

191—75.6(513C) Restrictions relating to premium rates.

75.6(1) As provided by Iowa Code section 513C.5, each carrier must limit differences in premium due to such factors as experience and duration to the composite effect of 20 percent, 30 percent, and 30 percent. Allocation of cost differences due to experience and duration among the categories outlined in Iowa Code section 513C.5 may be determined by each carrier.

75.6(2) Nothing in this rule shall require rates be filed absent any other statutory requirements.
