

**21—64.73(163) Tuberculin tests classified.** Tuberculin tests adopted by the department of agriculture and land stewardship are:

**64.73(1)** The subcutaneous or “Thermal” test.

**64.73(2)** The intradermic or “Skin” test.

**64.73(3)** The ophthalmic or “Eye” test.

**64.73(4)** The TB Stat-Pak test for cervids.

This rule is intended to implement Iowa Code section 165.13.
