c. To verify the accommodation, the applicant must submit appropriate documentation that uses professionally recognized criteria; that details how the disability leads to functional limitations; and that illustrates how the limitation or limitations inhibit the individual from performing one or more major life activities.

d. An evaluator shall on the documentation provide a signature, verify the diagnosis, verify the professionally recognized test/assessment, and recommend the accommodation. The evaluator shall be a licensed health care professional, including but not limited to a physician who practices in a field that includes, but may not be limited to, neurology, family practice, orthopedics, physical medical medicine and rehabilitation, and psychiatry; or a psychologist who performs evaluations to assess individuals for mental disorders that might impact those individuals' academic or testing performance.

e. An accommodation shall not give the individual an unfair advantage over others taking the examination, shall not change the purpose of the examination, and shall not guarantee that the individual will pass the examination.

f. The board and staff shall maintain confidentiality of all medical and diagnostic information and records.
