

CHAPTER 49
AMBULATORY SURGICAL CENTERS

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/5/29

481—49.1(135R) Definitions.

“*Ambulatory surgical center*” means the same as defined by Iowa Code section 135R.1.

“*Department*” means the department of inspections, appeals, and licensing.

[ARC 7886C, IAB 5/1/24, effective 6/5/24]

481—49.2(135R,10A) Application and licensing.

49.2(1) *Application and licensing.* An ambulatory surgical center shall obtain a license from the department in accordance with Iowa Code section 135R.2.

a. An ambulatory surgical center seeking licensure will make application on forms provided by the department or through the department’s online application system. Upon receipt of a completed application, including completion of the building and plan review set forth in paragraph 49.2(1) “*b*,” and receipt of the \$50 fee set forth in Iowa Code section 135R.3(3), the application will be considered.

b. An ambulatory surgical center applicant shall submit architectural technical documents, engineering documents, and plans and specifications to the department’s building and construction division in accordance with rule 481—300.4(103A) that demonstrate the applicant’s compliance with the construction and physical environment requirements of subrule 49.4(2). The submission may be completed by an authorized agent of the applicant or the responsible design professional, who shall certify that the building or building plans meet the construction and physical environment standards within subrule 49.4(2) or that a waiver has been granted by the department for any noncompliant standard. If the applicant was operating prior to and continuously since July 1, 2023, the applicant is permitted up to six months after submission of its license application to submit plans demonstrating compliance with subrule 49.4(1) or obtaining waivers for the construction and physical environment standards in accordance with subrule 49.4(2).

49.2(2) *Certificate of need.* An ambulatory surgical center will be granted an initial license and is not required to obtain a new certificate of need solely because licensure is mandated by Iowa Code chapter 135R if the ambulatory surgical center was operating prior to and continuously since July 1, 2023. If an ambulatory surgical center beginning or modifying its operations on or after July 1, 2023, would be required to obtain a certificate of need from the health facilities council pursuant to Iowa Code chapter 10A, subchapter VII, part 2, it shall obtain a certificate of need from the health facilities council prior to submitting its license application to the department.

49.2(3) *Renewal, changes of ownership, and changes of information.* A license issued pursuant to this chapter expires one year after the date of issuance or as indicated on the license.

a. Renewal. To renew a license, a completed application form shall be submitted to the department 30 days prior to license expiration.

b. Change of ownership. To request a change of ownership, a completed application form shall be submitted to the department for the new owner at least 30 days prior to the proposed effective date of the change of ownership. A change of ownership includes the purchase, transfer, assignment, or lease of the licensed ambulatory surgical center and includes a change in the management company responsible for the day-to-day operation of the ambulatory surgical center if the management company is ultimately responsible for any enforcement action taken by the department. For purposes of determining ownership and whether such changes constitute a change of ownership, the department adopts the Centers for Medicare and Medicaid Services (CMS) State Operations Manual sections 3210.1A and 3210.1D (Rev. 1, 05-21-04).

c. Change of information. The department should be notified of any changes to an applicant’s or licensee’s application information within 30 days of the date the change occurs, including the cessation of operation.

49.2(4) *Public display.* The license shall be displayed in a conspicuous place in the ambulatory surgical center viewed by the public.

481—49.3(135R,10A) Inspections.

49.3(1) *Frequency.* Inspections may be initiated because of a complaint or other information received by the department or upon referral from other agencies. The department will perform inspections at the same frequency and utilize any priority tier structure for survey and certification activities required for inspections of Medicare-certified ambulatory surgical centers. The department will recognize, in lieu of its own licensure inspection, the comparable inspection and findings of a Medicare survey or an accrediting organization survey from an accrediting organization approved by CMS for federal certification. An ambulatory surgical center utilizing an accrediting organization survey to satisfy the requirements of this subrule shall submit an accreditation certificate to the department within 30 days of completion of each accrediting organization survey.

49.3(2) *Access to records.* An inspector with the department may enter an ambulatory surgical center without a warrant and may examine and copy all records and items pertaining to the inspection unless the record or item is protected by some other legal privilege.

49.3(3) *Evaluation of allegations and referral to other agencies.* If an inspection is initiated, the department will evaluate the allegations to determine whether the allegations should also be referred to other local, state, or federal agencies. If the department believes a criminal or regulatory violation has occurred or is occurring, the department shall notify the appropriate law enforcement or regulatory agencies.

49.3(4) *Final findings.* The department will notify the ambulatory surgical center and any complainant, in writing, of the final findings of an inspection.

49.3(5) *Inspector conflict of interest.* An employee of the department will be excluded from participating in the inspection of an ambulatory surgical facility described by Iowa Code section 135R.5(3).

481—49.4(135R) General licensing standards.

49.4(1) *Federal specific conditions of coverage.* A state-licensed ambulatory surgical center shall comply with the specific conditions for coverage in the federal Medicare program for ambulatory surgical centers under 42 CFR Part 416, Subpart C, as amended to July 1, 2023, and federal interpretive guidelines for such regulations, including Appendix L of the State Operations Manual published by CMS, Rev. 215, as amended to July 21, 2023, or an accreditation standard of The Joint Commission, the American Association for Accreditation of Ambulatory Surgical Facilities, the Accreditation Association for Ambulatory Health Care, or an accrediting organization approved by CMS for federal certification if the state-licensed ambulatory surgical center is inspected by an accrediting organization pursuant to subrule 49.3(1).

49.4(2) *Construction and physical environment standards.* In accordance with subrule 49.4(1), the construction and physical environment standards of 42 CFR 416.44 as amended to July 1, 2023, are adopted. Ambulatory surgical centers built in compliance with construction and environment standards applicable at the time of building approval or building plan approval under subrule 49.2(1) are deemed in compliance with subsequent regulations, with the exception of any structural renovations, additions, functional alterations, or changes in space utilization after the date of approval. Any such structural renovations, additions, functional alterations, or changes in space utilization that will occur after the licensee's initial approval shall be reviewed and approved in accordance with paragraph 49.2(3) "b" prior to such changes being made.

49.4(3) *External reporting.* An ambulatory surgical center shall report quality data to the Iowa department of health and human services consistent with the data required to be reported to CMS in accordance with rules promulgated by the Iowa department of health and human services.

[ARC 7886C, IAB 5/1/24, effective 6/5/24]

481—49.5(135R) Enforcement and penalties.

49.5(1) Denial, suspension, or revocation. The license for an ambulatory surgical center may be denied, suspended, or revoked for failure to comply with Iowa Code chapter 135R or this chapter, including any reason for which an ambulatory surgical center could be denied, suspended, or terminated from the federal Medicare program for ambulatory surgical centers under 42 CFR Part 416 as amended to July 1, 2023, and federal interpretive guidelines, including Appendix L of the State Operations Manual published by CMS, Rev. 215, as amended to July 21, 2023.

49.5(2) Effective date and contested case appeals. Unless otherwise stated, a denial, suspension or revocation of license is effective 30 days after certified mailing or personal service of the notice upon the licensee. The licensee may request a contested case hearing by submitting a request, in writing, to the department within 30 days of the mailing or service. Contested case appeals and hearings are governed by 7—Chapter 2506, 481—Chapter 10, and 481—Chapter 16.

49.5(3) Enjoining an unlicensed ambulatory surgical center. An injunction or other process against any person to restrain or prevent the establishment, operation, or maintenance of an ambulatory surgical center without a license may be pursued by the department in accordance with Iowa Code section 135R.7.

49.5(4) Operation of unlicensed ambulatory surgical center—serious misdemeanor. A person establishing, operating, or maintaining an ambulatory surgical center without a license commits a serious misdemeanor as set forth in Iowa Code section 135R.9.

[ARC 7886C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 8/5/26]

481—49.6(135R,10A) Public and confidential information. The department's final findings with respect to compliance by an ambulatory surgical center with requirements for licensing will be made available to the public on the department's website. Other information relating to an ambulatory surgical center obtained by the department that does not constitute the department's final findings from an inspection, including the name and identifying information about a complainant, are confidential in accordance with Iowa Code section 135R.6. This rule does not inhibit the referral of otherwise confidential information to other law enforcement or regulatory agencies pursuant to Iowa Code section 10A.105(5).

49.6(1) Public disclosure. The following records are open and available for inspection:

- a. License application forms and accompanying materials;
- b. Final findings of the department's inspections;
- c. Official notices of any enforcement action.

49.6(2) Confidential information. Confidential information includes the following:

a. Information obtained by the department that does not comprise a final finding resulting from an inspection. Inspection information that does not comprise a final finding may be made public in a contested case proceeding concerning the department's final findings, including the denial or revocation of registration.

b. Names and identifying information of all complainants.

49.6(3) Redaction of confidential information. If a record normally open for inspection contains confidential information, the confidential information will be redacted prior to providing the record for inspection.

[ARC 7886C, IAB 5/1/24, effective 6/5/24]

481—49.7(135R,10A) Waivers. Requests for waiver may be submitted to the department in accordance with 7—Chapter 2504. Waivers may be granted by the director of the department when, in the director's discretion, good and sufficient reasons underlying the need for a waiver have been established; no substantial risk to the health, safety, or welfare of patients is presented by approving the waiver; and alternate means are employed or compensating circumstances exist to justify the waiver. Any waiver granted is limited to the specific project under consideration and does not establish a precedent for similar acceptance in other cases.

[ARC 7886C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 8/5/26]

These rules are intended to implement Iowa Code chapters 135R and 10A.
