281—83.3(284) Mentoring and induction program for beginning teachers.

83.3(1) Option one: beginning teacher mentoring and induction program.

a. Purpose. The beginning teacher mentoring and induction program is created to promote excellence in teaching, enhance student achievement, build a supportive environment within school districts and area education agencies, increase the retention of promising beginning teachers, and promote the personal and professional well-being of teachers. Completion of a beginning teacher mentoring and induction program is one manner in which a beginning teacher may meet the requirement of Iowa Code section 272.28(1).

b. Participation. School districts and area education agencies may provide a beginning teacher mentoring and induction program for all beginning teachers. A beginning teacher, as defined in this chapter, shall be informed by the school district or area education agency, prior to the beginning teacher’s participation in a mentoring and induction program, of the Iowa teaching standards and criteria upon which the beginning teacher shall be evaluated and of the evaluation process utilized by the school district or area education agency. The beginning teacher shall be comprehensively evaluated by the end of the beginning teacher’s second year of teaching to determine whether the teacher meets expectations to move to the career level. The school district or area education agency shall recommend for a standard license a beginning teacher who has successfully met the Iowa teaching standards as determined by a comprehensive evaluation.
(1) If a beginning teacher who is participating in a mentoring and induction program leaves the employ of a school district or area education agency prior to completion of the program, the school district or area education agency subsequently hiring the beginning teacher shall credit the beginning teacher with the time earned in a program prior to the subsequent hiring. If the general assembly appropriates moneys for purposes of Iowa Code section 284.5, a school district or area education agency is eligible to receive state assistance for up to two years for each beginning teacher the school district or area education agency employs who was formerly employed in an accredited nonpublic school or in another state as a first-year teacher. The school district or area education agency employing the teacher shall determine the conditions and requirements of a teacher participating in a mentoring and induction program.

(2) A school district or area education agency may offer a teacher a third year of participation in the program if, after conducting a comprehensive evaluation, the school district or area education agency determines that the teacher is likely to successfully complete the mentoring and induction program by meeting the Iowa teaching standards by the end of the third year of eligibility. The third year of eligibility is offered at the employing district’s or area education agency’s expense. A teacher granted a third year of eligibility shall, in cooperation with the teacher’s evaluator, develop a plan to meet the Iowa teaching standards and district or area education agency career expectations. This plan will be implemented by the teacher and supported through the district’s or area education agency’s mentoring and induction program. The school district or area education agency shall notify the board of educational examiners that the teacher will participate in a third year of the school district’s program. The teacher shall undergo a comprehensive evaluation at the end of the third year.

(3) For purposes of comprehensive evaluations for beginning teachers, including the comprehensive evaluation required for the beginning teacher to progress to career teacher, the Iowa teaching standards and criteria shall be as described in rule 281—83.4(284). A school district or area education agency shall participate in state program evaluations.

A school district or area education agency shall have the board adopt a beginning teacher mentoring and induction program plan and written procedures for the program. At the board’s discretion, the district or area education agency may choose to use or revise the model plan provided by the area education agency or develop a plan locally. The components of a district’s or area education agency’s beginning teacher mentoring and induction program shall include, but are not limited to, the following:

      (1) If a beginning teacher who is participating in a framework for beginning teachers leaves the employ of a school district prior to completion of the framework, the school district or area education agency subsequently hiring the beginning teacher shall credit the beginning teacher with the time earned in such a framework prior to the subsequent hiring.

      (2) A school district may offer a teacher a third year of participation in a framework for beginning teachers if, after conducting a comprehensive evaluation, the school district determines that the teacher is likely to successfully meet the Iowa teaching standards by the end of the third year of eligibility. The third year of eligibility is offered at the employing district’s expense. A teacher granted a third year of eligibility shall, in cooperation with the teacher’s evaluator, develop a plan to meet the Iowa teaching standards and district or area education agency career expectations.
