A dust-lead hazard is present in a residential dwelling or child-occupied facility when the weighted arithmetic mean lead loading for all single-surface or composite samples of floors and interior windowsills is equal to or greater than 10 micrograms per square foot on floors, 100 micrograms per square foot on interior windowsills, and 400 micrograms per square foot on window troughs based on wipe samples. A dust-lead hazard is present on floors, interior windowsills, or window troughs in an unsampled residential dwelling in a multifamily dwelling if a dust-lead hazard is present on floors, interior windowsills, or window troughs, respectively, in at least one sampled residential unit on the property. A dust-lead hazard is present on floors, interior windowsills, or window troughs in an

The complainant should provide the name of the person who performs renovation, remodeling, or repainting for compensation in target housing or a child-occupied facility and specific details of the person's noncompliance.

469.14(3) Civil penalties.

a. Before instituting any proceeding to impose a civil penalty under Iowa Code section 10A.903, the department will serve a written notice of violation upon the person charged. The notice of violation will specify the date or dates, facts, and the nature of the alleged act or omission with which the person is charged and will identify specifically the particular provision or provisions of the law, rule, regulation, or cease and desist order involved in the alleged violation and will state the amount of each proposed penalty. The notice of violation will also advise the person charged that the civil penalty may be paid in the amount specified therein, or the proposed imposition of the civil penalty may be protested in its entirety or in part, by a written answer, either denying the violation or showing extenuating circumstances. The notice of violation will advise the person charged that upon failure to pay a civil penalty subsequently determined by the department, if any, unless compromised, remitted, or mitigated, the fee may be collected by civil action.

b. Within 20 days of the date of a notice of violation or other time specified in the notice, the person charged may either pay the penalty in the amount proposed, answer the notice of violation, or request a contested case hearing. The answer to the notice of violation shall state any facts, explanations, and arguments denying the charges of violation or demonstrating any extenuating circumstances, error in the notice of violation, or other reason why the penalty should not be imposed and may request remission or mitigation of the penalty. If the person charged with a violation fails to answer within the time specified in paragraph 469.14(3) "b," an order may be issued imposing the civil penalty in the amount set forth in the notice of violation described in paragraph 469.14(3) "a." If the person charged with a violation files an answer to the notice of violation, the department, upon consideration of the answer, will issue an order dismissing the proceeding or imposing, mitigating, or remitting the civil penalty. The person charged may, within 20 days of the date of the order or other time specified in the order, request a contested case hearing. If the person charged with a violation timely requests a contested case hearing, it will be initiated and held in accordance with 481—Chapters 9 and 10.
