941.4(4) The establishment owner shall submit the completed application with the renewal fee to the board office before the license expiration date.

941.4(5) An establishment shall be in full compliance with this chapter and 481—Chapter 943 to be eligible for renewal. When all requirements for license renewal are met, the establishment shall be issued a license renewal.

941.4(6) If the renewal fee and renewal application are received in the office after the license expiration date, but within 30 days following the expiration date, the late fee for failure to renew before expiration shall be charged.
