761—540.5(321N) Issuance of permit. A transportation network company shall not operate or conduct business in the state of Iowa without a valid permit issued under this chapter. Upon submission of a completed application package as set forth in rule 761—540.4(321N), the department shall process the package and shall inform the transportation network company of the package’s status no later than 30 days after the department receives the package. Application package statuses for the purpose of this rule are as follows: “in process,” “granted,” and “denied.” If the department informs a transportation network company that the application is “in process,” then the department shall also inform the transportation network company of the reason for the status. If the department determines that the transportation network company is in compliance with the provisions of Iowa Code chapter 321N and this chapter, the department shall issue a permit to the transportation network company. A permit, when issued, shall be valid for one year. The department may deny issuance of the permit if the department determines, and evidence demonstrates, that the transportation network company is not in compliance or is not able to comply with the provisions of Iowa Code chapter 321N or this chapter.

[ARC 2987C, IAB 3/15/17, effective 4/19/17]

761—540.6(321N) Amendment to transportation network company permit. If during the period the permit is valid any information required and presented in the application under paragraph 540.4(1)”a,” “b,” “c,” “f,” “g,” or “i” changes, the transportation network company shall notify the motor vehicle division of the change in writing within 30 days after the change. Notification shall include the permit number and a recitation of the information that has changed and that should be updated in the department’s records. Submission of amended information is not a request for a new permit or for permit approval and shall not extend the period the permit is valid. Upon determination that the information submitted is complete and correct, the department shall update its records and issue an amended permit, if the department determines it is necessary.

[ARC 2987C, IAB 3/15/17, effective 4/19/17; ARC 6491C, IAB 9/7/22, effective 10/12/22]

761—540.7(321N) Suspension. If the department determines that the transportation network company has violated Iowa Code chapter 321N or this chapter and the violation is more than an isolated event and remains uncorrected, the department shall issue to the transportation network company a written notice of the violation. The written notice shall specify the violation and shall advise the transportation network company that failure to remedy the violation and to comply with the applicable requirements within 30 days shall result in the issuance of a written notice of suspension of the permit and the privilege to operate or conduct business as a transportation network company in the state of Iowa. If the transportation network company fails to remedy the violation within 30 days, the department shall issue to the transportation network company a written notice of suspension of the permit and the privilege to operate or conduct business as a transportation network company in the state of Iowa, which shall be
effective 30 days after service of the written notice of suspension. Once effective, the suspension shall remain in effect until the transportation network company demonstrates to the department that it is in compliance with the applicable requirements or the permit is revoked or expires, whichever occurs first. \[ARC 2987C, IAB 3/15/17, effective 4/19/17\]

761—540.8(321N) Revocation. If the department determines that the transportation network company is in continued noncompliance with Iowa Code chapter 321N or this chapter, the department shall revoke the transportation network company’s permit and the privilege to operate or conduct business as a transportation network company in the state of Iowa. Notice of revocation shall be in writing, shall specify the continued noncompliance, and shall be effective 30 days after service of the written notice of revocation. The period of revocation shall be for at least 90 days, and shall continue thereafter until the following criteria are satisfied: (1) The transportation network company submits a new application, application fee, and supporting documents under rule 761—540.4(321N), and (2) the department determines a new permit should be issued, pursuant to rule 761—540.5(321N). As used in this rule, “continued noncompliance” means a violation of Iowa Code chapter 321N or this chapter for which a notice of suspension has become effective and has remained in effect for a period of at least 180 days. \[ARC 2987C, IAB 3/15/17, effective 4/19/17\]

761—540.9(321N) Appeal.

540.9(1) A transportation network company whose permit has been suspended, revoked, or denied may request an informal settlement or a contested case proceeding as provided in 761—Chapter 13 to contest said action.

540.9(2) The request shall be submitted in writing to the director of the motor vehicle division at the address indicated in subrule 540.3(1), and may be submitted electronically by facsimile, email or other means prescribed by the department. To be timely, the request must be submitted within 20 days of service of the notice of suspension, revocation or denial. Failure to contest denial of a permit application does not preclude the transportation network company from submitting a new application for a permit at any time after the denial.

540.9(3) When the department receives a properly submitted, timely request for an informal settlement or contested case proceeding or an appeal of a presiding officer’s proposed decision regarding a suspension or revocation, the department shall stay the suspension or revocation pending resolution of the informal resolution, contested case, or appeal. \[ARC 2987C, IAB 3/15/17, effective 4/19/17; Editorial change: IAC Supplement 8/11/21; ARC 6491C, IAB 9/7/22, effective 10/12/22\]

761—540.10(321N) Renewal.

540.10(1) A transportation network company that has been issued and holds a valid permit may renew the permit by submitting, at minimum, the following: (1) the application, (2) the application fee and (3) the supporting documents as set forth in rule 761—540.4(321N). The application for renewal must be submitted no more than 60 days before the expiration date of the existing permit and no fewer than 30 days before the expiration date of the existing permit.

540.10(2) Pursuant to Iowa Code section 17A.18(2), when a transportation network company has made a timely and sufficient application for the renewal of a valid permit, the existing permit does not expire until the application has been finally determined by the department, and, in case the application is denied or the terms of the new permit are limited, until the last day for seeking judicial review of the department’s order or a later date fixed by order of the department or the reviewing court.

540.10(3) If the application for renewal is submitted fewer than 30 days before the expiration date of the existing permit, then the application shall be considered a new application and Iowa Code section 17A.18(2) shall not apply. If a transportation network company does not file a renewal application pursuant to this rule, then the original application shall expire on the expiration date set forth on the original permit.

540.10(4) If a transportation network company initiates an appeal, informal settlement, or contested case proceeding pursuant to rule 761—540.9(321N) and the original application expires pursuant to the
expiration date of the application, then the transportation network company shall be required to submit a renewal application pursuant to subrule 540.10(1) if the transportation network company intends to hold a valid permit under this chapter once the appeal, informal settlement, or contested case proceeding has been finally determined.

[ARC 2987C, IAB 3/15/17, effective 4/19/17]

The transportation network company shall provide the required information to the department within 30 days of the request.

540.11(2) For the records provided under subrule 540.11(1), the department may identify a random sample of rides or drivers, or rides and drivers, for review for the specified period. (7) Documentation or verification of the background and sex offender registry check on the driver.

b. Additional information for each transportation network company rider shall include the electronic ride receipt provided to the rider.

540.11(3) Notwithstanding any provision of subrule 540.11(1) to the contrary, the department and the transportation network company may agree to an alternative process or format for the transportation network company to provide the requested records if the records otherwise include the information required in subrule 540.11(2).

540.11(4) Records submitted by the transportation network company to the department pursuant to this rule shall maintain the same status, including confidentiality and disclosure requirements as provided in Iowa Code section 321N.2(5).
