[ARC 7964B, IAB 7/15/09, effective 8/19/09]

**191—37.6(514D) Minimum benefit standards for prestandardized Medicare supplement benefit plan policies or certificates issued for delivery prior to January 1, 1992.** No policy or certificate may be advertised, solicited or issued for delivery in this state as a Medicare supplement policy or certificate unless it meets or exceeds the following minimum standards. These are minimum standards and do not preclude the inclusion of other provisions or benefits which are not inconsistent with these standards.

**37.6(1) General standards.** The following standards apply to Medicare supplement policies and certificates and are in addition to all other requirements of this regulation.

*a.* A Medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six months from the effective date of coverage because it involved a preexisting condition. The policy or certificate shall not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.

*b.* A Medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

*c.* A Medicare supplement policy or certificate shall provide that benefits designed to cover cost-sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible, copayment, or coinsurance amounts. Premiums may be modified to correspond with such changes.

*d.* A “noncancelable,” “guaranteed renewable,” or “noncancelable and guaranteed renewable” Medicare supplement policy shall not:

(1) Provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium; or

(2) Be canceled or nonrenewed by the issuer solely on the grounds of deterioration of health.

*e.* (1) Except as authorized by the commissioner of this state, an issuer shall neither cancel nor nonrenew a Medicare supplement policy or certificate for any reason other than nonpayment of premium or material misrepresentation.

(2) If a group Medicare supplement insurance policy is terminated by the group policyholder and not replaced as provided in subparagraph “*e*”(4) below, the issuer shall offer certificate holders an individual Medicare supplement policy. The issuer shall offer the certificate holder at least the following choices:

1. An individual Medicare supplement policy currently offered by the issuer having comparable benefits to those contained in the terminated group Medicare supplement policy; and

2. An individual Medicare supplement policy which provides only such benefits as are required to meet the minimum standards as defined in 37.7(2).

(3) If membership in a group is terminated, the issuer shall:

1. Offer the certificate holder such conversion opportunities as are described in 37.6(1)“*e*”(2); or

2. At the option of the group policyholder, offer the certificate holder continuation of coverage under the group policy.

(4) If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new group policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

(5) If a Medicare supplement policy eliminates an outpatient prescription drug benefit as a result of requirements imposed by the Medicare Prescription Drug, Improvement, and Modernization Act of 2003, the modified policy shall be deemed to satisfy the guaranteed renewal requirements of this subrule.

*f.* Termination of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be predicated upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or to payment of the maximum benefits. Receipt of Medicare Part D benefits will not be considered in determining a continuous loss.

**37.6(2) Minimum benefit standards.**

*a.* Coverage of Part A Medicare eligible expenses for hospitalization to the extent not covered by Medicare from the sixty-first day through the ninetieth day in any Medicare benefit period;

*b.* Coverage for either all or none of the Medicare Part A inpatient hospital deductible amount;

*c.* Coverage of Part A Medicare eligible expenses incurred as daily hospital charges during use of Medicare’s lifetime hospital inpatient reserve days;

*d.* Upon exhaustion of all Medicare hospital inpatient coverage including the lifetime reserve days, coverage of 90 percent of all Medicare Part A eligible expenses for hospitalization not covered by Medicare subject to a lifetime maximum benefit of an additional 365 days;

*e.* Coverage under Medicare Part A for the reasonable cost of the first three pints of blood (or equivalent quantities of packed red blood cells, as defined under federal regulations) unless replaced in accordance with federal regulations or already paid for under Part B;

*f.* Coverage for the coinsurance amount, or in the case of hospital outpatient department services paid under a prospective payment system, the copayment amount, of Medicare eligible expenses under Part B regardless of hospital confinement, subject to a maximum calendar year out-of-pocket amount equal to the Medicare Part B deductible (\$100);

*g.* Effective January 1, 1990, coverage under Medicare Part B for the reasonable cost of the first three pints of blood (or equivalent quantities of packed red blood cells, as defined under federal regulations), unless replaced in accordance with federal regulations or already paid for under Part A, subject to the Medicare deductible amount.

[ARC 7964B, IAB 7/15/09, effective 8/19/09]

**191—37.7(514D) Benefit standards for 1990 standardized Medicare supplement benefit plan policies or certificates issued for delivery on or after January 1, 1992, and with an effective date for coverage prior to June 1, 2010.** The following standards are applicable to all Medicare supplement policies or certificates delivered or issued for delivery in this state on or after January 1, 1992, and with an effective date for coverage prior to June 1, 2010. No policy or certificate may be advertised, solicited, delivered or issued for delivery in this state as a Medicare supplement policy or certificate unless it complies with these benefit standards.

**37.7(1) General standards.** The following standards apply to Medicare supplement policies and certificates and are in addition to all other requirements of this chapter.

*a.* A Medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six months from the effective date of coverage because it involved a preexisting condition. The policy or certificate may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.

*b.* A Medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

*c.* A Medicare supplement policy or certificate shall provide that benefits designed to cover cost-sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible, copayment, or coinsurance amounts. Premiums may be modified to correspond with such changes.

*d.* No Medicare supplement policy or certificate shall provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium.

*e.* Each Medicare supplement policy shall be guaranteed renewable and

(1) The issuer shall not cancel or nonrenew the policy solely on the ground of health status of the individual; and

(2) The issuer shall not cancel or nonrenew the policy for any reason other than nonpayment of premium or material misrepresentation.

(3) If the Medicare supplement policy is terminated by the group policyholder and is not replaced as provided under subparagraph 37.7(1)“e”(5), the issuer shall offer certificate holders an individual Medicare supplement policy which at the option of the certificate holder:

1. Provides for continuation of the benefits contained in the group policy, or

2. Provides for such benefits as otherwise meets the requirements of this subrule.

(4) If an individual is a certificate holder in a group Medicare supplement policy and the individual terminates membership in the group, the issuer shall:

1. Offer the certificate holder the conversion opportunity described in subparagraph 37.7(1)“e”(3), or

2. At the option of the group policyholder, offer the certificate holder continuation of coverage under the group policy.

(5) If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

(6) If a Medicare supplement policy eliminates an outpatient prescription drug benefit as a result of requirements imposed by the Medicare Prescription Drug, Improvement, and Modernization Act of 2003, the modified policy shall be deemed to satisfy the guaranteed renewal requirements of this subrule.

*f.* Termination of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be conditioned upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or payment of the maximum benefits. Receipt of Medicare Part D benefits will not be considered in determining a continuous loss.

g. (1) A Medicare supplement policy or certificate shall provide that benefits and premiums under the policy or certificate shall be suspended at the request of the policyholder or certificate holder for the period (not to exceed 24 months) in which the policyholder or certificate holder has applied for and is determined to be entitled to medical assistance under Title XIX of the Social Security Act, but only if the policyholder or certificate holder notifies the issuer of such policy or certificate within 90 days after the date the individual becomes entitled to such assistance.

(2) If such suspension occurs and if the policyholder or certificate holder loses entitlement to such medical assistance, such policy or certificate shall be automatically reinstated (effective as of the date of termination of such entitlement) as of the termination of such entitlement if the policyholder or certificate holder provides notice of loss of such entitlement within 90 days after the date of such loss and pays the premium attributable to the period, effective as of the date of termination of such entitlement.

(3) Reinstatement of such coverages:

1. Shall not provide for any waiting period with respect to treatment of preexisting conditions;

2. Shall provide for resumption of coverage that is substantially equivalent to coverage in effect before the date of suspension. If the suspended Medicare supplement policy provided coverage for outpatient prescription drugs, reinstatement of the policy for Medicare Part D enrollees shall be without coverage for outpatient prescription drugs and shall otherwise provide substantially equivalent coverage to the coverage in effect before the date of suspension; and

3. Shall provide for classification of premiums on terms at least as favorable to the policyholder or certificate holder as the premium classification terms that would have applied to the policyholder or certificate holder had the coverage not been suspended.

(4) Each Medicare supplement policy shall provide that benefits and premiums under the policy shall be suspended for the period provided by federal regulation at the request of the policyholder if the policyholder is entitled to benefits under Section 226(b) of the Social Security Act and is covered under a group health plan as defined in Section 1862(b)(1)(A)(v) of the Social Security Act. If suspension occurs and if the policyholder or certificate holder loses coverage under the group health plan, the policy shall be automatically reinstated effective as of the date of loss of coverage if the policyholder provides notice of loss of coverage within 90 days after the date of such loss and pays the premium attributable to the period, effective as of the date of termination of entitlement.

h. If an issuer makes a written offer to an insured who holds one or more of the issuer's 1990 Standardized Medicare supplement policies or certificates (as described in rule 191—37.9(514D)) to allow the insured to exchange that policy during a specified period of time for a 2010 standardized plan (as described in rule 191—37.10(514D)), the offer and subsequent exchange shall comply with the following requirements:

(1) An issuer need not provide justification to the commissioner if the insured exchanges a 1990 standardized policy or certificate for an issue-age-rated 2010 standardized policy or certificate at the insured's original issue age and duration. If an insured's 1990 standardized policy or certificate to be exchanged is priced on an issue-age rate schedule at the time of such offer, the rate charged to the insured for the new 2010 exchanged standardized policy or certificate shall recognize the policy reserve buildup, due to the prefunding inherent in the use of an issue-age rate basis, for the benefit of the insured. The method proposed to be used by an issuer must be filed with the commissioner pursuant to rule 191—37.15(514D).

(2) The rating class of the new 2010 standardized policy or certificate shall be the class closest to the insured's class of the replaced coverage.

(3) An issuer may not apply new preexisting condition limitations or a new incontestability period to the new 2010 standardized policy or certificate for those benefits contained in the exchanged 1990 standardized policy or certificate of the insured, but may apply preexisting condition limitations of no more than six months to any added benefits contained in the new 2010 standardized policy or certificate not contained in the exchanged 1990 standardized policy or certificate.

(4) The new 2010 standardized policy or certificate shall be offered to all policyholders or certificate holders within a given plan, except where the offer or issue would be in violation of state or federal law.

**37.7(2) Standards for Basic (“Core”) Benefits Common to A-J Benefit Plans.** Every issuer shall make available a policy or certificate including only the following basic “Core” package of benefits to each prospective insured. An issuer may make available to prospective insureds any of the other Medicare supplement insurance benefit plans in addition to the basic “Core” package, but not in lieu thereof.

- a. Coverage of Part A Medicare Eligible Expenses for hospitalization to the extent not covered by Medicare from the sixty-first day through the ninetieth day in any Medicare benefit period;
- b. Coverage of Part A Medicare Eligible Expenses incurred for hospitalization to the extent not covered by Medicare for each Medicare lifetime inpatient reserve day used;
- c. Upon exhaustion of the Medicare hospital inpatient coverage including the lifetime reserve days, coverage of 100 percent of the Medicare Part A Eligible Expenses for hospitalization paid at the applicable prospective payment system (PPS) rate or other appropriate Medicare standard of payment, subject to a lifetime maximum benefit of an additional 365 days. The provider shall accept the issuer’s payment as payment in full and may not bill the insured for any balance;
- d. Coverage under Medicare Parts A and B for the reasonable cost of the first three pints of blood (or equivalent quantities of packed red blood cells, as defined under federal regulations) unless replaced in accordance with federal regulations;
- e. Coverage for the coinsurance amount or in the case of hospital outpatient department services paid under a prospective payment system, the copayment amount of Medicare Eligible Expenses under Part B regardless of hospital confinement, subject to the Medicare Part B deductible.

**37.7(3) Standards for Additional Benefits.** The following additional benefits shall be included in Medicare Supplement Benefit Plans “B” through “J” only as provided by rule 191—37.9(514D).

- a. Medicare Part A Deductible: Coverage for all of the Medicare Part A inpatient hospital deductible amount per benefit period.

- d. Eighty percent of the Medicare Part B Excess Charges: Coverage for 80 percent of the difference between the actual Medicare Part B charge as billed, not to exceed any charge limitation established by the Medicare program or state law, and the Medicare-approved Part B charge.
- e. One hundred percent of the Medicare Part B Excess Charges: Coverage for all of the difference between the actual Medicare Part B charge as billed, not to exceed any charge limitation established by the Medicare program or state law, and the Medicare-approved Part B charge.
- f. Basic Outpatient Prescription Drug Benefit: Coverage for 50 percent of outpatient prescription drug charges, after a \$250 calendar year deductible, to a maximum of \$1,250 in benefits received by the insured per calendar year to the extent not covered by Medicare. The outpatient prescription drug benefit may be included for sale or issuance in a Medicare supplement policy until January 1, 2006.

Extended Outpatient Prescription Drug Benefit: Coverage for 50 percent of outpatient prescription drug charges, after a \$250 calendar year deductible to a maximum of \$3,000 in benefits received by the insured per calendar year, to the extent not covered by Medicare. For purposes of this benefit, “emergency care” shall mean care needed immediately because of an injury or an illness of sudden and unexpected onset.

*i.* Preventive Medical Care Benefit: Coverage for the following preventive health services not covered by Medicare:

(1) An annual clinical preventive medical history and physical examination that may include tests and services from subparagraph (2) and patient education to address preventive health care measures.

Reimbursement shall be for the actual charges up to 100 percent of the Medicare-approved amount for each service, as if Medicare were to cover the service as identified in American Medical Association Current Procedural Terminology (AMA CPT) codes, to a maximum of \$120 annually under this benefit. This benefit shall not include payment for any procedure covered by Medicare.

*j.* At-Home Recovery Benefit: Coverage for services to provide short-term, at-home assistance with activities of daily living for those recovering from an illness, injury or surgery.

(1) For purposes of this benefit, the following definitions shall apply:

1. "Activities of daily living" include, but are not limited to, bathing, dressing, personal hygiene, transferring, eating, ambulating, assistance with drugs that are normally self-administered, and changing bandages or other dressings.

2. "Care provider" means a duly qualified or licensed home health aide/homemaker, personal care aide or nurse provided through a licensed home health care agency or referred by a licensed referral agency or licensed nurses registry.

3. "Home" shall mean any place used by the insured as a place of residence, provided that such place would qualify as a residence for home health care services covered by Medicare. A hospital or skilled nursing facility shall not be considered the insured's place of residence.

2. The insured's attending physician must certify that the specific type and frequency of at-home recovery services are necessary because of a condition for which a home care plan of treatment was approved by Medicare.

3. Coverage is limited to:

(3) Coverage is excluded for:

1. Home care visits paid for by Medicare or other government programs; and

2. Care provided by family members, unpaid volunteers or providers who are not care providers.

**191—37.8(514D) Benefit standards for 2010 standardized Medicare supplement benefit plan policies or certificates issued for delivery with an effective date for coverage on or after June 1, 2010.** The following standards are applicable to all Medicare supplement policies or certificates delivered or issued for delivery in this state with an effective date for coverage on or after June 1, 2010. Insurers may begin submitting policies and certificates to the division for approval on or after January 1, 2010. No policy or certificate may be advertised, solicited, delivered, or issued for delivery in this state as a Medicare supplement policy or certificate unless it complies with these benefit standards. No issuer may offer any 1990 standardized Medicare supplement benefit plan for sale on or after June 1, 2010. Benefit standards applicable to Medicare supplement policies and certificates issued with an effective date for coverage prior to June 1, 2010, remain subject to the requirements of rule 191—37.7(514D).

**37.8(1) General standards.** The following standards apply to Medicare supplement policies and certificates and are in addition to all other requirements of this chapter.

*a.* A Medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six months from the effective date of coverage because the losses involved a preexisting condition. The policy or certificate may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.

*b.* A Medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

*c.* A Medicare supplement policy or certificate shall provide that benefits designed to cover cost-sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible, copayment, or coinsurance amounts. Premiums may be modified to correspond with such changes.

*d.* No Medicare supplement policy or certificate shall provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium.

*e.* Each Medicare supplement policy shall be guaranteed renewable.

(1) The issuer shall not cancel or nonrenew the policy solely on the ground of health status of the individual.

(2) The issuer shall not cancel or nonrenew the policy for any reason other than nonpayment of premium or material misrepresentation.

(3) If the Medicare supplement policy is terminated by the group policyholder and is not replaced as provided under subparagraph 37.8(1)“e”(5), the issuer shall offer certificate holders an individual Medicare supplement policy which (at the option of the certificate holder):

1. Provides for continuation of the benefits contained in the group policy; or

2. Provides for benefits that otherwise meet the requirements of paragraph 37.8(1)“e.”

(4) If an individual is a certificate holder in a group Medicare supplement policy and the individual terminates membership in the group, the issuer shall:

1. Offer the certificate holder the conversion opportunity described in subparagraph 37.8(1)“e”(3); or

2. At the option of the group policyholder, offer the certificate holder continuation of coverage under the group policy.

(5) If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the group policy that is being replaced on that policy’s date of termination. Coverage under the new policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

*f.* Termination of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be conditioned upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or payment of the maximum benefits. Receipt of Medicare Part D benefits will not be considered in determining a continuous loss.

*g.* Suspension of benefits.

(1) A Medicare supplement policy or certificate shall provide that benefits and premiums under the policy or certificate shall be suspended at the request of the policyholder or certificate holder for the period (not to exceed 24 months) in which the policyholder or certificate holder has applied for and is determined to be entitled to medical assistance under Title XIX of the Social Security Act, but only if the policyholder or certificate holder notifies the issuer of the policy or certificate within 90 days after the date the individual becomes entitled to assistance.

(2) If suspension occurs and if the policyholder or certificate holder loses entitlement to medical assistance, the policy or certificate shall be automatically reinstated effective as of the date of termination of entitlement if the policyholder or certificate holder provides notice of loss of entitlement within 90 days after the date of loss and pays the premium attributable to the period, effective as of the date of termination of entitlement.

(3) Each Medicare supplement policy shall provide that benefits and premiums under the policy shall be suspended (for any period that may be provided by federal regulation) at the request of the policyholder or certificate holder if the policyholder or certificate holder is entitled to benefits under Section 226(b) of the Social Security Act and is covered under a group health plan (as defined in Section 1862(b)(1)(A)(v) of the Social Security Act). If suspension occurs and if the policyholder or certificate holder loses coverage under the group health plan, the policy shall be automatically reinstated (effective as of the date of loss of coverage) if the policyholder or certificate holder provides notice of loss of coverage within 90 days after the date of the loss.

(4) Reinstitution of coverage as described in subparagraphs 37.8(1) “g”(2) and (3):

1. Shall not provide for any waiting period with respect to treatment of preexisting conditions;
2. Shall provide for resumption of coverage that is substantially equivalent to coverage in effect before the date of suspension; and
3. Shall provide for classification of premiums on terms at least as favorable to the policyholder or certificate holder as the premium classification terms that would have applied to the policyholder or certificate holder had the coverage not been suspended.

**37.8(2) Standards for basic (core) benefits common to Medicare supplement insurance benefit plans A, B, C, D, F, F with high deductible, G, M, and N.** Every issuer of Medicare supplement insurance benefit plans shall make available to each prospective insured a policy or certificate including only the following basic (core) package of benefits. An issuer may make available to prospective insureds any of the other Medicare supplement insurance benefit plans in addition to the basic core package, but not in lieu of it. The provider shall accept the issuer’s payment as payment in full and may not bill the insured for any balance;
- d. Coverage under Medicare Parts A and B for the reasonable cost of the first three pints of blood (or equivalent quantities of packed red blood cells, as defined under federal regulations) unless replaced in accordance with federal regulations;
- e. Coverage for the coinsurance amount or, in the case of hospital outpatient department services paid under a prospective payment system, the copayment amount, of Medicare eligible expenses under Part B regardless of hospital confinement, subject to the Medicare Part B deductible; and
- f. Hospice Care: Coverage of cost sharing for all Part A Medicare eligible hospice care and respite care expenses.

**37.8(3) Standards for additional benefits.** The following additional benefits shall be included in Medicare supplement benefit Plans B, C, D, F, F with high deductible, G, M, and N as provided by rule 191—37.10(514D):

*e.* One hundred percent of the Medicare Part B excess charges: Coverage for all of the difference between the actual Medicare Part B charges as billed, not to exceed any charge limitation established by the Medicare program or state law, and the Medicare-approved Part B charge; and

*f.* Medically necessary emergency care in a foreign country: Coverage to the extent not covered by Medicare for 80 percent of the billed charges for Medicare eligible expenses for medically necessary emergency hospital, physician and medical care received in a foreign country, which care would have been covered by Medicare if provided in the United States and which care began during the first 60 consecutive days of each trip outside the United States, subject to a calendar year deductible of \$250, and a lifetime maximum benefit of \$50,000. For purposes of this benefit, “emergency care” shall mean care needed immediately because of an injury or an illness of sudden and unexpected onset.

Approval of new or innovative benefits must not adversely impact the goal of Medicare supplement simplification. New or innovative benefits shall not include an outpatient prescription drug benefit. New or innovative benefits shall not be used to change or reduce benefits, including a change of any cost-sharing provision, in any standardized plan. The commissioner shall use any guidelines issued by the National Association of Insurance Commissioners in determining whether to approve new or innovative benefits.

### **191—37.12(514D) Open enrollment.**

**37.12(1)** No issuer shall deny or condition the issuance or effectiveness of any Medicare supplement policy or certificate available for sale in this state, nor discriminate in the pricing of such a policy or certificate because of the health status, claims experience, receipt of health care, or medical condition of an applicant in the case of an application for a policy or certificate that is submitted prior to or during the six-month period beginning with the first day of the first month in which an individual is both 65 years of age or older and is enrolled for benefits under Medicare Part B. Each Medicare supplement policy and certificate currently available from an insurer shall be made available to all applicants who qualify under this subrule without regard to age.

**37.12(2)** If an applicant under subrule 37.12(1) submits an application during the time period referenced in subrule 37.12(1) and, as of the date of application, has had a continuous period of creditable coverage of at least six months, the issuer shall not exclude benefits based on a preexisting condition.

If the applicant qualifies under subrule 37.12(1) and submits an application during the time period referenced in subrule 37.12(1) and, as of the date of application, has had a continuous period of creditable coverage that is less than six months, the issuer shall reduce the period of any preexisting condition exclusion by the aggregate of the period of creditable coverage applicable to the applicant as of the enrollment date. The secretary shall specify the manner of the reduction under this subrule.

**37.12(3)** Except as provided in rule 191—37.22(514D) or 191—37.25(514D), subrule 37.12(1) shall not be construed as preventing the exclusion of benefits under a policy, during the first six months, based

**191—37.14(514D) Loss ratio standards and refund or credit of premium.**

**37.14(1) Loss ratio standards.**

a. A Medicare supplement policy form or certificate form shall not be delivered or issued for delivery unless the policy form or certificate form can be expected, as estimated for the entire period for which rates are computed to provide coverage, to return to policyholders and certificate holders in the form of aggregate benefits (not including anticipated refunds or credits) provided under the policy form or certificate form:

- (1) At least 75 percent of the aggregate amount of premiums earned in the case of group policies, or
- (2) At least 65 percent of the aggregate amount of premiums earned in the case of individual policies, calculated on the basis of incurred claims experience or incurred health care expenses where coverage is provided by a health maintenance organization on a service rather than reimbursement basis and earned premiums for such period and in accordance with accepted actuarial principles and practices. Incurred health care expenses where coverage is provided by a health maintenance organization shall not include:

1. Home office and overhead costs;
2. Advertising costs;
3. Commissions and other acquisition costs;
4. Taxes;
5. Capital costs;
6. Administrative costs; and
7. Claims processing costs.

b. All filings of rates and rating schedules shall demonstrate that expected claims in relation to premiums comply with the requirements of this rule when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards.

c. For all policies issued prior to January 1, 1992, expected claims in relation to premiums shall meet:

- (1) The originally filed anticipated loss ratio when combined with the actual experience from inception;
- (2) The appropriate loss ratio requirement from subparagraphs 37.14(1)“a”(1) and (2) when combined with actual experience beginning with January 1, 1996, to date; and
- (3) The appropriate loss ratio requirement from subparagraphs 37.14(1)“a”(1) and (2) over the entire future period for which rates are computed to provide coverage.

**37.14(2) Refund or credit calculation.**

a. An issuer shall collect and file with the commissioner by May 31 of each year the data contained in the reporting form contained in Appendix A for each type in a standard Medicare supplement benefit plan.

b. If, on the basis of the experience as reported, the benchmark ratio since inception (ratio 1) exceeds the adjusted experience ratio since inception (ratio 3), then a refund or credit calculation is required. The refund calculation shall be done on a statewide basis for each type in a standard Medicare supplement benefit plan. For purposes of the refund or credit calculation, experience on policies issued within the reporting year shall be excluded.

c. For purposes of this subrule, policies or certificates issued prior to January 1, 1992, the issuer shall make the refund calculation separately for all individual policies (including all group policies subject to an individual loss ratio standard when issued) combined and all other group policies combined for experience after January 1, 1996. The first report shall be due May 31, 1998.

d. A refund or credit shall be made only when the benchmark loss ratio exceeds the adjusted experience loss ratio and the amount to be refunded or credited exceeds a de minimis level. Such refund shall include interest from the end of the calendar year to the date of the refund or credit at a rate specified by the Secretary of Health and Human Services, but in no event shall it be less than the average rate of interest for 13-week Treasury notes. A refund or credit against premiums due shall be made by September 30 following the experience year upon which the refund or credit is based.

**37.14(3) Annual filing of premium rates.** An issuer of Medicare supplement policies and certificates issued before or after the effective date of January 1, 1992, in this state shall file annually its rates, rating schedule and supporting documentation including ratios of incurred losses to earned premiums by policy duration for approval by the commissioner in accordance with the filing requirements and procedures prescribed by the commissioner. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. Such demonstration shall exclude active life reserves. An expected third-year loss ratio which is greater than or equal to the applicable percentage shall be demonstrated for policies or certificates in force less than three years.

As soon as practicable, but prior to the effective date of enhancements in Medicare benefits, every issuer of Medicare supplement policies or certificates in this state shall file with the commissioner in accordance with the applicable filing procedures of this state:

a. (1) Appropriate premium adjustments necessary to produce loss ratios as anticipated for the current premium for the applicable policies or certificates. Such supporting documents as necessary to justify the adjustment shall accompany the filing.

(2) An issuer shall make such premium adjustments as are necessary to produce an expected loss ratio under such policy or certificate as will conform with minimum loss ratio standards for Medicare supplement policies and which are expected to result in a loss ratio at least as great as that originally anticipated in the rates used to produce current premiums by the issuer for such Medicare supplement policies or certificates. No premium adjustment which would modify the loss ratio experience under the policy other than the adjustments described herein shall be made with respect to a policy at any time other than upon its renewal date or anniversary date.

(3) If an issuer fails to make premium adjustments acceptable to the commissioner, the commissioner may order premium adjustments, refunds or premium credits deemed necessary to achieve the loss ratio required by this rule.

*b.* Any appropriate riders, endorsements or policy forms needed to accomplish the Medicare supplement policy or certificate modifications necessary to eliminate benefit duplications with Medicare. Such riders, endorsements or policy forms shall provide a clear description of the Medicare supplement benefits provided by the policy or certificate.

**37.14(4) Public hearings.** The commissioner may conduct a public hearing to gather information concerning a request by an issuer for an increase in a rate for a policy form or certificate form issued before or after the effective date of January 1, 1992, if the experience of the form for the previous reporting period is not in compliance with the applicable loss ratio standard. The determination of compliance is made without consideration of any refund or credit for such reporting period. Public notice of such hearing shall be furnished in a manner deemed appropriate by the commissioner.

[ARC 7964B, IAB 7/15/09, effective 8/19/09]

**191—37.15(514D) Filing and approval of policies and certificates and premium rates.**

**37.15(1)** An issuer shall not deliver or issue for delivery a policy or certificate to a resident of this state unless the policy form or certificate form has been filed pursuant to rule 191—20.1(505,509,514A,515,515A,515F) and approved by the commissioner.

**37.15(2)** An issuer shall file any riders or amendments to policy or certificate forms to delete outpatient prescription drug benefits as required by the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 only with the commissioner in the state in which the policy or certificate was issued.

**37.15(3)** An issuer shall not use or change premium rates for a Medicare supplement policy or certificate unless the rates, rating schedule and supporting documentation have been filed with and approved by the commissioner in accordance with the filing requirements and procedures prescribed by the commissioner.

**37.15(4) a.** Except as provided in paragraph “*b*” of this subrule, an issuer shall not file for approval more than one form of a policy or certificate of each type for each standard Medicare supplement benefit plan.

*b.* An issuer may offer, with the approval of the commissioner, up to four additional policy forms or certificate forms of the same type for the same standard Medicare supplement benefit plan, one for each of the following cases:

- (1) The inclusion of new or innovative benefits;
- (2) The addition of either direct response or agent marketing methods;
- (3) The addition of either guaranteed issue or underwritten coverage;
- (4) The offering of coverage to individuals eligible for Medicare by reason of disability.

*c.* For the purposes of this section, a “type” means an individual policy, a group policy, an individual Medicare Select policy, or a group Medicare Select policy.

**37.15(5) a.** Except as provided in subparagraph “*a*”(1) below, an issuer shall continue to make available for purchase any policy form or certificate form issued after January 1, 1992, that has been approved by the commissioner. A policy form or certificate form shall not be considered to be available for purchase unless the issuer has actively offered it for sale in the previous 12 months.

(1) An issuer may discontinue the availability of a policy form or certificate form if the issuer provides to the commissioner in writing its decision at least 30 days prior to discontinuing the availability of the form of the policy or certificate. After receipt of the notice by the commissioner, the issuer shall no longer offer for sale the policy form or certificate form in this state.

(2) An issuer that discontinues the availability of a policy form or certificate form pursuant to subparagraph “*a*”(1) above shall not file for approval of a new policy form or certificate form of the same type for the same standard Medicare supplement benefit plan as the discontinued form for a period of five years after the issuer provides notice to the commissioner of the discontinuance. The period of discontinuance may be reduced if the commissioner determines that a shorter period is appropriate.

*b.* The sale or other transfer of Medicare supplement business to another issuer shall be considered a discontinuance for the purposes of this subrule.

c. A change in the rating structure or methodology shall be considered a discontinuance under paragraph “a” of this subrule unless the issuer complies with the following requirements:

(1) The issuer provides an actuarial memorandum, in a form and manner prescribed by the commissioner, describing the manner in which the revised rating methodology and resultant rates differ from the existing rating methodology and resultant rates.

(2) The issuer does not subsequently put into effect a change of rates or rating factors that would cause the percentage differential between the discontinued and subsequent rates as described in the actuarial memorandum to change. The commissioner may approve a change to the differential which is in the public interest.

**37.15(6) a.** Except as provided in paragraph “b” of this subrule, the experience of all policy forms or certificate forms of the same type in a standard Medicare supplement benefit plan shall be combined for purposes of the refund or credit calculation prescribed in rule 191—37.14(514D).

b. Forms assumed under an assumption reinsurance agreement shall not be combined with the experience of other forms for purposes of the refund or credit calculation.

**37.16(1)** An issuer or other entity may provide commission or other compensation to an agent or other representative for the sale of a Medicare supplement policy or certificate only if the first-year commission or other first-year compensation is no more than 200 percent of the commission or other compensation paid for selling or servicing the policy or certificate in the second year or period.

**37.16(2)** The commission or other compensation provided in subsequent (renewal) years must be the same as that provided in the second year or period and must be provided for no fewer than five renewal years.

**37.16(3)** No issuer or other entity shall provide compensation to its agents or other producers and no agent or producer shall receive compensation greater than the renewal compensation payable by the replacing issuer on renewal policies or certificates if an existing policy or certificate is replaced.

The language or specifications of such provisions shall be consistent with the type of contract issued. Such provision shall be appropriately captioned and shall appear on the first page of the policy, and shall include any reservation by the issuer of the right to change premiums and any automatic renewal premium increases based on the policyholder’s age.

b. Except for riders or endorsements by which the issuer effectuates a request made in writing by the insured, exercises a specifically reserved right under a Medicare supplement policy, or is required to reduce or eliminate benefits to avoid duplication of Medicare benefits, all riders or endorsements added to a Medicare supplement policy after date of issue or at reinstatement or renewal which reduce or eliminate benefits or coverage in the policy shall require a signed acceptance by the insured. After the date of policy or certificate issue, any rider or endorsement which increases benefits or coverage with a concomitant increase in premium during the policy term shall be agreed to in writing signed by the insured, unless the benefits are required by the minimum standards for Medicare supplement policies, or if the increased benefits or coverage is required by law. Where a separate additional premium is charged for benefits provided in connection with riders or endorsements, such premium charge shall be set forth in the policy.

c. Medicare supplement policies or certificates shall not provide for the payment of benefits based on standards described as “usual and customary,” “reasonable and customary” or words of similar import.

d. If a Medicare supplement policy or certificate contains any limitations with respect to preexisting conditions, such limitations shall appear as a separate paragraph of the policy and be labeled as "Preexisting Condition Limitations."

e. Medicare supplement policies and certificates shall have a notice prominently printed on the first page of the policy or certificate or attached thereto stating in substance that the policyholder or certificate holder shall have the right to return the policy or certificate within 30 days of its delivery and to have the premium refunded if, after examination of the policy or certificate, the insured person is not satisfied for any reason.

f. (1) Issuers of accident and sickness policies, or certificates which provide hospital or medical expense coverage on an expense-incurred or indemnity basis to a person(s) eligible for Medicare shall provide to those applicants a Guide to Health Insurance for People with Medicare in the form developed jointly by the National Association of Insurance Commissioners and CMS and in a type size no smaller than 12-point type. Delivery of the Guide shall be made whether or not such policies or certificates are advertised, solicited or issued as Medicare supplement policies or certificates as defined in this chapter. Except in the case of direct response issuers, delivery of the Guide shall be made to the applicant at the time of application and acknowledgment of receipt of the Guide shall be obtained by the issuer. Direct response issuers shall deliver the Guide to the applicant upon request but not later than at the time the policy is delivered.

"NOTICE: Read this outline of coverage carefully. It is not identical to the outline of coverage provided upon application and the coverage originally applied for has not been issued."

c. The outline of coverage provided to applicants pursuant to this subrule consists of four parts: a cover page, premium information, disclosure pages, and charts displaying the features of each benefit plan offered by the issuer. The outline of coverage shall be in the language and format prescribed below in no less than 12-point type. All plans shall be shown on the cover page, and the plans that are offered by the issuer shall be prominently identified. \* Plan F also has an option called a high deductible Plan F. This high deductible plan pays the same benefits as Plan F after one has paid a calendar year \$[1860] deductible. Benefits from high deductible Plan F will not begin until out-of-pocket expenses exceed \$[1860]. Out-of-pocket expenses for this deductible are expenses that would ordinarily be paid by the policy. These expenses include the Medicare deductibles for Part A and Part B, but do not include the plan’s separate foreign travel emergency deductible.

### PREMIUM INFORMATION

We [insert issuer's name] can only raise your premium if we raise the premium for all policies like yours in this State. [If the premium is based on the increasing age of the insured, include information specifying when premiums will change.]

### DISCLOSURES

Use this outline to compare benefits and premiums among policies.

This outline shows benefits and premiums of policies sold for effective dates on or after June 1, 2010. Policies sold for effective dates prior to June 1, 2010, have different benefits and premiums. Plans E, H, I, and J are no longer available for sale. [The last sentence of this paragraph shall not appear after June 1, 2011.]

### READ YOUR POLICY VERY CAREFULLY

This is only an outline describing your policy's most important features. The policy is your insurance contract. You must read the policy itself to understand all of the rights and duties of both you and your insurance company.

### RIGHT TO RETURN POLICY

If you find that you are not satisfied with your policy, you may return it to [insert issuer's address]. If you send the policy back to us within 30 days after you receive it, we will treat the policy as if it had never been issued and return all of your payments.

### POLICY REPLACEMENT

If you are replacing another health insurance policy, do NOT cancel it until you have actually received your new policy and are sure you want to keep it.

### NOTICE

This policy may not fully cover all of your medical costs.

[for agents: ]

Neither [insert company's name] nor its agents are connected with Medicare.

[for direct response: ]

[Insert company's name] is not connected with Medicare.

This outline of coverage does not give all the details of Medicare coverage. Contact your local Social Security office or consult "Medicare and You" for more details.

### COMPLETE ANSWERS ARE VERY IMPORTANT

When you fill out the application for the new policy, be sure to answer truthfully and completely all questions about your medical and health history. The company may cancel your policy and refuse to pay any claims if you leave out or falsify important medical information. [If the policy or certificate is guaranteed issue, this paragraph need not appear.]

Review the application carefully before you sign it. Be certain that all information has been properly recorded.

[Include for each plan prominently identified in the cover page a chart showing the services, Medicare payments, plan payments and insured payments, using the same language, in the same order, using uniform layout and format as shown in the charts below. No more than four plans may be shown on one chart. For purposes of illustration, charts for each plan are included in this subrule. An issuer may use additional benefit plan descriptions on these charts pursuant to subrule 37.10(4).]

[Include an explanation of any innovative benefits on the cover page and in the chart, in a manner approved by the commissioner.]

Section 1395 et seq.), disability income policy, or other policy identified in rule 191—37.2(514D) issued for delivery in this state to persons eligible for Medicare shall notify insureds under the policy that the policy is not a Medicare supplement policy or certificate. The notice shall either be printed or attached to the first page of the outline of coverage delivered to insureds under the policy, or if no outline of coverage is delivered, to the first page of the policy, or certificate delivered to insureds. The notice shall be in no less than 12-point type and shall contain the following language:

“THIS [POLICY OR CERTIFICATE] IS NOT A MEDICARE SUPPLEMENT [POLICY OR CONTRACT]. If you are eligible for Medicare, review the Guide to Health Insurance for People with Medicare available from the company.”

*b.* Applications provided to persons eligible for Medicare for the health insurance policies or certificates described in paragraph 37.17(4)“*a*” shall disclose, using the applicable statement in Appendix C, the extent to which the policy duplicates Medicare. The disclosure statement shall be provided as a part of, or together with, the application for the policy or certificate.

[ARC 7964B, IAB 7/15/09, effective 8/19/09]

**191—37.18(514D) Requirements for application forms and replacement coverage.**

**37.18(1)** Application forms shall include the following questions designed to elicit information as to whether, as of the date of the application, the applicant currently has Medicare supplement, Medicare Advantage, Medicaid coverage or another health insurance policy or certificate in force or whether a Medicare supplement policy or certificate is intended to replace any other accident and sickness policy or certificate presently in force. A supplementary application or other form to be signed by the applicant and agent containing such questions and statements may be used.

*a.* Statements.

(1) You do not need more than one Medicare supplement policy.

(2) If you purchase this policy (certificate), you may want to evaluate your existing health coverage and decide if you need multiple coverages.

(3) You may be eligible for benefits under Medicaid and may not need a Medicare supplement policy.

(4) If, after purchasing this policy, you become eligible for Medicaid, the benefits and premiums under your Medicare supplement policy can be suspended, if requested, during your entitlement to benefits under Medicaid for 24 months. You must request this suspension within 90 days of becoming eligible for Medicaid. If you are no longer entitled to Medicaid, your suspended Medicare supplement policy (or, if that is no longer available, a substantially equivalent policy) will be reinstated if requested within 90 days of losing your Medicaid eligibility. If the Medicare supplement policy provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your

policy was suspended, the reinstated policy will not have outpatient prescription drug coverage, but will otherwise be substantially equivalent to your coverage before the date of the suspension.

(5) If you are eligible for, and have enrolled in a Medicare supplement policy by reason of disability and you later become covered by an employer or union-based group health plan, the benefits and premiums under your Medicare supplement policy can be suspended, if requested, while you are covered under the employer or union-based group health plan. If you suspend your Medicare supplement policy under these circumstances, and later lose your employer or union-based group health plan, your suspended Medicare supplement policy (or, if that is no longer available, a substantially equivalent policy) will be reinstated if requested within 90 days of losing your employer or union-based group health plan. If the Medicare supplement policy provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your policy was suspended, the reinstated policy will not have outpatient prescription drug coverage, but will otherwise be substantially equivalent to your coverage before the date of the suspension.

(6) Counseling services may be available in your state to provide advice concerning your purchase of Medicare supplement insurance and concerning medical assistance through the state Medicaid program, including benefits as a Qualified Medicare Beneficiary (QMB) and a Specified Low-Income Medicare Beneficiary (SLMB).

**37.18(2)** Agents shall list any other health insurance policies they have sold to the applicant.

- a. List policies sold which are still in force.
- b. List policies sold in the past five years which are no longer in force.

**37.18(3)** In the case of a direct response issuer, a copy of the application or supplemental form, signed by the applicant and acknowledged by the insurer, shall be returned to the applicant by the insurer upon delivery of the policy.

**37.18(4)** Upon determining that a sale will involve replacement of Medicare supplement coverage, any issuer, other than a direct response issuer, or its agent, shall furnish the applicant, prior to issuance or delivery of the Medicare supplement policy or certificate, a notice regarding replacement of Medicare supplement coverage. One copy of such notice signed by the applicant and the agent, except where the coverage is sold without an agent, shall be provided to the applicant and an additional signed copy shall be retained by the issuer. A direct response issuer shall deliver to the applicant at the time of the issuance of the policy the notice regarding replacement of Medicare supplement coverage.

**37.18(5)** The notice required by subrule 37.18(4) for an issuer shall be provided in substantially the following form in no less than 12-point type:

**NOTICE TO APPLICANT REGARDING REPLACEMENT  
OF MEDICARE SUPPLEMENT INSURANCE  
OR MEDICARE ADVANTAGE**

[Insurance company's name and address]

**SAVE THIS NOTICE! IT MAY BE IMPORTANT TO YOU IN THE FUTURE.**

According to [your application] [information you have furnished], you intend to terminate existing Medicare supplement or Medicare Advantage insurance and replace it with a policy to be issued by [Company Name] Insurance Company. Your new policy will provide thirty (30) days within which you may decide without cost whether you desire to keep the policy.

You should review this new coverage carefully. Compare it with all accident and sickness coverage you now have. If, after due consideration, you find that purchase of this Medicare supplement coverage is a wise decision, you should terminate your present Medicare supplement or Medicare Advantage coverage. You should evaluate the need for other accident and sickness coverage you have that may duplicate this policy.

STATEMENT TO APPLICANT BY ISSUER, AGENT [BROKER OR OTHER REPRESENTATIVE]:  
I have reviewed your current medical or health insurance coverage. To the best of my knowledge, this Medicare supplement policy will not duplicate your existing Medicare supplement or, if applicable, Medicare Advantage coverage because you intend to terminate your existing Medicare supplement

coverage or leave your Medicare Advantage plan. The replacement policy is being purchased for the following reason (check one):

- Additional benefits.
- No change in benefits, but lower premiums.
- Fewer benefits and lower premiums.
- My plan has outpatient prescription drug coverage and I am enrolling in Part D.
- Disenrollment from a Medicare Advantage Plan. Please explain reason for disenrollment. [optional only for Direct Mailers]
- Other. (Please specify.) \_\_\_\_\_

1. **Note:** If the issuer of the Medicare supplement policy being applied for does not, or is otherwise prohibited from imposing preexisting condition limitations, please skip to statement 2 below. Health conditions which you may presently have (preexisting conditions) may not be immediately or fully covered under the new policy. This could result in denial or delay of a claim for benefits under the new policy, whereas a similar claim might have been payable under your present policy.

2. State law provides that your replacement policy or certificate may not contain new preexisting conditions, waiting periods, elimination periods or probationary periods. The insurer will waive any time periods applicable to preexisting conditions, waiting periods, elimination periods, or probationary periods in the new policy (or coverage) for similar benefits to the extent such time was spent (depleted) under the original policy.

3. If you still wish to terminate your present policy and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical and health history. Failure to include all material medical information on an application may provide a basis for the company to deny any future claims and to refund your premium as though your policy had never been in force. After the application has been completed and before you sign it, review it carefully to be certain that all information has been properly recorded. [If the policy or certificate is guaranteed issue, this paragraph need not appear.]

Do not cancel your present policy until you have received your new policy and are sure that you want to keep it.

**191—37.19(514D) Standards for marketing.**

**37.19(1)** An issuer, directly or through its producers, shall:

- c. Display prominently by type, stamp or other appropriate means, on the first page of the policy, the following:

*e.* Establish auditable procedures for certifying compliance with this subrule.

*f.* At solicitation, provide written notice to the prospective policyholder or certificate holder of the name, address, and telephone number of the senior insurance counseling program approved in Iowa by the commissioner of insurance. **37.19(2)** In addition to the practices prohibited in Iowa Code chapter 507B, the following acts and practices are prohibited:

*a. Twisting.* Knowingly making any misleading representation or incomplete or fraudulent comparison of any insurance policies or insurers for the purpose of inducing, or tending to induce, any person to lapse, forfeit, surrender, terminate, retain, pledge, assign, borrow on, or convert any insurance policy or to take out a policy of insurance with another insurer.

*b. High-pressure tactics.* Employing any method of marketing having the effect of or tending to induce the purchase of insurance through force, fright, threat, whether explicit or implied, or undue pressure to purchase or recommend the purchase of insurance.

*c. Cold-lead advertising.* Making use directly or indirectly of any method of marketing which fails to disclose in a conspicuous manner that a purpose of the method of marketing is solicitation of insurance and that contact will be made by an insurance agent or insurance company.

**37.19(3)** The terms “Medicare Supplement,” “Medigap,” “Medicare Wrap-Around” and words of similar import shall not be used unless the policy is issued in compliance with this chapter.

[ARC 7964B, IAB 7/15/09, effective 8/19/09]

**191—37.20(514D) Appropriateness of recommended purchase and excessive insurance.**

**37.20(1)** In recommending the purchase or replacement of any Medicare supplement policy or certificate an agent shall make reasonable efforts to determine the appropriateness of a recommended purchase or replacement.

**37.20(2)** Any sale of a Medicare supplement policy or certificate that will provide an individual more than one Medicare supplement policy or certificate is prohibited.

**37.20(3)** An issuer shall not issue a Medicare supplement policy or certificate to an individual enrolled in Medicare Part C unless the effective date of the coverage is after the termination date of the individual's Part C coverage.

[ARC 7964B, IAB 7/15/09, effective 8/19/09]

**191—37.21(514D) Reporting of multiple policies.**

*a.* Policy and certificate number, and

*b.* Date of issuance.

**37.21(2)** The items set forth above must be grouped by individual policyholder.

[ARC 7964B, IAB 7/15/09, effective 8/19/09]

**191—37.22(514D) Prohibition against preexisting conditions, waiting periods, elimination periods and probationary periods in replacement policies or certificates.**

**37.22(1)** If a Medicare supplement policy or certificate replaces another Medicare supplement policy or certificate, the replacing issuer shall waive any time periods applicable to preexisting conditions, waiting periods, elimination periods and probationary periods in the new Medicare supplement policy or certificate to the extent such time was spent under the original policy.

**37.22(2)** If a Medicare supplement policy or certificate replaces another Medicare supplement policy or certificate which has been in effect for at least six months, the replacing policy shall not provide any

time period applicable to preexisting conditions, waiting periods, elimination periods and probationary periods.

[ARC 7964B, IAB 7/15/09, effective 8/19/09]

**191—37.23(514D) Prohibition against use of genetic information and requests for genetic testing.** This rule applies to all policies with policy years beginning on or after May 21, 2009.

**37.23(1)** For the purposes of this rule only, the following definitions shall apply:

*“Family member”* means, with respect to an individual, any other individual who is a first-degree, second-degree, third-degree, or fourth-degree relative of such individual.

*“Genetic information”* means, with respect to any individual, information about such individual’s genetic tests, the genetic tests of family members of such individual, and the manifestation of a disease or disorder in family members of such individual. “Genetic information” includes, with respect to any individual, any request for, or receipt of, genetic services, or participation in clinical research which includes genetic services, by such individual or any family member of such individual. Any reference to genetic information concerning an individual or family member of an individual who is a pregnant woman includes genetic information of any fetus carried by such pregnant woman or, with respect to an individual or family member utilizing reproductive technology, includes genetic information of any embryo legally held by an individual or family member. The term “genetic information” does not include information about the sex or age of any individual.

*“Genetic services”* means a genetic test, genetic counseling (including obtaining, interpreting, or assessing genetic information), or genetic education.

*“Genetic test”* means an analysis of human DNA, RNA, chromosomes, proteins, or metabolites that detects genotypes, mutations, or chromosomal changes. The term “genetic test” does not mean:

1. An analysis of proteins or metabolites that does not detect genotypes, mutations, or chromosomal changes; or
2. An analysis of proteins or metabolites that is directly related to a manifested disease, disorder, or pathological condition that could reasonably be detected by a health care professional with appropriate training and expertise in the field of medicine involved.

*“Issuer of a Medicare supplement policy or certificate”* means the same as “issuer” as defined in rule 191—37.3(514D) and includes third-party administrator, or other person acting for or on behalf of such issuer.

*“Underwriting purposes”* means:

1. Rules for or determination of eligibility (including enrollment and continued eligibility) for benefits under the policy;
2. The computation of premium or contribution amounts under the policy;
3. The application of any preexisting condition exclusion under the policy; and
4. Other activities related to the creation, renewal, or replacement of a contract of health insurance or health benefits.

**37.23(2)** An issuer of a Medicare supplement policy or certificate:

*a.* Shall not deny or condition the issuance or effectiveness of the policy or certificate (including the imposition of any exclusion of benefits under the policy based on a preexisting condition) of an individual on the basis of the genetic information with respect to such individual; and

*b.* Shall not discriminate in the pricing of the policy or certificate (including the adjustment of premium rates) of an individual on the basis of the genetic information with respect to such individual.

**37.23(3)** Nothing in subrule 37.23(2) shall be construed to limit the ability of an issuer, to the extent otherwise permitted by law, from:

*a.* Denying or conditioning the issuance or effectiveness of the policy or certificate or increasing the premium for a group based on the manifestation of a disease or disorder of an insured or applicant; or

*b.* Increasing the premium for any policy issued to an individual based on the manifestation of a disease or disorder of another individual who is covered under the policy. In such case, the manifestation of a disease or disorder in one individual cannot also be used as genetic information about other group members and to further increase the premium for the group.

**37.23(4)** An issuer of a Medicare supplement policy or certificate shall not request or require an individual or a family member of such individual to undergo a genetic test.

**37.23(5)** Subrule 37.23(4) shall not be construed to preclude an issuer of a Medicare supplement policy or certificate from obtaining and using the results of a genetic test in making a determination regarding payment (as defined for the purposes of applying the regulations promulgated under Part C of Title XI and Section 264 of the Health Insurance Portability and Accountability Act of 1996, as may be revised from time to time) and consistent with subrule 37.23(2).

**37.23(6)** For purposes of carrying out subrule 37.23(5), an issuer of a Medicare supplement policy or certificate may request only the minimum amount of information necessary to accomplish the intended purpose.

**37.23(7)** Notwithstanding subrule 37.23(4), an issuer of a Medicare supplement policy may request, but not require, that an individual or a family member of such individual undergo a genetic test if each of the following conditions is met:

*a.* The request is made pursuant to research that complies with Part 46 of Title 45, Code of Federal Regulations, or equivalent federal regulations, and any applicable state or local law or regulations for the protection of human subjects in research.

*b.* The issuer clearly indicates to each individual, or in the case of a minor child, to the legal guardian of such child, to whom the request is made that:

- (1) Compliance with the request is voluntary; and
- (2) Noncompliance will have no effect on enrollment status or premium or contribution amounts.

*c.* No genetic information collected or acquired under this subrule shall be used for underwriting, determination of eligibility to enroll or maintain enrollment status, premium rates, or the issuance, renewal, or replacement of a policy or certificate.

*d.* The issuer notifies the Secretary of the U.S. Department of Health and Human Services in writing that the issuer is conducting activities pursuant to the exception provided for under this subrule, including a description of the activities conducted.

*e.* The issuer complies with such other conditions as the Secretary of the U.S. Department of Health and Human Services may by regulation require for activities conducted under this subrule.

**37.23(8)** An issuer of a Medicare supplement policy or certificate shall not request, require, or purchase genetic information for underwriting purposes.

**37.23(9)** An issuer of a Medicare supplement policy or certificate shall not request, require, or purchase genetic information with respect to any individual prior to such individual's enrollment under the policy in connection with such enrollment.

**37.23(10)** If an issuer of a Medicare supplement policy or certificate obtains genetic information incidental to the requesting, requiring, or purchasing of other information concerning any individual, such request, requirement, or purchase shall not be considered a violation of subrule 37.23(9) if such request, requirement, or purchase is not in violation of subrule 37.23(8).

after the two-year period beginning on the date on which the individual first enrolled with such an organization, provider, plan or program.

DIVISION II  
MEDICARE SUPPLEMENT ADVERTISING

**191—37.50(507B,514D) Purpose.** The purpose of the rules in this division is to provide prospective purchasers with clear and unambiguous statements in the advertisement of Medicare supplement insurance and to assure the clear and truthful disclosure of the benefits, limitations and exclusions of policies sold as Medicare supplement insurance. This purpose is intended to be accomplished by the establishment of guidelines and permissible and impermissible standards of conduct in the advertising

of Medicare supplement insurance in a manner which prevents unfair, deceptive and misleading advertising and which is conducive to accurate presentation and description to the insurance-buying public through the advertising media and material used by insurance producers and companies.

[ARC 7964B, IAB 7/15/09, effective 8/19/09]

**191—37.51(507B,514D) Applicability.**

**37.51(1)** “Insurer,” for the purpose of these rules, shall include any individual, corporation, association, partnership, reciprocal exchange, inter-insurer, Lloyd’s, fraternal benefit society, health maintenance organization, hospital service corporation, medical service corporation, prepaid health plan and any other legal entity which is defined as an “issuer” in rule 191—37.3(514D) and is engaged in the advertisement of itself, or Medicare supplement insurance.

These rules shall apply to any “advertisement” of Medicare supplement insurance, as that term is defined in rule 191—37.52(507B,514D), unless otherwise specified in Division II of this chapter, that the insurer or producer knows or reasonably should know is intended for presentation, distribution or dissemination in this state when the presentation, distribution or dissemination is made either directly or indirectly by or on behalf of an insurer or producer, as those terms are defined in rule 191—15.2(507B).

**37.51(2)** Advertising materials that are reproduced in quantity shall be identified by form numbers or other identifying means. The identification shall be sufficient to distinguish an advertisement from any other advertising materials, policies, applications or other materials used by the insurer.

**37.51(3)** The requirements of Iowa Code chapter 507B and 191—Chapter 15 also shall apply to insurers and producers to which 191—Chapter 37, Division II, applies, unless specifically exempted therein.

[ARC 7964B, IAB 7/15/09, effective 8/19/09]

2. Advertising material included with a policy when the policy is delivered and material used in the solicitation of renewals and reinstatements.
3. The definition of “advertisement” does not include:
  - Items excluded in the definition of “advertisement” in rule 191—15.2(507B).
  - Correspondence between a prospective group or blanket policyholder and an insurer in the course of negotiating a group or blanket contract.
  - Court-approved material ordered by a court to be disseminated to policyholders.

“*Certificate*” means any certificate issued under a group Medicare supplement policy, which certificate has been delivered or issued for delivery in this state.

**191—37.53(507B,514D) Form and content of advertisements.** An insurer must clearly identify its Medicare supplement insurance policy as an insurance policy. A policy trade name must be followed by the words “Insurance Policy” or similar words clearly identifying the fact that an insurance policy or health benefits product (in the case of health maintenance organizations, prepaid health plans and other direct service organizations) is being offered.

[ARC 7964B, IAB 7/15/09, effective 8/19/09]

**191—37.54(507B,514D) Testimonials or endorsements by third parties.** In addition to complying with 191—subrule 15.3(7), when a testimonial refers to benefits received under a Medicare supplement insurance policy, the insurer shall retain the specific claim data, including claim number, date of loss, and other pertinent information, for a period of four years or until the filing of the next regular report of examination of the insurer, whichever is the longer period of time. The use of testimonials that do not correctly reflect the present practices of the insurer or that are not applicable to the policy or benefit being advertised is not permissible.

[ARC 7964B, IAB 7/15/09, effective 8/19/09]

**191—37.55(507B,514D) Use of statistics; jurisdictional licensing; status of insurer.** Advertisements shall be in compliance with 191—subrule 15.3(5) and with the following:

**37.55(1)** An advertisement shall specifically identify the Medicare supplement insurance policy to which statistics relate and, where statistics are given which are applicable to a different policy, the advertisement shall state clearly that the data do not relate to the policy being advertised.

**37.55(2)** An advertisement that is intended to be seen or heard beyond the limits of the jurisdiction in which the insurer is licensed shall not imply licensing beyond those limits.

**37.55(3)** An advertisement shall not create the impression directly or indirectly that the insurer, the insurer’s financial condition or status, the insurer’s payment of its claims, or the merits, desirability or advisability of the insurer’s policy forms or kinds of plans of insurance are approved, endorsed or accredited by any division or agency of this state or of the United States government.

**37.55(4)** An advertisement shall not imply that approval, endorsement or accreditation of policy forms or advertising has been granted by any division or agency of this state or of the United States government. “Approval” of either policy forms or advertising shall not be used by an insurer to imply or state that a governmental agency has endorsed or recommended the insurer, its policies, its advertising or its financial condition.

[ARC 7964B, IAB 7/15/09, effective 8/19/09]

**191—37.56(507B,514D) Identity of insurer.** Advertisements shall be in compliance with 191—subrule 15.3(9) and with the following:

**37.56(1)** Advertisements, stationery or envelopes that employ words, letters, initials, symbols or other devices are not permitted if they are so similar to those used by governmental agencies or other insurers that they may lead the public to believe:

*a.* The advertised coverages are somehow provided by or are endorsed by the governmental agencies or the other insurers;

*b.* The advertiser is the same as, is connected with or is endorsed by the governmental agencies or the other insurers.

**37.56(2)** No advertisement shall use the name of a state or political subdivision thereof in a policy name or description.

**37.56(3)** No advertisement in the form of envelopes or stationery of any kind may use any name, service mark, slogan, symbol or any device in such a manner that implies that the insurer or the policy advertised, or that any producer who may call upon the consumer in response to the advertisement, is connected with a governmental agency, such as the Social Security Administration.

**37.56(4)** No advertisement may incorporate the word “Medicare” in the title of the plan or policy being advertised unless, wherever it appears, the word is qualified by language differentiating the plan or policy from Medicare. Such an advertisement, however, shall not use the phrase “\_\_\_\_\_ Medicare Department of the \_\_\_\_\_ Insurance Company,” or language of similar import.

**37.56(5)** No advertisement shall be used that fails to include a disclaimer to the effect of “Not connected with or endorsed by the U.S. government or the federal Medicare program.”

**37.56(6)** No advertisement may imply that the reader may lose a right, privilege or benefit under federal, state or local law if the reader fails to respond to the advertisement.

**37.56(7)** No insurer may use, in the trade name of its insurance policy, any terminology or words so similar to the name of a governmental agency or governmental program as to have the tendency to confuse, deceive or mislead the prospective purchaser.

**37.56(8)** All advertisements used by producers or solicitors of an insurer shall have prior written approval of the insurer before the advertisements may be used.

**37.56(9)** A producer who makes contact with a consumer as a result of acquiring that consumer’s name from a lead-generating device shall disclose that fact in the initial contact with the consumer.

[ARC 7964B, IAB 7/15/09, effective 8/19/09]

#### **191—37.57(507B,514D) Introductory, initial or special offers.**

##### **37.57(1) Enrollment periods.**

*a.* An advertisement of an individual policy shall not directly or by implication represent that a contract or combination of contracts is an introductory, initial or special offer, or that applicants will receive substantial advantages not available at a later date, or that the offer is available only to a specified group of individuals, unless such representation is true. An advertisement shall not contain phrases describing an enrollment period as “special,” “limited,” or similar words or phrases when the insurer uses such enrollment periods as the usual method of advertising Medicare supplement insurance.

*b.* An enrollment period during which a particular insurance product may be purchased on an individual basis shall not be offered within this state unless there has been a lapse of not less than six months between the close of the immediately preceding enrollment period for the same product and the opening of the new enrollment period. The advertisement shall indicate the date by which the applicant must mail the application, which shall be not fewer than 10 days and not more than 40 days from the date that the enrollment period is advertised for the first time. This rule applies to all advertising media, e.g., mail, newspapers, electronic mail, websites, radio, television, magazines and periodicals, used by any one insurer. This rule is not applicable to solicitations of employees or members of a particular group or association that otherwise would be eligible for group, blanket or franchise insurance. The phrase “any one insurer” in this paragraph includes all the affiliated companies of a group of insurance companies under common management or control. The phrase “a particular insurance product” in this paragraph means an insurance policy that provides benefits substantially different from those contained in any other policy. Different terms of renewability, an increase or decrease in the dollar amounts of benefits, or an increase or decrease in any elimination period or waiting period from those available during an enrollment period for another policy shall not be sufficient to constitute the product’s being offered as a different product eligible for concurrent or overlapping enrollment periods.

*c.* This rule prohibits any statement or implication to the effect that only a specific number of policies will be sold, or that a time is fixed for the discontinuance of the sale of the particular policy advertised because of special advantages available in the policy, unless either is true.

**37.57(2)** An advertisement shall not offer a policy that utilizes a reduced initial premium rate in a manner that overemphasizes the availability and the amount of the initial reduced premium. When an insurer charges an initial premium that differs in amount from the amount of the renewal premium payable on the same mode, the advertisement shall not display the amount of the reduced initial premium either more frequently or more prominently than the renewal premium, and both the initial reduced premium and the renewal premium shall be stated in juxtaposition in each portion of the advertisement where the initial reduced premium appears. The term “juxtaposition” means side by side or immediately above or below.

**37.57(3)** Special awards, such as a “safe driver’s award,” shall not be used in connection with advertisements of Medicare supplement insurance.

**37.57(4)** An invitation to inquire, which means an advertisement having as its objective the creation of a desire to inquire further about Medicare supplement insurance that is limited to a brief description of coverage, shall contain a provision in the following or substantially similar form:

“This policy has [exclusions] [limitations] [reductions of benefits] [terms under which the policy may be continued in force or discontinued]. For costs and complete details of the coverage, call [or write] your insurance producer or the company [whichever is applicable].”

[ARC 7964B, IAB 7/15/09, effective 8/19/09]

**191—37.58(507B,514D) Enforcement procedures—certificate of compliance.** Each insurer required to file an annual statement which is now or which hereafter becomes subject to the provisions of these rules must file with the insurance division, with the insurer’s annual statement, a certificate of compliance executed by an authorized officer of the insurer wherein it is stated that, to the best of the authorized officer’s knowledge, information and belief, the advertisements that were disseminated by the insurer during the preceding statement year complied with or were made to comply in all respects with the provisions of these rules and the laws of this state as implemented and interpreted by these rules.

[ARC 7964B, IAB 7/15/09, effective 8/19/09]

**191—37.59(507B,514D) Filing for prior review.** The commissioner may, at the commissioner’s discretion, require the filing with the insurance division, for review prior to use, of any Medicare supplement insurance advertising material.

DISCLOSURE STATEMENTS

Instructions for Use of the Disclosure Statements for Health Insurance Policies  
Sold to Medicare Beneficiaries that Duplicate Medicare

1. Section 1882(d) of the federal Social Security Act [42 U.S.C. 1395ss] prohibits the sale of a health insurance policy (the term policy includes certificate) to Medicare beneficiaries that duplicates Medicare benefits unless it will pay benefits without regard to a beneficiary's other health coverage and it includes the prescribed disclosure statement on or together with the application for the policy.

2. All types of health insurance policies that duplicate Medicare shall include one of the attached disclosure statements, according to the particular policy type involved, on the application or together with the application. The disclosure statement may not vary from the attached statements in terms of language or format (type size, type proportional spacing, bold character, line spacing, and usage of boxes around text).

3. State and federal law prohibits insurers from selling a Medicare supplement policy to a person that already has a Medicare supplement policy except as a replacement policy.

4. Property/casualty and life insurance policies are not considered health insurance.

5. Disability income policies are not considered to provide benefits that duplicate Medicare.

6. Long-term care insurance policies that coordinate with Medicare and other health insurance are not considered to provide benefits that duplicate Medicare.

7. The federal law does not preempt state laws that are more stringent than the federal requirements.

8. The federal law does not preempt existing state form filing requirements.

9. Section 1882 of the federal Social Security Act was amended in Subsection (d)(3)(A) to allow for alternative disclosure statements. The disclosure statements already in Appendix C remain. Carriers may use either disclosure statement with the requisite insurance product. However, carriers should use either the original disclosure statements or the alternative disclosure statements and not use both simultaneously.
