

17—8.1(231) Purpose. This chapter establishes procedures for notice and appeal of penalties imposed for interference with the official duties of a long-term care ombudsman, which are established in Iowa Code sections 231.42 and 231.45 and in accordance with Section 712 of the Older Americans Act. This chapter also establishes criteria for serving under the certified volunteer long-term care ombudsman program. The long-term care ombudsmen investigate complaints related to the actions or inactions of long-term care providers that may adversely affect the health, safety, welfare, or rights of residents and tenants who reside in long-term care facilities, assisted living programs, and elder group homes. In addition, this chapter establishes the process for representatives of the office of the state long-term care ombudsman who are local long-term care ombudsmen performing managed care ombudsman services to provide assistance and advocacy related to long-term services and supports under the Medicaid program.
