

441—89.4(249F) Presumption of intent. Any transfer of property for less than fair market consideration made while the transferor is receiving medical assistance or within five years prior to an application for medical assistance is presumed to be made with the intent, on the part of the transferee, of enabling the transferor to obtain or maintain eligibility for medical assistance. This presumption can be rebutted only by clear and convincing evidence that the transferor's eligibility or potential eligibility for medical assistance was no part of the transferee's reason for accepting the transfer of property.
