For the purposes of this definition, “caregiver” means a foster parent with whom a child in foster care has been placed or a designated official for a child care institution (including group homes, residential treatment, shelters, or other congregate care settings) in which a child in foster care has been placed.

202.2(2) The need for foster care placement and social and other related services, including but not limited to medical, psychiatric, psychological, and educational services, shall be determined by an assessment of the child and family to determine their needs and the appropriateness of services.

a. Assessments shall include:

(1) The educational, physical, psychological, social, family living, and recreational needs of the child,

(2) The family’s ability to meet those needs, and

a. For voluntary emergency placements, a social history shall be completed before a decision is made to extend the placement beyond 30 days.

b. For court-ordered emergency placements, a social history shall be completed before the disposition hearing.

202.2(4) Foster care placement shall be recommended by the department only after efforts have been made to prevent or eliminate the need for removal of the child from the family unless the child is in immediate danger at home.

202.2(5) The need for foster care and the efforts to prevent placement shall be evaluated by a review committee prior to placement or, for emergency placements only, within 30 days after the date of placement. For children who are mentally retarded or developmentally disabled and receive case management services, this requirement may be met by the interdisciplinary staffing described in 441—Chapter 90, as long as the service area manager approves, the department worker attends the staffing, and the staffing meets the requirements of paragraphs “b” to “h” below.

The review shall meet the following requirements:

a. Department staff on the review committee shall be the child’s service worker, a supervisor knowledgeable in child welfare, and one or more additional persons appointed by the service area manager.

b. The review shall be open to the participation of the parents or guardian of the child, local and area education staff, juvenile court staff, the guardian ad litem, current service providers and previous service providers who have maintained a license.

c. The present foster care provider, if any, shall be notified of the review and have the opportunity to participate.

e. Other persons may be invited to the review with the consent of the parents or guardian.

f. A written summary of the review recommendations shall be sent to the child's parents or guardian following the review.

g. Review committee recommendations shall be advisory to the service worker and supervisor, who are responsible for development of the department case plan and for reports and recommendations to the juvenile court.

h. At least one of the persons on the review committee shall be someone without responsibility for the case management or the delivery of services to either the child or the parents or guardian who are the subject of the review.

202.2(6) The citizenship or alien status of a child who enters foster care must be verified.

a. When the child will remain in foster care for no more than 60 days, Form 470-4500, Statement of Citizenship Status: Foster Care, signed by the parent or guardian of the child is sufficient.

1. Requires proof of United States citizenship before issuance of the license or document; or

2. Obtains a social security number from the applicant and verifies before certification that the number is valid and is assigned to the applicant who is a citizen.

c. A child entering foster care is exempt from these requirements when the family has previously presented satisfactory documentary evidence of citizenship, as specified by the Secretary of the U.S. Department of Health and Human Services.

d. The parent or guardian of the child shall have a reasonable period to obtain and provide proof of citizenship. For the purposes of this requirement, the "reasonable period" begins on the date when the child is placed in foster care and continues to the date when the proof is provided or when the department establishes that the parent or guardian is no longer making a good-faith effort to obtain the proof.

202.3(3) Voluntary placement of a child aged 18 or older may be granted for six months at a time.

a. The department shall enter into the agreement only when the child:

- (1) Meets the definition of "child" in Iowa Code section 234.1,

202.4(1) Placement consistent with the best interests and special needs of the child shall be made in the least restrictive, most family-like facility available and in close proximity to the child's home. Race, color, or national origin may not be routinely considered in placement selections.

202.4(2) Efforts shall be made to place siblings together unless to do so would be detrimental to any of the children's physical, emotional or mental well-being. Efforts to prevent separating siblings, reasons for separating siblings, and plans to maintain sibling contact shall be documented in the child's case permanency plan.

202.4(3) The department shall first consider placing the child in a relative's home unless no relatives are available or willing to accept placement or such placement would be detrimental to the child's physical, emotional or mental well-being.

a. If a relative or a suitable person who has a kinship bond with the child will accept placement of the child:

- (1) The person shall sign Form 595-1489, Non-Law Enforcement Record Check Request.
- (2) The department shall complete record checks as listed in 441—subrule 113.13(1) to evaluate if the person's home is appropriate for the child before making the placement.
- (3) The department worker shall make a referral to the recruitment and retention provider to initiate an informational contact with the kinship caregiver. The recruitment and retention provider will inform the kinship caregiver about the monthly kinship caregiver payment as outlined in rule 441—156.6(234) and explain the process of becoming a licensed foster parent.

b. Efforts to place the child in a relative's home and reasons for using a nonrelative placement shall be documented in the child's case permanency plan.

202.4(4) If the child cannot be placed with a relative or a suitable person who has a kinship bond with the child, foster family care shall be used for a child unless the child has problems which require specialized services that cannot be provided in a family setting. Reasons for using a more restrictive placement shall be documented in the child's case permanency plan.

202.4(5) A foster family shall be selected on the basis of compatibility with the child, taking into consideration:

a. The extent to which interests, strengths, abilities and needs of the foster family enable the foster family members to understand, accept and provide for the individual needs of the child.

b. The child's individual problems, medical needs, and plans for future care. The department shall not place a child with asthma or other respiratory health issues in a foster home where any member of the household smokes.

c. The capacity of the foster family to understand and accept the child's case permanency plan, the needs and attitudes of the child's parents, and the relationship of the child to the parents.

d. The characteristics of the foster family that offer a positive experience for the child who has specific problems as a consequence of past relationships.

e. An environment that will cause minimum disruption of the child including few changes in placement for the child.

f. Rescinded IAB 4/11/07, effective 7/1/07.

202.4(6) A foster group care facility shall be selected on the basis of its ability to meet the needs of the child, promote the child's growth and development, and ensure physical, intellectual and emotional progress during the stay in the facility. The department shall place a child only in a licensed or approved facility which has a current contract with the department pursuant to 441—Chapter 152.

This rule is intended to implement Iowa Code section 234.6(6) "b."

a. The child,

b. The foster parents or agency staff, if the child is placed in a public or private agency,

c. The department service worker, and

d. The child's parents, unless their presence would be disruptive to the child's placement.

202.5(2) Before placement, the worker shall provide the facility with general information regarding the child, including a description of the child's medical needs, behavioral patterns including safety-related information, educational plans, and permanency goal. Safety-related information shall be withheld only if:

a. Withholding the information is ordered by the court; or

b. The department or the agency developing the service plan determines that providing the information would be detrimental to the child or to the family with whom the child is living.

202.5(3) The child shall have a physical examination by a physician, advanced registered nurse practitioner, or a physician assistant before the initial placement into foster care, or the physical examination shall be scheduled within 14 calendar days of placement. The physician, advanced registered nurse practitioner, or a physician assistant shall complete a preliminary screening for dental and mental health and refer the child to a dentist or mental health professional if appropriate. To address any immediate medical needs, the child shall be seen immediately at an emergency room, an urgent care center, or other community health resource.

This rule is intended to implement Iowa Code section 234.6(6) "b."

(2) Form 470-3226, HIV General Agreement, shall be completed by foster parents who have agreed to care for children who have AIDS, test HIV positive, or are at risk for HIV infection.

c. Safety-related information shall be withheld only if:

- (1) Withholding the information is ordered by the court; or
- (2) The department or the agency developing the service plan determines that providing the information would be detrimental to the child or to the family with whom the child is living.

202.6(2) For each foster care placement in a foster family home supervised directly by department staff, Form 470-0716 or 470-0716(S), Foster Family Placement Contract, shall be completed by the foster family and the placement worker and supervisor. A new foster family placement contract shall be completed when the rate of payment or special provisions change.

202.6(3) A follow-up visit shall be made to the child at the foster family home within two weeks of the initial placement for placements supervised directly by the department.

202.6(4) The case permanency plan shall be reviewed at least every six months to ensure appropriateness of the child's placement. A copy of the subsequent case plan shall be submitted to the court every six months unless the court orders a different frequency for reports.

202.6(5) In conjunction with the case plan review, the case shall be presented every six months to a review committee which conforms to the requirements in subrule 202.2(5). The service area manager may also approve a review by a local foster care review board authorized in Iowa Code section 237.19 or the court as meeting this requirement as long as the review conforms to subrule 202.2(5), paragraphs "b" to "h," and to subrule 202.6(5), paragraphs "a" to "e." The review committee shall:

- a.* Evaluate the continuing necessity for foster care placement.
- b.* Evaluate the continuing appropriateness of the foster care placement.

[ARC 8010B, IAB 7/29/09, effective 10/1/09]

441—202.7(234) Out-of-area placements.

202.7(1) When the department makes a placement of a child in the foster care system out of the service area in which the child resides, this placement shall occur only when there is no appropriate placement within the service area, when the placement is necessary to facilitate reunification of the child with the parents, or when an out-of-area agency is closer to the community where the child resides than an in-area agency offering the same services.

202.7(2) The authority for approving out-of-area placements rests with both the placing and receiving service area managers.

202.7(3) Transfer of responsibility for supervision, planning, and visitation shall be approved by the placing and receiving service area managers and, when appropriate, by the court.

This rule is intended to implement Iowa Code section 234.6(6) “*b.*”

441—202.8(234) Out-of-state placements.

202.8(1) The department shall make an out-of-state foster family care placement only with the approval of the service area manager or designee. Approval shall be granted only when the placement will not interfere with the goals of the child’s case permanency plan and when one of the following conditions exists:

This rule is intended to implement Iowa Code section 234.6(6) “*b.*”
[ARC 8010B, IAB 7/29/09, effective 10/1/09]

441—202.9(234) Supervised apartment living. A supervised apartment living arrangement shall provide a child with an environment in which the child can experience living in the community with supervision and prepare for self-sufficiency. The child must have the capacity to live in the community with less supervision than that provided by a foster family or in a group care setting and must be able to follow the provisions of the case plan and participate in activities and services to achieve self-sufficiency.

202.9(1) *Living arrangements.*

a. The two types of supervised apartment living arrangements are as follows:

(1) A cluster setting, which provides support in a structured setting. Up to six children reside in apartments or bedrooms in one building (such as an apartment building or residential housing), supervised by one agency. The supervising agency must have an adult staff member present and available on site in the living arrangement at any time when more than one child is present.

(2) A scattered-site setting, which is the less restrictive of the two types of living arrangements. Up to three children supervised by one agency may reside in individual housing arrangements, such as apartments or residential housing, located in one building. Children must be able to contact supervising agency staff 24 hours a day, seven days a week.

b. If an agency rents an apartment to the child, there shall be a signed lease between both parties that includes, but is not limited to:

- (1) Amount to be paid for the rental unit.
- (2) The term of the lease with both a beginning and an ending date.
- (3) Rights and responsibilities of the tenant.
- (4) Rights and responsibilities of the landlord.
- (5) Conditions under which the lease can be terminated.

202.9(2) Eligibility. To be eligible for supervised apartment living placement, a child shall meet all of the following conditions:

- a. The child must be at least 16½ years old for placement in a cluster setting.
- b. The child must be at least 17 years old, and it has been determined by the department or juvenile court services referral worker that the child has lived successfully in a SAL cluster setting until the child is able to live in a more independent placement in a scattered-site setting.
- c. If the child is under the age of 18, the child must:
 - (1) Satisfactorily attend school, in accordance with the school's attendance policies, with the objective of obtaining a high school diploma; or
 - (2) Satisfactorily attend an instructional program, pursuant to the program's policies, necessary to obtain a high school equivalency diploma; or
 - (3) Attend school to obtain postsecondary education or training on a full-time basis (based upon the institution's definition of full-time) or attend on a part-time basis and be either working or participating in a work training program leading to employment; or
 - (4) Work at least an average of 80 hours per month if not enrolled in school; or
 - (5) Participate in a work training program leading to employment if not enrolled in school.
- d. If the child is aged 18 or older, the child must:
 - (1) Meet the definition of "child" in Iowa Code section 234.1; and
 - (2) Have been in foster care immediately before reaching the age of 18 and have continued in foster care since reaching the age of 18. The service area manager or designee may waive the requirement for continuous placement for a child who leaves foster care at age 18 and voluntarily returns before the child's twentieth birthday in order to complete high school or obtain a high school equivalency diploma, consistent with Iowa Code sections 234.35(1) "f" and 234.35(3) "c"; and
 - (3) Attend school on a full-time basis leading to a high school diploma or attend an instructional program leading to a high school equivalency diploma.
- e. The child must need foster care placement and services, based on an assessment completed according to rule 441—202.2(234) and subrule 202.6(5).
- f. The child must participate in services and activities to achieve self-sufficiency.
- g. The child must have the capacity to live in the community with less supervision than that provided by a foster family or in a group care setting, as determined by an assessment that reviews available information on the child to identify the needs, strengths, and resources of the child, especially as they pertain to the child's ability to function in the community. To determine if a supervised apartment living foster care placement is suitable for the child, the department worker must complete Form 470-4063, Preplacement Screening for Supervised Apartment Living Foster Care.
- h. The child must have an approved living situation that meets the following minimum standards:
 - (1) Comply with applicable state and local zoning, fire, sanitary and safety regulations.
 - (2) Be located so as to provide reasonably convenient access to schools, places of employment, and services and supports required by the child.
 - (3) Be reasonably priced so as to fit within the child's budget.
- i. If supervised apartment living foster care is deemed suitable for the child, the worker shall complete Form 470-3186, Request for Approval of Supervised Apartment Living Foster Care Placement, to request that the service area manager or designee approve the placement. This form is also to be used to request that the service area manager or designee waive the requirement for continuous placement for a child who leaves foster care on or after the child's eighteenth birthday and voluntarily returns before the child's twentieth birthday in order to complete high school or obtain a GED.

j. The placement must have the approval of the juvenile court if the child is under court jurisdiction.

202.9(3) Services to be provided. To ensure that the supervised apartment living arrangement is meeting the child's needs, required services shall be provided directly by the department or purchased from an agency that has a contract with the department to provide supervised apartment living foster care services. The following services are required:

a. Development of a case or service plan (by either the department worker or the service provider, if contracted out) in consultation with the child and the child's family (unless a reason for noninvolvement is documented in the case record) and significant others whenever appropriate that documents the following:

(1) Goals, intended to meet the specific needs of the child to achieve self-sufficiency, with projected dates of accomplishment.

(2) Objectives (action steps) to be taken by the child, the child's support system, and staff, with projected dates of accomplishment.

(3) Services to be provided and activities to be undertaken, the frequency of such services, who will provide the services, the child's progress with the goals and objectives, and the child's compliance with the service plan.

(4) A budget, developed with the child, based upon the child's monthly stipend payment, any start-up allowance, any earned or unearned incomes and financially related assistance (e.g., food assistance). Staff will work with the child to ensure payment of bills and receipt of necessary items as outlined in the budget.

Life skills training should be individualized to the needs of the child toward achieving self-sufficiency. If a child needs a specific life skills training service or services (e.g., parenting skill development, counseling services to reduce stress and social, emotional, or behavioral problems that affect the child's stability or ability to achieve self-sufficiency) in addition to basic life skills training services and services are purchased, the department worker will specify the necessary services under special provisions on Form 470-5081, Placement Agreement and Service Authorization for Supervised Apartment Living (SAL).

For a child aged 18 or older, supervision shall include a minimum of biweekly (every other week) face-to-face contacts. Supervision may include guidance, oversight, and behavior monitoring.

e. Ongoing assessment activities to monitor the child's ability to achieve self-sufficiency.

f. If services are purchased, visits by the department to the child according to subrule 202.11(2).

The department case permanency plan shall specify the goals and objectives (action steps) of the services that are being purchased. If services are purchased, the worker shall complete Form 470-5081, Placement Agreement and Service Authorization for Supervised Apartment Living (SAL), to place the child with the contractor, to authorize the SAL service, and to identify any special provisions for the case.

b. When services are purchased and the department plans to remove a child from the supervised apartment living placement, the department shall inform the provider in writing of the date of removal, the reason for the removal, the recourse available, if any, and that the contested case (appeal) proceeding does not apply to the removal.

c. The provider shall be informed ten days in advance of the removal, except when the court orders removal of the child from the placement or there is evidence of neglect or physical or sexual abuse.

This rule is intended to implement Iowa Code section 234.6.

- e. There is lack of cooperation of the facility with the department.

202.13(3) If a foster family objects in writing within seven days from the date that the department furnishes notice of plans to remove the child, the service area manager or designee shall grant a conference to the foster family to determine whether the removal is in the child's best interest.

a. This conference shall not be construed to be a contested case under the Iowa administrative procedure Act, Iowa Code chapter 17A.

b. The conference shall be provided before the child is removed except in instances listed in 202.13(1) "a" to "c." The service area manager or designee shall review the propriety of the removal and explain the decision to the foster family.

c. The service area manager or designee, on finding that the removal is not in the child's best interests, may overrule the removal decision unless a court order or parental decision prevents the department from doing so.

202.13(4) When the facility requests a child be removed from its care, it shall give a minimum of ten days' notice to the department so planning may be made on behalf of the child.

202.15(2) The department worker shall develop the case permanency plan with the child's parents, unless the child's parents are unwilling to participate in the plan's development, and with the child, unless the child is unable or unwilling to participate. For a child 14 years of age or older in foster care, the case permanency plan must be developed in consultation with the child. The child may choose up to two members of the case planning team who are not the child's foster parent or caseworker. The department may reject an individual selected by a child at any time if the department has good cause to believe the individual would not act in the best interests of the child. One individual selected by the child to be a member of a child's case planning team may be designated to be the child's advisor and, as necessary, advocate with respect to the use of the reasonable and prudent parent standard.

202.15(3) The department worker shall be responsible for ensuring the development of the case permanency plan within the time frames specified in rule 441—130.7(234). In all cases, the case permanency plan shall be completed within 60 days of the date the child entered foster care.

c. The applicant's ability to provide services and support consistent with the requirements under Iowa Code chapter 232 including, but not limited to, evidence that:

(1) Children will be served in a setting which is in close proximity to their parents' home.

(2) Each child will receive services consistent with the child's best interests and special psychiatric needs as identified in the child's case permanency plan.

(3) Children and their families will receive services to facilitate the children's return home or other permanent placement.

d. The applicant's ability to provide children with a non-hospital-type living environment if the applicant is not freestanding from a hospital or health care facility.

An extension may be approved up to a maximum of six months if the agency has documented extenuating circumstances which prevented completion of the licensing process.

This rule is intended to implement Iowa Code section 135H.6.

441—202.17(232) Area group care targets.

202.17(1) *Area target.* A group care budget target shall be established for each departmental service area, which shall be based on the annual statewide group care appropriation established by the general assembly.

a. The department and the judicial branch shall jointly develop a formula for allocating the group care appropriation among the departmental service areas. The formula shall be based on:

- (1) Proportional child population.
- (2) Proportional group foster care usage in the previous five completed fiscal years.
- (3) Other indicators of need.

b. Any portion of the group care appropriation allocated for 50 highly structured juvenile program beds and not used may be used for group care.

c. Upon written agreement of the affected service area managers and chief juvenile court officers, service areas may transfer part of their group care budget from one service area to another. A service area may exceed its budget target figure up to 5 percent during the fiscal year, providing that the overall funding allocation by the department for all child welfare services in the service area is not exceeded.

d. Notwithstanding the statewide appropriation established in this subrule, a budget established in a service area's group care plan pursuant to Iowa Code section 232.143 may be exceeded, a group care placement may be ordered, and state payment may be made if the review organization finds that the placement is necessary to meet the child's service needs and if the service area has additional funds transferred from another service area or if the service area is within 5 percent of its group care budget target figure pursuant to 441—paragraph 202.17(1) "c."

The department and juvenile court services shall work together to ensure that a service area's group care expenditures shall not exceed the funds allocated to the service area for group care in the fiscal year.

e. If at any time after September 30, 1998, annualization of a service area's current expenditures indicates a service area is at risk of exceeding its group foster care expenditure target under Iowa Code section 232.143 by more than 5 percent, the department and juvenile court services shall examine all group foster care placements in that service area in order to identify those which might be appropriate for termination. In addition, any aftercare services believed to be needed for the children whose placements may be terminated shall be identified.

The department and juvenile court services shall initiate action to set dispositional review hearings for the placements identified. In the dispositional review hearing, the juvenile court shall determine whether needed aftercare services are available and whether termination of the placement is in the best interest of the child and the community.

202.17(2) *Plan for achieving target.* For each of the departmental service areas, representatives appointed by the department and juvenile court services shall establish a plan for containing the expenditure for children placed in group care within the budget target allocated to that service area. The plan shall include monthly targets and strategies for developing alternatives to group care placements.

The plans shall also ensure potential group care referrals are reviewed by the review organization prior to submission of a recommendation for group care placement to the court.

Each area plan shall be established in advance of the fiscal year to which the plan applies. To the extent possible, the department and the juvenile court shall coordinate the planning required under this subrule with planning for services paid under Iowa Code section 232.141, subsection 4. The department's service area manager shall communicate regularly, as specified in the area plan, with the juvenile courts within the service area concerning the current status of the plan's implementation.

This rule is intended to implement Iowa Code section 232.143.

441—202.18(235) Local transition committees. Local transition committees shall be established in each of the department service areas. The service area manager or designee shall determine the number of local transition committees needed within the service area, set operating policies and procedures, and appoint committee membership.

202.18(1) Purpose. The purpose of local transition committees, as established by Iowa Code Supplement section 235.7, is to ensure that the transition needs of youth in foster care who are 16 years of age or older have been addressed in order to assist the youth in preparing for the transition from foster care to adulthood.

202.18(2) Membership. Each committee shall have a designated number of members.

b. Additionally, nonstanding membership may include those knowledgeable about the youth, including the child's court-appointed special advocate, guardian ad litem, and service or care providers.

c. In areas where teams or boards already in existence are involved in review and planning for youth needs, such as the foster care review board or child welfare funding decategorization boards, such teams or boards may serve as local transition committees.

202.18(3) Duties. Local transition committees shall address the transition needs of youth in foster care who are 16 years of age or older and who have a case permanency plan as defined in Iowa Code Supplement section 232.2. Each committee shall have operating policies and procedures to carry out the duties below.

a. Each committee shall establish a process for review and approval of written transition plans for youth for whom the committee has placement responsibility that meets a continuum of case needs and coordinates with local transition planning protocol. The process may include a paper review or an in-person review, or both, according to case need.

b. The committee may be involved when the youth is at least 16 years of age, but shall be involved in reviewing and approving a youth's transition plan before the youth reaches age 17½. When a youth enters foster care at age 17½ or older, the committee shall be involved in reviewing and approving the youth's transition plan within 30 days of completion.

c. In reviewing a youth's transition plan, the committee shall identify and act to address gaps existing in services or supports available that would assist the youth in the transition from foster care to adulthood.

d. For those youth expected to need services as adults, the committee shall ensure that the transition plan was developed with the participation of any person reasonably expected to be a service provider when the youth becomes an adult or to become responsible for the costs of services at that time.

e. The committee shall ensure that transition planning and review is coordinated with overall case planning and review. Committee review and approval shall be indicated in the youth's case permanency plan.

f. With respect to meetings involving a specific youth receiving foster care and the youth's family, the local transition committees are not subject to Iowa Code chapter 21.

g. The information and records of or provided to a local transition committee regarding a youth receiving foster care and the youth's family are not public records pursuant to Iowa Code chapter 22 when the records relate to the foster care placement and transition needs of the youth.

h. Members of the committees are subject to the standards of confidentiality set forth in Iowa Code sections 600.16, 217.30 and 235A.15.

202.18(4) Report. The service area manager or designee shall submit a report on transition planning committees to the department's division of child and family services. - b.* Standing committee membership for each committee.
- c.* The number of cases reviewed by each committee.
- d.* Identification of barriers to successful transition and gaps in community services or supports.
- e.* Suggestions for ways to transition youth from foster care to adulthood more effectively.

This rule is intended to implement Iowa Code Supplement section 235.7.
