

**281—98.14(257) Supplementary weighting.** Supplementary weighting provides funding in addition to the student count that generates general purpose revenues and is for the purpose of incenting sharing of students and staff between school districts and providing postsecondary opportunities for qualified students. It is assumed that supplementary weighting covers only a portion of the costs of sharing or providing postsecondary opportunities and will be fully expended within the fiscal year. Therefore, school districts need not account for the supplementary weighting funding separate from the general purpose revenues.
