CHAPTER 17

653—17.1(148E) Purpose. The licensure of acupuncturists is established to ensure that practitioners are qualified to provide Iowans with safe and healthful care. 653—17.2(148E) Scope of chapter. The rules in this chapter shall only apply to individuals licensed under Iowa Code chapter 148E. In accordance with Iowa Code section 148E.3, the rules in this chapter shall not apply to the following:
1. A person otherwise licensed by the state to practice medicine and surgery, osteopathic medicine and surgery, chiropractic, podiatry, or dentistry who is exclusively engaged in the practice of the person’s profession.
2. A student practicing acupuncture under the direct supervision of a licensed acupuncturist as part of a course of study approved by the board.

17.5(6) Licensure application review process. The process below shall be utilized to review each application. Priority shall be given to processing a licensure application when a written request is received in the board office from an applicant whose practice will primarily involve provision of services to underserved populations, including but not limited to persons who are minorities or low-income or who live in rural areas.

a. An application for initial licensure shall be considered open from the date the application form is received in the board office with the nonrefundable initial application fee.

b. After reviewing each application, staff shall notify the applicant about how to resolve any problems identified by the reviewer. An applicant shall provide additional information when requested by staff or the board.

c. If the final review indicates no questions or concerns regarding the applicant’s qualifications for licensure, staff may administratively grant the license. The staff may grant the license without having received a report on the applicant from the FBI.

d. If the final review indicates questions or concerns that cannot be remedied by continued communication with the applicant, the executive director, the director of licensure and the director of legal affairs shall determine if the questions or concerns indicate any uncertainty about the applicant’s current qualifications for licensure:

(1) If there is no current concern, staff shall administratively grant the license.

(2) If any concern exists, the application shall be referred to the committee.

e. Staff shall refer to the committee for review matters which include but are not limited to: falsification of information on the application, criminal record, malpractice, substance abuse, competency, physical or mental illness, or professional disciplinary history.

f. If the committee is able to eliminate questions or concerns without dissension from staff or a committee member, the committee may direct staff to issue the license administratively.

   (6) Request that the applicant withdraw the licensure application; or
   (7) Deny a license.
   h. The board shall consider applications and recommendations from the committee and shall:
      (1) Request an investigation;
      (2) Request that the applicant appear for an interview;
      (3) If an applicant has not engaged in active practice in the past three years in any jurisdiction of the United States, require an applicant to:
         1. Successfully complete continuing education or retraining programs in areas directly related to the safe and healthful practice of acupuncture deemed appropriate by the board or committee;
         2. Successfully pass a competency evaluation approved by the board;
         3. Successfully pass an examination approved by the board; or
         4. Successfully complete a reentry to practice program or monitoring program approved by the board;
      (4) Issue a license;
      (5) Issue a license under certain terms and conditions or with certain restrictions;
      (6) Request that the applicant withdraw the licensure application; or
      (7) Deny a license. The board may deny a license for any grounds on which the board may discipline a license.

17.5(7) Grounds for denial of licensure. The board, on the recommendation of the committee, may deny an application for licensure for any of the following reasons:
   a. Failure to meet the requirements for licensure specified in rule 653—17.4(147,148E) as authorized by Iowa Code section 148E.2 or of this chapter of the board’s rules.
   b. Pursuant to Iowa Code section 147.4, upon any of the grounds for which licensure may be revoked or suspended as specified in Iowa Code sections 147.55 and 148E.8 or in rule 653—17.12(147,148E,272C).

17.5(8) Preliminary notice of denial. Prior to the denial of licensure to an applicant, the board shall issue a preliminary notice of denial that shall be sent to the applicant by regular, first-class mail at the address provided by the applicant. The preliminary notice of denial is a public record and shall cite the factual and legal basis for denying the application, notify the applicant of the appeal process, and specify the date upon which the denial will become final if it is not appealed.

17.5(9) Appeal procedure. An applicant who has received a preliminary notice of denial may appeal the denial and request a hearing on the issues related to the preliminary notice of denial by serving a request for hearing upon the executive director not more than 30 calendar days following the date when the preliminary notice of denial was mailed. The applicant’s current address shall be provided in the request for hearing. The request is deemed filed on the date it is received in the board office. If the request is received with a USPS nonmetered postmark, the board shall consider the postmark date as the date the request is filed. The request shall specify the factual or legal errors and that the applicant desires an evidentiary hearing and may provide additional written information or documents in support of licensure.

17.5(10) Hearing. If an applicant appeals the preliminary notice of denial and requests a hearing, the hearing shall be a contested case and subsequent proceedings shall be conducted in accordance with 653—25.30(17A).
   a. License denial hearings are contested cases open to the public.
   b. Either party may request issuance of a protective order in the event privileged or confidential information is submitted into evidence.
   c. Evidence supporting the denial of the license may be presented by an assistant attorney general.
   d. While each party shall have the burden of establishing the affirmative of matters asserted, the applicant shall have the ultimate burden of persuasion as to the applicant’s qualification for licensure.
e. The board, after a hearing on license denial, may grant or deny the application for licensure. The board shall state the reasons for its decision and may grant the license, grant the license with restrictions, or deny the license. The final decision is a public record.

f. Judicial review of a final order of the board denying licensure, or issuing a license with restrictions, may be sought in accordance with the provisions of Iowa Code section 17A.19, which are applicable to judicial review of any agency's final decision in a contested case.

17.5(11) Finality. If an applicant does not appeal a preliminary notice of denial in accordance with 17.5(9), the preliminary notice of denial automatically becomes final. A final denial of an application for licensure is a public record.

17.5(12) Failure to pursue appeal. If an applicant appeals a preliminary notice of denial in accordance with 17.5(9) but the applicant fails to pursue that appeal to a final decision within one year from the date of the preliminary notice of denial, the board may dismiss the appeal. The appeal may be dismissed only after the board sends a written notice by first-class mail to the applicant at the applicant's last-known address. The notice shall state that the appeal will be dismissed and the preliminary notice of denial will become final if the applicant does not contact the board to schedule the appeal hearing within 30 days of the date the letter is mailed from the board office. Upon dismissal of an appeal, the preliminary notice of denial becomes final. A final denial of an application for licensure under this rule is a public record.

17.5(13) Waiver or variance prohibited. Provisions of this rule are not subject to waiver or variance pursuant to IAC 653—Chapter 3 or any other provision of law.

17.6(1) Display of license. Licensed acupuncturists shall display the license issued by the board in a conspicuous place in their primary place of business.

17.6(2) Distribution and retention of disclosure sheet. Pursuant to Iowa Code section 148E.6, the licensee shall distribute a disclosure sheet on initial contact with patients and retain a copy, signed and dated by the patient, for a period of at least five years after termination of treatment. The disclosure sheet shall include the following:

a. The name, business address, and business telephone number of the acupuncturist.

b. A fee schedule.

c. A listing of the acupuncturist's education, experience, degrees, certificates, or credentials related to acupuncture awarded by professional acupuncture organizations and the length of time required to obtain the degrees or credentials and experience.

d. A statement indicating any license, certificate, or registration in a health care occupation that was revoked by any local, state, or national health care agency.

e. A statement that the acupuncturist is complying with statutes and rules adopted by the board, including a statement that only presterilized, disposable needles are used by the acupuncturist.

f. A statement indicating that the practice of acupuncture is regulated by the board.

g. A statement indicating that a license to practice acupuncture does not authorize a person to practice medicine and surgery in this state and that the services of an acupuncturist must not be regarded as diagnosis and treatment by a person licensed to practice medicine and must not be regarded as medical opinion or advice.

[ARC 2950C, IAB 2/15/17, effective 3/22/17]

653—17.7(147,148E,272C) Biennial renewal of license required. Pursuant to Iowa Code section 148E.2, a license expires on October 31 of even-numbered years and can be renewed for the fee identified in 653—paragraph 8.2(2) “c.” The applicant for renewal shall provide an NCCAOM certificate that demonstrates that the applicant holds current active status as a diplomate in acupuncture or oriental medicine from the NCCAOM.

17.7(1) Expiration date. Certificates of licensure to practice acupuncture shall expire on October 31 in even years.
17.7(2) Prorated fees. The first renewal fee for a license shall be prorated on a monthly basis according to the date of issue.

17.7(3) Renewal requirements and penalties for late renewal. Each licensee shall be sent a renewal notice at least 60 days prior to the expiration date. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive the notice does not relieve the licensee of responsibility for renewing that license.

a. When online renewal is used, the licensee must complete the online renewal prior to midnight on December 31 in order to ensure that the license will not become inactive. The license becomes inactive and invalid at 12:01 a.m. on January 1.

b. Upon receipt of the completed renewal application, staff shall administratively issue a license that expires on October 31 of even-numbered years. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration.

c. Every renewal shall be displayed in connection with the original certificate of licensure.

d. If the licensee fails to submit the renewal application and renewal fee prior to the expiration date on the current license, a $50 penalty shall be assessed for renewal in the grace period, a period up until January 1 when the license becomes inactive if not renewed.

17.7(4) Inactive license. Failure of a licensee to renew by January 1 will result in invalidation of the license and the license will become inactive.

a. Licensees are prohibited from engaging in the practice of acupuncture once the license is lapsed.

b. Having an acupuncturist license in lapsed status does not preclude the board from taking disciplinary actions authorized in Iowa Code section 147.55 or 148E.8.

(7) A chronology accounting for all time periods from the date of initial licensure.

(8) A statement disclosing and explaining any charge of a misdemeanor or felony involving the applicant filed in any jurisdiction, whether or not any appeal or other proceeding is pending to have the conviction or plea set aside.

c. Pay the reinstatement fee of $400 plus the fee identified in 653—paragraph 8.2(2)”e” for the evaluation of the fingerprint packet and the DCI and FBI criminal history background checks.

17.10(4) Title. An acupuncturist licensed under this title may use the words “licensed acupuncturist” or “L.Ac.” to connote professional standing after the licensee’s name in accordance with Iowa Code section 147.74(18).

17.10(5) Change of contact information.
