

567—73.17(455B) Emergency action plans for high hazard dams.

73.17(1) *Emergency action plan required.* All high hazard dams shall be required to have an approved emergency action plan on file with the department. The plan shall include the following:

- a. A statement of purpose;
- b. A project description;
- c. An emergency response process;
- d. An emergency notification plan with flowchart;
- e. Responsibilities of all parties;
- f. A list of emergency preparedness and plan maintenance activities; and
- g. Inundation maps or another acceptable description of the inundated area.

73.17(2) *Emergency action plan maintenance.* The owner of the dam shall keep the emergency action plan up to date. Contact information shall be verified in the plan at least once a year, and an exercise shall be performed at least every five years. The owner of the dam shall keep an up-to-date copy of the emergency action plan on file with the department and with the local county emergency manager.
