

481—69.2(231C) Program certification. A program may obtain certification by meeting all applicable requirements or may be voluntarily accredited by a recognized accreditation entity.

69.2(1) Posting requirements. A program's current certificate shall be visibly displayed within the designated operation area of the program. The latest monitoring report, fire safety bureau report, and food establishment inspections report issued pursuant to Iowa Code chapter 137F shall be made available to the public by the program upon request.

69.2(2) Dementia-specific programs. If a program meets the definition of a dementia-specific assisted living program during two sequential certification monitorings, the program shall meet all requirements for a dementia-specific program, including the requirements set forth in rule 481—69.30(231C); subrules 69.29(2), 69.29(4), 69.32(2), and 69.32(3); and paragraph 69.35(1)“d,” within 90 days of receiving the final report from the second sequential certification monitoring. If the number of tenants served who have dementia between Stages 4 and 7 on the GDS goes below that which is required by the definition of dementia-specific program at any time after the program has been deemed dementia-specific by definition and the program is not holding itself out as providing dementia care in a specialized setting, the program will no longer be considered dementia-specific.
