◊ Two or more ARCs

1 Effective date of 78.3 and 78.31 delayed 70 days by the Administrative Rules Review Committee at its January 1, 1988 meeting.

2 Effective date of 4/1/90 delayed 70 days by the Administrative Rules Review Committee at its March 12, 1990, meeting.

3 Effective date of 4/1/91 delayed until adjournment of the 1991 session of the General Assembly by the Administrative Rules Review Committee at its meeting held February 12, 1991.

4 Effective date of 3/1/92 delayed until adjournment of the 1992 General Assembly by the Administrative Rules Review Committee at its meeting held February 3, 1992.

5 At a special meeting held January 24, 2002, the Administrative Rules Review Committee voted to delay until adjournment of the 2002 Session of the General Assembly the effective date of amendments published in the February 6, 2002, Iowa Administrative Bulletin as **ARC 1365B**.

6 Effective date of 12/15/02 delayed 70 days by the Administrative Rules Review Committee at its December 10, 2002, meeting.

7 July 1, 2009, effective date of amendments to 78.27(2)“d” delayed 70 days by the Administrative Rules Review Committee at a special meeting held June 25, 2009.

8 May 11, 2011, effective date of 78.34(5)“d,” 78.38(5)“h,” 78.41(2)“g,” 78.43(3)“d,” and 78.52(5)“a” delayed 70 days by the Administrative Rules Review Committee at its meeting held April 11, 2011.

1 July 1, 2019, effective date of **ARC 4430C** [amendments to chs 78, 79] delayed until the adjournment of the 2020 session of the General Assembly by the Administrative Rules Review Committee at its meeting held June 11, 2019; delay lifted at the meeting held September 10, 2019.

1 March 18, 2020, effective date of **ARC 4899C** [amendments to chs 78, 79] delayed until the adjournment of the 2021 session of the General Assembly by the Administrative Rules Review Committee at its meeting held March 6, 2020; delay lifted at the meeting held August 11, 2020, except with respect to amendments to 78.2(6). Effective date of amendments to 78.2(6) remains delayed until the adjournment of the 2021 session of the General Assembly.

CHAPTER 79
OTHER POLICIES RELATING TO PROVIDERS OF MEDICAL AND REMEDIAL CARE
[Prior to 7/1/83, Social Services[770] Ch 79]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/31

441—79.1(249A) Principles governing reimbursement of providers of medical and health services. The basis of payment for services rendered by providers of services participating in the medical assistance program is either a system based on the provider's allowable costs of operation or a fee schedule. Generally, institutional types of providers such as hospitals and nursing facilities are reimbursed on a cost-related basis, and practitioners such as physicians, dentists, optometrists, and similar providers are reimbursed on the basis of a fee schedule. Providers of service must accept reimbursement based upon the department's methodology without making any additional charge to the member.

For purposes of this chapter, "managed care organization" or "MCO" means an entity that (1) is under contract with the department to provide services to Medicaid recipients and (2) meets the definition of "health maintenance organization" as defined in Iowa Code section 514B.1.

79.1(1) *Types of reimbursement.*

a. Prospective cost-related. Providers are reimbursed on the basis of a per diem rate calculated prospectively for each participating provider based on reasonable and proper costs of operation. The rate is determined by establishing a base year per diem rate to which an annual index is applied.

b. Retrospective cost-related. Providers are reimbursed on the basis of a per unit rate calculated retrospectively for each participating provider based on reasonable and proper costs of operation with suitable retroactive adjustments based on submission of financial and statistical reports by the provider. The retroactive adjustment represents the difference between the amount received by the provider during the year for covered services and the amount determined in accordance with an accepted method of cost apportionment (generally the Medicare principles of apportionment) to be the actual cost of service rendered medical assistance recipients.

c. Fee schedules. Fees for the various procedures involved are determined by the department with advice and consultation from the appropriate professional group. The fees are intended to reflect the amount of resources (time, training, experience) involved in each procedure. Individual adjustments will be made periodically to correct any inequity or to add new procedures or eliminate or modify others. If product cost is involved in addition to service, reimbursement is based either on a fixed fee, wholesale cost, or on actual acquisition cost of the product to the provider, or product cost is included as part of the fee schedule. Providers on fee schedules are reimbursed the lower of:

(1) The actual charge made by the provider of service.

(2) The maximum allowance under the fee schedule for the item of service in question.

Payment levels for fee schedule providers of service will be increased on an annual basis by an economic index reflecting overall inflation as well as inflation in office practice expenses of the particular provider category involved to the extent data is available. Annual increases will be made on July 1 of each year.

There are some variations in this methodology that are applicable to certain providers. These are set forth below in subrules 79.1(3) through 79.1(8) and 79.1(15).

Fee schedules in effect for the providers covered by fee schedules can be obtained from the department's website.

d. Reserved.

e. Retrospectively limited prospective rates. Providers are reimbursed on the basis of a rate for a unit of service calculated prospectively for each participating provider based on projected or historical costs of operation subject to the maximums listed in subrule 79.1(2) and to retrospective adjustment pursuant to subparagraph 79.1(1)*"e"*(3).

(1) The prospective rates for new providers that have not submitted six months of cost reports will be based on a projection of the provider's reasonable and proper costs of operation until the provider has submitted an annual cost report that includes a minimum of six months of actual costs.

(2) The prospective rates paid established providers that have submitted an annual report with a minimum of a six-month history are based on reasonable and proper costs in a base period and are adjusted annually for inflation.

(3) The prospective rates paid to both new and established providers are subject to the maximums listed in subrule 79.1(2) and to retrospective adjustment pursuant to paragraph 79.1(15)*"f."*

f. Contractual rate. Providers are reimbursed on a basis of costs incurred pursuant to a contract between the provider and subcontractor.

g. Retrospectively adjusted prospective rates. Critical access hospitals are reimbursed prospectively, with retrospective adjustments based on annual cost reports submitted by the hospital at the end of the hospital's fiscal year. The retroactive adjustment equals the difference between the reasonable costs of providing covered services to eligible fee-for-service Medicaid members (excluding members in managed care), determined in accordance with Medicare cost principles, and the Medicaid reimbursement received. Amounts paid that exceed reasonable costs will be recovered by the department. See paragraphs 79.1(5)*"aa"* and 79.1(16)*"h"* for more information.

h. Indian health facilities.

(1) Indian health facilities enrolled pursuant to rule 441—77.47(249A) are paid for all Medicaid-covered services rendered to American Indian or Alaskan native persons who are Medicaid-eligible at the current daily visit rates approved by the U.S. Indian Health Service (IHS) for services provided by IHS facilities to Medicaid beneficiaries, as published in the Federal Register, as amended to July 1, 2026. For services provided to American Indians or Alaskan natives, Indian health facilities may bill for one visit per patient per calendar day for medical services (at the "outpatient per visit rate (excluding Medicare)"), which will constitute payment in full for all medical services provided on that day, except as follows:

1. For services provided to American Indians and Alaskan natives, Indian health facilities may bill for multiple visits per patient per calendar day for medical services (at the "outpatient per visit rate (excluding Medicare)") only if medical services are provided for different diagnoses or if distinctly different medical services from different categories of services are provided for the same diagnoses in different units of the facility. For this purpose, the categories of medical services are vision services; dental services; mental health and addiction services; early and periodic screening, diagnosis, and treatment services for children; other outpatient services; and other inpatient services. A visit is a face-to-face contact between a patient and a health professional at or through the facility.

2. For services provided to American Indians or Alaskan natives, Indian health facilities may also bill for one visit per patient per calendar day for outpatient prescribed drugs provided by the facility (at the "outpatient per visit rate (excluding Medicare)"), which will constitute payment in full for all outpatient prescribed drugs provided on that day.

(2) Services provided to Medicaid recipients who are not American Indians or Alaskan natives will be paid at the reimbursement rate otherwise allowed by Iowa Medicaid for the services provided and will be billed separately by CPT code on the CMS-1500 Health Insurance Claim Form or through pharmacy point of sale. Claims for nonpharmacy services provided to Medicaid recipients who are not American Indians or Alaskan natives must be submitted by the individual practitioner enrolled in the Iowa Medicaid program, but may be paid to the facility if the provider agreement so stipulates.

i. Inflation factor. When the department's reimbursement methodology for any provider includes an inflation factor, this inflation factor will not exceed the amount by which the consumer price index for all urban consumers increased during the most recent calendar year.

79.1(2) *Basis of reimbursement of specific provider categories.*

Provider category	Basis of reimbursement	Upper limit
Advanced registered nurse practitioners	Fee schedule	Fee schedule in effect 6/30/13 plus 1%
Ambulance	Fee schedule	Ground ambulance: Fee schedule in effect 6/30/14 plus 10% Air ambulance: Fee schedule in effect 7/1/21
Ambulatory surgical centers	Base rate fee schedule as determined by Medicare. See 79.1(3)	Fee schedule in effect 6/30/13 plus 1%

Provider category	Basis of reimbursement	Upper limit
Applied behavior analysis	Fee schedule	Fee schedule in effect 7/1/22
Area education agencies	Fee schedule	Fee schedule in effect 6/30/00 plus 0.7%
Assertive community treatment	Fee schedule	Fee schedule in effect 7/1/19. Maximum of 5 days per week
Audiologists	Fee schedule	Fee schedule in effect 6/30/13 plus 1%
Behavioral health intervention	Fee schedule	Fee schedule in effect 7/1/22
Behavioral health services	Fee schedule	Fee schedule in effect 6/30/13 plus 1%
Birth centers	Fee schedule	Fee schedule in effect 6/30/13 plus 1%
Child care medical services	Fee schedule	Fee schedule in effect 1/1/16
Chiropractors	Fee schedule	Fee schedule in effect 6/30/13 plus 1%
Clinics	Fee schedule	Maximum physician reimbursement rate
Community-based neurobehavioral rehabilitation services	Fee schedule. See 79.1(28)	Residential: Limit in effect as of June 30 each year plus CPI-U for the preceding 12-month period ending June 30. Intermittent: $21.11 per 15-minute unit
Community mental health centers	Retrospective cost-related. See 79.1(25)	100% of reasonable Medicaid cost as determined by Medicare cost reimbursement principles
Crisis response services	Fee schedule	Fee schedule in effect 2/1/18, not to exceed the daily per diem for crisis stabilization services
Crisis stabilization community-based services	Fee schedule	Fee schedule in effect 2/1/18, not to exceed the daily per diem for crisis stabilization services
Crisis stabilization residential services	Fee schedule	Fee schedule in effect 2/1/18
Dentists	Fee schedule	Fee schedule in effect 6/30/13 plus 1%
Drug and alcohol services	Fee schedule	Fee schedule in effect 1/1/16
Durable medical equipment, prosthetic devices and medical supply dealers	Fee schedule. See 79.1(4)	Fee schedule in effect 6/30/13 plus 1%
Emergency psychiatric services	Fee schedule	Fee schedule in effect 1/1/16
Family planning clinics	Fee schedule	Fee schedule in effect 6/30/13 plus 1%
Federally qualified health centers	Retrospective cost-related. See 441—Chapter 73	1. Prospective payment rate as required by the Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act of 2000 (BIPA 2000) as amended to July 1, 2026, or an alternative methodology allowed thereunder, as specified in “2” below 2. 100% of reasonable cost as determined by Medicare cost reimbursement principles 3. In the case of services provided pursuant to a contract between an FQHC and an MCO, reimbursement from the MCO will be supplemented to achieve “1” or “2” above
HCBS waiver service providers, including:		Except as noted, limits apply to all waivers that cover the named provider.
1. Adult day care	For AIDS/HIV, brain injury, elderly, and health and disability waivers: Fee schedule	Effective 7/1/24, for AIDS/HIV, brain injury, elderly, and health and disability waivers: Provider’s rate in effect 6/30/24 plus 4.1%, converted to a 15-minute, half-day, full-day, or extended-day rate. If no 6/30/24 rate: Veterans Administration contract rate or $1.64 per 15-minute unit, $26.37 per half day, $52.51 per full day, or $78.73

Provider category	Basis of reimbursement	Upper limit
		per extended day if no Veterans Administration contract
	For intellectual disability waiver: Fee schedule for the member's acuity tier, determined pursuant to 79.1(30)	Effective 7/1/24, for intellectual disability waiver: The provider's rate in effect 6/30/24 plus 4.1%, converted to a 15-minute or half-day rate. If no 6/30/24 rate, $2.21 per 15-minute unit or $35.14 per half day. For daily services, the fee schedule rate published on the department's website, pursuant to 79.1(1)*"c,"* for the member's acuity tier, determined pursuant to 79.1(30)
2. Emergency response system:		
Personal response system	Fee schedule	Effective 7/1/24, provider's rate in effect 6/30/24 plus 4.1%. If no 6/30/24 rate: Initial one-time fee: $58.48. Ongoing monthly fee: $45.48
Portable locator system	Fee schedule	Effective 7/1/24, provider's rate in effect 6/30/24 plus 4.1%. If no 6/30/24 rate: Initial one-time fee: $58.48. Ongoing monthly fee: $45.48
3. Home health aides	Fee schedule	For AIDS/HIV, elderly, and health and disability waivers effective 7/1/24: Lesser of maximum Medicare rate in effect 6/30/24 plus 4.1% or maximum Medicaid rate in effect 6/30/24 plus 4.1%
		For intellectual disability waiver effective 7/1/24: Lesser of maximum Medicare rate in effect 6/30/24 plus 4.1% or maximum Medicaid rate in effect 6/30/24 plus 4.1%, converted to an hourly rate
4. Homemakers	Fee schedule	Effective 7/1/24, provider's rate in effect 6/30/24 plus 4.1%, converted to a 15-minute rate. If no 6/30/24 rate: $5.84 per 15-minute unit
5. Nursing care	Fee schedule	For AIDS/HIV, health and disability, elderly and intellectual disability waiver effective 7/1/24, provider's rate in effect 6/30/24 plus 4.1%. If no 6/30/24 rate: $98.87 per visit
6. Respite care when provided by:		
Home health agency:		
Specialized respite	Fee schedule	Effective 8/1/25, provider's rate in effect 7/31/25 plus 0.9%, converted to a 15-minute rate. If no 7/31/25 rate: Lesser of maximum Medicare rate in effect 7/31/25 plus 0.9%, converted to a 15-minute rate, or maximum Medicaid rate in effect 7/31/25 plus 0.9%, converted to a 15-minute rate, not to exceed $356.93 per day
Basic individual respite	Fee schedule	Effective 8/1/25, provider's rate in effect 7/31/25 plus 0.9%, converted to a 15-minute rate. If no 7/31/25 rate: Lesser of maximum Medicare rate in effect 7/31/25 plus 0.9%, converted to a 15-minute rate, or maximum Medicaid rate in effect 7/31/25 plus 0.9%, converted to

Provider category	Basis of reimbursement	Upper limit
		a 15-minute rate, not to exceed $356.93 per day
Group respite	Fee schedule	Effective 8/1/25, provider's rate in effect 7/31/25 plus 0.9%, converted to a 15-minute rate. If no 7/31/25 rate: $3.94 per 15-minute unit, not to exceed $356.93 per day
Home care agency:		
Specialized respite	Fee schedule	Effective 8/1/25, provider's rate in effect 7/31/25 plus 0.9%, converted to a 15-minute rate. If no 7/31/25 rate: $10.15 per 15-minute unit, not to exceed $356.93 per day
Basic individual respite	Fee schedule	Effective 8/1/25, provider's rate in effect 7/31/25 plus 0.9%, converted to a 15-minute rate. If no 7/31/25 rate: $5.41 per 15-minute unit, not to exceed $356.93 per day
Group respite	Fee schedule	Effective 8/1/25, provider's rate in effect 7/31/25 plus 0.9%, converted to a 15-minute rate. If no 7/31/25 rate: $3.94 per 15-minute unit, not to exceed $356.93 per day
Nonfacility care:		
Specialized respite	Fee schedule	Effective 8/1/25, provider's rate in effect 7/31/25 plus 0.9%, converted to a 15-minute rate. If no 7/31/25 rate: $10.15 per 15-minute unit, not to exceed $356.73 per day
Basic individual respite	Fee schedule	Effective 8/1/25, provider's rate in effect 7/31/25 plus 0.9%, converted to a 15-minute rate. If no 7/31/22 rate: $5.41 per 15-minute unit, not to exceed $356.93 per day
Group respite	Fee schedule	Effective 8/1/25, provider's rate in effect 7/31/25 plus 0.9%, converted to a 15-minute rate. If no 7/31/25 rate: $3.94 per 15-minute unit, not to exceed $356.93 per day
Facility care:		
Hospital or nursing facility providing skilled care	Fee schedule	Effective 8/1/25, provider's rate in effect 7/31/25 plus 0.9%, converted to a 15-minute rate. If no 7/31/25 rate: $3.94 per 15-minute unit, not to exceed $356.93 per day
Nursing facility	Fee schedule	Effective 8/1/25, provider's rate in effect 7/31/25 plus 0.9%, converted to a 15-minute rate. If no 7/31/25 rate: $3.94 per 15-minute unit, not to exceed $356.93 per day
Camps	Fee schedule	Effective 8/1/25, provider's rate in effect 7/31/25 plus 0.9%, converted to a 15-minute rate. If no 7/31/25 rate: $3.94 per 15-minute unit, not to exceed $356.93 per day
Adult day care	Fee schedule	Effective 8/1/25, provider's rate in effect 7/31/25 plus 0.9%, converted to a 15-minute rate. If no 7/31/25 rate: $3.94 per 15-minute unit, not to exceed $356.93
Intermediate care facility	Fee schedule	Effective 8/1/25, provider's rate in effect 7/31/25 plus 0.9%, converted to a 15-

Provider category	Basis of reimbursement	Upper limit
for persons with an intellectual disability		minute rate. If no 7/31/25 rate: $3.94 per 15-minute unit, not to exceed $356.93
Residential care facilities for persons with an intellectual disability	Fee schedule	Effective 8/1/25, provider's rate in effect 7/31/25 plus 0.9%, converted to a 15-minute rate. If no 7/31/25 rate: $3.94 per 15-minute unit, not to exceed $356.93
Foster group care	Fee schedule	Effective 8/1/25, provider's rate in effect 7/31/25 plus 0.9%, converted to a 15-minute rate. If no 7/31/25 rate: $3.94 per 15-minute unit, not to exceed $356.93
Child care facilities	Fee schedule	Effective 8/1/25, provider's rate in effect 7/31/25 plus 0.9%, converted to a 15-minute rate. If no 7/31/25 rate: $3.94 per 15-minute unit, not to exceed $356.93
7. Chore service	Fee schedule	Effective 7/1/24, provider's rate in effect 6/30/24 plus 4.1%, converted to a 15-minute rate. If no 6/30/24 rate: $5.84 per 15-minute unit
8. Home-delivered meals	Fee schedule	$9.11 per meal. Home-delivered liquid supplement meals are two cans per meal.
9. Home and vehicle modification	Fee schedule. See 79.1(17)	For elderly waiver: $1,192.44 lifetime maximum For intellectual disability waiver: $5,962.19 lifetime maximum For brain injury, health and disability, and physical disability waivers 7/1/22: $7,154.65 per year
10. Mental health outreach providers	Fee schedule	Effective 7/1/24, provider's rate in effect 6/30/242 plus 4.1%. If no 6/30/24 rate: On-site Medicaid reimbursement rate for center or provider. Maximum of 1,440 units per year
11. Transportation	Fee schedule	Fee schedule in effect 7/1/24
12. Nutritional counseling	Fee schedule	Effective 7/1/24 for non-county contract: Provider's rate in effect 6/30/24 plus 4.1%, converted to a 15-minute rate. If no 6/30/24 rate: $9.85 per 15-minute unit
13. Assistive devices	Fee schedule. See 79.1(17)	Effective 7/1/24: $1,294.93 per unit
14. Senior companion	Fee schedule	Effective 7/1/24 for non-county contract: Provider's rate in effect 6/30/24 plus 4.1%, converted to a 15-minute rate. If no 6/30/24 rate: $2.12 per 15-minute unit
15. Consumer-directed attendant care provided by:		
Agency (other than an elderly waiver assisted living program)	Fee agreed upon by member and provider	Effective 7/1/24, provider's rate in effect 6/30/24 plus 4.1%, converted to a 15-minute rate. If no 6/30/22 rate: $6.02 per 15-minute unit, not to exceed $139.18 per day
Assisted living program (for elderly waiver only)	Fee agreed upon by member and provider	Effective 7/1/24, provider's rate in effect 6/30/24 plus 4.1%, converted to a 15-minute rate. If no 6/30/22 rate: $6.02 per 15-minute unit, not to exceed $139.18 per day
16. Counseling:		
Individual	Fee schedule	Effective 7/1/24, provider's rate in effect 6/30/24 plus 4.15%, converted to a 15-

Provider category	Basis of reimbursement	Upper limit
		minute rate. If no 6/30/24 rate: $12.87 per 15-minute unit
Group	Fee schedule	First 30 minutes: effective 7/1/24, provider's rate in effect 6/30/24 plus 4.1%, converted to a 15-minute rate. If no 6/30/24 rate: $25.74 per 15-minute unit. Rate is divided by the actual number of persons who comprise the group
		Each additional 15 minutes: effective 7/1/24, provider's rate in effect 6/30/24 plus 4.1% converted to a 15-minute rate. If no 6/30/4 rate: $12.86 per 15-minute unit. Rate is divided by the actual number of persons who comprise the group
17. Case management	Fee schedule	For brain injury and elderly waivers: Fee schedule in effect 7/1/24, provider's rate in effect 6/30/24 plus 4.1%
18. Supported community living	For brain injury waiver: Retrospectively limited prospective rates. See 79.1(15)	For brain injury waiver effective 7/1/22: $11.59 per 15-minute unit; $565.02 daily
	For intellectual disability waiver: Fee schedule for the member's acuity tier, determined pursuant to 79.1(30). Retrospectively limited prospective rate for SCL 15-minute unit. See 79.1(15)	For intellectual disability waiver effective 7/1/24: $11.59 per 15-minute unit. For daily service, the fee schedule rate published on the department's website, pursuant to 79.1(1)*"c,"* for the member's acuity tier, determined pursuant to 79.1(30)
19. Supported employment:		
Individual supported employment	Fee schedule	Fee schedule in effect 7/1/24. Total monthly cost for all supported employment services not to exceed $3,692.34 per month
Long-term job coaching	Fee schedule	Fee schedule in effect 7/1/24. Total monthly cost for all supported employment services not to exceed $3,692.34 per month
Small-group supported employment (2 to 8 individuals)	Fee schedule	Fee schedule in effect 7/1/24. Maximum 160 units per week. Total monthly cost for all supported employment services not to exceed $3,692.34 per month
20. Specialized medical equipment	Fee schedule. See 79.1(17)	Effective 7/1/24, $7,154.64 per year
21. Behavioral programming	Fee schedule	Effective 7/1/24, $12.87 per 15 minutes
22. Family counseling and training	Fee schedule	Effective 7/1/24, $12.86 per 15-minute unit
23. Prevocational services, including career exploration	Fee schedule	Fee schedule in effect 7/1/24
24. Interim medical monitoring and treatment:		
Home health agency (provided by home health aide)	Fee schedule	Effective 7/1/24: Lesser of maximum Medicare rate in effect 6/30/24 plus 4.1%, converted to a 15-minute rate, or maximum Medicaid rate in effect 6/30/24 plus 4.1%, converted to a 15-minute rate
Home health agency (provided by nurse)	Fee schedule	Effective 7/1/24: Lesser of maximum Medicare rate in effect 6/30/24 plus 4.1%, converted to a 15-minute rate, or maximum Medicaid rate in effect

Provider category	Basis of reimbursement	Upper limit
		6/30/24 plus 4.1%, converted to a 15-minute rate
Child development home or center	Fee schedule	Effective 7/1/22, provider's rate in effect 6/30/22 plus 4.25%, converted to a 15-minute rate. If no 6/30/22 rate: $3.76 per 15-minute unit
Supported community living provider	Retrospectively limited prospective rate. See 79.1(15)	Effective 7/1/24, provider's rate in effect 6/30/24 plus 4.1%, converted to a 15-minute rate. If no 6/30/24 rate: $10.43 per 15-minute unit, not to exceed the maximum ICF/ID rate per day plus 11.727%
25. Residential-based supported community living	Fee schedule for the member's acuity tier, determined pursuant to 79.1(30)	Effective 7/1/24: The fee schedule rate published on the department's website, pursuant to 79.1(1)*"c,"* for the member's acuity tier, determined pursuant to 79.1(30)
26. Day habilitation	Fee schedule for the member's acuity tier, determined pursuant to 79.1(30)	Effective 8/1/25: Provider's rate in effect 7/31/25 plus 0.9%, converted to a 15-minute rate. If no 7/31/25 rate: $3.97 per 15-minute unit. For daily service, the fee schedule rate published on the department's website, pursuant to 79.1(1)*"c,"* for the member's acuity tier, determined pursuant to 79.1(30)
27. Environmental modifications and adaptive devices	Fee schedule. See 79.1(17)	Effective 7/1/24, $7,154.64 per year
28. Family and community support services	Retrospectively limited prospective rates. See 79.1(15)	Effective 7/1/24, $10.43 per 15-minute unit

Individual supported employment	Fee schedule	Fee schedule in effect 7/1/24. Total monthly cost for all supported employment services not to exceed $3,692.34 per month
Long-term job coaching	Fee schedule	Fee schedule in effect 7/1/24. Total monthly cost for all supported employment services not to exceed $3,692.34 per month
Small-group supported employment (2 to 8 individuals)	Fee schedule	Fee schedule in effect 7/1/24. Maximum 160 units per week. Total monthly cost for all supported employment services not to exceed $3,692.34 per month
Individual placement and support supported employment	Fee schedule	Fee schedule in effect 7/1/24. Total monthly cost for all supported employment services not to exceed $3,692.34 per month
Home health agencies		
1. Skilled nursing, physical therapy, occupational therapy, speech therapy, home health aide, and medical social services; home health care for maternity patients and children	Fee schedule. See 79.1(26). For members living in a nursing facility, see 441—paragraph 81.5(11)*"q"*	Effective 7/1/22: The Medicaid LUPA fee schedule rate published on the department's website
2. Private-duty nursing and personal cares for members aged 20 or under	Retrospective cost-related. See 79.1(27)	Effective 7/1/13: Actual and allowable cost not to exceed a maximum of 133% of statewide average
3. Administration of vaccines	Physician fee schedule	Physician fee schedule rate
Hospices	Fee schedule as determined by Medicare	Medicare cap. (See 79.1(14)*"d"*)
Hospitals (Critical access)	Retrospectively adjusted prospective rates. See 79.1(1)*"g"* and 79.1(5)	The reasonable cost of covered services provided to medical assistance recipients or the upper limits for other hospitals, whichever is greater
Hospitals (Inpatient)	Prospective reimbursement. See 79.1(5)	Reimbursement rate in effect 10/1/2021
Hospitals (Outpatient)	Prospective reimbursement or hospital outpatient fee schedule. See 79.1(16)*"c"*	Ambulatory payment classification rate or hospital outpatient fee schedule rate in effect 1/1/2021
Independent laboratories	Fee schedule. See 79.1(6)	Medicare fee schedule less 5%. See 79.1(6)
Indian health facilities	1. Daily visit rate approved by the U.S. Indian Health Service (IHS) for services provided to American Indian and Alaskan native members. See 79.1(1)*"h"*	1. IHS-approved rate published in the Federal Register as outpatient per visit rate (excluding Medicare)
	2. Fee schedule for service provided for all other Medicaid members.	2. Fee schedule
Infant and toddler program providers	Fee schedule	Fee schedule

Provider category	Basis of reimbursement	Upper limit
Intermediate care facilities for persons with an intellectual disability	Prospective reimbursement. See 441—82.4(249A)	Eightieth percentile of facility costs as calculated from annual cost reports
Lead inspection agency	Fee schedule	Fee schedule in effect 6/30/13 plus 1%
Local education agency services providers	Fee schedule	Fee schedule
Maternal health centers	Reasonable cost per procedure on a prospective basis as determined by the department based on financial and statistical data submitted annually by the provider group	Fee schedule in effect 6/30/13 plus 1%
Nursing facilities: 1. Nursing facility care	Prospective reimbursement. See 441—subrule 81.8(1) and 441—81.5(249A). The percentage of the median used to calculate the direct care excess payment allowance ceiling under 441—numbered paragraphs 81.5(16)*"d"*(1)"1" and (2)"1" is 95% of the patient-day-weighted median. The percentage of the difference used to calculate the direct care excess payment allowance is 0%. The percentage of the median used to calculate the direct care excess payment allowance limit is 10% of the patient-day-weighted median. The percentage of the median used to calculate the non-direct care excess payment allowance ceiling under 441—numbered paragraphs 81.5(16)*"d"*(1)"2" and (2)"2" is 96% of the patient-day-weighted median. The percentage of the difference used to calculate the non-direct care excess payment allowance limit is 0%. The percentage of the median used to calculate the non-direct care excess payment allowance limit is 8% of the patient-day-weighted median.	See 441—subrules 81.5(4) and 81.5(14) and paragraph 81.5(16)*"f."* The direct care rate component limit under 441—subparagraphs 81.5(16)*"f"*(1) and *"f"*(2) is 120% of the patient-day-weighted median. The non-direct care rate component limit under 441—subparagraphs 81.5(16)*"f"*(1) and *"f"*(2) is 110% of the patient-day-weighted median
2. Hospital-based, Medicare-certified nursing care	Prospective reimbursement. See 441—subrule 81.8(1) and 441—81.5(249A). The percentage of the median used to calculate the direct care excess payment allowance ceiling under 441—numbered paragraph 81.5(16)*"d"*(3)"1" is 95% of the patient-day-weighted median. The percentage of the difference used to calculate the direct care excess payment allowance is 0%. The percentage of the median used to calculate the direct care excess payment allowance limit is 10% of the patient-day-weighted median. The percentage of the median used to calculate the non-direct care excess payment allowance ceiling under 441—numbered paragraph 81.5(16)*"d"*(3)"2" is 96% of the patient-day-weighted median. The percentage of the difference used to calculate the non-direct care excess payment allowance limit is 0%. The percentage of the median used to calculate	See 441—subrules 81.5(4) and 81.5(14) and paragraph 81.5(16)*"f."* The direct care rate component limit under 441—subparagraph 81.5(16)*"f"*(3) is 120% of the patient-day-weighted median. The non-direct care rate component limit under 441—subparagraph 81.5(16)*"f"*(3) is 110% of the patient-day-weighted median

Provider category	Basis of reimbursement	Upper limit
	the non-direct care excess payment allowance limit is 8% of the patient-day-weighted median	
Occupational therapists	Fee schedule. For members residing in a nursing facility, see 441—paragraph 81.5(11)*"q"*	Fee schedule in effect 6/30/13 plus 1%
Opticians	Fee schedule. Fixed fee for lenses and frames; other optical materials at product acquisition cost	Fee schedule in effect 6/30/13 plus 1%
Optometrists	Fee schedule. Fixed fee for lenses and frames; other optical materials at product acquisition cost	Fee schedule in effect 6/30/13 plus 1%
Orthopedic shoe dealers	Fee schedule	Fee schedule in effect 6/30/13 plus 1%
Pharmaceutical case management	Fee schedule. See 79.1(18)	Refer to 79.1(18)

Qualified primary care services	See 79.1(7)*"c"*	Rate provided by 79.1(7)*"c"*
Podiatrists	Fee schedule	Fee schedule in effect 6/30/13 plus 1%
Prescribed drugs	See 79.1(8)	Amount pursuant to 79.1(8)
Psychiatric medical institutions for children:		
1. Inpatient in non-state-owned facilities	Fee schedule	Effective 7/1/21: Non-state-owned facilities provider-specific fee schedule in effect
2. Inpatient in state-owned facilities	Retrospective cost-related	Effective 8/1/11: 100% of actual and allowable cost
3. Outpatient day treatment	Fee schedule	Fee schedule in effect 6/30/13 plus 1%
Psychiatric services	Fee schedule	Fee schedule in effect 1/1/16
Psychologists	Fee schedule	Fee schedule in effect 6/30/13 plus 1%
Public health agencies	Fee schedule	Fee schedule rate in effect 6/30/13 plus 1%
Rehabilitation agencies	Fee schedule. For members residing in a nursing facility, see 441—paragraph 81.5(11)*"q"*	Medicaid fee schedule in effect 6/30/13 plus 1%; refer to 79.1(21)
Rural health clinics	Retrospective cost-related. See 441—Chapter 73	1. Prospective payment rate as required by the Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act of 2000 (BIPA 2000) as amended to July 1, 2026, or an alternative methodology allowed thereunder, as specified in "2" below 2. 100% of reasonable cost as determined by Medicare cost reimbursement principles 3. In the case of services provided pursuant to a contract between an RHC and an MCO, reimbursement from the MCO will be supplemented to achieve "1" or "2" above
Screening centers	Fee schedule	Fee schedule in effect 6/30/13 plus 1%
Speech-language pathologists	Fee schedule	Fee schedule in effect 6/30/13 plus 1%

Provider category	Basis of reimbursement	Upper limit
Subacute mental health facility	Fee schedule	Fee schedule in effect 2/1/18
Targeted case management providers	Fee schedule	Fee schedule in effect 7/1/18

79.1(3) *Ambulatory surgical centers.*

a. Payment is made for facility services on a fee schedule determined by the department and published on the department's website. These fees are grouped into nine categories corresponding to the difficulty or complexity of the surgical procedure involved.

b. Services of the physician or the dentist are reimbursed on the basis of a fee schedule (see paragraph 79.1(1)*"c"*). This payment is made directly to the physician or dentist.

79.1(4) *Durable medical equipment, prosthetic devices, medical supply dealers.* Fees for durable medical appliances, prosthetic devices and medical supplies are developed from several pricing sources and are based on pricing appropriate to the date of service; prices are developed using prior calendar year price information. The average wholesale price from all available sources is averaged to determine the fee for each item. Payment for used equipment will be no more than 80 percent of the purchase allowance. For supplies, equipment, and servicing of standard wheelchairs, standard hospital beds, enteral nutrients, and enteral and parenteral supplies and equipment, the fee for payment will be the lowest price for which the devices are widely and consistently available in a locality. Reimbursement over an established Medicaid fee schedule amount may be allowed pursuant to the criteria at 441—paragraph 78.10(5)*"n."*

79.1(5) *Reimbursement for hospitals.*

a. Definitions.

"Adolescent" means a Medicaid patient 17 years or younger.

"Adult" means a Medicaid patient 18 years or older.

"Average daily rate" means the hospital's final payment rate multiplied by the DRG weight and divided by the statewide average length of stay for a DRG.

"Base year cost report" means the hospital's cost report with fiscal year end on or after January 1, 2019, and before January 1, 2020, except as noted in paragraph 79.1(5)*"x."* Cost reports will be reviewed using Medicare's cost reporting and cost reimbursement principles for those cost reporting periods.

"Blended base amount" means the case-mix-adjusted, hospital-specific operating cost per discharge associated with treating Medicaid patients, plus the statewide average case-mix-adjusted operating cost per Medicaid discharge, divided by two. This base amount is the value to which payments for capital costs are added to form a final payment rate. The costs of hospitals receiving reimbursement as critical access hospitals during any of the period included in the base year cost report will not be used in determining the statewide average case-mix-adjusted operating cost per Medicaid discharge.

For purposes of calculating the disproportionate share rate only, a separate blended base amount will be determined for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children. This separate amount will be determined using only the case-mix-adjusted operating cost per discharge associated with treating Medicaid patients in the distinct area or areas of the hospital where services are provided predominantly to children under 18 years of age.

"Blended capital costs" means case-mix-adjusted hospital-specific capital costs, plus statewide average capital costs, divided by two. The costs of hospitals receiving reimbursement as critical access hospitals during any of the period of time included in the base year cost report will not be used in determining the statewide average capital costs.

For purposes of calculating the disproportionate share rate only, separate blended capital costs will be determined for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using only the capital costs related to the distinct area or areas of the hospital where services are provided predominantly to children under 18 years of age.

"Capital costs" means an add-on to the blended base amount, which will compensate for Medicaid's portion of capital costs. Capital costs for buildings, fixtures and movable equipment are defined in the hospital's base year cost report, are case-mix adjusted, are adjusted to reflect 80 percent of allowable costs, and are adjusted to be no greater than one standard deviation off the mean Medicaid blended capital rate.

For purposes of calculating the disproportionate share rate only, separate capital costs shall be determined for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using only the base year cost report information related to the distinct area or areas of the hospital where services are provided predominantly to children under 18 years of age.

"Case-mix adjusted" means the division of the hospital-specific base amount or other applicable components of the final payment rate by the hospital-specific case-mix index. For purposes of calculating the disproportionate share rate only, a separate case-mix adjustment shall be determined for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using the base amount or other applicable component for the distinct area or areas of the hospital where services are provided predominantly to children under 18 years of age.

"Case-mix index" means an arithmetical index measuring the relative average costliness of cases treated in a hospital compared to the statewide average. For purposes of calculating the disproportionate share rate only, a separate case-mix index will be determined for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using the average costliness of cases treated in the distinct area or areas of the hospital where services are provided predominantly to children under 18 years of age.

"Children's hospitals" means hospitals with inpatients predominantly under 18 years of age. For purposes of qualifying for disproportionate share payments from the graduate medical education and disproportionate share fund, a children's hospital is defined as a duly licensed hospital that:

1. Either provides services predominantly to children under 18 years of age or includes a distinct area or areas that provide services predominantly to children under 18 years of age, and
2. Is a voting member of the National Association of Children's Hospitals and Related Institutions for dates of service prior to October 1, 2014, or a member of the National Association of Children's Hospitals and Related Institutions for dates of service on or after October 1, 2014.

"Cost outlier" means cases that have an extraordinarily high cost as established in paragraph 79.1(5)*"f,"* so as to be eligible for additional payments above and beyond the initial DRG payment.

"Critical access hospital" or *"CAH"* means a hospital licensed as a critical access hospital by the department of inspections, appeals, and licensing pursuant to rule 481—51.27(135B).

"Diagnosis-related group" or *"DRG"* means a group of similar diagnoses combined based on patient age, procedure coding, comorbidity, and complications.

"Direct medical education costs" means costs directly associated with the medical education of interns and residents or other medical education programs, such as a nursing education program or allied health programs, conducted in an inpatient setting, that qualify for payment as medical education costs under the Medicare program. The amount of direct medical education costs is determined from the hospital base year cost reports multiplied by a factor to maintain expenditures within the amount appropriated to the department for this purpose and then case-mix adjusted in determining the direct medical education rate. Payment for direct medical education costs will be made from the graduate medical education and disproportionate share fund and will not be added to the reimbursement for claims.

For purposes of calculating the disproportionate share rate only, separate direct medical education costs will be determined for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using only costs associated with the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

"Direct medical education rate" means a rate calculated for a hospital reporting medical education costs on the Medicare cost report (CMS 2552). The rate is calculated using the following formula: Direct medical education costs are multiplied by a factor to maintain expenditures within the amount appropriated to the department for this purpose. The result is divided by the hospital's case-mix index, then is further divided by net discharges.

For purposes of calculating the disproportionate share rate only, a separate direct medical education rate will be determined for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using the direct medical education

costs, case-mix index, and net discharges of the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

"Disproportionate share payment" means a payment that will compensate for treatment of a disproportionate share of poor patients. The disproportionate share payment will be made directly from the graduate medical education and disproportionate share fund and will not be added to the reimbursement for claims.

"Disproportionate share percentage" means either (1) the product of 2½ percent multiplied by the number of standard deviations by which the hospital's own Medicaid inpatient utilization rate exceeds the statewide mean Medicaid inpatient utilization rate for all hospitals, or (2) 2½ percent. (See subparagraph 79.1(5)*"y"*(7) for more information.)

A separate disproportionate share percentage will be determined for any hospital that qualifies for a disproportionate share payment only as a children's hospital, using the Medicaid inpatient utilization rate for children under 18 years of age at the time of admission in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age.

"Disproportionate share rate" means the sum of the blended base amount, blended capital costs, direct medical education rate, and indirect medical education rate multiplied by the disproportionate share percentage.

"DRG weight" means a number that reflects relative resource consumption as measured by the relative charges by hospitals for cases associated with each DRG. That is, the Iowa-specific DRG weight reflects the relative charge for treating cases classified in a particular DRG compared to the average charge for treating all Medicaid cases in all DRGs in Iowa hospitals.

"Final payment rate" means the aggregate sum of the two components (the blended base amount and capital costs) that, when added together, form the final dollar value used to calculate each provider's reimbursement amount when multiplied by the DRG weight. These dollar values are displayed on the rate table listing.

"Full DRG transfer" means that a case, coded as a transfer to another hospital, will be considered to be a normal claim for recalibration or rebasing purposes if payment is equal to or greater than the full DRG payment.

"GME/DSH fund apportionment claim set" means the hospital's applicable Medicaid base year cost report period. The claim set is updated in July of every third year and is modeled using recalibrated rates pursuant to paragraph 79.1(5)*"k."*

"GME/DSH fund implementation year" means 2022.

"Graduate medical education and disproportionate share fund" or *"GME/DSH fund"* means a reimbursement fund developed as an adjunct reimbursement methodology to directly reimburse qualifying hospitals for the direct and indirect costs associated with the operation of graduate medical education programs and the costs associated with the treatment of a disproportionate share of poor, indigent, nonreimbursed or nominally reimbursed patients for inpatient services.

"Indirect medical education rate" means a rate calculated as follows: The statewide average case-mix adjusted operating cost per Medicaid discharge, divided by two, is added to the statewide average capital costs, divided by two. The resulting sum is then multiplied by the ratio of the number of full-time equivalent interns and residents serving in a Medicare-approved hospital teaching program divided by the number of beds included in hospital departments served by the interns' and residents' program and is further multiplied by 1.159.

For purposes of calculating the disproportionate share rate only, a separate indirect medical education rate will be determined for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using the number of full-time equivalent interns and residents and the number of beds in the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

"Inlier" means those cases where the length of stay or cost of treatment falls within the actual calculated length of stay criteria or the cost of treating a patient is within the cost boundaries of a DRG payment.

"Long stay outlier" means cases that have an associated length of stay that is greater than the calculated length of stay parameters as defined within the length of stay calculations for that DRG. Payment is as established in paragraph 79.1(5)*"f."*

"Low-income utilization rate" means the ratio of gross billings for all Medicaid, bad debt, and charity care patients, including billings for Medicaid enrollees of managed care organizations and primary care case management organizations, to total billings for all patients. Gross billings do not include cash subsidies received by the hospital for inpatient hospital services except as provided from state or local governments.

A separate low-income utilization rate will be determined for any hospital qualifying or seeking to qualify for a disproportionate share payment as a children's hospital, using only billings for patients under 18 years of age at the time of admission in the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

"Medicaid claim set" means the hospital's applicable Medicaid claims for the period of January 1, 2018, through December 31, 2019, and paid through March 31, 2020.

"Medicaid inpatient utilization rate" means the number of total Medicaid days, including days for Medicaid enrollees of managed care organizations and primary care case management organizations, both in-state and out-of-state, and Iowa state indigent patient days divided by the number of total inpatient days for both in-state and out-of-state recipients. Children's hospitals, including hospitals qualifying for disproportionate share as a children's hospital, receive twice the percentage of inpatient hospital days attributable to Medicaid patients.

A separate Medicaid inpatient utilization rate will be determined for any hospital qualifying or seeking to qualify for a disproportionate share payment as a children's hospital, using only Medicaid days, Iowa state indigent patient days, and total inpatient days attributable to patients under 18 years of age at the time of admission in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age.

"Neonatal intensive care unit" means a designated level II or level III neonatal unit.

"Net discharges" means total discharges minus transfers and short stay outliers.

"Rate table listing" means a schedule of rate payments for each provider. The rate table listing is defined as the output that shows the final payment rate by a hospital before being multiplied by the appropriate DRG weight.

"Rebasing" means the redetermination of the blended base amount or other applicable components of the final payment rate from more recent Medicaid cost report data.

"Rebasing implementation year" means 2021 and every three years thereafter.

"Recalibration" means the adjustment of all DRG weights to reflect changes in relative resource consumption.

"Short stay day outlier" means cases that have an associated length of stay that is less than the calculated length of stay parameters as defined within the length of stay calculations. Payment rates are established in paragraph 79.1(5)*"f."*

b. Determination of final payment rate amount. The hospital DRG final payment amount reflects the sum of inflation adjustments to the blended base amount plus an add-on for capital costs. This blended base amount plus the add-on is multiplied by the set of Iowa-specific DRG weights to establish a rate schedule for each hospital. Federal DRG definitions are adopted except as provided below:

(1) Substance abuse units certified pursuant to paragraph 79.1(5)*"r."* Three sets of DRG weights are developed for DRGs concerning rehabilitation of substance abuse patients. The first set of weights is developed from charges associated with treating adults in certified substance abuse units. The second set of weights reflects charges associated with treating adolescents in mixed-age certified substance abuse units. The third set of weights reflects charges associated with treating adolescents in designated adolescent-only certified substance abuse units.

Hospitals with these units are reimbursed using the weight that reflects the age of each patient. Out-of-state hospitals may not receive reimbursement for the rehabilitation portion of substance abuse treatment.

(2) Neonatal intensive care units certified pursuant to paragraph 79.1(5)*"r."* Three sets of weights are developed for DRGs concerning treatment of neonates. One set of weights is developed from charges associated with treating neonates in a designated level III neonatal intensive care unit for some portion of their hospitalization. The second set of weights is developed from charges associated with treating neonates in a designated level II neonatal intensive care unit for some portion of their hospitalization. The third set of weights reflects charges associated with neonates not treated in a designated level II or level III setting. Hospitals are reimbursed using the weight that reflects the setting for neonate treatment.

c. Calculation of Iowa-specific weights and case-mix index. From the Medicaid claim set, the recalibration for rates effective October 1, 2021, will use all normal inlier claims, discard short stay outliers, discard transfers where the final payment is less than the full DRG payment, include transfers where the full payment is greater than or equal to the full DRG payment, and use only the estimated charge for the inlier portion of long stay outliers and cost outliers for weighting calculations. These are referred to as trimmed claims.

(1) Iowa-specific weights are calculated with Medicaid cost data less medical education from the Medicaid claim set using trimmed claims. Medicaid cost data for hospitals receiving reimbursement as critical access hospitals during any of the period included in the base year cost report will not be used in calculating Iowa-specific weights. One weight is determined for each DRG with noted exceptions pursuant to paragraph 79.1(5)*"b."* Weights are determined through the following calculations:

1. Determine the statewide geometric mean cost for all cases classified in each DRG.
2. Compute the statewide aggregate geometric mean cost for each DRG by multiplying the statewide geometric mean cost for each DRG by the total number of cases classified in that DRG.
3. Sum the statewide aggregate geometric mean costs for all DRGs and divide by the total number of cases for all DRGs to determine the weighted average geometric mean cost for all DRGs.
4. Divide the statewide geometric mean cost for each DRG by the weighted average geometric mean cost for all DRGs to derive the Iowa-specific weight for each DRG.
5. Normalize the weights so that the average case has a weight of one.

(2) The hospital-specific case-mix index is computed by taking each hospital's trimmed claims that match the hospital's base year cost reporting period, summing the assigned DRG weights associated with those claims and dividing by the total number of Medicaid claims associated with that specific hospital for that period. Case-mix indices are not computed for hospitals receiving reimbursement as critical access hospitals.

(3) For purposes of calculating the disproportionate share rate only, a separate hospital-specific case-mix index will be computed for any hospital that qualifies for a disproportionate share payment only as a children's hospital. The computation will use only claims and associated DRG weights for services provided to patients under 18 years of age at the time of admission in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age.

d. Calculation of blended base amount. The DRG blended base amount reflects a 50/50 blend of statewide and hospital-specific base amounts.

(1) Calculation of statewide average case-mix-adjusted cost per discharge. The statewide average cost per discharge is calculated by subtracting from the statewide total Iowa Medicaid inpatient expenditures multiplied by a factor to maintain expenditures within the amount appropriated to the department for this purpose:

1. The total calculated dollar expenditures based on hospitals' base year cost reports for capital costs and medical education costs, multiplied by a factor to maintain expenditures within the amount appropriated to the department for this purpose, and
2. The actual payments made for additional transfers, outliers, physical rehabilitation services, psychiatric services, and indirect medical education.

Cost report data for hospitals receiving reimbursement as critical access hospitals during any of the period of time included in the base year cost report is not used in calculating the statewide average cost per discharge. The remaining amount (which has been case-mix adjusted) is divided by the statewide total number of Iowa Medicaid discharges reported in the Medicaid management information system (MMIS) less an actual number of nonfull DRG transfers and short stay outliers.

(2) Calculation of hospital-specific case-mix-adjusted average cost per discharge. The hospital-specific case-mix-adjusted average cost per discharge is calculated by subtracting from the lesser of total Iowa Medicaid costs or covered reasonable charges, as determined by the hospital's base year cost report or MMIS claims system, the actual dollar expenditures for capital costs, and direct medical education costs multiplied by an amount to maintain expenditures within the amount appropriated to the department for this purpose, and then subtracting payments made for nonfull DRG transfers, outliers, physical rehabilitation services, and psychiatric services, if applicable. The remaining amount is case-mix adjusted, multiplied by inflation factors, and divided by the total number of Iowa Medicaid discharges from the MMIS claims system for that hospital during the applicable base year, less the nonfull DRG transfers and short stay outliers.

For purposes of calculating the disproportionate share rate only, a separate hospital-specific case-mix-adjusted average cost per discharge will be calculated for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using the costs, charges, expenditures, payments, discharges, transfers, and outliers attributable to the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

(3) Calculation of the blended statewide and hospital-specific base amount. The hospital-specific case-mix adjusted average cost per discharge is added to the case-mix adjusted statewide average cost per discharge and divided by two to arrive at a 50/50 blended base amount.

e. Add-ons to the base amount.

(1) One payment for capital costs is added on to the blended base amount.

Capital costs are included in the rate table listing and added to the blended base amount before the final payment rate schedule is set. This add-on reflects a 50/50 blend of the statewide average case-mix-adjusted capital cost per discharge and the case-mix-adjusted hospital-specific base year capital cost per discharge attributed to Iowa Medicaid patients.

Allowable capital costs are determined by multiplying the capital amount from the base year cost report by 80 percent and then multiplied by a factor to maintain expenditures within the amount appropriated to the department for this purpose. Cost report data for hospitals receiving reimbursement as critical access hospitals during any of the period of time included in the base year cost report is not used in calculating the statewide average case-mix-adjusted capital cost per discharge.

The 50/50 blend is calculated by adding the case-mix-adjusted hospital-specific per discharge capital cost to the statewide average case-mix-adjusted per discharge capital costs and dividing by two. Hospitals whose blended capital add-on exceeds one standard deviation off the mean Medicaid blended capital rate will be subject to a reduction in their capital add-on to equal the first standard deviation.

For purposes of calculating the disproportionate share rate only, a separate add-on to the base amount for capital costs will be calculated for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using the case-mix-adjusted hospital-specific base year capital cost per discharge attributed to Iowa Medicaid patients in the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

(2) Reserved.

f. Outlier payment policy. Additional payment is made for approved cases meeting or exceeding Medicaid criteria for day and cost outliers for each DRG. One hundred percent of outlier costs will be paid to facilities at the time of claim reimbursement. Iowa Medicaid will perform retrospective outlier reviews.

(1) Long stay outliers. Long stay outliers are incurred when a patient's stay exceeds the upper day limit threshold. This threshold is defined as the lesser of the arithmetically calculated average length of stay plus 23 days of care or two standard deviations above the average statewide length of stay for a given DRG, calculated geometrically. Reimbursement for long stay outliers is calculated at 60 percent of the average daily rate for the given DRG for each approved day of stay beyond the upper day limit. Payment for long stay outliers will be paid at 100 percent of the calculated amount and made at the time the claim is originally paid.

(2) Short stay outliers. Short stay outliers are incurred when a patient's length of stay is greater than two standard deviations from the geometric mean below the average statewide length of stay for a given DRG, rounded to the next highest whole number of days. Payment for short stay outliers will be 200

percent of the average daily rate for each day the patient qualifies up to the full DRG payment. Short stay outlier claims will be subject to Iowa Medicaid review and payment denied for inappropriate admissions.

(3) Cost outliers. Cases qualify as cost outliers when costs of service in a given case, not including any add-on amounts for direct or indirect medical education or disproportionate share costs exceed the cost threshold. This cost threshold is determined to be the greater of two times the statewide average DRG payment for that case or the hospital's individual DRG payment for that case plus $75,000. Costs are calculated using hospital-specific cost-to-charge ratios determined in the base year cost reports. Additional payment for cost outliers is 80 percent of the excess between the hospital's cost for the discharge and the cost threshold established to define cost outliers. Payment of cost outlier amounts will be paid at 100 percent of the calculated amount and made at the time the claim is paid.

Those hospitals that are notified of any outlier review initiated by Iowa Medicaid must submit all requested supporting data to Iowa Medicaid within 60 days of the receipt of outlier review notification, or outlier payment will be forfeited and recouped. In addition, any hospital may request a review for outlier payment by submitting documentation to Iowa Medicaid within 365 days of receipt of the outlier payment. If requests are not filed within 365 days, the provider loses the right to appeal or contest that payment.

(4) Day and cost outliers. Cases qualifying as both day and cost outliers are given additional payment as cost outliers only.

g. Billing for patient transfers and readmissions.

(1) Transfers between hospitals. When a Medicaid patient is transferred, the initial hospital or unit is paid 100 percent of the average daily rate of the transferring hospital's payment for each day the patient remained in that hospital or unit, up to 100 percent of the entire DRG payment. The hospital or unit that received the transferred patient receives the entire DRG payment.

(2) Substance abuse units. When a patient is discharged to or from an acute care hospital and is admitted to or from a substance abuse unit certified pursuant to paragraph 79.1(5)*"r,"* both the discharging and admitting hospitals will receive 100 percent of the DRG payment.

(3) Physical rehabilitation hospitals or units. When a patient requiring physical rehabilitation is discharged from an acute care hospital and admitted to a rehabilitation hospital or unit certified pursuant to paragraph 79.1(5)*"r,"* and the admission is medically appropriate, then payment for time spent in the unit is through a per diem. The discharging hospital will receive 100 percent of the DRG payment. When a patient is discharged from a certified physical rehabilitation hospital or unit and admitted to an acute care hospital, the acute care hospital will receive 100 percent of the DRG payment.

When a patient requiring physical rehabilitation is discharged from a facility other than an acute care hospital and admitted to a rehabilitation hospital or unit certified pursuant to paragraph 79.1(5)*"r,"* and the admission is medically appropriate, then payment for time spent in the unit is based on a per diem. The other facility will receive payment in accordance with rules governing that facility. When a patient is discharged from a certified physical rehabilitation hospital or unit and admitted to a facility other than an acute care hospital, the other facility will receive payment in accordance with rules governing that facility.

(4) Psychiatric units.

When a patient requiring psychiatric care is discharged from an acute care hospital and admitted to a psychiatric unit certified pursuant to paragraph 79.1(5)*"r,"* and the admission is medically appropriate, then payment for time spent in the unit is through a per diem. The discharging hospital will receive 100 percent of the DRG payment. When a patient is discharged from a certified psychiatric unit and is admitted to an acute care hospital, the acute care hospital will receive 100 percent of the DRG payment.

When a patient requiring psychiatric care is discharged from a facility other than an acute care hospital and is admitted to a psychiatric unit certified pursuant to paragraph 79.1(5)*"r,"* and the admission is medically appropriate, then payment for time spent in the unit is based on a per diem. The other facility will receive payment in accordance with rules governing that facility. When a patient is discharged from a certified psychiatric unit and is admitted to a facility other than an acute care hospital, the other facility will receive payment in accordance with rules governing that facility.

(5) Inpatient readmissions within 30 days for same condition. When an inpatient is discharged or transferred from an acute care hospital and is readmitted as an inpatient to the same hospital within 30 days for the same condition, any claim for the subsequent inpatient stay will be combined with the claim for the

original inpatient stay and payment will be under a single DRG for both stays. The readmission policy does not apply to the following:

1. Scheduled readmissions that are part of repetitive or periodic treatments; and
2. Critical access hospitals.

h. Covered DRGs. Medicaid DRGs cover services provided in acute care general hospitals, with the exception of services provided in physical rehabilitation hospitals and units certified pursuant to paragraph 79.1(5)*"r,"* and services provided in psychiatric units certified pursuant to paragraph 79.1(5)*"r,"* which are paid per diem, as specified in paragraph 79.1(5)*"i."*

i. Payment for certified physical rehabilitation hospitals and units, psychiatric units, and acute psychiatric intensive care services. Payment for services provided by a physical rehabilitation hospital or unit certified pursuant to paragraph 79.1(5)*"r"* and for services provided in a psychiatric unit certified pursuant to paragraph 79.1(5)*"r"* is prospective. The payment is based on a per diem rate calculated for each hospital by establishing a base year per diem rate to which a factor to maintain expenditures within the amount appropriated to the department for this purpose is applied.

(1) Per diem calculation. The base rate will be the medical assistance per diem rate as determined by the individual hospital's base year cost report pursuant to paragraph 79.1(5)*"a."* No recognition will be given to the professional component of the hospital-based physicians except as noted under paragraph 79.1(5)*"j."*

(2) Per diem reimbursement. Hospitals will be reimbursed the lower of actual charges or the medical assistance cost per diem rate. The determination of the applicable rate will be based on the hospital fiscal year aggregate of actual charges and medical assistance cost per diem rate. If an overpayment exists, the hospital will refund or have the overpayment deducted from subsequent billings.

(3) Per diem recalculation. Hospital prospective reimbursement rates will be established based on the state's fiscal year.

(4) Acute psychiatric intensive care services. Services that meet the criteria at 441—subrule 78.3(8) will be reimbursed as follows:

1. Services provided in a psychiatric unit certified pursuant to paragraph 79.1(5)*"r"* will be paid based on the hospital-specific per diem rate as calculated pursuant to subparagraph 79.1(5)*"i"*(1) plus a percentage increase as determined by the department for covered days billed with the appropriate psychiatric intensive care revenue code.
2. Services not provided in a psychiatric unit certified pursuant to paragraph 79.1(5)*"r"* will be paid based on the hospital-specific DRG payment rate as calculated pursuant to paragraph 79.1(5)*"b"* plus an add-on per diem rate as determined by the department for covered days billed with the appropriate psychiatric intensive care revenue code.

(5) Per diem billing. The current method for submitting billing and cost reports will be maintained. All cost reports will be subject to desk review audit and, if necessary, a field audit.

j. Services covered by DRG payments. Medicaid adopts the Medicare definition of inpatient hospital services covered by the DRG prospective payment system except as indicated herein. As a result, combined billing for physician services is eliminated unless the hospital has approval from Medicare to combine bill the physician and hospital services. Teaching hospitals having Medicare's approval to receive reasonable cost reimbursement for physician services under 42 CFR 415 as amended to July 1, 2026, are eligible for combined billing status if they have the Medicare approval notice on file with Iowa Medicaid as verification. Reasonable cost settlement will be made during the year-end settlement process. Services provided by certified nurse anesthetists (CRNAs) employed by a physician are covered by the physician reimbursement. Payment for the services of CRNAs employed by the hospital are included in the hospital's reimbursement.

The cost for hospital-based ambulance transportation that results in an inpatient admission and hospital-based ambulance services performed while the recipient is an inpatient, in addition to all other inpatient services, is covered by the DRG payment. If, during the inpatient stay at the originating hospital, it becomes necessary to transport but not transfer the patient to another hospital or provider for treatment, with the patient remaining an inpatient at the originating hospital after that treatment, the originating hospital shall bear all costs incurred by that patient for the medical treatment or the ambulance

transportation between the originating hospital and the other provider. The services furnished to the patient by the other provider shall be the responsibility of the originating hospital. Reimbursement to the originating hospital for all services is under the DRG payment.

k. Inflation factors, rebasing, and recalibration.

(1) Inflation factors will be set annually at levels that ensure payments that are consistent with efficiency, economy, and quality of care and that are sufficient to enlist enough providers so that care and services are available at least to the extent that such care and services are available to the general population in the geographic area.

(2) Base amounts will be rebased and weights recalibrated in 2021 and every three years thereafter. Cost reports used in rebasing will be the hospital fiscal year-end Form CMS 2552, Hospital and Healthcare Complex Cost Report, as submitted to Medicare in accordance with Medicare cost report submission time lines for the hospital fiscal year ending during the calendar year preceding the rebasing implementation year. If a hospital does not provide this cost report to Iowa Medicaid by May 31 of a rebasing implementation year, the most recent submitted cost report will be used with the addition of a hospital market basket index inflation factor.

(3) The graduate medical education and disproportionate share fund will be updated as provided in subparagraphs 79.1(5)*"y"*(3), *"y"*(6), and *"y"*(9).

(4) Hospitals receiving reimbursement as critical access hospitals will not receive inflation of base payment amounts and will not have base amounts rebased or weights recalibrated pursuant to this paragraph.

l. Eligibility and payment. When a client is eligible for Medicaid for less than or equal to the average length of stay for that DRG, then payment equals 100 percent of the hospital's average daily rate times the number of eligible hospital stay days up to the amount of the DRG payment. When a Medicaid client is eligible for greater than the average length of stay but less than the entire stay, then payment is treated as if the client were eligible for the entire length of stay.

Long stay outlier days are determined as the number of Medicaid eligible days beyond the outlier limits. The date of patient admission is the first date of service. Long stay outlier costs are accrued only during eligible days.

m. Payment to out-of-state hospitals. Payment made to out-of-state hospitals providing care to beneficiaries of Iowa's Medicaid program is equal to either the Iowa statewide average blended base amount plus the statewide average capital cost add-on, multiplied by the DRG weight, or blended base and capital rates calculated by using 80 percent of the hospital's submitted capital costs. Hospitals that submit a cost report no later than May 31 in the most recent rebasing year will receive a case-mix-adjusted blended base rate using hospital-specific, Iowa-only Medicaid data and the Iowa statewide average cost per discharge amount.

(1) Capital costs will be reimbursed at either the statewide average rate in place at the time of discharge, or the blended capital rate computed by using submitted cost report data.

(2) Out-of-state hospitals do not qualify for disproportionate share payments.

(3) Out-of-state hospitals do not qualify for direct medical education or indirect medical education payments pursuant to paragraph 79.1(5)*"y."*

n. Preadmission, preauthorization, or inappropriate services. Medicaid adopts most Medicare regulations to control increased admissions or reduced services. Exceptions to the Medicare review practice are that Iowa Medicaid reviews short stay outliers and all Medicaid patients readmitted within 31 days. Payment can be denied if either admissions or discharges are performed without medical justification as determined by Iowa Medicaid. Inpatient or outpatient services that require preadmission or preprocedure approval by Iowa Medicaid are updated yearly by the department and are listed in the provider manual. Preauthorization for any of these services is transmitted directly to Iowa Medicaid and no additional information needs to be submitted as part of the claim filing for inpatient or outpatient services. To safeguard against these and other inappropriate practices, the department through Iowa Medicaid will monitor admission practices and quality of care. If an abuse of the prospective payment system is identified, payments for abusive practices may be reduced or denied. In reducing or denying payment, Medicaid adopts the Medicare regulations.

o. Hospital billing. Hospitals shall normally submit claims for DRG reimbursement to Iowa Medicaid after a patient's discharge.

(1) Payment for outlier days or costs is determined when the claim is paid by Iowa Medicaid as described in paragraph 79.1(5)*"f."*

(2) When a Medicaid patient requires acute care in the same facility for a period of no less than 120 days, a request for partial payment may be made. Written requests for this interim DRG payment shall be addressed to Iowa Medicaid at the department's address. A request for interim payment shall include:

1. The patient's name, state identification number, and date of admission;
2. A brief summary of the case;
3. A current listing of charges; and
4. A physician's attestation that the recipient has been an inpatient for 120 days and is expected to remain in the hospital for a period of no less than 60 additional days.

A departmental representative will then contact the facility to assist the facility in filing the interim claim.

p. Determination of inpatient admission. A person is considered to be an inpatient when a formal inpatient admission occurs, when a physician intends to admit a person as an inpatient, or when a physician determines that a person being observed as an outpatient in an observation or holding bed should be admitted to the hospital as an inpatient.

(1) In cases involving outpatient observation status, the determinant of patient status is not the length of time the patient was being observed, but rather that the observation period was medically necessary for the physician to determine whether a patient should be released from the hospital or admitted to the hospital as an inpatient.

(2) Outpatient observation lasting greater than a 24-hour period will be subject to review by Iowa Medicaid to determine the medical necessity of each case. For those outpatient observation cases where medical necessity is not established by Iowa Medicaid, reimbursement will be denied for the services found to be unnecessary for the provision of that care, such as the use of the observation room.

q. Inpatient admission after outpatient services. A patient may be admitted to the hospital as an inpatient after receiving outpatient services. If the patient is admitted as an inpatient within three days of the day outpatient services were rendered, all outpatient services related to the principal diagnosis are considered inpatient services for billing purposes. The day of formal admission as an inpatient is considered as the first day of hospital inpatient services.

r. Certification for reimbursement as a special unit or physical rehabilitation hospital. Certification for Medicaid reimbursement as a substance abuse unit under subparagraph 79.1(5)*"b"*(1), a neonatal intensive care unit under subparagraph 79.1(5)*"b"*(2), a psychiatric unit under paragraph 79.1(5)*"i,"* or a physical rehabilitation hospital or unit under paragraph 79.1(5)*"i"* will be awarded as provided in this paragraph.

(1) Certification procedure. All hospital special units and physical rehabilitation hospitals must be certified by Iowa Medicaid to qualify for Medicaid reimbursement as a special unit or physical rehabilitation hospital. Hospitals shall submit requests for certification to Iowa Medicaid at the department's address, with documentation that the certification requirements are met. Iowa Medicaid will notify the facility of any additional documentation needed after review of the submitted documentation.

Upon certification, reimbursement as a special unit or physical rehabilitation hospital will be retroactive to the first day of the month during which Iowa Medicaid received the request for certification. No additional retroactive payment adjustment will be made when a hospital fails to make a timely request for certification.

(2) Certification criteria for substance abuse units. An in-state substance abuse unit may be certified for Medicaid reimbursement under subparagraph 79.1(5)*"b"*(1) if the unit's program is licensed by the department as a substance abuse treatment program in accordance with Iowa Code chapter 125. In addition to documentation of the license, an in-state hospital must submit documentation of the specific substance abuse programs available at the facility with a description of their staffing, treatment standards, and population served.

An out-of-state substance abuse unit may be certified for Medicaid reimbursement under subparagraph 79.1(5)*"b"*(1) if it is excluded from the Medicare prospective payment system as a psychiatric unit pursuant to 42 CFR Sections 412.25 and 412.27 as amended to July 1, 2026. An out-of-state hospital requesting reimbursement as a substance abuse unit must initially submit a copy of its current Medicare prospective payment system exemption notice unless the facility had certification for reimbursement as a substance abuse unit before July 1, 1993. All out-of-state hospitals certified for reimbursement for substance abuse units must submit copies of new Medicare prospective payment system exemption notices as they are issued, at least annually.

(3) Certification criteria for neonatal intensive care units. A neonatal intensive care unit may be certified for Medicaid reimbursement under subparagraph 79.1(5)*"b"*(2) if it is certified as a level II or level III neonatal unit and the hospital where it is located is accredited by the Joint Commission or the American Osteopathic Association. Iowa Medicaid will verify the unit's certification as a level II or level III neonatal unit in accordance with recommendations set forth by the American Academy of Pediatrics for newborn care. Neonatal units in Iowa shall be certified by the department pursuant to 641—Chapter 150. Out-of-state units shall submit proof of level II or level III certification.

(4) Certification criteria for psychiatric units. A psychiatric unit may be certified for Medicaid reimbursement under paragraph 79.1(5)*"i"* if it is excluded from the Medicare prospective payment system as a psychiatric unit pursuant to 42 CFR Sections 412.25 and 412.27 as amended to July 1, 2026.

(5) Certification criteria for physical rehabilitation hospitals and units. A physical rehabilitation hospital or unit may be certified for Medicaid reimbursement under paragraph 79.1(5)*"i"* if the physical rehabilitation hospital or unit receives or qualifies to receive Medicare reimbursement as a rehabilitative hospital or unit pursuant to 42 CFR Subpart P as amended to July 1, 2026, and the hospital is accredited by the Joint Commission or the American Osteopathic Association.

s. Health care access assessment inflation factor. Effective with the implementation of the health care access assessment paid pursuant to 441—Chapter 36, a health care access assessment inflation factor will be applied to the Medicaid DRG blended base amount as otherwise calculated pursuant to this subrule for all "participating hospitals" as defined in 441—subrule 36.5(1).

(1) Calculation of inflation factor. The health care access assessment inflation factor for participating hospitals will be calculated by dividing the amount allowed under the Medicare inpatient upper payment limit for the fiscal year beginning July 1, 2010, by the sum of the projected expenditures for participating hospitals for the fiscal year beginning July 1, 2010, as determined by the department, and the amount allowed under the Medicare inpatient upper payment limit.

(2) Implementation date. The health care access assessment inflation factor will not be applied until federal financial participation to match money collected from the health care access assessment pursuant to 441—Chapter 36 has been approved by the federal Centers for Medicare and Medicaid Services.

(3) End date. Application of the health care access assessment inflation factor will terminate if the health care access assessment is terminated. If federal match money is unavailable for a retroactive period or the authority to collect the assessment is rescinded for a retroactive period, the department will:

1. Recalculate Medicaid rates in effect during that period without the application of the health care access assessment inflation factor;
2. Recompute Medicaid payments due based on the recalculated Medicaid rates;
3. Recoup any previous overpayments; and
4. Determine for each hospital the amount of health care access assessment collected during that period and refund that amount to the facility.

t. Limitations and application of limitations on payment. Diagnosis-related group payments are subject to the upper payment limits as stated in 42 CFR 447.271 and 42 CFR 447.272, both as amended to July 1, 2026.

(1) The department may not pay a provider more for inpatient hospital services under Medicaid than the provider's customary charges to the general public for the services. This limit is applied in the aggregate during the cost settlement process at the end of the hospital's fiscal year.

(2) Aggregate payments to hospitals and state-operated hospitals may not exceed the amount that can reasonably be estimated would have been paid for those services under Medicare payment principles. This limit is applied to aggregate Medicaid payments at the end of the state's fiscal year.

u. State-owned teaching hospital disproportionate share payment. In addition to payments from the graduate medical education and disproportionate share fund made pursuant to paragraph 79.1(5)*"y,"* payment will be made to Iowa hospitals qualifying for the Iowa state-owned teaching hospital disproportionate share fund. Interim monthly payments based on estimated allowable costs will be paid to qualifying hospitals under this paragraph.

(1) Qualifying criteria. A hospital qualifies for Iowa state-owned teaching hospital disproportionate share payments if it qualifies for disproportionate share payments pursuant to paragraph 79.1(5)*"y"* and is an Iowa state-owned hospital with more than 500 beds and eight or more distinct residency specialty or subspecialty programs recognized by the American Council on Graduate Medical Education.

(2) Allocation to fund. The total amount of funding that is allocated on July 1 of each year to the Iowa state-owned teaching hospital disproportionate share fund is $0.

(3) Amount of payment. The total amount of disproportionate share payments from the graduate medical education and disproportionate share fund and from the Iowa state-owned teaching hospital disproportionate share fund shall not exceed the amount of the state's allotment under Public Law 102-234 as amended to July 1, 2026. In addition, the total amount of all disproportionate share payments shall not exceed the hospital-specific disproportionate share limits under Public Law 103-666 as amended to July 1, 2026.

(4) Final disproportionate share adjustment. The department's total year-end disproportionate share obligations to a qualifying hospital will be calculated following completion of the desk review or audit of CMS 2552, Hospital and Healthcare Complex Cost Report.

v. Non-state-owned teaching hospital disproportionate share payment. In addition to payments from the graduate medical education and disproportionate share fund made pursuant to paragraph 79.1(5)*"y,"* payment will be made to Iowa hospitals qualifying for Iowa non-state-government-owned acute care teaching hospital disproportionate share payments. Interim monthly payments based on estimated allowable costs will be paid to qualifying hospitals under this paragraph.

(1) Qualifying criteria. A hospital qualifies for the Iowa non-state-government-owned acute care teaching hospital disproportionate share payments if it qualifies for disproportionate share payments pursuant to paragraph 79.1(5)*"y"* and is an Iowa non-state-government-owned acute care teaching hospital located in a county with a population over 350,000.

(2) Amount of payment. The total amount of disproportionate share payments pursuant to paragraph 79.1(5)*"y"* and the Iowa non-state-government-owned acute care teaching hospital disproportionate share payments will not exceed the amount of the state's allotment under Public Law 102-234 as amended to July 1, 2026. In addition, the total amount of all disproportionate share payments will not exceed the hospital-specific disproportionate share limits under Public Law 103-666 as amended to July 1, 2026.

(3) Final disproportionate share adjustment. The department's total year-end disproportionate share obligations to a qualifying hospital will be calculated following completion of the desk review or audit of CMS 2552, Hospital and Healthcare Complex Cost Report.

w. Rate adjustments for hospital mergers. When one or more hospitals merge to form a distinctly different legal entity, the base rate plus applicable add-ons will be revised to reflect this new entity. Financial information from the original cost reports and original rate calculations will be added together and averaged to form the new rate for that entity.

x. Reportable Medicaid administrative and general expenses are allowable only to the extent that they are defined as allowable using Medicare Reimbursement Principles or Health Insurance Reimbursement Manual 15 (HIM-15) as amended to July 1, 2026. Appropriate, reportable costs are those that meet the Medicare (or HIM-15) principles, are reasonable, and are directly related to patient care. In instances where costs are not directly related to patient care or are not in accord with Medicare Principles of Reimbursement, inclusion of those costs in the cost report would not be appropriate. Examples of administrative and general costs that must be related to patient care to be included as a reportable cost in the report are:

(1) Advertising.
(2) Promotional items.
(3) Feasibility studies.
(4) Administrative travel and entertainment.
(5) Dues, subscriptions, or membership costs.
(6) Contributions made to other organizations.
(7) Home office costs.
(8) Public relations items.
(9) Any patient convenience items.
(10) Management fees for administrative services.
(11) Luxury employee benefits (i.e., country club dues).
(12) Motor vehicles for other than patient care.
(13) Reorganization costs.

y. Graduate medical education and disproportionate share fund. Payment will be made to hospitals in Iowa qualifying for direct medical education, indirect medical education, or disproportionate share payments directly from the graduate medical education and disproportionate share fund. The requirements to receive payments from the fund, the amounts allocated to the fund, and the methodology used to determine the distribution amounts from the fund are as follows:

(1) Qualifying for direct medical education. Iowa hospitals qualify for direct medical education payments if direct medical education costs that qualify for payment as medical education costs under the Medicare program are contained in the hospital's base year cost report and in the most recent cost report submitted before the start of the state fiscal year for which payments are being made. Out-of-state hospitals do not qualify for direct medical education payments.

(2) Allocation to fund for direct medical education. The total state fiscal year annual amount of funding that is allocated to the graduate medical education and disproportionate share fund for direct medical education related to inpatient services is $7,594,294.03. If a hospital fails to qualify for direct medical education payments from the fund because the hospital does not report direct medical education costs that qualify for payment as medical education costs under the Medicare program in the most recent cost report submitted before the start of the state fiscal year for which payments are being made, the amount of money that would have been paid to that hospital will be removed from the fund.

(3) Distribution to qualifying hospitals for direct medical education. Distribution of the amount in the fund for direct medical education will be on a monthly basis. To determine the amount to be distributed to each qualifying hospital for direct medical education, the following formula is used:

1. Multiply the total of all DRG weights pursuant to paragraph 79.1(5)*"r"* for claims paid from the GME/DSH fund apportionment claim set for each hospital reporting direct medical education costs that qualify for payment as medical education costs under the Medicare program in the hospital's base year cost report by each hospital's direct medical education rate to obtain a dollar value.

2. Sum the dollar values for each hospital, then divide each hospital's dollar value by the total dollar value, resulting in a percentage.

3. Multiply each hospital's percentage by the amount allocated for direct medical education to determine the payment to each hospital.

(4) Qualifying for indirect medical education. Iowa hospitals qualify for indirect medical education payments from the fund when they receive a direct medical education payment from Iowa Medicaid and qualify for indirect medical education payments from Medicare. Qualification for indirect medical education payments is determined without regard to the individual components of the specific hospital's teaching program, state ownership, or bed size. Out-of-state hospitals do not qualify for indirect medical education payments.

(5) Allocation to fund for indirect medical education. The total state fiscal year annual amount of funding that is allocated to the graduate medical education and disproportionate share fund for indirect medical education related to inpatient services is $13,450,285.14. If a hospital fails to qualify for indirect medical education payments from the fund because the hospital does not report direct medical education costs that qualify for payment as medical education costs under the Medicare program in the most recent

cost report submitted before the start of the state fiscal year for which payments are being made, the amount of money that would have been paid to that hospital will be removed from the fund.

(6) Distribution to qualifying hospitals for indirect medical education. Distribution of the amount in the fund for indirect medical education will be on a monthly basis. To determine the amount to be distributed to each qualifying hospital for indirect medical education, the following formula is used:

1. Multiply the total of all DRG weights, pursuant to paragraph 79.1(5)*"r,"* for claims paid from the GME/DSH fund apportionment claim set for each hospital reporting direct medical education costs that qualify for payment as medical education costs under the Medicare program in the hospital's base year cost report by each hospital's indirect medical education rate to obtain a dollar value.

2. Sum the dollar values for each hospital, then divide each hospital's dollar value by the total dollar value, resulting in a percentage.

3. Multiply each hospital's percentage by the amount allocated for indirect medical education to determine the payment to each hospital.

(7) Qualifying for disproportionate share. Hospitals qualify for disproportionate share payments from the fund when the hospital's low-income utilization rate exceeds 25 percent, when the hospital's Medicaid inpatient utilization rate exceeds one standard deviation from the statewide average Medicaid utilization rate, or when the hospital qualifies as a children's hospital under subparagraph 79.5(1)*"y"*(10). Information contained in the hospital's base year cost report is used to determine the hospital's low-income utilization rate and the hospital's Medicaid inpatient utilization rate.

1. For those hospitals that qualify for disproportionate share under both the low-income utilization rate definition and the Medicaid inpatient utilization rate definition, the disproportionate share percentage will be the greater of (1) the product of 2½ percent multiplied by the number of standard deviations by which the hospital's own Medicaid inpatient utilization rate exceeds the statewide mean Medicaid inpatient utilization rate for all hospitals or (2) 2 ½ percent.

2. For those hospitals that qualify for disproportionate share under the low-income utilization rate definition but do not qualify under the Medicaid inpatient utilization rate definition, the disproportionate share percentage will be 2½ percent.

3. For those hospitals that qualify for disproportionate share under the Medicaid inpatient utilization rate definition but do not qualify under the low-income utilization rate definition, the disproportionate share percentage will be the product of 2½ percent multiplied by the number of standard deviations by which the hospital's own Medicaid inpatient utilization rate exceeds the statewide mean Medicaid inpatient utilization rate for all hospitals.

4. For those hospitals that qualify for disproportionate share as a children's hospital, the disproportionate share percentage will be the greater of (1) the product of 2½ percent multiplied by the number of standard deviations by which the Medicaid inpatient utilization rate for children under 18 years of age at the time of admission in all areas of the hospital where services are provided predominantly to children under 18 years of age exceeds the statewide mean Medicaid inpatient utilization rate for all hospitals or (2) 2½ percent.

5. Additionally, a qualifying hospital other than a children's hospital must also have at least two obstetricians who have staff privileges at the hospital and who have agreed to provide obstetric services to Medicaid-eligible persons who are in need of obstetric services. In the case of a hospital located in a rural area as defined in Section 1886 of the Social Security Act as amended to July 1, 2026, the term "obstetrician" includes any physician with staff privileges at the hospital to perform nonemergency obstetric procedures.

6. Out-of-state hospitals serving Iowa Medicaid patients qualify for disproportionate share payments from the fund based on their state Medicaid agency's calculation of the Medicaid inpatient utilization rate. The disproportionate share percentage is calculated using the number of standard deviations by which the hospital's own state Medicaid inpatient utilization rate exceeds the hospital's own statewide mean Medicaid inpatient utilization rate.

7. Hospitals qualify for disproportionate share payments from the fund without regard to the facility's status as a teaching facility or bed size.

8. Hospitals receiving reimbursement as critical access hospitals do not qualify for disproportionate share payments from the fund.

(8) Allocation to fund for disproportionate share. The total state fiscal year annual amount of funding that is allocated to the graduate medical education and disproportionate share fund for disproportionate share payments is $6,959,868.59. If a hospital fails to qualify for disproportionate share payments from the fund due to closure or for any other reason, the amount of money that would have been paid to that hospital will be removed from the fund.

(9) Distribution to qualifying hospitals for disproportionate share. Distribution of the amount in the fund for disproportionate share will be on a monthly basis. To determine the amount to be distributed to each qualifying hospital for disproportionate share, the following formula is used:

1. Multiply the total of all DRG weights, pursuant to paragraph 79.1(5)*"r,"* for claims paid from the GME/DSH fund apportionment claim set for each hospital that met the qualifications during the fiscal year used to determine the hospital's low-income utilization rate and Medicaid utilization rate (or for children's hospitals, during the preceding state fiscal year) by each hospital's disproportionate share rate to obtain a dollar value. For any hospital that qualifies for a disproportionate share payment only as a children's hospital, only the DRG weights, pursuant to 79.1(5)*"r,"* for services rendered to patients under 18 years of age at the time of admission in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age will be used in this calculation.

2. Sum the dollar values for each hospital, then divide each hospital's dollar value by the total dollar value, resulting in a percentage.

3. Multiply each hospital's percentage by the amount allocated for disproportionate share to determine the payment to each hospital.

In compliance with Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991 (Public Law 102-234 as amended to July 1, 2026) and 1992 Iowa Acts, chapter 1246, section 13, the total of disproportionate share payments from the GME/DSH fund and supplemental disproportionate share of payments, pursuant to paragraph 79.1(5)*"u"* or 79.1(5)*"v,"* cannot exceed the amount of the federal cap under Public Law 102-234 as amended to July 1, 2026.

(10) Qualifying for disproportionate share as a children's hospital. A licensed hospital qualifies for disproportionate share payments as a children's hospital if the hospital provides services predominantly to children under 18 years of age or includes a distinct area or areas providing services predominantly to children under 18 years of age and has Medicaid utilization and low-income utilization rates of 1 percent or greater for children under 18 years of age at the time of admission in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age. In addition, the hospital must be a voting member of the National Association of Children's Hospitals and Related Institutions for dates of service prior to October 1, 2014, or a member of the National Association of Children's Hospitals and Related Institutions.

A hospital wishing to qualify for disproportionate share payments as a children's hospital must provide the following information to Iowa Medicaid within 20 business days of a request by the department:

1. Base year cost reports.

2. Medicaid claims data for children under the age of 18 at the time of admission to the hospital in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age.

3. Other information needed to determine a disproportionate share rate encompassing the periods used to determine the disproportionate share rate and distribution amounts.

z. Reserved.

aa. Retrospective adjustment for critical access hospitals. Payments to critical access hospitals, pursuant to paragraphs 79.1(5)*"a"* through *"z,"* are subject to a retrospective adjustment equal to the difference between the reasonable costs of covered services provided to eligible fee-for-service Medicaid members (excluding members in managed care), based on the hospital's annual cost reports and Medicare cost principles, and the Medicaid fee-for-service reimbursement received pursuant to paragraphs 79.1(5)*"a"* through *"z."* Amounts paid before adjustment that exceed reasonable costs will be recovered by the department.

(1) The base rate upon which the DRG payment is built will be changed after any retrospective adjustment to reflect, as accurately as is possible, the reasonable costs of providing the covered service to eligible fee-for-service Medicaid members for the coming year using the most recent utilization as submitted to Iowa Medicaid and Medicare cost principles.

(2) Once a hospital begins receiving reimbursement as a critical access hospital, the prospective DRG base rate is not subject to inflation factors, rebasing, or recalibration as provided in paragraph 79.1(5)*"k."*

ab. Nonpayment for preventable conditions. Preventable conditions identified pursuant to this rule that develop during inpatient hospital treatment will not be considered in determining reimbursement for such treatment.

(1) Coding. All diagnoses included on an inpatient hospital claim must include one of the following codes indicating whether the condition was present or developing at the time of the order for inpatient admission:

Present on Admission (POA) Indicator Codes

Code	Explanation
Y	The condition was present or developing at the time of the order for inpatient admission.
N	The condition was not present or developing at the time of the order for inpatient admission.
U	Documentation is insufficient to determine whether the condition was present or developing at the time of the order for inpatient admission.
W	Clinically undetermined. The provider is clinically unable to determine whether or not the condition was present or developing at the time of the order for inpatient admission.

(2) Payment processing. Claims will be processed according to the DRG methodology without consideration of any diagnosis identified by the Secretary of the United States Department of Health and Human Services, pursuant to Section 1886(d)(4)(D)(iv) of the Social Security Act (42 U.S.C. 1395ww(d)(4)(D)(iv) as amended to July 1, 2026, if the condition was not present or developing at the time of the order for inpatient admission.

ac. Rural hospital disproportionate share payment. In addition to payments from the graduate medical education and disproportionate share fund made pursuant to paragraph 79.1(5)*"y,"* payment will be made to qualifying Iowa hospitals that elect to participate in rural hospital disproportionate share payments. Interim monthly payments will be made based on the amount of state share that is transferred to the department.

(1) Qualifying criteria. A hospital that qualifies for disproportionate share payments pursuant to paragraph 79.1(5)*"y"* and that is a rural prospective payment hospital not designated as a critical access hospital qualifies for rural hospital disproportionate share payments.

(2) Source of nonfederal share. The required nonfederal share will be funds generated from tax levy collections of the county or city in which the hospital is located and is subject to the conditions specified in this subparagraph and applicable federal law and regulations.

1. The nonfederal share funds shall be distributed to the department prior to the issuance of any disproportionate share payment to a qualifying hospital.

2. The city or county providing the nonfederal share funds shall annually document and certify that the funds provided as the nonfederal share were generated from tax proceeds, and not from any other source including federal grants or another federal funding source.

3. The applicable federal matching rate for the fiscal year will apply.

(3) Amount of payment. The total amount of disproportionate share payments made, pursuant to paragraph 79.1(5)*"y,"* and the rural hospital disproportionate share payments will not exceed the amount of the state's allotment under Public Law 102-234 as amended to July 1, 2026. In addition, the total amount of all disproportionate share payments will not exceed the hospital-specific disproportionate share limits under Public Law 103-666 as amended to July 1, 2026.

(4) Final disproportionate share adjustment. Qualifying hospitals shall annually provide a disproportionate share hospital survey within the time frames specified by the department for the purpose

of calculating the hospital-specific disproportionate share limits under Public Law 103-666 as amended to July 1, 2026.

79.1(6) *Independent laboratories.* The maximum payment for clinical diagnostic laboratory tests performed by an independent laboratory will be the areawide fee schedule established by the Centers for Medicare and Medicaid Services (CMS). The fee schedule is based on the definition of laboratory procedures from the Physician's Current Procedural Terminology (CPT) published by the American Medical Association as amended to July 1, 2026. The fee schedules are adjusted annually by CMS to reflect changes in the Consumer Price Index for All Urban Consumers.

79.1(7) *Physicians.*

a. Fee schedule. The fee schedule is based on the definitions of medical and surgical procedures given in the CPT as amended to July 1, 2026. Refer to 441—paragraph 78.1(2)*"e"* for the guidelines for immunization replacement.

b. Payment reduction for services rendered in facility settings. The fee schedule amount paid to physicians based on paragraph 79.1(7)*"a"* will be reduced by an adjustment factor, as determined by the department and published with the Iowa Medicaid fee schedule, to reflect the lower cost of providing physician services in a facility setting as opposed to the physician's office. For the purpose of this provision, a "facility" place of service (POS) is defined as any of the following (consistent with "POS" definitions under Medicare per the Medicare Claims Processing Manual, Chapter 12, Section 20.4.2, amended to July 1, 2026):

(1) Telehealth (POS 02).
(2) Outpatient hospital-off campus (POS 19).
(3) Inpatient hospital (POS 21).
(4) Outpatient hospital-on campus (POS 22).
(5) Emergency room-hospital (POS 23).
(6) Ambulatory surgical center (POS 24).
(7) Military treatment center (POS 26).
(8) Skilled nursing facility (POS 31).
(9) Hospice-for inpatient care (POS 34).
(10) Ambulance-land (POS 41).
(11) Ambulance-air or water (POS 42).
(12) Inpatient psychiatric facility (POS 51).
(13) Psychiatric facility-partial hospitalization (POS 52).
(14) Community mental health center (POS 53).
(15) Psychiatric residential treatment center (POS 56).
(16) Comprehensive inpatient rehabilitation (POS 61).

c. Payment for primary care services. Primary care services that are eligible for payment, pursuant to this rule, will be paid at the greater of:

(1) The otherwise applicable Iowa Medicaid rate;
(2) The applicable rate under Medicare Part B in effect for services rendered on January 1, 2014;
(3) The rate that would be applicable under Medicare Part B, in effect for services rendered on January 1, 2014, if the conversion factor under 42 U.S.C. §1395w-4(d) as amended to July 1, 2026, were the conversion factor for 2009; or
(4) If there is no applicable rate under Medicare Part B, the rate specified in a fee schedule established and announced by the CMS, pursuant to 42 CFR §447.405(a)(1), and in effect on June 30, 2014.

Notwithstanding the foregoing provisions of this paragraph (79.1(7)*"c"*), payment for the administration of vaccines provided under the Vaccines for Children Program will be the lesser of:

1. The regional maximum administration fee under the Vaccines for Children Program in effect on June 30, 2014; or
2. The applicable Medicare fee schedule rate in effect on June 30, 2014, for HCPCS code 90460 (or, if higher, the Medicare fee schedule rate for HCPCS code 90460 rate that would apply if the conversion factor under 42 U.S.C. §1395w-4(d) as amended to July 1, 2026, were the conversion factor for 2009).

d. Payment for anesthesia services. Anesthesia services are paid pursuant to this paragraph and the Iowa Medicaid fee schedule published by the department pursuant to paragraph 79.1(1)*"c."* Anesthesia procedures listed in the fee schedule with a factor code of "F" are paid at the dollar amount of the factor listed for the procedure in the fee schedule. Anesthesia procedures listed in the fee schedule with a factor code of "A" are paid a dollar amount equal to the Iowa Medicaid anesthesia conversion factor multiplied by the sum of the minutes of service provided and the factor listed for the procedure in the fee schedule. The Iowa Medicaid anesthesia conversion factor is the current Medicare anesthesia conversion factor for Iowa, converted to a per-minute amount, which will be updated annually on January 1.

79.1(8) *Drugs.*

a. Except as provided in paragraphs 79.1(8)*"d"* through *"h,"* all providers are reimbursed for covered drugs as follows:

(1) Reimbursement for covered generic prescription drugs and for covered nonprescription drugs will be the lowest of the following, as of the date of dispensing:

1. The average state actual acquisition cost (AAC), determined pursuant to paragraph 79.1(8)*"b,"* plus the professional dispensing fee, determined pursuant to paragraph 79.1(8)*"c"*;

2. The federal upper limit (FUL), defined as the upper limit for a multiple-source drug established in accordance with the methodology of CMA as described in 42 CFR 447.514(a)-(c) as amended to July 1, 2026, plus the professional dispensing fee determined pursuant to paragraph 79.1(8)*"c"*;

3. The total submitted charge, represented by the lower of the gross amount due (GAD) as defined by the National Council for Prescription Drug Programs (NCPDP) standards definition, or the ingredient cost submitted plus the state defined professional dispensing fee, determined pursuant to paragraph 79.1(8)*"c"*; or

4. Providers' usual and customary charge to the general public.

(2) Reimbursement for covered brand-name prescription drugs will be the lowest of the following, as of the date of dispensing:

1. The average state AAC, determined pursuant to paragraph 79.1(8)*"b,"* plus the professional dispensing fee, determined pursuant to paragraph 79.1(8)*"c"*;

2. The total submitted charge, represented by the lower of the GAD as defined by the NCPDP standards definition, or the ingredient cost submitted plus the state-defined professional dispensing fee; or

3. Providers' usual and customary charge to the general public.

b. For purposes of this subrule, average state AAC is defined as retail pharmacies' average prices paid to acquire drug products. Average state AAC will be determined by the department based on a survey of invoice prices paid by Iowa Medicaid retail pharmacies. Surveys will be conducted at least once every six months or more often at the department's discretion. The average state AAC will be calculated as a statistical mean based on one reported cost per drug per pharmacy. The average state AAC determined by the department will be published on the department's website. If no current average state AAC has been determined for a drug, the wholesale acquisition cost (WAC) published by Medi-Span will be used as the average state AAC.

c. Professional dispensing fee.

(1) For purposes of this subrule, the professional dispensing fee will be a fee schedule amount determined by the department based on a survey of Iowa Medicaid participating pharmacy providers' costs of dispensing drugs to Medicaid beneficiaries. The survey will be conducted every two years beginning in state fiscal year 2014-2015.

(2) There is a one-time professional dispensing fee reimbursed per one-month or three-month period, accounting for the refill tolerance of 90 percent consumption, per member, per drug, per strength, billed per provider for maintenance drugs as identified by MediSpan and maintenance nonprescription drugs.

d. For an oral solid dispensed to a patient in a nursing home in unit dose packaging prepared by the pharmacist, an additional one cent per dose will be added to reimbursement based on acquisition cost or FUL. Payment may be made only for unit-dose-packaged drugs that are consumed by the patient. Any previous charges for unused unit-dose packages returned to the pharmacy must be credited to the Medicaid program, consistent with the board of pharmacy's rules on return of drugs.

e. 340B-purchased drugs.

(1) Notwithstanding paragraph 79.1(8)*"a,"* reimbursement to a covered entity as defined in 42 U.S.C. 256b(a)(4) as amended to July 1, 2026, for covered outpatient drugs acquired by the entity through the 340B drug pricing program will be the lowest of:

1. The 340B covered entity actual acquisition cost (not to exceed the 340B ceiling price), submitted in the ingredient cost field, plus the professional dispensing fee pursuant to paragraph 79.1(8)*"c"*;

2. The average state AAC determined pursuant to paragraph 79.1(8)*"b"* plus the professional dispensing fee pursuant to paragraph 79.1(8)*"c"*;

3. For generic prescription drugs and nonprescription drugs only, the FUL pursuant to numbered paragraph 79.1(8)*"a"*(1)"2" plus the professional dispensing fee pursuant to paragraph 79.1(8)*"c"*;

4. The total submitted charge, represented by the GAD as defined by the NCPDP standards definition; or

5. Providers' usual and customary charge to the general public.

(2) Reimbursement for covered outpatient drugs to a 340B contract pharmacy, under contract with a covered entity described in 42 U.S.C. 256b(a)(4) as amended to July 1, 2026, will be according to paragraph 79.1(8)*"a"* because covered outpatient drugs purchased through the 340B drug pricing program cannot be billed to Medicaid by a 340B contract pharmacy.

f. Federal supply schedule (FSS) drugs. Notwithstanding paragraph 79.1(8)*"a"* above, reimbursement for drugs acquired by a provider through the FSS program managed by the federal General Services Administration will be the lowest of:

(1) The provider's actual acquisition cost (not to exceed the FSS price), submitted in the ingredient cost field, plus the professional dispensing fee pursuant to paragraph 79.1(8)*"c"*;

(2) The average state AAC determined pursuant to paragraph 79.1(8)*"b"* plus the professional dispensing fee pursuant to paragraph 79.1(8)*"c"*;

(3) For generic prescription drugs and nonprescription drugs only, the FUL pursuant to numbered paragraph 79.1(8)*"a"*(1)"2" plus the professional dispensing fee pursuant to paragraph 79.1(8)*"c";*

(4) The total submitted charge, represented by the GAD as defined by the NCPDP standards definition; or

(5) Providers' usual and customary charge to the general public.

g. Nominal-price drugs. Notwithstanding paragraph 79.1(8)*"a"* above, reimbursement for drugs acquired by providers at nominal prices and excluded from the calculation of the drug's "best price" pursuant to 42 CFR 447.508 as amended to July 1, 2026, will be the lowest of:

(1) The provider's actual acquisition cost (not to exceed the nominal price paid), submitted in the ingredient cost field, plus the professional dispensing fee pursuant to paragraph 79.1(8)*"c"*;

(2) The average state AAC determined pursuant to paragraph 79.1(8)*"b"* plus the professional dispensing fee pursuant to paragraph 79.1(8)*"c"*;

(3) For generic prescription drugs and nonprescription drugs only, the FUL pursuant to 79.1(8)*"a"*(1) "2" plus the professional dispensing fee pursuant to paragraph 79.1(8)*"c"*;

(4) The total submitted charge, represented by the GAD as defined by the NCPDP standards definition; or

(5) Providers' usual and customary charge to the general public.

h. Indian health facilities enrolled pursuant to rule 441—77.47(249A). For all drugs provided to American Indians or Alaskan natives by Indian health facilities enrolled pursuant to rule 441—77.47(249A), reimbursement is one pharmacy encounter payment per date of service, notwithstanding paragraphs 79.1(8)*"a"* through *"f."* The pharmacy encounter rate is the current "outpatient per visit rate (excluding Medicare)" approved by the U.S. Indian Health Service (IHS) for services provided by IHS facilities to Medicaid beneficiaries, as published in the Federal Register, as amended to July 1, 2026, and includes reimbursement for the dispensing fees, ingredient cost, and any necessary counseling by the pharmacist.

i. Physician-administered drugs. Notwithstanding paragraphs 79.1(8)*"a"* through *"f,"* payment to physicians for physician-administered drugs billed with healthcare common procedure coding system (HCPCS) Level II "J" codes, as a physician service, will be pursuant to the physician payment policy under subrule 79.1(2).

j. Under this subrule, no payment will be made for sales tax.

k. For purposes of this subrule, the Medicaid program relies on information published by Medi-Span to classify drugs as brand-name or generic.

79.1(9) Reserved.

79.1(10) *Prohibition against reassignment of claims.* No payment under the medical assistance program for any care or service provided to a patient by any health care provider will be made to anyone other than the providers. However, with respect to physicians, dentists or other individual practitioners, direct payment may be made to the employer of the practitioner if the practitioner is required as a condition of employment to turn over fees to the employer; or where the care or service was provided in a facility, to the facility in which the care or service was provided if there is a contractual arrangement between the practitioner and the facility whereby the facility submits the claim for reimbursement; or to a foundation, plan or similar organization, including a health maintenance organization that furnishes health care through an organized health care delivery system if there is a contractual agreement between organization and the person furnishing the service under which the organization bills or receives payment for the person's services. Payment may be made in accordance with an assignment from the provider to a government agency or an assignment made pursuant to a court order. Payment may be made to a business agent, such as a billing service or accounting firm, that renders statements and receives payment in the name of the provider when the agent's compensation for this service is (1) reasonably related to the cost or processing the billing; (2) not related on a percentage or other basis to the dollar amounts to be billed or collected; and (3) not dependent upon the actual collection of payment. Nothing in this rule will preclude making payment to the estate of a deceased practitioner.

79.1(11) *Prohibition against factoring.* Payment under the medical assistance program for any care or service furnished to an individual by providers, as specified in subrule 79.1(1), will not be made to or through a factor either directly or by virtue of power of attorney given by the provider to the factor. A factor is defined as an organization, collection agency, or service bureau that, or an individual who, advances money to a provider for accounts receivable that have been assigned or sold or otherwise transferred, including transfer through the use of power of attorney to the organization or individual for an added fee or reduction of a portion of the accounts receivable. The term factor does not include business representatives, such as billing agents or accounting firms, that render statements and receive payments in the name of the individual provider provided that the compensation of the business representative for the service is reasonably related to the cost of processing the billings and is not related on a percentage or other basis to the dollar amounts to be billed or collected.

79.1(12) *Reasonable charges for services, supplies, and equipment.* For selected medical services, supplies, and equipment, including equipment servicing, which, in the judgment of the Secretary of the Department of Health and Human Services, generally do not vary significantly in quality from one provider to another, the upper limits for payments will be the lowest charges for which the devices are widely and consistently available in a locality. For those selected services and items furnished under Part B of Medicare and Medicaid, the upper limits will be the lowest charge levels recognized under Medicare. For those selected services and items furnished only under Medicaid, the upper limits will be the lowest charge levels determined by the department according to the Medicare reimbursement method.

a. For any noninstitutional item or service furnished under both Medicare and Medicaid, the department will pay no more than the reasonable charge established for that item or service by the Part B Medicare carrier serving part or all of Iowa. Noninstitutional services do not include practitioner's services, such as physicians, pharmacies, or out-patient hospital services.

b. For all other noninstitutional items or services furnished only under Medicaid, the department will pay no more than the customary charge for a provider or the prevailing charges in the locality for comparable items or services under comparable circumstances, whichever is lower.

79.1(13) *Copayment by member.* A copayment in the amount specified will be charged to members for the following covered services:

a. The member shall pay a copayment of $1 for each covered prescription or refill of any covered drug.

b. The member shall pay $1 copayment for total covered service rendered on a given date for podiatrists' services, chiropractors' services, and services of independently practicing physical therapists.

c. The member shall pay $2 copayment for total covered services rendered on a given date for medical equipment and appliances, prosthetic devices and medical supplies as defined in rule 441—78.10(249A), orthopedic shoes, services of audiologists, services of hearing aid dealers except the hearing aid, services of optometrists, opticians, rehabilitation agencies, and psychologists, and ambulance services.

d. The member shall pay $3 copayment for:

(1) Total covered service rendered on a given date for dental services and hearing aids.

(2) All covered services rendered in a physician office visit on a given date. For the purposes of this subparagraph, "physician" means either a doctor of allopathic medicine (M.D.) or a doctor of osteopathic medicine (D.O.), as defined under rule 441—77.1(249A).

e. Copayment charges are not applicable to persons under age 21.

f. Copayment charges are not applicable to family planning services or supplies.

g. Copayment charges are not applicable for a member receiving inpatient care in a hospital, nursing facility, state mental health institution, or other medical institution if the person is required, as a condition of receiving services in the institution, to spend for costs of necessary medical care all but a minimal amount of income for personal needs.

h. The member shall pay $1 for each federal Medicare Part B crossover claim submitted to the Medicaid program when the services provided have a Medicaid copayment as set forth above.

i. Copayment charges are not applicable to services furnished pregnant women.

j. All providers are prohibited from offering or providing copayment related discounts, rebates, or similar incentives for the purpose of soliciting the patronage of Medicaid members.

k. Copayment charges are not applicable for emergency services. Emergency services are defined as services provided in a hospital, clinic, office, or other facility that is equipped to furnish the required care, after the sudden onset of a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain), that the absence of immediate medical attention could reasonably be expected to result in:

(1) Placing the patient's health in serious jeopardy,

(2) Serious impairment to bodily functions, or

(3) Serious dysfunction of any bodily organ or part.

l. Copayment charges are not applicable for services rendered by a health maintenance organization in which the member is enrolled.

m. No provider of service participating in the Medicaid program may deny care or services to a person eligible for care or services under the program because of the person's inability to pay a copayment. However, this rule does not change the fact that a member is liable for the charges and it does not preclude the provider from attempting to collect them.

n. The member shall pay a $3 copayment for each visit to a hospital emergency room for treatment that does not meet the criteria for an emergency service as defined in paragraph 79.1(13)*"k."* This $3 copayment will not apply if the visit to the emergency room results in a hospital admission.

79.1(14) *Reimbursement for hospice services.*

a. Medicaid hospice rates. The Medicaid hospice rates are based on the methodology used in setting Medicare rates, adjusted to disregard cost offsets attributable to Medicare coinsurance amounts, and with application of the appropriate area wage adjustments for the categories of care provided.

Hospices are reimbursed at one of four predetermined rates based on the level of care furnished to the individual for that day. Payments to a hospice for inpatient care are subject to the limitations imposed by Medicare. The levels of care into which each day of care is classified are as follows:

(1) Routine home care.

(2) Continuous home care.

(3) Inpatient respite care.

(4) General inpatient care.

b. Adjustment to hospice rates. An adjustment to hospice reimbursement is made when a recipient residing in a nursing facility elects the hospice benefit. The adjustment will be a room and board rate that is equal to the rate at which the facility is paid for reserved bed days or 95 percent of the facility's Medicaid reimbursement rate, whichever is greater. Room and board services include the performance of personal care services, including assistance in activities of daily living, socializing activities, administration of medication, maintaining the cleanliness of a resident's room and supervising and assisting in the use of durable medical equipment and prescribed therapies.

For hospice recipients entering a nursing facility, the adjustment will be effective the date of entry. For persons in nursing facilities prior to hospice election, the adjustment rate will be effective the date of election.

For individuals who have client participation amounts attributable to their cost of care, the adjustment to the hospice will be reduced by the amount of client participation as determined by the department. The hospice will be responsible for collecting the client participation amount due the hospice unless the hospice and the nursing facility jointly determine the nursing facility is to collect the client participation.

c. Payment for day of discharge. For the day of discharge from an inpatient unit, the appropriate home care rate is to be paid unless the recipient dies as an inpatient. When the recipient is discharged as deceased, the inpatient rate (general or respite) is to be paid for the discharge date.

d. Hospice cap. Overall aggregate payments made to a hospice during a hospice cap period are limited or capped. The hospice cap year begins November 1 and ends October 31 of the next year. The cap amount for each hospice is calculated by multiplying the number of beneficiaries electing hospice care from that hospice during the cap period by the base statutory amount, adjusted to reflect the percentage increase or decrease in the medical care expenditure category of the Consumer Price Index for all urban consumers published by the Bureau of Labor Statistics. Payments made to a hospice but not included in the cap include room and board payment to a nursing home. Any payment in excess of the cap must be refunded to the department by the hospice.

e. Limitation of payments for inpatient care. Payments to a hospice for inpatient care will be limited according to the number of days of inpatient care furnished to Medicaid patients. During the 12-month period beginning November 1 of each year and ending October 31, the aggregate number of inpatient days (both for general inpatient care and inpatient respite care) will not exceed 20 percent of the aggregate total number of days of hospice care provided to all Medicaid recipients during that same period. Medicaid recipients afflicted with acquired immunodeficiency syndrome (AIDS) are excluded in calculating this inpatient care limitation. This limitation is applied once each year, at the end of the hospices' "cap period" (November 1 to October 31). For purposes of this computation, if it is determined that the inpatient rate should not be paid, any days for which the hospice receives payment at a home care rate will not be counted as inpatient days. The limitation is calculated as follows:

(1) The maximum allowable number of inpatient days will be calculated by multiplying the total number of days of Medicaid hospice care by 0.2.

(2) If the total number of days of inpatient care furnished to Medicaid hospice patients is less than or equal to the maximum, no adjustment will be necessary.

(3) If the total number of days of inpatient care exceeded the maximum allowable number, the limitation will be determined by:

1. Calculating a ratio of the maximum allowable days to the number of actual days of inpatient care, and multiplying this ratio by the total reimbursement for inpatient care (general inpatient and inpatient respite reimbursement) that was made.
2. Multiplying excess inpatient care days by the routine home care rate.
3. Adding together the amounts calculated in "1" and "2."
4. Comparing the amount in "3" with interim payments made to the hospice for inpatient care during the "cap period."

Any excess reimbursement shall be refunded by the hospice.

f. Location of services. Claims must identify the geographic location where the service is provided (as distinct from the location of the hospice).

79.1(15) *HCBS retrospectively limited prospective rates.* This methodology applies to reimbursement for HCBS brain injury waiver supported community living; HCBS intellectual disability waiver supported community living for 15-minute services; HCBS children's mental health waiver family and community support services; and HCBS interim medical monitoring and treatment when provided by an HCBS-certified supported community agency under an HCBS intellectual disability waiver, brain injury waiver, or health and disability waiver.

a. Reporting requirements.

(1) Providers shall submit the completed certification form prescribed by the department. The provider shall email the report and required supplemental information to the email address specified on the form. The provider shall mail one signed copy of the certification page to Iowa Medicaid at the department's address, no later than the due date of the required electronic submissions.

(2) The provider shall submit a financial and statistical report coinciding with the provider's fiscal year.

(3) The provider shall submit the financial and statistical report on or before the last day of the third month following the end of the cost reporting period.

(4) A certified home health agency enrolled to deliver HCBS that is required to submit a Medicare cost report may request a 60-day extension for submitting the financial and statistical cost report. All other providers may request a 30-day extension for submitting the financial and statistical report. All requests must be submitted in writing to Iowa Medicaid by the financial and statistical report due date. No other extensions will be granted.

(5) If a provider terminates its participation in any HCBS program or service, the provider shall submit a final financial and statistical report on or before the sixtieth day following the date of termination for retrospective adjustment in accordance with subparagraph 79.1(15)*"f"*(1).

(6) Providers failing to submit a financial and statistical report that meets the requirements of this paragraph within the time frames set forth in subparagraph 79.1(15)*"a"*(3) or *"a"*(4), as applicable, will reduce payment to 76 percent of the current rate. The reduced rate will be paid for not longer than three months, after which time no further payments will be made.

(7) Providers shall submit a completed financial and statistical report in an electronic format that can be opened using the extension xls or xlsx. The provider shall submit supplemental documentation in a generally accepted business format.

(8) Along with its financial and statistical report, the provider shall include a working trial balance that corresponds to the data contained on the financial and statistical report. Financial and statistical reports submitted without a working trial balance will be considered incomplete.

(9) The provider's financial data within the financial and statistical report shall be based on the provider's financial records. When the records are not based on the accrual basis of accounting, the provider shall make adjustments necessary to convert the information to an accrual basis for reporting.

(10) Providers of multiple programs or services shall submit a cost allocation schedule. The schedule must identify an allocation method for each expense account, including the statistics used in the calculation.

(11) Providers shall not report costs to any waiver service that are costs of any other program or public or private funding sources, including but not limited to the Medicaid state plan; Medicare; other state, local or federal funded programs; and private funding sources. Providers shall not report costs of HCBS waiver services as a cost of any other public or private funding source.

(12) Iowa Medicaid or its designee may review or audit financial and statistical reports as filed to determine the actual cost of services in accordance with generally accepted accounting principles or Medicare cost principles published in Centers for Medicare and Medicaid Services Publication §15-1 as amended to July 1, 2026, subject to the exceptions and limitations in the department's administrative rules and financial and statistical report instructions.

(13) Failure to maintain records to support the financial and statistical report and make them available to the department or its designee upon request may result in adjustment, payment reduction, or sanction including but not limited to termination of the provider's HCBS certification.

(14) When adjustments made to prior reports indicate noncompliance with reporting instructions or the provider has a history of inadequate documentation to support the financial and statistical report, the department may require that an external accountant experienced with cost report preparation prepare the financial and statistical report or that a certified public accountant complete a review or examination of the financial and statistical report or cost allocation methodology.

b. Home- and community-based general rate criteria.

(1) To receive reimbursement for services, a certified provider shall enter into an agreement with the department on the form specified by the department and have an approved service plan for the member.

(2) The rates a provider may charge are subject to limits established in subrule 79.1(2).

(3) Twenty percent identified cost limitation.

1. The following identified costs are not subject to the 20 percent limitation; however, the following costs are used to calculate the limitation:

- Wages, benefits, and payroll taxes.
- Direct care transportation expense—with and without member present.
- Direct care development, training, and supplies.
- Member-specific assistance.
- Member-specific equipment repair or purchase.

2. For each waiver service, the sum of reported costs not identified in numbered paragraph 79.1(15)*"b"*(3)"1" is limited to 20 percent of the identified costs in numbered paragraph 79.1(15)*"b"*(3)"1."

(4) Mileage reimbursement for business use of personal employee vehicles will be limited to the federal Internal Revenue Service's (IRS's) published mileage rate in effect during the cost reporting period.

(5) Compensation for services of owners or immediate relatives is an allowable cost, provided the services are actually performed in a necessary function and do not exceed the maximum allowed compensation as described in numbered paragraphs 79.1(15)*"b"*(5)"5" and "6."

1. "Ownership" is defined as an interest of 5 percent or more. For this purpose, the following persons are considered immediate relatives: husband, wife, natural or adoptive parent, natural or adoptive child, natural or adoptive sibling, step-parent, step-child, step-sibling, parent-in-law, child-in-law, sibling-in-law, grandparent, or grandchild. Adequate time records shall be maintained.

2. "Compensation" means the total benefit received by the owner or immediate relative for services rendered. Compensation includes all remuneration, paid currently or accrued, for managerial, administrative, professional and other services rendered during the period. Compensation shall include all items that should be reflected on IRS Form W-2, Wage and Tax Statement, including but not limited to salaries, wages, and fringe benefits; the cost of assets and services received; and deferred compensation. Fringe benefits include but are not limited to costs of leave, employee insurance, pensions and unemployment plans. If the facility's fiscal year end does not correlate to the period of the W-2, a reconciliation between the latest-issued W-2 and current compensation shall be required to be disclosed to Iowa Medicaid or its designee. Employer portions of payroll taxes associated with amounts of compensation that exceed the maximum allowed compensation will be considered unallowable for reimbursement. Providers shall report all compensation paid to related parties, including payroll taxes, on the financial and statistical report.

3. "Reasonableness" requires that the compensation allowance be such an amount as would ordinarily be paid for comparable services by comparable providers, and depends upon the facts and circumstances of each case.

4. "Necessary" requires that the function be such that had the owner or immediate relative not rendered the services, the facility would have had to employ another person to perform the service and be pertinent to the operation and sound conduct of the institution.

5. The maximum allowed compensation for the executive director, corporate executive officer, or equivalent position, who is an owner or immediate relative, is equal to the intermediate care facility for persons with an intellectual disability (ICF/ID) maximum compensation for facilities with 60 beds or more pursuant to 441—subparagraph 82.4(11)*"e"*(4).

6. The maximum allowed compensation for any other owner or immediate relative is 60 percent of the amount allowed in numbered paragraph 79.1(15)*"b"*(5)"5."

7. The provider shall maintain records in the same manner for an owner or immediate relative compensated by the agency as are maintained for any employee of the agency, including but not limited to employment records, timekeeping, and payroll records.

8. The maximum allowed compensation for owners and immediate relatives shall be adjusted by the percentage of the average workweek devoted to business activity during the fiscal year of the financial and statistical report. The time devoted to the business shall be disclosed on the financial and statistical report. If an owner's or immediate relative's time is allocated to the facility from another entity (e.g., home office), the compensation limit shall be adjusted by the percentage of total costs of the entity allocated to the facility. In no case shall the amount of salary for one owner or immediate relative allocated to multiple facilities be more than the maximum allowed compensation for that employee had the salary been allocated to only one agency.

9. Costs applicable to services, facilities, and supplies furnished to the provider by a person or organization related to the provider by common ownership or control are a reimbursable cost when included at the cost to the related party or organization. The cost shall not exceed the price of comparable services, facilities, or supplies that could be purchased elsewhere.

- "Related" means that the agency, to a significant extent, is associated with or has control of or is controlled by the organization furnishing the services, facilities, or supplies.
- Common ownership exists when an individual or individuals possess significant ownership or equity in the facility and the institution or organization serving the provider.
- Control exists where an individual or an organization has power, directly or indirectly, to significantly influence or direct the actions or policies of an organization or institution.
- A provider may lease a facility from a related person or organization. In such case, the rent paid to the lessor by the provider is not allowable as a cost. The provider, however, would include in its cost the costs of ownership of the facility. This includes depreciation, interest on the mortgage, real estate taxes, and other expenses attributable to the leased facility.
- An exception is provided to the general rule applicable to related organizations. The exception applies if the provider demonstrates by convincing evidence that the criteria in numbered paragraph 79.1(15)*"b"*(5)"10" have been met.

10. The agency must demonstrate the following with convincing evidence. Where all of the conditions below are met, the charges by the supplier to the provider for such services, facilities, or supplies are allowable as costs.

- The supplying organization is a bona fide separate organization;
- A substantial part of its business activity of the type carried on with the facility is transacted with others and there is an open competitive market for the type of services, facilities, or supplies furnished by the organization;
- The services, facilities, or supplies are those which commonly are obtained by similar institutions from other organizations and are not a basic element of patient care ordinarily furnished directly to patients by the institutions; and
- The charge to the agency is in line with the charge for services, facilities, or supplies in the open market and no more than the charge made under comparable circumstances to others by the organization for the services, facilities, or supplies.

c. Prospective rates for new providers.

(1) "New providers" means providers who have not submitted an annual report including at least six months of actual, historical costs of operations for any service as listed in subrule 79.1(15).

(2) New providers will be paid prospective rates based on projected reasonable and proper costs of operation for a 12-month period.

(3) Projected costs of any new service, as listed in subrule 79.1(15), shall be submitted on the applicable form prescribed by the department.

(4) Prospective rates will be subject to retrospective adjustment as provided in paragraph 79.1(15)*"f."*

(5) After a provider has submitted an annual report including at least six months of actual, historical costs, prospective rates will be determined as provided in paragraph 79.1(15)*"d."*

d. Prospective rates for established providers.

(1) "Established providers" means providers who have submitted an annual report including six months of actual, historical costs of operation.

(2) The prospective rate will be adjusted annually, effective the first day of the third month after the month during which the annual financial and statistical report is submitted to the department.

(3) The provider's prospective rate will be the lower of:

1. The provider's reasonable and proper actual cost-based rate as calculated by the provider's most recent financial and statistical report and adjusted by the consumer price index for all urban consumers for the preceding 12-month period ending as of the provider's fiscal year end,

2. In the first year of reporting six months of actual, historical costs of operation, or a year in which the provider's base rate is recalculated, the base rate is equal to the amount calculated in numbered paragraph 79.1(15)*"d"*(3)"1,"

3. In a year in which the provider's base rate is not recalculated, the prior period base rate adjusted by the consumer price index for all urban consumers for the preceding 12-month period ending as of the provider's fiscal year end, or

4. The upper rate limit pursuant to subrule 79.1(2).

(4) Recalculation of base rates (rebasing).

1. For providers of HCBS brain injury waiver supported community living services; HCBS children's mental health waiver family and community support services; and interim medical monitoring and treatment services when provided by an HCBS-certified supported community living services agency, the base rates will be recalculated based on the reasonable and proper actual costs of operation as calculated by the fiscal year 2022 financial and statistical report.

2. For providers of HCBS brain injury waiver supported community living services; HCBS children's mental health waiver family and community support services; interim medical monitoring and treatment services when provided by an HCBS-certified supported community living services agency; and 15-minute HCBS intellectual disability waiver supported community living services, the base rates will be recalculated based on the reasonable and proper costs of operation for the provider's fiscal year ending on or after January 1, 2024.

3. Subsequent to the recalculation of base rates in numbered paragraph 79.1(15)*"d"*(4)"2," a provider's base rate will be recalculated no less than every three years.

(5) Prospective rates will be subject to retrospective adjustment as provided in paragraph 79.1(15)*"f."*

e. Reserved.

f. Retrospective adjustments.

(1) For fee for service, retrospective adjustments will be made based on reconciliation of provider's reasonable and proper actual service costs with the revenues received for 15-minute HCBS intellectual disability waiver supported community living services; HCBS brain injury waiver supported community living services; HCBS children's mental health waiver family and community support services; and interim medical monitoring and treatment services when provided by an HCBS-certified supported community living services agency under an HCBS intellectual disability waiver, brain injury waiver, and health and disability waiver, as reported on the applicable department form, subject to the upper rate limit allowed in subrule 79.1(2).

(2) For services provided on or after July 1, 2016, revenues exceeding adjusted actual costs by more than 5.5 percent for fee for service will be remitted to the department. Payment will be due upon notice of the new rates and retrospective rate adjustment.

(3) If a provider does not remit the amount of the overpayment identified in subparagraph 79.1(15)*"f"*(2) within 30 days after notice, the department will deduct the amount owed from future payments.

79.1(16) *Outpatient reimbursement for hospitals.*

a. Definitions.

"Allowable costs" means the costs defined as allowable in 42 CFR, Chapter IV, Part 413, as amended to July 1, 2026, except for the purposes of calculating direct medical education costs, where only the

reported costs of the interns and residents are allowed. Further, costs are allowable only to the extent that they relate to patient care; are reasonable, ordinary, and necessary; and are not in excess of what a prudent and cost-conscious buyer would pay for the given service or item.

"Ambulatory payment classification" or *"APC"* means an outpatient service or group of services for which a single rate is set. The services or groups of services are determined according to the typical clinical characteristics, the resource use, and the costs associated with the service or services.

"Ambulatory payment classification relative weight" or *"APC relative weight"* means the relative value assigned to each APC.

"Ancillary service" means a supplemental service that supports the diagnosis or treatment of the patient's condition. Examples include diagnostic testing or screening services and rehabilitative services such as physical or occupational therapy.

"APC service" means a service that is priced and paid using the APC system.

"Base year cost report," for rates effective January 1, 2024, means the hospital's cost report with fiscal year end on or after January 1, 2022, and before January 1, 2023. Cost reports will be reviewed using Medicare's cost reporting and cost reimbursement principles for those cost reporting periods.

"Blended base APC rate" means the hospital-specific base APC rate, plus the statewide base APC rate, divided by two. The costs of hospitals receiving reimbursement as critical access hospitals during any of the period included in the base year cost report will not be used in determining the statewide base APC rate.

"Cost outlier" means services provided during a single visit that have an extraordinarily high cost as established in paragraph 79.1(16)*"g"* and are therefore eligible for additional payments above and beyond the base APC payment.

"Current procedural terminology—fourth edition (CPT-4)" or *"CPT"* is the systematic listing and coding of procedures and services provided by physicians or other related health care providers. The CPT-4 coding is maintained by the American Medical Association and is updated yearly. For the purposes of this rule, "CPT" means the coding as amended to July 1, 2026.

"Diagnostic service" means an examination or procedure performed to obtain information regarding the medical condition of an outpatient.

"Direct medical education costs" means costs directly associated with the medical education of interns and residents or other medical education programs, such as a nursing education program or allied health programs, conducted in an outpatient setting, that qualify for payment as medical education costs under the Medicare program. The amount of direct medical education costs is determined from the hospital base year cost reports in determining the direct medical education rate.

"Direct medical education rate" means a rate calculated for a hospital reporting medical education costs on the Medicare cost report (CMS 2552). The rate is calculated using the following formula: Direct medical education costs are multiplied by the factor used to limit aggregate expenditures to available funding and then divided by the sum of outpatient relative discounted APC weights.

"Discount factor" means the percentage discount applied to additional APCs when more than one APC is provided during the same visit (including the same APC provided more than once). Not all APCs are subject to a discount factor.

"GME/DSH fund apportionment claim set" means the hospital's applicable Medicaid base year cost report. The claim set is updated every three years in July and is modeled using recalibrated weights pursuant to paragraph 79.1(5)*"k."*

"Graduate medical education and disproportionate share fund" or *"GME/DSH fund"* means a reimbursement fund developed as an adjunct reimbursement methodology to directly reimburse qualifying hospitals for the direct costs of interns and residents associated with the operation of graduate medical education programs for outpatient services.

"Healthcare common procedures coding system" or *"HCPCS"* means the national uniform coding method that is maintained by the Centers for Medicare and Medicaid Services (CMS) and that incorporates the CPT and the three HCPCS unique coding levels I, II, and III.

"Hospital-based clinic" means a clinic that is owned by the hospital, operated by the hospital under its hospital license, and on the premises of the hospital.

"Medicaid claim set" means the hospital's applicable Medicaid claims for the period of January 1, 2019, through December 31, 2020, and paid through March 31, 2020.

"Modifier" means a two-character code that is added to the procedure code to indicate the type of service performed. The modifier allows the reporting hospital to indicate that a performed service or procedure has been altered by some specific circumstance. The modifier may affect payment or may be used for information only.

"Multiple significant procedure discounting" means a reduction of the standard payment amount for an APC to recognize that the marginal cost of providing a second APC service to a patient during a single visit is less than the cost of providing that service by itself.

"Observation services" means a set of clinically appropriate services, such as ongoing short-term treatment, assessment, and reassessment, that is provided before a decision can be made regarding whether a patient needs further treatment as a hospital inpatient or is able to be discharged from the hospital.

"Outpatient hospital services" means preventive, diagnostic, therapeutic, observation, rehabilitation, or palliative services provided to an outpatient by or under the direction of a physician, dentist, or other practitioner by an institution that:

1. Is licensed or formally approved as a hospital by the officially designated authority in the state where the institution is located; and
2. Meets the requirements for participation in Medicare as a hospital.

"Outpatient prospective payment system" or *"OPPS"* means the payment methodology for hospital outpatient services established by this subrule and based on Medicare's outpatient prospective payment system mandated by the Balanced Budget Refinement Act of 1999 as amended to July 1, 2026, and the Medicare, Medicaid and SCHIP Benefits Improvement and Protection Act of 2000 as amended to July 1, 2026.

"Outpatient visit" means those hospital-based outpatient services that are billed on a single claim form.

"Packaged service" means a service that is secondary to other services but is considered an integral part of another service.

"Pass-through" means certain drugs, devices, and biologicals for which providers are entitled to payment separate from any APC.

"Rebasing" means the redetermination of the blended base APC rate using more recent Medicaid cost report data.

"Significant procedure" means the procedure, therapy, or service provided to a patient that constitutes the primary reason for the visit and dominates the time and resources expended during the visit.

"Status indicator" or *"SI"* means a payment indicator that identifies whether a service represented by a CPT or HCPCS code is payable under the OPPS APC or another payment system. Only one status indicator is assigned to each CPT or HCPCS code.

b. Outpatient hospital services. Medicaid adopts the Medicare categories of hospitals and services subject to and excluded from the hospital outpatient prospective payment system (OPPS) at 42 CFR 419.20 through 419.22 as amended to July 1, 2026, except as indicated in this subrule.

(1) A teaching hospital that has approval from the Centers for Medicare and Medicaid Services (CMS) to receive reasonable cost reimbursement for physician services under 42 CFR 415.160 through 415.162 as amended to July 1, 2026, is eligible for combined billing status if the hospital has filed the approval notice with Iowa Medicaid. If a teaching hospital elects to receive reasonable cost payment for physician direct medical and surgical services furnished to Medicaid members, those services and the supervision of interns and residents furnishing the care to members are covered as hospital services and are combined with the bill for hospital service. Cost settlement for the reasonable costs related to physician direct medical and surgical services will be made after receipt of the hospital's financial and statistical report.

(2) A hospital-based ambulance service must be an enrolled Medicaid ambulance provider and must bill separately for ambulance services. EXCEPTION: If the member's condition results in an inpatient admission to the hospital, the reimbursement for ambulance services is included in the hospital's DRG reimbursement rate for the inpatient services.

c. Payment for outpatient hospital services.

(1) Outpatient hospital services will be reimbursed according to the first of the following methodologies that applies to the service:

1. Any specific rate or methodology established by rule for the particular service.
2. The OPPS APC rates established pursuant to this subrule.
3. Fee schedule rates established pursuant to paragraph 79.1(1)*"c."*

(2) Except as provided in paragraph 79.1(16)*"h,"* outpatient hospital services that have been assigned to an APC with an assigned weight will be reimbursed based on the APC to which the services provided are assigned. The department adopts and incorporates by reference the OPPS APCs and relative weights effective January 1, 2008, published on November 27, 2007, as final by the Centers for Medicare and Medicaid Services in the Federal Register at Volume 72, No. 227, page 66579. Relative weights and APCs will be updated pursuant to paragraph 79.1(16)*"j."*

(3) The APC payment is calculated as follows:

1. The applicable APC relative weight is multiplied by the blended base APC rate determined according to paragraph 79.1(16)*"e."*
2. The resulting APC payment is multiplied by a discount factor and by units of service when applicable.
3. For a procedure started but discontinued before completion, the department will pay 50 percent of the APC for the service.

(4) The OPPS APC payment status indicators show whether a service represented by a CPT or HCPCS code is payable under an OPPS APC or under another payment system and whether particular OPPS policies apply to the code. The following table lists the status indicators and definitions for both services that are paid under an OPPS APC and services that are not paid under an OPPS APC.

Indicator	Item, Code, or Service	OPPS Payment Status
A	Services furnished to a hospital outpatient that are paid by Medicare under a fee schedule or payment system other than OPPS, such as: ● Ambulance services. ● Separately payable clinical diagnostic laboratory services. ● Diagnostic mammography. ● Screening mammography. ● Separately payable nonimplantable prosthetic and orthotic devices. ● Physical, occupational, and speech therapy.	For services covered by Iowa Medicaid as an outpatient hospital service, the service is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)*"c."* For services not covered by Iowa Medicaid as an outpatient hospital service, the service is not paid under OPPS APC but may be paid by Iowa Medicaid under the specific rate or methodology established by other rules (other than outpatient hospital).
B	Codes that are not paid by Medicare on an outpatient hospital basis	Not paid under OPPS APC. ● May be paid when submitted on a different bill type other than outpatient hospital (13x). ● An alternate code that is payable when submitted on an outpatient hospital bill type (13x) may be available.
C	Inpatient procedures	If covered by Iowa Medicaid as an outpatient hospital service, the service is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)*"c."* If not covered by Iowa Medicaid as an outpatient hospital service, the service is not paid under OPPS APC. Admit the patient and bill as inpatient care.
D	Discontinued codes	Not paid under OPPS APC or any other Medicaid payment system.
E1	Items, codes, and services: ● That are not covered by Medicare based on statutory exclusion and may or may not be covered by Iowa Medicaid; or ● That are not covered by Medicare for reasons other than statutory exclusion and may or may not be covered by Iowa Medicaid.	If covered by Iowa Medicaid, the item, code, or service is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)*"c."* If not covered by Iowa Medicaid, the item, code, or service is not paid under OPPS APC or any other Medicaid payment system.

Indicator	Item, Code, or Service	OPPS Payment Status
E2	Items, codes, and services: ● That are not recognized by Medicare but for which an alternate code for the same item or service may be available under Iowa Medicaid; or ● For which separate payment is not provided by Medicare but may be provided by Iowa Medicaid.	If covered by Iowa Medicaid, the item, code, or service is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)*"c."* If not covered by Iowa Medicaid, the item, code, or service is not paid under OPPS APC or any other Medicaid payment system.
F	Certified registered nurse anesthetist services Corneal tissue acquisition Hepatitis B vaccines	If covered by Iowa Medicaid, the item or service is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)*"c."* If not covered by Iowa Medicaid, the item or service is not paid under OPPS APC or any other Medicaid payment system.
G	Pass-through drugs and biologicals	If covered by Iowa Medicaid, the item is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)*"c."* If not covered by Iowa Medicaid, the item is not paid under OPPS APC or any other Medicaid payment system.
H	Pass-through device categories	If covered by Iowa Medicaid, the device is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)*"c."* If not covered by Iowa Medicaid, the device is not paid under OPPS APC or any other Medicaid payment system.
J1	Hospital Part B services paid through a comprehensive APC	If covered by Iowa Medicaid, the service is paid under OPPS APC. All covered Part B services on the claim, except services with OPPS SI=F, G, H, L, and U; ambulance services; diagnostic and screening mammography; and all preventive services. If not covered by Iowa Medicaid, the device is not paid under OPPS APC or any other Medicaid payment system.
J2	Hospital Part B services that may be paid through a comprehensive APC	If covered by Iowa Medicaid, the item is: ● Paid under OPPS APC with a separate APC payment when both an APC and an APC weight are established. ● Paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)*"c"* when either no APC or APC weight is established. ● In other circumstances, payment is made through a separate APC payment. If not covered by Iowa Medicaid, the device is not paid under OPPS APC or any other Medicaid payment system.
K	Non-pass-through drugs and biologicals Therapeutic radiopharmaceuticals	If covered by Iowa Medicaid, the item is: ● Paid under OPPS APC with a separate APC payment when both an APC and an APC weight are established. ● Paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)*"c"* when either no APC or APC weight is established.

Indicator	Item, Code, or Service	OPPS Payment Status
		If not covered by Iowa Medicaid, the item is not paid under OPPS APC or any other Medicaid payment system.
L	Influenza vaccine Pneumococcal pneumonia vaccine	If covered by Iowa Medicaid, the vaccine is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)*"c."* If not covered by Iowa Medicaid, the vaccine is not paid under OPPS APC or any other Medicaid payment system.
M	Items and services not billable to the Medicare fiscal intermediary	If covered by Iowa Medicaid, the item or service is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)*"c."* If not covered by Iowa Medicaid, the item or service is not paid under OPPS APC or any other Medicaid payment system.
N	Packaged services not subject to separate payment under Medicare OPPS payment criteria	Paid under OPPS APC. Payment, including outliers, is included with payment for other services; therefore, no separate payment is made.
P	Partial hospitalization	Not a covered service under Iowa Medicaid.
Q1	STV-packaged codes	Paid under OPPS APC. ● Packaged APC payment if billed on the same date of service as HCPCS code assigned status indicator "S," "T," or "V." ● In all other circumstances, payment is made through a separate APC payment.
Q2	T-packaged codes	Paid under OPPS APC. ● Packaged APC payment if billed on the same date of service as HCPCS code assigned status indicator "T." ● In all other circumstances, payment is made through a separate APC payment.
Q3	Codes that may be paid through a composite APC	Paid under OPPS APC. ● Composite APC payment based on OPPS composite-specific payment criteria. Payment is packaged into a single payment for specific combinations of services. ● In other circumstances, payment is made through a separate APC payment or packaged into payment for other services.
Q4	Conditionally packaged laboratory tests	Paid under OPPS APC or Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)*"c."* ● Packaged APC payment if billed on the same claim as HCPCS code assigned published status indicator "J1," "J2," "S," "T," "V," "Q1," "Q2," or "Q3." ● In other circumstances, laboratory tests should have a status indicator of "A" and payment is made under the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)*"c."*
R	Blood and blood products	If covered by Iowa Medicaid, the item is paid under OPPS APC with separate APC payment. If not covered by Iowa Medicaid, the item is not paid under OPPS APC or any other Medicaid payment system.
S	Significant procedure, not discounted when multiple	If covered by Iowa Medicaid, the procedure is paid under OPPS APC with separate APC payment.

Indicator	Item, Code, or Service	OPPS Payment Status
		If not covered by Iowa Medicaid, the procedure is not paid under OPPS APC or any other Medicaid payment system.
T	Significant procedure, multiple reduction applies	If covered by Iowa Medicaid, the procedure is paid under OPPS APC with separate APC payment subject to multiple reduction. If not covered by Iowa Medicaid, the procedure is not paid under OPPS APC or any other Medicaid payment system.
U	Brachytherapy sources	If covered by Iowa Medicaid, the procedure is paid under OPPS APC with separate APC payment. If not covered by Iowa Medicaid, the procedure is not paid under OPPS APC or any other Medicaid payment system.
V	Clinic or emergency department visit	If covered by Iowa Medicaid, the service is paid under OPPS APC with separate APC payment, subject to limits on nonemergency services provided in an emergency room pursuant to 79.1(16)*"r."* If not covered by Iowa Medicaid, the service is not paid under OPPS APC or any other Medicaid payment system.
X	Nonimplantable durable medical equipment	For items covered by Iowa Medicaid as an outpatient hospital service, the item is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)*"c."* For items not covered by Iowa Medicaid as an outpatient hospital service, the item is not paid as an outpatient hospital service, but may be paid by Iowa Medicaid under the specific rate or methodology established by other rules (other than outpatient hospital).

d. Reserved.

e. Calculation of the hospital-specific base APC rates.

(1) Using the hospital's base year cost report, hospital-specific outpatient cost-to-charge ratios are calculated for each ancillary and outpatient cost center of the Medicare cost report, Form CMS 2552.

(2) The cost-to-charge ratios are applied to each line-item charge reported on claims from the Medicaid claim set to calculate the Medicaid cost per service. The hospital's total outpatient Medicaid cost is the sum of the Medicaid cost per service for all line items.

(3) The following items are subtracted from the hospital's total outpatient Medicaid costs:

1. The total calculated Medicaid direct medical education cost for interns and residents based on the hospital's base year cost report.

2. The total calculated Medicaid cost for services listed at 441—paragraphs 78.31(1)*"g"* through *"n."*

3. The total calculated Medicaid cost for ambulance services.

4. The total calculated Medicaid cost for services paid based on the Iowa Medicaid fee schedule.

(4) The remaining amount is multiplied by a factor to limit aggregate expenditures to available funding and then divided by the hospital-specific sum of relative discounted APC weights in the Medicaid claim set.

(5) Hospital-specific base APC rates are not computed for hospitals receiving reimbursement as critical access hospitals during any of the period included in the base year cost report.

f. Calculation of statewide base APC rate.

(1) The statewide average base APC rate is calculated by summing the outpatient Medicaid cost for all hospitals and subtracting the following:

1. The total calculated Medicaid direct medical education cost for interns and residents for all hospitals.

2. The total calculated Medicaid cost for services listed at 441—paragraphs 78.31(1)*"g"* through *"n,"* for all hospitals.

3. The total calculated Medicaid cost for ambulance services for all hospitals.

4. The total calculated Medicaid cost for services paid based on the Iowa Medicaid fee schedule for all hospitals.

(2) The resulting amount is multiplied by a factor to maintain expenditures within the amount appropriated to the department for this purpose and then divided by the sum of relative discounted APC weights in the Medicaid claim set.

(3) Data for hospitals receiving reimbursement as critical access hospitals during any of the period included in the base year cost report is not used in calculating the statewide average base APC rate.

g. Cost outlier payment policy. Additional payment is made for services provided during a single visit that exceed the following Medicaid criteria of cost outliers for each APC. Outlier payments are determined on an APC-by-APC basis.

(1) An APC qualifies as a cost outlier when the cost of the service exceeds both the multiple threshold and the fixed-dollar threshold.

(2) The multiple threshold is met when the cost of furnishing an APC service exceeds 1.75 times the APC payment amount.

(3) The fixed-dollar threshold is met when the cost of furnishing an APC service exceeds the APC payment amount plus $2,000.

(4) If both the multiple threshold and the fixed-dollar threshold are met, the outlier payment is calculated as 50 percent of the amount by which the hospital's cost of furnishing the APC service or procedure exceeds the multiple threshold.

(5) The cost of furnishing the APC service or procedure is calculated using a single overall hospital-specific cost-to-charge ratio determined from the base year cost report. Costs appearing on a claim that are attributable to packaged APC services for which no separate payment is made are allocated to all nonpackaged APC services that appear on that claim. The amount allocated to each nonpackaged APC service is based on the proportion the APC payment rate for that APC service bears to the total APC rates for all nonpackaged APC services on the claim.

h. Payment to critical access hospitals. Initial, interim payments to critical access hospitals as defined in paragraph 79.1(5)*"a"* will be the hospital's line-item charge multiplied by the hospital's Medicaid outpatient cost-to-charge ratio. These interim payments are subject to annual retrospective adjustment equal to the difference between the reasonable costs of covered services provided to eligible fee-for-service Medicaid members (excluding members in managed care) and the Medicaid reimbursement received. The department will determine the reasonable costs of services based on the hospital's annual cost reports and Medicare cost principles. When the interim amounts paid exceed reasonable costs, the department will recover the difference.

(1) After any retrospective adjustment, the department will update the cost-to-charge ratio to reflect as accurately as is possible the reasonable costs of providing the covered service to eligible fee-for-service Medicaid members for the coming year. The department will base these changes on the most recent utilization as submitted to the Iowa Medicaid and Medicare cost principles. Providers may be eligible for an "add-on" to the cost-to-charge ratio based on eligibility to participate in the annual Critical Access Hospital Cost Adjustment Factor Pool.

(2) Once a hospital begins receiving reimbursement as a critical access hospital, the cost-to-charge ratio is not subject to rebasing as provided in paragraph 79.1(16)*"j."*

i. Cost-reporting requirements. Hospitals shall prepare annual cost reports in accordance with generally accepted accounting principles as defined by the American Institute of Certified Public Accountants and in accordance with Medicare Provider Reimbursement Manual, CMS Publication 15 as amended to July 1, 2026, subject to the exceptions and limitations provided in this rule.

(1) Using electronic media, each hospital shall submit the following:

1. The hospital's Medicare cost report (Form CMS 2552, Hospitals and Healthcare Complex Cost Report);

2. Either the Critical Access Hospital Supplemental Cost Report or the Hospital Supplemental Cost Report; and

3. A copy of the revenue code crosswalk used to prepare the Medicare cost report.

(2) The cost reports and supporting documentation shall be sent to Iowa Medicaid at the department's address.

(3) The cost reports shall be submitted on or before the last day of the fifth calendar month following the close of the period covered by the report. For fiscal periods ending on a day other than the last day of the month, cost reports are due 150 days after the last day of the cost-reporting period. Extensions of the due date for filing a cost report granted by the Medicare fiscal intermediary shall be accepted by Iowa Medicaid.

j. Rebasing.

(1) Effective January 1, 2009, and annually thereafter, the department will update the OPPS APC relative weights using the most current calendar update as published by the Centers for Medicare and Medicaid Services.

(2) Effective January 1, 2009, and every three years thereafter, blended base APC rates will be rebased. Cost reports used in rebasing will be the hospital fiscal year-end Form CMS 2552, Hospital and Healthcare Complex Cost Report, as submitted to Medicare in accordance with Medicare cost report submission timelines for the hospital fiscal year ending during the preceding calendar year. If a hospital does not provide this cost report, including the Medicaid cost report and revenue code crosswalk, to Iowa Medicaid by May 31 of a year in which rebasing occurs, the most recent submitted cost report will be used.

(3) Effective January 1, 2009, and every three years thereafter, case-mix indices will be recalculated using valid claims most nearly matching each hospital's fiscal year end.

(4) The graduate medical education and disproportionate share fund will be updated as provided in subparagraph 79.1(16)*"v"*(3).

k. Payment to out-of-state hospitals. Out-of-state hospitals providing care to members of Iowa's Medicaid program will be reimbursed in the same manner as Iowa hospitals, except as provided in subparagraphs 79.1(16)*"k"*(1) and *"k"*(2).

(1) For out-of-state hospitals that submit a cost report no later than May 31 in the most recent rebasing year, APC payment amounts will be based on the blended base APC rate using hospital-specific, Iowa-only Medicaid data. For other out-of-state hospitals, APC payment amounts will be based on the Iowa statewide base APC rate.

(2) Out-of-state hospitals do not qualify for direct medical education payments pursuant to paragraph 79.1(16)*"v."*

l. Preadmission, preauthorization or inappropriate services. Inpatient or outpatient services that require preadmission or preprocedure approval by Iowa Medicaid are updated yearly and are available from the department.

(1) The hospital shall provide the Iowa Medicaid authorization number on the claim form to receive payment. Claims for services requiring preadmission or preprocedure approval that are submitted without this authorization number will be denied.

(2) To safeguard against other inappropriate practices, the department will monitor admission practices and quality of care. If an abuse of the prospective payment system is identified, payments for abusive practices may be reduced or denied. In reducing or denying payment, Medicaid adopts the Medicare regulations.

m. Health care access assessment inflation factor. Effective with the implementation of the health care access assessment paid, pursuant to 441—Chapter 36, a health care access assessment inflation factor will be applied to the Medicaid blended base APC rate as otherwise calculated pursuant to this subrule for all "participating hospitals" as defined in 441—subrule 36.5(1).

(1) Calculation of inflation factor. The health care access assessment inflation factor for participating hospitals will be calculated by dividing the amount allowed under the Medicare outpatient upper payment limit for the fiscal year beginning July 1, 2010, by the sum of the projected expenditures for participating

hospitals for the fiscal year beginning July 1, 2010, as determined by the fiscal management division of the department, and the amount allowed under the Medicare outpatient upper payment limit.

(2) Implementation date. The health care access assessment inflation factor will not be implemented until federal financial participation to match money collected from the health care access assessment, pursuant to 441—Chapter 36, has been approved by the federal Centers for Medicare and Medicaid Services.

(3) End date. Application of the health care access assessment inflation factor will terminate if the health care access assessment is terminated. If federal match money is unavailable for a retroactive period or the authority to collect the assessment is rescinded for a retroactive period, the department will:

1. Recalculate Medicaid rates in effect during that period without the application of the health care access assessment inflation factor;

2. Recompute Medicaid payments due based on the recalculated Medicaid rates;

3. Recoup any previous overpayments; and

4. Determine for each hospital the amount of health care access assessment collected during that period and refund that amount to the facility.

n. Determination of inpatient admission. A person is considered to be an inpatient when a formal inpatient admission occurs, when a physician intends to admit a person as an inpatient, or when a physician determines that a person being observed as an outpatient in an observation or holding bed should be admitted to the hospital as an inpatient. In cases involving outpatient observation status, the determinant of patient status is not the length of time the patient was being observed, rather whether the observation period was medically necessary to determine whether a patient should be admitted to the hospital as an inpatient. Outpatient observation lasting greater than a 24-hour period will be subject to review by Iowa Medicaid to determine the medical necessity of each case. For those outpatient observation cases where medical necessity is not established, reimbursement will be denied for the services found to be unnecessary for the provision of that care, such as the use of the observation room.

o. Inpatient admission after outpatient services. If a patient is admitted as an inpatient within three days of the day in which outpatient services were rendered, all outpatient services related to the principal diagnosis are considered inpatient services for billing purposes. The day of formal admission as an inpatient is considered as the first day of hospital inpatient services. EXCEPTION: This requirement does not apply to critical access hospitals.

p. Reserved.

q. Determination of payment amounts for mental health noninpatient (NIP) services. Mental health NIP services are limited as set forth at 441—subparagraph 78.31(4)*"d"*(7) and are reimbursed on a fee schedule basis.

r. Services delivered in the emergency room. Payment to a hospital for assessment of any Medicaid member in an emergency room will be made pursuant to a fee schedule. Payment for treatment of a Medicaid member in an emergency room will be made as follows:

(1) If the emergency room visit results in an inpatient hospital admission, the treatment provided in the emergency room is paid for as part of the payment for the inpatient services provided.

(2) If the emergency room visit does not result in an inpatient hospital admission but involves emergency services as defined in paragraph 79.1(13)*"k,"* payment for treatment provided in the emergency room will be made at the full APC payment for the treatment provided.

(3) If the emergency room visit does not result in an inpatient hospital admission and does not involve emergency services as defined in paragraph 79.1(13)*"k,"* payment for treatment provided in the emergency room depends on whether the member had a referral to the emergency room.

1. For members who were referred to the emergency room by appropriate medical personnel, payment for treatment provided in the emergency room will be made at 75 percent of the APC payment for the treatment provided.

2. For members who were not referred to the emergency room by appropriate medical personnel, payment for treatment provided in the emergency room will be made at 50 percent of the APC payment for the treatment provided.

s. Limit on payments. Payments under the APC methodology, as well as other payments for outpatient services, are subject to upper limit rules set forth in 42 CFR 447.321 and 447.325, both as amended to July 1, 2026. Requirements under these sections state that, in general, Medicaid may not make payments to providers that would exceed the amount that would be payable to providers under comparable circumstances under Medicare.

t. Reserved.

u. Iowa Medicaid review. The department will review a yearly random sample of hospital outpatient service cases performed for Medicaid members and identified on claims data from all Iowa and bordering state hospitals.

v. Graduate medical education and disproportionate share fund. Payment will be made to hospitals qualifying for direct medical education directly from the graduate medical education and disproportionate share fund. The requirements to receive payments from the fund, the amount allocated to the fund and the methodology used to determine the distribution amounts from the fund are as follows:

(1) Qualifying for direct medical education. Iowa hospitals qualify for direct medical education payments if direct medical education costs that qualify for payment as medical education costs under the Medicare program are contained in the hospital's base year cost report and in the most recent cost report submitted before the start of the state fiscal year for which payments are being made. Out-of-state hospitals do not qualify for direct medical education payments.

(2) Allocation to fund for direct medical education. The total annual state fiscal year funding that is allocated to the graduate medical education and disproportionate share fund for direct medical education related to outpatient services is $2,766,718.25. If a hospital fails to qualify for direct medical education payments from the fund because the hospital does not report direct medical education costs that qualify for payment as medical education costs under the Medicare program in the most recent cost report submitted before the start of the state fiscal year for which payments are being made, the amount of money that would have been paid to that hospital will be removed from the fund.

(3) Distribution to qualifying hospitals for direct medical education. Distribution of the amount in the fund for direct medical education will be on a monthly basis. To determine the amount to be distributed to each qualifying hospital for direct medical education, the following formula is used:

1. Multiply the sum of updated OPPS relative discounted APC weights, pursuant to paragraph 79.1(16)*"j,"* for the GME/DSH fund apportionment claim set for each hospital reporting direct medical education costs that qualify for payment as medical education costs under the Medicare program in the hospital's base year cost report by each hospital's direct medical education rate to obtain a dollar value.

2. Sum the dollar values for each hospital, then divide each hospital's dollar value by the total dollar value, resulting in a percentage.

3. Multiply each hospital's percentage by the amount allocated for direct medical education to determine the payment to each hospital.

79.1(17) *Reimbursement for home- and community-based services home and vehicle modification and equipment.* Payment is made for home and vehicle modifications, assistive devices, specialized medical equipment, and environmental modifications and adaptive devices at the amount authorized by the department through a quotation, contract, or invoice submitted by the provider.

a. The case manager shall submit the service plan and the contract, invoice or quotations from the providers to Iowa Medicaid for prior approval before the modification is initiated or the equipment is purchased. Payment will not be approved for duplicate items.

b. Whenever possible, three itemized bids for the modification or quotations for equipment purchase shall be presented for review. The amount payable will be based on the least expensive item that meets the member's medical needs.

c. Payment for most items will be based on a fee schedule and will conform to the limitations set forth in subrule 79.1(12).

(1) For services and items that are furnished under Part B of Medicare, the fee will be the lowest charge allowed under Medicare.

(2) For services and items that are furnished only under Medicaid, the fee will be the lowest charge determined by the department according to the Medicare reimbursement method described in Section

1834(a) of the Social Security Act (42 U.S.C. 1395m as amended to July 1, 2026), Payment for Durable Medical Equipment.

(3) Payment for supplies with no established Medicare fee will be at the average wholesale price for the item less 10 percent.

(4) Payment for items with no Medicare fee, Medicaid fee, or average wholesale price will be made at the manufacturer's suggested retail price less 15 percent.

(5) Payment for items with no Medicare fee, Medicaid fee, average wholesale price, or manufacturer's suggested retail price will be made at the dealer's cost plus 10 percent. The actual invoice for the item from the manufacturer must be submitted with the claim. Catalog pages or printouts supplied by the provider are not considered invoices.

(6) For selected medical services, supplies, and equipment, including equipment servicing, that generally do not vary significantly in quality from one provider to another, the payment will be the lowest price for which such devices are widely and consistently available in a locality.

(7) Payment for used equipment will not exceed 80 percent of the purchase allowance.

(8) No allowance will be made for delivery, freight, postage, or other provider operating expenses for durable medical equipment, prosthetic devices, or sickroom supplies.

79.1(18) *Pharmaceutical case management (PCM) services reimbursement.* Pharmacist and PCM team members will be equally reimbursed for participation in each of the four services described in rule 441—78.47(249A). The following table contains the amount each team member will be reimbursed for the services provided and the maximum number of payments for each type of assessment. Payment for services beyond the maximum number of payments will be considered on an individual basis after peer review of submitted documentation of medical necessity.

Service	Payment amount	Number of payments
Initial assessment	$75	One per patient
New problem assessment	$40	Two per patient per 12 months
Problem follow-up assessment	$40	Four per patient per 12 months
Preventive follow-up assessment	$25	One per patient per 6 months

79.1(19) *Reimbursement for translation and interpretation services.* Reimbursement for translation and interpretation services will be made to providers based on the reimbursement methodology for the provider category as defined in subrule 79.1(2).

a. For those providers whose basis of reimbursement is cost-related, translation and interpretation services will be considered an allowable cost.

b. For those providers whose basis of reimbursement is a fee schedule, a fee will be established for translation and interpretation services, which will be treated as a reimbursable service. In order for translation or interpretation to be covered, it must be provided by separate employees or contractors solely performing translation or interpretation activities.

79.1(20) *Dentists.* The dental fee schedule is based on the definitions of dental and surgical procedures given in the Code on Dental Procedures and Nomenclature (CDT) published by the American Dental Association as amended to July 1, 2026.

79.1(21) *Rehabilitation agencies.* Subject to the Medicaid upper limit in subrule 79.1(2), payments to rehabilitation agencies will be made as provided in the areawide fee schedule established for Medicare by the CMS as amended to July 1, 2026. The Medicare fee schedule is based on the definitions of procedures from the physicians' Current Procedural Terminology (CPT) published by the American Medical Association as amended to July 1, 2026. CMS adjusts the fee schedules annually to reflect changes in the consumer price index for all urban customers.

79.1(22) *Medicare crossover claims.* Subject to approval of a state plan amendment by CMS, payment for Medicare crossover claims will be made as follows.

a. Definitions. For purposes of this subrule:

"Coinsurance" means a percentage of costs of a covered health care service that has to be paid.

"Copayment" means a fixed amount a member pays for a covered health care service.

"Deductible" means the amount paid for covered health care services before the insurance plan will effect payment.

"Medicaid-allowed amount" means the Medicaid reimbursement for the service(s) rendered (including any portion to be paid by the Medicaid beneficiary as copayment or spenddown), as determined under state and federal law and policies.

"Medicare-allowed amount" means the total reimbursement allowed by Medicare for the service(s) rendered, for a participating Medicare provider who has accepted Medicare assignment of claims for services rendered, including any portion to be paid by the Medicare beneficiary as a deductible or coinsurance.

"Medicare cost sharing" means the Medicare member's responsibility to pay for a Medicare-covered service. "Medicare cost sharing" includes coinsurance, copayments, and deductibles.

"Medicare crossover claim" means a claim for Medicaid payment for services covered by Medicare Part A or Part B rendered to a Medicare beneficiary who is also eligible for Medicaid. Medicare crossover claims include claims for services rendered to beneficiaries who are eligible for Medicaid in any category, including, but not limited to, qualified Medicare beneficiaries and beneficiaries who are eligible for full Medicaid coverage.

"Medicare deductible and coinsurance amounts" means the portion of the Medicare-allowed amount to be paid by the Medicare beneficiary as a deductible or coinsurance.

"Medicare provider reimbursement" means the Medicare-allowed amount less any portion thereof to be paid by the Medicare beneficiary as a deductible or coinsurance.

"Qualified Medicare beneficiary" or *"QMB"* means an individual who has been determined eligible for the QMB program pursuant to 441—paragraph 75.6(5)*"a."* Under the QMB program, Medicaid pays the individual's Medicare Part A and B premiums; coinsurance; copayment; and deductible (except for Part D).

"Third-party payment" means payment from any source other than Medicaid, Medicare, or the Medicaid and Medicare beneficiary.

b. Reimbursement of Medicare crossover claims. Covered Medicare crossover claims will be paid by Medicaid at the lesser of:

(1) Applicable Medicare deductible and coinsurance amounts, less any third-party payment available to the provider for the Medicare deductible and coinsurance amounts and any Medicaid copayment or spenddown; or

(2) Either:

1. For Medicaid-covered services: the Medicaid-allowed amount less the Medicare provider reimbursement, any third-party payment available to the provider in addition to the Medicare provider reimbursement, and any Medicaid copayment or spenddown; or

2. For non-Medicaid-covered services: 50 percent of the Medicare-allowed amount less the Medicare provider reimbursement, any third-party payment available to the provider in addition to the Medicare provider reimbursement, and any Medicaid copayment or spenddown.

79.1(23) and **79.1(24)** Reserved.

79.1(25) *Reimbursement for community mental health centers (CMHCs).* CMHCs may elect to be paid on either a 100 percent of reasonable costs basis, as determined by Medicare reimbursement principles, or in accordance with an alternative reimbursement rate methodology approved by the department. Once a CMHC chooses the alternative reimbursement rate methodology, the CMHC may not change its elected reimbursement methodology to 100 percent of reasonable costs.

a. Cost-based reimbursement. For CMHCs that elect the 100 percent of reasonable costs basis of reimbursement, rates are initially paid on an interim basis and then are adjusted retroactively based on submission of a financial and statistical report, pursuant to the following:

(1) Until a provider that was enrolled in the Medicaid program before October 1, 2006, submits a cost report in order to develop a provider-specific interim rate, Iowa Medicaid will make interim payments to the provider based upon 105 percent of the greater of:

1. The statewide fee schedule for community mental health centers effective July 1, 2006, or

2. The average Medicaid managed care contracted fee amounts for community mental health centers effective July 1, 2006.

(2) For a provider that enrolls in the Medicaid program on or after October 1, 2006, until a provider-specific interim rate is developed, Iowa Medicaid will make interim payments based upon the average statewide interim rates for community mental health centers at the time services are rendered. A new provider may submit a projected cost report that Iowa Medicaid will use to develop a provider-specific interim rate.

(3) Cost reports as filed are subject to review and audit by Iowa Medicaid. Iowa Medicaid will determine each provider's actual, allowable costs in accordance with generally accepted accounting principles and in accordance with Medicare cost principles, subject to the exceptions and limitations in the department's administrative rules.

(4) Iowa Medicaid will make retroactive adjustment of the interim rate after the submission of annual cost reports. The adjustment represents the difference between the amount the provider received during the year through interim payments for covered services and the amount determined to be the actual, allowable cost of service rendered to Medicaid members.

(5) Iowa Medicaid will use each annual cost report to develop a provider-specific interim fee schedule to be paid prospectively. The effective date of the fee schedule change is the first day of the month following completion of the cost settlement.

b. Reporting requirements. All providers other than CMHCs that have elected the alternative reimbursement rate methodology established by the Medicaid program's managed care contractor for mental health services shall submit cost reports using a Financial and Statistical Report form. Hospital-based providers required to submit a cost report shall also submit the Medicare cost report, CMS Form 2552. The following requirements apply to all required cost reports:

(1) Financial information shall be based on the provider's financial records. When the records are not kept on an accrual basis of accounting, the provider shall make the adjustments necessary to convert the information to an accrual basis for reporting. Failure to maintain records to support the cost report may result in termination of the provider's enrollment with the Iowa Medicaid program.

(2) Providers that offer multiple programs shall submit a cost allocation schedule prepared in accordance with generally accepted accounting principles and requirements as specified in OMB Circular A-87 adopted in federal regulations at 2 CFR Part 225 as amended to July 1, 2026.

(3) Costs reported for community mental health clinic services shall not be reported as reimbursable costs under any other funding source. Costs incurred for other services shall not be reported as reimbursable costs under community mental health clinic services.

(4) Providers shall submit completed cost reports to Iowa Medicaid at the department's address. A provider that is not hospital-based shall submit a Financial and Statistical Report form on or before the last day of the third month after the end of the provider's fiscal year. A hospital-based provider shall submit both a Financial and Statistical Report form and CMS Form 2552 on or before the last day of the fifth month after the end of the provider's fiscal year.

(5) A provider may obtain a 30-day extension for submitting the cost report by submitting a letter to Iowa Medicaid. No extensions will be granted beyond 30 days.

(6) If a provider fails to submit a cost report that meets the requirements of this paragraph, Iowa Medicaid will reduce the provider's interim payments to 76 percent of the current interim rate. The reduced interim rate will be paid for not longer than three months, after which time no further payments will be made.

79.1(26) *Home health services.*

a. Services included under the home health services program are reimbursed on the low utilization payment amount (LUPA) methodology, with state geographic adjustments.

b. Medicare LUPA per-visit rates in effect on July 1, 2013, are the basis for establishing the LUPA methodology for the initial reimbursement schedule.

c. Medicare LUPA per-visit rates shall be increased July 1 every two years to reflect the most recent Medicare LUPA rates.

d. Home health services subject to this methodology are skilled nursing, home health aide, physical therapy, occupational therapy, speech therapy, and medical social services provided by Medicare-certified home health agencies.

79.1(27) *Reimbursement for early periodic screening, diagnosis, and treatment private duty nursing and personal cares program.*

a. Rate determination based on cost reports. Reimbursement will be made using an hourly rate that is calculated retrospectively for each provider, considering reasonable and proper costs of operation not to exceed the upper limit as provided in subrule 79.1(2).

(1) Interim rates. Providers will be reimbursed through a prospective interim rate equal to the previous year's retrospectively calculated 15-minute and hourly rate. Pending determination of private duty nursing and personal cares program costs, the provider may bill for and shall be reimbursed at an hourly rate that the provider and Iowa Medicaid may reasonably expect to produce total payments to the provider for the provider's fiscal year that are consistent with Medicaid's obligation to reimburse that provider's reasonable costs.

(2) Audit of cost reports. Cost reports as filed will be subject to review or audit or both by Iowa Medicaid to determine the actual cost of services in accordance with generally accepted accounting principles, and Medicare cost principles published in Centers for Medicare and Medicaid Services Publication §15-1, and the Office of Management and Budget Circular A-87, Attachment B, both as amended to July 1, 2026, subject to the exceptions and limitations in the department's administrative rules.

(3) Retroactive adjustment. When the reasonable and proper costs of operation are determined, a retroactive adjustment will be made. The retroactive adjustment represents the difference between the amount that the provider received during the year for covered services through interim rates and the reasonable and proper costs of operation determined in accordance with this subrule.

b. Financial and statistical report submission and reporting requirements.

(1) The provider shall submit the complete Financial and Statistical Report form in an electronic format approved by the department to Iowa Medicaid within five months of the end of the provider's fiscal year.

(2) The submission of the financial and statistical report must include a working trial balance that corresponds to the data contained on the financial and statistical report and the Medicare cost report. Financial and statistical reports submitted without a working trial balance and the Medicare cost report will be considered incomplete.

(3) A provider may obtain a 30-day extension for submitting the financial and statistical report by sending a letter to Iowa Medicaid. The extension request must be received by Iowa Medicaid before the original due date. No extensions will be granted beyond 30 days.

(4) Providers shall submit a completed financial and statistical report to Iowa Medicaid in an electronic format that can be opened using the extension xls or xlsx. The supplemental documentation shall be submitted in a generally accepted business format. The report and required supplemental information shall be emailed to the email address on the form on or before the last day of the fifth month after the end of the provider's fiscal year. One signed copy of the certification page of the Medicaid and Medicare cost reports shall be mailed to Iowa Medicaid at the department's address no later than the due date of the required electronic submissions.

(5) If a provider fails to submit a cost report that meets the requirement of subparagraph 79.1(27)*"b"*(4), the department will reduce payment to 75 percent of the current rate(s).

1. The reduced rate(s) will be effective the first day of the sixth month following the provider's fiscal year end and will remain in effect until the first day of the month after the delinquent report is received by Iowa Medicaid.

2. The reduced rate(s) will be paid for no longer than three months, after which time no further payments will be made until the first day of the month after the delinquent report is received by Iowa Medicaid.

(6) Financial information shall be based on the provider's financial records. When the records are not kept on an accrual basis of accounting, the provider shall make the adjustments necessary to convert

the information to an accrual basis for reporting and provide documentation detailing these adjustments. Failure to maintain records to support the cost report may result in the following, but not limited to:

1. Recoupment of Medicaid payments.
2. Penalties.
3. Sanctions pursuant to rule 441—79.2(249A).

(7) The department, in its sole discretion, may on its own initiative reopen a review of a financial and statistical report at any time. No other entity or person has the right to request that the department or its contractor reopen a review of a financial and statistical report, or to submit an amended financial and statistical report for review by the department, after the provider is notified of its reimbursement rates following review of a financial and statistical report.

(8) A projected cost report shall be submitted when a home health agency enters the program or adds private duty nursing and the personal cares program. Prospective interim rates will be established using the projected cost report. The effective date of the rate shall be the day the provider becomes certified as a Medicaid provider or the day the new program is added.

(9) A provider of services under multiple programs shall submit a cost allocation schedule that was used during the preparation of the financial and statistical report.

(10) Costs reported under private duty nursing and the personal cares program shall not be reported as reimbursable costs under any other funding source. Costs incurred for other services shall not be reported as reimbursable costs under private duty nursing and the personal cares program.

(11) When a provider continues to include as an item of cost an item or items that had in a prior period been removed by an adjustment by the department or its contractor, in the total program costs, the contractor shall recommend to the department that the reimbursement rates be reduced to 75 percent of the current reimbursement rate for the entire quarter beginning the first day of the sixth month after the provider's fiscal year end. The department may, after considering the seriousness of the exception, make the reduction.

(12) Nothing in this subrule relieves a provider of its obligation to immediately inform the department that it has retained Medicaid funds to which it is not entitled as a result of any cost report process. A provider must notify Iowa Medicaid when the provider notes that funds are incorrectly paid or when an overpayment has been detected.

c. Terminated home health agencies.

(1) A participating home health agency contemplating termination of private duty nursing and the personal cares program shall provide the department with at least 60 days' prior notice. The person responsible for the termination is responsible for submission of a final financial and statistical report through the date of the termination. The final home health cost report shall meet the reporting requirements in paragraph 79.1(27)*"b."*

(2) For facilities that terminate activity with Iowa Medicaid, a financial and statistical report from the beginning of the fiscal year to the date of termination will be required, regardless of if termination is voluntary, involuntary or due to a change in ownership. All documentation in paragraph 79.1(27)*"a"* shall be submitted 45 days after the date of termination, by the terminated (closed) entity. If no report is received within 45 days, Iowa Medicaid will begin the process to recoup all funds for dates of service beginning from the last filed cost report to the date of termination.

79.1(28) *Reimbursement for community-based neurobehavioral rehabilitation residential services and community-based neurobehavioral rehabilitation intermittent services.*

a. New providers. Providers who are newly enrolled will be paid prospective rates based on projected reasonable and proper costs of operation based on the statewide average rate paid to community-based neurobehavioral rehabilitation service providers in effect June 30 each fiscal year.

b. Established providers. After establishment of the initial rate for a provider, the rate will be adjusted annually, effective July 1 each year. The provider's new rate will be the previously established rate adjusted by the consumer price index for all urban consumers for the preceding 12-month period ending June 30, not to exceed the limit in effect June 30.

79.1(29) *Reimbursement for health insurance premium payment (HIPP) program providers.* Reimbursement for HIPP program providers will be provided only when such provider is enrolled with

Iowa Medicaid for the sole purpose of billing HIPP-eligible in-network coinsurance, copayments, and deductibles.

a. Definitions. For purposes of this subrule:

"Coinsurance" means a percentage of costs of a covered health care service that has to be paid.

"Copayment" means a fixed amount a member pays for a covered health care service.

"Deductible" means the amount paid for covered health care services before the insurance plan starts to pay.

"Eligible member" means an individual eligible for Medicaid pursuant to rule 441—75.1(249A) et seq. and who qualifies for and is participating in the department's HIPP program prescribed under rule 441—75.21(249A).

"Health insurance premium payment (HIPP) program" or *"HIPP program"* has the same meaning as provided in rule 441—75.21(249A).

b. Claim submission. To submit a claim for reimbursement, a HIPP provider shall use a Health Insurance Premium Payment (HIPP) Provider Invoice form.

(1) Payment will be made to eligible providers for a HIPP program-eligible member's coinsurance, copayment, and deductible when the HIPP program-eligible member is active on the date of service.

(2) Member responsibility. The eligible member may be responsible for a copayment pursuant to subrule 79.1(13).

79.1(30) *Tiered rates.* For daily supported community living services, residential-based supported community living services, full-day habilitation services, and adult day care services provided under the intellectual disability waiver, the fee schedule published by the department pursuant to paragraph 79.1(1) *"c"* provides rates based on the acuity tier of the member, as determined pursuant to this subrule.

a. Acuity tiers are based on the results of the interRAI-Intellectual Disability (interRAI-ID) for individuals age 18 and over and the Child and Youth Mental Health Developmental Disability (ChYMH-DD) (for children and youth below age 18) assessment tools as amended to July 1, 2026. The completed interRAI assessment tool and scoring criteria are available on request from Iowa Medicaid.

b. The assignment of members to acuity tiers is based on a mathematically valid process that identifies meaningful differences in the support needs of the members based on the InterRAI-ID and ChYMH-DD scores.

c. For supported community living daily services paid through a per diem, there are two reimbursement sublevels within each tier based on the number of hours of day services a member receives monthly. Day services include enhanced job search services, supported employment, prevocational services, adult day care, day habilitation and employment outside of Medicaid reimbursable services. The two reimbursement sublevels reflect reimbursement for:

(1) Members who receive an average of 40 hours or more of day services per month.

(2) Members who receive an average of less than 40 hours of day services per month.

d. Acuity tier scores are derived from information contained in the following sections:

(1) Section A. Identification Information

(2) Section B. Intake and Initial History

(3) Section C. Community and Social Involvement

(4) Section D. Strengths, Relationships, and Supports

(5) Section E. Lifestyle

(6) Section F. Environmental Assessment

(7) Section G. Communication and Vision

(8) Section H. Cognition or Section I. Health Conditions

(9) Section N. Supports and Services

e. Tier redetermination. A member's acuity tier may be changed in the following circumstances:

(1) There is a change in the member's interRAI-ID or ChYMH-DD score as determined in the annual level of care redetermination process pursuant to rule 441—83.64(249A).

(2) A completed Emergency Needs Assessment form indicates a change in the member's support needs. A member's case manager may request an emergency needs assessment when a significant change in the member's needs is identified. When a completed emergency needs assessment indicates significant

changes that are likely to continue, a full interRAI-ID or ChYMH-DD assessment shall be conducted and any change in the interRAI-ID or ChYMH-DD scores will be used to determine the member's acuity tier.
[**ARC 0316D**, IAB 5/27/26, effective 7/1/26]

441—79.2(249A) Sanctions.

79.2(1) *Definitions.*

"Affiliates" means persons having an overt or covert relationship such that any one of them directly or indirectly controls or influences or has the power to control or influence another.

"Iowa Medicaid" means the entity comprised of department staff and contractors responsible for the management and reimbursement of Medicaid services for the benefit of Medicaid members.

"Person" means any individual human being or any company, firm, association, corporation, institution, or other legal entity. "Person" includes but is not limited to a provider and any affiliate of a provider.

"Probation" means a specified period of conditional participation in the medical assistance program.

"Provider" means an individual human being, firm, corporation, association, institution, or other legal entity that is providing or has been approved to provide medical assistance to a member pursuant to the state medical assistance program.

"Suspension from participation" means an exclusion from participation for a specified period of time.

"Suspension of payments" means the temporary cessation of payments due a person until the resolution of a matter in dispute between a person and the department.

"Termination from participation" means a permanent exclusion from participation in the medical assistance program.

"Withholding of payments" means a reduction or adjustment of the amounts paid to a person on pending and subsequently submitted bills for purposes of offsetting payments made to, received by, or in the possession of a person.

79.2(2) *Grounds for sanctions.* The department may impose sanctions against any person when appropriate. Appropriate grounds for the department to impose sanctions include but are not limited to the following:

a. Presenting or causing to be presented for payment any false, intentionally misleading, or fraudulent claim for services or merchandise.

b. Submitting or causing to be submitted false, intentionally misleading, or fraudulent information for the purpose of obtaining greater compensation than that to which the person is legally entitled, including charges in excess of usual and customary charges.

c. Submitting or causing to be submitted false, intentionally misleading, or fraudulent information for the purpose of meeting prior authorization or level of care requirements.

d. Upon lawful demand, failing to disclose or make available to the department, the department's authorized agent, any law enforcement or peace officer, any agent of the department of inspections, appeals, and licensing's Medicaid fraud control unit, any agent of the auditor of state, the Iowa department of justice, any false claims investigator as defined under Iowa Code chapter 685, or any other duly authorized federal or state agent or agency records of services provided to medical assistance members or records of payments made for those services.

e. Failing to provide or maintain quality services, or a requisite assurance of a framework of quality services to medical assistance recipients within accepted medical community standards as adjudged by professional peers if applicable. For purposes of this subrule, "quality services" means services provided in accordance with the applicable rules and regulations governing the services.

f. Engaging in a course of conduct or performing an act that is in violation of any federal, state, or local statute, rule, regulation, or ordinance, or an applicable contractual provision, that relates to, or arises out of, any publicly or privately funded health care program, including but not limited to any state medical assistance program.

g. Submitting a false, intentionally misleading, or fraudulent certification or statement, whether the certification or statement is explicit or implied, to the department or the department's representative or to any other publicly or privately funded health care program.

h. Overutilization of the medical assistance program by inducing, furnishing or otherwise causing a member to receive services or merchandise not required or requested.

i. Violating any provision of Iowa Code chapter 249A, or any rule promulgated pursuant thereto, or violating any federal or state false claims Act, including but not limited to Iowa Code chapter 685.

j. Submitting or causing to be submitted false, intentionally misleading, or fraudulent information in an application for provider status under the medical assistance program or any quality review or other submission required to maintain good standing in the program.

k. Violating any law, regulation, or code of ethics governing the conduct of an occupation, profession, or other regulated business activity, when the violation relates to, or arises out of, the delivery of services under the state medical assistance program.

l. Breaching any settlement or similar agreement with the department or failing to abide by the terms of any agreement with any other entity relating to, or arising out of, the state medical assistance program.

m. Failing to meet standards required by state or federal law for participation, including but not limited to licensure.

n. Exclusion from Medicare or any other state or federally funded medical assistance program.

o. Except as authorized by law, charging a person for covered services over and above what the department paid or would pay or soliciting, offering, or receiving a kickback, bribe, or rebate, or accepting or rebating a fee or a charge for medical assistance or patient referral, or a portion thereof. This ground does not include the collection of a copayment or deductible if otherwise allowed by law.

p. Failing to correct a deficiency in provider operations after receiving notice of the deficiency from the department or other federal or state agency.

q. Formal reprimand or censure by an association of the provider's peers or similar entity related to professional conduct.

r. Suspension or termination for cause from participation in another program, including but not limited to workers' compensation or any publicly or privately funded health care program.

s. Indictment or other institution of criminal charges for, or plea of guilty or nolo contendere to, or conviction of, any crime punishable by a term of imprisonment greater than one year, any crime of violence, any controlled substance offense, or any crime involving an allegation of dishonesty or negligent practice resulting in death or injury to a provider's patient.

t. Violation of a condition of probation, suspension of payments, or other sanction.

u. Loss, restriction, or lack of hospital privileges for cause.

v. Negligent, reckless, or intentional endangerment of the health, welfare, or safety of a person.

w. Billing for services provided by an excluded, nonenrolled, terminated, suspended, or otherwise ineligible provider or person.

x. Failing to submit a self-assessment, corrective action plan, or other requirement for continued participation in the medical assistance program, or failing to repay an overpayment of medical assistance funds, in a timely manner, as set forth in a rule or other order.

y. Attempting, aiding or abetting, conspiring, or knowingly advising or encouraging another person in the commission of one or more of the grounds specified herein.

79.2(3) *Sanctions.*

a. The department may impose any of the following sanctions on any person:

(1) A term of probation for participation in the medical assistance program.

(2) Termination from participation in the medical assistance program.

(3) Suspension from participation in the medical assistance program.

(4) Suspension of payments in whole or in part.

(5) Prior authorization of services.

(6) Review of claims prior to payment.

b. The withholding of a payment or a recoupment of medical assistance funds is not, in itself, a sanction. Overpayments, civil monetary penalties, and interest may also be withheld from payments without imposition of a sanction.

c. Mandatory suspensions and terminations.

(1) Suspension or termination from participation in the medical assistance program is mandatory when a person is suspended or terminated from participation in the Medicare program, another state's medical assistance program, or by any licensing body. The suspension or termination from participation in the medical assistance program will be retroactive to the date established by the CMS or other state or body and, in the case of a suspension, must continue until at least such time as the Medicare or other state's or body's suspension ends.

(2) Termination is mandatory upon entry of final judgment, in the Iowa district court or a federal district court of the United States, of liability of the person in a false claims action.

(3) Suspension from participation is mandatory whenever a person, or an affiliate of the person, has an outstanding overpayment of medical assistance funds, as defined in Iowa Code chapter 249A.

(4) Upon notification from the U.S. Department of Justice, the department of justice, the department of inspections, appeals, and licensing, or a similar agency that a person has failed to respond to a civil investigative demand or other subpoena in a timely manner as set forth in governing law and the demand or other subpoena itself, the department will immediately suspend the person from participation and suspend all payments to the person. The suspension and payment suspension will end upon notification that the person has responded to the demand in full.

79.2(4) *Imposition and extent of sanction.* The department will consider the totality of the circumstances in determining the sanctions to be imposed. The factors the department may consider include but are not limited to:

a. Seriousness of the offense.

b. Extent of violations.

c. History of prior violations.

d. Prior imposition of sanctions.

e. Prior provision of provider education (technical assistance).

f. Provider willingness to obey program rules.

g. Whether a lesser sanction will be sufficient to remedy the problem.

h. Actions taken or recommended by peer review groups or licensing boards.

79.2(5) *Scope of sanction.*

a. Suspension or termination from participation shall preclude the person from submitting claims for payment, whether personally or through claims submitted by any other person or affiliate, for any services or supplies except for those services provided before the suspension or termination.

b. No person may submit claims for payment for any services or supplies provided by a person or affiliate who has been suspended or terminated from participation in the medical assistance program except for those services provided before the suspension or termination.

c. When the provisions of this subrule are violated, the department may sanction any person responsible for the violation.

79.2(6) *Notice to third parties.* When a sanction is imposed, the department may notify third parties of the findings made and the sanction imposed, including but not limited to law enforcement or peace officers and federal or state agencies. The imposition of a sanction is not required before the department may notify third parties of a person's conduct. In accordance with 42 CFR §1002.212 as amended to July 1, 2026, the department must notify other state agencies, applicable licensing boards, the public, and Medicaid members as provided in 42 CFR §1001.2005 and 1001.2006, both as amended to July 1, 2026, whenever the department initiates an exclusion under 42 CFR §1002.210 as amended to July 1, 2026.

79.2(7) *Notice of violation.*

a. Any order of sanction will be in writing and include the name of the person subject to sanction, identify the ground for the sanction and its effective date, and be sent to the person's last-known address. If the department sanctions a provider, the order of sanction will also include the national provider identification number of the provider and be sent to the provider's last address on file within the medical assistance program. Proof of mailing to such address shall be conclusive evidence of proper service of the sanction upon the provider.

b. In the case of a currently enrolled provider otherwise in good standing with all program requirements, the provider shall have 15 days subsequent to the date of the notice prior to the department

action to show cause why the action should not be taken. If the provider fails to do so, the sanction will remain effective pending any subsequent appeal under 441—Chapter 2506. If the provider attempts to show cause but the department determines the sanction should remain effective pending any subsequent appeal under 441—Chapter 2506, the provider may seek a temporary stay of the department's action from the director or the director's designee by filing an application for stay with the department. The director or the director's designee shall consider the factors listed in Iowa Code section 17A.19(5)*"c."*

79.2(8) *Suspension or withholding of payments.* The department may withhold payments on pending and subsequently received claims in an amount reasonably calculated to approximate the amounts in question due to a sanction, incorrect payment, civil monetary penalty, or other adverse action and may also suspend payment or participation pending a final determination. If the department withholds or suspends payments, it will notify the person in writing within the time frames prescribed by federal law for cases related to a credible allegation of fraud, and within ten days for all other cases.

79.2(9) *Civil monetary penalties and interest.* Civil monetary penalties and interest assessed in accordance with Iowa Code section 249A.11 or 249A.47 are not allowable costs for any aspect of determining payment to a person within the medical assistance program. Under no circumstance will the department reimburse a person for such civil monetary penalties or interest.

79.2(10) *Report and return of identified overpayment.*

a. If a person has identified an overpayment, the person must report and return the overpayment in the form and manner set forth in this subrule.

b. A person has identified an overpayment if the person has actual knowledge of the existence of the overpayment or acts in reckless disregard or deliberate ignorance of the existence of the overpayment.

c. An overpayment required to be reported under Iowa Code section 249A.39 must be made in writing, addressed to Iowa Medicaid, and contain all of the following:

(1) Person's name.

(2) Person's tax identification number.

(3) How the error was discovered.

(4) The reason for the overpayment.

(5) Claim number(s), as appropriate.

(6) Date(s) of service.

(7) Member identification number(s).

(8) National provider identification (NPI) number.

(9) Description of the corrective action plan to ensure the error does not occur again, if applicable.

(10) Whether the person has a corporate integrity agreement with the Office of the Inspector General (OIG) or is under the OIG Self-Disclosure Protocol or is presently under sanction by the department.

(11) The time frame and the total amount of refund for the period during which the problem existed that caused the refund.

(12) If a statistical sample was used to determine the overpayment amount, a description of the statistically valid methodology used to determine the overpayment.

(13) A refund in the amount of the overpayment.

[**ARC 0316D**, IAB 5/27/26, effective 7/1/26]

441—79.3(249A) Maintenance of records by providers of service. A provider of a service that is charged to the medical assistance program shall maintain complete and legible records as required in this rule. Failure to maintain records or failure to make records available to the department or to its authorized representative timely upon request shall result in claim denial or recoupment.

79.3(1) *Financial (fiscal) records.*

a. A provider of service shall maintain records as necessary to:

(1) Support the determination of the provider's reimbursement rate under the medical assistance program; and

(2) Support each item of service for which a charge is made to the medical assistance program. These records include financial records and other records as may be necessary for reporting and accountability.

b. A financial record does not constitute a medical record.

79.3(2) *Medical (clinical) records.* A provider of service shall maintain complete and legible medical records for each service for which a charge is made to the medical assistance program. Required records shall include any records required to maintain the provider's license in good standing.

a. Definition. "Medical record" (also called "clinical record") means a tangible history that provides evidence of:

(1) The provision of each service and each activity billed to the program; and

(2) First and last name of the member receiving the service.

b. Purpose. The medical record shall provide evidence that the service provided is:

(1) Medically necessary;

(2) Consistent with the diagnosis of the member's condition; and

(3) Consistent with professionally recognized standards of care.

c. Components.

(1) Identification. Each page or separate electronic document of the medical record shall contain the member's first and last name. In the case of electronic documents, the member's first and last name must appear on each screen when viewed electronically and on each page when printed. As part of the medical record, the medical assistance identification number and the date of birth must also be identified and associated with the member's first and last name.

(2) Basis for service—general rule. General requirements for all services are listed herein. For the application of these requirements to specific services, see paragraph 79.3(2)*"d."* The medical record shall reflect the reason for performing the service or activity, substantiate medical necessity, and demonstrate the level of care associated with the service. The medical record shall include the items specified below unless the listed item is not routinely received or created in connection with a particular service or activity and is not required to document the reason for performing the service or activity, the medical necessity of the service or activity, or the level of care associated with the service or activity:

1. The member's complaint, symptoms, and diagnosis.
2. The member's medical or social history.
3. Examination findings.
4. Diagnostic test reports, laboratory test results, or X-ray reports.
5. Goals or needs identified in the member's plan of care.
6. Physician orders and any prior authorizations required for Medicaid payment.
7. Medication records, pharmacy records for prescriptions, or providers' orders.
8. Related professional consultation reports.
9. Progress or status notes for the services or activities provided.
10. All forms required by the department as a condition of payment for the services provided.
11. Any treatment plan, care plan, service plan, individual health plan, behavioral intervention plan, or individualized education program.
12. The provider's assessment, clinical impression, diagnosis, or narrative, including the complete date thereof and the identity of the person performing the assessment, clinical impression, diagnosis, or narrative.
13. Any additional documentation necessary to demonstrate the medical necessity of the service provided or otherwise required for Medicaid payment.

(3) Service documentation. The record for each service provided shall include information necessary to substantiate that the service was provided. Unless otherwise indicated below, the provider may document the services in any format so long as the documentation adequately substantiates the medical necessity and that the services were rendered. The service record shall include the following:

1. The specific procedures or treatments performed.
2. The complete date of the service, including the beginning and ending date if the service is rendered over more than one day.
3. The complete time of the service, including the beginning and ending time if the service is billed on a time-related basis. For those non-time-related services billed using Current Procedural Terminology (CPT) codes, the total time of the service shall be recorded, rather than the beginning and ending time.

4. The location where the service was provided if otherwise required on the billing form or in 441—paragraph 77.35(5)*"c"* or *"d,"* 441—paragraph 77.42(12)*"e,"* or 441—numbered paragraph 78.9(10)*"a"*(1)"2," first bullet point.

5. Medication administration record (MAR). The name, dosage, and route of administration of any medication dispensed or administered as part of the service.

6. Mileage log. The name, date, purpose of the trip, and total miles for transportation provided as part of the service.

7. Narrative description of any incidents or illnesses or unusual or atypical occurrences that occur during service provision.

8. Any supplies dispensed as part of the service.

9. The first and last name and professional credentials, if any, of the person providing the service.

10. The signature of the person providing the service, or the initials of the person providing the service if a signature log indicates the person's identity.

11. For 24-hour care, documentation for every shift of the services provided.

(4) Outcome of service. The medical record shall indicate the member's progress in response to the services rendered, including any changes in treatment, alteration of the plan of care, or revision of the diagnosis.

d. Basis for service requirements for specific services. The health care provider should include all records and documentation that substantiate the services provided to the member and all information necessary to allow accurate adjudication of the claim. Additionally, documentation requirements must meet the professional standards pertaining to the service provided. The medical record for the following services must include but is not limited to the items specified below (unless the listed item is not routinely received or created in connection with the particular service or activity and is not required to document the reason for performing the service or activity, its medical necessity, or the level of care associated with it).

(1) Physician (MD and DO) services:

1. Service or office notes or narratives.
2. Procedure, laboratory, or test orders and results.

(2) Pharmacy services:

1. Prescriptions.
2. Nursing facility physician order.
3. Telephone order.
4. Pharmacy notes.
5. Prior authorization documentation.

(3) Dentist services:

1. Treatment notes.
2. Anesthesia notes and records.
3. Prescriptions.

(4) Podiatrist services:

1. Service or office notes or narratives.
2. Certifying physician statement.
3. Prescription or order form.

(5) Certified registered nurse anesthetist services:

1. Service notes or narratives.
2. Preanesthesia physical examination report.
3. Operative report.
4. Anesthesia record.
5. Prescriptions.

(6) Other advanced registered nurse practitioner services:

1. Service or office notes or narratives.
2. Procedure, laboratory, or test orders and results.
3. Other service documentation as applicable.

(7) Optometrist and optician services:

1. Notes or narratives supporting eye examinations, medical services, and auxiliary procedures.
2. Original prescription or updated prescriptions for corrective lenses or contact lenses.
3. Prior authorization documentation.

(8) Psychologist services:

1. Service or office psychotherapy notes or narratives.
2. Psychological examination report and notes.
3. Other service documentation as applicable.

(9) Clinic services:

1. Service or office notes or narratives.
2. Procedure, laboratory, or test orders and results.
3. Nurses' notes.
4. Prescriptions.
5. Medication administration records.

(10) Services provided by rural health clinics or federally qualified health centers:

1. Service or office notes or narratives.
2. Prenatal Risk Assessment form.
3. Procedure, laboratory, or test orders and results.
4. Immunization records.

(11) Services provided by community mental health centers:

1. Service referral documentation.
2. Initial evaluation.
3. Individual treatment plan.
4. Service or office notes or narratives.
5. Narratives related to the peer review process and peer review activities related to a member's treatment.
6. Written plan for accessing emergency services.
7. Other service documentation as applicable.

(12) Screening center services:

1. Service or office notes or narratives.
2. Immunization records.
3. Laboratory reports.
4. Results of health, vision, or hearing screenings.

(13) Family planning services:

1. Service or office notes or narratives.
2. Procedure, laboratory, or test orders and results.
3. Nurses' notes.
4. Immunization records.
5. Consent forms.
6. Prescriptions.
7. Medication administration records.

(14) Maternal health center services:

1. Service or office notes or narratives.
2. Procedure, laboratory, or test orders and results.
3. Prenatal Risk Assessment form.

(15) Birthing center services:

1. Service or office notes or narratives.
2. Prenatal Risk Assessment form.

(16) Ambulatory surgical center services:

1. Service notes or narratives (history and physical, consultation, operative report, or discharge summary).
2. Physician orders.
3. Consent forms.

4. Anesthesia records.
5. Pathology reports.
6. Laboratory and X-ray reports.

(17) Hospital services:

1. Physician orders.
2. Service notes or narratives (history and physical, consultation, operative report, or discharge summary).
3. Progress or status notes.
4. Diagnostic procedures, including laboratory and X-ray reports.
5. Pathology reports.
6. Anesthesia records.
7. Medication administration records.

(18) State mental hospital services:

1. Service referral documentation.
2. Resident assessment and initial evaluation.
3. Individual comprehensive treatment plan.
4. Service notes or narratives (history and physical, therapy records, discharge summary).
5. Case Activity Report form.
6. Medication administration records.

(19) Services provided by skilled nursing facilities, nursing facilities, and nursing facilities for persons with mental illness:

1. Physician orders.
2. Progress or status notes.
3. Service notes or narratives.
4. Procedure, laboratory, or test orders and results.
5. Nurses' notes.
6. Physical therapy, occupational therapy, and speech therapy notes.
7. Medication administration records.
8. Case Activity Report form.

(20) Services provided by intermediate care facilities for persons with mental retardation:

1. Physician orders.
2. Progress or status notes.
3. Preliminary evaluation.
4. Comprehensive functional assessment.
5. Individual program plan.
6. Resident Care Agreement form.
7. Program documentation.
8. Medication administration records.
9. Nurses' notes.
10. Case Activity Report form.

(21) Services provided by psychiatric medical institutions for children:

1. Physician orders or court orders.
2. Independent assessment.
3. Individual treatment plan.
4. Service notes or narratives (history and physical, therapy records, discharge summary).
5. Case Activity Report form.
6. Medication administration records.

(22) Hospice services:

1. Physician certifications for hospice care.
2. Election of Medicaid Hospice Benefit form.
3. Revocation of Medicaid Hospice Benefit form.
4. Plan of care.

5. Physician orders.
6. Progress or status notes.
7. Service notes or narratives.
8. Medication administration records.
9. Prescriptions.

(23) Services provided by rehabilitation agencies:

1. Physician orders.
2. Initial certification, recertifications, and treatment plans.
3. Narratives from treatment sessions.
4. Treatment and daily progress or status notes and forms.

(24) Home- and community-based habilitation services:

1. Notice of decision for service authorization.
2. Service plan (initial and subsequent).
3. Service notes or narratives.
4. Other service documentation as applicable.

(25) Behavioral health intervention:

1. Order for services.
2. Comprehensive treatment or service plan (initial and subsequent).
3. Service notes or narratives.
4. Other service documentation as applicable.

(26) Services provided by area education agencies and local education agencies:

1. Service notes or narratives.
2. Individualized education program (IEP).
3. Individual health plan (IHP).
4. Behavioral intervention plan.

(27) Home health agency services:

1. Plan of care or plan of treatment.
2. Certifications and recertifications.
3. Service notes or narratives.
4. Physician, nurse practitioner, physician associate, or clinical nurse specialist orders or medical orders.

(28) Services provided by independent laboratories:

1. Laboratory reports.
2. Physician order for each laboratory test.

(29) Ambulance services:

1. Documentation on the claim or run report supporting medical necessity of the transport.
2. Documentation supporting mileage billed.

(30) Services of lead investigation agencies:

1. Service notes or narratives.
2. Child’s lead level logs (including laboratory results).
3. Written investigation reports to family, owner of building, child’s medical provider, and local childhood lead poisoning prevention program.
4. Health education notes, including follow-up notes.

(31) Medical supplies:

1. Prescriptions.
2. Certificate of medical necessity.
3. Prior authorization documentation.
4. Medical equipment invoice or receipt.

(32) Orthopedic shoe dealer services:

1. Service notes or narratives.
2. Prescriptions.
3. Certifying physician’s statement.

(33) Case management services, including HCBS case management services:
1. Notice of decision for service authorization.
2. Service notes or narratives.
3. Social history.
4. Comprehensive service plan.
5. Reassessment of member needs.
6. Incident reports in accordance with 441—subrule 24.4(5).
7. Other service documentation as applicable.

(34) Early access service coordinator services:
1. Individualized family service plan (IFSP).
2. Service notes or narratives.

(35) Home- and community-based waiver services, other than case management:
1. Notice of decision for service authorization.
2. Service plan.
3. Service logs, notes, or narratives.
4. Mileage and transportation logs.
5. Log of meal delivery.
6. Invoices or receipts.
7. HCBS Attendant Care Agreement and Attendant Care Service Record.
8. Other service documentation as applicable.

(36) Physical therapist services:
1. Physician order for physical therapy.
2. Initial physical therapy certification, recertifications, and treatment plans.
3. Treatment notes and forms.
4. Progress or status notes.

(37) Chiropractor services:
1. Service or office notes or narratives.
2. X-ray results.

(38) Hearing aid dealer and audiologist services:
1. Physician examinations and audiological testing form.
2. Waiver of informed consent.
3. Prior authorization documentation.
4. Service or office notes or narratives.

(39) Behavioral health services:
1. Assessment.
2. Individual treatment plan.
3. Service or office notes or narratives.
4. Other service documentation as applicable.

(40) Reserved.

(41) Services of public health agencies:
1. Service or office notes or narratives.
2. Immunization records.
3. Results of communicable disease testing.

(42) Community-based neurobehavioral rehabilitation residential services and community-based neurobehavioral rehabilitation intermittent services:
1. Department-approved standardized neurobehavioral assessment tool.
2. Community-based neurobehavioral treatment order.
3. Treatment plan.
4. Clinical records documenting diagnosis and treatment history.
5. Progress or status notes.
6. Service notes or narratives.
7. Procedure, laboratory, or test orders and results.

8. Therapy notes including but not limited to occupational therapy, physical therapy, and speech-language pathology services as applicable.

9. Medication administration records.

10. Other service documentation as applicable.

(43) Child care medical services:

1. Plan of care.

2. Certification and recertification.

3. Service notes or narratives.

4. Physician orders or medical orders.

5. Abbreviation list (a copy of the abbreviation list utilized within the member's record).

6. If initials or incomplete signatures are noted within the member's record, a signature log (a typed listing of each provider's name, including initials, professional credentials and title, followed by the individual provider's signature).

(44) Subacute mental health services.

1. Physician orders or court orders.

2. Independent assessment.

3. Individual treatment plan.

4. Service notes or narratives (history and physical, therapy records, discharge summary).

5. Medication administration records (residential services).

(45) Crisis response services, crisis stabilization community-based services and crisis stabilization residential services.

1. Assessment.

2. Individual stabilization plan.

3. Service notes or narratives (history and physical, therapy records, discharge summary).

4. Medication administration records (residential services).

e. Corrections. A provider may correct the medical record before submitting a claim for reimbursement.

(1) Corrections must be made or authorized by the person who provided the service or by a person who has first-hand knowledge of the service.

(2) A correction to a medical record must not be written over or otherwise obliterate the original entry. A single line may be drawn through erroneous information, keeping the original entry legible. In the case of electronic records, the original information must be retained and retrievable.

(3) Any correction must indicate the person making the change and any other person authorizing the change, must be dated and signed by the person making the change, and must be clearly connected with the original entry in the record.

(4) If a correction made after a claim has been submitted affects the accuracy or validity of the claim, an amended claim must be submitted.

79.3(3) *Maintenance requirement.* The provider shall maintain records as required by this rule:

a. During the time the member is receiving services from the provider.

b. For a minimum of five years from the date when a claim for the service was submitted to the medical assistance program for payment.

c. As may be required by any licensing authority or accrediting body associated with determining the provider's qualifications.

[**ARC 0316D**, IAB 5/27/26, effective 7/1/26]

441—79.4(249A) Reviews and audits.

79.4(1) *Definitions.*

"Authorized representative," within the context of this rule, means the person appointed to carry out audit or review procedures, including assigned auditors, reviewers or agents contracted for specific audits, reviews, or audit or review procedures.

"Claim" means each record received by the department or Iowa Medicaid that states the amount of requested payment and the service rendered by a specific and particular Medicaid provider to an eligible member.

"Clinical record" means a legible electronic or hard-copy history that documents the criteria established for medical records as set forth in rule 441—79.3(249A). A claim form or billing statement does not constitute a clinical record.

"Confidence level" means the statistical reliability of the sampling parameters used to estimate the proportion of payment errors (overpayment and underpayment) in the universe under review.

"Customary and prevailing fee" means a fee that is both (1) the most consistent charge by a Medicaid provider for a given service and (2) within the range of usual charges for a given service billed by most providers with similar training and experience in the state of Iowa.

"Extrapolation" means that the total amount of overpayment or underpayment will be determined by using sample data meeting the confidence level requirement.

"Fiscal record" means a legible electronic or hard-copy history that documents the criteria established for fiscal records as set forth in rule 441—79.3(249A). A claim form or billing statement does not constitute a fiscal record.

"Overpayment" means any payment or portion of a payment made to a provider that is incorrect according to the laws and rules applicable to the Medicaid program and that results in a payment greater than that to which the provider is entitled.

"Procedure code" means the identifier that describes medical or remedial services performed or the supplies, drugs, or equipment provided.

"Random sample" means a statistically valid random sample for which the probability of selection for every item in the universe is known.

"Underpayment" means any payment or portion of a payment not made to a provider for services delivered to eligible members according to the laws and rules applicable to the Medicaid program and to which the provider is entitled.

"Universe" means all items or claims under review or audit during the period specified by the audit or review.

79.4(2) *Audit or review of clinical and fiscal records by the department.* Any Medicaid provider may be audited or reviewed at any time at the discretion of the department.

a. Authorized representatives of the department have the right, upon proper identification, to audit or review the clinical and fiscal records to determine whether:

(1) The department has correctly paid claims for goods or services.

(2) The provider has furnished the services to Medicaid members.

(3) The provider has retained clinical and fiscal records that substantiate claims submitted for payment.

(4) The goods or services provided were in accordance with Iowa Medicaid policy.

b. Requests for provider records by Iowa Medicaid will include a Documentation Checklist form, which is available on the department's website, listing the specific records that must be provided for the audit or review pursuant to paragraph 79.3(2)*"d"* to document the basis for services or activities provided.

c. Records generated and maintained by the department may be used by auditors or reviewers and in all proceedings of the department.

79.4(3) *Audit or review procedures.* The department will select the method of conducting an audit or review and will protect the confidential nature of the records being audited or reviewed. The provider may be required to furnish records to the department. Unless the department specifies otherwise, the provider may select the method of delivering any requested records to the department.

a. Upon a written request for records, the provider must submit all responsive records to the department or its authorized agent within 30 calendar days of the mailing date of the request, except as provided in paragraph 79.4(3)*"b."*

b. Extension of time limit for submission.

(1) The department may grant an extension to the required submission date of up to 15 calendar days upon written request from the provider or the provider's designee. The request must:

1. Establish good cause for the delay in submitting the records; and
2. Be received by the department before the date the records are due to be submitted.

(2) For purposes of these rules, "good cause" has the same meaning as in Iowa Rule of Civil Procedure 1.977.

(3) The department may grant a request for an extension of the time limit for submitting records at its discretion. The department shall issue a written notice of its decision.

(4) The provider may appeal the department's denial of a request to extend the time limit for submission of requested records according to the procedures in 441—Chapter 2506.

c. The department may elect to conduct announced or unannounced on-site reviews or audits. Records must be provided upon request and before the end of the on-site review or audit.

(1) For an announced on-site review or audit, the department's employee or authorized agent may give as little as one day's advance notice of the review or audit and the records and supporting documentation to be reviewed.

(2) Notice is not required for unannounced on-site reviews and audits.

(3) In an on-site review or audit, the conclusion of that review or audit is considered the end of the period within which to produce records.

d. Audit or review procedures may include, but are not limited to, the following:

(1) Comparing clinical and fiscal records with each claim.

(2) Interviewing members who received goods or services and employees of providers.

(3) Examining third-party payment records.

(4) Comparing Medicaid charges with private-patient charges to determine that the charge to Medicaid is not more than the customary and prevailing fee.

(5) Examining all documents related to the services for which Medicaid was billed.

e. Use of statistical sampling techniques. The department's procedures for auditing or reviewing Medicaid providers may include the use of random sampling and extrapolation.

(1) A statistically valid random sample will be selected from the universe of records to be audited or reviewed. The sample size will be selected using accepted sample size estimation methods. The confidence level of the sample size calculation will not be less than 95 percent.

(2) Following the sample audit or review, the statistical margin of error of the sample will be computed, and a confidence interval will be determined. The estimated error rate will be extrapolated to the universe from which the sample was drawn within the computed margin of error of the sampling process.

(3) Commonly accepted statistical analysis programs may be used to estimate the sample size and calculate the confidence interval, consistent with the sampling parameters.

(4) The audit or review findings generated through statistical sampling procedures constitute prima facie evidence in all department proceedings regarding the number and amount of overpayments or underpayments received by the provider.

f. Self-audit. The department may require a provider to conduct a self-audit and report the results of the self-audit to the department.

79.4(4) *Preliminary report of audit or review findings.* If the department concludes from an audit or review that an overpayment has occurred, the department will issue a preliminary finding of a tentative overpayment and inform the provider of the opportunity to request a reevaluation.

79.4(5) *Disagreement with audit or review findings.* If a provider disagrees with the preliminary finding of a tentative overpayment, the provider may request a reevaluation by the department and may present clarifying information and supplemental documentation.

a. Reevaluation request. A request for reevaluation must be submitted in writing within 15 calendar days of the date of the notice of the preliminary finding of a tentative overpayment. The request must specify the issues of disagreement.

(1) If the audit or review is being performed by Iowa Medicaid, the request should be addressed to Iowa Medicaid at the department's address.

(2) If the audit or review is being performed by any other departmental entity, the request should be addressed to the department at its address.

b. Additional information. A provider that has made a reevaluation request pursuant to paragraph 79.4(5)*"a"* may submit clarifying information or supplemental documentation that was not previously

provided. This information must be received at the applicable address within 30 calendar days of the mailing of the preliminary finding of a tentative overpayment to the provider, except as provided in paragraph *"c"* of this subrule.

c. Disagreement with sampling results. When the department's audit or review findings have been generated through sampling and extrapolation and the provider disagrees with the findings, the burden of proof of compliance rests with the provider. The provider may present evidence to show that the sample was invalid. The evidence may include a 100 percent audit or review of the universe of provider records used by the department in the drawing of the department's sample. Any such audit or review must:

(1) Be arranged and paid for by the provider.

(2) Be conducted by an individual or organization with expertise in coding, medical services, and Iowa Medicaid policy if the issues relate to clinical records.

(3) Be conducted by a certified public accountant if the issues relate to fiscal records.

(4) Demonstrate that bills and records that were not audited or reviewed in the department's sample are in compliance with program regulations.

(5) Be submitted to the department with all supporting documentation within 60 calendar days of the mailing of the preliminary finding of a tentative overpayment to the provider.

79.4(6) *Finding and order for repayment.* Upon completion of a requested reevaluation or upon expiration of the time to request reevaluation, the department will issue a finding and order for repayment of any overpayment and may immediately begin withholding payments on other claims to recover any overpayment.

79.4(7) *Appeal by provider of care.* A provider may appeal the finding and order of repayment and withholding of payments pursuant to 441—Chapter 2506. However, an appeal will not stay the withholding of payments or other action to collect the overpayment. Records not provided to the department during the review process set forth in subrule 79.4(3) or 79.4(5) are not admissible in any subsequent contested case proceeding arising out of a finding and order for repayment of any overpayment identified under subrule 79.4(6). This provision does not preclude providers that have provided records to the department during the review process set forth in subrule 79.4(3) or 79.4(5) from presenting clarifying information or supplemental documentation in the appeals process in order to defend against any overpayment identified under subrule 79.4(6). This provision is intended to minimize potential duplication of effort and delay in the audit or review process, minimize unnecessary appeals, and otherwise forestall fraud, waste, and abuse in the Iowa Medicaid program.

[**ARC 0316D**, IAB 5/27/26, effective 7/1/26]

441—79.5(249A) Nondiscrimination on the basis of handicap. All providers of service shall comply with Section 504 of the Rehabilitation Act of 1973 and federal regulations 45 CFR Part 84, both as amended to July 1, 2026, which prohibit discrimination on the basis of handicap in all federal Department of Health and Human Services funded programs.

[**ARC 0316D**, IAB 5/27/26, effective 7/1/26]

441—79.6(249A) Provider participation agreement. Providers of medical and health care wishing to participate in the program shall execute an agreement with the department on an Agreement Between Provider of Medical and Health Services and the Iowa Department of Health and Human Services Regarding Participation in Medical Assistance Program.

EXCEPTION:

Dental providers are required to complete an Addendum to Dental Provider Agreement for Orthodontia to receive reimbursement under the early and periodic screening, diagnosis, and treatment program.

In these agreements, the provider agrees to the following:

79.6(1) To maintain clinical and fiscal records as specified in rule 441—79.3(249A).

79.6(2) That the charges as determined in accordance with the department's policy shall be the full and complete charge for the services provided and no additional payment shall be claimed from the recipient or any other person for services provided under the program.

79.6(3) That it is understood that payment in satisfaction of the claim will be from federal and state funds and any false claims, statements, or documents, or concealment of a material fact may be prosecuted under applicable federal and state laws.

[**ARC 0316D**, IAB 5/27/26, effective 7/1/26]

441—79.7(249A) Medicaid advisory council.

79.7(1) *Officers.*

a. The public co-chairperson's term of office shall be two years. A public co-chairperson shall serve no more than two consecutive terms.

b. The public co-chairperson shall have the right to vote on any issue before the council.

c. The position of public co-chairperson shall be held by one of the five public council members. Ballots will be distributed to the public council members at the quarterly meeting closest to the beginning of the next state fiscal year and will be collected in paper and electronic format and administered by the department. The initial ballot will be distributed by email prior to the first meeting in that fiscal year in order to identify the public co-chairperson prior to the council's first meeting.

d. Responsibilities.

(1) The co-chairpersons shall be responsible for development of the agendas for meetings of the council. Agendas will be developed and distributed in compliance with the advance notice requirements of Iowa Code section 21.4. Agendas will be developed in consultation with department staff and the director, taking into consideration the following:

1. Work plans. Items will be added to the council's agenda as various tasks for the council are due to be discussed based on calendar requirements. Council deliberations are to be conducted within a time frame to allow the council to receive and make recommendations to the director and for the director to consider those recommendations as budgets and policy for the medical assistance program are developed for the review of the council on human services and the governor, as well as for the upcoming legislative session.

2. Requests from the director.

3. Discussion and action items from council members. The co-chairpersons will review any additional suggestions from council members at any time, including after the draft agenda has been distributed. The agenda will be distributed in draft form five business days prior to the council meeting, and the final agenda will be distributed no later than 24 hours prior to the council meeting.

(2) The co-chairpersons shall preside over all council meetings, calling roll, determining a quorum, counting votes, and following the agenda for the meeting.

(3) The co-chairpersons shall consult with the department on other administrative tasks to oversee the council and shall participate in workgroups and subcommittees as appropriate.

79.7(2) *Membership.* The membership of the council shall be as prescribed in Iowa Code section 249A.4B.

a. Council membership of professional and business entities shall number five and be identified from a vote among those entities outlined in Iowa Code section 249A.4B(3). Professional and business entities shall vote every fiscal year to identify the entities and their subsequent representatives that will represent the body of professional and business stakeholders on the council. Professional and business entities will also report their contact information to the department.

(1) The length of term for all following elected members shall be two years.

(2) Elections shall be organized along the following guidelines.

1. Ballots will be distributed at the quarterly meeting closest to the beginning of the next state fiscal year and will be collected in paper and electronic format and counted by department staff.

2. The entities that receive the most votes shall serve on the council.

(3) Should any vacancy occur on the council, the entity that received the next highest number of votes in the most recent election shall serve on the council.

(4) If a voting entity's representative does not attend more than three consecutive meetings, the department will notify the entity and representative and verify whether an alternative contact is needed. If a fourth consecutive meeting is missed after the notification, the voting entity's seat will be considered vacant and will be filled as outlined in subparagraph 79.7(2)*"a"*(3).

b. Council membership of public representatives shall consist of five representatives, of whom one must be a recipient of medical assistance. All five public representatives will be appointed by the governor for staggered terms of two years each. All five public representatives will be voting members of the council.

c. Reserved.

d. Council membership shall also consist of state agency and medical school partners, including representatives from Des Moines University Medicine and Health Sciences and the University of Iowa Carver College of Medicine.

(1) Partner agency and medical school representatives will be nonvoting members of the council.

(2) If an agency's or school's representative does not attend more than three consecutive meetings, the department will notify the agency or school.

(3) Partner agencies and medical schools shall determine the length of appointment of their representatives. The department will confirm each representative's participation every two years.

e. The following members of the general assembly shall be members of the council, each for a term of two years as provided in Iowa Code section 4A.13. Members appointed from the general assembly will serve as nonvoting members of the council.

(1) Two members of the house of representatives, one appointed by the speaker of the house of representatives and one appointed by the minority leader of the house of representatives from their respective parties.

(2) Two members of the senate, one appointed by the president of the senate after consultation with the majority leader of the senate and one appointed by the minority leader of the senate from their respective parties.

79.7(3) *Responsibilities, duties and meetings.* The responsibility of the medical assistance advisory council is to provide recommendations on the medical assistance program to the department.

a. Recommendations. Recommendations made by the council shall be advisory and not binding upon the department or the professional and business entities represented. The director will consider the recommendations in the director's preparation of medical assistance budget recommendations to the council on human services pursuant to Iowa Code section 217.3 and implementation of medical assistance program policies.

b. Council. The council shall be provided with information to deliberate and provide input on the medical assistance program. The council will use that input in making final recommendations to the department.

(1) Council meetings.

1. The council will meet quarterly at a minimum.

2. Meetings may be called by the co-chairpersons; upon written request of at least 50 percent of members; or by the director.

3. Meetings shall be held in the Des Moines, Iowa, area unless other notification is given. Meetings will also be made available via teleconference, when available.

4. Written notice of council meetings shall be electronically mailed at least five business days in advance of the meeting. Each notice shall include an agenda for the meeting. The final agenda will be distributed no later than 24 hours prior to the meeting.

(2) The council shall advise the professional and business entities represented and act as liaison between them and the department.

(3) The council shall perform other functions as may be provided by state or federal law or regulation.

(4) Pursuant to 2016 Iowa Acts, chapter 1139, section 93, the council shall regularly review Medicaid managed care. The council shall submit an executive summary of pertinent information regarding deliberations during the prior year relating to Medicaid managed care to the department no later than November 15 annually.

(5) Pursuant to 2016 Iowa Acts, chapter 1139, section 94, the council shall submit to the chairpersons and ranking members of the human resources committees of the senate and house of representatives and to the chairpersons and ranking members of the joint appropriations subcommittee on health and

human services, on a quarterly basis, minutes of the council meetings during which the council addressed Medicaid managed care.

79.7(4) *Procedures.*

a. A quorum shall consist of 50 percent (five persons) of the current voting members.

b. Where a quorum is present, a position is carried by two-thirds of the present council members.

c. Minutes of council meetings and other written materials developed by the council shall be distributed by the department to each member of the council.

d. In cases not covered by these rules, Robert's Rules of Order shall govern.

79.7(5) *Expenses, staff support, and technical assistance.* Expenses of the council, such as those for clerical services, mailing, telephone, and meeting place, shall be the responsibility of the department. The department will arrange for a meeting place, related services, and accommodations. The department will provide staff support and independent technical assistance to the council.

a. The department will provide reports, data, and proposed and final amendments to rules, laws, and guidelines to the council for its information, review, and comment.

b. The department will present the annual budget for the medical assistance program for review and comment.

c. The department will permit staff members to appear before the council to review and discuss specific information and problems.

d. The department will maintain a current list of members on the council.

e. The department will be responsible for the organization of all council meetings and notice of meetings.

f. As required in Iowa Code section 21.3, minutes of the meetings of the council will be kept by the department. The council will review minutes before distribution to the public.

[**ARC 0316D**, IAB 5/27/26, effective 7/1/26]

441—79.8(249A) Beneficiary advisory council. Pursuant to 42 CFR 431.12(e), Iowa Medicaid will form and support a beneficiary advisory council. The council will be governed by bylaws, which are available on the department's website.

[**ARC 0316D**, IAB 5/27/26, effective 7/1/26]

441—79.9(249A) Requests for prior authorization. This rule governs requests for prior authorization for services not provided through an MCO. For services provided through an MCO, the prior authorization request is submitted, reviewed, and authorized by the MCO.

79.9(1) Making the request.

a. Providers may submit requests for prior authorization for any items or procedures, other than prescription drugs, by mail or by facsimile transmission (fax) using an Outpatient Prior Authorization Request form, or electronically using the Accredited Standards Committee (ASC) X12N 278 transaction, Health Care Services Request for Review and Response. Requests for prior authorization for drugs must be submitted on any Request for Prior Authorization form designated for the drug being requested in the preferred drug list published pursuant to Iowa Code chapter 249A.

b. Providers shall send requests for prior authorization to Iowa Medicaid. The request should address the relevant criteria applicable to the particular service, medication or equipment for which prior authorization is sought according to rule 441—78.28(249A). Copies of history and examination results may be attached to rather than incorporated in the letter.

c. If a request for prior authorization submitted electronically requires attachments or supporting clinical documentation and a national electronic attachment has not been adopted, the provider shall:

(1) Use a Prior Authorization Attachment Control form as the cover sheet for the paper attachments or supporting clinical documentation; and

(2) Reference on that form the attachment control number submitted on the ASC X12N 278 electronic transaction.

79.9(2) The policy applies to services or items specifically designated as requiring prior authorization.

79.9(3) The provider shall receive a notice of approval or denial for all requests.

a. In the case of prescription drugs, notices of approval or denial will be faxed to the prescriber and pharmacy.

b. Decisions regarding approval or denial of prescription drugs will be made within 24 hours from the receipt of the prior authorization request. In cases where the request is received during nonworking hours, the time limit will be construed to start with the first hour of the normal working day following the receipt of the request.

c. Decisions regarding approval or denial for items or procedures other than prescription drugs will be made according to the time frames set forth in 42 CFR 438.210(d) as amended to July 1, 2026.

79.9(4) Prior authorizations approved because a decision is not timely made shall not be considered a precedent for future similar requests.

79.9(5) Approved prior authorization applies to covered services and does not apply to the recipient's eligibility for medical assistance.

79.9(6) If a provider is unsure if an item or service is covered because it is rare or unusual, the provider may submit a request for prior approval in the same manner as other requests for prior approval in subrule 79.9(1).

79.9(7) Requests for prior approval of services will be reviewed according to rule 441—79.9(249A) and the conditions for payment as established by rule in 441—Chapter 78.

a. Where ambiguity exists as to whether a particular item or service is covered, requests for prior approval will be reviewed according to the following criteria in order of priority:

(1) The conditions for payment outlined in the provider manual with reference to coverage and duration.

(2) The determination made by the Medicare program unless specifically stated differently in state law or rule.

(3) The recommendation to the department from the appropriate advisory committee.

(4) Whether there are other less expensive covered procedures that would be as effective.

(5) The advice of an appropriate professional consultant.

b. When Iowa Medicaid has not reached a decision on a request for prior authorization after 60 days from the date of receipt, the request will be approved.

79.9(8) The amount, duration and scope of the Medicaid program is outlined in 441—Chapters 78, 79, 81, 82 and 85. Additional clarification of policies is available in the provider manual distributed and updated to all participating providers.

79.9(9) Iowa Medicaid will issue a notice of decision to the recipient upon a denial of request for prior approval pursuant to 441—Chapter 16. Iowa Medicaid will mail the notice of decision to the recipient within five working days of the date the prior approval form is returned to the provider.

79.9(10) If a request for prior approval is denied by Iowa Medicaid, the request may be resubmitted for reconsideration with additional information justifying the request. The aggrieved party may file an appeal in accordance with 441—Chapter 2506.

[**ARC 0316D**, IAB 5/27/26, effective 7/1/26]

441—79.10(249A) General provisions for Medicaid coverage applicable to all Medicaid providers and services.

79.10(1) Medicare definitions and policies apply to services provided unless specifically defined differently.

79.10(2) The services covered by Medicaid shall:

a. Be consistent with the diagnosis and treatment of the patient's condition.

b. Be in accordance with standards of good medical practice.

c. Be required to meet the medical need of the patient and be for reasons other than the convenience of the patient or the patient's practitioner or caregiver.

d. Be the least costly type of service that would reasonably meet the medical need of the patient.

e. Be eligible for federal financial participation unless specifically covered by state law or rule.

f. Be within the scope of the licensure of the provider.

g. Be provided with the full knowledge and consent of the recipient or someone acting in the recipient's behalf unless otherwise required by law or court order or in emergency situations.

h. Be supplied by a provider who is eligible to participate in the Medicaid program. The provider must use the billing procedures and documentation requirements described in 441—Chapters 78 and 80.

79.10(3) Providers shall supply all the same services to Medicaid eligibles served by the provider as are offered to other clients of the provider.

79.10(4) Recipients must be informed before the service is provided that the recipient will be responsible for the bill if a noncovered service is provided.

79.10(5) Medical services provided to a person while the person is an inmate of a public jail, prison, juvenile detention center, or other public penal institution of more than four beds are not covered by Medicaid.

79.10(6) The acceptance of Medicaid funds by means of a prospective or interim rate creates an express trust. The Medicaid funds received constitute the trust res. The trust terminates when the rate is retrospectively adjusted or otherwise finalized and, if applicable, any Medicaid funds determined to be owed are repaid in full to the department.

79.10(7) Incorrect payment.

a. Except as provided in paragraph 79.10(7)*"b,"* medical assistance funds are incorrectly paid whenever an individual who provided the service to the member for which the department paid was at the time service was provided the parent of a minor child, spouse, or legal representative of the member.

b. Notwithstanding paragraph 79.10(7)*"a,"* medical assistance funds are not incorrectly paid when an individual who serves as a member's legal representative provides services to the member under a home- and community-based services waiver attendant care agreement or under a consumer choices option employment agreement in effect on or after December 31, 2013. For purposes of this paragraph, "legal representative" means a person, including an attorney, who is authorized by law to act on behalf of the medical assistance program member but does not include the spouse of a member or the parent or stepparent of a member aged 17 or younger.

79.10(8) The rules of the medical assistance program shall not be construed to require payment of medical assistance funds, in whole or in part, directly or indirectly, overtly or covertly, for the provision of non-Medicaid services. The rules of the medical assistance program shall be interpreted in such a manner to minimize any risk that medical assistance funds might be used to subsidize services to persons other than members of the medical assistance program.

[**ARC 0316D**, IAB 5/27/26, effective 7/1/26]

441—79.11(249A) Requests for preadmission review. The inpatient hospitalization of Medicaid recipients is subject to preadmission review by Iowa Medicaid as required in rule 441—78.3(249A).

79.11(1) The patient's admitting physician, the physician's designee, or the hospital will contact Iowa Medicaid to request approval of Medicaid coverage for the hospitalization according to instructions issued to providers by Iowa Medicaid and instructions in the Medicaid provider manual.

79.11(2) Medicaid payment will not be made to the hospital if Iowa Medicaid denies the procedure requested in the preadmission review.

79.11(3) Iowa Medicaid will issue a letter of denial to the patient, the physician, and the hospital when a request is denied. The patient, the physician, or the hospital may request a reconsideration of the decision by filing a written request with Iowa Medicaid within 60 days of the date of the denial letter.

79.11(4) The aggrieved party may appeal a denial of a request for reconsideration by Iowa Medicaid according to 441—Chapter 2506.

79.11(5) The requirement to obtain preadmission review is waived when the patient is enrolled in the managed health care option known as patient management and proper authorization for the admission has been obtained from the patient manager as described in 441—Chapter 73.

[**ARC 0316D**, IAB 5/27/26, effective 7/1/26]

441—79.12(249A) Requests for preprocedure surgical review. Iowa Medicaid conducts a preprocedure review of certain frequently performed surgical procedures to determine the necessity of the procedures and if Medicaid payment will be approved according to requirements found in 441—subrules 78.1(19), 78.3(18), and 78.26(3).

79.12(1) The physician must request approval from Iowa Medicaid when the physician expects to perform a surgical procedure appearing on the department's preprocedure surgical review list published in the Medicaid provider manual. All requests for preprocedure surgical review shall be made according to instructions issued to physicians, hospitals and ambulatory surgical centers appearing in the Medicaid provider manual and instructions issued to providers by Iowa Medicaid.

79.12(2) Iowa Medicaid will issue the physician a validation number for each request and advise whether payment for the procedure will be approved or denied.

79.12(3) Iowa Medicaid payment will not be made to the physician and other medical personnel or the facility in which the procedure is performed, e.g., hospital or ambulatory surgical center, if Iowa Medicaid does not give approval.

79.12(4) Iowa Medicaid will issue a denial letter to the patient, the physician, and the facility when the requested procedure is not approved. The patient, the physician, or the facility may request a reconsideration of the decision by filing a written request with Iowa Medicaid within 60 days of the date of the denial letter.

79.12(5) The aggrieved party may appeal a denial of a request for reconsideration by Iowa Medicaid in accordance with 441—Chapter 2506.

[**ARC 0316D**, IAB 5/27/26, effective 7/1/26]

441—79.13(249A) Advance directives. "Advance directive" means a written instruction, such as a living will or durable power of attorney for health care, recognized under state law and related to the provision of health care when the person is incapacitated. All hospitals, home health agencies, home health providers of waiver services, hospice programs, and health maintenance organizations (HMOs) participating in Medicaid shall establish policies and procedures with respect to all adults receiving medical care through the provider or organization to comply with state law regarding advance directives as follows:

79.13(1) A hospital at the time of a person's admission as an inpatient, a home health care provider in advance of a person's coming under the care of the provider, a hospice provider at the time of initial receipt of hospice care by a person, and an HMO at the time of enrollment of the person with the organization shall provide written information to each adult that explains the person's rights under state law to make decisions concerning medical care, including the right to accept or refuse medical or surgical treatment and the right to formulate advance directives, and the provider's policies regarding the implementation of these rights.

79.13(2) The provider or organization shall document in the person's medical record whether or not the person has executed an advance directive.

79.13(3) The provider or organization shall not condition the provision of care or otherwise discriminate against a person based on whether or not the person has executed an advance directive.

79.13(4) The provider or organization shall ensure compliance with requirements of state law regarding advance directives.

79.13(5) The provider or organization shall provide for education for staff and the community on issues concerning advance directives.

Nothing in this rule shall be construed to prohibit the application of a state law that allows for an objection on the basis of conscience for any provider or organization that as a matter of conscience cannot implement an advance directive.

[**ARC 0316D**, IAB 5/27/26, effective 7/1/26]

441—79.14(249A) Requirements for enrolled Medicaid providers supplying laboratory services. Medicaid-enrolled entities providing laboratory services are subject to the provisions of the Clinical Laboratory Improvement Amendments of 1988 (CLIA) and Public Law 100-578, both as amended to July 1, 2026, and implementing federal regulations published at 42 CFR Part 493 as amended to July 1, 2026. Medicaid payment will not be afforded for services provided by an enrolled Medicaid provider supplying laboratory services that fails to meet these requirements. For the purposes of this rule, laboratory services are defined as services to examine human specimens for the diagnosis, prevention or treatment of any disease or impairment of, or assessment of, the health of human beings.

[**ARC 0316D**, IAB 5/27/26, effective 7/1/26]

441—79.15(249A) Provider enrollment.

79.15(1) Application request. Iowa Medicaid providers, including those enrolled with an MCO, shall begin the enrollment process by completing the appropriate application on the department's website. Managed care organizations and fiscal agents are exempt from completing an application.

a. Providers of home- and community-based waiver services shall submit a Medicaid HCBS Provider Application form at least 90 days before the planned service implementation date.

b. Providers enrolling as ordering or referring providers shall submit an Iowa Medicaid Ordering/Referring Provider Enrollment Application form.

c. All other providers shall submit an Iowa Medicaid Provider Enrollment Application form.

d. A nursing facility shall also complete the process set forth in 441—subrule 81.11(1).

e. An intermediate care facility for persons with an intellectual disability shall also complete the process set forth in rule 441—82.3(249A).

f. Qualified Medicare beneficiary (QMB) providers shall enroll using a Qualified Medicare Beneficiaries (QMB) or Health Insurance Premium Payment (HIPP) Program Provider Enrollment Application form.

g. Health insurance premium payment (HIPP) providers shall enroll using a Qualified Medicare Beneficiaries (QMB) or Health Insurance Premium Payment (HIPP) Program Provider Enrollment Application form.

79.15(2) Submittal of application. The provider shall submit the appropriate application forms, including the application fee, if required, to Iowa Medicaid at the department's address.

a. The application shall include the provider's national provider identifier number or shall indicate that the provider is an atypical provider that is not issued a national provider identifier number.

b. With the application form, an assertive community treatment program shall submit an Assertive Community Services (ACS) Provider Agreement Addendum and agree to file with the department an annual report containing information to be used for rate setting, including:

(1) Data by practitioner on the utilization by Medicaid members of all the services included in assertive community treatment, and

(2) Cost information by practitioner type and by type of service actually delivered as part of assertive community treatment.

c. Reserved.

d. Application fees.

(1) Providers who are enrolling or reenrolling in the Iowa Medicaid program shall submit an application fee with their application unless they are exempt as set forth in this paragraph.

(2) Fee amount. The application fee shall be in the amount prescribed by the Secretary of the U.S. Department of Health and Human Services (the Secretary) for the calendar year in which the application is submitted and in accordance with 42 U.S.C. 1395cc(j)(2)(C) as amended to July 1, 2026.

(3) Nonrefundable. The application fee is nonrefundable, except if submitted with one of the following:

1. A hardship exception request that is subsequently approved by the Secretary.

2. An application that is subsequently denied as a result of a temporary moratorium under Iowa Code section 249A.48.

3. An application or other transaction in which the application fee is not required.

(4) The process for enrolling or reenrolling a provider will not begin until the application fee has been received by the department or a hardship exception request has been approved by the Secretary.

(5) The following providers shall not be required to submit an application fee:

1. Individual physicians or nonphysician practitioners.

2. Providers that are enrolled in Medicare, another state's Medicaid program or another state's children's health insurance program.

3. Providers that have paid the applicable application fee within 12 months of the date of application submission to a Medicare contractor or another state.

(6) All application fees collected shall be used for the costs associated with the screening procedures as described in subrule 79.15(4). Any unused portion of the application fees collected shall be returned to the federal government in accordance with 42 CFR §455.460 as amended to July 1, 2026.

79.15(3) Program integrity information requirements.

a. All providers, including but not limited to MCOs and Medicaid fiscal agents, applying for participation in the Iowa Medicaid program must disclose all information required to be submitted pursuant to 42 CFR Part 455 as amended to July 1, 2026. In addition, all providers shall disclose any current, or previous, direct or indirect affiliation with a present or former Iowa Medicaid provider that:

(1) Has any uncollected debt owed to Medicaid or any other health care program funded by any governmental entity, including but not limited to the federal and state of Iowa governments;

(2) Has been or is subject to a payment suspension under a federally funded health care program;

(3) Has been excluded from participation under Medicaid, Medicare, or any other federally funded health care program;

(4) Has had its billing privileges denied or revoked;

(5) Has been administratively dissolved by the Iowa secretary of state, or similar action has been taken by a comparable agency in another state; or

(6) Shares a national provider identification (NPI) number or tax ID number with another provider that meets the criteria specified in subparagraph 79.15(3)*"a"*(1), *"a"*(2), *"a"*(3), *"a"*(4), or *"a"*(5).

b. Iowa Medicaid may deny enrollment to a provider applicant or disenroll a current provider that has any affiliation as set forth in this rule if the department determines that the affiliation poses a risk of fraud, waste, or abuse. Such denial or disenrollment is appealable under 441—Chapter 2506, but, notwithstanding any provision to the contrary in that chapter, the provider shall bear the burden to prove by clear and convincing evidence that the affiliation does not pose any risk of fraud, waste, or abuse. Iowa Medicaid will deny enrollment to or immediately disenroll any person that Iowa Medicaid, Medicare, or any other state Medicaid program has ever terminated under rule 441—79.2(249A) or a similar provision and will deny enrollment to any person presently suspended from participation, or who would be subject to a suspension, under paragraph 79.2(3)*"c."* Further, a person sanctioned under rule 441—79.2(249A) or a similar provision may not manage consumer choices option (CCO) funds for a member.

c. For purposes of this rule, the term "direct or indirect affiliation" includes but is not limited to relationships between individuals, business entities, or a combination of the two. The term includes but is not limited to direct or indirect business relationships that involve:

(1) A compensation arrangement;

(2) An ownership arrangement;

(3) Managerial authority over any member of the affiliation;

(4) The ability of one member of the affiliation to control or influence any other; or

(5) The ability of a third party to control or influence any member of the affiliation.

d. Notwithstanding any previous successful enrollment in the medical assistance program, the passing of any background check by the department or any other entity, or similar prior approval for participation as a provider in the medical assistance program, in whole or in part, disenrollment from the medical assistance program is mandatory when, in the case of a corporation or similar entity, 5 percent or more of the corporation or similar entity is owned, controlled, or directed by a person who (1) has within the last five years been listed on any dependent adult abuse registry, child abuse registry, or sex offender registry; (2) has pled guilty or nolo contendere to, or was convicted of, any crime punishable by a term of imprisonment greater than five years; (3) has, within the last five years, pled guilty or nolo contendere to, or was convicted of, any controlled substance offense; (4) has, within the last ten years, pled guilty or nolo contendere to, or was convicted of, any crime involving an allegation of dishonesty punishable by a term of imprisonment greater than one year but not more than five years; or (5) within the last ten years, has on more than one occasion pled guilty or nolo contendere to, or was convicted of, any crime involving an allegation of dishonesty.

79.15(4) Screening procedures and requirements. Providers applying for participation in the Iowa Medicaid program shall be subject to the "limited," "moderate," or "high" categorical risk screening procedures and requirements in accordance with 42 CFR §455.450 as amended to July 1, 2026.

a. For the types of providers that are recognized as a provider under the Medicare program, Iowa Medicaid will use the same categorical risk screening procedures and requirements assigned to that provider type by Medicare pursuant to 42 CFR §424.518 as amended to July 1, 2026.

b. Provider types not assigned a screening level by the Medicare program will be subject to the procedures of the "limited" risk screening level pursuant to 42 CFR §455.450 as amended to July 1, 2026.

c. Adjustment of risk level. Iowa Medicaid will adjust the categorical risk screening procedures and requirements from "limited" or "moderate" to "high" when any of the following occurs:

(1) Iowa Medicaid imposes a payment suspension on a provider based on a credible allegation of fraud, waste, or abuse; the provider has an existing Medicaid overpayment; or within the previous ten years, the provider has been excluded by the Office of the Inspector General or another state's Medicaid program; or

(2) Iowa Medicaid or CMS in the previous six months lifted a temporary moratorium for the particular provider type, and a provider that was prevented from enrolling based on the moratorium applies for enrollment as a provider at any time within six months from the date the moratorium was lifted.

79.15(5) Notification. A provider will be notified of the decision on the provider's application within 30 calendar days of receipt by Iowa Medicaid of a complete and correct application with all required documents, including but not limited to, if applicable, any application fees or screening results.

79.15(6) A provider that is not approved as the Medicaid provider type requested shall have the right to appeal under 441—Chapter 2506.

79.15(7) Effective date of approval. An application shall be approved retroactive to the date requested by the provider or the date the provider meets the applicable participation criteria, whichever is later, not to exceed 12 months retroactive from the receipt of the application with all required documents by Iowa Medicaid.

79.15(8) A provider approved for certification as a Medicaid provider shall complete a provider participation agreement as required by rule 441—79.6(249A).

79.15(9) No payment will be made to a provider for care or services provided prior to the effective date of Iowa Medicaid's approval of an application.

79.15(10) Payment rates dependent on the nature of the provider or the nature of the care or services provided will be based on information on the application, together with information on claim forms, or on rates paid the provider prior to April 1, 1993.

79.15(11) An amendment to an application shall be submitted to Iowa Medicaid and will be approved or denied within 30 calendar days. Approval of an amendment will be retroactive to the date requested by the provider or the date the provider meets all applicable criteria, whichever is later, not to exceed 30 days prior to the receipt of the amendment by Iowa Medicaid. Denial of an amendment may be appealed under 441—Chapter 2506.

79.15(12) Inactivity and provider status. A provider that has not submitted a claim within the last 12 months will be deactivated from participation in Iowa Medicaid. A deactivated provider may request reactivation by contacting Iowa Medicaid and meeting all applicable re-enrollment requirements pursuant to this rule. A provider that remains inactive and does not submit any claims for 24 consecutive months following deactivation will be terminated as a provider without further notification.

79.15(13) Report of changes. The provider shall inform Iowa Medicaid of all pertinent changes to enrollment information within 35 days of the change. Pertinent changes include but are not limited to changes to the business entity name, individual provider name, tax identification number, mailing address, telephone number, or any information required to be disclosed by subrule 79.15(3).

a. When a provider reports false, incomplete, or misleading information on any application or reapplication, or fails to provide current information within the 35-day period, Iowa Medicaid may immediately terminate the provider's Medicaid enrollment. The termination may be appealed under 441—Chapter 2506. Such termination remains in effect notwithstanding any pending appeal.

b. When the department incurs an informational tax-reporting fine or is required to repay the federal share of medical assistance paid to the provider because a provider submitted inaccurate information or failed to submit changes to Iowa Medicaid in a timely manner, the fine or repayment shall be the

responsibility of the individual provider to the extent that the fine or repayment relates to or arises out of the provider's failure to keep all provider information current.

(1) The provider shall remit the amount of the fine or repayment to the department within 30 days of notification by the department that the fine has been imposed.

(2) Payment of the fine or repayment may be appealed under 441—Chapter 2506.

79.15(14) Provider termination or denial of enrollment. Iowa Medicaid must terminate or deny any provider enrollment when the provider has violated any requirements identified in 42 CFR §455.416 as amended to July 1, 2026.

79.15(15) Temporary moratoria. Iowa Medicaid must impose any temporary moratorium pursuant to Iowa Code section 249A.48.

79.15(16) Provider revalidation. Providers are required to complete the application process and screening requirements as detailed in this rule every five years.

79.15(17) Recoupment. A provider is strictly liable for any failure to disclose the information required by subrule 79.15(3) or any failure to report a change required by subrule 79.15(13). The department shall recoup as incorrectly paid all funds paid to the provider before a complete disclosure or report of change was made. The department shall also recoup as incorrectly paid all funds to any provider that billed Iowa Medicaid while the provider was administratively dissolved by the Iowa secretary of state or comparable agency of another state, even if the provider subsequently obtains a retroactive reinstatement from the Iowa secretary of state or similar action was taken against the provider by a comparable agency of another state.

441—79.16(249A) Education about false claims recovery. The provisions in this rule apply to any entity that has received medical assistance payments totaling at least $5 million during a federal fiscal year (ending on September 30). For entities whose payments reach this threshold, compliance with this rule is a condition of receiving payments under the medical assistance program during the following calendar year.

79.16(1) *Policy requirements.* Any entity whose medical assistance payments meet the threshold shall:

a. Establish written policies for all employees of the entity and for all employees of any contractor or agent of the entity, including management, that provide detailed information about:

(1) The False Claims Act established under 31 U.S.C. Sections 3729 through 3733 as amended to July 1, 2026;

(2) Administrative remedies for false claims and statements established under 31 U.S.C. Chapter 38 as amended to July 1, 2026;

(3) Any state laws pertaining to civil or criminal penalties for false claims and statements;

(4) Whistle blower protections under the laws described in subparagraphs 79.16(1)*"a"*(1) through *"a"*(3) with respect to the role of these laws in preventing and detecting fraud, waste, and abuse in federal health care programs as defined in 42 U.S.C. Section 1320a-7b(f) as amended to July 1, 2026; and

(5) The entity's policies and procedures for detecting and preventing fraud, waste, and abuse.

b. Include in any employee handbook a specific discussion of:

(1) The laws described in paragraph 79.16(1)*"a"*;

(2) The rights of employees to be protected as whistle blowers; and

(3) The entity's policies and procedures for detecting and preventing fraud, waste, and abuse.

79.16(2) *Reporting requirements.*

a. Any entity whose medical assistance payments meet the specified threshold during a federal fiscal year shall provide the following information to Iowa Medicaid by the following December 31:

(1) The name, address, and national provider identification numbers under which the entity receives payment;

(2) Copies of written or electronic policies that meet the requirements of subrule 79.16(1); and

(3) A written description of how the policies are made available and disseminated to all employees of the entity and to all employees of any contractor or agent of the entity.

b. The information may be provided by:

(1) Mailing the information to Iowa Medicaid at the department's address; or

(2) Faxing the information to 515.725.1354.

79.16(3) *Enforcement.* Any entity that fails to comply with the requirements of this rule shall be subject to sanction under rule 441—79.2(249A), including probation, suspension or withholding of payments, and suspension or termination from participation in the medical assistance program.

This rule is intended to implement Iowa Code section 249A.4 and Public Law 109-171, Section 6032, as amended to July 1, 2026.

[**ARC 0316D**, IAB 5/27/26, effective 7/1/26]

441—79.17(249A) Requirements for prescribing controlled substances.

79.17(1) *Review of Iowa prescription monitoring program database.* A prescribing practitioner, as defined in Iowa Code section 124.550, or the prescribing practitioner's designated agent, shall review patient information in the Iowa prescription monitoring program (PMP) database prior to issuing a prescription for a controlled substance as defined in 42 U.S.C. 1396w–3a, inclusive of Schedules II, III and IV as amended to July 1, 2026, unless the patient is receiving inpatient hospice care or long-term residential facility care. Review shall be conducted in accordance with all requirements under the prescribing practitioner's specific professional licensing authority.

79.17(2) *Documentation.* The prescribing practitioner shall include documentation in the patient file to demonstrate compliance with subrule 79.17(1). Subject to the requirements under Iowa Code chapter 124, subchapter VI, if the prescribing practitioner is not able to conduct a review of the PMP database despite a good-faith effort, the prescribing practitioner must document in the patient file such good-faith effort, including the reasons why the prescribing practitioner was not able to conduct the review. The prescribing practitioner shall submit such documentation to Iowa Medicaid upon request.

This rule is intended to implement Iowa Code chapters 124 and 249A.

[**ARC 0316D**, IAB 5/27/26, effective 7/1/26]

These rules are intended to implement Iowa Code chapter 249A.

◊ Two or more ARCs

1 Effective date of 79.1(2) and 79.1(5)*"t"* delayed 70 days by the Administrative Rules Review Committee at its January 1988, meeting.

2 Effective date of 4/1/90 delayed 70 days by the Administrative Rules Review Committee at its March 12, 1990, meeting; delay lifted by this Committee, effective May 11, 1990.

3 Effective date of subrule 79.1(13) delayed until adjournment of the 1992 Sessions of the General Assembly by the Administrative Rules Review Committee at its meeting held July 12, 1991.

4 Effective date of 3/1/92 delayed until adjournment of the 1992 General Assembly by the Administrative Rules Review Committee at its meeting held February 3, 1992.

5 At a special meeting held January 24, 2002, the Administrative Rules Review Committee voted to delay until adjournment of the 2002 Session of the General Assembly the effective date of amendments published in the February 6, 2002, Iowa Administrative Bulletin as **ARC 1365B**.

6 Effective date of October 1, 2002, delayed 70 days by the Administrative Rules Review Committee at its meeting held September 10, 2002. At its meeting held November 19, 2002, the Committee voted to delay the effective date until adjournment of the 2003 Session of the General Assembly.

7 July 1, 2009, effective date of amendments to 79.1(1)"d," 79.1(2), and 79.1(24)"a"(1) delayed 70 days by the Administrative Rules Review Committee at a special meeting held June 25, 2009.

8 See HJR 2008 of 2012 Session of the Eighty-fourth General Assembly regarding nullification of amendment to 79.1(7)*"b"* (ARC 9959B, IAB 1/11/12).

[9] July 1, 2019, effective date of **ARC 4430C** [amendments to chs 78, 79] delayed until the adjournment of the 2020 session of the General Assembly by the Administrative Rules Review Committee at its meeting held June 11, 2019; delay lifted at the meeting held September 10, 2019.

[10] March 18, 2020, effective date of **ARC 4899C** [amendments to chs 78, 79] delayed until the adjournment of the 2021 session of the General Assembly by the Administrative Rules Review Committee at its meeting held March 6, 2020; delay lifted at the meeting held August 11, 2020.

CHAPTER 80
PROCEDURE AND METHOD OF PAYMENT
[Prior to 7/1/83, Social Services[770] Ch 80]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/31

441—80.1(249A) Submission of claims. Providers of medical and remedial care participating in the program shall submit claims for services rendered to Iowa Medicaid on at least a monthly basis. All nursing facilities and providers of home- and community-based services shall submit claims for services after the end of the calendar month in which the services are provided. Following audit of the claim, Iowa Medicaid will make payment to the provider of care. The provider manual, Chapter IV, Billing Iowa Medicaid, found on the department's website and as amended to July 1, 2026, will detail the specific manner and frequency in which claims are to be submitted.

80.1(1) Electronic submission. Providers are required to submit claims electronically whenever possible.

80.1(2) For fee-for-service members, providers billing claims for Medicare beneficiaries that do not cross over electronically to Iowa Medicaid must submit the following electronically, in accordance with the All Providers manual, Chapter IV, Billing Iowa Medicaid, located on the department's website and as amended to July 1, 2026:

a. Form UB-04.

b. Form CMS-1500. The Explanation of Medicare Benefits (EOMB) is only required when requested by Iowa Medicaid.

[**ARC 0317D**, IAB 5/27/26, effective 7/1/26]

441—80.2(249A) Payment from other sources. This rule applies to claims for the department, managed care organizations, and the Public Health Associate Program (PHAP).

80.2(1) *Payments deducted.* The amount of any payment made directly to the provider of care by the recipient, relatives, or any source will be deducted from the established cost standard for the service provided to establish the amount of payment to be made by Iowa Medicaid.

80.2(2) *Third-party liability.*

a. When a third-party liability for medical expenses exists, this resource will be utilized for payment of a claim before the Medicaid program makes payment unless:

(1) The department pays the total amount allowed under the Medicaid payment schedule and then seeks reimbursement from the liable third party. This "pay and chase" provision applies to claims for:

1. Preventive pediatric services, and
2. All services provided to a person for whom there is court-ordered medical support.

(2) Otherwise authorized by the department.

b. All claims must be clean claims. A clean claim is defined as a claim that has no defect or impropriety (including any lack of required substantiating documentation) or particular circumstance requiring special treatment that prevents timely payment of the claim.

80.2(3) *Recovery from third parties legally responsible to pay for health care.* Parties that are, by statute, contract, or agreement, legally responsible for payment of a claim for a health care item or service shall:

a. No later than 60 days after receiving any inquiry by the state regarding a claim for payment for any health care item or service that is submitted no later than three years after the date of the provision of the item or service, respond to such inquiry, pursuant to 42 U.S.C. Section 1396a(25)(I)(iii) as amended to July 1, 2026.

b. Agree not to deny any claim submitted by the state solely because of the date of submission of the claim, the type or format of the claim form, a failure to present proper documentation at the point of sale that is the basis of the claim, or, in the case of a responsible third party (other than the original Medicare fee-for-service program under Parts A and B of 42 U.S.C. Chapter 7, Subchapter XVIII as amended to July 1, 2026, a Medicare Advantage plan offered by a Medicare Advantage organization under Part C of 42 U.S.C. Chapter 7, Subchapter XVIII as amended to July 1, 2026, a reasonable cost of reimbursement

plan under 42 U.S.C. Section 1395mm as amended to July 1, 2026, a health care prepayment plan under 42 U.S.C. Section 1395l as amended to July 1, 2026, or a prescription drug plan (PDP) offered by a PDP sponsor under Part D of 42 U.S.C. Chapter 7, Subchapter XVIII as amended to July 1, 2026), a failure to obtain a prior authorization for the item or service for which the claim is being submitted, if both of the following conditions are met:

(1) The claim is submitted to the entity by the state within the three-year period beginning on the date on which the item or service was furnished.

(2) Any action by the state to enforce its rights with respect to the claim is commenced within six years of the date that the claim was submitted by the state.

c. Reimburse the Medicaid program within 90 days of the request for repayment.

d. Agree not to deny any claim submitted by the state solely because of lack of prior authorization.

[**ARC 0317D**, IAB 5/27/26, effective 7/1/26]

441—80.3(249A) Time limit for submission of claims and claim adjustments.

80.3(1) *Submission of claims.* Payment will not be made on any claim when the amount of time that has elapsed between the date the service was rendered and the date the initial claim is received by Iowa Medicaid exceeds 365 days. The department will consider claims submitted beyond the 365-day limit for payment only if retroactive eligibility on newly approved cases is made that exceeds 365 days or if attempts to collect from a third-party payer delay the submission of a claim. In the case of retroactive eligibility, the claim must be received within 365 days of the first notice of eligibility by the department.

80.3(2) *Claim adjustments and resubmissions.* A provider's request for an adjustment to a paid claim or resubmission of a denied claim must be received by Iowa Medicaid within 365 days from the date the claim was last adjudicated in order to have the adjustment or resubmission considered. In no case will a claim be paid if the claim is received beyond two years from the date of service.

80.3(3) *Definition.* For purposes of this rule, a claim is "received" when entered into the department's payment system with an action of pay, deny, or suspend. Any claim returned to the provider without such action is not "received."

[**ARC 0317D**, IAB 5/27/26, effective 7/1/26]

441—80.4(249A) Authorization process.

80.4(1) *Identification cards.* The department will issue a medical assistance eligibility card to members for use in securing medical and health services available under the program except as provided in 441—Chapter 76.

a. The department will issue the medical assistance eligibility card:

(1) When the member's eligibility is initially determined.

(2) Upon the member's request for replacement of a lost, stolen, or damaged card.

b. The medical assistance eligibility card is valid only for months in which the member has established eligibility as indicated on the department's eligibility verification system (ELVS). Payment will be made for services provided to an ineligible person when ELVS indicates that the person was eligible for the period in which the service was provided.

80.4(2) Reserved.

[**ARC 0317D**, IAB 5/27/26, effective 7/1/26]

441—80.5(249A) Payment to provider—exception. Payments for medical services may be made only to the provider of the services except as provided below.

80.5(1) *Medical assistance corrective payments.* Payment may be made to the client or county relief agency in accordance with 441—Chapter 75.

80.5(2) *Assignment.* Payment may be made in accordance with an assignment to a county for medical services received while the recipient was receiving interim assistance or while an appeal of a denial of medical assistance was pending.

80.5(3) *Business agent of provider.* Payment may be made to a business agent that furnishes statements and receives payments in the name of the provider if the agent's compensation is:

a. Related to the cost of processing the billing.

b. Not related on a percentage or other basis to the amount that is billed or collected.

c. Not dependent upon the collection of the payment.

[**ARC 0317D**, IAB 5/27/26, effective 7/1/26]

441—80.6(249A) Health care data match program. As a condition of doing business in Iowa, health insurers shall provide, upon the request of the state, information with respect to individuals who are eligible for or are provided medical assistance under the state's medical assistance plan to determine (1) during what period the member or the member's spouse or dependents may be or may have been covered by a health insurer and (2) the nature of the coverage that is or was provided by the health insurer. This requirement applies to self-insured plans, group health plans as defined in the federal Employee Retirement Income Security Act of 1974 (Public Law 93-406 as amended to July 1, 2026), service benefit plans, managed care organizations, pharmacy benefits managers, and other parties that are, by statute, contract, or agreement, legally responsible for payment of a claim for a health care item or service.

80.6(1) *Agreement required.* The parties shall sign a data use agreement for the purposes of this rule. A data use agreement shall prescribe the specific detail elements required, any privacy protections, the manner in which information shall be provided to the department or its designee, and the acceptable uses of the information provided.

a. The initial provision of data shall include the data necessary to enable the department or its designee to match covered persons and identify third-party payors for the two-year period before the initial provision of the data. The data shall include the name, address, and identifying number of the plan.

b. Ongoing monthly matches may be limited to changes in the data previously provided, including additional covered persons, with the effective dates of the changes.

80.6(2) *Confidentiality of data.* The exchange of information carried out under this rule shall be consistent with all laws, regulations, and rules relating to the confidentiality or privacy of personal information or medical records, including but not limited to:

a. The federal Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, as amended to July 1, 2026; and

b. Regulations promulgated in accordance with that Act and published in 45 CFR Parts 160 through 164 as amended to July 1, 2026.

[**ARC 0317D**, IAB 5/27/26, effective 7/1/26]

These rules are intended to implement Iowa Code chapter 249A.

CHAPTER 81
NURSING FACILITIES
[Prior to 7/1/83 Social Services[770] Ch 81]
[Prior to 2/11/87, Human Services[498]]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/30

441—81.1(249A) Definitions.

"Abuse" means any of the following that occurs as a result of the willful or negligent acts or omissions of a nursing facility employee:

1. Physical injury to, or injury that is at a variance with the history given of the injury, or unreasonable confinement or unreasonable punishment or assault as defined in Iowa Code section 708.1 of a resident.

2. The commission of a sexual offense under Iowa Code chapter 709 or section 726.2 or 728.12(1), or sexual exploitation under Iowa Code chapter 235B, as a result of the acts or omissions of the facility employee responsible for the care of the resident with or against a resident.

3. Exploitation of a resident, which means the act or process of taking unfair advantage of a resident or the resident's physical or financial resources for one's own personal or pecuniary profit without the informed consent of the resident, including theft, by the use of undue influence, harassment, duress, deception, false representation or false pretenses.

4. The deprivation of the minimum food, shelter, clothing, supervision, physical or mental health care, or other care necessary to maintain a resident's life or health.

"Advance directive" means the same as defined in 42 CFR 489.100 (as amended to August 1, 2024).

"Allowable costs" means the price a prudent, cost-conscious buyer would pay a willing seller for goods or services in an arm's-length transaction, not to exceed the limitations set out in rules.

"Beginning eligibility date" means date of an individual's admission to the facility or date of eligibility for medical assistance, whichever is the later date.

"Case mix" means a measure of the intensity of care and services used by similar residents in a facility.

"Case-mix index" means a numeric score within a specific range that identifies the relative resources used by similar residents and represents the average resource consumption across a population or sample.

"Civil penalty" means a civil money penalty not to exceed the amount authorized under Iowa Code section 135C.36 for health care facility violations.

"Clinical experience" means application or learned skills for direct resident care in a nursing facility.

"Clock hour" means 60 minutes.

"CMS" means the Centers for Medicare and Medicaid Services of the federal Department of Health and Human Services.

"Complete replacement" means completed construction on a new nursing facility to replace an existing licensed and certified nursing facility. The replacement facility shall have no more licensed beds than the facility being replaced and shall be located either in the same county as the facility being replaced or within 30 miles from the facility being replaced.

"Cost normalization" refers to the process of removing cost variations associated with different levels of resident case mix. Normalized cost is determined by dividing a facility's per diem direct care component costs by the facility cost report period case-mix index.

"Denial of critical care" is a pattern of care in which the resident's basic needs are denied or ignored to such an extent that there is imminent or potential danger of the resident suffering injury or death, or is a denial of, or a failure to provide the mental health care necessary to adequately treat the resident's serious social maladjustment, or is a gross failure of the facility employee to meet the emotional needs of the resident necessary for normal functioning, or is a failure of the facility employee to provide for the proper supervision of the resident.

"Direct care component" means the portion of the Medicaid reimbursement rates that is attributable to the salaries and benefits of registered nurses, licensed practical nurses, certified nursing assistants, rehabilitation nurses, and contracted nursing services.

"Discharged resident" means a resident whose accounts and records have been closed out and whose personal effects have been taken from the facility.

"Facility" means a licensed nursing facility certified in accordance with the provisions of 42 CFR 483.5 (as amended to August 1, 2024) to provide health services and includes hospital-based nursing facilities that are Medicare-certified and provide only skilled level of care and swing-bed hospitals unless stated otherwise.

"Facility-based nurse aide training program" means a nurse aide training program that is offered by a nursing facility and taught by facility employees or under the control of the licensee.

"Facility cost report period case-mix index" is the average of quarterly facilitywide average case-mix indices, carried to four decimal places. The quarters used in this average will be the quarters that most closely coincide with the financial and statistical reporting period. For example, a 01/01/2000-12/31/2000 financial and statistical reporting period would use the facilitywide average case-mix indices for quarters ending 03/31/00, 06/30/00, 09/30/00 and 12/31/00.

"Facilitywide average case-mix index" is the simple average, carried to four decimal places, of all resident case-mix indices based on the last day of each calendar quarter.

"Informed consent" means a resident's agreement to allow something to happen that is based on a full disclosure of known facts and circumstances needed to make the decision intelligently, i.e., with knowledge of the risks involved or alternatives.

"Laboratory experience" means practicing care-giving skills prior to contact in the clinical setting.

"Level I review" means screening to identify persons suspected of having mental illness or intellectual disability as defined in 42 CFR 483.102 (as amended to August 1, 2024).

"Level II review" means the evaluation of a person identified in a Level I review to determine whether nursing facility services and specialized services are needed.

"Major renovations" means new construction or facility improvements to an existing licensed and certified nursing facility in which the total depreciable asset value of the new construction or facility improvements exceeds $750,000. The $750,000 threshold shall be calculated based on the total depreciable asset value of new construction or facility improvements placed into service during a two-year period ending on the date the last asset was placed into service. When the property costs of an asset have been included in a facility's financial and statistical report that has already been used in a biennial rebasing, the costs of that asset shall not be considered in determining whether the facility meets the $750,000 threshold.

"Managed care organization" means an entity that (1) is under contract with the department to provide services to Medicaid recipients and (2) meets the definition of "health maintenance organization" as defined in Iowa Code section 514B.1.

"Medicaid average case-mix index" is the simple average, carried to four decimal places, of all resident case-mix indices where Medicaid is known to be the per diem payor source on the last day of the calendar quarter.

"Minimum data set" or *"MDS"* refers to a federally required resident assessment tool. Information from the MDS is used by the department to determine the facility's case-mix index for purposes of normalizing per diem allowable direct care costs as provided by paragraph 81.5(16)*"b,"* for determining the Medicaid average case-mix index to adjust the direct care component pursuant to paragraphs 81.5(16)*"c"* and *"e,"* the excess payment allowance pursuant to paragraph 81.5(16)*"d,"* and the limits on reimbursement components pursuant to paragraph 81.5(16)*"f."* MDS is described in subrule 81.12(9).

"Minimum food, shelter, clothing, supervision, physical or mental health care, or other care" means that food, shelter, clothing, supervision, physical or mental health care, or other care that, if not provided, would constitute denial of critical care.

"Mistreatment" means any intentional act, or threat of an act, coupled with the apparent ability to execute the act, which causes or puts another person in fear of mental anguish, humiliation, deprivation or physical contact that is or will be painful, insulting or offensive. Actions utilized in providing necessary treatment or care in accordance with accepted standards of practice are not considered mistreatment.

"New construction" means the construction of a new nursing facility that does not replace an existing licensed and certified facility and that requires the provider to obtain a certificate of need pursuant to Iowa Code chapter 135, division VI.

"Non-direct care component" means the portion of Medicaid reimbursement rates attributable to administrative, environmental, property, and support care costs reported on the financial and statistical report. Support care costs will include costs related to therapy services provided to residents during inpatient stays and not billed as an outpatient service.

"Non-facility-based nurse aide training program" means a nurse aide training program that is offered by an organization that is not licensed to provide nursing facility services.

"Non-state government owned nursing facility" or *"NSGO nursing facility"* is a nursing facility owned by a governmental entity that is not the state.

"Nurse aide" means any individual who is not a licensed health professional or volunteer providing nursing or nursing-related services to residents in a nursing facility.

"Nurse aide registry" means the nurse aide registry within the department of inspections appeals, and licensing.

"Nurse aide training and competency evaluation programs" or *"NATCEP"* means educational programs approved by the department of inspections, appeals, and licensing for nurse aide training as designated in subrule 81.13(3).

"Nursing facility level of care" means that the following conditions are met:

1. The presence of a physical or mental impairment that restricts the member's daily ability to perform the essential activities of daily living, bathing, dressing, and personal hygiene, and impedes the member's capacity to live independently.
2. The member's physical or mental impairment is such that self-execution of required nursing care is improbable or impossible.

"PASRR" means a Level I screening or a Level II evaluation for mental illness or intellectual disability for all persons who live in or seek entry to a Medicaid-certified nursing facility, as required by 42 CFR Part 483, Subpart C (as amended to August 1, 2024).

"Patient-day-weighted median cost" means the per diem cost of the nursing facility that is at the median per diem cost of all nursing facilities based on patient days provided when per diem allowable costs are ranked from low to high. A separate patient-day-weighted median cost amount shall be determined for the direct care and non-direct care components.

"Physical abuse" means any nonaccidental physical injury, or injury that is at variance with the history given of it, suffered by a resident as the result of the acts or omissions of a person responsible for the care of the resident.

"Physical injury" means damage to any bodily tissue to the extent that the tissue must undergo a healing process in order to be restored to a sound and healthy condition, or damage to any bodily tissue to the extent that the tissue cannot be restored to a sound and healthy condition, or damage to any bodily tissue that results in the death of the person who has sustained the damage.

"Poor performing facility" or *"PPF"* is a facility designated by the department of inspections, appeals, and licensing as a PPF based on surveys conducted by the department of inspections, appeals, and licensing pursuant to subrule 81.12(1). A facility shall be designated a PPF if it has been cited for substandard quality of care on the current standard survey and it:

1. Has been cited for substandard quality of care or immediate jeopardy on at least one of the previous two standard surveys;
2. Has a history of substantiated complaints during the last two years;
3. Has a current deficiency for not having a quality assurance program; or
4. Does not have an effective quality assurance program as defined in paragraph 81.12(19)*"o."*

"Primary instructor" means a registered nurse responsible for teaching a state-approved nurse aide training course.

"Program coordinator" means a registered nurse responsible for administrative aspects of a state-approved nurse aide training course.

"Rate determination letter" means the letter that is distributed quarterly by the department to each nursing facility notifying the facility of the facility's Medicaid reimbursement rate calculated in accordance with this rule and of the effective date of the reimbursement rate.

"Skilled nursing facility level of care" means that the following conditions are met:

1. The member's medical condition requires skilled nursing services or skilled rehabilitation services as defined in 42 CFR 409.31(a), 409.32, and 409.34 (as amended to August 1, 2024).

2. Services are provided in accordance with the general provisions for all Medicaid providers and services as described in rule 441—79.9(249A).

3. Documentation submitted for review indicates that the member has:

- A physician order for all skilled services.
- Services that require the skills of medical personnel, including registered nurses, licensed practical nurses, physical therapists, occupational therapists, speech pathologists, or audiologists.
- An individualized care plan that identifies support needs.
- Confirmation that skilled services are provided to the member.
- Skilled services that are provided by, or under the supervision of, medical personnel as described above.
- Skilled nursing services that are needed and provided seven days a week or skilled rehabilitation services that are needed and provided at least five days a week.

"Skills performance record" means a record of major duties and skills taught that consists of, at a minimum:

1. A listing of the duties and skills expected to be learned in the program.
2. Space to record the date when the aide performs the duty or skill.
3. Space to note satisfactory or unsatisfactory performance.
4. The signature of the instructor supervising the performance.

"Special population nursing facility" refers to a nursing facility that serves the following populations:

1. One hundred percent of the residents served are aged 30 and under and require the skilled level of care.
2. Seventy percent of the residents served require the skilled level of care for neurological disorders.
3. One hundred percent of the residents require care from a facility licensed by the department of inspections, appeals, and licensing as an intermediate care facility for persons with mental illness.
4. One hundred percent of the residents require care from a facility licensed by the department of inspections, appeals, and licensing as an intermediate care facility for persons with medical complexity.

"Surgical or other invasive procedure" means an operative procedure in which skin or mucous membranes and connective tissue are incised or an instrument is introduced through a natural body orifice. Surgical or other invasive procedures include a range of procedures from minimally invasive dermatological procedures (biopsy, excision, and deep cryotherapy for malignant lesions) to extensive multiorgan transplantation. Surgical or other invasive procedures include all procedures described by the codes in the surgery section of the Current Procedural Terminology (CPT) published by the American Medical Association, as amended to August 1, 2024, and other invasive procedures such as percutaneous transluminal angioplasty and cardiac catheterization. Surgical or other invasive procedures include minimally invasive procedures involving biopsies or placement of probes or catheters requiring the entry into a body cavity through a needle or trocar. "Surgical or other invasive procedure" does not include use of instruments such as otoscopes for examinations or very minor procedures such as drawing blood.

"Terminated from the Medicare or Medicaid program" means a facility has lost the final appeal to which it is entitled.

"Testing entity" means a person, agency, institution, or facility approved by the department of inspections, appeals, and licensing to take responsibility for obtaining, keeping secure and administering the competency test and reporting nurse aide scores to the nurse aide registry.

This rule is intended to implement Iowa Code sections 249A.2(6), 249A.3(2)*"a,"* and 249A.4.

[**ARC 9279C**, IAB 5/14/25, effective 7/1/25]

441—81.2(249A) Initial approval for nursing facility care.

81.2(1) *Need for nursing facility care.* Residents of nursing facilities must be in need of either nursing facility care or skilled nursing care. Payment will be made for nursing facility care residents only upon certification of the need for the level of care by a licensed physician of medicine or osteopathy and approval of the level of care by the department.

a. Decisions on level of care, subject to paragraph 81.2(1)*"b,"* will be made by the department within two working days of receipt of medical information. The department determines whether the level of care provided or to be provided should be approved based on medical necessity and the appropriateness of the level of care under 441—subrules 79.9(1) and 79.9(2).

b. For residents subject to a Level II PASRR review pursuant to subrule 81.2(3), the level of care determination will be made as part of the Level II PASRR review, based on medical necessity and the appropriateness of the level of care under 441—subrules 79.9(1) and 79.9(2).

c. Adverse level of care decisions may be appealed to the department pursuant to 441—Chapter 2506.

81.2(2) *Preadmission review.* The department's contractor for PASRR screening and evaluation shall complete a Level I review for all persons seeking admission to a Medicaid-certified nursing facility, regardless of the source of payment for the person's care. When a Level I review identifies evidence for the presence of mental illness or intellectual disability, the department's contractor for PASRR evaluations shall complete a Level II review before the person is admitted to the facility.

a. Exceptions to Level II review. Persons in the following circumstances may be exempted from Level II review based on a categorical determination that, in that circumstance, admission to or residence in a nursing facility is normally needed and the provision of specialized services for mental illness or intellectual disability is normally not needed.

(1) The person's attending physician certifies that the person is terminally ill with death expected within six months, the person requires nursing care or supervision due to the person's physical condition, and the person is not a danger to self or others. If the person's nursing facility stay exceeds six months, a Level II review must be completed.

(2) The severity of the person's illness results in impairment so severe that the person could not be expected to benefit from specialized services, and the person does not present a danger to self or others. This category includes persons who are comatose, who function at brain-stem level, who are ventilator-dependent, or who have diagnoses such as Parkinson's disease, Huntington's chorea, amyotrophic lateral sclerosis, chronic obstructive pulmonary disease (COPD), or congestive heart failure (CHF).

(3) The person is suffering from delirium. Exemptions made on a basis of delirium are valid until the delirium clears or for seven days, whichever is sooner.

(4) The person is in an emergency situation that requires protective services with placement in the nursing facility. A Level II review must be completed if the admission lasts more than seven days.

(5) The admission is for the purpose of providing respite to the person's caregiver. If the nursing facility stay exceeds 30 days, a Level II review must be completed.

(6) The person has dementia in combination with an intellectual disability.

(7) The person has been approved for specialized services in another facility based on a previous Level II evaluation, the specialized services still meet the person's needs, and the receiving facility agrees to provide the specialized services.

(8) The person is transferring directly from receiving acute hospital inpatient care and requires nursing facility services for the same acute physical illness for which hospital care was received, and the person's attending physician certifies before the admission that the person is likely to require less than 30 days of nursing facility services. If the person is later found to require more than 30 days of nursing facility care, a Level II review must be completed within 40 calendar days of the person's admission date.

(9) The person:

1. Is transferring to a nursing facility directly from receiving acute hospital inpatient care, and

2. Requires nursing facility services for convalescence from the same acute physical illness for which the person received hospital care, and

3. Is clearly sufficiently psychiatrically and behaviorally stable enough for nursing facility admission, and

4. Before entering the facility, has been certified by the attending physician as likely to require less than 60 days of nursing facility services.

b. Outcome of Level II review. The Level II review shall determine:

(1) Whether nursing facility care or skilled nursing care is medically necessary and appropriate under 441—subrules 79.9(1) and 79.9(2) for the person seeking admission;

(2) Whether the person seeking admission needs specialized services for mental illness as defined in paragraph 81.12(14)*"b,"* using the procedures set forth in 42 CFR 483.134 (as amended to August 1, 2024); and

(3) Whether the person seeking admission needs specialized services for intellectual disability as defined in paragraph 81.12(14)*"c,"* using the procedures set forth in 42 CFR 483.136 (as amended to August 1, 2024).

c. The department or its designee will review each Level II evaluation and plan for obtaining needed specialized services before the person's admission to a nursing facility to determine whether nursing facility care or skilled nursing care is medically necessary and whether the nursing facility is an appropriate placement.

d. Nursing facility payment under the Iowa Medicaid program will be made for Medicaid members residing in the nursing facility:

(1) Only if a Level I review was completed prior to admission;

(2) For persons with mental illness or intellectual disability, only if a Level II review has been completed, or an exception under paragraph 81.2(3)*"a"* has been approved, and it is determined by the department that nursing facility care or skilled nursing care is medically necessary and appropriate and that the person's treatment needs related to a mental illness or intellectual disability will be or are being met.

e. Adverse PASRR decisions may be appealed to the department pursuant to 441—Chapter 2506.

f. A nursing facility requesting an administrative hearing regarding a PASRR determination must have the prior, express, signed, written consent of the resident or the resident's lawfully appointed guardian to request such a hearing. Notwithstanding any contrary provision in 441—Chapter 2506, no hearing will be granted unless the nursing facility submits a document providing such resident's consent to the request for a state fair hearing. The document must specifically inform the resident that protected health information (PHI) may be discussed at the hearing and may be made public in the course of the hearing and subsequent administrative and judicial proceedings. The document must contain language that indicates the resident's knowledge of the potential for PHI to become public and that the resident knowingly, voluntarily, and intelligently consents to the nursing facility's bringing the state fair hearing on the resident's behalf.

This rule is intended to implement Iowa Code sections 249A.2(6), 249A.3(2)*"a,"* and 249A.4.

[**ARC 9279C**, IAB 5/14/25, effective 7/1/25; Editorial change: IAC Supplement 6/10/26]

441—81.3(249A) Arrangements with residents.

81.3(1) *Financial participation by resident.* A resident's payment for care may include any voluntary payments made by family members toward cost of care of the resident. The resident's client participation and medical payments from a third party shall be paid toward the total cost of care for the month before any state payment is made. The state will pay the balance of the cost of care for the remainder of the month. The facility shall make arrangements directly with the resident for payment of client participation.

81.3(2) *Personal needs account.* When a facility manages the personal needs funds of a resident, it shall establish and maintain a system of accounting for expenditures from the resident's personal needs funds. (See paragraph 81.12(5)*"c."*) The funds shall be deposited in a bank within the state of Iowa insured by FDIC. Expense for bank service charges for this account is an allowable expense under rule 441—81.5(249A) if the service cannot be obtained free of charge. The department will charge back to the facility any maintenance item included in the computation of the audit cost that is charged to the resident's personal needs when the charge constitutes double payment. Unverifiable expenditures charged to personal needs accounts may be charged back to the facility. The accounting system is subject to audit by representatives of the department and shall meet the following criteria:

a. Upon admittance, a ledger sheet shall be credited with the resident's total incidental money on hand. Thereafter, the ledger shall be kept current on a monthly basis. The facility may combine the accounting with the disbursement section showing the date, amount given the resident, and the resident's signature. A separate ledger shall be maintained for each resident.

b. When something is purchased for the resident and is not a direct cash disbursement, each expenditure item in the ledger shall be supported by a signed, dated receipt. The receipt shall indicate the article furnished for the resident's benefit.

c. Personal funds shall only be turned over to the resident, the resident's guardian, or other persons selected by the resident. With the consent of the resident, when the resident is able and willing to give consent the administrator may turn over personal funds to a close relative or friend of the resident to purchase a particular item. A signed, dated receipt shall be required to be deposited in the resident's files.

d. The ledger and receipts for each resident shall be made available for periodic audits by an accredited department representative. Audit certification will be made by the department's representative at the bottom of the ledger sheet. Supporting receipts may then be destroyed.

e. Upon a patient's death, a receipt shall be obtained from the next of kin, the resident's guardian, or the representative handling the funeral before releasing the balance of the personal needs funds. In the event there is no next of kin or guardian available and there are no outstanding funeral expenses, any funds shall revert to the department. In the event that an estate is opened, the department will turn the funds over to the estate.

81.3(3) *Safeguarding personal property.* The facility shall safeguard the resident's personal possessions. Safeguarding shall include but is not limited to:

a. Providing a method of identification of the resident's suitcases, clothing, and other personal effects, and listing these on an appropriate form attached to the resident's record at the time of admission. These records shall be kept current. Any personal effects released to a relative of the resident shall be covered by a signed receipt.

b. Providing adequate storage facilities for the resident's personal effects.

c. Ensuring that all mail is delivered unopened to the resident to whom it is addressed, except in those cases where the resident is too confused, as documented in the person's permanent medical record, to receive it, in which case the mail is held unopened for the resident's conservator or relatives. Mail may be opened by the facility in cases where the resident or relatives or guardian have given permission in writing for mail to be opened and read to the resident.

This rule is intended to implement Iowa Code sections 249A.2, 249A.3(2)*"a,"* and 249A.4.

[**ARC 9279C**, IAB 5/14/25, effective 7/1/25]

441—81.4(249A) Discharge and transfer. (See paragraph 81.12(6)*"c."*)

81.4(1) *Notice.* When a Medicaid member requests transfer or discharge, or another person requests this for the member, the administrator shall promptly notify the department. This shall be done in sufficient time to permit a social service worker or case manager to assist in the planning for the transfer or discharge.

81.4(2) *Case activity report.* A Case Activity Report shall be submitted to the department whenever a Medicaid applicant or recipient enters the facility, changes level of care, or is discharged from the facility.

81.4(3) *Plan.* The administrator and staff shall assist the resident in planning for transfer or discharge through development of a discharge plan.

81.4(4) *Transfer records.* When a resident is transferred to another facility, transfer information shall be summarized from the facility's records in a copy to accompany the resident. This information shall include:

a. A transfer form of diagnosis.

b. Aid to daily living information.

c. Transfer orders.

d. Nursing care plan.

e. Physician's orders for care.

f. The resident's personal records.

g. When applicable, the personal needs fund record.

h. Resident care review team assessment.

81.4(5) *Unused client participation.* When a resident leaves the facility during the month, any unused portion of the resident's client participation shall be refunded.

This rule is intended to implement Iowa Code sections 249A.2, 249A.3(2)*"a,"* and 249A.4.

[**ARC 9279C**, IAB 5/14/25, effective 7/1/25]

441—81.5(249A) Financial and statistical report and determination of payment rate. With the exception of hospital-based nursing facilities that are Medicare-certified and provide only the skilled level of care, herein referred to as Medicare-certified hospital-based nursing facilities, all facilities in Iowa wishing to participate in the program shall submit a Financial and Statistical Report to the department. All Medicare-certified hospital-based nursing facilities must submit a copy of their Medicare cost report. These reports shall be based on the following rules.

81.5(1) *Failure to maintain records.* Failure to adequately maintain fiscal records, including census records, medical charts, ledgers, journals, tax returns, canceled checks, source documents, invoices, and audit reports by or for a facility, may result in the penalties specified in subrule 81.14(1).

81.5(2) *Accounting procedures.* Financial information shall be based on that appearing in the audited financial statements of the facility. If the financial statements have been compiled, reviewed or audited by an outside firm, a copy of the compilation, review or audit, including notes, for the reporting period shall be included with the submission of the financial and statistical report. Adjustments to convert to the accrual basis of accounting shall be made when the records are maintained on other accounting bases.

a. Facilities that are a part of a larger health facility extending short-term, intensive, or other health care not generally considered nursing care may submit a cost apportionment schedule prepared in accordance with recognized methods and procedures. A schedule shall be required when necessary for a fair presentation of expense attributable to nursing facility patients.

b. Costs for patient care services shall be divided into the subcategories of "direct patient care costs" and "support care costs." Costs associated with food and dietary wages shall be included in the "support care costs" subcategory.

81.5(3) *Submission of reports.* All nursing facilities, except the Iowa Veterans Home, shall submit reports electronically, in a format approved by the department, to the department not later than the last day of the fifth calendar month after the close of the provider's reporting year. The Iowa Veterans Home shall submit the report electronically, in a format approved by the department, no later than three months after the close of each six-month period of the facility's established fiscal year. The annual financial report shall coincide with the fiscal year used by the provider to report federal income taxes for the operation unless the provider requests in writing that a different reporting period be used. Such a request shall be submitted within 60 days after the initial certification of a provider. The option to change the reporting period may be exercised only one time by a provider, and the reporting period shall coincide with the fiscal year end for Medicare cost-reporting purposes. If a reporting period other than the tax year is established, audit trails between the periods are required, including reconciliation statements between the provider's records and the annual financial report.

a. Nursing facilities that are certified to provide Medicare-covered skilled nursing facility services are required to submit a copy of their Medicare cost report that covers their most recently completed historical reporting period as submitted to the Medicare fiscal intermediary.

b. The submission shall include a working trial balance that corresponds to all financial data contained on the cost report. The working trial balance must provide sufficient detail to enable the department to reconcile accounts reported on the general ledger to those on the financial and statistical report. For reporting costs that are not directly assigned to the nursing facility in the working trial balance, an allocation method must be identified for each line, including the statistics used in the calculation. Reports submitted without a working trial balance shall be considered incomplete, and the facility shall be subject to the rate reductions set forth in paragraph 81.5(3)*"e."*

c. If the financial statements have been compiled, reviewed or audited by an outside firm, a copy of the compilation, review or audit, including notes, for the reporting period shall be included with the submission of the financial and statistical report as set forth in subrule 81.5(2).

d. For nursing facilities, except the Iowa Veterans Home, an extension of the five-month filing period shall not be granted unless one is granted for the filing of the Medicare cost report. If the Medicare filing deadline for submitting the Medicare cost report is delayed by the Medicare fiscal intermediary, the Medicaid cost report and all required forms shall be submitted on the date Medicare requires submission of its report. Notice of the extension shall be presented to the department within ten days of a decision by Medicare.

e. A complete submission shall include all of the items identified in this subrule. Failure to submit a complete report that meets the requirements of this rule within the stated time shall reduce payment to 75 percent of the current rate.

(1) The reduced rate will be effective the first day of the sixth month following the provider's fiscal year end and will remain in effect until the first day of the month after the delinquent report is received by the department.

(2) The reduced rate will be paid for no longer than three months, after which time no further payments will be made until the first day of the month after the delinquent report is received by the department.

f. When a nursing facility continues to include in the total costs an item or items that had in a prior period been removed through an adjustment made by the department or its contractor, the contractor shall recommend to the department that the per diem be reduced to 75 percent of the current payment rate for the entire quarter beginning the first day of the fourth month after the facility's fiscal year end. If the adjustment has been contested and is still in the appeals process, the provider may include the cost, but must include sufficient detail so that the department can determine if a similar adjustment is needed in the current period. The department may, after considering the seriousness of the offense, make the reduction.

g. Nothing in this subrule relieves a facility of its obligation to immediately inform the department that the facility has retained Medicaid funds to which the facility is not entitled as a result of any cost report process. A facility shall notify the department when the facility determines that funds have been incorrectly paid or when an overpayment has been detected.

h. A facility may change its fiscal year one time in any two-year period. If the facility changes its fiscal year, the facility shall notify the department 60 days prior to the first date of the change.

81.5(4) *Payment at new rate.*

a. Except for state-operated nursing facilities and special population nursing facilities, payment rates will be updated July 1, 2001, and every second year thereafter with new cost report data, and adjusted quarterly to account for changes in the Medicaid average case-mix index. For nursing facilities receiving both an ICF and SNF Medicaid rate effective June 30, 2001, the June 30, 2001, Medicaid rate referenced in subparagraphs (1) and (2) below will be the patient-day-weighted average of the ICF and SNF Medicaid rates effective June 30, 2001, excluding the case-mix transition add-on amount.

(1) The Medicaid payment rates for services rendered from July 1, 2001, through June 30, 2002, will be 66.67 percent of the facility's Medicaid rate effective June 30, 2001, excluding the case-mix transition add-on amount, plus an inflation allowance of 6.21 percent, not to exceed $94, and 33.33 percent of the July 1, 2001, modified price-based rate pursuant to subrule 81.5(16). In no case will the July 1, 2001, Medicaid rate be less than the Medicaid rate effective June 30, 2001, excluding the case-mix transition add-on amount, and increased by a 6.21 percent inflation allowance.

(2) Payment rates for services rendered from July 1, 2002, through June 30, 2003, shall be 33.33 percent of the facility's Medicaid rate effective June 30, 2001, excluding the case-mix transition add-on amount, plus an inflation allowance of 6.21 percent, and an additional inflation factor based on the CMS/SNF Total Market Basket Index. However, the current system rate to be used effective July 1, 2002, shall not exceed $94, times an inflation factor pursuant to subrule 81.5(18), and 66.67 percent of the July 1, 2002, modified price-based rate. In no case will the July 1, 2002, Medicaid rate be less than the Medicaid rate effective June 30, 2002, plus an inflation factor pursuant to subrule 81.5(18) projected for the following 12 months.

(3) Payment rates for services rendered from July 1, 2003, and thereafter will be 100 percent of the modified price-based rate.

b. The Medicaid payment rate for special population nursing facilities will be updated annually without a quarterly adjustment.

c. The Medicaid payment rate for state-operated nursing facilities will be updated annually without a quarterly adjustment.

81.5(5) *Accrual basis.* Facilities not using the accrual basis of accounting shall adjust recorded amounts to the accrual basis. Records of cash receipts and disbursements shall be adjusted to reflect accruals of income and expense.

81.5(6) *Census of Medicaid members.* Census figures of Medicaid members shall be obtained on the last day of the month ending the reporting period.

81.5(7) *Patient days.* In determining inpatient days, a patient day is that period of service rendered a patient between the census-taking hours on two successive days, the day of discharge being counted only when the patient was admitted that same day.

81.5(8) *Opinion of accountant.* The department may require that an opinion of a certified public accountant or public accountant accompany the report when adjustments made to prior reports indicate disregard of the certification and reporting instructions.

81.5(9) *Calculating patient days.* When calculating patient days, facilities shall use an accumulation method.

a. Census information shall be based on a patient's status at midnight at the end of each day.

b. When a recipient is on a reserve bed status and the department is paying on a per diem basis for the holding of a bed, or any day a bed is reserved for a public assistance or nonpublic assistance patient and a per diem rate for the bed is charged to any party, the reserved days shall be included in the total census figures for inpatient days.

81.5(10) *Revenues.* Revenues shall be reported as recorded in the general books and records. Expense recoveries credited to expense accounts shall not be reclassified in order to be reflected as revenues.

a. Routine daily services shall represent the established charge for daily care. Routine daily services include room, board, nursing services, therapies, and such services as supervision, feeding, pharmaceutical consulting, over-the-counter drugs, incontinence, and similar services, for which the associated costs are in nursing service. Routine daily services shall not include:

(1) Laboratory or diagnostic radiology services, unless the service is provided by facility staff using facility equipment, and

(2) Prescription (legend) drugs.

b. Revenue from ancillary services provided to patients shall be applied in reduction of the related expense.

c. Revenue from the sale of medical supplies, food or services to employees or nonresidents of the facility shall be applied in reduction of the related expense. Revenue from the sale to private pay residents of items or services that are included in the medical assistance per diem will not be offset.

d. Investment income adjustment is necessary only when interest expense is incurred, and only to the extent of the interest expense.

e. Laundry revenue shall be applied to laundry expense.

f. Accounts receivable charged off or provision for uncollectible accounts shall be reported as a deduction from gross revenue.

81.5(11) *Limitation of expenses.* Certain expenses that are not normally incurred in providing patient care shall be eliminated or limited according to the following:

a. Federal and state income taxes are not allowed as reimbursable costs.

b. Fees paid directors and nonworking officers' salaries are not allowed as reimbursable costs.

c. Bad debts are not an allowable expense.

d. Charity allowances and courtesy allowances are not an allowable expense.

e. Personal travel and entertainment are not allowable as reimbursable costs. Certain expenses such as rental or depreciation of a vehicle and expenses of travel that include both business and personal costs shall be prorated. Amounts that appear to be excessive may be limited after consideration of the specific circumstances. Records shall be maintained to substantiate the indicated charges.

(1) Commuter travel by the owner(s), owner-administrator(s), administrator, nursing director or any other employee is not an allowable cost (from private residence to facility and return to residence).

(2) The expense of one car or one van or both designated for use in transporting patients shall be an allowable cost. All expenses shall be documented by a sales slip, invoice or other document setting forth the designated vehicle as well as the charges incurred for the expenses to be allowable.

(3) At the time of annual contract renewal with the Iowa department of transportation, each facility that supplies transportation services as defined in Iowa Code section 324A.1 shall provide current documentation of compliance with or exemption from public transit coordination requirements as found in

Iowa Code section 324A.5 and 761—Chapter 910 of the Iowa department of transportation's rules. Failure to cooperate in obtaining or in providing the required documentation of compliance or exemption after receipt from the Iowa department of transportation shall result in disallowance of vehicle costs and other costs associated with transporting residents.

(4) Expenses related to association business meetings, limited to individual members of the association who are members of a national affiliate, and expenses associated with workshops, symposiums, and meetings that provide administrators or department heads with hourly credits required to comply with continuing education requirements for licensing, are allowable expenses.

(5) Travel of an emergency nature required for supplies, repairs of machinery or equipment, or building is an allowable expense.

(6) Travel for which a patient must pay is not an allowable expense.

(7) Allowable expenses in subparagraphs (2) through (5) above are limited to 6 percent of total administrative expense.

f. Entertainment provided by the facility for participation of all residents who are physically and mentally able to participate is an allowable expense except that entertainment for which the patient is required to pay is not an allowable expense.

g. Loan acquisition fees and standby fees are not considered part of the current expense of patient care, but should be amortized over the life of the related loan.

h. A reasonable allowance of compensation for services of owners or immediate relatives is an allowable cost, provided the services are actually performed in a necessary function. For this purpose, the following persons are considered immediate relatives: husband and wife; natural parent, child and sibling; adopted child and adoptive parent; stepparent, stepchild, stepbrother, and stepsister; father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, and sister-in-law; grandparent and grandchild. Adequate time records shall be maintained. Adjustments may be necessary to provide compensation as an expense for nonsalaried working proprietors and partners. Members of religious orders serving under an agreement with their administrative office are allowed salaries paid persons performing comparable services. When maintenance is provided these persons by the facility, consideration shall be given to the value of these benefits and this amount shall be deducted from the amount otherwise allowed for a person not receiving maintenance.

(1) Compensation means the total benefit received by the owner or immediate relative for services rendered. Compensation includes all remuneration, paid currently or accrued, for managerial, administrative, professional and other services rendered during the period. Compensation includes all items that should be reflected on IRS Form W-2, Wage and Tax Statement, including but not limited to salaries, wages, and fringe benefits; the cost of assets and services received; and deferred compensation. Fringe benefits shall include but are not limited to costs of leave, employee insurance, pensions and unemployment plans. If the facility's fiscal year end does not correlate to the period of the W-2, a reconciliation between the latest issued W-2 and current compensation shall be required to be disclosed to the department. Employer portions of payroll taxes associated with amounts of compensation that exceed the maximum allowed compensation shall be considered unallowable for reimbursement. All compensation paid to related parties, including payroll taxes, shall be required to be reported to the department with the submission of the financial and statistical report. If it is determined that there have been undisclosed related-party salaries, the cost report will be determined to have been submitted incomplete and the facility shall be subject to the penalties set forth in paragraph 81.5(3)*"e."*

(2) Reasonableness requires that the compensation allowance be the same amount as would ordinarily be paid for comparable services by comparable institutions, and depends upon the facts and circumstances of each case.

(3) Necessary requires that the function be such that had the owner or immediate relative not rendered the services, the facility would have had to employ another person to perform the service, and be pertinent to the operation and sound conduct of the institution.

(4) The base maximum allowed compensation for an administrator who is involved in ownership of the facility or who is an immediate relative of an owner of the facility is $3,296 per month plus $35.16 per month per licensed bed capacity for each bed over 60, not to exceed $4,884 per month. An administrator

is considered to be involved in ownership of a facility when the administrator has ownership interest of 5 percent or more.

On an annual basis, the maximum allowed compensation amounts for these administrators shall be increased or decreased by an annual inflation factor as specified by subrule 81.5(18).

(5) The maximum allowed compensation for an assistant administrator who is involved in ownership of the facility or who is an immediate relative of an owner of the facility in facilities having a licensed capacity of 151 or more beds is 60 percent of the amount allowed for the administrator. An assistant administrator is considered to be involved in ownership of a facility when the assistant administrator has ownership interest of 5 percent or more.

(6) The maximum allowed compensation for a director of nursing or any employee who is involved in ownership of the facility or who is an immediate relative of an owner of the facility is 60 percent of the amount allowed for the administrator. Persons involved in ownership or relatives providing professional services shall be limited to rates prevailing in the community not to exceed 60 percent of the allowable rate for the administrator on a semiannual basis. Records shall be maintained in the same manner for an employee involved in ownership or a relative as are maintained for any other employee of the facility. Ownership is defined as an interest of 5 percent or more.

(7) The maximum allowed compensation for anyone working for another entity (e.g., home office) that allocates cost to the nursing facility and is involved in ownership of the facility or allocating entity or who is an immediate relative of an owner of the facility or allocating entity is 60 percent of the amount allowed for the administrator. An employee working for another entity that allocates cost to the nursing facility is considered to be involved in ownership of a facility when that individual has ownership interest of 5 percent or more of the home office or the nursing facility.

(8) The maximum allowed compensation for employees as set forth in subparagraphs 81.5(11)*"h"*(4) through 81.5(11)*"h"*(7) shall be adjusted by the percentage of the average work week that the employee devoted to business activity at the nursing facility for the fiscal year of the financial and statistical report. The time devoted to the business shall be disclosed on the financial and statistical report and shall correspond to any amounts reported to the Medicare fiscal intermediary. In the case that an owner's or immediate relative's time is allocated to the facility from another entity (e.g., home office), the compensation limit shall be adjusted by the percentage of total costs of the entity allocated to the nursing facility. In no case shall the amount of salary for one employee allocated to multiple nursing facilities be more than the maximum allowed compensation for that employee had the salary been allocated to only one facility.

i. Management fees paid to a related party shall be limited on the same basis as the owner administrator's salary, but shall have the amount paid the resident administrator deducted. When the parent company can separately identify accounting costs, the costs are allowed.

j. For financial and statistical reports received after March 18, 2020, the depreciation, as limited in this rule, may be included as an allowable patient cost.

(1) Limitation on calculation. Depreciation shall be calculated based on the tax cost using only the straight-line method of computation and recognizing the estimated useful life of the asset as defined in the most recent edition of the American Hospital Association's Estimated Useful Lives of Depreciable Hospital Assets (2023 edition).

(2) Limitation—full depreciation. Once an asset is fully depreciated, no further depreciation shall be claimed on that asset.

(3) Change of ownership. Depreciation is further limited by the limitations in subrule 81.5(12).

k. Necessary and proper interest on both current and capital indebtedness is an allowable cost.

(1) Interest is the cost incurred for the use of borrowed funds. Interest on current indebtedness is the cost incurred for funds borrowed for a relatively short term. Interest on capital indebtedness is the cost incurred for funds borrowed for capital purposes.

(2) Necessary requires that the interest be incurred on a loan made to satisfy a financial need of the provider, be incurred on a loan made for a purpose reasonably related to patient care, and be reduced by investment income except where the income is from gifts and grants whether restricted or unrestricted, and that are held separate and not commingled with other funds.

(3) Proper requires that interest be incurred at a rate not in excess of what a prudent borrower would have had to pay in the money market on the date the loan was made, and be paid to a lender not related through control or ownership to the borrowing organization.

(4) Interest on loans is allowable as cost at a rate not in excess of the amount an investor could receive on funds invested in the locality on the date the loan was made.

(5) Interest is an allowable cost when the general fund of a provider borrows from a donor-restricted fund, a funded depreciation account of the provider, or the provider's qualified pension fund, and pays interest to the fund, or when a provider operated by members of a religious order borrows from the order.

(6) When funded depreciation is used for purposes other than improvement, replacement or expansion of facilities or equipment related to patient care, allowable interest expense is reduced to adjust for offsets not made in prior years for earnings on funded depreciation. A similar treatment will be accorded deposits in the provider's qualified pension fund where the deposits are used for other than the purpose for which the fund was established.

l. Costs applicable to supplies furnished by a related party or organization are a reimbursable cost when included at the cost to the related party or organization. The cost shall not exceed the price of comparable supplies that could be purchased elsewhere.

(1) Related means that the facility, to a significant extent, is associated with or has control of or is controlled by the organization furnishing the services, facilities, or supplies.

(2) Common ownership exists when an individual or individuals possess significant ownership or equity in the facility and the institution or organization serving the provider.

(3) Control exists where an individual or an organization has power, directly or indirectly, to significantly influence or direct the actions or policies of an organization or institution.

(4) When the facility demonstrates by convincing evidence that the supplying organization is a bona fide separate organization; that a substantial part of its business activity of the type carried on with the facility is transacted with others and there is an open competitive market for the type of services, facilities, or supplies furnished by the organization; that the services, facilities, or supplies are those that commonly are obtained by similar institutions from other organizations and are not a basic element of patient care ordinarily furnished directly to patients by the institutions; and that the charge to the facility is in line with the charge for the services, facilities, or supplies in the open market and no more than the charge made under comparable circumstances to others by the organization for the services, facilities, or supplies, the charges by the supplier shall be allowable costs.

m. For financial and statistical reports received after March 18, 2020, the following definitions, calculations, and limitations shall be used to determine allowable rent expense on a cost report.

(1) Landlord's other expenses. Landlord's other expenses are limited to amortization, mortgage interest, property taxes unless claimed as a lessee expense, utilities paid by the landlord unless claimed as a lessee expense, property insurance, and building maintenance and repairs.

(2) Reasonable rate of return. Reasonable rate of return means the historical cost of the facility in the hands of the owner when the facility first entered the Medicaid program multiplied by the 30-year Treasury bond rate as reported by the Federal Reserve Board at the date of lease inception.

(3) Nonrelated party leases. When the operator of a participating facility rents from a party that is not a related party, as defined in paragraph 81.5(11)*"l,"* the allowable cost report rental expense shall be the lesser of:

1. Lessor's annual depreciation as identified in paragraph 81.5(11)*"j"* plus the landlord's other expenses, plus a reasonable rate of return; or

2. Actual rent payments.

(4) Related party leases. When the operator of a participating facility rents from a related party, as defined in paragraph 81.5(11)*"l,"* the allowable cost report rental expense shall be the lesser of:

1. Lessor's annual depreciation as identified in paragraph 81.5(11)*"j"* plus the landlord's other expenses; or

2. Actual rent payments.

n. Reasonable legal, accounting, consulting and other professional fees, including association dues, are allowable costs if the fees are directly related to patient care. Legal, accounting, consulting and

other professional fees, including association dues, described by the following are not considered to be patient-related and therefore are unallowable:

(1) Any fees or portion of fees used or designated for lobbying.

(2) Nonrefundable and unused retainers.

(3) Fees paid by the facility for the benefit of employees.

(4) Legal fees, expenses related to expert witnesses, accounting fees and other consulting fees incurred in an administrative or judicial proceeding. However, facilities may report the reasonable costs incurred in an administrative or judicial proceeding if all of the conditions below are met. Recognition of any costs will be in the fiscal period when a final determination in the administrative or judicial proceeding is made.

1. The costs have actually been incurred and paid,

2. The costs are reasonable expenditures for the services obtained,

3. The facility has made a good-faith effort to settle the disputed issue before the completion of the administrative or judicial proceeding, and

4. The facility prevails on the disputed issue.

o. The nursing facility quality assurance assessment paid pursuant to 441—Chapter 36 shall not be an allowable cost for cost reporting and audit purposes but shall be reimbursed pursuant to paragraph 81.5(21)*"a."*

p. Prescription (legend) drug costs are excluded from services covered as part of the nursing facility per diem rate as set forth in paragraph 81.10(5)*"d."* The department will provide direct payment for drugs covered pursuant to 441—subrule 78.1(2) to relieve the facility of payment responsibility. As Medicaid reimburses pharmacy providers only for the cost and dispensation of legend drugs included on the Medicaid preferred drug list, no drug costs will be recognized for other payor sources.

q. Inpatient therapy services provided by nursing facilities are included in the established rate as a direct care cost and subject to the normalization process and quarterly case-mix index adjustments.

(1) Under no circumstances shall therapies for Medicaid members residing in a nursing facility be billed to Medicaid through any provider other than the nursing facility. Therapy services for nursing facility residents that are reimbursed by other payment sources shall not be reimbursed by Medicaid.

(2) For purposes of determining allowable therapy costs, the department will adjust each provider's reported cost of therapy services, including any employee benefits prorated based on total salaries and wages, to account for nonfacility patients including patients with costs paid by Medicare. Such adjustments will be applied to each cost report in order to remove reported costs attributable to outpatient therapy services reimbursed for non-inpatient services. When the costs of the services are not determinable, an adjustment shall be calculated based on an allocation of reported therapy revenues and shall be subject to field audit verification.

r. Penalties or fines imposed by federal, state or local agencies are not allowable expenses.

s. Penalties, fines or fees imposed for insufficient funds or delinquent payments are not allowable expenses.

t. Laboratory costs are excluded from services covered as part of the nursing facility per diem rate unless the service is provided by facility staff using facility equipment.

u. Diagnostic radiology costs are excluded from services covered as part of the nursing facility per diem rate unless the service is provided by facility staff using facility equipment.

81.5(12) *Termination or change of owner.*

a. A participating facility contemplating termination of participation or negotiating a change of ownership shall provide the department with at least 60 days' prior notice. A transfer of ownership or operation terminates the participation agreement. A new owner or operator shall establish that the facility meets the conditions for participation and enter into a new agreement. The person responsible for transfer of ownership or for termination is responsible for submission of a final financial and statistical report through the date of the transfer. The new owner shall be responsible for all Medicaid debts incurred by the previous owner, including those incurred due to changes in rates, fines, penalties and quality assurance fees, from the first day of the quarter until the date the change occurs. No payment to the new owner

will be made until formal notification is received. The following situations are defined as a transfer of ownership:

(1) In the case of a partnership that is a party to an agreement to participate in the medical assistance program, the removal, addition, or substitution of an individual for a partner in the association in the absence of an express statement to the contrary, dissolves the old partnership and creates a new partnership that is not a party to the previously executed agreement and a transfer of ownership has occurred.

(2) When a participating nursing facility is a sole proprietorship, a transfer of title and property to another party constitutes a change of ownership.

(3) When the facility is a corporation, neither a transfer of corporate stock nor a merger of one or more corporations with the participating corporation surviving is a transfer of ownership. A consolidation of two or more corporations resulting in the creation of a new corporate entity constitutes a change of ownership.

(4) When a participating facility is leased, a transfer of ownership is considered to have taken place. When the entire facility is leased, the total agreement with the lessor terminates. When only part of the facility is leased, the agreement remains in effect with respect to the unleased portion, but terminates with respect to the leased portion.

b. No increase in the value of property is allowed in determining the Medicaid rate for the new owner with any change of ownership (including lease agreements). When filing the first cost report, the new owner shall either continue the schedule of depreciation and interest established by the previous owner, or the new owner may choose to claim the actual rate of interest expense. The results of the actual rate of interest expense shall not be higher than would be allowed under the Medicare principles of reimbursement and shall be applied to the allowed depreciable value established by the previous owner, less any down payment made by the new owner.

c. Other acquisition costs of the new owner such as legal fees, accounting and administrative costs, travel costs and the costs of feasibility studies attributable to the negotiation or settlement of the sale or purchase of the property shall not be allowed.

d. In general, the provisions of Section 1861(v)(1)(0) of the Social Security Act (as amended to August 1, 2024) regarding payment allowed under Medicare principles of reimbursement at the time of a change of ownership shall be followed, except that no return on equity or recapture of depreciation provisions shall be employed.

e. A new owner or lessee wishing to claim a new rate of interest expense must submit documentation that verifies the amount of down payment made, the actual rate of interest, and the number of years required for repayment with the next annual cost report. In the absence of the necessary supportive documentation, interest and other property costs for all facilities that have changed or will change ownership shall continue at the rate allowed the previous owner.

81.5(13) *Amended reports.* The department, in its sole discretion, may reopen a review of a financial and statistical report at any time. No other entity or person has the right to request that the department or its contractor reopen a review of a financial and statistical report, or submit an amended financial and statistical report for review by the department, after the facility is notified of its per diem summary and adjustments following a review of a financial and statistical report. Nothing in this subrule relieves a facility of its obligation to immediately inform the department that the facility has retained Medicaid funds to which the facility is not entitled as a result of any cost report process. A facility shall notify the department when the facility determines that funds have been incorrectly paid or when an overpayment has been detected.

81.5(14) *Payment to new facility.* The payment to a new facility will be the sum of the patient-day-weighted median cost for the direct care and non-direct care components pursuant to paragraph 81.5(16)*"c."* After the first full calendar quarter of operation, the patient-day-weighted median cost for the direct care component will be adjusted by the facility's average Medicaid case-mix index pursuant to subrule 81.5(19). A financial and statistical report shall be submitted from the beginning day of operation to the end of the fiscal year. Following the completion of the new facility's first fiscal year, rates will be established in accordance with subrule 81.5(16). Subsequent financial and statistical reports shall be submitted annually for a 12-month period ending with the facility's fiscal year.

81.5(15) *Payment to new owner.* An existing facility with a new owner will continue to be reimbursed using the previous owner's per diem rate adjusted quarterly for changes in the Medicaid average case-mix index. The facility shall submit a financial and statistical report for the period from beginning of actual operation under new ownership to the end of the facility's fiscal year. Subsequent financial and statistical reports shall be submitted annually for a 12-month period ending with the facility's fiscal year. The facility shall notify the department of the date the facility's fiscal year will end.

81.5(16) *Establishment of the direct care and non-direct care patient-day-weighted medians and modified price-based reimbursement rate.* This subrule provides for the establishment of the modified price-based reimbursement rate.

a. Calculation of per diem cost. For purposes of calculating the non-state government owned nursing facility Medicaid reimbursement rate and the Medicare-certified hospital-based nursing facility Medicaid reimbursement rate, the costs will be divided into two components, the direct care component and non-direct care component as defined in rule 441—81.1(249A). Each nursing facility's per diem allowable direct care and non-direct care cost shall be established. Effective July 1, 2001, and every second year thereafter, the per diem allowable cost will be determined by dividing total reported allowable costs by total inpatient days during the reporting period. On July 1, 2001; July 1, 2003; July 1, 2004; July 1, 2005; and every second year thereafter, total reported allowable costs will be adjusted using the inflation factor specified in subrule 81.5(18) from the midpoint of the cost report period to the beginning of the state fiscal year rate period.

(1) Non-state government owned nursing facilities. Effective December 1, 2009, patient days for purposes of the computation of administrative, environmental, and property expenses for non-state government owned nursing facilities will be inpatient days as determined in subrule 81.5(7) or 85 percent of the licensed capacity of the facility, whichever is greater. For the reimbursement period beginning July 1, 2023, and ending June 30, 2025, patient days for purposes of the computation of administrative, environmental, and property expenses for non-state government owned nursing facilities will be inpatient days as determined in subrule 81.5(7)) or 70 percent of the licensed capacity of the facility, whichever is greater. Patient days for purposes of the computation of all other expenses will be inpatient days as determined in subrule 81.5(7).

(2) Medicare-certified hospital-based nursing facilities. Patient days for purposes of the computation of all expenses shall be inpatient days as determined by subrule 81.5(7).

b. Cost normalization. The per diem allowable direct care costs are normalized by dividing a facility's per diem direct care costs by the facility's cost report period case-mix index as defined in rule 441—81.1(249A) and subrule 81.5(19).

c. Calculation of patient-day-weighted medians. For each of the rate components, a patient-day-weighted median will be established for both the non-state government owned nursing facilities and the Medicare-certified hospital-based nursing facilities, hereinafter referred to as the non-state government owned nursing facility patient-day-weighted medians and the Medicare-certified hospital-based nursing facility patient-day-weighted medians.

The per diem normalized direct care cost for each facility is arrayed from low to high to determine the direct care component patient-day-weighted median cost based on the number of patient days provided by facilities. The per diem non-direct care cost for each facility is also arrayed from low to high to determine the non-direct care component patient-day-weighted median cost based on the number of patient days provided by facilities. An array and patient-day-weighted median for each cost component is determined separately for both non-state government owned nursing facilities and the Medicare-certified hospital-based nursing facilities.

(1) For the fiscal period beginning July 1, 2001, and ending June 30, 2003, the non-state government owned nursing facility direct care and non-direct care patient-day-weighted medians and the Medicare-certified hospital-based nursing facility direct care and non-direct care patient-day-weighted medians will be calculated using the latest financial and statistical report with a fiscal year end of December 31, 2000, or earlier, inflated from the midpoint of the cost report period to July 1, 2001, using the inflation factor specified in subrule 81.5(18).

(2) Effective July 1, 2003, and each second year thereafter, the patient-day-weighted medians used in rate setting will be recalculated. The non-state government owned nursing facility direct care and non-direct care patient-day-weighted medians and the Medicare-certified hospital-based nursing facility direct care and non-direct care patient-day-weighted medians will be calculated using the latest completed cost report with a fiscal year end of the preceding December 31 or earlier. When patient-day-weighted medians are recalculated, inflation is applied from the midpoint of the cost report period to the first day of the state fiscal year rate period using the inflation factor specified in subrule 81.5(18).

(3) For the fiscal period beginning July 1, 2004, and ending June 30, 2005, the non-state-owned and Medicare-certified hospital-based nursing facility direct care and the non-direct care patient-day-weighted medians calculated July 1, 2003, will be inflated to July 1, 2004, using the inflation factor specified in subrule 81.5(18).

d. Excess payment allowance.

(1) For non-state government owned nursing facilities not located in a Metropolitan Statistical Area as defined by CMS, not including Medicare-certified hospital-based nursing facilities, the excess payment allowance is calculated as follows:

1. For the direct care component, subject to the limit provided below, the excess payment allowance is equal to the percentage specified in 441—subrule 79.1(2) times the difference (if greater than zero) of the following: the direct care non-state government owned nursing facility patient-day-weighted median times the percentage specified in 441—subrule 79.1(2) times the Medicaid average case-mix index pursuant to subrule 81.5(19), minus a provider's allowable normalized per patient day direct care costs pursuant to 81.5(16)*"b"* times the Medicaid average case-mix index pursuant to subrule 81.5(19). In no case will the excess payment allowance exceed the percentage specified in 441—subrule 79.1(2) times the direct care non-state government owned nursing facility patient-day-weighted median.

2. For the non-direct care component, subject to the limit provided below, the excess payment allowance is equal to the percentage specified in 441—subrule 79.1(2) times the difference (if greater than zero) of the following: the non-direct care non-state government owned nursing facility patient-day-weighted median times the percentage specified in 441—subrule 79.1(2), minus a provider's allowable per patient day non-direct care cost pursuant to paragraph 81.5(16)*"a."* In no case will the excess payment allowance exceed the percentage specified in 441—subrule 79.1(2) times the non-direct care non-state government owned nursing facility patient-day-weighted median.

(2) For non-state government owned nursing facilities located in a Metropolitan Statistical Area as defined by CMS (not including Medicare-certified hospital-based nursing facilities), the excess payment allowance is calculated as follows:

1. For the direct care component, subject to the limit provided below, the excess payment allowance is equal to the percentage specified in 441—subrule 79.1(2) times the difference (if greater than zero) of the following: the direct care non-state government owned nursing facility patient-day-weighted median times the percentage specified in 441—subrule 79.1(2) times the wage index factor specified below times the Medicaid average case-mix index pursuant to subrule 81.5(19), minus a provider's allowable normalized per patient day direct care costs pursuant to paragraph 81.5(16)*"b"* times the Medicaid average case-mix index pursuant to subrule 81.5(19). In no case will the excess payment allowance exceed the percentage specified in 441—subrule 79.1(2) times the direct care non-state government owned nursing facility patient-day-weighted median.

The wage index factor will be determined annually by calculating the average difference between the Iowa hospital-based rural wage index and all Iowa hospital-based Metropolitan Statistical Area wage indices as published by CMS each July. The geographic wage index adjustment will not exceed $8 per patient day.

A nursing facility may request an exception to application of the geographic wage index based upon a reasonable demonstration of wages, locations, and total cost. The nursing facility shall request the exception within 30 days of receipt of notification to the nursing facility of the new reimbursement rate using the department's procedures for requesting exceptions at rule 441—1.8(17A,217).

2. For the non-direct care component, subject to the limit provided below, the excess payment allowance is equal to the percentage specified in 441—subrule 79.1(2) times the difference (if greater

than zero) of the following: the non-direct care non-state government owned nursing facility patient-day-weighted median times the percentage specified in 441—subrule 79.1(2), minus a provider's allowable per patient day non-direct care cost pursuant to paragraph 81.5(16)*"a."* In no case will the excess payment allowance exceed the percentage specified in 441—subrule 79.1(2) times the non-direct care non-state government owned nursing facility patient-day-weighted median.

(3) For Medicare-certified hospital-based nursing facilities, the excess payment allowance is calculated as follows:

1. For the direct care component, subject to the limit provided below, the excess payment allowance is equal to the percentage specified in 441—subrule 79.1(2) times the difference (if greater than zero) of the following: the direct care Medicare-certified hospital-based nursing facility patient-day-weighted median times the percentage specified in 441—subrule 79.1(2) times the Medicaid average case-mix index pursuant to subrule 81.5(19), minus a provider's normalized allowable per patient day direct care costs pursuant to paragraph 81.5(16)*"b"* times the Medicaid average case-mix index pursuant to subrule 81.5(19). In no case will the excess payment allowance exceed the percentage specified in 441—subrule 79.1(2) times the direct care Medicare-certified hospital-based nursing facility patient-day-weighted median.

2. For the non-direct care component, subject to the limit provided below, the excess payment allowance is equal to the percentage specified in 441—subrule 79.1(2) times the difference (if greater than zero) of the following: the non-direct care Medicare-certified hospital-based nursing facility patient-day-weighted median times the percentage specified in 441—subrule 79.1(2), minus a provider's allowable per patient day non-direct care cost pursuant to paragraph 81.5(16)*"a."* In no case will the excess payment allowance exceed the percentage specified in 441—subrule 79.1(2) times the non-direct care Medicare-certified hospital-based nursing facility patient-day-weighted median.

e. Reimbursement rate. The Medicaid reimbursement rate is based on allowable costs, updated July 1, 2001, and every second year thereafter, as specified in subparagraphs (1) and (2) below, plus a potential excess payment allowance determined by the methodology in paragraph *"d,"* not to exceed the rate component limits determined by the methodology in paragraph *"f."*

(1) For non-state government owned nursing facilities and Medicare-certified hospital-based nursing facilities, direct care and non-direct care rate components are calculated as follows:

1. The direct care component is equal to the provider's normalized allowable per patient day costs times the Medicaid average case-mix index pursuant to subrule 81.5(19), plus the allowed excess payment allowance as determined by the methodology in paragraph *"d."*

2. The non-direct care component is equal to the provider's allowable per patient day costs, plus the allowed excess payment allowance as determined by the methodology in paragraph *"d"* and the allowable capital cost per diem instant relief add-on as determined by the methodology in paragraph *"h."*

(2) The reimbursement rate for state-operated nursing facilities and special population nursing facilities will be the facility's average allowable per diem costs, adjusted for inflation pursuant to subrule 81.5(18), based on the most current financial and statistical report.

f. Notwithstanding paragraphs *"d"* and *"e,"* in no instance will a rate component exceed the rate component limit defined as follows:

(1) For non-state government owned nursing facilities not located in a Metropolitan Statistical Area (not including Medicare-certified hospital-based nursing facilities), the direct care and non-direct care rate component limits are calculated as follows:

1. The direct care rate component limit is the direct care non-state government owned nursing facility patient-day-weighted median times the percentage of the median specified in 441—subrule 79.1(2) times the Medicaid average case-mix index pursuant to subrule 81.5(19).

2. The non-direct care rate component limit is the non-direct care non-state government owned nursing facility patient-day-weighted median multiplied by the percentage of the median specified in 441—subrule 79.1(2) or is 120 percent of the median if the facility qualifies for the enhanced non-direct care rate component limit pursuant to paragraph *"h."*

(2) For non-state government owned nursing facilities located in a Metropolitan Statistical Area (not including Medicare-certified hospital-based nursing facilities), the direct care and non-direct care rate component limits are calculated as follows:

1. The direct care rate component limit is the direct care non-state government owned nursing facility patient-day-weighted median times the percentage of the median specified in 441—subrule 79.1(2) times the wage factor specified in paragraph *"d"* times the Medicaid average case-mix index pursuant to subrule 81.5(19).

2. The non-direct care rate component limit is the non-direct care non-state government owned nursing facility patient-day-weighted median multiplied by the percentage of the median specified in 441—subrule 79.1(2) or is 120 percent of the median if the facility qualifies for the enhanced non-direct care rate component limit pursuant to paragraph *"h."*

(3) For Medicare-certified hospital-based nursing facilities, the direct care and non-direct care rate component limits are calculated as follows:

1. The direct care rate component limit is the direct care Medicare-certified hospital-based nursing facility patient-day-weighted median times the percentage of the median specified in 441—subrule 79.1(2) times the Medicaid average case-mix index pursuant to subrule 81.5(19).

2. The non-direct care rate component limit is the non-direct care Medicare-certified hospital-based nursing facility patient-day-weighted median multiplied by the percentage of the median specified in 441—subrule 79.1(2) or is 120 percent of the median if the facility qualifies for the enhanced non-direct care rate component limit pursuant to paragraph *"h."*

(4) For special population nursing facilities enrolled on or after June 1, 1993, the upper limit on their rate is equal to the sum of the following:

1. The direct care Medicare-certified hospital-based nursing facility patient-day-weighted median times the percentage of the median specified in 441—subrule 79.1(2).

2. The non-direct care Medicare-certified hospital-based nursing facility patient-day-weighted median multiplied by the percentage of the median specified in 441—subrule 79.1(2) or 120 percent of the median if the facility qualifies for the enhanced non-direct care rate component limit pursuant to paragraph *"h."*

g. Pay-for-performance program. Additional reimbursement based on the nursing facility pay-for-performance program is available for non-state government owned nursing facilities as provided in this paragraph in state fiscal years for which funding is appropriated by the legislature. The pay-for-performance program provides additional reimbursement based upon a nursing facility's achievement of multiple favorable outcomes as determined by established benchmarks. The reimbursement is issued as an add-on payment after the end of any state fiscal year (which is referred to in this paragraph as the "payment period") for which there is funding appropriated by the legislature.

(1) Scope. Additional reimbursement for the nursing facility pay-for-performance program is not available to Medicare-certified hospital-based nursing facilities, state-operated nursing facilities, or special population nursing facilities. Therefore, data from these facility types will not be used when determining eligibility for or the amount of additional reimbursement based on the nursing facility pay-for-performance program.

(2) Benchmarks. The pay-for-performance benchmarks include characteristics in four domains: quality of life, quality of care, access, and efficiency. These characteristics are objective and measurable and when considered in combination with each other are deemed to have a correlation to a resident's quality of life and care. While any single measure does not ensure the delivery of quality care, a nursing facility's achievement of multiple measures suggests that quality is an essential element in the facility's delivery of resident care.

(3) Definition of direct care. For the purposes of the nursing facility pay-for-performance program, "direct care staff" is defined to include registered nurses (RNs), licensed practical nurses (LPNs), certified nurse assistants (CNAs), rehabilitation nursing, and other contracted nursing services. "Direct care staff" does not include the director of nursing (DON) or minimum data set (MDS) coordinator.

(4) Qualifying for additional reimbursement. The department will annually award points based on the measures achieved in each of the four domains, as described in subparagraphs (5) through (8).

The maximum available points are 100. To qualify for additional Medicaid reimbursement under the nursing facility pay-for-performance program, a facility must achieve a minimum score of 51 points. The relationship of the score achieved to additional payments is described in subparagraph (10). Payments are subject to reduction or forfeiture as described in subparagraphs (12) and (13).

(5) Domain 1: Quality of life.

Standard	Measurement Period	Value	Source
Subcategory: Person-Directed Care			
Enhanced Dining A: The facility makes available menu options and alternative selections for all meals.	Payment period	1 point	Self-certification
Enhanced Dining B: The facility provides residents with access to food and beverages 24 hours per day and 7 days per week and empowers staff to honor resident choices.	Payment period	1 point	Self-certification
Enhanced Dining C: The facility offers at least one meal per day for an extended period to give residents the choice of what time to eat.	Payment period	2 points	Self-certification
Resident Activities A: The facility employs a certified activity coordinator for at least 38 minutes per week per licensed bed.	Payment period	1 point	Self-certification
Resident Activities B: The facility either has activity staff that exceed the required minimum set by law or has direct care staff who are trained to plan and conduct activities and carry out both planned and spontaneous activities on a daily basis.	Payment period	1 point	Self-certification
Resident Activities C: The facility's residents report that activities meet their social, emotional and spiritual needs.	July through March of payment period	2 points	Self-certification
Resident Choice A: The facility allows residents to set their own schedules, including what time to get up and what time to go to bed.	Payment period	1 point	Self-certification
Resident Choice B: The facility allows residents to have a choice of whether to take a bath or shower and on which days and at what time the bath or shower will be taken.	Payment period	1 point	Self-certification
Consistent Staffing: The facility has all direct care staff members caring for the same residents at least 70% of their shifts.	Payment period	3 points	Self-certification
National Accreditation: The facility has CARF or another nationally recognized accreditation for the provision of person-directed care.	Payment period	13 points NOTE: A facility that receives points for this measure does not receive points for any other measures in this subcategory.	Self-certification
Subcategory: Resident Satisfaction			
Resident/Family Satisfaction Survey: The facility administers an anonymous resident/family satisfaction survey annually. The survey tool must be	Survey completed between October 1 and March 31 of the payment period	5 points	Nursing Facility Opinion Survey Transmittal, submitted by independent

Standard	Measurement Period	Value	Source
developed, recognized, and standardized by an entity external to the facility. Results must be tabulated by an entity external to the facility. To qualify for the measure, the facility must have a response rate of at least 35%. A summary report of the aggregate results and point scale must be made publicly available and be posted prominently along with the facility's state survey results until the next satisfaction survey is completed.			entity that compiled results
Long-Term Care Ombudsman: The facility has resolved 70% or more of complaints received and investigated by the local or state ombudsman.	Calendar year ending December 31 of the payment period	5 points if resolution 70% to 74% 7 points if resolution 75% or greater	LTC ombudsman's list of facilities meeting the standard

(6) Domain 2: Quality of care.

Standard	Measurement Period	Value	Source
Subcategory: Survey			
Deficiency-Free Survey: The facility is deficiency-free on the latest annual state and federal licensing and certification survey and any subsequent surveys, complaint investigations, or revisit investigations. If a facility's only scope and severity deficiencies are an A level pursuant to 42 CFR Part 483, Subparts B and C, as amended to August 1, 2024, the facility is deemed to have a deficiency-free survey for purposes of this measure. Surveys are considered complete when all appeal rights have been exhausted.	Calendar year ending December 31 of the payment period, including any subsequent surveys, revisit, or complaint investigations	10 points	DIAL list of facilities meeting the standard
Regulatory Compliance with Survey: No on-site revisit to the facility is required for recertification surveys or for any substantiated complaint investigations during the measurement period.	Calendar year ending December 31 of the payment period, including any subsequent surveys, revisits, or complaint investigations	5 points. A facility that receives points for a deficiency-free survey does not receive points for this measure.	DIAL list of facilities meeting the standard
Subcategory: Staffing			
Nursing Hours Provided: The facility's per-resident-day nursing hours are at or above one-half standard deviation above the mean of per-resident-day nursing hours for all facilities. Nursing hours include those of RNs, LPNs, CNAs, rehabilitation nurses, and other contracted nursing services. Nursing hours will be normalized to remove variations in staff hours associated with different levels of resident case mix.	Facility fiscal year ending on or before December 31 of the payment period	5 points if case-mix adjusted nursing hours are above mean plus one-half standard deviation 10 points if case-mix adjusted nursing hours are greater than mean plus one standard deviation	Financial and Statistical Report, as analyzed by the department. The facility cost report period case-mix index shall be used to normalize nursing hours.
Employee Turnover: The facility has overall employee turnover of 50% or less and CNA turnover of 55% or less.	Facility fiscal year ending on or before December 31 of the payment period	5 points if overall turnover is between 40% and 50% and CNA turnover is between 45% and 55%	Financial and Statistical Report, as analyzed by the department

Standard	Measurement Period	Value	Source
		10 points if overall turnover is less than or equal to 40% and CNA turnover is less than or equal to 45%	
Staff Education, Training and Development: The facility provides staff education, training, and development at 25% above the basic requirements for each position that requires continuing education. The number of hours for these programs must apply to at least 75% of all staff of the facility, based upon administrator or officer certification.	Calendar year ending December 31 of the payment period	5 points	Self-certification
Staff Satisfaction Survey: The facility annually administers an anonymous staff satisfaction survey. The survey tool must be developed, recognized, and standardized by an entity external to the facility and must identify worker job classification. Results must be tabulated by an entity external to the facility. To qualify for this measure, the facility must have a response rate of at least 35%. A summary report of the aggregate results and point scale must be made publicly available and be posted prominently along with the facility's state survey results until the next satisfaction survey is completed.	Survey completed between October 1 and March 31 of the payment period	5 points	Nursing Facility Opinion Survey Transmittal, submitted by independent entity that compiled results
Subcategory: Nationally Reported Quality Measures			
High-Risk Pressure Ulcer: The facility has occurrences of high-risk pressure ulcers at rates one-half standard deviation or more below the mean percentage of occurrences for all facilities, based on MDS data as applied to the nationally reported quality measures.	12-month period ending September 30 of the payment period	3 points if one-half to one standard deviation below the mean percentage of occurrences 5 points if one standard deviation or more below the mean percentage of occurrences	Department report based on MDS data as reported by CMS
Physical Restraints: The facility has a physical restraint rate of 0% based on MDS data as applied to the nationally reported quality measures.	12-month period ending September 30 of the payment period	5 points	Department report based on MDS data as reported by CMS
Chronic Care Pain: The facility has occurrences of chronic care pain at rates one-half standard deviation or more below the mean rate of occurrences for all facilities based on MDS data as applied to the nationally reported quality measures.	12-month period ending September 30 of the payment period	3 points if one-half to one standard deviation below the mean rate of occurrences 5 points if one standard deviation or more below the mean rate of occurrences	Department report based on MDS data as reported by CMS
High Achievement of Nationally Reported Quality Measures:	12-month period ending September 30 of the payment period	2 points if the facility receives 9 to 12 points in the subcategory of	Department report based on MDS data as reported by CMS

Standard	Measurement Period	Value	Source
The facility received at least 9 points from a combination of the measures listed in this subcategory.		nationally reported quality measures 4 points if the facility receives 13 to 15 points in this subcategory	

(7) Domain 3: Access.

Standard	Measurement Period	Value	Source
Special Licensure Classification: The facility has a unit licensed for the care of residents with chronic confusion or a dementing illness (CCDI unit).	Status on December 31 of the payment period	4 points	DIAL list of facilities meeting the standard
High Medicaid Utilization: The facility has Medicaid utilization at or above the statewide median plus 10%. Medicaid utilization is determined by dividing total nursing facility Medicaid days by total nursing facility patient days.	Facility fiscal year ending on or before December 31 of the payment period	3 points if Medicaid utilization is more than the median plus 10% 4 points if Medicaid utilization is more than the median plus 20%	Financial and Statistical Report, as analyzed by the department

(8) Domain 4: Efficiency.

Standard	Measurement Period	Value	Source
High Occupancy Rate: The facility has an occupancy rate at or above 95%. "Occupancy rate" is defined as the percentage derived when dividing total patient days based on census logs by total bed days available based on the number of authorized licensed beds within the facility.	Facility fiscal year ending on or before December 31 of the payment period	4 points	Financial and Statistical Report, as analyzed by the department
Low Administrative Costs: The facility's percentage of administrative costs to total allowable costs is one-half standard deviation or more below the mean percentage of administrative costs for all Iowa facilities.	Facility fiscal year ending on or before December 31 of the payment period	3 points if administrative costs percentage is less than the mean less one-half standard deviation 4 points if administrative costs percentage is less than the mean less one standard deviation	Financial and Statistical Report, as analyzed by the department

(9) Source of measurements. Source reports are due to the department by May 1 of each year. For those measures whose source is self-certification, the data will be drawn from a report submitted by the facility to the department. The independent party that collects and compiles the results of the resident/family survey shall communicate the results to the department on the Nursing Facility Opinion Survey Transmittal. The department will request required source reports from the long-term care ombudsman and the department of inspections, appeals, and licensing.

(10) Calculation of potential add-on payment. The number of points awarded will be determined annually, for each state fiscal year for which funding is appropriated by the legislature. A determination is made on whether a facility qualifies for an add-on payment at the end of the payment period. Based upon the number of points awarded, a retroactive add-on payment is made effective beginning the first day of the payment period as follows, contingent upon legislative funding for the state fiscal year, and subject to subparagraph (11):

Score	Amount of Add-on Payment
0-50 points	No additional reimbursement
51-60 points	1 percent of the direct care plus nondirect care cost component patient-day-weighted medians, subject to reduction as provided in subparagraph (13)
61-70 points	2 percent of the direct care plus nondirect care cost component patient-day-weighted medians, subject to reduction as provided in subparagraph (13)
71-80 points	3 percent of the direct care plus nondirect care cost component patient-day-weighted medians, subject to reduction as provided in subparagraph (13)
81-90 points	4 percent of the direct care plus nondirect care cost component patient-day-weighted medians, subject to reduction as provided in subparagraph (13)
91-100 points	5 percent of the direct care plus nondirect care cost component patient-day-weighted medians, subject to reduction as provided in subparagraph (13)

(11) Monitoring for reduction or forfeiture of reimbursement. The department will request the department of inspections, appeals, and licensing to furnish by September 1, December 1, March 1, and August 1 of each year a list of nursing facilities subject to a reduction or forfeiture of the additional reimbursement pursuant to the criteria in subparagraph (12) or (13).

(12) Forfeiture of additional reimbursement. A nursing facility shall not be eligible for any additional reimbursement under this program if during the payment period the nursing facility is cited for a deficiency resulting in actual harm or immediate jeopardy pursuant to the federal certification guidelines at a scope and severity level of H or higher, regardless of the amount of fines assessed.

(13) Reduction of additional reimbursement. The additional reimbursement for the nursing facility pay-for-performance program calculated according to subparagraph (10) shall be subject to reduction based on survey compliance as follows:

1. The add-on payment shall be suspended for any month in which the nursing facility has received denial of payment for new admission status that was enforced by CMS.

2. A facility's add-on payment shall be reduced by 25 percent for each citation received during the year for a deficiency resulting in actual harm at a scope and severity level of G pursuant to the federal certification guidelines.

3. If the facility fails to cure a cited level G deficiency within the time allowed by the department of inspections, appeals, and licensing, the add-on payment shall be forfeited, and the facility shall not receive any nursing facility pay-for-performance program payment for the payment period.

(14) Application of additional payments. The additional reimbursement for the nursing facility pay-for-performance program will be paid to qualifying facilities at the end of the state fiscal year. At the end of each state fiscal year, the department will:

1. Retroactively adjust each qualifying facility's quarterly rates from the first day of the state fiscal year to include the amount of additional reimbursement for the nursing facility pay-for-performance program calculated according to paragraph 81.5(16)*"g"*; and

2. Reprice all facility claims with dates of service during the period in which an additional reimbursement for the nursing facility pay-for-performance program is effective to reflect the adjusted reimbursement rate.

(15) Use of additional payments. As a condition of eligibility for such payments, any additional payments received by a nursing facility for the pay-for-performance program must be:

1. Used to support direct care staff through increased wages, enhanced benefits, and expanded training opportunities; and

2. Used in a manner that improves and enhances quality of care for residents.

(16) Monitoring facility compliance on the use of payments. Each nursing facility shall complete the Nursing Facility Medicaid Enhanced Payment Report to report the use of any additional payments received for the nursing facility pay-for-performance program. The report is due to the department each year by May 1. Failure to submit the report by the due date shall result in disqualification for add-on payment for the next pay-for-performance payment period.

(17) Reporting results of the program. The department will publish the results of the nursing facility pay-for-performance program annually.

h. Capital cost per diem instant relief add-on and enhanced non-direct care rate component limit. Contingent upon approval from the CMS and to the extent that funding is appropriated by the Iowa general assembly, additional reimbursement is available for nursing facilities that have completed a complete replacement, new construction, or major renovations. Additional reimbursement under this paragraph is available for services rendered beginning on October 1, 2007, or beginning on the effective date of CMS approval if CMS approval is effective on a later date.

(1) Types of additional reimbursement. Two types of additional reimbursement are available:

1. The capital cost per diem instant relief add-on is an amount per patient day to be added to the non-direct care component of the reimbursement rate and is subject to the non-direct care rate component limit as determined in paragraph *"f."*

2. The enhanced non-direct care rate component limit provides an increase in the percentage of the median that is applied when calculating the non-direct care rate component limit as defined in paragraph *"f."* The percentage of the median is increased to 120 percent when the enhanced non-direct care rate component limit is granted.

(2) Eligible projects. To qualify for either the capital cost per diem instant relief add-on or the enhanced non-direct care rate component limit, a facility must have undertaken a complete replacement, new construction, or major renovations for the purpose of:

1. Rectification of a violation of Life Safety Code requirements; or

2. Development of home- and community-based waiver program services; or

3. Improving infection control by replacing or enhancing an HVAC system, as defined in Iowa Code section 105.2.

(3) Additional requirements for all requests. To qualify for additional reimbursement, a facility with an eligible project must also meet the following requirements:

1. The facility has Medicaid utilization at or above 40 percent. Medicaid patient day utilization for this purpose is calculated as total nursing facility Medicaid patient days divided by total patient days as reported on the facility's most current financial and statistical report. Medicaid hospice patient days will be counted toward the total nursing facility Medicaid patient days.

2. The facility meets the accountability measure criteria set forth in paragraph *"g,"* subparagraph (1), deficiency-free survey, or subparagraph (2), regulatory compliance with survey, based on the most current information available when the request for additional reimbursement is submitted.

3. The facility has documented active participation in a quality of care program.

4. The facility has documented plans to facilitate person-directed care, dementia units, or specialty post-acute services.

(4) Additional requirements for waiver services. To qualify for additional reimbursement for the development of home- and community-based waiver services, the facility shall also meet the following requirements:

1. Services shall be provided in an underserved area, which may include a rural area.

2. Services shall be provided on the direct site of the facility but not as a nursing facility service.

3. Services shall meet all federal and state requirements for Medicaid reimbursement.

4. Services shall include one or more of the following: adult day care as defined by 441—subrule 78.37(1), consumer-directed attendant care as defined by 441—subrule 78.37(15) provided in an assisted living setting, day habilitation as defined by 441—subrule 78.41(14), home-delivered meals as defined by 441—subrule 78.37(8), emergency response system as defined by 441—subrule 78.37(2), and respite care as defined by 441—subrule 78.37(6).

(5) Submission of request. A facility shall submit a written request for the capital cost per diem instant relief add-on, the enhanced non-direct care rate component limit, or a preliminary evaluation of whether a project may qualify for additional reimbursement to the department. A qualifying facility may request one or both types of additional reimbursement.

1. A request for the capital cost per diem instant relief add-on may be submitted no earlier than 30 days before the complete replacement, new construction, or major renovations are placed in service.

2. A request for the enhanced non-direct care rate component limit may be submitted with a request for a capital cost per diem instant relief add-on or within 60 days after the release of a rate determination letter reflecting a change in the non-direct care rate component limit.

3. A request for a preliminary evaluation may be submitted when a facility is preparing a feasibility projection for a construction or renovation project. A preliminary evaluation does not guarantee approval of the capital cost per diem instant relief add-on or enhanced non-direct care rate component limit upon submission of a formal request.

(6) Content of request for add-on. A facility's request for the capital cost per diem instant relief add-on shall include:

1. A description of the project for which the add-on is requested, including a list of goals for the project and a time line of the project that spans the life of the project.

2. Documentation that the facility meets the qualifications in subparagraphs (2) and (3) and, if applicable, in subparagraph (4).

3. The period during which the add-on is requested (no more than two years).

4. Whether the facility is also requesting the enhanced non-direct care rate component limit. (See subparagraph (7) for requirements.)

5. A copy of the facility's most current depreciation schedule that clearly identifies the cost of the project for which the add-on is requested if assets placed in service by that project are included on the schedule. Any removal of assets shall be clearly identifiable either on the depreciation schedule or on a separate detailed schedule, and that schedule shall include the amount of depreciation expense for removed assets that is included in the current reimbursement rate.

6. If the cost of the project is not reported on the submitted depreciation schedule, a detailed schedule of the assets to be placed in service by the project, including:

- The estimated date the assets will be placed into service;
- The total estimated depreciable value of the assets;
- The estimated useful life of the assets based upon existing Medicaid and Medicare provisions; and
- The estimated annual depreciation expense of the assets using the straight-line method in accordance with generally accepted accounting principles.

7. The facility's estimated annual licensed bed capacity and estimated annual total patient days. If this information is not provided, estimated annual total patient days will be determined using the most current submitted financial and statistical report.

8. If interest expense has been or will be incurred and is related to the project for which the add-on is requested, a copy of the general terms of the debt service and the estimated annual amount of interest expense shall be submitted.

9. If any debt service has been retired, a copy of the general terms of the debt service and the amount of interest expense for debt service retired that is included in the current reimbursement rate.

(7) Content of request for enhanced limit. A facility's request for the enhanced non-direct care rate component limit shall include:

1. A description of the project for which the enhanced non-direct care rate component limit is requested, including a list of goals for the project and a time line of the project that spans the life of the project.

2. Documentation that the facility meets the qualifications in subparagraphs (2) and (3) and, if applicable, in subparagraph (4).

3. Identification of any period in which the capital cost per diem instant relief add-on was previously granted and the number of times the capital cost per diem instant relief add-on and the enhanced non-direct care rate component limit have previously been granted.

(8) Content of request for preliminary evaluation. A facility's request for a preliminary evaluation of a proposed project shall include:

1. The estimated completion date of the project.

2. The estimated date when a formal request for an add-on or enhanced limit will be submitted.

3. For a preliminary evaluation for a capital cost per diem instant relief add-on, all information required in subparagraph (6).

4. For a preliminary evaluation for the enhanced non-direct care rate component limit, all information required in subparagraph (7).

(9) Calculation of capital cost per diem instant relief add-on. The capital cost per diem instant relief add-on is calculated by dividing the annual estimated property costs for the complete replacement, new construction, or major renovation project for which the add-on is granted by the facility's estimated annual total patient days.

1. Effective December 1, 2009, total patient days will be determined using the most current submitted financial and statistical report or using the estimated total patient days as reported in the request for the add-on. For purposes of calculating the add-on, total patient days will be the greater of the estimated annual total patient days or 85 percent of the facility's estimated licensed capacity. For the period beginning July 1, 2023, and ending June 30, 2025, patient days for purposes of the computation of administrative, environmental, and property expenses for non-state government-owned facilities will be inpatient days or the minimum occupancy of 70 percent of the licensed capacity of the facility, whichever is greater.

2. The annual estimated property costs for the project are calculated as the estimated annual depreciation expense for the cost of the project, plus estimated annual interest expense for the cost of the project, less the amount of depreciation expense for assets removed that is included in the current reimbursement rate and the amount of interest expense for debt service retired that is included in the current reimbursement rate.

3. Estimated amounts and actual amounts will be reconciled as described in subparagraph (12).

(10) Effective date of capital cost per diem instant relief add-on. Subject to available funding and previously approved requests for capital cost per diem instant relief add-ons and enhanced non-direct care rate component limits, a capital cost per diem instant relief add-on will be effective the first day of the calendar quarter following the placement in service of the assets associated with the add-on and receipt of all required information. The capital cost per diem instant relief add-on will be added to the non-direct care component of the reimbursement rate, not to exceed the non-direct care rate component limit as determined in paragraph *"f."*

(11) Term of capital cost per diem instant relief add-on. The period for which a facility may be granted the capital cost per diem instant relief add-on shall not exceed two years. The capital cost per diem instant relief add-on shall terminate at the time of the subsequent biennial rebasing. If the facility's submitted annual financial and statistical report used in the subsequent biennial rebasing does not include 12 months of property costs for the assets with which the capital cost per diem instant relief add-on is associated, including interest expense, if applicable, the facility may submit a new request for the capital cost per diem instant relief add-on.

(12) Reconciliation of capital cost per diem instant relief add-on. During the period in which the capital cost per diem instant relief add-on is granted, the department will recalculate the amount of the add-on based on actual allowable costs and patient days reported on the facility's submitted annual financial and statistical report. A separate reconciliation will be performed for each cost report period in which the capital cost per diem instant relief add-on was paid. The facility shall submit with the annual financial and statistical report a separate schedule reporting total patient days per calendar quarter and a current depreciation schedule identifying the assets related to the add-on.

1. For purposes of recalculating the capital cost per diem instant relief add-on, total patient days will be based on the greater of the number of actual patient days during the period in which the add-on was paid or 85 percent of the facility's actual licensed bed capacity during the period in which the add-on was paid. For the period beginning July 1, 2023, and ending June 30, 2025, patient days for purposes of the computation of administrative, environmental, and property expenses for non-state government owned

nursing facilities will be inpatient days or the minimum occupancy of 70 percent of the licensed capacity of the facility, whichever is greater.

2. The recalculated capital cost per diem instant relief add-on will be added to the non-direct care component of the reimbursement rate for the relevant period, not to exceed the non-direct care rate component limit as determined in paragraph *"f."* The facility's quarterly rates for the relevant period will be retroactively adjusted to reflect the recalculated non-direct care component of the reimbursement rate. All claims with dates of service during the period the capital cost per diem instant relief add-on is paid will be repriced to reflect the recalculated capital cost per diem instant relief add-on.

(13) Effective date of enhanced non-direct care rate component limit. Subject to available funding and previously approved requests for capital cost per diem instant relief add-ons and enhanced non-direct care rate component limits, an enhanced non-direct care rate component limit will be effective:

1. With a capital cost per diem instant relief add-on (if requested at the same time); or

2. Retroactive to the first day of the quarter in which the revised non-direct care rate component limit amount is effective. All claims with dates of service from the effective date will be repriced.

(14) Term of enhanced non-direct care rate component limit. The period for which a facility may be granted an enhanced non-direct care rate component limit without reapplication shall not exceed two years. The total period for which a facility may be granted enhanced non-direct care rate component limits shall not exceed ten years. If the amount of the non-direct care rate component limit is revised during the period for which a facility is granted the enhanced limit, the approval will be terminated effective the first day of the quarter in which the revised non-direct care rate component limit is effective. The facility may submit a new request for the enhanced non-direct care rate component limit.

(15) Ongoing conditions. Any capital cost per diem instant relief add-on or enhanced non-direct care rate component limit granted by the department is temporary. Additional reimbursement shall be immediately terminated if:

1. The facility does not continue to meet all of the initial qualifications for additional reimbursement; or

2. The facility does not make reasonable progress on any plans required for initial qualification; or

3. The facility's medical assistance program or Medicare certification is revoked. A facility whose certification is revoked is not eligible to submit a subsequent request for a capital cost per diem instant relief add-on or the enhanced non-direct care rate component limit.

(16) Change of ownership. Following a change in nursing facility ownership, any capital cost per diem instant relief add-on or enhanced non-direct care rate component limit that was granted before the change in ownership will continue under the new owner. Future reimbursement rates will be determined pursuant to subrules 81.5(15) and 81.5(16).

i. Quality incentive payment program (QIPP). The QIPP add-on rate will be made to a qualified non-state government-owned nursing facility (NSGO nursing facility) to promote, maintain, and improve resident quality of care and health outcomes.

(1) An NSGO nursing facility qualifies for participation in the QIPP if all the following conditions are met:

1. The NSGO nursing facility has executed a participation agreement with the department.

2. The NSGO nursing facility has provided proof that the entity holds the NSGO nursing facility's license and has complete operational responsibility for the NSGO nursing facility.

3. The NSGO nursing facility has filed a certification of eligibility application for the QIPP add-on rate program with the department and has received approval from the department for participation in the program.

4. The NSGO nursing facility is in compliance with all care criteria requirements.

5. The non-state government entity (NSGE) has executed a nursing facility provider contract with an NSGO nursing facility.

6. The NSGE has provided and identified the source of state share dollars for the intergovernmental transfer (IGT).

7. The NSGO nursing facility has provided proof of ownership, if applicable, as the licensed operator of the NSGO nursing facility.

8. The NSGO nursing facility has provided to the department an executed management agreement between the NSGE and the NSGO nursing facility manager if applicable.

(2) If at any time a provider is determined not eligible due to not meeting survey standards, the provider will be disqualified for the remainder of the year.

(3) An NSGO nursing facility will qualify for participation in the QIPP if all the following quality measures are met:

Quality Measures	Metrics	Tracking/Scoring	Data Resource
Staffing	**Metric 1:** Nursing facility maintains an additional four or more hours of registered nurse (RN) coverage per day beyond the CMS minimum standard (8 hrs/day). Does not include managerial hours. **Metric 2:** Nursing facility's per-resident day certified nursing assistants (CNAs), rehabilitation aid, and other contracted aid services are at or above one-half standard deviation above the statewide mean of per-resident-day CNA hours. CNA hours include those of CNAs, rehabilitation aid, and other contracted aide services. CNA hours will be normalized to remove variations in staff hours associated with different levels of resident case mix. **Metric 3:** Nursing facility's per-resident day total nursing hours are at or above one-half standard deviation above the statewide mean of per-resident-day total nursing hours. Nursing hours include those of RNs and licensed practical nurses (LPNs) including restorative nurses. Nursing hours will be normalized to remove variations in staff hours associated with different levels of resident case mix.	Staffing metrics 1, 2, and 3 must be met for facility to be eligible for per diem rate add-on payment.	Payroll-based journal (PBJ) or cost reports
Infection Control	**Metric 1:** Nursing facility has an infection control program that includes antibiotic stewardship. The program incorporates policies and training as well as monitoring, documenting, and providing staff with feedback. **Metric 2:** Percentage of residents with urinary tract infections (UTIs) at rates one-half standard deviation or more below the mean percentage of occurrences for all facilities, based on minimum data set (MDS) data as applied to the nationally reported quality measures. **Metric 3:** Percentage of residents with up-to-date pneumonia vaccine measured against a fixed benchmark that is set as the most recently published national average for the related MDS quality metric.	Infection control metrics 1, 2, and 3 must be met for facility to be eligible for per diem rate add-on payment.	Nursing facility will be required to provide its infection control policy and procedure. In addition, facilities will need to provide information regarding training, monitoring, documentation and monitoring of required elements to meet this metric on a periodic basis CASPER Report MDS Assessment Care Compare
Quality Measures	**Metric 1:** Percentage of high-risk residents with pressure ulcers (for longer-term stay residents) are at rates one-half standard deviation or more below the mean percentage of occurrences for all facilities, based on MDS data as applied to the nationally reported quality measures. **Metric 2:** Percentage of residents who had a fall with major injury (for longer-term stay residents) are at rates one-half standard deviation or more below the mean percentage of occurrences for all facilities, based on MDS data as applied to the nationally reported quality measures. **Metric 3:** Percentage of residents who received antipsychotic medications are at rates one-half	Quality measures metrics 1, 2, 3, and 4 must be met for the facility to be eligible for per diem rate add-on payment.	CASPER Report MDS Assessment Care Compare

	standard deviation or more below the mean percentage of occurrences for all facilities, based on MDS data as applied to the nationally reported quality measures. **Metric 4:** Percentage of residents who required increased activities of daily living (ADL) assistance (for longer-term stay residents) are at rates one-half standard deviation or more below the mean percentage of occurrences for all facilities, based on MDS data as applied to the nationally reported quality measures.		
State Survey Results	Number of deficiencies is at or below the state of Iowa average number of nursing facility deficiencies AND the facility has no deficiencies with a scope of F, H, I, J, K, or L.	State survey results must be met for the facility to be eligible for per diem rate add-on payment.	Department of inspections, appeals, and licensing (DIAL) surveys
Quality Assurance Performance Improvement (QAPI) Report	Nursing facility must submit QAPI reports on quarterly basis.	QAPI results must be submitted for the facility to be eligible for per diem rate add-on payment.	QAPI reports

(4) A provider must submit the Intent to Participate Agreement on or before September 30 each year and include all necessary documentation related to the quality measures.

1. Upon receipt of the participation agreement, the department will complete a determination of eligibility based on the care criteria defined above.

2. Providers will be notified of their eligibility annually within 60 days of the agreement due date.

(5) The nursing facility QIPP add-on rate provided to a participating NSGO nursing facility under the QIPP will not exceed Medicare payment principles pursuant to 42 CFR 447.272 (as amended to August 1, 2024) and will be calculated pursuant to 42 CFR 438.6 (as amended to August 1, 2024). The QIPP add-on rate will be calculated and paid as follows:

1. The methodology utilized to calculate the upper payment limit will be based on the data available during the calculation period.

2. The eligible amount used in determining the QIPP add-on rate will be the difference between the state Medicaid payment and the Medicare upper payment limit as determined, on an annual basis, using all Medicaid claims, including fee-for-service (FFS) and Medicaid managed care claims.

3. The difference calculated under numbered paragraph “2” will be divided by total patient days pursuant to subrule 81.5(7).

4. The QIPP add-on rate will be paid prospectively.

(6) A participating NSGO nursing facility shall notify the department of any change of ownership that may affect the participating NSGO nursing facility’s continued eligibility for the QIPP a minimum of 30 days prior to such change.

1. If a participating NSGO nursing facility changes ownership to a privately owned entity, on or after the first day of the QIPP add-on rate calculation period, the privately owned provider is no longer eligible for the QIPP add-on rate.

2. A participating facility must meet the CMS and department requirements to be classified as an NSGO nursing facility. All changes of ownership must be a fair market value transaction.

3. If it is determined that a provider is not a qualified NSGO nursing facility per CMS and the department, the provider shall repay all QIPP add-on payments to the department.

(7) Providers that do not meet eligibility requirements above will be notified of the metrics that were not met.

(8) A participating NSGO nursing facility shall secure allowable intergovernmental transfer funds from a participating NSGE to provide the state share amount. The process for the intergovernmental transfer shall comply with the following:

1. The department, or the department’s designee, will notify the participating NSGO nursing facility of the state share amount to be transferred in the form of an intergovernmental transfer for purposes of seeking federal financial participation for the QIPP add-on rate, within 15 business days after the end of

each month. The participating NSGO shall have until the end of the month to remit payment of the state share amount in the form of an intergovernmental transfer to the department or the department's designee.

2. If there is any outstanding intergovernmental transfer amount at the end of the payment period, the provider will not be able to participate in the QIPP the following year.

81.5(17) *Cost report documentation.* All nursing facilities, except the Iowa Veterans Home, shall submit an annual cost report based on the closing date of the facility's fiscal year that incorporates documentation as set forth below. The Iowa Veterans Home shall submit semiannual cost reports based on the closing date of the facility's fiscal year and the midpoint of the facility's fiscal year that incorporate documentation as set forth below. The documentation incorporated in all cost reports shall include all of the following information:

a. Information on staffing costs, including the number of hours of the following provided per resident per day by all the following: nursing services provided by registered nurses, licensed practical nurses, certified nurse aides, restorative aides, certified medication aides, and contracted nursing services; other care services; administrative functions; housekeeping and maintenance; and dietary services.

b. The starting and average hourly wage for each class of employees for the period of the report.

c. An itemization of expenses attributable to the home or principal office or headquarters of the nursing facility included in the administrative cost line item.

81.5(18) *Inflation factor.* The department will consider an inflation factor in determining the reimbursement rate. The inflation factor will be based on the CMS Total Skilled Nursing Facility (CMS/SNF) Market Basket Index published by Data Resources, Inc. The CMS/SNF index listed in the latest available quarterly publication prior to the July 1 rate setting will be used to determine the inflation factor.

81.5(19) *Case-mix index calculation.*

a. The RUG-III Version 5.12b, 34 group, index maximizer model will be used as the resident classification system to determine all case-mix indices, using data from the minimum data set (MDS) submitted by each facility pursuant to subrule 81.12(9). Standard Version 5.12b case-mix indices developed by CMS will be the basis for calculating the average case-mix index and will be used to adjust the direct care costs in the determination of the direct care patient-day-weighted median and the reimbursement rate pursuant to subrule 81.5(16).

b. Each resident in the facility on the last day of each calendar quarter with a completed and submitted assessment will be assigned a RUG-III 34 group calculated on the resident's most current assessment available on the last day of each calendar quarter. This RUG-III group will be translated to the appropriate case-mix index referenced in paragraph *"a."* From the individual resident case-mix indices, two average case-mix indices for each Medicaid nursing facility will be determined four times per year based on the last day of each calendar quarter.

The facilitywide average case-mix index is the simple average, carried to four decimal places, of all resident case-mix indices. The Medicaid average case-mix index is the simple average, carried to four decimal places, of all indices for residents where Medicaid is known to be the per diem payor source on the last day of the calendar quarter. Assessments that cannot be classified to a RUG-III group due to errors will be excluded from both average case-mix index calculations.

81.5(20) *Medicare crossover claims for nursing facility services.*

a. Definitions. For purposes of this subrule:

"Crossover claim" means a claim for Medicaid payment for Medicare-covered nursing facility services rendered to a Medicare beneficiary who is also eligible for Medicaid. Crossover claims include claims for services rendered to beneficiaries who are eligible for Medicaid in any category, including but not limited to qualified Medicare beneficiaries and beneficiaries who are eligible for full Medicaid coverage.

"Medicaid-allowed amount" means the Medicaid reimbursement rate for the services rendered (including any portion to be paid by the Medicaid beneficiary as client participation) multiplied by the number of Medicaid units of service included in a crossover claim, as determined under state and federal law and policies.

"Medicaid reimbursement" includes any amount to be paid by the Medicaid beneficiary as Medicaid client participation and any amount to be paid by the department after application of any applicable Medicaid client participation.

"Medicare payment amount" means the Medicare reimbursement rate for the services rendered multiplied by the number of Medicare units of service included in a crossover claim, excluding any Medicare coinsurance or deductible amounts to be paid by the Medicare beneficiary.

b. Crossover claims. Crossover claims for services covered under Medicare Part A and under Medicaid are reimbursed as set out in this paragraph.

(1) If the Medicare payment amount for a crossover claim exceeds or equals the Medicaid-allowed amount for that claim, Medicaid reimbursement for the crossover claim will be zero.

(2) If the Medicaid-allowed amount for a crossover claim exceeds the Medicare payment amount for that claim, Medicaid reimbursement for the crossover claim is the lesser of:

1. The Medicaid-allowed amount minus the Medicare payment amount; or
2. The Medicare coinsurance and deductible amounts applicable to the claim.

81.5(21) *Nursing facility quality assurance payments.*

a. Quality assurance assessment pass-through. Effective with the implementation of the quality assurance assessment paid pursuant to 441—Chapter 36, a quality assurance assessment pass-through will be added to the Medicaid per diem reimbursement rate as otherwise calculated pursuant to this rule. The quality assurance assessment pass-through will equal the per-patient-day assessment determined pursuant to 441—subrule 36.6(2).

b. Quality assurance assessment rate add-on. Effective with the implementation of the quality assurance assessment paid pursuant to 441—Chapter 36, a quality assurance add-on of $37 per patient day will be added to the Medicaid per diem reimbursement rate as otherwise calculated pursuant to this rule.

c. Use of the pass-through and add-on. As a condition for receipt of the pass-through and add-on, each nursing facility shall submit information to the department on the Nursing Facility Medicaid Enhanced Payment Report demonstrating compliance by the nursing facility with the requirements for use of the pass-through and add-on. If the sum of the quality assurance assessment pass-through and the quality assurance assessment rate add-on is greater than the total cost incurred by a nursing facility in payment of the quality assurance assessment:

(1) No less than 35 percent of the difference will be used to increase compensation and costs of employment for direct care workers determined pursuant to Iowa Code section 249L.4.

(2) No less than 60 percent of the difference will be used to increase compensation and costs of employment for all nursing facility staff, with increases in compensation and costs of employment determined pursuant to Iowa Code section 249L.4.

d. Effective date. Until federal financial participation to match money collected from the quality assurance assessment pursuant to 441—Chapter 36 has been approved by CMS, none of the nursing facility rate-setting methodologies of this subrule will become effective.

e. End date. If CMS determines that federal financial participation to match money collected from the quality assurance assessment pursuant to 441—Chapter 36 is unavailable for any period, or if the department no longer has the authority to collect the assessment, then beginning on the effective date that such federal financial participation is not available or authority to collect the assessment is rescinded, none of the nursing facility rate-setting methodologies of this subrule will be effective. If the period for which federal match money is unavailable or the authority to collect the assessment is rescinded includes a retroactive period, the department will:

(1) Recalculate Medicaid rates in effect during that period without the rate-setting methodologies of this subrule;

(2) Recompute Medicaid payments due based on the recalculated Medicaid rates;

(3) Recoup any previous overpayments; and

(4) Determine for each nursing facility the amount of quality assurance assessment collected during that period and refund that amount to the facility.

This rule is intended to implement Iowa Code sections 249A.4 and 249A.16 and chapters 249K and 249L.

[**ARC 9279C**, IAB 5/14/25, effective 7/1/25]

441—81.6(249A) Continued review.

81.6(1) *Level of care.* The department will review Medicaid members' need for continued care in nursing facilities, pursuant to the standards and subject to the appeals process in subrule 81.2(1). For all members enrolled with a managed care organization, the managed care organization shall review a Medicaid member's need for continued care in a nursing facility at least annually. The managed care organization must submit documentation to the department for all reviews that indicate a change in the member's level of care. The department will make a final determination for any reviews that indicate a change in the level of care.

81.6(2) *PASRR.* As a condition of payment for nursing facility care under the Medicaid program when there is a significant change in a resident's condition, the nursing facility shall, within 24 hours, initiate a PASRR review by the department's contractor for PASRR evaluations. For purposes of this subrule, "significant change in a resident's condition" means any admission or readmission to the facility immediately following an inpatient psychiatric hospitalization or any change that is likely to impact the resident's treatment needs related to a mental illness or intellectual disability. The evaluation shall determine:

a. Whether nursing facility care or skilled nursing care is medically necessary and appropriate for the resident under 441—subrules 79.9(1) and 79.9(2);

b. Whether nursing facility services continue to be appropriate for the resident, as opposed to care in a more specialized facility or in a community-based setting; and

c. Whether the resident needs specialized services for mental illness or intellectual disability, as described in paragraph 81.2(3)*"b."*

This rule is intended to implement Iowa Code sections 249A.2(1), 249A.3(3), and 249A.4.

[**ARC 9279C**, IAB 5/14/25, effective 7/1/25]

441—81.7(249A) Records.

81.7(1) *Content.* The facility shall as a minimum maintain the following records:

a. All records required by the department and the department of inspections, appeals, and licensing.

b. Records of all treatments, drugs, and services for which vendors' payments have been made or are to be made under the medical assistance program, including the authority for and the date of administration of the treatment, drugs, or services.

c. Documentation in each resident's records that will enable the department to verify that each charge is due and proper prior to payment.

d. Financial records maintained in the standard, specified form including the facility's most recent audited cost report.

e. All other records as may be found necessary by the department in determining compliance with any federal or state law or rule or regulation promulgated by the United States Department of Health and Human Services or by the department.

f. Census records to include the date, number of residents at the beginning of each day, names of residents admitted, and names of residents discharged.

(1) Census information shall be provided for all residents of the facility.

(2) Census figures for each type of care shall be totaled monthly to indicate the number admitted, the number discharged, and the number of patient days.

(3) Failure to maintain acceptable census records shall result in the per diem rate being computed on the basis of 100 percent occupancy and a request for refunds covering indicated recipients of nursing care that have not been properly accounted for.

g. Resident accounts.

h. In-service education program records.

i. Inspection reports pertaining to conformity with federal, state and local laws.

j. Residents' personal records.

k. Residents' medical records.

l. Disaster preparedness reports.

81.7(2) *Retention.* Records identified in subrule 81.7(1) shall be retained in the facility for a minimum of five years or until an audit is performed on those records, whichever is longer.

81.7(3) *Change of owner.* All records shall be retained within the facility upon change of ownership.

This rule is intended to implement Iowa Code sections 249A.2(6) and 249A.3(2)*"a."*

[**ARC 9279C**, IAB 5/14/25, effective 7/1/25]

441—81.8(249A) Payment procedures.

81.8(1) *Method of payment.* Except for Medicaid accountability measures payment established in paragraph 81.5(16)*"g,"* facilities will be reimbursed under a modified price-based vendor payment program. A per diem rate will be established based on information submitted according to rule 441—81.5(249A). The per diem rate will include an amount for Medicaid accountability measures.

81.8(2) *Authorization of payment.* The department will authorize payment for care in a facility. The authorization shall be obtained prior to admission of the resident, whenever possible. For a nursing facility to be eligible for Medicaid payment for a resident, the facility must, when applicable, exhaust all Medicare benefits.

81.8(3) *Periods authorized for payment.*

a. Payment will be made on a per diem basis for the portion of the month the resident is in the facility.

b. Payment will be authorized as long as the resident is certified as needing care in a nursing facility.

c. Payment will be approved for the day of admission but not the day of discharge or death.

d. Payment will be approved for periods the resident is absent overnight for purpose of visitation or vacation. The facility will be paid to hold the bed for a period not to exceed 18 days in any calendar year. Additional days shall be based upon a recommendation by the resident's physician in the plan of care that additional days would be rehabilitative.

e. Payment will be approved for a period not to exceed 10 days in any calendar month when the resident is absent due to hospitalization. Medicaid payment to the facility may not be initiated while a resident is on reserve bed days unless the person was residing in the facility as a private pay resident prior to the hospitalization and returns to the facility as a resident.

f. Payment for periods when residents are absent for a visit, vacation, or hospitalization will be made at zero percent of the nursing facility's rate, except for special population facilities and state-operated nursing facilities, which will be paid for such periods at 42 percent of the facility's rate.

g. Payment for residents determined by utilization review to require the residential level of care will be made at the maximum state supplementary assistance rate. This rate is effective as of the date of final notice by utilization review that the lower level of care is required.

h. Ventilator patients.

(1) Definition. For purposes of this paragraph only, "ventilator patients" means Medicaid-eligible patients who, as determined by the quality improvement organization, require a ventilator at least six hours every day, are inappropriate for home care, and have medical needs that require skilled care.

(2) Reimbursement. In-state nursing facilities will receive reimbursement for care of ventilator patients equal to the sum of the Medicare-certified hospital-based nursing facility rate plus the Medicare-certified hospital-based nursing facility non-direct care rate component as defined in subparagraph 81.5(16)*"f"*(3). Facilities may continue to receive this reimbursement at this rate for 30 days after a ventilator patient is weaned from a ventilator if, during the 30 days, the patient continues to reside in the facility and continues to meet skilled care criteria.

i. Payment for residents of a special population facility licensed by the department of inspections, appeals, and licensing as an intermediate care facility for persons with mental illness will be made only when the resident is aged 65 or over. If a resident under the age of 65 is admitted with a payment source other than Medicaid, the facility shall notify the resident, or when applicable the resident's guardian or legal representative, that the department may neither make payment to the facility nor make payment for any other services rendered by any provider while the person resides in the facility, until the resident attains the age of 65.

j. Nonpayment for provider-preventable conditions. Reimbursement will not be made for patient days attributable to preventable conditions identified pursuant to this rule that develop in a nursing facility. Any patient days attributable to a provider-preventable condition must be billed as noncovered days. A provider-preventable condition is one in which any of the following occur:

(1) The wrong surgical or other invasive procedure is performed on a resident; or

(2) A surgical or other invasive procedure is performed on the wrong body part; or

(3) A surgical or other invasive procedure is performed on the wrong resident.

81.8(4) *Supplementation.* Only the amount of client participation may be billed to the resident for the cost of care, and the facility must accept the combination of client participation and payment made through the department as payment in full for the care of a resident. No additional charges shall be made to residents or family members for any supplies or services required in the facility-developed plan of care for the resident.

Residents may choose to spend their personal funds on items of personal care such as professional beauty or barber services, but the facility shall not require this expenditure and shall not routinely obligate residents to any use of their personal funds.

a. Supplies or services that the facility shall provide:

(1) Nursing services, social work services, activity programs, individual and group therapy, rehabilitation or habilitation programs provided by facility staff in order to carry out the plan of care for the resident.

(2) Services related to the nutrition, comfort, cleanliness and grooming of a resident as required under state licensure and Medicaid survey regulations.

(3) Medical equipment and supplies including wheelchairs except for customized wheelchairs for which separate payment may be made pursuant to 441—paragraph 78.10(2)*"d,"* medical supplies except for those listed in 441—paragraph 78.10(4)*"b,"* oxygen except under circumstances specified in 441—paragraph 78.10(2)*"a,"* and other items required in the facility-developed plan of care.

(4) Nonprescription drugs ordered by the physician.

(5) Fees charged by medical professionals for services requested by the facility that do not meet criteria for direct Medicaid payment.

b. The facility shall arrange for nonemergency transportation for members to receive necessary medical services outside the facility.

(1) If a family member, friend, or volunteer is not available to provide the transportation at no charge, the facility shall arrange and pay for the medically necessary transportation within 30 miles of the facility (one way).

(2) For medically necessary transportation beyond 30 miles from the facility (one way), when no family member, friend, or volunteer is available to provide the transportation at no charge, the facility shall arrange for transportation through the broker designated by the department, with the cost to be paid by the broker pursuant to rule 441—78.13(249A).

c. The department will provide direct payment to relieve the facility of payment responsibility for certain medical equipment and services that meet the Medicare definition of medical necessity and are provided by providers enrolled in the Medicaid programs including:

(1) Physician services.

(2) Ambulance services.

(3) Hospital services.

(4) Hearing aids, braces and prosthetic devices.

(5) Customized wheelchairs for which separate payment may be made pursuant to 441—subparagraph 78.10(2)*"a"*(4).

d. Other supplies or services for which direct Medicaid payment may be available include:

(1) Drugs covered pursuant to 441—subrule 78.1(2).

(2) Dental services.

(3) Optician and optometrist services.

(4) Repair of medical equipment and appliances that belong to the resident.

(5) Transportation to receive medical services beyond 30 miles from the facility (one way), through the broker designated by the department pursuant to a contract between the department and the broker.

(6) Other medical services specified in 441—Chapter 78.

e. The following supplementation is permitted:

(1) The resident, the resident's family, or friends may pay to hold the resident's bed in cases where a resident who is not discharged from the facility is absent overnight. When the resident is discharged, the facility may handle the holding of the bed in the same manner as for a private paying resident.

(2) Payments made by the resident's family toward cost of care of the resident shall not be considered as supplementation so long as the payments are included in client participation and are not over and above the payment made by the state for care of the resident.

(3) If a physician does not order a nonprescription drug by brand name, the facility may offer a generic. If a resident or family member requests a brand name, the resident or family member may pay for the brand-name nonprescription drug.

(4) Supplementation for provision of a private room not otherwise covered under the medical assistance program, subject to the following conditions, requirements, and limitations:

1. Supplementation for provision of a private room is not permitted for any time period during which the private room is therapeutically required pursuant to 42 CFR 483.10 (as amended to August 1, 2024).

2. Supplementation for provision of a private room is not permitted for a calendar month if no room other than the private room was available as of the first day of the month or as of the resident's subsequent initial occupation of the private room.

3. Supplementation for provision of a private room is not permitted for a calendar month if the facility's occupancy rate was less than 50 percent as of the first day of the month or as of the resident's subsequent initial occupation of the private room.

4. Supplementation for provision of a private room is not permitted if the nursing facility only provides one type of room or all private rooms.

5. If a nursing facility provides for supplementation for provision of a private room, the facility may base the supplementation amount on the difference between the amount paid for a room covered under the medical assistance program and the private pay rate for the private room identified for supplementation. However, the total payment for the private room from all sources for a calendar month shall not be greater than the aggregate average private room rate during that month for the type of rooms covered under the medical assistance program for which the resident would be eligible.

6. If a nursing facility provides for supplementation for provision of a private room, the facility shall notify all residents, prospective residents, and their legal representatives in accordance with Iowa Code section 249A.4(10)*"b"*(1).

7. For a resident for whom the nursing facility receives supplementation, the nursing facility shall indicate in the resident's record the information set forth in Iowa Code section 249A.4(10)*"b"*(2).

f. Any medical equipment, supplies, appliances, or devices, personal care items, drugs, or other items of personal property that are paid for directly by the Medicaid program or are paid for by the resident or the resident's family, on a nonrental basis, are the personal property of the resident.

g. The facility shall not charge a resident for days that are not covered under Medicaid due to a provider-preventable condition pursuant to paragraph 81.8(3)*"j"* and shall not discharge a resident due to nonpayment for such days.

This rule is intended to implement Iowa Code section 249A.4.

[**ARC 9279C**, IAB 5/14/25, effective 7/1/25]

441—81.9(249A) Billing procedures. Claims for service must be sent to the department after the month of service and within 365 days of the date of service. Claims must be submitted electronically through the department's electronic clearinghouse. A remittance advice of the claims paid may be obtained through the Iowa Medicaid portal access (IMPA) system. Adjustments to submitted claims may be made electronically as provided for by the department. A request for an adjustment to a paid claim must be received by the department within one year from the date the claim was paid in accordance with rule 441—80.4(249A).

This rule is intended to implement Iowa Code sections 249A.2(6) and 249A.3(2)*"a."*

[**ARC 9279C**, IAB 5/14/25, effective 7/1/25]

441—81.10(249A) Closing of facility. When a facility is planning on closing, the department and the department's contracted managed care organizations with which the facility is enrolled shall be notified at least 60 days in advance of the closing. Plans for the transfer of residents receiving medical assistance shall

be approved by the resident's managed care organization or by the department for residents not enrolled with a managed care organization.

This rule is intended to implement Iowa Code sections 249A.2(6) and 249A.3(2)*"a."*

[**ARC 9279C**, IAB 5/14/25, effective 7/1/25]

441—81.11(249A) Conditions of participation for nursing facilities. All nursing facilities shall enter into a contractual agreement with the department that sets forth the terms under which they will participate in the program.

81.11(1) *Procedures for establishing health care facilities as Medicaid facilities.* All survey procedures and certification process shall be in accordance with department of health and human services publication "State Operations Manual" (as amended to August 1, 2024).

81.11(2) *Medicaid provider agreements.*

a. The health care facility shall be recommended for certification by the department of inspections, appeals, and licensing for participation as a nursing facility before a provider agreement may be issued. All survey procedures and certification process shall be in accordance with department of health and human services publication "Providers Certification State Operations Manual" as amended to August 1, 2024. The effective date of a provider agreement may not be earlier than the date of certification.

b. When it becomes necessary for the department to cancel or refuse to renew a Title XIX provider agreement, federal financial participation may continue for 30 days beyond the date of cancellation, if the extension is necessary to ensure the orderly transfer of residents.

81.11(3) *Distinct part requirement.* All facilities that provide nursing facility care and also provide other types of care shall set aside a distinct or identifiable part for the provision of the nursing facility care.

a. The distinct part shall meet the following conditions:

(1) The distinct part shall meet all requirements for a nursing facility.

(2) The distinct part shall be identifiable as a unit such as a designated group of rooms, an entire ward or contiguous wards, wings, floor, or building. It shall consist of all beds and related facilities in the unit for whom payment is being made for nursing facility services. It shall be clearly identified and licensed by the department of inspections, appeals, and licensing.

(3) The appropriate personnel shall be assigned to the identifiable unit and shall work there regularly. Immediate supervision of staff shall be provided in the unit at all times by qualified personnel as required for licensure.

(4) The distinct part may share such central services and facilities as management services, dietary services, building maintenance and laundry with other units.

(5) When members of the staff share time between units of the facility, written records shall be maintained of the time assigned to each unit.

b. Hospitals participating as nursing facilities shall meet all of the same conditions applicable to freestanding nursing facilities.

c. Nothing herein shall be construed as requiring transfer of a resident within or between facilities when in the opinion of the attending physician the transfer might be harmful to the physical or mental health of the resident. The opinion of the physician shall be recorded on the resident's medical chart and stands as a continuing order unless the circumstances requiring the exception change.

81.11(4) *Civil rights.* The nursing facility shall comply with Title VI of the Civil Rights Act of 1964 (as amended to August 1, 2024) in all areas of administration including admissions, records, services and physical facilities, room assignments and transfers, attending physicians' privileges and referrals. Written statements of compliance shall be available to residents, employees, attending physicians and other members of the public.

81.11(5) *Resident rights.* The resident has a right to a dignified existence, self-determination and communication with and access to persons and services inside and outside the facility. A facility shall protect and promote the rights of each resident in accordance with 42 CFR 483.10 (as amended to August 1, 2024).

81.11(6) *Admission, transfer and discharge rights.*

a. Definition. Transfer and discharge includes movement of a resident to a bed outside of the certified facility whether that bed is in the same physical plant or not. Transfer and discharge does not refer to movement of a resident to a bed within the same certified facility.

b. Transfer or discharge requirements. The facility shall permit each resident to remain in the facility, and not transfer or discharge the resident, in accordance with 42 CFR 483.15 (as amended to August 1, 2024).

81.11(7) *Resident behavior and facility practices.*

a. Restraints. The resident has the right to be free from any physical or chemical restraints imposed for purposes of discipline or convenience and not required to treat the resident's medical symptoms.

b. Abuse. The resident has the right to be free from verbal, sexual, physical, or mental abuse, corporal punishment, and involuntary seclusion.

c. Staff treatment of residents. The facility shall develop and implement written policies and procedures that prohibit mistreatment, neglect, and abuse of residents and misappropriation of resident property.

(1) Facility staff shall not use verbal, mental, sexual, or physical abuse, including corporal punishment, or involuntary seclusion of residents. The facility shall not employ persons who have been found guilty by a court of law of abusing, neglecting or mistreating residents or who have had a finding entered into the state nurse aide registry concerning abuse, neglect, mistreatment of residents or misappropriation of their property.

The facility shall report any knowledge it has of actions by a court of law against an employee, which would indicate unfitness for service as a nurse aide or other facility staff to the state nurse aide registry or licensing authorities.

(2) The facility shall ensure that all alleged violations involving mistreatment, neglect or abuse including injuries of unknown source and misappropriation of resident property, are reported immediately to the administrator of the facility or to other officials (including the department of inspections, appeals, and licensing) in accordance with state law through established procedures.

(3) The facility shall have evidence that all alleged violations are thoroughly investigated and shall prevent further potential abuse while the investigation is in progress.

(4) The results of all investigations conducted by facility staff shall be reported to the administrator or the administrator's designated representative or to other officials (including the department of inspections, appeals, and licensing) in accordance with state law within five working days of the incident and if the alleged violation is verified, take appropriate corrective action.

81.11(8) *Quality of life.* A facility shall care for its residents in a manner and in an environment that promotes maintenance or enhancement of each resident's quality of life in accordance with 42 CFR 483.10 (as amended to August 1, 2024).

a. Activities. The facility shall provide for an ongoing program of activities designed to meet, based on the comprehensive assessment, the interests and the physical, mental, and psychosocial well-being of each resident in accordance with 42 CFR 483.24(c) (as amended to August 1, 2024).

b. Social services.

(1) The facility shall provide medically related social services to attain or maintain the highest practicable physical, mental, or psychosocial well-being of each resident.

(2) A facility with more than 120 beds shall employ a qualified social worker on a full-time basis in accordance with 42 CFR 483.70(p) (as amended to August 1, 2024).

c. Environment. The facility shall provide a safe, clean, comfortable and homelike environment in accordance with 42 CFR 483.10(i) (as amended to August 1, 2024).

81.11(9) *Resident assessment.* The facility shall conduct initially and periodically a comprehensive, accurate, standardized, reproducible assessment of each resident's functional ability in accordance with 42 CFR 483.20(a) through (j) (as amended to August 1, 2024).

a. Use of independent assessors. If the department or the department of inspections, appeals, and licensing determines, under a survey or otherwise, that there has been a knowing and willful certification of false statements in a resident assessment, the department or the department of inspections, appeals, and licensing may require that resident assessments under this paragraph be conducted and certified by

individuals who are independent of the facility and who are approved by the department or the department of inspections, appeals, and licensing for a period specified by the agency.

b. Comprehensive care plans. The facility shall develop a comprehensive care plan for each resident in accordance with 42 CFR 483.21(b) (as amended to August 1, 2024).

c. Discharge summary. When the facility anticipates discharges, a resident shall have a discharge summary in accordance with 42 CFR 483.21(c)(2) (as amended to August 1, 2024).

d. Preadmission resident assessment. The facility shall conduct prior to admission a resident assessment of all persons seeking nursing facility placement. The assessment information gathered shall be similar to the data in the minimum data set (MDS) resident assessment tool.

81.11(10) *Quality of care.* Each resident shall receive and the facility shall provide the necessary care and services to attain or maintain the highest practicable physical, mental and psychosocial well-being, in accordance with the comprehensive assessment and plan of care. A facility shall ensure that residents receive treatment in accordance with 42 CFR 483.24 and 483.25 (as amended to August 1, 2024).

a. Behavioral health services. Based on the comprehensive assessment of a resident, the facility shall ensure that residents receive and the facility must provide the necessary behavioral health care and services to attain or maintain the highest practicable physical, mental, and psychosocial well-being in accordance with 42 CFR 483.40 (as amended to August 1, 2024).

b. Unnecessary drugs. Each resident's drug regimen shall be free from unnecessary drugs in accordance with 42 CFR 483.45(d) and (e) (as amended to August 1, 2024).

c. Medication errors. The facility shall ensure that it meets the standards set forth in 42 CFR 483.45(f) (amended to August 1, 2024).

81.11(11) *Nursing services.* In accordance with 42 CFR 483.35 (as amended to August 1, 2024), the facility shall have sufficient nursing staff to provide nursing and related services to attain or maintain the highest practicable physical, mental, and psychosocial well-being of each resident, as determined by resident assessments and individual plans of care.

81.11(12) *Dietary services.* In accordance with 42 CFR 483.60 (as amended to August 1, 2024), the facility shall provide each resident with a nourishing, palatable, well-balanced diet that meets the daily nutritional and special dietary needs of each resident.

81.11(13) *Physician services.* In accordance with 42 CFR 483.30 (as amended to August 1, 2024), a physician shall personally approve in writing a recommendation that an individual be admitted to a facility. Each resident shall remain under the care of a physician.

81.11(14) *Specialized services.* When indicated, specialized services shall be provided to residents as follows:

a. Specialized rehabilitative services. Specialized rehabilitative services shall be provided by qualified personnel under the written order of a physician in accordance with 42 CFR 483.65 (as amended to August 1, 2024).

b. Specialized services for mental illness. "Specialized services for mental illness" means services provided in response to an exacerbation of a resident's mental illness that:

(1) Are beyond the normal scope and intensity of nursing facility responsibility;

(2) Involve treatment other than routine nursing care, supportive therapies such as activity therapy, and supportive counseling by nursing facility staff;

(3) Are provided through a professionally developed plan of care with specific goals and interventions;

(4) May be provided only by a specialized licensed or certified practitioner;

(5) Are expected to result in specific, identified improvements in the resident's psychiatric status to the level before the exacerbation of the resident's mental illness; and

(6) May include:

1. Acute inpatient psychiatric treatment. When inpatient psychiatric treatment may be prevented through specialized services provided in the nursing facility, services provided in the nursing facility are preferred.

2. Initial psychiatric evaluation to determine a resident's diagnosis and to develop a plan of care.

3. Follow-up psychiatric services by a psychiatrist to evaluate resident response to psychotropic medications, to modify medication orders and to evaluate the need for ancillary therapy services.

4. Psychological testing required for a specific differential diagnosis that will result in the adoption of appropriate treatment services.

5. Individual or group psychotherapy as part of a plan of care addressing specific symptoms.

6. Any clinically appropriate service that is available for which the member meets eligibility criteria.

c. Specialized services for intellectual disability. "Specialized services for intellectual disability" means services that:

(1) Are beyond the normal scope and intensity of nursing facility responsibility;

(2) Involve treatment other than routine nursing care, supportive therapies such as activity therapy, and supportive counseling by nursing facility staff;

(3) Are provided through a professionally developed plan of care with specific goals and interventions;

(4) Must be supervised by a qualified intellectual disability professional; and

(5) May include:

1. A functional assessment of maladaptive behaviors.

2. Development and implementation of a behavioral support plan.

3. Community living skills training for members who desire to live in a community setting and for whom community living is appropriate as determined by the Level II evaluation. Training may include adaptive behavior skills, communication skills, social skills, personal care skills, and self-advocacy skills.

81.11(15) *Dental services.* In accordance with 42 CFR 483.55 (as amended to August 1, 2024), the facility shall assist residents in obtaining routine and 24-hour emergency dental care.

81.11(16) *Pharmacy services.* In accordance with 42 CFR 483.45 (as amended to August 1, 2024), the facility shall provide routine and emergency drugs and biologicals to its residents or obtain them under an agreement. The nursing facility may permit a certified medication aide to administer drugs, but only under the general supervision of a licensed nurse.

81.11(17) *Infection control.* In accordance with 42 CFR 483.80 (as amended to August 1, 2024), the facility shall establish and maintain an infection control program designed to provide a safe, sanitary, and comfortable environment in which residents reside and to help prevent the development and transmission of disease and infection.

81.11(18) *Physical environment.* In accordance with 42 CFR 483.90 (as amended to August 1, 2024), the facility shall be designed, constructed, equipped and maintained to protect the health and safety of residents, personnel and the public.

81.11(19) *Administration.* In accordance with 42 CFR 483.70(a) through (d) (as amended to August 1, 2024), a facility shall be administered in a manner that enables it to use its resources effectively and efficiently to attain or maintain the highest practicable physical, mental and psychosocial well-being of each resident.

a. Required training of nurse aides.

(1) Definitions.

"Licensed health professional" means a physician; physician associate; nurse practitioner; physical, speech or occupational therapist; registered professional nurse; licensed practical nurse; or licensed or certified social worker.

"Nurse aide" means any person providing nursing or nursing-related services to residents in a facility who is not a licensed health professional, a registered dietitian, or someone who volunteers to provide these services without pay.

(2) General rule. A facility shall not use any person working in the facility as a nurse aide for more than four months, on a permanent basis in accordance with the exceptions and provisions specified in 42 CFR 483.25(d) (as amended to August 1, 2024).

b. Proficiency of nurse aides. The facility shall ensure that nurse aides are able to demonstrate competency in skills and technique necessary to care for residents' needs, as identified through resident assessments, and described in the plan of care.

c. Staff qualifications. Staff qualifications must be met in accordance with 42 CFR 483.70(f) (as amended to August 1, 2024).

d. Use of outside resources. If the facility does not employ a qualified professional person to furnish a specific service to be provided by the facility, the facility shall have that service furnished to residents by a person or agency outside the facility under an arrangement described in Section 1861(w) of the Omnibus Budget Reconciliation Act of 1987 or an agreement described in 42 CFR 483.70(g) (as amended to August 1, 2024).

e. Medical director. The facility shall designate a physician to serve as medical director in accordance with 42 CFR 483.70(h) (as amended to August 1, 2024).

f. Laboratory, radiology, and other diagnostic services. The facility shall provide or obtain clinical laboratory, radiology, and other diagnostic services to meet the needs of its residents in accordance with 42 CFR 483.50 (as amended to August 1, 2024).

g. Clinical records. The facility shall maintain clinical records on each resident in accordance with 42 CFR 483.70(i) (as amended to August 1, 2024).

h. Disaster and emergency preparedness.

(1) The facility shall have detailed written plans and procedures to meet all potential emergencies and disasters, such as fire, severe weather, and missing residents.

(2) The facility shall train all employees in emergency procedures when they begin to work in the facility, periodically review the procedures with existing staff, and carry out staff drills using those procedures.

i. Transfer agreement. The facility shall have in effect a written transfer agreement with one or more hospitals approved for participation under the Medicare and Medicaid programs in accordance with 42 CFR 483.70(j) (as amended to August 1, 2024).

j. Quality assessment and assurance. A facility shall maintain a quality assessment and assurance committee in accordance with 42 CFR 483.75(g) through (i) (as amended to August 1, 2024).

k. Disclosure of ownership.

(1) The facility shall comply with the disclosure requirements of 42 CFR 420.206 and 455.104 (as amended to August 1, 2024).

(2) The facility shall provide written notice to the department of inspections, appeals, and licensure at the time of change, if a change occurs in:

1. Persons with an ownership or control interest.
2. The officers, directors, agents, or managing employees.
3. The corporation, association, or other company responsible for the management of the facility.
4. The facility's administrator or director of nursing.

(3) The notice specified in subparagraph (2) above shall include the identity of each new individual or company.

[**ARC 9279C**, IAB 5/14/25, effective 7/1/25; Editorial change: IAC Supplement 6/10/26]

441—81.12(249A) Audits.

81.12(1) *Audit of financial and statistical report.* Authorized representatives of the department or the U.S. Department of Health and Human Services shall have the right, upon proper identification, to audit, using generally accepted auditing procedures, the general financial records of a facility to determine if expenses reported on the Financial and Statistical Report are reasonable and proper according to the rules set forth in rule 441—81.5(249A). The aforementioned audits may be done either on the basis of an on-site visit to the facility, their central accounting office, or office(s) of their agent(s).

a. When a proper per diem rate cannot be determined, through generally accepted and customary auditing procedures, the auditor shall examine and adjust the report to arrive at what appears to be an acceptable rate and shall recommend to the department that the indicated per diem should be reduced to 75 percent of the established payment rate for the ensuing six-month period and if the situation is not remedied on the subsequent Financial and Statistical Report, the health facility shall be suspended and eventually canceled from the nursing facility program, or

b. When a health facility continues to include as an item of cost an item or items that had in a prior audit been removed by an adjustment in the total audited costs, the auditor shall recommend to

the department that the per diem be reduced to 75 percent of the current payment rate for the ensuing six-month period. The department may, after considering the seriousness of the exception, make the reduction.

81.12(2) *Audit of proper billing and handling of patient funds.*

a. The department; the department's contracted managed care organizations; field auditors of the department of inspections, appeals, and licensing; and representatives of the U.S. Department of Health and Human Services, upon proper identification, have the right to audit billings to the department and receipts of client participation, to ensure the facility is not receiving payment in excess of the contractual agreement and that all other aspects of the contractual agreement are being followed, as deemed necessary.

b. The department; the department's contracted managed care organizations; field auditors of the department of inspections, appeals, and licensing; and representatives of the U.S. Department of Health and Human Services, upon proper identification, have the right to audit records of the facility to determine proper handling of patient funds in compliance with subrule 81.3(3).

c. The auditor shall recommend and the department shall request repayment by the facility to either the department or the resident(s) involved, any sums inappropriately billed to the department or collected from the resident.

d. The facility shall have 60 days to review the audit and repay the requested funds or present supporting documentation indicating that the requested refund amount, or part thereof, is not justified.

e. When the facility fails to comply with paragraph *"d,"* the requested refunds may be withheld from future payments to the facility. The withholding shall not be more than 25 percent of the average of the last six monthly payments to the facility. The withholding shall continue until the entire requested refund amount is recovered. If in the event the audit results indicate significant problems, the audit results may be referred to the attorney general's office for whatever action may be deemed appropriate.

f. When exceptions are taken during the scope of an audit that are similar in nature to the exceptions taken in a prior audit, the auditor shall recommend and the department may, after considering the seriousness of the exceptions, reduce payment to the facility to 75 percent of the current payment rate.

This rule is intended to implement Iowa Code sections 249A.2, 249A.3(2)*"a,"* and 249A.4.

[**ARC 9279C**, IAB 5/14/25, effective 7/1/25]

441—81.13(249A) Nurse aide requirements and training and testing programs.

81.13(1) *Deemed meeting of requirements.* A nurse aide is deemed to satisfy the requirement of completing a nurse aide training and competency evaluation approved by the department of inspections, appeals, and licensing if:

a. The nurse aide successfully completed a nurse aide training and competency evaluation program before July 1, 1989, and

(1) At least 60 clock hours were substituted for 75 clock hours, and the person has made up at least the difference in the number of clock hours in the program the person completed and 75 clock hours in supervised practical nurse aide training or in regular in-service nurse aide education, or

(2) The person was found to be competent (whether or not by the state) after completion of a nurse aide training of at least 100 clock hours' duration, or

(3) The person can demonstrate that the person served as a nurse aide at one or more facilities of the same employer in Iowa for at least 24 consecutive months before December 19, 1989, or

(4) The person completed, before July 1, 1989, a nurse aide training and competency evaluation program that the department of inspections, appeals, and licensing determines would have met the requirements for approval at the time it was offered; or

b. The person is a veteran, an active duty service member, or a member of the reserve forces, who has:

(1) Successfully completed a U.S. military training program that includes a curriculum comparable to the nurse aide training program required by this rule and has documented successful completion of that program with either a diploma, certifications, or Form DD 214 showing completion of hospital corpsman or medical service specialist or equivalent training, and

(2) Provided documentation showing that the person has 75 clock hours of practical experience in a nurse aide role, which may include classroom instruction, prior equivalent experience, or a combination of the two, and

(3) Successfully completed the nurse aide training and competency examination.

81.13(2) *State review and approval of nurse aide training and competency evaluation programs or competency evaluation programs.*

a. The department of inspections, appeals, and licensing will, in the course of all surveys, determine whether the nurse aide training and evaluation requirements of paragraph 81.11(19)*"b"* and subrule 81.13(1) are met.

b. Requirements for approval of programs.

(1) Before the department of inspections, appeals, and licensing approves a nurse aide training and competency evaluation program or competency evaluation program, the department of inspections, appeals, and licensing will determine whether:

1. A nurse aide training and competency evaluation program meets the course requirements of subrule 81.13(3).
2. A nurse aide competency evaluation program meets the requirements of subrule 81.13(4).

(2) Except as provided by paragraph 81.13(2)*"f,"* the department of inspections, appeals, and licensing will not approve a nurse aide training and competency evaluation program or competency evaluation program offered by or in a facility that, in the previous two years:

1. Has operated under a nurse staffing waiver for a period in excess of 48 hours per week; or
2. Has been subject to an extended or partial extended survey; or
3. Has been assessed a civil money penalty of not less than $5,000; or
4. Has operated under temporary management appointed to oversee the operation of the facility and to ensure the health and safety of the facility's residents; or
5. Pursuant to state action, was closed or had its residents transferred; or
6. Has been terminated from participation in the Medicaid or Medicare program; or
7. Has been denied payment.

c. Application process. Applications shall be submitted to the department of inspections, appeals, and licensing before a new program begins and every two years thereafter on a form prescribed by the department. The department of inspections, appeals, and licensing will, within 90 days of the date of a request or receipt of additional information from the requester:

(1) Advise the requester whether or not the program has been approved; or

(2) Request additional information from the requesting entity.

d. Duration of approval. The department of inspections, appeals, and licensing will not grant approval of a nurse aide training and competency evaluation program for a period longer than two years. A program shall notify the department of inspections, appeals, and licensing and the department of inspections, appeals, and licensing will review that program when there are substantive changes made to that program within the two-year period.

e. Withdrawal of approval. The department of inspection, appeals, and licensing will follow the provision of 42 CFR 483.151(e) (as amended to August 1, 2024) regarding withdrawals of approvals.

f. An exception to subparagraph 81.13(2)*"b"*(2) may be granted by the department of inspections, appeals, and licensing for 75-hour nurse aide training courses offered in (but not by) a facility under the following conditions:

(1) The facility has submitted a Nurse Aide Education Program Waiver Request, to the department of inspections, appeals, and licensing to request a waiver for each 75-hour nurse aide training course to be offered in (but not by) the facility.

(2) The 75-hour nurse aide training is offered in a facility by an approved NATCEP.

(3) No other NATCEP is offered within ten minutes' travel from the facility, unless the facility can demonstrate the distance or program would create a hardship for program participants.

(4) The facility is in substantial compliance with the federal requirements related to nursing care and services.

(5) The facility is not a poor performing facility.

(6) Employees of the facility do not function as instructors for the program unless specifically approved by the department of inspections, appeals, and licensing.

(7) The NATCEP sponsoring the 75-hour nursing aide training course is responsible for program administration and for ensuring that program requirements are met.

(8) The NATCEP has submitted an evaluation to the department of inspections, appeals, and licensing indicating that an adequate teaching and learning environment exists for conducting the course.

(9) The NATCEP has developed policies for communicating and resolving problems encountered during the course, including notice by the facility to the program instructor and students on how to contact the department of inspections, appeals, and licensing to register any concerns encountered during the course.

(10) The NATCEP shall require the program instructor and students to complete an evaluation of the course. The instructor shall return the completed evaluations to the NATCEP that shall return the evaluations to department of inspections, appeals, and licensing.

81.13(3) *Requirements for approval of a nurse aide training and competency evaluation program.* The department has designated the department of inspections, appeals, and licensing to approve required nurse aide training and competency evaluation programs. Policies and procedures governing approval of the programs are set forth in 42 CFR 483.152 (as amended to August 1, 2024).

a. If a person who is not employed, or does not have an offer to be employed, as a nurse aide becomes employed by, or receives an offer of employment from, a facility no later than 12 months after completing a nurse aide training and competency evaluation program or competency evaluation program, the facility shall reimburse the nurse aide for costs incurred in completing the program or competency evaluation on a pro rata basis during the period in which the person is employed as a nurse aide. The formula for paying the nurse aides on a pro rata basis shall be as follows:

(1) Add all costs incurred by the nurse aide for the course, books, and competency evaluations.

(2) Divide the total arrived at in subparagraph (1) above by 12 to prorate the costs over a one-year period and establish a monthly rate.

(3) The nurse aide shall be reimbursed the monthly rate each month the nurse aide works at the facility until one year from the time the nurse aide completed the course.

b. Setting and equipment. The classroom shall have appropriate equipment, be of adequate size, and not interfere with resident activities.

c. Records and reports. Nurse aide education programs approved by the department of inspections, appeals, and licensing shall:

(1) Notify the department of inspections, appeals, and licensing:

1. Of dates of classroom and clinical sessions as well as location of classrooms and clinical practice sites before each course begins and if the course is canceled.
2. When a facility or other training entity will no longer be offering nurse aide training courses.
3. Whenever the person coordinating the training program is hired or terminates employment.

(2) Keep a list of faculty members and their qualifications available for department review.

(3) Provide each nurse aide a record of skills for which the nurse aide has been found competent during the course and which may be performed before completion of the competency evaluation.

(4) Complete a lesson plan for each unit that includes behavioral objectives, a topic outline and student activities and experiences.

(5) Provide the student, within 30 days of the last class period, evidence of having successfully completed the course.

81.13(4) *Nurse aide competency evaluation.* Nurse aid competency evaluation program shall be administered in accordance with 42 CFR 483.154 (as amended to August 1, 2024).

a. Successful completion of the competency evaluation program.

(1) A score of 70 percent or above is passing for both the written or oral and skills demonstration parts of the test.

(2) A record of successful completion of the competency evaluation shall be included in the nurse aide registry within 30 days of the date the person is found to be competent.

(3) The competency testing entity shall inform the nurse aide of the test score within 30 calendar days of the completion of the test and shall inform the nurse aide registry of the nurse aide's scores within 20 calendar days after the test is administered.

b. Unsuccessful completion of the competency evaluation program.

(1) If the person does not complete the evaluation satisfactorily, the person shall be advised in writing within ten working days after the test is scored:

1. Of the areas that the person did not pass.
2. That the person has three opportunities to take the evaluation.

(2) Each person shall have three opportunities to pass each part of the test. If one part of the test is failed, only that part need be taken a second or third time. If either part of the test is failed three times, the 75-hour course shall be taken or retaken before the test can be taken again.

c. Storage of evaluation instrument. The person responsible for administering a competency evaluation shall provide secure storage of the evaluation instruments when they are not being administered or processed.

d. Application process. Entities wishing to secure approval for a competency evaluation program shall submit a copy of the evaluation plan and procedures to the department of inspections, appeals, and licensing. The department of inspections, appeals, and licensing shall notify the applicant of its decision within 90 days of receipt of the application. The notification shall include the reason for not giving approval if approval is denied and the applicable rule citation.

81.13(5) *Registry of nurse aides.*

a. Establishment of registry. The department of inspections, appeals, and licensing shall establish and maintain a registry of nurse aides in accordance with 42 CFR 483.156 (as amended to August 1, 2024). In addition, the registry shall contain a record of known convictions by a court of law of a person convicted of abuse, neglect, mistreatment, or misappropriation of resident property.

b. Placement of names on nurse aide registry. The facility shall ensure that the name of each person employed as a nurse aide in a Medicare- or Medicaid-certified nursing facility in Iowa is submitted to the registry.

(1) Persons employed as nurse aides shall complete the Nurse Aide Registry Application within the first 30 days of employment. This form shall be submitted to the department of inspections, appeals, and licensing. The application may be obtained by telephone or by electronic request from the nurse aide registry.

(2) A nurse aide who is not employed may apply for inclusion on the registry by submitting a copy of completed application to the nurse aide registry.

(3) When the registry has received a signed application and entered the required training and testing information on the registry, an electronic notification will be sent to the nurse aide that includes the registry ID number for the nurse aide to use when accessing the online registry. A nurse aide may obtain a copy of the information on the registry by accessing the information on the registry database.

81.13(6) *Hearing.* When there is an allegation of abuse against a nurse aide, the department of inspections, appeals, and licensing will investigate that allegation. When the investigation makes a finding of an act of abuse, the nurse aide named will be notified of this finding and the right to a hearing. The nurse aide shall have 30 days to request a hearing. The request shall be in writing and shall be sent to the department of inspections, appeals, and licensing. The hearing shall be held pursuant to 481—Chapter 10. After 30 days, if the nurse aide fails to appeal, or when all appeals are exhausted, the nurse aide registry will include a notation that the nurse aide has a founded abuse report on record if the final decision indicates the nurse aide performed an abusive act.

81.13(7) *Appeals.* Adverse decisions made by the department of inspections, appeals, and licensing in administering these rules may be appealed pursuant to 481—Chapter 10.

This rule is intended to implement Iowa Code section 249A.4.

[**ARC 9279C**, IAB 5/14/25, effective 7/1/25; **ARC 9859C**, IAB 12/24/25, effective 2/1/26]

441—81.14(249A) Sanctions.

81.14(1) *Penalty for falsification of a resident assessment.* An individual, who willfully and knowingly certifies a material and false statement in a resident assessment, is subject to a civil money penalty in accordance with 42 CFR 483.20(j) (as amended to August 1, 2024).

a. Factors determining the size of fine. In determining the monetary amount of the penalty, the director of the department of inspections, appeals, and licensing or the director's designee may consider evidence of the circumstances surrounding the violation, including but not limited to the following factors:

(1) The number of assessments willingly and knowingly falsified.

(2) The history of the individual relative to previous assessment falsifications.

(3) The intent of the individual who falsifies an assessment or causes an assessment to be falsified.

(4) The areas of assessment falsified or caused to be falsified and the potential for harm to the resident.

(5) The relationship of the falsification of assessment to falsification of other records at the time of the visit.

b. Notification of a fine imposed for falsification of assessments or causing another individual to falsify an assessment shall be served upon the individual personally or by certified mail.

c. Appeals of fines. Notice of intent to formally contest the fine shall be given to the department of inspections, appeals, and licensing in writing and be postmarked within 20 working days after receipt of the notification of the fine. An administrative hearing will be conducted pursuant to Iowa Code chapter 17A and 481—Chapter 10. An individual who has exhausted all administrative remedies and is aggrieved by the final action of the department of inspections, appeals, and licensing may petition for judicial review in the manner provided by Iowa Code chapter 17A.

81.14(2) *Use of independent assessors.* If the department of inspections, appeals, and licensing determines that there has been a knowing and willful certification of false assessments, or the causation of knowing and willful false assessments, the department of inspections, appeals, and licensing may require that resident assessments be conducted and certified by individuals independent of the facility and who are approved by the state.

a. Criteria used to determine the need for independent assessors shall include:

(1) The involvement of facility management in the falsification of or causing resident assessments to be falsified.

(2) The facility's response to the falsification of or causing resident assessments to be falsified.

(3) The method used to prepare facility staff to do resident assessments.

(4) The number of individuals involved in the falsification.

(5) The number of falsified resident assessments.

(6) The extent of harm to residents caused by the falsifications.

b. The department of inspections, appeals, and licensing will specify the length of time that these independent assessments will be conducted and when they will begin. This determination will be based on the extent of assessments and reassessments needed and the plan submitted by the facility to ensure falsifications will not occur in the future.

c. The individuals or agency chosen by the facility to conduct the independent assessments shall be approved by the department of inspections, appeals, and licensing before conducting any assessments. The approval will be based on the ability of the individual or agency to conduct resident assessments in accordance with the applicable rules. Any costs incurred shall be the responsibility of the facility.

d. Notice of the requirement to obtain independent assessments will be in writing and sent to the facility by certified mail or personal service. The notice shall include the date independent assessors are to begin assessments, information on how independent assessors are to be approved and the anticipated length of time independent assessors will be needed.

e. Criteria for removal of the requirement for independent assessors.

(1) Independent assessors shall be utilized until all residents assessed by the disciplines involved have been reassessed by the independent assessor.

(2) The facility shall submit a plan to the department of inspections, appeals, and licensing for completing its own assessments.

(3) The department of inspections, appeals, and licensing will evaluate the facility's proposal for ensuring assessments will not be falsified in the future.

f. Appeal procedures.

(1) A written notice to appeal shall be postmarked or personally served to the department of inspections, appeals, and licensing within five working days after receipt of the notice requiring independent assessors.

(2) An evidentiary hearing shall be held pursuant to 481—Chapter 10 no later than 15 working days after receipt of the appeal.

(3) The written decision shall be rendered no later than ten working days after the hearing.

(4) The decision rendered is a proposed decision that may be appealed to the director of the department of inspections, appeals, and licensing pursuant to 481—Chapter 50.

(5) A notice of appeal stays the effective date of the requirement for independent assessments pending a final agency decision.

(6) Final agency action may be appealed pursuant to Iowa Code chapter 17A.

81.14(3) *Penalty for notification of time or date of survey.* Any individual who notifies, or causes to be notified, a nursing facility of the time or date on which a survey is scheduled to be conducted shall be subject to a fine not to exceed $2,000.

This rule is intended to implement Iowa Code section 249A.4.

[**ARC 9279C**, IAB 5/14/25, effective 7/1/25]

441—81.15(249A) Out-of-state facilities. Payment will be made for care in out-of-state nursing facilities. For members enrolled with a managed care organization, authorization for admission must be obtained from the managed care organization prior to admission. Out-of-state facilities shall abide by the same policies as in-state facilities with the following exceptions:

81.15(1) Except for Medicare-certified hospital-based nursing facilities and special population nursing facilities, out-of-state providers shall be reimbursed at the same nursing facility rate they would receive from the Medicaid program in their state of residence or an amount equal to the sum of the Iowa non-state government owned nursing facility direct care rate component limit pursuant to subparagraph 81.5(16)*"f"*(1) plus the non-direct care rate limit pursuant to subparagraph 81.5(16)*"f"*(1), whichever is lower.

a. Medicare-certified hospital-based nursing facilities providing skilled care in other states shall be reimbursed at an amount equal to the sum of the Iowa Medicare-certified hospital-based nursing facility direct care rate component limit pursuant to subparagraph 81.5(16)*"f"*(3) plus the non-direct care rate component limit pursuant to subparagraph 81.5(16)*"f"*(3) if one of the following criteria is met:

(1) The placement is recommended because moving the resident back to Iowa would endanger the resident's health, because services are not readily available in Iowa, or because the out-of-state placement is cost-effective.

(2) The placement is temporary until services are available to the resident in Iowa or until the program of treatment is completed.

b. Special population nursing facilities shall be reimbursed at the same nursing facility rate they would receive from Medicaid in their state of residence or, if not participating in the Medicaid program in their state, they shall be reimbursed pursuant to subparagraph 81.5(16)*"e"*(2), if one of the following criteria is met:

(1) The placement is recommended because moving the resident back to Iowa would endanger the resident's health, because services are not readily available in Iowa, or because the out-of-state placement is cost-effective.

(2) The placement is temporary until services are available to the resident in Iowa or until the program of treatment is completed.

81.15(2) Out-of-state facilities shall not submit financial and statistical reports as required in rule 441—81.5(249A).

81.15(3) Payment for periods when residents are absent for visitation or hospitalization will be made to out-of-state facilities at zero percent of the rate paid to the facility by the Iowa Medicaid program.

This rule is intended to implement Iowa Code section 249A.4.

[**ARC 9279C**, IAB 5/14/25, effective 7/1/25]

441—81.16(249A) Outpatient services. Medicaid outpatient services provided by certified skilled nursing facilities are defined in the same way as the Medicare program.

This rule is intended to implement Iowa Code section 249A.4 and 1991 Iowa Acts, chapter 267, section 132(1)*"i."*

[**ARC 9279C**, IAB 5/14/25, effective 7/1/25]

441—81.17(249A) Rates for Medicaid eligibles.

81.17(1) *Maximum client participation.* A nursing facility may not charge more client participation for Medicaid-eligible clients as determined in rule 441—75.16(249A) than the maximum monthly allowable payment for their facility as determined according to 441—subrule 79.1(9) or rule 441—81.5(249A). When the department makes a retroactive increase in the maximum daily rate, the nursing facility can charge the client the increased amount for the retroactive period.

81.17(2) *Beginning date of payment.* When a resident becomes eligible for Medicaid payments for facility care, the facility shall accept Medicaid rates effective when the resident's Medicaid eligibility begins. A nursing facility is required to refund any payment received from a resident or family member for any period of time during which the resident is determined to be eligible for Medicaid.

Any refund owing shall be made no later than 15 days after the nursing facility first receives Medicaid payment for the resident for any period of time. Facilities may deduct the resident's client participation for the month from a refund of the amount paid for a month of Medicaid eligibility.

The beginning and renewal date of eligibility and resident client participation amounts may be obtained through the Iowa Medicaid portal access (IMPA) system. When the beginning Medicaid eligibility date is a future month, the facility shall accept the Medicaid rate effective the first of that future month.

This rule is intended to implement Iowa Code section 249A.4.

[**ARC 9279C**, IAB 5/14/25, effective 7/1/25]

441—81.18(249A) State-funded personal needs supplement. A Medicaid member living in a nursing facility who has countable income for purposes of rule 441—75.16(249A) of less than $55 per month shall receive a state-funded payment from the department for the difference between that countable income and $55 if the legislature has appropriated funding specifically for this purpose. This payment shall not be considered a benefit under Title XIX of the Social Security Act (as amended to August 1, 2024).

This rule is intended to implement Iowa Code section 249A.30A.

[**ARC 9279C**, IAB 5/14/25, effective 7/1/25; **ARC 9859C**, IAB 12/24/25, effective 2/1/26]

441—81.19(249A) Enforcement of compliance. Enforcement of compliance with this chapter shall occur in accordance with 42 CFR 488 (as amended to August 1, 2024).

[**ARC 9279C**, IAB 5/14/25, effective 7/1/25]

441—81.20(249A) Appeal of a determination of noncompliance.

81.20(1) A facility may request a hearing on a determination of noncompliance leading to an enforcement remedy. The affected nursing facility, or its legal representative or other authorized official, shall file the request for hearing in writing to the department of inspections, appeals, and licensing within 60 days from receipt of the notice of the proposed denial, termination, or nonrenewal of participation, or imposition of a civil money penalty or other remedies.

a. A request for a hearing shall be made in writing to the department of inspections, appeals, and licensing within 60 days from receipt of the notice.

b. Hearings shall be conducted pursuant to 481—Chapter 10 and rule 481—50.6(10A), with an administrative law judge appointed as the presiding officer and with the department of inspections, appeals, and licensing as the final decision maker, with subject matter jurisdiction.

81.20(2) A facility may not appeal the choice of remedy, including the factors considered by the department of inspection, appeals, and licensing in selecting the remedy.

81.20(3) A facility may not challenge the level of noncompliance found by the department of inspections, appeals, and licensing, except that in the case of a civil money penalty, a facility may

challenge the level of noncompliance found by the department of inspections, appeals, and licensing only if a successful challenge on this issue would affect the range of civil money penalty amounts that the department could collect.

81.20(4) Except when a civil remedy penalty is imposed, the imposition of a remedy shall not be stayed pending an appeal hearing.

[**ARC 9279C**, IAB 5/14/25, effective 7/1/25]

441—81.21(249A) Civil money penalties—when penalty is collected. The collection of civil money penalties is made as provided in rule 441—81.24(249A).

[**ARC 9279C**, IAB 5/14/25, effective 7/1/25]

441—81.22(249A) Civil money penalties—settlement authority. The department of inspections, appeals, and licensing has the authority to settle cases at any time before an evidentiary hearing.

[**ARC 9279C**, IAB 5/14/25, effective 7/1/25]

441—81.23(249A) Civil money penalties—deduction of penalty from amount owed.

81.23(1) The amount of the penalty, when determined, may be deducted from any sum then or later owing by the department to the facility.

81.23(2) Interest of 10 percent per year is assessed on the unpaid balance of the penalty, beginning on the due date.

[**ARC 9279C**, IAB 5/14/25, effective 7/1/25]

441—81.24(249A) Use of penalties collected by the department. Civil money penalties collected by the department will be applied to the protection of the health or property of residents of facilities that the department of inspections, appeals, and licensing finds deficient. Funds may be used for:

1. Time-limited expenses incurred in the process of relocating residents to home- and community-based settings or other facilities when a facility is closed or downsized pursuant to an agreement with the department;
2. Recovery of state costs related to the operation of a facility pending correction of deficiencies or closure;
3. Support and protection of residents of a facility that closes;
4. Funding of projects to improve the quality of life and quality of care of nursing facility residents through quality improvement initiative grants awarded pursuant to 441—Chapter 166;
5. Projects that support resident and family councils and other consumer involvement in ensuring quality care in facilities; and
6. Reasonable expenses incurred by the department to administer, monitor, or evaluate the effectiveness of grants utilizing civil money penalty funds.

[**ARC 9279C**, IAB 5/14/25, effective 7/1/25]

These rules are intended to implement Iowa Code section 249A.4.

[Editorial change: IAC Supplement 6/10/26]

[1] Effective date of 81.16(4) delayed 30 days by the Administrative Rules Review Committee at its September 12, 1990, meeting; at the October 9, 1990, meeting the delay was extended to 70 days. Amendment effective 12/1/90 superseded the 70-day delay.

[1] Effective date of 81.10(5) delayed until adjournment of the 1991 session of the General Assembly by the Administrative Rules Review Committee at its November 13, 1990, meeting.

[1] Effective date of 81.13(7)*"c"*(1) delayed 70 days by the Administrative Rules Review Committee at its meeting held July 14, 1992; delay lifted by the Committee at its meeting held August 11, 1992, effective August 12, 1992.

[1] Effective date of 81.6(3), first unnumbered paragraph, delayed 70 days by the Administrative Rules Review Committee at its meeting held April 5, 1993.

[1] At a special meeting held January 24, 2002, the Administrative Rules Review Committee voted to delay until adjournment of the 2002 Session of the General Assembly the effective date of amendments published in the February 6, 2002, Iowa Administrative Bulletin as **ARC 1365B**.

CHAPTER 82
INTERMEDIATE CARE FACILITIES FOR PERSONS WITH AN INTELLECTUAL DISABILITY

[Prior to 7/1/83, Social Services[770] Ch 82]
[Prior to 2/11/87, Human Services[498]]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/1/30

441—82.1(249A) Definitions.

"Intermediate care facility for persons with an intellectual disability" or *"ICF/ID"* means an institution that is primarily for the diagnosis, treatment, or rehabilitation of persons with an intellectual disability or persons with related conditions and that provides, in a protected residential setting, ongoing evaluation, planning, 24-hour supervision, coordination and integration of health or related services to help each person function at the greatest ability and is an approved Medicaid vendor.

"Intermediate care facility for persons with an intellectual disability level of care" means that the individual has a diagnosis of intellectual disability made in accordance with the criteria provided in the current version of the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association as amended to August 1, 2024; or has a related condition as defined in 42 CFR 435.1009 as amended to August 1, 2024; and needs assistance in at least three of the following major life areas: mobility, musculoskeletal skills, activities of daily living, domestic skills, toileting, eating skills, vision, hearing or speech or both, gross/fine motor skills, sensory-taste, smell, tactile, academic skills, vocational skills, social/community skills, behavior, and health care.

"Intermediate care facility for persons with medical complexity" means an intermediate care facility for persons with an intellectual disability that provides health and rehabilitation services to individuals who require a skilled nursing level of care, have either a multiple organ dysfunction or severe single organ dysfunction, and require daily use of medical resources or technology.

"Managed care organization" means an entity that (1) is under contract with the department to provide services to Medicaid recipients and (2) meets the definition of "health maintenance organization" as defined in Iowa Code section 514B.1.

This rule is intended to implement Iowa Code section 249A.12.

[**ARC 9066C**, IAB 4/2/25, effective 6/1/25]

441—82.2(249A) Licensing and certification. In order to participate in the program, a facility shall be licensed as an intermediate care facility for persons with an intellectual disability by the department of inspections, appeals, and licensing pursuant to 481—Chapter 64. The facility shall meet the following conditions of participation.

82.2(1) *Governing body and management—disclosure of ownership.* The facility shall supply to the licensing agency full and complete information, and promptly report any changes that would affect the current accuracy of the information, as to identify:

a. Each person having a direct or indirect ownership interest of 5 percent or more in the facility and the owner in whole or in part of any property or assets (stock, mortgage, deed of trust, note or other obligation) secured in whole or in part by the facility.

b. Each officer and director of the corporation if the facility is organized as a corporation.

c. Each partner if the facility is organized as a partnership.

82.2(2) *Client protections.* The facility shall ensure the rights of all clients in accordance with 42 CFR 483.420 as amended to August 1, 2024.

82.2(3) *Facility staffing.* The facility shall provide adequate, qualified professional staffing in accordance with 42 CFR 483.430 as amended to August 1, 2024.

82.2(4) *Active treatment services.* Each client shall receive a continuous active treatment program in accordance with 42 CFR 483.440 as amended to August 1, 2024.

82.2(5) *Client behavior and facility practices.* Each facility shall establish and maintain standards for client behavior and facility practices in accordance with 42 CFR 483.450 as amended to August 1, 2024.

82.2(6) *Health care services.* Each facility shall establish and maintain standards for health care services in accordance with 42 CFR 483.460 as amended to August 1, 2024.

82.2(7) *Physical environment.* Each facility shall establish and maintain standards for the physical environment in accordance with 42 CFR 483.470 as amended to August 1, 2024.

82.2(8) *Dietetic services.* Each facility shall establish and maintain standards for dietary services in accordance with 42 CFR 483.480 as amended to August 1, 2024.

This rule is intended to implement Iowa Code section 249A.12.

[**ARC 9066C**, IAB 4/2/25, effective 6/1/25]

441—82.3(249A) Conditions of participation for intermediate care facilities for persons with an intellectual disability. All intermediate care facilities for persons with an intellectual disability must enter into a contractual agreement with the department that sets forth the terms under which they will participate in the program.

This rule is intended to implement Iowa Code section 249A.12.

[**ARC 9066C**, IAB 4/2/25, effective 6/1/25]

441—82.4(249A) Financial and statistical report. All facilities wishing to participate in the program shall submit a financial and statistical report to the department. These reports shall be based on the following rules.

82.4(1) *Failure to maintain records.* Failure to maintain and submit adequate accounting or statistical records shall result in termination or suspension of participation in the program.

82.4(2) *Accounting procedures.* Financial information shall be based on that appearing in the audited financial statement. Adjustments to convert to the accrual basis of accounting shall be made when the records are maintained on other accounting bases. Facilities that are a part of a larger health facility extending short-term, intensive, or other health care not generally considered nursing care may submit a cost apportionment schedule prepared in accordance with recognized methods and procedures. The schedule shall be required when necessary for a fair presentation of expense attributable to intermediate care facility patients.

82.4(3) *Submission of reports.* The facility's cost report shall be received by the department no later than September 30 each year except as described in subrule 82.4(14).

a. The submission shall include a working trial balance that corresponds to all financial data contained on the cost report. The working trial balance must provide sufficient detail to enable the department to reconcile accounts reported on the general ledger to those on the financial and statistical report. For reporting costs that are not directly assigned to the facility in the working trial balance, an allocation method must be identified for each line, including the statistics used in the calculation. Reports submitted without a working trial balance shall be considered incomplete, and the facility shall be subject to the rate reductions set forth in paragraph 82.4(3)*"c."*

b. If the financial statements have been compiled, reviewed or audited by an outside firm, a copy of the compilation, review or audit, including notes, for the reporting period shall be included with the submission of the financial and statistical report.

c. Failure to timely submit the complete report shall reduce payment to 75 percent of the current rate.

(1) The reduced rate shall be effective October 1 and shall remain in effect until the first day of the month after the delinquent report is received by the department.

(2) The reduced rate shall be paid for no longer than three months, after which time no further payments will be made until the first day of the month after the delinquent report is received by the department.

d. Amended reports. The department, in its sole discretion, may reopen a review of a financial and statistical report at any time. No other entity or person has the right to request that the department or its contractor reopen a review of a financial and statistical report, or submit an amended financial and statistical report for review by the department, after the facility is notified of its per diem payment rate following a review of a financial and statistical report.

e. When an intermediate care facility for persons with an intellectual disability continues to include in the total costs an item or items that had in a prior period been removed through an adjustment made

by the department or its contractor, the contractor shall recommend to the department that the per diem be reduced to 75 percent of the current payment rate for the entire quarter beginning the first day of the fourth month after the facility's fiscal year end. If the adjustment has been contested and is still in the appeals process, the facility may include the cost, but must include sufficient detail so the department can determine if a similar adjustment is needed in the current period. The department may, after considering the seriousness of the offense, make the reduction.

f. Nothing in this subrule relieves a facility of its obligation to immediately inform the department that the facility has retained Medicaid funds to which the facility is not entitled as a result of any cost report process. A facility shall notify the department when the facility determines that funds have been incorrectly paid or when an overpayment has been detected.

82.4(4) *Payment at new rate.* When a new rate is established, payment at the new rate will be effective with services rendered as of the first day of the month in which the report is postmarked, or if the report was personally delivered, the first day of the month in which the report was received by the department. Adjustments will be included in the payment the third month after the receipt of the report.

82.4(5) *Accrual basis.* Facilities not using the accrual basis of accounting shall adjust recorded amounts to the accrual basis. Expenses pertaining to an entire year shall be properly amortized by month in order to be properly recorded for the annual fiscal year report. Records of cash receipts and disbursements shall be adjusted to reflect accruals of income and expense.

82.4(6) *Census of Medicaid members.* Census figures of Medicaid members shall be obtained on the last day of the month ending the reporting period.

82.4(7) *Patient days.* In determining inpatient days, a patient day is that period of service rendered a patient between the census-taking hours on two successive days, the day of discharge being counted only when the patient was admitted that same day.

82.4(8) *Opinion of accountant.* The department may require that an opinion of a certified public accountant or public accountant accompany the report when adjustments made to prior reports indicate disregard of the certification and reporting instructions.

82.4(9) *Calculating patient days.* When calculating patient days, facilities shall use an accumulation method.

a. Census information shall be based on a patient status at midnight each day. A patient whose status changes from one class to another shall be shown as discharged from the previous status and admitted to the new status on the same day.

b. When a member is on a reserve bed status and the department is paying on a per diem basis for the holding of a bed, or any day a bed is reserved for a public assistance or nonpublic assistance patient and a per diem rate for the bed is charged to any party, the reserved days shall be included in the total census figures for inpatient days.

82.4(10) *Revenues.* Revenues shall be reported as recorded in the general books and records. Expense recoveries credited to expense accounts shall not be reclassified in order to be reflected as revenues.

a. Routine daily services shall represent the established charge for daily care. Routine daily services are those services that include room, board, nursing services, and such services as supervision, feeding, incontinence, and similar services, for which the associated costs are in nursing service.

b. Revenue from ancillary services provided to patients shall be applied in reduction of the related expense.

c. Revenue from the sale of medical supplies, food or services to employees or nonresidents of the facility shall be applied in reduction of the related expense. Revenue from the sale to private-pay residents of items or services that are included in the medical assistance per diem will not be offset.

d. Investment income adjustment is necessary only when interest expense is incurred, and only to the extent of the interest expense.

e. Laundry revenue shall be applied to laundry expense.

f. Accounts receivable charged off or provision for uncollectible accounts shall be reported as a deduction from gross revenue.

82.4(11) *Limitation of expenses.* Certain expenses that are not normally incurred in providing patient care shall be eliminated or limited according to the following rules:

a. Federal and state income taxes are not allowed as reimbursable costs. These taxes are considered in computing the fee for services for proprietary institutions.

b. Fees paid to directors and nonworking officers' salaries are not allowed as reimbursable costs.

c. Personal travel and entertainment are not allowed as reimbursable costs. Certain expenses such as rental or depreciation of a vehicle and expenses of travel that include both business and personal shall be prorated. Amounts that appear excessive may be limited after considering the specific circumstances. Records shall be maintained to substantiate the indicated charges.

d. Loan acquisition fees and standby fees are not considered part of the current expense of patient care, but should be amortized over the life of the related loan.

e. A reasonable allowance of compensation for services of owners or immediate relatives is an allowable cost, provided the services are actually performed in a necessary function. For this purpose, the following persons are considered immediate relatives: husband and wife; natural parent, child and sibling; adopted child and adoptive parent; stepparent, stepchild, stepbrother and stepsister; father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, and sister-in-law; grandparent and grandchild. Adequate time records shall be maintained. Adjustments may be necessary to provide compensation as an expense for nonsalaried working proprietors and partners. Members of religious orders serving under an agreement with their administrative office are allowed salaries paid persons performing comparable services. When maintenance is provided these persons by the facility, consideration shall be given to the value of these benefits and this amount shall be deducted from the amount otherwise allowed for a person not receiving maintenance.

(1) Compensation means the total benefit received by the owner or immediate relative for services rendered. Compensation includes all remuneration, paid currently or accrued, for managerial, administrative, professional and other services rendered during the period. Compensation includes all items that should be reflected on IRS Form W-2, Wage and Tax Statement, including but not limited to salaries, wages, and fringe benefits; the cost of assets and services received; and deferred compensation. Fringe benefits include but are not limited to costs of leave, employee insurance, pensions and unemployment plans. If the facility's fiscal year end does not correlate to the period of the W-2, a reconciliation between the latest issued W-2 and current compensation shall be required to be disclosed to the department. Employer portions of payroll taxes associated with amounts of compensation that exceed the maximum allowed compensation are unallowable for reimbursement. All compensation paid to related parties, including payroll taxes, are required to be reported to the department with the submission of the financial and statistical report. If it is determined that there have been undisclosed related-party salaries, the cost report shall be determined to have been submitted incomplete and the facility shall be subject to the penalties set forth in paragraph 82.4(3)*"c."*

(2) Reasonableness requires that the compensation allowance be such an amount as would ordinarily be paid for comparable services by comparable institutions and depends upon the facts and circumstances of each case.

(3) Necessary requires that the function be such that had the owner or immediate relative not rendered the services, the facility would have had to employ another person to perform the service, and be pertinent to the operation and sound conduct of the institution.

(4) The base maximum allowed compensation for an administrator who is involved in ownership of the facility or who is an immediate relative of an owner of the facility is $1,926 per month plus $20.53 per month per licensed bed capacity for each bed over 60, not to exceed $2,852 per month. An administrator is considered to be involved in ownership of a facility when the administrator has ownership interest of 5 percent or more.

On an annual basis, the maximum allowed compensation amounts for these administrators will be increased or decreased by the inflation factor applied to facility rates.

(5) The maximum allowed compensation for an assistant administrator who is involved in ownership of the facility or who is an immediate relative of an owner of the facility in facilities having a licensed capacity of 151 or more beds is 60 percent of the amount allowed for the administrator. An assistant administrator is considered to be involved in ownership of a facility when the assistant administrator has ownership interest of 5 percent or more.

(6) The maximum allowed compensation for a director of nursing or any employee who is involved in ownership of the facility or who is an immediate relative of an owner of the facility is 60 percent of the amount allowed for the administrator. Persons involved in ownership or relatives providing professional services shall be limited to rates prevailing in the community not to exceed 60 percent of the allowable rate for the administrator on a semiannual basis. Records shall be maintained in the same manner for an employee involved in ownership as are maintained for any employee of the facility. Ownership is defined as an interest of 5 percent or more.

(7) The maximum allowed compensation for employees as set forth in subparagraphs 82.4(11)*"e"*(4) through 82.4(11)*"e"*(6) shall be adjusted by the percentage of the average work week that the employee devoted to business activity at the intermediate care facility for persons with an intellectual disability for the fiscal year of the financial and statistical report. The time devoted to the business shall be disclosed on the financial and statistical report and shall correspond to any amounts reported to the Medicare fiscal intermediary. If an owner's or immediate relative's time is allocated to the facility from another entity (e.g., home office), the compensation limit will be adjusted by the percentage of total costs of the entity allocated to the facility. In no case shall the amount of salary for one employee allocated to multiple facilities be more than the maximum allowed compensation for that employee had the salary been allocated to only one facility.

f. Management fees and home office costs are allowed only to the extent they are related to patient care and replace or enhance but do not duplicate functions otherwise carried out in a facility.

g. Depreciation based upon tax cost using only the straight-line method of computation, recognizing the estimated useful life of the asset as defined in the American Hospital Association's Estimated Useful Lives of Depreciable Hospital Assets (2023 edition), may be included as a patient cost. When accelerated methods of computation have been elected for income tax purposes, an adjustment will be made. For change of ownership, refer to subrule 82.4(12).

h. Necessary and proper interest on both current and capital indebtedness is an allowable cost.

(1) Interest is the cost incurred for the use of borrowed funds. Interest on current indebtedness is the cost incurred for funds borrowed for a relatively short term. Interest on capital indebtedness is the cost incurred for funds borrowed for capital purposes.

(2) Necessary requires that the interest be incurred on a loan made to satisfy a financial need of the provider, be incurred on a loan made for a purpose reasonably related to patient care, and be reduced by investment income except where the income is from gifts and grants, whether restricted or unrestricted, and that are held separate and not commingled with other funds.

(3) Proper requires that interest be incurred at a rate not in excess of what a prudent borrower would have had to pay in the money market on the date the loan was made, and be paid to a lender not related through control or ownership to the borrowing organization.

(4) Interest on loans is allowable as cost at a rate not in excess of the amount an investor could receive on funds invested in the locality on the date the loan was made.

(5) Interest is an allowable cost when the general fund of a provider borrows from a donor-restricted fund, a funded depreciation account of the provider, or the provider's qualified pension fund, and pays interest to the fund, or when a provider operated by members of a religious order borrows from the order.

(6) When funded depreciation is used for purposes other than improvement, replacement or expansion of facilities or equipment related to patient care, allowable interest expense is reduced to adjust for offsets not made in prior years for earnings on funded depreciation. A similar treatment will be accorded deposits in the provider's qualified pension fund where the deposits are used for other than the purpose for which the fund was established.

i. Costs applicable to supplies furnished by a related party or organization are a reimbursable cost when included at the cost to the related party or organization. The cost shall not exceed the price of comparable supplies that could be purchased elsewhere.

(1) Related means that the facility, to a significant extent, is associated with or has control of or is controlled by the organization furnishing the services, facilities, or supplies.

(2) Common ownership exists when an individual or individuals possess significant ownership or equity in the facility and the institution or organization serving the provider.

(3) Control exists where an individual or an organization has power, directly or indirectly, to significantly influence or direct the actions or policies of an organization or institution.

(4) When the facility demonstrates by convincing evidence that the supplying organization is a bona fide separate organization; that a substantial part of its business activity of the type carried on with the facility is transacted with others and there is an open competitive market for the type of services, facilities, or supplies furnished by the organization; that the services, facilities, or supplies are those that commonly are obtained by similar institutions from other organizations and are not a basic element of patient care ordinarily furnished directly to patients by the institutions; and that the charge to the facility is in line with the charge for services, facilities, or supplies in the open market and no more than the charge made under comparable circumstances to others by the organization for the services, facilities, or supplies, the charges by the supplier shall be allowable costs.

j. A facility entering into a new or renewed rent or lease agreement on or after June 1, 1994, shall be subject to the provisions of this paragraph.

(1) When the operator of a participating facility rents from a nonrelated party, the amount of rent expense allowable on the cost report is the lesser of the actual rent payments made under the terms of the lease or an annual reasonable rate of return applied to the cost of the facility. The cost of the facility shall be determined as the historical cost of the facility in the hands of the owner when the facility first entered the Iowa Medicaid program. Where the facility has previously participated in the program, the cost of the facility shall be determined as the historical cost of the facility, as above, less accumulated depreciation claimed for cost reimbursement under the program. The annual reasonable rate of return is defined as one and one-half times the annualized interest rate of 30-year Treasury bonds as reported by the Federal Reserve Board on a weekly-average basis, at the date the lease was entered into.

(2) When the operator of a participating facility rents the building from a related party, the amount of rent expense allowable on the cost report is limited to the lesser of the actual rent payments made under the terms of the lease or the amount of property costs that would otherwise have been allowable under the Iowa Medicaid program to an owner-provider of that facility.

(3) The lessee shall submit a copy of the lease agreement, documentation of the cost basis used and a schedule demonstrating that the limitations have been met with the first cost report filed for which lease costs are claimed.

k. Each facility that supplies transportation services as defined in Iowa Code section 324A.1(1) shall provide current documentation of compliance with or exemption from public transit coordination requirements as found in Iowa Code chapter 324A and department of transportation rules 761—Chapter 910 at the time of annual contract renewal. Failure to cooperate in obtaining or in providing the required documentation of compliance or exemption after receipt from the Iowa department of transportation, public transit division, will result in disallowance of vehicle costs and other costs associated with transporting residents.

l. Reserved.

m. Reasonable legal, accounting, consulting and other professional fees, including association dues, are allowable costs if the fees are directly related to patient care. Legal, accounting, consulting and other professional fees, including association dues, described by the following are not considered to be patient-related and therefore are not allowable expenses:

(1) Any fees or portion of fees used or designated for lobbying.

(2) Nonrefundable and unused retainers.

(3) Fees paid by the facility for the benefit of employees.

(4) Legal fees, expenses related to expert witnesses, accounting fees and other consulting fees incurred in an administrative or judicial proceeding. However, facilities may report the reasonable costs incurred in an administrative or judicial proceeding if all of the following conditions are met. Recognition of any costs will be in the fiscal period when a final determination in the administrative or judicial proceeding is made.

1. The costs have actually been incurred and paid,

2. The costs are reasonable expenditures for the services obtained,

3. The facility has made a good-faith effort to settle the disputed issue before the completion of the administrative or judicial proceeding, and

4. The facility prevails on the disputed issue.

n. Penalties or fines imposed by federal or state agencies are not allowable expenses.

o. Penalties, fines or fees imposed for insufficient funds or delinquent payments are not allowable expenses.

82.4(12) *Termination or change of owner.*

a. A participating facility contemplating termination of participation or negotiating a change of ownership shall provide the department with at least 60 days' prior notice. A transfer of ownership or operation terminates the participation agreement. A new owner or operator shall establish that the facility meets the conditions for participation and enter into a new agreement. The person responsible for transfer of ownership or for termination is responsible for submission of a final financial and statistical report through the date of the transfer. No payment to the new owner will be made until formal notification is received. The following situations are defined as a transfer of ownership:

(1) In the case of a partnership that is a party to an agreement to participate in the medical assistance program, the removal, addition, or substitution of an individual for a partner in the association, in the absence of an express statement to the contrary, dissolves the old partnership and creates a new partnership that is not a party to the previously executed agreement and a transfer of ownership has occurred.

(2) When a participating nursing home is a sole proprietorship, a transfer of title and property to another party constitutes a change of ownership.

(3) When the facility is a corporation, neither a transfer of corporate stock nor a merger of one or more corporations with the participating corporation surviving is a transfer of ownership. A consolidation of two or more corporations resulting in the creation of a new corporate entity constitutes a change of ownership.

(4) When a participating facility is leased, a transfer of ownership is considered to have taken place. When the entire facility is leased, the total agreement with the lessor terminates. When only part of the facility is leased, the agreement remains in effect with respect to the unleased portion but terminates with respect to the leased portion.

b. No increase in the value of the property is allowed in determining the Medicaid rate for the new owner with any change of ownership (including lease agreements). When filing the first cost report, the new owner shall either continue the schedule of depreciation and interest established by the previous owner, or the new owner may choose to claim the actual rate of interest expense. The results of the actual rate of interest expense shall not be higher than would be allowed under the Medicare principles of reimbursement and shall be applied to the allowed depreciable value established by the previous owner, less any down payment made by the new owner.

c. Other acquisition costs of the new owner such as legal fees, accounting and administrative costs, travel costs and the costs of feasibility studies attributable to the negotiation or settlement of the sale or purchase of the property are not allowed.

d. In general, the provisions of Section 1861(v)(1)(0) of the Social Security Act (as amended to August 1, 2024) regarding payment allowed under Medicare principles of reimbursement at the time of a change of ownership shall be followed, except that no return on equity or recapture of depreciation provisions shall be employed.

e. A new owner or lessee wishing to claim a new rate of interest expense must submit documentation that verifies the amount of down payment made, the actual rate of interest, and the number of years required for repayment with the next annual cost report. In the absence of the necessary supportive documentation, interest and other property costs for all facilities that have changed or will change ownership shall continue at the rate allowed the previous owner.

82.4(13) *Assessed fee.* The fee assessed pursuant to 441—Chapter 36 is not an allowable cost for cost reporting and audit purposes. In lieu of treating the fee as an allowable cost, a per diem assessment amount is added to the reimbursement rate calculated under subrule 82.4(14), not subject to the maximum allowable base cost or maximum rate set at the eightieth percentile. The per diem assessment amount will be calculated by dividing the annual assessment paid by the reported total patient days.

82.4(14) *Payment to new facility.* A facility receiving Medicaid ICF/ID certification on or after July 1, 1992, is subject to the provisions of this subrule.

a. A facility receiving initial Medicaid certification for ICF/ID level of care shall submit a budget for six months of operation beginning with the month in which Medicaid certification is given. The budget shall be submitted at least 30 days in advance of the anticipated certification date. The Medicaid per diem rate for a new facility will be based on the submitted budget subject to review by the accounting firm under contract with the department. The rate will be subject to a maximum set at the eightieth percentile of all participating community-based Iowa ICFs/ID with established base rates. The eightieth percentile maximum rate will be adjusted July 1 of each year. The state hospital schools are not to be included in the compilation of facility costs. The beginning rates for a new facility will be effective with the date of Medicaid certification.

b. Initial cost report. Following six months of operation as a Medicaid-certified ICF/ID, the facility shall submit a report of actual costs. The rate computed from this cost report shall be adjusted to 100 percent occupancy plus the annual percentage increase of the Consumer Price Index for all urban consumers, U.S. city average (hereafter referred to as the Consumer Price Index). Business start-up and organization costs shall be accounted for in the manner prescribed by the Medicare and Medicaid standards. Any costs that are properly identifiable as start-up costs, organization costs or capitalizable as construction costs must be appropriately classified as such.

(1) Start-up costs. In the period of developing a provider's ability to furnish patient care services, certain costs are incurred. The costs incurred during this time of preparation are referred to as start-up costs. Since these costs are related to patient care services rendered after the time of preparation, the costs must be capitalized as deferred charges and amortized over a five-year period.

Start-up costs include, for example, administrative and program staff salaries, heat, gas and electricity, taxes, insurance, mortgage and other interest, employee training costs, repairs and maintenance, and housekeeping.

(2) Organization costs. Organization costs are those costs directly related to the creation of a corporation or other form of business. These costs are an intangible asset in that they represent expenditures for rights and privileges that have a value to the enterprise. The services inherent in organization costs extend over more than one accounting period and affect the costs of future periods of operation. Organization costs must be amortized over a five-year period.

1. Allowable organization costs. Allowable organization costs include but are not limited to legal fees incurred in establishing the corporation or other organization (such as drafting the corporate charter and bylaws, legal agreements, minutes of organization meetings, terms of original stock certificates), necessary accounting fees, expenses of temporary directors and organizational meetings of directors and stockholders, and fees paid to states for incorporation.

2. Unallowable organization costs. The following types of costs are not allowable organization costs: costs relating to the issuance and sale of shares of capital stock or other securities, such as underwriters' fees and commissions, accountant's or lawyer's fees; costs of qualifying the issues with the appropriate state or federal authorities; and stamp taxes.

c. Standardization of cost reporting period for new facilities.

(1) Facilities receiving initial certification between July 1 and December 31 (inclusive) shall submit three successive six-month cost reports covering their first 18 months of operation. The fourth six-month cost report shall cover the January 1 through June 30 period. Thereafter, the facility shall submit a cost report on an annual basis of July 1 through June 30.

(2) Facilities receiving initial certification between January 1 and June 30 (inclusive) shall submit two successive six-month cost reports covering the first 12 months of operation. The third six-month cost report shall cover the January 1 through June 30 period. Thereafter, the facility shall submit a cost report on an annual basis of July 1 through June 30.

(3) All facilities shall comply with the requirements of subrule 82.4(3) when submitting reports.

d. Completion of 12 months of operation. Following the first 12 months of operation as a Medicaid-certified ICF/ID as described in subrule 82.4(14), the facility shall submit a cost report for the second six months of operation. An on-site audit of facility costs shall be performed by the accounting firm under

contract with the department. Based on the audited cost report, a rate will be established for the facility. This rate will be considered the base rate until rebasing of facility costs occurs.

(1) A new maximum allowable base cost will be calculated each year by increasing the prior year's maximum allowable base by the annual percentage increase of the Consumer Price Index.

(2) Each year's maximum allowable base cost represents the maximum amount that can be reimbursed.

e. Maximum rate. Facilities will be subject to a maximum rate set at the eightieth percentile of the total per diem cost of all participating community-based ICFs/ID with established base rates. The eightieth percentile maximum rate will be adjusted July 1 of each year using cost reports on file December 31 of the previous year.

f. Incentive factor. New facilities that complete the second annual period of operation that have an annual per unit cost percentage increase of less than the percentage increase of the Consumer Price Index, as described in 82.4(14)*"d,"* will be given their actual percentage increase plus one-half the difference of their actual percentage increase compared to the allowable maximum percentage increase. This percentage difference multiplied by the actual per diem cost for the annual period just completed is the incentive factor.

(1) The incentive factor will be added to the new reimbursement base rate to be used as the per diem rate for the next annual period of operation.

(2) Facilities whose annual per unit cost decreased from the prior year shall be given their actual per unit cost plus one and one-half the percentage increase in the Consumer Price Index as an incentive for cost containment.

g. Reimbursement for first annual period. The reimbursement for the first annual period will be determined by multiplying the per diem rate calculated for the base period by the Consumer Price Index plus one.

(1) The projected reimbursement for each period thereafter (until rebasing) will be calculated by multiplying the lower of the prior year's actual or the projected reimbursement per diem by the Consumer Price Index.

(2) If a facility experiences an increase in actual costs that exceeds both the actual reimbursement and the maximum allowable base cost as determined for that annual period, the facility will receive as reimbursement in the following period the maximum allowable base as calculated.

(3) All calculated per diem rates will be subject to the prevailing maximum rate.

82.4(15) *Payment to new owner.* An existing facility with a new owner will continue with the previous owner's per diem rate until a new financial and statistical report has been submitted and a new rate established according to subrule 82.4(16). The facility may submit a report for the period of July 1 through June 30 or may submit two cost reports within the fiscal year provided the second report covers a period of at least six months ending on the last day of the fiscal year. The facility shall notify the department of the reporting option selected.

82.4(16) *Payment to existing facilities.* The following reimbursement limits apply to all non-state-owned ICFs/ID:

a. Each facility shall file a cost report covering the period from January 1, 1992, through June 30, 1992. This cost report will be used to establish a reimbursement rate to be paid to the facility and will be used to establish the base allowable cost per unit to be used in future reimbursement rate calculations. Subsequent cost reports shall be filed annually by each facility covering the 12 months from July 1 through June 30.

b. The reimbursement rate established based on the report covering January 1, 1992, through June 30, 1992, will be calculated using the method in place prior to July 1, 1992, including inflation and incentive factors.

c. The audited per unit cost from the January 1, 1992, through June 30, 1992, cost report will become the initial allowable base cost. A new maximum allowable base cost will be calculated each year as described in 82.4(14)*"d."*

d. Facilities that have an annual per unit cost percentage increase of less than the percentage increase of the Consumer Price Index will be given their actual percentage increase plus one-half the difference of

their actual percentage increase compared to the allowable maximum percentage increase. This percentage difference multiplied by the actual per diem costs for the annual period just completed is the incentive factor.

(1) The incentive factor will be added to the new reimbursement base rate to be used as the per diem rate for the following annual period.

(2) Facilities whose annual per unit cost decreased from the prior year will receive their actual per unit cost plus one and one-half the percentage increase in the Consumer Price Index as an incentive for cost containment.

e. Administrative costs shall not exceed 18 percent of total facility costs. Administrative costs are comprised of those costs incurred in the general management and administrative functions of the facility. Administrative costs include but are not necessarily limited to the administrative portion of the following:

(1) Administrator wages.
(2) Business office wages.
(3) Advertising and marketing wages.
(4) Employer's taxes (administrative).
(5) Group/life and retirement benefits (administrative staff).
(6) Workers' compensation insurance (administrative staff).
(7) Employment advertising and recruitment (administrative staff).
(8) Criminal record checks (administrative staff).
(9) Education and training (administrative staff).
(10) Office supplies (administrative staff).
(11) Telephone.
(12) Equipment rental.
(13) Home office costs.
(14) Management fees.
(15) Accounting fees.
(16) Professional organization dues.
(17) Licensing fees.
(18) Information technology expenses.
(19) Legal fees—direct patient-care-related.
(20) Legal fees—other.
(21) Working capital interest.
(22) General liability insurance.
(23) Travel, entertainment and auto expenses.
(24) Advertising and public relations.
(25) Other.

f. Facility rates will be rebased using the cost report for the year covering state fiscal year 1996 and will subsequently be rebased each four years. The department will consider allowing special rate adjustments between rebasing cycles if:

(1) An increase in the minimum wage occurs.

(2) A change in federal regulations occurs that necessitates additional staff or expenditures for capital improvements, or a change in state or federal law occurs, or a court order with force of law mandates program changes that necessitate the addition of staff or other resources.

(3) A decision is made by a facility to serve a significantly different client population or to otherwise make a dramatic change in program structure (documentation and verification will be required).

(4) A facility increases or decreases licensed bed capacity by 20 percent or more.

g. Total patient days for purposes of the computation are inpatient days as determined in subrule 82.4(7) or 80 percent of the licensed capacity of the facility, whichever is greater. The reimbursement rate will be determined by dividing total reported patient expenses by total patient days during the reporting period. This cost per day will be limited by an inflation increase that will not exceed the percentage change in the Consumer Price Index.

h. State-owned ICFs/ID shall submit annual cost reports and will receive annual rate adjustments based on actual costs of operation inflated by the percentage change in the Consumer Price Index.

i. The projected reimbursement for the first annual period will be determined by multiplying the per diem rate calculated for the base period by the Consumer Price Index.

(1) The projected reimbursement for each period thereafter (until rebasing) will be calculated by multiplying the lower of the prior year's actual or the projected reimbursement per diem by the Consumer Price Index.

(2) If a facility experiences an increase in actual costs that exceeds both the actual reimbursement and the maximum allowable base cost as determined for that annual period, the facility will receive as reimbursement in the following period the maximum allowable base as calculated.

82.4(17) *Wage add-on factor.* A wage add-on factor of $8.86 per day for community-based ICFs/ID will be included in rates effective July 1, 2022, and after, not subject to the maximum allowable cost ceiling in paragraph 82.4(14)*"e,"* until rates are established using the cost reports for the period ending June 30, 2023.

a. In accordance with 2022 Iowa Acts, House File 2578, section 31, the entire wage add-on factor will be used for wages and associated costs specific to wages, benefits, and required withholding of direct support professionals and frontline management.

b. The wage add-on factor of $8.86 per day will be added to the maximum allowable base rate in subparagraph 82.4(14)*"d"*(1) until the next rebase using cost reports for the period ending June 30, 2024.

c. The wage add-on factor of $8.86 per day will be added to the maximum allowable cost ceiling, eightieth percentile of costs of all participating facilities in paragraph 82.4(14)*"e,"* until the eightieth percentile maximum is established using the December 31, 2023, compilation for rates effective beginning July 1, 2024.

This rule is intended to implement Iowa Code sections 249A.12 and 249A.16.

[**ARC 9066C**, IAB 4/2/25, effective 6/1/25]

441—82.5(249A) Eligibility for services.

82.5(1) *Interdisciplinary team.* The initial evaluation for admission shall be conducted by an interdisciplinary team. The team shall consist of a physician, a social worker, and other professionals. At least one member of the team shall be a qualified intellectual disability professional.

82.5(2) *Evaluation.* The evaluation shall include a comprehensive medical, social, and psychological evaluation. The comprehensive evaluation shall include:

a. Diagnoses, summaries of present medical, social and where appropriate, developmental findings, medical and social family history, mental and physical functional capacity, prognoses, range of service needs, and amounts of care required.

b. An evaluation of the resources available in the home, family, and community.

c. An explicit recommendation with respect to admission or in the case of persons who make application while in the facility, continued care in the facility. Where it is determined that intermediate care facility for persons with an intellectual disability services are required by an individual whose needs might be met through the use of alternative services that are currently unavailable, this fact shall be entered in the record, and plans shall be initiated for the active exploration of alternatives.

d. An individual plan for care shall include diagnosis, symptoms, complaints or complications indicating the need for admission, a description of the functional level of the resident; written objective; orders as appropriate for medications, treatments, restorative and rehabilitative services, therapies, diet, activities, social services, and special procedures designed to meet the objectives; and plans for continuing care, including provisions for review and necessary modifications of the plan, and discharge.

e. Written reports of the evaluation and the written individual plan of care shall be delivered to the facility and entered in the individual's record at the time of admission or, in the case of individuals already in the facility, immediately upon completion.

82.5(3) *Certification statement.* Eligible individuals may be admitted to an intermediate care facility for persons with an intellectual disability upon the certification of a physician that there is a necessity for care at the facility. For clients enrolled with a managed care organization, authorization for admission must

be obtained from the managed care organization prior to admission. Eligibility will continue as long as a valid need for the care exists.

This rule is intended to implement Iowa Code section 249A.12.

[**ARC 9066C**, IAB 4/2/25, effective 6/1/25]

441—82.6(249A) Initial approval for ICF/ID care.

82.6(1) *Referral through targeted case management.* Persons seeking ICF/ID placement shall be referred through targeted case management. The case management program will:

a. Identify appropriate service alternatives;

b. Inform the person of the alternatives; and

c. Refer a person without appropriate alternatives to the department.

82.6(2) *Approval of placement by department.*

a. Within 30 days of receipt of a referral, the department will:

(1) Approve ICF/ID placement;

(2) Offer a home- or community-based alternative; or

(3) Refer the person back to the targeted case management program for further consideration of service needs.

b. Once ICF/ID placement is approved, including approval of ICF/ID level of care as described in subrule 82.6(3), the eligible person, or the person's representative, is free to seek placement in the facility of the person's or the person's representative's choice, subject to the provision of ICF/ID services through managed care pursuant to 441—Chapter 73.

82.6(3) *Approval of level of care.* Medicaid payment will be made for ICF/ID care upon certification of need for this level of care by a licensed physician of medicine or osteopathy and approval by the department.

82.6(4) *Appeal rights.* Notice of adverse action and right to appeal will be given in accordance with rule 441—16.3(17A) and 441—Chapter 2506.

This rule is intended to implement Iowa Code section 249A.12.

[**ARC 9066C**, IAB 4/2/25, effective 6/1/25; Editorial change: IAC Supplement 6/10/26]

441—82.7(249A) Determination of need for continued stay. For clients not enrolled with a managed care organization, certification of need for continued stay will be made according to procedures established by the department. For all clients enrolled with a managed care organization, the managed care organization shall review the Medicaid client's need for continued care in an ICF/ID at least annually. The managed care organization must submit documentation to the department for all reviews that indicate a change in the client's level of care. The department will make a final determination for any reviews that indicate a change in the level of care.

This rule is intended to implement Iowa Code section 249A.12.

[**ARC 9066C**, IAB 4/2/25, effective 6/1/25]

441—82.8(249A) Arrangements with residents.

82.8(1) *Resident care agreement.* The ICF/ID Resident Care Agreement shall be used as a three-party contract among the facility, the resident, and the department to spell out the duties, rights, and obligation of all parties.

82.8(2) *Financial participation by resident.* A resident's payment for care may include any voluntary payments made by family members toward cost of care of the resident. The resident's client participation and medical payments from a third party shall be paid toward the total cost of care for the month before any Medicaid payment is made. Medicaid will pay the balance of the cost of care for the remainder of the month. The facility shall make arrangements directly with the resident for payment of client participation.

82.8(3) *Personal needs account.* When a facility manages the personal needs funds of a resident, it shall establish and maintain a system of accounting for expenditures from the resident's personal needs funds. The department will charge back to the facility any maintenance item included in the computation of the audit cost that is charged to the resident's personal needs account when the charge constitutes double payment. Unverifiable expenditures charged to personal needs accounts may be charged back to the facility.

The accounting system is subject to audit by representatives of the department of inspections, appeals, and licensing and will meet the following criteria:

a. Upon admittance, a ledger sheet shall be credited with the resident's total incidental money on hand. Thereafter, the ledger shall be kept current on a monthly basis. The facility may combine the accounting with the disbursement section showing the date, amount given the resident, and the resident's signature. A separate ledger shall be maintained for each resident.

b. When something is purchased for the resident and is not a direct cash disbursement, each expenditure item in the ledger shall be supported by a signed, dated receipt. The receipt shall indicate the article furnished for the resident's benefit.

c. Personal funds shall only be turned over to the resident, the resident's guardian, or other persons selected by the resident. With the consent of the resident, when the resident is able and willing to give consent, the administrator may turn over personal funds to a close relative or friend of the resident to purchase a particular item. A signed, itemized, dated receipt shall be required to be deposited in the resident's files.

d. The receipts for each resident shall be kept until canceled by auditors.

e. The ledger and receipts for each resident shall be made available for periodic audits by an accredited department of inspections, appeals, and licensing representative. Audit certification will be made by the department's representative at the bottom of the ledger sheet. Supporting receipts may then be destroyed.

f. Upon a member's death, a receipt shall be obtained from the next of kin or the member's guardian before releasing the balance of the personal needs funds. When the member has been receiving a grant from the department for all or part of the personal needs, any funds shall revert to the department. The department will turn the funds over to the member's estate.

82.8(4) *Safeguarding personal property.* The facility shall safeguard the resident's personal possessions. Safeguarding shall include but is not limited to:

a. Providing a method of identification of the resident's suitcases, clothing, and other personal effects, and listing these on an appropriate form attached to the resident's record at the time of admission. These records shall be kept current. Any personal effects released to a relative of the resident shall be covered by a signed receipt.

b. Providing adequate storage facilities for the resident's personal effects.

c. Ensuring that the resident is accorded privacy and uncensored communication with others by mail and telephone and with persons of the resident's choice except when therapeutic or security reasons dictate otherwise. Any limitations or restrictions imposed shall be approved by the administrator and the reasons noted shall be made a part of the resident's record.

This rule is intended to implement Iowa Code section 249A.12.

[**ARC 9066C**, IAB 4/2/25, effective 6/1/25]

441—82.9(249A) Discharge and transfer.

82.9(1) *Notice.* When a Medicaid member requests transfer or discharge to a community setting, or another person requests this for the member, the administrator shall promptly notify a targeted case management provider. Names of local providers are available from the department's local office. This shall be done in sufficient time to permit a case manager to assist in the decision and planning for the transfer or discharge.

82.9(2) *Case activity report.* A case activity report shall be submitted to the department whenever a Medicaid applicant or member enters the facility, changes level of care, or is discharged from the facility.

82.9(3) *Plan.* The administrator and staff shall assist the resident in planning for transfer or discharge through development of a discharge plan.

82.9(4) *Transfer records.* When a resident is transferred to another facility, transfer information shall be summarized from the facility's records in a copy to accompany the resident. This information shall include:

a. A transfer form of diagnosis.

b. Aid to daily living information.

c. Transfer orders.

d. Nursing care plan.

e. Physician's or qualified intellectual disability professional's orders for care.

f. The resident's personal records.

g. When applicable, the personal needs fund record.

82.9(5) *Income refund.* When a resident leaves the facility during the month, any unused portion of the resident's income shall be refunded.

This rule is intended to implement Iowa Code section 249A.12.

[**ARC 9066C**, IAB 4/2/25, effective 6/1/25]

441—82.10(249A) Records.

82.10(1) *Content.* The facility shall at a minimum maintain the following records:

a. All records required by the department and the department of inspections, appeals, and licensing.

b. Medical records as required by Section 1902(a)(31) of Title XIX of the Social Security Act (as amended to August 1, 2024).

c. Records of all treatments, drugs and services for which vendors' payments have been made or are to be made under the medical assistance program, including the authority for and the date of administration of the treatment, drugs, or services.

d. Documentation in each resident's records, which will enable the department to verify that each charge is due and proper prior to payment.

e. Financial records maintained in the standard, specified form including the facility's most recent audited cost report.

f. All other records as may be found necessary by the department in determining compliance with any federal or state law or rule or regulation promulgated by the United States Department of Health and Human Services or by the department.

g. Census records to include the date, number of residents at the beginning of each day, names of residents admitted, and names of residents discharged.

(1) Census information shall be provided for residents in skilled, intermediate, and residential care.

(2) Census figures for each type of care shall be totaled monthly to indicate the number admitted, the number discharged, and the number of patient days.

(3) Failure to maintain acceptable census records shall result in the per diem rate being computed on the basis of 100 percent occupancy and a request for refunds covering indicated recipients of nursing care that have not been properly accounted for.

h. Resident accounts.

i. Inservice education program records.

j. Inspection reports pertaining to conformity with federal, state, and local laws.

k. Residents' personal records.

l. Residents' medical records.

m. Disaster preparedness reports.

82.10(2) *Retention.* Records shall be retained in the facility for a minimum of five years or until an audit is performed on those records, whichever is longer.

82.10(3) *Change of owner.* All records shall be retained within the facility upon change of ownership.

This rule is intended to implement Iowa Code section 249A.12.

[**ARC 9066C**, IAB 4/2/25, effective 6/1/25]

441—82.11(249A) Payment procedures.

82.11(1) *Method of payment.* Facilities will be reimbursed under a cost-related vendor payment program. A per diem rate will be established based on information submitted according to rule 441—82.4(249A).

82.11(2) *Periods authorized for payment.*

a. Payment will be made on a per diem basis for the portion of the month the resident is in the facility.

b. Payment will be authorized as long as the resident is certified as needing care in an intermediate care facility for persons with an intellectual disability.

c. Payment will be approved for the day of admission but not the day of discharge or death.

d. Payment will be approved for periods the resident is absent to visit home for a maximum of 30 days annually. Additional days may be approved for special programs of evaluation, treatment or habilitation outside the facility. Documentation as to the appropriateness and therapeutic value of resident visits and outside programming, signed by a physician or qualified intellectual disability professional, shall be maintained at the facility.

e. Payment will be approved for a period not to exceed ten days in any calendar month when the resident is absent due to hospitalization. Medicaid payment to the facility may not be initiated while a resident is on reserve bed days unless the person was residing in the facility as a private pay resident prior to the hospitalization and returns to the facility as a resident.

f. Payment for periods when residents are absent for visitation or hospitalization from facilities with more than 15 beds will be made at 80 percent of the allowable audited costs for those beds. Facilities with 15 or fewer beds will be reimbursed at 95 percent of the allowable audited costs for those beds.

82.11(3) *Supplementation.* Only the amount of client participation may be billed to the resident for the cost of care. No supplementation of the state payment shall be made by any person. However, the resident or the resident's family or friends may pay to hold the resident's bed in cases where a resident spends over 30 days on yearly visitation or spends over ten days on a hospital stay. When the resident is not discharged from the facility, the payments will not exceed 80 percent of the allowable audited costs for the facility, not to exceed the maximum reimbursement rate. When the resident is discharged, the facility may handle the holding of the reserved bed in the same manner as a private paying resident.

This rule is intended to implement Iowa Code section 249A.12.

[**ARC 9066C**, IAB 4/2/25, effective 6/1/25]

441—82.12(249A) Billing procedures. Claims for service for clients not enrolled with a managed care organization must be sent to the department after the month of service and within 365 days of the date of service. Such claims must be submitted electronically through the department's electronic clearinghouse.

82.12(1) A remittance advice of the claims paid may be obtained through the Iowa Medicaid portal access (IMPA) system.

82.12(2) Adjustments to claims may be made electronically as provided for by the department.

This rule is intended to implement Iowa Code section 249A.12.

[**ARC 9066C**, IAB 4/2/25, effective 6/1/25]

441—82.13(249A) Closing of facility. When a facility is planning on closing, the department and the department's contracted managed care organizations with which the facility is enrolled shall be notified at least 60 days in advance of the closing. Plans for the transfer of residents receiving Medicaid shall be approved by the resident's managed care organization or by the department for residents not enrolled with a managed care organization.

This rule is intended to implement Iowa Code section 249A.12.

[**ARC 9066C**, IAB 4/2/25, effective 6/1/25]

441—82.14(249A) Audits.

82.14(1) *Audits of financial and statistical report.* Authorized representatives of the department or the U.S. Department of Health and Human Services shall have the right, upon proper identification, to audit, using generally accepted auditing procedures, the general financial records of a facility to determine if expenses reported on the financial and statistical report are reasonable and proper according to the rules set forth in 441—82.4(249A). These audits may be done either on the basis of an on-site visit to the facility, their central accounting office, or office(s) of their agents.

a. When a proper per diem rate cannot be determined through generally accepted auditing procedures, the auditor shall examine and adjust the report to arrive at what appears to be an acceptable rate and shall recommend to the department that the indicated per diem should be reduced to 75 percent of the established payment rate for the ensuing fiscal period and if the situation is not remedied on the subsequent financial and statistical report, the facility shall be suspended and eventually canceled from the intermediate care facility program, or

b. When a facility continues to include as an item of cost an item or items that had in a prior audit been removed by an adjustment in the total audited costs, the auditor shall recommend to the department that the per diem be reduced to 75 percent of the current payment rate for the ensuing fiscal period. The department may, after considering the seriousness of the exception, make the reduction.

82.14(2) *Auditing of proper billing and handling of patient funds.*

a. The department, the department's contracted managed care organizations, field auditors of the department of inspections, appeals and licensing and representatives of the U.S. Department of Health and Human Services, upon proper identification, have the right to audit billings to the department and receipts of client participation, to ensure that the facility is not receiving payment in excess of the contractual agreement and that all other aspects of the contractual agreement are being followed, as deemed necessary.

b. The department, the department's contracted managed care organizations, field auditors of the department of inspections, appeals, and licensing and representatives of the U.S. Department of Health and Human Services, upon proper identification, have the right to audit records of the facility to determine proper handling of patient funds in compliance with subrule 82.8(3).

c. The auditor shall recommend and the department shall request repayment by the facility to either the department or the resident(s) involved, such sums inappropriately billed to the department or collected from the resident.

d. The facility shall have 60 days to review the audit and repay the requested funds or present supporting documentation that would indicate that the requested refund amount, or part thereof, is not justified.

e. When the facility fails to comply with paragraph 82.14(2)*"d,"* the requested refunds may be withheld from future payments to the facility. The withholding will not be more than 25 percent of the average of the last six monthly payments to the facility. The withholding will continue until the entire requested refund amount is recovered. If in the event the audit results indicate significant problems, the audit results may be referred to the attorney general's office for whatever action may be deemed appropriate.

f. When exceptions are taken during the scope of an audit that are similar in nature to the exceptions taken in a prior audit, the auditor shall recommend and the department may, after considering the seriousness of the exceptions, reduce payment to the facility to 75 percent of the current payment rate.

This rule is intended to implement Iowa Code section 249A.12.

[**ARC 9066C**, IAB 4/2/25, effective 6/1/25]

441—82.15(249A) Out-of-state facilities. Payment will be made for care in out-of-state intermediate care facilities for persons with an intellectual disability. Out-of-state facilities shall abide by the same policies as in-state facilities with the following exceptions:

82.15(1) Out-of-state providers will be reimbursed at the same intermediate care facility rate they are receiving for their state of residence.

82.15(2) Out-of-state facilities shall not submit financial and statistical reports as required in rule 441—81.56(249A).

82.15(3) Payment for periods when residents are absent for visitation or hospitalization will be made to out-of-state facilities at 80 percent of the rate paid to the facility by the Iowa Medicaid program. Out-of-state facilities with 15 or fewer beds will be reimbursed at 95 percent of the rate paid to the facility by the Iowa Medicaid program.

This rule is intended to implement Iowa Code section 249A.12.

[**ARC 9066C**, IAB 4/2/25, effective 6/1/25]

441—82.16(249A) State-funded personal needs supplement. A Medicaid member living in an intermediate care facility for persons with an intellectual disability who has countable income for purposes of rule 441—75.16(249A) of less than $55 per month will receive a state-funded payment from the department for the difference between that countable income and $55 if the legislature has appropriated funding specifically for this purpose. This payment shall not be considered a benefit under Title XIX of the Social Security Act (as amended to August 1, 2024).

This rule is intended to implement Iowa Code section 249A.30A.

CHAPTER 83
MEDICAID WAIVER SERVICES

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/31

DIVISION I—HCBS HEALTH AND DISABILITY WAIVER SERVICES

441—83.1(249A) Definitions.

"Blind" means an individual has a central visual acuity of 20/200 or less in the better eye with the use of a corrective lens or visual field restriction to 20 degrees or less.

"Client participation" means the amount of the recipient income that the person must contribute to the cost of health and disability waiver services exclusive of medical vendor payments before Medicaid will participate.

"Deeming" means the specified amount of parental or spousal income and resources considered in determining eligibility for a child or spouse according to current supplemental security income guidelines.

"Disabled" means an individual is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that has lasted or is expected to last for a continuous period of not less than 12 months. A child under the age of 18 is considered disabled if the child suffers a medically determinable physical or mental impairment of comparable severity.

"DSM-5" means the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition, published by the American Psychiatric Association as amended to July 1, 2026.

"Financial participation" means client participation and medical payments from a third party including veterans' aid and attendance.

"Guardian" means a guardian appointed in probate court.

"Intermediate care facility for persons with an intellectual disability level of care" means that the individual has a diagnosis of intellectual disability made in accordance with the criteria provided in DSM-5 or has a related condition as defined in 42 CFR 435.1009 as amended to July 1, 2026, and needs assistance in at least three of the following major life areas: mobility, musculoskeletal skills, activities of daily living, domestic skills, toileting, eating skills, vision, hearing or speech or both, gross/fine motor skills, sensory-taste, smell, tactile, academic skills, vocational skills, social/community skills, behavior, and health care.

"Managed care" means a system that provides the coordinated delivery of services and supports that are necessary and appropriate, delivered in the least restrictive settings and in the least intrusive manner. Managed care seeks to balance three factors:

1. Achieving high-quality outcomes for participants.
2. Coordinating access.
3. Containing costs.

"Managed care organization" or *"MCO"* means an entity that (1) is under contract with the department to provide services to Medicaid recipients and (2) meets the definition of "health maintenance organization" as defined in Iowa Code section 514B.1.

"Medical assessment" means a visual and physical inspection of the member, noting deviations from the norm, and a statement of the member's mental and physical condition that can be amendable to or resolved by appropriate actions of the provider.

"Medical institution" means a nursing facility or an intermediate care facility for persons with an intellectual disability that has been approved as a Medicaid vendor.

"Medical intervention" means member care in the areas of hygiene, mental and physical comfort, assistance in feeding and elimination, and control of the member's care and treatment to meet the physical and mental needs of the member in compliance with the plan of care in areas of health, prevention, restoration, and maintenance.

"Medical monitoring" means observation for the purpose of assessing, preventing, maintaining, and treating disease or illness based on the member's plan of care.

"Member" means an individual who has been determined to be eligible and has been enrolled to receive Medicaid pursuant to rule 441—75.3(249A) or 441—75.6(249A), excluding medically needy, and is a recipient of waiver services.

"Nursing facility level of care" means that the following conditions are met:

1. The presence of a physical or mental impairment that restricts the member's daily ability to perform the essential activities of daily living, bathing, dressing, and personal hygiene and impedes the member's capacity to live independently.

2. The member's physical or mental impairment is such that self-execution of required nursing care is improbable or impossible.

"Service plan" means a person-centered, outcome-based plan of services that is written by the member's case manager with input and direction from the member and that addresses all relevant services and supports being provided. The service plan is developed by the interdisciplinary team, which includes the member and, if appropriate, the member's legal representative, the member's family, service providers, and others directly involved with the member.

"Skilled nursing facility level of care" means that the following conditions are met:

1. The member's medical condition requires skilled nursing services or skilled rehabilitation services as defined in 42 CFR 409.31(a), 409.32, and 409.34 as amended to July 1, 2026.

2. Services are provided in accordance with the general provisions for all Medicaid providers and services as described in rule 441—79.10(249A).

3. Documentation submitted for review indicates that the member has:

- A physician order for all skilled services.
- Services that require the skills of medical personnel, including registered nurses, licensed practical nurses, physical therapists, occupational therapists, speech pathologists, or audiologists.
- An individualized care plan that identifies support needs.
- Confirmation that skilled services are provided to the member.
- Skilled services that are provided by, or under the supervision of, medical personnel as described above.
- Skilled nursing services that are needed and provided seven days a week or skilled rehabilitation services that are needed and provided at least five days a week.

"Substantial gainful activity" means productive activities that add to the economic wealth, or produce goods or services to which the public attaches a monetary value.

"Third-party payment" means payment from an attorney, individual, institution, corporation, or public or private agency that is liable to pay part or all of the medical costs incurred as a result of injury, disease or disability by or on behalf of an applicant or a past or present recipient of medical assistance.

"Usual caregiver" means a person or persons who reside with the member and are available on a 24-hour-per-day basis to assume responsibility for the care of the member.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.2(249A) Eligibility. To be eligible for health and disability waiver services, a person must meet certain eligibility criteria and be determined to need a service(s) allowable under the program.

83.2(1) *Eligibility criteria.*

a. The person must be under the age of 65 and blind or disabled as determined by the receipt of social security disability benefits or by a disability determination made through the department. Disability determinations are made according to supplemental security income guidelines under Title XVI of the Social Security Act as amended to July 1, 2026.

b. Reserved.

c. Persons shall meet the eligibility requirements of the supplemental security income program except for the following:

(1) The person is under 18 years of age, unmarried and not the head of a household and is ineligible for supplemental security income because of the deeming of the parent's(s') income.

(2) The person is married and is ineligible for supplemental security income because of the deeming of the spouse's income or resources.

(3) The person is ineligible for supplemental security income due to excess income and the person's income does not exceed 300 percent of the maximum monthly payment for one person under supplemental security income.

(4) The person is under 18 years of age and is ineligible for supplemental security income because of excess resources.

d. The person must be certified as being in need of nursing facility or skilled nursing facility level of care or as being in need of care in an intermediate care facility for persons with an intellectual disability, based on information submitted on a completed information submission tool for children aged 3 and under, the interRAI - Pediatric Home Care (PEDS-HC) for those aged 4 to 20, or the interRAI - Home Care (HC) for those aged 21 to 64 and other supporting documentation as relevant. The information submission tool, the interRAI - PEDS-HC and the interRAI - HC are available upon request from Iowa Medicaid. Copies of the completed information submission tool for an individual are available to that individual from the individual's case manager or MCO.

(1) The member's designated case manager shall use the completed assessment to develop the comprehensive service plan as specified in 441—paragraph 90.4(1)*"b."*

(2) Iowa Medicaid will be responsible for the initial determination of the member's level of care certification. Iowa Medicaid or the member's MCO will be responsible for annual redetermination of the level of care.

(3) Health and disability waiver services will not be provided when the person is an inpatient in a medical institution.

(4) The MCO must submit documentation to Iowa Medicaid for all reassessments, performed at least annually, that indicate a change in the member's level of care. Iowa Medicaid will make a final determination for any reassessments that indicate a change in the level of care. If the level of care reassessment indicates no change in level of care, the member is approved to continue at the already established level of care.

e. To be eligible for interim medical monitoring and treatment services the member must be:

(1) Under the age of 21;

(2) Currently receiving home health agency services under rule 441—78.9(249A) and require medical assessment, medical monitoring, and regular medical intervention or intervention in a medical emergency during those services. (The home health aide services for which the member is eligible must be maximized before the member accesses interim medical monitoring and treatment.);

(3) Residing in the member's family home or foster family home; and

(4) In need of interim medical monitoring and treatment as ordered by a physician, nurse practitioner, clinical nurse specialist, or physician associate.

f. The person must meet income and resource guidelines for Medicaid as if in a medical institution pursuant to 441—Chapter 75. When a husband and wife who are living together both apply for the waiver, income and resource guidelines as specified in 441—paragraphs 75.82(2)*"b"* and 75.82(4)*"c"* will be applied.

g. The person must have service needs that can be met by this waiver program. At a minimum a person must receive one billable unit of service under the waiver per calendar quarter.

h. To be eligible for the consumer choices option as set forth in 441—subrule 78.34(13), a person cannot be living in a residential care facility.

83.2(2) *Need for services.*

a. The member shall have a service plan approved by the department that is developed by the designated case manager. This service plan must be completed prior to services provision and annually thereafter.

The designated case manager will establish the interdisciplinary team for the member and, with the team, identify the member's need for service based on the member's needs and desires as well as the availability and appropriateness of services, using the following criteria:

(1) This service plan will be based, in part, on information in the completed information submission tool listed in paragraph 83.2(1)*"d"* and other supporting documentation as relevant. The designated case manager will have a face-to-face visit with the member at least quarterly.

(2) Service plans for persons aged 20 or under shall be developed to reflect use of all appropriate nonwaiver Medicaid services and so as not to replace or duplicate those services. The designated case manager shall list all nonwaiver Medicaid services in the service plan.

(3) Service plans for persons aged 20 or under that include home health or nursing services will not be approved until a home health agency has made a request to cover the member's service needs through nonwaiver Medicaid services.

b. Except as provided below, the total monthly cost of the health and disability waiver services, excluding the cost of home and vehicle modification services, shall not exceed the established aggregate monthly cost for level of care as follows:

Skilled level of care	Nursing level of care	ICF/ID
$3,166.53	$1,087.96	$4,244.04

For members enrolled in the health and disability waiver in accordance with subrule 83.2(1), when a member turns 21 years of age, the average monthly cost of services received through 441—subrule 78.9(10) will be used to increase the monthly waiver budget in accordance with the following:

(1) The member must request the revised waiver budget through the member's case manager no earlier than two months before, and no later than six months after, the member's twenty-first birthday. A renewal request must be received annually no earlier than two months before, and no later than six months after, each subsequent birthday.

(2) The member's waiver budget will be increased by the average monthly cost of state plan private duty nursing or personal care services for the member that was billed to and paid by Iowa Medicaid or an Iowa Medicaid-contracted MCO during the year in which the member is 20 years of age.

(3) Once the request is received by the department, the department will determine the average monthly cost pursuant to the claims data available at the time of the request. No subsequent claims data shall be considered.

(4) The revised waiver budget reflecting the average cost of state plan private duty nursing or personal care services will become effective on the later of the first day of the month of the member's twenty-first birthday or the first day of the month of the completed review.

(5) The revised waiver budget will extend up to the first of the month following the member's twenty-fifth birthday and will remain at the initially authorized amount for the member while aged 21 through 24.

c. Interim medical monitoring and treatment services must be needed because all usual caregivers are unavailable to provide care due to one of the following circumstances:

(1) Employment. Interim medical monitoring and treatment services are to be received only during hours of employment.

(2) Academic or vocational training. Interim medical monitoring and treatment services provided while a usual caregiver participates in postsecondary education or vocational training will be limited to 24 periods of no more than 30 days each per caregiver as documented by the service worker or targeted case manager. Time spent in high school completion, adult basic education, GED, or English as a second language does not count toward the limit.

(3) Absence from the home due to hospitalization, treatment for physical or mental illness, or death of the usual caregiver. Interim medical monitoring and treatment services under this subparagraph are limited to a maximum of 30 days.

(4) Search for employment.

1. Care during job search will be limited to only those hours the usual caregiver is actually looking for employment, including travel time.

2. Interim medical monitoring and treatment services may be provided under this paragraph only during the execution of one job search plan of up to 30 working days in a 12-month period, approved by the department service worker or targeted case manager pursuant to 441—subparagraph 170.2(2)*"b"*(5).

3. Documentation of job search contacts shall be furnished to the department service worker or targeted case manager.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.3(249A) Application.

83.3(1) *Application for HCBS health and disability waiver services.* The application process as specified in rules 441—76.1(249A) through 441—76.6(249A) shall be followed.

83.3(2) *Application and services program limit.* The number of persons who may be approved for the HCBS health and disability waiver will be subject to the number of members to be served as set forth in the federally approved HCBS health and disability waiver. The number of members to be served is set forth at the time of each five-year renewal of the waiver or in amendments to the waiver approved by the Centers for Medicare and Medicaid Services (CMS). When the number of applicants exceeds the number of members specified in the approved waiver, the applicant's name will be placed on a waiting list maintained by Iowa Medicaid.

a. The department field office will enter all waiver applications into the institutional and waiver service and narrative system (IoWANS) to determine whether a payment slot is available.

(1) For applicants not currently receiving Medicaid, the department field office will make the entry by the end of the fifth working day after receipt of a completed application for health coverage and help paying costs or within five working days after receipt of disability determination, whichever is later.

(2) For current Medicaid members, the department field office will make the entry by the end of the fifth working day after receipt of a written request signed and dated by the applicant.

(3) A payment slot will be assigned to the applicant upon confirmation of an available slot.

(4) Once a payment slot is assigned, the department field office will give written notice to the applicant. The department will hold the payment slot for the applicant as long as reasonable efforts are being made to arrange services and the applicant has not been determined to be ineligible for the program. If services have not been initiated and reasonable efforts are no longer being made to arrange services, the slot will revert for use by the next person on the waiting list, if applicable. The applicant originally assigned the slot must reapply for a new slot.

b. If no payment slot is available, the department will enter persons on a waiting list according to the following:

(1) Applicants not currently eligible for Medicaid will be entered on the waiting list on the basis of the date a completed application for health coverage and help paying costs is received by the department or upon receipt of disability determination, whichever is later.

(2) Applicants currently eligible for Medicaid will be added to the waiting list on the basis of the date a request as specified in subparagraph 83.3(2)*"a"*(2) is received by the department.

(3) In the event that more than one application is received at one time, persons shall be entered on the waiting list on the basis of the month of birth, January being month one and the lowest number.

(4) Applicants who do not fall within the available slots will have their application rejected, and their names will be maintained on the waiting list. They will be contacted to reapply as slots become available based on their order on the waiting list so that the number of approved persons on the program is maintained. Iowa Medicaid will contact the department field office when a slot becomes available.

(5) Once a payment slot is assigned, the department field office will give written notice to the person within five working days. The department will hold the payment slot for 30 days for the person to file a new application. If an application has not been filed within 30 days, the slot will revert for use by the next person on the waiting list, if applicable. The person originally assigned the slot must reapply for a new slot.

c. The department field office will notify Iowa Medicaid within five working days of the receipt of an application and of any action on or withdrawal of an application.

83.3(3) *Approval of application.*

a. Applications for the HCBS health and disability waiver program will be processed in 30 days unless one or more of the following conditions exist:

(1) An application has been filed and is pending for federal supplemental security income benefits.

(2) The application is pending because the department has not received information that is beyond the control of the client or the department.

(3) The application is pending due to the disability determination process performed through the department.

(4) The application is pending because a level of care determination has not been made although the required assessment has been submitted to Iowa Medicaid.

(5) The application is pending because the required assessment has not been completed. When a determination is not completed 90 days from the date of application due to the lack of a completed assessment, the application will be denied.

b. Decisions will be mailed or given to the applicant on the date when income maintenance eligibility and level of care determinations are completed.

c. An applicant must be given the choice between HCBS health and disability waiver services and institutional care. The applicant, parent, guardian, or attorney in fact under a durable power of attorney for health care shall sign the assessment and indicate that the applicant has elected home- and community-based services.

d. Waiver services provided prior to approval of eligibility for the waiver cannot be paid.

e. A member may be enrolled in only one waiver program at a time. Costs for waiver services are not reimbursable while the member is in a medical institution (hospital or nursing facility) or residential facility. Services will not be simultaneously reimbursed for the same time period as Medicaid or other Medicaid waiver services.

83.3(4) *Effective date of eligibility.*

a. Deeming of parental or spousal income and resources ceases and eligibility will be effective on the date the income and resource eligibility and level of care determinations are completed but will not be earlier than the first of the month following the date of application.

b. The effective date of eligibility for the health and disability waiver for persons who qualify for Medicaid due to eligibility for the waiver services and to whom paragraphs 83.3(4)*"a"* and *"c"* do not apply is the date on which the income eligibility and level of care determinations are completed.

c. Eligibility for persons covered under subparagraph 83.2(1)*"c"*(3) will exist on the date the income and resource eligibility and level of care determinations are completed but will not be earlier than the first of the month following the date of application.

d. Eligibility continues until the member has been in a medical institution for 120 consecutive days for other than respite care. Members who are inpatients in a medical institution for 120 or more consecutive days for other than respite care will be terminated from health and disability waiver services and reviewed for eligibility for other Medicaid coverage groups. The member will be notified of that decision through a notice of decision. If the member returns home before the effective date of the notice of decision and the member's condition has not substantially changed, the denial may be rescinded and eligibility may continue.

83.3(5) *Attribution of resources.* For the purposes of attributing resources as provided in rule 441—75.82(249A), the date on which the waiver applicant met the level of care criteria in a medical institution as established by the peer review organization will be used as the date of entry to the medical institution. Only one attribution of resources shall be completed per person. Attributions completed for prior institutionalizations will be applied to the waiver application.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.4(249A) Financial participation. Persons must contribute their predetermined financial participation to the cost of health and disability waiver services or other Medicaid services, as applicable.

83.4(1) *Maintenance needs of the individual.* The maintenance needs of the individual will be computed by deducting an amount that is 300 percent of the maximum monthly payment for one person under supplemental security income (SSI) from the client's total income.

83.4(2) *Limitation on payment.* If the sum of the third-party payment and client participation equals or exceeds the reimbursement established by the service worker or targeted case manager for health and disability waiver services, Medicaid will make no payments to health and disability waiver service providers. However, Medicaid will make payments to other medical vendors, as applicable.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.5(249A) Redetermination. A complete redetermination of eligibility for the health and disability waiver shall be completed at least once every 12 months or when there is significant change in the person's

situation or condition. A redetermination of continuing eligibility factors shall be made in accordance with rules 441—76.17(249A) and 441—83.2(249A). A redetermination shall include verification of the existence of a current service plan meeting the requirements listed in rule 441—83.7(249A).

83.5(1) The department or the member's MCO will be responsible for annual redetermination of the level of care.

83.5(2) The MCO must submit documentation to the department for all reassessments, performed at least annually, that indicate a change in the member's level of care. The department will make a final determination for any reassessments that indicate a change in the level of care. If the level of care reassessment indicates no change in level of care, the member is approved to continue at the already established level of care.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.6(249A) Allowable services. Services allowable under the health and disability waiver are homemaker, home health, adult day care, respite care, nursing, counseling, consumer-directed attendant care, interim medical monitoring and treatment, home and vehicle modification, personal emergency response system, home-delivered meals, nutritional counseling, financial management, independent support brokerage, self-directed personal care, self-directed community supports and employment, and individual-directed goods and services as set forth in rule 441—78.34(249A).

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.7(249A) Service plan. A service plan shall be prepared for health and disability waiver members in accordance with 441—paragraph 90.4(1)*"b."* Service plans for both children and adults shall be completed every 12 months or when there is significant change in the person's situation or condition.

83.7(1) The service plan shall include the frequency of the health and disability waiver services and the types of providers that will deliver the services.

83.7(2) The service plan shall indicate whether the member has elected the consumer choices option. If the member has elected the consumer choices option, the service plan shall identify:

a. The independent support broker selected by the member; and

b. The financial management service selected by the member.

83.7(3) The service plan shall also list all nonwaiver Medicaid services.

83.7(4) The service plan shall identify a plan for emergencies and the supports available to the member in an emergency.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.8(249A) Adverse service actions.

83.8(1) *Denial.* An application for services will be denied when it is determined by the department that:

a. The client is not eligible for or in need of services.

b. Needed services are not available or received from qualified providers.

c. Service needs exceed the aggregate monthly costs established in paragraph 83.2(2)*"b,"* or are not met by the services provided.

d. Needed services are not available or received from qualifying providers.

83.8(2) *Termination.* A particular service may be terminated when the department determines that:

a. The provisions of 441—paragraph 130.5(2)*"a," "b," "c," "g,"* or *"h"* apply.

b. The costs of the health and disability waiver service for the person exceed the aggregate monthly costs established in paragraph 83.2(2)*"b."*

c. The member receives care in a hospital, nursing facility, or intermediate care facility for persons with an intellectual disability for 120 days in any one stay for purposes other than respite care.

d. The member receives health and disability waiver services and the physical or mental condition of the member requires more care than can be provided in the member's own home as determined by the designated case manager.

e. Service providers are not available.

83.8(3) *Reduction.* Reduction of services will apply as specified in 441—paragraphs 130.5(3)*"a"* and *"b."*

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.9(249A) Appeal rights. Notice of adverse action will be given in accordance with rule 441—16.2(17A). The right to appeal will be given in accordance with 441—Chapter 2506.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.10 to **83.20** Reserved.

These rules are intended to implement Iowa Code sections 249A.3 and 249A.4.

DIVISION II—HCBS ELDERLY WAIVER SERVICES

441—83.21(249A) Definitions.

"Basic individual respite" means respite provided on a staff-to-member ratio of one to one or higher to individuals without specialized needs requiring the care of a licensed registered nurse or licensed practical nurse.

"Case management" means the categories of case management: targeted case management, case management provided to members enrolled in a 1915(c) waiver, and community-based case management provided through managed care.

"Case manager" means the staff person providing all categories of case management services regardless of the entity providing the service or the program in which the member is enrolled.

"Client participation" means the amount of the recipient income that the person must contribute to the cost of elderly waiver services exclusive of medical vendor payments before Medicaid will participate.

"Guardian" means a guardian appointed in probate court.

"Interdisciplinary team" means a collection of persons with varied professional backgrounds who develop one plan of care to meet a client's need for services.

"Managed care" means a system that provides the coordinated delivery of services and supports that are necessary and appropriate, delivered in the least restrictive settings and in the least intrusive manner. Managed care seeks to balance three factors:

1. Achieving high-quality outcomes for participants.
2. Coordinating access.
3. Containing costs.

"Managed care organization" or *"MCO"* means an entity that (1) is under contract with the department to provide services to Medicaid recipients and (2) meets the definition of "health maintenance organization" as defined in Iowa Code section 514B.1.

"Medical institution" means a nursing facility that has been approved as a Medicaid vendor.

"Member" means an individual who has been determined eligible and has been enrolled to receive Medicaid pursuant to rule 441—75.3(249A) or 441—75.6(249A), excluding medically needy, and is a recipient of waiver services.

"Nursing facility level of care" means that the following conditions are met:

1. The presence of a physical or mental impairment that restricts the member's daily ability to perform the essential activities of daily living, bathing, dressing, and personal hygiene, and impedes the member's capacity to live independently.
2. The member's physical or mental impairment is such that self-execution of required nursing care is improbable or impossible.

"Service plan" means a person-centered, outcome-based plan of services that is written by the member's case manager with input and direction from the member and that addresses all relevant services and supports being provided. The service plan is developed by the interdisciplinary team, which includes the member and, if appropriate, the member's legal representative, member's family, service providers, and others directly involved with the member.

"Skilled nursing facility level of care" means that the following conditions are met:

1. The member's medical condition requires skilled nursing services or skilled rehabilitation services as defined in 42 CFR 409.31(a), 409.32, and 409.34 as amended to July 1, 2026.

2. Services are provided in accordance with the general provisions for all Medicaid providers and services as described in rule 441—79.10(249A).

3. Documentation submitted for review indicates that the member has:

- A physician order for all skilled services.
- Services that require the skills of medical personnel, including registered nurses, licensed practical nurses, physical therapists, occupational therapists, speech pathologists, or audiologists.
- An individualized care plan that identifies support needs.
- Confirmation that skilled services are provided to the member.
- Skilled services that are provided by, or under the supervision of, medical personnel as described above.
- Skilled nursing services that are needed and provided seven days a week or skilled rehabilitation services that are needed and provided at least five days a week.

"Third-party payment" means payment from an individual, institution, corporation, or public or private agency that is liable to pay part or all of the medical costs incurred as a result of injury, disease or disability by or on behalf of an applicant or a past or present recipient of medical assistance.

"Usual caregiver" means a person or persons who reside with the member and are available on a 24-hour-per-day basis to assume responsibility for the care of the member.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.22(249A) Eligibility. To be eligible for elderly waiver services a person must meet certain eligibility criteria and be determined to need a service(s) allowable under the program.

83.22(1) *Eligibility criteria.* All of the following criteria must be met. The person must be:

a. Sixty-five years of age or older.

b. A resident of the state of Iowa.

c. Eligible for Medicaid as if in a medical institution pursuant to 441—Chapter 75. When a husband and wife who are living together both apply for the waiver, income and resource guidelines as specified in 441—paragraphs 75.82(2)*"b"* and 75.82(4)*"c"* will be applied.

d. Certified as being in need of the intermediate or skilled level of care based, in part, on information submitted on the interRAI - Home Care (HC). The interRAI - HC is available on request from the department and other supporting documentation as relevant. Copies of the completed interRAI - HC for an individual are available to that individual from the individual's case manager or MCO.

(1) The assessment will be completed when the person applies for waiver services, upon request to report a significant change in the person's condition, and annually for reassessment of the person's level of care. The department will be responsible for determination of the initial level of care.

(2) The department or the member's MCO will be responsible for annual redetermination of the level of care.

(3) Elderly waiver services will not be provided when the person is an inpatient in a medical institution.

(4) The MCO must submit documentation to the department for all reassessments, performed at least annually, that indicate a change in the member's level of care. The department will make a final determination for any reassessments that indicate a change in the level of care. If the level of care reassessment indicates no change in level of care, the member is approved to continue at the already established level of care.

e. Determined to need services as described in subrule 83.22(2).

f. For the consumer choices option as set forth in 441—subrule 78.34(13), residing in a living arrangement other than a residential care facility.

83.22(2) *Need for services, service plan, and cost.*

a. Case management. Members under the elderly waiver will receive case management services from a provider qualified pursuant to rule 441—77.38(249A). Case management services will be provided as set forth in rules 441—90.4(249A) through 441—90.7(249A).

b. Interdisciplinary team. The case manager will establish an interdisciplinary team for the member.

(1) Composition. The interdisciplinary team will include the case manager and the member and, if appropriate, the member's legal representative, family, service providers, and others directly involved in the member's care.

(2) Role. The team will identify:

1. The member's need for services based on the member's needs and desires.
2. Available and appropriate services to meet the member's needs.
3. Health and safety issues for the member that indicate the need for an emergency plan, based on a risk assessment conducted before the team meeting.
4. Emergency backup support and a crisis response system to address problems or issues arising when support services are interrupted or delayed or when the member's needs change.

c. Service plan. An applicant for elderly waiver services will have a service plan developed by a qualified provider of case management services under the elderly waiver.

(1) Services included in the service plan will be appropriate to the problems and specific needs or disabilities of the member.

(2) Services must be the least costly available to meet the service needs of the member.

(3) The service plan must be completed before services are provided.

(4) The service plan must be reviewed at least annually and when there is any significant change in the member's needs.

d. Content of service plan. The service plan will include the following information based on the member's current assessment and service needs:

(1) Observable or measurable individual goals.

(2) Interventions and supports needed to meet those goals.

(3) Incremental action steps, as appropriate.

(4) The names of staff, people, businesses, or organizations responsible for carrying out the interventions or supports.

(5) The desired individual outcomes.

(6) The identified activities to encourage the member to make choices, to experience a sense of achievement, and to modify or continue participation in the service plan.

(7) Description of any restrictions on the member's rights, including the need for the restriction and a plan to restore the rights. For this purpose, rights include maintenance of personal funds and self-administration of medications.

(8) A list of all Medicaid and non-Medicaid services that the member received at the time of waiver program enrollment that includes:

1. The name of the service provider responsible for providing the service.
2. The funding source for the service.
3. The amount of service that the member is to receive.

(9) Indication of whether the member has elected the consumer choice option and, if so, the independent support broker and the financial management service that the member has selected.

(10) The determination that the services authorized in the service plan are the least costly.

(11) A plan for emergencies that identifies the supports available to the member in situations for which no approved service plan exists and that, if not addressed, may result in injury or harm to the member or other persons or in significant amounts of property damage. Emergency plans will include:

1. The member's risk assessment and the health and safety issues identified by the member's interdisciplinary team.
2. The emergency backup support and crisis response system identified by the interdisciplinary team.
3. Emergency, backup staff designated by providers for applicable services.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.23(249A) Application.

83.23(1) *Application for HCBS elderly waiver.* The application process as specified in rules 441—76.1(249A) through 441—76.6(249A) shall be followed.

83.23(2) *Approval of application.*

a. Applications for the elderly waiver program will be processed in 30 days unless the worker can document difficulty in locating and arranging services or circumstances beyond the worker's control. In these cases a decision will be made as soon as possible.

b. Decisions will be mailed or given to the applicant on the date when both service and income maintenance eligibility determinations are completed.

c. An applicant must be given the choice between elderly waiver services and institutional care. The applicant, guardian, or attorney in fact under a durable power of attorney for health care shall sign the information submission tool specified in paragraph 83.22(1)*"d,"* indicating that the applicant has elected waiver services.

d. Waiver services provided prior to approval of eligibility for the waiver cannot be paid.

83.23(3) *Effective date of eligibility.*

a. The effective date of eligibility is the date on which the income eligibility and level of care determinations are completed.

b. Eligibility for persons whose income exceeds supplemental security income guidelines will not exist until the persons require care in a medical institution for a period of 30 consecutive days and will be effective no earlier than the first day of the month in which the 30-day period begins.

c. Eligibility continues until the member has been in a medical institution for 120 consecutive days for other than respite care or fails to meet eligibility criteria listed in rule 441—83.22(249A). Members who are inpatients in a medical institution for 120 or more consecutive days for other than respite care will be terminated from elderly waiver services and reviewed for eligibility for other Medicaid coverage groups. The member will be notified of that decision through a notice of decision. If the member returns home before the effective date of the notice of decision and the member's condition has not substantially changed, the denial may be rescinded and eligibility may continue.

83.23(4) *Attribution of resources.* For the purposes of attributing resources as provided in rule 441—75.82(249A), the date on which the waiver applicant met the level of care criteria in a medical institution as established by the peer review organization will be used as the date of entry to the medical institution. Only one attribution of resources will be completed per person. Attributions completed for prior institutionalizations will be applied to the waiver application.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.24(249A) Client participation. Persons must contribute their predetermined client participation to the cost of elderly waiver services.

83.24(1) *Computation of client participation.* Client participation will be computed by deducting an amount for the maintenance needs of the individual that is 300 percent of the maximum supplemental security income (SSI) grant for an individual from the client's total income.

83.24(2) *Limitation on payment.* If the sum of the third-party payment and client participation equals or exceeds the reimbursement established by the service worker, Medicaid will make no payments for elderly waiver service providers. However, Medicaid will make payments to other medical vendors.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.25(249A) Redetermination. A complete redetermination of eligibility for elderly waiver services will be done at least once every 12 months. A redetermination of continuing eligibility factors will be made when a change in circumstances occurs that affects eligibility in accordance with rule 441—83.22(249A). A redetermination will contain the components listed in rule 441—83.27(249A).

83.25(1) The department or the member's MCO will be responsible for annual redetermination of the level of care.

83.25(2) The MCO must submit documentation to the department for all reassessments, performed at least annually, that indicate a change in the member's level of care. The department will make a final determination for any reassessments that indicate a change in the level of care. If the level of care reassessment indicates no change in level of care, the member is approved to continue at the already established level of care.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.26(249A) Allowable services. Services allowable under the elderly waiver are case management, adult day care, emergency response system, homemaker, home health aide, nursing, respite care, chore, home-delivered meals, home and vehicle modification, mental health outreach, transportation, nutritional counseling, assistive devices, senior companions, consumer-directed attendant care, financial management, independent support brokerage, self-directed personal care, self-directed community supports and employment, and individual-directed goods and services as set forth in rule 441—78.37(249A).
[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.27(249A) Service plan. The service plan will be completed jointly by the member, the elderly waiver case manager, and any other person identified by the member.

83.27(1) The service plan will indicate whether the member has elected the consumer choices option. If the member has elected the consumer choices option, the service plan will identify:

a. The independent support broker selected by the member; and

b. The financial management service selected by the member.

83.27(2) The service plan will identify a plan for emergencies and the supports available to the member in an emergency.
[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.28(249A) Adverse service actions.

83.28(1) *Denial.* An application for services will be denied when it is determined by the department that:

a. The client is not eligible for or in need of services.

b. Except for respite care, the elderly waiver services are not needed on a regular basis.

c. Service needs are not met by services provided.

d. Needed services are not available or received from qualifying providers.

83.28(2) *Termination.* A particular service may be terminated when the department determines that:

a. The provisions of 441—paragraph 130.5(2)*"a," "b," "c," "d," "g,"* or *"h"* apply.

b. The client receives care in a hospital or nursing facility for 120 days in any one stay for purposes other than respite care.

c. The client receives elderly waiver services and the physical or mental condition of the client requires more care than can be provided in the client's own home as determined by the case manager and the interdisciplinary team.

d. Service providers are not available.

83.28(3) *Reduction.* Reduction of services will apply as specified in 441—paragraphs 130.5(3)*"a"* and *"b."*
[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.29(249A) Appeal rights. Notice of adverse action will be given in accordance with rule 441—16.2(17A). The right to appeal shall be given in accordance with 441—Chapter 2506.
[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.30(249A) Enhanced services. When a household has one person receiving service in accordance with rules set forth in 441—Chapter 24 and another receiving elderly waiver services, the persons providing case management will cooperate to make the best plan for both clients. When a person is eligible for services as set forth in 441—Chapter 24 and eligible for services under the elderly waiver, the person's primary diagnosis will determine which services will be used.
[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.31 to **83.40** Reserved.

These rules are intended to implement Iowa Code sections 249A.3 and 249A.4.

DIVISION III—HCBS AIDS/HIV WAIVER SERVICES

441—83.41(249A) Definitions.

"AIDS" means a medical diagnosis of acquired immunodeficiency syndrome based on the Centers for Disease Control "Revision of the CDC Surveillance Case Definition for Acquired Immunodeficiency Syndrome," August 14, 1987, Vol. 36, No. 1S issue of "Morbidity and Mortality Weekly Report."

"Basic individual respite" means respite provided on a staff-to-member ratio of one to one or higher to individuals without specialized needs requiring the care of a licensed registered nurse or licensed practical nurse.

"Case management" means the categories of case management: targeted case management, case management provided to members enrolled in a 1915(c) waiver, and community-based case management provided through managed care.

"Case manager" means the staff person providing all categories of case management services regardless of the entity providing the services or the program in which the member is enrolled.

"Client participation" means the amount of the recipient's income that the person must contribute to the cost of AIDS/HIV waiver services exclusive of medical vendor payments before Medicaid will participate.

"Deeming" means the specified amount of parental or spousal income and resources considered in determining eligibility for a child or spouse according to current supplemental security income guidelines.

"Financial participation" means client participation and medical payments from a third party including veterans' aid and attendance.

"Guardian" means a guardian appointed in probate court.

"HIV" means a medical diagnosis of human immunodeficiency virus infection based on a positive HIV-related test.

"Managed care" means a system that provides the coordinated delivery of services and supports that are necessary and appropriate, delivered in the least restrictive settings and in the least intrusive manner. Managed care seeks to balance three factors:

1. Achieving high-quality outcomes for participants.
2. Coordinating access.
3. Containing costs.

"Managed care organization" or *"MCO"* means an entity that (1) is under contract with the department to provide services to Medicaid recipients and (2) meets the definition of "health maintenance organization" as defined in Iowa Code section 514B.1.

"Medical institution" means a nursing facility or hospital that has been approved as a Medicaid vendor.

"Member" means an individual who has been determined eligible and has been enrolled to receive Medicaid pursuant to rule 441—75.3(249A) or 441—75.6(249A), excluding medically needy, and is a recipient of waiver services.

"Nursing facility level of care" means that the following conditions are met:

1. The presence of a physical or mental impairment that restricts the member's daily ability to perform the essential activities of daily living, bathing, dressing, and personal hygiene, and impedes the member's capacity to live independently.

2. The member's physical or mental impairment is such that self-execution of required nursing care is improbable or impossible.

"Service plan" means a person-centered, outcome-based plan of services that is written by the member's case manager with input and direction from the member and that addresses all relevant services and supports being provided. The service plan is developed by the interdisciplinary team, which includes the member and, if appropriate, the member's legal representative, member's family, service providers, and others directly involved with the member.

"Skilled nursing facility level of care" means that the following conditions are met:

1. The member's medical condition requires skilled nursing services or skilled rehabilitation services as defined in 42 CFR 409.31(a), 409.32, and 409.34 as amended to July 1, 2026.

2. Services are provided in accordance with the general provisions for all Medicaid providers and services as described in rule 441—79.10(249A).

3. Documentation submitted for review indicates that the member has:

- A physician order for all skilled services.

- Services that require the skills of medical personnel, including registered nurses, licensed practical nurses, physical therapists, occupational therapists, speech pathologists, or audiologists.
- An individualized care plan that identifies support needs.
- Confirmation that skilled services are provided to the member.
- Skilled services that are provided by, or under the supervision of, medical personnel as described above.
- Skilled nursing services that are needed and provided seven days a week or skilled rehabilitation services that are needed and provided at least five days a week.

"Third-party payment" means payment from an attorney, individual, institution, corporation, or public or private agency that is liable to pay part or all of the medical costs incurred as a result of injury, disease or disability by or on behalf of an applicant or a past or present recipient of medical assistance.

"Usual caregiver" means a person or persons who reside with the member and are available on a 24-hour-per-day basis to assume responsibility for the care of the member.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.42(249A) Eligibility. To be eligible for AIDS/HIV waiver services a person must meet certain eligibility criteria and be determined to need a service(s) allowable under the program.

83.42(1) *Eligibility criteria.* All of the following criteria must be met. The person must:

a. Be diagnosed by a physician as having AIDS or HIV infection.

b. Be certified in need of the level of care that, but for the waiver, would otherwise be provided in a nursing facility or hospital based, in part, on information submitted on a completed information submission tool for children aged 3 and under, the interRAI - Pediatric Home Care (PEDS-HC) for those aged 4 to 20, or the interRAI - Home Care (HC) for those aged 21 and over and other supporting documentation as relevant. The information submission tool, the interRAI - PEDS-HC, and the interRAI - HC are available on request from the department. Copies of the completed information submission tool for an individual are available to that individual from the individual's case manager or MCO.

(1) The assessment as listed in paragraph 83.42(1)*"b"* will be completed when the person applies for waiver services, upon request to report a significant change in the person's condition, and annually for reassessment of the person's level of care.

(2) The department will be responsible for approval of the certification of the level of care, and the department or an MCO will be responsible for annual redeterminations.

(3) AIDS/HIV waiver services will not be provided when the person is an inpatient in a medical institution.

c. Be eligible for medical assistance under supplemental security income (SSI), SSI-related, FMAP, or FMAP-related coverage groups; medically needy at hospital level of care; or a special income level (300 percent group); or become eligible through application of the institutional deeming rules.

d. Require, and use at least quarterly, one service available under the waiver as determined through an evaluation of need described in subrule 83.42(2).

e. Have service needs such that the costs of the waiver services are not likely to exceed the costs of care that would otherwise be provided in a medical institution.

f. Have income that does not exceed 300 percent of the maximum monthly payment for one person under supplemental security income.

g. For the consumer choices option as set forth in 441—subrule 78.38(9), not be living in a residential care facility.

83.42(2) *Need for services.*

a. The designated case manager will review the assessment of the person's need for waiver services and determine the availability and appropriateness of services. This review will be based, in part, on information in the completed information submission tool designated in paragraph 83.42(1)*"b"* and other supporting documentation as relevant.

b. The total monthly cost of the AIDS/HIV waiver services will not exceed the established aggregate monthly cost for level of care. The monthly cost of AIDS/HIV waiver services cannot exceed the established limit of $2,128.08.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.43(249A) Application.

83.43(1) *Application for HCBS AIDS/HIV waiver services.* The application process as specified in rules 441—76.1(249A) through 441—76.6(249A) shall be followed.

83.43(2) *Approval of application.*

a. Applications for the HCBS AIDS/HIV waiver program will be processed in 30 days unless one or more of the following conditions exist:

(1) The application is pending because the department has not received information that is beyond the control of the client or the department.

(2) The application is pending because a level of care determination has not been made although the completed assessment has been submitted to the department.

b. Decisions will be mailed or given to the applicant on the date when income maintenance eligibility and level of care determinations and the member service plan are completed.

c. An applicant must be given the choice between HCBS AIDS/HIV waiver services and institutional care. The applicant, parent, guardian, or attorney in fact under a durable power of attorney for health care shall sign the assessment and indicate that the applicant has elected home- and community-based services.

d. Waiver services provided prior to approval of eligibility for the waiver cannot be paid.

83.43(3) *Effective date of eligibility.*

a. The effective date of eligibility for the AIDS/HIV waiver for persons who are already determined eligible for Medicaid is the date on which the income and resource eligibility and level of care determinations are completed.

b. The effective date of eligibility for the AIDS/HIV waiver for persons who qualify for Medicaid due to eligibility for the waiver services and to whom 441—paragraph 75.6(4)*"b"* and rule 441—75.82(249A) do not apply is the date on which income and resource eligibility and level of care determinations are completed.

c. Eligibility for the waiver continues until the recipient has been in a medical institution for 120 consecutive days for other than respite care or fails to meet eligibility criteria listed in rule 441—83.42(249A). Recipients who are inpatients in a medical institution for 120 or more consecutive days for other than respite care will be reviewed for eligibility for other Medicaid coverage groups and terminated from AIDS/HIV waiver services if found eligible under another coverage group. The recipient will be notified of that decision through a notice of decision. If the member returns home before the effective date of the notice of decision and the person's condition has not substantially changed, the denial may be rescinded and eligibility may continue.

d. The effective date of eligibility for the AIDS/HIV waiver for persons who qualify for Medicaid due to eligibility for the waiver services and to whom the eligibility factors set forth in 441—paragraph 75.6(4)*"b"* and, for married persons, in rule 441—75.82(249A) have been satisfied is the date on which the income eligibility and level of care determinations are completed but will not be earlier than the first of the month following the date of application.

83.43(4) *Attribution of resources.* For the purposes of attributing resources as provided in rule 441—75.82(249A), the date on which the waiver applicant met the level of care criteria in a medical institution as established by the peer review organization will be used as the date of entry to the medical institution. Only one attribution of resources will be completed per person. Attributions completed for prior institutionalizations will be applied to the waiver application.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.44(249A) Financial participation. Persons must contribute their predetermined financial participation to the cost of AIDS/HIV waiver services or other Medicaid services, as applicable.

83.44(1) *Maintenance needs of the individual.* The maintenance needs of the individual will be computed by deducting an amount that is 300 percent of the maximum monthly payment for one person under SSI from the client's total income.

83.44(2) *Limitation on payment.* If the amount of the financial participation equals or exceeds the reimbursement established by the service worker for AIDS/HIV services, Medicaid will make no payments to AIDS/HIV waiver service providers. Medicaid will, however, make payments to other medical vendors.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.45(249A) Redetermination. A complete redetermination of eligibility for AIDS/HIV waiver services will be completed at least once every 12 months or when there is significant change in the person's situation or condition. A redetermination of continuing eligibility factors will be made in accordance with rules 441—76.17(249A) and 441—83.42(249A). A redetermination will include the components listed in rule 441—83.47(249A).

83.45(1) The department or the member's MCO will be responsible for annual redetermination of the level of care.

83.45(2) The MCO must submit documentation to the department for all reassessments, performed at least annually, that indicate a change in the member's level of care. The department will make a final determination for any reassessments that indicate a change in the level of care. If the level of care reassessment indicates no change in level of care, the member is approved to continue at the already established level of care.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.46(249A) Allowable services. Services allowable under the AIDS/HIV waiver are counseling, home health aide, homemaker, nursing care, respite care, home-delivered meals, adult day care, consumer-directed attendant care, financial management, independent support brokerage, self-directed personal care, self-directed community supports and employment, and individual-directed goods and services as set forth in rule 441—78.38(249A).

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.47(249A) Service plan. A service plan will be prepared for AIDS/HIV waiver members in accordance with rule 441—130.7(234) except that service plans for both children and adults will be completed every 12 months or when there is significant change in the person's situation or condition.

83.47(1) The service plan will include the frequency of the AIDS/HIV waiver services and the types of providers who will deliver the services.

83.47(2) The service plan will indicate whether the member has elected the consumer choices option. If the member has elected the consumer choices option, the service plan will identify:

a. The independent support broker selected by the member; and

b. The financial management service selected by the member.

83.47(3) Service plans for members aged 20 or under must be developed to reflect use of all appropriate nonwaiver Medicaid services so as not to replace or duplicate those services.

83.47(4) The service plan will identify a plan for emergencies and the supports available to the member in an emergency.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.48(249A) Adverse service actions.

83.48(1) *Denial.* An application for services will be denied when it is determined by the department that:

a. The client is not eligible for or in need of services.

b. Except for respite care, the AIDS/HIV waiver services are not needed on a regular basis.

c. Service needs exceed the aggregate monthly costs established in paragraph 83.42(2)*"b"* or cannot be met by the services provided under the waiver.

d. Needed services are not available from qualified providers.

83.48(2) *Termination.* Participation in the AIDS/HIV waiver program may be terminated when the department determines that:

a. The provisions of 441—paragraph 130.5(2)*"a," "b," "c," "d," "g,"* or *"h"* apply.

b. The costs of the AIDS/HIV waiver services for the person exceed the aggregate monthly costs established in paragraph 83.42(2)*"b."*

c. The client receives care in a hospital or nursing facility for 120 days or more in any one stay for purposes other than respite care.

d. The client receives AIDS/HIV waiver services and the physical or mental condition of the client requires more care than can be provided in the client's own home as determined by the service worker.

e. Service providers are not available.

83.48(3) *Reduction.* Reduction of services will apply as specified in 441—paragraphs 130.5(3)*"a"* and *"b."*

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.49(249A) Appeal rights. Notice of adverse action shall be given in accordance with rule 441—16.2(17A). The right to appeal shall be given in accordance with 441—Chapter 2506.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.50 to **83.59** Reserved.

These rules are intended to implement Iowa Code section 249A.4.

DIVISION IV—HCBS INTELLECTUAL DISABILITY WAIVER SERVICES

441—83.60(249A) Definitions.

"Adaptive" means age-appropriate skills related to taking care of one's self and one's ability to relate to others in daily living situations. These skills include limitations that occur in the areas of communication, self-care, home-living, social skills, community use, self-direction, safety, functional activities of daily living, leisure or work.

"Adult" means a person with an intellectual disability aged 18 or over.

"Appropriate" means that the services or supports or activities provided or undertaken by the organization are relevant to the member's needs, situation, problems, or desires.

"Basic individual respite" means respite provided on a staff-to-member ratio of one to one or higher to individuals without specialized needs requiring the care of a licensed registered nurse or licensed practical nurse.

"Behavior" means skills related to regulating one's own behavior including coping with demands from others, making choices, controlling impulses, conforming conduct to laws, and displaying appropriate sociosexual behavior.

"Case management" means the categories of case management: targeted case management, case management provided to members enrolled in a 1915(c) waiver, and community-based case management provided through managed care.

"Case manager" means the staff person providing all categories of case management services regardless of the entity providing the services or the program in which the member is enrolled.

"Child" means a person with an intellectual disability aged 17 or under.

"Client participation" means the posteligibility amount of the member's income that persons eligible through a special income level must contribute to the cost of the home and community-based waiver service.

"Counseling" means face-to-face mental health services provided to the member and caregiver by a QIDP to facilitate home management of the member and prevent institutionalization.

"Deemed status" means acceptance of certification or licensure of a program or service by another certifying body in place of certification based on review and evaluation.

"Direct service" means services involving face-to-face assistance to a member such as transporting a member or providing therapy.

"DSM-5" means the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition, published by the American Psychiatric Association as amended to July 1, 2026.

"Guardian" means a guardian appointed in probate court.

"Health" means skills related to the maintenance of one's health including eating; illness identification, treatment and prevention; basic first aid; physical fitness; regular physical checkups and personal habits.

"Immediate jeopardy" means circumstances where the life, health, or safety of a person will be severely jeopardized if the circumstances are not immediately corrected.

"Intellectual disability" means a diagnosis of intellectual disability (intellectual developmental disorder), global developmental delay, or unspecified intellectual disability (intellectual developmental disorder) that will be made only when the onset of the person's condition was during the developmental

period and will be based on an assessment of the person's intellectual functioning and level of adaptive skills. The diagnosis shall be made by a person who is a licensed psychologist or psychiatrist who is professionally trained to administer the tests required to assess intellectual functioning and to evaluate a person's adaptive skills. The diagnosis shall be made in accordance with the criteria provided in DSM-5.

"Intermediate care facility for persons with an intellectual disability (ICF/ID)" means an institution that is primarily for the diagnosis, treatment, or rehabilitation of persons with an intellectual disability or persons with related conditions and that provides, in a protected residential setting, ongoing evaluation, planning, 24-hour supervision, coordination and integration of health or related services to help each person function at the greatest ability and is an approved Medicaid vendor.

"Intermediate care facility for persons with an intellectual disability level of care" means that the individual has a diagnosis of intellectual disability made in accordance with the criteria provided in DSM-5 or has a related condition as defined in 42 CFR 435.1009 as amended to July 1, 2026, and needs assistance in at least three of the following major life areas: mobility, musculoskeletal skills, activities of daily living, domestic skills, toileting, eating skills, vision, hearing or speech or both, gross/fine motor skills, sensory-taste, smell, tactile, academic skills, vocational skills, social/community skills, behavior, and health care.

"Intermittent supported community living service" means supported community living service provided not more than 52 hours per month.

"Maintenance needs" means costs associated with rent or mortgage, utilities, telephone, food and household supplies.

"Managed care" means a system that provides the coordinated delivery of services and supports that are necessary and appropriate, delivered in the least restrictive settings and in the least intrusive manner. Managed care seeks to balance three factors:

1. Achieving high-quality outcomes for participants.
2. Coordinating access.
3. Containing costs.

"Managed care organization" or *"MCO"* means an entity that (1) is under contract with the department to provide services to Medicaid recipients and (2) meets the definition of "health maintenance organization" as defined in Iowa Code section 514B.1.

"Medical assessment" means a visual and physical inspection of the member, noting deviations from the norm, and a statement of the member's mental and physical condition that can be amendable to or resolved by appropriate actions of the provider.

"Medical institution" means a nursing facility, intermediate care facility for persons with an intellectual disability, or hospital that has been approved as a Medicaid vendor.

"Medical intervention" means member care in the areas of hygiene, mental and physical comfort, assistance in feeding and elimination, and control of the member's care and treatment to meet the physical and mental needs of the member in compliance with the plan of care in areas of health, prevention, restoration, and maintenance.

"Medical monitoring" means observation for the purpose of assessing, preventing, maintaining, and treating disease or illness based on the member's plan of care.

"Member" means an individual who has been determined eligible and has been enrolled to receive Medicaid pursuant to rule 441—75.3(249A) or 441—75.6(249A), excluding medically needy, and is a recipient of waiver services.

"Organization" means the entity being certified.

"Outcome" means an action or event that follows as a result or consequence of the provision of a service or support.

"Procedures" means the steps to be taken to implement a policy.

"Process" means service or support provided by an agency to a member that will allow the member to achieve an outcome. This can include a written, formal, consistent trackable method or an informal process that is not written but is trackable.

"Program" means a set of related resources and services directed to the accomplishment of a fixed set of goals and objectives for the population of a specified geographic area or for special target populations. It can mean an agency, organization, or unit of an agency, organization or institution.

"Qualified intellectual disability professional" or *"QIDP"* means a person who has at least one year of experience working directly with persons with an intellectual disability or other developmental disabilities and who is one of the following:

1. A doctor of medicine or osteopathy.
2. A registered nurse.
3. An occupational therapist eligible for certification as an occupational therapist by the National Board for Certification in Occupational Therapy or another comparable body.
4. A physical therapist eligible for certification as a physical therapist by the American Physical Therapy Association or another comparable body.
5. A speech-language pathologist or audiologist eligible for certification of Clinical Competence in Speech-Language Pathology or Audiology by the American Speech-Language Hearing Association or another comparable body or who meets the educational requirements for certification and who is in the process of accumulating the supervised experience required for certification.
6. A psychologist with a master's degree in psychology from an accredited school.
7. A social worker with a graduate degree from a school of social work, accredited or approved by the Council on Social Work Education or another comparable body or who holds a bachelor of social work degree from a college or university accredited or approved by the Council of Social Work Education or another comparable body.
8. A professional recreation staff member with a bachelor's degree in recreation or in a specialty area such as art, dance, music or physical education.
9. A professional dietitian who is eligible for registration by the Academy of Nutrition and Dietetics.
10. A human services professional who must have at least a bachelor's degree in a human services field, including but not limited to sociology, special education, rehabilitation counseling and psychology.

"Related condition" means a severe, chronic disability that meets all the following conditions:

1. It is attributable to cerebral palsy, epilepsy, or any other condition, other than mental illness, found to be closely related to intellectual disability because the condition results in impairment of general intellectual functioning or adaptive behavior similar to that of a person with an intellectual disability and requires treatment or services similar to those required for a person with an intellectual disability.
2. It is manifested before the age of 22.
3. It is likely to continue indefinitely.
4. It results in substantial functional limitations in three or more of the following areas of major life activity:

- Self-care.
- Understanding and use of language.
- Learning.
- Mobility.
- Self-direction.
- Capacity for independent living.

"Service plan" means a person-centered, outcome-based plan of services that is written by the member's case manager with input and direction from the member and that addresses all relevant services and supports being provided. The service plan is developed by the interdisciplinary team, which includes the member and, if appropriate, the member's legal representative, member's family, service providers, and others directly involved with the member.

"Staff" means a person under the direction of the organization to perform duties and responsibilities of the organization.

"Third-party payment" means payment from an attorney, individual, institution, corporation, insurance company, or public or private agency that is liable to pay part or all of the medical costs incurred as a result of injury, disease or disability by or on behalf of an applicant or a past or present recipient of Medicaid.

"Usual caregiver" means a person or persons who reside with the member and are available on a 24-hour-per-day basis to assume responsibility for the care of the member.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.61(249A) Eligibility. To be eligible for HCBS intellectual disability waiver services, a person must meet certain eligibility criteria and be determined to need a service(s) available under the program.

83.61(1) *Eligibility criteria.* All of the following criteria must be met. The person must:

a. Have a diagnosis of intellectual disability as defined in rule 441—83.60(249A). The diagnosis shall be initially established and recertified as follows:

Age	Initial application to HCBS intellectual disability waiver program	Recertification for persons with a diagnosis of moderate, severe or profound level of severity	Recertification for persons with a diagnosis of mild or unspecified level of severity
0 through 17 years	Psychological documentation within three years of the application date substantiating a diagnosis of intellectual disability as defined in rule 441—83.60(249A)	After the initial psychological evaluation, substantiate a diagnosis of intellectual disability as defined in rule 441—83.60(249A) every six years and when a significant change occurs	After the initial psychological evaluation, substantiate a diagnosis of intellectual disability as defined in rule 441—83.60(249A) every three years and when a significant change occurs
18 years and above	Current psychological documentation substantiating a diagnosis of intellectual disability if the last testing date was (1) more than six years ago for an applicant with a diagnosis of mild or unspecified severity, or (2) more than ten years ago for an applicant with a diagnosis of moderate, severe or profound level of severity	Psychological documentation substantiating a diagnosis of intellectual disability made since the member reached 22 years of age	Psychological documentation substantiating a diagnosis of intellectual disability every six years and whenever a significant change occurs

b. Be eligible for Medicaid under supplemental security income (SSI), SSI-related, FMAP, or FMAP-related coverage groups; eligible under the special income level (300 percent) coverage group; or become eligible through application of the institutional deeming rules or would be eligible for Medicaid if in a medical institution.

c. Be certified as being in need for long-term care that, but for the waiver, would otherwise be provided in an ICF/ID. The department will be responsible for the initial approval, and the department or an MCO will be responsible for the annual approval of the certification of the level of care based on the data collected by the case manager and interdisciplinary team on a tool designated by the department.

d. Be a recipient of the Medicaid case management services or be identified to receive Medicaid case management services immediately following program enrollment.

e. Have service needs that can be met by this waiver program. At a minimum, a member must receive one billable unit of service per calendar quarter under this program.

f. Have a service plan completed annually and approved by the department in accordance with rule 441—83.67(249A).

g. For individual supported employment and long-term job coaching services:

(1) Be at least 16 years of age.

(2) The services must not be available to the member through one of the following:

1. Special education and related services as defined in the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) as amended to July 1, 2026; or

2. A program funded under Section 110 of the Rehabilitation Act of 1973 (29 U.S.C. 730) as amended to July 1, 2026.

(3) Not reside in a medical institution.

(4) Have documented in the waiver service plan a goal to achieve or to sustain individual employment.

h. For small-group supported employment services:

(1) Be at least 16 years of age.

(2) The services must not be available to the member through one of the following:

1. Special education and related services as defined in the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) as amended to July 1, 2026; or

2. A program funded under Section 110 of the Rehabilitation Act of 1973 (29 U.S.C. 730) as amended to July 1, 2026.

(3) Have documented in the waiver service plan a goal to achieve or to sustain individual employment.

(4) Have documented in the waiver service plan that the choice to receive individual supported employment services was offered and explained in a manner sufficient to ensure informed choice, after which the choice to receive small-group supported employment services was made.

(5) Not reside in a medical institution.

i. For prevocational services:

(1) Be at least 16 years of age.

(2) The services must not be available to the member through one of the following:

1. Special education and related services as defined in the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) as amended to July 1, 2026; or

2. A program funded under Section 110 of the Rehabilitation Act of 1973 (29 U.S.C. 730) as amended to July 1, 2026.

(3) Have documented in the waiver service plan a goal to achieve or to sustain individual employment.

(4) Have documented in the waiver service plan that the choice to receive individual supported employment services was offered and explained in a manner sufficient to ensure informed choice, after which the choice to receive small-group supported employment services was made.

(5) Not reside in a medical institution.

j. Choose HCBS intellectual disability waiver services rather than ICF/ID services.

k. To be eligible for interim medical monitoring and treatment services the member must be:

(1) Under the age of 21;

(2) Currently receiving home health agency services under rule 441—78.9(249A) and require medical assessment, medical monitoring, and regular medical intervention or intervention in a medical emergency during those services. (The home health aide services for which the member is eligible must be maximized before the member accesses interim medical monitoring and treatment.);

(3) Residing in the member's family home or foster family home; and

(4) In need of interim medical monitoring and treatment as ordered by a physician, nurse practitioner, clinical nurse specialist, or physician associate.

l. Be assigned an HCBS intellectual disability payment slot pursuant to subrule 83.61(4).

m. For residential-based supported community living services, meet all of the following additional criteria:

(1) Be less than 18 years of age.

(2) Be preapproved as appropriate for residential-based supported community living services by the department. Requests for approval shall be submitted in writing to the department and shall include the following:

1. Social history;

2. Case history that includes previous placements and service programs;

3. Medical history that includes major illnesses and current medications;

4. Current psychological evaluations and consultations;

5. Summary of all reasonable and appropriate service alternatives that have been tried or considered;

6. Any current court orders in effect regarding the child;

7. Any legal history;

8. Whether the child is at risk of out-of-home placement or the proposed placement would be less restrictive than the child's current placement for services;

9. Whether the proposed placement would be safe for the child and for other children living in that setting; and

10. Whether the interdisciplinary team is in agreement with the proposed placement.

(3) Either:

1. Be residing in an ICF/ID;

2. Be at risk of ICF/ID placement, as documented by an interdisciplinary team assessment pursuant to paragraph 83.61(2)*"a"*; or

3. Be a child whose long-term placement outside the home is necessary because continued stay in the home would be a detriment to the health and welfare of the child or the family, and all service options to keep the child in the home have been reviewed by an interdisciplinary team, as documented in the service file.

n. For day habilitation, be 16 years of age or older.

o. For the consumer choices option as set forth in 441—subrule 78.41(15), not be living in a residential care facility.

83.61(2) *Need for services.*

a. Applicants currently receiving Medicaid case management shall have the applicable staff coordinate with the department to arrange completion of the interRAI assessment tool.

b. Applicants not receiving services as set forth in paragraph 83.61(2)*"a"* shall have a department service worker or case manager:

(1) Arrange for completion of the interRAI assessment tool for the initial level of care determination;

(2) Establish an initial interdisciplinary team for HCBS intellectual disability waiver services; and

(3) With the initial interdisciplinary team, identify the applicant's needs and desires as well as the availability and appropriateness of services.

c. Applicants meeting other eligibility criteria who do not have a Medicaid case manager will be referred to a Medicaid case manager.

d. Services will not exceed the number of maximum units established for each service.

e. The cost of services shall not exceed unit expense maximums. Requests will only be reviewed for funding needs exceeding the supported community living service unit cost maximum. Requests require special review by the department and may be denied as not cost-effective.

f. The case manager shall coordinate with the department for completion of an interRAI assessment tool for the initial level of care determination within 30 days from the date of the HCBS application unless the case manager can document difficulty in locating information necessary to arrange the assessment or other circumstances beyond the case manager's control.

g. At initial enrollment, the case manager will establish an interdisciplinary team for each applicant and, with the team, identify the applicant's need for service based on the applicant's needs and desires as well as the availability and appropriateness of services. The Medicaid case manager will complete an annual review thereafter. The following criteria will be used for the initial and ongoing identification of need for services:

(1) The assessment will be based on the results of the most recent interRAI assessment or the off-year assessment tool.

(2) Service plans must be developed or reviewed to reflect use of all appropriate nonwaiver Medicaid services so as not to replace or duplicate those services.

(3) Service plans for applicants aged 16 or under which include supported community living services beyond intermittent will be approved (signed and dated) by the department. The service worker, department QIDP, or Medicaid case manager will attach a written request for a variance from the maximum for intermittent supported community living with a summary of services and service costs. The written request for the variance will provide a rationale for requesting supported community living beyond intermittent. The rationale will contain sufficient information for the designee to make a decision regarding the need for supported community living beyond intermittent.

h. Interim medical monitoring and treatment services must be needed because all usual caregivers are unavailable to provide care due to one of the following circumstances:

(1) Employment. Interim medical monitoring and treatment services are to be received only during hours of employment.

(2) Academic or vocational training. Interim medical monitoring and treatment services provided while a usual caregiver participates in postsecondary education or vocational training shall be limited to 24 periods of no more than 30 days each per caregiver as documented by the service worker. Time spent in high school completion, adult basic education, GED, or English as a second language does not count toward the limit.

(3) Absence from the home due to hospitalization, treatment for physical or mental illness, or death of the usual caregiver. Interim medical monitoring and treatment services under this subparagraph are limited to a maximum of 30 days.

(4) Search for employment.

1. Care during job search shall be limited to only those hours the usual caregiver is actually looking for employment, including travel time.

2. Interim medical monitoring and treatment services may be provided under this paragraph only during the execution of one job search plan of up to 30 working days in a 12-month period, approved by the department service worker or targeted case manager pursuant to 441—subparagraph 170.2(2)*"b"*(5).

3. Documentation of job search contacts shall be furnished to the department service worker or targeted case manager.

83.61(3) *HCBS intellectual disability waiver program limit.* The number of persons receiving HCBS intellectual disability waiver services in the state will be limited to the number of payment slots provided in the HCBS intellectual disability waiver approved by the Centers for Medicare and Medicaid Services (CMS). The department will make a request to CMS to adjust the program limit as deemed necessary.

a. The payment slots are available on a statewide basis. These slots will be available based on the prioritized need of an applicant pursuant to subrule 83.61(4).

b. When services are denied because the limit is reached, a notice of decision denying service based on the limit and stating that the person's name will be put on a waiting list will be sent to the person by the department.

83.61(4) *Securing a payment slot.* The department will determine whether a payment slot is available for each applicant for the HCBS intellectual disability waiver.

a. A payment slot will be assigned to the applicant upon confirmation of an available slot.

(1) Once a payment slot is assigned, the department will give written notice to the applicant.

(2) The department will hold the payment slot for the applicant as long as reasonable efforts are being made to arrange services and the applicant has not been determined to be ineligible for the program. If services have not been initiated and reasonable efforts are no longer being made to arrange services, the slot will revert for use by the next person on the waiting list, if applicable. The applicant originally assigned the slot must reapply for a new slot.

b. If no payment slot is available, the applicant will be placed on a statewide priority waiting list. The department will assess each applicant to determine the applicant's priority need. The assessment shall be made for all applicants who are on a waiting list maintained by the state or a county.

(1) Emergency need criteria are as follows:

1. The usual caregiver has died or is incapable of providing care, and no other caregivers are available to provide needed supports.

2. The applicant has lost primary residence or will be losing housing within 30 days and has no other housing options available.

3. The applicant is living in a homeless shelter and no alternative housing options are available.

4. There is founded abuse or neglect by a caregiver or others living within the home of the applicant, and the applicant must move from the home.

5. The applicant cannot meet basic health and safety needs without immediate supports.

(2) Urgent need criteria are as follows:

1. The caregiver will need support within 60 days in order for the applicant to remain living in the current situation.

2. The caregiver will be unable to continue to provide care within the next 60 days.

3. The caregiver is 55 years of age or older and has a chronic or long-term physical or psychological condition that limits the ability to provide care.

4. The applicant is living in temporary housing and plans to move within 31 to 120 days.

5. The applicant is losing permanent housing and plans to move within 31 to 120 days.

6. The caregiver will be unable to be employed if services are not available.

7. There is a potential risk of abuse or neglect by a caregiver or others within the home of the applicant.

8. The applicant has behaviors that put the applicant at risk.

9. The applicant has behaviors that put others at risk.

10. The applicant is at risk of facility placement when needs could be met through community-based services.

(3) Applicants who meet an emergency need criterion will be placed on the priority waiting list based on the total number of criteria in subparagraph 83.61(4)*"b"*(1) that are met. If applicants meet an equal number of criteria, the position on the waiting list will be based on the date of application and the age of the applicant. The applicant who has been on the waiting list longer will be placed higher on the waiting list. If the application date is the same, the older applicant will be placed higher on the waiting list.

(4) Applicants who meet an urgent need criterion will be placed on the priority waiting list after applicants who meet emergency need criteria. The position on the waiting list will be based on the total number of criteria in subparagraph 83.61(4)*"b"*(2) that are met. If applicants meet an equal number of criteria, the position on the waiting list will be based on the date of application and the age of the applicant. The applicant who has been on the waiting list longer will be placed higher on the waiting list. If the application date is the same, the older applicant will be placed higher on the waiting list.

(5) Applicants who do not meet emergency or urgent need criteria will be placed lower on the waiting list than the applicants meeting urgent need criteria, based on the date of application. If the application date is the same, the older applicant will be placed higher on the waiting list.

(6) Applicants will remain on the waiting list until a payment slot has been assigned to them for use, they withdraw from the list, or they become ineligible for the waiver. If there is a change in an applicant's need, the applicant may contact the local department office and request that a new assessment be completed. The outcome of the assessment will determine placement on the waiting list as directed in this subrule.

c. To maintain the approved number of members in the program, persons will be selected from the waiting list as payment slots become available, based on their priority order on the waiting list.

(1) Once a payment slot is assigned, the department will give written notice to the person within five working days.

(2) The department will hold the payment slot for 30 days for the person to file a new application. If an application has not been filed within 30 days, the slot will revert for use by the next person on the waiting list, if applicable. The person originally assigned the slot must reapply for a new slot.

d. The state reserves payment slots each waiver year (July 1 to June 30) for use by children who must reside outside the family home in a residential-based supported community living licensed residential care facility. The state also reserves payment slots each waiver year (July 1 to June 30) for use by members living in an ICF/ID, nursing facility, or out-of-state placement, or transitioning from the Money Follows the Person Grant, who choose to access services in the intellectual disability waiver program and leave the ICF/ID, nursing facility, or out-of-state placement to live in the community.

(1) Applicants who currently reside in an ICF/ID or nursing facility and have resided in that setting for four or more months may request a reserved capacity slot through the intellectual disability waiver.

(2) Applicants will be allocated a reserved capacity slot on the basis of the date the request is received by the income maintenance worker or the waiver slot manager.

(3) In the event that more than one request for a reserved capacity slot is received at one time, applicants will be allocated the next available reserved capacity slot on the basis of the month of birth, January being month one and the lowest number.

(4) Persons who do not fall within the available reserved capacity slots will have the person's name maintained on the reserved capacity slot waiting list. As reserved capacity slots become available at the beginning of the next waiver year, persons will be selected from the reserved capacity slot waiting list to utilize the number of approved reserved capacity slots based on the person's order on the waiting list.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.62(249A) Application.

83.62(1) *Application for HCBS intellectual disability waiver services.* The application process as specified in rules 441—76.1(249A) through 441—76.6(249A) will be followed.

83.62(2) *Approval of application.*

a. Applications for the HCBS intellectual disability waiver program will be processed in 30 days unless the case manager or worker can document difficulty in locating and arranging services or other circumstance beyond the worker's control. In these cases a decision will be made as soon as possible.

b. Decisions will be mailed or given to the applicant on the date when both service and income maintenance eligibility determinations are completed.

c. An applicant will be given the choice between HCBS waiver services and ICF/ID care. The case manager or worker will have the member or legal representative indicate the member's choice of care.

d. HCBS intellectual disability waiver services provided before eligibility for the waiver is approved will not be reimbursed by the HCBS waiver program.

e. Services provided when the person is a member of group foster care services or is an inpatient in a medical institution will not be reimbursed.

f. HCBS intellectual disability waiver services are not available in conjunction with other Medicaid waiver services or group foster care services.

83.62(3) *Effective date of eligibility.*

a. Deeming of parental income and resources ceases the month following the month in which a person requires care in a medical institution.

b. The effective date of eligibility for the waiver for persons who are already determined eligible for Medicaid is the date on which the person is determined to meet the criteria set forth in rule 441—83.61(249A).

c. The effective date of eligibility for the waiver for persons who qualify for Medicaid due to eligibility for the waiver services is the date on which the person is determined to meet criteria set forth in rule 441—83.61(249A) and when the eligibility factor set forth in 441—paragraph 75.6(4)*"b"* and, for married persons, in rule 441—75.82(249A) have been satisfied.

d. Eligibility continues until the member fails to meet eligibility criteria listed in rule 441—83.61(249A). Members who are inpatients in a medical institution for 120 consecutive days will receive a review by the interdisciplinary team to determine additional inpatient needs for possible termination from the HCBS program. Members will be reviewed for eligibility under other Medicaid coverage groups. The member or legal representative will participate in the review and receive formal notification of that decision through a notice of decision.

If the member returns home before the effective date of the notice of decision and the member's needs can still be met by the HCBS waiver services, the denial may be rescinded and eligibility may continue.

e. Eligibility and service reimbursement are effective through the last day of the month of the previous annual service plan staffing meeting and the corresponding long-term care need determination.

83.62(4) *Attribution of resources.* For the purposes of attributing resources as provided in rule 441—75.82(249A), the date on which the waiver applicant met the level of care criteria in a medical institution as established by the peer review organization will be used as the date of entry to the medical institution. Only one attribution of resources will be completed per person. Attributions completed for prior institutionalizations will be applied to the waiver application.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.63(249A) Client participation. Persons who are eligible under the 300 percent group must contribute a predetermined client participation amount to the costs of the services.

83.63(1) *Computation of client participation.* Client participation will be computed by deducting an amount for the maintenance needs of the individual that is 300 percent of the maximum SSI grant for an individual from the client's total income.

83.63(2) *Limitation on payment.* If the sum of the third-party payment and client participation equals or exceeds the reimbursement for the specific HCBS waiver service, Medicaid will make no payments for the HCBS waiver service. However, Medicaid will make payments to other medical vendors.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.64(249A) Redetermination. A redetermination of nonfinancial eligibility for HCBS intellectual disability waiver services will be completed at least once every 12 months. In years in which an interRAI assessment is not completed, the core standardized assessment contractor shall conduct a review in collaboration with the case manager, documenting any changes in the member's functional status since the previous interRAI or other full assessment. An information assessment tool will be completed annually for children under the age of six. A redetermination of continuing eligibility factors will be made when a change in circumstances occurs that affects eligibility in accordance with rule 441—83.61(249A).

83.64(1) The department or the member's MCO will be responsible for annual redetermination of the level of care.

83.64(2) The MCO must submit documentation to the department for all reassessments, performed at least annually, that indicate a change in the member's level of care. The department will make a final determination for any reassessments that indicate a change in the level of care. If the level of care reassessment indicates no change in level of care, the member is approved to continue at the already established level of care.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.65 Reserved.

441—83.66(249A) Allowable services. Services allowable under the HCBS intellectual disability waiver are supported community living, respite, personal emergency response system, nursing, home health aide, home and vehicle modification, supported employment, consumer-directed attendant care, interim medical monitoring and treatment, transportation, adult day care, day habilitation, prevocational services, financial management, independent support brokerage, self-directed personal care, self-directed community supports and employment, and individual-directed goods and services as set forth in rule 441—78.41(249A).

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.67(249A) Service plan. A service plan will be prepared for each HCBS intellectual disability waiver member.

83.67(1) *Development.* The service plan will be developed by the interdisciplinary team that includes the member, and, if appropriate, the legal representative, member's family, case manager or service worker, service providers, and others directly involved.

83.67(2) *Retention.* The service plan will be stored by the case manager for a minimum of three years.

83.67(3) *Interdisciplinary team meeting.* The interdisciplinary team meeting will be conducted before the current service plan expires.

83.67(4) *Information in plan.* The plan will be in accordance with 441—subrule 24.4(3) and will additionally include the following information to assist in evaluating the program:

a. A listing of all services received by a member at the time of waiver program enrollment.

b. For supported community living:

(1) The member's living environment at the time of waiver enrollment.

(2) The number of hours per day of on-site staff supervision needed by the member.

(3) The number of other waiver members who will live with the member in the living unit.

c. An identification and justification of any restriction of the member's rights, including but not limited to:

(1) Maintenance of personal funds.

(2) Self-administration of medications.

d. The name of the service provider responsible for providing each service.

e. The service funding source.

f. The amount of the service to be received by the member.

g. Whether the member has elected the consumer choices option and, if so:

(1) The independent support broker selected by the member; and

(2) The financial management service selected by the member.

h. A plan for emergencies and identification of the supports available to the member in an emergency.

i. For members receiving daily supported community living, day habilitation, or adult day care, the assignment to acuity tiers is based on a mathematically valid process that identifies meaningful differences in the support needs of the members based on the interRAI-ID and ChYMH-DD scores.

83.67(5) *Documentation.* The Medicaid case manager will ensure that the member's case file contains the member's service plan and documentation supporting the diagnosis of intellectual disability.

83.67(6) *Approval of plan.* The plan will be approved through the institutional and waiver authorization and narrative system (IoWANS). Services shall be entered into IoWANS based on the service plan.

a. Services must be authorized and entered into IoWANS before the plan implementation date.

b. The department has 15 working days after receipt of the summary and service costs in which to approve the services and service cost or request modification of the service plan unless the parties mutually agree to extend that time frame.

c. If the department and the service worker or case manager are unable to agree on the terms of the services or service cost within ten days, the department has final authority regarding the services and service cost.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.68(249A) Adverse service actions.

83.68(1) *Denial.* An application for services will be denied when it is determined by the department that:

a. The applicant is not eligible for the services.

b. Service needs exceed the service unit or reimbursement maximums.

c. Service needs are not met by the services provided.

d. Needed services are not available or received from qualifying providers.

e. No HCBS intellectual disability waiver service is identified in the applicant's service plan.

f. There is another community resource available to provide the service or a similar service free of charge to the applicant that will meet the applicant's needs.

g. Completion or receipt of required documents by the department for the HCBS program applicant has not occurred.

83.68(2) *Reduction.* A particular service may be reduced when the department determines that the provisions of 441—paragraph 130.5(3)*"a"* or *"b"* apply.

83.68(3) *Termination.* A particular service may be terminated when the department determines that:

a. The provisions of 441—paragraph 130.5(2)*"d," "g,"* or *"h"* apply.

b. Needed services are not available or received from qualifying providers.

c. No HCBS intellectual disability waiver service is identified in the member's annual service plan.

d. Service needs are not met by the services provided.

e. Services needed exceed the service unit or reimbursement maximums.

f. Completion or receipt of required documents by the department for the HCBS program member has not occurred.

g. The member receives services from other Medicaid waiver programs.

h. The member or legal representative through the interdisciplinary process requests termination from the services.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.69(249A) Appeal rights. Notice of adverse action will be given in accordance with rule 441—16.2(17A). The right to appeal shall be given in accordance with 441—Chapter 2506.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.70(249A) Rent subsidy program. Members in the HCBS intellectual disability waiver program may be eligible for a rent subsidy. More information can be found in 265—Chapter 24.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.71 to **83.80** Reserved.

These rules are intended to implement Iowa Code sections 249A.3 and 249A.4.

DIVISION V—BRAIN INJURY WAIVER SERVICES

441—83.81(249A) Definitions.

"Adaptive" means age-appropriate skills related to taking care of one's self and the ability to relate to others in daily living situations. These skills include limitations that occur in the areas of communication, self-care, home living, social skills, community use, self-direction, safety, functional academics, leisure and work.

"Adult" means a person with a brain injury aged 18 years or over.

"Appropriate" means that the services or supports or activities provided or undertaken by the organization are relevant to the member's needs, situation, problems, or desires.

"Assessment" means the review of the member's current functioning in regard to the member's situation, needs, strengths, abilities, desires and goals.

"Basic individual respite" means respite provided on a staff-to-member ratio of one to one or higher to individuals without specialized needs requiring the care of a licensed registered nurse or licensed practical nurse.

"Behavior" means skills related to regulating one's own behavior including coping with demands from others, making choices, conforming conduct to laws, and displaying appropriate sociosexual behavior.

"Brain injury" or *"BI"* means clinically evident damage to the brain resulting directly or indirectly from trauma, infection, anoxia, vascular lesions or tumor of the brain, not primarily related to degenerative or aging processes, that temporarily or permanently impairs a person's physical, cognitive, or behavioral functions. The person must have a diagnosis from the following list:

Malignant neoplasms of brain, cerebrum.
Malignant neoplasms of brain, frontal lobe.
Malignant neoplasms of brain, temporal lobe.
Malignant neoplasms of brain, parietal lobe.
Malignant neoplasms of brain, occipital lobe.
Malignant neoplasms of brain, ventricles.
Malignant neoplasms of brain, cerebellum.
Malignant neoplasms of brain, brain stem.
Malignant neoplasms of brain, other part of brain, includes midbrain, peduncle, and medulla oblongata.
Malignant neoplasms of brain, cerebral meninges.
Malignant neoplasms of brain, cranial nerves.
Secondary malignant neoplasm of brain.
Secondary malignant neoplasm of other parts of the nervous system, includes cerebral meninges.
Benign neoplasm of brain and other parts of the nervous system, brain.
Benign neoplasm of brain and other parts of the nervous system, cranial nerves.
Benign neoplasm of brain and other parts of the nervous system, cerebral meninges.
Encephalitis, myelitis and encephalomyelitis.
Intracranial and intraspinal abscess.
Anoxic brain damage.
Subarachnoid hemorrhage.
Intracerebral hemorrhage.
Other and unspecified intracranial hemorrhage.
Occlusion and stenosis of precerebral arteries.
Occlusion of cerebral arteries.
Transient cerebral ischemia.
Acute, but ill-defined, cerebrovascular disease.
Other and ill-defined cerebrovascular diseases.
Fracture of vault of skull.
Fracture of base of skull.
Other and unqualified skull fractures.
Multiple fractures involving skull or face with other bones.

Concussion.
Cerebral laceration and contusion.
Cerebral edema.
Cerebral palsy.
Subarachnoid, subdural, and extradural hemorrhage following injury.
Other and unspecified intracranial hemorrhage following injury.
Intracranial injury of other and unspecified nature.
Poisoning by drugs, medicinal and biological substances.
Toxic effects of substances.
Effects of external causes.
Drowning and nonfatal submersion.
Asphyxiation and strangulation.
Child maltreatment syndrome.
Adult maltreatment syndrome.
Status epilepticus.

"Child" means a person with a brain injury aged 17 years or under.

"Client participation" means the amount of the member's income that the person must contribute to the cost of brain injury waiver services, exclusive of medical vendor payments, before Medicaid will provide additional reimbursement.

"Deemed status" means acceptance of certification or licensure of a program or service by another certifying body in place of certification based on review and evaluation.

"Direct service" means services involving face-to-face assistance to a member such as transporting a member or providing therapy.

"DSM-5" means the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition, published by the American Psychiatric Association as amended to July 1, 2026.

"Guardian" means a guardian appointed in probate court.

"Health" means skills related to the maintenance of one's health including eating; illness identification, treatment and prevention; basic first aid; physical fitness; regular physical checkups and personal habits.

"Immediate jeopardy" means circumstances where the life, health, or safety of a person will be severely jeopardized if the circumstances are not immediately corrected.

"Intermediate care facility for persons with an intellectual disability level of care" means that the individual has a diagnosis of intellectual disability made in accordance with the criteria provided in DSM-5 or has a related condition as defined in 42 CFR 435.1009 as amended to July 1, 2026, and needs assistance in at least three of the following major life areas: mobility, musculoskeletal skills, activities of daily living, domestic skills, toileting, eating skills, vision, hearing or speech or both, gross/fine motor skills, sensory-taste, smell, tactile, academic skills, vocational skills, social/community skills, behavior, and health care.

"Intermittent supported community living service" means supported community living service provided from one to three hours a day for not more than four days a week.

"Managed care" means a system that provides the coordinated delivery of services and supports that are necessary and appropriate, delivered in the least restrictive settings and in the least intrusive manner. Managed care seeks to balance three factors:

1. Achieving high-quality outcomes for participants.
2. Coordinating access.
3. Containing costs.

"Managed care organization" or *"MCO"* means an entity that (1) is under contract with the department to provide services to Medicaid recipients and (2) meets the definition of "health maintenance organization" as defined in Iowa Code section 514B.1.

"Medical assessment" means a visual and physical inspection of the member, noting deviations from the norm, and a statement of the member's mental and physical condition that can be amendable to or resolved by appropriate actions of the provider.

"Medical institution" means a nursing facility, a skilled nursing facility, intermediate care facility for persons with an intellectual disability, or hospital that has been approved as a Medicaid vendor.

"Medical intervention" means member care in the areas of hygiene, mental and physical comfort, assistance in feeding and elimination, and control of the member's care and treatment to meet the physical and mental needs of the member in compliance with the plan of care in areas of health, prevention, restoration, and maintenance.

"Medical monitoring" means observation for the purpose of assessing, preventing, maintaining, and treating disease or illness based on the member's plan of care.

"Nursing facility level of care" means that the following conditions are met:

1. The presence of a physical or mental impairment that restricts the member's daily ability to perform the essential activities of daily living, bathing, dressing, and personal hygiene, and impedes the member's capacity to live independently.

2. The member's physical or mental impairment is such that self-execution of required nursing care is improbable or impossible.

"Organization" means the entity being certified.

"Outcome" means an action or event that follows as a result or consequence of the provision of a service or support.

"Procedures" means the steps to be taken to implement a policy.

"Process" means service or support provided by an agency to a member that will allow the member to achieve an outcome. This can include a written, formal, consistent trackable method or an informal process that is not written but is trackable.

"Program" means a set of related resources and services directed to the accomplishment of a fixed set of goals and objectives for the population of a specified geographic area or for special target populations. It can mean an agency, organization, or unit of an agency, organization or institution.

"Qualified brain injury professional" means one of the following who meets the educational and licensure or certification requirements for the profession as required in the state of Iowa and who has two years' experience working with people living with a brain injury: a psychologist; psychiatrist; physician; physician associate; registered nurse; certified teacher; licensed clinical social worker; mental health counselor; physical, occupational, recreational, or speech therapist; or a person with a bachelor of arts or science degree in human services, social work, psychology, sociology, or public health or rehabilitation services plus 4,000 hours of direct experience with people living with a brain injury.

"Service coordination" means activities designed to help individuals and families locate, access, and coordinate a network of supports and services that will allow them to live a full life in the community.

"Service plan" means a person-centered, outcome-based plan of services that is written by the member's case manager with input and direction from the member and that addresses all relevant services and supports being provided. The service plan is developed by the interdisciplinary team, which includes the member and, if appropriate, the member's legal representative, member's family, service providers, and others directly involved with the member.

"Skilled nursing facility level of care" means that the following conditions are met:

1. The member's medical condition requires skilled nursing services or skilled rehabilitation services as defined in 42 CFR 409.31(a), 409.32, and 409.34 as amended to July 1, 2026.

2. Services are provided in accordance with the general provisions for all Medicaid providers and services as described in rule 441—79.10(249A).

3. Documentation submitted for review indicates that the member has:

- A physician order for all skilled services.
- Services that require the skills of medical personnel, including registered nurses, licensed practical nurses, physical therapists, occupational therapists, speech pathologists, or audiologists.
- An individualized care plan that identifies support needs.
- Confirmation that skilled services are provided to the member.
- Skilled services that are provided by, or under the supervision of, medical personnel as described above.

● Skilled nursing services that are needed and provided seven days a week or skilled rehabilitation services that are needed and provided at least five days a week.

"Staff" means a person under the direction of the organization to perform duties and responsibilities of the organization.

"Third-party payment" means payment from an individual, institution, corporation, or public or private provider that is liable to pay part or all of the medical costs incurred as a result of injury or disease on behalf of a member of medical assistance.

"Usual caregiver" means a person or persons who reside with the member and are available on a 24-hour-per-day basis to assume responsibility for the care of the member.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.82(249A) Eligibility. To be eligible for brain injury waiver services a member must meet eligibility criteria and be determined to need a service allowable under the program.

83.82(1) *Eligibility criteria.* All of the following criteria must be met. The person must:

a. Have a diagnosis of brain injury.

b. Be eligible for Medicaid under supplemental security income (SSI), SSI-related, FMAP, or FMAP-related coverage groups or be eligible under the special income level (300 percent) coverage group consistent with a level of care in a medical institution.

c. Be at least one month of age.

d. Be a U.S. citizen and Iowa resident.

e. Reserved.

f. Be determined by the department as in need of intermediate care facility for persons with an intellectual disability (ICF/ID), skilled nursing, or ICF level of care based on information submitted on a completed information submission tool for children aged 3 and under, the interRAI - Pediatric Home Care (PEDS-HC) for those aged 4 to 20, or the interRAI - Home Care (HC) for those aged 21 and over, the most recent version of the Mayo-Portland Adaptability Inventory (MPAI), and other supporting documentation as relevant. The information submission tool, the interRAI - PEDS-HC, and the interRAI - HC and the MPAI are available on request from the member's MCO or the department. Copies of the completed information submission tool for an individual are available to that individual from the individual's case manager or MCO.

g. Be assessed by the department as able to live in a home- or community-based setting where all medically necessary service needs can be met within the scope of this waiver.

h. At a minimum, receive a waiver service each quarter in addition to case management.

i. Choose HCBS.

j. To be eligible for interim medical monitoring and treatment services the member must be:

(1) Under the age of 21;

(2) Currently receiving home health agency services under rule 441—78.9(249A) and require medical assessment, medical monitoring, and regular medical intervention or intervention in a medical emergency during those services. (The home health aide services for which the member is eligible must be maximized before the member accesses interim medical monitoring and treatment.);

(3) Residing in the member's family home or foster family home; and

(4) In need of interim medical monitoring and treatment as ordered by a physician, nurse practitioner, clinical nurse specialist, or physician associate.

k. Receive services in a community, not an institutional, setting.

l. Be assigned a state payment slot within the yearly total approved by the Centers for Medicare and Medicaid Services.

m. For the consumer choices option as set forth in 441—subrule 78.43(15), not be living in a residential care facility.

n. For individual supported employment and long-term job coaching services:

(1) Be at least 16 years of age.

(2) The services must not be available to the member through one of the following:

1. Special education and related services as defined in the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) as amended to July 1, 2026; or

2. A program funded under Section 110 of the Rehabilitation Act of 1973 (29 U.S.C. 730) as amended to July 1, 2026.

(3) Not reside in a medical institution.

(4) Have documented in the waiver service plan a goal to achieve or to sustain individual employment and an expectation that this service will result in this outcome.

o. For small-group supported employment services:

(1) Be at least 16 years of age.

(2) The services must not be available to the member through one of the following:

1. Special education and related services as defined in the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) as amended to July 1, 2026; or

2. A program funded under Section 110 of the Rehabilitation Act of 1973 (29 U.S.C. 730) as amended to July 1, 2026.

(3) Have documented in the waiver service plan a goal to achieve or to sustain individual employment.

(4) Have documented in the waiver service plan that the choice to receive individual supported employment services was offered and explained in a manner sufficient to ensure informed choice, after which the choice to receive small-group supported employment services was made.

(5) Not reside in a medical institution.

p. For prevocational services:

(1) Be at least 16 years of age.

(2) The services must not be available to the member through one of the following:

1. Special education and related services as defined in the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) as amended to July 1, 2026; or

2. A program funded under Section 110 of the Rehabilitation Act of 1973 (29 U.S.C. 730) as amended to July 1, 2026.

(3) Have documented in the waiver service plan a goal to achieve or to sustain individual employment and an expectation that this service will result in community employment.

(4) Have documented in the waiver service plan that the choice to receive individual supported employment services was offered and explained in a manner sufficient to ensure informed choice, after which the choice to receive prevocational services was made.

83.82(2) *Need for services.*

a. The applicant will have a service plan approved by the department that is developed by the Medicaid case manager for this waiver. This must be completed before services provision and annually thereafter. The case manager will establish the interdisciplinary team for the applicant and, with the team, identify the applicant's need for service based on the applicant's needs and desires as well as the availability and appropriateness of services using the following criteria:

(1) The assessment shall be based, in part, on information provided to the department.

(2) Service plans must be developed to reflect use of all appropriate nonwaiver Medicaid state plan services so as not to replace or duplicate those services.

(3) Service plans for applicants aged 16 or under that include supported community living services beyond intermittent must be approved (signed and dated) by the designee of the department. The Medicaid case manager must request in writing more than intermittent supported community living with a summary of services and service costs, and submit a written justification with the service plan. The rationale must contain sufficient information for the department's designee to make a decision regarding the need for supported community living beyond intermittent.

b. Interim medical monitoring and treatment services must be needed because all usual caregivers are unavailable to provide care due to one of the following circumstances:

(1) Employment. Interim medical monitoring and treatment services are to be received only during hours of employment.

(2) Academic or vocational training. Interim medical monitoring and treatment services provided while a usual caregiver participates in postsecondary education or vocational training will be limited to 24 periods of no more than 30 days each per caregiver as documented by the service worker. Time spent

in high school completion, adult basic education, GED, or English as a second language does not count toward the limit.

(3) Absence from the home due to hospitalization, treatment for physical or mental illness, or death of the usual caregiver. Interim medical monitoring and treatment services under this subparagraph are limited to a maximum of 30 days.

(4) Search for employment.

1. Care during job search shall be limited to only those hours the usual caregiver is actually looking for employment, including travel time.

2. Interim medical monitoring and treatment services may be provided under this paragraph only during the execution of one job search plan of up to 30 working days in a 12-month period, approved by the department service worker or targeted case manager pursuant to 441—subparagraph 170.2(2)*"b"*(5).

3. Documentation of job search contacts shall be furnished to the department service worker or targeted case manager.

c. The member shall access, if a child, all other services for which the person is eligible and that are appropriate to meet the person's needs as a precondition of eligibility for the HCBS BI waiver.

83.82(3) *Securing a state payment slot.*

a. The department field office will enter all waiver applications into the institutional and waiver authorization and narrative system (IoWANS) to determine whether a payment slot is available for all new applicants for the HCBS BI waiver program.

(1) For applicants not currently receiving Medicaid, the department field office will make the entry by the end of the fifth working day after receipt of a completed services application or within five working days after receipt of disability determination, whichever is later.

(2) For current Medicaid members, the department field office will make the entry by the end of the fifth working day after receipt of a written request signed and dated by the waiver applicant.

b. If no payment slot is available, the department will enter the applicant on a waiting list according to the following:

(1) Applicants not currently eligible for Medicaid will be entered on the waiting list on the basis of the date a completed health services application is received by the department or upon receipt of disability determination, whichever is later. Applicants currently eligible for Medicaid will be added to the waiting list on the basis of the date the applicant requests HCBS BI program services.

(2) In the event that more than one application is received at one time, applicants will be entered on the waiting list on the basis of the month of birth, January being month one and the lowest number.

c. Persons who do not fall within the available slots will have their applications rejected but their names will be maintained on the waiting list. As slots become available, persons will be selected from the waiting list to maintain the number of approved persons on the program based on their order on the waiting list.

d. Applicants who currently reside in a community-based neurobehavioral rehabilitation residential setting, an ICF/ID, a skilled nursing facility, or an ICF and have resided in that setting for four or more months may request a reserved capacity slot through the brain injury waiver.

(1) Applicants will be allocated a reserved capacity slot on the basis of the date the request is received by the income maintenance worker or the waiver slot manager.

(2) In the event that more than one request for a reserved capacity slot is received at one time, applicants will be allocated the next available reserved capacity slot on the basis of the month of birth, January being month one and the lowest number.

(3) Persons who do not fall within the available reserved capacity slots will have their names maintained on the reserved capacity slot waiting list. As reserved capacity slots become available at the beginning of the next waiver year, persons will be selected from the reserved capacity slot waiting list to utilize the number of approved reserved capacity slots based on their order on the waiting list.

e. The department will reserve a set number of funding slots each waiver year for emergency need for all applicants who are on the waiting list maintained by the state. Applicants may request an emergency need reserved capacity slot by submitting the completed home- and community-based services (HCBS) brain injury waiver emergency need assessment to the department.

(1) Emergency need criteria are as follows:

1. The usual caregiver has died or is incapable of providing care, and no other caregivers are available to provide needed supports.

2. The applicant has lost primary residence or will be losing housing within 30 days and has no other housing options available.

3. The applicant is living in a homeless shelter, and no alternative housing options are available.

4. There is founded abuse or neglect by a caregiver or others living within the home of the applicant, and the applicant must move from the home.

5. The applicant cannot meet basic health and safety needs without immediate supports.

(2) Urgent need criteria are as follows:

1. The caregiver will need support within 60 days in order for the applicant to remain living in the current situation.

2. The caregiver will be unable to continue to provide care within the next 60 days.

3. The caregiver is 55 years of age or older and has a chronic or long-term physical or psychological condition that limits the ability to provide care.

4. The applicant is living in temporary housing and plans to move within 31 to 120 days.

5. The applicant is losing permanent housing and plans to move within 31 to 120 days.

6. The caregiver will be unable to be employed if services are not available.

7. There is a potential risk of abuse or neglect by a caregiver or others within the home of the applicant.

8. The applicant has behaviors that put the applicant at risk.

9. The applicant has behaviors that put others at risk.

10. The applicant is at risk of facility placement when needs could be met through community-based services.

(3) Applicants who meet an emergency need criterion will be placed on the emergency reserved capacity priority waiting list based on the total number of criteria in subparagraph 83.82(3)*"e"*(1) that are met. If applicants meet an equal number of criteria, the position on the waiting list will be based on the date of application and the age of the applicant. The applicant who has been on the waiting list longer will be placed higher on the waiting list. If the application date is the same, the older applicant will be placed higher on the waiting list.

(4) Applicants who meet an urgent need criterion will be placed on the priority waiting list after applicants who meet emergency need criteria. The position on the waiting list will be based on the total number of criteria in subparagraph 83.82(3)*"e"*(2) that are met. If applicants meet an equal number of criteria, the position on the waiting list will be based on the date of application and the age of the applicant. The applicant who has been on the waiting list longer will be placed higher on the waiting list. If the application date is the same, the older applicant will be placed higher on the waiting list.

(5) Applicants who do not meet emergency or urgent need criteria will remain on the waiting list, based on the date of application. If the application date is the same, the older applicant will be placed higher on the waiting list.

(6) Applicants will remain on the waiting list until a payment slot has been assigned to them for use, they withdraw from the list, or they become ineligible for the waiver. If there is a change in an applicant's need, the applicant may contact the department and request that a new emergency needs assessment be completed. The outcome of the assessment will determine placement on the waiting list as directed in this subrule.

f. To maintain the approved number of members in the program, persons shall be selected from the waiting list as payment slots become available, based on their priority order on the waiting list.

(1) Once a payment slot is assigned, the department will give written notice to the person within five working days.

(2) The department will hold the payment slot for 30 days for the person to file a new application. If an application has not been filed within 30 days, the slot will revert for use by the next person on the waiting list, if applicable. The person originally assigned the slot must reapply for a new slot.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.83(249A) Application.

83.83(1) *Application for financial eligibility.* The application process as specified in rules 441—76.1(249A) through 441—76.6(249A) shall be followed.

83.83(2) *Approval of application for eligibility.*

a. Applications for the determination of ability of the member to have all medically necessary service needs met within the scope of this waiver will be initiated on behalf of the member and with the member's consent or with the consent of the member's legal representative by the discharge planner of the medical facility where the member resides at the time of application or the case manager. The discharge planner or case manager will provide to the department all appropriate information needed regarding all the medically necessary service needs of the member. After completing the determination of ability to have all medically necessary service needs met within the scope of this waiver, the department will inform the discharge planner or case manager on behalf of the member or the member's legal representative and send to the income maintenance worker a copy of the decision as to whether all of the member's service needs can be met in a home- or community-based setting.

b. Eligibility for the HCBS BI waiver will be effective as of the date when both the service eligibility and financial eligibility have been completed. Decisions will be mailed or given to the member or the member's legal representative on the date when each eligibility determination is completed.

c. An applicant will be given the choice between waiver services and institutional care. The applicant or legal representative will sign the applicable information submission tool listed in paragraph 83.82(1)*"f,"* indicating that the applicant has elected home- and community-based services. This will be arranged by the medical facility discharge planner or case manager.

d. The medical facility discharge planner, if there is one involved, will contact the member's MCO or the designated case manager to initiate development of the member's service plan and initiation of waiver services.

e. HCBS BI waiver services provided prior to both approvals of eligibility for the waiver cannot be paid.

f. HCBS BI waiver services are not available in conjunction with other HCBS waiver programs or group foster care services.

g. The Medicaid case manager will establish an HCBS BI waiver interdisciplinary team for each member and, with the team, identify the member's "need for service" based on the member's needs and desires as well as the availability and appropriateness of services.

83.83(3) *Effective date of eligibility.*

a. The effective date of eligibility for the waiver for persons who are already determined eligible for Medicaid is the date on which the person is determined to meet all of the criteria set forth in rule 441—83.82(249A).

b. The effective date of eligibility for the waiver for persons who qualify for Medicaid due to eligibility for the waiver services is the date on which the person is determined to meet all of the criteria set forth in rule 441—83.82(249A) and when the eligibility factors set forth in 441—paragraph 75.6(4)*"b"* and, for married persons, in rule 441—75.82(249A) have been satisfied.

c. Eligibility for the waiver continues until the member fails to meet eligibility criteria listed in rule 441—83.82(249A). Members who return to inpatient status in a medical institution for more than 120 consecutive days will be reviewed by the department to determine additional inpatient needs for possible termination from the brain injury waiver. The member will be reviewed for eligibility under other Medicaid coverage groups in accordance with rule 441—76.17(249A). The member will be notified of that decision through a notice of decision.

If the member returns home before the effective date of the notice of decision and the member's condition has not substantially changed, the denial may be rescinded and eligibility may continue.

83.83(4) *Attribution of resources.* For the purposes of attributing resources as provided in rule 441—75.82(249A), the date on which the waiver member meets the level of care criteria in a medical institution as established by the peer review organization will be used as the date of entry to the medical institution. Only one attribution of resources will be completed per person. Attributions completed for prior institutionalizations will be applied to the waiver application.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.84(249A) Client participation. Members who are financially eligible under 441—paragraph 75.6(4)*"b"* (the 300 percent group) must contribute a predetermined participation amount to the cost of brain injury waiver services.

83.84(1) *Computation of client participation.* Client participation will be computed by deducting an amount for the maintenance needs of the member that is 300 percent of the maximum SSI grant for an individual from the member's total income. For a couple, client participation is determined as if each person were an individual.

83.84(2) *Limitation on payment.* If the sum of the third-party payment and client participation equals or exceeds the reimbursement for the specific brain injury waiver service, Medicaid will make no payments for the waiver service. However, Medicaid will make payments to other medical providers.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.85(249A) Redetermination. A complete financial redetermination of eligibility for brain injury waiver will be completed at least once every 12 months. A redetermination of continuing eligibility factors will be made when a change in circumstances occurs that affects eligibility in accordance with rule 441—83.82(249A). A redetermination will contain the components listed in rule 441—83.82(249A).

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.86(249A) Allowable services. Services allowable under the brain injury waiver are case management, respite, personal emergency response, supported community living, behavioral programming, family counseling and training, home and vehicle modification, specialized medical equipment, prevocational services, transportation, supported employment, adult day care, member-directed attendant care, interim medical monitoring and treatment, financial management, independent support brokerage, self-directed personal care, self-directed community supports and employment, and individual-directed goods and services as set forth in rule 441—78.43(249A).

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.87(249A) Service plan. A service plan will be prepared and utilized for each HCBS BI waiver member. The service plan will be developed by an interdisciplinary team that includes the member, and, if appropriate, the legal representative, member's family, case manager, providers, and others directly involved. The service plan will be stored by the case manager for a minimum of three years. The service plan staffing will be conducted before the current service plan expires.

83.87(1) *Information in plan.* The plan will be in accordance with 441—subrule 24.4(3) and will additionally include the following information to assist in evaluating the program:

a. A listing of all services received by a member at the time of waiver program enrollment.

b. For supported community living:

(1) The member's living environment at the time of waiver enrollment.

(2) The number of hours per day of on-site staff supervision needed by the member.

(3) The number of other waiver members who will live with the member in the living unit.

c. An identification and justification of any restriction of a member's rights, including but not limited to:

(1) Maintenance of personal funds.

(2) Self-administration of medications.

d. The names of all providers responsible for providing all services.

e. All service funding sources.

f. The amount of the service to be received by the member.

g. Whether the member has elected the member choices option and, if so:

(1) The independent support broker selected by the member; and

(2) The financial management service selected by the member.

h. A plan for emergencies and identification of the supports available to the member in an emergency.

83.87(2) *Use of nonwaiver services.* Service plans must be developed to reflect use of all appropriate nonwaiver Medicaid services and so as not to replace or duplicate those services. Service plans for

members aged 16 or under that include supported community living services beyond intermittent must be approved (signed and dated) by the designee of the department. The Medicaid case manager will attach a written request for a variance from the limitation on supported community living to intermittent.

83.87(3) *Annual assessment.* The department will assess the member annually and certify the member's need for long-term care services. The department will be responsible for determining the level of care based on the completed information submission tool listed in paragraph 83.82(1)*"f"* and other supporting documentation as relevant.

a. The department or the member's MCO will be responsible for annual redetermination of the level of care.

b. The MCO must submit documentation to the department for all reassessments, performed at least annually, that indicate a change in the member's level of care. The department will make a final determination for any reassessments that indicate a change in the level of care. If the level of care reassessment indicates no change in level of care, the member is approved to continue at the already established level of care.

83.87(4) *Service file.* The Medicaid case manager must ensure that the member service file contains the member's service plan.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.88(249A) Adverse service actions.

83.88(1) *Denial.* An application for services will be denied when it is determined by the department that:

a. The member is not eligible for the services because all of the medically necessary service needs cannot be met in a home- or community-based setting.

b. Service needs exceed the service unit or reimbursement maximums.

c. Service needs are not met by the services provided.

d. Needed services are not available or received from qualifying providers.

e. The brain injury waiver service is not identified in the member's service plan.

f. There is another community resource available to provide the service or a similar service free of charge to the member that will meet the member's needs.

g. The member receives services from other Medicaid waiver providers.

h. The member or legal representative through the interdisciplinary process requests termination from the services.

83.88(2) *Reduction.* A particular service may be reduced when the department determines that the provisions of 441—paragraph 130.5(3)*"a"* or *"b"* apply.

83.88(3) *Termination.* A particular service may be terminated when the department determines that:

a. The provisions of 441—paragraph 130.5(2)*"d," "g,"* or *"h"* apply.

b. Needed services are not available or received from qualifying providers.

c. The brain injury waiver service is not identified in the member's annual service plan.

d. Service needs are not met by the services provided.

e. Services needed exceed the service unit or reimbursement maximums.

f. Completion or receipt of required documents by the department or the medical facility discharge planner for the brain injury waiver service member has not occurred.

g. The member receives services from other Medicaid providers.

h. The member or legal representative through the interdisciplinary process requests termination from the services.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.89(249A) Appeal rights. Notice of adverse action will be given in accordance with rule 441—16.2(17A). The right to appeal will be given in accordance with 441—Chapter 2506.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.90 to **83.100** Reserved.

These rules are intended to implement Iowa Code sections 249A.3 and 249A.4.

DIVISION VI—PHYSICAL DISABILITY WAIVER SERVICES

441—83.101(249A) Definitions.

"Adaptive" means age-appropriate skills related to taking care of one's self and the ability to relate to others in daily living situations. These skills include limitations that occur in the areas of communication, self-care, home living, social skills, community use, self-direction, safety, functional academics, leisure and work.

"Adult" means a person with a physical disability aged 18 years to 64 years.

"Appropriate" means that the services or supports or activities provided or undertaken by the organization are relevant to the member's needs, situation, problems, or desires.

"Assessment" means the review of the member's current functioning in regard to the member's situation, needs, strengths, abilities, desires and goals.

"Behavior" means skills related to regulating one's own behavior including coping with demands from others, making choices, controlling impulses, conforming conduct to laws, and displaying appropriate sociosexual behavior.

"Client participation" means the amount of the member's income that the person must contribute to the cost of physical disability waiver services, exclusive of medical vendor payments, before Medicaid will provide additional reimbursement.

"DSM-5" means the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition, published by the American Psychiatric Association as amended to July 1, 2026.

"Guardian" means a guardian appointed in probate court for an adult.

"Intermediate care facility for persons with an intellectual disability level of care" means that the individual has a diagnosis of intellectual disability made in accordance with the criteria provided in DSM-5 or has a related condition as defined in 42 CFR 435.1009 as amended to July 1, 2026, and needs assistance in at least three of the following major life areas: mobility, musculoskeletal skills, activities of daily living, domestic skills, toileting, eating skills, vision, hearing or speech or both, gross/fine motor skills, sensory-taste, smell, tactile, academic skills, vocational skills, social/community skills, behavior, and health care.

"Managed care" means a system that provides the coordinated delivery of services and supports that are necessary and appropriate, delivered in the least restrictive settings and in the least intrusive manner. Managed care seeks to balance three factors:

1. Achieving high-quality outcomes for participants.
2. Coordinating access.
3. Containing costs.

"Managed care organization" or *"MCO"* means an entity that (1) is under contract with the department to provide services to Medicaid recipients and (2) meets the definition of "health maintenance organization" as defined in Iowa Code section 514B.1.

"Medical institution" means a nursing facility, a skilled nursing facility, intermediate care facility for persons with an intellectual disability, or hospital that has been approved as a Medicaid vendor.

"Nursing facility level of care" means that the following conditions are met:

1. The presence of a physical or mental impairment that restricts the member's daily ability to perform the essential activities of daily living, bathing, dressing, and personal hygiene, and impedes the member's capacity to live independently.

2. The member's physical or mental impairment is such that self-execution of required nursing care is improbable or impossible.

"Physical disability" means a severe, chronic condition that is attributable to a physical impairment that results in substantial limitations of physical functioning in three or more of the following areas of major life activities: self-care, receptive and expressive language, learning, mobility, self-direction, capacity for independent living, and economic self-sufficiency.

"Service plan" means a person-centered, outcome-based plan of services that is written by the member's case manager with input and direction from the member and that addresses all relevant services and supports being provided. The service plan is developed by the interdisciplinary team, which includes

the member and, if appropriate, the member's legal representative, member's family, service providers, and others directly involved with the member.

"Skilled nursing facility level of care" means that the following conditions are met:

1. The member's medical condition requires skilled nursing services or skilled rehabilitation services as defined in 42 CFR 409.31(a), 409.32, and 409.34 as amended to July 1, 2026.

2. Services are provided in accordance with the general provisions for all Medicaid providers and services as described in rule 441—79.10(249A).

3. Documentation submitted for review indicates that the member has:

- A physician order for all skilled services.
- Services that require the skills of medical personnel, including registered nurses, licensed practical nurses, physical therapists, occupational therapists, speech pathologists, or audiologists.
- An individualized care plan that identifies support needs.
- Confirmation that skilled services are provided to the member.
- Skilled services that are provided by, or under the supervision of, medical personnel as described above.
- Skilled nursing services that are needed and provided seven days a week or skilled rehabilitation services that are needed and provided at least five days a week.

"Third-party payment" means payment from an individual, institution, corporation, or public or private provider that is liable to pay part or all of the medical costs incurred as a result of injury or disease on behalf of a member of medical assistance.

"Waiver year" means a 12-month period commencing on April 1 of each year.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.102(249A) Eligibility. To be eligible for physical disability waiver services, a member must meet eligibility criteria set forth in subrule 83.102(1) and be determined to need a service allowable under the program per subrule 83.102(2).

83.102(1) *Eligibility criteria.* All of the following criteria must be met. The person must:

a. Have a physical disability.

b. Be blind or disabled as determined by the receipt of social security disability benefits or by a disability determination made through the department. Disability determinations are made according to supplemental security income guidelines under Title XVI of the Social Security Act as amended to July 1, 2026, or the disability guidelines for the Medicaid employed people with disabilities coverage group.

c. Be ineligible for the HCBS intellectual disability waiver.

d. Have the ability to hire, supervise, and fire the provider as determined by the service worker, and be willing to do so, or have a parent or guardian named by probate court, or attorney in fact under a durable power of attorney for health care who will take this responsibility on behalf of the member.

e. Be eligible for Medicaid under 441—Chapter 75.

f. Be aged 18 years to 64 years.

g. Reserved.

h. Be in need of skilled nursing or intermediate care facility level of care based on information submitted on a completed interRAI - Pediatric Home Care (PEDS-HC) for those aged 18 to 20 or the interRAI - Home Care (HC) for those aged 21 and over and other supporting documentation as relevant. The interRAI - PEDS-HC and the interRAI - HC are available on request from the department. Copies of the completed information submission tool for an individual are available to that individual from the individual's case manager or MCO.

(1) Initial decisions on level of care will be made for the department by the department within two working days of receipt of medical information. Iowa Medicaid determines whether the level of care requirement is met based on medical necessity and the appropriateness of the level of care under 441—subrules 79.10(1) and 79.10(2).

(2) Adverse decisions may be appealed to the department pursuant to 441—Chapter 2506.

i. Choose HCBS.

j. Use a minimum of one unit of service per calendar quarter under this program.

k. For the consumer choices option as set forth in 441—subrule 78.46(6), not be living in a residential care facility.

83.102(2) *Need for services.*

a. The applicant will have a service plan that is developed by the applicant and a department service worker. The plan must be completed and approved before service provision.

(1) The designated case manager will identify the need for service based on the needs of the applicant, as documented in the information submission tool listed in paragraph 83.102(1)*"h,"* as well as the availability and appropriateness of services.

(2) The service worker will have a face-to-face visit with the member at least annually.

b. The total cost of physical disability waiver services, excluding the cost of home and vehicle modifications, will not exceed $793.20 per month.

83.102(3) *Slots.* The total number of persons receiving HCBS physical disability waiver services in the state will be limited to the number provided in the waiver approved by the Secretary of the U.S. Department of Health and Human Services. These slots will be available on a first-come, first-served basis.

83.102(4) *Securing a slot.*

a. The department field office will enter all waiver applications into the institutional and waiver authorization and narrative system (IoWANS) to determine whether a slot is available for all new applicants for the HCBS physical disability waiver program.

(1) For applicants not currently receiving Medicaid, the department field office will make the entry by the end of the fifth working day after receipt of a completed application for health services and help paying costs or within five working days after receipt of disability determination, whichever is later.

(2) For current Medicaid members, the department field office will make the entry by the end of the fifth working day after receipt of a written request signed and dated by the waiver applicant.

b. If no slot is available, the department will enter applicants on the HCBS physical disabilities waiver waiting list according to the following:

(1) Applicants not currently eligible for Medicaid will be entered on the basis of the date a completed health services application is received by the department or upon receipt of disability determination, whichever is later. Applicants currently eligible for Medicaid will be added on the basis of the date the applicant requests HCBS physical disability program services. In the event that more than one application is received on the same day, applicants will be entered on the waiting list on the basis of the day of the month of their birthday, the lowest number being first on the list. Any subsequent tie will be decided by the month of birth, January being month one and the lowest number.

(2) Persons who do not fall within the available slots will have their applications rejected but their names will be maintained on the waiting list. As slots become available, persons will be selected from the waiting list to maintain the number of approved persons on the program based on their order on the waiting list.

83.102(5) *HCBS physical disability waiver waiting list.* When services are denied because the limit on the number of slots is reached, a notice of decision denying service based on the limit and stating that the person's name will be put on a waiting list will be sent to the person by the department.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.103(249A) Application.

83.103(1) *Application for financial eligibility.* The application process as specified in rules 441—76.1(249A) through 441—76.6(249A) will be followed.

83.103(2) *Approval of application for eligibility.*

a. Applications for this waiver will be initiated on behalf of the applicant who is a resident of a medical institution with the applicant's consent or with the consent of the applicant's legal representative by the discharge planner of the medical facility where the applicant resides at the time of application.

(1) The discharge planner will contact the member's MCO or designated case manager to arrange for completion of the appropriate information submission tool as listed in paragraph 83.102(1)*"h."*

(2) After completing the determination of the level of care needed by the applicant, the department will inform the income maintenance worker and the discharge planner of the decision.

b. Applications for this waiver will be initiated by the applicant, the applicant's parent or legal guardian, or the applicant's attorney in fact under a durable power of attorney for health care on behalf of the applicant who is residing in the community.

(1) The applicant's MCO or the designated case manager will arrange for the completion of the appropriate information submission tool as listed in paragraph 83.102(1)*"h"* and submit it to the department.

(2) After completing the determination of the level of care needed by the applicant, the department will inform the income maintenance worker and the applicant, the applicant's parent or legal guardian, or the applicant's attorney in fact under a durable power of attorney for health care.

c. Eligibility for this waiver will be effective as of the date when both the eligibility criteria in subrule 83.102(1) and need for services in subrule 83.102(2) have been established. Decisions will be mailed or given to the applicant, the applicant's parent or legal guardian, or the applicant's attorney in fact under a durable power of attorney for health care on the date when each eligibility determination is completed.

d. An applicant will be given the choice between waiver services and institutional care. The applicant or the applicant's parent, legal guardian, or attorney in fact under a durable power of attorney for health care will sign the information submission tool, indicating that the applicant has elected home- and community-based services.

e. The applicant, the applicant's parent or guardian, or the applicant's attorney in fact under a durable power of attorney for health care will cooperate with the designated case manager in the development of the service plan prior to the start of services.

f. HCBS physical disability waiver services provided prior to both approvals of eligibility for the waiver cannot be paid.

g. HCBS physical disability waiver services are not available in conjunction with other HCBS waiver programs. The member may also receive in-home health-related care service if eligible for that program.

83.103(3) *Effective date of eligibility.*

a. The effective date of eligibility for the waiver for persons who are already determined eligible for Medicaid is the date on which the person is determined to meet all of the criteria set forth in subrule 83.102(1).

b. The effective date of eligibility for the waiver for persons who qualify for Medicaid due to eligibility for the waiver services is the date on which the person is determined to meet all of the criteria set forth in subrule 83.102(1) and when the eligibility factors set forth in 441—paragraph 75.6(4)*"b"* and, for married persons, in rule 441—75.82(249A) have been satisfied.

c. Eligibility for the waiver continues until the member fails to meet eligibility criteria listed in subrule 83.102(1). Members who return to inpatient status in a medical institution for more than 120 consecutive days will be reviewed by Iowa Medicaid to determine additional inpatient needs for possible termination from the physical disability waiver. The member will be reviewed for eligibility under other Medicaid coverage groups in accordance with rule 441—76.17(249A). The member will be notified of that decision through a notice of decision.

If the member returns home before the effective date of the notice of decision and the member's condition has not substantially changed, the denial may be rescinded and eligibility may continue.

83.103(4) *Attribution of resources.* For the purposes of attributing resources as provided in rule 441—75.82(249A), the date on which the waiver member meets the institutional level of care requirement as determined by the department or an appeal decision will be used as the date of entry to the medical institution. Only one attribution of resources will be completed per person. Attributions completed for a prior institutionalization will be applied to the waiver application.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.104(249A) Client participation. Members who are financially eligible under 441—paragraph 75.6(4)*"b"* (the 300 percent group) must contribute a client participation amount to the cost of physical disability waiver services.

83.104(1) *Computation of client participation.* Client participation will be computed by deducting a maintenance needs allowance equal to 300 percent of the maximum supplemental security income (SSI)

grant for an individual from the member's total income. For a couple, client participation is determined as if each person were an individual.

83.104(2) *Limitation on payment.* If the sum of the third-party payment and client participation equals or exceeds the reimbursement for the specific physical disability waiver service, Medicaid will make no payments for the waiver service. However, Medicaid will make payments to other medical providers.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.105(249A) Redetermination. A complete financial redetermination of eligibility for the physical disability waiver will be completed at least once every 12 months. A redetermination of continuing eligibility factors will be made when a change in circumstances occurs that affects eligibility in accordance with rule 441—83.102(249A). A redetermination will contain the components listed in rule 441—83.102(249A).

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.106(249A) Allowable services. The services allowable under the physical disability waiver are member-directed attendant care, home and vehicle modification, personal emergency response system, transportation, specialized medical equipment, financial management, independent support brokerage, self-directed personal care, self-directed community supports and employment, and individual-directed goods and services as set forth in rule 441—78.46(249A).

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.107(249A) Individual service plan. An individualized service plan will be prepared and used for each HCBS physical disability waiver member. The service plan will be developed and approved by the member, the member's interdisciplinary team and the designated case manager prior to services beginning and payment being made to the provider.

83.107(1) *Information in plan.* The plan will be in accordance with 441—subrule 24.4(3) and will additionally include the following information to assist in evaluating the program:

a. A listing of all services received by a member at the time of waiver program enrollment.

b. The name of all providers responsible for providing all services.

c. All service funding sources.

d. The amount of the service to be received by the member.

e. Whether the member has elected the member choices option and, if so:

(1) The independent support broker selected by the member; and

(2) The financial management service selected by the member.

f. A plan for emergencies and identification of the supports available to the member in an emergency.

83.107(2) *Annual assessment.* The department or an MCO will review the member's need for continued care annually and recertify the member's need for long-term care services, pursuant to paragraph 83.102(1)*"h"* and the appeal process in rule 441—83.109(249A), based on the appropriate information submission tool as listed in paragraph 83.102(1)*"h"* and other supporting documentation as relevant.

a. The department or the member's MCO will be responsible for annual redetermination of the level of care.

b. The MCO must submit documentation to Iowa Medicaid for all reassessments, performed at least annually, that indicate a change in the member's level of care. The department will make a final determination for any reassessments that indicate a change in the level of care. If the level of care reassessment indicates no change in level of care, the member is approved to continue at the already established level of care.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.108(249A) Adverse service actions.

83.108(1) *Denial.* An application for services will be denied when it is determined by the department that:

a. All of the medically necessary service needs cannot be met in a home- or community-based setting.

b. Service needs exceed the reimbursement maximums.

c. Service needs are not met by the services provided.

d. Needed services are not available or received from qualifying providers.

e. The physical disability waiver service is not identified in the member's service plan.

f. There is another community resource available to provide the service or a similar service free of charge to the member that will meet the member's needs.

g. The member receives services from other Medicaid waiver providers.

h. The member or legal representative requests termination from the services.

83.108(2) *Reduction.* A particular service may be reduced when the department determines that the provisions of 441—paragraph 130.5(3)*"a"* or *"b"* apply.

83.108(3) *Termination.* A particular service may be terminated when the department determines that:

a. The provisions of 441—paragraph 130.5(2)*"d," "g,"* or *"h"* apply.

b. Needed services are not available or received from qualifying providers.

c. The physical disability waiver service is not identified in the member's annual service plan.

d. Service needs are not met by the services provided.

e. Services needed exceed the service unit or reimbursement maximums.

f. Completion or receipt of required documents by the member for the physical disability waiver service has not occurred.

g. The member receives services from other Medicaid providers.

h. The member or legal representative requests termination from the services.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.109(249A) Appeal rights. Notice of adverse action will be given in accordance with rule 441—16.2(17A). The right to appeal will be given in accordance with 441—Chapter 2506.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.110 to **83.120** Reserved.

These rules are intended to implement Iowa Code sections 249A.3 and 249A.4.

DIVISION VII—HCBS CHILDREN'S MENTAL HEALTH WAIVER SERVICES

441—83.121(249A) Definitions.

"Assessment" means the review of the member's current functioning in regard to the member's situation, needs, abilities, desires, and goals.

"Case manager" means the person designated to provide Medicaid targeted case management services for the member.

"CMS" means the Centers for Medicare and Medicaid Services, a division of the U.S. Department of Health and Human Services.

"Deeming" means considering parental or spousal income or resources as income or resources of a member in determining eligibility for a member according to Supplemental Security Income program guidelines.

"DSM-5" means the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition, published by the American Psychiatric Association as amended to July 1, 2026.

"Guardian" means a parent of a member or a legal guardian appointed by the court.

"HCBS" means home- and community-based services provided under a Medicaid waiver.

"IME QIO" means the entity contracted with the department that determines the level of care for members initially applying for or continuing to receive children's mental health waiver services.

"Interdisciplinary team" means the member, the member's family, and persons of varied professional and nonprofessional backgrounds with knowledge of the member's needs, as designated by the member and the member's family, who meet to develop a service plan based on the individualized needs of the member.

"Managed care" means a system that provides the coordinated delivery of services and supports that are necessary and appropriate, delivered in the least restrictive settings and in the least intrusive manner. Managed care seeks to balance three factors:

1. Achieving high-quality outcomes for participants.
2. Coordinating access.
3. Containing costs.

"Managed care organization" or *"MCO"* means an entity that (1) is under contract with the department to provide services to Medicaid recipients and (2) meets the definition of "health maintenance organization" as defined in Iowa Code section 514B.1.

"Medical institution" means a nursing facility, an intermediate care facility for persons with an intellectual disability, a psychiatric hospital or psychiatric medical institution for children, or a state mental health institute that has been approved as a Medicaid vendor.

"Member" means an individual up to the age of 18 who is included in a Medicaid coverage group listed in rule 441—75.1(249A) and is a recipient of children's mental health waiver services.

"Mental health professional" means a person who meets all of the following conditions:

1. Holds at least a master's degree in a mental health field, including but not limited to psychology, counseling and guidance, psychiatric nursing and social work; or is a doctor of medicine or osteopathic medicine; and

2. Holds a current Iowa license when required by the Iowa professional licensure laws (such as a psychiatrist, a psychologist, a marital and family therapist, a mental health counselor, an advanced registered nurse practitioner, a psychiatric nurse, or a social worker); and

3. Has at least two years of postdegree experience supervised by a mental health professional in assessing mental health problems, mental illness, and service needs and in providing mental health services.

"Psychiatric medical institution for children level of care" means that the member has been diagnosed with a serious emotional disturbance and an independent team as identified in 441—subrule 85.10(3) has certified that ambulatory care resources available in the community do not meet the treatment needs of the recipient, that proper treatment of the recipient's psychiatric condition requires services on an inpatient basis under the direction of a physician, and that the services can reasonably be expected to improve the recipient's condition or prevent further regression so that the services will no longer be needed.

"Serious emotional disturbance" means a diagnosable mental, behavioral, or emotional disorder that (1) is of sufficient duration to meet diagnostic criteria for the disorder specified by DSM-5 and (2) has resulted in a functional impairment that substantially interferes with or limits a member's role or functioning in family, school, or community activities. "Serious emotional disturbance" does not include neurodevelopmental disorders, substance-related disorders, or conditions or problems classified in DSM-5 as "other conditions that may be a focus of clinical attention" unless these conditions co-occur with another diagnosable serious emotional disturbance.

"Service plan" means a person-centered, outcome-based plan of services that is written by the member's case manager with input and direction from the member and that addresses all relevant services and supports being provided. The service plan is developed by the interdisciplinary team that includes the member and, if appropriate, the member's legal representative, member's family, service providers, and others directly involved with the member.

"Targeted case management" means Medicaid case management services accredited under 441—Chapter 24 and provided according to 441—Chapter 90 for members eligible for the children's mental health waiver.

"Waiver year" for the children's mental health waiver means a 12-month period commencing on July 1 of each year.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.122(249A) Eligibility. To be eligible for children's mental health waiver services, a member must meet all of the following requirements:

83.122(1) *Age.* The member must be under 18 years of age.

83.122(2) *Diagnosis.* The member must be diagnosed with a serious emotional disturbance.

a. Initial certification. For initial application to the HCBS children's mental health waiver program, psychological documentation that substantiates a mental health diagnosis of serious emotional disturbance as determined by a mental health professional must be current within the 12-month period before the application date.

b. Ongoing certification. A mental health professional must complete an annual evaluation that substantiates a mental health diagnosis of serious emotional disturbance.

83.122(3) *Level of care.* The applicant must be certified as being in need of a level of care that, but for the waiver, would be provided in a psychiatric hospital serving children under the age of 21. The department or an MCO will certify the applicant's level of care annually based on information submitted on the interRAI Early Years for children aged 3 and under or on the interRAI - child and youth mental health (ChYMH) for those aged 4 to 20 and other supporting documentation as relevant. For those aged 12 to 18, the interRAI - adolescent supplement will also be completed in addition to the interRAI - ChYMH. The interRAI Early Years, interRAI - ChYMH and interRAI - adolescent supplement are available on request from the department. Copies of the completed information submission tool for an individual are available to that individual from the individual's case manager or MCO.

83.122(4) *Financial eligibility.* The member must be eligible for Medicaid as follows:

a. Be eligible for Medicaid under a supplemental security income (SSI), SSI-related, FMAP, or FMAP-related coverage group; or

b. Be eligible under the special income level (300 percent) coverage group; or

c. Become eligible through application of the institutional deeming rules; or

d. Would be eligible for Medicaid if in a medical institution. For this purpose, deeming of parental or spousal income or resources ceases in the month after the month of application.

83.122(5) *Choice of program.* The applicant must choose HCBS children's mental health waiver services over institutional care, as indicated by the signature of the applicant's parent or legal guardian on the assessment.

83.122(6) *Need for service.* The member must have service needs that can be met under the children's mental health waiver program, as documented in the service plan developed in accordance with rule 441—83.127(249A).

a. The member must be a recipient of case management or be identified to receive case management immediately following program enrollment.

b. The total cost of children's mental health waiver services needed to meet the member's needs, excluding the cost of environmental modifications, adaptive devices and therapeutic resources, cannot exceed $2,274.96 per month.

c. At a minimum, each member must receive one billable unit of a children's mental health waiver service per calendar quarter.

d. A member may not receive children's mental health waiver services and foster family care services under 441—Chapter 202 at the same time.

e. A member may be enrolled in only one HCBS waiver program at a time.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.123(249A) Application. The Medicaid application process as specified in rules 441—76.1(249A) through 441—76.6(249A) will be followed for an application for HCBS children's mental health waiver services.

83.123(1) *Program limit.* The number of persons who may be approved for the HCBS children's mental health waiver shall be subject to the number of members to be served as set forth in the federally approved HCBS children's mental health waiver. When the number of applicants exceeds the number of members specified in the approved waiver, the member's application will be rejected and the member's name shall be placed on a waiting list.

a. The local office will determine whether a payment slot is available by the end of the fifth working day after receipt of:

(1) A completed application for health services or help paying costs from a member who is not currently a Medicaid member; or

(2) A written request signed and dated by a Medicaid member's parent or legal guardian.

b. When a payment slot is available, the local office will enter the application into institutional and waiver authorization and narrative system (IoWANS) to begin the waiver approval process.

(1) The department will hold the payment slot for the member as long as reasonable efforts are being made to arrange services and the member has not been determined to be ineligible for the program.

(2) If services have not been initiated and reasonable efforts are no longer being made to arrange services, the slot will revert for use by the next member on the waiting list, if applicable. The member must reapply for a new slot.

c. If no payment slot is available, the department will enter the names of persons on a waiting list according to the following:

(1) The names of applicants not currently eligible for Medicaid shall be entered on the waiting list on the basis of the date a completed application for health services or help paying costs is received by the department;

(2) The names of Medicaid members will be added to the waiting list on the date as specified in paragraph 83.123(1)*"a."*

(3) In the event that more than one application is received at one time, the names of members will be entered on the waiting list on the basis of the month of birth, January being month one and the lowest number.

d. Members whose names are on the waiting list will be contacted to reapply as slots become available, based on the order of the waiting list, so that the number of approved members on the program is maintained.

(1) Once a payment slot is assigned, the department will give written notice to the member within five working days.

(2) The department will hold the payment slot for 30 days for the member to file a new application.

(3) If an application has not been filed within 30 days, the slot will revert for use by the next member on the waiting list, if applicable. The member originally assigned the slot must reapply for a new slot.

e. The state reserves payment slots each waiver year (October 1 to September 30) for use by members living in a state of Iowa mental health institute (MHI), a psychiatric residential treatment facility (PRTF), or an out-of-state facility placement who choose to access services in the children's mental health waiver program and leave the MHI, PRTF, or out-of-state placement to live within their family home. For the purpose of reserved capacity within the children's mental health waiver program, an MHI is defined in Iowa Code section 226.1 and a PRTF is defined in 42 CFR 483.352 as amended to July 1, 2026.

(1) Applicants who currently reside in an MHI, PRTF, or out-of-state placement and have resided in that setting for four or more months may request a reserved capacity slot through the children's mental health waiver program.

(2) Applicants will be allocated a reserved capacity slot on the basis of the date the request is received by the income maintenance worker or the waiver slot manager.

(3) In the event that more than one request for a reserved capacity slot is received at one time, applicants will be allocated the next available reserved capacity slot on the basis of the month of birth, January being month one and the lowest number.

(4) Persons who do not fall within the available reserved capacity slots will have their names maintained on the reserved capacity slot waiting list. As reserved capacity slots become available at the beginning of the next waiver year, persons will be selected from the reserved capacity slot waiting list to utilize the number of approved reserved capacity slots based on their order on the waiting list.

83.123(2) *Approval of waiver eligibility.*

a. Time limit. Applications for the HCBS children's mental health waiver program will be processed within 30 days unless one or more of the following conditions exist:

(1) An application has been filed and is pending for federal SSI benefits.

(2) The application is pending because the department has not received information for a reason that is beyond the control of the member or the department.

(3) The application is pending because the assessment has not been completed. When a determination is not completed 90 days after the date of application due to the lack of a completed assessment, the application will be denied.

b. *Notice of decisions.* The department will mail or give decisions to the applicant on the dates when eligibility and level of care determinations are completed.

83.123(3) *Effective date of eligibility.* The effective date of a member's eligibility for children's mental health waiver services will be the first date that all of the following conditions exist:

a. All eligibility requirements are met; and

b. Eligibility and level of care determinations have been made.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.124(249A) Financial participation. A member must contribute to the cost of children's mental health waiver services to the extent of the member's total income less 300 percent of the maximum monthly payment for one person under the federal SSI program.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.125(249A) Redetermination. The department will redetermine a member's eligibility for the children's mental health waiver at least once every 12 months or when there is significant change in the member's situation or condition.

83.125(1) *Eligibility review.*

a. Every 12 months, the department will review a member's eligibility in accordance with procedures in rule 441—76.17(249A). The review will verify continuing eligibility factors as specified in rule 441—83.122(249A).

b. The department or an MCO will review the member's need for continued care annually and recertify the member's need for long-term care services, pursuant to rule 441—83.122(249A) and the appeal process in rule 441—83.129(249A), based on the completed information submission tool designated in subrule 83.122(3) and other supporting documentation as relevant.

c. The department or the member's MCO will be responsible for annual redetermination of the level of care.

d. The MCO must submit documentation to Iowa Medicaid for all reassessments, performed at least annually, that indicate a change in the member's level of care. The department will make a final determination for any reassessments that indicate a change in the level of care. If the level of care reassessment indicates no change in level of care, the member is approved to continue at the already established level of care.

83.125(2) *Continuation of eligibility.* A member's waiver eligibility will continue until one of the following conditions occurs.

a. The member fails to meet eligibility criteria listed in rule 441—83.122(249A).

b. The member is an inpatient of a medical institution for 120 or more consecutive days.

(1) After the member has spent 120 consecutive days in a medical institution, the local office will terminate the member's waiver eligibility and review the member for eligibility under other Medicaid coverage groups. The local office will notify the member and the member's parents or legal guardian through a notice of decision.

(2) If the member returns home after 120 consecutive days, the member must reapply for children's mental health waiver services, and Iowa Medicaid must redetermine the member's level of care.

c. The member does not reside at the member's natural home for a period of 60 consecutive days. After the member has resided outside the home for 60 consecutive days, the local office will terminate the member's waiver eligibility and review the member for eligibility under other Medicaid coverage groups. The local office will notify the member and the member's parents or legal guardian through a notice of decision.

83.125(3) *Payment slot.* When a member loses waiver eligibility, the member's assigned payment slot will revert for use to the next member on the waiting list.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.126(249A) Allowable services. Services allowable under the children's mental health waiver will be provided as set forth in rule 441—78.52(249A) and will include:

1. Environmental modifications, adaptive devices and therapeutic resources;

2. Family and community support services;
3. In-home family therapy; and
4. Respite care.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.127(249A) Service plan. The member's case manager will prepare an individualized service plan for each member that meets the requirements set for case plans in rule 441—130.7(234).

83.127(1) The service plan will be developed through an interdisciplinary team process.

83.127(2) The service plan will be developed annually or when there is significant change in the member's situation or condition.

83.127(3) The service plan will be based on information in the completed information submission tool designated in subrule 83.122(3) and other supporting documentation as relevant.

83.127(4) The service plan will specify the type and frequency of the waiver services and the providers that will deliver the services.

83.127(5) The service plan will identify and justify any restriction of the member's rights.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.128(249A) Adverse service actions.

83.128(1) *Denial.* An application for children's mental health waiver services will be denied when the department determines that:

a. The member is not eligible for or in need of waiver services.

b. Needed services are not available or received from qualified providers.

c. Service needs exceed the limit on aggregate monthly costs established in paragraph 83.122(6)*"b"* or are not met by the services provided.

83.128(2) *Termination.* A member's participation in the children's mental health waiver program may be terminated when the department determines that:

a. The provisions of 441—paragraph 130.5(2)*"a," "b," "c," "g,"* or *"h"* apply.

b. The costs of the children's mental health waiver services for the member exceed the aggregate monthly costs established in paragraph 83.122(6)*"b."*

c. The member receives care in a hospital, nursing facility, psychiatric hospital serving children under the age of 21, or psychiatric medical institution for children for 120 days in any one stay.

d. The physical or mental condition of the member requires more care than can be provided in the member's own home, as determined by the member's case manager.

e. Service providers are not available.

83.128(3) *Reduction.* Reduction of services will apply as specified in 441—paragraphs 130.5(3)*"a"* and *"b."*

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

441—83.129(249A) Appeal rights. Notice of adverse action will be given in accordance with rule 441—16.2(17A). The right to appeal will be given in accordance with 441—Chapter 2506.

[**ARC 0318D**, IAB 5/27/26, effective 7/1/26]

CHAPTER 84
EARLY AND PERIODIC SCREENING, DIAGNOSIS, AND TREATMENT

[Prior to 7/1/83, Social Services [770] Ch 84]
[Prior to 2/11/87, Human Services[498]]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/1/30

441—84.1(249A) Definitions.

"Diagnosis" is the determination of the nature of physical or mental disease or abnormality.

"Interperiodic screen" means a screen that occurs between the times stated in the periodicity schedule in 441—subrule 78.18(3).

"Screening" is the use of quick, simple procedures to sort out apparently well persons from those who may have a disease or abnormality and to identify those in need of more definitive study. These services will be provided in accordance with reasonable standards of medical and dental practice.

[**ARC 9067C**, IAB 4/2/25, effective 6/1/25]

441—84.2(249A) Eligibility. All persons eligible for medical assistance under age 21 are eligible for early and periodic screening, diagnosis, and treatment.

[**ARC 9067C**, IAB 4/2/25, effective 6/1/25]

441—84.3(249A) Screening services. Screening services shall be provided in accordance with 42 CFR §441.56 as amended to August 1, 2024, and may be done by a screening center or other qualified providers. Other qualified providers are physicians, advanced registered nurse practitioners, rural health centers, federally qualified health centers, laboratories, clinics, and dentists.

[**ARC 9067C**, IAB 4/2/25, effective 6/1/25]

441—84.4(249A) Referral.

84.4(1) The availability of early and periodic screening will be discussed with the payee for any Medicaid-eligible child under the age of 21 at the time of application and periodically thereafter in compliance with federal regulations at Title 42, Part 441, Subpart B, as amended to March 29, 2022.

84.4(2) Screening will be offered to each eligible individual according to the periodicity schedule in 441—subrule 78.18(3) when screening has been accepted, or on at least an annual basis when screening has been rejected. Interperiodic screens may be furnished when medically necessary to determine whether a child has a physical or mental illness or condition that may require further assessment, diagnosis, or treatment.

[**ARC 9067C**, IAB 4/2/25, effective 6/1/25]

441—84.5(249A) Follow up. Follow-up services will be provided when a referral for screening was accepted, but 60 days have elapsed and no screening examination has been performed, and when a screening examination discloses a possible abnormal condition and a referral was made for further diagnosis or treatment and such diagnosis or treatment has not been received within a period of 60 days from the date of the screening examination.

[**ARC 9067C**, IAB 4/2/25, effective 6/1/25]

These rules are intended to implement Iowa Code section 249A.4.

CHAPTER 85
SERVICES IN PSYCHIATRIC INSTITUTIONS

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/1/30

441—85.1(249A) Acute care in psychiatric hospitals. These rules do not apply to general hospitals with psychiatric units.

85.1(1) *Psychiatric hospitals serving persons aged 21 and older.* A psychiatric hospital serving persons aged 21 and older shall meet the federal criteria for an institution for mental disease and shall be licensed pursuant to rule 481—51.23(135B). An out-of-state facility shall be licensed as a psychiatric hospital, shall meet the federal criteria for an institution for mental disease, and shall be certified to participate in the Medicare program. An institution is an institution for mental disease only if its overall character is that of a facility established and maintained primarily for the care and treatment of persons with mental diseases. The following guidelines are used by the department in evaluating the overall character of a facility. These guidelines are all useful in identifying institutions for mental disease; however, no single guideline is necessarily determinative in any given case.

a. The facility:

(1) Is licensed as a psychiatric facility for the care and treatment of persons with mental diseases.

(2) Advertises or holds itself out as a facility for the care and treatment of persons with mental diseases.

(3) Is accredited as a psychiatric facility by the Joint Commission or by any other federally recognized accrediting organization that has comparable standards or surveys and is approved by the department of inspections, appeals, and licensing.

(4) Specializes in providing psychiatric or psychological care and treatment. This may be ascertained through review of patients' records. It may also be indicated by the fact that an unusually large proportion of the staff has specialized psychiatric or psychological training or that a large proportion of the patients are receiving psychopharmacological drugs.

(5) Is under the jurisdiction of the department.

b. More than 50 percent of all the patients in the facility have mental diseases that require inpatient treatment according to the patient's medical records.

c. A large proportion of the patients in the facility has been transferred from a state mental institution for continuing treatment of their mental disorders.

d. Independent review teams report a preponderance of mental illness in the diagnoses of the patients in the facility.

e. The average patient age is significantly lower than that of a typical nursing home.

f. Part or all of the facility consists of locked wards.

85.1(2) *Psychiatric hospitals serving persons under the age of 21.* A psychiatric hospital serving persons under the age of 21 shall be licensed pursuant to rule 481—51.23(135B) or shall be licensed in another state as a hospital; shall be accredited by the Joint Commission, the Commission on Accreditation of Rehabilitation Facilities, the Council on Accreditation of Services for Children and Family Services, or by any other federally recognized accrediting organization that has comparable standards or surveys and is approved by the department of inspections, appeals, and licensing; and shall meet federal service requirements.

[**ARC 9312C**, IAB 5/28/25, effective 8/1/25]

441—85.2(249A) Out-of-state placement. Placement in an out-of-state psychiatric hospital for acute care requires prior department approval and must be approved only if special services are not available in Iowa.

[**ARC 9312C**, IAB 5/28/25, effective 8/1/25]

441—85.3(249A) Eligibility of persons under the age of 21.

85.3(1) *Age.* To be eligible for payment for the cost of care provided by a psychiatric hospital, the person shall be under 21 years of age. When treatment in the hospital is provided immediately preceding

the person's twenty-first birthday, coverage continues to be available until the twenty-second birthday or until service is no longer required, whichever is earlier.

85.3(2) *Period of eligibility.* The person is considered to be an inpatient until unconditionally discharged. Coverage extends until the last day of the month of the discharge or the twenty-second birthday. While on inpatient status the eligible person is entitled to the full scope of Medicaid benefits.

85.3(3) *Certification of need for care.* For persons eligible for Medicaid prior to admission, the need for care shall be certified in accordance with 42 CFR 441.152 (as amended to August 1, 2024). A form prescribed by the department may be used to document these criteria.

a. For persons eligible for Medicaid prior to admission, this preadmission certification shall be performed within 45 days prior to the proposed date for admission to the facility by an independent team that includes a physician who has competence in diagnosis and treatment of mental illness, preferably in child psychiatry, and who has knowledge of the person's situation. If a social worker is a part of the team, the social worker may be from the county office of the department. A physician's assistant or advanced registered nurse practitioner may also serve as a member of the plan of care team.

The evaluation must be submitted to the facility on or prior to the date of the patient's admission.

b. When a person makes application for Medicaid subsequent to admission or has an application in process at the time of admission, a certification by the team responsible for the plan of care shall be provided within 14 days after admission and shall cover any period prior to application for which claims are to be made.

c. For emergency admissions, a certification shall be provided by the team responsible for the plan of care within 14 days after admission.

85.3(4) *Financial eligibility for persons under the age of 21.* To be eligible for payments for the cost of care provided by a psychiatric facility, persons under the age of 21 must be eligible under one of the coverage groups listed in 441—Chapter 75.

[**ARC 9312C**, IAB 5/28/25, effective 8/1/25]

441—85.4(249A) Eligibility of persons aged 65 and over. To be eligible for payment for the cost of care provided by an institution for mental disease, persons must be aged 65 or over and be eligible under one of the coverage groups listed in 441—Chapter 75.

[**ARC 9312C**, IAB 5/28/25, effective 8/1/25]

441—85.5(249A) Client participation. The resident is not liable to pay client participation toward the cost of care, and no client participation amount shall be deducted from the state payment to the hospital.

[**ARC 9312C**, IAB 5/28/25, effective 8/1/25]

441—85.6(249A) Responsibilities of hospitals.

85.6(1) *Medical record requirements.* The medical records maintained by the psychiatric hospital shall permit determination of the degree and intensity of the treatment provided to persons who are furnished services in the hospital.

a. Development of assessment and diagnostic data. Medical records shall stress the psychiatric components of the record, including history of findings and treatment provided for the psychiatric condition for which the patient is hospitalized.

(1) The identification data shall include the patient's legal status.

(2) A provisional or admitting diagnosis shall be made on every patient at the time of admission, and shall include the diagnoses of intercurrent diseases as well as the psychiatric diagnoses.

(3) The reasons for admission shall be clearly documented as stated by the patient or others significantly involved.

(4) The social service records, including reports of interviews with patients, family members, and others, shall provide an assessment of home plans and family attitudes and community resource contacts, as well as a social history.

(5) When indicated, a complete neurological examination shall be recorded at the time of the admission physical examination.

b. Psychiatric evaluation. Each patient shall receive a psychiatric evaluation that shall:

(1) Be completed within 60 hours of admission.
(2) Include a medical history.
(3) Contain a record of mental status.
(4) Note the onset of illness and the circumstances leading to admission.
(5) Describe attitudes and behavior.
(6) Estimate intellectual functioning, memory functioning, and orientation.
(7) Include an inventory of the patient's assets in descriptive, not interpretive, fashion.

c. Treatment plan.

(1) Each patient shall have an individual comprehensive treatment plan that shall be based on an inventory of the patient's strengths and disabilities. The written plan shall include a substantiated diagnosis, short-term and long-range goals, the specific treatment modalities utilized, the responsibilities of each member of the treatment team, and adequate documentation to justify the diagnosis and the treatment and rehabilitation activities carried out.

(2) The treatment received by the patient shall be documented in a way to ensure that all active therapeutic efforts are included.

d. Recording progress. Progress notes shall be recorded by the doctor of medicine or osteopathy responsible for the care of the patient, nurse, social worker and, when appropriate, others significantly involved in active treatment modalities. The frequency of progress notes is determined by the condition of the patient but shall be recorded at least weekly for the first two months and at least once a month thereafter and shall contain recommendations for revisions in the treatment plan as indicated, as well as a precise assessment of the patient's progress in accordance with the original or revised treatment plan.

e. Discharge planning and discharge summary. The record of each patient who has been discharged shall have a discharge summary that includes a recapitulation of the patient's hospitalization and recommendations from appropriate services concerning follow-up or aftercare, as well as a brief summary of the patient's condition on discharge.

f. The facility shall obtain a professional review organization (PRO) determination that the person requires acute psychiatric care when a person applying or eligible for Medicaid enters the facility, returns from an acute care general hospital, or enters the facility after 30 consecutive days of visitation.

85.6(2) *Fiscal records.*

a. A case activity report shall be submitted to the department whenever a Medicaid applicant or recipient enters the facility, changes level of care, is hospitalized in a general hospital, leaves for visitation, or is discharged from the facility.

b. The facility shall bill after each calendar month for the previous month's services.

85.6(3) *Additional requirements.* Additional requirements are mandated for persons under the age of 21.

a. Active treatment. Inpatient psychiatric services shall involve active treatment in accordance with 42 CFR 441.154 (as amended to August 1, 2024).

b. Individual plan of care. An individual plan of care shall be developed and implemented for each recipient in accordance with 42 CFR 441.155 (as amended to August 1, 2024).

c. Interdisciplinary team. The individual plan of care shall be developed by an interdisciplinary team of physicians and other personnel who are employed by the facility or who provide services to patients in the facility in accordance with 42 CFR 441.156 (as amended to August 1, 2024). The team may also include a physician's assistant or an advanced registered nurse practitioner.

[**ARC 9312C**, IAB 5/28/25, effective 8/1/25]

441—85.7(249A) Psychiatric hospital reimbursement.

85.7(1) *Reimbursement formula.* Acute care in psychiatric hospitals will be reimbursed on a per diem rate based on Medicare principles.

a. The reimbursement principles follow and comply with the retrospective Principles of Medicare reimbursement found in Title 18 of the Social Security Act (as amended to August 1, 2024).

b. Allowable costs are those defined as allowable in 42 CFR, Subpart A, Sections 413.5 and 413.9 (as amended to August 1, 2024), and 42 CFR 447.250 (as amended to August 1, 2024). Only those costs are considered in calculating the Medicaid inpatient reimbursement.

c. Medicare and Medicaid principles of reimbursement require hospitals to be paid at the lower of customary charges or reasonable cost and to adhere to all Medicare cost principles in the calculation of the facility rates.

d. Payment for inpatient hospital care for recipients for whom the PRO has determined that the level of care that is medically necessary is only that of skilled care or nursing care will be made at a rate equal to the statewide average Medicaid skilled nursing facility rate or the average state nursing facility rate. Periodic PRO determinations of the need for continuing care are also required.

e. Each participating Medicaid provider shall file a CMS 2552 Medicare Cost Report or a substitute accepted by the Centers for Medicare and Medicaid Services (CMS). In addition, supplemental information sheets are furnished to all Medicaid providers to be filed with the annual cost report. This report must be filed with the department within 150 days after the close of the hospital's fiscal year.

f. Compensation for a disproportionate share of indigent patients is determined as described in 441—subrule 79.1(5).

g. Medicaid reimbursement will be reduced by any payments from a third party toward the cost of a patient's care.

85.7(2) *Medical necessity.* The medical necessity of admission and continued stay will be determined by the PRO. Payment shall not be made for admissions that are determined not to be medically necessary nor will payment be approved for stays beyond the time at which inpatient specialized hospital care at the acute level has been determined not to be medically necessary.

85.7(3) *Reserve bed day payment.* No reserve bed day payments are made to acute care psychiatric hospitals.

85.7(4) *Outpatient services.* No coverage is available for outpatient psychiatric hospital services.

These rules are intended to implement Iowa Code section 249A.4.

[**ARC 9312C**, IAB 5/28/25, effective 8/1/25]

441—85.8(249A,81GA,ch167) Eligibility of persons aged 21 through 64.

85.8(1) *Facility.* Acute care in a psychiatric hospital is covered for persons aged 21 through 64 only at the state mental health institutes at Cherokee and Independence.

85.8(2) *Basis of eligibility.* To be eligible for payment for the cost of care provided by one of the covered facilities, a person aged 21 through 64 must be eligible for one of the coverage groups listed in 441—Chapter 75.

85.8(3) *Period of eligibility.* A person is considered to be an inpatient until unconditionally discharged. Coverage extends until the last day of the month of discharge.

85.8(4) *Extent of eligibility.* While on inpatient status, a person eligible under a coverage group listed in rule 441—75.1(249A) is entitled to the full scope of Medicaid benefits.

[**ARC 9312C**, IAB 5/28/25, effective 8/1/25]

441—85.9(249A) Psychiatric medical institutions for children—conditions for participation. Psychiatric medical institutions for children will be issued a license by the department of inspections, appeals, and licensing under Iowa Code chapter 135H and will hold either a license from the department under Iowa Code section 237.3(2)*"a"*(3), or, for facilities that provide substance use disorder treatment, a license from the department under Iowa Code section 125.13.

This rule is intended to implement Iowa Code sections 135H.4 and 249A.4.

[**ARC 9312C**, IAB 5/28/25, effective 8/1/25]

441—85.10(249A) Eligibility of persons under the age of 21.

85.10(1) *Age.* To be eligible for payment for the cost of care provided by a psychiatric medical institution for children, the person shall be under 21 years of age. When treatment in the facility is provided immediately preceding the individual's twenty-first birthday, coverage continues to be available until the twenty-second birthday or until service is no longer required, whichever is earlier.

85.10(2) *Period of eligibility.* The person is considered to be an inpatient until unconditionally discharged. Coverage extends until the last day of the month of the discharge or the twenty-second birthday. While on inpatient status, the eligible individual is entitled to the full scope of Medicaid benefits.

85.10(3) *Certification for need for care.* For persons eligible for Medicaid prior to admission, the need for care shall be certified in accordance with 42 CFR 441.152 (as amended to August 1, 2024). A form prescribed by the department may be used to document these criteria.

a. For persons determined eligible for Medicaid prior to admission, this preadmission certification shall be performed within 45 days prior to the proposed date for admission to the facility by an independent team that includes a physician who has competence in diagnosis and treatment of mental illness, preferably in child psychiatry, and who has knowledge of the person's situation. If a social worker is a part of the team, the social worker may be from the county office of the department. A physician's assistant or advanced registered nurse practitioner may also serve as a member of the plan of care team.

The evaluation will be submitted to the facility on or prior to the date of the patient's admission.

b. When a person makes application for Medicaid subsequent to admission or has an application in process at the time of admission, a certification by the team responsible for the plan of care shall be provided within 14 days after admission and shall cover any period prior to application for which claims are to be made.

c. For emergency admissions, a certification shall be provided by the team responsible for the plan of care within 14 days after admission.

85.10(4) *Financial eligibility for persons under the age of 21.* To be eligible for payments for the cost of care provided by psychiatric medical institutions, persons under the age of 21 shall be eligible under one of the coverage groups listed in 441—Chapter 75, except medically needy.

[**ARC 9312C**, IAB 5/28/25, effective 8/1/25]

441—85.11(249A) Client participation. The resident's client participation and medical payments from a third party shall be paid toward the total cost of care on a monthly basis. The state will pay the balance of the cost of care for the month. The facility shall make arrangements directly with the resident for payment of client participation. Client participation is determined according to 441—Chapter 75.

[**ARC 9312C**, IAB 5/28/25, effective 8/1/25]

441—85.12(249A) Responsibilities of facilities.

85.12(1) *Medical record requirements.* The medical records maintained by psychiatric medical institutions for children shall permit determination of the degree and intensity of the treatment provided to persons who are furnished services in the facility.

a. Development of assessment and diagnostic data. Medical records shall stress the psychiatric components of the record, including history of findings and treatment provided for the psychiatric condition for which the patient is admitted.

(1) The identification data shall include the patient's legal status.

(2) A provisional or admitting diagnosis shall be made on every patient at the time of admission, and shall include the diagnoses of intercurrent diseases as well as the psychiatric diagnoses.

(3) The reasons for admission shall be clearly documented as stated by the patient or others significantly involved.

(4) The social service records, including reports of interviews with patients, family members, and others, shall provide an assessment of home plans and family attitudes and community resource contacts, as well as a social history.

(5) When indicated, a complete neurological examination shall be recorded at the time of the admission physical examination.

b. Psychiatric evaluation. Each patient shall receive a psychiatric evaluation that shall:

(1) Be completed within seven days of admission.

(2) Include a medical history.

(3) Contain a record of mental status.

(4) Note the onset of illness and the circumstances leading to admission.

(5) Describe attitudes and behavior.

(6) Estimate intellectual functioning, memory functioning, and orientation.

(7) Include an inventory of the patient's assets in descriptive, not interpretive, fashion.

c. Treatment plan.

(1) Each patient shall have an individual comprehensive treatment plan that shall be based on an inventory of the patient's strengths and disabilities. The written plan shall include a substantiated diagnosis, short-term and long-range goals, the specific treatment modalities utilized, the responsibilities of each member of the treatment team, and adequate documentation to justify the diagnosis and the treatment and rehabilitation activities carried out.

(2) The treatment received by the patient shall be documented in a way to ensure that all active therapeutic efforts are included.

d. Recording progress. Progress notes shall be recorded by the doctor of medicine or osteopathy responsible for the care of the patient, nurse, social worker and, when appropriate, others significantly involved in active treatment modalities. The frequency of progress notes is determined by the condition of the patient but shall be recorded at least weekly for the first two months and at least once a month thereafter and shall contain recommendations for revisions in the treatment plan as indicated, as well as precise assessment of the patient's progress in accordance with the original or revised treatment plan.

e. Discharge planning and discharge summary. The record of each patient who has been discharged shall have a discharge summary that includes a recapitulation of the patient's stay at the facility and recommendations from appropriate services concerning follow-up or aftercare, as well as a brief summary of the patient's condition on discharge.

f. The facility shall obtain a PRO determination that the person requires psychiatric medical institution level of care when a person applying or eligible for Medicaid enters the facility, returns from an acute care hospital stay longer than 10 days, or enters the facility after 30 consecutive days of visitation. Periodic PRO determinations of the need for continuing care are also required.

85.12(2) *Fiscal records.*

a. A Case Activity Report shall be submitted to the department whenever a Medicaid applicant or recipient enters the facility, changes level of care, is hospitalized, leaves for visitation, or is discharged from the facility.

b. The facility shall bill after each calendar month for the previous month's services.

85.12(3) *Additional requirements.* Additional requirements are mandated for persons under the age of 21.

a. Active treatment. Inpatient psychiatric services shall involve active treatment in accordance with 42 CFR 441.154 (as amended to August 1, 2024).

b. Individual plan of care. An individual plan of care shall be developed and implemented for each recipient in accordance with 42 CFR 441.155 (as amended to August 1, 2024).

c. Interdisciplinary team. The individual plan of care shall be developed by an interdisciplinary team of physicians and other personnel who are employed by the facility or who provide services to patients in the facility in accordance with 42 CFR 441.156 (as amended to August 1, 2024). The team may also include a physician's assistant or an advanced registered nurse practitioner.

[**ARC 9312C**, IAB 5/28/25, effective 8/1/25]

441—85.13(249A) Outpatient day treatment for persons aged 20 or under. Payment to a psychiatric medical institution for children will be approved for day treatment services for persons aged 20 or under if the psychiatric medical institution for children is certified by the department of inspections, appeals, and licensing for day treatment services and the services are provided on the licensed premises of the psychiatric medical institution for children.

EXCEPTION: Field trips away from the premises are a covered service when the trip is therapeutic and integrated into the day treatment program's description and milieu plan. All conditions for the day treatment program for persons aged 20 or under as outlined in 441—subrule 78.16(7) for community mental health centers shall apply to psychiatric medical institutions for children.

These rules are intended to implement Iowa Code section 249A.4.

[**ARC 9312C**, IAB 5/28/25, effective 8/1/25]

441—85.14(249A) Conditions of participation. A nursing facility for persons with mental illness shall be licensed pursuant to 481—Chapter 65, or, if the facility is a distinct part of a hospital, pursuant to rule 481—51.24(135B). A distinct part of a general hospital may be considered a psychiatric institution. In

addition, the facility shall be certified to participate in the Iowa Medicaid program as a nursing facility pursuant to 441—Chapter 81 and shall have 16 beds or more. The facility shall also meet the criteria set forth in subrule 85.1(1).
[**ARC 9312C**, IAB 5/28/25, effective 8/1/25]

441—85.15(249A) Out-of-state placement. Placement in out-of-state nursing facilities for persons with mental illness is not payable.
[**ARC 9312C**, IAB 5/28/25, effective 8/1/25]

441—85.16(249A) Eligibility of persons aged 65 and over. To be eligible for payment for the cost of care provided by nursing facilities for persons with mental illness, persons must be aged 65 or over and be eligible under one of the coverage groups listed in 441—Chapter 75, except for medically needy.
[**ARC 9312C**, IAB 5/28/25, effective 8/1/25]

441—85.17(249A) Client participation. The resident's client participation and medical payments from a third party shall be paid toward the total cost of care on a monthly basis. The state will pay the balance of the cost of care for the month. The facility shall make arrangements directly with the resident for payment of client participation. Client participation is determined according to rule 441—75.16(249A).
[**ARC 9312C**, IAB 5/28/25, effective 8/1/25]

441—85.18(249A) Responsibilities of nursing facility.

85.18(1) *Medical record requirements.* The facility shall obtain a PRO determination that a person requires psychiatric care when the person applying or eligible for Medicaid enters the facility, returns from an acute care hospital stay longer than 10 days, or enters the facility after 30 consecutive days of visitation. Periodic PRO determinations of the need for continuing care are also required.

85.18(2) *Fiscal records.*

a. A Case Activity Report shall be submitted to the department whenever a Medicaid applicant or recipient enters the facility, changes level of care, is hospitalized, leaves for visitation, or is discharged from the facility.

b. The facility shall bill after each calendar month for the previous month's services.
[**ARC 9312C**, IAB 5/28/25, effective 8/1/25]

441—85.19(249A) Policies governing reimbursement. Cost reporting, reserve bed day payment, and reimbursement shall be the same for nursing facilities for persons with mental illness as for nursing facilities as set forth in 441—Chapter 81.
[**ARC 9312C**, IAB 5/28/25, effective 8/1/25]

441—85.20(249A) State-funded personal needs supplement. A Medicaid member living in an intermediate care facility for persons with mental illness who has countable income for purposes of rule 441—75.16(249A) of less than $55 per month will receive a state-funded payment from the department for the difference between that countable income and $55 if the legislature has appropriated funding specifically for this purpose. This payment shall not be considered a benefit under Title XIX of the Social Security Act (as amended to August 1, 2024).

This rule is intended to implement Iowa Code section 249A.30A.
[**ARC 9312C**, IAB 5/28/25, effective 8/1/25; **ARC 9859C**, IAB 12/24/25, effective 2/1/26]

These rules are intended to implement Iowa Code section 249A.4.

CHAPTER 86
HEALTHY AND WELL KIDS IN IOWA (HAWKI) PROGRAM

Chapter rescission date pursuant to Iowa Code section 17A.7: 10/1/30

441—86.1(514I) Definitions.

"Administrative error" means an action of the department that results in incorrect payment of benefits, including premiums paid to a health or dental plan, due to one or more of the following circumstances:

1. Misfiled or lost form or document.
2. Error in typing or copying.
3. Computer input error.
4. Mathematical error.
5. Failure to determine eligibility correctly when all essential information was available to the department.
6. Failure to request essential verification necessary to make an accurate eligibility determination.
7. Failure to make timely revision in eligibility following a change in policy requiring application of the policy change as of a specific date.
8. Failure to issue timely notice to cancel benefits that results in benefits continuing in error.

"Applicant" means anyone in the household, including all adults and children under the age of 19 who are counted in the hawki family size according to the modified adjusted gross income methodology and who are listed on the application or renewal form.

"Capitation rate" means the fee the department pays monthly to a PHP for each enrolled recipient for the provision of covered medical services whether or not the enrolled recipient received services during the month for which the fee is intended.

"Client error" means any action or inaction of the enrollee or the enrollee's representative that results in incorrect payment of benefits, including premiums paid to a health or dental plan, because at least one of the following occurred:

1. The enrollee or the enrollee's representative failed to disclose information or gave a false or misleading statement, oral or written, regarding income or another eligibility factor; or
2. The enrollee or the enrollee's representative failed to timely report a change as defined in rule 441—86.10(514I).

"Contract" means the contract between the department and the participating health or dental plan for the provision of medical or dental services to hawki enrollees for whom the participating health or dental plans assume risk.

"Cost sharing" means the payment of a premium or copayment as provided for by Title XXI of the federal Social Security Act, as amended to August 1, 2024, and Iowa Code section 514I.10.

"Countable income" means earned and unearned income of the family according to the modified adjusted gross income methodology.

"Covered services" means all or a part of those medical and dental services set forth in rule 441—86.14(514I).

"Dentist" means a person who is licensed to practice dentistry.

"Eligible child" means an individual who meets the criteria for participation in the hawki program as set forth in rule 441—86.2(514I).

"Emergency dental condition" means an oral condition that occurs suddenly and creates an urgent need for professional consultation or treatment. Emergency conditions may include hemorrhage, infection, pain, broken teeth, knocked-out teeth, or other trauma.

"Emergency medical condition" means a medical condition manifesting itself by acute symptoms of sufficient severity, including severe pain, such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in one of the following:

1. Placing the health of the person or, with respect to a pregnant woman, the health of the woman and her unborn child, in serious jeopardy,

2. Serious impairment to bodily functions, or
3. Serious dysfunction of any bodily organ or part.

"Emergency services" means, with respect to an individual enrolled with a plan, covered inpatient and outpatient services that are furnished by a provider qualified to furnish these services and that are needed to evaluate and stabilize an emergency medical or dental condition.

"Enrollee" means a child who has been determined eligible for the program and who has been enrolled with a participating health plan.

"Enrollment broker" means the entity the department uses to enroll eligible children with a managed care organization. The enrollment broker must be conflict-free and meet all applicable requirements of state and federal law.

"Family" means anyone in the household, including all adults and children under the age of 19 who are counted in the hawki family size according to the modified adjusted gross income methodology.

"Federal poverty level" means the poverty income guidelines revised annually and published in the Federal Register by the United States Department of Health and Human Services.

"Good cause" means the family has demonstrated that one or more of the following conditions exist:

1. There was a serious illness or death of the enrollee or a member of the enrollee's family.
2. There was a family emergency or household disaster, such as a fire, flood, or tornado.
3. There was a reason beyond the enrollee's control.
4. There was a failure to receive the department's request for a reason not attributable to the enrollee. Lack of a forwarding address is attributable to the enrollee.

"Hawki program" or *"program"* means the healthy and well kids in Iowa program implemented in this chapter to provide health and dental care coverage to eligible children.

"Health insurance coverage" means health insurance coverage as defined in 45 CFR Section 144.103 as amended to August 1, 2024.

"Health Insurance Marketplace" or *"Exchange"* means the entity authorized under 42 U.S.C. Section 18031(d)(4)(F) (as amended to August 1, 2024) to evaluate and determine eligibility of applicants for Medicaid, the Children's Health Insurance Program (CHIP), and other health programs.

"Initial application" means the first program application or a subsequent application that is not a renewal.

"Institution for mental diseases" means the same as defined in 42 CFR Section 435.1010 as amended to August 1, 2024.

"Medical Assistance Advisory Council" or *"MAAC"* means the advisory body authorized by Iowa Code section 249A.4B.

"Modified adjusted gross income" means the methodology prescribed in 42 U.S.C. Section 1396a(e)(14) and 42 CFR 435.603 as amended to August 1, 2024.

"Participating dental plan" means any entity licensed by the division of insurance of the department of insurance and financial services to provide dental insurance in Iowa that has contracted with the department to provide dental insurance coverage to eligible children under this chapter.

"Participating health plan" or *"PHP"* means any entity licensed by the division of insurance of the department of insurance and financial services to provide health insurance in Iowa or an organized delivery system licensed by the director that has contracted with the department to provide health insurance coverage to eligible children under this chapter.

"Passive enrollment process" means the process by which the department assigns a child to a participating health or dental plan and which seeks to preserve existing provider-enrollee relationships, if possible. In the absence of existing relationships, the process ensures that members are equally distributed among all available health or dental plans.

"Physician" means the same as defined in Iowa Code section 135.1(4).

"Provider" means an individual, firm, corporation, association, or institution that is providing or has been approved to provide medical or dental care or services to an enrollee pursuant to the hawki program.

"Public institution" means the same as defined in 42 CFR Section 435.1010 as amended to August 1, 2024.

"Renewal" means any application used to establish ongoing eligibility, without a break in coverage, for any enrollment period subsequent to an enrollment period established by an initial application.

"Supplemental dental-only coverage" means dental care coverage provided to a child who meets the eligibility requirements for the hawki program except that the child is covered by health insurance through an individual or group health plan.

[**ARC 9468C**, IAB 8/6/25, effective 10/1/25]

441—86.2(514I) Eligibility factors. The decision with respect to eligibility will be based primarily on electronic data matches and information furnished by the applicant, the enrollee, or a person acting on behalf of the applicant or enrollee. A child must meet the following eligibility factors to participate in the hawki program:

86.2(1) *Age.* The child shall be under 19 years of age. Eligibility for the program ends the first day of the month following the month of the child's nineteenth birthday.

86.2(2) *Income.*

a. Countable income. In determining initial and ongoing eligibility for the hawki program, countable income shall not exceed 302 percent of the federal poverty level for a family of the same size. Countable income shall be determined using the modified adjusted gross income methodology.

b. Verification of income. Income shall be verified through electronic data matches when possible or otherwise verified using the best information available.

(1) Pay stubs, tip records, tax records and employers' statements are acceptable forms of verification of earned income.

(2) If self-employment income cannot be verified through electronic means, business records or income tax returns from the previous year can be used if they are representative of anticipated earnings. If business records or tax returns from the previous year are not representative of anticipated earnings, an average of the business records or tax returns from the previous two or three years may be used if that average is representative of anticipated earnings.

c. Changes in income. Once initial eligibility is established, changes in income during the 12-month enrollment period shall not affect the child's eligibility to participate in the hawki program. However, if income has decreased, the family may request a review of their income to establish whether they are required to continue paying a premium in accordance with rule 441—86.8(514I).

86.2(3) *Family size.* For purposes of establishing initial and ongoing eligibility under the hawki program, the family size shall be determined according to the modified adjusted gross income methodology.

86.2(4) *Uninsured status.* The child must be uninsured as outlined in 42 CFR 457 as amended to August 1, 2024.

86.2(5) *Ineligibility for Medicaid.* The child shall not be receiving Medicaid or eligible to receive Medicaid except when the child would be required to meet a spenddown under the medically needy program in accordance with the provisions of 441—subrule 75.1(35).

86.2(6) *Iowa residency.* Residency in Iowa is a condition of eligibility for the hawki program. Residency shall be established in accordance with rule 441—75.10(249A).

86.2(7) *Citizenship and immigration status.* To be eligible for the hawki program, the child shall be a citizen or lawfully admitted immigrant. The criteria established under 441—subrule 75.11(2) shall be followed when determining whether a lawfully admitted immigrant child is eligible to participate in the hawki program.

a. The citizenship or immigration status of the parents or other responsible person shall not be considered when determining the eligibility of the child to participate in the program.

b. As a condition of eligibility for hawki:

(1) All applicants shall attest to their citizenship status by signing the application form, which contains a citizenship declaration.

(2) When a child under the age of 19 is not living independently, the child's parent or other responsible person with whom the child lives shall be responsible for attesting to the child's citizenship or immigration status and for providing any required proof of the status.

c. Except as provided in 441—paragraph 75.11(2)*"f,"* applicants or enrollees for whom an attestation of United States citizenship has been made pursuant to paragraph 86.2(7)*"b"* shall present satisfactory documentation of citizenship or nationality as defined in 441—paragraphs 75.11(2)*"d,""e,""g,""h,"* and *"i."*

d. An applicant or enrollee shall have a reasonable opportunity period to obtain and provide proof of citizenship and nationality in accordance with 441—paragraph 75.11(2)*"c."*

e. Failure to provide acceptable documentary evidence for a child shall not affect the eligibility of other children in the family for whom acceptable documentary evidence has been provided.

86.2(8) *Dependents of state of Iowa employees.* The child shall not be eligible for the hawki program if the child is eligible for health insurance coverage as a dependent of a state of Iowa employee unless the state contributes only a nominal amount toward the cost of dependent coverage. "Nominal amount" means $10 or less per month.

86.2(9) *Inmates of public institutions.* The child shall not be an inmate of a public institution as defined at 42 CFR Section 435.1010 as amended to August 1, 2024.

86.2(10) *Inmates of institutions for mental disease.* At the time of application or annual review of eligibility, the child shall not be an inmate of an institution for mental disease as defined at 42 CFR Section 435.1010 as amended to August 1, 2024.

86.2(11) *Furnishing a social security number.* As a condition of eligibility and in accordance with rule 441—75.7(249A), a social security number or proof of application for the number if the number has not been issued or is not known must be furnished for a child for whom coverage under hawki is being requested or received.

[**ARC 9468C**, IAB 8/6/25, effective 10/1/25]

441—86.3(514I) Application process.

86.3(1) *Who may apply.* Each person wishing to do so shall have the opportunity to apply for the hawki program in accordance with rule 441—76.1(249A).

86.3(2) *Place of filing.* An application for the hawki program may be filed with the department through an internet website, by telephone, through other electronic means, or through an exchange, disproportionate share hospital, federally qualified health center, or other facility in which outstationing activities are provided.

86.3(3) *Right to withdraw application.* After an application has been filed, the applicant may withdraw the application at any time prior to the eligibility determination. Requests for voluntary withdrawal of the application will be documented, and the applicant will be sent a notice of decision confirming the request.

86.3(4) *Application not required.*

a. An application will not be required when a child becomes ineligible for Medicaid.

b. A new application will not be required when an eligible child is added to an existing hawki eligible group.

c. A new application will not be required when a child moves between supplemental dental-only coverage as specified in rule 441—86.20(514I) and full medical and dental coverage.

86.3(5) *Information and verification procedure.* The eligibility decision will be based primarily on information furnished by the applicant, enrollee, or person acting on behalf of the applicant or enrollee and verified through electronic data matches whenever possible.

a. The applicant, enrollee, or person acting on behalf of the applicant or enrollee will be notified in writing of additional information or verification that is required to establish eligibility. The notice may be provided personally, by U.S. mail, by email, or by facsimile.

b. Failure to supply the information or verification or refusal to authorize the department to secure the information will be a basis for rejection of the application or cancellation of coverage. If the requested information or authorization is received within 14 calendar days of the notice of decision on an application or within 14 calendar days of the effective date of cancellation for enrollees, the information or authorization will be acted upon as though it had been provided timely. If the fourteenth calendar day falls on a weekend or state holiday, the applicant or enrollee shall have until the next business day to provide the information.

c. The applicant, enrollee, or person acting on behalf of the applicant or enrollee will have 10 working days to supply the information or verification requested. The due date may be extended for a reasonable period when the applicant, enrollee, or person acting on behalf of the applicant or enrollee is making every effort but is unable to secure the required information or verification from a third party.

86.3(6) *Time limit for decision.* Decisions regarding the applicant's eligibility to participate in the hawki program will be made within 45 working days from the date of receiving the completed application and all necessary information and verification unless the application cannot be processed for reasons beyond the control of the department. Day one of the 45-day period starts the first working day following the date of receipt of a completed application and all necessary information and verification.

86.3(7) *Applicant cooperation.* An applicant must cooperate with the department in the application process, which may include providing verification or signing documents. Failure to cooperate with the application process shall serve as basis for a denial of the application.

86.3(8) *Waiting lists.* When the department has established that all the funds appropriated for this program are obligated, all subsequent applications for hawki coverage will be denied unless Medicaid eligibility exists.

a. The department will mail a notice of decision to the applicant that states:

(1) The applicant meets the eligibility requirements but that no funds are available and that the applicant will be placed on a waiting list, or

(2) The applicant does not meet eligibility requirements, in which case the applicant will not be put on a waiting list.

b. Prior to an applicant's being denied or placed on the waiting list, it must be established that the child is not eligible for Medicaid.

c. Applicants will be placed on the waiting list on the basis of the date an identifiable application form specified in rule 441—76.1(249A) is received.

(1) In the event that more than one application is received on the same day, applicants will be placed on the waiting list on the basis of the day of the month of the oldest child's birthday, the lowest number being first on the list.

(2) Any subsequent ties will be determined by the month of birth of the oldest child, January being month one and the lowest number.

d. If funds become available, applicants will be selected from the waiting list based on the order in which their names appear on the list and will be notified of their selection.

e. After being notified of the availability of funding, the applicant shall have 15 working days to confirm the applicant's continued interest in applying for the program and to provide any information necessary to establish eligibility. If the applicant does not confirm continued interest in applying for the program and does not provide any additional information necessary to establish eligibility within 15 working days, the applicant's name will be deleted from the waiting list and the next applicant on the waiting list will be contacted.

[**ARC 9468C**, IAB 8/6/25, effective 10/1/25]

441—86.4(514I) Coordination with Medicaid.

86.4(1) *Hawki applicant eligible for Medicaid.* At the time of initial application, if it is determined the child is eligible for Medicaid in accordance with the provisions of rule 441—75.1(249A), with the exception of meeting a spenddown under the medically needy program at 441—subrule 75.1(35), the child will be enrolled in the Medicaid program.

86.4(2) *Hawki enrollee eligible for Medicaid.* At the time of the annual review, if the child is determined eligible for Medicaid in accordance with the provisions of rule 441—75.1(249A), with the exception of meeting a spenddown under the medically needy program at 441—subrule 75.1(35), the child will be enrolled in Medicaid effective the first day following the expiration of the 12-month hawki enrollment period.

86.4(3) *Medicaid member becomes ineligible.* If a child becomes ineligible for Medicaid under the provisions of rule 441—75.1(249A), with the exception of meeting a spend down under the medically needy program at 441—subrule 75.1(35), the child will be enrolled in the hawki program if otherwise eligible.

[**ARC 9468C**, IAB 8/6/25, effective 10/1/25]

441—86.5(514I) Effective date of coverage.

86.5(1) *Initial application.* Coverage for a child who is determined eligible for the hawki program on the basis of an initial application for either hawki or Medicaid will be effective the first day of the month following the month in which the application is filed, regardless of the day of the month the application is filed. However, when the child does not meet the provisions of paragraph 86.2(4)*"a,"* coverage shall be effective the first day of the month following the month in which health insurance coverage is lost.

86.5(2) *Referrals from Medicaid.*

a. Cancellation of Medicaid. Coverage for children who are determined eligible for the hawki program due to cancellation of Medicaid benefits will be effective the first day of the month after Medicaid eligibility is lost in order to ensure that there is no break in coverage.

b. If the child lost Medicaid eligibility solely because of the loss of income disregards from the implementation of the modified adjusted gross income methodology, the child may be covered under the hawki program for up to 12 months following the loss of Medicaid eligibility, regardless of the presence of other health insurance coverage.

86.5(3) *Annual renewals.* Coverage for children who are determined eligible for the hawki program on the basis of an annual renewal will be effective the first day of the month following the month in which the previous enrollment period ended.

86.5(4) *Children added to an existing hawki enrollment period.* Coverage for children who are determined eligible for the hawki program on the basis of a request from the family to add the child to an existing enrollment period will be effective the first day of the month following the month in which the request was made.

[**ARC 9468C**, IAB 8/6/25, effective 10/1/25]

441—86.6(514I) Selection of a plan. Upon the child's eligibility effective date, the child will be assigned to a health or dental plan using the department's passive enrollment process. The enrollee may change plans only at the time of the annual review unless the provisions of paragraph 86.6(1)*"a"* or subrule 86.6(2) apply.

86.6(1) *Period of enrollment.* Once enrolled in a health or dental plan, the child will remain enrolled in the health or dental plan for a period of 12 months.

a. Exceptions. A child may be enrolled in a plan for less than 12 months if:

(1) The child is disenrolled in accordance with the provisions of rule 441—86.7(514I). If a child is disenrolled from the health or dental plan and subsequently reapplies before the end of the original 12-month enrollment period, the child will be enrolled in the health or dental plan from which the child was originally disenrolled.

(2) The child is added to an existing enrollment. When a family requests to add an eligible child, the child will be enrolled for the months remaining in the current enrollment period.

(3) A request to change plans is accepted in accordance with paragraph 86.6(1)*"b."*

b. Request to change plan. An enrollee may ask to change the health or dental plan either verbally or in writing to the enrollment broker:

(1) Within 90 days following the date of the enrollee's initial enrollment with the health or dental plan for any reason.

(2) At any time for cause. "Cause" as defined in 42 CFR 438.56(d)(2) as amended to August 1, 2024, includes but is not limited to:

1. The enrollee moves out of the plan's service area.
2. Because of moral or religious objections, the plan does not cover the services the enrollee seeks.
3. The enrollee needs related services (for example, a cesarean section and a tubal ligation) to be performed at the same time, not all related services are available within the network, and the enrollee's primary care provider or another provider determines that receiving the services separately would subject the enrollee to unnecessary risk.

4. Other reasons including but not limited to poor quality of care, lack of access to services covered under the contract, or lack of access to providers experienced in dealing with the enrollee's health care needs.

All approved changes shall be made prospectively and shall be effective no later than the first day of the second month beginning after the date on which the change request is received.

86.6(2) *Child moves from the service area.* The child may be disenrolled from the health or dental plan when the child moves to an area of the state in which the health or dental plan does not have a provider network established. If the child is disenrolled, the child will be enrolled in a participating health or dental plan in the new location. The period of enrollment will be the number of months remaining in the original certification period.

86.6(3) *Change at annual review.* If more than one health or dental plan is available at the time of the annual review of eligibility, the family may designate another plan either verbally or in writing to the enrollment broker. The child will remain enrolled in the current health or dental plan if the family does not notify the enrollment broker of a new health or dental plan choice by the end of the current 12-month enrollment period.

[**ARC 9468C**, IAB 8/6/25, effective 10/1/25]

441—86.7(514I) Cancellation. The child's eligibility for the hawki program shall be canceled before the end of the 12-month enrollment period for any of the following:

86.7(1) *Age.* The child shall be canceled from the hawki program as of the first day of the month following the month in which the child attained the age of 19.

86.7(2) *Iowa residence abandoned.* The child shall be canceled from the program as of the first day of the month following the month in which the child relocated to another state. Eligibility shall not be canceled when the child is temporarily absent from the state in accordance with the provisions of 441—subrule 75.10(2).

86.7(3) *Eligible for Medicaid.* The child shall be canceled from the program as of the first day of the month following the month in which Medicaid eligibility is obtained. If there are months during which the child is covered by both the Medicaid and hawki programs, the hawki program shall be the primary payor and Medicaid shall be the payor of last resort.

86.7(4) *Enrolled in other health insurance coverage.* The child shall be canceled from the program as of the first day of the month following the month in which the department is notified that the child has other health insurance coverage. If there are months during which the child is covered by both another insurance plan and the hawki program, the other insurance plan shall be the primary payor and hawki shall be the payor of last resort.

86.7(5) *Admission to a public institution.* The child shall be canceled from the program if the child is in a public institution at the time of the annual review.

86.7(6) *Admission to an institution for mental disease.* The child shall be canceled from the program if the child is a patient in an institution for mental disease at the time of annual review.

86.7(7) *Employment with the state of Iowa.* The child shall be canceled from the hawki program as of the first day of the month in which the child's parent became eligible to participate in a health or dental plan available to state of Iowa employees.

[**ARC 9468C**, IAB 8/6/25, effective 10/1/25]

441—86.8(514I) Premiums and copayments.

86.8(1) *Income considered.* The income considered in determining the premium amount will be the family's countable income using the modified adjusted gross income methodology.

86.8(2) *Premium amount.* Except as specified for supplemental dental-only coverage in subrule 86.20(3), premiums under the hawki program will be assessed as follows:

a. No premium is charged if:

(1) The eligible child is an American Indian or Alaska Native; or

(2) The family's countable income is less than 181 percent of the federal poverty level for a family of the same size.

b. If the family's countable income is equal to or exceeds 181 percent of the federal poverty level for a family of the same size but does not exceed 242 percent of the federal poverty level for a family of that size, the premium is $10 per child per month with a $20 monthly maximum per family.

c. If the family's countable income is equal to or exceeds 243 percent of the federal poverty level for a family of the same size, the premium is $20 per child per month with a $40 monthly maximum per family.

86.8(3) *Due date.*

a. Payment upon initial application. Upon approval of an initial application, the first month for which a premium is due is the third month following the month of decision. The due date of the first premium shall be the fifth day of the second month following the month of decision.

b. Payment upon renewal.

(1) Upon approval of a renewal, the first month for which a premium is due is the first month of the enrollment period. The premium for the first month of the enrollment period shall be due by the fifth day of the month before the month of coverage or the tenth business day following the date of decision, whichever is later.

(2) When the premium is received, the department will notify the health and dental plans of the enrollment.

c. Subsequent payments. All subsequent premiums are due by the fifth day of each month for the next month's coverage. Premiums may be paid in advance (e.g., on a quarterly or semiannual basis) rather than a monthly basis.

d. Holiday or weekend. When the premium due date falls on a holiday or weekend, the premium shall be due on the first business day following the due date.

86.8(4) *Method of premium payment.* Premiums may be submitted in the form of cash, personal checks, electronic funds transfers (EFT), or other methods established by the department.

86.8(5) *Copayment.* There will be a $25 copayment for each emergency room visit if the child's medical condition does not meet the definition of emergency medical condition. A copayment will not be imposed when family income is less than 181 percent of the federal poverty level for a family of the same size or when the child is an eligible American Indian or Alaska Native.

[**ARC 9468C**, IAB 8/6/25, effective 10/1/25; **ARC 9952C**, IAB 1/7/26, effective 3/1/26]

441—86.9(514I) Annual reviews of eligibility. All eligibility factors will be reviewed at least every 12 months to establish ongoing eligibility for the program. "Month one" will be the first month in which coverage is provided.

86.9(1) *Review form.* The department will send the family a prepopulated review form on which the answers, except for income, have been completed based on the information on file. The family shall review the completed information for accuracy and fill in the income section of the form. If family income cannot be verified through electronic data matches, the family shall be required to provide verification of current income. The family shall sign and date the form attesting to its accuracy as part of the review process.

86.9(2) *Failure to provide information.* The child shall not be enrolled for the next 12-month period if the family fails to provide information and verification of income or otherwise fails to cooperate in the annual review process. If the completed review form and any information necessary to establish continued eligibility are received within 14 calendar days of the end of an enrollment period, the review form and information will be acted upon as though they had been received timely. If the fourteenth calendar day falls on a weekend or state holiday, the enrollee shall have until the next business day to provide the review form and any information necessary to establish continued eligibility.

[**ARC 9468C**, IAB 8/6/25, effective 10/1/25]

441—86.10(514I) Reporting changes. Changes that may affect eligibility shall be reported timely to the department. "Timely" shall mean no later than ten working days after the change occurred. The ten working-day period begins the first working day following the date of the change. The parent, guardian, or other adult responsible for the child shall report the change unless the child is emancipated, married, or otherwise in an independent living situation, in which case the child shall be responsible for reporting the change.

86.10(1) *Iowa residence is abandoned.* The abandonment of Iowa residence shall be reported following the move from the state.

86.10(2) *Other insurance coverage.* Enrollment of the child in other health insurance coverage shall be reported.

86.10(3) *Decrease in income.* If the family reports a decrease in income, the department will ascertain whether the change affects the premium obligation of the family. If the change is such that the family is no longer required to pay a premium in accordance with the provisions of rule 441—86.8(514I), premiums will no longer be charged beginning with the month following the month of the report of the change.

86.10(4) *Information reported by a third party.* Information reported by a third party will not be acted upon until the information is verified in accordance with subrule 86.3(7).

86.10(5) *Cooperation.* The provisions of subrule 86.3(7) shall apply when a request for information or verification is made due to a change. In addition, failure of the enrollee or of the person acting on behalf of the enrollee to provide requested information or verification that may affect eligibility for the program shall result in cancellation and recoupment of all payments made by the department on behalf of the enrollee during the period in question.

86.10(6) *Effective date of change in eligibility.*

a. When a change in circumstances has a positive effect on eligibility, the change in eligibility shall be effective no earlier than the month following the month in which the change in circumstances was reported, regardless of when the change was reported.

b. When a change in circumstances has an adverse effect on eligibility, the change in eligibility shall be effective no earlier than the month following the issuance of a timely notification, in accordance with the provisions of rule 441—86.11(514I). When the change in circumstances was not reported timely, as defined in this rule, benefits shall be recouped beginning with the month following the month in which the change occurred.

c. When an anticipated change in circumstances is reported before the change occurs, no action will be taken until the change actually occurs and is verified in accordance with the provisions of subrule 86.3(7).

[**ARC 9468C**, IAB 8/6/25, effective 10/1/25]

441—86.11(514I) Notice requirements. The applicant will be provided an adequate written notice of the decision regarding the applicant's eligibility for the hawki program. The enrollee will be notified in writing of any decision that adversely affects the enrollee's eligibility or the amount of benefits. The notice will be timely and adequate as provided in rule 441—16.2(17A).

[**ARC 9468C**, IAB 8/6/25, effective 10/1/25]

441—86.12(514I) Appeals and fair hearings. If the applicant or enrollee disputes a decision to reduce, cancel or deny participation in the hawki program, the applicant or enrollee may appeal the decision in accordance with 441—Chapter 2506.

[**ARC 9468C**, IAB 8/6/25, effective 10/1/25; Editorial change: IAC Supplement 6/10/26]

441—86.13(514I) Covered services. The benefits provided under the hawki program shall meet a benchmark, benchmark equivalent, or benefit plan that complies with Title XXI of the federal Social Security Act as amended to August 1, 2024.

86.13(1) *Required medical services.* The participating health plan shall cover at a minimum the following medically necessary services:

a. Inpatient hospital services (including medical, surgical, intensive care unit, mental health, and substance abuse services).

b. Physician services (including surgical and medical, and including office visits, newborn care, well-baby and well-child care, immunizations, urgent care, specialist care, allergy testing and treatment, mental health visits, and substance abuse visits).

c. Outpatient hospital services (including emergency room, surgery, lab, and x-ray services and other services).

d. Ambulance services.

e. Physical therapy.
f. Nursing care services (including skilled nursing facility services).
g. Speech therapy.
h. Durable medical equipment.
i. Home health care.
j. Hospice services.
k. Prescription drugs.
l. Hearing services.
m. Vision services (including corrective lenses).
n. Translation and interpreter services as specified pursuant to 42 U.S.C. Section 1397ee(a)(1) as amended to August 1, 2024.
o. Chiropractic services.
p. Occupational therapy.

86.13(2) *Abortion.* Payment for abortion shall only be made under the following circumstances:

a. The physician certifies that the pregnant enrollee suffers from a physical disorder, physical injury, or physical illness, including a life-endangering physical condition caused by or arising from the pregnancy itself, that would place the enrollee in danger of death unless an abortion is performed.
b. The pregnancy was the result of an act of rape or incest.

86.13(3) *Required dental services.* Participating dental plans shall cover at a minimum the following necessary dental services:

a. Diagnostic and preventive services.
b. Routine and restorative services.
c. Endodontic services.
d. Periodontal services.
e. Cast restorations.
f. Prosthetics.

[**ARC 9468C**, IAB 8/6/25, effective 10/1/25]

441—86.14(514I) Participating health and dental plans.

86.14(1) *Licensure.* The participating health or dental plan must:

a. Be licensed by the division of insurance of the department of insurance and financial services to provide health or dental care coverage in Iowa; or
b. Be an organized delivery system licensed by the director to provide health or dental care coverage.

86.14(2) *Services.* The participating health or dental plan shall provide coverage for the services specified in rule 441—86.13(514I) to all children determined eligible.

a. The participating health or dental plan shall make services it provides to hawki enrollees at least as accessible to the enrollees (in terms of timeliness, duration and scope) as those services are accessible to other commercial enrollees in the area served by the health or dental plan.
b. Participating health plans shall ensure that emergency services (inpatient and outpatient) are available for treatment of an emergency medical condition 24 hours a day, seven days a week, either through the health plan's own providers or through arrangements with other providers.
c. If a participating health or dental plan does not provide statewide coverage, the health or dental plan shall participate in every county in which it is licensed and in which a provider network has been established.

86.14(3) *Provider network.* The participating health or dental plan shall establish a network of providers. Providers contracting with the participating health or dental plan shall comply with hawki requirements, which shall include collecting copayments, if applicable.

86.14(4) *Identification cards.* Identification cards shall be issued by the participating health or dental plan to the enrollees for use in securing covered services.

86.14(5) *Marketing.*

a. Participating health and dental plans may not distribute any marketing materials directly or through an agent or independent contractor.
b. All marketing materials require prior approval from the department.

c. At a minimum, participating health and dental plans must provide the following material in writing or electronically:

(1) A current member handbook that fully explains the services available, how and when to obtain them, and special factors applicable to the hawki enrollees. At a minimum the handbook shall include covered services, network providers, exclusions, emergency services procedures, 24-hour toll-free number for certification of services, daytime number to call for assistance, appeal procedures, enrollee rights and responsibilities, and definitions of terms.

(2) All health and dental plan literature and brochures shall be available in English and any other language when enrollment in the health or dental plan by enrollees who speak the same non-English language equals or exceeds 10 percent of all enrollees in the health or dental plan.

d. All health and dental plan literature and brochures shall be approved by the department.

e. The participating health and dental plans shall not, directly or indirectly, conduct door-to-door, telephonic, or other "cold-call" marketing.

f. The participating health or dental plan may make marketing presentations at the discretion of the department.

86.14(6) *Appeal process.* The participating health or dental plan shall have a written procedure by which enrollees may appeal issues concerning the health or dental care services provided through providers contracted with the health or dental plan and which:

a. Is approved by the department prior to use.

b. Acknowledges receipt of the appeal to the enrollee.

c. Establishes time frames that ensure that appeals be resolved within 45 days, except for appeals that involve emergency medical conditions, which shall be resolved within time frames appropriate to the situations.

d. Ensures the participation of persons with authority to take corrective action.

e. Ensures that the decision be made by a physician, dentist, or clinical peer not previously involved in the case.

f. Ensures the confidentiality of the enrollee.

g. Ensures issuance of a written decision to the enrollee for each appeal, which shall contain an adequate explanation of the action taken and the reason for the decision.

h. Maintains a log of the appeals that is made available to the department at the department's request.

i. Ensures that the participating health or dental plan's written appeal procedures be provided to each newly covered enrollee.

j. Requires that the participating health or dental plan make quarterly reports to the department summarizing appeals and resolutions.

86.14(7) *Records and reports.* The participating health and dental plans shall maintain records and reports as follows:

a. The health or dental plan shall comply with the provisions of rule 441—79.3(249A) regarding maintenance and retention of clinical and fiscal records and shall file a letter with the commissioner of insurance as described in Iowa Code section 228.7. In addition, the health or dental plan or subcontractor of the health or dental plan, as appropriate, must maintain a medical or dental records system that:

(1) Identifies each medical or dental record by hawki enrollee identification number.

(2) Maintains a complete medical or dental record for each enrollee.

(3) Provides a specific medical or dental record on demand.

(4) Meets state and federal reporting requirements applicable to the hawki program.

(5) Maintains the confidentiality of medical or dental records information and releases the information only in accordance with established policy below:

1. All medical and dental records of the enrollee shall be confidential and shall not be released without the written consent of the enrollee or responsible party.

2. Written consent is not required for the transmission of medical or dental records information to physicians, dentists, other practitioners, or facilities that are providing services to enrollees under a subcontract with the health or dental plan. This provision also applies to specialty providers who are retained by the health or dental plan to provide services that are infrequently used, which provide a support

system service to the operation of the health or dental plan, or that are of an unusual nature. This provision is also intended to waive the need for written consent for department staff assisting in the administration of the program, reviewers from the peer review organization (PRO), monitoring authorities from the Centers for Medicare and Medicaid Services (CMS), the health or dental plan itself, and other subcontractors that require information as described under numbered paragraph "5" below.

3. Written consent is not required for the transmission of medical or dental records information to physicians, dentists, or facilities providing emergency care pursuant to paragraph 86.14(2)*"b."*

4. Written consent is required for the transmission of the medical or dental records information of a former enrollee to any physician or dentist not connected with the health or dental plan.

5. The extent of medical or dental records information to be released in each instance shall be based upon a test of medical or dental necessity and a "need to know" on the part of the practitioner or a facility requesting the information.

6. Medical and dental records maintained by subcontractors shall meet the requirements of this rule except that written consent is required for the transmission of medical records relating to substance abuse, HIV, or mental health treatment in accordance with state and federal laws.

b. Each health or dental plan shall provide at a minimum reports and plan information to the department as follows:

(1) A list of providers of services under the plan.

(2) Encounter data on a monthly basis as required by the department.

(3) Other information as directed by the department.

c. Each health or dental plan shall at a minimum provide reports and health or dental plan information to the department as follows:

(1) Information regarding the plan's appeal process.

(2) A plan for a health improvement program.

(3) Periodic financial, utilization and statistical reports as required by the department.

(4) Time-specific reports that define activity for child health care, appeals and other designated activities that may, at the department's discretion, vary among plans, depending on the services covered or other differences.

(5) Other information as directed by the department.

86.14(8) *Payment to the participating health or dental plan.*

a. In consideration for all services rendered by a health or dental plan, the health or dental plan shall receive a payment each month for each enrollee. This capitation rate represents the total obligation of the department with respect to the costs of medical or dental care and services provided to the enrollees.

b. The capitation rate shall be actuarially determined by the department July of 2000 and each fiscal year thereafter using statistics and data assumptions and relevant experience derived from similar populations.

c. The capitation rate does not include any amounts for the recoupment of losses suffered by the health or dental plan for risks assumed under the current or any previous contract. The health or dental plan accepts the rate as payment in full for the contracted services. Any savings realized by the health or dental plan due to lower utilization from a less frequent incidence of health or dental problems among the enrolled population shall be wholly retained by the health or dental plan.

d. If an enrollee has third-party coverage or a responsible party other than the hawki program available for purposes of payment for medical or dental expenses, it is the right and responsibility of the health or dental plan to investigate these third-party resources and attempt to obtain payment. The health or dental plan shall retain all funds collected through third-party sources. A complete record of all income from these sources must be maintained and made available to the department.

[**ARC 9468C**, IAB 8/6/25, effective 10/1/25]

441—86.15(514I) Use of donations to the hawki program. If an individual or other entity makes a monetary donation to the hawki program, the department will deposit the donation into the hawki trust fund. The department will track all donations separately and will not commingle the donations with other moneys in the trust fund. The department shall report the receipt of all donations to MAAC.

86.15(1) If the donor specifically identifies the purpose of the donation, regardless of the amount, the donation shall be used as specified by the donor as long as the identified purpose is permissible under state and federal law.

86.15(2) If the donation is less than $5,000 and the donor does not specifically identify how it is to be used, the department will use the moneys in the following order:

a. For the direct benefit of enrollees (e.g., premium payments).

b. For outreach activities.

c. For other purposes as determined by MAAC.

86.15(3) If the donation is more than $5,000 and the donor does not specify how the funds are to be used, MAAC will determine how the funds are to be used.

[**ARC 9468C**, IAB 8/6/25, effective 10/1/25]

441—86.16(514I) Recovery.

86.16(1) *Amount subject to recovery from the enrollee or representative.* The department may recover from the enrollee or the enrollee's representative the amount of premiums incorrectly paid to a health or dental plan on behalf of the enrollee due to client error, minus any premium payments made by the enrollee, in accordance with 441—Chapter 11.

a. Premiums incorrectly paid to a health or dental plan on behalf of an enrollee due to an administrative error are not subject to recovery from the enrollee.

b. Payments made by a health or dental plan to a provider of medical or dental services are not subject to recovery from the enrollee regardless of the cause of the error.

86.16(2) *Notification.* The enrollee will be promptly notified when it is determined that funds were incorrectly paid due to a client error. Notification shall include:

a. The name of the person for whom funds were incorrectly paid;

b. The period during which the funds were incorrectly paid;

c. The amount subject to recovery; and

d. The reason for the incorrect payment.

86.16(3) *Recovery.*

a. Recovery shall be made:

(1) From the enrollee when the enrollee completed the application and had responsibility for reporting changes, or

(2) From the enrollee's representative (i.e., the parent, guardian, or other responsible person acting on behalf of an enrollee who is under the age of 19) when the representative completed the application and had responsibility for reporting changes.

b. The enrollee or representative shall repay to the department the funds incorrectly expended on behalf of the enrollee.

c. Recovery may come from income, income tax refunds, lottery winnings, or other resources of the enrollee or representative.

86.16(4) *Appeals.* The enrollee shall have the right to appeal a decision to recover benefits under the provisions of 441—Chapter 2506.

[**ARC 9468C**, IAB 8/6/25, effective 10/1/25; Editorial change: IAC Supplement 6/10/26]

441—86.17(514I) Supplemental dental-only coverage.

86.17(1) *Eligibility.* Unless otherwise specified, eligibility for supplemental dental-only coverage shall be determined in accordance with the provisions of rules 441—86.2(514I) through 441—86.12(514I) and 441—86.17(514I).

86.17(2) *Premiums.* Premiums for participation in the supplemental dental-only plan are assessed as follows:

a. No premium is charged to families whose countable income is less than or equal to 167 percent of the federal poverty level for a family of the same size using the modified adjusted gross income methodology or to an eligible child who is an American Indian or Alaska Native.

b. If the family's countable income is equal to or exceeds 168 percent of the federal poverty level but does not exceed 203 percent of the federal poverty level for a family of the same size, the premium is $5 per child per month with a $10 monthly maximum per family.

c. If the family's countable income exceeds 203 percent of the federal poverty level but does not exceed 254 percent of the federal poverty level for a family of the same size, the premium is $10 per child per month with a $15 monthly maximum per family.

d. If the family's countable income exceeds 254 percent of the federal poverty level for a family of the same size, the premium is $15 per child per month with a $20 monthly maximum per family.

e. If the family includes uninsured children who are eligible for both medical and dental coverage under hawki and insured children who are eligible only for dental coverage, the premium will be assessed as follows:

(1) The total premium will be no more than the amount that the family would pay if all the children were eligible for both medical and dental coverage.

(2) If the family has one child eligible for both medical and dental coverage and one child eligible for dental coverage only, the premium will be the total of the health and dental premium for one child and the dental premium for one child.

(3) If the family has two or more children eligible for both medical and dental coverage, no additional premium shall be assessed for dental-only coverage for the children who do not qualify for medical coverage under hawki because they are covered by health insurance.

f. The provisions of subrules 86.8(3) through 86.8(6) apply to premiums specified in this subrule.

86.17(3) *Waiting lists.* Before the provisions of subrule 86.3(10) are implemented, all children enrolled in supplemental dental-only coverage shall be disenrolled from the program.

[**ARC 9468C**, IAB 8/6/25, effective 10/1/25]

These rules are intended to implement Iowa Code chapter 514I and 2024 Iowa Acts, Senate File 2385.

CHAPTER 87
FAMILY PLANNING PROGRAM

Chapter rescission date pursuant to Iowa Code section 17A.7: 2/1/31

441—87.1(217) Definitions.

"Applicant" means a person who applies for assistance under the family planning program described in this chapter.

"Authorized agency" means an agency or entity with an executed memorandum of understanding (MOU) with the department authorizing the agency to perform point-of-service eligibility determinations for the family planning program.

"Citizen" or *"citizenship"* includes both citizens of the United States and nationals of the United States as defined in 8 U.S.C. Section 1101(a)(22) as amended to August 1, 2024.

"Family planning services" means pregnancy prevention and related reproductive health services.

"Federal poverty level" means the levels published and updated periodically in the Federal Register by the United States Department of Health and Human Services (DHHS) under the authority of 42 U.S.C. Section 9902(2) as amended to August 1, 2024, and revised annually on April 1.

"INA" means the Immigration and Nationality Act of 1952. All references to the INA herein are as amended to August 1, 2024.

"Member" means a person who has been determined eligible and is a current or former recipient of family planning program services.

"Noncitizen" means the same as the term "alien" as defined at 8 U.S.C. Section 1101(a)(3) as amended to August 1, 2024.

"Qualified noncitizen" means the same as the term "qualified alien" as defined at 8 U.S.C. Section 1641(b) and (c), as amended to August 1, 2024, and refers to a person who is:

1. Lawfully admitted for permanent residence in the United States under the INA;
2. Granted asylum in the United States under Section 208 of the INA;
3. A refugee admitted to the United States under Section 207 of the INA;
4. Paroled into the United States under Section 212(d)(5) of the INA for a period of at least one year;
5. A person whose deportation from the United States is withheld under Section 243(h) of the INA as in effect before April 1, 1997, or under Section 241(b)(3) of the INA;
6. Granted conditional entry to the United States pursuant to Section 203(a)(7) of the INA as in effect before April 1, 1980;
7. An Amerasian admitted to the United States as described in 8 U.S.C. Section 1612(b)(2)(A)(i)(V) as amended to August 1, 2024;
8. A Cuban/Haitian entrant to the United States as described in 8 U.S.C. Section 1641(b)(7) as amended to August 1, 2024;
9. A battered noncitizen as described in 8 U.S.C. Section 1641(c) as amended to August 1, 2024;
10. Certified as a victim of trafficking as described in Section 107(b)(1)(A) of PL 106-386 as amended to August 1, 2024;
11. An American Indian born in Canada to whom Section 289 of the INA applies or a member of a federally recognized Indian tribe as defined in 25 U.S.C. Section 450b(e) as amended to August 1, 2024;
12. Under the age of 21 and lawfully residing in the United States as allowed by 42 U.S.C. Section 1396b(v)(4)(A)(ii) as amended to August 1, 2024; or
13. Lawfully residing in the United States in accordance with a Compact of Free Association with the government of the Federated States of Micronesia, the Republic of the Marshall Islands, or the Republic of Palau as described in 8 U.S.C. Section 1612(b)(2)(G) as amended by Section 208 of Division CC of PL 116-260 as amended to August 1, 2024.

"Qualifying quarters" means all of the qualifying quarters of coverage as defined under Title II of the Social Security Act as amended to August 1, 2024, worked by a parent of a noncitizen while the noncitizen was under the age of 18 and all of the qualifying quarters worked by a spouse of the noncitizen during their marriage if the noncitizen remains married to the spouse or the spouse is deceased. No qualifying quarters

of coverage that are creditable under Title II of the Social Security Act as amended to August 1, 2024, for any period beginning after December 31, 1996, may be credited to a noncitizen if the parent or spouse of the noncitizen received any federal means-tested public benefit during the period for which the qualifying quarter is credited.

[**ARC 9819C**, IAB 12/10/25, effective 2/1/26]

441—87.2(217) Eligibility. Eligibility for the family planning program will be determined according to the provisions of this rule.

87.2(1) *Persons covered.* Subject to funding as described in subrule 87.7(1) and to the requirements of subrules 87.2(2), 87.2(4), and 87.2(6), assistance for family planning services will be available to the following individuals who are not enrolled in medical assistance pursuant to 441—Chapter 74 or 441—Chapter 75:

a. Women who were enrolled in medical assistance when their pregnancy ended and who are capable of bearing children but are not pregnant. Eligibility for these women extends for 12 consecutive months plus 60 days after their pregnancy ended;

b. Women who are under the age of 55, who are capable of bearing children but are not pregnant, and who have household income that does not exceed 300 percent of the federal poverty level as determined pursuant to subrule 87.2(3);

c. Men who are under the age of 55, who are capable of fathering children, and who have household income that does not exceed 300 percent of the federal poverty level as determined pursuant to subrule 87.2(3).

87.2(2) *Furnishing of social security number.* As a condition of eligibility, except as provided by paragraph 87.2(2)*"a,"* an applicant or member must provide to the department or authorized agency, as applicable, all social security numbers issued to each individual (including children) for whom family planning services are sought.

a. The requirement of furnishing a social security number does not apply to an individual who:

(1) Is not eligible to receive a social security number;

(2) Does not have a social security number and may only be issued a social security number for a valid nonwork reason in accordance with 20 CFR §422.104 as amended to March 15, 2022; or

(3) Refuses to obtain a social security number because of a well-established religious objection. For this purpose, a well-established religious objection means that the individual:

1. Is a member of a recognized religious sect or division of a sect; and

2. Adheres to the tenets or teachings of the sect or division of the sect and for that reason is conscientiously opposed to applying for or using a national identification number.

b. If a required social security number has not been issued or is not known, the individual seeking coverage under the family planning program must cooperate with the department or authorized agency, as applicable, in applying for a social security number with the Social Security Administration or in requesting the Social Security Administration to furnish the number.

87.2(3) *Determination of household income.* The department will determine the countable household income of an individual applying under paragraph 87.2(1)*"b"* or *"c"* as follows:

a. Household composition.

(1) The household includes the applicant or member, any dependent children, as defined below, living in the same home as the applicant or member, and any spouse living in the same home as the applicant or member, except when a dependent child or spouse has elected to receive supplemental security income under Title XVI of the Social Security Act as amended to August 1, 2024.

(2) Definition of dependent children. A dependent child is one under the age of 18 years or aged 18 years who is a full-time student in a secondary school, or in the equivalent level of vocational or technical training, and who is reasonably expected to complete the program before reaching the age of 19.

b. Earned income. All earned income that is received by a member of the household shall be counted except for earnings of a child who is a full-time student as defined in subparagraph 87.2(3)*"a"*(1). Earned income including but not limited to the following will be counted:

(1) Salary.

(2) Wages.

(3) Tips.
(4) Bonuses.
(5) Commissions.
(6) Income from Job Corps.
(7) Earnings from self-employment defined as gross income less the allowable costs of producing the income.

c. *Unearned income.* The following unearned income of all household members will be counted:
(1) Unemployment insurance benefits.
(2) Child support.
(3) Alimony.
(4) Social security and railroad retirement benefits.
(5) Workers' compensation and disability payments.
(6) Benefits paid by the U.S. Department of Veterans Affairs to disabled members of the armed forces or survivors of deceased veterans.

d. *Deemed income.* Income deeming for a sponsored alien will be determined pursuant to subrule 87.2(5).

e. *Deductions.* Deductions from income will be made for any payments made by household members for the following:
(1) Court-ordered child support, alimony, or spousal support paid to nonhousehold members.
(2) Twenty percent of nonexempt earnings.
(3) Child care expenses or expenses related to care for an incapacitated adult. This deduction cannot exceed $200 per month for each child under the age of two and $175 per month for each adult or child aged two or older.

87.2(4) *Citizenship or alienage requirements.*

a. To be eligible for the family planning program, a person must be one of the following:
(1) A citizen or national of the United States.
(2) A qualified noncitizen continuously present (as described in Interim Guidance on Verification of Citizenship, Qualified Alien Status and Eligibility, under Title IV of the Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) at 62 CFR §61415 dated November 11, 1997, as amended to August 1, 2024) in the United States since August 22, 1996.
(3) A qualified noncitizen under the age of 21.
(4) A refugee admitted to the United States under Section 207 of the INA.
(5) A noncitizen who has been granted asylum under Section 208 of the INA.
(6) A noncitizen whose deportation is withheld under Section 243(h) or 241(b)(3) of the INA.
(7) A qualified noncitizen veteran who has an honorable discharge that is not due to alienage.
(8) A qualified noncitizen who is on active duty in the armed forces of the United States other than active duty for training.
(9) A qualified noncitizen who is the spouse or unmarried dependent child of a qualified noncitizen described in subparagraph 87.2(4)*"a"*(7) or *"a"*(8), including a surviving spouse who has not remarried.
(10) A qualified noncitizen who has resided in the United States for a period of at least five years beginning on the date of the qualified noncitizen's entry into the United States with a status within the meaning of subparagraph 87.2(4)*"a"*(1), *"a"*(4), or *"a"*(9) under the definition of "qualified noncitizen" in rule 441—87.1(217).
(11) An Amerasian admitted as described in 8 U.S.C. Section 1612(b)(2)(A)(i)(V) as amended to August 1, 2024.
(12) A Cuban/Haitian entrant as described in 8 U.S.C. Section 1641(b)(7) as amended to August 1, 2024.
(13) A certified victim of trafficking as described in Section 107(b)(1)(A) of PL 106-386 as amended to August 1, 2024.
(14) An American Indian born in Canada to whom Section 289 of the INA applies or who is a member of a federally recognized Indian tribe as defined in 25 U.S.C. Section 450b(e) as amended to August 1, 2024.

(15) An Iraqi or Afghan immigrant treated as a refugee pursuant to Section 1244(g) of PL 110-181 as amended to August 1, 2024, or to Section 602(b)(8) of PL 111-8 as amended to August 1, 2024.

(16) An Afghan paroled into the United States treated as a refugee pursuant to Section 2502 of PL 117-43 as amended to August 1, 2024.

(17) A qualified noncitizen lawfully residing in the United States in accordance with a Compact of Free Association with the government of the Federated States of Micronesia, the Republic of the Marshall Islands, or the Republic of Palau as described in 8 U.S.C. Section 1612(b)(2)(G) as amended by Section 208 of Division CC of PL 116-260 as amended to August 1, 2024.

(18) A conditional entrant pursuant to Section 203(a)(7) of the INA as in effect before April 1, 1980.

b. As a condition of eligibility, all applicants for or members of the family planning program shall attest to their citizenship or qualified noncitizen status by signing the application or review form.

c. Except as provided in paragraph 87.2(4)*"h,"* applicants or members for whom an attestation of United States citizenship has been made pursuant to paragraph 87.2(4)*"b"* will present satisfactory documentation of citizenship as described in paragraph 87.2(4)*"d"* or *"e."* A reference to a form in paragraph 87.2(4)*"d"* or *"e"* includes any successor form. An applicant or member who attests to citizenship must also verify the applicant's identity. An applicant or member shall have a reasonable period to obtain and provide required documentation of citizenship or nationality.

(1) For the purposes of this requirement, the "reasonable period" begins on the date a written request for documentation is issued to an applicant or member and continues for 90 days.

(2) Family planning services will be approved for new applicants and continue for members not previously required to provide documentation of citizenship or nationality until the end of the reasonable period to obtain and provide required documentation of citizenship or nationality.

d. Any one of the following documents must be accepted as satisfactory documentation of citizenship and identity:

(1) A United States passport, including a U.S. passport card issued by the U.S. Department of State, without regard to any expiration date as long as such passport or card was issued without limitation.

(2) A Certificate of Naturalization.

(3) A Certificate of United States Citizenship.

(4) A valid U.S. state-issued driver's license, but only if the state issuing the license does either of the following prior to issuance of the license:

1. Requires proof of United States citizenship; or

2. Obtains a social security number from the applicant and verifies before certification that the number is valid and is assigned to the applicant who is a citizen.

(5) Documentation issued by a federally recognized Indian tribe as described at 42 CFR §435.407 as amended to March 15, 2022, including but not limited to a tribal enrollment card, a Certificate of Degree of Indian Blood, a tribal census document, or a document on tribal letterhead issued under the signature of the appropriate tribal official. Acceptable documentation:

1. Identifies the federally recognized Indian tribe that issued the document;

2. Identifies the individual by name; and

3. Confirms the individual's membership, enrollment, or affiliation with the tribe.

(6) Another document that provides proof of United States citizenship and provides a reliable means of documentation of personal identity, as the Secretary of the U.S. Department of Health and Human Services may specify by regulation pursuant to 42 U.S.C. Section 1396b(x)(3)(B)(v) as amended to August 1, 2024.

e. Satisfactory documentation of citizenship and identity may also be demonstrated by the combination of any identity document described in paragraph 87.2(4)*"f"* and any one of the following:

(1) A U.S. public birth certificate showing birth in one of the 50 states, the District of Columbia, Puerto Rico (if born on or after January 13, 1941), Guam, the U.S. Virgin Islands, American Samoa, Swain's Island, or the Commonwealth of the Northern Mariana Islands (CNMI) (if born after November 4, 1986 (CNMI local time)). The birth record document may be issued by a state, commonwealth, territory, or local jurisdiction. If the document shows that the individual was born in Puerto Rico or the Northern Mariana Islands before the applicable date referenced in this paragraph, the individual may

be a collectively naturalized citizen. The following establishes U.S. citizenship for collectively naturalized individuals:

1. Puerto Rico: Evidence of birth in Puerto Rico and the applicant's statement that the applicant was residing in the U.S., a U.S. possession, or Puerto Rico on or after January 13, 1941.

2. CNMI (formerly part of the Trust Territory of the Pacific Islands (TTPI)): Evidence of birth in the CNMI; evidence of TTPI citizenship and residence in the CNMI, the U.S., or a U.S. territory or possession on or after November 3, 1986 (CNMI local time); and the applicant's statement that the applicant did not owe allegiance to a foreign state on November 4, 1986 (CNMI local time); evidence of TTPI citizenship, continuous residence in the CNMI since before November 3, 1981 (CNMI local time); voter registration before January 1, 1975; and the applicant's statement that the applicant did not owe allegiance to a foreign state on November 4, 1986 (CNMI local time); evidence of continuous domicile in the CNMI since before January 1, 1974, and the applicant's statement that the applicant did not owe allegiance to a foreign state on November 4, 1986 (CNMI local time).

NOTE: If a person entered the CNMI as a nonimmigrant and lived in the CNMI since January 1, 1974, this does not constitute continuous domicile and the individual is not a U.S. citizen.

(2) A Certification of Report of Birth, issued to U.S. citizens who were born outside the U.S.

(3) A Report of Birth Abroad of a U.S. citizen.

(4) A certificate of birth in the U.S.

(5) A U.S. Citizen I.D. card.

(6) A Northern Marianas Identification Card issued by the U.S. Department of Homeland Security (or predecessor agency).

(7) A final adoption decree showing the child's name and U.S. place of birth or, if an adoption is not final, a statement from a state-approved adoption agency that shows the child's name and U.S. place of birth.

(8) Evidence of U.S. Civil Service employment before June 1, 1976.

(9) A U.S. military record showing a U.S. place of birth.

(10) Documentation that a child meets the requirements of Section 101 of the Child Citizenship Act of 2000 as amended to August 1, 2024 (8 U.S.C. Section 1431).

(11) Medical records, including but not limited to hospital, clinic, or doctor records or admission papers from a nursing facility, skilled care facility, or other institution that indicate a U.S. place of birth.

(12) A life, health, or other insurance record that indicates a U.S. place of birth.

(13) An official religious record recorded in the U.S. showing that the birth occurred in the U.S.

(14) School records, including preschool, Head Start, and day care, showing the child's name and U.S. place of birth.

(15) Federal or state census records showing U.S. citizenship or a U.S. place of birth.

If the applicant does not have one of the documents listed in paragraph 87.2(4)*"d"* or subparagraphs 87.2(4)*"e"*(1) through *"e"*(15), the applicant may submit an affidavit using a form prescribed by the department, signed under penalty of perjury by another individual who can reasonably attest to the applicant's citizenship. Such affidavit must contain the applicant's name, date of birth, and place of U.S. birth. The affidavit is not required to be notarized.

f. Any of the following documents must be accepted as satisfactory documentation of identity, provided the document has a photograph or other identifying information sufficient to establish identity, including but not limited to name, age, sex, race, height, weight, eye color, or address:

(1) Identity documents listed at 8 CFR §274a.2(b)(1)(v)(B)(1) as amended to March 15, 2022, except a driver's license issued by a Canadian government authority.

(2) A driver's license issued by a state or territory.

(3) A school identification card.

(4) A U.S. military card or draft record.

(5) An identification card issued by the federal, state, or local government.

(6) A military dependent's identification card.

(7) A U.S. Coast Guard Merchant Mariner card.

(8) For children under age 19, a clinic, doctor, hospital, or school record, including preschool or day care records.

(9) Two other documents containing consistent information that corroborates an applicant's identity. Such documents include but are not limited to employer identification cards; high school, high school equivalency, and college diplomas; marriage certificates; divorce decrees; and property deeds or titles.

(10) A finding of identity from a federal agency or another state agency, including but not limited to a public assistance, law enforcement, internal revenue or tax bureau, or corrections agency, if the agency has verified and certified the identity of the individual.

If the applicant does not have any document specified in subparagraphs 87.2(4)*"f"*(1) through *"f"*(10), the applicant may submit an affidavit using a form prescribed by the department signed under penalty of perjury by another individual who can reasonably attest to the applicant's identity. Such affidavit must contain the applicant's name and other identifying information establishing identity, as described in paragraph 87.2(4)*"f."* The affidavit is not required to be notarized.

g. The department or authorized agency, as applicable, must accept a photocopy, facsimile, scanned, or other copy of a document listed in paragraph 87.2(4)*"d," "e,"* or *"f"* to the same extent as an original document, unless information on the submitted copy is inconsistent with other information available or there is reason to question the validity of, or information in, the document. The department must provide assistance in a timely manner to persons who need assistance in securing satisfactory documentation of citizenship or identity.

h. A person for whom an attestation of United States citizenship has been made pursuant to paragraph 87.2(4)*"b"* is not required to present documentation of citizenship and identity for the family planning program if any of the following circumstances apply:

(1) The person is entitled to or enrolled for benefits under any part of Title XVIII of the federal Social Security Act (Medicare) as amended to August 1, 2024.

(2) The person is receiving federal social security disability insurance (SSDI) benefits under Title II of the federal Social Security Act, Section 223 or 202, based on disability (as defined in Section 223(d) of the Act as amended to August 1, 2024).

(3) The person is receiving supplemental security income (SSI) benefits under Title XVI of the federal Social Security Act as amended to August 1, 2024.

(4) The person is or was exempted while assisted by child welfare services funded under Part B of Title IV of the federal Social Security Act as amended to August 1, 2024, on the basis of being a child in foster care as defined in Iowa Code section 232.2(20B). This exemption does not apply, and the person is subject to the citizenship and identity documentation requirements described in paragraph 87.2(4)*"c,"* when services under Part B of Title IV as amended to August 1, 2024, were terminated due to failure to meet citizenship requirements.

(5) The person is or was exempted while assisted by foster care as defined in Iowa Code section 232.2(20B) or adoption assistance funded under Part E of Title IV of the federal Social Security Act as amended to August 1, 2024. This exemption does not apply, and the person is subject to the citizenship and identity documentation requirements described in paragraph 87.2(4)*"c,"* when services under Part E of Title IV as amended to August 1, 2024, were terminated due to failure to meet citizenship requirements.

(6) The person has previously presented satisfactory documentation of citizenship and identity, as specified by the United States Secretary of Health and Human Services.

(7) The person was deemed eligible for medical assistance pursuant to 42 U.S.C. Section 1396a(e)(4) as amended to August 1, 2024, on or after July 1, 2006, as the newborn of a Medicaid-eligible mother.

(8) The person was eligible for medical assistance pursuant to 42 U.S.C. Section 1397ll(e) as amended to August 1, 2024, as the newborn of a mother eligible for assistance under a State Children's Health Insurance Program (SCHIP) pursuant to Title XXI of the Social Security Act as amended to August 1, 2024.

i. Except as provided in paragraph 87.2(4)*"h,"* applicants or members for whom an attestation of qualified noncitizen status has been made pursuant to paragraph 87.2(4)*"b"* will present satisfactory documentation of qualified noncitizen status. Satisfactory documentation of qualified noncitizen status is documentation issued by the U.S. Citizenship and Immigration Services (USCIS) (formerly Immigration

and Naturalization Service (INS)) of the Department of Homeland Security that identifies the person's qualified noncitizen status.

87.2(5) *Deeming of sponsor's income.*

a. When a qualified noncitizen admitted for lawful permanent residence is sponsored by a person who executed an affidavit of support as described in 8 U.S.C. Section 1631(a)(1) as amended to August 1, 2024, on behalf of the qualified noncitizen, the income of the sponsor will be deemed to determine eligibility for the sponsored qualified noncitizen. The amount deemed to the sponsored qualified noncitizen will be the total countable income of the sponsor determined pursuant to paragraphs 87.2(3)*"b"* through *"d."*

b. An indigent qualified noncitizen is exempt from the deeming of a sponsor's income for 12 months after indigence is determined. A qualified noncitizen will be considered indigent if:

(1) The qualified noncitizen does not live with the sponsor; and

(2) The qualified noncitizen's gross income, including any income actually received from or made available by the sponsor, is less than 100 percent of the federal poverty level for the sponsored qualified noncitizen's household size.

c. A battered qualified noncitizen as described in 8 U.S.C. Section 1641(c) as amended to August 1, 2024, is exempt from the deeming of a sponsor's income for 12 months.

d. Deeming of the sponsor's income does not apply when:

(1) The sponsored qualified noncitizen attains citizenship through naturalization pursuant to Chapter 2 of Title II of the INA.

(2) The sponsored qualified noncitizen has earned 40 qualifying quarters of coverage as defined in Title II of the Social Security Act as amended to August 1, 2024, or can be credited with 40 creditable qualifying quarters as defined in rule 441—87.1(217).

(3) The sponsored qualified noncitizen or the sponsor dies.

(4) The sponsored qualified noncitizen is a child under the age of 21 as allowed by 42 U.S.C. Section 1396b(v)(4)(A)(ii) as amended to August 1, 2024.

87.2(6) *Residency requirements.* Residency in Iowa is a condition of eligibility for the family planning program.

a. Definition of resident. A resident of Iowa is one:

(1) Who is living in Iowa voluntarily with the intention of making that person's home there and not for a temporary purpose. A person is a resident of Iowa when living there on other than a temporary basis. Residence will not depend upon the reason for which the individual entered the state, except insofar as it may bear upon whether the individual is there voluntarily or for a temporary purpose; or

(2) Who, at the time of application, is living in Iowa, is not receiving assistance from another state, and entered Iowa with a job commitment or seeking employment in Iowa, whether or not currently employed.

b. Retention of residence. Residence is retained until abandoned. Temporary absence from Iowa, with subsequent returns to Iowa, or intent to return when the purposes of the absence have been accomplished does not interrupt continuity of residence.

87.2(7) *Investigation by quality control or the department of inspections, appeals, and licensing.* As a condition of eligibility, an applicant or member must cooperate with the department when the applicant's or member's case is selected by quality control or the department of inspections, appeals, and licensing for verification of eligibility unless the investigation revolves solely around the circumstances of a person whose income does not affect family planning program eligibility. (More information can be found in 481—Chapter 72.) Failure to cooperate will serve as a basis for denial of an application or cancellation of family planning program eligibility. Once a person's eligibility is denied or canceled for failure to cooperate, the person may reapply but cannot be determined eligible until cooperation occurs.

87.2(8) *Funding contingency.* Initial and continuing eligibility for family planning services under this program is subject to the availability of funding appropriated for this purpose.

a. When appropriated funding is exhausted, ongoing eligibility will be terminated and new applications will be denied.

b. When appropriated funding becomes available, applications submitted thereafter will be considered on a first-come, first-served basis, based on the date of approval.

[**ARC 9819C**, IAB 12/10/25, effective 2/1/26]

441—87.3(217) Enrollment.

87.3(1) *Application.* An individual who requests assistance for family planning services shall file an application on a form prescribed by the department. A woman eligible under paragraph 87.2(1)*"a"* is not required to file an application for assistance under this program. The department will automatically redetermine eligibility upon loss of other Medicaid eligibility within 12 consecutive months plus 60 days after their pregnancy ended.

87.3(2) *Place of filing.* An application may be filed at any department office or authorized agency.

87.3(3) *Information or verification needed to determine eligibility.* The department or authorized agency, as applicable, will notify the applicant or member, authorized representative, or responsible person in writing of the information or verification required to establish eligibility. This notice must be provided to the applicant or member, authorized representative, or responsible person personally or by mail or fax.

a. The department or authorized agency, as applicable, will allow the applicant or member, authorized representative, or responsible person ten calendar days to supply the information or verification requested.

b. The department or authorized agency, as applicable, may extend the deadline for a reasonable period of time when the applicant or member, authorized representative, or responsible person is making reasonable efforts but is unable to secure the required information or verification.

c. If benefits are denied for failure to provide information or verification and the information or verification is provided within 14 calendar days of the effective date of the denial, the department or authorized agency, as applicable, will complete the eligibility determination as though the information or verification were received timely. If the fourteenth calendar day falls on a weekend or state holiday, the applicant or member, authorized representative, or responsible person will have until the next business day to provide the information.

87.3(4) *Annual review.* An individual who requests that assistance continue for family planning services shall complete a form prescribed by the department. The member must submit the completed review form before the end of the eligibility period to any location specified in subrule 87.3(2).

87.3(5) *Time limit for decision.* An application or review form will be processed by the department or authorized agency with which the form was filed. A determination of eligibility will be made within 45 days of receipt of the application or review form.

87.3(6) *Notice of decision.* The individual will be notified in writing of the decision regarding eligibility for the family planning program in accordance with 441—Chapter 16.

[**ARC 9819C**, IAB 12/10/25, effective 2/1/26]

441—87.4(217) Effective date of eligibility. Subject to the availability of funding appropriated for this purpose, assistance for family planning services under this program will be effective on the first day of the month of application or the first day of the month in which all eligibility requirements are met, whichever is later. Assistance will not be available under this program for any months prior to the month of application.

[**ARC 9819C**, IAB 12/10/25, effective 2/1/26]

441—87.5(217) Period of eligibility. Eligibility for family planning services under this program will be limited to a period of 12 months from the effective date of eligibility, or the duration of appropriated funding, whichever is less. A new application or annual redetermination of eligibility is required for benefits to continue beyond 12 months.

[**ARC 9819C**, IAB 12/10/25, effective 2/1/26]

441—87.6(217) Reporting changes.

87.6(1) *Required changes to report.* An individual applying for or receiving family planning services under this program shall report the following changes within ten days from the date the change is known:

a. Change in mailing address;

b. No longer a resident of Iowa;

c. A woman becomes pregnant;

d. No longer capable of bearing or fathering children;

e. Becomes Medicaid or Iowa health and wellness plan eligible, except women meeting criteria in paragraph 87.2(1)*"a"*; or

f. Turns 55 years of age.

87.6(2) *Disregard of changes.* An individual found to be eligible upon application or annual redetermination of eligibility will remain eligible for 12 months or the duration of appropriated funding, whichever is less, regardless of any change in income or household size.

[**ARC 9819C**, IAB 12/10/25, effective 2/1/26]

441—87.7(217) Funding of family planning services program.

87.7(1) *Distribution of funds.* Distribution of family planning services program funds shall be made to eligible, approved, and participating family planning providers subject to rule 441—87.11(217). Eligible family planning providers shall not include any provider that performs abortions or that maintains or operates a facility where abortions are performed and must attest to this fact. Effective July 1, 2018, eligible family planning providers shall be interpreted to include a distinct location of a nonprofit health care delivery system, if the distinct location provides family planning services but does not perform abortions or maintain or operate as a facility where abortions are performed. For the purposes of this subrule, "nonprofit health care delivery system" means an Iowa nonprofit corporation that controls, directly or indirectly, a regional health care network consisting of hospital facilities and various ambulatory and clinic locations that provide a range of primary, secondary, and tertiary inpatient, outpatient, and physician services. For the purposes of this subrule, "abortion" does not include any of the following:

a. The treatment of a woman for a physical disorder, physical injury, or physical illness, including a life-endangering physical condition caused by or arising from the pregnancy itself, that would, as certified by a physician, place the woman in danger of death.

b. The treatment of a woman for a spontaneous abortion, commonly known as a miscarriage, when not all of the products of human conception are expelled.

87.7(2) *Recovery.* The department will recover from a member all funds incorrectly expended to or on behalf of the member for family planning program services.

[**ARC 9819C**, IAB 12/10/25, effective 2/1/26]

441—87.8(217) Availability of services. Family planning services are payable for an individual enrolled in this program only when care is received at or authorized by a participating family planning provider.

87.8(1) Sterilization is a covered service subject to the limitations in 441—Chapter 78.

87.8(2) Covered services cannot include abortion services.

[**ARC 9819C**, IAB 12/10/25, effective 2/1/26]

441—87.9(217) Payment of covered services. Payment for family planning services covered under this chapter, including services authorized but not provided by a participating family planning provider, can be made only to participating family planning providers on a fee schedule determined by the department. Family planning services program funds distributed in accordance with this rule will not be used for direct or indirect costs, including but not limited to administrative costs or expenses, overhead, employee salaries, rent, and telephone and other utility costs, related to providing abortions as specified in subrule 87.7(1).

87.9(1) *Fee schedule.* The fee schedule will include the amount of payment for each service and any limits on the service (e.g., a routine Pap smear is payable once annually).

87.9(2) *Third-party payments.* This program is the payer of last resort for services covered in this chapter. Any third-party payment received by the family planning agency or other provider of services plus any payments under this program cannot exceed the fee schedule allowance.

87.9(3) *Supplementation.* Payment made under this program is to be considered payment in full.

[**ARC 9819C**, IAB 12/10/25, effective 2/1/26]

441—87.10(217) Submission of claims.

87.10(1) Family planning providers that participate in the program can submit claims to Iowa Medicaid for services rendered no later than 45 days from the last day of the month in which services were provided.

87.10(2) Following a successful review of the claim, Iowa Medicaid will make payments to the family planning provider subject to the availability of funding and the allocation of available funds under subrule 87.7(1).

[**ARC 9819C**, IAB 12/10/25, effective 2/1/26]

441—87.11(217) Providers eligible to participate.

87.11(1) Providers must be enrolled with the Iowa Medicaid program, subject to 441—Chapter 79, and otherwise qualified to provide family planning services under Medicaid, subject to the limitations related to abortions, as specified above under subrule 87.7(1). Effective July 1, 2018, as a condition of eligibility as a provider under the family planning services program, each distinct location of a nonprofit health care delivery system will enroll in the program as a separate provider, be assigned a distinct provider identification number, and complete an attestation that abortions are not performed at the distinct location. For the purposes of this subrule, "nonprofit health care delivery system" has the same meaning as provided under subrule 87.7(1).

87.11(2) Process for enrollment. Providers wishing to enroll under the state family planning program must complete the following steps:

a. Must complete enrollment with Iowa Medicaid.

b. Must complete a form prescribed by the department regarding nonprovision of abortions, pursuant to requirements referenced above under subrule 87.7(1).

c. Forms must be sent to the department at P.O. Box 36450, Des Moines, Iowa 50315.

[**ARC 9819C**, IAB 12/10/25, effective 2/1/26]

CHAPTER 88
SPECIALIZED MANAGED CARE PROGRAMS
[Prior to 2/11/87, Human Services[498]]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/30

441—88.1(249A) Definitions.

"Alternate PACE service site" means a location outside a primary or alternate PACE center in which one or more PACE services are offered to PACE enrollees.

"Capitation payment" means the monthly payment to PACE on behalf of each Medicaid participant for the provision of covered medical and supportive services. Payment is made regardless of whether the participant receives services during the month.

"CMS" means the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services.

"Enrollee" means a person who is enrolled in a PACE program.

"Federal PACE regulations" means the standards published in 42 CFR Part 460, "Programs of All-Inclusive Care for the Elderly," as amended to August 1, 2024. These rules will be interpreted so as to comply with the federal PACE regulations.

"Interdisciplinary team" or *"IDT"* means the team designated by the PACE organization to assess the needs of and develop a comprehensive plan of care for each enrollee.

"Medicare beneficiary" means a person who is entitled to Medicare Part A benefits, is enrolled under Medicare Part B, or both.

"PACE enrollment agreement" means the contract between the PACE organization and the enrollee that includes, at a minimum, all information identified in 42 CFR 460.154 as amended to August 1, 2024.

"Service area" means the specific counties in which a PACE provider may provide services as identified in the PACE program agreement.

The following definitions have the same meaning as set forth in 42 CFR 460.6 as amended to August 1, 2024:

"Contract year"
"Medicaid enrollee"
"Medicare enrollee"
"PACE"
"PACE center"
"PACE organization"
"PACE program"
"PACE program agreement"
"Services"
"Trial period"

[**ARC 9280C**, IAB 5/14/25, effective 7/1/25]

441—88.2(249A) Process for new and expanding PACE organization service areas. This rule establishes the state's process for a potential PACE organization seeking department support and an assurance letter to provide to CMS to establish a new or expanding PACE organization.

88.2(1) *Submission of letter of intent.* A person authorized to act on behalf of an entity seeking approval as a new PACE organization or an existing PACE organization seeking to expand its service area shall submit a request to the department in writing or via email to pace@hhs.iowa.gov. The request shall include the following information:

a. Organizational background, history, and experience with PACE and developing long-term services and supports.

b. Identity and credentials of key personnel, including members of any governing board and the proposed management team for the new or expanded PACE organization.

c. Where the new or expanded PACE center will be located.

d. The proposed opening date of the new or expanded PACE center.

88.2(2) *Evaluation of letter of intent and submission requirements.* The department will review the new or expanding PACE organization's letter of intent. The department will provide written notification to the PACE organization regarding whether the requested counties will be reserved and for how long.

a. If the department agrees to support the PACE organization's plans, the department will issue a detailed request for information with a deadline and a list of submission requirements.

b. The department may release the reserved counties if the potential PACE organization fails to follow the department's instructions or misses the submission deadline.

c. The department reserves the right of final approval and to reject a letter of intent submission.

d. New or expanding PACE organizations must follow all other steps to obtain program approval as outlined in the federal PACE regulations.

e. The department may elect to support more than one PACE organization in any county based on the completed feasibility study.

88.2(3) *State readiness review.* The department may conduct an on-site visit or audit and may request additional information from PACE in connection with an application for approval or expansion. A PACE organization is required to:

a. Hold applicable licenses under state and federal law.

b. Operate and provide services in compliance with all applicable federal, state, and local laws, regulations and codes and in accordance with applicable professional standards.

c. Maintain documentation to demonstrate compliance with state and local fire safety codes.

d. Once all state requirements are met, the department will provide to the prospective PACE organization an assurance letter to submit to CMS.

[**ARC 9280C**, IAB 5/14/25, effective 7/1/25]

441—88.3(249A) Three-way agreement with Medicare and Medicaid. An entity that has been approved by the department and CMS to be a PACE organization must enter into an agreement with CMS and the department that meets the requirements in 42 CFR Part 460, Subpart C, as amended to August 1, 2024.

[**ARC 9280C**, IAB 5/14/25, effective 7/1/25]

441—88.4(249A) Center administration. The PACE organization shall operate the PACE center effectively and efficiently to maintain the highest physical, mental, and psychosocial well-being of each participant.

88.4(1) *Licensure.* Covered services shall be provided by personnel who are licensed, endorsed, registered, recognized, or qualified and who are acting within the scope of the applicable license, endorsement, registration, recognition, or qualification pursuant to 441—Chapter 77.

88.4(2) *Compliance with federal, state, and local laws and professional standards.* The PACE center must operate and provide services in accordance with all applicable federal, state, and local laws, regulations, and codes, as well as accepted professional standards and principles applicable to the professional providing services.

[**ARC 9280C**, IAB 5/14/25, effective 7/1/25]

441—88.5(249A) Safety. The PACE organization must establish, maintain, and follow an infection control plan designed to provide a safe, sanitary, and conformable environment to help prevent the transmission of disease and infection pursuant to 42 CFR 460.74 as amended to August 1, 2024.

[**ARC 9280C**, IAB 5/14/25, effective 7/1/25]

441—88.6(249A) Physical environment. The PACE center shall be designed, constructed, equipped, and maintained to protect the health and safety of participants, personnel, and the public pursuant to 42 CFR 460.72 as amended to August 1, 2024.

[**ARC 9280C**, IAB 5/14/25, effective 7/1/25]

441—88.7(249A) Program services.

88.7(1) *Required services.* The PACE organization shall provide a benefit package for all participants, regardless of the source of payment, which must include the following pursuant to 42 CFR Part 460, Subpart F, as amended to August 1, 2024:

a. All Medicare-covered items and services.

b. All Medicaid-covered items and services as specified in 441—Chapters 78, 81, 82, 85, and 90. Medicaid benefit limitations and conditions relating to amount, duration, scope of services, deductibles, copayments, coinsurance, or other cost sharing do not apply to PACE services.

c. Other services determined necessary by the participant's IDT to improve or maintain the participant's overall health status.

88.7(2) *Excluded services.* The following services are excluded from coverage under PACE pursuant to 42 CFR 460.96 as amended to August 1, 2024:

a. Cosmetic surgery, which does not include surgery that is required for improved functioning of a malformed part of the body resulting from an accidental injury or for reconstruction following a mastectomy.

b. Experimental medical, surgical, or other health procedures not deemed medically necessary by the IDT.

c. Services furnished outside the United States, except in accordance with 42 CFR 424.122 and 42 CFR 424.124 as amended to August 1, 2024, or as otherwise permitted under the Iowa Medicaid program.

[**ARC 9280C**, IAB 5/14/25, effective 7/1/25]

441—88.8(249A) Patient education.

88.8(1) *Use of services.* The PACE organization shall have a process and procedure to orient participants on how to access and request services and supports.

88.8(2) *Participant rights.* The PACE organization shall have a written participant bill of rights and inform participants upon enrollment of the participant's rights and responsibilities in accordance with 42 CFR Part 460, Subpart G, as amended to April 11, 2022.

[**ARC 9280C**, IAB 5/14/25, effective 7/1/25]

441—88.9(249A) Grievances and appeals. The PACE organization must have written policies and procedures for identifying and processing service determination requests, grievances, and appeals in accordance with 42 CFR 460.120 through 460.124 as amended to August 1, 2024.

88.9(1) *Written log.* The PACE organization must maintain a written log of all grievances and appeals, including all informal or verbal complaints. The log must include progress notes and method of resolution.

88.9(2) *Submission to the department.* Upon request by the department, the PACE organization must provide documentation related to service determination requests, grievances, and appeals, including the log described in subrule 88.9(1), to the department at its mailing address or via email at pace@hhs.iowa.gov.

[**ARC 9280C**, IAB 5/14/25, effective 7/1/25]

441—88.10(249A) Participant enrollment and disenrollment. The PACE organization must comply with the federal enrollment requirements stated in 42 CFR 460.152 through 460.156 as amended to August 1, 2024.

88.10(1) *Eligibility for Medicaid members.* To enroll in a PACE program as an Iowa Medicaid member, a person must meet the eligibility requirements specified in this subrule.

a. Basic eligibility requirements.

(1) The person must be 55 years of age or older.

(2) The person must reside in the service area of the PACE center.

(3) The person must be aged, blind, or disabled pursuant to rule 441—75.25(249A).

(4) The person must meet income and resources requirements described in rule 441—75.5(249A) for persons in a medical institution.

(5) The department must determine that the person meets a nursing facility level of care.

(6) The person must meet any additional program-specific eligibility conditions imposed under the PACE program agreement. These additional conditions shall not modify the requirements stated in this subrule.

b. Other eligibility requirements.

(1) At the time of enrollment, the person must be able to live in a community setting without jeopardizing the person's health or safety pursuant to the criteria specified in the PACE program agreement.

(2) To continue to be eligible for PACE as an Iowa Medicaid member, a person must meet the annual recertification requirements specified in subrule 88.10(6).

88.10(2) *Effective date of enrollment.* A person's enrollment in the program is effective on the first day of the calendar month following the date PACE receives the signed enrollment agreement pursuant to 42 CFR 460.158 as amended to August 1, 2024.

88.10(3) *Duration of enrollment.* Enrollment continues until the participant's death unless either of the following occurs:

a. The participant voluntarily disenrolls. A PACE participant may voluntarily disenroll from the program without cause at any time. A participant's voluntary disenrollment is effective on the first day of the month following the date PACE receives the participant's notice of voluntary disenrollment.

b. The participant is involuntarily disenrolled. An involuntary disenrollment shall not become effective until the department has determined that PACE has adequately documented acceptable grounds for disenrollment. If a participant is approved by the department for involuntary disenrollment, the effective date of disenrollment is the first day of the next month that begins 30 days after the day PACE sends the notice of disenrollment. For example, notification on June 5 would be effective August 1. Acceptable grounds for an involuntary disenrollment are outlined in 42 CFR 460.164 as amended to August 1, 2024.

88.10(4) *Disenrollment.*

a. When disenrolling a participant, the PACE organization must:

(1) Use the most expedient process allowed under the PACE program agreement;

(2) Coordinate the PACE disenrollment date to seamlessly reenroll the person in Medicare Part A, B, and D and Medicaid for a participant who is dually eligible for both Medicare and Medicaid; and

(3) Give reasonable advance notice to the participant.

b. Until the date when enrollment is terminated, the following requirements must be met:

(1) The PACE organization must continue to furnish all needed services.

(2) The participant must continue to use PACE services.

88.10(5) *Documentation of disenrollment.* The PACE organization must:

a. Have a procedure in place to document the reasons for all voluntary and involuntary disenrollments.

b. Make documentation available for review by CMS and the department.

c. Use the information on voluntary disenrollments in PACE's internal quality improvement program.

d. Provide the department with information regarding all participant disenrollments, including voluntary, involuntary, and deaths. PACE must complete a form prescribed by the department and submit it to the department in the manner directed by the department within ten days of the date of disenrollment or death.

88.10(6) *Medicaid eligibility review.*

a. When requested by the department, the participant shall complete a form prescribed by the department in accordance with rule 441—76.14(249A).

b. At least annually, the department will:

(1) Evaluate whether each participant continues to meet the nursing facility level of care; and

(2) Review of all financial and nonfinancial eligibility pursuant to 441—Chapter 76.

c. Deemed continued eligibility. If the department determines that a participant no longer meets the nursing facility level of care, the department, in consultation with the PACE organization, will determine whether, in the absence of continued PACE coverage, the participant reasonably would be expected to meet the nursing facility level-of-care requirement within the next six months. This determination will be based on a review of the participant's medical record and plan of care, applying criteria specified in the PACE program agreement. If the participant reasonably would be expected to meet the level-of-care requirement within six months, the participant's eligibility for the PACE program may continue until the next annual reevaluation.

88.10(7) *Reinstatement in other Medicare and Medicaid programs.* After a disenrollment, the PACE organization shall work with CMS and the department to facilitate the former participant's reinstatement in other Medicare and Medicaid programs by:

a. Assisting in transitions to other Medicare plans and Medicaid programs for which the participant may be eligible; and

b. Making appropriate referrals and ensuring that medical records are made available to new providers within 30 days from the participant's last day of enrollment with PACE.

88.10(8) *Reinstatement in PACE.* A previously disenrolled participant may be reinstated in a PACE program. If the reason for disenrollment is failure to pay the premium and the participant pays the premium before the effective date of disenrollment, the participant is reinstated in the PACE program with no break in coverage pursuant to 42 CFR 460.170 as amended to August 1, 2024.

[**ARC 9280C**, IAB 5/14/25, effective 7/1/25]

441—88.11(249A) Records and reports.

88.11(1) *Records.* A PACE organization shall maintain clinical and fiscal records in accordance with federal and state requirements, including but not limited to rule 441—79.3(249A) and 42 CFR 460.200 as amended to August 1, 2024.

88.11(2) *Content of individual treatment record.* A PACE organization shall ensure that participating providers and subcontractors maintain adequate records and documentation that include a complete medical or service record for each enrolled participant pursuant to rule 441—79.3(249A).

88.11(3) *Confidentiality of health care, mental health care, and substance abuse information.* The PACE organization shall protect and maintain the confidentiality of health care, mental health care, and substance abuse information by implementing policies for staff and through contract terms with participating providers. The policies must comply with applicable state and federal laws.

[**ARC 9280C**, IAB 5/14/25, effective 7/1/25]

441—88.12(249A) Health Insurance Portability and Accountability Act of 1996 (HIPAA). The PACE organization and its subcontractor shall protect each participant's privacy in accordance with the confidentiality requirements stated in 45 CFR Parts 160 and 164 as amended to August 1, 2024. The PACE organization must report any HIPAA breach by the organization or its subcontractors to the department, using a form prescribed by the department.

[**ARC 9280C**, IAB 5/14/25, effective 7/1/25]

441—88.13(249A) Funding.

88.13(1) *Medicaid capitation payments to the PACE organization.* Under a three-way agreement, the department will make a prospective capitation payment to the PACE organization.

a. The amount of the capitation payment:

(1) Will be an actuarially sound rate determined in accordance with federal funding requirements that is less than the amount that would otherwise have been paid (AWOP) under the Medicaid program if the participant had not been enrolled in the PACE program.

(2) Will be a fixed amount regardless of changes in the enrollee's health status.

(3) May be renegotiated on an annual basis.

b. The PACE organization must accept the capitation payment amount as payment in full for Medicaid members. The PACE organization shall not collect or receive any other form of payment from the department or from, or on behalf of, the Medicaid member except for any amounts due from the participant pursuant to subrule 88.13(2).

c. To facilitate rate development, the PACE organization must supply financial information to the department in the format requested by the due date.

88.13(2) *Client participation for payment of medical institution care.* A PACE participant shall contribute toward the cost of the participant's care according to the amount determined by Medicaid eligibility pursuant to rule 441—75.16(249A).

[**ARC 9280C**, IAB 5/14/25, effective 7/1/25]

441—88.14(249A) Federal and state monitoring; sanctions.

88.14(1) The PACE program shall comply with federal and state monitoring requirements described in 42 CFR Part 460, Subpart K, as amended to August 1, 2024.

88.14(2) Within 30 days of issuance of review results, the PACE organization shall develop and implement a corrective action plan to address any deficiencies identified through the review.

88.14(3) The department will monitor the effectiveness of the corrective actions implemented by the PACE organization.

88.14(4) The PACE program is subject to sanctions or termination pursuant to 42 CFR Part 460, Subpart D, as amended to August 1, 2024.

[**ARC 9280C**, IAB 5/14/25, effective 7/1/25]

◊ Two or more ARCs

1 Effective date of 8/1/88 delayed 30 days by the Administrative Rules Review Committee at its July 1988 meeting.

2 Effective date of 4/1/90 delayed 70 days by the Administrative Rules Review Committee at its March 12, 1990, meeting; delay lifted by this Committee, effective May 11, 1990.

CHAPTER 89
DEBTS DUE FROM TRANSFERS OF ASSETS

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/1/30

441—89.1(249F) Definitions.

"Fair market value" means the price for which property or an item could have been sold on the open market at the time of transfer.

"Medical assistance" means the same as defined in Iowa Code section 249F.1.

"Property" means the same as defined in Iowa Code section 702.14.

"Transfer" means the disposal of property for less than fair market value through gifting, sale or any transfer or assignment of a legal or equitable interest in property.

"Transferee" means the person who receives a transfer or assignment of a legal or equitable interest in property for less than fair market value.

"Transferor" means the person who makes a transfer of a legal or equitable interest in property for less than fair market value.

[**ARC 9313C**, IAB 5/28/25, effective 8/1/25]

441—89.2(249F) Creation of debt.

89.2(1) *Transfer of property.* Except as provided in rule 441—89.3(249F), any transfer of property for less than fair market value creates a debt due and owing to the department from the transferee if:

a. The transfer is made while the transferor is receiving medical assistance or within five years prior to application for medical assistance and between July 1, 1993, and December 31, 2018.

b. The transfer is made with the intent on the part of the transferee of enabling the transferor to obtain or maintain eligibility for medical assistance.

89.2(2) *Amount of debt.* The amount of the debt is the lesser of:

a. An amount equal to the medical assistance provided to or on behalf of the transferor on or after the date of the transfer.

b. The difference between the fair market value of the property at the time of transfer and the value of any consideration received.

[**ARC 9313C**, IAB 5/28/25, effective 8/1/25]

441—89.3(249F) Exceptions. Notwithstanding rule 441—89.2(249F), transfers detailed in Iowa Code section 249F.1(3)*"b"* that occur on or after July 1, 1996, do not create a debt to the department.

[**ARC 9313C**, IAB 5/28/25, effective 8/1/25]

441—89.4(249F) Presumption of intent. Any transfer of property for less than fair market consideration made while the transferor is receiving medical assistance or within five years prior to an application for medical assistance is presumed to be made with the intent, on the part of the transferee, of enabling the transferor to obtain or maintain eligibility for medical assistance. This presumption can be rebutted only by clear and convincing evidence that the transferor's eligibility or potential eligibility for medical assistance was no part of the transferee's reason for accepting the transfer of property.

[**ARC 9313C**, IAB 5/28/25, effective 8/1/25]

441—89.5(249F) Notice of debt. The department may issue a notice establishing and demanding payment of an accrued or accruing debt due and owing to the department as provided in rule 441—89.2(249F) pursuant to Iowa Code section 249F.3(1).

[**ARC 9313C**, IAB 5/28/25, effective 8/1/25]

441—89.6(249F) No timely request of a hearing. If a timely written request for hearing is not received by the department, the department may enter an order pursuant to Iowa Code section 249F.3(3) and 249F.3(4).

[**ARC 9313C**, IAB 5/28/25, effective 8/1/25]

441—89.7(249F) Timely request for a hearing. If a timely written request for a hearing is received by the department, the department will certify the matter for hearing to the district court pursuant to Iowa Code section 249F.4.
[**ARC 9313C**, IAB 5/28/25, effective 8/1/25]

441—89.8(249F) Department-requested hearing. The department may also request a hearing on its own motion regarding the determination of a debt at any time prior to entry of an administrative order.
[**ARC 9313C**, IAB 5/28/25, effective 8/1/25]

441—89.9(249F) Filing and docketing of the order. An order may be filed pursuant to Iowa Code section 249F.5(1). The department's order shall be presented, ex parte, to the district court for review and approval.
[**ARC 9313C**, IAB 5/28/25, effective 8/1/25]

441—89.10(249F) Exemption from Iowa Code chapter 17A. Actions initiated under Iowa Code chapter 249F are not subject to Iowa Code chapter 17A. Review by the district court shall be an original hearing before the district court.
[**ARC 9313C**, IAB 5/28/25, effective 8/1/25]

These rules are intended to implement Iowa Code chapter 249F.

[Filed 1/12/94, Notice 11/10/93—published 2/2/94, effective 4/1/94]

CHAPTER 90
FEE-FOR-SERVICE CASE MANAGEMENT

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/31

441—90.1(249A) Definitions.

"Adult" means a person 18 years of age or older on the first day of the month in which service begins.

"Applicant" means a person who has applied for an HCBS waiver or habilitation program.

"Case management" means the categories of case management: targeted case management (TCM) and case management provided to members enrolled in a 1915(c) waiver.

"Case manager" means the staff person providing the case management services regardless of the entity providing the service.

"Child" means a person other than an adult.

"Chronic mental illness" means a condition present in adults who have a persistent mental or emotional disorder that seriously impairs their functioning relative to such primary aspects of daily living as personal relations, living arrangements, or employment. The definition of chronic mental illness and qualifying criteria are found in 441—Chapter 24. For purposes of this chapter, people with mental disorders resulting from Alzheimer's disease or substance abuse shall not be considered chronically mentally ill.

"Core standardized assessment" or *"CSA"* means an assessment instrument for determining the suitability of non-institutionally based long-term services and supports for an individual. The instrument shall be used in a uniform manner throughout the state to determine an applicant's or member's needs for training, support services, medical care, transportation, and other services and to develop an individual service plan to address such needs.

"Developmental disability" means a severe, chronic disability that is determined through professionally administered screening and evaluations.

"Fee-for-service member" or *"FFS member"* means a member who is not enrolled with a managed care organization.

"Home- and community-based services" or *"HCBS"* means services provided pursuant to Sections 1915(c) and 1915(i) of the Social Security Act as amended to July 1, 2026.

"Intellectual disability" means a diagnosis of intellectual disability (intellectual developmental disorder), global developmental delay, or unspecified intellectual disability (intellectual developmental disorder). Diagnosis criteria are outlined in 441—Chapter 83.

"Major incident" means an occurrence that involves a member who is enrolled in an HCBS waiver, TCM, or habilitation services and that:

1. Results in a physical injury to or by the member that requires a physician's treatment or admission to a hospital;
2. Results in the death of any person;
3. Requires emergency mental health treatment for the member;
4. Requires the intervention of law enforcement;
5. Requires a report of child abuse pursuant to Iowa Code section 232.69, a report of dependent adult abuse pursuant to Iowa Code section 235B.3, or a report of elder abuse pursuant to Iowa Code chapter 235F;
6. Constitutes a prescription medication error or a pattern of medication errors that leads to the outcome in numbered paragraph "1," "2," or "3"; or
7. Involves a member's location being unknown by provider staff who are responsible for protective oversight.

"Managed care organization" or *"MCO"* means the same as defined in 441—Chapter 73.

"Medical institution" means an institution that is organized, staffed, and authorized to provide medical care as set forth in the most recent amendment to 42 CFR Section 435.1009 as amended to October 20, 2022.

"Member" means a person who has been determined to be eligible for Medicaid under 441—Chapter 75.

"Minor incident" means an occurrence that involves a member who is enrolled in an HCBS waiver, TCM, or habilitation services and that is not a major incident but that:

1. Results in the application of basic first aid;
2. Results in bruising;
3. Results in seizure activity;
4. Results in injury to self, to others, or to property; or
5. Constitutes a prescription medication error.

"Person-centered service plan" or *"service plan"* means a service plan created through the person-centered planning process, directed by the member with long-term care needs or the member's guardian or representative, to identify the member's strengths, capabilities, preferences, needs, and desired outcomes.

"Rights restriction" means limitations not imposed on the general public in the areas of communication, mobility, finances, medical or mental health treatment, intimacy, privacy, type of work, religion, place of residence, and people with whom a member may share a residence.

"Targeted case management" or *"TCM"* means case management services furnished to assist members who are part of a targeted population.

"Targeted population" means people who meet one of the following criteria:

1. An adult who is identified with a primary diagnosis of intellectual disability, chronic mental illness, or developmental disability; or
2. A child who is eligible to receive HCBS waiver services according to 441—Chapter 83.

A member enrolled with an MCO is not part of the targeted population.

[**ARC 0319D**, IAB 5/27/26, effective 7/1/26]

441—90.2(249A) Targeted case management. This rule applies only to the case management category of TCM and the defined targeted population.

90.2(1) *Eligibility for targeted case management.* A person who meets all of the following criteria will be eligible for TCM:

a. The person is eligible for Medicaid or is conditionally eligible under 441—Chapter 75;

b. The person is a member of a targeted population;

c. The person resides in a community setting or qualifies for transitional case management as set forth in subrule 90.2(4);

d. The person has applied for TCM in accordance with the policies of the provider;

e. The person is not eligible for or enrolled in an MCO.

90.2(2) *Determination of need for targeted case management.* Assessment at least every 365 days since the date of identified need for TCM is required as a condition of eligibility under the medical assistance program. The TCM provider manual found on the department's website and as amended to July 1, 2026, contains more information.

90.2(3) *Application for targeted case management.* The TCM provider shall process a received application for TCM no later than 30 days after receipt of the application. The Medicaid manual for TCM found on the department's website and as amended to July 1, 2026, has more information.

a. Application decision for targeted case management. The TCM provider shall inform the applicant, or the applicant's guardian or representative, of any decision to approve, deny, or delay the service in accordance with the notification requirements in 441—Chapter 16.

b. Denial of applications. The TCM provider will deny an application for service when:

(1) The applicant is not currently eligible for Medicaid;

(2) The applicant does not meet the eligibility criteria in 441—subrule 90.2(1);

(3) The applicant, or the applicant's guardian or representative, withdraws the application;

(4) The applicant does not provide information required to process the application;

(5) The applicant is receiving duplicative TCM from another Medicaid provider; or

(6) The applicant does not have a need for TCM.

90.2(4) *Transition to a community setting.* The Medicaid manual for TCM found on the department's website and as amended to July 1, 2026, contains information about services that may be provided to a member transitioning to a community setting.

[**ARC 0319D**, IAB 5/27/26, effective 7/1/26]

441—90.3(249A) Termination of TCM services.

90.3(1) TCM shall be terminated only when:

a. The member does not meet eligibility criteria under rule 441—90.2(249A);

b. The member has achieved all goals and objectives of the service;

c. The member has no ongoing need for TCM;

d. The member is receiving TCM based on eligibility under an HCBS program but is no longer eligible for the program;

e. The member or the member's guardian or representative requests termination;

f. The member is unwilling or unable to accept further services; or

g. The member or the member's guardian or representative fails to provide access to information necessary for the development of the service plan or for implementation of TCM.

90.3(2) The provider shall notify the member or the member's guardian or representative in writing of the termination of TCM, in accordance with 441—Chapter 16.

[**ARC 0319D**, IAB 5/27/26, effective 7/1/26]

441—90.4(249A) Case management services. This rule applies to all categories of case management and all populations covered by case management.

90.4(1) *Covered services.* The following shall be included in FFS case management services provided to members.

a. Assessment. Initial assessments and regular reassessments must be completed for each member to determine the need for medical, social, educational, housing, transportation, vocational, or other services, as specified in the Medicaid manual for TCM found on the department's website and as amended through July 1, 2026.

b. Person-centered service plan. The case manager shall develop and revise a comprehensive, person-centered service plan at least every 365 days in accordance with the Medicaid manual for TCM found on the department's website and as amended to July 1, 2026.

c. Monitoring and follow-up. The case manager shall perform monitoring activities and make contacts that are necessary to ensure the health, safety, and welfare of the member and to ensure that the person-centered service plan is effectively implemented and adequately addresses the needs of the member.

d. Contacts. The case manager shall have at least one face-to-face contact with the member in the member's residence at least quarterly. The case manager shall have at least one contact per month with the member or the member's guardians or representatives. This contact may be face-to-face or by telephone.

90.4(2) *Exclusions.* Payment will not be made for activities otherwise within the definition of case management services when any of the following conditions exist:

a. The activities are an integral component of another covered Medicaid service.

b. The activities constitute the direct delivery of underlying medical, social, educational, housing, transportation, vocational or other services to which a member has been referred.

c. The activities are components of the administration of foster care programs.

d. The activities for which a member may be eligible are a component of the administration of another nonmedical program, such as a guardianship, child welfare or child protective services, parole, probation, or special education program, except for case management that is included in an individualized education program or individualized family service plan consistent with Section 1903(c) of the Social Security Act as amended to August 1, 2025.

e. The activities duplicate institutional discharge planning.

[**ARC 0319D**, IAB 5/27/26, effective 7/1/26]

441—90.5(249A) Rights restrictions. This rule applies to all categories of case management and all populations covered by case management. Any effort to restrict the rights of a member, or the member's preferences or goals must be justified by a specific individualized assessed safety need and documented in the person-centered service plan. For more information, refer to the Person Centered Service Plan manual as amended to July 1, 2026, available on the department's website.

[**ARC 0319D**, IAB 5/27/26, effective 7/1/26]

441—90.6(249A) Documentation and billing. This rule applies to all categories of case management and all populations covered by case management. The case management billing manual for case management contact documentation and billing requirements available on the department's website and as amended to July 1, 2026, contains more information.
[**ARC 0319D**, IAB 5/27/26, effective 7/1/26]

441—90.7(249A) Case management services provider requirements.

90.7(1) This rule applies to all categories of case management and all populations covered by case management. Major or minor incidents shall be reported according to the case management incident reporting manual available on the department's website and as amended to July 1, 2026.

90.7(2) Quality assurance. Case management services providers shall cooperate with quality assurance activities conducted by Iowa Medicaid, as well as any other state or federal entity with oversight authority to ensure the health, safety, and welfare of Medicaid members. These activities may include but are not limited to:

a. Postpayment review of case management services;
b. Review of incident reports;
c. Review of reports of abuse or neglect; and
d. Technical assistance in determining the need for service.

[**ARC 0319D**, IAB 5/27/26, effective 7/1/26]

These rules are intended to implement Iowa Code section 249A.4.

CHAPTER 91
MEDICARE DRUG SUBSIDY

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/1/30

441—91.1(249A) Definitions.

"Applicant" means a person applying for a Medicare drug subsidy through the department and includes a responsible person or authorized representative acting for an applicant, except for the purposes of subrule 91.2(2).

"Application" or *"Medicare drug subsidy application"* means the federal Social Security Administration's Form SSA-1020B-OCR-SM, Application for Help with Medicare Prescription Drug Plan Costs.

"Authorized representative" means a person representing an applicant or recipient as described in 441—subrule 76.9(2).

"Recipient" means a person receiving a Medicare drug subsidy based on an application filed with the department and includes a responsible person or authorized representative acting for a recipient, except for the purposes of subrule 91.2(2).

"Responsible person" means a person acting on an applicant's or recipient's behalf as described in 441—subrule 76.9(1).

[**ARC 9314C**, IAB 5/28/25, effective 8/1/25]

441—91.2(249A) Application.

91.2(1) *Application filing.* Any person may apply for the Medicare drug subsidy through the department in accordance with 441—Chapter 76.

91.2(2) *Identifiable application and signature.*

a. An identifiable application is an application that contains:

(1) The legible name and address of the applicant; and

(2) The signature of the applicant, a responsible person, or an authorized representative on Form SSA-1020B-OCR-SM, Application for Help with Medicare Prescription Drug Plan Costs.

b. If an authorized representative signed the application forms on behalf of an applicant, the applicant or a responsible person must also sign the application forms before the application can be approved.

[**ARC 9314C**, IAB 5/28/25, effective 8/1/25]

441—91.3(249A) Eligibility determination. The department will determine eligibility for the Medicare drug subsidy pursuant to Section 1860D-14 of the Social Security Act and implement federal regulations at 20 CFR Section 418 as amended to August 1, 2024.

91.3(1) *Cooperation.* An applicant must cooperate with the department in the application process. Cooperation may include providing additional information or verification of information, participating in an interview, or signing documents. Failure to cooperate in the application process shall be a basis for denial of an application.

91.3(2) Reserved.

[**ARC 9314C**, IAB 5/28/25, effective 8/1/25]

441—91.4(249A) Effective date. The effective date of eligibility will be determined pursuant to 42 CFR Part 423 as amended to August 1, 2024.

[**ARC 9314C**, IAB 5/28/25, effective 8/1/25]

441—91.5(249A) Changes in circumstances.

91.5(1) *Responsibility to report changes.* A Medicare drug subsidy applicant or recipient shall report to the department in a timely manner any changes in the following circumstances:

a. Care of dependents.

b. Household composition.

c. Household income.

d. Household resources.

e. Marital status.
f. Medicare eligibility or enrollment.
g. Place of residence.

91.5(2) *Effective date of change.* Changes in eligibility or level of subsidy will be effective the month following the month in which the change is reported.
[**ARC 9314C**, IAB 5/28/25, effective 8/1/25]

441—91.6(249A) Reinvestigation. The department will reinvestigate eligibility as often as the recipient's circumstances indicate, but in no instance will the period between reinvestigations exceed 12 months.

91.6(1) *Application requested.* When requested to do so by the department, the recipient shall complete the Medicare drug subsidy application as part of the reinvestigation process. The application shall be completed within ten working days from the date a written request is issued. Failure to complete the application shall be a basis for cancellation or reduction of the subsidy.

91.6(2) *Additional information requested.* The recipient shall supply additional information needed to establish eligibility or level of subsidy pursuant to 441—Chapter 76.
[**ARC 9314C**, IAB 5/28/25, effective 8/1/25]

441—91.7(249A) Appeals. An applicant or recipient shall have the right to appeal any adverse action by the department pursuant to 441—Chapter 2506.
[**ARC 9314C**, IAB 5/28/25, effective 8/1/25; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code sections 217.6 and 249A.4 and Section 1935(a) of the Social Security Act (42 U.S.C. Section 1396u-5).

[Filed emergency 6/17/05—published 7/6/05, effective 7/1/05]

CHAPTER 92
IOWACARE
Rescinded **ARC 2361C**, IAB 1/6/16, effective 1/1/16

TITLE IX
WORK INCENTIVE DEMONSTRATION

CHAPTER 93
PROMISE JOBS PROGRAM
[Prior to 7/1/89, see 441—Chapters 55, 59 and 90]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/30

441—93.1(239B) Definitions.

"Applicant" means a child for whom assistance is being requested under the family investment program, any parent living in the home with the child, and any nonparental relative as defined in 441—subrule 41.22(3) who is requesting assistance for the child.

"FaDSS" means the family development and self-sufficiency program operated under 441—Chapter 49, which provides in-home family development services to families at risk of instability or long-term FIP dependency.

"Family investment agreement" or *"FIA"* means the agreement developed with a participant in accordance with Iowa Code section 239B.8.

"FIA-responsible person" means any member of the FIP applicant family unless exempt as described in 441—subrule 41.24(2). More information is contained in subrule 93.4(2).

"FIP" means the family investment program authorized in Iowa Code chapter 239B.

"Limited benefit plan" or *"LBP"* means a period of time in which a participant or member of a participant's family is either ineligible for any assistance under the FIP or eligible for reduced assistance in accordance with Iowa Code section 239B.9.

"Needy specified relative" means a nonparental specified relative as defined in 441—subrule 41.22(3) who meets all the eligibility requirements to be included in the FIP.

"Participant" for purposes of the PROMISE JOBS program means a person who has signed an FIA and is approved to receive FIP benefits, a parent or relative living in the home of a child approved to receive FIP benefits, or a person reconsidering a subsequent LBP.

"PROMISE JOBS program" means the promoting independence and self-sufficiency through employment, job opportunities, and basic skills program created in Iowa Code section 239B.17.

"TANF" means Title I Block Grants for Temporary Assistance for Needy Families (PL 109-171) (reauthorized 2006 and as amended to August 1, 2024).

[**ARC 9281C**, IAB 5/14/25, effective 7/1/25]

441—93.2(239B) Program administration. The department will administer an employment and training program known as PROMISE JOBS.

93.2(1) *Availability of service.* PROMISE JOBS services shall include but are not limited to those listed in paragraph 93.4(4)*"b."*

a. The program shall be available statewide. If the department determines that sufficient funds are not available to offer services on location in each county, the department will prioritize the availability of services to those counties having the largest FIP populations.

b. Because of state and federal budgetary limitations, federal mandatory work requirements, requirements for minimum participation rates, and other TANF requirements imposed on the PROMISE JOBS program, the department will have the administrative authority to:

(1) Determine agency and geographical breakdowns for service;

(2) Designate specific groups for priority services; and

(3) Designate specific PROMISE JOBS components or supportive service levels for a waiting list.

93.2(2) *Contracts with provider agencies.* The department may contract with the department of workforce development, the department of economic development, or other appropriate entity to provide PROMISE JOBS services and case management of those services.

[**ARC 9281C**, IAB 5/14/25, effective 7/1/25]

441—93.3(239B) Registration and referral.

93.3(1) *Registration for PROMISE JOBS.* Unless the department determines a person is exempt as specified in 441—subrule 41.24(2), an application for FIP assistance constitutes a registration for the PROMISE JOBS program and acceptance of the requirement to enter into an FIA for all members of the FIP case and all other persons responsible for the FIA as specified in rule 441—41.24(239B).

93.3(2) *Referral.* The department will refer all FIA-responsible persons from FIP applicant and participant households to PROMISE JOBS pursuant to 441—subrule 41.24(4).

93.3(3) *Initial appointment.*

a. FIP applicants. FIP applicants, including those who are in an LBP, will be offered an appointment with the PROMISE JOBS provider agency for orientation, assessment, and FIA development at the earliest available time. The provider agency shall make sufficient appointment times available to allow the applicant to be scheduled no later than ten calendar days after the date of the notice that FIA responsibility has begun as required by rule 441—93.4(239B), 441—paragraphs 41.24(1)*"c"* and *"d,"* and 441—paragraph 41.24(10)*"g."*

b. Exempt status change. Persons who become FIA-responsible while receiving FIP shall initiate PROMISE JOBS orientation and FIA development by contacting the appropriate PROMISE JOBS office to schedule an appointment within ten calendar days of the mailing date of the letter explaining that exempt status has been lost and FIA responsibility has begun as required by 441—subrule 41.24(5). If the person fails to schedule an appointment or fails to appear for an appointment, PROMISE JOBS shall send one written reminder letter that informs the person that those who do not develop an FIA shall enter into an LBP. If the person fails to schedule an appointment within ten calendar days of the written reminder letter or fails to appear for an appointment scheduled after the written reminder letter is sent, the person shall enter into an LBP as described in 441—paragraph 41.24(8)*"c."*

93.3(4) *Orientation.* Every person referred to PROMISE JOBS shall receive orientation services. PROMISE JOBS workers shall provide FIA orientation.

a. During orientation, each applicant shall receive a full explanation of:

(1) The advantages of employment under the family investment program (FIP), including information on earned income tax credits;

(2) Services available under PROMISE JOBS;

(3) Participant rights and responsibilities under the FIA and PROMISE JOBS;

(4) The LBP as described in 441—subrule 41.24(8);

(5) The availability of family planning counseling services in the area and the financial implications of newly born children on the participant's family.

b. Each applicant shall receive a form prescribed by the department, confirming that information described in paragraph 93.3(4)*"a"* has been provided.

93.3(5) *Initial meeting.* The PROMISE JOBS worker shall meet with each referred person, or with the family if another parent or a child is also referred to PROMISE JOBS, to:

a. Determine participation activities,

b. Establish expenses and a schedule for supportive payments, and

c. Discuss child care needs.

93.3(6) *Workforce development registration.* Each applicant is required to register for work with the department of workforce development, upon request by the PROMISE JOBS worker.

[**ARC 9281C**, IAB 5/14/25, effective 7/1/25]

441—93.4(239B) FIA. The FIA is the condition of and basis for PROMISE JOBS services and is an eligibility requirement for the FIP as specified in rule 441—41.24(239B).

93.4(1) *Development.* An initial FIA shall be developed during the orientation and assessment process through discussion between the FIA-responsible person and the PROMISE JOBS worker. For the FIA to be considered completed, an FIA shall be signed by all of the following:

a. The FIA-responsible person or persons.

b. Other family members who are referred to PROMISE JOBS.

c. The PROMISE JOBS worker.

d. The PROMISE JOBS supervisor.

93.4(2) *FIA-responsible persons.* All members of the FIP applicant family shall develop and sign an FIA unless exempt as described in 441—subrule 41.24(2). When an FIA-responsible person is incompetent or incapacitated, someone acting responsibly on that person's behalf may participate in the interview. Responsibility for carrying out the steps of the FIA ends at the point that FIP assistance is not provided to the participant or when a participant becomes exempt.

a. Parents. All parents who are not exempt from PROMISE JOBS shall be responsible for signing and carrying out the activities of the FIA. Parents of any age are exempt only if they are receiving Supplemental Security Income (SSI) or they are not U.S. citizens and are not qualified aliens as defined in rule 441—40.21(239B). When the FIP-eligible group includes a minor parent living with one or both parents or a needy specified relative who receives FIP as described in 441—subparagraph 41.28(2)*"b"* (2) and none is exempt from PROMISE JOBS participation, each parent or needy specified relative is responsible for a separate FIA.

b. Teens. Participants aged 16 to the participants' nineteenth birthday shall be responsible for signing and carrying out the activities of the FIA unless they are receiving SSI or they attend school full-time.

(1) When the FIP-eligible group includes one or both parents or a needy specified relative and a child or children and none is exempt from PROMISE JOBS participation, all shall be asked to sign one FIA with the family and to carry out the activities of that FIA rather than signing separate FIAs.

(2) When the FIP-eligible group includes one or both parents or a needy specified relative who is exempt from PROMISE JOBS participation and a child or children who are not exempt, each child is responsible for completing a separate FIA.

(3) A minor nonparental specified relative who is not exempt and whose needs are included in the FIP grant shall be responsible for signing and carrying out the activities of the FIA.

c. Other adults. All other adults who are not exempt and whose needs are included in the FIP grant shall be responsible for signing and carrying out the activities of the FIA.

93.4(3) *FIA content.* The FIA shall include the goals of the family for achieving self-sufficiency and shall establish a time frame with a specific ending date, during which the family expects to become self-sufficient and after which FIP benefits will be terminated. For individuals and families with acknowledged barriers, one or more incremental FIAs may be written.

a. All FIAs shall:

(1) Outline the expectations of the PROMISE JOBS program and of the family;

(2) Clearly establish interim goals and FIA activities necessary to reach long-term goals and self-sufficiency;

(3) Identify barriers to participation so that the FIA may include a plan, appropriate referrals, and supportive services necessary to eliminate or manage the barriers;

(4) Stipulate specific services to be provided by the PROMISE JOBS program, including child care assistance, transportation assistance, family development services, and other supportive services;

(5) Include the participant's responsibility to provide verification of hours of participation, and how and when the verification will be submitted;

(6) Record a participant's response to the option of referral for family planning counseling as described in subrule 93.9(3).

b. Plans from other agencies. The FIA may incorporate a self-sufficiency plan that the family has developed with another agency or person, subject to the following requirements:

(1) The participant shall authorize PROMISE JOBS to obtain the self-sufficiency plan and to arrange coordination with the manager of the self-sufficiency plan by signing a release of information prescribed by the department.

(2) The self-sufficiency plan may be included in the participant's FIA if the self-sufficiency plan meets the requirements of this chapter and is deemed by the PROMISE JOBS worker to be appropriate to the family circumstances.

93.4(4) *Participation requirements.* The FIA shall require the FIA-responsible persons and family members who are referred to PROMISE JOBS to choose participation in one or more activities as described in this subrule.

a. Goals. It is expected that employment leading to economic self-sufficiency is the eventual goal of the FIA.

(1) To the maximum extent possible, the FIA shall reflect the goals of the family, subject to program rules; funding; the capability, experience, and aptitudes of family members; and the potential market for the job skills currently possessed or to be developed.

(2) The program goal for all participants is to be involved in PROMISE JOBS activities on a full-time basis unless problems or barriers prohibit this level of involvement. "Full-time" is considered an average of at least 30 hours per week. Exceptions to full-time involvement are identified in rule 441—93.14(239B) and subrule 93.4(5).

b. Activities. Except as specified in 441—paragraph 93.4(4)*"c,"* PROMISE JOBS activities may include but are not limited to any combination of the following activities:

(1) Orientation as described in subrule 93.3(4).

(2) Assessment as described in rule 441—93.5(239B).

(3) Job readiness and job search activities, including job readiness skills training and other activities that prepare a participant to search for or obtain employment, individual and structured job search, unplanned job opportunities, mental health treatment, substance use disorder treatment, or other rehabilitative activities, as described in rule 441—93.6(239B).

(4) Work activities, including part-time or full-time employment, self-employment, on-the-job training, work experience placement, or unpaid community service as described in 441—93.7(239B).

(5) Educational activities, including high school completion, high school equivalency diploma (HSED) certification, adult basic education (ABE), English as a second language (ESL) training, vocational training, or postsecondary training up to and including a baccalaureate degree as described in 441—93.8(239B).

(6) Parenting skills training as described in subrule 93.9(1).

(7) Participation in the FaDSS program or other family development programs as described in subrule 93.9(2).

(8) Referral for family planning counseling as described in subrule 93.9(3).

(9) Family violence option as described in subparagraph 93.4(5)*"b"*(4).

(10) Services provided by other agencies.

c. FIA activities for participants aged 16 to 19. Development of FIA activities shall follow these guidelines for participants aged 16 to 19.

(1) Participants aged 16 to 19 who are not parents and who have not completed high school shall be strongly encouraged to participate in educational activities to obtain a high school diploma or the equivalent. A high school education is recognized as important to achieving self-sufficiency. Participants shall be given information on the earning power of people with a high school education compared to those who do not so that participants are able to make an informed choice. If high school or high school equivalency completion is not included in a teenager's FIA, other FIA activities shall be required. High school or high school equivalency completion shall be proposed and reconsidered at the next FIA review.

(2) Parents under the age of 18 who are not married and who have not completed high school shall be expected to use enrollment or continued attendance in high school or involvement in a high school equivalency program as a first step in the FIA, except when the parent is deemed incapable of participating in these activities by the local education agency.

(3) Parents aged 19 and younger shall include parenting skills training as described in subrule 93.9(1) in their FIA, or the case file shall include documentation that this requirement has been fulfilled.

(4) Parents under the age of 18 who are not married and who do not live with a parent or legal guardian shall include FaDSS, as described in 441—Chapter 49, or other family development services as described in subrule 93.9(2) in the FIA. The FaDSS or other family development services shall continue after the parent reaches the age of 18 only when the participant and the family development worker believe that the services are needed for the family to reach self-sufficiency.

d. FIA activities for participants convicted of a drug-related felony after August 22, 1996. A participant convicted of a drug-related felony after August 22, 1996, shall include drug rehabilitation

activities in the participant's FIA to verify that the participant does not illegally possess, use, or distribute a controlled substance except when:

(1) The participant successfully completed any applicable drug rehabilitation and court-ordered probation or parole resulting from the drug felony conviction, or

(2) The participant is currently on probation or parole and successfully completed all drug rehabilitation requirements resulting from the drug felony conviction, whether court-ordered or required by probation or parole.

e. Waiting lists. The department of health and human services reserves the authority to prioritize services to FIP applicants and participants in the order that best fits the needs of FIP applicants and recipients and PROMISE JOBS program participants. Participants who are placed on a waiting list for a PROMISE JOBS component shall include other appropriate activities in the FIA while waiting unless family circumstances indicate otherwise.

(1) Persons shall be removed from these waiting lists and placed in components at the discretion of state-level PROMISE JOBS administrators in order to help participants achieve self-sufficiency in the shortest possible time, meet budgetary limitations, enable participants to make maximum use of other programs, fulfill the federal minimum participation rate requirements, and meet other TANF requirements.

(2) Persons who were enrolled in approved postsecondary training at the time of FIP cancellation shall not be placed on a postsecondary training waiting list if the participant is still satisfactorily participating in approvable training at the time that FIP eligibility is regained.

f. Unavailability of funding. If funding for the PROMISE JOBS activities included in a participant's FIA or required supportive payments are not available, the participant's FIA shall be renegotiated to include different activities.

93.4(5) *Barriers to participation.* Problems with participation of a permanent or long-term nature shall be considered barriers to participation and shall be identified in the FIA as issues to be resolved or managed so that maximum participation can result.

a. Barriers defined. Barriers to participation include anything identified by an FIA-responsible person that prevents them from fully participating in PROMISE JOBS.

b. Inclusion in FIA.

(1) When barriers are identified by the applicant during initial assessment, removal or management of the barrier shall be part of the FIA from the beginning.

(2) When barriers are revealed by the participant or are identified by problems that develop after the FIA is signed, the FIA shall be renegotiated and amended to provide for removal or management of the barriers.

(3) In limited instances where special-needs care for a child or adult is not available, it may be most practical for the participant to develop the FIA to identify providing the care as part of the FIA.

(4) Victims of domestic violence may include in their FIA the family violence option, which is a plan to address or attempt to prevent domestic violence. The family violence option may allow for a temporary waiver from participation in PROMISE JOBS activities when appropriate for the participant or participant's situation.

(5) The PROMISE JOBS worker shall review the need for inclusion of a barrier to participation in the FIA at least once every six months to determine if the barrier continues to exist.

c. Cooperation with removing or managing barriers.

(1) Applicants. An FIA-responsible applicant who chooses not to cooperate in removing or managing barriers to participation identified during FIA development shall be denied FIP.

(2) Participants. A participant who chooses not to cooperate in removing or managing identified barriers to participation shall be considered to have chosen the LBP. If the participant claims a cognitive or physical disability or mental illness that is expected to last for more than 12 consecutive months, the participant is required to apply for social security disability and supplemental security income benefits. When the participant refuses to apply for those benefits, the FIP household is ineligible for FIP as described at 441—subrule 41.27(1), and the LBP does not apply.

93.4(6) *Failure to complete an FIA.*

a. FIP applicants. An applicant's failure to develop or sign an FIA will result in denial of the family's application for FIP assistance as described in 441—paragraphs 41.24(4)*"a"* through *"c."*

b. FIP participants. FIP participants who choose not to enter into an FIA or who choose not to continue its activities after signing an FIA shall enter into the LBP as described in 441—subrule 41.24(8).

93.4(7) *Progress reviews.* The PROMISE JOBS worker shall review all FIAs at least once every six months with input from at least one family member. FIA goals and, if appropriate, the needs for child care, transportation, and other supports shall be reviewed for continued appropriateness.

93.4(8) *Renegotiation.*

a. The FIA shall be renegotiated to reflect a new plan for self-sufficiency if:

(1) The participant has participated satisfactorily in the current FIA activities but is not self-sufficient by the end date specified in the FIA; or

(2) The participant demonstrates effort in carrying out the steps of the FIA but is unable to participate satisfactorily in the current FIA activities due to a barrier as described in subrule 93.4(5); or

(3) The participant's circumstances change to such an extent that the current FIA activities are no longer appropriate.

b. Participants who choose not to cooperate in the renegotiation process when requested by PROMISE JOBS shall be considered to have chosen the LBP. Procedures in subrule 93.4(5) and rules 441—93.13(239B) and 441—93.14(239B) shall apply.

93.4(9) *Reinstatement.* When a participant who has signed an FIA loses FIP eligibility and has not become exempt from PROMISE JOBS at the time of FIP reapplication, the contents of the original FIA and the participant's responsibility for carrying out the steps of that FIA may be reinstated when the steps of the FIA fit the family's current circumstances. The FIA shall be renegotiated and amended if needed to accommodate changed family circumstances.

[**ARC 9281C**, IAB 5/14/25, effective 7/1/25]

441—93.5(239B) Assessment. The purpose of assessment is to provide an evaluation of the FIP applicant or participant family that furnishes a basis for the PROMISE JOBS worker to determine: (1) family members' employability and educational potential, so that participants can make well-informed choices; and (2) the services that will be needed for the family to achieve self-sufficiency, so that the worker can provide appropriate guidance.

93.5(1) *Initial assessment.* All persons referred to PROMISE JOBS shall complete an initial assessment, which includes a form prescribed by the department and shall review, at a minimum, the family's basic needs as determined by the department. This initial assessment shall be used to develop the initial FIA. The PROMISE JOBS worker shall meet individually with FIA-responsible persons.

93.5(2) *Additional assessments.* Additional assessments may include but are not limited to literacy and aptitude testing, educational level and basic skills assessment, evaluation of job interests or job skills, occupation-specific assessment or testing, or an evaluation of past pertinent information. An additional assessment may be used by mutual agreement between the PROMISE JOBS worker and the participant as a tool and to help explore possible FIA development. For a specific additional assessment to be required, completion of the assessment must be specified in the FIA.

a. Additional information on applicants. If information identified during the initial assessment indicates that further information is needed to help the participant and PROMISE JOBS worker identify appropriate FIA activities and level of involvement, the applicant shall complete additional assessments as determined by the PROMISE JOBS worker. Completion of this assessment may be the first step in the initial FIA.

b. Medical examination. The PROMISE JOBS worker may require a person to complete a medical examination before including a particular PROMISE JOBS activity in the FIA when a participant specifies or exhibits any condition that might jeopardize successful participation in the program. The worker shall ask the health practitioner to indicate to the best of the practitioner's knowledge whether the person is capable of completing the FIA activity or continuing with appropriate employment.

c. Rehabilitation assessments. At any time during the assessment process or as more information is revealed, a referral may be made for professional assessments in physical health, mental health, substance use disorder, or other rehabilitative services.

d. Additional information on participants. Assessments may be completed or redone at any time throughout the development and duration of the FIA if the information is needed to help the participant and the PROMISE JOBS worker make decisions concerning the type or level of the participant's involvement in PROMISE JOBS activities.

93.5(3) *Postsecondary educational evaluation.* Participants who wish to include postsecondary education in their FIA shall complete an educational evaluation to determine the likelihood of success.

a. Request for education resulting in a vocational certificate or certificate of completion. Vocational certificate or certification of completion training programs offer short-term training in a specific vocational area. The PROMISE JOBS worker shall determine the likelihood of success using the following types of tools or information:

(1) A review of information from past training situations,
(2) Past job performance in comparable positions,
(3) Basic skills tests,
(4) Career-specific assessments,
(5) A specific standardized test, or
(6) Other key historical information.

b. Request for education resulting in an associate or baccalaureate degree. The PROMISE JOBS worker shall determine the likelihood of academic success through an educational evaluation. The evaluation may include use of the following types of tools or information:

(1) Standardized assessments in reading comprehension, math, and writing skills;
(2) Occupation-specific skills assessments;
(3) Interest inventories;
(4) Current or past grades; and
(5) Other pertinent historical information.

c. Documenting educational evaluation results. When a participant has requested education to be included in the FIA, the PROMISE JOBS worker shall document:

(1) What formal assessments were completed, if any, and what the results were;
(2) What other information was reviewed;
(3) How the evaluation information was used by the PROMISE JOBS worker in either approving or denying the inclusion of education in the participant's FIA; and
(4) Whether the request is approved or denied. If the request is denied, PROMISE JOBS shall issue a Notice of Decision: Services to the participant as required in paragraph 93.10(1)*"b."*

93.5(4) *Substituting or supplementing an assessment.*

a. Substituting assessment information. If the FIA-responsible person's mental status, physical status, and life situation have not changed significantly, comparable assessment information completed with another agency or person within the past two years may be used instead of performing new assessments.

(1) Examples of agencies or persons that may complete comparable assessment information include but are not limited to the department of workforce development, Head Start, public housing authorities, child welfare workers, vocational rehabilitation services, an educational institution or testing service, or family development services.

(2) The FIA-responsible person may authorize PROMISE JOBS to obtain these assessment results by signing a release of information prescribed by the department.

b. Supplementing assessment information. In order to ensure that the FIA activities do not conflict with any case plans that have already been established for the family, the FIA-responsible person may:

(1) Supplement assessment information, and
(2) Establish communication between the PROMISE JOBS worker and other agencies or persons.

c. Use of key historical information. When key historical information, such as a review of the participant's job history or past training outcomes, relays a clear picture of the participant's skills and abilities, a formal, standardized educational assessment may not be needed.

(1) If a participant is currently enrolled in or has been enrolled in comparable training or an academic program in the past two years, the evaluation of the participant's performance, including grades received, may be substituted for a formal, standardized educational assessment.

(2) When using historical information as an indicator of future success, changes in the participant's mental status, physical status, life circumstances, and motivation shall be given consideration.

93.5(5) *Assessment after FIP cancellation or LBP.* FIP participants who previously participated in either a basic or additional assessment and then were canceled from FIP or entered an LBP may be required to complete an assessment again when the PROMISE JOBS worker determines that updated information is needed for development or amendment of the FIA.

93.5(6) *Participants with FaDSS services only.* For participants with FaDSS services as the only activity in their FIA, the PROMISE JOBS worker shall use information provided by the FaDSS worker to help assess when a participant is ready to participate in other PROMISE JOBS activities. The PROMISE JOBS worker may require additional assessments to be completed if more information is needed to decide the type or level of the participant's involvement in other PROMISE JOBS activities.

93.5(7) *Documenting participation.* The participant shall provide documentation of participation in assessments as described in subrule 93.10(2). Persons who miss any portion of a scheduled assessment may be required to make up the missed portion, based on worker judgment and participant needs.

93.5(8) *Supportive payments allowed.* Except for assessment activities that occur on the same day as orientation, persons participating in assessment activities are eligible for child care assistance and transportation payments needed to allow the scheduled participation as described in rule 441—93.11(239B). When make-up sessions are required, the participant shall not receive an additional transportation payment, but necessary child care assistance shall be paid.

93.5(9) *Failure to complete assessment.* Participants who do not complete assessments that are written into their FIA shall be considered to have chosen the LBP unless they have good cause. Procedures in subrule 93.4(5) and rules 441—93.13(239B) and 441—93.14(239B) shall apply.

[**ARC 9281C**, IAB 5/14/25, effective 7/1/25]

441—93.6(239B) Job readiness and job search activities. Job readiness and job search activities include job readiness skills training and other activities that prepare a participant to search for or obtain employment, individual and structured job search, unplanned job opportunities, substance use disorder treatment, mental health treatment, and other rehabilitation activities. The participant and the PROMISE JOBS worker shall incorporate into the FIA the job readiness and job search activities that are appropriate for the goals, work history, skill level, and life circumstances of the participant.

93.6(1) *Job readiness.* Job readiness prepares participants to search for or obtain employment. Job readiness consists of job readiness skills training and other activities completed outside of a training session that prepare a participant to search for or obtain employment.

a. Delivery of job readiness skills training. Job readiness skills training is provided in scheduled sessions consisting of up to 30 hours of structured activity per week.

b. Job readiness skills training. Job readiness skills training may include but is not limited to:

(1) Interests and skills assessment;
(2) Self-esteem building and motivational exercises;
(3) Identifying and eliminating employment barriers;
(4) Résumé development;
(5) Completing job applications and follow-up letters;
(6) Obtaining interviews and communication skills;
(7) Interviewing skills development;
(8) Goal attainment planning;
(9) Soft skills and life skills;
(10) Job market trends and finding job leads;
(11) Self-marketing and positive attitude building; and
(12) Job retention skills.

c. Other job readiness activities. Job readiness may include activities that prepare the participant to search for or obtain employment and are completed outside of a training session.

d. Attendance. Attendance is required when a participant is scheduled for job readiness skills training or other job readiness activities unless the participant has good cause as described in rule 441—93.14(239B) or a barrier as described in subrule 93.4(5). Participants who miss any portion of job

readiness skills training may be required to either make up the missed portion of the sessions or to retake the entire week of training based on practical worker judgment and participant need.

e. Supportive payments allowed. Child care assistance and transportation payments shall be provided as described in rule 441—93.11(239B) when needed to participate in job readiness skills training or other job readiness activities. The transportation payment shall be paid before the first scheduled day of participation.

(1) Participants who must repeat or make up any portion of job readiness skills training because of absence due to reasons as described in rule 441—93.14(239B) shall receive an additional transportation payment as described in subrule 93.11(3) for each day that must be repeated and child care assistance. This rule applies only when the participant will have transportation costs that exceed the participant's original payment because of repeating or making up a portion of job readiness skills training.

(2) Participants who must repeat or make up any portion of job readiness skills training as a result of absences due to reasons other than those described at rule 441—93.14(239B) shall not receive an additional transportation payment.

f. Documenting job readiness skills training or other job readiness participation. Hours of participation in job readiness skills training or other job readiness activities shall be documented as described in subrule 93.10(2).

g. Failure to participate in job readiness skills training activities. Participants who without good cause do not appear for scheduled job readiness skills training activities as stated in the FIA shall be considered to have chosen the LBP. Procedures in subrule 93.4(5) and rules 441—93.13(239B) and 441—93.14(239B) shall apply.

93.6(2) *Individual job search.* Individual job search shall be available to all participants, particularly those who have recent ties with the workforce, have successfully removed or reduced barriers to work, have completed job readiness skills training, or have completed education or training activities and are now ready to work. Participants are not required to participate in individual job search full-time. Individual job search may be combined with other FIA activities to reach full-time equivalency. Hours of participation in individual job search shall be determined according to the participant's individual circumstances and be at a level that will reasonably allow the participant to successfully find full-time employment. If after three calendar months the participant still has not found employment, the worker shall review the participant's situation for possible barriers to employment or possible need for training to increase the participant's employability. Job search may continue if appropriate, but linking with other activities should be considered.

a. Job search plan. A written job search plan using a form prescribed by the department shall be developed with input from the PROMISE JOBS participant and the PROMISE JOBS worker. A copy shall be provided to the participant. The plan shall:

(1) Contain a designated period for job search not to exceed five weeks ending on a Friday within the same calendar month and the specific methods for finding job openings.

(2) Specify the number of hours to be committed for each week of the designated period so as to provide the most effective use of transportation funds.

(3) Specify due dates for providing documentation of job search activities.

(4) Contain information as specific as possible about areas of employment interest, employers to be contacted, and other pertinent factors.

b. Supportive payments allowed. Child care assistance and transportation payments shall be provided as described in rule 441—93.11(239B) when needed for participation in an individual job search. The transportation payment shall be paid in full prior to the start of each designated period of the individual job search. Transportation payments for any missed days of job search activity shall be subject to transportation overpayment policies as described in subrule 93.11(3).

c. Documenting job search participation. The participant shall document the actual hours spent on job contacts and other job search activities. Participant documentation shall be provided as described in subrule 93.10(2).

d. Failure to participate in individual job search. Participants who without good cause do not participate in the steps of the job search plan described at paragraph 93.6(2)*"a"* shall be considered to have

chosen the LBP. Procedures in subrule 93.4(5) and rules 441—93.13(239B) and 441—93.14(239B) shall apply.

93.6(3) *Unplanned job opportunity.* PROMISE JOBS participants who have an unplanned opportunity to interview or apply for a job shall be encouraged to take advantage of the opportunity.

a. Supportive payments allowed. Child care assistance and transportation payments needed to make an unplanned job contact shall be provided as described in rule 441—93.11(239B) when the following conditions are met:

(1) The participant has a signed FIA,

(2) The job contact requires transportation to complete an application or to attend an interview, and

(3) The participant provides documentation as described in paragraph 93.6(3)*"b."* Payment shall be issued after documentation is received.

b. Documenting participation. The participant shall provide documentation of the actual time spent making the specific job contact. Documentation shall be provided as described in subrule 93.10(2).

c. LBP. An LBP does not apply when a participant fails to complete a job contact that is not part of a structured or individual job search plan.

93.6(4) *Structured job search.* Structured job search is designed with scheduled activities and required hours of participation to reflect proven job search techniques and the employment environment of the PROMISE JOBS service area. A PROMISE JOBS worker is available to monitor the participant's progress in the participant's job search and to provide assistance and support. Structured job search provides up to 30 hours of scheduled activity. Hours of participation in structured job search shall be determined according to the participant's individual circumstance and may be full-time or at a level that will reasonably allow the participant to successfully find full-time employment.

a. Attendance. Participants are scheduled to appear daily at the PROMISE JOBS site to access resources for job leads. Participants who miss any portion of scheduled structured job search may be required to either make up the missed portion of the session or to retake the entire week of training based on practical worker judgment and participant need.

(1) Participants who obtain employment averaging 30 hours or more per week may discontinue structured job search.

(2) Participants who obtain employment averaging 20 hours or more per week, but less than 30 hours per week, may discontinue structured job search if part-time employment was the FIA goal or the scheduled job search hours conflict with the scheduled hours of employment. The participant may be required to participate in other FIA activities during the hours that do not conflict with employment hours.

(3) Participants who obtain employment averaging less than 20 hours per week shall continue structured job search unless the scheduled job search hours conflict with the scheduled hours of employment. The participant may be required to participate in other FIA activities during the hours that do not conflict with employment hours.

b. Job search plan. A written job search plan using a form prescribed by the department shall be developed with input from the PROMISE JOBS participant and the PROMISE JOBS worker. A copy shall be provided to the participant. The plan shall:

(1) Contain a designated period for job search and the specific methods for finding job openings.

(2) Specify the number of hours to be committed for the designated period so as to provide the most effective use of transportation funds.

(3) Specify the due date for providing documentation of job search activities.

(4) Contain information as specific as possible about areas of employment interests, employers to be contacted, and other pertinent factors.

c. Supportive payments allowed. Child care assistance and transportation payments shall be provided as described in rule 441—93.11(239B) when needed to participate in structured job search.

d. Documenting participation. The PROMISE JOBS worker shall verify and document each participant's monthly hours of actual participation in structured job search. Participant documentation shall be provided as described in subrule 93.10(2).

e. Failure to participate in structured job search. Participants who without good cause do not complete structured job search as identified in their FIA shall be considered to have chosen the LBP. Procedures in subrule 93.4(5) and rules 441—93.13(239B) and 441—93.14(239B) shall apply.

93.6(5) *Substance use disorder treatment, mental health treatment, and other rehabilitative activities.* Substance use disorder or mental health treatment or other rehabilitative activities are available when needed for a participant to be successful in participating in other FIA activities.

a. Treatment determination. The need for treatment or rehabilitative activities must be determined by a qualified medical professional, substance use disorder professional, or mental health professional. The qualified professional must document that treatment or rehabilitative activities are needed for the participant to obtain or retain employment.

b. Supportive payments allowed. Child care assistance and transportation payments shall be provided as described in rule 441—93.11(239B) when needed to participate in substance use disorder treatment, mental health treatment, or other rehabilitative activities.

c. Documenting participation. The service provider shall verify actual hours of participation in treatment. Documentation of participation shall be provided as described in subrule 93.10(2).

d. Failure to participate in treatment or other rehabilitative activities. Participants who without good cause do not participate in substance use disorder treatment, mental health treatment, or other rehabilitative activities as specified in their FIA shall be considered to have chosen the LBP. Procedures in subrule 93.4(5) and rules 441—93.13(239B) and 441—93.14(239B) shall apply.

[**ARC 9281C**, IAB 5/14/25, effective 7/1/25]

441—93.7(239B) Work activities. Work activities include full-time employment, part-time employment, self-employment, on-the-job training, work experience placement, and unpaid community service. The participant and the PROMISE JOBS worker shall incorporate into the FIA employment activities that are appropriate for the work history, skill level, and life circumstances of the participant. If the FIA activity is so hazardous that safety glasses, hard hats, or other safety equipment is needed, participation shall not be arranged or approved unless these safety precautions are available.

93.7(1) *Full-time or part-time employment.* FIAs may include full-time employment or part-time employment. Employment that does not lead to economic self-sufficiency may be included in the FIA only if the employment situation leads to better employment opportunities through building work skills and work history. More information about additional policies applicable to self-employment is contained in subrule 93.7(2).

a. Full-time employment. The goal for all participants is to participate in full-time employment. "Full-time employment" is defined as being employed an average of 30 or more hours per week.

(1) Persons who have not achieved self-sufficiency through full-time employment before the end date of the FIA may have the FIA extended.

(2) Persons who choose not to enter into the renegotiation process to extend the FIA shall be considered to have chosen the LBP. Procedures in subrule 93.4(5) and rules 441—93.13(239B) and 441—93.14(239B) shall apply.

b. Part-time employment. Part-time employment is defined as being employed an average of less than 30 hours per week. An FIA that includes part-time employment shall also include participation in other PROMISE JOBS activities, including additional part-time employment, unless barriers to participation exist as defined in rule 441—93.14(239B) and subrule 93.4(5).

c. Supportive payments allowed. Transportation expenses are not paid through PROMISE JOBS but are covered by FIP earned income deductions. Child care assistance shall be provided as described in rule 441—93.11(239B) when needed for employment.

d. Verification of employment hours. Participants must provide verification of employment hours as described in subrule 93.10(2).

e. Failure to provide verification. Failure to provide verification of work hours after receiving a written reminder letter will result in an LBP.

f. Failure to maintain employment. A participant who without good cause does not maintain employment as identified in the FIA shall be considered to have chosen the LBP. Procedures in subrule 93.4(5) and rules 441—93.13(239B) and 441—93.14(239B) shall apply.

93.7(2) *Self-employment.*

a. Calculation of hours. Hours of participation for persons who are self-employed shall be calculated using actual gross income less business expenses divided by the federal minimum wage. PROMISE JOBS shall use the same income as used for FIP eligibility and benefits.

(1) Participants with self-employment income that equates to 30 or more hours per week are considered to be working full-time.

(2) Participants with self-employment income that equates to less than 30 hours per week are considered to be working part-time.

b. Review of participation. The PROMISE JOBS worker shall review calculated hours:

(1) When income changes, or

(2) At least once every six months.

c. Progress toward self-sufficiency. At the participant's FIA review, the participant's progress is determined by noting incremental increases in income and calculated work hours. In order to maintain self-employment as the only FIA activity, participants must:

(1) Reach full-time employment as defined in subparagraph 93.7(2)*"a"*(1), or

(2) Show progress toward self-sufficiency.

d. Requiring other FIA activities. When a participant has been self-employed for more than 12 months and has not shown progress toward self-sufficiency, the FIA shall include the part-time self-employment in combination with participation in other PROMISE JOBS activities unless barriers to participation exist as defined in subrule 93.4(5) and rule 441—93.14(239B).

(1) The other activities could include additional part-time employment.

(2) When the determination that a participant has not shown progress toward self-sufficiency is made after the initial FIA is developed, the FIA shall be renegotiated to include the other PROMISE JOBS activities. Participants who choose not to enter into the FIA renegotiation process shall enter into an LBP as described in 441—subrule 41.24(8). Procedures in subrule 93.4(5) and rules 441—93.13(239B) and 441—93.14(239B) shall apply.

e. Supportive payments allowed. Transportation expenses are not paid through PROMISE JOBS but are covered by FIP earned income deductions. Child care assistance shall be provided as described in subrule 93.11(2) when needed for participation in self-employment.

f. Supportive payments not allowed. Funds may not be used to purchase supplies to enable a participant to begin a private business.

g. Documenting participation. Hours of participation in self-employment shall be calculated as specified in paragraph 93.7(2)*"a"* and documented in the case file. Participant documentation shall be provided as described in subrule 93.10(2).

h. Failure to maintain employment. Participants who without good cause do not maintain employment as identified in their FIA shall be considered to have chosen the LBP. Procedures in subrule 93.4(5) and rules 441—93.13(239B) and 441—93.14(239B) shall apply.

93.7(3) *On-the-job training.*

a. Definition. "On-the-job training" is defined as training in the public or private sector that:

(1) Is given to a paid employee while the employee is engaged in productive work, and

(2) Provides knowledge and skills essential to the full and adequate performance of the job.

b. Supportive payments. Transportation for on-the-job training is treated in the same manner as transportation for employment. Expenses are not paid through PROMISE JOBS but are covered by FIP earned income deductions. Child care assistance shall be provided as described in subrule 93.11(2) when needed for participation in on-the-job training.

c. Documenting participation. Documentation of participation shall be provided as described in subrule 93.10(2).

d. Failure to participate in on-the-job training. Participants who without good cause do not participate in on-the-job training as identified in their FIA shall be considered to have chosen the LBP. Procedures in subrule 93.4(5) and rules 441—93.13(239B) and 441—93.14(239B) shall apply.

93.7(4) *Work experience program.* Work experience sites shall provide participants with work experience.

a. Sponsors. Employers who participate in the work experience program are referred to as sponsors. Work experience sponsors may be public sector, private sector, community-based, faith-based, or nonprofit employers.

(1) Participants may be placed at work sites with religious institutions only when the work performed is nonsectarian and not in support of sectarian activities.

(2) Participants may not be used to replace regular employees in the performance of nonsectarian work for the purpose of enabling regular employees to engage in sectarian activities.

(3) Each work experience program sponsor shall provide to the PROMISE JOBS service provider a copy of the sponsor's safety rules before participants are referred for work-site placement.

b. Positions. To request a work experience placement, the sponsor shall complete a form prescribed by the department for each type of position the sponsor wishes to fill. The request shall include a complete job description that specifies all tasks to be performed by the participant. PROMISE JOBS has final authority to determine suitability of any work experience position offered by a sponsor. Work experience positions:

(1) Must contain the same job description and performance requirements that would exist if the sponsor were hiring an employee for the same position;

(2) Shall not be related to political, electoral, or partisan activities;

(3) Shall not be developed in response to or in any way be associated with the existence of a strike, lockout, or other bona fide labor dispute;

(4) Shall not violate any existing labor agreement between employees and employers;

(5) Shall comply with applicable state and federal health and safety standards;

(6) Shall not be used by sponsors to displace current employees or to infringe on the promotional opportunities of current employees;

(7) Shall not be used in place of hiring staff for established vacant positions; and

(8) Shall not result in placement of a participant in a position when any other person is on layoff from the same or an equivalent position in the same unit.

c. Participant selection. A participant's vocational skills and interests shall be matched as closely as possible with the job description and skills required by the sponsor.

(1) Participant responsibility. Participants shall interview for and accept positions offered by work experience sponsors. Participants shall present a form prescribed by the department to the sponsor at the interview. The form shall be completed by the sponsor and returned to PROMISE JOBS.

(2) Sponsor responsibility. Although sponsors are expected to accept work experience referrals made by PROMISE JOBS, sponsors may refuse any referrals they deem inappropriate for the available position. Sponsors shall not discriminate against any program participant because of race, color, religion, sex, age, creed, physical or mental disability, political affiliation, or national origin. Sponsors who refuse a referral must notify PROMISE JOBS in writing of the reason for the refusal.

d. Hours of participation. When a participant is involved in work experience that is subject to the Fair Labor Standards Act (FLSA) as amended to August 1, 2024, the participant cannot be required to work more hours than the amount of the monthly FIP grant divided by federal or state minimum wage, whichever is higher. Exception: To determine the maximum hours that can be required of a single-parent family on FIP with a child under the age of six, add the value of the family's Supplemental Nutrition Assistance Program (SNAP) benefits to the FIP grant amount before dividing by the minimum wage.

(1) A participant cannot be required to work more hours than those calculated under paragraph 93.7(4) *"d."* Only hours up to or less than that calculation can be included in the participant's FIA.

(2) If two or more members of the same household participate in work experience, the total required hours of participation of the household cannot exceed the hours calculated according to paragraph 93.7(4) *"d."*

(3) Each work experience assignment shall not exceed six months in duration.

e. Participant performance evaluations.

(1) Monthly evaluations. Sponsors shall complete a monthly evaluation of the participant's performance using a form prescribed by the department and provide a copy to PROMISE JOBS and to the participant.

(2) Final evaluations. Sponsors shall complete a form prescribed by the department at the time of termination for each work experience participant. When termination occurs at the sponsor's request, the sponsor shall specify the reason for termination and identify those areas of unsatisfactory performance. For participants who leave to accept regular employment or reach their work experience placement time limit, the sponsor's evaluation shall indicate whether or not a positive job reference would be provided if the participant requested one.

f. Supportive payments for work experience placements.

(1) Child care and transportation. Child care assistance and transportation payments shall be provided as described in rule 441—93.11(239B) when needed for participation in work experience.

(2) Required clothing and equipment. The sponsor will provide a documented list of clothing and equipment required by the work experience site. A participant may receive a one-time supportive expense payment per work-site assignment for clothing or equipment that is documented by the sponsor and that cannot be obtained from the sponsor or other resources.

(3) Workers' compensation. The department will provide workers' compensation coverage for all PROMISE JOBS work experience participants.

g. Documenting participation. Documentation of participation shall be provided as described in subrule 93.10(2).

h. Completion of work experience. Persons who complete a work experience assignment may move to another activity as provided under the FIA, be assigned to a different work site, or be reassigned to the same work site, whichever is appropriate under the FIA.

i. Failure to participate in work experience. A participant who without good cause does not participate in work experience as identified in the FIA shall be considered to have chosen the LBP. Procedures in subrule 93.4(5) and rules 441—93.13(239B) and 441—93.14(239B) shall apply.

93.7(5) *Unpaid community service.*

a. Work sites. Unpaid community service work sites shall be public or private nonprofit organizations. The PROMISE JOBS provider agencies shall provide community service work sites a written explanation of the following placement criteria. The placement:

(1) Shall comply with applicable state and federal health and safety standards;

(2) Shall not be related to political, electoral or partisan activities;

(3) Shall not be developed in response to or in any way associated with the existence of a strike, lockout, or other bona fide labor dispute;

(4) Shall not violate any existing labor agreement between employees and employers;

(5) Shall not be used to displace current employees or to infringe on their promotional opportunities;

(6) Shall not be used in place of hiring staff for established vacant positions; and

(7) Shall not result in placement of a participant in a position when any other person is on layoff from the same or an equivalent position in the same unit.

b. Locating the work site. When a participant and the PROMISE JOBS worker agree that an unpaid community service placement is appropriate, PROMISE JOBS shall assist the participant in identifying potential work sites. The participant is responsible for locating and making arrangements with the work site. Formal interviews are not required to establish the relationship between the participant and the work-site organization.

c. Length of assignment and weekly hours. The length of the work-site assignment and the weekly hours of participation shall be determined through agreement among the work-site organization, the participant, and the PROMISE JOBS worker. When a participant is involved in community service that is subject to the FLSA as amended to August 1, 2024, the participant cannot be required to work more hours than the amount of the participant's monthly FIP grant divided by federal or state minimum wage, whichever is higher. Only hours up to or less than the maximum calculated may be included in the participant's FIA. Exceptions are as follows:

(1) For a participant who is a single parent with a child under the age of six, the maximum hours that can be required are determined by adding the value of the participant's SNAP to the FIP grant amount before dividing by the minimum wage.

(2) Participants who are court-ordered to do community service shall work the number of hours required by the court.

d. Supportive payments. Child care assistance and a transportation payment for each month of participation or part thereof shall be paid as described in rule 441—93.11(239B) when needed for participation in unpaid community service.

e. Documenting participation. Documentation of participation shall be provided as described in subrule 93.10(2).

f. Failure to complete unpaid community service. Participants who without good cause do not participate in unpaid community service as specified in their FIA shall be considered to have chosen the LBP. Procedures in subrule 93.4(5) and rules 441—93.13(239B) and 441—93.14(239B) shall apply.

[**ARC 9281C**, IAB 5/14/25, effective 7/1/25]

441—93.8(239B) Education and training activities. Education refers to any academic or vocational course of study that enables a participant to complete high school, improves a participant's ability to read and speak English, or prepares a participant for a specific professional or vocational area of employment. Though employment leading to economic self-sufficiency is the eventual goal of all FIAs, it is recognized that education increases a person's chance of finding employment, particularly employment that leads to economic self-sufficiency. Any participant who requests participation in educational activities shall be evaluated to determine the likelihood of success. If the request is approved, a training plan shall be developed and included in the participant's FIA.

93.8(1) *Participant requirements.* The decision to include education in an FIA shall take into account the results of the educational evaluation pursuant to paragraph 93.8(1)*"b"* and the current educational level of the participant. Prior academic or vocational training is not, in itself, a reason for denial or approval of educational services. All family members who are approved for education shall be eligible for all program benefits, even when two or more family members are simultaneously participating and even if participation is at the same educational facility and in the same program. For education to be approved for inclusion in an FIA, the following requirements shall be met.

a. Vocational goal. For a participant enrolled in postsecondary education, the education must lead to a specific vocational goal. A degree in general studies or programs not leading to specific occupational outcomes cannot be included in a participant's FIA.

(1) Except as provided in subparagraph 93.8(1)*"a"*(2), a vocational goal must be in an occupational field for which available labor market information or emerging business trends in the participant's local area indicate employment potential. These trends or statistics must be provided by a legitimate source.

(2) Information to support employment potential in the participant's local area is not required when:

1. The participant has a documented job offer in the field before entering the training; or
2. The participant is willing to relocate after training to an area where there is employment potential. Documentation for the new location shall meet the requirements in subparagraph 93.8(1)*"a"*(1).

(3) For participants attending high school or high school equivalency activities, adult basic education or English as a second language, the vocational goal is to improve employability by successfully completing the activity.

b. Educational evaluation. An educational evaluation shall be completed according to subrule 93.5(3) before postsecondary education is included as an FIA activity. A participant under the age of 19 does not need to complete an educational evaluation in order to have high school completion included in the FIA.

(1) A participant who chooses to enter educational activities before obtaining approval is not eligible to receive supports as described in subrule 93.8(6), cannot use that activity to meet the FIA participation obligation, and shall be expected to participate in other FIA activities.

(2) A participant who is already involved in education at the time of FIP application or enters education before approval must meet the requirements in this rule before the educational activities can be included in the FIA. Once approved, the current educational activity may then be included in the participant's FIA, and the participant will be eligible to receive supports as described in subrule 93.8(6).

93.8(2) *Provider requirements.* Both public and private agencies may provide educational activities.

a. Type of provider. Education may be included in the FIA if obtained from a provider that is approved or registered with the state or is accredited by an appropriate accrediting agency. Training provided by a community action program, church, or other agency may be included in the FIA only if PROMISE JOBS determines that:

(1) The training is adequate and leads to the completion of the participant's vocational goal; and

(2) The training provider possesses appropriate and up-to-date equipment; has qualified instructors, adequate facilities, a complete curriculum, acceptable evaluation methods, and a good job-placement history; and demonstrates expenses of training that are reasonable and comparable to the costs of similar programs.

b. Time and attendance. The provider must verify the participant's actual hours of attendance in an educational activity with a form prescribed by the department pursuant to subrule 93.10(2). If the educational activity is structured in such a way that verification cannot be obtained or the educational provider is unwilling to provide time and attendance verification, the educational activity cannot be included in the participant's FIA. Exceptions apply for online or distance learning as described in paragraph 93.10(2)*"f"* and for participants under age 20 as described in subparagraph 93.10(2)*"b"*(3).

93.8(3) *Approvable activities.* Training plans shall include only training activities that can be considered as meeting the FIA obligations for participation. The following activities may be included in a training plan:

a. Adult basic education.

b. Continuing education units when needed for the participant to be recertified or retrained to reenter a field in which the participant was previously trained or employed or to maintain certification needed to remain employed.

c. Correspondence courses when the courses are required but not offered by an educational facility attended by the participant.

d. English as a second language.

e. High school or high school equivalency completion. Any participant who does not have a high school diploma or high school equivalency diploma (HSED) shall be encouraged to obtain a diploma. A participant who is 18 years of age or older may be approved to return to regular high school only when the participant can graduate within one year of the normal graduation date. High school equivalency or high school courses and other types of vocational training may run concurrently.

f. Online or distance learning. The training:

(1) Must include interaction between the instructor and the student;

(2) Must include mechanisms for evaluation and measurement of student achievement; and

(3) Must be offered in Iowa unless the conditions in paragraph 93.8(3)*"g"* apply. An online training program shall be considered an out-of-state training program when any of the required training or testing occurs out-of-state.

g. Out-of-state training. Out-of-state training is approvable only when:

(1) Similar training is not available in Iowa,

(2) Relocation required to attend an in-state facility would be unnecessary if attending an out-of-state facility, or

(3) The only in-state facilities within commuting distance are private schools where tuition costs are higher than at an out-of-state facility within commuting distance.

h. Postsecondary education up to and including a baccalaureate degree program.

(1) A participant with no postsecondary education may be approved for training resulting in a certificate of program completion or an academic degree, such as an associate or baccalaureate degree. Participants who have not completed a high school education or received a high school equivalency diploma (HSED) may be required to do so before courses leading to an associate degree or higher are approved.

(2) A participant who has a baccalaureate degree or higher is considered employable. No further training shall be approved unless the participant's physical or mental status has changed to such an extent that the past education is no longer appropriate. The participant must provide supportive evidence from either a qualified medical or mental health professional or the state rehabilitation agency.

(3) A participant who has successfully completed a postsecondary educational program that provides less than a baccalaureate degree may be approved for further training if the participant meets one of the following criteria:

1. The previous training is in an occupation that is outdated.
2. The previous training is in a field where current labor market information or emerging business trends show little or no employment opportunity.
3. The training requested is a progression in a specific career that moves a participant from entry-level positions to higher levels of pay, skill, responsibility, or authority.
4. The participant's background makes employment in the area in which the participant is trained impossible.
5. Changes in the participant's physical or mental status make the past training no longer appropriate. The participant must provide supportive evidence from a qualified medical or mental health professional or the state rehabilitation agency.

i. Prerequisite courses required by the selected training program.

j. Remedial coursework for one term when needed as determined by testing conducted by the training facility.

k. Summer school.

93.8(4) *Nonapprovable training activities.* Nonapprovable training activities shall not be included in the FIA. When an activity in which the participant is enrolled becomes nonapprovable, PROMISE JOBS shall cancel the current training plan and require the participant to renegotiate the FIA to include other activities. A form prescribed by the department shall be issued to inform the participant that the request for education is canceled. Nonapprovable activities include the following:

a. A course or training that the participant has previously completed.

b. Any course or training in a field in which the participant does not intend to seek employment after the training is completed. An exception may be made when the reason for not seeking employment is to receive further education when the education:

(1) Is a planned progression in a specific career path; and

(2) Will not lead to an advanced degree beyond a baccalaureate.

c. A training program that does not relate to the identified vocational goal.

d. Educational activities for which the participant has failed to earn the grades required for admission.

e. Education in a field in which the participant will not be able to be employed due to known criminal convictions or founded child or dependent adult abuse.

f. Out-of-state training except as allowed under paragraph 93.8(3)*"g."*

g. Training for jobs paying less than state minimum wage.

h. Training that will not be completed until after the participant leaves FIP. Training programs that exceed the known length of time during which the participant will remain eligible for FIP assistance shall be approved only if:

(1) The time remaining in the training is minimal and tuition has already been paid.

(2) There is a reasonable plan for how the program will be completed without the assistance and support from FIP or PROMISE JOBS. A reasonable plan may include but not be limited to school loans, grants, and scholarships.

93.8(5) *Training plan content.* Once a participant is approved for training, a training plan shall be developed and written into the participant's FIA. The training plan shall include:

a. Academic enrollment hours. Participants are encouraged to maintain as full an academic workload as is possible in order to complete their education in a timely manner. However, a person may choose to participate in education along with other activities such as employment, job readiness skills training, other job readiness activities, or other FIA activities.

b. Approved training plan activities.

c. The specific educational goal as defined in paragraph 93.8(1)*"a."*

d. A date by which the participant expects to complete training. This end date depends on:

(1) Time frames specified for a program as established by the educational facility.

(2) Whether the participant is attending full-time or part-time.

(3) Problems or barriers to involvement as identified in subrule 93.4(5) or 93.14(1).

e. Testing schedule. Participants enrolled in ABE or ESL programs must be able to complete training in the time determined by the testing schedule unless the PROMISE JOBS worker and, if appropriate, the participant's academic advisor or instructor agree that additional time may be allowed. Under no circumstances, however, shall more than 6 additional months be allowed. Additional time shall not be allowed if, as a result, months required to complete training would exceed 24 months for ABE or 12 months for ESL.

93.8(6) *Supportive payments.* PROMISE JOBS may provide payment for certain expenses when needed to participate in approved education and training activities as described in this subrule and in subrule 93.11(4).

a. Eligibility.

(1) Eligibility for PROMISE JOBS supportive payments for education and training begins with the date when the participant begins training under an approved plan or is removed from a waiting list as described in paragraph 93.4(4)*"e,"* whichever is later.

(2) Participant eligibility for child care assistance and transportation payments begins as described in subparagraph 93.8(6)*"a"*(1) and shall be terminated when a training plan is canceled.

(3) Each participant in postsecondary vocational training is limited to 24 fiscal months of PROMISE JOBS payment of expenses needed for participation. The 24 fiscal months do not have to be consecutive. More information about additional limits on child care expenses is contained in paragraph 93.8(6)*"b."*

(4) When more than one facility offers a particular program, payment is limited to the amount required to attend the nearest educational facility except when attending a facility that is farther away will allow the family to reach self-sufficiency earlier.

b. Child care. Child care assistance shall be provided as described in subrule 93.11(2) and 441—Chapter 170 when needed for participation in education and training activities except as described in subparagraphs 93.8(6)*"b"*(1) and (2).

(1) Child care assistance payments needed for participation in postsecondary education activities are limited to 24 fiscal months.

(2) All child care assistance payments issued for child care for participation in postsecondary education activities count toward this limit, including payments issued while the person was not a PROMISE JOBS participant, pursuant to 441—subparagraph 170.2(2)*"b"*(1).

c. Transportation. Transportation payments shall be provided as described in subrule 93.11(3) when needed for participation in educational activities unless transportation payments are available from another source. Transportation needed for participation in education activities is subject to the limits described in paragraph 93.8(6)*"a."*

(1) When a participant receives a transportation payment from another program that equals or exceeds that possible under PROMISE JOBS, transportation shall not be paid by PROMISE JOBS for any month covered by the other program.

(2) When the amount received from another program is less than that possible under PROMISE JOBS, a supplemental payment may be made as long as the combined payment does not exceed that normally paid by PROMISE JOBS.

(3) When a participant is enrolled in high school, a transportation payment shall not be allowed if transportation is available from another source, such as the school district. If child care needs or the needs of the child or the participant make it impractical or inappropriate for the participant to use transportation provided by the school district, a transportation payment may be authorized.

d. Training expenses. Participants enrolled in high school or high school equivalency completion, ABE, ESL, or postsecondary vocational training may be eligible for payment of the following expenses of training when required for participation, subject to limits in subrule 93.11(4):

(1) Enrollment fees,

(2) School application fees,

(3) Educational grant or scholarship application fees,

(4) Licensing, certification and testing fees,

(5) Travel costs required for certification or testing, and

(6) Certain practicum expenses as described in subparagraph 93.11(4)*"a"*(3).

e. Direct education costs. Participants enrolled in high school or high school equivalency completion, ABE, ESL, or short-term training programs of 29 weeks or less may also be eligible for payment for direct education costs, including:

(1) Tuition,

(2) Books,

(3) Fees including graduation,

(4) Basic school supplies,

(5) Specific supplies related to obtaining credit for a course and required of all students in a course, and

(6) Required uniforms.

f. Supplies purchased with PROMISE JOBS funds. Participants may keep any books or supplies, including tools, that were purchased with PROMISE JOBS funds.

93.8(7) *Documentation.*

a. Plan. The following information shall be documented in the participant's file.

(1) Evaluation results, pursuant to paragraph 93.8(1)*"b."*

(2) Current educational level.

(3) Justification for approval of additional postsecondary education pursuant to subrule 93.5(3).

(4) Academic probationary status pursuant to subrule 93.8(8).

(5) Justification for denial of education. Notice of Decision: Services shall be issued to the participant to deny the request for education.

b. Participation. A participant shall provide documentation of the actual hours of participation in education and homework and of grades and academic progress as described in subrule 93.10(2).

93.8(8) *Academic probation.* A participant may be placed on academic probation for at least one term, or a comparable time limit appropriate to the educational program, after which the participant shall be reevaluated for continued inclusion in education activities. This subrule does not apply to parents under the age of 18 who are attending high school completion programs.

a. Placing a participant on academic probation. The PROMISE JOBS worker may choose to place a participant on academic probation in the following circumstances:

(1) The educational evaluation completed according to paragraph 93.8(1)*"b"* identifies some factors with the participant's ability or past circumstances that could make successful completion of the training difficult but the participant's motivation is high and changes in the participant's life situation indicate a realistic probability of success.

(2) The participant was previously unable to maintain the cumulative grade point average required by a training facility in training comparable to that being requested.

(3) The participant enrolled but did not complete a previous education activity without good cause.

(4) At the end of a term, or of a comparable period applicable to the educational program, the participant is receiving less than a 2.0 grade point average or less than a higher average that is required by the specific training facility or curriculum.

b. Probation outcomes. The participant shall be removed from probation for satisfactory performance if, by the end of the established probationary period, the participant is receiving at least a 2.0 grade point average or a higher average as required by the specific training facility or curriculum.

(1) Reevaluation. If the participant is not receiving the required grade point by the end of the probationary period, the participant shall be reevaluated to determine continued eligibility for participation in education using the same type of information used to originally evaluate the likelihood of academic success as identified in paragraph 93.8(1)*"b."* Documentation shall meet the requirements as stated in subrule 93.8(7).

(2) Continued probation. Probation may be continued when reevaluation indicates that education is appropriate. The PROMISE JOBS worker may also consider continued probation when:

1. Temporary barriers such as illness or family emergencies that interfered with successful participation have been resolved.

2. Long-term barriers to successful participation have been identified and accommodations developed and implemented.

3. The counselor or the lead instructor in the educational program verifies that there is an excellent likelihood the student will raise the grade point to the acceptable level in the next term or a comparable time limit appropriate to the educational program.

(3) Cancellation of a training plan. The participant's current training plan shall be canceled if the participant has failed to maintain at least a 2.0 grade point average or a higher average required by the specific training facility or curriculum, and reevaluation indicates no mitigating circumstances as listed in subparagraph 93.8(8)*"b"*(2). When a training plan is canceled, the participant will be required to renegotiate the FIA to include either a new, more appropriate training plan or other FIA activities. Notice of Decision: Services shall be issued to the participant to inform the participant that the approval for education is canceled.

93.8(9) *LBP.* Participants in education choose an LBP through the following actions:

a. Failure to participate. The participant fails to maintain education activities or follow training plan requirements as specified in the participant's FIA, and the participant does not have good cause. Procedures in subrule 93.4(5) and 441—93.13(239B) and 441—93.14(239B) shall apply.

b. Misuse of payments. The participant misuses expense payments to the extent that the training plan is no longer achievable or knowingly provides receipts or any other written statements that have been altered, forged, or, in any way, are not authentic.

[**ARC 9281C**, IAB 5/14/25, effective 7/1/25]

441—93.9(239B) Other FIA activities.

93.9(1) *Parenting skills training.*

a. Parents aged 20 or older. For parents who are aged 20 or older when the FIA is signed, activities that strengthen the participant's ability to be a better parent can be considered approvable training under PROMISE JOBS and may be included in the FIA as long as the participant is active in at least one other PROMISE JOBS component. Parents aged 20 or older who do not carry out the parenting skills training described in the FIA shall be considered to have chosen the LBP unless good cause exists or family circumstances warrant renegotiation and amendment of the FIA. Procedures in subrule 93.4(5) and 441—93.13(239B) and 441—93.14(239B) shall apply.

b. Parents aged 19 or younger. Parents aged 19 or younger when the FIA is signed are required to include parenting skills training in the FIA, but may be excused from the requirement when documentation of satisfactory completion of parenting skills training is provided before the FIA is signed.

(1) Priority for orientation or assessment. In any month, PROMISE JOBS shall give priority for orientation or assessment services to parents who are already aged 19 in order to establish their responsibility for parenting classes before they are aged 20. This applies to those who are scheduled for orientation, to those who are still in assessment, and to those who have an FIA that must be renegotiated and amended.

(2) FIA requirement. The FIA shall be written or renegotiated and amended to include specific plans for parenting skills training and shall identify the training provider's name and beginning and ending dates of the training. The scheduled training may be in the future to accommodate availability of provider resources. However, it shall occur as soon as is compatible with the circumstances of the family, the other activities in the FIA, and the availability of provider resources, except as specified in paragraph 93.4(4)*"e."*

(3) Parents aged 19 or younger who are participating in a parenting skills training program at the time the FIA is signed shall be allowed to continue in that program, if they choose, as long as the provider is listed in paragraph 93.9(1)*"c"* or meets the requirements of paragraph 93.9(1)*"d"* and documentation of enrollment is provided. The time frames as described in paragraph 93.9(1)*"d"* shall be used to determine the remaining training time to be included in the FIA.

(4) Participation in other activities. Parents aged 19 or younger are not required to be participating in another PROMISE JOBS component to be eligible for parenting skills training. Other PROMISE JOBS components are included in the FIA according to policies in subrule 93.4(4).

c. Approved providers. The sources listed in this paragraph are approved providers for parenting skills training.

(1) High school departments of family and consumer sciences that offer child development, family relationships, or parenting classes and alternative high school programs for pregnant and parenting teens. Services shall be limited to a minimum of one semester and a maximum of two semesters.

(2) Community colleges, other associate-degree institutions, and baccalaureate-degree institutions that offer child development, family relationships, or parenting classes. Services shall be limited to one semester or two quarters.

(3) Area education agencies; child abuse prevention programs; child and adult food program sponsors; child care resource and referral agencies; family resource centers; maternal and child health centers; family development and self-sufficiency program grantees and other family development providers; Head Start, Head Start parent and child centers, and Early Head Start programs; Iowa State University Extension services; private nonprofit social service agencies; and young parent support and information organizations. Services shall be limited to:

1. A minimum of 6 contact hours or six weeks, whichever comes first, and
2. A maximum of 26 contact hours or six calendar months, whichever comes first.

d. Other providers of parenting skills training are approved as long as they:

(1) Have five of these six elements: child growth and development, child health and nutrition, child safety, positive discipline, relationships, and life skills.

(2) Offer training within the following time frames:

1. A minimum of 6 contact hours or six weeks, whichever comes first, and
2. A maximum of 26 contact hours or six calendar months, whichever comes first.

e. Supportive payments. For participants described in paragraphs 93.9(1)*"a"* and *"b,"* child care assistance and transportation payments shall be provided as described in rule 441—93.11(239B) when needed for participation in parenting skills training and not available from another source.

(1) Other expenses. Payment for tuition, fees, or books and supplies shall be made only when parenting skills training is not available from a free source in the local area. PROMISE JOBS shall not pay for any expenses that are covered by student financial aid in postsecondary educational institutions as provided elsewhere in these rules.

(2) Continuation of payments. If the participant chooses to continue with the parenting skills training program beyond the designated period of participation described in paragraphs 93.9(1)*"c"* and *"d,"* PROMISE JOBS responsibility for payment of expense payments shall not extend beyond the designated period unless completion is delayed by acceptable instances for nonparticipation as stipulated in rule 441—93.14(239B) or barriers to participation in subrule 93.4(5).

f. Participation in parenting skills training. The planned duration of the parenting skills training shall be determined by agreement between the participant and the training provider within the limits described in paragraphs 93.9(1)*"c"* and *"d."*

(1) In consultation with the PROMISE JOBS worker, the participant and the provider shall design a written agreement and provide a copy to PROMISE JOBS. The agreement shall designate the period during which the mandatory parenting skills training requirement will be fulfilled. The period specified in the agreement or notice of decision shall be included in the FIA.

(2) Participants who fail to carry out this step in the FIA shall be considered to have chosen the LBP.

g. Failure to complete parenting skills training. Parents aged 19 or younger who do not include parenting skills training in the FIA or do not carry out the parenting skills training described in the FIA shall be considered to have chosen the LBP. Procedures in subrule 93.4(5) and rules 441—93.13(239B) and 441—93.14(239B) shall apply.

93.9(2) *Family development.* Family development services are support services for PROMISE JOBS families in need of additional assistance, primarily provided by the FaDSS program operated by the department. The services are designed to promote, empower, and nurture the family to self-sufficiency and healthy reintegration into the community.

a. PROMISE JOBS may arrange for these services from entities that meet one of the following criteria wherever these are available. Family development services shall be:

(1) Provided by a FaDSS grantee; or

(2) Provided by a specialist that has been certified through the National Resource Center on Family Based Services at the University of Iowa College of Social Work or the National Family Support Certification Exam through the Institute for the Advancement of Family Support Professionals.

b. Inclusion of family development services by participants as an FIA activity is voluntary except for parents under the age of 18 who are not married and who do not live with a parent or legal guardian as described in subparagraph 93.4(4)*"c"*(4).

93.9(3) *Family planning counseling.* Referral for family planning counseling is an optional service that shall be offered to each applicant or participant. It is not a component of PROMISE JOBS.

a. The PROMISE JOBS worker shall:

(1) Discuss orally and in writing the financial implications of newly born children on the participant's family during PROMISE JOBS orientation or assessment, using a form approved by the department; and

(2) Assist the participant in locating local resources.

b. The FIA shall record participant response to the option of referral for family planning counseling. It is not acceptable for the FIA to have family planning counseling as the only step of the FIA.

c. Supportive payments. No supportive payments are allowed for family planning counseling.

d. Participation. LBP policies do not apply to participants who choose not to include family planning counseling in the FIA or who do not carry out the steps of family planning counseling.

[**ARC 9281C**, IAB 5/14/25, effective 7/1/25]

441—93.10(239B) Required documentation and verification.

93.10(1) *Written notification to participants.*

a. Notice of meetings, assignments, and issues. PROMISE JOBS shall notify participants in writing of all scheduled meetings, of FIA activity and work-site assignments, and of any participation issues as described in rule 441—93.13(239B). PROMISE JOBS shall also notify the participant in writing when the participant is required to provide medical documentation, verification of hours of participation, employment verification, or any other verification.

(1) PROMISE JOBS shall allow a participant ten calendar days from the date notice is mailed to appear for scheduled meetings unless the participant agrees to an appointment that is scheduled to take place in less than ten calendar days. If the tenth calendar day falls on a weekend or state holiday, the participant has until the next working day.

(2) PROMISE JOBS shall allow a participant ten calendar days from the date notice is mailed to appear for an FIA activity or work-site assignment or to provide medical documentation, employment verification, or any other verification, except as otherwise specified in subrule 93.10(2). If the tenth calendar day falls on a weekend or state holiday, the participant has until the next working day.

(3) PROMISE JOBS shall allow additional time upon request from the participant when the participant is making every effort but is unable to fulfill requirements within the established time frame.

b. Notice of decision. PROMISE JOBS shall send written notice to each participant in accordance with 441—Chapter 16 when services are approved, rejected, renewed, changed, canceled, or terminated for failure to cooperate or participate. PROMISE JOBS services are approved when the participant is assigned to begin participation in an activity as written in the FIA.

93.10(2) *Verification of participation and progress.* Hours of participation and a participant's progress in FIA activities must be documented and verified. When the participant is responsible for providing the verification, PROMISE JOBS shall notify the participant in writing as required in subrule 93.10(1).

a. FIA activities directly monitored by PROMISE JOBS. When the FIA activities are provided or directly monitored by PROMISE JOBS staff, such as job readiness skills training or structured job search, the staff shall document the participant's hours of attendance and progress in the case file.

b. FIA activities not directly monitored by PROMISE JOBS. When FIA activities are provided by a service provider other than PROMISE JOBS, the provider shall verify the participant's hours of attendance with a form prescribed by the department unless another method is required by this rule.

(1) The provider is expected to specify the participant's hours of attendance and to sign and date the Time and Attendance form.

(2) The participant is responsible for providing the signed and dated Time and Attendance form to PROMISE JOBS within ten calendar days following the end of each month, unless the provider provides the form to PROMISE JOBS within this time frame.

(3) Exception: If the participant is under age 20 and in high school or high school equivalency classes, the participant may verify the hours by completing and submitting a form prescribed by the department, Time and Attendance, monthly. The training provider does not need to sign the form.

c. Documentation of job search. The participant shall complete and provide documentation of any job search activities that cannot be verified by the PROMISE JOBS worker. The participant shall provide a form prescribed by the department within ten calendar days following the end of each month during which the participant has made a job search. The PROMISE JOBS worker shall consider the Job Search Activity Log complete if the form includes:

(1) Sufficient information to identify the employer that was contacted or the activity that was completed,

(2) The date that the contact was made or the date the activity was completed,

(3) The amount of time spent, and

(4) The participant's signature.

d. Employment verification. Participants shall verify actual hours of employment at the time that employment begins, upon FIP approval if employed at the time of application, when changes in hours occur, and no less than once every six months thereafter. Participants may use copies of pay stubs, an employer statement of earnings, or may sign a release of information prescribed by the department so that the employer may provide information directly to the PROMISE JOBS worker. Participants shall provide verification of actual hours of employment within ten calendar days of the written request from PROMISE JOBS.

e. Documentation of self-employment. At the time of the participant's FIA review, a self-employed participant shall provide documentation of actual hours worked and gross income and business expenses from the last 30 days. Data from more than 30 days may be requested if the last month is not indicative of normal business. The participant shall provide documentation within ten calendar days of the written request from PROMISE JOBS.

f. Distance learning. When a participant is involved in a distance-learning program, PROMISE JOBS will accept the documentation issued by the distance-learning institution verifying that the student participated in the sessions.

(1) Documentation may include the attendance records or log-in and log-out records available online or in an electronic format. Documentation may also be obtained through an agreement with a support agency that monitors the student's actual participation.

(2) The participant is responsible for providing the documentation within ten calendar days following the end of each month unless the institution provides the documentation to PROMISE JOBS within this time frame.

g. Failure to provide required documentation or verification. Participants who fail to provide documentation or verification as described in this subrule after written notification from PROMISE JOBS as described in subrule 93.10(1) shall be considered to have chosen the LBP. Procedures in subrule 93.4(5) and rules 441—93.13(239B) and 441—93.14(239B) shall apply.

93.10(3) *Verification of problems or barriers.* Participants may be required to provide written verification or supporting documentation of reported problems or barriers to participation.

a. Medical documentation. A participant shall secure and provide written documentation signed by a qualified medical or mental health professional to verify a claimed illness or disability within ten calendar days of a written request by PROMISE JOBS. This time limit may be extended due to individual circumstances, such as the need to obtain an updated evaluation. Acceptable verification includes a form prescribed by the department or other statement signed by a qualified medical or mental health professional to verify the existence of an illness, disability, or limitation. If the tenth calendar day falls on a weekend or state holiday, the participant has until the next working day.

b. Other documentation. A participant shall secure and provide written documentation to verify a claimed problem or barrier to participation within ten calendar days of a written request by PROMISE

JOBS. Acceptable documentation may include a signed statement from a third party with knowledge of the problem or barrier. If the tenth calendar day falls on a weekend or state holiday, the participant has until the next working day.

c. Failure to verify problem or barrier or to provide medical documentation. Failure to provide verification of a problem or barrier or to provide medical documentation as described in subrule 93.10(3) does not directly result in the imposition of an LBP. Examples of actions that do not directly result in LBP include but are not limited to failure to provide a form prescribed by the department or other statement from a medical or mental health professional to verify the existence of an illness or disability, or a statement from a third party with knowledge about the problem or barrier.

(1) Participants who claim an inability to participate on a full-time basis due to a claimed problem or barrier and who fail to provide verification or medical documentation upon written request may be required to renegotiate the FIA to include full-time participation in FIA activities. Failure to renegotiate the FIA may result in an LBP. Procedures in subrule 93.4(5) and rules 441—93.13(239B) and 441—93.14(239B) shall apply.

(2) Participants who claim a problem or barrier caused their failure to participate for the full number of hours identified in their FIA and who fail to provide verification of the problem or barrier or medical documentation upon written request may not be excused for the failure to participate. If the failure is not excused, the failure will result in imposition of an LBP if the failure meets the criteria described in subrule 93.13(2).

[**ARC 9281C**, IAB 5/14/25, effective 7/1/25]

441—93.11(239B) Supportive payments. In order to facilitate successful participation, PROMISE JOBS may provide payment for the expenses listed in this rule. Upon written request from PROMISE JOBS, participants shall submit a form prescribed by the department, or other acceptable estimate of costs, to initiate payments or change the amount of payment for expenses other than child care.

93.11(1) *Eligibility.* Participants are eligible for supportive payments needed for participation in activities in their FIA, subject to the limits in this chapter.

a. Applicants in an LBP who must complete significant contact with or action in regard to PROMISE JOBS for FIP eligibility to be considered as described in paragraphs 441—41.24(8)*"a"* and *"e"* are eligible for expense payments for the 20 hours of activity. However, PROMISE JOBS services and supportive payments are only available when it appears the applicant will otherwise be eligible for FIP.

b. Applicants who have received 60 months of FIP are eligible for PROMISE JOBS services and payments under the circumstances described in 441—subrule 41.30(3).

93.11(2) *Child care.* Payments for child care shall be issued through the child care assistance program as described in 441—Chapter 170.

a. Payment shall be provided for child care if:

(1) Care is needed for participation in any PROMISE JOBS activity other than orientation or assessment activities that occur before the FIA is signed,

(2) Payment is not specifically prohibited elsewhere in these rules, and

(3) Payment is not available from another source.

b. Payment shall be issued to the child care provider after the service has been received, as described in 441—subrule 170.4(7).

93.11(3) *Transportation.* Participants may receive a transportation payment for each day that transportation is needed for participation in a PROMISE JOBS activity. Transportation payments shall be determined according to the circumstances of each participant. If necessary, payments shall cover transportation for the participant and child from the participant's home to the child care provider and to the PROMISE JOBS site or activity.

a. Exclusions.

(1) A transportation payment is not available for orientation or for assessment activities that occur before the FIA is signed.

(2) A transportation payment is not available for employment. Participants who are employed shall be entitled to the earned income deduction described at 441—paragraph 41.27(2)*"a"* to cover transportation costs associated with employment.

b. Rate of payment. Payments shall not exceed the rate that the provider would charge a private individual.

(1) Public transportation. For those who use public transportation, the payment shall be based on the normally scheduled days of participation in the PROMISE JOBS activity for the period covered by the payment, using the rate schedules of the local transit authority to the greatest advantage, including use of weekly and monthly passes or other rate reduction opportunities.

(2) Private transportation. For participants who use a privately owned motor vehicle or who hire private transportation, the transportation payment shall be based on a formula that uses the normally scheduled days of participation in the PROMISE JOBS activity for the period covered by the payment multiplied by the participant's anticipated daily round-trip miles and then multiplied by the current state employee reimbursement rate.

c. Special transportation needs. Participants who require, due to a mental or physical disability, a mode of transportation other than a vehicle they operate themselves shall be eligible for payment of a supplemental transportation payment when documented actual transportation costs are greater than transportation payments provided under these rules and transportation is not available from another source.

(1) Medical evidence. To be eligible for a supplemental payment, the participant must provide medical evidence of the need for an alternate mode of transportation due to disability or incapacity. The evidence must be from a qualified medical or mental health professional, the state rehabilitation agency, or proof that the participant receives SSI or social security benefits due to disability or blindness.

(2) Payment rates. Actual costs of transportation by a public or private agency shall be allowed. Costs of transportation provided by private automobile shall be allowed as described in subparagraph 93.11(3) *"b"*(2).

d. Issuance of payments. The transportation payment shall be issued before the first scheduled day of participation in an activity. For participants in the same activity for more than one month, transportation payments shall be issued before the first day of the month of scheduled participation except as described below.

(1) Payments for the third and subsequent months of an ongoing activity shall not be authorized before receipt of time and attendance verification, as described in subrule 93.10(2), for the month before the issuance month. Example: A transportation payment for June, normally issued after May 15 to be available to the participant by June 1, will not be authorized until time and attendance verification for the month of April has been received in the PROMISE JOBS office.

(2) The amounts of payments for the third and subsequent months of an ongoing activity shall be adjusted by subtracting from normally scheduled days any number of days that represents a difference between the number of scheduled days of activity in the month before the issuance month and the number of actual days attended in that month. Example: A transportation payment is issued in May based on 16 scheduled days of participation for June. The participant attends only 14 days of the activity. When preparing to issue the August transportation allowance, the worker subtracts two days from the normally scheduled August activities to calculate the payment. If ten days of participation are scheduled, the transportation payment issued in July for August is calculated using eight days.

(3) Because adjustment for actual attendance is not possible in the last two months of an ongoing activity, transportation payments for the last two months of an ongoing activity will be subject to transportation overpayment provisions of subrule 93.12(1).

EXCEPTION: A transportation overpayment does not occur for any month in which the participant leaves the PROMISE JOBS activity in order to enter employment.

93.11(4) *Training and education expenses.* Participants shall use PROMISE JOBS payments that they receive to pay authorized expenses.

a. Classroom training. PROMISE JOBS payments for classroom training are limited as follows:

(1) Tuition payments for high school or high school equivalency completion, ABE, ESL, or short-term training programs of 29 weeks or less shall not exceed the rate charged by the Iowa community college located nearest the participant's residence that offers a course or program comparable to the one in which the participant plans to enroll. If an Iowa community college does not offer a comparable program, the

maximum tuition rate payment shall not exceed the Iowa resident rate charged by the out-of-state area school located nearest the participant's residence.

(2) A standard payment for actual costs of basic school supplies once per term shall be allowed for those participants who request it. Actual costs must be verified by receipts.

(3) A per diem payment of $10 for living costs during a practicum shall be allowed when the practicum is required by the curriculum of the training facility, would require a round-trip commuting time of three hours or more per day, and is not available closer to the participant's home. If practicum earnings or other assistance is available to meet practicum living costs, no payment shall be made.

(4) Payments may be authorized to meet the costs of travel required for certification and testing, not to exceed the transportation payment as described in subrule 93.11(3) and the current state employee reimbursement rate for meals and lodging.

(5) No payment shall be made for jewelry, pictures, rental of graduation gowns, elective courses that require expenditures for field trips or special equipment, such as photography or art supplies, or other items that are not required to complete training for a vocational goal.

b. Retroactive payments. Retroactive payments for transportation and allowable direct education costs shall be allowed only under the following conditions:

(1) If plan approval or removal from a waiting list occurs after the start of the term due to administrative delay or worker delay, payments shall be approved retroactive to the start of the term for which the plan is approved or removal from the waiting list is authorized. If the participant has already paid costs with private resources, the participant shall be reimbursed.

(2) If plan approval is delayed due to the fault of the participant, payment eligibility shall begin with the first day of the month during which the plan is approved or the month in which the participant is removed from a waiting list as described in paragraph 93.4(4)*"e,"* whichever is later. In this instance, there shall be no reimbursement for costs already paid by the participant.

c. Receipts. Participants shall furnish receipts for expenditures that they pay, except for transportation payments. Failure to provide receipts will preclude additional payments. Receipts may be requested for payments paid directly to the training provider if the PROMISE JOBS worker determines it is appropriate.

d. Payments directly to facility. PROMISE JOBS is authorized to provide payment for expenses allowable under these rules to the training facility for the educational expenses of tuition and fees and books and supplies that are provided by the facility and billed to the PROMISE JOBS participant. Payment may also be made to the participant in those situations where payment to the participant is determined to be appropriate by the PROMISE JOBS worker.

93.11(5) *Other expenses.*

a. Birth certificates. PROMISE JOBS funds shall be used to pay costs of obtaining a birth certificate when the birth certificate is needed in order for the participant to complete the workforce development registration process described in subrule 93.3(6).

b. Resources for examination. When an examination is required and other resources are not available to meet the expense of the examination, the PROMISE JOBS worker shall authorize the examination and submit a claim for payment on a form prescribed by the department.

c. Workforce Innovation and Opportunity Act. PROMISE JOBS funds may also be used to pay expenses for PROMISE JOBS participants enrolled in federal Workforce Innovation and Opportunity Act (WIOA) as amended to August 1, 2024, funded services or activities when those expenses are allowable under these rules.

[**ARC 9281C**, IAB 5/14/25, effective 7/1/25]

441—93.12(239B) Recovery of PROMISE JOBS expense payments. When an applicant, a participant, or a provider receives an expense payment for transportation or other supportive expenses that is greater than allowed under these rules or receives a duplicate payment of an expense payment, an overpayment is considered to have occurred and recovery is required. There are two categories of PROMISE JOBS expense payments subject to recovery: (1) transportation, and (2) other supportive expense payments.

93.12(1) Payment for transportation will be considered an overpayment subject to recovery in the following instances:

a. When the participant attends none of the scheduled days of participation in a PROMISE JOBS activity, the entire transportation payment will be considered an overpayment. Recovery of the overpayment will be initiated when it becomes clear that subsequent participation in the activity is not possible.

b. When the participant fails to attend 75 percent of the normally scheduled days of participation in either of the last two months of an ongoing PROMISE JOBS activity or in any transportation payment period of an activity that has not been used for payment adjustment as described in paragraph 93.11(3)*"d,"* an overpayment is considered to have occurred. The amount to recover will be the difference between the amount for the actual number of days attended and the amount for 75 percent of normally scheduled days.

93.12(2) The PROMISE JOBS worker shall make the referral to the department of inspections, appeals, and licensing by recording the overpayment in the overpayment recovery system.

93.12(3) The department of inspections, appeals, and licensing shall notify the participant or the provider when it is determined that an overpayment exists as described in 441—subrule 11.2(2).

a. Notification shall include the amount, date, and reason for the overpayment. Upon the participant's request, PROMISE JOBS shall provide additional information regarding the computation of the overpayment.

b. The participant may appeal the computation of the overpayment and any action to recover the overpayment through benefit reduction in accordance with 441—Chapter 2506.

93.12(4) A PROMISE JOBS overpayment shall be recovered through repayment in part or in full. Repayments received by PROMISE JOBS shall be transmitted to the department.

a. Overpayments of child care assistance issued for July 1999 and any month thereafter are subject to recovery rules of the child care assistance program set forth in rule 441—170.9(237A).

b. Reserved.

93.12(5) When a participant or a provider offers repayment in part or in full before the end of the 30-day appeal period, PROMISE JOBS or the department's local office will accept the payment. The amount of the voluntary repayment shall not be returned to the participant or provider unless the final decision on the appeal directs the department to do so. If a subsequent appeal request is received, the PROMISE JOBS unit shall notify the department of inspections, appeals, and licensing and shall not accept any further payments on the claim.

93.12(6) When a participant or a provider has been referred to the department of inspections, appeals, and licensing to initiate recovery, the department of inspections, appeals, and licensing shall use the same methods of recovery as are used for the FIP program as described in 481—Chapter 90, except that the FIP grant shall not be reduced to effect recovery without the participant's written permission.

a. When the participant requests grant reduction on a form prescribed by the department, the grant will be reduced for repayment as described in rule 441—46.25(239B).

b. The department of inspections, appeals, and licensing is authorized to take any reasonable action to effect recovery of provider overpayments, such as but not limited to informal agreements, civil action, or criminal prosecution. However, the department of inspections, appeals, and licensing shall not take any collection action on a provider overpayment that would jeopardize the participant's continued participation in the PROMISE JOBS program.

[**ARC 9281C**, IAB 5/14/25, effective 7/1/25; Editorial change: IAC Supplement 6/10/26]

441—93.13(239B) Resolution of participation issues. PROMISE JOBS participants who do not carry out the responsibilities of the FIA shall be considered to have chosen the LBP as described in 441—subrule 41.24(8). The participation issues listed in this rule are those that are important for effective functioning in the workplace or training facility and for the completion of the FIA.

93.13(1) *Notification of participation issue.* When participants appear to be choosing an LBP by not carrying out the FIA responsibilities, the PROMISE JOBS worker shall send one written reminder letter as specified in subrule 93.10(1). The written reminder letter shall:

a. Clearly identify the participation issue and the specific action needed to resolve it,

b. Clarify expectations,

c. Attempt to identify barriers to participation that should be addressed in the FIA,

d. Explain the consequences of the LBP, and

e. Offer supervisory intervention.

93.13(2) *Participation issues.* Actions that may cause participants to be considered as having chosen the LBP when the participant does not have a problem or barrier to participation as defined at paragraph 93.4(5)*"a"* or rule 441—93.14(239B) are:

a. Tardiness. Participants who, for a second time after PROMISE JOBS sends one written reminder letter as described in subrule 93.13(1) at the first occurrence, are more than 15 minutes late to a scheduled FIA activity without good cause or a barrier to participation.

b. Failure to attend scheduled activities. Participants who do not, for a second time after PROMISE JOBS sends one written reminder letter as described in subrule 93.13(1) at the first occurrence, appear for scheduled appointments, participate in assessment activities, including taking required vocational or aptitude tests, complete or provide required forms other than those described in subrule 93.10(3) or are absent from activities designated in the FIA.

c. Absence from work experience. Participants who do not, for a second time after PROMISE JOBS sends one written reminder letter as described in subrule 93.13(1) at the first occurrence, notify work experience sponsors or the PROMISE JOBS worker of an absence within one hour of the time at which they are due to appear.

d. Disruptive behavior. Participants who exhibit disruptive behavior for a second time after PROMISE JOBS sends one written reminder letter as described in subrule 93.13(1) at the first occurrence. "Disruptive behavior" means the participant hinders the performance of other participants or staff, refuses to follow instructions, uses abusive language, or is under the influence of alcohol or drugs.

e. Unsatisfactory performance or participation. Participants whose performance or participation in an FIA activity continues to be unsatisfactory after PROMISE JOBS sends one written reminder letter as described in subrule 93.13(1).

f. Physical threats. Participants who make physical threats to other participants or staff and have not provided written documentation from a doctor, licensed psychologist, probation officer, or law enforcement official after PROMISE JOBS sends one written reminder letter as described in subrule 93.13(1).

(1) "Physical threat" means having a dangerous weapon in one's possession and either threatening with or using the weapon or committing assault.

(2) The documentation must verify that the act was caused by either a temporary problem or a serious problem or barrier that needs to be included in the FIA. The documentation must also provide reasonable assurance that the threatening behavior will not occur again.

g. Accepting work experience assignments. Participants who do not accept work experience assignments when the work experience is part of the FIA and do not demonstrate a problem or barrier that caused the failure after PROMISE JOBS sends one written reminder letter as described in subrule 93.13(1).

h. Work experience interviews. Participants who do not appear for work experience interviews for a second time after PROMISE JOBS sends one written reminder letter as described in subrule 93.13(1) at the first occurrence.

i. Employment and other work activity issues. Participants who do not follow up on job referrals, who refuse offers of employment or other work activity, who reduce hours of employment or other work activity, who terminate employment or other work activity, or who are discharged from employment or other work activity.

(1) At the time of the occurrence, PROMISE JOBS shall send a letter to the participant. The letter shall give the participant an opportunity to resolve the issue by accepting a previously refused employment offer if available, returning to previously terminated employment, if available, obtaining comparable employment, or demonstrating a problem or barrier that caused the failure.

(2) Reserved.

j. Failure to secure child care. Participants who do not secure adequate child care when registered or licensed facilities are available after PROMISE JOBS sends one written reminder as described in subrule 93.13(1) and when PROMISE JOBS has provided the participant with resources for locating adequate child care.

k. Inappropriate use of funds. Participants for whom child care, transportation, or educational services become unavailable as a result of failure to use PROMISE JOBS funds or child care assistance funds to pay the provider or failure to provide required receipts and who do not demonstrate a problem or barrier that caused the failure after PROMISE JOBS sends one written reminder letter as described in subrule 93.13(1).

l. Failure to follow training plan. Education participants who do not follow the requirements of a training plan in the FIA as described in rule 441—93.8(239B).

m. Failure to renegotiate the FIA. When a participant fails to respond to the PROMISE JOBS worker's request to renegotiate the FIA because the participant has not attained self-sufficiency by the date established in the FIA, after PROMISE JOBS sends one written reminder letter as described in subrule 93.13(1), an LBP shall be imposed regardless of whether the request to renegotiate is made before or after expiration of the FIA.

93.13(3) *Choosing an LBP.*

a. Before determining that a participant has chosen the LBP due to a potential participation issue, the PROMISE JOBS worker shall make every effort to negotiate a solution and determine:

(1) Whether the participant has a problem that provides good cause for the participation issue as described in rule 441—93.14(239B). If so, the participant shall be encouraged to take actions to fulfill the FIA.

(2) Whether participant circumstances indicate that a barrier to participation exists as described in subrule 93.4(5). If so, the FIA shall be negotiated to address the barrier.

b. The participant may be considered to have chosen the LBP when all of the following occur:

(1) The participant is notified of a participation issue as described in subrule 93.13(1);

(2) The participant does not resolve the participation issue;

(3) The participant does not present acceptable evidence of a problem providing good cause for the issue as described in rule 441—93.14(239B); and

(4) The participant does not present acceptable evidence of a barrier to participation as described in subrule 93.4(5) or fails to renegotiate the FIA to address the identified barrier.

c. If the resolution process does not lead to fulfillment of the FIA, the case shall be referred for review.

(1) The department retains control and oversees review procedures even when another agency is contracted with to provide PROMISE JOBS services.

(2) Reserved.

d. If the above steps do not lead to fulfillment of the FIA, the FIP participant is considered to have chosen the LBP and the notice of decision will be initiated. The notice of decision will inform the participant of:

(1) The action needed to reconsider the LBP as described in 441—subparagraph 41.24(8)*"d"*(1) and 41.24(8)*"e"*(3).

(2) Appeal rights under the LBP are described in rule 441—93.15(239B).

[**ARC 9281C**, IAB 5/14/25, effective 7/1/25]

441—93.14(239B) Problems that may provide good cause for participation issues.

93.14(1) *Problems leading to less than full participation.* Problems affecting participation shall be considered to be of a temporary or incidental nature when the participation can easily be resumed. The following problems may provide good cause for participation of less than the full number of hours identified in the FIA. PROMISE JOBS may require the participant to provide verification of the problem or barrier as described in subrule 93.10(3):

a. Illness of the participant. When a participant is ill more than three consecutive days or if illness is habitual, the PROMISE JOBS worker may require medical documentation of the illness.

b. Illness of family member. When a participant is required in the home due to illness of another family member, the PROMISE JOBS worker may require medical documentation.

c. Family emergency, using reasonable standards of an employer.

d. Bad weather, using reasonable standards of an employer.

e. Absence or tardiness due to participant's or spouse's job interview. When possible, the participant shall provide notice of the interview at least 24 hours in advance including the name and address of the employer conducting the interview. When 24-hour notice is not possible, notice must be given as soon as possible and before the interview.

f. Leave due to the birth of a child. When a child is born after referral, necessary absence shall be determined in accordance with the Family Leave Act of 1993 as amended to August 1, 2024.

g. Court appearance.

h. Attendance at school functions of the participant's children or children in the participant's household.

i. Attendance at required meetings with the department or PROMISE JOBS.

j. Absence due to up to ten holidays per year.

(1) The participant must normally have been scheduled to work, or participate in an unpaid work activity on the given day and the work site or facility is closed due to a holiday, or open but the participant is allowed to take the participant's normally scheduled hours off on a different day.

(2) The holidays included are New Year's Day, Martin Luther King Day, President's Day, Memorial Day, Fourth of July, Labor Day, Veterans Day, Thanksgiving, the day after Thanksgiving, and Christmas.

93.14(2) *Problems leading to refusing or quitting a job or limiting or reducing hours.* The following problems may provide good cause for participation issues of refusing or quitting a job or limiting or reducing hours. PROMISE JOBS may require the participant to provide verification of the problem or barrier as described in subrule 93.10(3):

a. Required travel time from home to the job or available work experience or unpaid community service site exceeds one hour each way. This includes additional travel time necessary to take a child to a child care provider.

b. Except as described in 441—subrule 41.25(5), work offered is at a site subject to a strike or lockout, unless the strike has been enjoined under Section 208 of the Labor-Management Relations Act (29 U.S.C. 78A, commonly known as the Taft-Hartley Act) as amended to August 1, 2024, or unless an injunction has been issued under Section 10 of the Railway Labor Act (45 U.S.C. 160) as amended to August 1, 2024.

c. The work site violates applicable state or federal health and safety standards or workers' compensation insurance is not provided.

d. The job is contrary to the participant's religious or ethical beliefs.

e. The participant is required to join, resign from or refrain from joining a legitimate labor organization.

f. Work requirements are beyond the mental or physical capabilities as documented by medical evidence or other reliable sources.

g. Discrimination by an employer based on age, race, sex, color, disability, religion, national origin or political beliefs.

h. Work demands or conditions render continued employment unreasonable, such as working without being paid on schedule.

i. Circumstances beyond the control of the participant, such as interruption of regular mail delivery or other disruptions of services.

j. Employment change or termination is part of the FIA.

k. Job does not pay at least the minimum amount customary for the same work in the community.

l. The participant terminates employment in order to take a better-paying job, even though hours of the new job may be less than those in the previous job.

m. The employment would result in the family of the participant experiencing a net loss of cash income. Net loss of cash income results if the family's gross income less necessary work-related expenses is less than the cash assistance the person was receiving at the time the offer of employment is made. Gross income includes, but is not limited to, earnings, unearned income, and cash assistance. Gross income does not include SNAP benefits and in-kind income.

n. The employment changes substantially from the terms of hire, such as a change in work hours or work shift or a decrease in pay rate.

93.14(3) *Other problems.* The PROMISE JOBS worker may identify circumstances that could negatively impact the participant's achievement of self-sufficiency that are not described in subrule 93.14(1) or 93.14(2). When this occurs, the case shall be referred to the department for a determination as to whether the problems are acceptable reasons for:

a. Not participating,

b. Refusing or quitting a job, or

c. Discharge from employment due to misconduct as described in paragraph 93.13(2)*"i."*

[**ARC 9281C**, IAB 5/14/25, effective 7/1/25]

441—93.15(239B) Right of appeal. In accordance with 441—Chapter 2506, each applicant or participant is entitled to appeal and to be granted a hearing over disputes regarding: (1) services being received; (2) services that have been requested and denied, reduced, canceled, or inadequately provided; and (3) overpayments of PROMISE JOBS expense payments.

93.15(1) *Informal resolution process.* When there is a disagreement between the participant and the immediate PROMISE JOBS worker regarding the participant's FIA or participation in PROMISE JOBS components, the participant may request an interview with the supervisor and a decision on the dispute. The supervisor shall schedule a face-to-face interview with the participant within 7 days and issue a decision in writing within 14 days of the participant's request.

93.15(2) *Appeal on the content of the FIA.* A participant shall have the right to appeal the content of the FIA when the informal resolution process described in subrule 93.15(1) does not resolve a disagreement between the participant and the PROMISE JOBS worker.

93.15(3) *Appeal of an alleged violation of PROMISE JOBS program policy.* Participants shall have the right to file a written appeal concerning any alleged violation of a PROMISE JOBS program policy that is imposed as a condition of participation. PROMISE JOBS shall provide the participant with written documentation that specifies the participation requirement in dispute.

93.15(4) *Appeal rights under the LBP.* A participant has the right to appeal the establishment of the LBP only once, at the time the department issues the timely and adequate notice that establishes the LBP. However, when the reason for the appeal is based on incorrect grant computation, an error in determining the eligible group, or another worker error, a hearing shall be granted when the appeal otherwise meets the criteria for hearing.

93.15(5) *Recovery of assistance when a new LBP is established.* Assistance issued pending the final decision of the appeal is not subject to recovery when a new LBP period is established. A new LBP period shall be established when the department is affirmed in a timely appeal of the establishment of the LBP. All of the following conditions shall exist:

a. The appeal is filed either:

(1) Before the effective date of the intended action on the notice of decision or notice of action establishing the beginning date of the LBP, or

(2) Within ten days from the date on which a notice establishing the beginning date of the LBP is received. The date on which notice is received is considered to be five days after the date on the notice, unless the intended recipient shows that the recipient did not receive the notice within the five-day period.

b. Assistance is continued pending the final decision of the appeal.

c. The department's action is affirmed.

93.15(6) *Request for a hearing on work conditions or availability of workers' compensation coverage.* A participant who is enrolled in the PROMISE JOBS program may request a hearing if dissatisfied with working conditions, the availability of workers' compensation coverage or the wage rate used in determining hours of work experience program participation.

a. When any involved party is dissatisfied with the department's final decision, the dissatisfied party shall be informed of the right to appeal the issue to the Secretary of Labor, Office of Administrative Law Judges, U.S. Department of Labor, within 20 days of receipt of the decision. The department may assist with the appeal upon request.

b. For the purposes of this rule, the department's final decision shall be considered received the second day after the date that the written decision was mailed, unless the intended recipient can

demonstrate that it was not received on the second day after the mailing date. When the second day falls on a Sunday or legal holiday, the time shall be extended to the next mail delivery day.

c. The option to appeal to the Secretary of Labor does not preclude an individual from exercising any right to judicial review provided in Iowa Code chapter 17A or as described in 441—Chapter 2506.

[**ARC 9281C**, IAB 5/14/25, effective 7/1/25; Editorial change: IAC Supplement 6/10/26]

441—93.16(239B) Resolution of an LBP.

93.16(1) *Resolution process for a first LBP.* For participants who choose a first LBP, the notice of decision shall inform the participant of the action needed to reconsider the LBP as described in 441—subparagraph 41.24(8)*"d"*(1).

a. The notice of decision establishing a first LBP will inform the FIP participant that the participant may reconsider at any time from the date timely and adequate notice is issued establishing the LBP. The notice of decision will inform the participant that the participant shall contact the department or appropriate PROMISE JOBS office to reconsider the LBP.

b. When the participant contacts either the income maintenance worker or the PROMISE JOBS office, the participant shall be scheduled to begin or resume development of the FIA as described elsewhere in these rules.

c. When the FIA is signed, the PROMISE JOBS worker shall notify the department and the LBP shall be terminated. FIP benefits shall be effective as described in 441—subparagraph 41.24(8)*"d"*(1).

93.16(2) *Resolution process for a subsequent LBP.* The notice of decision establishing a subsequent LBP will inform the FIP participant of the six-month ineligibility period and that the participant may reconsider at any time following the six-month ineligibility period. To reconsider, the participant must complete significant contact with or action in regard to the PROMISE JOBS program as described in 441—subparagraph 41.24(8)*"e"*(3).

a. When the six-month ineligibility period ends and the participant contacts either the income maintenance worker or the PROMISE JOBS office, the participant shall be scheduled to sign a new or updated FIA and to begin significant action as described in 441—subparagraph 41.24(8)*"e"*(3).

b. When the FIA is signed and the participant has satisfactorily completed the significant action, the PROMISE JOBS worker shall notify the department and the LBP shall be terminated. FIP benefits shall be effective as described in 441—subparagraph 41.24(8)*"e"*(4).

[**ARC 9281C**, IAB 5/14/25, effective 7/1/25]

441—93.17(239B) Worker displacement grievance procedure. The PROMISE JOBS program shall provide a grievance procedure to address and resolve public complaints regarding the displacement of regular workers with program participants in a work experience placement.

93.17(1) The procedure shall provide that:

a. Complaints must be filed in writing and received by the PROMISE JOBS service provider within one year of the alleged violation.

b. A representative of the PROMISE JOBS service provider must schedule a face-to-face interview with the complainant within 7 days of the date the complaint is filed, to provide the opportunity for informal resolution of the complaint.

c. Written notice of the location, date and time of the face-to-face interview must be provided.

d. An opportunity must be provided to present evidence at the face-to-face interview.

e. The representative of the PROMISE JOBS service provider shall issue a decision in writing within 14 days of the date a complaint is filed.

f. A written explanation must be provided to all involved parties of the right to file a written appeal, according to 441—Chapter 2506, if the opportunity for informal resolution is declined, if a party receives an adverse decision from the PROMISE JOBS service provider, or if there is no decision within the 14-day period.

(1) To be considered, an appeal must be filed with the department within 10 days of the mailing date of the adverse decision or within 24 days of the date a complaint is filed.

(2) An appeal hearing will not be granted until informal resolution procedures have been exhausted, unless a decision has not been issued within 24 days of the complaint filing date.

93.17(2) The department will issue a final decision within 90 days of the date the complaint was filed with the PROMISE JOBS service provider.

93.17(3) Any dissatisfied party will be informed of the right to appeal the decision of the department to the Secretary of Labor, Office of Administrative Law Judges, U.S. Department of Labor, within 20 days of the receipt of the department's final decision.

a. For the purposes of this rule, the department's final decision will be considered received the second day after the date that the written decision was mailed unless the intended recipient can demonstrate that it was not received on the second day after the mailing date. When the second day falls on a Sunday or legal holiday, the time shall be extended to the next mail delivery date.

b. The option to appeal to the Secretary of Labor does not preclude an individual from exercising any right to judicial review as provided in Iowa Code chapter 17A or as described in 441—Chapter 2506.

93.17(4) Upon notice of a complaint or grievance, the PROMISE JOBS office must provide the complaining party with a copy of the grievance procedures, notification of the right to file a formal complaint and instruction on how to file a complaint.

93.17(5) Upon filing a complaint, and at each stage thereafter, each complainant must be notified in writing of the next step in the complaint procedure.

93.17(6) The identity of any person who has furnished information relating to, or assisting in, an investigation of a possible violation must be kept confidential to the extent possible, consistent with due process and a fair determination of the issues.

93.17(7) All employers who participate in the PROMISE JOBS program shall provide assurances that all regular employees are aware of this grievance procedure.

[**ARC 9281C**, IAB 5/14/25, effective 7/1/25; Editorial change: IAC Supplement 6/10/26]

TITLE X
SUPPORT RECOVERY

CHAPTER 94
CHILD SUPPORT PROMOTING OPPORTUNITIES FOR PARENTS PROGRAM

Chapter rescission date pursuant to Iowa Code section 17A.7: 4/1/30

441—94.1(252B) Definitions.

"Assigned support arrearages" means support arrearages for which all rights have been and will remain assigned to the state of Iowa.

"Designated provider" means any project approved in whole or in part by child support services and approved by the department to assist parents in overcoming the barriers that interfere with fulfilling obligations to their children. Each project must have a project plan approved by the department.

"Incentives" means satisfaction of support obligations and bypass of select enforcement tools, such as license sanction, administrative levy, and contempt.

"Participant" means a person who receives services or incentives through a project.

"Periodic support payment" means the total support payment due in each time period in accordance with the established support obligation. If no current support is due, the periodic support payment is equivalent to the last current support amount as would be ordered under 441—Chapter 98.

"Project plan" means the written policies, procedures, eligibility criteria and other components as described in subrule 94.3(2).

[**ARC 8960C**, IAB 2/19/25, effective 4/1/25]

441—94.2(252B) Purpose and incentives. Child support services may partner with community providers and resources to offer incentives to participants to assist in overcoming barriers to fulfilling their obligations and to encourage participants' completion of the project. The available incentives include the following:

94.2(1) *Satisfaction of the assigned support arrearages.*

a. A participant will be granted a partial satisfaction of the assigned support arrearages that are and that will remain owed by that participant to the state after that participant's successful completion of the project and payment of that participant's periodic support payments. Satisfactions granted under this subrule will apply only to those cases for which periodic support payment is credited.

b. Each satisfaction will be an amount equal to a percentage of that participant's support arrearages, which are and which will remain owed to the state, according to the following schedule:

(1) A one-time satisfaction after six consecutive months from the participant's completion of the project. The amount of satisfaction will be a percentage based on the amount of periodic support paid on all qualifying cases as follows:

1. When 100 percent of the periodic support is paid, the satisfaction amount will equal 50 percent of the amount owed to the state.
2. When 99 to 80 percent of the periodic support is paid, the satisfaction amount will equal 40 percent of the amount owed to the state.
3. When 79 to 60 percent of the periodic support is paid, the satisfaction amount will equal 30 percent of the amount owed to the state.
4. When 59 to 40 percent of the periodic support is paid, the satisfaction amount will equal 20 percent of the amount owed to the state.
5. When 39 to 20 percent of the periodic support is paid, the satisfaction amount will equal 10 percent of the amount owed to the state.
6. When 19 to 0 percent of the periodic support is paid, the satisfaction amount will equal 0 percent of the amount owed to the state.

(2) A one-time satisfaction after 12 consecutive months from the participant's completion of the project. The amount of satisfaction will be a percentage based on the amount of periodic support paid on all qualifying cases as follows:

1. When 100 percent of the periodic support is paid, the satisfaction amount will equal 100 percent of the amount owed to the state.

2. When 99 to 80 percent of the periodic support is paid, the satisfaction amount will equal 80 percent of the amount owed to the state.

3. When 79 to 60 percent of the periodic support is paid, the satisfaction amount will equal 60 percent of the amount owed to the state.

4. When 59 to 40 percent of the periodic support is paid, the satisfaction amount will equal 40 percent of the amount owed to the state.

5. When 39 to 20 percent of the periodic support is paid, the satisfaction amount will equal 20 percent of the amount owed to the state.

6. When 19 to 0 percent of the periodic support is paid, the satisfaction amount will equal 0 percent of the amount owed to the state.

c. A participant subject to an income withholding order will be eligible for the satisfaction in this subrule if the sole reason for ineligibility is a disparity between the schedules of the participant's pay date and the scheduled date the payment is due.

d. A participant will be eligible for a satisfaction under this subrule if the participant is no longer a participant but has continued to pay the participant's periodic support payment without interruption.

94.2(2) *Enforcement processes.* Child support services may bypass select enforcement tools if the participant is actively in the project.

[**ARC 8960C**, IAB 2/19/25, effective 4/1/25]

441—94.3(252B) Establishment of designated providers. Child support services may initiate a request for project plans to become designated providers.

94.3(1) *Contents of a request for project plans.* The request for project plans will contain the requirements for contents of the project plan and any other parameter for the specific project being advertised. The request will also contain a deadline by which project plans must be submitted to the department.

94.3(2) *Contents of project plans.* Each project will have and maintain a project plan. At a minimum, the project plan will contain or address the following:

a. The applicant's experience and success at integrating collaborations and services essential to the project.

b. The geographic area to be served and community need for projected services.

c. The projected number of participants to be served and the criteria to be used for the selection and termination of participants.

d. The specific parenting curriculum to be used. The curriculum must be well-established, have a track record of use and be field-tested.

e. A description of the components of the curriculum. The components of the curriculum should include personal development, responsible parenting, parenting skills, financial responsibilities, communication skills, and domestic violence prevention.

f. The schedule, location, hours of instruction and format for administering the curriculum.

g. A description of the organization and identification of staff responsible for delivering the curriculum. The staff should have experience in group facilitation and be certified trainers in the curriculum.

h. A clear explanation of how the curriculum and services will be monitored and evaluated, including how the participants will be tracked and what data will be collected.

i. Project duration.

94.3(3) *Amendments to project plan.* Participants may submit proposed amendments to their project plan in writing to the department. The department will have the option, after review, of approving or disapproving all proposed amendments to the project plan.

[**ARC 8960C**, IAB 2/19/25, effective 4/1/25]

441—94.4(252B) Selection of designated providers. The department will have sole authority to select designated providers. The department will select which of the project plans received on or before the

deadline date will be granted the status of designated providers. The selection of designated providers will be based upon the content of the project plan and must include the following:

1. Applicant's experience.
2. Geographic area selected and community need for the project.
3. Participants to be served and criteria to be used to select participants and terminate their participation.
4. The parenting curriculum to be used.
5. A description of the components of the curriculum.
6. The schedule, location, hours of instruction and format for administering the curriculum.
7. A description of the organization and identification of staff.
8. An explanation of monitoring and evaluation.
9. Project duration.

[**ARC 8960C**, IAB 2/19/25, effective 4/1/25]

441—94.5(252B) Termination of designated providers. The department may immediately terminate child support services' participation with a designated provider if the designated provider is not fulfilling the terms of its project plan or the designated provider is not fulfilling the terms for child support services' participation in the project plan.

[**ARC 8960C**, IAB 2/19/25, effective 4/1/25]

441—94.6(252B) Reports and records.

94.6(1) *Reports.* Designated providers established under these rules must report to child support services at least monthly unless otherwise mandated by the project plan. These reports must include the following:

a. Attendance documentation with the names of participants served.
b. Signed voluntary consent of participants seeking incentives.
c. Certification of participants completing the curriculum.
d. Other information as specified in the project plan.

94.6(2) *Records retention.* Designated providers must retain all records as necessary to meet the requirements of these rules.

[**ARC 8960C**, IAB 2/19/25, effective 4/1/25]

441—94.7(252B) Receipt of incentives. Participants receiving incentives under these rules may continue to receive the incentives after the termination of these rules or after they are no longer participants only under subrule 94.2(1). Subrule 94.2(1) will apply to a participant or former participant for the full time period allowed in that subrule.

[**ARC 8960C**, IAB 2/19/25, effective 4/1/25]

441—94.8(17A) Right of appeal. Child support services actions under this chapter are not subject to administrative appeal under 441—Chapter 2506.

[**ARC 8960C**, IAB 2/19/25, effective 4/1/25; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code section 252B.3(5) and chapter 17A.

[Filed ARC 8960C (Notice ARC 8548C, IAB 12/25/24), IAB 2/19/25, effective 4/1/25]
[Editorial change: IAC Supplement 6/10/26]

CHAPTER 95
CHILD SUPPORT SERVICES
[Prior to 7/1/83, Social Services[770] Ch 95]
[Prior to 2/11/87, Human Services[498]]

Chapter rescission date pursuant to Iowa Code section 17A.7: 4/1/30

441—95.1(252B) Definitions.

"Caretaker" means a custodial parent, relative, or guardian whose needs are included in an assistance grant paid according to Iowa Code chapter 239B, who is receiving this assistance on behalf of a dependent child, or who is a recipient of nonassistance child support services.

"Current support" means those payments received in the amount, manner, and frequency as specified by an order for support and that are paid to the clerk of the district court, the public agency designated as the distributor of support payments as in interstate cases, or another designated agency. Payments to persons other than the clerk of the district court or other designated agency do not satisfy the definition of support pursuant to Iowa Code section 598.22.

"Date of collection" means the date that a support payment is received by the department or the legal entity of any state or political subdivision actually making the collection, or the date that a support payment is withheld from the income of a responsible person by an employer or other income provider, whichever is earlier.

"Dependent child" means a person who meets the eligibility criteria established in Iowa Code chapter 234 or 239B, and whose support is required by Iowa Code chapter 234, 239B, 252A, 252C, 252F, 252H, 252K, 598 or 600B, and any other comparable chapter.

"Obligee" means any person or entity entitled to child support or medical support for a child.

"Obligor" means a parent, relative, or guardian or any other designated person who is legally liable for the support of a child or a child's caretaker.

"Prepayment" means payment toward an ongoing support obligation when the payment exceeds the current support obligation and amounts due for past months are fully paid.

"Public assistance" means assistance provided according to Iowa Code chapter 239B or 249A, the cost of foster care provided by the department according to Iowa Code chapter 234, or assistance provided under comparable laws of other states.

"Responsible person" means a parent, relative, or guardian or any other designated person who is or may be declared to be legally liable for the support of a child or a child's caretaker. For the purposes of calculating a support obligation pursuant to the mandatory child support guidelines prescribed by the Iowa Supreme Court in accordance with Iowa Code section 598.21B, this means the person from whom support is sought.

"Support" means child support or medical support or both for purposes of establishing, modifying, or enforcing orders and means spousal support for purposes of enforcing an order.

[**ARC 8961C**, IAB 2/19/25, effective 4/1/25]

441—95.2(252B) Child support eligibility and services.

95.2(1) *Public assistance cases.* Child support services will provide paternity establishment and support establishment, modification and enforcement services as appropriate, under federal and state laws and rules for children and families referred to child support services who have applied for or are receiving public assistance. Referrals under this subrule may be made by the family investment program (FIP), the Medicaid program, the foster care program, or agencies of other states providing child support services under Title IV-D of the Social Security Act as amended to August 1, 2024, for recipients of public assistance.

95.2(2) *Nonpublic assistance cases.* The same services provided by child support services for public assistance cases will also be made available to any person not otherwise eligible for public assistance. A person who is not on public assistance requesting services under this chapter will complete and submit to child support services a form prescribed by the department, or an electronic version of such application, for each parent from whom the person is seeking support. The person requesting services has the option to seek

support from one or both of a child's parents. Child support services will not require an application from the following:

a. Persons not receiving public assistance for whom an agency of another state providing Title IV-D child support services has requested services.

b. Persons for whom a foreign country as defined in Iowa Code chapter 252K has requested services.

c. Persons who are eligible for continued services upon termination of assistance under the family investment program or Medicaid.

95.2(3) *Services available.* Except as provided by separate rule, child support services will provide the same services to persons receiving public assistance and persons not receiving public assistance. Child support services will determine the appropriate enforcement procedure to be used. The services are limited to the establishment of paternity, the establishment and enforcement of child support obligations and medical support obligations, and the enforcement of spousal support orders if the spouse is the custodial parent of a child for whom the department is enforcing a child support or medical support order.

[**ARC 8961C**, IAB 2/19/25, effective 4/1/25]

441—95.3(252B) Crediting of current and delinquent support. The amounts received as support from the obligor will be credited as the required support obligation for the month in which they are collected. Any excess will be credited as delinquent payments, will be applied to the immediately preceding month, and then will be applied to the next immediately preceding month until all excess has been applied. Funds received as a result of federal tax offsets will be credited according to rule 441—98.30(252B).

The date of collection will be determined as follows:

95.3(1) *Payments from income withholding.* Payments collected as the result of income withholding are considered collected in the month in which the income was withheld by the income provider. The date of collection will be the date on which the income was withheld.

a. For the purpose of reporting the date the income was withheld, the department will notify income providers of the requirement to report the date income was withheld and will provide a form prescribed by the department to those income providers who manually remit payments. When reported on this form or through other electronic means or multiple account listings, the date of collection will be used to determine support distributions. When the date of collection is not reported, support distributions will initially be issued based on the date of the check. If proof of the date of collection is subsequently provided, any additional payments due the recipient will be issued.

b. When the collection services center (CSC) is notified or otherwise becomes aware that a payment received from an income provider pursuant to 441—Chapter 98 includes payment amounts such as vacation pay or severance pay, these amounts are considered irrevocably withheld in the months documented by the income provider. When the income provider does not document the months for which the sums are withheld, the amounts will initially be distributed based on the date of the check. If documentation is subsequently provided, any additional payments due the recipient will be issued.

95.3(2) *Payments from state or political subdivisions.* Payments collected from any state or political subdivision are considered collected in the same month the payments were actually received by that legal entity or the month withheld by an income provider, whichever is earlier. Any state or political subdivision transmitting payments to the department will be responsible for reporting the date the payments were collected. When the date of collection is not reported, support distributions will be initially issued based on the date of the state's or political subdivision's check. If proof of the date of collection is subsequently provided, any additional payments due the recipient will be issued.

95.3(3) *Additional payments.* An additional payment in the month that is received within five calendar days prior to the end of the month will be considered collected in the next month if:

a. CSC is notified or otherwise becomes aware that the payment is for the next month, and

b. Support for the current month is fully paid.

[**ARC 8961C**, IAB 2/19/25, effective 4/1/25]

441—95.4(252B) Prepayment of support. Prepayment that is due to the obligee will be sent to the obligee upon receipt by the department and will be credited as payment of future months' support. Prepayment that is due the state will be distributed as if it were received in the month when due. Support is prepaid when

amounts have been collected that fully satisfy the ongoing support obligation for the current month and all past months.
[**ARC 8961C**, IAB 2/19/25, effective 4/1/25]

441—95.5(252B) Lump sum settlement.

95.5(1) Any lump sum settlement of child support involving an assignment of child support payments will be negotiated in conjunction with child support services. Child support services will be responsible for the determination of the amount due the department, including any accrued interest on the support debt computed in accordance with Iowa Code section 535.3 for court judgments. This determination of the amount due will be made in accordance with 45 CFR Section 302.51 (as amended to August 1, 2024). The department may waive collection of the accrued interest when negotiating a lump sum settlement of a support debt if the waiver will facilitate the collection of the support debt.

95.5(2) Child support services is responsible for the determination of the department's entitlement to all or any of the lump sum payment in a paternity action.
[**ARC 8961C**, IAB 2/19/25, effective 4/1/25]

441—95.6(17A) Appeals. Nonreceipt of support collected by the department that is to be paid to the obligee may be appealed pursuant to the procedures provided in this rule if the obligee claims that the payment was credited to the incorrect month in accordance with subrules 95.3(1), 95.3(2), and 95.3(3).

95.6(1) *Contact.* Obligees who believe they have not received all or part of a support payment to which they are entitled in accordance with subrules 95.3(1), 95.3(2), and 95.3(3) must first contact a customer service representative and indicate that they have not received the payment.

a. An obligee may contact a customer service representative by telephone or in writing.

b. The department will acknowledge this contact in writing, indicating the months at issue.

95.6(2) *Written decision.* Within 30 days of the contact, the department will issue a written decision on all contested support distributions based on the date of collection.

95.6(3) *Initiation of appeal.* If the department denies some or all support payments that are claimed based on the date of collection, the obligee may initiate an administrative appeal.

a. To initiate an administrative appeal, the obligee will make a written request to child support services indicating an intent to appeal.

b. The time limit for initiating an administrative appeal is governed by 441—subrule 2506.4(7). The time limit provided in 441—subrule 2506.4(7) will start with the date that a written decision as required by subrule 95.6(2) is issued.

c. If no written decision has been issued after 30 days, the obligee may appeal the failure to issue a written decision. The appeal may be initiated at any time after 30 days and before a written decision is issued.

95.6(4) *Limitation of appeals.* Appeals will be limited to claims based on child support received by the department during the nine-month period before the month in which the appeal is initiated.

95.6(5) *Appeal process.* Except as specifically provided in this rule, administrative appeals are governed by 441—Chapter 2506.

95.6(6) *Appeal issue.* The issue in appeals held pursuant to these procedures will be limited to the obligee's entitlement to a support payment that has been collected by the department.
[**ARC 8961C**, IAB 2/19/25, effective 4/1/25; Editorial change: IAC Supplement 6/10/26]

441—95.7(252B) Termination of services.

95.7(1) *Case closure criteria.*

a. Child support services may terminate services when a case meets at least one of the following case closure criteria and child support services maintains supporting documentation for the case closure decision in the record:

(1) There is no ongoing support obligation and arrearages are under $500 or unenforceable under state law.

(2) The noncustodial parent or alleged father is deceased and no further action, including a levy against the estate, can be taken.

(3) The noncustodial parent is living with the minor child as the primary caregiver, the custodial parent is deceased, and there is no assignment to the state of support or of arrearages that accrued under the support order.

(4) Child support services cannot establish paternity because:

1. The child is at least 18 years old and the statute of limitations bars an action to establish paternity;

2. A genetic test or a court or administrative process has excluded the alleged father and no other alleged father can be identified;

3. Child support services has determined that it would not be in the best interest of the child to establish paternity in a case that involves incest or rape or a case in which legal proceedings for adoption are pending; or

4. The identity of the biological father is unknown and cannot be identified after diligent efforts, including at least one interview by child support services with the recipient of services.

(5) The noncustodial parent's location is unknown and child support services has made diligent efforts to locate the noncustodial parent using multiple sources, in accordance with regulations in 45 CFR Section 303.3 (as amended to August 1, 2024), all of which have been unsuccessful, within the applicable time frame:

1. Over a three-year period when there is sufficient information to initiate an automated locate effort.

2. Over a one-year period when there is not sufficient information to initiate an automated locate effort.

(6) Child support services has determined that, throughout the duration of the child's minority (or after the child has reached the age of majority), the noncustodial parent cannot pay support and shows no evidence of support potential because the parent has been institutionalized in a psychiatric facility, is incarcerated, or has a medically verified total and permanent disability. Child support services must also determine that the noncustodial parent has no income or assets available above the subsistence level that could be levied or attached for support.

(7) The noncustodial parent's sole income is from supplemental security income (SSI) payments.

(8) The noncustodial parent is a citizen of and lives in a foreign country, does not work for the federal government or a company with headquarters or offices in the United States, and has no reachable domestic income or assets and there is no federal or state treaty or reciprocity with the country.

(9) In a case involving child support services to a person who is not a recipient of public assistance, child support services has provided location-only services.

(10) Child support services has received a written or verbal request from the recipient of services to close the case and there is no assignment to the state of support or of arrearages that accrued under the support order.

(11) In a case involving child support services to a recipient of public assistance, there has been a finding of good cause or other exception in a public assistance case as specified in 441—subrules 41.3(6) through 41.6(10) and 75.14(3), including a determination that support enforcement may not proceed without risk or harm to the child or caretaker relative.

(12) In a case involving child support services to a person who is not a recipient of public assistance or who is a recipient of public assistance receiving Medicaid only, child support services has received information that the address in child support services' record is no longer current and child support services is unable to contact or otherwise locate the recipient within 60 days following receipt of this information despite a good-faith effort to contact the recipient through at least two different methods.

(13) In a case involving child support services to a person who is not a recipient of public assistance or who is a recipient of public assistance receiving Medicaid only, the recipient of services has failed to cooperate with child support services, which documented the circumstances of the noncooperation, and an action by the recipient of services is essential for the next step in providing services. More information is contained in rule 441—95.11(252B).

(14) Child support services documents failure by the initiating agency, as defined under 45 CFR Section 301.1 (as amended to August 1, 2024), to take an action that is essential for the next step in providing services.

(15) The initiating agency, as defined under 45 CFR Section 301.1 (as amended to August 1, 2024), has notified child support services that the initiating agency has closed its case.

(16) The initiating agency, as defined under 45 CFR Section 301.1 (as amended to August 1, 2024), has notified child support services that its intergovernmental services are no longer needed.

(17) Another assistance program, including IV-A, IV-E, SNAP, and Medicaid, has referred to child support services a case for which it is inappropriate to establish, enforce, or continue to enforce a child support order and the custodial or noncustodial parent has not applied for child support services.

(18) The case meets any other basis for case closure based upon federal law.

b. Child support services may terminate services when no support or arrearages that accrued under the support order are assigned to the state and the recipient of services requested child support services to close the case to allow the tribal IV-D agency to start providing services under that program.

c. Child support services will close a case and maintain supporting documentation for the case closure decision when the following criteria have been met:

(1) Child support services is notified that the child is eligible for health care services from the Indian Health Service (IHS); and

1. The IV-D case was opened because of a Medicaid referral based solely upon health care services, including the Purchased/Referred Care Program, provided through an Indian health program as defined in 25 U.S.C. Section 1603(12) (as amended to August 1, 2024); and

2. The recipient of services requests that child support services close the case.

(2) Child support services receives instructions for case closure from an initiating agency as defined under 45 CFR Section 301.1 (as amended to August 1, 2024). Within ten working days, child support services will stop the income withholding order or notice and close the intergovernmental IV-D case.

95.7(2) *Case closure notifications.* In cases meeting one of the criteria of subrule 95.7(1), except subparagraph 95.7(1)*"a"*(9), 95.7(1)*"a"*(10), or 95.7(1)*"a"*(11), child support services will send notification of its intent to close the case to the recipient of services or the initiating agency, as defined under 45 CFR Section 301.1 (as amended to August 1, 2024), in writing 60 calendar days before case closure. The notice will be sent to the recipient of services or the state requesting services at the last-known address stating the reason for denying or terminating services, the effective date, and an explanation of the right to request a hearing according to 441—Chapter 2506. Closure of the case following notification is subject to the following:

a. If, in response to the notice, the recipient of services or the initiating agency, as defined under 45 CFR Section 301.1 (as amended to August 1, 2024), supplies information that could lead to the establishment of paternity or a support order or enforcement of an order, the case will be kept open.

b. If the case is to be closed because child support services was unable to contact the recipient of services, as provided in subparagraph 95.7(1)*"a"*(12), the case shall be kept open if contact is reestablished with the recipient of services before the effective date of the closure.

c. The recipient of services may request to have child support services reopen the case at a later date if there is a change in circumstances that could lead to the establishment of paternity or a support order or enforcement of an order by completing a new application and paying any applicable fee.

d. If the recipient of services specifically authorizes consent for electronic notifications, child support services may elect to notify the recipient of services electronically of child support services' intent to close the case. Child support services must maintain documentation of the recipient's consent in the case record.

[**ARC 8961C**, IAB 2/19/25, effective 4/1/25; Editorial change: IAC Supplement 6/10/26]

441—95.8(252B) Child support services attorney.

95.8(1) *State's representative.* An assistant attorney general, assistant county attorney, or independent contract attorney employed by or under contract with child support services represents only the state of Iowa. The sole attorney-client relationship for the child support services attorney is between the attorney and the state of Iowa. A private attorney acting under Iowa Code section 252B.6A is not a child support services attorney and is not a party to the action.

95.8(2) *Provision of services.* The special role of the child support services attorney is limited by the attorney-client relationship between the attorney and the state of Iowa. The provision of legal services by the child support services attorney is limited as follows:

a. The child support services attorney will not represent any person or entity other than the state of Iowa in the course of the attorney's employment by or contractual relationship with child support services.

b. Child support services will issue written disclosure of the attorney-client relationship between the attorney and the state of Iowa to recipients of child support services and to all parties in a review and adjustment proceeding.

95.8(3) *Communication concerning case circumstances.*

a. Child support services will provide case status information upon written request by any recipient of child support enforcement services or any party under the review and adjustment procedure unless otherwise prohibited by state or federal statute or rules pertaining to confidentiality.

b. All communications with other parties will be directed to those parties personally unless a licensed attorney has entered an appearance or notified child support services in writing that the attorney is representing a party. If any party is represented by counsel, all communications will be directed to counsel for that party.

c. When a party is receiving public assistance, child support services will refer any suspected fraud or questionable FIP expenditures to the appropriate governmental agencies.

[**ARC 8961C**, IAB 2/19/25, effective 4/1/25]

441—95.9(252B) Effective date of support. For all original orders established by child support services, the effective date of the support obligation under the orders will be the twentieth day following the date the order is prepared by child support services unless otherwise specified.

[**ARC 8961C**, IAB 2/19/25, effective 4/1/25]

441—95.10(252B) Continued services available to canceled FIP or Medicaid recipients. Support services will automatically be provided to persons who were eligible to receive support services as recipients of FIP or Medicaid and who were canceled from FIP or Medicaid. Continued support services will not be provided to a person who has been canceled from FIP or Medicaid when a claim of good cause, as defined at 441—Chapter 41 or 75, as appropriate, was valid at the time assistance was canceled or when one of the reasons for termination of services included in rule 441—95.7(252B) applies to the case.

Support services will be provided to eligible persons without application or application fee, subject to applicable enforcement fees.

95.10(1) *Notice of services.* When a family is no longer eligible for public assistance, the department will forward a form prescribed by the department to the family's last-known address within five working days of the notification of ineligibility to inform the family of the following:

a. Unless the family notifies the department to the contrary, services will continue.

b. The effect of continuing to receive support services, including the available services and the state's policies on fees, cost recovery, and distribution.

95.10(2) *Termination of services.*

a. A person may request that the department terminate support services at any time by completing and returning a form prescribed by the department, or in any other form of written communication, to child support services.

b. Continued support services may be terminated at any time for any of the reasons included in rule 441—95.7(252B).

95.10(3) *Reapplication for services.* A person whose services were denied or terminated may reapply for services by completing the application process described in subrule 95.2(2).

[**ARC 8961C**, IAB 2/19/25, effective 4/1/25]

441—95.11(252B) Cooperation of public assistance recipients in establishing and obtaining support. If a person who is a recipient of FIP or Medicaid is required to cooperate with child support services in establishing paternity; in establishing, modifying, or enforcing child or medical support; or in enforcing spousal support, the following apply:

95.11(1) *Cooperation defined.* The person will cooperate in good faith in obtaining support for persons whose needs are included in the assistance grant or Medicaid household, except when good cause or other exception as defined in 441—Chapter 41 or 75 for refusal to cooperate is established.

a. The person will cooperate in the following areas:

(1) Identifying and locating the parent of the child for whom assistance or Medicaid is claimed.

(2) Establishing the paternity of a child born out of wedlock for whom assistance or Medicaid is claimed.

(3) Obtaining support payments for the person and the child for whom assistance is claimed and obtaining medical support for the person and child for whom Medicaid is claimed.

b. Cooperation includes the following actions by the person if the action is requested by child support services:

(1) Providing the name of the noncustodial parent and additional necessary information.

(2) Appearing at child support services to provide verbal or written information or documentary evidence known to, possessed by, or reasonably obtained by the person that is relevant to achieving the objectives of the child support program.

(3) Appearing at judicial or other hearings, proceedings, or interviews.

(4) Providing information or attesting to the lack of information under penalty of perjury.

(5) If the paternity of the child has not been legally established, submitting to blood or genetic tests pursuant to a judicial or administrative order. The person may be requested to sign a voluntary affidavit of paternity after being given notice of the rights and consequences of signing such an affidavit as required by Iowa Code section 252A.3A. However, the person will not be required to sign an affidavit or otherwise relinquish the right to blood or genetic tests.

c. The person will cooperate with child support services to the extent of supplying all known information and documents pertaining to the location of the noncustodial parent and taking action as may be necessary to secure or enforce a support obligation, establish paternity, or secure medical support. A person's cooperation with child support services includes completing and signing a form prescribed by the department, if requested, as well as documents determined to be necessary by the state's attorney for any relevant judicial or administrative process.

95.11(2) *Failure to cooperate.* Child support services will make the determination of whether a person has cooperated. Child support services will promptly send notice of a determination of noncooperation to the person on a form prescribed by the department and notify the FIP and Medicaid programs, as appropriate, of the noncooperation determination and the reason for the determination. The FIP and Medicaid programs will take appropriate sanctioning actions as provided in statute and rules.

95.11(3) *Good cause or other exception.*

a. A person who is a recipient of FIP assistance may claim a good cause or other exception for not cooperating, taking into consideration the best interests of the child as provided in 441—Chapter 41.

b. A person who is a recipient of Medicaid may claim a good cause or other exception for not cooperating, taking into consideration the best interests of the child as provided in 441—Chapter 75.

[**ARC 8961C**, IAB 2/19/25, effective 4/1/25]

441—95.12(252B) Cooperation of public assistance applicants in establishing and obtaining support. If a person who is an applicant of FIP or Medicaid is required to cooperate in establishing paternity; in establishing, modifying, or enforcing child or medical support; or in enforcing spousal support, the requirements in 441—Chapters 41 and 75 apply. The appropriate staff in the FIP and Medicaid programs are designees of child support services to determine noncooperation and issue notices of that determination until the referral to child support services is completed.

[**ARC 8961C**, IAB 2/19/25, effective 4/1/25]

441—95.13(252B) Cooperation in establishing and obtaining support in nonpublic assistance cases.

95.13(1) *Requirements.* The person receiving nonpublic assistance support services will cooperate with child support services by meeting all the requirements of rule 441—95.11(252B), except that the person may not claim good cause or other exception for not cooperating.

95.13(2) *Failure to cooperate.* Child support services will make the determination of whether or not the nonpublic assistance applicant or recipient of services has cooperated. Noncooperation will result in termination of support services. An applicant or recipient may also request termination of services under subparagraph 95.7(1)*"a"*(10).

[**ARC 8961C**, IAB 2/19/25, effective 4/1/25]

441—95.14(252B) Charging pass-through fees. Pass-through fees are fees or costs incurred by the department for service of process, genetic testing, and court costs if the entity providing the service charges a fee for services. Child support services may charge pass-through fees to persons who receive continued services according to 441—95.10(252B) and to other persons receiving nonassistance services, except no fees may be charged to an obligee residing in a foreign country or to a foreign country if child support services is providing services under paragraph 95.2(2)*"b."*
[**ARC 8961C**, IAB 2/19/25, effective 4/1/25]

441—95.15(252B) Reimbursing assistance with collections of assigned support. For an obligee and child who currently receive assistance under FIP, the full amount of any assigned support collection that the department receives will be distributed according to rule 441—95.10(252B) and retained by the department to reimburse the FIP assistance.
[**ARC 8961C**, IAB 2/19/25, effective 4/1/25]

441—95.16(252B) Child support account. Child support services will maintain a child support account for each client. The account, representing money due the department, will cover all periods of time public assistance has been paid, commencing with the date of the assignment. Child support services will not maintain an interest-bearing account.
[**ARC 8961C**, IAB 2/19/25, effective 4/1/25]

441—95.17(252B) Emancipation verification. Child support services may verify whether a child will emancipate according to the provisions established in the court order prior to the child's eighteenth birthday.

95.17(1) *Verification process.* Child support services will send a form prescribed by the department to the obligor and obligee on a case if child support services has an address.

95.17(2) *Return information.* The obligor and obligee will be asked to complete and return the form to child support services. Child support services will use the information provided by the obligor or obligee to determine if the status of the child indicates that any previously ordered adjustments related to the obligation and a child's emancipation are necessary on the case.

95.17(3) *Failure to return information.* If the obligor and obligee fail to return the questionnaire, child support services will apply the earliest emancipation date established in the support order to the case and implement changes in support amounts required in the support order.

95.17(4) *Conflicting information returned.* If conflicting information is returned or made known to child support services, child support services will have the right to verify the child's status through sources other than the obligor and obligee.
[**ARC 8961C**, IAB 2/19/25, effective 4/1/25]

441—95.18(17A) Right of appeal.

95.18(1) Under this chapter, an administrative appeal pursuant to 441—Chapter 2506 will be limited to the following issues:

a. A person is not entitled to a support payment in full or in part because of the date of collection, as provided under rule 441—95.6(17A), or a dispute based on the date of collection has not been acted on in a timely manner.

b. A termination in services has occurred as provided in rule 441—95.7(252B).

95.18(2) A hearing will not be granted under 441—Chapter 2506 when an appellant has a complaint about child support services collections actions other than those described in this rule. This includes the collection of an annual fee for child support services as specified in Iowa Code chapter 252B.
[**ARC 8961C**, IAB 2/19/25, effective 4/1/25; Editorial change: IAC Supplement 6/10/26]

441—95.19(17A) Appeal record. The record in an administrative appeal under this rule will include, in addition to those materials specified in Iowa Code section 17A.12(6), the notice of appeal and the verbatim record of the hearing.

[**ARC 8961C**, IAB 2/19/25, effective 4/1/25]

These rules are intended to implement Iowa Code chapters 252B, 252C, 252D and 17A.

[Filed 2/19/76, Notice 1/12/76—published 3/8/76, effective 4/12/76]

◊ Two or more ARCs

1 Effective date of 95.1, definition of "Date of collection," and 95.3 delayed 70 days by the Administrative Rules Review Committee at its meeting held September 15, 1999; delayed until the end of the 2000 Session of the General Assembly at its meeting held October 11, 1999.

CHAPTER 96
INFORMATION AND RECORDS

Chapter rescission date pursuant to Iowa Code section 17A.7: 4/1/30

441—96.1(252B) Access to information and records from other sources. In addition to statutes and other rules, the following entities shall provide information and records based on the following methods of requesting the information and within the following time frame:

96.1(1) *Oral or written request.* All persons and entities, including all for-profit, nonprofit, and governmental employers, must, within 15 days of receipt of a request, provide child support services or a child support agency of another state information on the employment, compensation, and benefits of any individual employed by the person or entity as an employee or contractor if child support services or the agency is providing services in relation to that individual. The request may be made orally, by letter, by form or by other written request listed in subrule 96.1(3); however, the fine and procedures described in rules 441—96.2(252B) through 441—96.6(252B) only apply if the request was by a written request listed in subrule 96.1(3).

96.1(2) *Subpoena.* All persons and entities shall comply with a child support services subpoena, issued by child support services, or an Administrative Subpoena, OMB Control No. 0970-0152, or its successor, issued by child support services or a child support agency of another state, as provided in Iowa Code section 252B.9. Child support services or a child support agency of another state may issue a subpoena regarding more than one individual. The person or entity must provide the information and records as directed in a form prescribed by the department or the Administrative Subpoena.

96.1(3) *Time to reply to a written request.* A person or entity who is sent any of the following must provide the information and records requested in the manner requested to child support services or child support agency of another state, as appropriate, within 15 days of the date of the request:

a. Any form prescribed by the department that requests information described in subrule 96.1(1).

b. A child support services subpoena, or an Administrative Subpoena, OMB Control No. 0970-0152, or its successor, as provided in subrule 96.1(2), from child support services or from a child support agency of another state.

c. A written request or form as provided in subrule 96.1(1) from a child support agency of another state.

[**ARC 8962C**, IAB 2/19/25, effective 4/1/25]

441—96.2(252B) Refusal to comply with written request or subpoena.

96.2(1) A parent or putative father in a support or paternity proceeding in which child support services or a child support agency of another state is providing services who fails to comply with a request or subpoena as provided in subrule 96.1(3) shall be subject to license sanctioning as provided in 441—Chapter 98.

96.2(2) An entity or a person who is not a parent or putative father as described in subrule 96.2(1) may refuse to comply under the circumstances provided in rule 441—96.3(252B).

[**ARC 8962C**, IAB 2/19/25, effective 4/1/25]

441—96.3(252B) Procedure for refusal.

96.3(1) *No information.* A person or entity who does not have any information or records requested or subpoenaed must respond as follows:

a. If the request or subpoena is a form from child support services under paragraph 96.1(3)*"a"* or *"b,"* the person or entity must sign and return to child support services the appropriate portion of the form indicating the lack of information or records.

b. If the request or subpoena is one listed in paragraph 96.1(3)*"c,"* the person or entity must send the child support agency of the other state a signed and dated written statement indicating the lack of information or records.

96.3(2) *Good cause.* The person or entity may claim good cause for refusing to comply as required in Iowa Code section 252B.9.

a. To claim good cause, the person or entity must file a request for a conference by mailing or submitting a written request to child support services that issued the request or subpoena within 15 days of the issuance of the request or subpoena.

b. If a child support agency of another state issued the request or subpoena, the person or entity may request a conference with child support services or with the child support agency of the other state. The person or entity shall request a conference with child support services by mailing or submitting a written request and a copy of the subpoena or document received from the child support agency of the other state to child support services. The person or entity must request a conference with the child support agency of the other state by following the requirements of that state's laws and regulations.

[**ARC 8962C**, IAB 2/19/25, effective 4/1/25]

441—96.4(252B) Conference conducted.

96.4(1) *Request or subpoena issued by child support services.* If child support services issued the request or subpoena, child support services will notify the person or entity and conduct a conference within ten days of receipt of the request for a conference. At the request of either child support services or the person or entity, the conference may be rescheduled one time. The conference may be conducted in person or by telephone.

96.4(2) *Request or subpoena issued by other state.* If a conference with child support services is requested based upon a request or subpoena issued by a child support agency of another state, the department will request that agency send an interstate referral and appropriate information to child support services or central registry.

a. Child support services will notify the person or entity and conduct a conference within ten days of opening a case based upon an interstate referral and appropriate information. If child support services does not receive an interstate referral and appropriate information within 60 days of the department's request, the request or subpoena received under subrule 96.1(3) shall be void, and child support services will notify the person or entity that the request or subpoena is void.

b. The voiding of a request or subpoena under this subrule does not prevent the issuance of subsequent requests or subpoenas.

96.4(3) *Submission of information.* On or before the conference date, the person or entity must submit information to child support services that demonstrates a mistake in the identity of the person or entity, or a mistake in the identity of the individual who is the subject of the request or subpoena, or that demonstrates a specific prohibition under federal law to release the information or records. Child support services may extend the time to conduct the conference an additional ten days to allow time for the person or entity to provide the information.

96.4(4) *Notice of findings.* Following the conference, child support services will issue a notice pursuant to Iowa Code section 252B.9.

[**ARC 8962C**, IAB 2/19/25, effective 4/1/25]

441—96.5(252B) Fine assessed.

96.5(1) *Conditions resulting in fine.* Child support services will assess a fine of $100 per refusal and notify the person or entity of the fine if any one of the following applies:

a. Ten days have passed since child support services issued a notice under subrule 96.4(4) stating child support services determined there is no good cause to refuse to comply with the request or subpoena, and the information or records have not been received.

b. Fifteen days have passed since child support services issued the request or subpoena and the information or records have not been received, nor has the person or entity filed a request for a conference.

c. Fifteen days have passed since a child support agency of another state has issued the request or subpoena, and that agency sends an interstate referral to child support services requesting enforcement of the request or subpoena because the information or records were not received.

96.5(2) *Definition of refusal.* One refusal is a refusal to supply information or records based on one written request, or one subpoena regarding one or more individuals.

96.5(3) *Notification of fine.* If child support services assesses a fine, child support services will notify the person or entity by regular mail with proof of service completed according to Rule of Civil Procedure 1.442. The person or entity shall have 30 days from the date of the notice to pay the fine.
[**ARC 8962C**, IAB 2/19/25, effective 4/1/25]

441—96.6(252B) Objection to fine or failure to pay.

96.6(1) *Objection filed.* The person or entity may object to the imposition of the fine by filing an application for judicial review in district court within 30 days of issuance of the notice of the fine and sending a copy of the application to child support services.

96.6(2) *Petition to compel.* If the person or entity fails to pay the fine imposed and does not file an application for judicial review within the time provided in this rule, child support services may file a petition to compel the person or entity to comply with the request, subpoena or fine in district court in the county in which the underlying support order or pending matter is filed. If there is no support order or pending matter filed in district court in Iowa, then child support services may file the petition in the county in which the person resides or the person or entity has its principal place of business.

96.6(3) *Certification to court.* If the person, entity, or child support services files an action in district court, child support services will certify a copy of the following, as appropriate, to the court prior to a hearing:

a. Proof of service of the request or subpoena.

b. Proof of service of the notice of assessment of a fine.

c. Written decision following a conference.

96.6(4) *Failure to comply with court order.* Failure of the person or entity to comply with an order of the district court will be subject to enforcement through contempt of court.
[**ARC 8962C**, IAB 2/19/25, effective 4/1/25]

441—96.7(17A) Right of appeal. Department actions under this chapter are not subject to administrative appeal under 441—Chapter 2506.
[**ARC 8962C**, IAB 2/19/25, effective 4/1/25; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code chapter 17A and section 252B.9.

CHAPTER 97
COLLECTION SERVICES CENTER

Chapter rescission date pursuant to Iowa Code section 17A.7: 4/1/30

441—97.1(252B) Definitions. The definitions of terms used in this chapter will follow those terms defined in rule 441—95.1(252B) with the exception or addition of the following:

"Collection services center" means the public agency designated to receive, record, monitor, and disburse support payments as defined in Iowa Code section 598.1, 252B.15 or 252D.16, in accordance with Iowa Code sections 252B.13A and 252B.14.

"Correlated non-IV-D case" means a non-IV-D case where income withholding information must be maintained by child support services in order to properly process an income withholding payment because the obligor has both a non-IV-D and a current or former IV-D case.

"Electronic funds transmission" means, for purposes of this chapter, the use of a NACHA-approved child support format for the electronic transmission of funds to the collection services center.

"Employee" means the same as defined in Iowa Code section 252G.1.

"Former IV-D case" means a case that previously received services from child support services under rule 441—95.2(252B) but currently receives only payment processing services from the collection services center.

"Insufficient funds payment" means a support payment by check or other financial instrument that is dishonored, not paid, or the funding of the payment is determined to be inadequate.

"IV-D case" means a case that receives services from child support services under rule 441—95.2(252B), including payment processing services from the collection services center.

"NACHA-approved child support format" means a child support payment transmission format approved by the National Automated Clearing House Association (NACHA).

"Non-IV-D case" means a support order that never received services from child support services under rule 441—95.2(252B) but that receives payment processing services from the collection services center for income withholding payments.

"Obligee" means the guardian, custodial parent, person, or entity entitled to receive support payments.

"Obligor" means a parent, relative, or any other person declared to be legally liable for the support of a child or the custodial parent or guardian of the child.

"Payor of income" means the same as defined in Iowa Code section 252D.16.

"Support payment" means the same as "support" or "support payments" as defined in Iowa Code section 252D.16.

"Website" means the website operated by the department for the purpose of allowing a payor of income to make a support payment through electronic transmission to the collection services center.

[**ARC 8963C**, IAB 2/19/25, effective 4/1/25]

441—97.2(252B) Transfer of records and payments. For non-IV-D cases, the clerk of court shall provide core case information to child support services upon the filing of a new income withholding order or upon the request of child support services. "Core case information" means information listed in paragraphs 97.2(1)*"a"* and *"b"* and subrule 97.2(2). For IV-D and correlated non-IV-D cases, the clerk of court shall provide detailed case information to child support services upon request. After the establishment of a case, child support services will send notices of transfer to obligors and obligees based upon case type.

97.2(1) *Transfer of information on non-IV-D and correlated non-IV-D cases.*

a. In non-IV-D cases, child support services will request the following information necessary for the receipt, recording and disbursement of payments from the clerk of the district court:

(1) The obligor's name and address.

(2) The obligee's name and address.

(3) The court order numbers.

b. In correlated non-IV-D cases, child support services will request the following information necessary for the receipt, recording and disbursement of payments from the clerk of the district court:

(1) The obligor's name and address.

(2) The obligee's name and address.

(3) The court order numbers.

(4) The income withholding order.

c. The clerk of the district court must provide case information to child support services on a regular basis when an income withholding order is filed with a clerk of court or when child support services requests the information in order to process a payment.

d. Child support services will automatically create cases for payment processing based upon the information received from the clerks of court.

97.2(2) *Transfer of information on IV-D cases.* In IV-D cases, the clerk of the district court shall provide child support services with the following information if the information has been provided to the clerk upon request of child support services:

a. The obligee's name, date of birth, last-known mailing address, the social security number if known and, if different in whole or part, the names of the persons to whom the obligation of support is owed by the obligor.

b. The name, birth date, social security number, and last-known mailing address of the obligor.

c. A copy of all support orders that establish or modify a support amount.

d. The names, social security numbers, and dates of birth of any minor dependents for whom support is ordered, if available.

e. A record of any support payments received by the clerk of district court prior to the transfer of case information and any payments received by the collection services center and the date of transfer to the collection services center.

f. A record of any determination of controlling order under the Uniform Interstate Family Support Act.

[**ARC 8963C**, IAB 2/19/25, effective 4/1/25]

441—97.3(252B) Support payment records. Each IV-D, former IV-D and non-IV-D case type shall have an official payment record.

97.3(1) *Official records for cases.* The official payment records for each case type are maintained by a designated entity.

a. The collection services center will establish, maintain and certify the official support payment records for IV-D or former IV-D cases.

b. The clerk of the district court shall establish, maintain and certify the official support payment records for non-IV-D and correlated non-IV-D cases. The collection services center will establish and maintain records for receipt and disbursement of income withholding payments for these cases but will not certify these records as the complete payment record.

97.3(2) *Informal conference for payment records.* Child support services will provide an informal conference or desk review regarding the contents of any support payment record to the obligor or obligee upon request.

a. In IV-D or former IV-D cases, the conference shall be available to review the payment record and to answer questions of the obligee or obligor regarding the accuracy of the record.

b. In non-IV-D and correlated non-IV-D cases, the conference shall be available to review the accuracy of the contents of any record of income withholding payments.

97.3(3) *Certified payment records.* Child support services will provide certified copies of the official support payment records as described in paragraph 97.3(1)*"a"* in accordance with Iowa Code section 252B.9.

[**ARC 8963C**, IAB 2/19/25, effective 4/1/25]

441—97.4(252B) Method of payment. Payments will be accepted in specific forms from obligors and payors of income.

97.4(1) *Form of payment.* Except as otherwise provided in this rule and in rule 441—97.5(252D), support payments may be paid in the form of cash, check, bank draft, money order, preauthorized withdrawal of funds, or other financial instrument, and sent by mail to the collection services center or by electronic transmission of funds.

97.4(2) *Treatment of insufficient funds payments.* Child support services will have a process in place to handle insufficient funds payments.

a. An obligor submitting an insufficient funds support payment to the collection services center will be required to submit payments by cash, bank draft, or money order for a period of up to 12 months unless waived by the collection services center.

b. A payor of income submitting an insufficient funds support payment to the collection services center is required to submit payments through electronic funds transmission, cash, bank draft, or money order for a period of up to 12 months unless waived by the collection services center.

c. Insufficient funds payments will not be credited to the collection services center account for the obligor or will be removed from the account if credited before sufficiency was verified. Insufficient funds support payments will be subject to additional collection by the collection services center for the dishonored amount.

d. The collection services center may not process additional payments other than cash, bank drafts or money orders from an obligor or payor of income who has previously submitted insufficient funds payments without first verifying the payment. The collection services center will have a process in place to allow the obligor or the payor of income the opportunity to replace any additional moneys submitted for payment of support before processing in order to avoid additional insufficient funds entries into the official payment records on the affected cases.

97.4(3) *Distribution of payment.* Nonincome withholding support payments received by the collection services center in IV-D, former IV-D, non-IV-D, or correlated non-IV-D cases that are not directed to a specific account or support obligation will first be applied proportionately to the current support obligation on all cases for the obligor and, secondly, to the support arrearages owed by the obligor.

[**ARC 8963C**, IAB 2/19/25, effective 4/1/25]

441—97.5(252D) Electronic transmission of payments. Payors of income must electronically transmit to the collection services center the amounts withheld under an income withholding order.

97.5(1) *Thresholds for electronic funds transmission.* A payor of income must transmit payment through electronic funds transmission if either of the following applies:

a. The payor of income employs 100 or more employees and uses an agent for payroll processing.

b. The payor of income employs 200 or more employees.

97.5(2) *Use of the website.* Unless paragraph 97.4(2)*"b"* applies, a payor of income required to use electronic funds transmission under subrule 97.5(1) may elect to submit payments electronically by using the website if the payor of income determines that using electronic funds transmission would cause undue hardship.

97.5(3) *Implementing electronic funds transmission.* A payor of income implementing electronic funds transmission shall complete all the following in advance of transmitting payments electronically:

a. Contact child support services to obtain file layout and case reconciliation information.

b. Provide to the collection services center:

(1) The contact information for the person responsible for electronic funds transmission for the payor of income or the payor of income's agent for payroll processing;

(2) The contact information for the person responsible for payroll accounts for the payor of income or the payor of income's agent for payroll processing;

(3) The name and address of the authorized financial institution from which the payment will be withheld; and

(4) A sample file layout in a NACHA-approved child support format and, if necessary, a test file in a NACHA-approved child support format.

c. If needed upon review by the collection services center:

(1) Make corrections to the file layout to meet a NACHA-approved child support format, and

(2) Provide a corrected copy to the collection services center for review.

d. Upon approval of the file layout by the collection services center, provide an implementation date before the first submission of payment through electronic funds transmission.

97.5(4) *Maintaining information and file format after implementation.* A payor of income that has implemented electronic funds transmission shall:

a. Transmit both payment amounts and detailed information records in accordance with a NACHA-approved child support format.

b. Advise the collection services center of a payment error within two business days.

c. Provide the collection services center ten working days' advance notice when changing between NACHA-approved child support formats.

d. Correct case number or file problems identified by the collection services center before sending any additional files.

97.5(5) *Exemption from electronic transmission.* To avoid undue hardship, a payor of income that has fewer than 200 employees or a payor of income that has fewer than 100 employees and uses an agent for payroll processing is exempt from using electronic transmission unless subrule 97.4(2) applies.

[**ARC 8963C**, IAB 2/19/25, effective 4/1/25]

441—97.6(252B) Authorization of payment. The collection services center must authorize the generation of payments for support paid. The collection services center will issue payments as follows:

97.6(1) *Submittal of information to department of administrative services.* In order to disburse payments to the obligee within two working days, the collection services center will submit information daily to the department of administrative services to issue a warrant or electronic file transfer (EFT) payment to the obligee.

97.6(2) *Release of funds.* The following workday, an electronic transfer of funds will be sent to the designated account of the obligee or an alternate account to be accessed by the obligee through an electronic access card, or if subrule 97.6(5) applies, a state warrant may be sent by regular mail to the last-known address of the obligee.

97.6(3) *Electronic transfer.* Obligees who want electronic transfer of support payments to a designated account shall complete a form prescribed by the department and submit it to the collection services center. Unless subrule 97.6(5) applies, any obligee not using automatic deposit to a designated account will be issued an electronic access card for receipt of support payments.

97.6(4) *Walk-ins.* Support payments will not be hand-delivered to the obligee on a walk-in basis.

97.6(5) *Warrants.* The collection services center may authorize generation of a warrant if any one of the following conditions applies:

a. Generation of a warrant is necessary to meet federal requirements to disburse a payment to an obligee within two working days when electronic transfer is not feasible.

b. The obligee has not requested automatic deposit to a designated account of the obligee, and payment is from a source that is nonrecurring or is not expected to continue in a 12-month period.

c. The obligee has not requested automatic deposit to a designated account of the obligee and has asserted in writing on a form prescribed by the department that one of the exemptions listed in this paragraph applies. To claim an exemption, the obligee must return the form prescribed by the department to the collection services center within ten days of the date the form was issued. An exemption granted under this paragraph is subject to periodic review by the collection services center. The exemptions available under this paragraph are:

(1) A physical disability imposes a hardship in accessing an electronically transferred payment.

(2) A mental disability imposes a hardship in accessing an electronically transferred payment.

(3) A language barrier imposes a hardship in accessing an electronically transferred payment.

(4) A literacy barrier imposes a hardship in accessing an electronically transferred payment.

(5) The obligee's home and work addresses are more than 30 miles from an automated teller machine and more than 30 miles from a financial institution where the account funds can be accessed.

d. The representative payee, court appointee, or trustee notifies the collection services center or unit in writing that one of the following applies:

(1) The obligee is under a court-ordered guardianship or conservatorship.

(2) The obligee is involved in other legal proceedings, including bankruptcy, which require payments to be sent to a trustee or other representative payee.

[**ARC 8963C**, IAB 2/19/25, effective 4/1/25]

441—97.7(252B) Processing misdirected payments. If the collection services center receives a payment for which a corresponding obligee cannot be identified, the collection services center will contact the person or entity that directed the payment to obtain additional information. Payments inappropriately directed to the collection services center will be returned to the person or entity sending the payment.
[**ARC 8963C**, IAB 2/19/25, effective 4/1/25]

441—97.8(17A) Right of appeal. Department actions under this chapter are not subject to administrative appeal under 441—Chapter 2506.
[**ARC 8963C**, IAB 2/19/25, effective 4/1/25; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code chapter 17A and sections 252B.13A through 252B.17 and 252D.17.

CHAPTER 98
SUPPORT ENFORCEMENT SERVICES

Chapter rescission date pursuant to Iowa Code section 17A.7: 4/1/30

441—98.1(252E) Definitions.

"Current support" means an amount for the ongoing support of a child and means the same as "support" as defined in Iowa Code section 252D.16.

"Delinquent support" means a payment, or portion of a payment, including interest, not received by the clerk of the district court or other designated agency at the time it was due. In addition, delinquent support will also include payments for parental liabilities not received as specified pursuant to 441—Chapter 156.

"Federal nontax payment" means an amount payable by the federal government that is subject to administrative offset for support under the federal Debt Collection Improvement Act, PL 104-134 (April 26, 1996).

"Medical support" means the same as defined in Iowa Code section 252E.1.

"Mistake of fact" means a mistake in the identity of the obligor or whether the delinquency meets the criteria for referral.

"Obligee" means the same as defined in Iowa Code section 252E.1.

"Obligor" means the same as defined in Iowa Code section 252E.1.

"Offsets" means a federal income tax refund or federal nontax payment as described in rule 441—98.30(252B).

"Setoffs" means a state income tax refund, rebate or payment owed to a person by a state agency as described in the process found at 701—Chapter 26 and in rules 441—98.28(252B) and 441—98.29(252B).

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25; **ARC 9764C**, IAB 11/26/25, effective 1/1/26]

441—98.2(252E) Medical support health benefit plan information.

98.2(1) *Information from an employer.* Child support services will gather information concerning a health benefit plan an employer may offer an obligor as follows:

a. Child support services may send a form prescribed by the department whenever a potential employer is identified.

b. Child support services will secure information about health care coverage from a known employer on a form prescribed by the department when a form prescribed by the department or an order has been forwarded to the employer pursuant to Iowa Code section 252E.4.

98.2(2) *Information from an obligor.* Child support services may secure medical support information from an obligor on a form prescribed by the department.

98.2(3) *Disposition of information.* Child support services will provide the information:

a. To the Medicaid agency and to the obligee, when requested, when the dependent is a recipient of Medicaid.

b. To the obligee, when requested, when the dependent is not a recipient of Medicaid.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.3(252E) Medical support insurer authorization. When the obligor does not provide to the insurer the signed documents necessary to enroll and process claims for the dependent for whom support is ordered, the insurer is authorized to accept the signature of the obligee or the department's designee on necessary forms. For purposes of this chapter, the third-party liability unit is the department's designee when support is assigned.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.4(252E) Medical support enforcement.

98.4(1) *Medical support enforcement.* Medical support may be enforced pursuant to Iowa Code section 252E.12.

98.4(2) *Health care coverage.*

a. If an obligor was ordered to provide health care coverage under an order but did not comply with the order, child support services may implement the order by forwarding to the employer a copy of the order, an ex parte order as provided in Iowa Code section 252E.4, or on a form prescribed by the department.

b. If child support services implements an order under this subrule, child support services will send a notice to the obligor at the last-known address of the obligor by regular mail. The notice will contain the following information:

(1) A statement of the obligor's right to an informal conference.

(2) The process to request an informal conference.

(3) The obligor's right to file a motion to quash with the district court.

98.4(3) *Termination of employment.* When child support services receives information indicating the obligor's employment has terminated, child support services will secure the status of the health benefit plan by sending a form prescribed by the department to the employer.

If no response is received within 30 days of sending a form prescribed by the department, child support services will send a second request on a form prescribed by the department to the employer.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.5(252E) Contesting enforcement of medical support. The obligor may contest the enforcement of medical support by means of an informal conference with child support services, or by filing a motion to quash.

98.5(1) *Motion to quash.* Procedures for filing a motion to quash the order are specified under Iowa Code sections 252D.31 and 252E.6A.

98.5(2) *Informal conference.*

a. The obligor will be entitled to only one informal conference for each new employer to which child support services has forwarded a form prescribed by the department or an order under Iowa Code section 252E.4 to enforce medical support.

b. Procedures for the informal conference are as follows:

(1) Child support services will inform the obligor in writing of the right to request an informal conference.

(2) The obligor may request an informal conference with child support services if the obligor believes the enforcement was entered in error.

(3) The obligor shall request an informal conference in writing, within 15 calendar days from the date of the notice of the right to an informal conference, or at any time if a mistake of fact regarding the identity of the obligor is believed to have been made.

(4) Child support services will schedule an informal conference within 15 calendar days of the receipt of a written request from the obligor or the obligor's representative.

(5) Child support services may conduct the conference in person or by telephone.

(6) If the obligor fails to attend the conference, only one alternative time will be scheduled by child support services.

(7) Child support services will issue a written decision to the obligor within ten calendar days of the conference.

c. The issues to be reviewed at the conference shall be as follows:

(1) Whether the identity of the obligor is in error.

(2) Whether the obligor is already providing health care coverage for the dependent.

(3) Whether the availability of dependent health care coverage is in error.

(4) Whether the obligor was ordered to provide health care coverage under the support order.

d. The results in an informal conference will in no way affect the right of the obligor to file a motion to quash the order under Iowa Code section 252E.6A.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.6(252D) Income withholding of delinquent support. When there is a delinquency in an amount equal to the support payable for one month as specified by an order for support or reimbursement order and child support services is providing services under 441—Chapter 95, child support services will enter an

order to withhold the obligor's income not exempt by state or federal law to require the income withheld to be paid to the collection services center to pay the support obligation. An income withholding order will also be entered to collect the unpaid balance of a judgment for the reimbursement of a support debt when a repayment schedule is not specified in the order establishing the judgment.
[**ARC 8964C**, IAB 2/19/25, effective 4/1/25; Editorial change: IAC Supplement 6/10/26]

441—98.7(252D) Income withholding amounts. Child support services will determine the amount to be withheld by the employer or other income providers as follows:

98.7(1) *Current support obligation exists.* When a current support obligation exists, the amount withheld will be an amount equal to the current support obligation, and an additional amount equal to 20 percent of the current support obligation to be applied toward the liquidation of any delinquency.

98.7(2) *Current obligation ended.* When the current support obligation has ended or has been suspended, the income withholding order will remain in effect until any delinquency has been satisfied. The amount withheld will be equal to the amount of the most recent prior current support obligation that is greater than zero. However, in the following circumstances, the amount withheld will be 20 percent of the amount owed for current support at the time the obligation ended or was suspended:

a. There has been a change of court-ordered physical care from the obligee to the obligor.

b. The obligee and obligor have reconciled and have obtained a modification ending the current support obligation.

c. The current obligation is suspended through the suspension process.

d. In a foster care case, the order for parental liability ended when the child left placement, or an order ending the liability has been entered and the child in foster care has returned to the home of a parent ordered to pay parental liability. In this situation, the amount withheld will be reduced to 20 percent of the current support amount when the obligation ended, but only for the parent with whom the child resides.

98.7(3) *No support ordered.* When there is no current child support ordered and the obligation is solely the result of a judgment that does not specify a repayment schedule, the withholding amount will be set at the amount for one person from the family investment program (FIP) schedule of basic needs.

98.7(4) *Lump-sum income source.* Notwithstanding subrules 98.7(1), 98.7(2), and 98.7(3), when the obligor is paid by a lump-sum income source, the withholding amount may include all current and delinquent support due through the current month. Lump-sum income includes income received in a sole payment or in payments that occur at two-month or greater intervals.
[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.8(252D) Amendment of amount of withholding due to hardship.

98.8(1) *Request for amendment.* If subrule 98.7(2) or 98.7(3) applies, the obligor may request at any time an amendment of the amount withheld as payment toward the delinquency or reimbursement on the grounds of hardship. The obligor must submit the request in writing to child support services.

98.8(2) *Hardship criterion.* Hardship exists if the obligor's income is equal to or less than 200 percent of the poverty level for one person according to the poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services under the authority of 42 U.S.C. Section 9902(2) (as amended to August 1, 2024).

a. If hardship is claimed by the obligor, child support services may verify income from:

(1) The employer or other income provider of the obligor.

(2) The obligor.

(3) The state employment security agency.

(4) Other records available in accordance with Iowa Code section 252B.9.

b. If the hardship criterion is met, the amount withheld as payment toward the delinquency may be amended as follows:

(1) The obligor's gross yearly income will be divided by 200 percent of the established yearly gross poverty level income for one person. That amount will be multiplied by .5. The resulting figure will be multiplied by the most recent prior current support obligation or the amount determined pursuant to subrule 98.7(3), as applicable, to determine the amended amount. Notwithstanding this calculation, the amended amount will not be less than $15 per month.

(2) If criteria for withholding 20 percent toward liquidation of any delinquency are also met, the lesser of 20 percent or the amended amount determined in subparagraph 98.8(2)*"b"*(1) is to be withheld.

98.8(3) *Hardship period.* If the hardship criterion in subrule 98.8(2) is met, child support services will grant the amended amount of withholding for a period of two years, subject to the provisions of subrule 98.8(6). However, if the obligor is receiving social security disability benefits, social security retirement benefits, or supplemental security income disability benefits, the obligor is deemed to continue to meet the hardship criterion for the duration of those benefits.

98.8(4) *Denying requests.* A hardship request may be denied if:

a. The criterion in subrule 98.8(2) is not met.

b. The obligor has been granted an amended amount of withholding based on this rule within the last two years and that hardship period will not expire in less than 30 days.

c. The obligor's previous hardship period expired within the last six months and, within 30 days prior to the expiration date of the previous hardship period, the obligor did not submit the following to child support services:

(1) A written request for hardship; or

(2) Verification of the obligor's income, and child support services was not able to verify the obligor's income as described in paragraph 98.8(2)*"a."*

98.8(5) *Notice requirements.* Child support services will provide written notification to the obligor of the result of the hardship request.

a. When a hardship request is granted, the written notification will include the amended amount of withholding and the date the hardship period will expire.

b. When a hardship request is denied, the written notification will include the reason for denial.

98.8(6) *Termination of hardship prior to expiration date.* The hardship period will automatically end, regardless of expiration date, if any of the following occurs:

a. A current support obligation is added to the support order.

b. The current support obligation was previously suspended and is reinstated.

c. The delinquency has been paid in full.

d. The obligor was receiving social security disability benefits, social security retirement benefits, or supplemental security income disability benefits at the time the hardship request was granted, and child support services has verified that the obligor is no longer receiving social security disability benefits, social security retirement benefits, or supplemental security income disability benefits.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.9(252D) Immediate income withholding. Immediate withholding of income pursuant to Iowa Code section 252D.8 is automatic without additional notice to the obligor unless:

98.9(1) *Good cause exists.* Good cause is found to exist by the court or child support services. For purposes of this rule, "good cause" is defined as the posting of a secured bond by the obligor sufficient to pay all current and future child support obligations, including any delinquency that may accrue.

98.9(2) *Written agreement exists.* A written agreement is reached between both parties that provides for an alternative arrangement for payment of child support subject to the following conditions:

a. Unless approved by child support services, written agreements between the obligee and obligor to waive immediate income withholding become void when child support is assigned to this state or to another state pursuant to a statute of that jurisdiction.

b. All payments pursuant to any written agreement will be paid as directed in Iowa Code sections 252B.14 and 598.22.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.10(252D) Approval of request for immediate income withholding. When the obligee or other party to the proceeding requests immediate withholding, child support services will determine whether the request will be approved.

98.10(1) *Basis for approval.* Approval of a request for immediate income withholding by child support services may be based on:

a. Past payment record of the obligor that demonstrates an inconsistent compliance with the support order.

b. Whether the state of Iowa is providing public assistance.

98.10(2) *Request denied.* Child support services may not approve a request for immediate income withholding on cases where no public assistance has been expended and there is a prior written agreement between the obligee and obligor that has been approved by court order.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.11(252D) Immediate income withholding amounts. The amount withheld will be the amount of the current support obligation as specified in the support order. If a judgment for accrued support is established in the support order, the amount withheld will be the amount due for current support and the periodic payment amount due for the accrued support as specified in the order. If no periodic payment for the accrued support is established in the support order, the amount withheld will be the amount due for current support plus 10 percent of the amount of the current obligation to be applied to the accrued support.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.12(252D) Immediate income withholding amounts when current support has ended. When the child support obligation has ended, the amounts to be withheld will be in accordance with subrule 98.7(2).

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.13(252D,252E) Income withholding for medical support. An income withholding order or notice of income withholding may also include provisions for enforcement of medical support when medical support is included in the support order. The income withholding order or notice of income withholding may require implementation of dependent health care coverage pursuant to Iowa Code chapter 252E or the withholding of a dollar amount for medical support. Amounts withheld for medical support will be determined in the same manner as amounts withheld for child support.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.14(252D,252E) Maximum amounts to be withheld for income withholding. An income withholding order or a notice issued by child support services will require that the employer or other income provider withhold no more than the maximum amounts allowed under the Federal Consumer Credit Protection Act, 15 U.S.C. Section 1673(b) (as amended to August 1, 2024).

98.14(1) The amount of income subject to withholding will be limited to 50 percent of the nonexempt disposable income of the obligor unless there is more than one support order for which the obligor is obligated and the criteria of 15 U.S.C. Section 1673(b) (as amended to August 1, 2024) are met, or the obligor agrees to a greater amount within these limits.

98.14(2) Disposable income means that part of the earnings of any individual remaining after the deduction from those earnings of any amounts mandated by law to be withheld.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.15(252D) Income withholding for multiple obligations. In the event that an obligor has more than one support obligation that is being enforced by child support services, child support services may enter an income withholding order to enforce each obligation. The amount specified to be withheld on the delinquency under the income withholding order or notice will be determined in accordance with rule 441—98.7(252D).

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.16(252D) Income withholding notice to employer and obligor. Child support services will send the obligor and the employer or other income provider a notice of income withholding as follows:

98.16(1) *Notice to employer.* Child support services may send notice to the employer or other income provider by regular mail or by electronic means in accordance with Iowa Code chapter 252D. If child support services is sending notice by regular mail, it will send a form prescribed by the department or a notice in the standard format prescribed by 42 U.S.C. Section 666(b)(6)(A) (as amended to August 1,

2024). If child support services is sending the notice by electronic means, it may include notice of more than one obligor's order and need only state once provisions that are applicable to all obligors, such as the information in paragraphs 98.16(1)*"d,""f,""g,"* and *"i."* The statement of provisions applicable to all obligors may be sent by regular mail or electronic means. The notice of income withholding will contain information such as the following:

a. The obligor's name and social security number.

b. The amount of current support to withhold.

c. The amount of support to withhold for payment of delinquent support, if any.

d. The amount an income provider may deduct for costs of processing each support payment.

e. The child support case number.

f. The location to which payments are sent.

g. The maximum amount that can be withheld for payment of support as specified in rule 441—98.14(252D,252E).

h. The method to calculate net income.

i. Responsibilities of the income provider as specified in Iowa Code section 252D.17.

j. Responsibility, if any, of the income provider to enroll the obligor's dependent for coverage under a health benefit plan.

98.16(2) *Notice to obligor.* A form prescribed by the department will be sent to the last-known address of the obligor by regular mail. The notice will contain the following information:

a. A statement of the obligor's right to an informal conference.

b. The process to request an informal conference.

c. The obligor's right to claim hardship criteria and the process for a claim.

d. The obligor's right to file a motion to quash the income withholding order or notice with the district court.

e. The information provided to the employer or other income provider, or a copy of the notice sent to the employer or other income provider.

f. The amount of any delinquency.

98.16(3) *Standard format.* As provided in Iowa Code section 252D.17, an order or notice of an order for income withholding will be in a standard format and on a form prescribed by the department. Child support services will make a copy of the form available to the state court administrator and the Iowa state bar association.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.17(252D) Contesting the income withholding. The obligor may contest the income withholding by means of an informal conference with child support services or by filing a motion to quash.

98.17(1) *Motion to quash.* Procedures for filing a motion to quash the order or the notice of income withholding are specified in Iowa Code chapter 252D.

98.17(2) *Informal conference.*

a. The obligor will be entitled to only one informal conference for each new or modified income withholding order or notice issued by child support services that specifies a new or modified total amount to withhold.

b. Procedures for the informal conference are as follows:

(1) Child support services will inform the obligor in writing of the right to request an informal conference.

(2) The obligor may request an informal conference with child support services if the obligor believes the withholding is in error.

(3) The obligor will request an informal conference in writing.

(4) Child support services will schedule an informal conference within 15 calendar days of the receipt of a written request from the obligor or the obligor's representative.

(5) Child support services may conduct the conference in person or by telephone.

(6) If the obligor fails to attend the conference, only one alternative time will be scheduled by child support services.

(7) Child support services will issue a written decision to the obligor within ten calendar days of the conference.

(8) If child support services has not complied with rule 441—98.7(252D), it will then adjust the income withholding amount.

c. The issues to be reviewed at the conference will be as follows:

(1) For all income withholding orders or notices, whether:

1. The identity of the obligor is in error.

2. The amount of the current support obligation is in error.

(2) For orders or notices resulting from the existence of a delinquency, whether:

1. The amount of delinquent support is in error.

2. For income withholding orders or notices, whether the guidelines described at rule 441—98.7(252D) were followed.

(3) For immediate income withholding orders or notices, whether the criteria of rules 441—98.9(252D) and 441—98.10(252D) were appropriately applied.

d. The results of an informal conference will in no way affect the right of the obligor to file a motion to quash the income withholding order or notice with the court.

98.17(3) *Income withholding issued from another state.* Child support services will follow procedures for a motion to quash or a request for hardship or conduct an informal conference based on an income withholding order or notice issued in another state only if child support services is providing services under 441—Chapter 95.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.18(252D) Termination of income withholding. Child support services may, by ex parte order, terminate an income withholding order under the following conditions:

98.18(1) *Order entered in error.* Child support services will terminate an income withholding order upon determination that the order was entered in error as follows:

a. The person named as the obligor in the income withholding order is not the person required to provide support under the support order being enforced.

b. For orders resulting from the existence of a delinquency, the required minimum delinquency did not exist at the time the income withholding order was entered.

98.18(2) *No support due.* In cases for which services are being provided by child support services, child support services will terminate an income withholding order previously entered by child support services when the current support obligation has terminated and when the delinquent support obligation has been fully satisfied as applicable to all of the children covered by the income withholding order. In no case will payment of overdue support be the sole basis for termination of withholding.

98.18(3) *Other circumstances.* Child support services may revoke an income withholding order under other circumstances provided the conditions of Iowa Code chapter 252D are met.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.19(252D) Modification of income withholding. Child support services may modify a previously issued income withholding order or notice according to the guidelines established under rule 441—98.7(252D) if it is determined that:

98.19(1) *Current support obligation changed.* There has been a change in the amount of the current support obligation.

98.19(2) *Amount in error.* The amount required to be withheld under the income withholding order or notice is in error as follows:

a. The amount required to be withheld as current support is not the amount specified in the order for support being enforced.

b. The guidelines established in rule 441—98.7(252D) were not followed.

98.19(3) *Past-due support paid.* Any past-due support debt has been paid in full. The withholding order or notice will be modified to require that only the current support obligation be withheld from the income of the obligor. Should a delinquency later accrue, the withholding order or notice may again be

modified to secure an additional payment toward the delinquency. The amount of the arrears payment will be set at 20 percent of the current support amount.

98.19(4) *Income withholding and determination of controlling orders.* An obligation amount different from what child support services has been enforcing is established upon the determination of controlling order as allowed in Iowa Code section 252K.207. Upon the change to the new obligation amount, the amount withheld to be applied toward the liquidation of any delinquency will be 20 percent.

98.19(5) *Income withholding and review and adjustment of orders.* Child support services has conducted a review of the obligation pursuant to 441—Chapter 99. Child support services will modify the amount withheld to be applied toward the liquidation of any delinquency to 20 percent upon completion of the review and adjustment process.

98.19(6) *Implementation or termination of amended amount of withholding due to hardship.* Child support services has determined that the withholding order should be modified based upon the hardship provisions in rule 441—98.8(252D).

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.20(252D) Refunds of amounts improperly withheld. Child support services will refund to the obligor any amounts improperly withheld and received by the department under an income withholding order or notice issued by child support services, subject to the following:

98.20(1) *Services provided by the department.* Only those amounts received by the department during the period enforcement services are being provided are subject to refund.

98.20(2) *Satisfaction of amount to withhold.* No refund will be made unless amounts have been collected that fully satisfy the amount specified in the income withholding order or notice for the withholding period during which income has been generated.

98.20(3) *When issued.* Any amounts received in excess of the amounts specified in the order or notice to withhold will be issued to the obligor within 30 days of discovery by child support services unless the obligor requests in writing that these amounts be credited toward the delinquency or future child support. If there is a dispute regarding whether there is an overpayment, the obligor may request an informal conference by following the procedures set out in subparagraphs 98.17(2)*"b"*(3) through (7). This procedure will not preclude the obligor from utilizing other civil remedies.

98.20(4) *Recovery by child support services.* The department may recover payments from the obligee in excess of those described in subrule 98.20(2) that have been received by the department and improperly forwarded to the obligee.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.21(96) Child support intercept of unemployment insurance benefits. When the department of workforce development notifies child support services that an individual who owes a child support obligation being enforced by child support services has been determined to be eligible for unemployment insurance benefits, child support services will enforce a child support obligation that is owed by an obligor but is not being met by intercept of unemployment insurance benefits. "Owed but not being met" means either current child support not being met or arrearages that are owed.

98.21(1) *Withholding.* Child support services will intercept unemployment insurance benefits by initiating a withholding of income pursuant to Iowa Code chapter 252D and this chapter. The amount to be withheld through a withholding of unemployment insurance benefits will not exceed the amount specified in 15 U.S.C. Section 1673(b) (as amended to August 1, 2024).

98.21(2) Reserved.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.22(252B) Administrative seek employment order. Child support services may enter an ex parte order requiring the obligor to seek employment in accordance with Iowa Code section 252B.21.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.23(252B) Effective date of seek employment order. The seek employment order will be effective 15 days after issuance of the order to the obligor. This 15-day period will serve as advance notice to the obligor.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.24(252B) Method and requirements of reporting for administrative seek employment order. The obligor shall complete a form prescribed by the department, which will be submitted to child support services on a weekly basis throughout the duration of the order unless the obligor has a valid reason for not complying with the order. The obligor will document at least five new attempts to find employment on the form each week. The same employer may not be reported more than once per week.

The obligor will include the names, addresses, and the telephone numbers of each of the five employers or businesses with whom the obligor attempted to seek employment and the name of the individual contact to whom the obligor made application for employment or to whom the inquiry was directed.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.25(252B) Reasons for noncompliance of administrative seek employment. Upon verification, certain conditions will be considered valid reasons for noncompliance. At the request of child support services, the obligor will provide verification of any reason for noncompliance with the order when the information is not available to child support services through online sources. Valid reasons for noncompliance and acceptable verification are:

98.25(1) *Receipt of social security, supplemental security income (SSI), or FIP.* Receipt of social security, SSI, or FIP is considered a valid reason for noncompliance when verified by information contained in online sources available to child support services or written verification from the agency providing the benefits.

98.25(2) *Temporary illness or disability.* Temporary illness or disability of the obligor or other household member is considered a valid reason upon receipt of a completed form prescribed by the department verifying the obligor's inability to seek or accept employment.

98.25(3) *High school student.* Attending high school is considered a valid reason upon verification from the high school.

98.25(4) *Incarceration.* Incarceration is considered a valid reason when verified through online information available to child support services or on receipt of verification from the institution.

98.25(5) *Substance use disorder treatment.* Participating in a supervised substance use disorder treatment program that is associated with a treatment center is considered a valid reason upon verification from the treatment center.

98.25(6) *Job training.* Participation in a job-training or job-seeking program through the department of employment services as a result of receiving benefits from the Supplemental Nutrition Assistance Program is considered a valid reason upon receipt of verification from the department of employment services.

98.25(7) *Employment or self-employment.* Employment or self-employment is considered a valid reason upon verification through the employer for those employed or through tax documents or business records for those self-employed.

98.25(8) *Payment of support.* Payment on the account equal to the amounts prescribed for income withholding in accordance with rule 441—98.7(252D) throughout the duration of the seek employment order is considered a valid reason upon verification of payments posted to the Iowa collection and reporting (ICAR) system.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.26(252B) Administrative seek employment method of service. The seek employment order will be served on the obligor by regular mail. Proof of service will be completed according to Rule of Civil Procedure 1.442.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.27(252B) Administrative seek employment order duration of order. The seek employment order will remain in effect for three months from the date of issuance unless child support services determines the obligor has a valid reason for noncompliance as specified at rule 441—98.25(252B), at which time the order becomes unenforceable.

Upon acceptance of the reason for noncompliance, child support services will notify the obligor that the obligor is no longer required to comply with the seek employment order. Upon denial of the reason for noncompliance, child support services will notify the obligor that the obligor will comply with the existing seek employment order. The notice will be filed with the clerk of the district court. If the obligor disputes this decision, the obligor will have recourse through the district court.
[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.28(252B) Setoff against payment owed to a person by a state agency. The department will make a claim pursuant to 701—Chapter 26 against a payment owed to an obligor by a state agency when support is delinquent and the case qualifies for setoff. Any setoff received as the result of a claim against a payment owed to an obligor will be applied to court-ordered support that the department is attempting to collect pursuant to Iowa Code chapter 252B.

98.28(1) *Case selection.* The department will submit periodically a list of obligors who are delinquent at least $50 in support payments to the department of revenue.

98.28(2) *Distribution of setoff amount.* Setoffs will be applied in accordance with rules 441—95.3(252B) and 441—95.4(252B).

98.28(3) *Percentage of payment setoff.* The amount of setoff will be 50 percent of the total payment due the obligor unless the payment results from lottery winnings, from gambling winnings, from sports wagering winnings, or from a payment for a claim under treasurer of state rules on unclaimed property at 781—Chapter 9, in which case the amount of setoff will be 100 percent of the payment. The amount taken will not exceed the delinquent amount owed by the obligor.
[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.29(252B) Setoff against state income tax refund or rebate. The department will make a claim pursuant to 701—Chapter 26 against an obligor's state income tax refund or rebate when support is delinquent and the case qualifies for setoff. Any setoff received as the result of a claim against an obligor's state income tax refund or rebate will apply to support that the department is attempting to collect pursuant to Iowa Code chapter 252B.

98.29(1) *Case selection.* The department will submit periodically a list of obligors who are delinquent at least $50 in support payments to the department of revenue.

98.29(2) *Refunds.* The department will refund any amount incorrectly setoff to the department of revenue or to the obligor pursuant to 701—subrule 26.7(6). The obligor may agree in writing to apply the refund of the incorrect setoff to any other support obligation due in cases where child support services would otherwise refund the setoff directly to the obligor.

98.29(3) *Distribution of setoff amount.* Setoffs will be applied as provided in rule 441—95.3(252B).
[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.30(252B) Offset against federal income tax refund and federal nontax payment. The department will make a claim against an obligor's federal income tax refund or federal nontax payment when delinquent support is owed. For purposes of this offset, delinquent support will include the entire balance of a judgment for accrued support, as provided in Iowa Code section 252B.5(4). Any offset received as the result of a claim against an obligor's federal income tax refund or federal nontax payment will apply to support that child support services is attempting to collect pursuant to Iowa Code chapter 252B.

98.30(1) *Amount of assigned support.* If the delinquent support is assigned to the department, the amount of delinquent support will be at least $150, calculated by combining the assigned delinquent support in all of the obligor's cases in which the assigned delinquent support is at least $50.

98.30(2) *Amount of nonassigned support.* If delinquent support is not assigned to the department, the claim will be made if the amount of delinquent support is at least $500, calculated by combining the nonassigned delinquent support in all of the obligor's cases in which the nonassigned delinquent support is at least $50.

a. The amount distributed to an obligee will be the amount remaining following payment of a support delinquency assigned to the department. The department will distribute to an obligee the amount collected from an offset according to subrule 98.30(9) within the following time frames:

(1) Within six months from the date the department applies an offset amount from a joint income tax refund to the child support account of the responsible person, or within 15 days of the date of resolution of an appeal under subrule 98.30(8), whichever is later, or

(2) Within 30 days from the date the department applies an offset amount from a single income tax refund to the child support account of the responsible person, or within 15 days of the date of resolution of an appeal under subrule 98.30(8), whichever is later.

(3) However, the department is not mandated to distribute until it has received the amount collected from an offset from the federal Department of the Treasury.

b. Federal nontax payment offsets will be applied as provided in rule 441—95.3(252B).

98.30(3) *Notification to federal agency.* The department will, as permitted or specified by federal regulations, submit notification(s) of liability for delinquent support to the federal Office of Child Support Services.

98.30(4) *Preoffset notice and review.* Each obligor who does not have an existing support debt on record with the federal Office of Child Support Services will be sent a preoffset notice in writing, using address information provided to the federal Office of Child Support Services, stating the amount of the delinquent support certified for offset.

a. Individuals whose names were submitted for federal offset who wish to dispute the offset must notify the department in writing within the time period specified in the preoffset notice.

b. Upon receipt of a complaint from the individual disputing the submission for offset, child support services will conduct a review to determine if there is a mistake of fact and respond to the individual in writing within ten days.

98.30(5) *Recalculation of delinquency.* When the records of the department differ from those of the obligor for determining the amount of the delinquent support, the obligor may provide and the department will accept documents verifying modifications of the order, records of payments made pursuant to state law, and will recalculate the delinquency.

98.30(6) *Notification of modification or elimination.* The department will notify the federal Office of Child Support Services, within time frames established by the federal Office of Child Support Services, of any modification or elimination of an amount referred for offset.

98.30(7) *Failure to timely respond.* When an individual does not respond to the preoffset notice within the specified time even though the department later agrees a certification error was made, the individual must wait for corrective action as specified in subrule 98.30(8).

98.30(8) *Offset notice, appeal, and refund.* The federal Department of the Treasury will send notice that a federal income tax refund or federal nontax payment owed to the obligor has been intercepted. When child support services receives information from the federal Office of Child Support Services regarding the offset, or when the individual whose name was submitted for federal offset notifies the department that the individual has received an offset notice, the department will issue to that individual a form prescribed by the department.

a. The individual whose name was submitted for federal offset will have 15 days from the date of the notice to contest the offset by initiating an administrative appeal pursuant to 441—Chapter 2506. Except as specifically provided in this rule, administrative appeals will be governed by 441—Chapter 2506. The issue on appeal will be limited to a mistake of fact. Any other issue may be determined only by a court of competent jurisdiction.

b. The department will refund the incorrect portion of a federal income tax offset or federal nontax payment offset within 30 days following verification of the offset amount. Verification means a listing from the federal Office of Child Support Services containing the obligor's name and the amount of tax refund or nontax payment to which the obligor is entitled. The date the department receives the federal listing will be the beginning day of the 30-day period in which to make a refund.

c. The department will refund the amount incorrectly set off to the obligor unless the obligor agrees in writing to apply the refund of the incorrect offset to any other support obligation due.

98.30(9) *Application of offsets.* Offsets of federal income tax refunds will be applied to delinquent support only. The department will first apply the amount collected from an offset to delinquent support assigned to the department under Iowa Code chapters 234 and 239B. The department will then apply any amount remaining in equal proportions to delinquent support due individuals receiving nonassistance services.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25; Editorial change: IAC Supplement 6/10/26]

441—98.31(252I) Administrative levy. When there is a delinquency in an amount equal to the ordered support payable for one month, child support services may issue an administrative levy pursuant to Iowa Code chapter 252I and according to Rule of Civil Procedure 1.442.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.32(252J) Referral for license sanction. In the process referred to as license sanction, child support services may refer an individual to a licensing agency for the suspension, revocation, nonissuance, or nonrenewal of a variety of licenses, including but not limited to motor vehicle registrations; driver's licenses; business and professional licenses; and licenses for hunting, fishing, boating, or other recreational activity. In order to be referred to a licensing agency for license sanction, one of the following must apply:

98.32(1) *Delinquent support payments.* An obligor's support payments must be delinquent in an amount equal to the support payment for three months. Child support services will not refer obligors whose support payments are being made under an income withholding order.

98.32(2) *Subpoena or warrant.* An individual must have failed to comply with a subpoena or warrant, as defined in Iowa Code chapter 252J, relating to a paternity or support proceeding. If a subpoena was issued, the individual must have failed to comply with a form prescribed by the department or an Interstate Subpoena as provided in 441—subrule 96.2(1) within 15 days of the issuance of the subpoena, and proof of service of the subpoena was completed according to Rule of Civil Procedure 1.442.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.33(252J) Reasons for exemption from license sanction. Certain conditions will be considered valid reasons for exemption from the license sanction process. Upon verification of these conditions, child support services will bypass, exempt, or withdraw the individual's name from referral to licensing agencies for the purpose of applying a license sanction. When the information to verify the exemption is not available to child support services through online sources, child support services will request, and the individual will provide, verification of the reason for exemption. Valid reasons for exemption for failure to comply with a subpoena or warrant and acceptable verification are those listed in subrules 98.33(2), 98.33(3), 98.33(5), and 98.33(6). Valid reasons for exemption for delinquent support payments and acceptable verification are any of the following:

98.33(1) *Receipt of social security, supplemental security income (SSI) or FIP.* Receipt of social security, SSI, FIP, or county assistance (general relief, general assistance, community services, and veteran's assistance), based upon the eligibility of the obligor, is considered a valid reason for exemption when verified by information contained in online sources available to child support services or written verification from the agency providing the benefits.

98.33(2) *Temporary illness or disability.* Temporary illness or disability of the individual or illness or disability of another household member that requires the presence of the individual in the home as caretaker is considered a valid reason for exemption upon receipt of a completed form prescribed by the department verifying the individual's or household member's inability to work.

98.33(3) *Incarceration.* Incarceration is considered a valid reason for exemption when verified through online information available to child support services or upon receipt of verification from the institution.

98.33(4) *Job training.* Participation in a job-training or job-seeking program through the department of employment services as a result of receiving benefits from the Supplemental Nutrition Assistance Program is considered a valid reason for exemption upon receipt of verification from the department of employment services or verification through online information available to child support services or upon receipt of a written statement from an income maintenance worker.

98.33(5) *Chemical dependency treatment.* Participation in a chemical dependency treatment program that is licensed by the department or the joint commission (TJC) is considered a valid reason for exemption upon receipt of written verification from the professional staff of the program that participation in the program precludes the individual from working.

98.33(6) *Contempt process.* Involvement in a contempt action dealing with support issues is considered a valid reason for exemption from the license sanction process during the pendency of the contempt action.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.34(252J) Notice of potential sanction of license. When an individual meets the criteria for selection, child support services may issue a notice to the individual of the potential sanction of any license held by the individual pursuant to Iowa Code chapter 252J using a form prescribed by the department.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.35(252J) License sanction conference.

98.35(1) *Scheduling of conference.* Upon receipt from an individual of a written request for a conference, child support services will schedule a conference not more than 30 days in the future. At the request of either child support services or the individual, the conference may be rescheduled one time. When setting the date and time of the conference, if notice was sent to an obligor under rule 441—98.34(252J), child support services will request the completion of a form prescribed by the department and other financial information from both the obligor and the obligee as may be necessary to determine the obligor's ability to comply with the support obligation.

98.35(2) *Payment calculation.* If notice was sent to an obligor under rule 441—98.34(252J) during the conference held in compliance with the provisions of Iowa Code section 252J.4, child support services will determine if the obligor's ability to pay varies from the current support order by applying the mandatory supreme court guidelines as contained in 441—Chapter 99, with the exception of 441—subrules 99.4(3) and 99.5(5). If further information from the obligor is necessary for the calculation, child support services may schedule an additional conference no less than ten days in the future in order to allow the obligor to present additional information as may be necessary to calculate the amount of the payment. If, at that time, the obligor fails to provide the required information, child support services will issue a certificate of noncompliance to applicable licensing authorities. If the obligee fails to provide the necessary information to complete the calculation, child support services will use whatever information is available. If no income information is available for the obligee, child support services will determine the obligee's income in accordance with 441—subrules 99.1(2) and 99.1(4). This calculation is for determining the amount of payment for the license sanction process only and does not modify the amount of support obligation contained in the underlying court order.

98.35(3) *Referral for review and adjustment.* If the amount calculated in subrule 98.35(2) meets the criteria for review and adjustment as specified in rule 441—101.4(252B,252H), or administrative modification as specified in rule 441—101.12(252H) and 441—subrules 101.13(1), 101.13(2) and 101.13(6) at the time child support services provides the payment agreement to the obligor, child support services will also provide the obligor with any necessary forms to request a review and adjustment or administrative modification of the support obligation. The payment agreement remains in effect during the review and adjustment or administrative modification process.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.36(252J) License Sanction Payment Agreement. The License Sanction Payment Agreement will require the obligor to pay the lower of the amount calculated in subrule 98.35(2) or the maximum amount payable under an income withholding order as specified in rule 441—98.7(252D).

98.36(1) *Duration of payment agreement.* The License Sanction Payment Agreement signed under this chapter will remain in effect for at least one year from the date of issuance unless child support services determines the obligor has a valid reason for exemption as specified in rule 441—98.33(252J). Except in those cases in which review and adjustment are in process, child support services may, at the end of the

year, begin the process of reviewing the case so that the payment amount continues to accurately reflect the obligor's ability to pay as calculated in subrule 98.35(1).

98.36(2) *Failure to comply.* If at any time following the signing of a payment agreement the obligor fails to comply with all the terms of the agreement, child support services will issue a form prescribed by the department to applicable licensing authorities in accordance with the provisions of Iowa Code chapter 252J.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.37(252J) Staying the process of license sanction due to full payment of support. If the obligor, at any time, pays the total support owed, both current and past due, or an individual complies with the subpoena or warrant, child support services will stay the process, and any form issued by the department will be withdrawn by child support services.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.38(252J) Duration of license sanction. Forms issued by the department will remain in effect until the obligor pays all support owed, both arrears and current; or the obligor enters into a payment agreement with child support services; or the obligor meets one of the criteria for exemption specified at subrules 98.33(1), 98.33(2), and 98.33(4); or the individual complies with the subpoena or warrant.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.39(252B) Procedures for providing information to consumer reporting agencies. Child support services may make information available to consumer reporting agencies regarding the amount of delinquent support owed by a responsible person, but only in cases where the delinquent support exceeds $1,000. However, before child support services will release the information to a consumer reporting agency, the agency must meet the requirements for a nationwide consumer reporting agency under Iowa Code section 252B.9(3)*"j."*

98.39(1) *Request of information.* Agencies may request the information from the department. Requests for information about an individual shall include the individual's name and identifying information such as a social security number or birth date. Agencies may also request a listing of all obligors owing support in excess of $1,000.

98.39(2) *Notice of proposed release of information.* A notice of proposed release of information will be sent to the last-known address of the responsible person 30 calendar days prior to the release of the support arrearage information to a consumer reporting agency. This notice will explain the information to be released and the methods available for contesting the accuracy of the information.

98.39(3) *Contesting proposed release of information.* The responsible person may, within 15 calendar days of the date of the notice of proposed release of information, request a conference with child support services to contest the accuracy of the information to be given to the consumer reporting agency. In contested cases, no referral will be made to the consumer reporting agency until after the amount of overdue support has been confirmed to exceed $1,000.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.40(252B) Difficult-to-collect arrearages. Child support services may refer difficult-to-collect arrearages to a collection entity under contract with child support services or with another state entity. Upon referral, a surcharge, in addition to the support, shall be due and payable by the obligor as provided in Iowa Code chapter 252B.

98.40(1) *Difficult-to-collect arrearage.* A difficult-to-collect arrearage is one based upon a court or administrative order that meets all the following criteria:

a. There is no order for current support and only an arrearage is owing.

b. There has been no payment, except for federal or state tax refund offset payments, in the past three months.

c. There is no valid reason for exemption from the referral and surcharge process. Valid reasons for exemption and acceptable verification are those listed in subrules 98.33(1), 98.33(3), and 98.33(6). Upon verification of those conditions, child support services will bypass or exempt the obligor's arrearages from the referral and surcharge process. When the information to verify the exemption is not available to child

support services through online sources, child support services will request, and the obligor will provide, verification of the reason for exemption.

98.40(2) *Notice of the possibility of referral and surcharge.* Child support services will provide notice of the possibility of a referral and surcharge to the obligor as mandated by Iowa Code chapter 252B. The notice will be provided at least 15 days before child support services sends the notice of referral and surcharge to the obligor, subject to the following:

a. Notification contained in order. When the support order under which the arrearage has accrued contains language advising of statutory provisions for referral and surcharge, no other preliminary notice will be required.

b. Notification issued by child support services. When the support order under which the arrearage has accrued does not contain language regarding the statutory provisions for referral and surcharge, or was entered under a foreign jurisdiction and notification was not included in the support order or provided as a separate written notice, child support services will issue a notice to the obligor pursuant to Iowa Code section 252B.23.

98.40(3) *Notice of referral and surcharge.* Child support services will send notice of a referral and surcharge to the obligor by regular mail to the obligor's last-known address, with proof of service completed according to Rule of Civil Procedure 1.442. The notice will contain all the information mandated by Iowa Code chapter 252B. The notice will be sent at least 30 days before child support services refers the arrearage to the collection entity.

98.40(4) *Contesting the referral and surcharge.* An obligor may contest the referral and surcharge. The right to contest is limited to a mistake of fact, including but not limited to a mistake in the identity of the obligor, a mistake as to whether there was a payment in the three months before the date of the notice specified in subrule 98.40(3), a mistake as to whether an exemption in paragraph 98.40(1)*"c"* applies, or a mistake in the amount of arrearages.

a. An obligor may contest the referral and surcharge by submitting a written request for a review to child support services within 20 days of the date on the notice of referral and surcharge specified in subrule 98.40(3). Upon receipt of a written request for review, child support services will follow the criteria and procedures specified in Iowa Code chapter 252B for resolving the request.

(1) If child support services determines there is a mistake in the identity of the obligor, if there was a payment, other than a federal or state income tax offset, within the three months before the date of the notice specified in subrule 98.40(3), or if there is another mistake of fact and the arrearage does not meet the criteria for referral, child support services will issue a written notice to the contestant or obligor of the determination and not refer the arrearages. If child support services later determines an arrearage may be subject to referral, it will issue a new notice as provided in subrule 98.40(3).

(2) If child support services determines there was a mistake in the amount of arrearages, but the corrected amount of arrearages will still be referred, or if child support services determines there is no mistake of fact, child support services will issue a written notice of the determination of the review to the obligor by regular mail to the last-known address of the obligor. The notice will include the amount of the arrearages that will be referred and the surcharge that will be assessed. The notice will also include information on requesting an additional review by the department, and on requesting a judicial hearing.

b. An obligor may contest the notice of determination of review by submitting a written request for an additional review by the department within 20 days of the date of the notice of determination of the review issued under paragraph 98.40(4)*"a."* Upon receipt of the written request for additional review, child support services will review the facts of the case.

(1) If the department determines a mistake in the identity of the obligor has occurred, if there was a payment, other than a federal or state income tax offset, within the three months before the date of the notice specified in subrule 98.40(3), or if there is another mistake of fact and the arrearage does not meet the criteria for referral, the department will issue a written notice to the contestant or obligor of the determination and the arrearages will not be referred. If child support services later determines an arrearage may be subject to referral, it will issue a new notice as provided in subrule 98.40(3).

(2) If the department determines that there was a mistake in the amount of the arrearage but the corrected amount of arrearages will still be referred, or if there is no mistake of fact, the department will

send a written notice of the additional review determination to the obligor by regular mail to the last-known address of the obligor. The notice will include the amount of the arrearage that will be referred and the surcharge that will be assessed. The notice will also include information on requesting a judicial hearing.

c. Following the issuance of a notice of determination of a review under paragraph 98.40(4)*"a,"* or issuance of a notice of determination of an additional review under paragraph 98.40(4)*"b,"* the obligor may request a district court hearing. The obligor will make a request by sending a written request for a hearing to child support services within ten days of the date of the department's written determination of the review, or within ten days of the date of child support services' written determination of an additional review, whichever is later. Procedures for a district court hearing are specified in Iowa Code chapter 252B.

d. Child support services will not refer arrearages and assess a surcharge until after completion of any review, additional review or judicial hearing process.

98.40(5) *Referral and surcharge.*

a. If the obligor has not paid the arrearage, has not contested the referral, or if, following child support services review, the department's additional review, and any judicial hearing, child support services, or court does not find a mistake of fact, the arrearage will be referred to the collection entity.

b. The amount of the arrearage referred will be the amount that is unpaid as of the date of the referral. The amount of the surcharge will be an amount equal to the amount of the arrearage unpaid as of the date of the referral, multiplied by the percentage specified in the contract with the collection entity.

c. Child support services will file a notice of the surcharge with the clerk of the district court in the county in which the underlying support order is filed.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.41(252B) Enforcement services by private attorney entitled to state compensation. An attorney licensed to practice law in Iowa may utilize judicial proceedings to collect support, at least a portion of which is assigned support, and be entitled to compensation by the state as provided in Iowa Code chapter 252B.

98.41(1) *Eligible cases.* To be eligible for attorney services with compensation under this rule, a case must meet all of the following:

a. Child support services is providing services under Iowa Code chapter 252B.

b. The current support obligation is terminated and only arrearages are due under the administrative or court order.

c. There has been no payment under any order in the case for at least a 12-month period prior to the provision of the notice from the attorney to child support services under paragraph 98.41(1)*"f."*

d. At least a portion of the arrearages due under any order in the case is assigned to the state because cash assistance was paid under Iowa Code chapter 252B.

e. The case does not have any of the following characteristics:

(1) There has been a finding of good cause or other exception pursuant to Iowa Code section 252B.3.

(2) A portion of the arrears is assigned to another state because of public assistance provided by that state.

(3) Another attorney has already notified child support services of the intent to initiate a judicial proceeding to collect support due under any order in the same case under this rule, and either the time to receive the collection has not expired or child support services has not received a notice from the other attorney that the judicial proceeding has concluded prior to the expiration of the time period.

(4) If the notice from the attorney under paragraph 98.41(1)*"f"* specifies contempt of court as the judicial proceeding, and child support services has generated an administrative seek employment order to the obligor under Iowa Code section 252B.21 less than nine months prior to the date on the notice from the attorney.

(5) The case or arrearages have been referred by child support services to a collection entity under Iowa Code section 252B.5(3) less than nine months prior to the date on the notice from the attorney.

(6) The obligor has filed for bankruptcy and collection activities are stayed.

(7) The notice from the attorney under paragraph 98.41(1)*"f"* lists a specific judicial proceeding and child support services has already initiated the same type of proceeding in court.

(8) The case has been referred to the U.S. Attorney's office and is still pending at that office.

f. The attorney has provided written notice to the central office of child support services, and to the last-known address of the obligee of the intent to initiate a specified judicial proceeding to collect support on any identified court or administrative order involving the obligor and obligee in the case.

g. The attorney has provided documentation of insurance to child support services as mandated by Iowa Code chapter 252B.

h. The collection must be received by the collection services center within 90 days of the notice from the attorney in paragraph 98.41(1)*"f,"* or within a subsequent 90-day extension period.

98.41(2) *Procedure.*

a. To begin the process under this rule, the attorney shall submit the following to the department at least 30 days prior to initiating the specified judicial proceeding:

(1) A dated, written statement that lists the specific judicial proceeding that the attorney intends to initiate, any court or administrative order under which the arrearages accrued identified by the order number, and the names of the obligor and obligee.

(2) Documentation that the attorney is insured as mandated by the statute. Documentation shall be either a copy of the attorney's policy from the insurer, or a letter from the insurer verifying insurance coverage as mandated by the statute.

(3) Documentation that the attorney is licensed to practice law in Iowa.

b. Child support services will mail a response to the attorney within ten days of receipt of the notice from the attorney. All of the following will apply to the child support services response:

(1) If the case meets the requirements of this rule, the notice will list the case number, any order numbers, the judicial proceeding specified by the attorney, the balance due the state of Iowa, the balance due an obligee, and the date that is 90 days from the date of the notice from the attorney. The notice will also contain a statement that any compensation due the attorney as a result of application of this rule will be calculated on the amount of support credited to arrearages due the state at the time the support paid as a result of the judicial proceeding is received by the collection services center. The notice will also contain a statement that any support collected will be disbursed in accordance with federal requirements, and any support due the obligee will be disbursed to the obligee prior to disbursement to the attorney as compensation.

(2) If the case does not meet the requirements of this rule, the notice will list the case number, any order number, and the reason the case does not meet the requirements.

c. If the case is eligible under this rule, the attorney may initiate judicial proceedings after 30 days after providing the notice to child support services in paragraph 98.41(2)*"a."* Iowa Code chapter 252B defines "judicial proceedings."

d. The attorney may extend the time to complete the judicial proceeding or to allow for receipt of the collection by the collection services center by submitting a notice requesting a 90-day extension to the address in paragraph 98.41(2)*"a."* This or any subsequent notice must be received by child support services before expiration of the current 90-day time frame. Child support services will acknowledge receipt of the subsequent notice and list on the acknowledgment the date that is 90 days from the date of the attorney's subsequent notice.

98.41(3) *Collection and payment to attorney.*

a. Upon compliance with the requirements of Iowa Code chapter 252B and this rule, the attorney will be entitled to compensation from the state as provided for in this rule.

b. Upon receipt of a file-stamped copy of a court order that identifies the amount of support collected as a result of the judicial proceeding and that does not order the payment of attorney fees by the obligor, and the receipt of the collection by the collection services center, all the following apply:

(1) Iowa Code chapter 252B specifies the formula to calculate the compensation due the attorney from the state. Child support services will calculate the compensation due the attorney based upon the amount of support that is credited to arrearages due the state at the time the collection is received by the collection services center. After calculating the amount due the attorney, child support services will reduce the amount due the attorney by the amount of any penalty or sanction imposed upon the state as a result of any other judicial proceeding initiated by that attorney under Iowa Code chapter 252B. Child support services will send the attorney a notice of the amount of the compensation due from the state.

(2) The collection services center will disburse any support due an obligee prior to payment of compensation to the attorney.

(3) Child support services will not authorize disbursement of compensation to the attorney until the later of 30 days after receipt of the collection and the file-stamped copy of the order, or resolution of any timely appeal by the obligor or obligee.

(4) The amount of compensation due the attorney is subject to judicial review upon application to the court by the attorney.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

441—98.42(17A) Right of appeal.

98.42(1) Under this chapter, an administrative appeal pursuant to 441—Chapter 2506 will be limited to the following issues:

a. A claim or offset is contested as provided in subrule 98.30(8) by a person's alleging a mistake of fact.

b. A name has been certified for passport sanction as provided in Iowa Code section 252B.5.

98.42(2) A hearing will not be granted under 441—Chapter 2506 when the appellant has a complaint about child support services enforcement matters other than those described in this rule.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25; **ARC 9764C**, IAB 11/26/25, effective 1/1/26; Editorial change: IAC Supplement 6/10/26]

441—98.43(17A) Appeal record. The record in an administrative appeal under this rule will include, in addition to those materials specified in Iowa Code section 17A.12(6), the notice of appeal and the verbatim record of the hearing.

[**ARC 8964C**, IAB 2/19/25, effective 4/1/25]

These rules are intended to implement Iowa Code sections 96.3, 252B.9, 252B.21, 252B.5, 252B.3, 252B.4, and 421.65; chapters 252D, 252E, 252I, 252J, and 17A; and 15 U.S.C. Section 1673(b).

CHAPTER 99
CHILD SUPPORT GUIDELINES

Chapter rescission date pursuant to Iowa Code section 17A.7: 4/1/30

441—99.1(234,252B,252H) Income considered. Child support services will consider all regularly recurring income of both legal parents to determine the amount of the support award in accordance with the child support guidelines prescribed by the Iowa Supreme Court. Spousal support will be considered as specified in the Iowa Supreme Court guidelines and prior obligation spousal support actually paid or received will be calculated in the same manner as the deductions for support in subrule 99.2(1). These rules on child support guidelines will not apply if child support services is determining the support amount by a cost-of-living alteration as provided in Iowa Code chapter 252H, subchapter IV.

99.1(1) *Exempt income.* The following income of the parent is exempt in the establishment or modification of support:

a. Income received by the parent under the family investment program (FIP).

b. Income or other benefits derived from public assistance programs funded by a federal, state, or local governmental agency or entity that are listed in 441—41.27(239B) as exempt from consideration in determining eligibility under FIP.

c. Income such as child support, social security dependent benefits received by a parent for a child because of the other parent's disability, and veteran's dependent benefits received by a parent on behalf of a child.

d. Stepparent's income.

e. Income of a guardian who is not the child's parent.

f. Income of the child's siblings.

g. Earned income tax credit.

99.1(2) *Determining income.* Any of the following may be used in determining a parent's income for establishing or modifying a support obligation:

a. Income reported by the parent in a financial statement.

b. Income established by any of the following:

(1) Income verified by an employer or other source of income.

(2) Income reported to the department of workforce development.

(3) For a public assistance recipient, income reported to the department of health and human services caseworker assigned to the public assistance case.

(4) Other written documentation that identifies income.

c. Income as determined through occupational wage rate information published by the Iowa workforce development department or other state or federal agencies.

d. The median income for parents on the child support services caseload, calculated annually.

e. Social security dependent benefits. Social security dependent benefits paid for a child because of a parent's disability will be included in the disabled parent's income. Social security dependent benefits paid for a parent due to the other parent's disability will be included in the receiving parent's income.

99.1(3) *Verification of income.* Verification of income and allowable deductions from each parent will be requested.

a. Verification of income may include but is not limited to the following:

(1) Federal and state income tax returns.

(2) W-2 statements.

(3) Pay stubs.

(4) Signed statements from an employer or other source of income.

(5) Self-employment bookkeeping records.

(6) Award letters confirming entitlement to benefits under a program administered by a government or private agency such as social security, veterans' or unemployment benefits, military or civil service retirement or pension plans, or workers' compensation.

b. Cases in which the information or verification provided by a parent is questionable or inconsistent with other circumstances of the case may be investigated. If the investigation does not reveal any inconsistencies, the financial statement and other documentation provided by the parent will be used to establish income.

c. If discrepancies exist in the financial statement provided by the parent and additional income information is not available, child support services may:

(1) Request a hearing before the court if attempting to establish a support order through administrative process.

(2) Conduct discovery if a parent places the matter before the court by answering a petition or requesting a hearing before the court.

(3) When attempting to establish a default order, provide the court with a copy of the parent's financial information and the reasons the information may be questionable.

d. If child support services is unable to obtain verification of a parent's income, the financial statement provided by the parent may be used to establish support.

99.1(4) *Use of occupational wage rate information or median income for parents on the child support services caseload.* Child support services will use occupational wage rate information or median income for parents on the child support services caseload to determine a parent's income when the parent has failed to return a completed financial statement when requested, and when complete and accurate income information from other readily available sources cannot be secured. If a parent's most recent residential address is in Iowa, child support services will use Iowa workforce development regional data to determine income. If a parent's most recent residential address is in another state, the District of Columbia, or Puerto Rico, child support services will use wage data from the place of the parent's most recent residence to determine income. For all other cases, child support services will use Iowa statewide occupational wage rate or median income for parents on the child support services caseload to determine income.

a. Occupation known. When child support services can reasonably ascertain the current or last-known occupation of a parent, child support services will use occupational wage rate information to determine income. Wage rate information will be converted to a monthly amount in accordance with subrule 99.3(1).

b. Occupation unknown. When child support services cannot reasonably ascertain the current or last-known occupation of a parent, child support services will determine the income of a parent using the median income amount for parents on the child support services caseload, based upon the parent's most recent residential address.

99.1(5) *Self-employment income.* A self-employed parent's adjusted gross income, rather than the net taxable income, will be used in determining net income. The adjusted gross income will be computed by deducting business expenses involving actual cash expenditures that affect the actual dollar income of the parent.

a. A person is self-employed when the person:

(1) Is not required to report to the office regularly except for specific purposes such as sales training meetings, administrative meetings, or evaluation sessions.

(2) Establishes the person's own working hours, territory, and methods of work.

(3) Files quarterly reports of earnings, withholding payments, and FICA payments to the Internal Revenue Service (IRS).

b. In calculating net income from self-employment, child support services will deduct only those items allowed by the child support guidelines. Amounts from a prior period claimed as net losses will not be allowed as deductions.

c. Net profits from self-employment may be determined through a review of self-employment bookkeeping records, sales and expenditure records, quarterly reports filed with the IRS, previous year's federal or state income tax returns, or other documentation. The parent must provide records of bookkeeping, sales, and expenditures for the most recent 12-month period or, if the self-employment is less than 12 months old, for the period since the self-employment began.

99.1(6) *Fluctuating income.* A person has a fluctuating income when the calculated gross income or the adjusted gross income, as defined in subrule 99.1(5), for the current year varies from the gross or adjusted gross income of the previous year by more than 20 percent.

a. If requested, child support services will average the income of a person whose income fluctuated because the nature of the person's occupation is of a type that normally experiences fluctuations in income.

b. In determining a person's average income, the following procedures will be used:

(1) For non-self-employed persons, child support services will estimate the gross income for the current year and add the amount to the gross income from relevant years that would accurately depict fluctuations in the person's income. Child support services will divide this sum by the number of years added, prior and current, to arrive at an average gross annual income. Child support services will divide the average gross annual income by 12 to arrive at the person's average gross monthly income.

(2) For income from self-employment, child support services will compute the adjusted gross annual income as defined in subrule 99.1(5) for the relevant years that would accurately depict fluctuations in the person's income. Child support services will use the adjusted gross annual income to compute the average adjusted gross monthly income in the same manner as the computation of average gross monthly income for a non-self-employed person.

[**ARC 8965C**, IAB 2/19/25, effective 4/1/25; **ARC 9764C**, IAB 11/26/25, effective 1/1/26]

441—99.2(234,252B) Allowable deductions. The deductions specified in the Iowa Supreme Court child support guidelines will be allowed when determining the amount of income subject to application of the guidelines. The parent claiming the deduction must provide the documentation necessary for computing allowable deductions. When applying the deductions specified in the Iowa Supreme Court guidelines, the following will also apply:

99.2(1) In determining the amount of child support actually paid pursuant to a prior court or administrative order, the date of the original court or administrative order, rather than the date of any modifications, will determine whether it is a prior order. Support paid under an order established subsequent to the order being modified will not be deducted. All support payments will be verified before being allowed as a deduction. Child support services will calculate deductions for support as follows:

a. If the obligation is one year old or older, child support services will add together all verified amounts paid during the past 12 months preceding the current month up to the total of the current support obligation that accrued during this 12-month period, and divide by 12. All amounts collected will be included, regardless of the source.

b. If the support obligation is less than one year old, child support services will add together the verified amounts paid since the obligation began up to the total of the current support obligation that accrued during this period, and divide by the number of months that the obligation has existed.

c. When a parent has more than one prior support order, child support services will calculate the allowable deduction for each obligation separately, and then add the amounts together to determine the parent's total allowable deduction.

99.2(2) Health insurance premium costs will be verified before being allowed as a deduction.

99.2(3) A qualified additional dependent deduction will be allowed for dependents of the custodial or noncustodial father or mother, whether in or out of the parent's home. The father may establish the deduction by providing written verification of a legal obligation to the child through one of the actions enumerated in the guidelines. The mother may establish the deduction by providing written verification of a legal obligation to the child, including a written statement by the mother or a birth certificate.

99.2(4) All cash medical support payments for other children, not in the pending matter, will be verified before being allowed as a deduction and will be calculated in the same manner as the deductions for support in subrule 99.2(1).

[**ARC 8965C**, IAB 2/19/25, effective 4/1/25; **ARC 9764C**, IAB 11/26/25, effective 1/1/26]

441—99.3(234,252B) Determining net income. Unless otherwise specified in these rules, child support services will determine net income as prescribed by the Iowa Supreme Court guidelines.

99.3(1) *Calculating net income.* All allowable income and allowable deductions will be expressed in monthly amounts. Income and corresponding deductions received at a frequency other than monthly

will be converted to equivalent monthly amounts by multiplying the income and corresponding deductions received on a weekly basis by 4.33, on a biweekly basis by 2.17, and on a semimonthly basis by 2.

99.3(2) *Estimating net income.*

a. The estimated net income of a parent will be 80 percent of the reported income or the estimated income as determined from occupational wage rate information or derived from the median income of parents on the child support services caseload, as appropriate, to account for an estimate of the Iowa Supreme Court guidelines deductions for federal and state taxes and Social Security and Medicare taxes. The parent will also be entitled to additional deductions allowed by the guidelines when the information to calculate these deductions is readily available through automated or other sources.

b. The net income of a parent will be estimated under the following conditions:

(1) Gross earned income information was obtained from a source that did not provide itemized deductions allowed by the mandatory support guidelines.

(2) Occupational wage rate information or median income of parents on the child support services caseload was used to determine a parent's income.

[**ARC 8965C**, IAB 2/19/25, effective 4/1/25]

441—99.4(234,252B) Applying the guidelines.

99.4(1) *Applying the guidelines.* Child support services will use the child support guidelines schedule as prescribed by the Iowa Supreme Court only for the number of children for whom support is being sought sharing the same two legal parents.

Exception: For foster care recovery cases, the guidelines schedule will be used as set forth in subrule 99.5(4).

99.4(2) *Establishing current support.*

a. Calculation. Child support services will calculate the amount of support as prescribed by the Iowa Supreme Court guidelines. Round amount of support to the nearest whole dollar.

b. Additional factors.

(1) In all cases other than foster care, child support services will establish current support payable in monthly frequencies.

(2) In foster care cases, child support services may establish current support payable in monthly or weekly frequencies. To establish a weekly amount, child support services will divide the figure in paragraph 99.4(2)*"a"* by 4.33 and round to the nearest whole dollar.

(3) If the court orders joint (equally shared) physical care of a child or split or divided physical care of multiple children, child support services will calculate current support according to the Iowa Supreme Court guidelines for each parent assuming the other is the custodial parent. If a child begins receiving family investment program (FIP) benefits or if foster care funds are expended, an offset of the two amounts as a method of payment will be disallowed.

(4) The amount of support will be zero if the noncustodial parent's only income is Supplemental Security Income paid pursuant to 42 U.S.C. 1381a (as amended to August 1, 2024).

c. Child care expense add-on. When requested by a parent and if applicable, child support services will calculate the amount of the child care add-on as prescribed by the Iowa Supreme Court guidelines.

(1) Actual child care expenses will be verified by a copy of the custodial parent's federal or state income tax return or by a signed statement from the persons or agencies providing the child care showing the total expenses and the time period the expenses represent. The child care expenses must be reasonably expected to continue.

(2) If the child care expense verification submitted represents a period that is less than 12 months, child support services will convert the expenses provided to an annual expense amount for the calculation.

(3) If the child care expense verification submitted shows varying levels of care during the year, such as full-time summer care and part-time care before and after school during the school year, child support services will average the applicable expenses to determine an annual expense amount for the calculation.

(4) Child support services will round the calculated amount of the child care add-on to the nearest whole dollar.

(5) Any child care add-on recommended by child support services will end on the first date that the next periodic support payment becomes due after the youngest child's thirteenth birthday. Child support

services may recommend an earlier end date if the custodial parent provides a date that child care expenses are reasonably expected to end prior to the youngest child's thirteenth birthday.

99.4(3) *Establishing accrued support debt amount.*

a. Support debt created. The payment of public assistance to or for the benefit of a dependent child or a dependent child's caretaker creates an accrued support debt due and owing by the child's parent to the department. The amount of the accrued support debt is based on the period of time public assistance payment or foster care funds were expended, but is not created for the period of receipt of public assistance on the parent's own behalf for the benefit of the dependent child or the child's caretaker.

b. Calculating accrued support debt. Child support services will calculate the accrued support debt as follows:

(1) For FIP benefits, child support services will use the period for which FIP was paid during the 36 months preceding the date the notice of support debt is prepared or the date the petition is filed. For foster care assistance, child support services will use the three-month period for which foster care assistance was paid prior to the date the initial notice to the noncustodial parent of the amount of support obligation is prepared, or the date a written request for a court hearing is received, whichever is earlier.

(2) Child support services will exclude periods the noncustodial parent received public assistance as a part of this eligible group.

(3) Child support services may extend the period to include any additional periods public assistance is expended prior to the entry of the order.

(4) Child support services will calculate the amount of the obligation by using the current net income of both parents, the guidelines in effect at the time the order is entered, and the number of children of the noncustodial parent who were receiving public assistance for each month for which accrued support is sought.

(5) Child support services will calculate the total amount of the FIP support debt by multiplying the number of months for which assistance was paid times the determined guidelines amount, excluding any applicable child care add-on amount.

(6) Child support services may calculate the total amount of the foster care support debt by multiplying the number of months for which assistance was paid times the determined guidelines amount, excluding any applicable child care add-on amount, and will adjust this amount for weeks in which no foster care benefits were paid.

c. Establishing the accrued support repayment amount.

(1) In cases other than foster care, child support services will establish the repayment amount as follows:

1. When there is an ongoing obligation, the monthly repayment amount will be 10 percent of the ongoing amount, including any child support, child care add-on and cash medical support ordered, unless the noncustodial parent agrees to a higher amount.

2. When the order does not include ongoing support, the monthly repayment amount will be the same as the amount for ongoing child support that would have been due if such an obligation had been established. However, when all of the children for whom accrued support debt is sought are residing with the noncustodial parent, the monthly repayment amount will be set at 10 percent of this amount.

(2) In foster care cases, child support services will establish the repayment amount in the same manner as subparagraph 99.4(3)*"c"*(1), but may establish weekly amounts and if the order does not include ongoing support, the repayment amount will be set at 10 percent of the amount for ongoing child support that would have been due if such an obligation had been established.

99.4(4) *Children in nonparental homes or foster care.* The parents of a child in a nonparental home or in foster care are severally liable for the support of the child. A support obligation will be established separately for each parent.

a. Parents' location known. When the location is known for both parents having a legal obligation to provide support for their children, the income of both parents will be used to determine the amount of ongoing support in accordance with the child support guidelines.

(1) Calculating support amount. There will be a separate calculation of each parent's child support amount, regardless of whether the parents are married and living together, or living separately. Each

calculation will assume that the parent for whom support is being calculated is the noncustodial parent and the other parent is the custodial parent.

(2) Prior orders. If only one parent is paying support under a prior order for the children for whom support is being calculated, the amount of support paid will not be deducted from that parent's net monthly income in computing the support amount for the other parent.

b. One parent's location unknown. When the location of one parent is not known, procedures will be initiated to establish a support order against the parent whose location is known in accordance with the mandatory support guidelines as follows:

(1) The parent whose location is known will be considered the noncustodial parent and that parent's income will be used to calculate child support.

(2) The income of the parent whose location is unknown will be determined by using the estimated median income for parents on the child support services caseload and that parent will be considered the custodial parent in calculating child support.

c. When one parent is deceased or has had parental rights terminated, the method used to calculate support when one parent's location is not known will be used. The parent who is deceased or has had parental rights terminated will be considered the custodial parent with zero income.

99.4(5) *Adjustment for extraordinary visitation or parenting time.* Child support services will calculate an extraordinary visitation or parenting time credit as specified in the Iowa Supreme Court guidelines. The credit will not reduce the child support below the amount required by the Iowa Supreme Court guidelines.

The extraordinary visitation adjustment or parenting time credit will be given if all of the following apply:

a. There is an existing order for the noncustodial parent that meets the criteria for extraordinary visitation or parenting time in excess of 127 overnights per year on an annual basis for the child for whom support is sought. The order granting visitation or parenting time can be a different order than the child support order. If a controlling order is determined pursuant to Iowa Code chapter 252K and that controlling support order does not meet the criteria for extraordinary visitation or parenting time, there is another order that meets the criteria.

b. The noncustodial parent has provided child support services with a file-stamped or certified copy of the order.

c. The court has not ordered equally shared physical care.

99.4(6) *Establishing medical support.* Child support services will calculate medical support as required by Iowa Code chapter 252E and the Iowa Supreme Court guidelines. The cost of the health insurance premium for the child is added to the basic support obligation and prorated between the parents as provided in the Iowa Supreme Court guidelines and the parent ordered to provide health insurance must provide verification of this expense or anticipated expense.

[**ARC 8965C**, IAB 2/19/25, effective 4/1/25; **ARC 9764C**, IAB 11/26/25, effective 1/1/26]

441—99.5(234,252B) Deviation from guidelines.

99.5(1) *Criteria for deviation.* The court will not vary from the amount of child support that would result from application of the guidelines without a written finding as required by the Iowa Supreme Court guidelines.

99.5(2) *Supporting financial and legal documentation.*

a. The party requesting a deviation from the guidelines must provide supporting documentation. The supporting documentation must include an itemized list identifying the amount and nature of each adjustment requested. Failure to provide supporting documentation for a request for deviation will result in a denial of the request.

b. Legal documents prepared for the court's approval, such as stipulations and orders for support, will include language to identify the following:

(1) The amount of support calculated under the guidelines without allowance for deviations.

(2) The reasons for deviating from the guidelines.

(3) The amount of support calculated after allowing for the deviation.

99.5(3) *Depreciation.* A parent may request a deduction for depreciation of machinery, equipment, or other property used to earn income. Straight-line depreciation will be the only type of depreciation that will be allowed as a deduction. Child support services will allow the straight-line depreciation amount as a deduction if the parent provides documentation from a tax preparer verifying the amount of straight-line depreciation being claimed. Straight-line depreciation is computed by deducting the property's estimated salvage value from the cost of the property, and deducting that figure in equal yearly amounts over the period of the property's remaining estimated useful life.

99.5(4) *Foster care case.* In a foster care case, child support services may deviate from the guidelines by applying a 30 percent flat rate deduction for parents who provide financial documentation. The flat rate deduction represents expenses under the case permanency plan and financial hardship allowances or other circumstances contemplated in Iowa Code section 234.39.

Child support services will calculate the support obligation of the parents of children in foster care when the parents have a legal obligation for additional dependents in the home, as follows: The support obligation of each parent will be calculated by allowing all deductions the parent is eligible for under the child support guidelines as provided in rule 441—99.2(234,252B) and by using the guidelines schedule corresponding to the sum of the children in the home for whom the parent has a legal obligation and the children in foster care. The calculated support amount will be divided by the total number of children in foster care and in the home to compute the support obligation of the parent for each child in foster care.

99.5(5) *Negotiation of accrued support debt.* Child Support Services may negotiate with a parent to establish the amount of accrued support debt owed to the department. In negotiating accrued support, the state does not represent the custodial parent. The custodial parent may intervene at any time prior to the filing of the order to contest the amount of the debt or request the entry of a judgment in the parent's behalf that may otherwise be relinquished through negotiation or entry of a judgment.

[**ARC 8965C**, IAB 2/19/25, effective 4/1/25]

441—99.6(17A) Right of appeal. Department actions under this chapter are not subject to administrative appeal under 441—Chapter 2506.

[**ARC 8965C**, IAB 2/19/25, effective 4/1/25; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code sections 234.39, 252B.3, 252B.5, 252B.7A, and 598.21(4).

CHAPTER 100
ESTABLISHMENT OF PATERNITY AND SUPPORT

Chapter rescission date pursuant to Iowa Code section 17A.7: 4/1/30

441—100.1(598,600B) Definitions.

"Disestablishment" means paternity that is legally overcome under the conditions specified in Iowa Code section 600B.41A, 232.3A, or 598.21E.

"Nonrequesting parent" means a parent who is not filing a petition to overcome paternity.

"Requesting parent" means a parent who files a petition to overcome paternity.

[**ARC 8966C**, IAB 2/19/25, effective 4/1/25]

441—100.2(252A) Temporary support. If a court ordered a putative father to pay temporary support before entering an order making a final determination of paternity under Iowa Code section 252A.6A, but then the court determines that the putative father is not the legal father and enters an order terminating the temporary support, all the following apply:

100.2(1) *Satisfaction of accrued support.* Upon receipt of a file-stamped copy of the order terminating the support order, child support services will take the following actions concerning unpaid support assigned to the department:

a. Child support services will satisfy only unpaid support assigned to the department.

b. Child support services will ask the obligee to sign the satisfaction acknowledging the obligee has no right to support owed the department and waive notice of hearing on a subsequent satisfaction order. If the obligee does not sign the satisfaction and waiver or notice, child support services is not prevented from satisfying amounts due the department.

c. Child support services will prepare the required documents to satisfy any amounts owed the department and will file them with the appropriate district court.

100.2(2) *Previously collected moneys.* Child support services will not return any moneys previously paid on the temporary support judgment.

[**ARC 8966C**, IAB 2/19/25, effective 4/1/25]

441—100.3(252F) When paternity may be established administratively. Child support services may seek to administratively establish paternity and accrued or accruing child support and medical support obligations against an alleged father when the conditions specified in Iowa Code chapter 252F are met.

[**ARC 8966C**, IAB 2/19/25, effective 4/1/25]

441—100.4(252F) Mother's certified statement. Before initiating an action under Iowa Code chapter 252F, child support services may obtain a form prescribed by the department or a similar document from the child's caretaker. Child support services will obtain a form prescribed by the department from the child's mother certifying, in accordance with Iowa Code section 622.1, that the man named is or may be the child's biological father. Government records, including but not limited to an application for public assistance, that substantially meet the requirements of Iowa Code section 622.1 may also be used. In signing a form prescribed by the department, the mother acknowledges that child support services may initiate a paternity action against the alleged father. The mother must sign and return the form prescribed by the department to child support services within ten days of the date of child support services' request.

[**ARC 8966C**, IAB 2/19/25, effective 4/1/25]

441—100.5(252F) Notice of alleged paternity and support debt. Following receipt of a form prescribed by the department or government records, including but not limited to an application for public assistance, that substantially meet the requirements of Iowa Code section 622.1, child support services will serve a notice of alleged paternity and support debt as provided in Iowa Code section 252F.3.

[**ARC 8966C**, IAB 2/19/25, effective 4/1/25]

441—100.6(252F) Conference to discuss paternity and support issues. A party may request a conference as provided in Iowa Code section 252F.3(1) with the office that issued the notice to discuss paternity establishment and the amount of support the father may be required to pay.
[**ARC 8966C**, IAB 2/19/25, effective 4/1/25]

441—100.7(252F) Amount of support obligation. Child support services will determine the amount of the child support obligation accrued and accruing using the child support guidelines established by the Iowa Supreme Court, and pursuant to the provisions of Iowa Code section 252B.7A.
[**ARC 8966C**, IAB 2/19/25, effective 4/1/25]

441—100.8(252F) Paternity contested. The alleged father may contest the paternity establishment by submitting, within 20 calendar days after service of the notice upon him, as provided in rule 441—100.5(252F), a written statement contesting paternity to the address of child support services as set forth in the notice. The mother may contest paternity establishment by submitting, within 20 calendar days after child support services mailed her notice of the action or within 20 calendar days after the alleged father is served with the original notice, whichever is later, a written statement contesting paternity to the address of child support services as set forth in the notice. When paternity is contested, or at child support services' initiative, child support services will issue ex parte administrative orders requiring the alleged father, the mother and the child to submit to paternity testing. If the mother and child or children previously submitted blood or genetic specimens in a prior action to establish paternity against a different alleged father, the previously submitted specimens and prior results, if available, may be used for testing in this action.
[**ARC 8966C**, IAB 2/19/25, effective 4/1/25]

441—100.9(252F) Paternity test results challenge. Either party or child support services may challenge the results of the paternity test by filing a written notice with the district court within 20 calendar days after child support services issues or mails the paternity test results to the parties. When a party challenges the paternity test results, and requests an additional paternity test, child support services will order an additional blood or genetic test, if the party requesting the additional test pays for the additional testing in advance. If the party challenges the first paternity test results, but does not request additional tests, child support services may order additional blood or genetic tests.
[**ARC 8966C**, IAB 2/19/25, effective 4/1/25]

441—100.10(252F) Agreement to entry of paternity and support order. If the alleged father admits paternity and reaches agreement with child support services on the entry of an order for support, the father may acknowledge his consent on a form prescribed by the department. If the mother does not contest paternity within the allowed time period or if the mother waives the time period for contesting paternity, child support services may file the form, if applicable, and Administrative Paternity Order with the court in accordance with Iowa Code section 252F.6.
[**ARC 8966C**, IAB 2/19/25, effective 4/1/25]

441—100.11(252F) Entry of order establishing paternity only. If a party requests a court hearing on support issues and paternity is not contested, or if paternity was contested but neither party filed a timely challenge of the paternity test results, child support services will prepare an order establishing paternity and reserving the support issues for determination by the court. Child support services will present the order and other documents supporting the entry of the ex parte paternity-only order to the court for review and approval prior to the hearing on the support issues.
[**ARC 8966C**, IAB 2/19/25, effective 4/1/25]

441—100.12(252F) Exception to time limit. Child support services may accept and respond to written requests for court hearings beyond the time limits allowed in this part.
[**ARC 8966C**, IAB 2/19/25, effective 4/1/25]

441—100.13(252F) Genetic test costs assessed.

100.13(1) *Paternity established.* If genetic testing of an alleged father is conducted and that man is established as the child's father, child support services will assess the costs of the genetic testing to the father who denied paternity and enter an order for repayment of these costs.

100.13(2) *Paternity not established.* If genetic testing of an alleged father is conducted and that man is not established as the child's father, the costs of the genetic testing will not be assessed to any of the parties.

100.13(3) *Results contested.* If the results of the genetic testing are timely challenged and the challenging party requests additional testing, the party contesting the results must advance the cost of the additional testing. If the challenging party does not advance payment for the additional testing, child support services will certify the case to district court.

[**ARC 8966C**, IAB 2/19/25, effective 4/1/25]

441—100.14(598,600B) Communication between parents. When a parent who has filed a petition to disestablish paternity requests assistance from child support services in contacting the other parent, child support services will take the following actions if services are being provided by child support services, the location of the nonrequesting party is known, and child support services has been provided a copy of the petition to disestablish paternity:

100.14(1) *Written contact.* Child support services will send written notification to the nonrequesting parent of the requesting parent's desire to disestablish paternity and of the requesting parent's whereabouts. The notice will state that the nonrequesting parent may cooperate in this action by filing a statement of the nonrequesting parent's current address or the name and address of the nonrequesting parent's attorney in the court file, or may contact the requesting parent with this information.

100.14(2) *Notification of requesting parent.* Child support services will provide notification to the requesting party that contact was made with the nonrequesting party and that the nonrequesting parent may file a statement in the court file or may contact the requesting parent directly.

[**ARC 8966C**, IAB 2/19/25, effective 4/1/25]

441—100.15(598,600B) Continuation of enforcement. Child support services will continue all enforcement actions to collect current and accrued support as ordered until child support services receives a file-stamped copy of the order disestablishing paternity.

[**ARC 8966C**, IAB 2/19/25, effective 4/1/25]

441—100.16(598,600B) Satisfaction of accrued support.

100.16(1) *Disestablishment orders entered before May 21, 1997.* Upon receipt of a file-stamped copy of an order disestablishing paternity that was entered before May 21, 1997, child support services will take the following actions concerning unpaid support assigned to the department:

a. Child support services will satisfy only unpaid support assigned to the department and only if:

(1) For actions under Iowa Code section 600B.41A or 232.3A, blood or genetic testing was done and a guardian ad litem was appointed for the child.

(2) For actions under Iowa Code section 598.21E, the written statement was filed and a guardian ad litem was appointed for the child.

b. Child support services will ask the obligee to sign the satisfaction acknowledging the obligee has no right to support owed the department and waive notice of hearing on a subsequent satisfaction order. If the obligee does not sign the satisfaction and waiver of notice, child support services is not prevented from satisfying amounts due the department.

c. Child support services will prepare the required documents to satisfy any amounts owed the department and will file them with the appropriate district court. If the court later determines that paternity was incorrectly disestablished, child support services may attempt to reinstate and enforce the prior judgment.

100.16(2) *Disestablishment orders entered on or after May 21, 1997.* Upon receipt of a file-stamped copy of an order disestablishing paternity that was entered on or after May 21, 1997, child support services will take the following actions concerning unpaid support:

a. If the order also contains a provision satisfying unpaid support, child support services will adjust its records to show unpaid support is paid.

b. If the order does not contain a provision satisfying unpaid support, child support services will satisfy only unpaid support assigned to the department. Child support services will notify the party who petitioned the court for disestablishment that this is the only support child support services can satisfy.

(1) Child support services will ask the obligee to sign the satisfaction acknowledging the obligee has no right to support owed the department and waive notice of hearing on a subsequent satisfaction order. If the obligee does not sign the satisfaction and waiver notice, child support services is not prevented from satisfying amounts due the department.

(2) Child support services will prepare the required documents to satisfy any amounts owed the department and will file them with the appropriate court. If the court later determines that paternity was incorrectly disestablished, child support services may attempt to reinstate and enforce the prior judgment.

100.16(3) *Termination of paternity.* If the court entered an order dismissing a disestablishment of paternity action on or before May 21, 1997, this subrule applies. Upon receipt of a file-stamped copy of an order terminating paternity under the requirements of Iowa Code section 600B.41A, child support services will take the following actions concerning unpaid support assigned to the department:

a. Child support services will satisfy only unpaid support assigned to the department.

b. Child support services will ask the obligee to sign the satisfaction acknowledging the obligee has no right to support owed the department and waive notice of hearing on a subsequent satisfaction order. If the obligee does not sign the satisfaction and waiver of notice, child support services is not prevented from satisfying amounts due the department.

c. Child support services will prepare the required documents to satisfy any amounts owed the department and will file them with the appropriate district court. If the court later determines that paternity was incorrectly terminated, child support services may attempt to reinstate and enforce the prior judgment.

100.16(4) *Previously collected moneys.* Child support services will not return any moneys previously paid on the judgment.

[**ARC 8966C**, IAB 2/19/25, effective 4/1/25]

441—100.17(252C) Establishment of an administrative order.

100.17(1) *When order may be established.* The department may establish a child or medical support obligation against a responsible person through the administrative process. This does not preclude child support services from pursuing the establishment of an ongoing support obligation through other available legal proceedings. When gathering information to establish a support order, child support services may obtain a form prescribed by the department or a similar document from the child's caretaker.

100.17(2) *Support debt.* When public assistance is paid to or Medicaid is received by a child of the responsible person, or the dependent child's caretaker, a support debt is created and assigned to the department. When no public assistance is paid or Medicaid is received, the debt is owed to the individual caretaker.

100.17(3) *Notice to responsible person.* When the department establishes a support debt against a responsible person, a notice of child support debt will be served in accordance with the Iowa Rules of Civil Procedure or Iowa Code section 252B.26. The notice will include all of the rights and responsibilities shown in Iowa Code section 252C.3. The notice will also inform the responsible person that these rights may be waived pursuant to Iowa Code section 252C.12, and the procedures for and effect of waiving these rights. The notice will include a statement that failure to respond within the time limits given and to provide information and verification of financial circumstances will result in the entry of a default judgment for support.

100.17(4) *Negotiation conference.* The responsible person may, within ten calendar days after being served the notice of child support debt, request a negotiation conference with the office of child support services that sent the notice.

100.17(5) *Amount of support obligation.* Child support services will determine the amount of the child support obligation accrued and accruing using the child support guidelines established by the Iowa Supreme Court, and pursuant to the provisions of Iowa Code section 252B.7A.

a. Any deviation from the guidelines will require a written finding by the department.

b. Reserved.

100.17(6) *Court hearing.* Either the responsible person or child support services may request a court hearing regarding the establishment of a support obligation through the administrative process.

a. The request for a hearing by the responsible person must be in writing and sent to the office of child support services that sent the original notice of the support debt by the latest of the following:

(1) Thirty days from the date of service of the first notice of support debt.

(2) Ten days from the date of the negotiation conference.

(3) Thirty days from the date the second notice and finding of financial responsibility is issued.

(4) Ten days from the date of issuance of the conference report if the department does not issue a second notice and finding of financial responsibility after a conference was requested.

b. When a request for a court hearing is received from the responsible person, within the time limits allowed, or is made by child support services, the department will schedule or request that the hearing be scheduled in the district court in the county:

(1) Where the dependent child resides if the child resides in Iowa.

(2) Where the responsible person resides if the child for whom support is sought resides in another state or the sole purpose of the administrative order is to secure a judgment for the time period that public assistance was expended by the state on behalf of the family or child.

100.17(7) *Exception to time limit.* The department may accept and respond to written requests for a court hearing beyond the time limits allowed in this rule.

100.17(8) *Entry of order.* If no request for a hearing is received from the responsible person at the local office of child support services, or made by child support services, the department may prepare an order for support and have it presented ex parte to the court for approval.

a. The attorney for child support services will present the order and other documents supporting the entry of the ex parte order to the court for review and approval. Pursuant to Iowa Code chapter 252C, the court will approve the order unless defects appear in the order or supporting documents.

b. The department will file a copy of the approved order with the clerk of the district court.

c. The department will send a copy of the filed order by regular mail, to the caretaker's last-known address, to the responsible person's last-known address or the caretaker's or the responsible person's attorney pursuant to the provisions of Iowa Code chapter 252C within 14 days after approval and issuance of the order by the court.

100.17(9) *Force and effect.* Once the order has been signed by the judge and filed, it will have all the force and effect of an order or decree entered by the court. Unless otherwise specified, the effective date of the support obligation will be the twentieth day following the date the order is prepared by child support services.

100.17(10) *Modification by department.* The department may petition an appropriate court for modification of a court order on the same grounds as a party to the court order can petition the court for modification.

[**ARC 8966C**, IAB 2/19/25, effective 4/1/25]

441—100.18(17A) Right of appeal. Department actions under this chapter are not subject to administrative appeal under 441—Chapter 2506.

[**ARC 8966C**, IAB 2/19/25, effective 4/1/25; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code chapters 252C and 252F and sections 252A.6A, 598.21, and 600B.41A.

CHAPTER 101
ADJUSTMENT AND MODIFICATION OF SUPPORT

Chapter rescission date pursuant to Iowa Code section 17A.7: 4/1/30

441—101.1(252B,252H) Definitions.

"Additional child" means a child to be added to an existing support order covering another child of the same parents.

"Born of a marriage" means a child was born of a woman who was married at the time of conception, birth, or at any time during the period between conception and birth of the child pursuant to Iowa Code chapter 252A and section 144.13.

"Cost-of-living alteration" means the same as defined in Iowa Code section 252H.2.

"Guidelines" means the most current guidelines and criteria prescribed by the Iowa Supreme Court for determining the amount of child support to be awarded.

"Parent" means a person who is a responsible person or a caretaker, as those terms are defined in rule 441—95.1(252B).

"Recipient of service" means a person receiving foster care services, or a recipient of family investment program assistance or Medicaid benefits whose child support or medical support is assigned, or a person who is not receiving public assistance but who is entitled to child support enforcement services pursuant to Iowa Code section 252B.4.

"Substantial change of circumstances," means:

1. There has been a change of 50 percent or more in the net income of a parent, as determined by comparing the new net income with the net income upon which the current child support obligation was based, and
2. The change is due to financial circumstances that have existed for a minimum period of three months and can reasonably be expected to exist for an additional three months, pursuant to Iowa Code section 252H.18A.

[**ARC 8967C**, IAB 2/19/25, effective 4/1/25]

441—101.2(252H) Confidentiality of financial information. Financial information provided to child support services by either parent for the purpose of facilitating the modification or review and adjustment processes may be disclosed to the other parties to the case, or the district court, as follows:

101.2(1) *Financial statements.* The financial statement or affidavit may be disclosed to either party.

101.2(2) *Other documentation.* Supporting financial documentation such as state and federal income tax returns, paycheck stubs, IRS Form W-2, bank statements, and other written evidence of financial status may be disclosed to the court unless otherwise prohibited by state or federal law.

[**ARC 8967C**, IAB 2/19/25, effective 4/1/25]

441—101.3(252H) Payment of fees.

101.3(1) Payment of service of process and other costs associated with the modification or review and adjustment processes is the responsibility of the party requesting the action unless the court orders otherwise or the requesting party, as a condition of eligibility for receiving public assistance benefits, has assigned the rights to child or medical support for the order to be modified.

101.3(2) A requesting party who is indigent or receiving public assistance may request deferral of fees and costs. For the purposes of this chapter, "indigent" means that the requesting party's income is 200 percent or less than the poverty level for one person as defined by the United States Office of Management and Budget and revised annually in accordance with Section 673(2) of the Omnibus Budget Reconciliation Act of 1981 as amended to August 1, 2024.

[**ARC 8967C**, IAB 2/19/25, effective 4/1/25]

441—101.4(252B,252H) Review of permanent child support obligations. Permanent child support obligations that are ongoing and being enforced by child support services or the child support agency of another state will be reviewed by child support services to determine whether or not to adjust the

obligation. Child support services will determine the appropriate obligation amount using the child support guidelines. Iowa must have continuing, exclusive jurisdiction to modify the order under Iowa Code chapter 252K.

101.4(1) *Periodic review.* A permanent child support obligation being enforced by child support services and meeting the conditions in Iowa Code section 252H.12 may be reviewed upon the initiative of child support services if:

a. The right to any ongoing child support obligation is currently assigned to the state due to the receipt of public assistance.

b. The support order does not already contain medical support provisions.

c. A review is otherwise necessary to comply with state or federal law.

101.4(2) *Review by request.* A review will be conducted upon the request of the child support agency of another state or upon the written request of either parent subject to the order submitted on a form prescribed by the department. One review may be conducted every two years when the review is being conducted at the request of either parent. The request for review may be no earlier than two years from the filing date of the support order or most recent modification or the last completed review, whichever is later.

101.4(3) *Review outcome.*

a. Procedures to adjust the support obligation will be initiated only when the financial and other information available to child support services indicates that the:

(1) Present child support obligation varies from the Iowa Supreme Court mandatory child support guidelines by more than 20 percent, and

(2) Variation is due to a change in financial circumstances that has lasted at least three months and can reasonably be expected to last for an additional three months.

b. Procedures to modify a support order may be initiated when the order does not include provisions for medical support.

[**ARC 8967C**, IAB 2/19/25, effective 4/1/25]

441—101.5(252B,252H) Notice requirements—review and adjustment. Child support services will provide written notification to each parent affected by a permanent child support obligation being enforced by child support services as follows:

101.5(1) *Notice of right to request review.* Child support services will notify each parent of the right to request review of the order and the appropriate place and manner in which the request should be made. Notification will be provided on forms prescribed by the department or through another printed or electronic format.

101.5(2) *Notice of review.* One of the following will apply:

a. At least 15 days before the review is conducted, child support services will serve notice of its intent to review the order on each parent affected by the child support obligation. This notice will include a request that the parties complete a financial statement and provide verification of income. The notice will be served in accordance with Iowa Code section 252B.26 or 252H.15.

b. If the conditions of Iowa Code section 252H.14A(1) are met, child support services may conduct a review using information accessible to child support services without:

(1) Issuing a notice under paragraph 101.5(2)*"a,"* or

(2) Requesting additional information from the parent.

101.5(3) *Notice of decision.* After child support services completes the review of the child support obligation in accordance with rule 441—101.4(252B,252H), child support services will issue a notice of decision in accordance with Iowa Code section 252H.14A or 252H.16 stating whether or not an adjustment is appropriate and, if so, child support services' intent to enter an administrative order for adjustment.

101.5(4) *Challenges to outcome of review.* Each parent will be allowed to request a second review challenging the determination of child support services. The procedure for challenging the determination is as follows:

a. The parent challenging the determination must submit the request for a second review in writing to child support services stating the reasons for the request and providing written evidence necessary to support the challenge. The request must be submitted:

(1) Within 10 days from the date of a notice of decision issued pursuant to Iowa Code section 252H.16, or

(2) Within 30 days from service of a notice of decision issued pursuant to Iowa Code section 252H.14A.

b. Child support services will review the written evidence submitted with the request and all financial information available to child support services and make a determination of one of the following:

(1) To enter an administrative order for adjustment of the obligation.

(2) That adjustment of the child support obligation is inappropriate.

c. Child support services will send written notice of the outcome of the second review to each parent affected by the child support obligation at the parent's last-known mailing address.

d. For a review initiated under Iowa Code section 252H.15, if either parent disputes the second decision, the objecting parent may request a court hearing within 15 days from the date the notice of decision is issued or within 10 days of the date the second notice of decision is issued, whichever is later.

e. For a review initiated under Iowa Code section 252H.14A, either parent may request a court hearing within 10 days of the issuance of the second notice of decision.

f. If child support services receives a timely written request or child support services determines that a court hearing is necessary, child support services will certify the matter to the district court. An objecting parent may seek recourse by filing a private petition for modification through the district court.

[**ARC 8967C**, IAB 2/19/25, effective 4/1/25]

441—101.6(252B,252H) Financial information—review and adjustment. Child support services will attempt to obtain and verify information concerning the financial circumstances of the parents subject to the order to be reviewed necessary to conduct the review.

101.6(1) *Financial statements.* Except for a review initiated under Iowa Code section 252H.14A, both parents subject to the order to be reviewed must provide a financial statement and verification of income within ten days of service of the notice of child support services' intent to review the obligation. If a review is initiated under Iowa Code section 252H.14A and the first notice of decision is challenged as described in subrule 101.5(4), both parents will be requested to provide a financial statement and verification of income within ten days of child support services' request.

a. Verification of income will include but not be limited to the following: copies of state and federal income tax returns, W-2 statements, pay stubs, or a signed statement from an employer or other source of income.

b. Child support services may also request that the parent requesting review provide an affidavit regarding the financial circumstances of the nonrequesting parent when child support services is otherwise unable to obtain financial information concerning the nonrequesting parent. The requesting parent must complete the affidavit if the parent possesses sufficient information to do so.

101.6(2) *Independent sources.* Child support services may utilize other resources to obtain or confirm information concerning the financial circumstances of the parents subject to the order to be reviewed.

a. These resources include but are not limited to the following: the Iowa workforce development department, the Iowa department of revenue, the Internal Revenue Service, the employment, revenue, and child support recovery agencies of other states, and the Social Security Administration.

b. In the absence of other verification of income and deductions allowed under the mandatory support guidelines, child support services may estimate the net earned income of a parent for the purpose of determining the amount of support that would be due under the guidelines by deducting 20 percent from the gross earned income confirmed by an independent source. A parent may challenge this estimate by providing verification of actual earned income deductions.

101.6(3) *Availability of medical insurance.* Both parents subject to the order to be reviewed must provide documentation regarding the availability of health insurance coverage for the children covered under the order, and the cost of the coverage, within ten days of a written request by child support services. Verification may include but not be limited to: a copy of the health benefit plan including the effective date of the plan, a letter from the employer detailing the availability of health insurance, or any other source that will serve to verify health insurance information and the cost of the coverage.

[**ARC 8967C**, IAB 2/19/25, effective 4/1/25]

441—101.7(252B,252H) Review and adjustment of a child support obligation.

101.7(1) *Conducting the review.* Child support services will review the case for administrative adjustment of a child support obligation unless it is determined that any of the following exist:

a. The location of one or both of the parents is unknown.

b. The variation from the Iowa Supreme Court mandatory child support guidelines is based on any material misrepresentation of fact concerning any financial information submitted to child support services.

c. The criteria of rule 441—101.4(252B,252H) are not met.

d. The end date of the order is less than 12 months in the future or the youngest child is 17½ years of age.

101.7(2) *Civil action.* The review and adjustment action that is certified to court for hearing will proceed as an ordinary civil action in equity, and child support services attorney will represent the state of Iowa in those proceedings.

101.7(3) *Private counsel.* After the notice has been issued as described in subrule 101.5(2) or 101.5(3), any party may choose to be represented personally by private counsel. Any party who retains private counsel must notify child support services of this fact in writing.

[**ARC 8967C**, IAB 2/19/25, effective 4/1/25; **ARC 9764C**, IAB 11/26/25, effective 1/1/26]

441—101.8(252B,252H) Medical support—review and adjustment. Child support services will review the medical support provisions contained in any permanent child support order that is subject to review under rule 441—101.7(252B,252H) and will include in any adjustment order a provision for medical support as defined in Iowa Code chapter 252E, and as set forth in 441—Chapter 98, or other appropriate provisions pertaining to medical support for all children affected directly by the child support order under review.

[**ARC 8967C**, IAB 2/19/25, effective 4/1/25; **ARC 9764C**, IAB 11/26/25, effective 1/1/26]

441—101.9(252B,252H) Denying requests—review and adjustment. A request for review by a parent subject to the order may be denied for the following reasons:

101.9(1) It has been less than two years since the support order was filed with the court, last modified, or last reviewed for the purpose of adjustment.

101.9(2) Child support services or a child support agency of another state is not providing enforcement services for an ongoing support obligation under the order for which the review has been requested.

101.9(3) The request is based entirely on issues such as custody, visitation, or parenting time rights, which are not directly related to child support.

101.9(4) The request is for the sole purpose of modifying the amount of delinquent support that has accrued under a support order.

101.9(5) The request is for the review of a temporary support order.

[**ARC 8967C**, IAB 2/19/25, effective 4/1/25]

441—101.10(252B,252H) Withdrawing requests — review and adjustment. If the requesting party contacts child support services to withdraw the request, child support services will proceed as follows:

101.10(1) *Consent of both parties.* Child support services will notify the nonrequesting party of the requesting party's desire to withdraw the request.

a. If the nonrequesting party indicates a desire to continue the review, child support services will proceed with the review and adjust the obligation, if appropriate.

b. If the nonrequestor indicates a desire to stop the process or fails to respond within ten days to the notification of the request to withdraw, child support services will notify all parties that the review and adjustment process has been terminated.

101.10(2) *Effect of withdrawal.* If a request is successfully withdrawn pursuant to subrule 101.10(1), a later request by either party will be subject to the limitations of subrule 101.4(2).

[**ARC 8967C**, IAB 2/19/25, effective 4/1/25]

441—101.11(252H) Effective date of review and adjustment. Unless subject to court action or reconciliation of multiple Iowa orders, the new obligation amount will be effective on the first date that

the periodic payment is due under the order being modified after child support services files the adjustment order with the court.

[**ARC 8967C**, IAB 2/19/25, effective 4/1/25]

441—101.12(252H) Availability of service—administrative modification. Child support services will provide administrative modification services for a support order originally entered or a foreign order registered in the state of Iowa. The order must be one that:

101.12(1) Involves at least one child born of a marriage or one child for whom paternity has been legally established.

101.12(2) Is being enforced by child support services in accordance with Iowa Code chapter 252B.

101.12(3) Is subject to the jurisdiction of this state for the purposes of modification.

101.12(4) Is not subject to or is not appropriate for review and adjustment.

101.12(5) Provides for support of at least one child under the age of 18 or a child between the ages of 18 and 19 years who is engaged full-time in completing high school graduation or equivalency requirements in a manner that is reasonably expected to result in completion of the requirements prior to the person's reaching 19 years of age.

101.12(6) Has an obligation ending more than 12 months in the future.

101.12(7) Involves parents for whom the location of both parents is known.

[**ARC 8967C**, IAB 2/19/25, effective 4/1/25]

441—101.13(252H) Modification of child support obligations. Permanent child support obligations meeting the criteria set forth in rule 441—101.12(252H) may be modified at the initiative of child support services, or upon written request of either parent subject to the order submitted on a form prescribed by the department. Any action will be limited to adjustment, modification, or alteration of the child support or medical provisions of the support order. The duration of the underlying order will not be modified. The procedures used by child support services to determine if a modification is appropriate are as follows:

101.13(1) *Substantial change of circumstances.* Procedures to modify the support obligation may be initiated outside the minimum time frame described in subrule 101.4(2) if a request is received from either parent and if the parent has submitted verified documentation of a substantial change in circumstances that indicates both of the following:

a. A change of at least 50 percent in the net income of a parent as defined by guidelines. The new net income will be compared to the net income upon which the current child support obligation was based.

b. The change is due to financial circumstances that have existed for a minimum period of three months and can reasonably be expected to exist for an additional three months.

Child support services will review the request and documentation and, if appropriate, issue a notice of intent to modify as described in subrule 101.14(1).

101.13(2) *Adding provisions for additional children.* Procedures to modify the support obligation may be initiated if:

a. A parent requests, in writing, or child support services determines that it is appropriate to add an additional child to the support order and modify the obligation amount according to the guidelines pursuant to Iowa Code sections 598.21B and 252B.7A; and

b. Paternity has been legally established.

When adding a child to an order through administrative modification, medical support provisions will apply to the additional child.

101.13(3) *Reserved, zero-dollar-amount, or medical-provisions-only orders.* Procedures to modify the support obligation may be initiated if:

a. A parent requests a modification in writing or child support services determines that it is appropriate to include a support amount based on the guidelines; and

b. The original order:

(1) Reserved establishment of an ongoing, dollar-amount support obligation giving a specific reason other than lack of personal jurisdiction over the obligor, or

(2) Set the amount at zero, or

(3) Was for medical provisions only.

101.13(4) *Corrections.* Procedures to modify the support obligation may be initiated if:

a. An error or omission pertaining to child support or medical provisions was made during preparation or filing of a support order; and

b. A necessary party requests a modification or child support services determines that a modification to correct an error or omission is appropriate.

101.13(5) *Noncompliance by minor obligors.* The unit may initiate procedures to modify a support order if a parent requests modification in writing or the unit determines that it is appropriate when:

a. An obligor who is under 18 years of age fails to comply with the requirement to attend parenting classes pursuant to Iowa Code section 598.21G; or

b. An obligor who is 19 years of age or younger fails to provide proof of compliance with education requirements described in Iowa Code section 598.21B(2)*"e"*; or

c. The obligor no longer meets the age requirements as defined in Iowa Code section 598.21B(2)*"e"* or 598.21G.

101.13(6) *Cost-of-living alteration.* A support order may be modified to provide a cost-of-living alteration if all the following criteria are met:

a. Those criteria established in Iowa Code section 252H.23.

b. At least two years have passed since the order was filed with the court or last reviewed, modified, or altered.

c. The current support order addresses medical support for the children.

d. A copy of each affected order is provided, if child support services does not already have copies in its files.

[**ARC 8967C**, IAB 2/19/25, effective 4/1/25]

441—101.14(252H) Notice requirements—administrative modification. Child support services will provide written notification to parents affected by a permanent child support obligation being enforced by child support services as follows:

101.14(1) *Notice of intent to modify.* When a request for administrative modification is received or child support services initiates an administrative modification, child support services will provide written notice to each parent of its intent to modify.

a. The notice will include the legal basis and purpose for the action; a request for income or other information necessary for the application of guidelines (if applicable); an explanation of the legal rights and responsibilities of the affected parties, including time frames; and procedures for contesting the action.

b. Child support services will take the following actions to notify parents:

(1) If the modification is based on subrules 101.13(1) through 101.13(5), notice will be provided to each parent. The notice will be served in accordance with the Iowa Rules of Civil Procedure or Iowa Code section 252B.26 or 252H.19.

(2) If the modification is based on provision of a cost-of-living alteration as established at subrule 101.13(6) and the required documentation is included, child support services will notify each parent of the amount of the cost-of-living alteration by regular mail to the last-known address of each parent or, if applicable, each parent's attorney. The notice will include:

1. The method of determining the amount of the alteration pursuant to Iowa Code section 252H.21.

2. The procedure for contesting a cost-of-living alteration by making a request for review of a support order as provided in Iowa Code section 252H.24.

3. A statement that either parent may waive the 30-day notice waiting period. If both parents waive the notice waiting period, child support services may prepare an administrative order altering the support obligation.

101.14(2) *Notice of decision to modify.* Child support services will issue a notice of its decision to modify the support order to each parent affected by the support obligation at each parent's (or attorney's) last-known address. The notice will contain information about whether child support services will continue or terminate the action and the procedures and time frames for contesting the action by requesting a court hearing pursuant to subrule 101.16(2).

[**ARC 8967C**, IAB 2/19/25, effective 4/1/25]

441—101.15(252H) Financial information—administrative modification. Child support services may attempt to obtain and verify information concerning the financial circumstances of the parents subject to the order to be modified that is necessary to conduct an analysis and determine support. Child support services does not require financial information if the request is for a cost-of-living alteration.

101.15(1) *Financial statements.* Parents subject to the order must provide a financial statement and verification of income within ten days of a written request by child support services.

a. If the modification action is based on a substantial change of circumstances:

(1) The requesting party must provide a form prescribed by the department, and documentation that proves the amount of change in net income and the date the change took place, such as:

1. Copies of state and federal income tax returns, W-2 statements, or pay stubs, or
2. A signed statement from an employer or other source of income.

(2) Child support services will review the request and documentation. If appropriate, child support services will issue to each parent a notice of intent to modify the order as stated in subrule 101.14(1) and a financial statement. Each parent must complete and sign the financial statement and return it to child support services with verification of income and deductions as described in subrule 99.1(3).

b. Child support services may require a completed and signed financial statement and verification of income from each parent as described in subrule 99.1(3) if the modification is based on:

(1) Addition of a child;
(2) Changing a reserved or zero-dollar-amount obligation;
(3) Changing a medical-provisions-only obligation;
(4) Making a correction (if financial information is needed); or
(5) Noncompliance by a minor obligor as defined in Iowa Code section 598.21B(2)*"e"* or 598.21G.

c. Child support services may also request that a parent requesting a modification provide an affidavit regarding the financial circumstances of the nonrequesting parent when child support services is otherwise unable to obtain financial information concerning the nonrequesting parent. The requesting parent must complete the affidavit if the parent possesses sufficient information to do so.

d. Child support services may also use occupational wage rate information or the median income for parents on child support services' caseload to determine the gross income of a parent when a parent has failed to return a completed financial statement when requested and complete and accurate information is not readily available from other sources.

e. Self-employment income will be determined as described in subrule 99.1(5).

101.15(2) *Independent sources.* Child support services may use other resources to obtain or confirm information concerning the financial circumstances of the parents subject to the order to be modified as described in rule 441—99.1(234,252B,252H).

101.15(3) *Guidelines calculations.* Child support services will determine:

a. The appropriate amount of the child support obligation (excluding cost-of-living alteration amounts) as described in rules 441—99.1(234,252B,252H) through 441—99.5(234,252B), and

b. Medical support provisions as described in Iowa Code chapter 252E and rules 441—98.2(252E) through 441—98.5(252E) and 441—75.14(249A).

[**ARC 8967C**, IAB 2/19/25, effective 4/1/25]

441—101.16(252H) Challenges to the proposed modification action. For modification actions based on subrules 101.13(1) through 101.13(5), each parent will have the right to request a conference to contest the proposed modification. Either parent, or child support services, may also request a court hearing. For requests made based on subrule 101.13(6), either parent may contest the cost-of-living alteration by making a request for a review and adjustment of the support order.

101.16(1) *Conference.* Either parent may contest the proposed modification based on subrules 101.13(1) through 101.13(5) by means of a conference with the office of child support services that issued the notice of intent to modify.

a. Only one conference will be held per parent.

b. The request must be made within ten days of the date of service of the notice of intent to modify.

c. The office that issued the notice of intent to modify will schedule a conference with the parent and advise the parent of the date, time, place, and procedural aspects of the conference.

d. Reasons for contesting the modification include but are not limited to mistake of fact regarding the identity of one of the parties or the amount or terms of the modification.

e. Child support services may conduct the conference in person or by telephone.

f. If the party who requested the conference fails to attend the conference, only one alternative time will be scheduled by child support services.

g. The results of a conference will in no way affect the right of either party to request a court hearing pursuant to subrule 101.16(2).

h. Upon completion of the conference, child support services will issue a notice of decision to modify as described in subrule 101.14(2).

101.16(2) *Court hearing.*

a. Either parent, or child support services, may contest the proposed modification, based on subrules 101.13(1) through 101.13(5), by requesting a court hearing within the latest of any of the following time periods:

(1) Twenty days from the date of successful service of the notice of intent to modify,

(2) Ten days from the date scheduled for a conference, or

(3) Ten days from the date of issuance of a notice of decision to modify.

b. If child support services receives a timely written request, child support services will certify the matter to the district court as described in Iowa Code section 252H.8.

c. If a timely request is not received, if waiting periods have been waived, or if the notice periods have expired, child support services will prepare an administrative order as provided in Iowa Code section 252H.9.

101.16(3) *Contesting a proposed cost-of-living alteration.* Either parent may contest a cost-of-living alteration within 30 days of the date of the notice of intent to modify by making a request for a review of the support order as provided in Iowa Code section 252H.13.

a. If child support services receives a timely written request for review, child support services will terminate the cost-of-living alteration process and proceed with the review and adjustment process.

b. If a timely request is not made, or the notice waiting period has been waived by both parties, or the notice period has expired, child support services will prepare an administrative order as provided in Iowa Code section 252H.24.

[**ARC 8967C**, IAB 2/19/25, effective 4/1/25]

441—101.17(252H) Misrepresentation of fact—administrative modification.

101.17(1) Child support services will not modify the support order based on a substantial change of circumstances if a change in income is due to any material misrepresentation of fact concerning any financial information submitted to child support services.

101.17(2) Child support services may request verification that all facts concerning financial information are true. Verification may include but is not limited to a statement from the employer, a doctor, or other person with knowledge of the situation.

[**ARC 8967C**, IAB 2/19/25, effective 4/1/25]

441—101.18(252H) Effective date of modification. Unless subject to court action or reconciliation of multiple Iowa orders, the new obligation will be effective on the first date that the periodic payment is due under the order being modified after child support services files the modification order with the court. If the modification is based on a reserved, zero-dollar-amount, or medical-provisions-only obligation, the new obligation will be effective 20 days after generation of the administrative modification order.

[**ARC 8967C**, IAB 2/19/25, effective 4/1/25]

441—101.19(252H) Denying requests—administrative modification. A request for modification by a parent subject to the order may be denied if the criteria in rule 441—101.12(252H) are not met or the following conditions exist:

101.19(1) *Nonsupport issues.* The request is based entirely on issues such as custody, visitation, or parenting time rights.

101.19(2) *Request only for delinquent support.* The request is for the sole purpose of modifying the amount of delinquent support that has accrued under a support order.

101.19(3) *Temporary order.* The request is for the modification of a temporary support order.

101.19(4) *Two-year time frame.* The request is for a cost-of-living alteration and it has been less than two years since the order was filed with the court or last reviewed, modified, or altered.

101.19(5) *Change of circumstances.* The request is based on a substantial change in circumstances and:

a. The requestor's net income has not changed by at least 50 percent, as required in paragraph 101.13(1)*"a,"* or

b. The requestor has not provided adequate documentation of the change in income, as required in subrule 101.15(1), or

c. The change in income has not yet lasted for three months, as required in paragraph 101.13(1)*"b,"* or

d. The change in income is not expected to last another three months, as required in paragraph 101.13(1)*"b,"* or

e. The change in income is due to material misrepresentation of fact, as explained in rule 441—101.17(252H).

[**ARC 8967C**, IAB 2/19/25, effective 4/1/25]

441—101.20(252H) Withdrawing requests—administrative modification. If the requesting party contacts child support services to withdraw the request, child support services will notify the nonrequesting party of the requesting party's desire to withdraw the modification request. If the nonrequesting party indicates, in writing, a desire to continue with the modification process, child support services will proceed, and if appropriate, modify the support order. If there is no response from the nonrequesting party or if the nonrequesting party also wants the process to end, child support services will end the modification process. If child support services initiated the modification action, child support services may terminate the process if, after notifying both parents, neither parent indicates a desire to continue with the modification.

[**ARC 8967C**, IAB 2/19/25, effective 4/1/25]

441—101.21(252B,252H) Child care add-on. Child support services will review a child care add-on or expense agreement contained in any permanent child support order that is subject to review under rule 441—101.7(252B,252H) or 441—101.13(252H) as follows:

101.21(1) *Order with child care add-on.*

a. If the custodial parent provides the necessary information to determine the amount of child care expenses as described in 441—paragraph 99.4(2)*"c,"* child support services will review the information and apply the child care add-on based on the guidelines, if appropriate. Any resulting child care add-on will replace the existing child care add-on.

b. If the custodial parent does not provide the necessary information to determine the amount of child care expenses as described in 441—paragraph 99.4(2)*"c,"* the resulting modified child support amount will no longer include an added amount for child care expenses.

101.21(2) *Order with child care expense agreement.* Child support services will review an order with an existing child care expense agreement entered in lieu of a child care add-on as follows:

a. If the custodial parent provides the necessary information to determine the amount of child care expenses as described in 441—paragraph 99.4(2)*"c,"* child support services will review the information and apply the child care add-on based on the guidelines, if appropriate. Any resulting child care add-on will replace the existing child care expense agreement.

b. If the custodial parent does not provide the necessary information to determine the amount of child care expenses as described in 441—paragraph 99.4(2)*"c,"* child support services will recommend that any existing child care expense agreement remain unchanged.

101.21(3) *Order without a child care add-on or expense agreement.* If the custodial parent provides the necessary information to determine the amount of child care expenses as described in 441—paragraph 99.4(2)*"c"* and there is no current child care expense agreement or child care add-on,

child support services will review the information and apply the appropriate child care add-on based on the guidelines.

[**ARC 9764C**, IAB 11/26/25, effective 1/1/26]

441—101.22(17A) Right of appeal. Department actions under this chapter are not subject to administrative appeal under 441—Chapter 2506.

[**ARC 8967C**, IAB 2/19/25, effective 4/1/25; **ARC 9764C**, IAB 11/26/25, effective 1/1/26; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code chapter 252H and sections 252B.5, 252B.7, and 598.21C(2).

[Filed ARC 8967C (Notice ARC 8556C, IAB 12/25/24), IAB 2/19/25, effective 4/1/25]

[Editorial change: IAC Supplement 6/10/26]

CHAPTER 102
SUSPENSION AND REINSTATEMENT OF SUPPORT

Chapter rescission date pursuant to Iowa Code section 17A.7: 4/1/30

441—102.1(252B) Definitions.

"Caretaker" means a natural person with whom a child is residing and who is not legally entitled to receive support for that child pursuant to the order that is the subject of the pending suspension request.

"Child" means the same as defined in Iowa Code section 252E.1.

"Obligee" means a custodial parent or other natural person legally entitled to receive a support payment on behalf of a child.

"Obligor" means a noncustodial parent or other natural person who is ordered to pay support pursuant to the order that is the subject of the pending suspension request.

"Public assistance" means the same as defined in Iowa Code section 252H.2.

"Spousal support" means either a set amount of monetary support, or medical support as defined in Iowa Code section 252E.1, for the benefit of a spouse or former spouse, including alimony, maintenance, or any other term used to describe these obligations.

"Step change" means a change designated in a support order that specifies the amount of the child support obligation as the number of children entitled to support under the order changes.

"Support" means the same as defined in Iowa Code section 252D.16 and will include support for a child.

"Support for a child" means either a set amount of monetary support (child support and any applicable child care add-on), or medical support as defined in Iowa Code section 252E.1, for the benefit of a child. This term does not include spousal support as defined in this rule.

"Support order" means the same as a "court order" as defined in Iowa Code section 252C.1.

[**ARC 8968C**, IAB 2/19/25, effective 4/1/25; **ARC 9764C**, IAB 11/26/25, effective 1/1/26]

441—102.2(252B) Availability of service—suspension by mutual consent. Child support services will provide suspension by mutual consent only with respect to support orders entered or registered in this state for which child support services is providing enforcement services in accordance with Iowa Code chapter 252B to collect current or accrued support.

102.2(1) Suspension by mutual consent will only be provided if a court in this state would have continuing, exclusive jurisdiction to suspend and reinstate the order under Iowa Code chapter 252K.

102.2(2) Suspension by mutual consent will be provided only if no prior request for suspension of all or part of a support order has been filed with child support services pursuant to Iowa Code section 252B.20 and no prior request for suspension of all or part of a support order has been served by child support services pursuant to Iowa Code section 252B.20A during the two-year period preceding the request.

[**ARC 8968C**, IAB 2/19/25, effective 4/1/25]

441—102.3(252B) Basis for suspension of support by mutual consent.

102.3(1) *Reconciliation.* Child support services will assist an obligor and obligee in suspending support for a child and, if contained in a child support order, spousal support, when the obligor and obligee are reconciled and are residing together, with at least one child entitled to support under the order, in the same household.

102.3(2) *Change in residency.* Child support services will assist an obligor and obligee in suspending support for a child when the child is residing with the obligor; however, child support services will not assist in suspending any spousal support provisions of a support order on this basis. Child support services will also assist an obligor and obligee in suspending support for a child residing with a caretaker who has not requested services, if the child is not receiving public assistance.

102.3(3) *Affected children.* Child support services will assist an obligor and obligee in suspending by mutual consent all or part of a support order if the basis for suspension as described in this rule applies to the children entitled to support under the order to be suspended as follows:

a. If the basis for suspension applies to all of the children, child support services will assist in suspending support obligations for all of the children.

b. If the basis for suspension applies to at least one but not all of the children and if the support order includes a step change, child support services will assist in suspending the support obligations for children for whom the basis for suspension applies.

c. If the basis for suspension applies to at least one but not all of the children and if the support order includes a child care add-on, child support services will assist in suspending the child care add-on if child support is being suspended for all of the children who are then subject to the child care add-on. If child support is not being suspended for all of the children who are then subject to the child care add-on and the support order does not apportion the child care add-on between those children, child support services will not assist in suspending the child care add-on. If the support order does not state whether a specific child care add-on amount is included in the step change amounts, child support services will assist in suspending support as set forth in paragraph 102.3(3)*"b."*

102.3(4) *Limited to current support.* The provisions for suspending support apply only toward ongoing or current support. Any support that has accrued prior to the entry of an order suspending support, including judgments for past periods of time, is unaffected by the suspension.

102.3(5) *Duration of conditions.* The basis for suspension of support as provided in subrule 102.3(2) and subrule 102.3(3) must reasonably be expected to continue for not less than six months from the date a request for assistance to suspend is received by child support services.

[**ARC 8968C**, IAB 2/19/25, effective 4/1/25; **ARC 9764C**, IAB 11/26/25, effective 1/1/26]

441—102.4(252B) Request for assistance to suspend by mutual consent.

102.4(1) *Submitting a request.* The obligor and obligee subject to a support order being enforced by child support services may request that child support services assist in having the ongoing support provisions suspended as follows:

a. A request for suspension must be submitted to child support services using a request and affidavit form prescribed by the department.

b. Child support services will provide the request and affidavit form prescribed by the department to the obligor and obligee upon request.

c. Both forms must be signed by both the obligor and the obligee affected by the order to be suspended. In the event that current support payments are assigned to an individual or entity other than the obligee named in the original order, but may revert to the original obligee at a future date without court action, both the original obligee and the current assignee must sign both forms.

d. The affidavit form prescribed by the department must be notarized.

e. The request must contain sufficient information to allow child support services to identify the court order and parties involved, and a statement that the obligor and obligee expect the basis for suspension to continue for not less than six months.

f. If the obligor and obligee are requesting suspension of more than one order at the same time, the obligor and obligee will be required to submit only one copy of the request form prescribed by the department, identifying each order the request involves; however, the obligor and obligee will be required to submit a separate, signed and notarized affidavit form prescribed by the department for each order.

102.4(2) *Denying a request.* Child support services will issue a written notice to the obligor and obligee indicating that a properly completed request is denied.

a. This notice will be sent by first-class regular mail to the last-known address of the obligor and obligee or, if applicable, to the last-known address of the obligor's or obligee's attorney.

b. If the basis for suspension is reconciliation, one notice will be sent to the address shared by the obligor and obligee. If the basis for suspension is a change in residency of the children entitled to support, a separate notice will be issued to the obligor and obligee at their respective last-known addresses.

c. The notice denying a request will indicate the reason for denial.

d. A request for suspension will be denied when the conditions specified in Iowa Code section 252B.20 or rule 441—102.2(252B) or 441—102.3(252B) are not met.

[**ARC 8968C**, IAB 2/19/25, effective 4/1/25]

441—102.5(252B) Order suspending support by mutual consent. To approve a request to suspend support, child support services will prepare and present to the district court an order suspending support as provided in Iowa Code section 252B.20.

102.5(1) When the basis for suspension is reconciliation, the suspension will apply to any ongoing support provisions of the order, including medical support, with respect to any child residing with the parents and with respect to any spouse or former spouse entitled to support under the order to be suspended.

102.5(2) When the basis for suspension is a change in residency of one or more of the children entitled to support, the suspension will apply to ongoing support provisions, including medical support, with respect to only the children entitled to support under the order who are residing with the obligor. Any spousal support also ordered in the same support order will remain unaffected by this action.

102.5(3) A copy of the filed order will be sent by first-class regular mail to the last known address of the obligor and obligee, or, if applicable, to the last known address of the obligor's or obligee's attorney.

[**ARC 8968C**, IAB 2/19/25, effective 4/1/25]

441—102.6(252B) Suspension of enforcement of current support—suspension by mutual consent. Child support services will suspend enforcement actions intended to collect or enforce any current support obligation that would have accrued during the time the support obligation is suspended. Child support services will continue to provide all appropriate enforcement services to collect any support not suspended and any arrearages that accrued before the effective date of the suspension.

[**ARC 8968C**, IAB 2/19/25, effective 4/1/25]

441—102.7(252B) Availability of service—suspension by payor's request. Child support services will provide suspension by payor's request only with respect to support orders entered pursuant to Iowa Code chapter 252A, 252C or 252F for which child support services is providing enforcement services in accordance with Iowa Code chapter 252B to collect current or accrued support.

102.7(1) Suspension by payor's request will only be provided if a court in this state would have continuing, exclusive jurisdiction to suspend and reinstate the order pursuant to Iowa Code chapter 252K.

102.7(2) Suspension by payor's request will be provided only if no prior request for suspension of all or part of a support order has been filed with child support services pursuant to Iowa Code section 252B.20 and no prior request for suspension of all or part of a support order has been served by child support services pursuant to Iowa Code section 252B.20A during the two-year period preceding the request.

[**ARC 8968C**, IAB 2/19/25, effective 4/1/25]

441—102.8(252B) Basis for suspension of support by payor's request.

102.8(1) *Child residing with obligor or caretaker.* Child support services will assist an obligor in suspending support for a child residing with the obligor or with a caretaker who has not requested unit services, if the child has been residing with the obligor or caretaker for more than 60 consecutive days.

102.8(2) *Orders eligible for suspension.*

a. Child support services will assist an obligor in suspending support for a child only when there is no order in effect regarding legal custody, physical care, visitation, or parenting time for the child.

b. If an order exists that contains language regarding legal custody, physical care, visitation, or parenting time for the child, child support services will deny the suspension request.

102.8(3) *Children on public assistance.* The children for whom ongoing support is being suspended must not be receiving public assistance pursuant to Iowa Code chapter 239B or 249A or a comparable law of another state or foreign country, or if the children are receiving public assistance, the obligor must be considered to be a member of the same household as the children for the purposes of public assistance eligibility.

102.8(4) *Duration of conditions.* The basis for suspension of support must reasonably be expected to continue for not less than six months from the date a request for assistance to suspend is received by child support services.

102.8(5) *Affected children.* Child support services will assist an obligor in suspending by payor's request all or part of a support order if the basis for suspension as described in this rule applies to the children entitled to support under the order to be suspended as follows:

a. If the basis for suspension applies to all of the children, child support services will assist in suspending support obligations for all of the children.

b. If the basis for suspension applies to at least one but not all of the children and if the support order includes a step change, child support services will assist in suspending the support obligations for children for whom the basis for suspension applies.

c. If the basis for suspension applies to at least one but not all of the children and if the support order includes a child care add-on, child support services will assist in suspending the child care add-on if child support is being suspended for all of the children who are then subject to the child care add-on. If child support is not being suspended for all of the children who are then subject to the child care add-on and the support order does not apportion the child care add-on between those children, child support services will not assist in suspending the child care add-on. If the support order does not state whether a specific child care add-on amount is included in the step change amounts, child support services will assist in suspending support as set forth in paragraph 102.8(5)*"b."*

102.8(6) *Limited to current support.* The provisions for suspending support apply only toward ongoing or current support. Any support that has accrued prior to the entry of an order suspending support, including judgments for past periods of time, is unaffected by the suspension.

[**ARC 8968C**, IAB 2/19/25, effective 4/1/25; **ARC 9764C**, IAB 11/26/25, effective 1/1/26]

441—102.9(252B) Request for assistance to suspend by payor's request. The obligor subject to a support order being enforced by child support services may request that child support services assist in having the ongoing support provisions suspended as follows:

102.9(1) *Submitting a request.*

a. A request for suspension must be submitted to child support services using a form prescribed by the department.

b. Child support services will provide the request form prescribed by the department to the obligor upon request.

c. The request form must be signed by the obligor affected by the order to be suspended.

d. The request must contain sufficient information to allow child support services to identify the court order and parties involved and must attest that the children have lived in the obligor's household or the caretaker's household for more than 60 consecutive days and are expected to live there for at least six months.

102.9(2) *Submitting an affidavit.* After receiving a valid request for suspension, child support services will provide the requestor with an affidavit form prescribed by the department.

a. The obligor must submit the affidavit for suspension to child support services. If the request for suspension is made pursuant to Iowa Code section 252B.20A(17), the caretaker must also submit an affidavit form prescribed by the department.

b. The affidavit prescribed by the department must be signed, attesting to the existence of the conditions under subrules 102.8(1) through 102.8(4). The affidavit must be notarized.

c. If the obligor is requesting suspension of more than one order at the same time, the obligor will be required to submit only one copy of the request form prescribed by the department, identifying each order the request involves; however, the obligor will be required to submit a separate, signed and notarized affidavit form prescribed by the department for each order.

[**ARC 8968C**, IAB 2/19/25, effective 4/1/25]

441—102.10(252B) Determining eligibility for suspension by payor's request. Upon receipt of the request for suspension and the properly executed and notarized affidavit, child support services will review the request and the affidavit to determine that the criteria have been met.

102.10(1) *If the criteria are not met.* If the criteria have not been met, child support services will issue a written notice to the obligor indicating that the request is denied.

a. The notice will be sent by first-class regular mail to the last-known address of the obligor or, if applicable, to the last-known address of the obligor's attorney.

b. The notice will indicate the reason for denial and notify the obligor of the right to proceed through private counsel.

102.10(2) *If the criteria are met.* If the criteria are met, child support services will proceed as follows:

a. Child support services will serve forms prescribed by the department and supporting documents on the obligee by any means provided in Iowa Code section 252B.26. The notice to the obligee will include all of the following:

(1) Information sufficient to identify the parties and the support order affected.

(2) An explanation of the procedure for suspension and reinstatement of support in this chapter.

(3) An explanation of the rights and responsibilities of the obligee to respond to the action.

(4) A statement that, within 20 days of service, the obligee must submit a signed and notarized response to child support services objecting to at least one of the assertions in subrules 102.8(1) through 102.8(4). The statement will inform the obligee that if, within 20 days of service, the obligee fails to submit a response as specified in this subparagraph, notwithstanding Rules of Civil Procedure 1.972(2) and 1.972(3), child support services will prepare and submit an order.

b. No sooner than 30 days after service on the obligee, child support services will do one of the following:

(1) If the obligee submits a signed and notarized objection to at least one of the assertions in subrules 102.8(1) through 102.8(4), deny the request and notify the parties in writing that the request is denied, providing reasons for the denial, and notifying the parties of the right to proceed through private counsel.

(2) If the obligee cannot be served, child support services will issue a written notice to the obligor indicating the request is denied, following the procedure described in subrule 102.10(2).

(3) If the obligee does not timely submit a signed and notarized objection to child support services, prepare an order following the procedure described in rule 441—102.11(252B).

[**ARC 8968C**, IAB 2/19/25, effective 4/1/25]

441—102.11(252B) Order suspending support by payor's request. After approving a request to suspend support and properly serving the obligee, child support services will prepare and present to the district court an order suspending support as provided in Iowa Code section 252B.20A.

102.11(1) The suspension will apply to ongoing support provisions, including medical support, with respect to only the children entitled to support under the order who are residing with the obligor or caretaker.

102.11(2) A copy of the filed order will be sent by first-class regular mail to the last-known address of the obligor and obligee or, if applicable, to the last-known address of the obligor's or obligee's attorney.

[**ARC 8968C**, IAB 2/19/25, effective 4/1/25]

441—102.12(252B) Suspension of enforcement of current support—suspension by payor's request. Child support services will suspend enforcement actions intended to collect or enforce any current support obligation that would have accrued during the time the support obligation is suspended. Child support services will continue to provide all appropriate enforcement services to collect any support not suspended and any arrearages that accrued before the effective date of the suspension.

[**ARC 8968C**, IAB 2/19/25, effective 4/1/25]

441—102.13(252B) Request for reinstatement. Child support services may request that the court reinstate the suspended support obligation in accordance with the procedures found in Iowa Code sections 252B.20 and 252B.20A.

102.13(1) Either the obligor or the obligee affected by the suspended order may request reinstatement by submitting a written request for reinstatement to child support services. The request must indicate that reinstatement is being requested and the reason for reinstatement and must contain sufficient information to identify the court order and parties involved. The request must also be signed by the requesting party.

102.13(2) Child support services may, at its own initiative, request that the court reinstate a support obligation when it is determined that a child for whom the obligation was suspended is receiving public assistance benefits.

102.13(3) Child support services will issue a written notice approving or denying the request to any obligor or obligee requesting reinstatement. This notice will be sent by first-class regular mail to the last-known address of the requesting party and will indicate any reason for denial.

102.13(4) A properly completed request for reinstatement will be denied when any of the following conditions exist:

a. The request is made by someone other than the obligor, the obligee, or the obligor's or obligee's attorney.

b. Child support services is no longer providing enforcement services for the suspended order.

c. The request is received more than six months after the date of the filing of the order suspending support.

d. The request is for partial reinstatement of the suspended support order for some but not all of the children, and the order does not contain a step change.

e. A court in this state would not have continuing, exclusive jurisdiction to reinstate the order under Iowa Code chapter 252K.

[**ARC 8968C**, IAB 2/19/25, effective 4/1/25]

441—102.14(252B) Reinstatement. Child support services will follow the procedures in Iowa Code sections 252B.20 and 252B.20A in seeking to have the court reinstate a support order.

102.14(1) Child support services will request that the court reinstate a spousal support provision previously suspended if the provision was included in the suspension in accordance with subrule 102.5(1) and if child support services receives a properly completed request from the obligor or the obligee.

102.14(2) Child support services will seek to have the previously suspended support for a child reinstated when the conditions in paragraph 102.14(2)*"a"* or *"b"* are met. This provision will not prohibit any party, including child support services, from taking other action to establish support as provided for by law.

a. The basis for suspension no longer applies to any of the children for whom support was suspended; or

b. The basis for suspension continues to apply to some but not all of the children for whom support was suspended, and there is a step change in the order.

102.14(3) Child support services will seek to have a previously suspended child care add-on reinstated when seeking to reinstate child support for one or more children who are subject to the child care add-on.

[**ARC 8968C**, IAB 2/19/25, effective 4/1/25; **ARC 9764C**, IAB 11/26/25, effective 1/1/26]

441—102.15(252B) Reinstatement of enforcement of support. If a suspended support obligation is reinstated, child support services will also reinstate all appropriate enforcement measures to enforce all reinstated ongoing support provisions of the support order.

[**ARC 8968C**, IAB 2/19/25, effective 4/1/25]

441—102.16(252B) Temporary suspension becomes final. The temporary suspension of a support order under this chapter will become final if not reinstated in accordance with Iowa Code sections 252B.20 and 252B.20A.

[**ARC 8968C**, IAB 2/19/25, effective 4/1/25]

441—102.17(17A) Right of appeal. Department actions under this chapter are not subject to administrative appeal under 441—Chapter 2506.

[**ARC 8968C**, IAB 2/19/25, effective 4/1/25; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code chapter 252B.

CHILDREN'S INSTITUTIONS

TITLE XI

CHAPTER 103
STATE TRAINING SCHOOL

[Prior to 7/1/83, Social Services[770] Ch 103]
[Prior to 2/11/87, Human Services[498]]

Chapter rescission date pursuant to Iowa Code section 17A.7: 12/1/31

441—103.1(218) Definitions.

"Child" means a person under the age of 18 years.

"Contraband" means weapons; ammunition; tobacco; alcohol; drugs; money; altered authorized property; mood-altering plant material; obscene material as defined in Iowa Code section 728.1(5); explosives; material that can be used in the manufacture of explosives; or material advocating disruption of or injury to students, employees, programs, or physical facilities. "Contraband" includes anything that is illegal to possess under federal or state law and materials that are used in the production of drugs or alcohol or used in conjunction with the taking of illicit drugs. "Contraband" also includes anything determined to be banned from individual possession by published facility rules.

"Division director" means the administrator of the division of state-operated specialty care within the department.

"Facility" means the state training school.

"Family" means spouse, child, parent, sibling, or grandparent.

"Gift or bequest" means anything of value that a facility receives that is intended for use directly by the employees of the facility. Items intended for public distribution, such as clothes or furniture, do not constitute a gift to the facility.

"Grievance" means a written or oral complaint by or on behalf of a student that involves:

1. A rights violation or unfairness to the student, or
2. Any aspect of the student's life with which the student does not agree.

"Iowa sex offender registry" means a central registry of sex offenders established under Iowa Code chapter 692A that is maintained by the department of public safety.

"Juvenile court officer" means the same as defined in Iowa Code section 232.2(35).

"Juvenile offender" means a juvenile who is required to be registered with the Iowa sex offender registry and with the sheriff of the juvenile's county of residence.

"Legal representative" means a person, including an attorney, who is authorized by law to act on behalf of a student.

"Money" means all forms of currency, checks, money orders, stocks, bonds, and any other item that can be used as a medium of exchange for payment for goods or services.

"Parent" means a natural or adoptive mother or father of a child but does not include a mother or father whose parental rights have been terminated.

"Registration" means the submission of registration forms to the Iowa sex offender registry and to the sheriff of the person's county of residence.

"Rights" means the human, civil, and constitutional liberties an individual possesses through federal and state constitutions and laws.

"State training school" means the same as defined in Iowa Code section 233A.1(3).

"Student," as used in this chapter, means any child who is committed to the director and is admitted to and receives services from the state training school. The terms "resident," "juvenile," and "youth" are synonymous with the term "student." For purposes of the state training school, the term also includes a person whose stay is extended beyond the age of 18 under the provisions of Iowa Code section 232.53(2) and 232.53(4).

"Superintendent" means the same as defined in Iowa Code section 233A.1(3).

"Tobacco" means all forms of tobacco.

"Weapon" means any gun, knife, tool, object, or chemical that can be used to inflict harm on oneself or another.

This rule is intended to implement Iowa Code section 218.4.

[**ARC 0668D**, IAB 10/14/26, effective 12/1/26]

441—103.2(218) Admission.

103.2(1) *Population guidelines.* The facility population level will be based on the population guidelines that the judicial branch, in consultation with the department, develops on the number of students who may be placed at a juvenile facility at any one time. Pursuant to those guidelines and the responsibility of the superintendent for admission of students, the superintendent and the chief juvenile court officers will allocate to each judicial district the number of children from each district who may be placed in the facility for diagnosis and evaluation and for treatment.

103.2(2) *Acceptance of child.* A certified copy of the court order that complies with Iowa Code chapter 232 shall accompany the child to the facility, along with the relevant petitions.

a. A child will be accepted for evaluation as specified in the court order only when a diagnostic bed is available.

b. A child will be accepted into the regular program as specified in the court order only when a treatment bed is available.

c. A child adjudicated as a child in need of assistance shall not be admitted to the state training school, except:

(1) For diagnosis and evaluation and then only when a current petition is on file that alleges the child to have committed a delinquent act, or

(2) When the child is also adjudicated delinquent and meets admission criteria for the state training school as a delinquent.

d. The superintendent or chief juvenile court officer shall notify the court when the appropriate space, service, or program is not available so that admission can be ordered when the facility can meet the child's needs.

103.2(3) *Time of admission.* When a child is to be admitted to the facility, arrangements will be agreed to by the facility for the date and time of the actual admission.

This rule is intended to implement Iowa Code section 218.4.

[**ARC 0668D**, IAB 10/14/26, effective 12/1/26]

441—103.3(218) Plan of care.

103.3(1) *Individual care plan conference.* The facility will schedule an individual care plan conference and provide prior notice to:

a. The student;

b. The student's parents or guardians;

c. The student's legal representative;

d. The student's juvenile court officer; and

e. The court.

103.3(2) *Prerelease conference.* A prerelease conference will be held 30 days before any anticipated release of a student from the regular program. The focus of the conference will be to help the student plan for a successful transition into the community by leveraging local community services. The facility will provide written notice of the time, date, and purpose of the conference to:

a. The student;

b. The student's parents or guardians;

c. The student's legal representative;

d. The student's juvenile court officer; and

e. The court.

This rule is intended to implement Iowa Code section 218.4.

[**ARC 0668D**, IAB 10/14/26, effective 12/1/26]

441—103.4(218) Communication with students.

103.4(1) *Incoming telephone calls.* The superintendent or superintendent's designee must approve all incoming telephone calls for a student before the conversation occurs. An authorized employee will verify the identity of the caller before approval is given. Approved telephone calls will not be monitored.

103.4(2) *Mail and packages.*

a. The facility will maintain policies and procedures for outgoing or incoming letters and packages, including the facility's ability to search for and seize contraband by:

(1) Opening, but not reading, incoming and outgoing letters and packages in the presence of the student to whom the letters and packages belong; or

(2) Requiring that the student open the letters and packages in an employee's presence and disclose the contents.

b. Letters or packages found to contain contraband will be confiscated. Both the sender and the intended receiver of the confiscated letters and packages will be notified and given reasons for the action.

c. The superintendent or superintendent's designee may terminate correspondence between a student and another person when the student's treatment team has determined that the correspondence is not in the student's best interest and is detrimental to the student's treatment plan. Termination will be based on the circumstances of each case.

(1) The superintendent or superintendent's designee will provide justification to terminate the correspondence in a written notice to the correspondents.

(2) Correspondents may file a grievance concerning the termination.

103.4(3) *Visits.* The facility will maintain policies and procedures to allow for reasonable visitation. Visits by a student's family or legal representative will be encouraged. Flexibility in the hours and days of visitation will be considered as necessary.

a. Applicability. Other than a family member or legal representative, a person who wants to visit a student shall obtain prior approval from the student's juvenile court officer and the superintendent or superintendent's designee before visiting. Visitation rights will be denied to:

(1) A former facility resident unless the former resident is a family member or has prior approval of the superintendent or superintendent's designee;

(2) A parent whose parental rights have been terminated or limited by court order;

(3) A person who is restricted by court order from contact with the student;

(4) A visitor who refuses to cooperate with the rules of the facility;

(5) A visitor who creates a disturbance or is hostile to the point of being disruptive;

(6) A visitor who passes or attempts to pass contraband to a student or who aids in an escape or attempted escape;

(7) A visitor who is under the influence of or has been partaking of drugs or alcoholic beverages; and

(8) Any other person who, based on reasonable cause, is believed to pose a risk to the student's treatment or to the safety or security of the facility.

b. Limitations.

(1) A student shall not be permitted to visit with the family of another student unless the student's juvenile court officer and the superintendent or superintendent's designee have given prior approval. A student shall have written authorization of the student's juvenile court officer and the superintendent or superintendent's designee before accompanying the parents of another student off grounds on a visit.

(2) The superintendent reserves the right to limit or terminate visiting in all cases when doing so is in the best interests of the student's personal and therapeutic needs. When limitation or termination of visiting rights occurs, the superintendent or superintendent's designee will:

1. Immediately notify persons involved why the action was taken; and
2. Document the action in the student's file.

103.4(4) *Attorney contacts.* A student's attorney shall have the right to visit or have telephone contact with the student at any reasonable time.

a. A student shall have the right to contact the student's attorney during normal business hours and at other times with prior approval of the attorney. Responsibility for payment for the cost of the contact shall be determined before the contact is made.

b. A student who does not have an attorney will be referred to the committing court for an attorney to be appointed.

103.4(5) *Interviews and statements.*

a. Request. Requests to interview a student made by media (newspapers, television stations, radio stations, etc.), groups, or persons not related to the student shall be made through the superintendent's office.

(1) The superintendent or superintendent's designee will inform the student of the request and of the student's right to agree to participate in the interview or to remain silent and not participate.

(2) If an interview may have an impact on the student's legal status, the superintendent or superintendent's designee will contact the student's attorney to determine if the attorney has any objection to the student's participation.

b. Decision. When a student agrees to participate, the interview will be granted at the discretion of the superintendent. The superintendent may deny an interview in situations deemed detrimental to the student. The person requesting the interview may appeal the superintendent's decision to the division director or division director's designee.

c. Procedure.

(1) Whenever an interview is granted, at least one facility employee will be present for the entirety of the interview and will have the authority to terminate the interview anytime the employee believes the best interests of the student are not being served. Exceptions to this requirement will be made when the student's interview is with the student's own attorney or with state officials acting in an official capacity.

(2) The student shall be represented by legal counsel during any interview that is conducted to obtain information that will be or may be used in court.

d. Depositions. The superintendent may grant permission for written depositions according to the procedures for granting interviews. Voice recording of depositions will not be permitted. One copy of the deposition shall be submitted to the superintendent. This rule shall in no way restrict depositions ordered by the court.

This rule is intended to implement Iowa Code section 218.4.

[**ARC 0668D**, IAB 10/14/26, effective 12/1/26]

441—103.5(218) Photographing and recording of students. A student's parent or legal representative may take photographs or make audio or video recordings of that student but shall not be authorized to take photographs or make recordings of any other student.

103.5(1) With the authorization of the superintendent or superintendent's designee, a student may take a photograph of another student with that student's consent.

103.5(2) Use of still or video cameras or voice recorders to photograph or record a student by anyone other than the student, parent, legal representative, or authorized employee will be allowed only with the prior authorization of the superintendent or superintendent's designee.

a. When granted, authorization to photograph or record will be for one specific use and will not extend to any other use.

b. Photographs and voice or video recordings of a student for public distribution will be permitted only with a signed informed consent from the superintendent and the individual's parent or legal representative.

c. The facility will maintain and implement policies and procedures for authorizing or denying photographing or recording of students. A person authorized to take photographs or recordings of a student shall make every effort to preserve the inherent dignity of the student and to preclude exploitation or embarrassment of the student or the family of the student.

This rule is intended to implement Iowa Code section 218.4.

[**ARC 0668D**, IAB 10/14/26, effective 12/1/26]

441—103.6(218) Employment of students. The facility will maintain and implement policies and procedures for the employment of students to help ensure the employer's compliance with all applicable state and federal laws. Employers that want to hire a student must obtain approval from the superintendent

or superintendent's designee. The employer, the superintendent or superintendent's designee, or the student shall have the right to terminate the employment at any time.

This rule is intended to implement Iowa Code section 218.4.

[**ARC 0668D**, IAB 10/14/26, effective 12/1/26]

441—103.7(218) Temporary home visits.

103.7(1) The facility will maintain and implement policies and procedures for the granting or denial of temporary home visits.

103.7(2) The superintendent or superintendent's designee and the student's juvenile court officer shall approve a temporary home visit before the visit is scheduled and only after the juvenile court officer has investigated and approved in writing the temporary home visit placement.

This rule is intended to implement Iowa Code section 218.4.

[**ARC 0668D**, IAB 10/14/26, effective 12/1/26]

441—103.8(218) Grievances. Any student who believes the student's rights have been violated by the facility or who has a complaint concerning the student's treatment at the facility may file a grievance. The student's parent, guardian, family, or legal representative may file a grievance on behalf of the student by submitting the grievance in writing to the superintendent. If the grievance directly concerns the superintendent, the grievance will be reviewed by the division director or the division director's designee. At any time during the grievance process, students retain their right to contact their attorney, juvenile court officer, the Iowa office of ombudsman, the division director or the division director's designee, regardless of the outcome determined by the facility or the superintendent.

This rule is intended to implement Iowa Code section 218.4.

[**ARC 0668D**, IAB 10/14/26, effective 12/1/26]

441—103.9(692A) Sex offender registration. A student who has been determined to be a sex offender as defined in Iowa Code section 692A.101(26) must register as a sex offender before release from the facility unless the juvenile court finds that the student is exempted from this requirement.

103.9(1) *Notification.* When a student who is a juvenile offender has not previously registered, the superintendent or superintendent's designee will provide the student with Form DCI-144, Notification of Registration Requirement, as required by the department of public safety in 661—subrule 83.3(1). Failure to provide a juvenile offender with the notification form does not relieve the juvenile offender of the duty to register with the Iowa sex offender registry.

103.9(2) *Exemption from registration.* To exempt a juvenile offender from registration, the language in the order of adjudication or disposition must clearly state that the juvenile offender is exempted from the registration requirement. If a court order is silent, the registration requirement applies.

a. If the order language does not clearly state that the juvenile offender is exempted from the registration process, then the responsibility rests with the juvenile offender to seek a clarifying order to be exempt from the registration process. A juvenile offender who seeks an exemption from the registration requirement has the obligation to prove that the juvenile offender deserves the exemption.

b. When the judicial decision is deferred, registration shall be assumed to be required until the court orders otherwise. If the court order defers the decision to grant an exemption from registration until the juvenile offender's treatment is completed, the language in the order should specify who tracks the case until the new court order is issued. If it is not clear who tracks the case, the juvenile offender is responsible to seek a clarifying order to be exempt from the registration process.

103.9(3) *Registration.* The superintendent or superintendent's designee will provide the juvenile offender with Form DCI-145, Sex Offender Registration, as required by the department of public safety in 661—subrule 83.3(2).

a. When the juvenile offender is released from the facility, the superintendent or superintendent's designee will submit the registration form to the division of criminal investigation of the department of public safety unless, by the time of release, the juvenile court finds that the juvenile should not be required to register as allowed by Iowa Code chapter 692A.

b. Copies of the sex offender registration will be maintained in the juvenile offender's file at the facility.

This rule is intended to implement Iowa Code section 692A.109.

[**ARC 0668D**, IAB 10/14/26, effective 12/1/26]

441—103.10(218) Alleged child abuse. The department will arrange for the investigation of any reported case of alleged child abuse. For cases in which the alleged perpetrator is a facility employee, contractor, or volunteer, or some other department employee, the investigation shall be conducted by an agency other than the department.

This rule is intended to implement Iowa Code section 218.4.

[**ARC 0668D**, IAB 10/14/26, effective 12/1/26]

441—103.11(233A) Cost of care. The facility will seek to recover a portion of the cost of care pursuant to Iowa Code section 233A.17. In determining the amount to be recovered:

103.11(1) The student will be allowed to retain a personal allowance equal to the personal allowance amount established by the Social Security Administration for the Supplemental Security Income program.

103.11(2) The amount recovered shall not exceed the actual cost of care.

103.11(3) The cost of care will be determined using the average per diem multiplied by the total days of care.

103.11(4) The superintendent may grant a one-time exception to recovery of up to $1,000 for a personal needs living expense if a student is being discharged and has no viable means of support upon release.

This rule is intended to implement Iowa Code section 233A.17.

[**ARC 0668D**, IAB 10/14/26, effective 12/1/26]

441—103.12(218) Buildings and grounds.

103.12(1) *Tours.* Tours of the facility will be subject to the prior approval of the superintendent or superintendent's designee.

103.12(2) *Public use.* Facility space is for the primary use of the facility. All public use of facility space shall require prior approval of the superintendent or superintendent's designee. Approval for use will be based on the order of requests received and on space availability after the programmatic and security needs of the facility are met.

This rule is intended to implement Iowa Code section 218.4.

[**ARC 0668D**, IAB 10/14/26, effective 12/1/26]

441—103.13(68B,218) Gifts and bequests. Gifts or bequests of money, clothing, books, games, recreational equipment or other items shall be made directly to the superintendent.

103.13(1) The superintendent or superintendent's designee will evaluate the gift or bequest in terms of the nature of the contribution to the facility program.

103.13(2) The superintendent will be responsible for accepting the gift or bequest and reporting it to the division director.

a. All monetary gifts or bequests will be acknowledged in writing to the donor.

b. All gifts or bequests with a value of $50 or more shall be reported to the Iowa ethics and campaign disclosure board pursuant to Iowa Code section 68B.22A.

This rule is intended to implement Iowa Code sections 68B.22A and 218.4.

CHAPTER 104
Reserved

TITLE XII
LICENSING AND APPROVED STANDARDS

CHAPTER 105
JUVENILE DETENTION AND SHELTER CARE HOMES

[Prior to 7/1/83, Social Services[770] Ch 105]
[Prior to 2/11/87, Human Services[498]]

Chapter rescission date pursuant to Iowa Code section 17A.7: 1/1/28

441—105.1(232) Definitions.

"Administrator," when used for matters related to a certificate of approval or a certificate of license, means the administrator of the division of adult, children and family services.

"Authorized prescriber" means those persons identified in Iowa Code section 147.107 and Iowa Code chapter 154.

"Chemical restraint" means the use of chemical agents including psychotropic drugs as a form of restraint. The therapeutic use of psychotropic medications as a component of a service plan for a particular child is not considered chemical restraint.

"Child care worker" shall mean an individual employed by a facility whose primary responsibility is the direct care of the children in the facility.

"Coed facility" shall mean a facility which has both sexes in residence.

"Control room" shall mean a locked room in a juvenile detention home, used for the purpose of isolation or seclusion of a child. A control room shall not be allowed in a juvenile shelter care home.

"County or multicounty" shall mean that the governing body is a county board of supervisors or a combination of representatives from county boards of supervisors.

"Facility" shall mean a county or multicounty "juvenile detention home" or county or multicounty "juvenile shelter care home" as defined in Iowa Code section 232.2, and private juvenile detention and shelter care homes as defined in Iowa Code section 232.2 which do not meet the requirements of being "county or multicounty."

"Immediate family," for the purposes of this chapter, means persons who have a blood or legal relationship with the child.

"Mechanical restraint" means restriction by the use of a mechanical device of a child's mobility or ability to use the hands, arms or legs.

"Medication management and administration" means to properly tend to prescription and nonprescription medications, including, but not limited to: properly obtaining and storing medication; removing medication from its storage place; ensuring to the extent possible that the child ingests, applies, or uses the appropriate dosage at the appropriate time of day; and documenting the dosage and the time and date that the child ingested, applied, or used the medication.

"Nonprescription medication" means any drug or device that is not a prescription medication as defined in this chapter.

"Physical restraint" means direct physical contact required on the part of a staff person to prevent a child from hurting self, others, or property.

"Prescription medication" means a prescription drug as defined in Iowa Code section 155A.3(30).

"Prone restraint" means a physical restraint in which a child is held face down on the floor.

"Protective locked environment" means the same as defined in Iowa Code section 237.1(17).

"Schedule II medications" means those controlled substances identified in Iowa Code chapter 124.

"Staff" means any person providing care or services to or on behalf of the residents whether the person is an employee of the facility, an independent contractor or any other person who contracts with the facility, an employee of an independent contractor or any other person who contracts with the facility, or a volunteer.

"Time out" applies only to shelter care homes and means the temporary and short-term restriction of a resident for a period of time to a designated area from which the resident is not physically prevented from

leaving, for the purpose of providing the resident an opportunity to regain self-control. Staff physically preventing the resident from leaving the time out area would be considered seclusion in control room conditions.

[**ARC 9488B**, IAB 5/4/11, effective 7/1/11; **ARC 4793C**, IAB 12/4/19, effective 1/8/20; **ARC 0109D**, IAB 3/4/26, effective 5/1/26]

441—105.2(232) Buildings and grounds.

105.2(1) *Grounds.*

a. An outdoor play area of 75 square feet per child shall be provided.

b. The play area shall be identified and kept free from hazards that could cause injury to a child.

c. Rubbish and trash shall be kept separated from the play area.

d. The grounds shall be adequately drained.

105.2(2) *Buildings.*

a. All living areas shall:

(1) Have screens on windows used for ventilation.

(2) Be maintained in clean, sanitary conditions, free from vermin, rodents, dampness, noxious gases, and objectionable odors.

(3) Be in safe repair.

(4) Provide for adequate lighting when natural sunlight is inadequate.

(5) Have heating and storage areas separated from sleeping or play areas.

(6) Have walls and ceilings surfaced with materials that are asbestos free.

b. All sleeping rooms shall be of finished construction and provide a minimum of 60 square feet per child for multiple occupancy, 80 square feet per child for single occupancy, and not sleep more than four children per room.

(1) Facilities licensed prior to July 1, 1981, having a square foot area less than that required shall be considered to meet these standards.

(2) There shall be not more than four youths per room in shelter and two youths per room in detention. Sleeping areas shall be assigned on the basis of the individual child's needs for privacy and independence of group support. For detention facilities built prior to July 1, 1979, four youths per room in detention may be allowed provided the minimum square feet per child requirement is met. When a detention facility licensed prior to July 1, 1979, remodels or makes an addition after July 1, 1979, only two youths per room shall be allowed.

c. All rooms aboveground shall:

(1) Have a ceiling height of at least 7 feet, 6 inches.

(2) Have a window area of at least 8 percent of the floor area unless mechanical ventilation is provided that is capable of removing dampness and odors.

d. All rooms belowground shall:

(1) Have a ceiling height of at least 6 feet, 8 inches.

(2) Have a window area of at least 2 percent of the floor area unless mechanical ventilation is provided that is capable of removing dampness and odors.

(3) Have floor and walls constructed of concrete or other materials with an impervious finish and free from groundwater leakage.

105.2(3) *Bedrooms.*

a. Each child in care shall have a solidly constructed bed.

b. Sheets, pillowcases and blankets shall be provided for each child and shall be kept clean and in good repair.

c. Each child in care shall have adequate storage space for private belongings.

d. No child over the age of five years shall occupy a bedroom with a member of the opposite sex.

105.2(4) *Heating.*

a. The heating unit shall be so located and operated as to maintain the temperature in the living quarters at a minimum of 65 degrees Fahrenheit during the day and 55 degrees Fahrenheit during the night. Variances may be made in case of health problems. Temperature is measured at 24 inches above the floor in the middle of the room.

b. All space heaters involving the combustion of fuel, such as gas, oil or similar fuel, shall be properly vented to the outside atmosphere.

c. Neither rubber nor plastic tubing shall be used as supply lines for gas or oil heaters.

d. The heating and cooling plant shall be checked yearly and kept in a safe working condition at all times.

105.2(5) *Bathroom facilities.*

a. Bathrooms shall have an adequate supply of hot and cold running water.

b. Each bathroom shall be properly equipped with toilet tissue, towels, soap, and other items required for personal hygiene unless children are individually given such items. Paper towels, when used, and toilet tissue shall be in dispensers. Detention facilities shall provide items required for personal hygiene but shall not be required to keep items in the bathrooms.

c. Toilets and baths or showers shall provide for individual privacy.

d. There shall be a shower or tub for each ten children or portion thereof.

e. Tubs and showers shall have slip-proof surfaces.

f. At least one toilet and one lavatory shall be provided for each six children or portion thereof.

g. Toilet facilities shall be provided with natural or artificial ventilation capable of removing odors and moisture.

h. Toilet facilities adjacent to a food preparation area shall be separated completely by a windowless door that completely fills the doorframe.

i. All toilet facilities shall be kept clean.

j. When more than one stool is used in one bathroom, partitions providing privacy shall be used.

k. Toilets, wash basins, and other plumbing or sanitary facilities shall be maintained in good operating condition.

105.2(6) *Food preparation and storage.*

a. Cracked dishes and utensils shall not be used in the preparation, serving, or storage of food.

b. Storage areas for perishable foods shall be kept at 45 degrees Fahrenheit or below.

c. Storage areas for frozen food shall be kept at zero degrees Fahrenheit or below.

d. Food that is to be served hot shall be maintained at 140 degrees Fahrenheit or above.

e. Food that is to be served cold shall be maintained at 45 degrees Fahrenheit or less.

f. The kitchen and food storage areas shall be kept clean and neat. Food shall not be stored on the floor.

g. The floor and walls shall be of smooth construction and in good repair.

105.2(7) *Personnel handling food.*

a. Shall be free of infection that might be transferred while preparing or handling food.

b. Shall be clean and neatly groomed.

c. Shall wear clean clothes.

d. Shall not use tobacco in any form while preparing or serving food.

105.2(8) *Dishwashing facilities.*

a. Manual dishwashing will be allowed in facilities that normally serve 15 or less people at one meal.

b. Automatic or commercial dishwashers shall be used in facilities normally serving more than 15 people at one meal, as long as the following conditions are met:

(1) When chemicals are added for sanitation purposes, they shall be automatically dispensed.

(2) Machines using hot water for sanitizing must maintain the wash water at least 150 degrees Fahrenheit and rinse water at a temperature of at least 180 degrees Fahrenheit or a single temperature machine at 165 degrees Fahrenheit for both wash and rinse.

(3) All machines shall be thoroughly cleaned and sanitized at least once each day or more often if necessary to maintain satisfactory operating condition.

c. Soiled and clean dish table areas shall be of adequate size to accommodate the dishes for one meal.

d. All hand-held food preparation and serving equipment shall be cleaned and sanitized following each meal. Dispensers, urns and similar equipment shall be cleaned and sanitized daily.

105.2(9) *Foods not prepared at site of serving.*

a. The place where food is prepared for off-site serving shall conform with all requirements for on-site food preparation.

b. Food shall be transported in covered containers or completely wrapped or packaged so as to be protected from contamination.

c. During transportation, and until served, hot foods shall be maintained at 140 degrees Fahrenheit or above and cold food maintained at 45 degrees Fahrenheit or below.

105.2(10) *Milk supply.* When fluid milk is used, it shall be pasteurized Grade "A."

105.2(11) *Public water supply.* The water supply is approved when the water is obtained from a public water supply system.

105.2(12) *Private water supplies.*

a. Maintenance and operation. Each privately operated water supply shall be maintained and operated in a manner that ensures safe drinking water. Each water supply used as part of a facility shall be annually inspected and evaluated for deficiencies that may allow contaminants access to the well interior. Items such as open or loose well caps, missing or defective well vents, poor drainage around the wells, and the nearby storage of potential contaminants shall be evaluated. All deficiencies shall be corrected by a well contractor certified by the state within 30 days of discovery.

b. Evaluation and water testing. As part of the inspection and evaluation, water samples shall be collected and submitted by the local health sanitarian or a well contractor certified by the state to the state hygienic laboratory or other laboratory certified for drinking water analysis by the department of natural resources. The minimum yearly water analysis shall include coliform bacteria and nitrate (NO_3^-) content. Total arsenic testing shall be performed once every three years. The water shall be deemed safe when there are no detectible coliform bacteria, when nitrate levels are less than 10 mg/L as nitrogen, and when total arsenic levels are 10 µg/L or less. A copy of the laboratory analysis report shall be provided to the department within 72 hours of receipt by the water supply.

c. Multiple wells supplying water. When the water supply obtains water from more than one well, each well connected to the water distribution system shall meet all of the requirements of these rules.

d. Deficiencies. When no apparent deficiencies exist with the well or its operations and the water supply is proven safe by meeting the minimum sampling and analysis requirements, water safety requirements have been met. Wells with deficiencies that result in unsafe water analysis require corrective actions through the use of a well contractor certified by the state.

e. When water is proven unsafe. When the water supply is proven unsafe by sampling and analysis, the facility shall immediately provide a known source of safe drinking water for all water users and hang notification at each point of water use disclosing the water is unsafe for drinking water uses. In addition, the facility shall provide a written statement to the department disclosing the unsafe result and detail a plan on how the water supply deficiencies will be corrected and the supply brought back into a safe and maintained condition. The statement shall be submitted to the department within ten days of the laboratory notice. All corrective work shall be performed and the water supply sampled and analyzed again within 45 days after any water test analysis report that indicates the water supply is unsafe for drinking water uses.

f. Water obtained from another source through hauling and storage must meet the requirements of the department of natural resources.

105.2(13) *Heating or storage of hot water.* Each tank used for the heating or storage of hot water shall be provided with a pressure and temperature relief valve.

105.2(14) *Sewage treatment.*

a. Facilities shall be connected to public sewer systems where available.

b. Private disposal systems shall be designed, constructed, and maintained so that no unsanitary or nuisance conditions exist, such as surface discharge of raw or partially treated sewage or failure of the sewer lines to convey sewage properly.

105.2(15) *Garbage storage and disposal.*

a. A sufficient number of garbage and rubbish containers shall be provided to properly store all material between collections.

b. Containers shall be fly-tight, leakproof, and rodent proof and shall be maintained in a sanitary condition.

105.2(16) *General.*

a. Facilities shall take sufficient measures to ensure the safety of the children in care.

b. Stairways, halls and aisles shall be of substantial nonslippery material, shall be maintained in a good state of repair, shall be adequately lighted and shall be kept free from obstructions at all times. All stairways shall have handrails.

c. Radiators, registers and steam and hot water pipes shall have protective covering or insulation. Electrical outlets and switches shall have wall plates.

d. Fuse boxes shall be inaccessible to children.

e. Facilities shall have written procedures for the handling and storage of hazardous materials.

f. Firearms are prohibited in shelter care and detention facilities.

g. All swimming pools shall conform to state and local health and safety regulations. Adult supervision shall be provided at all times when children are using the pool.

h. The facility shall have policies regarding fishing ponds, lakes or any bodies of water located on or near the institution grounds and accessible to the children.

105.2(17) *Emergency evacuation and safety procedures.* Upon admission, all children shall receive instruction regarding evacuation and safety procedures. All living units utilized by children shall have a posted plan for evacuation and safety procedures regarding severe weather events, fire or other natural or man-made disasters. Practice fire drills shall be held monthly, and severe weather drills shall be held twice annually.

105.2(18) *Fire inspection.* Each facility shall procure an annual fire inspection approved by the state fire marshal and shall meet the recommendations thereof.

105.2(19) *Local codes.* Each facility shall meet local building, zoning, sanitation and fire safety ordinances. Where no local standards exist, state standards shall be met.

[**ARC 4793C**, IAB 12/4/19, effective 1/8/20]

441—105.3(232) Personnel policies.

105.3(1) *Policies in writing.* The following personnel policies and practices of the agency relating to a specific facility shall be described in writing and accessible to staff upon request:

a. Affirmative action and equal employment opportunity policies and procedures covering the hiring, assignment and promotion of employees.

b. Job descriptions for all positions.

c. Provisions for vacations, holidays and sick leave.

d. Effective, time-limited grievance procedures allowing the aggrieved party to bring the grievance to at least one level above that party's supervisor.

e. Authorized procedures, consistent with due process for the suspension and dismissal of an employee for just cause.

f. Written procedures for annual employee evaluation shall be in place for each facility and available to all staff upon request.

105.3(2) *Health of employees.* Each staff person who has direct client contact or is involved in food preparation shall be tested for tuberculosis and have had a physical examination within six months prior to hiring, unless the staff can produce valid documentation of the physical and tuberculosis test from within the previous three years. Physical examinations shall be completed at least every three years thereafter, or whenever circumstances require them more frequently. Evidence of these examinations or tests shall be included in each personnel file. The examinations or tests shall be completed by one of the following:

a. A physician as defined in Iowa Code section 135.1(4);

b. An advanced registered nurse practitioner who is registered with and certified by the Iowa board of nursing to practice nursing in an advanced role; or

c. A physician assistant licensed under Iowa Code chapter 148C.

105.3(3) *Personnel records.* A record shall be maintained by the facility as applicable for each volunteer who has direct responsibility for a child or access to a child when the child is alone and for each employee. The record shall contain at least the following:

a. Name, address, and social security number of the volunteer or employee.

b. A job application containing sufficient information to justify the initial and current employment.

c. Verification of education and experience. Applicants for positions having educational requirements shall be permanently employed only after the facility has obtained a certified copy of the transcript, diploma, or verification from the school or supervising agency. Applicants for positions having experience requirements shall be permanently employed only after the facility has obtained verification from the agency supervising the experience.

d. Verification of license. Applicants for positions requiring licenses shall be permanently employed only after the facility has obtained written verification of their licenses. Evidence of renewal of licenses as required by the licensing agency shall be maintained in the personnel record.

e. References. At least two written references or documentation of oral references shall be contained in the volunteer's or employee's personnel record. In case of unfavorable references, there shall be documentation of further checking to ensure that the person will be a reliable volunteer or employee.

f. A written, signed and dated statement which discloses any substantiated instances of child abuse, neglect or sexual abuse committed by the volunteer or job applicant.

g. Documentation of the submission of Form 470-0643, Request for Child Abuse Information, to the central abuse registry, the registry response, the department's evaluation of any abuse record discovered, and a copy of Form 470-2310, Record Check Evaluation, if the volunteer or staff person has completed and submitted it.

h. A written, signed and dated statement furnished by the new volunteer or applicant for employment which discloses any convictions of crimes involving the mistreatment or exploitation of a child.

i. Documentation of a check with the Iowa department of public safety on all new volunteers and applicants for employment using Form 595-1396, DHS Criminal History Record Check, Form B; a copy of the department's evaluation of any criminal record discovered; and a copy of Form 470-2310, Record Check Evaluation, if the volunteer or applicant has completed and submitted it.

j. Documentation of any checks with the Iowa department of public safety for persons hired before July 1, 1983, for whom the agency has reason to suspect a criminal record.

k. Current information relative to work performance evaluation.

l. Records of preemployment health examination or a record of a health report as required in 105.3(2) as well as a written record of subsequent health services rendered to an employee as necessary to ensure that all facility employees are physically able to perform their duties.

m. Information on written current reprimands or commendations.

n. Position in the agency, and date of employment.

[**ARC 9488B**, IAB 5/4/11, effective 7/1/11; **ARC 9829B**, IAB 11/2/11, effective 1/1/12; **ARC 4793C**, IAB 12/4/19, effective 1/8/20]

441—105.4(232) Procedures manual. Rescinded **ARC 4793C**, IAB 12/4/19, effective 1/8/20.

441—105.5(232) Staff.

105.5(1) *Number of staff.*

a. Generally. A sufficient number of child care staff shall be on duty at all times so as to provide adequate coverage. The number of staff required will vary depending on the size and complexity of the program. All facilities shall have at least one staff person on duty. A minimum staff-to-child ratio of one child care worker to five children shall be maintained at all times children are awake and present in the facility and during supervised outings. All child care staff shall be at least 18 years of age.

b. On-call system. There shall be an on-call system to provide supervisory consultation. There shall be a written plan documenting this system.

c. Reserved.

d. Night hours. At night, there shall be a staff person awake in each living unit and making regular visual checks throughout the night. The visual checks shall be made at least every hour in shelter care and every half hour in detention. A log shall be kept of all checks, including the time of the check and any significant observations. The minimum staff-to-child ratio must be maintained at 1:16 during the overnight shift.

105.5(2) *Staff composition.* The composition of the program staff shall be determined by the facility, based on an assessment of the needs of the children being served, the facility's goals, the programs provided, and all applicable federal, state and local laws and regulations.

105.5(3) *Staff development.* Staff development shall be appropriate to the size and nature of the facility. There shall be a written plan for staff training that includes:

a. Orientation for all new employees, to acquaint them with the philosophy, organization, program practices, and goals of the facility.

b. Training of new employees in areas related to their job assignments.

c. Provisions in writing for all staff members to improve their competency through such means as:

(1) Attending staff meetings;

(2) Attending seminars, conferences, workshops, and institutes;

(3) Visiting other facilities;

(4) Access to consultants;

(5) Access to current literature, including books, monographs, and journals relevant to the facility's services.

d. There shall be an individual designated responsible for staff development and training, who will complete a written staff development plan which shall be updated annually.

105.5(4) *Organization and administration.* Whenever there is a change in the name of the facility, the address of the facility, the executive, or the capacity, the information shall be reported to the department. A table of organization including the identification of lines of responsibility and authority from policymaking to service to clients shall be available to the licensing staff. An executive director shall have full administrative responsibility for carrying out the policies, procedures and programs.

105.5(5) *Record checks.* Record checks are required for an entity being considered for a certificate of approval or a certificate of license or employment on a facility campus where children reside to determine whether any founded child abuse reports, convictions for crimes for the mistreatment or exploitation of children, or criminal convictions exist related to the person having been placed on a sex offender registry. The facility shall not employ or use any staff person if that person has been convicted of a crime involving the mistreatment or exploitation of a child. The facility shall not employ or use any staff person if that person has a record of a criminal conviction or founded child abuse report unless the department has evaluated the crime or abuse and determined that the crime or abuse does not merit prohibition of a certificate of approval or a certificate of license, volunteering or employment. For each person working in a shelter care home on a facility campus where children reside, fingerprints shall be provided to the department of public safety for submission through the state criminal history repository to the United States Department of Justice, Federal Bureau of Investigation, for a national criminal history check. Fingerprinting, for the purpose of a national criminal history check, is required for any entity being considered for a certificate of approval or a certificate of license or employment by an approved entity on a facility campus where children reside.

a. If a record of criminal conviction or founded child abuse exists, the person shall be offered the opportunity to complete and submit Form 470-2310, Record Check Evaluation.

b. In its evaluation, the department shall consider:

(1) The nature and seriousness of the crime or founded abuse in relation to the employment or volunteer position sought;

(2) The time elapsed since the commission of the crime or founded abuse;

(3) The circumstances under which the crime or founded abuse was committed;

(4) The degree of rehabilitation; and

(5) The number of crimes or founded abuses committed by the person involved.

105.5(6) *Record check procedure.* Each entity being considered for a certificate of approval or a certificate of license or employment by an approved entity on a facility campus where children reside shall be checked for all of the following:

a. Records with the Iowa central abuse registry;

b. Records with the Iowa division of criminal investigation;

c. Records with the Iowa sex offender registry;

d. Records with the child abuse registry of any state where the person has lived during the past five years; and

e. Fingerprints provided to the department of public safety for submission through the state criminal history repository to the United States Department of Justice, Federal Bureau of Investigation, for a national criminal history check.

105.5(7) *Evaluation of record.* If the entity for whom background checks are required has a record of founded child or dependent adult abuse, a criminal conviction, or placement on a sex offender registry, the department shall complete an evaluation to determine that the abuse, criminal conviction, or placement on a sex offender registry does not warrant prohibition of a certificate of approval or a certificate of license or employment by an approved entity on a facility campus where children reside.

105.5(8) *Evaluation form.* The entity with the founded child or dependent adult abuse or criminal conviction report shall complete and return record check evaluation forms required by the department within ten calendar days of the date of receipt to be used to assist in the evaluation.

105.5(9) *Evaluation decision.* The department shall conduct the evaluation and issue a notice of decision in writing to the requesting entity.

[**ARC 9829B**, IAB 11/2/11, effective 1/1/12; **ARC 4793C**, IAB 12/4/19, effective 1/8/20]

441—105.6(232) Intake procedures.

105.6(1) *Admissions.* Admission to shelter care or detention shall be in accordance with Iowa Code sections 232.20, 232.21 and 232.22. In no case shall a youth be admitted to detention or shelter care when the resulting admission would exceed the facility's approved client capacity. The facility and referring agency shall agree upon service responsibilities at the time of admission.

105.6(2) *Agency or court order placement.* Each agency or court placing a child in a facility shall make available to the facility the following:

a. A placement agreement should accompany the child.

When this is not possible, a copy of the placement agreement shall be provided the facility within 24 hours.

b. For court-ordered placements, a copy of the court order authorizing placement shall be provided to the facility within 48 hours.

c. When the child is in the facility more than four days, the following information shall be requested by the facility if not yet received.

(1) All available psychological and psychiatric tests and reports concerning the child.

(2) Any available family social history.

(3) Any available school information.

105.6(3) *Self-referrals.* Any child admitting self to a facility shall be provided appropriate services. The facility shall notify the child's parents, guardian or the juvenile court as soon as possible concerning the child's admission to the facility but in any event the notification shall take place within 48 hours after the child's admission. Self-referrals shall not be accepted for placement in detention.

105.6(4) *Person responsible.* Each agency shall designate who has the authority to do intake. This may include anyone trained in intake procedures and who is designated to do intake.

105.6(5) *Intake sheet.* An intake sheet shall be completed on each child containing at least the information specified in 105.17(2).

[**ARC 4793C**, IAB 12/4/19, effective 1/8/20]

441—105.7(232) Assessments.

105.7(1) *Personal.* At the time of intake and throughout a child's stay, individual needs will be identified by staff. The initial and ongoing determination of each child's needs will be based on written and verbal information from referral sources, observable behavior at intake, initial interview with the youth or family, school contacts, physical examination, and other relevant materials. The individual assessment shall provide the basis for development of a care plan for each youth.

105.7(2) *Educational.* An educational assessment shall be developed by the staff and referring worker for each child. When appropriate, other agencies such as the public schools and the area education agency shall be involved.

441—105.8(232) Program services.

105.8(1) *Service plan.* There shall be a written service plan developed for each resident remaining in the facility over four days and completed according to the time frames identified for the contracted service. The service plan will be based on individual needs determined through the assessment of each youth. The service plan shall be developed in consultation with child care services, probation services, social services and educational, medical, psychiatric and psychological personnel as appropriate. The plan shall include:

a. Identification of specific needs;

b. Description of planned service;

c. Which staff person(s) will be responsible for each element of the plan;

d. Where services are to occur;

e. Frequency of activities or services.

105.8(2) *Educational programs.* All children currently enrolled in a school shall continue in that school when possible, or in an appropriate alternative. Where educational assessments indicate an educational need for a child not currently enrolled in public schools, an alternative shall be developed in cooperation with public schools, area education agency, and the referring worker. When an educational program is established within the facility it shall meet the educational and teaching standards established by the state department of public instruction. A child should be compelled to participate in an educational program only in compliance with the compulsory education law, Iowa Code chapter 299.

105.8(3) *Daily program.* The daily program shall be planned to provide a consistent, well structured, yet flexible framework for daily living, and shall be periodically reviewed and revised as the needs of the individual child or the living group change.

Attention shall be given to the special nature of the facility population and its resulting stresses, for example, rapid turnover in population and minimal screening at intake.

105.8(4) *Optional services.* When a facility provides services in addition to those required by these rules, they shall be clearly defined in writing.

105.8(5) *Recreation program.* The facility shall provide adequately designed and maintained indoor and outdoor activity areas, equipment, and equipment storage facilities appropriate for the age group which it serves. There shall be a variety of activity areas and equipment so that all children can be active participants in different types of individual and group sports and other motor activity.

a. Games, toys, equipment, and arts and crafts materials shall be selected according to age, number of children, and with consideration of the needs of children to engage in both active and quiet play. All materials shall be of a quality to ensure safety and shall be of a type which allows imaginative play and creativeness.

b. Shelter care homes shall plan and carry out efforts to establish and maintain workable relationships with the community recreational resources. The facility staff shall enlist the support of these resources to provide opportunities for children to participate in community recreational activities.

105.8(6) *Health care.*

a. Health assessment at intake. Facility staff shall review each child's health status at intake. The purpose of this preliminary review is to identify medication needs and problems that need immediate medical attention. Within seven days of intake, all reasonable efforts shall be made to perform a more comprehensive health assessment on each child who has not had a comprehensive health assessment within the past year. If the assessment cannot be performed within seven days, it shall be arranged for the earliest possible time, and the reasons for the delay shall be documented. A registered nurse, an advanced registered nurse practitioner, a physician assistant, or a physician shall perform the comprehensive health assessment.

b. Existing health needs. Facilities shall provide or secure medical treatment for a child's illnesses and injuries that come to the facility's attention during the child's stay.

c. Monitoring side effects of medications. Facilities shall monitor each child's use of medications and shall inform the authorized prescriber if adverse reactions are noted.

d. Sharing medical information. Facilities shall share information about significant changes in medical status with the child's caseworker and parents or guardian. Discharge information shall include information about significant medical changes that occurred while the child was at the facility.

105.8(7) *Counseling program.* Counseling services shall be related to the immediate problem, daily living skills, peer relationships, educational opportunities, vocational opportunities, future planning and preparation for placement, family counseling, and any other factors identified in the individual care plan. Counseling shall be done by appropriate staff personnel.

105.8(8) *Dietary program.* The facility shall provide properly planned, nutritious and inviting food and take into consideration the dietary and health needs of children. The facility shall follow all dietary recommendations prescribed by medical personnel or a dietitian licensed in the state of Iowa.

105.8(9) *Liability.* Juvenile shelter care homes that apply the reasonable and prudent parent standard reasonably and in good faith in regard to a child in foster care shall have immunity from civil or criminal liability which might otherwise be incurred or imposed. This subrule shall not remove or limit any existing liability protection afforded under any other law.

105.8(10) *Safety, protection, and well-being of children in care.* Facilities shall develop and follow written policies that assure the safety, protection, and well-being of children in care. Policies shall address, but not be limited to, the following:

a. Supportive leadership of the facility that promotes protecting each child from abuse or bullying from other children and staff.

b. Defining the facility's culture to reduce the use of unnecessary restraint.

c. Clear definitions of unsafe behavior and the emergency situations when it is appropriate to use physical interventions.

d. Staff training and development that give staff confidence that they are supported by leadership with proper supervision and ongoing access to information about best practices and evidence-based approaches to care.

e. Adequate supervision of children while the children are using any hazardous or dangerous objects or equipment and when children are using the Internet or other social media.

f. The social, cultural, and developmental needs of children in care.

g. Defining protective locked environment and how it is utilized to provide safety and security for children.

105.8(11) *Staff duties.* The staff duties shall include, but not be limited to, the following:

a. Providing a supportive atmosphere for each child.

b. Providing for coordination of internal and external activities of each child as needed.

c. Providing leadership and guidance to each child as needed.

d. Being responsible for overseeing and maintaining the general health and well-being of each child.

e. Supervising all living activities.

f. At all times, knowing where the children are and where they are supposed to be to ensure ongoing safety.

g. Providing for a liaison with the referring agency.

h. Monitoring and recording behavior on a daily basis.

105.8(12) *Volunteers.* A facility that utilizes volunteers to work directly with a particular child or group of children shall have a written plan for using volunteers. This plan shall be given to all volunteers. The plan shall indicate that all volunteers shall:

a. Be directly supervised by a paid staff member.

b. Be oriented and trained in the philosophy of the facility and the needs of children in care and methods of meeting those needs.

c. Be subject to character, reference, and record check requirements as described in this chapter.

[**ARC 2743C**, IAB 10/12/16, effective 12/1/16; **ARC 4793C**, IAB 12/4/19, effective 1/8/20; **ARC 0109D**, IAB 3/4/26, effective 5/1/26]

441—105.9(232) Medication management and administration. The facility shall have and follow written policies and procedures governing the methods of handling prescription drugs and over-the-counter drugs within the facility. No prescription or narcotic drugs are allowed in the facility without the authorization of a licensed physician or other prescriber authorized by law. Only drugs which have been approved by the federal Food and Drug Administration for use in the United States may be used. No experimental drugs may be used.

105.9(1) *Obtaining prescription medications.* Facilities shall permit prescription medications to be brought into the facility for a child.

a. Prescription medication in its original container, clearly labeled and prescribed for the child, may be accepted as legitimate prescription medication for the child. The label serves as verification that the medication was ordered by an authorized prescriber. Medication shall be prescribed by a provider authorized to prescribe the medication. Medication provided to residents shall be dispensed only from a licensed pharmacy in the state of Iowa in accordance with the pharmacy laws in the Iowa Code, from a licensed pharmacy in another state according to the laws of that state, or by a licensed physician.

b. Facilities shall review size, shape, color, and dosages and contact the identified pharmacy or authorized prescriber to confirm legitimacy if contraband is suspected.

105.9(2) *Obtaining nonprescription medications.* Shelter and detention facilities shall maintain a supply of standard nonprescription medications for use for children residing at the facility. Examples of standard nonprescription medications include cough drops and cough syrups, aspirin substitutes and other pain control medication, poison antidote, and diarrhea control medication.

a. All nonprescription medications kept on the premises for the use of residents shall be preapproved annually by a licensed pharmacist or an authorized prescriber.

b. Facilities shall maintain a list of all preapproved nonprescription medications. The list shall indicate standard uses, standard dosages, contraindications, side effects, and common drug interaction warnings. The facility administrator or the administrator's designee shall be responsible for determining the scope of the list and brands and types of medications included.

c. Only nonprescription medications on the preapproved list shall be available for use. However, the facility administrator or the administrator's designee, in consultation with an authorized prescriber or licensed pharmacist, may approve use of a nonprescription medication that is not on the preapproved list for a specific child.

105.9(3) *Storing medications.* Prescription and nonprescription medications shall be stored in a locked cabinet, a locked refrigerator, or a locked box within an unlocked refrigerator.

a. Schedule II medications shall be stored in a locked box within a locked cabinet. Nothing other than Schedule II medications shall be stored in the locked box. Schedule II medications requiring refrigeration also shall be maintained within a double-locked container separate from food and other items.

b. The facility administrator shall determine distribution and maintenance of keys or other access to the medication storage cabinets and boxes.

c. A shelter facility administrator or the administrator's designee may preapprove shelter staff to carry prescription or nonprescription medications with them temporarily for use at sites away from the facility.

105.9(4) *Labeling medications.* Schedule II medications and prescription medications shall be maintained in their original containers, clearly labeled by an authorized prescriber and prescribed for the child. Sample prescription medications shall be accompanied by a written prescription. Nonprescription medications shall be maintained as purchased in their original containers.

105.9(5) *Administering Schedule II medications.* Only staff who have completed a medication management course shall be allowed to administer Schedule II medications.

105.9(6) *Administering prescription and nonprescription medications.* The facility administrator shall determine and provide written authority as to which staff may administer prescription and nonprescription medications.

a. Prescription medications shall be administered only in accordance with the orders of the authorized prescriber. Nonprescription medications shall be administered by following the directions on the label.

b. The facility administrator or the administrator's designee may allow a child to self-administer prescription medication with written authorization by the authorized prescriber. The facility shall have written policies relating to self-administration of prescription and nonprescription medication. The facility shall require documentation if the child self-administers a medication.

105.9(7) *Documenting errors in administering medications.* All errors in administering prescription and nonprescription medications shall be documented. Facilities shall review and take appropriate action to ensure that similar errors do not recur.

105.9(8) *Medication for discharged residents.* When a child is discharged or leaves the facility, the facility shall turn over to a responsible agent Schedule II medications and prescription medications currently being administered. The facility may send nonprescription medications with the child as needed. The facility shall document in the child's file:

a. The name, strength, dosage form, and quantity of each medication.

b. The signature of the facility staff person turning over the medications to the responsible agent.

c. The signature of the responsible agent receiving the medications.

105.9(9) *Destroying outdated and unused medications.* Unused Schedule II medications and prescription medications may not be kept at the facility for more than 15 days after the child has left the facility and the Schedule II medications and prescription medications shall be destroyed by the administrator or the administrator's designee in the presence of at least one witness. Outdated, discontinued, or unusable nonprescription medications shall also be destroyed in a similar manner. The person destroying the medication shall document:

a. The child's name.

b. The name, strength, dosage form, and quantity of each medication.

c. The date the medication was destroyed.

d. The names and signatures of the witness and staff person who destroyed the medication.

[**ARC 4793C**, IAB 12/4/19, effective 1/8/20]

441—105.10(232) Control room—juvenile detention home only.

105.10(1) *Written policies.* When a juvenile detention facility uses a control room as part of its service, the facility shall have written policies regarding its use and the facility director shall complete Form 470-0700, Evaluation and Recommendation to Operate a Control Room. The policy shall:

a. Specify the behaviors resulting in control room placement.

b. Delineate the staff members who may authorize its use as well as procedures for notification of supervisory personnel.

c. Document in writing behaviors leading to control room placement and the nature of the agreement reached with the child that will allow the child to return to the living unit.

105.10(2) *Physical requirements.* The control room shall be designed to ensure a physically safe environment that:

a. Has all switches controlling lights and ventilation outside of the room.

b. Allows for total observation of the child at all times.

c. Has protected recessed ceiling light.

d. Has no electrical outlets in the room.

e. Is properly heated, cooled and ventilated.

f. Has all doors, ceilings and walls constructed of strength and materials as to prevent damage to the extent that no harm could come to the child.

g. When a window is present, it is secured and protected in such a manner as to prevent harm to the child.

h. Is a minimum of 6 feet by 9 feet in size with at least a 7½ foot ceiling.

105.10(3) *Use.* A control room shall be used only when a less restrictive alternative to quiet or allow the child to gain control has failed. Utilization of the control room shall be in accordance with the following policies:

a. No more than one child shall be in the control room at any time.

b. There shall be provision for visual observation of the child at all times, regardless of the child's position in the room.

c. The control room should be checked thoroughly for safety and the absence of contraband prior to placing a child in the room.

d. The child shall be thoroughly checked before placement in the control room and all potentially injurious objects removed from such child including shoes, belts, pocket items, and similar items. The staff member placing the child in the control room shall document such check.

e. In no case shall all clothing or underwear be removed and the child shall be provided sufficient clothing to meet seasonal needs.

f. A staff member shall always be positioned outside of the control room. Visual and auditory observations of the child's behavior and condition shall be recorded at five-minute intervals, and a complete written report shall be documented in the child's file by the end of the staff person's work shift.

g. The child shall not remain in the control room longer than 1 hour except in consultation with and approval from the supervisor. Documentation in the child's case record shall include the time in the control room, the reasons for the control, and the reasons for the extension of time. Use of the control room for a total of more than 12 hours in any 24-hour period shall occur only in consultation with the referring agency or court. In no case shall a child be in a control room for a period longer than 24 hours.

h. The child's parents, referring worker, and the child's attorney shall be notified when the control room is used for more than a total of 30 minutes in any 24-hour period.

[**ARC 4793C**, IAB 12/4/19, effective 1/8/20]

441—105.11(232) Clothing. All children shall have clothing that is suited to existing climate and seasonal conditions and is clean, dry and in good repair.

441—105.12(232) Staffings. The staff shall be available to participate in staffings or upon request to provide a written summary of the child's progress and behavior while in the facility program. Written recommendations regarding future planning and placement shall be provided to the referring agency or court upon request. Staff shall be available to discuss recommendations with the child's parent or guardian.

441—105.13(232) Child abuse. Written policies shall prohibit mistreatment, neglect or abuse of children and specify reporting and enforcement procedures for the facility. Alleged violations shall be reported immediately to the director of the facility and appropriate department of human services personnel. Any employee for whom there is a substantiated instance of child abuse or failure to report child abuse shall be subject to the agency's policies concerning dismissal.

441—105.14(232) Daily log. The facility shall maintain a daily log to generally record noteworthy occurrences regarding the children in care. Problem areas or unusual behavior for specific children shall be recorded in individual children's records.

[**ARC 4793C**, IAB 12/4/19, effective 1/8/20]

441—105.15(232) Children's rights.

105.15(1) *Policies in writing.* All policies and procedures covered in this rule shall be in writing and provided to the child upon admission and made available to the child's parent or guardian upon request. If the child remains in care over four days, the policies and procedures shall be provided to the parent or guardian. The rationale and circumstances of any deviation from these policies shall be discussed with the child's parents or guardian and the referring worker, documented, and placed in the child's case record.

105.15(2) *Confidentiality.* Information regarding children and their families shall be kept confidential and released only with proper written authorization.

105.15(3) *Communication.*

a. Unless specifically regulated by the court, visitation shall be allowed with members of the child's immediate family.

b. Family visits shall be monitored only to the extent necessary to ensure the child's safety and facility security. Rationale for monitoring shall be documented in the child's record.

c. The child shall be permitted to communicate privately with legal counsel and the referring worker.

d. The child shall be allowed to conduct telephone conversations with family members. Telephone calls shall be monitored only to the extent necessary to ensure the child's well-being and facility security.

Rationale for monitoring a child's conversation shall be documented in the child's record. Incoming calls may be screened by staff to verify the identity of the caller before approval is given.

e. The staff shall not open or read residents' mail. The child shall be allowed to send and receive mail. The facility may require the child to open incoming mail in the presence of a staff member when the mail is suspected to contain contraband articles, or to contain money that should be receipted and deposited.

f. When limitations on visitation or other communications are indicated, they shall be determined with the participation or knowledge of the child, family or guardian, and the referring worker. All restrictions shall have specific bases which shall be made explicit to the child and family and documented in the child's case record.

105.15(4) *Privacy.* Reasonable provisions shall be made for the privacy of residents.

441—105.16(232) Discipline.

105.16(1) *Generally.* A facility shall have written policies regarding methods used for control and discipline of children which shall be available to all staff and to the child's family. Discipline shall not include withholding of basic necessities such as food, clothing, or sleep. Discipline shall not be used for anyone other than a child whose actions resulted in consequences. Group discipline shall not be used because of actions of an individual child or other children. Agency staff shall be in control of and responsible for discipline at all times.

105.16(2) *Corporal punishment prohibited.* The facility shall have a policy that clearly prohibits staff or the children from utilizing corporal punishment as a method of disciplining or correcting children. This policy shall be communicated in writing to all staff of the facility.

105.16(3) *Physical restraint.* The use of physical restraint shall be employed only to prevent the child from injury to self, to others, or to property. Physical restraint must be conducted with the child in a standing position whenever possible.

a. No staff person shall use any restraint that obstructs the airway of a child.

b. Prone restraint is prohibited. Staff persons who find themselves involved in the use of a prone restraint when responding to an emergency must take immediate steps to end the prone restraint.

c. If a staff person physically restrains a child who uses sign language or an augmentative mode of communication as the child's primary mode of communication, the child shall be permitted to have the child's hands free of restraint for brief periods unless the staff person determines that such freedom appears likely to result in harm to the child, others, or property.

d. The rationale and authorization for the use of physical restraint and staff action and procedures carried out to protect the child's rights and to ensure safety shall be clearly set forth in the child's record by the responsible staff persons.

e. A child known to be pregnant may not be restrained during labor, delivery, and postpartum recovery, unless credible, reasonable grounds exist to believe the detainee presents an immediate and serious threat of hurting herself, staff, or others.

f. A facility may not use abdominal restraints, leg and ankle restraints, wrist restraints behind the back, and four-point restraints on a known pregnant child, unless credible, reasonable grounds exist to believe the detainee presents an immediate and serious threat of hurting herself, staff, or others or reasonable grounds exist to believe the detainee presents an immediate and credible risk of escape that cannot be reasonably minimized through any other method.

105.16(4) *Room confinement—juvenile detention home only.* A juvenile detention home may confine a child to the child's room during normal sleeping hours or for disciplinary reasons if the facility has written policies and procedures that include, but are not limited to, the reasons for and time limitations of the confinement.

105.16(5) *Time out—juvenile shelter care home only.*

a. A resident in time out must never be physically prevented from leaving the time out area.

b. Time out may take place away from the area of activity or from other residents, such as in the resident's room, or in the area of activity of other residents.

c. Staff must monitor the resident while the resident is in time out.

105.16(6) *Written policies.* The facility shall provide to the child written policies specifying inappropriate behaviors, reasonable consequences for misconduct, and due process procedures available to the child. Upon request, the above information shall be provided to the child's parent or guardian and referring worker.

[**ARC 9488B**, IAB 5/4/11, effective 7/1/11; **ARC 4793C**, IAB 12/4/19, effective 1/8/20]

441—105.17(232) Case files.

105.17(1) *Generally.* For the purpose of promoting a uniformity of program for all facilities and as an aid to the department of human services in determining its approval of a facility all facilities shall establish and maintain for inspection case files on each child.

105.17(2) *Face sheet.* For all children, a face sheet containing the following information shall be completed.

a. Full name, current address, and date of birth.

b. Parent's(s') full name(s).

c. Parent's(s') address and telephone number.

d. Religious preference of the child and also parent, if available.

e. Statement of who has legal custody and guardianship.

f. Name of referring worker and agency making the referral.

g. Telephone number and address of referring agency or court.

h. Name, address, and telephone number of the child's attorney.

105.17(3) *Written summary.* When a written summary has been requested under 441—105.12(232), a copy shall be placed in the child's record.

105.17(4) *Documentation.* The following information shall be documented in each child's record:

a. Appropriate notes on all significant contacts by staff with parents, referral person and other collateral contacts.

b. A summary related to discharge from the facility including:

(1) The name, address, and relationship of the person or agency to whom the child was discharged.

(2) The discharge summary (as included in the service plan).

(3) Final disposition of a child's medications as applicable.

(4) Identification of who transported the child and destination postdischarge.

105.17(5) *Other information.* The following information shall be requested when the child remains in the facility more than four days and, when available, shall be placed in the child's record.

a. Current family history or social history.

b. Case plans submitted by the referring agency or orders of the court.

c. Psychological and psychiatric records; copies of all available testing performed plus notes and records of contact with the child.

d. Medical.

(1) A record of all illnesses, immunizations, communicable diseases and follow-up treatment.

(2) Medical and surgical releases or authorizations signed by the parent, guardian, custodian or court, including releases or authorizations for anesthesia and emergency medical and surgical treatment.

(3) A record of all medical and dental examinations, including findings.

(4) Date of last physical examination prior to placement.

e. School.

(1) Name and address of school attended.

(2) Grade placement.

(3) Current school in which child is enrolled.

(4) Specific educational problems.

(5) Remedial action.

f. Placement agreement, court order, and other releases and authorizations.

(1) An agreement authorizing the facility to accept the child.

(2) An agreement setting forth the terms of payment for care.

(3) Other releases and authorizations applicable to the placement.

(4) All court orders affecting the custody or guardianship of the child.

[**ARC 2743C**, IAB 10/12/16, effective 12/1/16; **ARC 4793C**, IAB 12/4/19, effective 1/8/20]

441—105.18(232) Discharge. Children in shelter care should be discharged to, preferably, a permanent placement, or, alternatively, a lower level of care in a familylike setting, at the earliest possible time, preferably within 14 days. The facility shall collaborate with referral workers to assess each child's need for ongoing placement, and the reasons for longer stays shall be documented in the child's case file. Children in detention shall be discharged as determined by the court.

[**ARC 4793C**, IAB 12/4/19, effective 1/8/20]

441—105.19(232) Approval. The department will issue a Certificate of Approval or a certificate of license annually without cost to any juvenile detention home or juvenile shelter care home which meets the standards. The department may offer consultation to assist homes in meeting the standards.

105.19(1) *Applications.* An application shall be submitted on Form 470-0723, Application for License or Certificate of Approval. The application shall be signed by the operator of the home, chairman of the county board of supervisors, or chairman of the multicounty board of directors and shall indicate the type of home for which the application is made.

a. The withdrawal of an application shall be reported promptly to the department.

b. Each application will be evaluated by the department to ensure that all standards are met.

c. Reports and information shall be furnished to the department as requested.

105.19(2) *Rejection.*

a. Applications will be rejected when the minimum standards set forth in the rules in this chapter are not met.

b. Fraudulent applications will be rejected. A fraudulent application is one which contains false statements knowingly made by the applicant or one in which the applicant knowingly conceals information.

c. Applications will be rejected when the director of the facility has been convicted of a crime indicating an inability to operate a children's facility or care for children.

d. Applications will be rejected for just cause.

105.19(3) *Approval.* Approvals will be given for one year.

105.19(4) *Notification.* Homes should be notified of approval or rejection within 120 days of application unless the applicant requests and is granted an extension by the department. Form 470-0728, Notice of Action, will be used to inform applicants of approval, and a restricted certified letter will be used to inform applicants of rejection.

105.19(5) *Renewals.*

a. Applications for renewal shall be made on forms provided by the department and shall be made at least 30 days, but no more than 90 days, prior to expiration of the approval.

b. Each application for renewal will be evaluated by the department to ensure that standards continue to be met.

c. The application for renewal will be rejected or approved in the same manner as an application.

d. Decisions on renewals should be made within 60 days from the application for renewal. Notification of renewal decisions shall be the same as for new applications.

105.19(6) *Revocations.*

a. Approval shall be revoked by the state director for the following reasons:

(1) When the facility violates laws governing the provision of services or rules contained in this chapter.

(2) When the facility is misusing funds furnished by the department.

(3) When the facility is operating without due regard to the health, sanitation, hygiene, comfort, or well-being of the children in the facility.

(4) When the director has been convicted of a crime indicating an inability to operate a children's facility or care for children.

b. The following may be causes for revocation:

(1) Substantiated child abuse.

(2) When the facility staff has been convicted of a crime indicating an inability to operate a children's facility or care for children.

105.19(7) *Certificate of approval or certificate of license.* Upon approval, county or multicounty homes will be issued a certificate of approval and private juvenile detention and shelter care homes will be issued a certificate of license containing the name of the home, address, capacity, and the date of expiration. Renewals will be shown by a seal bearing the new date of expiration, unless a change requires a new certificate to be issued.

[**ARC 4793C**, IAB 12/4/19, effective 1/8/20]

441—105.20(232) Provisional approval.

105.20(1) *Required conditions.* The administrator may issue a provisional license for not more than one year when a facility does not meet the requirements of this chapter and the facility submits a written corrective action plan that is approved by the administrator to bring the facility into compliance with the applicable requirements.

105.20(2) *Written report.* The department or the department's designee will provide a report identifying the reasons for the provisional license and the standards that have not been met.

105.20(3) *Corrective action.* The director of the facility, chairperson of the county board of supervisors, or chairperson of the multicounty board of directors shall provide the department with a written plan of action that is approved by the department for correcting the deficiencies to bring the facility into compliance with the applicable requirements. The plan shall give specific dates by which the corrective action will be completed.

105.20(4) *Completed corrective action.* When the corrective action is completed on or before the date specified, a full approval shall be issued.

105.20(5) *Uncompleted corrective action.* When the corrective action is not completed by the date specified on a provisional approval, the department shall not grant a full approval and has the option of rejecting or extending the provisional approval. An extension of a provisional approval shall not cause the effective period of a provisional approval to exceed 18 months. If the corrective action plan is not completed within 18 months, the approval shall be rejected.

[**ARC 4793C**, IAB 12/4/19, effective 1/8/20]

441—105.21(232) Mechanical restraint—juvenile detention only. When a juvenile detention facility uses mechanical restraints as part of its program, the facility shall have written policies regarding their use. These policies shall be approved by the department before use of mechanical restraints. The policies shall be available to clients, parents or guardians, and referral sources at the time of admission. Policies shall also be available to staff. The executive director of the detention home shall sign the commitment contained in Form 470-0703, Evaluation and Recommendation for Approval to Use Mechanical Restraint, before the facility shall be approved to use a mechanical restraint.

105.21(1) *Restrictions on mechanical restraints.*

a. Mechanical restraints shall not inflict physical injury.

b. Each use of mechanical restraint shall be authorized by the executive director of the facility, as discussed in 105.5(4), or other staff designated by the executive director if those staff meet one of the following requirements:

(1) Have a bachelor's degree in social work, psychology or a related behavioral science and one year of supervised experience in a juvenile shelter care, detention or foster group care facility.

(2) Have five years of supervised experience in a juvenile shelter care, detention or foster group care facility.

(3) Have some combination of advanced education in related behavioral sciences and supervised experience in a juvenile shelter care, detention or foster group care facility equal to five years. The facility shall have a written listing of all staff designated and qualified to authorize the use of mechanical restraint.

c. When immediate restraint is necessary to protect the safety of the child, other residents of the facility, staff or others, mechanical restraint may be utilized without prior authorization but in each case a person designated to provide authorization shall be contacted as soon as the child is restrained. The designated person shall visit the resident before determining if continued use of the mechanical restraint is necessary. If not viewed as necessary, the child shall be immediately released from restraint.

d. Except for mechanical restraint of a child by the staff of a juvenile detention facility for the amount of time needed while that child is being transported to a point outside the facility and as necessary when there is a serious risk of the child exiting a vehicle while the vehicle is in motion or otherwise absconding, each authorization of mechanical restraint shall not exceed 1 hour in duration without a visit by and written authorization from a licensed psychologist, psychiatrist or physician .

e. No child shall be kept in mechanical restraint for more than 1 hour in a 12-hour period without a visit by and written authorization from a licensed psychologist, psychiatrist or physician.

f. Anytime that a child is placed in mechanical restraint, a staff person shall be assigned to monitor the child with no duties other than to ensure that the child's physical needs are properly met. The staff person shall remain in continuous auditory and visual contact with the child.

g. Each child shall be released from mechanical restraint as soon as the restraints are no longer needed.

105.21(2) *Documentation.*

a. Each use of mechanical restraints shall be documented in the client's record and shall include at least the following:

(1) The date and time the child was placed in mechanical restraint.
(2) The type of mechanical restraint utilized.
(3) The reason for the restraint.
(4) The signature of the person authorizing the restraint and the time of authorization.
(5) The signature of the person placing the child in restraint.
(6) The signature of the person providing the continuous auditory and visual contact with the child.
(7) The signature of the person releasing the child and the time of release.

b. Each use of mechanical restraint shall be documented in a separate file which is used only for the recording of uses of mechanical restraints and shall contain the name of the child restrained and the information discussed in 105.21(2)*"a."*

c. Each facility authorized to use mechanical restraint shall submit a quarterly report, which shall include all the information required in paragraph 105.21(2)*"b,"* to its licensing manager.

105.21(3) *Continued use of mechanical restraints.* When a child requires mechanical restraint on more than four occasions during any 30-day period, the facility shall hold an immediate emergency meeting within 3 days of the fifth incident and shall have a licensed psychologist or psychiatrist or psychologist employed by a local mental health center present at the staffing to discuss the appropriateness of the child's continued placement at the facility.

105.21(4) *In transporting children.* Seat belts are not considered mechanical restraints. Agency policies should encourage the use of seat belts and comply with Iowa law while transporting children.

[**ARC 4793C**, IAB 12/4/19, effective 1/8/20]

441—105.22(232) Chemical restraint. Chemical restraint shall not be utilized in juvenile shelter care or detention facilities. Each juvenile shelter care or detention facility shall have written policies which clearly prohibit the use of chemical restraints.

441—105.23(232) Mandatory reporting of child abuse and training.

105.23(1) *Mandatory reporters.* All defined in Iowa Code section 232.69 who, in the scope of professional practice or in their employment responsibilities, examine, attend, counsel, or treat a child and reasonably believe a child has suffered abuse shall make a report in accordance with Iowa Code section 232.69 whenever the provider reasonably believes a child for whom the provider is providing foster care has suffered abuse.

105.23(2) *Required training.* Mandatory reporters shall receive training relating to the identification and reporting of child abuse as required by Iowa Code section 232.69.

105.23(3) *Training documentation.* Each licensee shall develop and maintain a written record for each mandatory reporter in order to document the content and amount of training.

This rule is intended to implement Iowa Code section 232.69.

[**ARC 4793C**, IAB 12/4/19, effective 1/8/20]

These rules are intended to implement Iowa Code section 232.142 as amended by 2011 Iowa Acts, Senate File 482, section 7.

CHAPTER 106
CERTIFICATION STANDARDS FOR CHILDREN'S RESIDENTIAL FACILITIES

Chapter rescission date pursuant to Iowa Code section 17A.7: 1/1/28

PREAMBLE

It is the policy of this state to provide appropriate protection for children who are separated from the direct personal care of their parents, relatives, or guardians. Therefore, the intent of this chapter is to establish certification standards for facilities that meet the definition of "children's residential facility" pursuant to Iowa Code chapter 237C. Iowa Code chapter 237C requires the department to establish standards that shall, at a minimum, address the basic health and educational needs of children; protection of children from mistreatment, abuse, and neglect; background and records checks of persons providing care to children in facilities certified under this chapter; the use of seclusion, restraint, or other restrictive interventions; health; safety; emergency; and the physical premises on which care is provided by a children's residential facility.

Iowa Code chapter 237C specifies that the standards established by the department shall not regulate religious education curricula at children's residential facilities.

These rules cover definitions, application of the standards, the certification process, and provisions to address basic needs; educational programs and services; protection of children from mistreatment, abuse, and neglect; discipline; background and records checks of persons providing care to children in facilities certified under this chapter; the use of seclusion, restraint, or other restrictive interventions; health; safety; emergencies; the physical premises where care is provided by a children's residential facility; sanitation, water, and waste disposal; staffing; and reports and inspections.

[**ARC 3007C**, IAB 3/29/17, effective 5/3/17]

441—106.1(237C) Definitions.

"Administrator" means the administrator of that division of the department designated by the director of human services to administer this chapter or the administrator's designee.

"Agency," unless otherwise provided by law, means an individual, corporation, limited liability company, business trust, estate, trust, partnership or association, or any other legal entity which provides care as a children's residential facility.

"Chemical restraint" means the use of chemical agents, including psychotropic drugs, as a form of restraint.

"Child" or *"children"* means an individual or individuals less than 18 years of age.

"Children's residential facility" means a private facility designed to serve children who have been voluntarily placed for reasons other than an exclusively recreational activity outside of their home by a parent or legal guardian and who are not under the custody or authority of the department of human services, juvenile court, or another governmental agency, that provides 24-hour care, including food, lodging, supervision, education, or other care on a full-time basis by a person other than a relative or guardian of the child, but does not include an entity providing any of the following:

1. Care furnished by an individual who receives the child of a personal friend as an occasional and personal guest in the individual's home, free of charge and not as a business.
2. Care furnished by an individual with whom a child has been placed for lawful adoption, unless that adoption is not completed within two years after placement.
3. Child care furnished by a child care facility as defined in Iowa Code section 237A.1.
4. Care furnished in a hospital licensed under Iowa Code chapter 135B or care furnished in a health care facility as defined in Iowa Code section 135C.1.
5. Care furnished by a juvenile detention home or juvenile shelter care home approved under Iowa Code section 232.142.
6. Care furnished by a child foster care facility licensed under Iowa Code chapter 237.
7. Care furnished by an institution listed in Iowa Code section 218.1.
8. Care furnished by a facility licensed under Iowa Code chapter 125.

9. Care furnished by a psychiatric medical institution for children licensed under Iowa Code chapter 135H.

"Control room" means a locked room used for treatment purposes.

"Department" means the Iowa department of human services.

"Mechanical restraint" means restriction of a child's mobility or ability to use the child's hands, arms, or legs by the use of a mechanical device.

"Physical restraint" means direct physical contact required on the part of a staff member to prevent a child from hurting self, others, or property.

"Prone restraint" means a physical restraint in which a child is held face down on the floor.

"Protective locked environment" means the same as defined in Iowa Code section 237.1(17).

"Staff" means any person providing care or services to or on behalf of the facility whether the person is an employee of the facility, an independent contractor or any other person who contracts with the facility, an employee of an independent contractor or any other person who contracts with the facility, or a volunteer.

[**ARC 3007C**, IAB 3/29/17, effective 5/3/17; **ARC 0109D**, IAB 3/4/26, effective 5/1/26]

441—106.2(237C) Application of the standards. These rules shall apply to all facilities that meet the definition of "children's residential facility" pursuant to Iowa Code chapter 237C. In the event that a children's residential facility is also subject to licensure, certification, registration, or regulation pursuant to another provision of law, those legal requirements shall take precedence over these rules.

[**ARC 3007C**, IAB 3/29/17, effective 5/3/17]

441—106.3(237C) Application for a certificate of approval. A person shall not operate a children's residential facility without a certificate of approval to operate issued by the administrator.

106.3(1) *Right to apply.*

a. Any adult individual or agency may apply for a certificate of approval.

b. Parties wishing to apply for certification as a children's residential facility shall contact the department using the department's website or by contacting the Iowa Department of Human Services, Division of Adult, Children and Family Services, Attn: children's residential facility certification, 1305 East Walnut Street, Des Moines, Iowa 50319-0114.

106.3(2) *Application.* An applicant shall complete Form 470-0723, Application for License or Certificate of Approval.

106.3(3) *Withdrawal of an application.* The applicant shall report the withdrawal of an application promptly to the department.

106.3(4) *Evaluation of the application.* Each application will be evaluated by the department to ensure that all standards are met.

a. Before it results in adverse action, a founded abuse report on a director, a sole proprietor involved in the facility's operation, or any facility staff shall be evaluated by the department to determine if the abuse merits prohibition of employment, volunteer work, or certification.

b. The department shall evaluate all founded child abuse on a case-by-case basis. Considerations shall include, but not be limited to:

(1) The applicant's or certified entity's response (e.g., immediate termination of involved staff).

(2) Whether the abuse was an isolated incident or is symptomatic of a broader, systemic problem.

106.3(5) *Reports and information.* The applicant shall furnish requested reports and information relevant to the certification determination to the department.

106.3(6) *Applications for renewal of certificate of approval.*

a. The department or its agent shall send the certificate of approval holder an application for renewal 90 days before the certificate expires. Applications for certificate renewal shall be made on the form specified in subrule 106.3(2).

b. Applications for certificate renewal shall be made at least 30 days but no more than 90 days before the certificate of approval expires. Applications for renewal of a children's residential facility certificate of approval shall be submitted to the address listed in paragraph 106.3(1)*"b."*

106.3(7) *Notification.* The department shall notify a children's residential facility of approval or denial of a certificate within 90 days of the department's receipt of complete application or reapplication information.

106.3(8) *Fire inspection.*

a. Before the administrator issues or reissues a certificate of approval to a children's residential facility, the facility shall comply with standards adopted by the state fire marshal under Iowa Code chapter 100.

b. Each children's residential facility shall procure an annual fire inspection approved by the state fire marshal and shall meet the recommendations thereof.

c. In the case of a conflict between rules and standards adopted pursuant to this chapter and local rules and standards, the more stringent requirement applies.

This rule is intended to implement Iowa Code sections 237C.4 and 237C.6.

[**ARC 3007C**, IAB 3/29/17, effective 5/3/17]

441—106.4(237C) Certificate of approval.

106.4(1) A new certificate of approval shall be obtained when the certified location moves or the facility is remodeled.

106.4(2) The certificate of approval shall state on its face the name of the holder of the certificate, the particular premises for which the certificate is issued, and the number of children who may be cared for by the children's residential facility on the premises at one time under the certificate of occupancy issued by the state fire marshal or the state fire marshal's designee. The certificate of approval shall be posted in a conspicuous place in the children's residential facility.

106.4(3) A children's residential facility shall operate only in a building or on premises designated in the certificate of approval.

106.4(4) A new certificate of approval shall be requested when the children's residential facility wishes to be certified for a different number of children.

106.4(5) The department shall issue Form 470-0620, Certificate of Approval, without cost to any children's residential facility that meets the standards. The department may offer consultation to assist applicants in meeting the standards.

106.4(6) Children's residential facilities shall be certified for a term of one year.

This rule is intended to implement Iowa Code sections 237C.6 and 237C.7.

[**ARC 3007C**, IAB 3/29/17, effective 5/3/17]

441—106.5(237C) Denial, suspension, or revocation.

106.5(1) The administrator may deny an application for issuance or reissuance of a certificate of approval if:

a. The applicant or certificate holder, as applicable, fails to comply with these rules or knowingly makes a false statement concerning a material fact or conceals a material fact on the application for the issuance or reissuance of a certificate of approval or in a report regarding operation of the children's residential facility submitted to the administrator.

b. The applicant or any person residing in the children's residential facility or any facility staff has a record of founded child abuse unless an evaluation of the founded abuse has been made by the department which concludes that the abuse does not merit prohibition of employment, volunteer work, or certification.

106.5(2) The administrator may suspend a certificate of approval if:

a. The applicant or certificate holder, as applicable, fails to comply with these rules or knowingly makes a false statement concerning a material fact or conceals a material fact on the application for the issuance or reissuance of a certificate of approval or in a report regarding operation of the children's residential facility submitted to the administrator.

b. A children's residential facility's failure to meet the certification requirements poses a danger to the health, safety, or well-being of the children being served.

c. A children's residential facility fails to comply with Iowa Code section 282.34.

106.5(3) All operations of a children's residential facility shall cease during a period of suspension or revocation of a certificate of approval, including during an appeal. A suspension of a certificate of

approval shall not extend beyond six months, and the existence of the condition requiring suspension shall be corrected within six months and documented in the record of the holder of the certificate of approval.

106.5(4) Effective period of suspension. A suspension shall be effective on the date the notice is received by the holder of the certificate of approval and shall remain in effect until one of the following occurs:

a. The department withdraws the suspension due to a change in conditions in the children's residential facility.

b. The court orders the certificate of approval reinstated.

c. The action is reversed by a final decision in accordance with 441—Chapter 7.

d. The certification period expires.

106.5(5) Method and content of notice. The notice of suspension shall be sent by restricted certified mail or personal service and shall include the following:

a. The condition requiring the suspension.

b. The specific law or rule violated.

106.5(6) The administrator may revoke a certificate of approval if:

a. The applicant or certificate holder, as applicable, fails to comply with these rules or knowingly makes a false statement concerning a material fact or conceals a material fact on the application for the issuance or reissuance of a certificate of approval or in a report regarding operation of the children's residential facility submitted to the administrator.

b. The conditions requiring suspension are not corrected within six months.

c. A children's residential facility fails to comply with Iowa Code section 282.34.

106.5(7) Right to appeal suspension or revocation. The holder of the certificate of approval has the right to appeal a suspension or revocation of the certificate of approval, but initiation of an appeal does not alter the suspension or revocation. Notices of adverse actions and the right to appeal shall be given to applicants and certificate of approval holders in accordance with 441—Chapter 7 and rule 441—16.3(17A).

106.5(8) Corrective action. The facility shall furnish the department with a plan of action to correct deficiencies that resulted in the suspension or revocation of a certificate of approval. The plan shall give specific dates upon which the corrective action will be completed.

This rule is intended to implement Iowa Code section 237C.6.

[**ARC 3007C**, IAB 3/29/17, effective 5/3/17; **ARC 4973C**, IAB 3/11/20, effective 4/15/20]

441—106.6(237C) Providing for basic needs.

106.6(1) A children's residential facility shall provide the following for children in its care:

a. Adequate shelter.

b. Nourishing food and water.

c. Opportunities for adequate sleep, exercise, cleanliness, and health maintenance.

106.6(2) A children's residential facility shares responsibility for meeting these basic needs with the children's parents, guardians, or other primary caretakers.

106.6(3) A children's residential facility shall have written policies related to:

a. Children's communication with their parents or guardians.

b. Children's ability to receive visitors who have been approved by their parents or guardians.

c. Confidentiality and reasonable privacy for children. The children's residential facility shall afford children and their families privacy and confidentiality unless doing so would jeopardize a child's health or safety.

d. Children's ability to keep personal belongings such as clothing, pictures, and other items.

e. Children's ability to participate in normal community activities.

106.6(4) A children's residential facility shall not impose rules and restrictions that prevent communication with parents, guardians, other family members, or others.

106.6(5) A children's residential facility shall share its written policies related to communication, visitors, personal belongings, and participation in community activities with a child's parents or guardians before a child is admitted to the children's residential facility.

[**ARC 3007C**, IAB 3/29/17, effective 5/3/17]

441—106.7(237C) Educational programs and services. A children's residential facility operating under a certificate of approval issued under Iowa Code chapter 237C shall comply with rules adopted by the state board of education pursuant to Iowa Code section 282.34.

[**ARC 3007C**, IAB 3/29/17, effective 5/3/17]

441—106.8(237C) Protection from mistreatment, physical abuse, sexual abuse, and neglect.

106.8(1) The state of Iowa prohibits child abuse as defined in Iowa Code chapter 232, criminal assault, and other criminal acts of violence. A children's residential facility shall not use discipline that amounts to child abuse or a criminal act of assault or violence.

106.8(2) A children's residential facility's written policies shall:

a. Prohibit mistreatment, physical abuse, sexual abuse, and neglect of children.

b. Specify reporting and enforcement procedures for the children's residential facility. Alleged violations shall be reported immediately to the director of the facility and appropriate department of human services personnel.

c. Prohibit the use of corporal punishment. The facility's policies shall clearly prohibit staff or the children from utilizing corporal punishment as a method of discipline or correcting children.

d. These policies shall be communicated in writing to all staff of the facility.

This rule is intended to implement Iowa Code section 237C.3.

[**ARC 3007C**, IAB 3/29/17, effective 5/3/17]

441—106.9(237C) Discipline.

106.9(1) Generally. The facility shall have written policies, which shall be available to all staff and to the child's family, regarding methods used for control and discipline of children. Agency staff shall be in control of and responsible for discipline at all times. Discipline shall not include the withholding of basic necessities such as food, clothing, or sleep.

106.9(2) Corporal punishment is prohibited. The facility shall have a policy that clearly prohibits staff or the children from utilizing corporal punishment as a method of disciplining or correcting children. This policy is to be communicated in writing to all staff of the facility.

106.9(3) The administration of discipline by a child to another child is prohibited.

106.9(4) Behavior expectations. The facility shall make available to the child and the child's parents or guardian written policies regarding the following areas:

a. The general expectation of behavior, including the facility's rules and practices.

b. The range of reasonable consequences that may be used to deal with inappropriate behavior.

106.9(5) Discipline policies shall be discussed with:

a. Staff, volunteers, or others who perform duties under a subcontract with the children's residential facility; and

b. Parents or guardians before children are admitted to the children's residential facility.

[**ARC 3007C**, IAB 3/29/17, effective 5/3/17]

441—106.10(237C) Record checks.

106.10(1) A children's residential facility shall conduct record checks for:

a. Any owner, director, staff member, volunteer, or other person who performs duties under a subcontract with the children's residential facility and who:

(1) Has direct responsibility for children, or

(2) Has access to a child when the child is alone.

b. Anyone living in the children's residential facility who is 14 years of age or older.

106.10(2) The record checks shall be conducted to determine whether the person:

a. Has any founded child abuse reports.

b. Has any founded dependent adult abuse reports.

c. Has any criminal convictions.

d. Has been placed on the sex offender registry.

106.10(3) Every applicant for employment shall submit to the children's residential facility a written, signed and dated statement that discloses:

a. Any substantiated instances of child abuse, neglect, or sexual abuse committed by the person.

b. Any substantiated instances of dependent adult abuse committed by the person.

c. Any convictions of crimes involving the mistreatment or exploitation of a child.

106.10(4) A children's residential facility may request additional information from the central abuse registry or the Iowa department of public safety.

106.10(5) If a record of criminal conviction or founded child abuse or founded dependent adult abuse exists, the children's residential facility shall evaluate the crime or founded child abuse or dependent adult abuse to determine whether or not the crime or founded child abuse or founded dependent adult abuse merits prohibition of employment or any voluntary or subcontracted position. The evaluation shall consider:

a. The nature and seriousness of the crime or founded abuse in relation to the position sought,

b. The time elapsed since the commission of the crime or founded abuse,

c. The circumstances under which the crime or founded abuse was committed,

d. The degree of rehabilitation,

e. The number of crimes or founded abuses committed by the person involved, and

f. The likelihood that the person will commit the crime or founded abuse again.

[**ARC 3007C**, IAB 3/29/17, effective 5/3/17]

441—106.11(237C) Seclusion and restraints.

106.11(1) A children's residential facility shall not physically restrain a child unless necessary to prevent the child from hurting self, others, or property. Physical restraint must be conducted in a standing position whenever possible. Prone restraint is prohibited.

a. No staff person shall use any restraint that obstructs the airway of a child.

b. Staff persons who find themselves involved in the use of a prone restraint when responding to an emergency must take immediate steps to end the prone restraint.

c. If a staff person physically restrains a child who uses sign language or an augmentative mode of communication as the child's primary mode of communication, the child shall be permitted to have the child's hands free of restraint for brief periods unless the staff person determines that such freedom appears likely to result in harm to the child, others, or property.

d. The rationale and authorization for the use of physical restraint and staff action and procedures carried out to protect the child's rights and to ensure safety shall be clearly set forth in the child's record by the responsible staff persons.

106.11(2) A children's residential facility shall not put a child into time-out seclusion for more than one hour. A child shall never be secluded in an area that is locked or out of the view of staff, volunteers, or others who perform duties under a subcontract with the children's residential facility.

106.11(3) At no time shall a children's residential facility use a control room, mechanical restraint, or chemical restraint.

[**ARC 3007C**, IAB 3/29/17, effective 5/3/17]

441—106.12(237C) Health.

106.12(1) A children's residential facility shall obtain, store, prepare, and serve food and water free from contamination.

106.12(2) A children's residential facility shall have written health policies that describe how the facility will care for a sick child residing there.

106.12(3) A children's residential facility shall have written policies and procedures related to disease control and the use of universal precautions for handling of any bodily excrement or discharge, including blood and breast milk. A children's residential facility shall take precautions to prevent the spread of infectious and communicable disease.

106.12(4) A children's residential facility shall seek immediate medical attention for a child when it is necessary to ensure that the child remains healthy. There shall be 24-hour emergency and routine medical and dental services available and provided when prescribed. Provision of these services shall be documented.

106.12(5) A children's residential facility shall have written policies and procedures to ensure that staff, volunteers, or others who perform duties under a subcontract with the children's residential facility demonstrate clean personal hygiene sufficient to prevent or minimize the transmission of illness or disease and are certified in the provision of first aid and cardiopulmonary resuscitation.

106.12(6) A children's residential facility shall be required to report any reportable disease to the department of public health.

106.12(7) A children's residential facility shall have written policies on physical examination reports or health status statements for all children in the facility's care.

106.12(8) A children's residential facility shall have written policies and procedures for the dispensing, storage, authorization, and recording of all prescription and nonprescription medications.

106.12(9) A children's residential facility shall ensure that a clearly labeled first-aid kit is available and easily accessible to staff, volunteers, or others who perform duties under a subcontract with the children's residential facility at all times when children are in the facility, in the outdoor play area, and on field trips. The first-aid kit shall be sufficient to address first aid related to minor injury or trauma and shall be stored in an area inaccessible to children.

106.12(10) A children's residential facility shall have written policies on reporting illness or injury to parents or guardians. These policies shall be shared with parents or guardians before a child is admitted to the children's residential facility. A significant change in health status or incidents resulting in a serious injury to or death of a child shall be reported immediately to the parent or guardian.

106.12(11) A children's residential facility shall have written policies on smoking and tobacco use that comply with Iowa state law.

[**ARC 3007C**, IAB 3/29/17, effective 5/3/17]

441—106.13(237C) Safety.

106.13(1) A children's residential facility shall provide a sufficient number of staff to ensure safe practices that are based on the ages and needs of the children in care to ensure adequate supervision and child safety. This requirement applies to daytime and overnight hours.

106.13(2) Poison control centers' telephone numbers shall be posted in prominent locations and readily available. All poisonous or caustic drugs or materials shall:

a. Be plainly labeled.

b. Be stored separately from other drugs in a specific, well-illuminated cabinet, closet, or storeroom.

c. Be stored in a manner that prevents accidental or intentional ingestion.

d. Be accessible only to authorized persons.

106.13(3) A children's residential facility shall have written policies regarding fishing ponds, lakes, or any bodies of water located on or near the facility's grounds and accessible to children.

a. All swimming pools shall conform to state and local health and safety regulations.

b. Adult supervision shall be provided at all times when children are near or in the water.

106.13(4) A children's residential facility shall have written policies regarding transportation of a child that ensure compliance with Iowa Code section 321.446 regarding child restraint devices.

a. Drivers of vehicles shall possess a valid driver's license.

b. Drivers shall not operate a vehicle while under the influence of alcohol, illegal drugs, or prescription or nonprescription drugs that could impair the drivers' ability to operate a motor vehicle.

c. All vehicles used for children's residential facility activities shall be maintained in safe operating condition.

d. A children's residential facility shall have proof of current insurance that covers all vehicles and drivers used to transport children.

106.13(5) Animals kept on site shall:

a. Be in good health with no evidence of disease.

b. Be of such disposition as to not pose a safety threat to any person.

c. Be maintained in a clean and sanitary manner.

106.13(6) Weapons and ammunition are prohibited on the premises of a children's residential facility.

[**ARC 3007C**, IAB 3/29/17, effective 5/3/17]

441—106.14(237C) Emergencies.

106.14(1) A children's residential facility shall have written emergency plans for responding to evacuations, fires, tornadoes, floods, blizzards, other weather incidents, power failures, bomb threats, chemical spills, earthquakes, or other natural or man-made disasters that could create structural damage to the children's residential facility or pose health or safety hazards.

a. The emergency plans shall include guidelines for responding to situations involving intruders within the children's residential facility and grounds, intoxicated persons, lost or abducted children, and evacuations.

b. Emergency plans shall be coordinated with county emergency planning agencies.

c. Evacuations and how to seek protective shelter shall be practiced periodically.

106.14(2) The emergency plans shall include procedures for annual training regarding the contents and implementation of the plans for staff, volunteers, or others who perform duties under a subcontract with the children's residential facility.

106.14(3) A children's residential facility shall have:

a. Written policies and procedures for medical and dental emergencies.

b. Sufficient information and authorization to meet the medical and dental needs or emergencies of children.

106.14(4) Emergency telephone numbers shall be readily available, including emergency telephone numbers for parents or guardians.

[**ARC 3007C**, IAB 3/29/17, effective 5/3/17]

441—106.15(237C) Buildings and physical premises. A children's residential facility shall ensure that the facility and grounds, playground surfaces and other areas, and all related equipment are safe and free from hazards.

106.15(1) A children's residential facility shall comply with requirements established by the fire marshal for the applicable type of occupancy and shall comply with any applicable additional fire safety requirements established by local ordinance, including fire inspections.

106.15(2) A children's residential facility shall be structurally sound. Any new facility or existing facility that is extensively renovated shall be constructed in compliance with applicable requirements of the state of Iowa building code established pursuant to Iowa Code chapter 103A and with any local building code in force at the time of construction.

106.15(3) A children's residential facility located in a building built before 1960 shall conduct a visual assessment for lead hazards that exist in the form of peeling or chipping paint.

a. If the presence of peeling or chipping paint is found, the paint shall be presumed to be lead-based paint unless a certified inspector as defined in department of public health rules at 641—Chapter 70 determines that the paint is not lead-based.

b. In the absence of the determination that peeling or chipping paint is not lead-based, a children's residential facility shall use safe work methods as defined by the state department of public health to eliminate human exposure or likely exposure to lead-based paint hazards.

106.15(4) Living areas.

a. All living areas shall:

(1) Have screens on windows used for ventilation.

(2) Be maintained in clean, sanitary conditions, free from vermin, rodents, dampness, noxious gases and objectionable odors.

(3) Be in safe repair.

(4) Provide for adequate lighting when natural sunlight is inadequate.

(5) Have heating and storage areas separated from sleeping or play areas.

(6) Have walls and ceiling surfaced with materials that are asbestos-free.

b. All sleeping rooms shall:

(1) Provide a minimum of 60 square feet per child for multiple occupancy.

(2) Provide a minimum of 80 square feet per child for single occupancy.

(3) Not sleep more than four children per room.

(4) Be of finished construction.

c. Rooms aboveground shall:

(1) Have a ceiling height of at least 7 feet, 6 inches.

(2) Have a window area of at least 8 percent of the floor area unless mechanical ventilation is provided that is capable of removing dampness and odors.

d. Rooms belowground shall:

(1) Have a ceiling height of at least 6 feet, 8 inches.

(2) Have a window area of at least 2 percent of the floor area unless mechanical ventilation is provided that is capable of removing dampness and odors.

(3) Have floor and walls constructed of concrete or other materials with an impervious finish and free from groundwater leakage.

106.15(5) Bedrooms.

a. Each child in care shall have a solidly constructed bed.

b. Sheets, pillowcases, and blankets shall be provided for each child and shall be kept clean and in good repair.

c. Each child in care shall have adequate storage space for private use and a designated space for hanging clothing in proximity to the bedroom occupied by the child.

d. No child over the age of five years shall occupy a bedroom with a member of the opposite sex.

106.15(6) Heating.

a. The heating unit shall be located and operated to maintain the temperature in the living quarters at a minimum of 65 degrees Fahrenheit during the day and 55 degrees Fahrenheit during the night. Variances may be made in case of health problems. Temperature is measured at 24 inches above the floor in the middle of the room.

b. All space heaters and water heaters involving the combustion of fuel, such as gas, oil or similar fuel, shall be vented to the outside atmosphere.

c. Neither rubber nor plastic tubing shall be used as supply lines for gas heaters.

d. The heating or cooling plant shall be checked at least annually and kept in safe working condition at all times.

These rules are intended to implement Iowa Code section 237C.3.

[**ARC 3007C**, IAB 3/29/17, effective 5/3/17]

441—106.16(237C) Sanitation, water, and waste disposal. In the case of a conflict between rules and standards adopted pursuant to this chapter and local rules and standards, the more stringent requirement applies.

106.16(1) *Bathroom facilities.*

a. Bathrooms shall have an adequate supply of hot and cold running water.

b. Each bathroom shall be properly equipped with toilet tissue, towels, soap, and other items required for personal hygiene unless children are individually given these items. Paper towels, when used, and toilet tissue shall be in dispensers.

c. Toilets and baths or showers shall provide for individual privacy.

d. There shall be a shower or tub for each ten children or portion thereof.

e. Tubs and showers shall have slip-proof surfaces.

f. At least one toilet and one lavatory shall be provided for each six children or portion thereof.

g. Toilet facilities shall be provided with natural or artificial ventilation capable of removing odors and moisture.

h. Toilet facilities adjacent to a food preparation area shall be separated completely by an enclosed solid door.

i. All toilet facilities shall be kept clean.

j. When more than one stool is used in one bathroom, partitions providing privacy shall be used.

k. Toilets, wash basins, and other plumbing or sanitary facilities shall be maintained in good operating condition.

106.16(2) *Food preparation and storage.*

a. Cracked dishes and utensils shall not be used in the preparation, serving, or storage of food.

b. Storage areas for perishable foods shall be kept at 45 degrees Fahrenheit or below.

c. Storage areas for frozen foods shall be kept at 0 degrees Fahrenheit or below.

d. Food that is to be served hot shall be maintained at 140 degrees Fahrenheit or above.

e. Food that is to be served cold shall be maintained at 45 degrees Fahrenheit or below.

f. The kitchen and food storage areas shall be kept clean and neat. Foods shall not be stored on the floor.

g. The floor and walls shall be of smooth construction and in good repair.

106.16(3) *Personnel handling food.* Personnel who handle food shall:

a. Be free of infection.

b. Be clean and neatly groomed.

c. Wear clean clothes.

d. Not use tobacco in any form while preparing or serving food.

106.16(4) *Dishwashing facilities.*

a. Manual dishwashing will be allowed in facilities that normally serve 15 or fewer people at one meal.

b. Commercial dishwashers shall be used in facilities serving more than 15 people at one meal and shall meet the following criteria:

(1) When chemicals are added for sanitation purposes, they shall be automatically dispensed.

(2) Machines using hot water for sanitizing must maintain wash water at a temperature of at least 150 degrees Fahrenheit and rinse water at a temperature of at least 180 degrees Fahrenheit or a single temperature machine at 165 degrees Fahrenheit for both wash and rinse.

(3) All machines shall be thoroughly cleaned and sanitized at least once each day or more often if necessary to maintain satisfactory operating condition.

c. Soiled and clean dish table areas shall be of adequate size to accommodate the dishes for one meal.

d. All handheld food preparation and serving equipment shall be cleaned and sanitized following each meal. Dispensers, urns, and similar equipment shall be cleaned and sanitized daily.

106.16(5) *Foods not prepared at site of serving.*

a. The place where food is prepared for off-site serving shall conform to all requirements for on-site food preparation.

b. Food shall be transported in covered containers or completely wrapped or packaged so as to be protected from contamination.

c. During transportation, and until served, hot foods shall be maintained at 140 degrees Fahrenheit or above and cold food shall be maintained at 45 degrees Fahrenheit or below.

106.16(6) *Milk supply.* When fluid milk is used, it shall be pasteurized Grade A.

106.16(7) *Public water supply.* The water supply is approved when the water is obtained from a public water supply system, as regulated by the department of natural resources.

106.16(8) *Private water supplies.* Any facility that serves at least 25 people for at least 60 days during the year and is supplied by its own well meets the definition of a public water supply and must be regulated by the department of natural resources.

a. Each privately operated water supply shall be maintained and operated in a manner that ensures safe drinking water. Each water supply used as part of a facility shall be annually inspected and evaluated for deficiencies that may allow contaminants access to the well interior. Items such as open or loose well caps, missing or defective well vents, poor drainage around the wells, and the nearby storage of potential contaminants shall be evaluated. All deficiencies shall be corrected within 30 days of discovery by a well contractor certified by the state.

b. Evaluation and water testing. As part of the inspection and evaluation, water samples shall be collected and submitted by the local health sanitarian or a well contractor certified by the state to the state hygienic laboratory or other laboratory certified for drinking water analysis by the department of natural resources. The minimum yearly water analysis shall include coliform bacteria and nitrate (NO_3^-) content. Total arsenic testing shall be performed once every three years. The water shall be deemed safe when there are no detectible coliform bacteria, when nitrate levels are less than 10 mg/L as nitrogen, and when total arsenic levels are 10 µg/L or less. A copy of the laboratory analysis report shall be provided to the department within 72 hours of receipt by the water supply.

c. Multiple wells supplying water. When the water supply obtains water from more than one well, each well connected to the water distribution system shall meet all of the requirements of these rules.

d. Deficiencies. When no apparent deficiencies exist with the well or its operations and the water supply is proven safe by meeting the minimum sampling and analysis requirements, water safety requirements have been met. Wells with deficiencies that result in unsafe water analysis require corrective actions through the use of a well contractor certified by the state.

e. When water is proven unsafe. When the water supply is proven unsafe by sampling and analysis, the facility shall immediately provide a known source of safe drinking water for all water users and hang notification at each point of water use disclosing the water is not safe to consume. In addition, the facility shall provide a written statement to the department disclosing the unsafe result and detail a plan on how the water supply deficiencies will be corrected and the supply brought back into a safe and maintained condition. The statement shall be submitted to the department within 10 days of the laboratory notice. All corrective work shall be performed and the water supply sampled and analyzed again within 45 days from any water test analysis report that indicates the water supply is unsafe for drinking water uses.

f. Water obtained from another source through hauling and storage must meet the requirements of the department of natural resources.

106.16(9) *Heating or storage of hot water.* Each tank used for the heating or storage of hot water shall be provided with a pressure and temperature relief valve.

106.16(10) *Sewage treatment.*

a. A children's residential facility shall be connected to a public sewer system where available.

b. Private disposal systems shall be designed, constructed, and maintained so that no unsanitary or nuisance conditions exist, such as surface discharge of raw or partially treated sewage or failure of the sewer lines to convey sewage properly.

106.16(11) *Garbage storage and disposal.*

a. A sufficient number of garbage and rubbish containers shall be provided to properly store all material between collections.

b. Containers shall be insect-, rodent-, and leakproof and shall be maintained in a sanitary condition.

[**ARC 3007C**, IAB 3/29/17, effective 5/3/17]

441—106.17(237C) Staffing.

106.17(1) Children's residential facility staff shall be 21 years of age or older with appropriate training and experience related to job duties.

106.17(2) A children's residential facility shall have written policies and procedures regarding staff supervision, development, training requirements, and orientation to children's residential facility policies and practices.

106.17(3) A children's residential facility shall provide a sufficient number of staff to ensure proper supervision and child safety at all times and at all activities conducted by a children's residential facility off its premises.

[**ARC 3007C**, IAB 3/29/17, effective 5/3/17]

441—106.18(237C) Reports and inspections.

106.18(1) The administrator may require submission of reports by a certificate of approval holder and shall cause at least one annual unannounced inspection of a children's residential facility to assess compliance with applicable requirements and standards.

106.18(2) The inspections shall be conducted by the department of inspections and appeals in addition to initial, renewal, and other inspections that result from complaints or self-reported incidents.

106.18(3) The department of inspections and appeals and the department of human services may examine records of a children's residential facility and may inquire into matters concerning the children's residential facility and its employees, volunteers, and subcontractors relating to requirements and standards for children's residential facilities under this chapter.

[**ARC 3007C**, IAB 3/29/17, effective 5/3/17]

441—106.19(232) Mandatory reporting of child abuse.

106.19(1) *Mandatory reporters.* Any employee, operator, owner, or other person who performs duties for a children's residential facility shall make a report, in accordance with Iowa Code section 232.69, whenever that person reasonably believes a child for whom the person is providing care has suffered abuse.

106.19(2) *Required training.* Staff shall receive training relating to the identification and reporting of child abuse as required by Iowa Code section 232.69.

106.19(3) *Training documentation.* The certified children's residential facility shall develop and maintain a written record for each employee, operator, owner, or other person who performs duties for the children's residential facility in order to document the content and amount of training.

This rule is intended to implement Iowa Code section 232.69.

[**ARC 4113C**, IAB 11/7/18, effective 1/1/19]

These rules are intended to implement Iowa Code chapter 237C.

CHAPTER 107
CERTIFICATION OF ADOPTION INVESTIGATORS
[Prior to 2/11/87, Human Services[498]]

Chapter rescission date pursuant to Iowa Code section 17A.7: 12/1/31

441—107.1(600,234) Definitions.

"Adoption work experience" means supervised employment in adoption services, which includes direct provision of adoption services, developing adoption policies, conducting training related to adoption services, oversight and review of adoption documents and activities, and direct supervision of adoption workers. Only the percentage of time related to provision of adoption services shall be considered as adoption work experience when job duties involve activities other than adoption services.

"Certified adoption investigator" means a person authorized by the department to provide background reports on birth parents, adoption preplacement investigations, postplacement supervision, and reports to the court within the state of Iowa.

[**ARC 0669D**, IAB 10/14/26, effective 12/1/26]

441—107.2(600,234) Application.

107.2(1) *Application form.* Application for certification as an adoption investigator shall be made on a form obtained from the department.

107.2(2) *Employees of licensed child-placing agencies and the department.* Persons employed as social workers in licensed child-placing agencies who meet the requirements for certification in rule 441—107.3(600,234) are eligible to apply for certification as adoption investigators unless the agency employing them objects in writing.

a. The applicant shall furnish a letter of approval from the agency as part of the certification process.

b. Persons employed as social workers for the department who meet the requirements for certification in rule 441—107.3(600,234) are eligible to apply for certification as adoption investigators for services provided outside of their current job duties unless their current job duties include any of the following:

(1) Any of the activities described in rule 441—107.7(600,234).

(2) Immediate supervision of employees engaged in activities described in rule 441—107.7(600,234).

(3) Certification of adoption investigators.

(4) Placement of children for adoption.

(5) Development of adoption policies used in administration of the adoption program.

[**ARC 0669D**, IAB 10/14/26, effective 12/1/26]

441—107.3(600,234) Requirements for certification. Persons with academic qualifications and adoption work experience may be certified by the department to provide adoption preplacement investigations, postplacement supervision, and reports to the court.

107.3(1) *Office location.* The applicant shall retain an office in Iowa where all Iowa adoption reports and records of fees are maintained and are available for inspection.

107.3(2) *Education and experience.*

a. If the applicant was initially certified as an adoption investigator before October 1, 1991, the applicant shall have one of the following combinations of education and experience:

(1) Graduation from an accredited four-year college or university and adoption work experience equivalent to a total of three years of full-time experience.

(2) A bachelor's degree in social work from an accredited four-year college or university in a program accredited by the council on social work education and adoption work experience equivalent to a total of two years of full-time experience.

(3) A master's degree in social work from an accredited college or university in a program accredited by the council on social work education and adoption work experience equivalent to a total of one year of full-time experience.

b. If the applicant is initially certified as an adoption investigator on or after October 1, 1991, the applicant shall have one of the following combinations of education and experience:

(1) Graduation from an accredited four-year college or university with a bachelor's degree in social work, psychology, counseling, family therapy, family living, or other family-oriented degree and postgraduation adoption work experience equivalent to a total of three years of full-time experience.

(2) Graduate education in a master's program in social work, psychology, counseling, family therapy, family living, or other family-oriented program from an accredited four-year college or university may be substituted for required adoption work experience on the basis of 30 semester hours for one year of full-time experience, for up to two full years of the required three years of adoption work experience.

(3) A master's degree in social work, psychology, counseling, family therapy, family living, or other family-oriented degree from an accredited college or university and postgraduation adoption work experience equivalent to a total of one year of full-time experience.

107.3(3) *Verification of qualifications.*

a. The applicant shall provide a certified transcript of college credits; and

b. The applicant shall provide a record of all adoption work experience, including dates and location; and

c. The applicant shall provide the name(s) of employer(s) and supervisor(s) to enable the department to verify the applicant's adoption work experience; and

d. The applicant shall give names of at least two additional persons as character references who will be contacted by the certifier.

107.3(4) *Statement of activities and duties.* Prior to certification, the applicant shall prepare a written statement identifying the proposed activities, duties and fees of the applicant as a certified adoption investigator.

a. The statement shall indicate that the services described in rule 441—107.7(600,234) are being provided by the individual investigator, not a child-placing agency, and are not provided in the course of the individual investigator's employment with a child-placing agency or the department.

b. The activities and duties identified in the statement cannot exceed the scope of an investigator's services as defined in rule 441—107.7(600,234).

c. The statement shall include the fee schedule to be used in the determination of a charge for investigative services.

d. A copy of the statement shall be provided to the department to be maintained as a public record.

e. Upon request, this statement shall be provided by the investigator to persons requesting services from the investigator.

107.3(5) *Record checks.* The department of inspections, appeals, and licensing shall submit record checks for each new applicant and those applying for recertification to determine whether they have any founded child abuse reports, dependent adult abuse reports or convictions or have been placed on the sex offender registry.

a. The department of inspections, appeals, and licensing shall use the Request for Child Abuse and Dependent Adult Abuse Information form, and the Iowa Division of Criminal Investigation Criminal History Record Check Request form, for this purpose. The department will not certify the applicant with a record of founded child abuse, dependent adult abuse, a criminal conviction, or placement on the sex offender registry as an adoption investigator unless evaluation of the founded abuse or crime indicates approval for certification.

b. The applicant shall complete and return a Record Check Evaluation form, within ten calendar days of the date on the form, to be used by the department to assist in the evaluation. Failure of the applicant to complete and return the Record Check Evaluation form within the specified time frame will result in denial of certification.

c. The department will evaluate the nature and seriousness of the founded abuse or crimes, the time elapsed since the commission of the founded abuse or crimes, the circumstances under which the founded abuse or crime was committed, the degree of rehabilitation, the likelihood that the person will commit the abuse or crime again, and the number of founded abuses or crimes committed by the applicant. The

department will issue a notice of decision to the applicant of the results of the evaluation. The department will issue the notice of decision even in cases when the applicant fails to complete the evaluation form.

d. Investigators applying for recertification are subject to the same record checks as new applicants. The department will evaluate only abuses, convictions of crimes, and placement on the sex offender registry since the last record check using the same process.

107.3(6) *Certification actions for nonpayment of child support.* The department will revoke or deny the issuance or renewal of a certification of an adoption investigator upon the receipt of a certificate of noncompliance from child support services. In addition to the procedures set forth in Iowa Code chapter 252J, the rules in this chapter apply.

a. The notice required by Iowa Code section 252J.8 will be provided to the applicant in writing.

b. The effective date of the revocation or denial of the certification as specified in the notice required by Iowa Code section 252J.8 will be 60 days following service of the notice upon the applicant or certified investigator.

c. The department is authorized to prepare and serve the notice as required by Iowa Code section 252J.8 upon the applicant or certified investigator.

d. Applicants and certified investigators shall keep the department informed of all court actions, and all child support services actions taken under or in connection with Iowa Code chapter 252J, and shall provide the department copies, within seven days of filing or issuance, of all applications filed with the district court pursuant to Iowa Code section 252J.9, all court orders entered in these actions, and withdrawals of certificates of noncompliance by child support services.

e. An applicant or certified investigator may file an application with the district court within 30 days of service of a department notice pursuant to Iowa Code sections 252J.8 and 252J.9.

(1) The filing of the application shall stay the department action until the department receives a court order lifting the stay, dismissing the action, or otherwise directing the department to proceed.

(2) For purposes of determining the effective date of the revocation, or denial of the issuance or renewal of a certification, the department will count the number of days before the action was filed and the number of days after the action was disposed of by the court.

f. The department will notify the applicant or certified investigator in writing within ten days of the effective date of the revocation of certification or the denial of the issuance or renewal of a certificate of adoption investigator and will similarly notify the applicant or certified investigator when the certificate is issued, renewed, or reinstated following the department's receipt of a withdrawal of the certificate of noncompliance.

g. Notwithstanding Iowa Code section 17A.18, the registrant does not have the right to a hearing regarding this issue, but may request a court hearing pursuant to Iowa Code section 252J.9.

[**ARC 0669D**, IAB 10/14/26, effective 12/1/26]

441—107.4(600,234) Granting, denial, or revocation of certification.

107.4(1) *Granting of certification.* When all of the requirements of this chapter are met, certification will be granted.

107.4(2) *Denial or revocation of certification.*

a. Certification or recertification will be denied or revoked when one or more of the following conditions exist:

(1) The applicant does not comply with the requirements listed in subrules 107.3(1), 107.3(2), and 107.3(4) and rules 441—107.9(600,234) and 441—107.10(600,234).

(2) The applicant does not provide information required in subrule 107.3(3).

(3) The applicant has willfully or knowingly misrepresented information regarding qualifications for certification.

(4) When information about the certified investigator is received and verified by the department of inspections, appeals, and licensing, such as but not limited to failure to carry out the activities and duties as stated in this chapter, charging fees in excess of those specified in subrule 107.7(5) and breaches of confidentiality, and the effect of the investigator's actions would be detrimental to any of the parties to the adoption. Complaints involving the reasonable exercise of professional judgment in the denial or approval of a preplacement investigation are not grounds for decertification.

(5) The investigator, after being warned in writing by the licensor, provided incomplete or inadequate information or inaccurate information in required reports as described in rule 441—107.7(600,234).

(6) The applicant has a founded child abuse, dependent adult abuse or criminal record conviction unless an evaluation of the founded abuse or criminal conviction is conducted by the department of inspections, appeals, and licensing that concludes that the abuse or crime does not merit prohibition of certification.

(7) The investigator aids or participates in an illegal placement or violates the statutes of Iowa Code chapter 600.

b. If an applicant is denied certification or recertification based on an inability to meet the requirements, the applicant may reapply when the requirements for certification have been met.

[**ARC 0669D**, IAB 10/14/26, effective 12/1/26]

441—107.5(600,234) Certificate.

107.5(1) *Contents.* The State of Iowa Certificate of Adoption Investigator form will contain the name of the investigator and the expiration date of the certificate and be signed by a person designated by the director of the department.

107.5(2) *Time limit.* The investigator will be certified for two years. Certification will expire at the end of two years unless the investigator has made timely application for recertification. No provisional certificates will be issued.

107.5(3) *Records of certifications.*

a. The department will keep records of certifications, including the application and verifications.

b. The department will keep a list of certified adoption investigators by districts and will update the list at least semiannually. Lists of certified adoption investigators will be made available on the department's website.

[**ARC 0669D**, IAB 10/14/26, effective 12/1/26]

441—107.6(600,234) Renewal of certification.

107.6(1) *Request for renewal.* To be recertified, the person shall submit a new Application for Certification of Adoption Investigator form at least 30 days before the expiration of the certificate. If no application is submitted, the certification will expire.

107.6(2) *Evaluation of investigator.* Upon receipt of the request for recertification, the department investigators' records shall be reviewed and evaluated by the licensor to determine whether the requirements of these rules have been met.

a. This evaluation shall include the review of 20 percent or no fewer than four of the adoption records opened since the last review for certification and the fees assessed to clients. Reports of investigations will be available to the licensor during the review for recertification, or at any other time upon request by the licensor.

b. When deficiencies are noted at the time of review, the investigator shall be given up to 30 days to meet the standards set forth in 441—Chapter 107.

c. The deficiencies shall be noted in writing and the investigator shall sign a statement that includes agreement to the following:

(1) The deficiencies noted by the licensor, including the areas of 441—Chapter 107 that are not met.

(2) A plan for correcting the deficiencies.

(3) The date by which the deficiencies will be corrected.

d. When the deficiencies are corrected within the time frame granted, the certificate will be renewed. Deficiencies not corrected within the allowed time frame are grounds for revocation of the investigator's certificate.

107.6(3) *Notification.* The department will notify the investigator of the decision regarding the initial application, and any applications for recertification, within 60 days of receipt of the application. When the request for recertification is not received prior to the date of expiration, the department will notify the investigator that the certification has expired.

[**ARC 0669D**, IAB 10/14/26, effective 12/1/26]

441—107.7(600,234) Investigative services.

107.7(1) *Preplacement investigations.* When a certified adoption investigator provides a preplacement investigation of a prospective adoptive family, the investigation shall meet the requirements of Iowa Code section 600.8(1)*"a."*

a. The preplacement investigation shall include at a minimum two contacts, one face-to-face interview with the applicants and each member of the household and at least one home visit.

b. The certified adoption investigator shall have on file a written assessment of the family that shall be used to approve or deny a prospective adoptive family. The written home study assessment shall include the date the home study was completed, shall be signed by the investigator and the signature notarized. The assessment shall include the following:

(1) Motivation for adoption and whether the family has biological, adopted, or foster children;

(2) Family and extended family's attitude toward accepting an adopted child, and plans for discussing adoption with the child;

(3) The attitude toward adoption of other people involved with the family in a significant way;

(4) Emotional maturity; marital history, including verification of marriages and divorces; assessment of marital relationship; and compatibility of the adoptive parents;

(5) Ability to cope with problems, stress, frustrations, crises, separation, and loss;

(6) Medical, mental, or emotional conditions that would affect the applicant's ability to parent a child;

(7) Ability to provide for the child's physical and emotional needs and to respect the child's cultural and religious identity;

(8) Description of biological children and previously adopted children, if any, including their attitudes toward adoption, relationships with others, and school performance;

(9) Capacity to give and receive affection;

(10) Statements from at least three references provided by the family and other unsolicited references that the investigator may wish to contact;

(11) Attitudes of the adoptive applicants toward the birth parent(s) and the reason(s) the child is available for adoption;

(12) Income information, including the family's ability to financially provide for a child;

(13) Disciplinary practices that will be used;

(14) History of abuse involving family members, including how the abuse was addressed and how that history impacts the applicant's ability to be an adoptive parent;

(15) Assessment of, commitment to, and capacity to maintain other significant relationships;

(16) Substance use or abuse by members of the household, treatment history and current status of treatment;

(17) Recommendations for the number, age, sex, characteristics, and unique needs of children best served by this family; and

(18) The family's ability to anticipate and understand the unique needs of an adopted child as the child becomes older and how the family will manage those needs.

c. Record checks. The certified adoption investigator shall perform record checks for each applicant and for the other persons living in the home of the applicant as follows:

(1) The records of the applicants shall be checked:

1. On the Iowa central abuse registry using the Request for Child Abuse and Dependent Adult Abuse Information form;

2. By the Iowa division of criminal investigation, using the Criminal History Record Check form;

3. On the Iowa sex offender registry;

4. On the child abuse and dependent adult abuse registry of any state where the applicant has lived during the five years prior to the issuance of the investigative report; and

5. For a national criminal history through fingerprinting or another biometric identification-based process accepted by the federal government.

(2) The records of persons aged 14 or older living in the home of the applicant shall be checked:

1. On the Iowa central abuse registry using the Request for Child Abuse and Dependent Adult Abuse Information form;

2. By the Iowa division of criminal investigation, using the Criminal History Record Check form; and

3. On the Iowa sex offender registry.

(3) Out-of-state child abuse checks, dependent adult abuse checks and national criminal history checks may be completed on any adult in the home of the applicant if the certified adoption investigator has reason to do so.

(4) The person making the investigation shall not approve a prospective applicant and cannot perform an evaluation if the applicant or any other adult living in the home of the applicant has been convicted of a felony offense as set forth in Iowa Code section 600.8(2)*"b."*

(5) The person making the investigation shall not approve a prospective applicant and cannot perform an evaluation if the applicant or any other adult living in the home of the applicant has committed a crime in a state other than Iowa that would be a forcible felony if the crime would have been committed in Iowa as set forth in Iowa Code section 600.8(2)*"b."*

d. Evaluation of record. If there is a record of founded child abuse, dependent adult abuse or a criminal conviction for the applicant or any other adult living in the home of the applicant, the applicant shall not be approved to adopt, unless an evaluation determines that the abuse or criminal conviction does not warrant prohibition of approval.

(1) The evaluation shall consider the nature and seriousness of the founded child abuse, dependent adult abuse or crime in relation to adoption, the time elapsed since the commission of the founded abuse or crime, the circumstances under which the abuse or crime was committed, the degree of rehabilitation, the likelihood that the person will commit the abuse or crime again, and the number of abuses or crimes committed by the person.

(2) The person with the founded child abuse, dependent adult abuse or criminal conviction report shall complete and return the Record Check Evaluation form within ten calendar days of the date on the form to be used to assist in the evaluation. Failure of the person to complete and return the form within the specified time frame may result in a written denial of approval for adoption.

(3) If the applicant, or any other adult living in the home of the applicant, has been convicted of a simple misdemeanor or a serious misdemeanor that occurred five or more years prior to application, the evaluation and decision may be made by a certified adoption investigator. The certified adoption investigator shall notify the applicant of the results of the evaluation in writing. The notice shall contain information on appeal rights.

(4) If the applicant, or any other person living in the home of the applicant, has a founded child or dependent adult abuse report, has been convicted of an aggravated misdemeanor or felony at any time, or has been convicted of a simple or serious misdemeanor that occurred within five years prior to application, a certified adoption investigator shall initially conduct the evaluation.

1. If the certified adoption investigator determines that the abuse or crime does warrant prohibition of approval, the certified adoption investigator shall notify the applicant of the results of the evaluation in writing.

2. If the certified adoption investigator determines that the applicant should be approved despite the abuse or criminal conviction, the certified adoption investigator shall provide copies of the child abuse report, dependent adult abuse report or criminal history record and the Record Check Evaluation form to the department. Within 30 days, the department will determine whether the abuse or crime merits prohibition of approval and will notify the certified adoption investigator in writing of that decision. The certified adoption investigator will notify the applicant of the department's written decision regarding the evaluation of an abuse or crime.

e. Decision. The certified adoption investigator shall notify the applicant in writing no later than 30 days after completion of the home study of the investigator's decision regarding approval for placement of a child.

(1) If the applicant is denied, the certified adoption investigator shall state the reasons for denial in the written decision.

(2) The certified adoption investigator shall date, sign and notarize the adoptive home study.

(3) The certified adoption investigator shall provide a copy of the home study to the family at the time the written decision is sent.

(4) A home study shall be valid for up to two years from the date signed by the certified adoption investigator.

f. Denial. The certified adoption investigator shall deny approval of an adoption application when:

(1) The applicant or any other person living in the home of the applicant has been convicted of a felony offense as set forth in Iowa Code section 600.8(2)*"b."*

(2) The standards set forth in these rules are not met and cannot be corrected.

(3) The applicant or any person residing in the home has been convicted of a crime unless an evaluation of the crime has been made by the department that concludes that the crime does not merit prohibition of approval of an adoption application.

(4) The applicant or any person residing in the home has a record of founded child abuse or dependent adult abuse unless an evaluation of the founded child abuse or dependent adult abuse has been made by the department that concluded that the founded child abuse or dependent adult abuse does not merit prohibition of approval of an adoption application.

(5) The applicant has knowingly made false statements or has knowingly concealed information that is material to the investigation.

g. Updates. An update to the home study shall be completed no later than 24 months from the previous home study or previous home study update in order for the home study to remain valid. The home study update shall consist of completion of the following:

(1) The child abuse, dependent adult abuse and criminal history record checks, except for national criminal history checks, shall be repeated. If there are new founded abuses or convictions of crimes that were not evaluated in the previous home study, they shall be evaluated using the process set forth in paragraph 107.7(1)*"d."*

(2) One face-to-face visit shall be conducted with the approved family annually.

(3) The information in the approved home study shall be reviewed.

(4) An updated report of the adoptive home study shall be written, dated, signed and notarized and a copy provided to the applicant.

h. Annual visits to the adoptive home. The certified adoption investigator shall complete a minimum of one visit each year in the homes of families approved to adopt by the investigator.

(1) The visit shall include, at a minimum, an assessment of the following areas:

1. Home environment.
2. Persons present at the time of the visit.
3. Changes in the home or household members, or other areas addressed in the home study.

(2) When a person aged 14 or older moves into the home, the investigator shall perform checks on the Iowa central child and dependent adult abuse registry, by the division of criminal investigation, and on the sex offender registry. The record check evaluation process shall be completed if the person has a criminal conviction, founded child abuse report, founded dependent adult abuse report or is on the sex offender registry.

(3) The findings from the visit shall be documented and maintained in the file.

107.7(2) *Background information investigation.* When a certified adoption investigator is requested to complete a background information investigation on the child to be adopted, the investigation shall include a complete medical, mental health and criminal history of the family and developmental history of the child to be adopted.

a. A personal interview with each parent of the child is mandatory unless a parent's identity or whereabouts is unknown.

b. If a parent's identity or whereabouts is unknown, as much information as possible shall be obtained from the other parent or other sources if available.

c. A copy of the background information shall be provided to prospective adoptive families before placement of the child.

107.7(3) *Postplacement supervision.* Postplacement reports shall be written after each postplacement visit, and copies shall be kept in the permanent family file retained by the investigator.

a. Postplacement supervision shall address the unique needs of the child, including but not limited to the following areas:

(1) Integration and interaction of the child with the family.

(2) Changes in the family functioning that may be due to the child's placement.

(3) Social and emotional adjustment of the child.

(4) Child's growth and development since placement with the adoptive family.

(5) Changes and adjustments that have been made in the family since the child's placement.

(6) Family's method of dealing with testing behaviors and discipline.

(7) Behavioral evidence of the degree of bonding that is taking place and the degree to which the child is becoming a permanent member of the adoptive family.

(8) School adjustment of a child who is attending a school.

(9) The behavioral needs of the child.

(10) The psychological and mental health needs of the child.

(11) Services and supports that will assist the family in the future.

b. Postplacement visits shall be completed at a minimum as follows:

(1) One no later than 30 days after placement.

(2) One no later than 90 days after placement.

(3) A final visit prior to requesting a consent to adopt, no later than 180 days after placement.

(4) Postplacement visits shall be completed as often as necessary if the adoptive family is experiencing problems, and the visits may extend to finalization or beyond 180 days if the department or certified adoption investigator believes additional time is needed.

c. The certified adoption investigator shall prepare a written report based on observations made during each home visit. Each report shall address the specific needs of the child and the family's ability to meet those needs. The reports shall be used by the certified adoption investigator in making a written recommendation to the court regarding finalization of the adoption.

107.7(4) *Reports of investigations.* The certified adoption investigator is authorized to provide reports to the courts concerning the above investigations and reports to the guardian or custodian of the child and the attorney for the adoptive family.

107.7(5) *Fees for services.* Certified adoption investigators may charge a fee for the services described in subrules 107.7(1), 107.7(2), and 107.7(3). The department will review the amount of fees for services charged to families at the time that the investigator's records are reviewed for recertification. Information shall also be retained regarding fees charged to a family by another party and collected by the investigator.

[**ARC 0669D**, IAB 10/14/26, effective 12/1/26]

441—107.8(600,234) International adoptions postplacement report.

107.8(1) For an adoption based on a decree issued by another state's jurisdiction within the United States, the certified adoption investigator shall conduct a postplacement investigation and issue a postplacement report as required in 441—subrule 108.9(5).

107.8(2) For an adoption based on a decree issued by a jurisdiction outside the United States, a certified adoption investigator shall conduct a postplacement investigation that consists of a minimum of three face-to-face visits with the minor person and the adoptive parents during the first year after placement, with the first such visit to be conducted within 60 days of the placement of the minor person in the adoptive home. Additional visits may be conducted if required by the jurisdiction that issued the decree.

107.8(3) The postplacement investigation and report under this rule shall include documentation that any unique needs of the minor person are being met appropriately through the placement.

[**ARC 0669D**, IAB 10/14/26, effective 12/1/26]

441—107.9(600,234) Retention of adoption records. The adoption investigator shall maintain a record of each family or child when one or more of the required reports have been completed. The record shall contain copies of all completed reports and a statement of fees charged by the investigator.

107.9(1) *Access to records.* The provisions regarding sealing of and access to adoption records in Iowa Code section 600.16 shall be followed, except that access under subrule 107.9(3) for recertification is permitted.

107.9(2) *Disposition of records.* Upon revocation, denial of renewal, or expiration of certification, all sealed records held by investigators shall be forwarded to the department.

107.9(3) *Access for recertification.* Authorized representatives of the department shall have access to all records of reports completed within a two-year period prior to recertification for purposes of recertification.

[**ARC 0669D**, IAB 10/14/26, effective 12/1/26]

441—107.10(600,234) Reporting of violations. All violations or suspected violations under Iowa Code chapter 600 or 600A that come to the attention of the investigator shall be reported in writing to the district court having jurisdiction of the matter and to the department. The investigator shall provide copies of these written reports to the district court having jurisdiction of the matter and to the department.

[**ARC 0669D**, IAB 10/14/26, effective 12/1/26]

441—107.11(600,234) Appeals. Certified investigators or applicants may appeal decisions of the department according to rules in 441—Chapter 2506.

[**ARC 0669D**, IAB 10/14/26, effective 12/1/26]

These rules are intended to implement Iowa Code chapters 600 and 234.

CHAPTER 108
LICENSING AND REGULATION OF CHILD-PLACING AGENCIES

[Prior to 7/1/83, Social Services [770] Ch 108]
[Prior to 2/11/87, Human Services [498]]

Chapter rescission date pursuant to Iowa Code section 17A.7: 1/1/28

PREAMBLE

This chapter establishes licensing procedures for all child-placing agencies authorized by Iowa Code chapter 238. Included in this chapter are rules relating to: the licensing process; administration and organization; foster care services; adoption services; and supervised apartment living services.

441—108.1(238) Definitions.

"Administrator" means the person who is designated to have day-to-day responsibility for the administration of a child-placing agency, and who ensures that the mission of the agency and laws relating to the welfare and protection of children are carried out.

"Adoption work experience" means supervised employment in adoption services, which includes direct provision of adoption services, development of adoption policies, provision of training related to adoption services, oversight and review of adoption documents and activities, and direct supervision of adoption workers. Only the percent of time related to provision of adoption services shall be considered as adoption work experience when job duties involve activities other than adoption services.

"Adoptive applicant" means the person who has requested approval for placement of a child for adoption from a licensed child-placing agency.

"Adoptive family" means an approved person or persons who have a child placed in their home for the purpose of adoption and are being supervised by the agency or who have a child in their home who has been legally adopted and is entitled to the same benefits as a child born to the parents.

"Approved living arrangement" means that the living situation shall be located so as to provide reasonably convenient access to schools, places of employment, or services required by the youth, comply with applicable state and local zoning, fire, and sanitary regulations, and be reasonably priced so as to fit within the youth's budget.

"Caseworker" means the person who works directly with children, their families, and other relevant individuals and who has primary responsibility for the development, implementation, and review of the agency's service plans for the child and parents; or who completes foster care or adoptive family home studies or supervises foster family or adoptive placements; or who supervises children placed in approved supervised apartment living arrangements.

"Child" means the same as defined by Iowa Code section 234.1.

"Child-placing agency" means an agency organized within the state of Iowa for the purpose of receiving minor children for placement, supervision, or both in private family homes for foster care; or for adoption; or the placement, supervision, or both of children who are 16 years of age and older living in approved supervised apartment living placements.

"Department" means the department of human services.

"Parent" means custodial and noncustodial parent.

"Safety-related information" means information that indicates whether the child has behaved in a manner that threatened the safety of another person, has committed a violent act causing bodily injury to another person, or has been a victim or perpetrator of sexual abuse.

"Sibling" means two or more persons having at least one common parent.

"Supervised apartment living placement" means the placement of a child who is at least 16 years of age in an approved living arrangement which provides an environment in which the child can experience living in the community with minimum supervision.

"Volunteer" means any nonpaid person who donates time to an agency, either in working with an individual or groups of clients. A volunteer may also be a student intern.

[**ARC 1754C**, IAB 12/10/14, effective 2/1/15; **ARC 6960C**, IAB 4/5/23, effective 6/1/23]

441—108.2(238) Licensing procedure.

108.2(1) *Right to apply.* Any person or agency has the right to make application for a child-placing license. When applying for a child-placing license, the applicant shall indicate the services for which licensure is being requested.

108.2(2) *Application.* An agency or person applying for a license shall complete Form 470-0723. The application shall be completed and signed by the administrator or the appropriate officer and submitted to the department.

a. The applicant shall report withdrawal of an application to the department within 30 days of the withdrawal decision.

b. Each application shall be evaluated by the department to ensure that all requirements are met.

c. The applicant shall provide requested reports and information relevant to the licensing determination to the department.

108.2(3) *Applications for renewal.* Applications for renewal shall be made to the department at least 30 but no more than 90 days before expiration of the license.

108.2(4) *Notification.* Agencies shall be notified of approval or denial within 90 days of application or reapplication.

108.2(5) *Certificate of license.* The department shall issue or renew Form 470-3623 every three years, without cost, to any child-placing agency which meets the minimum requirements applicable to child-placing agencies as defined by Iowa Code chapter 238 and this chapter. The license shall be posted in a conspicuous place on the licensed premises.

108.2(6) *Provisional license.* A provisional license may be issued to an agency which does not meet all licensing requirements when the failure to meet all licensing requirements does not pose a danger to the health, safety, or well-being of the children being served. It is issued until the agency meets all requirements, up to a maximum time period of one year. A provisional license is issued when the applicant has signed a written statement which includes the following:

a. The deficiencies necessitating the provisional license, including the specific requirements which are not met.

b. A plan for correcting the deficiencies.

c. The date by which the requirements will be met.

108.2(7) *Suspension of a license.* The suspension of a child-placing license prohibits the agency from engaging in any child-placing activities during the period of the suspension. The department shall suspend a license when the agency's failure to meet the requirements poses a danger to the health, safety, or well-being of the children being served. The suspension of a license shall not extend beyond 12 months, and the existence of the condition requiring suspension shall be corrected within a year and documented in the agency's record.

The agency shall submit a written statement for approval by the department. The statement shall include the following:

a. The deficiencies necessitating the suspended license, including the specific requirements which are not met.

b. A plan for correcting the deficiencies.

c. The date by which the requirements will be met.

108.2(8) *Completed corrective action.* When the corrective action plan is completed on or before the date specified on the provisional license or notice of suspension, a full license shall be issued for the remainder of the licensing period.

108.2(9) *Denial or revocation of a license.* The department shall deny an application or reapplication for a license or revoke a license when the applicant fails to meet the licensing requirements or when any of the following conditions exist:

a. The agency is operating without due regard to the health, safety, and well-being of the children being served.

b. A provisional license is not approved.

c. The recipient of a provisional license fails to complete the corrective action plan within the time allowed.

d. An agency with a suspended license fails to complete the corrective action plan on time and a provisional license is not appropriate.

e. The agency misuses public funds.

f. The agency refuses to cooperate with child protective assessments involving children placed by the agency.

g. The agency continuously and significantly violates licensing requirements.

108.2(10) *Method and content of notice.* The notice of denial, revocation, or suspension shall be sent by restricted certified mail pursuant to 441—Chapter 16.

108.2(11) *Right to appeal.* Any agency which disagrees with the department's licensing decision may appeal to the department in accordance with 441—Chapter 7. The appeal shall be filed on or before the thirtieth day following the date of notice of the licensing decision.

[**ARC 5361C**, IAB 12/30/20, effective 3/1/21; **ARC 6960C**, IAB 4/5/23, effective 6/1/23]

441—108.3(238) Administration and organization.

108.3(1) *Statement of purpose.* The agency shall have a written statement of its child-placing philosophy, purpose, and program. The statement shall contain a description of services and methods for service delivery and a description of the persons for whom the services will be provided. The statement shall be available to the public.

108.3(2) *Governing board.* The agency shall have a governing board which, together with the executive, shall be responsible for making policy and for financing and general management of the agency. The governing board may be either the board of directors or the owners of the agency. If the governing board is a board of directors, the following rules shall apply:

a. The agency shall provide for continuity of board membership.

b. The board shall meet regularly for the purpose of ensuring the proper operation of the agency and fulfilling its responsibilities.

c. The minutes of each meeting of the board shall be kept and made a part of the permanent record of the agency.

108.3(3) *Annual report.* A child-placing agency shall require the administrator to submit a written annual report of the agency's activities. The report shall include fiscal and statistical sections indicating receipts and disbursements, number of clients served, and programs. The annual report shall be available to the department.

108.3(4) *Table of organization.* A table of organization, including the identification of lines of responsibility and authority for policy making and service to clients, shall be available to agency staff and to the department.

108.3(5) *Finances.* The licensee shall:

a. Annually develop and implement a plan of financing which is necessary for the operation of the agency in carrying out its programs, ensuring proper care for children, and meeting requirements for licensing.

b. Annually provide either an audit or a detailed financial statement prepared by an independent fiscal agency that provides a review of receipts and disbursements and a statement of fund balances.

c. Retain fiscal records for five years.

108.3(6) *Employment of administrator.* The agency shall employ a qualified administrator and shall delegate to the administrator the responsibility for the administration of the agency. The administrator shall ensure that the mission of the agency and laws relating to the welfare and protection of children are carried out.

108.3(7) *Office space, equipment and supplies.* The agency shall provide and maintain sufficient office space, equipment, and supplies to ensure delivery of services.

441—108.4(238) Staff qualifications.

108.4(1) *Qualifications for all staff.* A child-placing agency employee or volunteer shall be emotionally stable and have the experience and education to perform the duties assigned. The agency

shall not employ any person or give any person direct volunteer responsibility for a child or access to a child when the child is alone if that person has been convicted of a crime involving the mistreatment or exploitation of a child or dependent adult. The agency shall not employ any person or give any person direct volunteer responsibility for a child or access to a child when the child is alone if that person has a record of a criminal conviction or founded child or dependent adult abuse report unless the department has evaluated the crime or abuse and determined that the crime or abuse does not merit prohibition of volunteering or employment. If the child-placing agency is out of state, the agency shall complete that state's child or dependent adult abuse record check and a criminal record check.

a. If a record of criminal conviction or founded child or dependent adult abuse exists, the person shall be offered the opportunity to complete and submit Form 470-2310.

b. In its evaluation, the department shall consider:

(1) The nature and seriousness of the crime or founded abuse in relation to the employment or volunteer position sought;

(2) The time elapsed since the commission of the crime or founded abuse;

(3) The circumstances under which the crime or founded abuse was committed;

(4) The degree of rehabilitation;

(5) The likelihood that the person will commit the crime or founded abuse again; and

(6) The number of crimes or founded abuses committed by the person involved.

c. The agency shall maintain the following information with respect to each staff person:

(1) Documentation that a criminal record check with the Iowa division of criminal investigation has been completed on the staff person prior to the staff person's providing any care or service directly or indirectly to children under the care of the agency. A copy of the department's evaluation of the criminal record check shall be kept in the staff record.

(2) A written, signed and dated statement furnished by the staff person which discloses any founded reports of child or dependent adult abuse on the person that may exist prior to the staff person's providing any care or services to or on behalf of the facility.

(3) Documentation that a child or dependent adult abuse record check of the staff person has been completed with the Iowa central abuse registry for any founded reports of child or dependent adult abuse prior to the staff person's providing any care or services directly or indirectly to children under the care of the agency. A copy of the department's evaluation of this child or dependent adult abuse record check shall be kept in the staff record.

108.4(2) *Contracted employees.* A child-placing agency which contracts for services shall ensure that contracted employees meet the same qualifications, training, and evaluation requirements as those of workers in employed positions. A child-placing agency is responsible for the services provided by contracted providers as well as volunteers and agency employees.

108.4(3) *Qualifications of administrator.* An agency administrator shall possess one of the following:

a. A master's degree in social work, sociology, psychology, guidance and counseling, a related area of human services, education, business administration, or public administration and two years of experience in a public or private social services agency.

b. A bachelor's degree in social work, sociology, psychology, guidance and counseling, a related area of human services, education, business administration, or public administration and four years of experience in a public or private social services agency.

108.4(4) *Caseworker qualifications.* Therapy and counseling services, psychosocial evaluation and assessment and care plan development shall be provided by staff who meet one of the following minimum education and experience criteria:

a. Graduation from an accredited four-year college or university and the equivalent of three years of full-time experience in social work or experience in the delivery of human services in a public or private agency. In addition, these individuals shall have been employed by the agency prior to September 1, 1993. Persons meeting this criterion will not be qualified to provide therapy and counseling if they change place of employment.

b. Graduation from an accredited four-year college, institute or university with a bachelor's degree in social work from a program accredited by the council on social work education.

c. Graduation from an accredited four-year college or university with a bachelor's degree in a human service field related to social work, psychology, or a related behavioral science or in education and the equivalent of one year of full-time experience in social work or experience in the delivery of human services in a public or private agency.

d. Graduation from an accredited four-year college or university with a master's degree in social work or related human service field.

e. Any equivalent combination of graduate education in the social or behavioral sciences from an accredited four-year college or university and qualifying experience up to a maximum of 30 semester hours for one year of the required experience.

108.4(5) *Person filling more than one position.* A person functioning in more than one position specified by these rules shall meet the requirements for each of the positions the person fills.

[**ARC 3185C**, IAB 7/5/17, effective 9/1/17; **ARC 6960C**, IAB 4/5/23, effective 6/1/23]

441—108.5(238) Staffing requirements.

108.5(1) *Number of staff.* The agency shall employ a sufficient number of competent staff to perform duties as required by licensing rules for those programs operated by the agency. This shall include the following:

a. Administration of services offered by the agency.

b. Selection and appointment of qualified staff.

c. Provision for staff training.

108.5(2) *Staffing caseload.* The agency shall develop a written policy regarding a staffing ratio based on the workload necessary to provide services in accordance with the agency's program statements. The staffing ratio shall take into consideration all of the following:

a. Qualifications of the caseworkers.

b. Types of children served and their special needs.

c. Types and intensity of services to be provided.

d. Distances involved in provision of services.

e. Other functions or responsibilities of the caseworkers.

441—108.6(238) Personnel administration.

108.6(1) *Personnel policies.* An agency shall develop personnel policies in writing that identify responsibilities of the organization and staff. The policies shall specify hours of work, grievance procedures, sick leave, vacation and all other benefits. A copy of the policies shall be made available to the employee at time of hire.

108.6(2) *Job description and evaluation.* There shall be a written job description for each employee, volunteer, and contracted position identifying duties, qualifications, education, training requirements, and lines of authority. A copy shall be made available to the employees, volunteers, and contracted workers. There shall be a written evaluation of an employee's or contracted worker's performance within six months of being hired or contracted, and annually thereafter.

108.6(3) *Staff training.* An agency shall provide orientation training on the agency's purpose, policies and procedures within one month of hire and 24 hours of training in the first year of employment for all employed and contracted casework staff. The 24 hours of training shall include: training on family foster care services, adoption services, supervised apartment living services, or children and families' mental health topics, and 2 hours of training related to the identification and reporting of child abuse for all employed or contracted casework staff in accordance with Iowa Code section 232.69. An agency shall provide 12 hours of training per year after the first year of employment for all employed or contracted casework staff. The 12 hours of training shall include: training on family foster care services, adoption services, supervised apartment living services, or children and families' mental health topics and child abuse training every three years in accordance with Iowa Code section 232.69.

The training formats that shall qualify as training are as follows: in-service training, seminars, conferences, workshops, institutes, visiting other facilities, and meeting with consultants.

The training provided shall be documented. The documentation shall include the training topic, format, date and number of hours.

108.6(4) *Volunteers.* An agency which utilizes volunteer or student intern staff to work directly with a particular child or group of children shall have a written plan for using these volunteers. This plan shall be given to all volunteer staff and shall indicate that all volunteers are:

a. To be supervised directly by a paid staff member.

b. To be trained and oriented in the philosophy of the agency, the needs of the clients being served, and the methods of meeting these needs.

c. To be subject to the character and reference disclosure and checks required of employed and contracted applicants and employees.

d. To be subject to the same confidentiality rules as paid or contracted staff.

e. To assist and supplement paid staff only, and not replace them.

108.6(5) *Personnel records.* A confidential personnel record shall be maintained for each employee, contracted agent, and volunteer. The record shall contain all of the following information:

a. Name and address.

b. Record of training sessions attended, including dates and content of training.

c. Record of criminal convictions and the department's evaluation of same.

d. Record of founded child or dependent adult abuse reports and the department's evaluation of same.

[**ARC 5361C**, IAB 12/30/20, effective 3/1/21; **ARC 6960C**, IAB 4/5/23, effective 6/1/23]

441—108.7(238) Foster care services.

108.7(1) *Program statement.* An agency authorized to place children in foster care shall have a current written program statement. This statement shall be made available to all agency foster parents, foster children, their parents, referring agencies, and all persons making formal inquiry regarding foster care. The program statement shall include all of the following:

a. Types of foster care provided.

b. Types of children accepted for foster care.

c. Types of services provided to the children, their families, and their foster families.

d. Fees and application costs, if any.

108.7(2) *Agency's authorization to place.* The agency shall obtain a signed placement agreement from the child's custodial parent or legal custodian within 48 hours of placement.

108.7(3) *Preplacement documentation.* Except for emergency placements, a child shall be placed in the agency's foster care program only after the agency determines that its foster care program is an appropriate resource.

108.7(4) *Placement of siblings.* Preference shall be given to placing children from the same family together. If this is not in the best interest of the child, the reasons shall be documented in the child's record.

108.7(5) *Consideration of racial and cultural identity.* Race, color, or national origin may not be routinely considered in placement selections. Placement decisions shall be made consistent with the best interests and special needs of the child.

108.7(6) *Placement preparation.* An agency shall document the preparation for each child placed in foster care. Preparation shall be appropriate to the child's age, individual needs, the circumstances requiring placement, and the special problems presented. Preparation activities shall, when possible, include:

a. Face-to-face visits.

b. A description provided to the child of the foster family.

c. A description of the child's strengths and needs and safety-related information provided to the foster family. Safety-related information shall be withheld only if:

(1) Withholding the information is ordered by the court; or

(2) The department or the agency developing the service plan determines that providing the information would be detrimental to the child or to the family with whom the child is living.

d. Any other activities deemed significant.

108.7(7) *Initial placement outline.* If a placement outline is not in the child's case permanency plan, a brief outline documenting all of the following shall be entered in the child's case record within five working days after placement:

a. Name, birthdate, sex, race, and other significant identifying information.

b. Date of placement.

c. Name and address of parents or legal guardian.

d. Names and whereabouts of siblings.

e. Religious preference.

f. Immediate and significant health needs including the child's physical and emotional state at the time of placement.

g. The circumstances leading to the need for foster care.

h. Known previous out-of-home placements.

i. The immediate needs of the child and parents and services to be provided to meet these needs.

j. The name, address, and telephone number of the referring agent or worker.

108.7(8) *Education.* Within ten school days of placement, provisions shall be made by the agency for enrollment of each child of school age into a school program.

108.7(9) *Clothing.* An agency shall make provisions for adequate and individualized clothing for each child admitted into foster care.

108.7(10) *Monthly visit.* Each child in care shall be personally visited by the assigned caseworker at least once a month.

108.7(11) *Parent and child contact.* Provisions for contact between parents and children shall be made except where the parental rights have been terminated or where the court has determined that visits or contact are detrimental to the child.

a. If the mother is breastfeeding the child:

(1) An assessment shall be made whether continuation of breastfeeding is in the best interest of the child; and

(2) A plan shall be developed to support the mother's breastfeeding efforts, if appropriate.

b. The parents and child shall be informed of the contact plan in a manner consistent with their capacity to understand.

108.7(12) *Health and dental program.* An agency shall provide for a complete health and dental program for each child. An agency shall have a written procedure for handling medical emergencies on a 24-hour basis. A copy of the procedure shall be given to each foster home.

a. The agency shall obtain written authorization from the parent or legal guardian to provide medical, psychiatric, dental, anesthesia, immunization, substance abuse evaluation, and emergency surgical treatment. Only the parent or legal guardian shall consent to nonemergency surgery, unless ordered by court. If the child's parent prohibits medical examination, immunization, or treatment based on religious grounds, the agency shall obtain a signed statement from the parent that specifies the prohibitions. In potentially life-threatening situations, the agency shall refer the child's care to appropriate medical and legal authorities.

b. A child shall have a physical examination at least annually. This shall be performed by a licensed physician, physician assistant or licensed nurse practitioner.

c. A child shall have current immunizations as required by the department of public health. If documentation of prior immunization is unavailable, immunizations shall begin within 30 days of placement, unless contraindicated and unless a statement from a physician to that effect is included in the child's medical record. A statement from physician, referring agency, parent, or guardian indicating immunizations are current is sufficient documentation of immunizations.

d. An agency shall provide for dental examinations and treatment; the initial referral at 12 months of age, the next at 24 months of age, then every 6 months.

e. A health record shall be maintained for each child and shall include all of the following:

(1) Authorization for medical care.

(2) A medical history and copies of required physical examinations.

(3) A record of medical and dental care, treatment and prescribed medication, immunizations, accidents requiring medical treatment, and hospitalizations. At the time of discharge from agency foster care, a summary of this record shall be provided to the legal custodian. Information about drug evaluation or treatment, venereal disease tests, HIV tests, and pregnancy tests shall be excluded.

108.7(13) *Service plan development and review.* The provider shall develop and revise service plans for each child in placement. An initial service plan shall be developed within 30 calendar days of placement

in foster care. The provider shall identify qualified persons to monitor the services identified in the service plan to ensure that the plan continues to be necessary, appropriate, and addresses the permanency goal. Service plans shall be developed and reviewed as follows:

a. The service plan shall be developed and revised in collaboration with the referral worker, child, family, and the foster parents unless the service plan contains documentation for the treatment rationale for the lack of involvement of one of these parties. The provider shall document the dates and content of the collaboration on the initial and revised service plans. The provider shall provide a copy of the initial and revised service plans to the child's parent and the referring agency, unless otherwise ordered by the court. The initial and revised service plan shall identify the following:

(1) Strengths and needs of the child and parents.

(2) Goals, which are statements of outcomes to be achieved in meeting the needs of the child including the child's permanency needs.

(3) Objectives, which are specific, measurable and time-limited statements of indicators, levels of competence, or accomplishments which are necessary for progress toward each goal.

(4) Specific treatment service activities to be provided to achieve the objectives.

(5) Designation of the persons responsible for providing the services.

(6) Date of initiation and service plan development.

(7) Anticipated duration of services.

b. All service plans shall be reviewed 90 calendar days from the initiation of services and every 90 calendar days thereafter for the duration of the services or when the needs of the child or the services necessary for the parents to meet the needs of the child have changed and these changes significantly affect goals, objectives and service activities. The review shall determine if the services continue to be necessary, appropriate and consistent with the child's permanency goal. The reviewer shall revise the service plan to reflect the services that are necessary, appropriate, and consistent with the child's permanency goal.

108.7(14) *Information for foster parents.* At the time of placement, an agency shall provide foster parents with all of the following if known:

a. Name of the child, agency caseworker, and referring agency.

b. Information about the child's known behavioral characteristics including safety-related information, needs, and plans for the child and family. Safety-related information shall be withheld only if:

(1) Withholding the information is ordered by the court, or

(2) The department or the agency developing the service plan determines that providing the information would be detrimental to the child or to the family with whom the child is living.

c. Written consent to obtain routine, nonsurgical medical care and to authorize emergency medical and surgical treatment, anesthesia, and immunizations for each child placed in the foster home.

d. A copy of the child's current physical examination and medical history when completed.

As this information becomes available to the agency, foster parents shall be informed immediately.

108.7(15) *Religious policy.* The agency shall have a written policy on religious participation and training for foster children. The agency shall provide the policy to parents and foster parents and shall ensure that the policy is adhered to in each foster home.

108.7(16) *Mail.* There shall be a written policy which ensures that foster children are permitted to send and receive mail, unless documented that this practice is contraindicated.

108.7(17) *Allowance policy.* An agency shall have a written policy addressing payment of and accounting for personal allowances for foster children.

108.7(18) *Reporting hospitalization or death of child.* Any serious injury or illness requiring hospitalization of a child in care shall be reported to the parent and the responsible agency as soon as possible. Efforts to notify parents and responsible agency staff shall be documented in the child's record. The death of a child shall be reported immediately to the parent or next of kin and to the referring agency.

108.7(19) *Foster care records.* The agency shall maintain confidential individual records for each child placed in a foster home. The record shall include:

a. The initial placement outline. (Refer to subrule 108.7(7).)

b. All legal documents pertaining to the child.

c. The child's health record, including psychological and psychiatric reports.

d. The summary narrative which reflects the dates and content of the caseworker's contact regarding the child.

e. Educational records and reports.

f. All service plans developed by the agency.

g. Case permanency plans developed by the referring agency.

h. A record of foster placements made by the agency including foster parents' names and addresses and dates of placements.

108.7(20) *Termination of foster care.* When a foster care placement is terminated, all of the following information shall be documented in the child's record within 30 days:

a. Reason for termination.

b. Current location of the child, unless the child was placed for adoption. In that case the record shall state only that the child was placed for adoption and shall not disclose the identity of the adoptive family unless the adoptive family agrees to disclosure of identity prior to finalizing of adoption.

c. Steps remaining to achieve permanency plan goal.

d. Provisions for follow-up, if any.

e. For unplanned terminations, a summary explaining the circumstances.

[**ARC 6960C**, IAB 4/5/23, effective 6/1/23]

441—108.8(238) Foster home studies. The agency shall provide information to prospective foster parents about foster care, agency policies, licensing requirements for foster care, the children needing foster care, the licensing process and the reimbursement rates.

108.8(1) *Licensing procedures.*

a. Availability of applications. The agency may provide Form 470-0689 to anyone requesting to be licensed.

b. Licensing study. The agency may complete a licensing study of the family.

c. New applications. If the child-placing agency decides to complete the initial licensing study, the agency shall submit to the department all documents and information required by 441—Chapter 113 pertaining to the licensing and regulation of foster family homes. This shall include a narrative evaluation of the foster family home which reflects a thorough study of each foster family. The narrative shall document at least two face-to-face interviews with the prospective foster family and at least one face-to-face interview with each member of the household before the placement of a child. At least one interview shall take place in the applicant's home. The narrative summary of the family study shall assess all of the following:

(1) Motivation for foster care.

(2) Family's and extended family's attitude toward accepting foster children.

(3) Family's attitude toward foster children's parents.

(4) Emotional stability, physical health, and compatibility of foster parents, and ways they cope with change and stress.

(5) Adjustment of own children, if any.

(6) Assessment of the child-caring skills, including disciplinary techniques used.

(7) Strengths and weaknesses of each member of the household.

(8) Types of children desired.

(9) Type of children, if any, for whom placement with the family would be appropriate.

(10) Recommendation as to the number, age, sex, characteristics, and special needs of children best served by this family.

(11) Assessment of the need for training and a plan for providing the needed training.

(12) Any other pertinent information that might assist the agency in making the licensing recommendation.

(13) Record checks. The licensed child-placing agency shall submit record checks for each applicant and for anyone who is 14 years of age or older living in the home of the applicant to determine whether they have any founded child or dependent adult abuse reports or criminal convictions or have been placed on the sex offender registry. The licensed child-placing agency shall use Form 470-0643 and Form 595-1396 for this purpose. The department's contractor for the recruitment and retention of resource

families shall assist applicants in completing required record checks, including fingerprinting. Any criminal or abuse records discovered shall be evaluated according to the procedures in rule 441—113.13(237).

(14) Health of foster parents and impact of medical conditions on their ability to foster a child.

(15) Income information.

(16) Documentation that at least three references have been received and the responses reviewed.

108.8(2) *Licensing decision.* The department shall make the licensing decision and notify the applicant and the child-placing agency within 30 days of the licensing decision. In no case shall a child be placed in a foster home before licensing approval.

a. A full license shall be issued to foster families meeting all necessary criteria for a full licensure.

b. A provisional license may be issued for up to one year if the foster family fails to meet all requirements for licensure. When an agency recommends, because of rule violation, that a foster home receive a provisional license at the time the license is issued or renewed, the agency shall document the violation in the foster home file, and shall send the following to the department:

(1) A copy of the assessment of the rule violation and recommendation.

(2) A copy of the foster home's plan to achieve rule compliance within stipulated time frames.

c. When an agency recommends that a foster home license be denied or revoked, the agency shall send the following documents to the department:

(1) A copy of the assessment of rule compliance and the foster family's reaction to the assessment.

(2) The agency's recommendation and supporting rationale.

(3) Other appropriate documents supporting the findings.

108.8(3) *Reapplications.* At least 30 days before the expiration of the license, the agency shall submit all documents and information required by 441—Chapter 113 pertaining to the licensing and regulation of foster family homes. This shall include an update of the narrative noting any changes that may have occurred in the foster family's living arrangement or life style and any other pertinent information that might assist in making the licensing decision, including an assessment of the foster family's ability to provide foster care.

108.8(4) *Unannounced visits.* The agency shall conduct at least one annual unannounced visit to each licensed foster family home the agency inspects to meet the requirements of Iowa Code section 237.7.

108.8(5) *Complaints.* When an agency receives a complaint which may indicate possible violation of the foster care licensing rules, the agency shall, within five working days of receiving the complaint, either conduct an investigation to assess compliance with applicable rules or refer the complaint to the department for assessment. If the agency conducts the investigation, the agency shall submit a written report of the investigation to the department within ten working days of receiving the complaint with a statement of rule violation and a recommendation regarding the license of the foster family home. The written report shall be filed in the foster parents' file.

108.8(6) *Foster family training.* The agency shall ensure that each foster home recommended for foster family license has complied with the training requirements in rule 441—113.8(237).

Prior to licensure and every three years thereafter, each foster parent shall obtain mandatory reporter training relating to identification and reporting of child abuse.

108.8(7) *Placement agreement.* When a child is placed with a foster family, the agency shall have a signed agreement with each foster family home including the expectations and responsibilities of both the agency and the foster family, the services to be provided, and the financial arrangements for children placed in the home.

108.8(8) *Foster family home records.* The agency shall keep separate records for each foster family home. The agency shall begin the record at the time of application. Foster family home records shall contain:

a. The application.

b. Family assessment.

c. Most recent medical reports on foster family members.

d. Summary of dates and content of worker's contacts relating to licensing or relicensing.

e. Reference letters.

f. Annual assessment of strengths and weaknesses of the foster family relative to the care of individual children placed with them.

[**ARC 5361C**, IAB 12/30/20, effective 3/1/21; **ARC 6960C**, IAB 4/5/23, effective 6/1/23]

441—108.9(238) Adoption services.

108.9(1) *Program statement.*

a. An agency licensed to place children for adoption shall have a current written program statement which shall include all of the following:

(1) Characteristics of children to be placed.

(2) Eligibility requirements for adoptive families.

(3) Services provided during the adoption process.

(4) Services to the birth parents upon relinquishment.

(5) Postadoption services to adoptive families, if offered.

(6) Explanation of all fees and any other costs for which the adoptive family is responsible for payment.

(7) A statement that payment of fees does not ensure adoption approval.

b. The program statement shall be made available to referring agencies and to all persons making formal inquiry regarding adoption.

108.9(2) *Services to birth families.* An agency which offers services to birth parents who are considering relinquishing a child for adoption shall provide the following:

a. Intake process. When an agency agrees to provide services to the birth parents, intake interviews shall be conducted, including provision of information to the birth parents regarding the adoption process and their rights and role.

(1) When an agency completes a background information investigation report on the child to be adopted, a personal interview with each parent of the child must be completed unless a parent's identity or whereabouts is unknown.

(2) If a parent's identity or whereabouts is unknown, as much information as possible shall be obtained from the other parent or other sources if available.

b. Background information on birth parents. The agency shall obtain as much information as possible about birth parents that includes, but is not limited to:

(1) Birth parents' strengths and needs.

(2) Birth parents' physical description.

(3) Birth parents' and extended family members' medical and mental health history.

(4) Parents' criminal history.

(5) Birth parents' educational level.

(6) An affidavit signed by the birth parents instructing the court to reveal, or not reveal, their names to the child pursuant to Iowa Code chapter 600.

(7) Any additional information the birth parents wish to include in the child's adoption record.

c. Background information for an infant adoption. Information shall be obtained that includes, but is not limited to, the following:

(1) The child's due date.

(2) Prenatal care received by the mother during pregnancy.

(3) Risk factors that may affect the child's health after birth.

(4) Birth records following the child's birth, if available.

d. Background information on an older child. Information shall be obtained that includes, but is not limited to the following:

(1) The child's legal status.

(2) The child's physical description, medical and mental health history, developmental information, and other pertinent information necessary for a child study.

(3) Identification of any specific and unique needs of the child and the type of family to be considered for adoptive placement.

(4) The involvement of the birth parents and significant others in the child's care.

e. A copy of the background information of the child and birth parents shall be provided to the prospective family before placement of the child.

f. Birth parent counseling. If accepted by the birth parents, the counseling shall be provided after the birth of the child and prior to the signing of a release of custody that meets the requirements of Iowa Code chapter 600A or prior to the filing of a petition for termination of parental rights.

(1) The purpose of the counseling is to:

1. Provide information about options to assist birth parents in making an informed decision regarding release of custody.

2. Assist birth parents in resolving emotional issues related to separation and loss.

(2) Counseling shall be provided to birth parents only by the following persons:

1. Certified adoption investigators.

2. Mental health professionals who have the equivalent of two years of adoption work experience in the direct provision of adoption services.

3. Private agency staff with two years of adoption work experience in the direct provision of adoption services.

4. Department staff with two years of adoption work experience in the direct provision of adoption services.

(3) Forms. All forms used to execute a release of custody shall comply with the requirements of Iowa Code chapters 600 and 600A.

(4) Affidavit and documentation. The person providing the counseling shall complete the Counseling Affidavit to certify that the counselor has provided the birth parent with the requested counseling or that the birth parent has refused counseling. The Counseling Affidavit and documentation that the person providing the counseling is qualified to provide the requested counseling shall be attached to the release of custody. Documentation shall include one of the following:

1. A copy of a professional license, when applicable.

2. A record of all adoption work experience, including dates and location. In addition, the person providing counseling shall provide the names of the counselor's employers and supervisors to enable the court to verify the counselor's adoption work experience.

108.9(3) *Preparation of child for adoptive placement.* Preparing a child, especially an older child, includes activities designed to enable a child to make a transition to an adoptive placement. The activities shall include, but are not limited to:

a. Counseling regarding issues of separation, loss, grief, guilt, anger and adjustment to an adoptive family.

b. Preparation of a life book.

c. Provision of age-appropriate information regarding community resources available, such as children's support group to assist the child in the transition and integration into the adoptive family.

108.9(4) *Services to adoptive applicants.*

a. Application process. Before proceeding with an adoptive home study, the agency shall have received an application for adoption from the person or persons wishing to adopt a child. The application form shall include information about the applicant's intent to become an adoptive parent, and the basic data about the applicant's family, home, financial status, health, and references.

b. Explanation of the adoption process. The agency shall provide the applicant an explanation of the entire adoption process, including the legal procedures, the agency policies and procedures regarding placement of children, and the children available for adoption.

c. Adoptive home study. The home study consists of a family assessment which shall include at least two face-to-face interviews with the applicant and at least one face-to-face interview with each member of the household. At least one interview shall take place in the applicant's home. The assessment shall include, but need not be limited to, the following:

(1) Motivation for adoption and whether the family has biological, adopted or foster children.

(2) Family and extended family's attitude toward accepting an adopted child, and plans for discussing adoption with the child.

(3) The attitude toward adoption of other people involved with the family in a significant way.

(4) Emotional maturity; marital history, including verification of marriages and divorces; assessment of marital relationship; and compatibility of the adoptive parents.

(5) Ability to cope with problems, stress, frustrations, crises, separation and loss.

(6) Medical, mental, or emotional conditions which may affect the applicant's ability to parent a child.

(7) Ability to provide for the child's physical and emotional needs and to respect the child's cultural and religious identity.

(8) Description of biological and previously adopted children, if any, including their attitudes toward adoption, relationship with others, and school performance.

(9) Capacity to give and receive affection.

(10) Statements from at least three references provided by the family and other unsolicited references that the agency may wish to contact.

(11) Attitudes of the adoptive applicants toward the birth parents and the reasons the child is available for adoption.

(12) Income information, including the family's ability to financially provide for a child.

(13) Disciplinary practices that will be used.

(14) History of abuse involving family members, including how the abuse was addressed and how that history impacts the applicant's ability to be an adoptive parent.

(15) Assessment of, commitment to, and capacity to maintain other significant relationships.

(16) Substance use or abuse by members of the household, treatment history and current status of treatment.

(17) Recommendations for the number, age, sex, characteristics, and unique needs of children best parented by this family.

(18) The family's ability to anticipate and understand the unique needs of an adopted child as the child gets older and how the family will manage those needs.

d. Record checks. The licensed child-placing agency shall perform record checks for each applicant and for the other persons living in the home of the applicant as follows:

(1) The records of the applicants shall be checked:

1. On the Iowa central abuse registry using Form 470-0643;
2. By the Iowa division of criminal investigation, using Form 595-1396;
3. On the Iowa sex offender registry;
4. On the child or dependent adult abuse registry of any state where the applicant has lived during the five years prior to the issuance of the investigative report; and
5. For a national criminal history through fingerprinting or another biometric identification-based process accepted by the federal government.

(2) The records of persons aged 14 or older living in the home of the applicant shall be checked:

1. On the Iowa central abuse registry using Form 470-0643;
2. By the Iowa division of criminal investigation, using Form 595-1396; and
3. On the Iowa sex offender registry.

(3) Out-of-state child and dependent adult abuse checks and national criminal history checks may be completed on any adult in the home of the applicant if the certified adoption investigator has reason to do so.

(4) The agency shall not approve a prospective applicant and the department shall not perform an evaluation if the applicant or anyone living in the home of the applicant has been convicted of a felony offense as set forth in Iowa Code section 600.8(2)*"b."*

(5) The agency shall not approve a prospective applicant and shall not perform an evaluation if the applicant or anyone living in the home of the applicant has committed a crime in a state other than Iowa that would be a forcible felony if the crime would have been committed in Iowa, as set forth in Iowa Code section 600.8(2)*"b."*

e. Evaluation of record. If the applicant or anyone living in the home has record of founded child or dependent adult abuse, a criminal conviction, or placement on the sex offender registry, the applicant shall not be approved to adopt unless an evaluation determines that the abuse or criminal conviction does not warrant prohibition of approval.

(1) The evaluation shall consider the nature and seriousness of the founded abuse or crime in relation to adoption, the time elapsed since the commission of the founded abuse or crime, the circumstances under which the abuse or crime was committed, the degree of rehabilitation, the likelihood that the person will commit the abuse or crime again, and the number of abuses or crimes committed by the person.

(2) The person with the criminal conviction or founded child or dependent adult abuse report shall complete and return Form 470-2310 within ten calendar days of the date on the form to be used to assist in the evaluation. Failure of the person to complete and return the form within the specified time frame may result in a written denial of approval for adoption.

(3) If the applicant, or anyone living in the home of the applicant, has been convicted of a simple misdemeanor or a serious misdemeanor that occurred five or more years prior to application, the evaluation and decision may be made by the department's centralized service area. The department's centralized service area shall notify the applicant of the results of the evaluation.

(4) If the applicant, or any person living in the home of the applicant, has a founded child or dependent adult abuse report, has been convicted of an aggravated misdemeanor or felony at any time, or has been convicted of a simple or serious misdemeanor that occurred within five years prior to application, the licensed child-placing agency shall initially conduct the evaluation.

1. If the licensed child-placing agency determines that the abuse or crime does warrant prohibition of approval, the licensed child-placing agency shall notify the applicant of the results of the evaluation in writing. The notice shall contain information on appeal rights pursuant to 441—Chapter 7.

2. If the child-placing agency determines that the applicant should be approved despite the abuse or criminal conviction, the agency shall provide copies of Form 470-2310 and the written notice to the applicant to the Administrator, Division of Adult, Children and Family Services, Department of Human Services, 1305 East Walnut Street, Des Moines, Iowa 50319-0114. Within 30 days, the administrator shall determine whether the abuse or crime merits prohibition of approval and shall notify the child-placing agency in writing of that decision.

f. Agency decision. The licensed child-placing agency shall notify the applicant in writing no later than 30 days after completion of the home study of the agency's decision regarding approval for placement of a child.

(1) If the applicant is denied approval, the agency shall state the reasons for denial in the written decision.

(2) The agency worker and supervisor shall date and sign the adoptive home study.

(3) The agency shall provide a copy of the home study to the family at the time the written notice is sent.

(4) An agency shall not place a child in an adoptive home before the family is approved, or before a placement agreement is signed by the family and the agency.

(5) A home study shall be valid for up to two years from the date signed by the agency worker and supervisor.

g. Denial. The licensed child-placing agency shall deny approval of an adoption application when:

(1) The applicant or any other person living in the home of the applicant has been convicted of a felony offense as set forth in Iowa Code section 600.8(2)*"b."*

(2) The minimum standards set forth in these rules are not met and cannot be corrected.

(3) The applicant or any person residing in the home has been convicted of a crime, unless an evaluation of the crime has been made by the department which concludes that the crime does not merit prohibition of approval.

(4) The applicant or any person residing in the home has a record of founded child or dependent adult abuse, unless an evaluation of the founded child or dependent adult abuse has been made by the department which concluded that the founded child or dependent adult abuse does not merit prohibition of approval.

(5) The application is fraudulent, which means the applicant has knowingly made false statements or has knowingly concealed information that is material to the investigation.

h. Updates. To remain valid, an update to the home study shall be completed no later than 24 months from the previous home study or previous home study update. The update shall be conducted by completion of the following:

(1) The child and dependent adult abuse and criminal history record checks, except for the national criminal history check, shall be repeated. Any abuses or convictions of crimes since the last record check shall be evaluated using the same process.

(2) A minimum of one home visit shall be conducted with the approved adoptive family.

(3) The information in the approved adoptive home study shall be reassessed.

(4) A written report of the assessment and updated adoptive home study shall be completed, dated, signed by the agency worker and the agency supervisor, and provided to the adoptive family.

i. Annual visits to the adoptive home. The agency shall complete a minimum of one visit each year in the homes of families approved to adopt by the agency.

(1) The visit shall include, but not be limited to, assessment of the following areas:

1. Home environment.
2. Persons present at the time of the visit.
3. Changes in the home or household members, or other areas addressed in the home study.

(2) When a person aged 14 or older moves into the home, the agency shall perform checks on the Iowa central abuse registry, by the division of criminal investigation, and on the sex offender registry. The record check evaluation process shall be completed if the person has a criminal conviction or founded child or dependent adult abuse report or is on the sex offender registry.

(3) The findings from the visit shall be documented and maintained in the file.

108.9(5) *Services to adoptive families.*

a. Preparation of the family includes activities designed to prepare the adoptive family for the placement of a particular child. These activities shall assist the adoptive family in expanding its knowledge and understanding of the child and enhance the family's readiness to accept the child into the family and encourage the family's commitment. The activities shall include, but not be limited to:

(1) Providing background information on the child and the birth family, including a child study.

(2) Providing information regarding the unique needs and characteristics of the child.

(3) Providing information regarding an older child's anticipated behavior.

(4) Discussing the impact that adding a new member to their family may have on all current family members.

(5) Discussing the issues of separation, loss, grief, anger, and guilt that adoptive children experience at various developmental stages.

(6) Providing the family with community resources that are available, such as support groups.

b. Preplacement services include the preplacement visits of the child and approved family and any activities necessary to plan, conduct, and assess these transitional visits before the placement of the child in the adoptive family's home for the purpose of adoption.

c. Postplacement services include postplacement supervision, support, crisis intervention, and required reports to the court. The postplacement services are provided from the time the child is placed with an approved adoptive family until finalization of the adoption occurs.

(1) No fewer than three face-to-face postplacement visits in the family's home are required.

(2) At a minimum the first visit shall be completed within 30 days after placement; the second visit within 90 days after placement; and the final visit before granting consent to adopt no later than 180 days after placement.

(3) Postplacement visits shall be completed as often as necessary if the adoptive family is experiencing problems, and may extend to finalization or beyond 180 days if additional time is needed.

d. Postplacement supervision. The agency shall provide postplacement supervision to assess the unique needs of the child including, but not limited to, the following areas:

(1) Integration and interaction of the child with the family.

(2) Changes in the family functioning which may be due to the child's placement.

(3) Social and emotional adjustment of the child.

(4) Child's growth and development since placement with the adoptive family.

(5) Changes and adjustments that have been made in the family since the child's placement.

(6) Family's method of dealing with testing behaviors and discipline.

(7) Behavioral evidence of the degree of bonding that is taking place and the degree to which the child is becoming a permanent member of the adoptive family.

(8) School adjustment of a child who is attending a school.

(9) The behavioral needs of the child.

(10) The psychological and mental health needs of the child.

(11) Services and supports that will assist the family in the future.

e. Postadoption services. The agency shall provide postadoption services to adoptive parents and adoptees, or shall refer adoptive parents and adoptees to other community resources for the services.

f. Postplacement reports. The agency worker shall prepare a written report based on observations made during each home visit. Each report shall address the specific needs of the child and the family's ability to meet those needs. The reports shall be used by the agency in making a written recommendation to the court regarding finalization of the adoption.

108.9(6) *International adoptions.*

a. International adoptions preplacement investigation. Preplacement investigations for the purpose of international adoptions shall meet the requirements of the United States Citizenship and Immigration Services.

b. International adoptions postplacement report.

(1) For an adoption based on a decree issued by a foreign jurisdiction within the United States, the agency shall conduct a postplacement investigation and issue a postplacement report as required in subrule 108.9(5).

(2) For an adoption based on a decree issued by a jurisdiction outside the United States, an investigator shall conduct a postplacement investigation that consists of a minimum of three face-to-face visits with the minor person and the adoptive parents during the first year after placement with the first such visit to be conducted within 60 days of the placement of the minor person in the adoptive home. Additional visits shall be conducted if required by the jurisdiction that issued the decree.

(3) The postplacement investigation and report under this subrule shall include documentation that any unique needs of the minor person are being met appropriately through the placement.

108.9(7) *Religious policy.* There shall be a written policy on religious participation for prospective placing parents, adoptive parents, and adoptees. The policy shall be made available to referral sources as well.

108.9(8) *Adoption records.* The agency shall keep separate records for each prospective, approved, or active adoptive family. Contents of these records shall be as follows:

a. The application.

b. The adoptive home study.

c. Current medical records.

d. All references.

e. All legal documents pertaining to the adoption.

f. Birth family information and background report, including physical descriptions, medical and mental health history, educational level, developmental history, problem areas such as substance or alcohol abuse.

g. Summary narrative on the placement decision and the preplacement and postplacement contacts with the adoptive family and child.

h. Information pertaining to the child including, but not limited to: physical, medical, and mental health; problem areas, including verification of the child's special needs; and whether or not a referral was made to the department for adoption subsidy.

i. In the event a family is not approved for placement of a child, the narrative shall clearly indicate the reason.

j. In the event a family is approved, but no child is placed with them, the narrative shall clearly indicate the reason.

108.9(9) *Right to appeal.* An adoptive applicant or an adoptive family may appeal an adverse decision made by a licensed agency pursuant to 441—Chapter 7. The appeal shall be filed with the department within 30 days of the notice of decision to the applicant or family by the licensed agency.

108.9(10) *Disposition of records.* When an adoption has occurred, the agency must maintain all records regarding the child, the birth family, and the adoptive family or families, forever. Any subsequent information received following the adoption finalization shall be placed in the adoption record. If the agency closes, all adoption records shall be forwarded to the department.

[**ARC 1754C**, IAB 12/10/14, effective 2/1/15; **ARC 6960C**, IAB 4/5/23, effective 6/1/23]

441—108.10(238) Supervised apartment living placement services. An agency seeking to obtain a child-placing license which authorizes the agency to place or supervise children in supervised apartment living placements shall meet the standards in rules 441—108.2(238) to 441—108.6(238).

108.10(1) *Program statement.* An agency authorized to place or supervise children in supervised apartment living placements shall have a current written program statement which shall be provided to all children placed in supervised apartment living. The statement shall include all of the following:

a. A description of the types of living arrangements approved by the agency.

b. The eligibility requirements for the children who may be placed in a supervised apartment living placement.

c. The means of financial support for the children.

d. The expectations the agency has for children while placed in a supervised apartment living placement.

e. Services provided to the children.

f. Provisions for emergency medical care.

g. A description of the education and community activity options that are available.

108.10(2) *Basis for placement.* Before placing a child in supervised apartment living, an agency shall document all of the following:

a. The child is at least 16 years of age.

b. An initial assessment has been made that identifies the child's strengths and needs as these pertain to the child's ability to live independently.

c. The child has the capacity to function outside the structure of a foster family or group care setting.

d. The selection of a supervised apartment living placement is the most appropriate placement for the child.

e. The child will be involved in school or an educational or vocational program, work, or a combination thereof, as indicated in the child's individual service plan.

f. The child has entered into a mutually agreed-upon written contract with the agency which specifies the responsibilities of the agency and the child. This contract shall be reviewed with the child quarterly.

g. The agency has determined, through a visit to the living arrangement, that the following minimum standards for approval have been met:

(1) The living arrangement provides reasonably convenient access to schools, places of employment, and services required by the child.

(2) The living arrangement is in compliance with the applicable state and local zoning, fire, sanitary, and safety regulations.

(3) The living arrangement is reasonably priced to fit within the child's budget.

h. The agency has determined, based on the criteria in this subrule, that the agency's program can meet the needs of the child.

108.10(3) *Services provided.* The following services are required:

a. Ongoing assessment that identifies the child's strengths and needs as these pertain to the child's ability to live independently.

b. Development of an individual service plan by the agency worker within 30 days of the child's placement. The service plan shall be developed in consultation with the child, the child's family (unless a reason for noninvolvement is documented in the case record), and referring worker and shall be signed by all involved. The individual service plan shall be reviewed and updated quarterly or more often as necessary and shall be signed by all involved. The plan shall document the following:

(1) The goals that are intended to meet the specific needs of the child and the projected dates of accomplishment.

(2) The objectives (action steps) to be taken by the child and the agency and the projected dates of accomplishment to meet the child's goals.

(3) The services and activities necessary to achieve the child's goals and facilitate objectives (action steps), the frequency of services or activities, and the persons responsible.

(4) A budget, developed with the child, based upon the child's monthly maintenance payment, any start-up allowance, and any earned or unearned income or assistance (such as food assistance). The agency worker shall work with the child to ensure that needed items are purchased and that bills are paid.

(5) In the quarterly update, the child's progress toward the goals and objectives and the child's compliance with the service plan.

c. Supervision to assist the child in developing the needed structure to live in this setting and in locating and using other needed services. Supervision shall include guidance, oversight, and behavior monitoring.

(1) If the child is under age 18, supervision shall include a minimum of weekly face-to-face contacts.

(2) For children aged 18 or older, supervision shall include face-to-face contact at least every other week.

(3) Agency staff shall be present on site in a cluster setting at any time when more than one child is present in the living arrangement and shall be available to the children 24 hours a day, seven days a week.

(4) The agency shall provide personal care items for youth, and these items shall reflect the individual, cultural, racial, and ethnic needs of the youth living in the agency's program.

(5) The agency shall provide a means for children in a scattered site setting to contact agency personnel 24 hours per day, seven days per week.

(6) The agency shall ensure that each child has access to and is receiving necessary medical care.

d. Documented observation by the agency worker that:

(1) The living situation is an environment that allows for the child's social and emotional needs to be met;

(2) There is an operating smoke alarm on each level of occupancy;

(3) The child has access to a telephone; and

(4) There is no reasonable cause for believing that the child's mode of living presents any unacceptable risks to the child's health or safety.

108.10(4) *Record.* In addition to any other documentation requirements, an agency shall maintain a record for each child in a supervised apartment living placement. The record shall contain all of the following:

a. The name, date of birth, sex, and address of the child and information on how the child can be contacted.

b. Documentation of financial support sufficient to meet the child's housing, clothing, food, and miscellaneous expenses.

c. Name, address, and telephone number of guardian, if applicable, and referring worker.

d. Medical records.

e. Educational and employment records.

f. All of the individual service plans and updated reviews.

g. Documentation of visits.

108.10(5) *Staffing requirements.* Each child in a supervised apartment living placement shall receive an agreed-upon number of hours of casework services per month. This shall be recorded in the child's individual service plan.

CHAPTER 109
CHILD CARE CENTERS

[Filed as Chapter 108, 2/14/75 and renumbered 7/1/75]
[Prior to 7/1/83, Social Services[770] Ch 109]
[Prior to 2/11/87, Human Services[498]]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/30

441—109.1(237A) Definitions.

"Adult" means a person 18 years of age or older.

"Child" means the same as defined in Iowa Code section 237A.1.

"Child care" means the same as defined in Iowa Code section 237A.1.

"Child care center" or *"center"* means the same as defined in Iowa Code section 237A.1. For the purposes of this chapter, the word "center" applies to a child care center or preschool unless otherwise specified.

"Child care facility" or *"facility"* means the same as defined in Iowa Code section 237A.1.

"Coaching" means a relationship-based process led by an expert to build capacity for specific professional dispositions, skills and behaviors and is focused on performance-based outcomes.

"Education" means formal coursework offered through a state-approved accredited secondary school, college or university.

"Facility" means a building or physical plant established for the purpose of providing child day care.

"Get-well center" means a facility that cares for a child with an acute illness of short duration for short enrollment periods.

"Involvement with child care" means the same as defined in Iowa Code section 237A.1.

"Parent" means parent or legal guardian.

"Person subject to an evaluation" means the same as defined in Iowa Code section 237A.5.

"Preschool" means the same as defined in Iowa Code section 237A.1.

"Professional development" means a continuum of learning activities designed to prepare and support individuals for work with children and families, including coaching, education, and training.

"Regulatory fee" means the amount payable to the department for licensure of a child care center based on the capacity of the center.

"Requesting entity" means an entity covered by these rules that is requesting an evaluation to determine if the person being evaluated can have involvement with child care. The requesting entity must be a child care facility as defined in Iowa Code section 237A.1.

"Serious injury" means the same as defined in Iowa Code section 702.18.

"Training" means a learning experience that addresses a specific topic of professional relevance that builds or enhances knowledge.

"Transgression" means the same as defined in Iowa Code section 237A.5.

[**ARC 9021C**, IAB 3/19/25, effective 7/1/25]

441—109.2(237A) Licensure procedures.

109.2(1) *Application for license.*

a. Any adult or agency has the right to apply for a license. The application for a license must be made to the department on a department-provided application for a license to operate a child care center.

b. Requested reports, including the fire marshal's report and other information relevant to the licensing determination, will be furnished to the department upon application and renewal.

c. A center must submit all required fingerprints to the department of public safety before the issuance or renewal of the center's license.

d. When a center makes a sufficient application for an initial license, the center may operate for a period of up to 120 calendar days from the date of issuance of the form granting permission to open without a license, pending a final licensing decision. A center has made a sufficient application when it has had an on-site visit and has submitted the following to the department:

(1) An application for a license.

(2) An approved fire marshal's report.

(3) A floor plan indicating room descriptions and dimensions, including location of windows and doors.

(4) Information sufficient to determine that the center director meets minimum personnel qualifications.

e. Applicants must submit the regulatory fee as specified in subrule 109.2(5) to the department.

f. Applicants must be notified of approval or denial of initial applications within 120 days from the date the application is submitted.

(1) If the applicant has been issued a form granting permission to open without a license, the applicant must be notified of approval or denial within 120 calendar days of the date of issuance of the form.

(2) No full or provisional license will be issued before payment of the applicable regulatory fee as determined pursuant to subrule 109.2(5).

g. The department will not act on a licensing application for 12 months after an applicant's child care center license has been denied or revoked.

h. When the department has denied or revoked a license, the applicant or person is prohibited from involvement with child care unless the department specifically permits involvement through a record check decision.

109.2(2) *License.*

a. An applicant showing compliance with center licensing laws and these rules, including department approval of center plans and procedures and submission of the regulatory fee as specified in subrule 109.2(5) to the department by the date due, shall be issued a license for 24 months. In determining whether or not a center is in compliance with the intent of a licensing standard outlined in this chapter, the department will make the final decision.

b. A new license must be applied for when the center moves, expands, or the facility is remodeled to change licensed capacity.

c. A new license must be applied for when another adult or agency assumes ownership or legal responsibility for the center.

d. A provisional license may be issued or reduced pursuant to Iowa Code section 237A.2.

109.2(3) *Denial.* Initial applications or renewals will be denied when:

a. The center does not comply with center licensing laws and these rules in order to qualify for a full or provisional license.

b. The center is operating in a manner that the department determines impairs the safety, health, or well-being of children in care.

c. A person subject to an evaluation has transgressions that merit prohibition of involvement with child care and of licensure, as determined by the department.

d. Information provided either orally or in writing to the department or contained in the center's files is shown to have been falsified by the provider or with the provider's knowledge.

e. The center is not able to obtain an approved fire marshal's certificate as prescribed by the state fire marshal or fails to comply in correcting or repairing any deficiencies in the time determined by the fire marshal or the fire marshal determines the facility is not safe for occupancy.

f. The regulatory fee as specified in subrule 109.2(5) is not received by the department within 60 calendar days from the due date on the invoice.

109.2(4) *Revocation and suspension.* A license will be revoked or suspended if corrective action has not been taken when:

a. The center does not comply with center licensing laws or these rules.

b. The center is operating in a manner that the department determines impairs the safety, health, or well-being of the children in care.

c. A person subject to an evaluation has transgressions that merit prohibition of involvement with child care and of licensure, as determined by the department.

d. Information provided to the department or contained in the center's files is shown to have been falsified by the provider or with the provider's knowledge.

e. The facility is not able to obtain an approved fire marshal's certificate as prescribed by the state fire marshal, fails to comply in correcting or repairing any deficiencies in the time determined by the fire marshal or the fire marshal determines the facility is not safe for occupancy.

f. The regulatory fee as specified in subrule 109.2(5) is not paid in full due to insufficient funds to cover a check submitted to the department for the fee.

109.2(5) *Regulatory fees.* A fee based upon center capacity is due to the department at the time of issuance of the license in accordance with this subrule.

a. Fee structure. The amount of the fee is based on the capacity of the center as indicated below:

Center Capacity	Fee Amount
0 to 20 children	$50
21 to 50 children	$75
51 to 100 children	$100
101 to 150 children	$125
151 or more children	$150

b. Determination of capacity. The licensing consultant must determine center capacity by dividing the amount of usable space by the amount of space required per child as specified in subrule 109.11(1). Upon approval by the department, the final determination of center capacity may include evaluation of other factors that influence capacity, as long as physical space requirements per child as defined in subrule 109.11(1) are maintained.

c. Notification. Upon final determination of center capacity by the licensing consultant, the licensing consultant or designee must sign and provide the child care center licensing fee invoice to the center.

d. Payment. The center must return the child care center licensing fee invoice to the department with the licensing fee payment within 60 calendar days from the date on the invoice. Regulatory fees are nonrefundable and nontransferable.

109.2(6) *Adverse actions.*

a. Notice of adverse actions for a denial, revocation, or suspension and the right to appeal the licensing decision will be given to applicants and licensees in accordance with 441—Chapter 2506 and 441—subrule 16.2(3).

b. A letter received by an owner or director of a licensed center initiating action to deny, suspend, or revoke the facility's license must be conspicuously posted at the main entrance to the facility. The letter will remain posted until resolution of the action to deny, suspend, or revoke the license. If the action to deny, suspend, or revoke is upheld, the center must return the license to the department.

c. If the center's license is denied, suspended, or revoked, the department will notify the parent, guardian, or legal custodian of each child for whom the facility provides child care.

d. The center must cooperate with the department in providing the names and addresses of the parent, guardian, or legal custodian of each child for whom the facility provides child care.

[**ARC 9021C**, IAB 3/19/25, effective 7/1/25; Editorial change: IAC Supplement 6/10/26]

441—109.3(237A) Inspection and evaluation. The department will conduct an unannounced on-site visit in order to make a licensing recommendation for all initial and renewal applications for licensure and will determine compliance with licensing standards imposed by licensing laws and these rules when a valid complaint is received.

109.3(1) At least one unannounced on-site visit will be conducted each calendar year.

109.3(2) After each visit and valid complaint, the department will document whether a center was in compliance with center licensing standards imposed by licensing laws and these rules.

109.3(3) The written documentation of the department's conclusion as to whether a center was in compliance with licensing standards for all licensing visits and valid complaints will be available to the public. However, the identity of the complainant will be withheld unless expressly waived by the complainant.

[**ARC 9021C**, IAB 3/19/25, effective 7/1/25]

441—109.4(237A) Administration.

109.4(1) *Required written policies.* The child care center owner, board or director shall:

a. Develop and implement policies for enrollment and discharge of children, field trips and noncenter activities, discipline/behavior, nutrition, health and safety policies and, if transporting children, transportation policy.

b. Develop a curriculum or program structure that uses developmentally appropriate practices and an activity program appropriate to the developmental level and needs of the children.

c. Develop and implement a written plan for staff orientation to the center's policies and to the provisions of this chapter.

d. Make available for review a copy of the center policies and programs to all staff at the time of employment and each parent at the time a child is admitted to the center. A copy of the fee policies and financial agreements shall be provided to each parent at the time a child is admitted to the center.

e. When serving children under the age of three, develop and implement a policy for responding to incidents of biting.

f. Develop and implement a policy to ensure that people do not have unauthorized access to children at the center.

g. Develop and implement a policy for protection of each child's confidentiality.

h. Develop and implement procedures for medical and dental emergencies, and ensure through orientation and training that all staff are knowledgeable of and able to implement the procedures.

109.4(2) *Required postings.* The following postings must be conspicuously posted in an area frequented by parents or the public:

a. Certificate of license at the main entrance of the center.

b. Notice of exposure of children to a communicable disease. The notice of exposure of children to a communicable disease will include the symptoms and the period of communicability.

c. Notice of decision to deny, suspend, or revoke the center's license or reduce the center's license to a provisional status, if applicable.

d. Mandatory reporter requirements.

e. Notice of availability of the handbook "Child Care Centers and Preschools Licensing Standards and Procedures (August 1, 2024)."

f. Name and contact information of the department's child care licensing consultant.

g. Program activities and menu.

109.4(3) *Mandatory reporters.* Methods of identifying and reporting suspected child abuse and neglect shall be discussed with all staff within 30 days of employment.

[**ARC 9021C**, IAB 3/19/25, effective 7/1/25]

441—109.5(237A) Parental participation. Parents must be afforded unlimited access to their children and to the provider caring for their children during the center's hours of operation or whenever their children are in the care of a provider unless parental contact is prohibited by court order. The provider will inform all parents of this policy in writing at the time the child is admitted to the center.

[**ARC 9021C**, IAB 3/19/25, effective 7/1/25]

441—109.6(237A) Personnel. The director of the center must develop policies for hiring and maintaining staff that demonstrate competence in working with children and that meet the following minimum requirements:

109.6(1) *Center director requirements.* Centers that have multiple sites must have a center director or on-site supervisor in each center. The center director is responsible for the overall functions of the center, including supervising staff, designing curriculum and program administration. The director must ensure services are provided for the children within the framework of the licensing requirements. The center director must have overall responsibility for carrying out the program and ensuring the safety and protection of the children. The following minimum qualifications must be submitted to the child care consultant for final approval prior to the start of employment. The center director:

a. Is at least 21 years of age.

b. Has obtained a high school diploma or passed a general education development test.

c. Has completed at least one course in business administration or 12 contact hours in administrative-related training related to personnel, supervision, recordkeeping, or budgeting, or has one year of administrative-related experience.

d. Has certification in pediatric cardiopulmonary resuscitation (CPR), pediatric first aid, and Iowa's training for the mandatory reporting of child abuse.

e. Has achieved a total of 100 points obtained through a combination of education, experience, and child development-related training as outlined in the following chart:

EDUCATION		EXPERIENCE (Points multiplied by years of experience)		CHILD DEVELOPMENT-RELATED TRAINING
Bachelor's or higher degree in early childhood, child development, or elementary education	75	Full-time (20 hours or more per week) in a child care center or preschool setting	25	One point per contact hour of training
Associate's degree in child development or bachelor's degree in a child-related field	60	Part-time (less than 20 hours per week) in a child care center or preschool setting	10	
Child development associate (CDA) or one-year diploma in child development from a community college or technical school	45	Full-time (20 hours or more per week) child development-related experience	10	
Bachelor's or higher degree in a non-child-related field	40	Part-time (less than 20 hours per week) child development-related experience	5	
Associate's degree in a non-child-related field or completion of at least two years of a four-year degree	25	Registered child development home provider	10	
		Nonregistered family home provider	5	

(1) In obtaining the total of 100 points, a minimum of two categories must be used, no more than 75 points may be achieved in any one category, and at least 20 points shall be obtained from the experience category.

(2) Points obtained in the child development-related training category must have been taken within the past five years.

(3) For directors in centers predominantly serving children with special needs, the directors may substitute a disabilities-related or nursing degree for the bachelor's degree in early childhood, child development or elementary education in determining point totals. In addition, experience in working with children with special needs in an administrative or direct care capacity must be equivalent to full-time experience in a child care center or preschool in determining point totals.

109.6(2) *On-site supervisor.* The on-site supervisor is required to be present when the program has multiple sites or when a director is not routinely present for six hours daily. The center director must identify a person in charge during the on-site supervisor's absence. The on-site supervisor is responsible for the daily supervision of the center and must be on site daily either during the hours of operation that children are present or a minimum of six hours of the center's hours of operation. The following minimum qualifications will be submitted to the child care consultant for final approval prior to the start of employment. The on-site supervisor:

a. Is at least 18 years of age.

b. Has obtained a high school diploma or passed a general education development test.

c. Has certification in infant, child, and adult CPR; infant, child, and adult first aid; and Iowa's mandatory reporting of child abuse.

d. Has achieved a total of 75 points obtained through a combination of education, experience, and child development-related training as outlined in the chart and calculation described in subrule 109.6(1). A minimum of two categories must be used, no more than 50 points may be achieved in any one category, and at least 10 points must be obtained from the experience category.

109.6(3) *Volunteers.* A volunteer must be at least 16 years of age. All volunteers shall:

a. Sign a statement indicating whether or not they have one of the following:

(1) A conviction of any law in any state or any record of founded child abuse or dependent adult abuse in any state.

(2) A communicable disease or other health concern that could pose a threat to the health, safety, or well-being of the children.

b. Sign a statement indicating the volunteer has been informed of the volunteer's responsibilities as a mandatory reporter.

c. Undergo the record check process when any of the following criteria are met:

(1) The volunteer is included in meeting the required child-to-staff ratio;

(2) The volunteer has direct responsibility for a child or children; or

(3) The volunteer has access to a child or children with no other staff present.

d. Have on file at the facility a record containing the statements required in paragraphs 109.6(3)*"a"* and *"b"* and documentation of any record check process. The record must be maintained as required in paragraph 109.9(1)*"a."*

109.6(4) *Record checks.*

a. Criminal and child abuse record checks. Criminal and child abuse record checks shall be conducted for:

(1) Each owner, director, staff member, volunteer, or subcontracted staff person with direct responsibility for child care or with access to a child when the child is alone;

(2) Anyone living in the child care facility who is 14 years of age or older.

b. Authorization. A requesting entity shall request a record check evaluation prior to the employment of a person subject to record checks. The person subject to record checks shall complete the department's criminal history record check form and any other forms required by the department of public safety to authorize the release of records.

c. Iowa records checks. Checks and evaluations of Iowa child abuse and criminal records, including the sex offender registry, must be completed before the person's involvement with child care at the center. Iowa records checks must be repeated at a minimum of every two years and when the department or the center becomes aware of any possible transgressions. The department is not responsible for the cost of conducting the Iowa records check.

(1) The child care center may access the single-contact repository (SING) as necessary to conduct a criminal and child abuse record check of the person in Iowa. If the results of the check indicate a potential transgression, the center will send a copy of the results to the department for determination of whether or not the person may be involved with child care, regardless of the person's status with the center.

(2) Unless a record check has already been conducted in accordance with subparagraph 109.6(4)*"c"*(1), the department must conduct a criminal and child abuse record check in Iowa for a person who is subject to a record check. The department may access SING to conduct the record check. The department may also conduct dependent adult abuse, sex offender, and other public or civil offense record checks in Iowa for a person who is subject to a record check.

d. National criminal history checks. National criminal history checks based on fingerprints are required for all persons subject to record checks. The national criminal history check must be repeated for each person every four years and when the department or center becomes aware of any new transgressions committed by that person in another state. The department is not responsible for the cost of conducting the national criminal history check.

(1) The child care center is responsible for obtaining the fingerprints of all persons subject to record checks.

(2) If the results of the Iowa records checks do not warrant prohibition of the person's involvement with child care or otherwise present protective concerns, the person may be involved with child care on a provisional basis until the national criminal history check and evaluation have been completed.

(3) The child care center will provide fingerprints to the department of public safety prior to a person's involvement with child care at the center. The center will submit the fingerprints on forms or in a manner allowed by the department of public safety.

(4) Centers that are required to submit fingerprint-based checks of the FBI national criminal database to comply with federal regulations may seek a waiver to substitute that record check for the procedure required in this subrule. Requests for a waiver must be submitted on a form prescribed by the department to the address listed on the form.

(5) A center considering involvement of a person who has had a national criminal history check at another center may request information from that center. That center may provide that information in writing upon a center's request, using a form prescribed by the department. If the person being considered for employment has not had involvement with child care in the past six months, a new national criminal history check must be completed.

(6) If the results of the national criminal history check indicate that the person has committed a transgression, the center, if interested in continuing the person's involvement in child care, must send a copy of the results to the department for evaluation. The department will determine whether or not the person may be involved with child care.

e. Mandatory and mandatory time-limited prohibition. A person with any convictions or founded abuse reports as defined in Iowa Code section 237A.5(2)*"i"* is prohibited from involvement with child care.

f. Evaluation required. For all other transgressions, and as requested under paragraph 109.6(4)*"e,"* the department will notify the requesting entity that an evaluation shall be conducted to determine whether prohibition of the person's involvement with child care is warranted.

(1) The person with the transgression must complete the record check evaluation form. The requesting entity must provide the form and any other documents to the department within ten calendar days of the date on the form. The department will use the information the person with the transgression provides on this form to assist in the evaluation. Failure of the person with the transgression to complete and the requesting entity to return this form by the specified date will result in denial or revocation of the license or denial of employment. The department will not process evaluations that are not signed by the person subject to an evaluation.

(2) The department may use information from the department's case records in performing the evaluation.

(3) The requesting entity may provide, or the department may request from the person subject to an evaluation or from the requesting entity, information to assist in performance of the evaluation.

(4) Any person or agency that might have pertinent information regarding criminal or abuse history and rehabilitation of the prospective employee may be contacted.

(5) In an evaluation, the department will consider all of the factors established in Iowa Code section 237A.5(2)*"h."*

(6) When a person subject to a record check has a transgression that has been determined in a previous evaluation not to warrant prohibition of the person's involvement with child care and has no subsequent transgressions, an exemption from reevaluation of the latest record check is authorized. The person may commence employment with another child care facility in accordance with the department's previous evaluation. The exemption is subject to all of the provisions established in Iowa Code section 237A.5(2)*"g."*

g. Evaluation decision. Within 30 days of receipt of a completed record check evaluation, the department will make a decision on the person's involvement with child care. The department has final authority in determining whether prohibition of the person's involvement with child care is warranted and in developing any conditional requirements and corrective action plan under this paragraph.

(1) The department will mail to the requesting entity and the person on whom the evaluation was completed the record check decision that explains the decision reached regarding the evaluation of the transgression.

(2) If the department determines through an evaluation of a person's transgressions that the person's prohibition of involvement with child care is warranted, the person will be prohibited from involvement with child care. The department may identify a period of time after which the person may request that another record check and evaluation be performed.

(3) The department may permit a person who is evaluated to maintain involvement with child care if the person complies with the department's conditions and corrective action plan relating to the person's involvement with child care.

(4) The department will send a letter to the employer that informs the employer whether the person subject to an evaluation has been approved or denied involvement with child care. If the person has been approved, the letter will inform the employer of any conditions and corrective action plan relating to the person's involvement with child care.

h. Notice to parents. The department will provide notification of founded child abuse committed by an owner, director, or staff member of the child care center pursuant to Iowa Code section 237A.5(2)*"k."* The center must cooperate with the department in providing the names and addresses of the parents, guardians, and legal custodians of each child for whom the facility provides child care.

109.6(5) *Use of controlled substances and medications.* All owners, personnel, and volunteers must be free of the use of illegal drugs and not be under the influence of alcohol or of any prescription or nonprescription drug that could impair their ability to function.

[**ARC 9021C**, IAB 3/19/25, effective 7/1/25]

441—109.7(237A) Professional growth and development. Professional development will supplement the educational and experience requirements in rule 441—109.6(237A) and shall enhance the staff's skill in working with the developmental and cultural characteristics of the children served. The center director, on-site supervisor, and staff counted as part of the staff ratio must meet the following minimum staff training requirements:

109.7(1) *Required training within the first three months of employment.* During their first three months of employment, all staff must receive the following training:

a. Iowa's training for mandatory reporting of child abuse.

b. At least one hour of training regarding universal precautions.

c. Certification in infant, child, and adult CPR. A valid certificate indicating the date of training and expiration date will be maintained.

d. Certification in infant, child, and adult first aid. A valid certificate indicating the date of training and expiration date must be maintained.

e. Essential child care pre-service or equivalent minimum health and safety training approved by the department in the following areas:

(1) Prevention and control of infectious disease, including immunizations.

(2) Prevention of sudden infant death syndrome and use of safe sleep practices.

(3) Administration of medication, consistent with standards for parental consent.

(4) Prevention of and response to emergencies due to food and allergic reactions.

(5) Building and physical-premises safety, including identification of and protection from hazards that can cause bodily injury, such as electrical hazards, bodies of water, and vehicular traffic.

(6) Prevention of shaken baby syndrome, abusive head trauma, and child maltreatment.

(7) Emergency preparedness and response planning for emergencies resulting from a natural disaster or a human-caused event.

(8) Handling and storage of hazardous materials and the appropriate disposal of biocontaminants.

(9) Precautions in transporting children.

(10) Child development.

Essential child care pre-service or equivalent minimum health and safety training may be required if content has significant changes that warrant that the training be renewed.

Child care staff employed in programs that only serve children over the age of three are exempt from taking health and safety trainings under subparagraphs 109.7(1)*"e"*(2) and 109.7(1)*"e"*(6).

109.7(2) *Center directors and all staff.*

a. During their first year of employment, all center directors and all staff will receive the following training:

(1) Ten contact hours of training from approved subject areas from the Council for Professional Recognition or approved content areas from the National Afterschool Association.

(2) Training received for CPR, first aid, mandatory reporting of child abuse, and universal precautions shall not count toward the ten contact hours.

b. Following their first year of employment, all center directors and all staff must:

(1) Maintain current certification for Iowa's training for the mandatory reporting of child abuse; infant, child and adult CPR; and infant, child and adult first aid.

(2) Staff must receive six contact hours of professional development annually from one or more of the subject areas under subparagraph 109.7(2)*"a"*(1).

(3) Center directors and on-site supervisors must receive eight contact hours of training annually from one or more approved subject areas under subparagraph 109.7(2)*"a"*(1).

109.7(3) *Staff employed in centers that operate summer-only programs.* During their first three months of employment, all staff shall receive the following training:

a. Iowa's training for mandatory reporting of child abuse.

b. At least one hour of training regarding universal precautions.

c. Certification in infant, child, and adult CPR. A valid certificate indicating the date of training and expiration date shall be maintained.

d. Certification in infant, child, and adult first aid. A valid certificate indicating the date of training and expiration date shall be maintained.

e. Essential child care pre-service or equivalent minimum health and safety training approved by the department in the following areas:

(1) Prevention and control of infectious disease, including immunizations.

(2) Prevention of sudden infant death syndrome and use of safe sleep practices.

(3) Administration of medication, consistent with standards for parental consent.

(4) Prevention of and response to emergencies due to food and allergic reactions.

(5) Building and physical-premises safety, including identification of and protection from hazards that can cause bodily injury, such as electrical hazards, bodies of water, and vehicular traffic.

(6) Prevention of shaken baby syndrome, abusive head trauma, and child maltreatment.

(7) Emergency preparedness and response planning for emergencies resulting from a natural disaster or a human-caused event.

(8) Handling and storage of hazardous materials and the appropriate disposal of biocontaminants.

(9) Precautions in transporting children.

(10) Child development.

Child care staff employed in programs that only serve children over the age of three are exempt from taking health and safety trainings under subparagraphs 109.7(3)*"e"*(2) and 109.7(3)*"e"*(6).

109.7(4) *Substitution.* A provider who submits documentation from a child care resource and referral agency that the provider has completed the Iowa Program for Infant/Toddler Care (IA PITC) (August 1, 2024), or Early Childhood-Positive Behavior Interventions and Supports (EC-PBIS) training series (August 1, 2024) may use those hours to fulfill a maximum of two years' professional development requirements, not including preservice, first-aid, CPR and mandatory reporter training.

109.7(5) *Approved professional development.*

a. Professional development contact hours can be coaching, education, or training provided by a department-approved entity.

b. Coaching contact hours may only be used to meet up to half of an individual's annual professional development requirement.

c. The department may randomly monitor any state-approved professional development for quality control purposes.

d. Professional development conducted with staff during the hours of operation of the facility, during staff lunch hours, or while children are resting must not diminish the required staff ratio coverage. Staff must not be actively engaged in care and supervision and simultaneously participate in training.

e. A professional development organization not approved by the department may submit for review to the department a request for child care training approval. All approvals unless otherwise specified shall be valid for five years. The department will issue its decision within 30 business days of receipt of a complete request.

f. Department-approved entities must provide participants a professional development certificate for approved professional development contact hours.

109.7(6) *Professional development for supervisors and designees.* The director, on-site supervisor, and any person designated as a lead in the absence of supervisory staff must have completed all preservice/orientation training outlined in subrule 109.7(1).

[**ARC 9021C**, IAB 3/19/25, effective 7/1/25; **ARC 0448D**, IAB 7/22/26, effective 9/1/26]

441—109.8(237A) Staff ratio requirements.

109.8(1) *Staff requirements.* Persons counted as part of the staff ratio must meet the following requirements:

a. Staff persons must be at least 16 years of age.

b. Those staff persons who are under the age of 18 shall meet the following requirements:

(1) May not be the sole provider on the premises of a child care facility.

(2) Shall not provide transportation to children in care.

(3) If staff persons under the age of 18 are providing child care services without an adult, they shall only provide care to school-aged children.

(4) May be utilized for brief periods of absence as identified in paragraph 109.8(2)*"g"* and scheduled nap periods of children over two years of age as identified in paragraph 109.8(2)*"h."*

109.8(2) *Staff ratio.* The staff-to-child ratio shall be as follows:

Age of children	Minimum ratio of staff to children
Two weeks to two years	One to every 4 children
Two years	One to every 7 children
Three years	One to every 10 children
Four years	One to every 12 children
Five years to ten years	One to every 15 children
Ten years and over	One to every 20 children

a. Combinations of age groupings for children four years of age and older may be allowed and may have staff ratio determined on the age of the majority of the children in the group.

b. Combinations of age groupings for children three, four, and five years of age may be allowed with a ratio of one staff member to every 12 children.

c. Children between 18 months and three years of age may be combined, if appropriate to the developmental needs of the child. If a child under two years of age is in a combined age group, the staff ratio of one to seven will be maintained. Otherwise, staff ratio may be determined by the age of the majority of the children in the group.

d. Combinations of age groupings that do not meet paragraphs 109.8(2)*"a"* through *"c"* may be approved by a child care licensing consultant when a program can show developmentally appropriate curriculum for all age groups and can provide sufficient supervision.

e. Combinations of age groupings for children five years of age and older must have a ratio consistent with the age of majority.

f. Upon the recommendation of a child's physician or the area education agency serving the child, a child who is two years of age or older with a disability that results in significant developmental delays in physical and cognitive functioning who does not pose a threat to the safety of the infants may, if appropriate and for a limited time approved by the department, remain in the infant area.

g. Every child-occupied program room must have supervision present in the room. Brief absences of a staff member may be allowed for no more than five minutes when another staff person is present.

h. During nap time, at least one staff member must be present in every room where children are resting. Staff ratio requirements may be reduced to one staff member per room where children are resting and staff ratio coverage can be maintained in the center. The staff ratio must always be maintained for children under two years of age.

i. When more than eight children are present on the licensed premises, at least two staff members shall be present.

j. For a period of two hours or less at the beginning and end of the center's hours of operation, one staff member may care for eight or fewer children, provided no more than four of the children are under two years of age and there are no more than eight children in the center.

k. When more than eight children are being transported in one vehicle, at least two staff members must be present, one of which is over 18 years of age.

(1) Only one adult is required when a center is transporting children in a center-owned vehicle with parent authorization for the sole purpose of transporting children to and from school.

(2) When a center contracts with another entity to provide transportation other than for the purpose of transporting children to or from school, at least one adult staff in addition to the driver must be present if at least eight children provided care by the center are transported.

l. Any child care center-sponsored program activity involving six or more children conducted away from the licensed facility shall provide a minimum of one additional staff over the required staff ratio for the protection of the children. At least one staff present on field trips must be over 18 years of age.

m. For centers serving school-age children, the ratio for school-age children may be exceeded for a period of no more than four hours during a day when school classes start late or are dismissed early or canceled due to inclement weather or structural damage provided the children are already enrolled at the center and the center does not exceed the licensed capacity.

109.8(3) *Group size.* Group size is determined in collaboration with the state fire marshal and will be assigned based on the review of health and safety requirements. Maximum capacity allowed shall be included on the certificate of license. Group sizes by age group must be included in annual inspection reports.

[**ARC 9021C**, IAB 3/19/25, effective 7/1/25]

441—109.9(237A) Records.

109.9(1) *Personnel records.* The center will maintain personnel information sufficient to ensure that persons employed in the center meet minimum staff and training requirements and do not pose any threat to the health, safety, or well-being of the children. Each employee's file must contain, at a minimum, the following:

a. Copies of all record checks kept in accordance with state and federal law regarding confidentiality of record checks. These records shall include:

(1) A copy of a department criminal history record check form or any other permission form approved by the department of public safety for conducting an Iowa or national criminal history record check.

(2) A copy of a request for child abuse information form, when applicable.

(3) Copies of the results of Iowa record checks conducted through the SING for review by the department upon request.

(4) Copies of national criminal history check results.

(5) Any department-issued documents sent to the center related to a record check, regardless of findings.

b. A physical examination report. As required in Iowa Code section 237A.5(1), personnel shall have good health as evidenced by a physical examination within six months of hire. Acceptable physical examinations shall be documented on a form prescribed by the department. The examination shall be performed within six months of beginning employment and shall be repeated at least every three years. A physical examination may be requested if the employer has reason to believe an employee would not be able to perform a job successfully or safely due to a medical condition.

c. Documentation showing the minimum staff training requirements as outlined in rule 441—109.7(237A) are met, including current certifications in first aid and CPR and Iowa's training for the mandatory reporting of child abuse.

d. A photocopy of a valid driver's license if the staff will be involved in the transportation of children.

109.9(2) *Child's file.* Centers must maintain current and sufficient information in a file for each child that includes:

a. Child enrollment information, including name, age, date of birth, and address.

b. Parent/guardian contact information.

c. Emergency contacts and persons who can pick up the child as authorized by the parent.

d. Contact information and authorization of emergency medical and dental services.

e. Health and medical needs of a child, including any allergies or special health needs, a written emergency plan and prescribed treatment.

f. Incident reports of injuries, accidents, or other incidents, as applicable.

g. Parent authorization for a child to attend center-sponsored field trips and noncenter activities.

h. Signed and dated valid Certificate of Immunization, Certificate of Immunization Exemption, or Provisional Certificate of Immunization, provided by the department must be on file for each child enrolled as required by 641—Chapter 7.

i. For each child not yet enrolled in kindergarten, the child care center must require a physical examination submitted at enrollment but no later than within four weeks of admission. The physical should include a health history and status of present health, including allergies, medications, acute or chronic conditions, and care plan when needed. The physical should be completed and signed by the child's primary health care provider (MD, DO, chiropractor, PA, or ARNP). The date of the physical examination shall be no more than 12 months prior to the first day of admission and annually thereafter until kindergarten entry.

j. For school-aged children, the child care center must have a statement of health signed by the parent indicating the child's health status, allergies, medications, acute or chronic conditions and care plan when needed.

k. For a child who has a special health need, there must be a written care plan completed and signed by the child's primary health care provider (MD, DO, chiropractor, PA, or ARNP) or parent or guardian. The care plan should include the care needed, when the care is to be given, and any possible complications or side effects, including required interventions. Documentation of special needs provided should be in a manner similar to documentation for medication administration.

109.9(3) *Daily activities.* For each child under two years of age, the center must make a daily written record. At the end of the child's day at the center, the daily written record shall be provided verbally or in writing to the parent or the person who removes the child from the center. The record shall contain information on each of these areas:

a. The time periods in which the child has slept.

b. The amount of food consumed and the times at which the child has eaten.

c. The time of and any irregularities in the child's elimination patterns.

d. The general disposition of the child.

e. A general summary of the activities in which the child participated.

[**ARC 9021C**, IAB 3/19/25, effective 7/1/25; **ARC 0448D**, IAB 7/22/26, effective 9/1/26]

441—109.10(237A) Health and safety policies. The child care center will establish definite health policies, including the criteria for excluding a sick child from a center. The child care center may be provided guidance from the child care center's child care nurse consultant or the department regarding exclusion of an exposed child or staff during a communicable disease outbreak.

109.10(1) *Medications.* The center shall have written procedures for the dispensing, storage, authorization, and recording of all prescription medications, nonprescription medications, and nonmedicated topical products, including the following:

a. Staff must be over 18 to administer medication.

b. All medications must be stored in their original containers, with accompanying physician or pharmacist's directions and label intact and stored so the medications are inaccessible to children and the public. Nonprescription medications must be labeled with the child's name.

c. For every day an authorization for medication is in effect and the child is in attendance, there shall be a notation of administration, including the name of the medicine, date, time, dosage given or applied, and the initials of the person administering the medication or the reason the medication was not given.

d. In the case of medications that are administered on an ongoing, long-term basis, authorization must be obtained for a period not to exceed the duration of the prescription.

e. A child care staff member shall not provide medications to a child if the staff member has not completed preservice/orientation training that includes medication administration.

109.10(2) *Daily contact.* Each child shall have direct contact with a staff person upon arrival for early detection of apparent illness, communicable disease, or unusual condition or behavior that may adversely affect the child or the group.

109.10(3) *Infectious disease control.* Centers must establish policies and procedures related to infectious disease control and the use of universal precautions with the handling of any bodily fluids that include blood, bodily excrement or discharge. Soiled diapers shall be stored in containers separate from other waste. Sanitation and safety procedures for the center are developed and implemented to reduce the risk of injury or harm to children and reduce the transmission of disease.

109.10(4) *Quiet area for ill or injured.* The center will provide a quiet area under supervision for a child who appears to be ill or injured. The parents or a designated person will be notified of the child's status in the event of a serious illness or emergency.

109.10(5) *Staff hand washing.* The center must ensure that staff demonstrate clean personal hygiene sufficient to prevent or minimize the transmission of illness or disease.

109.10(6) *Children's hand washing.* The center shall ensure that staff assist children in personal hygiene sufficient to prevent or minimize the transmission of illness or disease. For each infant or child with a disability, a separate cloth for washing, one for rinsing, and one for drying may be used in place of running water.

109.10(7) *First-aid kit.* The center must ensure that a clearly labeled first-aid kit is available and easily accessible to staff at all times whenever children are in the center, in the outdoor play area, and on field trips. The kit must be sufficient to address first aid related to minor injury or trauma and stored in an area inaccessible to children.

109.10(8) *Recording incidents.*

a. Incidents involving a child, including minor injuries, minor changes in health status, or other minor behavioral concerns, shall be reported to the parents, guardians, and legal custodians on the day of the incident.

b. Incidents resulting in a serious injury, as defined in Iowa Code section 702.18, to a child in the child care facility or in the care of child care facility staff or incidents resulting in a significant change in the health status of a child must be verbally reported to the parents, guardians, and legal custodians immediately.

(1) Serious injuries must be reported to the department within 24 hours of the incident.

(2) Serious injuries must be documented and information maintained in the child's file as required by subrule 109.9(2).

c. The parents, guardians, and legal custodians of any child included in incidents involving inappropriate, sexually acting-out behavior must be notified immediately after the incident. A written report fully documenting every incident will be provided to the parent or person authorized to remove the child from the center. The written report shall be prepared by the staff member who observed the incident, and a copy will be retained in the child's file.

109.10(9) *Smoking.* Smoking and the use of tobacco products must be prohibited and nonsmoking signs must be posted pursuant to Iowa Code chapter 142D.

109.10(10) *Transportation.* Children must be transported pursuant to Iowa Code section 321.446.

109.10(11) *Field trips.* Emergency telephone numbers and emergency health plans, as applicable, for each child must be taken by staff when transporting children to and from school and on field trips and non-center-sponsored activities away from the premises.

109.10(12) *Pets.* Animals kept on site must be in good health with no evidence of disease, be of such disposition as to not pose a safety threat to children, and be maintained in a clean and sanitary manner. Documentation of current vaccinations shall be available for all cats and dogs. No ferrets; reptiles, including turtles; or birds of the parrot family can be kept on site. Pets are not allowed in the kitchen or food preparation areas.

109.10(13) *Emergency plans.*

a. The center shall have written emergency plans and diagrams for responding to fire, tornado, and flood (if area is susceptible to flood) and plans for responding to intoxicated parents and lost or abducted children. Emergency plans must include written procedures, including plans for the following:

(1) Evacuation to safely leave the facility.

(2) Relocation to a common, safe location after evacuation.

(3) Shelter-in-place to take immediate shelter when the current location is unsafe to leave due to the emergency issue.

(4) Lockdown to protect children and providers from an external situation.

(5) Communication and reunification with parents or other adults responsible for the children that includes emergency telephone numbers.

(6) Continuity of operations.

(7) To address the needs of individual children, including those with functional or access needs.

b. Emergency instructions; telephone numbers; and diagrams for fire, tornado, and flood (if area is susceptible to floods) must be visibly posted by all program and outdoor exits. Emergency plan procedures must be practiced and documented at least once a month for fire and for tornado. Records on the practice of fire and tornado drills must be maintained for the current and previous year.

c. The center must develop procedures for annual staff and volunteer training on these emergency plans and include information on responding to fire, tornadoes, intruders, intoxicated parents, and lost or abducted children in the orientation provided to new employees and volunteers.

d. The center must conduct a daily check to ensure that all exits are unobstructed.

109.10(14) *Supervision and access.*

a. The center director and on-site supervisor must ensure that each staff member or volunteer knows the number and names of children assigned to that staff member or volunteer for care. Assigned staff and volunteers must provide careful supervision.

b. Any person in the center who is not an owner, staff member, or volunteer who has a record check and department approval to be involved with child care must not have unrestricted access to children for whom that person is not the parent, guardian, or custodian.

c. A parent who is a registered sex offender under Iowa Code chapter 692A cannot be present upon the property of a child care center except for the time reasonably necessary to transport the offender's own minor child or ward to and from the center. Under limited circumstances, a center director may give written permission to be on the property. Before giving written permission, the center director will consult with the center licensing consultant. The written permission must be signed and dated by the center director and the sex offender and kept on file for review by the center licensing consultant.

[**ARC 9021C**, IAB 3/19/25, effective 7/1/25]

441—109.11(237A) Physical facilities.

109.11(1) *Room size.* The program room size must be a minimum of 80 square feet of useable floor space or sufficient floor space to provide 35 square feet of useable floor space per child. In rooms where floor space occupied by cribs is counted as useable floor space, there must be 40 square feet of floor space per child. Kitchens, bathrooms, halls, lobby areas, storage areas and other areas of the center not designed as activity space for children cannot be used as regular program space or counted as useable floor space.

109.11(2) *Play equipment, materials and furniture.*

a. The center will provide sufficient and safe indoor play equipment, materials, and furniture that conform with the standards or recommendations of the Consumer Product Safety Commission (CPSC) (August 1, 2024) or the American Society for Testing and Materials (ASTM) (August 1, 2024) for juvenile products. Play equipment, materials, and furniture must meet the developmental, activity, and special needs of the children.

b. Rooms must be arranged so as not to obstruct the direct observation of children by staff. Individual covered mats, beds, or cots and appropriate bedding will be provided for all children who nap. The center will develop procedures to ensure that all equipment and materials are maintained in a sanitary manner. Sufficient spacing must be maintained. The center shall provide sufficient toilet articles for each child for hand washing.

109.11(3) *Indoor facility requirements.*

a. The center shall ensure that:

(1) The facility and premises are sanitary, safe and hazard-free.

(2) The facility has sufficient:

1. Lighting.
2. Ventilation.
3. Heating and cooling.

(3) Equipment placed in a program area is maintained so as not to result in injury to children.

109.11(4) *Outdoor facility requirements.*

a. Centers must have a safe outdoor program area adjacent to the center, with sufficient square footage to accommodate at least 30 percent of the enrollment capacity at any one time at 75 square feet per child. The outdoor area must:

(1) Be free from litter and unsafe materials and free from contamination by the drainage or ponding of sewage or storm water.

(2) Include safe play equipment and an area of shade.

(3) Include fencing to protect from bodies of water and vehicular traffic.

b. The director or designated person must complete and keep a record of at least monthly inspections of the outdoor play area and equipment for the purpose of assessing and rectifying potential safety hazards. If the outdoor play area is not used for a period of time due to inclement weather conditions, the center shall document the reasons why the monthly inspection did not occur and must complete and document an inspection prior to resuming use of the area.

c. Approval may be given by the department to waive the outdoor space requirement for programs of three hours or less, provided there is suitable substitute space and equipment available.

d. Approval may be given by the department for centers operating in a densely developed area to use alternative outdoor play areas in lieu of adjacent outdoor play areas.

109.11(5) *Bathroom facilities.* At least one functioning toilet and one sink per 15 children two years of age and older must be provided in a room with natural or artificial ventilation. New construction after November 1, 1995, must provide for at least one sink in the same area as the toilet and, for centers serving children two weeks to two years of age, shall provide for at least one sink in the central diapering area. At least one sink must be provided in program rooms for infants and toddlers or in an adjacent area other than the kitchen. New construction after April 1, 1998, shall have at least one sink provided in the program rooms for infants and toddlers.

109.11(6) *Telephone.* A working nonpay telephone must be available in the center with emergency telephone numbers for police or 911, fire, ambulance, and poison control center posted in a conspicuous area. The street address and telephone number of the center must be included in the posting. A separate file or listing of emergency telephone numbers for each child shall be maintained.

109.11(7) *Kitchen appliances.* Gas or electric ranges or ovens shall not be placed in the program area. If kitchen appliances are maintained in the program area for food preparation activities, the area must be sectioned off and shall not be counted as useable floor space for room size.

109.11(8) *Environmental hazards.*

a. Within one year of being issued an initial or renewal license, centers operating in facilities built prior to 1978 shall conduct a visual assessment for lead hazards that exist in the form of peeling, cracking or chipping paint or painted surfaces in need of repair. If these lead hazards are found, it shall be assumed that lead-based paint is present on the surfaces, and the surfaces shall be repaired by an Iowa certified lead-safe renovator before a full license will be issued.

b. Within one year of being issued an initial or renewal license, centers operating in facilities that are at ground level, use a basement area as program space, or have a basement beneath the program area shall have radon testing following the National Consensus Standards as outlined in 641—Chapter 43.

c. To reduce the risk of carbon monoxide poisoning, all centers shall, on an annual basis, have a professional inspect all fuel-burning appliances, including oil and gas furnaces, gas water heaters, gas ranges and ovens, and gas dryers, to ensure the appliances are in good working order with proper ventilation. All centers shall install one carbon monoxide detector on each floor of the center that is listed with Underwriters Laboratory (UL) as conforming to UL Standard 2034 (August 7, 2024).

[**ARC 9021C**, IAB 3/19/25, effective 7/1/25]

441—109.12(237A) Activity program requirements.

109.12(1) *Activities.* The center shall have a written curriculum that uses developmentally appropriate practices and a written program of activities planned according to the developmental level of the children. The center shall post a schedule of the program in a visible place. The child care program shall complement but not duplicate the school curriculum. The program shall be designed to provide children with:

a. A curriculum or program of activities that supports development of self-esteem, self-regulation, positive social interactions, communication skills, curiosity, problem-solving, creative expression, and gross motor and fine motor development.

b. A balance of active and quiet activities, individual and group activities, indoor and outdoor activities, and staff-initiated and child-initiated activities.

c. Experiences in harmony with the ethnic and cultural backgrounds of the children.

d. A supervised nap or quiet time for all children under six years of age not enrolled in school who are present at the center for five or more hours.

109.12(2) *Discipline.* The center shall have a written policy that shall be provided to staff at the start of employment and to parents at the time of admission. The center shall not use as a form of discipline:

a. Corporal punishment, including spanking, shaking, and slapping.

b. Punishment that is humiliating or frightening or that causes pain to the child. Children shall never be locked in a room or closet.

c. When restraints are part of a treatment plan for a child with a disability authorized by the parent and a psychologist or psychiatrist, staff shall receive training on the safe and appropriate use of the restraint.

d. Punishment or threat of punishment associated with a child's illness, lack of progress in toilet training, or in connection with food or rest.

e. No child shall be subjected to verbal abuse, threats, or derogatory remarks about the child or the child's family.

109.12(3) *Children requiring special accommodations.* Reasonable accommodations, based on the special needs of the child, must be made in providing care to a child with a disability.

109.12(4) *Infant environment.*

a. An area shall be provided that is properly and safely equipped for the use of infants and free from the intrusion of children two years of age and older.

b. Each infant and toddler shall be diapered in a sanitary manner as frequently as needed at a central diapering area. Diapering, sanitation, and hand-washing procedures shall be posted and implemented in every diapering area. There shall be at least one changing table for every 15 infants.

c. Highchairs or hook-on seats shall be equipped with a safety strap that shall be engaged when the chair is in use and shall be constructed so the chair will not topple.

d. Safe, washable toys, large enough so they cannot be swallowed and with no removable parts, shall be provided. All hard-surface toys used by children shall be sanitized daily.

e. The provider shall follow safe sleep practices for infants under one year of age.

(1) Infants shall always be placed on their backs for sleep.

(2) Infants shall be placed on a firm mattress with a tight fitted sheet that meets U.S. Consumer Product Safety Commission (August 1, 2024) and ASTM federal standards (August 1, 2024).

(3) Infants shall not be allowed to sleep on a bed, sofa, air mattress or other soft surface. No child shall be allowed to sleep in any item not designed for infant sleeping, including but not limited to an infant seat, car seat, swing, or bouncy seat.

(4) No toys, soft objects, stuffed animals, pillows, bumper pads, blankets, or loose bedding shall be allowed in the sleeping area with the infant.

(5) No co-sleeping shall be allowed.

(6) Sleeping infants shall be actively observed by sight and sound.

(7) If an alternate sleeping position is needed, a signed physician or physician associate authorization with statement of medical reason is required and an expiration date.

f. A crib or crib-like furniture that has a waterproof mattress covering and sufficient bedding to enable a child to rest comfortably and that meets the current standards or recommendations from the U.S.

Consumer Product Safety Commission (August 1, 2024) or ASTM International (August 1, 2024) for juvenile products shall be provided for each child under two years of age if developmentally appropriate. Crib railings shall be fully raised and secured when the child is in the crib. A crib or crib-like furniture shall be provided for the number of children present at any one time. The center shall develop procedures for maintaining all cribs or crib-like furniture and bedding in a clean and sanitary manner. There shall be no restraining devices of any type used in cribs.

g. Infant walkers cannot be used.

h. All items used for sleeping must be used in compliance with manufacturer standards for age and weight of the child.

[**ARC 9021C**, IAB 3/19/25, effective 7/1/25; Editorial change: IAC Supplement 6/10/26]

441—109.13(237A) Food services. Centers participating in the USDA Child and Adult Care Food Program (CACFP) may have requirements that differ from those outlined in this rule in obtaining CACFP reimbursement and shall consult with a state CACFP consultant.

109.13(1) *Nutritionally balanced meals or snacks.* The center shall serve each child a full, nutritionally balanced meal or snack as defined by the CACFP guidelines (August 1, 2024) and shall ensure that staff provide supervision at the table during snacks and meals. Children remaining at the center two hours or longer shall be offered food at intervals of not less than two hours or more than three hours apart unless the child is asleep.

109.13(2) *Menu planning.* The center shall follow the minimum CACFP menu patterns for meals and snacks and serving sizes for children aged infant to 13 years (August 1, 2024). Menus shall be made available to parents and kept on file at the center. Substitutions in the menu, including substitutions made for infants, shall be noted and kept on file. Foods with a high incident rate of causing choking in young children should not be served per CACFP FNS-877 (August 1, 2024). Exceptions shall be allowed for special diets because of medical reasons in accordance with the child's needs and written instructions of a licensed physician or health care provider.

109.13(3) *Feeding of children under two years of age.*

a. All children under 12 months of age shall be fed on demand unless the parent provides other written instructions. Meals and snacks provided by the center shall follow the CACFP infant menu patterns (August 1, 2024). Foods shall be appropriate for the infant's nutritional requirements and eating abilities. Special formulas prescribed by a physician or health care provider shall be given to a child who has a feeding problem.

b. Bottles or containers of infant foods should be warmed under running, warm tap water or by placing them in a container of water that is no warmer than 120°F (49°C). Bottles and infant foods should never be warmed in a microwave oven.

c. All children under six months of age shall be held or placed in a sitting-up position sufficient to prevent aspiration during feeding. No bottles shall be propped for children of any age. A child shall not be placed in a crib or cot with a bottle or any other food item or left sleeping with a bottle or food item. Spoon feeding shall be adapted to the developmental capabilities of the child.

d. Single-service, ready-to-feed formulas, concentrated or powdered formula following the manufacturer's instructions or breast milk shall be used for children 12 months of age and younger unless otherwise ordered by a parent or physician.

e. Whole milk for children under two years of age who are not on formula or breast milk unless otherwise directed by a physician shall be used.

f. Cleaned and sanitized bottles and nipples shall be used for bottles prepared on site. Prepared bottles shall be kept under refrigeration when not in use.

109.13(4) *Food brought from home.*

a. The center shall establish policies regarding food brought from home for children under five years of age who are not enrolled in school. A copy of the written policy shall be given to the parent at admission. Food brought from home for children under five years of age who are not enrolled in school shall be monitored and supplemented if necessary to ensure CACFP guidelines (August 1, 2024) are maintained.

b. The center may not restrict a parent from providing meals brought from home for school-age children or apply nutritional standards to the meals.

c. Perishable foods brought from home shall be maintained to avoid contamination or spoilage.

d. Snacks that may not meet CACFP nutrition guidelines (August 1, 2024) may be provided by parents for special occasions such as birthdays or holidays.

109.13(5) *Food preparation, storage, and sanitation.* Centers shall ensure that food preparation and storage procedures are consistent with the recommendations of the CACFPs (August 1, 2024) and provide:

a. Sufficient refrigeration appropriate to the perishable food to prevent spoilage or the growth of bacteria.

b. Sanitary and safe methods in food preparation, serving, and storage sufficient to prevent the transmission of disease, infestation of insects and rodents, and the spoilage of food. Staff preparing food who have injuries on their hands shall wear protective gloves. Staff serving food shall have clean hands or wear protective gloves and use clean serving utensils.

c. Sanitary methods for dish-washing techniques sufficient to prevent the transmission of disease.

d. Sanitary methods for garbage disposal sufficient to prevent the transmission of disease and infestation of insects and rodents.

109.13(6) *Water supply.* The center shall ensure that suitable water and sanitary drinking facilities are available and accessible to children. Centers that serve infants and toddlers shall provide individual cups for drinking in addition to drinking fountains that may be available in the center.

a. Private water supplies shall be of satisfactory bacteriological quality as shown by an annual laboratory analysis. Water for the analysis shall be drawn between May 1 and June 30 of each year. When the center provides care for children under two years of age, a nitrate analysis shall also be obtained.

b. When public or private water supplies are determined unsuitable for drinking, commercially bottled water certified as chemically and bacteriologically potable or water treated through a process approved by the health department or designee shall be provided.

[**ARC 9021C**, IAB 3/19/25, effective 7/1/25]

441—109.14(237A) Extended evening care. A center providing extended evening care between the hours of 9 p.m. and 5 a.m. shall comply with the licensing requirements for centers contained in Iowa Code chapter 237A and this chapter, with the additional requirements set forth below.

109.14(1) *Facility requirements.*

a. The center shall ensure that sufficient cribs, beds, cots and bedding are provided appropriate to the child's age and that sufficient furniture, lighting, and activity materials are available for the children. Equipment and materials shall be maintained in a safe and sanitary manner.

b. The center shall ensure that a separate space is maintained for school-age boys and girls to provide privacy during bathroom and bedtime activities. Bathroom doors used by children shall be nonlockable.

c. The center shall ensure that parents have provided the personal effects needed to meet their child's personal hygiene and prepare for sleep. The center shall supplement those items needed for personal hygiene that the parent does not provide. The center shall obtain written information from the parent regarding the child's snacking, toileting, personal hygiene and bedtime routines.

109.14(2) *Activities.*

a. Evening activities shall be primarily self-selected by the child.

b. Every child-occupied room except those rooms used only by school-age children for sleeping shall have adult supervision present in the room. Staff counted for purposes of meeting child-to-staff ratios shall be present and awake at all times. In rooms where only school-age children are sleeping, visual monitoring equipment may be used. If a visual monitor is used, the monitoring must allow for all children to be visible at all times. Staff shall be present in the room with the monitor and shall enter the room used for sleeping to conduct a check of the children every 15 minutes.

[**ARC 9021C**, IAB 3/19/25, effective 7/1/25]

441—109.15(237A) School-based before- and after-school and summer programs. A building owned or leased by a school district or accredited nonpublic school that complies with rules adopted by the state fire marshal for school buildings is considered appropriate for use by a child care facility. Centers that

operate in a school building shall comply with the licensing requirements for centers contained in Iowa Code chapter 237A and this chapter with the following considerations:

109.15(1) Infant-specific regulations outlined in paragraph 109.12(4)*"e"* and subrule 109.13(3) are not applicable.

109.15(2) Centers may receive limited exemption from a facility requirement at subrule 109.11(3), particularly relating to ventilation and bathroom facilities, if complying with the requirement would require a structural or mechanical change to the school building.

109.15(3) Centers shall ensure that the indoor and outdoor space occupied by the center is sanitary, safe, and hazard-free. Outdoor space used for recreation during the school day is sufficient for use by the child care program.

109.15(4) Centers that serve only school-age children and that operate in a school building are exempted from testing for lead and carbon monoxide.

109.15(5) Personnel. For director requirements set forth in subrule 109.6(1), for centers serving predominantly school-age children, the directors may substitute a degree in secondary education, physical education, recreation or related fields for the bachelor's degree in early childhood, child development or elementary education in determining point totals. In addition, child-related experience working with school-age children shall be equivalent to full-time experience in a child care center or preschool in determining point totals.

109.15(6) Child's file. All requirements under subrule 109.9(2) must be followed. For a center serving school-age children that operates in the same school facility in which the child attends school, documentation, including certificates of immunization, certificates of immunization exemption, or provisional certificates of immunization, shall be submitted to both locations in accordance with 641—Chapter 7.

[**ARC 9021C**, IAB 3/19/25, effective 7/1/25]

441—109.16(237A) Get-well center. A get-well center shall comply with the licensing requirements for centers contained in Iowa Code chapter 237A and this chapter with the additional requirements and exceptions set forth below.

109.16(1) *Staff requirements.*

a. The center shall have a medical advisor for the center's health policy. The medical advisor shall be a medical doctor or a doctor of osteopathy currently in pediatrics or family practice.

b. A center shall have a licensed LPN or RN on duty at all times that children are present. If the nurse on duty is an LPN, the medical advisor or an RN shall be available in the proximate area as defined in rule 655—6.3(152).

109.16(2) *Health policies.*

a. The center shall have a written health policy, consistent with the National Health and Safety Performance Standards (August 1, 2024), approved and signed by the owner or the chair of the board and by the medical advisor before the center can begin operations. Changes in the health policy shall be approved by the medical advisor and submitted in writing to the department. A written summary of the health policy shall be given to the parent when a child is enrolled in the center. The center's health policy at a minimum shall address procedures in the following areas:

(1) Medical consultation, medical emergencies, triage policies, storage and administration of medications, dietary considerations, sanitation and infection control, categorization of illness, length of enrollment periods, exclusion policy, and employee health policy.

(2) Reportable disease policies as required by the department.

b. The child shall be given a brief evaluation by an LPN or RN upon each arrival at the center.

c. The parent shall receive a brief written summary when the child is picked up at the end of the day. The summary must include:

(1) Admitting symptoms.

(2) Medications administered and time they were administered.

(3) Nutritional intake.

(4) Rest periods.

(5) Output.

(6) Temperature.

109.16(3) *Exceptions.* The following exceptions to this chapter shall be applied to get-well centers:

a. A center shall maintain a minimum staff ratio of one-to-four for infants and one-to-five for children over two years of age.

b. All staff who have contact with children shall have a minimum of ten clock hours of special training in caring for mildly ill children.

c. There shall be 40 square feet of program space per child.

d. Outdoor space may be waived with the approval of the department if the program is in an area adjacent to the pediatrics unit of a hospital.

e. Grouping of children shall be allowed by categorization of illness or by transmission route without regard to age and shall be in separate rooms with full walls and doors.

[**ARC 9021C**, IAB 3/19/25, effective 7/1/25]

These rules are intended to implement Iowa Code section 232.69 and chapter 237A.

CHAPTER 110
CHILD DEVELOPMENT HOMES

Chapter rescission date pursuant to Iowa Code section 17A.7: 1/1/28

PREAMBLE

This chapter establishes registration procedures for child development homes. Included are application and renewal procedures, standards for providers, and procedures for compliance checks and complaint investigations.

[**ARC 2647C**, IAB 8/3/16, effective 10/1/16]

441—110.1(237A) Definitions.

"Adult" means a person 18 years of age or older.

"Assistant" means a responsible person 14 years of age or older. The assistant may never be left alone with children. Ultimate responsibility for supervision is with the child care provider.

"Child" means either of the following:

1. A person 12 years of age or younger.
2. A person 13 years of age or older but younger than 19 years of age who has a developmental disability, as defined under the federal Developmental Disabilities Assistance and Bill of Rights Act of 2000, Public Law No. 106-402, codified in 42 U.S.C. 15002(8).

"Child care" means the care, supervision, or guidance of a child by a person other than the child's parent, guardian, or custodian for periods of less than 24 hours per day per child on a regular basis. "Child care" shall not mean special activity programs that meet on a regular basis such as music or dance classes, organized athletics or sports programs, scouting programs, or hobby or craft classes or clubs.

"Child care facility" or *"facility"* means a child care center, a preschool, or a registered child development home.

"Child care home" means a person or program providing child care to any of the following children at any one time that is not registered to provide child care under this chapter, as authorized under Iowa Code section 237A.3:

1. Five or fewer children.
2. Six or fewer children, if at least one of the children is school-aged.

"Child development home" means a person or program registered under this chapter that may provide child care to seven or more children at any one time.

"Department" means the department of human services.

"Involvement with child care" means licensed or registered as a child care facility, employed in a child care facility, residing in a child care facility, receiving public funding for providing child care, providing child care as a child care home provider, or residing in a child care home.

"Parent" means parent or legal guardian.

"Person subject to an evaluation" means a person who has committed a transgression and who is described by any of the following:

1. The person is being considered for registration or is registered.
2. The person is being considered by a child care facility for employment involving direct responsibility for a child or with access to a child when the child is alone, or the person is employed with such responsibilities.
3. The person will reside or resides in a child care facility.
4. The person has applied for or receives public funding for providing child care.
5. The person will reside or resides in a child care home that is not registered but that receives public funding for providing child care.

"Provider" means the person or program that applies for registration to provide child care and is approved as a child development home.

"Registration" means the process by which child care providers certify that they comply with rules adopted by the department.

"Registration certificate" means the written document issued by the department to publicly state that the provider has certified in writing compliance with the minimum requirements for registration of a child development home.

"School" means kindergarten or a higher grade level.

"Transgression" means the existence of any of the following in a person's record:

1. Conviction of a crime.
2. A record of having committed founded child or dependent adult abuse.
3. Listing in the sex offender registry established under Iowa Code chapter 692A.
4. A record of having committed a public or civil offense.
5. Department revocation or denial of a child care facility registration or license due to the person's continued or repeated failure to operate the child care facility in compliance with licensing and registration laws and rules.

[**ARC 2647C**, IAB 8/3/16, effective 10/1/16; **ARC 6023C**, IAB 11/3/21, effective 1/1/22]

441—110.2(237A) Application for registration. A provider shall apply for registration on Form 470-3384, Application for Child Development Home Registration, provided by the department's local office or, if available, on the department's website. The provider shall also use Form 470-3384 to inform the department of any changes in circumstances that would affect the registration.

[**ARC 2647C**, IAB 8/3/16, effective 10/1/16]

441—110.3(237A) Renewal of registration. Renewal of registration shall be completed every 24 months. To request renewal, a provider shall submit Form 470-3384, Application for Child Development Home Registration, and training completion evidence either through certificates or as updated in Iowa's early childhood and school age professional workforce registry (i-PoWeR). The registration renewal process shall include completion of child abuse, sex offender, and criminal record checks.

[**ARC 2647C**, IAB 8/3/16, effective 10/1/16; **ARC 6023C**, IAB 11/3/21, effective 1/1/22]

441—110.4(237A) Compliance checks. Prior to registration, a compliance visit to inspect for compliance with health, safety, and fire standards shall be completed.

An unannounced compliance visit shall be conducted not less than annually to check for compliance with health, safety, and fire standards as well as all child care regulatory standards. Completed evaluation checklists shall be placed in the registration files.

[**ARC 2647C**, IAB 8/3/16, effective 10/1/16]

441—110.5(237A) Parental access. Parents shall be afforded unlimited access to their children and to the people caring for their children during the normal hours of operation or whenever their children are in the care of the child development home, unless parental contact is prohibited by court order.

[**ARC 2647C**, IAB 8/3/16, effective 10/1/16]

441—110.6(237A) Number of children. The number of children in a child development home shall conform to the following standards:

110.6(1) *Limit.* Except as provided in subrule 110.6(3), no greater number of children shall be received for care at any one time than the number authorized on the registration certificate.

110.6(2) *Children counted.* To determine the number of children cared for at any one time in a child development home, each child present in the child development home shall be considered to be receiving care unless the child is described by one of the following exceptions:

a. The child's parent, guardian, or custodian established or operates the child development home and either the child is attending school or the child receives child care full-time on a regular basis from another person.

b. The child has been present in the child development home for more than 72 consecutive hours and meets the requirements of the exception in paragraph 110.6(2)*"a"* as though the person who established or operates the child development home is the child's parent, guardian, or custodian.

110.6(3) *Exception for emergency school closing.* On days when schools start late, are dismissed early, or are canceled or closed due to emergencies such as inclement weather, physical plant failure,

structural damage, or public health emergency, a child development home may have additional children present in accordance with the authorization for the registration category of the home and subject to all of the following conditions:

a. The child development home has prior written approval from the parent or guardian of each child present in the home concerning the presence of additional children in the home.

b. One or more of the following conditions are applicable to each of the additional children present in the child development home:

(1) The home provides care to the child on a regular basis for periods of less than two hours.

(2) If the child were not present in the child development home, the child would be unattended.

(3) The home regularly provides care to a sibling of the child.

c. The provider shall maintain a written record including the date of the emergency school closing, the reason for the closing, and the number of children in care on that date.

[**ARC 2647C**, IAB 8/3/16, effective 10/1/16; **ARC 5488C**, IAB 3/10/21, effective 5/1/21]

441—110.7(237A) Provider requirements.

110.7(1) *Provider.* The provider shall:

a. Give careful supervision at all times.

b. Exchange information with the parent of each child frequently to enhance the quality of care.

c. Give consistent, dependable care and be capable of handling emergencies.

d. Be present at all times except when emergencies occur or an absence is planned, at which time care shall be provided by a department-approved substitute. When an absence is planned, the provider shall give parents at least 24 hours' prior notice.

e. Be free of the use of illegal drugs and shall not be under the influence of alcohol or of any prescription or nonprescription drug that could impair the provider's ability to give careful supervision.

110.7(2) *Substitutes.* The provider shall assume responsibility for providing adequate and appropriate supervision at all times when children are in attendance. Any designated substitute shall have the same responsibility for providing adequate and appropriate supervision. Ultimate responsibility for supervision shall be with the provider.

a. All standards in this chapter regarding supervision and care of children shall apply to substitutes.

b. Except in emergency situations, the provider shall inform parents in advance of the planned use of a substitute.

c. The substitute must be 18 years of age or older.

d. Use of a substitute shall be limited to:

(1) No more than 25 hours per month.

(2) An additional period of up to two weeks in a 12-month period.

e. The provider shall maintain a written record of the number of hours care is provided by a substitute, including the date of the care and the name of the substitute.

[**ARC 2647C**, IAB 8/3/16, effective 10/1/16]

441—110.8(237A) Standards. Conditions in the home shall be safe, sanitary, and free of hazards. The provider shall certify that the child development home meets the following standards and also the standards in either rule 441—110.13(237A), 441—110.14(237A), or 441—110.15(237A), specific to the category of home for which the provider requests registration.

110.8(1) *Facility requirements.*

a. The home shall have a nonpay, working landline or mobile telephone with emergency numbers posted for police, fire, ambulance, and the poison information center. The number for each child's parent, for a responsible person who can be reached when the parent cannot, and for the child's physician shall be written on paper and readily accessible by the telephone. The home must prominently display all emergency information, and all travel vehicles must have a paper copy of emergency parent contact information.

b. Electrical wiring shall be maintained, and all accessible electrical outlets shall be tamper-resistant outlets or shall be safely capped. Electrical cords shall be properly used. Improper use includes the running

of cords under rugs, over hooks, or through door openings or other use that has been known to be hazardous.

c. Combustible materials shall be kept a minimum of three feet away from furnaces, stoves, water heaters, and gas dryers.

d. Approved safety gates at stairways and doors shall be provided and used as needed.

e. Annual laboratory analysis of a private water supply shall be conducted to show satisfactory bacteriological quality. When children under the age of two are to be cared for, the analysis shall include a nitrate analysis. When private water supplies are determined unsuitable for drinking, commercially bottled water or water treated through a process approved by the health department or designee shall be provided.

f. A safety barrier shall surround any heating stove or heating element, in order to prevent burns.

g. The home shall have at least one 2A 10BC-rated fire extinguisher located in a visible and readily accessible place on each child-occupied floor.

h. The home shall have at least one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway. Each smoke detector shall be installed according to the manufacturer's recommendations. The provider shall test each smoke detector monthly and keep a record of testing for inspection purposes.

i. Smoking and the use of tobacco products shall be prohibited at all times in the home and in every vehicle in which children receiving care in the home are transported. Smoking and the use of tobacco products shall be prohibited in the outdoor play area during the home's hours of operation. "No smoking" signs shall be posted at every entrance of the child care home and in every vehicle used to transport children. All signs shall include:

(1) The telephone number for reporting complaints, and

(2) The Internet address of the department of public health (smokefreeair.iowa.gov).

j. Homes served by a private sewage disposal system shall be operated and maintained to ensure the system is properly treating the wastewater and not creating an unsanitary condition in the environment. Discharge of untreated waste water from private sewage disposal systems is prohibited. Concerns about noncompliance shall be referred to the local county sanitarian.

k. A provider operating in a facility built before 1978 shall assess and control lead hazards before being issued an initial child development home registration or a renewal of the registration. To comply with this requirement, the provider shall:

(1) Determine if painted surfaces on the interior or exterior of the facility are chipping, peeling, or cracking or in need of repair. Painted surfaces include walls, ceilings, windows, doors, stairs, and woodwork; and

(2) If painted surfaces are in need of repair, hire an Iowa certified lead-safe renovator to make repairs or take training to become an Iowa certified lead-safe renovator. Iowa lead-safe renovators shall apply interim controls on any chipping, peeling, or cracking paint found, using lead-safe work methods in accordance with and as defined by department of public health rules at 641—Chapters 69 and 70.

l. The child development home shall be located in a single-family residence that is owned, rented, or leased by the person, or, for dual registrations, at least one of the persons, who is named on the child development home's certificate of registration.

m. Any driver who transports children for any purpose shall have a valid driver's license and adequate motor vehicle insurance that authorizes the driver to operate the type of vehicle being driven. Child restraint devices shall be utilized in compliance with Iowa Code section 321.446.

n. Providers shall inform parents of the presence of any pet in the home.

(1) Each dog or cat in the household shall undergo an annual health examination by a licensed veterinarian. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. This examination shall verify that the animal's routine immunizations, particularly rabies, are current and that the animal shows no evidence of endoparasites (roundworms, hookworms, whipworms) and ectoparasites (fleas, mites, ticks, lice).

(2) Each pet bird in the household shall be purchased from a dealer licensed by the Iowa department of agriculture and land stewardship and shall be examined by a veterinarian to verify that the bird is

free of infectious diseases. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. Children shall not handle pet birds.

(3) Aquariums shall be well maintained and installed in a manner that prevents children from accessing the water or pulling over a tank.

(4) All animal waste shall be immediately removed from the children's areas and properly disposed of. Children shall not perform any feeding or care of pets or cleanup of pet waste.

(5) No animals shall be allowed in the food preparation, food storage, or serving areas during food preparation and serving times.

o. Using an injury report form, the provider shall document all injuries that require first aid or medical care. The form shall be completed on the date of occurrence, shared with the parent, and maintained in the child's file.

p. The provider shall have written policies regarding the care of mildly ill children and the exclusion of children due to illness and shall inform parents of these policies.

q. The provider shall have written policy and procedures for responding to health-related emergencies.

r. The certificate of registration shall be displayed in a conspicuous place.

s. Serious injuries.

(1) Serious injuries, as defined in Iowa Code section 702.18, that occur in a child care facility or when a child is in the care of child care facility staff shall be reported to the department within 24 hours of the incident.

(2) Serious injuries shall be documented and information maintained in the child's file as required by subrule 110.9(4).

110.8(2) *Use of outdoor space.*

a. A safe outdoor play area shall be maintained in good condition throughout the year. The play area shall be fenced off when located on a busy thoroughfare or near a hazard which may be injurious to a child and shall have both sunshine and shade areas. The play area shall be kept free from litter, rubbish, and flammable materials and shall be free from contamination by the drainage or ponding of sewage, household waste, or storm water.

b. When there is a swimming or wading pool on the premises:

(1) The wading pool shall be drained daily and shall be inaccessible to children when it is not in use.

(2) An aboveground or in-ground swimming pool that is not fenced shall be covered whenever the pool is not in use. The cover shall meet or exceed the ASTM International (formerly known as the American Society for Testing and Materials) specification intended to reduce the risk of drowning by inhibiting access to the water by children under five years of age.

(3) An uncovered aboveground swimming pool shall be enclosed with an approved fence that is nonclimbable and is at least four feet high.

(4) An uncovered in-ground swimming pool shall be enclosed with an approved fence that is nonclimbable and is at least four feet high and flush with the ground.

c. If children are allowed to use an aboveground or in-ground swimming pool:

(1) Written permission from parents shall be available for review.

(2) Equipment needed to rescue a child or adult shall be readily accessible.

(3) The child care provider shall accompany the children and provide constant supervision while the children use the pool.

(4) The child care provider shall complete training in cardiopulmonary resuscitation for infants, toddlers, and children, according to the criteria of the American Red Cross or the American Heart Association.

110.8(3) *Medications and hazardous materials.*

a. All medicines and poisonous, toxic, or otherwise unsafe materials shall be secured from access by a child.

b. A first-aid kit shall be available and easily accessible whenever children are in the child development home, in the outdoor play area, in vehicles used to transport children, and on field trips. The kit shall be sufficient to address first aid related to minor injury or trauma and shall be stored in an area

inaccessible to children. The kit shall, at a minimum, include adhesive bandages, bottled water, disposable tweezers, and disposable plastic gloves.

c. Medications shall be given only with the parent's or doctor's written authorization. Each prescribed medication shall be accompanied by a physician's or pharmacist's direction. Both nonprescription and prescription medications shall be in the original container with directions intact and labeled with the child's name. All medications shall be stored properly and, when refrigeration is required, shall be stored in a separate, covered container so as to prevent contamination of food or other medications. All medications shall be stored so they are inaccessible to children. Any medication administered to a child shall be recorded, and the record shall indicate the name of the medication, the date and time of administration, and the amount administered.

d. The provider shall establish procedures related to infectious disease control and handling of any bodily excrement or discharge or blood. Soiled diapers shall be stored in containers separate from other waste.

110.8(4) *Emergency plans.* Emergency plans in case of man-made or natural disaster shall be written and posted by the primary and secondary exits. The plans shall clearly map building evacuation routes and tornado and flood shelter areas.

a. Fire and tornado drills shall be practiced monthly, and the provider shall keep documentation evidencing compliance with monthly practice on file for the current year and the previous year.

b. The provider must have procedures in place for the following:

(1) Evacuation to safely leave the facility.

(2) Relocation to a common, safe location after evacuation.

(3) Shelter-in-place to take immediate shelter where the child is when it is unsafe to leave that location due to the emergent issue.

(4) Lockdown to protect children and providers from an external situation.

(5) Communication and plans for reunification with families.

(6) Continuity of operations.

(7) To address the needs of individual children, including those with functional or access needs.

110.8(5) *Safe sleep.*

a. The provider shall follow safe sleep practices as recommended by the American Academy of Pediatrics for infants under the age of one. Infant sleep shall conform to the following standards:

(1) Infants shall always be placed on their backs for sleep.

(2) Infants shall be placed on a firm mattress with a tight fitted sheet that meets U.S. Consumer Product Safety Commission federal standards.

(3) Infants shall not be allowed to sleep on a bed, sofa, air mattress or other soft surface.

(4) No toys, soft objects, stuffed animals, pillows, bumper pads, blankets, or loose bedding shall be allowed in the sleeping area with the infant.

(5) No co-sleeping shall be allowed.

(6) Sleeping infants shall be actively observed by sight and sound.

(7) If an alternate sleeping position is needed, a signed physician or physician assistant authorization with statement of medical reason is required.

b. No child shall be allowed to sleep in any item not designed for sleeping including, but not limited to, an infant seat, car seat, swing, or bouncy seat.

c. A crib or criblike furniture which has a waterproof mattress covering and sufficient bedding to enable a child to rest comfortably and which meets the current standards or recommendations from the Consumer Product Safety Commission or ASTM International for juvenile products shall be provided for each child under two years of age if developmentally appropriate. Crib railings shall be fully raised and secured when the child is in the crib. A crib or criblike furniture shall be provided for the number of children present at any one time. The home shall maintain all cribs or criblike furniture and bedding in a clean and sanitary manner. There shall be no restraining devices of any type used in cribs.

d. All items used for sleeping must be used in compliance with manufacturer standards for age and weight of the child.

110.8(6) *Discipline.* Discipline shall conform to the following standards:

a. Corporal punishment, including spanking, shaking and slapping, shall not be used.

b. Punishment that is humiliating or frightening or that causes pain or discomfort to the child shall not be used.

c. Punishment shall not be administered because of a child's illness, or progress or lack of progress in toilet training, nor shall punishment or threat of punishment be associated with food or rest.

d. No child shall be subjected to verbal abuse, threats, or derogatory remarks about the child or the child's family.

e. Discipline shall be designed to help the child develop self-control, self-esteem, and respect for the rights of others.

110.8(7) *Meals and snacks.*

a. Regular meals and midmorning or midafternoon snacks shall be provided. The meals and snacks shall be well-balanced, nourishing, and in appropriate amounts as defined by the USDA Child and Adult Care Food Program.

b. Children may bring food to the child development home for their own consumption but shall not be required to provide their own food.

c. Clean, sanitary drinking water shall be readily available to children in indoor and outdoor areas, throughout the day.

110.8(8) *Activity program.* There shall be an activity program which promotes self-esteem and exploration and includes:

a. Active play.

b. Quiet play.

c. Activities for large-muscle development.

d. Activities for small-muscle development.

e. Play equipment and materials in a safe condition, for both indoor and outdoor activities which are developmentally appropriate for the ages and number of children present.

[**ARC 2647C**, IAB 8/3/16, effective 10/1/16; **ARC 3096C**, IAB 6/7/17, effective 8/1/17; **ARC 3556C**, IAB 1/3/18, effective 3/1/18; **ARC 5488C**, IAB 3/10/21, effective 5/1/21; **ARC 6023C**, IAB 11/3/21, effective 1/1/22]

441—110.9(237A) Files.

110.9(1) A provider file shall be maintained and shall contain the following:

a. A physical examination report. Providers and all members of a provider's household aged 18 years or older shall have good health as evidenced by a preregistration physical examination. Acceptable physical examinations shall be documented on Form 470-5152, Child Care Provider Physical Examination Report. All children residing in the household must have the medical documentation outlined in paragraphs 110.9(4)*"d," "f,"* and *"g."*

b. I-PoWeR records or certificates verifying required training completion as set forth in subrule 110.10(1).

110.9(2) An individual file for each staff assistant shall be maintained and shall contain the following:

a. Documentation from the department which confirms that the record checks required under subrule 110.11(3) have been completed and authorizes or conditionally limits the person's involvement with child care.

b. A completed Form 470-5152, Child Care Provider Physical Examination Report, that meets the requirements of paragraph 110.9(1)*"a."*

c. Certification of a minimum of two hours of approved training relating to the identification and reporting of child abuse as required by Iowa Code section 232.69, completed within three months of employment.

110.9(3) An individual file for each substitute shall be maintained and shall contain the following:

a. Documentation from the department which confirms that the record checks required under subrule 110.11(3) have been completed and authorizes or conditionally limits the person's involvement with child care.

b. A completed Form 470-5152, Child Care Provider Physical Examination Report, that meets the requirements of paragraph 110.9(1)*"a."*

c. Certification of a minimum of two hours of approved training relating to the identification and reporting of child abuse as required by Iowa Code section 232.69, completed within three months of employment.

d. Certification in first aid that meets the requirements of paragraph 110.10(1)*"c."*

e. Certification or other documentation that minimum health and safety training has been completed in compliance with paragraph 110.10(1)*"a"* within three months of a substitute's hiring or before a substitute provides care, whichever occurs first.

110.9(4) *Children's files.* An individual file for each child shall be maintained and updated annually or when the provider becomes aware of changes. The file shall contain:

a. Identifying information including, at a minimum, the child's name and birth date; the parent's name, address and telephone number; special needs of the child; and the parent's work address and telephone number.

b. Emergency contact information including, at a minimum, where the parent can be reached, the name, street address, city and telephone number of the child's regular source of health care, and the name, telephone number, and relationship to the child of another adult available in case of emergency.

c. A signed medical consent from the parent authorizing emergency medical and dental treatment.

d. An admission physical examination report signed by a licensed medical doctor, doctor of osteopathy, chiropractor, physician's assistant or advanced registered nurse practitioner.

(1) The date of the physical examination shall not be more than 12 months before the child's first day of attendance at the child development home.

(2) The written report shall include the child's past health history, status of the child's present health, allergies and restrictive conditions, and recommendations for continued care when necessary.

(3) For a child who is five years of age or older and enrolled in school, a statement of health status signed by the parent or legal guardian may be substituted for the physical examination report.

(4) The examination report or statement of health status shall be on file before the child's first day of care.

e. For children under the age of six, a statement of health condition signed by a licensed medical doctor, doctor of osteopathy, chiropractor, physician's assistant or advanced registered nurse practitioner and submitted annually from the date of the admission physical examination. For a child who is enrolled in school, a statement of health status signed by the parent or legal guardian may be substituted for the statement of health.

f. For each school-age child, on the first day of attendance, documentation of a physical examination that was completed at the time of school enrollment or since.

g. A signed and dated immunization certificate provided by the Iowa department of public health. For the school-age child, a copy of the most recent immunization record shall be acceptable.

h. For any child with allergies, a written emergency care plan in case of an allergic reaction. A copy of this information shall accompany the child if the child leaves the premises.

i. Documentation that is signed by the parent and names persons authorized to pick up the child. The authorization shall include the name, telephone number, and relationship of the authorized person to the child.

j. Written permission from the parent for the child to attend activities away from the child development home.

k. Injury report forms documenting injuries requiring first aid or medical care.

l. If the child meets the definition of homelessness as defined by Section 725(2) of the McKinney-Vento Homeless Education Assistance Act, the family shall receive a 60-day grace period to obtain medical documentation.

[**ARC 2647C**, IAB 8/3/16, effective 10/1/16; **ARC 3095C**, IAB 6/7/17, effective 8/1/17; **ARC 4753C**, IAB 11/6/19, effective 12/11/19; **ARC 6023C**, IAB 11/3/21, effective 1/1/22; **ARC 6626C**, IAB 11/2/22, effective 3/1/23]

441—110.10(237A) Professional development.

110.10(1) *Required training.*

a. Prior to registration, the provider shall complete minimum health and safety trainings, approved by the department, in all of the following areas:

(1) Prevention and control of infectious disease, including immunizations.

(2) Prevention of sudden infant death syndrome and use of safe sleep practices.

(3) Administration of medication, consistent with standards for parental consent.

(4) Prevention of and response to emergencies due to food and allergic reactions.

(5) Building and physical-premises safety, including identification of and protection from hazards that can cause bodily injury, such as electrical hazards, bodies of water, and vehicular traffic.

(6) Prevention of shaken baby syndrome and abusive head trauma.

(7) Emergency preparedness and response planning for emergencies resulting from a natural disaster or a human-caused event.

(8) Handling and storage of hazardous materials and the appropriate disposal of biocontaminants.

(9) Precautions in transporting children.

(10) Child development, on or after August 1, 2017.

b. Prior to registration, the provider shall complete two hours of Iowa's training for mandatory reporting of child abuse as required by Iowa Code section 232.69. The provider shall maintain a valid certificate indicating expiration date.

c. Prior to registration, the provider shall complete first-aid and cardiopulmonary resuscitation (CPR) training that meets the following requirements:

(1) Training shall be provided by a nationally recognized training organization, such as the American Red Cross, American Heart Association, National Safety Council, the American Safety and Health Institute, or MEDIC First Aid or by an equivalent trainer using curriculum approved by the department.

(2) CPR training shall include certification in infant and child CPR.

(3) The provider shall maintain a valid certificate indicating the date of first-aid training and the expiration date.

(4) The provider shall maintain a valid certificate indicating the date of CPR training and the expiration date.

d. During each two-year registration period, the provider shall receive a minimum of 24 hours of training from one or more of the following content areas. A provider shall not use a specific training or class to meet minimum continuing education requirements more than one time every five years.

(1) Planning a safe, healthy learning environment (includes nutrition).

(2) Steps to advance children's physical and intellectual development.

(3) Positive ways to support children's social and emotional development (includes guidance and discipline).

(4) Strategies to establish productive relationships with families (includes communication skills and cross-cultural competence).

(5) Strategies to manage an effective program operation (includes business practices).

(6) Maintaining a commitment to professionalism.

(7) Observing and recording children's behavior.

(8) Principles of child growth and development.

e. Minimum health and safety training may be required if content has significant changes which warrant that the training be renewed.

f. A provider who has completed training through a child care resource and referral agency or community college within six months prior to initial registration shall be permitted to count the training toward the provider's total training required during the initial registration.

110.10(2) *Approved training.*

a. The training must be conducted by a trainer who is employed by or under contract with one of the following entities or who uses curriculum or training materials developed by or obtained with the written permission of one of the following entities:

(1) An accredited university or college.

(2) A community college.

(3) Iowa State University Extension.

(4) A child care resource and referral agency.

(5) An area education agency.

(6) The regents' center for early developmental education at the University of Northern Iowa.

(7) A hospital (for health and safety, first-aid, and CPR training).

(8) The American Red Cross, American Heart Association, National Safety Council, American Safety and Health Institute or MEDIC First Aid (for first-aid and CPR training).

(9) An Iowa professional association, including the Iowa Association for the Education of Young Children (Iowa AEYC), the Iowa Family Child Care Association (IFCCA), the Iowa After School Alliance, and the Iowa Head Start Association.

(10) A national professional association, including the National Association for the Education of Young Children (NAEYC), the National Child Care Association (NCCA), the National Association for Family Child Care (NAFCC), the National After School Association, and the American Academy of Pediatrics.

(11) The Child and Adult Care Food Program (CACFP) and the Special Supplemental Nutrition Program for Women, Infants and Children (WIC).

(12) The Iowa department of public health, department of education, or department of human services.

(13) Head Start agencies or the Head Start technical assistance system.

(14) Organizations that are certified by the International Association for Continuing Education and Training (IACET).

b. Approved training shall be made available to Iowa child care providers through i-PoWeR.

c. The department will not approve more than eight hours of training delivered in a single day.

d. The department may randomly monitor any state-approved training for quality control purposes.

e. Training conducted with the provider during the hours of operation of the facility, during provider lunch hours, or while children are resting must not diminish the required ratio coverage. The provider shall not be actively engaged in care and supervision and simultaneously participate in training.

f. A training organization not approved by the department may submit a request for review to the department on Form 470-4528, Request for Child Care Training Approval. All approvals, unless otherwise specified, shall be valid for five years. The department shall issue its decision within 30 business days of receipt of a complete request.

110.10(3) *Elements of training.* Training provided to Iowa child care providers shall offer:

a. Instruction that is consistent with:

(1) Iowa child care regulatory standards;

(2) The Iowa early learning standards; and

(3) The philosophy of developmentally appropriate practice as defined by the National Association for the Education of Young Children, the Program for Infant/Toddler Care, and the National Health and Safety Performance Standards.

b. Content equal to at least one contact hour of training.

c. An opportunity for teacher-student interaction and timely feedback, including questions and answers and with evaluation of learning.

d. For each participant, a certificate of training that includes:

(1) The name of the participant.

(2) The title of the training.

(3) The dates of training.

(4) The content area addressed.

(5) The name of the training organization.

(6) The name of the instructor.

(7) The number of contact hours.

[**ARC 2647C**, IAB 8/3/16, effective 10/1/16; **ARC 3095C**, IAB 6/7/17, effective 8/1/17; **ARC 3556C**, IAB 1/3/18, effective 3/1/18; **ARC 4753C**, IAB 11/6/19, effective 12/11/19; **ARC 6023C**, IAB 11/3/21, effective 1/1/22]

441—110.11(234) Registration decision. The department shall issue Form 470-3498, Certificate of Registration, when an applicant meets all requirements for registration. Each local office of the department shall maintain a current list of registered child development homes as a referral service to the community.

110.11(1) Registration shall be denied or revoked if the department finds a hazard to the safety and well-being of a child and the provider cannot correct or refuses to correct the hazard, even though the hazard may not have been specifically listed under the health and safety rules. Registration may also be

denied or revoked if the department determines that the provider has failed to comply with standards imposed by law and these rules.

110.11(2) Record of all denials or revocations of registration and the documentation of reasons for denying or revoking the registration shall be kept in an open file.

110.11(3) Record checks.

a. Applicability. The department shall conduct Iowa criminal history record and child abuse record checks for each registrant, substitute or staff member, anyone living in the home who is 14 years of age or older, and anyone having access to a child when the child is alone. The department shall conduct national criminal history record checks, based on fingerprints, for each registrant, substitute or staff member, anyone living in the home who is 18 years of age or older, and anyone 18 years of age or older having access to a child when the child is alone. In accordance with Iowa Code section 726.23, minors under the age of 18 will not be subject to the fingerprint requirement.

(1) The purpose of these record checks is to determine whether the person has committed a transgression that prohibits or limits the person's involvement with child care.

(2) The department may also conduct criminal history record and child abuse record checks in other states and may conduct dependent adult abuse, sex offender registry, and other public or civil offense record checks in Iowa or other states.

(3) Effective July 1, 2013, registration or renewal certificates shall not be issued until the results of all state and national record checks have been received and, when necessary, evaluated.

b. Authorization. The person subject to record checks shall complete the Iowa department of human services record check authorization form; Form DCI-45, Waiver Agreement; Form FD-258, Federal Fingerprint Card; and any other forms required by the department of public safety to authorize the release of records.

c. Iowa records checks. Checks and evaluations of Iowa child abuse and criminal history records shall be completed before the person's involvement with child care. Iowa records checks shall be repeated at a minimum of every two years and when the department or the registrant becomes aware of any possible transgressions. The department is responsible for the cost of conducting the Iowa records checks.

d. National criminal history record checks. Fingerprint-based checks of national criminal history records shall also be completed before a person's involvement with child care. This requirement shall be for an initial application for registration or a renewal application for registration. The national criminal history record check shall be repeated for each person subject to the check every four years and when the department or registrant becomes aware of any new transgressions committed by that person in another state. The department is responsible for the cost of conducting the national criminal history record check.

(1) The registrant is responsible for any costs associated with the taking (rolling) of fingerprints of all persons subject to record checks and for submitting the fingerprints to the department so that the national criminal history record check can be completed. Fingerprints may be taken (rolled) by law enforcement agencies or by agencies or companies that specialize in taking (rolling) fingerprints.

(2) The department shall provide fingerprints to the department of public safety no later than ten business days after receipt of the fingerprint cards. The department shall submit the fingerprints on forms or in a manner allowed by the department of public safety.

(3) The department may rely on the results of previously conducted national criminal history record checks when a person subject to a record check in one child development home or child care home submits a request for involvement with child care in another child development home or child care home, so long as the person's national criminal history record check is within the allowable four-year time frame. All initial or new applications shall require a new national criminal history record check.

e. Mandatory prohibition. A person with any of the following convictions or founded abuse reports is prohibited from involvement with child care:

(1) Founded child or dependent adult abuse that was determined to be sexual abuse.

(2) A requirement to be listed on any state sex offender registry or the national sex offender registry.

(3) Any of the following felony convictions:

1. Child endangerment or neglect or abandonment of a dependent person.
2. Domestic abuse.

3. Crime against a child including, but not limited to, sexual exploitation of a minor.
4. Forcible felony.
5. Arson.

(4) A record of a misdemeanor conviction of a crime against a child that constitutes one of the following offenses:

1. Child abuse.
2. Child endangerment.
3. Sexual assault.
4. Child pornography.

(5) If a person subject to a record check refuses to consent to a record check, the person shall be prohibited from involvement with child care.

(6) If a person has been convicted of a crime and makes what the person knows to be a false statement of material fact in connection with the conviction or record check, the person shall be prohibited from involvement with child care.

f. Mandatory time-limited prohibition.

(1) A person with the following conviction or founded abuse report is prohibited from involvement with child care for five years from the date of the conviction or founded abuse report:

1. Conviction of a controlled substance offense .
2. Founded abuse that was determined to be physical abuse.

(2) After the five-year prohibition period (from the date of the conviction or the founded abuse report) as defined in subparagraph 110.11(3)*"f"*(1), the person may request the department to perform an evaluation under paragraph 110.11(3)*"g"* to determine whether prohibition of the person's involvement with child care continues to be warranted.

g. Evaluation required. For all other transgressions, and as requested under subparagraph 110.11(3)*"f"*(2), the department shall evaluate the transgression and make a decision about the person's involvement with child care.

(1) The person with the transgression shall complete and return the record check evaluation form within ten calendar days of the date on the form. The department shall use the information the person with the transgression provides on this form to assist in the evaluation. Failure of the person with the transgression to complete and return this form within ten calendar days of the date on the form shall result in denial or revocation of the registration certificate.

(2) The department may use information from the department's case records in performing the evaluation.

(3) In an evaluation, the department shall consider all of the following factors:

1. The nature and seriousness of the transgression in relation to the position sought or held.
2. The time elapsed since the commission of the transgression.
3. The circumstances under which the transgression was committed.
4. The degree of rehabilitation.
5. The likelihood that the person will commit the transgression again.
6. The number of transgressions committed by the person.

(4) When a person subject to a record check has a transgression that has been determined in a previous evaluation not to warrant prohibition of the person's involvement with child care and the person has no subsequent transgressions, an exemption from reevaluation of the latest record check is authorized. The person may commence employment with another child care facility in accordance with the department's previous evaluation. The exemption is subject to all of the following conditions:

1. The position with the subsequent employer is substantially the same or has the same job responsibilities as the position for which the previous evaluation was performed.
2. Any restrictions placed on the person's employment by the department in the previous evaluation shall remain applicable in the person's subsequent employment.
3. The person subject to the record check has maintained a copy of the previous evaluation and provides the evaluation to the subsequent employer or the previous employer provides to the subsequent employer the previous evaluation from the person's personnel file pursuant to the person's authorization.

If a physical copy of the previous evaluation is not provided to the subsequent employer, the record check shall be reevaluated.

4. The subsequent employer may request a reevaluation of the record check and may employ the person while the reevaluation is being performed.

h. Evaluation decision. The department has final authority in determining whether prohibition of the person's involvement with child care is warranted and in developing any conditional requirements or corrective action plan.

(1) Within 30 calendar days of receipt of a completed record check evaluation, the department shall make a decision on the person's involvement with child care.

(2) Within 30 calendar days of receipt of a completed record check evaluation, the department shall mail to the person subject to an evaluation a record check decision that explains the decision reached regarding the evaluation of the transgression and a notice of decision: child care.

(3) The department shall issue a notice of decision: child care prohibiting involvement with child care when the person subject to an evaluation fails to complete the record check evaluation within the ten-calendar-day time frame.

(4) If the department determines, through the record check evaluation process, that the person's prohibition of involvement with child care is warranted, the person shall be prohibited from involvement with child care. The department may identify a period of time after which the person may request that another record check and evaluation be performed.

(5) The department may permit a person who is evaluated to maintain involvement with child care if the person complies with the department's conditions relating to the person's involvement with child care, which may include completion of additional training or an individually designed corrective action plan, or both. For an employee of a registrant, these conditional requirements shall be developed with the registrant. All conditions placed on a person's involvement with child care shall be communicated, in writing, to both the person subject to the evaluation and the registrant.

(6) The department shall reevaluate any transgressions where a state or federal law change requires different considerations of the transgression than had been previously applied.

i. Notice to parents of abuse in care. If there has been founded child abuse committed by an owner, director, or staff member of the child care facility or child care home, the department's administrator shall notify the parents, guardians, and legal custodians of each child for whom the facility or child care home provides care.

(1) The child care facility or child care home shall cooperate with the department in providing the names and addresses of the parent, guardian, or custodian of each child for whom the facility provides child care.

(2) This information shall be provided to the department within ten calendar days from the date of the initial request.

(3) Failure or refusal to provide the requested information may result in revocation of registration.

110.11(4) If the department has denied or revoked a registration because the provider has continually or repeatedly failed to operate in compliance with Iowa Code chapter 237A and this chapter, the person shall not own or operate a registered facility for a period of 12 months from the date of denial or revocation. The department shall not act on an application for registration submitted by the applicant or provider during the 12-month period. The applicant shall be prohibited from involvement with child care unless the department specifically permits the involvement.

110.11(5) Required notifications. If a certificate of registration is revoked, the administrator of the department shall notify the parent, guardian, or legal custodian of each child for whom the facility provides care. The provider shall cooperate with the department in providing the name and address of the parent, guardian, or legal custodian of each child for whom the facility provides child care.

110.11(6) Required notifications to the department.

a. The provider shall, within ten days, notify the department of any of the following:

(1) Changes in assistants or substitutes;

(2) Changes in household membership;

(3) Address changes; and

(4) Criminal convictions.

b. No assistant, substitute, or coprovider shall be utilized in the care of children and no person shall be permitted to reside in the household until approved by the department.

c. If the provider does not notify the department of changes within ten days, the provider may be subject to revocation of registration or to recoupment of child care assistance provided, or both.

110.11(7) Letter of revocation. A letter received by an owner or operator of a child development home initiating action to deny or revoke the home's registration shall be conspicuously posted where it can be read by parents or any member of the public. The letter shall remain posted until resolution of the action to deny or revoke an owner's or operator's certificate of registration.

[**ARC 2647C**, IAB 8/3/16, effective 10/1/16; **ARC 4114C**, IAB 11/7/18, effective 1/1/19]

441—110.12(237A) Complaints. The department shall conduct an on-site visit when a complaint is received.

110.12(1) After each complaint visit, the department shall document whether the child development home was in compliance with registration requirements.

110.12(2) The written documentation of the department's conclusion as to whether the child development home was in compliance with requirements shall be available to the public. However, the identity of all complainants shall be confidential, unless expressly waived by the complainant.

[**ARC 2647C**, IAB 8/3/16, effective 10/1/16]

441—110.13(237A) Additional requirements for child development home category A. In addition to the requirements in rule 441—110.8(237A), a provider requesting registration in child development home category A shall meet the following standards:

110.13(1) *Limits on number of children in care.*

a. No more than six children not attending kindergarten or a higher grade level shall be present at any one time.

b. Of these six children, no more than four children who are 24 months of age or younger shall be present at any one time. Of these four children, no more than three may be 12 months of age or younger.

c. In addition to the six children not in school, no more than two children who attend school may be present.

d. No more than eight children shall be present at any one time when an emergency school closing is in effect.

110.13(2) *Provider qualifications.*

a. The provider shall be at least 18 years old.

b. The provider shall have three written references which attest to character and ability to provide child care.

[**ARC 2647C**, IAB 8/3/16, effective 10/1/16; **ARC 6023C**, IAB 11/3/21, effective 1/1/22]

441—110.14(237A) Additional requirements for child development home category B. In addition to the requirements in rule 441—110.8(237A), a provider requesting registration in child development home category B shall meet the following standards:

110.14(1) *Limits on number of children in care.*

a. No more than eight children not attending kindergarten or a higher grade level shall be present at any one time.

b. Of these eight children, no more than four children who are 24 months of age or younger shall be present at any one time. Of these four children, no more than three may be 12 months of age or younger.

c. In addition to the eight children not in school, no more than four children who attend school may be present.

d. No more than 12 children shall be present at any one time when an emergency school closing is in effect.

e. If more than eight children are present at any one time for a period of more than two hours, the provider shall be assisted by a department-approved assistant who is at least 14 years old, unless extra children are present as a result of an emergency school closing.

110.14(2) *Provider qualifications.*

a. The provider shall be at least 20 years old.

b. The provider shall have a high school diploma, GED, or documentation of current or previous enrollment in credit-based coursework from a postsecondary educational institution that is an accredited college or university.

c. The provider shall either:

(1) Have two years of experience as a registered or nonregistered child care provider, or

(2) Have a child development associate credential or any two-year or four-year degree in a child care-related field and one year of experience as a registered or nonregistered child care home provider.

110.14(3) *Facility requirements.*

a. The home shall have a minimum of 35 square feet of child-use floor space for each child in care indoors, and a minimum of 50 square feet per child in care outdoors.

b. The home shall have a separate quiet area for sick children.

c. The home shall have a minimum of two direct exits to the outside from the main floor.

(1) If the second level or the basement of the home is used for the provision of child care, other than the use of a restroom, each additional child-occupied floor shall have at least one direct exit to the outside in addition to one inside stairway.

(2) All exits shall terminate at grade level with permanent steps.

(3) A basement window may be used as an exit if the window can be opened from the inside without the use of tools and it provides a clear opening of not less than 20 inches in width, 24 inches in height, and 5.7 square feet in area. The bottom of the opening shall be not more than 44 inches above the floor, with permanent steps inside leading up to the window.

(4) Occupancy above the second floor shall not be permitted for child care.

[**ARC 2647C**, IAB 8/3/16, effective 10/1/16; **ARC 5488C**, IAB 3/10/21, effective 5/1/21; **ARC 6023C**, IAB 11/3/21, effective 1/1/22]

441—110.15(237A) Additional requirements for child development home category C. In addition to the requirements in rule 441—110.8(237A), a provider requesting registration in child development home category C shall meet the following standards:

110.15(1) *Limits on number of children in care.*

a. No more than 14 children not attending kindergarten or a higher grade level shall be present at any one time.

b. Of these 14 children, no more than 6 children who are 24 months of age or younger shall be present at any one time. Whenever four children who are under the age of 12 months are in care, both providers shall be present.

c. In addition to the 14 children not in school, no more than 2 children who attend school may be present.

d. No more than 16 children shall be present at any one time when an emergency school closing is in effect.

e. If more than eight children are present, both providers shall be present. Each provider shall meet the provider qualifications for child development home category C.

110.15(2) *Provider qualifications.*

a. One provider who meets the following qualifications must always be present:

(1) The provider shall be at least 21 years old.

(2) The provider shall have a high school diploma, GED, or documentation of current or previous enrollment in credit-based coursework from a postsecondary educational institution that is an accredited college or university.

(3) The provider shall either:

1. Have five years of experience as a registered or nonregistered child care provider, or

2. Have a child development associate credential or any two-year or four-year degree in a child care-related field and four years of experience as a registered or nonregistered child care home provider.

b. The coprovider shall meet the requirements of subrule 110.14(2).

c. No more than two named providers shall be allowed on a registration certificate.

110.15(3) *Facility requirements.*

a. The home shall have a minimum of 35 square feet of child-use floor space for each child in care indoors, and a minimum of 50 square feet per child in care outdoors.

b. The home shall have a separate quiet area for sick children.

c. The home shall have a minimum of two direct exits to the outside from the main floor.

(1) If the second level or the basement of the home is used for the provision of child care, other than the use of a restroom, each additional child-occupied floor shall have at least one direct exit to the outside in addition to one inside stairway.

(2) All exits shall terminate at grade level with permanent steps.

(3) A basement window may be used as an exit if the window can be opened from the inside without the use of tools and it provides a clear opening of not less than 20 inches in width, 24 inches in height, and 5.7 square feet in area. The bottom of the opening shall be not more than 44 inches above the floor, with permanent steps inside leading up to the window.

(4) Occupancy above the second floor shall not be permitted for child care.

[**ARC 2647C**, IAB 8/3/16, effective 10/1/16; **ARC 5488C**, IAB 3/10/21, effective 5/1/21; **ARC 6023C**, IAB 11/3/21, effective 1/1/22; **ARC 6626C**, IAB 11/2/22, effective 3/1/23]

441—110.16(237A) Registration actions for nonpayment of child support. The department shall revoke or deny the issuance or renewal of a child development home registration upon the receipt of a certificate of noncompliance from the child support recovery unit of the department according to the procedures in Iowa Code chapter 252J. In addition to the procedures set forth in Iowa Code chapter 252J, the rules in this chapter shall apply.

110.16(1) *Service of notice.* The notice required by Iowa Code section 252J.8 shall be served upon the applicant or registrant by restricted certified mail, return receipt requested, or personal service in accordance with Iowa Rule of Civil Procedure 1.305. Alternatively, the applicant or registrant may accept service personally or through authorized counsel.

110.16(2) *Effective date.* The effective date of the revocation or denial of the registration as specified in the notice required by Iowa Code section 252J.8 shall be 60 days following service of the notice upon the applicant or licensee.

110.16(3) *Preparation of notice.* The department director or designee of the director is authorized to prepare and serve the notice as required by Iowa Code section 252J.8 upon the applicant or registrant.

110.16(4) *Responsibilities of registrants and applicants.* Registrants and registrant applicants shall keep the department informed of all court actions, and all child support recovery unit actions taken under or in connection with Iowa Code chapter 252J, and shall provide the department copies, within seven days of filing or issuance, of all applications filed with the district court pursuant to Iowa Code section 252J.9, all court orders entered in the actions, and withdrawals of certificates of noncompliance by the child support recovery unit.

110.16(5) *District court.* A registrant or applicant may file an application with the district court within 30 days of service of a department notice pursuant to Iowa Code sections 252J.8 and 252J.9.

a. The filing of the application shall stay the department action until the department receives a court order lifting the stay, dismissing the action, or otherwise directing the department to proceed.

b. For purposes of determining the effective date of the revocation, or denial of the issuance or renewal of a registration, the department shall count the number of days before the action was filed and the number of days after the action was disposed of by the court.

110.16(6) *Procedure for notification.* The department shall notify the applicant or registrant in writing through regular first-class mail, or such other means as the department deems appropriate in the circumstances, within ten days of the effective date of the revocation of a registration or the denial of the issuance or renewal of a registration, and shall similarly notify the applicant or registrant when the registration is issued, renewed, or reinstated following the department's receipt of a withdrawal of the certificate of noncompliance.

110.16(7) *Appeal rights.* Notwithstanding Iowa Code section 17A.18, the registrant does not have the right to a hearing regarding this issue but may request a court hearing pursuant to Iowa Code section 252J.9.

[**ARC 2647C**, IAB 8/3/16, effective 10/1/16]

441—110.17(237A) Prohibition from involvement with child care. If the department has prohibited a person or program from involvement with child care, that person or program shall not provide child care as a nonregistered child care home provider.

[**ARC 2647C**, IAB 8/3/16, effective 10/1/16]

These rules are intended to implement Iowa Code section 234.6 and chapter 237A.

CHAPTER 111
FAMILY-LIFE HOMES
[Prior to 7/1/83, Social Services[770] Ch 111]
[Prior to 2/11/87, Human Services[498]]

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/1/31

441—111.1(249) Definitions.

"Eligible adult" means a person 18 years of age or older who meets the eligibility requirements for services or is a recipient of protective services and who is considering or needs a living arrangement in a family-life home.

"Encouragement to share in the interests and activities of the household" means that the family welcomes and encourages the person to participate with the family in the family's general family conversations and in the family's social, recreational, educational, and religious activities; the family invites and encourages use of the general facilities of the family's home; and the family expects the person to care for the person's assigned living quarters and to participate within reason in the chores of the household.

"Essentially capable of physical self-care" means the person is ambulatory or can move from place to place; can manage the activities of daily living, including personal hygiene and grooming, toileting, dressing and undressing, feeding, and medicating; and can attend to the care of personal property adequately with minimal support or occasional assistance.

"Family" means a person or persons, either related or unrelated to the client, who constitute the members of the household and are related to one another by kinship of blood, marriage, or adoption.

"Family-life home" means a private household offering a protective social living arrangement for one or two eligible adults who are not able or willing to adequately maintain themselves in an independent living arrangement but who are essentially capable of physical self-care. In this living arrangement, the family provides the client room, board, laundry, encouragement to share in the interests and activities of the household, and opportunities for participation in the social, cultural, educational, religious, and other activities of the community.

"Not able or willing to adequately maintain themselves in an independent living arrangement" means that the person requires some assistance, encouragement, or social stimulation for adequate self-care or to maintain physical or mental health or personal safety.

"Private household" means a dwelling unit occupied exclusively by a family and furnished by and belonging to the family by reason of ownership, rental agreement, or by a contract for purchase of life estate.

[**ARC 0348D**, IAB 6/10/26, effective 8/1/26]

441—111.2(249) Application for certification.

111.2(1) The department will issue a certificate of approval for the operation of a family-life home upon the recommendation of a local office of the department.

111.2(2) Any person has the right to make application for a family-life home certificate.

111.2(3) Persons wishing to care for adults shall make application to the local office of the department.

111.2(4) When an applicant has reached a decision to operate a family-life home, the applicant shall complete an Application for Certification form.

111.2(5) Each applicant shall supply two references who may be contacted by the local office of the department.

[**ARC 0348D**, IAB 6/10/26, effective 8/1/26]

441—111.3(249) Provisions pertaining to the certificate.

111.3(1) No family-life home shall be certified to provide a living arrangement for more than two eligible adults.

111.3(2) At least one responsible adult member of the family shall be at the family dwelling or be reasonably available to the client during most of the daytime and nighttime hours, based on the service worker's assessment of the individual's need for supervision.

111.3(3) The certificate shall be effective for one year from the date issued subject to continued compliance with rules governing the program.

111.3(4) The certificate shall not be transferred to another person nor be valid for an address other than that shown on the certificate issued.

111.3(5) A current certificate shall be in the possession of the certified family-life home and be available for inspection.

111.3(6) There will be no fee nor charge for the certificate issued.

111.3(7) A certified family-life home shall not be concurrently licensed as a residential care facility, intermediate care facility, child care center or a foster family home. An exception may be made for a home to be concurrently licensed as a foster family home and certified as a family-life home in order to provide continued care for a person who was placed in the home as a foster child.

[**ARC 0348D**, IAB 6/10/26, effective 8/1/26]

441—111.4(249) Physical standards.

111.4(1) The family-life home shall be safe, clean, well-ventilated, and properly lighted and heated. The family's dwelling shall comply with all local health ordinances.

111.4(2) The family's dwelling shall not be a dwelling unit furnished by or belonging to a client.

111.4(3) Sleeping rooms shall be suitably and comfortably furnished.

111.4(4) Each resident shall have a single bedroom unless there is agreement among the family and the residents that a room may be shared.

111.4(5) The family shall provide nutritional food in sufficient quantity to meet the needs of the client.

[**ARC 0348D**, IAB 6/10/26, effective 8/1/26]

441—111.5(249) Personal characteristics of family-life home family.

111.5(1) The adult head of the private household shall be a mature, responsible individual who is physically able to maintain a private household and who shall exercise good judgment in caring for adults.

111.5(2) The family shall have an appreciation of and respect for the client's relationship with the client's own relatives, neighbors and friends.

111.5(3) The family shall respect the client's religious background and affiliation.

111.5(4) The family shall have sufficient income and resources to provide adequately for the family's own needs.

[**ARC 0348D**, IAB 6/10/26, effective 8/1/26]

441—111.6(249) Health of family.

111.6(1) Prior to certification, the family shall furnish the local office of the department with a medical report on each member of the household. The report shall be on a Provider Health Assessment form.

111.6(2) The medical report shall provide significant findings of a physician, such as the presence or absence of any communicable disease.

111.6(3) Medical reexaminations may be required at the discretion of a physician or the local office of the department.

[**ARC 0348D**, IAB 6/10/26, effective 8/1/26]

441—111.7(249) Planned activities and personal effects.

111.7(1) The daily routine shall be to promote and provide an opportunity for normal activity with time for rest and recreation compatible with the needs of the client.

111.7(2) Every client shall be encouraged to develop social relationships through participation in neighborhood and other community and group activities.

111.7(3) The family shall not require a client to do general housecleaning, cooking, or child care for the family. A client may voluntarily share in these responsibilities.

111.7(4) Space shall be provided where a client may keep personal belongings.
[**ARC 0348D**, IAB 6/10/26, effective 8/1/26]

441—111.8(249) Client eligibility.

111.8(1) The client shall be 18 years of age or older as proven by birth or school records, personal records, or by records of the department or another agency.

111.8(2) The client shall be willing to live in a certified family-life home by the client's own declaration or the declaration of a person legally responsible for such client.

111.8(3) The client shall be willing to accept the terms and requirements of the family-life home program.

111.8(4) The client shall be capable of personal physical self-care.
[**ARC 0348D**, IAB 6/10/26, effective 8/1/26]

441—111.9(249) Medical examinations, records, and care of a client.

111.9(1) A physician shall certify that the client is free from any communicable disease and does not require a higher level of care than that provided by a family-life home. The certification shall be given prior to placement and following an annual medical review thereafter. The certification shall be given on a Physician's Report Health Care Plan form.

111.9(2) The family shall have available, at all times, the name, address and telephone number of the client's physician.

111.9(3) The family shall keep the department informed of any health problems. The family shall immediately notify the department in case of an accident, illness, or emergency that may affect the placement.
[**ARC 0348D**, IAB 6/10/26, effective 8/1/26]

441—111.10(249) Placement agreement. The head of the family-life home and the resident shall enter into a placement agreement by signing a Family Life Home Placement Agreement form.
[**ARC 0348D**, IAB 6/10/26, effective 8/1/26]

441—111.11(249) Legal liabilities. The department will advise the family to seek counsel regarding the family's needs for insurance to cover personal injury, property damage, and other legal contingencies.
[**ARC 0348D**, IAB 6/10/26, effective 8/1/26]

441—111.12(249) Emergency care and release of client.

111.12(1) In case of an emergency, vacation, or overnight trip, requiring the family's temporary absence from the home, the local office of the department shall be notified and arrangements shall be made with a designated, responsible person for the care of a client during the period of absence.

111.12(2) The department shall be notified when the client leaves or the client or family expresses a desire for the client to leave the family-life home.
[**ARC 0348D**, IAB 6/10/26, effective 8/1/26]

441—111.13(249) Information about client to be confidential. Information concerning a client, the client's family, and the client's background shall be regarded and handled as confidential by all persons involved in the client's care.
[**ARC 0348D**, IAB 6/10/26, effective 8/1/26]

These rules are intended to implement Iowa Code sections 234.6(1)*"e"* and 249.3(2)*"a"*(1).

CHAPTER 112
LICENSING AND REGULATION OF CHILD FOSTER CARE FACILITIES

[Prior to 7/1/83, Social Services[770] Ch 112]
[Prior to 2/11/87, Human Services[498]]

Chapter rescission date pursuant to Iowa Code section 17A.7: 1/1/28

441—112.1(237) Applicability. This chapter relates to licensing procedures for all child foster care facilities authorized by Iowa Code chapter 237. Rules relating to specific types of facilities are located in 441—Chapter 113, "Licensing and Regulation of Foster Family Homes," 441—Chapter 114, "Licensing and Regulation of All Group Living Foster Care Facilities for Children," 441—Chapter 115, "Licensing and Regulation of Comprehensive Residential Facilities for Children," and 441—Chapter 116, "Licensing and Regulation of Residential Facilities for Children with an Intellectual Disability or Brain Injury."

This rule is intended to implement Iowa Code chapter 237.

[**ARC 8010B**, IAB 7/29/09, effective 10/1/09; **ARC 3185C**, IAB 7/5/17, effective 9/1/17; **ARC 4793C**, IAB 12/4/19, effective 1/8/20]

441—112.2(237) Definitions.

"Administrator," when used for matters related to licensing, means the administrator of the division of adult, children and family services.

"Administrator's designee:"

1. For group facilities, the administrator's designee is the chief of the bureau of child welfare and community services.
2. For foster family homes, the designee is the department of human services' service area manager.

"Applicant:"

1. For a foster family home license, the applicant is the person or persons applying.
2. For a proprietary facility, the applicant is the owner or designee of the facility.
3. For facilities having a board of directors, the applicant may be the president of the board or the board's designee.

"Community residential facility" means a facility which provides care for children who are considered unable to live in a family situation due to social, emotional or physical disabilities but are capable of interacting in a community environment with a minimum amount of supervision. The facility provides 24-hour care including board and room. Community resources are used for education, recreation, medical, social and rehabilitation services. The facility is responsible for planning the daily activities of the children, discipline, guidance, peer relationships, and recreational programs.

"Comprehensive residential facility" means a facility which provides care and treatment for children who are unable to live in a family situation due to social, emotional, or physical disabilities and who require varying degrees of supervision as indicated in the individual service plan. Care includes room and board. Services include the internal capacity for individual, family, and group treatment. These services and others provided to the child shall be under the administrative control of the facility. Community resources may be used for medical, recreational, and educational needs. Comprehensive residential facilities have higher staff to client ratios than community residential facilities and may use control rooms, locked cottages, and mechanical restraints when these controls meet licensing requirements.

"Foster family home" means a home in which an individual person or persons or a married couple who wishes to provide or is providing, for a period exceeding 24 consecutive hours, board, room, and care for a child in a single family living unit.

"Group facility" means a community residential facility, a comprehensive residential facility, or a residential facility for children with an intellectual disability.

"Residential facility for children with an intellectual disability or brain injury" means any residential facility which serves children with an intellectual disability as defined in Iowa Code chapter 222 or children with brain injury as defined in Iowa Code chapter 225C.

This rule is intended to implement Iowa Code sections 237.3 and 237.5.

[**ARC 3185C**, IAB 7/5/17, effective 9/1/17; **ARC 4793C**, IAB 12/4/19, effective 1/8/20]

441—112.3(237) Application for license.

112.3(1) *Right to apply.* Any adult individual or agency has the right to apply for a license.

a. Foster family care. A person wishing to apply to be a foster parent shall contact the department's recruitment and retention contractor in the applicable service area to request an application packet. This procedure also applies to:

(1) Persons wishing to care for children placed through any public or private agency.

(2) A relative who is caring for a child directly placed by the child's parents, guardians, or another relative and who wishes to be licensed as a foster parent.

b. Group care. A person wishing to apply for a group care license may contact the department:

(1) Using the "Contact Us" link found on the department's Internet site at dhs.iowa.gov; or

(2) By mail to the Iowa Department of Human Services, Division of Adult, Children and Family Services, Attn: Group Care Licensing, 1305 East Walnut Street, Des Moines, Iowa 50319-0114.

112.3(2) *Decision to operate a facility.*

a. When an applicant has reached a decision to operate a foster family home, the applicant shall complete Form 470-0689, Foster Family Home License Application.

b. When an applicant has reached a decision to operate a group facility, the applicant shall complete Form 470-0723, Application for License or Certificate of Approval.

112.3(3) *Withdrawal of an application.* The applicant shall report the withdrawal of an application promptly to the department.

112.3(4) *Evaluation of the application.* Each application will be evaluated by the department to ensure that all standards are met.

a. Before it results in adverse action, a founded abuse report on a director, a sole proprietor involved in the facility's operation, or any facility staff or foster parent applicant shall be evaluated by the department to determine if the abuse merits prohibition of employment or licensure.

b. The department shall evaluate all founded child abuse on a case-by-case basis. Considerations shall include, but not be limited to:

(1) The facility's response (e.g., immediate termination of involved staff).

(2) Whether the abuse was an isolated incident or is symptomatic of a broader, systemic problem.

112.3(5) *Reports and information.* Requested reports and information relevant to the licensing determination shall be furnished to the department by the applicant.

112.3(6) *Applications for renewal.*

a. The department or its agent shall send the licensee an application for renewal 90 days before the license expires. Applications for license renewal shall be made on the form specified in subrule 112.3(2).

b. Applications for renewal shall be made at least 30 but no more than 90 days before the license expires. Applications for renewal of a group care license shall be submitted to the address in subparagraph 112.3(1)*"b"*(2). Applications for renewal of a foster family home license shall be submitted to the recruitment and retention contractor.

c. The department shall approve or deny an application for license renewal through the same process as that used for the original application.

112.3(7) *Notification.*

a. Foster family homes.

(1) The department shall notify an applicant of the approval or denial of an initial license within 140 days of the date that the applicant begins the preservice training required in 441—subrule 113.8(1). When preservice training is waived, the department shall notify the applicant of approval or denial within 120 days of the date that the training waiver is granted.

(2) The department shall notify a licensee of the approval or denial of license renewal within 90 days of reapplication.

b. Group facilities. The department shall notify a group facility of approval or denial of a license within 90 days of application or reapplication.

This rule is intended to implement Iowa Code section 237.5.

[**ARC 8010B**, IAB 7/29/09, effective 10/1/09; **ARC 3185C**, IAB 7/5/17, effective 9/1/17; **ARC 4793C**, IAB 12/4/19, effective 1/8/20]

441—112.4(237) License.

112.4(1) A new license shall be obtained when the licensee moves or the facility is remodeled.

112.4(2) A new license shall be requested when the facility wishes to be licensed for a different number of children.

112.4(3) When corrective action is completed on or before the date specified on a provisional or renewal license, a full license shall be issued for the remainder of the licensure term.

112.4(4) When the corrective action is not completed by the date specified on a provisional or renewal license, a full license shall be denied.

112.4(5) The department shall issue Form 470-0727, Certificate of License, without cost to any foster family that meets the standards. The department shall issue Form 470-3623, Certificate of License, without cost to any group facility that meets the standards. The department may offer consultation to assist applicants in meeting the standards.

112.4(6) A foster family home license shall be approved for a term of one year for the first and second years of licensure. Thereafter, the license shall be approved for a term of two years unless it is determined by the administrator that a one-year license shall be issued. A group facility license shall be approved for a term of one to three years according to the following criteria:

a. A one-year license may be approved for all new facilities that meet licensure standards.

b. A one- to two-year license may be approved when it is determined:

(1) Some health or safety concerns have been identified; or

(2) Some complaints against a facility have been substantiated; or

(3) Deficiencies have been identified.

c. A three-year license may be approved when:

(1) No health or safety deficiencies have been identified;

(2) There have either been no substantiated complaints against the facility or, if substantiated, complaints have been determined not to be serious or severe; and

(3) A facility has no founded incidents of child abuse by facility staff.

This rule is intended to implement Iowa Code sections 237.3 and 237.5.

[**ARC 0356C**, IAB 10/3/12, effective 12/1/12; **ARC 3185C**, IAB 7/5/17, effective 9/1/17; **ARC 4793C**, IAB 12/4/19, effective 1/8/20]

441—112.5(237) Denial.

112.5(1) The department shall deny the license application when:

a. The minimum standards set forth in these rules are not met and a provisional license is inappropriate or disapproved by the administrator or administrator's designee.

b. For just cause.

c. The applicant, as a sole proprietor or a foster family home parent, or any person residing in the foster family home other than a foster child, or any facility staff, has been convicted of a crime unless an evaluation of the crime has been made by the department which concludes that the crime does not merit prohibition of employment or licensure.

d. The applicant, as a sole proprietor or foster family home parent, or any person residing in the foster family home other than a foster child, or any facility staff, has a record of founded child abuse unless an evaluation of the founded abuse has been made by the department which concludes that the abuse does not merit prohibition of employment or licensure.

e. The application is fraudulent, which means that the applicant has knowingly made fraudulent statements or has knowingly concealed information.

112.5(2) Reapplications shall be denied:

a. For the same reasons as original applications.

b. For the same reasons as listed in the grounds for revocation.

c. When the foster family applicant's license has been denied or revoked within the 12 months before the date of reapplication. Denial for this reason does not require a licensing study.

d. If the foster family refuses to engage as a resource to a foster child's birth parents when engagement can be done in a way that does not put the foster family or the foster child at risk of harm.

This rule is intended to implement Iowa Code section 237.5.

[**ARC 8010B**, IAB 7/29/09, effective 10/1/09; **ARC 4793C**, IAB 12/4/19, effective 1/8/20]

441—112.6(237) Revocation.

112.6(1) *Mandatory.* The department shall revoke the license for the following reasons unless subrule 112.6(3) applies:

a. When the facility is misusing funds furnished by the department.

b. When the facility is operating without due regard to the health, sanitation, hygiene, comfort, or well-being of the children in the facility.

c. When the director or sole proprietor involved in the operation of the facility, or foster parent, or any person residing in the foster home other than a foster child, or any facility staff has been convicted of a crime unless an evaluation of the crime has been made by the department which concludes that the crime does not merit prohibition of employment or licensure.

d. When there is a founded abuse report on a foster family home parent, any person residing in a foster family home other than a foster child, a director or sole proprietor who is involved in the facility's operation, or any facility staff, unless an evaluation of the founded abuse has been made by the department which concludes that the abuse does not merit prohibition of employment or licensure.

e. Rescinded, effective November 1, 1987.

112.6(2) *Optional.* Licenses may be revoked for any of the following reasons unless subrule 112.6(3) applies:

a. When moving to a new home, the foster family fails to notify the department and the recruitment and retention contractor within seven working days of the move to a new home.

b. Rescinded, effective July 1, 1987.

c. The foster family or facility fails to meet any or all requirements of the placement agreement.

d. Rescinded, effective July 1, 1987.

e. Rescinded, effective July 1, 1987.

f. The child foster care facility fails to continue to comply with all of the licensing requirements in both law and regulation.

g. The foster family or the staff of a licensed group facility refuses to cooperate with an unannounced visit.

112.6(3) *Exceptions.* The license for a foster family home shall not be revoked when there are 30 or fewer days until the date the license expires.

The foster family home shall be advised in writing that a reapplication may be denied and the reasons for the possible denial. The foster family home license may be suspended immediately pursuant to rule 441—112.9(237).

This rule is intended to implement Iowa Code sections 237.3 and 237.5.

[**ARC 2069C**, IAB 8/5/15, effective 10/1/15]

441—112.7(237) Provisional license.

112.7(1) *Time frame for provisional licenses.* The administrator may issue a provisional license for not more than one year when a licensee's facility does not meet the requirements of this chapter and the licensee submits a written corrective action plan that is approved by the administrator to bring the facility into compliance with the applicable requirements.

112.7(2) *Written report.* The administrator or the administrator's designee will provide a report identifying the reasons for the provisional license and the standards that have not been met.

112.7(3) *Corrective action plan.* The facility shall furnish the licensing agency with a plan of action to correct deficiencies listed that resulted in the provisional license. The plan shall give specific dates upon which the corrective action will be completed.

This rule is intended to implement Iowa Code section 237.5.

[**ARC 4793C**, IAB 12/4/19, effective 1/8/20]

441—112.8(237) Adverse actions. Notice of adverse actions and the right to appeal the licensing decision shall be given to applicants and licensees in accordance with 441—Chapter 7. Any issues of placement or payment are independent of the licensing decision and right of appeal.

This rule is intended to implement Iowa Code section 237.5.

441—112.9(237) Suspension.

112.9(1) *Types of suspension.* There are two types of suspension of a license.

a. Emergency suspensions are to prevent persons from providing foster care by suspending their license until it is revoked or denied.

b. Time-limited suspensions are to prevent persons from providing foster care by suspending their license until a deficiency in the home or facility is corrected.

112.9(2) *Requirements for emergency suspension.* The emergency suspension of a license by the administrator or administrator's designee shall occur only when all of the following conditions exist:

a. The licensee fails to meet licensing requirements.

b. There are sufficient grounds for revocation on denial of the license.

c. The health, safety, and welfare of any child placed in the home or facility requires immediate action.

d. The existence of the condition requiring suspension is documented in the licensee's record.

112.9(3) *Requirements for time-limited suspensions.* The time-limited suspension of a license by the administrator or administrator's designee shall occur only when all of the following conditions exist:

a. The licensee fails to meet licensing requirements.

b. The health, safety, and welfare of any child placed in the home or facility requires immediate action.

c. The existence of the condition requiring suspension is documented in the licensee's record.

d. The condition requiring the suspension can be corrected by the licensee to meet licensing requirements.

e. If the condition were corrected, a full license would be issued.

f. The licensee signs a written statement acknowledging the existence of the condition, citing the law or rule violated, and making a commitment to correct the condition within a specific time period, not to exceed the period of the license.

112.9(4) *Effective period of suspensions.* A suspension shall be effective on the date the notice is received by the licensee and shall remain in effect until one of the following occurs:

a. The department withdraws the suspension due to a change in conditions in the home or facility.

b. The court orders the license reinstated.

c. The action is reversed by a final decision in accordance with 441—Chapter 7.

d. For emergency suspensions, a revocation or denial becomes effective and the license is rescinded.

e. The licensing period expires.

f. For time-limited suspensions, the period of suspension ends.

112.9(5) *Method and content of notice.* The notice of suspension shall be sent by restricted certified mail or personal service and shall include the following:

a. The condition requiring the suspension.

b. The specific law or rule violated.

c. The type of suspension.

d. For an emergency suspension, the adverse action being sought by the department.

e. For a time-limited suspension, the duration of the suspension.

112.9(6) *Right to appeal suspension.* The licensee has the right to appeal the suspension of the license, but initiation of an appeal does not alter the suspension.

This rule is intended to implement Iowa Code sections 237.3 and 237.5.

[**ARC 8010B**, IAB 7/29/09, effective 10/1/09; **ARC 4793C**, IAB 12/4/19, effective 1/8/20]

441—112.10(232) Mandatory reporting of child abuse and training.

112.10(1) *Mandatory reporters.* All defined in Iowa Code section 232.69 who, in the scope of professional practice or in their employment responsibilities, examine, attend, counsel, or treat a child and reasonably believe a child has suffered abuse shall make a report in accordance with Iowa Code section 232.69 whenever the provider reasonably believes a child for whom the provider is providing foster care has suffered abuse.

112.10(2) *Required training.* Mandatory reporters shall receive training relating to the identification and reporting of child abuse as required by Iowa Code section 232.69.

112.10(3) *Training documentation.* Each licensee shall develop and maintain a written record for each mandatory reporter in order to document the content and amount of training.

This rule is intended to implement Iowa Code section 232.69.

[**ARC 8010B**, IAB 7/29/09, effective 10/1/09; **ARC 3185C**, IAB 7/5/17, effective 9/1/17; **ARC 4793C**, IAB 12/4/19, effective 1/8/20]

441—112.11(237) Required training on the reasonable and prudent parent standard. Each group facility shall have an on-site official authorized to apply the reasonable and prudent parent standard as defined in rule 441—202.1(234). Within one year of being identified as an authorized on-site official, each authorized official shall complete the same department-approved training on the reasonable and prudent parent standard in the same manner as required for prospective foster parents and referenced in 441—subrule 117.1(4).

[**ARC 2069C**, IAB 8/5/15, effective 10/1/15; **ARC 3185C**, IAB 7/5/17, effective 9/1/17]

441—112.12(237) Record checks. Record checks as defined in 441—Chapter 114 are required for any entity being considered for licensure or employment by a licensee on a facility campus where children reside to determine whether any applicant has any founded child abuse reports or criminal convictions or has been placed on a sex offender registry.

This rule is intended to implement Iowa Code section 237.8.

CHAPTER 113
LICENSING AND REGULATION OF FOSTER FAMILY HOMES

[Prior to 7/1/83, Social Services [770] Ch 113]
[Prior to 2/11/87, Human Services[498]]

Chapter rescission date pursuant to Iowa Code section 17A.7: 1/1/28

441—113.1(237) Applicability. This chapter specifically relates to the licensing and regulation of foster family homes. Refer to 441—Chapter 112 for general licensing rules and regulations which apply to all foster care facilities, including foster family homes.

This rule is intended to implement Iowa Code chapter 237.

441—113.2(237) Definitions.

"Age- or developmentally appropriate activities" means activities or items that are generally accepted as suitable for children of the same chronological age or level of maturity or that are determined to be developmentally appropriate for a child, based on the development of cognitive, emotional, physical, and behavioral capacities that are typical for an age or age group; and in the case of a specific child, activities or items that are suitable for the child based on the developmental stages attained by the child with respect to the cognitive, emotional, physical, and behavioral capacities of the child.

"Child or children" means the child or children who are in foster care for the purpose of this chapter only.

"Corporal punishment" means the intentional physical punishment of the child(ren).

"Department" means the Iowa department of human services and includes the local offices of the department.

"Fictive kin" means an adult person who is not a relative of a child but who has an emotionally significant positive relationship with a child or the child's family.

"Foster family home" means a home in which an individual person or persons or a married couple who wishes to provide or is providing, for a period exceeding 24 consecutive hours, board, room, and care for the child(ren) in a single family living unit.

"Health care provider" means a licensed medical doctor, doctor of osteopathy, physician assistant or advanced registered nurse practitioner who completes a health report.

"Kinship care" means the care of a child by a relative or fictive kin providing full-time nurturing and protection.

"Kinship caregiver" means a relative or fictive kin providing care for a child.

"Public water supply system (PWS)" means a system for the provision to the public of water for human consumption through pipes or other constructed conveyances, if such system has at least 15 service connections or regularly serves an average of at least 25 individuals daily at least 60 days out of the year.

"Reasonable and prudent parent standard" means the standard characterized by careful and sensible parental decisions that maintain the health, safety, and best interests of the child(ren) while at the same time encourage the emotional and developmental growth of the child(ren), that a caregiver shall use when determining whether to allow the child(ren) in foster care under the responsibility of the state to participate in extracurricular, enrichment, cultural, and social activities. For the purposes of this definition, "caregiver" means a foster parent with whom the child(ren) in foster care have been placed or a designated official for a child care institution (including group homes, residential treatment, shelters, or other congregate care settings) in which the child(ren) in foster care have been placed.

"Reasonable force" means that force, and no more, which a reasonable person in like circumstances would judge to be necessary to prevent an injury or loss.

"Recruitment and retention contractor" means the entity that contracts with the department statewide to recruit foster and adoptive parents, complete home studies, and perform activities to support and encourage retention of foster and adoptive parents, or any of its subcontractors.

"Relative" means an individual related to the child within the fourth degree of consanguinity or affinity, by marriage, or through adoption. "Relative" includes the parent of a sibling of the child if the sibling's parent's parental rights were not previously terminated in relation to the child.

"Service area manager" means the department employee responsible for managing department offices and personnel within the service area and for implementing policies and procedures of the department.

"Social work administrator" means the department employee responsible for supervising the social work staff within a department service area and for implementing service policies and procedures of the department.

"Variance" means meeting a licensing standard through alternative means.

"Waiver" means waiving the licensing standard entirely. A waiver may only be granted for non-safety licensing standards for a kinship caregiver.

This rule is intended to implement Iowa Code chapter 237.

[**ARC 8010B**, IAB 7/29/09, effective 10/1/09; **ARC 2069C**, IAB 8/5/15, effective 10/1/15; **ARC 2743C**, IAB 10/12/16, effective 12/1/16; **ARC 3185C**, IAB 7/5/17, effective 9/1/17; **ARC 6961C**, IAB 4/5/23, effective 6/1/23]

441—113.3(237) Licensing procedure.

113.3(1) *Application.* Applications for an initial license to operate a foster family home shall be submitted and processed as directed in rule 441—112.3(237). In addition to the application form, the applicant shall submit the following forms during the licensing process:

a. Form 595-1396 for each person living in the home who is 14 years of age or older, as required by rule 441—113.13(237).

b. Form 470-0720 to satisfy the requirements of rule 441—113.11(237).

c. Form 470-0693, if applicable.

d. Form 470-5097. The applicant or the recruitment and retention provider shall complete a drawing of the floor plan of the family's home.

e. If licensed to drive, a copy of the driver's license and motor vehicle insurance.

113.3(2) *Orientation.* Applicants shall attend an orientation provided by the recruitment and retention contractor as described in rule 441—117.2(237).

113.3(3) *Record checks.* Before beginning preservice training, applicants shall pass at least the local record check procedures as specified in rule 441—113.13(237).

113.3(4) *Home study.* The worker for the recruitment and retention contractor shall complete a family home study.

a. Process. Information for the home study is gathered primarily through the required preservice training as described in rule 441—117.1(237). Tribal agencies may also be involved in conducting home studies for American Indian and Alaska Native children. 42 U.S.C.A. Section 671(a)(26)(B) provides that any receiving state must treat any tribal home study report as meeting the requirements imposed by the state for the completion of a home study.

(1) The worker shall hold at least three face-to-face interviews with the applicant with one of the interviews taking place in the applicant's home.

(2) The worker shall hold at least one face-to-face interview with each member of the household in the applicant's home to observe family functioning and to assess the family's capacity to meet the needs of the child(ren) in foster care. The worker will determine whether to interview or just observe each household member based on the household member's age and development.

(3) A physical inspection of the home is required. The worker shall use Form 470-0695 to complete the physical inspection of the home to verify compliance with the licensing and regulation standards in this chapter.

(4) Reference checks shall be conducted as described at rule 441—113.14(237).

b. Family assessment topics. The assessment of the prospective foster family shall evaluate the family's ability to parent the special needs child(ren). The assessment shall include the following:

(1) The applicant's motivation for foster care and whether the family has biological, adopted, or foster child(ren).

(2) The attitude of the family and the extended family toward accepting the child(ren).

(3) The applicant's emotional stability; marital relationship and history, including verification of marriages and divorces; family relationships; and compatibility.

(4) The applicant's ability to cope with problems, stress, frustrations, crisis, separation, and loss.

(5) Medical, mental, and emotional conditions that may affect the applicant's ability to parent the child(ren); treatment history; current status of treatment; and the evaluation of the treatment. Applicants and all household members must disclose any past or current mental health or substance abuse issues, or both. The department may require further documentation or evaluation, or both, to determine the suitability of the home.

(6) Any child(ren) who are household members must be up to date on immunizations jointly recommended by the American Academy of Pediatrics, the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention, and the American Academy of Family Physicians, unless the immunization is contrary to the child(ren)'s health as documented by a licensed health care professional.

(7) An evaluation of the applicant's willingness to accept the child(ren) who have medical problems (such as a communicable disease), an intellectual disability, or emotional or behavioral problems. The applicant shall complete the department form to indicate choices about caring for any child(ren) who have or are at risk for a communicable disease and other medical problems.

(8) The applicant's ability to provide for the child(ren)'s physical, medical, and emotional needs; to respect the child(ren)'s ethnic and religious identity; and to support the child(ren)'s overall well-being.

(9) The safety of the child(ren) in relation to any animals that live on the applicant's property.

(10) The adjustment of any child(ren) in the home, including their attitudes toward foster care and adoption, relationships with others, and school performance.

(11) An assessment of the applicant's disciplinary techniques and practices.

(12) The applicant's financial information and ability to provide for the child(ren).

(13) The applicant's attitude toward the birth parents and siblings of the child(ren) placed in foster care.

(14) The applicant's commitment to and capacity to maintain significant relationships of the child(ren) in foster care and work with the child(ren)'s parents when the permanency goal is reunification.

(15) Any history of substance use or substance abuse by family members or members of the household, including treatment history and current status of treatment.

(16) Any history of abuse by family members or members of the household, including treatment history, current status of treatment, and how this issue would affect the applicant's ability to be a foster parent.

(17) Any criminal convictions of family members or adults in the household and the evaluation of the criminal record.

c. Written report. The recruitment and retention contractor shall prepare a written report of the family assessment using Form 470-5436. Form 470-5436 shall include a recommendation for the number, age, sex, characteristics, and special needs of the child(ren) the family can best parent and any other pertinent information in making the licensing recommendation. The home study shall be maintained in the foster family record.

113.3(5) *Decision.* The department worker shall use the home study to approve or deny a prospective family as an appropriate placement for the child(ren). The department worker shall notify the family of the licensing decision using Form 470-0709.

a. Upon approval, the department shall issue the applicant a foster family home license as described at rule 441—112.4(237). The license shall indicate the licensed capacity for the number of child(ren) approved for placement in the foster family home under subrule 113.4(1).

b. If the department worker does not approve the home study, the notice shall state the reasons for that decision, as listed in rule 441—112.5(237). A license denial may be appealed as described at rule 441—112.8(237).

This rule is intended to implement Iowa Code section 237.5.

[**ARC 8010B**, IAB 7/29/09, effective 10/1/09; **ARC 3185C**, IAB 7/5/17, effective 9/1/17; **ARC 5064C**, IAB 7/1/20, effective 9/1/20; **ARC 6961C**, IAB 4/5/23, effective 6/1/23]

441—113.4(237) Provisions pertaining to the license. On a case-by-case basis, the service area manager or area social work administrator may waive any non-safety licensing standard for a kinship caregiver or grant a variance for any standard for a non-kinship caregiver in this chapter unless:

1. The requirement is set in state or federal law; or

2. The waiver or variance could have a negative impact on the safety and well-being of the child(ren) placed in the foster family home.

113.4(1) *Number of children.* A foster family home may care for up to five children unless a variance is approved as described in this rule. The license capacity shall be based on the number of the foster family's biological and adoptive children and any relative placements. The license shall be issued for at least one child. Any child(ren) who have reached the age of 18 and remain eligible for foster family care shall be included in the license capacity. Any variance to this rule must:

a. Be approved by the service area manager or designee.

b. Be documented in the licensing record with reasons given for granting the variance.

c. Meet one of the following criteria:

(1) The foster parents have three or more children in the home and have shown the ability to parent a large number of children. A licensing variance may be approved at initial or renewal licensure to allow the placement of up to three children as set forth in the chart below:

No. of Children in the Home (birth/relative/adoptive placements)	Maximum License Capacity:	
	Without variance	With variance
0 children	5	Not applicable
1 child	4	Not applicable
2 children	3	Not applicable
3 children	2	3
4 children	1	3
5 or more children	Not applicable	3

(2) A variance beyond the maximum capacity of the foster home license is needed for the placement of a specific child in foster family care. A child-specific variance shall end when that child leaves the placement or any other change brings the family into licensed capacity. Unless a variance is needed for the placement of a sibling(s) of the child(ren) already in the home, or to keep siblings together, the maximum number of children in the home shall not exceed eight. On a case-by-case basis, if it is determined the foster parents have shown the parenting skills and have the social support system to meet the children's needs for parenting more than eight children, the social work administrator shall approve the foster parents to parent more than eight children. A foster family may have both a licensing and a child-specific variance concurrently.

d. All other licensing requirements including, but not limited to, parenting ability and available bedroom space must be met before a foster home can be approved for a variance.

113.4(2) *Employees of the department as foster parents.* Employees of the department may be licensed as foster family home parents unless they are engaged in the administration or provision of foster care services. Employees engaged in the administration or provision of foster care services include:

a. Child care staff, social workers, youth service workers or their supervisors involved in programs for children in state institutions.

b. Foster care service workers, foster care licensing staff, and their supervisors employed in county or central offices of the department.

c. Other staff engaged in foster care placements, such as child protective staff or adoption workers.

d. Department staff responsible for the development of policies and procedures relating to foster care licensing and placement.

113.4(3) *Limits on foster family home licensure.* A licensed foster family home shall not be permitted to be a licensed comprehensive residential facility, community residential facility, or licensed child care center.

This rule is intended to implement Iowa Code sections 237.3 and 237.5.

[**ARC 7606B**, IAB 3/11/09, effective 5/1/09; **ARC 8010B**, IAB 7/29/09, effective 10/1/09; **ARC 3185C**, IAB 7/5/17, effective 9/1/17; **ARC 6961C**, IAB 4/5/23, effective 6/1/23]

441—113.5(237) Physical standards.

113.5(1) *General standards.* The foster home shall be safe, clean, well ventilated, properly lighted, properly heated, and free from vermin and rodents to ensure the well-being of the child(ren) residing in the home.

113.5(2) *Grounds.*

a. There shall be safe outdoor space provided according to the age and developmental needs of the child(ren) for active play. The area available shall be documented in the case record.

b. The child(ren) shall be adequately supervised and protected against hazards including, but not limited to, traffic, bodies of water, railroads, waste material, and contaminated water. The foster parent shall provide environmental protections such as door alarms, baby monitors, fences, and foliage barriers as necessary to promote a safe environment.

c. The applicant's home must meet the following standards concerning swimming pools, hot tubs and spas:

(1) A child's plastic pool shall be drained daily and shall be inaccessible to the child(ren) when it is not in use. Swimming pools must have a barrier on all sides at least four feet high.

(2) An aboveground or in-ground swimming pool that is not fenced shall be covered whenever the pool is not in use. The cover shall meet or exceed the ASTM International (formerly known as the American Society for Testing and Materials) specification intended to reduce the risk of drowning by inhibiting access to the water by children under five years of age. Swimming pools must have their methods of access through the barrier equipped with a safety device, such as a bolt lock.

(3) Swimming pools must be equipped with a lifesaving device, such as a ring buoy.

(4) If the swimming pool cannot be emptied after each use, the pool must have a working pump and filtering system.

(5) Hot tubs and spas must have safety covers that are locked when not in use.

The foster parent or other adult shall provide reasonable supervision according to the ages and swimming abilities of the child(ren) when they are using the pool.

113.5(3) *Bedrooms for child(ren) placed in the home.*

a. Bedrooms shall either have been constructed for the purpose of providing sleeping accommodation or remodeled for sleeping to provide proper heat and ventilation. Bedroom additions to a home shall meet building code requirements. All bedrooms used by the child(ren) placed in the home shall have:

(1) Permanent walls;

(2) A door that closes;

(3) An unobstructed, operable window that opens from the inside that is large enough to allow for an unrestricted exit by the child(ren) placed in the home;

(4) A closet, wardrobe, armoire, or dresser for the child(ren)'s clothes; and

(5) A standard bed, for infants and toddlers who cannot safely use a standard bed, a crib or crib-like furniture which has a waterproof mattress covering and sufficient bedding to enable the child(ren) to rest comfortably and which meets the current standards or recommendations from the U.S. Consumer Product Safety Commission or ASTM International for juvenile products for each child under two years of age if developmentally appropriate. The provider shall follow safe sleep practices as recommended by the American Academy of Pediatrics for infants under the age of one. Safe infant sleep practices shall conform to the following standards:

1. Infants shall always be placed on their backs for sleep.

2. Infants shall be placed on a firm mattress with a tight fitting sheet that meets U.S. Consumer Product Safety Commission federal standards.

3. Infants shall not be allowed to sleep on a bed, sofa, air mattress or other soft surface. No child(ren) shall be allowed to sleep in any item not designed for sleeping. This is not referring to a child in a car seat in a car.

4. No toys, soft objects, stuffed animals, pillows, bumper pads, blankets, or loose bedding shall be allowed in the sleeping area with the infant.

5. No co-sleeping shall be allowed.

6. If an alternate sleeping position is needed for an infant, a signed authorization with a statement of a medical reason is required and shall be submitted by a physician, advanced registered nurse practitioner, or physician assistant.

b. The minimum bedroom area per child shall be 40 square feet. However, the service area manager or designee may approve a waiver of this non-safety licensing standard for kinship caregivers or a variance when approval is in the best interest of specific children placed or to be placed in the home. Such approvals shall:

(1) Be in writing;

(2) Contain the names and birth dates of the child(ren) for whom issued; and

(3) Be reviewed at each license renewal.

c. When bedrooms meet only minimum requirements, the home shall provide additional room in other parts of the home for study and play.

d. The ceiling height for bedrooms shall be adequate for the child(ren).

e. Except for baby video monitors for the child(ren) birth to two years of age used in their bedrooms, video or surveillance cameras are not allowed in the child(ren)'s bedrooms or bathrooms.

f. Bedrooms belowground shall:

(1) Be free from excessive dampness, noxious gases, and objectionable odors;

(2) Have access to at least one direct exit to the outside from the level belowground and one inside stairway exit from the level belowground;

(3) Have an egress window with a clear opening area with an opening height of 24 inches and an opening width of 20 inches or an opening height of 20 inches and an opening width of 24 inches;

(4) Have provisions, such as a ladder or steps, to ensure that the child(ren) can safely reach the window if the finished sill height is more than 44 inches above the floor and that the child(ren) can safely reach ground level if there is a window well that has a depth of 44 inches or higher;

(5) Have a finished ceiling such as drywall or a drop ceiling; and

(6) Have a covered floor.

113.5(4) and **113.5(5)** Rescinded IAB 10/3/12, effective 12/1/12.

113.5(6) *Physical care standards for child(ren).*

a. Grouping children in bedrooms shall take into consideration the age and sex of the child(ren), including the individual child's need for privacy.

(1) Any child(ren) over five years of age shall not share a bedroom with child(ren) of the opposite sex.

(2) The child(ren) shall not share a bed with any other child. The social work administrator may approve a waiver of this policy for kinship caregivers or a variance for non-kinship caregivers.

b. Any child(ren) two years of age or older shall be provided bedroom space other than in the foster parents' bedroom. Any child(ren) under the age of two may share a bedroom with the foster parent in an individual crib.

c. There shall be a plan for isolating the healthy child(ren) from a child who is ill or suspected of having a contagious disease.

d. The foster home shall provide food with good nutritional content and in sufficient quantity to meet the individual needs of the child(ren).

e. Personal care items must be provided for youth, and these items must reflect the individual, cultural, racial, and ethnic needs of the youth living in the foster home.

f. Bedding shall be clean, odor-free, and free of urine and feces.

g. Foster parents shall follow universal precautions to reduce exposure to bloodborne pathogens and other infectious materials when providing care to any child(ren) placed in their physical custody.

h. Smoking and vaping shall be prohibited in the foster home or any vehicle when the child(ren) are present.

113.5(7) *Lead-based paint.* If the applicant lives in a home built before 1978, the applicant shall submit Form 470-4819, certifying that the applicant:

a. Has conducted a visual assessment for lead hazards that exist in the form of peeling or chipping paint; and

b. Has applied interim controls using safe work methods if the presence of peeling or chipping paint is found, unless an inspector certified pursuant to department of public health rules at 641—Chapter 70 has determined that the paint is not lead-based. "Interim controls" are measures designed to temporarily reduce human exposure or likely exposure to lead-based paint hazards, such as repairing deteriorated lead-based paint, specialized cleaning, maintenance, painting, and temporary containment.

113.5(8) *Artificial lighting.* Adequate artificial lighting fixtures shall be provided for study in areas where the child(ren) will be studying.

113.5(9) *Bathroom facilities.*

a. Bathroom facilities shall have at least one toilet, sink, and tub or shower in safe operating condition.

b. Bathroom facilities shall have natural or artificial ventilation.

113.5(10) *Heating plant.*

a. The heating plant shall have a capacity to maintain a temperature of approximately 65 degrees Fahrenheit in the bedrooms with the door closed.

b. Fireplaces and water heaters shall be vented to the outside atmosphere. The temperature of any water heaters must be set in accordance with the manufacturer's recommendations. Kerosene heaters and gas-fired space heaters shall not be used to heat any space in the home.

113.5(11) *Ventilation.* Ventilation shall be provided in all rooms where the child(ren) eat, sleep, and play either by windows which can be opened or by mechanical venting systems. Windows and doors used for ventilation shall be screened.

113.5(12) *Phone.* A working phone or access to a working phone shall be in close walking proximity to an applicant's living space.

This rule is intended to implement Iowa Code section 237.3.

[**ARC 8010B**, IAB 7/29/09, effective 10/1/09; **ARC 0357C**, IAB 10/3/12, effective 12/1/12; **ARC 3185C**, IAB 7/5/17, effective 9/1/17; **ARC 5064C**, IAB 7/1/20, effective 9/1/20; **ARC 6961C**, IAB 4/5/23, effective 6/1/23]

441—113.6(237) Sanitation, water, and waste disposal.

113.6(1) *Food preparation and storage.* Food preparation areas shall be clean, and the home shall have kitchen facilities with a sink, refrigerator, stove, and oven in safe operating condition.

113.6(2) *Public water supply.* The water supply is approved when the water is obtained from a public water supply system.

113.6(3) *Private water supply.*

a. Prior to initial licensure and prior to each license renewal, each privately operated water supply shall be tested and evaluated for obvious deficiencies, such as open or loose well tops or platforms and poor drainage around the wells.

b. As part of the evaluation, water samples must be collected and submitted by the licensing worker or health sanitarian to the university hygienic laboratory or other laboratory certified by the hygienic laboratory and analyzed for coliform bacteria. In order for a foster family home to be licensed for the care of any child(ren) under two years of age, the nitrate (NO^3) content must be analyzed.

c. When the water supply is obtained from more than one well, proof of the quality of the water from each well is required.

d. When the water sample result shows the water is potable, the license can be granted.

e. When the water sample is not approved, no foster family home license shall be issued until the foster parents provide a written statement that the child(ren) will be provided potable water, including where the water will be obtained and how it will be transported and stored.

(1) The statement shall be provided on Form 470-0699.

(2) When the family has made ongoing alternative arrangements for the use of safe, potable water, annual testing of the water may be waived after the private water supply has tested unpotable for three consecutive years.

113.6(4) *Sewage treatment.*

a. Foster homes, wherever possible, shall be connected to public sewer systems.

b. Private disposal systems shall be designed, constructed and maintained so that no unsanitary or nuisance conditions exist, such as surface discharge of raw or partially treated sewage or failure of the sewer lines to convey sewage properly.

113.6(5) *Garbage storage and disposal.*

a. A sufficient number of covered garbage and rubbish containers shall be provided to properly store all material between collections.

b. Containers shall be fly tight, watertight, and rodent proof and shall be maintained in a sanitary condition.

113.6(6) *Rodent and insect infestation.* The home shall prevent or eliminate rodent and insect infestation.

This rule is intended to implement Iowa Code section 237.3.

[**ARC 8010B**, IAB 7/29/09, effective 10/1/09; **ARC 3185C**, IAB 7/5/17, effective 9/1/17; **ARC 5064C**, IAB 7/1/20, effective 9/1/20; **ARC 6961C**, IAB 4/5/23, effective 6/1/23]

441—113.7(237) Safety.

113.7(1) *Fire protection for bedrooms.* Any floor of a house, including the basement, shall be equipped with the following:

a. At least one UL (Underwriter's Laboratory)-approved smoke detector. On floors that are used for sleeping, the smoke detector shall be in a location where sleeping areas can be alerted. For any deaf or hard-of-hearing child(ren), the foster parent shall install a smoke detector in the child(ren)'s bedroom that will use an alternative means of waking the child(ren).

b. Hallways and stairways free of debris and clutter to allow unrestricted access to an exit.

c. A working carbon monoxide detector in all homes with:

(1) Gas appliances, furnaces, fireplaces, or other gas equipment; and

(2) Attached garages.

113.7(2) *Combustion hazards.*

a. Combustible materials shall be kept away from heat sources, including but not limited to furnaces, stoves, electrical panels, space heaters, and hot water heaters.

b. Explosives and flammable substances shall be stored securely and be inaccessible to the child(ren). Matches and lighters shall be inaccessible to the child(ren).

c. The home shall have at least one operable 2A-10BC-rated or ABC-rated fire extinguisher.

113.7(3) *Safety plan.* The family shall have an emergency safety plan to be used for fire, tornado, blizzard, flood, other natural or manmade disasters, accidents, medical issues, and other life-threatening situations for the child(ren) in out-of-home placements. The safety plans shall state the action that the foster parents and the child(ren) are to take in each situation that may occur and shall be posted in a prominent place in the home.

a. The safety plans for fire and tornadoes shall be reviewed with the child(ren) at the time of placement. Fire and tornado plans shall be practiced with the child(ren) within one week of placement and no less than annually thereafter.

b. In a disaster requiring evacuation of the foster home, the foster parents shall notify the department of the evacuation and the address and telephone number of the foster parents' temporary residence within 24 hours after evacuation.

c. The plans shall include a designated meeting place.

d. Applicants must maintain a comprehensive list of emergency telephone numbers, including poison control, and post those numbers in a prominent place in the home. If there is a landline phone located in the home, the numbers must be posted next to the phone.

113.7(4) *Medications, first aid and poisonous substances.*

a. All prescription medication shall be administered as prescribed and documented in a medication log that is given to the child(ren)'s department caseworker when the child(ren) leave the placement.

b. All over-the-counter medications shall be administered according to label directions or as directed by a physician.

c. Applicants must prevent the child(ren)'s access, as appropriate for the child(ren)'s age and development, to all medications, poisonous materials, cleaning supplies, other hazardous materials and alcoholic beverages.

d. Applicants must maintain first aid supplies as recommended by the American Red Cross.

113.7(5) *Weapons.* All weapons, firearms, and ammunition shall be inaccessible to the child(ren) of any age.

a. The following weapons must be stored in an inoperative condition in a locked area inaccessible to the child(ren):

(1) Firearms;
(2) Air guns;
(3) BB guns;
(4) Hunting slingshots;
(5) Any other projectile weapons.

b. All ammunition, arrows or projectiles for such weapons shall be maintained in a locked place separate from the firearms.

c. The weapons, firearms, and ammunition storage units shall not share the same key or matching security code. If a key is used, the key shall be stored in a place inaccessible to the child(ren).

d. Any motor vehicles used to transport the child(ren) shall not contain a loaded gun, and any ammunition in the vehicle shall be kept in a separate, locked container.

e. Foster parents who have a permit to carry a firearm shall sign Form 470-4657. Foster parents who have firearms but do not have a permit to carry shall complete the safety plan section of Form 470-4657.

f. Foster parents who are also law enforcement officials and can document that their jurisdiction requires them to have ready and immediate access to their weapons may be exempt from these weapon requirements provided they adopt and follow a safety plan approved by the department.

113.7(6) *Transporting child(ren).*

a. Foster parents will ensure that if a privately owned vehicle, owned by the applicants, family or friends, is used to transport the child(ren) in foster care, it must be inspected (if applicable under state law), registered, and insured and meet all applicable state or tribal requirements to be an operable vehicle on the road.

b. The driver will have a valid Iowa driver's license.

c. Safety restraints will be used that are appropriate to the child(ren)'s age, height, and weight.

d. Any motor vehicles used to transport the child(ren) shall be smoke-free when the child(ren) are being transported.

e. Weapons must not be transported in any vehicle in which the child(ren) are riding unless the weapons are made inoperable and inaccessible.

f. Foster parents will have access to reliable public transportation if they do not have access to a reliable, registered, and insured vehicle.

113.7(7) *Supervision.* The foster parents shall provide reasonable and prudent supervision of the child(ren) to ensure the child(ren)'s safety.

a. Foster parents shall adequately supervise the child(ren) while the child(ren) are using any hazardous or dangerous objects or equipment. In order for the child(ren) to participate in age- or developmentally appropriate activities, the foster parent would apply the reasonable and prudent parent standard.

b. Foster parents shall use reasonable and prudent supervision of the child(ren) when the child(ren) are using the Internet or other social media.

113.7(8) *Household pets.* Household pets and any outdoor animals or pets accessible to the child(ren) shall have a current veterinary health certificate verifying that the animal's routine immunizations, e.g., rabies, are current.

a. At the time of the initial home study and any time thereafter, foster parents shall report an animal's history of aggression towards people and inform the department of the animal's aggression towards people within 24 hours of an occurrence.

b. Foster parents who have pets or animals with any history of aggression shall have a written plan that addresses strategies to reduce the risk of aggression by their pets or animals with which the child(ren) will have contact.

c. Foster parents will complete a written plan on how they will introduce a pet to the child(ren).

d. Animal waste will be contained and disposed of on a routine basis.

113.7(9) *Liability.* Foster parents who apply the reasonable and prudent parent standard reasonably and in good faith in regard to the child(ren) placed in their home shall have immunity from civil or criminal liability which might otherwise be incurred or imposed. This subrule shall not remove or limit any existing liability protection afforded under any other law.

This rule is intended to implement Iowa Code section 237.3.

[**ARC 8010B**, IAB 7/29/09, effective 10/1/09; **ARC 0357C**, IAB 10/3/12, effective 12/1/12; **ARC 2743C**, IAB 10/12/16, effective 12/1/16; **ARC 3185C**, IAB 7/5/17, effective 9/1/17; **ARC 5064C**, IAB 7/1/20, effective 9/1/20; **ARC 5808C**, IAB 7/28/21, effective 9/1/21; **ARC 6961C**, IAB 4/5/23, effective 6/1/23]

441—113.8(237) Foster parent training.

113.8(1) *Preservice training.* All foster parent applicants shall complete the following training before licensure and the placement of the child(ren) in their home:

a. Orientation pursuant to rule 441—117.2(237);

b. Preservice training pursuant to rule 441—117.1(237);

c. Preservice training, which shall include:

(1) An agency-approved medication management training,

(2) A face-to-face cardiopulmonary resuscitation (CPR) and first-aid training,

(3) Mandatory reporter training on child abuse identification,

(4) The reasonable and prudent parent standard training,

(5) Lessons teaching foster parents how to support a child's overall well-being and emotional needs; and

d. Mandatory reporter training on child abuse identification and reporting before initial licensure and every three years thereafter as required by rule 441—112.10(232) and 441—subrule 117.8(3).

113.8(2) *In-service training.* All licensed foster parents shall complete six hours of in-service training annually as required by rule 441—117.7(237).

Each foster parent shall maintain certification in face-to-face CPR and first-aid training.

This rule is intended to implement Iowa Code section 237.5A.

[**ARC 8010B**, IAB 7/29/09, effective 10/1/09; **ARC 2069C**, IAB 8/5/15, effective 10/1/15; **ARC 3185C**, IAB 7/5/17, effective 9/1/17; **ARC 5361C**, IAB 12/30/20, effective 3/1/21; **ARC 6961C**, IAB 4/5/23, effective 6/1/23]

441—113.9(237) Involvement of kin.

113.9(1) *Support by foster parents.* Foster parents shall support the involvement of biological or adoptive parents and other relatives of the child(ren) unless this involvement is evaluated and documented by the department to be detrimental to the child(ren)'s well-being.

113.9(2) *Nature of involvement.* The extent and nature of the involvement of the biological or adoptive parents and other relatives shall be determined by the caseworker in consultation with the foster parents, biological or adoptive parents, and others involved with the child(ren) and family.

113.9(3) *Cultural connections.* Throughout the provision of care, the foster family shall actively ensure that the child(ren) stay connected to the child(ren)'s kin, culture, and community as required in the child(ren)'s case permanency plan.

This rule is intended to implement Iowa Code section 237.3.

[**ARC 8010B**, IAB 7/29/09, effective 10/1/09; **ARC 6961C**, IAB 4/5/23, effective 6/1/23]

441—113.10(237) Information on the child(ren) placed in the home.

113.10(1) *Information about the child(ren).* Foster parents shall maintain a separate folder of information on the child(ren) placed in the home. This folder shall be provided to the department or the child(ren)'s parent or guardian when the child(ren) leave the placement. The folder shall contain:

a. The names and addresses of all doctors, mental health professionals, and dentists who have treated the child(ren); current medications prescribed, including over-the-counter medications; medication log; and

the type of medical, dental, vision, and mental health treatments and hearing examinations received while the child(ren) are in the foster home.

b. School reports including report cards and pictures.

c. Date the child(ren) left the placement.

d. Name, address, and telephone number of the person to whom the child(ren) are discharged.

113.10(2) *Confidentiality.* Foster parents shall maintain confidentiality regarding the child(ren) in placement except as required to comply with rules on mandatory reporting of child abuse and with the child(ren)'s case permanency plan. Foster parents shall not without parent or guardian and department consent post pictures or information concerning the child(ren) on any Internet website or on social media.

This rule is intended to implement Iowa Code section 237.7.

[**ARC 8010B**, IAB 7/29/09, effective 10/1/09; **ARC 3185C**, IAB 7/5/17, effective 9/1/17; **ARC 6961C**, IAB 4/5/23, effective 6/1/23]

441—113.11(237) Health of foster family.

113.11(1) *Health report required.* The foster parents shall furnish the licensing agency with a health report on the family completed no more than six months before the application for licensure. The report shall include information on all family members, including foster parents, their minor child(ren) who reside in the home, and adult household members. An updated report shall be provided upon request of the department licensing worker or the recruitment and retention contractor.

113.11(2) *Contents of report.* This report shall include a statement from an impartial health practitioner that there are no physical or mental health problems which would be a hazard to the child(ren) placed in the home and a statement that the foster parents' health would not prevent needed care from being provided to the child(ren).

113.11(3) *Whooping cough vaccine.* All adult household members who are caregivers must have up-to-date whooping cough vaccines unless contrary to the person's health or sincerely held religious belief.

113.11(4) *Exemption from whooping cough vaccine.* Nothing in this rule shall be construed to require the whooping cough vaccine for adult household members who are a member of a church or religious organization which is against vaccinations. In such instance, a notarized statement from the household member shall be incorporated into the health record.

113.11(5) *Capability for caring for the child(ren).* If there is evidence that the foster parent is unable to provide necessary care for the child(ren), the department licensing worker, the recruitment and retention contractor, or the physician may require additional medical and mental health reports, including a substance abuse evaluation.

This rule is intended to implement Iowa Code section 237.7.

[**ARC 8010B**, IAB 7/29/09, effective 10/1/09; **ARC 3185C**, IAB 7/5/17, effective 9/1/17; **ARC 5064C**, IAB 7/1/20, effective 9/1/20; **ARC 6961C**, IAB 4/5/23, effective 6/1/23]

441—113.12(237) Characteristics of foster parents.

113.12(1) *Age.*

a. Foster parents shall be at least 21 years of age.

b. The age of foster parents shall be considered as it affects their ability to care for a specific child and function in a parental role.

113.12(2) *Income and resources.* The foster family shall have sufficient income and resources to provide adequately for the family's own needs.

113.12(3) *Religious considerations.* The foster parent shall respect the child(ren)'s religious background and affiliation.

113.12(4) *Requirements of foster parents.* Foster parents shall be stable, responsible, physically able to care for the type of child(ren) placed, mature individuals who are not unsuited by reason of substance abuse, lewd or lascivious behavior or other conduct likely to be detrimental to the physical or mental health or morals of the child(ren). They shall exercise good judgment in caring for the child(ren) and have a capacity to accept agency supervision.

113.12(5) *Personal characteristics.* The foster parents shall:

a. Provide evidence of relationship stability.

b. Have realistic expectations of the child(ren).

c. Have time available to parent the child(ren).

d. Be able to communicate with the licensing agency and health care and other service providers.

e. Have functional literacy, a level of reading, writing and calculation skills such as having the ability to read labels on medications in order to properly administer them.

f. Be able to accept and deal with acting out behavior with realistic expectations and good judgment.

g. Include the child(ren) in normal family life.

h. Have the ability to be accepting and loving toward the child(ren) entering the home.

i. Be able to support the case permanency plan for the child(ren) and be willing to cooperate with visits, transportation, or other activities that support the child(ren)'s connection to and reunification with the child(ren)'s family.

j. Ensure that all family members are aware of having the child(ren) in the home.

k. Articulate their strengths and concerns and limitations which are essential to the department's matching the child(ren) with foster parents appropriately.

113.12(6) *Determination of characteristics.* The areas discussed in subrules 113.12(4) and 113.12(5) shall be explored through observation of the family and interviews with family members and documented in a foster home study as described in subrule 113.3(4), or in the foster family record when explored after licensure and prior to renewal. Any additional areas that the family or worker identifies as a possibility for creating problems shall also be documented in the foster family record.

This rule is intended to implement Iowa Code section 237.3.

[**ARC 8010B**, IAB 7/29/09, effective 10/1/09; **ARC 3185C**, IAB 7/5/17, effective 9/1/17; **ARC 5064C**, IAB 7/1/20, effective 9/1/20; **ARC 6961C**, IAB 4/5/23, effective 6/1/23]

441—113.13(237) Record checks. Record checks are required for each foster parent applicant and for anyone who is 14 years of age or older living in the home of the applicant. The purpose of the record checks is to determine whether any of these persons has any founded child abuse or dependent adult abuse reports or criminal convictions or has been placed on the sex offender registry.

113.13(1) *Procedure.* The department's contractor for the recruitment and retention of resource families shall assist applicants in completing required record checks, including fingerprinting.

a. Iowa records. Each foster parent applicant and anyone who is 14 years of age or older living in the home of the applicant shall be checked for records with:

(1) The Iowa central abuse registry, using Form 470-0643;

(2) The Iowa division of criminal investigation, using Form 595-1396;

(3) The Iowa sex offender registry; and

(4) Iowa Courts Online.

b. Other records.

(1) Each foster parent applicant and any other adult living in the household shall also be checked for records on the child abuse registry of any state where the person has lived during the past five years.

(2) Each foster parent applicant shall also be fingerprinted for a national criminal history check. Fingerprinting, for the purpose of a national criminal history check, is required on all other adult household members at the time of initial application effective with applications dated on or after October 1, 2011. When warranted, the department may require fingerprinting for a national criminal history check on adult household members who move in after initial application.

113.13(2) *Evaluation of record.* If the applicant or anyone living in the home has a record of founded child or dependent adult abuse, a criminal conviction, or placement on the sex offender registry, the department shall not license the applicant as a foster family unless an evaluation determines that the abuse or criminal conviction does not warrant prohibition of license.

a. Exclusion. An evaluation shall not be performed if the person has been convicted of:

(1) A felony offense as set forth in Iowa Code section 237.8(2)*"a"*(3); or

(2) A crime in another state that would be a felony as set forth in Iowa Code section 237.8(2)*"a"*(3).

b. Scope. The evaluation shall consider the nature and seriousness of the founded child or dependent adult abuse or crime in relation to:

(1) The position sought or held,

(2) The time elapsed since the abuse or crime was committed,
(3) The circumstances under which the crime or founded abuse was committed,
(4) The degree of rehabilitation,
(5) The likelihood that the person will commit the abuse or crime again, and
(6) The number of abuses or crimes committed by the person.

c. Evaluation form. The person with the founded child or dependent adult abuse or criminal conviction report shall complete and return Form 470-2310 within ten calendar days of the date of receipt to be used to assist in the evaluation. Failure of the person to complete and return Form 470-2310 within the specified time frame shall result in denial of licensure.

113.13(3) *Evaluation decision.* Centralized service area staff or designee shall conduct the evaluation and make the decision. The department shall issue Form 470-2310 to inform the subject of the decision and describe the basis of the decision using the criteria specified in paragraph 113.13(2)*"b."* The department shall mail the form to the person on whom the evaluation was completed:

a. Within 30 days of receipt of the completed Form 470-2310, or

b. When the person whose record is being evaluated fails to complete the evaluation form within the time frame specified in paragraph 113.13(2)*"c."*

113.13(4) *License renewal.* Foster parents applying for an annual or biennial license renewal shall be subject to the same checks as new applicants, except for fingerprinting. The department shall evaluate only abuses and convictions of crimes that occurred since the last record check. The evaluation shall be conducted using the same process.

This rule is intended to implement Iowa Code section 237.8(2).

[**ARC 7606B**, IAB 3/11/09, effective 5/1/09; **ARC 0356C**, IAB 10/3/12, effective 12/1/12; **ARC 3185C**, IAB 7/5/17, effective 9/1/17; **ARC 6961C**, IAB 4/5/23, effective 6/1/23]

441—113.14(237) Reference checks.

113.14(1) At least three additional unsolicited references shall be checked for all foster family home applicants in addition to a minimum of three references provided by the applicant. Required references shall include a minimum of one relative and one nonrelative.

113.14(2) Responses of references shall be documented in the applicant's record.

113.14(3) Information received from references may be discussed with the applicant at the discretion of the worker. The reference shall be so informed.

113.14(4) Reference checks shall include only those areas related to the applicant's ability to care for children and should include discussion of the following areas:

a. How long and in what capacity the reference has known the applicant.

b. Personal qualities of the applicant including the general character, ability to get along with others, ability to deal with the child(ren)'s problem behavior, ability to give affection and care, discussion of use of drugs and alcohol, and questions regarding personal difficulties that could be detrimental to the child(ren).

c. Relationship stability.

d. How the applicant handles anger, problems, crisis situations, discipline, and disappointments.

e. Any areas of general concern not previously mentioned.

f. Would the reference feel comfortable leaving the child(ren) in this home for a period of time?

g. Recommendations regarding licensing.

113.14(5) When warranted, additional references may be sought after licensure.

This rule is intended to implement Iowa Code section 237.3.

[**ARC 8010B**, IAB 7/29/09, effective 10/1/09; **ARC 3185C**, IAB 7/5/17, effective 9/1/17; **ARC 5064C**, IAB 7/1/20, effective 9/1/20; **ARC 6961C**, IAB 4/5/23, effective 6/1/23]

441—113.15(237) Unannounced visits.

113.15(1) The department's recruitment and retention contractor shall make unannounced visits during periods of the day when the child(ren) and foster parents would normally be at home and awake, unless there has been a specific complaint about the family and care of the child(ren).

113.15(2) The unannounced visit shall include, but is not limited to, assessment of the following areas:

a. Home environment.

b. Who was present at the time of the visit.

c. Interaction between the child(ren) and foster family and their child(ren).

d. The child(ren)'s perception of the foster parents, other child(ren) and adults in the home, behavioral expectations of foster parents, discipline used by foster parents, religious training, school, contact with natural parents, and purpose of placement in foster care.

e. The foster parents' view of the child(ren), the child(ren)'s problem, placement worker's involvement, plan for the child(ren), involvement of biological parents, and additional services that either the child(ren) or foster parents need.

f. Any previously or currently cited deficiencies, corrective action plans and progress.

g. Any previous or current concerns from department workers.

h. Discussion of placements during the licensing year and, if none, the reason why.

i. Progress on completing training in the foster parents' training plan.

j. Awareness of the foster parents' license capacity and compliance.

k. Recommended action.

113.15(3) An unannounced visit to the foster home:

a. Shall be completed annually;

b. Shall not be waived; and

c. Shall not occur in conjunction with license renewal.

113.15(4) The findings from the unannounced visit shall be summarized on Form 470-5438.

a. The report shall be sent to the department licensing worker and the foster parents within two weeks after the visit.

b. A copy of the report shall be retained in the foster parents' record.

113.15(5) Actions after the unannounced visit.

a. When deficiencies are cited that do not appear likely to cause immediate physical or mental harm to the child(ren), an additional visit may be scheduled. The department licensing worker and the recruitment and retention contractor shall discuss the deficiencies with the foster parents and make plans for improving the deficiencies.

b. When the reported deficiencies raise questions of concern as to the quality of care provided, the recruitment and retention contractor shall:

(1) Report deficiencies to the department licensing worker and to the placement worker for any child(ren) currently placed in the home;

(2) Hold a meeting with the department licensing worker and the foster parents to discuss deficiencies and the plans for improving the deficiencies and then complete a written corrective action plan as to how the foster parents intend to address the deficiencies.

c. When the reported deficiencies appear likely to cause immediate physical or mental harm to the child(ren), the service area manager or designee shall immediately:

(1) Direct the placement worker to determine if the child(ren) should be removed, and

(2) Direct the licensing worker to complete a review of the foster home to determine if the family should continue to be licensed, should receive a provisional license, or should have the license revoked according to 441—112.6(237).

113.15(6) When the foster parents refuse to make a written commitment to improve the deficiencies, the department licensing worker shall conduct a complete review of the foster home to determine if the license should be revoked according to rule 441—112.6(237).

This rule is intended to implement Iowa Code section 237.7.

[**ARC 8010B**, IAB 7/29/09, effective 10/1/09; **ARC 3185C**, IAB 7/5/17, effective 9/1/17; **ARC 6961C**, IAB 4/5/23, effective 6/1/23]

441—113.16(237) Planned activities and personal effects.

113.16(1) *Daily routine.* The daily routine shall promote good health and provide an opportunity for activity suitable for the child(ren) with time for rest and play.

113.16(2) *Clothing.*

a. Any child(ren) should have their own clothing.

b. Any child(ren) shall have training and help in selection and proper care of clothing.

c. Clothing shall be suited to the existing climate and seasonal conditions.

d. Clothing shall be becoming, of proper size, and culturally appropriate.

e. There shall be an adequate supply of clothing to permit laundering, cleaning and repair.

f. There shall be adequate closet and drawer space for the child(ren) to permit access to their clothing.

113.16(3) *Educational opportunity.* Every child shall be given the opportunity to complete high school or vocational training in accordance with the child's case permanency plan. The foster parent shall be an advocate for the child(ren) by working with the child(ren)'s school.

113.16(4) *Religion and culture.* Each child shall be given an opportunity, in consultation with the child's parents, to participate in the child's culture and religion. The child(ren) shall not be required to participate in religious training or observances contrary to the wishes of the biological or adoptive family or the religious beliefs of the child(ren).

113.16(5) *Community participation.* Every child shall be given the opportunity to develop healthy social relationships through participation in neighborhood, school and other community and group activities. The child(ren) shall have the opportunity to invite friends to the foster home and to visit the home of friends.

113.16(6) *Work assignments.* Work assignments shall be in keeping with the child(ren)'s age and development.

a. Exploitation of the child(ren) is prohibited. No child(ren) shall be permitted to do any hazardous tasks or to engage in any work which is in violation of the child labor laws of the state.

b. The child(ren) shall have the opportunity to learn to assume some responsibility for self and for household duties in accordance with the child(ren)'s age, health and ability. However, assigned tasks shall not deprive the child(ren) of school, sleep, play or study periods.

This rule is intended to implement Iowa Code section 237.3.

[**ARC 8010B**, IAB 7/29/09, effective 10/1/09; **ARC 3185C**, IAB 7/5/17, effective 9/1/17; **ARC 6961C**, IAB 4/5/23, effective 6/1/23]

441—113.17(237) Medical examinations and health care of the child(ren).

113.17(1) *Medical and dental care.* Foster parents shall keep the child(ren)'s department case manager informed of any medical and dental appointments and treatments prescribed for the child(ren).

a. Foster parents shall contact the child(ren)'s parents to engage them in the process of accessing routine medical and dental care for their child(ren) unless parental rights have been terminated.

b. In case of an emergency or urgent situation requiring medical care and treatment of an acute illness, disease or condition of the child(ren), when a delay or inability to access parental or department consent for medical care or treatment would endanger the health or physical well-being of the child(ren), the foster parents can provide consent for medical care and treatment.

113.17(2) *Exemption from medical care.* Nothing in this rule shall be construed to require medical treatment or immunization for a minor child of any person who is a member of a church or religious organization which is against medical treatment for disease. In such instance, an official statement from the organization and a notarized statement from the parents shall be incorporated in the record. In potentially life-threatening situations, the child's care shall be referred to appropriate medical and legal authorities.

This rule is intended to implement Iowa Code section 237.3.

[**ARC 7606B**, IAB 3/11/09, effective 5/1/09; **ARC 8010B**, IAB 7/29/09, effective 10/1/09; **ARC 3185C**, IAB 7/5/17, effective 9/1/17; **ARC 6961C**, IAB 4/5/23, effective 6/1/23]

441—113.18(237) Training and discipline of child(ren).

113.18(1) *Foster parents' methods of training and discipline.* The home study evaluation of each foster parent applicant shall include a discussion and a written report of the foster parents' methods of training and discipline. Discipline shall be designed to help the child(ren) develop self-control, self-esteem, and respect for the rights of others.

113.18(2) *Restrictions on training and discipline.* Training and discipline of the child(ren) shall be handled with kindness and understanding.

a. The child(ren) shall not be locked in a room, closet, box, or other device.

b. No child(ren) shall be deprived of food as punishment.

c. No child(ren) shall be subjected to verbal abuse, threats or derogatory remarks about the child(ren) or the child(ren)'s family.

d. The use of corporal punishment is prohibited.

e. Restraints shall not be used as a form of discipline.

(1) Reasonable physical force may be used to restrain the child(ren) only in order to prevent injury to the child(ren), injury to others, the destruction of property, or extremely disruptive behavior.

(2) Upon approval of the department, the foster parent may use restraints only in accordance with the written plan of a licensed mental health professional who is working with the child(ren) and the foster parents.

113.18(3) *Reports of mistreatment.* Reports of mistreatment coming to the attention of the department licensing worker and caseworker for the child(ren) shall be investigated promptly and referred to the proper authorities when necessary.

This rule is intended to implement Iowa Code sections 234.40 and 237.3.

[**ARC 8010B**, IAB 7/29/09, effective 10/1/09; **ARC 3185C**, IAB 7/5/17, effective 9/1/17; **ARC 6961C**, IAB 4/5/23, effective 6/1/23]

441—113.19(237) Emergency care and release of child(ren).

113.19(1) *Supervision and arrangements for emergency care.*

a. Foster parents shall provide supervision of the child(ren) in preadoptive placement as dictated by the individual child's specific needs.

b. In case of emergency requiring the foster parents' temporary absence from the home, arrangements shall be made with other licensed foster parents or with designated, responsible persons for the care of the child(ren) during the period of absence. The child(ren)'s placement worker shall be notified of all emergency absences of the foster parents.

113.19(2) *Release of child(ren).* The foster parents shall release the child(ren) only to the agency, parent or guardian from whom the child(ren) were received for care, or the person specifically designated by the agency, parent or guardian.

This rule is intended to implement Iowa Code section 237.3.

[**ARC 8010B**, IAB 7/29/09, effective 10/1/09; **ARC 6961C**, IAB 4/5/23, effective 6/1/23]

441—113.20(237) Changes in foster family home. Foster parents shall notify the department and the recruitment and retention contractor within seven working days of:

1. Any change in the number of persons living in the home (except for the child(ren) placed in the home);
2. A move to a new home; or
3. Any circumstances in the home that could negatively affect the health, safety or welfare of the child(ren) in the family's care.

This rule is intended to implement Iowa Code section 237.3.

CHAPTER 114
LICENSING AND REGULATION OF ALL GROUP LIVING FOSTER CARE FACILITIES FOR CHILDREN

[Prior to 7/1/83, Social Services[770] Ch 114]
[Prior to 2/11/87, Human Services[498]]

Chapter rescission date pursuant to Iowa Code section 17A.7: 1/1/28

441—114.1(237) Applicability. This chapter outlines the basic standards for all group living foster care facilities and contains the basic standards applicable to community residential facilities for children. Additional standards applicable to specific levels of group living are discussed in 441—Chapter 115, "Licensing and Regulation of Comprehensive Residential Facilities for Children," and 441—Chapter 116, "Licensing and Regulation of Residential Facilities for Children with an Intellectual Disability or Brain Injury."

[**ARC 3185C**, IAB 7/5/17, effective 9/1/17; **ARC 6962C**, IAB 4/5/23, effective 6/1/23]

441—114.2(237) Definitions.

"Adequate lighting" means a light intensity of 20 foot-candles (approximately equivalent to a 60 watt bulb at a clear distance of 5 feet).

"Caseworker" means any staff of the facility who is primarily responsible for planning for individual children, a family, or groups, as well as coordination with referral sources and coordination of services to the individual.

"Casework supervisor" means any staff of the facility who provides supervision of the caseworker(s) by regularly scheduled face-to-face case specific discussions with the caseworker.

"Chemical restraint" means the use of chemical agents including psychotropic drugs as a form of restraint. The therapeutic use of psychotropic medications as a component of a service plan for a particular child is not considered chemical restraint.

"Child care worker" means any staff of the facility whose primary responsibility is the direct care of children in the facility.

"Community residential facility" means a facility which provides care for children who are considered unable to live in a family situation due to social, emotional or physical disabilities but are capable of interacting in a community environment with a minimum amount of supervision. The facility provides 24-hour care including board and room. Community resources are used for education, recreation, medical, social and rehabilitation services. The facility is responsible for planning the daily activities of the children, discipline, guidance, peer relationships, and recreational programs.

"Control room" means a locked room used for treatment purposes in a comprehensive residential facility.

"Educational degrees" means formally approved certificates from accredited schools.

"Immediate family," for the purposes of this chapter, means persons who have a blood or legal relationship with the child.

"Mechanical restraint" means restriction by the use of a mechanical device of a child's mobility or ability to use the hands, arms, or legs.

"Physical restraint" means direct physical contact required on the part of a staff member to prevent a child from hurting self, others, or property.

"Private juvenile detention home" means a juvenile detention home as defined in Iowa Code section 232.2, which does not meet the requirements of being "county or multicounty" as defined in rule 441—105.1(232).

"Private juvenile shelter care home" means a juvenile shelter care home as defined in Iowa Code section 232.2, which does not meet the requirements of being "county or multicounty" as defined in rule 441—105.1(232).

"Prone restraint" means a physical restraint in which a child is held face down on the floor.

"Protective locked environment" means the same as defined in Iowa Code section 237.1(17).

"Schedule II medications" means those controlled substances identified in Iowa Code chapter 124.

"Staff" means any person providing care or services to or on behalf of the residents whether the person is an employee of the facility, an independent contractor or any other person who contracts with the facility, an employee of an independent contractor or any other person who contracts with the facility, or a volunteer.

"Time out" means the temporary and short-term restriction of a resident for a period of time to a designated area from which the resident is not physically prevented from leaving, for the purpose of providing the resident an opportunity to regain self-control. Staff physically preventing the resident from leaving the time out area would be considered seclusion in control room conditions.

[**ARC 9488B**, IAB 5/4/11, effective 7/1/11; **ARC 4793C**, IAB 12/4/19, effective 1/8/20; **ARC 6962C**, IAB 4/5/23, effective 6/1/23; **ARC 0109D**, IAB 3/4/26, effective 5/1/26]

441—114.3(237) Physical standards. Local building and zoning ordinances shall be met.

114.3(1) *Grounds.*

a. An outdoor play area of 75 square feet per child shall be provided.

b. The play area shall be identified and kept free from hazards that could cause injury to a child.

c. Rubbish and trash shall be kept separated from the play area.

d. The grounds shall be adequately drained.

114.3(2) *Buildings.*

a. All living areas shall:

(1) Have screens on windows used for ventilation.

(2) Be maintained in clean, sanitary conditions, free from vermin, rodents, dampness, noxious gases and objectionable odors.

(3) Be in safe repair.

(4) Provide for adequate lighting when natural sunlight is inadequate.

(5) Have heating and storage areas separated from sleeping or play areas.

(6) Have walls and ceiling surfaced with materials that are asbestos free.

b. All sleeping rooms shall:

(1) Provide a minimum of 60 square feet per child for multiple occupancy.

(2) Provide a minimum of 80 square feet per child for single occupancy.

(3) Not sleep more than four children per room. Facilities licensed prior to July 1, 1981, meeting current square footage requirements shall be allowed to house five children per room.

(4) Be of finished construction.

Facilities licensed prior to July 1, 1981, having a square foot area less than that required in subparagraphs (1) and (2) shall be considered to meet those standards.

c. All rooms aboveground shall:

(1) Have a ceiling height of at least 7 feet, 6 inches.

(2) Have a window area of at least 8 percent of the floor area unless mechanical ventilation is provided that is capable of removing dampness and odors.

d. All rooms belowground shall:

(1) Have a ceiling height of at least 6 feet, 8 inches.

(2) Have a window area of at least 2 percent of the floor area unless mechanical ventilation is provided that is capable of removing dampness and odors.

(3) Have floor and walls constructed of concrete or other materials with an impervious finish and free from groundwater leakage.

114.3(3) *Bedrooms.*

a. Each child in care shall have a solidly constructed bed.

b. Sheets, pillowcases, and blankets shall be provided for each child and shall be kept clean and in good repair.

c. Each child in care shall have adequate storage space for private use, and a designated space for hanging clothing in proximity to the bedroom occupied by the child.

d. No child over the age of five years shall occupy a bedroom with a member of the opposite sex.

114.3(4) *Heating.*

a. The heating unit shall be located and operated to maintain the temperature in the living quarters at a minimum of 65 degrees Fahrenheit during the day and 55 degrees Fahrenheit during the night. Variances may be made in case of health problems. Temperature is measured at 24 inches above the floor in the middle of the room.

b. All space heaters and water heaters involving the combustion of fuel, such as gas, oil or similar fuel, shall be vented to the outside atmosphere.

c. Neither rubber nor plastic tubing shall be used as supply lines for gas heaters.

d. The heating or cooling plant shall be checked at least annually and kept in safe working condition at all times.

[**ARC 6962C**, IAB 4/5/23, effective 6/1/23]

441—114.4(237) Sanitation, water, and waste disposal.

114.4(1) *Bathroom facilities.*

a. Bathrooms shall have an adequate supply of hot and cold running water.

b. Each bathroom shall be properly equipped with toilet tissue in dispensers, paper towels or functional hand dryers, soap, and other items required for personal hygiene.

c. Toilets and baths or showers shall provide for individual privacy.

d. There shall be a shower or tub for each ten children or portion thereof.

e. Tubs and showers shall have slip-proof surfaces.

f. At least one toilet and one wash basin shall be provided for each six children or portion thereof.

g. Toilet facilities shall be provided with natural or artificial ventilation capable of removing odors and moisture.

h. Toilet facilities adjacent to a food preparation area shall be separated completely by an enclosed solid door.

i. All toilet facilities shall be kept clean.

j. When more than one stool is used in one bathroom, partitions providing privacy shall be used.

k. Toilets, wash basins, and other plumbing or sanitary facilities shall be maintained in good operating condition.

114.4(2) *Food preparation and storage.*

a. Cracked dishes and utensils shall not be used in the preparation, serving, or storage of food.

b. Storage areas for perishable foods shall be kept at 45 degrees Fahrenheit or below.

c. Storage areas for frozen foods shall be kept at zero degrees Fahrenheit or below.

d. Food that is to be served hot shall be maintained at 140 degrees Fahrenheit or above.

e. Food that is to be served cold shall be maintained at 45 degrees Fahrenheit or below.

f. The kitchen and food storage areas shall be kept clean and neat. Foods shall not be stored on the floor.

g. The floor and walls shall be of smooth construction and in good repair.

114.4(3) *Personnel handling food.* Personnel who handle food shall:

a. Be free of infection.

b. Be clean and neatly groomed.

c. Wear clean clothes.

d. Not use tobacco in any form while preparing or serving food.

114.4(4) *Dishwashing facilities.*

a. Manual dishwashing will be allowed in facilities that normally serve 15 or less people at one meal.

b. Commercial dishwashers shall be used in facilities serving more than 15 people at one meal, and shall meet the following criteria:

(1) When chemicals are added for sanitation purposes, they shall be automatically dispensed.

(2) Machines using hot water for sanitizing must maintain wash water at least 150 degrees Fahrenheit and rinse water at a temperature of at least 180 degrees Fahrenheit or a single temperature machine at 165 degrees Fahrenheit for both wash and rinse.

(3) All machines shall be thoroughly cleaned and sanitized at least once each day or more often if necessary to maintain satisfactory operating condition.

c. Soiled and clean dish table areas shall be of adequate size to accommodate the dishes for one meal.

d. All hand-held food preparation and serving equipment shall be cleaned and sanitized following each meal. Dispensers, urns, and similar equipment shall be cleaned and sanitized daily.

114.4(5) *Foods not prepared at site of serving.*

a. The place where food is prepared for off-site serving shall conform with all requirements for on-site food preparation.

b. Food shall be transported in covered containers or completely wrapped or packaged so as to be protected from contamination.

c. During transportation, and until served, hot foods shall be maintained at 140 degrees Fahrenheit or above and cold food maintained at 45 degrees Fahrenheit or below.

114.4(6) *Milk supply.* When fluid milk is used, it shall be pasteurized Grade A.

114.4(7) *Public water supply.* The water supply is approved when the water is obtained from a public water supply system.

114.4(8) *Private water supplies.* Any facility that serves at least 25 people for at least 60 days during the year and is supplied by its own well meets the definition of a public water supply and must be regulated by the department of natural resources.

a. Maintenance and operation. Each privately operated water supply shall be maintained and operated in a manner that ensures safe drinking water. Each water supply used as part of a facility shall be annually inspected and evaluated for deficiencies that may allow contaminants access to the well interior. Items such as open or loose well caps, missing or defective well vents, poor drainage around the wells, and the nearby storage of potential contaminants shall be evaluated. All deficiencies shall be corrected within 30 days of discovery by a well contractor certified by the state.

b. Evaluation and water testing. As part of the inspection and evaluation, water samples shall be collected and submitted by the local health sanitarian or a well contractor certified by the state to the state hygienic laboratory or other laboratory certified for drinking water analysis by the department of natural resources. The minimum yearly water analysis shall include coliform bacteria and nitrate (NO3-) content. Total arsenic testing shall be performed once every three years. The water shall be deemed safe when there are no detectible coliform bacteria, when nitrate levels are less than 10 mg/L as nitrogen, and when total arsenic levels are 10 μg/L or less. A copy of the laboratory analysis report shall be provided to the department within 72 hours of receipt by the water supply.

c. Multiple wells supplying water. When the water supply obtains water from more than one well, each well connected to the water distribution system shall meet all of the requirements of these rules.

d. Deficiencies. When no apparent deficiencies exist with the well or its operations and the water supply is proven safe by meeting the minimum sampling and analysis requirements, water safety requirements have been met. Wells with deficiencies that result in unsafe water analysis require corrective actions through the use of a well contractor certified by the state.

e. When water is proven unsafe. When the water supply is proven unsafe by sampling and analysis, the facility shall immediately provide a known source of safe drinking water for all water users and hang notification at each point of water use disclosing the water is unsafe for drinking water uses. In addition, the facility shall provide a written statement to the department disclosing the unsafe result and detail a plan on how the water supply deficiencies will be corrected and the supply brought back into a safe and maintained condition. The statement shall be submitted to the department within ten days of the laboratory notice. All corrective work shall be performed and the water supply sampled and analyzed again within 45 days from any water test analysis report that indicates the water supply is unsafe for drinking water uses.

f. Water obtained from another source through hauling and storage must meet the requirements of the department of natural resources.

114.4(9) *Heating or storage of hot water.* Each tank used for the heating or storage of hot water shall be provided with a pressure and temperature relief valve.

114.4(10) *Sewage treatment.*

a. Facilities shall be connected to public sewer systems where available.

b. Private disposal systems shall be designed, constructed, and maintained so that no unsanitary or nuisance conditions exist, such as surface discharge of raw or partially treated sewage or failure of the sewer lines to convey sewage properly.

114.4(11) *Garbage storage and disposal.*

a. A sufficient number of garbage and rubbish containers shall be provided to properly store all material between collections.

b. Containers shall be fly tight, leakproof, and rodent proof and shall be maintained in a sanitary condition.

[**ARC 4793C**, IAB 12/4/19, effective 1/8/20; **ARC 6962C**, IAB 4/5/23, effective 6/1/23]

441—114.5(237) Safety.

114.5(1) *General.* Facilities shall take sufficient measures to ensure the safety of the children in care in all of their programs.

114.5(2) *Premises.*

a. Stairways, halls and aisles shall be of substantial nonslippery material, shall be maintained in a good state of repair, shall be adequately lighted and shall be kept free from obstructions at all times. All stairways shall have handrails.

b. Radiators, registers, and steam and hot water pipes shall have protective covering or insulation. Electrical outlets and switches shall have wall plates.

c. Fuse boxes and circuit breakers shall be inaccessible to children.

d. Facilities shall have written procedures for the handling and storage of hazardous materials.

e. Firearms and ammunition shall be kept under lock and key and inaccessible to children. When firearms are used, the facility shall have written policies regarding their purpose, use, and storage.

f. All swimming pools shall conform to state and local health and safety regulations. Adult supervision shall be provided at all times when children are using the pool.

g. The facility shall have policies regarding fishing ponds, lakes, or any bodies of water located on or near the facility grounds and accessible to the children.

114.5(3) *Emergency evacuation and safety procedures.* Upon admission all children shall receive instruction regarding evacuation and safety procedures. All living units utilized by children shall have a posted plan for evacuation and safety procedures regarding severe weather events, fire or other natural or man-made disasters. Practice fire drills shall be held monthly, and severe weather drills shall be held twice annually.

114.5(4) *Fire inspection.* Each facility shall procure an annual fire inspection approved by the state fire marshal and shall meet the recommendations thereof.

114.5(5) *Local codes.* Each facility shall meet local building, zoning, sanitation and fire safety ordinances. Where no local standards exist, state standards shall be met.

114.5(6) *Safety, protection, and well-being of children in care.* Facilities shall develop and follow written policies and procedures that assure the safety, protection, and well-being of children in care. Policies shall address, but not be limited to, the following:

a. Supportive leadership of the facility that promotes protecting each child from abuse or bullying from other children and staff.

b. Defining the facility's culture to reduce the use of unnecessary restraint.

c. Clear definitions of unsafe behavior and the emergency situations when it is appropriate to use physical interventions.

d. Staff training and development that give staff confidence they are supported by leadership with proper supervision and ongoing access to information about best practices and evidence-based approaches to care.

e. Adequate supervision of children while the children are using any hazardous or dangerous objects or equipment and when children are using the Internet or other social media.

f. The social, cultural, and developmental needs of children in care.

g. Providing personal care items to children in care. Personal care items must be provided to the children in care and must reflect the individual, cultural, racial and ethnic needs of the youth living in the facility's programs.

[**ARC 2743C**, IAB 10/12/16, effective 12/1/16; **ARC 4793C**, IAB 12/4/19, effective 1/8/20; **ARC 6962C**, IAB 4/5/23, effective 6/1/23]

441—114.6(237) Organization and administration. Any change in the name of the facility, the address of the facility, the executive, or the capacity shall be reported to the department.

114.6(1) *Table of organization.* A table of organization including the identification of lines of responsibility and authority from policymaking to service to clients shall be available to the licensing staff.

114.6(2) *Purpose of agency or facility.* The purpose or function of the organization shall be clearly defined in writing and shall include a description of the children to be accepted for care and the services offered.

114.6(3) *Governing bodies or individuals.* All group living foster care facilities shall:

a. Have a governing board or individuals who are accountable for and have authority over the policies and activities of the organization. In the case of an organization owned by a proprietor or partnership, the proprietor or partner shall be regarded as the governing body.

b. Provide the department with a list of names, addresses, telephone numbers and titles of the members of the governing body.

c. Have adequate insurance covering fire and liability as a protection to children in care.

d. For organizations with the home base located outside Iowa, have duly authorized representatives with decision-making abilities designated within the state of Iowa.

114.6(4) *Executive director.* The governing body or proprietor or partner(s) shall select and appoint an executive director with full administrative responsibility and qualifications for carrying out the policies, procedures and programs established by the governing body.

114.6(5) *Financial solvency of facilities.* Profit and nonprofit institutions shall maintain financial solvency to ensure adequate care of children and youth for whom responsibility is assumed. It shall have sufficient financial resources, predictable income, or both, and not be totally dependent upon current fees, for a three-month operating period. The facility shall have written policies and procedures describing the program of the facility and specifying how it will be carried out.

[**ARC 4793C**, IAB 12/4/19, effective 1/8/20; **ARC 6962C**, IAB 4/5/23, effective 6/1/23]

441—114.7(237) Policies and record-keeping requirements.

114.7(1) *Policies in writing.* The following current personnel policies and practices of the agency and relating to the specific facility shall be described in writing and accessible to staff upon request:

a. Affirmative action and equal employment opportunity policies and procedures covering the hiring, assignment, and promotion of employees.

b. Job descriptions for all positions.

c. Provisions for vacations, holidays, and sick leave.

d. Effective, time-limited grievance procedures allowing the aggrieved party to bring the grievance to at least one level above that party's supervisor.

e. Authorized procedures, consistent with due process, for the suspension and dismissal of an employee for just cause.

f. Written procedures for annual employee evaluations.

114.7(2) *Health of staff.* Each staff person who has direct client contact or is involved in food preparation shall be tested for tuberculosis and have a physical examination within six months prior to hiring, unless the staff can produce valid documentation of the physical and tuberculosis test from within the previous three years. Physical examinations shall be completed every three years thereafter. Evidence of these examinations or tests shall be included in each personnel file. The examinations or tests shall be completed by one of the following:

a. A physician as defined in Iowa Code section 135.1(4);

b. An advanced registered nurse practitioner who is registered with and certified by the Iowa board of nursing to practice nursing in an advanced role; or

c. A physician assistant licensed under Iowa Code chapter 148C.

114.7(3) *Staff records.*

a. The facility shall maintain the following information with respect to each staff person:

(1) Name and current address of each staff person.

(2) At least two written references or documentation of oral references. In case of unfavorable references, there shall be documentation of further checking to ensure that the person will be reliable.

(3) Documentation of all record checks and evaluations as required in subrule 114.24(1).

(4) A written, signed and dated statement furnished by the staff person prior to providing any care or services to or on behalf of the facility which discloses any founded reports of child abuse on the person that may exist.

(5) Reserved.

(6) Records of a physical examination or a record of a health report, as required in subrule 114.7(2), plus a written record of subsequent health services rendered to staff necessary to ensure that each individual is physically able to perform the job duties or functions.

(7) Reserved.

(8) Records of training sessions attended, including dates and content of the training.

(9) When otherwise required in situations that apply, a certified copy of a school transcript, diploma, or written statement from the school or supervising agency for positions having educational requirements.

b. In addition, with respect to staff who are employed by the facility, the facility shall maintain the following records:

(1) Social security number of each employee.

(2) A job application containing sufficient information to justify the initial and current employment.

(3) A certified copy of a school transcript, diploma, or written statement from the school or supervising agency before permanent employment of applicants for positions having educational requirements.

(4) Written verification of licensure before permanent employment of applicants for positions requiring licenses. Evidence of renewal of licenses as required by the licensing agency.

(5) Current information relative to work performance evaluation.

(6) Information on written reprimands or commendations.

(7) Information on position in the agency and date of employment.

(8) If the applicant, probationary employee or temporary employee has completed and submitted Form 470-2310 to the agency, a copy shall be kept in the staff record.

[**ARC 9488B**, IAB 5/4/11, effective 7/1/11; **ARC 4793C**, IAB 12/4/19, effective 1/8/20; **ARC 6962C**, IAB 4/5/23, effective 6/1/23]

441—114.8(237) Staff.

114.8(1) *Qualifications of staff.*

a. A caseworker shall have graduated from a four-year college or university with a bachelor's degree in a human services field related to social work, psychology or a related behavioral science or in education and the equivalent of one year of full-time experience in social work or in the delivery of human services in a public or private agency, or six years of supervised child welfare experience in residential care or a combination of advanced education in the behavioral sciences and experience equal to six years.

b. A casework supervisor shall have either a master's degree in social work with one year of supervised experience after the master's degree or a master's degree in psychology or counseling with two years of experience beyond the master's degree, one of which was under supervision. The experience shall be in the area of child welfare services.

c. Child care workers shall be at least 18 years of age.

d. Any licensed facility having persons in employment in positions for which present rules require higher qualifications will be considered to meet rules with the present staff. New staff will need to meet the requirements of these rules.

e. A person who has a record of a criminal conviction or founded child or dependent adult abuse report shall not be employed, unless an evaluation of the crime or founded child or dependent adult abuse has been made by the department which concludes that the crime or founded child or dependent adult abuse does not merit prohibition of employment. If a record of criminal conviction or founded child or dependent adult abuse exists, the person shall be offered the opportunity to complete and submit Form 470-2310. In its evaluation, the department shall consider the nature and seriousness of the crime or founded abuse in relation to the position sought, the time elapsed since the commission of the crime or founded abuse, the

circumstances under which the crime or founded abuse was committed, the degree of rehabilitation, and the number of crimes or founded abuses committed by the person involved.

114.8(2) *Number of staff.*

a. Children shall be provided with 24-hour awake supervision. There shall be at least one awake and readily accessible staff person on duty for each currently occupied living unit. The staff person shall make regular visual checks at least every hour throughout the night. A log shall be kept of all checks, including the time of the check and any significant observations. Policies for nighttime checks shall be in writing.

b. Each facility shall have the services of a casework supervisor and a caseworker adequate to fulfill the staff duties.

c. There shall be an on-call system operational 24 hours a day to provide supervisory consultation. There shall be a written plan documenting this system.

d. The number and qualifications of the staff will vary depending on the needs of the children. There shall be at least a one to eight staff to client ratio during all times children are awake and present in the facility and during supervised outings.

114.8(3) *Staff duties.*

a. The casework supervisor shall provide in-person case specific supervision at the site of the facility for one hour per month per caseworker and be available for consultation in case of emergency.

b. Caseworkers shall:

(1) Develop a service plan for each child containing goals and objectives with projected dates of accomplishment and shall involve the client, referral agency, and family whenever possible.

(2) Develop a specific plan relating to the involvement of the child's parents unless documented by the caseworker that their involvement would be counterproductive.

c. The facility staff shall be responsible for the following:

(1) Documenting case reassessments quarterly, involving the same personnel as previously involved in service plan development.

(2) Documenting the implementation of the service plan.

(3) Providing for scheduled in-person conferences with each resident.

(4) Providing a supportive atmosphere for the child.

(5) Providing for coordination of internal and external activities of the child.

(6) Providing for liaison with the referring agency.

(7) Providing leadership and guidance to the children.

(8) Providing a mechanism for dealing with day-to-day program operations.

(9) Being responsible for overseeing and maintaining general health and well-being of children.

(10) Supervising the living activities of the children.

(11) Monitoring and recording behavior on a daily basis.

(12) At all times, knowing where the children are and where they are supposed to be to assure ongoing safety.

114.8(4) *Staff development.* Staff development shall be appropriate to the size and nature of the facility. There shall be a written format for staff training that includes:

a. Orientation for all new employees to acquaint them with the philosophy, organization, program practices, and goals of the facility.

b. Training of new employees in areas related to their job assignments.

c. Provisions for all staff members to improve their competency. This may be accomplished through such means as:

(1) Attending staff meetings.

(2) Attending seminars, conferences, workshops and institutes.

(3) Visiting other facilities.

(4) Access to consultants.

(5) Access to current information and evidence-based practices relevant to the facility's services.

d. An individual designated responsible for staff development and training, who will complete a written staff development plan which shall be updated annually.

114.8(5) *Volunteers.* A facility that utilizes volunteers to work directly with a particular child or group of children shall have a written plan for using volunteers. This plan shall be given to all volunteers. The plan shall indicate that all volunteers shall:

a. Be directly supervised by a paid staff member.

b. Be oriented and trained in the philosophy of the facility and the needs of children in care, and methods of meeting those needs.

c. Be subject to character, reference, and record check requirements described in subrule 114.24(1).

[**ARC 9488B**, IAB 5/4/11, effective 7/1/11; **ARC 4793C**, IAB 12/4/19, effective 1/8/20; **ARC 6962C**, IAB 4/5/23, effective 6/1/23]

441—114.9(237) Intake procedures.

114.9(1) *Intake policies.* The agency shall have written intake policies specific to the licensed facility.

114.9(2) *Basis of acceptance.* Children shall be accepted for care only after the following criteria have been met:

a. An assessment of the child's need for service and supervision has been agreed upon by the staff of the facility and the referring agency worker. The child, the child's family, and any other significant people shall be invited to participate in this process to the fullest extent possible.

b. The assessment indicates that the child requires the care offered by this type of facility and is likely to benefit from the program the facility offers.

114.9(3) *Referral information.* The following information shall be made available prior to any decision being made regarding the acceptance of a child. The following information shall be requested by the facility if not yet received.

a. A current social history.

b. A copy of the child's physical assessment including immunization history completed within one year prior to application, when available.

c. Where indicated, or when available, psychological testing completed no more than one year prior to referral.

d. Current educational data.

e. When indicated or available, psychiatric report completed no more than one year prior to referral.

f. Referring agency's case plan which includes goals and objectives to be achieved during placement with a time frame for the achievement of these goals and objectives.

g. Documentation of the legal status of the child which includes any court orders or statements of custody and guardianship.

114.9(4) *Admission requirements.*

a. The following items shall be secured upon admission of the child to the facility.

(1) A placement agreement for the child signed by the person having legal responsibility for the child and the agency where the child is being placed. When this is not available at the time of placement, it shall be furnished within 48 hours of placement in the facility.

(2) Emergency medical authorization from the court, the parents, the guardian, or custodian.

b. The following items shall be provided to the child, the child's family or guardian, and the referring worker at the time of placement:

(1) A description of the services provided.

(2) Written policies regarding children's rights as in rule 441—114.13(237).

(3) Written policies regarding religion, work or vocational experiences, family involvement, and discipline as in rules 441—114.15(237) to 441—114.17(237) and rule 441—114.20(237).

114.9(5) *Personal assessment.* At the time of intake, individual needs will be identified by staff based on written and verbal information from referral sources, observable behavior at intake and the initial interview with youth or family, school contacts, physical examinations, and other relevant material. The individual assessment shall provide the basis for development of a service plan for each child.

114.9(6) *Educational assessment.* An educational assessment shall be developed by the staff and the referring worker. Involvement of the parents or guardian, area education agency, and public schools may be appropriate.

114.9(7) *Person responsible.* Each agency shall designate a person or persons who have the authority to do intake.

114.9(8) *Intake sheet.* An intake sheet shall be completed on each child containing at least the information specified in 114.11(2).

[**ARC 4793C**, IAB 12/4/19, effective 1/8/20; **ARC 6962C**, IAB 4/5/23, effective 6/1/23]

441—114.10(237) Program services.

114.10(1) *Evaluation services.*

a. When evaluation services are provided by staff of the facility, the services shall be clearly defined so that referral sources are clear about the components of the service.

b. Evaluations shall be based on behavioral observations, social history, educational assessments and shall include an assessment of vocational needs, recreational skills, and physical therapy, speech, language, vision and hearing needs to assist in planning and placement for the child. The need for providing all of these evaluative services will be determined on the basis of the specific child being referred.

114.10(2) *Service plan.* There shall be a written service plan for each child. The service plan shall be based on the individual needs determined through the assessment of each resident, provide for consultation with the family, and shall include the following:

a. Identification of special needs.

b. Description of planned services including measurable goals and objectives which indicate which staff person will be responsible for the specific services in the plan.

c. Indication of where the services are to occur and note the frequency of activities or services.

d. A discharge summary.

114.10(3) *Daily routine.* Each facility shall provide a daily routine for the children in residence which is directed toward developing healthful habits in eating, sleeping, exercising, personal care, hygiene, and grooming according to the needs of the individual child and the living group.

114.10(4) *Daily log.* The facility shall maintain a daily log to generally record noteworthy occurrences regarding the children in care. Problem areas or unusual behavior for specific children shall be recorded in individual children's records.

114.10(5) *Educational services.* An educational program shall be available for each child in accordance with abilities and needs. The educational and teaching standards established by the state department of education shall be met when an educational program is provided within an institution.

114.10(6) *Health care.*

a. There shall be 24-hour emergency and routine medical and dental services available and provided when prescribed. Provisions for these services shall be documented.

b. The facility shall arrange a physical assessment including vision and hearing tests for each child in care within one week of admission unless the child has received an examination within the past year and the results of this examination are available to the facility.

c. A facility shall not require medical treatment when the parent(s) or guardian of the child or the child objects to treatment on the grounds that it conflicts with the tenets and practices of a recognized church or religious denomination of which the parent(s), guardian or child is an adherent. In potentially life-threatening situations, the facility shall refer the child's care to appropriate medical and legal authorities.

d. A facility shall have and staff shall follow written procedures in case of medical emergency.

e. A facility shall schedule a dental examination for each child within 14 days of admission unless the child has been examined within six months prior to admission and the facility has the results of that examination.

114.10(7) *Dietary program.* The facility shall provide properly planned, nutritious and inviting food and take into consideration the dietary and health needs of children. The facility shall follow all dietary recommendations prescribed by medical personnel or a dietitian licensed in the state of Iowa.

114.10(8) *Recreation and leisure programs.*

a. The facility shall provide adequately designed and maintained indoor and outdoor activity areas, equipment, and equipment storage facilities appropriate for the residents it serves. There shall be a variety of activity areas and equipment so that all children can be active participants in different types of individual and group sports and other motor activities.

b. Games, toys, equipment, and arts and crafts material shall be selected according to the ages and number of children with consideration to the needs of the children to engage in active and quiet play.

c. The facility shall plan and carry out efforts to establish and maintain workable relationships with community recreational resources so these resources may provide opportunities for children to participate in community recreational activities.

114.10(9) *Casework services.* A facility shall provide or obtain casework services in the form of counseling in accordance with the needs of each child's individual service plan. Casework services include crisis intervention, daily living skills, interpersonal relationships, future planning and preparation for placement as required by the child.

114.10(10) *Psychiatric and psychological services—(Optional service).*

a. When the diagnostic evaluation of a child indicates need for care by a psychiatrist and under psychiatric guidance, the specialized treatment or consultation shall be provided or arranged by the facility.

b. Psychologists, whose services are used in behalf of children, shall be licensed as a psychologist in the state of Iowa, or be certified by the department of education.

114.10(11) *Volunteers—(Optional service).* Rescinded IAB 12/4/19, effective 1/8/20.

114.10(12) *Liability.* Licensed group living foster care facilities that apply the reasonable and prudent parent standard reasonably and in good faith in regard to a child in foster care shall have immunity from civil or criminal liability which might otherwise be incurred or imposed. This subrule shall not remove or limit any existing liability protection afforded under any other law.

[**ARC 2743C**, IAB 10/12/16, effective 12/1/16; **ARC 4793C**, IAB 12/4/19, effective 1/8/20; **ARC 6962C**, IAB 4/5/23, effective 6/1/23]

441—114.11(237) Case files.

114.11(1) *Generally.* All facilities shall establish and maintain case files on each child. The case files shall include the following:

114.11(2) *Face sheet.* The face sheet shall contain the following information:

a. Full name, birth place and date of birth.

b. Parents' full name.

c. Parents' address and telephone number.

d. Religious preference of parents and child.

e. Statement of who has legal custody and guardianship.

f. Name of the referring worker and agency making the referral.

g. Telephone number and address of the agency or court making the referral and contact information of the child's attorney or guardian ad litem.

114.11(3) *Referral packet.* All of the information required in the referral packet shall be contained in the case record including a social history on the child, a copy of the child's physical assessment and immunization history, psychological testing, when available, current educational information, psychiatric report, when available, and the referring agency's case plan.

114.11(4) *Legal documents.*

a. Placement agreement signed by parent(s) or custodian of the child.

b. Petitions and orders of the court regarding adjudication, custody, or guardianship.

114.11(5) *Psychiatric and psychological.* Psychiatric and psychological reports, when available.

114.11(6) *Correspondence.* Correspondence regarding the child.

114.11(7) *Medical.*

a. Medical and surgical authorizations signed by the parent(s), guardian, or contained in the court order.

b. Record of medical care received while in the facility.

c. Information on past medical history.

114.11(8) *School.*

a. Name of school currently attended.

b. Grade placement.

c. Any specific educational problem.

d. Remedial action recommended.

114.11(9) *Service plan.* Individual child service plan, quarterly update, and revisions of the service plan. The service plan shall be updated quarterly or any time upon receipt of a new case permanency plan or juvenile court services plan or as otherwise needed to address the changing needs of the child. Discharge summary completing the service plan information shall be completed upon a child's discharge from placement.

114.11(10) *Documentation.* The following information shall be documented in each child's record.

a. Appropriate notes, all significant contacts with parents, referring worker and other collateral contracts, as well as staff counseling with child and notations on behavior.

b. A summary related to discharge including:

(1) The name, address and relationship of the person or agency to whom the child was released.

(2) The discharge summary (as included in the service plan).

(3) Final disposition of a child's medications as applicable.

(4) Identification of who transported the child and destination postdischarge.

114.11(11) *Electronic records.* An authorized representative of the department shall be provided unrestricted access to electronic records pertaining to the care provided to the residents, who are served as a result of a contract with the department, of the facility.

a. If access to an electronic record is requested by the authorized representative of the department, the facility may provide a tutorial on how to use its particular electronic system or may designate an individual who will, when requested, access the system, respond to any questions or assist the authorized representative as needed in accessing electronic information in a timely fashion.

b. The facility shall provide a terminal where the authorized representative may access records.

c. If the facility is unable to provide direct print capability to the authorized representative, the facility shall make available a printout of any record or part of a record on request in a time frame that does not intentionally prevent or interfere with the department's survey or investigation.

[**ARC 4793C**, IAB 12/4/19, effective 1/8/20; **ARC 6962C**, IAB 4/5/23, effective 6/1/23]

441—114.12(237) Drug utilization and control. The agency shall have and follow written policies and procedures governing the methods of handling prescription drugs and over-the-counter drugs within the facility. No prescription or narcotic drugs are to be allowed in the facility without the authorization of a licensed physician or authorized prescriber.

114.12(1) *Approved drugs.* Only drugs which have been approved by the federal Food and Drug Administration for use in the United States may be used. No experimental drugs may be used.

114.12(2) *Prescribed by physician or other authorized prescriber.* Drugs shall be prescribed by a physician licensed to practice in the state of Iowa or the state in which the physician is currently practicing, or by an advanced registered nurse practitioner or physician assistant as permitted by Iowa law, and may be prescribed only for use in accordance with dosage ranges and indications approved by the federal Food and Drug Administration.

114.12(3) *Dispensed from a licensed pharmacy.* Drugs provided to residents shall be dispensed only from a licensed pharmacy in the state of Iowa in accordance with the pharmacy laws in the Code of Iowa, or from a licensed pharmacy in another state according to the laws of that state, or by a licensed physician.

114.12(4) *Locked cabinet.* All drugs shall be maintained in a locked cabinet. Schedule II medications shall be maintained in a locked box within the locked cabinet. The cabinet key shall be in the possession of a staff person. A bathroom shall not be used for drug storage. A documented exception can be made by persons identified in these rules who may allow self-administered drugs as discussed in subrule 114.12(17).

114.12(5) *Medications requiring refrigeration.* Medications requiring refrigeration shall be kept in a locked box in the refrigerator and separated from food and other items.

114.12(6) *Poisonous or caustic drugs.* All potent poisonous or caustic drugs shall be plainly labeled, stored separately from other drugs in a specific well-illuminated cabinet, closet, or storeroom, and made accessible only to authorized persons.

114.12(7) *Prescribed medications.* All prescribed medications shall be clearly labeled indicating the resident's full name, physician's name, prescription number, name and strength of the drug, dosage, directions for use and, date of issuing the drug. Medications shall be packaged and labeled according to state and federal guidelines.

114.12(8) *Medication containers.* Medication containers having soiled, damaged, illegible or makeshift labels shall be returned to the issuing pharmacist.

114.12(9) *Medication for discharged residents.* When a resident is discharged or leaves the facility, the facility shall turn over to a responsible agent Schedule II medications and prescription medications currently being administered. The facility may send nonprescription medications with the child as needed. The facility shall document in the child's file:

a. The name, strength, dosage form, and quantity of each medication.
