

CHAPTER 231
OFFICE OF PUBLIC GUARDIAN

Chapter rescission date pursuant to Iowa Code section 17A.7: 10/1/30

441—231.1(231E,633) Purpose. This chapter implements the office of public guardian as created in Iowa Code chapter 231E and establishes standards and procedures for the state office of public guardian and local offices of public guardian. It also establishes the qualifications of consumers eligible for services. [ARC 9497C, IAB 8/20/25, effective 10/1/25]

441—231.2(231E,633) Definitions. Words and phrases used in this chapter are as defined in Iowa Code chapter 231E or 633 unless the context indicates otherwise. The following definitions also apply to this chapter:

“*Evaluation*” means a comprehensive, in-depth evaluation to identify an individual’s current situation, ability to function, strengths, problems, and care needs in the following major functional areas: physical health, medical care utilization, activities of daily living, instrumental activities of daily living, mental and social functioning, financial resources, physical environment, and utilization of services and support.

“*Fee*” or “*fees*” means any costs assessed by the state office or a local office against a protected person or a client for public guardianship services.

“*Guardian case manager*” means an employee of the state office or a local office, or a contractor of a local office, who provides public guardianship services to protected persons or clients or who supervises employees, contractors, or volunteers who provide public guardianship services to protected persons or clients. “Guardian case manager” does not include employees or contractors whose responsibilities are strictly administrative in nature.

“*Program*” means the activities and services offered by the office of public guardian pursuant to Iowa Code chapter 231E.

“*Record*” means any information obtained by the state or local office in the performance of its duties. [ARC 9497C, IAB 8/20/25, effective 10/1/25]

441—231.3(231E,633) Public guardian qualifications. All public guardians shall have graduated from an accredited four-year college or university or shall have an equivalent combination of education and full-time equivalent work experience working with older adults, people with disabilities, or people overcoming social, economic, psychological or health problems. All guardian case managers shall be certified by the Center for Guardianship Certification within 12 months of assuming duties as a guardian case manager. This certification shall be kept current while the person is serving as a guardian case manager. [ARC 9497C, IAB 8/20/25, effective 10/1/25]

441—231.4(231E,633) Ethics and standards of practice. The state office adopts the National Guardianship Association Standards of Practice adopted in 2000, and revised in 2022, and as amended to October 1, 2025, as a statement of the best practices and the highest quality of practice for persons serving as guardians or conservators. The adoption of standards of practice in this document is not intended to amend or diminish the statutory scheme but rather to supplement and enhance the understanding of the statutory obligations to be met by public guardians when serving as a public guardian. Upon appointment to serve a protected person or client, the public guardian shall perform all duties imposed by the court or other entity having jurisdiction and imposed by applicable law and, as appropriate, shall utilize standards found in the National Guardianship Association Standards of Practice as amended to October 1, 2025. Representative payees will adhere to the standards of the Social Security Administration, as well as any service contracts or grants established by the department. [ARC 9497C, IAB 8/20/25, effective 10/1/25]

441—231.5(231E,633) Staffing ratio. The state office or a local office will be responsible for no more than 40 protected persons per full-time equivalent guardian case manager at any one time. In the state

office's sole discretion, the state office or a local office may exceed staffing ratios only under the following circumstances:

1. A priority situation exists as defined in subrule 231.7(2), and
2. Acceptance of case(s) will not adversely affect services to current protected persons or clients.

[ARC 9497C, IAB 8/20/25, effective 10/1/25]

441—231.6(231E,633) Conflict of interest. A conflict of interest arises when the state office or a local office serving a protected person or client has any personal or departmental interest that is or may be perceived as self-serving or adverse to the position or best interest of the protected person or client. When assigning the state office or a local office, all reasonable efforts shall be made to avoid a conflict of interest or the appearance of a conflict of interest.

231.6(1) The assigned state office or local office shall not:

- a. Provide direct services to the protected person or client receiving public guardianship services;
- b. Enter into any transaction, take any action, or make any decision related to the protected person's or client's finances that would benefit the state office or a local office; any of the state office's or a local office's employees, volunteers, or contractors; or any relatives of any of the state office's or a local office's employees, volunteers, or contractors;
- c. Employ friends or family to provide services to the protected person or client for a fee; or
- d. Solicit or accept incentives from service providers.

231.6(2) The state office or a local office shall be independent from all service providers, thus ensuring that the public guardian remains free to challenge inappropriate or poorly delivered services and to advocate on behalf of the protected person or client.

[ARC 9497C, IAB 8/20/25, effective 10/1/25]

441—231.7(231E,633) Individuals eligible for services. The office of public guardian will seek to restrict appointments to only those necessary. The state office or a local office will not accept an appointment based upon a voluntary petition unless that appointment is as a successor guardian or conservator and the court has, after notice and hearing, found by clear and convincing evidence that the protected person meets the legal standard for appointment of a guardian in Iowa Code section 633.552, the legal standard for appointment of a conservator in Iowa Code section 633.553, or both.

231.7(1) In order to qualify for services, an individual shall meet all of the following criteria:

- a. Is a resident of the state of Iowa;
- b. Is aged 18 or older or is at least 17 years and six months of age for appointment of a guardian or conservator on a standby basis for a minor approaching majority pursuant to Iowa Code section 633.567;
- c. Does not have a suitable individual or appropriate entity willing and able to serve as guardian, conservator, or representative payee;
- d. Is "incompetent" as defined in Iowa Code section 633.3(25) (for appointment of a guardian or conservator) or is incapable of managing social security or supplemental security income (SSI) payments as determined by the Social Security Administration (for representative payee);
- e. Is an individual for whom guardianship, conservatorship, or representative payee services are the least restrictive means of meeting the individual's needs; and
- f. A viable plan for improving the care and safety of the individual is possible.

231.7(2) The following cases shall be given priority:

- a. Those involving abuse, neglect or exploitation that public guardianship services can address;
- b. Those in which a critical medical decision must be made; or
- c. Any situation that may cause serious or irreparable harm to the individual's mental or physical health or finances.

[ARC 9497C, IAB 8/20/25, effective 10/1/25]

441—231.8(231E,633) Application and intake process—guardianship, conservatorship, and representative payee.

231.8(1) Any person may submit an application for services on behalf of an individual believed to be in need of public guardianship services. Applications are available on the department's website. Incomplete

applications will not be considered. Communication with the state office or a local office or the submission of an application does not guarantee eligibility for public guardianship services and does not create any type of fiduciary relationship between the state office and the individual on whose behalf the application is submitted.

231.8(2) The state office will make a determination regarding eligibility of the individual and acceptance or denial of the case based on a review of the completed application.

231.8(3) The state office will grant or deny an application for services as soon as practicable but, in any event, within 60 days of receipt of the application.

231.8(4) Failure of the state office to grant or deny an application within the specified time period may be deemed a denial of the application by the state office.

231.8(5) In the event that the state office or a local office does not have sufficient resources to accept new cases, the state office will place applications that are eligible for public guardianship services on a waiting list.

a. Cases will be taken off the waiting list in the order in which they were received.

b. Cases that meet the priority criteria outlined in subrule 231.7(2) will be moved to the top of the waiting list and will be taken off the waiting list in the order in which they were received.

231.8(6) The state office or a local office will only file a petition to be appointed as guardian or conservator of an eligible individual if there is no person or entity that has an interest in the welfare of the adult who could file the petition pursuant to Iowa Code section 633.556(1).

[ARC 9497C, IAB 8/20/25, effective 10/1/25]

441—231.9(231E,633) Case records.

231.9(1) The state office or a local office will establish a case record for each protected person or client the state office or a local office is appointed to serve. At a minimum, the case record must contain demographic information, including:

a. Copies of the evaluations, medical records, and updates, if any;

b. A separate financial management folder containing an inventory, an individual financial management plan, a record of all financial transactions made on behalf of the protected person or client by the public guardian, copies of receipts for all expenditures made by the public guardian on behalf of the protected person or client, and copies of all other documents pertaining to the protected person or client's financial situation as required by the state office;

c. Itemized statements of costs incurred in the provision of services for which the public guardian received court-authorized reimbursement directly from the protected person or client's estate; and

d. Other information as required by the state office.

231.9(2) All case records maintained by the public guardian shall be confidential as provided in Iowa Code section 231E.4(6) "g."

[ARC 9497C, IAB 8/20/25, effective 10/1/25]

441—231.10(231E,633) Confidentiality. Notwithstanding Iowa Code chapter 22, the following provisions shall apply to records obtained by public guardians in the course of their duties.

231.10(1) Unless otherwise provided by rule or law, records and information of the state office of public guardian are governed by 441—Chapter 2505.

231.10(2) Records and information obtained as part of an application for public guardianship services are confidential.

a. If more than one application for public guardianship services is submitted on behalf of the same individual, the state office may disclose the following information to the applicants:

(1) The date of any other application submitted on behalf of the individual;

(2) The name and contact information of the other applicant or applicants;

(3) The status of the other application or applications, including copies of any notices sent to the other applicant or applicants.

b. The state office or a local office may disclose the existence of an application and information contained in an application to family members, service providers, case managers, or others named in an application for public guardianship services in order to gather supplemental information necessary to

determine eligibility for public guardianship services or to attempt to locate an individual for whom an application was submitted.

c. The state office may release records and information obtained as part of an application for public guardianship services to a local office of public guardian in anticipation of the local office providing public guardianship services to the individual.

231.10(3) Records and information about a protected person or client obtained or maintained for use by the state office or a local office of public guardian are confidential. Once appointed as an individual's guardian, conservator, or representative payee, the state office or a local office may, at the state office's or a local office's sole discretion, exercise the authority granted by the court or federal agency to obtain, disclose, or consent to the release of confidential records or information about the protected person or client if doing so is necessary and in the best interest of the protected person or client. The state office or a local office will obtain the written consent of the protected person or client or the person's or client's legal representative prior to obtaining or disclosing confidential records or information outside the scope of the state office's or a local office's authority. Disclosure of a record or information under this rule does not affect the confidential nature of the record.

231.10(4) Records and information may be redacted so that personally identifiable information is kept confidential.

231.10(5) The state office or a local office may enter into contracts or agreements with public or private entities in order to carry out the state office's or a local office's official duties. Information necessary to carry out these duties may be shared with these entities.

[ARC 9497C, IAB 8/20/25, effective 10/1/25; Editorial change: IAC Supplement 6/10/26]

441—231.11(231E,633) Termination or limitation. Either a local office or the state office may seek the termination or limitation of a local office's duties under circumstances including:

1. Public guardianship services are no longer needed or do not benefit the protected person or client;
2. The protected person's or client's assets allow for hiring a paid guardianship or conservatorship service provider;
3. A conflict of interest or the appearance of a conflict of interest arises;
4. The state or a local office lacks adequate staff or financial resources;
5. The protected person or client moves outside the state or outside the local office's service area;
6. Public guardianship is no longer the last resort for assistance;

- a. Such compensation shall not exceed actual costs.
