761—607.11 to 607.14 Reserved.

761—607.15(321) Application. An applicant for a commercial driver's license shall comply with the requirements of Iowa Code sections 321.182 and 321.188 and 761—Chapter 601.

761—607.16(321) Commercial driver's license (CDL).

607.16(1) Classes. The department may issue a commercial driver's license only as a Class A, B or C driver's license. The license class identifies the types of vehicles that may be operated. A commercial driver's license may have endorsements which authorize additional vehicle operations or restrictions which limit vehicle operations.

607.16(2) Validity.

a. A Class A commercial driver's license allows a person to operate a combination of commercial motor vehicles as specified in Iowa Code paragraph 321.189(1)"a." With the required endorsements and subject to the applicable restrictions, a Class A commercial driver's license is valid to operate any vehicle.

b. A Class B commercial driver's license allows a person to operate a commercial motor vehicle as specified in Iowa Code paragraph 321.189(1)"b." With the required endorsements and subject to the applicable restrictions, a Class B commercial driver's license is valid to operate any vehicle except a truck-tractor semitrailer combination as a chauffeur (Class D) or a vehicle requiring a Class A commercial driver's license.

c. A Class C commercial driver's license allows a person to operate a commercial motor vehicle as specified in Iowa Code paragraph 321.189(1)"c." With the required endorsements and subject to the applicable restrictions, a Class C commercial driver's license is valid to operate any vehicle except a truck-tractor semitrailer combination as a chauffeur (Class D) or a vehicle requiring a Class A or Class B commercial driver's license.

d. A commercial driver's license is valid for operating a motorcycle as a commercial motor vehicle only if the license has a motorcycle endorsement and a hazardous material endorsement. A commercial driver's license is valid for operating a motorcycle as a noncommercial motor vehicle only if the license has a motorcycle endorsement.

e. A commercial driver's license valid for five years shall be issued to a qualified applicant who is at least 18 years of age but not yet 70 years of age.

f. A commercial driver's license valid for two years shall be issued to a qualified applicant 70 years of age or older. A two-year license may also be issued, at the discretion of the department, to an applicant whose license is restricted due to vision or other physical disabilities.

g. A commercial driver's license is valid for 60 days after the expiration date.

h. A person with a commercial driver's license valid for the vehicle operated is not required to obtain a Class D driver's license to operate the vehicle as a chauffeur.

607.16(3) Requirements.

a. The minimum age to obtain a commercial driver's license is 18 years.

b. The applicant shall meet the requirements of Iowa Code sections 321.182 and 321.188.

This rule is intended to implement Iowa Code sections 321.177, 321.182, 321.188, 321.189, and 321.196.

761—607.17(321) Endorsements. All endorsements except the hazardous material endorsement continue to be valid without retesting or additional fees when renewing or upgrading a license. The endorsements that authorize additional commercial motor vehicle operations with a commercial driver's license are:

607.17(1) Hazardous material. A hazardous material endorsement (Hazmat) is required to transport hazardous material of a type or quantity requiring placarding. Upon license renewal, retesting and fee payment are required. Retesting and fee payment are also required when an applicant upgrades an Iowa license or transfers a commercial driver's license from another state unless the applicant provides evidence of passing the endorsement test within the preceding 24 months. A farmer or a person working for a farmer is not subject to the hazardous material endorsement while operating either a pickup or a special truck within 150 air miles of the farmer's farm to transport supplies to or from the farm.

607.17(2) Passenger vehicle. A passenger vehicle endorsement (Pass) is required to operate a passenger vehicle as defined in rule 761—607.3(321).

607.17(3) Tank vehicle. A tank vehicle endorsement (Tank) is required to operate a tank vehicle as defined in Iowa Code section 321.1. A commercial motor vehicle upon which is transported an empty storage tank as the vehicle cargo is not a tank vehicle. A vehicle transporting a tank, regardless of the tank's capacity, which does not otherwise meet the definition of a commercial motor vehicle in Iowa Code section 321.1 is not a tank vehicle.

607.17(4) Double/triple trailer. A double/triple trailer endorsement (Dbl/Trpl Trlr) is required to operate a commercial motor vehicle with two or more towed trailers when the combination of vehicles meets the criteria for a Class A commercial motor vehicle. Operation of a triple trailer combination vehicle is not permitted in Iowa.

607.17(5) Hazardous material and tank. A combined endorsement (Hazmat & Tank) authorizes both hazardous material and tank vehicle operations.

607.17(6) School bus. After September 30, 2005, a school bus endorsement is required to operate a school bus as defined in rule 761—607.3(321). An applicant for a school bus endorsement must also qualify for a passenger vehicle endorsement.

607.17(7) Exceptions for towing operations.

a. A driver who tows a vehicle in an emergency "first move" from the site of a vehicle malfunction or accident on a highway to the nearest appropriate repair facility is not required to have the endorsement(s) applicable to the towed vehicle. In any subsequent move, a driver who tows a vehicle from one repair or disposal facility to another is required to have the endorsement(s) applicable to the towed vehicle with one exception: A tow truck driver is not required to have a passenger endorsement to tow a passenger vehicle.

b. The double/triple trailer endorsement is not required to operate a commercial motor vehicle with two or more towed vehicles that are not trailers.

This rule is intended to implement Iowa Code sections 321.1, 321.176A, and 321.189.

761—607.18(321) Restrictions. The restrictions that may limit commercial motor vehicle operation with a commercial driver's license are listed in 761—subrule 605.5(3) and are explained below:

607.18(1) Air brake. The air brake restriction (Vehicle without air brakes) prohibits the operation of a commercial motor vehicle equipped with an air brake system, as defined in rule 761—607.3(321), until the licensee passes the required air brake tests and pays the fee for upgrading the license. Retesting and fee payment are not required when renewing the license.

607.18(2) Class B vehicle. The Class B vehicle restriction (except tractor-trailer) prohibits operation of a motor vehicle that meets the criteria for a Class A commercial motor vehicle.

607.18(3) Class B passenger vehicle. The Class B passenger vehicle restriction (except Class A bus) prohibits operation of a passenger vehicle that meets the criteria for a Class A commercial motor vehicle.

607.18(4) Class C passenger vehicle. The Class C passenger vehicle restriction (except Class A and Class B bus) prohibits operation of a passenger vehicle that meets the criteria for a Class A or Class B commercial motor vehicle.

This rule is intended to implement Iowa Code sections 321.189 and 321.191.

761—607.19 Reserved.

761—607.20(321) Commercial driver's instruction permit.

607.20(1) Validity.

a. A commercial driver's instruction permit allows the permit holder to operate a commercial motor vehicle when accompanied by a person licensed for the vehicle being operated. Examples of permissible vehicle operation include but are not limited to:

(1) Operation of a vehicle requiring a higher class license than the license to which the permit is added.

(2) Operation of a vehicle requiring an endorsement other than a hazardous material endorsement.

(3) Operation of a vehicle equipped with air brakes.

b. A commercial driver's instruction permit is valid for six months and may be renewed once within two years from the date of issuance of the first permit.

c. A commercial driver's instruction permit is invalid after the expiration date of the license to which the permit is added or the expiration date of the permit whichever occurs first.

607.20(2) Requirements.

a. An applicant for a commercial driver's instruction permit must be at least 18 years of age and eligible for a commercial driver's license.

b. The applicant must have a valid Class A, B, C, or D license other than an instruction permit, a special instruction permit, a motorized bicycle license or a temporary restricted license.

c. The applicant must successfully pass the general knowledge test for a commercial driver's license.

This rule is intended to implement Iowa Code sections 321.180, 321.186 and 321.188.

607.27(2) Additional tests. In addition to the general knowledge test for a commercial driver's license, an additional knowledge test is required for each of the following:

a. Class A license for combination vehicle operation as required in 49 CFR Section 383.111.

b. Hazardous material endorsement as required in 49 CFR Section 383.121. The knowledge test for a hazardous material endorsement shall not be administered orally or in a language other than English.

c. Passenger vehicle endorsement as required in 49 CFR Section 383.117.

607.27(4) Waiver. A waiver of any knowledge test is permitted only as provided in Iowa Code subsection 321.188(5). The burden of proof of having passed the hazardous material endorsement test within the preceding 24 months rests with the applicant.

607.27(5) Requirement. An applicant must pass the applicable knowledge test(s) before taking the skills test.

This rule is intended to implement Iowa Code sections 321.186 and 321.188.

761—607.28(321) Skills test.

607.28(1) Content and order. The skills test for a commercial driver's license is a three-part test as required in 49 CFR Part 383, Subparts E, G and H. The three parts must be taken in the following order: the pretrip inspection, the basic vehicle control skills, and an on-the-road driving demonstration. Those elements of the skills test that are not applicable to the vehicle being used in the skills test may be waived by the department. The basic vehicle control skills may be accomplished as part of the on-the-road driving demonstration. The department shall terminate the skills test when it is determined that the applicant has failed the test.

607.28(2) Vehicle. The applicant shall provide a representative vehicle for the skills test. "Representative vehicle" means a commercial motor vehicle that meets the statutory description for the class of license applied for.

a. To obtain a passenger vehicle endorsement applicable to a specific vehicle class, the applicant must take the skills test in a passenger vehicle, as defined in rule 761—607.3(321), satisfying the requirements of that class, as required in 49 CFR Section 383.117.

d. No record of at-fault accidents.

607.49(6) Issuance.

a. The knowledge and skills tests described in rules 761—607.27(321) and 761—607.28(321) are waived.

b. A restricted commercial driver's license shall be coded with restriction "W" on the face of the driver's license, with the restriction explained in text on the back of the driver's license. In addition, the license shall be issued with a restriction stating the license's validity.

c. The expiration date for a restricted commercial driver's license that is converted to this license from another Iowa license shall carry the same expiration date as the previous license.

d. A restricted commercial driver's license may be renewed for the period of time specified in Iowa Code section 321.196. The licensee's good driving record shall be confirmed at the time of renewal.

e. The fee for a restricted commercial driver's license shall be as specified in Iowa Code section 321.191.

f. There are two periods of validity for commercial motor vehicle operation: March 15 through June 30, and October 4 through December 14. These are referred to as "seasonal periods." Validity shall not exceed 180 days in any 12-month period. Any period of validity authorized previously by another state's license shall be considered a part of the 180-day maximum period of validity.

g. A restricted commercial driver's license must be validated for commercial motor vehicle operation for each seasonal period. This means that the applicant/licensee must appear at a driver's license examination station during the current seasonal period or not more than 30 days before the beginning of the period to have the person's good driving record confirmed. Upon confirmation, the department shall issue a replacement license with a restriction validating the license for that seasonal period, provided the person is otherwise eligible for the license. The fee for a replacement license shall be as specified in Iowa Code section 321.195.

h. The same process must be repeated for each seasonal period.

This rule is intended to implement Iowa Code section 321.176B.

761—607.50(321) Self-certification of type of driving and submission of medical examiner's certificate.

607.50(1) *Applicants for new, transferred, renewed or upgraded CDL.*

a. A person shall provide to the department a self-certification of type of driving if the person is applying for:

- (1) An initial commercial driver's license,
- (2) A transfer of a commercial driver's license from a prior state of domicile to the state of Iowa,
- (3) Renewal of a commercial driver's license, or
- (4) A license upgrade for a commercial driver's license or an endorsement authorizing the operation of a commercial motor vehicle not covered by the current commercial driver's license.

b. The self-certification shall be on a form or in a format, which may be electronic, as provided by the department.

607.50(2) *Enrollment of existing CDL holders.* Every person who holds a commercial driver's license on or after January 30, 2012, and up to January 30, 2014, and who has not otherwise made a self-certification of type of driving under subrule 607.50(1) shall make to the department a self-certification of type of driving. The self-certification may be made on or after January 30, 2012, but must be made no later than January 29, 2014.

607.50(3) *Submission of medical examiner's certificate by persons certifying to non-excepted interstate driving.* Every person who self-certifies to non-excepted interstate driving must give the department a copy of the person's current medical examiner's certificate. A person who fails to provide a required medical examiner's certificate shall not be allowed to proceed with an initial issuance, transfer, renewal, or upgrade of a license until the person gives the department a medical examiner's certificate that complies with the requirements of this subrule, or changes the person's self-certification of type of driving to a type other than non-excepted interstate driving. For persons submitting a current medical examiner's certificate, the department shall post a medical certification status of "certified" on the person's CDLIS driver's record. A person who self-certifies to a type of driving other than non-excepted interstate shall have no medical certification status on the CDLIS driver's record.

607.50(4) *Maintaining certified status.* To maintain a medical certification status of "certified," a person who self-certifies to non-excepted interstate driving must give the department a copy of each

subsequently issued medical examiner's certificate valid for the person. The copy must be given to the department at least ten days before the previous medical examiner's certificate expires.

607.50(5) CDL downgrade. If the medical examiner's certificate or medical variance for a person self-certifying to non-excepted interstate driving expires or if the Federal Motor Carrier Safety Administration notifies the department that the person's medical variance was removed or rescinded, the department shall post a medical certification status of "not certified" to the person's CDLIS driver's record and shall initiate a downgrade of the person's commercial driver's license. The medical examiner's certificate of a person who fails to maintain a medical certification status of "certified" as required by subrule 607.50(4) shall be deemed to be expired on the date of expiration of the last medical examiner's certificate filed for the person as shown by the person's CDLIS driver's record. The downgrade will be initiated and completed as follows:

a. The department shall give the person written notice that the person's medical certification status is "not certified" and that the commercial driver's license privilege will be removed from the person's driver's license 60 days after the date the medical examiner's certificate or medical variance expired or the medical variance was removed or rescinded unless the person submits to the department a current medical certificate or medical variance or self-certifies to a type of driving other than non-excepted interstate.

b. If the person submits a current medical examiner's certificate or medical variance before the end of the 60-day period, the department shall post a medical certification status of "certified" on the person's CDLIS driver's record and shall terminate the downgrade of the person's commercial driver's license.

c. If the person self-certifies to a type of driving other than non-excepted interstate before the end of the 60-day period, the department shall not remove the commercial driver's license privilege from the person's driver's license, and the person will have no medical certification status on the person's CDLIS driver's record.

d. If the person fails to take the action in either paragraph 607.50(5) "b" or "c" before the end of the 60-day period, the department shall remove the commercial driver's license privilege from the person's driver's license and shall leave the person's medical certification status as "not certified" on the person's CDLIS driver's record.

607.50(6) CDL downgrade of existing CDL holders who fail to enroll before January 30, 2014. Every person subject to subrule 607.50(2) who fails to make a self-certification of type of driving or fails to give the department a copy of the person's medical examiner's certificate as required by subrule 607.50(3) before January 30, 2014, shall be subject to a CDL downgrade. The department shall post a medical certification status of "not certified" to the CDLIS driver's record and shall initiate a downgrade of the driver's commercial driver's license following the procedure set forth in subrule 607.50(5). In such cases, the 60-day period shall begin January 30, 2014, and the person shall be required to make an initial self-certification of type of driving to terminate the CDL downgrade and to avoid removal of the commercial driver's license privilege. The person's status and privilege under subrule 607.50(5) shall be determined according to the certification made or not made.

607.50(7) Establishment or reestablishment of "certified" status. A person who has no medical certification status or whose medical certification status has been posted as "not certified" on the person's CDLIS driver's record may establish or reestablish the status as "certified" by submitting a current medical examiner's certificate or medical variance to the department. A person who has failed to self-certify to a type of driving or has self-certified to a type of driving other than non-excepted interstate must also make a self-certification of type of driving to non-excepted interstate driving. The department shall then post a medical certification status of "certified" on the person's CDLIS driver's record.

607.50(8) Reestablishment of the CDL privilege. A person whose commercial driver's license privilege has been removed from the person's driver's license under the provisions of paragraph 607.50(5) "d" may reestablish the commercial driver's license privilege to the person's driver's license by either of the following methods:

a. Submitting a current medical examiner's certificate or medical variance to the department. A person who has failed to self-certify to a type of driving must also make an initial self-certification of type of driving to non-excepted interstate driving. The department shall then post a medical certification status of "certified" on the person's CDLIS driver's record and reestablish the commercial driver's license privilege to the person's driver's license, provided that the person otherwise remains eligible for a commercial driver's license.

b. Self-certifying to a type of driving other than non-excepted interstate. The department shall then reestablish the commercial driver's license privilege to the person's driver's license, provided that the person otherwise remains eligible for a commercial driver's license; the person will have no medical certification status on the driver's CDLIS driver's record.

607.50(9) *Change of type of driving.* A person may change the person's self-certification of type of driving at any time. As required by subrule 607.50(3), a person certifying to non-excepted interstate driving must give the department a copy of the person's current medical examiner's certificate prepared by a medical examiner.

607.50(10) *Record keeping.* The department shall comply with the medical record-keeping requirements set forth in 49 CFR Section 383.73.

This rule is intended to implement Iowa Code section 321.182; section 321.188 as amended by 2011 Iowa Acts, Senate File 205, sections 13 and 14; and 2011 Iowa Acts, Senate File 205, section 17.

761—607.51(321) Determination of gross vehicle weight rating.

607.51(1) *Vehicle other than towed vehicle.* For a vehicle other than a towed vehicle that has no legible manufacturer's certification label, the applicant may provide documentation of the gross vehicle weight rating, such as a manufacturer's certificate of origin, a title, a vehicle registration document, or the vehicle identification number information for the vehicle. In the absence of the above documentation, the registered weight of the vehicle shall be presumed to be the gross vehicle weight rating.

607.51(2) *Towed vehicle.* For a towed vehicle without a gross vehicle weight rating specified by the manufacturer, the gross vehicle weight rating shall be its gross weight.

This rule is intended to implement Iowa Code section 321.1.
