

**481—37.5(137C) Glasses and ice.**

**37.5(1)** Each guest shall have clean glasses to use. All cups, glasses or utensils usable more than once shall be sanitized by:

- a.* A sanitizing solution used in accordance with the manufacturer's use instructions; or
- b.* A mechanical dishwasher that sanitizes and is operated in accordance with the manufacturer's instructions.

**37.5(2)** Sanitizing temperature or solution concentration measuring devices are readily available to frequently measure sanitizing temperatures and sanitizing solution concentrations.

**37.5(3)** Ice kept for guests to use shall be protected from contamination with tight lids on ice machines or storage bins. Containers used to store ice shall be continuously drained and have no direct waste connection. Ice containers and utensils shall be designed so that the surfaces are made of a material that is safe for use as a food contact surface and so that the surface can be adequately cleaned.
