

281—98.15(257) Operational function sharing supplementary weighting. Operational function sharing supplementary weighting provides funding in addition to the student count that generates general purpose revenues and is for the purpose of incenting sharing of management-level staff. It is assumed that operational function sharing supplementary weighting covers only a portion of the costs of sharing staff identified in Iowa Code section 257.11(5) and will be fully expended within the period of sharing. Therefore, school districts need not account for the operational function sharing supplementary weighting funding separate from general purpose revenues.
