

571—104.16(481A) Movement into a monitored CWD cervid herd.

104.16(1) Animals originating from a monitored CWD cervid herd may move into another monitored CWD cervid herd of the same status.

104.16(2) Animals originating from a herd which is not a monitored CWD cervid herd or from a lower status monitored CWD cervid herd will change the status of the monitored CWD cervid herd to the same level as the animals that are imported into that herd until completion of CWD certification.
