481—2034.1(543D) Qualifications to register as an associate appraiser.

2034.1(1) Education. A person applying for registration as an associate appraiser will, at a minimum, satisfactorily complete all AQB-approved, qualifying education courses needed under the AQB criteria specifying educational standards applicable for registration as an associate appraiser.

2034.1(2) Background check. A state and national criminal history check will be performed on any new associate appraiser applicant. The applicant will authorize release of the results of the criminal history check to the board. If the criminal history check was not completed within 180 calendar days prior to the date the license application is received by the board, the board may perform a new state and national criminal history check or may reject and return the application to the applicant.

2034.1(3) Application process. After completing the AQB associate appraiser obligations, a person applying as an associate appraiser can then access the application through the board's online system. A sufficient application within the meaning of Iowa Code section 17A.18(2) will include all information as outlined in the board's online system and be accompanied by the applicable fee.

2034.1(4) Registration denial. The board may deny an application for registration as an associate appraiser on any ground identified in 481—subrule 2033.4(1) or on any ground upon which the board may impose discipline against an associate appraiser, as provided in 481—Chapter 2036.

481—2034.2(543D) Supervision of associate appraisers.

2034.2(1) Direct supervision. An associate appraiser is subject to the direct supervision obligations set by the AQB criteria.

2034.2(2) Supervisor registration. An associate appraiser, other than a PAREA associate, will identify all supervisors by whom the associate will be supervised through the board's online system and will promptly notify the board in the event of any change in supervisors. An associate appraiser, other than a PAREA associate, who does not have at least one approved active supervisor meeting the supervision obligations will be placed in inactive status until such time as the associate finds a supervisor. Associate appraisers wishing to maintain an inactive license have to continue to renew on a biennial basis in accordance with rule 481—2034.3(543D).

2034.2(3) Scope of practice. The scope of practice for an associate appraiser is set by the AQB criteria.

481—2034.3(543D) Renewal of associate appraiser registration. An associate appraiser registration has to be renewed on a biennial basis as more fully described in 481—Chapter 2038. An associate appraiser is subject to the same continuing education obligations applicable to a certified appraiser as a precondition for renewal. Continuing education obligations are outlined in 481—Chapter 2040.

481—2034.4(543D) Progress toward certification as a certified residential appraiser or certified general appraiser.

2034.4(1) Associate classification. The associate appraiser classification is intended for those persons training to become certified appraisers and is not intended as a long-term method of performing appraisal services under the supervision of a certified appraiser in the absence of progress toward certification. As

a result, the board may impose deadlines for achieving certification, or for satisfying certain prerequisites toward certification.

2034.4(2) Progress reports. In order to assess an associate appraiser's progress toward certification, the board may request periodic progress reports from the associate appraiser and from the associate appraiser's supervisory appraiser or appraisers.

2034.6(1) In order to reinstate or reactivate an associate registration that has lapsed or been placed in inactive or retired status, the applicant has to complete all continuing education obligations for reinstatement as required by board rule and the AQB criteria. Any qualifying education course taken under this rule as continuing education will also apply as qualifying education toward certification. If the applicant has completed all qualifying education prior to applying to reinstate a lapsed, retired, or inactive associate registration, the applicant may use any approved continuing education course as required by board rule and the AQB criteria.

2034.6(2) If an appraiser's registration is placed in inactive status as a result of the appraiser's failure to maintain at least one approved active supervisor meeting the obligations of this chapter pursuant to subrule 2034.2(2), the applicant will complete the continuing education in accordance with subrule 2034.6(1) in order to reinstate the associate registration but is not obligated to pay any reinstatement fee otherwise due so long as the associate has not renewed the registration to inactive status or allowed the registration to lapse prior to reinstating or reactivating the registration.
