PREAMBLE

These rules define and structure the child abuse prevention program. Services are provided through a single statewide performance-based contract for the administration of funds to be used at the local level for community-based child abuse prevention projects.

441—155.1(235A) Definitions.

“*Advisory committee*” or “*committee*” means the child abuse prevention program advisory committee authorized by Iowa Code section 217.3A.

“*Child abuse prevention program*” or “*program*” means the program established by Iowa Code section 235A.1. Use of either term in the context of this chapter refers to the program as a whole rather than individual projects funded under the program.

“*Community-based volunteer coalition or council*” or “*community council*” means that group of persons who, by consensus of a community’s human service providers, represent that community’s interests in the area of prevention of child abuse and neglect and who serve in that representational capacity without compensation. The consensus of the community’s human service providers may be demonstrated through letters of support or similar documentation.

“*Contractor*” means the single agency or organization with which the department contracts for the administration of child abuse prevention program funds.

“*Department*” means the Iowa department of human services.

“*Director*” means the director of the department of human services.

“*Fiscal year*” means the 12-month period for which child abuse prevention program funds are appropriated.

“*Grant project*” means a project funded under the child abuse prevention program as awarded by the contractor.

441—155.3(235A) Awarding of grants. In any year in which funding is appropriated or otherwise made available for the child abuse prevention program, the contractor shall solicit grant project proposals. Funds for the grant projects shall be applied for and received by community-based volunteer coalitions or councils. Grant projects may be awarded to fund the establishment or expansion of community-based prevention projects or educational programs for the prevention of child abuse and neglect.

155.3(1) The advisory committee shall establish specific program goals for each fiscal year in which program funds are appropriated. These program goals shall address the current and emerging needs of children and families throughout the state.

155.3(2) The contractor shall widely disseminate a request for grant project proposals consistent with all state and federal procurement requirements. The request for grant project proposals shall fully describe the child abuse prevention program goals and the procedures for applying for and receiving program funds, as agreed upon in the administration contract.

155.3(3) All grant project proposals shall be reviewed by the contractor, who shall consult with the advisory committee on grant project selection. The committee shall advise the department as to the contractor's compliance with the established program goals.
