PREAMBLE

The purpose of the Iowa adoption exchange as mandated by Iowa Code section 232.119, is to facilitate the placement of Iowa children who are legally available for adoption.

This chapter requires that children with special needs under state guardianship be registered on the Iowa adoption exchange within 60 days after termination of parental rights unless a deferral is granted according to Iowa Code section 232.119 and that all children under state guardianship for whom an adoptive home is not available within 90 days after termination be registered, not just children with special needs. Child-placing agencies may also register children under their guardianship whose parental rights have been terminated.

Department workers, child-placing agencies and certified adoption investigators shall register approved adoptive families, if the families wish to adopt a child with special needs or a sibling group.
