

CHAPTER 9
PUBLIC RECORDS AND FAIR INFORMATION PRACTICES

Chapter rescission date pursuant to Iowa Code section 17A.7: 3/26/30

441—9.1(17A,22) Statement of policy, purpose and scope of chapter.

9.1(1) The purpose of this chapter is to facilitate public access to open records. It also seeks to facilitate department determinations with respect to the handling of confidential records and the implementation of the fair information practices Act. The department is committed to the policies set forth in Iowa Code chapter 22; department staff will cooperate with members of the public in implementing the provisions of that chapter.

These rules also implement the federal Health Insurance Portability and Accountability Act (HIPAA) regulations at 45 CFR Parts 160 and 164 as amended to June 25, 2024. These rules set forth the standards the department must meet to protect the privacy of protected health information. The department is a hybrid entity for purposes of HIPAA. The rules on protected health information apply only to those parts of the department that are considered part of the covered entity.

9.1(2) This chapter does not:

- a. Require the agency to index or retrieve records that contain information about individuals by that person's name or other personal identifier.
- b. Make available to the general public records that would otherwise not be available under the public records law, Iowa Code chapter 22.
- c. Govern the maintenance or disclosure of, notification of, or access to records in the possession of the agency that are governed by the rules of another agency.
- d. Apply to grantees, including local governments or subdivisions thereof, administering state-funded programs.
- e. Make available records compiled by the agency in reasonable anticipation of court litigation or formal administrative proceedings. The availability of such records to the general public or to any subject individual or party to such litigation or proceedings shall be governed by applicable constitutional principles, statutes, rules of discovery, evidentiary privileges, and applicable rules of the agency.
- f. Require the agency to create, compare or procure a record solely for the purpose of making it available.

441—9.2(17A,22) Definitions. As used in this chapter:

"Business associate" means the same as defined in 45 CFR §160.103 as amended to June 25, 2024.

"Client" means a person who has applied for or received services or assistance from the department.

"Confidential record" in these rules means a record that is not available as a matter of right for examination and copying by members of the public under applicable provisions of law. Confidential records include records or information contained in records that the agency is prohibited by law from making available for examination by members of the public, and records or information contained in records that are specified as confidential by Iowa Code section 22.7, or other provision of law, but that may be disclosed upon order of a court, the lawful custodian of the record, or by another person duly authorized to release the record. Mere inclusion in a record of information declared confidential by an applicable provision of law does not necessarily make that entire record a confidential record.

"Covered entity" means the same as defined in 45 CFR §160.103 as amended to June 25, 2024.

"Custodian" means the director of the department or the director's designee.

"Designated record set" is the same as defined in 45 CFR §164.501 as amended to March 26, 2013, including:

1. The medical records about subjects that are maintained for facilities;
2. The enrollment, payment, and eligibility record systems maintained for Medicaid; or

3. The enrollment, payment, and eligibility record systems maintained for the hawki program that are used, in whole or in part, by the hawki program to make decisions about subjects.

For purposes of this definition, the term “record” means the same as defined in 45 CFR §164.501 as amended to March 26, 2013.

“*Open record*” means a record other than a confidential record.

“*Payment*,” with respect to protected health information, has the same definition as that stated in 45 CFR §164.501 as amended to March 26, 2013. In the department, “payment” applies to subjects for whom health care coverage is provided under the Medicaid program or the hawki program.

“*Personally identifiable information*” means information about or pertaining to the subject of a record that identifies the subject and that is contained in a record system.

“*Personal representative*” means someone designated by another as standing in the other’s place or representing the other’s interests for one or more purposes. 441—9.3(17A,22) Requests for access to records.

9.3(1) *Location of record.* A request for access to a record should be directed to the Records Officer, 321 East 12th Street, Des Moines, Iowa 50319. If a request for access to a record is misdirected, department personnel will promptly forward the request to the department’s records officer.

9.3(2) *Office hours.* Open records shall be made available during all customary office hours, which are 8 a.m. to 4:30 p.m. daily, excluding Saturdays, Sundays and legal holidays.

9.3(3) *Request for access.* Requests for access to open records may be made in writing, in person, or by telephone. Requests shall identify the particular records sought by name or description. Mail or telephone requests shall include the name, address, and telephone number of the person requesting the information.

9.3(4) *Response to requests.* Access to an open record will be provided upon request unless the size or nature of the request makes prompt access infeasible. If the size or nature of the request for access to an open record requires time for compliance, the custodian shall comply with the request as soon as feasible. Access to an open record may be delayed for one of the purposes authorized by Iowa Code section 22.8(4) or 22.10(4).

The custodian of a record may deny access to the record by members of the public only on the grounds that such a denial is warranted under Iowa Code sections 22.8(4) and 22.10(4), or that it is a confidential record, or that its disclosure is prohibited by a court order. Access by members of the public to a confidential record is limited by law and, therefore, may generally be provided only in accordance with the provisions of rule 441—9.4(17A,22) and other applicable provisions of law.

9.3(5) *Security of record.* No person may, without permission from the custodian, search or remove any record from department files. Examination and copying of department records shall be supervised by the custodian or a designee of the custodian. Records shall be protected from damage and disorganization.

9.3(6) *Copying.* A reasonable number of copies of an open record may be made in the department office. If photocopy equipment is not available in the department office where an open record is kept, the custodian shall permit its examination in that office and shall arrange to have copies promptly made elsewhere.

9.3(7) *Fees.* The department may charge fees as permitted by Iowa Code chapter 22. The department will publish a fee schedule for open records on its website. The department may charge a fee for the cost of preparing an explanation or summary of health information. The department and the subject requesting the information shall agree to the amount of any fee imposed before the department prepares the explanation or summary.

[ARC 8897C, IAB 2/19/25, effective 3/26/25]

441—9.4(17A,22) Access to confidential records. Under Iowa Code section 22.7 or other applicable provisions of law, the lawful custodian may disclose certain confidential records to one or more members of the public. Other provisions of law authorize or require the custodian to release specified confidential records under certain circumstances or to particular persons. In requesting the custodian to permit the examination and copying of such a confidential record, the following procedures apply and are in addition to those specified for requests for access to records in rule 441—9.3(17A,22).

9.4(1) *Proof of identity.* A person requesting access to a confidential record may be required to provide proof of identity or authority to secure access to the record.

9.4(2) Requests. The custodian may require a request to examine and copy a confidential record to be in writing. A person requesting access to such a record may be required to sign a certified statement or affidavit enumerating the specific reasons justifying access to the confidential record and to provide any proof necessary to establish relevant facts.

9.4(3) Notice to subject of record and opportunity to obtain injunction. Except as provided in 441—subrule 175.41(2), after the custodian receives a request for access to a confidential record, and before the custodian releases such a record, the custodian may make reasonable efforts to notify promptly any person who is a subject of that record, is identified in that record, and whose address or telephone number is contained in that record. To the extent such a delay is practicable and in the public interest, the custodian may give the subject of such a confidential record to whom notification is transmitted a reasonable opportunity to seek an injunction under Iowa Code section 22.8, and indicate to the subject of the record the specific period of time during which disclosure will be delayed for that purpose.

9.4(4) Request denied. When the custodian denies a request for access to a confidential record, the custodian shall promptly notify the requester. If the requester indicates to the custodian that a written notification of the denial is desired, the custodian shall promptly provide such a notification that is signed by the custodian and that includes:

- a. The name and title or position of the custodian responsible for the denial; and
- b. A citation to the provision of law vesting authority in the custodian to deny disclosure of the record and a brief statement of the reasons for the denial to this requester.

9.4(5) Request granted. Except as provided in 441—subrule 175.41(2), when the custodian grants a request for access to a confidential record, the custodian shall notify the requester or the person who is to receive the information and include any limits on the examination and copying of the record.

9.4(6) Records requiring special procedures. Special procedures are required for access to:

- a. Child abuse information. Access to child abuse information is obtained according to rules 441—175.41(235A) and 441—175.42(235A).
- b. Dependent adult abuse information. Access to adult abuse information is governed by rule 441—176.9(235A).

[ARC 8897C, IAB 2/19/25, effective 3/26/25]

441—9.5(17A,22) Requests for treatment of a record as a confidential record and its withholding from examinations. The custodian may treat a record as a confidential record and withhold it from examination only to the extent that the custodian is authorized by Iowa Code section 22.7, another applicable provision of law, or a court order, to refuse to disclose that record to members of the public.

9.5(1) Persons who may request. Any person who would be aggrieved or adversely affected by disclosure of a record and who asserts that Iowa Code section 22.7, another applicable provision of law, or a court order, authorizes the custodian to treat the record as a confidential record, may request the custodian to treat that record as a confidential record and to withhold it from public inspection.

9.5(2) Request. A request that a record be treated as a confidential record and be withheld from public inspection shall be in writing and shall be filed with the custodian.

a. The request must set forth the legal and factual basis justifying such confidential record treatment for that record, and the name, address, and telephone number of the person authorized to respond to any inquiry or action of the custodian concerning the request.

b. A person requesting treatment of a record as a confidential record may also be required to sign a certified statement or affidavit stating the specific reasons justifying the treatment of that record as a confidential record and to provide any proof necessary to establish relevant facts.

c. Requests to temporarily treat a record as a confidential record shall specify the precise period of time for which that treatment is requested.

d. A person filing such a request shall, if possible, provide a copy of the record in question from which those portions for which such confidential record treatment has been requested have been deleted. If the original record is being submitted to the department by the person requesting confidential treatment at the time the request is filed, the person shall indicate conspicuously on the original record that all or portions of it are confidential.

9.5(3) *Failure to request.* Failure of a person to request confidential record treatment for a record does not preclude the custodian from treating it as a confidential record. However, if a person who has submitted business information to the department does not request that it be withheld from public inspection under Iowa Code section 22.7(3) and 22.7(6), the custodian of records containing that information may proceed as if that person has no objection to its disclosure to members of the public.

9.5(4) *Timing of decision.* A decision by the custodian with respect to the disclosure of a record to members of the public may be made when a request for its treatment as a confidential record that is not available for public inspection is filed, or when the custodian receives a request for access to the record by a member of the public.

9.5(5) *Request granted or deferred.* If a request for such confidential record treatment is granted, or if action on such a request is deferred, a copy of the record from which the matter in question has been deleted and a copy of the decision to grant the request or to defer action upon the request will be made available for public inspection in lieu of the original record. If the custodian subsequently receives a request for access to the original record, the custodian will make reasonable and timely efforts to notify any person who has filed a request for its treatment as a confidential record that is not available for public inspection of the pendency of that subsequent request.

9.5(6) *Request denied and opportunity to seek injunction.* If a request that a record be treated as a confidential record and be withheld from public inspection is denied, the custodian shall notify the requester in writing of that determination and the reasons therefor. On application by the requester, the custodian may engage in a good faith, reasonable delay in allowing examination of the record so that the requester may seek injunctive relief under the provisions of Iowa Code section 22.8, or other applicable provision of law. However, such a record shall not be withheld from public inspection for any period of time if the custodian determines that the requester had no reasonable grounds to justify the treatment of that record as a confidential record. The custodian shall notify requester in writing of the time period allowed to seek injunctive relief or the reasons for the determination that no reasonable grounds exist to justify the treatment of that record as a confidential record. The custodian may extend the period of good faith, reasonable delay in allowing examination of the record so that the requester may seek injunctive relief only if no request for examination of that record has been received, or if a court directs the custodian to treat it as a confidential record, or to the extent permitted by another applicable provision of law, or with the consent of the person requesting access.

9.5(7) *Requesting privacy protection for protected health information.*

a. Requesting restrictions on protected health information use or disclosure. The department will follow the requirements of 45 CFR §164.522 as amended to March 26, 2013, in responding to these requests.

b. Requesting the receipt of communications of protected health information by alternative means or at alternative locations. The department will follow the requirements of 45 CFR §164.522 as amended to March 26, 2013, in responding to these requests. For Medicaid and hawki, the subject is required to clearly indicate the reason for requesting the confidential communication. Facilities shall not require the subject to explain the basis for the request as a condition of providing confidential communications.

[ARC 8897C, IAB 2/19/25, effective 3/26/25]

441—9.6(17A,22) Procedure by which additions, dissents, or objections may be entered into certain records.

9.6(1) *All programs.* Except as otherwise provided by law, a subject may file a request with the custodian to review, and to have a written statement of additions, dissents, or objections entered into, a record containing personally identifiable information pertaining to that subject. However, the subject is not authorized to alter the original copy of the record or to expand the official record of any department proceeding.

a. The subject shall send the request to review such a record or the written statement of additions, dissents, or objections to the department.

b. The request to review such a record or the written statement of additions, dissents, or objections must be dated and signed by the subject and shall include the current address and telephone number of the subject or the subject's representative.

9.6(2) *Additional procedures for protected health information.* The department will follow the protected health information right to amend standards as outlined in 45 CFR §164.526 as amended to March 26, 2013. The subject shall provide a reason to support the requested amendment.

[ARC 8897C, IAB 2/19/25, effective 3/26/25]

441—9.7(17A,22,228) Consent to disclosure by the subject of a confidential record. To the extent permitted by any applicable provision of law, the subject of a confidential record may have a copy of the portion of that record concerning the subject disclosed to a third party. A request for such a disclosure must be in writing and must identify the particular record or records to be disclosed, the particular person or class of persons to whom the record may be disclosed, and the time period during which the record may be disclosed. The subject of the record and, where applicable, the person to whom the record is to be disclosed may be required to provide proof of identity. Appearance of counsel before the department on behalf of a person who is the subject of a confidential record is deemed to constitute consent for the department to disclose records about that person to the person's attorney. An attorney requesting access to a confidential record may be required to provide proof of identity or authority to secure access to the record. No confidential information about clients of the department shall be released without the client's consent, except as otherwise provided by law. Release of confidential information includes granting access to or allowing the copying of a record, providing information either in writing or orally, or acknowledging information to be true or false.

9.7(1) *Release forms.*

a. Releases allowing the department to provide confidential information, including protected health information. Subjects should complete an authorization for release on a form that meets the requirements of applicable law.

b. Releases allowing the department to provide protected health information under HIPAA. The department shall not require a subject to sign a HIPAA authorization form as a condition of treatment, payment, enrollment in a health plan, or eligibility for benefits. The department as a health care provider may require a subject to sign a HIPAA authorization form for the use or disclosure of protected health information for research, as a condition of the subject's receiving research-related treatment. A subject may revoke a HIPAA authorization at any time, provided that the revocation is in writing using a form that meets the requirements of applicable law, except to the extent that the department has taken action in reliance thereon.

c. Releases allowing the department to obtain confidential information from a third party. The department is required to obtain confidential information from third parties. The department may make these requests unless prohibited by applicable law or when the client has authorized the release on one of the following forms:

- (1) Authorization for Release of Information.
- (2) Household Member Questionnaire.
- (3) Bank or Credit Union Information.
- (4) Addendum for Application and Review Forms for Release of Information.
- (5) Request for School Verification.
- (6) Employer's Statement of Earnings.
- (7) Verification of Educational Financial Aid.
- (8) Financial Institution Verification.
- (9) Authorization to Obtain or Release Health Care Information.

d. Releases for photographs and recordings. The department may seek permission to use photographs in department publications on a form that meets the requirements of applicable law. The department will obtain authorization from the subject or person responsible (such as a guardian, custodian, or personal representative) for the subject before taking photographs or making any type of recording for any purpose other than those specifically allowed by law or for internal use within an institution.

9.7(2) *Exceptions to use of release forms.*

a. Public official. A letter from the subject to a public official that seeks the official's intervention on behalf of the subject in a matter that involves the department shall be treated as an authorization to release information upon receipt of appropriate authorization from the subject to do so. The department shall

release only the minimum amount of information necessary about the subject to the official to resolve the matter. If the information includes protected health information, the department may only provide the protected health information if, in the exercise of professional judgment, the department determines that disclosure is in the best interest of the subject. When the department determines that disclosure is in the subject's best interest, the department may disclose only the protected health information that is directly relevant to the public official's intervention with the matter involving the department.

b. Medical emergency. Department staff may authorize release of confidential information to medical personnel in a medical emergency if the subject is unable to give or withhold consent. As soon as possible after the release of information, the subject shall be advised of the release.

c. Abuse information. Consent to release information is not required to gather information for investigations of child abuse or dependent adult abuse.

9.7(3) Opportunity for subject to agree or object for protected health information under HIPAA. This subrule describes when the department may use or disclose protected health information, without a written authorization, to persons involved in the subject's care and for notification purposes. However, the department shall give the subject an opportunity to agree or object unless this requirement is waived as specified in paragraph 9.7(3) "e."

a. Involvement in the subject's care. The department may, in accordance with paragraphs 9.7(3) "c," "e," and "f," disclose protected health information that is directly relevant either to a subject's care or to payment related to the subject's care, provided payment is relevant to the person's involvement in the subject's care. The person involved must be:

- (1) A family member;
- (2) Another relative;
- (3) A close personal friend of the subject; or
- (4) Any other person identified by the subject.

b. Notification purposes. The department may use or disclose protected health information to notify, or assist in notifying, identifying or locating a family member, a personal representative of the subject, or another person responsible for the care of the subject of the subject's location, general condition or death. For disaster relief purposes, the use or disclosure shall be in accordance with paragraph 9.7(3) "f."

c. Uses and disclosures with the subject present. If the subject is present for, or available before, a use or disclosure permitted by this subrule and has the capacity to make health care decisions, the department may use or disclose the protected health information if the department:

- (1) Obtains the subject's agreement;
- (2) Provides the subject with the opportunity to object to the disclosure, and the subject does not express an objection; or
- (3) Reasonably infers from the circumstances, based on the exercise of professional judgment, that the subject does not object to the disclosure.

d. Informing the subject. The department may orally inform the subject of and obtain the subject's oral agreement or objection to a use or disclosure permitted by this subrule.

e. Limited uses and disclosures when the subject is not present. When the subject is not present, or the opportunity to agree or object to the use or disclosure cannot practicably be provided because of the subject's incapacity or an emergency circumstance, the department may, in the exercise of professional judgment, determine that disclosure is in the best interest of the subject.

(1) When the department determines that disclosure is in the subject's best interest, the department may disclose only the protected health information that is directly relevant to the person's involvement with the subject's health care.

(2) The department may use professional judgment and its experience with common practice to make reasonable inferences of the subject's best interest in allowing a person to act on behalf of the subject to pick up filled prescriptions, medical supplies, X-rays, or other similar forms of protected health information.

f. For disaster relief purposes. The department may use protected health information or disclose protected health information to a public or private organization authorized by law or by its charter to assist in disaster relief efforts for the purpose of coordinating with these organizations the uses or disclosures

permitted by paragraph 9.7(3) “b.” The requirements in paragraphs 9.7(3) “c” and “d” apply to these uses and disclosures to the extent that the department, in the exercise of professional judgment, determines that the requirements do not interfere with the ability to respond to the emergency circumstances.

[ARC 8897C, IAB 2/19/25, effective 3/26/25]

441—9.8(17A,22) Notice to suppliers of information. When the department requests a person to supply information about that person, the department shall notify the person of how the information will be used, which entities outside the department might routinely be provided this information, which parts of the requested information are required and which are optional, and the consequences of a failure to provide the information requested. This notice may be given in these rules, on the written form used to collect the information, on a separate fact sheet or letter, in brochures, in formal agreements, in contracts, in handbooks, in manuals, verbally, or by other appropriate means. The notice shall generally be given at the first contact with the department and need not be repeated. Where appropriate, the notice may be given to a person’s legal or personal representative. Notice may be withheld in an emergency or where it would compromise the purpose of a department investigation.

[ARC 8897C, IAB 2/19/25, effective 3/26/25]

441—9.9(17A,22) Release to subject. The department will follow the access of individuals to protected health information standards as outlined in 45 CFR §164.524 as amended to February 6, 2014. If the department does not maintain the protected health information that is the topic of the subject’s request for access, and the department knows where the requested information is maintained, the department shall inform the subject where to direct the request for access.

[ARC 8897C, IAB 2/19/25, effective 3/26/25]

441—9.10(17A,22) Use and disclosure without consent of the subject. Open records are routinely disclosed without the consent of the subject. To the extent allowed by law, the department may also use and disclose confidential information without the consent of the subject or the subject’s representative.

9.10(1) Routine use. To the extent allowed by law, the following are considered routine uses of all department records:

a. Disclosure to employees and agents of the department as needed for the performance of their duties.

b. Transfers of information within the department, to other state or federal agencies, agents of tribes and tribal public health authorities, or to local units of government as necessary to administer the program for which the information is collected or as necessary to administer a program within the other entity.

c. To a recipient who has provided the department with advance written assurance that the record will be used solely to create a statistical report. The department shall not release confidential data or information pursuant to this chapter unless the department and the recipient have executed an agreement that includes the conditions under which the confidential data or information may be used and a restriction on the further disclosure of the data or information.

9.10(2) Audits and health oversight activities.

a. Audits. Information concerning program expenditures and client eligibility is released to staff of the state executive and legislative branches who are responsible for ensuring that public funds have been managed correctly. Information is also released to auditors from federal agencies when those agencies provide program funds.

b. Health oversight activities. The department will follow the uses and disclosures standards for health oversight activities as outlined in 45 CFR §164.512 as amended to June 25, 2024.

9.10(3) Program review. Information concerning client eligibility and benefits is released to state or federal officials responsible for determining whether the department is operating a program lawfully. These officials include the ombudsman office under Iowa Code section 2C.9, the auditor of state under Iowa Code section 11.2, the Office of Inspector General in the federal Department of Health and Human Services, and the Centers for Medicare and Medicaid Services.

9.10(4) Contracts and agreements with agencies and persons.

a. The department may enter into contracts or agreements with public or private agencies to carry out the department's official duties or as necessary to administer a program within the other agency. Information necessary to carry out these duties may be shared with these agencies. The department may disclose protected health information to a business associate and may allow a business associate to create or receive protected health information on its behalf if the department obtains satisfactory assurance that the business associate will appropriately safeguard the information.

b. 441—9.14(17A,22) Person who may exercise rights of the subject.

9.14(1) Adults. When the subject is an adult, including an emancipated minor, the subject's rights under this rule may also be exercised by the subject's legal or personal representative, except as provided in subrule 9.14(3).

9.14(2) Minors. Within the limits of subrule 9.14(3), when the subject is an unemancipated minor, the subject's rights under this rule shall be exercised only by the subject's legal representative, except as follows:

a. When the department otherwise deals with the minor as an adult, as in the case of minor parents under the family investment program.

b. When otherwise specifically provided by law. However, minor subjects shall be granted access to their own records upon request, subject to the limits in rule 441—9.9(17A,22).

9.14(3) Exceptions.

a. *Scope of authority.* Legal and personal representatives may act only within the scope of their authority. For protected health information, the designation must reflect the subject's ability to make health care decisions and receive protected health information. For example, court-appointed conservators shall have access to and authority to release only the following information:

- (1) Name and address of subject.
- (2) Amounts of assistance or type of services received.
- (3) Information about the economic circumstances of the subject.

b. *Mental health information.* Only an adult subject or a subject's legal representative may consent to the disclosure of mental health information. Medical records of persons hospitalized under Iowa Code chapter 229 shall be released only as provided in Iowa Code section 229.25.

c. *Substance abuse information.* Only the subject may consent to the disclosure of substance abuse information, regardless of the subject's age or condition.

d. *Failure to act in good faith.* If the department has reason to believe that the legal or personal representative is not acting in good faith in the best interests of the subject, the department may refuse to release information on the authorization of the legal or personal representative.

e. *Abuse, neglect, and endangerment situations.* Notwithstanding a state law or any other requirement of this chapter, the department, in the exercise of professional judgment, may elect not to treat a person as a subject's personal representative if:

- (1) The department has reason to believe that the subject has been or may be subjected to domestic violence, abuse, or neglect by the person; or
- (2) The department has reason to believe that treating the person as a personal representative could endanger the subject.

f. *Protected health information.* A parent, guardian, or other person acting in place of a parent who does not represent the minor for protected health information may still access protected health information about the minor if required by law.

g. *Deceased subjects.* If, under applicable law, an executor, administrator, or other person has authority to act on behalf of a deceased subject or of the subject's estate, the department shall treat that person as a personal representative.

h. *Other.* If, under applicable law, the subject of a confidential record is precluded from having a copy of a record concerning the subject disclosed to a third party, the department shall not treat the third party as a personal representative.
