661—291.2(100B) Eligibility. The beneficiary of a volunteer emergency services provider who is killed in the line of duty is eligible for a lump-sum payment of $100,000 from the volunteer emergency services provider death benefit program, provided that application is made to the program in accordance with requirements established in this chapter and all eligibility criteria are satisfied.

291.2(1) *Application.* Application forms for the volunteer emergency services provider death benefit program may be obtained on request from the fire marshal division. The fire marshal may accept a legible copy of a completed application for the federal Public Safety Officers' Benefits Program. Completed application forms shall be sent to the program through the above contact information. A completed application form shall be accompanied by a letter from the chief or other responsible supervisory official of the department in which the volunteer emergency services provider was serving at the time of the line-of-duty death, certifying that the death was the direct and proximate result of a traumatic personal injury incurred in the line of duty as a volunteer. Any evidence or proof available to the chief or responsible supervisory official to support the claim shall accompany the letter.

291.2(2) *Definitions.* The following definitions apply to the volunteer emergency services provider death benefit program.

"Beneficiary" means the surviving spouse of the volunteer emergency services provider who died in the line of duty. If there is no surviving spouse, and there is a surviving child or surviving children of the volunteer emergency services provider, then "beneficiary" means the surviving child of the member. If there is more than one surviving child, the children are cobeneficiaries who shall share equally in the lump-sum payment of the death benefit. If there is no surviving spouse or child of the volunteer emergency services provider, "beneficiary" means the surviving father or mother of the volunteer emergency services provider if either or both survives at the time of the line-of-duty death of the volunteer emergency services provider. If both the mother and father of the volunteer emergency services provider survive at the time of the line-of-duty death of the volunteer emergency services provider, then the father and mother are cobeneficiaries who shall share equally in the lump-sum payment. If there is no surviving spouse, child, or parent at the time of the line-of-duty death of the volunteer emergency services provider, then "beneficiary" means the estate of the deceased volunteer emergency services provider.

"Line-of-duty death" means the death of a volunteer emergency services provider that was the direct and proximate result of a traumatic personal injury incurred in the line of duty as a volunteer. The death is not a line-of-duty death if any of the exclusions in Iowa Code section 100B.31(2) apply.

661—291.3(100B) Determination. After receiving an application for benefits from the volunteer emergency services provider death benefit program, the fire marshal shall make a determination as to whether or not the application meets the requirements for payment of benefits. The fire marshal may

require the beneficiary or the chief or responsible supervisory official who has certified that the death is a line-of-duty death to submit any additional information that the fire marshal deems material to making the determination. If the determination is that the requirements for payment of benefits have been met, the fire marshal shall notify the beneficiary or cobeneficiaries and shall request that the department of revenue issue a warrant payable to the beneficiary or cobeneficiaries as applicable.

291.3(1) *Denial and notification.* If the fire marshal determines that the eligibility criteria have not been met, the fire marshal shall notify in writing the beneficiary or cobeneficiaries and the chief or responsible supervisory official who certified that the death occurred in the line of duty of the determination and of the reason or reasons for the denial.

291.3(2) *Appeals.* If an application for payment from the volunteer emergency services provider program is denied, the beneficiary or any cobeneficiary may appeal that decision to the commissioner of public safety by filing an appeal in writing to the commissioner of public safety within 30 days of the date of the denial of the application by the fire marshal. Appeals shall be processed in accordance with contested case procedures specified in 7—Chapter 2506.
