The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license.

41.8(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal two years later.

41.8(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements of rule 645—44.2(272C) and the mandatory reporting requirements of subrule 41.8(4). b. A licensee who, in the course of employment, examines, attends, counsels or treats adults in Iowa shall indicate on the renewal application completion of two hours of training in dependent abuse identification and reporting in the previous five years or condition(s) for waiver of this requirement as identified in paragraph 41.8(4) “e.”

Training may be completed through separate courses as identified in paragraphs 41.8(4) “a” and “b” or in one combined two-hour course that includes curricula for identifying and reporting child abuse and dependent abuse. The course shall be a curriculum approved by the Iowa department of public health abuse education review panel.

c. A licensee who, in the scope of professional practice or in the course of employment, examines, attends, counsels, or treats both adults and children in Iowa shall indicate on the renewal application completion in abuse identification and reporting for dependent adults and children in the previous five years of condition(s) for waiver or this requirement as identified in paragraph 41.8(4) “e.”

Training may be completed through separate courses as identified in paragraphs 41.8(4) “a” and “b” or in one combined two-hour course that includes curricula for identifying and reporting child abuse and dependent adult abuse. The course shall be a curriculum approved by the Iowa department of public health abuse education review panel.

d. The licensee shall maintain written documentation for five years after mandatory training as identified in paragraphs 41.8(4) “a” to “e,” including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

1. Is engaged in active duty in the military service of this state or the United States.
2. Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in rule 645—4.14(272C).

41.8(5) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license and shall send the licensee a wallet card by regular mail. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

41.8(6) A person licensed to practice as a chiropractic physician shall keep the license certificate and wallet card(s) displayed in a conspicuous public place at the primary site of practice.

41.8(7) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the wallet card. The licensee shall be assessed a late fee as specified in 645—subrule 5.4(4). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

41.8(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a chiropractor in Iowa until the license is reactivated. A licensee who practices as a chiropractor in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

      2. Date of initial licensure;
      3. Current licensure status; and
      4. Any disciplinary action taken against the license; and
