

571—104.20(481A) Import requirements.

104.20(1) All Cervidae transported into Iowa must be accompanied by all of the following:

- a.* An official certificate of veterinary inspection.
- b.* A permit number requested by the licensed, accredited veterinarian signing the certificate and issued by the Iowa department of agriculture and land stewardship prior to movement.
- c.* One of the following statements must appear on the certificate:

“All Cervidae on this certificate have been part of the herd of origin for at least two years or were natural additions to this herd. There has been no diagnosis, sign, or epidemiological evidence of CWD in this herd for the past five years”; or

“All Cervidae on this certificate originate from a CWD monitored or certified herd in which these animals have been kept for at least two years or were natural additions. There has been no diagnosis, sign, or epidemiological evidence of CWD in this herd for the past five years.”

104.20(2) All cervids transported into Iowa must be in compliance with the uniform methods and rules set forth in U.S. Department of Agriculture, Animal and Plant Health Inspection Service bulletins 91-45-001, “Tuberculosis Eradication in Cervidae,” (effective February 3, 1989), 91-45-005 (effective May 15, 1994, including 1996 amendments) and 91-45-12, “Brucellosis in Cervidae,” (effective September 30, 1998).

104.20(3) Animal health officials of the state of origin must have access to herd records for the past five years including records of cervid deaths and causes of death.

104.20(4) If the Cervidae listed on the certificate are enrolled in a CWD program, the anniversary date and program status for each individual animal must be listed.
