

CHAPTER 3  
CONTINUING EDUCATION  
[Prior to 7/13/88, see Architectural Examiners, Board of[80]]

**193B—3.1(544A,272C) Continuing education.** The following rules adopted by the architectural examining board are in compliance with Iowa Code chapter 544A and section 272C.2 requiring professional and occupational licensees to participate in a continuing education program as a condition of license renewal.

[ARC 1625C, IAB 9/17/14, effective 10/22/14; ARC 3333C, IAB 9/27/17, effective 11/1/17]

**193B—3.2(544A,272C) Definitions.** The following definitions apply as used in Iowa Code chapter 544A and this chapter of the architectural examining board rules, unless the context otherwise requires.

*“Continuing education”* or *“CE”* means postlicensure learning that enables a licensed architect to increase or update knowledge of and competence in technical and professional subjects related to the practice of architecture to safeguard the public’s health, safety, and welfare.

*“Continuing education hour”* or *“CEH”* means one continuous instructional hour (50 to 60 minutes of contact) spent in structured educational activities intended to increase or update the architect’s knowledge and competence in health, safety, and welfare subjects. If the provider of the structured educational activities prescribes a customary time for completion of such an activity and if the prescribed time is not deemed unreasonable by the board, then such prescribed time shall be accepted for CEH purposes as the architect’s time irrespective of actual time spent on the activity.

*“Distance learning”* means any education process based on the geographical separation of student and instructor. “Distance learning” includes computer-generated programs, webinars, and home-study/correspondence programs.

*“Health, safety, and welfare subjects”* means technical and professional subjects that the board deems appropriate to safeguard the public and that are within the following enumerated areas necessary for the proper evaluation, design, construction, and utilization of buildings and the built environment.

1. Building systems: structural, mechanical, electrical, plumbing, communications, security, and fire protection.
2. Construction contract administration: contracts, bidding, and contract negotiations.
3. Construction documents: drawings, specifications, and delivery methods.
4. Design: urban planning, master planning, building design, site design, interiors, safety and security measures.
5. Environmental: energy efficiency, sustainability, natural resources, natural hazards, hazardous materials, weatherproofing, and insulation.
6. Legal: laws, codes, zoning, regulations, standards, life safety, accessibility, ethics, and insurance to protect owners and the public.
7. Materials and methods: construction systems, products, finishes, furnishings, and equipment.
8. Occupant comfort: air quality, lighting, acoustics, and ergonomics.
9. Predesign: land use analysis, programming, site selection, site and soils analysis, and surveying.
10. Preservation: historic, reuse, and adaptation.

*“Not engaged in active practice”* means that an architect is not engaged in the practice of architecture or earning monetary compensation by providing professional architectural services in any licensing jurisdiction of the United States or a foreign country.

*“Retired from active practice”* has the same meaning as “not engaged in active practice.”

*“Structured educational activities”* means educational activities in which at least 75 percent of an activity’s content and instructional time is to be devoted to health, safety, and welfare subjects related to the practice of architecture, including courses of study or other activities under the areas identified as health, safety, and welfare subjects and provided by qualified individuals or organizations, whether the courses of study or other activities are delivered by direct contact or distance learning methods.

[ARC 1625C, IAB 9/17/14, effective 10/22/14; ARC 3333C, IAB 9/27/17, effective 11/1/17]

**193B—3.3(544A,272C) Basic requirements.**

**3.3(1)** To renew licensure, an architect must, in addition to meeting all other requirements, complete a minimum of 24 CEHs for each 24-month period since the architect's last renewal of initial licensure or be exempt from these continuing education requirements as provided in rule 193B—3.5(544A,272C). Failure to comply with these requirements may result in nonrenewal of the architect's license.

**3.3(2)** All 24 CEHs must be completed in health, safety, and welfare subjects acquired in structured educational activities. CEHs may be acquired at any location. Excess CEHs cannot be credited to the next renewal.

**3.3(3)** An architect shall complete and submit forms as required by the board certifying that the architect has completed the required CEHs. Forms may be audited by the board for verification of compliance with these requirements. Documentation of reported CEHs shall be maintained by the architect for two years after the period for which the form was submitted. If the board disallows any CEHs, the architect shall have 60 days from notice of such disallowance to either provide further evidence of having completed the CEHs disallowed or remedy the disallowance by completing the required number of CEHs (provided that such CEHs shall not again be used for the next renewal). If the board finds, after proper notice and hearing, that the architect willfully disregarded these requirements or falsified documentation of required CEHs, the architect may be subject to disciplinary action.

**3.3(4)** An architect who holds licensure in Iowa for less than 12 months from the date of initial licensure or who is reinstating to active status shall not be required to report CEHs at the first license renewal. An architect who holds licensure in Iowa for more than 12 months, but less than 23 months from the date of initial licensure or who is reinstating to active status, shall be required to report 12 CEHs earned in the preceding 12 months at the first license renewal.

[ARC 1625C, IAB 9/17/14, effective 10/22/14; ARC 1985C, IAB 4/29/15, effective 4/10/15; ARC 3022C, IAB 4/12/17, effective 5/17/17; ARC 3333C, IAB 9/27/17, effective 11/1/17]

**193B—3.4(544A,272C) Authorized structured educational activities.** The following list may be used by all licensees in determining the types of activities which may fulfill CE requirements if the activities are conducted as structured educational activities on health, safety, and welfare subjects:

1. Short courses or seminars sponsored by colleges or universities.
2. Technical presentations held in conjunction with conventions or at seminars sponsored or accredited by the American Institute of Architects (AIA), Construction Specifications Institute, Construction Products Manufacturers Council, National Council of Architecture Registration Boards (NCARB), or similar organizations devoted to architectural education.
3. Distance learning sponsored by the AIA, NCARB, or similar organizations.
4. College or university credit courses. Each semester hour shall equal 12 CEHs. A quarter hour shall equal 8 CEHs.

[ARC 1625C, IAB 9/17/14, effective 10/22/14; ARC 3333C, IAB 9/27/17, effective 11/1/17]

**193B—3.5(544A,272C) Exemptions.**

**3.5(1)** As provided in Iowa Code section 272C.2(4), a licensed architect shall be deemed to have complied with the continuing education requirements set forth in this chapter if the architect attests in the required affidavit that for not less than 21 months of the preceding two-year period of licensure, the architect:

- a. Has served honorably on active duty in the military service; or
- b. Is a resident of another state or district having a continuing education requirement for licensure as an architect and has complied with all requirements of that state or district for practice therein; or
- c. Is a government employee working as an architect and assigned to duty outside the United States.

**3.5(2)** Architects who so attest on their affidavits that they are retired from active practice or are not engaged in active practice may maintain their licenses in retired or inactive status without satisfying CE requirements. Such architects may, however, reenter practice only after satisfying the board of their proficiency. Proficiency may be established by any one of the following:

a. Submitting verifiable evidence of compliance with the aggregate continuing education requirements for the reporting periods attested as retired from active practice or not engaged in active practice up to a maximum of 48 CEHs.

b. Retaking the architectural registration examination.

c. Fulfilling alternative reentry requirements determined by the board which serve to assure the board of the current competency of the architect to engage in the practice of architecture.

**3.5(3)** The board shall have authority to make exceptions for reasons of individual hardship, including health (certified by a medical doctor) or other good cause. See Iowa Administrative Code 193—Chapter 5.

[ARC 1625C, IAB 9/17/14, effective 10/22/14; ARC 1985C, IAB 4/29/15, effective 4/10/15; ARC 3333C, IAB 9/27/17, effective 11/1/17]

**193B—3.6(544A,272C) Transition provisions.** Rescinded ARC 1985C, IAB 4/29/15, effective 4/10/15.

These rules are intended to implement Iowa Code section 272C.2.
