting when a licensee experienced in clinical investigations conducts a carefully controlled clinical investigation of its effectiveness in treating other diseases or medical conditions under a research protocol that has been approved by an institutional review board of the University of Iowa or Des Moines University—Osteopathic Medical Center.
[**ARC 9115C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—655.4(79GA,HF726) Standards of practice—automated dispensing systems. A physician who dispenses prescription drugs via an automated dispensing system or a dispensing system that employs technology may delegate nonjudgmental dispensing functions to staff assistants in the absence of a pharmacist or physician provided that the physician utilizes an internal quality control assurance plan that ensures that the medication dispensed is the medication that was prescribed. The physician must be physically present to determine the accuracy and completeness of any medication that is reconstituted prior to dispensing.

655.4(1) An internal quality control assurance plan shall include the following elements:

a. The name of the physician responsible for the plan and testing;

b. Methods that the dispensing system employs to ensure the accuracy of the patient's name and medication, dosage, directions and amount of medication prescribed;

c. Standards that the physician expects to be met to ensure the accuracy of the dispensing system and the training and qualifications of staff members assigned to dispense via the dispensing system;

d. The procedures utilized to ensure that the physician(s) dispensing via the automated system provide(s) patients counseling regarding the prescription drugs being dispensed;

e. Staff training and qualifications for dispensing via the dispensing system;

f. A list of staff members who meet the qualifications and who are assigned to dispense via the dispensing system;

g. A plan for testing the dispensing system and each staff member assigned to dispense via the dispensing system;

h. The results of testing that show compliance with the standards prior to implementation of the dispensing system and prior to approval of each staff member to dispense via the dispensing system;

i. A plan for interval testing of the accuracy of dispensing, at least annually; and

j. A plan for addressing inaccuracies, including discontinuing dispensing until the accuracy level can be reattained.

655.4(2) Those dispensing systems already in place shall show evidence of a plan and testing within two months of August 31, 2001.

655.4(3) The internal quality control assurance plan shall be submitted to the board of medicine upon request.
[**ARC 9115C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—655.5(147,148,272C) Standards of practice—office practices.

655.5(1) *Termination of the physician-patient relationship.* A physician may choose whom to serve. Having undertaken the care of a patient, the physician may not neglect the patient. A physician must provide a patient written notice of the termination of the physician-patient relationship. A physician shall ensure that emergency medical care is available to the patient during the 30-day period following notice of the termination of the physician-patient relationship.

655.5(2) *Patient referrals.* A physician shall not pay or receive compensation for patient referrals.

655.5(3) *Confidentiality.* A physician shall maintain the confidentiality of all patient information obtained in the practice of medicine. Information shall be divulged by the physician when authorized by law or the patient or when required for patient care.

655.5(4) *Sexual conduct.* It is unprofessional and unethical conduct, and is grounds for disciplinary action, for a physician to engage in conduct that violates the following prohibitions:

a. In the course of providing medical care, a physician shall not engage in contact, touching, or comments of a sexual nature with a patient, or with the patient's parent or guardian if the patient is a minor or under a guardianship.

b. A physician shall not engage in any sexual conduct with a patient when that conduct occurs concurrent with the physician-patient relationship, regardless of whether the patient consents to that conduct.

c. A physician shall not engage in any sexual conduct with a former patient unless the physician-patient relationship was completely terminated before the sexual conduct occurred. In considering whether that relationship was completely terminated, the board will consider the duration of the physician-patient relationship, the nature of the medical services provided, the lapse of time since the physician-patient relationship ended, the degree of dependence in the physician-patient relationship, and the extent to which the physician used or exploited the trust, knowledge, emotions, or influence derived from the physician-patient relationship.

d. A psychiatrist, or a physician who provides mental health counseling to a patient, shall never engage in any sexual conduct with a current or former patient, or with that patient's parent or guardian if the patient was a minor or under guardianship, regardless of whether the patient consents to that conduct.

655.5(5) *Disruptive behavior.* A physician shall not engage in disruptive behavior. Disruptive behavior is defined as a pattern of contentious, threatening, or intractable behavior that interferes with, or has the potential to interfere with, patient care or the effective functioning of health care staff.

655.5(6) *Sexual harassment.* A physician shall not engage in sexual harassment. Sexual harassment is defined as verbal or physical conduct of a sexual nature that interferes with another health care worker's performance or creates an intimidating, hostile or offensive work environment.

655.5(7) *Transfer of medical records.* A physician must provide a copy of all medical records generated by the physician in a timely manner to the patient or another physician designated by the patient, upon written request when legally requested to do so by the subject patient or by a legally designated representative of the subject patient, except as otherwise required or permitted by law.

655.5(8) *Retention of medical records.*

a. A physician shall retain all medical records, not appropriately transferred to another physician or entity, for at least seven years from the last date of service for each patient, except as otherwise required by law.

b. A physician must retain all medical records of minor patients, not appropriately transferred to another physician or entity, for a period consistent with that established by Iowa Code section 614.8.

c. Beginning July 1, 2023, a physician must appoint another Iowa-licensed physician, or other representative or entity that is held to the same standards of confidentiality as the physician, to ensure that all requirements of this subrule are met in the event of the physician's death or incapacitation. Upon request by the board, the physician must be able to establish by sufficient proof the appointment of a representative pursuant to this paragraph.

d. Upon a physician's death or retirement, the sale of a medical practice, or a physician's departure from the physician's medical practice:

(1) The physician or the physician's representative must ensure that all medical records are transferred to another physician or entity that is held to the same standards of confidentiality and agrees to act as custodian of the records.

(2) The physician or the physician's representative shall notify all active patients that their records will be transferred to another physician or entity that will retain custody of their records and that, at their written request, the records will be sent to the physician or entity of the patient's choice.

[**ARC 9115C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—655.6(148,272C) Standards of practice—medical directors at medical spas—delegation and supervision of medical aesthetic services performed by qualified licensed or certified nonphysician persons or qualified laser technicians. This rule establishes standards of practice for a physician or surgeon or osteopathic physician or surgeon who serves as a medical director at a medical spa. This rule does not apply to the standards of practice for a nonphysician licensed health professional who serves as a medical director at a medical spa pursuant to the rules of the professional's licensing authority.

655.6(1) *Definitions.* As used in this rule:

"Alter" means to change the cellular structure of living tissue.

"Capable of" means any means, method, device or instrument that, if used as intended or otherwise to its greatest strength, has the potential to alter or damage living tissue below the superficial epidermal cells.

"Damage" means to cause a harmful change in the cellular structure of living tissue.

"Delegate" means to entrust or transfer the performance of a medical aesthetic service to qualified licensed or certified nonphysician persons or qualified laser technicians.

"Medical aesthetic service" means the diagnosis, treatment, or correction of human conditions, ailments, diseases, injuries, or infirmities of the skin, hair, nails and mucous membranes by any means, methods, devices, or instruments including the use of a biological or synthetic material, chemical application, mechanical device, or displaced energy form of any kind if it alters or damages or is capable of altering or damaging living tissue below the superficial epidermal cells, with the exception of hair removal. Medical aesthetic service includes, but is not limited to, the following services: ablative laser therapy; vaporizing laser therapy; nonsuperficial light device therapy; injectables; tissue alteration services; nonsuperficial light-emitting diode therapy; nonsuperficial intense pulse light therapy; nonsuperficial radiofrequency therapy; nonsuperficial ultrasonic therapy; nonsuperficial exfoliation; nonsuperficial microdermabrasion; nonsuperficial dermaplane exfoliation; nonsuperficial lymphatic drainage; collagen induction therapy (microneedling); fat-freezing treatment (cool sculpting); botox injections; collagen injections; and tattoo removal.

"Medical director" means a physician who assumes the role of, or holds oneself out as, medical director at a medical spa. The medical director is responsible for implementing policies and procedures to ensure quality patient care and for the delegation and supervision of medical aesthetic services performed by qualified licensed or certified nonphysician persons or qualified laser technicians at a medical spa. The medical director is ultimately responsible for all medical aesthetic services performed by qualified licensed or certified nonphysician persons or qualified laser technicians at a medical spa.

"Medical spa" means any entity, however organized, that is advertised, announced, established, or maintained for the purpose of providing medical aesthetic services. Medical spa shall not include a dermatology practice that is wholly owned and controlled by one or more Iowa-licensed physicians if at least one of the owners is actively practicing at each location.

"Nonsuperficial" means that the therapy alters or damages or is capable of altering or damaging living tissue below the superficial epidermal cells.

"Qualified laser technician" means any person, licensed or unlicensed, who has successfully completed a minimum of 120 hours of training, including a minimum of 40 hours of didactic study and 80 hours of clinical training, in the safe and effective use of lasers in the performance of medical aesthetic services at an accredited laser training program. For the purposes of this rule, a qualified laser technician may only use lasers in the performance of delegated medical aesthetic services under the supervision of a qualified supervising physician at a medical spa. An unlicensed qualified laser technician may not perform any other medical aesthetic services defined in this rule.

"Qualified licensed or certified nonphysician person" means any person who is not licensed to practice medicine and surgery or osteopathic medicine and surgery but who is licensed or certified by another health- or skin care-related licensing board in Iowa and is qualified to perform delegated medical aesthetic services under the supervision of a qualified supervising physician at a medical spa.

"Supervision" means the oversight of qualified licensed or certified nonphysician persons or qualified laser technicians who perform medical aesthetic services delegated by a medical director.

655.6(2) *Delegation by a medical director.* A medical aesthetic service shall only be performed by qualified licensed or certified nonphysician persons or qualified laser technicians if the service has been

delegated by a medical director who is responsible for supervision of the services performed at a medical spa in Iowa. Nothing in this rule shall be interpreted to prevent a qualified nonphysician licensed health professional from serving as a medical director at a medical spa or from appropriately delegating medical aesthetic services pursuant to the rules of the professional's licensing authority.

655.6(3) *Medical director.* A medical director at a medical spa shall:

a. Hold an active unrestricted Iowa medical license to supervise each delegated medical aesthetic service;

b. Possess the appropriate education, training, experience and competence to safely supervise each delegated medical aesthetic service;

c. Retain responsibility for the supervision of each medical aesthetic service performed by qualified licensed or certified nonphysician persons or qualified laser technicians;

d. Ensure that advertising activities do not include false, misleading, or deceptive representations; and

e. Be clearly identified as the medical director in all advertising activities, internet websites and signage related to the medical spa.

655.6(4) *Delegated medical aesthetic service.* When a medical director delegates a medical aesthetic service to qualified licensed or certified nonphysician persons or qualified laser technicians, the service shall be:

a. Within the medical director's scope of practice and medical competence to supervise;

b. Of the type that a reasonable and prudent physician would conclude is within the scope of sound medical judgment to delegate; and

c. A routine and technical service, the performance of which does not require the skill of a licensed physician.

655.6(5) *Supervision.* A medical director who delegates performance of a medical aesthetic service to qualified licensed or certified nonphysician persons or qualified laser technicians is responsible for providing appropriate supervision. The medical director shall:

a. Ensure that all licensed or certified nonphysician persons or qualified laser technicians are qualified and competent to safely perform each delegated medical aesthetic service by personally assessing the person's education, training, experience and ability;

b. Ensure that a qualified licensed or certified nonphysician person does not perform any medical aesthetic services that are beyond the scope of that person's license or certification unless the person is supervised by a qualified supervising physician or other qualified supervising nonphysician licensed health professional;

c. Ensure that all qualified licensed or certified nonphysician persons or qualified laser technicians receive direct, in-person, on-site supervision from the medical director or other qualified licensed physician or other qualified supervising nonphysician licensed health professional at least four hours each week and that the regular supervision is documented;

d. Provide on-site review of medical aesthetic services performed by qualified licensed or certified nonphysician persons or qualified laser technicians each week and review at least 10 percent of patient charts for medical aesthetic services performed by qualified licensed or certified nonphysician persons or qualified laser technicians;

e. Be physically located, at all times, within 60 miles of the location where delegated medical aesthetic services are performed;

f. Be available, in person or electronically, at all times, to consult with qualified licensed or certified nonphysician persons or qualified laser technicians who perform delegated medical aesthetic services, particularly in case of injury or an emergency;

g. Assess the legitimacy and safety of all equipment or other technologies being used by qualified licensed or certified nonphysician persons or qualified laser technicians who perform delegated medical aesthetic services;

h. Develop and implement protocols for responding to emergencies or other injuries suffered by persons receiving delegated medical aesthetic services performed by qualified licensed or certified nonphysician persons or qualified laser technicians;

i. Ensure that all qualified licensed or certified nonphysician persons or qualified laser technicians maintain accurate and timely medical records for the delegated medical aesthetic services they perform;

j. Ensure that each patient provides appropriate informed consent for medical aesthetic services performed by the medical director or other qualified licensed physician and all qualified licensed or certified nonphysician persons or qualified laser technicians and that such informed consent is timely documented in the patient's medical record;

k. Ensure that the identity and licensure and certification of the medical director, other qualified licensed physicians, and all qualified licensed or certified nonphysician persons or qualified laser technicians are visibly displayed at each medical spa where they perform medical aesthetic services and provided in writing to each patient receiving medical aesthetic services at a medical spa; and

l. Ensure that the board receives written verification of the education and training of all qualified licensed or certified nonphysician persons or qualified laser technicians who perform delegated medical aesthetic services at a medical spa, within 14 days of a request by the board.

655.6(6) *Continuing medical education.* A medical director shall complete and shall ensure that all other physicians, qualified licensed or certified nonphysician persons, and qualified laser technicians who practice at the medical spa complete a minimum of 20 hours of continuing medical education in the safe and effective performance of medical aesthetic services each year.

655.6(7) *Exceptions.* This rule is not intended to apply to physicians who serve as medical directors of licensed medical facilities, clinics or practices that provide medical aesthetic services as part of or incident to their other medical services.

655.6(8) *Other qualified nonphysician licensed health professionals.* Nothing in this rule shall be interpreted to contradict or supersede the rules established in 481—Chapters 780 and 781 and 655—Chapter 7.

[**ARC 9115C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—655.7(147,148,272C) Standards of practice—interventional chronic pain management. This rule establishes standards of practice for the practice of interventional chronic pain management. The purpose of this rule is to assist physicians who consider interventional techniques to treat patients with chronic pain.

655.7(1) *Definition.* As used in this rule:

"Interventional chronic pain management" means diagnosing and treating pain-related disorders using interventional techniques for subacute, chronic, persistent, and intractable pain. These techniques include percutaneous needle placement for drug injection, nerve ablation, and certain surgeries. Common procedures involve injecting steroids, analgesic, and anesthetics into targeted areas such as the spine, joints, or nerves. This may include lumbar, thoracic, and cervical spine injections; nerve blocks; and processes like vertebroplasty. Fluoroscopy is used to assess chronic pain causes or aid in identifying anatomical landmarks during these techniques. Specific procedures include joint injections, nerve blocks, epidural injections, and nerve destruction.

655.7(2) *Interventional chronic pain management.* The practice of interventional chronic pain management shall include the following:

a. Comprehensive assessment of the patient;

b. Diagnosis of the cause of the patient's pain;

c. Evaluation of alternative treatment options;

d. Selection of appropriate treatment options;

e. Termination of prescribed treatment options when appropriate;

f. Follow-up care; and

g. Collaboration with other health care providers.

655.7(3) *Practice of medicine.* Interventional chronic pain management is the practice of medicine.

[**ARC 9115C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—655.8(147,148,272C) Standards of practice—physicians who prescribe or administer abortion-inducing drugs.

655.8(1) *Definition.* As used in this rule:

"Abortion-inducing drug" means a drug, medicine, mixture, or preparation, when it is prescribed or administered with the intent to terminate the pregnancy of a woman known to be pregnant.

655.8(2) *Review of patient record.* A physician shall not induce an abortion by providing an abortion-inducing drug unless the physician has first reviewed the lab results, ultrasound images, and medical history provided by the patient to determine, and document in the woman's medical record, the gestational age and intrauterine location of the pregnancy. A physician may utilize telemedicine pursuant to rule 481—655.9(147,148,272C).

655.8(3) *Follow-up appointment required.* If an abortion is induced by an abortion-inducing drug, the physician or designee shall use all reasonable efforts to ensure a follow-up appointment is scheduled with the patient at the same facility within 12 to 18 days after the patient's use of an abortion-inducing drug to confirm the termination of the pregnancy and evaluate the woman's medical condition.

655.8(4) *Parental notification regarding pregnant minors.* A physician shall not induce an abortion by providing an abortion-inducing drug to a pregnant minor prior to compliance with the requirements of Iowa Code chapter 135L and rules 641—89.12(135L) and 641—89.21(135L).

[**ARC 9115C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—655.9(147,148,272C) Standards of practice—telemedicine. This rule establishes standards of practice for the practice of medicine using telemedicine.

655.9(1) *Definitions.* As used in this rule:

"Asynchronous store-and-forward transmission" means the collection of a patient's relevant health information and the subsequent transmission of the data from an originating site to a health care provider at a distant site without the presence of the patient.

"Board" means the Iowa board of medicine.

"In-person encounter" means that the physician and the patient are in the physical presence of each other and are in the same physical location during the physician-patient encounter.

"Licensee" means a medical physician or osteopathic physician licensed by the board.

"Telemedicine" means the practice of medicine using electronic audio-visual communications and information technologies or other means, including interactive audio with asynchronous store-and-forward transmission, between a licensee in one location and a patient in another location with or without an intervening health care provider. Telemedicine includes asynchronous store-and-forward technologies, remote monitoring, and real-time interactive services, including teleradiology and telepathology. Telemedicine shall not include the provision of medical services only through an audio-only telephone, email messages, facsimile transmissions, or U.S. mail or other parcel service, or any combination thereof.

"Telemedicine technologies" means technologies and devices enabling secure electronic communications and information exchanges between a licensee in one location and a patient in another location with or without an intervening health care provider.

655.9(2) *Practice guidelines.* A licensee who uses telemedicine shall utilize evidence-based telemedicine practice guidelines and standards of practice, to the degree they are available, to ensure patient safety, quality of care, and positive outcomes. The board acknowledges that some nationally recognized medical specialty organizations have established comprehensive telemedicine practice guidelines that address the clinical and technological aspects of telemedicine for many medical specialties.

655.9(3) *Iowa medical license required.* A physician who uses telemedicine in the diagnosis and treatment of a patient located in Iowa shall hold an active Iowa medical license consistent with state and federal laws. Nothing in this rule shall be construed to supersede the exceptions to licensure contained in 481—subrule 652.2(2).

655.9(4) *Standards of care and professional ethics.* A licensee who uses telemedicine is held to the same standards of care and professional ethics as a licensee using traditional in-person encounters with patients. Failure to conform to the appropriate standards of care or professional ethics while using telemedicine may be a violation of the laws and rules governing the practice of medicine and may subject the licensee to potential discipline by the board.

655.9(5) *Scope of practice.* A licensee who uses telemedicine shall ensure that the services provided are consistent with the licensee's scope of practice, including the licensee's education, training, experience, ability, licensure, and certification.

655.9(6) *Identification of patient and physician.* A licensee who uses telemedicine shall verify the identity of the patient and ensure that the patient has the ability to verify the identity, licensure status, certification, and credentials of all health care providers who provide telemedicine services prior to the provision of care.

655.9(7) *Physician-patient relationship.*

a. A licensee who uses telemedicine shall establish a valid physician-patient relationship with the person who receives telemedicine services. The physician-patient relationship begins when:

(1) The person with a health-related matter seeks assistance from a licensee;

(2) The licensee agrees to undertake diagnosis and treatment of the person; and

(3) The person agrees to be treated by the licensee whether or not there has been an in-person encounter between the physician and the person.

b. A valid physician-patient relationship may be established by:

(1) In-person encounter. Through an in-person medical interview and physical examination where the standard of care would require an in-person encounter;

(2) Consultation with another licensee. Through consultation with another licensee (or other health care provider) who has an established relationship with the patient and who agrees to participate in, or supervise, the patient's care; or

(3) Telemedicine encounter. Through telemedicine, if the standard of care does not require an in-person encounter, and in accordance with evidence-based standards of practice and telemedicine practice guidelines that address the clinical and technological aspects of telemedicine.

655.9(8) *Medical history and physical examination.* Generally, a licensee shall perform an in-person medical interview and physical examination for each patient. However, the medical interview and physical examination may not be in-person if the technology utilized in a telemedicine encounter is sufficient to establish an informed diagnosis as though the medical interview and physical examination had been performed in-person. Prior to providing treatment, including issuing prescriptions, electronically or otherwise, a licensee who uses telemedicine shall interview the patient to collect the relevant medical history and perform a physical examination, when medically necessary, sufficient for the diagnosis and treatment of the patient. An internet questionnaire that is a static set of questions provided to the patient, to which the patient responds with a static set of answers, in contrast to an adaptive, interactive and responsive online interview, does not constitute an acceptable medical interview and physical examination for the provision of treatment, including issuance of prescriptions, electronically or otherwise, by a licensee.

655.9(9) *Nonphysician health care providers.* If a licensee who uses telemedicine relies upon or delegates the provision of telemedicine services to a nonphysician health care provider, the licensee shall:

a. Ensure that systems are in place to ensure that the nonphysician health care provider is qualified and trained to provide that service within the scope of the nonphysician health care provider's practice;

b. Ensure that the licensee is available in person or electronically to consult with the nonphysician health care provider, particularly in the case of injury or an emergency.

655.9(10) *Informed consent.* A licensee who uses telemedicine shall ensure that the patient provides appropriate informed consent for the medical services provided, including consent for the use of telemedicine to diagnose and treat the patient, and that such informed consent is timely documented in the patient's medical record.

655.9(11) *Coordination of care.* A licensee who uses telemedicine shall, when medically appropriate, identify the medical home or treating physician(s) for the patient, when available, where in-person services can be delivered in coordination with the telemedicine services. The licensee shall provide a copy of the medical record to the patient's medical home or treating physician(s).

655.9(12) *Follow-up care.* A licensee who uses telemedicine shall have access to, or adequate knowledge of, the nature and availability of local medical resources to provide appropriate follow-up care to the patient following a telemedicine encounter.

655.9(13) *Emergency services.* A licensee who uses telemedicine shall refer a patient to an acute care facility or an emergency department when referral is necessary for the safety of the patient or in the case of an emergency.

655.9(14) *Medical records.* A licensee who uses telemedicine shall ensure that complete, accurate and timely medical records are maintained for the patient when appropriate, including all patient-related electronic communications, records of past care, physician-patient communications, laboratory and test results, evaluations and consultations, prescriptions, and instructions obtained or produced in connection with the use of telemedicine technologies. The licensee shall note in the patient's record when telemedicine is used to provide diagnosis and treatment. The licensee shall ensure that the patient or another licensee designated by the patient has timely access to all information obtained during the telemedicine encounter. The licensee shall ensure that the patient receives, upon request, a summary of each telemedicine encounter in a timely manner.

655.9(15) *Privacy and security.* A licensee who uses telemedicine shall ensure that all telemedicine encounters comply with the privacy and security measures of the Health Insurance Portability and Accountability Act of 1996, PL 104-191, August 21, 1996, 110 Stat. 1936, and any amendments as of October 16, 2024, to ensure that all patient communications and records are secure and remain confidential.

a. Written protocols shall be established that address the following:

(1) Privacy;

(2) Health care personnel who will process messages;

(3) Hours of operation;

(4) Types of transactions that will be permitted electronically;

(5) Required patient information to be included in the communication, including patient name, identification number and type of transaction;

(6) Archiving and retrieval; and

(7) Quality oversight mechanisms.

b. The written protocols should be periodically evaluated for currency and should be maintained in an accessible and readily available manner for review. The written protocols shall include sufficient privacy and security measures to ensure the confidentiality and integrity of patient-identifiable information, including password protection, encryption or other reliable authentication techniques.

655.9(16) *Technology and equipment.* The board recognizes that three broad categories of telemedicine technologies currently exist, including asynchronous store-and-forward technologies, remote monitoring, and real-time interactive services. While some telemedicine programs are multispecialty in nature, others are tailored to specific diseases and medical specialties. The technology and equipment utilized for telemedicine shall comply with the following requirements:

a. Comply with relevant safety laws, rules, regulations, and codes for technology and technical safety for devices that interact with patients or are integral to diagnostic capabilities;

b. Be of sufficient quality, size, resolution and clarity such that the licensee can safely and effectively provide the telemedicine services; and

c. Be compliant with the Health Insurance Portability and Accountability Act of 1996, PL 104-191, August 21, 1996, 110 Stat. 1936, and any amendments as of October 16, 2024.

655.9(17) *Disclosure and functionality of telemedicine services.* A licensee who uses telemedicine shall ensure that the following information is clearly disclosed to the patient:

a. Types of services provided;

b. Contact information for the licensee;

c. Identity, licensure, certification, credentials, and qualifications of all health care providers who are providing the telemedicine services;

d. Limitations in the drugs and services that can be provided via telemedicine;

e. Fees for services, cost-sharing responsibilities, and how payment is to be made, if these differ from an in-person encounter;

f. Financial interests, other than fees charged, in any information, products, or services provided by the licensee(s);

g. Appropriate uses and limitations of the technologies, including in emergency situations;

h. Uses of and response times for emails, electronic messages and other communications transmitted via telemedicine technologies;

i. To whom patient health information may be disclosed and for what purpose;

j. Rights of patients with respect to patient health information; and

k. Information collected and passive tracking mechanisms utilized.

655.9(18) *Patient access and feedback.* A licensee who uses telemedicine shall ensure that the patient has easy access to a mechanism for the following purposes:

a. To access, supplement and amend patient-provided personal health information;

b. To provide feedback regarding the quality of the telemedicine services provided; and

c. To register complaints. The mechanism shall include information regarding the filing of complaints with the board.

655.9(19) *Financial interests.* Advertising or promotion of goods or products from which the licensee(s) receives direct remuneration, benefit or incentives (other than the fees for the medical services) is prohibited to the extent that such activities are prohibited by state or federal law. Notwithstanding such prohibition, internet services may provide links to general health information sites to enhance education; however, the licensee(s) should not benefit financially from providing such links or from the services or products marketed by such links. When providing links to other sites, licensees should be aware of the implied endorsement of the information, services or products offered from such sites. The maintenance of a preferred relationship with any pharmacy is prohibited. Licensees shall not transmit prescriptions to a specific pharmacy, or recommend a pharmacy, in exchange for any type of consideration or benefit from the pharmacy.

655.9(20) *Circumstances where the standard of care may not require a licensee to personally interview or examine a patient.* Under the following circumstances, whether or not such circumstances involve the use of telemedicine, a licensee may treat a patient who has not been personally interviewed, examined and diagnosed by the licensee:

a. Situations in which the licensee prescribes medications on a short-term basis for a new patient and has scheduled or is in the process of scheduling an appointment to personally examine the patient;

b. For institutional settings, including writing initial admission orders for a newly hospitalized patient;

c. Call situations in which a licensee is taking call for another licensee who has an established physician-patient relationship with the patient;

d. Cross-coverage situations in which a licensee is taking call for another licensee who has an established physician-patient relationship with the patient;

e. Situations in which the patient has been examined in person by an advanced registered nurse practitioner or a physician associate or other licensed practitioner with whom the licensee has a supervisory or collaborative relationship;

f. Emergency situations in which the life or health of the patient is in imminent danger;

g. Emergency situations that constitute an immediate threat to the public health including but not limited to empiric treatment or prophylaxis to prevent or control an infectious disease outbreak;

h. Situations in which the licensee has diagnosed a sexually transmitted disease in a patient and the licensee prescribes or dispenses antibiotics to the patient's named sexual partner(s) for the treatment of the sexually transmitted disease as recommended by the U.S. Centers for Disease Control and Prevention; and

i. For licensed or certified nursing facilities, residential care facilities, intermediate care facilities, assisted living facilities and hospice settings.

655.9(21) *Prescribing based solely on an internet request, internet questionnaire or a telephonic evaluation—prohibited.* Prescribing to a patient based solely on an internet request or internet questionnaire (i.e., a static questionnaire provided to a patient, to which the patient responds with a static set of answers, in contrast to an adaptive, interactive and responsive online interview) is prohibited. Absent a valid physician-patient relationship, a licensee's prescribing to a patient based solely on a telephonic evaluation is prohibited, with the exception of the circumstances described in subrule 655.9(20).

[**ARC 9115C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25; Editorial change: IAC Supplement 6/10/26]

481—655.10(135,147,148,272C,280) Standards of practice—prescribing epinephrine auto-injectors, bronchodilator canisters, bronchodilator canisters and spacers, or opioid antagonists in the name of an authorized facility.

655.10(1) Definition. For purposes of this rule:

"Authorized facility" means a facility as defined in Iowa Code section 135.185(1), a school district, or an accredited nonpublic school.

655.10(2) Notwithstanding any other provision of law to the contrary, a physician may prescribe epinephrine auto-injectors, bronchodilator canisters, bronchodilator canisters and spacers, or opioid antagonists in the name of an authorized facility to be maintained for use pursuant to Iowa Code sections 135.185, 135.190, 280.16 and 280.16A.

655.10(3) A physician who prescribes epinephrine auto-injectors, bronchodilator canisters, bronchodilator canisters and spacers, or opioid antagonists in the name of an authorized facility to be maintained for use pursuant to Iowa Code sections 135.185, 135.190, 280.16 and 280.16A, provided the physician has acted reasonably and in good faith, is not liable for any injury arising from the provision, administration, or assistance in the administration of an epinephrine auto-injector, bronchodilator canisters, bronchodilator canisters and spacers, or opioid antagonists.

[**ARC 9115C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—655.11(144E,147,148,272C) Standards of practice—experimental treatments for patients with a terminal illness.

655.11(1) *Exemption from discipline.* To the extent consistent with state law, the board will not revoke, fail to renew, suspend, or take any action against a physician's license based solely on the physician's recommendations to an eligible patient regarding access to or treatment with an investigational drug, biological product, or device.

655.11(2) *Eligible patient.* A physician shall ensure that a patient meets all of the following conditions prior to the use of an investigational drug, biological product, or device pursuant to this rule:

a. The patient has a terminal illness, attested to by the patient's treating physician.

b. The patient has considered and rejected or has tried and failed to respond to all other treatment options approved by the U.S. Food and Drug Administration (FDA).

c. The patient has received a recommendation from the patient's physician for an investigational drug, biological product, or device.

d. The patient has given written informed consent for the use of the investigational drug, biological product, or device.

e. The patient has documentation from the patient's physician that the patient meets the requirements of this rule.

655.11(3) *Investigational drug, biological product, or device.* A physician may recommend access to or treatment with an investigational drug, biological product, or device that has successfully completed phase 1 of an FDA-approved clinical trial but has not yet been approved for general use by the FDA and remains under investigation in an FDA-approved clinical trial.

655.11(4) *Terminal illness.* A physician shall ensure that a patient has a terminal illness prior to the use of an investigational drug, biological product, or device pursuant to this rule. A terminal illness is a progressive disease or medical or surgical condition that entails significant functional impairment and that is not considered by a treating physician to be reversible even with administration of treatments approved by the FDA and that, without life-sustaining procedures, will result in death.

655.11(5) *Written informed consent.* A physician shall obtain written informed consent prior to the use of an investigational drug, biological product, or device pursuant to this rule. Written informed consent is a written document that is signed by a patient, a parent of a minor patient, or a legal guardian or other legal representative of the patient and attested to by the patient's treating physician and a witness and that includes all of the following:

a. An explanation of the products and treatments approved by the FDA for the disease or condition from which the patient suffers.

b. An attestation that the patient concurs with the patient's treating physician in believing that all products and treatments approved by the FDA are unlikely to prolong the patient's life.

c. Clear identification of the specific proposed investigational drug, biological product, or device that the patient is seeking to use.

d. A description of the best and worst potential outcomes of using the investigational drug, biological product, or device and a realistic description of the most likely outcome. The description to include the

possibility that new, unanticipated, different, or worse symptoms might result and that death could be hastened by use of the proposed investigational drug, biological product, or device. The description is based on the treating physician's knowledge of the proposed investigational drug, biological product, or device in conjunction with an awareness of the patient's condition.

e. A statement that the patient's health plan or third-party administrator and provider are not obligated to pay for any care or treatments consequent to the use of the investigational drug, biological product, or device, unless the patient's health plan or third-party administrator and provider are specifically required to do so by law or contract.

f. A statement that the patient's eligibility for hospice care may be withdrawn if the patient begins curative treatment with the investigational drug, biological product, or device and that hospice care may be reinstated if treatment ends and the patient meets hospice eligibility requirements.

g. A statement that the patient understands that the patient is liable for all expenses consequent to the use of the investigational drug, biological product, or device and that this liability extends to the patient's estate unless a contract between the patient and the manufacturer of the investigational drug, biological product, or device states otherwise.

655.11(6) *Assisting suicide.* This rule is not to be construed to allow a patient's treating physician to assist the patient in committing or attempting to commit suicide as prohibited in Iowa Code section 707A.2.

655.11(7) *Grounds for discipline.* A physician may be subject to disciplinary action for violation of this rule or 481—Chapter 661. Grounds for discipline include but are not limited to the following:

a. The physician recommends access to or treatment with an investigational drug, biological product, or device to an individual who is not an eligible patient pursuant to this rule.

b. The physician fails to obtain appropriate written informed consent prior to recommending access to or treatment with an investigational drug, biological product, or device pursuant to this rule.

c. The physician assists the patient in committing or attempting to commit suicide as prohibited in Iowa Code section 707A.2.

[**ARC 9115C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—655.12(147,148,272C) Standards of practice—tick-borne disease diagnosis and treatment.

655.12(1) *Exemption from discipline.* A person licensed by the board under Iowa Code chapter 148 shall not be subject to discipline under this chapter or the board's enabling statute based solely on the physician's recommendation or provision of a treatment method for Lyme disease or other tick-borne disease if the recommendation or provision of such treatment meets all the following criteria:

a. The treatment is provided after an examination is performed and informed consent is received from the patient.

b. The physician identifies a medical reason for recommending or providing the treatment.

c. The treatment is provided after the physician informs the patient about other recognized treatment options and describes to the patient the physician's education, experience, and credentials regarding the treatment of Lyme disease or other tick-borne disease.

d. The physician uses the physician's own medical judgment based on a thorough review of all available clinical information and Lyme disease or other tick-borne disease literature to determine the best course of treatment for the individual patient.

e. The treatment will not, in the opinion of the physician, result in the direct and proximate death of or serious bodily injury to the patient.

655.12(2) *Lyme disease treatment.* Most cases of Lyme disease can be treated successfully with a few weeks of antibiotics. Over the past several years, the International Lyme and Associated Diseases Society (ILADS) has supported longer courses of antibiotics for some patients, versus the prescribed treatment durations identified by the Infectious Diseases Society of America (IDSA) and referenced by the CDC. While IDSA has expressed concern about overtreatment, ILADS points out that treatment decisions should be based on a risk-benefit analysis. Both groups have published evidence-based guidelines.

655.12(3) *Tick-borne diseases.* According to the CDC, tick-borne diseases include:

a. Anaplasmosis is transmitted to humans by tick bites primarily from the blacklegged tick (*Ixodes scapularis*) in the northeastern and upper midwestern regions of the United States (U.S.) and the western blacklegged tick (*Ixodes pacificus*) along the Pacific coast.

b. *Babesiosis* is caused by microscopic parasites that infect red blood cells. Most human cases of babesiosis in the U.S. are caused by *Babesia microti*. *Babesia microti* is transmitted by the blacklegged tick (*Ixodes scapularis*) and is found primarily in the northeastern and upper midwestern regions of the U.S.

c. *Borrelia mayonii* infection has recently been described as a cause of illness in the upper midwestern region of the U.S. This infection has been found in blacklegged ticks (*Ixodes scapularis*) in Minnesota and Wisconsin. *Borrelia mayonii* is a new species and is the only species besides *B. burgdorferi* known to cause Lyme disease in North America.

d. *Borrelia miyamotoi* infection has recently been described as a cause of illness in the U.S. This infection is transmitted by the blacklegged tick (*Ixodes scapularis*) and has a geographic range similar to that of Lyme disease.

e. *Bourbon virus* infection has been identified in a limited number of patients in the midwestern and southern regions of the U.S. At this time, it is not known if the virus might be found in other areas of the U.S.

f. *Colorado tick fever* is caused by a virus transmitted by the Rocky Mountain wood tick (*Dermacentor andersoni*). Colorado tick fever occurs in the Rocky Mountain states at elevations of 4,000 to 10,500 feet.

g. *Ehrlichiosis* is transmitted to humans by the lone star tick (*Amblyomma americanum*), found primarily in the south central and eastern regions of the U.S.

h. *Heartland virus* cases have been identified in the midwestern and southern regions of the U.S. Studies suggest that lone star ticks (*Amblyomma americanum*) can transmit the virus. It is unknown if the virus may be found in other areas of the U.S.

i. *Lyme disease* is transmitted by the blacklegged tick (*Ixodes scapularis*) in the northeastern and upper midwestern regions of the U.S. and by the western blacklegged tick (*Ixodes pacificus*) along the Pacific coast.

j. *Powassan disease* is transmitted by the blacklegged tick (*Ixodes scapularis*) and the groundhog tick (*Ixodes cookei*). Cases have been reported primarily from northeastern states and the Great Lakes region.

k. *Rickettsia parkeri rickettsiosis* is transmitted to humans by the Gulf Coast tick (*Amblyomma maculatum*).

l. *Rocky Mountain spotted fever* is transmitted by the American dog tick (*Dermacentor variabilis*), Rocky Mountain wood tick (*Dermacentor andersoni*), and the brown dog tick (*Rhipicephalus sanguineus*) in the U.S. The brown dog tick and other tick species are associated with Rocky Mountain spotted fever in Central America and South America.

m. *Southern tick-associated rash illness* is transmitted via bites from the lone star tick (*Amblyomma americanum*) found in the southeastern and eastern regions of the U.S.

n. *Tick-borne relapsing fever* is transmitted to humans through the bite of infected soft ticks. Tick-borne relapsing fever has been reported in 15 states: Arizona, California, Colorado, Idaho, Kansas, Montana, Nevada, New Mexico, Ohio, Oklahoma, Oregon, Texas, Utah, Washington, and Wyoming and is associated with sleeping in rustic cabins and vacation homes.

o. *Tularemia* is transmitted to humans by the dog tick (*Dermacentor variabilis*), the wood tick (*Dermacentor andersoni*), and the lone star tick (*Amblyomma americanum*). Tularemia occurs throughout the U.S.

p. *364D rickettsiosis* (*Rickettsia phillipi*) is transmitted to humans by the Pacific Coast tick (*Dermacentor occidentalis*). This is a new disease that has been found in California.

655.12(4) *Grounds for discipline.* A physician may be subject to disciplinary action for violation of these rules or the rules found in 481—Chapter 661. Grounds for discipline include but are not limited to the following:

a. The physician fails to perform and document an appropriate examination or fails to obtain and document appropriate informed consent from the patient.

b. The physician fails to identify and document a medical reason for recommending or providing the treatment.

c. The physician fails to inform the patient about other recognized treatment options or fails to describe to the patient the physician's education, experience, and credentials regarding the treatment of Lyme disease or other tick-borne diseases.

d. The physician fails to use the physician's own medical judgment based on a thorough review of all available clinical information and Lyme disease or other tick-borne disease literature to determine the best course of treatment for the individual patient.

e. The treatment provided, in the opinion of the physician, will likely result in the direct and proximate death of or serious bodily injury to the patient.

[**ARC 9115C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—655.13(124E,147,148,272C) Standards of practice—medical cannabidiol.

655.13(1) *Definitions.* For purposes of this rule:

"Bordering state" means the same as defined in Iowa Code section 331.910.

"Debilitating medical condition" means any of the following:

1. Cancer, if the underlying condition or treatment produces one or more of the following:
- Severe or chronic pain.
- Nausea or severe vomiting.
- Cachexia or severe wasting.
2. Multiple sclerosis with severe and persistent muscle spasms.
3. Seizures, including those characteristic of epilepsy.
4. AIDS or HIV as defined in Iowa Code section 141A.1.
5. Crohn's disease.
6. Amyotrophic lateral sclerosis.
7. Any terminal illness, with a probable life expectancy of under one year, if the illness or its treatment produces one or more of the following:
- Severe or chronic pain.
- Nausea or severe vomiting.
- Cachexia or severe wasting.
8. Parkinson's disease.
9. Chronic pain.
10. Ulcerative colitis.
11. Severe, intractable autism with self-injurious or aggressive behaviors.
12. Corticobasal degeneration.
13. Post-traumatic stress disorder.

"Department" means the Iowa department of public health.

"Form and quantity" means the types and amounts of medical cannabidiol allowed to be dispensed to a patient or primary caregiver as approved by the department subject to recommendation by the medical cannabidiol board and approval by the board of medicine.

"Medical cannabidiol" means any pharmaceutical grade cannabinoid found in the plant *Cannabis sativa* L. or *Cannabis indica* or any other preparation thereof that is delivered in a form recommended by the medical cannabidiol board, approved by the board of medicine, and adopted by the department pursuant to rule.

"Medical cannabidiol board" means the board established pursuant to Iowa Code section 124E.5.

"Primary caregiver" means a person who is a resident of this state or a bordering state, including but not limited to a parent or legal guardian, at least 18 years of age, who has been designated by a patient's health care practitioner as a necessary caretaker taking responsibility for managing the well-being of the patient with respect to the use of medical cannabidiol pursuant to the provisions of this chapter.

"Untreatable pain" means any pain whose cause cannot be removed and, according to generally accepted medical practice, the full range of pain management modalities appropriate for the patient has been used without adequate result or with intolerable side effects.

"Written certification" means a document signed by a physician licensed pursuant to Iowa Code chapter 148 with whom the patient has established a patient-physician relationship and who is the patient's

primary care provider that states that the patient has a debilitating medical condition and identifies that condition and provides any other relevant information.

655.13(2) *Written certification.* A physician who is a patient's primary care provider may provide the patient a written certification of diagnosis if, after examining and treating the patient, the physician determines, in the physician's medical judgment, that the patient suffers from a debilitating medical condition that qualifies for the use of medical cannabidiol pursuant to Iowa Code chapter 124E.

a. The physician shall provide explanatory information as provided by the department to the patient about the therapeutic use of medical cannabidiol and the possible risks, benefits, and side effects of the proposed treatment.

b. Subsequently, the physician shall do the following:

(1) Determine, on an annual basis, if the patient continues to suffer from a debilitating medical condition and, if so, may issue the patient a new written certification of that diagnosis.

(2) Otherwise comply with all requirements established by the department pursuant to rule.

c. A physician may provide, but has no duty to provide, a written certification pursuant to this rule.

655.13(3) *Adding or removing debilitating medical conditions and amending form and quantity of medical cannabidiol.* Recommendations made by the medical cannabidiol board pursuant to Iowa Code section 124E.5 relating to the addition or removal of allowable debilitating medical conditions for which the medical use of cannabidiol would be medically beneficial or to the amendment of the form and quantity of allowable medical uses of cannabidiol shall be made to the board of medicine for consideration. The medical cannabidiol board shall submit a written recommendation, a copy of the petition and all other information received during consideration of the petition. The board of medicine shall consider the information received from the medical cannabidiol board and may seek information from other sources if it is deemed relevant by the board of medicine. The decision regarding a recommendation by the medical cannabidiol board is at the sole discretion of the board of medicine. The board of medicine shall make its decision within 180 days of receipt of the recommendation from the medical cannabidiol board. If the recommendation is approved by the board of medicine, it shall be adopted by rule.

655.13(4) *Financial interests.* A physician shall not share office space with, accept referrals from, or have any financial relationship with a medical cannabidiol manufacturer or dispensary.

655.13(5) *Criminal prosecution.* A physician, including any authorized agent or employee thereof, shall not be subject to prosecution for the unlawful certification, possession, or administration of marijuana under the laws of this state for activities arising directly out of or directly related to the certification or use of medical cannabidiol in the treatment of a patient diagnosed with a debilitating medical condition as authorized by Iowa Code chapter 124E.

655.13(6) *Civil or disciplinary penalties.* A physician, including any authorized agent or employee thereof, shall not be subject to any civil or disciplinary penalties by the board of medicine or any business, occupational, or professional licensing board or entity, solely for activities conducted relating to a patient's possession or use of medical cannabidiol as authorized by Iowa Code chapter 124E. Nothing in this rule prevents the board of medicine from taking action in response to violations of any other sections of law or rule.

655.13(7) *Grounds for discipline.* A physician may be subject to disciplinary action for violation of these rules or the rules found in 481—Chapter 661. Grounds for discipline include but are not limited to the following:

a. The physician provides an individual a written certification without establishing a patient-physician relationship, including examining and treating the individual, or without being the individual's primary care provider.

b. The physician provides a patient a written certification without determining, in the physician's medical judgment, that the patient suffers from a debilitating medical condition that qualifies for the use of medical cannabidiol pursuant to Iowa Code chapter 124E.

c. The physician provides a patient a written certification without providing explanatory information as provided by the department to the patient about the therapeutic use of medical cannabidiol and the possible risks, benefits, and side effects of the proposed treatment.

d. The physician provides an individual a new written certification without determining, on an annual basis, that the patient continues to suffer from a debilitating medical condition.

e. The physician shares office space with, accepts referrals from, or has a financial relationship with a medical cannabidiol manufacturer or dispensary.

[**ARC 9115C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—655.14(146A) Abortion prerequisites.

655.14(1) *Written certification.* At least 24 hours prior to performing an abortion, a physician shall obtain written certification from the pregnant woman of each prerequisite as required in Iowa Code sections 146A.1(1)*"a"* through 146A.1(1)*"d"*(1). The written certification shall list each required prerequisite separately and shall include a line for date and signature of the pregnant woman. The physician shall maintain a copy of the certification as part of the pregnant woman's medical records.

655.14(2) *Exceptions.* This rule shall not apply to abortions performed in a medical emergency, as provided in Iowa Code section 146A.1(2).

655.14(3) *Discipline.* Failure to comply with this rule or the requirements of Iowa Code section 146A.1 may constitute grounds for discipline.

[**ARC 9115C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—655.15(135L,146A,146E,147,148,272C) Standards of practice for physicians who perform or induce abortions—definitions—detection of fetal heartbeat—fetal heartbeat exceptions—discipline.

655.15(1) *Standards of practice.* This rule sets forth the standards of practice for physicians who perform or induce abortions. More information is contained in Iowa Code section 146E.2(5).

655.15(2) *Definitions.* As used in this rule or in Iowa Code chapter 146E:

"Private health agency" means any establishment, facility, organization, or other entity that is not owned by a federal, state, or local government that either is a health care provider or employs or provides the services of a health care provider. Establishments, facilities, organizations, or other entities that are health care providers include the following:

1. A hospital as defined in Iowa Code section 135B.1;
2. A health care facility as defined in Iowa Code section 135C.1;
3. A health facility as defined in Iowa Code section 135P.1; or
4. A similar entity that either is a health care provider or employs or provides the services of a health care provider.

"Public health agency" means any establishment; facility; organization; administrative division; or entity that is owned by a federal, state, or local government that either is a health care provider or employs or provides the services of a health care provider. Establishments, facilities, organizations, administrative divisions, or other entities that are health care providers include the following:

1. A hospital as defined in Iowa Code section 135B.1;
2. A health care facility as defined in Iowa Code section 135C.1;
3. A health facility as defined in Iowa Code section 135P.1; or
4. A similar entity that either is a health care provider or employs or provides the services of a health care provider.

"Standard medical practice" means the degree of skill, care, and diligence that a physician of the same medical specialty would employ in like circumstances. As applied to the method used to determine the presence of a fetal heartbeat for purposes of Iowa Code chapter 146E and this rule, "standard medical practice" includes employing the appropriate means of detection depending on the estimated gestational age of the unborn child and the condition of the woman and her pregnancy.

"The pregnancy is the result of a rape" means a circumstance in which the pregnancy is the result of conduct that would constitute an offense under Iowa Code section 709.2, 709.3, 709.4, or 709.4A when perpetrated against a female, regardless of where the conduct occurred.

"The pregnancy is the result of incest" means a circumstance in which a sex act occurs between closely related persons that involves a vaginal penetration that causes a pregnancy. The closely related persons must be related, either legitimately or illegitimately, as an ancestor, descendant, brother or sister of the

whole or half blood, aunt, uncle, niece, or nephew. For purposes of this rule, a closely related person includes a stepparent, stepchild, or stepsibling, including siblings through adoption.

"Unborn child" means an individual organism of the species *Homo sapiens* from fertilization to live birth—that is, at all stages of development, including embryo and fetus.

"Woman" means a female individual regardless of her age.

655.15(3) *Detection of fetal heartbeat.* A physician who intends to perform or induce an abortion must determine via ultrasound whether the woman is carrying an unborn child with a detectable fetal heartbeat.

a. Obligation. The obligation under this rule requires a bona fide effort to detect a fetal heartbeat in the unborn child. This effort must be made in good faith and according to standard medical practice and reasonable medical judgment.

b. Method. The physician shall perform a transabdominal pelvic ultrasound on the woman to determine whether the unborn child has a detectable fetal heartbeat. This shall be performed in a manner consistent with standard medical practice, with real-time ultrasound equipment with a transducer of appropriate frequency. The equipment must be properly maintained and in proper functioning order.

655.15(4) *Fetal heartbeat exceptions.* The following applies to a physician who intends to perform or induce an abortion under a fetal heartbeat exception as defined in Iowa Code chapter 146E and this rule:

a. Incest or rape. For purposes of this rule, a pregnancy resulting from incest or rape may be reported within the appropriate time frame to a licensed physician whose services are retained for an abortion procedure.

(1) To determine whether the pregnancy is the result of incest, a physician who intends to perform or induce an abortion must use the following information:

1. Whether the sex act occurred between the woman and a closely related person, meaning, either legitimately or illegitimately, an ancestor, descendant, brother or sister of the whole or half blood, aunt, uncle, niece, or nephew, including a stepparent, stepchild, or stepsibling to include an adopted sibling.
2. The date the act occurred.
3. If initial reporting was to someone other than the physician who intends to perform or induce an abortion, the date the act was reported to a law enforcement agency, public health agency, private health agency, or family physician.

The physician who intends to perform or induce an abortion shall use this information to determine whether the fetal heartbeat exception for incest applies. This information does not prescribe the manner in which the physician is to obtain this information. This information and its source shall be documented in the woman's medical records.

The physician who intends to perform or induce an abortion may rely on the information received upon a good-faith assessment that the information is true. The physician who intends to perform or induce an abortion may require the person providing the information to sign a certification form attesting that the information is true.

(2) To determine whether the pregnancy is the result of a rape, a physician who intends to perform or induce an abortion must use the following information:

1. The date the sex act that caused the pregnancy occurred.
2. The age of the woman seeking an abortion at the time of that sex act.
3. Whether the sex act constituted a rape.
4. Whether the rape was perpetrated against the woman seeking an abortion.
5. If initial reporting was to someone other than the physician who intends to perform or induce an abortion, the date the rape was reported to a law enforcement agency, public health agency, private health agency, or family physician.

The physician who intends to perform or induce an abortion shall use this information to determine whether the fetal heartbeat exception for rape applies. This rule does not prescribe the manner in which the physician is to obtain this information. This information and its source shall be documented in the woman's medical records.

The physician who intends to perform or induce an abortion may rely on the information received upon a good-faith assessment that the information is true. The physician who intends to perform or induce an

abortion may require the person providing the information to sign a certification form attesting that the information is true.

b. Fetal abnormality. A certification from an attending physician that a fetus has a fetal abnormality that in the attending physician's reasonable medical judgment is incompatible with life must contain the following information:

(1) The diagnosis of the abnormality;

(2) The basis for the diagnosis, including the tests and procedures performed, the results of those tests and procedures, and why those results support the diagnosis; and

(3) A description of why the abnormality is incompatible with life.

The diagnosis and the attending physician's conclusion must be reached in good faith following a bona fide effort, consistent with standard medical practice and reasonable medical judgment, to determine the health of the fetus. The certification must be signed by the attending physician. A physician who intends to perform or induce an abortion may rely in good faith on a certification from an attending physician if the physician who intends to perform or induce an abortion has a copy of the certification. The certification must be included in the woman's medical records by the physician who intends to perform or induce an abortion.

655.15(5) *Discipline.* Failure to comply with this rule or the requirements of Iowa Code chapter 146E may constitute grounds for discipline.

[**ARC 9115C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—655.16(147,148) Principles of medical ethics. The Code of Medical Ethics (2002-2003) prepared and approved by the American Medical Association and the Code of Ethics (2002-2003) prepared and approved by the American Osteopathic Association is utilized by the board as guiding principles in the practice of medicine and surgery and osteopathic medicine and surgery in this state.

655.16(1) *Conflict of interest.* A physician should not provide medical services under terms or conditions that tend to interfere with or impair the free and complete exercise of the physician's medical judgment and skill or tend to cause a deterioration of the quality of medical care.

655.16(2) *Fees.* Any fee charged by a physician shall be reasonable.

[**ARC 9115C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—655.17(147A) Emergency medical care provider. A physician with a license in good standing may be staffed on an authorized emergency medical services (EMS) program provided the physician can document equivalency through education and additional skills training essential in the delivery of out-of-hospital emergency care. The equivalency shall be accepted when documentation has been reviewed and approved at the local level by the medical director of the authorized EMS service program and the department of health and human services bureau of emergency medical and trauma services in accordance with the form adopted by the department of health and human services.

[**ARC 9115C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

These rules are intended to implement Iowa Code chapters 124, 124E, 144E, 146E, 148 and 272C and sections 147.55, 148.6, 147.107, 272C.3 and 272C.4.

CHAPTER 656
LICENSURE OF ACUPUNCTURISTS
[Prior to 6/11/25, see Medicine Board[653] Ch 17]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/21/30

481—656.1(148E) Scope of chapter. The rules in this chapter only apply to individuals licensed under Iowa Code chapter 148E. In accordance with Iowa Code section 148E.3, the rules in this chapter do not apply to the following:

1. A person otherwise licensed by the state to practice medicine and surgery, osteopathic medicine and surgery, chiropractic, podiatry, or dentistry who is exclusively engaged in the practice of the person's profession.
2. A student practicing acupuncture under the direct supervision of a licensed acupuncturist as part of a course of study approved by the board.

[**ARC 9116C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—656.2(148E) Definitions. The definitions stated in Iowa Code section 148E.1 apply to this chapter, in addition to those listed below.

"Accreditation Commission for Acupuncture and Oriental Medicine" or *"ACAOM"* means the United States-based accreditation commission that certifies acupuncture and oriental medicine training programs and colleges.

"Acupuncture needle" means a solid-core instrument including but not limited to acupuncture needles, dermal needles, intradermal needles, press tacks, plum blossom needles, prismatic needles, and disposable lancets.

"Acupuncture point" means a specific anatomical location on the human body that serves as the treatment site for the use of acupuncture.

"Applicant" means a person not otherwise authorized to practice acupuncture under Iowa Code section 148E.3 who applies to the board for a license.

"Ashi acupuncture point" means an acupuncture point that is located according to tenderness upon palpation. An ashi acupuncture point is also known as a trigger point.

"Committee" means the licensure committee of the board with oversight responsibility for administration of the licensure of acupuncturists.

"Department" means the department of inspections, appeals, and licensing.

"Disclosure sheet" means the written information licensed acupuncturists must provide to patients on initial contact.

"Disposable needles" means presterilized needles that are discarded after initial use pursuant to Iowa Code section 148E.5.

"License" means a license issued by the board pursuant to Iowa Code section 148E.2.

"Licensee" means a person holding a license to practice acupuncture issued by the board pursuant to Iowa Code chapter 148E.

"National Certification Commission for Acupuncture and Oriental Medicine" or *"NCCAOM"* means the United States-based commission that validates entry-level competency in the practice of acupuncture and oriental medicine through professional certification.

[**ARC 9116C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—656.3(147,148E) Eligibility for licensure.

656.3(1) *Eligibility requirements.* To be licensed to practice acupuncture by the board, a person shall meet all of the following requirements:

a. Fulfill all the application requirements as specified in rule 481—656.4(147,148E).

b. Hold current active status as a diplomate in NCCAOM or, after June 1, 2004, hold current active status as a diplomate in acupuncture or oriental medicine from NCCAOM.

c. Demonstrate sufficient knowledge of the English language to understand and be understood by patients and board and committee members.

(1) An applicant who passed the NCCAOM written and practical examination components in English may be presumed to have sufficient proficiency in English.

(2) An applicant who passed NCCAOM written or practical examination components in a language other than English shall pass the Test of Spoken English (TSE) or the Test of English as a Foreign Language (TOEFL) examinations administered by the Educational Testing Service or shall pass the OET medicine test.

d. Successfully complete a three-year postsecondary training program or acupuncture college program that is accredited by, in candidacy for accreditation by, or that meets the standards of the Accreditation Commission for Acupuncture and Oriental Medicine.

e. Successfully complete a course in clean needle technique approved by the NCCAOM.

f. The applicant's license is not denied by the board due to the commission of a disqualifying offense, as provided in 481—subrule 652.3(3).

656.3(2) *Waiver prohibited.* Provisions of this rule are not subject to waiver pursuant to 7—Chapter 2504 or any other provision of law.

[**ARC 9116C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25; **ARC 0465D**, IAB 8/5/26, effective 9/9/26; Editorial change: IAC Supplement 8/5/26]

481—656.4(147,148E) Application requirements.

656.4(1) *Application for licensure.* To apply for a license to practice acupuncture, an applicant shall:

a. Submit the completed application form provided by the board, including required credentials and documents, a completed fingerprint packet and a sworn statement by the applicant attesting to the truth of all information provided by the applicant;

b. Pay the nonrefundable initial application fee identified in 481—subrule 651.2(1); and

c. Pay the fee identified in 481—subrule 651.2(5) for the evaluation of the fingerprint packet and the national criminal history background checks by the division of criminal investigation (DCI) and the Federal Bureau of Investigation (FBI).

656.4(2) *Contents of the application form.* Each applicant shall submit the following information on the application form provided by the board:

a. The applicant's full legal name, date and place of birth, home address, mailing address, principal business address, and personal email address regularly used by the applicant or licensee for correspondence with the board;

b. A chronology accounting for all time periods from the date the applicant entered an acupuncture and oriental medicine training program or college to the date of the application;

c. The other jurisdictions in the United States or other nations or territories in which the applicant is authorized to practice acupuncture, including license, certificate of registration or certification numbers, and date of issuance;

d. Full disclosure of the applicant's involvement in civil litigation related to the practice of acupuncture in any jurisdiction of the United States, other nations or territories. Copies of the legal documents may be requested if needed during the review process;

e. A statement disclosing and explaining any informal or nonpublic actions, warnings issued, investigations conducted, or disciplinary actions taken, whether by voluntary agreement or formal action, by a medical, acupuncture or professional regulatory authority, an educational institution, a training or research program, or a health facility in any jurisdiction;

f. A statement disclosing and explaining any charge of a misdemeanor or felony involving the applicant filed in any jurisdiction, whether or not any appeal or other proceeding is pending to have the conviction or plea set aside;

g. The NCCAOM score report verification form submitted directly to the board by the NCCAOM;

h. An NCCAOM certificate that demonstrates that the applicant holds current active status as a diplomate in acupuncture or oriental medicine from the NCCAOM;

i. Proof of successful completion of a course in clean needle technique approved by the NCCAOM;

j. A description of the applicant's clinical acupuncture training, work experience and, where applicable, supporting documentation;

k. A copy of the applicant's acupuncture degree issued by an educational institution. If a copy of the acupuncture degree cannot be provided because of extraordinary circumstances, the board may accept other reliable evidence that the applicant obtained an acupuncture degree from a specific educational institution;

l. A complete translation of any diploma not written in English. An official transcript, written in English and received directly from the educational institution, showing graduation from an acupuncture training program or an educational institution is a suitable alternative;

m. A sworn statement from an official of the educational institution certifying the date the applicant received the acupuncture degree and acknowledging what, if any, derogatory comments exist in the institution's record about the applicant. If a sworn statement from an official of the educational institution cannot be provided because of extraordinary circumstances, the board may accept other reliable evidence that the applicant obtained an acupuncture degree from a specific educational institution;

n. An official transcript sent directly from an acupuncture training program or an educational institution attended by the applicant and, if requested by the board, an English translation of the official transcript;

o. Proof of the applicant's proficiency in the English language, when the applicant has not passed the English version of the NCCAOM written and practical examinations;

p. Verification of an applicant's hospital and clinical staff privileges and other professional experience for the past five years if requested by the board; and

q. A completed fingerprint packet to facilitate a national criminal history background check. The fee for evaluation of the fingerprint packet and the DCI and FBI criminal history background checks will be assessed to the applicant.

656.4(3) *Application cycle.* If the applicant does not submit all materials, including a completed fingerprint packet, within 90 days of the board's initial request for further information, the application is inactive.

a. To reactivate the application, an applicant shall submit a nonrefundable reactivation of application fee identified in 481—subrule 651.2(2) and shall update application materials if requested by the board. The period for requesting reactivation is limited to 30 days from the date the applicant is notified that the application is inactive, unless the applicant is granted an extension in writing by the committee or the board.

b. Once the application reactivation period is expired, applicants must reapply and submit a new, nonrefundable initial application fee and a new application, including required documents and credentials.

656.4(4) *Applicant responsibilities.* An applicant for licensure to practice acupuncture bears full responsibility for each of the following:

a. Paying all fees charged by regulatory authorities, national testing or credentialing organizations, health facilities, and educational institutions providing the information specified in subrule 656.4(2);

b. Providing accurate, up-to-date, and truthful information on the application form, including but not limited to that specified under subrule 656.4(2) related to prior professional experience, education, training, examination scores, diplomate status, licensure or registration, and disciplinary history; and

c. Submitting English translations of documents in foreign languages bearing the affidavit of the translator certifying that the translation is a true and complete translation of the foreign language original. The applicant shall bear the expense of the translation.

656.4(5) *Licensure application review process.* The process below is utilized to review each application. Priority is given to processing a licensure application when a written request is received in the board office from an applicant whose practice will primarily involve provision of services to underserved populations, including but not limited to persons who are minorities or low-income or who live in rural areas.

a. An application for initial licensure is considered open from the date the application form is received in the board office with the nonrefundable initial application fee.

b. After reviewing each application, staff will notify the applicant about how to resolve any problems identified by the reviewer. An applicant shall provide additional information when requested by staff or the board.

c. If the final review indicates no questions or concerns regarding the applicant's qualifications for licensure, staff may administratively grant the license. The staff may grant the license without having received a report on the applicant from the FBI.

d. If the final review indicates questions or concerns that cannot be remedied by continued communication with the applicant, the executive director, the director of licensure and the director of legal affairs will determine if the questions or concerns indicate any uncertainty about the applicant's current qualifications for licensure.

(1) If there is no current concern, staff will administratively grant the license.

(2) If any concern exists, the application will be referred to the committee.

e. Staff will refer to the committee for review matters that include but are not limited to: falsification of information on the application, criminal record, malpractice, substance abuse, competency, physical or mental illness, or professional disciplinary history.

f. If the committee is able to eliminate questions or concerns without dissension from staff or a committee member, the committee may direct staff to issue the license administratively.

g. If the committee is not able to eliminate questions or concerns without dissension from staff or a committee member, the committee will recommend that the board:

(1) Request an investigation;

(2) Request that the applicant appear for an interview;

(3) If an applicant has not engaged in active practice in the past three years in any jurisdiction of the United States, require an applicant to:

1. Successfully complete continuing education or retraining programs in areas directly related to the safe and healthful practice of acupuncture deemed appropriate by the board or committee;

2. Successfully pass a competency evaluation approved by the board;

3. Successfully pass an examination approved by the board; or

4. Successfully complete a reentry to practice program or monitoring program approved by the board;

(4) Issue a license;

(5) Issue a license under certain terms and conditions or with certain restrictions;

(6) Request that the applicant withdraw the licensure application; or

(7) Deny a license.

h. The board will consider applications and recommendations from the committee and will:

(1) Request an investigation;

(2) Request that the applicant appear for an interview;

(3) If an applicant has not engaged in active practice in the past three years in any jurisdiction of the United States, require an applicant to:

1. Successfully complete continuing education or retraining programs in areas directly related to the safe and healthful practice of acupuncture deemed appropriate by the board or committee;

2. Successfully pass a competency evaluation approved by the board;

3. Successfully pass an examination approved by the board; or

4. Successfully complete a reentry to practice program or monitoring program approved by the board;

(4) Issue a license;

(5) Issue a license under certain terms and conditions or with certain restrictions;

(6) Request that the applicant withdraw the licensure application; or

(7) Deny a license. The board may deny a license for any grounds on which the board may discipline a license.

656.4(6) *Grounds for denial of licensure.* The board, on the recommendation of the committee, may deny an application for licensure for any of the following reasons:

a. Failure to meet the requirements for licensure specified in rule 481—656.3(147,148E) as authorized by Iowa Code section 148E.2 or of this chapter.

b. Pursuant to Iowa Code section 147.4, upon any of the grounds for which licensure may be revoked or suspended as specified in Iowa Code sections 147.55 and 148E.8 or in 481—Chapter 8.

656.4(7) *Preliminary notice of denial.* Prior to the denial of licensure to an applicant, the board will issue a preliminary notice of denial that will be sent to the applicant by regular, first-class mail at the address provided by the applicant. The preliminary notice of denial is a public record and cites the factual and legal basis for denying the application, notifies the applicant of the appeal process, and specifies the date upon which the denial will become final if it is not appealed.

656.4(8) *Appeal procedure.* An applicant who has received a preliminary notice of denial may appeal the denial and request a hearing on the issues related to the preliminary notice of denial by serving a request for hearing upon the executive director not more than 30 calendar days following the date when the preliminary notice of denial was mailed. The applicant's current address shall be provided in the request for hearing. The request is deemed filed on the date it is received in the board office. If the request is received with a USPS nonmetered postmark, the board will consider the postmark date as the date the request is filed. The request shall specify the factual or legal errors and that the applicant desires an evidentiary hearing and may provide additional written information or documents in support of licensure.

656.4(9) *Hearing.* If an applicant appeals the preliminary notice of denial and requests a hearing, the hearing will be a contested case open to the public and conducted in accordance with 481—Chapter 506.

656.4(10) *Finality.* If an applicant does not appeal a preliminary notice of denial in accordance with subrule 656.4(8), the preliminary notice of denial automatically becomes final. A final denial of an application for licensure is a public record.

656.4(11) *Failure to pursue appeal.* If an applicant appeals a preliminary notice of denial in accordance with subrule 656.4(8) but the applicant fails to pursue that appeal to a final decision within one year from the date of the preliminary notice of denial, the board may dismiss the appeal. The appeal may be dismissed only after the board sends a written notice by first-class mail to the applicant at the applicant's last-known address. The notice will state that the appeal will be dismissed and the preliminary notice of denial will become final if the applicant does not contact the board to schedule the appeal hearing within 30 days of the date the letter is mailed from the board office. Upon dismissal of an appeal, the preliminary notice of denial becomes final. A final denial of an application for licensure under this rule is a public record.

656.4(12) *Waiver prohibited.* Provisions of this rule are not subject to waiver pursuant to 7—Chapter 2504 or any other provision of law.

[**ARC 9116C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25; Editorial change: IAC Supplement 8/5/26]

481—656.5(147,148E,272C) Biennial renewal of license required. Pursuant to Iowa Code section 148E.2, a license expires on October 31 of even-numbered years and can be renewed for the fee identified in 481—paragraph 651.2(2)*"c."* The applicant for renewal shall provide an NCCAOM certificate that demonstrates that the applicant holds current active status as a diplomate in acupuncture or oriental medicine from the NCCAOM.

656.5(1) *Expiration date.* Certificates of licensure to practice acupuncture expire on October 31 in even years.

656.5(2) *Prorated fees.* The first renewal fee for a license will be prorated on a monthly basis according to the date of issue.

656.5(3) *Renewal requirements and penalties for late renewal.* The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice does not relieve the licensee of responsibility for renewing that license.

a. Upon receipt of the completed renewal application, staff will administratively issue a license that expires on October 31 of even-numbered years. In the event the board receives adverse information on the renewal application, the board will issue the renewal license but may refer the adverse information for further consideration.

b. Every renewal shall be displayed in connection with the original certificate of licensure.

c. If the licensee fails to submit the renewal application and renewal fee prior to the expiration date on the current license, a penalty stated in 481—paragraph 651.2(2)*"g"* will be assessed for renewal in the grace period, a period up until January 1.

656.5(4) *Inactive license.* Failure of a licensee to renew by January 1 will result in inactivation of the license, and the license will be invalid.

a. Licensees are prohibited from engaging in the practice of acupuncture with an inactive or lapsed license.

b. Having an acupuncturist license in lapsed status does not preclude the board from taking disciplinary actions authorized in Iowa Code section 147.55 or 148E.8.

[**ARC 9116C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—656.6(147,272C) Reactivation of an inactive license.

656.6(1) *Reactivation requirements.* Licensees who allow their licenses to go inactive by failing to renew may apply for reactivation of a license. Pursuant to Iowa Code section 147.11, applicants for reactivation shall:

a. Submit completed application for reactivation of a license to practice acupuncture. The application shall include the following information:

(1) The applicant's full legal name, date and place of birth, home address, mailing address, principal business address, and personal email address regularly used by the applicant or licensee for correspondence with the board.

(2) Every jurisdiction in which the applicant is or has been authorized to practice, including license numbers and dates of issuance.

(3) Full disclosure of the applicant's involvement in civil litigation related to the practice of acupuncture in any jurisdiction of the United States, other nations or territories. Copies of the legal documents may be requested if needed during the review process.

(4) A statement disclosing and explaining any warnings issued, investigations conducted or disciplinary actions taken, whether by voluntary agreement or formal action, by a medical, acupuncture or professional regulatory authority, an educational institution, a training or research program, or a health facility in any jurisdiction.

(5) Verification of an applicant's hospital and clinical staff privileges and other professional experience for the past five years if requested by the board.

(6) A chronology accounting for all time periods from the date of initial licensure.

(7) A statement disclosing and explaining any charge of a misdemeanor or felony involving the applicant filed in any jurisdiction, whether or not any appeal or other proceeding is pending to have the conviction or plea set aside.

b. Submit a completed fingerprint packet to facilitate a national criminal history background check. The fee identified in 481—subrule 651.2(5) for the evaluation of the fingerprint packet and the DCI and FBI criminal history background checks will be assessed to the applicant.

c. Pay the reactivation fee identified in rule 481—651.2(147,148,272C) plus the fee identified in 481—subrule 651.2(5) for the evaluation of the fingerprint packet and the DCI and FBI criminal history background checks.

d. Provide an NCCAOM certificate which demonstrates that the applicant holds current active status as a diplomate in acupuncture or oriental medicine from the NCCAOM.

e. Meet any new requirements instituted since the license lapsed.

656.6(2) *Reactivation restrictions.* Pursuant to Iowa Code section 272C.3(2)*"d,"* the committee may require an applicant who has not engaged in active practice in the past three years in any jurisdiction of the United States to meet any or all of the following requirements prior to reactivation of a license:

a. Successfully complete continuing education or retraining programs in areas directly related to the safe and healthful practice of acupuncture deemed appropriate by the board or committee;

b. Successfully pass a competency evaluation approved by the board;

c. Successfully pass an examination approved by the board; or

d. Successfully complete a reentry to practice program or monitoring program approved by the board.

[**ARC 9116C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—656.7(272C) Continuing education requirements. Licensees shall demonstrate that they hold current active status as a diplomate from the NCCAOM. The NCCAOM requires 60 points of professional

development activity every four years. Active NCCAOM certification satisfies the continuing education requirements established in Iowa Code section 272C.2.

[**ARC 9116C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—656.8(147,148E,272C) General provisions.

656.8(1) *Diagnostic and treatment modalities.* Diagnostic and treatment modalities used by licensees under this chapter may include one or more of the following acupunctural services:

a. The stimulation or piercing of the skin with an acupuncture needle for any of the following purposes:

(1) To evoke a therapeutic physiological response, either locally or distally to the area of insertion or stimulation.

(2) To relieve pain or treat the neuromusculoskeletal system.

(3) To stimulate ashi acupuncture points to relieve pain and dysfunction.

(4) To promote, maintain, and restore health and to prevent disease.

(5) To stimulate the body according to auricular, hand, nose, face, foot or scalp acupuncture therapy.

(6) To use acupuncture needles with or without the use of herbs, electric current, or application of heat.

b. The use of oriental medical diagnosis and treatment, including:

(1) Moxibustion, cupping, thermal methods, magnets, gua sha scraping techniques, acupatches, herbal poultices, hot and cold packs, electromagnetic wave therapy, light and color therapy, sound therapy, or therapy lasers.

(2) Massage, acupressure, reflexology, shiatsu and tui na massage, or manual stimulation, including stimulation by an instrument or mechanical device that does not pierce the skin.

(3) Herbal medicine and dietary supplements, including those of plant, mineral, animal, and nutraceutical origin.

c. Any other adjunctive service or procedure that is clinically appropriate based on the licensee's training as approved by NCCAOM or ACAOM.

656.8(2) *Use and disposal of needles.* A licensee shall use only presterilized, disposable needles and shall provide for the disposal of used needles in accordance with the requirements of the department.

656.8(3) *Standard of care.* A licensee shall be held to the same standard of care as persons licensed to practice medicine and surgery or osteopathic medicine and surgery. Pursuant to Iowa Code section 272C.3, any error or omission, unreasonable lack of skill, or failure to maintain a reasonable standard of care in the practice of acupuncture constitutes malpractice and is grounds for the revocation or suspension of a license to practice acupuncture in this state.

656.8(4) *Title.* An acupuncturist licensed under this title may use the words "licensed acupuncturist" or "L.Ac." to connote professional standing after the licensee's name in accordance with Iowa Code section 147.74(18).

656.8(5) *Change of contact information.* Licensees shall notify the board of changes in home address, address of the place of practice, home or practice telephone number, or personal email address regularly used by the applicant or licensee for correspondence with the board within one month of the change.

656.8(6) *Delegation of responsibilities.* A licensee shall perform all aspects of acupuncture treatment that involve penetration of the skin of a patient. The licensee may delegate other aspects of treatment to staff and patients who are properly trained by the licensee. It is permissible for appropriately trained staff and patients to remove acupuncture needles from the patient's body. The licensee is responsible for establishing and maintaining written training standards for staff.

656.8(7) *Change of full legal name.* A licensee shall notify the board of any change in the licensee's full legal name within one month of making the name change. Notification requires a notarized copy of a marriage license or a notarized copy of court documents.

656.8(8) *Deceased.* A licensee's file will be closed and labeled "deceased" when the board receives a copy of the licensee's death certificate or other reliable information of the licensee's death.

[**ARC 9116C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

These rules are intended to implement Iowa Code chapter 148E and sections 17A.10 through 17A.20, 147.55, 272C.3 through 272C.6, 272C.8 and 272C.9.

CHAPTER 657
PRESCRIBING PSYCHOLOGISTS
[Prior to 6/11/25, see Medicine Board[653] Ch 19]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/21/30

481—657.1(148,154B) Joint rules adopted. The board of medicine adopts and incorporates the following rules as its own: 481—883.1(148,154B), 481—883.3(148,154B), 481—883.4(148,154B), 481—883.6(148,154B) through 481—883.8(148,154B), and 481—883.11(148,154B) through 481—883.13(148,154B).

[**ARC 9117C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—657.2(17A,124,147,148,154B,272C) Standards of practice—supervision of a conditional prescribing psychologist. A supervising physician shall be a person who is licensed to practice medicine and surgery or osteopathic medicine in Iowa who regularly prescribes psychotropic medications for the treatment of mental disorders as part of the physician's normal course of practice and who supervises a conditional prescribing psychologist. A supervising physician shall be board-certified in family medicine, internal medicine, neurology, pediatrics, or psychiatry. A supervising physician shall fully comply with the following standards of practice:

657.2(1) *Supervision.* During supervised practice, a supervising physician oversees a conditional prescribing psychologist to ensure patient safety and optimal outcomes. This includes ensuring proper clinical examinations, necessary testing, and appropriate psychopharmacology services for the patient's condition. Supervision can occur in person or electronically according to these rules.

657.2(2) *Primary supervising physician.* A supervising physician shall determine whether the supervising physician has been designated as a conditional prescribing psychologist's primary supervising physician and fulfills the responsibilities of the primary supervising physician in accordance with these rules. A conditional prescribing psychologist may have more than one supervising physician.

657.2(3) *Maximum number of conditional prescribing psychologists.* A supervising physician cannot supervise more than two conditional prescribing psychologists at one time.

657.2(4) *Minimum period of supervision.* The primary supervising physician shall ensure that a conditional prescribing psychologist completes a minimum of two years of supervised practice prescribing psychotropic medications to patients with mental disorders in accordance with these rules in order for the conditional prescribing psychologist to be eligible to apply for a prescription certificate.

657.2(5) *Minimum number of patients.* The primary supervising physician shall ensure that a conditional prescribing psychologist has seen a minimum of 300 patients who had a diagnosed mental disorder for whom pharmacological intervention was considered as a treatment option, even if a decision was made not to prescribe a psychotropic medication to the patient. The primary supervising physician shall ensure that a conditional prescribing psychologist has treated a minimum of 100 patients with psychotropic medication throughout the supervised practice period.

657.2(6) *Initial assessment.* Prior to supervising a conditional prescribing psychologist, each supervising physician shall assess the conditional prescribing psychologist's relevant education, training, experience, and competence.

657.2(7) *Scope of practice.* Each supervising physician shall ensure that all psychopharmacology services provided by a conditional prescribing psychologist are within the competence and scope of practice of the supervising physician and the conditional prescribing psychologist.

657.2(8) *Prescriptive authority.* Each supervising physician shall ensure that a conditional prescribing psychologist only prescribes psychotropic medications for the treatment of mental disorders.

657.2(9) *Prescriptions.* A supervising physician shall ensure that each prescription issued by a conditional prescribing psychologist identifies the prescriber as a "psychologist certified to prescribe" and includes the Iowa license number of the conditional prescribing psychologist and the name of the supervising physician.

657.2(10) *Active DEA and CSA registration.* A supervising physician shall ensure that a conditional prescribing psychologist has an active DEA registration and CSA registration at all times during the period of supervision.

657.2(11) *Patient populations.* A supervising physician shall ensure that a conditional prescribing psychologist only provides psychopharmacology services to patient populations within the conditional prescribing psychologist's education, training, experience, and competence. A supervising physician may establish limitations on the types of populations to whom a conditional prescribing psychologist may provide psychopharmacology services based on the conditional prescribing psychologist's education, training, experience, and competence.

657.2(12) *Psychotropic medications.* A supervising physician shall ensure that a conditional prescribing psychologist only prescribes psychotropic medications that are within the conditional prescribing psychologist's education, training, experience, and competence. A supervising physician may establish limitations on the types of psychotropic medications that a conditional prescribing psychologist may prescribe based on the conditional prescribing psychologist's education, training, experience, and competence.

657.2(13) *Specialization.* A supervising physician shall ensure that a conditional prescribing psychologist has completed the following training during the supervised practice period to be eligible to prescribe psychotropic medications to the respective population as a prescribing psychologist:

a. Children. To prescribe to patients who are less than 17 years of age, a conditional prescribing psychologist shall complete at least one year of the required two years of supervised practice in either:

(1) A pediatric practice,

(2) A child and adolescent practice, or

(3) A general practice provided the conditional prescribing psychologist treats a minimum of 50 patients who are less than 17 years of age.

b. Elderly patients. To prescribe to patients who are over 65 years of age, a conditional prescribing psychologist shall complete at least one year of the required two years of supervised practice in either:

(1) A geriatric practice, or

(2) A general practice with patients across the lifespan including patients who are over 65 years of age.

c. Serious medical conditions. To prescribe to patients with serious medical conditions, including but not limited to heart disease, cancer, stroke, seizures, or comorbid psychological conditions, or patients with developmental disabilities and intellectual disabilities, a supervising physician shall ensure that a conditional prescribing psychologist has completed at least one year prescribing psychotropic medications to patients with serious medical conditions if the conditional prescribing psychologist intends to treat patients with serious medical conditions after the supervised practice period.

657.2(14) *Informed consent.* A supervising physician shall ensure that a conditional prescribing psychologist obtains appropriate informed consent before the conditional prescribing psychologist provides psychopharmacology services to a patient.

657.2(15) *Release of information.* A supervising physician shall ensure that a conditional prescribing psychologist obtains a release of information authorizing the conditional prescribing psychologist to share information with the supervising physician before the conditional prescribing psychologist provides psychopharmacology services to a patient.

657.2(16) *Primary care physician.* A supervising physician shall ensure that each patient has a designated primary care physician before a conditional prescribing psychologist provides psychopharmacology services to a patient. A supervising physician shall ensure that a conditional prescribing psychologist maintains a cooperative relationship with the primary care physician who oversees a patient's general medical care to ensure that necessary medical examinations are conducted, the psychotropic medication is appropriate for the patient's medical condition, and significant changes in the patient's medical or psychological condition are discussed. A supervising physician shall ensure that a conditional prescribing psychologist engages in appropriate consultation with a patient's designated primary care physician while the conditional prescribing psychologist is providing psychopharmacology services to a patient.

657.2(17) *Chart reviews.* A supervising physician shall personally review a representative sample of the conditional prescribing psychologist's patient charts.

657.2(18) *Performance evaluations.* A supervising physician shall regularly evaluate the clinical judgment, skills and performance of a conditional prescribing psychologist to safely provide psychopharmacology services to patients and provide appropriate feedback to the conditional prescribing psychologist.

657.2(19) *Supervision plan.* Before supervising a conditional prescribing psychologist, a supervising physician must ensure there is an approved written supervision plan. This plan should outline the supervisory relationship, including review parameters, and consider both parties' education, training, and experience and the psychopharmacology services involved. A template is available from the boards of medicine and psychology. Both the supervising physician and the psychologist must keep a copy of the plan and provide it to the boards if requested. The supervision plan shall include the following:

a. Conditional prescribing psychologist's information. The name, license number, address, telephone number, and email address of the conditional prescribing psychologist.

b. Supervising physician's information. The name, license number, DEA registration number, CSA registration number, address, telephone number, email address, and practice locations of the supervising physician.

c. Designation of the primary supervising physician. Designation of the conditional prescribing psychologist's primary supervising physician.

d. Period of supervision. The beginning date of the supervision plan and estimated date of completion.

e. Locations and settings. A description of the locations and settings where and with whom supervision will occur.

f. Scope of practice. A description of the scope of practice of the supervising physician and the conditional prescribing psychologist.

g. Methods of communication. A description of how the supervising physician and conditional psychologist may communicate for appropriate supervision.

h. Initial assessment. A description of the steps the supervising physician has taken to assess a conditional prescribing psychologist's relevant education, training, experience, and competence prior to supervising the conditional prescribing psychologist.

i. Limitations on psychotropic medications. A description of any limitations on the types of psychotropic medications the conditional prescribing psychologist may prescribe consistent with the supervising physician's and prescribing psychologist's relevant education, training, experience, and competence.

j. Limitations on patient populations. A description of any limitations on the types of populations the conditional prescribing psychologist may treat with psychotropic medications consistent with the supervising physician's and prescribing psychologist's relevant education, training, experience, and competence.

k. Expectations and responsibilities. A description of the expectations and responsibilities of the supervisory relationship.

l. Specialization. A description of the specialized training to be completed by the conditional prescribing psychologist in order to provide psychopharmacology services to children (less than 17 years of age), elderly persons (over 65 years of age), or patients with serious medical conditions, including but not limited to heart disease, cancer, stroke, seizures, or comorbid psychological conditions, or patients with developmental disabilities and intellectual disabilities in accordance with rule 481—883.4(148,154B).

m. Chart reviews. A description of the steps the supervising physician has taken to personally review a representative sample of the conditional prescribing psychologist's patient charts.

n. Consultation between the supervising physician and the primary care physician. A requirement that the supervising physician consult with the patient's primary care physician on a regular basis regarding the patient's psychotropic treatment plan and any potential complications.

o. Performance evaluations. A description of the steps the supervising physician has taken to regularly evaluate the clinical judgment, skills and performance of a conditional prescribing psychologist

to safely provide psychopharmacology services to patients and provide appropriate feedback to the conditional prescribing psychologist.

p. Termination of the supervision plan. A description of how the supervision plan may be terminated and the process for notifying affected patients.

q. Signatures. Signatures of the conditional prescribing psychologist and all supervising physicians.

r. Amendment to the supervision plan. A requirement that a conditional prescribing psychologist shall inform the board of psychology of any amendments to the supervision plan, including the addition of any supervising physicians, within 30 days of the change and that any amendment to a supervisory plan be subject to approval of the board of psychology.

s. Request for extension. If the primary supervising physician determines that a conditional prescribing psychologist is unable to successfully complete the supervised practice prior to the expiration of the conditional prescription certificate, the conditional prescribing psychologist may request an extension of the conditional prescription certificate provided that the conditional prescribing psychologist and the primary supervising physician can demonstrate that the conditional prescribing psychologist is likely to successfully complete the supervised practice within the extended time requested.

657.2(20) *Certification of completion.* At the conclusion of the supervised practice period, the primary supervising physician shall certify the following:

a. Supervision. That each supervising physician has provided supervision to the conditional prescribing psychologist in accordance with these rules.

b. Minimum period of supervised practice. That the conditional prescribing psychologist has successfully completed a minimum of two years of supervised practice.

c. Minimum number of patients. That the conditional prescribing psychologist has seen a minimum of 300 patients who had a diagnosed mental disorder with whom pharmacological intervention was considered as a treatment option, even if a decision was made not to prescribe a psychotropic medication to the patient, and that the conditional prescribing psychologist has treated a minimum of 100 patients with psychotropic medication throughout the supervised practice period.

d. Specialization. That a conditional prescribing psychologist who intends to provide psychopharmacology services to children (less than 17 years of age), elderly persons (over 65 years of age), or patients with serious medical conditions, including but not limited to heart disease, cancer, stroke, seizures, or comorbid psychological conditions, or patients with developmental disabilities and intellectual disabilities, has successfully completed a minimum of one year of supervised practice with the respective populations during the supervised practice period.

e. Demonstrated competence. That a conditional prescribing psychologist has successfully completed the supervised practice period and demonstrated competence in psychopharmacology by demonstrating competency in the milestones sufficient to obtain a prescription certificate in accordance with 481—subrule 883.3(2).

[**ARC 9117C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—657.3(17A,124,147,148,154B,272C) Standards of practice—collaboration with a prescribing psychologist. A collaborating physician shall be a person who is licensed to practice medicine and surgery or osteopathic medicine in Iowa, who regularly prescribes psychotropic medications for the treatment of mental disorders as part of the physician's normal course of practice, and who serves as a resource for a prescribing psychologist pursuant to a collaborative practice agreement. A collaborating physician shall be board-certified in family medicine, internal medicine, neurology, pediatrics, or psychiatry. A collaborating physician shall fully comply with the following standards of practice:

657.3(1) *Collaboration.* A collaborating physician shall provide appropriate collaboration with a prescribing psychologist to achieve patient safety and optimal clinical outcomes. A collaborating physician shall ensure that appropriate clinical examinations and necessary testing are performed and that all psychopharmacology services provided are appropriate for the patient's condition. Collaboration may be in person or via electronic communications in accordance with these rules. A prescribing psychologist may have more than one collaborating physician.

657.3(2) *Maximum number of prescribing psychologists.* A physician shall not serve as a collaborating physician for more than two prescribing psychologists at one time.

657.3(3) *Initial assessment.* Prior to serving as a collaborating physician, a physician shall assess a prescribing psychologist's relevant education, training, experience, and competence.

657.3(4) *Scope of practice.* A collaborating physician shall ensure that all psychopharmacology services provided by a prescribing psychologist are within the competence and scope of practice of the collaborating physician and the prescribing psychologist.

657.3(5) *Prescriptive authority.* A collaborating physician shall ensure that a prescribing psychologist only prescribes psychotropic medications for the treatment of mental disorders.

657.3(6) *Delegation.* A collaborating physician shall ensure that a prescribing psychologist does not delegate prescriptive authority to any other person.

657.3(7) *Narcotics.* A collaborating physician shall ensure that a prescribing psychologist does not prescribe narcotics.

657.3(8) *Active DEA and CSA registration.* A collaborating physician shall ensure that a prescribing psychologist has an active DEA registration and CSA registration at all times during the period of collaboration.

657.3(9) *Patient populations.* A collaborating physician shall ensure that a prescribing psychologist only provides psychopharmacology services to patient populations within the prescribing psychologist's education, training, experience, and competence. A collaborating physician may establish limitations on the types of populations to whom a prescribing psychologist may provide psychopharmacology services based on the prescribing psychologist's education, training, experience, and competence.

657.3(10) *Psychotropic medications.* A collaborating physician shall ensure that a prescribing psychologist only prescribes psychotropic medications that are within the prescribing psychologist's education, training, experience, and competence. A collaborating physician may establish limitations on the types of psychotropic medications that a prescribing psychologist may prescribe based on the prescribing psychologist's education, training, experience, and competence.

657.3(11) *Specialization.* A collaborating physician shall ensure that a prescribing psychologist has completed at least one year of the required two years of supervised practice with the respective population in accordance with rule 481—883.4(148,154B) before the prescribing psychologist provides psychopharmacology services to children (less than 17 years of age), elderly persons (over 65 years of age), or patients with serious medical conditions, including but not limited to, heart disease, cancer, stroke, seizures, or comorbid psychological conditions, or patients with developmental disabilities and intellectual disabilities.

657.3(12) *Informed consent.* A collaborating physician shall ensure that a prescribing psychologist obtains appropriate informed consent before a prescribing psychologist provides psychopharmacology services to a patient.

657.3(13) *Release of information.* A collaborating physician shall ensure that a prescribing psychologist obtains a release of information authorizing the prescribing psychologist to share information with the collaborating physician before the prescribing psychologist provides psychopharmacology services to a patient.

657.3(14) *Primary care physician.* A collaborating physician shall ensure that each patient has a designated primary care physician before a prescribing psychologist provides psychopharmacology services to a patient. A collaborating physician shall ensure that a prescribing psychologist maintains a cooperative relationship with the primary care physician who oversees a patient's general medical care to ensure that necessary medical examinations are conducted, the psychotropic medication is appropriate for the patient's medical condition, and significant changes in the patient's medical or psychological condition are discussed. A collaborating physician shall ensure that a prescribing psychologist engages in appropriate consultation with a patient's designated primary care physician while the prescribing psychologist is providing psychopharmacology services to a patient.

657.3(15) *Chart reviews.* A collaborating physician shall personally review a representative sample of the prescribing psychologist's patient charts.

657.3(16) *Performance evaluations.* A collaborating physician shall regularly evaluate the clinical judgment, skills and performance of a prescribing psychologist to safely provide psychopharmacology services to patients and provide appropriate feedback to the prescribing psychologist.

657.3(17) *Collaborative practice agreement.* Prior to serving as a collaborating physician for a prescribing psychologist, the collaborating physician shall ensure that the prescribing psychologist has a written collaborative practice agreement in place. A template may be obtained from the boards of medicine and psychology. The collaborative practice agreement shall define the nature and extent of the collaborative relationship and outline specific parameters for review of the collaborative relationship. The collaborative practice agreement shall take into account the collaborating physician's and prescribing psychologist's relevant education, training, experience, and competence and the nature and scope of the psychopharmacology services to be provided. The collaborating physician shall review the terms of the collaborative practice agreement with the prescribing psychologist at least once each year. The collaborating physician and prescribing psychologist shall each maintain a copy of the collaborative practice agreement and provide a copy of the agreement to the boards of medicine and psychology upon request. The collaborative practice agreement shall include the following:

a. Prescribing psychologist's information. The name, license number, DEA registration number, CSA registration number, address, telephone number, email address, and practice locations of the prescribing psychologist.

b. Collaborating physician's information. The name, license number, DEA registration number, CSA registration number, address, telephone number, email address, and practice locations of the collaborating physician.

c. Period of collaboration. The time period covered by the collaborative practice agreement.

d. Locations and settings. A description of the locations and settings where and with whom collaborative practice will occur.

e. Scope of practice. A description of the scope of practice of the collaborating physician and the prescribing psychologist.

f. Methods of communication. A description of how the collaborating physician and prescribing psychologist may communicate for appropriate collaboration.

g. Initial assessment. A description of the steps the collaborating physician has taken to assess a prescribing psychologist's relevant education, training, experience, and competence prior to collaborating with a prescribing psychologist.

h. Limitations on psychotropic medications. A description of any limitations on the types of psychotropic medications the prescribing psychologist may prescribe consistent with the collaborating physician's and prescribing psychologist's relevant education, training, experience, and competence.

i. Limitations on patient populations. A description of any limitations on the types of populations the prescribing psychologist may treat with psychotropic medications consistent with the collaborating physician's and prescribing psychologist's relevant education, training, experience, and competence.

j. Expectations and responsibilities. A description of the expectations and responsibilities of the collaborative relationship.

k. Specialization. A description of the specialized training the prescribing psychologist has completed in order to provide psychopharmacology services to children (less than 17 years of age), elderly persons (over 65 years of age), or patients with serious medical conditions, including but not limited to, heart disease, cancer, stroke, seizures, or comorbid psychological conditions, or patients with developmental disabilities and intellectual disabilities in accordance with rule 481—883.4(148,154B).

l. Chart reviews. A description of the steps the collaborating physician has taken to personally review a representative sample of the prescribing psychologist's patient charts.

m. Consultation between the collaborating physician and the primary care provider. A requirement that the collaborating physician consult with the patient's primary care physician on a regular basis regarding the patient's psychotropic treatment plan and any potential complications.

n. Performance evaluations. A description of the steps the collaborating physician has taken to regularly evaluate the clinical judgment, skills and performance of the prescribing psychologist to safely provide psychopharmacology services to patients and provide appropriate feedback to the prescribing psychologist.

o. Termination of the collaborative practice agreement. A provision describing how the collaborative practice agreement may be terminated and the process for notifying affected patients.

p. *Signatures.* Signatures of the collaborating physician and the prescribing psychologist.

[**ARC 9117C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—657.4(17A,124,147,148,272C) Grounds for discipline. A physician who fails to comply with these rules may be subject to disciplinary action by the board of medicine.

[**ARC 9117C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

These rules are intended to implement Iowa Code chapters 148 and 154B.

CHAPTER 658
LICENSURE OF GENETIC COUNSELORS
[Prior to 6/11/25, see Medicine Board[653] Ch 20]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/21/30

481—658.1(148H) Scope of chapter. This chapter does not apply to any of the following:

1. A physician or surgeon or an osteopathic physician or surgeon licensed under Iowa Code chapter 148, a registered nurse or an advanced registered nurse practitioner licensed under Iowa Code chapter 152, a physician associate licensed under Iowa Code chapter 148C, or other persons licensed under Iowa Code chapter 147 when acting within the scope of the person's profession and doing work of a nature consistent with the person's education and training.
2. A person who is certified by the American Board of Medical Genetics and Genomics as a doctor of philosophy and is not a genetic counselor licensed pursuant to Iowa Code chapter 148H.
3. A person employed as a genetic counselor by the federal government or an agency thereof if the person provides genetic counseling services solely under the direction and control of the entity by which the person is employed.
4. A genetic counseling intern.

[**ARC 9118C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25; Editorial change: IAC Supplement 6/10/26]

481—658.2(148H) Definitions. The definitions stated in Iowa Code chapter 148H, in addition to those listed below, apply to this chapter.

"American Board of Genetic Counseling" or *"ABGC"* means the United States-based commission, or its equivalent or successor organization, that validates entry-level competency in the practice of genetic counseling through professional certification.

"American Board of Medical Genetics and Genomics" or *"ABMGG"* means the United States-based commission, or its equivalent or successor organization, that validates entry-level competency in the practice of genetic counseling through professional certification.

[**ARC 9118C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—658.3(148H) Titles used. A genetic counselor licensed under Iowa Code chapter 148H may use the words "genetic counselor" or "licensed genetic counselor" or the corresponding abbreviation "LGC" after the person's name. Persons who possess a provisional license shall add the designation "provisional licensed genetic counselor."

[**ARC 9118C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—658.4(148H) Qualifications for licensure.

658.4(1) Each applicant for licensure under Iowa Code chapter 148H shall:

a. Submit an application form and supporting documentation.

b. Hold active certification as a genetic counselor by the American Board of Genetic Counseling, as a genetic counselor by the American Board of Medical Genetics and Genomics, or as a medical geneticist by the American Board of Medical Genetics and Genomics, or the successor to any of the aforementioned organizations.

658.4(2) A licensee shall maintain active certification as a genetic counselor by the American Board of Genetic Counseling, as a genetic counselor by the American Board of Medical Genetics and Genomics, or as a medical geneticist by the American Board of Medical Genetics and Genomics, or the successor to any of the aforementioned organizations.

[**ARC 9118C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—658.5(148H) Qualifications for provisional licensure. The board may issue a provisional license to an applicant who meets all of the requirements for licensure except for the certification component and who has been granted active candidate status by the American Board of Genetic Counseling or the American Board of Medical Genetics and Genomics.

658.5(1) The applicant shall submit a provisional license application form, proof of active candidate status, and supporting documentation prescribed by the board.

658.5(2) A provisional license expires and becomes inactive upon the earliest of the following:

a. Issuance of a license as a genetic counselor by the board.

b. Loss of active candidate status.

(1) A person holding a provisional license that is inactive due to loss of active candidate status may submit an application for reactivation of the provisional license upon demonstrating that active candidate status has been reestablished.

(2) An application for extension of a provisional license shall be signed by a qualified supervisor.

c. The date printed on the provisional license.

658.5(3) A person with a provisional license shall work at all times under the supervision of a qualified supervisor.

[**ARC 9118C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—658.6(147,148H) Application requirements.

658.6(1) *Application for licensure.* To apply for a license to practice genetic counseling, an applicant shall:

a. Submit the completed application, including required credentials and documents, a completed fingerprint packet, and a sworn statement by the applicant attesting to the truth of all information provided by the applicant;

b. Pay the nonrefundable initial application fee identified in 481—subrule 651.13(1) and pay the fee identified in 481—subrule 651.13(6) for the evaluation of the fingerprint packet and the national criminal history background checks by the division of criminal investigation (DCI) and the Federal Bureau of Investigation (FBI).

658.6(2) *Contents of the application form.* Each applicant shall submit the following information on the application form provided by the board:

a. The applicant's full legal name, date and place of birth, home address, mailing address, principal business address, and personal email address regularly used by the applicant or licensee for correspondence with the board;

b. A chronology accounting for all time periods from the date the applicant entered a genetic counseling training program or educational institution to the date of the application;

c. The other jurisdictions in the United States or other nations or territories in which the applicant is authorized to practice genetic counseling, including license, certificate of registration or certification number and date of issuance;

d. Full disclosure of the applicant's involvement in civil litigation related to the practice of genetic counseling in any jurisdiction of the United States or other nations or territories. Copies of the legal documents may be requested if needed during the review process;

e. A statement disclosing and explaining any informal or nonpublic actions, such as letters of warning, letters of education, any confidential retraining, or any kind of confidential action taken toward a genetic counselor's certification or license that is not public discipline; warnings issued, investigations conducted, or disciplinary actions taken, whether by voluntary agreement or formal action, by a medical, genetic counseling or professional regulatory authority, an educational institution, a training or research program, or a health facility in any jurisdiction;

f. A statement disclosing and explaining any charge of a misdemeanor or felony involving the applicant filed in any jurisdiction, whether or not any appeal or other proceeding is pending to have the conviction or plea set aside;

g. A letter sent directly from the ABGC or ABMGG to the board verifying the applicant holds active certification in genetic counseling by the ABGC or ABMGG for genetic counselor licensure or a letter sent directly from ABGC or ABMGG to the board verifying the applicant has been granted active candidate status for provisional licensure;

h. A completed fingerprint packet to facilitate a national criminal history background check. The fee for evaluation of the fingerprint packet and the DCI and FBI criminal history background checks will be assessed to the applicant.

658.6(3) *Application cycle.* If the applicant does not submit all materials within 90 days of the board's initial request for further information, the application is inactive.

a. To reactivate the application, an applicant shall submit a nonrefundable reactivation of application fee identified in 481—subrule 651.13(2) and shall update application materials if requested by the board. The period for requesting reactivation is limited to 30 days from the date the applicant is notified that the application is inactive, unless the applicant is granted an extension in writing by the committee or the board.

b. Once the application reactivation period is expired, an applicant must reapply and submit a new, nonrefundable initial application fee and a new application, including required documents and credentials.

658.6(4) *Applicant responsibilities.* An applicant for licensure to practice genetic counseling bears full responsibility for each of the following:

a. Paying all fees charged by regulatory authorities, national certifying organizations, health facilities, and educational institutions providing the information specified in subrule 658.6(2);

b. Providing accurate, up-to-date, and truthful information on the application form including but not limited to that specified under subrule 658.6(2) related to prior professional experience, education, training, active certification, licensure, and disciplinary history.

658.6(5) *Licensure application review process.* Licensure applications will be reviewed pursuant to the process outlined in rule 481—652.7(147,148).

658.6(6) *Grounds for denial of licensure.* The board, on the recommendation of the committee, and after consultation with an Iowa-licensed genetic counselor, may deny an application for licensure for any of the following reasons:

a. Failure to meet the requirements for licensure specified in this chapter pursuant to Iowa Code section 148H.3.

b. Pursuant to Iowa Code section 147.4, upon any of the grounds for which licensure may be revoked or suspended as specified in Iowa Code sections 147.55 and 148H.7 or in rule 481—658.20(147,148H,272C).

658.6(7) *Preliminary notice of denial.* Prior to the denial of licensure to an applicant, the board issues a preliminary notice of denial that is sent to the applicant by regular, first-class mail at the address provided by the applicant. The preliminary notice of denial is a public record and cites the factual and legal basis for denying the application, notifies the applicant of the appeal process, and specifies the date upon which the denial will become final if it is not appealed.

658.6(8) *Appeal procedure.* An applicant who has received a preliminary notice of denial may appeal the denial and request a hearing on the issues related to the preliminary notice of denial by serving a request for hearing upon the executive director not more than 30 calendar days following the date when the preliminary notice of denial was mailed. The applicant's current address shall be provided in the request for hearing. The request is deemed filed on the date it is received in the board office. If the request is received with a USPS nonmetered postmark, the board considers the postmark date as the date the request is filed. The request shall specify the factual or legal errors and that the applicant desires an evidentiary hearing and may provide additional written information or documents in support of licensure.

658.6(9) *Hearing.* If an applicant appeals the preliminary notice of denial and requests a hearing, the hearing will be a contested case open to the public and conducted in accordance with 481—Chapter 506.

658.6(10) *Finality.* If an applicant does not appeal a preliminary notice of denial in accordance with subrule 658.6(8), the preliminary notice of denial automatically becomes final. A final denial of an application for licensure is a public record.

658.6(11) *Failure to pursue appeal.* If an applicant appeals a preliminary notice of denial in accordance with subrule 658.6(8) but the applicant fails to pursue that appeal to a final decision within one year from the date of the preliminary notice of denial, the board may dismiss the appeal. The appeal may be dismissed only after the board sends a written notice by first-class mail to the applicant at the applicant's last-known address. The notice will state that the appeal will be dismissed and the preliminary notice of denial will become final if the applicant does not contact the board to schedule the appeal hearing within 30 days of the date the letter is mailed from the board office. Upon dismissal of an appeal, the

preliminary notice of denial becomes final. A final denial of an application for licensure under this rule is a public record.

658.6(12) *Waiver prohibited.* Provisions of this rule are not subject to waiver pursuant to 7—Chapter 2504 or any other provision of law.

[**ARC 9118C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25; Editorial change: IAC Supplement 8/5/26]

481—658.7(147,148H) Display of license and notification required to change the board's data system.

658.7(1) *Display of license.* Licensed genetic counselors shall display the license issued by the board in a conspicuous place in their primary place of business.

658.7(2) *Change of contact information.* Licensees shall notify the board within one month of a change in home address, address of the place of practice, home or practice telephone number, or personal email address regularly used by the applicant or licensee for correspondence with the board.

658.7(3) *Change of full legal name.* A licensee shall notify the board of any change in the licensee's full legal name within one month of making the name change. Notification requires a notarized copy of a marriage license or a notarized copy of court documents.

658.7(4) *Deceased.* A licensee's file will be closed and labeled "deceased" when the board receives a copy of the licensee's death certificate or other reliable information of the licensee's death.

[**ARC 9118C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—658.8(147,148H,272C) Biennial renewal of license required. Pursuant to Iowa Code section 148H.3, a license expires on October 31 of odd-numbered years and can be renewed for the fee identified in 481—paragraph 651.14(2)*"c."*

658.8(1) *Application.* The applicant for renewal shall provide:

a. A renewal application.

b. A letter sent directly from the ABGC or ABMGG to the board verifying that the applicant holds active certification in genetic counseling by the ABGC or ABMGG for genetic counselor licensure or a letter sent directly from ABGC or ABMGG to the board verifying the applicant has been granted active candidate status for provisional licensure.

c. Satisfactory evidence to the board that in the period since the license was issued or last renewed, the applicant has completed 30 hours of National Society of Genetic Counselors or ABMGG continuing education units as approved by the board.

658.8(2) *Expiration date.* Certificates of licensure to practice genetic counseling expire on October 31 in odd years.

658.8(3) *Prorated fees.* The first renewal fee for a license will be prorated on a monthly basis according to the date of issue.

658.8(4) *Renewal requirements and penalties for late renewal.* The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice does not relieve the licensee of responsibility for renewing that license.

a. Upon receipt of the completed renewal application, staff will administratively issue a license that expires on October 31 of odd-numbered years. In the event the board receives adverse information on the renewal application, the board will issue the renewal license but may refer the adverse information for further consideration.

b. Every renewal shall be displayed in connection with the original certificate of licensure.

c. If the licensee fails to submit the renewal application and renewal fee prior to the expiration date on the current license, a penalty fee identified in 481—subrule 651.13(4) will be assessed for renewal in the grace period, a period up until January 1.

658.8(5) *Inactive license.* Failure of a licensee to renew by January 1 will result in inactivation of the license, and the license will become invalid.

a. Licensees are prohibited from engaging in the practice of genetic counseling with an inactive or lapsed license.

b. Having a genetic counselor license in inactive or lapsed status does not preclude the board from taking disciplinary actions authorized in Iowa Code section 147.55 or 148H.7.

[**ARC 9118C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—658.9(147,272C) Reactivation of an inactive license.

658.9(1) *Reactivation requirements.* Licensees who allow their licenses to go inactive by failing to renew may apply for reactivation of a license. Pursuant to Iowa Code section 147.11, applicants for reactivation shall:

a. Submit a completed application for reactivation of a license to practice genetic counseling. The application shall include the following information:

(1) The applicant's full legal name, date and place of birth, home address, mailing address, principal business address, and personal email address regularly used by the applicant or licensee for correspondence with the board.

(2) Every jurisdiction in which the applicant is or has been authorized to practice, including license numbers and dates of issuance.

(3) Full disclosure of the applicant's involvement in civil litigation related to the practice of genetic counseling in any jurisdiction of the United States or other nations or territories. Copies of the legal documents may be requested if needed during the review process.

(4) A statement disclosing and explaining any warnings issued, investigations conducted or disciplinary actions taken, whether by voluntary agreement or formal action, by a medical, genetic counseling or professional regulatory authority; an educational institution; a training or research program; or a health facility in any jurisdiction.

(5) Verification of an applicant's hospital and clinical staff privileges and other professional experience for the past five years if requested by the board.

(6) A chronology accounting for all time periods from the date of initial licensure.

(7) A statement disclosing and explaining any charge of a misdemeanor or felony involving the applicant filed in any jurisdiction, whether or not any appeal or other proceeding is pending to have the conviction or plea set aside.

b. Submit a completed fingerprint packet to facilitate a national criminal history background check. The fee identified in 481—subrule 651.13(6) for the evaluation of the fingerprint packet and the DCI and FBI criminal history background checks will be assessed to the applicant.

c. Pay the reactivation fee identified in 481—subrule 651.13(7) plus the fee identified in 481—subrule 651.13(6) for the evaluation of the fingerprint packet and the DCI and FBI criminal history background checks.

d. A letter sent directly from the ABGC or ABMGG to the board verifying the applicant holds active certification in genetic counseling by the ABGC or ABMGG for genetic counselor licensure or a letter sent directly from the ABGC or ABMGG to the board verifying the applicant has been granted active candidate status for provisional licensure.

e. Meet any new requirements instituted since the license lapsed.

658.9(2) *Reactivation for an applicant who has been out of practice for three years.* If an applicant for reactivation has not engaged in the field of genetic counseling or precision medicine in the past three years in any jurisdiction of the United States, the board may, after consultation with an Iowa-licensed genetic counselor, require an applicant to:

a. Successfully complete board-approved continuing education or remediation.

b. Successfully complete a board-approved employment-based monitoring program developed by the genetic counselor's employer, an Iowa-licensed genetic counselor and the board.

c. Successfully complete any other pathway as agreed upon by the board.

[**ARC 9118C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25; Editorial change: IAC Supplement 6/11/25]

481—658.10(272C) Code of ethics. The NSGC Code of Ethics prepared and approved by the National Society of Genetic Counselors shall be utilized by the board as guiding principles in the practice of genetic counseling in this state.

[**ARC 9118C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—658.11(148H,272C) Surrender of license to the board.

658.11(1) A genetic counselor whose ABGC certification has lapsed or whose certification has been revoked by the ABGC shall surrender the genetic counselor's license to the board.

658.11(2) A provisional licensee who loses active candidate status with the ABGC must immediately cease the practice of genetic counseling until the provisional licensee obtains an extension of the provisional license or obtains a new provisional license.

[**ARC 9118C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

These rules are intended to implement Iowa Code chapters 147, 148, 148H, and 272C.

[1] April 17, 2019, effective date of Chapter 20 [ARC 4339C] delayed 70 days by the Administrative Rules Review Committee at its meeting held April 5, 2019; delay lifted at the meeting held May 14, 2019.

CHAPTER 659
PHYSICIAN SUPERVISION OF A PHYSICIAN ASSOCIATE PURSUANT TO IOWA CODE CHAPTER 148C

[Prior to 2/4/26, see Medicine Board[653] Ch 21]

Chapter rescission date pursuant to Iowa Code section 17A.7: 12/17/30

481—659.1(148,272C) Ineligibility determinants. A physician with an active permanent, special, or temporary Iowa license who is actively engaged in the practice of medicine in Iowa may supervise a physician associate. A physician is ineligible to supervise a physician associate for any of the following reasons:

659.1(1) The physician does not hold an active, permanent, special or temporary Iowa medical license.

659.1(2) The physician is subject to a disciplinary order of the board that restricts or rescinds the physician's authority to supervise a physician associate. The physician may supervise a physician associate to the extent that the order allows.

[**ARC 9703C**, IAB 11/12/25, effective 12/17/25; Editorial change: IAC Supplement 2/4/26; Editorial change: IAC Supplement 6/10/26]

481—659.2(148,272C) Exemptions from this chapter. This chapter does not apply to the following:

659.2(1) A physician working in a federal facility or under federal authority when the provisions of this chapter conflict with federal regulations.

659.2(2) A physician who supervises a physician associate providing medical care created by an emergency or a state or local disaster pursuant to Iowa Code section 148C.4.

[**ARC 9703C**, IAB 11/12/25, effective 12/17/25; Editorial change: IAC Supplement 2/4/26; Editorial change: IAC Supplement 6/10/26]

481—659.3(148) Board notification. A physician who supervises a physician associate shall notify the board of the supervisory relationship within 60 days of the provision of initial supervision and at the time of the physician's license renewal.

[**ARC 9703C**, IAB 11/12/25, effective 12/17/25; Editorial change: IAC Supplement 2/4/26; Editorial change: IAC Supplement 6/10/26]

481—659.4(148,272C) Requirements for supervising. More information regarding requirements for supervising can be found in rules 481—780.4(148C) through 481—780.6(148C).

[**ARC 9703C**, IAB 11/12/25, effective 12/17/25; Editorial change: IAC Supplement 2/4/26]

481—659.5(148,272C) Grounds for discipline. A physician may be subject to disciplinary action for supervising a physician associate in violation of these rules, 481—Chapter 661, or 481—Chapter 780, which relate to duties and responsibilities for physician supervision of physician associates. Grounds for discipline also include:

659.5(1) The physician supervises a physician associate when the physician does not have sufficient training or experience to supervise a physician associate in the area of medical practice in which a physician associate is to be utilized.

659.5(2) The physician fails to ensure that the physician associate is adequately supervised, including being available in person or by telecommunication to respond to the physician associate.

659.5(3) The physician fails to adequately direct and supervise a physician associate or fails to comply with the minimum standards of supervision in accordance with this chapter, 481—Chapters 780 through 784, and Iowa Code chapters 148 and 148C.

[**ARC 9703C**, IAB 11/12/25, effective 12/17/25; Editorial change: IAC Supplement 2/4/26; Editorial change: IAC Supplement 6/10/26]

481—659.6(148,272C) Disciplinary sanction. The board may restrict or rescind a physician's authority to supervise a physician associate as part of a disciplinary sanction following a contested case proceeding if

the reason for the disciplinary action impacts the ability of the physician to supervise a physician associate. The board shall notify the board of physician associates when it takes a disciplinary action against a physician's license that affects the physician's authority to supervise a physician associate.

[**ARC 9703C**, IAB 11/12/25, effective 12/17/25; Editorial change: IAC Supplement 2/4/26; Editorial change: IAC Supplement 6/10/26]

481—659.7(148,272C) Communication with physician associate supervisees. The physician shall notify all physician associate supervisees within one workday upon receiving disciplinary action from the board or any other change in status that affects the physician's eligibility to supervise a physician associate.

[**ARC 9703C**, IAB 11/12/25, effective 12/17/25; Editorial change: IAC Supplement 2/4/26; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code chapter 148C and section 272C.3.

[Editorial change: IAC Supplement 6/10/26]

1 Effective date of 3/1/89 delayed 70 days by Administrative Rules Review Committee at its February 13, 1989, meeting.

2 Effective date of 3/1/89 delayed until adjournment of the 1990 Session of the General Assembly at its May 9, 1989, meeting.

3 Delay until adjournment of the 1990 G.A. lifted by the Administrative Rules Review Committee at its August 3, 1989, meeting which allowed the rules to become effective August 4, 1989.

4 Effective date of 4/17/96 delayed 70 days by the Administrative Rules Review Committee at its meeting held April 16, 1996. Effective date delayed until adjournment of the 1997 General Assembly by the Administrative Rules Review Committee at its meeting held June 11, 1996.

5 Effective date of 1/28/04 delayed 70 days by the Administrative Rules Review Committee at its January 6, 2004, meeting; at its meeting held March 8, 2004, the Committee lifted the delay, effective March 9, 2004.

6 Amendments to ch 21 in ARC 2532C, which included the renumbering of 21.4 to 21.7 as 21.5 to 21.8 (Item 1), the adoption of new 21.4 (Item 2), and the amendment to the implementation sentence (Item 3), rescinded by 2017 Iowa Acts, House File 591, section 2, paragraph *"a,"* on 4/12/17 and, pursuant to paragraph *"b,"* prior language restored IAC Supplement 5/10/17.

CHAPTER 660
MANDATORY REPORTING

[Prior to 7/19/06, see Medical Examiners Board[653] Ch 12]
[Prior to 6/11/25, see Medicine Board[653] Ch 22]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/21/30

481—660.1(272C) Mandatory reporting—judgments or settlements. Each licensee, including inactive licensees, will report to the board and provide a copy of every adverse judgment and settlement of a claim against the licensee in a malpractice action within 30 days from the date of said judgment or settlement. Failure to report judgments or settlements within the 30-day period is a basis for disciplinary action.
[**ARC 9119C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—660.2(272C) Mandatory reporting—wrongful acts or omissions.

660.2(1) *Definitions.* For the purposes of this rule, the following definitions apply:

"Knowledge" means any information or evidence of reportable conduct acquired by personal observation, from a reliable or authoritative source, or under circumstances causing the licensee to believe that wrongful acts or omissions may have occurred.

"Reportable conduct" means wrongful acts or omissions that are grounds for license revocation or suspension under these rules or that otherwise constitute negligence, careless acts or omissions that demonstrate a licensee's inability to practice medicine competently, safely, or within the bounds of medical ethics, pursuant to Iowa Code sections 272C.3(2) and 272C.4(6) and 481—Chapter 661.

660.2(2) *Reporting requirement.* A report shall be filed with the board, within 30 days from the date the licensee acquires knowledge, when a licensee has knowledge that another person licensed by the board may have engaged in reportable conduct. Failure to report is a basis for disciplinary action.

a. The report must contain the name and address of the licensee who may have engaged in the reportable conduct; the date, time, place, and circumstances in which the conduct occurred; and a statement explaining how knowledge of the reportable conduct was acquired.

b. The board makes the final determination of whether or not wrongful acts or omissions have occurred.

c. A physician is not required to report confidential communication obtained from a physician in the course of and as a result of a physician-patient relationship or when a state or federal statute prohibits such disclosure.

d. A licensee will not be civilly liable for filing a report with the board so long as such report is not made with malice.
[**ARC 9119C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25; Editorial change: IAC Supplement 6/11/25]

481—660.3(272C) Mandatory reporting—disciplinary action in another jurisdiction. Each licensee, including inactive licensees, will report to the board, within 30 days of the action, every license revocation, suspension or other disciplinary action taken against the licensee by a professional licensing authority of another state; an agency of the United States government; or any country, territory or other jurisdiction. Failure to report in accordance with this rule is a basis for disciplinary action.
[**ARC 9119C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—660.4(272C) Mandatory reporting—child abuse and dependent adult abuse. Each licensee will report child abuse and dependent adult abuse as required by state and federal law. Knowingly and willfully failing to report child abuse and dependent adult abuse is a basis for disciplinary action.
[**ARC 9119C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—660.5(272C) Mandatory reporting—hospital disciplinary action. Each licensee, including inactive licensees, will file with the board a copy of the disciplinary action or voluntary action and a written report describing any disciplinary action taken by a hospital for reasons relating to the physician's professional competence or conduct that results in a limitation, restriction, suspension, revocation, relinquishment or nonrenewal of the licensee's hospital privileges or any voluntary limitation, restriction,

suspension, revocation, relinquishment or nonrenewal of the licensee's hospital privileges to avoid an investigation or other hospital disciplinary action. A licensee is not required to report a limitation, restriction, suspension, revocation, relinquishment or nonrenewal of the licensee's privileges of fewer than ten days. A licensee is not required to report a voluntary, nondisciplinary limitation or relinquishment of hospital privileges made at the election of the licensee to narrow or change the nature of the licensee's medical practice for reasons not related to competency or conduct. The written report must be filed with the board within 30 days of the date of the action. Failure to file the written report and a copy of the action is a basis for disciplinary action. Reports shall be maintained by the board in accordance with Iowa Code section 272C.6(4).

[**ARC 9119C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

These rules are intended to implement Iowa Code chapters 17A, 147, 148, and 272C.

CHAPTER 661
GROUNDS FOR DISCIPLINE

[Prior to 7/19/06, see Medical Examiners Board [653] C 12]
[Prior to 6/11/25, see Medicine Board[653] Ch 23]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/21/30

481—661.1(272C) Grounds for discipline. The board has the authority to impose discipline for any violation of Iowa Code chapter 147, 148, 148E, 148H, 252J, 272C or 272D or the rules promulgated thereunder. The grounds for discipline apply to physicians, acupuncturists and genetic counselors. The board may impose any of the disciplinary sanctions set forth in 481—Chapter 506, including civil penalties in an amount not to exceed $10,000, when the board determines that the licensee is guilty of any of the following acts or offenses:

661.1(1) Violating any of the grounds for the revocation or suspension of a license as listed in Iowa Code section 147.55, 148.6, 148E.8, 148H.7, 272C.10, or 272C.15.

661.1(2) Professional incompetency. Professional incompetency includes but is not limited to any of the following:

a. Willful or repeated gross malpractice;

b. Willful or gross negligence;

c. A substantial lack of knowledge or ability to discharge professional obligations within the scope of the licensee's practice;

d. A substantial deviation by the licensee from the standards of learning or skill ordinarily possessed and applied by other physicians, acupuncturists or genetic counselors in the state of Iowa acting in the same or similar circumstances;

e. A failure by a physician, acupuncturist or genetic counselor to exercise in a substantial respect that degree of care that is ordinarily exercised by the average physician, acupuncturist or genetic counselor in the state of Iowa acting in the same or similar circumstances;

f. A willful or repeated departure from or the failure to conform to the minimal standard of acceptable and prevailing practice in the state of Iowa;

g. Failure to meet the acceptable and prevailing standard of care when delegating or supervising services provided by another physician, health care practitioner or individual who is collaborating with or acting as an agent, associate, or employee of the physician, acupuncturist or genetic counselor responsible for the patient's care, whether or not injury results.

661.1(3) Practice harmful or detrimental to the public. Practice harmful or detrimental to the public includes but is not limited to:

a. Failure to possess and exercise that degree of skill, learning and care expected of a reasonable, prudent physician, acupuncturist or genetic counselor acting in the same or similar circumstances.

b. Practicing without reasonable skill and safety as a result of a mental or physical impairment, chemical abuse or chemical dependency.

c. For acupuncturists only: prescribing, dispensing or administering any controlled substance or prescription medication for human use or performing any treatment or healing procedure not authorized in Iowa Code chapter 148E or 481—Chapter 656.

661.1(4) Unprofessional conduct. Engaging in unethical or unprofessional conduct includes but is not limited to the committing by a licensee of an act contrary to honesty, justice or good morals, whether the same is committed in the course of the licensee's practice or otherwise, and whether committed within this state or elsewhere; or a violation of the standards and principles of medical ethics or rule 481—655.7(147,148,272C), 481—655.20(147,148), 481—656.10(147,148E,272C) or 481—658.4(148H) as interpreted by the board.

661.1(5) Sexual misconduct. Engaging in sexual misconduct includes but is not limited to engaging in conduct set out at 481—subrule 655.7(4) or 655.7(6) as interpreted by the board.

661.1(6) Substance abuse. Substance abuse includes but is not limited to excessive use of alcohol, drugs, narcotics, chemicals or other substances in a manner that may impair a licensee's ability to practice the profession with reasonable skill and safety.

661.1(7) Indiscriminately or promiscuously prescribing, administering or dispensing any drug for other than lawful purpose includes but is not limited to:

a. Self-prescribing or self-dispensing controlled substances.

b. Prescribing or dispensing controlled substances to members of the licensee's immediate family.

(1) Prescribing or dispensing controlled substances to members of the licensee's immediate family is allowable for an acute condition or on an emergency basis when the licensee conducts an examination, establishes a medical record, and maintains proper documentation.

(2) Immediate family includes the physician's spouse or domestic partner and either of the physician's, spouse's, or domestic partner's parents, stepparents or grandparents; the physician's natural or adopted children or stepchildren and any child's spouse, domestic partner or children; the siblings of the physician or the physician's spouse or domestic partner and the sibling's spouse or domestic partner; or anyone else living with the physician.

661.1(8) Physical or mental impairment. Physical or mental impairment includes but is not limited to any physical, neurological or mental condition that may impair a licensee's ability to practice the profession with reasonable skill and safety. Being adjudged mentally incompetent by a court of competent jurisdiction automatically suspends a license for the duration of the license unless the board orders otherwise.

661.1(9) Felony criminal conviction. Being convicted of a felony in the courts of this state, another state, the United States, or any country, territory or other jurisdiction, as defined in Iowa Code section 148.6(2)*"b."* A copy of the record of conviction or plea of guilty or nolo contendere is conclusive evidence of the felony conviction.

661.1(10) Violation of the laws or rules governing the practice of medicine, acupuncture or genetic counseling of this state; another state; the United States; or any country, territory or other jurisdiction. Violation of the laws or rules governing the practice of medicine, acupuncture or genetic counseling includes but is not limited to willful or repeated violation of the provisions of these rules or the provisions of Iowa Code chapter 147, 148, 148E, 148H or 272C or other state or federal laws or rules governing the practice of medicine.

661.1(11) Violation of a lawful order of the board, previously entered by the board in a disciplinary or licensure hearing, or violation of the terms and provisions of a consent agreement or settlement agreement entered into between a licensee and the board.

661.1(12) Violation of an initial agreement or health contract entered into with the Iowa professional health programs (IPHP).

661.1(13) Failure to comply with an evaluation order. Failure to comply with an order of the board requiring a licensee to submit to evaluation under Iowa Code section 148.6(2)*"h"* or 272C.9(1).

661.1(14) Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of a profession. Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of a profession includes but is not limited to an intentional perversion of the truth, either orally or in writing, by a physician in the practice of medicine and surgery or osteopathic medicine and surgery, by an acupuncturist, or by a genetic counselor.

661.1(15) Fraud in procuring a license. Fraud in procuring a license includes but is not limited to an intentional perversion of the truth in making application for a license to practice acupuncture, medicine and surgery, osteopathic medicine and surgery, or genetic counseling in this state and includes false representations of material fact, whether by word or by conduct, by false or misleading allegations, or by concealment of that which should have been disclosed when making application for a license in this state, or attempting to file or filing with the board any false or forged document submitted with an application for a license in this state.

661.1(16) Fraud in representations as to skill or ability. Fraud in representations as to skill or ability includes but is not limited to a licensee's having made misleading, deceptive or untrue representations as to the acupuncturist's, physician's or genetic counselor's competency to perform professional services for which the licensee is not qualified to perform by education, training or experience.

661.1(17) Use of untruthful or improbable statements in advertisements. Use of untruthful or improbable statements in advertisements includes but is not limited to an action by a licensee in making known to the public information or intention that is false, deceptive, misleading or promoted through fraud or misrepresentation and includes statements that may consist of but are not limited to:

a. Inflated or unjustified claims that lead to expectations of favorable results;

b. Self-laudatory claims that imply that the licensee is skilled in a field or specialty of practice for which the licensee is not qualified;

c. Representations that are likely to cause the average person to misunderstand; or

d. Extravagant claims or claims of extraordinary skills not recognized by the profession.

661.1(18) Obtaining any fee by fraud or misrepresentation.

661.1(19) Acceptance of remuneration for referral of a patient to other health professionals in violation of the law or medical ethics.

661.1(20) Knowingly submitting a false report of continuing education or failure to submit the required reports of continuing education.

661.1(21) Knowingly aiding, assisting, procuring, or advising a person in the unlawful practice of acupuncture, medicine and surgery, or osteopathic medicine and surgery.

661.1(22) Failure to report disciplinary action. Failure to report a license revocation, suspension or other disciplinary action taken against the licensee by a professional licensing authority of another state; an agency of the United States government; or any country, territory or other jurisdiction within 30 days of the final action by such licensing authority. A stay by an appellate court does not negate this requirement; however, if such disciplinary action is overturned or reversed by a court of last resort, such report will be expunged from the records of the board.

661.1(23) Failure to report voluntary agreements. Failure to report any voluntary agreement to restrict the practice of acupuncture, medicine and surgery, osteopathic medicine and surgery, or genetic counseling entered into with this state; another state; the United States; an agency of the federal government; or any country, territory or other jurisdiction.

661.1(24) Failure to notify the board within 30 days after occurrence of any settlement or adverse judgment of a malpractice claim or action.

661.1(25) Failure to file the reports required by rule 481—660.2(272C) within 30 days concerning wrongful acts or omissions committed by another licensee.

661.1(26) Failure to comply with a valid subpoena issued by the board pursuant to Iowa Code sections 17A.13 and 272C.6, 481—subrule 662.2(6), and 481—Chapter 506.

661.1(27) Failure to submit to a board-ordered mental, physical, clinical competency, or substance abuse evaluation or drug or alcohol screening.

661.1(28) The inappropriate use of a rubber stamp to affix a signature to a prescription. A person who is unable, due to a disability, to make a written signature or mark, however, may substitute in lieu of a signature a rubber stamp that is adopted by the disabled person for all purposes requiring a signature and that is affixed by the disabled person or affixed by another person upon the request of the disabled person and in the presence of the disabled person.

661.1(29) Maintaining any presigned prescription that is intended to be completed and issued at a later time.

661.1(30) Failure to comply with the recommendations issued by the Centers for Disease Control and Prevention of the United States Department of Health and Human Services for preventing transmission of human immunodeficiency virus and hepatitis B virus to patients during exposure-prone invasive procedures, or with the protocols established pursuant to Iowa Code chapter 139A.

661.1(31) Failure by a physician with HIV or HBV who practices in a hospital setting, and who performs exposure-prone procedures, to report the physician's HIV or HBV status to an expert review panel established by a hospital under Iowa Code section 139A.22(1) or to an expert review panel established by the department of health and human services under Iowa Code section 139A.22(3).

661.1(32) Failure by a physician with HIV or HBV who practices outside a hospital setting, and who performs exposure-prone procedures, to report the physician's HIV or HBV status to an expert review panel established by the department of health and human services under Iowa Code section 139A.22(3).

661.1(33) Failure by a physician subject to the reporting requirements of subrules 661.1(31) and 661.1(32) to comply with the recommendations of an expert review panel established by the department of health and human services pursuant to Iowa Code section 139A.22(3), with hospital protocols established pursuant to Iowa Code section 139A.22(1), or with health care facility procedures established pursuant to Iowa Code section 139A.22(2).

661.1(34) Noncompliance with a support order or with a written agreement for payment of support as evidenced by a certificate of noncompliance issued pursuant to Iowa Code chapter 252J. Disciplinary proceedings initiated under this rule shall follow the procedures set forth in Iowa Code chapter 252J and 481—Chapter 8.

661.1(35) Fraud in the practice. Fraud in the practice includes but is not limited to any misleading, deceptive, untrue or fraudulent representation in the practice of acupuncture, medicine or surgery, or genetic counseling, made orally or in writing, that is contrary to the licensee's legal or equitable duty, trust, or confidence and is deemed by the board to be contrary to good conscience, prejudicial to the public welfare, and potentially injurious to another. Proof of actual injury need not be established.

661.1(36) Improper management of medical records. Improper management of medical records includes but is not limited to failure to maintain timely, accurate, and complete medical records.

661.1(37) Failure to transfer medical records to another physician in a timely fashion when legally requested to do so by the subject patient or by a legally designated representative of the subject patient.

661.1(38) Failure to respond to or comply with a board investigation initiated pursuant to Iowa Code section 272C.3 and rule 481—662.2(17A,147,148,272C).

661.1(39) Failure to comply with the direct billing requirements for anatomic pathology services established in Iowa Code section 147.106.

661.1(40) Failure to submit an additional completed fingerprint card and applicable fee, within 30 days of a request made by board staff, when a previous fingerprint submission has been determined to be unacceptable.

661.1(41) Failure to respond to the board or submit continuing education materials during a board audit, within 30 days of a request made by board staff or within the extension of time if one had been granted.

661.1(42) Failure to respond to the board or submit requested mandatory training for identifying and reporting abuse materials during a board audit, within 30 days of a request made by board staff or within the extension of time if one had been granted.

661.1(43) Nonpayment of state debt as evidenced by a certificate of noncompliance issued pursuant to Iowa Code chapter 272D and 481—Chapter 8.

661.1(44) Voluntary agreements. The board may take disciplinary action against a physician if that physician has entered into a voluntary agreement to restrict the practice of medicine in another state, district, territory, or country.

a. The board will use the following criteria to determine if a physician has entered into a voluntary agreement within the meaning of Iowa Code section 148.12 and this rule.

(1) The voluntary agreement was signed during or at the conclusion of a disciplinary investigation, or to prevent a matter from proceeding to a disciplinary investigation.

(2) The agreement includes any or all of the following:

1. Education or testing that is beyond the jurisdiction's usual requirement for a license or license renewal.
2. An assignment beyond what is required for license renewal or regular practice (e.g., adoption of a protocol, use of a chaperone, completion of specified continuing education, or completion of a writing assignment).
3. A prohibition or limitation on practice privileges (e.g., a restriction on prescribing or administering controlled substances).
4. Compliance with an educational plan.
5. A requirement that surveys or reviews of patients or patient records be conducted.
6. A practice monitoring requirement.
7. A special notification requirement for a change of address.

8. Payment that is not routinely required of all physicians in that jurisdiction, such as a civil penalty, fine, or reimbursement of any expenses.

9. Any other activity or requirements imposed by the board that are beyond the usual licensure requirements for obtaining, renewing, or reinstating a license in that jurisdiction.

b. A certified copy of the voluntary agreement shall be considered prima facie evidence.

661.1(45) Performing or attempting to perform any surgical or invasive procedure on the wrong patient or at the wrong anatomical site or performing the wrong surgical procedure on a patient.

661.1(46) Violation of the standards of practice for medical directors who delegate and supervise medical aesthetic services performed by nonphysician persons at a medical spa as set out in rule 481—655.8(148,272C).

661.1(47) Failure to provide the board, within 14 days of a request by the board as set out in 481—paragraph 655.8(5)*"l,"* written verification of the education and training of all nonphysician persons who perform medical aesthetic services at a medical spa.

661.1(48) Failure to file with the board a written report and a copy of the hospital disciplinary action within 30 days of any hospital disciplinary action or the licensee's voluntary action to avoid a hospital investigation or hospital disciplinary action as required by rule 481—660.5(272C).

661.1(49) Unethical conduct of acupuncturist. The Code of Ethics (2016) prepared and approved by the National Certification Commission for Acupuncture and Oriental Medicine (NCCAOM) is utilized by the board as guiding principles in the practice of acupuncture in this state. Unethical conduct in the practice of acupuncture includes but is not limited to:

a. Failing to provide patients with the information required in Iowa Code section 148E.6 or providing false information to patients;

b. Disclosing confidential information about a patient without proper authorization; or

c. Abrogating the boundaries of acceptable conduct in the practice of acupuncture established by the profession that the board deems appropriate for ensuring that acupuncturists provide Iowans with safe and healthful care.

This rule is intended to implement Iowa Code chapters 17A, 147, 148, 148E, 148H, 272C and 272D.

◊ Two or more ARCs

1 Effective date of subrule 135.204(10) [renumbered 12/4(10), IAC 5/4/88] delayed by the Administrative Rules Review Committee 70 days from November 2, 1983.

2 Effective date of rules 135.206, 135.207 and 135.208 [renumbered 12.6, 12.7 and 12.8, IAC 5/4/88] delayed by the Administrative Rules Review Committee 70 days from December 12, 1984. Delay lifted by committee on January 9, 1985.

CHAPTER 662
COMPLAINTS AND INVESTIGATIONS

[Prior to 7/19/06, see Medical Examiners Board [653] Ch 12]
[Prior to 6/11/25, see Medicine Board[653] Ch 24]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/21/30

481—662.1(17A,147,148,272C) Complaints.

662.1(1) *Form and content of the complaint.* A complaint will be made in the form deemed acceptable by the board. The complaint will contain the following information:

a. The full name, address and telephone number of the complainant, except in instances in which the identity of the complainant is unknown.

b. The full name, address and telephone number, if known, of the licensee.

c. A clear and accurate statement of the facts that apprises the board of the allegations against the licensee.

662.1(2) *Place and time of filing of the complaint.* A written complaint may be delivered in person, by mail or electronically to the board office. The office address is Iowa Board of Medicine, 6200 Park Avenue, Suite 100, Des Moines, Iowa 50321.

662.1(3) *Immunity.* A person is not civilly liable as a result of filing a report or complaint with the board or peer review committee, or for the disclosure to the board or its agents or employees, whether or not pursuant to a subpoena of records, documents, testimony or other forms of information that constitute privileged matter concerning a recipient of health care services or some other person, in connection with proceedings of a peer review committee, or in connection with duties of the board. However, such immunity from civil liability is not applicable if such act is done with malice.

[**ARC 9121C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—662.2(17A,147,148,272C) Processing complaints and investigations.

662.2(1) *Complaint and investigative files.* Board staff shall open a complaint file upon receiving a complaint or other appropriate information or upon a motion of the board. A complaint file becomes an investigative file once an investigation is ordered.

a. If the board does not have legal jurisdiction over a matter or the complaint does not allege a violation of rule or law, staff may close the complaint file administratively without investigation or review by the board. All other complaints will be sent to the complaint review committee.

b. A complaint file will be labeled as such and is not a public record. A complaint file will become part of the licensee's history with the board.

c. Any time an investigation is ordered, a complaint file will be relabeled as an investigative file. An investigative file is not a public record. The investigative file will become part of the licensee's history with the board and may be shared with another licensing authority upon request.

662.2(2) *Complaint review committee.*

a. The complaint review committee includes the medical advisor, executive director, general counsel for the board, and chief investigator.

b. The complaint review committee reviews each complaint the board has received and takes one of the following four actions:

(1) Close a complaint file administratively for any of these reasons:

1. The board does not have legal jurisdiction over the matter;
2. The case involves a matter that the board is already addressing; or
3. The case is appropriate for referral to the board's Iowa physician health program, and investigation is not warranted.

(2) Recommend to the board's screening committee that the board close the complaint file without investigation.

(3) Request a letter of explanation from the physician, medical records, or both.

(4) Request a full investigation.

c. The complaint review committee uses the following to guide its decision making:

(1) Serious public safety issues include but are not limited to the following:

1. A clear violation of the laws and rules governing the practice of medicine, genetic counseling, or acupuncture, as applicable;

2. Significant investigative history that raises serious concerns about the licensee's ability to practice in a competent and safe manner;

3. Significant investigative history that raises serious concerns that the licensee has engaged in a pattern of unprofessional conduct or disruptive behavior that interferes with, or has the potential to interfere with, patient care or the effective functioning of health care staff;

4. Serious quality of care cases that include severe patient harm, a pattern of inappropriate treatment, or serious medical errors;

5. Serious criminal conduct;

6. Substance abuse or other impairment that significantly impacts the licensee's ability to practice the licensee's respective practice in a competent and safe manner;

7. Sexual misconduct;

8. Severe unprofessional conduct or disruptive behavior;

9. Disciplinary action by another regulatory authority; or

10. Unlicensed practice of medicine, genetic counseling, or acupuncture.

(2) Less serious public safety issues include but are not limited to the following:

1. Less serious quality of care cases that do not involve serious patient harm and are isolated occurrences rather than a part of a pattern of inappropriate treatment or serious medical errors;

2. A single incident involving a billing dispute;

3. A single incident involving rude behavior or personality conflicts;

4. A single incident of communication problems; or

5. Poor recordkeeping practices that are not repeated or ongoing in nature and do not significantly affect patient care.

d. The board may at any time reopen for review and reconsideration any complaint or investigative file that has been closed administratively.

e. The complaint review committee will indicate high-priority cases when they are assigned for investigation. The committee may provide recommendations to investigators regarding the nature of investigation to be completed. The medical advisor will provide medical advice to the investigators as part of the investigative process.

662.2(3) *Screening committee.* The screening committee will review the recommendations of the complaint review committee and take one of the following actions:

a. Recommend to the board that the complaint file be closed without investigation.

b. Request a letter of explanation from the physician, medical records, or both.

c. Review the materials acquired pursuant to paragraph 662.2(3)*"b"* and recommend to the board that the investigative file be closed, with or without issuing an informal letter.

d. Request an investigation for board review.

662.2(4) *Board action.*

a. The board will review the screening committee's recommendations and take one of the following actions:

(1) Close the complaint file without investigation. The board will notify the complainant.

(2) Close the investigative file that has been partially or fully investigated, with or without issuing an informal letter. The board will notify the complainant and the licensee of the decision.

(3) Request further investigation.

b. The board may reconsider and reopen a closed complaint or investigative file at a later date should it be deemed appropriate.

662.2(5) *Investigations.*

a. Complainants. At the time an investigation is opened, the complainant will be sent a letter with the name of the investigator assigned to the case and the investigator's contact information and a statement encouraging the complainant to submit any further information that would assist the investigator with the case.

(1) The complainant may request a meeting with the investigator prior to the completion of the investigation.

(2) The complainant will be informed of the confidentiality of the investigative information as provided in subrule 662.2(8).

(3) The complainant may contact the chief investigator with questions or concerns about the investigation.

b. Investigative subpoenas.

(1) Issuance of an investigative subpoena. The executive director or a designee may, upon the written request of a board investigator or upon the executive director's own initiative, subpoena books, papers, records, and other real evidence necessary for a board investigation.

(2) Request for subpoena. A written request for a subpoena will contain the following:

1. The name and address of the person to whom the subpoena will be directed;
2. A specific description of the books, papers, records or other real evidence requested;
3. An explanation of why the evidence sought to be subpoenaed is necessary for the board to determine whether it should institute a contested case proceeding; and
4. In the case of a subpoena request for mental health records, confirmation that the conditions described in subparagraph 662.2(5)*"b"*(4) have been satisfied.

(3) Contents of subpoena. Each subpoena will contain the following:

1. The name and address of the person to whom the subpoena is directed;
2. A description of the books, papers, records or other real evidence requested;
3. The date, time and location for production or inspection and copying;
4. The time within which a motion to quash or modify the subpoena must be filed;
5. The signature, address and telephone number of the executive director or designee;
6. The date of issuance; and
7. A return of service attached to the subpoena.

(4) Subpoena for mental health records. A subpoena for mental health records shall meet the requirements of subparagraph 662.2(5)*"b"*(3). The board shall document the following prior to the issuance of a subpoena for mental health records:

1. The nature of the complaint reasonably justifies the issuance of a subpoena;
2. Adequate safeguards have been established to prevent unauthorized disclosure;
3. An express statutory mandate, articulated public policy, or other recognizable public interest favors access; and
4. An attempt was made to notify the patient and to secure an authorization from the patient for release of the records at issue.

(5) Motion to quash or modify subpoena.

1. Any person who is adversely affected by compliance with the subpoena and desires to challenge the subpoena must file with the board a motion to quash or modify the subpoena within 14 days of service, or before if the time specified is less than 14 days. The motion shall describe the legal reasons why the subpoena should be quashed or modified and may be accompanied by legal briefs or factual affidavits.
2. Hearing on motion. Upon receipt of a timely motion to quash or modify a subpoena, the board may request an administrative law judge to hold a hearing and issue a decision, or the board may conduct a hearing and issue a decision. Oral argument may be scheduled at the discretion of the administrative law judge or the board. The administrative law judge or the board may quash or modify the subpoena, deny the motion, or issue an appropriate protective order.
3. Appeal of decision on motion. A person who is aggrieved by a ruling of an administrative law judge and who desires to challenge that ruling must appeal the ruling to the board by serving on the board's executive director, either in person or by certified mail, a notice of appeal within ten days after service of the decision of the administrative law judge.
4. Final agency action. If the person contesting the subpoena is not the person under investigation, the board's decision is final for purposes of judicial review. If the person contesting the subpoena is the person under investigation, the board's decision is not final for purposes of judicial review until either the

person is notified that the investigation has been concluded with no formal action or there is a final decision in the contested case.

c. Licensee response. Before a contested case begins, the investigator will attempt to reach the licensee at the licensee's listed address to allow the licensee to respond to the allegations. If the licensee cannot be found there, reasonable efforts to locate the licensee will be made. If the licensee cannot be located, the investigation will proceed without the licensee's response, and the findings will be sent to the board. Contact and response from the licensee can be in writing or through a personal interview.

d. Investigative report. Upon completion of an investigation, the investigator will prepare a report for the board's consideration. The report will set forth the information obtained in the course of the investigation and the response, if any, of the licensee.

e. Board review. The board will review the investigative record, discuss the case, and take one of the following actions:

(1) Close the investigative file without action. The board will notify the complainant and the licensee of the decision. The board may reconsider and reopen a closed complaint or investigative file at a later date should it be deemed appropriate.

(2) Request further investigation, including peer review.

(3) Meet with the licensee. The board or the licensee may request that the licensee appear before the board to discuss a pending investigation. The board has discretion on whether to grant a licensee's request for an appearance. By electing to participate in the appearance, the licensee waives any objection to a board member's both participating in the appearance and later participating as a decision maker in a contested case proceeding on the grounds that:

1. Board members have personally investigated the case, and
2. Board members have combined investigative and adjudicative functions.

If the executive director or director of legal affairs participates in the appearance, the licensee further waives any objection to having the executive director or director of legal affairs assist the board in the contested case proceeding.

(4) Issue an informal letter of warning or education. If the board concludes that there is not probable cause to file disciplinary charges, the board may issue the licensee an informal letter of warning or education. A letter of warning or education is an informal communication between the board and the licensee and is not formal disciplinary action or a public document.

(5) File a statement of charges. If the board determines that there is probable cause for taking formal disciplinary action against a licensee, the board shall file a statement of charges, thereby commencing a contested case proceeding.

Prior to the initiation of formal disciplinary charges in a case involving the supervision of a physician associate, the board shall forward a copy of the investigative report to the board of physician associates for its advice and recommendation. The board of physician associates shall respond within six weeks or sooner if requested by the board of medicine. The board of medicine shall consider the advice and recommendation of the board of physician associates.

(6) Request a combined statement of charges and settlement agreement. At the board's discretion, the board and the licensee may enter into a combined statement of charges and settlement agreement to resolve a contested case proceeding.

662.2(6) *Licensee-patient privileged communications.* The privilege of confidential communication between the recipient and the provider of health care services do not extend to afford confidentiality to medical records maintained by or on behalf of the subject of an investigation by the board, or records maintained by any public or private agency or organization, which relate to a matter under investigation by the board. No provision of Iowa Code section 622.10, except as it relates to an attorney of the licensee, or the stenographer or confidential clerk of the licensee's attorney, shall be interpreted to restrict access by the board or its staff or agents to information sought in an investigation being conducted by the board.

662.2(7) *Investigation of malpractice lawsuits, judgments and settlements.* The board will review reports received from insurance carriers and licensees involving malpractice lawsuits, adverse judgments, and settlements. The board may choose to investigate such reports in the same manner as is prescribed

in these rules for the review and investigation of other complaints to determine whether there is probable cause under applicable statutes or administrative rules for licensee discipline.

662.2(8) *Confidentiality of investigative information.* All investigative information gathered by the board or its employees or agents, including peer reviewers, is confidential and privileged. The information cannot be obtained through discovery, subpoena, or other legal means except by the licensee and the board. This information is not admissible in any judicial or administrative proceeding, except in cases involving licensee discipline. However, the board's statement of charges, settlement agreements, or decisions in disciplinary proceedings are public records.

[**ARC 9121C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25; Editorial change: IAC Supplement 6/10/26]

481—662.3(272C) Peer review. The board may assign any case to peer review for evaluation of the professional services rendered by the licensee and report to the board.

662.3(1) *Registration of peer reviewers.* The board may register peer reviewers by maintaining a list of peer reviewers in the board office. The board will enter into a contract with peer reviewers to provide peer review services.

662.3(2) *Case referral for peer review.* The board or board staff will determine which peer reviewer(s) will review a case and what investigative information is referred to a peer reviewer.

662.3(3) *Board assistance to peer reviewers.* The board may provide investigatory and related services to assist the peer reviewer(s).

662.3(4) *Confidentiality.* Peer reviewers shall observe the confidentiality requirements imposed by Iowa Code section 272C.6(4).

662.3(5) *Liability, defense and indemnity.* Peer reviewers are not liable for acts, omissions or decisions made in connection with service on the peer review committee. However, such immunity from civil liability does not apply if such act is done with malice. Peer reviewers are to be provided a defense by the state for civil lawsuits related to board peer review and will be indemnified for all such judgments or settlements as provided by applicable law and administrative rules.

662.3(6) *Written peer review report.* Peer reviewers will review the information provided by the board and provide a written report to the board.

a. The written report will contain a statement of facts, an opinion of the peer reviewers whether the licensee violated the standard of care, and the rationale supporting the opinion.

b. The written report shall be signed by all peer reviewers concurring in the report.

c. If the peer reviewers find that they are unable to review the case, the investigative information shall be returned to the board.

[**ARC 9121C**, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/11/25]

481—662.4(272C) Order for physical, mental, or clinical competency evaluation. All licensees will undergo a physical, mental, or clinical evaluation as directed by the board. This evaluation may be ordered if there is probable cause of a mental, physical, or behavioral condition, including professional misconduct, disruptive behavior, or substance abuse. The evaluation may include various assessments for disruptive behavior or neuropsychological, psychiatric, sexual misconduct, or substance abuse evaluations. Clinical competency evaluations can be ordered if there is probable cause of professional incompetence. All evaluation orders and related information are confidential according to Iowa Code section 272C.6(4). The licensee will bear the cost, and orders will be delivered via personal service or certified mail, return receipt requested.

662.4(1) *Content of order.* A board order shall include the following items:

a. Probable cause. A showing by the board that there is probable cause to order the licensee to complete an evaluation.

b. Nature of evaluation or screening. A description of the type of evaluation or screening that the licensee needs to complete.

c. Evaluation facility. The name and address of the examiner or evaluation or treatment or screening facility that the board has identified to perform the evaluation.

d. Scheduling the evaluation. The amount of time in which the licensee must schedule the required evaluation.

e. Completion of the evaluation. The amount of time in which the licensee must complete the evaluation.

f. Board release. A requirement that the licensee sign all necessary releases for the board to communicate with the evaluator or the evaluation or treatment program and to obtain any reports generated by the program.

662.4(2) *Alternatives.* Following issuance of the evaluation order, the licensee may request additional time to schedule or complete the evaluation or to request the board to approve an alternative evaluator or treatment facility. The board will determine whether to grant such a request.

662.4(3) *Objection to order.* A licensee who is the subject of a board evaluation order and who objects to the order may file a request for hearing. The request shall be filed within 14 days of issuance of the evaluation order. A licensee who fails to timely file a request for hearing to object to an evaluation order waives any future objection to the evaluation order in the event formal disciplinary charges are filed for failure to comply with the evaluation order or on any other grounds. The request for hearing shall specifically identify the factual and legal issues upon which the licensee bases the objection. The hearing will be considered a contested case proceeding and will be governed by the provisions of 481—Chapter 506.

662.4(4) *Closed hearing.* Any hearing on an objection to the board order will be closed pursuant to Iowa Code section 272C.6(1).

662.4(5) *Order and reports confidential.* An evaluation order and any subsequent evaluation reports issued in the course of a board investigation are confidential investigative information pursuant to Iowa Code section 272C.6(4). However, all investigative information related to an evaluation order will be provided to the licensee in the event the licensee files an objection under subrule 662.4(3), in order to allow the licensee an opportunity to prepare for hearing.

662.4(6) *Admissibility.* In the event the licensee submits to evaluation and subsequent proceedings are held before the board, all objections will be waived as to the admissibility of the licensee's testimony or evaluation reports on the grounds that they constitute privileged communication. The medical testimony or examination reports will not be used against the licensee in any proceeding other than one relating to licensee discipline by the board.

662.4(7) *Failure to submit.* Failure of a licensee to submit to a board-ordered mental, physical, clinical competency or substance abuse evaluation or alcohol or drug screening constitutes a violation of the rules of the board and is grounds for disciplinary action.

[2] Effective date of rules 135.206, 135.207 and 135.208 [renumbered 12.6, 12.7 and 12.8, IAC 5/4/88] delayed by the Administrative Rules Review Committee 70 days from December 12, 1984. Delay lifted by committee on January 9, 1985.

CHAPTER 663
REINSTATEMENT AFTER DISCIPLINARY ACTION

[Prior to 7/19/06, see Medical Examiners Board[653] Ch 12]
[Prior to 6/11/25, see Medicine Board[653] Ch 26]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/21/30

481—663.1(17A) Reinstatement. Any person whose license has not been permanently suspended or revoked by the board may apply to the board for reinstatement in accordance with the terms and conditions of the order of revocation or suspension.

663.1(1) If the order of revocation or suspension did not establish terms and conditions upon which reinstatement might occur, or if the license was voluntarily surrendered, an initial application for reinstatement may not be made until one year has elapsed from the date of the board order or the date of voluntary surrender.

663.1(2) All proceedings for reinstatement shall be initiated by the respondent, who shall file with the board an application for the reinstatement of the respondent's license. Such application will be docketed in the original case in which the license was revoked, suspended, or relinquished. All proceedings upon the petition for reinstatement are subject to the same rules of procedure as other cases before the board.

663.1(3) An application for reinstatement shall allege facts that, if established, will be sufficient to enable the board to determine that the basis for the revocation or suspension of the respondent's license no longer exists and that it will be in the public interest for the license to be reinstated. The burden of proof to establish such facts is on the respondent.

663.1(4) At the board's discretion, the board and the licensee may agree to enter into a reinstatement order by agreement, in lieu of a formal reinstatement hearing before the board.

663.1(5) A reinstatement order must be based upon the affirmative vote of a quorum of the board. The reinstatement order is public information pursuant to 481—Chapter 506.

663.1(6) A physician seeking reinstatement under this rule whose license became inactive during the period of suspension or revocation is also required to complete the reactivation process set forth in rule 481—652.13(147,148) or 481—652.14(147,148).

This rule is intended to implement Iowa Code chapters 17A, 147, 148, and 272C.

BOARD OF PODIATRY

CHAPTER 700
LICENSURE OF PODIATRISTS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 220]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—700.1(149) Definitions.

"Active license" means a license that is current and has not expired.

"Board" means the board of podiatry.

"Grace period" means the 30-day period following expiration of a license when the license is still considered to be active.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period.

"Licensee" means any person licensed to practice as a podiatrist in the state of Iowa.

"License expiration date" means June 30 of even-numbered years.

"Licensure by endorsement" means the issuance of an Iowa license to practice podiatry to an applicant who is or has been licensed in another state.

"NBPME" means National Board of Podiatric Medical Examiners.

"Reactivate" or *"reactivation"* means the process as outlined in rule 481—700.15(17A,147,272C) by which an inactive license is restored to active status.

"Reciprocal license" means the issuance of an Iowa license to practice podiatry to an applicant who is currently licensed in another state that has a mutual agreement with the Iowa board of podiatry to license persons who have the same or similar qualifications to those required in Iowa.

"Reinstatement" means the process as outlined in rule 481—506.31(272C) by which a licensee who has had a license suspended or revoked or who has voluntarily surrendered a license may apply to have the license reinstated, with or without conditions. Once the license is reinstated, the licensee may apply for active status.

[**ARC 7986C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—700.2(149) Requirements for licensure.

700.2(1) The applicant will submit a completed online application for licensure and pay the nonrefundable licensure fee specified in rule 481—507.15(147,148F,149).

700.2(2) No application will be considered complete until official copies of academic transcripts are received, verifying graduation from a college of podiatric medicine approved by the Council on Podiatric Medical Education (CPME) of the American Podiatric Medical Association. Transcripts must be sent directly from the college to the board.

700.2(3) Licensees who were issued their licenses within six months prior to the renewal date do not need to renew their licenses until the renewal date two years later.

700.2(4) Incomplete applications that have been on file in the board office for more than two years will be:

a. Considered invalid and destroyed; or

b. Retained upon written request of the applicant. The applicant is responsible for requesting that the file be retained.

700.2(5) An applicant who graduated from a podiatric college in 1961 or earlier, is currently licensed in another state and has practiced for the 24 months immediately prior to application may be exempted from passing Part I and Part II of the NBPME examination based on the applicant's credentials and the discretion of the board.

700.2(6) An applicant who graduated from a podiatric college on or after January 1, 1995, but before January 1, 2013, shall present documentation of successful completion of a residency approved by the CPME of the American Podiatric Medical Association.

700.2(7) An applicant who graduated from a podiatric college on or after January 1, 2013, shall present documentation of successful completion of two years of a residency approved by the CPME of the American Podiatric Medical Association.

700.2(8) Passing score reports for Part I, Part II, and Part III of the NBPME examination shall be sent directly from the examination service to the board.

[**ARC 7986C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—700.3(149) Written examinations.

700.3(1) The examinations required by the board shall be Part I, Part II, and Part III of the NBPME.

700.3(2) The applicant has responsibility for:

a. Making arrangements to take the examinations; and

b. Arranging to have the examination score reports sent directly to the board from the NBPME.

700.3(3) A passing score as recommended by the administrators of the NBPME examinations shall be required.

[**ARC 7986C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—700.4(149) Educational qualifications.

700.4(1) A new applicant for permanent or temporary licensure to practice as a podiatrist shall present official copies of academic transcripts, verifying graduation from a college of podiatric medicine approved by the CPME of the American Podiatric Medical Association. Transcripts must be sent directly from the college to the board of podiatry.

700.4(2) Foreign-trained podiatrists shall:

a. Provide an equivalency evaluation of their educational credentials by one of the following: International Education Research Foundation, Inc., Credentials Evaluation Service, P.O. Box 3665, Culver City, CA 90231-3665, telephone 310.258.9451, website www.ierf.org, or email at info@ierf.org; or International Credentialing Associates, Inc., 7245 Bryan Dairy Road, Bryan Dairy Business Park II, Largo, FL 33777, telephone 727.549.8555. The professional curriculum must be equivalent to that stated in these rules. The candidate shall bear the expense of the curriculum evaluation.

b. Provide a notarized copy of the certificate or diploma awarded to the applicant from a podiatry program in the country in which the applicant was educated.

c. Receive a final determination from the board regarding the application for licensure.

[**ARC 7986C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—700.5(149) Title designations. A podiatrist may use the prefix "Doctor" but shall add after the person's name the word "Podiatrist" or "DPM."

[**ARC 7986C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—700.6(147,149) Temporary license.

700.6(1) A temporary license may be issued for up to one year and may be annually renewed at the discretion of the board. Temporary licenses will expire on June 30.

700.6(2) Each applicant shall:

a. Submit a completed online application for licensure and pay the nonrefundable licensure fee specified in rule 481—507.15(147,148F,149);

b. Have official copies of academic transcripts sent directly to the board of podiatry from a college of podiatric medicine approved by the CPME of the American Podiatric Medical Association;

c. Request that passing score reports of the NBPME examination Part I and Part II be sent directly to the board of podiatry from the National Board of Podiatric Medical Examiners;

d. Furnish an affidavit by the institution director or dean of an approved podiatric college attesting that the applicant has been accepted into a residency program in this state that is approved by the CPME of the American Podiatric Medical Association;

e. Request verification of license from every jurisdiction in which the applicant has been licensed, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:

(1) Licensee's name;

(2) Date of initial licensure;
(3) Current licensure status; and
(4) Any disciplinary action taken against the license.

700.6(3) An applicant who graduated from a podiatric college in 1961 or earlier, is currently licensed in another state, and has practiced for the 24 months immediately prior to application may be exempted from passing Part I and Part II of the NBPME examination based on the applicant's credentials and the discretion of the board.

700.6(4) The ultimate decision to issue a temporary license resides with the board, and a temporary license shall be surrendered if the reason for issuance ceases to exist.

[**ARC 7986C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—700.7(149) Licensure by endorsement. An applicant who has been a licensed podiatrist under the laws of another jurisdiction may file an application for licensure by endorsement with the board office.

700.7(1) The board may receive by endorsement any applicant from the District of Columbia, another state, territory, province or foreign country who:

a. Submits a completed online application for licensure and pays the nonrefundable licensure fee specified in rule 481—507.15(147,148F,149);

b. Shows evidence of licensure requirements that are similar to those required in Iowa;

c. Provides the board with official copies of academic transcripts, verifying graduation from a college of podiatric medicine approved by the CPME of the American Podiatric Medical Association. Transcripts must be sent directly from the school to the board of podiatry; and

d. Provides verification of license from every jurisdiction in which the applicant has been licensed, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:

(1) Licensee's name;
(2) Date of initial licensure;
(3) Current licensure status; and
(4) Any disciplinary action taken against the license.

700.7(2) An applicant shall submit the passing score reports for Part I and Part II of the NBPME examination. An applicant who graduated from a podiatric college in 1961 or earlier, is currently licensed in another state, and has practiced for the 24 months immediately prior to application may be exempted from passing Part I and Part II of the NBPME examination based on the applicant's credentials and the discretion of the board.

700.7(3) An applicant shall submit passing score reports for Part III of the NBPME examination. An applicant who passed the Part III NBPME examination more than three years prior to the date of application in Iowa must submit proof of podiatry practice for one of the last three years.

700.7(4) An applicant who graduated from a podiatric college on or after January 1, 1995, must present documentation of successful completion of a residency approved by the CPME of the American Podiatric Medical Association.

700.7(5) A person who is licensed in another jurisdiction but who is unable to satisfy the requirements for licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

[**ARC 7986C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—700.8(149) License renewal.

700.8(1) The biennial license renewal period for a license to practice podiatry begins on July 1 of an even-numbered year and ends on June 30 of the next even-numbered year. The licensee is responsible for renewing the license prior to its expiration.

700.8(2) An individual who was issued a license within six months of the license renewal date does not need to renew the individual's license until the subsequent renewal two years later.

700.8(3) An applicant who graduated from a podiatric college on or after January 1, 2013, and who is seeking renewal for the first time shall present documentation of successful completion of a residency program approved by the CPME of the American Podiatric Medical Association.

700.8(4) A licensee seeking renewal shall:

a. Meet the continuing education requirements of rule 481—702.2(149,272C) and the mandatory reporting requirements of subrule 700.9(4). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date.

700.8(5) Mandatory reporter training requirements.

a. A licensee who, in the scope of professional practice or in the licensee's employment responsibilities, examines, attends, counsels or treats children and dependent adults in Iowa shall indicate on the renewal application completion of two hours of training in child abuse identification and reporting in the previous five years or condition(s) for waiver of this requirement as identified in paragraph 700.8(5) *"e."*

b. A licensee who, in the course of employment, examines, attends, counsels or treats adults in Iowa shall complete the applicable department of health and human services training related to the identification and reporting of child and dependent adult abuse as required by Iowa Code section 232.69(3)*"b."* The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in 481—Chapter 500.

c. The board may select licensees for audit of compliance with the requirements in paragraphs 700.8(5)*"a"* and *"b."*

700.8(6) Upon receiving the information required by this rule and the required fee, board staff will administratively issue a two-year license. In the event the board receives adverse information on the renewal application, the board will issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

700.8(7) The license certificate and proof of active licensure will be displayed in a conspicuous public place at the primary site of practice.

700.8(8) Late renewal. A license not renewed by the expiration date will be assessed a late fee as specified in 481—subrule 507.15(3). Completion of renewal requirements and submission of the late fee within the grace period are needed to renew the license.

700.8(9) Inactive license. A license not renewed by the end of the grace period is inactive. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a podiatrist in Iowa until the license is reactivated. A licensee who practices as a podiatrist in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

[**ARC 7986C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—700.9(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, an applicant will:

700.9(1) Submit a completed online application for licensure and pay the nonrefundable licensure fee specified in rule 481—507.15(147,148F,149).

700.9(2) Provide verification of current competence to practice as a podiatrist by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, provide the following:

(1) Verification of the license from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 40 hours of continuing education within two years of application for reactivation.

b. If the license has been on inactive status for more than five years, provide the following:

(1) Verification of the license from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 80 hours of continuing education within two years of application for reactivation.

[**ARC 7986C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—700.10(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with 481—Chapter 506 and must apply for and be granted reactivation of the license in accordance with rule 481—700.15(17A,147,272C) prior to practicing as a podiatrist in this state.

[**ARC 7986C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 17A, 147, 149, and 272C.

CHAPTER 701
LICENSURE OF ORTHOTISTS, PROSTHETISTS, AND PEDORTHISTS
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 221]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—701.1(148F) Definitions.

"Active license" means a license that is current and has not expired.

"Board" means the board of podiatry.

"Grace period" means the 30-day period following expiration of a license when the license is still considered to be active.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period.

"Licensee" means any person licensed to practice as an orthotist, prosthetist, or pedorthist in the state of Iowa.

"License expiration date" means June 30 of even-numbered years.

"Licensure by endorsement" means the issuance of an Iowa license to practice orthotics, prosthetics, or pedorthics to an applicant who is or has been licensed in another state.

"Reactivate" or *"reactivation"* means the process as outlined in rule 481—701.8(17A,147,272C) by which an inactive license is restored to active status.

"Reciprocal license" means the issuance of an Iowa license to practice orthotics, prosthetics, or pedorthics to an applicant who is currently licensed in another state that has a mutual agreement with the Iowa board of podiatry to license persons who have the same or similar qualifications to those required in Iowa.

"Reinstatement" means the process as outlined in rule 481—506.31(272C) by which a licensee who has had a license suspended or revoked or who has voluntarily surrendered a license may apply to have the license reinstated, with or without conditions. Once the license is reinstated, the licensee may apply for active status.

[**ARC 7987C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—701.2(148F) Requirements for licensure.

701.2(1) The applicant will submit a completed online application for licensure and pay the nonrefundable licensure fee specified in rule 481—507.15(147,148F,149).

701.2(2) No application will be considered complete until official copies of academic transcripts are received.

a. Applicants for licensure in orthotics or prosthetics must submit proof of graduation from an educational program approved by the Commission on Accreditation of Allied Health Education Programs.

b. Applicants for licensure in pedorthics must submit proof of graduation from an educational program approved by the National Commission on Orthotic and Prosthetic Education.

701.2(3) Transcripts must be sent directly from the program to the board.

701.2(4) Licensees who were issued their licenses within six months prior to the renewal date do not need to renew their licenses until the renewal date two years later.

701.2(5) Incomplete applications that have been on file in the board office for more than two years will be:

a. Considered invalid and destroyed; or

b. Retained upon written request of the applicant. The applicant is responsible for requesting that the file be retained.

701.2(6) The applicant shall ensure that the passing score from the appropriate professional examination is sent directly to the board from the examination service.

701.2(7) Applicants for licensure in orthotics or prosthetics must provide documentation of successful completion of a residency program accredited by the National Commission on Orthotic and Prosthetic Education.

701.2(8) Applicants for licensure in pedorthics must provide documentation of successful completion of a qualified clinical experience program.

[**ARC 7987C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—701.3(148F) Written examinations.

701.3(1) Prosthetists must have completed and passed the Board of Certification/Accreditation, International (BOC), or American Board for Certification in Orthotics, Prosthetics and Pedorthics, Incorporated (ABC), examination for prosthetists.

701.3(2) Orthotists must have completed and passed the BOC or ABC examination for orthotists.

701.3(3) Pedorthists must have completed and passed the BOC or ABC examination for pedorthists.

701.3(4) The applicant has responsibility for:

a. Making arrangements to take the examination; and

b. Arranging to have the examination score reports sent directly to the board from the ABC or BOC.

701.3(5) A passing score as recommended by the administrators of the ABC or BOC examination shall be required.

[**ARC 7987C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—701.4(148F) Educational qualifications.

701.4(1) An applicant for licensure to practice as an orthotist or prosthetist shall present official copies of academic transcripts, verifying completion of the following requirements:

a. A baccalaureate or higher degree from a regionally accredited college or university. Transcripts must be sent directly from the college or university to the board of podiatry; and

b. Verification of completion of an academic program in orthotics or prosthetics accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP). Transcripts must be sent directly from the program to the board of podiatry.

701.4(2) An applicant for licensure to practice as a pedorthist shall present official copies of academic transcripts, verifying completion of the following requirements:

a. A high school diploma or its equivalent; and

b. Verification of completion of an academic program in pedorthics accredited by the National Commission on Orthotic and Prosthetic Education. Verification must be sent directly from the program to the board of podiatry.

701.4(3) An applicant who has relocated to Iowa from a state that did not require licensure to practice the profession may submit proof of work experience in lieu of educational and training requirements, if eligible, in accordance with rule 481—501.2(272C).

[**ARC 7987C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—701.5(148F) Licensure by endorsement.

701.5(1) An applicant who has been a licensed orthotist, prosthetist, or pedorthist under the laws of another jurisdiction may file an application for licensure by endorsement with the board office. The board may receive by endorsement any applicant from the District of Columbia, or another state, territory, province or foreign country who:

a. Submits a completed online application for licensure and pays the nonrefundable licensure fee specified in rule 481—507.15(147,148F,149);

b. Shows evidence of licensure requirements that are similar to those required in Iowa;

c. For prosthetic or orthotic licensure, provides:

(1) A baccalaureate or higher degree from a regionally accredited college or university. Transcripts must be sent directly from the college or university to the board of podiatry; and

(2) Verification of completion of an academic program in orthotics or prosthetics accredited by CAAHEP. Transcripts must be sent directly from the program to the board of podiatry;

d. For pedorthic licensure, provides:

(1) A high school diploma or its equivalent; and

(2) Verification of completion of an academic program in pedorthics accredited by the National Commission on Orthotic and Prosthetic Education. Verification must be sent directly from the program to the board of podiatry;

e. Provides verification of license from every jurisdiction in which the applicant has been licensed, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:

(1) Licensee's name;

(2) Date of initial licensure;

(3) Current licensure status; and

(4) Any disciplinary action taken against the license;

f. Submits a copy of the scores from the appropriate professional examination to be sent directly from the examination service to the board.

701.5(2) Individuals who were issued their licenses by endorsement within six months of the license renewal date do not need to renew their licenses until the next renewal date two years later.

701.5(3) Licensure by verification. A person who is licensed in another jurisdiction but who is unable to satisfy the requirements for licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

[**ARC 7987C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—701.6(148F) License renewal.

701.6(1) The biennial license renewal period for a license to practice orthotics, prosthetics, or pedorthics begins on July 1 of an even-numbered year and ends on June 30 of the next even-numbered year. The licensee is responsible for renewing the license prior to its expiration.

701.6(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal date two years later.

701.6(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements of rule 481—705.2(148F,272C). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date.

701.6(4) Upon receipt of the information required by this rule and the required fee, board staff shall administratively issue a two-year license. In the event the board receives adverse information on the renewal application, the board will issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

701.6(5) The license certificate and proof of active licensure will be displayed in a conspicuous public place at the primary site of practice.

701.6(6) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the renewal. The licensee shall be assessed a late fee as specified in 481—subrule 507.15(7). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

701.6(7) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa but may not practice as an orthotist, prosthetist, or pedorthist in Iowa until the license is reactivated. A licensee who practices as an orthotist, prosthetist, or pedorthist in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

[**ARC 7987C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—701.7(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee shall:

701.7(1) Submit a completed online application for licensure and pay the nonrefundable licensure fee specified in rule 481—507.15(147,148F,149).

701.7(2) Provide verification of current competence to practice by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification of the license from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of:

1. For orthotists or prosthetists, 30 hours of continuing education within two years of application for reactivation.
2. For pedorthists, 20 hours of continuing education within two years of application for reactivation.

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) Verification of the license from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of:

1. For orthotists or prosthetists, 60 hours of continuing education within two years of application for reactivation.
2. For pedorthists, 40 hours of continuing education within two years of application for reactivation.

[**ARC 7987C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—701.8(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with rule 481—506.31(272C) and must apply for and be granted reactivation of the license in accordance with rule 481—701.8(17A,147,272C) prior to practicing as an orthotist, a prosthetist, or a pedorthist in this state.

[**ARC 7987C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 17A, 147, 148F, and 272C.

CHAPTER 702
CONTINUING EDUCATION FOR PODIATRISTS
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 222]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—702.1(149,272C) Definitions.

"Active license" means a license that is current and has not expired.

"Approved program/activity" means a continuing education program/activity meeting the standards set forth in these rules.

"Audit" means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

"Board" means the board of podiatry.

"Continuing education" means planned, organized learning acts acquired during licensure designed to maintain, improve, or expand a licensee's knowledge and skills in order for the licensee to develop new knowledge and skills relevant to the enhancement of practice, education, or theory development to improve the safety and welfare of the public.

"Hour of continuing education" means at least 50 minutes spent by a licensee in actual attendance at and completion of an approved continuing education activity.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period.

"Independent study" means a subject/program/activity that a person pursues autonomously that meets standards for approval criteria in the rules and includes a posttest.

"License" means license to practice.

"Licensee" means any person licensed to practice as a podiatrist in the state of Iowa.

[**ARC 7988C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—702.2(149,272C) Continuing education requirements.

702.2(1) The biennial continuing education compliance period extends for a two-year period beginning on July 1 of each even-numbered year and ending on June 30 of the next even-numbered year. Each biennium, each person who is licensed to practice as a podiatrist in this state shall be required to complete a minimum of 40 hours of continuing education. Licensees who complete continuing education hours in excess of the requirements for renewal may apply up to 50 percent of the required hours to the following renewal period. Licensees may apply a maximum of 20 hours from the previous renewal period.

702.2(2) Requirements for new licensees. Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired anytime from the initial licensing until the second license renewal may be used. The new licensee will be required to complete a minimum of 40 hours of continuing education per biennium for each subsequent license renewal.

702.2(3) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity. These hours must be in accordance with these rules.

702.2(4) No hours of continuing education will be carried over into the next biennium.

702.2(5) It is the responsibility of each licensee to finance the cost of continuing education.

[**ARC 7988C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24; **ARC 9216C**, IAB 5/14/25, effective 6/18/25]

481—702.3(149,272C) Standards.

702.3(1) *General criteria.* A continuing education activity that meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

a. Constitutes an organized program of learning that contributes directly to the professional competency of the licensee;

b. Pertains to subject matters that integrally relate to the practice of the profession;

c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;

d. Fulfills stated program goals, objectives, or both; and

e. Provides proof of attendance to licensees in attendance including:

(1) Date, location, course title, presenter(s);

(2) Number of program contact hours; and

(3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

702.3(2) *Specific criteria.*

a. Licensees may obtain continuing education hours of credit by teaching in a college, university, or graduate school that is recognized by the U.S. Department of Education. The licensee may receive credit on a one-time basis for the first offering of a course.

b. Continuing education hours of credit may be obtained by completing the following programs/activities of a podiatric scientific nature and sponsored by an accredited college of podiatric medicine or the American Podiatric Medical Association or a regional or state affiliate or nonprofit hospital that are:

(1) Educational activities in which participants and faculty are present at the same time and attendance can be verified. Such activities include lectures, conferences, focused seminars, clinical and practical workshops, simultaneous live satellite broadcasts and teleconferences; and

(2) Scientifically oriented material or risk management activities.

c. If the podiatrist utilizes conscious sedation, the podiatrist shall obtain a minimum of one hour of continuing education in the area of conscious sedation or other related topics.

d. A licensee who has prescribed opioids to a patient during a renewal cycle shall have obtained a minimum of one hour of continuing education regarding the United States Centers for Disease Control and Prevention guideline for prescribing opioids for chronic pain, including recommendations on limitations on dosages and the length of prescriptions, risk factors for abuse, and nonopioid and nonpharmacologic therapy options.

e. Combined maximum per biennium of 20 hours for the following continuing education source areas will not exceed:

(1) Presenting professional programs that meet the criteria listed in this subrule. Two hours of credit will be awarded for each hour of presentation. A course schedule or brochure must be maintained for audit.

(2) Ten hours of credit for viewing videotaped presentations if the following criteria are met:

1. There is an approved sponsoring group or agency;
2. There is a facilitator or program official present;
3. The program official is not the only attendee; and
4. The program meets all the criteria in rule 481—702.3(149,272C).

(3) Ten hours of credit for computer-assisted instructional courses or programs pertaining to patient care and the practice of podiatric medicine and surgery. These courses and programs must be approved by the American Podiatric Medical Association or its affiliates and have a certificate of completion that includes the following information:

1. Date course/program was completed;
2. Title of course/program;
3. Number of course/program contact hours; and
4. Official signature or verification of course/program sponsor.

(4) Five hours of credit for reading journal articles pertaining to patient care and the practice of podiatric medicine and surgery. The licensee must pass a required posttest and be provided with a certificate of completion.

f. No office management courses will be accepted by the board.

g. Continuing education hours of credit equivalents for academic coursework per biennium are as follows:

1 academic semester hour = 15 continuing education hours

1 academic quarter hour = 10 continuing education hours

h. Credit is given only for actual hours attended.

[**ARC 7988C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 272C.2 and chapter 149.

CHAPTER 703
PRACTICE OF PODIATRY

[Prior to 8/7/02, see rules 645—219.3(514F), 645—219.4(139A)]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 223]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—703.1(149) Definitions.

"Ambulatory surgical center" or *"ASC"* means an ambulatory surgical center that has in effect an agreement with the Centers for Medicare and Medicaid Services (CMS) of the U.S. Department of Health and Human Services, in accordance with 42 CFR Part 416 as amended to November 22, 2023.

"Conscious sedation" means a depressed level of consciousness produced by the administration of pharmacological substances that retains the patient's ability to independently and continuously maintain an airway and respond appropriately to physical stimulation or verbal command.

[**ARC 7989C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—703.2(149) Requirements for administering conscious sedation. A licensed podiatrist who holds a permanent license in good standing may use conscious sedation for podiatric patients on an outpatient basis in a hospital or ASC after the podiatrist has submitted to the board office an attestation on a form approved by the board.

703.2(1) The attestation shall include:

a. Evidence of successful completion within the past five years of a formal anesthesiology rotation in a residency program approved by the Council on Podiatric Medical Education (CPME); or

b. For a podiatrist who does not meet the requirements of paragraph 703.2(1)*"a,"* an attestation with evidence that the podiatrist is authorized by the governing body of a hospital or ASC to use conscious sedation. This attestation must be received by the board prior to January 1, 2005.

703.2(2) The podiatrist will provide verification of current certification in Basic Cardiac Life Support (BCLS) or Advanced Cardiac Life Support (ACLS).

703.2(3) A podiatrist who has an attestation on file and continues to use conscious sedation will meet the requirements of 645—Chapter 702 at the time of license renewal. A minimum of one hour of continuing education in the area of conscious sedation or related topics is required beginning with the renewal cycle of July 1, 2004, to June 30, 2006. Continuing education credit in the area of conscious sedation may be applied toward the 40 hours of continuing education required for renewal of the license. In addition, the podiatrist will maintain current certification in BCLS or ACLS.

703.2(4) A podiatrist will only utilize conscious sedation in a hospital or ASC when the podiatrist has been granted clinical privileges by the governing body of the hospital or ASC in accordance with approved policies and procedures of the hospital or ASC.

703.2(5) It is a violation of the standard of care for a podiatrist to use conscious sedation agents that result in a deep sedation or general anesthetic state.

703.2(6) Reporting of adverse occurrences related to conscious sedation. A licensed podiatrist who has an attestation on file with the board must submit a report to the board within 30 days of any mortality or other incident which results in temporary or permanent physical or mental injury requiring hospitalization of the patient during or as a result of conscious sedation. Included in the report will be the following:

a. Description of podiatric procedures;

b. Description of preoperative physical condition of patient;

c. List of drugs and dosage administered;

d. Description, in detail, of techniques utilized in administering the drugs;

e. Description of adverse occurrence, including:

(1) Symptoms of any complications including, but not limited to, onset and type of symptoms;

(2) Treatment instituted;

(3) Response of the patient to treatment;

f. Description of the patient's condition on termination of any procedures undertaken;

g. If a patient is transferred, a statement providing where and to whom; and

h. Name of the registered nurse who is trained to administer conscious sedation and who assisted in the procedure.

703.2(7) Failure to report. Failure to comply with subrule 703.2(6) when the adverse occurrence is related to the use of conscious sedation may result in the podiatrist's loss of authorization to administer conscious sedation or in other sanctions provided by law.

703.2(8) Recordkeeping. The patient's chart must include:

a. Preoperative and postoperative vital signs;

b. Drugs administered;

c. Dosage administered;

d. Anesthesia time in minutes;

e. Monitors used;

f. Intermittent vital signs recorded during procedures and until the patient is fully alert and oriented with stable vital signs;

g. Name of the person to whom the patient was discharged; and

h. Name of the registered nurse who is trained to administer conscious sedation and who assisted in the procedure.

703.2(9) Failure to comply with these rules is grounds for discipline.

[**ARC 7989C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—703.3(139A) Preventing HIV and HBV transmission. Podiatrists will comply with the recommendations for preventing transmission of human immunodeficiency virus and hepatitis B virus to patients during exposure-prone invasive procedures, issued by the Centers for Disease Control and Prevention of the United States Department of Health and Human Services, or with the recommendations of the expert review panel established pursuant to Iowa Code section 139A.22(3) and applicable hospital protocols established pursuant to Iowa Code section 139A.22(1). Failure to comply will be grounds for disciplinary action.

[**ARC 7989C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—703.4(149) Unlicensed graduate of a podiatric college. An unlicensed graduate of a podiatric college may function in the licensed podiatrist's office only as a podiatric assistant. The licensed podiatrist has full responsibility and liability for the unlicensed person.

703.4(1) Treatments, charting, and notations completed by the unlicensed graduate must be initialed by that person and countersigned by the licensed podiatrist.

703.4(2) An unlicensed graduate will not:

a. Be referred to as "doctor" during professional contact with patients.

b. Treat patients in the office without a licensed podiatrist present.

c. Perform surgical work without direct supervision of a licensed podiatrist.

d. Diagnose or prescribe medicine.

e. Take independent actions regarding diagnosis, treatment or prescriptions.

f. Visit nursing homes or make house calls without the presence of the licensed podiatrist.

g. Bill for any services.

[**ARC 7989C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—703.5(149) Prescribing opioids. Podiatrists will review a patient's information contained in the prescription monitoring program database for each opioid prescription prior to prescribing, unless the patient is receiving inpatient hospice care or long-term residential facility care.

[**ARC 7989C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 139A, 149 and 514F.

[Filed 7/18/02, Notice 5/15/02—published 8/7/02, effective 9/11/02]
[Filed 1/15/03, Notice 10/30/02—published 2/5/03, effective 3/12/03]

[Filed ARC 4321C (Notice ARC 4051C, IAB 10/10/18), IAB 2/27/19, effective 4/3/19]

[Filed ARC 7989C (Notice ARC 7178C, IAB 12/13/23), IAB 5/15/24, effective 6/19/24]
[Editorial change: IAC Supplement 9/18/24]

CHAPTER 704
DISCIPLINE FOR PODIATRISTS, ORTHOTISTS, PROSTHETISTS, AND PEDORTHISTS

[Prior to 2/6/02, see 645—Chapter 220]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 224]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—704.1(148F,149,272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in Iowa Code section 272C.3 when the board determines that the licensee is guilty of any of the following acts or offenses or those listed in 481—Chapter 504:

704.1(1) Prescribing opioids in dosage amounts exceeding what would be prescribed by a reasonably prudent prescribing practitioner engaged in the same practice.

704.1(2) Reserved.

[**ARC 7990C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—704.2(148F,149,272C) Indiscriminately prescribing, administering or dispensing any drug for other than a lawful purpose. The board may impose any of the disciplinary sanctions provided in 645—Chapter 13 when the board determines that the licensee is guilty of any of the following acts or offenses:

704.2(1) Self-prescribing or self-dispensing controlled substances.

704.2(2) Prescribing or dispensing controlled substances to members of the licensee's immediate family for an extended period of time.

a. Prescribing or dispensing controlled substances to members of the licensee's immediate family is allowable for an acute condition or on an emergency basis when the physician conducts an examination, establishes a medical record, and maintains proper documentation.

b. Immediate family includes spouse or life partner, natural or adopted children, grandparent, parent, sibling, or grandchild of the physician; and natural or adopted children, grandparent, parent, sibling, or grandchild of the physician's spouse or life partner.

704.2(3) Prescribing or dispensing controlled substances outside the scope of the practice of podiatry.

[**ARC 7990C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 147, 148F, 149, and 272C.

CHAPTER 705
CONTINUING EDUCATION FOR ORTHOTISTS, PROSTHETISTS, AND PEDORTHISTS
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 225]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—705.1(148F) Definitions.

"ABC" means the American Board for Certification in Orthotics, Prosthetics and Pedorthics, Incorporated.

"Active license" means a license that is current and has not expired.

"Approved program/activity" means a continuing education program/activity meeting the standards set forth in these rules.

"Audit" means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

"Board" means the board of podiatry.

"BOC" means the Board of Certification/Accreditation, International.

"Continuing education" means planned, organized learning acts acquired during licensure designed to maintain, improve, or expand a licensee's knowledge and skills in order for the licensee to develop new knowledge and skills relevant to the enhancement of practice, education, or theory development to improve the safety and welfare of the public.

"Hour of continuing education" means at least 50 minutes spent by a licensee in actual attendance at and completion of an approved continuing education activity.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period.

"Independent study" means a subject/program/activity that a person pursues autonomously that meets standards for approval criteria in the rules and includes a posttest.

"License" means license to practice.

"Licensee" means any person licensed to practice as an orthotist, prosthetist, or pedorthist in the state of Iowa.

[**ARC 7991C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—705.2(148F,272C) Continuing education requirements.

705.2(1) The biennial continuing education compliance period extends for a two-year period beginning on July 1 of each even-numbered year and ending on June 30 of the next even-numbered year.

a. Each biennium, each person who is licensed to practice as an orthotist in this state shall be required to complete a minimum of 30 hours of continuing education.

b. Each biennium, each person who is licensed to practice as a prosthetist in this state shall be required to complete a minimum of 30 hours of continuing education.

c. Each biennium, each person who is licensed to practice as a pedorthist in this state shall be required to complete a minimum of 20 hours of continuing education.

705.2(2) Requirements for new licensees. Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired anytime from the initial licensing until the second license renewal may be used.

a. The new orthotic licensee will be required to complete a minimum of 30 hours of continuing education per biennium for each subsequent license renewal.

b. The new prosthetic licensee will be required to complete a minimum of 30 hours of continuing education per biennium for each subsequent license renewal.

c. The new pedorthic licensee will be required to complete a minimum of 20 hours of continuing education per biennium for each subsequent license renewal.

705.2(3) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity. These hours must be in accordance with these rules.

705.2(4) Licensees who complete continuing education hours in excess of the requirements for renewal may apply up to 50 percent of the required hours to the following renewal period. Prosthetists and orthotists may apply a maximum of 15 hours from the previous renewal period, and pedorthists may apply a maximum of 10 hours from the previous renewal period.

705.2(5) It is the responsibility of each licensee to finance the cost of continuing education.

[**ARC 7991C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24; **ARC 9217C**, IAB 5/14/25, effective 6/18/25]

481—705.3(148F,272C) Standards.

705.3(1) *General criteria.* A continuing education activity that meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

a. Constitutes an organized program of learning that contributes directly to the professional competency of the licensee;

b. Pertains to subject matters that integrally relate to the practice of the profession;

c. Is conducted by individuals who have specialized education, training and experience by reason of that said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;

d. Fulfills stated program goals, objectives, or both; and

e. Provides proof of attendance to licensees in attendance including:

(1) Date, location, course title, and presenter(s);

(2) Number of program contact hours; and

(3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

705.3(2) *Specific criteria for licensees.*

a. Licensees may obtain continuing education hours of credit by attending workshops, conferences, symposiums, electronically transmitted courses, live interactive conferences, and academic courses that relate directly to the professional competency of the licensee. Official transcripts indicating successful completion of academic courses that apply to the field of orthotics, prosthetics, or pedorthics will be necessary in order to receive the following continuing education credits:

1 academic semester hour = 15 continuing education hours of credit

1 academic trimester hour = 12 continuing education hours of credit

1 academic quarter hour = 10 continuing education hours of credit

b. Licensees may obtain continuing education hours of credit by teaching in an approved college, university, or graduate school. The licensee may receive credit on a one-time basis for the first offering of a course.

c. Continuing education hours of credit may be granted for any of the following activities not to exceed a maximum combined total of 15 hours for orthotists and prosthetists and 10 hours for pedorthists:

(1) Presenting professional programs that meet the criteria listed in this rule. Two hours of credit will be awarded for each hour of presentation. A course schedule or brochure must be maintained for audit.

(2) Authoring research or other activities, the results of which are published in a recognized professional publication. The licensee will receive five hours of credit per page.

(3) Viewing videotaped presentations and electronically transmitted material that have a postcourse test if the following criteria are met:

1. There is a sponsoring group or agency;
2. There is a facilitator or program official present;
3. The program official is not the only attendee; and
4. The program meets all the criteria specified in this rule.

(4) Participating in home study courses that have a certificate of completion and a postcourse test.

(5) Participating in courses that have business-related topics: marketing, time management, government regulations, and other like topics.

(6) Participating in courses that have personal skills topics: career burnout, communication skills, human relations, and other like topics.

(7) Participating in courses that have general health topics: clinical research, CPR, child abuse reporting, and other like topics.

[**ARC 7991C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—705.4(148F,272C) Audit of continuing education report. In addition to the requirements of 645—4.11(272C), proof of current BOC or ABC certification as an orthotist, prosthetist, or pedorthist will be accepted in lieu of individual certificates of completion for an audit.

[**ARC 7991C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 272C.2 and chapter 148F.

BOARD OF RESPIRATORY CARE AND POLYSOMNOGRAPHY

CHAPTER 720
LICENSURE OF RESPIRATORY CARE PRACTITIONERS, POLYSOMNOGRAPHIC TECHNOLOGISTS, AND RESPIRATORY CARE AND POLYSOMNOGRAPHY PRACTITIONERS

[Prior to 4/17/02, see 645—Chapter 260]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 261]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/31/29

481—720.1(148G,152B) Definitions.

"Active license" means a license that is current and has not expired.

"Board" means the board of respiratory care and polysomnography.

"BRPT" means the Board of Registered Polysomnographic Technologists.

"CAAHEP" means the Commission on Accreditation of Allied Health Education Programs.

"CoARC" means the Commission on Accreditation for Respiratory Care.

"Grace period" means the 30-day period following expiration of a license when the license is still considered to be active.

"Licensee" means any person licensed to practice as a respiratory care practitioner, polysomnographic technologist, or respiratory care and polysomnography practitioner in the state of Iowa.

"License expiration date" means March 31 of even-numbered years.

"NBRC" means the National Board for Respiratory Care.

"Polysomnographic technologist" means a person licensed by the board to engage in the practice of polysomnography under the general supervision of a physician or a qualified health care professional prescriber.

"Reactivate" or *"reactivation"* means the process as outlined in rule 481—720.14(17A,147,272C) by which an inactive license is restored to active status.

"Reciprocal license" means the issuance of an Iowa license to practice as a respiratory care practitioner, polysomnographic technologist, or respiratory care and polysomnography practitioner to an applicant who is currently licensed in another state that has a mutual agreement with the Iowa board of respiratory care and polysomnography to license persons who have the same or similar qualifications to those required in Iowa.

"Reinstatement" means the process as outlined in rule 481—506.31(272C) by which a licensee who has had a license suspended or revoked or who has voluntarily surrendered a license may apply to have the license reinstated, with or without conditions. Once the license is reinstated, the licensee may apply for active status.

[**ARC 8073C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—720.2(148G,152B) General requirements for licensure. The following general criteria apply to licensure:

720.2(1) An applicant must submit a completed online application for licensure and pay the nonrefundable licensure fee specified in rule 481—507.17(147,152B). The applicant must submit two completed sets of fingerprint cards to facilitate a national criminal history background check. The cost for the evaluation of the fingerprint cards and the criminal history background checks by the Iowa division of criminal investigation (DCI) and the Federal Bureau of Investigation (FBI) criminal history background checks is assessed to the applicant. The board may withhold issuing a license pending receipt of a report from the DCI and FBI.

a. An applicant must submit a release authorizing the background check.

b. Licensees who were issued their licenses within six months prior to the renewal do not need to renew their licenses until the renewal month two years later.

c. An applicant who has been a licensed respiratory care practitioner, polysomnographic technologist, or respiratory care and polysomnography practitioner under the laws of another jurisdiction

shall provide verification of license from the jurisdiction in which the applicant has most recently been licensed. Verification shall be sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:

(1) Licensee's name;
(2) Date of initial licensure;
(3) Current licensure status; and
(4) All disciplinary action taken against the license.

720.2(2) Incomplete applications that have been on file in the board office for more than two years will be considered invalid and destroyed.

[**ARC 8073C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—720.3(152B) Additional requirements for respiratory care practitioner licensure. The following are additional specific criteria for licensure as a respiratory care practitioner:

720.3(1) Successful completion of a respiratory care education program accredited by, or under a letter of review from, CoARC or CAAHEP.

720.3(2) Foreign-trained respiratory care practitioners shall:

a. Provide an equivalency evaluation of their educational credentials by one of the following: International Education Research Foundation, Inc., Credentials Evaluation Service; or International Credentialing Associates, Inc. The professional curriculum must be equivalent to that stated in these rules. The candidate bears the expense of the curriculum evaluation.

b. Provide a copy of the certificate or diploma awarded to the applicant from a respiratory care program in the country in which the applicant was educated.

c. Receive a final determination from the board regarding the application for licensure.

720.3(3) The examination required by the board shall be the Therapist Multiple-Choice Examination or the Certified Respiratory Therapist Examination administered by the NBRC. A score on the examination that meets or exceeds the minimum passing score established by the NBRC is required.

720.3(4) Results of the examination must be received by the board of respiratory care and polysomnography by one of the following methods:

a. Scores are sent directly from the examination service to the board;

b. A copy of a certificate showing proof of the successful achievement of the certified respiratory therapist (CRT) or registered respiratory therapist (RRT) credential awarded by the NBRC is submitted to the board; or

c. A copy of the score report or an electronic web-based confirmation by the NBRC showing proof of successful completion is submitted to the board.

[**ARC 8073C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—720.4(148G,152B) Additional requirements for polysomnographic technologist licensure. The following are additional specific criteria for licensure as a polysomnographic technologist:

720.4(1) Graduation from a polysomnographic educational program accredited by CAAHEP. A transcript shall be submitted to the board office directly from the college or university; or

720.4(2) Graduation from an entry into respiratory care professional practice program accredited by CoARC or CAAHEP for which a transcript will be submitted to the board office directly from the college or university; and direct-source verification of one of the following:

a. Completion of a sleep specialist program option accredited by CoARC or CAAHEP, or

b. Obtaining the sleep disorder specialist credential from the NBRC, or

c. Obtaining the registered polysomnographic technologist credential from the BRPT; or

720.4(3) Graduation from an electroneurodiagnostic technologist program with a polysomnographic technology track that is accredited by CAAHEP with the transcript sent directly to the board from the college or university; or

720.4(4) Requirements for current Iowa licensees holding a license in a profession other than polysomnography. An individual who holds an active license under Iowa Code section 147.2 in a

profession other than polysomnography and whose license is in good standing with the board for that profession may receive licensure upon verification from the medical director of the individual's current employer or the medical director's designee that the individual has completed on-the-job training in the field of polysomnography and is competent to perform polysomnography.

720.4(5) Foreign-trained polysomnographic technologists shall:

a. Provide an equivalency evaluation of their educational credentials by either International Education Research Foundation, Inc., Credentials Evaluation Service; or International Credentialing Associates, Inc. The candidate will bear the expense of the curriculum evaluation.

b. Provide a copy of the certificate or diploma awarded to the applicant from a respiratory care program in the country in which the applicant was educated.

c. Receive a final determination from the board regarding the application for licensure.

720.4(6) Licensure by proof of work experience. An applicant who has relocated to Iowa from a state that did not require licensure to practice the profession may submit proof of work experience in lieu of educational and training requirements, if eligible, in accordance with rule 481—501.2(272C).

720.4(7) Licensure by verification. A person who is licensed in another jurisdiction but who is unable to satisfy the requirements for licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

[**ARC 8073C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—720.5(148G,152B) Requirements for dual licensure. The following are additional specific criteria for licensure as a respiratory care and polysomnography practitioner. An applicant for licensure as a respiratory care and polysomnography practitioner shall meet the requirements of subrules 720.5(1) and 720.5(2).

720.5(1) The applicant shall have successfully completed a respiratory care education program accredited by, or under a letter of review from, CoARC or CAAHEP.

a. Foreign-trained practitioners shall:

(1) Provide an equivalency evaluation of their educational credentials by International Education Research Foundation, Inc., Credentials Evaluation Service; or International Credentialing Associates, Inc. The professional curriculum must be equivalent to that stated in these rules. The candidate will bear the expense of the curriculum evaluation.

(2) Provide a copy of the certificate or diploma awarded to the applicant from the program in the country in which the applicant was educated.

(3) Receive a final determination from the board regarding the application for licensure.

b. Examination requirements. The examinations required by the board shall be the Therapist Multiple-Choice Examination administered by the NBRC and either the Sleep Disorders Specialist Examination (SDS) administered by the NBRC or the Registered Polysomnographic Technologist Examination administered by the BRPT. The minimum passing score established by the NBRC or BRPT is required.

c. Results of the examination. Results of the examination must be received by the board of respiratory care and polysomnography by one of the following methods:

(1) Scores are sent directly from the examination service to the board;

(2) A copy of a certificate showing proof of the successful achievement of the CRT or RRT credential awarded by the NBRC submitted to the board; or

(3) A copy of the score report or an electronic web-based confirmation by the NBRC showing proof of successful completion of the Therapist Multiple-Choice Examination, State Clinical Examination, or Certified Respiratory Therapist Examination administered by the NBRC submitted to the board.

720.5(2) The applicant must also meet one of the following requirements:

a. Graduation from a polysomnographic educational program accredited by CAAHEP, with the transcript sent directly from the college or university to the board; or

b. Completion of a sleep specialist program option accredited by CoARC or CAAHEP with the transcript submitted to the board office directly from the college or university; and direct-source verification of one of the following:

(1) Completion of the curriculum for a polysomnographic certificate established and accredited by the CAAHEP as an extension of the respiratory care program, or

(2) Obtaining the sleep disorder specialist credential from the NBRC, or

(3) Obtaining the registered polysomnographic technologist credential from the BRPT; or

c. Graduation from an electroneurodiagnostic technologist program with a polysomnographic technology track that is accredited by CAAHEP, with the transcript submitted to the board office directly from the college or university; or

d. Hold an active license under Iowa Code section 147.2 in a profession other than polysomnography that is in good standing with the board for that profession and provide verification from the medical director of the applicant's current employer or the medical director's designee that the applicant has completed on-the-job training in the field of polysomnography and is competent to perform polysomnography.

[**ARC 8073C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—720.6(148G,152B) License renewal.

720.6(1) The biennial license renewal period for a license will begin on April 1 of an even-numbered year and end on March 31 of the next even-numbered year. The licensee is responsible for renewing the license prior to its expiration.

720.6(2) An individual who was issued an initial license within six months of the license renewal date does not need to renew the license until the subsequent renewal two years later.

720.6(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements of rule 481—721.2(148G,152B,272C) and the mandatory reporting requirements of subrule 720.8(4). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date.

720.6(4) Mandatory reporter training requirements.

a. A licensee who, in the scope of professional practice or in the licensee's employment responsibilities, examines, attends, counsels or treats children and dependent adults in Iowa will complete the applicable department of health and human services training relating to the identification and reporting of child and dependent adult abuse as required by Iowa Code section 232.69(3)*"b."*

b. The requirement for mandatory training for identifying and reporting child and dependent adult abuse will be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in 481—Chapter 721.

c. The board may select licensees for audit of compliance with the requirements in paragraphs 720.6(4)*"a"* and *"b."*

720.6(5) Upon receiving the information and the fee, a two-year license will be administratively issued. In the event the board receives adverse information on the renewal application, the renewal license will be issued but the board may refer the adverse information for further consideration or disciplinary investigation.

720.6(6) The license certificate and proof of active licensure will be displayed in a conspicuous public place at the primary site of practice.

720.6(7) Late renewal. A license not renewed by the expiration date will be assessed a late fee as specified in rule 481—507.17(147,152B). Completion of renewal requirements and submission of the late fee within the grace period are needed to renew the license.

720.6(8) Inactive license. A license not renewed by the end of the grace period is inactive. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice respiratory care in Iowa until the license is reactivated. A licensee who practices respiratory care in the

state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

[**ARC 8073C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—720.7(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee shall:

720.7(1) Submit a reactivation application and pay the reactivation fee specified in rule 481—507.17(147,152B).

720.7(2) If the license has been inactive for two or more years, submit two completed fingerprint cards to facilitate a national criminal history background check. The cost for the evaluation of the fingerprint packet and the DCI and FBI criminal history background checks will be assessed to the applicant. The board may withhold issuing a license pending receipt of a report from the DCI and FBI.

720.7(3) Provide verification of current competence to practice by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification of the license from the jurisdiction in which the applicant has most recently been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of continuing education that conforms to standards defined in rule 481—721.3(148G,152B,272C) within 24 months immediately preceding submission of the application for reactivation; or verification of active practice, consisting of a minimum of 2,080 hours, in another state or jurisdiction within 24 months immediately preceding an application for reactivation.

1. For respiratory care practitioners: 24 hours of continuing education.
2. For polysomnographic technologists: 24 hours of continuing education.
3. For respiratory care and polysomnography practitioners: 24 hours of continuing education, of which at least 8 hours but no more than 12 hours shall be on sleep-related topics.

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) Verification of the license from the jurisdiction in which the applicant has most recently been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of continuing education that conforms to standards defined in rule 481—721.3(148G,152B,272C) within 24 months immediately preceding submission of the application for reactivation; or verification of active practice, consisting of a minimum of 2,080 hours, in another state or jurisdiction within 24 months immediately preceding an application for reactivation.

1. For respiratory care practitioners: 48 hours of continuing education.
2. For polysomnographic technologists: 48 hours of continuing education.
3. For respiratory care and polysomnography practitioners: 48 hours of continuing education of which at least 16 hours but no more than 24 hours shall be on sleep-related topics.

720.7(4) Submit a sworn statement of previous active practice from an employer or professional associate, detailing places and dates of employment and verifying that the applicant has practiced at least 2,080 hours or taught as the equivalent of a full-time faculty member for at least one of the immediately preceding years during the last two-year time period. Sole proprietors may submit the sworn statement on their own behalf.

[**ARC 8073C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—720.8(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with rule 481—506.31(272C) and must apply for and be granted reactivation of the license in accordance with rule 481—720.14(17A,147,272C) prior to practicing in this state.

[**ARC 8073C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 17A, 147, 148G, 152B, and 272C.

CHAPTER 721
CONTINUING EDUCATION FOR RESPIRATORY CARE PRACTITIONERS AND POLYSOMNOGRAPHIC TECHNOLOGISTS

[Prior to 4/17/02, see 645—Chapter 261]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 262]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/31/29

481—721.1(148G,152B,272C) Definitions.

"Active license" means a license that is current and has not expired.

"Approved program/activity" means a continuing education program/activity meeting the standards set forth in these rules.

"Audit" means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

"Board" means the board of respiratory care and polysomnography.

"Continuing education" means planned, organized learning acts designed to maintain, improve, or expand a licensee's knowledge and skills in order for the licensee to develop new knowledge and skills relevant to the enhancement of practice, education, or theory development to improve the safety and welfare of the public.

"Hour of continuing education" means at least 50 minutes spent by a licensee completing an approved continuing education activity through live, virtual, online or prerecorded means where the instructor provides proof of completion by the licensee as set forth in these rules.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period.

"License" means license to practice.

"Licensee" means any person licensed to practice as a respiratory care practitioner, polysomnographic technologist, or respiratory care and polysomnography practitioner in the state of Iowa.

[**ARC 8074C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—721.2(148G,152B,272C) Continuing education requirements.

721.2(1) The biennial continuing education compliance period will extend for a two-year period beginning on April 1 of each even-numbered year and ending on March 31 of the next even-numbered year. Each biennium, the licensee will be required to complete continuing education that meets the requirements specified in rule 481—721.3(148G,152B,272C).

a. For respiratory care practitioner licensees: complete a minimum of 24 hours of continuing education.

b. For respiratory care and polysomnography practitioner licensees: complete a minimum of 24 hours of continuing education.

c. For polysomnographic technologist licensees: complete a minimum of 24 hours of continuing education.

721.2(2) Requirements of new licensees. Those persons licensed for the first time will not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired any time from the initial licensing until the second license renewal may be used. For each subsequent license renewal, the new licensee will be required to complete continuing education per biennium.

721.2(3) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity. These hours must be in accordance with these rules.

721.2(4) Up to 50 percent of continuing education hours can be carried over into the next biennium if there was an amount of continuing education completed during the prior period that exceeded the minimum requirement. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

721.2(5) It is the responsibility of each licensee to finance the cost of continuing education.

[**ARC 8074C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24; **ARC 9556C**, IAB 9/17/25, effective 10/22/25]

481—721.3(148G,152B,272C) Standards.

721.3(1) *General criteria.* A continuing education activity that meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

a. Constitutes an organized program of learning that contributes directly to the professional competency of the licensee;

b. Pertains to subject matters that integrally relate to the practice of the profession;

c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;

d. Fulfills stated program goals, objectives, or both; and

e. Provides proof of attendance to licensees in attendance including:

(1) Date(s), location, course title, presenter(s);

(2) Number of program contact hours; and

(3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

721.3(2) *Specific criteria.* Continuing education hours of credit may be obtained by:

a. Programs/activities of a clinical nature related to the practice of respiratory care or polysomnography.

b. Program presenters who will receive one hour of credit for each hour of presentation for the first offering of the continuing education program/activity.

c. Completing academic coursework that meets the criteria set forth in the rules and is accompanied by an official transcript indicating successful completion of the course. Continuing education credit equivalents are as follows:

1 academic semester hour = 15 continuing education hours

1 academic quarter hour = 10 continuing education hours

d. The following are approved for continuing education credit on a one-time basis per biennium and require a certificate of attendance or verification:

CERTIFICATIONS:

Advanced Cardiac Life Support	12 hours
Basic Cardiac Life Support—Instructor	8 hours
Basic Cardiac Life Support	6 hours
Neonatal Resuscitation	9 hours
Pediatric Advanced Life Support	14 hours
Mandatory Reporting	4 hours
Certified Pulmonary Function Technologist	8 hours
Registered Pulmonary Function Technologist	12 hours

CHAPTER 722
PRACTICE OF RESPIRATORY CARE PRACTITIONERS AND POLYSOMNOGRAPHIC TECHNOLOGISTS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 265]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/31/29

481—722.1(148G,152B,272C) Definitions.

"Board" means the board of respiratory care and polysomnography.

"Direct supervision" means that the respiratory care and polysomnography practitioner or the polysomnographic technologist providing supervision must be present where the polysomnographic procedure is being performed and immediately available to furnish assistance and direction throughout the performance of the procedure.

"General supervision" means that the polysomnographic procedure is provided under a physician's or qualified health care professional prescriber's overall direction and control, but the physician's or qualified health care professional prescriber's presence is not required during the performance of the procedure.

"Physician" means a person who is currently licensed in Iowa to practice medicine and surgery or osteopathic medicine and surgery, is board-certified, and is actively involved in the sleep medicine center or laboratory.

"Polysomnographic student" means a person who is enrolled in a program approved by the board and who may provide sleep-related services under the direct supervision of a respiratory care and polysomnography practitioner or a polysomnographic technologist as part of the person's education program.

"Polysomnographic technician" means a person who has graduated from a program approved by the board, but has not yet received an accepted national credential awarded from an examination program approved by the board and who may provide sleep-related services under the direct supervision of a licensed respiratory care and polysomnography practitioner or a licensed polysomnographic technologist for a period of up to 30 days following graduation while awaiting credentialing examination scheduling and results.

[**ARC 8076C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—722.2(148G,152B,272C) Code of ethics.

722.2(1) The respiratory care practitioner or polysomnographic technologist will practice acceptable methods of treatment and will not practice beyond the competence or exceed the authority vested in the practitioner or technologist by physicians.

722.2(2) The respiratory care practitioner or polysomnographic technologist will continually strive to increase and improve knowledge and skill and will render to each patient the full measure of the practitioner's or technologist's ability. All services will be provided with respect for the dignity of the patient, regardless of the patient's social or economic status or personal attributes or the nature of the patient's health problems.

722.2(3) The respiratory care practitioner or polysomnographic technologist will be responsible for the competent and efficient performance of assigned duties and will expose incompetent, illegal or unethical conduct of members of the profession.

722.2(4) The respiratory care practitioner or polysomnographic technologist will hold in confidence all privileged information concerning the patient and refer all inquiries regarding the patient to the patient's physician.

722.2(5) The respiratory care practitioner or polysomnographic technologist will not accept gratuities and shall guard against conflict of interest.

722.2(6) The respiratory care practitioner or polysomnographic technologist will uphold the dignity and honor of the profession and abide by its ethical principles.

722.2(7) The respiratory care practitioner or polysomnographic technologist will have knowledge of existing state and federal laws governing the practice of respiratory therapy or polysomnography and will comply with those laws.

722.2(8) The respiratory care practitioner or polysomnographic technologist will cooperate with other health care professionals and participate in activities to promote community, state, and national efforts to meet the health needs of the public.

[**ARC 8076C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—722.3(152B,272C) Intravenous administration. Starting an intravenous line or administering intravenous medications is outside the scope of practice of a licensed respiratory care practitioner. However, this rule does not preclude a licensed respiratory care practitioner from performing intravenous administration under the auspices of the employing agency if formal training is acquired and documented.

[**ARC 8076C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—722.4(152B,272C) Setup and delivery of respiratory care equipment.

722.4(1) Unlicensed personnel may deliver, set up, and test the operation of respiratory care equipment for a patient but will not perform any type of patient care. Instruction or demonstration of the equipment will be limited to its mechanical operation (on and off switches, emergency button, cleaning, maintenance). Any instruction or demonstration to the patient regarding the clinical use of the equipment; the fitting of any device to the patient or making any adjustment; or any patient monitoring, patient assessment, or other procedures designed to evaluate the effectiveness of the treatment must be performed by a licensed respiratory therapist or other licensed health care provider allowed by Iowa law.

722.4(2) Respiratory care equipment includes but is not limited to:

a. Positive airway pressure (continuous positive airway pressure and bi-level positive airway pressure) devices and supplies;

b. Airway clearance devices;

c. Invasive and noninvasive mechanical ventilation devices and supplies;

d. Nasotracheal and tracheal suctioning devices and supplies;

e. Apnea monitors and alarms and supplies;

f. Tracheostomy care devices and supplies;

g. Respiratory diagnostic testing devices and supplies, including but not limited to pulse oximetry, CO2 monitoring, and spirometry devices and supplies; and

h. Pulse-dose or demand-type oxygen conserving devices or any oxygen delivery systems beyond the capabilities of a simple mask or cannula or requiring particulate or molecular therapy in conjunction with oxygen.

[**ARC 8076C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—722.5(152B,272C) Respiratory care as a practice. "Respiratory care as a practice" means a health care profession, under medical direction, employed in the therapy, management, rehabilitation, diagnostic evaluation, and care of patients with deficiencies and abnormalities that affect the pulmonary system and associated aspects of cardiopulmonary and other systems' functions and includes but is not limited to the following direct and indirect respiratory care services that are safe, of comfort, aseptic, preventative, and restorative to the patient:

1. Observing and monitoring signs and symptoms, general behavior, reactions, and general physical responses to respiratory care treatment and diagnostic testing.
2. Determining whether the signs, symptoms, behavior, reactions, or general responses exhibit abnormal characteristics.
3. Performing pulmonary diagnostic testing.
4. Analyzing blood gases and respiratory secretions.
5. Measuring and monitoring hemodynamic and physiologic function related to cardiopulmonary pathophysiology.
6. Performing diagnostic and testing techniques in the medical management of patients to assist in diagnosis, monitoring, treatment, and research of pulmonary abnormalities, including measurement of ventilatory volumes, pressures, and flows; and collection of specimens of blood and from the respiratory tract.
7. Administering:

- Medical gases, aerosols, and humidification, not including general anesthesia.
- Lung expansion therapies.
- Bronchopulmonary hygiene therapies.
- Hyperbaric therapy.
- Pharmacologic and therapeutic agents necessary to implement therapeutic, disease prevention, pulmonary rehabilitative, or diagnostic regimens prescribed by a licensed physician, surgeon, or other qualified health care professional prescriber.

8. Maintaining natural and artificial airways.
9. Without cutting tissues, inserting and maintaining artificial airways.
10. Initiating, monitoring, modifying and discontinuing invasive or noninvasive mechanical ventilation.
11. Performing basic and advanced cardiopulmonary resuscitation.
12. Performing invasive procedures that relate to respiratory care.
13. Implementing changes in treatment regimen based on observed abnormalities and respiratory care protocols to include appropriate reporting and referral.
14. Managing asthma, COPD, and other respiratory diseases.
15. Performing cardiopulmonary rehabilitation.
16. Instructing patients in respiratory care, functional training in self-care and home respiratory care management and promoting the maintenance of respiratory care fitness, health, and quality of life.
17. Performing those advanced practice procedures that are permitted within the policies of the employing institution and for which the respiratory care practitioner has documented training and demonstrated competence.
18. Managing the clinical delivery of respiratory care services through the ongoing supervision, teaching, and evaluation of respiratory care.
19. Transcribing and implementing a written, verbal, or telephonic order from a licensed physician, surgeon, or other qualified health care professional prescriber pertaining to the practice of respiratory care.

[**ARC 8076C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—722.6(148G,272C) Practice of polysomnography.

722.6(1) The practice of polysomnography consists of but is not limited to the following tasks as performed for the purpose of polysomnography, under the general supervision of a licensed physician or qualified health care professional prescriber:

a. Monitoring, recording, and evaluating physiologic data during polysomnographic testing and review during the evaluation of sleep-related disorders, including sleep-related respiratory disturbances, by applying any of the following techniques, equipment, or procedures:

(1) Noninvasive continuous, bilevel positive airway pressure, or adaptive servo-ventilation titration on spontaneously breathing patients using a mask or oral appliance; provided, however, that the mask or oral appliance does not extend into the trachea or attach to an artificial airway.

(2) Supplemental low-flow oxygen therapy of less than six liters per minute, utilizing a nasal cannula or incorporated into a positive airway pressure device during a polysomnogram.

(3) Capnography during a polysomnogram.

(4) Cardiopulmonary resuscitation.

(5) Pulse oximetry.

(6) Gastroesophageal pH monitoring.

(7) Esophageal pressure monitoring.

(8) Sleep stage recording using surface electroencephalography, surface electrooculography, and surface submental electromyography.

(9) Surface electromyography.

(10) Electrocardiography.

(11) Respiratory effort monitoring, including thoracic and abdominal movement.

(12) Plethysmography blood flow monitoring.

(13) Snore monitoring.

(14) Audio and video monitoring.

(15) Body movement monitoring.

(16) Nocturnal penile tumescence monitoring.

(17) Nasal and oral airflow monitoring.

(18) Body temperature monitoring.

b. Monitoring the effects that a mask or oral appliance used to treat sleep disorders has on sleep patterns; provided, however, that the mask or oral appliance does not extend into the trachea or attach to an artificial airway.

c. Observing and monitoring physical signs and symptoms, general behavior, and general physical response to polysomnographic evaluation and determining whether initiation, modification, or discontinuation of a treatment regimen is warranted.

d. Analyzing and scoring data collected during the monitoring described in this subrule for the purpose of assisting a physician in the diagnosis and treatment of sleep and wake disorders that result from developmental defects, the aging process, physical injury, disease, or actual or anticipated somatic dysfunction.

e. Implementation of a written or verbal order from a physician or qualified health care professional prescriber to perform polysomnography.

f. Education of a patient regarding the treatment regimen that assists the patient in improving the patient's sleep.

g. Use of any oral appliance used to treat sleep-disordered breathing while under the care of a licensed polysomnographic technologist during the performance of a sleep study, as directed by a licensed dentist.

722.6(2) Before providing any sleep-related services, a polysomnographic technician or polysomnographic student who is obtaining clinical experience will give notice to the board that the person is working under the direct supervision of a respiratory care and polysomnography practitioner or a polysomnographic technologist in order to gain the experience to be eligible to sit for a national certification examination. A badge that appropriately identifies the person is to be worn while providing such services.

[**ARC 8076C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—722.7(148G,152B,272C) Students.

722.7(1) A student who is enrolled in an approved respiratory care, sleep add-on, polysomnography training program, or electroneurodiagnostic program and is employed in an organized health care system may render services defined in Iowa Code sections 152B.2 and 152B.3 and chapter 148G under the direct and immediate supervision of a respiratory care practitioner, polysomnographic technologist, or respiratory care and polysomnography practitioner for the duration of the program, but not to exceed the duration of the program.

722.7(2) Direct and immediate supervision of a respiratory care or polysomnographic student means that the licensed respiratory care practitioner or polysomnographic technologist will:

a. Be continuously on site and present in the department or facility where the student is performing care;

b. Be immediately available to assist the person being supervised in the care being performed; and

c. Be responsible for care provided by students.

[**ARC 8076C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

481—722.8(148G,272C) Location of polysomnography services. The practice of polysomnography is to take place only in a facility that is accredited by a nationally recognized sleep medicine laboratory or center accrediting agency, in a facility operated by a hospital or a hospital licensed under Iowa Code chapter 135B, or in a patient's home pursuant to rules adopted by the board; provided, however, that the scoring of data and the education of patients may take place in another setting.

[**ARC 8076C**, IAB 6/26/24, effective 7/31/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 147, 148G, 152B, and 272C.

CHAPTER 723
ADOPTION OF UNIFORM AND MODEL RULES
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 266]

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/28/29

481—723.1(17A,272C) Board of respiratory care and polysomnography adoption of uniform and model rules. The board hereby adopts by reference the following:

723.1(1) to **723.1(9)** Reserved.

723.1(10) Model rules for licensee review committee, 481—Chapter 505.

This rule is intended to implement Iowa Code chapter 272C.

[**ARC 8148C**, IAB 7/24/24, effective 8/28/24; Editorial change: IAC Supplement 9/18/24]

BOARD OF SPEECH PATHOLOGY AND AUDIOLOGY

CHAPTER 740
LICENSURE OF SPEECH PATHOLOGISTS AND AUDIOLOGISTS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 300]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—740.1(147) Definitions. For purposes of these rules, the following definitions shall apply:

"ABA" means the American Board of Audiology.

"ASHA" means the American Speech-Language Hearing Association.

"Assistant" means an unlicensed person who works under the supervision of an Iowa-licensed speech pathologist or audiologist and meets the minimum requirements set forth in these rules.

"Audiologist" means a person who engages in the application of principles, methods and procedures for measurement, testing, evaluation, prediction, consultation, counseling, instruction, habilitation, rehabilitation, or remediation related to hearing and disorders of hearing and associated communication disorders for the purpose of nonmedically evaluating, identifying, preventing, ameliorating, modifying, or remediating such disorders and conditions in individuals or groups of individuals, including the determination, selection and use of appropriate hearing devices.

"Board" means the board of speech pathology and audiology.

"DCI" means the Iowa division of criminal investigation.

"Department" means the department of inspections, appeals, and licensing.

"FBI" means the Federal Bureau of Investigation.

"Full-time" means a minimum of 30 hours per week.

"Grace period" means the 30-day period following expiration of a license when the license is still considered to be active.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period.

"Licensee" means any person licensed to practice as a speech pathologist or audiologist in the state of Iowa.

"License expiration date" means December 31 of odd-numbered years.

"On site" means:

1. To be continuously on site and present in the department or facility where services are being provided;
2. To be immediately available to assist the person being supervised in the services being performed; and
3. To provide continued direction of appropriate aspects of each treatment session in which a component of treatment is delegated.

"Reactivate" or *"reactivation"* means the process as outlined in rule 481—740.10(17A,147,272C) by which an inactive license is restored to active status.

"Reinstatement" means the process as outlined in rule 481—506.31(272C) by which a licensee who has had a license suspended or revoked or who has voluntarily surrendered a license may apply to have the license reinstated, with or without conditions.

"Speech pathologist" or *"speech-language pathologist"* means a person who engages in the application of principles, methods, and procedures for the measurement, testing, evaluation, prediction, consultation, counseling, instruction, habilitation, rehabilitation, or remediation related to the development and disorders of speech, swallowing, fluency, voice, or language for the purpose of nonmedically evaluating, preventing, ameliorating, modifying, or remediating such disorders and conditions in individuals or groups of individuals.

[**ARC 7825C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24; **ARC 0596D**, IAB 9/16/26, effective 7/1/27]

481—740.2(147) Initial licensure. The following criteria will apply to licensure:

740.2(1) Applicants will submit a completed online licensure application and pay the nonrefundable licensure fee specified in rule 481—507.20(147,154F).

740.2(2) Application requirements.

a. Applicants who did not complete the nine months of clinical experience under supervision of a licensed Iowa speech pathologist or audiologist, as appropriate, must submit:

(1) An official copy of a current ASHA certificate of clinical competence; or

(2) Verification of current ABA certification.

b. Applicants who complete the nine-month clinical experience under Iowa supervision may submit evidence of licensure requirements as outlined in paragraph 740.2(2)*"a"* or must submit the following:

(1) Official copies of academic transcripts sent directly from the school to the board showing proof of completion of not less than 400 hours of supervised clinical training; and

(2) Verification of nine months of full-time clinical experience, or equivalent, completed after the master's degree, under the supervision of a licensed speech pathologist or audiologist or as a part of the doctoral degree.

c. Results of the Praxis Examination.

740.2(3) Applicants will submit required waivers and fingerprints pursuant to the board-approved process to facilitate a national criminal history background check by the DCI and the FBI. The cost of the criminal history background check by the DCI and the FBI shall be assessed to the applicant.

740.2(4) An applicant who has been licensed in the District of Columbia or another state, territory, province or foreign country who has been a licensed speech pathologist or audiologist under the laws of another jurisdiction will provide verification of license from the jurisdiction in which the applicant has most recently been licensed sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:

a. Licensee's name;

b. Date of initial licensure;

c. Current licensure status; and

d. Any disciplinary action taken against the license.

740.2(5) An applicant who has relocated to Iowa from a state that did not require licensure to practice the profession may submit proof of work experience in lieu of educational and training requirements, if eligible, in accordance with rule 481—501.2(272C).

740.2(6) If the application is not completed according to the instructions, the application will not be reviewed by the board.

[**ARC 0596D**, IAB 9/16/26, effective 7/1/27]

481—740.3(147) Educational qualifications.

740.3(1) The applicant shall possess the following:

a. A master's degree from an accredited school, college or university with a major in speech pathology; or

b. A master's or doctoral degree from an accredited school, college or university with a major in audiology.

740.3(2) Foreign-trained applicants.

a. Foreign-trained speech pathologist and audiologist applicants who do not hold a license in another state or U.S. territory shall provide an English translation and an equivalency evaluation at the licensee's expense of the licensee's educational credentials by one of the approved credential evaluation services on ABA's or ASHA's websites or approved by the board. The professional curriculum must be equivalent to that stated in these rules.

b. Foreign-trained applicants who hold a license in another state or U.S. territory may apply for licensure by endorsement.

[**ARC 7825C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24; **ARC 0596D**, IAB 9/16/26, effective 7/1/27]

481—740.4(147) Examination requirements. The examination required by the board will be the Praxis Examination in speech pathology or audiology. This examination is administered by the Educational Testing Service. The applicant will make arrangements to take the Praxis Examination in speech pathology or audiology and pay all expenses associated with taking the examination. The applicant will have the examination scores sent directly to the board from the Educational Testing Service.
[**ARC 7825C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—740.5(147) Audiology and speech-language pathology interstate compact. The rules of the audiology and speech-language pathology interstate compact commission are incorporated by reference pursuant to Iowa Code section 147F.1. An audiologist or speech-language pathologist may engage in the practice of audiology or speech-language pathology in Iowa without a license issued by the board if the individual has a current compact privilege to practice in Iowa issued by the audiology and speech-language pathology interstate compact commission. The state fee for issuance of a compact privilege to practice in Iowa shall be $60, which will be collected by the speech-language pathology interstate compact commission. The state fee for issuance of a compact privilege to practice in Iowa shall be waived for an active-duty military member or spouse of an individual who is an active-duty military member. An audiologist or speech-language pathologist who practices audiology or speech-language pathology in Iowa using a compact privilege is subject to the rules governing licensees in rule 481—740.8(147) and in 481—Chapters 741 and 743. Complaints, investigations, and disciplinary proceedings involving a compact privilege shall be handled in accordance with Iowa Code chapters 17A, 147F, 154F and 272C and with 481—Chapters 503, 504, and 506.
[**ARC 0596D**, IAB 9/16/26, effective 7/1/27]

481—740.6(147) Temporary clinical license. A temporary clinical license for the purpose of obtaining clinical experience as a prerequisite for licensure is valid for one year and may be renewed at the discretion of the board. The license shall be designated "temporary clinical license in speech pathology" or "temporary clinical license in audiology."

740.6(1) A speech pathology applicant will submit the following to the board:

a. Evidence of supervision by a speech pathologist with an active, current Iowa license in good standing;

b. A completed application form and the temporary clinical license fee;

c. An official copy of the transcript sent directly from the school to the board;

d. Official verification of completion of not less than 400 hours of supervised clinical training in an accredited college or university; and

e. Results of the Praxis Examination.

740.6(2) An audiology applicant or an applicant completing a doctoral externship must submit the following to the board:

a. Evidence of supervision by an audiologist with an active, current Iowa license in good standing. The applicant completing an audiology doctoral externship must show evidence of on-site supervision;

b. A completed application form and the temporary clinical license fee;

c. An official copy of the transcript, sent directly from the school to the board;

d. Official verification of completion of not less than 400 hours of supervised clinical training in an accredited college or university; and

e. Results of the Praxis Examination.

740.6(3) The plan for supervised clinical experience must be approved by the board before the applicant starts practice and shall:

a. Include at least nine months of full-time clinical experience, or equivalent;

b. Include supervision by an Iowa-licensed speech pathologist or audiologist, as appropriate. If the applicant is being supervised by more than one individual, each supervisor must submit a supervised clinical experience plan for approval. If there is a change in the supervised clinical experience plan at any time during the supervised clinical experience, the licensee must contact the board for approval within 30 days of the change;

c. Be kept by the supervisor for two years from the last date of the clinical experience; and

d. Include a completed supervised clinical experience report form that shall be submitted to the board of speech pathology and audiology upon the applicant's successful completion of the nine months of full-time clinical experience. If the applicant was supervised by more than one individual, each supervisor must submit a supervised clinical experience report.

[**ARC 7825C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—740.7(147) Temporary permit.

740.7(1) A nonresident may apply to the board for a temporary permit to practice speech pathology or audiology:

a. For a period not to exceed three months;

b. By submitting a letter to support the need for such a permit;

c. By submitting documents to show that the applicant has substantially the same qualifications as required for licensure in Iowa;

d. By submitting the documentation prior to the date the applicant intends to begin practice; and

e. By submitting the temporary permit fee.

740.7(2) The applicant shall receive a final determination from the board regarding the application for a temporary permit.

[**ARC 7825C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—740.8(147) Use of assistants. A licensee will, in the delivery of professional services, utilize assistants only to the extent provided in these rules. Such assistants will use the title provided by these rules.

740.8(1) *Duties.*

a. Speech pathology assistant I. A speech pathology assistant I works with an individual for whom significant improvement is expected within a reasonable amount of time.

b. Speech pathology assistant II. A speech pathology assistant II works with an individual for whom maintenance of present level of communication is the goal; or for whom, based on the history and diagnosis, only slow improvement is expected.

c. Audiology assistant I. An audiology assistant I is more broadly trained and may be given a variety of duties depending upon the individual's training.

d. Audiology assistant II. An audiology assistant II is trained specifically for a single task for screening.

740.8(2) *Minimum requirements.*

a. A speech pathology assistant I or II or audiology assistant I will satisfy the following minimum requirements:

(1) Reach the age of majority;

(2) Complete a high school education, or its equivalent; and

(3) Complete one of the following:

1. A three-semester-hour (or four-quarter-hour) course in introductory speech and language pathology for speech pathology assistants or in audiology for audiology assistants from an accredited educational institution and 15 hours of instruction in the specific tasks that the assistant will be performing; or

2. A minimum training period comprised of 75 clock hours on instruction and practicum experience.

b. An audiology assistant II will satisfy the following requirements:

(1) Reach the age of majority.

(2) Complete a high school education, or its equivalent.

(3) Complete a minimum of 15 clock hours of instruction and practicum experience in the specific task that the assistant will be performing.

740.8(3) *Utilization.* Utilization of a speech pathology or audiology assistant requires that a plan be developed by the licensee desiring to utilize that assistant, consisting of the following information:

a. Documentation that the assistant meets minimum requirements;

b. A written plan of the activities and supervision that will be kept by the licensee supervising the assistant. This supervision will include direct on-site observation for a minimum of 20 percent of the

assistant's direct patient care for level I speech pathology and level I audiology assistants and 10 percent for level II speech pathology assistants. Level II audiology assistants will be supervised 10 percent of the time. At least half of that time will be direct on-site observation with the other portion provided as time interpreting results;

c. A listing of the facilities where the assistant will be utilized; and

d. A statement, signed by the licensee and the assistant, acknowledging the licensee and the assistant have read the rules pertaining to assistants.

740.8(4) *Maximum number of assistants.* A licensee may not utilize more than three assistants unless a plan of supervision is filed and approved by the board.

740.8(5) *Supervisor responsibilities.* A licensee who utilizes an assistant will have the following responsibilities:

a. To be legally responsible for the actions of the assistant in assigned duties with a client;

b. To make all professional decisions relating to the management of a client;

c. To ensure that the assistant is assigned only those duties and responsibilities for which the assistant has been specifically trained and is qualified to perform;

d. To ensure compliance of the assistant(s) under supervision with the provisions of these rules by providing direct observation and supervision of the activities of the assistant; and

e. To submit to the board of speech pathology and audiology upon request a copy of the plan of activities and supervision for each assistant and documentation of the dates each assistant was utilized by the licensee.

[**ARC 7825C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—740.9(147) License renewal.

740.9(1) The biennial license renewal period for a license to practice speech pathology or audiology will begin on January 1 of an even-numbered year and end on December 31 of the next odd-numbered year. The licensee is responsible for renewing the license prior to its expiration.

740.9(2) An individual who was issued an initial license within six months of the license renewal date will not be required to renew the license until the subsequent renewal date two years later.

740.9(3) A licensee seeking renewal will:

a. Meet the continuing education requirements of rule 481—742.2(147) and the mandatory reporting requirements of subrule 740.9(4). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date.

740.9(4) Mandatory reporter training requirements.

a. A licensee who examines, attends, counsels, or treats children, dependent adults, or both in the scope of a licensee's professional practice will complete the applicable department of health and human services' training relating to the identification and reporting of child abuse, dependent adult abuse, or both. Written documentation of training completion should be maintained for three years. The training is not required if the licensee is engaged in active duty military service or holds a waiver demonstrating a hardship in complying with these training requirements.

b. The board may select licensees for audit of compliance with the requirements in paragraphs 740.10(4)*"a"* and *"b."*

740.9(5) A two-year license will be issued after the requirements of the rule are met. If the board receives adverse information on the renewal application, the board will issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

740.9(6) The license certificate and proof of active licensure will be displayed in a conspicuous public place at the primary site of practice.

740.9(7) Late renewal. The license will become late when the license has not been renewed by the expiration date on the renewal. The licensee will be assessed a late fee as specified in 481—subrule 507.20(3). To renew a late license, the licensee will complete the renewal requirements and submit the late fee within the grace period.

740.9(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice until the license is reactivated.

740.9(9) Compact eligibility review. This rule applies to licensees who were licensed prior to enactment of this rule. In order to complete the compact eligibility review, at or prior to a licensee's next renewal, the licensee must submit required waivers and fingerprints pursuant to the board-approved process to facilitate a national criminal history background check. The cost for the evaluation of the fingerprint packet and the DCI and the FBI criminal history background checks will be assessed to the applicant. The board may withhold issuing a license pending receipt of a report from the DCI and the FBI.

[**ARC 7825C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24; **ARC 0596D**, IAB 9/16/26, effective 7/1/27]

481—740.10(17A,147,272C) License reactivation. To apply for reactivation of an inactive license:

740.10(1) Submit a completed reactivation application and pay the nonrefundable application fee.

740.10(2) Provide verification of current competence to practice speech pathology and audiology by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification of the license from the jurisdiction in which the applicant has been most recently licensed and has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 26 hours of continuing education within two years of application for reactivation or verification of active practice, consisting of a minimum of 2,080 hours, in another state or jurisdiction during the two years preceding an application for reactivation.

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) Verification of the license from the jurisdiction in which the applicant has been most recently licensed and has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 52 hours of continuing education within two years of application for reactivation or 26 hours of continuing education within two years of application for reactivation and verification of active practice, consisting of a minimum of 2,080 hours, in another state or jurisdiction during the two years preceding an application for reactivation; or

(3) Verification of passing the Praxis Examination in speech pathology or audiology within the last two years prior to application for reactivation.

740.10(3) If the license has been inactive for two or more years and the licensee cannot provide verification of active practice, consisting of a minimum of 2,080 hours, in another state or jurisdiction during the two years preceding an application for reactivation, the licensee must submit required waivers and fingerprints pursuant to the board-approved process to facilitate a national criminal history background check. The cost for the evaluation of the fingerprint packet and the DCI and the FBI criminal history background checks will be assessed to the applicant. The board may withhold issuing a license pending receipt of a report from the DCI and the FBI.

[**ARC 7825C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24; **ARC 0596D**, IAB 9/16/26, effective 7/1/27]

481—740.11(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive board-approved reinstatement of the license and must apply for and be granted reactivation of the license prior to practicing speech pathology and audiology in this state.

[**ARC 7825C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24; **ARC 0596D**, IAB 9/16/26, effective 7/1/27]

These rules are intended to implement Iowa Code chapters 17A, 147 and 272C.

CHAPTER 741
PRACTICE OF SPEECH PATHOLOGISTS AND AUDIOLOGISTS
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 301]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—741.1(147) Telehealth visits. A licensee may provide speech pathology or audiology services to a patient utilizing a telehealth visit if the services are provided in accordance with the following:

741.1(1) "Telehealth visit" means the provision of speech pathology or audiology services by a licensee to a patient using technology where the licensee and the patient are not at the same physical location during the appointment.

741.1(2) A licensee engaged in a telehealth visit will utilize technology that is secure and HIPAA-compliant (Health Insurance Portability and Accountability Act of 1996, PL 104–191, August 21, 1996, 110 Stat 1936), and that includes, at a minimum, audio and video equipment that allows two-way real-time interactive communication between the licensee and the patient. A licensee may use non-real-time technologies to prepare for an appointment or to communicate with a patient between appointments.

741.1(3) A licensee engaged in a telehealth visit shall be held to the same standard of care as a licensee who provides in-person speech pathology or audiology services. A licensee will not utilize a telehealth visit if the standard of care for the particular speech pathology or audiology service cannot be met using technology.

741.1(4) Prior to the first telehealth visit, a licensee will obtain informed consent from the patient specific to the services that will be provided in a telehealth visit. At a minimum, the informed consent will specifically inform the patient of the following:

a. The risks and limitations of the use of technology to provide speech pathology or audiology services;

b. The potential for unauthorized access to protected health information; and

c. The potential for disruption of technology during a telehealth visit.

741.1(5) A licensee will only provide speech pathology or audiology services using a telehealth visit in the areas of competence wherein proficiency in providing the particular service using technology has been gained through education, training, and experience.

741.1(6) A licensee will identify in the clinical record when speech pathology or audiology services are provided utilizing a telehealth visit.

741.1(7) Speech pathology or audiology services in Iowa through telephonic, electronic, or other means constitute the practice of speech pathology or audiology and require Iowa licensure, regardless of the location of the speech/language pathologist or audiologist.

This rule is intended to implement Iowa Code chapters 147 and 154F.

[**ARC 7826C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—741.2(147) Hearing aid dispensing. A licensed audiologist may dispense hearing aids without a separate hearing aid specialist license if the services are provided in accordance with the following:

741.2(1) Definitions.

"Dispense" or *"sell"* means a transfer of title or of the right to use by lease, bailment, or any other means but excludes a wholesale transaction with a distributor or hearing aid specialist and excludes the temporary, charitable loan or educational loan of a hearing aid without remuneration.

"Hearing aid specialist" means any person engaged in the fitting, dispensing and sale of hearing aids and providing hearing aid services or maintenance by means of procedures stipulated by Iowa Code chapter 154A or the board. These rules are not intended to regulate unlicensed persons who sell, dispense, market, use, distribute, or provide customer support to over-the-counter hearing aids as regulated by the U.S. Food and Drug Administration.

741.2(2) An audiologist dispensing hearing aids will be held to the same standard of care as a licensed hearing aid specialist and will follow the rules in 481—Chapter 2062.

This rule is intended to implement Iowa Code chapters 147 and 154F.

CHAPTER 742
CONTINUING EDUCATION FOR SPEECH PATHOLOGISTS AND AUDIOLOGISTS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 303]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—742.1(147) Definitions. For the purpose of these rules, the following definitions will apply:

"AAA" means the American Association of Audiology.

"Active license" means a license that is current and has not expired.

"Approved program/activity" means a continuing education program/activity meeting the standards set forth in these rules.

"ASHA" means the American Speech-Language Hearing Association.

"Audit" means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

"Board" means the board of speech pathology and audiology.

"Continuing education" means an approved program/activity that is directly related to the sciences or contemporary clinical practice of audiology, speech-language pathology and speech-language-hearing science and whose content and focus are beyond the basic preparation required for entry into the professions.

"Hour of continuing education" means at least 50 minutes spent by a licensee in actual attendance at and completion of an approved continuing education activity.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period.

"License" means license to practice.

"Licensee" means any person licensed to practice speech pathology or audiology or both in the state of Iowa.

[**ARC 7827C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—742.2(147) Continuing education requirements.

742.2(1) The biennial continuing education compliance period will run concurrently with each two-year period between January 1 of each even-numbered year and December 31 of each odd-numbered year. Each biennium, a person who is licensed to practice as a speech pathology or audiology licensee in this state will be required to complete a minimum of 26 hours of continuing education approved by the board. A person holding licensure in both speech pathology and audiology must meet the requirements for each profession. Licensees who complete continuing education hours in excess of the requirements for renewal may apply up to 50 percent of the required hours to the following renewal period. Licensees may apply a maximum of 13 hours from the previous renewal period.

742.2(2) Requirements of new licensees. Those persons licensed for the first time will not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired anytime from the initial licensing until the second license renewal may be used.

742.2(3) Hours of continuing education credit may be obtained by participation in an approved program or activity. Such programs and activities may take place individually or in group settings including in-person conferences, journal readings, teleconferences, videoconferences and online programs or activities as long as such programs and activities meet the criteria specified in the definition of continuing education in rule 481—742.1(147).

742.2(4) A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

742.2(5) The licensee is responsible for the cost of continuing education.

[**ARC 7827C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24; **ARC 9316C**, IAB 5/28/25, effective 7/2/25]

481—742.3(147,272C) Standards.

742.3(1) *General criteria.* A continuing education program or activity that meets all of the following criteria is appropriate for continuing education credit if the continuing education program or activity:

a. Meets the definition of continuing education as defined in rule 481—742.1(147);

b. Is conducted by individuals who have specialized education, training and experience in the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;

c. Fulfills state program goals, objectives, or both; and

d. Provides proof of attendance, including:

(1) Date(s), location, course title, presenter(s);

(2) Number of program contact hours; and

(3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

742.3(2) *Specific criteria.*

a. Subject matters that integrally relate to the practice of speech pathology or audiology or both that will be considered for approval are:

(1) Basic communication processes. Information (beyond the basic licensure requirements) applicable to the normal development and use of speech, language, and hearing, i.e., anatomic and physiologic bases for the normal development and use of speech, language, and hearing; physical bases and processes of the production and perception of speech, language, and hearing; linguistic and psycholinguistic variables related to normal development and use of speech, language, and hearing; and technological, biomedical, engineering, and instrumentation information that would enable expansion of knowledge in the basic communication processes.

(2) Professional areas. Information pertaining to disorders of speech, language, and hearing, i.e., various types of disorders of communication, their manifestations, classification and causes; evaluation skills, including procedures, techniques, and instrumentation for assessment; and management procedures and principles in habilitation and rehabilitation of communication disorders. The board will accept dysphagia courses provided by qualified instructors.

(3) Related areas. Study pertaining to the understanding of human behavior, both normal and abnormal, as well as services available from related professions that apply to the contemporary practice of speech-language pathology/audiology, e.g., theories of learning and behavior; services available from related professions that also deal with persons who have disorders of communication; information from these professions about the sensory, physical, emotional, social or intellectual states of child or adult; professional ethics; clinical supervision; counseling; and interviewing.

Unacceptable subject matter includes personal development, human relations, collective bargaining, and tours. A licensee may elect to take the Praxis Examination in speech pathology or audiology in lieu of earning continuing education credits. The licensee will have the results of the examination sent to the board by the agency administering the examination.

b. A licensee may present professional programs that meet the criteria in this rule. Two hours of credit will be allowed for each hour of newly developed presentation material. A maximum of 16 hours may be obtained per biennium. A course schedule or brochure must be maintained for audit.

c. A combined total of six hours per biennium may be used for the following activities:

(1) Government regulations;

(2) CPR, child abuse and dependent adult abuse; and

(3) A maximum of two hours may be used for business-related topics.

d. An applicant will provide official transcripts indicating successful completion of academic courses that apply to the field of speech pathology and audiology in order to receive the following continuing education credits:

1 academic semester hour = 15 continuing education hours of credit

1 academic trimester hour = 12 continuing education hours of credit

1 academic quarter hour = 10 continuing education hours of credit

e. Continuing education credit may be earned by participation in continuing education programs and activities that meet the criteria in this rule and that are completed through journal readings, teleconference

or videoconference participation, and online program participation. In addition, such programs and activities must include a posttest that the participant must pass in order to receive continuing education credit.

f. Continuing education will be obtained by attending a program that meets the criteria in subrule 742.3(1) including but not limited to continuing education programs offered by AAA and ASHA. Other individuals or groups may offer continuing education programs that meet the criteria in rule 481—742.3(147,272C) through one of the following organizations:

(1) National, state or local associations of speech pathology and audiology;

(2) Schools and institutes of speech pathology and audiology;

(3) Universities, colleges or community colleges.

Continuing education must be offered by or approved in advance of delivery by the organizations stated above.

[**ARC 7827C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 272C.2 and chapter 147.

CHAPTER 743
DISCIPLINE FOR SPEECH PATHOLOGISTS AND AUDIOLOGISTS

[Prior to 9/9/87, see Health Department [470], Ch 156]
[Prior to 9/19/01, see 645—Chapter 301]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 304]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—743.1(272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in rule 481—504.3(272C) when the board determines that the licensee is guilty of any of the following acts or offenses or those listed in rule 481—Chapter 504.

743.1(1) Violation of the following code of ethics:

a. Licensees will provide ethical, professional services, conduct research with honesty and compassion, and respect the dignity, worth and rights of those served.

b. Claims of expected clinical results will be based upon sound evidence and shall accurately convey the probability and degree of expected improvement.

c. Records will be adequately maintained for the period of time required by applicable state and federal laws.

d. Persons served professionally or the files of such persons will be used for teaching or research purposes only after obtaining informed consent from those persons or from the legal guardians of such persons.

e. Information of a personal or professional nature obtained from persons served professionally will be released only to individuals authorized by the persons receiving professional service or to those individuals to whom release is required by law.

f. Licensees who engage in research will comply with all institutional, state, and federal regulations that address any aspects of research, including those that involve human participants and animals, such as those promulgated in the current Responsible Conduct of Research by the U.S. Office of Research Integrity.

g. Individuals in administrative or supervisory roles will not require or permit their professional staff to provide services or conduct clinical activities that compromise the staff members' independent and objective professional judgment.

h. Relationships between professionals and between a professional and a client shall be based on high personal regard and mutual respect without concern for race, religious preference, sex, age, ethnicity, gender identity/gender expression, sexual orientation, national origin, disability, culture, language or dialect.

i. Referral of clients for additional services or evaluation and recommendation of sources for purchasing appliances will be without any consideration for financial or material gain to the licensee making the referral or recommendation for purchase.

j. Licensees who dispense products to persons served professionally will provide clients with freedom of choice for the source of services and products.

k. Failure to comply with current Food and Drug Administration regulations 21 CFR §801.420 (2022), "Hearing aid devices; professional and patient labeling," and 21 CFR §801.421 (2022), "Hearing aid devices; conditions for sale."

l. Licensees will comply with universal newborn and infant hearing screening requirements within Iowa Code section 135.131 and 641—Chapter 3.

743.1(2) Reserved.

This rule is intended to implement Iowa Code chapters 147 and 272C.

BOARD OF OPTOMETRY

CHAPTER 760
LICENSURE OF OPTOMETRISTS

[Prior to 6/13/01, see 645—Chapter 180]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 180]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—760.1(154) Definitions. For purposes of these rules, the following definitions will apply:

"Active license" means a license that is current and has not expired.

"Board" means the board of optometry.

"CELMO" means the Council on Endorsed Licensure Mobility for Optometrists.

"Grace period" means the 30-day period following expiration of a license when the license is still considered to be active.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period.

"Licensee" means any person licensed to practice as an optometrist in the state of Iowa.

"Licensure by endorsement" means the issuance of an Iowa license to practice optometry to an applicant who is or has been licensed in another state.

"Mandatory training" means training on identifying and reporting child abuse or dependent adult abuse required of optometrists who are mandatory reporters. The full requirements on mandatory reporting of child abuse and the training requirements are found in Iowa Code section 232.69. The full requirements on mandatory reporting of dependent adult abuse and the training requirements are found in Iowa Code section 235B.16.

"NBEO" means the National Board of Examiners in Optometry.

"Optometrist" means an optometrist who is licensed to practice optometry in Iowa and who is certified by the board of optometry to employ all diagnostic and therapeutic pharmaceutical agents for the purpose of diagnosis and treatment of the conditions of the human eye and adnexa, excluding the use of injections other than to counteract an anaphylactic reaction, and notwithstanding Iowa Code section 147.107, may without charge supply any of the above pharmaceuticals to commence a course of therapy, with the exclusions cited in Iowa Code chapter 154.

"Reactivate" or *"reactivation"* means the process as outlined in rule 481—760.5(17A,147,272C) by which an inactive license is restored to active status.

"Reinstatement" means the process as outlined in rule 481—506.31(272C) by which a licensee who has had a license suspended or revoked or who has voluntarily surrendered a license may apply to have the license reinstated, with or without conditions.

"TPA" means therapeutic pharmaceutical agents.

[**ARC 7974C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—760.2(154) Requirements for licensure.

760.2(1) The following criteria applies to licensure:

a. Submit a completed online application and pay the non-refundable licensure fee specified in rule 481—507.12(147,154).

b. Applicants will submit proof of satisfactory completion of all educational requirements contained in Iowa Code chapter 154 including official copies of academic transcripts sent directly to the board from an accredited school or college of optometry.

c. Applicants will submit proof of passing all current NBEO examinations.

d. An applicant who has been licensed in another state will provide verification of license from the jurisdiction in which the applicant has most recently been licensed, sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:

(1) Licensee's name;

(2) Date of initial licensure;

(3) Current licensure status; and

(4) Any disciplinary action taken against the license.

760.2(2) Reserved.

[**ARC 7974C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—760.3(154) Licensure by endorsement.

760.3(1) Applicants who have been licensed as an optometrist in another state may apply for licensure by endorsement by submitting the following:

a. Verification the applicant meets the requirements of rule 481—760.2(154); and

b. Verification of current competence to practice as an optometrist by satisfying one of the following criteria:

(1) Current CELMO certification;

(2) Practice as an optometrist for a minimum of 2,080 hours during the preceding two-year period;

(3) Employment as a faculty member teaching optometry in an accredited school of optometry for at least one academic year during the preceding two-year period;

(4) Completion of a minimum of 50 hours of continuing education during the preceding two-year period; or

(5) Passing the NBEO examination during the preceding two-year period.

760.3(2) Licensure by verification. A person who is licensed in another jurisdiction but who is unable to satisfy the requirements for licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

[**ARC 7974C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—760.4(154) License renewal.

760.4(1) The biennial license renewal period for a license to practice optometry will begin on July 1 of an even-numbered year and end on June 30 two years later. The licensee is responsible for renewing the license prior to its expiration.

760.4(2) An individual who was issued a license within six months of the license renewal date does not need to renew the license until the subsequent renewal two years later.

760.4(3) A licensee applying for renewal will:

a. Meet the continuing education requirements of rule 481—761.2(154) and the mandatory reporting requirements of subrule 760.5(4). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date.

760.4(4) Mandatory reporter training requirements.

a. A licensee who examines, attends, counsels, or treats children, dependent adults, or both in the scope of the licensee's professional practice will complete the applicable department of health and human services training relating to the identification reporting of child abuse, dependent adult abuse, or both. Written documentation of training completion should be maintained for three years. The training is not required if the licensee is engaged in active duty military service or holds a waiver demonstrating a hardship in complying with these training requirements.

b. The board may select licensees for audit of compliance with the requirements in 481—Chapter 761.

760.4(5) A two-year license will be issued after the requirements of the rule are met. If the board receives adverse information on the renewal application, the board will issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

760.4(6) The license certificate and proof of active licensure will be displayed in a conspicuous public place at the primary site of practice.

760.4(7) Late renewal. The license will become late when the license has not been renewed by the expiration date on the renewal. The licensee will be assessed a late fee as specified in

481—subrule 507.12(3). To renew a late license, the licensee will complete the renewal requirements and submit the late fee within the grace period.

760.4(8) Inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice until the license is reactivated.

[**ARC 7974C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—760.5(17A,147,272C) License reactivation. To apply for reactivation of an inactive license:

760.5(1) Submit a completed online reactivation application and payment of the non-refundable application fee.

760.5(2) If licensed in another jurisdiction, provide verification from the jurisdiction in which the licensee has most recently been licensed showing the licensee's name, date of initial licensure, current licensure status, and any disciplinary action taken against the licensee.

760.5(3) Verification of current competence to practice as an optometrist by satisfying one of the following criteria:

a. Practice as an optometrist for a minimum of 2,080 hours during the preceding two-year period;

b. Employment as a faculty member teaching optometry in an accredited school of optometry for at least one academic year during the preceding two-year period;

c. Completion of a minimum of 50 hours of continuing education during the preceding two-year period; or

d. Passing the NBEO examination during the preceding two-year period.

[**ARC 7974C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—760.6(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive board-approved reinstatement of the license and must apply for and be granted reactivation of the license prior to practicing as an optometrist in this state.

[**ARC 7974C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 17A, 147, 154 and 272C.

CHAPTER 761
CONTINUING EDUCATION FOR OPTOMETRISTS
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 181]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—761.1(154) Definitions. For the purpose of these rules, the following definitions shall apply:

"Active license" means a license that is current and has not expired.

"Approved program/activity" means a continuing education program/activity meeting the standards set forth in these rules.

"Audit" means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

"Board" means the board of optometry.

"CELMO" means the Council on Endorsed Licensure Mobility for Optometrists.

"Continuing education" means planned, organized learning acts designed to maintain, improve, or expand a licensee's knowledge and skills in order for the licensee to develop new knowledge and skills relevant to the enhancement of practice, education, or theory development to improve the safety and welfare of the public.

"Distance learning" means a format that provides one-way content to the licensee without immediate interaction with the instructor, including but not limited to correspondence courses, online courses and local study group programs.

"Hour of continuing education" means at least 50 minutes spent by a licensee in actual attendance at and completion of an approved continuing education activity.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period.

"Independent study" means a subject/program/activity that a person pursues autonomously that meets standards for approval criteria in the rules and includes a posttest.

"Interactive online CE" means the format allows for immediate interaction and feedback between the audience and the instructor.

"License" means license to practice.

"Licensee" means any person licensed to practice as an optometrist in the state of Iowa.

[**ARC 7975C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—761.2(154) Continuing education requirements.

761.2(1) The biennial continuing education compliance period will extend for a two-year period beginning on July 1 and ending on June 30 of each even-numbered year. Each biennium, each person who is licensed to practice as an optometrist in this state will be required to complete a minimum of 50 hours of continuing education that meets the standards in this chapter. Licensees who complete continuing education hours in excess of the requirements for renewal may apply up to 50 percent of the required hours to the following renewal period in compliance with Iowa Code section 272C.2(2)*"h."*

761.2(2) Requirements of new licensees. Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired anytime from the initial licensing until the second license renewal may be used.

761.2(3) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity.

761.2(4) The licensee is responsible for the cost of continuing education.

[**ARC 7975C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24; **ARC 9283C**, IAB 5/14/25, effective 6/18/25]

481—761.3(154,272C) Standards.

761.3(1) *General criteria.* A continuing education activity that meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

a. Is an organized program of learning fundamental to the practice of the profession that contributes directly to the professional competency of the licensee;

b. Is conducted by individuals who have specialized education and training in the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;

c. Fulfills stated program goals, objectives, or both; and

d. Provides proof of attendance, including:

(1) Date, location, course title, presenter(s);

(2) Numbers of program contact hours; and

(3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

761.3(2) *Specific criteria.*

a. Continuing education hours of credit may be obtained by attending:

(1) The continuing education programs of the Iowa Optometric Association, the American Optometric Association, the American Academy of Optometry, and national regional optometric congresses, schools of optometry, all state optometric associations, and any accredited department of ophthalmology.

(2) Postgraduate study through an accredited school or college of optometry.

(3) Meetings or seminars that are approved and certified for optometric continuing education by the Association of Regulatory Boards of Optometry's Council on Optometric Practitioner Education (COPE) committee.

b. The maximum number of hours in each category in each biennium is as follows:

(1) Five hours of credit for distance learning.

(2) Fifteen hours of credit for interactive online CE.

(3) Twenty hours of credit for postgraduate study courses as referenced in subparagraph 761.3(2)*"a"*(2).

c. Required continuing education hours. Licensees shall provide proof of continuing education in all of the following areas:

(1) Current certification in CPR offered in person by the American Heart Association, the American Red Cross or an equivalent organization. At least two hours per biennium is required, but credit will be granted for four hours.

(2) Training on child abuse and dependent adult abuse identification and reporting through the department of health and human services for all licensees who examine, attend, counsel or treat children or dependent adults in the scope of the professional practice. Initial two-hour courses need to be taken with six months of employment. One-hour recertification training needs to be done every three years.

(3) A minimum of one hour of continuing education per renewal period regarding guidelines for prescribing opioids, including recommendations on limitations on dosages and the length of prescriptions, risk factors for abuse, and nonopioid and nonpharmacologic therapy options. Credit will be granted for up to two hours per renewal period. If the continuing education did not cover the United States Centers for Disease Control and Prevention guideline for prescribing opioids for chronic pain, the licensee shall read the guideline prior to license renewal. "Opioid" means any drug that produces an agonist effect on opioid receptors and is indicated or used for the treatment of pain.

d. Current CELMO certification meets the continuing education requirements for licensees.

[**ARC 7975C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 272C.2 and chapter 154.

CHAPTER 762
PRACTICE OF OPTOMETRISTS

[Prior to 8/7/02, see 645—179.4(154), 179.5(154,272C), 179.7(154) and 179.8(155A)]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 182]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—762.1(154) Code of ethics. The board hereby adopts by reference the Code of Ethics of the American Optometric Association as published by the American Optometric Association, 243 North Lindbergh Boulevard, St. Louis, Missouri 63141, modified June 2007.
[**ARC 7976C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—762.2(154,272C) Recordkeeping. Optometrists will maintain patient records in a manner consistent with the protection of the welfare of the patient. Records will be permanent, timely, accurate, legible, and easily understandable.

762.2(1) Optometrists will maintain optometry records for each patient. The records will contain all of the following:

a. Personal data.

(1) Name, date of birth, address and, if a minor, name of parent or guardian; and

(2) Name and telephone number of emergency contact.

b. Optometry and medical history. Optometry records will include information from the patient or the patient's parent or guardian regarding the patient's optometric and medical history. The information will include sufficient data to support the recommended treatment plan.

c. Patient's reason for visit. Optometric records will include the patient's stated visual health care reasons for visiting the optometrist.

d. Clinical examination progress notes. Optometric records will include chronological dates and descriptions of the following:

(1) Clinical examination findings, tests conducted, and a summary of all pertinent diagnoses;

(2) Plan of intended treatment and treatment sequence;

(3) Services rendered and any treatment complications;

(4) All ancillary testing, if applicable;

(5) Vision tests completed and visual acuity;

(6) Name, quantity, and strength of all drugs dispensed, administered, or prescribed; and

(7) Name of optometrist who performs any treatment or service or who may have contact with a patient regarding the patient's optometric health.

e. Informed consent. Optometric records will include documentation of informed consent for procedure(s) and treatment that have potential serious complications and known risks.

762.2(2) Retention of records. An optometrist will maintain a patient's record(s) for a minimum of five years after the date of last examination, prescription, or treatment. Records for minors will be maintained for, at minimum, one year after the patient reaches the age of majority (18) or five years after the date of last examination, prescription, or treatment, whichever is longer.

Proper safeguards will be maintained to ensure the safety of records from destructive elements.

762.2(3) Electronic recordkeeping. The requirements of this rule apply to electronic records as well as to records kept by any other means. When electronic records are kept, an optometrist will keep either a duplicate hard-copy record or a back-up unalterable electronic record.

762.2(4) Correction of records. Notations will be legible, written in ink, and contain no erasures or white-outs. If incorrect information is placed in the record, it must be crossed out with a single nondeleting line and be initialed by an optometric health care worker.

762.2(5) Confidentiality and transfer of records. Optometrists will preserve the confidentiality of patient records in a manner consistent with the protection of the welfare of the patient. Upon request of the patient or the patient's new optometrist, the optometrist will furnish such optometry records or copies of the records as will be beneficial for the future treatment of that patient. The optometrist may include a summary of the record(s) with the record(s) or copy of the record(s). The optometrist may charge a nominal

fee for duplication of records, but may not refuse to transfer records for nonpayment of any fees. The optometrist may ask for a written request for the record(s).

762.2(6) Retirement or discontinuance of practice. A licensee, upon retirement, or upon discontinuation of the practice of optometry, or upon leaving a practice or moving from a community, will notify all active patients in writing, or by publication once a week for three consecutive weeks in a newspaper of general circulation in the community, that the licensee intends to discontinue the practice of optometry in the community, and will encourage patients to seek the services of another licensee. The licensee will make reasonable arrangements with active patients for the transfer of patient records, or copies of those records, to the succeeding licensee. "Active patient" means a person whom the licensee has examined, treated, cared for, or otherwise consulted with during the two-year period prior to retirement, discontinuation of the practice of optometry, or leaving a practice or moving from a community.

762.2(7) Nothing stated in these rules will prohibit a licensee from conveying or transferring the licensee's patient records to another licensed optometrist who is assuming a practice, provided that written notice is furnished to all patients.

[**ARC 7976C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—762.3(154) Furnishing prescriptions. Before a licensed optometrist provides a spectacle or contact lens prescription to a patient, the eye examination record will include best-corrected visual acuity with ophthalmic lenses or contact lenses in the lens powers determined by refraction. Each contact lens or ophthalmic spectacle lens/eyeglass prescription by a licensed optometrist must meet the requirements as listed below:

762.3(1) A contact lens prescription will contain the following information:

a. Date of issuance;

b. Name and date of birth of patient for whom the contact lens or lenses are prescribed;

c. Name, address, and signature of the practitioner;

d. All parameters required to duplicate properly the original contact lens;

e. A specific date of expiration, not to exceed 18 months, the quantity of lenses allowed and the number of refills allowed; and

f. At the option of the prescribing practitioner, the prescription may contain fitting and material guidelines and specific instructions for use by the patient.

762.3(2) Release of contact lens prescription.

a. After the contact lenses have been adequately adapted and the patient released from initial follow-up care by the prescribing practitioner, the prescribing practitioner will provide a copy of the contact lens prescription, at no cost, for the duplication of the original contact lens. A licensed optometrist may refuse to provide a copy of the contact lens prescription if the patient has not paid the fees associated with the examination from which the prescription was generated including applicable contact lens fitting fees.

b. A practitioner choosing to issue an oral prescription will furnish the same information required for the written prescription except for the written signature and address of the practitioner. An oral prescription may be released by an O.D. to any dispensing person who is a licensed professional with the O.D., M.D., D.O., or R.Ph. degree or a person under direct supervision of those licensed under Iowa Code chapter 148, 154 or 155A.

c. The issuing of an oral prescription will be followed by a written copy to be kept by the dispenser of the contact lenses until the date of expiration.

762.3(3) An ophthalmic spectacle lens prescription will contain the following information:

a. Date of issuance;

b. Name and date of birth of the patient for whom the ophthalmic lens or lenses are prescribed;

c. Name, address, and signature of the practitioner issuing the prescription;

d. All parameters necessary to duplicate properly the ophthalmic lens prescription; and

e. A specific date of expiration not to exceed two years.

A dispenser of ophthalmic materials, in spectacle or eyeglass form, must keep a valid copy of the prescription on file for two years.

762.3(4) Release of ophthalmic lens prescription.

a. The ophthalmic lens prescription will be furnished upon request at no additional charge to the patient. A licensed optometrist may refuse to provide a copy of the ophthalmic lens prescription if the patient has not paid the fees associated with the examination from which the prescription was generated.

b. The prescription, at the option of the prescriber, may contain adapting and material guidelines and may also contain specific instructions for use by the patient.

c. Spectacle lens prescriptions will be in written format, according to Iowa Code section 147.109(1).

[**ARC 7976C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—762.4(155A) Prescription drug orders. Each prescription drug order furnished by an optometrist in this state will meet the following requirements:

762.4(1) Written prescription drug orders will contain:

a. The date of issuance;

b. The name and date of birth of the patient for whom the drug is dispensed;

c. The name, strength, and quantity of the drug, medicine, or device prescribed;

d. The directions for use of the drug, medicine, or device prescribed;

e. The name, address, and written signature of the practitioner issuing the prescription; and

f. The federal drug enforcement administration number, if required under Iowa Code chapter 124.

762.4(2) The practitioner issuing oral prescription drug orders will furnish the same information required for a written prescription, except for the written signature and address of the practitioner.

762.4(3) Prior to prescribing any controlled substance, an optometrist will review the patient's information contained in the prescription monitoring program database, unless the patient is receiving inpatient hospice care or long-term residential facility care.

762.4(4) Beginning January 1, 2020, every prescription issued for a prescription drug will be transmitted electronically unless exempted pursuant to Iowa Code section 124.308 or 155A.27. Beginning January 1, 2020, a licensee who fails to comply with the electronic prescription mandate may be subject to a nondisciplinary administrative penalty of $250 per violation, up to a maximum of $5,000 per calendar year.

[**ARC 7976C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—762.5(154) Use of injectables. A licensed optometrist shall not administer any injection prior to receiving approval from the board. A licensed optometrist may administer only the following injections:

762.5(1) Subconjunctival injections for the medical treatment of the eye.

762.5(2) Intralesional injections for the treatment of chalazia.

762.5(3) Botulinum toxin to the muscles of facial expression innervated by the facial nerve, including for cosmetic purposes.

762.5(4) Injections to counteract an anaphylactic reaction.

762.5(5) Local anesthetics prior to a minor surgical procedure authorized by this chapter.

[**ARC 7976C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—762.6(154) Education and training approval.

762.6(1) The board will not approve the use of injections other than to counteract an anaphylactic reaction unless the licensed optometrist demonstrates to the board sufficient educational or clinical training from a college or university accredited by a regional or professional accreditation organization that is recognized or approved by the Council for Higher Education Accreditation or by the United States Department of Education, or clinical training equivalent to clinical training offered by such an institution.

762.6(2) A licensed optometrist who completes the requirements of rule 481—762.7(154) is deemed approved by the board for use of injectables as outlined in this chapter.

[**ARC 7976C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—762.7(154) Education and training. In order to use injections, a licensed optometrist will be able to show proof of completion of the following requirements for board approval:

762.7(1) Be fully licensed and in good standing within the state of Iowa as a licensed optometrist.

762.7(2) Have completed a total of 24 hours of approved educational training pertaining to injections.

a. At least 4 hours of the 24 hours must be clinical training.

b. At least 5 hours of the 24 hours must pertain to the administration and side effects of injection treatment for botulinum toxin and chalazia.

[**ARC 7976C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 154 and 155A.

CHAPTER 763
DISCIPLINE FOR OPTOMETRISTS

[Prior to 6/13/01, see 645—Ch 180]
[Prior to 8/7/02, see 645—Ch 182]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 183]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—763.1(154,272C) Grounds for discipline.

763.1(1) The board may impose any of the disciplinary sanctions provided in rule 481—504.3(272C) when the board determines that the licensee is guilty of any of the following acts or offenses or those listed in rule 481—Chapter 504.

763.1(2) The licensee prescribes any controlled substance in dosage amounts that exceed what would be prescribed by a reasonably prudent licensee.

This rule is intended to implement Iowa Code chapters 147, 154 and 272C.

BOARD OF PHYSICIAN ASSOCIATES

CHAPTER 780
LICENSURE OF PHYSICIAN ASSOCIATES

[Prior to 8/7/02, see 645—325.2(148C) to 645—325.5(148C) and 645—325.16(148C)]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 326]

Chapter rescission date pursuant to Iowa Code section 17A.7: 10/8/30

481—780.1(148C) Definitions. In addition to the definitions herein, and unless otherwise stated, the board adopts by reference the definitions found in Iowa Code section 148C.1.

"Active license" means a license that is current and has not expired.

"Approved program" means a program for the education of physician associates that has been accredited by the Accreditation Review Commission on Education for the Physician Assistant, or its successor, or, if accredited prior to 2001, either by the Committee on Allied Health Education and Accreditation or the Commission on Accreditation of Allied Health Education Programs.

"CME" means continuing medical education.

"Collaboration" means consultation with or referral to the appropriate physician or other health care professional by a physician associate as indicated by the patient's condition; the education, competencies, and experience of the physician associate; and the best practice guidelines.

"Direction" means authoritative policy or procedural guidance for the accomplishment of a function or activity.

"Grace period" means the 30-day period following expiration of a license when the license is still considered to be active. In order to renew a license during the grace period, a licensee is required to pay a late fee.

"HIPAA" means the Health Insurance Portability and Accountability Act of 1996, PL 104-191, August 21, 1996, 110 Stat 1936.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period. The category of "inactive license" may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

"Licensee" means a person licensed by the board as a physician associate.

"Licensure by endorsement" means the issuance of an Iowa license to practice as a physician associate to an applicant who is or has been licensed in another state.

"Locum tenens" means the temporary substitution of one licensed physician associate for another.

"Mandatory training" means training on identifying and reporting child abuse or dependent adult abuse required of physician associates who are mandatory reporters. The full requirements on mandatory reporting of child abuse and the training requirements are found in Iowa Code section 232.69. The full requirements on mandatory reporting of dependent adult abuse and the training requirements are found in Iowa Code section 235B.16.

"NCCPA" means the National Commission on Certification of Physician Assistants.

"Opioid" means a drug that produces an agonist effect on opioid receptors and is indicated or used for the treatment of pain or opioid use disorder.

"Other health care provider" means a person licensed as a physician associate under Iowa Code chapter 148C or an advanced registered nurse practitioner licensed under Iowa Code chapter 152.

"Physician" means a person who is currently licensed in Iowa to practice medicine and surgery or osteopathic medicine and surgery. A physician supervising a physician associate practicing in a federal facility or under federal authority will not be required to obtain licensure beyond licensure requirements mandated by the federal government for supervising physicians.

"Prescription monitoring program database" or *"PMP database"* means the Iowa prescription monitoring program database administered by the board of pharmacy pursuant to Iowa Code chapter 124, subchapter VI, and 481—Chapter 556.

"Reactivate" or *"reactivation"* means the process as outlined in rule 481—780.9(17A,147,272C) by which an inactive license is restored to active status.

"Reinstatement" means the process as outlined in rule 481—506.31(272C) by which a licensee who has had a license suspended or revoked or who has voluntarily surrendered a license may apply to have the license reinstated, with or without conditions. Once the license is reinstated, the licensee may apply for active status.

"Supervising physician" means a physician who supervises the medical services provided by the physician associate engaged in independent practice consistent with the physician associate's education, training, or experience. Supervision shall not be construed as a requirement to be applied to those physician associates who (1) are not engaged in an independent practice arrangement, (2) have already met the requirements to practice independently, or (3) are not required by law to be supervised. Supervision shall not be construed as requiring the personal presence of a supervising physician at the place where such services are rendered, except insofar as the personal presence is expressly required by these rules or by Iowa Code chapter 148C.

"Supply prescription drugs" means to deliver to a patient or the patient's representative a quantity of prescription drugs or devices that are properly packaged and labeled.

[**ARC 9536C**, IAB 9/3/25, effective 10/8/25; Editorial change: IAC Supplement 6/10/26]

481—780.2(148C) Initial licensure.

780.2(1) The following criteria shall apply to the initial licensure of physician associates:

a. The applicant for licensure will complete an online application packet and pay the nonrefundable application fee.

b. The applicant for licensure will successfully pass the certifying examination conducted by the NCCPA or a successor examination approved by the board. The applicant will request the NCCPA, or its successor agency, to send a copy of the initial certification to the board office.

c. The applicant for licensure will request the approved program for education of physician associates to submit official copies of the applicant's transcript to the board office.

EXCEPTION: An applicant who is not a graduate of an approved program but who passed the NCCPA initial certification examination prior to 1986 is exempt from the graduation requirement.

d. In lieu of paragraphs 780.2(1)*"b"* and *"c,"* an applicant for licensure may provide documentation from the Federation Credentials Verification Service (FCVS) of the Federation of State Medical Boards as primary source verification for identity, education and national certification information.

780.2(2) If licensed in another jurisdiction, an applicant for licensure will:

a. Complete the licensure by endorsement application;

b. Submit a license verification document that discloses any disciplinary action taken in all jurisdictions where the applicant was previously licensed; and

c. Submit proof of completion of 100 CME hours for each biennium since the licensee was initially certified.

780.2(3) An applicant for licensure who is licensed in another jurisdiction who cannot satisfy the requirements of licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

780.2(4) An application not completed according to guidelines will not be reviewed by the board.

780.2(5) Incomplete applications that have been on file in the board office for more than two years will be:

a. Considered invalid and destroyed; or

b. Maintained upon written request from the applicant for licensure.

[**ARC 9536C**, IAB 9/3/25, effective 10/8/25; Editorial change: IAC Supplement 6/10/26]

481—780.3(148C) Temporary licensure.

780.3(1) A temporary license may be issued for an applicant for licensure who has not taken the NCCPA initial certification examination or successor agency examination or is waiting for the results of the examination.

780.3(2) An applicant for licensure must comply with subrule 780.2(1), with the exception of paragraphs 780.2(1)*"b"* and *"c."*

780.3(3) A temporary license will be valid for one year from the date of issuance.

780.3(4) The temporary license will be renewed only once upon an applicant for licensure's showing proof that, through no fault of the applicant, the applicant was unable to take the certification examination recognized by the board. Proof of inability to take the certification examination will be submitted to the board office with written request for renewal of a temporary license, accompanied by the temporary license renewal fee.

780.3(5) If the temporary licensee fails the certification examination, the temporary licensee must cease practice immediately and surrender the temporary license by the next business day.

780.3(6) There is no additional fee for converting temporary licensure to permanent licensure.

780.3(7) An applicant for licensure will ensure that certification of completion is sent to the board directly from an approved program for the education of physician associates. The certification of completion must be signed by a designee from the approved program.

[**ARC 9536C**, IAB 9/3/25, effective 10/8/25; Editorial change: IAC Supplement 6/10/26]

481—780.4(148C) Physician supervision not required. A physician associate is not required to be supervised by a physician when:

780.4(1) The physician associate is licensed in the state of Iowa or eligible to become licensed in the state of Iowa; and

780.4(2) The physician associate has previously practiced under a supervising physician or in collaboration with an Iowa-licensed physician or other licensed health care professional for a period of at least two years; or

780.4(3) The physician associate is not practicing in an independent practice arrangement as defined in Iowa Code section 148C.1(5).

[**ARC 9536C**, IAB 9/3/25, effective 10/8/25; Editorial change: IAC Supplement 6/10/26]

481—780.5(148C) Physician supervision required.

780.5(1) A physician associate is required to be supervised by a physician when the physician associate is practicing in an independent practice arrangement as defined in Iowa Code section 148C.1(5) and the physician associate has not previously practiced under a supervising physician or in collaboration with the appropriate physician or other health care professional for a period of at least two years.

780.5(2) Requirements for a physician associate and supervising physician.

a. A physician associate will use the jointly approved board forms to notify the board of the identity of the physician associate's supervising physician prior to beginning practice in Iowa. The physician associate will notify the board of the identity of each of the physician associate's supervising physicians and of any change in the status of the supervisory relationships during the physician associate's required supervisory biennium.

b. A physician associate and a supervising physician will utilize the board form to show a mutual understanding of the physician associate's scope of practice, identified medical procedures and the areas of medicine performed.

c. A physician associate will maintain documentation of current supervising physicians, which will be made available to the board upon request.

d. It shall be the joint responsibility of a physician associate and a supervising physician to ensure the physician associate is adequately supervised. Upon agreeing to supervise the physician associate, the supervising physician will be advised that the physician's name will be listed with the board as a supervising physician. The physician associate and the supervising physician are each responsible for knowing and complying with the supervision provisions of these rules.

e. Patient care provided by a physician associate will be reviewed with a supervising physician determined at the practice level, ensuring each patient has received the appropriate medical care.

f. Patient care provided by a physician associate may be reviewed with a supervising physician in person, by telephone or by other means of telecommunication and determined at the practice level.

[**ARC 9536C**, IAB 9/3/25, effective 10/8/25; Editorial change: IAC Supplement 6/10/26]

481—780.6(148C) Physician eligibility to supervise physician associates. Information on physician eligibility to supervise physician associates is contained in 653—subrules 21.1(1) through 21.1(4).

[**ARC 9536C**, IAB 9/3/25, effective 10/8/25; Editorial change: IAC Supplement 6/10/26]

481—780.7(148C) Collaborative practice.

780.7(1) After the conclusion of two years of practice under a supervising physician as required by rule 481—780.5(148C), a physician associate will continue collaboration with a physician or other health care provider as defined in rule 481—780.1(148C), which will be determined at the practice level. This rule shall not be construed to apply to physician associates in independent practice who did not previously meet the criteria of rule 481—780.5(148C).

780.7(2) A collaborating physician or other health care provider defined in rule 481—780.1(148C) and a physician associate should follow best practice guidelines and discuss cases as determined at the practice level. If there are any deficiencies in care noted, the collaborating health care provider will educate the physician associate on best practice guidelines.

780.7(3) The scope of practice for a physician associate shall be limited to medical care that is within the physician associate's education, training, and experience.

780.7(4) Documentation of the collaboration between a physician associate and a physician or other health care provider shall be kept by the physician associate and provided to the board upon request.

780.7(5) Eligibility of other health care provider for collaboration. During the two-year period of collaboration, the other health care provider as defined in rule 481—780.1(148C) shall be a provider who has been in practice for a minimum of five years and is not subject to discipline by the provider's respective licensing authority.

[**ARC 9536C**, IAB 9/3/25, effective 10/8/25; Editorial change: IAC Supplement 6/10/26]

481—780.8(148C) License renewal.

780.8(1) The license renewal period for a license to practice will begin on October 1 and end on September 30 two years later. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license.

780.8(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal date two years later.

780.8(3) A licensee applying for renewal will:

a. Meet the continuing education requirements of 481—Chapter 782 and the mandatory reporting requirements of subrule 780.8(4). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Complete the online renewal application, pay the fee, and attach certificate of completion of continuing education hours before the expiration date.

780.8(4) Mandatory reporter training requirements.

a. A licensee who, in the scope of professional practice or in the licensee's employment responsibilities, examines, attends, counsels or treats children in Iowa will indicate on the renewal application completion of training in child abuse identification and reporting as required by Iowa Code section 232.69(3)*"b"* in the previous three years or condition(s) for waiver of this requirement as identified in paragraph 780.8(4)*"e."*

b. A licensee who, in the course of employment responsibilities, examines, attends, counsels or treats adults in Iowa will indicate on the renewal application completion of training in dependent adult abuse identification and reporting as required by Iowa Code section 235B.16(5)*"b"* in the previous three years or condition(s) for waiver of this requirement as identified in paragraph 780.8(4)*"e."*

c. The course(s) will be the curriculum provided by the department of health and human services.

d. The licensee will maintain written documentation for three years after mandatory training as identified in paragraphs 780.8(4)*"a"* through *"c,"* including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse will be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements.

f. The board may select licensees for audit of compliance with the requirements in paragraphs 780.8(4)*"a"* through *"e."*

780.8(5) Upon receiving the information required by this rule and the required fee, a two-year license will be issued. In the event the board receives adverse information on the renewal application, the board will issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

780.8(6) A person licensed to practice as a physician associate will keep the license certificate and renewal displayed in a conspicuous public place at the primary site of practice.

780.8(7) Late renewal. The license will become late when the license has not been renewed by the expiration date on the renewal. A licensee will be assessed a late fee as specified in 481—subrule 507.14(4). To renew a late license, the licensee will complete the renewal requirements and submit the late fee within the grace period.

780.8(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa but may not practice as a physician associate in Iowa until the license is reactivated. A licensee who practices as a physician associate in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

[**ARC 9536C**, IAB 9/3/25, effective 10/8/25; Editorial change: IAC Supplement 6/10/26]

481—780.9(17A,147,272C) Requirements for reactivation. To apply for reactivation, a licensee will:

780.9(1) Complete an online reactivation application and pay the nonrefundable reactivation fee.

780.9(2) Provide verification of current competence to practice as a physician associate by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must:

(1) Submit a license verification document that discloses if disciplinary action was taken in the jurisdiction where the applicant was most recently licensed.

(2) Submit proof of completing 100 hours of continuing education within two years of application for reactivation or NCCPA or successor agency certification.

b. If the license has been on inactive status for more than five years, an applicant must:

(1) Submit a license verification document that discloses if disciplinary action was taken against the applicant from every jurisdiction in which the applicant has been licensed.

(2) Submit proof of completing 200 hours of continuing education within two years of application for reactivation, of which at least 40 percent of the hours completed will be in Category I, or NCCPA or successor agency certification.

[**ARC 9536C**, IAB 9/3/25, effective 10/8/25; Editorial change: IAC Supplement 6/10/26]

481—780.10(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with rule 481—506.31(272C) and must apply for and be granted reactivation of the license in accordance with rule 481—780.9(17A,147,272C) prior to practicing as a physician associate in this state.

[**ARC 9536C**, IAB 9/3/25, effective 10/8/25; Editorial change: IAC Supplement 6/10/26]

481—780.11(148C) Use of title. A physician associate licensed under Iowa Code chapter 148C may use the words "physician associate" after the person's name or signify the same by the use of the letters "PA." A person who meets the qualifications for licensure under Iowa Code chapter 148C but does not possess a current license may use the title "PA" or "physician associate" but may not act or practice as a physician associate unless licensed under Iowa Code chapter 148C.

[**ARC 9536C**, IAB 9/3/25, effective 10/8/25; Editorial change: IAC Supplement 6/10/26]

481—780.12(148C) Address change. A physician associate will notify the board of any change in permanent address within 30 days of its occurrence.

[**ARC 9536C**, IAB 9/3/25, effective 10/8/25; Editorial change: IAC Supplement 6/10/26]

481—780.13(148C) Student physician associate.

780.13(1) Any person who is enrolled as a student in an approved program will comply with the rules set forth in this chapter. A student is exempted from licensure requirements.

780.13(2) Notwithstanding any other provisions of these rules, a student may perform medical services when the medical services are rendered within the scope of an approved program.

[**ARC 9536C**, IAB 9/3/25, effective 10/8/25; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code chapters 17A, 147, 148C and 272C.

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/3/29

481—781.1(148C,88GA,ch1020) Duties. The medical services to be provided by the physician associate are those for which the physician associate has been prepared by education, training, or experience and is competent to perform. The ultimate role of the physician associate cannot be rigidly defined because of the variations in practice requirements due to geographic, economic, and sociologic factors. The high degree of responsibility a physician associate may assume requires that, at the conclusion of the formal education, the physician associate possess the knowledge, skills, and abilities necessary to provide those services appropriate to the practice setting. The physician associate's services may be utilized in any clinical settings including but not limited to offices, ambulatory clinics, hospitals, patient's homes, extended care facilities, and nursing homes.

781.1(1) A physician associate's duties relating to prescribing, dispensing, ordering, administering, and procuring drugs and medical devices include all of the following:

a. Administering any drug.

b. Prescribing, dispensing, ordering, administering, and procuring drugs and medical devices. A physician associate may plan and initiate a therapeutic regimen that includes ordering and prescribing nonpharmacological interventions, including but not limited to durable medical equipment, nutrition, blood and blood products, and diagnostic support services, including but not limited to home health care, hospice, and physical and occupational therapy. The prescribing and dispensing of drugs may include Schedule II through V substances, as described in Iowa Code chapter 124, and all legend drugs.

c. A physician associate may prescribe drugs and medical devices subject to all of the following conditions:

(1) The physician associate will have passed the national certifying examination conducted by the National Commission on Certification of Physician Assistants or its successor examination approved by the board.

(2) The physician associate must comply with appropriate federal and state regulations.

(3) If a physician associate prescribes or dispenses controlled substances, the physician associate must register with the federal Drug Enforcement Administration.

(4) The physician associate may prescribe or order Schedule II controlled substances that are listed as depressants in Iowa Code chapter 124.

(5) The physician associate may prescribe, supply, and administer drugs and medical devices in all settings, including but not limited to hospitals, health care facilities, health care institutions, hospice, clinics, offices, health maintenance organizations, and outpatient and emergency care settings.

(6) A physician associate may request, receive, and supply sample drugs and medical devices.

d. Supplying properly packaged and labeled prescription drugs, controlled substances, or medical devices when pharmacist services are not reasonably available or when it is in the best interest of the patient.

(1) If the physician associate is the prescriber of the medications supplied pursuant to this paragraph, the medications supplied will be for the purpose of accommodating the patient and will not be sold for more than the cost of the drug and reasonable overhead costs as they relate to supplying prescription drugs to the patient and not at a profit to the physician associate.

(2) A nurse or staff assistant may assist the physician associate in supplying medications.

781.1(2) The medical services to be provided by the physician associate also include but are not limited to the following:

a. Initial approach to a patient of any age group in any setting to elicit a medical history and perform a physical examination.

b. Assessment, diagnosis and treatment of medical or surgical problems and recording the findings.

c. Order, interpret, or perform laboratory tests, X-rays or other medical procedures or studies.

d. Performance of therapeutic procedures such as injections, immunizations, suturing and care of wounds, removal of foreign bodies, ear and eye irrigation and other clinical procedures.

e. Performance of office surgical procedures including, but not limited to, skin biopsy, mole or wart removal, toenail removal, removal of a foreign body, arthrocentesis, incision and drainage of abscesses.

f. Assisting in surgery.

g. Prenatal and postnatal care and assisting a physician in obstetrical care.

h. Care of orthopedic problems.

i. Performing and screening the results of special medical examinations including, but not limited to, electrocardiogram or Holter monitoring, radiography, audiometric and vision screening, tonometry, and pulmonary function screening tests.

j. Instruction and counseling of patients regarding physical and mental health on matters such as diets, disease, therapy, and normal growth and development.

k. Function in the hospital setting by performing medical histories and physical examinations, making patient rounds, recording patient progress notes and other appropriate medical records, assisting in surgery, performing or assisting with medical procedures, providing emergency medical services and issuing, transmitting and executing patient care orders.

l. Providing services to patients requiring continuing care (i.e., home, nursing home, extended care facilities).

m. Referring patients to specialty or subspecialty physicians, medical facilities or social agencies as indicated by the patients' problems.

n. Immediate evaluation, treatment and institution of procedures essential to providing an appropriate response to emergency medical problems.

o. Order drugs and supplies in the office, and assist in keeping records and in the upkeep of equipment.

p. Admit patients to a hospital or health care facility as defined in Iowa Code section 135C.1.

q. Order diets, physical therapy, inhalation therapy, or other rehabilitative services as indicated by the patient's problems.

r. At the request of the peace officer, withdraw a specimen of blood from a patient for the purpose of determining the alcohol concentration or the presence of drugs.

s. Direct medical personnel, health professionals, and others involved in caring for patients and the execution of patient care.

t. Authenticate a medical form by signing the form.

u. Perform other duties appropriate to a physician associate's practice.

v. Health care providers will consider the instructions of a physician associate to be authoritative.

781.1(3) Emergency medicine duties.

a. A physician associate may be a member of the staff of an ambulance or rescue squad pursuant to Iowa Code chapter 147A.

b. A physician associate will document skills, training and education equivalent to that required of a certified advanced emergency medical technician or a paramedic.

c. A physician associate must apply for approval of advanced care training equivalency on forms supplied by the board of physician associates.

d. Exceptions to this subrule include:

(1) A physician associate who accompanies and is responsible for a transfer patient;

(2) A physician associate who serves on a basic ambulance or rescue squad service; and

(3) A physician associate who renders aid within the physician associate's skills during an emergency.

[**ARC 8038C**, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 9/18/24; Editorial change: IAC Supplement 6/10/26; Editorial change: IAC Supplement 6/24/26]

481—781.2(148C) Prohibition. No physician associate engaged in independent practice, as defined in Iowa Code section 148C.1(5), will be permitted to measure the visual power and visual efficiency of the human eye, as distinguished from routine visual screening, except in the personal presence of a supervising physician at the place where these services are rendered.

[**ARC 8038C**, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 9/18/24; Editorial change: IAC Supplement 6/10/26]

481—781.3(147,88GA,ch1020) Identification as a physician associate. The physician associate will be identified as a physician associate to patients and to the public, regardless of the physician associate's educational degree.

[**ARC 8038C**, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 9/18/24; Editorial change: IAC Supplement 6/10/26]

481—781.4(147) Prescription requirements.

781.4(1) Each written outpatient prescription drug order issued by a physician associate will contain the following:

a. The date of issuance.

b. The name and address of the patient for whom the drug is prescribed.

c. The name, strength, and quantity of the drug, medicine, or device prescribed and directions for use.

d. The physician associate's name and the practice address.

e. The signature of the physician associate followed by the initials "PA."

f. The Drug Enforcement Administration (DEA) number of the physician associate if the prescription is for a controlled substance.

781.4(2) Each oral prescription drug order issued by a physician associate will include the same information required for a written prescription, except for the written signature of the physician associate and the physician associate's practice address.

781.4(3) Prior to prescribing an opioid, a physician associate will review the patient's information contained in the prescription monitoring program database, unless the patient is receiving inpatient hospice care or long-term residential facility patient care.

781.4(4) Beginning January 1, 2020, every prescription issued for a prescription drug will be transmitted electronically unless exempted pursuant to Iowa Code section 124.308 or 155A.27. Beginning January 1, 2020, a licensee who fails to comply with the electronic prescription mandate may be subject to a nondisciplinary administrative penalty of $250 per violation, up to a maximum of $5,000 per calendar year.

[**ARC 8038C**, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 9/18/24; Editorial change: IAC Supplement 6/10/26; Editorial change: IAC Supplement 6/24/26]

481—781.5(147) Supplying—requirements for containers, labeling, and records.

781.5(1) *Containers.* A prescription drug will be supplied in a container that meets the requirements of the Poison Prevention Packaging Act of 1970, 15 U.S.C. §1471-1476 (1976), which relate to childproof closure, unless otherwise requested by the patient. The containers must also meet the requirements of Section 502G of the Federal Food, Drug and Cosmetic Act, 21 U.S.C. §301 et seq. (1976), which pertain to light resistance and moisture resistance needs of the drug supplied.

781.5(2) *Labeling.* A label bearing the following information will be affixed to a container in which a prescription drug is supplied:

a. The name and practice address of the supervising physician and physician associate.

b. The name of the patient.

c. The date supplied.

d. The directions for administering the prescription drug and any cautionary statement deemed appropriate by the physician associate.

e. The name, strength and quantity of the prescription drug in the container.

f. When supplying Schedule II, III, or IV controlled substances, the federal transfer warning statement must appear on the label as follows: "Caution: Federal law prohibits the transfer of this drug to any person other than the patient for whom it was prescribed."

781.5(3) *Samples.* Prescription sample drugs will be provided without additional charge to the patient. Prescription sample drugs supplied in the original container or package will be deemed to conform to labeling and packaging requirements.

781.5(4) *Records.* A record of prescription drugs supplied by the physician associate to a patient will be kept that contains the label information required by paragraphs 781.7(2)*"b"* through *"e."* Noting such information on the patient's chart or record is sufficient.

[**ARC 8038C**, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 9/18/24; Editorial change: IAC Supplement 6/10/26]

481—781.6(147,148C,272C) Standards of practice—telemedicine. This rule establishes standards of practice for the provision of telemedicine services.

781.6(1) *Telemedicine, generally.*

a. Technological advances have made it possible for licensees in one location to provide medical care to patients in another location with or without an intervening health care provider.

b. Telemedicine is a useful tool that, if applied appropriately, can provide important benefits to patients, including increased access to health care, expanded utilization of specialty expertise, rapid availability of patient records, and potential cost savings.

c. Licensees using telemedicine will be held to the same standards of care and professional ethics as licensees using traditional in-person medical care.

d. Failure to conform to the appropriate standards of care or professional ethics while using telemedicine may subject the licensee to potential discipline by the board.

781.6(2) *Definitions.* For the purposes of this rule:

"Asynchronous store-and-forward transmission" means the collection of a patient's relevant health information and the subsequent transmission of the data from an originating site to a health care provider at a distant site without the presence of the patient.

"Board" means the Iowa board of physician associates.

"HIPAA" means the Health Insurance Portability and Accountability Act of 1996, PL 104-191, August 21, 1996, 110 Stat. 1936.

"In-person encounter" means that the physician associate and the patient are in the physical presence of each other and are in the same physical location during the physician associate-patient encounter.

"Licensee" means a physician associate licensed by the board.

"Telemedicine" means the practice of medicine using electronic audiovisual communications and information technologies or other means, including interactive audio with asynchronous store-and-forward transmission, between a licensee in one location and a patient in another location with or without an intervening health care provider. Telemedicine includes asynchronous store-and-forward technologies, remote monitoring, and real-time interactive services, including teleradiology and telepathology. Telemedicine, for the purposes of this rule establishing standards of practice, does not include the provision of medical services only through an audio-only telephone, email messages, facsimile transmissions, or U.S. mail or other parcel service, or any combination thereof.

"Telemedicine technologies" means technologies and devices enabling secure electronic communications and information exchanges between a licensee in one location and a patient in another location with or without an intervening health care provider.

781.6(3) *Practice guidelines.* A licensee who uses telemedicine will utilize evidence-based telemedicine practice guidelines and standards of practice, to the degree they are available, to ensure patient safety, quality of care, and positive outcomes. The board acknowledges that some nationally recognized medical specialty organizations have established comprehensive telemedicine practice guidelines that address the clinical and technological aspects of telemedicine for many medical specialties.

781.6(4) *License required.* A physician associate who uses telemedicine in the diagnosis and treatment of a patient located in Iowa will hold an active Iowa physician associate license consistent with state and federal laws. Nothing in this rule will be construed to supersede the exceptions to licensure contained in rule 481—780.17(148C).

781.6(5) *Standards of care and professional ethics.* A licensee who uses telemedicine will be held to the same standards of care and professional ethics as a licensee using traditional in-person encounters with patients. Failure to conform to the appropriate standards of care or professional ethics while using telemedicine may be a violation of the laws and rules governing the practice of medicine and may subject the licensee to potential discipline by the board.

781.6(6) *Scope of practice.* A licensee who uses telemedicine will ensure that the services provided are consistent with the licensee's scope of practice, including the licensee's education, training, experience, ability, licensure, and certification.

781.6(7) *Identification of patient and physician associate.* A licensee who uses telemedicine will verify the identity of the patient and ensure that the patient has the ability to verify the identity, licensure status, certification, and credentials of all health care providers who provide telemedicine services prior to the provision of care.

781.6(8) *Physician associate-patient relationship.*

a. A licensee who uses telemedicine will establish a valid physician associate-patient relationship with the person who receives telemedicine services. The physician associate-patient relationship begins when:

(1) The person with a health-related matter seeks assistance from a licensee;

(2) The licensee agrees to undertake diagnosis and treatment of the person; and

(3) The person agrees to be treated by the licensee whether or not there has been an in-person encounter between the physician associate and the person.

b. A valid physician associate-patient relationship may be established by:

(1) In-person encounter. Through an in-person medical interview and physical examination where the standard of care would require an in-person encounter;

(2) Consultation with another licensee. Through consultation with another licensee (or other health care provider) who has an established relationship with the patient and who agrees to participate in, or supervise, the patient's care; or

(3) Telemedicine encounter. Through telemedicine, if the standard of care does not require an in-person encounter, and in accordance with evidence-based standards of practice and telemedicine practice guidelines that address the clinical and technological aspects of telemedicine.

781.6(9) *Medical history and physical examination.* Generally, a licensee will perform an in-person medical interview and physical examination for each patient. However, the medical interview and physical examination may not be in person if the technology utilized in a telemedicine encounter is sufficient to establish an informed diagnosis as though the medical interview and physical examination had been performed in person. Prior to providing treatment, including issuing prescriptions, electronically or otherwise, a licensee who uses telemedicine will interview the patient to collect the relevant medical history and perform a physical examination, when medically necessary, sufficient for the diagnosis and treatment of the patient. An internet questionnaire that is a static set of questions provided to the patient, to which the patient responds with a static set of answers, in contrast to an adaptive, interactive and responsive online interview, does not constitute an acceptable medical interview and physical examination for the provision of treatment, including issuance of prescriptions, electronically or otherwise, by a licensee.

781.6(10) *Non-physician associate health care providers.* If a licensee who uses telemedicine relies upon or delegates the provision of telemedicine services to a non-physician associate health care provider, the licensee will:

a. Ensure that systems are in place to ensure that the non-physician associate health care provider is qualified and trained to provide that service within the scope of the non-physician associate health care provider's practice;

b. Ensure that the licensee is available in person or electronically to consult with the non-physician associate health care provider, particularly in the case of injury or an emergency.

781.6(11) *Informed consent.* A licensee who uses telemedicine will ensure that the patient provides appropriate informed consent for the medical services provided, including consent for the use of telemedicine to diagnose and treat the patient, and that such informed consent is timely documented in the patient's medical record.

781.6(12) *Coordination of care.* A licensee who uses telemedicine will, when medically appropriate, identify the medical home or treating clinician(s) for the patient, when available, where in-person services can be delivered in coordination with the telemedicine services. The licensee will provide a copy of the medical record to the patient's medical home or treating clinician(s).

781.6(13) *Follow-up care.* A licensee who uses telemedicine will have access to, or adequate knowledge of, the nature and availability of local medical resources to provide appropriate follow-up care to the patient following a telemedicine encounter.

781.6(14) *Emergency services.* A licensee who uses telemedicine will refer a patient to an acute care facility or an emergency department when referral is necessary for the safety of the patient or in the case of an emergency.

781.6(15) *Medical records.* A licensee who uses telemedicine will ensure that complete, accurate and timely medical records are maintained for the patient when appropriate, including all patient-related electronic communications, records of past care, physician associate-patient communications, laboratory and test results, evaluations and consultations, prescriptions, and instructions obtained or produced in connection with the use of telemedicine technologies. The licensee will note in the patient's record when telemedicine is used to provide diagnosis and treatment. The licensee will ensure that the patient or another licensee designated by the patient has timely access to all information obtained during the telemedicine encounter. The licensee will ensure that the patient receives, upon request, a summary of each telemedicine encounter in a timely manner.

781.6(16) *Privacy and security.* A licensee who uses telemedicine will ensure that all telemedicine encounters comply with the privacy and security measures of HIPAA to ensure that all patient communications and records are secure and remain confidential.

a. Written protocols will be established that address the following:

(1) Privacy;

(2) Health care personnel who will process messages;

(3) Hours of operation;

(4) Types of transactions that will be permitted electronically;

(5) Required patient information to be included in the communication, including patient name, identification number and type of transaction;

(6) Archiving and retrieval; and

(7) Quality oversight mechanisms.

b. The written protocols should be periodically evaluated for currency and should be maintained in an accessible and readily available manner for review. The written protocols will include sufficient privacy and security measures to ensure the confidentiality and integrity of patient-identifiable information, including password protection, encryption or other reliable authentication techniques.

781.6(17) *Technology and equipment.* Broad categories of telemedicine technologies currently exist, including asynchronous store-and-forward technologies, remote monitoring, and real-time interactive services. While some telemedicine programs are multispecialty in nature, others are tailored to specific diseases and medical specialties. The technology and equipment utilized for telemedicine will comply with the following requirements:

a. The technology and equipment utilized in the provision of telemedicine services must comply with all relevant safety laws, rules, regulations, and codes for technology and technical safety for devices that interact with patients or are integral to diagnostic capabilities;

b. The technology and equipment utilized in the provision of telemedicine services must be of sufficient quality, size, resolution and clarity such that the licensee can safely and effectively provide the telemedicine services; and

c. The technology and equipment utilized in the provision of telemedicine services must be compliant with HIPAA.

781.6(18) *Disclosure and functionality of telemedicine services.* A licensee who uses telemedicine will ensure that the following information is clearly disclosed to the patient:

a. Types of services provided;

b. Contact information for the licensee;

c. Identity, licensure, certification, credentials, and qualifications of all health care providers who are providing the telemedicine services;

d. Limitations in the drugs and services that can be provided via telemedicine;

e. Fees for services, cost-sharing responsibilities, and how payment is to be made, if these differ from an in-person encounter;

f. Financial interests, other than fees charged, in any information, products, or services provided by the licensee(s);

g. Appropriate uses and limitations of the technologies, including in emergency situations;

h. Uses of and response times for emails, electronic messages and other communications transmitted via telemedicine technologies;

i. To whom patient health information may be disclosed and for what purpose;

j. Rights of patients with respect to patient health information; and

k. Information collected and passive tracking mechanisms utilized.

781.6(19) *Patient access and feedback.* A licensee who uses telemedicine will ensure that the patient has easy access to a mechanism for the following purposes:

a. To access, supplement and amend patient-provided personal health information;

b. To provide feedback regarding the quality of the telemedicine services provided; and

c. To register complaints. The mechanism will include information regarding the filing of complaints with the board.

781.6(20) *Financial interests.* Advertising or promotion of goods or products from which the licensee receives direct remuneration, benefit or incentives (other than the fees for the medical services) is prohibited to the extent that such activities are prohibited by state or federal law. Notwithstanding such prohibition, internet services may provide links to general health information sites to enhance education; however, the licensee should not benefit financially from providing such links or from the services or products marketed by such links. When providing links to other sites, licensees should be aware of the implied endorsement of the information, services or products offered from such sites. The maintenance of a preferred relationship with any pharmacy is prohibited. Licensees will not transmit prescriptions to a specific pharmacy, or recommend a pharmacy, in exchange for any type of consideration or benefit from the pharmacy.

781.6(21) *Circumstances where the standard of care may not require a licensee to personally interview or examine a patient.* Under the following circumstances, whether or not such circumstances involve the use of telemedicine, a licensee may treat a patient who has not been personally interviewed, examined and diagnosed by the licensee:

a. Situations in which the licensee prescribes medications on a short-term basis for a new patient and has scheduled or is in the process of scheduling an appointment to personally examine the patient;

b. For institutional settings, including writing initial admission orders for a newly hospitalized patient;

c. Call situations in which a licensee is taking calls for another health care provider who has an established provider-patient relationship with the patient;

d. Cross-coverage situations in which a licensee is taking calls for another health care provider who has an established provider-patient relationship with the patient;

e. Emergency situations in which the life or health of the patient is in imminent danger;

f. Emergency situations that constitute an immediate threat to the public health including, but not limited to, empiric treatment or prophylaxis to prevent or control an infectious disease outbreak;

g. Situations in which the licensee has diagnosed a sexually transmitted disease in a patient and the licensee prescribes or dispenses antibiotics to the patient's named sexual partner(s) for the treatment of the sexually transmitted disease as recommended by the U.S. Centers for Disease Control and Prevention; and

h. For licensed or certified nursing facilities, residential care facilities, intermediate care facilities, assisted living facilities, hospice settings, and correctional facilities.

781.6(22) *Prescribing based solely on an internet request, internet questionnaire or a telephonic evaluation—prohibited.* Prescribing to a patient based solely on an internet request or internet questionnaire (i.e., a static questionnaire provided to a patient, to which the patient responds with a static set of answers, in contrast to an adaptive, interactive and responsive online interview) is prohibited. Absent a valid physician associate-patient relationship, a licensee's prescribing to a patient based solely on a telephonic evaluation is prohibited, with the exception of the circumstances described in subrule 781.9(21).

1 June 16, 2004, effective date of amendments published in ARC 3345B delayed 70 days by the Administrative Rules Review Committee at its meeting held June 7, 2004.

2 April 22, 2015, effective date of ARC 1909C [327.4(2)] delayed until the adjournment of the 2016 General Assembly by the Administrative Rules Review Committee at a special meeting held April 20, 2015. At its meeting held February 5, 2016, the Committee extended the delay 70 days beyond the adjournment of the 2016 General Assembly.

CHAPTER 782
CONTINUING EDUCATION FOR PHYSICIAN ASSOCIATES
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 328]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/3/29

481—782.1(148C) Definitions. For the purpose of these rules, the following definitions will apply:

"Active license" means a license that is current and has not expired.

"Approved program/activity" means a continuing education program/activity meeting the standards set forth in these rules.

"Audit" means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

"Board" means the board of physician associates.

"Continuing education" means planned, organized learning acts designed to maintain, improve, or expand a licensee's knowledge and skills in order for the licensee to develop new knowledge and skills relevant to the enhancement of practice, education, or theory development to improve the safety and welfare of the public.

"Hour of continuing education" means at least 50 minutes spent by a licensee in actual attendance at and completion of an approved continuing education activity.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period. The category of "inactive license" may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

"License" means license to practice.

"Licensee" means any person licensed to practice as a physician associate in the state of Iowa.

[**ARC 8039C**, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 9/18/24; Editorial change: IAC Supplement 6/10/26]

481—782.2(148C) Continuing education requirements.

782.2(1) The biennial continuing education compliance period will extend for a two-year period beginning on October 1 of each year and ending on September 30 two years later. Each biennium, each licensee will be required to complete a minimum of 100 hours of continuing education approved by the board. Licensees who complete continuing education hours in excess of the requirements for renewal may apply up to 50 percent of the required hours to the following renewal period. Licensees may apply a maximum of 50 hours from the previous renewal period.

782.2(2) Requirements of new licensees. Those persons licensed for the first time will not be required to complete continuing education as a prerequisite for the first renewal of their licenses. The new licensee will be required to complete a minimum of 100 hours of continuing education per biennium for each subsequent license renewal.

782.2(3) A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

[**ARC 8039C**, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 9/18/24; **ARC 9262C**, IAB 5/14/25, effective 6/18/25]

481—782.3(148C,272C) Standards.

782.3(1) *General criteria.* A continuing education activity is appropriate for continuing education credit if the continuing education activity:

a. Constitutes an organized program of learning that contributes directly to the professional competency of the licensee;

b. Pertains to subject matters that integrally relate to the practice of the profession;

c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program;

d. Fulfills stated program goals, objectives, or both; and

e. Provides an individual certificate of completion or evidence of successful completion of the course provided by the course sponsor. This documentation must contain the course title, date(s), contact hours, sponsor and licensee's name.

782.3(2) *Specific criteria.* Continuing education requirements are as follows:

a. The licensee will complete a minimum of 50 hours of credit designated as Category I by the American Academy of Physician Assistants, the American Medical Association, the American Osteopathic Association Council on Continuing Medical Education, the American Academy of Family Physicians or other organizations accredited by the Accreditation Council for Continuing Medical Education (ACCME).

b. For the remaining 50 hours of required continuing medical education (CME), Category I or Category II credit, as accepted by the National Commission on Certification of Physician Assistants (NCCPA), will satisfy the CME requirements. In case of audit, licensees will provide evidence of NCCPA certification during the time period being audited or an activity log for all Category II credits for which a certificate of completion is not available. The activity log will list for each activity the date and type of activity and number of hours claimed per activity.

c. Licensees who maintain certification by the NCCPA may show proof of meeting the board's CME requirements by providing proof of current certification by the NCCPA for the time period being reviewed or audited.

d. A licensee who has prescribed opioids to a patient during the renewal cycle will complete a minimum of two hours of continuing education regarding the guidelines for prescribing opioids for chronic pain, as issued by the Centers for Disease Control and Prevention of the United States Department of Health and Human Services, including recommendations on limitations on dosages and the length of prescriptions, risk factors for abuse, and nonopioid and nonpharmacologic therapy options, as a condition of license renewal. These hours may count toward the 100 hours of continuing education required for license renewal. The licensee will maintain documentation of these hours, which may be subject to audit.

[**ARC 8039C**, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 272C.2 and chapter 148C.

CHAPTER 783
DISCIPLINE FOR PHYSICIAN ASSOCIATES

[Prior to 8/7/02, see 645—325.11(148C,272C)]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 329]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/3/29

481—783.1(148C) Definitions.

"Board" means the board of physician associates.

"Discipline" means any sanction the board may impose upon licensees.

"Licensee" means a person licensed to practice as a physician associate in Iowa.

[**ARC 8040C**, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 9/18/24; Editorial change: IAC Supplement 6/10/26]

481—783.2(147,272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in Iowa Code section 272C.3 when the board determines that the licensee is guilty of any of the following acts or offenses or those listed in 481—Chapter 504:

783.2(1) Professional incompetency. Professional incompetency includes but is not limited to:

a. A substantial lack of knowledge or ability to discharge professional obligations within the scope of practice.

b. A substantial deviation from the standards of learning or skill ordinarily possessed and applied by other physician associates in the state of Iowa acting in the same or similar circumstances.

c. A failure to exercise the degree of care that is ordinarily exercised by the average physician associate acting in the same or similar circumstances.

d. Failure to conform to the minimal standard of acceptable and prevailing practice of a physician associate in this state.

e. Inability to practice with reasonable skill and safety by reason of illness, drunkenness, excessive use of drugs, narcotics, chemicals, or other type of material or as a result of a mental or physical condition.

f. Being adjudged mentally incompetent by a court of competent jurisdiction.

783.2(2) Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of the profession or engaging in unethical conduct or practice harmful or detrimental to the public. Proof of actual injury need not be established.

783.2(3) Use of untruthful or improbable statements in advertisements. Use of untruthful or improbable statements in advertisements includes but is not limited to an action by a licensee in making information or intention known to the public that is false, deceptive, misleading or promoted through fraud or misrepresentation.

783.2(4) Representing oneself as a physician associate when one's license has been suspended or revoked, or when one's license is on inactive status, except as provided by rule 481—780.15(148C).

783.2(5) Failure to comply with universal precautions for preventing transmission of infectious diseases as issued by the Centers for Disease Control and Prevention of the United States Department of Health and Human Services.

783.2(6) The performance of a medical function without approved supervision, if supervision is required pursuant to rules 481—780.7(148C) and 481—780.8(148C), except in cases requiring performance of evaluation and treatment procedures essential to providing an appropriate response to an emergency situation.

783.2(7) Prescribing opioids in dosage amounts that exceed what would be prescribed by a reasonably prudent licensee.

[**ARC 8040C**, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 9/18/24; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code chapters 147, 148C and 272C.

CHAPTER 784
ADOPTION OF UNIFORM AND MODEL RULES
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 330]

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/28/29

481—784.1(17A,272C) Board of physician associates adoption of uniform and model rules. The board hereby adopts by reference the following:

784.1(1) to **784.1(9)** Reserved.

784.1(10) Model rules for licensee review committee, 481—Chapter 505.

This rule is intended to implement Iowa Code chapter 272C.

BOARD OF PHYSICAL AND OCCUPATIONAL THERAPY

CHAPTER 800
LICENSURE OF PHYSICAL THERAPISTS AND PHYSICAL THERAPIST ASSISTANTS

[Prior to 3/6/02, see 645—200.3(147) to 645—200.8(147), 645—200.11(272C), and 645—202.3(147) to 645—202.7(147)]
[Prior to 12/24/03, see 645—ch 201]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 200]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/29

481—800.1(147) Definitions. For purposes of these rules, the following definitions shall apply:

"Active license" means a license that is current and has not expired.

"Assistive personnel" means any person who carries out physical therapy and is not licensed as a physical therapist or physical therapist assistant. This definition does not include students as defined in Iowa Code section 148A.3(2).

"Board" means the board of physical and occupational therapy.

"Department" means the department of inspections, appeals, and licensing.

"Grace period" means the 30-day period following expiration of a license when the license is still considered to be active. In order to renew a license during the grace period, a licensee is required to pay a late fee.

"Impairment" means a mechanical, physiological or developmental loss or abnormality, a functional limitation, or a disability or other health- or movement-related condition.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period.

"Licensee" means any person licensed to practice as a physical therapist or physical therapist assistant in the state of Iowa.

"License expiration date" means the fifteenth day of the birth month every two years after initial licensure.

"Licensure by endorsement" means the issuance of an Iowa license to practice physical therapy to an applicant who is or has been licensed in another state.

"Mandatory reporter training" means the training on identifying and reporting child abuse or dependent adult abuse as required in Iowa Code sections 232.69 and 235B.16.

"On site" means:

1. To be continuously on site and present in the department or facility where assistive personnel are performing services;
2. To be immediately available to assist the person being supervised in the services being performed; and
3. To provide continued direction of appropriate aspects of each treatment session in which a component of treatment is delegated to assistive personnel.

"Physical therapist" means a person licensed under this chapter to practice physical therapy.

"Physical therapist assistant" means a person licensed under this chapter to assist in the practice of physical therapy.

"Physical therapy" means the same as defined in Iowa Code section 148A.1, including:

1. Evaluation of individuals with impairments in order to determine a diagnosis, prognosis, and plan of therapeutic treatment and intervention, and to assess the ongoing effects of treatment and intervention;
2. Use of the effective properties of physical agents and modalities, including but not limited to mechanical and electrotherapeutic devices, heat, cold, air, light, water, electricity, and sound, to prevent, correct, minimize, or alleviate an impairment;
3. Use of therapeutic exercises to prevent, correct, minimize, or alleviate an impairment;
4. Use of rehabilitative procedures to prevent, correct, minimize, or alleviate an impairment, including but not limited to the following procedures:

- Manual therapy, including soft-tissue and joint mobilization and manipulation;

- Therapeutic massage;
- Dry needling;
- Prescription, application, and fabrication of assistive, adaptive, orthotic, prosthetic, and supportive devices and equipment;
- Airway clearance techniques;
- Integumentary protection and repair techniques; and
- Debridement and wound care;

5. Interpretation of performances, tests, and measurements;
6. The establishment and modification of physical therapy programs;
7. The establishment and modification of treatment planning;
8. The establishment and modification of consultive services;
9. The establishment and modification of instructions to the patient, including but not limited to functional training relating to movement and mobility; and
10. Participation, administration, and supervision attendant to physical therapy and educational programs and facilities.

"PT" means physical therapist.

"PTA" means physical therapist assistant.

"Reactivate" or *"reactivation"* means the process as outlined in rule 481—800.7(17A,147,272C) by which an inactive license is restored to active status.

"Reciprocal license" means the issuance of an Iowa license to practice physical therapy to an applicant who is currently licensed in another state that has a mutual agreement with the Iowa board of physical and occupational therapy to license persons who have the same or similar qualifications to those required in Iowa.

"Reinstatement" means the process as outlined in rule 481—506.31(272C). Once the license is reinstated, the licensee may apply for active status.

[**ARC 7978C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—800.2(147) Initial licensure.

800.2(1) The applicant shall submit a complete online application and pay the nonrefundable fee specified in rule 481—507.13(147,148A).

800.2(2) If the application is not completed according to the instructions, the application will not be reviewed by the board.

800.2(3) Submit official copies of academic transcripts directly from the school to the board. An applicant shall demonstrate successful completion of a physical therapy education program accredited by a national accreditation agency approved by the board. No application will be considered by the board until official copies of academic transcripts have been received.

800.2(4) Submit a completed fingerprint card and a signed waiver form to facilitate a national criminal history background check by the Iowa division of criminal investigation (DCI) and the Federal Bureau of Investigation (FBI). The cost of the criminal history background check by the DCI and the FBI shall be assessed to the applicant.

800.2(5) Have the testing service send the examination score directly to the board.

800.2(6) Provide verification of license from the jurisdiction in which the applicant has most recently been licensed, sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:

a. Licensee's name;
b. Date of initial licensure;
c. Current licensure status; and
d. Any disciplinary action taken against the license.

800.2(7) A physical therapist or physical therapist assistant applicant who holds a license in another state shall have completed one of the following:

a. Completed board-approved continuing education during the immediately preceding two-year period: 40 hours required for the physical therapist license holder and 20 hours required for a physical therapist assistant license holder; or

b. Practiced for a minimum of 2,080 hours during the immediately preceding two-year period; or

c. Served the equivalent of one year as a full-time faculty member teaching in an accredited school of physical therapy for at least one of the immediately preceding two years; or

d. Successfully passed the examination within a period of two years from the date of examination to the time application is completed for licensure.

800.2(8) Submitting complete application materials. An application for a physical therapist or physical therapist assistant license will be considered active for two years from the date the application is received. If the applicant does not submit all materials within this time period or if the applicant does not meet the requirements for the license, the application shall be considered incomplete. An applicant whose application is filed incomplete must submit a new application, supporting materials, and the application fee. The board shall destroy incomplete applications after two years.

800.2(9) A person who is licensed in another jurisdiction but who is unable to satisfy the requirements for licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

[**ARC 7978C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—800.3(147) Physical therapy compact. The rules of the Physical Therapy Compact Commission are incorporated by reference. A physical therapist or physical therapist assistant may engage in the practice of physical therapy in Iowa without a license issued by the board if the individual has a current compact privilege to practice in Iowa issued by the Physical Therapy Compact Commission. The state fee for issuance of a compact privilege to practice in Iowa shall be $60, which will be collected by the Physical Therapy Compact Commission. The state fee for issuance of a compact privilege to practice in Iowa shall be waived for an active duty military member or spouse of an individual who is an active duty military member. A physical therapist or physical therapist assistant who practices physical therapy in Iowa using a compact privilege is subject to the rules governing licensees in rule 481—801.4(147) and in 481—Chapters 801 and 802. Complaints, investigations, and disciplinary proceedings involving a compact privilege shall be handled in accordance with Iowa Code chapters 17A and 272C; 2018 Iowa Acts, House File 2425; and the rules in 481—Chapters 503, 504, and 506.

[**ARC 7978C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—800.4(147) Examination requirements for physical therapists and physical therapist assistants. The following criteria shall apply to the written examination(s):

800.4(1) Evidence of having passed the National Physical Therapy Examination (NPTE) or other nationally recognized equivalent examination as defined by the board.

800.4(2) The applicant shall abide by the following criteria:

a. For examinations taken prior to July 1, 1994, satisfactory completion shall be defined as receiving an overall examination score exceeding 1.5 standard deviations below the national average.

b. For examinations completed after July 1, 1994, satisfactory completion shall be defined as receiving an overall examination score equal to or greater than the criterion-referenced passing point recommended by the Federation of State Boards of Physical Therapy.

800.4(3) The Federation of State Boards of Physical Therapy (FSBPT) determines the total number of times an applicant may take the examination in a lifetime. The board will not approve an applicant for testing when the applicant has exhausted the applicant's lifetime opportunities for taking the examination, as determined by FSBPT.

800.4(4) Special accommodations. To eliminate discrimination and guarantee fairness under Title II of the Americans with Disabilities Act (ADA), an individual who has a qualifying disability may request an examination accommodation. The applicant must submit appropriate documentation to FSBPT.

[**ARC 7978C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—800.5(147) Educational qualifications.

800.5(1) The applicant must present proof of meeting the following requirements for licensure as a physical therapist or physical therapist assistant:

a. Educational requirements—physical therapists. Physical therapists shall graduate from a physical therapy program accredited by a national accreditation agency approved by the board.

b. Educational requirements—physical therapist assistants. Physical therapist assistants shall graduate from a PTA program accredited by a national accreditation agency approved by the board.

800.5(2) Foreign-trained applicants.

a. Foreign-trained applicants who do not hold a license in another state or U.S. territory shall:

(1) Submit an English translation and an equivalency evaluation of their educational credentials through the following organization: Foreign Credentialing Commission on Physical Therapy, Inc., 124 West Street South, Third Floor, Alexandria, VA 22314; telephone 703.684.8406; website www.fccpt.org. The credentials of a foreign-educated physical therapist or foreign-educated physical therapist assistant licensure applicant who does not hold a license in another state or territory of the United States and is applying for licensure by taking the examination should be evaluated using the most current version of the FSBPT Coursework Tool (CWT). The professional curriculum must be equivalent to the Commission on Accreditation in Physical Therapy Education standards. An applicant shall bear the expense of the curriculum evaluation.

(2) Submit certified proof of proficiency in the English language by achieving on the Test of English as a Foreign Language Internet-based test (TOEFL iBT test) a total score of at least 89 as well as accompanying minimum scores in the four test components as follows: 24 in writing; 26 in speaking; 21 in reading; and 18 in listening. This test is administered by Educational Testing Services, Inc., P.O. Box 6157, Princeton, NJ 08541-6157. An applicant shall bear the expense of the TOEFL iBT test. Applicants may be exempt from the TOEFL iBT test when physical therapy education was completed in a school where the language of instruction in physical therapy was English, the language of the textbooks was English, and the applicant's transcript was in English.

b. Foreign-trained applicants who hold a license in another state or U.S. territory may apply for licensure by endorsement.

[**ARC 7978C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—800.6(147) License renewal.

800.6(1) The biennial license renewal period for a license to practice as a physical therapist or physical therapist assistant shall begin on the sixteenth day of the birth month and end on the fifteenth day of the birth month two years later. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license.

800.6(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal two years later.

800.6(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements of rule 481—803.2(148A) and the mandatory reporting requirements of subrule 800.6(4). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date.

800.6(4) Mandatory reporter training requirements.

a. A licensee who is required by Iowa Code section 232.69 to report child abuse shall indicate on the renewal application completion of training in child abuse identification and reporting as required by Iowa Code section 232.69(3)*"b"* in the previous three years or condition(s) for waiver of this requirement as identified in paragraph *"e."*

b. A licensee who is required by Iowa Code section 235B.3 or 235E.2 to report dependent adult abuse shall indicate on the renewal application completion of training in dependent adult abuse identification and reporting as required by Iowa Code section 235B.16(5)*"b"* in the previous three years or condition(s) for waiver of this requirement as identified in paragraph *"e."*

c. The course(s) shall be the curriculum provided by the Iowa department of health and human services.

d. The licensee shall maintain written documentation for three years after mandatory training as identified in paragraphs *"a"* to *"c,"* including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in 481—Chapter 500.

f. The board may select licensees for audit of compliance with the requirements in paragraphs *"a"* to *"e."*

800.6(5) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

800.6(6) Persons licensed to practice as physical therapists or physical therapist assistants shall keep their renewal licenses displayed in a conspicuous public place at the primary site of practice.

800.6(7) Late renewal. The license shall become a late license when the license has not been renewed by the expiration date on the renewal. The licensee shall be assessed a late fee as specified in 481—subrule 507.13(4). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

800.6(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a physical therapist or a physical therapist assistant in Iowa until the license is reactivated. A licensee who practices as a physical therapist or a physical therapist assistant in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

[**ARC 7978C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—800.7(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee shall:

800.7(1) Submit a reactivation application on a form provided by the board.

800.7(2) Pay the reactivation fee that is due as specified in subrule 507.13(5).

800.7(3) Provide verification of current competence to practice physical therapy by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification of the license from the jurisdiction in which the applicant has most recently been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 20 hours of continuing education for a physical therapist assistant and 40 hours of continuing education for a physical therapist within two years of application for

reactivation; or verification of active practice, consisting of a minimum of 2,080 hours, in another state or jurisdiction during the two years preceding an application for reactivation.

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) Verification of the license from the jurisdiction in which the applicant has most recently been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 40 hours of continuing education for a physical therapist assistant and 80 hours of continuing education for a physical therapist within two years of application for reactivation; verification of active practice, consisting of a minimum of 2,080 hours, in another state or jurisdiction during the two years preceding an application for reactivation; or evidence of successful completion of the professional examination required for initial licensure completed within one year prior to the submission of an application for reactivation.

[**ARC 7978C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—800.8(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with rule 481—506.31(272C) and must apply for and be granted reactivation of the license in accordance with rule 481—800.7(17A,147,272C) prior to practicing physical therapy in this state.

[**ARC 7978C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 17A, 147, 148A and 272C.

CHAPTER 801
PRACTICE OF PHYSICAL THERAPISTS AND PHYSICAL THERAPIST ASSISTANTS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 201]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/29

481—801.1(148A,272C) Code of ethics for physical therapists and physical therapist assistants.

801.1(1) Physical therapy. The practice of physical therapy shall minimally consist of:

a. Interpreting all referrals;

b. Evaluating each patient;

c. Identifying and documenting individual patient's problems and goals;

d. Establishing and documenting a plan of care;

e. Providing appropriate treatment;

f. Determining the appropriate portions of the treatment program to be delegated to assistive personnel;

g. Appropriately supervising individuals as described in rule 481—801.4(272C);

h. Providing timely patient reevaluation;

i. Maintaining timely and adequate patient records of all physical therapy activity and patient responses consistent with the standards found in rule 481—801.2(147).

801.1(2) A physical therapist shall:

a. Not practice outside the scope of the license;

b. Inform a referring practitioner when any requested treatment procedure is inadvisable or contraindicated and shall refuse to carry out such orders;

c. Not continue treatment beyond the point of possible benefit to the patient or treat a patient more frequently than necessary to obtain maximum therapeutic effect;

d. Not directly or indirectly request, receive, or participate in the dividing, transferring, assigning, rebating, or refunding of an unearned fee;

e. Not profit by means of credit or other valuable consideration as an unearned commission, discount, or gratuity in connection with the furnishing of physical therapy services;

f. Not obtain third-party payment through fraudulent means. Third-party payers include, but are not limited to, insurance companies and government reimbursement programs. Obtaining payment through fraudulent means includes but is not limited to:

(1) Reporting incorrect treatment dates for the purpose of obtaining payment;

(2) Reporting charges for services not rendered;

(3) Incorrectly reporting services rendered for the purpose of obtaining payment that is greater than that to which the licensee is entitled; or

(4) Aiding a patient in fraudulently obtaining payment from a third-party payer;

g. Not exercise undue influence on patients to purchase equipment, products, or supplies from a company in which the physical therapist owns stock or has any other direct or indirect financial interest;

h. Not permit another person to use the therapist's license for any purpose;

i. Not verbally or physically abuse a patient or client;

j. Not engage in sexual misconduct. Sexual misconduct includes the following:

(1) Engaging in or soliciting a sexual relationship, whether consensual or nonconsensual, with a patient or client;

(2) Making sexual advances, requesting sexual favors, or engaging in other verbal conduct or physical contact of a sexual nature with a patient or client;

k. Adequately supervise personnel in accordance with the standards for supervision found in rule 481—801.4(272C);

l. Assist in identifying a professionally qualified licensed practitioner to perform the service, in the event that the physical therapist does not possess the skill to evaluate a patient, plan the treatment program, or carry out the treatment.

801.1(3) Physical therapist assistants. A physical therapist assistant shall:

a. Not practice outside the scope of the license;

b. Not obtain third-party payment through fraudulent means. Third-party payers include but are not limited to insurance companies and government reimbursement programs. Obtaining payment through fraudulent means includes but is not limited to:

(1) Reporting incorrect treatment dates for the purpose of obtaining payment;

(2) Reporting charges for services not rendered;

(3) Incorrectly reporting services rendered for the purpose of obtaining payment that is greater than that to which the licensee is entitled; or

(4) Aiding a patient in fraudulently obtaining payment from a third-party payer;

c. Not exercise undue influence on patients to purchase equipment, products, or supplies from a company in which the physical therapist assistant owns stock or has any other direct or indirect financial interest;

d. Not permit another person to use the physical therapist's or physical therapist assistant's license for any purpose;

e. Not verbally or physically abuse a patient or client;

f. Not engage in sexual misconduct. Sexual misconduct includes the following:

(1) Engaging in or soliciting a sexual relationship, whether consensual or nonconsensual, with a patient or client; and

(2) Making sexual advances, requesting sexual favors, or engaging in other verbal conduct or physical contact of a sexual nature with a patient or client;

g. Work only when supervised by a physical therapist and in accordance with rule 481—801.4(272C). If the available supervision does not meet the standards in rule 481—801.4(272C), the physical therapist assistant shall refuse to administer treatment;

h. Inform the delegating physical therapist when the physical therapist assistant does not possess the skills or knowledge to perform the delegated tasks, and refuse to perform the delegated tasks;

i. Sign the physical therapy treatment record to indicate that the physical therapy services were provided in accordance with the rules and regulations for practicing as a physical therapist or physical therapist assistant.

[**ARC 7979C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—801.2(147) Recordkeeping.

801.2(1) A licensee shall maintain sufficient, timely, and accurate documentation in patient records. A licensee's records shall reflect the services provided, facilitate the delivery of services, and ensure continuity of services in the future.

801.2(2) A licensee who provides clinical services shall store records in accordance with state and federal statutes and regulations governing record retention and with the guidelines of the licensee's employer or agency, if applicable. If no other legal provisions govern record retention, a licensee shall store all patient records for a minimum of five years after the date of the patient's discharge, or, in the case of a minor, three years after the patient reaches the age of majority under state law or five years after the date of discharge, whichever is longer.

801.2(3) Electronic recordkeeping. The requirements of this rule apply to electronic records as well as to records kept by any other means. When electronic records are kept, the licensee shall ensure that a duplicate hard-copy record or a backup, unalterable electronic record is maintained.

801.2(4) Correction of records.

a. Hard-copy records. Notations shall be legible, written in ink, and contain no erasures or whiteouts. If incorrect information is placed in the record, it must be crossed out with a single nondeleting line and be initialed by the licensee.

b. Electronic records. If a record is stored in an electronic format, the record may be amended with a signed addendum attached to the record.

801.2(5) Confidentiality and transfer of records. Physical therapists and physical therapist assistants shall preserve the confidentiality of patient records. Upon receipt of a written release or authorization signed by the patient, the licensee shall furnish such physical therapy records, or copies of the records, as

will be beneficial for the future treatment of that patient. A fee may be charged for duplication of records, but a licensee may not refuse to transfer records for nonpayment of any fees. A written request may be required before transferring the record(s).

801.2(6) Retirement or discontinuance of practice. If a licensee is the owner of a practice, the licensee shall notify in writing all active patients and shall make reasonable arrangements with those patients to transfer patient records, or copies of those records, to the succeeding licensee upon knowledge and agreement of the patient.

801.2(7) Nothing stated in these rules shall prohibit a licensee from conveying or transferring the licensee's patient records to another licensed individual who is assuming a practice, provided that written notice is furnished to all patients.

[**ARC 7979C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—801.3(147) Telehealth visits. A licensee may provide physical therapy services to a patient utilizing a telehealth visit if the physical therapy services are provided in accordance with all requirements of this chapter.

801.3(1) "Telehealth visit" means the provision of physical therapy services by a licensee to a patient using technology where the licensee and the patient are not at the same physical location for the physical therapy session.

801.3(2) A licensee engaged in a telehealth visit shall utilize technology that is secure and HIPAA-compliant pursuant to the Health Insurance Portability and Accountability Act of 1996, PL 104–191, August 21, 1996, 110 Stat. 1936, and any amendments as of December 8, 2023, and that includes, at a minimum, audio or video equipment or both, that allows two-way real-time interactive communication between the licensee and the patient. A licensee may use non-real-time technologies to prepare for a physical therapy session or to communicate with a patient between physical therapy sessions.

801.3(3) A licensee engaged in a telehealth visit shall be held to the same standard of care as a licensee who provides in-person physical therapy. A licensee shall not utilize a telehealth visit if the standard of care for the particular physical therapy services cannot be met using technology.

801.3(4) Any physical therapist or physical therapist assistant who provides a physical therapy telehealth visit to a patient located in Iowa shall be licensed in Iowa or have a compact privilege issued by the physical therapy compact commission.

801.3(5) Prior to the first telehealth visit, a licensee shall obtain informed consent from the patient specific to the physical therapy services that will be provided in a telehealth visit. At a minimum, the informed consent shall specifically inform the patient of the following:

a. The risks and limitations of the use of technology to provide physical therapy services;

b. The potential for unauthorized access to protected health information; and

c. The potential for disruption of technology during a telehealth visit.

801.3(6) A licensee shall only provide physical therapy services using a telehealth visit in the areas of competence wherein proficiency in providing the particular service using technology has been gained through education, training, and experience.

801.3(7) A licensee shall identify in the clinical record when physical therapy services are provided utilizing a telehealth visit.

[**ARC 7979C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—801.4(147) Delegation by a supervising physical therapist. A supervising physical therapist may delegate the performance of physical therapy services to a physical therapist assistant only if done in accordance with the statutes and rules governing the practice of physical therapy. A physical therapist assistant may assist in the practice of physical therapy only to the extent allowed by the supervising physical therapist. The supervisory requirements stated in this rule are minimal. It is the professional responsibility and duty of the supervising physical therapist to provide the physical therapist assistant with more supervision if deemed necessary in the supervising physical therapist's professional judgment.

801.4(1) *Supervision requirements.* A supervising physical therapist who delegates the performance of physical therapy services to a physical therapist assistant shall provide supervision to the physical therapist assistant at all times when the physical therapist assistant is providing delegated physical therapy

services. Supervision means that the physical therapist shall be readily available on site or telephonically any time the physical therapist assistant is providing physical therapy services so that the physical therapist assistant may contact the physical therapist for advice, assistance, or instruction.

801.4(2) *Functions that cannot be delegated.* The following are functions that only a physical therapist may provide and that cannot be delegated to a physical therapist assistant:

a. Interpretation of referrals;

b. Initial physical therapy evaluation and reevaluations;

c. Identification, determination, or modification of patient problems, goals, and plans of care;

d. Final discharge evaluation and establishment of a discharge plan;

e. Delegation of and instruction in the physical therapy services to be rendered by a physical therapist assistant or unlicensed assistive personnel, including but not limited to specific tasks or procedures, precautions, special problems, and contraindicated procedures; and

f. Timely review of documentation, reexamination of the patient, and revision of the plan of care when indicated.

801.4(3) *Physical therapist responsibilities.* At all times, the supervising physical therapist shall be responsible for the physical therapy plan of care and for all physical therapy services provided, including all physical therapy services delegated to a physical therapist assistant. In addition, the supervising physical therapist shall:

a. Be responsible for the evaluation and development of a plan of care for use by the physical therapist assistant; and

b. Not delegate a physical therapy service that exceeds the competency or skill set of the physical therapist assistant; and

c. Ensure that a physical therapist assistant holds an active physical therapist assistant license issued by the board or a compact privilege; and

d. Ensure that a physical therapist assistant is aware of how the supervising physical therapist can be contacted telephonically or by virtual means when the physical therapist is not providing on-site supervision; and

e. Arrange for an alternate physical therapist to provide supervision when the physical therapist has scheduled or unscheduled absences during time periods in which a physical therapist assistant will be providing delegated physical therapy services; and

f. Ensure that a physical therapist assistant is informed when a patient's plan of care is transferred to a different supervising physical therapist; and

g. Directly participate in physical therapy services upon the physical therapist assistant's request for a reexamination, when a change in the plan of care is needed, prior to any planned discharge, and in response to a change in the patient's medical status; and

h. Hold regularly scheduled meetings with the physical therapist assistant to evaluate the physical therapist assistant's performance, assess the progress of a patient, and make changes to the plan of care as needed. The frequency of meetings should be determined by the supervising physical therapist based on the needs of the patient, the supervisory needs of the physical therapist assistant, and any planned discharge. The supervising physical therapist shall provide direction and instruction to the physical therapist assistant that are adequate to ensure the safety and welfare of the patient.

801.4(4) *Physical therapist assistant responsibilities.* A physical therapist assistant shall only provide physical therapy services under the supervision of a physical therapist. In addition, the physical therapist assistant shall:

a. Only provide physical therapy services that have been delegated by the supervising physical therapist; and

b. Only provide physical therapy services that are within the competency and skill set of the physical therapist assistant; and

c. Consult the supervising physical therapist if the physical therapist assistant believes that any procedure is not in the best interest of the patient; and

d. Contact the supervising physical therapist regarding any change or lack of change in a patient's condition that may require assessment by the supervising physical therapist; and

e. Refer inquiries that require interpretation to the supervising physical therapist; and

f. Ensure that the identification of the supervising physical therapist is included in the documentation for any visit when physical therapy services were provided by the physical therapist assistant; and

g. Only sign a treatment record if the provision of physical therapy services was done in accordance with the statutes and rules governing the practice of a physical therapist assistant.

801.4(5) *Ratio.* A physical therapist shall determine the number of physical therapist assistants who can be supervised safely and competently and shall not exceed that number; but in no case shall a physical therapist supervise more than four physical therapist assistants per calendar day. A physical therapist assistant who performs any delegated physical therapy services on behalf of the supervising physical therapist on a particular day shall be counted in determining the maximum ratio, regardless of the location of the physical therapist assistant or the number of patients treated.

801.4(6) *Minimum frequency of direct participation by a supervising physical therapist.* A supervising physical therapist shall use professional judgment to determine how frequently the physical therapist needs to directly participate in physical therapy services when delegating to a physical therapist assistant, the frequency of which shall be based on the needs of the patient. Direct participation can occur through an in-person or telehealth visit. The supervising physical therapist shall ensure that the patient record clearly indicates which visits included direct participation by the supervising physical therapist. The following are the minimum standards, which are expected to be exceeded when dictated by the supervising physical therapist's professional judgment, for the required frequency of direct participation by the supervising physical therapist when physical therapy services involve delegation to a physical therapist assistant:

a. Hospital inpatient and skilled nursing. For hospital inpatients and skilled nursing patients, a supervising physical therapist must directly participate in physical therapy services a minimum of once per calendar week. A calendar week is defined as Sunday through Saturday.

b. All other settings. In all other settings, a supervising physical therapist must directly participate in the provision of physical therapy services at least every eighth visit or every 30 calendar days, whichever comes first.

801.4(7) *Unlicensed assistive personnel.* A physical therapist is responsible for patient care provided by unlicensed assistive personnel under the physical therapist's supervision. A physical therapist is responsible for ensuring the qualifications of any unlicensed assistive personnel and shall maintain written documentation of their education or training. Unlicensed assistive personnel may assist a physical therapist assistant in the delivery of physical therapy services only if the physical therapist assistant maintains in-sight supervision of the unlicensed assistive personnel and the physical therapist assistant is primarily and significantly involved in the patient's care. Unlicensed assistive personnel shall not provide independent patient care unless each of the following standards is satisfied:

a. The physical therapist has direct participation in the patient's treatment or evaluation, or both, each treatment day;

b. Unlicensed assistive personnel may provide independent patient care only while under the on-site supervision of the physical therapist;

c. Documentation made in a physical therapy record by unlicensed assistive personnel shall be cosigned by the physical therapist; and

d. The physical therapist provides periodic reevaluation of any unlicensed assistive personnel's performance in relation to the patient.

[**ARC 7979C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 147, 148A and 272C.

[Filed ARC 7979C (Notice ARC 7546C, IAB 1/24/24), IAB 5/15/24, effective 7/1/24]
[Editorial change: IAC Supplement 9/18/24]

CHAPTER 802
DISCIPLINE FOR PHYSICAL THERAPISTS AND PHYSICAL THERAPIST ASSISTANTS

[Prior to 3/6/02, see 645—200.10(272C) and 645—202.8(272C)]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 202]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/29

481—802.1(148A) Definitions.

"Board" means the board of physical and occupational therapy.

"Discipline" means any sanction the board may impose upon licensees.

"Licensee" means a person licensed to practice in Iowa pursuant to Iowa Code chapter 148A and 481—Chapters 800 through 808.

[**ARC 7980C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—802.2(272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in 481—Chapter 504 when the board determines that any of the acts or offenses listed in such rule or in Iowa Code section 147.55 have occurred:

802.2(1) Professional incompetency. Professional incompetency includes but is not limited to:

a. A substantial lack of knowledge or ability to discharge professional obligations within the scope of practice.

b. A substantial deviation from the standards of learning or skill ordinarily possessed and applied by other physical therapists or physical therapist assistants in the state of Iowa acting in the same or similar circumstances.

c. A failure to exercise the degree of care that is ordinarily exercised by the average physical therapist or physical therapist assistant acting in the same or similar circumstances.

d. Failure to conform to the minimal standard of acceptable and prevailing practice of the licensed physical therapist or licensed physical therapist assistant in this state.

e. Mental or physical inability reasonably related to and adversely affecting the licensee's ability to practice in a safe and competent manner.

f. Being adjudged mentally incompetent by a court of competent jurisdiction.

802.2(2) Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of physical therapy or engaging in unethical conduct or practice harmful or detrimental to the public. Proof of actual injury need not be established.

802.2(3) Violation of a regulation, rule or law of this state, another state, or the United States that relates to the practice of physical therapy, including but not limited to the code of ethics found in rule 481—801.1(148A,272C).

802.2(4) Failure of a licensee or an applicant for licensure in this state to report any voluntary agreements restricting the individual's practice of physical therapy in another state, district, territory or country.

802.2(5) Knowingly aiding, assisting or advising a person to unlawfully practice physical therapy.

802.2(6) Representing oneself as a licensed physical therapist or physical therapist assistant when one's license has been suspended or revoked, or when the license is on inactive status.

[**ARC 7980C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 147, 148A and 272C.

CHAPTER 803
CONTINUING EDUCATION FOR PHYSICAL THERAPISTS AND PHYSICAL THERAPIST ASSISTANTS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 203]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/29

481—803.1(272C) Definitions. For the purpose of these rules, the following definitions shall apply:

"Active license" means a license that is current and has not expired.

"Audit" means the selection of licensees for verification of continuing education requirements.

"Board" means the board of physical and occupational therapy.

"Continuing education" means the same as defined in Iowa Code section 272C.1.

"Hour of continuing education" means at least 50 minutes spent by a licensee completing an approved continuing education activity through live, virtual, online or prerecorded means where the instructor provides proof of completion by the licensee as set forth in these rules.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period. The category of "inactive license" may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

"Independent study" means a subject/program/activity that a person pursues autonomously and that meets standards for approval criteria in the rules and includes a posttest.

"License" means license to practice.

"Licensee" means any person licensed to practice as a physical therapist or physical therapist assistant in the state of Iowa.

[**ARC 7981C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—803.2(148A) Continuing education requirements.

803.2(1) The biennial continuing education compliance period shall extend for a two-year period that begins on the sixteenth day of the birth month and ends two years later on the fifteenth day of the birth month.

a. Requirements for physical therapist licensees. Each biennium, each person who is licensed to practice as a physical therapist in this state will be required to complete a minimum of 40 hours of continuing education approved by the board.

b. Requirements for physical therapist assistant licensees. Each biennium, each person who is licensed to practice as a physical therapist assistant in this state will be required to complete a minimum of 20 hours of continuing education approved by the board.

803.2(2) Requirements of new licensees. Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired any time from the initial licensing until the second license renewal may be used. The new licensee will be required to complete a minimum of 40 hours of continuing education per biennium for physical therapists and a minimum of 20 hours for physical therapist assistants each subsequent license renewal.

803.2(3) Licensees who complete continuing education hours in excess of the requirements for renewal may apply up to 50 percent of the required hours to the following renewal period. Physical therapist licensees may apply a maximum of 20 hours from the previous renewal period. Physical therapist assistant licensees may apply a maximum of ten hours from the previous renewal period. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

[**ARC 7981C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24; **ARC 9398C**, IAB 7/9/25, effective 8/13/25]

481—803.3(148A,272C) Standards.

803.3(1) *General criteria.* Appropriate continuing education activity for purposes of license renewal will support each of the following:

a. Constitutes an organized program of learning that contributes directly to the professional competency of the licensee;

b. Pertains to subject matters that integrally relate to the practice of the profession;

c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;

d. Fulfills stated program goals, objectives, or both; and

e. Provides proof of attendance to licensees including:

(1) Date, location, course title, presenter(s);

(2) Number of program contact hours; and

(3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

803.3(2) *Specific criteria.*

a. Licensees may obtain continuing education hours of credit by:

(1) Attending workshops, conferences, or symposiums.

(2) Accessing online training, such as viewing interactive conferences, attending webinars, or completing online training courses.

(3) Completing an American Physical Therapy Association-approved postprofessional clinical residency or fellowship. A licensee will receive 1 hour of credit for every 2 hours spent in clinical residency, up to a maximum of 20 hours. Clinical residency hours may not be used for credit if the licensee is also seeking credit hours earned for postprofessional academic coursework in the same renewal period.

(4) Directly supervising students for clinical education if the students being supervised are from an accredited physical therapist or physical therapist assistant program and are participating in a full-time clinical experience (defined as approximately 40 hours per week, ranging from 1 to 18 weeks). One hour will be awarded for every 160 contact hours of supervision. A maximum of 8 hours for a physical therapist and 4 hours for a physical therapist assistant may be awarded per biennium. The physical therapist or physical therapist assistant must have documentation from the accredited educational program indicating the number of hours spent supervising a student.

(5) Presenting professional programs that meet the criteria listed in this rule. Two hours of credit will be awarded for each hour of presentation for the first offering of the course. A course schedule or brochure must be maintained for audit.

(6) Completing academic courses that directly relate to the professional competency of the licensee. Official transcripts indicating successful completion of academic courses that apply to the field of physical therapy will be necessary in order for the licensee to receive the following continuing education credits:

1 academic semester hour = 15 continuing education hours of credit

1 academic trimester hour = 12 continuing education hours of credit

1 academic quarter hour = 10 continuing education hours of credit

(7) Teaching in an approved college, university, or graduate school. The licensee may receive the following continuing education credits on a one-time basis for the first offering of a course:

1 academic semester hour = 15 continuing education hours of credit

1 academic trimester hour = 12 continuing education hours of credit

1 academic quarter hour = 10 continuing education hours of credit

(8) Authoring research or other activities, the results of which are published in a recognized professional publication. The licensee shall receive five hours of credit per page.

(9) Participating in professional organizations related to the practice of physical therapy, with one credit hour received for each six months of active service as an officer, delegate, or committee member, for a maximum of four hours of credit per biennium. Verification of participation must be provided by the professional organization to document the continuing education credit.

b. Continuing education hours of credit in the following topics are not considered to be directly and primarily related to the clinical application of physical therapy and therefore must not exceed a maximum combined total of ten hours of credit for a physical therapist licensee and five hours of credit for a physical therapist assistant licensee:

(1) Business-related topics, such as marketing, time management, government regulations, and other like topics.

(2) Personal skills topics, such as career burnout, communication skills, human relations, and other like topics.

(3) General health topics, such as clinical research, CPR, mandatory reporter training, and other like topics.

[**ARC 7981C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 272C.2 and chapter 148A.

CHAPTER 804
LICENSURE OF OCCUPATIONAL THERAPISTS AND OCCUPATIONAL THERAPY ASSISTANTS

[Prior to 3/6/02, see 645—201.3(147,148B,272C) to 645—201.7(147) and 645—201.9(272C)]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 206]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/29

481—804.1(147) Definitions. For purposes of these rules, the following definitions shall apply:

"Active license" means a license that is current and has not expired.

"Board" means the board of physical and occupational therapy.

"DCI" means the Iowa division of criminal investigation.

"Department" means the department of inspections, appeals, and licensing.

"Endorsement" means the issuance of an Iowa license to practice occupational therapy to an applicant who is currently licensed in another state who has the same or similar qualifications to those required in Iowa.

"FBI" means the Federal Bureau of Investigation.

"Grace period" means the 30-day period following expiration of a license when the license is still considered to be active. In order to renew a license during the grace period, a licensee is required to pay a late fee.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period. The category of "inactive license" may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

"Licensee" means any person licensed to practice as an occupational therapist or occupational therapy assistant in the state of Iowa.

"License expiration date" means the fifteenth day of the birth month every two years after initial licensure.

"Licensure by endorsement" means the issuance of an Iowa license to practice occupational therapy to an applicant who is or has been licensed in another state.

"Licensure examination" means the examination administered by the National Board for Certification in Occupational Therapy.

"Mandatory training" means training on identifying and reporting child abuse or dependent adult abuse as required in Iowa Code sections 232.69 and 235B.16.

"NBCOT" means the National Board for Certification in Occupational Therapy.

"Occupational therapist" means a person licensed under this chapter to practice occupational therapy.

"Occupational therapy assistant" means a person licensed under this chapter to assist in the practice of occupational therapy.

"Occupational therapy practice" means the therapeutic use of occupations, including everyday life activities with individuals, groups, populations, or organizations, to support participation, performance, and function in roles and situations in home, school, workplace, community, and other settings. Occupational therapy services are provided for habilitation, rehabilitation, and the promotion of health and wellness to those who have or are at risk for developing an illness, injury, disease, disorder, condition, impairment, disability, activity limitation, or participation restriction. Occupational therapy addresses the physical, cognitive, psychosocial, sensory-perceptual, and other aspects of performance in a variety of contexts and environments to support engagement in occupations that affect physical and mental health, well-being, and quality of life. The practice of occupational therapy includes:

1. Evaluation of factors affecting activities of daily living (ADL), instrumental activities of daily living (IADL), rest and sleep, education, work, play, leisure, and social participation, including:

- Client factors, including body functions (such as neuromusculoskeletal, sensory-perceptual, visual, mental, cognitive, and pain factors) and body structures (such as cardiovascular, digestive, nervous, integumentary, genitourinary systems, and structures related to movement) and values, beliefs, and spirituality.

- Habits, routines, roles, rituals, and behavior patterns.
- Physical and social environments; cultural, personal, temporal and virtual contexts; and activity demands that affect performance.
- Performance skills, including motor and praxis, sensory-perceptual, emotional regulation, cognitive, communication and social skills.

2. Methods or approaches selected to direct the process of interventions, including:

- Establishment of a skill or ability that has not yet developed or remediation or restoration of a skill or ability that is impaired or is in decline.
- Compensation, modification, or adaptation of activity or environment to enhance performance or to prevent injuries, disorders, or other conditions.
- Retention and enhancement of skills or abilities without which performance in everyday life activities would decline.
- Promotion of health and wellness, including the use of self-management strategies, to enable or enhance performance in everyday life activities.
- Prevention of barriers to performance and participation, including injury and disability prevention.

3. Interventions and procedures to promote or enhance safety and performance in ADL, IADL, rest and sleep, education, work, play, leisure, and social participation, including:

- Therapeutic use of occupations, exercises, and activities.
- Training in self-care, self-management, health management and maintenance, home management, community/work reintegration, and school activities and work performance.
- Development, remediation, or compensation of neuromusculoskeletal, sensory-perceptual, visual, mental, and cognitive functions, pain tolerance and management, and behavioral skills.
- Therapeutic use of self, including one's personality, insights, perceptions, and judgments, as part of the therapeutic process.
- Education and training of individuals, including family members, caregivers, groups, populations, and others.
- Care coordination, case management, and transition services.
- Consultative services to groups, programs, organizations, or communities.
- Modification of environments (home, work, school, or community) and adaptation of processes, including the application of ergonomic principles.
- Assessment, design, fabrication, application, fitting, and training in seating and positioning, assistive technology, adaptive devices, and orthotic devices, and training in the use of prosthetic devices.
- Assessment, recommendation, and training in techniques to enhance functional mobility, including management of wheelchairs and other mobility devices.
- Low vision rehabilitation.
- Driver rehabilitation and community mobility.
- Management of feeding, eating, and swallowing to enable eating and feeding performance.
- Application of physical agent modalities and use of a range of specific therapeutic procedures (such as wound care management, interventions to enhance sensory-perceptual and cognitive processing, and manual therapy) to enhance performance skills.
- Facilitating the occupational performance of groups, populations, or organizations through the modification of environments and the adaptation of processes.

"Occupational therapy screening" means a brief process that is directed by an occupational therapist in order for the occupational therapist to render a decision as to whether the individual warrants further, in-depth evaluation and that includes:

1. Assessment of the medical and social history of an individual;
2. Observations related by that individual's caregivers; or
3. Observations or nonstandardized tests, or both, administered to an individual by the occupational therapist or an occupational therapy assistant under the direction of the occupational therapist.

Nothing in this definition shall be construed to prohibit licensed occupational therapists and occupational therapy assistants who work in preschools or school settings from providing short-term

interventions to children prior to an evaluation, not to exceed 16 sessions per concern per school year, in accordance with state and federal educational policy.

"On site" means:

1. To be continuously on site and present in the department or facility where the assistive personnel are performing services;

2. To be immediately available to assist the person being supervised in the services being performed; and

3. To provide continued direction of appropriate aspects of each treatment session in which a component of treatment is delegated to assistive personnel.

"OT" means occupational therapist.

"OTA" means occupational therapy assistant.

"Reactivate" or *"reactivation"* means the process as outlined in rule 481—804.8(17A,147,272C) by which an inactive license is restored to active status.

"Reciprocal license" means the issuance of an Iowa license to practice occupational therapy to an applicant who is currently licensed in another state that has a mutual agreement with the Iowa board of physical and occupational therapy to license persons who have the same or similar qualifications to those required in Iowa.

"Reinstatement" means the process as outlined in rule 481—506.31(272C). Once the license is reinstated, the licensee may apply for active status.

[**ARC 7982C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24; **ARC 0501D**, IAB 8/19/26, effective 7/1/27]

481—804.2(147) Initial licensure. The following criteria shall apply to licensure. The applicant shall:

804.2(1) Submit a complete online application and pay the nonrefundable fee specified in rule 481—507.11(147,148B).

804.2(2) Submit an official copy of academic transcripts directly from the school to the board. No application will be considered by the board until official copies of academic transcripts have been received.

804.2(3) Submit required waivers and fingerprints pursuant to the board-approved process to facilitate a national criminal history background check by the DCI and the FBI. The cost of the criminal history background check by the DCI and the FBI shall be assessed to the applicant.

804.2(4) Direct the examination service to submit examination scores directly to the board.

804.2(5) Provide verification of license(s) from every jurisdiction in which the applicant has been licensed, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification direct from the jurisdiction's board office if it provides:

a. Licensee's name;

b. Date of initial licensure;

c. Current licensure status; and

d. Any disciplinary action taken against the license.

[**ARC 7982C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24; **ARC 0501D**, IAB 8/19/26, effective 7/1/27]

481—804.3(147) Licensure by endorsement. An occupational therapist or occupational therapy assistant applicant who holds a license in another state shall complete requirements in rule 481—804.2(147) and have completed one of the following:

804.3(1) Completed board-approved continuing education during the immediately preceding two-year period: 30 hours for an occupational therapist and 15 hours for an occupational therapy assistant; or

804.3(2) Practiced for a minimum of 2,080 hours during the immediately preceding two-year period; or

804.3(3) Served the equivalent of one year as a full-time faculty member teaching in an accredited school of occupational therapy for at least one of the immediately preceding two years; or

804.3(4) Successfully passing the examination within a period of two years from the date of examination to the time application is completed for licensure.

[**ARC 7982C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—804.4(147E) Occupational therapy licensure compact. The rules of the occupational therapy compact commission are incorporated by reference. An occupational therapist or occupational therapist assistant may engage in the practice of occupational therapy in Iowa without a license issued by the board if the individual has a current compact privilege to practice in Iowa issued by the occupational therapy compact commission. The state fee for issuance of a compact privilege to practice in Iowa shall be $60, which will be collected by the occupational therapy compact commission. The state fee for issuance of a compact privilege to practice in Iowa shall be waived for an active duty military member or spouse of an individual who is an active duty military member. An occupational therapist or occupational therapist assistant who practices occupational therapy in Iowa using a compact privilege is subject to the rules governing licensees in this chapter and in 481—Chapters 806 and 807. Complaints, investigations, and disciplinary proceedings involving a compact privilege shall be handled in accordance with Iowa Code chapters 17A and 272C; Iowa Code section 147E.1; and 481—Chapters 503, 504, and 506.

This rule is intended to implement Iowa Code section 147E.1.

[**ARC 0501D**, IAB 8/19/26, effective 7/1/27]

481—804.5(147) Limited permit to practice pending licensure. A limited permit holder who is applying for licensure in Iowa by taking the licensure examination for the first time and has never been licensed as an occupational therapist or occupational therapy assistant in any state, the District of Columbia, or another country must have completed the educational and experience requirements for licensure as an occupational therapist or occupational therapy assistant. The limited permit holder shall:

1. Make arrangements to take the examination and have the official results of the examination sent directly from the examination service to the board;
2. Apply for licensure on forms provided by the board. The applicant must include on the application form the name of the Iowa-licensed occupational therapist(s) who will provide supervision of the limited permit holder until the limited permit holder is licensed;
3. Practice only under the supervision of an Iowa-licensed OT for a period not to exceed six months from the date the application was received in the board office;
4. Submit to the board the name of the OT providing supervision within seven days after a change in supervision occurs; and
5. If the applicant fails the national examination, cease practicing immediately.

[**ARC 7982C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24; **ARC 0501D**, IAB 8/19/26, effective 7/1/27]

481—804.6(147) Examination requirements. The following criteria shall apply to the written examination(s):

804.6(1) The applicant for licensure as an occupational therapist shall have received a passing score on the licensure examination for occupational therapists. It is the responsibility of the applicant to make arrangements to take the examination and have the official results submitted directly from the examination service to the board of physical and occupational therapy.

804.6(2) The applicant for licensure as an occupational therapy assistant shall have received a passing score on the licensure examination for occupational therapy assistants. It is the responsibility of the applicant to make arrangements to take the examination and have the official results submitted directly from the examination service to the board of physical and occupational therapy.

[**ARC 7982C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24; **ARC 0501D**, IAB 8/19/26, effective 7/1/27]

481—804.7(147) Educational qualifications.

804.7(1) The applicant must present proof of meeting the following requirements for licensure as an occupational therapist or occupational therapy assistant:

a. Occupational therapist. The applicant for licensure as an occupational therapist shall have completed the requirements for a degree in occupational therapy in an occupational therapy program accredited by the Accreditation Council for Occupational Therapy Education of the American Occupational Therapy Association. The transcript shall show completion of a supervised fieldwork experience.

b. Occupational therapy assistant. The applicant for licensure as an occupational therapy assistant shall be a graduate of an educational program approved by the Accreditation Council for Occupational

Therapy Education of the American Occupational Therapy Association. The transcript shall show completion of a supervised fieldwork experience.

804.7(2) Foreign-trained occupational therapists and occupational therapy assistants. To become eligible to take the licensure examination, internationally educated occupational therapists must meet NBCOT eligibility requirements and undergo prescreening based on the status of their occupational therapy educational programs.

[**ARC 7982C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24; **ARC 0501D**, IAB 8/19/26, effective 7/1/27]

481—804.8(147) License renewal.

804.8(1) The biennial license renewal period for a license to practice as an occupational therapist or occupational therapy assistant shall begin on the sixteenth day of the birth month and end on the fifteenth day of the birth month two years later. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license.

804.8(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal two years later.

804.8(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements of rule 481—805.2(272C) and the mandatory reporting requirements of rule 481—804.9(17A,147,272C). A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date.

804.8(4) Mandatory reporter training requirements.

a. A licensee who is required by Iowa Code section 232.69 to report child abuse shall indicate on the renewal application completion of training in child abuse identification and reporting as required by Iowa Code section 232.69(3)*"b"* in the previous three years or condition(s) for waiver of this requirement as identified in paragraph *"e."*

b. A licensee who is required by Iowa Code section 235B.3 or 235E.2 to report dependent adult abuse shall indicate on the renewal application completion of training in dependent adult abuse identification and reporting as required by Iowa Code section 235B.16(5)*"b"* in the previous three years or condition(s) for waiver of this requirement as identified in paragraph *"e."*

c. The course(s) shall be the curriculum provided by the Iowa department of health and human services.

d. The licensee shall maintain written documentation for three years after mandatory training as identified in paragraphs *"a"* to *"c,"* including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to an occupational or mental disability or illness as identified in 481—Chapter 500.

f. The board may select licensees for audit of compliance with the requirements in paragraphs *"a"* to *"e."*

804.8(5) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

804.8(6) Persons licensed to practice as occupational therapists or occupational therapy assistants shall keep their renewal licenses displayed in a conspicuous public place at the primary site of practice.

804.8(7) Late renewal. The license shall become a late license when the license has not been renewed by the expiration date on the renewal. The licensee shall be assessed a late fee as specified in 481—subrule 507.11(4). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

804.8(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as an occupational therapist or occupational therapy assistant in Iowa until the license is reactivated. A licensee who practices as an occupational therapist or occupational therapy assistant in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

804.8(9) Compact eligibility review. This rule applies to licensees who were licensed prior to adoption of this rule. In order to complete the compact eligibility review, at or prior to the next renewal, a licensee must submit required waivers and fingerprints pursuant to the board-approved process to facilitate a national criminal history background check. The cost for the evaluation of the fingerprint packet and the DCI and FBI criminal history background checks will be assessed to the applicant. The board may withhold issuing a license pending receipt of a report from the DCI and FBI.

[**ARC 7982C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24; **ARC 0501D**, IAB 8/19/26, effective 7/1/27]

481—804.9(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee shall:

804.9(1) Submit a reactivation application on a form provided by the board.

804.9(2) Pay the reactivation fee that is due as specified in 481—subrule 507.11(5).

804.9(3) Provide verification of current competence to practice occupational therapy by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification of the license from the jurisdiction in which the applicant has most recently been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 15 hours of continuing education for an occupational therapy assistant and 30 hours of continuing education for an occupational therapist within two years of application for reactivation; or verification of active practice, consisting of a minimum of 2,080 hours, in another state or jurisdiction during the two years preceding an application for reactivation.

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) Verification of the license from the jurisdiction in which the applicant has most recently been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 30 hours of continuing education for an occupational therapy assistant and 60 hours of continuing education for an occupational therapist within two years of application for reactivation; verification of active practice, consisting of a minimum of 2,080 hours, in another state or jurisdiction during the two years preceding an application for reactivation; or evidence of successful

completion of the professional examination required for initial licensure completed within one year prior to the submission of an application for reactivation.

804.9(4) If the license has been inactive for two or more years and the licensee cannot provide verification of active practice, consisting of a minimum of 2,080 hours, in another state or jurisdiction during the two years preceding an application for reactivation, submit required waivers and fingerprints pursuant to the board-approved process to facilitate a national criminal history background check. The cost for the evaluation of the fingerprint packet and the DCI and FBI criminal history background checks will be assessed to the applicant. The board may withhold issuing a license pending receipt of a report from the DCI and FBI.

[**ARC 7982C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24; **ARC 0501D**, IAB 8/19/26, effective 7/1/27]

481—804.10(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with rule 481—506.31(272C) and must apply for and be granted reactivation of the license in accordance with rule 481—804.9(17A,147,272C) prior to practicing occupational therapy in this state.

[**ARC 7982C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24; **ARC 0501D**, IAB 8/19/26, effective 7/1/27]

These rules are intended to implement Iowa Code chapters 17A, 147, 148B and 272C.

CHAPTER 805
CONTINUING EDUCATION FOR OCCUPATIONAL THERAPISTS AND OCCUPATIONAL THERAPY ASSISTANTS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 207]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/29

481—805.1(148B) Definitions. For the purpose of these rules, the following definitions shall apply:

"Active license" means a license that is current and has not expired.

"Audit" means the selection of licensees for verification of compliance with continuing education requirements.

"Board" means the board of physical and occupational therapy.

"Continuing education" means the same as defined in Iowa Code section 272C.1.

"Hour of continuing education" means at least 50 minutes spent by a licensee completing an approved continuing education activity through live, virtual, online or prerecorded means where the instructor provides proof of completion by the licensee as set forth in these rules.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period. The category of "inactive license" may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

"Independent study" means a subject/program/activity that a person pursues autonomously and that meets standards for approval criteria in the rules and includes a posttest.

"License" means license to practice.

"Licensee" means any person licensed to practice as an occupational therapist or occupational therapy assistant in the state of Iowa.

[**ARC 7983C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—805.2(272C) Continuing education requirements.

805.2(1) The biennial continuing education compliance period shall extend for a two-year period that begins on the sixteenth day of the licensee's birth month and ends two years later on the fifteenth day of the birth month.

a. Requirements for occupational therapist licensees. Each biennium, each person who is licensed to practice as an occupational therapist in this state will have the responsibility to finance the cost and be required to complete a minimum of 30 hours of continuing education approved by the board.

b. Requirements for occupational therapy assistant licensees. Each biennium, each person who is licensed to practice as an occupational therapy assistant in this state will be required to complete a minimum of 15 hours of continuing education approved by the board.

805.2(2) Requirements of new licensees. Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired any time from the initial licensing until the second license renewal may be used. The new licensee will be required to complete a minimum of 30 hours of continuing education per biennium for occupational therapists and 15 hours for occupational therapy assistants each subsequent license renewal.

805.2(3) Licensees who complete continuing education hours in excess of the requirements for renewal may apply up to 50 percent of the required hours to the following renewal period. Occupational therapist licensees may apply a maximum of 15 hours from the previous renewal period. Occupational therapy assistant licensees may apply a maximum of 7.5 hours from the previous renewal period. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

[**ARC 7983C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24; **ARC 9399C**, IAB 7/9/25, effective 8/13/25]

481—805.3(148B,272C) Standards.

805.3(1) *General criteria.* Appropriate continuing education activity for purposes of license renewal will support each of the following:

a. Constitutes an organized program of learning that contributes directly to the professional competency of the licensee;

b. Pertains to subject matters that integrally relate to the practice of the profession;

c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;

d. Fulfills stated program goals, objectives, or both; and

e. Provides proof of attendance to licensees in attendance including:

(1) Date, location, course title, presenter(s);

(2) Number of program contact hours; and

(3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

805.3(2) *Specific criteria.*

a. Licensees may obtain continuing education hours of credit by:

(1) Attending workshops, conferences, or symposiums.

(2) Accessing online training, such as viewing interactive conferences, attending webinars, or completing online training courses.

(3) Directly supervising students for clinical education if the student being supervised is from an accredited occupational therapy or occupational therapy assistant program and is participating in a full-time clinical experience (defined as approximately 40 hours per week, ranging from 1 to 18 weeks). One hour will be awarded for every 160 contact hours of supervision. A maximum of 8 hours for an occupational therapist and 4 hours for an occupational therapy assistant may be awarded per biennium. The occupational therapist or occupational therapy assistant must have documentation from the accredited educational program indicating the number of hours spent supervising a student.

(4) Presenting professional programs that meet the criteria listed in this rule. Two hours of credit will be awarded for each hour of presentation for the first offering of the course. A course schedule or brochure must be maintained for audit.

(5) Completing academic courses that directly relate to the professional competency of the licensee. Official transcripts indicating successful completion of academic courses that apply to the field of occupational therapy will be necessary in order for the licensee to receive the following continuing education credits:

1 academic semester hour = 15 continuing education hours of credit

1 academic trimester hour = 12 continuing education hours of credit

1 academic quarter hour = 10 continuing education hours of credit

(6) Teaching in an approved college, university, or graduate school. The licensee may receive the following continuing education credits on a one-time basis for the first offering of a course:

1 academic semester hour = 15 continuing education hours of credit

1 academic trimester hour = 12 continuing education hours of credit

1 academic quarter hour = 10 continuing education hours of credit

(7) Authoring research or other activities, the results of which are published in a recognized professional publication. The licensee shall receive five hours of credit per page.

(8) Participating in professional organizations related to the practice of occupational therapy, with one credit hour received for each six months of active service as an officer, delegate, or committee member, for a maximum of four hours of credit per biennium. Verification of participation must be provided by the professional organization to document the continuing education credit.

b. Continuing education hours of credit in the following topics are not considered to be directly and primarily related to the clinical application of occupational therapy and therefore must not exceed a maximum combined total of eight hours of credit for an occupational therapist licensee and four hours of credit for an occupational therapy assistant licensee:

(1) Business-related topics, such as marketing, time management, government regulations, and other like topics.

(2) Personal skills topics, such as career burnout, communication skills, human relations, and other like topics.

(3) General health topics, such as clinical research, CPR, mandatory reporter training, and other like topics.

[**ARC 7983C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 272C.2 and chapter 148B.

CHAPTER 806
PRACTICE OF OCCUPATIONAL THERAPISTS AND OCCUPATIONAL THERAPY ASSISTANTS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 208]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/29

481—806.1(148B,272C) Code of ethics for occupational therapists and occupational therapy assistants.

806.1(1) Occupational therapy. The practice of occupational therapy minimally consists of:

a. Interpreting referrals;

b. Evaluating patients;

c. Identifying and documenting patient problems and goals;

d. Establishing and documenting a plan of care;

e. Providing treatment;

f. Determining the appropriate portions of the treatment program to be delegated to assistive personnel;

g. Supervising individuals as described in rule 481—806.5(272C);

h. Providing timely patient reevaluation;

i. Maintaining timely and adequate patient records consistent with the standards found in rule 481—806.2(147).

806.1(2) An occupational therapist or occupational therapy assistant should:

a. Not practice outside the scope of the license;

b. Not perform a treatment procedure that is inadvisable or contraindicated;

c. Not continue treatment beyond the point of possible benefit to the patient or treat a patient more frequently than necessary to obtain maximum therapeutic effect;

d. Not directly or indirectly request, receive, or participate in the dividing, transferring, assigning, rebating, or refunding of an unearned fee;

e. Not profit by means of credit or other valuable consideration as an unearned commission, discount, or gratuity in connection with the furnishing of occupational therapy services;

f. Not obtain payment through fraudulent means. Obtaining payment through fraudulent means includes but is not limited to:

(1) Reporting incorrect treatment dates for the purpose of obtaining payment;

(2) Reporting charges for services not rendered;

(3) Incorrectly reporting services rendered for the purpose of obtaining payment that is greater than that to which the licensee is entitled; or

(4) Aiding a patient in fraudulently obtaining payment;

g. Not exercise undue influence on patients to purchase equipment, products, or supplies from a company in which the occupational therapist owns stock or has any other direct or indirect financial interest;

h. Not permit another person to use the therapist's license for any purpose;

i. Not verbally or physically abuse a patient or client;

j. Not engage in sexual misconduct. Sexual misconduct includes the following:

(1) Engaging in or soliciting a sexual relationship, whether consensual or nonconsensual, with a patient or client;

(2) Making sexual advances, requesting sexual favors, or engaging in other verbal conduct or physical contact of a sexual nature with a patient or client;

k. Follow the standards for supervision found in rule 481—806.4(272C);

l. Not perform a task or service for which the therapist lacks the skill, knowledge or competence. In such a case, the therapist should either refuse to perform the task or service and/or arrange for a professionally qualified licensed practitioner to perform the task or service;

m. Sign the occupational therapy treatment record to indicate that the occupational therapy services were provided in accordance with the rules and regulations for practicing as an occupational therapist or occupational therapy assistant.

[**ARC 7984C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—806.2(147) Recordkeeping.

806.2(1) A licensee should maintain sufficient, timely, and accurate documentation in patient records to reflect the services provided, facilitate the delivery of services, and ensure continuity of services in the future.

806.2(2) A licensee should store records in accordance with state and federal statutes and regulations governing record retention and with the guidelines of the licensee's employer or agency, if applicable. If no other legal provisions govern record retention, a licensee should store patient records for a minimum of five years after the date of the patient's discharge, or in the case of a minor, three years after the patient reaches the age of majority under state law or five years after the date of discharge, whichever is longer.

806.2(3) Electronic recordkeeping. The requirements of this rule apply to electronic records as well as to records kept by any other means. When electronic records are kept, the licensee shall ensure that a duplicate hard-copy record or a backup, unalterable electronic record is maintained.

806.2(4) Correction of records.

a. Hard-copy records. Notations should be legible, written in ink, and contain no erasures or whiteouts. If incorrect information is placed in the record, it must be crossed out with a single nondeleting line and be initialed by the licensee.

b. Electronic records. If a record is stored in an electronic format, the record may be amended with a signed addendum attached to the record.

806.2(5) Confidentiality and transfer of records. Occupational therapists and occupational therapy assistants shall preserve the confidentiality of patient records consistent with federal and state law.

806.2(6) Retirement or discontinuance of practice. If a licensee is the owner of a practice, the licensee shall notify in writing all active patients and shall make reasonable arrangements with those patients to transfer patient records, or copies of those records, to the succeeding licensee upon knowledge and agreement of the patient.

806.2(7) Nothing stated in these rules shall prohibit a licensee from conveying or transferring the licensee's patient records to another licensed individual who is assuming a practice, provided that written notice is furnished to all patients.

[**ARC 7984C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—806.3(147) Telehealth visits. A licensee may provide occupational therapy services to a patient utilizing a telehealth visit if the occupational therapy services are provided in accordance with all requirements of this chapter.

806.3(1) "Telehealth visit" means the provision of occupational therapy services by a licensee to a patient using technology where the licensee and the patient are not at the same physical location for the occupational therapy session.

806.3(2) A licensee engaged in a telehealth visit shall utilize technology that is secure and HIPAA-compliant, pursuant to the Health Insurance Portability and Accountability Act of 1996, PL 104–191, August 21, 1996, 110 Stat. 1936, and any amendments as of December 8, 2023, and that includes, at a minimum, audio or video equipment or both, that allows two-way real-time interactive communication between the licensee and the patient. A licensee may use non-real-time technologies to prepare for an occupational therapy session or to communicate with a patient between occupational therapy sessions.

806.3(3) A licensee engaged in a telehealth visit shall be held to the same standard of care as a licensee who provides in-person occupational therapy. A licensee shall not utilize a telehealth visit if the standard of care for the particular occupational therapy services cannot be met using technology.

806.3(4) Any occupational therapist or occupational therapy assistant who provides an occupational therapy telehealth visit to a patient located in Iowa shall be licensed in Iowa.

806.3(5) Prior to the first telehealth visit, a licensee shall obtain informed consent from the patient specific to the occupational therapy services that will be provided in a telehealth visit. At a minimum, the informed consent shall specifically inform the patient of the following:

a. The risks and limitations of the use of technology to provide occupational therapy services;

b. The potential for unauthorized access to protected health information; and

c. The potential for disruption of technology during a telehealth visit.

806.3(6) A licensee shall only provide occupational therapy services using a telehealth visit in the areas of competence wherein proficiency in providing the particular service using technology has been gained through education, training, and experience.

806.3(7) A licensee shall identify in the clinical record when occupational therapy services are provided utilizing a telehealth visit.

[**ARC 7984C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—806.4(147) Practice of occupational therapy limited permit holders.

806.4(1) Occupational therapist limited permit holders may:

a. Evaluate clients, plan treatment programs, and provide periodic reevaluations only under supervision of a licensed OT who shall bear full responsibility for care provided under the OT's supervision; and

b. Perform the duties of the occupational therapist under the supervision of an Iowa-licensed occupational therapist, except for providing supervision to an occupational therapy assistant.

806.4(2) Occupational therapy assistants and limited permit holders shall:

a. Follow the treatment plan written by the supervising OT outlining the elements that have been delegated; and

b. Perform occupational therapy procedures delegated by the supervising OT as required in rule 481—806.5(148B).

[**ARC 7984C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—806.5(148B) Supervision requirements.

806.5(1) Care rendered by unlicensed assistive personnel shall not be documented or charged as occupational therapy unless direct on-site supervision is provided by an OT or in-sight supervision is provided by an OTA.

806.5(2) Occupational therapist supervisor responsibilities. The supervisor shall:

a. Provide supervision to a licensed OTA, OT limited permit holder and OTA limited permit holder any time occupational therapy services are rendered. Supervision may be provided on site or through the use of telecommunication or other technology.

b. Ensure that every licensed OTA, OT limited permit holder and OTA limited permit holder being supervised is aware of who the supervisor is and how the supervisor can be contacted any time occupational therapy services are rendered.

c. Assume responsibility for all delegated tasks and shall not delegate a service that exceeds the expertise of the OTA or OTA limited permit holder.

d. Provide evaluation and development of a treatment plan for use by the OTA.

e. Ensure that the OTA, OT limited permit holder and OTA limited permit holder under the OT's supervision have current licenses to practice.

f. Ensure that the signature of an OTA on an occupational therapy treatment record indicates that the occupational therapy services were provided in accordance with the rules and regulations for practicing as an OTA.

806.5(3) The following are functions that only an occupational therapist may provide and that shall not be delegated to an OTA:

a. Interpretation of referrals;

b. Initial occupational therapy evaluation and reevaluations;

c. Identification, determination or modification of patient problems, goals, and care plans;

d. Final discharge evaluation and establishment of the discharge plan;

e. Assurance of the qualifications of all assistive personnel to perform assigned tasks through written documentation of their education or training that is maintained and available at all times;

f. Delegation of and instruction in the services to be rendered by the OTA, including but not limited to specific tasks or procedures, precautions, special problems, and contraindicated procedures; and

g. Timely review of documentation, reexamination of the patient and revision of the plan when indicated.

806.5(4) Supervision of unlicensed assistive personnel. OTs are responsible for patient care provided by unlicensed assistive personnel under the OT's supervision. Unlicensed assistive personnel shall not provide independent patient care unless each of the following standards is satisfied:

a. The supervising OT shall physically participate in the patient's treatment or evaluation, or both, each treatment day;

b. The unlicensed assistive personnel shall provide independent patient care only while under the on-site supervision of the supervising OT;

c. Documentation made in occupational therapy records by unlicensed assistive personnel shall be cosigned by the supervising OT; and

d. The supervising OT shall provide periodic reevaluation of the performance of unlicensed assistive personnel in relation to the patient.

806.5(5) Minimum frequency of OT interaction. At a minimum, an OT must directly participate in treatment, either in person or through a telehealth visit, every twelfth visit for all patients and must document each visit. The occupational therapist shall participate at a higher frequency when the standard of care dictates.

806.5(6) Occupational therapy assistant responsibilities.

a. The occupational therapy assistant shall:

(1) Provide only those services for which the OTA has the necessary skills and shall consult the supervising occupational therapist if the procedures are believed not to be in the best interest of the patient;

(2) Gather data relating to the patient's disability during screening, but shall not interpret the patient information as it pertains to the plan of care;

(3) Communicate any change, or lack of change, that occurs in the patient's condition and that may need the assessment of the OT;

(4) Provide occupational therapy services only under the supervision of the occupational therapist;

(5) Provide treatment only after evaluation and development of a treatment plan by the occupational therapist;

(6) Refer inquiries that require interpretation of patient information to the occupational therapist;

(7) Be supervised by an occupational therapist, either on site or through the use of telecommunication or other technology, at all times when occupational therapy services are being rendered;

(8) Receive supervision from any number of at least one occupational therapist; and

(9) Record on every patient chart the name of the OTA's supervisor for each treatment session.

b. The signature of an OTA on the occupational therapy treatment record indicates that occupational therapy services were provided in accordance with the rules and regulations for practicing as an OTA.

806.5(7) Unlicensed assistive personnel. Unlicensed assistive personnel may assist an OTA in providing patient care in the absence of an OT only if the OTA maintains in-sight supervision of the unlicensed assistive personnel and the OTA is primarily and significantly involved in that patient's care.

806.5(8) The occupational therapy limited permit holder may evaluate clients, plan treatment programs, and provide periodic reevaluations under supervision of a licensed occupational therapist who shall bear full responsibility for care provided under the occupational therapist's supervision.

CHAPTER 807
DISCIPLINE FOR OCCUPATIONAL THERAPISTS AND OCCUPATIONAL THERAPY ASSISTANTS

[Prior to 3/6/02, see 645—201.10(272C)]
[Prior to 12/24/03, see 645—Ch 208]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 209]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/29

481—807.1(148B) Definitions.

"Board" means the board of physical and occupational therapy.

"Discipline" means any sanction the board may impose upon licensees.

"Licensee" means a person licensed to practice in Iowa pursuant to Iowa Code chapter 148A and 481—Chapters 804 through 808.

[**ARC 7985C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—807.2(272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in 481—Chapter 504 when the board determines that any of the acts or offenses listed in that chapter or in Iowa Code section 147.55 have occurred:

807.2(1) Professional incompetency. Professional incompetency includes but is not limited to:

a. A substantial lack of knowledge or ability to discharge professional obligations within the scope of practice.

b. A substantial deviation from the standards of learning or skill ordinarily possessed and applied by other occupational therapists or occupational therapy assistants in the state of Iowa acting in the same or similar circumstances.

c. A failure to exercise the degree of care that is ordinarily exercised by the average occupational therapist or occupational therapy assistant acting in the same or similar circumstances.

d. Failure to conform to the minimal standard of acceptable and prevailing practice of the licensed occupational therapist or licensed occupational therapy assistant in this state.

e. Mental or physical inability reasonably related to and adversely affecting the licensee's ability to practice in a safe and competent manner.

f. Being adjudged mentally incompetent by a court of competent jurisdiction.

807.2(2) Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of occupational therapy or engaging in unethical conduct or practice harmful or detrimental to the public. Proof of actual injury need not be established.

807.2(3) Violation of a regulation, rule or law of this state, another state, or the United States that relates to the practice of occupational therapy, including but not limited to the code of ethics found in rule 481—806.1(148B,272C).

807.2(4) Failure of a licensee or an applicant for licensure in this state to report any voluntary agreements restricting the individual's practice of occupational therapy in another state, district, territory or country.

807.2(5) Knowingly aiding, assisting or advising a person to unlawfully practice occupational therapy.

807.2(6) Failure to report a change of name or address within 30 days after it occurs.

807.2(7) Representing oneself as a licensed occupational therapist or occupational therapy assistant when one's license has been suspended or revoked, or when the license is on inactive status.

807.2(8) Repeated failure to comply with standard precautions for preventing transmission of infectious diseases as issued by the Centers for Disease Control and Prevention of the United States Department of Health and Human Services.

[**ARC 7985C**, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 147, 148B and 272C.

BOARD OF MASSAGE THERAPY

CHAPTER 821
LICENSURE OF MASSAGE THERAPISTS

[Prior to 6/26/02, see 645—130.4(152C) and 645—130.6(152C)]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 131]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/17/29

481—821.1(152C) Definitions.

"Anniversary month" means the month the license was issued by the board.

"Board" means the Iowa board of massage therapy.

"Board-approved school" means a school for massage therapy education that provides at least 600 hours of supervised academic instruction; has been recognized as legitimate by the board in the state where the school is located or in the state where the school was located if the school has since closed; has been recognized by a similar board in another jurisdiction that licenses massage therapists if massage therapy is not a licensed profession in the state where the school is located; and has not been denied, suspended, or revoked by the National Certification Board for Therapeutic Massage and Bodywork (NCBTMB).

"Grace period" means the 30-day period following expiration of a license when the license is still considered to be active.

"Issuing jurisdiction" means the duly constituted authority in another state that has issued a massage therapy license to a person.

"Licensee" means any person licensed to practice as a massage therapist in the state of Iowa.

"License expiration date" means the fifteenth day of the anniversary month every two years.

"Massage therapy" means performance for compensation of massage, myotherapy, massotherapy, bodywork, bodywork therapy, or therapeutic massage including hydrotherapy, superficial hot and cold applications, vibration and topical applications, or other therapy that involves manipulation of the muscle and connective tissue of the body, excluding osseous tissue, to treat the muscle tonus system for the purpose of enhancing health, providing muscle relaxation, increasing range of motion, reducing stress, relieving pain, or improving circulation.

[**ARC 8051C**, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—821.2(272C) Licensure by examination. A person who has completed the curriculum at a board-approved school may seek licensure in accordance with this rule.

821.2(1) Submit the following:

a. A completed online application for licensure and pay the nonrefundable licensure fee specified in rule 481—507.8(147). Official copies of academic transcripts sent directly to the board by the board-approved school. If a school has closed and is no longer operational, the board will accept an official transcript provided by the applicant.

b. Proof of passing any National Certification Board for Therapeutic Massage and Bodywork (NCBTMB) examination or the Massage and Bodywork Licensing Examination (MBLEx) sent directly from the testing authority to the board. The passing score on the written examination is the passing point criterion established by the testing authority at the time the test was administered.

c. If the applicant has been issued one or more licenses to practice massage therapy by other issuing jurisdictions, verification of license from the jurisdiction in which the applicant has most recently been licensed, sent directly from the issuing jurisdiction to the board. Web-based verification may be substituted for verification from the jurisdiction's board office if the verification provides:

(1) The licensee's name;
(2) The date of initial licensure;
(3) The applicant's current licensure status; and
(4) Any disciplinary action taken against the license.

821.2(2) An applicant who has relocated to Iowa from a state that did not require licensure to practice massage therapy may submit proof of work experience in lieu of educational and training requirements, if eligible, in accordance with rule 481—501.2(272C).

[**ARC 8051C**, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—821.3(152C) Educational qualifications for foreign-trained massage therapists. Prospective applicants who completed their education outside of the United States may receive credit for their education, provided they comply with the following:

821.3(1) Provide an equivalency evaluation of their educational credentials by one of the following entities demonstrating the curriculum is equivalent to that stated in these rules. The applicant bears the expense of the curriculum evaluation.

a. International Education Research Foundation, Inc., Credentials Evaluation Service, P.O. Box 3665, Culver City, CA 90231-3665; telephone 310.258.9451; website www.ierf.org.

b. International Credentialing Associates, Inc., 7245 Bryan Dairy Road, Bryan Dairy Business Park II, Largo, FL 33777; telephone 727.549.8555.

c. Josef Silny & Associates, Inc., 7101 SW 102nd Avenue, Miami, FL 33173; telephone 305.273.1616; website jsilny.org.

821.3(2) Provide a notarized copy of the certificate or diploma awarded to the applicant from a massage therapy program in the country in which the applicant was educated.

821.3(3) Receive a final determination from the board that the applicant's education is acceptable.

[**ARC 8051C**, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—821.4(152C) Licensure by endorsement.

821.4(1) A person who has been issued a license to practice massage therapy by another issuing jurisdiction may seek licensure in accordance with this rule.

821.4(2) Submit the following:

a. A completed online application for licensure and pay nonrefundable licensure fee specified in rule 481—507.8(147).

b. Official copies of academic transcripts sent directly to the board by the board-approved school. If a school has closed and is no longer operational, the board will accept an official transcript provided by the applicant.

c. Proof of passing any National Certification Board for Therapeutic Massage and Bodywork (NCBTMB) examination or the Massage and Bodywork Licensing Examination (MBLEx) sent directly from the testing authority to the board. The passing score on the written examination is the passing point criterion established by the testing authority at the time the test was administered.

d. Proof that the licensure requirements in the issuing jurisdiction are equal to or exceed the requirements provided in rule 481—821.2(152C).

e. Verification of license from the jurisdiction in which the applicant has most recently been licensed, sent directly from the issuing jurisdiction to the board. Web-based verification may be substituted for verification from the issuing jurisdiction's board office if the verification provides:

(1) The licensee's name;
(2) The date of initial licensure;
(3) The applicant's current licensure status; and
(4) Any disciplinary action taken against the license.

[**ARC 8051C**, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—821.5(152C) Licensure by verification. A person who is licensed in another jurisdiction but who is unable to satisfy the requirements for licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

[**ARC 8051C**, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—821.6(152C) Temporary license. A person who is licensed to practice massage therapy in another jurisdiction but who is unable to satisfy the requirements for licensure by endorsement, and who does not seek licensure by verification, may be issued a temporary license in accordance with this rule.

821.6(1) An applicant for temporary license shall submit the following:

a. A completed online application for licensure and pay nonrefundable licensure fee specified in rule 481—507.8(147).

b. Verification of license from the jurisdiction in which the applicant has most recently been licensed, sent directly from the issuing jurisdiction to the board. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification provides:

(1) Licensee's name;

(2) Date of initial licensure;

(3) Current licensure status; and

(4) Any disciplinary action taken against the license.

c. A plan for meeting all remaining requirements for licensure within one year of issuance of the temporary permit. Such a plan will include proof of enrollment in a school of massage therapy whose curriculum has been approved by the board, the date of enrollment, and the expected date of graduation.

821.6(2) A temporary license is valid for a period of up to one year and will not be renewed.

821.6(3) A temporary license holder shall be issued a permanent license upon the board's receipt of the following:

a. Official copies of academic transcripts sent directly to the board by the board-approved school demonstrating completion of all remaining hours of education for licensure.

b. Proof of passing any National Certification Board for Therapeutic Massage and Bodywork (NCBTMB) examination or the Massage and Bodywork Licensing Examination (MBLEx) sent directly from the testing authority to the board. The passing score on the written examination is the passing point criterion established by the testing authority at the time the test was administered.

[**ARC 8051C**, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—821.7(152C) License display. The license certificate and proof of active licensure will be displayed in a conspicuous public place at the licensee's primary site of practice.

[**ARC 8051C**, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—821.8(152C) License renewal.

821.8(1) The biennial license renewal period begins on the sixteenth day of the anniversary month and ends on the fifteenth day of the anniversary month two years later. The licensee is responsible for renewing the license prior to its expiration.

821.8(2) Continuing education does not need to be completed during the first biennial license renewal period and is not a prerequisite for the first renewal of a license.

821.8(3) A licensee seeking renewal shall comply with the following before the license expiration date:

a. Submit a completed renewal application and renewal fee specified in rule 481—507.8(147), before the license expiration date; and

b. Meet the continuing education requirements of rule 481—823.2(152C) and the mandatory reporting requirements of subrule 821.8(4). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation.

821.8(4) Mandatory reporter training.

a. A licensee who, in the scope of professional practice or in the licensee's employment responsibilities examines, attends, counsels, or treats children and dependent adults in Iowa shall complete the applicable department of health and human services' training related to the identification and reporting of child and dependent adult abuse as required by Iowa Code section 232.69(3)*"b."* The licensee will indicate on the renewal application completion of such training.

b. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States; or

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill the requirements due to a physical or mental disability or illness as provided in rule 481—500.14(272C).

c. The board may select licensees for audit of compliance with the requirements of this subrule.

821.8(5) Issuing renewals. Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license renewal. In the event the board receives adverse information on the renewal application, the board will issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

821.8(6) Late renewal. A license not renewed by the expiration date will be assessed a late fee as specified in 481—subrule 507.8(4). Completion of renewal requirements and submission of the late fee within the grace period are needed to renew the license.

821.8(7) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a massage therapist in Iowa until the license is reactivated. A licensee who practices as a massage therapist in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

[**ARC 8051C**, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—821.9(17A,147,272C) License reactivation.

821.9(1) A person whose license is inactive may apply to reactivate the license in accordance with this rule.

821.9(2) The licensee shall submit all of the following:

a. A completed online application for licensure and pay the nonrefundable licensure fee specified in rule 481—507.8(147). If the license has been inactive for five years or less, submission of:

(1) Proof of completion of 16 hours of continuing education within two years of application; and

(2) Verification of the license from the jurisdiction in which the applicant has most recently been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license.

b. If the license has been on inactive status for more than five years, submission of:

(1) Proof of completion of 16 hours of continuing education within two years of application;

(2) Proof of two years of active, licensed practice in another issuing jurisdiction immediately prior to submitting the application, or proof of passing one of the following examinations within two years of submitting the application:

1. The National Certification Examination for Therapeutic Massage (NCETM);
2. The National Certification Examination for Therapeutic Massage and Bodywork (NCETMB);
3. The National Examination for States Licensing (NESL) option; or
4. The Massage and Bodywork Licensing Examination (MBLEx); and

(3) Verification of the license from the jurisdiction in which the applicant has most recently been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license.

[**ARC 8051C**, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—821.10(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance

with rule 481—506.31(272C) and, if applicable, must apply for and be granted reactivation of the license in accordance with rule 481—821.9(17A,147,272C) prior to practicing as a massage therapist in this state.
[**ARC 8051C**, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 17A, 147, 152C, and 272C.

CHAPTER 822
MASSAGE THERAPY EDUCATION CURRICULUM

[Prior to 6/26/02, see 645—130.5(152C)]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 132]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/17/29

481—822.1(152C) Definitions.

"Approved curriculum" means that the massage therapy education course of study meets the criteria specified in this chapter and has been approved by the board of massage therapy.

"Board" means the board of massage therapy.

"Clinical practicum" means hands-on massage therapy provided to members of the public by a student who is enrolled at a massage therapy school and is under the supervision of an instructor who is an Iowa-licensed massage therapist, is physically present on the premises and is available for advice and assistance. "Clinical practicum" does not include classroom practice.

"Course of study" means a series of classroom courses, not including continuing education, which is approved by the board as having a unified purpose in training individuals toward a certificate, degree or diploma in the practice of massage therapy.

[**ARC 8052C**, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—822.2(152C) Application for approval of massage therapy education curriculum.

822.2(1) Applications for curriculum approval of in-state massage therapy schools will be submitted online with the accompanying fee. Curriculum approval is valid for up to two years with reapplication for approval due June 30 of each even-numbered year. The biennial renewal cycle begins July 1 of an even-numbered year and ends June 30 two years later. Schools that receive curriculum approval within six months prior to the start of the next biennial renewal cycle do not need to reapply for curriculum approval until the following even-numbered year.

822.2(2) The application for curriculum approval includes the following:

a. A completed board-approved application form;

b. The curriculum approval application fee as specified in 481—Chapter 507;

c. A completed Curriculum Criteria and Documentation form;

d. The current school catalog, including name of the program(s), a description of the curriculum delivery system, course descriptions, and program accreditation or approval by other professional entities; and

e. A sample diploma and a sample transcript that identify the name of the graduate, name of the program, graduation date, and the degree, diploma or certificate awarded.

822.2(3) Out-of-state school curriculum will be reviewed on a case-by-case basis upon receipt of the curriculum as a part of an individual's application for licensure to practice massage therapy in the state of Iowa.

822.2(4) Massage therapy schools that do not renew curriculum approval by the expiration date shall be removed from the board's list of approved curriculum providers until such time that they comply with curriculum approval requirements.

822.2(5) Schools that apply for curriculum approval shall, at a minimum, provide a curriculum that meets the requirements of this chapter, offer a course of study of at least 600 clock hours or the equivalent in academic credit hours, and require for entrance into the massage therapy school graduation from high school or its equivalent.

[**ARC 8052C**, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—822.3(152C) Curriculum requirements. An approved curriculum will include but not be limited to the following content areas:

1. Massage theory and principles.
2. Massage professional practices.
3. The therapeutic relationship.

4. Anatomy, physiology, and pathology.
5. Assessment and documentation.
6. Massage and bodywork application.
7. Palpation and movement.
8. Adapting sessions for clients.
9. Career development.
10. Iowa law and professional ethics.

[**ARC 8052C**, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—822.4(152C) Student clinical practicum standards.

822.4(1) The school must provide clinical practicum hours at the school's primary location or an event sponsored by the school.

822.4(2) At all times when the student delivers physical contact with the public or other students, a clinical instructor/supervisor who is an Iowa-licensed massage therapist shall be personally in attendance to supervise and evaluate.

822.4(3) Students shall complete at least 200 hours of coursework in the content areas of fundamentals of massage therapy and assessment that includes indications and contraindications for treatment prior to providing services to the public and beginning the clinical practicum. Included in this 200 hours will be a minimum of 100 hours in anatomy and physiology, which includes the structure and function of the human body and common pathologies.

822.4(4) The clinical practicum shall not exceed 25 percent of a program's total required hours.

[**ARC 8052C**, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—822.5(152C) School records retention. Records documenting the student's completion of the curriculum will be maintained for two years following the student's graduation date. In the event of school closure, the board will be notified of the location of the records.

[**ARC 8052C**, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—822.6(152C) Massage school curriculum compliance.

822.6(1) A school will maintain curriculum records and make the records available to the board upon request.

822.6(2) A school whose curriculum is approved shall notify the board in writing within 30 days if there is a change of address, a school closing, or a curriculum revision that does not meet the requirements of this chapter.

822.6(3) Each student who successfully completes curriculum requirements will be awarded a certificate or diploma that includes the student's legal name, date of graduation, the name of the program, and the degree or certificate awarded. The school will also provide them with an official transcript that includes the student's legal name and date of graduation.

[**ARC 8052C**, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—822.7(152C) Denial or withdrawal of approval.

822.7(1) The board will deny or withdraw approval of a school curriculum if the board determines the curriculum does not meet the requirements of this chapter.

822.7(2) The board will notify the school in writing if the board denies or withdraws curriculum approval. Following denial or withdrawal of approval by the board, the school may request that the board reconsider its decision. The board in its sole discretion shall determine whether to grant such a request.

[**ARC 8052C**, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapter 152C.

CHAPTER 823
CONTINUING EDUCATION FOR MASSAGE THERAPISTS

[Prior to 6/26/02, see 645—Ch 132]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 133]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/17/29

481—823.1(152C) Definitions.

"Active license" means a license that is current and has not expired.

"Approved program/activity" means a continuing education program/activity meeting the standards set forth in these rules.

"Audit" means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period or the selection of providers for verification of adherence to continuing education provider requirements during a specified time period.

"Board" means the board of massage therapy.

"Continuing education" means planned, organized learning acts acquired during initial licensure designed to maintain, improve, or expand a licensee's knowledge and skills in order for the licensee to develop new knowledge and skills relevant to the enhancement of practice, education, or theory development to improve the safety and welfare of the public.

"Hands-on training" means learning techniques that manipulate the soft tissue of the body.

"Hour of continuing education" means at least 50 minutes spent by a licensee in actual attendance at and completion of an approved continuing education activity.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period.

"Independent study" means a subject/program/activity that a person pursues autonomously that meets standards for approval criteria in the rules and includes a posttest.

"License" means license to practice.

"Licensee" means any person licensed to practice as a massage therapist in the state of Iowa.

"Presenter" means person(s)/instructor(s) providing continuing education training.

[**ARC 8053C**, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—823.2(152C) Continuing education requirements. Each biennium, each person who is licensed to practice as a massage therapist in this state shall be required to complete a minimum of 16 hours of continuing education. A biennium is a two-year period beginning with the date the license was granted.

823.2(1) The biennial continuing education compliance period runs concurrently with each two-year renewal period. The renewal period begins on the date the initial license is granted and ends two years later on the day before the anniversary date of that initial license.

823.2(2) Requirements for new licensees. Those persons licensed for the first time are not required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired anytime from the initial licensing until the second license renewal period may be used.

823.2(3) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity meeting the requirements of this chapter. These hours must be in accordance with these rules.

823.2(4) Licensees who complete continuing education hours in excess of the requirements for renewal may apply up to 50 percent of the required hours to the following renewal period. Licensees may apply a maximum of eight hours from the previous renewal period. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

823.2(5) The cost of continuing education is the responsibility of each licensee.

[**ARC 8053C**, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24; **ARC 9107C**, IAB 4/16/25, effective 5/21/25]

481—823.3(152C,272C) Continuing education criteria.

823.3(1) *General criteria.* A continuing education activity that meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

a. Constitutes an organized program of learning that contributes directly to the professional competency of the licensee;

b. Pertains to subject matters that integrally relate to the practice of the profession;

c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;

d. Fulfills stated program goals, objectives, or both; and

e. Provides proof of attendance to licensees in attendance, including:

(1) Date, location, course title, presenter(s);

(2) Number of program contact hours; and

(3) Certificate of completion or evidence of successful completion of the course from the course sponsor.

823.3(2) *Specific criteria.* A licensee shall obtain a minimum of 16 hours of continuing education credit every two years. A minimum of 8 hours of the 16 hours must be earned by completing a program in which instruction is provided in person or through live, real-time interactive media. Although in-person continuing education instruction is not required, the board strongly encourages all licensees to obtain in-person instruction whenever feasible, especially when learning new techniques. Licensees may obtain continuing education hours of credit by:

a. Attending workshops, conferences, or symposiums.

b. Accessing online training, such as viewing interactive conferences, attending webinars, or completing online training courses.

c. Teaching curriculum at a school of massage therapy or presenting professional continuing education programs that meet the criteria listed in this subrule. One hour of credit will be awarded for each hour of presentation. A course schedule or brochure must be maintained for audit. A maximum of 4 hours may be awarded under this paragraph per biennium.

d. Completing academic courses that directly relate to the professional competency of the licensee. Official transcripts indicating successful completion of academic courses that apply to the field of massage therapy will be necessary in order for the licensee to receive the following continuing education credits:

1 academic semester hour = 15 continuing education hours of credit

1 academic trimester hour = 12 continuing education hours of credit

1 academic quarter hour = 10 continuing education hours of credit

1 academic clock hour = 1 continuing education hour of credit

e. Teaching in an approved college, university, or graduate school. The licensee may receive the following continuing education credits:

1 academic semester hour = 15 continuing education hours of credit

1 academic trimester hour = 12 continuing education hours of credit

1 academic quarter hour = 10 continuing education hours of credit

f. Authoring research the results of which are published in a recognized professional publication. The licensee will receive 5 hours of credit per page.

g. Taking courses directly beneficial to business practices necessary for operating a massage practice. Content areas include, but are not limited to, business management, financial management, accounting, tax preparation, marketing, human relations, communication skills, business ethics, and massage ethics.

h. Taking courses related to personal skills topics, such as career burnout, communication skills, human relations, and other like topics.

i. Completing programs that enhance a supplemental or complementary skill set directly related to promoting the public health while providing massage therapy. Content areas include, but are not limited to, CPR, first aid, contraindication training, sanitation, and geriatric care.

j. Completing mandatory reporter training pursuant to Iowa Code sections 232.69 and 235B.16. One hour of credit will be awarded for each hour of completed mandatory reporter training.

k. Passing a board-approved national examination administered by the Federation of State Massage Therapy Boards or the National Certification Board for Therapeutic Massage and Bodywork within the biennial continuing education compliance period. A copy of the applicant's official notification may be used by the board as verification.

CHAPTER 824
DISCIPLINE FOR MASSAGE THERAPISTS
[Prior to 6/26/02, see 645—Ch 131]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 134]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/17/29

481—824.1(152C) Civil penalties.

824.1(1) Civil penalties may be imposed upon a person or business that employs an individual who is not licensed as a massage therapist. Civil penalties may be imposed upon a person or business that employs an individual who uses the initials "L.M.T." or the words "licensed massage therapist," "massage therapist," "masseur," or "masseuse," or any other words or titles that imply or represent that the employed person practices massage therapy but who is not licensed as a massage therapist. Failure to follow the above may result in:

a. A civil penalty not to exceed $1,000 on a person or business that violates this rule:

(1) Each violation is a separate offense.

(2) Each day a continued violation occurs after citation by the board is a separate offense with the maximum penalty not to exceed $10,000;

b. The board's inspection of any facility that advertises or offers services purporting to be delivered by massage therapists;

c. A citation being sent to the alleged violator by certified mail, return receipt requested; and

d. The board's consideration of the following in determining civil penalties:

(1) Whether the amount imposed will be a substantial economic deterrent to the violation.

(2) The circumstances leading to or resulting in the violation.

(3) The severity of the violation and the risk of harm to the public.

(4) The economic benefits gained by the violator as a result of noncompliance.

(5) The welfare or best interest of the public.

824.1(2) Civil penalties may be imposed upon a person who is practicing as a massage therapist without a license. Civil penalties may be imposed upon a person who practices as an individual and uses the initials "L.M.T." or the words "licensed massage therapist," "massage therapist," "masseur," or "masseuse," or any other words or titles that imply or represent that the person practices massage therapy but who is not licensed as a massage therapist. A person must be licensed as a massage therapist to practice in this state as a massage therapist. Failure to follow the above may result in:

a. A civil penalty not to exceed $1,000 on a person who violates this rule:

(1) Each violation is a separate offense.

(2) Each day a continued violation occurs after citation by the board is a separate offense with the maximum penalty not to exceed $10,000;

b. The board's inspection of any facility that advertises or offers services purporting to be delivered by massage therapists;

c. A citation being sent to the alleged violator by certified mail, return receipt requested;

d. The board's consideration of the following in determining civil penalties:

(1) Whether the amount imposed will be a substantial economic deterrent to the violation.

(2) The circumstances leading to or resulting in the violation.

(3) The severity of the violation and the risk of harm to the public.

(4) The economic benefits gained by the violator as a result of noncompliance.

(5) The welfare or best interest of the public.

824.1(3) Issuing an order or citation.

a. The board shall provide a written notice and the opportunity to request a hearing on the record.

b. The hearing must be requested within 30 days of the issuance of the notice and shall be conducted according to Iowa Code chapter 17A.

c. The board may, in connection with a proceeding under this subrule, issue subpoenas to require the attendance and testimony of witnesses and the disclosure of evidence and may request the attorney general to bring an action to enforce the subpoena.

824.1(4) Judicial review.

a. A person aggrieved by the imposition of a civil penalty under this rule may seek a judicial review in accordance with Iowa Code section 17A.19.

b. The board shall notify the attorney general of the failure to pay a civil penalty within 30 days after entry of an order or within 10 days following final judgment in favor of the board if an order has been stayed pending appeal.

c. The attorney general may commence an action to recover the amount of the penalty, including reasonable attorney fees and costs.

d. An action to enforce an order under this rule may be joined with an action for an injunction.

824.1(5) A person is not in violation of the statute or rules if that person practices massage therapy for compensation while in attendance at a school offering a curriculum meeting the requirements of 481—Chapter 822 and is under the supervision of a member of the school's faculty.

BOARD OF CHIROPRACTIC

CHAPTER 841
LICENSURE OF CHIROPRACTIC PHYSICIANS

[Prior to 7/24/02, see 645—40.10(151) to 645—40.13(151), 645—40.15(151) and 645—40.16(151)]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 41]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—841.1(151) Definitions. The following definitions will be applicable to the rules of the Iowa board of chiropractic:

"Active license" means a license that is current and has not expired.

"Board" means the Iowa board of chiropractic.

"Council on Chiropractic Education" or *"CCE"* means the organization that establishes the Educational Standards of Chiropractic Colleges and Bylaws.

"Department" means the Iowa department of inspections, appeals, and licensing.

"Grace period" means the 30-day period following expiration of a license when the license is still considered to be active. In order to renew a license during the grace period, a licensee is required to pay a late fee.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period. The category of "inactive license" may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

"License" means license to practice chiropractic in Iowa.

"Licensee" means any person licensed to practice as a chiropractic physician in Iowa.

"License expiration date" means June 30 of even-numbered years.

"Licensure by endorsement" means the issuance of an Iowa license to practice chiropractic to an applicant who is or has been licensed in another state and meets the criteria for licensure in this state.

"NBCE" means the National Board of Chiropractic Examiners.

"Reactivate" or *"reactivation"* means the process as outlined in rule 481—841.14(17A,147,272C) by which an inactive license is restored to active status.

"Reinstatement" means the process as outlined in rule 481—506.31(272C) by which a licensee who has had a license suspended or revoked or who has voluntarily surrendered a license may apply to have the license reinstated, with or without conditions. Once the license is reinstated, the licensee may apply for active status.

"SPEC" means Special Purposes Examination for Chiropractic, which is an examination provided by the NBCE that is designed specifically for utilization by state or foreign licensing agencies.

[**ARC 7966C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—841.2(151) Initial licensure.

841.2(1) To apply for a license, the applicant will complete an online application packet and pay the nonrefundable application fee.

a. If licensed in another jurisdiction, the applicant will complete the licensure by endorsement application and submit a license verification document that discloses if disciplinary action was taken in the jurisdiction where the applicant was most recently licensed.

b. A person who is licensed in another jurisdiction and cannot satisfy the requirements of licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

c. An application not completed according to guidelines will not be reviewed by the board.

d. The applicant will request the accredited chiropractic school submit official copies of the applicant's transcripts to the board office.

e. The applicant will submit an official certificate of completion of 120 hours of physiotherapy that includes a practicum component from a board-approved chiropractic college.

f. The applicant will pass all parts of the NBCE examination as outlined in rule 481—841.3(151).

g. The applicant will submit a copy of the chiropractic diploma.

841.2(2) Licensees who were issued their licenses within six months prior to the renewal date are not required to renew their licenses until the renewal date two years later.

841.2(3) Incomplete applications that have been on file in the board office for more than two years will be:

a. Considered invalid and destroyed; or

b. Maintained upon written request from the candidate.

841.2(4) A license will be publicly displayed in the licensee's primary place of practice.

841.2(5) Licensees are required to notify the board of chiropractic of changes in residence or place of practice within 30 days after the change of address occurs.

[**ARC 7966C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—841.3(151) Examination requirements.

841.3(1) Applicants will submit the application for the NBCE examination and the fee directly to the NBCE.

841.3(2) The following criteria will apply for the NBCE:

a. Prior to July 1, 1973, applicants will provide proof of being issued a basic science certificate.

b. After July 1, 1973, applicants will provide proof of successful completion of the required examination from the NBCE. The required examination will meet the following criteria:

(1) Examinations completed after July 1, 1973, will be defined as the successful completion of Parts I and II of the NBCE examination.

(2) Examinations completed after August 1, 1976, will be defined as the successful completion of Parts I, II and Physiotherapy of the NBCE examination.

(3) Examinations completed after January 1, 1987, will be defined as the successful completion of Parts I, II, III and Physiotherapy of the NBCE examination.

(4) Examinations completed after January 1, 1996, will be defined as satisfactory completion of Parts I, II, III, IV and Physiotherapy of the NBCE examination.

[**ARC 7966C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—841.4(151) Educational qualifications.

841.4(1) An applicant will present an official transcript verifying graduation from a CCE-accredited and board-approved college of chiropractic.

841.4(2) Foreign-trained chiropractic physicians will:

a. Provide an equivalency evaluation of their educational credentials processed by the International Education Research Foundation, Inc. The professional curriculum must be equivalent to that stated in these rules. The candidate will bear the expense of the curriculum evaluation.

b. Provide a copy of the certificate or diploma awarded to the applicant from a chiropractic program in the country in which the applicant was educated.

c. Receive a final determination from the board regarding the application for licensure.

[**ARC 7966C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—841.5(151) Temporary certificate.

841.5(1) The board may issue a temporary certificate to practice chiropractic at its discretion if the issuance is in the public interest and the applicant demonstrates a need for the temporary certificate and meets the professional qualifications for licensure.

841.5(2) Demonstrated need. An applicant must submit information explaining the demonstrated need, how the issuance would serve the public interest, the scope of practice requested, and why a temporary certificate should be granted. To meet the demonstrated need requirement, the applicant will show the need meets one of the following conditions:

a. The applicant will provide chiropractic services in connection with a special activity, event or program conducted in this state;

b. The applicant will provide chiropractic services in connection with a state emergency as proclaimed by the governor;

c. The applicant previously held an unrestricted license to practice chiropractic in this state and will provide gratuitous chiropractic services as a voluntary public service; or

d. The applicant will provide chiropractic services in connection with an urgent need.

841.5(3) Qualifications for licensure include the following:

a. Complete an online application packet on the Iowa board of chiropractic website and pay the nonrefundable application fee.

b. If licensed in another jurisdiction, submit a license verification document that discloses if disciplinary action was taken in the jurisdiction where the applicant was most recently licensed.

c. Provide a copy of a chiropractic diploma.

841.5(4) A temporary certificate will be issued for one year to fulfill the demonstrated need as described in subrule 841.5(2).

841.5(5) An applicant or temporary certificate holder who has been denied a temporary certificate may appeal the denial pursuant to rule 481—500.10(17A,147,272C). A temporary certificate holder is subject to discipline for any grounds for which licensee discipline may be imposed.

841.5(6) A temporary certificate holder who meets all licensure conditions as specified in rule 481—841.2(151) may obtain a permanent license in lieu of the temporary certificate. To obtain a permanent license, the applicant will submit any additional documentation required for permanent licensure that was not submitted as a part of the temporary certificate application. The applicant may receive fee credit toward the permanent licensure fee equivalent to the fee paid for the temporary certificate if the application for the permanent license and all required documentation are received by the board prior to the expiration of the temporary certificate.

[**ARC 7966C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—841.6(151) License renewal.

841.6(1) The license renewal period for a license to practice begins on July 1 of an even numbered year and ends on June 30 of the next even numbered year.

841.6(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal two years later.

841.6(3) A licensee applying for renewal will:

a. Meet the continuing education requirements of rule 481—844.2(272C) and the mandatory reporting requirements of subrule 841.8(4). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Complete the online renewal application, pay the fee, and attach certificate of completing continuing education hours on the Iowa board of chiropractic website before the expiration date.

841.6(4) Mandatory reporter training requirements.

a. A licensee who examines, attends, counsels, or treats children, dependent adults or both in the scope of the licensee's professional practice will complete the applicable department of health and human services training for identifying and reporting child abuse, dependent adult abuse or both. A licensee will maintain written documentation of training completion for three years. The training is not required if the licensee is engaged in active duty military service or holds a waiver from the board demonstrating a hardship in complying with these training requirements.

b. The board may select licensees for audit of compliance with the requirements in paragraph 841.8(4)*"a."*

841.6(5) A two-year license will be issued after the requirements of rule are met. If the board receives adverse information on the renewal application, the board may refer the adverse information for further consideration or disciplinary investigation.

841.6(6) Late renewal. The licensee is responsible for renewing the license prior to expiration every two years. The licensee will complete the renewal requirements and pay the late fee within the 30-day grace period.

841.6(7) Inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice until the license is reactivated.

[**ARC 7966C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—841.7(17A,147,272C) Requirements for reactivation. To apply for reactivation, a licensee will:

841.7(1) Complete an online reactivation application on the Iowa board of chiropractic website and pay the nonrefundable reactivation fee.

841.7(2) Provide verification of current competence to practice as a chiropractic physician by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification. If licensed in another jurisdiction, submit a license verification document that discloses if disciplinary action was taken in the jurisdiction where the applicant was most recently licensed.

(2) Proof. Submit proof of completing 40 hours of continuing education within two years of application.

b. If the license has been on inactive status for more than five years, an applicant must:

(1) Send verification. Submit a license verification document that discloses if disciplinary action was taken against the applicant from every jurisdiction in which the applicant has been licensed.

(2) Submit proof of completing 40 hours of continuing education within two years of application.

(3) Send verification of passing the SPEC if the applicant does not have a current license and has not had an active license in the United States during three of the past five years.

[**ARC 7966C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—841.8(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive board-approved reinstatement of the license and must apply for and be granted reactivation prior to practicing in the state.

[**ARC 7966C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 17A, 147, 151 and 272C.

CHAPTER 842
COLLEGES FOR CHIROPRACTIC PHYSICIANS

[Prior to 7/24/02, see 645—40.9(151)]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 42]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—842.1(151) Definitions. For the purposes of these rules, the following definitions will apply:

"Chiropractic intern" means a chiropractic student of an approved college of chiropractic in the student's last academic quarter, semester, or trimester of study, who is eligible for graduation from the college of chiropractic and is eligible to complete a preceptorship program, as authorized by these rules.

"Chiropractic preceptor" means a chiropractic physician licensed and practicing in Iowa pursuant to Iowa Code chapter 151, who accepts a chiropractic intern or resident into the practice for the purpose of providing the chiropractic student with a clinical experience of the practice of chiropractic, and who meets the requirements of these rules.

"Chiropractic resident" means a graduate chiropractic physician who has received a doctor of chiropractic degree from a college of chiropractic approved by the board, and who is not licensed in any state, but who is practicing under a chiropractic preceptorship authorized under these rules.

"Chiropractic student" means a student of an approved college of chiropractic.

"Council on Chiropractic Education" or *"CCE"* means the organization that establishes the Educational Standards of Chiropractic Colleges and Bylaws. A copy of the standards may be requested from CCE.

"Preceptorship practice" means the chiropractic practice of a single chiropractic physician or group of chiropractic physicians in a particular business or clinic, into which a licensed practicing chiropractic physician has accepted a chiropractic intern or chiropractic resident for the limited purpose of providing the intern or resident with a clinical experience in the practice of chiropractic.

"60-minute hour" means at least 50 minutes of resident attendance with no more than 10 minutes for note taking and breaks.

[**ARC 7967C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—842.2(151) Board-approved chiropractic colleges. Approval of a chiropractic college may be granted if the program submits proof to the board of chiropractic that the chiropractic program meets the following requirements:

842.2(1) The chiropractic college is fully accredited by the Commission on Accreditation of the Council on Chiropractic Education (CACCE), as recognized by the U.S. Department of Education.

842.2(2) The core curriculum meets the requirements of the CACCE standards and, in addition:

a. Covers a period of four academic years totaling not less than 4,000 60-minute hours in actual resident attendance;

b. Comprises a supervised course of study, including clinical practical instruction, in all of the subjects specified in Iowa Code section 151.1(3); and

c. Includes a minimum of 120 hours of physiotherapy coursework with a clinical practical component on the procedures covered in the course.

842.2(3) The chiropractic college publishes in a regularly issued catalog the requirements for graduation and degrees that are required by the Iowa board of chiropractic.

842.2(4) Transcripts include entries for all completed coursework.

[**ARC 7967C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—842.3(151) Practice by chiropractic interns and chiropractic residents. A student enrolled in a board-approved chiropractic preceptorship program in the state of Iowa may treat patients without obtaining an Iowa license, provided the requirements of these rules are met.

[**ARC 7967C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—842.4(151) Approved chiropractic preceptorship program. The board will approve a chiropractic college's preceptorship program if the program meets the following requirements:

842.4(1) The preceptorship program meets current CCE standards for consumer protection.

842.4(2) The preceptorship program is an established component of the curriculum offered by a board-approved chiropractic college.

842.4(3) Chiropractic interns who participate in the preceptorship program have met all requirements for graduation from the chiropractic college except for completion of the preceptorship period.

842.4(4) Chiropractic residents who participate in the postgraduate preceptorship program have graduated from a chiropractic college approved by the board.

842.4(5) All chiropractic physicians who serve as preceptors will be approved under rule 481—842.5(151).

842.4(6) The chiropractic college retains ultimate responsibility for student learning and evaluations during the preceptorship.

842.4(7) The chiropractic preceptor will supervise no more than one chiropractic intern or one chiropractic resident for the duration of a given preceptorship period.

If a preceptor agreement must be canceled for any reason, it is the responsibility of the chiropractic college to assign the intern or resident to another preceptor and notify the Iowa board of chiropractic of the preceptorship cancellation. The notice shall include reasons for cancellation of the preceptorship.

[**ARC 7967C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—842.5(151) Approved chiropractic physician preceptors.

842.5(1) A chiropractic physician will be approved to be a chiropractic physician preceptor if the following criteria are met:

a. The chiropractic physician holds a current Iowa chiropractic license and has continuously held licensure in the United States for the previous five years prior to preceptorship;

b. The chiropractic physician is currently fully credentialed by the sponsoring chiropractic college and approved by the board; and

c. The chiropractic physician has not had any formal disciplinary action.

842.5(2) The role of the chiropractic physician preceptor will include:

a. Responsibility for supervising the practice of the chiropractic intern or chiropractic resident who is accepted into a preceptorship practice.

b. Identifying the chiropractic intern or chiropractic resident to the patients of the preceptorship practice to ensure that no patient will misconstrue the status of the intern or resident. The intern or resident will wear a badge identifying that person as an intern or resident at all times in the presence of preceptorship patients.

c. Exercising direct, on-premises supervision of the chiropractic intern or chiropractic resident at all times that the intern or resident is engaged in any facet of patient care in the chiropractic physician preceptor's clinic.

d. Directing the chiropractic intern or chiropractic resident only in treatment care that is within the educational background and experience of the preceptor.

e. Notifying the preceptorship program within 30 days of either of the following actions:

(1) If the preceptor has any formal disciplinary action taken by any licensing entity; or

(2) If the preceptor is a party to any malpractice settlement or judgment.

[**ARC 7967C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—842.6(151) Termination of preceptorship. A preceptorship may terminate upon the occurrence of one of the following events:

842.6(1) Interns. The intern graduates from a board-approved college of chiropractic.

842.6(2) Residents. Twelve months have passed since the resident graduated from a board-approved college of chiropractic.

842.6(3) Formal disciplinary action is taken against the preceptor or the preceptor is a party to a final malpractice judgment or settlement agreement.

[**ARC 7967C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapter 151.

CHAPTER 843
PRACTICE OF CHIROPRACTIC PHYSICIANS

[Prior to 7/24/02, see 645—40.1(151) and 645—40.17(151) to 645—40.24(147,272C)]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 43]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—843.1(151) Definitions. The following definitions will be applicable to the rules of the Iowa board of chiropractic.

"Active chiropractic physiotherapy" means therapeutic treatment performed by the patient, including but not limited to exercises and functional activities that promote strength, endurance, flexibility, and coordination.

"Acupuncture" means the same as defined in Iowa Code section 148E.1.

"Adjustment/manipulation of neuromusculoskeletal structures" means the use by a doctor of chiropractic of a skillful treatment based upon differential diagnosis of neuromusculoskeletal structures and procedures related thereto by the use of passive movements with the chiropractic physician's hands or instruments in a manipulation of a joint by thrust so the patient's volitional resistance cannot prevent the motion. The manipulation is directed toward the goal of restoring joints to their proper physiological relationship of motion and related function, or stimulation of joint receptors. Movement of the joint is by force beyond its active limit of motion, but within physiologic integrity. Adjustment or manipulation commences where mobilization ends and specifically begins when the elastic barrier of resistance is encountered by the doctor of chiropractic and ends at the limit of anatomical integrity. Adjustment or manipulation as described in this definition is directed to the goal of the restoration of joints to their proper physiological relationship and associated functions of motion and related function, release of adhesions or stimulation of joint receptors. Adjustment or manipulation as described in this definition is by hand or instrument. The primary emphasis of this adjustment or manipulation is upon specific joint element adjustment or manipulation and treatment of the articulation and adjacent tissues of the neuromusculoskeletal structures of the body and nervous system, using one or more of the following:

1. Impulse adjusting or the use of sudden, high velocity, short amplitude thrust of a nature that patient volitional resistance is overcome, commencing where the motion encounters the elastic barrier of resistance and ending at the limit of anatomical integrity.
2. Instrument adjusting, utilizing instruments specifically designed to deliver sudden, high velocity, short amplitude thrust.
3. Light force adjusting, utilizing sustained joint traction or applied directional pressure, or both, that may be combined with passive motion to restore joint mobility.
4. Long distance lever adjusting, utilizing forces delivered at some distance from the dysfunctional site and aimed at transmission through connected structures to accomplish joint mobility.

"Anatomic barrier" means the limit of motion imposed by anatomic structure, the limit of passive motion.

"CCCA" means the Certified Chiropractic Clinical Assistant program offered by the FCLB.

"Certified chiropractic assistant" means a person who has completed a certified chiropractic assistant training program to perform selected chiropractic health care services under the supervision of a chiropractic physician.

"Chiropractic insurance consultant" means an Iowa-licensed chiropractic physician registered with the board who serves as a liaison and advisor to an insurance company.

"Chiropractic manipulation" means care of an articular dysfunction or neuromusculoskeletal disorder by manual or mechanical adjustment of any skeletal articulation and contiguous articulations.

"Differential diagnosis" means to examine the body systems and structures of a human subject to determine the source, nature, kind or extent of a disease, vertebral subluxation, neuromusculoskeletal disorder or other physical condition, and to make a determination of the source, nature, kind, or extent of a disease or other physical condition.

"Elastic barrier" means the range between the physiologic and anatomic barrier of motion in which passive ligamentous stretching occurs before tissue disruption.

"Extremity manipulation" means a corrective thrust or maneuver by a doctor of chiropractic by hand or instrument based upon differential diagnosis of neuromusculoskeletal structures applied to a joint of the appendicular skeleton.

"FCLB" means the Federal Chiropractic Licensing Board.

"Malpractice" means any error or omission, unreasonable lack of skill, or failure to maintain a reasonable standard of care by a chiropractic physician in the practice of the profession.

"Mobilization" means movement applied singularly or repetitively within or at the physiological range of joint motion, without imparting a thrust or impulse, with the goal of restoring joint mobility.

"PACE" means Providers of Approved Continuing Education and is the signature program of the FCLB.

"Passive chiropractic physiotherapy" means therapeutic treatment administered and received by the patient, including but not limited to mechanical, electrical, thermal, or manual methods.

"Physiologic barrier" means the limit of active motion, which can be altered to increase range of active motion by warm-up activity.

"Practice of acupuncture" means the same as defined in Iowa Code section 148E.1.

"Supervising chiropractic physician" means the Iowa-licensed chiropractor responsible for supervision of services provided to a patient by a certified chiropractic assistant.

"Supervision" means the physical presence and direction of the supervising chiropractic physician at the location where services are rendered.

[**ARC 7968C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—843.2(147,272C) Principles of chiropractic ethics. The following principles of chiropractic ethics are adopted by the board for the practice of chiropractic in this state.

843.2(1) These principles are intended to aid chiropractic physicians individually and collectively in maintaining a high level of ethical conduct. These are standards by which a chiropractic physician may determine the propriety of the chiropractic physician's conduct in the chiropractic physician's relationship with patients, with colleagues, with members of allied professions, and with the public.

843.2(2) The principal objective of the chiropractic profession is to render service to humanity with full respect for the dignity of the person. Chiropractic physicians should merit the confidence of patients entrusted to their care, rendering to each a full measure of service and devotion.

843.2(3) Chiropractic physicians should strive continually to improve chiropractic knowledge and skill, and should make available to their patients and colleagues the benefits of their professional attainments.

843.2(4) A chiropractic physician should practice a method of healing founded on a scientific basis, and should not voluntarily associate professionally with anyone who violates this principle.

843.2(5) The chiropractic profession should safeguard the public and itself against chiropractic physicians deficient in moral character or professional competence. Chiropractic physicians should observe all laws, uphold the dignity and honor of the profession and accept its self-imposed disciplines. They should expose, without hesitation, illegal or unethical conduct of fellow members of the profession.

843.2(6) A chiropractic physician may choose whom to serve. In an emergency, however, services should be rendered to the best of the chiropractic physician's ability. Having undertaken the case of a patient, the chiropractic physician may not neglect the patient; and, unless the patient has been discharged, the chiropractic physician may discontinue services only after giving adequate notice.

843.2(7) A chiropractic physician should not dispose of services under terms or conditions that tend to interfere with or impair the free and complete exercise of professional judgment and skill or tend to cause a deterioration of the quality of chiropractic care.

843.2(8) A chiropractic physician should seek consultation upon request, in doubtful or difficult cases, or whenever it appears that the quality of chiropractic service may be enhanced thereby.

843.2(9) A chiropractic physician may not reveal the confidences entrusted in the course of chiropractic attendance, or the deficiencies observed in the character of patients, unless required to do so by law or unless it becomes necessary in order to protect the welfare of the individual or of the community.

843.2(10) The honored ideals of the chiropractic profession imply that the responsibilities of the chiropractic physician extend not only to the individual, but also to society where these responsibilities deserve interest and participation in activities that have the purpose of improving both the health and well-being of the individual and the community.

[**ARC 7968C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—843.3 Reserved.

481—843.4(151) Chiropractic insurance consultant.

843.4(1) A chiropractic insurance consultant advises insurance companies, third-party administrators and other similar entities of Iowa standards of:

a. Recognized and accepted chiropractic services and procedures permitted by the Iowa Code and administrative rules, and

b. The propriety of chiropractic diagnosis and care.

843.4(2) All licensees who review chiropractic records for the purposes of determining the adequacy or sufficiency of chiropractic treatments, or the clinical indication for those treatments, will indicate on their licensure renewals that they are engaged in those activities and the location where those activities are performed.

843.4(3) Licensed chiropractic physicians will not hold themselves out as chiropractic insurance consultants unless they meet the following requirements:

a. Hold a current license in Iowa.

b. Have practiced chiropractic in the state of Iowa during the immediately preceding five years.

c. Are actively involved in a chiropractic practice during the term of appointment as a chiropractic insurance consultant. Active practice includes but is not limited to maintaining an office location and providing clinical care to patients.

[**ARC 7968C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—843.5(151) Acupuncture. A chiropractic physician who engages in the practice of acupuncture will maintain documentation that shows the chiropractic physician has successfully completed a course in acupuncture consisting of at least 100 hours of traditional, in-person classroom instruction with the instructor on site. The licensee will maintain a transcript or certification of completion showing the licensee's name, school or course sponsor's name, date of course completion or graduation, grade or other evidence of successful completion, and number of course hours. The licensee will provide the transcript or certification of completion to the board upon request.

[**ARC 7968C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—843.6(151) Adjunctive procedures.

843.6(1) Adjunctive procedures are defined as procedures related to differential diagnosis.

843.6(2) For any applicant for licensure to practice chiropractic in the state of Iowa who chooses to be tested in limited adjunctive procedures, those limited procedures must be adequate for the applicant to come to a differential diagnosis in order to pass the examination.

843.6(3) Applicants for licenses to practice chiropractic who refuse to utilize any of the adjunctive procedures that they have been taught in approved colleges of chiropractic must adequately show the board that they can come to an adequate differential diagnosis without the use of adjunctive procedures.

[**ARC 7968C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—843.7(151) Physical examination. The chiropractic physician is to perform physical examinations to determine human ailments, or the absence thereof, utilizing principles taught by chiropractic colleges. Physical examination procedures will not include prescription drugs or operative surgery.

[**ARC 7968C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—843.8(151) Recordkeeping.

843.8(1) Chiropractic physicians will maintain clinical records in a manner consistent with the protection of the welfare of the patient. Records will be timely, dated, chronological, accurate, signed

or initialed, legible, and easily understandable. Recordkeeping rules apply to all patient records whether handwritten, typed or maintained electronically. Electronic signatures are acceptable when the record has been reviewed by the physician whose signature appears on the record.

843.8(2) Chiropractic physicians will maintain clinical records for each patient, which include all of the following:

a. Personal data.

(1) Name;

(2) Date of birth;

(3) Address; and

(4) Name of parent or guardian if a patient is a minor.

b. Health history. Records will include information from the patient or the patient's parent or guardian regarding the patient's health history.

c. Patient's reason for visit. When a patient presents with a chief complaint, clinical records will include the patient's stated health concerns.

d. Clinical examination progress notes. Records will include chronological dates and descriptions of the following:

(1) Clinical examination findings, tests conducted, a summary of all pertinent diagnoses, and updated health assessments;

(2) Plan of intended treatment, including description of treatment, frequency and duration;

(3) Services rendered and any treatment complications;

(4) All testing ordered or performed;

(5) Diagnostic imaging report if imaging procedure is ordered or performed;

(6) Sufficient data to support the recommended treatment plan.

e. Clinical record. Each page of the clinical record will include the patient's name, the date information was recorded and the doctor's name or facility's name.

843.8(3) Retention of records. A chiropractic physician will maintain a patient's record(s) for a minimum of six years after the date of last examination or treatment. Records for minors will be maintained for one year after the patient reaches the age of majority (18) or six years after the date of last examination or treatment, whichever is longer. Proper safeguards will be maintained to ensure the safety of records from destructive elements. This provision includes both clinical and fiscal records.

843.8(4) Electronic recordkeeping. When electronic records, which include both electronically created records and scanned paper records, are utilized, a chiropractic physician will maintain either a duplicate hard-copy record or a backup electronic record.

843.8(5) Correction of written records. Notations will be legible, written in ink, and contain no erasures or whiteouts. If incorrect information is placed in the record, it must be crossed out with a single nondeleting line. Entries recorded at a time other than the date of the patient encounter must include the date of the entry and the initials of the author.

843.8(6) Correction of electronic records. Any alterations made after the date of service will be visibly recorded. All alterations will include a notation setting forth the date of alteration and identification of the author. Entries recorded at a time other than the date of the patient encounter must include the date of the entry and the initials of the author.

843.8(7) Abbreviations will be standard and common to all health care disciplines. Nonstandard abbreviations will be referenced with a key that is included in the record when the record is requested.

843.8(8) Confidentiality and transfer of records. Chiropractic physicians will preserve the confidentiality of patient records. Upon signed request of the patient, the chiropractic physician will furnish such records or copies of the records as directed by the patient within 30 days. A notation indicating the items transferred, date of transfer and method of transfer will be maintained in the patient record. The chiropractic physician may charge a reasonable fee for duplication of records but may not refuse to transfer records for nonpayment of any fees. A written request may be required before the transfer of the record(s), including, for example, compliance with HIPAA regulations. In certain instances, a summary of the record may be more beneficial for the future treatment of the patient; however, if a third party requests copies of the original documentation, that request must be honored.

843.8(9) Retirement or discontinuance of practice. A licensee, upon retirement, discontinuation of the practice of chiropractic, leaving a practice, or moving from a community, will:

a. Notify all active patients, in writing one month prior to discontinuation of practice. The notification will include the following information:

(1) That the licensee intends to discontinue the practice of chiropractic in the community and that patients are encouraged to seek the services of another licensee; and

(2) How patients can obtain their records, including the name and contact information of the records custodian.

b. Make reasonable arrangements with active patients for the transfer of patient records, or copies of those records, to the succeeding licensee.

For the purposes of this subrule, "active patient" means a person whom the licensee has examined, treated, cared for, or otherwise consulted with during the one-year period prior to retirement, discontinuation of the practice of chiropractic, leaving a practice, or moving from a community.

843.8(10) Recordkeeping procedures and standards will be utilized for all individuals who receive treatment from a chiropractic physician in all sites where care is provided.

843.8(11) A chiropractic physician who offers a prepayment plan for chiropractic services will:

a. Have a written prepayment policy statement that is maintained in the office and available to patients upon request. The policy statement, at a minimum, will include provisions that:

(1) Prepaid funds will not be expended until services are provided; and

(2) The patient will receive a prompt refund of any unused funds upon request. The refund will be calculated based on a defined method, which will be clearly set forth in the written prepayment policy statement.

b. Require the patient to sign and date a prepayment document that incorporates the conditions and descriptions of the written prepayment policy statement.

c. Maintain the signed and dated written prepayment policy statement in the patient's record.

[**ARC 7968C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—843.9(151) Billing procedures.

843.9(1) Chiropractic physicians will maintain accurate billing records for each patient. Records may be stored on paper or electronically. The records will contain all of the following:

a. Name, date of birth and address.

b. Diagnosis indicated with description or ICD code.

c. Services provided with description or CPT code.

d. Dates of services provided.

e. Charges for each service provided.

f. Payments made for each service and indication of the party providing payment.

g. Dates payments are made.

h. Balance due for any outstanding charges.

843.9(2) Chiropractic physicians will preserve the confidentiality of billing records.

843.9(3) Upon signed request of the patient, the chiropractic physician will furnish billing records or copies of the records as directed by the patient within 30 days. The chiropractic physician may charge a reasonable fee for duplication of records, but may not refuse to transfer records for nonpayment of any outstanding balance.

843.9(4) Each chiropractic physician is responsible for the accuracy and validity of billings submitted under the chiropractic physician's name.

843.9(5) Chiropractic physicians:

a. Who are owners, operators, members, partners, shareholders, officers, directors, or managers of a chiropractic clinic will be responsible for the policies, procedures and billings generated by the clinic.

b. Who provide clinical services are required to familiarize themselves with the clinic's billing practices to ensure that the services rendered are accurately reflected in the billings generated. In the event an error occurs that results in an overbilling, the licensee must promptly make reimbursement of the overbilling whether or not the licensee is in any way compensated for such reimbursement by an employer, agent or any other individual or business entity responsible for such error.

843.9(6) A chiropractic physician has a right to review and correct all billings submitted under the chiropractic physician's name or identifying number(s). Signature stamps or electronically generated signatures will be utilized only with the authorization of the chiropractic physician whose name or signature is designated. Such authorization may be revoked at any time in writing by the chiropractic physician.

843.9(7) Chiropractic physicians will not knowingly:

a. Increase charges when a patient utilizes a third-party payment program.

b. Report incorrect dates or types of service on any billing documents.

c. Submit charges for services not rendered.

d. Submit charges for services rendered that are not documented in a patient's record.

e. Bill patients or make claims under a third-party payer contract for chiropractic services that have not been performed.

f. Bill patients or make claims under a third-party payer contract in a manner that misrepresents the nature of the chiropractic services that have been performed.

843.9(8) For cases not involving third-party payers, nothing in this rule will prevent a chiropractic physician from providing a fee reduction for reasonable time of service or substantiated hardship cases. The chiropractic physician will document time of service or hardship case fee reduction provisions in the patient record.

843.9(9) The chiropractic physician will not enter into an agreement to waive, abrogate, or rebate the deductible or copayment amounts of any third-party payer contract by forgiving any or all of any patient's obligation for payment thereunder, except in substantiated hardship cases, unless the third-party payer is notified in writing of the fact of such waiver, abrogation, rebate, or forgiveness in accordance with the third-party payer contract. The chiropractic physician will document any hardship case fee reduction provisions in the patient record.

[**ARC 7968C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—843.10(151) Certified chiropractic assistants.

843.10(1) *Supervisory responsibilities of the chiropractic physician.*

a. The supervising chiropractic physician will ensure at all times that the certified chiropractic assistant has the necessary training and skills as required by these rules to competently perform the delegated services.

b. The supervising chiropractic physician may delegate services to a certified chiropractic assistant that are within the scope of practice of the chiropractic physician in a manner consistent with these rules. Violation of these rules will be grounds for discipline under 481—Chapter 845.

c. A chiropractic physician will not delegate to the certified chiropractic assistant the following:

(1) Services outside the chiropractic physician's scope of practice;

(2) Initiation, alteration, or termination of chiropractic treatment programs;

(3) Chiropractic manipulation and adjustments;

(4) Diagnosis of a condition.

d. A supervising chiropractic physician will ensure that a certified chiropractic assistant is informed of the supervisor and certified chiropractic assistant relationship and is responsible for all services performed by the certified chiropractic assistant.

843.10(2) *Education requirements for certified chiropractic assistants.*

a. The supervising chiropractic physician will ensure that a certified chiropractic assistant has completed a professional certification program. A certified chiropractic assistant training program will include training and instruction on the use of chiropractic physiotherapy procedures related to services to be provided by the certified chiropractic assistant. Any certified chiropractic assistant training program will be provided by an approved CCE-accredited chiropractic college, FCLB, PACE, CCCA, or a chiropractic state association.

b. Certified chiropractic assistants performing active chiropractic physiotherapy procedures are required to complete 12 hours of instruction, of which 6 hours will be clinical experience under the supervision of the chiropractic physician.

c. Certified chiropractic assistants performing passive chiropractic physiotherapy procedures are required to complete 12 hours of instruction, of which 6 hours will be clinical experience under the supervision of the chiropractic physician.

d. If both paragraphs *"b"* and *"c"* of this subrule apply, then 12 hours of instruction for active chiropractic physiotherapy procedures and 12 hours of instruction for passive chiropractic physiotherapy procedures will be required for a total of 24 hours of instruction.

e. The supervising chiropractic physician will provide a written attestation to the chiropractic college that the certified chiropractic assistant has completed the clinical experience. The college will issue a separate certificate of completion for the active or passive chiropractic training program as defined in paragraphs *"b,""c,"* and *"d"* of this subrule.

f. The chiropractic physician will maintain in the chiropractic physician's primary place of business proof of the certified chiropractic assistant's completion of the training program. Copies of such documents will be provided to the board upon request.

[**ARC 7968C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 147, 151, 272C, and 514F.

CHAPTER 844
CONTINUING EDUCATION FOR CHIROPRACTIC PHYSICIANS

[Prior to 7/24/02, see 645—Ch 43]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 44]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—844.1(151) Definitions. For the purpose of these rules, the following definitions will apply:

"Active license" means a license that is current and has not expired.

"Audit" means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

"Board" means the Iowa board of chiropractic.

"Clinical case management" means coursework pertaining to diagnosis, treatment, and appropriate referral or coordination of care.

"Continuing education" means planned, organized learning acts meeting the standards set forth in these rules, acquired during licensure, and designed to maintain, improve, or expand a licensee's knowledge and skills in order for the licensee to develop new knowledge and skills relevant to the enhancement of chiropractic practice, education, or theory development to improve the safety and welfare of the public.

"Hour of continuing education" means at least 50 minutes spent by a licensee in actual attendance at and completion of an approved continuing education activity.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period. The category of "inactive license" may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

"Independent study" means a subject/program/activity that a person pursues autonomously that meets standards for approval criteria in the rules and includes a posttest and certificate of completion.

"License" means license to practice chiropractic in Iowa.

"Licensee" means any person licensed to practice as a chiropractic physician in Iowa.

[**ARC 7969C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—844.2(272C) Continuing education requirements.

844.2(1) The biennial continuing education compliance period extends for a two-year period beginning on July 1 of each even-numbered year and ending on June 30 of each even-numbered year two years later.

844.2(2) Requirements of new licensees. Continuing education is not required in the first renewal period with the exception of two hours in the content areas of 481—Chapters 841 through 846 and Iowa Code chapter 151. Continuing education hours acquired any time from the initial licensing until the second license renewal, with the exception of two hours in the content areas of 481—Chapters 841 through 846 and Iowa Code chapter 151, may be used after the first renewal period. The new licensee will be required to complete a minimum of 40 hours of continuing education per biennium for each subsequent license renewal.

844.2(3) Hours of continuing education credit will be obtained by attending and participating in a continuing education activity as stipulated in rule.

844.2(4) Up to 50 percent of continuing education hours can be carried over into the next biennium if there was an amount of continuing education completed during the prior period that exceeded the minimum requirement. A licensee whose license is reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation. The continuing education required in subparagraphs 844.3(2)*"a"*(2), *"a"*(4), and *"a"*(5) must be completed each biennium and cannot be carried over.

844.2(5) It is the responsibility of each licensee to finance the cost of continuing education.

[**ARC 7969C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24; **ARC 9218C**, IAB 5/14/25, effective 6/18/25]

481—844.3(151,272C) Standards.

844.3(1) *General criteria.* A continuing education activity must meet the following criteria:

a. Constitute an organized program of learning that contributes directly to the professional competency of the licensee;

b. Pertain to subject matters that integrally relate to the practice of the profession;

c. Be conducted by individuals who have specialized education, training and experience concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;

d. Fulfill stated program goals, objectives, or both; and

e. Provide proof of attendance to licensees in attendance including:

(1) Date(s), location, course title, presenter(s);

(2) Number of program clock hours; and

(3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

844.3(2) *Specific criteria.*

a. Continuing education hours of credit will be obtained by completing:

(1) At least 36 hours of continuing education credit obtained from a program that directly relates to clinical case management of chiropractic patients. At least 20 of these hours will be earned by completing a program in which an instructor conducts the class by employing a traditional in-person, classroom-type presentation and the licensee is in attendance in the same room as that instructor. The remaining 16 hours of continuing education credit relating to clinical case management of chiropractic patients may be obtained by independent study, including any online instruction, that complies with conditions specified in subrule 844.3(1).

(2) A minimum of two hours per biennium in professional boundaries regarding ethical issues related to professional conduct that may include but are not limited to sexual harassment, sensitivity training and ethics.

(3) A minimum of 12 hours per biennium of continuing education in the field of acupuncture is required for licensees certified in acupuncture and may be used toward clinical case management if the chiropractic physician is actively engaged in the practice of acupuncture. Chiropractic physicians not engaged in the active practice of acupuncture may take continuing education hours in the field of acupuncture for continuing education credit.

(4) Classes on child abuse and dependent adult abuse that meet the criteria in 481—subrules 841.8(4) and 844.3(1).

(5) Two hours of continuing education credit is required in the first biennial renewal period and one hour every biennial renewal period after that in the content areas of the administrative rules related to chiropractic physicians in Iowa, found at 481—Chapters 841 through 846 and the statutory provisions specific to the practice of chiropractic in Iowa Code chapter 151.

b. Continuing education hours of credit may be obtained by:

(1) Teaching at a Council on Chiropractic Education (CCE)-approved program or board of chiropractic-approved institution. A maximum of 15 hours per biennium may be obtained for each course taught.

(2) Completing electronically transmitted programs/activities or independent study programs/activities that have a certificate of completion.

(3) Presenting a continuing education program once per biennium for the initial presentation of the program.

(4) Completing a program provided by a CCE-accredited chiropractic college in the United States, the Iowa Chiropractic Society, American Chiropractic Association or International Chiropractors Association.

(5) Completing continuing education courses/programs that are certified by the Providers of Approved Continuing Education (PACE) through the Federation of Chiropractic Licensing Boards (FCLB).

(6) Proctoring at the NBCE examination. Fifteen hours of continuing education hours per NBCE examination event may be claimed up to a maximum of 30 hours of continuing education credit per biennium. The proctoring hours may apply toward the clinical requirement.

c. Continuing education may not be obtained by completing or teaching classes in basic anatomy and physiology or undergraduate level coursework.

844.3(3) *Specific criteria for presenters.* All instructors/presenters of a continuing education activity must include, as part of the continuing education activity, verbal and written statements to the participants regarding any affiliations or employment relationships with any entity promoting, developing or marketing products, services, procedures or treatment methods.

[**ARC 7969C**, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 272C.2 and chapter 151.

CHAPTER 845
DISCIPLINE FOR CHIROPRACTIC PHYSICIANS

[Prior to 7/24/02, see 645—Ch 44]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 45]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—845.1(151,272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in rule 481—504.3(272C) when the board determines that the licensee is guilty of any of the following acts or offenses or those listed in 481—Chapter 504:

845.1(1) Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of the profession or engaging in unethical conduct or practice harmful or detrimental to the public. This includes representations utilizing the term "physical therapy" when informing the public of the services offered by the chiropractic physician unless a licensed physical therapist is performing such services. Nothing herein will be construed as prohibiting a chiropractic physician from making representations regarding physiotherapy that may be the same as, or similar to, physical therapy or physical medicine as long as treatment is appropriate as authorized in Iowa Code chapter 151. Proof of actual injury need not be established.

845.1(2) Use of untruthful or improbable statements in advertisements and marketing. Use of untruthful or improbable statements in advertisements includes but is not limited to an action by a licensee in making information or intention known to the public that is false, deceptive, misleading or promoted through fraud or misrepresentation, or representations that are likely to cause the average person to misunderstand. The term "advertisements" includes oral, written, electronic, and other types of communication disseminated by or at the direction of a licensee for the purpose of encouraging or soliciting the use of the licensee's services.

845.1(3) Violate the provisions of direct health care agreements pursuant to Iowa Code section 135N.1.

845.1(4) Failure to maintain a patient's record(s) for a minimum of six years after the date of last examination or treatment. Records for minors shall be maintained for one year after the patient reaches the age of majority (18) or six years after the date of last examination or treatment, whichever is longer. Proper safeguards shall be maintained to ensure the safety of records from destructive elements. This provision includes both clinical and fiscal records.

This rule is intended to implement Iowa Code chapters 147, 151, and 272C.

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/5/29

481—861.1(152D) Definitions. In addition to the definitions included in Iowa Code section 152D.1, the following definitions shall apply:

"Active license" means a license that is current and has not expired.

"Board" means the board of athletic training created under Iowa Code chapter 147.

"BOC" means the Board of Certification or its successor organization.

"Directing physician" means a physician who supervises the athletic training services provided by a licensed athletic trainer.

"Direction" means that a physician directs the performance of a licensed athletic trainer in the development, implementation, and evaluation of an athletic training service plan as set out in rule 481—861.6(152D). Direction shall not be construed as requiring the personal presence of that physician at each activity of the licensed athletic trainer. It is the responsibility of the licensed athletic trainer to ensure that the practice of athletic training is carried out only under the direction of a licensed physician.

"Endorsement" means the issuance of an Iowa license to practice athletic training to an applicant who is currently licensed in another state that has the same or similar qualifications to those required in Iowa.

"Grace period" means the 30-day period following expiration of a license when the license is still considered to be active. In order to renew a license during the grace period, a licensee is required to pay a late fee.

"Licensee" means any person licensed to practice as an athletic trainer in the state of Iowa.

"License expiration date" means February 28 of each odd-numbered year.

"Mandatory reporter training" means the training on identifying and reporting child abuse or dependent adult abuse as required in Iowa Code sections 323.69 and 235B.16.

"Physical reconditioning" means the part of the practice of athletic training that combines physical treatment, rehabilitation and exercise and is carried out under the orders of a physician or physician associate. Physical treatment is part of a service plan that includes but is not limited to the continued use of any of the following: cryotherapy, thermotherapy, hydrotherapy, electrotherapy, or the use of mechanical devices.

"Physician" means a person licensed to practice medicine and surgery, osteopathic medicine and surgery, osteopathy, chiropractic, or podiatry under the laws of this state.

"Reactivate" or *"reactivation"* means the process as outlined in rule 481—861.8(17A,147,272C) by which an inactive license is restored to active status.

"Reinstatement" means the process as outlined in rule 481—506.31(272C). Once the license is reinstated, the licensee may apply for active status.

[**ARC 7928C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24; Editorial change: IAC Supplement 1/22/25; Editorial change: IAC Supplement 6/10/26]

481—861.2(152D) Initial licensure.

861.2(1) Requirements for licensure. The applicant shall:

a. Submit a complete online application and pay the nonrefundable fee specified in rule 481—507.1(147,152D). If the application is not completed according to the instructions, the application will not be reviewed by the board.

b. Submit official copies of academic transcripts directly from the school to the board of athletic training. No application will be considered by the board until official copies of academic transcripts have been received.

c. Have successfully completed the BOC examination. It is the responsibility of the applicant to make arrangements to take the examination and have the official results submitted to the Iowa board of athletic training.

d. Provide verification of license from the jurisdiction in which the applicant has been most recently licensed, sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction.

861.2(2) Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:

a. Licensee's name;

b. Date of initial licensure;

c. Current licensure status; and

d. Any disciplinary actions taken against the license.

861.2(3) Licensure by endorsement. An athletic trainer applicant who holds a license from the District of Columbia or another state, territory, province or foreign country may be eligible for licensure by endorsement and may direct the BOC to submit:

a. A current certification status, or

b. A passing score on the examination of the BOCs.

861.2(4) Licensure by verification. A person who is licensed in another jurisdiction but who is unable to satisfy the requirements for licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

861.2(5) Incomplete applications that have been on file in the board office for more than two years shall be:

a. Considered invalid and shall be destroyed; or

b. Maintained upon written request of the candidate. The candidate is responsible for requesting that the file be maintained.

[**ARC 7928C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—861.3(152D) Educational qualifications.

861.3(1) An applicant for licensure to practice as an athletic trainer shall possess a baccalaureate degree or postbaccalaureate degree from a U.S. regionally accredited college or university.

861.3(2) Foreign-trained athletic trainers shall:

a. Provide an equivalency evaluation of their educational credentials by International Education Research Foundation, Inc., Credentials Evaluation Service, P.O. Box 3665, Culver City, CA 90231-3665; telephone 310.258.9451; website www.ierf.org or email at info@ierf.org. The professional curriculum must be equivalent to that stated in these rules. A candidate shall bear the expense of the curriculum evaluation. An applicant who has passed the BOC examination is exempt from this requirement.

b. Provide a copy of the certificate or diploma awarded to the applicant from an athletic training program in the country in which the applicant was educated. An applicant who has passed the BOC examination is exempt from this requirement.

c. Receive a final determination from the board regarding the application for licensure.

d. Pass the BOC examination. Official results are to be submitted directly to the board from the BOC.

861.3(3) An applicant who has relocated to Iowa from a state that did not require licensure to practice the profession may submit proof of work experience in lieu of educational and training requirements, if eligible, in accordance with rule 481—501.2(272C).

[**ARC 7928C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—861.4(152D) Examination requirements.

861.4(1) The examination required by the board shall be the BOC examination. Application and information may be obtained from the BOC Offices, 1411 Harney Street, Suite 200, Omaha, NE 68102; telephone 402.559.0091; website www.bocatc.org or email at BOC@bocatc.org.

861.4(2) The applicant has responsibility for:

a. Making arrangements to take the national examination; and

b. Arranging to have the examination scores sent directly to the board from BOC.

[**ARC 7928C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—861.5(152D) Documentation of physician direction. Each licensee must maintain documentation of physician direction. It is the responsibility of the licensee to ensure that documentation of physician direction is obtained and maintained, including the following:

1. Athletic training service plan as set out in rule 481—861.6(152D);
2. Dates and names of physician and physician associate orders or referrals;
3. Initial evaluations and assessments;
4. Treatments and services rendered, with dates; and
5. Dates of subsequent follow-up care.

[**ARC 7928C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24; Editorial change: IAC Supplement 6/10/26]

481—861.6(152D) Athletic training standards of professional practice. Athletic training service plans shall be composed of the following components as taken from the Board of Certification Standards of Professional Practice (January 2018):

861.6(1) Practice Standards.

861.6(2) Code of Professional Responsibility.

[**ARC 7928C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—861.7(147) License renewal.

861.7(1) The biennial license renewal period for a license to practice athletic training shall begin on March 1 of each odd-numbered year and end on February 28 of the next odd-numbered year. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license.

861.7(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal two years later.

861.7(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements of rule 481—862.2(152D) and the mandatory reporting requirements of subrule 861.9(4). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date.

861.7(4) Mandatory reporter training requirements.

a. A licensee who, in the scope of professional practice or in the licensee's employment responsibilities, examines, attends, counsels or treats children in Iowa shall indicate on the renewal application completion of training in child abuse identification and reporting as required by Iowa Code section 232.69(3)*"b"* in the previous three years or condition(s) for waiver of this requirement as identified in paragraph 861.7(4)*"e."*

b. A licensee who, in the course of employment, examines, attends, counsels or treats adults in Iowa shall indicate on the renewal application completion of training in dependent adult abuse identification and reporting as required by Iowa Code section 235B.16(5)*"b"* in the previous three years or condition(s) for waiver of this requirement as identified in paragraph 861.7(4)*"e."*

c. The course(s) shall be the curriculum provided by the Iowa department of health and human services.

d. The licensee shall maintain written documentation for three years after mandatory training as identified in paragraphs 861.7(4)*"a"* through *"c,"* including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements.

f. The board may select licensees for audit of compliance with the requirements in paragraphs 861.7(4)*"a"* through *"e."*

861.7(5) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

861.7(6) A person licensed to practice as an athletic trainer shall keep the license certificate and renewal displayed in a conspicuous public place at the primary site of practice.

861.7(7) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the renewal. The licensee shall be assessed a late fee as specified in 481—subrule 507.1(4). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

861.7(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as an athletic trainer in Iowa until the license is reactivated. A licensee who practices as an athletic trainer in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

[**ARC 7928C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—861.8(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee shall:

861.8(1) Submit a reactivation application on a form provided by the board.

861.8(2) Pay the reactivation fee that is due as specified in 481—Chapter 507.

861.8(3) Provide verification of current competence to practice as an athletic trainer by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification of the license from the jurisdiction in which the applicant has most recently been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 50 hours of continuing education within two years of the application for reactivation or verification of active practice, consisting of a minimum of 2,080 hours, in another state or jurisdiction during the two years preceding an application for reactivation.

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) Verification of the license from the jurisdiction in which the applicant has most recently been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 40 hours of continuing education within two years of application for reactivation; and

(3) Verification of current BOC certification.

861.8(4) Submit a sworn statement of previous practice from an employer or professional associate, detailing places and dates of employment and verifying that the applicant worked as an athletic trainer for at least 2,080 hours or taught as the equivalent of a full-time faculty member for at least one of the immediately preceding years during the last two-year time period.

[**ARC 7928C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—861.9(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with rule 481—506.31(272C) and must apply for and be granted reactivation of the license in accordance with rule 481—861.15(17A,147,272C) prior to practicing as an athletic trainer in this state.

[**ARC 7928C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 17A, 147, 152D and 272C.

CHAPTER 862
CONTINUING EDUCATION FOR ATHLETIC TRAINERS
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 352]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/5/29

481—862.1(272C) Definitions. For the purpose of these rules, the following definitions shall apply:

"Audit" means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

"Board" means the board of athletic training created under Iowa Code chapter 147.

"BOC" means the Board of Certification or its successor organization.

"Continuing education" means the same as defined in Iowa Code section 272C.1.

"Hour of continuing education" means at least 50 minutes spent by a licensee completing an approved continuing education activity through live, virtual, online or prerecorded means where the instructor provides proof of completion by the licensee as set forth in these rules.

"License" means license to practice.

"Licensee" means any person licensed to practice as an athletic trainer in the state of Iowa.

[**ARC 7929C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—862.2(152D) Continuing education requirements.

862.2(1) The biennial continuing education compliance period shall extend for a two-year period beginning on March 1 of each odd-numbered year and ending on February 28 of the next odd-numbered year. Each biennium, each person who is licensed to practice as an athletic trainer in this state will have the responsibility to finance the cost and be required to maintain BOC certification or complete a minimum of 40 hours of continuing education approved by the board.

862.2(2) Requirements for new licensees. Those persons licensed for the first time or being licensed for the first time after a temporary license shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired any time from the initial licensing until the second license renewal may be used. The new licensee will be required to maintain BOC certification or complete a minimum of 40 hours of continuing education per biennium for each subsequent license renewal.

862.2(3) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity. These hours must be in accordance with these rules.

862.2(4) Licensees who complete continuing education hours in excess of the requirements for renewal may apply up to 50 percent of the required hours to the following renewal period. Licensees may apply a maximum of 20 hours from the previous renewal period. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

[**ARC 7929C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24; **ARC 9400C**, IAB 7/9/25, effective 8/13/25]

481—862.3(152D,272C) Standards.

862.3(1) *General criteria.* A continuing education activity that meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

a. Constitutes an organized program of learning that contributes directly to the professional competency of the licensee;

b. Pertains to subject matters that integrally relate to the practice of the profession;

c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;

d. Fulfills stated program goals, objectives, or both; and

e. Provides proof of attendance to licensees in attendance including:

(1) Date(s), location, course title, presenter(s);

(2) Number of program contact hours; and

(3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

862.3(2) *Specific criteria.* Continuing education may be obtained through any of the following:

a. Completing a course provided by a BOC-approved provider of continuing education.

b. Attending workshops, conferences, or symposiums.

c. Authoring research, the results of which are published in a recognized professional publication. A licensee shall receive five hours of credit per page.

d. Presenting professional programs that meet the criteria of this chapter. Two hours of credit will be awarded for each hour of presentation. A course schedule or brochure must be maintained for audit. Presenting at a professional program does not include teaching a class at an institution of higher learning at which the applicant is regularly and primarily employed, nor does it include presentations to the lay public. A licensee may be granted no more than ten hours of continuing education credit per biennium for presenting professional programs.

e. Completing academic courses that directly relate to the professional competency of the licensee. Official transcripts indicating successful completion of academic courses that apply to the field of athletic training must be maintained for audit. Continuing education credit equivalents are as follows:

1 academic semester hour = 15 continuing education hours

1 academic trimester hour = 12 continuing education hours

1 academic quarter hour = 10 continuing education hours

[**ARC 7929C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 272C.2 and chapter 152D.

CHAPTER 863
DISCIPLINE FOR ATHLETIC TRAINERS

[Prior to 4/17/02, see 645—350.13(272C)]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 353]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/5/29

481—863.1(152D) Definitions.

"Board" means the board of athletic training.

"Discipline" means any sanction the board may impose upon licensees.

"Licensee" means a person licensed to practice as an athletic trainer in Iowa pursuant to Iowa Code chapter 152D and 481—Chapters 861 through 864.

[**ARC 7930C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—863.2(152D,272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in 481—Chapter 504 when the board determines that any of the following acts or offenses listed in such chapter or in Iowa Code section 147.55 have occurred:

863.2(1) Professional incompetency. Professional incompetency includes, but is not limited to:

a. A substantial lack of knowledge or ability to discharge professional obligations within the scope of practice.

b. A substantial deviation from the standards of learning or skill ordinarily possessed and applied by other athletic trainers in the state of Iowa acting in the same or similar circumstances.

c. A failure to exercise the degree of care that is ordinarily exercised by the average athletic trainer acting in the same or similar circumstances.

d. Failure to conform to the minimal standard of acceptable and prevailing practice of a licensed athletic trainer in this state.

863.2(2) Violation of a regulation, rule or law of this state, another state, or the United States, which relates to the practice of athletic training.

863.2(3) Failure of a licensee or an applicant for licensure in this state to report any voluntary agreements restricting the individual's practice of athletic training in another state, district, territory or country.

863.2(4) Knowingly aiding, assisting, or advising a person to unlawfully practice as an athletic trainer.

863.2(5) Representing oneself as a licensed athletic trainer when one's license has been suspended or revoked, or when one's license is on inactive status.

[**ARC 7930C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 147, 152D and 272C.

CHAPTER 864
ADOPTION OF UNIFORM AND MODEL RULES
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 354]

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/28/29

481—864.1(17A,272C) Board of athletic training adoption of uniform and model rules. The board hereby adopts by reference the following:

864.1(1) to **864.1(9)** Reserved.

864.1(10) Model rules for licensee review committee, 481—Chapter 505.

This rule is intended to implement Iowa Code chapter 272C.

BOARD OF BEHAVIORAL HEALTH PROFESSIONALS

CHAPTER 880
BEHAVIORAL HEALTH PROFESSIONALS LICENSING

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/13/30

481—880.1(148,154B,154C,154D) Definitions. For purposes of these rules, the following definitions shall apply:

"Active license" means a license that is current and has not expired.

"AMFTRB" means the Association of Marital and Family Therapy Regulatory Boards.

"ASPPB" means the Association of State and Provincial Psychology Boards.

"ASWB" means the Association of Social Work Boards.

"BACB" means the Behavior Analyst Certification Board.

"Board" means the board of behavioral health professionals.

"CCE" means the Center for Credentialing and Education, Inc.

"Certified health service provider in psychology" means a person who works in a clinical setting, who is licensed to practice psychology and who has a doctoral degree in psychology. A person certified as a health service provider in psychology shall be deemed qualified to diagnose or evaluate mental illness and nervous disorders.

"Course" means three graduate semester credit hours.

"DCI" means the division of criminal investigation.

"Department" means the department of inspections, appeals, and licensing.

"FBI" means the Federal Bureau of Investigation.

"Grace period" means the 30-day period following expiration of a license when the license is still considered to be active.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period.

"NACES" means the National Association of Credential Evaluation Services.

"NBCC" means the National Board for Certified Counselors.

"Provisional license" means a license issued to a person who is completing a predoctoral internship or postdoctoral residency under supervision in order to satisfy the requirements for licensure.

"Reactivate" or *"reactivation"* means the process as outlined in rules 481—880.11(272C) and 481—880.14(17A,147,272C) by which an inactive license is restored to active status.

"Reinstatement" means the process as outlined in rule 481—506.31(272C) by which a licensee who has had a license suspended or revoked or who has voluntarily surrendered a license may apply to have the license reinstated, with or without conditions. Once the license is reinstated, the licensee may apply for active status.

"Temporary license" means a license to practice marital and family therapy or mental health counseling under direct supervision of a qualified supervisor as determined by the board by rule to fulfill the postgraduate supervised clinical experience requirement in accordance with this chapter.

[**ARC 9401C**, IAB 7/9/25, effective 8/13/25; **ARC 0556D**, IAB 9/2/26, effective 10/7/26]

481—880.2(154B,154C,154D) License requirements.

880.2(1) *Requirements for permanent and temporary licensure as a mental health counselor or marriage and family therapist.* The following criteria shall apply to licensure:

a. The applicant shall submit a completed online application for licensure and pay the nonrefundable licensure fee specified in rule 481—507.3(147,154D).

b. The applicant for a mental health counseling license shall submit required waivers and fingerprints pursuant to the board-approved process to facilitate a national criminal history background check by the DCI and the FBI. The cost of the criminal history background check by the DCI and the FBI shall be assessed to the applicant.

c. No application will be considered by the board until official copies of academic transcripts sent directly from the school to the board have been received by the board or an equivalency evaluation

completed by the CCE has been received by the board. The applicant shall present proof of meeting the educational requirements. Documentation of such proof shall be on file in the board office with the application and include one of the following:

(1) For licensure as a marital and family therapist, an official transcript verifying completion of a marital and family therapy program accredited by the Commission on Accreditation for Marriage and Family Therapy Education (COAMFTE) as defined in paragraph 880.4(1)*"a"* or an equivalency evaluation of the applicant's educational credentials completed by the CCE as defined in paragraph 880.4(1)*"b."*

(2) For licensure as a mental health counselor, an official transcript verifying completion of a mental health counseling program accredited by the Council on Accreditation of Counseling and Related Educational Programs (CACREP) as defined in paragraph 880.4(2)*"a"* or an equivalency evaluation of the applicant's educational credentials completed by the CCE as defined in paragraph 880.4(2)*"b."*

d. The applicant is required to take the examination(s) provided in subrule 880.3(1).

e. The applicant for permanent licensure shall submit the required attestation of supervision forms documenting clinical experience as required in rule 481—880.7(154D).

f. The applicant for temporary licensure must submit a supervision plan to the board prior to licensure. Within 30 days of completion of the supervised clinical experience, the attestation of the completed supervised experience must be submitted to the board office. The temporary licensee shall remain under supervision until a permanent license is issued.

g. A temporary license is only valid for the purpose of fulfilling the postgraduate supervised clinical experience requirement. It is valid for three years and may be renewed at the discretion of the board.

h. A licensee who was issued an initial permanent license within six months prior to the renewal shall not be required to renew the license until the renewal date two years later.

i. An application for a temporary or permanent license will be considered active for two years from the date the application is received. If the applicant does not submit all materials within this time period or if the applicant does not meet the requirements for the license, the application shall be considered incomplete. An applicant whose application is filed incomplete must submit a new application, supporting materials, and the application fee. The board shall destroy incomplete applications after two years.

880.2(2) *Licensure of behavior analysts and assistant behavior analysts.*

a. The applicant must submit a completed application for licensure and pay the nonrefundable licensure fee specified in rule 481—507.3(147,154D).

b. For licensure as a behavior analyst, the applicant shall submit proof of current BACB certification as a board-certified behavior analyst or board-certified behavior analyst-doctoral. For licensure as an assistant behavior analyst, the applicant shall submit proof of current BACB certification as a board-certified assistant behavior analyst.

880.2(3) *Requirements for initial psychology licensure.* The following criteria shall apply to licensure:

a. The applicant must submit a completed application for licensure and pay the nonrefundable licensure fee specified in rule 481—507.16(147,154B).

b. Except as otherwise stated in these rules, no application will be considered by the board until:

(1) Official copies of academic transcripts sent directly from the school to the board have been received by the board; and

(2) Satisfactory evidence of the candidate's qualifications has been supplied in writing on the prescribed forms by the candidate's supervisors.

c. An applicant shall successfully pass the national Examination for Professional Practice in Psychology (EPPP).

d. The applicant shall have the national examination score sent directly from the ASPPB to the board.

e. Incomplete applications that have been on file in the board office for more than two years without additional supporting documentation shall be:

(1) Considered invalid and shall be destroyed; or

(2) Maintained upon written request of the applicant. The applicant is responsible for requesting that the file be maintained.

880.2(4) *Requirements for provisional license.*

a. Predoctoral internship. An applicant for a provisional license for purposes of completing a predoctoral internship shall provide the following:

(1) A completed provisional application for licensure and the nonrefundable licensure fee specified in rule 481—507.16(147,154B).

(2) A copy of the applicant's acceptance letter for the predoctoral internship.

(3) Identification of the training director and the training director's contact information.

(4) Evidence that the applicant is enrolled in an educational program that meets the requirements of rule 481—880.4(154B,154C,154D).

b. Postdoctoral residency. An applicant for a provisional license for purposes of completing a postdoctoral residency shall provide the following:

(1) A completed application for licensure and the nonrefundable licensure fee specified in rule 481—507.16(147,154B).

(2) Official copies of academic transcripts sent directly from the school establishing that the requirements stated in subrule 880.4(4) are met.

(3) A completed supervision plan on the prescribed board form, signed by the applicant's supervisors. A change in supervisor or in the supervision plan requires submission of a new supervision plan on the prescribed board form.

c. Duration. The provisional license is effective for two years from the date of issuance. A provisional license issued for purposes of completing a predoctoral internship can be used for purposes of completing a postdoctoral residency until the provisional license expires. The provisional licensee shall submit a completed supervision plan on the prescribed board form, signed by the licensee's supervisors, prior to beginning the postdoctoral residency. A change in supervisor or in the supervision plan requires submission of a new supervision plan on the prescribed board form. A provisional license may be renewed one time for a period of two years upon submission of the following:

(1) A provisional license renewal application;

(2) A provisional license renewal fee; and

(3) A current supervision plan as required in these rules.

880.2(5) *Certified health service provider in psychology.*

a. Requirements for the health service provider in psychology. The applicant shall:

(1) Verify at least one year of clinical experience in an organized health service training program that meets the requirements of paragraph 880.2(5)*"b"* and at least one year of clinical experience in a health service setting that meets the requirements for postdoctoral residency stated in rule 481—880.8(154B). Alternatively, an applicant may submit verification of current registration at the doctoral level by the National Register of Health Service Psychologists to verify completion of the required clinical experience.

(2) Submit a completed application and nonrefundable application fee along with supporting documentation. Incomplete applications that have been on file in the board office for more than two years without additional supporting documentation shall be:

1. Considered invalid and shall be destroyed; or

2. Maintained upon written request of the applicant. The applicant is responsible for requesting that the file be maintained.

(3) Renew the certificate biennially at the same time as the psychology license.

b. Requirements of the organized health service training program. Internship programs in professional psychology that are accredited by the American Psychological Association (APA) or the Canadian Psychological Association (CPA) or that hold membership in the Association of Psychology Postdoctoral and Internship Centers (APPIC) are deemed approved. Applicants completing an organized health service training program that is not accredited by the APA or the CPA, or is not APPIC-designated at the time the applicant completes the training shall cause documentation to be sent from the program to establish that the program:

(1) Provides the intern with a planned, programmed sequence of training experiences.

(2) Has a clearly designated doctoral-level staff psychologist who is responsible for the integrity and quality of the training program and is actively licensed by the board of psychology in the jurisdiction in which the program exists.

(3) Has two or more doctoral-level psychologists on the staff who serve as supervisors, at least one of whom is actively licensed by the board of psychology in the jurisdiction in which the program exists.

(4) Has supervision that is provided by staff members of the organized health service training program or by an affiliate of the organized health service training program who carries clinical responsibility for the cases being supervised. At least half of the internship supervision shall be provided by one or more doctoral-level psychologists.

(5) Provides training in a range of psychological assessment and treatment activities conducted directly with recipients of psychological services.

(6) Ensures that trainees have a minimum of 375 hours of direct patient contact.

(7) Includes a minimum of two hours per week (regardless of whether the internship is completed in one year or two years) of regularly scheduled, formal, face-to-face individual supervision with the specific intent of dealing with psychological services rendered directly by the intern. There must also be at least two additional hours per week in learning activities such as case conferences involving a case in which the intern is actively involved, seminars dealing with clinical issues, cotherapy with a staff person including discussion, group supervision, and additional individual supervision.

(8) Has training that is at the postclerkship, postpracticum, and postexternship level.

(9) Has a minimum of two interns at the internship level of training during any period of training.

(10) Designates for internship-level trainees titles such as "intern," "resident," "fellow," or other designation of trainee status.

(11) Has a written statement or brochure that describes the goals and content of the internship, states clear expectations for quantity and quality of trainees' work and is made available to prospective interns.

(12) Provides a minimum of 1,500 hours of training experience that shall be completed in no less than 12 months within a 24-consecutive-month period.

880.2(6) *Exemption to licensure.* Psychologists residing outside the state of Iowa and intending to practice in Iowa under the provisions of Iowa Code section 154B.3(5) shall complete and submit the application for the exemption to licensure and the nonrefundable licensure fee specified in rule 481—507.16(147,154B).

a. The applicant shall provide a summary of the intent to practice and a verification of the license in the applicant's jurisdiction of residence, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:

(1) Licensee's name;

(2) Date of initial licensure;

(3) Current licensure status; and

(4) Any disciplinary action taken against the license.

b. The exemption must be issued prior to practice in Iowa. The exemption shall be valid for 10 consecutive business days or not to exceed 15 business days in any 90-day period.

880.2(7) *Requirements for social work licensure.* The following criteria shall apply to licensure:

a. The applicant must submit a completed application for licensure and pay the nonrefundable licensure fee specified in rule 481—507.19(147,154C).

b. The applicant for a social worker license shall submit required waivers and fingerprints pursuant to the board-approved process to facilitate a national criminal history background check by the DCI and the FBI. The cost of the criminal history background check by the DCI and the FBI shall be assessed to the applicant.

c. No application will be considered by the board until official copies of academic transcripts have been received by the board except as provided in paragraph 880.2(7)*"h."*

d. The applicant provides verification of license from the jurisdiction in which the applicant has most recently been licensed, sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:

(1) Licensee's name;

(2) Date of initial licensure;

(3) Current licensure status; and

(4) Any disciplinary action taken against the license.

e. The applicant will take the examination(s) provided in subrule 880.3(3).

f. Licensees who were issued their initial licenses within six months prior to the renewal shall not be required to renew their licenses until the renewal date two years later.

g. Incomplete applications that have been on file in the board office for more than two years will be:

(1) Considered invalid and be destroyed; or

(2) Maintained upon written request of the applicant. The applicant is responsible for requesting that the file be maintained.

h. In lieu of the requirements in paragraphs 880.2(7)*"c"* and *"d,"* the board will accept the ASWB Social Work Registry verification of academic transcripts and verification of licensure in other states.

[**ARC 9401C**, IAB 7/9/25, effective 8/13/25; **ARC 0556D**, IAB 9/2/26, effective 10/7/26]

481—880.3(154B,154C,154D) Examination requirements.

880.3(1) *Examination requirements for mental health counselors and marital and family therapists.* The following criteria shall apply to the written examination(s):

a. The applicant will take and pass the following examinations in order to qualify for licensing:

(1) For a marital and family therapist license, the AMFTRB Examination in Marital and Family Therapy.

(2) For a mental health counselor license, the National Clinical Mental Health Counselor Examination (NCMHCE) of the NBCC.

(3) For a temporary mental health counselor license, the NCMHCE of the NBCC or the National Counselor Examination (NCE) of the NBCC.

If the NCMHCE is passed for the temporary mental health counselor license, it does not need to be taken a second time when applying for the full mental health counselor license.

b. The passing score on the written examination shall be the passing point criterion established by the appropriate national testing authority at the time the test was administered.

c. An applicant for a marital and family therapist license who is requesting approval to take the licensure examination prior to graduation shall:

(1) Submit a completed online application for licensure and pay the nonrefundable licensure fee specified in rule 481—507.3(147,154D).

(2) Have a letter on official school letterhead sent directly from the program director to the board indicating that the applicant is in good academic standing, that the applicant will graduate from the program within three months of the date on the letter, and the applicant's anticipated date of graduation.

d. An applicant for a temporary or full mental health counselor license shall register for the examination directly with the NBCC.

880.3(2) *Psychology examination requirements.* An applicant will pass the national examination to be eligible for licensure in Iowa.

a. To be eligible to take the national examination, the applicant will:

(1) Meet all requirements of paragraphs 880.2(3)*"a"* and *"b"*; and

(2) Provide official copies of academic transcripts sent directly from the school to the board of psychology verifying completion of a doctoral degree in psychology in accordance with subrule 880.4(4).

b. The EPPP passing score shall be utilized as the Iowa passing score.

880.3(3) *Social work examination requirements.*

a. The applicant will take and pass the ASWB examination at the appropriate level as follows:

(1) Bachelor-level social worker—the basic level examination.

(2) Master-level social worker—the intermediate level examination.

(3) Independent-level social worker—the clinical level examination.

b. The board will accept only official results from the ASWB examination service that are sent directly from the examination service to the board.

c. The ASWB passing score will be utilized as the Iowa passing score.

d. An applicant may sit for the examination if the applicant meets the requirements stated in subrule 880.2(7). Upon written request of the applicant, the board may authorize a student to sit for the examination prior to the receipt of the official transcript if the student is in the last semester of an approved master of social work program. The student shall submit an application for licensure at the master level and the fee, and, in lieu of a transcript, the student shall request that the school submit a letter directly to the board office. The letter shall state that the student is currently enrolled in a master of social work program and the student's expected date of graduation. Upon completion of degree requirements, the applicant shall have the transcript showing the date of the degree sent directly from the school to the board office.

e. In lieu of the requirements in paragraph 880.3(3)*"b,"* the board will accept the ASWB Social Work Registry verification of the ASWB examination results.

f. In lieu of the requirements in paragraph 880.3(3)*"a,"* the board will accept verification of passing the state of California equivalent level licensing examination.

[**ARC 9401C**, IAB 7/9/25, effective 8/13/25]

481—880.4(154B,154C,154D) Educational requirements.

880.4(1) *Educational qualifications for marital and family therapists.* The applicant must complete the required semester credit hours, or equivalent quarter hours, of graduate level coursework in each of the content areas identified in paragraph 880.4(1)*"b"*; no course may be used more than once. The applicant must present proof of completion of the following educational requirements for licensure as a marital and family therapist:

a. Accredited program. Applicants must present with the application an official transcript verifying completion of a master's degree of 60 semester hours (or 80 quarter hours or equivalent) or a doctoral degree in marital and family therapy from a program accredited by the COAMFTE from a college or university accredited by an agency recognized by the United States Department of Education. Applicants who entered a program of study prior to July 1, 2010, must present with the application an official transcript verifying completion of a master's degree of 45 semester hours or the equivalent; or

b. Content-equivalent program. Applicants must present an official transcript verifying completion of a master's degree of 60 semester hours (or 80 quarter hours or equivalent) or a doctoral degree in marital and family therapy, behavioral science, or a counseling-related field from a college or university accredited by an agency recognized by the United States Department of Education, which is content-equivalent to a graduate degree in marital and family therapy. Applicants who entered a program of study prior to July 1, 2010, must present with the application an official transcript verifying completion of a master's degree of 45 semester hours or the equivalent. Graduates from non-COAMFTE-accredited marital and family therapy programs shall provide an equivalency evaluation of the graduates' educational credentials by the CCE, website cce-global.org.

880.4(2) *Educational qualifications for mental health counselors.* The applicant must complete three semester credit hours, or equivalent quarter hours, of graduate level coursework in each of the content areas identified in paragraph 880.4(2)*"b"*; no course may be used to fulfill more than one content area. The applicant must present proof of completion of the following educational requirements for licensure as a mental health counselor:

a. Accredited program. Applicants must present with the application an official transcript verifying completion of a master's degree of 60 semester hours (or equivalent quarter hours) or a doctoral degree in counseling with emphasis in mental health counseling from a mental health counseling program accredited by the CACREP from a college or university accredited by an agency recognized by the United States Department of Education. Applicants who entered a program of study prior to July 1, 2012, must present with the application an official transcript verifying completion of a master's degree of 45 semester hours or the equivalent; or

b. Content-equivalent program. Applicants must present an official transcript verifying completion of a master's degree or a doctoral degree from a college or university accredited by an agency recognized by the United States Department of Education that is content-equivalent to a master's degree in counseling with emphasis in mental health counseling. Graduates from non-CACREP accredited mental health counseling programs shall provide an equivalency evaluation of their educational credentials by the CCE, website cce-global.org.

880.4(3) *Foreign-trained marital and family therapists or mental health counselors.* Foreign-trained marital and family therapists or mental health counselors shall:

a. Provide an equivalency evaluation of their educational credentials by the following: International Education Research Foundation, Inc., Credentials Evaluation Service, P.O. Box 3665, Culver City, CA 90231-3665; telephone 310.258.9451; website www.ierf.org or email at info@ierf.org. A candidate shall bear the expense of the curriculum evaluation.

b. Receive a final determination from the board regarding the application for licensure.

880.4(4) *Psychology educational qualifications.* An applicant for licensure to practice as a psychologist shall possess a doctoral degree in psychology.

a. At the time of an applicant's graduation:

(1) The program from which the doctoral degree in psychology is granted must be:

1. Accredited by the APA;
2. Accredited by the Canadian Psychological Association; or
3. Designated by the ASPPB/National Register; or

(2) The applicant must hold current board certification from the American Board of Professional Psychology; or

(3) The applicant must possess a postdoctoral respecialization certificate from a program accredited by the APA.

b. Foreign-trained psychologists who possess a doctoral degree in psychology and who do not meet the requirements of paragraph 880.4(4)*"a"* will:

(1) Provide an equivalency evaluation of their educational credentials by the National Register of Health Service Psychologists, 1200 New York Avenue NW, Suite 800, Washington, D.C. 20005, telephone 202.783.7663, website www.nationalregister.org, or by an evaluation service with membership in the National Association of Credential Evaluation Services at www.naces.org. A certified translation of documents submitted in a language other than English shall be provided. The candidate will bear the expense of the curriculum evaluation and translation of application documents. The educational credentials must be equivalent to programs stated in paragraph 880.4(4)*"a."*

(2) Submit evidence of meeting all other requirements for licensure stated in these rules.

880.4(5) *Social work educational qualifications.*

a. Bachelor level social worker. An applicant for a license will possess a bachelor's degree in social work from a college or university accredited by the Council on Social Work Education at the time of graduation.

b. Master and independent level social worker. An applicant for a license will present evidence satisfactory to the board that the applicant:

(1) Possesses a master's degree in social work from a college or university accredited by the Council on Social Work Education at the time of graduation; or

(2) Possesses a doctoral degree in social work from a college or university approved by the board at the time of graduation.

c. Foreign-trained social workers shall provide an equivalency evaluation of their educational credentials by International Education Research Foundation, Inc., Credentials Evaluation Service, P.O. Box 3665, Culver City, California 90231-3665, telephone 310.258.9451, website www.ierf.org or email at info@ierf.org; obtain a certificate of equivalency from the Council on Social Work Education, 1701 Duke Street, Suite 200, Alexandria, Virginia 22314-3457, telephone 703.683.8080, website www.cswe.org; or obtain a certificate of equivalency from an evaluation service with membership in NACES at www.naces.org or a credential evaluation service approved by the board. The professional curriculum must be equivalent to that stated in these rules. The applicant shall bear the expense of the curriculum evaluation.

[**ARC 9401C**, IAB 7/9/25, effective 8/13/25; **ARC 0556D**, IAB 9/2/26, effective 10/7/26]

481—880.5(154D) Licensure by endorsement for mental health counselors and marital and family therapists. An applicant who has been a licensed marriage and family therapist or mental health counselor under the laws of another jurisdiction may file an application for licensure by endorsement with the board office.

880.5(1) The board may receive by endorsement any applicant from the District of Columbia or another state, territory, province or foreign country who:

a. Meets the requirements of paragraph 880.2(1)*"a"*; and

b. Provides verification of license from the jurisdiction in which the applicant has been most recently licensed, sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:

(1) Licensee's name;

(2) Date of initial licensure;

(3) Current licensure status; and

(4) Any disciplinary action taken against the license.

880.5(2) A person who is licensed in another jurisdiction but who is unable to satisfy the requirements for licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

[**ARC 9401C**, IAB 7/9/25, effective 8/13/25]

481—880.6(147) Licensure by endorsement for psychologists. An applicant who possesses a doctoral degree in psychology and has been a licensed psychologist at the doctoral level under the laws of another jurisdiction may file an application for licensure by endorsement with the board office.

880.6(1) The board may license by endorsement any applicant from the District of Columbia or another state, territory, province, or foreign country who:

a. Submits a completed application for licensure and pay the nonrefundable licensure fee specified in rule 481—507.16(147,154B).

b. Provides verification of license from the jurisdiction in which the applicant has most recently been licensed, and additional verifications if necessary to verify at least three years of an independent license as described in paragraph 880.6(1)*"c"* sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:

(1) Licensee's name;

(2) Date of initial licensure;

(3) Current licensure status; and

(4) Any disciplinary action taken against the license.

c. Provides verification of a current Certificate of Professional Qualification (CPQ) issued by the ASPPB, or verification of a doctoral degree in psychology and an independent license to practice psychology in another jurisdiction for at least three years with no disciplinary history. Except as stated in paragraph 880.4(4)*"b,"* applicants providing certification or verification are deemed to have met the requirements stated in subparagraphs 880.6(1)*"c"*(1) and *"c"*(2). The board may license by endorsement any other applicant who:

(1) Provides the official EPPP score sent directly to the board from the ASPPB or verification of the EPPP score sent directly from the state of initial licensure. The recommended passing score established by the ASPPB shall be considered passing.

(2) Shows evidence of licensure requirements that are substantially equivalent to those required in Iowa by one of the following means:

1. Provides:

- Official copies of academic transcripts that have been sent directly from the school; and
- Satisfactory evidence of the applicant's qualifications in writing on the prescribed forms by the applicant's supervisors. If verification of professional experience is not available, the board may consider submission of documentation from the jurisdiction in which the applicant is currently licensed or equivalent documentation of supervision; or

2. Has an official copy of one of the following certifications sent directly to the board from the certifying organization:

- Current credentialing at the doctoral level as a health service provider in psychology by the National Register of Health Service Psychologists.
- Board certification by the American Board of Professional Psychology that was originally granted on or after January 1, 1983.

880.6(2) Licensure by verification. A person who is licensed in another jurisdiction but who is unable to satisfy the requirements for licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

[**ARC 9401C**, IAB 7/9/25, effective 8/13/25]

481—880.7(154C,154D) Supervised clinical experience. An applicant for licensure as a mental health counselor, marital and family therapist, or independent level social worker must complete a supervised clinical experience as set forth in this rule.

880.7(1) *Minimum requirements.* The supervised clinical experience must satisfy all of the following requirements:

a. Timing. The supervised clinical experience cannot begin until after all graduate coursework has been completed with the exception of the thesis.

b. Duration. The supervised clinical experience must be for a minimum of two years.

c. Minimum number of hours. The supervised clinical experience must consist of at least 3,000 hours of total practice.

d. Minimum number of direct client hours. The supervised clinical experience will consist of at least 1,500 hours of direct client contact.

e. Minimum number of direct supervision hours. The supervised clinical experience will consist of at least 110 hours of direct supervision equitably distributed throughout the supervised clinical experience. A maximum of 50 hours of direct supervision may be obtained through group supervision. Direct supervision can occur in person or by using videoconferencing. After 110 hours of direct supervision are complete, ongoing direct supervision will continue to occur for the remainder of the supervised clinical experience.

f. Number of supervisors. A supervisee may utilize a maximum of four supervisors at any given time. A supervisee is responsible for notifying each supervisor if another supervisor is also being utilized to allow for coordination as appropriate.

g. Number of supervisees. A supervisor will determine the number of supervisees who can be supervised safely and competently and will not exceed that number.

h. Content. The supervised clinical experience must involve performing psychosocial assessments, diagnostic practice using the current edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM-5-TR) published March 2022, and providing treatment, including the establishment of treatment goals, psychosocial therapy using evidence-based therapeutic modalities, and differential treatment planning. The supervised clinical experience will prepare the supervisee for independent practice and must include training on practice management, ethical standards, legal and regulatory requirements, documentation, coordination of care, and self-care.

880.7(2) *Eligible supervisors.* A supervisor must satisfy all of the following requirements:

a. Hold an active license as an independent level social worker, mental health counselor, or marital and family therapist in Iowa.

b. Have a minimum of three years of independent practice.

c. Have completed at least a six-hour continuing education course in supervision or one graduate-level course in supervision.

d. Be knowledgeable of the applicable ethical code and licensing rules governing the supervisee. Any request for a supervisor who does not meet these requirements must be approved by the board before supervision begins.

880.7(3) *Supervision plan.* Prior to beginning supervision, the supervisee will submit a written supervision plan to the board using the current form published by the board. The supervisee will also submit a written supervision plan to the board prior to beginning supervision with a new supervisor.

880.7(4) *Supervision report.* When supervision is complete, or when a supervisor ceases providing supervision to the supervisee, the supervisee will ensure a completed supervision report using the current form published by the board is submitted to the board. If the supervisor reports that the supervisee is

not adequately prepared for independent licensure, or reports violations of the board's rules or applicable ethical code, the board may require the supervisee to complete additional supervision or training as deemed appropriate prior to licensure.

880.7(5) *Supervised clinical experience in other states.* An applicant who completed some or all of the supervised clinical experience in another state without obtaining licensure in that state should contact the board to determine whether some or all of the supervised clinical experience that has been completed can be used to qualify for licensure in Iowa.

880.7(6) *Grandfather clause.* Any new or additional requirements imposed by this rule do not apply to supervision that started prior to July 20, 2022.

[**ARC 9401C**, IAB 7/9/25, effective 8/13/25]

481—880.8(154B) Psychology postdoctoral residency.

880.8(1) The postdoctoral residency may begin after all academic requirements for the doctoral degree, including completion of the predoctoral internship, have been completed. The postdoctoral residency shall consist of a minimum of 1,500 hours that are completed in no less than ten months.

880.8(2) During the postdoctoral residency, the supervisee will competently apply the principles of psychology under the supervision of a licensed psychologist who is actively licensed in the jurisdiction where the supervision occurs in accordance with the following:

a. The supervisee and supervisor will complete a supervision plan using the form provided by the board. The supervision plan must be submitted to the board if the supervisee is applying for or utilizing a provisional license.

b. A supervisor will not have more than three concurrent full-time supervisees or the equivalent in part-time supervisees. Full-time is defined as 40 hours per week.

c. The supervisee and supervisor will meet individually in person or via videoconferencing during each week in which postdoctoral residency hours are accrued, for no less than a total of 45 hours during the postdoctoral residency. Group supervision hours cannot count toward the 45 hours of individual supervision required.

d. The supervisor will provide supervision at all times, which means the supervisor will be readily available on site, or via electronic or telephonic means, at all times when the supervisee is providing services so that the supervisee may contact the supervisor for advice, assistance, or instruction. A supervisor will identify one or more licensed mental health providers who can be contacted for advice, assistance, or instruction during times in which the supervisor will not be readily available.

e. The supervisee and supervisor will have a crisis plan in place any time the supervisee is providing services and the supervisor is not on site in the same physical setting as the supervisee.

f. The supervisor will establish and maintain a level of supervisory contact consistent with established professional standards and be fully accountable in the event that professional, ethical or legal issues are raised.

g. The supervisor will provide training that is appropriate to the functions to be performed. The supervisee shall have the background, training, and experience that is appropriate to the functions performed. The supervisor shall not permit the supervisee to engage in any psychological practice that the supervisor cannot perform competently.

h. The supervisor and supervisee will ensure clients are informed regarding the supervisee's status and the sharing of information between the supervisee and supervisor.

i. The supervisor will have reasonable access to the clinical records corresponding to the work being supervised. The supervisor will countersign all written reports, clinical records and clinical communications as "Reviewed and Approved" by the supervisor.

j. All services will be offered in the name of the supervisor. The supervisee and supervisor will ensure that the supervisee uses a title in accordance with rule 481—880.17(147,154B).

k. The fee schedule and receipt of payment will remain the sole domain of the supervisor or employing agency.

l. The supervisor will maintain an ongoing record of supervision that details the types of activities in which the supervisee is engaged, the level of the supervisee's competence in each, and the type and outcome of all procedures.

m. The supervisor is responsible for determining the competency of the work performed by the supervisee and must honestly and accurately complete the supervision report at the conclusion of providing supervision.

[**ARC 9401C**, IAB 7/9/25, effective 8/13/25]

481—880.9(154B) Psychologists' supervision of persons other than postdoctoral residents in a practice setting.

880.9(1) This rule applies when a psychologist is supervising individuals who are not licensed or who are provisionally licensed and completing the predoctoral internship. This rule does not apply to supervision of an individual completing a postdoctoral residency in accordance with rule 481—880.17(147,154B), regardless of whether the individual is provisionally licensed or not.

880.9(2) The supervising psychologist will:

a. Be vested with administrative control over the functioning of assistants in order to maintain ultimate responsibility for the welfare of every client. When the employer is a person other than the supervising psychologist, the supervising psychologist must have direct input into administrative matters.

b. Have sufficient knowledge of all clients, including face-to-face contact when necessary, in order to plan effective service delivery procedures. The progress of the work will be monitored through such means as will ensure that full legal and professional responsibility can be accepted by the supervisor for all services rendered. Supervisors will also be available for emergency consultation and intervention.

c. Provide work assignments that are commensurate with the skills of the supervisee. All procedures will be planned in consultation with the supervisor.

d. Work in the same physical setting as the supervisee unless the supervisee is receiving formal training pursuant to the requirements for licensure as a psychologist. For supervisees working off site while receiving formal licensure training, ensure the off-site location has a licensed mental health provider or primary care provider on site whenever the supervisee is working for purposes of providing emergency consultation.

e. Make public announcement of services and fees; contact with laypersons or the professional community will be offered only by or in the name of the supervising psychologist. Titles of unlicensed persons must clearly indicate their supervised status.

f. Provide specific information to clients when an unlicensed person delivers services to those clients, including disclosure of the unlicensed person's status and information regarding the person's qualifications and functions.

g. Inform clients of the possibility of periodic meetings with the supervising psychologist at the client's, the supervisee's or the supervisor's request.

h. Provide for setting and receipt of payment that will remain the sole domain of the employing agency or supervising psychologist.

i. Establish and maintain a level of supervisory contact consistent with established professional standards and be fully accountable in the event that professional, ethical or legal issues are raised.

j. Provide a detailed job description in which functions are designated at varying levels of difficulty, requiring increasing levels of training, skill and experience. This job description will be made available to representatives of the board and service recipients upon request.

k. Be responsible for the planning, course, and outcome of the work. The conduct of supervision shall ensure the professional, ethical, and legal protection of the client and of the unlicensed persons.

l. Countersign all written reports, clinical records and clinical communications as "Reviewed and Approved" by the supervising psychologist.

[**ARC 9401C**, IAB 7/9/25, effective 8/13/25]

481—880.10(147) License renewal for mental health counselors and marriage and family therapists.

880.10(1) The biennial license renewal period for a license to practice marital and family therapy or mental health counseling shall begin on October 1 of an even-numbered year and end on September 30 of the next even-numbered year. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license.

880.10(2) A licensee seeking renewal shall:

a. Meet the continuing education requirements of rule 481—881.2(272C). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date. An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the next renewal two years later.

c. Complete a compact eligibility review. This rule applies to mental health counselor licensees who were licensed prior to enactment of this rule unless this was completed at the time of initial licensure. In order to complete the compact eligibility review, at or prior to the licensee's next renewal, the licensee must submit required waivers and fingerprints pursuant to the board-approved process to facilitate a national criminal history background check. The cost for the evaluation of the fingerprint packet and the DCI and the FBI criminal history background checks will be assessed to the applicant. The board may withhold issuing a license pending receipt of a report from the DCI and the FBI.

880.10(3) Mandatory reporter training requirements.

a. A licensee who, in the scope of professional practice or in the licensee's employment responsibilities, examines, attends, counsels or treats children in Iowa shall indicate on the renewal application completion of two hours of training in child abuse identification and reporting as required by Iowa Code section 232.69(3)*"b"* in the previous three years or condition(s) for waiver of this requirement as identified in paragraph 880.10(3)*"d."*

b. A licensee who, in the course of employment, examines, attends, counsels or treats adults in Iowa shall indicate on the renewal application completion of two hours of training in dependent adult abuse identification and reporting as required by Iowa Code section 235B.16(5)*"b"* in the previous three years or condition(s) for waiver of this requirement as identified in paragraph 880.10(3)*"d."*

c. The licensee shall maintain written documentation for five years after mandatory training as identified in paragraphs 880.10(3)*"a"* and *"b,"* including program date(s), content, duration, and proof of participation.

d. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in 481—Chapter 500.

e. The board may select licensees for audit of compliance with the requirements in paragraphs 880.10(3)*"a"* through *"d."*

880.10(4) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

880.10(5) A person licensed to practice as a marital and family therapist or mental health counselor shall keep the person's license certificate and wallet card displayed in a conspicuous public place at the primary site of practice.

880.10(6) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the wallet card. The licensee shall be assessed a late fee as specified in 481—subrule 507.3(3). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

880.10(7) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but shall not practice mental health counseling or marital and family therapy in Iowa until the license is reactivated. A licensee who practices mental health counseling or marital and family therapy in

the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

[**ARC 9401C**, IAB 7/9/25, effective 8/13/25; **ARC 0556D**, IAB 9/2/26, effective 10/7/26]

481—880.11(272C) Initial licensing, reactivation, and license renewal for behavior analysts and assistant behavior analysts.

880.11(1) An initial license for a behavior analyst or assistant behavior analyst shall be issued with the same expiration date as the applicant's current certification issued by BACB.

880.11(2) The biennial license renewal period for a behavior analyst or assistant behavior analyst shall run concurrent with the licensee's BACB certification. Each license renewed shall be given the expiration date that is on the licensee's current BACB certification. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license.

880.11(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements required by BACB to renew a certification.

b. Maintain current certification as a board-certified behavior analyst, board-certified behavior analyst-doctoral, or board-certified assistant behavior analyst issued by BACB.

c. Submit the completed renewal application and renewal fee before the license expiration date.

880.11(4) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a license. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

880.11(5) A person licensed as a behavior analyst or assistant behavior analyst shall keep the person's license certificate and renewal displayed in a conspicuous public place at the primary site of practice.

880.11(6) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the renewal. The licensee shall be assessed a late fee as specified in 481—subrule 507.3(5). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

880.11(7) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but shall not engage in the practice of applied behavior analysis for which a license is required in Iowa until the license is reactivated. A licensee who practices applied behavior analysis in a capacity that requires licensure in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

880.11(8) Reactivation. To apply for reactivation of an inactive license, a licensee shall submit a completed renewal application and proof of current certification and shall be assessed a reactivation fee as specified in 481—subrule 507.3(6).

[**ARC 9401C**, IAB 7/9/25, effective 8/13/25]

481—880.12(147) Psychology license renewal.

880.12(1) The biennial license renewal period for a license to practice psychology shall begin on July 1 of even-numbered years and end on June 30 of the next even-numbered year. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license.

880.12(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal date two years later.

880.12(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements of rule 481—881.2(272C) and the mandatory reporting requirements of subrule 880.12(4). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date.

880.12(4) Mandatory reporter training requirements.

a. A licensee who, in the scope of professional practice or in the licensee's employment responsibilities, examines, attends, counsels or treats children in Iowa shall indicate on the renewal application completion of two hours of training in child abuse identification and reporting as required by Iowa Code section 232.69(3)*"b"* in the previous three years or condition(s) for waiver of this requirement as identified in paragraph 880.12(4)*"e."*

b. A licensee who, in the course of employment, examines, attends, counsels or treats adults in Iowa shall indicate on the renewal application completion of training in dependent adult abuse identification and reporting as required by Iowa Code section 235B.16(5)*"b"* in the previous three years or condition(s) for waiver of this requirement as identified in paragraph 880.12(4)*"e."*

c. The course(s) shall be the curriculum provided by the department of health and human services.

d. The licensee shall maintain written documentation for three years after mandatory training as identified in paragraphs 880.12(4)*"a"* through *"c,"* including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in rule 481—500.9(272C).

f. The board may select licensees for audit of compliance with the requirements in paragraphs 880.12(4)*"a"* through *"e."*

880.12(5) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

880.12(6) A person licensed to practice as a psychologist shall keep the person's license certificate and renewal displayed in a conspicuous public place at the primary site of practice.

880.12(7) Late renewal.

a. The license shall become late when the license has not been renewed by the expiration date on the renewal. The licensee shall be assessed a late fee as specified in 481—subrule 507.16(3).

b. To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

880.12(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa but shall not practice as a psychologist or health service provider in psychology in Iowa until the license is reactivated. A licensee who practices as a psychologist or health service provider in psychology in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

[**ARC 9401C**, IAB 7/9/25, effective 8/13/25]

481—880.13(154C) Social work license renewal.

880.13(1) The biennial license renewal period for a license to practice social work will begin on January 1 of odd-numbered years and end on December 31 of the next even-numbered year. Every licensee will renew on a biennial basis. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice does not relieve the licensee of the responsibility for renewing the license.

880.13(2) Renewal procedures.

a. A licensee seeking renewal will:

(1) Meet the continuing education requirements of rule 481—881.2(272C) and the mandatory reporting requirements of subrule 880.13(3); and

(2) Submit the completed renewal application and renewal fee before the license expiration date.

b. Those persons licensed for the first time will not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired anytime from the initial licensing until the second license renewal may be used. The new licensee will be required to complete a minimum of 27 hours of continuing education per biennium for each subsequent license renewal.

c. Persons licensed to practice social work shall keep their renewal licenses displayed in a conspicuous public place at the primary site of practice.

d. Failure to receive the notice of renewal will not relieve the licensee of the responsibility for submitting the required materials and the renewal fee to the board office 30 days before license expiration.

e. A social worker whose Iowa license is delinquent, closed, retired, voluntarily surrendered, suspended, or revoked cannot advance to a higher level until the license is again active.

880.13(3) Mandatory reporter training requirements.

a. A licensee who, in the scope of professional practice or in the licensee's employment responsibilities, examines, attends, counsels or treats children in Iowa shall indicate on the renewal application completion of two hours of training in child abuse identification and reporting as required by Iowa Code section 232.69(3)*"b"* in the previous three years or condition(s) for waiver of this requirement as identified in paragraph 880.13(3)*"e."*

b. A licensee who, in the course of employment, examines, attends, counsels or treats adults in Iowa shall indicate on the renewal application completion of training in dependent adult abuse identification and reporting as required by Iowa Code section 235B.16(5)*"b"* in the previous three years or condition(s) for waiver of this requirement as identified in paragraph 880.13(3)*"e."*

c. The course(s) shall be the curriculum provided by the department of health and human services.

d. The licensee shall maintain written documentation for three years after mandatory training as identified in paragraphs 880.13(3)*"a"* through *"c,"* including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in rule 481—500.9(272C).

f. The board may select licensees for audit of compliance with the requirements in paragraphs 880.13(3)*"a"* through *"e."*

880.13(4) Late renewal. To renew a late license, the licensee will complete the renewal requirements and submit the late fee within the grace period.

880.13(5) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but shall not practice as a social worker in Iowa until the license is reactivated. A licensee who practices as a social worker in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

880.13(6) Upon receiving the information required by this rule and the required fee, board staff will administratively issue a two-year license. In the event the board receives adverse information on the renewal application, the board will issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

[**ARC 9401C**, IAB 7/9/25, effective 8/13/25]

481—880.14(17A,147,272C) License reactivation for mental health counselors, marital and family therapists, psychologists, and social workers. To apply for reactivation of an inactive license, a licensee shall:

880.14(1) Submit a reactivation application.

880.14(2) Pay the reactivation fee that is due as specified in 481—Chapter 507.

880.14(3) Provide verification of license from the jurisdiction in which the applicant has been most recently licensed, sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification directly from the jurisdiction's board office if the verification provides:

a. Licensee's name;

b. Date of initial licensure;

c. Current licensure status; and

d. Any disciplinary action taken against the license.

880.14(4) For mental health counseling and marriage and family therapy licenses:

a. Provide verification of a current active license in another jurisdiction at the time of application, or

b. Provide verification of completion of continuing education taken within two years prior to the application for reactivation.

(1) If the license has been inactive for less than five years, the applicant must submit verification of 40 hours of continuing education.

(2) If the license has been inactive for more than five years, the applicant must submit verification of 80 hours of continuing education.

c. If the mental health counseling license has been inactive for two or more years and the licensee cannot provide verification of active practice, consisting of a minimum of 2,080 hours, in another state or jurisdiction during the two years preceding an application for reactivation, submit required waivers and fingerprints pursuant to the board-approved process to facilitate a national criminal history background check. The cost for the evaluation of the fingerprint packet and the DCI and the FBI criminal history background checks will be assessed to the licensee. The board may withhold reactivation of a license pending receipt of a report from the DCI and the FBI.

880.14(5) For psychology licenses, provide verification of a current active license in another jurisdiction at the time of application or verification of completion of continuing education taken within two years of the application. If the license has been inactive for less than five years, the applicant must submit verification of 40 hours of continuing education, and if the license has been inactive for more than five years, the applicant must submit verification of 80 hours of continuing education.

880.14(6) For social work licenses, provide:

a. Verification of completion of 27 hours of continuing education within two years of application for reactivation or verification of active practice, consisting of a minimum of 2,080 hours, in another state or jurisdiction during the two years preceding an application for reactivation.

b. If the license has been on inactive status for more than five years, the verification in paragraph 880.14(6)*"a"* and one of the following:

(1) Verification of passing the ASWB examination within the last five years at the appropriate or higher level as follows:

1. Bachelor-level social worker—the bachelor's level examination;
2. Master-level social worker—the master's level examination; or
3. Independent-level social worker—the clinical level examination.

(2) Verification of continued social work practice at the appropriate or higher level in another state for a minimum of two years immediately preceding the application for reactivation.

(3) If the social work license has been inactive for two or more years and the licensee cannot provide verification of active practice, in accordance with subparagraph 880.14(6)*"b"*(2), in another state or jurisdiction during the two years preceding an application for reactivation, required waivers and fingerprints pursuant to the board-approved process to facilitate a national criminal history background check. The cost for the evaluation of the fingerprint packet and the DCI and the FBI criminal history

background checks will be assessed to the applicant. The board may withhold issuing a license pending receipt of a report from the DCI and the FBI.
[**ARC 0556D**, IAB 9/2/26, effective 10/7/26]

481—880.15(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with rule 481—506.31(272C) and must apply for and be granted reactivation of the license in accordance with rule 481—880.14(17A,147,272C) prior to practicing in this state.
[**ARC 9401C**, IAB 7/9/25, effective 8/13/25]

481—880.16(154C) Social work services subject to regulation. Social work, marital and family therapy, and mental health counseling services provided to an individual in this state through telephonic, electronic or other means, regardless of the location of the practitioner, shall constitute the practice of the profession and are subject to regulation in Iowa.
[**ARC 9401C**, IAB 7/9/25, effective 8/13/25]

481—880.17(147,154B) Psychology title designations.

880.17(1) Students who are enrolled in an education program that satisfies the requirements of subrule 880.4(4) and who are completing the predoctoral internship may be designated "psychology intern" or "intern in psychology."

880.17(2) Applicants for licensure who have met educational requirements and who are completing the postdoctoral residency to be eligible for licensure may be designated "psychology resident," "resident in psychology," "psychology postdoctoral fellow," or "postdoctoral fellow in psychology." The designation of "resident" shall not be used except during a postdoctoral residency that meets the requirements of rule 481—880.8(154B).

880.17(3) Persons who possess provisional licenses shall add the designation "provisional license in psychology" following the "resident," "intern," or "fellow" designation.
[**ARC 9401C**, IAB 7/9/25, effective 8/13/25]

481—880.18(147) Professional counselor licensing compact. The rules of the Counseling Compact Commission are incorporated by reference. A mental health counselor may engage in the practice of licensed mental health counseling in Iowa without a license issued by the board if the individual has a current compact privilege to practice in Iowa issued by the counseling compact. The state fee for issuance of a compact privilege to practice in Iowa shall be $60, which will be collected by the counseling compact. The state fee for issuance of a compact privilege to practice in Iowa shall be waived for an active-duty military member or spouse of an individual who is an active-duty military member. A mental health counselor who practices mental health counseling in Iowa using a compact privilege is subject to the rules governing licensees in this chapter and in 481—Chapters 881, 882, 884, and 885. Complaints, investigations, and disciplinary proceedings involving a compact privilege shall be handled in accordance with Iowa Code chapters 17A, 147H, and 272C and 481—Chapters 503, 504, and 506.

This rule is intended to implement Iowa Code chapter 147H.
[**ARC 9401C**, IAB 7/9/25, effective 8/13/25; **ARC 0556D**, IAB 9/2/26, effective 10/7/26]

481—880.19(147) Professional social work licensure compact (SWLC). The rules of the SWLC are incorporated by reference. A social worker may engage in the practice of licensed social work in Iowa without a license issued by the board if the individual has a current compact privilege to practice in Iowa issued by the SWLC. The state fee for issuance of a compact privilege to practice in Iowa shall be $60, which will be collected by the SWLC. The state fee for issuance of a compact privilege to practice in Iowa shall be waived for an active duty military member or spouse of an individual who is an active duty military member. A social worker who practices social work in Iowa using a compact privilege is subject to the rules governing licensees in this chapter and in 481—Chapters 881, 882, 884, and 885. Complaints, investigations, and disciplinary proceedings involving a compact privilege shall be handled in accordance with Iowa Code chapters 17A, 147I, and 272C and 481—Chapters 503, 504, and 506.

This rule is intended to implement Iowa Code chapter 147I.

481—880.20(154D) Temporary licensees. A temporary licensee shall engage only in the practice of marital and family therapy or mental health counseling as part of an agency or group practice with oversight over the temporary licensee. The agency or group practice shall have at least one independently licensed mental health provider. A temporary licensee shall not practice as a solo practitioner or solely with other temporary licensees.

CHAPTER 881
CONTINUING EDUCATION FOR MARITAL AND FAMILY THERAPISTS, MENTAL HEALTH COUNSELORS, SOCIAL WORKERS, AND PSYCHOLOGISTS

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/13/30

481—881.1(272C) Definitions. For the purpose of these rules, the following definitions will apply:

"Active license" means the license is current and has not expired.

"Approved program/activity" means a continuing education program/activity meeting the standards set forth in these rules.

"Audit" means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

"Board" means the board of behavioral health professionals.

"Continuing education" means planned, organized learning acts designed to maintain, improve, or expand a licensee's knowledge and skills in order for the licensee to develop new knowledge and skills relevant to the enhancement of practice, education, or theory development to improve the safety and welfare of the public.

"Hour of continuing education" means at least 50 minutes spent by a licensee in actual attendance at and completion of an approved continuing education activity.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period. The category of "inactive license" may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

"Independent study" means a continuing education program or activity that a licensee pursues autonomously that includes a posttest and meets the general criteria in subrule 881.2(9).

"License" means license to practice.

"Licensee" means any person licensed to practice marital and family therapy, mental health counseling, social work, or psychology in the state of Iowa.

"Practice of psychology" means the application of established principles of learning, motivation, perception, thinking, psychophysiology and emotional relations to problems, behavior, group relations, and biobehavior by persons trained in psychology for compensation or other personal gain. The application of principles includes but is not limited to counseling and the use of psychological remedial measures with persons, in groups or individually, with adjustment or emotional problems in the areas of work, family, school and personal relationships. The practice of psychology also means measuring and testing personality, mood-motivation, intelligence/aptitudes, attitudes/public opinion, and skills; the teaching of such subject matter; and the conducting of research on the problems relating to human behavior.

[**ARC 9404C**, IAB 7/9/25, effective 8/13/25]

481—881.2(272C) Continuing education requirements.

881.2(1) The biennial continuing education compliance period for mental health counselors and marriage and family therapists shall extend for a 25-month period beginning on September 1 of the even-numbered year and ending on September 30 of the next even-numbered year. Each biennium, each person who is licensed to practice as a mental health counselor or marriage and family therapist in this state is required to complete a minimum of 40 hours of continuing education that meets the requirements of this chapter.

881.2(2) The biennial continuing education compliance period for psychologists shall extend for a two-year period beginning on July 1 of even-numbered years and ending on June 30 of even-numbered years. Each biennium, each person who is licensed to practice as a psychologist in this state shall be required to complete a minimum of 40 hours of continuing education approved by the board.

881.2(3) The biennial continuing education compliance period for social workers extends for a two-year period beginning on January 1 of each odd-numbered year and ending on December 31 of the next even-numbered year. Each biennium, each person who is licensed to practice as a social worker in this state will be required to complete a minimum of 27 hours of continuing education approved by the board.

881.2(4) Requirements for new mental health counselor, marriage and family therapist, and psychology licensees. Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired any time from the initial licensing until the second license renewal may be used. A new mental health counselor, marriage and family therapist, or psychology licensee will be required to complete a minimum of 40 hours of continuing education per biennium for each subsequent license renewal. A new social work licensee will be required to complete a minimum of 27 hours of continuing education per biennium for each subsequent license renewal.

881.2(5) No hours of continuing education are required to renew a provisional license.

881.2(6) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity. These hours must be in accordance with these rules.

881.2(7) Up to 50 percent of continuing education can be carried over into the next biennium if there was an amount of continuing education completed during the prior period that exceeded the minimum requirement. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

881.2(8) It is the responsibility of each licensee to finance the cost of continuing education.

881.2(9) General criteria. A continuing education activity that meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

a. Constitutes an organized program of learning that contributes directly to the professional competency of the licensee;

b. Pertains to subject matters that integrally relate to the practice of the profession;

c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;

d. Fulfills stated program goals, objectives, or both; and

e. Provides proof of attendance to licensees in attendance including:

(1) Date, location, course title, presenter(s);

(2) Number of program contact hours; and

(3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

881.2(10) Specific marriage and family therapy and mental health counseling criteria.

a. Continuing education hours of credit may be obtained by completing the following:

(1) Attendance at workshops, conferences, symposiums and webinars.

(2) Academic courses. Official transcripts indicating successful completion of academic courses that apply to the field of mental health counseling or marital and family therapy, as appropriate, will be necessary in order to receive the following continuing education credits:

1 academic semester hour = 15 continuing education hours

1 academic quarter hour = 10 continuing education hours

(3) Independent study courses that meet the general criteria in subrule 881.2(9).

(4) Any of the following activities, not to exceed a combined total of 20 hours:

1. Presenting professional programs that meet the criteria in subrule 881.2(9). Two hours of credit will be awarded for each hour of presentation. A course schedule or brochure must be maintained for audit. Presenting at a professional program does not include teaching a class at an institution of higher learning at which the applicant is regularly and primarily employed. Presentations to lay public are excluded.

2. Scholarly research or other activities, the results of which are published in a recognized professional publication such as a refereed journal, monograph or conference proceedings. The scholarly research must be integrally related to the practice of the professions.

3. Publication in a refereed journal. The article in a refereed journal for which the licensee is seeking continuing education credit must be integrally related to the practice of the professions.

4. Teaching in an approved college, university, or graduate school. The licensee may receive credit on a one-time basis for the first offering of the course.

5. Authoring papers, publications, and books. The licensee will receive 5 hours of credit per page with a maximum of 20 hours of credit.

6. Serving on a state or national professional board. The licensee will receive a maximum of three hours of credit.

b. Additional criteria includes the following:

(1) Three hours of the 40 continuing education hours will be in ethics.

(2) Effective with the biennial continuing education compliance period that begins October 1, 2022, persons serving in a supervisory role must complete three hours of continuing education in supervision.

(3) Effective July 1, 2019, a licensee who regularly examines, attends, counsels or treats adults in Iowa shall complete, within six months of employment or prior to the expiration of a current certification, an initial two-hour course in dependent adult abuse training for mandatory reporters offered by the department of health and human services. Thereafter, all mandatory reporters shall take a one-hour recertification training every three years, prior to the expiration of a current certification.

(4) Effective July 1, 2019, a licensee who regularly examines, attends, counsels or treats children in Iowa shall complete, within six months of employment or prior to the expiration of a current certification, an initial two-hour course in child abuse training for mandatory reporters offered by the department of health and human services. Thereafter, all mandatory reporters shall take a one-hour recertification training every three years, prior to the expiration of a current certification.

881.2(11) Specific psychology criteria.

a. For the second license renewal, licensees shall obtain six hours of continuing education pertaining to the practice of psychology in either of the following areas: Iowa mental health laws and regulations, or risk management.

b. For all renewal periods following the second license renewal, licensees shall obtain six hours of continuing education pertaining to the practice of psychology in any of the following areas: ethical issues, federal mental health laws and regulations, Iowa mental health laws and regulations, or risk management. For all board members, a maximum of two of these hours may be obtained by providing service as a member of the board as follows:

(1) One hour of credit for attendance and participation at a minimum of three regular quarterly board meetings during the license biennium, or

(2) Two hours of credit for attendance and participation at a minimum of six regular quarterly board meetings during the license biennium.

c. A licensee may obtain the remainder of continuing education hours of credit by:

(1) Completing training to comply with mandatory reporter training requirements as specified in 481—subrule 880.10(3). Hours reported for credit shall not exceed the hours required to maintain compliance with required training.

(2) Attending programs/activities that are sponsored by the American Psychological Association or the Iowa Psychological Association.

(3) Attending workshops, conferences, or symposiums that meet the criteria in subrule 881.2(9).

(4) Completing academic coursework that meets the criteria set forth in these rules. Continuing education credit equivalents are as follows:

1 academic semester hour = 15 continuing education hours

1 academic quarter hour = 10 continuing education hours

(5) Completing home study courses for which a certificate of completion is issued.

(6) Completing electronically transmitted courses for which a certificate of completion is issued.

(7) Conducting scholarly research, the results of which are published in a recognized professional publication. In order to claim such credit, the licensee must attest to the hours actually spent conducting research, demonstrate that the research is integrally related to the practice of psychology, explain how the research advances the licensee's knowledge in the field, and provide the published work.

(8) Preparing new courses on material that is integrally related to the practice of psychology and is beyond entry level. In order to claim such credit, the licensee must: attest that the licensee has not taught the course in the past or that the licensee has not substantially altered the course content; request a specific amount of continuing education credit; describe how the course is integrally related to the practice of the

profession and advances the licensee's knowledge in the field; and supply a course syllabus that supports the licensee's request for credit.

(9) Presenting to other professionals. A licensee may receive credit on a one-time basis for presenting continuing education programs that meet the criteria of subrule 881.2(9). Two hours of credit will be awarded for each hour of presentation.

d. A combined maximum of 30 hours of credit per biennium may be used for scholarly research, preparation of new courses, and presentations to other professionals.

881.2(12) Specific social work criteria. Continuing education hours of credit can be obtained by completing:

a. Coursework pertaining to one of the following content areas:

(1) Human behavior.

1. Theories and concepts of the development of human behavior in the life cycle of individuals, families and the social environment;
2. Community and organizational theories;
3. Normal, abnormal and addictive behaviors;
4. Abuse and neglect; and
5. Effects of culture, race, ethnicity, sexual orientation and gender.

(2) Assessment and treatment.

1. Psychosocial assessment/interview;
2. Utilization of the current edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM-5-TR) of the American Psychiatric Association, published March 2022;
3. Theoretical approaches and models of practice—individual, couple, and family therapy and group psychotherapy;
4. Establishing treatment goals and monitoring progress;
5. Techniques of social work practice; and
6. Interdisciplinary consultation and collaboration.

(3) Social work research, program evaluation, or practice evaluation.

(4) Management, administration, and social policy.

1. Organizational policies and procedures;
2. Advocacy and prevention in social work practice;
3. Management of social work staff and other personnel; and
4. Management of social work programs.

(5) Theories and concepts of social work education.

(6) Social work ethics as they pertain to the rules of conduct.

(7) An area, as demonstrated by the licensee, that directly relates to the licensee's individual practice as a social worker. The licensee will submit for consideration by the board a specific explanation of how the program relates to the licensee's individual practice setting as a social worker.

b. A minimum of three hours per biennium in social work ethics.

c. Academic coursework that meets the criteria set forth in the rules. Continuing education equivalents are as follows:

1 academic semester hour = 15 continuing education hours

1 academic quarter hour = 10 continuing education hours

d. Programs designed for the purpose of enhancing the licensee's administrative, management or other clinical skills.

e. Activities/programs that are sponsored or approved by:

(1) ASWB Approved Continuing Education (ACE) program; or

(2) National Association of Social Workers (NASW) Continuing Education Unit (CEU) Approval Program.

f. Pro bono or volunteer work that meets the following criteria:

(1) A licensee may earn a maximum of 3 of the required 27 hours of continuing education for credit during one biennium by performing pro bono or volunteer services for indigent, underserved populations or in areas of critical need within the state of Iowa. Such services must be approved in advance by the board.

(2) A licensee will apply for prior approval of pro bono or volunteer services by sending a letter to the board indicating that the following requirements will be met:

1. The site for these services is identified including information about the clients, the services that will be offered, how they will be performed and the learning objectives.

2. A contract will be established between licensee and client(s), and each party will be aware that the services are being provided without charge.

3. The services will be subject to all the legal responsibilities and obligations related to the licensee's profession.

4. The licensee will keep records and files of these client services pursuant to this rule.

5. A representative from the site for pro bono or volunteer services must provide a letter stating that these services are to be performed by the licensee.

6. Upon review, the licensee will receive a letter from the board indicating prior approval for these pro bono or volunteer services that will be done for continuing education credit.

7. Following completion of such services:

- The licensee must provide the board a letter stating that the services were performed as planned.
- The representative from the site must provide a letter indicating such completion.

g. Instruction of a course at an approved college, university or graduate school of social work. A licensee may receive credit on a one-time basis, not to exceed three hours of continuing education credit per biennium.

h. Instruction, presentation, or moderation of continuing education programs. A licensee may receive credit on a one-time basis, not to exceed three hours of continuing education credit per biennium, for programs at which the licensee is actually in attendance for the complete program, provided the licensee receives a certificate of attendance in compliance with this rule.

i. Authorship of professional papers, publications or books and preparation of presentations and exhibits. A presentation must be made before a professional audience. Presentations may receive credit on a one-time basis for the article, publication, book or preparation of a presentation or exhibit, not to exceed three hours of continuing education credit per biennium.

j. Supervision of a social work practicum student(s) from an accredited social work education program. A licensee may receive one credit for every 100 hours supervised, not to exceed 6 hours of continuing education credit per biennium.

k. For licensure at the independent level for supervisors, three hours of continuing education in supervision.

[**ARC 9404C**, IAB 7/9/25, effective 8/13/25]

These rules are intended to implement Iowa Code chapters 154B, 154C, 154D and 272C.

[Filed ARC 9404C (Notice ARC 8876C, IAB 2/19/25), IAB 7/9/25, effective 8/13/25]

CHAPTER 882
DISCIPLINE FOR MARITAL AND FAMILY THERAPISTS, MENTAL HEALTH COUNSELORS, BEHAVIOR ANALYSTS, PSYCHOLOGISTS, AND SOCIAL WORKERS

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/13/30

481—882.1(154D,272C) Mental health counselors, marriage and family therapists, and behavioral analysts—grounds for discipline. The board may impose any of the disciplinary sanctions provided in Iowa Code section 272C.3 when the board determines that the licensee is guilty of any of the following acts or offenses or those listed in 481—Chapter 504:

882.1(1) Failure to comply with the national association's code of ethics.

a. Marital and family therapists. Failure to comply with the current American Association for Marriage and Family Therapy (AAMFT) Code of Ethics revised January 2015, which is hereby adopted by reference. Copies of the Code of Ethics may be obtained from the AAMFT's website.

b. Mental health counselors. Failure to comply with the current Code of Ethics of the American Counseling Association (ACA) published 2014, which is hereby adopted by reference. Copies of the Code of Ethics may be obtained from the ACA website.

c. Behavior analysts and assistant behavior analysts. Failure to comply with the current Behavior Analyst Certification Board (BACB) Professional and Ethical Compliance Code for Behavior Analysts published January 2023, which is hereby adopted by reference. Copies of the Professional and Ethical Compliance Code may be obtained from the BACB website.

882.1(2) Sexual relationships.

a. Current clients. A licensee shall not engage in sexual activities or sexual contact with a client, regardless of whether such contact is consensual or nonconsensual.

b. Former clients. A licensee shall not engage in sexual activities or sexual contact with a former client within the five years following termination of the client relationship. A licensee shall not engage in sexual activities or sexual contact with a former client, regardless of the length of time elapsed since termination of the client relationship, if the client has a history of physical, emotional, or sexual abuse or if the client has ever been diagnosed with any form of psychosis or personality disorder or if the client is likely to remain in need of therapy due to the intensity or chronicity of a problem.

c. A licensee shall not engage in sexual activities or sexual contact with a client's or former client's spouse or significant other.

d. A licensee shall not engage in sexual activities or sexual contact with a client's or former client's relative within the second degree of consanguinity (client's parent, grandparent, child, grandchild, or sibling) when there is a risk of exploitation or potential harm to a client or former client.

e. A licensee shall not provide clinical services to an individual with whom the licensee has had prior sexual contact.

882.1(3) Physical contact. A licensee shall not engage in physical contact with a client when there is a possibility of psychological harm to the client as a result of the contact. A licensee who engages in appropriate physical contact with a client is responsible for setting clear, appropriate, and culturally and age-sensitive boundaries that govern such contact.

[**ARC 9402C**, IAB 7/9/25, effective 8/13/25]

481—882.2(147,272C) Psychologists—grounds for discipline. The board may impose any of the disciplinary sanctions provided in Iowa Code section 272C.3 when the board determines that the licensee is guilty of the following offense or those listed in 481—Chapter 504: failure to comply with the Ethical Principles of Psychologists and Code of Conduct of the American Psychological Association, as published in the December 2002 edition of American Psychologist and including amendments effective January 1, 2017, hereby adopted by reference. Copies of the Ethical Principles of Psychologists and Code of Conduct may be obtained from the American Psychological Association's website at www.apa.org.

[**ARC 9402C**, IAB 7/9/25, effective 8/13/25]

481—882.3(272C) Social workers—grounds for discipline. The board may impose any of the disciplinary sanctions provided in Iowa Code section 272C.3 when the board determines that the licensee is guilty of the following offense or those listed in 481—Chapter 504: violation of a regulation, rule, or law of this state, another state, or the United States that relates to the practice of social work, including but not limited to the rules of conduct found in rule 481—884.4(154C).

[**ARC 9402C**, IAB 7/9/25, effective 8/13/25]

These rules are intended to implement Iowa Code chapters 147, 154B, 154C, 154D and 272C.

[Filed ARC 9402C (Notice ARC 8875C, IAB 2/19/25), IAB 7/9/25, effective 8/13/25]

CHAPTER 883
PRESCRIBING PSYCHOLOGISTS

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/13/30

481—883.1(148,154B) Definitions—joint rule.

"APA" means the American Psychological Association.

"Applicant" means a psychologist applying for a conditional prescription certificate.

"Board" means the Iowa board of psychology.

"Board of medicine" means the Iowa board of medicine.

"Collaborating physician" means a person who is licensed to practice medicine and surgery or osteopathic medicine in Iowa, who regularly prescribes psychotropic medications for the treatment of mental disorders as part of the physician's normal course of practice, and who serves as a resource for a prescribing psychologist pursuant to a collaborative practice agreement. A collaborating physician shall engage in the practice of family medicine, internal medicine, neurology, pediatrics, or psychiatry.

"Conditional prescribing psychologist" means a person licensed to practice psychology in Iowa who holds an active conditional prescription certificate. This term does not include prescribing psychologists.

"Conditional prescription certificate" means a certificate issued by the board to a psychologist that permits the psychologist to prescribe psychotropic medication under the supervision of a supervising physician.

"CSA registration" means a Controlled Substance Act registration issued by the Iowa board of pharmacy authorizing a psychologist to possess and prescribe controlled substances.

"DEA registration" means a mid-level practitioner registration with the Drug Enforcement Administration authorizing a psychologist to possess and prescribe controlled substances.

"Joint rule" means a rule adopted by agreement of the board of psychology and the board of medicine through the joint rulemaking process.

"Mental disorder" means a disorder that is defined by the most recent version of the Diagnostic and Statistical Manual of Mental Disorders (DSM-5-TR) published by the American Psychiatric Association March 2022, or contained within the mental and behavioral disorders chapter of the most recent version of the International Classification of Diseases, 11th revision, effective January 1, 2022.

"Prescribing psychologist" means a person licensed to practice psychology in Iowa who holds an active prescription certificate. This term does not include conditional prescribing psychologists.

"Prescription certificate" means a certificate issued by the board to a psychologist that permits the psychologist to prescribe psychotropic medication.

"Primary care provider" means a person who engages in the practice of family medicine, internal medicine, neurology, pediatrics, obstetrics and gynecology, or psychiatry and oversees a patient's general medical care, consistent with Iowa Code section 280A.1.

"Psychologist" means a person licensed to practice psychology in Iowa.

"Psychotropic medication" means a medication that shall not be dispensed or administered without a prescription and that has been explicitly approved by the federal Food and Drug Administration for the treatment of a mental disorder, as defined by the most recent version of the Diagnostic and Statistical Manual of Mental Disorders (DSM-5-TR) published by the American Psychiatric Association March 2022, or the most recent version of the International Classification of Diseases, 11th revision, effective January 1, 2022. "Psychotropic medication" does not include narcotics.

"Supervising physician" means a person who is licensed to practice medicine and surgery or osteopathic medicine in Iowa, who regularly prescribes psychotropic medications for the treatment of mental disorders as part of the physician's normal course of practice, and who supervises a conditional prescribing psychologist. A supervising physician shall specialize in family medicine, internal medicine, neurology, pediatrics, or psychiatry.

"Training director" means an employee of the psychopharmacology training program who is primarily responsible for directing the training program.

"Training physician" means a person who is licensed to practice medicine and surgery or osteopathic medicine in Iowa, who regularly prescribes psychotropic medications for the treatment of mental disorders as part of the physician's normal course of practice, and who provides training to a psychologist as part of the clinical experience and practicum described in rule 481—883.3(148,154B). A training physician shall engage in the practice of family medicine, internal medicine, neurology, pediatrics, or psychiatry. A training physician shall be approved by the psychopharmacology training program.

[**ARC 9403C**, IAB 7/9/25, effective 8/13/25]

481—883.2(154B) Conditional prescription certificate. A conditional prescription certificate shall authorize a psychologist to prescribe psychotropic medications to patients with mental disorders under supervision in accordance with the requirements of this chapter.

883.2(1) *Application.* Unless a basis for denial exists in accordance with rule 481—883.9(154B), the board shall issue a conditional prescription certificate to an applicant who satisfies the following requirements:

a. Holds an active license to practice psychology in Iowa and an active health service provider certification issued by the board. Both the license and the health service provider certification must be in good standing.

b. Meets the educational requirements set forth in rule 481—883.3(148,154B). Official academic transcripts shall be sent directly from the school to the board.

c. Submits a supervision plan in accordance with subrule 883.4(1).

d. Possesses malpractice insurance that covers the prescribing of psychotropic medications.

e. Submits a completed application and a nonrefundable application fee of $270.

883.2(2) *Term.* A conditional prescription certificate shall be valid for a period of four years from the date of issuance. The board shall not renew a conditional prescription certificate unless a conditional prescribing psychologist cannot complete the requirements of supervised practice within four years due to extenuating circumstances. A conditional prescribing psychologist may request an extension of a conditional prescription certificate when extenuating circumstances exist to provide additional time for the requirements of supervised practice to be met.

[**ARC 9403C**, IAB 7/9/25, effective 8/13/25]

481—883.3(148,154B) Educational requirements for conditional prescription certificate—joint rule. An applicant for a conditional prescription certificate shall have completed a program of study designated by the APA as a program for the psychopharmacology training of postdoctoral psychologists. The program must have included didactic instruction, a clinical experience, and a practicum satisfying the requirements of this rule. A minimum of 40 hours of basic training on clinical assessment skills shall be included as part of the program's didactic instruction.

883.3(1) *Degree.* An applicant shall possess a postdoctoral master of science degree in clinical psychopharmacology from a program designated by the APA as a program for the psychopharmacology training of postdoctoral psychologists. The degree program must be a minimum of 30 credit hours, not including the practicum, and shall include coursework in basic science; neuroscience; clinical medicine; pathological basis of disease; clinical pharmacology; psychopharmacology; and professional, ethical and legal issues. A minimum of one-third of the coursework must be completed in a live interactive format. A program must be designated by the APA at the time the degree is conferred.

883.3(2) *Clinical experience.* An applicant shall have completed a clinical experience in accordance with the requirements of this subrule. During the clinical experience, a psychologist shall learn clinical assessment techniques and pathophysiology through direct observation and hands-on training with a training physician. During the clinical experience, a psychologist shall become competent in health history interviews, physical examinations, and neurological examinations with a medically diverse patient population. The clinical experience must be associated with the psychopharmacology training program from which the psychologist obtained the postdoctoral master of science degree in clinical psychopharmacology.

a. Scope. At the beginning of the clinical experience, the psychologist shall directly observe the training physician performing clinical assessments of patients. After the training physician determines the

psychologist has gained sufficient knowledge, the clinical experience shall transition to the psychologist's performance of clinical assessments of patients under the direct observation of the training physician. After the training physician determines the psychologist has gained sufficient knowledge and experience, the psychologist may perform clinical assessments of patients without being directly observed by the training physician, provided that the training physician is on site at all times when the psychologist is with patients and is reviewing all medical records. A psychologist and a training physician shall have ongoing discussions regarding the psychologist's clinical assessment skills and progress in the clinical experience.

b. Minimum experience. The clinical experience shall consist of a minimum of 600 patient encounters that shall be completed by the end of the practicum.

c. Conflict of interest. A training physician shall not be an employee of the psychologist or otherwise have a conflict of interest that could affect the training physician's ability to impartially evaluate the psychologist's performance. A psychologist may utilize more than one training physician.

d. Milestones. To satisfactorily complete the clinical experience, a psychologist shall demonstrate competency in each of the following:

(1) Perform a health history interview to obtain pertinent information regarding a patient's chief complaint, history of the present illness, past medical and surgical history, family history, allergies, medications, and psychosocial history. The psychologist shall perform a review of systems to elicit a health history and shall appropriately document the health history.

(2) Perform a physical examination in a logical sequence, ensuring appropriate positioning of the patient, proper patient draping, and proper application of the principles of asepsis throughout the examination. The psychologist shall verbalize and assess the components of a general survey and be able to accurately assess all of the following: vital signs, including pulse, respiration, and blood pressure; skin, hair and nails; head, face and neck; eyes; ears, nose, mouth and throat; thorax, lungs and axillae; heart; peripheral vascular system; abdomen; and musculoskeletal system. The psychologist shall be proficient in utilizing any equipment needed to conduct a physical examination.

(3) Complete a neurological examination demonstrating knowledge of the history related to the neurological system and the ability to assess the following: mental status, cranial nerves, motor system, sensory system, and reflexes. The psychologist shall differentiate normal laboratory values from abnormal laboratory values and correlate abnormal laboratory values with impaired physiological systems. The psychologist shall identify adverse drug reactions and identify laboratory data and physical signs indicating an adverse drug reaction.

e. Informed consent. At the initial contact, the psychologist shall inform the patient, or the patient's legal guardian when appropriate, of the psychologist's training role in the clinical experience. The psychologist shall provide sufficient information regarding the expectations and requirements of the clinical experience to obtain informed consent and appropriate releases. Upon request, the psychologist shall provide additional information regarding the psychologist's education, training, or experience.

f. Training documentation. The psychologist and the training director shall maintain documentation accounting for all clinical experience patient encounters, including the dates, times, and locations of all clinical experience patient encounters, and documentation of completion of the milestones defined in these rules. The applicant shall provide additional documentation to the board upon request.

g. Certification. The training physician(s) and the training director shall certify on forms provided by the board that the applicant has successfully completed the minimum number of clinical experience patient encounters required and demonstrated competence in clinical assessment techniques and pathophysiology through completion of the milestones defined in these rules.

883.3(3) *Practicum.* An applicant shall have completed a practicum in accordance with the requirements of this subrule. During the practicum, a psychologist shall develop competencies in evaluating and treating patients with mental disorders through pharmacological intervention via observation and active participation. The practicum must be associated with the psychopharmacology training program from which the applicant obtained the postdoctoral master of science degree in clinical psychopharmacology and must be completed in a period of time not less than six months and not more than three years.

a. Scope. At the beginning of the practicum, the psychologist shall directly observe the training physician evaluating and treating patients with mental disorders. After the training physician determines the psychologist has gained sufficient knowledge, the practicum shall transition to the psychologist's evaluation and treatment of patients under the direct observation of the training physician. After the training physician determines the psychologist has gained sufficient knowledge and experience, the psychologist may evaluate and treat patients without being directly observed by the training physician, provided that the training physician is on site at all times when the psychologist is with patients, has personal contact with the patient at each visit, and is reviewing all pertinent medical records. During the practicum, the training physician shall make all final treatment decisions, with consultation from the psychologist prior to making a final determination regarding the psychopharmacological treatment of a patient.

b. Minimum number of hours. A practicum shall consist of a minimum of 400 hours. Only hours spent face to face evaluating and treating patients with mental disorders and hours spent discussing treatment plans with a training physician may count as practicum hours. Time spent by the psychologist providing services that are within the scope of practice of a licensed psychologist, such as psychological examinations and psychotherapy, shall not be counted as practicum hours.

c. Minimum number of patients. A psychologist shall see a minimum of 100 individual patients throughout the practicum. A patient can be counted toward this requirement if the patient has a diagnosed mental disorder and pharmacological intervention is considered as a treatment option, even if a decision is made not to prescribe a psychotropic medication to the patient. Over the course of the practicum, the psychologist shall observe, evaluate, and treat patients encompassing a range of ages and a variety of psychiatric diagnoses.

d. Settings. At least 100 hours of the 400 hours must be completed in a psychiatric setting. At least 100 hours of the 400 hours must be completed in a primary care or community mental health setting.

e. Conflict of interest. A training physician shall not be an employee of the psychologist or otherwise have a conflict of interest that could affect the training physician's ability to impartially evaluate the psychologist's performance. A psychologist may utilize more than one training physician.

f. Milestones. To successfully complete the practicum, a psychologist shall demonstrate competency in each of the following:

(1) Physical examination and mental status examination. The psychologist shall perform comprehensive and focused physical examinations and mental status evaluations, demonstrate proper use of instruments, and recognize variation associated with developmental stages and diversity.

(2) Review of systems. The psychologist shall integrate information learned from patient reports, signs, symptoms, and a review of each major body system, recognizing normal developmental variations.

(3) Medical history interview. The psychologist shall systematically conduct a patient clinical interview, producing a patient's medical, surgical, psychiatric, and medication history, as well as a family medical and psychiatric history, and be able to communicate the findings in written and verbal form.

(4) Assessment indications and interpretation. The psychologist shall order and interpret appropriate tests (e.g., psychometric, laboratory, and radiological) for the purpose of making a differential diagnosis and monitoring therapeutic and adverse effects of treatment.

(5) Differential diagnosis. The psychologist shall determine primary and alternate diagnoses using established diagnostic criteria.

(6) Integrated treatment planning. The psychologist shall identify and select, using all available data, the most appropriate treatment alternatives, including medication, psychosocial, and combined treatments, and sequence treatment within the larger biopsychosocial context.

(7) Consultation and collaboration. The psychologist shall understand the parameters of the role of a prescribing psychologist and work with other professionals, including a patient's primary care physician, in an advisory or collaborative manner to effectively treat a patient.

(8) Treatment management. The psychologist shall apply, monitor, and modify as needed the treatment of a patient and learn to write valid and complete prescriptions.

(9) Medical documentation. The psychologist shall demonstrate appropriate medical documentation for the patient-psychologist interaction to include subjective and objective assessment; mental status,

physical examination findings, or both; formulation; diagnostic impression; and comprehensive treatment plan.

g. Informed consent. At the initial contact, the psychologist shall inform the patient, or the patient's legal guardian when appropriate, of the psychologist's training role in the practicum. The psychologist shall provide sufficient information regarding the expectations and requirements of the practicum to obtain informed consent and appropriate releases. Upon request, the psychologist shall provide additional information regarding the psychologist's education, training, or experience.

h. Training documentation. The psychologist and the training director shall maintain documentation regarding all patients observed, evaluated, and treated by the psychologist as part of the practicum. The documentation shall clearly identify the training physician for each patient. The psychologist and the training director shall maintain documentation of all practicum hours, including the dates, times, and locations of all practicum hours, and documentation of completion of the milestones defined in these rules. The applicant shall provide additional documentation to the board upon request.

i. Certification. The training physician(s) and the training director shall certify on forms provided by the board that the psychologist has successfully completed the minimum number of practicum hours, treated the minimum number of patients, and demonstrated competence in the evaluation and treatment of patients with mental disorders through pharmacological intervention through completion of the milestones defined in these rules.

883.3(4) *Examination.* A psychologist shall pass the Psychopharmacology Examination for Psychologists (PEP) administered by the APA Practice Organization's College of Professional Psychology or by the Association of State and Provincial Psychology Boards. The passing score utilized by the board shall be the passing score recommended by the test administrator. The examination score shall be sent directly from the testing service to the board.

[**ARC 9403C**, IAB 7/9/25, effective 8/13/25]

481—883.4(148,154B) Supervised practice as a conditional prescribing psychologist—joint rule. A conditional prescribing psychologist shall complete a minimum of two years of supervised practice in prescribing psychotropic medications to patients with mental disorders in accordance with this rule to be eligible to apply for a prescription certificate.

883.4(1) *Supervision plan.* Prior to issuing a conditional prescription certificate, the board shall review and approve the proposed supervision plan.

a. The proposed supervision plan must include the following:

(1) Conditional prescribing psychologist information. The plan must include the name, license number, address, telephone number, and email address of the supervisee.

(2) Supervising physician information. The plan must include the name, license number, date of licensure, area of specialization, address, telephone number, and email address of each supervising physician.

(3) Primary supervising physician. The plan must include a designation of the primary supervising physician.

(4) Period of supervision. The plan must include the beginning date of the supervision plan and estimated date of completion.

(5) Locations and settings. The plan must include a description of the locations and settings where and with whom supervision will occur.

(6) Scope of practice. The plan must include a description of the scope of practice of the conditional prescribing psychologist, including any limitations on the types of psychotropic medications that may be prescribed and the patient populations to which a prescription may be issued and including the expectations and responsibilities of the supervising physician.

(7) Release of information. The plan must include a provision requiring the conditional prescribing psychologist to obtain a release of information from all patients who are considered for psychopharmacological intervention, authorizing the conditional prescribing psychologist to share the patient's health information with the supervising physician.

(8) Consultation between the conditional prescribing psychologist and the supervising physician. The plan must include a provision requiring that the conditional prescribing psychologist consult with

the supervising physician on a regular basis regarding a patient's psychotropic treatment plan and any potential complications. A conditional prescribing psychologist shall not prescribe a new psychotropic medication, discontinue a psychotropic medication, or change the dosage of a psychotropic medication if the supervising physician objects on the basis of a contraindication.

(9) Consultation between the supervising physician and the primary care physician. The plan must include a provision requiring that the supervising physician consult with the patient's primary care physician on a regular basis regarding the patient's psychotropic treatment plan and any potential complications.

(10) Termination of the supervision plan. The plan must include a description of how the supervision plan may be terminated and the process for notifying affected patients.

(11) Signatures. The plan must include signatures of the psychologist and all supervising physicians.

b. A conditional prescribing psychologist shall inform the board of any amendments to the conditional prescribing psychologist's supervision plan, including the addition of any supervising physicians, within 30 days of the change. Amendments to a supervision plan are subject to board approval.

c. The board shall transmit all approved supervision plans and approved amendments to the board of medicine.

883.4(2) *Responsibilities of a supervising physician.* A supervising physician shall provide supervision in accordance with rules established by the board of medicine.

883.4(3) *Responsibilities of a conditional prescribing psychologist.* At the initial contact, a conditional prescribing psychologist shall inform a patient, or a patient's legal guardian when appropriate, that the conditional prescribing psychologist is practicing under the supervision of a physician for purposes of prescribing psychotropic medication and shall provide the name of the supervising physician. A conditional prescribing psychologist shall provide sufficient information regarding the supervision requirements to obtain informed consent and appropriate releases. Upon request, a conditional prescribing psychologist shall provide additional information regarding the conditional prescribing psychologist's education, training, or experience with respect to prescribing psychotropic medications.

883.4(4) *Specialization.* A conditional prescribing psychologist shall complete the following training during the supervised practice period to be eligible to prescribe psychotropic medications to the respective population as a prescribing psychologist:

a. Children. To prescribe to patients who are less than 17 years of age, a conditional prescribing psychologist shall complete at least one year of the required two years of supervised practice in either:

(1) A pediatric practice,

(2) A child and adolescent practice, or

(3) A general practice provided the conditional prescribing psychologist treats a minimum of 50 patients who are less than 17 years of age.

b. Elderly patients. To prescribe to patients who are over 65 years of age, a conditional prescribing psychologist shall complete at least one year of the required two years of supervised practice in either:

(1) A geriatric practice, or

(2) A general practice with patients across the lifespan including patients who are over 65 years of age.

c. Serious medical conditions. To prescribe to patients with serious medical conditions, including but not limited to heart disease, cancer, stroke, seizures, or comorbid psychological conditions, or patients with developmental disabilities and intellectual disabilities, a conditional prescribing psychologist shall complete at least one year prescribing psychotropic medications to patients with serious medical conditions.

883.4(5) *Completion of supervised practice.* A conditional prescribing psychologist shall see a minimum of 300 patients over a minimum of two years to complete the supervised practice period, provided each of the 300 patients has a diagnosed mental disorder and pharmacological intervention is considered as a treatment option, even if a decision is made not to prescribe a psychotropic medication to the patient. A conditional prescribing psychologist shall treat a minimum of 100 patients with psychotropic medication throughout the supervised practice period.

a. At the conclusion of the supervised practice period, a primary supervising physician shall certify the following:

(1) Supervision was provided in accordance with rules established by the board of medicine.

(2) A conditional prescribing psychologist has successfully completed two years of supervised practice, considered at least 300 patients for psychopharmacological intervention, and treated at least 100 patients with psychotropic medications.

(3) A conditional prescribing psychologist intending to specialize in the psychological care of children or elderly persons, or persons with serious medical conditions, has completed the requirements of subrule 883.4(4).

(4) A conditional prescribing psychologist has successfully completed the supervised practice period and demonstrated competence in psychopharmacology by demonstrating competency in the milestones listed in paragraph 883.3(3)*"f"* sufficient to obtain a prescription certificate.

b. If a conditional prescribing psychologist is unable to successfully complete the supervised practice period prior to the expiration of the conditional prescription certificate, the conditional prescribing psychologist may request an extension of the conditional prescription certificate provided that the conditional prescribing psychologist can demonstrate that the conditional prescribing psychologist is likely to successfully complete the supervised practice within the extended time requested. Any requests for extension must be submitted to and approved by both the board and the board of medicine.

[**ARC 9403C**, IAB 7/9/25, effective 8/13/25]

481—883.5(154B) Prescription certificate. A prescription certificate shall authorize a psychologist to prescribe psychotropic medications to patients with mental disorders in accordance with the requirements of this chapter.

883.5(1) *Application.* Unless a basis for denial exists in accordance with rule 481—883.9(154B), the board shall issue a prescription certificate to a conditional prescribing psychologist who satisfies the following requirements:

a. Holds an active license to practice psychology in Iowa, an active health service provider certification issued by the board, and an active conditional prescription certificate. The license, certification, and certificate must all be in good standing.

b. Submits documentation regarding successful completion of the supervised practice period.

c. Submits a collaborative practice agreement in accordance with rule 481—883.8(148,154B).

d. Possesses malpractice insurance that covers the prescribing of psychotropic medications.

e. Submits a completed application and a nonrefundable application fee of $60.

883.5(2) *Initial term and renewal.* An initial prescription certificate shall be valid through the current expiration date of the applicant's psychologist license. Thereafter, a prescription certificate shall be renewed biennially concurrent with the renewal of the psychologist license. A prescribing psychologist may renew a prescription certificate by submitting a completed renewal application and a nonrefundable application fee of $60. A prescribing psychologist is responsible for renewing the prescription certificate prior to its expiration.

883.5(3) *Continuing education required.* A prescribing psychologist shall complete a minimum of 20 hours of continuing education in psychopharmacology each year. A total of 40 hours of continuing education in psychopharmacology is required to renew a prescription certificate. These hours are separate from, and in addition to, the continuing education hours needed to renew a psychologist license pursuant to 481—Chapter 881. If a psychologist specializes in treating children, a minimum of 10 hours of continuing education in psychopharmacology each year, for a total of 20 hours of continuing education per renewal period, must be directly related to prescribing psychotropic medication to children.

883.5(4) *Late renewal.* A prescription certificate shall become late when it has not been renewed prior to the expiration date. To renew a late prescription certificate, a prescribing psychologist shall complete the renewal requirements and submit a late fee of $60 within 30 days following the prescription certificate expiration date. A prescribing psychologist who fails to renew a prescription certificate within 30 days following the prescription certificate expiration date shall have an inactive prescription certificate. A psychologist whose prescription certificate is inactive continues to hold the privilege of certification in Iowa but may not prescribe psychotropic medications until the prescription certificate is reactivated.

883.5(5) *Reactivation.* To apply for reactivation of an inactive prescription certificate, a psychologist shall submit a completed reactivation application, a nonrefundable fee of $60, and documentation of a minimum of 40 hours of continuing education in psychopharmacology taken within the preceding two years. If a prescription certificate has been inactive for more than five years, a psychologist shall demonstrate competence in psychopharmacology through one of the following means:

a. Practiced as a prescribing psychologist in another jurisdiction in the preceding two years.

b. Completed a period of supervised practice for a minimum of 12 months. The board may issue a conditional prescription certificate to complete a supervised practice period for purposes of prescription certificate reactivation.

[**ARC 9403C**, IAB 7/9/25, effective 8/13/25]

481—883.6(148,154B) Prescribing—joint rule. This rule applies to both conditional prescribing psychologists and prescribing psychologists. A psychologist shall comply with all prescription requirements described in rule 481—552.12(155A). The following limits apply to a psychologist's prescriptive authority:

1. A psychologist shall only prescribe psychotropic medications for the treatment of mental disorders.
2. A psychologist shall only prescribe psychotropic medications in situations where the psychologist has adequate education and training to safely prescribe.
3. A prescription shall identify the prescriber as a "psychologist certified to prescribe" and shall include the Iowa license number of the psychologist.
4. A prescription issued by a conditional prescribing psychologist shall contain the name of the supervising physician overseeing the care of the patient.
5. A psychologist shall not delegate prescriptive authority to any other person.
6. A psychologist is prohibited from prescribing narcotics as defined in Iowa Code section 124.101.
7. A psychologist shall maintain an active DEA registration and an active CSA registration in order to dispense, prescribe, or administer controlled substances.
8. A psychologist shall not self-prescribe nor prescribe to any person who is a member of the psychologist's immediate family or household.
9. Before prescribing a psychotropic medication that is classified as a controlled substance, a psychologist shall check the patient's prescriptive profile using the Iowa prescription monitoring program.
10. To prescribe to a patient who is pregnant or lactating, a psychologist shall consult with the patient's obstetrician-gynecologist or the physician managing the patient's pregnancy or postpartum care regarding all prescribing decisions. A psychologist shall not prescribe a psychotropic medication to a patient if the patient's obstetrician-gynecologist or the physician managing care objects on the basis of a contraindication.
11. To prescribe to a patient who has a serious medical condition, including but not limited to heart disease, kidney disease, liver disease, cancer, stroke, seizures, or comorbid psychological conditions, or to a patient who has a developmental or intellectual disability, a psychologist shall consult with the physician who is managing the comorbid condition for that patient regarding all prescribing decisions. A psychologist shall not prescribe a psychotropic medication if the patient's physician objects on the basis of a contraindication.
12. A psychologist shall not prescribe a new psychotropic medication, discontinue a psychotropic medication, or change the dosage of a psychotropic medication if the supervising physician or collaborating primary care provider objects on the basis of a contraindication.

[**ARC 9403C**, IAB 7/9/25, effective 8/13/25]

481—883.7(148,154B) Consultation with primary care providers—joint rule. This rule applies to both conditional prescribing psychologists and prescribing psychologists. A psychologist shall maintain a cooperative relationship with the primary care provider who oversees a patient's general medical care to ensure that necessary medical examinations are conducted, the psychotropic medication is appropriate for the patient's medical conditions, and significant changes in the patient's medical or psychological condition are discussed.

883.7(1) *Requirement for a primary care provider.* A patient must have a designated primary care provider who engages in the practice of family medicine, internal medicine, neurology, pediatrics, obstetrics and gynecology, or psychiatry in order for a psychologist to have the ability to prescribe psychotropic medications to the patient. If a patient does not have a designated primary care provider, a psychologist shall refer the patient to a primary care provider prior to prescribing psychotropic medications to the patient. A psychologist shall not prescribe psychotropic medications to a patient until the patient has established care with a primary care provider.

883.7(2) *Requirement for a release.* A psychologist shall obtain a release of information from the patient, or the patient's legal guardian when appropriate, authorizing the sharing of the patient's health information between the psychologist and the patient's primary care provider. A psychologist shall not prescribe psychotropic medications to a patient who refuses to sign a release.

883.7(3) *Cooperation and consultation with primary care provider.* A psychologist shall contact each patient's primary care provider on at least a quarterly basis and shall contact the primary care provider to relay information regarding the care of a patient whenever the following occur:

a. A psychologist is considering adding a new psychotropic medication to a patient's medication regimen. A psychologist shall not prescribe a new psychotropic medication if the patient's primary care provider objects on the basis of a contraindication.

b. A psychologist is discontinuing or changing the dosage of a psychotropic medication.

c. A patient experiences adverse effects from any medication prescribed by the psychologist that may be related to the patient's medical condition.

d. A psychologist receives the results of laboratory tests related to the medical care of a patient.

e. A psychologist notes a change in a patient's mental condition that may affect the patient's medical treatment.

[**ARC 9403C**, IAB 7/9/25, effective 8/13/25]

481—883.8(148,154B) Collaborative practice—joint rule.

883.8(1) A prescribing psychologist shall have one or more collaborating physicians at all times, as evidenced by a current collaborative practice agreement. Prior to executing a collaborative practice agreement, a prescribing psychologist and a collaborating physician shall review and discuss each other's relevant education, training, experience, and competencies to determine whether a collaborative practice is appropriate and to facilitate drafting a suitable collaborative practice agreement. A collaborative relationship between a prescribing psychologist and a collaborating physician shall ensure patient safety and optimal clinical outcomes. Collaboration may be done in person or via electronic communication in accordance with these rules. A physician shall not serve as a collaborating physician for more than two prescribing psychologists at one time. A prescribing psychologist shall not prescribe without a current written collaborative practice agreement with a collaborating physician in place. All collaborative relationships shall be reviewed and evaluated on an annual basis to ensure that the prescribing psychologist is competent to safely prescribe psychotropic medications to patients and that the collaborating physician is providing appropriate feedback to the prescribing psychologist. A collaborative practice agreement shall establish the parameters of the collaborative practice that are mutually agreed upon by the prescribing psychologist and the collaborating physician and shall be reviewed on an annual basis.

883.8(2) A collaborative practice agreement shall include the following:

a. Prescribing psychologist information. The name, license number, DEA registration number, CSA registration number, address, telephone number, email address, and practice locations of the prescribing psychologist.

b. Collaborating physician information. The name, license number, DEA registration number, CSA registration number, address, telephone number, email address, and practice locations of the collaborating physician.

c. Time period. The time period covered by the agreement.

d. Locations and settings. The locations and settings where collaborative practice will occur.

e. Collaboration. A provision indicating that the collaborating physician and prescribing psychologist shall ensure that the collaborating physician is available for timely collaboration with a prescribing psychologist, either in person or via electronic communication, in accordance with these rules.

f. Scope of practice. The scope of practice agreed upon by the collaborating physician and the prescribing psychologist, as it relates to the prescribing psychologist's prescribing of psychotropic medications, including provisions to ensure that the prescribing psychologist's practice complies with all provisions of these rules.

g. Clinical protocols, practice guidelines, and care plans. Clinical protocols, practice guidelines, and care plans relevant to the scope of practice authorized.

h. Methods of communication. A description of how a prescribing psychologist and a collaborating physician may contact each other for consultation.

i. Limitations on psychotropic medications. A description of any limitations on the range of psychotropic medications the prescribing psychologist may prescribe. The collaborative practice agreement shall also include a provision indicating that the collaborating physician and prescribing psychologist shall ensure that the prescribing psychologist only prescribes psychotropic medications that are consistent with the prescribing psychologist's education, training, experience, and competence.

j. Limitations on patient populations. A description of any limitations on the types of populations that the prescribing psychologist may treat with psychotropic medications. The collaborative practice agreement shall also include a provision indicating that the collaborating physician and prescribing psychologist shall ensure that the prescribing psychologist only provides psychopharmacology services to patient populations that are within the prescribing psychologist's education, training, experience, and competence.

k. Release of information. A provision requiring the prescribing psychologist to obtain a release of information from all patients who are considered for psychopharmacological intervention, authorizing the prescribing psychologist to share the patient's health information with the collaborating physician.

l. Chart review. A provision indicating that the collaborating physician and prescribing psychologist shall ensure that the collaborative physician personally reviews and documents review of at least 10 percent of the prescribing psychologist's patient charts on a quarterly basis in each of the following categories:

(1) Juvenile patients,
(2) Pregnant or lactating patients,
(3) Elderly patients,
(4) Patients with serious medical conditions, and
(5) All other patients.

m. Annual review. A provision requiring an annual review and evaluation of the collaborative relationship and the collaborative practice agreement.

n. Consultation between the prescribing psychologist and the collaborating physician. A provision requiring that the prescribing psychologist consult with the collaborating physician on a regular basis regarding the patient's psychotropic treatment plan and any potential complications. A prescribing psychologist shall not prescribe a new psychotropic medication, discontinue a psychotropic medication, or change the dosage of a psychotropic medication if the collaborating physician objects on the basis of a contraindication.

o. Consultation between the collaborating physician and the primary care provider. A provision requiring that the collaborating physician consult with the patient's primary care provider on a regular basis regarding the patient's psychotropic treatment plan and any potential complications.

p. Termination. A provision describing how the agreement can be terminated and the process for notifying affected patients if there will be an interruption in services.

q. Signatures. Signatures of the prescribing psychologist and all collaborating physicians.

[**ARC 9403C**, IAB 7/9/25, effective 8/13/25]

481—883.9(154B) Grounds for discipline. The board may deny, suspend, revoke, or impose other discipline as outlined in 481—Chapter 504 against a psychologist who holds a conditional prescription certificate or prescription certificate for any of the following:

883.9(1) Violating any of the grounds for discipline set forth in rule 481—882.2(147,272C).
883.9(2) The inability to safely prescribe psychotropic medications.
883.9(3) Prescribing medications in violation of rule 481—883.6(148,154B).
883.9(4) Repeatedly failing to cooperate and collaborate with primary care physicians.

883.9(5) Prescribing psychotropic medications without a current written collaborative practice agreement.

883.9(6) Failing to maintain malpractice insurance that covers the prescribing of psychotropic medications.

883.9(7) Practicing outside the scope of a collaborative practice agreement.

883.9(8) Prescribing medications while the conditional prescription certificate or prescription certificate is inactive, or prescribing controlled substances while the DEA registration or CSA registration is not current.

883.9(9) Having a conditional prescription certificate or prescription certificate disciplined by the licensing authority of another state.

883.9(10) Having a license or health service provider certification disciplined by the board or the licensing authority of another state.

[**ARC 9403C**, IAB 7/9/25, effective 8/13/25]

481—883.10(154B) List of psychologists. The board shall maintain a list of all current conditional prescribing psychologists and prescribing psychologists. The list shall be transmitted annually to the board of medicine.

883.10(1) *Information.* The list shall include the name of the psychologist, license number, license expiration date, expiration date of the conditional prescription certificate or prescription certificate, and practice locations.

883.10(2) *Additions and deletions.* When a psychologist is added or removed from the list, the board shall notify the board of medicine of the addition or deletion.

[**ARC 9403C**, IAB 7/9/25, effective 8/13/25]

481—883.11(148,154B) Complaints—joint rule. Any complaint received by the board alleging a violation of this chapter shall be forwarded to the board of medicine. Any complaint received by the board of medicine alleging a violation of this chapter shall be forwarded to the board.

[**ARC 9403C**, IAB 7/9/25, effective 8/13/25]

481—883.12(148,154B) Joint waiver—joint rule. Any rule identified as a joint rule may only be waived upon approval by both the board and the board of medicine.

[**ARC 9403C**, IAB 7/9/25, effective 8/13/25]

481—883.13(148,154B) Amendment—joint rule. Any rule identified as a joint rule may only be amended by agreement of the board and board of medicine through a joint rulemaking process.

[**ARC 9403C**, IAB 7/9/25, effective 8/13/25]

These rules are intended to implement Iowa Code chapters 148 and 154B.

[Filed ARC 9403C (Notice ARC 8877C, IAB 2/19/25), IAB 7/9/25, effective 8/13/25]

CHAPTER 884
PRACTICE OF SOCIAL WORKERS, PSYCHOLOGISTS, MARRIAGE AND FAMILY THERAPISTS, AND MENTAL HEALTH COUNSELORS

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/13/30

481—884.1(154B,154C) Definitions.

"APA" means the American Psychological Association.

"Client" means the individual, couple, family, or group to whom a licensee provides direct social work services.

"Clinical records" means records created by a licensee regarding the observation and treatment of patients, such as progress notes, but does not include psychotherapy notes.

"Clinical services" means services provided by a licensed master social worker (LMSW) or licensed independent social worker (LISW) that involve the professional application of social work theory and methods in diagnosing, assessing, treating, and preventing psychosocial disabilities or impairments, including emotional and mental disorders.

"Counseling" means a method used by licensees to assist clients in learning how to solve problems and make decisions about personal, health, social, educational, vocational, financial, and other interpersonal concerns.

"Examinee" means a person who is the subject of a forensic examination for the purpose of informing a decision maker or attorney about the psychological functioning of that examinee.

"HIPAA" means the Health Insurance Portability and Accountability Act of 1996 and related regulations promulgated thereunder.

"Patient" means an individual under the care of a licensee in a clinical role and is synonymous with the term "client."

"Personal representative" means a person authorized to act on behalf of the patient in making health care-related decisions, such as a parent or legal guardian, an individual with a health care power of attorney, an individual with a general power of attorney or durable power of attorney that includes the power to make health care decisions, or a court-appointed legal guardian.

"Psychosocial therapy" means a specialized, formal interaction between an LMSW or LISW and a client in which a therapeutic relationship is established and maintained to assist the client in overcoming or abating specific emotional, mental, or social problems and achieving specified goals for well-being. Psychosocial therapy is a form of psychotherapy that emphasizes the interface between the client and the client's environment. Therapy is a planned, structured program based on a diagnosis and is directed to accomplish measurable goals and objectives specified in the client's individual treatment plan.

"Psychotherapy notes" means notes recorded by a licensee documenting or analyzing the contents of a conversation during a private therapy session with a patient, or a group, joint, or family therapy session, that are maintained separately from the patient's clinical records. "Psychotherapy notes" excludes medication prescription monitoring, counseling session start and stop times, the modalities and frequencies of treatment furnished, results of any clinical tests, and any summary of the following items: diagnosis, functional status, treatment plan, symptoms, prognosis, and progress to date.

"Telepsychology" means the provision of psychological services using telecommunication technologies.

"Test data" means raw and scaled scores, patient responses to test questions or stimuli, and notes and recordings concerning patient statements and behavior during an examination.

"Test materials" means the test questions, scoring keys, protocols, and manuals that do not include personally identifying information about the subject of the test.

[**ARC 9410C**, IAB 7/9/25, effective 8/13/25]

481—884.2(147,154B,272C) Purpose and scope. The purpose of this rule is to set the minimum standards of practice for psychologists practicing in Iowa. The practice of psychology is occurring in Iowa if the patient or examinee is located in Iowa. Psychologists will ensure any interns or residents under supervision adhere to the minimum standards of practice and must comply with the requirements set

forth in 481—subrule 880.2(6). The APA Code of Ethics, published January 1, 2017, is applicable and enforceable to the extent it does not conflict with any standards of practice set forth in this chapter. A psychologist may be disciplined for any violation of this chapter or the APA Code of Ethics.

884.2(1) *Access to records.*

a. Clinical records generally. When records are requested along with a signed release from the patient or the patient's personal representative, a psychologist will provide requested clinical records in a timely manner unless there is a ground for denial under HIPAA (Health Insurance Portability and Accountability Act of 1996, PL No. 104-191, August 21, 1996, 110 Stat. 1936).

b. Psychotherapy notes. A psychologist is not required to release psychotherapy notes in response to a signed release; if a psychologist chooses to release psychotherapy notes, a signed release specifically authorizing the release of those notes will be provided.

c. Substance use disorder treatment programs. Psychologists who practice in a federally assisted substance use disorder treatment program, also known as a Part 2 program, are prohibited from disclosing any information that would identify a patient as having a substance use disorder unless the patient provides written consent in compliance with Part 2 requirements.

d. Clinical records of minor patients. A minor patient is a patient who is under the age of 18 and is not emancipated. A psychologist is not required to release the clinical records of a minor patient to the minor's personal representative if releasing such records is not in the minor's best interest. When a minor patient reaches the age of 18, the clinical records belong to the patient.

e. Clinical records of deceased patients. A psychologist will provide the clinical records of a deceased patient to the deceased patient's executor upon a written request accompanied by a copy of the patient's death certificate and a copy of the legal document identifying the requestor as the patient's executor.

f. Forensic records. A psychologist will provide forensic records consistent with the APA Specialty Guidelines for Forensic Psychology published January 2011.

g. Board. A psychologist shall provide clinical records, test data, or forensic records to the board as requested during the investigation of a complaint. A psychologist is not required to obtain a patient release to send such information to the board because the board is a health oversight agency.

h. Exceptions. These rules do not apply when there is a legal basis for not disclosing requested information.

884.2(2) *Psychological testing.* A psychologist may administer psychological tests and assessments to a patient or examinee if the psychologist has appropriate training for any psychological test or assessment utilized and the test or assessment is scientifically founded.

a. Use of proctors. A psychologist may delegate the administration of a standardized test, intelligence test, or objective personality assessment to an appropriately trained individual. The psychologist is responsible for supervising any proctors.

b. Release of test data. A psychologist will not provide test data to any person, with the exception that the test data with proper written release may be disclosed to a licensed psychologist designated by the patient or examinee. A psychologist who receives test data in this manner shall not further disseminate the test data.

c. Release of test materials. A psychologist shall not disclose test materials to any person, except for another licensed psychologist who has been designated in writing by the subject of a psychological test to receive the records associated with the psychological testing of the subject. A psychologist shall not disclose test materials in any administrative, judicial, or legislative proceeding.

884.2(3) *Judicial proceedings.* Prior to participating in a judicial proceeding, a psychologist will become familiar with the rules governing the proceeding. A psychologist will understand and clearly identify the psychologist's role in the proceeding.

a. Licensure. A license to practice psychology in Iowa or an exemption from licensure is not required solely to testify as an expert witness in court, if the psychologist did not personally examine the examinee. A psychologist who personally examines an examinee located in Iowa for the purpose of providing an expert opinion is required to be licensed or exempt from licensure at the time of the evaluation.

b. *Custody evaluations.* A psychologist who performs a child custody evaluation will comply with the APA Guidelines for Child Custody Evaluations in Family Law Proceedings published December 2010.

884.2(4) *Telepsychology.* A psychologist may practice telepsychology provided the following are met:

a. The psychologist must be licensed or be exempt from licensure in the jurisdiction where the patient or examinee is located.

b. Prior to initiating telepsychology with a new patient or examinee, a psychologist will take reasonable steps to verify the identity and location of the patient or examinee.

c. A psychologist will ensure informed consent for telepsychology includes a description of any limitations of services as a result of the technology utilized.

d. A psychologist will gain competency in the use of a particular technology prior to utilizing it in practice. A psychologist shall only use technologies that are secure and functioning properly.

e. A psychologist will apply the same ethical and professional standards of care and professional practice that are required when providing in-person psychological services. If the same standard of care cannot be met with telepsychology, a psychologist will not utilize telepsychology.

884.2(5) *Records.* A psychologist will complete clinical records as soon as practicable to ensure continuity of services. All clinical records shall be completed within 30 days after the service or evaluation is complete unless there are significant extenuating circumstances. Clinical records and psychotherapy notes will be retained for at least seven years after the last date of service, or until at least three years after a minor reaches the age of 18, whichever is later. Forensic records will be completed and retained consistent with the APA Specialty Guidelines for Forensic Psychology published January 2011.

481—884.3(147) Mental health counselor and marriage and family therapist recordkeeping.

884.3(1) A mental health counselor or marriage and family therapist shall maintain sufficient, timely, and accurate documentation in client records.

884.3(2) For purposes of this rule, "client" means the individual, couple, family, or group to whom a mental health counselor or marriage and family therapist provides direct clinical services.

884.3(3) A mental health counselor's or marriage and family therapist's records shall reflect the services provided, facilitate the delivery of services, and ensure continuity of services in the future.

884.3(4) Clinical services. A mental health counselor or marriage and family therapist who provides clinical services in any employment setting, including private practice, shall:

a. Store records in accordance with state and federal statutes and regulations governing record retention and with the guidelines of the mental health counselor's or marriage and family therapist's employer or agency, if applicable. If no other legal provisions govern record retention, a mental health counselor or marriage and family therapist shall store all client records for a minimum of seven years after the date of the client's discharge or death or, in the case of a minor, for three years after the client reaches the age of majority under state law or seven years after the date of the client's discharge or death, whichever is longer.

b. Maintain timely records that include subjective and objective data, an assessment, a treatment plan, and any revisions to the assessment or plan made during the course of treatment.

c. Provide the client with reasonable access to records concerning the client. A mental health counselor or marriage and family therapist who is concerned that a client's access to the client's records could cause serious misunderstanding or harm to the client shall provide assistance in interpreting the records and consultation with the client regarding the records. A mental health counselor or marriage and family therapist may limit a client's access to the client's records, or portions of the records, only in exceptional circumstances when there is compelling evidence that such access would cause serious harm to the client. Both the client's request for access and the licensee's rationale for withholding some or all of a record shall be documented in the client's records.

d. Take steps to protect the confidentiality of other individuals identified or discussed in any records to which a client is provided access.

884.3(5) Electronic recordkeeping. The requirements of this rule apply to electronic records as well as to records kept by any other means. When electronic records are kept, the mental health counselor

or marriage and family therapist shall ensure that a duplicate hard-copy record or a backup, unalterable electronic record is maintained.

884.3(6) Correction of records.

a. Hard-copy records. Original notations shall be legible, be written in ink, and contain no erasures or whiteouts. If incorrect information is placed in the original record, it must be crossed out with a single, nondeleting line and be initialed and dated by the mental health counselor or marriage and family therapist.

b. Electronic records. If a record is stored in an electronic format, the record may be amended with a signed addendum attached to the record.

884.3(7) Confidentiality and transfer of records. Marital and family therapists or mental health counselors shall preserve the confidentiality of client records in accordance with their respective rules of conduct and with federal and state law. Upon receipt of a written release or authorization signed by the client, the licensee shall furnish such therapy records, or copies of the records, as will be beneficial for the future treatment of that client. A fee may be charged for duplication of records, but a mental health counselor or marriage and family therapist shall not refuse to transfer records for nonpayment of any fees. A written request may be required before transferring the record(s).

884.3(8) Retirement, death or discontinuance of practice.

a. If a mental health counselor or marriage and family therapist is retiring or discontinuing practice and is the owner of a practice, the mental health counselor or marriage and family therapist shall notify in writing all active clients and, upon knowledge and agreement of the clients, shall make reasonable arrangements with those clients to transfer client records, or copies of those records, to the succeeding licensee.

b. Upon a mental health counselor's or marriage and family therapist's death:

(1) The mental health counselor's or marriage and family therapist's employer or representative must ensure that all client records are transferred to another licensee or entity that is held to the same standards of confidentiality and agrees to act as custodian of the records.

(2) The mental health counselor's or marriage and family therapist's employer or representative shall notify each active client that the client's records will be transferred to another licensee or entity that will retain custody of the records and that, at the client's written request, the records will be sent to the licensee or entity of the client's choice.

884.3(9) Nothing stated in this rule shall prohibit a mental health counselor or marriage and family therapist from conveying or transferring the client records to another licensed individual who is assuming a practice, provided that written notice is furnished to all clients.

[**ARC 9410C**, IAB 7/9/25, effective 8/13/25]

481—884.4(154C) Social work rules of conduct.

884.4(1) *Informed consent.*

a. A social worker will provide services to clients only in the context of a professional relationship based, when appropriate, on valid written informed consent. A social worker will use clear and understandable language to inform clients about the nature of available services, potential benefits and risks, limits and risks of confidentiality, alternative ways of receiving assistance, applicable fees, and involvement of and sharing information with third parties.

b. If a client has difficulty communicating, a social worker will attempt to ensure the client's comprehension. This may include providing the client with a detailed verbal explanation or arranging for a qualified interpreter or translator whenever possible. A social worker will provide information in a manner that is understandable and culturally appropriate for the client. Clients will be given sufficient opportunity to ask questions and receive answers about social work services, including electronic delivery of services, if appropriate.

c. If a client lacks the capacity to provide informed consent, a social worker will protect the client's interests by seeking permission from an appropriate third party and will inform the client consistent with the client's level of understanding. In such instances, a social worker will seek to ensure that the third party acts in a manner consistent with the client's wishes and interests. A social worker will take reasonable steps to enhance the client's ability to give informed consent.

d. If a client is receiving services involuntarily, a social worker will provide information about the nature and extent of services and about the extent of the client's right to refuse services.

e. The provision of social work services to an individual in this state through any electronic means, including the Internet, telephone, or the Iowa communications network or any fiberoptic media, regardless of the location of the social worker, constitutes the practice of social work in the state of Iowa and will be subject to regulation in accordance with Iowa Code chapters 147 and 154C and the administrative rules of the board. A social worker who provides services via electronic media will inform recipients of the limitations and risks associated with such services.

f. A social worker will obtain a client's informed consent before audiotaping or videotaping the client or permitting a third party to observe services provided to the client.

g. A social worker will develop policies regarding the sharing, retention, and storage of digital and other electronic communications and records and will inform clients of applicable policies.

884.4(2) *Competence.*

a. A social worker will provide services and represent oneself as competent only within the boundaries of the social worker's education, training, license, certification, consultation received, supervised experience, or other relevant professional experience.

b. A social worker will provide services in substantive areas or use intervention techniques or approaches that are new only after engaging in appropriate study, training, consultation, and supervision from people who are competent in those areas, interventions, or techniques.

c. When generally recognized standards do not exist with respect to an emerging area of practice, a social worker will exercise careful judgment and take responsible steps, including appropriate education, research, training, consultation and supervision, to ensure competence and to protect clients from harm.

884.4(3) *Supervision.*

a. A social worker will exercise appropriate supervision over persons who practice under the supervision of the social worker.

b. A social worker who provides supervision or consultation will have the necessary knowledge and skill to supervise or consult appropriately and will do so only within the social worker's areas of knowledge and competence.

c. A social worker who provides supervision or consultation is responsible for setting clear, appropriate, and culturally sensitive boundaries.

d. A social worker will not engage in any dual or multiple relationships with supervisees if there is a risk of exploitation of or potential harm to the supervisee.

e. A social worker will not engage in sexual activities or sexual contact with a supervisee, student, trainee, or other colleague over whom the social worker exercises professional or supervisory authority.

f. A social worker will not employ, assign, or supervise an individual in the performance of services that require a license if the individual has not received a license to perform the services or if the individual has a suspended, revoked, lapsed, or inactive license.

g. A social worker will not practice without receiving supervision, as needed, given the social worker's level of practice, experience, and need.

884.4(4) *Privacy and confidentiality.*

a. A social worker will not disclose or be compelled to disclose client information unless required by law, except under the following limited circumstances:

(1) Situations in which the social worker determines that disclosure is necessary to prevent serious, foreseeable, and imminent harm to the client or another specific identifiable person.

(2) Situations in which the client waives the privilege by bringing criminal, civil, or administrative charges or action against a social worker.

(3) With the written informed consent of the client that explains to whom the client information will be disclosed or released and the purpose and time frame for the release of information. If the client is deceased or unable to provide informed consent, a social worker will obtain written consent from the client's personal representative, another person authorized to sue, or the beneficiary of an insurance policy on the client's life, health, or physical condition.

(4) To testify in a court or administrative hearing concerning matters pertaining to the welfare of children.

(5) To seek collaboration or consultation with professional colleagues or administrative superiors on behalf of the client.

(6) Pursuant to a validly issued subpoena or court order.

In the event of a disclosure of information under any of the circumstances stated above, the social worker will disclose the least amount of confidential information necessary and will reveal only that information that is directly relevant to the purpose for which the disclosure is made.

b. Before the disclosure is made, on the basis of client consent or other legal basis, a social worker will inform the client, to the extent possible, about the disclosure of confidential information and the potential consequences of the disclosure.

c. A social worker will discuss with clients and other interested parties the nature of confidentiality and limitations of a client's right to confidentiality. A social worker will review with clients the circumstances under which confidential information may be requested and when disclosure of confidential information may be legally required. This discussion should occur as soon as possible in the professional relationship and as needed throughout the course of the relationship.

d. When a social worker provides counseling or psychosocial therapy services to families, couples, or groups, the social worker will seek agreement among the parties involved concerning each individual's right to confidentiality and obligation to preserve the confidentiality of information shared by others. A social worker will inform participants in family, couples, or group counseling or psychosocial therapy that the social worker cannot guarantee that all participants will honor such agreements.

e. A social worker will inform clients involved in family, couples, marital, or group counseling or psychosocial therapy of the policy of the social worker, the social worker's employer, and the agency concerning the social worker's disclosure of confidential information among the parties involved in the counseling or psychosocial therapy.

f. A social worker will not disclose confidential information to third-party payers unless a client has authorized such disclosure. A social worker will inform the client of the nature of the client information to be disclosed or released to the third-party payer.

g. A social worker will not discuss confidential information in any setting unless privacy can be ensured.

h. A social worker will protect the confidentiality of clients during legal proceedings to the extent permitted by law.

i. A social worker will protect the confidentiality of clients when the social worker is responding to requests from members of the media.

j. A social worker will protect the confidentiality of clients' written and electronic records and other sensitive information. A social worker will take reasonable steps to ensure that client records are stored in a secure location and that client records are not available to others who are not authorized to have access.

k. A social worker will take precautions to ensure and maintain the confidentiality of information transmitted to other parties through the use of computers, electronic mail, facsimile machines, telephones, telephone answering machines, and other electronic or computer technology.

l. A social worker will transfer or dispose of client records in a manner that protects client confidentiality and is consistent with federal and state statutes, rules and regulations and the guidelines of the social worker's employer or agency, if applicable.

m. A social worker will take reasonable precautions to protect client confidentiality in the event of the social worker's termination of practice, incapacitation, or death.

n. A social worker will not disclose identifying information when discussing a client for teaching or training purposes or in public presentations unless the client has consented to disclosure of confidential information.

o. A social worker will not disclose identifying information when discussing a client with consultants unless the client has consented to disclosure of confidential information or there is a compelling need for such disclosure.

p. Consistent with the preceding standards, a social worker will protect the confidentiality of deceased clients.

884.4(5) *Recordkeeping.*

a. A social worker will maintain sufficient, timely, and accurate documentation in client records. A social worker's records will reflect the services provided, facilitate the delivery of services, and ensure continuity of services in the future.

b. A social worker who provides clinical services in any employment setting, including private practice, will maintain timely records that include subjective and objective data, assessment or diagnosis, a treatment plan, and any revisions to the assessment, diagnosis, or plan made during the course of treatment.

c. A social worker who provides clinical services will store records in accordance with state and federal statutes, rules, and regulations governing record retention and with the guidelines of the social worker's employer or agency, if applicable. If no other legal provisions govern record retention, a social worker will store all client records for a minimum of seven years following the termination of services to ensure reasonable future access.

884.4(6) *Access to records.* A social worker who provides clinical services will:

a. Provide the client with reasonable access to records concerning the client. A social worker who is concerned that a client's access to the client's records could cause serious misunderstanding or harm to the client will provide assistance in interpreting the records and consultation with the client regarding the records. A social worker may limit a client's access to the client's records, or portions of the records, only in exceptional circumstances when there is compelling evidence that such access would cause serious harm to the client. Both the client's request and the rationale for withholding some or all of a record should be documented in the client's records.

b. Take steps to protect the confidentiality of other individuals identified or discussed in any records to which a client is provided access.

884.4(7) *Billing and fees.*

a. A social worker will bill only for services that have been provided.

b. A social worker will not accept goods or services from the client or a third party in exchange for the social worker's services.

c. A social worker will not solicit a private fee or other remuneration for providing services to clients who are entitled to such available services through the social worker's employer or agency.

d. A social worker will not accept, give, offer or solicit a fee, commission, rebate, fee split, or other form of consideration for the referral of a client.

e. A social worker will not permit any person to share in the fees for professional services, other than a partner, an employee, an associate in a professional firm, or a consultant to the social worker.

f. A social worker who provides clinical services will, when appropriate:

(1) Establish and maintain billing practices that accurately reflect the nature and extent of services provided.

(2) Inform the client of the fee for services at the initial session or meeting with the client. A social worker will provide a written payment arrangement to a client at the commencement of the professional relationship.

884.4(8) *Dual relationships and conflicts of interest.*

a. "Dual relationship" means that a social worker develops or assumes a secondary role with a client, including but not limited to a social relationship, an emotional relationship, an employment relationship, or a business association. For purposes of these rules, "dual relationship" does not include a sexual relationship. Standards governing sexual relationships are found in subrule 884.4(9).

(1) Current clients. A social worker will not engage in a dual relationship with a client.

(2) Former clients. A social worker will not engage in a dual relationship with a client within five years of the termination of the client relationship. A social worker will not engage in a dual relationship with a former client, regardless of the length of time elapsed since termination of the client relationship, when there is a risk of exploitation or potential harm to a client or former client.

(3) Unavoidable dual relationships with current and former clients. If a dual relationship with a current or former client is unavoidable, the social worker will take steps to protect the client and will

be responsible for setting clear, appropriate, and culturally sensitive boundaries. The burden will be on the social worker to show that the dual relationship was unavoidable. In determining whether a dual relationship was unavoidable, the board will consider the size of the community, the nature of the relationship, and the risk of exploitation or harm to a client or former client.

b. Conflicts of interest.

(1) A social worker will avoid conflicts of interest that interfere with the exercise of professional discretion and impartial judgment.

(2) A social worker will not continue in a professional relationship with a client when the social worker has become emotionally involved with the client to the extent that objectivity is no longer possible in providing the required professional services.

(3) A social worker will inform the client when a real or potential conflict of interest arises and take reasonable steps to resolve the issue in a manner that makes the client's interests primary and protects the client's interests to the greatest extent possible. In some cases, protecting the client's interests may require termination of the professional relationship with proper referral of the client.

(4) A social worker will not take unfair advantage of any professional relationship or exploit others to further the social worker's personal, religious, political, or business interests.

(5) A social worker who provides services to two or more people who have a relationship with each other will clarify with all parties, when appropriate and in a manner consistent with the confidentiality standards of subrule 884.4(4), which individuals will be considered clients and the nature of the social worker's professional obligations to the various individuals who are receiving services. A social worker who anticipates a conflict of interest among the individuals receiving services or who anticipates having to perform in potentially conflicting roles will clarify, when appropriate and in a manner consistent with the confidentiality standards at subrule 884.4(4), the social worker's role with the parties involved and take appropriate action to minimize any conflict of interest.

884.4(9) *Sexual relationships.*

a. Current clients. A social worker will not engage in sexual activities or sexual contact with a client, regardless of whether such contact is consensual or nonconsensual.

b. Former clients. A social worker will not engage in sexual activities or sexual contact with a former client within the five years following termination of the client relationship. A social worker will not engage in sexual activities or sexual contact with a former client, regardless of the length of time elapsed since termination of the client relationship, if the client has a history of physical, emotional, or sexual abuse or if the client has ever been diagnosed with any form of psychosis or personality disorder or if the client is likely to remain in need of therapy due to the intensity or chronicity of a problem.

c. A social worker will not engage in sexual activities or sexual contact with a client's or former client's spouse or significant other.

d. A social worker will not engage in sexual activities or sexual contact with a client's or former client's relative within the second degree of consanguinity (client's parent, grandparent, child, grandchild, or sibling) when there is a risk of exploitation or potential harm to a client or former client.

e. A social worker will not provide clinical services to an individual with whom the social worker has had prior sexual contact.

884.4(10) *Physical contact.* A social worker will not engage in physical contact with a client when there is a possibility of psychological harm to the client as a result of the contact. A social worker who engages in appropriate physical contact with a client is responsible for setting clear, appropriate, and culturally and age-sensitive boundaries that govern such contact.

884.4(11) *Termination of services.*

a. A social worker will terminate services when such services are no longer required or no longer serve the client's needs or interests.

b. A social worker will take reasonable steps to avoid abandoning clients who are still in need of services. A social worker will assist in making appropriate arrangements for continuation of services when necessary.

c. A social worker will not terminate services to pursue a social, financial, business, romantic, or sexual relationship with a client.

d. A social worker who anticipates the termination or interruption of services to a client will notify the client promptly and seek the transfer, referral, or continuation of services in relation to the client's needs and preferences.

e. A social worker who is leaving an employment setting will inform clients, to the extent possible given the nature of the termination of the employment relationship, of appropriate options for the continuation of services and of the benefits and risks of the options.

f. If the employer who terminates a social worker is also a social worker, the employer will provide notice to clients or allow the social worker the opportunity to provide notice to clients to ensure appropriate case closure or continuation or transfer of services if continued treatment is necessary.

g. A social worker who provides clinical services will comply with the following additional standards regarding termination of the client relationship:

(1) Termination of a client relationship will be documented in the client record. Absent written documentation of termination, the professional relationship will be considered ongoing.

(2) A social worker who practices in a fee-for-service setting may terminate services to a client who is not paying an overdue balance only if the financial contractual arrangements have been made clear to the client, if the client does not pose an imminent danger to self or others, and if the clinical and other consequences of the current nonpayment have been addressed and discussed with the client. Prior to terminating services under this subrule, a social worker will make reasonable efforts to collect the unpaid fees and will make appropriate referrals for the client.

884.4(12) *Misrepresentations, disclosure.* A social worker will not:

a. Knowingly make a materially false statement, or fail to disclose a relevant material fact, in a letter of reference, application, referral, report or other document.

b. Knowingly allow another person to use the social worker's license or credentials.

c. Knowingly aid or abet a person who is misrepresenting the person's professional credentials or competencies.

d. Impersonate another person or misrepresent an organizational affiliation in one's professional practice.

e. Further the application or make a recommendation for professional licensure of another person who is known by the social worker to be unqualified in respect to character, education, experience, or other relevant attribute.

f. Fail to notify the appropriate licensing authority of any human services professional who is practicing or teaching in violation of the laws or rules governing that person's professional discipline.

g. Engage in professional activities, including advertising, that involve dishonesty, fraud, deceit, or misrepresentation.

h. Advertise services in a false or misleading manner or fail to indicate in the advertisement the name, highest relevant degree, and licensure status of the provider of services.

i. Fail to distinguish, or purposely mislead the reader or listener, in public announcements, addresses, letters and reports as to whether the statements are made as a private individual or whether they are made on behalf of an employer or organization.

j. Engage in direct solicitation of potential clients for pecuniary gain in a manner or in circumstances that constitute overreacting, undue influence, misrepresentation or invasion of privacy.

k. Fail to inform each client of any financial interests that might accrue to the social worker for referral to any other person or organization or for the use of tests, books, or apparatus.

l. Fail to inform each client that the client may be entitled to the same services from a public agency if the social worker is employed by that public agency and also offers services privately.

m. Make claims of professional superiority that cannot be substantiated by the social worker.

n. Guarantee that satisfaction or a cure will result from the performance of professional services.

o. Claim or use any secret or special method of treatment or techniques that the social worker refuses to divulge to professional colleagues.

p. Take credit for work not personally performed, whether by giving inaccurate information or failing to give accurate information.

q. Offer social work services or use the designation of licensed bachelor social worker, licensed master social worker, or licensed independent social worker; use the designations licensed baccalaureate social worker (LBSW), LMSW, or LISW or any other designation indicating licensure status; or hold oneself out as practicing at a certain level of licensure unless the social worker is duly licensed as such.

r. Permit another person to use the social worker's license for any purpose.

s. Practice outside the scope of a license.

884.4(13) *Impairments.*

a. A social worker will not:

(1) Practice in a professional relationship while intoxicated or under the influence of alcohol or drugs not prescribed by a licensed physician.

(2) Practice in a professional relationship while experiencing a mental or physical impairment that adversely affects the ability of the social worker to perform professional duties in a competent and safe manner.

(3) Practice in a professional relationship if involuntarily committed for treatment of mental illness, drug addiction, or alcoholism.

b. A social worker who self-reports an impairment or suspected impairment to the board may be eligible for confidential monitoring by the impaired practitioner review committee. The social worker will be provided the Impaired Practitioner Report form to initiate the process. Standards governing the impaired practitioner review committee may be found in 193—Chapter 12.

884.4(14) *Research.* If engaged in research, a social worker will:

a. Consider carefully the possible consequences for human beings participating in the research.

b. Protect each participant from unwarranted physical and mental harm.

c. Ensure that the consent of the participant is voluntary and informed and that each participant executes a signed informed consent form that details the nature of the research and any known possible consequences.

d. Treat information obtained as confidential.

e. Not knowingly report distorted, erroneous, or misleading information.

884.4(15) *Organization relationships and business practices.* A social worker will not:

a. Solicit the clients of colleagues or assume professional responsibility for clients of another agency or colleague without appropriate communication with that agency or colleague.

b. Abandon an agency, organization, institution, or group practice without reasonable notice or under circumstances that seriously impair the delivery of professional care to clients.

c. Deliberately falsify client records.

d. Fail to submit required reports and documents in a timely fashion to the extent that the well-being of the client is adversely affected.

e. Delegate professional responsibilities to a person when the social worker knows, or has reason to know, that the person is not qualified by training, education, experience, or classification to perform the requested duties.

884.4(16) *Discrimination and sexual harassment.*

a. A social worker will not practice, condone, or facilitate discrimination against a client, student, or supervisee on the basis of race, ethnicity, national origin, color, sex, sexual orientation, age, marital status, political belief, religion, mental or physical disability, diagnosis, or social or economic status.

b. A social worker will not sexually harass a client, student, or supervisee. Sexual harassment includes sexual advances, sexual solicitation, requests for sexual favors, and other verbal or physical conduct of a sexual nature.

884.4(17) *General.* A social worker will not:

a. Practice without receiving supervision as needed, given the social worker's level of practice, experience, and need.

b. Practice a professional discipline without an appropriate license or after expiration of the required license.

c. Physically or verbally abuse a client or colleague.

d. Obtain, possess, or attempt to obtain or possess a controlled substance without lawful authority; or sell, prescribe, give away, or administer controlled substances.

884.4(18) *Relationship between the board's rules of conduct and the National Association of Social Workers (NASW) Code of Ethics.* The NASW Code of Ethics is one resource for practitioners with respect to practice and ethical issues, and selected sections from the NASW Code of Ethics have been incorporated into the rules of conduct. A social worker's professional conduct is governed by the board's rules of conduct, and a social worker may be disciplined for violation of these rules.

884.4(19) *Electronic social work services.* A social worker will:

a. Assess the client's suitability and capacity for online and remote services at the point of the client's first contact and use professional judgment to determine whether an initial in-person, videoconference, or telephone consultation is warranted before undertaking electronic social work services.

b. Take reasonable steps to verify the client's identity, ability to consent to services, and location. When verification of a client's identity is not feasible, social workers will inform the client of the limitations of services that can be provided.

c. Continually assess a client's suitability for electronic social work services during the course of the professional relationship.

[**ARC 9410C**, IAB 7/9/25, effective 8/13/25]

These rules are intended to implement Iowa Code chapters 154B, 154C and 154D.

CHAPTER 885
ADOPTION OF UNIFORM AND MODEL RULES

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/13/30

481—885.1(17A,272C) Board of behavioral health professions adoption of uniform and model rules. The board hereby adopts by reference the following:

885.1(1) Uniform Rules on Agency Procedure, 7—Chapters 2501 through 2505.

885.1(2) Military Service, Veteran Reciprocity, and Spouses of Active-Duty Service Members, 481—Chapter 7.

885.1(3) Licensing and Child Support Noncompliance, Student Loan Repayment Noncompliance, and Nonpayment of State Debt, 481—Chapter 8.

885.1(4) Model Rules for Board Administrative Processes, 481—Chapter 500.

885.1(5) Model Rules for Licensure by Verification or Work Experience, 481—Chapter 501.

885.1(6) Model Rules for Use of Criminal Convictions in Eligibility Determinations and Initial Licensing Decisions, 481—Chapter 502.

885.1(7) Model Rules for Complaints and Investigations, 481—Chapter 503.

885.1(8) Model Rules for Discipline, 481—Chapter 504.

885.1(9) Model Rules for Licensee Review Committee, 481—Chapter 505.

885.1(10) Model Rules for Contested Cases before Licensing Boards and Settlements, 481—Chapter 506.

885.1(11) Model Rules for Licensing Division Fees, 481—Chapter 507.

This rule is intended to implement Iowa Code chapters 17A and 272C.

BOARD OF MORTUARY SCIENCE

CHAPTER 900
PRACTICE OF FUNERAL DIRECTORS, FUNERAL ESTABLISHMENTS, AND CREMATION ESTABLISHMENTS

[Prior to 9/21/88, see Health Department[470] Ch 146]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 100]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—900.1(156) Definitions.

"Alternative container" means an unfinished wood box or other nonmetal receptacle or enclosure, without ornamentation or a fixed interior lining, that is designed for the encasement of human remains and that is made of fiberboard, pressed wood, composition materials (with or without an outside covering) or like materials that prevents the leakage of body fluid.

"Authorized person" means that person or persons upon whom a funeral director may reasonably rely when making funeral arrangements, including but not limited to embalming, cremation, funeral services, and the disposition of human remains pursuant to Iowa Code section 144C.5.

"Autopsy" means the postmortem examination of a human remains.

"Board" means the board of mortuary science.

"Body parts" means appendages or other portions of the anatomy that are from a human body.

"Burial." See *"Interment."*

"Burial transit permit" means a legal document authorizing the removal and transportation of a human remains.

"Casket" means a rigid container that is designed for the encasement of human remains and that is usually constructed of wood, metal, fiberglass, plastic or like material and ornamented and lined with fabric.

"Cemetery" means an area designated for the final disposition of human remains.

"Columbarium" means a structure, room or space in a mausoleum or other building containing niches or recesses for disposition of cremated remains.

"Cremated remains" means all the remains of the cremated human body recovered after the completion of the cremation process, including pulverization that leaves only bone fragments reduced to unidentifiable dimensions and may include the residue of any foreign matter, including casket material, bridgework or eyeglasses that were cremated with the human remains.

"Cremation" means the technical process, using heat and flame, that reduces human remains to bone fragments. The reduction takes place through heat and evaporation. Cremation will include the processing, and may include the pulverization, of the bone fragments.

"Cremation authorization form" means a form, completed and signed by a funeral director and authorized person, to accompany all human remains accepted for cremation.

"Cremation chamber" means the enclosed space within which a cremation takes place.

"Cremation establishment" means any person, partnership or corporation that is licensed by the board and provides any aspect of cremation services.

"Cremation permit" means a permit issued by a medical examiner allowing cremation for human remains.

"Cremation room" means the room in which the cremation chamber is located.

"Crypt" means a chamber in a mausoleum of sufficient size to contain casketed human remains.

"Custody" means immediate charge and control exercised by a person or an authority.

"Dead body." See *"Human remains."*

"Death certificate" means a legal document containing vital statistics pertaining to the life and death of the decedent.

"Decedent." See *"Human remains."*

"Disinterment" means to remove a human remains from its place of final disposition.

"Disinterment permit" means a permit from the department of health and human services that allows the removal of a human remains from its original place of burial, entombment or interment for the purpose of autopsy or reburial.

"Disinterment permit number" means the number assigned to a disinterment permit by the department of health and human services, giving the funeral director the authority to remove a human remains from its place of final disposition.

"Embalming" means the disinfection or temporary preservation of human remains, entire or in part, by the use of chemical substances, fluids or gases in the body, or by the introduction of same into the body by vascular or hypodermic injections, or by surface application into or on the organs or cavities for the purpose of temporary preservation or disinfection.

"Embalming record" means a record completed by the licensed funeral director or registered intern for each body embalmed in Iowa, or otherwise prepared for disposition by the licensee. "Embalming record" includes, at a minimum, a case analysis and a detailed listing of the procedures or treatments or both performed on the deceased.

"Entombment" means to place a casketed body or an urn containing cremated remains in a structure such as a mausoleum, crypt, tomb or columbarium.

"Final disposition" means the burial, interment, cremation, removal from the state, or other disposition of a dead body or fetus.

"Funeral ceremony" means a service commemorating the decedent.

"Funeral director" means a person licensed by the board to practice mortuary science.

"Funeral establishment" means a place of business as defined and licensed by the board devoted to providing any aspect of mortuary science.

"Funeral rule" means the Federal Trade Commission Funeral Rule, 16 CFR §453.4, as amended to 1994.

"Funeral services" means any services that may be used to (1) care for and prepare human remains for burial, cremation or other final disposition; and (2) arrange, supervise or conduct the funeral ceremony or final disposition of human remains.

"Holding facility" means an area isolated from the general public that is designated for the temporary retention of human remains.

"Human remains" means a deceased human being for which a death certificate or fetal death certificate is required.

"Interment" means to place a casketed human remains or an urn containing cremated remains in the ground.

"Intern" means a person registered by the board to practice mortuary science under the direct supervision of a preceptor certified by the board.

"Mausoleum" means an aboveground structure designed for entombment of human remains.

"Medical examiner" means a public official whose primary function is to investigate and determine the cause of death when death may be thought to be from other than natural causes.

"Memorial ceremony" means a service commemorating the decedent.

"Niche" means a recess or space in a columbarium or mausoleum used for placement of cremated human remains.

"Preparation room" means a room in a funeral establishment where human remains are prepared, sanitized, embalmed or held for ceremonies and final disposition.

"Pulverization" means a process following cremation that reduces identifiable bone fragments into granulated particles.

"Removal" means the act of taking a human remains from the place of death or place where the human remains is being held to a funeral establishment or other designated place.

"Removal technician" means a person registered with the board to perform removals.

"Scattering area" means a designated area where cremated remains may be commingled with other cremated remains.

"Temporary cremation container" means a durable receptacle designed for short-term retention of cremated remains.

"Their own dead" refers to the legal authority the authorized person has regarding a human remains.

"Topical disinfection" means the direct application of chemical substances on the surface of a human remains for the purpose of temporary preservation or disinfection.

"Transfer." See *"Removal."*

"Universal precautions" means a concept of care based upon the assumption that all blood and body fluids, and materials that have come into contact with blood or body fluids, are potentially infectious as prescribed by the Centers for Disease Control and Prevention (CDC).

"Urn" means a receptacle designed for permanent retention of cremated remains.

[**ARC 7812C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—900.2(156) Funeral director duties.

900.2(1) Practices requiring a funeral director's license include but are not limited to:

a. Removal as specified in rule 481—900.4(142,156).

b. Embalming human remains as specified in rule 481—900.6(156) and completing embalming records as specified in paragraph 900.11(2)*"d."*

c. Conducting funeral arrangements as specified in subrule 900.7(2).

d. Conducting funeral services when contracted to do so, including:

(1) Direct supervision of visitation and viewing.

(2) Funeral and memorial ceremonies.

(3) Committal and final disposition services.

e. Conducting cremation services as specified in rule 481—900.10(156).

f. Signing death certificates and performing associated duties under Iowa Code chapter 144.

900.2(2) Delegation of professional tasks.

a. Registered interns. Registered interns may provide funeral director services identified in paragraphs 900.2(1)*"a"* through *"f"* under the direct supervision of an Iowa-licensed preceptor. A registered intern will not sign a death certificate.

b. A funeral director may delegate solely the transportation of unembalmed human remains to a registered removal technician pursuant to subrule 900.4(3).

900.2(3) CDC universal precautions and OSHA standards. The funeral director and delegates identified in subrule 900.2(2) will observe current guidelines of universal precautions as prescribed by the Centers for Disease Control and Prevention (CDC) as well as Occupational Safety and Health Administration (OSHA) standards.

900.2(4) Funeral directors who provide mortuary science services from funeral establishments located in another state. A funeral director who holds an active Iowa funeral director's license and whose practice is conducted from a funeral establishment located in another state may provide mortuary science services in Iowa if the establishment holds a current license in the state in which it is located, if such a license is required.

900.2(5) Withholding human remains. A funeral director will not withhold human remains based solely on nonpayment of fees.

[**ARC 7812C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—900.3(156) Permanent identification tag.

900.3(1) The funeral director, intern, or removal technician who assumes possession of a human remains will attach a permanent identification tag.

900.3(2) The identification tag will initially contain, at a minimum, the name of the deceased.

900.3(3) Before final disposition, the identification tag will contain the name of the deceased and the date of birth, date of death and social security number of the deceased and the name and license number of the funeral establishment in charge of disposition.

900.3(4) The identification tag will be attached to the human remains throughout the entire time the human remains are in the possession of the funeral establishment and will remain with the human remains.

[**ARC 7812C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—900.4(142,156) Removal and transfer of human remains.

900.4(1) Removal and transfer of human remains. The funeral director will perform the following duties upon notification of a death:

a. Comply with jurisdictional authority, with respect to medicolegal responsibilities, regarding the removal of the human remains.

b. Provide signature and license number when removing a human remains from a hospital, nursing establishment or any other institution involved with the care of the public.

900.4(2) After the funeral director has assumed custody of the human remains, the funeral director may delegate the task of transferring the human remains to an unlicensed employee, intern, or agent. Prior to transfer, the funeral director will topically disinfect the body, secure all body orifices to retain all secretions, place the human remains in a leakproof container for transfer that will control odor and prevent the leakage of body fluids, and issue a burial transit permit.

900.4(3) A funeral director may delegate to a removal technician the removal and transportation of unembalmed human remains without first assuming custody, and without topically disinfecting or securing body orifices, if either of the following is true. The removal and transportation is:

a. At the direction of the medical examiner; or

b. To or from the funeral establishment where the removal technician is registered.

[**ARC 7812C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24; **ARC 0466D**, IAB 8/5/26, effective 9/9/26]

481—900.5(135,144) Burial transit permits. A licensed funeral director may issue a burial transit permit for the removal and transfer of human remains, according to state law and the administrative rules promulgated by the department of health and human services.

[**ARC 7812C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—900.6(156) Preparation and embalming activities.

900.6(1) The funeral director will perform the following duties prior to and during embalming according to commonly accepted industry standards.

a. Obtain authorization for embalming from an authorized person. If permission to embalm cannot be obtained from the authorized person, the funeral director may proceed with the embalming if necessary to comply with subrule 900.6(3).

b. Embalm entirely in private. No one except the funeral director, intern, immediate family, or student will be allowed in the preparation room without the written permission of the authorized person. A student must be under the direct physical supervision of the funeral director and currently enrolled and attending a program of mortuary science that is recognized by the board to be allowed in the preparation room without written permission during the embalming.

c. Keep the human remains properly covered at all times.

d. Conduct a preembalming case analysis of the human remains. Recognize the potential chemical effects on the body and select the proper embalming chemicals based upon the analysis.

e. Position the human remains on the preparation table and pose the facial features.

f. Select points of drainage and injection, and raise the necessary vessels.

g. Embalm by arterial and cavity injection of embalming chemicals. If the condition of the human remains does not allow arterial and cavity injection of embalming chemicals, topical embalming, using appropriate chemicals and procedures, will be performed.

h. Evaluate the distribution of the embalming chemicals and perform treatment for discoloration, vascular difficulties, decomposition, dehydration, purge and close any incisions once the arterial and cavity injection of the embalming chemicals is complete.

900.6(2) Postembalming activities. The funeral director will perform the following duties at the conclusion of the embalming activities if necessary.

a. Pack or otherwise secure all body orifices with material that will absorb and retain all secretions.

b. Apply chemicals topically and perform hypodermic treatments.

c. Bathe, disinfect and reposition the human remains.

d. Clean and disinfect the embalming instruments, equipment and preparation room.

e. Perform any restorative treatments.

f. Select and apply the appropriate cosmetic treatments.

g. Prepare the human remains for viewing.

900.6(3) Care of the unembalmed human remains.

a. Embalming may be omitted provided that interment or cremation is performed within 72 hours after death or within 24 hours of taking custody if a human remains was previously in the custody of others, whichever is longer.

b. If refrigeration is utilized, embalming or final disposition may be extended up to 72 hours longer than the maximum period provided in paragraph 100.6(3)*"a."* The body must be kept between 38 and 42 degrees Fahrenheit.

c. If viewing of the unembalmed human remains is requested, the human remains will be topically disinfected and all body orifices will be packed or otherwise secured with material that will absorb and retain all secretions.

d. When death is attributed to a reportable communicable disease, embalming may be omitted provided that cremation is performed within 48 hours after death. In such cases, the human remains shall be immediately topically disinfected, shall be placed in a container that will control odor and prevent the leakage of body fluids and shall only be transported to the crematory by the funeral director or intern.

e. If viewing of the unembalmed human remains is requested, the human remains shall be topically disinfected and all body orifices shall be packed or otherwise secured with material that will absorb and retain all secretions. No public viewing will be allowed of an unembalmed decedent who has died of a reportable communicable disease, but private viewing is permissible at the discretion of the funeral director.

[**ARC 7812C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24; **ARC 0466D**, IAB 8/5/26, effective 9/9/26]

481—900.7(156) Arranging and directing funeral and memorial ceremonies.

900.7(1) *The Federal Trade Commission.* The funeral director will observe current guidelines of the Federal Trade Commission (FTC) funeral rule.

900.7(2) *Arrangement conference activities.* If responsible, the funeral director will perform the following duties associated with arranging ceremonies and the final disposition of a human remains.

a. Gather necessary statistical and biographical information relating to the decedent and explain the varied use of the information gathered.

b. Present, discuss and explain the mandated FTC price lists and assist or provide the consumer with:

(1) The types of ceremony or final disposition.

(2) The specific goods and services.

(3) The prices of any goods and services.

(4) The written, itemized statement of the funeral goods and services.

(5) A general price list.

At the conclusion of arrangements, the itemized statement will be signed by the purchaser and the funeral director.

900.7(3) *Directing of funeral and memorial ceremonies.* If responsible, the funeral director will perform the following duties:

a. Direct and supervise ceremonies.

b. Direct and supervise final disposition.

[**ARC 7812C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—900.8(142,156) Unclaimed human remains for scientific use.

900.8(1) A human remains is unclaimed when:

a. The decedent did not express a desire to be interred, entombed or cremated.

b. Relatives or friends of the decedent did not request that the decedent's human remains be interred, entombed or cremated.

900.8(2) Friend distinguished from casual acquaintance. A friend will be distinguished from a casual acquaintance by the friend's having been closely associated with the decedent during the decedent's lifetime.

900.8(3) Delivery of human remains for scientific purposes. The funeral director, the medical examiner or managing officer of a public health institution, hospital, county home, penitentiary or reformatory will notify the department of health and human services as soon as any unclaimed human remains that may be suitable for scientific purposes will come into the person's custody.

900.8(4) Department instructions. When the department of health and human services receives notice, the funeral director will be instructed as to the proper disposition of a human remains.

900.8(5) Expenses incurred by funeral director. The expenses incurred by the funeral director for the transportation of a human remains to a medical college will be paid by the medical college receiving the human remains.

[**ARC 7812C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—900.9(144) Disinterments. A funeral director in charge of a disinterment will ensure that the disinterment is performed in accordance with rules promulgated by the department of health and human services and will first secure a disinterment permit issued by the department of health and human services.

900.9(1) No person will disinter a human remains or cremated remains unless the funeral director in charge of the disinterment has a numbered disinterment permit that has been issued by the department of health and human services or by an order of the district court of the county in which the human remains or cremated remains are interred or entombed.

900.9(2) All disinterment permits will be requested and provided by the department of health and human services.

900.9(3) All disinterment permits will be signed by the authorizing person.

900.9(4) Disinterment permits will be furnished upon request from the department of health and human services and will remain valid for 30 days after issuance.

900.9(5) Disinterment permits will only be issued to the funeral director, and the disinterment must be done under the direct supervision of the funeral director.

900.9(6) Disinterment permits will be required for any relocation of a human remains from the original site of interment or entombment if the purpose is for autopsy or reburial.

900.9(7) No disinterment permit is necessary to remove a human remains or cremated remains from a holding facility for interment or entombment in the same cemetery where being temporarily held.

900.9(8) A funeral director may await a court order before proceeding with disinterment if the funeral director is aware of a dispute among:

a. Persons who are members of the same class of persons described in 641—subrule 97.14(4) as having authority to control the human remains; or

b. Persons who are authorized pursuant to 641—subrule 97.14(4) and the executor named in the decedent's will or personal representative appointed by the court.

[**ARC 7812C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—900.10(156) Cremation of human remains.

900.10(1) *Recordkeeping.*

a. Delivery receipt.

(1) When a human remains is delivered to a cremation establishment, the cremation establishment will furnish to the delivery person a delivery receipt containing:

1. The name, address, age, gender, and cause of death of the decedent whose human remains are delivered to the cremation establishment.
2. The date and time of delivery and the type of container that contains the human remains.
3. If applicable, the name of the funeral director who sent the human remains and the name and license number of the funeral director's associated funeral establishment.
4. The signature of the person who delivered the human remains.
5. The signature of the person receiving the human remains on behalf of the cremation establishment.
6. The name and business address of the cremation establishment.

(2) The cremation establishment will retain a copy of the delivery receipt in its permanent records.

b. Receiving receipt.

(1) The cremation establishment will furnish to any person who receives the cremated remains from the cremation establishment a receiving receipt containing:

1. The name of the decedent whose cremated remains are released from the cremation establishment.
2. The date and time when the cremated remains were released from the cremation establishment.
3. The name of the person to whom the cremated remains are released and the name and license number of the funeral establishment, cemetery, family or other person or entity with which that person is affiliated.
4. The signature of the person who receives the cremated remains.
5. The signature of the person who released the cremated remains on behalf of the cremation establishment.
6. The name of the cremation establishment operator and the date and time of the cremation.

(2) The cremation establishment will retain a copy of the receiving receipt in its permanent records.

c. Permanent record. A cremation establishment will maintain at its place of business a permanent record that includes the following:

(1) Name of the deceased person.
(2) Date and time of the cremation.
(3) Copies of the delivery receipt and the receiving receipt.
(4) Disposition of the cremated remains.
(5) Cremation authorization.
(6) Cremation permit if required in the jurisdiction of death.

900.10(2) *Employment of a funeral director by a cremation establishment.* No aspect of these rules will be construed to require a funeral director to supervise or perform any functions at a cremation establishment not otherwise required by law to be performed by a funeral director. The cremation establishment will contract only with a licensed funeral establishment and will not contract directly with the general public.

900.10(3) *Authorizing person and preneed cremation arrangements.* The authorized person has legal authority and may make decisions regarding the final disposition of the decedent.

900.10(4) *Authorization to cremate.*

a. The cremation establishment will have the authority to cremate human remains upon the receipt of the following:

(1) Cremation authorization form signed by the authorized person. The cremation authorization form will contain the following:

1. The name, address, age and gender of the decedent whose human remains are to be cremated.
2. The date, time of death and cause of death of the decedent.
3. The name and license number of the funeral establishment and of the funeral director who obtained the cremation authorization form signed by the authorized person.
4. The signature of the funeral director.
5. The name and address of the cremation establishment authorized to cremate a human remains.
6. The name and signature of the authorized person granting permission to cremate the human remains and the authorized person's relationship to the decedent.
7. A representation that the authorized person has the right to authorize the cremation of the decedent in accordance with this rule.
8. A representation that in the event there is another person who has superior priority right to that of the authorized person, the authorized person has made all reasonable efforts to contact that person and has no reason to believe that the person would object to the cremation of the decedent.
9. A representation that a human remains does not contain any material or implants that may be potentially hazardous to equipment or persons performing the cremation.
10. A representation that the authorized person has made a positive identification of the decedent or, if the authorized person is unavailable or declines, there are alternative means of positive identification.
11. The name of the person, funeral establishment or funeral establishment's designee to which the cremated remains are to be released.
12. The manner of the final disposition of the cremated remains.

13. A listing of all items of value and instructions for their disposition.

(2) The cremation permit if required in the jurisdiction of death.

(3) Any other documentation required by this state.

b. If the authorized person is not available to execute the cremation authorization form in person, the funeral director may accept written authorization by facsimile, email, or such alternative written or electronic means the funeral director reasonably believes to be reliable and credible.

c. The authorized person may revoke the authorization and instruct the funeral director or funeral establishment to cancel the cremation. The cremation establishment will honor any instructions from a funeral director or funeral establishment under this rule if the cremation establishment receives instructions prior to beginning the cremation.

900.10(5) *Cremation procedures.*

a. A cremation establishment will cremate human remains within 24 hours of issuance of the delivery receipt as defined in subrule 900.10(1).

b. No cremation establishment will cremate human remains when it has actual knowledge that the human remains contain a pacemaker or have any other implants or materials that will present a health hazard to those performing the cremation and processing and pulverizing the cremated remains.

c. No cremation establishment will refuse to accept human remains for cremation because such human remains are not embalmed.

d. Whenever a cremation establishment is unable or unauthorized to cremate human remains immediately upon taking custody of the remains, the cremation establishment will place the human remains in a holding facility in accordance with the cremation establishment rules and regulations and within the parameters of rules 481—900.5(135,144) and 481—900.6(156).

e. No cremation establishment will accept human remains unless they are delivered to the cremation establishment in a container that prevents the leakage of body fluids.

f. Under no circumstances will an alternative container or casket be opened at the cremation establishment except to facilitate proper cremation.

g. The container in which a human remains is delivered to the cremation establishment will be cremated with the human remains or safely destroyed.

h. The simultaneous cremation of the human remains of more than one person within the same cremation chamber, without the prior written consent of the authorized person, is prohibited. Nothing in this rule, however, will prevent the simultaneous cremation within the same cremation chamber of body parts delivered to the cremation establishment from multiple sources, or the use of cremation equipment that contains more than one cremation chamber.

i. No unauthorized person will be permitted in the holding facility or cremation room while any human remains are being held there awaiting cremation, being cremated, or being removed from the cremation chamber.

j. A cremation establishment will not allow removal of any dental gold, body parts, organs, or any item of value prior to or subsequent to a cremation without previously having received specific written authorization from the authorized person and written instructions for the delivery of these items to the authorized person.

k. Upon the completion of each cremation, and insofar as is practicable, all of the recoverable residue of the cremation process will be removed from the cremation chamber.

l. If all of the recovered cremated remains will not fit within the receptacle that has been selected, the remainder of the cremated remains will be returned to the authorized person or this person's designee in a separate container. The cremation establishment will not return to an authorized person or this person's designee more or less cremated remains than were removed from the cremation chamber.

m. A cremation establishment will not knowingly represent to an authorized person or this person's designee that a temporary cremation container or urn contains the cremated remains of a specific decedent when it does not.

n. Cremated remains will be shipped only by a method that has an internal tracing system available and that provides a receipt signed by the person accepting delivery.

o. A cremation establishment will maintain an identification system that will ensure the identity of human remains in the cremation establishment's possession throughout all phases of the cremation process. A noncombustible tag or disc that includes the name and license number of the cremation establishment and the city and state where the cremation establishment is located will be attached to the plastic bag with the cremated remains or placed in amongst the cremated remains.

900.10(6) *Disposition of cremated remains.* If responsible, the funeral director will supervise the final disposition of the cremated remains as follows:

a. Cremated remains may be disposed of by placing them in a grave, crypt, or niche or by scattering them in a scattering area as defined in these rules, or they may remain in the personal care and custody of the authorized person. After supervising the transfer of cremated remains to the authorized person or place of final disposition, the funeral director will be discharged.

b. Upon the completion of the cremation process, the cremation establishment will release the cremated remains to the funeral establishment or the authorized person or the authorized person's designee. Upon the receipt of the cremated remains, the individual receiving them may transport them in any manner in this state without a burial transit permit and may dispose of them in accordance with this rule. After releasing the cremated remains, the cremation establishment will be discharged from any legal obligation or liability concerning the cremated remains.

c. If, after a period of 60 days from the date of the cremation, the authorizing person or designee has not instructed the funeral director to arrange for the final disposition of the cremated remains, the funeral director may dispose of the cremated remains in any manner permitted by this rule. The funeral establishment, however, will keep a permanent record identifying the site of final disposition. The authorizing person will be responsible for reimbursing the funeral establishment for all reasonable expenses incurred in disposing of the cremated remains. Any entity that was in possession of cremated remains prior to May 22, 2024, may dispose of them in accordance with this rule.

d. Except with the express written permission of the authorizing person, no funeral director or cremation establishment will:

(1) Dispose of cremated remains in a manner or in a location so that the cremated remains are commingled with those of another person. This prohibition will not apply to the scattering of cremated remains in an area located in a cemetery and used exclusively for those purposes.

(2) Place cremated remains of more than one person in the same temporary cremation container or urn.

900.10(7) *Scope of rules.* These rules will be construed and interpreted as a comprehensive cremation statute, and the provisions of these rules will take precedence over any existing laws containing provisions applicable to cremation, but that do not specifically or comprehensively address cremation.

[**ARC 7812C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—900.11(156) Records to be retained by a funeral establishment. To ensure a permanent record of the licensed activity relating to the custody of each decedent, each funeral director will create and the funeral establishment will maintain the records identified in this rule. If a registered intern or registered removal technician first takes custody of a decedent, the funeral director from whom they were delegated that authority is responsible for compliance with the rules in this chapter. Funeral directors and funeral establishments will comply with the rules adopted by the department of health and human services under Iowa Code section 144.49.

900.11(1) At a minimum, the following information, if applicable, relating to each human remains that enters the custody of the establishment/licensee will be maintained as the permanent record of licensed activity:

a. Name of the deceased;

b. Date, time, and place of death (institution or other place, city, state, zip);

c. Name and address of the person or funeral establishment to whom a human remains is released;

d. Date and from whom the funeral director assumed custody, including the name of the institution or other place of death releasing a human remains;

e. Date, time, and name of the licensed funeral director or registered intern completing embalming or other preparation for final disposition;

f. Date, place and method of final disposition of a human remains.

900.11(2) Each funeral establishment will create and maintain the following records for a period of ten years:

a. General price list required by the funeral rule, beginning on the most recent effective date;

b. Each completed statement of goods and services required by the funeral rule, beginning on the date the statement is signed;

c. Cremation records (see rule 481—900.10(156));

d. Embalming records;

e. Each preneed contract (pursuant to Iowa Code chapter 523A), beginning on the date of death.

900.11(3) The funeral records maintained by the funeral establishment as required in subrules 900.11(1) and 900.11(2) will be made available by the manager, funeral director or owner of the funeral establishment to:

a. Any person or entity assuming a new ownership interest or any person newly assuming the position of manager, at least ten days prior to a change in ownership or manager, unless otherwise mutually agreed upon by the parties;

b. Any licensed funeral director who practiced funeral directing while under the employment of, or while acting as an agent of, the funeral establishment; and

c. The state registrar of vital statistics and the board.

900.11(4) In the event a funeral establishment ceases to do business, the owner or manager of the funeral establishment will identify the person or entity that will be responsible for records to be maintained by a funeral establishment as required in subrules 900.11(1) and 900.11(2). The funeral establishment will notify the board if funeral records are moved from the funeral establishment to another location and identify the person responsible for their safekeeping.

CHAPTER 901
LICENSURE OF FUNERAL DIRECTORS, FUNERAL ESTABLISHMENTS, AND CREMATION ESTABLISHMENTS

[Prior to 9/21/88, see Health Department[470] Ch 147]
[Prior to 7/10/02, see 645—100.9(156) and 645—100.10(156)]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 101]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—901.1(156) Definitions. For purposes of these rules, the following definitions will apply:

"Active license" means a license that is current and has not expired.

"Board" means the board of mortuary science.

"Change of ownership" means a change of controlling interest ((1) an interest in a partnership of greater than 50 percent; or (2) greater than 50 percent of the issued and outstanding shares of a stock of a corporation) in a funeral establishment or cremation establishment.

"Full time" means a minimum of a 35-hour work week.

"Grace period" means the 30-day period following expiration of a license when the license is still considered to be active. In order to renew a license during the grace period, a licensee is required to pay a late fee.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period. The category of "inactive license" may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

"Licensee" means any person licensed to practice as a funeral director in the state of Iowa.

"License expiration date" means the fifteenth day of the birth month every two years following initial licensure.

"Licensure by endorsement" means the issuance of an Iowa license to practice mortuary science to an applicant who is or has been licensed in another state.

"Occupational Safety and Health Act" means the Occupational Safety and Health Act of 1970, 29 U.S.C. §651 et seq.

"Outer burial container" means any container which is designed for placement in the ground around a casket or an urn including, but not limited to, containers commonly known as burial vaults, urn vaults, grave boxes, grave liners, and lawn crypts.

"Reactivate" or *"reactivation"* means the process as outlined in rule 481—901.10(17A,147,272C) by which an inactive license is restored to active status.

"Reciprocal license" means the issuance of an Iowa license to practice mortuary science to an applicant who is currently licensed in another state which has a mutual agreement with the Iowa board of mortuary science to license persons who have the same or similar qualifications to those required in Iowa.

"Reinstatement" means the process as outlined in rule 481—506.31(272C) by which a licensee who has had a license suspended or revoked or who voluntarily surrendered a license may apply to have the license reinstated, with or without conditions. Once the license is reinstated, the licensee may apply for active status.

[**ARC 7813C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24; **ARC 0466D**, IAB 8/5/26, effective 9/9/26]

481—901.2(156) Requirements for licensure.

901.2(1) The applicant will be eligible to apply for a license to practice mortuary science by the board pursuant to subrule 901.2(2) when the applicant has completed the educational requirements and examination requirements, followed by a completed internship as prescribed below, in the following alphabetical order:

a. Educational qualifications.

(1) A minimum of 60 hours of college credit as indicated on the transcript from a regionally accredited college or university with a minimum of a 2.0 or "C" grade point average. The 60 college semester hours will not include any technical mortuary science course; and

(2) A program in mortuary science from a school accredited by the American Board of Funeral Service Education; and

(3) A college course of at least one semester hour or equivalent in current Iowa law and rules covering mortuary science content areas including, but not limited to, Iowa law and rules governing the practice of mortuary science, cremation, vital statistics, cemeteries and preneed services.

b. Examination requirements. The board will accept a certificate of examination issued by the International Conference of Funeral Service Examining Boards, Inc., indicating a passing score on both the arts and sciences portions of the examination.

c. Internship requirements as outlined in rule 481—901.3(147,156).

901.2(2) The applicant will complete an online application packet on the Iowa board of mortuary science website and pay the nonrefundable application fee.

a. If licensed in another jurisdiction, the applicant will complete the licensure by endorsement application. Submit a license verification document that discloses if disciplinary action was taken in the jurisdiction where the applicant was most recently licensed.

b. An application that is not completed according to guidelines will not be reviewed by the board.

c. A person who is licensed in another jurisdiction but who is unable to satisfy the requirements of licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

d. An application will not be considered until official copies of the academic transcripts have been directly transmitted from the college to the board office that demonstrate the applicant has completed a program at an approved college of mortuary science.

e. Licensees who were issued their initial licenses within six months prior to the renewal will not be required to renew their licenses until the renewal month two years later.

f. Incomplete applications that have been on file in the board office for more than two years will be:

(1) Considered invalid and will be destroyed; or

(2) Maintained upon written request of the candidate. The candidate is responsible for requesting that the file be maintained.

901.2(3) Foreign-trained funeral directors will:

a. Provide an equivalency evaluation of their educational credentials by International Education Research Foundation, Inc. The professional curriculum must be equivalent to that stated in these rules. A candidate will bear the expense of the curriculum evaluation.

b. Provide a copy of the certificate or diploma awarded to the applicant from a mortuary science program in the country in which the applicant was educated.

c. Receive a final determination from the board regarding the application for licensure.

d. Successfully complete a college course of at least one semester hour or equivalent in current Iowa law and rules covering mortuary science content areas including, but not limited to, Iowa law and rules governing the practice of mortuary science, cremation, vital statistics, cemeteries and preneed.

[**ARC 7813C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—901.3(147,156) Internship and preceptorship.

901.3(1) *Internship.*

a. The intern must serve a minimum of one year of internship under the direct supervision of an Iowa board-certified preceptor. The beginning and ending dates of the internship will be indicated on the internship certificate. The intern will engage in the practice of mortuary science only during the time indicated on the internship certificate.

b. The intern will, during the internship, be a full-time employee with the funeral establishment at the site of internship except as provided in paragraph 901.3(2)*"i."*

c. No licensed funeral director will permit any person in the funeral director's employ or under the funeral director's supervision or control to serve an internship in funeral directing unless that person has a certificate of registration as a registered intern from the department of inspections, appeals, and licensing. The registration will be posted in a conspicuous place in the intern's primary place of practice.

d. Registered interns will not advertise or hold themselves out as funeral directors or use the degree F.D. or any other title or abbreviation indicating that the intern is a funeral director.

e. The intern will, during the internship, complete the requirements outlined in subrule 901.3(3), including to embalm not fewer than 25 human remains and direct or assist in the direction of not fewer than 25 funerals under the direct supervision of the certified preceptor and to submit reports on forms furnished by the department of inspections, appeals, and licensing. Work on the first five embalming cases, first five funeral arrangements, and first five funeral or memorial services must be completed in the physical presence of the preceptor. The first 12 embalming cases and the first 12 funeral case reports must be completed and submitted by the completion of the sixth month of the internship.

f. Before being eligible for licensure, the intern must have filed the 25 completed embalming and funeral directing case reports and a 6-month and a 12-month evaluation form with the department of inspections, appeals, and licensing. These reports will be answered in full and signed by both the intern and preceptor.

g. When, for any valid reason, the board determines that the education a registered intern is receiving under the supervision of the present preceptor might be detrimental to the intern or the profession at large, the intern may be required to serve the remainder of the internship under the supervision of a licensed funeral director who is approved by the board.

h. The length of an internship may be extended if the board determines that the intern requires additional time or supervision in order to meet the minimum proficiency in the practice of mortuary science.

i. The board views a one-year internship completed in a consecutive 12-month period as the best training option. If an internship is interrupted, the internship must be completed within 24 months of the date it started in order to be readily accepted by the board. Internships that are not completed within 24 months will be preapproved by the board on such terms as the board deems reasonable under the circumstances. The board may require any or all of the following:

(1) Completion of a college course or continuing education course covering mortuary science laws and rules;

(2) Additional case reports;

(3) Extension of an internship up to an additional 12 months depending on such factors as the number of months completed during the internship, length of time that has lapsed since the intern was actively involved in the internship program, and the experience attained by the intern.

j. Application for change of preceptor or any other alteration must be made in writing and approval granted by the board before the status of the intern is altered.

k. The intern must be approved and licensed following a successful internship before the intern may practice mortuary science.

901.3(2) *Preceptorship.*

a. A preceptor must have completed a training course within five years prior to accepting an intern. This training course will cover Iowa law and rule content areas including, but not limited to, Iowa law and rules governing licensure and the practice of mortuary science and human resource issues. The training course may be counted toward the continuing education hours required for the licensure biennium in which the training course was completed.

b. Any duly Iowa-licensed funeral director who has been practicing for a minimum of five years and who has not had any formal disciplinary action within the past five years with the board of mortuary science and has completed a preceptor training course detailed in paragraph 901.3(2)*"a"* will be eligible to be a preceptor.

c. The preceptor will be affiliated with a funeral establishment that has not had any formal disciplinary action within the past five years.

d. The preceptor will certify that the intern engages in the practice of mortuary science only during the time frame designated on the official intern certificate.

e. A preceptor's duties will include the following:

(1) Ensure the intern completes the training program outlined in subrule 901.3(3);

(2) Be physically present and supervise the first five embalming cases, first five funeral arrangements, and first five funeral or memorial services;

(3) Familiarize the intern in the areas specified by the preceptor training outline;

(4) Read, add appropriate comments to, and sign each of the 25 embalming reports and the 25 funeral directing reports completed by the intern;

(5) Complete a written six-month report of the intern on a form provided by the board. This report is to be reviewed with and signed by the intern and submitted to the board before the end of the seventh month; and

(6) At the end of the internship, complete a confidential evaluation of the intern on a form provided by the board. This evaluation will be submitted within two weeks of the end of the internship. The 12-month report will be submitted to the board for review and approval prior to the board's approval of the intern for licensure.

f. Failure of a preceptor to fulfill the requirements set forth by the board, including failure to remit the required six-month progress report, as well as the final evaluation, will result in an investigation of the preceptor by the board and may result in actions which may include, but not be limited to, the loss of preceptor status for current and future interns or discipline or both.

g. If a preceptor does not serve the entire year, the board will evaluate the situation; and if a certified preceptor is not available, a licensed funeral director may serve with the approval of the board.

h. No licensed funeral director or licensed funeral establishment will have more than one intern funeral director for the first 100 human remains embalmed or funerals conducted per year, with a maximum of two interns per funeral establishment.

i. With prior board approval, an intern may serve under the supervision of more than one preceptor under the following terms and conditions:

(1) A single preceptor must act in the role of the primary preceptor.

(2) The primary preceptor is responsible for coordinating all intern training and activities.

(3) The intern will be a full-time employee of the funeral establishment of the primary preceptor; however, compensation may be shared between preceptors.

(4) The primary preceptor may make arrangements with a maximum of two additional preceptors to share preceptor responsibilities for such purposes as providing an intern with a higher-volume practice or a broader range of intern experiences.

(5) Each preceptor will be individually responsible for directly supervising the intern's activities performed under the preceptor's guidance, but the primary preceptor remains responsible for coordinating the intern's activities and submitting all forms to the board.

901.3(3) *Intern training requirements.*

a. The board-approved preceptor will ensure that the intern is knowledgeable of each of the following items during the internship:

(1) The requirements of the Federal Trade Commission Funeral Rule.

(2) The requirements of the Occupational Safety and Health Act.

(3) The requirements of the Americans with Disabilities Act.

(4) The benefits of the Social Security and Veterans Health Administrations.

(5) The requirements of Iowa funeral law and forms (for example, preneed in Iowa Code chapter 523A, death certificates and Iowa burial transit permits in Iowa Code chapter 144, authorized person in Iowa Code chapter 144C, Iowa department of inspections, appeals, and licensing law and rules governing funeral practice, and the board's laws and rules).

b. The board-approved preceptor will ensure that the intern performs each of the following under the preceptor's direct supervision:

(1) Assists with or performs a minimum of ten transfers of human remains.

(2) Performs 25 embalmings of human remains to include:

1. Obtaining permission to embalm.
2. Placement of human remains on preparation table.
3. Pre-embalming analysis.
4. Primary disinfection.
5. Setting features.
6. Selection of injection/drainage sites and raising those vessels.
7. Selection and mixing of embalming chemicals and operation of the embalming machine.

8. Injection and drainage methods.
9. Cavity treatment.
10. Suturing techniques.

(3) Prepares a minimum of ten human remains for viewing to include:
1. Dressing.
2. Cosmetizing.
3. Casketing.

(4) Assists with cremation procedures to include:
1. Contacting the medical examiner.
2. Completing required cremation forms.
3. Preparing human remains for cremation.

(5) Makes complete funeral arrangements with a minimum of ten families to include each of the following, as applicable:
1. Presentation of funeral goods, products and services.
2. Presentation of payment options for families.
3. Contacting third-party suppliers of goods and services, such as clergy, cemetery personnel, outer burial container provider, cremation establishment, florist, and musicians.
4. Completing the obituary.
5. Presentation of general price list and associated price lists.
6. Preparation and presentation of statement of funeral goods and services.

(6) Coordinates, at a minimum, ten visitations to include:
1. Preparing the chapel, visitation room or other facility.
2. Setting up floral arrangements.
3. Setting up register book and memorial folders or prayer cards.

(7) Directs a minimum of 25 funerals or memorial services to include, as applicable:
1. Greeting funeral attendees.
2. Assisting casket bearers.
3. Preparing for funeral procession.
4. Driving a vehicle in procession.
5. Assisting at graveside committal.
6. Transporting flowers.
7. Coordinating with officiant and family.

[**ARC 7813C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24; **ARC 0466D**, IAB 8/5/26, effective 9/9/26]

481—901.4(156) Student practicum.

901.4(1) A student may participate in a student practicum in a licensed funeral establishment in Iowa if the student's school is accredited by and in good standing with the American Board of Funeral Service Education (ABFSE). The student practicum must meet the requirements of the ABFSE.

901.4(2) Students serving a practicum in Iowa will be under the direct physical supervision of a funeral director who meets the following requirements:

a. Has completed the Iowa preceptor training course within the immediately preceding five years.

b. Has not had any formal disciplinary action within the past five years.

c. Is affiliated with a funeral establishment that has not had any formal disciplinary action within the past five years.

[**ARC 7813C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—901.5(156) Funeral establishment license or cremation establishment license.

901.5(1) A place of business devoted to providing any aspect of mortuary science or cremation services will hold an establishment license issued by the board. An establishment license will not be issued more than 30 days prior to the opening of a new establishment.

a. A funeral establishment or a cremation establishment will not be operated until it has obtained a license from the board. Each establishment will timely renew the license in order to continue operations.

b. A funeral or cremation establishment will surrender its license to the board if the establishment fails to engage in or ceases to engage in the business for which the license was issued, pursuant to Iowa Code section 156.15(2)*"d."*

c. A funeral or cremation establishment license is not transferable or assignable.

d. A change in ownership will require the issuance of a new license. A change in ownership will be reported to the board prior to the date ownership will change or, in the case of change of ownership by death or other unexpected event, within 30 days following change of ownership. The board may request legal proof of the ownership transfer.

e. An establishment license will be issued for a specific physical location. A change in location or site of an establishment will require the submission of an application for a new license and payment of the fee required by 481—subrule 507.9(9). A new establishment license must be issued prior to the commencement of business in a new location.

f. A change in the name of an establishment will be reported to the board within 30 days. The establishment owner will pay the fee for reissuing the license.

g. A change in address or of the funeral director in responsible charge will be reported to the board within 30 days.

h. An establishment will have an employment or other relationship with one or more licensed funeral directors who will perform all mortuary science services for which licensure as a funeral director is required by Iowa Code chapter 156. A cremation establishment is not, however, required to employ or contract with a funeral director on an ongoing basis because a cremation establishment will not offer services directly to the general public. When a funeral establishment has an employment or other relationship with multiple funeral directors, the funeral establishment will designate the funeral director who will be in responsible charge of all mortuary science services performed at the funeral establishment. The funeral establishment will report to the board any change of the funeral director in responsible charge within 30 days of the change.

i. The board will not routinely issue more than one establishment license for a single location, but the board may do so if the multiple applicants provide proof, satisfactory to the board, that the establishments are wholly separate except for the sharing of facilities. If the board issues more than one establishment license for a single location, the licensees will ensure that the public will not be confused or deceived as to the establishment with which the public is interacting. A facility may have a funeral establishment license and a separate cremation establishment license at a single location.

j. The establishment license will be displayed in a conspicuous place at the location of the establishment.

k. Failure to comply with any of these rules will constitute grounds for discipline pursuant to 481—Chapter 904 and 481—Chapter 504 or civil penalties for unlicensed practice pursuant to 481—Chapter 905.

901.5(2) A funeral establishment or cremation establishment will be subject to applicable local, state and federal health and environmental requirements and will obtain all necessary licenses and permits from the agencies with jurisdiction.

901.5(3) License application. Complete an online application on the Iowa board of mortuary science website and pay the nonrefundable funeral or cremation application fee. If there is both a funeral establishment and a cremation establishment at the same location, two establishment license applications will be required, along with the payment of two establishment application fees. The application will contain all of the following:

a. The name, mailing address and telephone number of the applicant.

b. The physical location of the establishment.

c. The mailing address, telephone number, fax number and email address of the establishment.

d. The name, home address and telephone number of the individual in charge who has the authority and responsibility for the establishment's compliance with laws and rules pertaining to the operation of the establishment.

e. The name and address of all owners and managers of the establishment (e.g., sole proprietor, partner, director, officer, managing partner, member, or shareholder with 10 percent or more of the stock).

f. The legal name of the establishment and all trade names, assumed names, or other names used by the establishment.

g. The signature of the responsible authority at the site of the establishment and an acknowledgment of the funeral director in responsible charge of mortuary science services at the funeral establishment that the funeral director is aware of and consents to the designation.

h. The names and license numbers of all funeral directors employed by or associated with the establishment through contract or otherwise who provide mortuary science services at or for the establishment. When a funeral establishment has an employment or other relationship with multiple funeral directors, the funeral establishment will designate the funeral director who will have responsible charge of all mortuary science services performed at the funeral establishment. No funeral establishment will be issued a license if it fails to designate the funeral director in responsible charge of the mortuary science services to be performed at the establishment.

i. All felony or misdemeanor convictions of the applicant and all owners and managing officers of the applicant (except minor traffic offenses with fines of less than $500).

j. All disciplinary actions against any professional or occupational license of the applicant by any jurisdiction including, but not limited to, disciplinary action by the Iowa insurance division under Iowa Code chapter 523A or 523I or action by the Federal Trade Commission.

k. Further information that the board may reasonably require, such as whether the establishment includes a preparation room.

[**ARC 7813C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24; **ARC 0466D**, IAB 8/5/26, effective 9/9/26]

481—901.6(156) Renewal of funeral director license.

901.6(1) The biennial license renewal period for a license to practice as a funeral director will begin on the sixteenth day of the licensee's birth month and end on the fifteenth day of the licensee's birth month two years later. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license.

901.6(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal date two years later. Continuing education hours acquired any time from the initial licensing until the second license renewal may be used. The licensee will be required to complete a minimum of 24 hours of continuing education per biennium for each subsequent license renewal, with 2 of the 24 hours covering current Iowa law and rules as identified in 481—paragraph 902.3(2)*"f."*

901.6(3) A licensee seeking renewal will:

a. Meet the continuing education requirements of 481—902.2(272C). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Complete an online renewal application on the board of mortuary science website and pay the renewal fee before the license expiration date.

Persons licensed to practice funeral directing will keep their renewal licenses displayed in a conspicuous public place at the primary site of practice.

901.6(4) Upon receiving the information required by this rule and the required fee, board staff will administratively issue a two-year license. In the event the board receives adverse information on the renewal application, the board will issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

901.6(5) A person licensed to practice as a funeral director will keep the license certificate displayed in a conspicuous public place at the primary site of practice.

901.6(6) Late renewal. The license will become late when the license has not been renewed by the expiration date on the renewal. The licensee will be assessed a late fee as specified in 481—subrule 507.14(4). To renew a late license, the licensee will complete the renewal requirements and submit the late fee within the grace period.

901.6(7) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in

Iowa, but may not practice as a funeral director in Iowa until the license is reactivated. A licensee who practices as a funeral director in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

[**ARC 7813C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—901.7(272C) Renewal of a funeral establishment license or a cremation establishment license.

901.7(1) Renewal.

a. The renewal cycle will be triennial beginning July 1 and ending on June 30 of the third year.

b. The renewal will be to complete an online renewal application on the Iowa board of mortuary science website and pay the renewal fee.

901.7(2) Failure to receive notice from the board will not relieve the license holder of the obligation to pay triennial renewal fees on or before the renewal date.

901.7(3) Funeral and cremation establishments will keep their renewal licenses displayed in a conspicuous public place at the primary site of practice.

901.7(4) Late renewal. If the renewal fee and renewal application are received within 30 days after the license renewal expiration date, the late fee for failure to renew before expiration will be charged.

901.7(5) When all requirements for license renewal are met, the licensee will be sent a license renewal card by email.

[**ARC 7813C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—901.8(272C) Inactive funeral establishment license or cremation establishment license.

901.8(1) If the renewal application and fee are not postmarked within 30 days after the license expiration date, the funeral establishment license or cremation establishment license is inactive. To reactivate a funeral establishment license or cremation establishment license, complete an online reactivation application on the Iowa board of mortuary science website and pay the reactivation fee.

901.8(2) A funeral establishment or a cremation establishment that has not renewed the funeral establishment license or cremation establishment license within the required time frame will have an inactive license and will not provide mortuary science services until the license is reactivated.

[**ARC 7813C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—901.9(17A,147,272C) Reinstatement of a funeral establishment license or a cremation establishment license. For a funeral or cremation establishment license that has been revoked, suspended, or voluntarily surrendered, the owner must apply for and receive reinstatement of the license in accordance with rule 481—506.32(272C) and must apply for and be granted reactivation of the license in accordance with rule 481—901.10(17A,147,272C) prior to offering mortuary science services from that establishment in this state.

[**ARC 7813C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24; **ARC 0466D**, IAB 8/5/26, effective 9/9/26]

481—901.10(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee will:

901.10(1) Complete an online reactivation application on the Iowa board of mortuary science website and pay the reactivation fee.

901.10(2) Provide verification of current competence to practice as a funeral director by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) If licensed in another jurisdiction, the applicant will submit a licensure verification document from every jurisdiction in which the applicant is or has been licensed that discloses if disciplinary action was taken.

(2) Verification of completion of 24 hours of continuing education that meets continuing education standards defined in rule 481—902.3(156,272C) within two years prior to filing the application for reactivation; and

(3) Verification of completion of two hours of continuing education in current Iowa law and rules covering mortuary science content areas including, but not limited to, Iowa law and rules governing the practice of mortuary science, cremation, vital statistics, cemeteries and preneed. These 2 hours will be included as a part of the 24 hours required in 481—paragraph 902.3(2)*"f."*

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) If licensed in another jurisdiction, the applicant will submit a licensure verification document from every jurisdiction the applicant is or has been licensed that discloses if disciplinary action was taken.

(2) Verification of completion of 48 hours of continuing education that meet continuing education standards defined in 481—subrule 902.3(1) and 481—paragraphs 902.3(2)*"a," "b," "c,"* and *"e,"* within two years prior to filing the application for reactivation. Independent study identified in 481—paragraph 902.3(2)*"d"* will not exceed 24 hours of the 48 hours; and

(3) Verification of completion of a college course of at least one semester hour or equivalent in current Iowa law and rules covering mortuary science content areas including but not limited to Iowa law and rules governing the practice of mortuary science, cremation, vital statistics, cemeteries and preneed.

[**ARC 7813C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24; **ARC 0466D**, IAB 8/5/26, effective 9/9/26]

481—901.11(17A,147,272C) Reinstatement of a funeral director license. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with rule 481—506.32(272C) and must apply for and be granted reactivation of the license in accordance with rule 481—901.10(17A,147,272C) prior to practicing as a funeral director in this state. The owner of a funeral home establishment whose establishment license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the establishment license and must apply for and be granted reactivation of the establishment license prior to reopening the funeral home establishment.

[**ARC 7813C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24; **ARC 0466D**, IAB 8/5/26, effective 9/9/26]

481—901.12(156) Removal technician education and training requirements.

901.12(1) A removal technician will complete an in-person or live, real-time interactive media education training program that is approved by the board of mortuary science and provides education and training on the following:

a. Requirements of the Federal Trade Commission Funeral Rule as defined in rule 481—900.1(156);

b. Requirements of the Occupational Safety and Health Act relevant to the removal technician's duties;

c. Iowa laws and rules relevant to removal technicians; and

d. Pertinent equipment.

901.12(2) It is the responsibility of the removal technician to maintain documentation of successful completion of the education training program described in subrule 901.12(1).

[**ARC 7813C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—901.13(156) Removal technician supervision and requirements.

901.13(1) A removal technician will serve under the direct supervision of an Iowa licensed funeral director, will only perform removals at the direction of the supervising funeral director, and may act in place of a funeral director only in performing a removal. Another funeral director, who is authorized by the supervising funeral director, may direct the removal technician in the temporary absence of the supervising funeral director.

901.13(2) Any Iowa-licensed funeral director who meets the following conditions is eligible to be a supervisor:

a. Has been practicing for a minimum of five years;

b. Has not had any formal disciplinary action within the past five years with the board of mortuary science; and

c. Is employed by a funeral establishment that has not had any formal disciplinary action within the past five years.

901.13(3) A removal technician seeking registration will complete an application on forms provided by the board and remit a fee in the amount of $50 to the board. The application will include the applicant's full name, date of birth, and home address; the name and license number of the removal technician's supervising funeral director; and the name and address of the funeral establishment primarily employing the removal technician. A registration is effective for five years and may be renewed within 60 days of expiration. A removal technician will advise the board in writing of any change in supervisor or funeral establishment within 30 days.

901.13(4) The supervising funeral director will:

a. Ensure the removal technician completes the education training program described in rule 481—901.12(156) and is registered as a removal technician with the board;

b. Be physically present and directly supervise the removal technician's first five removals;

c. Ensure the removal technician performs its duties as outlined in subrule 901.13(5);

d. Not supervise more than three removal technicians; and

e. Not have more than six registered removal technicians employed by the same funeral establishment, or any funeral establishment owned, operated, or affiliated with that funeral establishment.

901.13(5) Removal technicians will:

a. Be employed full- or part-time by the Iowa-licensed funeral establishment;

b. Complete the requirements of rule 481—901.12(156) and have their first five removals completed in the physical presence of and directly supervised by their supervising Iowa licensed funeral director;

c. Comply with subrule 900.4(1) on behalf of their supervising licensed funeral director, including providing their signature and registration number when removing a human remains from a hospital, nursing establishment, or any other institution involved with the care of the public.

901.13(6) Removal technicians will not:

a. Advertise or hold themselves out as a funeral director or use the acronym "F.D." or any other title or abbreviation indicating that the removal technician is a funeral director;

b. Engage in any duties of a funeral director outside of performing a removal, including but not limited to the duties of a funeral director enumerated in 481—paragraphs 900.2(1)*"b"* through *"f."*

[**ARC 7813C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24; **ARC 0466D**, IAB 8/5/26, effective 9/9/26]

These rules are intended to implement Iowa Code chapters 17A, 147, 156 and 272C.

1 Effective date of 645—101.3(147,156), 101.98(3), 101.212(16) delayed 70 days by the Administrative Rules Review Committee at its meeting held March 13, 1995; delay lifted by this Committee May 9, 1995.

CHAPTER 902
CONTINUING EDUCATION FOR FUNERAL DIRECTORS
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 102]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—902.1(272C) Definitions. For the purpose of these rules, the following definitions will apply:

"Active license" means a license that is current and has not expired.

"Audit" means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

"Board" means the board of mortuary science.

"Continuing education" means planned, organized learning acts that are designed to maintain, improve, or expand a licensee's knowledge and skills in order for the licensee to develop new knowledge and skills relevant to the enhancement of practice, education, or theory development to improve the safety and welfare of the public and that meet the standards set forth in these rules.

"Hour of continuing education" means at least 50 minutes spent by a licensee in actual attendance at and completion of continuing education.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period. The category of "inactive license" may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

"Independent study" means a subject/program/activity that a person pursues autonomously that meets standards for approval criteria in these rules and includes a posttest.

"License" means license to practice.

"Licensee" means any person licensed to practice as a funeral director in the state of Iowa.

[**ARC 7814C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—902.2(272C) Continuing education requirements.

902.2(1) The biennial continuing education compliance period will extend for a two-year period beginning on the fifteenth day of the licensee's birth month and ending on the fifteenth day of the licensee's birth month. Each biennium, a person who holds an active license will be required to complete a minimum of 24 hours of continuing education activity. Two of the 24 hours of continuing education will be in current Iowa law and rules covering mortuary science content areas, including but not limited to Iowa law and rules governing the practice of mortuary science, cremation, vital statistics, cemeteries and preneed. A minimum of 12 hours of the 24 hours of continuing education required for renewal will be earned by completing a program in which an instructor conducts the class employing either in-person or live, real-time interactive media.

902.2(2) Requirements of new licensees. Continuing education is not required in the first renewal period. Continuing education hours acquired any time from the initial licensing until the second license renewal may be used. The new licensee will be required to complete a minimum of 24 hours of continuing education per biennium for each subsequent license renewal.

902.2(3) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity as stipulated in rule.

902.2(4) Up to 50 percent of continuing education (a maximum of 12 hours) can be carried over into the next biennium if there was an amount of continuing education completed during the prior period that exceeded the minimum requirement. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

902.2(5) It is the responsibility of each licensee to finance the cost of continuing education.

[**ARC 7814C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24; **ARC 9068C**, IAB 4/2/25, effective 5/21/25]

481—902.3(156,272C) Standards.

902.3(1) *General criteria.* A continuing education activity must meet the following criteria:

a. Constitute an organized program of learning that contributes directly to the professional competency of the licensee;

b. Pertain to subject matters that integrally relate to the practice of the profession;

c. Be conducted by individuals who have specialized education, training and experience concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;

d. Fulfill stated program goals, objectives, or both; and

e. Provide proof of attendance to licensees in attendance, including:

(1) Date(s), location, course title, presenter(s);

(2) Number of program contact hours; and

(3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

All licensees must retain the information identified in paragraph 902.3(1)*"e"* for two years after the biennium has ended.

902.3(2) *Specific criteria.*

a. The following categories of continuing education are accepted:

(1) Public health and technical: chemistry, microbiology and public health, anatomy, pathology, restorative art, arterial and cavity embalming.

(2) Business management: accounting, funeral home and crematory management and merchandising, computer application, funeral directing, and small business management.

(3) Social sciences/humanities: psychology of grief, counseling, sociology of funeral service, history of funeral service, communication skills, and philosophy.

(4) Legal, ethical, regulatory: mortuary law; business law; ethics; Federal Trade Commission, OSHA, ADA, and EPA regulations; preneed regulation; social services; veterans affairs benefits; insurance; state and county benefits; legislative concerns. Insurance will be related to life insurance and will not exceed 8 hours each biennium.

b. Academic coursework that meets the criteria set forth in the rule is accepted. Continuing education credit equivalents are as follows:

1 academic semester hour = 10 continuing education hours

1 academic trimester hour = 8 continuing education hours

1 academic quarter hour = 7 continuing education hours

A course description and an official school transcript indicating successful completion of the course must be provided by the licensee to receive credit for an academic course if continuing education is audited.

c. Attendance at or participation in a program or course that is offered or sponsored by a state or national funeral association that meets the criteria in subrule 902.3(1) and paragraph 902.3(2)*"a"* is accepted.

d. Independent study credits, including those obtained by television viewing, Internet, video- or sound-recorded programs, or correspondence work or by other similar means that meet the criteria in paragraph 902.3(2)*"a,"* must be accompanied by a certificate from the sponsoring organization that indicates successful completion of the test. Continuing education credit obtained by independent study will not exceed 12 hours of the 24 hours required during the compliance period.

e. Presentations of a structured continuing education program or a college course that meets the criteria established in standards for approval may receive 1.5 times the number of hours granted the attendees. These hours will be granted only once per biennium for identical presentations.

f. Two of the 24 hours of continuing education will be in current Iowa law and rules covering mortuary science content areas including but not limited to Iowa law and rules governing the practice of mortuary science, cremation, vital statistics, cemeteries and preneed.

[**ARC 7814C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—902.4(272C) Automatic exemption. A licensee will be exempt from the continuing education requirement during the license biennium when that person:

1. Served honorably on active duty in the military service; or

2. Was a government employee working in the licensee's specialty and assigned to duty outside the United States; or

3. Was absent from the state but engaged in active practice under circumstances that are approved by the board.

[**ARC 7814C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 272C.2 and chapter 156.

CHAPTER 903
DISCIPLINARY PROCEEDINGS

[Prior to 7/10/02, see 645—101.7(272C) to 645—101.10(272C)]
Rescinded **ARC 7815C**, IAB 4/17/24, effective 5/22/24
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 103]

CHAPTER 904
DISCIPLINARY PROCEEDINGS
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 104]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—904.1(156) Definitions.

"Board" means the board of mortuary science.

"Discipline" means any sanction the board may impose upon licensees.

"Licensee" means an individual licensed pursuant to Iowa Code section 156.4 to practice as a funeral director in Iowa and a person issued an establishment license pursuant to Iowa Code section 156.14 to establish, conduct, or maintain a funeral establishment or cremation establishment in Iowa.

[**ARC 7815C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—904.2(17A,147,156,272C) Disciplinary authority. The board is empowered to administer Iowa Code chapters 17A, 147, 156, and 272C and related administrative rules for the protection and well-being of those persons who may rely upon licensed individuals and establishments for the performance of mortuary science services within this state or for clients in this state. To perform these functions, the board is broadly vested with authority to review and investigate alleged acts or omissions of licensees, to determine whether disciplinary proceedings are warranted, to initiate and prosecute disciplinary proceedings, to establish standards of professional conduct, and to impose discipline pursuant to Iowa Code sections 17A.13, 147.55, 272C.3 to 272C.6 and 272C.10 and chapter 156.

[**ARC 7815C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—904.3(17A,147,156,272C) Grounds for discipline against funeral directors. The board may initiate disciplinary action against a licensed funeral director based on Iowa Code section 156.9 and any of the following grounds:

904.3(1) Fraud in procuring a license. Fraud in procuring a license includes but is not limited to an intentional perversion of the truth in making application for a license to practice in this state, which includes the following:

a. False representation of a material fact, whether by word or by conduct, by false or misleading allegation, or by concealment of that which should have been disclosed when making application for a license in this state, or

b. Attempting to file or filing with the board or the department of inspections, appeals, and licensing any false or forged diploma or certificate or affidavit or identification or qualification in making an application for a license in this state.

904.3(2) Professional incompetency. Professional incompetency includes but is not limited to:

a. A substantial lack of knowledge or ability to discharge professional obligations within the scope of practice.

b. A substantial deviation from the standards of learning or skill ordinarily possessed and applied by other practitioners in the state of Iowa acting in the same or similar circumstances.

c. A failure to exercise the degree of care that is ordinarily exercised by the average practitioner acting in the same or similar circumstances.

d. Failure to conform to the minimal standards of acceptable and prevailing practice of a funeral director in this state.

904.3(3) Deceptive practices. Deceptive practices are grounds for discipline, whether or not actual injury is established, and include:

a. Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of mortuary science.

b. Use of untruthful or improbable statements in advertisements. Use of untruthful or improbable statements in advertisements includes but is not limited to an action by a licensee in making information or intention known to the public which is false, deceptive, misleading or promoted through fraud or misrepresentation.

c. Acceptance of any fee by fraud or misrepresentation.

d. Falsification of business records through false or deceptive representations or omissions.

e. Submission of false or misleading reports or information to the board, including information supplied in an audit of continuing education, reports submitted as a condition of probation, or any reports identified in this rule.

f. Knowingly misrepresenting any material matter to a prospective purchaser of funeral merchandise, furnishings, or services.

g. Representing oneself as a funeral director when one's license has been suspended, revoked, or surrendered, or when one's license is on inactive status.

h. Permitting another person to use the licensee's license for any purposes.

i. Misrepresenting the legal need or other requirement for embalming.

j. Fraud in representations as to skill or ability.

904.3(4) Unethical, harmful or detrimental conduct. Licensees engaging in unethical conduct or practices harmful or detrimental to the public may be disciplined whether or not injury is established. Behaviors and conduct that are unethical, harmful or detrimental to the public may include but are not limited to the following actions:

a. Practice outside the scope of the profession that requires licensure by a different professional licensing board.

b. Any violation of Iowa Code chapter 144.

c. Verbal or physical abuse, improper sexual contact, or making suggestive, lewd, lascivious, offensive or improper remarks or advances, if such behavior occurs within the practice of mortuary science or such behavior otherwise provides a reasonable basis for the board to conclude that such behavior would place the public at risk within the practice of mortuary science.

d. Betrayal of a professional confidence.

e. Engaging in a professional conflict of interest.

f. Failure to comply with universal precautions for preventing transmission of infectious diseases as issued by the Centers for Disease Control and Prevention of the United States Department of Health and Human Services.

g. Embalming or attempting to embalm a deceased human body without first having obtained authorization from a family member or representative of the deceased, except where embalming is done to meet the requirements of applicable state or local law. However, a funeral director may embalm without authority when, after due diligence, no authorized person can be contacted and embalming is in accordance with legal or accepted standards in the community, or the licensee has good reason to believe that the family wishes embalming. The order of priority for those persons authorized to permit embalming is found in Iowa Code section 144C.5. If embalming is performed under these circumstances, the licensee shall not be deemed to be in violation of the prohibition in this paragraph.

h. Failure to keep and maintain records as required by Iowa Code chapter 156 and associated rules.

904.3(5) Unlicensed practice.

a. Practicing mortuary science when one's license has been suspended, revoked, or surrendered, or when one's license is on inactive status.

b. Practicing mortuary science within an unlicensed funeral or cremation establishment.

c. Permitting an unlicensed employee or other person under the licensee's control or supervision to perform activities requiring a license.

d. Knowingly aiding, assisting, procuring, advising, or allowing a person to unlawfully practice mortuary science, or aiding or abetting a licensee, license applicant or unlicensed person in committing any act or omission which is grounds for discipline under this rule or is an unlawful act by a nonlicensee under Iowa Code section 156.16.

904.3(6) Lack of proper qualifications.

a. Continuing to practice as a funeral director without satisfying the continuing education mandated by 481—Chapter 902.

b. Acting as a preceptor or continuing education provider without proper board approval or qualification.

c. Habitual intoxication or addiction to the use of drugs, or impairment which adversely affects the licensee's ability to practice in a safe and competent manner.

d. Any act, conduct, or condition, including lack of education or experience and careless or intentional acts or omissions, that demonstrates a lack of qualifications which are necessary to ensure a high standard of professional care as provided in Iowa Code section 272C.3(2)*"b."*

904.3(7) Negligence by the licensee in the practice of the profession. Negligence by the licensee in the practice of the profession includes:

a. A failure to exercise due care, including negligent delegation of duties or supervision of employees or other individuals, whether or not injury results.

b. Any conduct, practice or condition which impairs a licensee's ability to safely and skillfully practice the profession.

904.3(8) Professional misconduct.

a. Obtaining, possessing, attempting to obtain or possess, or administering controlled substances without lawful authority.

b. Violation of a regulation or law of this state, another state, or the United States, which relates to the practice of mortuary science, including but not limited to Iowa Code chapters 272C, 144, 147, 156, 523A, 523I, 566, and 566A; board rules, including rules of professional conduct set forth in 481—Chapter 900; and regulations promulgated by the Federal Trade Commission relating to funeral services or merchandise, or funeral or cremation establishments, as applicable to the profession. Any violation involving deception, dishonesty or moral turpitude shall be deemed related to the practice of mortuary science.

c. Engaging in any conduct that subverts or attempts to subvert a board investigation, or failure to fully cooperate with a licensee disciplinary investigation or investigation against a nonlicensee, including failure to comply with a subpoena issued by the board or to respond to a board inquiry within 30 calendar days of the date of mailing by certified mail of a written communication directed to the licensee's last address on file at the board office.

d. Revocation, suspension, or other disciplinary action taken by a licensing authority of this state, another state, territory, or country. A stay by an appellate court shall not negate this requirement; however, if such disciplinary action is overturned or reversed by a court of last resort, discipline by the board based solely on such action shall be vacated.

904.3(9) Willful or repeated violations. The willful or repeated violation of any provision of Iowa Code chapter 147, 156, or 272C.

904.3(10) Failure to report.

a. Failure by a licensee or an applicant for licensure to report in writing to the board any revocation, suspension, or other disciplinary action taken by a licensing authority within 30 days of the final action.

b. Failure of a licensee or an applicant for licensure to report, within 30 days of the action, any voluntary surrender of a professional license to resolve a pending disciplinary investigation or action.

c. Failure to notify the board of a criminal conviction within 30 days of the action, regardless of the jurisdiction where it occurred.

d. Failure to notify the board within 30 days after occurrence of any judgment or settlement of malpractice claim or action.

e. Failure to report another licensee to the board for any violations listed in these rules, pursuant to Iowa Code section 272C.9.

f. Failure to report a change of name or address within 30 days after it occurs.

904.3(11) Failure to comply with board order.

a. Failure to comply with the terms of a board order or the terms of a settlement agreement or consent order, or other decision of the board imposing discipline.

b. Failure to pay costs assessed in any disciplinary action.

904.3(12) Being convicted of an offense that directly relates to the duties and responsibilities of the profession. A conviction includes a guilty plea, including Alford and nolo contendere pleas, or a finding or verdict of guilt, even if the adjudication of guilt is deferred, withheld, or not entered. A copy of the guilty plea or order of conviction constitutes conclusive evidence of conviction. An offense directly relates to the

duties and responsibilities of the profession if the actions taken in furtherance of the offense are actions customarily performed within the scope of practice of the profession or the circumstances under which the offense was committed are circumstances customary to the profession.

904.3(13) Violation of the terms of an initial agreement with the impaired practitioner review committee or violation of the terms of an impaired practitioner recovery contract with the impaired practitioner review committee.

904.3(14) Failure to comply with conditions of Iowa Code sections 142C.10 and 142C.10A.

[**ARC 7815C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—904.4(17A,147,156,272C) Grounds for discipline against funeral establishments and cremation establishments. The board may initiate disciplinary action against a funeral establishment or cremation establishment, at time of license application or thereafter, based on all grounds set forth in Iowa Code section 156.15, summarized as follows:

904.4(1) The licensee or applicant has been convicted of a felony or any crime related to the practice of mortuary science or implicating the establishment's ability to safely perform mortuary science services, or if the applicant is an association, joint stock company, partnership, or corporation, the managing officer or owner has been convicted of such a crime under the laws of this state, another state, or the United States.

904.4(2) The licensee or applicant, or any owner or employee of the establishment has violated Iowa Code chapter 156, rule 481—904.3(17A,147,156,272C), or any other rule promulgated by the board.

904.4(3) The licensee or applicant knowingly aided, assisted, procured, or allowed a person to unlawfully practice mortuary science.

904.4(4) The licensee or applicant failed to engage in or ceased to engage in the business described in the application for licensure.

904.4(5) The licensee or applicant failed to keep and maintain records as required by Iowa Code chapter 156 or rules promulgated by the board.

904.4(6) The licensee or owner of the establishment has violated the smokefree air Act, Iowa Code chapter 142D.

[**ARC 7815C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—904.5(17A,147,156,272C) Method of discipline. The board has the authority to impose the following disciplinary sanctions:

1. Revoke a license.
2. Suspend a license until further order of the board or for a specific period.
3. Prohibit permanently, until further order of the board, or for a specific period, the licensee's engaging in specified procedures, methods, or acts.
4. Place a licensee on probation and impose such conditions as the board may reasonably impose, including but not limited to requiring periodic reporting to the board designated features of the licensee's practice of mortuary science.
5. Require additional education or training. The board may specify that a designated amount of continuing education be taken in specific subjects and may specify the time period for completing these courses. The board may also specify whether that continuing education be in addition to the continuing education routinely required for license renewal. The board may also specify that additional continuing education be a condition for the termination of any suspension or reinstatement of a license.
6. Require a reexamination.
7. Order a physical or mental evaluation, or order alcohol and drug screening within a time specified by the board.
8. Impose civil penalties not to exceed $1,000 against an individual licensed as a funeral director, or not to exceed $10,000 against a licensed funeral establishment or cremation establishment. Civil penalties may be imposed for any of the disciplinary violations specified in rules 481—904.3(17A,147,156,272C) and 481—904.4(17A,147,156,272C), as applicable.
9. Issue a citation and warning, or reprimand.
10. Refuse to issue or renew a license.
11. Such other sanctions allowed by law as may be appropriate.

[**ARC 7815C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—904.6(17A,147,156,272C) Board discretion in imposing disciplinary sanctions. Factors the board will consider when determining the nature and severity of the disciplinary sanction to be imposed, including whether to assess and the amount of civil penalties, include:

1. The relative serious nature of the violation as it relates to ensuring a high standard of professional care to the citizens of this state.
2. Whether the amount of a civil penalty will be a substantial deterrent to the violation.
3. The circumstances leading to the violation.
4. The risk of harm to the public.
5. The economic benefits gained by the licensee as a result of the violation.
6. The interest of the public.
7. Evidence of reform or remedial action.
8. Time lapsed since the violation occurred.
9. Whether the violation is a repeat offense following a prior cautionary letter, disciplinary order, or other notice of the nature of the infraction.
10. The clarity of the issues involved.
11. Whether the violation was willful and intentional.
12. Whether the nonlicensee acted in bad faith.
13. The extent to which the licensee cooperated with the board.
14. Whether a licensee holding an inactive, suspended, restricted or revoked license engaged in practices which require licensure.
15. Any extenuating factors or other countervailing considerations.
16. Number and seriousness of prior violations or complaints.
17. Such other factors as may reflect upon the competency, ethical standards, and professional conduct of the licensee.

[**ARC 7815C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—904.7 Reserved.

481—904.8(17A,147,156,272C) Informal discussion. If the board considers it advisable, or if requested by the affected licensee, the board may grant the licensee an opportunity to appear before the board or a committee of the board for a voluntary informal discussion of the facts and circumstances of an alleged violation. The licensee may be represented by legal counsel at the informal discussion. The licensee is not required to attend the informal discussion. By electing to attend, the licensee waives the right to seek disqualification, based upon personal investigation of a board or staff member, from participating in making a contested case decision or acting as a presiding officer in a later contested case proceeding. Because an informal discussion constitutes a part of the board's investigation of a pending disciplinary case, the facts discussed at the informal discussion may be considered by the board in the event the matter proceeds to a contested case hearing and those facts are independently introduced into evidence. The board may seek a consent order at the time of the informal discussion. If the parties agree to a consent order, a statement of charges shall be filed simultaneously with the consent order.

[**ARC 7815C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 17A, 147, 156, and 272C.

CHAPTER 905
ENFORCEMENT PROCEEDINGS AGAINST NONLICENSEES
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 105]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—905.1(156) Civil penalties against nonlicensees. The board may impose civil penalties by order against a person who is not licensed by the board based on the unlawful practices specified in Iowa Code section 156.16. In addition to the procedures set forth in Iowa Code section 156.16, this chapter will apply.
[**ARC 7816C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—905.2(156) Unlawful practices. Practices by unlicensed persons or establishments that are subject to civil penalties include but are not limited to:

1. Acts or practices by unlicensed persons that require licensure as a funeral director under Iowa Code chapter 156.
2. Acts or practices by unlicensed establishments that require licensure as a funeral establishment or cremation establishment under Iowa Code chapter 156.
3. Use of the words "funeral director," "mortician," or other title in a manner that states or implies that the person is engaged in the practice of mortuary science as defined in Iowa Code chapter 156.
4. Use or attempted use of a licensee's certificate or an expired, suspended, revoked, or nonexistent certificate.
5. Falsely impersonating a licensed funeral director.
6. Providing false or forged evidence of any kind to the board in obtaining or attempting to obtain a license.
7. Other violations of Iowa Code chapter 156.
8. Knowingly aiding or abetting an unlicensed person or establishment in any activity identified in this rule.

[**ARC 7816C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—905.3(156) Investigations. The board is authorized by Iowa Code sections 17A.13(1) and 156.16 to conduct such investigations as are needed to determine whether grounds exist to impose civil penalties against a nonlicensee. Such investigations will conform to the procedures outlined in this chapter. Complaint and investigatory files concerning nonlicensees are not confidential except as may be provided in Iowa Code chapter 22.
[**ARC 7816C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—905.4(156) Subpoenas. Pursuant to Iowa Code sections 17A.13(1) and 156.16, the board is authorized in connection with an investigation of an unlicensed person or establishment to issue subpoenas to compel persons to testify and to compel persons to produce books, papers, records and any other real evidence, whether or not privileged or confidential under law, that the board deems necessary as evidence in connection with the civil penalty proceeding or relevant to the decision of whether to initiate a civil penalty proceeding. Board procedures concerning investigative subpoenas are set forth in rule 481—503.5(17A,272C).
[**ARC 7816C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—905.5(156) Notice of intent to impose civil penalties. The notice of the board's intent to issue an order to require compliance with Iowa Code chapter 156 and to impose a civil penalty will be served upon the nonlicensee by restricted certified mail, return receipt requested, or personal service in accordance with Iowa R. Civ. P. 1.305. Alternatively, the nonlicensee may accept service personally or through authorized counsel. The notice will include the following:

1. A statement of the legal authority and jurisdiction under which the proposed civil penalty would be imposed.
2. Reference to the particular sections of the statutes and rules involved.
3. A short, plain statement of the alleged unlawful practices.

4. The dollar amount of the proposed civil penalty and the nature of the intended order to require compliance with Iowa Code chapter 156.

5. Notice of the nonlicensee's right to a hearing and the time frame in which hearing must be requested.

6. The address to which written request for hearing must be made.

[**ARC 7816C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—905.6(156) Requests for hearings.

905.6(1) Nonlicensees must request a hearing within 30 days of the date the notice is received if served through restricted certified mail, or within 30 days of the date of service if service is accepted or made in accordance with Iowa R. Civ. P. 1.305. A request for hearing must be in writing and is deemed made on the date of the nonmetered United States Postal Service postmark or the date of personal service.

905.6(2) If a request for hearing is not timely made, the board chairperson or the chairperson's designee may issue an order imposing the civil penalty and requiring compliance with Iowa Code chapter 156, as described in the notice. The order may be mailed by regular first-class mail or served in the same manner as the notice of intent to impose civil penalty.

905.6(3) If a request for hearing is timely made, the board will issue a notice of hearing and conduct a contested case hearing in the same manner as applicable to disciplinary cases against licensees.

905.6(4) A nonlicensed person who fails to timely request a contested case hearing will have failed to exhaust "adequate administrative remedies" as that term is used in Iowa Code section 17A.19(1).

905.6(5) A nonlicensed person who is aggrieved or adversely affected by the board's final decision following a contested case hearing may seek judicial review as provided in Iowa Code section 17A.19.

905.6(6) A nonlicensee may waive the right to hearing and all attendant rights and enter into a consent order imposing a civil penalty and requiring compliance with Iowa Code chapter 156 at any stage of the proceeding upon mutual consent of the board.

905.6(7) The notice of intent to issue an order and the order are public records available for inspection and copying in accordance with Iowa Code chapter 22. Copies may be published as provided in rule 481—506.30(272C). Hearings will be open to the public.

[**ARC 7816C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—905.7(156) Factors to consider. The board may consider the following when determining the amount of civil penalty to impose, if any:

1. Whether the amount imposed will be a substantial economic deterrent to the violation.
2. The circumstances leading to the violation.
3. The severity of the violation and the risk of harm to the public.
4. The economic benefits gained by the violator as a result of noncompliance.
5. The interest of the public.
6. The time lapsed since the unlawful practice occurred.
7. Evidence of reform or remedial actions.
8. Whether the violation is a repeat offense following a prior warning letter or other notice of the nature of the infraction.
9. Whether the violation involved an element of deception.
10. Whether the unlawful practice violated a prior order of the board, court order, cease and desist agreement, consent order, or similar document.
11. The clarity of the issue involved.
12. Whether the violation was willful and intentional.
13. Whether the nonlicensee acted in bad faith.
14. Whether the nonlicensee cooperated with the board.

[**ARC 7816C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—905.8(156) Enforcement options. In addition, or as an alternative, to the administrative process described in these rules, the board may seek an injunction in district court, refer the matter for criminal prosecution, or enter into a consent agreement as provided in Iowa Code section 156.16.

[**ARC 7816C**, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 17A, 147, and 156.

CHAPTER 906
ADOPTION OF UNIFORM AND MODEL RULES
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 106]

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/28/29

481—906.1(17A,272C) Board of mortuary science adoption of uniform and model rules. The board hereby adopts by reference the following:

906.1(1) to **906.1(9)** Reserved.

906.1(10) Model rules for licensee review committee, 481—Chapter 505.

This rule is intended to implement Iowa Code chapter 272C.

[**ARC 8148C**, IAB 7/24/24, effective 8/28/24; Editorial change: IAC Supplement 9/18/24]

[Filed ARC 8148C (Notice ARC 7296C, IAB 1/24/24), IAB 7/24/24, effective 8/28/24]
[Editorial change: IAC Supplement 9/18/24]

CHAPTER 907
PLACES WHERE DEAD HUMAN BODIES ARE PREPARED FOR BURIAL OR ENTOMBMENT

[Prior to 7/29/87, Health Department[470] Ch 86]
[Prior to 4/2/25, see Public Health Department[641] Ch 86]

Chapter rescission date pursuant to Iowa Code section 17A.7: 1/1/28

481—907.1(156) Purpose. The purpose of this chapter is to establish standards for the operation and inspection of places where dead human bodies are prepared for burial, cremation or entombment.
[Editorial change: IAC Supplement 4/2/25]

481—907.2(156) Definitions.

"Board" means the board of mortuary science examiners.

"Cremated remains" means the body of a deceased person, including any form of body prosthesis that has been permanently attached to or implanted in the body.

"Cremation" means the technical process, using heat and flame, that reduces human remains to bone fragments. The reduction takes place through heat and evaporation. Cremation shall include the processing, and may include the pulverization, of the bone fragments.

"Cremation chamber" means the enclosed space within which the cremation takes place.

"Cremation establishment" means a place of business which provides any aspect of cremation of human remains.

"Cremation room" means the room in which the cremation chamber is located.

"Department" means the Iowa department of public health.

"Funeral establishment" means a place of business, as defined by the board of mortuary science examiners, devoted to providing any aspect of mortuary science.

"Human remains" means a deceased human being for which a death certificate or fetal death certificate is required.

"Listed" means equipment or materials included in a list published by an agency that maintains periodic inspection on current production of listed equipment or materials and whose listing states either that the equipment or material complies with approved standards or has been tested and found suitable for use in a specified manner.

"Preparation room" means a room in a funeral establishment where human remains are prepared, sanitized, embalmed or held for ceremonies and final disposition.
[Editorial change: IAC Supplement 4/2/25]

481—907.3(156) Licensing. No person, business or corporation shall operate a funeral establishment, preparation room or cremation chamber without first licensing the establishment with the board.
[Editorial change: IAC Supplement 4/2/25]

481—907.4(156) Public access areas. Public access areas of funeral homes and crematorium establishments shall have a public rest room with hot and cold running water.
[Editorial change: IAC Supplement 4/2/25]

481—907.5(156) Preparation room. The preparation room shall meet the following standards:

907.5(1) The preparation room shall be of such size and dimensions to accommodate and shall contain an embalming table, an appropriate sink, or other liquid waste receptacle with sewer and water connections, suitable cabinet or shelves, and hand-washing facilities to include hot water, soap and towels.

907.5(2) The preparation room shall be private. It shall not be used as a passageway from room to room. No toilet or commode shall be located within the preparation room. Only equipment necessary for use in preparation of bodies for burial, shipment or cremation shall be permitted in the preparation room.

907.5(3) There shall be a toilet and hand-washing facility accessible elsewhere in the building.

907.5(4) Ventilation shall be provided by an exhaust fan vented to the outside of the building.

907.5(5) Doors and windows of the preparation room shall be so installed and constructed as to obstruct view from outside and to prevent fumes and odors from entering any other part of the building.

907.5(6) There shall be adequate lighting. Light fixtures shall be easy to clean and kept clean.

907.5(7) The preparation room shall be provided with an adequate water supply with hot and cold running water.

907.5(8) The building drainage system must be discharged into the municipal sewage system where such a system is available. Where a municipal sewage system is not available, the building drainage system must be discharged into a private system of waste disposal acceptable to the Iowa department of natural resources and the Iowa department of public health.

907.5(9) Backflow prevention.

a. Funeral homes not meeting the requirements of paragraph 907.5(9)*"c"* shall have water-supplied aspirators equipped with a listed atmospheric vacuum breaker mounted at least six inches above the aspirator. The discharge of the aspirator shall be through an air gap.

b. Funeral homes not meeting the requirements of paragraph 907.5(9)*"c"* shall have hose bibbs protected by a listed nonremovable hose bibb type backflow preventer. Potable water outlets with a tube connection fitting shall be protected by a listed atmospheric vacuum breaker mounted at least six inches above the highest point of water usage.

c. In new construction, the water supply to the preparation room and to fixtures in the preparation room shall be protected against backflow in accordance with the Iowa state plumbing code (481—Chapter 425) or in accordance with the ordinance of the political subdivision in which the facility is located, provided that the requirements of the ordinance are equal to or greater than the requirements of the Iowa state plumbing code.

907.5(10) The embalming table shall have a top composed of stainless steel, porcelain or other rustproof material, and the edges shall be raised at least three-fourths inch around the entire table. There shall be a drain opening in the table.

907.5(11) Each preparation room shall have a covered, watertight receptacle for solid refuse.

907.5(12) All preparation rooms shall be maintained in a clean and sanitary condition. All embalming tables, sinks, receptacles, instruments and other appliances used in embalming dead human bodies shall be thoroughly cleaned with hot water and disinfectant. There shall be available a suitable means to sterilize instruments.

[Editorial change: IAC Supplement 4/2/25]

481—907.6(156) Crematorium chambers.

907.6(1) Cremation chambers shall be installed according to the manufacturer's recommendations.

907.6(2) Cremation chambers shall be vented to the outside of the building.

907.6(3) There shall be a means to bring in a fresh air supply to aid in combustion.

907.6(4) The room where the cremation chamber is located shall have adequate exhaust to prevent heat buildup.

907.6(5) The cremation chamber shall be cleaned after each use, with cremated remains and pulverized materials being placed in containers as defined in rule 481—900.1(156).

[Editorial change: IAC Supplement 4/2/25]

481—907.7(156) Inspection fees. Inspection fees shall be billed to the owner of a funeral home or crematorium upon the completion of an inspection. Inspection fees are due upon receipt of a notice of payment due. When the funeral home or crematorium is located within the contracted area of a board of health that has a 28E agreement for inspections with the department, inspection fees billed shall be paid to the contracted board of health or its designee.

907.7(1) The fee for the inspection of a funeral home or crematorium shall be $15 for each facility.

907.7(2) Penalty. Inspection fees not received by the department or contracted board of health within 45 days of the date of billing will be assessed a $25 penalty for each month or fraction thereof that the payment is delinquent.

[Editorial change: IAC Supplement 4/2/25]

These rules are intended to implement Iowa Code chapter 156.

BOARD OF DIETETICS

CHAPTER 921
LICENSURE OF DIETITIANS

[Prior to 6/26/02, see 645—Ch 80]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 81]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/5/29

481—921.1(152A) Definitions.

"Active license" means a license that is current and has not expired.

"Board" means the board of dietetics.

"Consultation" means the practice of providing professional advice to another dietitian or other professional in a particular case and for a limited time, in affiliation with, and at the request of, a dietitian licensed in this state.

"Dietetics" means the integration and application of principles derived from the sciences of nutrition, biochemistry, physiology, food management and from behavioral and social sciences to achieve and maintain an individual's health.

"Grace period" means the 30-day period following expiration of a license when the license is still considered to be active.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period. The category of "inactive license" may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

"Licensee" means any person licensed to practice as a dietitian in the state of Iowa.

"License expiration date" means the fifteenth day of the birth month every two years following initial licensure.

"Nutrition assessment" means the evaluation of the nutrition needs of individuals and groups based upon appropriate biochemical, anthropometric, physical, and dietary data to determine nutrient needs and to recommend appropriate nutritional intake, including enteral and parenteral nutrition.

"Nutrition counseling" means advising and assisting individuals or groups, with consideration of cultural background and socioeconomic status, about appropriate nutritional intake by integrating information from the nutrition assessment with information about food and other sources of nutrients and meal preparation.

"Reactivate" or *"reactivation"* means the process as outlined in rule 481—921.8(17A,147,272C) by which an inactive license is restored to active status.

"Reciprocal license" means the issuance of an Iowa license to practice dietetics to an applicant who is currently licensed in another state that has a mutual agreement with the Iowa board of dietetics to license persons who have the same or similar qualifications as those required in Iowa.

"Registered dietitian" means a dietitian who has met the standards and qualifications of the Commission on Dietetic Registration, a member of the National Commission for Certifying Agencies.

"Reinstatement" means the process as outlined in rule 481—506.31(272C) by which a licensee who has had a license suspended or revoked or who has voluntarily surrendered a license may apply to have the license reinstated, with or without conditions. Once the license is reinstated, the licensee may apply for active status.

"Supervision of nonlicensees" means any of the following: delegation of duties, direct oversight, or indirect oversight of employees or other persons not licensed by the board.

[**ARC 7925C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24; Editorial change: IAC Supplement 1/22/25]

481—921.2(152A) Nutrition care. The primary function of dietetic practice is the provision of nutrition care services that include:

1. Assessing the nutrition needs of individuals and groups and determining resources and constraints in the practice setting.
2. Establishing priorities, goals, and objectives that meet nutrition needs and are consistent with available resources and constraints.

3. Providing nutrition counseling concerning health and disease.

4. Developing, implementing, and managing nutrition care systems.

5. Evaluating, making changes in, and maintaining appropriate standards of quality in food and nutrition services.

[**ARC 7925C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—921.3(152A) Requirements for licensure. The following criteria apply to licensure:

921.3(1) The applicant submits a completed online application for licensure and pay the nonrefundable licensure fee specified in rule 481—507.6(147,152A).

921.3(2) No application will be considered by the board until the applicant satisfactorily completes the registration examination for dietitians administered by the Commission on Dietetic Registration (CDR). The board will accept the passing score set by the CDR. Verification of satisfactory completion may be established by one of the following:

a. The applicant sends to the board a copy of the CDR registration card;

b. The CDR sends an official letter directly to the board to verify that the applicant holds registration status; or

c. The CDR posts web-based verification that the applicant holds registration status.

921.3(3) A license is not required for dietitians who are in this state for the purpose of consultation, in accordance with rule 481—921.1(152A), when they are licensed in another state, U.S. territory, or country, or have received at least a baccalaureate degree in human nutrition from a U.S. regionally accredited college or university.

921.3(4) Incomplete applications that have been on file in the board office for more than two years will be considered invalid and destroyed.

[**ARC 7925C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—921.4(152A) Educational qualifications.

921.4(1) The applicant shall possess a baccalaureate degree or postbaccalaureate degree from a U.S. regionally accredited college or university with a major course of study in human nutrition, food and nutrition, nutrition education, dietetics, or food systems management, or in an equivalent major course of study, that meets minimum academic requirements as established by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics (AND) and is approved by the board.

921.4(2) A foreign-trained dietitian shall:

a. Provide an official letter sent directly from the Commission on Dietetic Registration (CDR) to the board to verify that the applicant has met the minimum academic and didactic program requirements of the CDR. Foreign degree equivalency evaluation requirements of the ACEND of the AND are listed on the ACEND website, and

b. Provide evidence of meeting all other requirements in these rules.

[**ARC 7925C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—921.5(152A) Supervised experience. The applicant shall complete an accredited competency-based supervised experience program approved by the ACEND of the AND.

[**ARC 7925C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—921.6(152A) Licensure by endorsement. An applicant who has been a licensed dietitian under the laws of another jurisdiction may file an application for licensure by endorsement with the board office. The board may receive by endorsement any applicant from the District of Columbia or another state, territory, province or foreign country who:

921.6(1) Meets the requirements of rule 481—921.4(152A).

921.6(2) Provides verification of license(s) from every jurisdiction in which the applicant has been licensed, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:

a. Licensee's name;

b. Date of initial licensure;

c. Current licensure status; and

d. Any disciplinary action taken against the license.

[**ARC 7925C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—921.7(152A) License renewal.

921.7(1) The biennial license renewal period begins on the sixteenth day of the licensee's birth month and ends on the fifteenth day of the licensee's birth month two years later. The licensee is responsible for renewing the license prior to its expiration.

921.7(2) An initial license issued by the board may be valid for an 18- to 29-month period. When an initial license is renewed, it will be placed on a two-year renewal period identified in subrule 921.9(1).

921.7(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements of rule 481—922.2(152A) and the mandatory reporting requirements of subrule 921.9(4). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date.

921.7(4) Mandatory reporter training requirements.

a. A licensee who, in the scope of professional practice or in the licensee's employment responsibilities, examines, attends, counsels or treats children and dependent adults in Iowa will complete the applicable department of health and human services training relating to the identification and reporting of child and dependent adult abuse as required by Iowa Code section 232.69(3)*"b."*

b. Written documentation of training completion should be maintained for three years.

c. The requirement for mandatory training for identifying and reporting child and dependent adult abuse is suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in rule 481—500.14(272C).

d. The board may select licensees for audit of compliance with the requirements in paragraphs 921.9(4)*"a"* and *"b."*

921.7(5) Upon receiving the information required by this rule and the required fee, a two-year license will be administratively issued. In the event the board receives adverse information on the renewal application, the renewal license will be issued but the board may refer the adverse information for further consideration or disciplinary investigation.

921.7(6) The license certificate and proof of active licensure will be displayed in a conspicuous public place at the primary site of practice.

921.7(7) Late renewal. A license not renewed by the expiration date will be assessed a late fee as specified in 481—subrule 507.6(3). Completion of renewal requirements and submission of the late fee within the grace period are needed to renew the license.

921.7(8) Inactive license. A license not renewed by the end of the grace period is inactive. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a dietitian in Iowa until the license is reactivated. A licensee who practices as a dietitian in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

921.7(9) Renewal of a reactivated license. A licensee who reactivates the license in accordance with rule 481—921.8(17A,147,272C) will not be required to renew the license until the next renewal two years later if the license is reactivated within six months prior to the license renewal date.

[**ARC 7925C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—921.8(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee shall:

921.8(1) Submit a reactivation application and pay the reactivation fee as specified in 481—Chapter 507.

921.8(2) Provide verification of current competence to practice dietetics by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license.

(2) Verification of completion of 30 hours of continuing education within two years of the application for reactivation.

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license.

(2) Verification of completion of 60 hours of continuing education within two years of application for reactivation.

[**ARC 7925C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—921.9(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with rule 481—506.31(272C) and must apply for and be granted reactivation of the license in accordance with rule 481—921.8(17A,147,272C) prior to practicing dietetics in this state.

[**ARC 7925C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—921.10(152A,272C) Telehealth visits. A licensee may provide dietetic services to an individual or a group utilizing a telehealth visit if the dietetic services are provided in accordance with all the requirements of this chapter.

921.10(1) "Telehealth visit" means the provision of dietetic services by a licensee to an individual or a group using technology where the licensee and the individual or group are not at the same physical location for the therapy session.

921.10(2) A licensee engaged in a telehealth visit will utilize technology that is secure and, pursuant to the Health Insurance Portability and Accountability Act of 1996, Pub.L. 104-191, August 21, 1996, 110 Stat. 1936, and any amendments as of March 22, 2024, HIPAA-compliant and that includes, at a minimum, audio or video equipment or both that allows two-way real-time interactive communication between the licensee and the individual or group. A licensee may use non-real-time technologies to prepare for a session or to communicate with an individual or a group between sessions.

921.10(3) A licensee engaged in a telehealth visit will be held to the same standard of care as a licensee who provides in-person dietetic services. A licensee will not utilize a telehealth visit if the standard of care for the particular services cannot be met by using technology.

921.10(4) Any licensee who provides a telehealth visit to an individual or a group located in Iowa shall be licensed in Iowa.

921.10(5) Prior to the first telehealth visit, a licensee is to obtain informed consent from the individual or group specific to the services that will be provided in a telehealth visit. At a minimum, the informed consent shall specifically inform the individual or group of the following:

a. The risks and limitations of the use of technology to provide dietetics services;

b. The potential for unauthorized access to protected health information; and

c. The potential for disruption of technology during a telehealth visit.

921.10(6) A licensee will identify in the clinical record when dietetic services are provided utilizing a telehealth visit.

[**ARC 7925C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

CHAPTER 922
CONTINUING EDUCATION FOR DIETITIANS
[Prior to 6/26/02, see 645—Ch 81]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 82]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/5/29

481—922.1(152A) Definitions.

"Active license" means the license is current and has not expired.

"Approved program/activity" means a continuing education program/activity meeting the standards set forth in these rules.

"Audit" means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

"Board" means the board of dietetics.

"Continuing education" means planned, organized learning acts acquired during licensure designed to maintain, improve, or expand a licensee's knowledge and skills in order for the licensee to develop new knowledge and skills relevant to the enhancement of practice, education, or theory development to improve the safety and welfare of the public.

"Hour of continuing education" means at least 50 minutes spent by a licensee in actual attendance at and completion of approved continuing education activity.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period.

"Independent study" means a subject/program/activity that a person pursues autonomously that meets standards for approval criteria in the rules and includes a posttest.

"License" means license to practice.

"Licensee" means any person licensed to practice as a dietitian in the state of Iowa.

"Webinar" means a web-based seminar, presentation, lecture, or workshop that is transmitted over the web.

[**ARC 7926C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—922.2(152A) Continuing education requirements.

922.2(1) The biennial continuing education compliance period will extend for a two-year period beginning on the sixteenth day of the licensee's birth month and ending on the fifteenth day of the birth month two years later. Each biennium, each person who is licensed to practice as a dietitian in this state will be required to complete a minimum of 30 hours of continuing education approved by the board.

922.2(2) Requirements for new licensees. Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired any time from the initial licensing until the second license renewal may be used. The new licensee will be required to complete a minimum of 30 hours of continuing education per biennium for each subsequent license renewal.

922.2(3) Hours of continuing education credit may be obtained in accordance with the definitions and standards in these rules.

922.2(4) Licensees who complete continuing education hours in excess of the requirements for renewal may apply up to 50 percent of the required hours to the following renewal period. Licensees may apply a maximum of 15 hours from the previous renewal period. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

922.2(5) It is the responsibility of each licensee to finance the cost of continuing education.

[**ARC 7926C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24; **ARC 9108C**, IAB 4/16/25, effective 5/21/25]

481—922.3(152A,272C) Standards.

922.3(1) *General criteria.* A continuing education activity that meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

a. Constitutes an organized program of learning that contributes directly to the professional competency of the licensee;

b. Pertains to subject matters that integrally relate to the practice of the profession;

c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of the presenters;

d. Fulfills stated program goals, objectives, or both; and

e. Provides proof of attendance to licensees in attendance including:

(1) Date(s), location, course title, presenter(s);

(2) Number of program contact hours; and

(3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

922.3(2) *Specific criteria.*

a. Continuing education hours of credit may be obtained by completing programs/activities that reflect the educational needs of the dietitian and the nutritional needs of the consumer. Continuing education programs/activities that are scientifically founded and offered at a level beyond entry-level dietetics for professional growth will be accepted for continuing education.

b. The licensee may engage in other types of activities identified in the individual licensee's professional development portfolio for Commission on Dietetic Registration (CDR) certification.

c. The licensee may engage in programs/activities via webinars and independent study in accordance with the definitions and standards in these rules.

d. The licensee may submit completed training to comply with mandatory reporter training requirements as specified in 481—921.9(4). Hours reported for credit will not exceed the hours required to maintain compliance with required training.

e. The following areas are appropriate for continuing education credit:

(1) Sciences related to dietetic practice, education, or research including biological sciences, food and resource management, and behavioral and social sciences to achieve and maintain people's health.

(2) Dietetic practice related to assessment, counseling, teaching, or care of clients in any setting.

(3) Management or quality assurance of nutritional care delivery systems.

(4) Dietetic practice related to community health needs.

f. Criteria for hours of credit are as follows:

(1) Academic coursework. Coursework for credit must be completed at a regionally accredited U.S. college or university. In order for the licensee to receive continuing education credit, the coursework must be beyond entry-level dietetics.

1 academic semester hour = 15 continuing education hours

1 academic quarter hour = 10 continuing education hours

(2) Scholarly publications. Publication may be approved if submitted in published form in the continuing education documentation file of the licensee. All publications must appear in refereed professional journals. Material related to work responsibilities, such as diet and staff manuals, and publications for the lay public are unacceptable. Continuing education credit hours may be reported using the following guidelines:

1. Senior author: first of two or more authors listed.
2. Coauthor: second of two authors listed.
3. Contributing author: all but senior of the three or more authors.
4. Research papers:

● Single author	10 hours
● Senior author	8 hours
● Coauthor	5 hours
● Contributing author	3 hours

5. Technical articles:

● Single author	5 hours
● Senior author	4 hours
● Coauthor	3 hours
● Contributing author	2 hours
6. Information-sharing articles:	1 hour
7. Abstracts:	
● Senior author	2 hours
● Coauthor	1 hour

(3) Poster sessions. Continuing education credit may be obtained for attending juried poster sessions at national meetings that meet the criteria for appropriate subject matter as required in these rules. One hour of continuing education credit is allowed for each 12 posters reviewed not to exceed six hours in a continuing education biennium.

(4) Presenters. Presenters may receive continuing education credit. Presentations to the lay public will not receive credit for continuing education. For each 50-minute hour of presentation, two hours of credit for continuing education will be earned. Presenters of poster sessions at national professional meetings will receive a maximum of two hours of credit per topic. A copy of the abstract or manuscript and documentation of the peer review process must be included in the licensee's documentation list.

(5) Staff development training. Staff development training that meets the criteria in this subrule will be credited on the basis of the defined hour of continuing education stated in these rules.

[**ARC 9606B**, IAB 7/13/11, effective 8/17/11; **ARC 7926C**, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 272C.2 and chapter 152A.

CHAPTER 923
DISCIPLINE FOR DIETITIANS

[Prior to 9/19/01, see 645—80.100(152A,272C)]
[Prior to 6/26/02, see 645—Ch 82]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 83]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/5/29

481—923.1(152A,272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in Iowa Code section 272C.3 when the board determines that the licensee is guilty of any of the following acts or offenses or those listed in 481—Chapter 504:

Failure to comply with the Academy of Nutrition and Dietetics/Commission on Dietetic Registration, Code of Ethics for the Profession of Dietetics and Process for Consideration of Ethics Issues, effective January 1, 2010, hereby adopted by reference. Copies may be obtained from the Academy of Nutrition and Dietetics/Commission on Dietetic Registration website at www.eatright.org/code-of-ethics-for-rdns-and-ndtrs.

This rule is intended to implement Iowa Code chapters 147, 152A and 272C.

BOARD OF BARBERING AND COSMETOLOGY ARTS AND SCIENCES

CHAPTER 940
LICENSURE OF BARBERS AND COSMETOLOGISTS, ELECTROLOGISTS, ESTHETICIANS, NAIL TECHNOLOGISTS, AND INSTRUCTORS OF BARBERING AND COSMETOLOGY ARTS AND SCIENCES

[Prior to 7/29/87, Health Department[470] Chs 149, 150]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 60]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/29

481—940.1(157) Definitions. In addition to the definitions included in Iowa Code sections 157.1 and 84D.2 and 29 Code of Federal Regulations (CFR) §29.5 as amended on December 19, 2016, the following definitions apply to terms used in this chapter:

"Active license" means a license that is current and has not expired.

"Core curriculum" means the basic core life sciences curriculum that is required for completion of any course of study of barbering and cosmetology arts and sciences except for manicuring.

"Examination" means any of the tests used to determine minimum competency prior to the issuance of a barbering and cosmetology arts and sciences license.

"Grace period" means the 30-day period following expiration of a license when the license is still considered to be active. In order to renew a license during the grace period, a licensee is required to pay a late fee.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period. The category of "inactive license" may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

"Legacy curriculum" means a course of study and curriculum offered by barbering schools or cosmetology arts and sciences schools that, as applicable, comply with the administrative rules issued by the Iowa board of barbering or by the Iowa board of cosmetology arts and sciences that were in effect on June 30, 2023.

"Licensee" means any person or entity licensed to perform practice disciplines governed by the board of barbering and cosmetology arts and sciences pursuant to Iowa Code chapter 157 and 481—Chapters 940 through 946.

"Licensure by endorsement" means the issuance of an Iowa license to practice barbering and cosmetology arts and sciences to an applicant who is or has been licensed in the District of Columbia or in another state, territory, province or foreign country and who has held an active license under the laws of such other jurisdiction for at least 12 months during the past 24 months.

"Mentor" means a licensee providing guidance in a mentoring program.

"Mentoring" means a program allowing students to experience barbering and cosmetology arts and sciences in a licensed establishment under the guidance of a mentor.

"NIC" means the National-Interstate Council of State Boards of Cosmetology, Inc.

"Pedicuring" means the practice of cleaning, shaping or polishing the toenails.

"Practice discipline" means the practice of electrology, esthetics, nail technology, or barbering and cosmetology as recognized by the board of barbering and cosmetology arts and sciences.

"Prescribed practice" means an area of specialty certified by the board within the scope of barbering and cosmetology arts and sciences.

"Reactivate" or *"reactivation"* means the process as outlined in rule 481—940.9(17A,147,272C) by which an inactive license is restored to active status.

"Reinstatement" means the process as outlined in rule 481—506.31(272C) by which a licensee who has had a license suspended or revoked or who has voluntarily surrendered a license may apply to have the license reinstated, with or without conditions. Once the license is reinstated, the licensee may apply for active status.

"Shaving" means the manual removal of hair from the face, head or neck by cutting it close to the skin.

"Testing service" means a national testing service selected by the board.

[**ARC 7920C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—940.2(157) Initial licensure.

940.2(1) *Requirements for licensure.* All persons providing services in one or more practice disciplines shall hold a license issued by the board. The applicant shall:

a. Submit a completed online application and pay the nonrefundable fee specified in 481—subrule 507.5(1).

b. Demonstrate professional competence in one of the following ways:

(1) A person who is licensed in another jurisdiction may complete the licensure by endorsement application. If the applicant is licensed in another jurisdiction as an electrologist, nail technologist or esthetician, then a successful applicant will receive a license in such practice discipline. If the applicant is licensed in another jurisdiction as a barber or as a cosmetologist, and the applicant is requesting licensure in the practice discipline of barbering and cosmetology, then a successful applicant will receive a license as a barber and cosmetologist. All applicants must provide a verification of license from the jurisdiction in which the applicant has most recently been licensed, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license.

(2) A person who is licensed in another jurisdiction who is unable to satisfy the requirements of licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

(3) An applicant who has relocated to Iowa from a state that did not require licensure to practice the profession may submit proof of work experience in lieu of educational and training requirements, if eligible, in accordance with rule 481—501.2(272C).

c. Provide proof of completion of education.

(1) If the applicant graduated from a school that is licensed by the board, the applicant is to direct the educational program to submit to the board a diploma or an official transcript indicating date of graduation and completion of required hours in each practice discipline for which the applicant is requesting licensure.

If an applicant graduates from a licensed school after completing a course of study constituting a legacy curriculum as prescribed in 481—subrule 941.14(6), such graduation will satisfy the education requirement for the applicable practice discipline for which the applicant is requesting licensure. For purposes of this subrule, a legacy curriculum in barbering or a legacy curriculum in cosmetology will be sufficient proof of education for an applicant requesting a license to practice barbering and cosmetology.

(2) If the applicant graduated from a school that is not licensed by the board, the applicant is to direct the school to provide an official transcript showing completion of a course of study that meets the requirements of rule 481—941.14(157).

(3) If the applicant has graduated from an apprenticeship program, the applicant must direct the Iowa office of apprenticeship registered apprenticeship program to submit a certificate of completion.

(4) If the applicant was educated outside the United States, the applicant is to attach an original evaluation of the applicant's education from any accredited evaluation service.

940.2(2) *Requirements for an instructor's license.* An applicant for an instructor's license shall:

a. Submit a completed application for licensure and the appropriate fee to the board;

b. Be licensed in the state of Iowa in the prescribed practice discipline to be taught or be licensed as a barber and cosmetologist who possesses the skill and knowledge required to instruct in that practice discipline;

c. Provide documentation of completion of 1,000 hours of instructor's training or two years' active practice in the field of barbering and cosmetology, esthetics, electrology, or nail technology within six years prior to application;

d. For an instructor of electrology license, submit proof of 60 hours of practical experience, excluding school hours, in the area of electrolysis prior to application;

e. Pass an instructor's national examination, which, effective January 1, 2008, shall be the NIC instructor examination unless the applicant is applying for an instructor's license by endorsement as outlined in paragraph 60.2(1)*"b."*

940.2(3) *Conditions.* The following conditions apply for all licenses:

a. Incomplete applications that have been on file in the board office for more than two years shall be considered invalid and shall be destroyed.

b. Licensees who were issued their initial licenses within six months prior to the license renewal beginning date are not required to renew their licenses until the renewal month two years later.

c. The board may issue a single license number and expiration date to licensees who hold licenses in multiple practice disciplines.

[**ARC 7920C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—940.3(157) Examination requirements.

940.3(1) An applicant shall pass a national examination prescribed by the board for the particular practice discipline with a score of 75 percent or greater.

The applicant shall submit the test registration fee directly to the test service. NIC examinations are administered according to guidelines set forth by the NIC.

940.3(2) If applying for licensure by endorsement, an applicant who graduated from a barber or cosmetology school prior to January 1, 2000, shall have passed the state written and practical examination required by the state in which the applicant was originally licensed.

940.3(3) An applicant who graduated from a barber or cosmetology school after January 1, 2000, shall have passed a national theory examination for the discipline in which the applicant seeks licensure.

940.3(4) An applicant for the barbering and cosmetology license who graduated from a barber or cosmetology school after July 1, 2023, shall have passed a national theory examination. Shaving with a razor requires additional certification by the board.

[**ARC 7920C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—940.4(157) Criteria for licensure in prescribed practice disciplines.

940.4(1) A barbering and cosmetology license is not a requirement for an electrology, esthetics, or nail technology license.

940.4(2) Core life sciences curriculum hours shall be transferable in their entirety from one practice discipline to another practice discipline.

940.4(3) Theory hours earned in each practice discipline of barbering and cosmetology arts and sciences may be used in applying for a barbering and cosmetology license.

940.4(4) A barber and cosmetologist licensed after July 1, 2005, is not eligible to be certified in chemical peels, microdermabrasion, laser or intense pulsed light (IPL) and shall not provide those services.

940.4(5) Licensees must hold a shaving certificate, or the license will be restricted from the practice of shaving. An individual who was licensed as an Iowa barber prior to July 1, 2023, is not required to hold a shaving certificate.

940.4(6) Pedicuring shall only be done by a licensee who possesses the skill and knowledge required to perform the service in a professionally competent manner in compliance with 481—Chapter 943.

940.4(7) Waxing shall only be done by a licensee who possesses the skill and knowledge required to perform the service in a professionally competent manner in compliance with 481—Chapter 943.

940.4(8) An initial license to practice manicuring shall not be issued by the board after December 31, 2007. A manicurist license issued on or before December 31, 2007, may be renewed subject to licensure requirements identified by statute and administrative rule unless the license becomes inactive. A manicurist license that becomes inactive cannot be reactivated or renewed.

940.4(9) Any person previously licensed as a barber prior to July 1, 2024, pursuant to 645—Chapter 21 will, upon successful renewal of such license, receive a barbering and cosmetology license.

940.4(10) Any person previously licensed as a cosmetologist prior to July 1, 2024, pursuant to this chapter will, upon successful renewal of such license, receive a barbering and cosmetology license.

[**ARC 7920C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—940.5(157) Prescribed practice training requirements. As outlined below, the board may approve a licensee to provide the prescribed practice services of shaving, microdermabrasion, chemical exfoliation, laser services, and IPL hair removal treatments once a licensee has complied with training requirements and submitted a completed application, the required supporting evidence, and applicable fees as specified in these rules. The applicant shall receive a certification following board approval. Machine-, product-, model- or device-specific certifications do not need renewal.

940.5(1) Shaving for hair removal.

a. Shaving shall only be performed by a barber and cosmetologist who is certified by the board to perform those services. A barber licensed before July 1, 2023, is exempt from this requirement.

b. Shaving shall only be used for hair removal on the scalp, face or neck.

c. In order to receive board certification and be eligible to perform shaving for hair removal services, the licensee must complete a shaving program or pass an exam as outlined below:

(1) Provide evidence of passing the NIC barber practical exam or a national barber practical exam, or

(2) Complete a 40-hour shaving program from an Iowa licensed school, or a program sponsored by an Iowa licensed school, that is conducted by a licensed instructor who has specialized education, training and experience by reason of which said licensed instructor should be considered qualified concerning the subject matter of the program, then:

1. Obtain from the program a certification of training that contains the following information:

- Date, location, and course title;
- Name and license number of the instructor;
- Name and license number of the school;
- Number of contact hours;
- Evidence that the training program includes a safety training component that provides a thorough understanding of the procedures to be performed. The training program shall address fundamentals of skin care, blood-borne pathogens and infection control.

2. Complete a board-approved certification application form and submit to the board office the completed form, a copy of the certification of training, and the required fee pursuant to 481—subrule 507.5(14). The fee is nonrefundable.

940.5(2) Microdermabrasion.

a. Microdermabrasion shall only be performed by a licensed, certified esthetician or a cosmetologist who was licensed prior to July 1, 2005, and is certified by the board.

b. To be eligible to perform microdermabrasion services, the licensee shall:

(1) Complete 14 contact hours of education specific to the material or apparatus used for microdermabrasion. Before an additional material or apparatus is utilized in the licensee's practice, the licensee shall provide official certification of training on the material or apparatus.

(2) Obtain from the program a certification of training that contains the following information:

1. Date, location, and course title;
2. Number of contact hours;
3. Specific identifying description of the microdermabrasion machine covered by the course; and
4. Evidence that the training program includes a safety training component that provides a thorough understanding of the procedures to be performed. The training program shall address fundamentals of potential hazards, management and employee responsibilities relating to control measures, and regulatory requirements.

(3) Complete a board-approved certification application form and submit to the board office the completed form, a copy of the certification of training, and the required fee pursuant to 481—subrule 507.5(14). The fee is nonrefundable.

940.5(3) Chemical exfoliation.

a. Chemical exfoliation shall only be performed by a cosmetologist who was licensed prior to July 1, 2005, and is certified by the board to perform those services. Additional certification is not required for licensed estheticians.

b. Chemical exfoliation procedures are limited to the removal of surface epidermal cells of the skin by using only non-medical-strength cosmetic preparations consistent with labeled instructions and as

specified by these rules. This procedure is not intended to elicit viable epidermal or dermal wounding, injury, or destruction.

c. To be eligible to perform chemical peels, a cosmetologist who was licensed prior to July 1, 2005, shall:

(1) Complete 21 hours of training specific to the process and products to be used for chemical peels. Before an additional process or product is utilized in the licensee's practice, the licensee shall provide official certification of training on the new process or product.

(2) Obtain from the program a certification of training that contains the following information:

1. Date, location, and course title;
2. Number of contact hours;
3. Specific identifying description of the chemical peel process and products covered by the course; and
4. Evidence that the training program includes a safety training component that provides a thorough understanding of the procedures to be performed. The training program shall address fundamentals of potential hazards, management and employee responsibilities relating to control measures, and regulatory requirements.

(3) Complete a board-approved certification application form and submit to the board office the completed form, a copy of the certification of training, and the required fee pursuant to 481—subrule 507.5(15). The fee is nonrefundable.

940.5(4) Laser services.

a. A cosmetologist licensed after July 1, 2005, shall not use laser products.

b. An electrologist shall only provide hair removal services when using a laser.

c. Estheticians and cosmetologists shall use a laser for cosmetic purposes only.

d. Cosmetologists licensed prior to July 1, 2005, electrologists and estheticians must be certified to perform laser services.

e. When a laser service is provided to a minor by a licensed cosmetologist, esthetician or electrologist who has been certified by the board, the licensee shall work under the general supervision of a physician. The parent or guardian shall sign a consent form prior to services being provided. Written permission shall remain in the client's permanent record for a period of five years.

f. To be eligible to perform laser services, a cosmetologist who was licensed on or before July 1, 2005, an electrologist, or an esthetician shall:

(1) Complete 40 hours of training specific to each laser machine, model or device to be used for laser services. Before an additional machine, model or device is utilized in the licensee's practice, the licensee shall submit official certification of training on the new machine, model or device.

(2) Obtain from the program a certification of training that contains the following information:

1. Date, location, and course title;
2. Number of contact hours specific to the laser machine, model or device;
3. Name of the approved manufacturer or institute of laser technology that provided the training;
4. Specific identifying description of the laser equipment; and
5. Evidence that the training program includes a safety training component that provides a thorough understanding of the procedures to be performed. The training program shall address fundamentals of nonbeam hazards, management and employee responsibilities relating to control measures, and regulatory requirements.

(3) Complete a board-approved certification application form and submit to the board office the completed form, a copy of the certification of training, and the required fee pursuant to 481—subrule 507.5(14). The fee is nonrefundable.

940.5(5) IPL hair removal treatments.

a. A cosmetologist licensed after July 1, 2005, shall not use IPL devices.

b. An IPL device shall only be used for hair removal.

c. Cosmetologists licensed prior to July 1, 2005, electrologists and estheticians must be certified to perform IPL services.

d. When IPL hair removal services are provided to a minor by a licensed cosmetologist, esthetician or electrologist who has been certified by the board, the licensee shall work under the general supervision of a physician. The parent or guardian shall sign a consent form prior to services being provided. Written permission shall remain in the client's permanent record for a period of five years.

e. To be eligible to perform IPL hair removal services, a cosmetologist who was licensed on or before July 1, 2005, an electrologist, or an esthetician shall:

(1) Complete 40 hours of training specific to each IPL machine, model or device to be used for IPL hair removal services. Before an additional machine, model or device is utilized in the licensee's practice, the licensee shall submit official certification of training on the new machine, model or device.

(2) Obtain from the program a certification of training that contains the following information:

1. Date, location, and course title;
2. Number of contact hours specific to the laser machine, model or device;
3. Name of the approved manufacturer or institute of laser technology that provided the training;
4. Specific identifying description of the IPL hair removal equipment; and
5. Evidence that the training program includes a safety training component that provides a thorough understanding of the procedures to be performed. The training program shall address fundamentals of nonbeam hazards, management and employee responsibilities relating to control measures, and regulatory requirements.

(3) Complete a board-approved certification application form and submit to the board office the completed form, a copy of the certification of training, and the required fee pursuant to 481—subrule 507.5(14). The fee is nonrefundable.

940.5(6) Health history and incident reporting.

a. Prior to providing laser or IPL hair removal, microdermabrasion or chemical peel services, the cosmetologist, esthetician, and electrologist shall complete a client health history of conditions related to the application for services and include it with the client's records. The history shall include but is not limited to items listed in paragraph 60.5(6)*"b."*

b. A licensed cosmetologist, esthetician, or electrologist who provides services related to the use of a certified laser product, IPL device, chemical peel, or microdermabrasion shall submit a report to the board within 30 days of any incident in which provision of such services resulted in physical injury requiring medical attention. Failure to comply with this requirement shall result in disciplinary action by the board. The report shall include the following:

(1) A description of procedures;

(2) A description of the physical condition of the client;

(3) A description of any adverse occurrence, including:

1. Symptoms of any complications including, but not limited to, onset and type of symptoms;
2. A description of the services provided that caused the adverse occurrence;
3. A description of the procedure that was followed by the licensee;

(4) A description of the client's condition on termination of any procedures undertaken;

(5) If a client is referred to a physician, a statement providing the physician's name and office location, if known;

(6) A copy of the consent form.

940.5(7) Failure to report. Failure to comply with paragraph 60.5(6)*"b"* when the adverse occurrence is related to the use of any procedure or device noted in the attestation may result in the licensee's loss of authorization to administer the procedure or device noted in the attestation or may result in other sanctions provided by law.

940.5(8) A licensee shall not provide any services that constitute the practice of medicine.

[**ARC 7920C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—940.6(157) Licensure restrictions relating to practice.

940.6(1) A certified laser product or an intense pulsed light device shall only be used on surface epidermal layers of the skin except for hair removal.

940.6(2) A laser hair removal product or an intense pulsed light device shall not be used on a minor unless the minor is accompanied by a parent or guardian and then shall be used only under general supervision of a physician.

940.6(3) Persons licensed under Iowa Code chapter 157 shall not administer any practice of removing skin by means of a razor-edged instrument.

940.6(4) Persons licensed under this chapter who provide hair removal, manicuring and nail technology services shall not administer any procedure in which human tissue is cut, shaped, vaporized, or otherwise structurally altered, except for the use of a cuticle nipper.

940.6(5) Board-certified licensees providing shaving, microdermabrasion, chemical peels, laser or IPL hair removal treatments in an establishment shall not include any practice, activity, or treatment that constitutes the practice of medicine, osteopathic medicine, chiropractic or acupuncture.

940.6(6) Barbers and cosmetologists licensed prior to July 1, 2005, and licensed estheticians shall only perform medical aesthetic services in a medical spa under the delegation and supervision of a medical director as set forth by the Iowa board of medicine in rule 481—655.6(148,272C). The Iowa board of barbering and cosmetology arts and sciences does not license medical aestheticians.

940.6(7) Persons licensed under this chapter who provide apprenticeship programs must hold an active license sufficient to provide on-the-job training, must operate in an actively licensed establishment, and must comply with relevant Iowa office of apprenticeship laws and regulations for the operation of an apprenticeship program.

940.6(8) Licensees may only perform those services for which they possess the skill and knowledge required to perform the service in a professionally competent manner as set forth in Iowa Code chapter 157 and the related administrative rules and regulations.

[**ARC 7920C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24; Editorial change: IAC Supplement 8/5/26]

481—940.7(157) Consent form requirements. A licensed esthetician, barber and cosmetologist, or electrologist, prior to providing services relating to a certified laser product, intense pulsed light device, chemical peel, or microdermabrasion, shall obtain from a client a consent form that:

1. Specifies in general terms the nature and purpose of the procedure(s);
2. Lists known risks associated with the procedure(s) if reasonably determinable;
3. States an acknowledgment that disclosure of information has been made and that questions asked about the procedure(s) have been satisfactorily answered;
4. Includes a signature of either the client for whom the procedure is performed or, if that client for any reason lacks legal capacity to consent, includes the signature of a person who has legal authority to consent on behalf of that client in those circumstances.

[**ARC 7920C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—940.8(157) License renewal.

940.8(1) The biennial license renewal period for a license to practice cosmetology arts and sciences shall begin on April 1 of one year and end on March 31 two years later. All licensees shall renew on a biennial basis.

a. The board may send a renewal notice by regular mail to each licensee at the address on record prior to the expiration of the license.

b. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive the notice does not relieve the licensee of the responsibility for renewing the license.

c. A new or reactivated license granted by the board to a licensee who holds a current license in another practice discipline in barbering and cosmetology arts and sciences may have the same license expiration date as the licensee's other license(s). If the licensee does not have another active license with the board, the license expiration date shall be in the current renewal period unless the license is issued within six months of the end of the renewal cycle and subrule 940.8(2) applies.

940.8(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal two years later.

940.8(3) License renewal.

a. A licensee seeking renewal shall:

(1) Meet the continuing education requirements of rule 481—944.2(157). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

(2) Submit the completed online renewal application and renewal fee and upload certificate(s) of completion for related continuing education before the license expiration date.

b. Licensees currently licensed in Iowa but practicing exclusively in another state or serving honorably as active duty military or the spouse of active duty military service personnel may comply with Iowa continuing education requirements for license renewal by meeting the continuing education requirements of the state where the licensee practices. Those licensees living and practicing exclusively in a state that has no continuing education requirement for renewal of a license shall not be required to meet Iowa's continuing education requirement but shall pay all renewal fees when due (Iowa Code section 272C.2(4)).

940.8(4) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

940.8(5) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the renewal. The licensee shall be assessed a late fee as specified in 481—subrule 507.5(3). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

940.8(6) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice barbering and cosmetology arts and sciences in Iowa until the license is reactivated. A licensee who practices barbering and cosmetology arts and sciences in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

940.8(7) Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired anytime from the initial licensing until the second license renewal may be used.

[**ARC 7920C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—940.9(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee shall:

940.9(1) Submit a reactivation application on a form provided by the board.

940.9(2) Pay the reactivation fee that is due as specified in rule 481—507.5(147,157).

940.9(3) Provide verification of current competence to practice barbering and cosmetology arts and sciences by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification of the license from the jurisdiction in which the applicant has most recently been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of six hours of continuing education that meet the continuing education standards defined in rule 481—944.3(157,272C) within two years of application for reactivation; or verification of active practice, consisting of a minimum of 2,080 hours, in another state or jurisdiction during the two years preceding an application for reactivation.

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) Verification of the license from the jurisdiction in which the applicant has most recently been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 12 hours of continuing education that meet the continuing education standards defined in rule 481—944.3(157,272C) within two years of application for reactivation.

940.9(4) Licensees who are instructors of barbering and cosmetology arts and sciences shall obtain an additional six hours of continuing education in teaching methodology as prescribed in 481—Chapter 944.

[**ARC 7920C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—940.10(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with rule 481—506.31(272C) and must apply for and be granted reactivation of the license in accordance with rule 481—940.9(17A,147,272C) prior to practicing barbering and cosmetology arts and sciences in this state.

[**ARC 7920C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 157 and 272C.

CHAPTER 941
LICENSURE OF ESTABLISHMENTS AND SCHOOLS OF BARBERING AND COSMETOLOGY ARTS AND SCIENCES

[Prior to 7/29/87, Health Department[470] Chs 149, 150]
[Prior to 12/23/92, see 645—Chapter 60]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 61]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/29

481—941.1(157) Definitions. In addition to the definitions included in Iowa Code sections 157.1 and 84D.2 and 29 Code of Federal Regulations (CFR) §29.5 as amended on December 19, 2016, the following definitions apply to terms used in this chapter:

"Change in ownership" means any of the following: a new owner of a sole proprietorship; the addition, removal, or replacement of any co-owner(s) in a partnership; or a change of controlling interest in any corporation.

"Clinic area" means the area of the school where the paying customers will receive services.

"Dispensary" means a separate area to be used for storing and dispensing of supplies and sanitizing of all implements.

"Establishment license" means a license issued to an Iowa establishment, as defined in Iowa Code section 157.1(10A), to provide barbering and cosmetology arts and sciences services.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period. The category of "inactive license" may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

"Legacy curriculum" means a course of study and curriculum offered by barbering schools or cosmetology arts and sciences schools that, as applicable, comply with the administrative rules issued by the Iowa board of barbering or by the Iowa board of cosmetology arts and sciences that were in effect on June 30, 2023.

"Mentor" means a licensee providing guidance in a mentoring program.

"Mentoring" means a program allowing students in a school to experience barbering and cosmetology arts and sciences in a licensed establishment under the guidance of a mentor.

"On-the-job trainer" means the individual providing instruction and supervision of the apprenticeship program practical hours. This individual must be a licensee of the board in the discipline for which the individual is training, and the training must occur in a licensed establishment.

"School" means a school of barbering and cosmetology arts and sciences.

"School license" means a license issued to an establishment that is a fixed location for the instruction of students in barbering and cosmetology arts and sciences.

[**ARC 7921C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.2(157) Establishment licensing. No person shall operate an establishment unless the owner has obtained a license issued by the board. A separate enclosed area inside an establishment that is operated as an independent business for the purpose of providing barbering and cosmetology services shall be considered its own establishment and shall not operate unless an establishment license is obtained. To determine what defines an independent contractor versus an employee, persons should contact the Iowa division of labor.

941.2(1) The owner shall complete a board-approved application form accompanied by the appropriate fees payable by check or money order to the board of barbering and cosmetology arts and sciences. The fees are nonrefundable. The application shall be completed according to the instructions contained in the application and submitted 30 days prior to the anticipated opening day. If the application is not completed according to the instructions, the application will not be reviewed by the board.

941.2(2) Each establishment shall meet the requirements for sanitary conditions established in 481—Chapter 943 to be eligible for licensing. The establishment may be inspected for compliance with sanitation rules within 12 months following the issuance of the establishment license.

a. The establishment license may be for a fixed location or a location that is readily movable.

(1) Stationary establishment. A stationary establishment license shall be issued for a specific location. A change in location or site of a stationary establishment shall result in the cancellation of the existing license and necessitate application for a new license and payment of the fee required by 481—subrule 507.2(7). A change of address without a change of actual location shall not be construed as a new site.

(2) Readily movable establishment. A readily movable establishment license shall be issued for a permanent physical address. The licensee is required to provide a permanent physical address for board correspondence. A readily movable establishment may operate in a legal parking spot or on private property, with the permission of the owner or the owner's designee, anywhere in the state of Iowa, provided the readily movable establishment is operating in compliance with applicable federal and state transportation, environmental, and sanitary regulations, including those in this chapter and in 481—Chapter 943.

b. Establishment owner's contact information. The listed owner of either a stationary or readily movable establishment must update the board within 30 days of a change in contact information, which includes telephone number, email address, and mailing address.

941.2(3) Business may commence at the establishment following activation of the license.

941.2(4) Incomplete applications that have been on file in the board office for more than two years shall be considered invalid and shall be destroyed. The records will be maintained after two years only if the applicant submits a written request to the board.

941.2(5) An establishment license is not transferable.

a. A change in ownership of an establishment shall require the issuance of a new license.

b. An establishment cannot be sold if disciplinary actions are pending.

c. If an establishment owner sells the establishment, that owner must send the license certificate and a report of the sale to the board within ten days of the date on which the sale is final. The owner of the establishment on record shall retain responsibility for the establishment until the notice of sale is received in the board office.

d. The board may request legal proof of the ownership transfer.

e. If the name or the address of an establishment changes, the owner shall notify the board within 30 days of such change. Additionally, the owner shall return the current certificate and pay the reissued certificate fee as specified in rule 481—507.5(147,157).

[**ARC 7921C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.3(157) Readily movable establishment. A mobile home, motor home, trailer, or other recreational vehicle may be used as a readily movable establishment if it complies with the following:

941.3(1) The owner shall possess a current readily movable establishment license issued by the board.

941.3(2) The owner shall complete a board-approved application.

941.3(3) The readily movable establishment's owner's telephone number, email address, and permanent address must be included on the application for licensure and must be updated and accurate.

941.3(4) No service may be performed on a client in a moving vehicle. Services shall be performed in a readily movable establishment that is parked in a legal parking spot.

941.3(5) Readily movable establishments must provide:

a. A supply of hot and cold water;

b. Adequate lighting;

c. A floor surface in the service area that is nonabsorbent and easily cleanable;

d. Work surfaces that are easily cleanable;

e. Cabinets secured with safety catches wherein all chemicals shall be stored when the vehicle is moving;

f. A first-aid kit that includes adhesive dressing, gauze and antiseptic, tape, triple antibiotics, eyewash, and gloves.

941.3(6) A readily movable establishment must comply with all rules in 481—Chapter 943, "Infection Control for Establishments and Schools of Barbering and Cosmetology Arts and Sciences," except rules 481—943.6(157) through 481—943.8(157).

[**ARC 7921C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.4(157) Establishment license renewal.

941.4(1) The biennial license renewal period for an establishment license shall begin on January 1 of every odd-numbered year and end on December 31 two years later.

941.4(2) A renewal of license notice shall be electronically mailed to the owner of the establishment prior to the expiration of the license. Failure to receive the renewal notice shall not relieve the owner of the obligation to pay the biennial renewal fee on or before the renewal date.

941.4(3) An establishment that is issued a license within six months of the license renewal date will not be required to renew the license until the next renewal two years later.

941.4(4) The establishment owner shall submit the completed application with the renewal fee to the board office before the license expiration date.

941.4(5) An establishment shall be in full compliance with this chapter and 481—Chapter 943 to be eligible for renewal. When all requirements for license renewal are met, the establishment shall be issued a license renewal.

941.4(6) If the renewal fee and renewal application are received in the office after the license expiration date, but within 30 days following the expiration date, the late fee for failure to renew before expiration shall be charged.

[**ARC 7921C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.5(272C) Inactive establishment license.

941.5(1) An establishment that has not renewed the establishment license within the required time frame will have an inactive license and shall not provide barbering and cosmetology arts and sciences services until the license is reactivated.

941.5(2) To reactivate an establishment license, the reactivation application and fee shall be submitted to the board office.

[**ARC 7921C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.6(157) Display requirements for establishments.

941.6(1) Every establishment shall have a sign visible outside the entrance designating the place of business.

941.6(2) The most current establishment license proof of renewal shall be posted in the establishment front entrance area to provide the public a full, unobstructed view of the license.

941.6(3) The most current license proof of renewal for each licensee working in the establishment shall be posted in the establishment front entrance area to provide the public a full, unobstructed view of the license.

941.6(4) If the licensee works in more than one establishment, the current proof of renewal shall be posted in the primary place of practice, and the licensee shall be able to provide the renewal upon request.

941.6(5) If a licensed establishment is operating an apprenticeship program, a sign shall be clearly displayed in the entrance of such establishment that indicates in prominent lettering that apprentices are employed at the establishment and may perform services under the supervision of a licensed apprenticeship supervisor.

941.6(6) If any blow-dry stylist(s) engage in the practice of blow-dry styling at a licensed establishment, a sign shall be clearly displayed in the entrance of such establishment that indicates in prominent lettering that blow-dry stylist(s) perform limited services, as defined in Iowa Code section 157.12C, in the licensed establishment.

941.6(7) Each licensee, blow-dry stylist and apprentice shall have a valid U.S. government-issued photo ID to provide to an agent of the board upon request as proof of identity.

[**ARC 7921C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.7(147) Duplicate certificate for establishments.

941.7(1) A duplicate certificate shall be required if the current certificate is lost, stolen or destroyed. A duplicate certificate shall only be issued under such circumstances.

941.7(2) A duplicate establishment certificate shall be issued upon receipt of a completed application and receipt of the fee as specified in 481—subrule 507.5(5).

941.7(3) If the board receives a completed application stating that the owner of the establishment has not received the certificate within 60 days after the certificate is mailed by the board, no fee shall be required for issuing the duplicate certificate.

[**ARC 7921C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.8(157) Licensure for schools of barbering and cosmetology arts and sciences.

941.8(1) An application for a school license shall be submitted 90 days prior to the anticipated opening day of the school. Prior to board review, the application shall include:

a. The exact location of the proposed school including a copy of the essential parts of the lease or other documents to provide proof that the owner of the school has occupancy rights for a minimum of one year; a complete plan of the physical facilities; and an explanation detailing how the facilities will be utilized relative to classrooms, clinic space, and a mentoring program;

b. A list of the names of licensed instructors including the school director(s) for the proposed school if the instructors and school director(s) have been hired by the school at the time of application;

c. Copies of the catalog, brochure, enrollment contract, student policies, and cancellation and refund policies that will be used by the school or distributed by the school to students and the public; and

d. The school's course of study and curriculum, which shall meet the course of study requirements outlined in rule 481—941.14(157).

941.8(2) Prior to issuance of the school license, the school shall:

a. Submit a final list of licensed instructors and director(s) hired for the school. The number of instructors must meet the requirement outlined in Iowa Code section 157.8, with the exception of instructors for the mentoring program; and

b. Meet the requirements of this chapter and 481—Chapter 943 and pass the board's inspection of the facility.

941.8(3) The school owner may be interviewed by the board during the review of the application.

941.8(4) After all criteria have been met, the school license shall be granted for the location identified in the school's application.

941.8(5) Instruction of students shall not begin until the school license is activated.

941.8(6) The school must provide proof of registration with the Iowa college student aid commission.

941.8(7) Incomplete applications that have been on file in the board office for more than two years shall be considered invalid and shall be destroyed. The records shall be maintained after two years only if the applicant submits a written request to the board.

941.8(8) Existing school license, new location. A change of location shall require submission of an application for a new school license and payment of the license fee 90 days in advance of the anticipated date of opening. A change of address without a change of actual location shall not be construed as a new site.

941.8(9) Existing school license, new name. The owner shall notify the board in writing of a change of name within 30 days after the occurrence. In addition, the owner shall return the current certificate and pay the reissued certificate fee as specified in rule 481—507.5(147,157).

941.8(10) Existing school license, change of ownership. A school license is not transferable. A change in ownership of a school shall require the issuance of a new license. A school cannot be sold if disciplinary actions are pending.

a. The board may request legal proof of the ownership transfer.

b. If a school owner sells the school, that owner must send the license certificate and a report of the sale to the board within ten days of the date on which the sale is final. The owner of the school on record shall retain responsibility for the school until the new school owner has been issued an active school license.

c. The new school owner shall follow all requirements as outlined in rule 481—941.8(157).

941.8(11) Any school licensed as a barber school under rule 645—23.2(158) prior to July 1, 2024, will, upon successful renewal, receive a license as a school of barbering and cosmetology arts and sciences. Any school licensed as a cosmetology arts and sciences school under this chapter prior to July 1, 2024, will, upon successful renewal, receive a license as a school of barbering and cosmetology arts and sciences.

This rule is intended to implement Iowa Code sections 147.80, 157.6 and 157.8.

[**ARC 7921C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.9(157) School license renewal.

941.9(1) The annual license renewal period for a school license shall begin on July 1 and end on June 30 one year later.

a. The online renewal application and renewal fee shall be submitted before the license expiration date.

b. Schools shall be in full compliance with this chapter and 481—Chapter 943 to be eligible for renewal. When all requirements for license renewal are met, the school shall be issued a license renewal.

c. Schools shall successfully complete the annual inspection pursuant to Iowa Code sections 157.6 and 157.8.

941.9(2) A school that is issued a license within six months of the license renewal date will not be required to renew the license until the next renewal one year later.

941.9(3) If the renewal fee and renewal application are submitted after the license expiration date, but within 30 days following the expiration date, the late fee for failure to renew before expiration shall be charged.

[**ARC 7921C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.10(272C) Inactive school license.

941.10(1) If the renewal application and fee are not received in the office within 30 days after the license expiration date, the school license is inactive. To reactivate the school license, the reactivation application and fee shall be submitted to the board.

941.10(2) A school that has not renewed the school license within the required time frame will have an inactive license and shall not provide schooling or services until the license is reactivated.

[**ARC 7921C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.11(157) Display requirements for schools.

941.11(1) Every school shall have a sign visible outside the entrance designating the place of business.

941.11(2) A school license and the current proof of renewal shall be posted in the school's front entrance area to provide the public a full unobstructed view of the license.

941.11(3) The current license proof of renewal for each instructor working at the school shall be posted in the school's front entrance area to provide the public a full unobstructed view of the license.

941.11(4) Advertisements for a school of barbering and cosmetology arts and sciences shall indicate that all services are performed by students under the supervision of instructors.

941.11(5) A sign shall be clearly displayed in the entrance of a school of barbering and cosmetology arts and sciences that indicates in prominent lettering that students perform all services under the supervision of instructors.

[**ARC 7921C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.12(157) Physical requirements for schools of barbering and cosmetology arts and sciences. The school shall meet the following physical requirements:

941.12(1) The school premises shall have a minimum floor space of 3,000 square feet.

941.12(2) Each school shall provide a minimum of 100 square feet per student. When the enrollment in a school exceeds 30 students, additional floor space of 30 square feet shall be required for each additional student enrolled in the school.

941.12(3) Each licensed school offering a full barbering and cosmetology arts and sciences curriculum shall provide the following:

a. At least one clinic area where the paying public will receive services. The clinic area shall be confined to the premises occupied by the school.

b. A theory classroom(s) separate from the clinic area.

c. A library that is maintained for students and consists of textbooks, current trade publications and business management materials.

d. A separate area that shall be used as a dispensary. The dispensary shall be equipped with a lavatory, shelves or drawers for storing chemicals, cleansing agents and items, sterilization equipment and any other sanitation items required by 481—Chapter 943. Clean items and dirty items in the dispensary must be kept separated as required by 481—Chapter 943.

e. Two restrooms that are equipped with toilets, lavatories, soap and disposable paper towel dispensers.

f. A laundry room that is separated from the clinic area by a full wall or partition. Students may not lounge, eat, practice or study in the laundry room.

g. A separate room that is equipped for the practice of esthetics and electrology.

h. An administrative office.

941.12(4) Each licensed school offering a single discipline barbering and cosmetology arts and sciences curriculum shall provide the same physical space as outlined in subrule 941.12(3). Single discipline schools are exempt from paragraph 941.12(3)*"g"* if the board did not originally approve an electrology or esthetics course of study in the curriculum.

This rule is intended to implement Iowa Code sections 157.6 and 157.8.

[**ARC 7921C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.13(157) Minimum equipment requirements. Each school of barbering and cosmetology arts and sciences shall have the following minimum equipment:

1. Workstations equipped with chair, workstation, closed drawer or container for sanitized articles, and mirror (maximum of two students per unit);
2. Treatment room(s) when electrology or esthetics or both are offered;
3. One set of hard-copy or electronic textbooks for each student and instructor;
4. Adequate number of shampoo bowls and chairs with headrests located in the clinic area and readily accessible for students and clients if the school offers a curriculum course in barbering and cosmetology;
5. Adequate equipment to perform all services in a safe and sanitary manner;
6. Audiovisual equipment available for each classroom;
7. Chair and table area for each student in the classroom;
8. One set of files maintained for all required records; and
9. Labeled bottles and containers showing intended use of the contents.

This rule is intended to implement Iowa Code sections 157.6 and 157.8.

[**ARC 7921C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.14(157) Course of study requirements. A school of barbering and cosmetology arts and sciences shall not be approved by the board of barbering and cosmetology arts and sciences unless it complies with the course of study requirements as provided below.

941.14(1) Requirements for hours.

a. Barbering and cosmetology curriculum. Supervised practical instruction, theory and demonstrations totaling 1,550 hours must include core life sciences hours and all practices within the scope of Iowa Code section 157.1(1).

Core life sciences	150 hours
Barbering and cosmetology theory (including business and management related to the practice of barbering and cosmetology)	440 hours
Total core life sciences and barbering and cosmetology theory:	590 hours
Applied practical instruction	960 hours
Total course of study	1550 hours (51 semester credit hours)

b. Electrology curriculum. Supervised practical instruction, theory and demonstrations totaling 425 hours must include core life sciences hours and all practices within the scope of Iowa Code section 157.1(10).

Core life sciences	150 hours

Electrology theory	50 hours
Applied practical instruction	225 hours
Total course of study	425 hours (14 semester credit hours)

c. Esthetics curriculum. Supervised practical instruction, theory and demonstrations must include core life sciences hours and all practices within the scope of Iowa Code section 157.1(13).

Core life sciences	150 hours
Esthetics theory	115 hours
Applied practical instruction	335 hours
Total course of study	600 hours (20 semester credit hours)

d. Nail technology curriculum. Supervised practical instruction, theory and demonstrations must include core life sciences hours and all practices within the scope of Iowa Code section 157.1(25).

Core life sciences	150 hours
Nail technology theory	50 hours
Applied practical instruction	125 hours
Total course of study	325 hours (11 semester credit hours)

Proof of curriculum requirements may be submitted to the board by either the clock hour or semester credit hour standard. Semester credit hours or the equivalent thereof shall be determined pursuant to administrative rules and regulations promulgated by the U.S. Department of Education.

941.14(2) Curriculum requirements.

a. Theory instruction shall be taught from a standard approved textbook but may be supplemented by other related textbooks. Online coursework is allowed for theory instruction.

b. Course subjects taught in the school curriculum, including skills and business management, shall relate to the specific practice discipline.

c. Required hours for theory and applied practical hours do not have to be obtained from one school.

d. Core life sciences curriculum hours shall be transferable in their entirety from one practice discipline to another practice discipline. Online coursework is allowed for core life sciences instruction.

e. Clock hours may be converted to credit hours using a standard, recognized method of conversion. Only hours from accredited or board-approved school programs will be accepted.

941.14(3) Core life sciences curriculum. The core life sciences curriculum shall contain the following instruction:

a. Human anatomy and physiology:
Cell, metabolism and body systems,
Human anatomy;

b. Bacteriology;

c. Infection control practices:
Universal precautions,
Sanitation,
Sterilization,
Disinfection;

d. Basic chemistry;

e. Matter;

f. Elements:
Compounds and mixtures;

g. Basic electricity;

h. Electrical measurements:
Reproduction of light rays,
Infrared rays,
Ultraviolet rays,
Visible rays/spectrum;

i. Safety;

j. Hygiene and grooming:
Personal and professional health;
k. Professional ethics;
l. Public relations; and
m. State and federal law, administrative rules and standards.

941.14(4) The school shall maintain a copy of the curriculum plan as directed by the school's accrediting agency or, if not subject to an accrediting agency, for a minimum of three years after the curriculum plan was taught by the school.

941.14(5) A school initially licensed after July 1, 2024, must offer a curriculum and course of study for one or more practice disciplines as prescribed in subrules 941.14(1) through 941.14(3).

941.14(6) For a school licensed prior to July 1, 2024, the following provisions apply:

a. Students enrolling in the school on or after August 1, 2024, must be taught a curriculum and course of study for one or more practice disciplines as prescribed by subrules 941.14(1) through 941.14(3).

b. Students enrolling in the school prior to August 1, 2024, may either be taught:

(1) A curriculum and course of study for one or more practice disciplines as prescribed by subrules 941.14(1) through 941.14(3); or

(2) A legacy curriculum in one or more practice disciplines. Any student graduating from a school after completing a legacy curriculum pursuant to this subrule will satisfy the education requirement for licensure as provided in 481—subparagraph 940.2(1)*"c"*(1).

[**ARC 7921C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.15(157) Instructors. All instructors in a school of barbering and cosmetology arts and sciences shall be licensed by the department.

941.15(1) An instructor teaching a course in electrology, esthetics or nail technology shall also hold a license in that practice discipline or hold a barbering and cosmetology license that shows proof of having completed training in those practices equivalent to that of a license holder in that practice.

941.15(2) An instructor teaching a course in shaving, microdermabrasion, chemical peels, intense pulsed lights (IPLs) and lasers shall be certified by the state of Iowa to provide each of the services, as set forth in rule 481—940.4(157). An individual who was licensed as an Iowa barber prior to July 1, 2023, is not required to hold an Iowa board-issued shaving certificate.

941.15(3) A minimum of two instructors shall be employed on a full-time basis for up to 30 students and an additional instructor for each additional 15 students.

a. The number of instructors for each school of barbering and cosmetology arts and sciences shall be based upon total enrollment.

b. A student instructor shall not be used to meet licensed instructor-to-student ratios.

c. A school with less than 30 students enrolled may have one licensed instructor on site in the school if offering only clinic services or only theory instruction in a single classroom and less than 15 students are present.

d. If a school is offering clinic services and theory instruction simultaneously to less than 15 students, at least two licensed instructors must be on site.

e. Area community colleges operating a school prior to September 1, 1982, with only one instructor per 15 students are not subject to this subrule and may continue to operate with the ratio of one instructor to 15 students. A student instructor shall not be used to meet licensed instructor-to-student ratios.

941.15(4) An instructor shall:

a. Be responsible for and in direct charge of all physical and virtual core and theory classrooms and practical classrooms and clinics at all times;

b. Familiarize students with the different standard supplies and equipment used in establishments; and

c. Not perform barbering and cosmetology arts and sciences services, with or without compensation, on the school premises except for demonstration purposes, such as continuing education classes consistent with rule 481—941.23(157).

This rule is intended to implement Iowa Code chapter 157.

[**ARC 7921C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.16(157) Student instructors. A student instructor shall be a license holder in the barbering and cosmetology arts and sciences. Each student instructor shall be under the direct supervision of a licensed instructor at all times.

[**ARC 7921C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.17(157) Students.

941.17(1) A school of barbering and cosmetology arts and sciences shall, prior to the time a student is obligated for payment, inform the student of all provisions set forth in Iowa Code section 714.25. The school shall retain a copy of the signed statement for two years following the student's graduating or leaving the program.

941.17(2) Students shall:

a. Wear clean and neat uniforms at all times during school hours and during the mentoring program;

b. Be supervised by a licensed instructor at all times except in a mentoring program when the students shall be under the guidance of a mentor;

c. Be provided regularly scheduled breaks and a minimum of 30 minutes for lunch;

d. Attend school no more than eight hours a day. Schools may offer additional hours to students who submit a written request for additional hours;

e. Receive no compensation from the school for services performed on clients;

f. Provide services to the public only after completion of a minimum of 10 percent of the course of study;

g. Not be called from theory class to provide services to the public;

h. Not be required to perform janitorial services or be allowed to volunteer for such services. Sanitation of the bathroom area shall be limited to replacing products and disinfecting the vanity and mirror surfaces. Sanitation of the toilet and bathroom floor areas is not to be performed by the student and is excluded from student sanitation duty; and

i. Receive no credit or hours for decorating for marketing or merchandising events or for participating in demonstrations of barbering and cosmetology arts and sciences when the sole purpose of the event is to recruit students and the event is outside the curriculum course.

[**ARC 7921C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.18(157) Attendance requirements.

941.18(1) A school of barbering and cosmetology arts and sciences shall have a written, published attendance policy.

941.18(2) Schools shall ensure:

a. Students complete the hours required for each course of study set forth in rule 481—941.14(157).

b. Student attendance policies are applied uniformly and fairly for all physical and virtual classes.

c. Appropriate credit is given for all hours earned.

d. All retake tests and projects to be redone are completed without benefit of additional hours earned. Time scheduled for such work will be scheduled at the school's discretion.

e. Hours or credit is not added to the cumulative student record as an award or deducted from the cumulative student record as a penalty.

f. Work that must be done for missed hours must be allowed. The student must be given full credit for hours earned.

941.18(3) Pursuant to the federal Department of Education and accrediting standards agency, the school may adopt an absence policy not to exceed 10 percent of required coursework for doctor's excuses and life events. In no way shall this policy create a penalty for the student nor excuse the student from the remaining 10 percent of required coursework.

This rule is intended to implement Iowa Code chapter 157.

[**ARC 7921C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.19(157) Accelerated learning.

941.19(1) A school may adopt an accelerated learning policy that includes the acceptance of life experience, prior knowledge learned and test-out procedures.

941.19(2) If the school has an accelerated learning policy, the policy shall be a written, published policy that clearly outlines the criteria for acceptance and hours or credit granted or for test-out procedures. The hours or credit granted for accelerated learning shall not exceed 20 percent of the student's entire course of study and shall be documented in the participating student's file.

a. After completion of all entrance requirements, a student may elect to sit for one or more academic written tests to evaluate the knowledge about subject matter gained from life experience or prior learning experience.

b. A student in a barbering and cosmetology arts and sciences course of study may be allowed to test out of a subject by sitting for final examinations covering the basic knowledge gained by a student who attends class sessions, or the school may accept and grant hours for prior or concurrent education and life experience.

c. A student who wishes to receive test-out credit or be granted hours for prior or concurrent education or life experience shall have maintained the academic grades and attendance policy standards set by the school.

d. The school may limit the number of times a student is allowed to sit for a test-out examination of a subject.

[**ARC 7921C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.20(157) Mentoring program. Each barbering and cosmetology arts and sciences school must have a contract between the student, the school and the establishment mentor that includes scheduling, liability insurance and purpose of the mentoring program.

941.20(1) Students shall not begin the mentoring program until they have completed a minimum of 50 percent of the total contact or credit hours and other requirements of the mentoring program established by the school.

941.20(2) Students may participate in a mentoring program for no more than 5 percent of the total contact or credit hours.

941.20(3) Students shall be under supervision of the mentor at all times. Students may perform the following: drape, shampoo, remove color and perm chemicals, remove perm rods, remove rollers, apply temporary rinses, apply reconditioners and rebuilders with the recommendation of the mentor, remove nail polish, file nails, perform hand and arm massage, remove cosmetic preparations, act as receptionist, handle retail sales, sanitize establishment, consult with client (chairside manners), perform inventory, order supplies, prepare payroll and pay monthly bills, and hand equipment to the mentor.

941.20(4) The establishment mentor's responsibilities include the following: introduce the student to the establishment and the client, record the time of the student's attendance in establishment, prepare evaluation, discuss performance, and allow the student to shadow.

941.20(5) An establishment or school shall not compensate students when the students are participating in the mentoring program.

[**ARC 7921C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.21(157) Graduate of a school of barbering and cosmetology arts and sciences.

941.21(1) A student shall be considered a graduate when the student has completed the required course of study and met the minimum attendance standard.

941.21(2) Students shall be given a final examination upon completion of the course of study but before graduation.

941.21(3) After passage of the final examination and completion of the entire course of study including all project sheets, students shall be issued a certificate of completion of hours required for the course of study.

[**ARC 7921C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.22(157) Records requirements.

941.22(1) Each school of barbering and cosmetology arts and sciences shall maintain a complete set of student records. Individual student hours shall be kept on file at the school for two years following graduation.

941.22(2) Each school shall maintain daily teaching logs for all instructors, which shall be kept on file at the school for two years.

941.22(3) Prior to closure, the controlling school shall establish agreements with another school to maintain student and graduate transcripts and records. Prior to closure, the controlling school shall also notify the board in writing of the location of student records as established by the maintenance agreements and shall submit a copy of the maintenance agreements to the board. Provisions in the agreement must include maintenance of student transcript records for a period of no less than two years.

[**ARC 7921C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.23(157) Classrooms used for other educational purposes. The licensed school of barbering and cosmetology arts and sciences may be used during scheduled theory or applied practical time for any use other than for student instruction so long as these activities do not disrupt classes. Activities that disrupt classes include but are not limited to:

941.23(1) Persons attending other educational classes passing through a classroom or clinic area (en masse) while it is in use.

941.23(2) Activities with noise levels that are disruptive to other classes.

941.23(3) Activities that usurp the space available for barbering and cosmetology arts and sciences instruction.

[**ARC 7921C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 157 and 272C.

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/29

481—943.1(157) Definitions. For purposes of these rules, the following definitions shall apply:

"Cleaning" means removing visible debris and disposable parts, washing the surface or item with water and soap or detergent, rinsing the surface or item thoroughly and drying the surface or item. Cleaning must occur before disinfection can begin.

"Disinfectant" means a U.S. Environmental Protection Agency (EPA)-registered bactericidal, virucidal, fungicidal, pseudomonacidal chemical solution, spray or wipe that is effective against HIV-1 and human hepatitis B virus and is intended to destroy or irreversibly inactivate specific viruses, bacteria, or pathogenic fungi, but not necessarily their spores, on nonporous items and surfaces.

"Disinfection" means the procedure that kills pathogenic microorganisms, but not necessarily their spores.

"Dispensary" means a separate physical location or area in an establishment or school to be used for the storing and dispensing of supplies and cleaning and disinfecting of all implements. The dispensary is where products, chemicals and disinfectants are prepared, measured, mixed, portioned, and disposed of.

"FDA" means the federal Food and Drug Administration.

"Germicide" means an agent that destroys germs.

"Nonporous" means an item that lacks minute openings or crevices that allow air, water and bacteria to enter the item.

"Porous" means an item that contains minute openings or crevices that allow air, water and bacteria to enter the item, such as untreated wood, paper and cardboard.

"School" means a school of barbering and cosmetology arts and sciences.

"Service provider" means any person regulated by Iowa Code chapter 157, including but not limited to establishment owners, licensees, students, blow-dry stylists and apprentices.

"Sterilization" means the procedure that kills all microorganisms, including their spores.

"Universal precautions" means practices consistently used to prevent exposure to blood-borne pathogens and the transmission of disease.

"Wash hands" means the process of thoroughly washing hands and the exposed portions of the arms up to the elbow with soap or detergent and water and drying with a single-use towel or air dryer. Bar soap shall not be set out for common use.

[**ARC 7922C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.2(157) Infection control rules and inspection report. Upon request, the licensee shall make Chapter 943, "Infection Control for Establishments and Schools of Barbering and Cosmetology Arts and Sciences," and the most recent inspection report available to the board, agents of the board, all persons employed or studying in an establishment or school, and the general public.

[**ARC 7922C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.3(157) Responsibilities of establishment owners. Each establishment owner shall ensure the following:

1. The establishment owner holds a current and active establishment license issued by the board that reflects the current name, address and owner information;
2. Individuals employed for barbering and cosmetology arts and sciences services or other licensees working in the establishment hold a current and active license issued by the board of barbering and cosmetology arts and sciences;

3. Licensees employed by the establishment or other licensees and service providers working in the establishment do not exceed their scope of practice; and

4. License renewal cards are properly displayed in the front entrance area at eye level. No license that has expired or become invalid for any reason shall be displayed in connection with the practices of the establishment.

[**ARC 7922C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.4(157) Responsibilities of licensees. Licensees are responsible for:

1. Their own station areas;

2. Holding a current and active license issued by the board of barbering and cosmetology arts and sciences; and

3. Ensuring that they do not exceed their scope of practice.

[**ARC 7922C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.5(157) Joint responsibility. Establishment owners and licensees are jointly responsible for all service and common areas.

[**ARC 7922C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.6(157) Building standards. Establishments and schools shall have and maintain:

1. A service area that is equipped with exhaust fans or air filtration equipment that is of sufficient capacity to be capable of removing chemical fumes from the air;

2. A dispensary;

3. A reception area;

4. Hot and cold running water and clean lavatory facilities;

5. Safe drinking water;

6. Hand-washing facilities;

7. Adequate lighting;

8. Work surfaces that are easily cleanable; and

9. A complete first-aid kit in a readily accessible location on the premises. At a minimum, the first-aid kit must include adhesive dressings, gauze and antiseptic, tape, triple antibiotics, eyewash, and gloves.

[**ARC 7922C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.7(157) Establishments in residential buildings.

943.7(1) An establishment located in a residential building shall comply with all requirements in rule 481—943.6(157).

943.7(2) A separate entrance shall be maintained for establishment rooms in a residential building. An exception is that an entrance may allow passage through a nonliving area of the residence, i.e., hall, garage or stairway. Any door leading directly from the licensed establishment to any portion of the living area of the residence shall be closed at all times during business hours.

[**ARC 7922C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24; Editorial change: IAC Supplement 1/22/25]

481—943.8(157) Establishments adjacent to other businesses. An establishment operated adjacent to any other business shall be separated by at least a partial partition. When the establishment is operated immediately adjacent to a business where food is handled, the business shall be entirely separated, and any doors between the establishment and the business shall be rendered unusable except in an emergency.

[**ARC 7922C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.9(157) Smoking. All establishments licensed by the board shall comply with the smokefree air Act found in Iowa Code chapter 142D.

[**ARC 7922C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.10(157) Personal cleanliness. Any service provider engaged in serving the public shall be neat and clean in person and attire.

[**ARC 7922C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.11(157) Universal precautions. Any service provider shall practice universal precautions consistently by observing the following:

943.11(1) Thoroughly wash hands after smoking, vaping, eating, using the restroom, etc., and before providing services to each client. Hand sanitizers or gloves are not an acceptable substitute for hand washing.

943.11(2) Maintain biohazard sharps container for disposing of used needles, razor blades and other sharp instruments in establishments. These containers shall be located as close to the use area as is practical. These containers shall not be filled above the designated "fill line" and shall be disposed of in accordance with guidelines issued by the Centers for Disease Control and Prevention, U.S. Department of Health and Human Services.

943.11(3) Wear disposable gloves or may refuse to provide the service when encountering clients with open sores. Gloves shall only be used on a single client and shall be disposed of after the client's service. Any time gloves are used during a service, wash hands both before gloves are worn and after they are removed.

943.11(4) Refrain from all direct client care and from handling client-care equipment if the service provider has open sores that cannot be effectively covered.

943.11(5) Clean and disinfect instruments and implements pursuant to rule 481—943.13(157).

943.11(6) Place instruments and supplies that have been used on a client or soiled in any manner in the proper receptacles clearly labeled "used." All used items shall be kept separate from items that are disinfected and ready for use.

943.11(7) Store disinfectant solution in the dispensary.

[**ARC 7922C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.12(157) Blood exposure procedures.

943.12(1) If a service provider injures oneself, the following steps shall be taken before returning to service:

a. Stop service.

b. Clean the injured area by washing the area with soap and water. Use antiseptic or ointment as appropriate.

c. In the case of mucous membrane exposure, wash or rinse the affected area with sufficient water.

d. Cover the injury with the appropriate dressing.

e. Clean the client and station as necessary. First, remove all visible debris and then clean the client with an antiseptic that is appropriate for the skin and clean the station with disinfectant.

f. Bag any blood-soiled porous articles and dispose of articles in the trash.

g. Wash and disinfect all nonporous items.

h. Wash hands before returning to service.

943.12(2) If a client injury occurs, the service provider shall take the following steps:

a. Stop service.

b. Glove hands.

c. Clean injured area and use antiseptic or ointment as appropriate.

d. Cover the injury with the appropriate dressing to prevent further blood exposure.

e. Clean station by removing all visible debris and using disinfectant that is appropriate for the soiled surface.

f. Bag any blood-soiled porous articles and dispose of articles in the trash.

g. Wash and disinfect all nonporous items.

h. Wash hands before returning to service.

[**ARC 7922C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.13(157) Disinfecting and sterilizing instruments and equipment. All nonporous tools and implements must be either disinfected or sterilized according to the requirements of this rule before use upon a client in schools and establishments.

943.13(1) *Disinfection.*

a. Nonporous tools and implements.

(1) Immersion method. After each use, all immersible nonporous tools and implements shall be disinfected by cleaning the tools and implements followed by complete immersion in a disinfectant. Disinfectant solutions shall be mixed according to manufacturer label instructions. The manufacturer's listed contact time for effectively eliminating all pathogens shall be adhered to at all times.

(2) Nonimmersion method. After each use, any nonporous item that cannot be immersed in a disinfectant shall be cleaned with soap or detergent and water to remove all organic material and then sprayed or wiped with disinfectant. Minimum disinfectant contact time as listed on the manufacturer's label shall be followed. Nonimmersible tools and implements include but are not limited to scissors, trimmers, clippers, handles of hair dryers and curling/flat irons.

b. Disinfected implements shall be stored in a disinfected, dry, covered container and shall be isolated from contaminants. Such container shall be disinfected at least once each week and whenever visibly dirty.

c. Disinfectant solutions shall be changed as instructed on the solution's manufacturer label or whenever visibly dirty.

d. Electric file bits.

(1) After each use, all visible debris shall be removed from diamond, carbide, natural and metal bits by cleaning with either an ultrasonic cleaner or immersion of each bit in acetone for five to ten minutes.

(2) After they are cleaned, diamond, carbide, natural and metal bits shall be disinfected by complete immersion in an appropriate disinfectant. Minimum disinfectant contact time as listed on the manufacturer's label shall be followed.

943.13(2) *Sterilization.* Ultraviolet (UV) light boxes are prohibited and are not an acceptable method of sterilization.

a. Tools and implements may be sterilized by one of the following methods:

(1) Steam sterilizer, registered and listed with the FDA and used according to the manufacturer's instructions. If steam sterilization, or moist heat, is utilized, heat exposure shall be at a minimum of 121°C/250°F for at least 30 minutes;

(2) Dry heat sterilizer, registered and listed with the FDA and used according to the manufacturer's instructions. If dry heat sterilization is utilized, heat exposure shall be at a minimum of 171°C/340°F for at least 60 minutes;

(3) Autoclave sterilization equipment, calibrated to ensure that it reaches the temperature required by the manufacturer's instructions. If autoclave sterilization equipment is utilized, spore testing by a contracted independent laboratory shall be performed at least every 30 days. If a positive spore test is received, the autoclave may not be used until a negative spore test is received. The establishment must maintain a log of each autoclave use, all testing samples and results, and a maintenance log of all maintenance performed on the device. Maintenance shall be performed according to the manufacturer's instructions. The establishment must have available for inspection the autoclave maintenance log for the most recent 12 months; or

(4) Chemical sterilization with a hospital grade liquid which, if used, shall be used according to the directions on the label. When chemical sterilization is used, items shall be fully submerged for at least ten minutes.

b. Sterilization equipment shall be maintained in working order. The equipment shall be checked at least monthly and calibrated to ensure that it reaches the temperature required by the manufacturer's instructions.

This rule is intended to implement Iowa Code section 157.6.

[**ARC 2600C**, IAB 6/22/16, effective 8/15/16; **ARC 7922C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.14(157) Porous instruments and supplies that cannot be disinfected. Porous instruments and supplies that come into direct contact with a client cannot be disinfected. These instruments and supplies include but are not limited to cotton pads, sponges, wooden applicators, emery boards, pumice stones, nail buffers, buffing bits, arbor or sanding bands, sleeves, toe separators and neck strips. These are single-use items and shall be disposed of in a waste receptacle immediately after use.

[**ARC 7922C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.15(157) Infection control methods for creams, cosmetics and applicators.

943.15(1) Liquids, creams, waxes, powders and cosmetics used for clients must be kept in closed, labeled containers.

943.15(2) All fluids, semifluids and powders must be dispensed with an applicator or from a shaker, dispenser pump, or spray-type container.

a. Applicators made of a washable, nonabsorbent material shall be cleaned and disinfected before being used on a client and shall only be dipped into the container one time before being cleaned and disinfected again.

b. Applicators made of wood shall be discarded after a single dip, which would be one use.

c. Roll-on wax products are prohibited.

d. The use of a styptic pencil is strictly prohibited; its presence in the workplace shall be prima facie evidence of its use. Any material used to stop the flow of blood shall be used in liquid or powder form.

e. Neck dusters, brushes, and common shaving mugs and soap shall not be used in any establishment or school.

[**ARC 7922C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.16(157) Events and services provided outside of a licensed establishment.

943.16(1) Licensed barber and cosmetologists, nail technicians, and estheticians may provide limited services at certain locations (e.g., weddings) outside of a licensed establishment. Limited services:

a. Include makeup application, strip lashes, polish removal and application, and hairstyling.

b. Do not include the use of chemicals, lasers, or other machines.

c. May include haircutting, subject to the limitations on location provided in subrule 943.16(2).

943.16(2) Licensees may provide limited services outside of a licensed establishment as follows:

a. Limited services may not be provided unless scheduled through a licensed establishment. Alternatively, licensees may apply for a one-year temporary permit under Iowa Code section 157.4(1) to provide limited services outside of an establishment.

b. Limited services must be within the scope of practice of the licensed barber and cosmetologist, nail technician, or esthetician.

c. Limited services including haircutting may be provided at:

(1) The temporary or permanent residence of a client.

(2) The hospital, health care facility, nursing home or convalescent home of a client.

d. Limited services excluding haircutting may be provided at special events such as, but not limited to, weddings and photo shoots.

[**ARC 7922C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.17(157) Prohibited hazardous substances and use of products and equipment.

943.17(1) No establishment or school shall have on the premises cosmetic products containing substances that have been banned or otherwise deemed hazardous or deleterious by the FDA for use in cosmetic products. Prohibited products include, but are not limited to, any product containing liquid methyl methacrylate monomer and methylene chloride. No product shall be used in a manner that is not approved by the FDA. Presence of a prohibited product in an establishment or school is prima facie evidence of that product's use in the establishment or school.

943.17(2) Pedicure instruments designed to remove skin from the bottoms and sides of feet, including but not limited to razor-edged, grating or rasp microplaners, are prohibited. The presence of such equipment is prima facie evidence of the equipment's use.

943.17(3) Procedures involving any animal (e.g., fish, leeches, snails) are prohibited in establishments and schools.

943.17(4) No establishment or school may have chamois buffers. If chamois buffers are observed in the workplace, their presence is prima facie evidence of their use.

943.17(5) No establishment or school may use plastic sleeves or envelopes to store cleaned and disinfected implements unless the implements stored in the plastic sleeves or envelopes have actually been sterilized pursuant to paragraph 943.13(2)*"a."*

[**ARC 7922C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.18(157) Proper protection of neck. A properly laundered or disposable cape, haircloth, or similar article may be placed directly against the neck of a client. A cape, haircloth, or similar article that has not been sanitized or properly laundered shall be kept from direct contact with the client's neck by means of a paper neckband, clean towel, or cloth neckbands. A paper neckband shall not be used more than once. Towels or cloth neckbands shall not be used more than once without proper laundering. Neckbands of a nonporous material must be properly cleaned and disinfected after each use and stored in a closed container.

[**ARC 7922C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.19(157) Proper laundering and storage. All cloth towels, robes, and similar items shall be laundered in a washing machine with laundry detergent used according to the manufacturer's directions. All linens shall be dried until hot to the touch. No moisture shall be left in laundered items. A clean storage area shall be provided for clean towels and linens, and a covered hamper or receptacle marked "used" shall be provided for all soiled towels, robes, and linens.

[**ARC 7922C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.20(157) Animals. Dogs, cats, birds, or other animals are not permitted in establishments or schools. This rule does not apply to service animals as defined by the Americans with Disabilities Act or to fish in an aquarium provided the aquarium is maintained in a sanitary condition.

[**ARC 7922C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.21(157) General maintenance. All areas of the establishment and school shall be clean and in good repair.

943.21(1) Walls, floors, and fixtures must be kept clean and in good repair at all times.

943.21(2) Carpeting shall only be allowed in the reception and hooded dryer areas.

[**ARC 7922C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.22(157) Records. Client records, appointment records, and employment records shall be maintained for a period of not less than three years following the last date of entry. Proper safeguards shall be provided to ensure the safety of these records from destructive elements.

943.22(1) Records for services provided outside of a licensed establishment under rule 481—943.16(157) must include:

a. Client name and contact information.

b. Date, time and location of the service(s) provided.

c. Name and license number of the licensee performing the service.

d. A signed and dated waiver stating that the client understands this limited service shall not include the use of chemicals, must be provided by a licensee and that all infection control procedures shall be followed.

943.22(2) Records for employment of blow-dry stylists must include:

a. Name and contact information of the employee.

b. Record of completion of a course on Iowa law, rules and infection control prior to employment, and within every two-year period thereafter as outlined in Iowa Code section 157.12C.

c. Hire date and termination date.

d. A signed and dated waiver stating that the employee understands blow-dry stylist services may only be performed in a licensed establishment upon completion of a course on Iowa law, rules and infection control. This waiver must be completed every two years as a condition of employment.

943.22(3) Foot spa service area records are outlined in subrule 943.24(3).

[**ARC 7922C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.23(157) Establishments and schools providing electrology or esthetics. An establishment or school in which electrology or esthetics is practiced shall follow the infection control rules and requirements pertaining to all establishments and schools and shall also meet the following requirements:

1. The electrology or esthetics room shall have adequate space, lighting and ventilation.

2. The floors in the immediate area where the electrology or esthetics is performed shall have an impervious, smooth, washable surface.

3. All service table surfaces shall be constructed of impervious, easily disinfected material.

4. Needles, probes and lancets shall be single-client use and disposable.

5. Licensees providing electrology services shall wear gloves.

6. Adequate access to a sink or running water shall be provided.

[**ARC 7922C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.24(157) Cleaning and disinfecting circulating and noncirculating tubs, bowls, and spas.

943.24(1) After use for each client, a service provider shall do the following:

a. Drain the water and remove any visible debris;

b. Clean the surfaces according to the manufacturer's instructions, use a brush to remove all film, and rinse the tub, bowl, or spa basin;

c. Fill the tub, bowl, or spa basin with water and add disinfectant;

d. Allow the disinfectant to stand for noncirculating tubs, bowls, or basins or to circulate for circulating tubs, bowls, or basins for the time specified according to the manufacturer's instructions; and

e. After disinfection, drain and rinse with clean water.

943.24(2) At the end of the day, a service provider shall remove all removable parts from circulating tubs, such as filters, screens, drains, and jets, and clean and disinfect the removable parts as follows:

a. Scrub with a brush and soap or detergent until free from debris, and then rinse.

b. Completely immerse in disinfectant.

c. Rinse and air dry.

d. Replace the disinfected parts into the tubs, bowl, or basin or store the parts in a disinfected, dry, covered container that is isolated from contaminants.

943.24(3) Foot spa service area records. For each foot spa service, including but not limited to pedicures, a record shall be made of the date and time of the daily cleaning and disinfecting for all circulating and noncirculating tubs, bowls or basins. This record shall be made at or near the time of cleaning and disinfecting. Records of cleaning and disinfecting shall be made available upon request by a client, inspector or investigator. The record must be signed by a licensee and include the licensee's license number beside each recorded cleaning event. Foot spa records shall be maintained for two years from the date of the cleaning.

[**ARC 7922C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.25(157) Paraffin wax. Paraffin wax shall be used according to the manufacturer's instructions and shall be used in such a manner so as not to contaminate the remaining wax in the paraffin bath. The following procedures apply:

1. The client shall be free of broken skin or any skin disorder;

2. Hands or feet of a client shall be cleaned before being dipped into paraffin wax. The client's hands and feet shall not be dipped into the original wax container. The wax shall be removed from the original container and placed in a single-use bag before dipping. Any unused wax remaining in the single-use bag shall be discarded after dipping;

3. Paraffin wax that has been removed from a client's hands or feet shall be discarded after each use; and

4. Paraffin wax shall be kept free of any debris and kept covered when not in use.

[**ARC 7922C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 147.7 and chapter 157.

CHAPTER 944
CONTINUING EDUCATION FOR BARBERING AND COSMETOLOGY ARTS AND SCIENCES

[Prior to 7/29/87, Health Department[470] Ch 151]
[Prior to 12/23/92, see 645—Chapter 62]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 64]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/29

481—944.1(157) Definitions. For the purpose of these rules, the following definitions shall apply:

"Active license" means a license that is current and has not expired.

"Approved program/activity" means a continuing education program/activity meeting the standards set forth in these rules.

"Audit" means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

"Board" means the board of barbering and cosmetology arts and sciences.

"Continuing education" means planned, organized learning acts acquired during licensure designed to maintain, improve, or expand a licensee's knowledge and skills in order for the licensee to develop new knowledge and skills relevant to the enhancement of practice, education, or theory development to improve the safety and welfare of the public.

"Hour of continuing education" means at least 50 minutes spent by a licensee completing an approved continuing education activity through live, virtual, online or prerecorded means where the instructor provides proof of completion by the licensee as set forth in these rules.

"Inactive license" means a license that has expired because it was not renewed by the end of the grace period. The category of "inactive license" may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

"Independent study" means a subject/program/activity that a person pursues autonomously that meets standards for approval criteria in the rules and includes a posttest.

"License" means license to practice.

"Licensee" means any person or entity licensed to practice pursuant to Iowa Code chapter 157 and 481—Chapters 940 through 946.

"Practice discipline" means the practice of electrology, esthetics, nail technology, or barbering and cosmetology as recognized by the board of barbering and cosmetology arts and sciences.

"Prescribed practice" means an area of specialty certified by the board within the scope of barbering and cosmetology arts and sciences.

[**ARC 7923C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—944.2(157) Continuing education requirements.

944.2(1) The biennial continuing education compliance period shall begin on April 1 of one year and end on March 31 two years later.

944.2(2) Each biennium:

a. A licensee in this state shall be required to complete a minimum of six hours of continuing education that meets the requirements of rule 481—944.3(157,272C). A minimum of four of the six hours shall be in the prescribed practice discipline and a minimum of two of the six hours shall be in the content areas of Iowa barbering and cosmetology law and rules and sanitation. Individuals holding more than one active license shall obtain four hours of continuing education in each prescribed practice discipline and an additional two hours in the content areas of Iowa barbering and cosmetology law and rules and infection control.

b. A licensee who is an instructor of barbering and cosmetology arts and sciences shall obtain six hours in teaching methodology in addition to meeting all continuing education requirements for renewal of the instructor's practice license. A licensee must comply with all conditions of licensure including obtaining a minimum of two hours each biennium specific to Iowa barbering and cosmetology law and administrative rules as specified in subrule 944.3(2).

c. A licensee currently licensed in Iowa but practicing exclusively in another state may comply with Iowa continuing education requirements for license renewal by meeting the continuing education requirements of the state or states where the licensee practices. The licensee living and practicing in a state that has no continuing education requirement for renewal of a license shall not be required to meet Iowa's continuing education requirement but shall pay all renewal fees when due.

d. A licensee shall be deemed to have complied with the continuing education requirements of this state during periods that the licensee:

(1) Serves honorably on active duty in the military services, or

(2) Is the spouse of an active duty military service person, or

(3) Is a government employee working in the person's licensed specialty and assigned to duty outside of the United States, or

(4) Is engaged in active practice and absent from the state, as approved by the board.

944.2(3) Requirements of new licensees. Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired any time from the initial licensing until the second license renewal may be used.

944.2(4) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity. These hours must be in accordance with these rules.

944.2(5) Licensees who complete continuing education hours in excess of the requirements for renewal may apply up to 50 percent of the required hours to the following renewal period. Licensees may apply a maximum of three hours from the previous renewal period in the prescribed practice discipline. Licensees cannot apply any hours in the content areas of Iowa barbering and cosmetology law and rules or infection control to the following renewal period. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

944.2(6) It is the responsibility of each licensee to finance the cost of continuing education.

944.2(7) Requirements for blow-dry stylists are outlined in Iowa Code section 157.12C.

[**ARC 7923C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24; **ARC 9344C**, IAB 6/11/25, effective 7/16/25]

481—944.3(157,272C) Standards.

944.3(1) *General criteria.* A continuing education activity that meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

a. Constitutes an organized program of learning that contributes directly to the professional competency of the licensee;

b. Pertains to subject matters that integrally relate to the practice of the profession;

c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;

d. Fulfills stated program goals, objectives, or both; and

e. Provides proof of attendance to licensees in attendance including:

(1) Date, location, course title, presenter(s), sponsor(s);

(2) Number of program contact hours; and

(3) Evidence of successful completion of the course provided by the course sponsor.

944.3(2) *Specific criteria.* The licensee may obtain the minimum continuing education hours of credit outlined in paragraph 944.2(2)*"a"* by:

a. Attending workshops, trade shows, conferences or symposiums.

b. Accessing online training, such as viewing interactive conferences, attending webinars, or completing online training courses.

c. Attending programs on product knowledge, methods and systems. Continuing education shall be directly related to the technique and theory specific to the practice of barbering and cosmetology arts and sciences. No direct selling of products is allowed as part of a continuing education offering.

d. Attending business classes specific to owning or managing an establishment are acceptable. In addition to fulfilling the requirements in rule 481—944.2(157), for each prescribed practice license held by a licensee, the licensee is to complete four hours in each area.

944.3(3) *Specific criteria for providers and sponsors of continuing education.*

a. Continuing education shall be obtained by attending programs that meet the criteria in subrule 944.3(1). Individuals or groups may offer continuing education programs for any prescribed practice within the barbering and cosmetology arts and sciences that meet the criteria in rule 481—944.3(157,272C) offered by or with express sponsorship in advance of delivery by the following organization(s):

(1) Barbering and cosmetology arts and sciences organizations, including:

1. National, state or local associations;
2. Schools and institutes;
3. Textbook publishers.

(2) Universities, colleges or community colleges;

(3) If intense pulsed light (IPL) or microdermabrasion is within the licensee's prescribed practice as outlined in rule 481—940.5(157), manufacturers or institutes of laser technology.

b. A licensee who is a presenter of a continuing education program that meets the criteria in rule 481—944.3(157,272C) may receive credit once per biennium for the initial presentation of the program. The presenter may receive the same number of hours granted the attendees.

[**ARC 7923C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 272C.2 and chapter 157.

CHAPTER 945
DISCIPLINE FOR BARBERING AND COSMETOLOGY ARTS AND SCIENCES LICENSEES, INSTRUCTORS, ESTABLISHMENTS, AND SCHOOLS

[Prior to 7/29/87, Health Department[470] Ch 151]
[Prior to IAC 12/23/92, see 645—Chapter 62]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 65]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/29

481—945.1(157,272C) Definitions.

"Board" means the board of barbering and cosmetology arts and sciences.

"Discipline" means any sanction the board may impose upon barbering and cosmetology arts and sciences licensees, instructors, blow-dry stylists, establishments, and schools.

"Licensure" means the granting of a license to any person or entity licensed to practice pursuant to Iowa Code chapter 157 and 481—Chapters 940 through 946.

[**ARC 7924C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—945.2(157,272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in 481—Chapter 504 when the board determines that any of the acts or offenses listed in such chapter or in Iowa Code section 147.55 or any of the following have occurred:

945.2(1) Misappropriation of funds.

945.2(2) Failure to return the salon license to the board within 30 days of discontinuance of business under that license.

945.2(3) Permitting an unlicensed employee or person under the licensee's or the licensed school's or establishment's control to perform activities that require a license.

945.2(4) Permitting a licensed person under the licensee's or the licensed school's or establishment's control to practice outside the scope of the person's license.

945.2(5) A person is determined by the investigator to be providing barbering and cosmetology services and leaving a salon at the time of inspection, which shall be prima facie evidence that an unlicensed person is providing services for which a license is required.

945.2(6) Performing any of those practices coming within the jurisdiction of the board pursuant to Iowa Code chapter 157, with or without compensation, in any place other than a licensed establishment or a licensed school of barbering and cosmetology arts and sciences.

Exception:

A licensee may practice at a location that is not a licensed establishment or school of barbering and cosmetology arts and sciences when:

a. Providing a service authorized under Iowa Code section 157.4 (Temporary Permits).

b. Providing a service under rule 481—943.17(157), "Events and services provided outside of a licensed establishment" (Iowa Code section 157.13(1)*"a"*)).

c. Extenuating circumstances related to the physical or mental disability or death of a customer prevent the customer from seeking services at the licensed establishment or school.

[**ARC 7924C**, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—945.3(157,272C) Unlawful practices. Practices by an unlicensed person or establishment that are subject to civil penalties include, but are not limited to:
