

**650—20.16(153) Expanded function training approval.** Expanded function training shall be eligible for board approval if the training is offered through a program accredited by the Commission on Dental Accreditation of the American Dental Association or another program prior-approved by the board, which may include on-the-job training offered by a dentist licensed in Iowa. Training must consist of the following:

1. An initial assessment to determine the base entry level of all participants in the program. At a minimum, participants must be currently certified by the Dental Assisting National Board or must have two years of clinical dental assisting experience as a registered dental assistant;
2. A didactic component;
3. A laboratory component, if necessary;
4. A clinical component, which may be obtained under the personal supervision of the participant's supervising dentist while the participant is concurrently enrolled in the training program; and
5. A postcourse competency assessment at the conclusion of the training program.
