

21—60.4(163) Registration of exhibitions involving poultry. For the purposes of this rule, poultry includes egg-type chickens, meat-type chickens, turkeys, domestic waterfowl, domestic game birds, and exhibition poultry. All exhibitions which include the exhibition of poultry must be registered with and approved by the state veterinarian at least 30 days prior to the exhibition.

60.4(1) A licensed accredited veterinarian shall inspect all poultry on the premises of the poultry exhibition, show or sale the day of the activity. All poultry showing signs of any contagious disease shall be removed from the premises immediately.

60.4(2) All poultry present at exhibitions, shows or sales must come from U.S. Pullorum-Typhoid clean or equivalent flocks, or have had a negative Pullorum-Typhoid test within 90 days prior to the event, and the test must have been performed by an authorized tester.

60.4(3) Sales of poultry will not be allowed at unregulated facilities or events, such as flea markets and swap meets, unless such facilities or events have been registered with and approved by the state veterinarian at least 30 days prior to the event.
