

441—12.2(234) Allocation of block grant funds. Volunteer services in the eight department districts are funded with federal social services block grant funds and state-appropriated funds. An equal amount of money is allocated to each district. Costs incurred in providing volunteer services to the department's nine institutions are included in the institution's budgets and are not block grant funds.

The districts enter into administrative support contracts either with individuals or agencies to recruit volunteers to assist the department in service delivery. Rules governing these contracts are found in rule 441—150.5(234).
