

441—7.15(17A) Medical examination. When the hearing involves medical issues, a medical assessment or examination by a person or physician other than the one involved in the decision under question shall be obtained and the report made a part of the hearing record when the administrative law judge or appellant considers it necessary. Any medical examination required shall be performed by a physician satisfactory to the appellant and the department at agency expense.

Forms 470-0502, Authorization for Examination and Claim for Payment, and 470-0447, Report on Incapacity, shall be utilized in obtaining medical information to be used in the appeal and to authorize payment for the examination.
