

441—153.16(232) Relationship of decategorization funding pool to other department child welfare funding. With the exception of any portion of the service area's child welfare allocation that is allocated by law for decategorization services, each service area's child welfare allocation shall be managed under the authority of the respective service area manager as follows:

153.16(1) Allocation. Each service area manager receives an allocation from the state appropriation for child welfare and juvenile justice services funding to meet child welfare and juvenile justice needs within all counties comprising the service area. The service area manager is responsible for meeting service needs throughout the service area within that allocation.

153.16(2) Budgeting. The service area manager may establish internal child welfare and juvenile justice services budget targets for the counties comprising the service area. Based on budget monitoring and changes in circumstances, the service area manager may revise the child welfare and juvenile justice budget targets within the service area to provide for the safety, permanency, and well-being of children served in the child welfare and juvenile justice systems.

153.16(3) Transfer to project. A service area manager may choose to designate and to transfer a portion of the service area's child welfare allocation to the funding pool of a decategorization project. The service area manager may ask a governance board to accept specific terms and conditions concerning use of this funding. Once funding is transferred to a governance board, the funding is under the management authority of the governance board, subject to any special terms and conditions agreed to by the governance board.

153.16(4) Communication with the governance board. The service area manager shall regularly communicate with the governance boards within the service area to provide updated data and other information on child welfare and juvenile justice funding amounts, service expenditures and trends, and other issues in order to assist the governance board in service and budget planning.
