

**701—123.5(441) Type of credit.** A course, seminar, workshop, or symposium for which an examination is given may be taken for tested credit or nontested credit at the discretion of the assessor or deputy assessor. However, a course may not be taken twice—once for tested credit and again for nontested credit—unless specific approval is granted by the director. At the discretion of the director, up to 30 hours tested credit may be given for a narrative appraisal approved by a professional organization. In order to receive credit for a narrative appraisal, an assessor or deputy assessor is required to provide a letter from the professional organization stating the date the appraisal was approved.
