

**441—163.8(234) Evaluation.** The department shall evaluate the provider at least once prior to the end of the contract year to determine how well the purposes and goals are being met and shall provide ongoing feedback to the provider. Funds are to be spent to meet program goals as provided in the contract.

Grantees shall be required to submit quarterly reports. All grantees shall cooperate with the statewide evaluation grantee and provide all requested information. The evaluation grantee shall provide a written yearly report to the department.
