

351—5.8(68A) Holders of certain government positions prohibited from engaging in political activities. Several statutes outside of the board’s jurisdiction prohibit the holders of certain government positions from being engaged in political activities. The board does not enforce these statutory prohibitions. However, to assist the regulated community and the public, the board will maintain on its website at ethics.iowa.gov a list of positions whose holders are prohibited from engaging in political activities.

This rule is intended to implement Iowa Code section 68A.505.
