ELECTION FORMS AND INSTRUCTIONS
[Prior to 7/13/88, see Secretary of State[750], Ch 11]

DIVISION I
GENERAL ADMINISTRATIVE PROCEDURES

721—21.1(47) Emergency election procedures. The state commissioner of elections may exercise emergency powers over any election being held in a district in which either a natural or other disaster or extremely inclement weather has occurred. The state commissioner may also exercise emergency powers during an armed conflict involving United States armed forces, or mobilization of those forces, or if an election contest court finds that there were errors in the conduct of an election making it impossible to determine the result.

21.1(1) Definitions.

“*Commissioner*” means the county commissioner of elections.

“*Election contest court*” means any of the courts specified in Iowa Code sections 57.1, 58.4, 61.1, 62.1 and 376.10.

“*Extremely inclement weather*” means a natural occurrence, such as a rainstorm, windstorm, ice storm, blizzard, tornado or other weather conditions, which makes travel extremely dangerous or which threatens the public peace, health and safety of the people or which damages and destroys public and private property.

“*Natural disaster*” means a natural occurrence, such as a fire, flood, blizzard, earthquake, tornado, windstorm, ice storm, or other events, which threatens the public peace, health and safety of the people or which damages and destroys public and private property.

“*Other disaster*” means an occurrence caused by machines or people, such as fire, hazardous substance or nuclear power plant accident or incident, which threatens the public peace, health and safety of the people or which damages and destroys public and private property.

“*State commissioner*” means the state commissioner of elections.

21.1(2) Notice of natural or other disaster or extremely inclement weather. The county commissioner of elections, or the commissioner’s designee, may notify the state commissioner of elections that due to a natural or other disaster or extremely inclement weather an election cannot safely be conducted in the time or place for which the election is scheduled to be held. If the commissioner or the commissioner’s designee is unable to transmit notice of the hazardous conditions, the notice may be given by any elected county official. Verification of the commissioner’s agreement with the severity of the conditions and the danger to the election process shall be transmitted to the state commissioner as soon as possible. Notice may be given by telephone or by facsimile machine, but a signed notice shall also be delivered to the state commissioner.

21.1(3) Declaration of emergency due to natural or other disaster or extremely inclement weather. After receiving notice of hazardous conditions, the state commissioner of elections, or the state commissioner’s designee, may declare that an emergency exists in the affected precinct or precincts. A copy of the declaration of the emergency shall be provided to the commissioner.

21.1(4) Emergency modifications to conduct of elections. When the state commissioner of elections has declared that an emergency exists due to a natural or other disaster or to extremely inclement weather, the county commissioner of elections, or the commissioner’s designee, shall consult with the state commissioner to develop a plan to conduct the election under the emergency conditions. All modifications to the usual method for conducting elections shall be approved in advance by the state commissioner unless prior approval is impossible to obtain.

Modifications may be made to the method for conducting the election including relocation of the polling place, postponement of the hour of opening the polls, postponement of the date of the election if no candidates for federal offices are on the ballot, reduction in the number of precinct election officials in nonpartisan elections, or other reasonable and prudent modifications that will permit the election to be conducted.

21.1(5) *Relocation of polling place.* The substitute polling place shall be as close as possible to the usual polling place and shall be within the same precinct if possible. Preference shall be given to buildings which are accessible to the elderly and disabled. Buildings supported by taxation shall be made available without charge by the authorities responsible for their administration. If it is necessary, more than one precinct may be located in the same room.

A notice of the location of the substitute polling place shall be posted on the door of the former polling place not later than one hour before the scheduled time for opening the polls or as soon as possible. If it is unsafe or impossible to post the sign on the door of the former polling place, the notice shall be posted in some other visible place at or near the site of the former polling place. If time permits, notice of the relocation of the polling place shall be published in the same newspaper in which notice of election was published, otherwise notice of relocation may be published in any newspaper of general circulation in the political subdivision which will appear on or before election day. The commissioner shall inform all broadcast media and print news organizations serving the jurisdiction of the modifications.

21.1(6) *Postponement of election.* An election, other than an election at which a federal office appears on the ballot, may be postponed until the following Tuesday. If the election involves more than one precinct, the postponement must include all precincts within the political subdivision. If the election is postponed, ballots shall not be reprinted to reflect the modification in the election date. The date of the close of voter preregistration by mail for the election shall not be extended. Precinct election registers prepared for the original election date may be used or reprinted at the commissioner's discretion.

On the day that the postponed election is actually held, all election day procedures must be repeated.

21.1(7) *Absentee voting in postponed elections.* Absentee ballots shall be delivered to voters pursuant to Iowa Code section 53.22 until the date the election is actually held. Absentee ballots shall be accepted at the commissioner's office until the hour the polls close on the date the election is held. Absentee ballots which are postmarked or which bear an Intelligent Mail barcode (IMb) traceable to a date of entry into the federal mail system no later than the day before the election is actually held shall be accepted if received no later than the time prescribed by the Iowa Code for the usual conduct of the election. The time shall be calculated from the date on which the election is held, not the date for which the election was originally scheduled. However, if absentee ballots have been tabulated before the election is postponed, the absentee ballots shall be sealed in an envelope by the absentee and special voters precinct board and stored securely until the date the election is actually held. The sealed envelopes shall be opened by the absentee and special voters precinct board on the date the election is actually held, counters on the tabulating equipment (if any) shall be reset to zero, and all absentee ballots tabulated on the original election date shall be retabulated.

21.1(8) *Absentee and special voters precinct board in postponed elections.* The absentee and special voters precinct board shall meet to consider provisional ballots at the times specified in Iowa Code sections 50.22 and 52.23, calculated from the date the election is held. No absentee ballots shall be counted until the date the election is held.

21.1(9) *Canvass of votes in postponed elections.* The canvass of votes shall also be rescheduled for one week after the originally scheduled canvass date.

21.1(10) *Postponements made on election day.* If the emergency is declared while the polls are open and the decision is made to postpone the election, each precinct polling place in the political subdivision shall be notified to close its doors and to halt all voting immediately. People present in the polling place who are waiting to vote shall not be given ballots. People who have received and marked their ballots shall deposit them in the ballot box; unmarked ballots may be returned to the precinct election officials.

The precinct election officials shall seal all ballots which were cast before the declaration of the emergency in secure containers. The containers shall be clearly marked as ballots from the postponed election. If it is safe to do so, the ballot containers, election register, and other election supplies shall be transported to the commissioner's office. The ballots shall be stored in a secure place. If it is unsafe to travel to the commissioner's office, the chairperson of the precinct election board shall see that the ballots and the election register are securely stored until it is safe to return them to the commissioner. If no contest is pending six months after the canvass for the election is completed, the unopened, sealed ballot containers shall be destroyed.

If automatic tabulating equipment is used, the automatic tabulating equipment shall be closed and sealed without printing the results. Before the date the election is held, the automatic tabulating equipment shall be reset to zero. Documents showing the progress of the count, if any, shall be sealed in an envelope and stored. No one shall reveal the progress of the count. After six months, the sealed envelope containing the vote totals shall be destroyed if no contest is pending.

21.1(11) *Records kept.* The state commissioner of elections shall maintain records of each emergency declaration. The records of emergency declarations for federal elections shall be kept for 22 months, and records for all other elections shall be kept for six months following the election. The records shall include the following information:

- a. The county in which the emergency occurred.
- b. The date and time the emergency declaration was requested.
- c. The name and title of the person making the request.
- d. Name and date of the election affected.
- e. The jurisdiction for which the election is to be conducted (school, city, county, or other).
- f. The number of precincts in the jurisdiction.
- g. The number of precincts affected by the emergency.
- h. The nature of the emergency, i.e., natural or other disaster, or extremely inclement weather.
- i. The date or dates of the occurrence of the natural or other disaster or extremely inclement weather.
- j. Conditions affecting the conduct of the election.
- k. Whether the polling places may safely be opened on time.
- l. Action taken: such as moving the polling place, change voting system, postpone election until the following Tuesday.
- m. Method to be used to inform the public of changes made in the election procedure.
- n. The signature of the state commissioner or the state commissioner's designee who was responsible for declaring the emergency.

21.1(12) *Federal elections.*

a. If an emergency occurs that will adversely affect the conduct of an election at which candidates for federal office will appear on the ballot, the election shall not be postponed or delayed. Emergency measures shall be limited to relocation of polling places, modification of the method of voting, reduction of the number of precinct election officials at a precinct and other modifications of prescribed election procedures which will enable the election to be conducted on the date and during the hours required by law.

The primary election held in June of even-numbered years and the general election held in November of even-numbered years shall not be postponed. Special elections called by the governor pursuant to Iowa Code section 69.14 shall not be postponed unless no federal office appears on the ballot.

b. If a federal or state court order extends the time established for closing the polls pursuant to Iowa Code section 49.73, any person who votes after the statutory hour for closing the polls shall vote only by casting a provisional ballot pursuant to Iowa Code section 49.81. Provisional ballots cast after the statutory hour for closing the polls shall be sealed in a separate envelope from provisional ballots cast during the statutory polling hours. The absentee and special voters precinct board shall tabulate and report the results of the two sets of provisional ballots separately.

21.1(13) *Military emergencies.* A voter who is entitled to vote by absentee ballot under the federal Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA) and Iowa Code chapter 53, division II, "Absent Voting by Armed Forces," may return an absentee ballot via electronic transmission only if the voter is located in an area designated by the U.S. Department of Defense to be an imminent danger pay area or if the voter is an active member of the army, navy, marine corps, merchant marine, coast guard, air force or Iowa national guard and is located outside the United States or any of its territories. Procedures for the return of absentee ballots by electronic transmission are described in subrule 21.320(4).

21.1(14) *Election contest emergency.* If an election contest court finds that there were errors in the conduct of an election which make it impossible to determine the result of the election, the contest court shall notify the state commissioner of elections of its finding. The state commissioner shall order a repeat

election to be held. The repeat election date shall be set by the state commissioner. The repeat election shall be conducted under the state commissioner's supervision.

The repeat election shall be held at the earliest possible time, but it shall not be held earlier than 14 days after the date the election was set aside. Voter registration, publication, equipment testing and other applicable deadlines shall be calculated from the date of the repeat election.

The repeat election shall be conducted under the same procedures required for the election that was set aside, except that all known errors in preparation and procedure shall be corrected. The nominations from the initial election shall be used in the repeat election unless the contest court specifically rejects the initial nomination process in its findings. Precinct election officials for the repeat election may be replaced at the discretion of the auditor.

The following materials prepared for the original election shall be used or reconstructed for the repeat election:

Ballots (showing the date of repeat election). This may be stamped on ballots printed for the original election.

Notice of election (showing the date of repeat election).

21.2(1) *Electronic copies of absentee ballot applications and affidavits of candidacy accepted for filing.* Assuming that all other legal requirements are met, absentee ballot applications and affidavits of candidacy required by Iowa Code chapters 43, 44, 45, 161A, 260C, 277, 376 and 420 may be submitted electronically by either fax or email if presented to the appropriate filing officer as an exact copy of the original and if the submission is in compliance with subrule 21.2(2).

21.2(2) *Original absentee ballot applications.* The original absentee ballot application submitted electronically shall also be mailed or delivered to the commissioner. If mailed, the envelope bearing the original absentee ballot application shall be postmarked not later than the voter registration deadline provided in Iowa Code section 48A.9 for the election for which the ballot is requested. This subrule shall not apply to documents submitted electronically by UOCAVA voters pursuant to rule 721—21.320(53).

a. The voter's absentee ballot shall be rejected by the absentee and special voters precinct board if the original absentee ballot application which was filed electronically is not received by the time the polls close on election day.

b. The voter's absentee ballot shall be rejected by the absentee and special voters precinct board if the postmark or Intelligent Mail barcode (IMb) on the envelope containing the original absentee ballot application is either illegible or later than the voter registration deadline provided in Iowa Code section 48A.9 for the election for which the ballot is requested.

c. If an affidavit of candidacy filing is voided because the original affidavit of candidacy submitted by facsimile machine was postmarked too late or arrives too late, the person who filed the document shall be notified immediately in writing.

721—21.3(49,48A) Voter identification documents.**21.3(1) Identification documents for persons other than election day registrants.**

a. Unless the person is registering to vote at the polls on election day, precinct election officials shall accept the identification documents listed in Iowa Code section 48A.8 and 2017 Iowa Acts, House File 516, section 27, from any person who is asked or required to present identification pursuant to Iowa Code section 49.77.

b. Current and valid identification. “Current and valid” or “identification,” for persons other than election day registrants, means identification that meets the following criteria:

(1) Iowa driver’s licenses and nonoperator’s identification cards used to establish identity pursuant to 2017 Iowa Acts, House File 516, section 27, shall be accepted up to 90 days after the expiration date listed on the license. It is still acceptable on the ninetieth day. An Iowa nonoperator’s identification card that does not expire shall be considered current and valid.

(2) Veterans and military identification cards that do not contain an expiration date or that do not expire and voter identification cards issued pursuant to 2017 Iowa Acts, House File 516, section 18, shall be considered current and valid.

(3) For registration pursuant to Iowa Code section 48A.8, the proof of residence must be dated, or describe terms of residency current to, within 45 days prior to submission.

(4) All other forms of identification used to establish identity pursuant to 2017 Iowa Acts, House File 516, section 27, shall not be expired. An identification is still valid on the expiration date.

c. A current and valid identification may include a former address, when used for identification purposes only.

21.3(2) Identification for election day registrants.

a. A person who applies to register to vote on election day shall provide proof of identity and residence pursuant to Iowa Code section 48A.7A and 2017 Iowa Acts, House File 516, section 27, in the precinct where the person is applying to register and vote.

b. Any registered voter who attests for another person registering to vote at the polls on election day shall meet the requirements in Iowa Code section 48A.7A. The registered voter may be a precinct election official or a pollwatcher, but may not attest for more than one person applying to register at the same election.

c. Current and valid identification. “Current and valid” or “identification,” for the purposes of election day registration, means identification that meets the following criteria:

(1) The expiration date on the identification card has not passed. An identification is still valid on the expiration date. An Iowa nonoperator’s identification card that does not expire shall be considered current and valid.

(2) Veterans and military identification cards that do not contain an expiration date or that do not expire and voter identification cards issued pursuant to 2017 Iowa Acts, House File 516, section 18, shall be considered current and valid.

d. A current and valid identification may include a former address, when used for identification purposes only.

21.3(3) Proof of residence standards for all voters. Any person required to present proof of residence pursuant to Iowa Code sections 48A.7A and 48A.8 shall provide documentation that meets the following requirements:

a. The proof of residence document must be listed in Iowa Code section 48A.7A or 48A.8.

b. The document must be current within 45 days of election day, unless otherwise provided by law.

c. A residential lease’s stated term must include election day.

d. Property tax statements are current within 45 days of March 31 or the final payment date, if the final payment date is stated in the document.

21.3(4) Identification not provided. After January 1, 2019, a person who is required to provide identification and does not provide it shall vote only by provisional ballot pursuant to Iowa Code section 49.81. However, a person who is registering to vote on election day pursuant to Iowa Code

section 48A.7A may establish identity and residency in the precinct by written oath of a person who is registered to vote in the precinct. A registered voter may only attest for one election day registrant.

21.3(5) *Attesting to identity by signing oath.* A person who cannot show proof of identity at the polls may swear to the oath appearing in 2017 Iowa Acts, House File 516, section 27(8). This provision is repealed effective January 1, 2019.

21.3(6) *Determination of identity and residency.* Proof of identity and residence of persons offering to vote is presumed valid unless the precinct election official determines the proof offered does not match the voter. In determining whether a person offering to vote is eligible under Iowa Code section 48A.7A and Iowa Code chapter 49, precinct election officials shall consider all of the information presented by the person offering to vote prior to determining that the person is not eligible. The following are factors that shall be considered by precinct election officials in making the determination:

- a. Changes to the voter's physical appearance or signature,
- b. Time elapsed since the proof was generated, subject to the Iowa Code sections that govern the validity and expiration timelines of the proof,
- c. Other documentation allowable under Iowa Code chapter 48A to prove the facts in question.

21.3(7) *Post-election day proof of identity or residency.* As of January 1, 2019, a person required to cast a provisional ballot under this rule may submit proof of identity or residence after election day. The proof must be received by the commissioner not later than 12 noon on the Monday following the election, or if the law authorizing the election specifies that the supervisors canvass the votes earlier than the Monday following the election, it must be received by the commissioner before the canvass for that election by the board of supervisors. Defects may be cured through the use of documentation as permitted under Iowa Code section 48A.7A or 2017 Iowa Acts, House File 516, section 27. If such defects are cured, the voter's ballot shall be counted.

This rule is intended to implement Iowa Code sections 48A.7A and 49.77, 2017 Iowa Acts, House File 516, section 27, and the Help America Vote Act.

721—21.4(49) *Changes of address at the polls.* An Iowa voter who has moved from one precinct to another in the county where the person is registered to vote may report a change of address at the polls on election day.

21.4(1) To qualify to vote in the election being held that day, the voter shall:

- a. Go to the polling place for the precinct where the voter lives on election day.
- b. Complete a registration form showing the person's current address in the precinct.
- c. Present proof of residence and identity as required by subrules 21.3(1) through 21.3(4).

21.4(2) The officials shall require a person who is reporting a change of address at the polls to cast a provisional ballot if the person's registration in the county cannot be confirmed. Registration may be confirmed by:

- a. Telephoning the office of the county commissioner of elections, or
- b. Reviewing a printed list of all registered voters who are qualified to vote in the county for the election being held that day, or
- c. Researching the county's voter registration records using a computer.

21.4(3) In precincts where the voter's declaration of eligibility is included in the election register pursuant to rule 721—21.5(49) and Iowa Code section 49.77, the commissioner shall provide to each precinct one of the two following methods for recording changes of address:

- a. The voter shall be given both an eligibility declaration and a voter registration form. The eligibility declaration may be printed on the same piece of paper as the voter registration form.
- b. The commissioner shall provide blank lines on the election register for the precinct election officials to record the voter's name, address, and, if provided, telephone number, and, in primary

elections, political party affiliation. The voter shall sign the election register next to the printed information. The voter shall also complete a voter registration form showing the voter's current address.

This rule is intended to implement Iowa Code section 49.77.

721—21.5(49) Eligibility declarations in the election register. To compensate for the absence of a separate declaration of eligibility form, the commissioner shall provide to each precinct a voter roster with space for each person who appears at the precinct to vote to print the following information: first and last name, address, date of birth, and, at the voter's option, telephone number, and, in primary elections, political party affiliation.

The roster forms shall include the name and date of the election and the name of the precinct, and may be provided on paper that makes carbonless copies. If a multicopy form is used, the commissioner shall retain the original copy of the voter roster with other records of the election.

This rule is intended to implement Iowa Code section 49.77.

721—21.6(43,50) Turnout reports. Rescinded IAB 6/2/10, effective 7/1/10.

721—21.7(48A) Election day registration. In addition to complying with the identification provisions in rule 721—21.3(49,48A), precinct election officials shall comply with the following requirements:

21.7(1) Precinct election officials shall inspect the identification documents presented by election day registrants to verify the following:

- a. The photograph shows the person who is registering to vote, and the document has not expired.
- b. The name on the identification document is the same as the name of the applicant.
- c. The address on the proof of residence document is in the precinct where the person is registering to vote and is current within 45 days.

21.7(2) Precinct election officials shall verify that each person who attempts to attest to the identity and residence of a person who is registering to vote on election day is a registered voter in the precinct and has not attested for any other voter in the election. The officials shall note in the election register that the person has attested for an election day registrant.

21.7(3) Precinct election officials shall permit any person who is in line to vote at the time the polls close to register and vote on election day if the person otherwise meets all of the election day registration requirements.

21.7(4) In precincts where an electronic program is not used to check the name of an election day registrant against the statewide list of felons who have had their right to vote revoked, the voter shall be required to cast a provisional ballot. The voter shall be allowed to present evidence of the person's right to vote until 12 noon on the Monday following the election, or if the law authorizing the election specifies that the supervisors canvass the votes earlier than the Monday following the election, the evidence must be received by the commissioner before the canvass for that election by the board of supervisors. Precinct election officials shall provide each election day registrant with a "Notice to Election Day Registrants" prepared by the state commissioner before allowing the voter to register and vote on election day. The "Notice to Election Day Registrants" prepared by the state commissioner will be posted on the state commissioner's website.

This rule is intended to implement Iowa Code section 48A.7A.

721—21.8(48A) Notice to election day registrant. The commissioner shall send to each person who registers to vote on election day, pursuant to Iowa Code section 48A.7A, an acknowledgment of the registration by nonforwardable mail. If the postal service returns the acknowledgment as undeliverable,

the commissioner shall send a notice to the voter by forwardable mail. The notice shall be substantially in the form titled “Notice to Election Day Registrant” posted on the state commissioner’s website.

This rule is intended to implement Iowa Code sections 48A.7A and 48A.26A.
[ARC 8045B, IAB 8/26/09, effective 7/27/09]

721—21.9(49) “Vote here” signs.

1. Size. The signs shall be no smaller than 16 inches by 24 inches.
2. Exceptions. If a driveway leads away from the entrance to the voting area, or if the driveway is located in such a way that posting a “vote here” sign at the driveway entrance would not help potential voters find the voting area, no “vote here” sign shall be posted at the entrance to that driveway.

This rule is intended to implement Iowa Code section 49.21.

721—21.10(43) Application for status as a political party. A political organization which is not currently qualified as a political party may file an application for determination of political party status with the state commissioner of elections. The application may be filed after the completion of the executive council’s canvass of votes for the general election, but not later than one year after the date of the election at which the organization’s candidate for President of the United States or governor received at least 2 percent of the vote.

21.10(1) Application form. The application shall be substantially in the form titled “Application for Political Party Status” posted on the state commissioner’s website.

21.10(2) Response. If the political organization meets the requirements established in Iowa Code section 43.2, the commissioner shall declare that the organization has qualified as a political party, effective 21 days after the application is approved. If the organization does not meet the requirements, the state commissioner shall immediately notify the applicant in writing of the reason for the rejection of the application.

21.10(3) Disqualification of political party. If at the close of nominations for the general election a political party has not nominated a candidate for the office of President of the United States, or for governor, as the case may be, the political party shall be disqualified immediately.

If the candidate of a political party for President of the United States or for governor, as the case may be, does not receive 2 percent of the votes cast for that office at a general election, the political party shall be disqualified. The effective date of the disqualification shall be the date of the completion of the state canvass of votes.

When a political party is disqualified, the state commissioner shall immediately notify the chairperson or central committee of the disqualified political party.

21.10(4) Notice of qualification and disqualification of political parties. The state commissioner of elections shall immediately notify the state registrar of voters, the voter registration commission, and the county commissioners of elections when a political party is qualified or disqualified. The notice shall include the name of the political party and the date upon which change in political party status becomes effective.

The state commissioner of elections shall also publish notice of the qualification or disqualification of a political party in a newspaper of general circulation in each congressional district. The publication shall be made within 30 days of the approval of an application for qualification or within 30 days of the effective date of a disqualification.

This rule is intended to implement Iowa Code sections 43.2 and 47.1.
[ARC 8045B, IAB 8/26/09, effective 7/27/09]

721—21.14(53) Intelligent Mail barcode (IMb) Tracing. A commissioner may choose to use Intelligent Mail barcode (IMb) Tracing (IMb Tracing) to determine when an absentee ballot has entered into the federal mail system as an alternative to a traditional postmark verification.

a. Prior to a commissioner's implementation of IMb Tracing for an election, notice must be sent to the state commissioner.

b. A commissioner may not implement or discontinue the use of IMb Tracing while an election is open once absentee ballots have been mailed pursuant to Iowa Code section 53.8.

An absentee ballot shall be counted once it is determined that the absentee ballot arrived in the federal mail system by the deadline specified in Iowa Code chapter 53. The absentee ballot's entry into the federal mail system may be verified either by a postmark or by information obtained through IMb Tracing. For absentee ballots received after election day, but before the official canvass:

b. If the postmark is illegible, missing, or dated on or after election day, the commissioner shall attempt to verify the absentee ballot's entry into the federal mail system by using the IMb Tracing information for the ballot. The commissioner shall provide all of the materials to the board.

c. If there is a date discrepancy between the postmark and the IMb, the earlier of the two shall determine whether or not the absentee ballot can be counted.

d. If neither the postmark nor the IMb indicate that the absentee ballot entered the federal mail system by the deadline specified in Iowa Code chapter 53, the absentee ballot shall not be counted.

e. The information provided by the commissioner to the board must contain the numeric value assigned to the IMb barcode and a full report from the United States Postal Service.

21.50(1) *Inspection required.* Before any building may be designated for use as a polling place, the county commissioner of elections or the commissioner's designee shall inspect the building to determine whether it is accessible to persons with disabilities.

21.50(2) *Frequency of inspection.* Polling places that have been inspected using the Polling Place Accessibility Survey Form prescribed in subrule 21.50(4) shall be reinspected if structural changes are made to the building or if the location of the polling place inside the building is changed.

21.50(3) *Review of accessibility.* Not less than 90 days before each primary election, the commissioner shall determine whether each polling place needs to be reinspected.

21.50(4) *Standards for determining polling place accessibility.* The survey form available on the state commissioner's website titled "Polling Place Accessibility Survey" shall be used to evaluate polling places for accessibility to persons with disabilities.

The term “off-street parking” used in the polling place accessibility survey means parking places in lots separated from the street and includes angle parking along the street if the accessible route from the parking place to the polling place is entirely out of the path of traffic. Parking arrangements that require either the driver or passengers of the vehicle to go into the traveled part of the street are not accessible.

An access aisle at street level that is at least 60 inches wide and the same length as each accessible parking space shall be provided. An accessible public sidewalk curb ramp shall connect the access aisle to the continuous passage to the polling place. At least one parking place shall be van-accessible with a 96-inch access aisle connected to the continuous passage to the polling place by an accessible public sidewalk curb ramp. Two accessible parking spaces may share a common access aisle.

21.50(5) *Temporary waiver of accessibility requirements.* Notwithstanding the waiver provisions of 721—Chapter 10, if the county commissioner is unable to provide an accessible polling place for any precinct, the commissioner shall apply for a temporary waiver of accessibility requirements pursuant to this subrule. Applications shall be filed with the secretary of state not later than 60 days before the date of any scheduled election. If a waiver is granted, it shall be valid for two years from the date of approval by the secretary of state.

a. Each application shall include the following documents:

(1) Application for Temporary Waiver of Accessibility Requirements.

(2) A copy of the Polling Place Accessibility Survey Form for the polling place to be used.

(3) A copy of the Polling Place Accessibility Survey Form for any other buildings that were surveyed and rejected as possible polling place sites for the precinct.

b. If an accessible place becomes available at least 30 days before an election, the commissioner shall change polling places and shall notify the secretary of state. The notice shall include a copy of the Polling Place Accessibility Survey Form for the new polling place.

21.50(6) *Emergency waivers.* During the 60 days preceding an election, if a polling place becomes unavailable for use due to fire, flood, or changes made to the building, or for other reasons, the commissioner must apply for an emergency waiver of accessibility requirements in order to move the polling place to an inaccessible building. Emergency waiver applications must be filed with the secretary of state as soon as possible before election day. To apply for an emergency waiver, the commissioner shall send the following documents:

a. Application for Temporary Waiver of Accessibility Requirements.

b. A copy of the Polling Place Accessibility Survey Form for the polling place selected.

c. A copy of the Polling Place Accessibility Survey Form for any other buildings that were surveyed and rejected as possible polling place sites for this precinct (if any).

21.50(7) *Application form.* The form posted on the state commissioner’s website titled “Temporary Waiver of Accessibility Requirements” shall be used to apply for a temporary waiver of accessibility requirements.

21.50(8) *Evaluation of waivers.* When the secretary of state receives waiver applications, the applications shall be reviewed carefully. A response shall be sent to the commissioner within one week by email or by fax to notify the commissioner when the waiver request was received and whether additional information is needed.

21.50(9) *Granting waivers.* If the secretary of state determines from the documents filed with the waiver request that conditions justify the use of a polling place that does not meet accessibility standards, the secretary of state shall grant the waiver of accessibility requirements. If the secretary of state determines from the documents filed with the waiver request that all potential polling places have been surveyed and no accessible place is available, and the available building cannot be made temporarily accessible, the waiver shall be granted.

21.50(10) *Notice required.* Each notice of election published pursuant to Iowa Code section 49.53 shall clearly describe which polling places are inaccessible. The notice shall include a description of the services available to persons with disabilities who live in precincts with inaccessible polling places. The notice shall be in substantially the following form:

Any voter who is physically unable to enter a polling place has the right to vote in the voter's vehicle. For further information, please contact the county auditor's office at the telephone number or email address listed below:

Telephone: _____ Email address: _____.

For TTY access, dial 711 + [auditor's office number].

21.50(11) Denial of waiver requests. The secretary of state shall review each waiver request. The secretary of state shall consider the totality of the circumstances as shown by the information on the waiver request, information contained in previous applications for waivers for the same precinct and for other precincts in the county, and other relevant available information. The waiver request may be denied if it appears that the commissioner has not made a good-faith effort to find an accessible polling place. If the waiver request is denied, the secretary of state shall notify the commissioner in writing of the reason for denying the request.

This rule is intended to implement Iowa Code section 49.21.

Upon receiving the request, the commissioner shall print and mail a new voter identification card.

721—21.75(49) Voting centers for certain elections. The commissioner may establish voting centers for the regular city election, city primary election, city runoff election, regular school election, and special elections.

21.75(1) Definition.

"Voting center" means a location established by the commissioner for the purpose of providing ballots to all registered voters who are qualified to vote in a particular jurisdiction for a regular city election, city primary election, city runoff election, regular school election, or special election.

21.75(2) Minimum requirements.

a. *Establishment.* One or more voting centers may be established in lieu of precinct polling places for the elections at which the use of voting centers is permitted. Regular polling place sites that are accessible to people with disabilities may be used as voting centers for any election at which the use of voting centers is permitted. Other suitable locations may also be used.

b. Location of voting centers. If voting centers are established for an election, at least one voting center must be located within the boundaries of the political subdivision for which the election is being conducted. At the commissioner's discretion, additional vote centers may be established as long as the voting center is located within the boundaries of the political subdivision for which the election is being conducted.

c. Accessibility. A voting center is subject to the requirements of Iowa Code section 49.21 relating to accessibility to persons who are elderly and persons with disabilities and relating to the posting of signs.

21.75(3) Hours. Voting center hours shall be the same as permitted for an election pursuant to Iowa Code section 49.73.

21.75(4) Publications. The location of each voting center shall be published in the notice of election by the commissioner in the same manner as the location of polling places is required to be published. The notice of election shall also include a description of the voting center in substantially the following form:

For the _____ election to be held on [date], voting centers will be available. Any registered voter of [jurisdiction name] may vote at any of the following places in this election:

[List addresses of voting centers.]

21.75(5) Posting notices at regular polling places on election day. If voting centers are established in lieu of regular polling places for an election, the commissioner shall post a notice of voting center locations, not later than the hour at which the polls open on the day of the election, on each door to the usual polling place in the precinct. The notice shall remain posted until the polls have closed.

21.75(6) I-Voters use prohibited. The commissioner shall not provide direct access from voting centers to the I-Voters system on election day.

21.75(7) Determining ballot rotations. For the purposes of determining ballot rotations pursuant to Iowa Code section 49.31 in an election for which the commissioner has established voting centers, the commissioner may use either precincts established pursuant to Iowa Code sections 49.3 to 49.5 or consolidated precincts established pursuant to Iowa Code section 49.11, subsection 3, paragraph "a." If the commissioner uses consolidated precincts established pursuant to Iowa Code section 49.11, subsection 3, paragraph "a," the commissioner shall use the same consolidated precincts used in the last regularly scheduled election conducted for the political subdivision in which voting centers were not used.

21.75(8) Operation of voting centers.

a. Election registers and voter lists. Each voting center shall have an election register containing the names, addresses and voter statuses of all registered voters who are eligible to vote in that election. The election register may be a paper list or may be available on computers in an electronic format, rather than as an interactive connection to I-Voters.

b. Election day registration at voting centers. A person who needs to register to vote may register and vote at a voting center provided that the person has appropriate identification and is a resident of the jurisdiction served by the voting center.

c. Voters reporting address changes at voting centers. Any person who is already registered in the county and updates the person's voter registration address at a voting center shall show identification listed in Iowa Code section 48A.8. Persons unable to provide requested identification shall be offered a provisional ballot pursuant to Iowa Code section 49.81.

d. Ballots. Each voting center shall have all ballot styles necessary to provide a ballot to any voter who is eligible to vote in the election for the jurisdiction served by the voting center.

e. Precinct election officials. Voting centers shall be administered by a minimum of three precinct election officials selected pursuant to Iowa Code sections 49.12 to 49.16. These officials shall be trained before each election and shall have specific instructions regarding the differences between voting centers and polling places.

f. Ballot boxes used with optical scan voting equipment at voting centers. The commissioner may instruct two precinct election officials not of the same political party to open the ballot box periodically throughout election day to ensure the ballots are stacking evenly in the ballot box to prevent a voting

equipment malfunction. The precinct election officials charged with inspecting the ballot box shall ensure the ballot box is locked and secured at all times. As an alternative to this procedure, the commissioner may supply any voting center with additional ballot boxes and the precinct election officials may move the optical scan voting equipment to a new ballot box if necessary. All ballot boxes containing voted ballots shall be locked and secured by the precinct election officials at all times.

21.75(9) Postelection review of voter participation.

a. Within 45 days after the election, the commissioner shall review the signed declarations of eligibility or the signed election registers from each voting center, and if any person is found to have voted in more than one voting center in the election, the commissioner shall immediately notify the county attorney.

b. The notice to the county attorney shall include a copy of the person's voter registration record and copies of the declarations of eligibility signed by the voter. The notice shall also include a reference to Iowa Code sections 39A.2(2) and 49.11(3) "b."

The display shall only include the voter and the voter's ballot.

"Interferes," for purposes of this rule, means loitering, congregating, interrupting, or hindering a voter from approaching the poll booth for the purpose of voting, or while the voter is inside the enclosed voting space when marking a ballot.

ABSENTEE VOTING**721—21.300(53) Satellite absentee voting stations.**

21.300(1) Establishment of stations. Satellite absentee voting stations may be established by the county commissioner of elections or by a petition of eligible electors of the jurisdiction conducting the election.

a. Satellite absentee voting stations established by the county commissioner. The county commissioner of elections may designate locations in the county for satellite absentee voting stations. Satellite absentee voting stations established by the commissioner shall be accessible to elderly and disabled voters. Satellite absentee voting stations must also be established so as to provide for voting in secret and ballot security.

b. Satellite absentee voting stations established after receipt of a valid petition. A petition requesting a satellite absentee voting station shall be substantially in the form titled “Petition Requesting Satellite Absentee Voting Station” available on the state commissioner’s website. If the commissioner receives a petition requesting a satellite absentee voting station on or before the petition deadline set forth in Iowa Code section 53.11, the commissioner shall determine the validity of the petition within 24 hours. A petition requesting a satellite absentee voting station is valid if it contains signatures of not less than 100 eligible electors of the jurisdiction conducting the election. Electors signing the petition must include their signature, house number, street, and date the petition was signed. Signatures on lines not containing all of the required information shall not be counted. The heading on each page of the petition shall include the satellite location requested and the election name or date for which the location is requested. Signatures on petition pages without the required heading shall not be counted.

c. Mandatory rejection of certain satellite absentee voting stations. Otherwise valid petitions for satellite absentee voting stations shall be rejected within four days of the commissioner’s receipt of the petition if:

- (1) The site requested is not accessible to elderly and disabled voters,
- (2) The site requested has other physical limitations that make it impossible to meet the requirements for ballot security and secret voting, or
- (3) The owner of the site refuses permission to locate the satellite absentee voting station at the site requested on the petition.

d. Discretionary rejection of certain satellite absentee voting stations. Otherwise valid petitions for satellite absentee voting stations may be rejected within four days of the commissioner’s receipt of the petition if:

- (1) A petition is received requesting satellite voting for a city runoff election and a special election is scheduled to be held between the regular city election and a city runoff election.
- (2) The owner of the site demands payment for its use.

e. Provision of ballots. Only ballots from the county in which the site is located may be provided at the satellite absentee voting station. Ballots must be provided for the precinct in which the satellite absentee voting station is located; however, it is not necessary to provide ballots from all of the precincts in the political subdivision for which the election is being conducted.

21.300(2) Notice provided. Notice shall be published at least seven days before the opening of any satellite absentee voting station. If more than one satellite absentee voting station will be provided, a single publication may be used to notify the public of their availability. If it is not possible to publish the notice at least seven days before the station opens due to the receipt of a petition, the notice shall be published as soon as possible.

A notice shall also be posted at each satellite absentee voting station at least seven days before the opening of the satellite absentee voting station. The notice shall remain posted as long as the satellite absentee voting station is scheduled for service. If the satellite absentee voting station is located in a building with more than one public entrance, brief notices of the location of the satellite absentee voting station shall be posted on building directories, bulletin boards, or doors. These notices shall be posted no later than the time the station opens and shall be removed immediately after the satellite absentee voting station has ceased operation for an election.

21.300(3) Staff. Satellite absentee voting station workers may be selected from among the staff members of the commissioner's office, from the election board panel drawn up pursuant to Iowa Code sections 49.15 and 49.16, or a combination of these two sources. Compensation of workers selected from the election board panel shall be at the rate provided in Iowa Code section 49.20.

At least three people shall be assigned to work at each satellite absentee voting station; more workers may be added at the commissioner's discretion. All workers must be registered voters of the county, and for primary and general elections the workers must be registered with a political party; however, workers not affiliated with any party may be assigned to work at a satellite absentee voting station as long as not more than one-third of the workers assigned to a particular satellite absentee voting station are not affiliated with a political party. For all elections, no more than a simple majority of the workers shall be members of the same political party.

People who are prohibited from working at the polls pursuant to Iowa Code section 49.16 may not work at satellite absentee voting stations.

21.300(4) Oath required. Before the first day of service at a satellite absentee voting station, each worker shall take an oath substantially in the form titled "Election Official/Clerk Oath" available on the state commissioner's website. The oath must be taken before each election.

At the commissioner's discretion the ballots may be transported between the commissioner's office and the satellite absentee voting station by the workers who will be on duty that day, or by two people of different political parties who have been designated as couriers by the commissioner. It is not necessary for the same people to transport the ballots in both directions.

If the ballots are transported by the satellite absentee voting station workers, two workers who are members of different political parties and the ballots must travel together in the same vehicle.

Ballots may be stored at the satellite absentee voting station during hours when the station is closed only if they are kept in a locked cabinet or container. The cabinet must be located in a room which is kept locked when not in use. Voted absentee ballots must be delivered to the commissioner's office at least once each week.

21.300(7) Ballot receipts. Satellite absentee voting station workers shall sign receipts for the ballots taken to the satellite absentee voting site. The receipt shall be substantially in the form titled "Satellite Absentee Voting Station Ballot Record and Receipt" available on the state commissioner's website. A copy of the ballot record and receipt shall be retained in the commissioner's office. The original shall be sent with the ballots to the satellite absentee voting station.

21.300(8) Arrangement of the satellite absentee voting station. Protection of the security of the ballots (both voted and unvoted) and the secrecy of each person's vote shall be considered in the arranging of the satellite absentee voting station.

a. *Security.* The satellite absentee voting station shall be arranged so that ballots are protected against removal from the station by unauthorized persons.

b. *Voting area.* Voting booths without curtains shall be placed so that passersby and other voters may not walk directly behind a person using the booth. At least one voting booth must be accessible to

the disabled. The booth must be designed to accommodate a person seated in a chair or wheelchair. A chair must be provided for voters who wish to sit down while voting or waiting in line.

c. Campaign signs and electioneering. No signs supporting or opposing any candidate or question on the ballot shall be posted on the premises of or within 300 feet of any outside door of any building affording access to a satellite absentee voting station during the hours when absentee ballots are available at the satellite absentee voting station. No electioneering shall be allowed within the sight or hearing of voters while they are at the satellite absentee voting station.

The commissioner may provide a list of registered voters in the precincts served by the station. The list may be on paper or contained in a computerized data file. As an alternative, the commissioner may provide a computer connection with the commissioner's office.

21.300(11) *Procedure for issuing absentee ballot.* The instructions for absentee voting are available on the state commissioner's website and shall be provided to satellite absentee voting station workers unless the commissioner prepares instructions containing substantially the same information as the instructions available on the state commissioner's website.

The voter must also complete an oath of person registering on election day. If the voter does not have appropriate identification, the voter may establish identity and residence using the attestation procedure in Iowa Code section 48A.7A, subsection 1, paragraph “c.” Otherwise, the person may cast only a provisional ballot pursuant to Iowa Code section 49.81. Provisional ballot envelopes shall be used.

This rule is intended to implement Iowa Code section 48A.7A.

721—21.304(53) Absentee ballot requests from voters whose registration records are “pending.” A voter who requests an absentee ballot and is assigned a status of “pending” must provide identification pursuant to Iowa Code section 48A.8.

21.304(1) *In-person applicants.* In-person applicants for absentee ballots assigned a status of “pending” must show identification pursuant to Iowa Code section 48A.8 before casting a ballot. If an in-person applicant provides identification as required by Iowa Code section 48A.8 when casting an absentee ballot in person, the commissioner shall assign the voter’s registration record a status of “active” and provide the voter with an absentee ballot. Voters who are unable to provide identification as required by Iowa Code section 48A.8 shall be offered a provisional ballot pursuant to Iowa Code section 49.81.

21.304(2) *By-mail applicants.* By-mail applicants for absentee ballots assigned a status of “pending” must either come to the commissioner’s office and show identification pursuant to Iowa Code section 48A.8 or mail a photocopy of identification pursuant to Iowa Code section 48A.8 before the voter’s absentee ballot can be counted by the absentee and special voters precinct board. The commissioner shall mail the voter a notice informing the voter of the requirement to provide one of the identification documents listed in Iowa Code section 48A.8 before the voter’s absentee ballot can be considered for counting by the absentee and special voters precinct board. If a by-mail applicant provides identification as required by Iowa Code section 48A.8, the commissioner shall assign the voter’s registration record a status of “active.”

21.304(3) *By-mail absentee voters assigned a status of “pending” who do not provide identification prior to election day.* The ballot of a by-mail absentee voter assigned a status of “pending” who has not shown identification in person at the commissioner’s office or provided a photocopy of identification by mail pursuant to Iowa Code section 48A.8 shall be challenged by a member of the absentee and special voters precinct board on election day pursuant to Iowa Code section 53.31. The absentee and special voters precinct board shall immediately mail notice of the challenge to the voter. The notice shall include the deadline for the voter to provide identification pursuant to Iowa Code section 48A.8. If the voter provides identification pursuant to Iowa Code section 48A.8 prior to the time the absentee and special voters precinct board reconvenes to consider challenged absentee ballots pursuant to Iowa Code section 50.22, the voter’s ballot shall be considered for counting by the absentee and special voters precinct board. If the voter does not provide identification pursuant to Iowa Code section 48A.8 prior to the time the absentee and special voters precinct board reconvenes to consider challenged absentee ballots pursuant to Iowa Code section 50.22, the voter’s absentee ballot shall be rejected by the absentee and special voters precinct board. The voter shall be notified of the reason for rejection pursuant to Iowa Code section 53.25.

This rule is intended to implement Iowa Code sections 48A.8, 53.25 and 53.31.

721—21.305(53) Confirming commissioner’s receipt of an absentee ballot on election day. If a voter’s name is on the absentee list prepared pursuant to Iowa Code sections 49.72 and 53.19 and the voter appears at the polling place to vote on election day, the precinct election officials may contact the commissioner’s office to confirm whether the commissioner has received the voter’s absentee ballot. If the precinct election officials are able to confirm either that the commissioner has not received the voter’s absentee ballot or that the voter’s absentee ballot has been received but cannot be counted due to a defective or incomplete affidavit, the precinct election officials shall permit the voter to cast a regular ballot at the polling place.

After confirming that a voter’s absentee ballot has not been received or that a voter’s absentee ballot has been received but cannot be counted due to a defective or incomplete affidavit, the commissioner shall mark the voter’s absentee ballot as “Void” in the statewide voter registration system. The commissioner shall enter “Voted at polls” in the comment box that appears when the ballot is marked as “Void.”

If a voter's absentee ballot is returned to the commissioner's office after being marked as "Void" pursuant to this rule, the absentee ballot shall be rejected by the absentee and special voters precinct board pursuant to Iowa Code section 53.25 because the voter cast a ballot in person at the polling place.

This rule is intended to implement Iowa Code sections 49.72, 49.81 and 53.19.

721—21.306(53) Incomplete absentee ballot applications. If the commissioner receives an absentee ballot request lacking any of the information required by 2017 Iowa Acts, House File 516, section 6(4)(a), the commissioner shall obtain the necessary information by the best means available pursuant to 2017 Iowa Acts, House File 516, section 6(4)(a). "Best means available," for the purposes of this rule, means contacting the voter directly by mail, email, or telephone or in person. Commissioners may not use the voter registration system to obtain the information.

21.306(1) If the voter does not have current access to the voter identification card, the commissioner shall verify the voter's identity by asking the voter to provide at least two of the following facts about the voter:

- a. Date of birth;
- b. Last four digits of the voter's social security number (if the number is stored within I-Voters);
- c. Driver's license or nonoperator's identification card number (if the number is stored within I-Voters);
- d. Address;
- e. Middle name;
- f. Voter verification number pursuant to Iowa Code section 53.2(4).

21.306(2) If an unregistered person offering to vote an absentee ballot pursuant to Iowa Code section 53.10 or 53.11 prior to the pre-registration deadline does not have an Iowa-issued driver's license, a nonoperator's identification card, or a voter identification card, the person may satisfy residence and identity requirements in the manner described by 2017 Iowa Acts, House File 516, section 27. This section shall also apply to a registered voter casting a ballot pursuant to Iowa Code section 53.10 or 53.11 who has not yet received a voter verification number.

21.306(3) This provision shall not apply to the absence of a preferred political party ballot for primaries held pursuant to Iowa Code section 53.2(5).

This rule is intended to implement Iowa Code section 53.2 as amended by 2017 Iowa Acts, House File 516, section 6.

721—21.307(49,53) Updating signatures on file. A registered voter may update the signature on record with the commissioner at any time. A commissioner shall not require a reason from the voter for the change. The state commissioner shall prescribe a form for the signature update. The form must include the voter's name and the voter's verification number. The form shall be published on the state commissioner's website. A written request with the required information shall not require the form. Upon receiving the signature update request, the commissioner shall verify the information on the form. If the required information is valid, the commissioner shall scan the form into I-Voters. This action shall be processed as a ministerial update and shall not be processed as a change to the voter registration record. If the registrant is attempting to vote pursuant to Iowa Code section 53.10 or 53.11, the registrant shall provide proof of identity prior to submitting the update.

This rule is intended to implement 2017 Iowa Acts, House File 516, section 27, and Iowa Code section 53.18 as amended by 2017 Iowa Acts, House File 516, section 31.

721—21.308 to 21.319 Reserved.

721—21.320(53) Absentee voting by UOCAVA voters. This rule applies only to absentee voting by persons who are entitled to vote by absentee ballot under the federal Uniformed and Overseas Citizens

Absentee Voting Act (UOCAVA) and Iowa Code chapter 53, division II, “Absent Voting by Armed Forces.”

21.320(1) Definitions. The following definitions apply to this rule:

“*Armed forces*,” as used in this rule, is defined in Iowa Code section 53.37(3).

“*FPCA*” means the federal postcard absentee ballot application and voter registration form authorized for use in Iowa by Iowa Code section 53.38.

“*UOCAVA voter*” means any person who is entitled to vote by absentee ballot under the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA) and Iowa Code chapter 53, division II, “Absent Voting by Armed Forces.”

21.320(2) Requests for absentee ballots. All requests for absentee ballots shall be made in writing. Additional requirements for requesting absentee ballots and for processing the requests are set forth below.

a. Forms. UOCAVA voters may use the following official forms to request absentee ballots:

- (1) A federal postcard absentee ballot application and voter registration form (FPCA).
- (2) A state of Iowa official absentee ballot request form.
- (3) For general elections only, a proxy absentee ballot application prescribed by the state commissioner of elections and submitted pursuant to Iowa Code Supplement section 53.40(1)“*b.*”

b. Form not required. UOCAVA voters may request absentee ballots in writing without using an official form. The written request shall be honored if it includes all of the following information about the voter:

- (1) Name.
- (2) Age or date of birth.
- (3) Iowa residence, including street address (if any) and city.
- (4) Address to which the ballot shall be sent.
- (5) Township of residence, if applicable.
- (6) County of residence.
- (7) Party affiliation, if the request is for a ballot for a primary election.
- (8) Signature of voter.
- (9) Statement explaining why the voter is eligible to receive ballots under the provisions of Iowa Code chapter 53, division II. For example, “I am a U.S. citizen living in France.”

c. Methods for transmitting absentee ballot requests. UOCAVA voters may transmit absentee ballot requests by any of the following methods:

- (1) Mail.
- (2) Personal delivery by the voter or a person designated by the voter.
- (3) Facsimile machine.
- (4) Scanned application form or letter transmitted by email. Requests by email that do not include an image of the voter’s written signature as defined by Iowa Code section 39.3, subsection 17, shall not be accepted.

d. Original request not needed. If the request is sent by email or by fax, it is not necessary for the UOCAVA voter to send to the commissioner the original copy of the FPCA or other official form or written request for an absentee ballot.

e. Multiple requests from the same person. Before the ballot is ready to mail, if the commissioner receives more than one request for an absentee ballot for a particular election (or series of elections) by or on behalf of a UOCAVA voter, the last request received shall be the one honored. However, if one of the requests is for a general election ballot and is made using the proxy absentee ballot application process permitted by Iowa Code Supplement section 53.40(1)“*b.*” the request received from the voter shall be the one honored, not the proxy request.

f. Subsequent request after ballot has been sent. Not more than one ballot shall be transmitted by the commissioner to any UOCAVA voter for a particular election unless, after the ballot has been mailed or transmitted electronically pursuant to rule 721—21.320(53), the voter reports a change in the address, email address or fax number to which the ballot should be sent. The commissioner shall void the original absentee ballot request and include a comment in the voter’s registration record, noting

the I-Voters-sequence number of the original ballot and noting that a replacement ballot was sent to an updated address. If the original ballot is returned voted, it shall be counted only if the replacement ballot does not arrive before the deadline for receiving absentee ballots set forth in Iowa Code section 53.17.

g. Requests for absentee ballots through the end of the calendar year. Iowa Code section 53.40 permits UOCAVA voters to request the commissioner to send absentee ballots for all elections as permitted by state law. In response to an absentee ballot request in which the UOCAVA voter requests ballots for all elections, the commissioner shall send the applicant a ballot for each election held after the request is received through the end of the calendar year in which the request is received. If the applicant does not request ballots for all elections or does not specify which elections the request is for, the commissioner shall send the applicant a ballot only for federal elections through the end of the calendar year in which the request is received.

(1) When an absentee ballot for a UOCAVA voter is returned as undeliverable by the United States Postal Service or an email server or a fax cannot be transmitted to the number provided by the voter, the commissioner shall do the following:

1. Verify that the commissioner's office sent the absentee ballot to the address, email address or fax number requested by the UOCAVA voter. If the absentee ballot was sent incorrectly, the commissioner shall correct the error and immediately transmit a new absentee ballot.

2. If the absentee ballot was sent to the correct mailing address, email address or fax number, the commissioner shall email the voter if the commissioner has an email address on file to inform the voter that the voter's ballot was returned undeliverable, and the commissioner must be provided with a new FPCA containing a new mailing address if the voter wishes to continue to receive absentee ballots.

3. If the absentee ballot was sent to the correct mailing address, email address or fax number, the commissioner shall also attempt to contact the voter by sending a forwardable notice to both the voter's residential address and the voter's absentee mailing address informing the voter that the voter's ballot was returned undeliverable, and the commissioner must be provided with a new FPCA containing a new mailing address, email address or fax number if the voter wishes to continue to receive absentee ballots.

4. If the absentee ballot was mailed, emailed or sent to the correct address or fax number, the commissioner shall terminate the voter's current FPCA request and shall not send the voter any further ballots unless a new absentee ballot request is received from the voter.

(2) If the voter provides a new FPCA with a new mailing address, email address or fax number before election day, the commissioner shall enter a new absentee request on the voter's registration record and transmit the ballot via the method requested by the voter. The voter may request that the commissioner transmit the ballot electronically pursuant to subrule 21.320(3).

21.320(3) *Electronic transmission of absentee ballots to UOCAVA voters.*

a. Electronic transmission of absentee ballots by facsimile machine or by email is limited to UOCAVA voters who specifically ask for this service. A UOCAVA voter who asks for electronic transmission of an absentee ballot may request this service for all elections for which the person is qualified to vote or for specific elections either individually or for a specific period of time. The commissioner may employ FVAP's secure transmission program to facilitate electronic transmission of absentee ballots to UOCAVA voters.

b. Forms. The state commissioner shall provide the following forms and instructions for the electronic transmission of absentee ballots to UOCAVA voters:

(1) Instructions to the county commissioners of elections for providing this service.

(2) Instructions to the voter for marking and returning the ballot.

(3) The envelope affidavit form, which can be printed by the voter on an envelope and used for the voter's declaration of eligibility and voter registration application, if necessary.

(4) The return envelope form, which can be printed by the voter on an envelope and used to return the ballot, postage paid through the FPO/APO postal service.

21.320(4) *Ballot return by electronic transmission.*

a. Electronic transmission of a voted absentee ballot from the voter to the commissioner is permitted only for UOCAVA voters who are located in an area designated as an imminent danger pay area or for active members of the army, navy, marine corps, merchant marine, coast guard, air force or

Iowa national guard who are located outside the United States or any of its territories, as provided in subrule 21.1(13). In addition, the absentee ballot may be returned via electronic transmission only if the voter waives the right to a secret ballot. In addition to signing the affidavit required by Iowa Code section 53.13, the voter shall sign a statement in substantially the following form: “I understand that by returning this ballot by electronic transmission, my voted ballot will not be secret. I hereby waive my right to a secret ballot.”

b. When an absentee ballot is received via electronic transmission, the person receiving the transmission shall examine it to determine that all pages have been received and are legible. The person receiving an electronic transmission shall not reveal how the voter voted.

c. The absentee ballot shall be sealed in an envelope marked with the voter’s name. The affidavit of the voter and the application for the ballot shall be attached to the envelope. These materials shall be stored with other returned absentee ballots.

d. The deadline for returning an absentee ballot pursuant to this subrule is the close of polls on election day, Central Standard Time.

21.320(5) *Original signature for voter registration record.* Voters must submit original signatures on voter registration applications unless otherwise provided by this subrule.

a. UOCAVA voters ineligible to return voted balloting materials electronically. UOCAVA voters who are not currently registered to vote in a county and are not eligible to return voted ballot materials electronically pursuant to this rule shall submit an original, signed application for voter registration. The application may be the Iowa voter registration application, the National Mail Voter Registration Form, a Federal Post Card Application, a declaration/affirmation accompanying a federal write-in absentee ballot or a signature on a voted UOCAVA absentee ballot affidavit. Ballots transmitted to UOCAVA voters who do not submit an original voter registration application shall not be counted, and the voter who requested the ballot shall be assigned a status of “Incomplete” with a status reason “No Signature” following the election for which the ballot was requested.

b. UOCAVA voters eligible to return voted balloting materials electronically. UOCAVA voters who are not currently registered to vote and are eligible to return voted ballot materials electronically pursuant to this rule shall submit a signed, scanned application for voter registration. The application may be the Iowa voter registration application, the National Mail Voter Registration Form, a Federal Post Card Application, a declaration/affirmation accompanying a federal write-in absentee ballot or a signature on a voted UOCAVA absentee ballot affidavit. Ballots transmitted to UOCAVA voters who do not submit signed, scanned voter registration applications shall not be counted, and the voter who requested the ballot shall be assigned a status of “Incomplete” with a status reason “No Signature” following the election for which the ballot was requested.

This rule is intended to implement Iowa Code sections 53.40 and 53.46.

21.351(3) *Secure area.* The commissioner shall deliver the ballots to a secure area where returned absentee ballots will be reviewed for completeness and defects.

[ARC 8779B, IAB 6/2/10, effective 7/1/10]

721—21.352(53) Review of returned envelopes marked with affidavits.

21.352(1) *Personnel.* The commissioner may assign staff members to complete the review of returned envelopes marked with affidavits. Only persons who have been trained for this responsibility shall be authorized to review envelopes marked with affidavits.

21.352(2) *Review of envelopes marked with affidavits.* The envelopes marked with affidavits of all absentee ballots returned to the commissioner's office shall be reviewed, including those returned by the bipartisan team delivering absentee ballots to health care facilities, such as hospitals and nursing homes. If a reviewer finds that any absentee affidavits returned from any health care facility are incomplete or defective, the commissioner shall send the bipartisan delivery team back to assist voters as needed with completing affidavits or to deliver any replacement ballots.

21.352(3) *Instructions.* Each reviewer shall receive instructions in substantially the form prepared by the state commissioner of elections. [ARC 1549C, IAB 7/23/14, effective 8/27/14]

721—21.354(53) Review process.

- b. The envelope marked with the affidavit has not been opened and resealed.
- c. The affidavit includes the voter's signature.

21.354(2) *No defects or incomplete information.* If the reviewer finds that the affidavit is signed and that there are no defects that would cause the absentee and special voters precinct board to reject the ballot, the reviewer shall put the envelope marked with the affidavit into a group of envelopes to be retained in the secure storage area with other ballots that require no further attention until they are delivered to the absentee and special voters precinct board.

21.354(3) *Defective and incomplete affidavits.* The commissioner shall contact the voter if the reviewer finds any of the following flaws in the affidavit or envelope marked with the affidavit:

The commissioner shall keep a separate checklist for each voter showing the reasons for which the voter was contacted and the methods used to contact the voter.

21.355(1) Notice to voter—incomplete ballot affidavit. Within 24 hours after receipt of an absentee ballot with an incomplete affidavit, the commissioner shall send a notice to the voter at the address where the voter is registered to vote, as well as to the address where the ballot was sent, if it is a different address. The notice shall include:

2. Some or all council members are voted upon by the electors of wards, rather than by the electors of the entire city.

3. Ward boundaries have been changed since the last regular city election at which the ward seat was on the ballot.

Calculation of the number of signatures for ward seats shall use the vote totals from the wards as the wards were configured at the time of the last regular city election at which the ward seat was on the ballot.

This rule is intended to implement Iowa Code section 376.4.

721—21.401(376) Signature requirements in cities with primary or runoff election provisions. In cities using the provisions of Iowa Code section 376.4 for nomination of candidates and in which more than one council member was elected at-large at the last preceding regular city election, the number of signatures shall be calculated by the following formula:

V = the total number of votes cast for all candidates for council member at-large at the last regular city election;

E = the number of people to be elected at the last regular city election;

$$\frac{V}{E} \times .02 = \text{the number of signatures needed by each candidate in the next regular city election.}$$

This rule is intended to implement Iowa Code section 376.4.
