b. The examinee must attain a passing score on each clinical and written portion of the examination.

c. Applicants for licensure pursuant to rule 481—572.3(147,153) must provide evidence of successful completion of a board-approved clinical examination unless exempted by rule.

An examinee will only need to retake those parts of the examination that the examinee failed. However, an examinee who has not passed all parts of the examination within the time frame specified by the testing agency may be required to retake the entire examination at the discretion of the testing agency. The examinee should refer to the policies of the testing agency to determine applicable standards and time frames.

572.14(5) Following a second or subsequent failure, an examinee must complete additional formal education or clinical experience at an accredited school or other program approved by the board. Ongoing education and training completed by the examinee prior to graduation from an accredited school will be accepted for the purposes of remediation. b. Prior to the fourth examination attempt, an examinee must successfully complete a minimum of 40 hours of formal education or clinical experience.
