

481—69.8(231C) Notification of recertification for a nonaccredited program.

69.8(1) The department will review the application and associated documentation and fees. After all finalized documentation is received, including building code and fire safety bureau approval, the department will determine the program's compliance with applicable requirements.

69.8(2) If the facility is in good standing, the department will issue the program a two-year certification effective from the date of the expiration of the previous certification.
