

441—88.6 (249A) Emergency services.

88.6(1) *Availability of services.* The PHP will ensure that the services of a primary care physician are available on an emergency basis 24 hours a day, seven days a week, either through the PHP's own providers or through arrangements with other providers. In addition, the PHP must provide payment to nonparticipating providers within 60 days of receipt of the bill for all contracted services furnished by providers which do not have contractual arrangements with the PHP to provide services but which were needed immediately because of an injury or illness and in which case the illness or injury did not permit a choice of provider.

88.6(2) *PHP payment liability.* PHP payment liability on account of injury or emergency illness is limited to emergency care required before the recipient can, without medically harmful consequences, return to the enrollment area or to the care of a provider with whom the PHP has arrangements to provide services. If an ambulance is necessary to transport the recipient to follow-up treatment, the PHP shall be financially liable. Benefits for continuing the follow-up treatment are provided only in the PHP's enrollment area.

If an enrolled recipient is injured or becomes ill and receives emergency services outside the PHP's enrollment area, the PHP shall pay the facility or person who provided the emergency care for emergency medical services and medical services, for inpatient hospital services in a general hospital as a result of the emergency, and for emergency ambulance service.

88.6(3) *Notification and claim filing time span.* The PHP may set notification and claim filing time limitations in the event of the provision of care by nonparticipating providers. However, failure to give notice or to file claims within those time limitations will not invalidate any claim if it can be shown that it was not reasonably possible to give the notice and that notice was, in fact, given as soon as was reasonably possible.
