

**761—812.4(307) Effect of rules.**

**812.4(1)** In accordance with Iowa Code paragraph 307.26(5) “c,” the department of transportation is not liable for the development or adoption of the classifications or standards. A government agency, department, or political subdivision is not liable for failure to implement the standards.

**812.4(2)** Nothing in this chapter shall preclude a highway authority and railroad from upgrading the warning devices at any crossing under their jurisdiction.
