

CHAPTER 2
SUPPLEMENTAL SPECIFIC RULES FOR EACH INSTITUTION

[Prior to 4/20/88, Regents, Board of[720]]

The following requirements are in addition to those given in Chapter 1 of regents board rules.

UNIVERSITY OF IOWA

681—2.1(262) Formal application for admission. All applicants for admission to any college of the University of Iowa must submit a formal application for admission with the required official transcripts and other supporting material as required to the director of admissions. Students may not be registered until they have been issued an admission statement by the director of admissions.

681—2.2(262) Parietal rule. Rescinded IAB 6/7/95, effective 7/12/95.

[Filed 6/18/71; amended 6/14/72, 7/17/72]

[Filed without Notice 6/24/77—published 7/13/77, effective 8/17/77]

[Filed 6/6/79, Notice 5/2/79—published 6/27/79, effective 8/1/79]

[Filed 2/12/82, Notice 1/6/82—published 3/3/82, effective 4/7/82]

[Filed 6/27/84, Notice 3/28/84—published 7/18/84, effective 8/22/84]

[Filed without Notice 8/21/85—published 9/11/85, effective 10/16/85]

[Filed 5/29/87, Notice 4/8/87—published 6/17/87, effective 7/22/87]

[Filed 3/29/88, Notice 2/10/88—published 4/20/88, effective 5/25/88]

[Filed 3/19/92, Notice 2/5/92—published 4/15/92, effective 5/20/92]

[Filed 5/19/95, Notice 4/12/95—published 6/7/95, effective 7/12/95]

681—2.3(262) College of business administration.

2.3(1) Application for admission. Applications for admission to the college of business administration should be submitted to the director of admissions.

Applicants are urged to apply as early as possible, since this will give the admissions committee more time to devote to each application. Closing dates for receiving applications will be announced well in advance of the opening date of any session.

2.3(2) Requirements for admission. For admission to the college of business administration an applicant must have—

- a. Completed specific coursework as prescribed by the faculty of the college.
- b. Attained satisfactory scores on the university's required admission examinations.
- c. Maintained a satisfactory grade-point average on all courses undertaken, and on all courses undertaken at the University of Iowa, and on all courses undertaken in business and economics.

Applications from students who have minor deficiencies in meeting grade-point requirements specified above will be reviewed by the admissions committee of the college, and upon favorable recommendation of the committee, such students may be granted conditional or probationary admissions.

Fulfillment of the minimal requirements listed above, however, does not ensure admission to the college of business administration. From those applicants who meet the minimum requirements, the admissions committee will select the applicants who, in their judgment, appear to be best qualified.

[Filed 3/23/64; amended 3/10/66]

[Filed 3/29/88, Notice 2/10/88—published 4/20/88, effective 5/25/88]

681—2.4(262) College of dentistry.

2.4(1) Application for admission. Address all inquiries regarding admission to the Director of Admissions, University of Iowa.

Applicants are urged to apply as early as possible, since this will give the admissions committee more time to devote to each application. Closing dates for receiving applications will be announced well in advance of the opening date of any session.

Applicants for admission to dentistry are encouraged to complete a program leading to a baccalaureate degree before entering dentistry. Applicants should consider a combined program of liberal arts and dentistry which would qualify them for a baccalaureate degree upon the completion of the freshman year in dentistry. Preference will be given to students who have the baccalaureate degree or who have completed the requirements for the degree in a combined program.

Fulfillment of the specific requirements for admission listed does not ensure admission to the college of dentistry. From the applicants meeting the minimum requirements, the admissions committee will select the applicants who in their judgment appear to be best qualified for the study and practice of dentistry.

Each applicant must place on file in the office of the director of admissions the completed application form and an official transcript from each college attended.

The college work outlined below will suffice to meet the minimal academic requirements for admission to the college of dentistry.

The college curriculum must include at least three academic years of accredited work comprising not less than 96 semester hours and including specific required science courses as prescribed by the faculty of the college. Electives should be chosen so as to give the applicant a well-rounded educational background.

In order to meet minimum scholarship requirements, the applicant should attain a cumulative grade-point average of 2.5. Since the quality of coursework in pre-dental science is basic to success in dentistry, special consideration to such college work is given by the admissions committee. The grade-point average is based upon the University of Iowa's marking system in which a grade of "A" is equivalent to four points. Other marking systems will be evaluated by the office of admissions and the committee on admissions of the college of dentistry.

Applicants who have completed the requirements for admission to dentistry five or more years prior to seeking admission to this college of dentistry will be considered by the admissions committee only under exceptional conditions.

Preference will be given to applicants who are residents of Iowa, but consideration will also be given to outstanding nonresidents.

Personal interviews will be required of applicants for admission to the college of dentistry. Applicants will be notified when they should appear for the required interviews with members of the admissions committee.

All applicants must complete the dental aptitude tests sponsored by the council on dental education of the American Dental Association. Tests are given three times annually. The University of Iowa is a testing center.

To facilitate early selection, applicants for admission to the college of dentistry are urged to complete the aptitude test no later than October to enable the admissions committee to begin its selection in December.

Accepted applicants are required to make the required deposit within two weeks after notification of favorable action on their applications. This deposit is not refundable but is credited toward the first fee payment. The applicant who fails to make the deposit within the time specified forfeits a place in the entering class.

Applicants accepted for admission are required to submit a satisfactory physical examination report to the university student health service within two weeks following notification of acceptance.

All applicants must also complete, through student health service, an X-ray film of the chest and a successful vaccination against smallpox prior to registration.

2.4(2) *Advanced standing.* Applications for admission with advanced standing are handled as individual cases.

[Filed 3/10/66]

[Filed emergency 3/19/76—published 4/5/76, effective 3/19/76]

[Filed 3/29/88, Notice 2/10/88—published 4/20/88, effective 5/25/88]

681—2.5(262) College of engineering. Address all inquiries regarding admission to the Director of Admissions, University of Iowa, Iowa City, Iowa.

Closing dates for receiving applications will be announced well in advance of the opening date of any session.

2.5(1) Admission of freshman students. The applicant must submit a formal application for admission and must have the secondary school provide a certificate of high school credits, including a complete statement of the applicant's high school record, rank in class, scores on standardized tests, and certification of high school graduation. The applicant must also submit any other evidence such as a certificate of health that may be required by this university.

Each applicant must have attained satisfactory scores on the university's required admission examinations, maintained a satisfactory cumulative grade-point average, achieved satisfactory rank in graduating class, and successfully completed all prerequisite courses. The university with the approval of the state board of regents shall establish and periodically review specific minimum requirements for admission to the college of engineering. Among the items to be so determined are test score, grade-point average, class rank, and prerequisite courses. These specific determinations will be published in the university catalog.

From applicants who do not meet minimum admission requirements, the director of admissions may after a review of the applicant's record: (a) admit unconditionally, (b) admit on probation, (c) require enrollment for a tryout period during a preceding summer session, or (d) deny admission.

2.5(2) Admission of undergraduate students by transfer. The applicant must submit a formal application and official transcript of college work. Each applicant should have:

- a. Maintained satisfactory progress in mathematics.
- b. Attained satisfactory scores on the university's required admission examinations.
- c. Maintained a satisfactory cumulative grade-point average on all college work undertaken.

From applicants who do not meet recommended requirements, the director of admissions will review individual records and may offer probationary admission.

[Filed 3/23/64; amended 3/10/66]

[Filed 3/29/88, Notice 2/10/88—published 4/20/88, effective 5/25/88]

681—2.6(262) Graduate college. Graduates of any college or university accredited by regional accrediting associations may if the academic record is satisfactory be admitted to the graduate college. Admission to the graduate college is not the equivalent of acceptance as a candidate for an advanced degree. Such acceptance is given usually after the completion in residence of work at the university and upon recommendation of the major department and approval by the dean of the graduate college. The acceptance of a student as a degree candidate is determined upon the merits of each individual case.

A student who is within four semester hours of having satisfied all the requirements for the bachelor's degree in the University of Iowa may be given a tentative admission to the graduate college.

681—2.7(262) College of law.

2.7(1) Application for admission. Address all inquiries concerning admission to the Director of Admissions, University of Iowa, Iowa City, Iowa. Beginning students may enter the college of law only in the summer session or the fall semester. Closing dates for receiving applications will be announced well in advance of the opening date of any session.

To be considered for admission, an applicant should have attained a cumulative grade-point average of at least 2.3 on all college work undertaken. The grade-point average is based upon the University of Iowa's marking system in which a grade of "A" is equivalent to four points. Other marking systems will be evaluated by the office of admissions.

Applicants for admission must present a baccalaureate degree from an approved college or university prior to commencing work in the college of law.

Each applicant for admission must take the Law School Admission Test administered by the Educational Testing Service, Princeton, New Jersey, and have the score forwarded to the college of law. The test is given several times per year and may be taken at numerous locations in the United

States and throughout the world. Applicants are urged to take the test in the fall or winter preceding the fall semester for which they are making application. Except upon a showing acceptable to it, the admissions committee will not consider applications from students who fail to take the test prior to the June 1 preceding the fall semester in which they wish to enter.

Fulfillment of the specific requirements for admission listed above does not ensure admission to the college of law. From the applicants meeting the minimum requirements, the admissions committee of the college of law will select those applicants who, in their judgment, appear to be best qualified for the study and practice of law. The law admissions committee may require personal interviews of applicants.

2.7(2) Admission with advanced standing. A transfer student may be eligible for admission if the student (a) has attended a school approved by the Association of American Law Schools; (b) is in good standing at the time of withdrawal (evidenced by a letter from the dean of the school from which transferring); (c) meets the admission requirements for beginning students; and (d) has done substantially above average work in the law school the student attended. Where an applicant has completed more than one year of law study, advanced standing will be permitted only in exceptional cases. Applicants for admission with advanced standing should comply with the procedures required for admission to the first-year class.

[Filed 5/22/64; amended 9/18/64, 12/14/66, 11/17/72]

[Filed 5/19/77, Notice 4/6/77—published 6/15/77, effective 7/20/77]

[Filed without Notice 8/21/85—published 9/11/85, effective 10/16/85]

[Filed 3/29/88, Notice 2/10/88—published 4/20/88, effective 5/25/88]

681—2.8(262) College of medicine.

2.8(1) Application for admission. Address all inquiries regarding admission to the Director of Admissions, University of Iowa.

Applicants are urged to apply as early as possible, since this will give the admissions committee more time to devote to each application. Closing dates for receiving applications will be announced well in advance of the opening date of any session.

Fulfillment of the specific requirements for admission listed below does not ensure admission to the college of medicine. From the applicants meeting the specific requirements, the admissions committee of the college of medicine will select those applicants who in their judgment appear to be best qualified for the study and practice of medicine.

Prior to entrance an applicant must:

- a. Have received the baccalaureate degree; or
- b. Have completed three years of a combined baccalaureate-medicine curriculum which qualifies the applicant to receive the baccalaureate degree on completion of the first year in medicine; or
- c. Have completed three years of a baccalaureate program which includes the general graduation requirements of the college of liberal arts of the University of Iowa for the combined baccalaureate degree.

Each applicant must place on file in the office of the director of admissions the completed application form and an official transcript from each college attended.

The college work as outlined below will suffice to meet the minimal academic requirements for admission to the college of medicine.

Applicants who have completed the baccalaureate degree and required courses five or more years prior to seeking admission to this college of medicine will be considered by the admissions committee only under exceptional conditions.

The college curriculum must include at least three years (equivalent to 96 semester hours) including specific required science courses as prescribed by the faculty of the college.

Students planning to study medicine should bear in mind that other college work is required in addition to prerequisite sciences because it offers an opportunity to secure a well-rounded education, which is of special importance to those entering the medical profession. In the selection of applicants, preference will be given to those who give evidence of having obtained such a broad education.

To be considered for admission, an applicant must have attained a grade-point average of at least 2.5 for all college work undertaken. As the quality of work in premedical science is very basic to success in medicine, special attention will be given by the admissions committee to grades in science. The grade-point average is based upon the University of Iowa's marking system in which a grade of "A" is equivalent to 4 points. Other marking systems will be evaluated by the office of admissions and the committee on admissions of the college of medicine.

Preference will be given to applicants with high scholastic standing who are residents of Iowa, and consideration will also be given to outstanding nonresidents. Applicants for admission are required to take the medical college admissions test which is administered for the Association of American Medical Colleges. Applicants are requested to complete this test in May or October of the year preceding that for which they are applying for admission. Students may make arrangements to apply for this examination through the university examination service, the University of Iowa.

Personal interviews will be required. Applicants will be contacted for the appointment for required interviews.

Applicants accepted for admissions are required to submit a satisfactory physical examination report to the university student health service within two weeks following notification of acceptance.

All applicants must also complete, through student health service, an X-ray film of the chest and successful vaccination against smallpox prior to registration.

2.8(2) Admission to advanced standing. If their work preparatory to entering a college of medicine would have met entrance requirements of this college, students from other approved medical colleges may be admitted to advanced standing according to the following conditions:

Only applicants of high scholastic standing will be considered.

They must present certificates showing that they have satisfactorily completed courses equivalent to those already pursued by the class they wish to enter.

The committee on admission to advanced standing will decide in each case whether examinations in the various subjects will be required.

Applications will be considered only upon receipt of a statement from the dean or registrar of the college from which the applicant comes, showing the actual amount of time the student has spent in the study of medicine, the courses taken, and the grades received, together with a statement of the work preparatory to entering upon the course in medicine.

No advanced standing will be granted to students from other than approved medical schools. Students may be granted subject credit upon recommendation of the head of the department concerned, for work taken in other than medical schools.

2.8(3) Unclassified students. Applicants for admission to the college of medicine who are not candidates for a degree but who desire to register for special subjects, will be admitted to any lecture or laboratory course only upon complying with all the regular requirements for admission to such course or by action of the faculty upon recommendation of the professor in charge of the course.

[Filed 3/23/64; amended 3/10/66]

[Filed emergency 3/19/76—published 4/5/76, effective 3/19/76]

[Filed 3/29/88, Notice 2/10/88—published 4/20/88, effective 5/25/88]

681—2.9(262) College of nursing. Applications for admission to the college of nursing should be submitted to the Director of Admissions, University of Iowa, Iowa City, Iowa. Applicants for admission to the undergraduate program in nursing must present a minimum of 30 semester hours completed in an accredited college. For admission to the college of nursing an applicant must have:

1. Completed specific coursework as prescribed by the faculty of the college. The director of admissions will provide a list of the coursework required.
2. Completed the American College Tests.
3. Performed satisfactorily on all courses undertaken.

Applications from students who have minor deficiencies in meeting grade-point requirements specified above will be reviewed by the admissions committee of the college, and, upon favorable

recommendation of the committee, such students may be granted conditional or probationary admissions.

Fulfillment of the minimum requirements listed above, however, does not ensure admission to the college of nursing. From those applicants who meet the minimum requirements, the admissions committee will select the applicants who, in their judgment, appear to be best qualified.

[Filed 7/18/62; amended 7/22/65, 11/17/72]

[Filed 3/29/88, Notice 2/10/88—published 4/20/88, effective 5/25/88]

681—2.10(262) College of pharmacy.

2.10(1) *General basis for admission.* Fulfillment of the specific requirements for admission does not ensure admission to the college of pharmacy. From the applicants meeting the specific requirements, the admissions committee will select those applicants who in their judgment appear to be best qualified. Applicants for admission to pharmacy should have graduated from an approved high school or have an equivalent amount of training.

2.10(2) *College work.* The college work as outlined below will meet the minimum academic requirements for admission to the college of pharmacy. The minimum should include 32 semester hours of college level work exclusive of credit in military and air science and physical education. The 32 semester hours must include:

Communication skills. Applicants must have demonstrated satisfactory achievement in communication skills according to the requirements of the college of liberal arts at the state University of Iowa. Applicants from other institutions may meet this requirement by presenting six semester hours of credit in English composition and rhetoric and two semester hours of credit in speech or an eight-semester-hour year course in communication skills.

Inorganic chemistry and qualitative analysis, eight semester hours.

College mathematics, eight semester hours.

Physics or zoology, eight semester hours.

Students from other institutions may substitute a comparable eight-semester-hour course in biology in lieu of zoology.

Military or air science (if available), zero to two semester hours.

Students who present minor deficiencies in meeting the above requirements may be admitted to the college of pharmacy upon the recommendation of the dean of admissions and the college of pharmacy.

2.10(3) *Scholarship and application deadline.* To be considered for admission to the college of pharmacy, students must have earned a 2.0 or C average on all collegiate work undertaken. The minimum grade-point average of 2.0 is based on the state University of Iowa's marking system in which the grade of "A" is equivalent to four points. Applications for admission and the required official transcripts should be filed before March 1 for the class to enter pharmacy in September.

2.10(4) *Required tests.* Applicants for admission are required to take the American College Testing Program test.

2.10(5) *Current requirements.* Applicants who have completed work in a college of pharmacy accredited by the American Council on Pharmaceutical Education may if their college academic average is acceptable be admitted and granted advanced standing toward the degree of bachelor of science in pharmacy.

681—2.11(262) College of liberal arts. Applicants for admission to liberal arts must meet the rules that are common to the three state institutions in Iowa as listed in 681—1.1(262), 1.2(262) and 1.3(262).

681—2.12(262) College of education. Students at the university desiring professional work in education are registered in the college of liberal arts or the graduate college. Requirements for permission to take teacher-training courses are listed in the university catalogue.

681—2.13 to 2.24 Reserved.

IOWA STATE UNIVERSITY OF SCIENCE AND TECHNOLOGY

681—2.25(262) Undergraduate students.

2.25(1) *Recommended high school preparation.* Graduation from an approved high school shall ordinarily precede entrance into the university. The student should have: completed a program of studies designed to ensure a well-rounded background of knowledge in basic fields; developed effective study skills and work habits; developed proficiency in reading, writing, and speaking English; acquired proficiency in basic mathematics.

Each college has recommendations regarding high school background. Students who have not had the recommended background may be inadequately prepared for programs in that college.

2.25(2) *College of agriculture.* Although students entering the college of agriculture have no minimum subject matter requirements for admission, they will benefit by having completed three years of English/speech with emphasis in composition and communication skills, mathematics through intermediate algebra, and a strong emphasis in biology and the physical sciences (especially chemistry).

2.25(3) *College of design.* High school preparation for students entering the college of design should include four years of English (composition and rhetoric), one and one-half years of algebra, and two years of science (biology, chemistry, or physics). Social sciences, including a year of world history, and a background in art and drafting are also extremely helpful and highly recommended. Students planning to major in architecture should have an additional background of one-half year of algebra, one year of geometry, and one-half year of trigonometry, as well as one year each of physics and chemistry.

2.25(4) *College of education.* The high school program should encompass the various areas of study (English, mathematics, sciences, social studies, and humanities) which reflect a broad general background.

2.25(5) *College of engineering.* A student who wishes to complete an engineering curriculum in four years should have high school credit in three and one-half years of mathematics, including two years of algebra; one year of geometry; and one-half year of trigonometry. A student not having this mathematics background may still enroll in the college of engineering but should expect to spend longer than four years to earn a degree.

In addition to the mathematics background, students interested in engineering will benefit by having had four years of English and one year each of chemistry and physics.

2.25(6) *College of home economics.* Students will find it beneficial to have at least one and one-half years of algebra, one year of chemistry, one year of biological science, and four years of English in their high school program.

2.25(7) *College of sciences and humanities.* Preparation for entrance into the college should include at least four years of English composition and rhetoric, one and one-half years of algebra, one year of geometry, two years of science (chemistry, physics, or biology), and two years of a foreign language. In addition, students planning to study a science or in a science-related discipline should complete one-half year of trigonometry and an additional one-half year of algebra or analytic geometry.

2.25(8) *College of veterinary medicine.* Pre-veterinary students at Iowa State University enroll in either the college of agriculture or the college of sciences and humanities for their pre-professional study. It is recommended that students contemplating study in veterinary medicine complete a full program of college preparatory subjects in high school, including four years of English, at least three years of mathematics (including trigonometry), and one year each of biology, chemistry, and physics. See also veterinary medicine, admission requirements.

2.25(9) *College of business administration.* Students interested in studying business at Iowa State University initially enroll in the college of science and humanities in the pre-business curriculum. Students must satisfy certain minimum requirements before being admitted to the college of business administration. The requirements for admission to the college of business administration are:

a. Credit for the published foundation courses and completion of the required semester credits of general education as prescribed in the pre-business program; and

b. Achievement of a minimum cumulative grade point average.

Students enrolling before the fall of 1987 must be admitted to the college by June 1, 1989, under previous standards or meet the above admission requirements.

681—2.26(262) College of veterinary medicine.

2.26(1) Admission. Applicants for admission to the college of veterinary medicine for fall quarter 1980 and thereafter must have attended a regionally accredited college or university and: (1) received the bachelor's degree, or (2) completed 144 quarter (96 semester) credits in a declared major towards a bachelor's degree.

The specific college credits will be prescribed by the faculty of the college.

Credits in the specified courses will normally be earned on the traditional four-letter grading system, with "A" as the highest grade and "D" as the lowest passing grade. However, credits earned by the credit-by-examination program in accordance with the regulations relating to this procedure at Iowa State University are also acceptable. Credits in the preceding specified courses will not be accepted if earned under the pass-not pass grading system or similar options. All students must have completed at least 90 quarter (60 semester) credits prior to filing an application for admission to the college of veterinary medicine.

2.26(2) Applications. Completed applications with supporting transcripts must be received by the Iowa State University director of admission (Room 7, Beardshear Hall) by December 15 of the year prior to the year in which the applicant seeks to be admitted. Transcripts of all college credits must accompany the application. All preveterinary requirements must be fulfilled by the time of filing or scheduled for completion by June 15 of the year in which the applicant seeks to be admitted. A list of courses in progress at the time of filing or scheduled for completion by June 15 should accompany the application and transcripts. Preprofessional college credits must average at least 2.50 on a 4.0 marking system for the application to be accepted. The preceding scholastic requirements are minimum requirements and do not ensure admission, even though the requirements have been fulfilled.

Admission to the college of veterinary medicine is on a competitive and selective basis. Scholastic performance in preprofessional courses, aptitude, and personal development are given consideration in the selection of candidates. Since a solid foundation in the sciences is basic to success in veterinary medicine, considerable attention is given in the admission process to applicants' grades in those areas. Consideration for admission to the college of veterinary medicine is administered equally to all without regard to race, color, creed, sex, national origin, disability, or age. Admission is granted annually at the beginning of the fall quarter only, with enrollment limited to 120 students per class.

In considering applicants for admission to the college of veterinary medicine, preference is given to residents of Iowa and certified residents of states having contracts with Iowa State University for educating veterinary medical students.

681—2.27(262) Graduate college.

2.27(1) Admission. Admission to the graduate college may be granted to a graduate of an institution in the United States which is accredited by a recognized regional association. For information concerning graduate study in a particular academic discipline, prospective students are invited to correspond with the head of the department in which they wish to study.

Application forms are available at <http://www.admissions.iastate.edu/>. These forms, together with official transcripts, the appropriate application fee as approved by the state board of regents pursuant to Iowa Code subsection 262.9(18) and detailed in rule 681—1.7(262) and a statement of quartile rank, should be forwarded to the Office of Admissions at least one month prior to the opening of the quarter in which the student wishes to matriculate. If the undergraduate degree is from Iowa State University or if the student is applying for nondegree admission, no application fee is assessed.

2.27(2) Graduate record examination. The graduate record examination (GRE) is not a universitywide requirement for all applicants; however, some departments require or recommend submission of GRE scores. Individual departmental statements appearing in the university's catalog should be consulted for this information.

2.27(3) Full admission. Applicants who are graduates of a regionally accredited institution in the United States or of a recognized institution of another country whose requirements for the bachelor's degree are substantially equivalent to those of Iowa State University, and who rank in the upper one-half of their class, may be admitted to the graduate college if recommended by the department and approved by the dean of the graduate college. Admission does not constitute acceptance as a candidate for a degree.

2.27(4) Provisional admission. Applicants who are graduates of a regionally accredited college or university in the United States or of a recognized institution in another country whose requirements for the bachelor's degree are substantially equivalent to those at Iowa State University, and who rank in the upper one-half of their class, but who have certain background deficiencies to remedy, may be admitted to the graduate college on provisional admission if recommended by the department and approved by the dean of the graduate college. Students accepted on provisional admission are eligible for graduate assistantships. Transfer from provisional admission to full admission requires recommendation of the major professor and approval by the graduate college.

2.27(5) Restricted admission. Restricted admission may be granted to persons who are graduates of regionally accredited universities or colleges of the United States who do not rank in the upper one-half of their class and to graduates of foreign institutions. This status requires the recommendation of the major department and approval of the dean of the graduate college. Transfer from restricted to full admission usually requires completion of at least 15 hours of graduate level courses with a grade average of B or above. The recommendation must be submitted by the student's major professor and approved by the dean of the graduate college.

2.27(6) Nondegree admission. Rescinded IAB 10/13/04, effective 9/24/04.

681—2.28(262) Rescinded, effective October 24, 1979.

681—2.29 to 2.34 Reserved.

UNIVERSITY OF NORTHERN IOWA

681—2.35(262) Admission policies for undergraduate students. A student must have filed an application for admission with the required transcripts and other supporting material, have met all conditions named in chapter 1 of regents board rules, and been issued an admissions statement by the director of admissions and registrar before being permitted to register in the college. In considering an application, consideration is given to scholarship, health, character, and personality. Individual students may be required by the committee on admission and retention to come to the campus for interview and tests. Those who do not give reasonable promise of success as college students may be denied.

681—2.36(262) Parietal rule. Rescinded IAB 6/7/95, effective 7/12/95.

681—2.37(262) Teaching curricula. Application for approval in a teacher education program may be filed after a student has earned at least 24 semester hours credit. The student must pass such tests and meet such other standards as may be prescribed by a teacher education committee. For full approval, a student must have at least a 2.20 grade index at this college. The committee may grant provisional approval for students in exceptional cases, but may not grant full approval until all standards have been met. Normally a student will be expected to meet full approval by the beginning of the junior year if the student wishes to complete requirements in the minimum time. Transfer students cannot earn full approval before the end of the first semester enrolled at University of Northern Iowa.

A student may, at the time of admission to the college, declare an intent to enter a teaching program and be assigned a teacher adviser from the student's first enrollment. The college must give special consideration to scholarship, health, character, personality, and quality of potential leadership of an applicant for a teaching curriculum. [Amendment filed and indexed November 21, 1961]

681—2.38(262) Admission requirements for graduate students. Graduates of a college or university accredited by the National Council for the Accrediting of Teacher Education or by the North Central

Association of Colleges and Secondary Schools or a corresponding regional agency will be granted admission to graduate study if their applications for admission have been approved by the registrar.

A graduate of a college or university that is not accredited may be granted conditional admission at the discretion of the registrar. Admission to graduate study does not guarantee admission to candidacy for an advanced degree.
