[Prior to 5/18/88, Dental Examiners, Board of[320]]

*“Board”* means the board of dental examiners.

*“Chapter”* means Iowa Code chapter 153.

*“Coronal polish”* means an adjunctive procedure that must also include removal of any calculus, if present, by a dentist or dental hygienist. Coronal polishing of teeth using only a rotary instrument and a rubber cup or brush for such purpose, when performed at the direction of and under the supervision of a licensed dentist, is deemed not to be the giving of prophylactic treatment.

*“Dental hygiene committee,”* as defined in Iowa Code section 153.33A, means the dental hygiene committee of the board of dental examiners.

*“Department”* means the department of public health.

*“Direct supervision”* means that the dentist is present in the treatment facility, but it is not required that the dentist be physically present in the treatment room.

*“General supervision of a dental assistant”* means that a dentist has delegated the services to be provided by a registered dental assistant, which are limited to all extraoral duties, dental radiography, and intraoral suctioning. The dentist need not be present in the facility while these services are being provided.

*“General supervision of a dental hygienist”* means that a dentist has examined the patient and has prescribed authorized services to be provided by a dental hygienist. The dentist need not be present in the facility while these services are being provided. If a dentist will not be present, the following requirements shall be met:

1. Patients or their legal guardians must be informed prior to the appointment that no dentist will be present and therefore no examination will be conducted at that appointment.
2. The hygienist must consent to the arrangement.
3. Basic emergency procedures must be established and in place and the hygienist must be capable of implementing these procedures.

**650—6.9(153,147,22) Disclosures without the consent of the subject.**

**6.9(1)** Open records are routinely disclosed without the consent of the subject.

**6.9(2)** To the extent allowed by law, disclosure of confidential records may occur without the consent of the subject. Following are instances where disclosure, if lawful, will generally occur without notice to the subject:

*a.* For a routine use as defined in rule 6.10(153,147,22) or in any notice for a particular record system.

*b.* To a recipient who has provided the agency with advance written assurance that the record will be used solely as a statistical research or reporting record; provided, that, the record is transferred in a form that does not identify the subject.

*c.* To another government agency or to an instrumentality of any governmental jurisdiction within or under the control of the United States for a civil or criminal law enforcement activity if the activity is authorized by law, and if an authorized representative of such government agency or instrumentality has submitted a written request to the agency specifying the record desired and the law enforcement activity for which the record is sought.

*i.* Notwithstanding any statutory confidentiality provision, the board may share information with the college student aid commission for the sole purpose of identifying applicants or licensees subject to enforcement under Iowa Code sections 261.121 to 261.127.

**650—6.10(153,147,22) Routine use.**

**6.10(1)** Defined. “Routine use” means the disclosure of a record without the consent of the subject or subjects, for a purpose which is compatible with the purpose for which the record was collected. It includes disclosures required to be made by statute other than the public records law, Iowa Code chapter 22.

**6.10(2)** To the extent allowed by law, the following uses are considered routine uses of all agency records:

*a.* Disclosure to those officers, employees, investigators, members or agents of the agency who have a need for the record in the performance of their duties. The custodian of the record may upon request of any officer or employee, investigator, or member, or on the custodian’s own initiative, determine what constitutes legitimate need to use confidential records.

*b.* Disclosure of information indicating an apparent violation of the law to appropriate law enforcement authorities for investigation and possible criminal prosecution, civil court action, or regulatory order.

*c.* Disclosure to the department of inspections and appeals for matters in which it is performing services or functions on behalf of the agency.

**650—6.11(153,147,22) Consensual disclosure of confidential records.**

**6.11(1)** *Consent to disclosure by a subject individual.* To the extent permitted by law, the subject may consent in writing to agency disclosure of confidential records as provided in rule 6.7(153,147,22).

**6.11(2)** *Complaints to public officials.* A letter from the subject of a confidential record to a public official which seeks the official’s intervention on behalf of the subject in a matter that involves the agency may to the extent permitted by law be treated as an authorization to release sufficient information about the subject to the official to resolve the matter.

**6.11(3)** *Obtaining information from a third party.* The agency is required to obtain information to verify and investigate applications for licensure or permit, complaints concerning licensees, and alleged violations of law and statute. Requests to third parties for this information may involve the release of records requiring special procedures.

*a.* Where necessary, the agency shall obtain from the subject individual an authorization for the release of specially protected information on a form that meets the requirements of the law.

*b.* To obtain alcohol and drug abuse patient information, the agency shall obtain special authorization from the subject individual on a “Consent to Release Alcohol and Drug Abuse Patient Information” form or other appropriate form.

*c.* The agency is authorized by law to subpoena books, papers, records, and any other real evidence, whether or not privileged or confidential under law, to help it determine whether it should institute an administrative hearing.

*c.* Peace officers' investigative reports may be withheld from the subject, except as required by the provisions of Iowa Code section 22.7(5).

*d.* All information in licensee complaint and investigation files maintained by the board for purposes of licensee discipline are required to be withheld from the subject prior to the filing of formal charges and the notice of hearing in a licensee disciplinary proceeding.

*e.* As otherwise authorized by state or federal law or rule.

**6.12(2)** Where a record has multiple subjects with interest in the confidentiality of the record, the agency may take reasonable steps to protect confidential information relating to another subject.

**650—6.13(153,147,22) Availability of records.**

**6.13(1)** *General.* Agency records are open for public inspection and copying unless otherwise provided by rule or law.

**6.15(4)** Administrative records. This includes documents concerning budget, property inventory, purchasing, yearly reports, office policies for employees, time sheets, printing and supply requisitions.

**6.15(5)** Office manuals. Information in office manuals such as the procedures manual may be confidential under Iowa Code section 17A.2(7) “f” or other applicable provision of law.

**650—6.16(153,147,22) Data processing system.** The board does not currently have a data processing system which matches, collates, or permits the comparison of personally identifiable information in one record system with personally identifiable information on another record system.

**650—6.17(153,147,22) Purpose and scope.** This chapter implements Iowa Code section 22.11 by establishing board policies and procedures for the maintenance of records.

This chapter does not:

1. Require the board to index or retrieve records which contain information about individuals by that person’s name or other personal identifier.
2. Make available to the general public records which would otherwise not be available under the public records law, Iowa Code chapter 22.
3. Govern the maintenance or disclosure of, notification of or access to, records in the possession of the board which are governed by rules of another board or agency.
4. Apply to grantees, including local governments or subdivisions, administering state-funded programs, unless otherwise provided by law or agreement.
5. Make available records compiled by the board in reasonable anticipation of court litigation or formal administrative proceedings. The availability of the records to the general public or to any subject individual or party to litigation or proceedings shall be governed by applicable legal and constitutional principles, statutes, rules of discovery, evidentiary privileges, and applicable rules of the board.

These rules are intended to implement Iowa Code section 22.11 and chapters 147, 153, and 272C and Iowa Code chapter 252J.

CHAPTER 7  
RULES

[Prior to 5/18/88, Dental Examiners, Board of[320]]

**650—7.1(17A,147,153) Petition for rule making.**

**7.1(1)** An interested person may petition the board for the adoption, amendment or repeal of administrative rules.

**7.1(2)** The petition shall be in writing, signed by or on behalf of the petitioner, and contain the following information:

*a.* A general statement of the rule the petitioner is requesting the board to adopt, amend, or repeal. Where amendment or repeal of an existing rule is sought, the rule number should be included but is not required. The petitioner is not required to enclose a draft of the proposed rule or proposed amendment being requested.

*b.* A statement of sufficient detail setting forth reasons for adoption, amendment, or repeal.

*c.* A statement showing how the petitioner would be affected by the requested action.

*d.* Name and address of petitioner.

**7.1(3)** The petition is filed when it is received by the board.

**7.1(4)** Upon receipt of the petition, the board shall take the petition under advisement. The board may request additional information from the petitioner or the board office.

**7.1(5)** If the petition raises an issue regarding the practice of dental hygiene, the petition shall be referred to the dental hygiene committee for review. The dental hygiene committee shall review the petition and timely submit its recommendations to the board. The board's review of the dental hygiene committee recommendation is subject to 650—Chapter 1.

**7.1(6)** The board shall deny the petition or initiate rule-making procedures within 60 days after filing of the petition. In the case of a denial, the board shall state in writing its reasons for the denial. The petitioner shall be notified by mail of the board action taken.

This rule is intended to implement Iowa Code sections 17A.3(1) and 17A.7.

**650—7.2(17A,147,153) Oral presentations for rule making.**

**7.2(1)** Oral presentations may be made to the board when requested in writing not later than 20 days after notice of intended action is published in the Iowa Administrative Bulletin, by five interested persons, a governmental subdivision, the administrative rules review committee, an agency, or an association having not less than 25 members or upon discretion of the board.

**7.2(2)** The board shall give the public not less than 20 days' notice of the time and place where oral presentations may be made.

**7.2(3)** Persons wishing to speak shall notify the board prior to start of the oral presentations.

**7.2(4)** Oral presentations may be limited to ten minutes at the discretion of the board.

This rule is intended to implement Iowa Code sections 17A.3(1) and 17A.4(1).

**650—7.3(153) Declaratory rulings.** Rescinded IAB 5/19/99, effective 6/23/99. See 650—Chapter 9.

**650—7.4(17A,147,153) Waivers.**

**7.4(1) Definition.** For purposes of this rule, "a waiver or variance" means action by the board that suspends, in whole or in part, the requirements or provisions of a rule as applied to an identified person on the basis of the particular circumstances of that person. For simplicity, the term "waiver" shall include both a "waiver" and a "variance."

**7.4(2) Scope of rule.** This rule outlines generally applicable standards and a uniform process for the granting of an individual waiver from a rule adopted by the board in situations where no other more specifically applicable law provides for a waiver. To the extent another more specific provision of law governs the issuance of a waiver from a particular rule, the more specific provision shall supersede this rule with respect to any waiver from that rule.

**7.4(3) Applicability of rule.** The board may grant a waiver from a rule only if the board has jurisdiction over the rule and the requested waiver is consistent with applicable statutes, constitutional

provisions, or other provisions of law. The board may not waive requirements created or duties imposed by statute.

**7.4(4) *Criteria for waiver.*** In response to a petition completed pursuant to subrule 7.4(6), the board may in its sole discretion issue an order waiving in whole or in part the requirements of a rule if the board finds, based on clear and convincing evidence, all of the following:

- a. The application of the rule would impose an undue hardship on the person for whom the waiver is requested;
- b. The waiver from the requirements of the rule in the specific case would not prejudice the substantial legal rights of any person;
- c. The provisions of the rule subject to the petition for a waiver are not specifically mandated by statute or another provision of law; and
- d. Substantially equal protection of public health, safety, and welfare will be afforded by a means other than that prescribed in the particular rule for which the waiver is requested.

**7.4(5) *Filing of petition.*** A petition for a waiver must be submitted in writing to the board as follows:

- a. Application for license, registration, certification, or permit. If the petition relates to an application for license, registration, certification, or permit, the petition shall be made in accordance with the filing requirements for the application in question.
- b. Contested cases. If the petition relates to a pending contested case, the petition shall be filed in the contested case proceeding, using the caption of the contested case.
- c. Other. If the petition does not relate to an application or a pending contested case, the petition may be submitted to the board's executive director.
- d. A petition is deemed filed when it is received at the board's office. A petition should be sent to the Board of Dental Examiners, 400 S.W. 8th Street, Suite D, Des Moines, Iowa 50309-4687. The petition must be typewritten or legibly handwritten in ink and substantially conform to the form specified in 650—7.5(17A,147,153).

**7.4(6) *Content of petition.*** A petition for waiver shall include the following information where applicable and known to the requester:

- a. The name, address, and telephone number of the person for whom a waiver is being requested and a reference to any related contested case. Also, the name, address, and telephone number of the petitioner's legal representative, if applicable, and a statement indicating the person to whom communications concerning the petition should be directed.
- b. A description and citation of the specific rule from which a waiver is requested.
- c. The specific waiver requested, including the precise scope and duration.
- d. The relevant facts that the petitioner believes would justify a waiver under each of the four criteria described in subrule 7.4(4). This statement shall include a signed statement from the petitioner attesting to the accuracy of the facts provided in the petition and a statement of reasons that the petitioner believes will justify a waiver.
- e. A history of any prior contacts between the board and the petitioner relating to the regulated activity, license, registration, certification, or permit affected by the proposed waiver, including a description of each affected license, registration, certification, or permit held by the requester, any formal charges filed, any notices of violation, contested case hearings, or investigations relating to the regulated activity, license, registration, certification or permit.
- f. Any information known to the requester regarding the board's action in similar circumstances.
- g. The name, address, and telephone number of any public agency or political subdivision that also regulates the activity in question or that might be affected by the grant of a waiver.
- h. The name, address, and telephone number of any person who would be adversely affected by the grant of the petition.
- i. The name, address, and telephone number of any person with knowledge of the relevant facts relating to the proposed waiver.
- j. Signed releases of information authorizing persons with knowledge regarding the request to furnish the board with information relevant to the waiver.

**7.4(7) Additional information.** Prior to issuing an order granting or denying a waiver, the board may request additional information from the petitioner relative to the petition and surrounding circumstances. If the petition was not filed in a contested case, the board may, on its own motion or at the petitioner's request, schedule a telephonic or in-person meeting between the petitioner and the board's executive director, a committee of the board, or a quorum of the board.

**7.4(8) Notice.** The board shall acknowledge a petition upon receipt. Except where otherwise provided by law, every petition shall be served by the petitioner upon each of the parties of record of the proceeding, and on all other persons identified in the petition for waiver as affected by the petition, simultaneously with the filing. The petitioner shall serve the notice on all persons to whom notice is required by any provision of law and provide a written statement to the board attesting that notice has been provided. In addition, the board may give notice to other persons.

**7.4(9) Hearing procedures.** The provisions of Iowa Code sections 17A.10 to 17A.18A regarding contested case hearings shall apply to any petition for a waiver filed within a contested case. A person who objects to a denial of a waiver in proceedings other than a contested case hearing may make an informal appearance before the board to request reconsideration.

**7.4(10) Ruling.** An order granting or denying a waiver shall be in writing and shall contain a reference to the particular person and rule or portion thereof to which the order pertains, a statement of the relevant facts and reasons upon which the action is based, and a description of the precise scope and duration of the waiver if one is issued.

*a. Board discretion.* The final decision on whether the circumstances justify the granting of a waiver shall be made at the sole discretion of the board, upon consideration of all relevant factors. Each petition for a waiver shall be evaluated by the board based on the unique, individual circumstances set out in the petition.

*b. Burden of persuasion.* The burden of persuasion rests with the petitioner to demonstrate by clear and convincing evidence that the board should exercise its discretion to grant a waiver from a board rule.

*c. Narrowly tailored.* A waiver, if granted, shall provide the narrowest exception possible to the provisions of a rule.

*d. Administrative deadlines.* When the rule from which a waiver is sought establishes administrative deadlines, the board shall balance the special individual circumstances of the petitioner with the overall goal of uniform treatment of all similarly situated persons.

*e. Conditions.* The board may place any condition on a waiver that the board finds desirable to protect the public health, safety, and welfare.

*f. Time period of waiver.* A waiver shall not be permanent unless the petitioner can show that a temporary waiver would be impracticable. If a temporary waiver is granted, there is no automatic right to renewal. At the sole discretion of the board, a waiver may be renewed if the board finds that grounds for a waiver continue to exist.

*g. Time for ruling.* The board shall grant or deny a petition for a waiver as soon as practicable but, in any event, shall do so within 120 days of its receipt, unless the petitioner agrees to a later date. However, if a petition is filed in a contested case, the board shall grant or deny the petition no later than the time at which the final decision in that contested case is issued.

*h. When deemed denied.* Failure of the board to grant or deny a petition within the required time period shall be deemed a denial of that petition by the board. However, the board shall remain responsible for issuing an order denying a waiver.

*i. Service of order.* Within seven days of its issuance, any order issued under this rule shall be transmitted to the petitioner or the person to whom the order pertains, and to any other person entitled to such notice by any provision of law.

**7.4(11) Public availability.** All orders granting or denying a waiver petition shall be indexed, filed, and available for public inspection as provided in Iowa Code section 17A.3. Petitions for a waiver and orders granting or denying a waiver petition are public records under Iowa Code chapter 22. Some petitions or orders may contain information the board is authorized or required to keep confidential. The board may accordingly redact confidential information from petitions or orders prior to public inspection.

**7.4(12) Summary reports.** Semiannually, the board shall prepare a summary report identifying the rules for which a waiver has been granted or denied, the number of times a waiver was granted or denied for each rule, a citation to the statutory provisions implemented by these rules, and a general summary of the reasons justifying the board's actions on waiver requests. If practicable, the report shall detail the extent to which the granting of a waiver has affected the general applicability of the rule itself. Copies of this report shall be available for public inspection and shall be provided semiannually to the administrative rules coordinator and the administrative rules review committee.

**7.4(13) Cancellation of a waiver.** A waiver issued by the board pursuant to this rule may be withdrawn, canceled, or modified if, after appropriate notice and hearing, the board issues an order finding any of the following:

- a. The petitioner or the person who was the subject of the waiver order withheld or misrepresented material facts relevant to the propriety or desirability of the waiver; or
- b. The alternative means for ensuring that the public health, safety and welfare will be adequately protected after issuance of the waiver order have been insufficient; or
- c. The subject of the waiver order has failed to comply with all conditions contained in the order.

**7.4(14) Violations.** A violation of a condition in a waiver order shall be treated as a violation of the particular rule for which the waiver was granted. As a result, the recipient of a waiver under this rule who violates a condition of the waiver may be subject to the same remedies or penalties as a person who violates the rule at issue.

**7.4(15) Defense.** After the board issues an order granting a waiver, the order is a defense within its terms and the specific facts indicated therein only for the person to whom the order pertains in any proceeding in which the rule in question is sought to be invoked.

**7.4(16) Judicial review.** Judicial review of a board's decision to grant or deny a waiver petition may be taken in accordance with Iowa Code chapter 17A.

This rule is intended to implement Iowa Code chapters 17A, 147, and 153.

**650—7.5(17A,147,153) Sample petition for waiver.** A petition for waiver filed in accordance with 650—7.4(17A,147,153) must meet the requirements specified therein and must substantially conform to the following form:

CHAPTER 8  
SALE OF GOODS AND SERVICES

**650—8.1(68B) Selling of goods or services by members of the board.** The board members shall not sell, either directly or indirectly, any goods or services to individuals, associations, or corporations that are subject to the regulatory authority of the department of public health except as authorized by this chapter.

**650—8.2(68B) Conditions of consent for members.**

**8.2(1)** *Consent shall be given by a majority of the members of the board.* Consent shall not be given to an official to sell goods or services to an individual, association, or corporation regulated by the department of public health unless all of the following conditions are met:

*a.* The official requesting consent does not have authority to determine whether consent should be given.

*b.* The official's duties or functions are not related to the department's regulatory authority over the individual, association or corporation to whom the goods and services are being sold, or the selling of the good or service does not affect the official's duties or functions.

*c.* The selling of the good or service does not include acting as an advocate on behalf of the individual, association, or corporation to the department of public health.

*d.* The selling of the good or service does not result in the official selling a good or service to the department on behalf of the individual, association, or corporation.

**8.2(2)** *Authorized sales.*

*a.* A member of the board may sell goods or services to any individual, association, or corporation regulated by any division within the department of public health, other than the board on which that official serves. This consent is granted because the sale of such goods or services does not affect the board member's duties or functions on the board.

*b.* A member of the board may sell goods or services to any individual, association, or corporation regulated by the board if those goods or services are routinely provided to the public as part of that person's regular professional practice. This consent is granted because the sale of such goods or services does not affect the board member's duties or functions on the board. In the event an individual, association, or corporation regulated by the board, to whom a board member sells goods or services is directly involved in any matter pending before the board, including a disciplinary matter, that board member shall not participate in any deliberation or decision concerning that matter. In the event a complaint is filed with the board concerning the services provided by the board member to a member of the public, that board member is otherwise prohibited by law from participating in any discussion or decision by the licensing board in that case.

*c.* Individual application and approval are not required for the sales authorized by this rule unless there are unique facts surrounding a particular sale which would cause the sale to affect the seller's duties or functions, would give the buyer an advantage in dealing with the board, or would otherwise present a conflict of interest.

**8.2(3)** *Application for consent.* Prior to selling a good or service to an individual, association, or corporation subject to the regulatory authority of the department of public health, an official must obtain prior written consent unless the sale is specifically allowed in subrule 8.2(2). The request for consent must be in writing signed by the official requesting consent. The application must provide a clear statement of all relevant facts concerning the sale. The application should identify the parties to the sale and the amount of compensation. The application should also explain why the sale should be allowed.

**8.2(4)** *Limitation of consent.* Consent shall be in writing and shall be valid only for the activities and the time period specifically described in the consent. Consent can be revoked at any time by a majority vote of the members of the board upon written notice to the board. A consent provided under this chapter does not constitute authorization for any activity which is a conflict of interest under common law or which would violate any other statute or rule.

It is the responsibility of the official requesting consent to ensure compliance with all other applicable laws and rules.

These rules are intended to implement Iowa Code section 68B.4.

any person on the questions raised. Also, comments on the questions raised may be submitted to the board of dental examiners by any person.

**650—9.8(17A) Action on petition.**

**9.8(1)** Within the time allowed by 1998 Iowa Acts, chapter 1202, section 13(5), after receipt of a petition for a declaratory order, the board of dental examiners or designee shall take action on the petition as required by 1998 Iowa Acts, chapter 1202, section 13(5).

**9.8(2)** The date of issuance of an order or of a refusal to issue an order is as defined in 650—Chapter 51.

**650—9.9(17A) Refusal to issue order.**

**9.9(1)** The board of dental examiners shall not issue a declaratory order where prohibited by 1998 Iowa Acts, chapter 1202, section 13(1), and may refuse to issue a declaratory order on some or all questions raised for the following reasons:

1. The petition does not substantially comply with the required form.
2. The petition does not contain facts sufficient to demonstrate that the petitioner will be aggrieved or adversely affected by the failure of the board of dental examiners to issue an order.
3. The board of dental examiners does not have jurisdiction over the questions presented in the petition.
4. The questions presented by the petition are also presented in a current rule making, contested case, or other agency or judicial proceeding, that may definitively resolve them.
5. The questions presented by the petition would more properly be resolved in a different type of proceeding or by another body with jurisdiction over the matter.
6. The facts or questions presented in the petition are unclear, overbroad, insufficient, or otherwise inappropriate as a basis upon which to issue an order.
7. There is no need to issue an order because the questions raised in the petition have been settled due to a change in circumstances.
8. The petition is not based upon facts calculated to aid in the planning of future conduct but is, instead, based solely upon prior conduct in an effort to establish the effect of that conduct or to challenge an agency decision already made.
9. The petition requests a declaratory order that would necessarily determine the legal rights, duties, or responsibilities of other persons who have not joined in the petition, intervened separately, or filed a similar petition and whose position on the questions presented may fairly be presumed to be adverse to that of petitioner.
10. The petitioner requests the board of dental examiners to determine whether a statute is unconstitutional on its face.

**9.9(2)** A refusal to issue a declaratory order must indicate the specific grounds for the refusal and constitutes final agency action on the petition.

**9.9(3)** Refusal to issue a declaratory order pursuant to this provision does not preclude the filing of a new petition that seeks to eliminate the grounds for the refusal to issue an order.

**650—9.10(17A) Contents of declaratory order—effective date.** In addition to the order itself, a declaratory order must contain the date of its issuance, the name of petitioner and all intervenors, the specific statutes, rules, policies, decisions, or orders involved, the particular facts upon which it is based, and the reasons for its conclusion.

A declaratory order is effective on the date of issuance.

**650—9.11(17A) Copies of orders.** A copy of all orders issued in response to a petition for a declaratory order shall be mailed promptly to the original petitioner and all intervenors.

**650—9.12(17A) Effect of a declaratory order.** A declaratory order has the same status and binding effect as a final order issued in a contested case proceeding. It is binding on the board of dental examiners, the petitioner, and any intervenors (who consent to be bound) and is applicable only in circumstances

where the relevant facts and the law involved are indistinguishable from those on which the order was based. As to all other persons, a declaratory order serves only as precedent and is not binding on the board of dental examiners. The issuance of a declaratory order constitutes final agency action on the petition.

These rules are intended to implement Iowa Code chapter 17A as amended by 1998 Iowa Acts, chapter 1202.

Persons engaged in the practice of dental assisting must be registered by the board pursuant to 650—Chapter 20.

This rule is intended to implement Iowa Code sections 147.2 and 153.17.

**650—10.2(147,153) Display of license, registration, permit, and renewal.** The license to practice dentistry or dental hygiene or the registration as a dental assistant and the current renewal must be prominently displayed by the licensee or registrant at each permanent practice location. A dentist who holds a permit to administer deep sedation/general anesthesia or conscious sedation, or a dental hygienist who holds a permit to administer local anesthesia, shall also prominently display the permit and the current renewal at each permanent practice location.

**10.2(1)** Additional certificates shall be obtained from the board whenever a licensee or registrant practices at more than one address.

**10.2(2)** Duplicate licenses, certificates of registration, or permits shall be issued by the board upon satisfactory proof of loss or destruction of the original license, certificate of registration, or permit.

This rule is intended to implement Iowa Code sections 147.7, 147.10 and 147.80(17).

**650—10.3(153) Authorized practice of a dental hygienist.**

**10.3(1)** “Practice of dental hygiene” as defined in Iowa Code section 153.15 means the performance of the following educational, therapeutic, preventive and diagnostic dental hygiene procedures which are delegated by and under the supervision of a dentist licensed pursuant to Iowa Code chapter 153.

*a.* Educational. Assessing the need for, planning, implementing, and evaluating oral health education programs for individual patients and community groups; conducting workshops and in-service training sessions on dental health for nurses, school personnel, institutional staff, community groups and other agencies providing consultation and technical assistance for promotional, preventive and educational services.

*b.* Therapeutic. Identifying and evaluating factors which indicate the need for and performing (1) oral prophylaxis, which includes supragingival and subgingival debridement of plaque, and detection and removal of calculus with instruments or any other devices; (2) periodontal scaling and root planing; (3) removing and polishing hardened excess restorative material; (4) administering local anesthesia with the proper permit; (5) administering nitrous oxide inhalation analgesia in accordance with 650—subrules 29.6(4) and 29.6(5); (6) applying or administering medicaments prescribed by a dentist, including chemotherapeutic agents and medicaments or therapies for the treatment of periodontal disease and caries.

*c.* Preventive. Applying pit and fissure sealants and other medications or methods for caries and periodontal disease control; organizing and administering fluoride rinse or sealant programs.

*d.* Diagnostic. Reviewing medical and dental health histories; performing oral inspection; indexing dental and periodontal disease; making occlusal registrations for mounting study casts; testing pulp vitality; analyzing dietary surveys.

*e.* The following services may only be delegated by a dentist to a dental hygienist: administration of local anesthesia, placement of sealants, and the removal of any plaque, stain, calculus, or hard natural or synthetic material except by toothbrush, floss, or rubber cup coronal polish.

**10.3(2)** All authorized services provided by a dental hygienist shall be performed under the general, direct, or public health supervision of a dentist currently licensed in the state of Iowa in accordance with 650—1.1(153) and 650—10.5(153).

**10.3(3)** Under the general or public health supervision of a dentist, a dental hygienist may provide educational services, assessment, screening, or data collection for the preparation of preliminary written records for evaluation by a licensed dentist. A dentist is not required to examine a patient prior to the provision of these dental hygiene services.

**10.3(4)** The administration of local anesthesia or nitrous oxide inhalation analgesia shall only be provided under the direct supervision of a dentist.

**10.3(5)** All other authorized services provided by a dental hygienist to a new patient shall be provided under the direct or public health supervision of a dentist. An examination by the dentist must take place during an initial visit by a new patient, except when hygiene services are provided under public health supervision.

**10.3(6)** Subsequent examination and monitoring of the patient, including definitive diagnosis and treatment planning, is the responsibility of the dentist and shall be carried out in a reasonable period of time in accordance with the professional judgment of the dentist based upon the individual needs of the patient.

**10.3(7)** General supervision shall not preclude the use of direct supervision when in the professional judgment of the dentist such supervision is necessary to meet the individual needs of the patient.

This rule is intended to implement Iowa Code section 153.15.

**650—10.4(153) Unauthorized practice of a dental hygienist.** A dental hygienist who assists a dentist in practicing dentistry in any capacity other than as an employee or independent contractor supervised by a licensed dentist or who directly or indirectly procures a licensed dentist to act as nominal owner, proprietor, director, or supervisor of a practice as a guise or subterfuge to enable such dental hygienist to engage in the practice of dentistry or dental hygiene or who renders dental service(s) directly or indirectly on or for members of the public other than as an employee or independent contractor supervised by a licensed dentist shall be deemed to be practicing illegally.

**10.4(1)** The unauthorized practice of dental hygiene means allowing a person not licensed in dentistry or dental hygiene to perform dental hygiene services authorized in Iowa Code section 153.15 and rule 650—10.3(153).

**10.4(2)** The unauthorized practice of dental hygiene also means the performance of services by a dental hygienist that exceeds the scope of practice granted in Iowa Code section 153.15.

**10.4(3)** A dental hygienist shall not practice independent from the supervision of a dentist nor shall a dental hygienist establish or maintain an office or other workplace separate or independent from the office or other workplace in which the supervision of a dentist is provided.

This rule is intended to implement Iowa Code sections 147.10, 147.57 and 153.15.

**650—10.5(153) Public health supervision allowed.** A dentist who meets the requirements of this rule may provide public health supervision to a dental hygienist if the dentist has an active Iowa license and the services are provided in public health settings.

**10.5(1) Public health settings defined.** For the purposes of this rule, public health settings are limited to schools; Head Start programs; federally qualified health centers; public health dental vans; free clinics; nonprofit community health centers; nursing facilities; and federal, state, or local public health programs.

**10.5(2) Public health supervision defined.** “Public health supervision” means all of the following:

*b.* The dentist is not required to provide future dental treatment to patients served under public health supervision;

*c.* The dentist and the dental hygienist have entered into a written supervision agreement that details the responsibilities of each licensee, as specified in subrule 10.5(3); and

*d.* The dental hygienist has an active Iowa license with a minimum of three years of clinical practice experience.

**10.5(3) Licensee responsibilities.** When working together in a public health supervision relationship, a dentist and dental hygienist shall enter into a written agreement that specifies the following responsibilities.

*a.* The dentist providing public health supervision must:

(1) Be available to provide communication and consultation with the dental hygienist;

(2) Have age- and procedure-specific standing orders for the performance of dental hygiene services. Those standing orders must include consideration for medically compromised patients and medical conditions for which a dental evaluation must occur prior to the provision of dental hygiene services;

(3) Specify a period of time in which an examination by a dentist must occur prior to providing further hygiene services. However, this examination requirement does not apply to educational services, assessments, screenings, and fluoride if specified in the supervision agreement; and

(4) Specify the location or locations where the hygiene services will be provided under public health supervision.

*b.* A dental hygienist providing services under public health supervision may provide assessments; screenings; data collection; and educational, therapeutic, preventive, and diagnostic services as defined in rule 10.3(153), except for the administration of local anesthesia or nitrous oxide inhalation analgesia, and must:

(1) Maintain contact and communication with the dentist providing public health supervision;

(2) Practice according to age- and procedure-specific standing orders as directed by the supervising dentist, unless otherwise directed by the dentist for a specific patient;

(3) Provide to the patient, parent, or guardian a written plan for referral to a dentist and assessment of further dental treatment needs;

(4) Have each patient sign a consent form that notifies the patient that the services that will be received do not take the place of regular dental checkups at a dental office and are meant for people who otherwise would not have access to services; and

(5) Specify a procedure for creating and maintaining dental records for the patients that are treated by the dental hygienist, including where these records are to be located.

*c.* The written agreement for public health supervision must be maintained by the dentist and the dental hygienist and must be made available to the board upon request. The dentist and dental hygienist must review the agreement at least biennially.

*d.* A copy of the agreement shall be filed with the Oral Health Bureau, Iowa Department of Public Health, Lucas State Office Building, 321 E. 12th Street, Des Moines, Iowa 50319.

**10.5(4) Reporting requirements.** Each dental hygienist who has rendered services under public health supervision must complete a summary report at the completion of a program or, in the case of an ongoing program, at least annually. The report shall be filed with the oral health bureau of the Iowa department of public health on forms provided and include information related to the number of patients seen and services provided to enable the department to assess the impact of the program. The department will provide summary reports to the board on an annual basis.

This rule is intended to implement Iowa Code section 153.15.

**11.10(5) Failure to pursue appeal.** If an applicant appeals a preliminary notice of denial in accordance with 11.10(2), but the applicant fails to pursue that appeal to a final decision within six months from the date of the preliminary notice of denial, the board may dismiss the appeal. The appeal may be dismissed after the board sends a written notice by first-class mail to the applicant at the applicant's last-known address. The notice shall state that the appeal will be dismissed and the preliminary notice of denial will become final if the applicant does not contact the board to schedule the appeal hearing within 14 days after the written notice is sent. Upon dismissal of an appeal, the preliminary notice of denial becomes final.

**650—13.3(153) Temporary permit.** The board may issue a temporary permit authorizing the permit holder to practice dentistry or dental hygiene on a short-term basis in Iowa at a specific location or locations to fulfill an urgent need, to serve an educational purpose, or to provide volunteer services. **13.3(1) General provisions.**

a. The temporary permit is intended for dentists and dental hygienists with short-term assignments in Iowa that fulfill an urgent need, serve an educational purpose, or provide volunteer services, and clearly have no long-term implications for licensure. If the need changes or if the permit holder wishes to continue in short-term assignments in other Iowa locations, the permit holder is expected to seek permanent licensure. A temporary permit is not meant as a way to practice before a permanent license is granted or as a means to practice because the applicant does not fulfill the requirements for permanent licensure.

b. The board may issue a temporary permit authorizing the permit holder to practice at a specific location or locations in Iowa for a specified period up to three months.

c. Following expiration of the permit, a permit holder shall be required to obtain a new temporary permit or a permanent license in order to practice dentistry or dental hygiene in Iowa.

d. A person may be issued not more than three temporary permits to fulfill an urgent need or serve an educational purpose.

e. The board may cancel a temporary permit if the permit holder has practiced outside the scope of the permit or for any of the grounds for which licensure may be revoked or suspended as specified in Iowa Code chapters 147, 153, and 272C and 650—30.4(147,153,272C). When cancellation of a permit is proposed, the board shall promptly notify the permit holder by sending a statement of charges and notice of hearing by certified mail to the last-known address of the permit holder. The provisions of 650—Chapter 51 shall govern a contested case proceeding following notice of intent to cancel the permit.

f. A temporary permit shall be displayed in the primary location of practice.

g. A temporary permit holder shall notify the board by written correspondence or through the board’s online system of any change in name or mailing address within seven days of the change. A certified copy of a marriage license or a certified copy of court documents is required for proof of a name change.

**13.3(2) Eligibility for a temporary permit to fulfill an urgent need or serve an educational purpose.** An application for a temporary permit shall be filed on the form provided by the board and must be completely answered, including required credentials and documents. b. The nonrefundable application fee for a temporary permit to fulfill an urgent need or serve an educational purpose as specified in 650—Chapter 15.

c. A statement:

- (1) Confirming that the applicant possesses a valid certificate from a nationally recognized course in cardiopulmonary resuscitation (CPR) that included a “hands-on” clinical component;
- (2) Providing the expiration date of the CPR certificate; and
- (3) Acknowledging that the CPR certificate will be retained and made available to board office staff as part of routine auditing and monitoring.

*d.* A statement disclosing and explaining any disciplinary actions, investigations, complaints, malpractice claims, judgments, settlements, or criminal charges against the applicant.

*e.* Certification from the state board of dentistry, or equivalent authority, from a state in which the applicant has been licensed for at least three years immediately preceding the date of application and evidence of having engaged in the practice of dentistry in that state for three years immediately preceding the date of application or evidence of three years of practice satisfactory to the board. The applicant must also provide evidence that the applicant has not been the subject of final or pending disciplinary action.

*f.* Evidence from the appropriate examining board from each jurisdiction in which the applicant has ever held a license. At least one license must be issued on the basis of clinical examination.

*g.* A request for the temporary permit from those individuals or organizations seeking the applicant’s services that establishes, to the board’s satisfaction, the justification for the temporary permit, the dates the applicant’s services are needed, and the location or locations where those services will be delivered.

**13.3(3) Eligibility for a temporary permit to provide volunteer services.**

*a.* A temporary permit to provide volunteer services is intended for dentists and dental hygienists who will provide volunteer services at a free or nonprofit dental clinic and who will not receive compensation for dental services provided. A temporary permit issued under this subrule shall be valid only at the location specified on the permit, which shall be a free clinic or a dental clinic for a nonprofit organization, as described under Section 501(c)(3) of the Internal Revenue Code.

*b.* An application for a temporary permit shall be filed on the form provided by the board and must be completely answered, including required credentials and documents. To be eligible for a temporary permit to provide volunteer services, an applicant shall provide all of the following:

(1) The nonrefundable application fee for a temporary permit to provide volunteer services as specified in 650—Chapter 15.

(2) A statement:

2. Providing the expiration date of the CPR certificate; and

3. Acknowledging that the CPR certificate will be retained and made available to board office staff as part of routine auditing and monitoring.

(3) A statement disclosing and explaining any disciplinary actions, investigations, complaints, malpractice claims, judgments, settlements, or criminal charges against the applicant.

(4) Evidence that the applicant holds an active, permanent license in good standing to practice in at least one United States jurisdiction and that no formal disciplinary action is pending or has ever been taken.

(5) Evidence from the appropriate examining board from each jurisdiction in which the applicant has ever held a license. At least one license must be issued on the basis of clinical examination.

(6) A request for the temporary permit from those individuals or organizations seeking the applicant’s services that establishes, to the board’s satisfaction, the justification for the temporary permit, the dates the applicant’s services are needed, and the location or locations where those services will be delivered.

(7) A statement from the applicant seeking the temporary permit that the applicant shall practice only in a free dental clinic or dental clinic for a nonprofit organization and that the applicant shall not receive compensation directly or indirectly for providing dental services.

**13.3(4) Dental hygiene committee review.** The dental hygiene committee shall make recommendations to the board regarding the issuance or denial of any temporary permit to practice

dental hygiene. The board's review of the dental hygiene committee's recommendation is subject to 650—Chapter 1.

**13.3(5)** Denial of temporary permit. The board may deny a temporary permit in accordance with 650—11.9(147,153) or, at the sole discretion of the board, for failure to justify the need for a temporary permit. The procedure for appealing the denial of a permit is set forth in 650—11.10(147).

**13.3(6)** A temporary permit holder shall be subject to and follow all rules and state laws pertaining to the practice of dentistry and dental hygiene in this state.

This rule is intended to implement Iowa Code section 153.19.

“*Controlled substance*” means a drug or other substance listed in division II of Iowa Code chapter 124.

“*Electronic signature*” means a confidential personalized digital key, code, or number used for secure electronic data transmissions which identifies and authenticates the signatory.

“*Electronic transmission*” means the transmission of information in electronic form or the transmission of the exact visual image of a document by way of electronic equipment. Electronic transmission includes but is not limited to transmission by facsimile machine and transmission by computer link, modem, or other computer communication device.

“*Prescription drug*” means any of the following: (a) a substance for which federal or state law requires a prescription before it may be legally dispensed to the public; (b) a drug or device that under federal law is required, prior to being dispensed or delivered, to be labeled with either of the following statements: (1) Caution: Federal law prohibits dispensing without a prescription or (2) Caution: Federal law restricts this drug to use by or on the order of a licensed veterinarian; or (c) a drug or device that is required by any applicable federal or state law or regulation to be dispensed on prescription only, or is restricted to use by a practitioner only.

**650—16.2(153) Scope of authority.**

**16.2(1)** A license to practice dentistry issued by this board permits the licensee to prescribe, administer, or dispense prescription drugs if the use is directly related to the practice of dentistry within the scope of the dentist-patient relationship. Registration with the Federal Drug Enforcement Administration and the Iowa board of pharmacy examiners further extends this privilege to controlled substances.

**16.2(2)** A dental examination must be conducted and a medical history taken before a dentist initially prescribes, administers, or dispenses medication to a patient, except for patients who receive fluoride dispensed under protocols approved by the dental health bureau of the department of public health. The examination must focus on the patient’s dental problems, and the resulting diagnosis must relate to the patient’s specific complaint. The patient’s dental record must contain written evidence of the examination and medical history.

**16.2(3)** On each occasion when a medication is prescribed, administered, or dispensed to a patient an entry must be made in the patient’s dental record containing the following information: the name, quantity, and strength of the medication; the directions for its use; the date of issuance; and the condition for which the medication was used.

**16.2(4)** A patient’s dental record that contains an entry pertaining to the issuance of medications must be retained in accordance with 650—27.11(153,272C).

**16.2(5)** The prescribing, administering, and dispensing of prescription drugs shall be done in accordance with all applicable state and federal laws.

**650—16.3(153) Purchasing, administering, and dispensing of controlled substances.**

**16.3(1)** When controlled substances are purchased, records must be maintained showing the date of receipt, the name and address of the supplier, the name and quantity of drugs received.

**16.3(2)** When controlled substances are administered or dispensed, including samples, records that are readily retrievable and separate and apart from the patient records must be maintained showing date of dispensing, name and address of person to whom the drugs were administered or dispensed, and the name, quantity, and strength of drugs administered or dispensed.

**16.3(3)** All controlled substance records must be retained for a period of two years from the date of the last entry. All records must be readily available for inspection by state or federal agents.

**16.3(4)** Every two years the dentist is required to perform a complete inventory of all controlled substances in stock.

**16.3(5)** Security of controlled substances must be maintained by storage in a securely locked, substantially constructed cabinet.

**16.3(6)** The dentist shall notify the board of pharmacy examiners of the loss or theft of controlled substances within two weeks of the discovery of the loss or theft.

**16.3(7)** A dentist shall not self-prescribe, self-administer, or self-dispense controlled substances or tramadol.

**16.3(8)** Prescribing, administering, or dispensing controlled substances or tramadol to members of the licensee's immediate family is not allowed except for an acute dental condition or on an emergency basis for a dental condition when the licensee conducts an examination, establishes a patient record, and maintains proper documentation.

[ARC 8369B, IAB 12/16/09, effective 1/20/10]

**650—16.4(153) Dispensing—requirements for containers and labeling.**

**16.4(1)** Containers. A prescription drug shall be dispensed in a container which meets the requirements of the Poison Prevention Packaging Act of 1970, 15 U.S.C. §§ 1471-1476 which relates to childproof closure, unless otherwise required by the patient. Containers must also meet the requirements of Section 502G of the Federal Food Drug and Cosmetic Act, 21 U.S.C. §301 et seq. which pertains to light resistance and moisture-resistance needs of the drug being dispensed.

**16.4(2)** Labeling. A label shall be affixed to the container in which a prescription drug is dispensed bearing the following information:

1. Name and address of the dentist.

2. Name of the patient.

3. Date dispensed.

4. Directions for use.

5. Name, quantity, and strength of medication.

6. If it is Schedule II, III, or IV controlled substance, the federal transfer warning statement must appear on the label as follows: "Caution: Federal law prohibits the transfer of this drug to any person other than the patient for whom it was prescribed."

7. Cautionary statements, if any.

**16.4(3)** Prescription sample drugs dispensed in the original container or package and provided without charge shall be deemed to conform to labeling and packaging requirements.

**650—16.5(153) Identifying information on prescriptions.**

**16.5(1)** Prescriptions for Schedule II, III, IV, and V controlled substances must include the name and address of the prescribing dentist and the dentist's federal DEA number. The name and address of the prescribing dentist may be preprinted. Proper security shall be maintained if prescription forms are preprinted.

**16.5(2)** The dentist's signature on a prescription must be original or an electronic signature, not a copy or stamp, except as the use of electronic signatures may be limited by federal or state law.

**16.5(3)** On each occasion when medication is prescribed to a patient, the prescription issued to the patient shall contain the following information: the name of the patient for whom the prescription is intended; the name, quantity, and strength of the medication; the directions for its use; the date of issuance; and the name, address, and signature of the dentist issuing the prescription.

**650—16.6(153) Transmission of prescriptions.** A prescription drug order may be transmitted to a pharmacy in written form, orally including telephone voice communication, or by electronic transmission in accordance with applicable federal and state laws and rules. A dentist shall take adequate measures to guard against the diversion of prescription drugs and controlled substances through prescription forgeries. The dentist may authorize an employee to transmit to the pharmacy a

prescription drug order orally or by electronic transmission provided that the identity of the transmitting employee is included in the order.

**16.6(1)** *Computer-to-computer transmission of a prescription.* Prescription drug orders, excluding orders for controlled substances, may be communicated directly from a dentist's computer to a pharmacy's computer by electronic transmission.

*a.* Orders shall be sent only to the pharmacy of the patient's choice with no unauthorized intervening person or other entity controlling, screening, or otherwise manipulating the prescription drug order or having access to it.

*b.* The electronically transmitted order shall identify the dentist's telephone number for verbal confirmation, the time and date of transmission, and the pharmacy intended to receive the transmission as well as any other information required by federal or state law or rules.

*c.* Orders shall be transmitted only by the dentist or the dentist's employee and shall include the dentist's electronic signature.

*d.* The electronic transmission shall be deemed the original prescription drug order provided it meets the requirements of this rule.

**16.6(2)** *Facsimile transmission of a prescription.* A dentist may request that a pharmacist dispense noncontrolled and controlled drugs, excluding Schedule II controlled substances, pursuant to a prescription transmitted to the pharmacy by the dentist or the dentist's employee. A dentist shall maintain the original prescription, if printed, in the patient's record.

**650—16.7(153) Emergency prescriptions.** If an emergency requires the issuance of a prescription, an appropriate prescription may be telephoned to a pharmacist. An emergency prescription for a Schedule II controlled substance must be covered by a written prescription within 72 hours. A dentist may not order a renewal or a refill of an emergency prescription unless the order is in writing and the dentist has given the patient a dental examination and has taken a medical history.

**16.7(1)** For the purpose of authorizing an oral prescription of a controlled substance listed in Schedule II of the uniform controlled substances Act, Iowa Code chapter 124, the term "emergency situation" means those situations in which the prescribing dentist determines:

*a.* That immediate administration of the controlled substance is necessary for proper treatment of the intended ultimate user;

*b.* That no appropriate alternative treatment is available, including administration of a drug which is not a controlled substance under Schedule II of Iowa Code chapter 124;

*c.* That it is not reasonably possible for the prescribing dentist to provide a written prescription to be presented to the person dispensing the substance prior to dispensing.

**16.7(2)** Reserved.

These rules are intended to implement Iowa Code section 153.20.

[Prior to 5/18/88, Dental Examiners, Board of[320]]

**650—20.1(153) Registration required.** A person shall not practice on or after July 1, 2001, as a dental assistant unless the person has registered with the board and received a certificate of registration pursuant to this chapter.

**650—20.2(153) Definitions.** As used in this chapter:

*“Dental assistant”* means any person who, under the supervision of a dentist, performs any extraoral services including infection control or the use of hazardous materials or performs any intraoral services on patients. The term “dental assistant” does not include persons otherwise actively licensed in Iowa to practice dental hygiene or nursing who are engaged in the practice of said profession.

*“Direct supervision”* means that the dentist is present in the treatment facility, but it is not required that the dentist be physically present in the treatment room while the registered dental assistant is performing acts assigned by the dentist.

*“General supervision”* means that a dentist has delegated the services to be provided by a registered dental assistant. The dentist need not be present in the facility while these services are being provided.

*“Personal supervision”* means the dentist is physically present in the treatment room to oversee and direct all intraoral or chairside services of the dental assistant and a licensee or registrant is physically present to oversee and direct all extraoral services of the dental assistant.

*“Trainee status expiration date”* means the date established by the board office which is 12 months from a person’s first date of employment as a dental assistant. The trainee status expiration date is the date by which a trainee must successfully complete requirements and become registered as a dental assistant, pursuant to Iowa Code section 153.39.

[ARC 8369B, IAB 12/16/09, effective 1/20/10; ARC 0465C, IAB 11/28/12, effective 1/2/13]

**650—20.3(153) Scope of practice.**

**20.3(1)** In all instances, a dentist assumes responsibility for determining, on the basis of diagnosis, the specific treatment patients will receive and which aspects of treatment may be delegated to qualified personnel as authorized in these rules.

**20.3(2)** A licensed dentist may delegate to a dental assistant those procedures for which the dental assistant has received training. This delegation shall be based on the best interests of the patient. The dentist shall exercise supervision and shall be fully responsible for all acts performed by a dental assistant. A dentist may not delegate to a dental assistant any of the following:

- a. Diagnosis, examination, treatment planning, or prescription, including prescription for drugs and medicaments or authorization for restorative, prosthodontic or orthodontic appliances.
- b. Surgical procedures on hard and soft tissues within the oral cavity and any other intraoral procedure that contributes to or results in an irreversible alteration to the oral anatomy.
- c. Administration of local anesthesia.
- d. Placement of sealants.
- e. Removal of any plaque, stain, or hard natural or synthetic material except by toothbrush, floss, or rubber cup coronal polish, or removal of any calculus.
- f. Dental radiography, unless the assistant is qualified pursuant to 650—Chapter 22.
- g. Those procedures that require the professional judgment and skill of a dentist.

**20.3(3)** A dentist may delegate an expanded function duty to a registered dental assistant if the assistant has completed board-approved training pursuant to rule 650—20.16(153) in the specific expanded function that will be delegated. The supervising dentist and registered dental assistant shall be responsible for maintaining in the office of practice documentation of board-approved training. In addition to the other duties authorized under this rule, a dentist may delegate any of the following expanded function duties:

- a. Taking occlusal registrations;
- b. Placement and removal of gingival retraction;
- c. Taking final impressions;
- d. Fabrication and removal of provisional restorations;
- e. Applying cavity liners and bases, desensitizing agents, and bonding systems;
- f. Placement and removal of dry socket medication;
- g. Placement of periodontal dressings;
- h. Testing pulp vitality; and
- i. Monitoring of nitrous oxide inhalation analgesia.

**20.3(4)** A dental assistant may perform duties consistent with these rules under the supervision of a licensed dentist. The specific duties dental assistants may perform are based upon:

- a. The education of the dental assistant.
- b. The experience of the dental assistant.

**650—20.4(153) Categories of dental assistants: dental assistant trainee, registered dental assistant.** There are two categories of dental assistants. Both the supervising dentist and dental assistant are responsible for maintaining documentation of training. Such documentation must be maintained in the office of practice and shall be provided to the board upon request.

**20.4(1) Dental assistant trainee.** Dental assistant trainees are all individuals who are engaging in on-the-job training to meet the requirements for registration and who are learning the necessary skills under the personal supervision of a licensed dentist. Trainees may also engage in on-the-job training in dental radiography pursuant to 650—22.3(136C,153).

a. *General requirements.* The dental assistant trainee shall meet the following requirements:

(1) Prior to the trainee status expiration date, the dental assistant trainee shall successfully complete a course of study and examination in the areas of infection control, hazardous materials, and jurisprudence. The course of study shall be prior approved by the board and sponsored by a board-approved postsecondary school.

(2) Prior to the trainee status expiration date, the trainee must apply to the board office to be reclassified as a registered dental assistant.

(3) If a trainee fails to become registered by the trainee status expiration date, the trainee must stop work as a dental assistant.

b. *New trainee application required if trainee not registered prior to trainee status expiration date.* Pursuant to Iowa Code section 153.39, a person employed as a dental assistant has a 12-month period following the person's first date of employment to become registered. If not registered by the trainee status expiration date, the trainee must stop work as a dental assistant and reapply for trainee status.

(1) Reapplying for trainee status. A trainee may "start over" as a dental assistant trainee provided the trainee submits an application in compliance with subrule 20.6(1).

(2) Examination scores valid for three years. A "repeat" trainee is not required to retake an examination (jurisprudence, infection control/hazardous materials, radiography) if the trainee has successfully passed the examination within three years of the date of application. If a trainee has failed two or more examinations, the trainee must satisfy the remedial education requirements in subrule 20.10(1). The trainee status application will not be approved until the trainee successfully completes any required remedial education.

(3) New trainee status expiration date issued. If the repeat trainee application is approved, the board office will establish a new trainee status expiration date by which registration must be completed.

(4) Maximum of two "start over" periods allowed. In addition to the initial 12-month trainee status period, a dental assistant is permitted up to two start over periods as a trainee. If a trainee seeks an additional start over period beyond two, the trainee shall submit a petition for rule waiver under 650—Chapter 7.

c. *Trainees enrolled in cooperative education or work study programs.* The requirements stated in this subrule apply to all dental assistant trainees, including a person enrolled in a cooperative education

or work-study program through an Iowa high school. In addition, a trainee under 18 years of age shall not participate in dental radiography.

**20.4(2) Registered dental assistant.** A registered dental assistant may perform under general supervision dental radiography, intraoral suctioning, and all extraoral duties that are assigned by the dentist and are consistent with these rules. During intraoral procedures, the registered dental assistant may, under direct supervision, assist the dentist in performing duties assigned by the dentist that are consistent with these rules. The registered dental assistant may take radiographs if qualified pursuant to 650—Chapter 22.

In lieu of the board’s infection control examination, the board may approve an infection control examination given by another state licensing board if the board determines that the examination is substantially equivalent to the examination administered by the board.

**20.9(2)** Information on taking the examination may be obtained by contacting the board office at 400 S.W. 8th Street, Suite D, Des Moines, Iowa 50309-4687.

**20.9(5)** A score of 75 or better on the board infection control/hazardous material exam and a score of 75 or better on the board jurisprudence exam shall be considered successful completion of the examination. The board accepts the passing standard established by the Dental Assisting National Board for applicants who take the Dental Assisting National Board Infection Control Examination.

**20.9(6)** The written examination may be waived by the board, in accordance with the board's waiver rules at 650—Chapter 7, in practice situations where the written examination is deemed to be unnecessary or detrimental to the dentist's practice.

**650—20.10(153) System of retaking dental assistant examinations.**

**20.10(1)** *Second examination.*

*a.* On the second examination attempt, a dental assistant shall be required to obtain a score of 75 percent or better on each section of the examination.

*c.* For the purposes of additional study prior to retakes, the fourth or subsequent examination failure shall be considered the same as the third.

**650—20.11(153) Continuing education.** Beginning July 1, 2001, each person registered as a dental assistant shall complete 20 hours of continuing education approved by the board during the biennium period as a condition of registration renewal.

PROFESSIONAL STANDARDS  
CHAPTER 25

[Prior to 5/18/88, Dental Examiners, Board of[320]]

**650—25.1(153) Definitions.** For the purpose of these rules on continuing education, definitions shall apply:

*“Advisory committee.”* An advisory committee on continuing education shall be formed to review and advise the board with respect to applications for approval of sponsors or activities and requests for postapproval of activities. Its members shall be appointed by the board and consist of a member of the board, two licensed dentists with expertise in the area of professional continuing education, two licensed dental hygienists with expertise in the area of professional continuing education, and two registered dental assistants with expertise in the area of professional continuing education. The advisory committee on continuing education may tentatively approve or deny applications or requests submitted to it pending final approval or disapproval of the board at its next meeting.

*“Approved program or activity”* means a continuing education program activity meeting the standards set forth in these rules which has received advanced approval by the board pursuant to these rules.

*“Approved sponsor”* means a person or an organization sponsoring continuing education activities which has been approved by the board as a sponsor pursuant to these rules. During the time an organization, educational institution, or person is an approved sponsor, all continuing education activities of such person or organization may be deemed automatically approved provided they meet the continuing education guidelines of the board.

*“Board”* means the board of dental examiners.

*“Continuing dental education”* consists of education activities designed to review existing concepts and techniques and to update knowledge on advances in dental and medical sciences. The objective is to improve the knowledge, skills, and ability of the individual to deliver the highest quality of service to the public and professions.

Continuing dental education should favorably enrich past dental education experiences. Programs should make it possible for practitioners to attune dental practice to new knowledge as it becomes available. All continuing dental education should strengthen the skills of critical inquiry, balanced judgment and professional technique.

*“Hour”* of continuing education means one unit of credit which shall be granted for each hour of contact instruction and shall be designated as a “clock hour.” This credit shall apply to either academic or clinical instruction.

*“Licensee”* means any person licensed to practice dentistry or dental hygiene in the state of Iowa.

*“Registrant”* means any person registered to practice as a dental assistant in the state of Iowa.

**650—25.2(153) Continuing education requirements.**

**25.2(1)** Each person licensed to practice dentistry or dental hygiene in this state shall complete during the biennium renewal period a minimum of 30 hours of continuing education approved by the board. However, for the dental hygiene renewal period beginning July 1, 2006, and ending August 30, 2007, a dental hygienist shall complete a minimum of 12 hours of continuing education approved by the board.

**25.2(2)** The continuing education compliance period shall be the 24-month period commencing September 1 and ending on August 31 of the renewal cycle. However, for the dental hygiene renewal period beginning July 1, 2006, and ending August 30, 2007, the continuing education compliance period for dental hygienists shall be the 14-month period commencing July 1, 2006, and ending August 30, 2007. For the dental assistant renewal period beginning July 1, 2005, and ending August 30, 2007, the continuing education compliance period for dental assistants shall be the previous 26-month period. For the dental license renewal period beginning July 1, 2006, and ending August 30, 2008, the continuing education compliance period for dentists shall be the previous 26-month period.

**25.2(3)** Hours of continuing education credit may be obtained by attending and participating in a continuing education activity, either previously approved by the board or which otherwise meets the requirement herein and is approved by the board pursuant to subrule 25.3(5).

**25.2(4)** It is the responsibility of each licensee or registrant to finance the costs of continuing education.

**25.2(5)** Every licensee or registrant shall maintain a record of all courses attended by keeping the certificates of attendance for four years after the end of the year of attendance. The board reserves the right to require any licensee or registrant to submit the certificates of attendance for the continuing education courses attended.

**25.2(6)** Licensees and registrants are responsible for obtaining proof of attendance forms when attending courses. Clock hours must be verified by the sponsor with the issuance of proof of attendance forms to the licensee or registrant.

**25.2(7)** Each licensee or registrant shall file a signed continuing education reporting form reflecting the required minimum number of continuing education credit hours in compliance with this chapter and 650—Chapter 20. Such report shall be filed with the board at the time of application for renewal of a dental or dental hygiene license or renewal of dental assistant registration.

**25.2(8)** No carryover of credits from one biennial period to the next will be allowed.

**25.2(9)** Mandatory training for child abuse and dependent adult abuse reporting.

*a.* Licensees or registrants who regularly examine, attend, counsel or treat children in Iowa shall indicate on the renewal application completion of two hours of training in child abuse identification and reporting in the previous five years or conditions for exemptions as identified in paragraph “*f*” of this subrule.

*b.* Licensees or registrants who regularly examine, attend, counsel or treat adults in Iowa shall indicate on the renewal application completion of two hours of training in dependent adult abuse identification and reporting in the previous five years or conditions for exemptions as identified in paragraph “*f*” of this subrule.

Training may be completed through separate courses or in one combined course that includes curricula for identifying and reporting child abuse and dependent adult abuse. Up to three hours of continuing education may be awarded for taking a combined course.

*d.* The licensee or registrant shall maintain written documentation for five years after completion of the mandatory training, including program date(s), content, duration, and proof of participation. The board may audit this information at any time within the five-year period.

*e.* Training programs in child and dependent adult abuse identification and reporting that are approved by the board are those that use a curriculum approved by the abuse education review panel of the department of public health or a training program offered by the department of human services, the department of education, an area education agency, a school district, the Iowa law enforcement academy, an Iowa college or university, or a similar state agency.

*f.* Exemptions. Licensees and registrants shall be exempt from the requirement for mandatory training for identifying and reporting child and dependent adult abuse if the board determines that it is in the public interest or that at the time of the renewal the licensee or registrant is issued an extension or exemption pursuant to 650—25.7(153).

**25.2(10)** Licensees, faculty permit holders, and registrants shall furnish evidence of valid certification for cardiopulmonary resuscitation, which shall be credited toward the continuing education requirement for renewal of the license, faculty permit or registration. Such evidence shall be filed at the time of renewal of the license, faculty permit or registration. Credit hours awarded shall not exceed three continuing education credit hours per biennium. Valid certification means certification by an organization on an annual basis or, if that certifying organization requires certification on a less frequent

basis, evidence that the licensee or registrant has been properly certified for each year covered by the renewal period. In addition, the course must include a clinical component.

**650—25.3(153) Approval of programs and activities.** A continuing education activity shall be qualified for approval if the board determines that:

**25.3(1)** It constitutes an organized program of learning (including a workshop or symposium) which contributes directly to the professional competency of the licensee or registrant; and

**25.3(2)** It pertains to common subjects or other subject matters which relate integrally to the practice of dentistry, dental hygiene, or dental assisting which are intended to refresh and review, or update knowledge of new or existing concepts and techniques; and

**25.3(3)** It is conducted by individuals who have special education, training and experience to be considered experts concerning the subject matter of the program. The program must include a manual or written outline that substantively pertains to the subject matter of the program.

**25.3(4)** Activity types acceptable for continuing dental education credit may include:

*a.* Attendance at a multiply convention-type meeting. A multiday, convention-type meeting is held at a national, state, or regional level and involves a variety of concurrent educational experiences directly related to the practice of dentistry. Effective July 1, 2000, attendees shall receive three hours of credit with the maximum allowed six hours of credit per biennium. Prior to July 1, 2000, attendees received five hours of credit with the maximum allowed ten hours of credit per biennium. Four hours of credit shall be allowed for presentation of an original table clinic at a convention-type meeting as verified by the sponsor when the subject matter conforms with 25.3(7). Attendees at the table clinic session of a dental, dental hygiene, or dental assisting convention shall receive two hours of credit as verified by the sponsor.

*b.* Postgraduate study relating to health sciences shall receive 15 credits per semester.

*c.* Successful completion of Part II of the National Board Examination for dentists, or the National Board Examination for dental hygienists, if taken five or more years after graduation, or a recognized specialty examination will result in 15 hours of credit.

*d.* Self-study activities shall result in a maximum of 12 hours of credit per biennium. Activity may include television viewing, video programs, correspondence work or research or computer CD-ROM programs that are interactive and require branching, navigation, participation and decision making on the part of the viewer.

*e.* Original presentation of continuing dental education courses shall result in credit double that which the participant receives. Credit will not be granted for repeating presentations within the biennium. Credit is not given for teaching that represents part of the licensee's or registrant's normal academic duties as a full-time or part-time faculty member or consultant.

*f.* Publications of scientific articles in professional journals related to dentistry, dental hygiene, or dental assisting shall result in a maximum of 5 hours per article, maximum of 20 hours per biennium.

*g.* Credit may be given for other continuing education activities upon request and approval by the Iowa board of dental examiners.

**25.3(5)** Prior approval of activities. An organization or person, other than an approved sponsor, that desires prior approval for a course, program or other continuing education activity or that desires to establish approval of the activity prior to attendance shall apply for approval to the board at least 90 days in advance of the commencement of the activity on a form provided by the board. The board shall approve or deny the application. The application shall state the dates, subjects offered, total hours of instruction, names and qualifications of speakers and other pertinent information. An application fee as specified in 650—Chapter 15 is required.

**25.3(6)** Postapproval of activities. A licensee or registrant seeking credit for attendance and participation in an educational activity which was not conducted by an approved sponsor or otherwise approved may submit to the board, within 60 days after completion of such activity, its dates, subjects, instructors, and their qualifications, the number of credit hours and proof of attendance. Within 90 days after receipt of such application, the board shall advise the licensee or registrant in writing by ordinary mail whether the activity is approved and the number of hours allowed. All requests may be reviewed

by the advisory committee on continuing education prior to final approval or denial by the board. A licensee or registrant not complying with the requirements of this paragraph may be denied credit for such activity. An application fee as specified in 650—Chapter 15 is required.

**25.3(7)** Subject matter acceptable for continuing dental education credit:

*a.* In order for specific course subject material to be acceptable for credit, the stated course objectives, overall curriculum design or course outlines shall clearly establish conformance with the following criteria:

- (1) The subject matter is of value to dentistry and directly applicable to oral health care.
- (2) The information presented enables the dental professional to enhance the dental health of the public.
- (3) The dental professional is able to apply the knowledge gained within the professional capacity of the individual.
- (4) The dental science courses include, but are not limited to, those within the eight recognized dental specialty areas and topics such as geriatric dentistry, hospital dentistry, oral diagnosis, oral rehabilitation and preventative dentistry.

*b.* Acceptable subject matter includes courses in patient treatment record keeping, risk management, sexual boundaries, communication, and OSHA regulations, and courses related to clinical practice. A course on Iowa jurisprudence that has been prior-approved by the board is also acceptable subject matter.

*c.* Unacceptable subject matter includes personal development, business aspects of practice, personnel management, government regulations, insurance, collective bargaining, and community service presentations. While desirable, those subjects are not applicable to dental skills, knowledge, and competence. Therefore, such courses will receive no credit toward renewal. The board may deny credit for any course.

**25.3(8)** Inquiries relating to acceptability of continuing dental education activities, approval of sponsors, or exemptions should be directed to Advisory Committee on Continuing Dental Education, Iowa Board of Dental Examiners, 400 S.W. 8th Street, Suite D, Des Moines, Iowa 50309-4687.

[ARC 8369B, IAB 12/16/09, effective 1/20/10; ARC 0265C, IAB 8/8/12, effective 9/12/12]

**25.4(1)** An organization or person not previously approved by the board, which desires approval as a sponsor of courses, programs, or other continuing education activities, shall apply for approval to the board stating its education history for the preceding two years, including approximate dates, subjects offered, total hours of instruction presented, and names and qualifications of instructors. All applications shall be reviewed by the advisory committee on continuing education prior to final approval or denial by the board.

**25.4(2)** Prospective sponsors must apply to the Iowa dental board using a “Sponsor Approval Form” in order to obtain approved sponsor status. An application fee as specified in 650—Chapter 15 is required. Board-approved sponsors must pay the biennial renewal fee as specified in 650—Chapter 15 and file a sponsor recertification record report biennially.

**25.4(3)** The person or organization sponsoring continuing education activities shall make a written record of the Iowa licensees or registrants in attendance, maintain the written record for a minimum of five years, and submit the record upon the request of the board. The sponsor of the continuing education activity shall also provide proof of attendance and the number of credit hours awarded to the licensee or registrant who participates in the continuing education activity.

**25.4(4)** Sponsors must be formally organized and adhere to board rules for planning and providing continuing dental education activities. Programs sponsored by individuals or institutions for commercial or proprietary purposes, especially programs in which the speaker advertises or urges the use of any particular dental product or appliance, may be recognized for credit on a prior approval basis only. When courses are promoted as approved continuing education courses which do not meet the requirements as defined by the board, the sponsor will be required to refund the registration fee to the participants.

Approved sponsors may offer noncredit courses provided the participants have been informed that no credit will be given. Failure to meet this requirement may result in loss of approved sponsor status. [ARC 9218B, IAB 11/3/10, effective 12/8/10; ARC 0265C, IAB 8/8/12, effective 9/12/12]

**650—25.5(153) Review of programs or sponsors.** The board on its own motion or at the recommendation of the advisory committee on continuing education may monitor or review any continuing education program or sponsors already approved by the board. Upon evidence of significant variation in the program presented from the program approved, the board may disapprove all or any part of the approved hours granted to the program or may rescind the approval status of the sponsor.

**650—25.6(153) Hearings.** In the event of denial, in whole or in part, of any application for approval of a continuing education program or credit for continuing education activity, the applicant, licensee, or registrant shall have the right, within 20 days after the sending of the notification of the denial by ordinary mail, to request a hearing which shall be held within 60 days after receipt of the request for hearing. The hearing shall be conducted by the board or a qualified hearing officer designated by the board. If the hearing is conducted by a hearing officer, the hearing officer shall submit a transcript of the hearing with the proposed decision of the hearing officer. The decision of the board or decision of the hearing officer after adoption by the board shall be final.

**650—25.7(153) Extensions and exemptions.**

**25.7(1) *Illness or disability.*** The board may, in individual cases involving physical disability or illness, grant an exemption of the minimum education requirements or an extension of time within which to fulfill the same or make the required reports. No exemption or extension of time shall be granted unless written application is made on forms provided by the board and signed by the licensee or registrant and a physician licensed by the board of medical examiners. Extensions or exemptions of the minimum educational requirements may be granted by the board for any period of time not to exceed one calendar year. In the event that the physical disability or illness upon which an exemption has been granted continues beyond the period granted, the licensee or registrant must reapply for an extension of the exemption. The board may, as a condition of the exemption, require the applicant to make up a certain portion or all of the minimum educational requirements.

**25.7(2) *Other extensions or exemptions.*** Extensions or exemptions of continuing education requirements will be considered by the board on an individual basis. Licensees or registrants will be exempt from the continuing education requirements for:

- a. Periods that the person serves honorably on active duty in the military services;
- b. Periods that the person practices the person's profession in another state or district having a continuing education requirement and the licensee or registrant meets all requirements of that state or district for practice therein;
- c. Periods that the person is a government employee working in the person's licensed or registered specialty and assigned to duty outside the United States;
- d. Other periods of active practice and absence from the state approved by the board;
- e. The current biennium renewal period, or portion thereof, following original issuance of the license.
- f. For dental assistants registered pursuant to 650—20.6(153), the current biennium renewal period, or portion thereof, following original issuance of the registration.

**650—25.8(153) Exemptions for inactive practitioners.** A licensee or registrant who is not engaged in practice in the state of Iowa, residing in or out of the state of Iowa, may place the license or registration on inactive status by submitting a written renewal form and paying the required renewal fee. No continuing education hours are required to renew a license or registration on inactive status until reinstatement. A request to place a license or registration on inactive status shall also contain a statement that the applicant will not engage in the practice of the applicant's profession in Iowa without first complying with all rules governing reinstatement of inactive practitioners.

[ARC 8369B, IAB 12/16/09, effective 1/20/10]

**650—25.9(153) Reinstatement of inactive practitioners.** Inactive practitioners shall, prior to engaging in the practice of dentistry, dental hygiene, or dental assisting in the state of Iowa, satisfy the following requirements for reinstatement:

**25.9(1)** Submit written application for reinstatement to the board upon forms provided by the board; and

**25.9(2)** Furnish in the application evidence of one of the following:

*b.* Completion of a total number of hours of approved continuing education computed by multiplying 15 by the number of years the license has been on inactive status for a dentist or dental hygienist, up to a maximum of 75 hours for a dentist or dental hygienist, or by multiplying 10 by the number of years the registration has been on inactive status for a dental assistant, up to a maximum of 50 hours for a dental assistant; or

*c.* Successful completion of CRDTS or other Iowa state license or registration examination conducted within one year immediately prior to the submission of such application for reinstatement; or

*d.* The licensee or registrant may petition the board to determine the continuing education credit hours required for reinstatement of the Iowa license or registration.

**25.9(3)** Applications must be filed with the board along with the following:

*a.* Certification by the state board of dentistry or equivalent authority in which applicant has engaged in the practice of the applicant's profession that the applicant has not been the subject of final or pending disciplinary action.

*b.* Statement as to any claims, complaints, judgments or settlements made with respect to the applicant arising out of the alleged negligence or malpractice in rendering professional services as a dentist, dental hygienist, or dental assistant.

[ARC 8369B, IAB 12/16/09, effective 1/20/10; ARC 9218B, IAB 11/3/10, effective 12/8/10]

**650—25.10(153) Noncompliance with continuing dental education requirements.** It is the licensee's or registrant's personal responsibility to comply with these rules. The license or registration of individuals not complying with the continuing dental education rules may be subject to disciplinary action by the board or nonrenewal of the license or registration.

**650—25.11(153) Dental hygiene continuing education.** The dental hygiene committee, in its discretion, shall make recommendations to the board for approval or denial of requests pertaining to dental hygiene education. The dental hygiene committee may utilize the continuing education advisory committee as needed. The board's review of the dental hygiene committee recommendation is subject to 650—Chapter 1. The following items pertaining to dental hygiene shall be forwarded to the dental hygiene committee for review.

1. Dental hygiene continuing education requirements and requests for approval of programs, activities and sponsors.

2. Requests by dental hygienists for waivers, extensions and exemptions of the continuing education requirements.

3. Requests for exemptions from inactive dental hygiene practitioners.

4. Requests for reinstatement from inactive dental hygiene practitioners.

5. Appeals of denial of dental hygiene continuing education and conduct hearings as necessary.

CHAPTER 26  
ADVERTISING

[Prior to 5/18/88, Dental Examiners, Board of [320]]

**650—26.1(153) General.** Communications by inclusion or omission to the public must be accurate. They must not convey false, untrue, deceptive, or misleading information through statements, testimonials, photographs, graphics or other means. Communications must not appeal to an individual's anxiety in an excessive or unfair way; and they must not create unjustified expectations of results. If communications refer to benefits or other attributes of dental procedures or products that involve significant risks, realistic assessments of the safety and efficacy of those procedures or products must also be included, as well as the availability of alternatives and, where necessary to avoid deception, descriptions or assessments of the benefits or other attributes of those alternatives. Communications must not misrepresent a dentist's credentials, training, experience or ability, and must not contain material claims of superiority that cannot be substantiated.

There are several areas that the board believes to be susceptible to deceptive or misleading statements. While the board does not intend to discourage dentists from engaging in any form of truthful, nondeceptive advertising, dentists engaging in the type of advertising listed below shall take special care to ensure that their ads are consistent with these rules.

**26.1(1)** Claims that the service performed or the materials used are professionally superior to that which is ordinarily performed or used or that convey the message that one licensee is better than another when superiority of service or materials cannot be substantiated.

**26.1(2)** The use of an unearned or nonhealth degree in general announcements to the public.

**26.1(3)** The use of attainment of an honorary fellowship in an advertisement. An honorary fellowship does not include an award based on merit, study or research. However, the attainment of the fellowship status may be indicated in scientific papers, curriculum vitae, third party payment forms, and letterhead and stationery which is not used for the direct solicitation of patients.

**26.1(4)** Promotion of a professional service which the dentist knows or should know is beyond the dentist's ability to perform.

**26.1(5)** Techniques of communication which intimidate, exert undue pressure or undue influence over a prospective patient.

**26.1(6)** The use of any personal testimonial attesting to a quality of competence of a service or treatment offered by a licensee that is not reasonably verifiable.

**26.1(7)** Utilizing any statistical data or other information based on past performance or predication of future success, which creates an unjustified expectation about results that the dentist can achieve.

**26.1(8)** The communication of personally identifiable facts, data, or information about a patient without first obtaining patient consent.

**26.1(9)** Any misrepresentation of a material fact.

**26.1(10)** The knowing suppression, omission or concealment of any material fact or law without which the communication would be deceptive.

**26.1(11)** Any communication which creates an unjustified expectation concerning the potential result of any dental treatment.

**26.1(12)** Where the circumstances indicate "bait and switch" advertising, the board may require the advertiser to furnish to the board data or other evidence pertaining to those sales at the advertised price as well as other sales. Where the circumstances indicate deceptive advertising, the board will initiate an investigation or disciplinary action as warranted.

**650—26.2(153) Requirements.** The board of dental examiners may require a dentist to substantiate the truthfulness of any assertion or representation of material fact set forth in an advertisement.

**26.2(1)** At the time an advertisement is placed, the dentist must possess and rely upon information which, when produced, would substantiate the truthfulness of any assertion, omission, or representation of material fact set forth in the advertisement.

**26.2(2)** The failure to possess and rely upon the information required in subrule 26.2(1) at the time the advertisement is placed shall be deemed professional misconduct.

**26.2(3)** The failure or refusal to provide the factual substantiation to support a representation or assertion when requested by the board shall be deemed professional misconduct.

**650—26.3(153) Fees.** Advertising that states a fee must clearly define the professional service being offered in the advertisement. Advertised offers shall be presumed to include everything ordinarily required for such a service.

**650—26.4(153) Public representation.** All advertisement and public representations shall contain the name and address or telephone number of the practitioner who placed the ad.

**26.4(1)** If one's practice is referred to in the advertisement, the ad may state either "general/family practice" or the American Dental Association recognized specialty that the practitioner practices.

**26.4(2)** No dentist may state or imply that the dentist is certified as a specialist when that is not the case. Use of the terms "specialist," "specializing in" or other similar terms in connection with areas that are not recognized as specialties pursuant to 650—Chapter 28 is not permitted.

**26.4(3)** Dentists may advertise the areas in which they practice using other descriptive terms such as "emphasis on \_\_\_\_\_" or other similar terms.

**650—26.5(153) Responsibility.** Each professional who is a principal partner, officer, or licensed professional employee, acting as an agent of the firm or entity identified in the advertisement, is jointly and severally responsible for the form and content of any advertisement offering services or materials.

**650—26.6(153) Advertisement records.** A recording of every advertisement communicated by electronic media, and a copy of every advertisement communicated by print media indicating the date and place of the advertisement shall be retained by the dentist for a period of two years and be made available for review upon request by the board or its designee.

These rules are intended to implement Iowa Code sections 153.33 and 153.34.

CHAPTER 27  
STANDARDS OF PRACTICE AND  
PRINCIPLES OF PROFESSIONAL ETHICS

**650—27.1(153) General.**

**27.1(1) *Dental ethics.*** The following principles relating to dental ethics are compatible with the Code of Professional Ethics and advisory opinions published in August 1998 by the American Dental Association. These principles are not intended to provide a limitation on the ability of the board to address problems in the area of ethics but rather to provide a basis for board review of questions concerning professional ethics. The dentist's primary professional obligation shall be service to the public with the most important aspect of that obligation being the competent delivery of appropriate care within the bounds of the clinical circumstances presented by the patient, with due consideration being given to the needs and desires of the patient. Unprofessional conduct includes, but is not limited, to any violation of these rules.

**27.1(2) *Dental hygiene ethics.*** The following principles relating to dental hygiene ethics are compatible with the Code of Ethics of the American Dental Hygienists' Association published in 1995. Standards of practice for dental hygienists are compatible with the Iowa dental hygienists' association dental hygiene standards of practice adopted in May 1993. These principles and standards are not intended to provide a limitation on the ability of the dental hygiene committee to address problems in the area of ethics and professional standards for dental hygienists but rather to provide a basis for committee review of questions regarding the same. The dental hygienist's primary responsibility is to provide quality care and service to the public according to the clinical circumstances presented by the patient, with due consideration of responsibilities to the patient and the supervising dentist according to the laws and rules governing the practice of dental hygiene.

**27.1(3) *Dental assistant ethics.*** Dental assistants shall utilize the principles of professional dental and dental hygiene ethics for guidance, and the laws and rules governing the practice of dental assisting.

**650—27.2(153,272C) Patient acceptance.** Dentists, in serving the public, may exercise reasonable discretion in accepting patients in their practices; however, dentists shall not refuse to accept patients into their practice or deny dental service to patients because of the patient's race, creed, sex or national origin.

**650—27.3(153) Emergency service.** Emergency services in dentistry are deemed to be those services necessary for the relief of pain or to thwart infection and prevent its spread.

**27.3(1)** Dentists shall make reasonable arrangements for the emergency care of their patients of record.

**27.3(2)** Dentists shall, when consulted in an emergency by patients not of record, make reasonable arrangements for emergency care.

**650—27.4(153) Consultation and referral.**

**27.4(1)** Dentists shall seek consultation, if possible, whenever the welfare of patients will be safeguarded or advanced by utilizing those practitioners who have special skills, knowledge and experience.

**27.4(2)** The specialist or consulting dentist upon completion of their care shall return the patient, unless the patient expressly states a different preference, to the referring dentist or, if none, to the dentist of record for future care.

**27.4(3)** The specialist shall be obliged, when there is no referring dentist and upon completion of the treatment, to inform the patient when there is a need for further dental care.

**27.4(4)** A dentist who has a patient referred for a second opinion regarding a diagnosis or treatment plan recommended by the patient's treating dentist, should render the requested second opinion in accordance with these rules. In the interest of the patient being afforded quality care, the dentist rendering the second opinion should not have a vested interest in the ensuing recommendation.

**650—27.5(153) Use of personnel.** Dentists shall protect the health of their patients by assigning to qualified personnel only those duties that can be legally delegated. Dentists shall supervise the work of all personnel working under their direction and control.

**650—27.6(153) Evidence of incompetent treatment.**

**27.6(1)** Licensees or registrants shall report to the board instances of gross or continually faulty treatment by other licensees or registrants.

**27.6(2)** Licensees or registrants may provide expert testimony when that testimony is essential to a just and fair disposition of a judicial or administrative action.

**650—27.7(153) Representation of care and fees.**

**27.7(1)** Dentists shall not represent the care being rendered to their patients or the fees being charged for providing the care in a false or misleading manner.

**27.7(2)** A dentist who accepts a third-party payment under a copayment plan as payment in full without disclosing to the third-party payer that the patient's payment portion will not be collected is engaging in deception and misrepresentation by this overbilling practice.

**27.7(3)** A dentist shall not increase a fee to a patient solely because the patient has insurance.

**27.7(4)** Payments accepted by a dentist under a governmentally funded program, a component or constituent dental society sponsored access program, or a participating agreement entered into under a program of a third party shall not be considered as evidence of overbilling in determining whether a charge to a patient or to another third party on behalf of a patient not covered under any of these programs, constitutes overbilling under this rule.

**27.7(5)** A dentist who submits a claim form to a third party reporting incorrect treatment dates is engaged in making unethical, false or misleading representations.

**27.7(6)** A dentist who incorrectly describes a dental procedure on a third party claim form in order to receive a greater payment or incorrectly makes a noncovered procedure appear to be a covered procedure is engaged in making an unethical, false or misleading representation to the third party.

**27.7(7)** A dentist who recommends or performs unnecessary dental services or procedures is engaged in unprofessional conduct.

**27.7(8)** A dentist shall not bill for services not rendered. A dentist shall not be prohibited from billing for those services which have been rendered, for actual costs incurred in the treatment of the patient, or for charges for missed appointments.

**27.7(9)** A dentist shall not bill or draw on a patient's line of credit prior to services being rendered. A dentist may bill or draw on a patient's line of credit for those services which have been rendered or for actual costs incurred in the treatment of the patient.

**27.7(10)** A dentist shall not be prohibited from permitting patients to prepay for services, in whole or in part, on a voluntary basis.

[ARC 9218B, IAB 11/3/10, effective 12/8/10]

**650—27.8(153) General practitioner announcement of services.** General dentists who wish to announce the services available in their practices are permitted to announce the availability of those services so long as they avoid any communications that express or imply specialization. General dentists shall also state that the services are being provided by a general dentist.

**650—27.9(153) Unethical and unprofessional conduct.**

**27.9(1)** Licensee or registrant actions determined by the board to be abusive, coercive, intimidating, harassing, untruthful or threatening in connection with the practice of dentistry shall constitute unethical or unprofessional conduct.

**27.9(2)** A treatment regimen shall be fully explained and patient authorization obtained before treatment is begun.

**27.9(3)** A licensee or registrant determined to be infected with HIV or HBV shall not perform an exposure-prone procedure except as approved by the expert review panel as specified in Iowa Code section 139A.22, established by the Iowa department of public health, or if the licensee or registrant

works in a hospital setting, the licensee or registrant may elect either the expert review panel established by the hospital or the expert review panel established by the Iowa department of public health for the purpose of making a determination of the circumstances under which the licensee or registrant may perform exposure-prone procedures. The licensee or registrant shall comply with the recommendations of the expert review panel. Failure to do so shall constitute unethical and unprofessional conduct and is grounds for disciplinary action by the board.

**27.9(4)** Knowingly providing false or misleading information to the board or an agent of the board is considered unethical and unprofessional conduct.

**27.9(5)** Prohibiting a person from filing or interfering with a person's filing a complaint with the board is considered unethical and unprofessional conduct.

**27.9(6)** A licensee shall not enter into any agreement with a patient that the patient will not file a complaint with the board.

[ARC 9218B, IAB 11/3/10, effective 12/8/10]

**650—27.10(153) Retirement or discontinuance of practice.**

**27.10(1)** A licensee, upon retirement, or upon discontinuation of the practice of dentistry, or upon leaving or moving from a community, shall notify all active patients in writing, or by publication once a week for three consecutive weeks in a newspaper of general circulation in the community, that the licensee intends to discontinue the practice of dentistry in the community, and shall encourage patients to seek the services of another licensee. The licensee shall make reasonable arrangements with active patients for the transfer of patient records, or copies thereof, to the succeeding licensee. "Active patient" means a person whom the licensee has examined, treated, cared for, or otherwise consulted with during the two-year period prior to retirement, discontinuation of the practice of dentistry, or leaving or moving from a community.

**27.10(2)** Nothing herein provided shall prohibit a licensee from conveying or transferring the licensee's patient records to another licensed dentist who is assuming a practice, provided that written notice is furnished to all patients as hereinbefore specified.

**650—27.11(153,272C) Record keeping.** Dentists shall maintain patient records in a manner consistent with the protection of the welfare of the patient. Records shall be permanent, timely, accurate, legible, and easily understandable.

**27.11(1) Dental records.** Dentists shall maintain dental records for each patient. The records shall contain all of the following:

*a. Personal data.*

(1) Name, date of birth, address and, if a minor, name of parent or guardian.

(2) Name and telephone number of person to contact in case of emergency.

*b. Dental and medical history.* Dental records shall include information from the patient or the patient's parent or guardian regarding the patient's dental and medical history. The information shall include sufficient data to support the recommended treatment plan.

*c. Patient's reason for visit.* When a patient presents with a chief complaint, dental records shall include the patient's stated oral health care reasons for visiting the dentist.

*d. Clinical examination progress notes.* Dental records shall include chronological dates and descriptions of the following:

(1) Clinical examination findings, tests conducted, and a summary of all pertinent diagnoses;

(2) Plan of intended treatment and treatment sequence;

(3) Services rendered and any treatment complications;

(4) All radiographs, study models, and periodontal charting, if applicable;

(5) Name, quantity, and strength of all drugs dispensed, administered, or prescribed; and

(6) Name of dentist, dental hygienist, or any other auxiliary, who performs any treatment or service or who may have contact with a patient regarding the patient's dental health.

*e. Informed consent.* Dental records shall include, at a minimum, documentation of informed consent that includes discussion of procedure(s), treatment options, potential complications and known risks, and patient's consent to proceed with treatment.

**27.11(2) Retention of records.** A dentist shall maintain a patient's dental record for a minimum of six years after the date of last examination, prescription, or treatment. Records for minors shall be maintained for a minimum of either (a) one year after the patient reaches the age of majority (18), or (b) six years, whichever is longer. Proper safeguards shall be maintained to ensure safety of records from destructive elements.

**27.11(3) Electronic record keeping.** The requirements of this rule apply to electronic records as well as to records kept by any other means. When electronic records are kept, a dentist shall keep either a duplicate hard copy record or use an unalterable electronic record.

**27.11(4) Correction of records.** Notations shall be legible, written in ink, and contain no erasures or white-outs. If incorrect information is placed in the record, it must be crossed out with a single nondeleting line and be initialed by a dental health care worker.

**27.11(5) Confidentiality and transfer of records.** Dentists shall preserve the confidentiality of patient records in a manner consistent with the protection of the welfare of the patient. Upon request of the patient or patient's legal guardian, the dentist shall furnish the dental records or copies or summaries of the records, including dental radiographs or copies of the radiographs that are of diagnostic quality, as will be beneficial for the future treatment of that patient. The dentist may charge a nominal fee for duplication of records, but may not refuse to transfer records for nonpayment of any fees.

CHAPTER 29  
SEDATION AND NITROUS OXIDE INHALATION ANALGESIA  
[Prior to 5/18/88, Dental Examiners, Board of[320]]

**650—29.1(153) Definitions.** For the purpose of these rules, relative to the administration of deep sedation/general anesthesia, moderate sedation, minimal sedation, and nitrous oxide inhalation analgesia by licensed dentists, the following definitions shall apply:

“*Antianxiety premedication*” means minimal sedation. A dentist providing minimal sedation must meet the requirements of rule 650—29.7(153).

“*ASA*” refers to the American Society of Anesthesiologists Patient Physical Status Classification System. Category 1 means normal healthy patients, and category 2 means patients with mild systemic disease. Category 3 means patients with moderate systemic disease, and category 4 means patients with severe systemic disease that is a constant threat to life.

“*Conscious sedation*” means moderate sedation.

“*Deep sedation/general anesthesia*” is a controlled state of unconsciousness, produced by a pharmacologic agent, accompanied by a partial or complete loss of protective reflexes, including inability to independently maintain an airway and respond purposefully to physical stimulation or verbal command.

“*Maximum recommended dose (MRD)*” means the maximum FDA-recommended dose of a drug as printed in FDA-approved labeling for unmonitored home use.

“*Minimal sedation*” means a minimally depressed level of consciousness, produced by a pharmacological method, that retains the patient’s ability to independently and continuously maintain an airway and respond normally to tactile stimulation and verbal command. Although cognitive function and coordination may be modestly impaired, ventilatory and cardiovascular functions are unaffected. The term “minimal sedation” also means “antianxiety premedication” or “anxiolysis.” A dentist providing minimal sedation shall meet the requirements of rule 650—29.7(153).

“*Moderate sedation*” means a drug-induced depression of consciousness, either by enteral or parenteral means, during which patients respond purposefully to verbal commands, either alone or accompanied by light tactile stimulation. No interventions are required to maintain a patent airway and spontaneous ventilation is adequate. Cardiovascular function is usually maintained. Prior to January 1, 2010, moderate sedation was referred to as conscious sedation.

“*Monitoring nitrous oxide inhalation analgesia*” means continually observing the patient receiving nitrous oxide and recognizing and notifying the dentist of any adverse reactions or complications.

“*Nitrous oxide inhalation analgesia*” refers to the administration by inhalation of a combination of nitrous oxide and oxygen producing an altered level of consciousness that retains the patient’s ability to independently and continuously maintain an airway and respond appropriately to physical stimulation or verbal command.

“*Pediatric*” means patients aged 12 or under.

CHAPTER 31  
COMPLAINTS AND INVESTIGATIONS  
[Prior to 5/18/88, Dental Examiners, Board of [320]]

**650—31.1(272C) Complaint review.** The board shall, upon receipt of a complaint, or may upon its own motion, pursuant to other evidence received by the board, review and investigate alleged acts or omissions which the board reasonably believes constitute cause under applicable law or administrative rule for licensee or registrant discipline. All complaints regarding the practice of dental hygiene will be initially directed to the dental hygiene committee. The committee shall review the complaint and make a recommendation to the board.

**650—31.2(153) Form and content.** A written complaint should include the following facts:

1. The full name, address, and telephone number of the complainant.
2. The full name, address, and telephone number of the licensee or registrant.
3. A statement of the facts concerning the alleged acts or omissions.

**650—31.3(153) Address.** The written complaint may be delivered personally, electronically or by mail to the executive director of the board. The current office address is 400 S.W. 8th Street, Suite D, Des Moines, Iowa 50309-4687.

**650—31.4(153) Investigation.** In order for the board to determine if probable cause exists for a hearing on the complaint, the executive director or authorized designee shall cause an investigation to be made into the allegations of the complaint.

**650—31.5(153) Issuance of investigatory subpoenas.** Pursuant to Iowa Code sections 17A.13(1) and 272C.6(3), the board has the authority to issue an investigatory subpoena to compel the production of evidence deemed necessary in connection with a licensee disciplinary investigation. A subpoena issued by the board in connection with a licensee disciplinary investigation may seek evidence whether or not it is privileged or confidential under law.

**31.5(1)** The executive director or designee may, upon the written request of a board investigator or on the director's own initiative, subpoena books, correspondence, papers, records, and other real evidence which is necessary for the board to decide whether to institute a contested case proceeding. In the case of a subpoena for mental health records, each of the following conditions shall be satisfied prior to the issuance of the subpoena:

- a. The nature of the complaint reasonably justifies the issuance of a subpoena;
- b. Adequate safeguards have been established to prevent unauthorized disclosure;
- c. An express statutory mandate, articulated public policy, or other recognizable public interest favors access; and
- d. An attempt was made to notify the patient and to secure an authorization from the patient for release of the records at issue.

**31.5(2)** A written request for a subpoena or the director's written memorandum in support of the issuance of a subpoena shall contain the following:

- a. The name and address of the person to whom the subpoena will be directed;
- b. A specific description of the books, papers, records or other real evidence requested;
- c. An explanation of why the documents sought to be subpoenaed are necessary for the board to determine whether it should institute a contested case proceeding; and
- d. In the case of a subpoena request for mental health records, confirmation that the conditions described in 31.5(1) have been satisfied.

**31.5(3)** Each subpoena shall contain:

- a. The name and address of the person to whom the subpoena is directed;
- b. A description of the books, papers, records or other real evidence requested;
- c. The date, time and location for production or inspection and copying;
- d. The time within which a motion to quash or modify the subpoena must be filed;

- e. The signature, address and telephone number of the executive director or designee;
- f. The date of issuance; and
- g. A return of service attached to the subpoena.

**31.5(4)** Any person who is aggrieved or adversely affected by compliance with the subpoena must, within 14 days after service of the subpoena, or before the time specified for compliance if such time is less than 14 days, file with the board a motion to quash or modify the subpoena. The motion shall describe the legal reasons why the subpoena should be quashed or modified, and may be accompanied by legal briefs or factual affidavits.

**31.5(5)** Upon receipt of a timely motion to quash or modify a subpoena, the board may request an administrative law judge to hold a hearing and issue a decision, or the board may conduct a hearing and issue a decision. Oral argument may be scheduled at the discretion of the board or the administrative law judge. The administrative law judge or the board may quash or modify the subpoena, deny the motion, or issue an appropriate protective order.

**31.5(6)** A person aggrieved by a ruling of an administrative law judge who desires to challenge that ruling must appeal the ruling to the board by serving on the executive director, either in person or by certified mail, a notice of appeal within ten days after service of the decision of the administrative law judge.

**31.5(7)** If the person contesting the subpoena is not the person under investigation, the board's decision is final for purposes of judicial review. If the person contesting the subpoena is the person under investigation, the board's decision is not final for purposes of judicial review until either the person is notified the investigation has been concluded with no formal action, or there is a final decision in the contested case.

**650—31.6(153) Board appearances.** The board may request a licensee or registrant to appear before the board to discuss a pending investigation. By electing to participate in the board appearance, the licensee or registrant waives any objection to a board member's both participating in the appearance and later participating as a decision maker in a contested case proceeding on the grounds of a personal investigation and a combination of investigative and adjudicative functions. If the executive director participates in the appearance, the licensee or registrant further waives any objection to having the executive director assist the board in the contested case proceeding.

**650—31.7(153) Peer review.** A complaint may be assigned to a peer review committee for review, investigation and report.

**31.7(1)** The board shall determine which peer review committee will review a case involving a dentist or dental assistant and what complaints or other matters shall be referred to a peer review committee for investigation, review, and report to the board. The board may use the peer review committee system organized under the dental care programs council of the Iowa dental association, a peer review committee system organized by the Iowa dental assistants association, or a specifically constituted peer review committee designated by the board for matters involving dentists or dental assistants.

**31.7(2)** The dental hygiene committee shall determine which peer review committee will review a case involving a dental hygienist and what complaints or other matters shall be referred to a peer review committee for investigation, review, and report to the dental hygiene committee. The dental hygiene committee may use the peer review system organized under the ethics committee of the Iowa dental hygienists' association or a specifically constituted peer review committee designated by the dental hygiene committee for matters involving dental hygienists.

**31.7(3)** The Iowa dental association, the Iowa dental hygienists' association and the Iowa dental assistants association shall register yearly and keep current their peer review systems with the board. Peer review committee members shall be registered with the board when appointed.

**31.7(4)** Members of the peer review committees shall not be liable for acts, omissions or decisions made in connection with service on the peer review committee. However, immunity from civil liability shall not apply if the act is done with malice.

**650—31.8(272C) Duties of peer review committees.**

**31.8(1)** The peer review committees shall observe the requirements of confidentiality imposed by Iowa Code section 272C.6.

**31.8(2)** The board may provide investigative and related services to peer review committees.

**31.8(3)** A peer review committee shall thoroughly investigate a complaint as assigned and provide a written report to the board in accordance with the board's direction.

**31.8(4)** The peer review report shall contain a statement of facts and a recommendation as to whether a violation of the standard of care occurred. The peer review committee should consider relevant statutes, board rules, ethical standards and standards of care in making its recommendations.

**31.8(5)** The peer review report shall be signed by the members of the peer review committee concurring in the report.

**31.8(6)** Upon completion, the peer review report and all investigative information shall be submitted to the board.

**650—31.9(272C) Board review.** The board shall review all investigative reports and proceed pursuant to 650—Chapter 51.

**650—31.10(272C) Confidentiality of investigative files.** Complaint files, investigation files, all other investigation reports, and other investigative information in the possession of the board or peer review committee acting under the authority of the board or its employees or agents which relate to licensee or registrant discipline shall be privileged and confidential, and shall not be subject to discovery, subpoena, or other means of legal compulsion for their release to any person other than the licensee or registrant and the board, its employees and agents involved in licensee or registrant discipline, or be admissible in evidence in any judicial or administrative proceeding other than the proceeding involving licensee or registrant discipline. However, a final written decision and finding of fact of the board in a disciplinary proceeding shall be public record.

**650—31.11(272C) Reporting of judgments or settlements.** Each licensee or registrant shall report to the board every adverse judgment in a malpractice action to which the licensee or registrant is a party and every settlement of a claim against the licensee or registrant alleging malpractice. The report together with a copy of the judgment or settlement must be filed with the board within 30 days from the date of said judgment or settlement.

**650—31.12(272C) Investigation of reports of judgments and settlements.** Reports received by the board from the commissioner of insurance, insurance carriers and licensees or registrants involving adverse judgments in a professional malpractice action, and settlement of claims alleging malpractice, shall be reviewed and investigated by the board in the same manner as is prescribed in these rules for the review and investigation of complaints.

**650—31.13(272C) Mandatory reporting.**

**31.13(1) Definitions.** For the purposes of this rule, the following definitions apply:

*“Knowledge”* means any information or evidence acquired from personal observation, from a reliable or authoritative source, or under circumstances that cause the licensee or registrant to believe that there exists a substantial likelihood that an act or omission may have occurred.

*“Reportable act or omission”* means any conduct that may constitute a basis for disciplinary action under the rules or statutory provisions governing the practice of dentistry, dental hygiene, or dental assisting in Iowa.

**31.13(2) Reporting requirement.** A report shall be filed with the board when a licensee or registrant has knowledge that another person licensed or registered by the board may have committed a reportable act or omission.

*a.* The report shall be filed with the board within 30 days from the date the licensee or registrant acquires knowledge of the reportable act or omission. However, in the event such reportable act or

omission poses an immediate threat to patient safety, the report shall be filed within 24 hours from the date the licensee or registrant acquires knowledge of the reportable act or omission.

*b.* The report shall contain the name and the address of the licensee or registrant who may have committed the reportable act or omission, the date, time, place and circumstances in which the reportable act or omission may have occurred, and a statement indicating how the knowledge was acquired.

*c.* The requirement to report takes effect when a licensee or registrant has knowledge that another licensee or registrant may have committed a reportable act or omission. The final determination of whether or not such act or omission has occurred is the responsibility of the board.

**31.13(3) Failure to report.** Failure to report knowledge of a reportable act or omission within the required time period shall constitute a basis for the initiation of a board disciplinary action against the licensee or registrant who failed to report.

**32.2(1)** The board may recommend for mediation those cases that are appropriate, which could include, but are not limited to, cases involving fee disputes.

**32.2(2)** The board’s referral of a matter to mediation shall not preclude the board from taking disciplinary action against the affected licensee or registrant. There is no obligation that the licensee or registrant participate in mediation and the licensee or registrant shall not be subject to disciplinary action for failure to participate in a board recommended mediation.

**32.3(3)** Upon receipt of a mediation request from the board, the mediation center shall provide the parties with a written statement setting forth the center’s established procedures and the cost, if any, prior to each mediation session.

**32.3(4)** If mediation is agreed upon by the parties involved, the mediation center shall schedule a mediation at a time and place convenient and neutral to the parties and the mediator.

**650—32.4(153) Assignment of mediator.** The assignment of a mediator shall be made by the mediation center. At the request of either party, and upon a showing of good cause, the director of the mediation center shall review the assignment of the mediator and shall, upon a showing of good cause, remove a mediator and assign another mediator to the case. Good cause includes partiality, bias, or the existence of a personal or professional relationship with any of the parties.

**650—32.5(153) Cancellation.** If mediation is scheduled, either party may contact the mediation center to cancel the mediation meeting or reschedule the mediation meeting.

**650—32.6(153) Mediation meetings.** In addition to any duties imposed by statute or rule, each mediator shall:

**32.6(1)** Clarify the names of all participating parties present and facilitate agreement on the attendance of assisting parties at the mediation meeting, as well as the extent to which such persons may participate in the proceedings.

**32.6(2)** Ensure that the parties understand that the mediator does not legally represent any of the parties and is neutral in the proceedings.

**32.6(3)** Help the parties review any proposed solution to determine if it can be effectively implemented and to help the parties understand the consequences of the proposed solution.

**650—32.7(153) Mediation report.** The mediation center shall report to the board whether or not the parties agreed to participate in mediation and whether or not the mediation was successful. The mediation

center shall not, however, disclose the terms of the mediation to the board. The mediation center shall make such report within 15 days of the conclusion of the mediation.

**650—32.8(679) Mediation agreement.** If the parties involved in the dispute reach agreement, the agreement may be reduced to writing setting forth the settlement of the issues and the future responsibilities of each party.

Mediators and center staff members shall not be examined in any judicial or administrative proceeding regarding confidential communications and are not subject to judicial or administrative process requiring the disclosures of confidential communications. This rule does not apply when a mediator or center staff member has reason to believe that a party to a dispute has given perjured evidence.

**650—32.10(679) Mediator immunity.** No mediator, employee or agent of a center, or member of a center's board may be held liable for civil damages for any statement or decision made in the process of mediation unless the mediator, employee, agent or member acted in bad faith, with malicious purpose or in a manner exhibiting willful and wanton disregard of human rights, safety or property.

CHAPTER 35  
IOWA PRACTITIONER REVIEW COMMITTEE

**650—35.1(153,272C) Iowa practitioner review committee.** Pursuant to the authority of Iowa Code section 272C.3(1) “k,” the board establishes the Iowa practitioner review committee.

**35.1(1) Definitions.**

“*Impairment*” means an inability, or significant potential for inability, to practice dentistry, dental hygiene, or dental assisting with reasonable safety and skill as a result of alcohol or drug abuse, dependency, or addiction, or any mental or physical disorder or disability. For the purposes of this program, “impairment” does not include sexual dysfunction, sexual addiction, sexual compulsivity, paraphilia, or other sexual disorder.

“*Initial agreement*” means the written document establishing the initial terms for participation in the program.

“*Iowa practitioner program contract*” or “*contract*” means the written document executed by a practitioner and the IPRC that establishes the terms for participation in the program.

“*IPP*” or “*program*” means the Iowa practitioner program.

“*IPRC*” or “*committee*” means the Iowa practitioner review committee.

“*Practitioner*” means a licensed dentist or dental hygienist or a registered dental assistant or a person applying for a license or registration.

“*Self-report*” means the practitioner providing written or oral notification to the IPRC that the practitioner has been, is or may be diagnosed as having an impairment prior to the board’s receiving a complaint or report alleging an impairment prior to the date of self-report. Information related to an impairment or a potential impairment that is provided on a license or registration application or renewal form may be considered a self-report upon the request of the practitioner, authorization from the license committee, and agreement by the IPRC.

**35.1(2) Purpose.** The IPRC evaluates, assists, and monitors the recovery, rehabilitation, or maintenance of dentists, hygienists, or assistants who self-report impairments. As necessary, the committee notifies the board in the event of noncompliance with contract provisions. The IPRC is both an advocate for the health of a practitioner and a means to protect the health and safety of the public. Reports on the activities of the IPRC shall be made to the board on a quarterly basis.

**35.1(3) Composition of the committee.** The chairperson of the board shall appoint the members of the IPRC. Committee members, except the executive director, shall be appointed for three-year terms, for a maximum of three terms. The committee shall elect a chairperson and vice chairperson at the last meeting of each calendar year to begin serving a one-year term on January 1. The membership of the IPRC may include, but is not limited to:

- a. Executive director of the board or the director’s designee from the board’s staff;
- b. One practitioner who has remained free of addiction for a period of no less than two years following successful completion of a board-approved recovery program, a board-ordered probation for drug or alcohol dependency, addiction, or abuse, or an IPRC contract;
- c. One physician/counselor with expertise in substance abuse/addiction treatment programs;
- d. One psychiatrist or one psychologist; and
- e. One public member.

**35.1(4) Eligibility.** To be eligible for participation in the IPP, a practitioner must self-report an impairment or suspected impairment directly to the office of the board. A practitioner is deemed ineligible to participate in the program if the license committee or IPRC finds sufficient evidence of any of the following:

- a. The practitioner is engaged in the unlawful diversion or distribution of controlled substances or illegal substances to a third person or for personal profit or gain;
- b. At the time of the self-report, the practitioner is already under board order for an impairment or any other violation of the laws and rules governing the practice of the profession;
- c. The practitioner has caused harm or injury to a patient;

d. There is currently a board investigation of the practitioner that concerns serious matters related to the ability to practice with reasonable safety and skill or in accordance with the accepted standards of care;

e. The practitioner has been subject to a civil administrative or criminal sanction, or ordered to make reparations or remuneration by a government or regulatory authority of the United States, this or any other state or territory or a foreign nation for actions that the committee determines to be serious infractions of the laws, administrative rules, or professional ethics related to the practice of dentistry, dental hygiene, or dental assisting;

f. The practitioner provided inaccurate, misleading, or fraudulent information or failed to fully cooperate with the board or committee; or

g. There is currently a complaint before the board related to an impairment.

**35.1(5) *Type of program.*** The IPP is an individualized recovery, rehabilitation, or maintenance program designed to meet the specific needs of the impaired practitioner. The committee, in consultation with an IPRC-approved evaluator, shall determine the type of recovery, rehabilitation, or maintenance program required to treat the practitioner's impairment. The committee shall prepare a contract, to be signed by the practitioner, that shall provide a detailed description of the goals of the program, the requirements for successful participation, and the practitioner's obligations therein.

**35.1(6) *Terms of participation.*** A practitioner shall agree to comply with the terms for participation in the IPP established in the initial agreement and contract. Terms of participation specified in the contract shall include, but are not limited to:

a. *Duration.* The length of time a practitioner shall participate in the program shall be determined by the committee. Length of participation in the program will vary depending upon the recommendations provided by an approved evaluator and the determination of the IPRC following review of all relevant information.

b. *Noncompliance.* A practitioner participating in the program is responsible for notifying the committee of any instance of noncompliance including, but not limited to, a relapse. Notification of noncompliance made to the IPRC by the practitioner, any person responsible for providing or monitoring treatment, or another party shall result in full review by the board for the filing of formal charges or other action the board deems appropriate.

c. *Practice restrictions.* The IPRC may impose restrictions on the license to practice dentistry or dental hygiene or registration to practice dental assisting as a term of the initial agreement or contract until such time as it receives a report from an approved evaluator and the IPRC determines, based on all relevant information, that the practitioner is capable of practicing with reasonable safety and skill. As a condition of participating in the program, a practitioner is required to agree to restrict practice in accordance with the terms specified in the initial agreement or contract. In the event that the practitioner refuses to agree to or comply with the restrictions established in the initial agreement or contract, the committee shall refer the practitioner to the board for appropriate action.

d. *Monitoring costs.* A provision for payment of the actual costs or a \$100 quarterly fee to cover the board's expenses associated with monitoring a practitioner's compliance with the terms of the IPRC initial agreement or contract may be included in the initial agreement and contract. Actual costs include mileage, meals, travel expenses, hourly investigative time, and all incidental expenses associated with monitoring compliance. Monitoring costs shall be considered repayment receipts as defined in Iowa Code section 8.2.

**35.1(7) *Limitations.*** The IPRC establishes the terms and monitors a participant's compliance with the program specified in the initial agreement and contract. The IPRC is not responsible for participants who fail to comply with the terms of or successfully complete the IPP. Participation in the program under the auspices of the IPRC shall not relieve the board of any duties and shall not divest the board of any authority or jurisdiction otherwise provided. Any violation of the statutes or rules governing the practice of dentistry, dental hygiene, or dental assisting by a participant shall be referred to the board for appropriate action.

**35.1(8) *Confidentiality.*** Information in the possession of the board or the committee shall be subject to the confidentiality requirements of Iowa Code section 272C.6. Accordingly, information in

the possession of the board or the committee about practitioners in the program shall not be disclosed to the public. Participation in the IPP under the auspices of the IPRC is not a matter of public record. Information about participants may only be shared in the following circumstances:

*a.* Upon authorization or prior to successful completion of a contract, the IPRC may communicate information about an IPP participant to dental regulatory authorities or the impaired practitioner program of any jurisdiction of the United States in which the participant is currently licensed to practice dentistry, dental hygiene, or dental assisting, or in which the practitioner is seeking licensure.

*b.* The IPRC may communicate information about an IPP participant to any person assisting in the participant's treatment, recovery, rehabilitation, monitoring, or maintenance.

*c.* The IPRC may communicate information about an IPP participant to the board in the event that a participant does not comply with the terms of the initial agreement or contract. The IPRC may provide the board with a participant's IPRC file in the event that the participant does not comply with the terms of the initial agreement or contract and the IPRC refers the case to the board for appropriate action.

*d.* The IPRC shall report to the board any knowledge of violations of administrative rules or statutes unrelated to the impairment.

*e.* If the board initiates disciplinary action against a practitioner for noncompliance with the terms of the contract, the board may include information about the practitioner's participation in the IPP in the statement of charges, settlement agreement and final order, or order following hearing.

**650—35.2(272C) Board referrals to the Iowa practitioner review committee.**

**35.2(1) *Eligibility for board referral to IPRC.*** The board may refer a practitioner who is the subject of a board order to the IPRC for monitoring in the following circumstances:

*a.* The practitioner has an impairment as defined in rule 650—35.1(272C).

*b.* The board determines that the practitioner is an appropriate candidate for participation in the IPRC.

*c.* The IPRC determines that the practitioner is an appropriate candidate for participation in the IPRC.

**35.2(2) *Referral process.***

*a.* Determination of whether a practitioner is appropriate for referral to the IPRC is in the sole discretion of the board. Upon the board's approval, a referral shall be made to the IPRC and the committee shall be provided with relevant information about the practitioner.

*b.* The IPRC shall make a determination whether the practitioner is an appropriate candidate for participation in the program. Upon this determination, the IPRC shall offer the referred practitioner a contract that specifies terms of participation in the program. See 650—35.1(272C).

*c.* If the IPRC finds that the practitioner is not an appropriate candidate for participation in the IPP or if the practitioner fails to sign the contract in the time period specified by the IPRC, the IPRC shall notify the board promptly.

*d.* When the practitioner signs the contract, the IPRC shall notify the board that the referral has been finalized. The practitioner's failure to sign a contract within the time period specified by the IPRC may be grounds for disciplinary action.

*e.* Referral of a practitioner by the board to the IPP shall not relieve the board of any duties of the board and shall not divest the board of any authority or jurisdiction otherwise provided. Upon referral, the practitioner shall be subject to the provisions of 650—Chapter 35. Specifically, the practitioner shall be subject to board review and potential formal disciplinary action for noncompliance with the provisions of the IPP contract.

These rules are intended to implement Iowa Code section 272C.3(1) "k."

**650—51.1(17A) Scope and applicability.** This chapter applies to contested case proceedings conducted by the board of dental examiners.

**650—51.2(17A) Definitions.** Except where otherwise specifically defined by law:

“*Contested case*” means a proceeding defined by Iowa Code section 17A.2(5) and includes any matter defined as a no factual dispute contested case under 1998 Iowa Acts, chapter 1202, section 14.

“*Issuance*” means the date of mailing of a decision or order or date of delivery if service is by other means unless another date is specified in the order.

“*Party*” means the state or the respondent.

“*Presiding officer*” means the board of dental examiners or a panel of the board. In a disciplinary contested case proceeding, the board may request that an administrative law judge make initial rulings on prehearing matters, and assist and advise the board in presiding at the disciplinary contested case hearing.

“*Proposed decision*” means the hearing panel’s recommended findings of fact, conclusions of law, decision, and order in a contested case in which the full board did not preside.

**650—51.3(17A) Probable cause.** In the event the board finds there is probable cause for taking disciplinary action against a licensee following investigation of a complaint, the board shall order a contested case hearing be commenced by the filing of a statement of charges and notice of hearing.

**650—51.4(17A) Legal review.** Every statement of charges and notice of hearing prepared by the board shall be reviewed by the office of the attorney general before they are filed.

**650—51.5(17A) Time requirements.**

**51.5(1)** Time shall be computed as provided in Iowa Code subsection 4.1(34).

**51.5(2)** For good cause, the presiding officer may extend or shorten the time to take any action, except as precluded by statute or by rule. Except for good cause stated in the record, before extending or shortening the time to take any action, the presiding officer shall afford all parties an opportunity to be heard or to file written arguments.

**650—51.6(17A) Statement of charges and notice of hearing.**

**51.6(1) Delivery.** Delivery of the statement of charges and notice of hearing constitutes the commencement of the contested case proceeding. Delivery may be executed by:

- a. Personal service as provided in the Iowa Rules of Civil Procedure; or
- b. Restricted certified mail, return receipt requested; or
- c. Publication, as provided in the Iowa Rules of Civil Procedure.

**51.6(2) Contents.** The statement of charges and notice of hearing shall contain the following information:

- a. A statement of the time, place, and nature of the hearing;
- b. A statement of the legal authority and jurisdiction under which the hearing is to be held;
- c. A reference to the particular sections of the statutes and rules involved;
- d. A short and plain statement of the matters asserted. This statement shall contain sufficient detail to give the respondent fair notice of the allegations so the respondent may adequately respond to the charges, and to give the public notice of the matters at issue;
- e. Identification of all parties including the name, address and telephone number of the person who will act as advocate for the board or the state and of parties’ counsel where known;
- f. Reference to the procedural rules governing conduct of the contested case proceeding;
- g. Reference to the procedural rules governing informal settlement;

- h.* Identification of the board as the presiding officer; and
- i.* Notification of the time period in which a party may request pursuant to 1998 Iowa Acts, chapter 1202, section 15(1), and rule 51.9(17A) that the presiding officer be an administrative law judge.

**650—51.7(17A) Legal representation.** Following the filing of the statement of charges and notice of hearing, the office of the attorney general shall be responsible for the legal representation of the public interest in all proceedings before the board.

**650—51.8(17A) Presiding officer in a disciplinary contested case.** The presiding officer in a disciplinary contested case shall be the board or a panel of the board. However, the board may request that an administrative law judge assist the board with initial rulings on prehearing matters. Decisions of the administrative law judge serving in this capacity are subject to the interlocutory appeal provisions of rule 650—51.25(17A). In addition, an administrative law judge may assist and advise the board in presiding at the contested case hearing.

**650—51.9(17A) Presiding officer in a nondisciplinary contested case.**

**51.9(1)** Any party in a nondisciplinary contested case who wishes to request that the presiding officer assigned to render a proposed decision be an administrative law judge employed by the department of inspections and appeals must file a written request within 20 days after service of a notice of hearing which identifies or describes the presiding officer as the board.

**51.9(2)** The board may deny the request only upon a finding that one or more of the following apply:

- a.* There is compelling need to expedite issuance of a final decision in order to protect the public health, safety, or welfare.
- b.* An administrative law judge with the qualifications identified in subrule 51.9(4) is unavailable to hear the case within a reasonable time.
- c.* The case involves significant policy issues of first impression that are inextricably intertwined with the factual issues presented.
- d.* The demeanor of the witnesses is likely to be dispositive in resolving the disputed factual issues.
- e.* Funds are unavailable to pay the costs of an administrative law judge and an interagency appeal.
- f.* The request was not timely filed.
- g.* The request is not consistent with a specified statute.

**51.9(3)** The board shall issue a written ruling specifying the grounds for its decision within 20 days after a request for an administrative law judge is filed. If the ruling is contingent upon the availability of an administrative law judge with the qualifications identified in subrule 51.9(4), the parties shall be notified at least 10 days prior to hearing if a qualified administrative law judge will not be available.

**51.9(4)** An administrative law judge assigned to act as presiding officer in a nondisciplinary contested case shall have a J.D. degree unless waived by the board.

**51.9(5)** Except as provided otherwise by another provision of law, all rulings by an administrative law judge acting as presiding officer in a nondisciplinary contested case are subject to appeal to the board. A party must seek any available intra-agency appeal in order to exhaust adequate administrative remedies. Such appeals must be filed within 10 days of the date of the issuance of the challenged ruling, but no later than the time for compliance with the order or the date of hearing, whichever is first.

**650—51.10(17A) Disqualification.**

**51.10(1)** A presiding officer or other person shall withdraw from participation in the making of any proposed or final decision in a contested case if that person:

- a.* Has a personal bias or prejudice concerning a party or a representative of a party;
- b.* Has personally investigated, prosecuted or advocated, in connection with that case, the specific controversy underlying that case, another pending factually related contested case, or a pending factually related controversy that may culminate in a contested case involving the same parties;

- c. Is subject to the authority, direction or discretion of any person who has personally investigated, prosecuted or advocated in connection with that contested case, the specific controversy underlying that contested case, or a pending factually related contested case or controversy involving the same parties;

Has a spouse or relative within the third degree of relationship that (1) is a party to the case, or an officer, director or trustee of a party; (2) is a lawyer in the case; (3) is known to have an interest that could be substantially affected by the outcome of the case; or (4) is likely to be a material witness in the case; or
- g. Has any other legally sufficient cause to withdraw from participation in the decision making in that case.

**51.10(2)** The term “personally investigated” means taking affirmative steps to interview witnesses directly or to obtain documents or other information directly. The term “personally investigated” does not include:

- a. General direction and supervision of assigned investigators;

Factual information relevant to the merits of a contested case received by a person who later serves as presiding officer in that case shall be disclosed if required by Iowa Code section 17A.17 as amended by 1998 Iowa Acts, chapter 1202, section 19, and subrules 51.10(3) and 51.23(9).

**51.10(3)** In a situation where a presiding officer or other person knows of information which might reasonably be deemed to be a basis for disqualification and decides voluntary withdrawal is unnecessary, that person shall submit the relevant information for the record by affidavit and shall provide for the record a statement of the reasons for the determination that withdrawal is unnecessary.

**51.10(4)** If a party asserts disqualification on any appropriate ground, including those listed in subrule 51.10(1), the party shall file a motion supported by an affidavit pursuant to 1998 Iowa Acts, chapter 1202, section 19(7). The motion must be filed as soon as practicable after the reason alleged in the motion becomes known to the party. The board shall determine the matter as part of the record in this case.

#### **650—51.11(17A) Consolidation—severance.**

**51.11(1) Consolidation.** The presiding officer may consolidate any or all matters at issue in two or more contested case proceedings where:

- a. The matters at issue involve common parties or common questions of fact or law;
- b. Consolidation would expedite and simplify consideration of the issues involved; and
- c. Consolidation would not adversely affect the rights of any of the parties to those proceedings.

**51.11(2) Severance.** The presiding officer may, for good cause shown, order any contested case proceedings or portions thereof severed.

#### **650—51.12(17A) Pleadings.**

b. An answer shall state the name, address and telephone number of the person filing the answer, the person or entity on whose behalf it is filed, and the attorney representing that person, if any.

c. Any allegation in the statement of charges not denied in the answer is considered admitted.

**51.12(3) Amendment.** Amendments to the statement of charges and to an answer may be allowed with the consent of the parties or in the discretion of the presiding officer who may impose terms or grant a continuance.

**650—51.13(17A) Service and filing.**

**51.13(1) Service—when required.** Except where otherwise provided by law, every document filed in a contested case proceeding shall be served upon each of the parties of record to the proceeding, including the assistant attorney general designated as prosecutor for the state or the board, simultaneously with their filing. Except for the original notice of hearing and an application for rehearing as provided in Iowa Code section 17A.16(2), the party filing a document is responsible for service on all parties.

**51.13(2) Service—how made.** Service upon a party represented by an attorney shall be made upon the attorney unless otherwise ordered. Service is made by delivery or by mailing a copy to the person's last-known address. Service by mail is complete upon mailing, except where otherwise specifically provided by statute, rule, or order.

**51.13(3) Filing—when required.** After the notice of hearing, all documents in a contested case proceeding shall be filed with the board. All documents that are required to be served upon a party shall be filed simultaneously with the board.

**51.13(4) Filing—when made.** Except where otherwise provided by law, a document is deemed filed at the time it is delivered to the Board of Dental Examiners, 400 S.W. 8th Street, Suite D, Des Moines, Iowa 50309-4687, delivered to an established courier service for immediate delivery to that office, or mailed by first-class mail or state interoffice mail to that office, so long as there is proof of mailing.

**51.14(2)** Any motion relating to discovery shall allege that the moving party has previously made a good-faith attempt to resolve the discovery issues involved with the opposing party. Motions in regard to discovery shall be ruled upon by the presiding officer. Opposing parties shall be afforded the opportunity to respond within ten days of the filing of the motion unless the time is shortened as provided in subrule 51.14(1). The presiding officer may rule on the basis of the written motion and any response, or may order argument on the motion.

**650—51.15(17A,272C) Issuance of subpoenas in a contested case.** Pursuant to Iowa Code sections 17A.13(1) and 272C.6(3), the board has the authority to issue subpoenas to compel the attendance of witnesses at depositions or hearing and to compel the production of evidence deemed necessary in connection with a contested case. A subpoena issued by the board in a contested case may seek evidence whether or not it is privileged or confidential under law.

**51.15(1)** The executive director or designee may, upon the written request of the licensee or the state, issue a subpoena to compel the attendance of witnesses at depositions or hearing, and to compel the production of books, correspondence, papers, records, and other real evidence deemed necessary in connection with a contested case. A subpoena to produce evidence or to permit inspection may be joined with a subpoena to testify at a deposition or hearing, or may be issued separately. A request for a subpoena of mental health records must confirm that the conditions described in 650—subrule 31.5(1) have been satisfied prior to the issuance of the subpoena.

**51.15(2)** A request for a subpoena shall include the following information, as applicable, unless the subpoena is requested to compel testimony or documents for rebuttal or impeachment purposes:

- a.* The name, address and telephone number of the person requesting the subpoena;

- j.* The date of issuance;
- k.* A return of service which shall be attached to the subpoena.

**51.15(4)** Unless a subpoena is requested to compel testimony or documents for rebuttal or impeachment purposes, the executive director or designee shall mail copies of all subpoenas to the parties to the contested case. The person who requested the subpoena is responsible for serving the subpoena upon the subject of the subpoena.

**51.15(5)** Any person who is aggrieved or adversely affected by compliance with the subpoena, or any party to the contested case who desires to challenge the subpoena must, within 14 days after service of the subpoena, or before the time specified for compliance if such time is less than 14 days, file with the board a motion to quash or modify the subpoena. The motion shall describe the legal reasons why the subpoena should be quashed or modified, and may be accompanied by legal briefs or factual affidavits.

**51.15(6)** Upon receipt of a timely motion to quash or modify a subpoena, the board may request an administrative law judge to hold a hearing and issue a decision, or the board may conduct the hearing and issue a decision. **51.15(7)** A person aggrieved by a ruling of an administrative law judge who desires to challenge that ruling must appeal the ruling to the board by serving on the board's executive director, either in person or by certified mail, a notice of appeal within ten days after service of the decision of the administrative law judge.

**51.15(8)** If the person contesting the subpoena is not the person under investigation, the board's decision is final for purposes of judicial review. If the person contesting the subpoena is the person

under investigation, the board's decision is not final for purposes of judicial review until there is a final decision in the contested case.

**650—51.16(17A) Motions.**

**51.16(1)** No technical form for motions is required. However, prehearing motions must be in writing, state the grounds for relief, and state the relief sought.

**51.16(2)** Any party may file a written response to a motion within ten days after the motion is served, unless the time period is extended or shortened by the presiding officer. The presiding officer may consider a failure to respond within the required time period in ruling on a motion.

**51.16(3)** The presiding officer may schedule oral argument on any motion.

**51.16(4)** Motions pertaining to the hearing must be filed and served at least ten days prior to the date of hearing unless there is good cause for permitting later action or the time for such action is lengthened or shortened by rule of the board or an order of the presiding officer.

**650—51.17(17A) Prehearing conference.**

**51.17(1)** Any party may request a prehearing conference. Prehearing conferences shall be conducted by the executive director, who may request the assistance of an administrative law judge. A written request for prehearing conference or an order for prehearing conference on the executive director's own motion shall be filed prior to the contested case hearing, but no later than 20 days prior to the hearing date.

**51.17(2)** The parties at a prehearing conference shall be prepared to discuss the following subjects, and the executive director or administrative law judge may issue appropriate orders concerning:

Witness lists may be amended subsequent to the prehearing conference within the time limits established by the executive director or administrative law judge at the hearing conference. Any such amendments must be served on all parties. Witnesses not listed on the final witness list may be excluded from testifying unless there was good cause for the failure to include their names.
- f. Submission of exhibit lists. Exhibit lists may be amended subsequent to the prehearing conference within the time limits established by the executive director or administrative law judge at the prehearing conference. Exhibits, other than rebuttal exhibits, that are not listed on the final exhibit list may be excluded from admission into evidence unless there was good cause for the failure to include them.
- g. Stipulations for waiver of any provision of law.
- h. Identification of matters which the parties intend to request be officially noticed.
- i. Consideration of any additional matters which will expedite the hearing.

**51.17(3)** Prehearing conferences may be conducted by telephone unless otherwise ordered.

**650—51.18(17A) Continuances.** Unless otherwise provided, applications for continuances shall be filed with the board. In the event the application for continuance is not contested, the executive director shall serve as presiding officer and issue the appropriate order. In the event the application for continuance is contested, the matter shall be heard by the board as presiding officer or may be delegated by the board to an administrative law judge.

**51.18(1)** A written application for a continuance shall:

- a. Be made at the earliest possible time and no less than five working days before the hearing except in case of unanticipated emergencies;
- b. State the specific reasons for the request; and
- c. Be signed by the requesting party or the party's representative.

An oral application for a continuance may be made if the presiding officer waives the requirement for a written motion. However, a party making such an oral application for a continuance must confirm that request by written application within two days after the oral request unless that requirement is waived by the presiding officer. No application for continuance shall be made or granted without notice to all parties except in an emergency where notice is not feasible.

**51.18(2)** In determining whether to grant a continuance, the presiding officer may consider:

- a.* Prior continuances;
- b.* The interests of all parties;
- c.* The public interest;
- d.* The likelihood of informal settlement;
- e.* The existence of an emergency;
- f.* Any objection;
- g.* Any applicable time requirements;
- h.* The existence of a conflict in the schedules of counsel, parties, or witnesses;
- i.* The timeliness of the request; and
- j.* Other relevant factors.

The presiding officer may require documentation of any grounds for continuance.

#### **650—51.19(17A) Settlements.**

**51.19(1)** A contested case may be resolved by informal settlement. Settlement negotiations may be initiated at any stage of a contested case by the executive director, prosecuting attorney, the respondent, the board or its designee. Neither the board nor the respondent is required to participate in the informal settlement process. The executive director and chairperson of the board, or the chairperson's designee(s), shall have authority to negotiate on behalf of the board.

**51.19(2)** The full board shall not be involved in negotiation until a written proposed settlement is submitted to the full board for approval, unless both parties waive this prohibition.

**51.19(3)** Consent to negotiation by the respondent during informal settlement negotiation constitutes a waiver of notice and opportunity to be heard pursuant to Iowa Code section 17A.17. Thereafter, the prosecuting attorney is authorized to discuss informal settlement with the board chairperson or designee(s).

**51.19(4)** Negotiations for a proposed settlement shall be completed at least ten days prior to the hearing date set by the order for hearing. However, after consultation with the board chairperson or designee, the executive director shall have the power to grant additional time for continued negotiations in instances where additional time will likely lead to a satisfactory settlement prior to the hearing date.

**51.19(5)** No proposed settlement shall be presented to the board for approval until it is in final, written form signed by the respondent.

**51.19(6)** All proposed settlements are subject to approval of a majority of the full board. If the board fails to approve a proposed settlement, it shall be of no force or effect to either party. The proposed settlement shall be binding if approved by the board and signed by both the chairperson or the chairperson's designee and the respondent.

**51.19(7)** A board member who participates in the negotiation of a proposed settlement is not disqualified from participating in the adjudication of the contested case.

**51.19(8)** Consent to settlement negotiations by the respondent constitutes a waiver of any objection to the participation in the adjudication of the contested case of any board member who participated in the review of a settlement agreement which was not approved by the board.

**51.19(9)** A provision for payment of a quarterly fee as stated in 650—Chapter 15 or such other fees as specified by the board may be included in the settlement agreement.

#### **650—51.20(17A) Hearing procedures.**

**51.20(1)** A hearing may be conducted before the board or a panel of not less than three members of the board at least two of whom are licensed by the board.

**51.20(2)** Hearings by the dental hygiene committee. In the event the licensee who is the subject of the contested case is a dental hygienist, the hearing shall be held before the dental hygiene committee, which shall constitute a panel of the board. The dental hygiene committee may in its discretion recommend to the board that the hearing be held instead before a panel of the board or full board.

**51.20(3)** When, in the opinion of a majority of the board, it is desirable to obtain specialists within an area of practice when holding disciplinary hearings, the board may appoint a panel of three specialists who are not board members to make findings of fact and to report to the board. Such findings shall not include any recommendation for or against licensee discipline.

**51.20(4)** The presiding officer shall have the authority to administer oaths, to admit or exclude testimony or other evidence, and to rule on all motions and objections. The presiding officer may request that an administrative law judge perform any of these functions, and may be assisted and advised by an administrative law judge.

**51.20(5)** All objections shall be timely made and stated on the record.

**51.20(6)** Parties have the right to participate or to be represented in all hearings or prehearing conferences related to their case. Any party may be represented by an attorney at their own expense.

**51.20(7)** Subject to terms and conditions prescribed by the presiding officer, parties have the right to introduce evidence on issues of material fact, cross-examine witnesses present at the hearing as necessary for a full and true disclosure of the facts, present evidence in rebuttal, and submit briefs and engage in oral argument.

**51.20(8)** The presiding officer shall maintain the decorum of the hearing and may refuse to admit or may expel anyone whose conduct is disorderly.

**51.20(9)** Witnesses may be sequestered during the hearing.

**51.20(10)** The presiding officer shall have authority to grant immunity from disciplinary action to a witness as provided by Iowa Code section 272C.6(3).

**51.20(11)** The presiding officer shall conduct the hearing in the following manner:

*a.* The presiding officer shall give an opening statement briefly describing the nature of the proceedings;

*b.* The parties shall be given an opportunity to present opening statements;

*c.* Parties shall present their cases in the sequence determined by the presiding officer;

*d.* Each witness shall be sworn or affirmed by the presiding officer or the court reporter, and be subject to examination and cross-examination. The presiding officer may limit questioning in a manner consistent with law;

*e.* When all parties and witnesses have been heard, parties may be given the opportunity to present final arguments.

**51.20(12)** The board members and administrative law judge have the right to question a witness. Examination of witnesses by board members is subject to properly raised objections.

**51.20(13)** The hearing shall be open to the public unless the licensee requests that the hearing be closed.

#### **650—51.21(17A) Evidence.**

**51.21(1)** The presiding officer shall rule on admissibility of evidence and may, where appropriate, take official notice of facts in accordance with all applicable requirements of law.

**51.21(2)** Stipulation of facts is encouraged. The presiding officer may make a decision based on stipulated facts.

**51.21(3)** Evidence in the proceeding shall be confined to the issues as to which the parties received notice prior to the hearing unless the parties waive their right to such notice or the presiding officer determines that good cause justifies expansion of the issues. If the presiding officer decides to admit evidence on issues outside the scope of the notice over the objection of a party who did not have actual notice of those issues, that party, upon timely request, shall receive a continuance sufficient to amend pleadings and to prepare on the additional issue.

**51.21(4)** The party seeking admission of an exhibit must provide opposing parties with an opportunity to examine the exhibit prior to the ruling on its admissibility. Copies of documents should normally be provided to opposing parties.

All exhibits admitted into evidence shall be appropriately marked and be made part of the record.

**51.21(5)** Any party may object to specific evidence or may request limits on the scope of any examination or cross-examination. Such an objection shall be accompanied by a brief statement of the grounds upon which it is based. The objection, the ruling on the objection, and the reasons for the ruling shall be noted in the record. The presiding officer may rule on the objection at the time it is made or may reserve a ruling until the written decision.

**51.21(6)** Whenever evidence is ruled inadmissible, the party offering that evidence may submit an offer of proof on the record. The party making the offer of proof for excluded oral testimony shall briefly summarize the testimony or, with permission of the presiding officer, present the testimony. If the excluded evidence consists of a document or exhibit, it shall be marked as part of an offer of proof and inserted in the record.

#### **650—51.22(17A) Default.**

**51.22(1)** If a party fails to appear or participate in a contested case proceeding after proper service of notice, the presiding officer may, if no adjournment is granted, enter a default decision or proceed with the hearing and render a decision in the absence of the party.

**51.22(2)** Where appropriate and not contrary to law, any party may move for default against a party who has failed to appear after proper service.

**51.22(3)** Default decisions or decisions rendered on the merits after a party has failed to appear or participate in a contested case proceeding become final board action unless, within 15 days after the date of notification or mailing of the decision, a motion to vacate is filed and served on all parties or an appeal of a decision on the merits is timely initiated within the time provided by rule 650—51.26(17A). A motion to vacate must state all facts relied upon by the moving party which establish that good cause existed for that party's failure to appear or participate at the contested case proceeding. Each fact so stated must be substantiated by at least one sworn affidavit of a person with personal knowledge of each such fact, which affidavit(s) must be attached to the motion.

**51.22(4)** The time for further appeal of a decision for which a timely motion to vacate has been filed is stayed pending a decision on the motion to vacate.

**51.22(5)** Properly substantiated and timely filed motions to vacate shall be granted only for good cause shown. The burden of proof as to good cause is on the moving party. Adverse parties shall have ten days to respond to a motion to vacate. Adverse parties shall be allowed to conduct discovery as to the issue of good cause and to present evidence on the issue prior to a decision on the motion, if a request to do so is included in that party's response.

**51.22(6)** "Good cause" for purposes of this rule shall have the same meaning as "good cause" for setting aside a default judgment under Iowa Rule of Civil Procedure 236.

**51.22(7)** A decision denying a motion to vacate is subject to further appeal within the time limit allowed for further appeal of a decision on the merits in the contested case proceeding. A decision granting a motion to vacate is subject to interlocutory appeal by the adverse party pursuant to rule 650—51.25(17A).

**51.22(8)** If a motion to vacate is granted and no timely interlocutory appeal has been taken, the presiding officer shall issue another notice of hearing and the contested case shall proceed accordingly.

**51.22(9)** A default decision may provide either that the default decision is to be stayed pending a timely motion to vacate or that the default decision is to take effective immediately, subject to a request for stay under rule 650—51.28(17A).

#### **650—51.23(17A) Ex parte communication.**

**51.23(1)** Prohibited communications. Unless required for the disposition of ex parte matters specifically authorized by statute, following issuance of the notice of hearing there shall be no communication, directly or indirectly, between the presiding officer and any party or representative

of any party or any other person with a direct or indirect interest in such case in connection with any issue of fact or law in the case except upon notice and opportunity for all parties to participate. Nothing in this provision is intended to preclude board members from communicating with other board members or members of the board staff, other than those with a personal interest in, or those engaged in personally investigating as defined in subrule 51.10(2), prosecuting, or advocating in, either the case under consideration or a pending factually related case involving the same parties, as long as those persons do not directly or indirectly communicate to the presiding officer any ex parte communications they have received of a type that the presiding officer would be prohibited from receiving or that furnish, augment, diminish, or modify the evidence in the record.

**51.23(2)** Prohibitions on ex parte communications commence with the issuance of the notice of hearing in a contested case and continue for as long as the case is pending before the board.

**51.23(3)** Written, oral or other forms of communication are “ex parte” if made without notice and opportunity for all parties to participate.

**51.23(4)** To avoid prohibited ex parte communications, notice must be given in a manner reasonably calculated to give all parties a fair opportunity to participate. Notice of written communications shall be provided in compliance with rule 650—51.13(17A) and may be supplemented by telephone, facsimile, electronic mail or other means of notification. Where permitted, oral communications may be initiated through conference telephone call including all parties or their representatives.

**51.23(5)** Persons who jointly act as presiding officer in a pending contested case may communicate with each other without notice or opportunity for parties to participate.

**51.23(6)** The executive director may be present in deliberations or otherwise advise the presiding officer without notice or opportunity for parties to participate as long as they are not disqualified from participating under rule 650—51.10(17A).

**51.23(7)** Communications with the presiding officer involving uncontested scheduling or procedural matters do not require notice or opportunity for parties to participate. Parties should notify other parties prior to initiating such contact with the presiding officer when feasible, and shall notify other parties when seeking to continue hearings or other deadlines pursuant to rule 650—51.18(17A).

**51.23(8)** Disclosure of prohibited communications. A presiding officer who receives a prohibited ex parte communication during the pendency of a contested case must initially determine if the effect of the communication is so prejudicial that the presiding officer should be disqualified.

If the presiding officer determines that disqualification is warranted, a copy of any prohibited written communication, all written responses to the communication, a written summary stating the substance of any prohibited oral or other communication not available in written form for disclosure, all responses made, and the identity of each person from whom the presiding officer received a prohibited ex parte communication shall be submitted for inclusion in the record under seal by protective order.

If the presiding officer determines that disqualification is not warranted, such documents shall be submitted for inclusion in the record and served on all parties. Any party desiring to rebut the prohibited communication must be allowed the opportunity to do so upon written request filed within ten days after notice of the communication.

**51.23(9)** Promptly after being assigned to serve as presiding officer at any stage in a contested case proceeding, a presiding officer shall disclose to all parties material factual information received through ex parte communication prior to such assignment, unless the factual information has already been or shortly will be disclosed pursuant to Iowa Code section 17A.13(2) or through discovery. Factual information contained in an investigative report or similar document need not be separately disclosed by the presiding officer as long as such documents have been or will shortly be provided to the parties.

**51.23(10)** The presiding officer may render a proposed or final decision imposing appropriate sanctions for violations of this rule including default, a decision against the offending party, censure, suspension or revocation of the privilege to practice before the board. Violation of ex parte communication prohibitions by board personnel shall be reported to the board and its executive director for possible sanctions including censure, suspension, dismissal, or other disciplinary action.

**650—51.24(17A) Recording costs.** Upon request, the board shall provide a copy of the whole or any portion of the record at cost. The cost of preparing a copy of the record or of transcribing the hearing record shall be paid by the requesting party.

**650—51.25(17A) Interlocutory appeals.** Upon written request of a party or on its own motion, the board may review an interlocutory order of the executive director, administrative law judge, or hearing panel. In determining whether to do so, the board shall consider:

1. The extent to which its granting the interlocutory appeal would expedite final resolution of the case; and
2. The extent to which review of that interlocutory order by the board at the time it reviews the proposed decision of the presiding officer would provide an adequate remedy.

Any request for interlocutory review must be filed within 14 days of issuance of the challenged order, but no later than the time for compliance with the order or the date of hearing, whichever is first.

**650—51.26(17A) Proposed and final decision.**

**51.26(1)** When a quorum of the board presides over the reception of the evidence at the hearing, the decision is a final decision.

**51.26(2)** When a panel of three specialists presides over the hearing, the panel shall issue a proposed decision which shall include proposed findings of fact but shall not include conclusions of law. A proposed decision of a hearing panel of specialists, together with a transcript of the proceedings and exhibits presented, shall be reviewed by the board within 30 days of the date the proposed decision was issued. The parties shall have the opportunity to submit briefs and arguments to the board. The decision of the board is a final decision.

**51.26(3)** When a panel of three board members or the dental hygiene committee presides over the hearing, the panel shall issue a proposed decision which shall include proposed findings of fact, conclusions of law, and order. A proposed decision, together with a transcript of the proceedings and the exhibits presented, shall be reviewed by the board within 30 days of the date the proposed decision was issued. A proposed decision of a board hearing panel becomes a final decision without further proceedings unless appealed in accordance with the following provisions:

- a. The board may review a proposed decision on its own motion by serving a notice of appeal on the parties within 30 days after issuance of the proposed decision.
- b. A proposed decision may be appealed to the board by either party by serving on the executive director, either in person or by certified mail, a notice of appeal within 30 days after service of the proposed decision on the appealing party.
- c. Following receipt of a notice of appeal, the board shall enter an order establishing a schedule for submission of briefs and oral argument. The parties shall serve their briefs on the board and shall furnish an additional copy to each party by first-class mail.
- d. Oral argument shall be heard by the board unless waived by both parties. The time granted each party for oral argument shall be established by the board.
- e. The record on appeal shall be the entire record made before the hearing panel or administrative law judge. Costs associated with the appeal shall be paid by the appealing party.

**51.26(4)** At no time prior to the release of the final decision by the board shall a proposed decision be made public or distributed to any person other than the parties.

**51.26(5)** Requests to present additional evidence. A party may request the taking of additional evidence only by establishing that:

- a. The evidence is material; and
- b. The evidence arose after completion of the original hearing; or
- c. Good cause exists for failure to present the evidence at the original hearing; and
- d. The party has not waived the right to present the additional evidence.

A written request to present additional evidence must be filed with the notice of appeal or, by a nonappealing party, within 14 days of service of the notice of appeal. The board may remand a case to the hearing panel for further hearing or may itself preside at the taking of additional evidence.

**650—51.27(17A) Applications for rehearing.**

**51.27(1)** *By whom filed.* Any party to a contested case proceeding may file an application for rehearing from a final order.

**51.27(2)** *Content of application.* The application for rehearing shall state on whose behalf it is filed, the specific grounds for rehearing, and the relief sought. In addition, the application shall state whether the applicant desires reconsideration of all or part of the board decision on the existing record and whether, on the basis of the grounds enumerated in subrule 51.27(5), the applicant requests an opportunity to submit additional evidence.

**51.27(3)** *Time of filing.* The application shall be filed with the board within 20 days after issuance of the final decision.

**51.27(4)** *Notice to other parties.* A copy of the application shall be timely mailed by the applicant to all parties of record not joining therein.

**51.27(5)** *Additional evidence.* A request that additional evidence be considered on rehearing shall be governed by subrule 51.26(5).

**51.27(6)** *Disposition.* Any application for a rehearing shall be deemed denied unless the board grants the application within 20 days after its filing.

**650—51.28(17A) Stays of board actions.**

**51.28(1)** *When available.* Any party to a contested case proceeding may petition the board for a stay of an order issued in that proceeding or for other temporary remedies, pending review by the board or pending judicial review. The petition shall state the reasons justifying a stay or other temporary remedy.

**51.28(2)** *When granted.* In determining whether to grant a stay, the board shall consider the factors listed in 1998 Iowa Acts, chapter 1202, section 23(5c). The board shall not grant a stay in any case in which the district court would be expressly prohibited by statute from granting a stay.

**650—51.29(17A) No factual dispute contested cases.** If the parties agree that no dispute of material fact exists as to a matter that would be a contested case if such a dispute of fact existed, the parties may present all relevant admissible evidence either by stipulation or otherwise as agreed by the parties, without necessity for the production of evidence at an evidentiary hearing. If such agreement is reached, a jointly submitted schedule detailing the method and timetable for submission of the record, briefs and oral argument should be submitted to the presiding officer for approval as soon as practicable.

**650—51.30(17A) Emergency adjudicative proceedings.**

**51.30(1)** To the extent necessary to prevent or avoid immediate danger to the public health, safety, or welfare, and consistent with the Constitution and other provisions of law, the board may issue a written order in compliance with 1998 Iowa Acts, chapter 1202, section 21, to suspend a license in whole or in part, order the cessation of any continuing activity, order affirmative action, or take other action within the jurisdiction of the board by emergency adjudicative order. Before issuing an emergency adjudicative order the board shall consider factors including, but not limited to, the following:

*a.* Whether there has been a sufficient factual investigation to ensure that the board is proceeding on the basis of reliable information;

*b.* Whether the specific circumstances which pose immediate danger to the public health, safety or welfare have been identified and determined to be continuing;

*c.* Whether the person required to comply with the emergency adjudicative order may continue to engage in other activities without posing immediate danger to the public health, safety or welfare;

*d.* Whether imposition of monitoring requirements or other interim safeguards would be sufficient to protect the public health, safety or welfare; and

*e.* Whether the specific action contemplated by the board is necessary to avoid the immediate danger.

**51.30(2)** Issuance of order.

*a.* An emergency adjudicative order shall contain findings of fact, conclusions of law, and policy reasons to justify the determination of an immediate danger in the board's decision to take immediate action. The order is a public record.

*b.* The written emergency adjudicative order shall be immediately delivered to the person who is required to comply with the order by utilizing one or more of the following procedures:

- (1) Personal delivery;
- (2) Certified mail, return receipt requested, to the last address on file with the board;
- (3) Certified mail to the last address on file with the board; or
- (4) Fax. Fax may be used as the sole method of delivery if the person required to comply with the order has filed a written request that board orders be sent by fax and has provided a fax number for that purpose.

*c.* To the degree practicable, the board shall select the procedure for providing written notice that best ensures prompt, reliable delivery.

**51.30(3)** Oral notice. Unless the written emergency adjudicative order is provided by personal delivery on the same day that the order issues, the board shall make reasonable immediate efforts to contact by telephone the persons who are required to comply with the order.

**51.30(4)** Completion of proceedings. After the issuance of an emergency adjudicative order, the board shall proceed as quickly as feasible to complete any proceedings that would be required if the matter did not involve an immediate danger.

Issuance of a written emergency adjudicative order shall include notification of the date on which board proceedings are scheduled for completion. After issuance of an emergency adjudicative order, continuance of further board proceedings to a later date will be granted only in compelling circumstances upon application in writing, unless the person who is required to comply with the order is the party requesting the continuance.

**650—51.31(153) Judicial review.** Judicial review of the board's decision may be sought in accordance with the terms of Iowa Code chapter 17A as amended by 1998 Iowa Acts, chapter 1202, and Iowa Code section 153.33(4) "g" and "h."

**650—51.32(17A) Notification of decision.** All parties to a contested case shall be promptly furnished with a copy of any decision or order either by personal delivery or by certified or first-class mailing. Delivery or first-class mailing of any decision or order to an attorney of record in a contested case hearing shall constitute notification of the respondent. Service by mail is complete upon mailing.

**650—51.33(17A) Publicizing disciplinary action.**

**51.33(1)** Final decisions of the board relating to licensee discipline shall be transmitted to the appropriate state and national professional associations and news media, which may include a newspaper(s) of general circulation, and to other news media, person or organization upon request.

**51.33(2)** The board shall notify other boards of dentistry in states where the respondent is also licensed of disciplinary action taken against the Iowa licensee.

**51.33(3)** The board shall notify the American Association of Dental Examiners of disciplinary action taken against an Iowa licensee.

**51.33(4)** The board shall, in accordance with federal law, notify the National Practitioners Data Bank of disciplinary action taken against an Iowa licensee.

**650—51.34(153) Reinstatement.**

**51.34(1)** Any person whose license has been revoked or suspended by the board may apply to the board for reinstatement in accordance with the terms of the order of revocation or suspension.

**51.34(2)** If the order of revocation or suspension did not establish terms upon which reinstatement might occur, or if the license was voluntarily surrendered pursuant to disciplinary action, an initial application for reinstatement may not be made until one year has elapsed from the date of the final order.

**51.34(3)** All proceedings for reinstatement shall be initiated by the respondent, who shall file with the board an application for the reinstatement of the license. All proceedings upon the petition for reinstatement shall be subject to the same rules of procedure as other disciplinary matters before the board.

**51.34(4)** An application for reinstatement shall allege facts which, if established, will be sufficient to enable the board to determine that the basis for the revocation or suspension no longer exists and that it will be in the public interest for the license to be reinstated. The burden of proof to establish such facts shall be on the respondent.

**51.34(5)** An application for reinstatement may include a request for a hearing on the issues raised on the application or any other information furnished to the board. The hearing on an application for reinstatement shall be a contested case proceeding within the meaning of Iowa Code section 17A.2(2).

**51.34(6)** The order to grant or deny reinstatement shall include findings of fact and conclusions of law. If reinstatement is granted, terms and conditions of licensure may be imposed. Such terms and conditions may include restrictions on the licensee's practice. This order will be published as provided for in rule 650—51.33(153).

**51.34(7)** A person whose license to practice dentistry or dental hygiene was revoked or suspended must successfully complete the examination required at the time of reinstatement for dental or dental hygiene licensure. The board may in its discretion require remedial training in addition to or in lieu of the examination requirements.

**650—51.35(272C) Disciplinary hearings—fees and costs.**

**51.35(1)** Fees. The fees related to a formal disciplinary action filed by the board are specified in 650—Chapter 15.

**51.35(2)** Failure of a licensee, registrant or permit holder to pay the fees and costs assessed in 650—Chapter 15 in the time specified in the board's final disciplinary order shall constitute a violation of a lawful order of the board.
