641—56.2(135) Waiver-eligible component. Persons eligible for the brain injury services waiver and on the waiting list for the waiver are eligible for the waiver-eligible component. The program may provide funding for the nonfederal share of the cost of services if the appropriation for the medical assistance program does not have sufficient funding designated to do so.

56.2(1) Provision of funding under this component is not an entitlement and is subject to funding availability.

56.2(2) A person who receives support under the waiver-eligible component of the program is not eligible to receive support under the cost-share component of the program.

[**ARC 9705C**, IAB 11/12/25, effective 1/1/26]

641—56.3(135) Cost-share component. Persons determined ineligible for the brain injury services waiver due to fiscal or functional criteria or persons who are eligible for the waiver but for whom funding was not authorized or available to provide waiver eligibility are eligible for the cost-share component of the program.

56.3(1) An individual must meet all of the following requirements:

a. The individual is aged one month through 64 years.

b. The individual has a brain injury as defined in Iowa Code section 135.22.

c. The individual is a resident of Iowa and either a United States citizen or a qualified alien as defined in 8 U.S.C. Section 1641 as amended to August 1, 2025.

d. The individual meets the cost-share component's financial eligibility requirements and is willing to pay a cost share for the cost-share component.

56.3(2) Financial eligibility and cost share. The department will use countable income to determine initial and ongoing eligibility for the program. Cost share will be as follows:

a. Individuals who are at 300 percent or below the federal poverty level for a family of the same size will not be assessed a cost share.

b. Individuals whose countable income is between 301 percent and 350 percent of the federal poverty level for a family of the same size will be assessed a 10 percent cost share for services that will be payable to the service provider.

c. Individuals whose countable income is between 351 percent and 400 percent of the federal poverty level for a family of the same size will be assessed a 20 percent cost share for services that will be payable to the service provider.

d. Individuals whose countable income is above 400 percent of the federal poverty level for a family of the same size will be assessed a 30 percent cost share for services that will be payable to the service provider.

56.3(3) The cost-share component must be the source of last resort for payment; the program will not pay for services when the provision of those services is mandated by law or administrative rule to be the responsibility of another governmental unit, private agency or program. Brain injury cost-share services are not available to an individual who receives services or funding under any type of medical assistance home- and community-based services waiver.

641—56.4(135) Application process.

56.4(1) The department will provide the application materials, including the waiver application and any denial letter, financial assessment, and functional assessment regarding the person in an agreed-upon format.

56.4(2) The department will determine eligibility within 45 days of receipt of complete application materials.

a. After determining if the applicant's service needs fit within the scope of the program, the department will inform the discharge planner or case manager on behalf of the applicant or the applicant's legal representative of the applicant's eligibility.

b. The case manager will establish an interdisciplinary team for each member and, with the team, identify the member's plan based on the member's needs and desires as well as the availability and appropriateness of services. The case manager will notify the department of the service plan.

c. The date of eligibility for applicants deemed eligible for the cost-share component will be the date when both the service eligibility and financial eligibility assessments have been completed.

d. The department will notify the applicant or the applicant's legal representative within seven days of the date eligibility determination is completed.

56.4(3) After determining an applicant's eligibility, if no payment slot is available, the program will enter the applicant on a waiting list according to the following:

a. The date a completed application is date-stamped in a county office of the department. If more than one application is received on the same date, applicants will be entered on the waiting list on the basis of the applicant's month of birth, with January designated as month one.

b. As slots become available, applicants will be selected from the waiting list based on their order on the waiting list to maintain the number of persons approved for participation in the program.

56.4(4) The member or the member's legal representative shall complete and sign a Brain Injury Functional Assessment form indicating the member's choice of caregiver.

56.4(5) The member's case manager will initiate development of the consumer's service plan and commencement of services. All service plans must be approved by the program.

56.4(6) The department will not pay the cost of services provided to a member prior to approval of eligibility.

56.4(7) The program will make the final determination as to whether program funding will be authorized under the cost-share component.

56.5(1) A service provider must either be certified to provide services under the brain injury services waiver or have a contract with a county to provide services and apply to become certified to provide services under the brain injury services waiver within 90 days of the date that services commence.

56.5(2) The reimbursement rate payable for the cost of a service provided under the cost-share component is the rate payable under the medical assistance program. However, if the service provider does not have a medical assistance program reimbursement rate, the rate will be the amount payable under the county contract.

56.5(3) All service providers must contract with the department and will be paid retroactively to the date of service eligibility.

56.5(4) Service providers will be responsible for billing and collection of any cost share from an individual as determined by the department.

56.6(3) All service plans must be submitted, either electronically or in hard-copy format, to the program for approval prior to implementation.

56.6(4) Any change to the service plan must be approved by the program.
[**ARC 9705C**, IAB 11/12/25, effective 1/1/26]

56.7(2) The department will also conduct a redetermination of continuing eligibility when a change in financial or functional circumstances occurs that affects eligibility.
