CHAPTER 26
MILITARY SERVICE, VETERAN RECIPROCITY, AND SPOUSES OF ACTIVE DUTY
MILITARY SERVICE MEMBERS

“License” or “licensure” means any certification or registration that may be granted by the board.
“Military service” means honorably serving on federal active duty, state active duty, or national
guard duty, as defined in Iowa Code section 29A.1; in the military services of other states, as provided
in 10 U.S.C. Section 101(c); or in the organized reserves of the United States, as provided in 10 U.S.C.
Section 10101.
“Military service applicant” means an individual requesting credit toward licensure for military
education, training, or service obtained or completed in military service.
“Spouse” means a spouse of an active duty member of the military forces of the United States.
“Veteran” means an individual who meets the definition of “veteran” in Iowa Code section 35.1(2).

193F—26.2(272C) Military education, training, and service credit. A military service applicant may
apply for credit for verified military education, training, or service toward any experience or educational
requirement for licensure by submitting a military service application form to the board office.
26.2(1) The application may be submitted with an application for licensure or examination or prior
to an applicant’s applying for licensure or to take an examination. No fee is required for submission of
an application for military service credit.
26.2(2) The military service applicant shall identify the experience or educational licensure
requirement to which the credit would be applied if granted. Credit shall not be applied to an
examination requirement.
26.2(3) The military service applicant shall provide documents, military transcripts, a certified
affidavit, or forms that verify completion of the relevant military education, training, or service, which
may include, when applicable, the applicant’s Certificate of Release or Discharge from Active Duty
(DD Form 214) or Verification of Military Experience and Training (VMET) (DD Form 2586).
26.2(4) Upon receipt of a completed military service application, the board shall promptly determine
whether the verified military education, training, or service will satisfy all or any part of the identified
experience or educational qualifications for licensure.
26.2(5) The board shall grant the application in whole or in part if the board determines that the
verified military education, training, or service satisfies all or part of the experience or educational
qualifications for licensure.
26.2(6) The board shall inform the military service applicant in writing of the credit, if any, given
toward an experience or educational qualification for licensure or explain why no credit was granted. The
applicant may request reconsideration upon submission of additional documentation or information.
26.2(7) A military service applicant who is aggrieved by the board’s decision may request a contested
case (administrative hearing) and may participate in a contested case by telephone. A request for a
contested case shall be made within 30 days of issuance of the board’s decision. The provisions of
193F—Chapter 20 shall apply, except that no fees or costs shall be assessed against the military service
applicant in connection with a contested case conducted pursuant to this subrule.
26.2(8) The board shall grant or deny the military service application prior to ruling on the
application for licensure. The applicant shall not be required to submit any fees in connection with
the licensure application unless the board grants the military service application. If the board does not
grant the military service application, the applicant may withdraw the licensure application or request
that the licensure application be placed in pending status for up to one year or as mutually agreed. The
withdrawal of a licensure application shall not preclude subsequent applications supported by additional
documentation or information.

193F—26.3(272C) Veteran and spouse of active duty military service member reciprocity.
26.3(1) A veteran or spouse with an unrestricted professional license in another jurisdiction may apply for licensure in Iowa through reciprocity. A veteran or spouse must pass any examinations required for licensure to be eligible for licensure through reciprocity and will be given credit for examinations previously passed when consistent with board laws and rules on examination requirements. A fully completed application for licensure submitted by a veteran or spouse under this rule shall be given priority and shall be expedited.

26.3(2) Such an application shall contain all of the information required of all applicants for licensure who hold unrestricted licenses in other jurisdictions and who are applying for licensure by reciprocity, including, but not limited to, completion of all required forms, payment of applicable fees, disclosure of criminal or disciplinary history, and, if applicable, a criminal history background check. The applicant shall use the same forms as any other applicant for licensure by reciprocity and shall additionally provide such documentation as is reasonably needed to verify the applicant’s status as a veteran under Iowa Code section 35.1(2) or spouse of an active duty member of the military forces of the United States.

26.3(3) Upon receipt of a fully completed licensure application, the board shall promptly determine if the professional or occupational licensing requirements of the jurisdiction where the applicant is licensed are substantially equivalent to the licensing requirements in Iowa. The board shall make this determination based on information supplied by the applicant and such additional information as the board may acquire from the applicable jurisdiction. As relevant to the license at issue, the board may consider the following factors in determining substantial equivalence: scope of practice, education and coursework, degree requirements, postgraduate experience, and examinations required for licensure. Generally, given federal mandates, the requirements to become certified as a real estate appraiser are substantially the same nationwide.

26.3(4) The board shall promptly grant a license to the applicant if the applicant is licensed in the same or similar profession in another jurisdiction whose licensure requirements are substantially equivalent to those required in Iowa, unless the applicant is ineligible for licensure based on other grounds, for example, the applicant’s disciplinary or criminal background.

26.3(5) If the board determines that the licensing requirements in the jurisdiction in which the applicant is licensed are not substantially equivalent to those required in Iowa, the board shall promptly inform the applicant of the additional experience, education, or examinations required for licensure in Iowa. Unless the applicant is ineligible for licensure based on other grounds, such as disciplinary or criminal background, the following shall apply:

a. If an applicant has not passed the required examination(s) for licensure, the applicant may not be issued a provisional license but may request that the licensure application be placed in pending status for up to one year or as mutually agreed to provide the applicant with the opportunity to satisfy the examination requirements.

b. If additional experience or education is required in order for the applicant’s qualifications to be considered substantially equivalent, the applicant may request that the board issue a provisional license for a specified period of time during which the applicant will successfully complete the necessary experience or education. The board shall issue a provisional license for a specified period of time upon such conditions as the board deems reasonably necessary to protect the health, welfare or safety of the public unless the board determines that the deficiency is of a character that the public health, welfare or safety will be adversely affected if a provisional license is granted.

c. If a request for a provisional license is denied, the board shall issue an order fully explaining the decision and shall inform the applicant of the steps the applicant may take in order to receive a provisional license.

d. If a provisional license is issued, the application for full licensure shall be placed in pending status until the necessary experience or education has been successfully completed or the provisional license expires, whichever occurs first. The board may extend a provisional license on a case-by-case basis for good cause.

26.3(6) An applicant who is aggrieved by the board’s decision to deny an application for a reciprocal license or a provisional license or is aggrieved by the terms under which a provisional license will be granted may request a contested case (administrative hearing) and may participate in a contested case
by telephone. A request for a contested case shall be made within 30 days of issuance of the board’s decision. The provisions of 193F—Chapter 20 shall apply, except that no fees or costs shall be assessed against the applicant in connection with a contested case conducted pursuant to this subrule.
